## Chapter 1331: Wanjie Mall

Three million drops of Chaos Primal Liquid!

Xu Ming just wanted to say: It's so \*\*\*\* expensive!

You must know that in the Wanjie Mall system, the Heaven-shading Treasure Mirror is only sold for one million; but in the Hengzhou Auction, it actually requires three million drops of Chaos Primordial Liquid, and it is only the starting price!

Moreover, looking at the nervous and excited powers around, Xu Ming could not imagine that the next auction would inevitably be a stormy wave.

but...

The higher the price of the Treasure Mirror, the happier Xu Ming is! In this way, after this auction, Xu Ming will make a fortune!

Sure enough, as soon as the auction started, the VIP area went into a frenzy.

“Five million drops!”

“Seven million!”

“Nine million!”

...

No one shouted “three million drops of Chaos Primordial Liquid”, but started shouting directly from “five million drops”; and the next two voices jumped directly to push the price to “nine million drops”. “!

And now, the auction has only just begun!

crazy!

too crazy!

The crazier Xu Ming's eyes lit up, the better!

"Ten million drops!" This time, it was Elder Zhen's offer.

"Zhen Family, don't even think about getting the Treasure Mirror! Eleven million drops!" The almighty who had a grudge against the Zhen Family sneered.

"Twelve million drops!"

"Thirteen million drops!"

The power of one-bit quotations, there is almost no nonsense. Because no one will give in, and whoever wants to get it, then use the Chaos Primal Liquid to speak.

...

"Eighteen million drops!" Elder Zhen shouted through gritted teeth.

It is already very exaggerated that the price has climbed to this level; in the past auctions of the Heaven-shading Treasure Mirror, the price was generally only 156 million drops of Chaos Primordial Liquid. It can be seen that this time, all forces are prepared, and the competition is very fierce.

"Forget it! The price is too high! Let's wait for the next auction!"

"But, who knows when the next auction will be? Also, maybe the next time the price will be higher!"

“Let’s fight! The price of the Treasure Mirror will only get higher and higher; fight for it early, rest assured!”

The Treasure Mirror is the foundation of a party’s power! Of course, the sooner you buy it, the better you can feel at ease.

Prices continue to rise slowly.

“Twenty-one million drops!” This is already all the chaotic primordial liquid of the Zhen family! If there is another competition, Elder Zhen has no choice but to give up.

The whole place fell into silence all of a sudden.

At this stage of the auction, the primordial chaotic liquid of all parties has actually reached its limit; after all, no one expected that the auction of the Treasure Mirror would be so intense this time.

The various forces in the VIP area still want to continue to follow the price, but there is no Chaos Primal Liquid to follow.

After the three countdowns, the auctioneer announced: “Congratulations to the Zhen family for winning the treasure mirror this time!”

Elder Zhen suddenly felt a pain in his flesh. But thinking of it, the family has a foundation from now on; this chaotic essence flower is worth it!

When the Heaven-covering Treasure Mirror was handed over to Elder Zhen, the auctioneer said with a smile: “Congratulations to Elder Zhen! Because the materials for refining the Heaven-covering Treasure Mirror are quite scarce in the endless chaos; so in the future, the price of the Heaven-covering Treasure Mirror may not be the same. It’s going to go up a lot!”

“A sharp rise?” Elder Zhen’s eyes suddenly lit up.

Although it took 21 million drops of Chaos Primordial Liquid to make Elder Zhen feel distressed; but when he heard that the price of the Treasure Mirror would still rise, and it was still a “significant increase”, Elder Zhen was immediately happy!

“Yes! It has risen sharply!” said the auctioneer, “I predict that the next time, the transaction price of the Heaven-shading Treasure Mirror will probably reach more than 25 million drops of Chaos Primordial Liquid! There are more and more forces; and the number of mirrors that cover the sky is getting less and less...”

“His” Those forces that didn’t auction the Treasure Mirror changed their expressions and took a deep breath, “Twenty-five million drops...”

This means that before the next auction of the Treasure Mirror, they will have to prepare several million more drops of Chaos Primordial Liquid before they are eligible to participate in the auction of the Treasure Mirror.

Elder Zhen, on the other hand, was even more delighted: “Fortunately, I am decisive enough! Even at all costs, I have to capture the Heaven-shading Treasure Mirror! After I go back, the ancestors will definitely praise me!”

The Treasure Mirror is the last treasure in the auction.

The end of the Treasure Mirror auction means that the auction has come to an end.

One by one, the powerful people got up and prepared to leave.

But right now...

“Everyone, please wait!” Xu Ming’s voice suddenly sounded in the auction hall.

“Oh?” Many great experts cast suspicious glances at Xu Ming.

If Xu Ming was only from an ordinary area, maybe no one would pay attention to his words. However, Xu Ming was sitting in the VIP area, and he shouted “wait a moment”, which was naturally different; many experts couldn’t help but stop, wanting to see what Xu Ming wanted to say.

Under the gazes of many eyes, Xu Ming smiled indifferently: “I also have a treasure mirror here, who would be interested in buying it?”

what! ?

The great powers who were about to get up and leave suddenly stopped: “You said...you also have a treasure mirror in your hand?”

One of the forces, in order to compete for the Heaven-covering Treasure Mirror, spared no expense; but in the end, the vast majority of them were still unable to compete.

Now, I heard that Xu Ming has a treasure mirror in his hand; how can one not be excited?

Of course, along with excitement, there are also doubts! After all, as we all know, in the Star Casting Realm, only the Eternal Universe Auction House has a treasure mirror that covers the sky; how could this kid who appeared out of nowhere exist?

“Fart!” Elder Yushu, who had had some conflicts with Xu Ming before, immediately rebuked him, “Where is the little scoundrel who dares to utter nonsense in my Eternal Universe auction! I am the only one who owns the Heaven-covering Treasure Mirror in the Star Casting World, and this is something everyone knows; even if you want to brag, don’t think of a better one first!”

“Heh!” Xu Ming smiled disdainfully, without arguing. He directly spread out his hands, and a round bronze mirror appeared in his hand. It was exactly the same as the treasure mirror that Elder Zhen had just captured, and there was no difference!

“This is...?”

“Um?”

“what!?”

The powerful people in the VIP area are all veterans who have seen the world. Naturally, they quickly recognized that the round bronze mirror in Xu Ming's hand was a fake mirror that covered the sky!

“How can there be a treasure mirror in this kid's hands...” Zhen Ling and Elder Zhen were a little shocked.

And the other forces that were regretting that they didn't take pictures of the Treasure Mirror, suddenly all became excited!

Although there is only one piece of the Treasure Mirror, I am afraid that only one of them can get it; but, after all, it is another auction opportunity, right?

The great powers of the Hengzhou auction house have ugly faces that cover the sky, but they monopolize the treasures; it is precisely because of this monopoly that they have accumulated a lot of popularity in the Hengzhou auction house.

And now, Xu Ming wants to break their monopoly, how can they not be angry?

Elder Yushu asked in a cold voice, “Boy, with your strength, it is impossible to have a treasure mirror that covers the sky! Tell me, which power are you from!”

After all, Xu Ming is not even a saint; in the VIP area, he is a very weak one.

How could such a weak strength possess such a precious treasure? Therefore, in the opinion of Elder Yushu, Xu Ming must be a force from a certain party, who was deliberately sent to provoke their Eternal Universe Auction!

“Which side?” Xu Ming smiled and said, “Wanjie Mall!”

Chapter 1332: Bone

“Wanjie Mall!”

These four words, Xu Ming said with a sonorous force, resounded throughout the Hengzhou auction hall.

But the great powers in the auction hall were all at a loss.

“Wanjie Mall? Never heard of it!”

“Could it be... is it the power of the Chamber of Commerce from far away in the endless chaos? However, if it is the power of the Chamber of Commerce from far away, there is no need to take root in our Star Casting World! Although our Star Casting World is prosperous, it is more powerful than Star Casting World. There are suitable places, right?”

“Wanjie Mall, what kind of power is it?”

All the greats are very curious.

As for the elder Yushu, his face was cold: “Wanjie Mall? Humph! Dare to be presumptuous here, you are not giving us the Hengzhou auction scene!”

Xu Ming sneered disdainfully: “The face of the Hengzhou auction house? Is it worth it? Besides, when I first came here, I didn’t see you giving me face!”

If the Hengzhou auction house treats them with courtesy, then perhaps Xu Ming will give them some face, at least he won’t be so open to “grabbing business” here. However, when Xu Ming first came to the auction, Elder Yushu even came to chase him and wanted him to give up his seat to the Zhen family; in this case, Xu Ming had nothing to give them face.

