Chapter 1061: Holy Lord

boom! boom! boom! boom! ...

On the Baili God Emperor's side, batch after batch of master kings fell, and one emperor after another fell. ?

"This, this, this, this..." God Emperor Baili was stunned and wanted to cry again, "What the \*\*\*\* is going on here? Where did so many \*\*\*\* emperors come from..."

"Baili, what should I do?" The Scale God Emperor roared, "Will you withdraw?"

"Withdraw?" God Emperor Baili looked around – the God Emperor and the King Conferred master he brought with him had already damaged more than half; moreover, if he continued to fight, he would not have the slightest chance of winning.

However, if you withdraw...

God Emperor Baili could not imagine that he had lost so many masters. If he returned alive, what kind of terrifying punishment would he face!

Continue to fight, and you will die; fleeing back is even more terrifying than death!

"What the \*\*\*\* is going on here! It's clearly a winning situation, why did it become like this..." God Emperor Baili really wanted to cry without tears.

"No—" Just as God Emperor Baili hesitated, another God Emperor fell.

God Emperor Baili finally couldn't bear it any longer, and roared: "God Emperor Yanyan, Xu Ming, I warn you – let these \*\*\*\* emperors withdraw immediately, otherwise, you will soon be in great trouble!"

A catastrophe is imminent?

Xu Ming sneered disdainfully: “Who are you scaring?”

At this time, Lu Qing had also recovered from his shock: “God Emperor Baili, you can’t protect yourself, how dare you speak out here!?”

“Humph!” God Emperor Baili snorted coldly, “Aren’t you curious, why are there so many \*\*\*\* emperors and master kings in my subordinates?”

“Huh?” Baili God Emperor said this, it really aroused the curiosity of Xu Ming and Lu Qing – you must know that Baililou is just an emperor-level force similar to Yanyan Mountain; Where did these \*\*\*\* emperors and master kings under the \*\*\*\* emperor come from?

“I might as well tell you!” God Emperor Baili decided, showing his trump card, “It’s not me who wants Burning Heaven Peak, but someone else!”

Xu Ming and Lu Qing were both slightly startled. However, this is also within their expectations; after all, they really can’t think of what use God Emperor Baili wants to burn Tianfeng.

Having said that, God Emperor Baili mysteriously transmitted his voice to Xu Ming and Lu Qing, and solemnly said: “I won’t reveal the specific identity of this person! I will only tell you, that is a... a saint! ”

saint! ?

The word “Saint” still carries a lot of weight! – Lu Qing was shocked on the spot.

As for Xu Ming, although he has seen three saints and even the Lord of Heavenly Sacrifice, his immunity to the word “sage” is relatively strong; however, he is still slightly shocked!

Saint, that is too high above the existence!

Although the God Emperor can run rampant in the Divine Realm, in the eyes of the saints, he is nothing!

“The saint wants my Burning Heaven Peak?” Lu Qing couldn’t help but think about what was so special about Burning Heaven Peak; of course, Lu Qing also wondered if God Emperor Baili was deliberately trying to scare her.

“Humph!” Xu Ming sneered disdainfully, “If the sage wants the Burning Heaven Peak, why do you need to run errands?”

God Emperor Baili sneered and sounded: “It is inconvenient for the saint to shoot!”

“It’s inconvenient for a saint to take action...” Lu Qing knew a lot about the secrets of the Divine Realm; when she heard this sentence, she seemed to think of something, and her expression suddenly changed.

“Xu Ming!” Lu Qinglian said through voice transmission, “What God Emperor Baili said is most likely true!”

“Oh?” Xu Ming’s expression also changed, “Behind God Emperor Baili, is there really a saint standing?”

If this is the case, then, this God Emperor Baili is really a bit difficult to mess with!

After all, Xu Ming did not have the slightest confidence to compete with a saint!

Not to mention saints, even the weakest ruler, Xu Ming did not have the slightest confidence to contend.

“Then now...” Of course Xu Ming had to worry about whether a saint would suddenly come when he was fighting with God Emperor Baili! If that’s the case, then Xu Ming and Lu Qing would be really tragic!

“Don’t worry too much!” Lu Qing said again.

“Oh?” Xu Ming wondered.

Lu Qing continued: “If there is really a saint standing behind God Emperor Baili; then, that saint can only be... the Lord of the Sanctuary! The other saints are absolutely impossible to let God Emperor Baili stand. Help with errands!”

Lord of the Sanctuary?

“Sanctuary, isn’t it one of the seven continents of God’s Domain? Sanctuary also has a master?” Xu Ming was surprised.

“Yes!” Lu Qing said, “The Lord of the Sanctuary, also known as the ‘Holy Lord’, is the absolute controller of the Sanctuary Continent!”

Xu Ming asked in confusion, “If the person standing behind God Emperor Baili is really the Holy Master? Then, why didn’t that Holy Master go out in person, but let God Emperor Baili go out?”

Lu Qing said: “For some reason, the Holy Master was united by several other saints and was confined in the sanctuary and could not leave! Therefore, outside the sanctuary, the Holy Master can only use the power of others to help himself do something. !”

“Oh...” Xu Ming understood.

This conversation seems to be long, but in fact it is between lightning and flint.

“God Emperor Baili!” Lu Qing looked at the other party with burning eyes, “The saint in your mouth means ‘Holy Lord’?”

“Not bad!” God Emperor Baili directly admitted, “Since you have already guessed it, why don’t you give up the Burning Heaven Peak immediately? Is it possible that you dare to disobey the meaning of the Holy Master?”

“Of course I don’t dare to disobey the meaning of the Holy Master!” Lu Qing said, “But I am really curious, why does the Holy Master like me, this little Burning Heaven Peak!”

“The will of the Holy Master, how can you guess at will?” God Emperor Baili said in a cold voice, “Don’t let these \*\*\*\*\* emperors withdraw immediately? – Against the will of the Holy Master, how many lives are enough for you to die? ”

“I...” Lu Qing wanted to argue something.

At this time, Xu Ming grabbed the words and said: “Okay! I’ll let them withdraw!”

“Xu Ming...?” Lu Qing was stunned – in her impression, Xu Ming was not such a “talkative” person!

“Huh?” God Emperor Baili was also stunned, and then he laughed loudly through sound transmission, “You are wise!”

There was a hint of cunning in Xu Ming’s eyes.

“Every \*\*\*\* emperor!” Xu Ming shouted loudly Everyone please stop! The battle is over! ”

“Close hand?”

“What? Stop it!?”

The Black Prison God Emperor, Qiufeng God Emperor, Elk Moon God Emperor and others all glared at Xu Ming angrily.

“What do you get?”

“We haven’t got the thing yet, and you want us to stop it? Don’t even think about it!”

“Xu Ming, do you think that so many of our \*\*\*\* emperors are here for your quest rewards?— Humph! We are here for the primordial energy of chaos!”

“We can never stop before we get the primordial energy of chaos!”

The \*\*\*\* emperors roared in anger.

Xu Ming “reluctantly” spread his hands and said with a smile: “God Emperor Baili, you have also seen it, it’s not that I want to defy the will of the Holy Master, it’s that these \*\*\*\*\* emperors don’t listen to me at all!”

Chapter 1062: Totally Unreasonable!

“God Emperor Baili, you have also seen it, it’s not that I want to defy the will of the Holy Master, it’s that these \*\*\*\*\* emperors don’t listen to me at all!”

Xu Ming smiled cheaply.

“You...” God Emperor Baili immediately reacted, “Xu Ming, are you kidding me!?”

kidding you?

Xu Ming smiled without saying a word!

That’s right, Xu Ming is playing the God Emperor Baili! In this way, Xu Ming did not disobey the will of the sage, nor did he stop letting go of God Emperor Baili!

It’s the best of both worlds!

And the \*\*\*\*\* emperor Baili also captured a message—the hundreds of \*\*\*\*\* emperors who appeared out of nowhere, all came for his own chaotic vitality!

“Damn it? I just revealed for the first time that I have chaotic vitality; how did they know so quickly, and they came so quickly?”

God Emperor Baili couldn’t figure it out!

However, when I thought that it was because of the chaotic vitality, hundreds of \*\*\*\*\* emperors who were like “robbers” were attracted; and then I saw that more than half of the \*\*\*\*\* emperors and kings were slaughtered. God Emperor Baili really wanted to vomit blood.

At this moment, God Emperor Baili deeply understood the meaning of the sentence: The common man is innocent, but he is guilty!

“Chaos vitality...” God Emperor Baili gritted his teeth.

At this moment, God Emperor Baili even hoped that he had never had chaotic vitality!

“Isn’t it just chaotic vitality? It’s a big deal to hand it over!”

I have to say that God Emperor Baili is really a very decisive person, and he fully understands the truth of “Dang Duan will continue to suffer from chaos”! Therefore, as soon as God Emperor Baili figured out the situation, a ray of chaotic vitality immediately appeared in his hand!

“Chaos vitality!”

“He really has chaotic vitality in him!”

The eyes of the \*\*\*\* emperors who came to perform the mercenary mission suddenly began to turn red.

