Chapter 1221: Thunder Can'T Hide Your Ears!

Holy City.

City Lord's Mansion.

Li Xiujie respectfully walked in front of the Holy Emperor City Lord, and put the piece of paper in his hands: "City Lord, please read! After reading this introduction, you will definitely be interested in the secrets of my Li family, and you will definitely be interested in Xiaoran. Betrothed to me!"

"Oh?" The Holy Emperor City Lord smiled lightly; after hearing what Li Xiujie said, he became more and more curious about what was recorded on this piece of paper.

Xu Ming became more and more suspicious – this is a blank piece of paper! Nothing is written on it!

The City Lord of the Holy Emperor stretched out his hand and took this piece of paper in a hurry.

However, at the moment when the Holy Emperor City Lord touched this piece of paper...

boom! !

Li Xiujie, whose body was extremely weak, suddenly exploded! With one hand into a claw, he grabbed the Lord of the Holy Emperor.

"what!?"

"How dare Li Xiujie take the initiative against the Holy Emperor City?"

"Is he crazy?"

“court death!?”

...

Li Xiujie caught all the great powers and geniuses in the field—what kind of operation is this?

However, what is even more terrifying is in the next moment!

Bang!

The City Lord of the Holy Emperor was directly restrained by Li Xiujie, unable to escape!

“what!?”

“what!?”

“what!?”

Confused all over the place!

“what’s going on!?”

Lord of the Holy Emperor! A quasi-saint existence! Even without the aid of the great formation of the Holy Emperor City, its strength ranks among the top ranks of the God’s Domain! But now, he was subdued by Li Xiujie?

This is too outrageous, right?

“What!?” Even Xu Ming was stunned – this scene happened so suddenly and so strangely!

Moreover, Xu Ming found that his “forced face slapping” hung up, and he could no longer beat Li Xiujie in the face! Because... Li Xiujie at this time is too strong!

Powerful beyond the realm of domination, beyond the realm of quasi-sacred!

This is the combat power of the saint level!

“Soul possession!” These four words flashed in Xu Ming’s mind.

At this time, Yan Yan Shenshan.

The Lord of Fire Snake exploded and shouted: “Holy Lord’s glory, endless glory!”

“not good!”

On the Yanyan Divine Mountain, Xu Ming’s Heavenly Dao Liu clone changed suddenly.

Holy Emperor City, Xu Ming’s ancient cultivator avatar and Qi Yunliu avatar also changed abruptly!

Xu Ming has realized something!

boom! !

At this moment, a tyrannical momentum like the growth of all things swept the audience.

“This momentum...”

“It’s the aura of the Holy Master!”

“It’s the Holy Master!” The City Lord of the Holy Emperor looked at Li Xiujie in horror – he never thought that Li Xiujie would burst out with the aura of the Holy Master!

Although, the City Lord of the Holy Emperor is an absolutely invincible existence in the City of the Holy Emperor; even if the saint is in person, he will be able to face it! However, this so-called

“absolute invincibility” also has limitations – that is, the Holy Emperor City mainly starts the defense formation first!

With the blessing of the great array, you can be invincible!

It only takes an incomparably short moment to activate the defense formation! – Therefore, on weekdays, the city lord of the Holy Emperor will be very careful not to let other people get close, especially the master of the realm; in order to ensure that no matter what the situation is, he will always ensure that he has this “incomparably short moment” “time.

And now, in order to see the secrets of the Li family, the city lord of the Holy Emperor couldn’t help but let Li Xiujie get close! After all, in the eyes of the Holy Emperor City Lord, Li Xiujie could not pose the slightest threat to him!

But... I never imagined that Li Xiujie actually had the means of “soul possession”!

Moreover, it is still possessed by the soul of the Holy Lord! – This is the power beyond the quasi-sage! This is the power of the true saint level!

Under this power, the Holy Emperor City Lord had no resistance at all, and was caught with a claw! Even, it’s too late to start the defense formation! -Without starting the Great Defense Array, the City Lord of the Holy Emperor would not be able to possess the power of a saint, and he would not be able to sway Li Xiujie at this time!

“Curiosity killed the cat!” The Holy Emperor City Lord woke up instantly, his heart was full of bitterness, “I am too careless! Too careless! God’s Domain is going to suffer!”

At this time, the top existences of the gods, such as Bai Lao, Yun Zhuzhu, and the Space-Time Hall Master, also reacted instantly.

“Holy Lord!”

“The Li family is the lackey of the Holy Master!”

“The power of the Holy Master, dare to infiltrate the Holy Emperor City?”

boom! boom! ...

A quasi-sage directly killed Li Xiujie – they all knew the shocking secret hidden in the city of the Holy Emperor!

Holy Emperor City, why is the first divine city in the Divine Realm? Why is it impregnable?

Under the blessing of the great defense formation of the Holy Emperor City, why can the Lord of the Holy Emperor City have the combat power of “Saint Realm”?

All of this is because... the City Lord’s Mansion of the Holy Emperor City is the “correct location” that the Holy Lord is looking for! As long as the statue of the Holy Lord is successfully erected here, the radiance of the Holy Lord can spread all over the Thunder Continent; at that time, all the creatures on the Thunder Continent will become fanatical believers of the Holy Lord! Not only will the strength of the Holy Master increase greatly, but also in the Thunder Continent, just like in the Sanctuary, it will be able to crush the alliance of all other saints!

In order to protect this “correct position” from being taken away by the Holy Lord, other saints in the Divine Realm joined forces to build the Holy Emperor City and let the Holy Emperor City Lord sit here for a long time!

However, no one thought that the Holy Lord would use such a method to instantly capture the Holy Emperor City Lord! Now, the City Lord of the Holy Emperor does not have the blessing of the Great Defense Array, and in the hands of Li Xiujie, who is “possessed by the soul”, he is like a lamb to be slaughtered!

“Masters, let’s take action together and kill Li Xiujie!”

“Also, don’t let the statue of the Lord stand up smoothly, or we will all be finished!”

“Contact the misty saint! Quickly find a way to contact the misty saint!”

At this moment, the masters, regardless of whether there is a grudge or not, are all united in an instant! —No one wants to be a walking dead fanatic!

boom!

Around Bai Lao's body, countless mysterious golden runes hovered! —He is the second controller of the defense formation. When the city lord of the Holy Emperor is in danger, Bai Lao can use his secret skills to take over the city protection formation!

As long as you can display the power of the Great Defense Array, even if the Holy Master is in person, you will never even think about breaking the Holy Emperor City!

However, Bai Lao has just begun to use his secret skills...

boom!

A \*\*\*\* magic claw instantly penetrated Bai Lao's chest.

Bai Lao looked at it in disbelief: "Zu Yi, you..."

It was Yehenala Zuyi who penetrated Bai Lao's chest! – Not only was Bai Lao's secret skills interrupted, but his divine body was also severely injured, and his vitality was rapidly draining.

At the same time, Bai Lao also remembered that when Cantian was killed by Xu Ming before, Zhu Yi Zhunsheng was angry and shot himself! – At that time, Old Bai thought that Zu Yi was dazzled by anger; now, Old Bai realized that it was probably Zu Yi who was testing his strength!

"Zu Yi, you..."

"Damn! Zu Yi, you are also the lackey of the Holy Master!?"

"Hurry up and save Bai Lao! – If Bai Lao also has an accident, no one will be able to activate the defense formation!"

"Jie Jie Jie Jie..." Zhu Yi Zhunsheng's whole body was full of magic light, "Save Bai Lao!? Hahahaha...it's a joke!"

When the masters came over, Zhu Yi Zhunsheng directly chose... Self-destruction! !

“Holy Lord’s glory, endless glory!!”

...

But the Li family head, did not know when, appeared in an empty place. His eyes were fanatical and pious, and he quickly recited complicated incantations in his mouth: “...the statue of the Holy Lord, take root here!”

rumbling...

The huge statue of the Lord is rising.

Everything happened so fast, so suddenly!

Thunder can’t hide your ears!

Chapter 1222: Result

rumbling...

Although the power of Zuyi Quansheng’s self-destruction was suppressed by the Space-Time Hall Master, the Void World Realm Master, the Slaughter God Quansheng, and the Wanwan Pavilion Master, it did not spread to a large extent. Apex Novel is the fastest to update. However, the billowing smoke from the self-destruction is still centered on the city lord’s mansion, churning outwards, forming a black-brown mushroom cloud that is hundreds of millions of miles away.

The huge statue of the Holy Lord, shining with thousands of golden lights, pierced through the billowing smoke, sprinkled on the entire Holy Emperor City, and even the entire Thunder Continent.

...

“not good!”

In the Yanyan Continent, the misty saint knew what happened in the Holy Emperor City for the first time.

However, even for a saint, it is impossible to cross two continents from Yanyan Continent to Thunder Continent in an instant. It takes time! Even this time is not long for the saint; however, it is enough for the statue of the saint to be completely erected!

“Tiaohu Lishan!” The misty saint’s face was extremely ugly.

On weekdays, the misty sage Shenlong sees the head but not the tail; even the holy master cannot know which continent the misty sage will be on.

I don’t know the position of the misty saint, this is undoubtedly a huge deterrent to the holy master, so that the holy master does not dare to act rashly.