Face is given to each other!

It’s the Hengzhou auction house, don’t give Xu Ming face first! Now, the elder Yushu came up to mention “face” again, which is ridiculous!

“Boy! Are you sure, you want to be our enemy in the Hengzhou auction house!?” Elder Yushu said coldly.

“Sure!” Xu Ming said indifferently.

“You...” Elder Yushu did not expect that Xu Ming would answer like this, and was immediately speechless.

...

In the auction hall, the other great experts were too lazy to care about the mood of Elder Yushu. They only care about the treasure mirror in Xu Ming’s hands!

“Elder Yushu, you’re not being kind!” A sage with beautiful eyebrows said displeasedly, “It’s not that we don’t want to buy it at your Eternal Universe Auction, but that you don’t have the treasure mirror for sale here! A little brother Xu Ming is for sale here, so let’s buy it from him, is it normal?”

“That’s right! I don’t have anything, so I don’t allow others to do business? Your Hengzhou auction site is too overbearing, right?”

“Humph!” Elder Yushu snorted heavily, speechless.

Because it is true that they did not sell the treasure mirror in the Eternal Universe Auction.

“Little brother Xu Ming!” The sage who spoke before put on a warm smile, but kept his eyes fixed on the treasure mirror in Xu Ming’s hand, “Then now, we will directly start auctioning your hand. This treasure mirror that covers the sky, right?”

This beautiful sage is also very conscious; knowing that Xu Ming should not easily sell this treasure mirror, he took the initiative to ask Xu Ming to auction it.

And the other great powers around have no opinion. After all, if everyone wants it, the one with the highest price gets it!

“Auction?” Xu Ming shook his head, “No no no! No auction!”

“No auction?”

When the surrounding powers heard this sentence, they all subconsciously thought that Xu Ming was afraid that the lion would open his mouth and quote a high price, and then the wisher would take the bait.

“It is estimated that the price of more than 21 million drops will be reported!” Zhong Da Neng secretly said.

After all, the price of the treasure mirror that covers the sky just now was 21 million.

However, what the great powers never expected was that Xu Ming’s quotation was: “This treasure mirror that covers the sky is a one-off price... 10 million drops of Chaos Primordial Liquid!”

“What!?”

“what!?”

“How many!?”

The whole place was instantly stunned.

It’s not that Xu Mingbao’s price is too high, but... it’s really too low!

Ten million drops of Chaos Primal Liquid!

The great powers even suspected that they were deaf and misheard!

Of course, at the saint level, is it possible that there will be “back of ears”? Of course not!

At this time, Xu Ming repeated: “Ten million drops of Chaos Primordial Liquid, first come, first served!”

Swish!

At this time, the public can react.

“I want!”

“I want!”

“Sell it to me, and I will give out 15 million drops of Chaos Primal Liquid!”

...

In the end, it was the former sage who had a beautiful face and was the first to shout “I want it”.

“Deal!” Xu Ming said cheerfully.

“Ha!” The clear-eyed sage was also a little surprised. Obviously, he didn’t expect that Xu Ming would be so refreshing, so he sold the Heaven-covering Mirror to himself.

Around, there are many unwilling voices: “Eighteen million drops! I will give out eighteen million drops!”

“Twenty million drops!”

All the great powers looked at Xu Ming unwillingly; but Xu Ming was not moved by the high price in the slightest!

Those who didn’t buy it were so anxious in their hearts, secretly thinking that this kid is stupid? The price of 20 million drops is not required, but 10 million drops of Chaos Yuan Liquid are sold to the “Sage of Heavenly Books”, which is equivalent to losing 10 million drops of Chaos Yuan Liquid in vain.

The sage of the book of heaven is this beautiful sage.

But... how would these great powers know, in Xu Ming’s opinion, 10 million drops of Chaos Primordial Liquid are nothing compared to the reputation of Wanjie Mall!

Xu Ming wanted to take this opportunity to spread the reputation of Wanjie Mall! Let Wanjie Mall be famous for the entire Star Casting World, and even the endless chaos!

so...

Just when the sage of the book was holding the treasure mirror that covered the sky and was ecstatic!

Just when other powers are unwilling and helpless!

Xu Ming... took out another treasured mirror to cover the sky: "Does anyone want it? It's still 10 million drops of Chaos Primordial Liquid!"

"what!?"

"This..."

"Second Heaven-covering Treasure Mirror!?"

Shocked!

No one would have thought that Xu Ming could even take out a second treasure mirror!

You must know that even the Hengzhou auction house has never taken out two treasure mirrors at once!

Immediately afterwards, all the great powers responded.

"I want!"

"I want!"

“I want!”

One by one, the great powers rushed to Xu Ming again.

In the end, a rough saint with a giant axe grabbed the second mirror. Immediately, his whole body was flying with joy.

“Isn’t it just a treasure mirror that covers the sky? As for what?” Xu Ming couldn’t help but despise it for a moment, and then... calmly took out the third treasure mirror.

“Is there anything else you want?” Xu Ming weighed the treasure mirror in his hand.

“what!?”

“I want!”

“I want it!”

Zhongda can fall into madness again.

After the third piece of heaven-covering mirror was sold, the great powers who had not bought it all stared at Xu Ming’s hands with fiery eyes; they were looking forward to seeing whether another piece of heaven-covering mirror would emerge from these hands.

A group of powerful people surrounded Xu Ming. In this scene, it was like a group of puppies surrounded Xu Ming, waiting expectantly for the “bones” to appear in Xu Ming’s hands.

Then...

Xu Ming really had “bones” in his hands.

“The Heavenly Treasure Mirror sells with tears, it’s still 10 million...”

“I want!”

“I want!”

...

Then, the fifth block, the sixth block, the seventh block...

Gradually, all the great powers became numb, and secretly said in their hearts: “This Xu Ming, shouldn’t he be a wholesaler of sky-covering treasure mirrors... Otherwise, how can there be so many...”

## Chapter 1333: Coupon

Xu Ming made such a big noise, which naturally alarmed the high-level executives of the Hengzhou auction house.

All the elders from the auction hall gathered around, their faces extremely ugly.

“This kid is definitely prepared!” An elder of the Eternal Universe auction house gritted his teeth, “Who would carry so many sky-covering treasure mirrors? He must know that our auction house is going to auction the sky-covering treasure mirrors this time. , So, I’m ready to come and smash the field!”

Elder Yushu said coldly, “I’ve already seen that something is wrong with this kid!”

“What should I do now?” The elders of the auction hall were discussing through voice transmission.

They can’t wait to take Xu Ming down immediately and teach him a lesson. But... in the Black Blood Castle, it is strictly forbidden to do anything; even the elders of the Hengzhou auction house, if they dare to break this rule, they will be severely punished, or even directly killed!

“How about... let’s report this news?” an elder suggested.

The “Lord of Hengzhou” who founded the Hengzhou auction house is a super existence in the Chaos Realm!

Although, there is a “no action” rule in Black Blood Castle; but for the existence of Chaos Realm, the rules can be completely ignored.

“What are you thinking! Such a trivial matter, to alert the Lord of Hengzhou?” A voice immediately retorted.

“That’s right! The lord has not asked about the world for a long time! Let alone such a trivial matter, even if it is a major matter related to the life and death of the auction house, the lord may not be interested in asking about it!”

“Then what should we do? Could it be... just let this kid ride arrogantly on the head of our Hengzhou auction house!?”

All the elders in the auction house are very angry.

But they had to admit that there was nothing they could do except let Xu Ming continue to be “arrogant”!

“Humph! Wait! We can only take this kid after he leaves Black Blood Castle!”

...

At this time, the face of the Zhen family was very wonderful.

“I just bought more than 20 million drops of Chaos Primordial Liquid, and I bought a treasure mirror that covers the sky...” Elder Zhen felt a pain in his position!

In order to shoot the treasure mirror that covers the sky, their Zhen family spared no expense and sold a high price of 21 million drops of Chaos Primordial Liquid! But... Elder Zhen didn’t have time to be complacent when he saw that the great powers of other forces had bought the Heaven-shading Treasure Mirror at the price of 10 million drops of Chaos Primordial Liquid.

The price difference of 11 million drops of Chaos Primordial Liquid!

Can Elder Zhen not be in pain?

How long do they have to save the entire Zhen family for these more than ten million drops of Chaos Primordial Liquid...

At this time, a handsome sage walked up to the Zhen family with bad intentions and said with a smile: “Hahahaha, Elder Zhen! Your Zhen family is really rich! We can’t compete with you, admire! Admire!”