God Emperor Baili threw this chaotic vitality from a distance as if he was throwing a burden: “For you!”

Sure enough, God Emperor Baili’s move worked!

One after another, the \*\*\*\* emperors saw the chaotic vitality flying in the air; just like dogs, they saw the bones thrown by their masters!

Suddenly, more than a hundred dogs... Oh, no, more than a hundred \*\*\*\* emperors, all subconsciously rushed towards this ray of chaotic vitality!

“mine!”

“its mine!”

The \*\*\*\* emperors showed their means, the order of time and space, the order of cause and effect, the order of fate... all kinds of unique skills at the bottom of the box, all burst out at this moment. The goal of all \*\*\*\* emperors is this ray of chaotic vitality!

If it weren't for the fact that the mercenaries couldn't kill each other, I'm afraid that at this time, the more than 100 \*\*\*\* emperors might have already fought!

Bang!

In the end, this chaotic vitality was actually caught in the hands of the thin and thin \*\*\*\* emperor from Desolate Zhou City.

"I got it!" The skinny God Emperor was overjoyed!

With this chaotic vitality, he will have a betrothal gift to the Lord of Huang Zhou, and he will be able to marry his sweetheart.

Because the mercenaries couldn't kill each other, the other \*\*\*\* emperors also stopped their hands very knowingly.

Then...

These more than one hundred \*\*\*\* emperors once again turned their attention to the \*\*\*\* emperor Baili!

"You guys..." God Emperor Baili looked at the hundreds of hungry wolf-like eyes and couldn't help but tremble in his heart, "I've already given you the primordial energy of Chaos, what else do you want?"

A mercenary \*\*\*\* emperor sneered:

"Do you only have a ray of chaotic vitality?"

"Impossible! There must be other chaotic vitality in you!"

“Yes! Want to send us off with a ray of chaotic vitality? – Too naive!”

“You... deceiving people too much!” God Emperor Baili was about to explode with rage!

However, people have to bow their heads under the low eaves!

Facing a group of hungry wolves, God Emperor Baili could only hold back his anger and shouted angrily, “You are persecuting me like this, aren’t you afraid of offending the Holy Master?”

Offend the Lord?

“Ha ha ha ha...”

Many “hungry wolves” laughed.

They are not people from God’s Domain at all, but from other big worlds! -Holy Master, although it is true that he is a saint; however, these \*\*\*\*\* emperors from other great worlds have never heard of the name “Holy Master” at all!

So, isn’t it funny that God Emperor Baili used the Holy Master to threaten them?

and...

These hungry wolves caught some clues from the words of God Emperor Baili: “To persecute you? What do you mean...you still have chaotic vitality?”

“It must be so!”

“And, not only this God Emperor Baili; I estimate that other God Emperors may also have chaotic vitality!”

“Why do you talk so much? Just kill it!”

“kill!”

“Kill them all, naturally know how much chaotic vitality they have!”

...

The \*\*\*\* emperors and seal kings on the Baili God Emperor’s side were all looking ashen – these hungry wolves are completely unreasonable!

Very, very unreasonable!

“Baili, what should I do?” God Emperor Scales helped God Emperor Baili block a lot of attacks, and at this time he was also seriously injured.

God Emperor Baili gritted his teeth, took off the world ring, threw it directly, and shouted at the same time: “My treasures are all in it, you have taken the treasures, hurry up!”

The moment he threw the world ring, God Emperor Baili felt a great shame! – This was definitely the most humiliating moment of his life! It was originally here to attack Yanyan Sacred Mountain, but in the end, not to mention the loss of soldiers, he was also robbed by...

call out!

The world ring was just thrown out, and it was instantly smashed by an attack.

Suddenly, the treasure in the world ring exploded in the sky! – Heaven and Earth Essence Liquid, Divine Essence, Divine Crystal, Weapons, Pills, Inscriptions... A dazzling array of treasures fell like rain.

And these more than a hundred hungry wolves didn’t even look at these treasures; everyone’s eyes were focused on a wisp of gray gas!

“Chaos vitality!”

“Sure enough, there is still chaotic vitality!”

“Another ray of chaotic vitality!”

The second wave of “fight for food” of hungry wolves begins!

But this time, these hungry wolves have learned to be smart too!

Those hungry wolves, who knew that they had no advantage in speed, directly gave up this ray of chaotic vitality and directly attacked God Emperor Baili; only a dozen or so \*\*\*\*\* emperors who were very confident in their speed competed for this ray of chaotic vitality. !

God Emperor Baili didn't want to live anymore: “I even threw out the world ring, what do you want from me?”

“Humph! Who knows how many world rings there are on you!”

“That is, maybe you have seventeen or eight world rings?”

“I...” God Emperor Baili was really speechless.

While silently picking up the “garbage” that exploded in the sky, Xu Ming couldn't help feeling pity for God Emperor Baili: “Poor... Really pitiful!”

The hungry wolves are still roaring:

“kill!”

“Kill him, you will know how much chaotic vitality he has!”

“There are other \*\*\*\*\* emperors and kings, and they are all killed! Maybe, they also have chaotic vitality hidden in them?”

“Kill! Kill! Kill!”

...

God Emperor Baili’s face was ashen, and he roared unwillingly: “Xu Ming, you are ruthless! This time, I am the one who planted it, I admit it! – Brothers, cover me to escape!”

Chapter 1063: Statue Of The Holy Lord

“Brothers, cover my escape!”

God Emperor Baili said, but he really ran straight away.

Moreover, the other \*\*\*\*\* emperors and conferred kings, seeing God Emperor Baili fleeing, did not have any objection at all. Instead, they took the initiative to stop the mercenary \*\*\*\*\* emperors and buy time for God Emperor Baili to escape. !

“This God Emperor Baili, actually ran away!?”

The hungry wolves were startled when they saw “Fat” running away.

“Fleeing so fast? How cowardly!”

“No! Even if God Emperor Baili fled because he was timid, why did the others desperately cover for him?”

“Could it be... God Emperor Baili, is there any secret that he has to keep? Or... a treasure?”

treasure! ?

The hungry wolves were all excited when they thought of the treasure!

You must know that God Emperor Baili even gave up two strands of chaotic vitality; and now, if God Emperor Baili really escaped to protect a treasure, then... the treasure on his body is definitely more than two strands of chaotic vitality. Much more precious!

The wolf travels thousands of miles to eat meat!

These hungry wolf \*\*\*\*\* emperors are here to earn treasures! When they think of God Emperor Baili, there may be treasures; although it is only “possible”, it is enough to make them excited!

And the result of excitement is...

“kill!”

“Kill! Kill! Kill!”

However, the masters such as the Scale God Emperor, at this time, are completely desperate to cover the escape of the Baili God Emperor! Although the mercenary \*\*\*\*\* emperors were powerful, they couldn't break through the block for a while, and could only watch the \*\*\*\*\* emperor Baili escape from afar.

And this scene, more and more confirmed the speculation of the mercenary \*\*\*\*\* emperors! – God Emperor Baili probably has some secrets or treasures!

“kill!!”

Thinking of this, the hungry wolves were even more red-eyed.

Even Xu Ming was a little curious: “What is hidden in the body of God Emperor Baili?”

...

call out-

God Emperor Baili quickly fled away, and soon escaped the perception range of the hungry wolf  
\*\*\*\* emperors.

God Emperor Baili didn't feel any guilt about leaving his comrades behind and fleeing. His expression was extremely decisive: "Everyone can die, but the statue of the Lord must not be lost!"

The statue of the Holy Master is made of strange objects in the depths of chaos. It is many times more precious than the primordial energy of chaos and the primordial liquid of chaos; its value is comparable to that of a chaotic weapon!

If the statue of the Lord is placed in the "correct position", and then activated with a secret method; then, the Lord can come!

And in the Yanyan Continent, the "correct position" is the Yanyan Divine Mountain, the Burning Heaven Peak!

It is precisely because of this that God Emperor Baili tried his best to get the Burning Heaven Peak!

As long as you get the Burning Heaven Peak and activate the statue of the Lord; then, even other saints cannot stop the Lord's actions! The entire Yanyan Continent will also be shrouded in the glory of the Holy Master!

However, what makes God Emperor Baili painful is that he is about to capture the Lower Burning Sky Peak and spread the glory of the Holy Master; but, out of nowhere, hundreds of gods like wolves and tigers have appeared. emperor!

Not to mention that God Emperor Baili's plan was completely unsuccessful, he lost more than a dozen God Emperors and thousands of master kings, and he was the only one left to flee back.

Such a tragic experience, I really remember tears!

"Even if I escape this time, I will definitely be severely punished by the Holy Master..." Although he knew this, God Emperor Baili would honestly go back to the Holy Master to convict the Holy Master; Very devout faith!

I would rather accept severe punishment than betray the Holy Master!

“Fortunately, the statue of the Holy Lord has been saved! Otherwise, I would really be blamed for my death!”

Feeling that the causal connection between himself and the hungry wolves is getting weaker and weaker, God Emperor Baili knows that he has successfully escaped from birth!

