

A World 1381

Chapter 1381: Re-Enter The Dark Realm

Refining the Chaos Flying Boat is not difficult, even the sage Huangquan can refine it successfully, and Xu Ming refining it is even easier.

Soon, Xu Ming refined the Chaos Flying Boat and put it into the World Ring.

However... For Xu Ming, the difference between whether there is a chaotic flying boat is really not that big. Because, even if there is no Chaos Flying Boat, he can hide in an independent space for refuge.

Immediately afterwards, Xu Ming refined the star map of the beginning of time.

“It turns out that the main function of the star map in the beginning is equivalent to... a compass!”

That’s right, it’s a compass!

You must know that in the endless chaos, it is very difficult to distinguish the direction! After all, no matter the four directions are up and down, it is all the same scene; except for the Qi of Chaos, or the Qi of Chaos, there is no way to tell the direction!

Moreover, in the endless chaos, there are places where time and space are twisted and chaotic. If you are not careful, you will fall into it; when you break free, you will be dizzy and don’t know where you are at all!

Therefore, there are often saints, star masters, and even Chaos Realm, who get lost in the endless chaos, and have no news from now on!

And the star map of the beginning can guide the direction in the endless chaos! Combined with the coordinates of some chaotic worlds and secret realms marked in the star map of the early days, you can judge the approximate position of yourself in the endless chaos.

Moreover, the star map in the beginning can also see through the distortion of time and space! Even if you fall into a distorted time and space, or even a place like the “Lost in the Sky”, you can easily break free from the distortion of time and space.

The most important thing is that the star map of the very beginning also points out the route to the “initial land”, which is the “ticket” to enter the initial land! You must know that the initial land is a place where even the existence of Chaos Realm wants to enter; however, almost no Chaos Realm is qualified to set foot in it!

“The star map of the very beginning, the first treasure in the Divine Realm... It’s a pity that it is not a fighting treasure!”

It is not a fighting treasure. Even if Xu Ming holds it in his hand, it is of little use for the time being; after all, Xu Ming’s urgent need is to improve his combat power and deal with the invasion of super powers in the endless chaos.

“Go out first!”

After leaving the World of Myriad Tribulations, Xu Ming first went to Saint Misty and taught him the method of refining the Origin Stone of Chaos. At the same time, Xu Ming also bought a treasure mirror from the Wanjie Mall system.

The Heaven-covering Treasure Mirror can strengthen the defense of God’s Domain! The weaker Chaos Realm cannot break the defense of the Heaven-covering Treasure Mirror; only the strong in the Chaos Realm, or multiple Chaos Realms, can break through.

“In this way, the defense of God’s Domain can also be stronger! As for whether it can resist foreign enemies...” Xu Ming secretly sighed, “I can only hope that the existence of Chaos Realm that comes to God’s Domain will not be too much, too strong!”

Then, Xu Ming went back to the independent space again.

Yin Ran, Lu Qing, and the gods of Yanyan Sacred Mountain were all in his world ring; Xu Ming felt that it would be safer to settle them in a separate space first.

After all, Xu Ming is likely to face a life-and-death battle! It doesn't matter if he dies, anyway, there is an "immortal mark" that can be resurrected; if Yin Ran and Lu Qing are implicated, then Xu Ming will have no time to regret it!

Moreover, the star map of the beginning and the chaotic flying boat should also be placed in a separate space; these two treasures are of little use in frontal battles, and it is useless to carry them.

When entering the independent space, Xu Ming was sneaky, like a thief – he didn't know how to introduce Yin Ran and the child in Yin Ran's womb to Gu Hanmo.

However, after entering the independent space, Xu Ming was "surprised" to find that Gu Hanmo was in retreat! So, Xu Ming hurriedly settled Yin Ran and left the independent space – as for the next thing, let's take a step by step!

"Let's go! Dark Realm!" Xu Ming took a saint with him and hurriedly left the God Realm.

And just at the moment when Xu Ming broke the membrane wall of God's Domain and entered the endless chaos... Gu Hanmo, who was in retreat, suddenly opened his sharp eyes, and there was still a smile in his eyes.

...

The sky is lost, and it is far from the "land of ten realms" of the gods.

Xu Ming was born and cooked again, and soon arrived at the Taitian Mystery Formation, and came to the edge of the dark realm.

"Golden Sword Saint!" Xu Ming said to the very low-key sage of the divine realm, "I'm going to enter the dark realm! However, the dark realm is completely isolated from the outside world, so I can only bother you here to help and watch; What happens, you immediately enter the dark realm and come to me!"

Xu Ming had already introduced the general situation in the Dark Domain to Saint Jinjian.

“Brother Xu Ming, if you say ‘to be troublesome’, you are too frustrating for me!” The Golden Sword Saint said shamefully, “I am not strong enough, so I can only do this kind of errands; I still have to rely on Brother Xu Ming to protect the Divine Realm. !”

Xu Ming didn’t say much, just clenched his fists and entered the dark realm directly.

...

Dark Domain.

Solution around the stone pillar.

More than a dozen saints are powerful. But here, they are like prisoners, not free.

“Alas—” The Sage of No Difficulty sighed, “Xu Ming has been taken away by that beam of light for quite some time! I don’t know... Whether Xu Ming left the dark realm or encountered something else What trouble!”

“Should have not left the Dark Territory yet!” said the sage, “If Xu Ming has a way to leave the Dark Territory, then he will definitely come back! Even if he can’t take us, he will let us know some about leaving the Dark Territory. However, Xu Ming has not come back so far, it can only mean that he himself has not been able to leave the dark realm!”

There is a strong sense of helplessness in the eyes of Saint Wudi: “Is it really so difficult to leave the dark realm?”

At this moment, a figure that made the saints such as the Saint of No Difficulty and the Saint of Destruction of Heaven suddenly appear around the Stone Pillar of Understanding Heaven.

“Huh?” Sage Wudi was startled, and even couldn’t help rubbing his eyes with his hands – he thought that he was wrong!

“Xu...Xu Ming?” After confirming that he had read it correctly, the Saint Wudi suddenly felt tears welling up in his eyes, “You are finally back!”

The Heaven Slayer roared with anticipation in his eyes: “Xu Ming, have you ever left the Dark Territory?”

Xu Ming said: “Yes!”

“Damn!” The fiery-tempered Heaven Slayer scolded directly, “Leaving the Dark Territory and not coming back sooner, it made us wait so long! I thought you were trapped elsewhere in the Dark Territory! ”

“I also want to come back sooner, but...” Xu Ming said with a solemn expression, “Something happened to the Divine Realm!”

“Something happened?” The Holy Saint Wushuang suddenly felt nervous and worried, “How’s it going?”

“The Holy Master is trying to refine the entire Divine Realm!” Xu Ming briefly explained the matter, “Now, the Holy Master is dead! However, he spread the news of the Divine Realm into the endless chaos; There will be powerhouses in Chaos Realm coming to God’s Domain...”

Chapter 1382: Too Fast!

“Chaos realm powerhouses... come to the realm of the gods!?”

The Sage of No Difficulty was stunned, of course, more of a panic!

A powerhouse in the Chaos Realm is simply not something that the Saint level can resist!

The gap between a saint and a chaotic realm powerhouse is like the gap between a demigod and a god, and even bigger—a demigod is impossible to defeat a god! In the same way, it is impossible for a saint to defeat a powerhouse in the Chaos Realm!

The Sage Without Difficulty murmured desperately: “If the realm of the saint level is used to describe the strength of a strong person in the Chaos Realm; then, even the weakest Chaos Realm exists, it is estimated that it is equivalent to the ‘Twenty Saint’!”

You must know that the strength of the saint without difficulty is “the ninth rank of saint”!

The ninth rank of saints, the twentieth ranks of saints... The sages without difficulty feel desperate when they think about it!

Xu Ming said: “I have a method for refining the Origin Stone of Chaos! The ethereal saint should be able to refine it successfully and become the ‘star master’ of the God’s Domain!”

“Oh?” The original despairing eyes of Saint Wudi suddenly lit up, “Can Misty become a star master? That’s great! – The star master can completely match the weakest Chaos Realm in the chaotic world he controls! ”

Xu Ming couldn’t bear to strike: “I’m afraid... there won’t be only one or two Chaos Realm strong people who are interested in God’s Domain! Moreover, the Chaos Realm who comes will definitely not be all the ‘weakest’!”

