

A World 1201

Chapter 1201: Another Shot!

call out-

call out-

Xu Ming passed through one small world after another, and finally saw a familiar figure – Li Xiujie!

clap clap clap...

Li Xiujie's face still had its own sound effects. On his entire face, only the red palm prints can be seen, and it is difficult to distinguish even the facial features.

“Uh...” Of course Xu Ming saw Li Xiujie at first sight – after all, the continuous slap on Li Xiujie's face was given by Brother Ming!

“How could this poor baby be drawn like this!” Xu Ming laughed secretly in his heart.

At this time, in this small world, in addition to Li Xiujie, there are hundreds of emperor-level geniuses attached to him!

As soon as Xu Ming arrived...

rumbling—

In the whole small world, the situation suddenly surged. Above the endless sky, all the formation inscriptions are flowing; the vast coercion blocks the entire small world in an instant.

Xu Ming was expressionless and said, “Wang Kai, didn’t you say, take me to sweep away two Yehenala clansmen and **** the karma stone? Why don’t you see a Yehenala clan now? Instead, you have seen so many people from the Li family?”

“Humph!” Wang Kai immediately tore off Zhongliang’s coat, revealing a ferocious look, “Xu Ming! You dare to be an enemy of Li Shao, you don’t know whether to live or die! – Today is your day of death!”

swoosh—

While Wang Kai grinned, he suddenly retreated and fled to Li Xiujie’s side.

Xu Ming didn’t even try to stop him—a mere little ant, even if he was allowed to crawl, where could he crawl to?

“Hahahaha...” Li Xiujie laughed loudly, accompanied by the sound of a slap on his face, “Xu Ming! We finally meet again! This time, I see where you can escape! Hahahaha...”

Xu Ming deliberately pretended that he didn’t know Li Xiujie, and said blankly, “This is...?”

“I...” Li Xiujie suddenly wanted to vomit blood! It was only then that he remembered that his face had been drawn to the point of being completely faceless!

“Li Xiujie!” Li Xiujie gritted his teeth and reported himself! – And at the same time as reporting on his family, Li Xiujie’s aura was undoubtedly weakened by a lot.

“Li Xiujie?” Xu Ming pinched an increasingly surprised expression on his face, “Are you really Li Xiujie? When I saw your vitality, I couldn’t believe that you were Li Xiujie! — Right! What’s the slap on your face? What’s the matter? Are you playing with yourself?”

puff!

Li Xiujie was about to vomit blood.

Are you pumping yourself to play? -Have you ever seen such a play?

Fortunately, Li Xiujie thought that Xu Ming would be a dead person soon; therefore, his heart was a little more relaxed.

“Xu Ming!” Li Xiujie shouted suddenly, “This small world has been completely blocked by my formation! Today, you can’t fly; here is your burial place!”

“Oh?” Xu Ming glanced around and sneered disdainfully, “Just because you are a defeated general who can be defeated in seconds? And this group of rabble?”

arrogant!

The masters who watched the battle immediately gave Xu Ming the label of “arrogance”!

“Xu Ming is really arrogant, so he followed Wang Kai unscrupulously to this small world!”

“Don’t Xu Ming know that Li Xiujie has successfully accepted the second inheritance in the family, and his strength has long since changed?”

“Xu Ming has indeed defeated Li Xiujie with a single shot! But at that time, Xu Ming himself paid a huge price! – Now, even if Xu Ming uses that shot again, I am afraid that he will not be able to cause damage to Li Xiujie, whose strength has skyrocketed. How big of a threat is it?”

“Xu Ming is too self-righteous!”

“Being righteous, there is bound to be a price to pay!”

“Look!”

...

There are only a few people who still hold a optimistic attitude towards Xu Ming.

Master Yun's face was expressionless, and he secretly said in his heart: "The successor that the Sage Wushang fancy is absolutely not wrong!"

Yun Ning clenched his fists: "My master is the most powerful! – Li Xiujie? It's a fart in front of my master!"

Yin Ran watched nervously.

Everyone knows that the battle between Xu Ming and Li Xiujie will undoubtedly have a huge impact on the final result of recruiting relatives!

"Hahahaha..." Li Xiujie suddenly looked up to the sky and laughed loudly, "A defeated general who was defeated in a single shot? Xu Ming, do you still think of me as the old me? – Shibeitong three days is treated with admiration! I have accepted the family Inheritance, the strength has soared, comparable to the primary level of domination!"

boom!

Li Xiujie's aura exploded completely.

The surging power proclaimed to everyone: What is "powerful"!

However, the continuous slaps on Li Xiujie's face somewhat undermined his majesty; it made Li Xiujie's outburst look a bit funny.

"Xu Ming! Even if you use your ultimate move, you won't be able to threaten me anymore!" Li Xiujie looked down at Xu Ming arrogantly, "What else can you do to fight with me!?—Suffer to death!"

The two people Li Xiujie wanted to kill the most were Xu Ming and the mysterious master of Slap! – These two people, Xu Ming defeated him with a single shot, making him face disgrace; the mysterious existence that slapped him directly wiped his face away!

Li Xiujie didn't know that the mysterious existence who slapped him countless times was Xu Ming! The two people he wanted to kill the most were actually... the same person!

boom!

Li Xiujie burst out suddenly, and his figure shot out; the incomparably fierce killing intent instantly enveloped Xu Ming! – His killing intent towards Xu Ming has been suppressed for too long, and now it can finally explode!

“die!”

Li Xiujie completely broke out the strength of the ***** realm!

“It’s terrifying!” There were constant exclamations inside and outside Wanjie Island.

“Li Xiujie’s blow, I am afraid that even the weaker primary masters will be difficult to take! As for Xu Ming, it is even more impossible to take it!”

“Xu Ming is dead!”

...

“Ha!” Xu Ming sneered disdainfully in his heart—could it be that, in the past ten years, Xu Ming has been standing still and has not made any progress?

how is this possible!

Li Xiujie’s strength has indeed skyrocketed! However, Xu Ming skyrocketed more than him!

boom!

At this moment, Xu Ming also broke out!

“Just kill him!” Xu Ming secretly thought – he knew very well that his biggest opponent in recruiting was Li Xiujie! As long as he can suppress Li Xiujie with an absolute advantage; then, he will win most of this time!

Therefore, Xu Ming decided to defeat Li Xiujie in seconds at all costs! Let the City Lord of the Holy Emperor, let all the great powers here see their tyrannical strength to crush everything!

In this case...

“The Five Forms of Reincarnation... birth and death!”

Xu Ming’s strongest killer move!

The forbidden move of killing a thousand enemies and destroying eight hundred!

Cast again!

rumbling...

On the reincarnation gun Destroying artistic conception and rich vitality, intertwined into a gorgeous and beautiful shot!

Yes! It’s this shot!

Under this shot, the killing intent in Li Xiujie’s eyes became confused again: “So beautiful...”

boom!

The reincarnation gun was poured directly into Li Xiujie’s divine body, and the “birth and death” power burst out!

Under the endless power, Li Xiujie’s divine body was almost annihilated in an instant!

One shot!

Another shot!

Ten years ago, Xu Ming defeated Li Xiujie in seconds with just one shot!

Ten years later, only one shot is needed!

Chapter 1202: Slaughter The Li Family

“what!?”

“This is impossible!”

“Xu Ming’s strength...how could it be...”

One by one, the masters of the realm were all terrified to the extreme.

The scene at this time is very similar to the scene of the Blood Sea Battle Stage ten years ago!

One shot!

Li Xiujie’s divine body was almost completely annihilated! All rely on a layer of golden light to protect Li Xiujie’s outer skin – this is the last bit of Li Xiujie’s divine body!

“This...” The masters of the Dominion Realm watching the battle instantly became petrified.

“how so...”

“Li Xiujie has accepted the second inheritance in the family, and his strength has definitely reached the primary level of dominance! But... he was defeated by Xu Ming in one shot!?”

“Xu Ming’s shot is too terrifying!”

“Could it be... In the past ten years, Xu Ming’s strength has improved, and Li Xiujie is even bigger?”

“Impossible! – Li Xiujie has accepted the mysterious secondary inheritance of the family, so his strength has grown by leaps and bounds! No matter how fast Xu Ming’s strength has improved, how could he have the speed of Li Xiujie?”

“There is another possibility, that is... Ten years ago, the power of Xu Ming’s shot was actually offset by the golden light of Li Xiujie’s body protection; most of the power was not exerted at all! So this Once, Xu Ming was still able to defeat Li Xiujie with a single shot!” A white-bearded ruler said seriously.