In order to determine the position of the misty saint and lead the misty saint to other continents, the Holy Master even sacrificed the fiery snake master and played a trick of turning the tiger away from the mountain. Moreover, the Holy Master successfully used a quasi-sage to change a continent!

The misty saint disappeared in the Yanyan Mountain in an instant. The speed was so fast that Xu Ming and Lu Qing were unable to capture even an afterimage.

at the same time...

Taiyin Continent.

The Taiyin Continent, which was originally hundreds of millions of miles of clear sky, fell into a haze in an instant; a great being who had been in seclusion for hundreds of millions of years, broke through the barrier in an instant, and went straight to the direction of the Holy Emperor City.

The center of the post-earth world.

The earth opened a crack of billions of miles. An eternal breath also burst out from the crack and rushed to the Holy Emperor City at full speed.

Extreme Day Continent...

...

at this time.

Holy City.

The power generated by Zhu Yi Quansheng's self-destruction quickly subsided. The endless billowing smoke was also expelled and dispersed.

Bai Lao is already in the process of self-destruction, and there is no trace of the quasi-sage's personal self-destruction! Don't say that Bai Lao is only a sub-sage cultivation base, even if he is a quasi-sage cultivation base, I am afraid that he will die and die!

"Old Bai..." Xu Ming couldn't tell how he felt when he saw the fall of Old Bai.

Back in the Endless Continent, although Elder Bai took Yin Ran away, he was just following orders. In fact, Xu Ming did not have any resentment towards Mr. Bai, on the contrary, he still admired Mr. Bai for being a righteous person.

But now, Bai Lao, the master of the cause and effect, fell directly at the moment when the battle broke out.

"Old Bai..." Yin Ran's eyes were full of helplessness and despair.

For Yin Ran, Bai is always the elder who watched her grow up! And now, she watched this elder and disappeared in front of her!

How painful?

How heartbreaking?

and...

Yin Ran also saw that her father, the City Lord of the Holy Emperor, was being captured by Li Xiujie.

“Save the city master!”

Master Yun and more than a dozen other great powers, the weakest of which are all half-sages, have already surrounded Li Xiujie.

“Li Xiujie, you lackey!”

“Death!”

boom! boom! boom! boom! ...

One after another terrifying attack, they all killed Li Xiujie.

However, Li Xiujie’s face was full of disdain: “I will let you know that the gap between the quasi-sage and the saint is absolutely insurmountable!”

rumbling...

Li Xiujie’s attack swept past, and Master Yun and more than a dozen other powerful people were directly injured and thrown away!

This! It is the power of a saint! Although, Li Xiujie’s combat power in the state of “soul possession” at this time is only the weakest existence among the saints!

Powerless!

A strong sense of powerlessness surged into the hearts of every almighty. Li Xiujie was right, the gap between quasi-sages and saints is really insurmountable!

Because of Li Xiujie's invincible strength in the audience, the scene temporarily fell into a stalemate.

The masters who dominate, dare not make another move. And Li Xiujie was also very happy, waiting for the statue of the Holy Master to be completely erected.

"Xu Ming!" Li Xiujie looked at Xu Ming with a sneer, and said with disdain, "Do you think that you are very good if you beat me in a row in the recruitment test? But you don't know, I, Li Xiujie, didn't pay attention to you at all. Go in!"

"Humph!" Xu Ming did not speak. Now, the Holy Emperor City Lord is still in Li Xiujie's hands; Xu Ming was afraid that if his words angered Li Xiujie, it would be bad!

"I've never really taken this so-called recruitment assessment as one thing!" Li Xiujie mentioned the Holy Emperor City Lord and said with a sneer, "Saint Emperor City Lord, now is the auspicious time; I think you should be able to announce, Who are you going to choose as your son-in-law? Oh, by the way, let me explain first! I, Li Xiujie, will not do things like 'kill my father-in-law'!"

Li Xiujie's implication is full of threats to the Holy Emperor City Lord if he chooses him as his son-in-law, he will let the Holy Emperor City Lord die! Otherwise, it is death!

Of course, whether a lackey like Li Xiujie can count is another matter.

"It is indeed an auspicious time..." The face of the Holy Emperor City Lord actually had a calmness that could see through everything. He first looked at Yin Ran, his eyes full of doting; then he looked at Xu Ming with a complicated expression; finally, the eyes of the city lord of the Holy Emperor fell on Li Xiujie.

"Have you made up your mind?" Li Xiujie sneered and said Lord of the Holy Emperor, your life and Yin Ran's life are all in your hands! "

"Ha!" At this time, the Holy Emperor City Lord laughed, "Hahahaha... life? Li Xiujie, with the way you are now, do you think you are still alive? If you make me look like you, I'd rather die!"

“So, without a doubt, my choice...” At the juncture of life and death, the city lord of the Holy Emperor announced the result of this marriage, “Xu Ming!”

“You...” Li Xiujie was furious.

And the Holy Emperor City Lord and Yin Ran silently closed their eyes and died? What to be afraid of!

What’s the point of announcing the results of the marriage recruitment at a time when the faces of the masters, such as the master of the cloud and the master of the space-time hall, all have sad smiles?

Xu Ming glanced at the Holy Emperor City Lord with a complicated expression. He participated in the recruitment assessment, and he performed so dazzlingly, because it was the choice of the Holy Emperor City Lord; because, with the words of the Holy Emperor City Lord, it represented him and The relationship between Yin Ran is “justifiable”!

It’s just... At such a time, Xu Ming couldn’t help but feel a little sad when he heard the result of recruiting relatives.

Of course, Xu Ming was not in despair, but was thinking about how he could rescue the City Lord of the Holy Emperor from Li Xiujie’s hands.

“Ha! Hahahaha...” At this moment, Li Xiujie laughed morbidly, “It’s touching! It’s touching!”

“Xu Ming!” Suddenly, Li Xiujie suppressed his smile and looked at Xu Ming, “Do you want to let your father-in-law live?”

Xu Ming’s face was cold and he didn’t know what Li Xiujie wanted to do, but he still said, “I want to!”

“Haha, you still have some filial piety!” Li Xiujie sneered, “If that’s the case, then I’ll give you a chance to be filial! If you want your father-in-law to survive, then kneel and climb in front of me; perhaps, I As soon as he is in a good mood, let him go!”

## Chapter 1223: Cannot Be Summoned

Kneel and climb over?

Xu Ming's eyes were full of anger! —Is there a word for “kneeling” in Brother Ming's dictionary?

No!

Moreover, even if Xu Ming really knelt down, Li Xiujie would let the Holy Emperor City Lord go? — I'm afraid it's impossible!

Therefore, even if Xu Ming knelt down, he would kneel in vain!

However, if Xu Ming did not kneel, the Holy Emperor City Lord would likely die immediately!

“Jie Jie Jie...” Li Xiujie sneered, “I've given you the chance! — Xu Ming, shouldn't you be so unconscionable, watching your father-in-law die?”

“Roar!” The Holy Emperor City Lord struggled with all his might, but in vain, he was unable to break free from Li Xiujie's giant claws — the gap between a quasi-sage and a true saint is simply too great!

“Xu Ming!” The City Lord of the Holy Emperor roared hysterically, “Flee! Find a way to take Xiaoran and escape!!”

“Escape?” Li Xiujie sneered disdainfully, “If the other masters run away, it is possible to escape some! But, you Xu Ming, you also want to run away from me? Hahahaha...It's ridiculous! It's ridiculous!”

“Kneel down!” Li Xiujie looked at Xu Ming and shouted coldly, “Kneeling down is your only way to survive! — I promise, if you kneel down, I won't kill the three of you!”

do not kill! But... Li Xiujie will make Xu Ming and the others become fanatical believers of the Holy Lord.

“Don’t kneel!” The City Lord of the Holy Emperor clearly saw through Li Xiujie’s intentions and shouted, “Become a fanatical believer of the Holy Lord, lose ourselves, and live like a walking corpse, we would rather die!”

Yin Ran’s eyes are full of determination: “Shape and spirit can be destroyed, but dignity cannot be abandoned!”

Xu Ming looked at Li Xiujie: “Unless you agree, after I kneel down, you let the three of us go!”

“Let you go?” Li Xiujie brought up a playful smile on the corner of his mouth, “Okay! I promise you!”

Li Xiujie promised very simply! Anyway... he didn’t intend to fulfill this promise! Let Xu Ming kneel down first, and then humiliate Xu Ming!

“Okay! I kneel!” Xu Ming seemed to have made an extremely important decision.

“Xu Ming! Don’t kneel!” The Holy Emperor City Lord roared hoarsely, “If you dare to kneel, I will explode myself immediately!”

Yin Ran also shouted sternly: “Xu Ming! Don’t make me look down on you!”

Xu Ming seemed to turn a deaf ear to the words of the two. His head was slightly lowered, and his body began to bend, as if he was about to kneel.

“Xu Ming...” Yin Ran and the City Lord of the Holy Emperor felt extremely ashamed.

The form and spirit can be destroyed, but the dignity cannot be abandoned!

And now, Xu Ming is about to abandon his dignity and kneel!

only...

Will Xu Ming really abandon his dignity?

how is this possible!

