

A World 1361

Chapter 1361: Thousands Of Guns

The way of heaven and order derived from chaos to Dao is already extremely complicated!

There are 10,081 ways of heaven, and there are 81 kinds of orders; it is many times more complicated than the nine heavenly ways and the four major orders of God's Domain!

As for Xu Ming, he needed to use black and white chess pieces to perfectly express the operation of the 10,081 heavens and the 81 orders!

The difficulty of the 30,000th game can be imagined!

Xu Ming stood on the Jietian stone pillar and thought hard, but did not move for a long time.

“The more types of heaven and order, the more complicated it is, but it's not necessarily better!” Xu Ming secretly said, “Like the realm of the gods, although there are only nine heavenly ways and four major orders, it already has the taste of ‘the way to simplicity’. It's here! And the game in front of me is obviously still a long way from ‘The Great Way to Jane’!”

However, using black and white chess pieces to simulate the perfect operation of so many heavenly orders is indeed very difficult!

“How to solve this game?”

Xu Ming was lost in thought.

“so?”

“wrong!”

“Not right!”

“Let 10,081 heavenly ways be merged into a perfect vortex first? Then, use the power of 81 orders to drive it? But... this is too difficult, right?”

Xu Ming was completely clueless.

“These 30,000 rounds should be the ultimate in complexity! Starting from 30,001 rounds, the complexity will be simplified...”

Xu Ming’s stop here is one month!

One month without moving! In my mind, I was constantly simulating the operating rules of tens of thousands of heaven’s orders; however, I could never find a perfect fit.

...

Around the Jietian Stone Pillar, the saints looked forward to watching.

“Xu Ming, can you figure it out?”

Although, Xu Ming rushed to the 30,000th round in one breath, which is already an unbelievable result; but the Sage of No Difficulty and others certainly expect that Xu Ming can perform even more defiantly!

After all, the more Xu Ming acts against the sky, the more likely it is to take them out of the dark realm!

“I’m afraid it won’t work!”

“It should have reached the bottleneck! After all, Xu Ming has never stopped for such a long time without taking a shot; I am afraid he has to come down and brew for a while before he can attack again!”

at this time...

Xu Ming suddenly moved!

However, Xu Ming did not control the pieces, but drew his spear.

“Long spear?” All the saints were stunned – the solution was well resolved, what was the purpose of taking out the spear?

hum...

One after another, the mysteries of heaven are condensed on the spear.

Xu Ming waved his spear lightly, feeling: “The secret marksmanship technique I created, “Reincarnation Five Forms”, although it is already a quasi-sacred marksmanship, its power is extraordinary, but it has always been faintly felt that there are many shortcomings...”

What is the shortcoming?

To describe it in one word, it is – rough!

So rough!

When Xu Ming created “Reincarnation Five Forms”, he only roughly created five types of gun moves; however, each type of gun move could not be integrated with each other, and could not even be converted smoothly.

The whole set of marksmanship secret skills lacks changes and agility as a whole.

“The way of the spear and the way of heaven are all connected!” Xu Ming’s eyes gradually lit up, “The changes in the 30,000-game Xietian chess game can also just provide some reference for my secret marksmanship skills!”

Xu Ming couldn’t help but practice his marksmanship on the Jietian Stone Pillar.

“The way of the spear is the same as the way of heaven, it should be from simple to complex, and then from complex to simple...” Xu Ming gradually had a thought, “Then let my marksmanship become more complicated first!”

Xu Ming completely let go of the shackles of “Reincarnation Five Forms” and began to practice from the simplest marksmanship.

“Yin-yang two air guns!”

This is the first game of the Xie Tian chess game. Chaos to Dao only turns into Yin and Yang, the simplest and roughest.

Hu-hu-

Gradually, Xu Ming was completely immersed in the practice of marksmanship. Starting from the first game of the Xie Tian chess game, the mystery of each game is gradually integrated into his marksmanship.

Xu Ming’s marksmanship has gradually become contaminated with some realms of chaos and Tao – infinitely changing, but perfectly integrated at any time...

Marksmanship is no longer restricted to rigid moves, but is more inclined to artistic conception. The artistic conception of the spear path has arrived, and it is better to have no tricks than to have tricks.

Light weight!

In the world of mortals, there is such a saying.

However, the “light form and heavy meaning” of mortals is naturally incomparable to Xu Ming’s “light form and heavy meaning”!

After all, Xu Ming not only wanted to incorporate the power of the heavenly order into his marksmanship; he also wanted to allow these powers to exist in the invisible, without affecting the use of marksmanship!

Disaster!

It's hard!

Xu Ming has only just begun to touch a trace of fur!

In the years that followed, Xu Ming seemed to have fallen into obsession, frantically integrating various heavenly orders into his marksmanship. Gradually, Xu Ming's marksmanship began to have a... meaning!

Gun intent!

With one shot, it seems that there is no skill, and it seems that the power of countless heavenly orders is integrated into it.

When Xu Ming wants to kill, the gun intent will become endless killing intent!

Xu Ming was about to crush, and the gun intent was as mighty as the world was collapsing.

When Xu Ming wanted to defend, his spear intent became impregnable!

There are no moves, but there are infinitely changing moves!

...

Cultivation has no timeIn a blink of an eye, it is already eighty years later.

Xu Ming had already integrated the mystery of the order of heaven contained in the more than 20,000 games of solving the heavenly chess game into the spear intent. One shot and one style, follow the law.

“This set of marksmanship is called “Wandao Spear Intent”!”

Xu Ming knew that his marksmanship was only a prototype. When can the complexity be simplified, the spear intent be diluted, and the realm of returning to the basics can be achieved, then it will be considered a great achievement!

Next...

“It’s time to integrate the mystery of the 30,000th game!”

Although Xu Ming has not yet cracked the 30,000th game, the next step in “Wan Dao Gun Intent” has been completed naturally!

At the same time, in Xu Ming’s mind, he already knew how to crack the 30,000th game!

““Wandao Gun Intent” already contains all my knowledge of the order of heaven; if I want to improve it, I must have a deeper understanding of the order of heaven!”

Xu Ming’s study of marksmanship this time can only stop here temporarily.

In more than 80 years, he created “Wan Dao Gun Intent”! A set of secret marksmanship skills that are much stronger than “Reincarnation Five” in every aspect!

“Xiaohang, what level of marksmanship is my “Wandao Gun Intent”?” Xu Ming couldn’t help asking.

Xiaohang said: “The prototype of Chaos-level marksmanship...!”

“Chaos level!?” Xu Ming was shocked!

Even if it’s just a prototype, it’s already awesome! This means that as long as this set of marksmanship secret skills is perfected, it is a self-created chaos-level combat secret!

And you must know that Xu Ming’s current cultivation level is only “Emperor-level”! Even the “Domination Realm” hasn’t arrived yet!

Emperor level, but created a Chaos level secret skill that is higher than the third order! It's just terrifying!

Chapter 1362: Leave The Darkness

"This marksmanship..."

Which of the saints present has no eyesight?

They could see at a glance that Xu Ming's marksmanship was extraordinary!

"Thousands of heaven and order, condensed into a spear intent... Awesome! It's really amazing!" A saint couldn't help but sigh.

"In terms of combat secrets, I can't match it!" Although the sage of Heaven Slayer is irritable, he is still very upright! "I can't" just say it straight, without covering it up at all.

"No difficulty!" Some other saints asked, "The secret skills you created recently are better than his marksmanship...?"

The strength of the saint without difficulty is undoubtedly the strongest in the dark realm! One is because he has a high level of cultivation, and he cultivates the mentality school, which is inherently stronger than practitioners of other schools; the other is because the Saint Wu Difficulty has solved the most chess games to solve the heaven, and has a deeper understanding of the order of heaven, creating a The secret skills are even more powerful!

"I..." After observing for a long time, Sage Wudi pondered, "I can't be sure! – Looking at it now, this set of marksmanship, and my secret skills, should be in the same league, there is not much difference! But... it can be seen, Xu Ming My marksmanship is still in its infancy; when he gets a little more perfect, I'm afraid he will leave me far behind!"

Moreover, you must know that it took only a few decades for Xu Ming to create "Wan Dao Gun Intent"! However, it took countless billions of years for Saint Wudi to create secret skills! – Just like this comparison, it will be judged!

“I can’t match Xu Ming’s talent!” said Sage Wudi, “If he grows up smoothly, it is very likely that he will become a ‘giant-level’ existence in the endless chaos!”

In the endless chaos, every “giant-level” existence is sitting on an infinite territory and is in charge of countless chaotic worlds!

“He’s going to start the game!”

All the saints quickly turned their attention to Xu Ming – now, Xu Ming is the hope for each of their saints to leave the dark realm!

rumbling...

Hundreds of millions of chess pieces were mobilized, as if the wind and clouds were stirring.