“You mean... Ten years ago, Xu Ming didn’t show his full strength at all? Only now did he show his true strength?”

I have to say that the imagination of the masters of the realm is very rich! In a short moment, they imagined many explanations for “Why Xu Ming was able to defeat Li Xiujie in seconds”.

Unfortunately...

There is no explanation that is in line with the truth!

What is the truth? That is—in the past ten years, Xu Ming’s strength has improved, and Li Xiujie is even bigger!

And it’s much bigger!

“What!?” Patriarch Li was completely dumbfounded—he originally hoped that after Li Xiujie accepted the second inheritance of the family, he could find Xu Ming in the fate assessment and be ashamed! Now, Xu Ming has found it; however, instead of being ashamed, he has been humiliated again!

What a sad story!

“I...” The most ignorant, of course, is Li Xiujie! – He never thought that he would be defeated by Xu Ming in one second!

For a time, Li Xiujie didn't know how to face this reality!

Reality is so cruel...

"This..." In the small world where Xu Ming and Li Xiujie were, the other geniuses had a vague feeling that Li Xiujie was defeated by a single shot. Then, is it their turn?

Although, after Xu Ming used the "birth and death style", most of the divine body was damaged; but even so, it was still far from what other geniuses could compete with! – Xu Ming killed them as easy as slaughtering chickens and dogs!

The loyal young man Wang Kai also widened his eyes, unable to react at all. But one thing, he can be sure, that is – he is going to be miserable!

"Uh..." Xu Ming held up his spear and looked at Li Xiujie, "Sure enough, it still won't kill you! I really don't know what kind of secrets you are hiding!"

"The Five Forms of Reincarnation... Heaven Collapsing!"

boom!

Xu Ming raised his spear again and hit Li Xiujie's body with golden light; it was like hitting a tortoise shell, and it blasted Li Xiujie to the end of this small world.

"Run away!!"

I don't know who shouted.

Immediately, the geniuses under Li Xiujie's command fled to the teleportation tunnel desperately—do not escape? Are you waiting to be slaughtered by Xu Ming?

"Escape?" Xu Ming's face was hideous – since these people have the intention to kill Xu Ming, how could Xu Ming let them escape?

“If you want to kill me, be prepared to be killed!”

Swish!

Xu Ming teleported and appeared in front of Wang Kai! – In this small world, besides Li Xiujie, who would Xu Ming want to kill the most? Then there is no doubt that it is definitely Wang Kai!

Li Xiujie has a secret to protect himself, and Xu Ming can’t kill him temporarily; then, kill Wang Kai first!

“Ming...Brother Ming!” As soon as Wang Kai hit Xu Ming’s icy gaze, his legs suddenly softened.

“Humph!” Xu Ming’s eyes showed no mercy.

Speaking of which, Xu Ming had a life-saving grace for Wang Kai; at the Shensha River, if not for Xu Ming, Wang Kai would have died under the pursuit of Yehenala! However, Wang Kai not only did not know how to repay his kindness, but also helped Li Xiujie to deal with Xu Ming.

What’s the use of keeping such a white-eyed wolf?

“Brother Ming! It’s none of my business, it’s none of my business!” Wang Kai begged for mercy, “Li Xiujie forced me to do all this!”

“Forcing you?” Xu Ming sneered disdainfully, and waved his spear lightly; Wang Kai’s entire divine body was completely annihilated.

Swish!

Xu Ming teleported again and appeared in front of other geniuses.

“Xu Ming, you dare to kill me, you are the mortal enemy of my Li family!” The genius said stupidly.

“Haha! I have long been the mortal enemy of your Li family!” Xu Ming swung his spear again, killing him easily! -Ordinary emperor-level genius, in front of Xu Ming, is not a one-shot enemy at all! As long as you shoot at random, you can easily take it away.

Swish! Swish! Swish! Swish! ...

Xu Ming kept teleporting.

The genius of the Li family is constantly being harvested.

“How dare Xu Ming...” The head of the Li family was completely red-eyed – he never thought that Xu Ming would dare to kill the genius of his Li family in the fate assessment!

This is simply stepping on the face of his Li family and stomping on the ground!

“Damn it...” The head of the Li family is angry and anxious – if Xu Ming is allowed to slaughter like this, the geniuses of the younger generation of the Li family will probably be slaughtered to nothing!

However, the Li family had no way to make Xu Ming stop the slaughter. After all, this is a fate assessment, no matter what happens inside, the masters are not allowed to intervene.

kill! kill! kill!

Xu Ming slaughtered unscrupulously!

One is to slaughter the geniuses of the Li family, and the other is to get their karma stone!

As for other geniuses, Xu Ming could “just rob but not kill”; however, the genius of the Li family had to die!

“Brother Ming, spare your life!”

“Brother Ming! Let me go!”

Killing and killing, some geniuses of the Li family even began to beg for mercy.

But does begging for mercy work? —Xu Ming is not so kind now! He knew very well that if he was the weaker side, the geniuses of the Li family would never let him go; but now that he was the stronger side, there was no reason to let go of these geniuses of the Li family!

kill! kill! kill!

Massacre!

Some geniuses of the Li family even escaped to other small worlds through the teleportation channel . However, Xu Ming easily chased them and slaughtered everyone!

Xu Ming will not show mercy to the Li family!

In the end, Xu Ming returned to Li Xiujie – at this time, Li Xiujie’s body was weak, but he was not dead; moreover, with the protection of the mysterious golden light, Xu Ming could not kill him.

“Xu Ming! What are you doing here!?” Li Xiujie said bitterly.

The family genius was slaughtered, how could Li Xiujie not hate it?

Xu Ming sneered and said, “Li Xiujie, hand over all your karma stones honestly!”

“Hand over it?” Li Xiujie said coldly, “If I don’t, what can you do to me? Could it be that you can still beat me to death?”

When Li Xiujie said these words, his attitude was very tough. It’s just that the non-stop slaps on his face “popped”, which somewhat damaged his tough image.

“Kill you to death... I may not be able to do it!” Xu Ming smiled strangely, “But...”

Chapter 1203: Don’T Get So Excited!

“But...”

A strange light flashed in Xu Ming’s eyes.

As the saying goes: Scholars can be killed, but not shamed!

Since now, Xu Ming can’t kill Li Xiujie; then, do something more ruthless than “kill”! That is... humiliation!

If I can’t kill you, I’ll humiliate you!

boom! !

Xu Ming’s spear suddenly drew out.

At this time, Li Xiujie’s divine body was extremely weak, almost completely annihilated, and naturally he did not have the slightest fighting power.

Xu Ming pulled out a shot, as if he was pulling a ball, sending Li Xiujie flying into the sky.

Immediately afterwards, Xu Ming teleported and appeared beside Li Xiujie again, with another shot!

boom!

Li Xiujie was like a ball again, from this end of the sky, to the other end of the sky.

And Xu Ming is another teleportation.

Swish! Swish! Swish! Swish! ...

Xu Ming kept teleporting and firing guns.

boom! boom! boom! boom! ...

Li Xiujie was constantly being pumped to and fro, without the ability to struggle and resist.

Snapped! Snapped! Snapped! Snapped! ...

The slap on Li Xiujie's face never disturbed the rhythm.

...

“Forehead...”

Outside Wanjie Island, the masters of the Dominion Realm watching the battle watched this scene in stunned eyes.

They never imagined that such a funny scene would appear in such a solemn recruitment assessment – Xu Ming continuously lashing out at Li Xiujie with his spear! Li Xiujie, on the other hand, was constantly flying around in the sky like a ball; he had no resistance.

Of course, the masters of the realm could see it: “Xu Ming is... humiliating Li Xiujie!”

That's right!

Just humiliation!

Moreover, it is still humiliating for all the masters of the dominion realm! It is even more humiliating to show the Lord of the Holy Land!

The head of the Li family gritted his teeth—Xu Ming was not just humiliating Li Xiujie! It's even humiliating their entire Li family!

Originally, the “Song of Slap” was playing on Li Xiujie’s face without interruption, and he had almost lost the face of the Li family! Now, Li Xiujie was beaten like a dog by Xu Ming again, and the Li family’s face was naturally gone!

“Scholars can be killed, but not humiliated!” The head of the Li family was completely flushed with anger, “This Xu Ming, how dare you humiliate my Li family like this... Bullying is too much! Bullying is too much!”

“Hahahaha... Holy Emperor City Lord!” Suddenly, Lord Yun shouted with laughter.