“Little hanging!” At this moment, Xu Ming was actually in the bottom of his heart, secretly contacting Xiao hanging, “How many hanging points do you need to summon a saint-level soul?”

Xiaohang immediately replied: “It is impossible to summon a saint-level soul!”

Can’t summon?

Xu Ming couldn’t help but wonder – what Xiaohang answered was not “insufficient hanging points”, but “unable to summon”.

“Why is this!?” Xu Ming asked.

Xiaohang replied: “The sage level has been recognized by the ‘Origin of Chaos’! When it comes to the power of the sage level, you must be cautious; otherwise, it will easily attract the attention of the origin of chaos, leading to... title!”

title! ?

Xu Ming didn’t know what would happen after the title was banned – would he be directly obliterated?

Xiaohang continued: “Especially the ‘Soul Possession’ Hang, don’t randomly summon a saint-level soul!”

“Then...” Xu Ming was speechless for a while, “I can’t summon a saint-level soul, then when my strength is strong, isn’t it useless to hang ‘soul possession’?”

Xiao Hang said: “Please look forward to the updated version of the plug-in! The function will be more powerful!”

newer version?

But the question is... When will Xu Ming be able to open a more powerful new version of the plugin?

unknown!

...

The conversation with Xiaohang completely happened in the blink of an eye.

Although he couldn't summon a saint-level soul to possess his body, Xu Ming wasn't very disappointed; after all... even if he could summon it now, Xu Ming didn't have enough points to summon!

Xu Ming remembered that some powerful quasi-sages needed dozens of drops of Chaos Primordial Liquid to be summoned once! The words of a saint must be far more than this "worth".

"What should we do now?"

Nothing to hesitate! "Soul Possession" is hanging, Xu Ming will definitely open it; if there is no "Soul Possession", Xu Ming's current strength is still too weak!

"What kind of soul are you summoning to possess?" Xu Ming pondered for a while, and soon came to a decision – the soul of a quasi-sacred mind cultivator!

One is because the mind cultivator can be called "invincible at the same level"!

The second is because... Xu Ming also has a chaotic magic weapon of the mind force school, "Heart Punishment Arrow"!

The "Soul Possession" of the quasi-sage cultivator of the heart, plus the "Heart Punishing Arrow", this is the strongest combat power that Xu Ming can break out!

Although Xu Ming didn't know if he could defeat Li Xiujie in this way, he had to give it his all!

“Xiaohang, summon me the soul of a quasi-sacred mind cultivator!”

“Summoning the weakest mind cultivator quasi-holy soul will exhaust all your level 14 hanging points. Are you sure to call?”

Level 14 hanging point is Chaos Primal Liquid!

Xu Ming had no choice: “Summon!”

Quietly, the mind cultivator quasi-sage has already possessed Xu Ming. And Xu Ming’s mental strength has already “held” the “Heart Punishing Arrow” of the Chaos God Weapon!

...

At this moment, Li Xiujie was looking at Xu Ming complacently: “Xu Ming! No matter how powerful you are, you can only kneel at my feet!”

Xu Ming’s body was bowing slightly.

The City Lord of the Holy Emperor has closed his eyes in grief and indignation, unable to bear to watch Xu Ming do such a dignified act.

Yin Ran couldn’t believe that Xu Ming didn’t even want his dignity.

And just then...

In Xu Ming’s eyes, a fierce light flashed.

“Take the divine body as the bow!”

“Take the heart as the string!”

“Kill everything!”

call out!

A black arrow that existed between the visible and the invisible instantly shot through the void and arrived in front of Li Xiujie.

“What!?” Li Xiujie was shocked.

He never thought that Xu Ming was still hiding such a terrifying means! – You must know that Li Xiujie now has the soul of the Holy Master, and his strength is at the level of a saint! However, Xu Ming’s arrow made him at the level of a saint feel a strong threat!

“Xu Ming can actually threaten me!?” Li Xiujie flashed this thought in disbelief. At the same time, he reflexively retracted the sharp claws that bound the Lord of the Holy Emperor, and blocked the terrifying arrow with both hands!

It’s just... Chaos Divine Weapon is so easy to block! ?

boom!

Li Xiujie was directly blown away.

“Heart Punishment Arrow! Heart Punishment Arrow is on you!” Li Xiujie roared sharply.

Chapter 1224: Hold Back Xu Ming

“Heart Punishment Arrow! Heart Punishment Arrow is on you!” Li Xiujie roared sharply.

“what!?”

“Heart Punishment Arrow!?”

The other masters of the Dominion Realm were also horrified.

“Zhuxinjian, isn’t it the treasure of the saint without difficulty?”

“Yeah! Back then, when the Sage Wudi fell into the dark realm, the Heart Punishing Arrow disappeared along with it... Unexpectedly, the Heart Punishing Arrow appeared in Xu Ming’s hands now!”

“It seems that the mysterious existence behind Xu Ming is likely to be the Saint of No Difficulties!”

However, what shocked these masters even more was not the Arrow of Punishment, but Xu Ming’s strength!

“Xu Ming actually controlled the Heart Punishing Arrow and drove back Li Xiujie!?”

“Isn’t Li Xiujie a saint-level strength? – Xu Ming can drive him back, doesn’t this mean that Xu Ming’s soul possessed at this time also possesses a saint-level strength?”

“No! Xu Ming’s soul possession should be a quasi-sage level strength! However, because he is a mind force school, and he has the Chaos God Armor, he can beat Li Xiujie!”

...

“The Arrow of Punishment is actually on Xu Ming!” The one who was most shocked was undoubtedly Li Xiujie! – This situation was something he never expected before; it was also something that the Holy Master didn’t expect when he made his plan!

Most importantly, Xu Ming’s strength is very strong!

Li Xiujie admits that he is better than himself!

“Xu Ming’s strength is so terrifying, once I am killed by him...” Li Xiujie was anxious—not that he would die, but that he would not be able to complete the great event of the Holy Master!

“No! In order to occupy the Thunder Continent, the master has planned endless years! I must not let the master’s plan fail!” Li Xiujie’s eyes burned with fanatical loyalty.

Suddenly, Li Xiujie’s eyes fell on Yin Ran.

“Huh?” Li Xiujie’s eyes lit up, and he suddenly had an idea.

...

After Xu Ming smashed Li Xiujie back with one arrow, his first reaction was to put Yin Ran into the world ring first!

Yin Ran is too weak! In such a battle, if you are not careful, it will be wiped out; only by putting Yin Ran into the world ring can Xu Ming have no worries!

“Xiao Yin, come into my world ring!” Xu Ming came to Yin Ran’s side instantly, ready to open the world ring.

“Don’t think about it!” Li Xiujie looked grim.

You know, it takes a little time to open the world ring and put people in. Although this time was extremely short, it was enough for Li Xiujie to attack and interrupt Xu Ming’s movements!

“Xu Ming! Die!”

The long sword in Li Xiujie’s hand turned into hundreds of millions of sword shadows, smashing the way of heaven and order to pieces.

All the shattered order of Heaven and Dao returned to the power of Chaos and Dao, condensed into a giant sword that shook the heaven and earth, and smashed towards Xu Ming.

Xu Ming, who was about to put Yin Ran into the world ring, had to turn around and resist this sword! – If you don’t resist, then before he can put Yin Ran into the world ring, the attack has already arrived!

Moreover, even if Xu Ming can successfully put Yin Ran into the world ring; under this sword, I am afraid it is enough to cause him heavy damage! – If Xu Ming is seriously injured, then Li Xiujie can only be slaughtered!

Therefore, Xu Ming had to block this sword!

“Zhuxinjian, come!”

call out!

The Heart Punishing Arrow appeared strangely and unpredictably, and under the control of Xu Ming’s powerful mental strength at this time, it directly slammed into this giant sword that shook the world.

boom! !

The world is broken! Heaven is annihilated! Order is broken!

The aftermath of the impact was unbearable for the kings and \*\*\*\*\* emperors in the distance; and the rulers who were closer, if they were weaker, were equally unbearable!

Xu Ming was not afraid of Li Xiujie by relying on the Chaos God Weapon, and even slightly crushed Li Xiujie. However, Xu Ming had to be distracted to protect Yin Ran, so it was inevitable that he would not be able to show his full strength.

boom! boom! boom! ...

Collision keeps happening, the world keeps collapsing!

“Xu Ming, you’re done!” Li Xiujie sneered.

call out! call out! call out! call out! ...

The attack of Zhuxin Arrow was a perfect combination of weirdness and tyranny; every arrow made Li Xiujie have to deal with it with all his strength.

“It’s over!?” Xu Ming sneered disdainfully, “If you can withstand my attack and not die, say these two words again!”

“Hahahaha...” Li Xiujie laughed outright, “Xu Ming, I admit that my current strength is indeed not as good as yours! However, don’t look behind you!”

“Behind me?” Only then did Xu Ming realize that behind him, the statue of the Holy Master was rising!

The Li family, who protected the statue of the Holy Lord, was already under the siege of the master of the cloud, the master of the space-time hall and other powerful people, and he died. However, Li Xiujie did not feel sad for his father’s death, but laughed grimly and excitedly: “The statue of the Holy Master, the foundation has been completed, you are finished! Hahahaha... You are finished!”

The foundation is established?