This handsome saint said “admiration” in his mouth, but he was actually rubbing salt on Elder Zhen’s wound, causing Elder Zhen to feel distressed once again for the 11 million drops of Chaos Yuan just now. liquid!

...

Soon, more than a dozen great experts who wanted to buy the sky-covering mirror were satisfied and bought the sky-covering mirror from Xu Ming!

And the four words “Wanjie Mall” suddenly attracted attention!

Many great powers have already begun to speculate about what force the Wanjie Mall is, and its strength is so strong that it can take out so many sky-covering mirrors casually!

There are some great powers, and they can’t help but ask: “Will there be any other treasures for sale in Wanjie Mall?”

After all, among the great powers present, there are also many who want to buy other rare treasures, but they have never encountered them.

And this question was asked exactly in the heart of Brother Ming!

Xu Ming officially announced: “We in the Myriad Realms Mall do not have any treasures such as weapons; other than that, we have almost any other treasures!”

Any treasure has it!

This tone is not too big!

“Of course, if you need any treasures, you must book in advance! Within three months, our Wanjie Mall will definitely help you find them!”

In fact, if it is a treasure in the “Wanjie Mall System”, Xu Ming can take it out immediately, and there is no need to wait for three months. However, in order to prevent the attention and suspicion of others, Xu Mingcai said this on purpose.

And for the great powers of the saint level, they often don’t blink once in three months! In other words, in three months, not even the “blink of an eye”.

Therefore, when Xu Ming said the “three-month” deadline, all the saints were shocked: “The efficiency is so high!?”

Xu Ming just smiled without saying a word.

Immediately, a great master asked: “Is there a Chaos Icefall Heart? What’s the price?”

Xu Ming immediately checked the “Wanjie Mall System” and said, “Yes! Ten thousand Chaos Primal Liquid, one drop of Chaos Icefall Heart!”

“It’s so cheap?” The saint who asked was shocked. “In the Hengzhou auction hall, let alone the Chaos Icefall Heart rarely appears! Even if it does appear occasionally, the price reaches hundreds of thousands of drops of Chaos Primordial Liquid!”

“Uh...” Xu Ming was slightly startled, and said to himself: It seems that the price is too cheap...

However, in the “Wanjie Mall System”, only 800 Chaos Primordial Liquid is enough for a drop of Chaos Icefall; with a profit of ten times, Xu Ming thought that he was already very dark!

Xu Ming said calmly: “Our Myriad Realms Mall has all kinds of treasures in stock so the prices are usually relatively low!”

“I want 100 drops of Chaos Icefall Heart!” said the saint before, “Are you going to pay a deposit?”

“No deposit required! Three months later, just come and get it from me!” Xu Ming said.

As soon as I heard that there is no need to make a deposit, all the other great powers, without any scruples, rushed to place orders one after another.

And the treasures they need are rare things in the Casting Star Realm, but they happen to be in the “Myriad Realms Mall System”!

Moreover, Xu Ming was selling at ten times the price, and other great masters also sighed: “It’s so \*\*\*\* cheap!”

“Wanjie Mall, why didn’t you show up earlier? Caused us to be trapped by so many Chaos Primal Liquid in the Hengzhou auction house!”

“That’s right! Over the years, I really spent too much money in the Hengzhou auction!”

The high-level executives of the Hengzhou auction house looked as ugly as a collective dead father.

Finally, Xu Ming took all the “orders”.

Suddenly, Xu Ming smiled playfully, then pointed at the surroundings, and said aloud: “These people from the Zhen family are my enemies!”

Zhen Ling, Elder Zhen, etc. suddenly changed their expressions.

Xu Ming continued: “Whoever of you can kill any of them will be the VIP of my Wanjie Mall; in the future, if you come to our Wanjie Mall to buy treasures, you will get a 20% discount! If you join forces to kill one of them, then , everyone who joins forces can also enjoy a 20% discount on the purchase of treasures in our Wanjie Mall!”

Swish!

Immediately, countless stern eyes turned to Zhen Ling and the others.

In these eyes, Zhen Ling, Elder Zhen and the others seemed to have become “coupons”.

“Oh, that’s right!” Xu Ming said again, “And the life of this Yushu elder can also be exchanged for the qualification of ‘20% off’!”

Elder Yushu’s killing intent towards him is not shallow, so Xu Ming would naturally not be polite to him!

#### Chapter 1334: Drink Tea

“Okay, everyone! I’ve written down all the treasures you need!” Xu Ming laughed, “Recently, I’ll be looking for a place to stay in the Black Blood Castle trading area! After three months, you guys will come again. I can!”

After speaking, the great masters said goodbye to each other, and they all left the Eternal Universe Auction.

...

Inside the Black Blood Castle.

The Zhen family’s team is powerful and in a hurry.

“Damn Xu Ming!” All the powerful people in the Zhen family gritted their teeth, “I actually encouraged others to deal with us...”

Before, when they were at the auction, all the powerful people of the Zhen family could feel the greed that flickered in those countless eyes – after all, as long as you kill any of them, you will go to Xu Ming’s Wanjie Mall from now on. Enjoy 20% off when you buy treasures!

“Humph!” Elder Zhen snorted coldly, “If it wasn’t for me carrying a great treasure and sending the Heaven-shading Mirror back to the family, I would definitely have to meet those great powers who want to deal with me for a while! Let them know that our Zhen family is not like that. So annoying!”

Zhen Ling’s face was even more ugly.

Soon, the Zhen family and his party rushed to the exit of Black Blood Castle. After passing through the dark and dark passage, he quickly left the Black Blood Castle; he was about to leave the Star Casting Realm and return to the Zhen family’s lair.

“Wait back, report the matter to the ancestors, and let the ancestors decide!” Elder Zhen gritted his teeth and thought – why has he ever suffered so much?

However, at this moment-

boom! boom! boom! boom! ...

Without warning, a powerful momentum suddenly surrounded the Zhen family and his party.

“Not good!” The expressions of the Zhen family and his party changed suddenly.

Elder Zhen’s eyes narrowed suddenly, and he looked at the more than 30 high-level saints around him with fear.

Most of these high-level saints that Elder Zhen know come from forces that are no weaker than their Zhen family! More than 30 high-level saints represent more than 30 forces!

Moreover, in this battle, you can tell at a glance that the comers are not good!

Elder Zhen’s face was ugly: “Everyone, what does this mean?”

You must know that the Zhen family and his party have already left the Black Blood Castle; now, there is no longer a “no action” rule! In other words, these thirty-odd high-level saints can attack them at any time!

“Hehe!” A seemingly cunning black-clothed saint said with a sneer, “It doesn’t make any sense! I just want to invite all the friends of the Zhen family to have tea together! – Elder Zhen, don’t you give me such a little face? Bar?”

tea?

Elder Zhen just wanted to say – coaxing a three-year-old child!

Drinking tea is fake!

If you want to control them, wait three months before considering whether to kill them, that’s the truth!

If... after three months, Xu Ming can really come up with the treasures that various forces are seeking to buy, then the lives of the Zhen family and his party will probably become “coupons”!

If Xu Ming can’t come up with the treasure, then the Zhen family and his party still hope to save their lives.

It’s just... Could Xu Ming be unable to come up with the treasure?

“Everyone!” Elder Zhen said solemnly, “Are you really sure that you want to offend our Zhen family?”

“Ha ha ha ha...”

Elder Zhen’s remarks immediately caused a lot of laughter: “If we unite so many forces, even if we offend your Zhen family, so what? Is it possible that your Zhen family would dare to seek revenge on us? – If you come to take revenge, that’s even better! Maybe, in the endless chaos, there will be no Zhen family from now on!”

threaten!

The threat of red fruit!

As for the Zhen family, they could only suffer!

There is no way, the strength is not as good as people, you can only lower your head!

At this time, Elder Zhen said again: “Don’t you really think that Xu Ming can find those treasures and sell them to you? – Oh! If you don’t say anything else, just say Chaos Icefall is good! It’s hard to find, and the price is as high as hundreds of thousands of chaotic primordial liquid; Xu Ming sells 10,000 chaotic primordial liquid for a drop, will you believe it?”

“Hehe! We really don’t believe it completely! Otherwise, we won’t invite you to drink tea here, but... let’s do it directly!” The black-clothed saint laughed, “We’ve already thought about it—if Xu Ming It is to fool us, then, after three months, we will let you go! Forgive you Zhen family, and do not dare to be the enemy of so many of our forces for such a thing! And if Xu Ming did not fool us, then... hey-hey!”

After that, there is no need to say anymore.