“Master Yun, what’s your opinion?” The City Lord of the Holy Emperor did not dare to neglect—after all, Lord Yun’s status in the Divine Realm was not necessarily lower than that of the City Lord of the Holy Emperor! Moreover, Master Yun is more hopeful than the City Lord of the Holy Emperor to become a true saint!

Master Yun said with a smile: “I don’t dare to take the teaching, but seeing this funny scene, I can’t help but want to talk to the Lord of the Holy Emperor! – This Li Xiujie has already been ravaged to such a degree; Such a shameless person to be a son-in-law?”

Of course, Master Yun could see that among all the geniuses who participated in the search for relatives, Li Xiujie was the most competitive to Xu Ming! As long as Li Xiujie is excluded from the list of candidates, then Xu Ming’s victory in recruiting relatives is almost a certainty!

“This...” The Holy Emperor City Lord hesitated for a moment—every word he said was to be held responsible; should Li Xiujie be excluded from the candidate list immediately?

Moreover, it is not an overnight thing for the Holy Emperor City Lord to be optimistic about Li Xiujie. Now, although Li Xiujie’s performance has greatly disappointed him, the Holy Emperor City Lord still wants to see if Li Xiujie will have any wonderful performances in the future.

“Master Yun!” Li Patriarch shouted angrily, “If you want to recruit relatives, you have your own rules for recruiting relatives! – The Lord of the Holy Emperor will choose who will be his son-in-law in the end. Are you worried about this?”

The meaning behind Li Family Master’s words is: This is Thunder Continent, not Yan Yan Continent! No matter how powerful you are, Cloud Master, don’t point fingers here!

“Patriarch Li, don’t be so emotional!” Master Yun laughed, “I’m just talking about the matter, why are you so excited?—Oh, yes! Patriarch Li, I have something else to ask you!”

“Speak!” Li Family Master said angrily.

Master Yun smiled slyly: “I just wanted to ask... What kind of treasure is the little turtle shell on Li Xiujie’s body? It’s so powerful, no matter how hard it is, it won’t explode!”

Little turtle shell?

The description of the cloud master is quite appropriate! —Xu Ming is constantly shoving Li Xiujie around, isn’t it like hitting a turtle?

“This is...” Li Family Master was about to proudly show off how awesome the body protection treasures on Li Xiujie’s body were; but suddenly, he realized that there was a trap in Master Yun’s words! – Turtle shell? Isn’t this calling Li Xiujie a turtle?

Moreover, Master Yun specially added the word “small” in front of “tortoise shell” – small turtle shell!

If there is a “little turtle shell”, there is naturally an “old turtle shell”!

Master Yun is turning a corner and scolding him as an old turtle!

“Master Yun, you...” Master Li was furious—a scholar can be killed but not humiliated! But today, not only was his son Li Xiujie humiliated, but even he himself was humiliated by Master Yun.

“Haha...” Master Yun said with a haha, “Patriarch Li, it’s just a joke, don’t get so excited!”

“I...” Li Patriarch was worried and continued to speak, not knowing what words would come out of Master Yun’s mouth; therefore, he simply kept silent and ignored Master Yun.

Master Yun just smiled and said no more – his purpose was to destroy Li Xiujie’s impression in the heart of the Holy Emperor City Lord. Now, since the goal has been achieved, the cloud master will naturally be “enough”.

...

At this time, Xu Ming had already pumped Li Xiujie thousands of times back and forth.

While pumping, Xu Ming scolded: “Don’t hand over the karma stone! Still don’t hand over the karma stone! Don’t hand over the karma stone yet!”

Li Xiujie was also stubborn, relying on his “immortality”, he was stunned to bear Xu Ming’s endless humiliation: “You can humiliate casually! But want my karma stone?— There are no doors!”

Humiliated, humiliated, and accustomed to being humiliated!

Since Li Xiujie entered the fate assessment, the slap on his face has not stopped; therefore, his resistance to “humiliation” is very strong! Now, although Xu Ming has aggravated his humiliation, how could Li Xiujie, who has already been humiliated into a habit, give in?

You are going to be humiliated! You are humiliated! Am I, Li Xiujie, still afraid?

“Fuck me? Are you so tough?” Xu Ming was startled, “I respect you as a man! Then I have to continue to humiliate you!”

Whoa!

At this moment, the space fluctuated, and a figure was teleported into this small world.

“Huh?” Xu Ming saw that this figure was the young Meng He he had rescued in the Lei Ling Mountains earlier.

When Meng He saw Xu Ming, he was stunned at first, and then he showed a panicked expression: “Brother Ming! You are here! — it’s not good!”

Chapter 1204: Long Peng

Oh no?

Xu Ming looked at Meng He with some doubts: “What’s the matter?”

Xu Ming and Meng He were not very familiar with each other. However, Xu Ming once saved Meng He’s life at will, which is also considered a life-saving grace for him.

“Brother Ming!” Meng He continued, “A few days ago, I saw Pangang and the others being besieged by many geniuses! – I originally wanted to report to you, but I didn’t know where you were at all. Now I’ve accidentally bumped into you, Brother Ming!”

“What!?” Xu Ming’s face suddenly sank, “Pangang and the others, they were besieged by many geniuses?”

Who is Pangang? – He is Xu Ming’s younger brother! Ordered to help Brother Ming collect the karma stone!

I heard that Pangang and the others were besieged, can Xu Ming’s face look good?

“How long ago?” Xu Ming asked with a gloomy face.

Meng He continued: “It’s been more than three days!”

“More than three days...” Xu Ming’s heart suddenly became cold – the battles between the masters of God’s Domain are usually divided between electric, light and flint! Three days is enough for Pangang to die many times!

“If anyone dares to move Pangang and them, I will make their lives worse than death!” Xu Ming exuded a gloomy aura, which made Meng He feel like falling into an ice cellar.

“Brother Ming, they are...” Meng Helian wanted to say where he was when he met Pan Gang and them.

However, Xu Ming waved his hand, directly interrupting Meng He's voice. He frowned and opened the "exploration" hook to explore a little.

"Huh? Pan Gang is still alive, and still in Myriad Realms Island?" Xu Ming's expression softened a little.

Afterwards, Xu Ming probed again and found that Pangang had indeed been besieged by someone – this shows that Meng He did not falsely report, but was telling the truth.

"Go to Pangang to see what happened!" Xu Ming was concerned about the safety of his younger brother. At this time, he would never have time to harass Li Xiujie again.

"Meng He!" Xu Ming said, "Thank you for telling me! I have written down this favor!"

"No no no! Brother Ming, you have saved my life, this trivial matter is nothing..." Meng He was flattered and waved his hands again and again.

However... Xu Ming had already flown away.

"Huh..." Li Xiujie let out a long sigh of relief, "This Xu Ming, finally left..."

After being humiliated for so long, Li Xiujie was finally relieved.

But then, Li Xiujie found that he didn't seem to be very happy! – Others don't even have time to insult you, but you are still happy there?

Thinking of this, Li Xiujie's eyes gradually turned gloomy; he gritted his teeth and thought: "Xu Ming...you can be proud of yourself! When the marriage is over, you will know who will have the last laugh! At that time, I must give Yin Ran in front of you... Hahahaha..."

Li Xiujie laughed madly, and laughed morbidly.

And all this, Xu Ming, who has left this small world, is completely unknown.

...

call out-

Xu Ming's figure flew across the small worlds.

"Pangang is fine!"

"Hu Jinyan is fine!"

"Zheng Qi is fine!"

...

Xu Ming probed the past one by one with his genius attached to him, and found that everyone was fine. This made Xu Ming even more puzzled: "Pangang and the others were obviously under siege; in the end, everyone was fine?"

Of course, nothing is better!

Whoosh!

Whoosh!

Whoosh!

Xu Ming traveled through one small world after another, and finally saw Pan Gang. At the same time, what Xu Ming saw was... Long Peng!

"Huh?" Xu Ming frowned slightly and thought to himself, "Why is Long Peng here?"

Long Peng, once “the first person in the younger generation of God’s Domain”! Now, Long Peng’s strength is second only to Xu Ming and Li Xiujie among the younger generation; even if Cantian is still alive, he is not an opponent of Long Peng!

However, Xu Ming and Long Peng were just nodding acquaintances; there was no feud, but no friendship between them.

“Brother Xu Ming!” Long Peng cupped his hands and smiled, “You’re here!”

“Brother Longpeng!” Xu Ming also handed over, but there was still a very strong look of doubt in his eyes – how did Longpeng and Pangang and the others get together?

At this time, Pan Gang rushed to Xu Ming excitedly, and said, “Brother Ming! If Brother Long Peng hadn’t rescued him, my brothers and I would have been miserable!”