In the trajectories of countless chess pieces, 10,811 heavenly ways and 81 kinds of orders gradually appeared, and they were perfectly integrated!

“fall!”

Bang! Bang! Bang! Bang! Bang! ...

Countless chess pieces fell down like raindrops.

Moreover, every piece of chess moves in a mysterious trajectory the moment it falls – it seems that every piece of chess has nothing to do with other pieces, but it merges into a perfect whole!

This proves that Xu Ming already has absolute control over even the most complicated order of heaven! In the next step, Xu Ming should embark on the road of “reducing complexity into simplicity”!

at the same time...

Xu Ming clearly felt that if he wanted to become the master of the Heavenly Dao school now, it would be as easy as the palm of his hand! -Because he can touch and perceive Chaos to Dao anytime, anywhere!

Moreover, it is different from other people's perception of chaos!

Other great powers have cultivated the Dao of Heaven and order to a certain level, and directly touch the Chaos Supreme Dao in a ignorant way, and achieve the Domination Realm!

As for Xu Ming, he could have a way to touch the Chaos to Dao early in the morning, but he chose to suppress the realm. He first realized all the directions of the derivation of the Chaos to the Dao, and left the Chaos to the Dao to comprehend it at the end. This is undoubtedly the most important. The hard way to ask questions!

But after coming out of the most difficult road of asking questions, once Xu Ming breaks through to the Domination Realm, his strength will explode directly!

...

When the last ***** falls!

"It's done!" Xu Ming was extremely confident.

rumbling...

Sure enough, in the Xietian chess game, the pieces of the chess piece perfectly presented the most complicated and orderly operation of heaven!

The 30,000th game is broken!

"it is good!"

"Great!"

Every saint, all eyes suddenly lit up! —Although in their opinion, Xu Ming still has a long way to go; at least now, Xu Ming has broken through another shackle!

“At this rate, I’m afraid it won’t be long before Xu Ming catches up with me!” The Sage of No Difficulty thought to himself.

But at this moment...

The faces of the saints suddenly changed!

They saw that at the end of the dome in the dark domain, a beam of light suddenly descended on the Jietian stone pillar where Xu Ming was! Then... Xu Ming was enveloped by the beam of light and disappeared!

“what!?”

“This...”

All the saints were dumbfounded: “Xu Ming... seems to have been taken away?”

“Quick! That beam of light is probably the way out of the dark realm!”

“Quickly rush into that beam of light!”

boom! boom! boom! boom! ...

A saint, even at the expense of burning the divine body, has to rush towards that beam of light at the fastest speed!

However... the light beam quickly faded and disappeared without a trace.

“This...”

“Do not!”

The saints were really dumbfounded! – They all put their hopes of leaving the dark realm on Xu Ming; but now, Xu Ming... disappeared...

“How could this happen!?” The Sage of No Difficulty couldn’t believe it, “It’s only 30,000 rounds, why did Xu Ming leave?”

You must know that in the endlessly long era, there have been more than 40,000 sages who solved the game, but they failed to leave the dark realm and were directly obliterated! In other words, if you can’t solve 50,000 games, you can’t leave the dark realm!

And now, Xu Ming was indeed taken away by a beam of light!

“Could it be that... if you want to leave the dark realm, .com is also related to the speed of breaking the game?” Saint Wudi couldn’t help but guess, “Xu Ming’s speed of breaking the game is unbelievably fast, so he can leave here?”

At this moment, the saints in the dark realm can only regret, why didn’t they get into Xu Ming’s world ring earlier!

After all, they thought that if they wanted to leave the dark realm, they had to clear at least 50,000 games! Therefore, all the saints are actually preparing to enter Xu Ming’s world ring when it is close to 50,000 rounds; how can they expect that Xu Ming will leave after 30,000 rounds...

The saint who left behind was stunned and overwhelmed...

“Could it be... We are destined to be trapped in the dark domain?” The breath of despair spread.

“Everyone, don’t worry!” Sage Wudi shouted, “Even if Xu Ming has really left the dark realm, since he has mastered the way to enter the dark realm, he will definitely come back to save us!”

“exactly!”

“Makes sense!”

The saints rekindled their hopes.

...

“Well?”

To be honest, even Xu Ming was stunned – when he was enveloped by the beam of light, a mechanical voice entered his mind, telling him that he had passed the test and could leave the dark realm!

“Pass the test?” Xu Ming became more and more puzzled. “I only solved 30,000 games, which is much less than that of the Saint of No Difficulties. Why did I pass the test?”

Just how did Xu Ming know that the test of solving the chess game was different from person to person!

The difficulty of the test is naturally different for different cultivation bases!

Saint, you need to solve 50,000 games to pass the test!

Domination, only 40,000 rounds are needed!

And Xu Ming... is only an emperor-level cultivation base! So, only 30,000 rounds are needed!

Chapter 1363: Cangqiongmen Tsing Yi Order

At the end of the beam of light is a layer of twisted time and space.

Almost unable to resist, Xu Ming was “drag” to this interlayer of time and space by the beam of light.

“This dark domain is indeed the handwriting of some super existence!” Xu Ming sighed inwardly, observing the surroundings.

This is an incomparably empty void, and the aura of chaos surging and churning under his feet.

Xu Ming stood still for a moment.

A magnificent voice resounded in the endless void: “Through the test on the first floor of the Jietian Stone Pillar, you are qualified to be my ‘Sky Gate’ Tsing Yi disciple!”

Saying that, a cyan talisman fell from the endless void.

Two words are engraved on the symbol: the sky.

“Sky Gate?” Xu Ming had never heard of it, but he was definitely a superpower in the endless chaos.

However, Xu Ming is more concerned about...

“I passed the test of the first floor of the stone pillar, so I don’t have any substantial reward?”

What cyan talisman, the Cangqiongmen azure-clothed disciple... For the current Xu Ming, it’s useless!

It’s not as real as a piece of “Original Chaos”!

The magnificent voice in the void sounded again: “Qingqiongmen Tsing Yi Token, how can those mortal rewards be able to measure it? If you get the Tsing Yi Token, it is already the best reward!”

“Okay...” Xu Ming heard that this magnificent voice was somewhat mechanical, it should be similar to the existence of the spirit of the formation, “Above the disciples in Tsing Yi, are there any higher-level disciples?”

“Yes!” said a magnificent voice, “Tsing Yi disciples, in my Cang Qiongmen, are only outer sect disciples; Zi Yi disciples are only inner sect disciples! And above Zi Yi disciples, there are also golden clothes disciples! But... the conditions of golden clothes disciples It’s too harsh, it’s hard to see one in countless epochs!”

“Oh...” Xu Ming understood – his own disciple in Tsing Yi, in the sky gate, is only the lowest level of existence.

“How can I become a purple-clothed disciple and a golden-clothed disciple?” Xu Ming asked.

“Go to solve the Heavenly Stone Pillar and prove your talent!” said a magnificent voice, “You can now go back to the Dark Domain and continue to solve the Heaven-solving chess game; you can also leave first and come back next time!”

Cangqiongmen Tsing Yi disciples are qualified to enter and exit the dark realm at any time.

“Then can I bring out the other people in the dark domain?” Xu Ming asked.

“Golden clothed disciples can bring people out from the dark realm!”

“Oh...” Xu Ming understood.

In this case, Xu Ming didn’t want to go back to the dark realm for the time being. Anyway, he went back, and he couldn’t bring out the Sage of No Difficulty.

and...

Xu Ming’s clone of the ancient cultivator was cut off from the outside world after he fell into the dark realm; he really wanted to know earlier what was going on in the realm of the gods.

“Let’s go out first! Anyway, the Saints of No Difficulties and the others have been trapped in the dark domain for hundreds of millions of years; it’s not bad for me these few years!” Xu Ming secretly said, “Besides, there is still no way to solve the solution to the chess game. Small risk! In case of being attacked in the process of solving the game, my body will die and the Tao will disappear; then my deity and avatar in the outside world will never know what is going on in the dark realm, and will never dare to come in! Moreover, I The mysteries of the Heavenly Dao and the “Chaos Spear Intent” that I have come to realize, I can’t get my body in the outside world either!”

Therefore, Xu Ming decided to leave the dark realm first.

come back next time!

...

Swish!

Xu Ming was directly moved out of this space-time interlayer.

Xu Ming found that the position he was in now was the junction of darkness and light – “a thin line”!

At this time, the laws of the Dark Domain no longer bound Xu Ming.

As long as Xu Ming took a step forward and crossed the “line of cut”, he could leave the dark realm.

“Go!” Xu Ming took this step with ease.

In an instant, Xu Ming’s ancient cultivator clone re-established a bond with the deity and the other two clones.

What the ancient cultivator’s avatar saw and heard in the dark domain was instantly synchronized with other bodies; the memories of other bodies were also instantly synchronized with the ancient cultivator’s avatar.

