## Chapter 1171: 1 Gun Power

“What a nice view...”

Under this beautiful shot, Li Xiujie was at a loss; his murderous killing move naturally collapsed directly.

In this way, Li Xiujie was exposed to Xu Ming’s spear without any defense!

“hiss-”

Many masters of the master realm took a breath of cold air in horror.

“What a poignant shot! What a weird shot! – Even Li Xiujie, who was half-dominating the realm, couldn’t keep his mind and lost himself in an instant!”

“I don’t know... How powerful is this shot!”

“The power shouldn’t be very strong! Otherwise, it will make people lose their minds and have a terrible power; then, isn’t this trick incomprehensible?”

No solution?

That’s right!

Xu Ming’s ultimate move “Life and Death” is almost incomprehensible!

The only downside is that the “life-and-death” backlash is too strong, killing one thousand enemies and losing eight hundred; if the opponent is not Li Xiujie, Xu Ming generally would not use this move!

At this time, facing Li Xiujie on the \*\*\*\*\* sea battle platform, Xu Ming would not be soft-hearted – even if he paid some price!

Li Xiujie wanted to kill Xu Ming in one move, why didn't Xu Ming want to kill Li Xiujie in one move?

But now, Xu Ming is clearly superior!

boom!

The reincarnation spear penetrated directly into Li Xiujie's divine body! The power of "birth and death" burst out!

boom! !

Under the endless power, Li Xiujie's divine body was almost instantly annihilated! The incomparably dazzling white light made it difficult for the masters to see the situation on the battlefield.

"How's it going?"

"what happened?"

The rulers narrowed their eyes and looked at the center of the white light under the extremely dazzling white light. They could not use their mental power to investigate the situation on the Bloody Sea Battle Stage; because doing so would affect both sides of the war.

...

The dazzling white light gradually faded away.

When the gods watching the battle saw Xu Ming and Li Xiujie clearly again, they were horrified to find that Li Xiujie's divine body was almost completely annihilated!

The inside of the divine body has been destroyed so that not a single particle is left, and only a skin as thin as a cicada's wings is left! To describe it in one sentence – it feels like my body is being hollowed out!

Oh, not “feeling”, but “really” hollowed out!

If it wasn't for a layer of golden light that protected Li Xiujie's outer skin, so that he still had the last trace of particles not annihilated; then now, Li Xiujie is dead!

But in the entire divine body, there was only such a thin layer of particles left, which made Li Xiujie run out of fuel! It seemed that just one more attack would be able to completely kill Li Xiujie.

but...

However, Xu Ming knew that killing Li Xiujie was not that simple!

“This layer of golden light...” Xu Ming looked at Li Xiujie, who had only one layer of skin left, the golden light emitting from his body, “Above this layer of golden light, there seems to be the breath of a saint! Could it be because of this mysterious golden light? , So, I couldn't use the ‘Book of Life and Death’ to kill Li Xiujie last time?”

After thinking for a while, Xu Ming said, “Xiaohang, help me investigate, can you use the ‘Book of Life and Death’ to kill Li Xiujie?”

Xiaohang quickly replied: “No!”

“Oh?” Xu Ming became more and more certain that this layer of golden light on Li Xiujie's body was definitely not simple; he was also more and more certain that Li Xiujie's body might be hiding a lot of secrets!

“Even the ‘Book of Life and Death’ can't kill Li Xiujie, which means that Li Xiujie has some kind of method that is almost immortal! Then, if I continue to attack Li Xiujie, it is probably in vain!” Xu Ming secretly said.

If Xu Ming has a way to kill Li Xiujie, then the “Book of Life and Death” can definitely kill Li Xiujie. If you can’t even kill the “Book of Life and Death”, it means that Xu Ming has absolutely no way to kill Li Xiujie.

“What life-saving means is hidden on Li Xiujie?” Xu Ming could not imagine.

However, Xu Ming estimated that the secrets that Li Xiujie hid should only be used to save his life, not to attack; otherwise, Li Xiujie would not be so embarrassed!

“try again!”

Swish!

Xu Ming teleported and appeared directly beside Li Xiujie.

“The Five Forms of Reincarnation... Heaven Collapsing!”

rumbling...

A form of absolute power crushing.

In Li Xiujie’s state at the moment, there is absolutely no way to avoid this shot!

boom!

The reincarnation gun smashed Li Xiujie directly and smashed Li Xiujie out of the battlefield; however, it failed to cause any further damage to the extremely weak Li Xiujie—it was as if he was smashing a tortoise shell.

“Sure enough!” Xu Ming thought to himself, “With the protection of this layer of golden light, I can’t kill Li Xiujie at all!”

“Forget it!” Since he knew that he couldn’t kill him, Xu Ming didn’t bother to do anything useless.

Moreover, the “life-and-death style” killed one thousand enemies and lost eight hundred, and Xu Ming was attacked. At least half of the divine body was annihilated, leaving less than 50% of the “particles”. With such a serious injury, Xu Ming may have to spend a lot of effort to recover as before.

“I won’t be able to kill Li Xiujie today, so let’s do it first!” Xu Ming secretly said, “There are still more than ten years before the official start of the marriage! When I improve my strength, I will see if there is a way to kill Li Xiujie!”

In fact, Xu Ming wanted to kill Li Xiujie in front of countless gods in front of him when he was recruiting relatives.

“The power of the Blood Sea Battle Stage!” Xu Ming raised his head and said solemnly, “Have I won this battle?”

“Forget it! Forget it!” The magnificent voice who presided over the Blood Sea Battle Stage said quickly. Obviously, he has not completely recovered from the shock.

The other masters and experts who were watching the battle also woke up like a dream and reacted – it turns out that the battle is over!

“hiss-”

There was a loud snort of cold air all over the place.

“Too tyrannical!”

“horrible!”

“With just one shot, he almost killed Li Xiujie, who ranked first on the Peerless Beauty List!”

“Yeah! If it wasn’t for that mysterious golden light protection, Li Xiujie would definitely have died!”

“Is this Xu Ming’s true strength!?”

The power of a shot the gods are shocked!

At this moment, no one questioned Xu Ming's strength again!

How to question?

Even Li Xiujie, who ranked No. 1 on the Peerless Beauty List, relied on a mysterious life-saving method to avoid being killed in one shot! – With such strength, who can question it? Who dares to question?

“Xu Ming's stunning shot just now is a move that kills one thousand enemies and damages eight hundred, but in terms of power, he has already stepped into the level of dominance!”

“It's so scary!”

The most frightening is undoubtedly the Cantian who had just played against Xu Ming!

Can Tian's face was bewildered, and cold sweat broke out: “Fortunately, when Xu Ming and I were fighting for life and death, they didn't use that amazing move; otherwise... I'm afraid I won't even have time to take out the death pardon, and I would have been killed in seconds. Luckily...”

Chapter 1172: Xu Ming's Name

A few days later, the latest issue of the peerless elegance list was announced.

Number one, Xu Ming!

Second place, Long Peng!

Third place, Can Tian!

...

Xu Ming has no suspense on the list of peerless elegance.

And Li Xiujie, who was originally ranked first, although relying on his life-saving trump card, saved his life under Xu Ming's mighty shot, but his divine body was almost annihilated, and he had completely lost his combat effectiveness.

The wall fell and everyone pushed.

The geniuses on the peerless elegance list challenged Li Xiujie one after another.

And Li Xiujie didn't dare to fight – after all, even if he was protected by the mysterious golden light, he was just an undead tortoise; if he stood on the \*\*\*\* battle stage, he would definitely be humiliating himself.

In the end, the unlucky Li Xiujie was directly squeezed out of the peerless beauty list!

“Damn it!” Li Xiujie gritted his teeth.

Being squeezed out of the peerless elegance list is undoubtedly a great shame for Li Xiujie!

Moreover, what is even more painful is that Li Xiujie was injured so badly that his divine body was almost annihilated; even if he used all kinds of healing treasures at all costs, he might not be able to restore his strength to the original before the start of the recruitment!

In other words... For the next ten years, Li Xiujie will spend his time in healing; it is impossible to have time to participate in the peerless elegance list competition! In other words, Li Xiujie will never be on the peerless elegance list again!

Poor Li Xiujie, who has only been on the “No. 1 in the peerless beauty list” for a year, will never be on the peerless beauty list again!

“It's all Xu Ming! It's all Xu Ming who has the same name and surname as Xu Ming!” Li Xiujie was furious.

Until now, Li Xiujie didn't know: Xu Ming who destroyed him with a single shot on the Bloody Sea Battle Stage was actually the same person as the incomparably weak Xu Ming on the Endless Continent a hundred years ago!

...

Leisure Cloud Tower.

Inside the Holy Emperor City, there is a very clean tea house. It is also a place where the powers of the gods like to gather.

"The genius who ranks first on the latest peerless elegance list is really shocking to me!" A master with long blue hair and a face like a crown of jade couldn't help but sigh.

"You mean Xu Ming, right?" Immediately there were other masters who responded, "It's really appalling! It almost killed Li Xiujie with one shot! If it wasn't for the life-saving treasure on Li Xiujie's body, the younger generation of the Li family would be the only person who had inherited the family's inheritance. , I am afraid I will die on the blood sea battle stage!"

"If Li Xiujie really died like this! I think the head of the Li family could cry and faint!"

"Isn't it! Haha..."

"Originally, I thought that with Li Xiujie's strength, it would be impossible for the younger generation of God's Domain to have a genius who is comparable to him! But I didn't expect that Xu Ming, who was born in the sky, would crush Li Xiujie with one shot! – God's Domain The younger generation of this generation is really talented!"

"Could it be because that Xu Ming's age is much older than Li Xiujie; that's why he can win Li Xiujie so easily?" You Da Neng questioned.