“Oh? What’s going on?” Xu Minglian asked.

How Pan Gang will be besieged and how he will be rescued by Long Peng, he will all say one by one: “Brother Ming, you also know that there are many karma stones in me and my brothers; It is inevitable that other geniuses will be jealous! Led by the geniuses of Yehenara, thousands of geniuses have assembled to kill us and take away the karmic stone! Fortunately, Brother Long Peng happened to pass by and drank those geniuses away. ...”

“There is such a thing!” Xu Ming’s face was a little gloomy – so dangerous! If Long Peng didn’t happen to pass by and take action, Pan Gang and others would have suffered, and the casualties would definitely not be few!

“Brother Longpeng, thank you very much!” Xu Ming solemnly cupped his hands.

“Hahaha, thank you, you don’t have to!” Long Peng laughed, “I still have something for you!”

thing?

Xu Ming was puzzled—what can Long Peng give him?

I saw that Long Peng threw a world ring casually.

Xu Ming hurriedly opened it and saw that there were tens of thousands of karma stones inside!

“This is...” Xu Ming looked at Long Peng in horror, a little stunned – this Long Peng is obviously not familiar with him; however, not only did he save his own men, but he also gave himself a karma stone...

This is too outrageous, right?

“Could it be... Long Peng is trying to flatter me?” Xu Ming couldn’t help thinking.

If this is the case, Xu Ming just wants to say – Long Peng is really too insightful! He is much more discerning than those dominion realm masters!

Simply wise!

But then, Xu Ming realized that he thought too much! Long Peng didn’t come to flatter him at all!

“Take it!” Long Peng said with a smile, “I was ordered to come here to provide you with some help in the fate assessment! So, I gathered a group of geniuses to help you collect so many karma stones!”

Ordered to come?

Is it ordered again?

Xu Ming couldn’t help but be surprised You must know that Master Yun came here on orders, so he would help Xu Ming in various ways. And now, Long Peng has come under orders!

“I don’t know... Is the order of Long Peng and the order of Lord Yun from the same great master?” Xu Ming thought about it, and took Long Peng’s karma stone unceremoniously – since the other party was ordered to Come on, Xu Ming has nothing to be polite to him! Moreover, Xu Ming really needs these karma stones, so that his number of karma stones reaches “a hundred times the sum” of all other geniuses!

“Thank you!” Xu Ming said.

Long Peng smiled and said, “No need to say thank you! Apart from this, I also brought you a message for you!”

“Speaking!”

Long Peng smiled strangely and said, “When you have time, come to the Lei Ling Mountains and sit down!”

Chapter 1205: Send To The Branch

“When you are free, come to the Leiling Mountains and sit down!”

Rayling Mountains?

Xu Ming immediately remembered the endless mountain range filled with the power of thunder. Every mountain in the mountain range is surrounded by ferocious thunder and lightning; there are purple divine thunders full of violent aura, and black divine thunders full of death aura...

There are also many “Thunder Spirits” condensed by the power of thunder.

At that time, Xu Ming also slaughtered all the thousands of Thunder Spirits in the Thunder Spirit Mountains; he absorbed the pure power of thunder and enhanced his strength.

Of course, what impressed Xu Ming the most was the Gate of Thunder!

Even Xu Ming, who was in front of the Thunder Gate, felt so small that he didn’t even dare to enter.

“Could it be...” Xu Ming couldn’t help but guess in his heart, “The great power who asked Long Peng to speak to me is someone from the Thunder Gate?”

Because when Long Peng said these words, it was not a sound transmission, but a direct statement. Therefore, the masters of the masters outside Wanjie Island have also heard this sentence.

“Lei Ling Mountains? – The origin of this Long Peng is mysterious. Now, it seems that he really came from the Thunder Mountain Mountains! Just, I don’t know which powerful descendant he is in the Thunder Mountain Mountains?”

There is more than one superpower in the Lei Ling Mountains!

In terms of power, the Lei Ling Mountains are much stronger than the Holy Emperor City!

only...

“Today’s Lei Ling Mountain Range is no longer the original Lei Ling Mountain Range!”

“Yeah... Lei Ling Mountain Range, Huangquan Hall... The super power of Fang Fang in the God’s Domain back then has all disappeared!”

“That’s too bad! Even if the Lei Ling Mountains have declined, the camel is bigger than a horse; the remaining power of the Lei Ling Mountains is still there... and the Yellow Spring Hall is the worst! Over the years, the Yellow Spring Hall Master has been hiding in In the depths of the Asura Sea, I dare not show my face in the God’s Domain!”

...

“Lei Ling Mountains, I will go!” Xu Ming looked at Long Peng and said.

Although, the power of the Thunder Gate made Xu Ming feel anxious; moreover, even the “exploration” link could not detect the situation inside the Thunder Gate. However, Xu Ming still decided to enter the Thunder Gate to find out!

...

After Long Peng left, Xu Ming gathered all the karmic stones from the geniuses such as Pan Gang to himself; then, he embarked on the “Road to Robbery” again.

But this time, Xu Ming changed his strategy!

Xu Ming found that no matter how fast he could find the karmic stone, he could not be hundreds of times faster than all the other geniuses combined! If that's the case, then simply give up looking for the karma stone and focus on robbing the karma stone from other geniuses! – All other geniuses' karma stones were robbed; in this way, the “Top 100 Contractors” can also be achieved!

Oh no!

The goal of contracting the top 100 is impossible for Xu Ming to achieve! After all, Li Xiujie has a lot of karma stones; and Xu Ming couldn't kill Li Xiujie, so he couldn't get those karma stones on him.

finally...

When the fate assessment came to an end, Xu Ming distributed a lot of fate stones to Pan Gang and other 98 geniuses! In the end, from the hundred geniuses who won the fate assessment...

Xu Ming, without any suspense, ranked first with an overwhelming advantage!

Li Xiujie, ranked second! – The slap on his face never stopped! Clap clap clap, very rhythmic.

From the third to the hundredth, they are all Xu Ming's younger brothers!

“It's too awesome...”

One after another, the masters of the realm have completely surrendered to Xu Ming!

Iron suit!

Tens of thousands of geniuses participated in the fate assessment. As a result, Xu Ming almost single-handedly contracted 99 of the 100 winning places! Moreover, if it wasn't for Li Xiujie's “tortoise shell” body protection, Xu Ming would definitely have contracted all the top 100!

Xu Ming's tyrannical performance makes people have to be convinced!

"Alas..." However, Xu Ming sighed in dissatisfaction, "It's a pity, in the end, I 'humiliated' Li Xiujie several times, but still couldn't get his karmic stone out! Otherwise, the top 100, I will contract all of them; that way, the next two rounds of recruitment assessments will have no suspense at all!"

But now, Li Xiujie won the fate test, which undoubtedly left a little suspense in the final outcome of recruiting relatives.

Of course, this little suspense can almost be ignored!

From Xu Ming's point of view, even if the city lord of the Holy Emperor is blind, he can easily tell who is better and who is worse between himself and Li Xiujie! It is absolutely impossible for the Holy Emperor City Lord to choose Li Xiujie instead of himself! – After all, he fought for ninety-nine places in the "Top 100" by himself; while Li Xiujie was constantly slapped there.

"There are still two stages of assessment!" Xu Ming secretly said, "In these two stages, I will definitely crush Li Xiujie with an absolute advantage!"

"Hum! The villain is successful!" Li Xiujie was extremely weak, but he still stared at Xu Ming provocatively, "You can be proud! In the next talent assessment, I will let you know that you came from a dusty world. Indigenous people, how big the gap will be with me!"

"Oh?" Xu Ming smiled disdainfully and did not speak.

...

Three days later.

Talent assessment is on!

Bai Lao took out a huge and simple carved bronze mirror.

“This bronze mirror is the ‘mirror of time’ of ten thousand grades!” Bai Lao said.

The time mirror can reflect the years spent by a god, that is, age. Even a saint can never hide his true age in front of the mirror.

And you must know that the gods have endless long and inexhaustible lifespans, so the age of the gods is often a very exaggerated number! – 100 million years old! A billion years old! Ten billion years old! Not at all surprising.

The lowest-grade mirrors are of the “100 million years” level; that is, the measured age can be accurate to “100 million years”.

And “10,000 grades” is the highest-grade time mirror! The measured age can be accurate to “ten thousand years” – ten thousand years, in the lifespan of the gods, is already “a fraction of the fraction”.