“Please, everyone! I don’t think I need to do it, do I?”

More than 30 high-ranking saints looked at them with a sneer.

...

Eternal Universe Auction.

All the elders, all sat down to discuss.

“I don’t know where the Myriad Realm Mall appeared, but it made such a big move... I’m afraid that there will be a big move in our Star Casting Realm!”

“Yeah! I have prepared more than a dozen treasure mirrors to cover the sky, and I will never believe that he will not make a big move next time!”

“I estimate that this Wanjie Mall will next compete with our Hengzhou Auction to \*\*\*\*\* the market for rare treasures!”

“Justified! I agree!”

“Then how do we deal with it?”

The elders of the auction house were all discussing fiercely.

Soon, they discussed and came to a conclusion.

“In the entire star-casting world, the most suitable place to sell rare treasures is undoubtedly the trading area of Black Blood Castle; and that kid also said that .com will set up the mall here! And as far as I know... black In the blood castle trading area, there are only three large pavilions that are still vacant. Why don't we buy all three large pavilions! In this way, the kid will have no place to set up a shopping mall, and he will not be allowed to If you don't quit Black Blood Castle, you will even quit the Star Casting World!”

“That's a good way! Go get in touch now, and buy all the three pavilions at all costs! And... always pay attention to that kid with Xu Ming. Once he finds out that he has left the Black Blood Castle, act immediately!”

...

Xu Ming naturally would not leave Black Blood Castle.

and...

Xu Ming didn't even plan to buy a large-scale pavilion.

“I don't need to stock up in this Wanjie Mall. With customers, I pay first hand, and first hand delivery; I want a building that is too big, what's the use?”

Xu Ming is ready, just find a small house!

After strolling around the trading area, Xu Ming quickly found his favorite target; a small shop with a simple style.

Xu Ming quickly got in touch and bought the store.

“Huh... I finally have a foothold!” Xu Ming urgently needs a foothold – he has obtained so much Chaos Primal Liquid, of course he needs to improve his strength!

“Little hanging, how many level 14 hanging points do I have?” Xu Ming has exchanged all the Chaos Primal Liquid into hanging points.

Anyway, between the Chaos Elemental Liquid and the hanging point, you can exchange it at will.

Xiaohang immediately replied: “15.2 million drops!”

“So much!?” Xu Ming sighed with emotion, “It is indeed the prosperous world of commerce and trade! If it were in other places, it would be impossible to earn so much Chaos Primal Liquid in such a short period of time! Then... level up first. Check out the plug-in function!”

Chapter 1335: Xu Ming’S Strength!

With the hanging point, of course, it is necessary to upgrade the plug-in!

The first is “leapfrog invincible”.

Level 3, Level 4, Level 5!

Xu Ming didn’t say anything, just one word: rise!

Anyway, it was only a hundred thousand points to level 14 after reaching level 5; for the current Xu Ming, it was a complete drizzle, and he wouldn’t even frown.

However, in order to upgrade to level 6, the “Leaping Invincible” link must use a level 15 link; and Xu Ming now has only a maximum of level 14, so he can’t continue to upgrade for the time being.

“Just upgrade to level 5 first!” Xu Ming secretly said.

Invincible Level 5: You can fight at level 11 based on the host’s original combat power!

Over level 11 battles!

This is the power of “Leaping Invincible Level 5”!

Even though there are countless power gaps between the quasi-sage and the saint, but “Leaping the Level 5 Invincible”, Xu Ming instantly crossed these power gaps and stepped into the level of a saint!

powerful!

Incredibly powerful!

And this is just the beginning!

Xu Ming did not hesitate to continue to upgrade all the functions that can be upgraded in the plug-in!

Life and death, inscriptions on the path, forced face slaps... All plug-in functions will be upgraded to level 5!

Level 5 plug-in function, naturally stronger!

For example, “Defense Inscription Level 5” in “Inscription of the Supreme Way” can ignore all attacks below the saint! Attacks at the saint level are automatically attenuated by 90%; attacks above the Chaos Realm can also be attenuated by 30%!

Moreover, with the level 5 “Supreme Inscription” hanging, there is a new inscription – the attack inscription!

Attack Inscription: During the attack, the power of chaos is attached; it can double the host's attack and ignore the defense!

Double the attack!

Ignore defenses!

How powerful!

These upgraded plug-in functions have directly improved Xu Ming's strength to the second rank of saints! Moreover, it is still an invincible existence of the second rank of saints, almost comparable to the third rank of saints!

Is this all Xu Ming's strength?

Do not!

The rich and powerful Xu Ming decided to re-call the soul in the "Power of Eternity"!

The soul of the Chaos Realm needs to be summoned at level 15. Xu Ming must not be able to summon it; then, summon the strongest soul under the Chaos Realm!

The soul of the star master level!

"Ten million points of level 14 hanging points can summon the soul of the star master level?" Xu Ming did not hesitate at all, "Summon!"

10 million points for level 14 hanging points, for Xu Ming, it is only a matter of selling an extra mirror!

Although, the soul summoned by "Eternal Power" is only one-tenth of the combat power of the original soul; however, it also allows Xu Ming's strength to rise!

Xu Ming once again felt his own strength: "The fourth rank of saints!"

Moreover, even in the “fourth rank of saints”, they are extremely strong existences!

This plug-in upgrade has greatly improved Xu Ming’s strength!

Xu Ming just wanted to say four words: It’s nice to have money!

It is true that Xu Ming does not have a level 15 hanging point, otherwise, Xu Ming’s strength may be directly upgraded to the eighth-level, ninth-level saint, or even the star master level!

“In a short period of time, the comprehensive strength of the ‘Saint Tier 4’ should be my limit! Unless, my cultivation base breaks through to the Domination Realm; or, I get a 15th-level hanging point...”

At level 15, Xu Ming has no way to get it.

And breaking through the early dominance level, Xu Ming is still short of the Heavenly Dao School and the Faith School, and did not meet the requirements!

Xu Ming needs the four major schools to break through to the realm of dominance at the same time, the four ways are unified, and the indestructible demon body is cultivated!

...

After the plug-in upgrade was over, Xu Ming came to the slave market again.

This time, Xu Ming came to buy saint-level slaves with deep pockets.

Sage-level slaves have no “spot” in the entire slave market.

Xu Ming found a large slave store, paid a deposit, and reserved fifty first-order slaves of the saint.

In the endless chaos, slaves are cheap; even saint-level slaves are not worth much. For fifty saint-level slaves, Xu Ming only spent 10 million drops of Chaos Primal Liquid.

It is estimated that within three months, these fifty first-rank slaves of the saint will be delivered to Xu Ming.

...

After finishing everything, Xu Ming began to set up his shop.

The facade is small, but the layout must not be shabby! After all, this is Xu Ming's old lair in the endless chaos in the future, and it is to receive super existences from all sides of the endless chaos; if it is shabby, wouldn't it be very shameful?

This arrangement directly cost Xu Ming millions of points on level 14 hanging points!

That is, millions of drops of Chaos Primal Liquid!

One of the chairs made of "Chaos Sacred Wood", bought from the "Wanjie Mall System", requires 300,000 points of level 14 hanging points; the price in the endless chaos is as high as millions of drops of Chaos Primordial Liquid! – In other words, a chair is more precious than several saint-level slaves!

The weaker saints in God's Domain, such as the Asura saint; if they were here, they would not be as valuable as Xu Ming's chair!

"Some tables and chairs, and some tea, that's it!" Xu Ming secretly said ~[www.readwn.com](http://www.readwn.com)~ As for the display of goods, Xu Ming doesn't need it at all! Anyway, what others want to buy, Xu Ming will take out!

After arranging the house, the last thing Xu Ming did was hang up the signboard!

Xu Ming directly bought a huge piece of Chaos God Wood worth tens of millions from the Wanjie Mall system. Afterwards, Xu Ming used his spear as a pen, followed the dragon and snake with his pen, and directly carved four gilded characters on the chaotic sacred wood—Wanjie Mall!

Everything is ready, just wait for the auspicious time to come, hang the sign and officially open.

Xu Ming pointed and calculated that there was just one day before the March period, which was a good day; Xu Ming decided to choose that day to officially open Wanjie Mall!

...

Blink, three months have passed.

In the star casting world, Xu Ming didn't have any good friends; therefore, he didn't invite anyone to open the business, he simply went through the process.

“what-”

Xu Ming's movement immediately attracted the attention of other shops around.

“That vacant shop is finally about to open!” said a lean sage. Deep in his eyes, there was a shrewd look; he seemed to be thinking about whether Xu Ming's opening would bring him any benefits or adverse effects.