In Divine Realm, the younger generation is a very wide range; under one billion years old, they are called the younger generation!

Li Xiujie is considered very young among the younger generation; if Xu Ming is as high as several hundred million years old, or even close to a billion years old, then, in the eyes of the great powers, it is not a big deal that Xu Ming can defeat Li Xiujie in seconds.

“Master Ripples, that day, you were watching the battle at the Blood Sea Battle Stage; tell me, how old is Xu Ming?” said the master with long blue hair.

Master Ripple thought for a while and said, “I can’t tell the exact age; however, Xu Ming’s aura of life is very young, very, very young! – I’m sure that his age is definitely younger than Li Xiujie!”

“What? Younger than Li Xiujie? Impossible!?”

“It may not be possible, then, at the city lord’s marriage ceremony, you won’t know!” Master Ripple laughed, “Since Xu Ming is going to hit the peerless elegance list, then in all likelihood, he is going to participate. Hiring!”

“Yes! Haha!”

“If Xu Ming is really younger than Li Xiujie, that would be terrifying!”

...

Tea House.

It is a relatively ordinary tea house in the Holy Emperor City.

At this time, there were many geniuses at the king level, surrounded by a strong young man.

The faces of these king-level geniuses are full of admiration; and this sturdy young man has a face full of arrogance.

If Xu Ming was present, he would definitely recognize this strong young man; because this strong young man was the “Brother Pangang” that Xu Ming met when he first came to the underground city!

“Big Brother Pangang!”

“Big Brother Pangang!”

The surrounding geniuses were all shy and called Pan Gang “Big Brother”.

“Big Brother Pangang, I heard that you and Xu Ming have a good relationship?”

“Presumptuous!” Pan Gang’s face sank, and he shouted, “My brother Xu Ming’s name is taboo, and you can call it whatever you want? – I remember it, I want to call it ‘Brother Ming’!”

“That’s right! It’s Brother Ming! It’s Brother Ming!” The king-level genius who had spoken before repeatedly admitted his mistakes.

Pan Gang saw that the other party had a good attitude in admitting his mistake, so he didn’t bother to care about it, and resumed his arrogant expression: “Brother Xu Ming and I, it is a relationship between brothers and brothers!”

Immediately, the adoring faces around him became more and more adoring of Pan Gang.

And Pan Gang, also appeared to be more and more bullish.

“Big Brother Pangang!” At this time, another genius said flatteringly, “You also know that with strength and background like ours, it is impossible to win in the recruitment of relatives; the reason why we are here to participate in the recruitment of relatives is just to show ourselves. See if there is any chance, and worship the master as a teacher! – You and Ming brother, that is the relationship between brothers and brothers; and Ming brother, you know a lot of master masters! Look, can you invite Ming brother to go out? , let him recommend and recommend for us, so that we have more opportunities to be masters and master the power?”

“Well...” Pan Gang couldn’t help but feel guilty for a while – he and Xu Ming did call each other brothers and sisters; but that didn’t mean how familiar he and Xu Ming were!

Pangang is very self-aware and knows that in his own capacity, it is still a bit unqualified to ask Xu Ming for help!

But... the compulsion has already been pretended! If I tell the surrounding kings now, I can't ask Xu Ming to help me; then, wouldn't Pan Gang be very embarrassed?

So, Pan Gang thought for a while, got an idea, and said, "Brother Xu Ming is preparing for the marriage recruitment, day and night cultivating hard! You should wait until the marriage is over, then go and talk to me Xu. Brother Ming!"

Pan Gang said this, but he was actually thinking: "Fuck them first! After the marriage is over, I will find a way to change other words!"

The reason why Pangang did this is because his vanity is at work, and the second is because... pretending to be forceful is really a very cool thing! He... pretends to be addicted!

How can the surrounding king-level geniuses think that Pangang is actually pretending to be coercive; after listening to Pangang's "promise", they all believe it and worship Pangang more and more – Big Brother Pangang is really amazing! Even Brother Ming will sell Big Brother Pangang's face!

...

As soon as the latest peerless elegance list came out, Xu Ming's name exploded in the Holy Emperor City like an explosion!

In the entire Holy Emperor City, from the ruler to the ten-star gods, almost everyone knows that a genius named "Xu Ming" was born!

At the same time, with the Holy Emperor City as the center, the name of Xu Ming quickly spread to the entire Thunder Continent and even the entire God Realm!

Chapter 1173: You Came!

Holy City.

City Lord's Mansion.

The power center of the entire Holy Emperor City is also the power center of the entire Thunder Continent.

“Huh? Xu Ming?”

Inside the city lord’s mansion, a mighty middle-aged man looked at the latest ranking of the peerless elegance list; on his angular face, his thick eyebrows could not help but wrinkle slightly.

This middle-aged man is Yin Ran’s father, the City Lord of the Holy Emperor!

“Old Bai, I remember that when Xiao Ran accidentally teleported to the world of dust, the young man he knew seemed to be called Xu Ming, right?” The City Lord of the Holy Emperor couldn’t help but said.

“Yes! It’s called Xu Ming!” Bai Lao laughed.

“Huh?” The Holy Emperor City Lord became more and more surprised, “It’s the same person!?”

Bai Laodao said, “Should... not!”

The city lord of the Holy Emperor was a little puzzled: “Yes, yes, no! Why do you say ‘should not’?”

“Because...” There was a hint of disbelief in Old Bai’s cloudy eyes, “I can’t find out the cause and effect of Xu Ming, who is number one on the peerless elegance list!”

“What!?” The city lord of the Holy Emperor was horrified, “With your achievements in the cause and effect, Old Bai, you can’t find any cause and effect in him?”

You must know that in the entire Divine Realm, under the saints, Bai is always on the karma line, and has the highest attainments!

Even Elder Bai can’t calculate the cause and effect... It’s unbelievable!

“Could it be... This Xu Ming has a background of saints?” The City Lord of the Holy Emperor couldn’t help but said.

With the means of a saint, it is indeed possible to cover up a person’s cause and effect, so that Bai Lao can’t detect it.

“I don’t think so!” Bai Lao shook his head and said, “There are only a few saints in God’s Domain! If Xu Ming really has a background of saints, then there must be some traces! In my opinion, this Xu Ming should be a coincidence. What treasures have you obtained to cover up cause and effect!”

“Well...” The City Lord of the Holy Emperor pondered, “Maybe!”

Bai Lao thought about it, and then said: “City Lord, this Xu Ming should also be here to recruit relatives! Look...”

The City Lord of the Holy Emperor fell into contemplation: “This Xu Ming, if he has a saint background, he can still be considered! But now it seems that it is almost impossible for him to have a saint background; if Xiaoran is entrusted to him, he has no ability to protect Xiaoran. !”

Bai Lao also frowned: “Indeed!”

...

The latest issue of the peerless elegance list naturally passed to Yin Ran.

“The number one ranking is probably Li Xiujie again!”

Yin Ran boredly opened the peerless elegance list.

In fact, Yin Ran didn’t want to see these names on the peerless elegance list at all; however, every time a new peerless elegance list came out, she would take a look. After all... the names on the peerless elegance list are likely to be related to Yin Ran’s future destiny!

Of course, the most important thing is that Yin Ran looks forward to seeing miracles on the peerless elegance list!

Although, the possibility of miracles is very small, very small; it can even be said that miracles are impossible at all! But...she doesn't want to give up either!

The peerless elegance list opened.

Then...

Yin Ran's expression instantly turned petrified!

After a long time, Yin Ran looked at the name ranked No. 1 on the peerless elegance list, and murmured in disbelief, "Xu...Xu Ming!?"

Yin Ran's whole person is dazed.

"how is this possible?"

"how can that be!?"

"Am I dreaming? Or is it dazzling?"

But do gods dream? – It's hard! Unless, caught in the illusion.

Are you finished? – This is even more impossible for the gods!

but...

The word "Xu Ming" ranked No. 1 on the peerless elegance list is so incredible to Yin Ran! Even Yin Ran thought that he was dreaming, or that he was dazzled, but he couldn't believe that what he saw was real!

Really can't believe it!

However, Xu Ming's name was clearly placed in front of her!

"Looks like it's really Xu Ming's name!" After a while, Yin Ran dared to believe his eyes.

But at this time, Yin Ran couldn't help but think, "Could it be... is it someone with the same name and surname?"

Yin Ran couldn't believe it again and again that the number one on the peerless elegance list was her Xu Ming, which was actually quite normal! After all... Ranking first on the peerless elegance list, I am afraid he has the strength to dominate half a step; and a hundred years ago, Xu Ming was only a Taoist master, not even a demigod! – Even if Xu Ming's cultivation speed is fast, in just a hundred years, he has transformed from a Taoist master to a half-step master, is it possible?

Anyway, in Yin Ran's view, this is completely impossible! Even if Xu Ming once again exceeded her expectations!

"It must be the same name and surname!" Yin Ran sighed faintly.

Although he clearly knew that "it can't be her Xu Ming", Yin Ran couldn't help but instruct the maid to go to the Battle Stage of the Blood Sea to find Xu Ming's battle image.

In the Holy Emperor City, the City Lord's Mansion undoubtedly has great power.

Soon, the shadow of Xu Ming's battle on the \*\*\*\* sea battle platform was sent to Yin Ran.

Yin Ran reprimanded the maid, opened the battle shadow, and watched.

Her mental power had just sunk into the battle shadow before she was stunned.

"he..."

What Yin Ran saw in the battle shadow was a completely unfamiliar face and a completely unfamiliar temperament; however, two clear tears hung directly on her cheeks.

“He’s Xu Ming!” Although Xu Ming put on “disguise”, Yin Ran was very sure.