“What!?” Sage Wudi was like being poured into a basin of cold water. He thought about it and said without hesitation, “Abandon the God Realm! Bring as many creatures as you can and find a new place to live! ”

“We don’t want to give up yet! After all, God’s Domain is our root!” Xu Ming said, “I can’t say that we can definitely defend God’s Domain, but we will definitely try our best!”

“Try?” The Sage Wudi shook his head and said, “What to try? When the Chaos Realm powerhouse comes, you won’t even have the chance to escape!”

“No!” Xu Ming said, “The chaotic flying boat of Saint Huangquan is already here with me! Even if it is not an opponent, it will definitely be no problem to retreat!”

“Oh?” Hearing that Xu Ming had already obtained the Chaos Flying Boat, Saint Wudi’s expression softened a little.

“And...” Xu Ming said again, “I have become an ‘indestructible demon body’! This time I entered the dark realm, just to make some breakthroughs in the realm with the help of the chess game of Jie Tian; in this way, there is more hope for guarding the realm of the gods. !”

“What!? You’ve become an inextinguishable demon body!?” At this time, the Sage of No Difficulty discovered that Xu Ming’s aura was indeed completely different from the last time he entered the dark realm!

“Offend!” said the sage without difficulty, and suddenly shot.

boom!

A ninth-level attack from a saint slammed into Xu Ming, but not even a single hair of Xu Ming could be shaken!

This is not the full strength of Saint Wu Difficulty, but it still makes Saint Wu Difficulty see his eyes light up: “What a strong defense, it is worthy of being an ‘indestructible demon body’!”

The sage of Heaven Extinguishing and others are also amazed again and again: “I can’t think of it, in my life, I have the honor to see a peerless genius who has practiced the ‘indestructible demon body’! Fortunately! Fortunately!”

Sage Wudi continued: “Xu Ming, your current strength should already be ‘invincible sage’, right? You hurry up to understand the chess game of solving heaven, if you can break through to the chaos realm, then rely on your ‘indestructible demon body’, Even in the chaotic realm, it is difficult to meet an opponent! At that time, the danger of the God’s Domain will naturally be relieved!”

When comprehending the chess game of understanding the sky, he broke through to the chaotic realm; this is not unheard of in the dark realm!

Even the Sage of No Difficulty feels that he is about to break through to Chaos Realm! Bad, it’s just an epiphany.

“The saint is invincible? Break through the chaos?” Hearing this, Xu Ming knew that the saint without difficulty must have misunderstood his cultivation and strength.

Xu Ming’s strength is far more than “Saint Invincible”, but “Star Lord Tier 4”!

As for Xu Ming's cultivation realm... Say it, the Sage of No Difficulty will definitely not believe it! Because, Xu Ming's cultivation level is only "dominating the peak", which is still far from the level of "saint"!

Of course, Xu Ming was too lazy to explain his cultivation base and strength; and even if he explained it, no one else would believe it! Therefore, Xu Ming simply did not say a word, and directly climbed the stone pillar of understanding!

"Jietian chess game, I'm here again!"

Deciphering the Jietian chess game is still interesting!

Xu Ming directly crossed the 30,000 stone pillars to solve the sky, and started to solve the 30,000th stone pillar.

"Shen Xin... Jing Qi..." Xu Ming quickly calmed down and began to resolve the situation.

"what-"

As soon as the game was resolved, Xu Ming couldn't help but look shocked! He found out—the 30,001th game of solving the heavenly chess game is very simple!

Yes! very simple!

Xu Ming felt that he could easily break it!

Xu Ming couldn't help but look back at the 30,000th game that was solved with great difficulty before: "It seems... it has become very easy?"

Immediately, Xu Ming realized that it was not that the chess game of Xie Tian had become easier, but that his own realm had improved!

The difficulty of solving the chess game has not changed at all, and it is impossible to change! However, his own realm has improved! – With a higher realm, to solve the same difficulty of solving the sky chess game, it will naturally feel very simple!

“I stepped into the Dominion Realm, touched the Chaos Supreme Dao, and cracked the chess game of Jie Tian, it should be much easier indeed!”

To solve the chess game, .com is actually an in-depth analysis of “chaos to the Tao”! If you want to break a game, you must completely control the infinite changes contained in this kind of derivation corresponding to Chaos to Dao!

In the past, Xu Ming didn’t even touch Chaos and Dao, so he started to solve the chess game of solving the sky. It was like learning arithmetic without even knowing the numbers. It would definitely feel obscure and difficult to understand.

Now, Xu Ming already knows “numbers”, and then learning “arithmetic” will naturally be many times easier!

“That’s great!” Xu Ming was excited, “In this way, I have more confidence and can solve more chess games!”

boom!

In an instant, Xu Ming broke the 30,001st round!

...

At this time, Sage No Difficulty, Sage Destroying Heaven, etc. were still discussing expectantly, and Xu Ming could break a few rounds this time.

The Heaven Slayer shook his head and said, “Under the Heaven chess game, the further back you go, the more difficult it becomes! The 30,001th game and the 30,000th game are completely two difficulties! Xu Ming still wants to solve the Heaven chess game, but I’m afraid it will be difficult. what!”

“Indeed...” The Sage of No Difficulty also said – he is a past person, and he knows the difficulty of the 30,001st round!

“If Xu Ming can break the 30,001st round in half a month, it will be very impressive!” Sage Wudi thought to himself, “It’s just...time is tight, Xu Ming may not be able to break a few rounds at all!” , the Chaos Realm powerhouse will arrive at the God’s Domain...”

At this moment, the thoughts in the heart of Saint Wudi have not completely fallen...

boom!

Xu Ming has already broken the 30,001st round!

“what!?”

“This...”

The Sage of No Difficulty, Sage of Destruction of Heaven, etc., were all stunned: “This is too fast!?”

Chapter 1383: The Strongest Physique!

“Is this too fast!?”

Before the Sage of No Difficulty and Sage of Destruction could react, Xu Ming had already stepped up to the next level of stone pillar.

Then, right after...

Before the shocking colors of the almighty saints and others have not completely melted...

boom!

Xu Ming broke another round, directly breaking the 30,020th round!

“what!?”

“This...”

The Sage of No Difficulty, the Sage of Destruction of Heaven, etc., suddenly opened their mouths wider and more shocked. They didn't expect that Xu Ming would be more evil than before when he returned to the dark realm!

The saints couldn't help but doubt life: “Is it really so easy to solve a chess game? – But why, we can't solve a game for hundreds of millions of years?”

Even Xu Ming himself couldn't believe it: “How did this chess game of solving the sky become so simple?”

For some reason, Xu Ming felt that in his eyes, the Xie Tian chess game became as simple as “ $1+1=2$ ”!

Moreover, Xu Ming also had a feeling that the content of the chess game of Jie Tian was already imprinted on his divine body; as soon as he saw the chess game, the answer would pop up reflexively.

“What the **** is going on?” Xu Ming was a little confused.

actually...

Xu Ming didn't know that he himself had a special physique!

However, Xu Ming's special physique is much rarer than “chaotic physique” and “born with great talent”! The activation conditions are also much harsher than the chaotic constitution!

You know, chaotic constitution, as long as you become a god, you can activate it! After activation, even if you lie down and don't practice, you can become a chaotic existence! – Even in the endless chaos, the chaotic physique is an extremely rare physique!

And Xu Ming's special physique is even more abnormal than the chaotic physique! It is almost the strongest physique – the ten thousand physique!

If you want to activate the “Physique of Ten Thousand Paths”, you must cultivate the divine body to the perfect dominance realm. The cultivation base will not work if it is too high or low. Like the indestructible demon body, it is a perfect cultivation method for the divine body! Moreover, at the same time, the mental school must also be cultivated to above the **** realm!

Just think, Myriad Dao physique is extremely rare; even if it is the entire endless chaos, I don’t know how many epochs it will take for one to appear!

Moreover, in the early stage of cultivation, the Myriad Dao physique did not have any special features at all; it is very likely that he died halfway before he became a god!

Furthermore, even if they successfully cultivate to the realm of dominance, who would choose the most difficult “perfect divine body method”? – I’m afraid, among the billions of rulers, there may not be one, right?

In the end, even if you have practiced the “Perfect Divine Body Method”, it is almost impossible to simultaneously practice the mentality school! – After all, the mental school is a completely different cultivation route! For those who have practiced the “Perfect Divine Body Method”, it is almost impossible for them to be distracted and practice a completely different cultivation path.

In a word, Myriad Dao physique is a legend in the endless chaos!