At this moment, Xu Ming’s deity felt as if a broken arm had been reconnected.

“Go back to God’s Domain first!” Xu Ming’s ancient cultivator clone quickly flew in the direction he sensed.

He has a very important thing to do – the ancient cultivator school, the Tiandao school, the belief school, and the luck school, all of which can break through to the ***** realm at any time! It’s time to “unify the four ways” and break through the ***** realm!

...

Thunder Continent.

Inside the Holy Lord's Palace.

The Holy Master kept his hands behind his back and walked slowly back and forth.

In the current state of the Holy Master, it is rare to be so entangled.

"Thousands of trillions of years of planning..." The Holy Master sighed, "But now, there is a Xu Ming in God's Domain, and it's getting harder and harder for me to refine God's Domain... Once Xu Ming's strength reaches the Star Master level, it will be even more difficult for me to refine it. My doom!"

The Holy Master is very clear about his situation – with his current strength, it is almost impossible to occupy the God's Domain!

Continue to consume in the realm of the gods, and it will even lead to death!

"Oh... that's it! That's it!" The Holy Master sighed in his heart, "I didn't want to share a piece of the soup, but now it seems that I have to pay some price!"

In the endless chaos, the Holy Master naturally has some connections. Please do not move the super existence of Chaos Realm, but it is no problem to invite a few saints to help out!

Of course, other saints will not help the Holy Master in vain!

After hesitating, the Holy Master was the first to contact the "Saint of the Dead Autumn".

A super existence of the ninth-order saint!

“Oh? You found a chaotic world without a master?” The Dead Autumn Saint smiled and said Such a desolate location, do you want to occupy it and become a star master? ”

There is endless chaos, there are prosperous places, and there are desolate places.

And God’s Domain is in a very desolate place!

With the strength of the dead autumn saint, if you are willing to occupy a chaotic world in a desolate place and become a star master, it is naturally not difficult! However, his goal is to become the star master of the prosperous land.

Therefore, for a long time, the Saint of Withered Autumn was only the ninth rank of Saint, and failed to become the star master.

“Desolate places, of course, have the benefits of desolate places!” The Holy Master did not tell the dead-autumn saint the news of the Mystery of the Sky and the Dark Domain.

And even if the sage of Withered Autumn came to God’s Domain, if he didn’t go to the surrounding area of God’s Domain to look carefully, he wouldn’t be able to find out about the confusion!

The value of the Divine Realm is completely different from that of the Heavenly Mystery Formation and the absence of the Heavenly Mystery Formation!

After all, the powers in the endless chaos all know what “Taitian Mystery Formation” means – this is the place where the super power “Sky Gate” selects geniuses!

Once it is made public, I am afraid there will be a steady stream of geniuses pouring in.

Until then, God’s Domain will be like... a school district room!

The value can be imagined!

It is precisely because of this that the Holy Master wants to refine and control the Divine Realm at all costs!

“I shot, this is not a problem!” Withered Autumn Saint said, “However, you know the price of asking me to shoot!”

...

After contacting the Sage of Dry Autumn, the Holy Master contacted the “Seven Brothers of Hushan”.

These seven brothers are all eighth-rank saints; in the endless chaos, they are also considered a little famous.

In the end, the Holy Master contacted more than a dozen saints of the seventh order!

“This time, I will spare no expense, and I will take down the Divine Realm with the power of thunder!”

Chapter 1364: Immortal Mark

Endless Continent.

Xu Ming’s main body and three clones gathered together.

The Qi Luck avatar that fell in the previous battle with the Holy Master had also been re-condensed by Xu Ming after spending some hanging points.

“In the dark realm, I have solved 30,000 games to solve the heavenly chess game; my accomplishments in the school of heavenly Dao have long reached the point where I can touch Chaos to Dao at any time!”

Touching the Chaos Supreme Dao is the sign that the Heavenly Dao school has stepped into the **** realm!

“My power of faith and power of luck have accumulated quite a lot! The clones of ancient cultivators have already stood outside the gate of the dominion!” Xu Ming secretly said, “As long as I am willing, the four bodies will be ready at any time. You can break through the **** realm! At

that time, you will be able to unite the four ways, and you will not be able to destroy the demon body!”

Of course, there is still a risk of “Four Paths in One”!

Once it fails, it will be like a saint from Tianyao, and the divine body will not be able to maintain balance, which is almost equivalent to being disabled! Seriously, it is a direct collapse of the divine body and the death of the body!

Therefore, if Xu Ming wants to “integrate the four ways”, he must be fully prepared; and hide in an “independent space” to ensure that he will not be disturbed by others.

“No hurry! First consolidate the four major schools!” Xu Ming knew that “Four Ways in One” must not be rushed.

and...

It’s time to make an “immortal mark”!

Immortal Mark: Consume hanging points to create an immortal mark! With the immortality imprint, even if the host body dies, it can be reborn!

The immortal mark, to put it bluntly, is “rebirth” hanging!

“Four ways are in one, my deity will also be in danger of falling! It’s safer to make an ‘immortal mark’ first!”

Don’t blame Xu Ming for being timid, but you have to know that the more talented you are, the more likely you are to be jealous and restricted by “God”! Maybe... Xu Ming was deliberately targeted by “God” when he broke through?

Therefore, it is still “careful to sail the ship for ten thousand years”! Make an “immortal mark” first, then, even if it fails, Xu Ming will only lose some hanging points.

“To make the ‘immortal mark’ requires 10 million points of level 14 hanging points!”

Ten million!

Fortunately, Xu Ming has a lot of money now, otherwise, he really can't make it!

"Make!" Xu Ming said.

After a while.

A mark of nothingness, glowing with a hint of gold, appeared in Xu Ming's hand.

The texture on the mark seems to run counter to the texture of Chaos Supreme Dao!

This is a mark against the sky!

"This immortal mark should be stored in the 'independent space'!"

An independent space is an absolute safe area. Putting the immortal mark there is also Xu Ming's last retreat.

"Next, I will consolidate my cultivation base and adjust my state!" Xu Ming secretly said, "When everything is adjusted to the best, we will start 'Four Paths in One'!"

Swish! Swish! Swish!

All three of Xu Ming's avatars directly entered the world ring of the deity and began to adjust their status.

And Xu Ming's deity overlooks the entire endless continent: "My hometown is getting more and more beautiful!"

At this time, on the Endless Continent, the gods of the human race were all immersed in closed-door cultivation.

Among these gods, there are friends from the same era as Xu Ming, as well as ancestors of the human race thousands of years ago; and the pioneer of the human race “True God Jiuyu”... Every **** has refined a drop of chaotic primordial liquid, and in the Cultivation breakthrough!

A drop of Chaos Primordial Liquid can create a future God Emperor.

After a long time, the human race will have many **** emperors!

Although the emperor-level masters were nothing to Xu Ming at all; however, a dusty world with many emperor-level masters was something to be proud of!

Suddenly, Xu Ming’s eyes turned to the sky. He felt that a powerful existence was approaching the Endless Continent.

“The ethereal saint?”

Xu Ming was a little puzzled, but still smiled from a distance, “Brother Piaomiao, do you have time to come to my little dusty world?”

Xu Ming’s strength has been recognized by all the saints in the Divine Realm; therefore, they are all equal to each other.

“Haha!” The misty sage laughed, “Where there is Brother Xu, let alone a whole world of dust; even an ordinary thatched house can become a holy place!”

Quietly, the misty saint had descended to the wild mountain range and sat opposite Xu Ming.

As for Xu Ming, he began to brew tea, doing his best as a landlord.

“Brother Piaomiao, why did you come to me...?” Xu Ming asked directly.

The misty saint pondered for a while and said, “Brother Xu, I want to ask... Where is Shura?”

Xu Ming was chasing after the Asura saint, leaving the realm of the gods and entering the endless chaos.

Now, all the saints in the God Realm know that Xu Ming's ancient cultivator clone has returned; however, they have not seen the return of the Asura saint. This has to make them curious and concerned.

Xu Ming said lightly, "I'm already dead."

The Asura saint was killed by dissolving the Heavenly Stone Pillar to influence Xu Ming's solution, arousing the anger of other saints.

"Oh..." The misty saint seems to have expected it, and there is no joy or sorrow in his expression.

If Xu Ming and Sage Asura had to die, Sage Misty would naturally prefer Sage Asura to die! – After all, Xu Ming alone is equivalent to four saint-level combat power! Moreover, Xu Ming's future achievements are even more limitless; even, it is possible to lead God's Domain to glory!

"Where did you fight afterward?" The ethereal saint couldn't help asking.

Xu Ming thought for a while and said, "Dark Domain!"

"What!?" The ethereal saint was shocked, "Dark domain? You said... you came out of the dark domain!"