This is a kind of spiritual resonance! Beyond the causal order! – No matter how high Bai Lao’s attainments are in the field of cause and effect, he can’t tell whether “this Xu Ming” is “this Xu Ming”; and Yin Ran, who is still only a demigod, not even a god, but can be sure at a glance, “he It’s Xu Ming!”

It was Xu Ming, who lived and died with her on the Endless Continent!

He is also the only man Yin Ran identified in this world!

“Absolutely him!”

“Absolutely!”

One more look, Yin Ran will be more certain!

The battle shadow begins to play.

The first game is Xu Ming against Pangang!

One-shot defeat!

In the second game, Xu Ming played against the Mad Dog Ban Di!

Kill with one hand!

The third game is Xu Ming against Tan Bo Bandi!

One-shot defeat!

“Ha!” Yin Ran smiled after watching the three battles in a row.

She remembered that Xu Ming’s title on the Endless Continent was the “God of Palm”! Even the fanatical admirers of the Palm God Xu Ming have established an alliance called the Palm God Alliance!

“From the Endless Continent to the God’s Domain, Xu Ming’s habits have not changed at all!”

It’s still a “palm” without a word!

Of course, Yin Ran also knew that this was Xu Ming’s unique way to tell her “I’m here”!

In the fourth battle, Xu Ming confronts the Emperor of Meteorite!

“The Five Forms of Reincarnation... Heaven Collapsing!”

Seeing this, Yin Ran is already a million percent sure that this is her Xu Ming!

Because Yin Ran had seen Xu Ming’s battle in the inferior city of Golden Crow; at that time, Xu Ming had performed “Heaven Collapse”! Moreover, at that time, Xu Ming did not put on “camouflage”, but “appeared without makeup”!

“I know, you are here!”

A touch of tenderness appeared on Yin Ran’s face.

Chapter 1174: Yan Yan Dominates

The battle shadow continues to play.

When Yin Ran saw that Xu Ming almost killed Li Xiujie with a single shot, it was both shocking and... distressed!

Yes, it hurts!

“How much hardship Xu Ming has to endure and how much he has to pay to have such strength in just a hundred years...” In Yin Ran’s opinion, as much as you want to get, you have to pay as much! As for Xu Ming, his strength has undergone such an earth-shaking change; then, the price he paid must be unbelievable!

In Yin Ran’s mind, words such as “soul sacrifice” and “blood sacrifice” could not help flashing.

“Could it be... Xu Ming even sacrificed himself to a certain saint as a servant for me to gain power...” Yin Ran couldn’t help but think about it.

But actually...

Yin Ran’s distress, worry, and cranky thoughts are completely unnecessary!

In the past 100 years, Xu Ming seems to have never endured hardship at all, but... relying on plugins, he slapped his face everywhere...

...

Xu Ming’s name also spread to the Yanyan Continent.

Yanyan Mountain.

Lu Qing looked curiously at the avatar left by Xu Ming: “Xu Ming! Xu Ming! The super genius ‘Xu Ming’ who was born in the Holy Emperor City and caused a sensation in the God Realm, is it you?”

The latest issue of the peerless Fenghua list is really hot!

Even Lu Qing had heard of Xu Ming’s name.

However, because Lu Qing had only heard about Xu Ming's reputation, and had not seen Xu Ming's battle shadow; therefore, she could not be sure whether Xu Ming, who was famous in God's Domain, and the Xu Ming in front of her were the same person.

If Lu Qing was allowed to see the shadow of the battle, then she would definitely be able to confirm it directly! After all, Xu Ming's "Five Forms of Reincarnation" was created under Lu Qing's sparring training; Lu Qing could recognize Xu immediately as long as he saw the two styles of "Break in the Sky" and "Life and Destruction". Ming.

Xu Ming smiled without saying a word, as if to say: Guess!

Lu Qing immediately understood: "Good you Xu Ming, you are amazing! You have made such a big name in the Holy Emperor City, and you didn't even say a word to me!"

"Hehe!" Xu Ming said with a low smile, "No matter how famous and loud I am, I can't compare to 'Yan Yan Master'!"

Yes!

Yan Yan dominates!

Lu Qing's cultivation base was already at the level of a \*\*\*\* emperor, reaching the pinnacle realm; she also had the Primal Chaos Essence Liquid given to her by Xu Ming. !

God Emperor Yan Yan, directly upgraded to become the master of Yan Yan!

"Okay Xu Ming, you actually made fun of me!" Lu Qing pretended to be angry.

"How dare! How dare!" Xu Ming continued to laugh.

At this time, Lu Qing's expression gradually became serious. She looked at Xu Ming solemnly: "Xu Ming, thank you for your Chaos Primal Liquid!"

"Don't, don't!" Xu Ming exclaimed exaggeratedly, "Don't be so serious, I'm afraid!"

Are you afraid?

“Pfft!” Lu Qing couldn’t help laughing, unable to maintain his previous serious face.

At this moment, Yue Xin hurried over: “Master!”

Lu Qinglian put away his smile and asked earnestly, “Yuexin, what’s wrong?”

Yue Xin continued: “Master of the Fire Snake, looking for you on Xutian Island!”

Xutian Island is an island in the virtual world, which is equivalent to a private site in the “Imaginary World”.

“The Fire Snake Ruler!?” Lu Qing’s face was ugly.

The Lord of Fire Snake is the city lord of the largest divine city in Yanyan Continent, “Fire Snake City”, and is also the leader on the bright side of Yanyan Continent. In the absence of the saint, the affairs of the Yanyan Continent are usually presided over by the fiery snake.

Before, Lu Qing felt that it was very strange that God Emperor Baili invaded Yanyan Sacred Mountain just to capture the Burning Heaven Peak. So, he reported it to the Fire Snake Lord, hoping to attract the attention of the Fire Snake Lord.

Unexpectedly, the Fire Snake Master not only did not pay attention to this matter, but also asked Lu Qing to be his “concubine”!

“Master of the Fire Snake!” Xu Ming’s face was also ugly, and his eyes flashed with murderous intent.

“Master of the Fire Snake, why did you come to our Xutian Island?” Lu Qing was a little depressed. However, the Lord of Fire Snake came to him in the virtual world, and Lu Qing could not avoid it.

“Let’s go and have a look!” Lu Qing got up and said.

“I’ll go with you!” Xu Ming said.

“No! I’ll go alone!” Lu Qing was used to facing these things alone.

“I’ll go with you!” Xu Ming’s tone was calm, but he was domineering and could not be refuted.

“Then... okay!” Lu Qing hesitated, but agreed.

“But...” Lu Qing said again, “Although the Fire Snake Lord is in the same realm as me, but the strength of the Fire Snake Lord is by no means comparable to me! It is said that... the Fire Snake Lord has reached the level of The realm of ‘quasi-saint’ is only one step away from the realm of real saints!”

The Domination Realm can be further subdivided into: Dominate the Beginner, Dominate the Middle, Dominate the High, Dominate the Peak, Dominate the Peak, Dominate the Limit, Half-Saint, Sub-Saint, Quasi-Saint!

The existence above the semi-sage is qualified to be called “one step away from the saint”!

However, semi-sages and sub-sages are only “supposedly” one step away from saints; to truly reach the realm of saints, one still has to take two or three steps. And the quasi-sage, but it is “true” one step away from the saint, not “proclaimed”!

Like a fiery serpent master, he is a quasi-sage; and Lu Qing, only the weakest master at the first level—the strength gap between the two sides, it is not an exaggeration to describe it as “a world of difference”!

“I know!” Xu Ming naturally knew the strength of the Fire Snake Lord.

Quasi-Saint?

So what?

It really annoyed Xu Ming. Once the “Soul Possession” was hung up, it was just a matter of a few drops of Chaos Primal Liquid to kill the Fire Snake Lord!

Of course, if he could not use the chaotic primordial liquid, Xu Ming would try his best not to use it; because... in Xu Ming's opinion, the life of a fire snake is far less valuable than a drop of chaotic primal liquid.

"When the time comes, just look for the Lord and don't talk!" Lu Qing said to Xu Ming again.

The Fire Snake Lord visited Xutian Island, and it was obvious that the visitor was not good; Lu Qing was naturally a little worried about this! —After all, her strength and status are far inferior to that of the Fire Snake Lord; facing the Fire Snake Lord she has almost no right to speak.

"Don't worry! I know what to do!" Xu Ming smiled meaningfully.

While speaking, Xu Ming, Lu Qing, and Yue Xin had already arrived at the virtual world.

The three entered the virtual world, and their consciousness was directly connected to the virtual island of Yanyan Mountain.

boom!

In Xutian Island, a domineering and strange aura pervaded.

As soon as Xu Ming entered Xutian Island, he saw a fiery red monster figure sitting on the largest throne on the island! —This throne represents the seat of the leader of the Yanyan Mountain, which is also the seat of Lu Qing! Even Xu Ming would not sit there!

The fiery red monster figure is the master of the fire snake.

As soon as he saw the three of Xu Ming coming in, he snorted coldly: "Who asked you to bring men in? You—"

The Master of Fire Snake pointed at Xu Ming: "Get out of here immediately!"

Chapter 1175: Dare To Come, Die!

“Get out of here immediately!”

Xu Ming was stunned for a moment, and then he felt his palms are itching – this fiery snake master is completely looking for smoke!

Lu Qing seemed to have sensed Xu Ming’s reaction, and even said in a voice transmission, “Xu Ming, don’t be impulsive!”

At the same time, Lu Qing looked at the Lord of Fire Snake, his face as cold as water: “Master of Fire Snake, here is the virtual island of my Yanyan Mountain!”

Lu Qing’s meaning is very clear – this is my territory, and you can’t tell me what to do!