The appearance of Wan Dao physique is so much more difficult than chaotic physique, and naturally it is much stronger than chaotic physique!

The only known physique of Ten Thousand Paths is a “supreme” in the endless chaos, aloof, overlooking all living beings! – For the “Supreme”, even the existence of Chaos Realm, or even the existence of the stronger Xuanhuang Realm, is nothing at all, and it is not even qualified to carry shoes!

And Xu Ming’s physique is exactly the “Wandao physique” that can be called the strongest physique!

At this moment, Xiaohang’s voice resounded in Xu Ming’s mind: “Congratulations to the host, the ‘Wandao Physique’ has been activated!”

“Wan Dao physique?” Xu Ming couldn’t help but wonder, “What is this?”

Xiaohang explained: “The physique of ten thousand Taos is naturally compatible with the Supreme Dao of Chaos. It can easily create the most perfect foundation of the ‘Supreme Dao’! Before cultivating to the realm of ‘Supreme’, there will be no bottlenecks in cultivation!”

Supreme?

What kind of realm is that?

Xu Ming didn’t know!

But undoubtedly, it is definitely a very powerful realm! So powerful that Xu Ming has never even heard of it!

“I just said... I shouldn’t have an ordinary physique!” Xu Ming thought to himself.

When Xu Ming saw “a person born with great luck”, “a chaotic constitution”, and “a person born with great talent”, he was actually wondering why he was not a special physique.

Only now did Xu Ming know that his physique was actually very strong, but the conditions for activation were extremely harsh!

At this moment, Xiaohuan said again: “Because the host successfully activated his own constitution, he will randomly reward a plug-in function! The plug-in function is being randomly selected... The plug-in function has been randomly selected! The newly opened plug-in function is: unlimited clones!”

Unlimited avatars! !

Xu Ming was so excited that his eyes turned red!

...

At this time, God's Domain.

"Huh?" Gu Hanmo looked at the sky in surprise; her gaze easily penetrated the membrane wall of the God's Domain, pierced through the endless chaos, and penetrated the maze of the sky, and saw Xu Ming in the dark domain.

"This is... ten thousand physiques?" Gu Hanmo, who has always been indifferent, couldn't help showing a hint of surprise, "I didn't expect it! I didn't expect it!"

Before the Myriad Dao Physique is activated no one can see it!

Even after activation, if Xu Ming didn't show something special, others would hardly be able to find it – just like Gu Hanmo and even Xiaohang, it was only after Xu Ming showed something special that he could conclude that Xu Ming It is the activation of Wan Dao physique!

If Xu Ming didn't show it, he wouldn't even be able to judge it! Not to mention Gu Hanmo!

"Wan Dao physique... If Xu Ming can grow up in the future, he might help me a little bit! But now... he's still too weak!" Gu Hanmo sighed in his heart.

Immediately, Gu Hanmo regained his calm expression and closed his eyes again.

Time passed by Gu Hanmo's side, as if he was completely under control!

...

Dark Domain.

After Xu Ming learned about the function of "infinite avatar", he put away his excitement and continued to crack and understand the chess game.

boom! boom! boom! boom! ...

The great masters such as Sage Wudi are horrified to see that Xu Ming will not stay on any stone pillar for more than ten breaths!

At the beginning, the expressions of the great powers were still frightened; but gradually, they became numb!

Shocked numbness!

Xu Ming has gone far beyond the scope of their cognition!

Forty thousand rounds!

Fifty thousand rounds!

Sixty thousand rounds!

...

Nothing can stop Xu Ming's progress!

When Xu Ming solved the game to 50,000 games, a beam of light shot down from the dark area again, taking Xu Ming to the space mezzanine, and bestowing Xu Ming "Purple Clothes Order"! From then on, Xu Ming was the purple-clothed disciple of the "Qingqiongmen", that is, the inner disciple!

When Xu Ming solved the game to the 70,000th game, the beam of light came again! Xu Ming directly became the "Golden Clothes Disciple" of Cangqiongmen!

Chapter 1384: Ruins

Heaven Gate.

The superpower in the depths of endless chaos!

However, the sky gate is too far away from the area of God's Domain; therefore, almost no one has heard of this superpower in the endless chaos around God's Domain!

In the sky gate, there are countless strong people!

Even the existence of Chaos Realm and even Profound Yellow Realm are just "disciples" in the sky gate! Even, many of them are just purple-clothed disciples, or even lower-level Tsing-clothed disciples!

Suddenly, inside the gate of the sky, an ancient and eternal existence suddenly opened his eyes.

His eyes were extremely clear, like the river of time flowing in them.

But at this time, Gu Jing Wubo had a hint of surprise on the face of this timeless and eternal existence: "The golden clothing order...is there a piece missing?"

In the formation of the dark realm, there are actually no golden clothing orders, purple clothing orders, and blue clothing orders. However, once a genius meets the corresponding requirements, there will be a supreme means of manipulating time and space, and will transmit the talisman.

The Tsing Yi Ling and the Purple Yi Ling are less, and the eternal existence inside the sky gate will not care! However, the loss of one piece of the Golden Clothes Order is a great event!

You must know that there are only ten golden-clothed disciples in the entire sky gate! Of course, now to add another!

"I don't know... Where did such a genius come from!" The ancient and eternal existence couldn't help thinking.

The sphere of influence controlled by Cangqiongmen is still quite large! There are also countless places for assessment formations like Jietian Shizhu!

This ancient and eternal existence looked for a while, and couldn't help but be shocked: "The place where this golden robe goes is actually the ruins that have been abandoned by our Sky Gate?"

You must know that in the endless chaos, there are also places where luck is prosperous, and places where luck is depressed.

If there are many strong people born in an area, then the luck of this area will be taken away by those strong people; thus, it will become a place where the luck is depressed! And such a place is the ruins abandoned by the sky gate!

After all, in the “ruins”, the probability of the birth of a strong person is too low, and it is not worth the effort of the sky gate to control it; it is better to let it go and give other small forces some space to survive!

This ancient and eternal existence was extremely shocked: “If you want to become my golden-clothed disciple of Cang Qiong Sect, the ‘Supreme Dao Foundation’ must be over 70,000 layers!”

The highest foundation of the Dao is “103,600 layers”. 70,000 layers, that is, to solve 70,000 games of Jietian chess!

“Such a genius, it is difficult for one to be born in countless epochs; I didn’t expect that it would be born in the ruins...” The eternal existence secretly said, “However, there are countless ruins abandoned by my sky gate, and I have no control over those ruins. The strength is there... It is difficult to find that golden-clothed disciple!”

The eternal existence can only know that the disappearing golden clothing order should be sent to a certain ruin! As for where it was, he had no way of knowing.

...

The news of the birth of another golden-clothed disciple quickly spread in the sky gate.

The disciples in Tsing Yi and Zi Yi worshiped each and everyone, but I don’t know who they are, but they can actually become disciples in golden clothes!

As for the ten golden-clothed disciples, although they were a little surprised, they were more disdainful: “A golden-clothed disciple born in the ruins?—Ha! It is difficult for even a Tsing-clothed disciple to be born in the ruins; even if a golden-clothed disciple is born, Where can the talent be stronger? It is estimated that the foundation of the Dao is only as high as ‘70,000’!”

The more solid the foundation is, the more limitless the future will be! These ten golden-clothed disciples have at least “75,000 layers of foundations”, so naturally they have their arrogance.

And the first disciple of Cangqiongmen, “Huangguguang”, only sneered disdainfully after hearing the news – he is a peerless genius who has reached the “90,000th level” in the foundation of the Dao! In his opinion, what kind of amazing characters can come out of a ruin?

“It is estimated that it can only reach the ‘70,000-level’ standard! Although he is also a golden-clothed disciple, he can achieve something in the future; but compared with me, it is still too far behind!” Huang Guguang’s face has a kind of ‘high’ The loneliness of living in the cold, “I really look forward to seeing a genius who can compete with me in our Cangqiangmen...”

...

When Xu Ming solved the 70,000th game and became a golden-clothed disciple, he was already qualified to leave the dark realm with the Sage of No Difficulty and others!

However, Xu Ming was not in a hurry.

“Even if the saints without difficulty go out, they can’t help the realm of God! After all... the enemy that the realm of God will face is likely to be the existence of Chaos Realm, and there are more than one!

Therefore, Xu Ming was in no hurry to make a special trip to send them out.

“Let’s take them out when I’m ready to leave the Dark Territory!”