The masters of the masters, such as the master of the cloud, the master of the space-time hall, and so on, all changed their faces suddenly.

boom! boom! boom! boom! ...

Countless quasi-sage-level attacks landed on the statue of the Lord, but they couldn’t shake the statue of the Lord in the slightest.

At the same time, the golden light on the statue of the Holy Master shone on the entire Thunder Continent.

“Hahahaha... The Holy Master is about to come! You are all finished! Hahahaha!” Li Xiujie laughed wildly Xu Ming’s face changed suddenly – if he didn’t want to protect Yin Ran, he would be able to explode with all his strength, It is absolutely possible to forcibly kill Li Xiujie in a very short period of time; then, go back and destroy the statue of the Holy Lord!

The statue of the Holy Master that cannot be shaken at the quasi-sage level, but Xu Ming can shake it!

But... Xu Ming can't protect Yin Ran?

And if he wants to be distracted to protect Yin Ran, Xu Ming will not be able to explode his full strength, and he will not be able to kill Li Xiujie in a short period of time! In this way, Li Xiujie can only be held back until... the Holy Lord descends!

"It can't go on like this!" Xu Ming's face was ugly – he knew it wouldn't work, but there was no way to break the situation!

"Xiao Ran, come to my world ring!" The city lord of the Holy Emperor held on to the power in the center of the battlefield, and finally came to Yin Ran's side, wanting to put Yin Ran into the world ring!

After all, in this level of war, Yin Ran is too vulnerable!

"Naive!" Li Xiujie sneered, and continued to unleash powerful attacks, shaking time and space.

Time and space are chaotic.

The world ring uses the principle of spatial order. But now, the time and space are chaotic; with the strength of the Holy Emperor City Lord, it is impossible to force Yin Ran into the world ring under such an environment.

In this environment, only Xu Ming can put Yin Ran into the world ring!

However, once Xu Ming wants to open the world ring, Li Xiujie will attack him desperately and will not give Xu Ming a chance at all!

Yes!

Li Xiujie just didn't let Yin Ran enter the world ring, so that Xu Ming could be distracted in the battle and unable to exert his full strength!

This is Li Xiujie's idea! Li Xiujie's conspiracy! – Hold Xu Ming and wait until the Holy Master comes, that is victory!

Chapter 1225: This Is An Order!

boom! boom! boom! boom! ...

The fight between Xu Ming and Li Xiujie continued. The battle between the two is a collision at the level of saints; even top quasi-sages such as the master of cloud, the master of space and time, and the master of the virtual world will not be involved at all.

The gulf between the quasi-saint and the saint is almost insurmountable. Unless, like Xu Ming, he is a quasi-sage of mental power, and at the same time possesses a chaotic weapon, he can barely cross this gap.

...

Whoa!

The light on the statue of the Lord became more and more dazzling. The powerful power of faith gradually began to control the time and space of the Holy Emperor City and even the entire Thunder Continent!

“Humph!”

Suddenly, the Holy Emperor City Lord groaned, and golden blood oozes from the corner of his mouth. He tried to control the great defense formation, but he didn't expect that, not only did he fail to control it successfully, but he was attacked, and he was seriously injured!

“The Holy Master is too cunning! He actually used the statue to manipulate the power of faith, control time and space, and interfere with the defense formation...”

In fact, this is already the third attempt by the Holy Emperor City Lord to control the Great Defense Array after he got rid of Li Xiujie's shackles! The first two times, although the control failed, but it

was not attacked; and this third time, it was directly attacked, which shows that... this time and space has almost completely fallen into the control of the Holy Master!

“Big trouble!”

The Holy Emperor City Lord’s face was ashen and bloodless.

If he can control the great formation, the city lord of the Holy Emperor can have the combat power of the saint level; but now, without being able to control the great formation, the city lord of the Holy Emperor is just an ordinary quasi-sage...

An ordinary quasi-sage is almost useless on the battlefield at this time!

Destroy the statue of the Lord? – The Lord of the Holy Emperor can’t do it!

Help Xu Ming deal with Li Xiujie? – The Lord of the Holy Emperor can’t do it!

Even to put Yin Ran into the world ring to relieve Xu Ming’s pressure... The City Lord of the Holy Emperor couldn’t do it!

On this battlefield, the City Lord of the Holy Emperor is worthless!

In fact, it’s not just the city lord of the Holy Emperor; other quasi-sages, such as the Lord of Clouds, the Master of the Space-Time Palace, etc., are all worthless!

The battlefield at this time belongs to Xu Ming alone!

“I regret it!” The Holy Emperor City Lord was full of remorse.

If he had known that such a thing would happen, the City Lord of the Holy Emperor would not have held any marriage invitations at all; in that case, he would not have given Li Xiujie and the Holy Lord an opportunity.

However, the world did not know sooner!

At this point, the City Lord of the Holy Emperor can only pray that Xu Ming can defeat Li Xiujie and destroy the statue of the Holy Lord in time! Otherwise... once the statue of the Holy Master is completely erected, the entire Thunder Continent will be completely under the control of the Holy Master!

boom! boom! boom! boom! ...

Horror collision again and again!

In every collision, Li Xiujie was slightly at a disadvantage.

After colliding again and again, Li Xiujie's disadvantage became bigger and bigger.

However, Xu Ming did not show the slightest excitement. Because, whether it is Xu Ming, or the masters of Yun Zhu, the city master of the Holy Emperor, etc., all of them have discovered that this is not good!

Continue to fight like this, I am afraid, before Li Xiujie is killed, the Holy Master has already descended!

Once the Holy Master comes, the entire Thunder Continent will instantly fall under the control of the Holy Master!

"Xu Ming!" Suddenly, the Lord of the Void Heaven shouted, "I can't be dragged by Li Xiujie like this anymore! Keep dragging on, and the Holy Master will come!"

Can't be held back anymore?

Doesn't Xu Ming know?

However, Li Xiujie firmly grasped Xu Ming's weakness and used Yin Ran to hold Xu Ming down—what can Xu Ming do?

“Xu Ming!” Tushen Zhunsheng also said, “If you continue to drag on, you will definitely lose! It’s time for you to make a choice!”

choice?

Xu Ming was slightly startled: “What to choose?”

Tushen Quansheng was expressionless, and said: “Two options – either you explode with all your strength, quickly kill Li Xiujie, and then destroy the statue of the Lord! Or, you just throw away Li Xiujie, and just destroy the statue of the Lord first! ”

“Huh?” Xu Ming’s expression turned cold, “What about Yin Ran?”

Because Xu Ming was distracted to protect Yin Ran, he couldn’t break out with all his strength! Once full power erupts, it means to give up Yin Ran!

And let go of Li Xiujie, go directly to destroy the statue of the Holy Lord; to put it bluntly, also give up Yin Ran!

Therefore, the “two choices” that Tushen Zhunsheng said was actually “one choice”! That is – give up Yin Ran!

Tushen Zhunsheng said again: “We will join forces to protect Yin Ran!”

“You protect Yin Ran?” Xu Ming smiled, “You don’t even have the power to protect yourself, so you still want to protect Yin Ran? Once Li Xiujie goes crazy and attacks Yin Ran with all his strength, who of you can keep it?”

“This...” The Space-Time Hall Master, the Void Heaven Realm Master, etc., were all dumbfounded.

What Xu Ming said, why didn’t they know?

However, when they said these words, they actually hoped that Xu Ming could give up Yin Ran!

If you give up Yin Ran, you can save the Thunder Continent!

It is also the only way to keep the Thunder Continent!

Zhushen Zhunsheng looked at Xu Ming solemnly, and said, “Xu Ming, for the sake of the Divine Realm!”

The Master of Space and Time, the Master of the Void Heaven, and the Master of the Pavilion of Everything, all looked at Xu Ming solemnly and pleadingly: “For the sake of God’s Domain!”

“Jie Jie Jie Jie...” Li Xiujie’s strange laughter sounded, “Yes, yes! Well said! Well said! For the sake of God’s Domain! -Xu Ming Hurry up and do something for God’s Domain Make a choice! As long as you give up Yin Ran, you can keep the Thunder Continent, Jie Jie Jie Jie...”

The reason why Li Xiujie said that is completely by way of aggression!

He knew that Xu Ming would not give up Yin Ran, so he deliberately provoked Xu Ming!

“For God’s Domain?” Xu Ming couldn’t help laughing, “For God’s Domain, give up Yin Ran?”

“It’s also for yourself!” Tushen Zhunsheng Lian said, “If you don’t make a decision early, once the Holy Master comes, not only will the Thunder Continent be finished, but you and Yin Ran will still be impossible to live! – For the sake of the Divine Realm! For yourself!”

For God’s Domain?

Also for myself?

“Hahahahaha...” Xu Ming couldn’t help laughing.

Suddenly, Xu Ming’s laughter stopped abruptly: “Fart!”

“Uh...” All the great powers were startled.

“In my eyes, compared with Yin Ran, the entire Divine Realm is not even a fart!” Xu Ming sneered, “You still want me to give up Yin Ran for the Divine Realm?”

“Uh...” All powers such as Tushen Quansheng were speechless.

“Hahaha! Wonderful! Wonderful!” Li Xiujie burst into laughter, “Brother Xu Ming, you are indeed a kind and righteous person! Admire! Admire!”