Xu Ming’s face sank slightly, but he still endured it. He intends to first see what the Fire Snake Lord wants to do.

“Heh!” A trace of killing intent flashed between the eyes of the fiery snake master, and he said in a strange tone, “Master Yanyan!”

When he said the word “master”, he emphasized his voice.

“Yan Yan is the master. Now that he has broken through to become the master, his temper has grown a lot! How dare you talk to me like this!”

“Master of the Fire Snake, I...” Lu Qinglian wanted to explain something.

The Fire Snake Master waved his hand and interrupted directly: “Forget it! My lord has a lot, and I don’t have the same knowledge as you! – I’m here this time for other things!”

“Master of the Fire Snake, please speak!” Lu Qing said.

After all, the Fire Snake Lord is a “quasi-saint” existence, and Lu Qing is naturally very jealous of him.

Lord Fire Snake smiled strangely and said, “Master Yan Yan, last time, I told you that I would give you a chance to be my concubine—why have you never given me an answer to this matter?”

Concubine!

Lu Qing’s face changed suddenly – she originally thought that the matter of “serving concubine” could be dragged and dragged; but unexpectedly, the master of the fire snake came to the door specially for this!

Xu Ming’s face became more and more gloomy – of course he also remembered that Lu Qing had told him about the “concubine”; although Xu Ming never went to trouble with the fiery snake master, it did not mean that he had forgotten about it. ! It’s good now, before Xu Ming could kill him, the Fire Snake Master took the initiative to bring his face close to him!

“Master of the Fire Snake, I...” Lu Qinglian wanted to say something.

“You don’t need to say it!” The Fire Snake Lord interrupted again domineeringly, “It’s your honor to be my concubine! I am coming to your Xutian Island now, just to inform you that I will choose a good day and auspicious day. , come to your Yanyan Sacred Mountain in person, and marry you to become my concubine! And you, just stay in the Yanyan Sacred Mountain and wait for me to marry you!—By the way, don’t think about resistance, with your strength, even if you become a concubine! If you are the master, I don’t even pay attention to it; don’t even think about running away, the Divine Realm is so big, even if you hide in the deepest part of the Asura Sea, I can easily find you!”

Lu Qing’s face suddenly turned pale.

At this time, Xu Ming smiled. Laughed weirdly.

“That’s right!” Suddenly, the Fire Snake Master pointed at Yuexin and said, “Is this your maid? Not bad! When the time comes, I’ll come with you as a dowry!”

“What!?” Yue Xin’s face suddenly turned pale.

“Hahahahahaha...” The Fire Snake Master laughed smugly and proudly.

However, he was only halfway through laughing...

Snapped!

A slap that appeared out of nowhere was directly slapped on the face of the Fire Snake Lord.

The laughter stopped abruptly.

In the virtual island, there is silence.

"I..." The Fire Snake Lord looked at the bright red palm print on his face, and was immediately stunned.

"This..." Lu Qing and Yue Xin were also stunned – they didn't realize what happened.

Xu Ming was calm, and he turned on the "forced slap in the face" and slapped him twice.

Snapped! Snapped!

There were two more palm prints on the Fire Snake Lord's face.

At this moment, the master of the fire snake finally reacted: "Boy... it's you!?"

When questioned, the Fire Snake Lord still couldn't believe it. After all, he couldn't imagine how Xu Ming could slap him; even if it was an illusory island, an illusory world, and even if the fire snake dominated here, it would not be able to exert much strength.

Xu Ming said indifferently: "Yes, it's me!"

"You... seek death!" The Fire Snake Lord is like a volcano about to erupt. If this place is not a virtual island and cannot exert his strength, then the master of the fire snake has definitely killed Xu Ming.

At this moment, Lu Qing finally came back to his senses.

“Xu Ming actually... slapped the Fire Snake Lord...” She felt that a catastrophe was imminent.

Lord of the Fire Serpent!

The bright face of the Yanyan Continent!

The existence of “quasi-saint” level!

As a result... in Xutian Island, was Xu Ming slapped in the face? Moreover, one draw is three slaps!

Snapped! Snapped! Snapped!

Really crisp! It sounds so good!

Lu Qing didn't know how Xu Ming managed to dominate the face of the fire snake; all she knew was that something big happened! The sky is about to fall!

really-

boom!

The Lord of Fire Snake stood up directly and was about to leave Xutian Island.

“Boy! I won't imprison your soul, torture for hundreds of millions of years, until the realm of the gods collapses, I, the master of the fire snake, swear to be human!” The master of the fire snake has a killing intent. However, he is still sensible, knowing that there is nothing easy to do in Xutian Island; he plans to return directly to the real world of God's Domain, then kill Yanyan Mountain and capture Xu Ming, “You wait for me! Don't be so scared and commit suicide. , otherwise, it would be meaningless!”

“Ha!” Xu Ming sneered disdainfully, “I’ll be waiting for you at Yanyan Mountain! If you dare to come, you will die!”

Xu Ming was also really angry, and decided to kill the Fire Snake Lord at all costs!

“Okay! Very good!” The Fire Snake Lord left Xutian Island with a bang.

...

“Xu Ming...” Lu Qing was stunned – she never thought that things would suddenly develop like this.

But Lu Qing also knew that even if Xu Ming didn’t break down with the Fire Snake Master, the outcome of the matter would probably not be much better! —Let her be the concubine of the Fire Serpent Lord? This is absolutely impossible! And if you don’t be a concubine and resist the coercion of the Fire Snake Lord, you will still be in trouble with the Fire Snake Lord!

It’s nothing more than a question of “early collapse” or “late collapse”! The only difference is that this incident was originally only Lu Qing’s own business and would not involve Xu Ming; but now, Xu Ming has been dragged into the water.

“What should I do now...” Lu Qing was a little at a loss – the Fire Snake Master is too strong! So powerful that Lu Qing couldn’t resist!

“Escape?” This thought flashed through Lu Qing’s mind, but it went out in an instant – as the Fire Snake Lord said, God’s Domain is so big, where can she escape?

Lu Qing was really desperate!

Can’t resist!

Can’t escape!

To be a concubine? – But for Lu Qing, trampling on her own dignity and becoming a concubine... She would rather die!

And now, even if Lu Qing is willing to trample on his own dignity for Xu Ming's sake and endure humiliation as a concubine; however, the Fire Snake Master can't let Xu Ming go! – After all, the Fire Snake dominates, but was slapped three times by Xu Ming!

How can it be good to be slapped in the face of a quasi-sage?

“What to do...” Lu Qing really couldn't think of any way.

In the end, she had no choice but to look at Xu Ming and Yuexin in desperation: “Or... let's kill ourselves before the Fire Snake Lord descends on the Yanyan Sacred Mountain...”

Chapter 1176: Heart Is The Only One

“Or... let's kill ourselves before the Fire Snake Lord descends on the Yanyan Sacred Mountain...”

In Lu Qing's opinion, when the Fire Snake Lord descends on the Yanyan Mountain, they won't even have the chance to commit suicide! Suicide is better than being captured alive by the fire snake, and then subjected to all kinds of \*\*\*\* and torture, right?

“Suicide?” Xu Ming was speechless, “I didn't say, as long as the Fire Snake Lord dares to come, he will die!”

Lu Qing said with a strange expression: “Xu Ming, the fiery snake master, but a quasi-sage!”

“I know!” Xu Ming said lightly.

“You know, you're still...” Lu Qing paused for a while, but couldn't help but say, “You're still talking nonsense?”

Xu Ming looked at Lu Qing without explaining anything.

After a while, Xu Ming said, “Lu Qing, do you believe me?”

Lu Qing also looked at Xu Ming and said, “Trust!”

“Okay then, you can wait with me!” Xu Ming said, “If the Fire Snake Lord doesn’t come, he will die! If he dares to come to the Yanyan Mountain, he will die!”

“This... okay!” Although Lu Qing couldn’t imagine where Xu Ming came from, he still chose to believe it.

...

Fire Snake City.

The first divine city in the Yanyan Continent; at the same time, it is also the lair dominated by fire snakes.

boom! !

The murderous aura dominated by the fire snake instantly enveloped the city.

The gods in the entire city of God seemed to feel that the sky was falling, and they all fell to the ground and shivered in fright.

“hateful!”

“Damn it!”

Inside the crimson palace, the Fire Serpent Lord roared frantically. The terrifying serpentine flames swept furiously in the palace; those concubines, servants, and male pets who were affected were instantly turned into ashes.

“Too nasty!!”

The dignified quasi-sage existence was actually slapped in the virtual sky island! – Can the Lord of Fire Snake not be so angry?

“kill!”

“Kill the Yanyan Divine Mountain!!”

But... the Lord of Fire Snake was about to dispatch to kill Yanyan Mountain, but hesitated again.

“The Yanyan Sacred Mountain is extremely important to the master. If I kill the Yanyan Sacred Mountain now, if the master’s plan is ruined...” Thinking of this, the Fire Snake Master couldn’t help shaking his entire body.

If he sabotaged the master’s plan, even if he died 10,000 times, he would still be to blame!

Thinking of this, the originally furious Fire Snake Lord calmed down instantly, as if being poured into a basin of ice water.

“Don’t be impulsive! Don’t be impulsive! – When to kill Yanyan Sacred Mountain, we still have to wait for the master’s arrangement!”

In fact, the reason why the Fire Snake Master wanted to take Lu Qing as his concubine was to help his “master” to find an excuse to kill Yanyan Mountain! His plan can be said to be flawless – if Lu Qing agrees to be a concubine, he will be able to go to the Yanyan Mountain in the name of marriage; if Lu Qing refuses to be a concubine, he will be able to kill the Yanyan Mountain!

And now, the Fire Snake Master was beaten in the face by Xu Ming, and he had even more excuses to kill the Yanyan Mountain.