"That's right!" Xu Ming said indifferently.

The ethereal saint immediately put the death of the Asura saint behind, and asked curiously, "What is there in the dark realm?"

This is not a secret, Xu Ming said directly: "In the dark realm, there is a superpower of a certain party in the endless chaos, the test ground left behind! I passed the most basic test, so I can come out!"

“That’s actually the case! What about the other people who fell into the dark realm?” The ethereal saint asked again.

Xu Ming knew that he wanted to know the news of the Saint of No Difficulties.

“Sage Wushang is still alive! It’s just that he hasn’t passed the test, so he can’t come out of the dark realm!” Xu Ming said, “However, I estimate that with the talent of Sage Wushang, it should not be difficult to walk out of the dark realm with one’s own strength. Just a matter of time!”

If you want to bring other people out of the dark realm, you must be a golden-clothed disciple! Xu Ming was also not sure how long it would take him to meet the requirements of the golden-clothed disciple.

The misty saint suddenly felt relieved and said with a smile: “Then he still can’t get out for the time being! But... it’s good that he doesn’t die! I knew that this kid won’t die so easily!”

The relationship between the ethereal saint and the innocent saint is very close.

“It would be even better if he could come out of the dark realm!”

“Yes!” Xu Ming said.

After hesitating for a while, Xu Ming said again: “I’m ready to ‘Four Ways in One’...”

Chapter 1365: Enter The Thunder Land

“I’m ready to ‘Four Paths in One’...”

“What!?” The misty sage was startled at first, and then quickly said, “No! The integration of the four ways is a path of cultivation that is doomed to failure; when Tianyao insisted on ‘the integration of the four ways’, I tried to persuade him to no avail. , the result... in the present situation, it will not be able to restore the divine body for hundreds of millions of years!”

Xu Ming said: “I’m different from Tianyao! I have full confidence in it!”

The misty saint shook his head and said, “When Tianyao insisted on ‘the integration of the four ways’, he was quite sure!”

Speaking of this, the ethereal saint said bitterly: “Xu Ming, I know that your talent is against the sky, even if you put it in the endless chaos, you are the top super genius! But... Really listen to my advice! Anyway, my The years of cultivation are much longer than you, and I have seen and heard a lot more than you!”

Xu Ming shook his head and smiled and said, “Brother Piaomiao, I really have full confidence in it! Moreover, even if the ‘Four Paths in One’ fails, I am ready to follow up!”

Xu Ming was referring to the “immortal imprint”.

However, Xu Ming certainly wouldn’t explain the matter of “immortal imprint” to Saint Misty.

“Alas!” The misty sage was full of helplessness, “Why don’t you listen to the old man’s words? – The way you are now is exactly the same as Tianyao! When you end up like Tianyao, you will regret it again. It’s too late!”

“I...” Xu Ming really didn’t know what to say – he had said it so clearly, why did the ethereal sage just not believe it?

Immediately, Xu Ming and the misty saint stared at each other, helpless.

After a long time, the misty saint sighed: “Xu Ming, with your sky-high resources, it will not be difficult for the four avatars to step into the chaotic realm in the future! The four chaotic avatars! How powerful and terrifying! Even in the endless chaos Among them, it can deter one side! – This is a good road! And why don’t you leave the good road, and you have to follow the crooked way of ‘the integration of four paths’?”

In the understanding of the misty saint, “the four ways are in one” is a crooked way; anyway, when he was traveling in endless chaos, he had never heard of anyone who could succeed in cultivation!

only...

The ethereal saint does not know that his so-called wandering in endless chaos is just a glimpse of the leopard! The magnificence and magic of endless chaos, he probably knew more than Xu Ming!

This is like, the misty sage walked around from the “village” to the “village entrance”, thinking that he had seen the world, that he had traveled through endless chaos, and knew a lot!

Xu Ming was really helpless, so he had no choice but to say: “Brother Piaomiao, in any case, thank you for your kindness! But... I know how to go on the road of asking! Please brother Piaomiao, don’t disturb my Taoism!”

“This... ah! That’s it! That’s it!” In the eyes of the misty saint, he was well-intentioned, so he persuaded Xu Ming! Since Xu Ming didn’t listen, he didn’t have much to say!

“However...” The misty saint thought for a while and said, “Brother Xu, since you have made up your mind, I will say this! But brother Xu, can I ask you one thing?”

“What’s the matter?” Xu Ming asked.

“About the fate of God’s Domain!” The misty sage said, “Brother Xu, no matter whether you are fully sure or not; but you also have to admit that there is still a risk of failure of the ‘Four Ways in One’! Right?”

“Yeah!” Xu Ming nodded.

“So...” The Misty Saint continued, “I hope Brother Xu can join us to refine the Chaos Origin Stone again before the ‘Four Paths Unite’!”

“Refine the Chaos Originium again?”

“Yes!” The misty saint said solemnly, “For the sake of the gods, and for yourself!”

Xu Ming thought for a while, then readily agreed: “Okay!”

For Xu Ming, he also needs some actual combat to verify his ideas, so that the “Four Ways in One” can go more smoothly.

...

soon.

The eight saints of the divine domain, including the ethereal saint, the frost saint, the giant axe saint, and the sage Kaguya, gathered together again.

“Refining the Origin Stone of Chaos again?” Sage Hui Ye shook his head and said, “Everyone, please forgive me for not being optimistic at all! – You know, every time I set up a large formation and refine the Origin Stone of Chaos, I would consume a lot of precious materials for the formation! And the Holy Master only needs to run to the core of God’s Domain and destroy it casually, and we will fall short!”

“Yeah!” Frost Saint also said, “If you want to successfully refine the Chaos Origin Stone, unless... the Holy Master can’t reach the core of the God’s Domain at all! However, the Holy Master can easily reach the core of the God’s Domain through the Sanctuary and the Thunder Continent. We can’t stop it!”

The ethereal saint is also dumb – yes! They really can’t solve this problem!

“There is a way!” Xu Ming said suddenly.

Suddenly, all eyes turned to Xu Ming: “What can I do?”

Xu Ming looked to infinity – that was the direction of Thunder Continent!

“The Holy Master is now in the Thunder Continent!” Xu Ming said, “So... let’s go straight to the Thunder Continent!”

“what?”

“Into the Thunder Continent?”

“Challenge with the Holy Master?”

“Xu Ming, don’t you know that the Holy Master is an immortal existence in the Thunder Continent? And... once you enter the Thunder Continent and fight against the Holy Master, then the Holy Master will definitely kill us at any cost. One or two of them!”

“No!” Xu Ming shook his head and said Although the Holy Master is powerful in the Thunder Continent, he is not invincible! And I entered the Thunder Continent just to hold back the Holy Master, not to kill him, so it shouldn’t be a big problem! ”

“This...” The misty saint, etc., still did not dare to enter the Thunder Continent.

After all, within the scope of the radiance of the Holy Master, several saints of the divine domain have fallen!

“Don’t worry!” Xu Ming said again, “Just my four avatars enter the Thunder Continent! Your words will help resist the aftermath of the battle at the core of God’s Domain, and don’t affect Brother Hui Ye’s refining of the Origin Stone of Chaos!”

“Just you entering the Thunder Continent?” The misty saint for a while.

“Yes!” Xu Ming still had confidence in his own strength.

You know, his ancient cultivator clone came back from the dark domain and created the “Chaos Spear Intent”. With this powerful marksmanship and secret skills, Xu Ming’s four major bodies have reached a new level of strength, comparable to the sixth rank of saints!

And the Holy Master is only the seventh rank of saints!

Xu Ming’s four bodies came out together to hold back the Holy Master, the problem should not be big!

As for the danger...

Is Brother Ming afraid of danger?

If the clone hangs up, it can be re-condensed directly! If the deity hangs, isn't there an "immortal mark"?

In any case, Xu Ming is the real "immortal body", so what's there to be afraid of!

As long as Saint Huiye successfully refines the Divine Realm and becomes the "Star Lord of Huiye", then he will be able to easily kill the Holy Lord!

...

Xu Ming and several saints discussed it together, and soon decided on a strategy.

Xu Ming's four bodies directly attacked the Thunder Continent!

The misty saints, etc., are going to the core of the gods.

Chapter 1366: Kill Xu Ming!

call out! call out! call out! ...

One after another figure, crossed the void of the gods.

However, this time, the movements of these figures were very small; unlike the last time when they were chasing the Holy Master, they ripped apart time and space, and their might was so powerful that it even attracted the attention of the entire Divine Realm.

"Can Xu Ming hold back the Holy Master?" The Giant Axe Saint couldn't help asking.

Several other saints were also skeptical.