Then, Bai Lao announced the rules of the “talent assessment”: “The talent assessment is very simple, just stand in front of the mirror and test your true age! – The talent assessment, don’t look at anything else, just look at the age! The younger the person is, the better the results in the assessment! The ten youngest geniuses will enter the third stage of the ‘background assessment’!”

Don’t look at the cultivation base or strength, just look at the age!

In fact, the reason why the talent assessment rules are like this is also related to Yin Ran’s age! -Yin Ran is very young, the City Lord of the Holy Emperor certainly hopes that the son-in-law he recruits is also a little younger! Therefore, such assessment rules were set.

“Just look at age?” Xu Ming laughed immediately when he heard the assessment rules! -Which genius can be younger than Xu Ming?

This round of talent assessment is completely sent to the branch!

Chapter 1206: Unfavorable

Send to the branch?

However, the great masters of the realm, and other geniuses, did not think that this was sending a branch to Xu Ming.

“A hundred years ago, Xu Ming was not even a god; in just a hundred years, he broke through to his current strength?” Bai Lao chuckled and shook his head, “It’s impossible! – The only explanation is that Xu Ming once entered the secret realm of chaos in time and space. And it may have been in it for hundreds of millions of years!”

If Xu Ming really stayed in a chaotic secret place for hundreds of millions of years, then the age of Xu Ming calculated by the Time Mirror would be hundreds of millions of years old.

Old Bai stroked his white beard slightly: “It’s not easy to have such strength at only a hundred million years old! It’s a pity... this second stage of the talent assessment only assesses age, but it has nothing to do with strength; in this way, right Xu Ming is at a disadvantage! I don’t know if Xu Ming can successfully win the talent test.”

Bai Lao’s analysis is completely in line with normal logic.

It’s just... Bai Lao doesn’t know that Xu Ming never takes the word “normal” on the side, nor does he do anything logical!

normal logic? -What it is?

Old Bai’s idea is also the idea of most of the masters of the realm. In everyone’s opinion, the rule of “only looking at age” is very unfavorable to Xu Ming; after all, the stronger the strength, the longer it will take to cultivate! – Xu Ming’s strength is the strongest among all geniuses; now, Xu Ming is younger than other geniuses?

This is really bad for Xu Ming!

“Li Xiujie’s cultivation years seem to be less than 10 million years, right? – In this part of the talent assessment, Li Xiujie is undoubtedly the best performer!”

but...

Li Xiujie’s face kept clapping, which made people feel strange.

“Xu Ming did an amazing job in the first stage of the fate assessment; he contracted ninety-nine winning places by himself! But... in the second stage of the talent assessment, if there are more than ten talents, it will be better than Xu Ming is young, so it’s funny!”

“Yeah! In that case, Xu Ming won’t be able to advance to the third stage of the ‘background assessment’, it’s really a steal!”

“Actually, it’s a good thing for Xu Ming not to be able to advance to the ‘background assessment’! After all, he is an aborigine from the dust world, and he has come to this point only by the chance of a chaotic secret realm – what background can he have? ”

“You can’t say that! Xu Ming was born in the world of dust, but he can be so dazzling and shining in the realm of the gods, which is also worthy of admiration!”

“Admiration? Ha! Admiration can’t decide the outcome of the talent assessment!”

...

There were all kinds of discussions.

Most of the comments are not optimistic about Xu Ming! – After all, Xu Ming’s strength is too strong! And the strength is strong, which means that the years of practice are long, that is, “old”, and the less likely it is to win from the “just look at age” assessment rules.

“The first one, who came to test?” After the surrounding discussion gradually subsided, Bai Lao shouted loudly.

“I come!”

boom!

Without any hesitation, Li Xiujie stepped forward with a bang, and at the same time, he also had a rhythmic “pop” sound effect.

“Uh...” Bai Lao gave Li Xiujie a strange look.

It wasn't that Elder Bai had any prejudice against Li Xiujie; rather, the slap on Li Xiujie's face made people feel weird.

On the other hand, the six-fingered ruler, who had been silent, looked at Li Xiujie, but his eyes were full of fiery: “What a song!!”

The Six-Finger Ruler regards the slap on Li Xiujie's face as “a bosom friend in high mountains and flowing water”; therefore, he has been paying attention to the rhythm of the slap! —The Six-Finger Master found that every rhythm that Li Xiujie “played” on his face was a classic!

“If I can meet the great master of ‘Suo Zuo’, I will die without regrets...” The Six Fingers Master secretly said.

At the same time, the six-finger master glanced at the situation of the “talent assessment”. When his eyes fell on Xu Ming, he couldn't help shaking his head: “What a pity! Xu Ming's strength has been cultivated for at least hundreds of millions of years; according to the rules of the ‘talent assessment’, his chance of winning is very small! – What a pity Such a genius!”

How could the Six-Finger Master think that Xu Ming is his “high mountain and flowing water” bosom friend!

“Come on! Stand in front of the Time Mirror!” Bai Lao said.

Li Xiujie had obviously looked into the Time Mirror many times. Hearing this, a confident sneer appeared on the corner of his mouth, and he stood in front of the Time Mirror familiarly.

However, as soon as he stood in front of the mirror, the sneer on Li Xiujie's face turned into dumbfounded.

“How did I get slapped like this!?” Li Xiujie looked at himself in the mirror, completely dumbfounded – although he had long expected that he had been slapped so many times, this face would definitely not look good Where to go; therefore, I have been too lazy to use my spiritual sense to see what I have been drawn into! Now when I look in the mirror, Li Xiujie is really embarrassed by himself!

However, Li Xiujie had already suffered all kinds of humiliation during the pro-admission assessment, and he had already cultivated an extremely strong heart; so, although he was so ugly, he immediately recovered his senses and focused on the mirror of time.

Li Xiujie's true age is gradually revealed on the mirror of time: 9.28 million years old...

Nine hundred and twenty-eight thousand years old! Less than ten million years old!

This age, for mortals, is naturally an unimaginably long time! However, for the gods, it is really very short-lived!

Many star-level gods are over one hundred million years old, one billion years old! What's more, Li Xiujie is a half-step master's cultivation level, comparable to the strength of the first-level master!

"9.28 million years old, you have the strength to dominate the primary level... Li Xiujie's talent is indeed terrifying!"

"Yeah! – In just over nine million years, many one-star gods have not been able to break through to two-star gods! And Li Xiujie has already possessed the strength to dominate the primary level!"

"In this talent assessment, Li Xiujie is well-deserved number one!"

The talent assessment has just begun, and many masters have already asserted that Li Xiujie will definitely win the first place in the talent assessment.

You must know that many geniuses who have come to recruit relatives are already hundreds of millions of years old, or even close to one billion years old! In comparison, more than nine million years old, really young!

Bai Lao announced Li Xiujie's test results, and said, "Who is next?"

Swish! Swish! Swish! ...

Immediately, countless eyes turned to Xu Ming.

Xu Ming and Li Xiujie are undoubtedly the two most dazzling geniuses in the Divine Realm era; even more dazzling than the top geniuses of many previous eras!

Now, Li Xiujie has just finished the test; the great powers and geniuses who are watching, of course, hope to see Xu Ming and Li Xiujie go head to head!

“Li Xiujie?” Xu Ming smiled disdainfully and said, “You’re not worthy of confrontation with me! — Zheng Qi, you go to the test first!”

Xu Ming selected ninety-eight talents to enter the second stage of the talent assessment; and Zheng Qi is the youngest of them!

Hang and beat Li Xiujie? —Why should Xu Ming do it himself? Zheng Qi is enough!

Chapter 1207: Broken

Swish!

Zheng Qi stepped forward.

“Zheng Qi?” The corner of Li Xiujie’s mouth twitched with disdain, “Where is the unknown person?”

In terms of cultivation, it is indeed not enough to see Zheng Qi, who is only at the beginning of Feng Wang. But you must know that the talent assessment does not look at the cultivation base at all, but only at the age!

The cultivation base is low, what happened?

Zheng Qi stood calmly in front of the mirror. Time mirror, very snapshot of his real age: 1.12 million years old!

Just over a million years old, much younger than Li Xiujie!

“What? So young?” Li Xiujie was startled.

The other masters of the Dominion Realm were also a little surprised, and secretly said in their hearts: “This Zheng Qi will definitely be able to advance to the third stage of recruiting relatives! I really didn’t expect... that a junior king would be promoted to the third stage!”

“It seems that the recruitment assessment set up by the city lord of the Holy Emperor is also flawed! Otherwise, how can the first-level cultivation of the king be promoted to the third stage?”