Xu Ming thought about it, and continued to bury his head in cracking the Xietian chess game!

Seventy thousand and one innings...

Eleven breaths!

Yes, Xu Ming took eleven breaths to break it! He was very dissatisfied with this result – you must know that before, Xu Ming only needed ten breaths at most to break a game!

“continue!”

Xu Ming cheered up and continued to be like a broken bamboo!

Seventy-five thousand innings...

Eighty thousand rounds...

Ninety thousand rounds...

After reaching 90,000 rounds, Xu Ming's ending speed has obviously slowed down! Every game takes more than 20 breaths of time!

One hundred thousand rounds!

Xu Ming went to the 100,000th round without any hindrance! There are only 3,600 games left to solve all the Xie Tian chess games!

“I'm about to climb to the top...” Saint Wu Difficulty and other great powers all looked at them with incomparable admiration.

In the future, if someone asks them – how to solve the chess game?

I am afraid they will answer: just go straight up without stopping! – Isn't that what Xu Ming did?

After reaching 100,000 rounds, the difficulty of solving the round suddenly increased! Every time Xu Ming solved a game, it took more than a day!

In the endless chaos, a genius who can solve 100,000 rounds will occasionally appear! However, the one that can solve all 103,600 rounds is difficult to appear in a billion epochs; once it appears, the entire endless chaos will be shocked!

“One hundred and eleven rounds...”

“One hundred and two thousand rounds...”

“One hundred and three thousand rounds...”

Xu Ming approached the highest point of the Jietian Stone Pillar step by step!

The Saint Wudi and the others all kept their eyes fixed, they didn't dare to blink, they all stared at Xu Ming, for fear of missing something.

“One hundred three thousand five hundred rounds...”

“One hundred three thousand five hundred and ninety-nine!”

Xu Ming has already stood up to understand the highest point of the Tianshi Pillar!

This is the last round – 103,600 rounds!

Seeing the layout of this chess game, Xu Ming instantly flashed countless inspirations in his mind! The more than 100,000 chess games that have been solved before seem to be all integrated at once!

Xu Ming manipulated divine power and rolled up countless black and white chess pieces.

As soon as he settles down, it will be the most basic and simple operating rules of endless chaos, perfectly presented!

Chapter 1385: Quadrant

Whoosh! Whoosh! Whoosh! Whoosh! ...

Pieces of pieces fell on the chessboard like raindrops, and the number of pieces in black and white was exactly the same. ▲With *dream▲small*.lā

Every piece of chess moves at a different speed and direction, and changes the rhythm every moment, and there is no trace at all. The grinder is turning slowly.

Perfect!

You must know that even if the Chaos Realm exists, they are all powerful in their gestures; but in fact, those mighty attacks hide some flaws!

It's like "drawing a circle".

The attack that exists in Chaos Realm is like a big circle; although it is large, it is not very circle drawn.

And Xu Ming's attack is like a small circle; small, but a perfect circle.

Of course, even if there are defects in the Chaos Realm, it is difficult for outsiders to see them, and only they themselves know the shortcomings.

"It's done!"

Xietian chess game, 103,600 games, all broken!

at this time-

rumbling rumbling...

Xu Ming felt that the surrounding things seemed to "slow down" all of a sudden.

Yes!

slow!

The movements and expressions of the almighty saints such as Sage Wudi and Sage Destroyer seem to be starting to slow down, and they are getting slower and slower, like old people who are dying.

Even the chess pieces on the 13600th Xietian chess game that was running began to slow down.

And... Xu Ming also felt that everything around him was getting blurry and dim! He tried to see clearly, but couldn't see clearly.

"What's going on!?" Xu Ming was shocked.

At this time, Xu Ming was even more horrified to find that his movements became slower and slower, as if they were being gradually frozen. Only the mind can remain normal.

boom!

Suddenly, everything around Xu Ming fell into boundless darkness.

Xu Ming seemed to have lost all means of perception, such as vision, hearing, touch, and spiritual sense, as if he was bound in a dark and endless void, unable to move or see anything.

"What the **** is going on..." Xu Ming had never encountered such a situation before, and he didn't know how to deal with it.

Of course, even if Xu Ming knew how to deal with it, it wouldn't help! Because, he couldn't even move his fingers at all, only his thoughts were still running!

Even Xiaohang disappeared without a trace at this time! It was as if something terrifying had happened, so I avoided it.

At this moment, no matter how calm Xu Ming's state of mind was, he seemed to sink into the endless abyss!

However, what Xu Ming didn't know was... the reason for these visions was that the time around him had come to a standstill!

Time stop!

Even time has stopped, and the light has naturally stopped! There was no light reaching Xu Ming's eyes, so Xu Ming felt that the surrounding things became more and more blurred and dim, until it completely sank into darkness.

In the same way, Xu Ming's spiritual thoughts, etc., were all stopped during the time pause, so Xu Ming felt like he was plunged into boundless darkness.

Only Xu Ming's thoughts were still in motion.

suddenly-

Xu Ming "sees" that a spot of light appeared in the endless darkness!

And then two, three... billions...

Hundreds of millions of light spots converged into a single point, and then... exploded!

It was like a flash in the pan, but this scene was firmly imprinted in Xu Ming's heart, which was extremely profound!

Immediately afterwards, a voice that came from nowhere, but was magnificent and ethereal, resounded in Xu Ming's mind: "Give the secret skill: Wan Dao Epiphany!"

At the same time, the time pause faded away, and time gradually resumed its flow.

Xu Ming also gradually recovered his perception of the outside world.

However, there was no difference in the expressions of Sage Wudi, Sage Destroyer, etc. Just now, when the time was suspended, their thoughts were also suspended at the same time; unlike Xu Ming, their thoughts could still operate!

Therefore, Saint Wudi, etc., did not know at all, and the time was paused just now.

“Giving secret skills? Who gave me secret skills? Could it be the super existence that left behind the dark realm?” Xu Ming was full of doubts, “Also, how strong is this ‘Wandao Epiphany’?”

...

What Xu Ming didn’t know was that what he had just experienced had already shaken the world, causing an uproar throughout the endless chaos!

The depths of endless chaos...

An existence who had been sleeping for an unknown number of billions of epochs suddenly opened his eyes!

This is an invincible existence that is even more terrifying than the Sect Master of the Sky Sect! One time of his sleep is enough to make the entire endless chaos experience billions of changes!

At his realm, time has lost its meaning! If he wants, he can let the time around him be in an eternal state of stop; no matter how long the rivers wash away, he will not rot in the slightest.

“Just now, it seems that the will of the ‘chaotic universe’ has come?” the incredible existence thought to himself, “I don’t know how long it has been since the will of the chaotic universe has come! It seems that in the chaotic universe, it is very likely that Another Supreme is about to be born... Great! This way Chaos Universe can be a little more lively!”

The vastness is endless chaos, the vastness knows no boundaries.

However, there are very few existences who have reached the “Supreme” realm!

“I don’t know where this time around, where will the Supreme be born?”

The invincible existence of the “Supreme” realm carefully felt the changes of time and space around him: “It seems to be in the second quadrant of the chaotic universe... More accurately, it cannot be perceived!”

The will of the chaotic universe represents the supreme existence!

In the supreme realm, you can vaguely feel the coming of the supreme! However, it is impossible to capture where this supreme will comes from!

Even if it is the Supreme, the will to face the chaotic universe is still insignificant! After all, the will of the chaotic universe is the will of the “God of Creation”!

At the same time, in the chaotic universe, the other sleeping supreme beings also woke up one after another – the will of the chaotic universe came, and it naturally alarmed them!

Gu Hanmo naturally felt the will of the chaotic universe coming, but this was what she expected! – The appearance of ten thousand physiques, attracting the will of the chaotic universe, is not difficult!

“I don’t know... The will of the chaotic universe, what kind of secret skills will Xu Ming bestow?” Gu Hanmo continued to look at the dark domain.

At this time, in the dark domain.

Xu Ming opened his palm, and hundreds of millions of light spots gathered in his palm—every point of light was a combination of ‘basic changes’ from chaos to Tao!

Controlling hundreds of millions of light spots at the same time, I am afraid that even the existence of Chaos Realm can’t do it! However, Xu Ming was very familiar with it—because, the secret skill “Wandao Epiphyllum” has been deeply rooted in his heart; he can use it as easily as eating and drinking!

“Try the power!” Xu Ming secretly said.

Chapter 1386: Wan Dao Epiphany

“Try the power!” Xu Ming secretly said.