The misty sage said: "Whether it can be held back or not, Xu Ming has four avatars. Moreover, his Qi Luck avatar, which had been lost last time, has now reappeared; it can be seen that Xu Ming still has a condensed body. The method of avatars – even if it can't be delayed, Xu Ming will definitely

retreat; in the worst case, only one or two avatars are lost, and it should not die at the hands of the Holy Master!”

Frost Saint said: “Xu Ming is so talented, he must be loved by Chaos World! It’s not so easy to die!”

“Actually... I do hope that Xu Ming can lose a clone in this battle!” The ethereal saint said through voice transmission, “In this case, in a short period of time, he will have to let go of the idea of ‘Four Paths in One’! In this way, after a long time, Xu Ming may figure it out, and he will no longer be obsessed with wanting to ‘unify the four ways’ and cultivate that ‘indestructible demon body’!”

“Okay! Let’s enter the core of God’s Domain first!” The giant axe said, “Hui Ye, don’t rush to set up the formation! If Xu Ming can really hold back the Holy Master, it’s not too late for you to start the formation! ”

“Okay!” Saint Hui Ye nodded and said, “If Xu Ming can really hold back the Holy Master, that’s fine! – As long as I become a ‘Star Master’, killing the Holy Master will be easy!”

Several saints in God’s Domain have traveled through the endless chaos, and deeply know how terrifying the “star master” level of combat power is!

Not to mention that the Holy Master is only the seventh-rank saint, even the ninth-rank saint will be easily suppressed and killed!

In the chaotic world under his control, the star master is an invincible existence, and can even compete with the existence of the chaotic realm!

...

Xu Ming and the other eight saints were divided into two paths.

Just when the other saints were speculating whether Xu Ming could hold back the Holy Master, Xu Ming had already come to the Thunder Continent!

“Clone, come out!”

Ancient cultivator clones, Tiandao Liu clones, and Qi Yun clones all teleported out of the world ring in an instant.

At the level of Xu Ming, if you do anything at will, time and space will fall into chaos; at that time, the world ring will not be able to open! Therefore, Xu Ming wants to release the three avatars from the world ring before entering the Thunder Continent!

The deity of the cultivating belief school, and the three avatars, all of them are imposing! All guns are in hand!

“kill!”

Xu Ming’s four major bodies directly entered the Thunder Continent!

“Huh?” The Holy Master immediately noticed that there was a powerful presence invading; his spiritual sense instantly enveloped the entire continent and found Xu Ming, “Xu Ming! How dare you come to my Thunder Continent? It’s really courting death!”

“Humph!” Xu Ming’s expression was cold, “Holy Master! It is said that you are in the Thunder Continent and the Sanctuary Continent, and you can be called an immortal existence; I want to see if you are really immortal!”

“Heh!” The Holy Master has quietly covered a larger area with his divine sense.

It even covered the entire Divine Realm!

Naturally, the Holy Master discovered the Ethereal Saint, Frost Saint, etc., and was heading to the core of the God’s Domain.

“So it is!” The Holy Master immediately understood, “I’ll just say, why did you come to my Thunder Continent! It turned out that you wanted to hold me back and let them refine the Chaos Origin Stone!”

“Not bad!” Xu Ming said too lazy to say, his aura suddenly exploded. Even the time and space were shattered by this tyrannical momentum!

boom!

Xu Ming swiftly killed the Holy Master, shattering hundreds of millions of miles of time and space!

And the Holy Master, who was also imposing, killed Xu Ming.

“Just use this battle to test my ‘Chaos Spear Intent’!” Xu Ming could feel that this new set of secret marksmanship skills he created was definitely much stronger than the previous “Reincarnation Five Forms”. ; As for how strong it is, you have to try it to know!

Swish! Swish! Swish! Swish!

Xu Ming’s four gods, and the gun moves in his hands, seem to be completely different from each other, but also seem to be exactly the same; seemingly ordinary, but in fact unpredictable.

Chaos Spear Intent focuses on “mood”, not moves!

No matter where the mood is, there is no way to win!

“This is...?” The Holy Master has been in the endless chaos for a long time, and his natural eyesight is extraordinary; at a glance, Xu Ming’s marksmanship is much more terrifying than before!

soon

Xu Ming and the Holy Master are only hundreds of millions of miles apart! —For a saint, it is an extremely short distance!

“Black-and-white sword!” The Holy Master’s sword move is still a powerful killer move that “eats all over the sky with one move”—the black-and-white sword!

hiss-

This time, the power of the “Black and White Sword” was even greater, smashing through the void of hundreds of millions of miles in an instant, before reaching Xu Ming’s ancient cultivator clone.

I saw that the spear moves in the hands of the ancient cultivator’s clone did not change significantly, but the spear intent changed instantly!

Although there is no trick, the defense is stronger than the “grinding disk”!

boom! !

The guns and swords collided, and hundreds of millions of miles of void were annihilated into a huge circular space crack like a black hole Xu Ming and the Holy Master walked in the “black hole”, indifferent.

“What!?” The Holy Master clearly felt that Xu Ming’s defense was stronger, and he couldn’t help but be shocked, “This kid’s strength seems to have improved again! This is... too scary!”

An opponent like Xu Ming is indeed extremely terrifying!

Every time they fight, the Holy Master finds that Xu Ming’s strength has greatly improved! And the point is, the Holy Master can’t kill Xu Ming!

The Holy Master understands very well that if Xu Ming is allowed to improve like this, there will be no place for him to stand in the Divine Realm in the near future! Therefore, the Holy Master had to speed up the idea of occupying God’s Domain; he even invited many powerful saints to help at all costs!

“His defense is so strong, I’m afraid it will be difficult to kill a clone of him!” The Holy Master thought to himself.

The Holy Master is bathed in endless faith in the Thunder Continent and the Sanctuary Continent; even if the injury is severe, the divine body will quickly recover! But... the attack and defense of the Holy Master have not been greatly improved!

Therefore, with Xu Ming’s current strength, it is true that the Holy Master cannot be killed; however, it is difficult for the Holy Master to kill Xu Ming!

but...

The Holy Master suddenly looked cold: “It’s difficult, it doesn’t mean it’s impossible! – Xu Ming is so arrogant, he dares to break into my territory; if I can kill him at any cost, then I will have no worries! ”

In the entire Divine Realm, the only one who can worry the Holy Master is Xu Ming!

As for the Misty Saint, the Frost Saint and other saints... The Holy Master has traveled through countless epochs of endless chaos, and he has seen a lot of mediocre opponents like that, and he doesn’t care at all!

“Yes! No matter the cost, I want to kill Xu Ming!”

Chapter 1367: Victory In Hand

How tyrannical is Xu Ming’s spiritual sense!

Even if he didn’t deliberately expand his spiritual sense, the entire Thunder Continent was under his observation.

Xu Ming was horrified to discover... the gods of the entire Thunder Continent were actually burning their bodies!

Use the burning divine power to burst out the powerful power of faith!

call out! call out! call out! call out! ...

Countless hundreds of millions of strands of faith power condensed into golden threads, traversing the endless void and flocking to the Holy Master!

“Hey—” Xu Ming took a deep breath, “The flow of fanatical beliefs is really scary! It can make endless believers willingly burn the divine body and turn it into the power of faith...”

...

The Holy Master is bathed in this endless power of faith, and his whole body exudes a holy light, and his strength increases rapidly!

Saint eighth order!

Under the blessing of countless believers who did not hesitate to burn the divine body, the strength of the Holy Master has temporarily reached the level of the “eighth-order saint”!

“What!?” The misty saints and others have been paying attention to the battle situation on Xu Ming’s side; they were shocked when they saw that the Holy Master had gathered the power of faith in the entire Thunder Continent, and shouted, “Xu Ming! Hurry up and escape! Several clones fled, and immediately escaped from the Thunder Continent!”

You must know that the Holy Master is an “undead” existence in the continent under his control; now the attack has gone to a higher level, temporarily reaching the “Saint Rank 8”, I am afraid... The Holy Master can directly crush the “Saint Rank 9” opponent!

Xu Ming has four avatars, this is true! But in the eyes of the misty saints and others, even if the four avatars join forces, it is impossible to stop the holy master’s mad attack!

Xu Ming’s best choice now is for the four avatars to run away immediately!

“Escape!?” The voice of the Holy Master resounded throughout the Thunder Continent, like a rumbling thunder, “When you reach my territory, do you still want to escape?”

hum—

With the Holy Master as the center, the incomparably holy golden radiance spread out and instantly enveloped Xu Ming.

Within the range shrouded in golden brilliance, it is completely isolated from the outside world! It is not easy to break the shroud of radiance!

“Not good!” The misty saints and others all changed their expressions.

“It’s the Holy Master’s ‘brilliant field’! This is Xu Ming’s trouble!”

“The Holy Master wants to kill Xu Ming at all costs!”

“The Holy Master’s strength has now risen to the ‘eighth rank of saints’, can Xu Ming still block it?”