As for the \*\*\*\*\* emperors and kings who covered him, I am afraid it is difficult for any of them to survive!

“As long as the statue of the Lord is there! – They all died to protect the statue of the Lord, even if they die!”

call out-

God Emperor Baili continued to flee frantically, occasionally changing his position, making it difficult to track.

...

boom! boom! boom! boom! ...

Yanyan Mountain.

The \*\*\*\*\* emperors and kings who were left behind, such as the scale \*\*\*\*\* emperor, were unable to stop the slaughter of hundreds of “hungry wolves” even if they held the belief of mortal death; soon, everyone was slaughtered.

Bang! Bang! Bang! ...

After these masters fell, their world rings were directly destroyed by violence; countless treasures exploded, and treasures rained on the entire Yanyan Mountain.

Divine Crystal, Divine Essence, Heaven and Earth Essence...

However, hundreds of \*\*\*\*\* emperors disdain these treasures. They glanced at them with their divine senses, and when they saw that there was no chaotic vitality, they no longer looked at these treasures, and went directly to the direction where God Emperor Baili left, hurriedly chasing after them.

“Uh...” Xu Ming and Lu Qing, of course, would not join the chasing team. They are busy... collecting treasures!

“Too many treasures!”

Thousands of world rings exploded in the sky; the treasures that burst out stretched thousands of miles, like the ocean.

However, even if these treasures are all added up, they are far less valuable than a strand of chaotic vitality. Otherwise, it is impossible for the hundreds of \*\*\*\*\* emperors to disdain these treasures.

However, even if it is not precious, the scene of the “sea of treasures” is still very spectacular!

The feeling of madly collecting treasures is also very cool!

“I’ll take it!”

“I’ll take it!”

“I’ll take it!”

Xu Ming and Lu Qing both transformed into two hard-working little bees.

However, deep in Xu Ming’s eyes, a playful smile suddenly flashed: “God Emperor Baili... Want to escape?”

Let Xu Ming deal with more than a dozen \*\*\*\*\* emperors and thousands of kings, of course Xu Ming has no certainty. However, if Xu Ming and Baili God Emperor are one-on-one, then Xu Ming

is quite sure! – After all, Xu Ming has collected so many treasures now, some of which are hanging points, and can arbitrarily summon a \*\*\*\*\* emperor-level existence “soul possession”!

...

At this time, Xu Ming’s Tiandao Liu clone had just returned from the “Heavenly Sacrifice World”. He did not directly teleport back to the Yanyan Sacred Mountain, but to a location between the Yanyan Sacred Mountain and the Baili Building.

“God Emperor Baili has been defeated and is fleeing!” Xu Ming’s avatars are connected; although Tiandaoliu avatars are not in Yanyan Mountain, they know what happened there, “Also, Baili There is likely to be a treasure on the Divine Emperor!”

Heavy treasure!

And it is the treasure of the enemy!

Can Xu Ming let it go? – That’s definitely not possible!

After thinking about it, Xu Ming turned on the “camouflage” hanging, disguising himself as a scholar in white. Then, Xu Ming started the “Soul Possession” link again!

“Just summon a... God Emperor of the cultivator genre!”

A mind cultivator, known as invincible at the same level!

The \*\*\*\*\* emperor of the heart cultivator genre can almost crush all \*\*\*\*\* emperors, and is close to the dominant strength!

With the “camouflage” hanging and the “soul possession” hanging, Xu Ming changed his body directly and became another person! No matter who it is, no one can guess that this is Xu Ming.

“Now... let’s find God Emperor Baili!”

## Chapter 1064: The Divine Body Is The Bow, The Heart Is The String

The realm of the gods is endless.

Even if it is a \*\*\*\*\* emperor, it will take a lot of time to cross a continent in the realm of the gods.

Somewhere in the Yanyan Continent is a dead place that stretches for hundreds of millions of miles.

The sky was dull and the earth was steaming with death; here, hardly any life was seen, and even order became chaotic.

call out-

A stream of light flashed across the drowsy sky, and it was the fleeing God Emperor Baili.

“Humph! I’ve been on the run for most of the day, changing directions dozens of times, and now I’ve escaped into the desert of death!” God Emperor Baili had a ruthless look in his eyes, “The desert of death, the order is extremely chaotic. Wait until I leave the desert of death. At that time, even those \*\*\*\*\* emperors who want to follow my ‘cause and effect’ should not be able to track my position!”

Thinking of this, God Emperor Baili had grief and anger on his face.

Just half a day ago, how majestic God Emperor Baili was! Leading a dozen \*\*\*\*\* emperors and thousands of master kings to attack Yanyan Mountain.

But now, God Emperor Baili was about to flee in embarrassment like a lost dog.

I have to say, fate sucks!

...

God Emperor Baili was running wildly... Suddenly, in front of him, a scholar in white appeared.

“Huh?” God Emperor Baili immediately had an ominous premonition in his heart—the desert of death, inaccessible all year round! Why was it so coincidental that a scholar in white appeared on his escape route?

Sure enough, the white-clothed scholar saw the arrival of God Emperor Baili, and there was a malicious smile on the corner of his mouth: “God Emperor Baili, I have been waiting here for you for a long time!”

“What!?” God Emperor Baili was horrified, “Who are you? How dare you ambush me here!”

“Who I am, it doesn’t matter!” Xu Ming disguised as a scholar in white smiled, “The key is... I am the one who took your life!”

boom!

As soon as the words fell, thirty-six lightsabers appeared around Xu Ming!

These lightsabers are not divine weapons, but weapons condensed by Xu Ming with “mind force”! – The power that Xu Ming summoned to “Soul Possession” is a \*\*\*\* emperor of the mind force school; his best attack method is this “mind sword technique”!

“Heart Cultivator!?” God Emperor Baili’s expression suddenly became extremely serious!

You must know that a mind cultivator is a cultivator who claims to be invincible at the same level!

“kill!”

call out! call out! call out! ...

Thirty-six lightsabers suddenly turned into thirty-six streams of light, and they shot angrily at God Emperor Baili.

“Not good!” God Emperor Baili knew that the attack methods of mind cultivators were directly aimed at the “mind”! The means at the material level and the soul level are difficult to defend

against the attacks of the mind practitioners; only by using the same mental flow means to defend, can the mental attack be prevented!

However, God Emperor Baili is not a mental school, so how can he know what mental means?

“It can only be attacked by attack!” God Emperor Baili’s eyes froze, and he chose to attack very decisively!

God Emperor Baili is afraid of the attack of the mind cultivator, but similarly, the mind cultivator is also afraid of the attack of the \*\*\*\* emperor Baili! – The two sides are considered “opposite seconds”, but the mind cultivator has the advantage!

rumbling...

God Emperor Baili mobilized the power of order and slapped Xu Ming like a tsunami.

At the same time, Xu Ming’s thirty-six heart swords did not enter the body of God Emperor Baili.

Against the trend of seconds! Who will live and who will die?

“Pfft!” Under the oppression of the surging power of order, Xu Ming didn’t hold back and spat black blood directly.

And God Emperor Baili... actually just turned pale, and after that, it was as if nothing had happened!

“It’s okay!?” Xu Ming was shocked, “How could there be nothing!?”

“I... alright?” God Emperor Baili was stunned.

Immediately, God Emperor Baili responded: “It’s the ‘imprint of faith’ branded deep in my heart that protects me!”

The mark of faith is generally not powerful!

However, God Emperor Baili is an important \*\*\*\* placed by the Holy Master on the Yanyan Continent; therefore, the Holy Master naturally left some means of protection for God Emperor Baili! -These protection methods will not be activated at ordinary times; once God Emperor Baili is fatally threatened, it will exert its power!

“Hahahaha... With the protection of the seal of faith, what am I afraid of!?” The protective means left by the Holy Master will not be exhausted soon; at least, in the eyes of God Emperor Baili, it is enough to kill his opponent by himself. “Boy, you’re dead! Having said that, I haven’t killed a mind cultivator God Emperor yet! – You will be the first mind cultivator \*\*\*\* emperor I kill!”

rumbling rumbling...

God Emperor Baili’s attack recklessly swept towards Xu Ming.

As for Xu Ming, he is now “soul possessed” by the God Emperor, a cultivator of the mind, so he cannot use his own secret skill “Mark of the Heart”; therefore, Xu Ming’s defense against Tiandao Liu’s attacks is very weak!

“Could it be that... want me to summon a Heavenly Daoist Emperor to ‘soul possession’?”

If you don’t open the “soul possession” link, the gap between Xu Ming and God Emperor Baili is very huge!

“But... even if I summon a Heavenly Dao Liu God Emperor, I’m afraid I’m still not a match for the Baili God Emperor! After all, he has the protection of the seal of faith!”

“Unless...” Xu Ming narrowed his eyes slightly, “Unless, I can summon the master’s mighty soul to possess the body!”

However, to summon the Lord of Power, you need to use a level 13 hanging point!