“I don't know what it will sell! However, since we are doing business in such a shabby place like us; if you want to come, the business will not be big!”

One after another, they looked out from their respective stores, wanting to see what kind of sign Xu Ming would hang.

Xu Ming was naturally too lazy to pay attention to the gazes of these “neighbors”, so he took out the signboard and hung it on the facade.

On the signboard, the four gilded characters are particularly dazzling – Wanjie Mall!

Chapter 1336: Opening

Wanjie Mall?

“Hahahahahaha...”

Many of the neighbors of the surrounding shops couldn't help laughing when they saw the signs that Xu Ming hung up.

“How dare such a small shop be named ‘Wanjie Mall’? You really dare to name it! It's too ignorant!”

“That's right! The shop is not big, but the name is even louder than the ‘Eternal Universe Auction’! It's a joke!”

“This small shop doesn't seem to have even a shop assistant, right? – I really don't know why this shop has such a sensational name!”

...

As the saying goes, peers are enemies.

Other stores around, seeing Xu Ming's new store opening, naturally regarded Xu Ming as a competitor. Now, seeing competitors open, naturally there are no good words to say.

and...

In the Star Casting World, the names of the stores are generally quite simple and low-key; a high-profile name like “Wanjie Mall” is rarely seen in the entire Star Casting World.

Therefore, the more narrow-minded neighbors around will inevitably have mocking voices.

However, Xu Ming was too lazy to pay attention to these ignorant ridicules – although the store is a little smaller, to be honest, the words “Wanjie Mall” are absolutely worthy of the name!

Here Xu Ming will sell all kinds of treasures from hundreds of millions of chaotic worlds. It is a real “Mall of Worlds”!

At this moment, a group of mighty powerful men flew towards Xu Ming. Every almighty has a saint-level cultivation base!

“Forehead?”

“That is...?”

The surrounding neighbors couldn't help but look over curiously.

In the Star Casting World, it is not uncommon for rulers and saints to appear; however, it is rare for dozens of saints to appear at one time!

And now, dozens of saints are coming towards Xu Ming.

“Could it be... this kid has offended some big power? So, someone came to make trouble when he opened his business?”

“It's not impossible! Let's watch a good show!”

There were sounds of falling stones all around.

Although, in the Black Blood Castle, it is strictly forbidden to do anything; however, it can still make people very uncomfortable to come and make trouble when others are opening!

Those narrow-minded neighbors all wanted to see Xu Ming embarrassed when he opened the business.

...

“Oh?” Xu Ming's eyes lit up, “The slaves I ordered in the slave market are here!”

Among the dozens of saints, the leading ones are the leaders of the slave market; the next fifty are the “first-order saints” slaves purchased by Xu Ming!

“The efficiency is quite high!” Xu Ming secretly said.

There was nothing to do anyway, so Xu Ming went up to meet him.

“Brother Xu, congratulations, congratulations, good luck!” Several heads of the slave market all clasped their fists and laughed.

“Thank you!”

Xu Ming was also polite, and then handed over the “soul blood marks” of the slaves to the other party.

Mastering the “soul bloodmark” can control the life and death of these slaves; otherwise, these powerful slaves at the level of saints cannot be restrained at all.

“what!?”

“what!?”

The shops that were watching secretly around were all stunned at the moment!

“Fifty saint-level slaves... what a wealth of money!”

You must know that fifty first-order slaves of saints are worth ten million drops of Chaos Primordial Liquid! This number, for these small shops around, is an astronomical sum!

Although these shops mocked Xu Ming’s store name before, when they saw Xu Ming’s fifty saint slaves, all the mocking voices became quiet, only the shocked voice remained – buy fifty saints The character of the slave is not something they can mock!

Even, many shops have begun to regret it, why are they so cheap! – In case Xu Ming holds grudges, even if they are safe in Black Blood Fort, what if they leave Black Blood Fort?

A character who can afford fifty saint slaves, is it not a matter of minutes to deal with them?

...

Some time has passed.

The head of the slave market has long since left.

Many shops around Xu Ming were still secretly regretting that they accidentally offended Xu Ming.

boom!

At this moment, dozens of imposing figures descended.

These dozens of figures are not comparable to the fifty “Saint First-Order” slaves before! The aura on each of them is extremely terrifying; obviously, each of them is a high-level saint!

“Hey—dozens of high-level saints!” The surrounding shops took a sharp breath again.

“What is the origin of this Wanjie Mall? It has just opened, and it has welcomed dozens of high-level saints!”

“Yeah! And... I have seen quite a few of these dozens of high-level saints. They are all big forces in the endless chaos, and their spokespersons in the outside world!”

“What are these high-level saints coming together for? – If they came here specially to celebrate the opening, then the Myriad Realms Mall is in the endless chaos, I am afraid that the power is very powerful, so it can have this face!”

but...

The surrounding shops did not expect that these high-level saints ~www.readwn.com~ did not come to celebrate the opening, but to buy treasures!

“Brother Xu, do you have the ‘Zhenyan Asking Stone’ I want?”

“Brother Xu, my Chaos Icefall Heart...”

“My Ancestral Divine Mirror...”

What a high-ranking saint said were those extremely precious and extremely rare treasures.

You must know that these treasures, even in the Eternal Universe Auction House, are extremely difficult to collect in a short period of time, and even cost a lot!

Therefore, when high-ranking saints shout out the treasures they want, they are both looking forward to and disappointed – the expectation is that Xu Ming can really take out the treasures they want; the loss is that they are very “clear”, the possibility of Xu Ming gathering these treasures is extremely low!

And the surrounding shops have been stunned again!

Zhenyan Asking Stone, Chaos Icefall Heart, Ancestral God’s Mirror... How precious and rare are these treasures?

These small shops around, can’t touch these treasures at all! And now, there are so many high-ranking saints from major forces surrounding their “new neighbors” to buy these rare treasures!

“Could it be... Myriad Realms Mall really has these treasures?” The shop owners all watched secretly.

If Xu Ming can take out one or two of these treasures, they will be convinced!

And if... Xu Ming can come up with many such rare treasures, then the signboard of “Wanjie Mall” is well deserved!

Xu Ming smiled lightly and said: “Isn’t it just some small things? I’ve already prepared it! But... the poor house is so simple that it can’t accommodate so many of you at the same time, so we can only come in one by one to negotiate the transaction! As for the other rounds When you arrive, you can only be wronged and wait outside!”

## Chapter 1337: The End Of The Zhen Family

Black Blood Castle.

The crowd is surging, and the \*\*\*\*\* is like a dog.

But at this time, there was a strange scene in the Black Blood Castle trading area.

This is outside an inconspicuous small shop, dozens of high-level saints from the great forces of the endless chaos, all honestly lined up outside the shop.

Although this shop is small, it has a very loud name: Wanjie Mall!

The passing saints and masters couldn't help but stop and watch curiously.

“What's so special about this shop? Why are there so many high-level saints lining up here?”

“I do not know...”

“I just inquired about it, and I heard that in this shop, all rare treasures are sold!”

“All the rare and precious treasures? Hiss—isn't that too loud?”

“I don't know if it's true or not! However, there are so many high-level saints lining up here. If you want to come, there is still a certain degree of credibility!”

“I heard that the owner of this shop has sold more than a dozen treasure mirrors that cover the sky...”

“What!? Isn't the Heaven-shading Treasure Mirror only available at the Hengzhou auction house? He actually sold more than ten pieces?”

“Let’s take a look first! If he really has all the rare treasures for sale here; then, I have been searching for some precious materials that I haven’t found for many years, and finally there is hope!”

...

Because more and more powerful people were watching, Xu Ming’s small shop suddenly became the focus of the entire Black Blood Castle.

Some great powers who want to buy treasures, with the mentality of giving it a try, simply lined up. As a result, the queue outside Xu Ming’s door grew longer and longer; the crowd of onlookers grew like a snowball!

...

inside the store.

The “Saint Sitting and Forgetting” dressed in black sat opposite Xu Ming.

What he was looking for was the extremely rare “Zhenyan Asking Stone” in the endless chaos.

At this time, Zhenyan asked the stone, exuding a hazy luster, and placed it in front of him. If it weren’t for the fact that it was strictly forbidden in the Black Blood Castle, the sage Zanwang would have the urge to \*\*\*\*\* it!

Xu Ming sipped his tea and said lightly, “Twenty million drops of Chaos Primal Liquid!”

Sage Zanwang looked slightly embarrassed, and said, “I don’t have so much Primal Chaos...”