“Should we go back and save Xu Ming!?”

Thinking of this, several saints quickly turned back and killed the Thunder Continent!

“Xu Ming must be rescued! If Xu Ming can’t stop it, we will definitely not be able to successfully refine the Origin Stone of Chaos!” The misty saint continued, “If Xu Ming falls, then... the hope of the God’s Domain will also be gone!”

Xu Ming is now the only hope for God’s Domain!

...

“Kill!” After the Holy Master launched the radiant field, he directly attacked Xu Ming without defending at all! – The Holy Master is in his own “territory”, even if he faces the existence of the ninth-rank saint, he does not need defense; what’s more, he is only facing Xu Ming’s four “sage sixth-rank” clones!

“Humph!” Xu Ming’s chaotic spear intent showed a defensive mood.

“Want to kill me?” Xu Ming sneered in his heart.

You must know that Xu Ming’s “defense inscription” can attenuate 90% of the attack of the saint level, leaving only 10%! Coupled with the defensive armor of the Chaos God Soldier, and the defensive artistic conception in the “Chaos Spear”...

How could Xu Ming's defense be shaken by an attack at the "eighth-order saint" level?

boom! !

A sword shatters billions of miles of time and space! Ten thousand mountains fell, the continent crumbled, and the rivers and seas roared!

However, under the joint prevention of Xu Ming's four divine bodies, he could not be hurt at all!

"What!?" The Holy Master was shocked – a sword that even a ninth-rank saint could not block, was blocked by Xu Ming like this?

"What!?" The misty saint and others were even more shocked.

At this time, Xu Ming's voice transmission sounded in the ears of Saint Misty, Saint Hui Ye, etc., "Give the Holy Master to me, and I will find a way to hold him back! Hurry up and go to the core of God's Domain!"

"Okay...Okay..." The Misty Saint waited for this to react – Xu Ming really held back the Holy Master!

Even if the Holy Master burns the divine body of the believers in the entire Thunder Continent, it will not help!

boom! boom! boom! boom! ...

The eight saints marched forward with all their strength, and in a short while, they reached the core of God's Domain!

"Arrangement!" Sage Hui Ye didn't waste any time, and immediately started the formation, preparing to refine the Chaos Origin Stone!

...

“Dead! Die! Die!”

Thunder Continent.

The Holy Lord roared wildly.

However, no matter what means the Holy Master plays; Xu Ming’s four “Saint Sixth-Order” level combat powers are all unafraid!

The Holy Master is in the Thunder Continent and the Sanctuary Continent, so it can be called “invincible defense”?

And Xu Ming... no matter where he is, he can be called “invincible defense”!

boom! boom! boom! boom! ...

Under the battle of Xu Ming’s level, the space of God’s Domain seems to be more fragile than paper!

The endless space was torn apart, and a terrifying space black hole was formed near the battle area between Xu Ming and the Holy Master! With the space black hole as the center, the dense and endless space cracks spread wantonly, crawling over the entire Thunder Continent like a black spider web!

Appalling!

The entire Divine Realm seems to have fallen into doomsday!

This is the terrifying power of a saint-level battle!

Soon...

“The great formation has been completed!” Saint Huiye directly began to refine the Chaos Origin Stone of the God’s Domain, a natural vision!

“Not good!” The Holy Master’s face changed suddenly; but... no one noticed that There was a hint of cunning in the depths of the Holy Master’s eyes.

call out!

Suddenly, the Holy Master left Xu Ming and went directly to the depths of the ground to kill—he wanted to rush to the core of the Divine Realm to stop Saint Huiye from refining the Divine Realm!

“Stop!” How could Xu Ming allow the Holy Master to do damage, turn from defense to attack, and kill the Holy Master—“Chaos Spear Intent” doesn’t have spear moves, it’s about artistic conception! As soon as the killing intent came out, it was an incomparably fierce ultimate move, much stronger than any rigid marksmanship secret skills!

“It’s good to come!” However, the Holy Master turned back suddenly and slashed with a sword.

A piece that gathers the power of faith in the entire Thunder Continent, shattering the endless void! A sword beam magnified infinitely, and even from the ground of Thunder Continent, it directly broke through the membrane wall of God’s Domain and slashed into endless chaos.

Wherever the vast sword light passed, all the dust worlds were annihilated into nothingness.

Even Xu Ming was slightly injured by this sword!

“What? This didn’t make him suffer!?” The Holy Master was very confident about this sneak attack on himself, but he didn’t expect that he would not be able to really hurt Xu Ming, but only caused Xu Ming to suffer some insignificant minor injuries. That’s it!

And Xu Ming took the opportunity to surround the Holy Lord’s Quartet! The deity and the three avatars formed a defensive formation, blocking the way of the Holy Master: “Don’t even think about going to the core of God’s Domain!”

Xu Ming will use his powerful defense to stop the progress of the Holy Master!

God's Domain Core...

The radiant saint even madly urged the great formation, refining the chaotic source stone of the gods!

As long as you can successfully refine the Chaos Origin Stone, control the Divine Realm, and become a "star master"; then, killing the Holy Master is also an easy task!

However... the Holy Master at this time doesn't seem to be anxious at all! As if winning the ticket, I don't worry about all the layout of God's Domain at all!

Chapter 1368: It'S Not Necessary

"Stupid!"

The corner of the Holy Master's mouth evoked a sneer of disdain, and he secretly said in his heart: "This group of natives of the God Realm really thinks that the chaotic source stone is so easy to refine! – Even if it is me, if you want to refine the chaotic source stone, you have to pay a lot. Only with the energy of Kaguya! With the strength of Kaguya, you want to use the formation to refine the Divine Realm? It's just a dream!"

actually...

From the beginning to the end, the Holy Master has never worried that Saint Hui Ye can successfully refine the Divine Realm!

However, the Holy Master deliberately pretended to be worried, so that the Divine Realm side thought that the refining method of Saint Hui Ye was right! The purpose... is to let the Divine Realm side go further and further down the wrong path!

And like this, if the Holy Master really can't stop Saint Huiye from refining the Chaos Origin Stone, don't worry! Because... the Holy Master knows that it is impossible for Saint Hui Ye to succeed in refining!

Just like now, the Holy Master is entangled by Xu Ming, and it is difficult to break out of the siege, but he is not anxious at all. Anyway, he knew that Saint Kaguya was destined to be busy!

The Holy Master looked at Xu Ming, and the murderous intention in his eyes appeared and disappeared.

“Would you like to show the last card as well?” The Holy Master hesitated.

The Lord’s last trump card is... Sacrifice!

Sacrifice all the creatures in the Sanctuary Continent and Thunder Continent; so that you can have the strength close to the “star master” in a short period of time!

But the price is – the Sanctuary Continent and Thunder Continent that have been occupied so hard will be reduced to ruins and will no longer have any effect!

“If I sacrifice all the creatures in the Sanctuary and Thunder Continent, and kill Xu Ming, it shouldn’t be a problem! It’s just... if the other saints run away separately, I can’t kill them all!” The Holy Master pondered, “In that case, if I want to refine the Divine Realm, I will still be harassed by other saints, and I will still be unable to refine it successfully!”

Why hasn’t the Holy Lord revealed this hole card? —Because he knew that even if he did everything he could, it would be impossible to kill all the saints in the God Domain at one time.

And without the protection of the Sanctuary and the Thunder Continent, the Holy Master will not be so easy to gain a foothold in the Divine Realm in the future!

Moreover, sacrificing all the creatures of the two continents will also have some impact on the strength of the Holy Master.

Therefore, the Holy Master hesitated for a long time, but was still unwilling to take the road of “sacrifice”.

“Hmph! This time, let them jump first!” The Holy Master has decided to give up today’s battle, “Anyway... After a while, the Holy Autumn and the Seven Brothers of Hushan and the others will arrive, and they will occupy the Divine Realm easily. !”

The Holy Master is really distressed, and at such a cost, please ask the Holy Autumn and the Seven Brothers of Hushan to take action!

But there is no way, Xu Ming's growth is too terrifying! The Holy Master is worried that if he doesn't spend any blood, Xu Ming will grow to the point where he can't compete!

...

Now that he had decided to give up, the Holy Master didn't bother to collide with Xu Ming.

He removed the "Glory Field", and the power of holy faith in his body was re-turned into countless billions of golden threads, returning to the bodies of believers. The bodies of the gods that these believers burnt recovered a lot in no time.

"There is still such a means?" Xu Ming was secretly shocked – the Holy Master deserves to be an existence who has been in the endless chaos for a long time! The cards in hand are really endless.

However, what surprised Xu Ming even more was that the Holy Master had withdrawn the blessing of the power of faith, did he want to give up resistance?

"Xu Ming!" The Holy Master said with a smile, "Why don't we stop fighting and sit down and talk?"