Holy area.

Gu Hanmo's expression changed slightly when he saw the billions of light spots gathered in Xu Ming's hands!

"This is... a thousand-story short-lived?"

With Gu Hanmo's knowledge, he naturally had some understanding of the gift of the chaotic universe. Like this "Wandao Epiphyllum", it is an extremely powerful secret skill!

However... "Wandao Epiphyllum" has a great disadvantage, that is – when the terrifying Epiphyllum blooms, it is indistinguishable from the enemy's attack! It is completely a trick to kill a thousand enemies and lose a thousand!

It can even be said that it is a secret skill of "perishing together"!

Therefore, "Wandao Epiphany" is strong! But the problem is, strong is tasteless!

"Xu Ming was actually given this secret skill..." Gu Hanmo felt a bit dumbfounded, "If Xu Ming had a clone before, this secret skill was a very good one! But now, Xu Ming's four ways are in one. 'all the avatars are integrated into the deity; once it is blown up by one's own 'Wandao Epiphany', it is really dead!"

but...

Although Gu Hanmo's vision is sky-high, she doesn't know that Xu Ming has opened the "immortal mark"! With the "immortal mark", Xu Ming can be reborn even if the deity falls!

Moreover, Xu Ming has just activated the "infinite clone" hanging!

From Gu Hanmo's point of view, the secret technique of "Wandao Epiphyllum" is extremely tasteless; but Xu Ming was overjoyed – this secret technique was tailor-made for him!

If the "infinite clone" is linked with the "Wandao Epiphyllum" secret skill...the picture is too beautiful, I dare not think about it!

Immediately, Gu Hanmo breathed a sigh of relief: “Fortunately, Xu Ming still knows the seriousness, so he didn’t use all his strength to use the ‘Wandao Epiphany’!”

Looking at Xu Ming’s actions, Gu Hanmo thought to himself, “With his current strength, if he exerts all his strength, he might be able to instantly kill the existence of the ‘peak Chaos Realm’!”

Yes!

Directly kill the peak of Chaos Realm! – Of course, at the same time as the instant kill, Xu Ming himself must have been blown up to the point where there is no **** left!

But now, Xu Ming was only testing the power of this secret skill a little bit, so he didn’t do his best, but only used a small amount of power!

However... Although the power is small, it is not easy to control, and even more difficult!

Xu Ming was poised for a few breaths, but he still hadn’t been able to prepare his secret skills!

“It’s too slow to gain momentum...” Xu Ming couldn’t help but think, “I don’t know how many times I can die by counting the breath time! In actual combat, it’s hard to use it!”

Star Lord level fights, thousands of times in an instant! After counting the interest time, the winner has long been decided; who else would be foolishly waiting for Xu Ming to hold back his big move?

“It’s not practical!” Xu Ming thought a little depressedly.

Finally, the “Wandao Epiphany” has finished gaining momentum, just for that short-lived power!

“Go!” Xu Ming threw this “castrated version” of the Wan Dao Epiphany to the front – he had already reduced his power as much as possible! When performing, he even forcibly suppressed his own strength to the “primary master level” to display!

boom!

Thousands of Epiphyllum, blooming gorgeously.

And at this moment, Xu Ming's face changed suddenly.

“what!?”

Before he could react, the terrifying power in a flash hit Xu Ming in an instant!

Rao is that Xu Ming's strength is comparable to the fourth-order star master! Rao was when he used “Wandao Epiphany”, he forcibly suppressed his strength to the “primary master level”, and the power of this secret skill was reduced by many times!

but...

When the mighty energy hit, Xu Ming was instantly blown away!

“How is that possible!?” Although Xu Ming was not injured, he was extremely terrified—the secret technique displayed with the strength of the first-level master actually lifted the fourth-level star master himself?

Doesn't this mean that with the help of this secret technique, one can use the strength that dominates the primary level to exert the combat power of the star master level?

The Sage of No Difficulty, Sage of Destruction of Heaven, etc., although they are far away, they are not as lucky as Xu Ming! When the power impact came, I was injured more or less!

“Hey—” Xu Ming took a deep breath when he saw this.

too strong!

Incredibly strong!

Terribly strong!

But it's normal to think about it – this secret skill contains too many skills, which are not created by Xu Ming's current level at all, but directly bestowed by the will of the chaotic universe!

Can the will of the chaotic universe, what it bestows, be ordinary?

Of course not!

“If I use this secret skill with all my strength...” Xu Ming couldn't help but think, “Wouldn't that even kill the existence of Chaos Realm?”

Xu Ming didn't have the confidence to fight the existence of Chaos Realm at first, but now, he is full of confidence! – Chaos exists? Come one, blow up one!

Xu Ming didn't know yet, but according to Gu Hanmo's judgment, this “Wandao Epiphyllum” secret skill could instantly kill the “Primary Chaos Realm”!

...

rumbling...

After the terrifying power of the ephemeral flower swept through, the great powers such as the Sage of No Difficulty and the Sage of Destruction of Heaven were all blasted to ashes and embarrassed.

However, the eyes of Saint Wudi are shining.

“This move just now...”

At this moment, countless inspirations flashed in vain in the mind of Saint Wudi!

Got it!

The cultivation of the sage without difficulty has long reached the ninth rank of the sage, and the accumulation is extremely strong! And at this moment, he saw Xu Ming's secret technique

“Wandao Epiphyllum”. Although he could hardly understand the mystery contained in it, he had an epiphany!

The confusion accumulated in my heart for many years has been solved!

Originally, Sage Wudi was only one step away from the Chaos Realm; as long as he stepped over it, he could directly cross the entire Star Lord level and prove the Chaos Realm! However, this step away is like a moat, cutting off the Sage of No Difficulty!

The more the sage without difficulty comprehends the Chaos Realm, the more confused and unable to find the way to the Chaos Realm! The more confusion accumulated in my heart, the more!

And at this moment, under Xu Ming’s move, the Sage of No Difficulty had an epiphany and broke through to the Chaos Realm!

“What a mysterious move...”

“What a perfect move...”

Sage Wudi was immersed in the feeling just now, unable to extricate himself for a long time! He looked at Xu Ming in disbelief, unable to imagine what kind of monster Xu Ming was, to be able to create such a secret skill – after all, Saint Wudi did not know that Xu Ming’s secret skill was not created by himself.

“Congratulations! Sage Wushang!” Xu Ming saw Sage Wushang’s sudden change of momentum, smiled and congratulated, “Oh, no, it shouldn’t be called ‘Saint’, but exists in Chaos Realm!”

The Sage of No Difficulty broke through to the chaotic realm, making Xu Ming more confident in defending against foreign enemies!

“Thank you!” Wu Di said towards Xu Ming, clasping his fists, “If it wasn’t for your move just now, I wouldn’t have had this epiphany!”

“Maybe this is the causal cycle!” Xu Ming laughed.

In the past, Wudi's inheritance helped Xu Ming and made Xu Ming's strength increase rapidly; now, Xu Ming's secret technique has made Wudi's epiphany! It is indeed a cycle of cause and effect!

"Xu Ming, I have an unkind request! Can you let me read the secret skills just now?" Wu Di said cautiously.

Chapter 1387: Return

"Xu Ming, I have an unkind request! Can you let me read the secret skills just now?" Wu Di said cautiously.

Although the sage without difficulty had an epiphany and proved the chaotic realm, he was not arrogant, but he felt more and more mysterious and unpredictable of Xu Ming's move just now!

Therefore, when he opened his mouth, he even had an attitude of asking for advice.

"Small thing!" Xu Ming laughed.

Hundreds of millions of light spots, once again condensed in the hands. The accumulation time of several breaths is a long time for the existence of Chaos Realm that can fight countless times between lightning and flint.

Of course, this time, Xu Ming was still suppressing his strength.

When the Heaven Slayer and the others saw this, they quickly deployed layers of defense. They had already been injured once by the aftermath of the "Wandao Epiphany", but they didn't want to be injured a second time.

Without difficulty, he stared at Xu Ming's palm; but gradually, his eyes dimmed. This time, he couldn't sense anything.

boom! !

Wan Dao Epiphyllum is blooming again! Only a moment, endless beauty, but also contains endless murderous intent!

Terrifying power swept through.

Fortunately, this time, Xu Ming was prepared, and he was not accidentally thrown away like he did just now.

As for Wu Difficulty, he has already broken through to Chaos Realm; this power is naturally nothing to him.

The other saints, because they made preparations early, were not injured this time.