Only one strand of chaotic vitality can be exchanged for one level 13 hanging point; in Xu Ming’s hands, there are only four strands of chaotic vitality, that is, four level 13 hanging points – simply not enough to summon the Almighty!

Unless... Xu Ming is willing to exchange Chaos Primal Liquid for Primal Chaos!

However, the primordial essence of chaos was reserved by Xu Ming for Gu Hanmo, so how could he be willing to use it on God Emperor Baili?

“Then we have to...” Xu Ming still had his last move – to use the Chaos God Weapon!

Xu Ming didn’t believe it. A mark of faith on God Emperor Baili could stop the sharpness of the “Zhuxin Arrow”!

“Using the Chaos God Weapon is likely to attract the attention of some super existences! However, I am disguised as an identity now, and I am in the chaotic death desert; even if I attract the attention of super existences, it should be difficult to detect me. Big deal... Quick fight!”

Xu Ming soon made a decision! – Use the Chaos God Weapon “Heart Punishment Arrow”!

hum—

The momentum on Xu Ming’s body became extremely fierce in vain, as if it could easily pierce the sky.

“What’s going on!?” God Emperor Baili suddenly felt that he was enveloped by a huge threat; and the source of the threat was Xu Ming, “No, I have to kill him as soon as possible!”

boom!

God Emperor Baili rushed towards Xu Ming frantically.

And Xu Ming’s momentum at this time seems to be detached from everything and judge everything!

“Take the divine body as the bow!”

“Take the heart as the string!”

“Kill everything!”

call out!

A black arrow that exists between the visible and the invisible instantly shoots through the void, and shoots through the God Emperor Baili!

Chapter 1065: Gone

call out!

A black arrow that existed between the visible and the invisible instantly shot through the void and pierced through the God Emperor Baili.

“I...”

In the depths of God Emperor Baili’s eyes, endless panic suddenly erupted; but then, the panic disappeared from his eyes! To be precise... all the expressions have disappeared from the eyes of God Emperor Baili!

God Emperor Baili’s eyes became empty. There is no trace of life in him!

Xu Ming manipulated his mind and penetrated into the depths of God Emperor Baili’s soul. It can be seen that God Emperor Baili’s mind is completely shattered, and the mark of faith branded on his mind has also been shattered!

“As expected of the chaotic \*\*\*\* soldier of the mind force school! I controlled it with the mind force of the mind cultivator \*\*\*\* emperor, and the attack was so strong that I even stepped into the threshold of the \*\*\*\* realm; in an instant, I broke the mark of faith and killed Baili God in seconds. emperor!”

Of course, the power of the Heart Punishing Arrow was able to step into the threshold of the Dominion Realm mainly because Xu Ming summoned the God Emperor, a cultivator of mind, to “possess the soul”. If Xu Ming used his own mental strength to mobilize the Heart Punishing

Arrow, even with the million-fold bonus of the “Invincible Combat Power System”, it would be impossible to have such power!

Xu Ming immediately took the Heart Punishing Arrow back into the heart world, and at the same time, he also took the world ring of God Emperor Baili.

Spiritual power penetrates into the world ring...

“This is...” Xu Ming looked at the huge golden statue in the world ring, and he couldn’t help but feel the urge to worship!

“This statue... is unusual!” Of course Xu Ming couldn’t pay homage to a statue, “Could the person on the statue be the Holy Master? Could this statue be God Emperor Baili who spared a dozen \*\*\*\* emperors and thousands of them? Feng Wang’s life, a treasure to protect?”

“Leave this place first!”

After a few teleports, Xu Ming turned on “camouflage” again, disguising himself as a power of other appearances; after that, there were several random teleports one after another. Finally, Xu Mingcai opened the “coordinate teleportation” link and left the desert of death far away.

Moreover, for the sake of caution, after the “coordinate teleportation”, Xu Ming teleported, “camouflaged” one after another, and opened “coordinate teleportation” several times.

Deep in a remote and desolate poor mountain.

Xu Ming recovered his appearance: “This time, no one can track me, right?”

But at the same time, Xu Ming got into trouble again: “In God Emperor Baili’s world ring, other treasures are mediocre; however, what should we do with this statue that is suspected of being the Holy Lord?”

This statue is very precious at a glance; but no matter how precious it is, it cannot be used as a weapon! And if you sell it, Xu Ming is not sure if anyone will want it; and the point is, it’s easy to reveal his identity when selling it!

Once his identity is revealed, Xu Ming is likely to face the wrath of the Holy Master! -Xu Ming now does not have the strength to face the Holy Master directly!

“Did... throw it away?”

After throwing this precious statue, Xu Ming felt a little reluctant. After all, Xu Ming strongly suspected that this statue might be even more precious than the Primal Chaos Liquid!

...

Soon after Xu Ming left the desert of death.

The more than one hundred “hungry wolves” aggressively killed the desert of death.

“It’s here!” Near the place where God Emperor Baili fell, several “hungry wolves” who were good at causal order said with certainty, “The line of cause and effect of God Emperor Baili disappeared in this area!”

“How did the causal line disappear?”

“Could it be that the order of this dead place is so chaotic that the cause and effect line of God Emperor Baili disappeared?”

“Impossible! It’s easy to break the causal line; however, it is extremely difficult to make the causal line disappear completely! – This mere chaos is far from enough to annihilate the causal line of God Emperor Baili!”

“Yes! After we entered this dead place, the causal thread on our body was never torn off at all, let alone disappeared!”

“Then... Where is the causal line of God Emperor Baili? Where did it go?”

Just when everyone was shocked, suddenly, a “hungry wolf” discovered God Emperor Baili!

“Look! Isn’t that God Emperor Baili?”

God Emperor Baili’s divine body was lying intact on the dead land in the distance, entangled by death energy.

Above the divine body, there is not the slightest breath of life.

“Huh!?” The hungry wolves were startled, “God Emperor Baili... is dead!?”

“No wonder, the causal line of God Emperor Baili will disappear without a trace! Everyone is already dead, and of course the causal line has come to an end!”

“God Emperor Baili’s divine body is intact! Did he die from a soul attack?”

“No! He died from a mental attack!” said a \*\*\*\*\* emperor who had also cultivated in the mental school and had a little attainments in mental power. “Also, it was an extremely powerful mental attack, killing him in one move! The one who shot it may be the ruler. Realm cultivator!”

“Hey – the master of the state of mind cultivation, isn’t that the invincible existence under the so-called saint?”

The mercenary \*\*\*\*\* emperors sighed in horror.

“What do we do now?”

“What else can I do? Go back! – God Emperor Baili is already dead, and the world ring on his body has also been taken away! What can we do if we continue to stay here?”

“Yes! It is possible that the one who killed God Emperor Baili existed in the Dominion Realm; we should leave the land of right and wrong as soon as possible to avoid any danger!”

“It makes sense! There are obviously many secrets in this God Emperor Baili, and even the saints are involved! Let’s leave quickly, otherwise, if we risk our own life in the mercenary mission, it will not be worth it. !”

“Let’s go!”

“Then do we... leave this big world directly through the Ten Thousand Realms Order, or should we say goodbye to the employer first?”

“What are you saying goodbye to? We are not here for the mercenary quest, but for the primordial energy of chaos! – Could it be that we ran back on purpose and asked the employer for a hundred bottles of divine essence as a quest reward?”

One hundred bottles of divine essence are impossible to be regarded by the existence of the emperor! One hundred bottles of Heaven and Earth Essence Liquid, it’s almost the same!

“Let’s go!”

“Leave this big world!”

“It’s a pity, obviously there was a chance, but I didn’t get the primordial energy of chaos!”

One after another, the mercenary \*\*\*\*\* emperors sighed and urged the Ten Thousand Realms Order to disappear and leave – this mercenary mission, they were almost busy for nothing, and they became Xu Ming’s thugs for nothing.

Only the two \*\*\*\*\* emperors who got the primordial energy of chaos, when they left, they were very excited!

...

Sanctuary an immovable withered figure suddenly opened his eyes. he. It is the absolute controller of the sanctuary – the holy master!

“Baili... is dead!” The Holy Master was shocked and angry, “I put the hope of occupying the Yanyan Continent on Baili! I even gave him my statue temporarily! -Baili It doesn’t matter if you die, but my statue...”

The statue of the Holy Master is made from the strange objects in the chaos!

The value is comparable to the Chaos God Weapon!

The Holy Master felt it and found that his statue was constantly changing its position on the Yanyan Continent.

“You have to call someone quickly to get my statue back!” To lose a statue, for the Holy Master, the loss is too heavy!

But then, the Holy Master’s expression was completely stunned: “My statue has disappeared!?”

Chapter 1066: Sell

“My statue has disappeared!?”

The Holy Master was a little confused.

You must know that the material of the statue of the Holy Lord is comparable to the Chaos God Weapon! Even if it is a saint, it is difficult to destroy the statue of the Lord!

But just now, the Holy Master clearly felt that the statue of the Holy Master suddenly disappeared!

Yes, it just disappeared suddenly!

“Could it be that he was taken captive into their small world by other saints?” The Holy Master could not help but guess, “But it’s not right! Even if I was taken captive into the small world of other saints, I can still tell the statue, There is a weak sense!”