However, at this moment, a tyrannical consciousness swept across from an endless distance.

“It’s the consciousness of a certain saint, it’s coming!” The masters responded immediately.

However, this kind of consciousness will not have any combat power, it is nothing more than a means of communication!

“Xu Ming!” A voice full of endless coercion resounded in Xu Ming’s ear, “Abandon Yin Ran immediately! Go and destroy the statue of the Holy Master! This is an order!”

Chapter 1226: The Coming Of The Lord

“Abandon Yin Ran immediately! Go and destroy the statue of the Holy Lord! – This is an order!”

This voice full of endless coercion also rang in the ears of every other saint at the same time.

“It’s the voice of Sage Shura!”

“Sage Asura gave Xu Ming an order!”

“The sage’s order, Xu Ming must obey? Otherwise, once the Thunder Continent falls, even if Xu Ming can take Yin Ran and leave alive, he will definitely be severely punished by the sage!”

“That’s right! The realm of the gods is so big, and if it violates the orders of the saints, there is no place to escape! After all, Xu Ming is not a saint, so it is impossible to roam the endless chaos freely!”

“Xu Ming should be sensible, right? Even if he doesn’t think about the entire Divine Realm, he should think about himself!”

...

Of course, the city lord of the Holy Emperor clearly saw the situation in front of him. He looked at Yin Ran with incomparable pain, then looked at Xu Ming again, and said, “Xu Ming, give it up! I have seen your affection for Xiao Ran; however, it doesn’t make any sense to continue to persevere!” Violating the sage’s order, not only Xiaoran will die; even you will be severely punished!”

If Xu Ming gave up Yin Ran now and went to destroy the statue of the Holy Lord, then only Yin Ran would need to die!

However, if Xu Ming violated the sage’s order, then both Xu Ming and Yin Ran would be executed by the sage!

Is it only Yin Ran who died, or both of them! – It all depends on Xu Ming’s choice!

“Xiao Ran!” The city lord of the Holy Emperor looked at his most beloved daughter again, “Forgive father!”

Yin Ran looked calm and calm: “Father, I understand!”

“Xu Ming!” Yin Ran shouted, “Meeting you is my greatest luck! But don’t hold on... If you continue to hold on, it will only hurt you too!”

Don’t hold on?

Xu Ming said firmly: “Impossible!”

No one is qualified to make Xu Ming give up Yin Ran!

Holy Order?

That's shit!

“Xu Ming!” The majestic voice of Sage Shura shouted violently, “You dare to disobey my order?”

Xu Ming's answer was only one word: “Go away!”

“You...” Sage Shura was really angry, “You are courting death!!”

However, no matter how angry the sage Shura was, Xu Ming ignored him, and concentrated on protecting Yin Ran and dealing with Li Xiujie.

“Jie Jie Jie Jie... It's touching! It's touching!” Li Xiujie smiled yin and yang, trying to influence Xu Ming's battle.

Of course, this little verbal interference would not have any effect on Xu Ming at all!

...

“It's over!”

Void Heaven Realm Lord, Slaughter God Quansheng and other great powers, all face ashes – it's over, not only Xu Ming, but the entire Thunder Continent!

“Heroes are short-lived! Children's love is long!”

“To be so irrational for a woman! – This Xu Ming is really unwise!”

The rulers sighed at Xu Ming's irrationality.

Only Master Yun looked at Xu Ming in admiration and said, “Brother Xu Mingxian! You are what a man does!”

At the same time, the masters looked at the statue of the Holy Lord in despair.

At this moment, the statue of the Holy Lord has stopped growing and has become hundreds of millions of miles in size! The golden light of faith shining on the statue is getting more and more dazzling; the entire Thunder Continent has also been completely shrouded in the light of faith.

Those ignorant ordinary gods have no idea what this golden light in the sky means.

“What should I do now?” The masters were at a loss.

Only Xu Ming has the ability to destroy the statue of the Holy Lord; however, Xu Ming wants to protect Yin Ran and will not immediately destroy the statue of the Holy Lord.

“It doesn’t seem to make any sense for us to continue attacking the statue of the Holy Master, right?” The Temporal Hall Master couldn’t help but said.

“Yeah! It’s all in vain!” The other rulers also said.

At this time, the voice of the misty saint resounded in the void: “Everyone retreat!”

withdraw?

The Temporal Hall Master, the Void Heaven Realm Master, etc., are waiting for this order from the saint!

In an instant, all the masters gave up attacking the statue of the Holy Lord, brought those living kings and \*\*\*\*\* emperors, and quickly escaped from the Holy Emperor City!

As for the gods of the star level and silver moon level, just give up all of them! – At such a time, no one will pity the weak!

After escaping from the Holy Emperor City, the time and space here is not so chaotic, and the time and space hall master can also open the world ring! All the masters, \*\*\*\*\* emperors, and kings rushed towards the world ring of the space-time temple master.

In terms of escaping, the Temporal Hall Master is undoubtedly the fastest among the saints! Only the Temporal Hall Master can take these \*\*\*\* emperors and conferred kings to escape the Thunder Continent that is about to fall.

“Huh?” Suddenly, the Temporal Hall Master discovered that the Holy Emperor City Lord was still in the Holy Emperor City and did not come out.

“The City Lord of the Holy Emperor, let’s go!” The Time and Space Palace Lord shouted.

Walk?

The City Lord of the Holy Emperor smiled bitterly: “What face do I have to leave?”

Saint Misty, Saint Asura and other saints joined forces to build Saint Emperor City, and entrusted the Lord of Saint Emperor City with a heavy responsibility, so that he can use the power of the formation in Saint Emperor City to exert the combat power of the saint level!

However, under the carelessness of the Holy Emperor City Lord, the Holy Emperor City has fallen into such a situation! Indeed, as he said, what face does he have?

The city lord of the Holy Emperor sighed softly, as if repenting: “Xiao Ran has a special physique and must marry someone with a background in order to be protected; that’s why I held a marriage invitation and selected a suitable candidate! It’s the best choice; but I didn’t expect that Li Xiujie is actually a fanatical believer of the Holy Lord! Instead... Xu Ming, a genius born in a dusty world that was never favored by me, is Xiaoran’s best destination!”

It’s a pity that when the City Lord of the Holy Emperor understood this, it was too late! Also, too many stupid things have been done!

stupid!

Very stupid!

“I’m blind!”

The City Lord of the Holy Emperor has no face to face the saints, nor face his daughter Yin Ran!

“Um?”

“The Lord of the Holy Emperor, you...”

“Father!”

The masters, as well as Yin Ran, seemed to have a foreboding.

“No-father!” Yin Ran shouted hysterically. It’s just that her voice, in the chaotic time and space, is extremely weak.

“Huh!?” Xu Ming also noticed that the temperament of the Holy Emperor City Lord at this time was completely different; there was a feeling of seeing through everything and facing death calmly, “He wants to...”

I saw the back of the Holy Emperor City Lord, flying towards the statue of the Holy Lord extremely lonely.

At this time, the statue of the Holy Lord is almost completely erected! The Holy Lord...will also come in a moment!

boom! boom! boom! ...

The collision between Xu Ming and Li Xiujie killed, UU reading [www. uukanshu.com](http://www.uukanshu.com) goes on and on.

Li Xiujie’s disadvantages continued to accumulate, and he was on the verge of defeat!

“die!!”

The Heart Punishing Arrow finally shot through Li Xiujie’s defense, and instantly passed through his divine body.

However, there was a relieved smile on Li Xiujie's face: "It's too late! It's too late! -Xu Ming, the statue of the Holy Master has been completed, and no one can destroy it!"

Li Xiujie, a fanatical believer, has completed his mission and is still honored to die!

"Hahahaha..." Li Xiujie still looked up to the sky and laughed loudly, as if he could not feel the pain of death at all.

Bang!

Li Xiujie's divine body immediately vanished into ashes.

And at the moment when Li Xiujie was annihilated, Xu Ming saw that a withered figure was gradually condensing above the statue of the Holy Master.

The Holy Lord is coming!

No one can destroy the statue of the Holy Lord – Xu Ming can't! Not even if other saints are here!

No one can stop the coming of the Holy Lord!

"Xiao Ran, let my father do the last thing for you!" The city lord of the Holy Emperor rushed towards the condensed withered figure, like a moth to a flame.

Yin Ran widened his eyes in horror, feeling something.

boom! !

The City Lord of the Holy Emperor flew to the side of the withered figure and directly detonated his divine body!

The terrifying power swept out, and the coming of the Holy Lord was slightly affected!

And it was this influence that bought time for Xu Ming, so that Xu Ming could have the opportunity to forcibly suppress the chaos of time and space, and put Yin Ran into the world ring!

The City Lord of the Holy Emperor used his life to win a first-line chance for Yin Ran!

And at the moment Xu Ming put Yin Ran into the world ring, the withered figure on the statue of the Holy Master was solidified!

Holy Lord... come!

Chapter 1227: The Horror Of Faith Genres

“Is this the Holy Master?”

Xu Ming saw that the withered figure condensed above the statue of the Holy Lord was extremely ugly.

He was wearing a black robe, his whole body was dry, and there was no trace of blood. His temperament is also like the dry grass in winter, lifeless; he can't find the slightest comfort in his body.

boom!