“Hey...” Wu Yan sighed a little unwillingly, “The feeling of that first-line epiphany has passed, and I haven’t been able to realize anything!”

But it’s not hard to know, it’s normal. Otherwise, if Xu Ming used a secret technique every time, he would have an epiphany; if Xu Ming used it a few more times, he would not have to break through to the ninth order of Chaos Realm?

Moreover, among the saints present, there are ten or so saints in the ninth rank, and all of them have reached the limit of saints for many years; however, only one person without difficulty has an epiphany and has broken through to the chaos realm!

Epiphany, can be met but not sought!

“I’m a little greedy!” Wuhan quickly adjusted his mentality, “I’m very satisfied to be able to seize the opportunity and break through to the Chaos Realm! And... I practice the mentality school, even if I just broke through the Chaos Realm, I’m afraid It can also contend with the existence of the second and third orders of Chaos Realm!”

The higher the cultivation base, the harder it is to fight at a higher level!

After all, who is mediocre who can reach Chaos Realm? How can you be beaten by someone by leaps and bounds?

It is the mental school that is the most difficult to cultivate, and it is indeed stronger than other schools; but the existence of chaos in other schools also has its own trump card!

Therefore, as soon as Wudi breaks through, he has the confidence to contend with the existence of the second and third orders of Chaos Realm, which is already very strong!

“You have broken through to the Chaos Realm, and I am more confident about defending the God Realm!” Xu Ming said.

If the enemy who came to attack God’s Domain is relatively weak, then it can be done without difficulty now!

“Let’s leave the dark realm first!” Xu Ming was already a disciple of Cang Qiongmen’s golden clothes, and he had the authority to take other people out of the dark realm.

These great powers who have been trapped for countless billions of years, only Wudi is in the domain of God; other saints, when they were wandering in endless chaos, accidentally fell into a place where time and space were chaotic, and were sent here. . However, Xu Ming intends to bring everyone out of the dark realm.

“Great!”

“Finally get out of this hellish place!”

“I thought... I’d be trapped here!”

“I haven’t seen the outside world for too long!”

The sages and others trembled with excitement. They thought that they would be trapped in the dark realm forever until death! And now, after being trapped for hundreds of millions of years, he was finally able to leave!

There is no difficulty and some excitement, but more of it is heavy! He was born in and grew up in the realm of the gods, and now he knows that the realm of the gods is about to suffer a catastrophe, and his heart is naturally extremely heavy!

“Follow me, everyone! The laws of the dark realm will no longer bind you!” Xu Ming manipulated his spiritual power and used the open realm; everything within the realm can freely enter and exit the dark realm without being blocked.

...

The edge of the dark realm.

Black and white meet in a line here.

The white area is the free world; the black area is the terrifying dark area that has been trapped in it for hundreds of millions of years, and only Xu Ming has ever come out!

The Golden Sword Saint, who was arranged here by Xu Ming, glared angrily and concentrated! He is always waiting for the message from God’s Domain! Once a message arrives, the Golden Sword Saint will immediately rush into the dark realm and contact Xu Ming!

“Better... never receive a summons!” The Golden Sword Saint secretly said in his heart.

If you receive a summons, it means that the Divine Realm has encountered a crisis and a powerful enemy has invaded! If you don’t receive a summons, you’re safe and sound!

“I don’t know... When will Xu Ming be back!” The Golden Sword Saint thought again.

Suddenly, the round eyes of the Golden Sword Saint blinked a few times in disbelief. He saw that there were dozens of figures in the dark realm, rushing out!

“This is...?” The Golden Sword Saint saw that the figure in the lead was none other than Xu Ming.

He couldn’t help but wonder more and more: “How long has Xu Ming been in? Why did he come out so quickly? Besides, he brought out so many people...”

At this moment, the gaze of the Golden Sword Saint noticed another familiar saint.

“Saint Wudi!” But then, the eyes of Saint Jinjian became more and more horrified, “No! The aura of Saint Wudi is no longer at the level of a saint, but... Chaos!”

puff! puff! puff! puff! ...

Under the leadership of Xu Ming, more than a dozen great experts rushed through the “one line cut” at the junction of black and white without any hindrance, and easily left the dark realm!

“Out!”

“Out!”

No Difficulty, Heaven Extinguishing Saint, etc., was another surprise.

“Golden Sword?” As soon as Wudi came out, he saw the Golden Sword Saint, “I haven’t seen you for many years, and your strength has improved a lot!”

“Brother Wudi! Compared with you, my strength is really not worth mentioning! If I also have your strength, perhaps the crisis that God’s Domain is about to face will not be a crisis!” The Golden Sword Saint shook his head and laughed at himself. He smiled, then looked at Xu Ming suspiciously, “Brother Xu Ming, are you sending them out, and then entering the dark realm yourself?”

“No!” Xu Ming entered the dark realm this time, his strength soared again, and he was in a good mood. He made a rare high-profile time and said proudly, “All the mysteries of the dark realm have been fully understood by me!”

“What!?” The Golden Sword Saint was so shocked that he could not close his mouth. How much did Xu Ming gain in the dark realm, so he dared to say such a thing?

However, before the Golden Sword Saint recovered from his shock, he added without difficulty, “The reason why I was able to break through to the Chaos Realm is also thanks to Xu Ming’s guidance!”

Chapter 1388: “Infinite Avatar” Hanging

Holy area.

Without the threat of the Holy Master, the atmosphere of the entire Divine Realm was unprecedentedly peaceful.

The Sanctuary Continent and the Thunder Continent were once occupied by the Holy Master; now, gods have once again landed on these two continents and began to multiply.

However, everyone knows that this kind of peace and tranquility is only superficial; the Divine Realm is facing a huge crisis that does not know when it will come!

...

In the blink of an eye, another five hundred years have passed.

And in these five hundred years, no foreign enemy has come.

Endless Continent.

Xu Ming sat cross-legged on the top of the wild mountain. As soon as he looked up, the entire Divine Realm was in his eyes.

There seemed to be thousands of thoughts flashing in his eyes.

“The three saints, including the Frost Saint, have already taken the elites of God’s Domain and headed to the depths of the endless chaos! Presumably at this time, they are already in the ‘Meteorite World’!”

The meteor world is a small world floating in endless chaos.

These small worlds are usually the remnants left after the chaotic world is destroyed, and they are lifeless; their size is definitely incomparable with the chaotic world, but it is definitely much larger than the “dust world”!

Occasionally, there will be a meteor world floating around the God’s Domain, and then under the terrifying gravity of the God’s Domain, it will turn into a meteorite! There have been several times in the Divine Realm where countless gods have been wiped out due to the arrival of the Falling Star World; only those above the Dominion Realm can survive this world-annihilating catastrophe!

Several saints in God’s Domain have traveled through endless chaos; although they traveled not far, they also discovered some meteor worlds along the way!

At this time, these meteorite worlds can be used as temporary shelters!

If the Divine Realm survives the crisis, the saints and elites of the Divine Realm who are hiding in the meteor world will come back; and if the Divine Realm is destroyed in the crisis, these saints and elites will serve as the seeds of the Divine Realm to find other survivable worlds and take root. germination!

“The Misty Saint has also successfully refined the God’s Domain and became the Star Lord of the God’s Domain! Within the range of the God’s Domain, he has a strength comparable to the Chaos Realm!” Xu Ming thought again, “Also, Wudi’s strength is stronger, worthy of Compared with the third-order Chaos Realm; coupled with the already-arranged Heaven-covering Treasure Mirror... As long as the power that descends into the Divine Realm is below the fifth-order Chaos Realm, the number is not very large; then, we can completely defend the Divine Realm!”

The fifth-order Chaos Realm, in the Chaos Realm, is a very powerful existence! In the endless chaos, it is difficult to see a super power above the fifth-order chaos realm!

Therefore, Xu Ming, Wuhan, etc. all believe that the existence of the fifth-order Chaos Realm and above should have a low probability of coming to the God’s Domain!

only...

Xu Ming, Wushang, Misty Star Lord, etc., after all, their understanding of endless chaos is still very limited! They still don't know how attractive the star map of the beginning and the maze of the sky are to the super beings in the endless chaos!

Especially the star map in the beginning... Even the invincible existence of the ninth order of Chaos Realm! As long as you hear that God's Domain "may" have a star map in the beginning, you will come all the way!

If there is no power above the fifth-order Chaos Realm to come to the realm of the gods, it can only mean that the news has not reached the ears of the power!