But now, even the faint sense is gone! – This really puzzled the Holy Master!

“Under Heaven!” the Holy Master shouted.

Soon, a man with long hair and a loose gray robe walked in; he was the “Master of Heaven” under the Holy Lord’s command, and he was also a crazy believer of the Holy Lord.

“Holy Master, what are your orders?” Lord Xie Tian looked at the Holy Master with a fanatical belief in his eyes.

“My statue... is gone! You go to the Yanyan Continent and check it out!” The Holy Master himself did not dare to leave the Sanctuary easily; because once he leaves, it is likely to attract the attention of several other saints.

Therefore, for this kind of thing, the Holy Master had to send his master to investigate!

“What!?” Lord Xie Tian was shocked and angry, “Don’t worry, Holy Lord, I’ll go check it now!”

The master of understanding heaven is best at causality; his self-named “Jietian” actually means “using causality to analyze heaven and earth”. Therefore, if the Holy Master encounters something that needs to be investigated, he will usually send out the Lord of Heaven.

“Yeah!” The Holy Master nodded slightly, and then urged, “After you leave the Sanctuary, you must be careful! Although the saints can’t surrender themselves and deal with you, but once the master of Yanyan Continent finds you, I’m afraid I’ll besiege you!”

“Thank you Holy Master for your concern!” Lord Xie Tian was moved, “I practice the cause and effect one. Although I am weak in frontal combat, it is almost impossible for other Lords to track me!”

“Yeah!” The Holy Master waved his hand, “Go!”

...

But, where did the statue of the Holy Lord go?

Not so long ago.

Yan Yan Continent.

Deep in a remote and desolate poor mountain, Xu Ming looked at the statue of the Holy Lord in the world ring, very depressed.

Although this statue of the Holy Master is extremely precious, its value is even comparable to that of the Chaos God Armament; however, in Xu Ming's hands...it can't be used if he wants to use it.

This is the first time Xu Ming has obtained a precious treasure, but he is unhappy!

"How to fix it?" Xu Ming frowned.

Then, he asked Xiaohang jokingly, "Xiaohang, can this statue be sold to an artifact store?"

Xiaohang immediately replied: "Yes!"

Can?

Xu Ming was startled!

You must know that Xu Ming was just idle and bored, and he was just joking, asking casually to play; in his opinion, the statue of the Holy Lord should not be sold to artifact stores!

Unexpectedly, I just asked and played casually, and the answer turned out to be – yes!

"Really?" Xu Ming couldn't help but be surprised.

"Of course!" Xiao Hang said.

"How much can you sell?" Xu Ming asked.

"30:00 Level 14 Hanging Point!"

"So many!?" Xu Ming was even more surprised.

To know...

The 9th-level hanging point corresponds to the \*\*\*\* stone used by the star-level gods. The level 10 hanging point corresponds to the crystal used by the silver moon gods. The level 11 hanging point corresponds to the essence used by the king-level gods.

The 12-level hanging point corresponds to the heaven and earth essence liquid used by the \*\*\*\* emperor. The level 13 hanging point corresponds to the chaotic vitality used by the master.

And the level 14 hanging point corresponds to the Chaos Primal Liquid used by the saint!

A drop of Chaos Primordial Liquid, even a saint would be jealous! Before, Xu Ming only had a drop of Chaos Primordial Liquid in his hand, and he was really careful and tucked away;

And now, this statue of the Holy Master can actually be sold for 30 points and 14 points, that is... 30 drops of Chaos Primordial Liquid!

This is really... a windfall!

In addition to the surprise, Xu Ming quickly figured out why the statue of the Holy Lord could be sold to the artifact store.

Very simple, the artifact store does not accept “treasures with artifact spirits”; however, the statue of the Holy Lord is just a statue without artifact spirits! Therefore, it is naturally not within the scope of the artifact store that does not accept it.

“Do you want to sell the statue of the Holy Lord?” Xiaohang asked.

Needless to say?

Not to mention the level 14 hanging point at 30:00, even if there is only a level 14 hanging point at 10:00, Xu Ming would sell it without hesitation!

“Yes! Yes! Sell it now!” Xu Ming shouted.

Whoa!

In the world ring, the indestructible statue of the Lord disappeared immediately! As for Xu Ming's "Invincible Plug-in in Another World", there are 30 points and 14 levels of hanging points; these hanging points can be replaced by Xu Ming with Chaos Primal Liquid at any time! – The statue of the Holy Master was acquired by the artifact store. Even the Holy Master, naturally, he could only perceive that the statue suddenly disappeared; as for where the statue went, he could not perceive it at all.

"Hahaha... It's so cool!" Xu Ming's mouth turned into a flower when he smiled.

Although it is only 30 points for a level 14 hanging point, if it is exchanged for a level 13 hanging point and a level 12 hanging point, it is an incomparably huge number, which can allow Xu Ming to open the hanging point at will!

Of course, Xu Ming understood the truth of "Muxiu will be destroyed by Lin Feng"! – The hanging point is there, but as a person, you still have to keep a low profile!

After all, Brother Ming himself is a very low-key person!

"Walk!"

Xu Ming teleported a few more times, and then teleported coordinates several times over a long distance before returning to the Yanyan Mountain.

...

Yan Yan Continent.

Death desert.

Xie Tianzhu suddenly appeared at the place where God Emperor Baili died, and also saw the remains of God Emperor Baili.

“The order of heaven here is so chaotic...” Lord Xie Tian couldn’t help frowning, “Baili died in this place, doesn’t this add a lot of difficulty to my cause and effect investigation?”

Lord Xie Tian did not know that God Emperor Baili deliberately entered the desert of death at that time, in order to use the chaotic order here to get rid of the causal tracking of other \*\*\*\*\* emperors. Unexpectedly, this desert of death has directly become the burial place of God Emperor Baili.

However, although the power of order in the desert of death is chaotic, it is also difficult to solve the Lord of Heaven.

“Humph!”

Xie Tianzhu snorted suddenly. Immediately, the messy causal lines around him were forcibly smoothed out by him with great power.

“Everything, on the basis of cause and effect, must have traces!”

Then, Master Xie Tian followed the causal line to explore what happened here in the past.

Soon Master Xie Tian detected the scene when Xu Ming beheaded God Emperor Baili.

call out!

I saw a seemingly invisible black arrow flashed past, and God Emperor Baili died immediately.

“This is...” Master Xie Tian looked at the arrow in shock, “Zhuxin Arrow? How... how is it possible!?”

Unbelievable, Master Xie Tian replayed this scene several times; but no matter how many times he watched it, he was absolutely sure that this black arrow was definitely the “Heart Punishing Arrow”, a chaotic divine soldier of mental power. !

“Zhuxinjian, actually reappeared in the world? Moreover, the person who used the Zhuxinjian was actually a \*\*\*\*\* emperor!?” Lord Xie Tian was shocked, “What is the identity of this \*\*\*\*\* emperor? Could it be... the successor of the saint without difficulty? ?”

Thinking of this, Master Xie Tian couldn't help but flash a murderous intent in his eyes: "The Saints of No Difficulties have disappeared for so many years. Unexpectedly, they have left their descendants in the God's Domain! Moreover, it has also ruined the good things of the Holy Master!"

Master Xie Tian "grabbed" the causal line that Xu Ming left here, and followed the causal line and began to track Xu Ming.

Chapter 1067: Dark Domain

call out-

The figure of the ruler of Xie Tian swiftly swept across the sky above God's Domain.

The trajectory of his flight is very strange; because, instead of flying along the traces of space, he is stepping on the line of cause and effect – just like, a dog, while sniffing the footprints on the ground, while tracking.

Soon, Master Xie Tian tracked down the place where Xu Ming teleported for the first time after killing Emperor Baili.

However, Master Xie Tian immediately found out: "What's going on? When the causal line extends here, why does it suddenly fade a lot?"

Master Xie Tian immediately followed the causal line to trace what happened in this dimension in the past.

He saw that the murderer who originally looked like a scholar in white, after teleporting here, turned into a rough man.

Lord Xie Tian's face changed suddenly: "It's a disguise!"

Pretend, no doubt, can greatly affect cause and effect. It would have been very difficult for Xie Tian to track Xu Ming, and with the interference of camouflage, it was undoubtedly even more difficult.

“And... it’s a very clever camouflage technique!” Xie Tianzhu’s face was ugly, “I hope he doesn’t disguise too many times! Otherwise, the causal line is getting thinner and thinner, and even me, I can’t track it!”

Then, Master Xie Tian was like a diligent police dog, sniffing Xu Ming’s “footprints” and continuing to follow.

After reaching Xu Ming’s second teleportation point, Xie Tianzhu’s expression changed again: “The line of cause and effect has become thinner! Such a cunning enemy has disguised himself again!”

Biting the bullet, Xie Tianzhu continued to follow.

I have tracked one teleportation point after another, and even tracked two “coordinate teleportation” stop points. At this time, Master Xie Tian found that he could no longer trace it; because the line of cause and effect left by Xu Ming was too weak! – So light that even his master of cause and effect can no longer see clearly!