“A flaw? It’s not a flaw! It’s that even the City Lord of the Holy Emperor did not expect that Xu Ming’s performance in the fate assessment would be so defiant!”

“Yeah! With Xu Ming’s performance against the sky! No matter what kind of recruiting rules the City Lord of the Holy Emperor sets, Xu Ming will find out the flaws!”

“It’s just... even if Xu Ming can find out the flaws, so what? – In this second stage of the talent assessment, Xu Ming still can’t pass it?”

...

Amidst the discussions of the masters, one after another, geniuses came to the stage to be tested by the Time Mirror.

2.3 million years old!

4.6 million years old!

Four and a half million years old!

...

The age of a genius is revealed in the mirror of time.

The seven geniuses in a row were even younger than Li Xiujie.

Li Xiujie looked terrified: “Could it be that there are ten geniuses younger than me?”

If this is the case, then Li Xiujie will not be able to advance to the third stage of recruiting relatives, and can only stop at the second stage.

Fortunately, after these seven geniuses passed, the next genius who came to power was “older” than Li Xiujie.

Li Xiujie let out a long sigh of relief: “It’s okay! It’s okay!”

Xu Ming felt a little regretful: “I already guessed that the talent assessment may be younger than ‘younger’; therefore, the ten youngest talents were specially selected and brought to the second stage! If there are nine A genius who is younger than Li Xiujie; then, plus myself, I can contract the ten winning places in the talent assessment! It’s a pity...now there are only seven geniuses, younger than Li Xiujie!”

Really annoying!

He wanted to contract the winning spot in the second round, but he still couldn’t squeeze Li Xiujie away.

Although Xu Ming is very confident, he can crush Li Xiujie in the next third link “background assessment” and the final “doing gift”. However, keeping Li Xiujie here is more or less a variable!

And Xu Ming didn’t want to see this variable!

The geniuses have been tested, and only Xu Ming is left.

“Why isn’t Xu Ming playing yet?”

“Yeah! I’ve been waiting for him for a long time! – What’s so good about the age of other geniuses? The highlight is Xu Ming!”

“Maybe Xu Ming didn’t dare to go to the test age because he knew he couldn’t advance to the third stage?”

“It’s very possible!”

“Oh! Is it useful to not dare to play? It’s not the end, but I still have to play! – Procrastination, it’s just shameful!”

Don’t dare to play?

Procrastinating?

Xu Ming turned a deaf ear to these mean and ignorant comments.

How do these ignorant masters of the master realm know that the more important the finale is, the more they will appear at the end! Like Li Xiujie, the first one to run up in a hurry is usually the clown jumping on the beam.

Xu Ming stood in front of the mirror.

The scene suddenly fell silent.

One after the other, the master and the genius, all waited with bated breath for Xu Ming’s cultivation.

“Xu Ming came here from the world of dust, how many years has he experienced?” Yin Ran watched with anticipation and nervousness next to the water curtain image.

Obviously, Yin Ran also believed that it was impossible for Xu Ming to have undergone such a huge transformation in just a hundred years; Xu Ming must have entered a secret realm where time and space were chaotic before he could cultivate so quickly.

However, Yin Ran believes that even if Xu Ming has entered the chaotic secret realm, he will never be older than Li Xiujie!

“Xu Ming will definitely win the talent test!” Yin Ran’s eyes were extremely determined.

However, in this certainty, there is still a trace of worry – even if Xu Ming successfully passed the talent assessment, what will Xu Ming compare with Li Xiujie in the next “background assessment”?

With the Li family’s heritage in the God’s Domain, under the saints, I am afraid there are not many forces, dare to say that the Li family is stabilized!

Xu Ming was born in the world of dust, so what does he compare his background with Li Xiujie?

Although Yin Ran was worried, she still looked forward to it: “As far as you can go! If it’s not Xu Ming who wins in the end...”

In Yin Ran’s world ring, there is a “Fate Terminator” lying quietly.

When the order of destiny ends, life will naturally come to an end.

...

Xu Ming stood in front of the mirror. His true age gradually appeared on the mirror of time: 00,000 years!

There are only three words: “00,000 years!”

“Forehead?”

Saint Emperor City Lord, Bai Lao, Lord Yun, Master of Space-Time, Family Master Li, Sage Zuyi... One after another, the masters of the realm were all stunned when they saw the word “00,000 years” appearing on the Time Mirror.

00,000 years?

What does it mean?

Why does “00,000 years” appear?

One by one, the masters of the realm were unable to turn their minds around for a while. After all, I have never seen the words “00,000 years” appear on the mirror.

“Could it be that the mirror of time is broken?” the masters couldn’t help thinking.

However, will the mirror also be damaged? – Unheard of!

It seems that in the realm of the gods, I have never heard that the mirror of time will break!

But if the mirror of time is not broken, what about the three words “00,000 years”?

Suddenly, Master Yun said: “I remember that the lowest grade ‘100 million grade’ time mirror, sometimes, will show the words ‘000 million years’! You said...”

The age measured by the 100 million-year-old mirror is accurate to “100 million years”.

If the age is less than “100 million years old”, then “000 million years old” will be displayed! – This kind of situation is quite common in God’s Domain!

But... things like “Long Live Zero” really never happened in Divine Realm!

“Could it be... Xu Ming is less than ten thousand years old?” Many great experts couldn’t help but think of this.

But then, they all felt that it was impossible!

Impossible!

Xu Ming has the combat power of “Domination Realm”, how could he be less than 10,000 years old? Even many demigods, and even weaker Dao Masters and Dao Venerables, are far more than ten thousand years old, right?

Will Xu Ming be less than ten thousand years old?

The masters of the masters would rather believe: It is really the time mirror that is broken!

“Yes! It’s definitely the mirror that’s broken!”

Chapter 1208: 00000

Genius 3 seconds to remember the website address [Pen Mi Ge]

“Yes! It’s definitely the mirror that’s broken!”

One after another, the masters of the master realm said with excitement.

“Being less than ten thousand years old, it is difficult to even prove the Dao and become a god! What’s more, it has the combat power of the Domination Realm? – Impossible!”

“I’ve never heard that the mirror will break, but I didn’t expect to see it today... Haha! It’s an eye-opener!”

“This...” Yin Ran, who was watching through the water curtain image, looked bewildered. She was also shocked by Xu Ming’s age, unable to react.

Even Master Yun felt unbelievable – he had long thought that Xu Ming would be very young at his age; however, he never thought that “00,000 years” would appear on the mirror of time.

“Well! It should be that the mirror is broken!” Master Yun also thought so.

On the contrary, Yun Ning had almost blind confidence in Xu Ming; he couldn’t help but say, “Maybe... the mirror of time is not broken. My master is not even 10,000 years old?”

“Ha ha ha ha...”

Yun Ning's words caused a lot of laughter.

“Nephew Yunning, your thoughts are still too naive!” The Space-Time Palace Master couldn't help laughing, “How vast is the order of heaven? Even the strongest talent, what can you comprehend in less than 10,000 years? – Xu Ming is less than ten thousand years old, this is absolutely impossible!”

“Yeah! If Xu Ming is less than one million years old, maybe I can imagine it; but, less than ten thousand years old... No one will believe it if you tell it!”

The Holy Emperor City Lord closed his eyes and pondered, as if thinking about why the Time Mirror was broken.

After all, the principle of the shadow mirror is very simple – just like an ordinary mirror, it reflects the appearance of ordinary people; the shadow mirror reflects the age!

It is as simple as the principle of ordinary mirrors.

If the photon mirror is damaged, then, like ordinary mirrors, there will be cracks on the mirror surface. But now, there are no cracks on the mirror surface, and the age measured by the mirror is “obviously” wrong! – This kind of failure is unheard of in the Divine Realm!

At this time, Yun Ning said, “Is the Mirror of Time broken? Please ask other geniuses to take a picture in front of the Mirror of Time. Don't you know?”

Makes sense!

The masters who were in shock and daze suddenly lit up—yes! Such a simple way, how come we didn't think of it just now?

“I'm coming!” Li Xiujie shouted – his doubts about the Time Mirror were undoubtedly the biggest! He didn't believe that Xu Ming could be so “young”.

Whoosh!

Li Xiujie dodged and stood in front of the mirror. His age gradually appeared on the mirror: 9.28 million years old!

Nine hundred and twenty-eight thousand years old!

“That’s right!” Li Xiujie was startled, “My age is 9.28 million years old!”

“Uh...” The masters were also stunned for a moment – why is Li Xiujie’s age correct?

“Xu Ming!” Bai Lao said, “Please come forward and test again!”