“Wait!” The Fire Snake Lord thought calmly, “When the master’s orders come down, I will kill the Yanyan Mountain!”

Now, not yet.

...

Time passed slowly.

half year later.

On the Yanyan Mountain.

Xu Ming was a little speechless: “It’s strange! Didn’t the Fire Snake Master want to kill me and capture my soul, imprison me and torture me? But... what about people? Why didn’t he kill him?”

Could it be that the Fire Snake Lord will only speak ruthlessly? In fact, don’t dare to come to Yanyan Divine Mountain at all?

But it’s not realistic either!

The existence of a dignified quasi-sage should not be frightened by Xu Ming, right? – After all, it is impossible for the Fire Snake Master to know what exactly Xu Ming has in his cards, and there is no need to be afraid of Xu Ming!

Lu Qing was also very speechless – I was frightened for more than half a year, but the fire snake dominated and let the pigeons go?

“Humph!” Xu Ming thought to himself, “Since the fiery snake master didn’t mess with me, let him live for a while longer!”

If it is not a last resort, Xu Ming really doesn’t want to waste the primordial fluid of chaos to open the “soul possession” hanging. After all, the Chaos Primordial Liquid is too precious; and, once it is used up, Xu Ming has no idea how to get it again.

...

Holy City.

Xu Ming’s foothold.

“call...”

Xu Ming's ancient cultivator clone opened his eyes for the first time after more than half a year of seclusion: "The divine body has finally fully recovered! Besides, there is still a little progress!"

Half a year ago, on the Bloody Sea Battle Stage.

Xu Ming used the "life and death style" and almost killed Li Xiujie with one shot; and he himself paid a lot of money! – Performing the "Birth and Destruction", causing more than half of the damage to the divine body! After using a lot of healing treasures, it took half a year to recover.

"The ultimate move 'Life and Destruction' should be used sparingly in the future!" Xu Ming couldn't help thinking to himself.

The "birth and death style" is fierce, but it is too traumatic! – Use it once, lie down for half a year! The price is too high!

"It's more than ten years before the official start of recruiting relatives; it's enough to raise my cultivation by one or two levels!"

Thinking about it, Xu Ming took out the chaotic vitality and energy crystal, and prepared to continue to practice the ancient cultivator school!

Xu Ming originally wanted to use another drop of Chaos Primal Liquid; however, the effect of Chaos Primal Liquid was too strong, and if he continued to break through his cultivation base rapidly, it would easily lead to unstable foundations, which would be detrimental to Xu Ming's future cultivation. Therefore, Xu Ming is going to use Chaos Primordial Qi and energy crystals to practice first, to consolidate his foundation.

At the same time, in the Endless Continent.

Xu Ming's qi luck flow clone has already digested all the qi luck plundered from Mojiang God Emperor! – The avatar of Qi Luck is infinitely far away from the avatar of the ancient cultivator; one is in the dust world, and the other is in the realm of the gods. However, Xu Ming's deity, as well as the luck, thinking, perception, etc. of several major clones are completely synchronized!

The ancient cultivator's clone plundered the luck, in fact, it was equivalent to the plunder of the luck of the luck flow.

After all, Xu Ming's three avatars are like three extra arms on the body of the deity; however, these three arms are not connected with the deity, but are "cut" from the deity, outside Act alone.

And... even if Xu Ming upgrades the plug-in in the future and opens the "unlimited clone" link; at that time, there will be hundreds of millions of clones, and it is even possible that hundreds of millions of clones will act independently! However, the essence of hundreds of millions of clones is Xu Ming's "heart".

No matter how many avatars there are, the heart is the only one.

Xu Ming is also the only one!

Of course a person has billions of avatars, and, billions of avatars are all the same thoughts – this kind of thing is absolutely unimaginable for mortals! Even the current Xu Ming, it is difficult to imagine such a mysterious scene.

"Unexpectedly, after digesting the Qi Luck of God Emperor Mojiang, my Qi Luck Clone suddenly broke through to the half-step Feng Wang Xiuwei..." Xu Ming was secretly surprised, "Also, this is because of the skills I cultivated. Fa "Reverse Fate", the grade is not high enough, and I only practiced the entry; therefore, I couldn't swallow up how much luck of the Mojiang God Emperor, and most of the luck was 'recycled' by heaven and earth! Otherwise! , if I can devour most of the Qi Luck of the Mojiang God Emperor, I am afraid that my Qi Luck clone will be much more than that!"

Even Xu Ming wanted to say – the luck school, if it really went into a frenzy, it would be really scary!

No, the original most backward avatar of luck flow, the cultivation base suddenly surpassed the deity of the cultivating faith school, and the avatar of Tiandao flow, second only to the avatar of the ancient cultivator.

"Since Qi Yunliu's clone is free, let's practice the Chaos-level exercise "Slaughter World"!"

"Slaughtering the World" is exactly the cultivation method of the Qiyun school! – It is an "evil art" that relies on constant killing, plundering other people's luck, and transforming it into its own luck!

## Chapter 1177: Recruiting Opens

blink of an eye.

more than ten years.

In the past ten years, the peerless elegance list has been updated more than ten times. There is no suspense that Xu Ming will always be in the first place.

At first, every time when the peerless elegance list was updated, Xu Ming would go to the Blood Sea Battle Stage, waiting to be challenged! – After all, according to the rules, if you don't show up when the peerless elegance list is updated, then you will be directly sentenced to lose if you are challenged!

Of course Xu Ming would not give up the “first” ranking to others, so for the first few years, Xu Ming went to the Blood Sea Battle Stage once a year.

However, after going a few times, Xu Ming stopped going! -Because, every time I went to the Battle of the Sea of Blood, no one dared to challenge Xu Ming; it was Long Peng, who was ranked second, and Can Tian, who was ranked third.

Seeing that no one dared to challenge Xu Ming every time, the Half-Saint of Blood Sea changed the rules a little so that Xu Ming would not have to be present every time; if someone really wanted to challenge him, just come over! – In this way, in the next ten years, Xu Ming never went to the Blood Sea Battle Stage again; and his ranking has always been the first in the peerless elegance list!

A well-deserved first!

...

Whoa!

The ancient cultivator's clone suddenly opened his eyes. The eyes are radiant and sharp.

“Time...it's almost time!”

What Xu Ming was referring to was naturally... the day to recruit relatives is coming soon!

boom!

Xu Ming stood up abruptly, a tyrannical aura filled his body.

More than ten years ago, Xu Ming's ancient cultivator clone was already at the peak of Fengwang's cultivation base; his strength was comparable to that of an ordinary half-step master, and when he used the "life and death style", his attack even stepped into the realm of mastery. threshold!

More than ten years later, Xu Ming will not stand still. Today, the cultivation base of the ancient cultivator's clone has reached the half-step \*\*\*\*\* emperor, and he is only a little closer to entering the emperor level; his strength has already stepped into the threshold of the \*\*\*\*\* realm!

Now, if Xu Ming confronts Li Xiujie again, he doesn't need to use the "birth and death style" at all, and he can almost kill Li Xiujie with a random move! – Of course, Li Xiujie has a mysterious trump card to protect him, Xu Ming can only injure him at most, but he can't kill him.

"Mysterious hole card?" Xu Ming was a little disdainful, "Sooner or later, I will kill Li Xiujie!"

sooner or later!

"Get ready, go to the City Lord's Mansion!"

Xu Ming turned his hand over, and a golden jade letter appeared in his hand.

The golden color on the letter talisman is a entrenched golden dragon; the jade part is a phoenix spreading its wings. There is a special aura that cannot be imitated on the entire letter talisman.

This letter talisman was obtained by Xu Ming when he signed up to recruit relatives in Chile Mansion. With this letter talisman, he was qualified to participate in the recruiting.

Xu Ming looked at Jinyu Xinfu, as if looking at Yin Ran.

“I’m here!” he whispered.

“That’s right!” Xu Ming suddenly thought to himself, “The matter of recruiting relatives must not be missed! To prevent accidents, let me transfer another clone over here!”

Which avatar to call?

The clone of the ancient cultivator is already here.

The avatar of Tiandaoliu wants to sit in the Yanyan Mountain and bring the fire snake master to kill.

The deity of cultivating the school of belief must sit in the dust world and independent space.

The only thing that is still idle is the avatar of Qi Luck!

“Then make the Qiyunliu clone and transfer it here!”

The “coordinate transmission” was opened, and it directly connected the two extremely distant coordinate points of the Holy Emperor City and the Endless Continent. Xu Ming’s Qi Luck clone was silently transmitted directly to Xu Ming’s world ring.

“In the future, my ‘heart world’ will grow; when the deity and the three avatars communicate with each other, there is no need to open ‘coordinate teleportation’ to hang up! Directly through the heart world, you can transmit to each other!”

The world of the heart, ethereal and nothingness, exists in the invisible.

The heart world of the deity and the three avatars is actually the same heart world! The deity is immortal, and the world of mind will never collapse.

“Set off!”

...

The City Lord's Mansion of the Holy Emperor City is incomparably huge, and its range is measured in "billion miles"!

The square outside the City Lord's Mansion is naturally vast.

At this time, thousands of emperor-level geniuses and tens of thousands of king-level geniuses had gathered in the square, waiting to enter the venue to participate in the recruitment. Of course, the vast majority of them did not really come here to recruit relatives; instead, they wanted to take this opportunity to show their strength in front of the gods, hoping to be accepted as a pro-inheritance.

"Big Brother Pangang!"

"Big Brother Pangang!"

When Xu Ming first entered the dungeon, the sturdy young man "Pangang" he met was surrounded by hundreds of king-level geniuses.

"Big Brother Pangang, why hasn't Brother Ming come yet?"