When this withered figure appeared, the golden light emanating from the statue of the Holy Master suddenly dazzled ten times, a hundred times!

The dazzling golden light illuminates the entire Thunder Continent.

hum...

In the entire Thunder Continent, there were countless eyes in an instant, becoming confused, absent-minded, and self-destructive. In these sluggish eyes, a ray of fanatical flames appeared.

At first, this flame of fanaticism was just as small as a spark of fire; but in the blink of an eye, it ignited a raging fire in both eyes with the power of a prairie fire! – This is the fire of fanatical faith!

In the entire Thunder Continent, under the gods, countless billions of creatures have instantly become fanatical believers of the Holy Lord.

Immediately after, is a star god!

Immediately after that, the two-star gods...

call out! call out! call out! call out! ...

In the entire Thunder Continent, countless billions of invisible powers of faith instantly penetrated the barriers of time and space and fed back to the Holy Master who had just arrived.

The breath of the Holy Lord is constantly rising and rising!

Where the statue of the Lord is, the Lord is an absolutely invincible existence!

Although Xu Ming has a “soul possessed” by a quasi-sage-level mind cultivator, as well as a chaotic divine soldier of the mind-force school, he still feels small in front of the Holy Master! – This is absolute strength suppression! Unstoppable strength suppression!

“escape!”

Xu Ming has already put Yin Ran into the world ring, and he has no more worries; so without hesitation, he just ran away! —Although, Xu Ming hated the Holy Master; after all, if it wasn’t for the Holy Master, then the Holy Emperor City Lord, Bai Lao, etc. would not die. But in the face of absolute strength suppression, it is definitely not the time to be impulsive!

Where there is life, there is hope!

And the space-time hall master has already put others into the world ring, and then escaped at the fastest speed. However, the speed that the Temporal Hall Master is proud of, in the eyes of the Holy Master, is slower than that of an ant crawling.

“It’s all ants!”

The Holy Master glanced at the Space-Time Hall Master, and then at Xu Ming, sneering disdainfully. After a little hesitation, the Holy Master chased Xu Ming directly—although there are many rulers and \*\*\*\* emperors in the world ring of the Temporal Hall Master; but in the view of the Holy Master, these many rulers and \*\*\*\* emperors all add up, Not as attractive as Xu Ming alone!

“Don’t try to escape, Xu Ming! Become my loyal believer! Hahahaha...” The Holy Master’s gloomy laughter resounded throughout the Thunder Continent. Moreover, in the laughter, there seems to be some secret skill that makes those gods who are illuminated by golden light fall faster!

And the strength of the Holy Master is also supported by the endless power of faith, and it improves faster!

The more believers, the stronger the strength!

This is the terrible thing about belief schools! It is completely possible to make the strength soar rapidly in a short period of time!

Even more terrifying is...

The strength of the Holy Lord is already extremely tyrannical; where the statue of the Holy Lord is located, it is even more invincible! And now, this invincible existence, the strength has soared again, it is terrifying!

“Stop struggling! Stay! Xu Ming!” In the eyes of the Holy Master, a mad evil spirit danced.

He is very interested in Xu Ming as a genius!

“If I can make Xu Ming my fanatical believer...” the Holy Master longed, “In this way, when he grows up and becomes a saint in the future, then I will have a saint-level believer!”

boom!

The huge palm of the Holy Master, spanning hundreds of millions of miles of void, directly grabbed Xu Ming.

It's like catching a chick!

Xu Ming suddenly felt that the surrounding space was all under the control of the Holy Master; he was like a small fish trapped in a fish tank, unable to break free.

“Break it for me!”

Punishment arrows out.

The blocked space was broken open in an instant, and Xu Ming escaped from the blocked space with great flexibility.

“Oh! It's interesting!” The Holy Master didn't care and sneered disdainfully.

boom!

The Holy Master continued to pursue and fight fiercely, quickly closing the distance between him and Xu Ming.

“Wonderful Heart Seal!”

Xu Ming used the holy spiritual secret technique “Wan Xin Yin”, and the heart marks quickly condensed into one after another, either blessing him or affecting the speed of the Holy Master.

However, for the Holy Lord, this influence is minimal.

“Wan Xin Yin?” The Holy Master sneered, “If the old ghost ‘No Difficulty’ used it himself, it would indeed pose some threats to me; but you... tsk tsk!”

boom! boom! boom! boom! boom!

At this moment, five tyrannical auras rushed into the Thunder Continent! It is the five saints such as the misty saint and the asura saint!

“Oh?” The Holy Master glanced at the endless distance, “You are here!”

However, the Holy Lord doesn’t really care! – The statue of the Holy Master has been completed. As long as it is within the scope of the Thunder Continent, the Holy Master is an almost invincible existence! Even if the five saints such as the misty saint join forces I am afraid they are not the opponents of the Lord!

“Humph! Holy Master! Quickly get out of the Thunder Continent for me!” The misty saint shouted angrily.

“Get out of the Thunder Continent?” The Holy Master said with a playful laugh, “The ethereal saint, you idiot! – When you were so stupid in my tricks, and now you are so stupid to get me out of the Thunder Continent!”

“You...” The misty saint was anxious.

The Holy Master continued to sneer with disdain: “Don’t tell me to get out of the Thunder Continent! The five of you, wait for a fight, if you dare not run away, I will serve you!”

The five saints were very angry at the Lord’s provocation.

But... they have to admit that in the arena mainland, they really can’t help the Holy Master; on the contrary, if they are not careful, they may be killed by the Holy Master!

“Misso!” Sage Shura said displeasedly, “Thunder Continent has already fallen, what are we going to do here? – Even if the five of us join forces, we can’t threaten the Holy Master! But the Holy Master can threaten. to ours!”

The misty sage has a far-reaching vision: “In order to save Xu Ming!”

“Save Xu Ming?” Sage Shura snorted coldly, “What are you doing to save this traitor? If it wasn’t for him not obeying orders, Thunder Continent wouldn’t have fallen!”

“Because...” Miao Miao said, “Xu Ming definitely has the potential to prove the Tao and become holy! If he becomes a fanatical believer of the Holy Master, then in the future, the Holy Master’s subordinates will probably have more saint-level believers... That way, the battle between us and the Holy Master will be even more difficult!”

“Just him? Still proving the potential for sanctification?” Sage Shura sneered disdainfully.

However, Sage Asura obviously also knows that what Sage Misty said makes sense! So, after sneering disdainfully, he just snorted: “Humph! When this traitor is rescued, I will definitely punish him severely!”

Chapter 1228: Thunder Gate

call out!

call out!

The speed of the saint level is almost incalculable!

Xu Ming and the Holy Master, one after the other, chasing and fleeing, shuttled through the Thunder Continent.

Wherever the two passed, the terrifying speed caused the heaven to be annihilated and the order was chaotic! Time becomes chaotic and space is torn apart – what’s the point of talking about “speed” in this case?

In a matter of moments, the two of them were able to pass through the land of one government—for the combat power of the saint level, the realm of the gods is no longer such a huge stage!

“Xu Ming! Don’t run away! It’s impossible for you to escape!” The Holy Master slammed it again – the Holy Master’s attacks were not aimed at killing Xu Ming at all, but to capture Xu Ming. Otherwise, Xu Ming would not have been able to escape this far, and he would have been killed by the Holy Master long ago.

But even so, the power of Xu Ming's "Soul Possession" this time was rapidly consumed. When the power of "Soul Possession" is exhausted, Xu Ming may no longer have the means to resist the Holy Master! – After all, Xu Ming's cultivation is still too weak!

Xu Mingxiu was the highest ancient cultivator clone, and he was only half a step into a \*\*\*\* emperor, not even a \*\*\*\* emperor; there was a three-level difference between him and the Holy Master!

The difference of three major levels! – It is simply not what any leapfrog combat methods can make up for! There is only "soul possession", and it can also compete a little!

However, Xu Ming has no enough points to hang up, so he will hang up with "Soul Possession"!

"It can't go on like this!" Xu Ming was a little anxious.

Fortunately, the five saints in the distance were rapidly approaching, which made Xu Ming see the hope of escaping.

"Holy Master! Stop it!" The misty saint's attack arrived first; a fog-like gray chain, containing the profound chaotic perfection, was bound to the Holy Master.

The actions of the Holy Master were indeed limited. However, in just an instant, the Holy Master broke free from the fog chain and continued to chase Xu Ming.

"Holy Master! Die! Go back to your sanctuary!" Saint Asura's attack also arrived.

boom!

A blood knife that slays the sky and destroys the earth, condensing the power of order for hundreds of millions of miles at the tip of the knife. The target of this attack is the Holy Lord!

"Ha!" The Holy Master smiled disdainfully, not even bothering to block.

boom!

The power of a single blade annihilated a lot of the divine body of the Holy Master. However, under the golden light of the statue of the Holy Master, the Holy Master enjoys the power of faith from the two continents, the Sanctuary and the Thunder Continent; in just an instant, the annihilated divine body is completely restored to its original state!

Why is the Lord the invincible existence where the statue of the Lord is? – It's because the power of faith can instantly restore the Holy Master's injuries!

As long as the Holy Master can't be killed in seconds, then the Holy Master is almost indestructible!