"Stop fighting?" Xu Ming sneered, "Don't you worry, Hui Ye will kill you immediately after refining the Chaos Origin Stone and becoming the 'Star Master'?"

"Hui Ye?" The Holy Master said disdainfully, "It is impossible for him to refine it successfully!"

"Oh?" A strange color flashed in Xu Ming's eyes, and he said coldly, "Then watch it!"

...

"It's impossible to refine it successfully?" The misty saints and others were a little disbelieving when they received Xu Ming's voice transmission.

“Xu Ming, leave him alone! Just hold him back, don’t let him come to the core of God’s Domain!” The ethereal saint said, “Maybe, he wants you to be careless, and then suddenly kills the core of God’s Domain!”

“Don’t worry!” Xu Ming said, “Even if he uses ‘Rainbow Light’ again, I will stop him!”

The Holy Master casts “Rainbow Light”, which can increase the speed to an appalling level in a short period of time!

However, “Rainbow” is mainly used in unexpected situations, and it is most effective! Now that Xu Ming has been prepared, the Holy Master is mainly to use Hongguang again, and Xu Ming can immediately use his ultimate move to stop him.

Even if the Holy Master casts “Water Dissolving”, Xu Ming already has a countermeasure.

In short, Xu Ming’s avatars are all dispatched, and they can definitely stop the Holy Master from the core of God’s Domain!

“Okay!” The misty saints and others are also waiting in the core of God’s Domain.

rumbling...

As Saint Hui Ye continued to refine, the tremors of the entire Divine Realm became more and more intense.

“It’s almost ready!” A flash of excitement flashed in the eyes of Saint Hui Ye – as long as he successfully refines the Chaos Origin Stone, he will be the “star master” of the God’s Domain; he has jumped from an unknown ordinary saint to the most famous in the entire God’s Domain. Great presence!

“Come on! I already have a faint feeling of controlling the entire God’s Domain!” Through the great formation, Saint Hui Ye could feel the “pulse” of the entire God’s Domain beating.

But suddenly—

The look of Saint Kaguya suddenly became extremely frightened: “How could it be!?”

The next moment!

boom! boom! boom! boom! ...

The formations he arranged around the Chaos Originium collapsed one by one!

The backlash from the formation and the Origin Stone of Chaos instantly annihilated most of Saint Kaguya’s divine body.

Saint Hui Ye didn’t seem to feel the pain, but his eyes were stunned and his face was stunned: “How is this possible!? I can definitely refine it successfully...”

“what!?”

“This...”

Xu Ming, Misty Saint, etc. were all shocked: “It really failed!?”

“Hahahahaha...” The Holy Master’s laughter resounded throughout the entire Divine Realm He had expected it, “Hui Ye, you really think that with the help of the formation, you can refine the Divine Realm! Naive! Too naive! – I travel in endless chaos, and I have never heard of it, who can rely on the formation method to refine the source stone of chaos! You...hahahaha!”

Saint Hui Ye’s face turned pale: “It’s wrong! It’s all wrong!”

For billions of years, he has gone the wrong way!

“Then every time I use the formation to refine the Chaos Origin Stone, you still...” Saint Hui Ye’s unwilling gaze penetrated the endless land and stared at the Holy Master.

The Holy Master laughed playfully: “If you don’t, how can you go further and further down the wrong path? How can you make your entire Divine Realm waste time on this wrong path?”

The Holy Master is equivalent to... fooling the entire Divine Realm for countless billions of years!

...

Xu Ming looked at all this coldly.

Refining God’s Domain failed! Moreover, I still don’t know how to refine the Divine Realm smoothly!

“I’ll go to the Star Casting Realm again, and I should be able to get the method to refine the Chaos Originium! But... there’s no need for that!”

Yes!

It’s not necessary anymore!

For Xu Ming, instead of trying to figure out how to refine the Origin Stone of Chaos, it is better to use this time to “unify the four ways”, break through the **** realm, and cultivate the “indestructible demon body”!

“Now, the Holy Master and I can’t help each other! But... when I become an ‘indestructible demon’, even in the Sanctuary or the Thunder Continent, I should be able to kill the Holy Master!”

Xu Ming turned around and left, and went back to “Four Paths in One”!

Chapter 1369: 4 In 1!

independent space.

Above the endless clouds.

Xu Ming's main body and three clones have been sitting here for more than two months.

“Ancient Cultivator School, Heavenly Dao School, Faith School, Qi Luck School...”

Each genre, how to break through the dominance realm; how to find a point of convergence and integration between different genres... Everything, Xu Ming has already understood!

After more than two months of sitting still, Xu Ming adjusted his state to the best!

“Then... let's get started!”

With a wave of Xu Ming's hand, millions of drops of Chaos Primordial Liquid swirled around.

The breakthrough and fusion of the four divine bodies, and the integration of the four paths, must consume a lot of energy during this period. With so much Chaos Primal Liquid ready, Xu Ming has no other worries.

boom! boom! boom! boom!

Xu Ming's four divine bodies, simultaneously from “half-step dominance”, attacked the **** realm!

The school of ancient cultivators took the initiative to let their divine body merge with the power of chaos and transform into a “chaotic divine body”.

The Heavenly Dao school takes the initiative to touch the mystery of Chaos Supreme Dao—Xu Ming knew the billions of heavenly Daos and orders derived from Chaos Supreme Dao, so it is not difficult to touch Chaos Supreme Dao!

The schools of belief and luck have begun to integrate the power of faith and luck contained in Chaos to Dao—starting from the dominance realm, the cultivation of the schools of faith and luck does not depend much on them, and learns from other gods. The power of faith, the power of luck.

Almost at the same instant, Xu Ming's four divine bodies broke through to the Domination Realm at the same time!

“very good!”

Xu Ming felt that the four divine bodies had reached a perfect balance at this moment!

Without hesitation, Xu Ming directly disintegrated the four divine bodies, turning them into four dense fogs.

The four dense fogs quickly surged together and reacted violently.

At the same time, many of the chaotic primordial liquid circling around poured directly into the thick fog.

boom! boom! boom! ...

In the thick fog, I can't see the situation clearly, but from time to time there is a thunderous vibration sound, like the sky is cracking, and something is happening inside...

The momentum of the dense fog is sometimes violent and sometimes deadly. Sometimes it is as if the heaven and the earth have just opened, bringing infinite vitality;

It is conceivable that in the process of transformation, Xu Ming must have suffered tremendous pain!

This is the price of cultivating the “Indestructible Demon Body”!

If you want to take the extraordinary road and achieve immortality, you must endure much more tempering than the mediocre ones!

These waves of painful shocks did not shake Xu Ming's will in the slightest, but instead sharpened Xu Ming's mental strength!

“Hey—” Xu Ming was surprised to find that the four bodies, corresponding to the four heart worlds, were honing, absorbing a large amount of chaotic primordial fluid, and constantly becoming stronger!

And...the four gods are merged, then, the “heart world” corresponding to the four gods must also be merged!

The four “heart worlds” are merged into one, how strong it will be! ?

“Unexpectedly, the mentality genre that has not broken through for a long time is advancing by leaps and bounds at this time!”

With a strong mind, Xu Ming can naturally better control the “Four Paths in One”! In this way, the difficulty of merging the bodies of the four statues has inadvertently reduced a lot.

...

Time goes by.

One day, two days...

January, February...

The fusion of Xu Ming was carried out in a leisurely manner; there was no mistake all the way down.

Gu Hanmo is also in the independent space.

She watched calmly: “It’s almost done! – Originally, at this time, I could help Xu Ming to strengthen his cultivation and make the ‘indestructible demon body’ stronger! It’s just... I can’t use my strength at will, once I make a move , will inevitably lead to pursuit...”

“Forget it!” Gu Hanmo sighed and closed his eyes again, “Besides, I have never been able to see through Xu Ming, so it’s better not to interfere too much! Otherwise, Xu Ming’s own luck will be accidentally damaged, Instead, it is self-defeating...”

...

one year later...

The thick fog formed by Xu Ming's incarnation finally calmed down completely.

Next, there is only one last step left before truly cultivating an “indestructible demon body”—training!

A large cloud of dense fog was re-forged into a divine body!

boom! boom! boom! boom! ...

Finally, three months later.

Xu Ming had a divine body and stood above the endless clouds in the independent space.

“Success!”

Xu Ming's face was a little tired, but more excited! – Indestructible Demon Body, finally practiced!

The current Xu Ming, the momentum is flat, can't see anything powerful! However, once Xu Ming's power broke out, he knew what terror was!

Xu Ming felt his new divine body: “The new divine body directly integrates all the advantages of the four major schools!”

Ancient cultivator school, good at strength and defense!

The Tiandao genre is the ultimate in the use of skills!

The school of belief can extract the power of belief from chaos to Tao, so it will have a strong recovery ability!