“hateful!”

Xie Tianzhu gritted his teeth.

Following this all the way, Master Xie Tian saw that Xu Ming had changed countless appearances. Moreover, every time Xu Ming’s camouflage technique was extremely clever, he couldn’t see through it at all.

That is to say... After chasing it for so long, Master Jietian didn’t even see the true face of the “murderer”!

“Damn it! If he is in front of me, I can definitely see through his disguise!”

It’s a pity that Xu Ming did not stand in front of Xie Tian’s ruler.

Solving the Lord can only be traced through cause and effect, and only see a picture! – It’s like watching TV!

With just one picture, Master Xie Tian couldn't see through Xu Ming's clever disguise!

“The causal line, even if it breaks here, I can't continue to track it!”

Master Xie Tian shook his head angrily, and like a dog with no bones found, he returned to the sanctuary to return to life.

...

Sanctuary.

After hearing the report of Master Xie Tian, the Holy Master couldn't help but be shocked: “You said... Baili was shot by a heart-pounding arrow?”

“Yes! It's absolutely true!” Master Xie Tian said with great certainty, “The Heart Punishing Arrow was the famous weapon of the Sage Wushang! With the Arrow of Punishment, Sage Wushang swept almost all the saints, and it was under your hands, the Holy Master. It's just a loss! – I have read it many times through the cause and effect tracing, and I will never read it wrong!”

“Zhuxinjian has actually reappeared in the God Realm... and it also appeared in the hands of a mind cultivator God Emperor!” The Holy Master frowned and thought hard, “It seems that the old ghost Wudi has left some backing hands in the God Realm. But, even so, what's the use? – I saw with my own eyes that the Sage of No Difficulty fell into the ‘dark realm’, and he could never escape from there! And, maybe, Sage of No Difficulty has already dead there!”

After thinking for a while, the Holy Master ordered: “Xie Tian, since the murderer cannot be detected, there is no way; from now on, you should pay more attention to see if there is any new mind-cultivator God Emperor in the God Realm!”

“Yes!” Master Xie Tian replied.

“It's a pity...” The Holy Master sighed, “If my statue can be successfully built on the Burning Sky Peak! Then, I will be able to occupy the Yanyan Continent... Unfortunately, this time I failed, I am afraid there is no second place. Here's another chance!”

...

Yanyan Mountain.

Xu Ming's Tiandao Liu clone did not come back with much fanfare; instead, it was directly sent to the world ring of the ancient cultivator clone through a "coordinate transfer".

At this time, on the Yanyan Mountain, the treasures all over the mountain had already been picked up by Xu Ming and Lu Qing.

The treasures of more than a dozen \*\*\*\* emperors and thousands of kings have directly made Xu Ming and Lu Qing a lot of money.

"Xu Ming, this time, it's all thanks to you!" Lu Qing sighed, "Otherwise, our Yanyan Sacred Mountain might not be able to escape this disaster!"

"Where is it!" Xu Ming shouted deliberately, "Am I not a member of the Yanyan Mountain?"

The Wilderness Sect is Xu Ming's belonging in the dust world; Yanyan Divine Mountain is Xu Ming's belonging in the Divine Realm!

From the moment he set foot on the Yanyan Sacred Mountain, Xu Ming's body was already marked with the traces of the Yanyan Sacred Mountain.

"These world rings are for you!" Lu Qing took out all the world rings that had collected treasures and handed them to Xu Ming.

"You keep it!" Xu Ming said.

"How can this work!?" Lu Qing put the world ring into Xu Ming's arms without hesitation, "If it weren't for you, let alone these treasures, even if I am alive or dead now, it is still uncertain! – So, these treasures should belong to you!"

Xu Ming smiled and said, "My treasures are much more than you think! To be honest... I really don't like this treasure!"

Xu Ming's words were naturally for Lu Qing to accept these treasures with peace of mind.

However, what Xu Ming said was also the truth – this treasure, Xu Ming really did not look down on it!

You know, there are thirty-one drops of Chaos Primal Liquid on Xu Ming! Every drop of chaotic primordial liquid is a treasure that even the saints would be jealous of; thirty-one drops of primal primordial liquid, I am afraid that the saints can fight!

Moreover, not to mention the chaotic primordial fluid, even if it is much less valuable chaotic primordial qi, it is far more precious than Lu Qing's whole possessions!

Lu Qing handed the harvested treasure to Xu Ming, just like: handing a copper plate to a local tyrant who is very rich!

Brother Ming has money!

It's just that Lu Qing doesn't know!

“Then... alright!” Lu Qing really refused, so he had to keep these treasures temporarily. However, Lu Qing firmly remembered this favor.

“Next, what are you going to do?” Xu Ming couldn't help but ask, “Listening to what that God Emperor Baili meant, it's very likely that the Holy Master had his eye on your Burning Heaven Peak... in this case You said, will there be a comeback of the enemy?”

In fact, Xu Ming's worry was completely superfluous!

The reason why the Holy Master wants to occupy Zhuotian Peak is to build his statue on the “correct position” of Zhuotian Peak! But now... all the statues of the Holy Master have been sold by Xu Ming, and it is impossible for the Holy Master to refine another statue in a short period of time; in this case, even if the Holy Master occupies the Burning Heaven Peak, what is the use? ?

But... be careful sailing a thousand-year-old ship! It's always right to be cautious!

“I think this matter is very strange. I will report it to the Lord of Fire Snake!” Lu Qing said, “Holy Lord, he is almost the public enemy of the entire Divine Realm! After the Lord of Fire Snake knows that this matter is related to the Holy Lord, he will definitely protect us. Yanshen Mountain!”

“Dominator of the Fire Snake?” Xu Ming knew almost nothing about the dominance of God’s Domain.

Lu Qing explained: “The Fire Snake Lord is extremely powerful! As long as the Holy Lord does not act in person, the Lords under the Holy Lord’s command will probably not be the opponents of the Fire Snake Lord!”

“Oh!” Xu Ming understood.

Chapter 1068: Fate Shackles

Holy City.

Eternal stands in the center of the Thunder Continent. Looking down on the entire Thunder Continent, and even all the divine cities in the entire Divine Realm!

The Holy Emperor City was jointly built by all the saints. In the God Realm, it is a well-deserved “First God City”!

Many of the great powers who dominate one side in other places, once they reach the Holy Emperor City, they can only be human with their tails tucked.

City Lord’s Mansion.

Yin Ran is playing against himself.

Her fate is beyond her control, and she doesn’t even dare to practice. Because her physique is too special, once she becomes a god, it will bring a catastrophe to the Holy Emperor City.

But now, Yin Ran spends his days lazily, waiting for the judgment of fate to come.

“I don’t know... how is Xu Ming doing now!”

Since the last time, after watching Xu Ming’s battle in the Golden Crow City, Yin Ran has never heard any news about Xu Ming – after all, God’s Domain is vast! It is very difficult to get a person’s information if it is not deliberately inquired!

Last time, I was able to see Xu Ming’s fighting shadow inadvertently, which was actually a causal connection between Xu Ming and Yin Ran.

However, Yin Ran would not deliberately inquire about Xu Ming’s news; she was worried that her actions would be detrimental to Xu Ming after being discovered by Li Xiujie and other suitors.

However, what Yin Ran didn’t know was that... Li Xiujie was already “bad” for Xu Ming!

Yin Ran was thinking wildly, but the pieces in Qianqianyu’s hand fell one by one.

Suddenly, Yin Ran shook his head and sighed softly: “Oh, I lost to myself again!”

If you play a game with yourself and lose to yourself, you are actually winning yourself.

When Yin Ran is in a good mood, he will smile and say “I have won myself”; when in a gloomy mood, he will say “I have lost to myself”!

Now, for some unknown reason, Yin Ran felt inexplicably anxious.

“Forget it, I won’t play chess today!”

Yin Ran slowly put away all the pieces, then got up and looked at the colorful flowers in the garden.

“In the beginning, when I was brought back to the Holy Emperor City, my father said without negotiation that he would recruit me within a thousand years!” Yin Ran was a little upset, “My strength, it is impossible to resist my father’s coercion. ; Now, I can only try to delay the recruitment time as long as possible...”

Yin Ran wants to get enough time to give Xu Ming time to rise in the realm of the gods!

“A thousand years...a hundred years have passed now!” Yin Ran calculated silently, “There are still nine hundred years, can Xu Ming create a miracle?”

Nine hundred years seems like a long time.

But in fact, in God’s Domain, just nine hundred years is like a flick of a finger!

In Yin Ran’s view, it is too difficult for Xu Ming to grow to the strength “enough to marry him” in such a short time! Too hard!

It’s almost impossible to do!

Unless...a miracle happens!

Just as Yin Ran was in a thousand thoughts, a mighty middle-aged man came over, it was Yin Ran’s father, the city lord of the Holy Emperor.