However, want to kill the Holy Master in one blow? I'm afraid even the existence of the "star master" level can't do it, right? – What's more, there is no star master in God's Domain!

...

The other three saints also showed their means, affecting the speed of the Holy Master.

Moreover, the five saints are rapidly approaching the Lord! – When the five saints are surrounded, even if they can't kill the Lord, it should be no problem to save Xu Ming.

Of course, the Holy Master also discovered this situation; in his eyes, a gloomy color suddenly flashed: "Since it can't be used by me, then...die!"

The Holy Master finally stopped thinking about capturing Xu Ming alive!

rumbling...

The endless power of faith and the turbulent power of chaos were inspired and fused in the hands of the Holy Lord.

The attack has not yet appeared, but the terrifying power has already made Xu Ming's heart palpitate.

“The Holy Master is serious!” Xu Ming knew that just now, the Holy Master did not use the ultimate move at all; but now, he used the ultimate move!

The Holy Master is indifferent and confident: “It is only by virtue of the possession of the soul and the chaotic soldiers that I can barely reach the level of a saint; to kill you, one move is enough!”

call out!

The black and white energy after the fusion of the power of faith and the power of chaos finally condensed into a fierce black and white sword.

Wherever the sword light passed, the order of heaven was chopped up like tofu.

Even Xu Ming couldn’t react in an instant! It took almost no time! – The sword light has arrived!

boom!

The sword light slashed, directly annihilating half of Xu Ming’s divine body! Then, almost at the same time, this sword light swept across the land below; the mountains on the land of hundreds of millions of miles were instantly flattened!

The wreckage of many mountains is lingering with countless electric lights – here, it is the Leiling Mountains where Xu Ming came before.

However, Xu Ming did not have the heart to appreciate the scenery of his hometown.

“What!?” Xu Ming was extremely horrified—this sword is too terrifying!

“Huh!?” The Holy Master was somewhat dissatisfied with the effect of this sword, “It didn’t even kill you with one move? – However, with the first sword, your divine body has already been annihilated by half! With this second sword, you will surely die! ”

The power of faith and the power of chaos unite again!

Black and white swords are formed again!

“Not good!” Xu Ming’s face suddenly turned ashen – he couldn’t avoid this sword, and he couldn’t stop it!

Must die!

However, Xu Ming was not worried about being killed!

After all, even if you die, you will only lose the clone of the ancient cultivator and the clone of Harmony.

As for the treasures such as the Heart Punishing Arrow, Xu Ming can also immediately take it back into the “Heart World”. The heart world exists in nothingness; even if the two avatars are damaged, the heart world will not be destroyed, so there is no need to worry!

but!

Yin Ran, however, could not be taken into the world by Xu Ming! -Xu Ming’s heart world is not strong enough to allow other beings to enter!

So... if Xu Ming dies, Yin Ran will die!

“No!” Xu Ming could never accept this result.

At this time, the “black and white sword” of the Holy Master has been condensed again.

“Not good!” Xu Ming was anxious!

How to do? How to do! ? How to do! ?

Suddenly, out of the corner of Xu Ming’s light, he caught a glimpse of the “Gate of Thunder” in the center of the Thunder Spirit Mountains.

The Thunder Gate is only ten feet in size; compared with those gates that travel hundreds of thousands of miles and millions of miles, it is naturally incomparably small.

Last time, when Xu Ming passed by the Thunder Mountain Range, he was standing beside the Thunder Gate, with a kind of palpitations; therefore, he didn't dare to go in. But now, Xu Ming seems to have caught a life-saving straw!

“The Gate of Thunder! Hide in first and then talk about it!”

Hide in first, at least you can avoid this black and white sword of the Holy Master! As for what the Holy Master will do after chasing the Thunder Gate, that is something that Xu Ming only needs to consider!

One more second to live is one second!

Whoosh!

Xu Ming did not hesitate, and his figure fell directly into the Gate of Thunder.

And at almost the same instant, the black and white sword slashed at the Thunder Gate—how terrifying is the power of the black and white sword? One sword can kill most of Xu Ming's divine body! However, slashing at the Gate of Thunder, it failed to shake the slightest!

Chapter 1229: Another World Invincible Plug-In Version 4.0!

The mighty and terrifying black and white sword slashed at the Gate of Thunder, but it failed to shake it!

“Huh!?” The Holy Master's expression changed suddenly, “There is actually a gate of thunder here, and I didn't notice it!”

In fact, the Holy Master did not notice the Thunder Gate, which was normal.

After all, the Thunder Gate is only ten feet in size; and the speed of Xu Ming and the Holy Master is billions of miles in an instant! – Under such a fast speed, it is indeed difficult to notice such a “small door”.

Xu Ming had an impression of the Thunder Gate because he had been to the Thunder Mountain Range before; therefore, when approaching here, he thought of the Thunder Gate. And in desperation, he got into it to save his life.

Now it seems that Xu Ming made the right bet! – Sure enough, after Xu Ming escaped into the Gate of Thunder, the Holy Master no longer chased in!

“Too careless!” The Holy Master’s face was extremely ugly, “I didn’t expect him to run away!”

The Holy Master stopped beside the Thunder Gate and did not dare to enter; his eyes were full of gloomy expressions: “This Xu Ming definitely has the potential to prove the Tao and become holy! I originally wanted to enslave him and make him my fanatical believer. ; Unexpectedly, he accidentally let him escape...”

Of course, the Holy Master understands that the one who escaped from his eyes is likely to be a “future saint”!

“Humph!” But immediately, a look of disdain appeared on the face of the Holy Master, “Even if Xu Ming can become a saint, so what? – The Sanctuary and the Thunder Continent are now my territory! In these two continents, Even ten saints will never threaten me!”

A saint of a school of belief is an almost invincible existence in his “foundation place”!

“And... when all the creatures on the Thunder Continent become my fanatical believers; my strength will definitely soar to a new level! At that time, I will have greater confidence and control the third continent!”

The Holy Master is playing a big game of chess!

He wants to control one continent after another, until... refining the entire God’s Domain!

At that time, the Holy Master will become the “star master” of God’s Domain!

In the eyes of the Holy Master, Saint Misty, Saint Asura and other saints are just a few “stumbling blocks” on his road to success!

As for Xu Ming... he doesn't even have the qualifications to be a stumbling block!

only...

What the Holy Master didn't know was that Xu Mingyuan was not as simple as he thought! The secrets of Xu Ming are even more precious than the entire Divine Realm!

...

“call-”

The misty saints and others in the distance could not help but breathe a sigh of relief when they saw Xu Ming escaped into the Thunder Gate.

The unknown and mysterious other side of the Thunder Gate is an extremely dangerous place for the Holy Master; but for Xu Ming, it is not much dangerous!

Xu Ming escaped into the Gate of Thunder, which was equivalent to escaping for heaven!

“On the front line of life and death, I just escaped into the Thunder Gate!” The Misty Saint exclaimed, “This Xu Ming is definitely a person with strong luck; even the Holy Master can't suppress or kill him! ”

Qi Luck can be divided into “Explicit Luck” and “Hidden Luck”.

Although Xu Ming's apparent air luck is not very strong, the strength of his air luck clone is not too strong; however, Xu Ming's hidden air luck is absolutely terrifying!

Just like now, Xu Ming's “hidden luck” is too strong; therefore, even in the face of the Holy Master's pursuit, he should not die, and he escaped in the end!

“Great luck with your body? What a big deal!” Sage Shura snorted angrily, “Isn’t it because the Holy Master was careless and let him escape?”

The ethereal saint doesn’t want to argue too much on this issue: “Let’s go! Hurry up and leave the Thunder Continent!”

Thunder Continent, when the statue of the Holy Lord was completely erected, has already declared its complete fall! The reason why the five saints want to go deep into the Thunder Continent is to rescue Xu Ming and the masters of the Space-Time Palace!

Now, Xu Ming has escaped from birth; the master of the space-time hall has also escaped from the territory of the Thunder Continent with a king, a \*\*\*\*\* emperor, and a master! There is no need for the five saints to continue to stay in the Thunder Continent! – After all, even if the five of them join forces, it is impossible to kill the Holy Master!

call out! call out! call out! call out! call out!

The five figures turned back like lightning and quickly flew away from the Thunder Continent.

When the Holy Master saw this, he did not go after him—after all, no matter which saint he was, his life-saving ability was extremely terrifying! It is almost impossible for the Holy Master to kill any one of the five saints!

“Let’s concentrate first and completely refine this continent!” The Holy Master snorted coldly and flew back towards the Holy Emperor City.

...

In the entire Thunder Continent, countless gods, unable to resist the radiance of the Holy Lord, lost their ego and became fanatical believers of the Holy Lord.

“Do not-”

“What’s going on here!?”

“What the \*\*\*\* is going on with these golden lights that can actually control my mind!”

“No! Don’t fall...”

The Thunder Continent is full of unwilling roars and painful screams!

But these roars and screams soon turned into fanatical eyes.

First the star-level gods, and then the silver moon-level...

The gods above the king level quickly noticed the strangeness of the golden light in the sky and began to flee the Thunder Continent!

But masters above the king level, after all, are only a very small number of gods; the entire Thunder Continent, more than 99% of the gods, have directly fallen, sending the most devout faith to the Holy Master force!