"The soldiers will come to block, the water will cover the soil!" Xu Ming thought to himself, "Even if there is a great power above the fifth-order Chaos Realm, with my 'Wandao Epiphany', it is not without the power of a battle!"

Up to now, Xu Ming has not fully used the "Wandao Epiphyllum"; therefore, Wu Di, Misty Star Lord, etc., do not know the true power of the Wan Dao Epiphyllum!

but...

Although the power of "Wandao Epiphyllum" is infinitely terrifying, its shortcomings are too obvious to gain momentum!

Incredibly slow!

The accumulation time of counting interest may sound like a very short time to mortals! But in the battle of ordinary gods, it has been a very long time; what's more, it is a battle at the level of chaos!

Counting the breath time is enough for super existences above the fifth-order Chaos Realm to destroy the entire Divine Realm!

It is really difficult for Xu Ming to complete the momentum of "Wandao Epiphyllum" and let "Wandao Epiphyllum" burst out with its greatest power! Even... no chance at all!

However, even if there is no chance at all, Xu Ming will not give up, he must give it a try!

Defend God's Domain!

and...

Xu Ming has another super trump card infinite clone!

The powerful function of the latest activation of the plug-in!

Absolutely a perverted feature!

Unlimited avatars really allow Xu Ming to have unlimited avatars!

Of course... Infinite avatars are not without restrictions!

Xu Ming clearly remembered the function of "infinite avatar" hanging.

"Unlimited clones: The host can have an unlimited number of clones, and the number of clones is unlimited!

The host opens the 'infinite clone' hanging, and immediately transforms into ten clones; each clone has the host's fighting consciousness, and has 50% of the host's combat power!

Every time the clone attacks the enemy 100 times, it can transform into another clone; the transformed clone also has the host's fighting consciousness and has 30% of the host's combat power! The avatar that is transformed again can also continue to transform into a avatar every 100 times it attacks the enemy, and the subsequent avatars have 30% of the host's combat power!

The first ten avatars, and the subsequent avatars, can exist for up to a quarter of an hour from appearance to disappearance!

After the original ten clones have all disappeared, the 'infinite clone' can be opened again!

Each avatar created by the 'infinite avatar' needs to consume a lot of hanging points! "

A very long section of function explanation!

Simply put: As soon as Xu Ming opens the “infinite avatar”, ten avatars will appear immediately! Then, as long as the clones keep attacking and attacking, there will be a steady stream of clones coming out!

You must know that in Xu Ming’s current state, in an instant, there will be hundreds or thousands of attacks!

What concept?

Ten clones, each clone attacks a hundred times, and ten more clones can be created!

Moreover, the clones that are transformed later will also attack! In the first instant, ten clones became twenty clones; in the second instant, twenty became forty; in the third instant, forty became eighty; in the fourth instant...

The number of avatars is growing exponentially!

In just a few breaths of time, Xu Ming’s clone will become hundreds of thousands, millions... or even more!

In a quarter of an hour, Xu Ming’s clone could even become more numerous than the number of creatures in God’s Domain! Of course, Xu Ming doesn’t have so many hanging points!

“My hanging point should be enough to keep me turning into thousands of clones!”

Thousands of clones are already very terrifying!

“It’s a pity... My strength is still too weak! The strength of the clone is only 30%, and it is difficult to threaten the super existence above the fifth-order Chaos Realm...”

Chapter 1389: Hushan Patriarch

Before entering the Dark Domain for the second time, Xu Ming's strength had already reached the fourth rank of Star Master.

In the dark realm, Xu Ming activated one of the strongest physiques, the "Wan Dao Physique", and even solved all 103,600 games of chess for solving the sky... Although the cultivation base has not improved, but the strength has been improved to the star The main seventh!

The cultivation base that dominates the peak is comparable to the strength of the seventh-order star master!

It's just terrifying!

only...

The cultivation of the seventh-order star master is still a bit worse than the existence of Chaos Realm! Even if thousands of clones join forces, I am afraid they can only match the low-level Chaos Realm; if they encounter a super existence above the fifth-order Chaos Realm, I am afraid they will be swept away in an instant and cannot be matched at all!

"Still not strong enough!" Xu Ming sighed.

If the strength is strong enough, where does Xu Ming need to worry so much; directly with the invincible strength, it is enough to crush it!

"However...it's not that there is no chance at all!" Xu Ming thought again, "If thousands of clones, Wudi, and Misty Star Master work together to hold back the fifth-order chaotic realm, then I will take the opportunity to gain momentum." There is still a chance to win!"

Of course, this is only a chance to defeat the fifth-order Chaos Realm; if the power that descends into the God Realm is the sixth-order, seventh-order or even stronger existence in the Chaos Realm, then Xu Ming will not even have the opportunity to gain momentum, and he will be directly attacked. Sweep away!

"Strength! Strength!"

Xu Ming urgently needs to improve his strength!

“Let’s improve your cultivation first!” Xu Ming’s current cultivation is the pinnacle of dominance. If he improves his cultivation in a “cramming” manner, even if he fails to break through to the level of a saint, it shouldn’t be a big problem!

If Xu Ming has a quasi-sage cultivation base, then his strength will definitely reach the “Ninth Rank of Star Lord”!

The ninth-order cultivation of the star master, coupled with the “infinite avatar” hanging, will protect the realm of the gods, and you will be more confident!

“Soak in the chaotic primordial liquid!” Xu Ming directly took out one of the primordial chaotic primal liquid, “Although it is much more difficult to improve one’s physique than ordinary gods; however, this primal chaotic primal liquid should be enough for me to In a short period of time, the cultivation base has broken through!”

Xu Ming raced against time to directly enter the independent space and began to improve his cultivation.

...

The vast Divine Realm floats in the endless chaos, like a lonely leaf on the ocean.

A gray-haired old man appeared on the edge of God’s Domain at some point.

“It’s such a desolate chaotic world, how dare you move my people from Chaos Gourd Mountain?” The old man had a trace of anger on his face. He was the founder of Chaos Gourd Mountain, “Hushan Patriarch”! It is a super existence of the second-order Chaos Realm!

“Um?”

Suddenly, the ancestor of Hushan frowned slightly: “This chaotic world, there is already a star master?”

But then, a look of disdain flashed on the face of the ancestor of Hushan: “Even if there is a star master, so what? A group of ants also want to use a mantra as a car? Humph! A star master in a chaotic world can block the first-order chaos realm, but I can’t stop the second-order chaos realm!”

The ancestor of Hushan hardly hesitated, and rushed directly into the realm of the gods.

“what!?”

“what!?”

As soon as the ancestor of Hushan entered the realm of the gods, he was immediately perceived by the misty star master. After all, he was the star master of this chaotic world, and he knew everything in the chaotic world.

Almost at the same time, Wu Di also sensed that a super existence entered the realm of the gods.

“Chaos Realm!?” Misty Star Lord and Wudi all looked shocked.

The roar of the ancestors of Hushan Mountain continued to roar in the entire God Realm: “The ants of this chaotic world, please bury my disciples in Chaos Hushan!!”

But at this moment

boom!

The membrane wall of the entire God’s Domain suddenly changed, turning into a huge mirror surface! In an instant, the Misty Star Lord activated the “Treasure Mirror”!

“Huh!?” The ancestor of Hushan was startled and felt a little bad, “How can there be a treasure mirror in such a desolate chaotic world?”

As soon as he saw the Heaven-shading Treasure Mirror, the ancestors of Hushan already had the intention of retreating! For the existence of the Chaos Realm, the star master is not so terrible, but the star master with the blessing of the “Treasure Mirror” is completely different!

After all, the ancestor of Hushan is only the second-order chaos realm, and it is impossible to defeat the star master with the blessing of the mirror!

“Retreat!” Knowing that nothing could be done, Hushan Patriarch flew back without hesitation.

However...

boom!

Boundless golden vines appeared around Hushan Patriarch without warning! Densely packed, like a skynet.

“Want to stop me? It’s almost!” The ancestor of Hushan didn’t look down on the power of the desolate world of God’s Domain, so he didn’t think much, and rushed out, trying to break through the vine skynet and escape.

boom!

The divine body of the ancestor of Hushan passed through the vine skynet without hindrance; but... when the divine body passed through, the ancestor of Hushan discovered that his “mind” could not pass through!

At this time, the ancestor of Hushan discovered in horror: “The secret technique of mind flow! It is a **** attack against the mind!”