Of course, these king-level geniuses didn't really admire Pan Gang; they wanted to climb up Xu Ming's relationship through Pan Gang.

Although Pangang appeared to be very imposing on the surface, he was actually beating a drum in his heart! – After all, he wasn't sure, when he saw Xu Ming, whether Xu Ming would still call him a brother; if Xu Ming didn't treat him, then his face would be completely lost.

However, on the surface, Pan Gang still pretended to be very familiar with Xu Ming: "Isn't it normal that my brother Xu Ming hasn't come yet? – The more powerful the character, the later he will of course be!"

"It makes sense!" The geniuses suddenly realized – of course, they have to wait for Brother Ming here, is it possible that Brother Ming should wait for them here?

At this moment, an ordinary figure appeared on the edge of the square.

This figure is very ordinary, but it is eye-catching.

“Brother Ming!”

“It’s Brother Ming!”

“Brother Ming is here!”

...

All the geniuses who had heard of Brother Ming’s legend, or had seen Brother Ming’s action, all exclaimed;

“Big Brother Pangang, Brother Ming is here, why don’t you go up?” asked a flattering genius.

“Uh...” Pan Gang hesitated for a while, then gritted his teeth, went up to meet him, smiled and clasped his fists, “Brother Xu Ming!”

While saying hello, Pan Gang prayed in his heart—Brother Xu Ming, you have to give me face!

Xu Ming didn’t put on any air, and smiled and cupped his fists: “Brother Pangang!”

The group of little brothers who were flattering around Pan Gang were immediately excited! – Big Brother Pangang and Brother Ming really are brothers! If we follow Big Brother Pangang, we will definitely be able to climb up to Brother Ming!

“Brother Pangang, you are here too!” Xu Ming laughed.

Xu Ming didn’t feel much disgust about Pan Gang’s coming to recruit relatives; after all, Pan Gang was not aiming at recruiting relatives.

After chatting with Pangang a few words Xu Ming’s eyes, he observed on the square! -Although Xu Ming doesn’t think that there is any genius who can threaten him in the process of recruiting

relatives; however, this recruiting is too important for Xu Ming, Xu Ming does not dare to be sloppy!

“Hey—” Suddenly, Xu Ming’s eyes fell on a black-clothed youth in the distance, “Isn’t this person the ‘Meng He’ I rescued in the Lei Ling Mountains?”

Xu Ming can recognize Meng He, but Meng He can’t recognize Xu Ming! – After all, Xu Ming is now wearing a “camouflage” hanger, disguising his figure.

The eyes continued to scan.

However, Xu Ming did not find that there were any powerful new faces! – After all, Xu Ming has seen all the great geniuses on the peerless elegance list.

At this moment, there was an exclamation in the distance. The eyes of many geniuses turned to a huge team walking towards the square.

There are hundreds of people in this team, and all of them are geniuses at the level of God Emperor!

In the middle of hundreds of emperor-level geniuses, surrounded by stars like the moon, it is Li Xiujie!

Chapter 1178: See You Forever

“Li Xiujie!” A murderous intent flashed in Xu Ming’s eyes.

However, Li Xiujie had a mysterious protection card; even if Xu Ming opened the “Book of Life and Death” at all costs, he could not kill him for the time being.

But Xu Ming is not in a hurry! – Li Xiujie, he must be killed; it’s just a matter of “sooner or later”.

Of course, Li Xiujie also discovered Xu Ming. In his eyes, hatred was mixed with murderous intent, and he was full of anger.

“Xu Ming!” Li Xiujie looked at Xu Ming and transmitted his voice indifferently, “This City Lord’s Mansion is where you died!”

“Heh!” Xu Ming laughed, and said with a voice transmission, “You can’t even take a single move from me. Where did you get the confidence to say such a thing? Could it be that it’s just the rabble around you?”

Li Xiujie was surrounded by hundreds of emperor-level geniuses; however, in Xu Ming’s view, \*\*\*\* emperors with ordinary strength were indeed just a mob.

“Humph!” Li Xiujie snorted coldly, “It’s useless to talk too much! See you on the battlefield!”

battlefield?

Xu Ming narrowed his eyes slightly and said in his heart, “It seems that Li Xiujie knows some rules for recruiting relatives; among them, there is likely to be a competition.”

Know the rules, so what?

No matter what kind of rules, Xu Ming will crush them with absolute strength!

...

Talents from all sides gather.

The peerless elegance list, as well as a group of geniuses on the potential list, appeared one after another. Xu Ming also saw some people he had seen before—for example, the loyal-looking young man he met at the Shensha River not far from the Holy Emperor City.

Of course, the young Zhongliang couldn’t recognize Xu Ming. After all, Xu Ming now has a “camouflage” link.

The auspicious time is coming.

Tens of thousands of \*\*\*\*\* emperors and king geniuses, holding gold and jade letters, poured into the city lord's mansion.

...

Entering the City Lord's Mansion, under the guidance of the guards along the way, Xu Ming and other geniuses entered the main hall where they were recruiting relatives.

The roof of the main hall is as vast as the sky; the entire palace is full of green mountains and green waters, and it is completely a small world.

A thick golden seat is suspended in random places above the green mountains and green waters; it looks messy, but in fact it is in harmony with the order of heaven.

In front of the countless seats is a suspended ladder leading to the depths of the cloudy sky—the depths of the cloudy sky, where the Holy Emperor City Lord and the other great powers who are watching are sitting.

“Xu Ming, your seat is over there!”

As soon as Xu Ming entered the main hall, a \*\*\*\*\* emperor sent him a voice transmission and told him the location of the seat.

The seating arrangement of the geniuses is determined according to the ranking of the peerless elegance list and their respective identities and backgrounds. Xu Mingxiong has been ranked “No. 1” on the peerless elegance list for more than ten years, and his seat is naturally arranged in the best position in the front.

And Li Xiujie was “not far” from Xu Ming.

It is said to be “not far”, but the whole palace is too vast; even the two closest seats are thousands of miles away.

After all the geniuses were seated, above the clouds, a mighty middle-aged man stood up – the Holy Emperor City Lord.

With a smile on the face of the Holy Emperor City Lord, he said in a loud voice: “Welcome all the geniuses to the City Lord’s Mansion to participate in the marriage invitation! Please sit down for a while, and after the spectators are seated, I will come to announce the rules of the marriage invitation!”

After the Holy Emperor City Lord finished speaking, he sat back in his seat.

After a while, above the clouds, there appeared the figures of the masters.

An elder of the ruler of the Holy Emperor City stood with his hands over his shoulder, and his voice resounded throughout the palace:

“The Master of Time and Space is here—”

“The Lord of the Void Heaven is here—”

“The slaughter \*\*\*\*\* is quasi-sacred—”

“The pavilion master of all things is here—”

...

Each and every one of the great powers is a giant of the power of the God’s Domain.

“The ancestor of the Yehenara clan has arrived—”

“Yehnara Zuyi?” Xu Ming looked at the burly figure in black robe – in fact, Xu Ming had no intention of feuding with the entire Yehenala clan, let alone with Zuyi quasi-sage; but... it seems to have already settled !

Zu Yi’s eyes glanced at Xu Ming if there was nothing in sight! -Although Xu Ming has put on “camouflage”, the mark of Yehenala’s enemy on his body cannot be disguised!

...

“The sea of blood is half holy—”

Half-Saint of the Sea of Blood, has dealt with Xu Ming several times, and is somewhat familiar.

“Ripple dominates to—”

“Cloud dominates to—”

...

“Master Yun?” Xu Ming was slightly startled.

Master Yun is Yun Ning’s father!

Back in the Yanyan Continent, Yun Ning pestered Xu Ming and insisted on apprenticeship; although in the end, Xu Ming still did not accept him as his apprentice, but he taught him some of the mysteries of “The Five Forms of Reincarnation”—although he had no apprenticeship, But there are teachers and students.

And Master Yun is said to be a super existence that ranks in the top ten of God’s Domain except for saints! Compared with the superpowers such as the Holy Emperor City Lord, Zuyi Quansheng, and the Space-Time Hall Master, they are only stronger or weaker!

“Master Yun is here too! I don’t know, did Yun Ning come?”

In fact, Yun Ning also came.

It’s just that on the current occasion, Yun Ning is still in the world ring dominated by Yun, and it is inconvenient to come out. After all, everyone in the audience is solemnly welcoming the master of the realm to the seat; Yun Ning is weak and obviously not qualified to show his face at this time. After all the ceremonies have passed, Yun Ning can come out of the world ring.

At this moment, Xu Ming saw that Master Yun was looking at him from a distance, and there was a smile on the corner of his mouth.

“Huh?” Xu Ming couldn’t help but wonder, “I don’t know Zhu Zhan and I, and I started a ‘disguise’ again. It’s a fake identity! – Why is Zhu Zhan laughing at me?”

Xu Ming was a little confused.

...

“Yanhua dominates-”

“The north wind dominates—”

“Patriarch Li is here—”

The head of the Li family! Li Xiujie’s father! At the same time, it is also the existence of the sub-sage level!

As soon as Patriarch Li arrived, Li Xiujie suddenly felt a bright face, and he straightened his back involuntarily.

...

One after another, the masters of the realm came and took their seats.

Powerful gathering.

The masters looked at the tens of thousands of top geniuses in the Divine Realm below, and couldn’t help but chat with each other:

“The Lord of the Holy Emperor’s marriage this time has caused a sensation in the entire Divine Realm!”

“It’s natural! The Holy Emperor City Lord is just such a precious daughter. Of course, the event of recruiting marriage must be a grand event!”

“You say... Who is the most hopeful to win from this recruitment and become the quick son-in-law of Shengdi City?”