The Holy Master is bathed in the power of these beliefs, and his strength continues to increase.

...

The other end of the Thunder Gate.

This is an extremely desolate land! Hundreds of millions of miles of grass are barren and lifeless!

In the infinitely distant void, a “sun” completely condensed by the power of thunder illuminates the endless land.

“This is...” Xu Ming ignored his curiosity and ran away! After all, behind him, there is still a pursuit from the Holy Lord!

However, Xu Ming found out not long after escaping—the Holy Master did not chase after him!

“Huh?” Xu Ming couldn’t help but wonder, “Holy Master, is it impossible to enter here?”

Although he didn’t know why the Holy Master didn’t chase him in, Xu Ming breathed a sigh of relief.

While relaxing, Xu Ming felt a deep sense of humiliation and grief!

“If the Holy Master didn’t want to capture me at first, I wouldn’t have any chance to escape at all!”

Xu Ming couldn’t help but think of four words – cat playing with mouse!

The Lord is the “cat”, and he is the “mouse”!

It’s just that when the cat was teasing the mouse, he was careless and let the mouse run away!

Thinking of this, Xu Ming felt a deep sense of shame!

“Holy Master... this debt! I will pay you back sooner or later!” Xu Ming clenched his fists and thought angrily, “And, it won’t be too late!”

Of course, Xu Ming is also lucky!

Fortunately, it was because of the Holy Master’s cat-and-mouse that he allowed Yin Ran to escape!

At this moment, Xiaohang’s voice suddenly sounded in Xu Ming’s mind: “The 4.0 version of the Alien Invincible plug-in is being opened!”

Chapter 1230: Completely Different New Version

“The Otherworld Invincible plug-in version 4.0 is being opened!”

The sudden upgrade of the plug-in made Xu Ming startled: “It’s so sudden!”

Xiaohang continued to say in a mechanical voice: “This upgrade is a ‘mandatory upgrade’! – Because the host has killed the ‘Saint Level’ combat power, it has reached the limit of version 3.0 plug-ins; if not upgraded, many functions will not work properly!”

“Uh?” Xu Ming asked, “Which functions will not work properly?”

Xiaohang introduced: “The current plug-in version of the host is: Invincible Plug-in 3.0 Perfect Enhanced Edition, the functions are as follows:

Combat functions: Invincible combat power system, soul possession, life and death book.

Auxiliary functions: teleportation, coordinate transmission, exploration, energy shield.

Obscene functions: stealth, camouflage, clone, independent space, forced face slap (exclusive).

Store function: artifact store, mercenary system.

Cultivation function: talent cultivation, heart tree garden.

...

Unopened functions are as follows: unlimited clones, unlimited blue, attribute modification, forced slavery, unlimited resurrection, time suspension, time reversal, invincibility, instant kill, copy, wholesale and retail gold finger, second space, second space, and the universe! ”

Xiaohang continued: “If you don’t upgrade, the functions such as Soul Possession, Life and Death Book, Probe, and Energy Shield will not be able to be used normally?”

Xu Ming was speechless: “Why can’t it be used normally?”

Xiaohang explained: “The existence of the sage level has been approved by the ‘Origin of Chaos’; without the recognition of the Origin of Chaos, but exerting the combat power of the sage level, it is easy to attract the attention of the ‘Chaos to Dao’! According to the settings of the perfect enhanced

version of the plug-in 3.0, the ‘soul possession’ and other functions can only reach the combat power of the quasi-sage level at the highest, and cannot reach the combat power of the saints!”

“Is that so...” Xu Ming was a little confused, but he also understood.

The origin of chaos is invisible and invisible; but it maintains the normal operation of the chaotic universe.

If something goes beyond the “reasonable range” considered by the source of chaos, it will easily attract the attention of the source of chaos!

If someone like Xu Ming is concerned, what will be the consequences? – It’s very simple, just like it is easy to get banned in the game; once Xu Ming is noticed by the source of chaos, it is very likely that he will be “banned”! That is...to be killed or suppressed by the source of chaos!

“Then it can only be upgraded?” Xu Ming secretly said.

Xiaohang said again: “Version 4.0 of the Alien Invincible plug-in will be more in line with the operation of Chaos to Dao! Therefore, various functions in the plug-in will undergo major changes! – Do you upgrade immediately?”

Big change?

Xu Ming thought about it and said, “Upgrade it!”

If you don’t upgrade, many functions of the plug-in can’t be used normally, and there is a danger of “banning” – of course, you have to upgrade!

Moreover, Xu Ming believes that the new version of the plug-in will definitely be stronger than the old version!

Moreover, Xu Ming now has no chaotic primordial fluid on his body! The amount of chaotic vitality is not too much! – That is to say, Xu Ming has almost disappeared the level 13 hanging points used in the \*\*\*\* realm and the level 14 hanging points used in the saint realm; therefore, even if he opened it, Xu Ming could no longer play the stronger ones in the \*\*\*\* realm. Combat power!

In this case, it is better to upgrade to the plug-in version 4.0 and see if there will be any surprises.

“Upgrade!” Xu Ming said after careful consideration.

“The plug-in is being upgraded, please wait!”

The efficiency of the small hanging is very high, after a while...

“The invincible plug-in version 4.0 has been upgraded!”

The new version of the function panel immediately appeared in Xu Ming’s mind.

“The Otherworld Invincible plug-in version 4.0 has the following functions:

Combat functions: leapfrog invincibility, eternal power, life and death.

Auxiliary functions: coordinate transmission, clone, independent space, inscription on the road, immortal mark, forced face slap (exclusive).

System functions: Wanjie hegemony system, Zhidao guidance system, Wanjie mall system, recycling system, and all beings worship system.

Elimination function: stealth, camouflage, heart tree garden.

Unopened functions: unlimited clones, unlimited blue, attribute modification, forced slavery, unlimited resurrection, time suspension, time countercurrent, invincibility, instant kill, copy, wholesale and retail gold fingers, second space, second space, and the universe!

More and more powerful, more perverted, more inhumane, and more tragic functions, please look forward to the invincible plug-in [Ultimate Edition]! ”

...

Looking at the series of functions of the new version, Xu Ming looked confused: “What are the functions of the plug-ins in this version 4.0? Why are there many functions that I haven’t even seen before?”

“And... Where is the invincible combat power system? Where is the soul possession? Where is the book of life and death?...”

Version 4.0 and version 3.0 are so different!

Totally different!

Many familiar functions are gone!

Among the remaining functions, the ones Xu Ming had seen were either eliminated or not yet activated. Others, are some unheard of new features.

“I hope these new functions are powerful enough, but don’t let me down!” Xu Ming prayed secretly.

Many functions in version 3.0 are still very powerful, and Xu Ming can use them very easily. Now the plug-in has been upgraded “beyond recognition”, all of which are functions that have never been seen before; Xu Ming is of course worried, will it be a pit!

With an uneasy mood, Xu Ming quickly looked at the detailed introduction of the new version.

Seeing this, Xu Ming suddenly laughed!

“Leaping Invincible: An upgraded version of the ‘Invincible Combat Power System’! – The Invincible Combat Power System, which can open up to a million times the combat power (that is, level 6); Level 1’s “Leaping Invincible” can be used on the host’s original combat power. , the more level 7 battle!

Currently, the level of ‘Leaping Invincible’ is level 1; you can upgrade this function by consuming hanging points! ”

It turns out that the “Invincible Combat Power System” has not disappeared, but has changed its face! And, it’s even stronger!

“I like!”

Of course, Xu Ming would not object to something stronger!

“I don’t know if other functions have also been changed to appear with stronger functions?”

Xu Ming continued to watch.

really!

“Force of Eternity: An upgraded version of ‘Soul Possession’! – Limited by the operating rules of Chaos to Dao, ‘Soul Possession’ hangs, and the strongest can only summon quasi-saint-level soul-possessed souls! Saint-level souls, All of them have been recognized by the ‘Origin of Chaos’; once summoned, they will immediately attract the attention of the Origin of Chaos!

The ‘power of eternity’ hangs, which can summon the soul possessed by the saint level; and the power that is summoned will exist forever and will not disappear until it is replaced by a stronger power of eternity! Moreover, the power of eternity can be superimposed with the strength of the host itself!

But... the soul summoned by ‘Eternal Power’ is only one-tenth of the combat power of the original soul! ”

The power of eternal existence! It can be superimposed with its own strength! – These two points are impossible to do with the old version of ‘Soul Possession’!

But there is also a disadvantage, that is, the strength of the soul summoned now is discounted! Only 10% of the strength!

However, Xu Ming is still very satisfied! After all, the “Soul Possession” can only be used once in a while, and once the “Eternal Power” is summoned, it exists forever! Moreover, Xu Ming’s own

strength is the foundation. Every time he activates “Soul Possession”, he cannot display his own strength, which makes Xu Ming very unhappy!

Xu Ming continued to watch.

“Life and Death: An Upgraded Version of the ‘Book of Life and Death’...”

I wrote more than two o’clock last night, but I wasn’t satisfied with the new version’s features, so I deleted it and rewritten it. Today, I re-examined it, completely updated the plug-in, and added a lot of functions!

The plug-in version 4.0 has been opened, please look forward to the ultimate version, the air in seconds!