“Father, what’s the matter?” In Yin Ran’s impression, her father generally would not come to find her; after all, her father, as the city owner of the “First Divine City” in the Divine Realm, must be very busy.

Therefore, Yin Ran knew that once his father came to find him, something would definitely happen!

and...

Usually not a good thing.

Especially before, Yin Ran was inexplicably anxious, which made her feel that something bad might happen!

“Xiao Ran!” The Holy Emperor City Lord could only shake his head and smile bitterly when he saw Yin Ran’s resistance to him.

As the city lord of the “First Divine City” in the God Realm, the power of the city lord of the Holy Emperor is extremely terrifying; as soon as the order comes out, the gods of the entire Thunder Continent dare not obey.

But only, the city lord of the Holy Emperor has nothing to do with his daughter; he even feels a little guilty. Because... he can't help his daughter and get rid of the \*\*\*\* of fate!

“Xiao Ran!” There was dotting and helplessness in the eyes of the Holy Emperor City Lord, “I have something to tell you, you must be mentally prepared!”

“What?” Yin Ran had a bad premonition in his heart.

“I’m going to...” The city lord of the Holy Emperor said slowly, “I will make a wide announcement to the entire Divine Realm to recruit relatives for you! As for the specific recruitment time, it will be set in eighteen years!”

Eighteen years! ?

Yin Ran’s whole body was shocked, his beautiful eyes were rounded, and he asked in an almost grief-stricken manner: “Father, when Bai Lao brought me back to the Holy Emperor City, didn’t you say that you would recruit a relative within a thousand years? – Now It’s only been a hundred years, why are you recruiting for me!?”

Yin Ran hates it!

Hate her father for not keeping his word! She also hates her father for not giving Xu Ming time to grow up!

The city lord of the Holy Emperor said indifferently: “At the beginning, I said, within a thousand years; instead of having to wait for a thousand years! I asked Bai Lao to help deduce it. After eighteen years, it is your destiny to recruit a relative. The most favorable arrangement!”

favorable?

Yin Ran just wanted to scold in his heart: It's good to be a fart!

It is impossible for Xu Ming to have the strength to recruit relatives at such an early stage! It is even more impossible to win from recruiting relatives!

"Anyway, I won't marry unless Xu Ming!" Yin Ran had already made up his mind secretly.

If it wasn't Xu Ming who won in recruiting relatives, then Yin Ran would rather die!

"No!" Yin Ran shouted evenly, "Father, you promised a thousand years back then! I must have a thousand years before I am willing to recruit relatives!"

"Xiao Ran..." The city lord of the Holy Emperor shook his head and sighed, "Don't you know your situation? If you recruit a relative one day later, it will be a little more dangerous..."

"I don't care!" Yin Ran was also very stubborn.

"Hey..." The Holy Emperor City Lord sighed and said, "No need to say more, it's settled like this! I have even sent out the announcement to recruit relatives; I'm just here to tell you!"

"Father..." Yin Ran was anxious.

"Xiao Ran..." The city lord of the Holy Emperor turned and left, leaving only Yin Ran's vicissitudes of life behind, "In the future, you will naturally understand that father and I have good intentions!"

"But father!" Yin Ran shouted evenly. "Do you know, my troubles! ? "

But at this time, the city lord of the Holy Emperor had already left; no matter how Yin Ran shouted, he could not get any response.

In the end, Yin Ran could only kneel in agony on the cold ground, looking extremely haggard and pitiful.

“Am I really unable to resist fate?”

From the moment of birth, Yin Ran has been under the shackles of fate, unable to resist! Her life can only be pushed by fate.

I originally thought that the last time I escaped from the Holy Emperor City, I had escaped the shackles of fate. But now, Yin Ran found that the shackles of fate seemed to lock her even tighter!

“Do not-”

No one could hear Yin Ran’s cry.

...

Of course, Xu Ming, who was far away in the Yanyan Continent, did not know Yin Ran’s situation at the moment.

Chapter 1069: To Spread Falsehoods

Of course, Xu Ming, who was far away in the Yanyan Continent, did not know Yin Ran’s situation at the moment.

...

half year later.

The Yanyan Divine Mountain, which spans hundreds of millions of miles, is still like an endless sea of fire, burning the entire land.

The appearance of the mountain has been like this since ancient times.

However, if you feel it carefully, you can find that the coercion emanating from Yanyan Sacred Mountain is much more terrifying than before. This is because...Xu Ming and Lu Qing, after

“snatching” a large number of treasures, took out a lot of formation materials and rearranged the formation of the entire Yanyan Sacred Mountain!

Formation together, to put it bluntly, is a road to burn money!

As long as there are enough materials for the formation, even if the formation is a little weaker, a very powerful formation can be arranged!

Under the wrath of Lu Qing, who spared no expense in saving resources, the mountain protection formation of Yanyan Sacred Mountain is ten times more powerful than before! Now, even if the previous lineup of God Emperor Baili came to make another offense; for a moment and a half, it would never be possible to break through this great formation!

...

In the Yanyan Mountain, there is an atmosphere of “arrogance” everywhere.

Every god’s face is full of pride! – Before, when the army of the Emperor Baili came to attack, the gods of the Yanyan Mountain, although they did not contribute much at all, were directly put into the world ring; but now, the Baili Tower has been destroyed, These gods who did not contribute, naturally feel honored!

This kind of “honoring with honor”, expressed in the expression, is... arrogant and triumphant!

However, no matter how arrogant and complacent these gods were, when they saw Xu Ming, they immediately bowed down and became very flattering; the smile on their faces was even more beautiful than the blooming chrysanthemums. tender and beautiful.

“Brother Ming!”

“Brother Ming! Please!”

The gods of Yanyan Sacred Mountain, as soon as they see Xu Ming, will immediately give way to the side of the road carefully, giving the entire road to Brother Ming to go. At the same time, he would keep nodding and bowing at Brother Ming.

No wonder these gods are so flattering! —You must know that for the vast majority of the gods in Yanyan Sacred Mountain, Yanyan Sacred Mountain is their home! Although they are in the world ring, they don't know the specific process of the battle; but I also heard from Lu Qing that it was Xu Ming who turned the tide and saved their homeland!

These gods are naturally grateful to Xu Ming who protects his homeland.

and...

The gods of Yanyan Mountain, because they don't know the specific process of the battle, of course they don't know that Xu Ming "summoned" hundreds of \*\*\*\*\* emperors to help fight! They also thought that Xu Ming had marched into the enemy army alone and swept over a dozen \*\*\*\*\* emperors and thousands of conferred kings by himself!

One against a thousand! ?

Thinking of this, the gods couldn't help but make up for this great battle on their own! -Although they didn't see Xu Ming's shot, they had already imagined Xu Ming's invincible image in their hearts!

"Sweeping over a dozen \*\*\*\*\* emperors and thousands of conferred kings with one's own strength... Brother Ming's strength must be terrifying!"

"It's heartbreaking to think about!"

"It's unimaginable!"

"Could it be that Brother Ming is the master of the realm who came to live in seclusion in the Yanyan Mountain? Usually, he doesn't show his strength, and only shows his strength in a critical moment?"

"Brother Ming's demeanor is the demeanor of a real master!"

...

Hearing these incessant touts and discussions, Xu Ming was really drunk: “I have never swept over a dozen \*\*\*\*\* emperors and thousands of conferred kings. How did you figure it out?”

However, Xu Ming didn’t bother to explain, and they just misunderstood them there – after all, if Xu Ming told the truth and said that he had summoned hundreds of \*\*\*\*\* emperors; then, it would definitely be more troublesome to explain!

Xu Ming’s “no explanation” fell into the eyes of the gods of Yanyan Sacred Mountain, and it became... Xu Ming acquiesced to the scene they made up!

“Brother Ming has acquiesced!”

“The battle scene we imagined seems to be very close to the truth!”

“Too strong! Brother Ming definitely has the strength to dominate the realm!”

Immediately, the entire Yanyan Mountain went up and down, more firmly believing that Xu Ming was the master of the reclusive realm!

As a result, the gods of Yanyan Sacred Mountain became more and more arrogant and proud.

Only Lu Qing, who knew the truth, hid in the corner and secretly watched Xu Ming’s “joke”.

...

I have to say, the power of “referring to falsehoods” is extremely terrifying!

The fact that “Xu Ming is the master of the realm” quickly spread throughout the entire Yanyan Continent at a terrifying speed.

“What!? God Emperor Baili led a dozen \*\*\*\*\* emperors and thousands of kings to attack the Yanyan Mountain?”

“God Emperor Baili is so powerful?”

“The Yanyan Sacred Mountain must be destroyed, right?”

“The Yanyan Sacred Mountain is only a \*\*\*\*\* emperor, and he can’t stop such a strong power!”

“What!? It wasn’t the Yanyan Sacred Mountain that was destroyed, but the Baili Tower? In the Yanyan Sacred Mountain, there was a hidden master of the realm ‘Xu Ming’? – Tell me about the battle at that time. What’s the scene like!”

...

Of course, there will also be a “slight” deviation in the process of “referring to falsehoods”.

Yes, “a little” deviation!