In terms of strength, Xu Ming is undoubtedly the strongest! But... this Xu Ming suddenly appeared out of nowhere; his background and background, I’m afraid he can’t compare with Li Xiujie, Can Tian and others! ”

“Indeed! It’s not just about strength when it comes to recruiting relatives! If you have strength, but you don’t have any background or background, you’re not qualified to win!”

The masters were chatting, and the Li family suddenly smiled faintly: “You said... my son Li Xiujie’s strength is not as good as that of Xu Ming? I don’t agree!”

“Huh?” All the masters looked at the Li family in surprise – after all, Xu Ming defeated Li Xiujie in one shot, this is a well-known thing! Li Xiujie is not as strong as Xu Ming, so there seems to be no controversy, right?

“Ha!” Li Family Master smiled strangely and said proudly, “My son, Li Xiujie, has obtained the second inheritance in the family!”

Second inheritance?

The masters all looked shocked: “Patriarch Li! What is the difference between the first inheritance and the second inheritance of your Li family’s mysterious inheritance?”

These masters have never heard of a “second inheritance”! They only know that the people of the Li family will change as long as they get a family inheritance once!

“If there is really a second inheritance, doesn’t it mean that Li Xiujie has transformed twice?” the masters thought in horror.

Transforming once is already incomparably defying the sky; transforming twice...

The masters are a little hard to imagine Li Xiujie's current strength! It is even more unimaginable how high his future achievements will be.

"Heh!" Li Family Master smiled slightly, with disdain on his face, "Xu Ming? In front of my son, he's just a clown jumping on the beam! It's not worth mentioning!"

The masters did not speak, but in their hearts, they were more optimistic about Li Xiujie.

Even the Holy Emperor City Lord, hearing this, glanced at Li Xiujie in surprise.

...

Just when the rulers were shocked by Li Xiujie's strength...

A girl in a long white dress, followed by the maids, came walking on the white clouds.

The girl's skin is as crystal clear as warm jade, and her eyes are as smart and sparkling as clear springs; she is the most perfect work of God! Especially her temperament naturally exudes an attractive criminal smell.

Even many masters of the realm were slightly absent-minded when they saw this young girl.

The geniuses below the sky are even more suffocated by it!

Xu Ming's eyes fell on the girl, and he couldn't take it away!

"Yin Ran!" Xu Ming couldn't help calling softly in his heart.

At this time, Yin Ran seemed to be aware of it, and his eyes were accurately turned to Xu Ming.

Four eyes facing each other.

Although he is speechless, he seems to be thinking about it!

“Xu Ming!” Yin Ran’s slightly glittering eyes became even more endearing.

A hundred years away!

Finally, in this Holy Emperor City, at the wedding scene witnessed by countless gods... Xu Ming and Yin Ran finally meet again!

Chapter 1179: Exposed

See you forever!

Although Xu Ming was still wearing “camouflage”, he could sense from Yin Ran’s eyes that Yin Ran had recognized him!

However, the distance between the two is a little far, and there are too many masters on the scene, so it is difficult to transmit voice quietly; Xu Ming and Yin Ran can only communicate with each other with their eyes, but it is inconvenient to communicate with each other. what the tone says.

Wait until Yin Ran is seated.

Xu Ming thought for a while: “Now, I’m in the city lord’s mansion, and I’ve seen Yin Ran again; it seems... there’s no need to continue ‘disguise’ to hang up!”

The reason why Xu Ming used “camouflage” to hide his identity was mainly to avoid the attention of Zu Yi and Li Xiujie – after all, if Zu Yi and Li Xiujie found Xu Ming in the Holy Emperor City, they would definitely put Xu Ming in the Holy Emperor City. dead.

And Xu Ming came to Shengdi City to recruit relatives, not to accompany Zu Yi and Li Xiujie to fight! To avoid trouble, he disguised his identity.

And now...

It's already on the spot! With so many masters present, it is not convenient for Zu Yi and Li Xiujie to trouble Xu Ming at this time; otherwise, it would be a waste of the Holy Emperor City Lord's place!

Of course, at this moment, even if Zu Yi and Li Xiujie came to ask for trouble, Xu Ming was not afraid! On the contrary, you can just take the opportunity to open the "soul possession" and show your strength and heritage to the "old man"!

Moreover... in the face of the city lord of the Holy Emperor who is about to become his own father-in-law, if Xu Ming continues to hide his identity, he seems to be disrespectful to his father-in-law!

Therefore, Xu Ming decided to remove the "camouflage" and expose his true identity!

Thinking of this, Xu Ming no longer hesitated, and directly lifted the "camouflage" link.

In an instant, Xu Ming's appearance changed – his stern face and indifferent temperament! It was still a hundred years ago, when Yin Ran first met Xu Ming, what Xu Ming looked like!

Although Yin Ran didn't stare at Xu Ming all the time, her attention was actually always quietly on Xu Ming! Seeing Xu Ming change back to his original appearance, Yin Ran couldn't help but his eyes lit up and showed joy – although Yin Ran could recognize Xu Ming after disguise, but after all, the "original" Xu Ming looked pleasing to the eye.

...

"Um?"

The people present were all the great powers of the God Realm; they were naturally extremely sensitive to the changes in the surrounding heaven and earth. As soon as Xu Ming took off his "camouflage", all the masters and great powers immediately noticed it.

Especially Bai Lao, he is extremely accomplished in the cause and effect one! As soon as Xu Ming recovered his true body, many more "causal lines" of Xu Ming appeared in the palace; these causal lines, to Bai Lao, were like bright lights in the night, extremely eye-catching!

Bai Laolian looked at Xu Ming with a shocked expression: "What!? It's him!"

How could Elder Bai not know Xu Ming! Back then, he was the one who went to the Endless Continent and brought Yin Ran back to the Divine Realm!

Old Bai still has a deep impression on Xu Ming as a young man – perseverance and perseverance!

Moreover, Mr. Bai felt that there seemed to be an unusual story between Xu Ming and Yin Ran! But the strange thing is that with Bai Lao's achievements in the cause and effect, he could not detect what happened – it seems that there is a thick fog, covering up the cause and effect of Xu Ming; no matter how much Bai Lao probes, he can't pierce this Dense fog.

Seeing Xu Ming again now, Old Bai couldn't help but curiously and quietly performed a cause and effect investigation; however, there was no suspense, he still couldn't investigate Xu Ming's cause and effect.

“What's going on?” Bai Lao was a little puzzled, “Could it be that... Xu Ming has some hidden treasures on his body?”

only...

Old Bai didn't know that Xu Ming did not have any treasures that concealed cause and effect; the reason why he couldn't find out the cause and effect of Xu Ming was because... Xu Ming's cultivation technique, “Break the World”!

“I brought Xiao Ran back from the Endless Continent, how long has it been...” Bai Lao felt horrified when he thought about it, “In just a hundred years, he came to the Holy Emperor City from the dusty world! What's even more incredible is... just a hundred years, , has grown from a Taoist master to a strength close to that of a master!?”

Simply appalling!

However, Bai Lao also thought of a possibility: “Could it be that... he has entered a secret realm where time and space are chaotic?”

In the chaotic secret realm of time and space, even the flow of time is different from the outside world! For example, one day has passed in the Divine Realm, and a thousand years, ten thousand years have passed in the secret realm!

However, this kind of chaotic secret realm in time and space is unpredictable and very unstable; it may only exist for one or two years before it collapses directly—of course, the one or two years here refers to the one or two years of the Divine Realm; Converted to the time in the chaotic secret realm, maybe it is in units of “hundred million years”!

In Bai Lao’s view, the reason why Xu Ming has undergone such a shocking change in just a hundred years; the only possibility is that he has entered a similar chaotic secret realm.

...

“What!? It’s him!!” The City Lord of the Holy Emperor was also extremely horrified.

Although the Holy Emperor City Lord has not personally been to the Endless Continent, his energy incarnation has come to the Endless Continent! – At that time, Bai Lao burned a rune paper with complex secret patterns on the Endless Continent; the giant black face condensed in the sky was the energy incarnation of the Holy Emperor City Lord!

Xu Ming still remembered clearly, that giant black face was as huge as the sky! The black giant face has distinct edges and corners, but at that time, Xu Ming could not see its appearance no matter what.

The Holy Emperor City Lord and Bai Lao looked at each other, and both saw horror in each other’s eyes.

Immediately, the Holy Emperor City Lord also thought of a guess similar to that of Bai Lao – Xu Ming was fortunate enough to enter a chaotic secret realm! Because the flow of time in the Chaos Secret is different from the outside world; therefore, Xu Ming was able to undergo such a huge transformation in just a hundred years!

...

“What!? It’s him!!” Zhu Yi Zhunsheng was shocked and angry!

However, Zhu Yi Zhunsheng still took into account that it is now a major event for the Lord of the Holy Emperor to recruit relatives; even if he wants to kill Xu Ming, he can't openly smash the place of the City Lord of the Holy Emperor! —Otherwise, it would be equivalent to hitting the Holy Emperor City Lord in the face.

“Humph!” Zu Yi Zhunsheng thought bitterly, “Just let this kid live a few more days! However, I have to tell the Holy Emperor City Lord properly about the matter of recruiting relatives, and he must not be allowed to win! It's best! , is to let Cantian win; in this way, I have a marriage relationship with the City Lord of the Holy Emperor, which will be of great benefit to both of us!”

...

“Sure enough!” In Zhu Zhan's eyes, there was a flash of “surely”, and he thought to himself, “I watched Xu Ming's battle shadow and saw the marksmanship he used, and I had already guessed his Identity!”

After Yun Ning learned “The Five Forms of Reincarnation”, he naturally went back to his father and mentioned Xu Ming and the marksmanship that Xu Ming taught him.