The luck genre, you can quickly improve your own strength by killing and frantically plundering the luck of others!

Xu Ming, who is “Four Ways in One”, has reached the pinnacle in attack, defense, skills and other aspects!

and...

“Indestructible Demon Body”, what is really scary is the word “indestructible”! Even if the Chaos Realm exists I am afraid it will be difficult to kill the current Xu Ming!

“My mental power...” Then, Xu Ming was shocked to discover that his mental power school had unknowingly risen to the level of “primary master”!

“The four heart worlds are merged into one, and they have also absorbed a lot of chaotic primordial fluid, which is really powerful!”

You must know that even if you don’t hang up, the mind cultivators who dominate the primary level can be called “invincible in the ***** realm”!

powerful!

Strong!

The indestructible demon body is already very strong! Coupled with the mental strength of accidentally reaching the dominance state...

“I don’t know what level of strength I have now!” Xu Ming was full of expectations and carefully felt his own strength.

...

Just when Xu Ming retreated and broke through...

More than 20 figures, traversing the long endless chaos, finally arrived at the realm of the gods.

These twenty people are all at the level of saints!

“It’s finally here!” The ninth-level saint headed by him said with some doubts, “This chaotic world chosen by the Holy Master is really remote! Why is he occupying such a remote chaotic world? Could it be that he wants to grow old here? ”

This saint’s ninth-order power is exactly the “Saint of Withered Autumn” that the Holy Master invited before!

Next to the sage of dry autumn, there are seven sages of the eighth rank, who are the seven brothers of Hushan. The seven brothers have joined forces, and their strength is not below that of the Dry Autumn Saint!

It’s just that the attire of the seven Hushan brothers is a bit strange – each of them wears a gourd on top of their head; moreover, the color of the gourd on each person’s head is also different, I don’t know... what medicine is sold in the gourd.

There’s something going on today, so there’s only one more update. I will make time tomorrow, if there are more than three shifts, please forgive me.

Chapter 1370: Despair And Reason

boom!

Withering Autumn Saint’s spiritual thoughts unceremoniously enveloped the Divine Realm.

How tyrannical is the ninth-order spiritual sense of a saint! In the blink of an eye, the situation of the entire Divine Realm was completely captured by the eyes of Saint Withered Autumn.

Withered Autumn Saint sneered: “Too weak! This chaotic world is as weak as the Holy Master said, and there are only a few saints!”

The “Great Gourd Saint” among the Seven Hulushan Brothers scoffed disdainfully, “The Holy Master is really going back as he lives! He can’t even handle such a small desolate world, so please let us do it!”

“Yeah!” The other saints also said in succession, “It doesn’t matter if we ask us to take action, and we have invited so many people at the same time! The courage of the Holy Master is really getting smaller and smaller!”

Withered Autumn Saint said: “It is not necessarily a good thing to be timid and timid in the endless chaos!”

The daring will die; the timid will live longer!

“No matter how timid or timid he is, we are just here to earn some hard-earned money! Since this Chaos Primal Liquid can be easily earned, why not do it!”

“Indeed! I’m waiting to break through the endless chaos. It’s rare to see such good money!”

hum—

A spiritual thought passed over, it was the Holy Lord.

“Are you here?” The voice of the Holy Master resounded in the surroundings of Saint Withered Autumn and others.

“What do you want us to do now?” As soon as Sage Withered Autumn opened his mouth, he went straight to the subject, “Go directly to the core of this chaotic world and refine the chaotic source stone?”

“That’s what I mean!” The Holy Master laughed.

The reason why the Holy Master spared no expense to invite an overwhelmingly dominant lineup is to use the momentum of thunder to instantly occupy the realm of the gods!

“Then kill it!”

boom! boom! boom! boom! ...

More than 20 incomparably powerful auras rushed into the realm of the gods, not hiding the slightest.

...

Frost City.

The daughter of Saint Frost, also known as “Yan Xue” who met Xu Ming in the World of Myriad Tribulations, is breaking through in retreat.

When Yan Xue entered the World of Myriad Tribulations, she was a “junior sage”; after honing it in the World of Myriad Tribulations, she used a lot of treasures after returning, and finally found the bottleneck of breakthrough.

The Frost Saint carefully guarded him. After all, Yan Xue has been cultivating all the way, and many times relying on external things, her foundation is not very stable; the higher the cultivation base, the more dangerous the breakthrough will naturally be.

Hu-hu-

The endless ice and snow were swept by the cold wind and whistled around Yan Xue. The snowflakes are cold and full of killing intent, but they are as beautiful as white butterflies.

Suddenly, the wind and snow dissipated!

As if it never happened.

“Breakthrough!” Yan Xue opened her eyes, bright and clear.

“Xiaoxue, very good!” The Frost Saint smiled with relief, “With your cultivation speed, it is not impossible to become a saint in the future!”

“Hey...” Yan Xue didn’t have much joy after breaking through, but shook her head and sighed, “But... no matter how much I practice, compared to Xu Ming, it’s still nothing!”

The Frost Saint smiled and sighed: “My silly daughter, you should change the object of comparison! – Xu Ming’s talent and aptitude, let alone in the realm of the gods; even in the endless chaos, he is an unearthly evil genius. Being scrambled to cultivate by the top forces in the endless chaos!”

Yan Xue said depressedly: “I didn’t want to be stronger than Xu Ming, I just wanted not to be too much worse than him...”

However, Yan Xue knew that she would soon be pulled farther and farther by Xu Ming, and soon she would not even be able to see Xu Ming’s back!

Frost Saint wanted to comfort a few more words, but suddenly, her face changed suddenly.

“What a powerful spirit!”

Saint Frost felt a powerful but unfamiliar divine sense swept past him.

“Definitely stronger than me! Even stronger than the misty saint and the holy master!”

The expression of Saint Frost suddenly became extremely solemn, and the spiritual sense also unfolded instantly.

“This is...?” Frost Saint’s face turned pale – she saw more than 20 incomparably tyrannical figures, aggressively breaking through the wall of the God’s Domain and killing them.

“Saint seventh order!”

“The eighth rank of saints!”

“Saint... ninth order!”

The Frost Saint is terrified!

“What’s the matter!?” One after another terrified voice sounded in the ears of the Frost Saint – it was the sound transmission of other saints in the divine domain such as the ethereal saint and the giant axe saint.

“Where do so many super existences come from...”

“What are they doing!?”

A saint of the ninth order!

Seven saints of the eighth order!

More than a dozen saints of the seventh order!

Let the saints of God’s Domain not even have the courage to resist in an instant.

Too powerful!

It is no longer the same level of existence!

Afterwards, all the saints in the Divine Realm saw that the Holy Master flew over to meet the more than twenty strange saints.

“Is it the helper that the Holy Master found?” The faces of the saints in the Divine Realm became more and more ugly.

They couldn’t imagine how the Holy Master found so many powerful helpers.

“Humph!” The Holy Master’s spiritual thoughts shrouded the entire God Realm, looked at the saints in the God Realm with contempt, and said, “I am going to refine the Chaos Origin Stone now, do you want to stop it?”

Are you going to stop it?

Holy Master, this is completely a provocation by Chi Guoguo!

But the saints of God's Domain dare to stop it?

Even if you dare to go, what can you do to stop it?

Misty Saint, Frost Saint, Giant Axe Saint, etc., can only watch, the Holy Master and more than 20 strange super beings, flying to the core of God's Domain.

"How to do?"

"Is it possible to let the Holy Master refine the Divine Realm?"

"Where's Xu Ming?" The Frost Saint suddenly discovered that Xu Ming was not in the realm of the gods, "Quickly find Xu Ming!"

"Even if Xu Ming is here, what's the use?" The Misty Saint smiled bitterly.

In his opinion, Xu Ming's four avatars joined forces, and they were no match for the Holy Master of the seventh rank! And the seventh rank of saints, among these twenty or so invaders, is only the weakest rank...

The saints of the gods, the more they think about it, the more desperate they become!

"God's Domain is over! We can't resist it!" The ethereal saint sighed, "There is no hope at all!"

"Yes! There is no hope at all!" The Great Axe Saint also sighed.

Even if there is a little bit of hope, all the saints of the divine realm will fight; after all, the divine realm is the root of all saints!

But now, there is really no hope at all!

“Be sensible!” The misty saint said, “Give up the realm of the gods!”

give up the realm...

When saying these four words, how heavy the mood of the misty saint is! But he knew that this was definitely the most rational and correct choice!

“Only by giving up God’s Domain, can we keep a trace of fire for God’s Domain! With our strength, with the elites of God’s Domain, it should not be difficult to find a place to thrive again!”

Of course, the misty saint is also very clear that the place to live again is definitely not as good as the realm of the gods!

But in any case, it is better than the worthless sacrifice of the saints of the gods!