Xu Ming knew that his age was indeed unacceptable; so he didn’t bother to say anything when he heard the words, and walked to the mirror again indifferently.

But... although Xu Ming didn’t say anything, he actually despised the masters present in his heart: “Is this one of the top powers in the realm of the gods? – It will be unacceptable if it is less than 10,000 years old. If you let them know that my real age is less than two hundred years old, then they will not be shocked?”

Xu Ming just wanted to say: a group of unseen things!

It’s just that Xu Ming didn’t think about it deeply. Can he blame these rulers for not having knowledge? If you want to blame, you can only blame him for being too perverted!

...

Xu Ming stood in front of the mirror again.

The time mirror once again revealed Xu Ming’s true age, and it was still those three words: 00,000 years!

“what!?”

All the masters were shocked – no reason! Why did Li Xiujie take the test, the mirror was normal, but when it was Xu Ming’s turn, it was broken?

It really doesn’t make sense!

“What’s going on?” Li Xiujie’s eyes widened and he looked confused, “I’ll try it again!”

The mirror is not broken! Xu Ming is less than ten thousand years old! Even if Li Xiujie took the test a thousand times or 10,000 times, what kind of flowers would he find?

Next, the masters of the masters all saw that the time mirror seemed to have seen a ghost – when Li Xiujie took the test, it was normal; when Xu Ming took the test, it was “broken”!

Even later, all geniuses were retested several times. However, when testing other geniuses, it is normal, when testing Xu Ming, it is “bad”.

“This...” Even so, the masters of the master realm are more willing to believe that there is something wrong with the Time Mirror; but they don’t want to believe that Xu Ming is really less than ten thousand years old!

No wonder the masters of the realm can’t believe it. After all, the age measured by Xu Ming is too unbelievable and appalling!

Can’t believe it at all!

“Old Bai!” After several back-and-forth tests, the results could not be obtained; the Holy Land City Lord suddenly said, “I still have a ‘10,000-grade’ time mirror here, why don’t you use mine?”

As soon as the Holy Emperor City Lord said this, the other rulers also said: “Yes, yes! Use a few more time mirrors to test ~ www.readwn.com ~ Don’t you know? – I also have a time mirror, try it too!”

Immediately, many masters and masters took out time mirrors one after another.

There are dozens of mirrors in a row! Among them, in addition to the “10,000-grade” mirrors, there are also many mirrors with almost grades.

“Xu Ming.” Bai Lao said embarrassedly, “I also ask you to measure a few more time mirrors to see...”

It is really embarrassing to encounter such a situation in the recruitment assessment!

“Okay...” Xu Ming remained calm.

Test a few more sides, then test a few more sides! Who made his talent too perverted and frightened this group of rulers who had never seen the world?

Xu Ming walked in front of a mirror like a catwalk.

These “10,000-grade”, “100,000-grade”, “million-grade” and other time mirrors, each mirror has the exact same word – zero!

Where Xu Ming walked, dozens of time mirrors displayed: zero zero zero zero...

All in all, all “zero”!

“This...” All the masters were shocked and confused, “How come they all show ‘zero’?”

If it is just a time mirror, showing that Xu Ming’s age is “00,000 years”, then it can be said that the time mirror is faulty! But, no, all the mirrors fail at the same time, right?

You must know that the failure of the time mirror has never happened in the realm of the gods; is it possible that it all happened to Xu Ming today?

Of course not!

Of course, the masters have to believe that Xu Ming’s age is really... less than ten thousand years old!

“Xu Ming, is your real age really...” Even Old Bai looked at Xu Ming in horror.

The city master of the Holy Emperor, the master of the cloud, the master of the space-time hall, and other top-level powers, also have their eyes burning, waiting for Xu Ming’s answer.

Chapter 1209: Can’T Keep Shining

“Real age...” Xu Ming smiled lightly and said, “Yes! Less than ten thousand years old!”

Xu Ming didn’t say his exact age – it wasn’t that he deliberately kept a low profile, but he knew that even if he told his true age, no one would believe him!

After all, Xu Ming’s real age is less than two hundred years old! Say it, who will believe it?

Moreover, the highest-grade mirrors are only “10,000-grade”; there is no “millennium-grade” or “hundred-year-grade”! In other words, even if Xu Ming said that his exact age was only over a hundred years old, he could not be verified!

If something that cannot be verified, if it is said, it will only make people feel that it is grandstanding and bragging.

So, let’s not talk about it.

Of course, the words “less than 10,000 years old” are enough to make all the masters and geniuses doubt life! -If it weren’t for the “zero” displayed on every time mirror; I’m afraid, no one would dare to believe that Xu Ming is really less than ten thousand years old!

“Less than ten thousand years old... Dominate the realm’s combat power...” Everyone looked at Xu Ming like a monster, “Why does it exist like this...”

This kind of cultivation speed has completely exceeded the understanding of the masters!

Incredible, it is not enough to describe!

“Impossible! Impossible!” Suddenly, Li Xiujie screamed frantically; he couldn’t accept it, Xu Ming’s talent was so much stronger than his own, “This is absolutely impossible!”

Patriarch Li also shouted coldly: “Xu Ming, what means did you use to deceive the investigation of the Time Mirror!?”

As soon as Patriarch Li said these words, the eyes of the masters did not turn to Xu Ming, but... they all looked at Patriarch Li as if they were stupid.

Detective deceived by the mirror?

You know, even a saint can never hide his true age in front of the mirror! – The head of the Li family asked such a mindless question. What is it that is not stupid?

Li Patriarch also obviously found that he seemed to have said a “stupid thing”, and his face suddenly felt dull; he snorted heavily, then shut up and said nothing!

The City Lord of the Holy Emperor also glanced at the head of Li Family with a look of stupid X. If Xu Ming can really deceive the mirror and do things that even saints can’t do, then this talent assessment should not be Xu Ming. win?

Anyway!

In this talent assessment, Xu Ming is undisputed, and he is the first!

...

In the three stages of the recruitment assessment, Xu Ming has won two “firsts” in a row! Looking at Li Xiujie again, he is still slapped in the palm of his hand continuously, and he can no longer tell if his whole face is a human face! -Comparing the two, the balance in the heart of the Holy Emperor City Lord naturally gradually began to tilt towards Xu Ming’s side.

Recruitment assessment, there is the last link! – Background check!

“Background...” The Holy Emperor City Lord frowned slightly. What he disliked most about Xu Ming was the “background”; after all, Xu Ming was born in the world of dust, so what background could he have in God’s Domain?

Rather...

The most important thing for the city lord of the Holy Emperor is the background!

“Xiao Ran’s physique is special. If there is no strong enough background protection, once Xiao Ran wakes up... that will be the time of disaster!”

Thinking of this, the Holy Emperor City Lord couldn’t help shaking his head silently, and then quietly turned his attention to Li Xiujie.

Compared with Xu Ming, Li Xiujie was naturally unmatched; it even made people feel that Li Xiujie was specifically running out to be embarrassed in this recruitment examination.

However, the Holy Emperor City Lord felt that he might have to choose Li Xiujie.

Yes, have to!

After all, among the geniuses present, I am afraid that only Li Xiujie’s background can meet his requirements!

“It’s the last session!” Yin Ran watched nervously, “Xu Ming’s performance in the first two sessions was extremely terrifying! Even in the background assessment, he might not be as good as Li Xiujie; however, my father should also choose Xu Ming. ?”

Yin Ran’s idea is beautiful.

It’s just that she didn’t know that what her father valued most was the background assessment!

but...

background check? Could Xu Ming be inferior to Li Xiujie?

At this time, Bai Lao loudly announced the rules of the background assessment: “The background assessment will be officially carried out in three days! The rules are very simple – there are more masters than whoever invites!”

Than the number of Dominators invited?

Bai Lao continued: “If you invite the three geniuses with the largest number of masters, you will be the winner, and you will be eligible to send a betrothal gift to the Holy Emperor City Lord! Then, the city owner will consider the preciousness of the betrothal gift and the performance of the three geniuses in the recruitment assessment. Let’s choose the son-in-law he is most satisfied with!—Do you understand?”

“So that’s the rules of the background assessment...” Li Xiujie couldn’t help laughing, “I’ve won this part! – Compare the number of invited masters? Xu Ming, what do you compare to me? Hahaha...”

Li Family Master directly clasped his fists at the surrounding masters and said, “Masters, please give me some face, and in three days, stand in line for my son!”

Yes! Li Family Master directly invited these ready-made masters on the scene.

“Good talk, good talk!”

“It’s natural!”