When Xu Ming's name spread to the entire Divine Realm, it naturally also spread to Lord Yun's ears.

After watching the floating shadow of the battle, Master Yun guessed that Xu Ming was the “master” of his son. Therefore, he specially came from the Yanyan Continent to the Thunder Continent to support Xu Ming!

“Wait a moment, I have to say hello to the Lord of the Holy Emperor City, and let him prefer Xu Ming when choosing a son-in-law!” Master Yun thought to himself.

...

The other masters are also extremely terrified!

However, what they were horrified by was mainly Xu Ming's “camouflage technique”.

“Where did Xu Ming learn the camouflage technique? He actually deceived all our masters!”

“Yes! Among the masters, no one has seen through Xu Ming’s disguise, right?”

“It’s just against the sky!”

“It’s no wonder that Xu Ming’s cultivation level suddenly changed from the initial stage of the king to the peak of the king; now, from the peak of the king to the half-step \*\*\*\*\* emperor! – I have always wondered why Xu Ming can cultivate. So fast; now it seems that Xu Ming used his camouflage technique to disguise his cultivation!”

“Could that half-step \*\*\*\*\* emperor be Xu Ming’s true cultivation?” A master couldn’t help but said.

“Anyway, it’s definitely a king level!” Bai Lao said, “Although I can’t see Xu Ming’s causal line, I can still see that in terms of cultivation, Xu Ming’s causal line all points to the king level. Any one of them points to the emperor level!—Xu Ming is in the same level, and he can hide and change his cultivation at will, but he can deceive my perception; however, if he is an emperor level, it is impossible for him to pretend to be a king level in front of me. !”

Old Bai still has this confidence! -Although he could not accurately judge what level Xu Ming’s cultivation was at the conferred king level, he was 100% sure that Xu Ming was definitely at the conferred king level!

“Ah? Elder Bai, even you can’t see the cause and effect of Xu Ming?” The masters were horrified.

“It seems that this Xu Ming must have an extraordinary fortune!”

“Nonsense! As for the peerless genius who suddenly rises, which one has no extraordinary chance?”

...

At this moment, Li Xiujie’s eyes widened and he looked at Xu Ming like a ghost: “It’s you!!”

Chapter 1180: Rest Assured

“It’s you!”

Li Xiujie looked at Xu Ming’s face in horror, as if he had seen a ghost.

In fact, when Li Xiujie first met Xu Ming in the Holy Emperor City, he didn’t think about whether Xu Ming could be the Xu Ming from the Endless Continent; however, this idea just came up and was immediately denied by Li Xiujie. Lost! – He even believed that it was just “the same name and surname”, and he couldn’t believe that the incomparably weak little ant on the Endless Continent had grown to such a degree!

But now, Li Xiujie had to believe that Xu Ming had really come to the Holy Emperor City!

“That’s right, it’s me!” Xu Ming looked at Li Xiujie indifferently, not concealing the killing intent in his eyes.

“Um?”

The geniuses and powers present were all staring at Xu Ming; of course, they immediately sensed the killing intent on Xu Ming.

“It seems that there is definitely something going on between Xu Ming and Li Xiujie!”

“What’s the festival going to be?”

“No matter what the festival is! When there is a festival, this marriage proposal looks more lively!” Some of the masters were all privately voiced, looking forward to a good show.

“Humph!” Li Xiujie was stunned for a long time before he came to his senses; he snorted coldly and shouted through his voice, “Don’t think it’s amazing to have entered a chaotic secret realm and got some fortunes! Let me tell you what you got. In my eyes, luck is nothing at all!”

“Oh!” Xu Ming smiled without saying a word.

...

After the scene calmed down, the city lord of the Holy Emperor stood up and said a few words on the scene; then, it was handed over to Bai Lao to announce the rules for recruiting relatives.

Bai Lao Chong bowed his hands in all directions, laughed and said: “Today is the big day of my Holy Emperor City to recruit relatives; I will represent the Lord of the City and announce the rules for recruiting relatives! – The rules for recruiting relatives are very simple and are divided into three assessments. The links are assessed separately: fate, talent, background!”

fate!

talent!

background!

Xu Ming kept these three points in mind.

Talent and background are easy to understand; but what is the test of fate?

“Everyone, please be patient, I will explain myself later!” Bai Lao seemed to see the doubts in everyone’s heart and couldn’t help laughing, “These three assessment links will eventually screen out three geniuses! These three All geniuses have the opportunity to present their own betrothal gifts; the final choice of genius as the son-in-law of Chenglong is naturally up to the Lord of the City to decide! But... In the three links, the better the performance; the possibility of being selected by the Lord of the City in the end , it will definitely be higher!”

“Haha...” Many master masters laughed when they heard the words, “Saint Emperor City Lord, the assessment of your son-in-law selection is really strict!”

“If I were hundreds of billions of years younger, I would come to participate in the assessment; I’m afraid, I might not be able to become the quick son-in-law of the City Lord of the Holy Emperor!” A refined and elegant master of the realm joked.

Bai Lao smiled and said: “In the two links of talent and background, I won’t explain more about the assessment! Let me talk about it first, the first link: fate!”

“Old Bai, doesn’t this thing of fate exist in nothingness? How is this assessed?” Immediately, there was a master who was puzzled.

“Yeah! Elder Bai! Fate, there’s no way to see it, right?”

“That’s it!”

Bai Lao smiled and said: “Fate is indeed ethereal and elusive! But... we can use some side means to speculate a little about the strength of fate!”

Saying that, a piece of red crystal jade appeared in Bai Lao’s hand: “This type of crystal jade is made by me and cannot be imitated by others! – All the geniuses who participated in the recruitment are all gathered here because of fate; therefore, I will This crystal jade is named ‘karma stone’.”

Fate stone!

Because of fate, it is homophonic with “marriage”.

“Old Bai, don’t give a shit! Just tell me, what does this karma stone have to do with the karma assessment?”

“Haha!” Bai Lao laughed, “I will invite the four great masters, the Master of Time and Space, the Master of the Void Heaven, the Quansheng Tushen, and the Master of All Things, to hide the karma stone in the ‘Wanjie Island’! All the geniuses will enter together. Searching in Wanjie Island, the more karma stones you get, the stronger your karma; finally, the top 100 geniuses who get karma stones will pass the first stage and enter the second stage!”

The four great masters of the Temple of Time and Space are the top beings in the entire God’s Domain, and they are also the leaders of the four giant-level forces in the God’s Domain; if they hide the karma stone, they naturally don’t worry about leaking the hidden location.

“What?” Many great experts couldn’t help but laugh, “Old Bai, this is what you call the ‘assessment of fate’? Isn’t this an assessment of strength?”

Bai Lao smiled meaningfully: “I will also test my strength by the way!”

In fact, in the first part of the “Fate Assessment”, in addition to fate, strength, background, etc. are also assessed at the same time! – After all, the stronger the strength, the easier it is to obtain the karma stone; and if the background is strong enough, you can even mobilize other geniuses to help find the karma stone together!

All the great powers have come to understand – this first stage of the assessment is actually a chance for those geniuses who have no hope of winning from the marriage recruitment, a chance to show their strength! At the same time, it is also good for the masters who came to support him to have the opportunity to select the talents they like and accept them as disciples.

In the first stage, only one hundred geniuses can win; that is to say, there are not one in a hundred geniuses who can enter the second stage “talent assessment”!

Therefore, starting from the second link, it is no longer for the masters to choose apprentices.

...

“Fate assessment!” Xu Ming pondered secretly in his heart, “I have ‘exploration’ hanging on, and the speed of finding karma stones, others will definitely not be able to match me! – I have won the first place in this ‘destiny assessment’!”

As for the second link “Talent Assessment”...

Although Xu Ming did not know the details of the talent assessment, he was 100% confident! – After all, Brother Ming is a monster who has been on the throne of five “talented thrones”! In terms of talent, who can match him?

Only the third part, “background assessment”, Xu Ming had no clue.

No way, Xu Ming is probably the one with the least background among all the geniuses!

Although Xu Ming knew the star masters of the Heavenly Sacrifice Realm and several saints; however, the Heavenly Sacrifice Realm was not a divine realm, and it was difficult for the saints of the Heavenly Sacrifice Realm to come to the divine realm!

Although, Xu Ming was still the chosen successor of Sage Wushang; however, Sage Wushang disappeared, and it was impossible for him to stand up as Xu Ming's background.

Although, Xu Ming has seen the remnants of the sage of Huangquan; but...the sage of Huangquan has fallen for hundreds of millions of years, and even the Huangquan Temple has decayed; therefore, it is impossible to become Xu Ming's background!

Xu Ming's biggest background is himself!

"The first link and the second link, I must get the first place!" Xu Ming secretly said, "As for the third link... I can only take a step and see it!"

However, Xu Ming still has some confidence in the "background assessment" of the third link.

...

At this time Bai Lao said again: "Okay, the above are the rules for recruiting relatives! Today, please have a feast here first; three days later, the first link 'Fate Assessment' will officially begin. !"

In these three days, the four giants of the gods, including the master of the space-time hall, will help hide the karma stone. At the same time, it is also a time for the geniuses and powers who came to the meeting to chat with each other.

After announcing the various rules for recruiting relatives, the opening of recruiting relatives is over.

Yin Ran was directly taken away from the palace—for things like recruiting relatives, Yin Ran shouldn't be present for too long; he just needs to show his face at the opening.

Next, Yin Ran could only wait silently. Fate had arranged for her—the words of her parents' matchmaker, and Yin Ran had almost no decision-making power over the outcome of the marriage.

"Xu Ming! Come on!" Yin Ran was looking forward to it.

And Xu Ming gave Yin Ran a very simple look. This look contains only two words – rest assured!