“Huh?” Xu Ming couldn’t help but his face sank – there wasn’t so much chaotic primordial fluid? Are you kidding me?

Although Xu Ming purchased the Zhenyan Taoist Stone from the “Wanjie Mall System”, he only needed 2 million drops of Chaos Primal Liquid; however, the price of 20 million drops of Chaos

Primal Liquid had been agreed before, and now this sitting forgets The sage said that there is not so much chaotic essence... This makes Xu Ming unhappy!

Seeing Xu Ming's gloomy face, Sage Zanwang explained, "No, no, I sincerely want this Zhenyan Asking Stone! – Brother Xu, do you remember, you said that as long as we can kill anyone? Anyone in the Zhen family can enjoy a 20% discount with you!"

"Of course I remember!" Xu Ming said.

The sage Zanwang said: "Elder Zhen, Zhen Ling and other members of the Zhen family have been captured by us after the auction that day, and can be killed at any time! – Brother Xu, please see!"

Immediately, Sage Zanwang established a causal connection, and a water curtain image appeared in front of Xu Ming. On the other side of the water curtain image is the scene where the Zhen family members were imprisoned.

Sage Zanwang continued: "In the Black Blood Fort, killing is prohibited, so we did not bring the Zhen family into the Black Blood Fort, but detained them in other places! Just a word from you, Brother Xu, they will die immediately. Doom!"

"Oh?" Xu Ming's "Supreme Dao Inscription" has been upgraded to level 5, and he has a level 5 "perception inscription", so he can naturally sense that Sage Zanwang is not trying to tease him!

Xu Ming showed no mercy, and said casually: "Kill it! – By the way, after killing it, bring that Zhen Ling's world ring to me!"

"Okay!" The sage Zanwang thought that Xu Ming wanted to rely on Zhen Ling's world ring to establish a causal relationship to find out whether all the members of the Zhen family were dead; therefore, there was no doubt, and he immediately agreed.

How could Sage Zanwang think that the reason why Xu Ming wanted Zhen Ling's world ring was because he was still thinking about the black arrow that was shot away by Zhen Ling.

That black arrow, since there is a connection between it and Xu Ming's Heart Punishing Arrow, think about it, it's definitely not a mortal thing!

...

Forge the astral world.

In a blood-colored cage building not far from Black Blood Castle.

Everyone in the Zhen family was imprisoned here.

Everyone in the Zhen family believed that Xu Ming could never gather so many rare treasures, but they were still very apprehensive.

After all, no matter who it is, when Xiaoming is pinched in the hands of others, it is impossible not to panic.

squeak-

Suddenly, the door of the blood-colored cage opened.

The eyes of everyone in the Zhen family suddenly became panic and anticipation. They don't know what kind of judgment awaits them.

"Everyone from the Zhen family!" The person said indifferently, "It's time to send you on your way!"

Hit the road?

Immediately, the expressions of all the members of the Zhen family suddenly changed. How could they not hear the meaning of the word "on the road"!

"Impossible! It's impossible!" Elder Zhen roared, "Xu Ming can't gather so many rare treasures!"

The visitor sneered: "It may not be possible, it's not that you need to worry about it! Now, you just need to die honestly!"

Elder Zhen looked grim: “Aren’t you afraid of our Zhen family’s revenge?”

“The Zhen family’s revenge...hehe, of course I’m afraid!” The visitor smiled strangely, “However, your life will allow us to buy treasures from the Myriad World Mall in the future~[www.readwn.com](http://www.readwn.com)~ There are a lot of leftovers. Chaos Origin Liquid! We weighed it, and for the Chaos Origin Liquid, it is still cost-effective to offend your Zhen family!”

Killing everyone in the Zhen family, just now, dozens of high-level saints can save tens of millions of drops of Chaos Primordial Liquid by purchasing treasures from Xu Ming!

Moreover, Elder Zhen also has a treasure mirror that covers the sky!

Even if it was just for money, everyone in the Zhen family had enough reasons to die!

“And...” The person continued to say grimly, “We still understand the truth of cutting grass to eradicate its roots! So... after killing you, all of our forces will unite and kill your Zhen family! – Your Zhen family occupies the There are more than a dozen chaotic worlds, and each world has a star master in charge! Although, you can’t destroy your Zhen family; however, you are greatly injured, and you will not dare to show your face in the endless chaos from now on, you are still confident!”

“hiss-”

The Zhen family’s face was ashen.

They did not expect that the major forces would attack so absolutely! Once shot, not only to kill them, but also to suppress their entire Zhen family forces!

But if you think about it, it’s normal!

In the endless chaos, the killings and conquests between the major forces are so cruel! At every turn, it will exterminate a whole chaotic world’s creatures, even a few or dozens of chaotic world’s creatures!

Like now, since the various forces have taken action against the Zhen family, they will naturally not be soft-hearted.

Zhen Ling's face was full of despair – the reason why he, and their Zhen family, caused such a disaster, was entirely because of him! Because he had murderous intentions towards Xu Ming!

“Okay, no more nonsense, let's hit the road!”

The indifferent voice declared that the Zhen family was about to end.

Chapter 1338: Return

The lives of the Zhen family have all become “coupons”.

And Xu Ming didn't break his promise – all the great powers who participated in the hunt for the Zhen family would get a 20% discount when buying treasures from him!

Anyway...

Even with a 20% discount, Xu Ming can earn seven times the difference!

After all the pre-ordered treasures were sold, Xu Ming's Chaos Primal Liquid (plus level 14 hanging points) soared to 400 million drops!

Yes!

Four hundred million drops!

Is it a very scary number?

But in fact... 400 million drops of Chaos Primordial Liquid are not much! Converted into “cubes”, it is only twenty cubic meters of chaotic primordial liquid!

Twenty squares, say a lot, say less!

You must know that in the endless chaos, some super powers, the swimming pool at home uses Chaos Yuan Liquid! The Chaos Primordial Liquid in a swimming pool is more than Xu Ming's entire possessions!

In the endless chaos, Xu Ming is still very poor! I don't understand or even imagine how vast the endless chaos is!

...

"400 million drops of Chaos Primordial Liquid, too much!"

You must know that in the realm of the gods, the primordial liquid of chaos can be counted by one drop or two; and Xu Ming now, it is actually in units of "billion drops"! If this is spread to God's Domain, it will definitely scare the "bulls" in God's Domain to death!

"My current Primal Chaos Liquid is enough for me to squander! Earning more Primordial Primal Chaos seems to be of no use!" Xu Ming secretly said.

Wanjie Mall has just opened, but Xu Ming is already a little bit reluctant to do business. After all, at level 14, Xu Ming would be useless if there were any more; and at level 15, Xu Ming could not earn it for the time being.

However, looking at the large group of powerful people lined up outside the shop door, Xu Ming couldn't bear it. These powerful people were all after seeing Xu Ming selling all kinds of rare treasures here. , so I spontaneously lined up, ready to buy!

"Oh... Forget it! Just reluctantly, let's do some more business!" Xu Ming thought very reluctantly, "After all, the Wanjie Mall has just opened, so the signboard cannot be smashed!"

So, Xu Ming received these queuing customers again, and wrote down all the treasures they were looking for.

Then, Xu Ming announced: "Next, I'm going to Endless Chaos to find the treasures you need! Therefore, from now on, the Wanjie Mall will no longer be open to the public; I don't know when it will reopen! "

For such a willful shop like Xu Ming, the entire chaos is endless, and I am afraid that I will not be able to find a few! – On the first day it opened for business, it was announced that it would be closed for business; moreover, I don't know when it will reopen...

“It's time to return to God's Domain!”

This time, when the “Wanjie Mall System” is opened, Xu Ming has gained a lot! Not only did he see the “world” in the endless chaos, but also made Xu Ming earn a lot of money.

Now that Xu Ming has returned to the God Realm, although compared with the Holy Master, there is still some gap; however, compared to other Saints of the God Realm with average strength, he is only stronger than weak!

“Achieve a lot!”

It's a pity that the “Wanjie Shuttle” function of the “Wanjie Mall System” is not enabled at will, but is limited. This time, he left the Star Casting Realm and returned to the Divine Realm. In a short period of time, Xu Ming was unable to come over.

“By the way!” Xu Ming arranged for his slaves again, “When I'm not around, all the saint-level slaves stay in the shop honestly, and don't go out behind closed doors!”

As for the king-level slaves, Xu Ming directly handed them over to these saint-level slaves to arrange. Let these saint-level slaves cultivate the belief and worship of the king-level slaves.

call out-

After arranging everything in the Star Casting Realm, Xu Ming directly opened the “Wanjie Mall System”, traveled through chaos, and returned to the realm of the gods.