Many masters agreed without any hesitation! – After all, most of these masters at the scene are from the Thunder Continent and have been with Li Family Master for hundreds of millions of years! Inviting them to stand in a line is such a trivial matter. They will naturally not lose face.

Master Yun’s face suddenly became a little ugly – originally, he wanted to do his best to help Xu Ming win the “background assessment”; however, he did not expect that the rules of the background assessment would be like this!

Than the number of Dominators invited?

If it is in the Yanyan Continent, of course Master Yun can easily do it, and summon a large number of masters to cheer! However, now it is not in the Yanyan Continent, but in the Thunder Continent... Here, is the “home ground” of the Li family! It is the “away field” dominated by the cloud!

As the saying goes: A strong dragon does not overwhelm the snake.

In the Li family’s territory, there are more people than the Li family? -Even if it is the cloud master, it can’t compare!

Moreover, the background assessment will be carried out in three days; even if Master Yun wants to transfer people from Yanyan Continent, it is too late!

Even Master Yun felt that such background assessment rules were completely biased towards the Li family and Li Xiujie!

Biased?

To be honest, the Holy Emperor City Lord does have a biased meaning in it!

After all, for the City Lord of the Holy Emperor, he certainly hoped that Yin Ran could marry closer; and the Li family, the power in the City of the Holy Emperor, was completely under the control of the City Lord of the Holy Emperor. Therefore, when the assessment rules were formulated before, the Holy Emperor City Lord was indeed a little biased towards the meaning of the Li family.

As soon as the assessment rules came out, all the masters understood in an instant—the background assessment, Li Xiujie won!

However, there are three winners in the background assessment. Therefore, there should be no problem for Xu Ming to get one of the three places; it’s just that Xu Ming can’t continue to shine like the previous two links.

Can’t keep shining?

Xu Ming glanced at Li Xiujie, and a meaningful smile appeared on the corner of his mouth.

Chapter 1210: Box Lunch Army

The vastness is endless chaos, the vastness knows no boundaries.

Countless chaotic worlds similar to God's Domain are floating in the endless chaos.

Any two chaotic worlds are infinitely far apart; the distance between them cannot be measured at all.

...

White Moon Realm.

A very ordinary chaotic world. It's the same as God's Domain and Heaven's Sacrifice Realm.

On the edge of the space of the Baiyue Realm, a master of the master realm is carefully investigating – he is the famous “Yanyi Master” of the Baiyue Realm.

At this time, behind Yanyi's master, is the huge White Moon Realm; and in front of him is endless chaos.

rumbling...

The endless chaotic air is surging like a thick fog. The powerful and terrifying coercion, even the master of the realm, is difficult to resist!

Whoa!

Lord Yanyi hesitated for a moment, and as soon as he gritted his teeth, he stepped into the endless chaos.

Travel the Chaos! This is at least something that can be done in the ***** realm!

Moreover, even for the master of the realm, roaming the chaos is a very dangerous thing! Because... the master of the realm, although he has realized some “chaos to the Tao”, but has not yet been recognized by the source of chaos – therefore, the perception of some potential dangers in the endless chaos is naturally relatively weak! If you are not careful, you will fall into a doomed situation in the endless chaos.

Moreover, in the endless chaos, every place is like a thick fog; for the existence of the master state, it is impossible to judge the direction, and it is easy to get lost!

If any master is lost in the endless chaos... it is almost impossible to return to his original chaos world!

Therefore, if the Dominion Realm exists, even if you enter the endless chaos, you will not dare to go deep, and will only swim a little in the edge area.

Whoa! Whoa!

Lord Yan Yi was extremely careful and cautious to explore in the endless chaos.

“Endless Chaos, I have entered many times! But every time, I still have to worry about it!” Yanyi Master secretly said.

Don’t worry about it!

You must know that some dangerous places in the endless chaos do not even exist in “space-time”!

There is no space and time, what is this concept? Simply put – time stands still for eternity! Space is frozen forever!

Once a certain master falls into such a dangerous place, it is equivalent to being frozen there for eternity, and even thinking will stop and cannot function! —And “death”, there is no essential difference!

Therefore, you must be extremely cautious when roaming in chaos! After all, Chaos is too dangerous for Dominion Realm!

“Dangerous, I have to come!” Master Yanyi sighed, “Every time you reach a bottleneck in your practice, you need chaotic primordial qi to help break through! However, in Baiyue Realm, there is no chaotic primordial qi; I can only Enter the endless chaos and find for yourself...”

Endless chaos, although there is a fog-like chaotic air everywhere. But you must know that “chaotic energy” and “chaotic vitality” are not the same thing!

If the Qi of Chaos is compared to “carbon”, then the Qi of Chaos is “diamond”! -Although the ingredients are similar, the efficacy and preciousness are completely different!

But now, Master Yan Yi is equivalent to looking for “diamonds” in the “carbon heap”.

“Alas... The sage can roam the chaos almost at will and find the primordial energy of chaos, but it is much faster than me! However, even if the saint finds the primordial energy of chaos, he will not give it to me for no reason...” Master Yanyi is very clear, like himself This kind of master with no background can only take risks to find the primordial energy of chaos.

“But... no matter what, I have an easier time than other masters!” Master Yanyi glanced at the Ten Thousand Realms Order in the world ring, and a smile appeared on the corner of his mouth.

“The Myriad Realms Order obtained by coincidence is really amazing, and it can take me to other chaotic worlds!” Master Yanyi sighed secretly, “In other chaotic worlds, I can not only obtain the primordial energy of chaos, but also get along with me. The powerhouses of the other chaotic worlds exchanged exercises and secret skills with each other! – Under the mutual verification, my strength is also progressing rapidly!”

Master Yanyi has used the Order of Ten Thousand Realms to perform several mercenary missions, and he has gained a lot!

And the more tasks he did, the more Lord Yanyi felt the horror of the “Order of Ten Thousand Realms”;

“Could it be... Created by some great master in the original land?” Master Yanyi made up his mind, “It’s possible! That super power wants to pass the Ten Thousand Realms Order to select

apprentices! – He has a mercenary mission. When the time comes, I must perform well! If I can be accepted as a disciple by the superpowers of the original land, even if it is only a registered disciple, I will really develop; at that time, even the star master of our Baiyue Realm will be right. Do I respect you?”

The original place is the origin of everything in the endless chaos!

In the initial land, any great power can be shaken by the endless chaos!

“what-”

Suddenly, Master Yanyi was pleasantly surprised to find that there was news about the Order of the World!

“There is a mercenary mission!” Master Yanyi hurriedly clicked in to see—every mission was a chance!

“It’s another task that goes through the motions! Moreover, it also rewards a ray of chaotic vitality!” Master Yan Yi laughed immediately.

You know, he is in the endless chaos, risking his life, UU reading [www. uukanshu.com](http://www.uukanshu.com) doesn’t know how long it will take to collect a ray of chaotic vitality! Therefore, this kind of task of going through the motions is simply a benefit!

“Take it!” Master Yanyi did not hesitate, for fear that his hands would be slow and the task would be taken by others.

...

At the same time, a similar scene happened in many other chaotic worlds in the endless chaos.

“There is a task that goes through the motions! I’ll take it!”

“Haha! I finally have to wait for this kind of task that doesn’t work hard! Take it one after another!”

“catch!”

...

Holy area.

Thunder Continent.

Holy City.

As soon as Xu Ming released the mission, he was horrified to discover that the master who accepted the mission had surpassed one thousand in an instant! Moreover, this number is still soaring rapidly.

“Fuck me?” Xu Ming was dumbfounded, “How come there are so many masters accepting missions?”

Before releasing the mercenary mission, Xu Ming was worried that he might not be able to recruit a few masters to help out. Unexpectedly, the task has just been released, and before even a breath of time, thousands of masters have accepted the task.

“I said you masters, isn’t it just a reward for a ray of chaotic vitality? Can you be a little more reserved? Pay attention to your own master status?” Xu Ming thought to himself, these masters are too unreserved; for the sake of a ray of chaos Vitality, actually rushing to come to run the trick and receive a lunch box.

Isn’t it just a ray of chaotic vitality?

reserved?

Xu Ming, this is completely full of people who do not know how hungry people are hungry! I don’t know how difficult it is for ordinary masters to obtain chaotic vitality! – Now, there is a ray of chaotic vitality that is almost white-collar in front of you, and the masters who have the order of the world, how can they be reserved!

How can it be important to receive a box lunch if you are reserved for this kind of thing!

In a short period of time, Xu Ming recruited thousands of “box lunch army” through the mercenary mission!