“What!? God Emperor Baili turned out to be a master? Moreover, he led thousands of \*\*\*\*\* emperors to attack the Yanyan Mountain?” In a restaurant in Chilie Mansion, countless diners listened in horror. The storyteller of God’s Domain said there, “How is it possible! We don’t have thousands of God Emperors in the entire Yanyan Continent, right?”

The storyteller of God’s Domain looked resolute: “How many masters are hidden in Yanyan Continent, how do you know? – Shut up and listen to me!”

“Yes, yes, please keep talking!”

“Go on!—God Emperor Baili, oh no, Lord Baili brought so many \*\*\*\*\* emperors, he must have easily destroyed the Yanyan Mountain, right?”

“No!” The God Realm storyteller smiled meaningfully, “When Lord Baili and the thousands of \*\*\*\*\* emperors arrived at the Yanyan Mountain! A terrifying big hand suddenly appeared in the Yanyan Mountain; With the palm of his hand, he will shoot the Lord Baili and the thousands of \*\*\*\*\* emperors to death!”

“what!?”

“what!?”

“how is this possible!?”

“Nothing is impossible!” God’s Domain Storyteller I said just now, how many masters and powers are hidden in Yanyan Continent, how do you know! —As far as I know, this terrifying big hand was shot by a saint who lived in seclusion in Yanyan Mountain! Legend has it that the sage’s name is ‘Xu Ming’. Since the beginning of the world, he has been living in seclusion in the Yanyan Mountain, so he has not been known. Now, the sage Xu Ming has killed the ruler of Baili and thousands of gods. His reputation was only known to us ants! ”

“Oh...”

“It is so!”

All the ants could not help but worship the mysterious “Saint Xu Ming”.

...

Palace Master Chile actually learned the “truth”.

“What!? Xu Ming is actually a master of the realm!?” Palace Master Chile was so frightened that he almost rushed to the Yanyan Mountain to apologize to Xu Ming.

Chapter 1070: Familiarity

Palace Master Chile was so frightened that he almost rushed to Yanyan Sacred Mountain to apologize to Xu Ming.

However, Palace Master Chile is not a brainless person; he believes in anything he doesn’t hear.

“That’s not right!” Palace Master Chile was very puzzled, “I’ve seen this Xu Ming before! His style and actions are nothing like a reclusive master of the realm!”

“and...”

“Back then, God Emperor Baili and I made things so difficult for Xu Ming! If he was really the master of the realm, I’m afraid he would have shot and killed us at that time!” Palace Master Chilie remembered that before, he set up a plan for Lu Qing. The “Hongmen Banquet”.

After thinking about it, Palace Master Chilie felt that there were various signs that Xu Ming could not be the master of the realm!

“But... if the rumors are false, Xu Ming is not the great master of the realm; then, why did God Emperor Baili, as well as more than a dozen other \*\*\*\* emperors, and thousands of conferred kings die in the Yanyan Mountain? Can’t come back at all?”

Palace Master Chilie was a little confused.

But there is one thing that Palace Master Chilie can be sure of—there is definitely an extremely terrifying power hidden in the Yanyan Divine Mountain!

At this time, Palace Master Chilie couldn’t help but feel remorse in his heart: “I chose to help God Emperor Baili, but stood on the opposite side of God Emperor Yanyan, what a huge mistake!”

But now, it is too late to regret it; all that Palace Master Chilie can do is to try his best to make up for his relationship with God Emperor Yanyan.

“It seems that I have to bring my sincerity and visit the Yanyan Sacred Mountain! Although, it will be very shameful to do so; but, a man must be able to bend and stretch!” Palace Master Chilie comforted himself.

...

Endless Continent.

The power of the human race has already flourished to the extreme.

For today's human race, there are no external troubles at all; however, there are many internal worries – large and small forces, fighting endlessly! The battle between the forces will naturally make many people at the bottom of the human race lose their lives.

For these battles, Xu Ming, who is the absolute controller of the Endless Continent, sees it all in his eyes, but never interferes.

It is the rule of heaven and earth that the weak eat the strong. Although Xu Ming has a way to make the Endless Continent stop all killings, he will not do it. After all, only in the slaughter can geniuses and strong men emerge.

In Xu Ming's independent space.

In the depths of a certain frozen mountain range, there is a cold pool, curling and transpiring cold air.

The endless cold air pervades the air, and the smoke waves are vast, as real as fantasy, like a fairyland.

A slender figure, standing pretty on the edge of the cold pool, does not eat human fireworks. It was Gu Hanmo.

“Alas...” Gu Hanmo sighed quietly, “After so many years, despite Xu Ming's careful guidance and the assistance of many precious resources, my cultivation is still only a demigod; It's still a long way off...”

Gu Hanmo's talent, to be honest... very poor!

Of course, the good and the bad are relative terms.

At the beginning, in Feiyun Kingdom and in the Wilderness Sect, Gu Hanmo's aptitude was naturally peerless and independent; except for Xu Ming, no one could match her.

However, compared with the top geniuses of the entire human race, Gu Hanmo's aptitude is really ordinary, and it can even be said to be poor.

As a result, although Xu Ming devoted a lot of energy to Gu Hanmo, her cultivation was still progressing slowly.

Gu Hanmo is also in a hurry!

“Or... I’d better use a drop of the essence of the gods and demons!”

However, Gu Hanmo knew that Xu Ming would not let himself use the essence of gods and demons.

The essence of gods and demons has advantages and disadvantages.

The advantage is that any demigod who uses it can become a god; the disadvantage is that it will have an impact on future cultivation! – Xu Ming will not let Gu Hanmo use it if it will have a slight adverse effect on Gu Hanmo in the future!

Xu Ming will only use the best for Gu Hanmo!

“Hey...” Gu Hanmo had no choice but to shake his head secretly, “Let’s find a way to fully understand the mystery of heaven, and work hard to become a \*\*\*\*\* as soon as possible!”

Gu Hanmo sat down with his knees crossed and was about to close his eyes to practice. Xu Ming’s Qi Luck clone suddenly appeared.

“Uh? Xu Ming, why are you here?” Gu Hanmo said in surprise, “Didn’t you say that keeping me isolated from the world in this ‘Frozen Divine Kingdom’ will help my cultivation! If you come here now, wouldn’t you fight? Cut off my practice?”

The Frozen Kingdom of God is a treasure of cultivation aid purchased by Xu Ming in God’s Domain. It can help practitioners, bring their minds into a state of tranquility, and improve the efficiency of Heavenly Dao perception! The longer this state of tranquility is maintained, the more efficient the practice will be.

But Xu Ming’s sudden appearance broke Gu Hanmo’s peaceful state.

Xu Ming smiled and said, “Although the Frozen Divine Kingdom is a good treasure for cultivation, it is only a mortal thing! In the Divine Realm, it is not difficult to buy! And now... I have a better treasure for cultivation, and I want to give it to you. you!”

“What is it?” Gu Hanmo had anticipation in his eyes.

Xu Ming turned his hand, and a drop of crystal clear water appeared in his hand.

This drop of water, without the slightest breath, is just as ordinary as an ordinary drop of water; however, the entire world seems to be reflected in the drop of water!

“What is this!?” As soon as Gu Hanmo saw this drop of water, he was completely attracted.

“Chaos Primordial Liquid!” Xu Ming did not explain in depth, but said directly, “If you absorb it, it will be of great benefit to your cultivation!”

“Really?” Gu Hanmo was about to take it, but suddenly, her hand froze slightly and asked, “Xu Ming, isn’t this drop of Chaos Primal Liquid very precious?”

precious?

If it is really precious, this drop of Chaos Primal Liquid is enough to cause the sage to be jealous!

However, no matter how precious the treasure is, as long as it is used by Gu Hanmo, Xu Ming will not feel distressed at all.

“It’s okay! It’s a good treasure for cultivation!” Xu Ming said casually – he was afraid that Gu Hanmo would be reluctant to use it if he revealed the true value of the Primal Chaos Liquid.

“Oh...” Gu Hanmo took the Chaos Primal Liquid suspiciously.

“You can cultivate here!” Xu Ming said, “I will keep an eye on you in the dark!”

Saying that, Xu Ming immediately disappeared and left.

Gu Hanmo held this drop of incomparably miraculous chaotic primordial liquid and looked at it carefully. Unconsciously, there was a trace of doubt and confusion in her eyes.

“Why I feel... familiar with this drop of water!”

Yes, familiarity!

As if familiar.

However, it is only “as if”!

After all, Gu Hanmo would never have seen Chaos Primal Liquid! Even if the value of the entire endless continent is added together, it is not as precious as one millionth of a drop of Chaos Primordial Liquid!

Then, Gu Hanmo solemnly and slowly introduced the drop of Chaos Primal Liquid into his body.

Bang!

Immediately, Gu Hanmo’s whole body felt a sense of brilliance. Her skin was already breakable; now, it is crystal clear to the extreme.

Clearer than water!

“What an amazing feeling!”

Gu Hanmo was completely immersed in the feeling of absorbing the primordial fluid of chaos.