...

Forge the astral world.

Black Blood Castle.

Eternal Universe Auction.

Yushu Sage's face was extremely ugly: "Damn Xu Ming..."

Before, when Xu Ming was in the auction, he left a message saying that if anyone can kill the Zhen family or the elder Yushu, in the future, they can enjoy a 20% discount when they go to Wanjie Mall to buy treasures!

In this way, everyone in the Zhen family and Elder Yushu became "coupons" in the eyes of other great experts.

Now, everyone in the Zhen family has been killed, allowing some of the great masters to successfully receive the "coupons"; the remaining elders of Yushu have naturally become the sweet buns in the eyes of other great masters who have not yet "received the coupons".

The great powers waited for the elder Yushu to leave the Black Blood Castle, and then started.

The poor elder Yushu was so frightened that he hid in the Hengzhou auction hall and did not dare to go out.

...

At this moment, a sage in a \*\*\*\* and demonic robe came floating over: "Brother Yushu, I haven't seen you for many years!"

"Oh? It's Brother Yaoxue!" Elder Yushu looked at him in amazement.

The "demon blood brother" in his mouth is exactly the "demon blood saint" in the \*\*\*\* demonic robe in front of him!

The demon blood saint became famous very early in the endless chaos! As early as several "epochs" ago, there was already the existence of "sages of the sixth order". Today, several epochs have not been shot, and the strength is even more unfathomable.

“Brother Yaoxue, you and I haven’t seen each other for nearly an epoch, right? What kind of wind blows you to me today?” Elder Yushu laughed.

“Of course there is a good thing!” The demon blood saint smiled strangely and said, “Let’s find a convenient place to talk!”

“it is good!”

Elder Yushu hurriedly brought the demon blood saint to his residence, made tea and sat facing each other: “Brother Yaoxue~www.readwn.com~ What the heck is going on?”

The demon blood saint’s strange eyes narrowed slightly: “In the endless chaos, a chaotic source stone is about to be born...”

Chaos Originium! ?

Elder Yushu was shocked: “Really?”

You must know that a chaotic source stone can derive a chaotic world like God’s Domain, and can create a “star master”! The value of the chaotic source stone cannot be measured by the chaotic primordial liquid; even if it is tens of millions or hundreds of millions of drops of the chaotic primordial liquid, it is impossible to exchange for a chaotic source stone!

Therefore, a chaotic source stone is about to be born, which is definitely a big event for the saints!

“Of course it’s true!” The demon blood saint said solemnly, “Otherwise, I wouldn’t come to you specially!”

“Brother Yaoxue, what do you mean...?” Elder Yushu asked.

“I want to invite you to accompany me into the endless chaos! You also know that the source stone of chaos is about to be born, and I may not be the only one who discovers it. I’m afraid it will be indispensable. I have to compete with other saints...” The demon blood saint said, “After this is done, , I would like to thank you with three million drops of Chaos Primordial Liquid!”

For a single saint, three million drops of Chaos Primal Liquid is already a huge sum! After all, even a big power like the Zhen family can usually mobilize only 10 to 20 million drops of Chaos Primal Liquid.

[PS: 1 cubic = 1000 liters, 1 liter = 1000 ml, 1 ml = 20 drops; therefore, 1 cube = 20 million drops of Chaos Yuan Liquid. Four hundred million drops of Chaos Primordial Liquid is twenty squares. ]

I finally wrote it, sorry...

Brothers, you should find that I have been very, very serious about Calvin recently. Every night I am stuck like a fairy and want to die... I'm all in tears!

Also hope for understanding.

#### Chapter 1339: The Wages Of Avarice Is Death

"Three million drops of Chaos Primal Liquid..." Elder Yushu was obviously moved.

The demon blood sage looked sincerely: "Brother Yushu, I sincerely invite you, please help me with this! After this is done, I will never forget the kindness of brother Yushu! If brother Yushu needs any help in the future, I will also help you. Never refuse!"

Elder Yushu suddenly fell into hesitation. Of course he wants to earn these three million drops of Chaos Primordial Liquid, but...

"Sorry!" Elder Yushu struggled inwardly for a while, then finally gritted his teeth and said.

"Huh?" The demon blood saint was obviously a little surprised, "Brother Yushu, are you...? I think the conditions I gave are already very sincere, right?"

"Brother Yaoxue's sincerity, of course, I have seen it! It's just..." Elder Yushu sighed, "It's just, recently, it's not convenient for me to leave Black Blood Castle!"

"Is it inconvenient to leave Black Blood Castle?" The demon blood saint looked puzzled, "Why is this?"

Elder Yushu stared at the demon-blood saint, took a closer look, and said, “Brother Yaoxue, you have been wandering in endless chaos all the year round, and rarely return to the Star Casting Realm; you don’t know anything about what happened in the Casting Star Realm!”

“Oh?” The demon blood sage’s expression became more and more puzzled and curious, “Could it be... During the time when I was not in the Star Casting Realm, what happened? But I recently returned to the Star Casting Realm, and I haven’t heard of it!”

Elder Yushu sighed: “Brother Yaoxue, you don’t need to ask any further questions. Anyway, it’s not convenient for me to leave Blackblood Castle! So, even though the conditions you offered, brother Yaoxue, are very attractive, I can only say sorry!”

Xu Ming was so frightened that he didn’t dare to leave the Black Blood Castle. Naturally, this kind of thing was not a glorious thing; the elder Yushu was naturally embarrassed to mention it to the demon blood saint.

The Demon Blood Saint saw some clues and asked, “Could it be that... outside the Black Blood Castle, someone wants to do something to Brother Yushu?”

“That’s right!” Elder Yushu looked embarrassed like a tortoise, this is a very shameful thing.

“Who is so bold!?” The demon blood saint said in amazement, “Brother Yushu, you are the elder of the Hengzhou auction house! If you do something to you, don’t you just not give the ‘Eternal Universe Lord’ face?”

“It’s a long story!” Elder Yushu obviously didn’t want to discuss this issue, so he sighed and ended the topic. After all, he can’t tell the demon blood saint that there are many people out there who want to kill him, so much that even the face of the lord of Hengzhou can’t cover him; in that case, there is no place for his own face!

“In short, Brother Yaoxue, you just need to know that it’s not that Yushu doesn’t give you face, but it’s really inconvenient to leave Black Blood Castle!”

“Okay then, I have to invite someone else...” the demon blood saint sighed, “but... about the Chaos Origin Stone...”

“Brother Yaoxue, don’t worry! Since you trust me and tell me such an important matter; then I will definitely keep the secret for you and will not betray your promise!”

“Thank you, Brother Yushu!”

The two exchanged a few more words. The demon blood saint stood up and left.

However, when the demon blood saint walked to the door, the elder Yushu suddenly shouted: “Hold on!”

“Oh?” The demon blood saint wondered, “Brother Yushu, do you have any advice?”

“Brother Yaoxue, I think there is a way to let me leave the Black Blood Castle and enter the endless chaos without making a sound!” Elder Yushu said suddenly.

The demon blood saint’s eyes lit up; in the depths of his eyes, there was a subtle and cunning light flashing.

“As long as you let me hide in your world ring, Brother Yaoxue, no...” Elder Yushu said in a low voice, “When I enter the endless chaos, other people will not be able to find me!”

Endless chaos, how vast! And, even the rules are messed up!

As long as the elder Yushu enters the endless chaos, it is like a fish entering the sea, and there is no need to worry about being found.

“Hey,” the demon blood saint said in surprise, “This is a good idea! Brother Yushu, come in now! When you leave my world ring, you will already be in endless chaos!”

A hint of hesitation flashed in Elder Yushu’s eyes again, but in the end, he was unable to withstand the temptation of three million drops of Chaos Primordial Liquid; his heart fluttered, and he directly entered the world ring of the demon blood saint.

The demon blood saint walked out of the Hengzhou auction hall as if nothing had happened, and left the Black Blood Castle directly.

After that, the demon blood saint really entered the endless chaos.

After flying in the endless chaos for a while, the demon blood saint released the elder Yushu from the world ring.

“Huh” Elder Yushu was relieved when he saw the surrounding environment, and said in his heart: The demon blood saint really did not break his promise, and he really brought himself into endless chaos.

“Brother Yaoxue, the source stone of chaos you said is...” Elder Yushu asked. At the same time, he also began to plan some careful thoughts.

Three million drops of Chaos Primal Liquid? Of course, it can make the elders of Yushu excited; however, if there is a chance, the elders of Yushu naturally want to win the Chaos Originium~[www.readwn.com](http://www.readwn.com)~ No hurry! “The demon blood saint smiled evilly and didn’t say any more.

“Huh?” Elder Yushu suddenly flashed an unpleasant feeling.

at this time...

boom! boom! boom! boom! ...

In the surrounding chaos, dozens of tyrannical auras came.

“Brother Yaoxue, is this...?” Elder Yushu asked in horror.

“Hey, Brother Yushu, don’t blame me!” The demon blood saint’s smile became more and more wicked, “I just want to get a discount when I buy things in Wanjie Mall in the future!”

“You...” By this time, Elder Yushu didn’t know that the demon blood saint came to him, it was a planned conspiracy! To blame, he can only blame himself for being dazzled by the Chaos Originium!

People die for wealth, birds die for food!

“Go to hell!”

boom!

Elder Yushu burst out suddenly, preemptively.

“Hahahaha...” The demon blood sage laughed loudly and suppressed it with a palm without hesitation, “Yushu, I haven’t seen an era, your strength is still not improving! It seems... the life in the Hengzhou auction house is too comfortable. , make you lose your way of asking!”

“You...” Elder Yushu watched in horror as the big hand suppressed him, “Demon Blood, if you dare to shoot at me, are you not afraid of Lord Hengzhou?”

“I’m afraid! Of course I’m afraid! How can you not be afraid?” The demon blood saint sneered, “However, I have traveled in endless chaos all the year round, and I rarely return to the forging star world; even the lord of the universe can’t find me! Hehe ...And, I don’t believe that the lord of the universe will guard me in the forging star world for you!”

boom! boom! boom! boom! ...

At this time, the powerful attacks lying in ambush have arrived!

Poor Yushu Elder, under the absolute strength gap, was unable to resist at all, and was directly suppressed and killed.

Chapter 1340: Take A Bath

call out-

With the help of the “Wanjie Mall System”, Xu Ming traveled through the chaos and returned to the realm of the gods.

The avatars of ancient cultivators, the avatars of Qi Yunliu, and the avatars of Tiandao Liu gathered together.

“came back!”

This trip to the Star Casting World, Xu Ming’s harvest was very huge.

Today, each of Xu Ming’s avatars has the “Eternal Power” hanging on the star master level; even the weakest avatar of Tiandao Liu has the combat power of a saint!

Xu Ming’s main body and three avatars are equivalent to the combat power of four saints!

It’s just terrifying!

However... the strength of these four major bodies of Xu Ming, among the saints, is only at the middle and lower levels; even if the four major bodies join forces, I am afraid that they are still not the opponents of the Holy Master.

“Don’t worry, wait for me to improve the cultivation of the Heavenly Dao School and the Faith School; the four schools are unified, break through the \*\*\*\* realm, and cultivate into the “Indestructible Demon Body”... Then, it should not be difficult to deal with the Holy Master! ”

Before the integration of the four major schools of Xu Ming, each clone already had the combat power of the saint level; when the four clones merged, the strength would be so strong... unimaginable!

However, dealing with the Holy Master is definitely a matter of grasping!

“Look at the black arrow I got in the star casting world, what’s so special about it!”

The black arrow was the treasure that Xu Ming saw at the Hengzhou auction site, which was almost the same as the Zhuxin Arrow. Moreover, the black arrow and the Zhuxin Arrow also had a sense of resonance and resonance.

At that time, Xu Ming concluded that this black arrow was absolutely extraordinary!

It's just that Xu Ming didn't have much chaotic essence in his hand at that time, so he couldn't take a picture of the black arrow, but it fell into the hands of Zhen Ling; however, after Zhen Ling was killed, the black arrow finally reached Xu. Ming hand.

hum...

Xu Ming summoned both the Heart Punishing Arrow and the Black Arrow.

When the two arrows "metted", it was like a reunion of relatives, and they all buzzed excitedly.

The two arrows entangled and circled each other, like two swimming fish playing in the water.

Xu Ming observed carefully: "It seems... there is nothing special about it!"

Xu Ming looked at it for a long time, but he couldn't see anything, it was nothing more than an extra chaotic magic weapon with a lot of energy.

"Not bad! In this way, I have two 'Heart Punishment Arrows'!"

Afterwards, Xu Ming refined a set of top-level Chaos Divine Weapons for each body; including the deity of the Faith School far away in the dust world, was also refined!

Xu Ming is now rich and powerful, and the Chaos Divine Weapon he purchased is naturally the best in the Star Casting World!

Moreover, not only did he buy it himself, but Xu Ming also bought a complete set of top-level Chaos Divine Weapons for Gu Hanmo, Yin Ran, and Lu Qing!

For Xu Ming, the Chaos Primal Liquid spent was only a drop in the bucket.

...

After everything was packed up, Xu Ming went to Yin Ran first.

Yin Ran's stomach remained motionless; however, Xu Ming could feel that the breath of life in his stomach was gradually getting stronger.

Xu Ming took out one after another of Chaos Divine Weapons, helped Yin Ran to refine them one by one, and protected them with three layers inside and three layers outside. Although Xu Ming has always had at least one avatar to protect Yin Ran by his side; however, with an extra layer of care and protection, it is definitely not wrong!

Then, Xu Ming took out another... bucket!

Yes!

bucket!

A wooden barrel with a green and red texture exudes a strong breath of life; if there is a dying \*\*\*\* with a lower cultivation base lying down in the wooden barrel, I am afraid that it will soon return to its peak state.

This wooden barrel is a... Chaos divine weapon.

"What's this for?" Yin Ran couldn't help but wonder.

Xu Ming smiled and said, "I gave you a bath!"

"Take a bath?"

Immediately afterwards, Yin Ran's eyes gradually changed from doubt to shock.

I saw Xu Ming took out a small jade bottle, but this small jade bottle contained... 60 million drops of Chaos Primordial Liquid!

That is, the Chaos Yuan Liquid of the three parties!

“Let’s take a bath with this in the future!”

...

After leaving Yin Ran, Xu Ming went to see Lu Qing again.

Similarly, Lu Qing was also armed to the teeth with Chaos Divine Weapon!

Afterwards, he also gave Lu Qing some Chaos Primal Liquid.

But I didn’t give a lot – after all, Lu Qing didn’t need to take a bath with Chaos Primal Liquid; he didn’t usually use much Chaos Primal Liquid.

...

Dusty world.

Xu Ming’s “puppet army” spread like a plague in the world of dust.

Before you know it, more than 10% of the billions of dust worlds have been completely occupied and controlled by Xu Ming.

The dusty worlds continuously provided Xu Ming with the power of belief.

However, the creatures in the dust world are too weak after all! At Xu Ming’s current state, the power of faith that can be provided to him is very limited.

Xu Ming can only hope that the slaves he bought in the Star Casting Realm can develop a devout belief in him as soon as possible; in that case, Xu Ming can cultivate the deity of the school of belief, and his cultivation will rise.

Endless Continent.

Xu Ming's deity moved another wooden barrel ~www.readwn.com~ with a green and red texture in front of Gu Hanmo.

Gu Hanmo was slightly surprised, secretly surprised that Xu Ming could get such a treasure.

"I'll give you a bath!" Xu Ming smiled and took out 60 million drops of Chaos Primal Liquid.

Although Gu Hanmo has never been pregnant; however, Xu Ming must not favor one over the other when it comes to taking a bath, but rather... rain and dew.

Give as much to Yin Ran as to Gu Hanmo.

...

in a separate space.

Gu Hanmo was lying alone in this wooden barrel of the chaotic divine weapon level, his thoughts were flying.

"I didn't expect that Xu Ming's growth rate would be so terrifying! Even in the depths of endless chaos, the top talent cultivated with the best resources might not be as good as Xu Ming!" Gu Hanmo closed his eyes, enjoying the feeling of taking a bath with the chaotic primordial liquid, "And...so many treasures and primordial primordial liquid, I don't know where Xu Ming got it..."

but...

None of this surprised Gu Hanmo the most.

The most shocking thing for her is...

"This space is under Xu Ming's complete control! But... I can't see how this space is constructed... Incredible! Incredible!" Gu Hanmo sighed in his heart, "Although my strength has not recovered; However, there are not many things that even I can't see through, even in the endless chaos!"

And here Xu Ming, there is something she can't see through!

This is Gu Hanmo, how can he not be shocked.

“It seems that Xu Ming also hides many secrets...”

Gradually, Gu Hanmo stopped thinking too much.

No matter what secrets Xu Ming has, or what secrets she has in herself; anyway, Gu Hanmo is sure that there is a soul resonance between himself and Xu Ming!