Hushan Patriarch’s mind is not very strongIf there is no protection from the divine body, it is easy to be destroyed; if the soul is destroyed, it is really dead!

Therefore, the ancestor of Hushan was so frightened that the **** body hurriedly got back into the vine sky net, and took the mind back into the god; at the same time, the ancestor of Hushan controlled the divine power, strictly protected the mind, and prepared to rush out again.

But at this time, Wudi has already been killed!

“The chaotic realm of the mind school!” Hushan Patriarch was horrified!

The Chaos Realm of the mind school, even if it is only the first-order Chaos Realm, is stronger than his second-order Chaos Realm!

“This is really just a desolate chaotic world? Holy Master pits me!” At this time, the ancestor of Hushan really hated the Holy Master! If it wasn’t for the Holy Master telling him that the seven disciples of Chaos Gourd Mountain were killed in this chaotic world, and this chaotic world still has the star map of the beginning of time and the maze of the sky; then, he would not come to this chaotic world at all. !

“escape!”

Hushan Patriarch did not dare to hesitate at all, and ran away!

only...

God’s Domain, is it a place where you can come and go when you want?

boom!

The Heaven-shading Treasure Mirror burst into endless rays of light, suppressing the ancestors of Hulu Mountain; the strength of the ancestors of Hushan Mountain was directly suppressed to the first order of Chaos Realm.

And without difficulty, he also began to use the secret technique of mind flow; countless golden butterflies appeared, overwhelming the ancestors of Hushan Mountain...

In an instant, the ancestor of Hushan fell into a desperate situation!

Hushan Patriarch felt desperate: “Am I here to take revenge, or to die...”

However, the ancestors of Hushan Mountain have been in endless chaos for countless years, and of course they will not fall so easily!

boom!

The ancestor of Hulushan directly sacrificed his gourd. This is a “flying boat of chaos”! Relying on this chaotic flying boat, the ancestor of Hushan has escaped the crisis of life and death many times!

Chapter 1390: More Than People?

call out-

The Chaos Flying Boat pierced the sky, and instantly broke the membrane wall of the Divine Realm.

“Hahahaha...” The ancestor of Hushan laughed, “Even if it is the sixth-order Chaos Realm, you can’t keep my Chaos Flying Boat! Just rely on you, you want to keep me? Naive! – Humph! Today’s shame, I Remember! When I come again, it will be the moment when your chaotic world perishes!”

The faces of Wudi and Misty Star Masters suddenly changed—although they were not afraid of Hulushan ancestors, Hulushan ancestors must have friends in the endless chaos! If he invites friends to come again, they won’t be able to keep the realm of the gods at all!

“Do you really want to give up God’s Domain?” Seeing that the Chaos Flying Boat sank into the depths of endless chaos, Wu Di and Misty Star Lord showed a strong look of despair on their faces.

“Give it up...” The Misty Star Lord said helplessly, “Let’s take as many gods as possible and leave the God Realm before the Hushan ancestors come to the God Realm again!”

Wu Di clenched his fists, gritted his teeth, and finally said angrily, “Okay!”

Evacuate from God’s Domain, this is the most rational choice.

...

Endless Chaos.

The chaotic flying boat of the ancestor of Hushan, roaming quickly in the vast chaos.

“Damn! Damn!” Hushan ancestor was extremely angry!

What he was angry about was not that the seven saints under him were killed; it was that he was slaughtered in a desolate and chaotic world, which made him feel very embarrassed!

“Because of this, I invite my friends to take action, I’m afraid they will laugh at them to death!” Hushan Patriarch’s face is ugly – the second-order Chaos Realm can’t even win a desolate Chaos World, and he will indeed be ridiculed.

Race through endless chaos for years at speed.

The ancestor of Hushan finally arrived at the “Yingzhang Palace”.

“True Monarch Yingzhang, come out quickly!” Ancestor Hushan shouted while standing outside the palace.

True Monarch Yingzhang is a friend of Hushan Patriarch in the Endless Chaos!

The strength of True Monarch Yingzhang itself is not that strong, only the third-order Chaos Realm. However, in the Yingzhang Palace formed by True Monarch Yingzhang, there are more than ten Chaos Realm existences gathered!

The reason why Hushan Patriarch came here is to ask True Monarch Yingzhang for help!

“Humph! A small chaotic world! I see if it can block more than a dozen great masters in the chaotic realm!” Hushan ancestor thought bitterly.

“Ancestor Hushan, what’s the matter?” True Monarch Yingzhang quickly greeted him.

“Do me a favor!” Hushan Patriarch went straight to the point.

...

Holy area.

No Difficulty, Misty Star Lord, Golden Sword Saint, Heaven Destruction Saint, etc., stand proudly in the void.

“Finally, the gods of the entire God’s Domain, as well as those creatures in the dust world, are all included in the world ring!”

God’s Domain is really too big!

Even if multiple super beings joined forces, it took a long time to complete this huge work!

Of course, if you want to hold the entire Divine Realm, plus countless creatures in the world of dust, you can’t count the world rings alone.

“I can finally leave God’s Domain with peace of mind!” said without difficulty, “Even if the ancestors of Hushan bring more people, God’s Domain will only be an empty shell!”

“Hey...” The Misty Star Lord sighed, “A place that has lived for thousands of trillions of years! It’s hard to kill the Holy Lord, but in the end, we still have to leave our hometown...”

Moreover, after leaving God’s Domain, Misty Star Lord can no longer have the combat power of Chaos Realm, but is only an ordinary first-order saint!

“No way! Strange, it’s just that we are too weak!” Wu Di shook his head helplessly and said, “If we are strong enough, why do we need to do this?”

Weakness is the original sin!

Weak, we can only be beaten!

“No difficulty, fortunately, you have broken through to the Chaos Realm!” The Misty Star Lord said with emotion, “With your strength, it is not difficult for us to find another chaotic world to settle down with! Otherwise, we may be wandering in endless chaos. , I don’t know when we will be able

to settle down again; even if we encounter danger, let alone the death of the few of us, the endless creatures in the world ring will suffer as a result!”

Wudi sighed again, and then said depressedly, “I don’t know where Xu Ming is hiding and retreating. We must wait for him to come out and then go together!”

Xu Ming did not appear, Wu Di, Misty Star Lord, etc., naturally it is impossible to leave Xu Ming. After all, Xu Ming is the hope for the re-emergence of God’s Domain!

“Wait!” No question.

...

This wait is a few years.

A few years later, Xu Ming walked out of the independent space and was instantly stunned: “What’s the situation? What about the people from the Endless Continent?”

Everyone in the Endless Continent is gone...

Immediately afterwards, Xu Ming became more and more stunned – not only everyone in the Endless Continent, other dust worlds, and even the entire Divine Realm... were all empty!

“I...” Xu Ming didn’t know what to say anymore, “What happened during my retreat time!?”

Fortunately, Xu Ming saw Wu Di, the Misty Star Lord, and all the saints.

Xu Ming hurriedly teleported over: “No difficulty, what’s going on!?”

“Xu Ming, you are finally out of the gate!” said without difficulty, “Let’s go! God’s realm is approaching disaster, all of us, hurry up and withdraw from God’s realm!”

“Crisis is coming?” Xu Ming wondered – he had been in retreat, and naturally he didn’t know what was going on in God’s Domain.

“Yes!” Wu Yan was about to explain when his face suddenly changed.

Misty Star Lord, Golden Sword Saint, etc., also changed their faces suddenly.

boom!

The membrane wall of the God’s Domain was directly broken open more than ten incomparably tyrannical auras directly entered the God’s Domain!

The one who killed in the front was the ancestor of Hushan!

“It’s over!” Wushang, Misty Star Lord, etc., all showed signs of despair—more than a dozen tyrannical auras! It’s all chaos...

“It’s this chaotic world!” The voice of Hushan ancestor sounded.

True Monarch Yingzhang said with some disdain: “In such a desolate chaotic world, so many of us still need to go out?”

The ancestor of Hushan said: “Just let the indigenous people of this desolate world have knowledge and knowledge, the vast and endless chaos, what a master like a cloud!”

“Hey—” Hushan ancestor suddenly said in surprise, “This chaotic world, there is not a single living being left? Oh, it seems that you are trying to escape! I almost let you escape successfully, but unfortunately, you are late. One step ahead...hahahaha!”

Wudi’s complexion became more and more livid – as Hushan Patriarch said, they were one step too late!

At this time, Xu Ming said with a trace of contempt: “The vast and endless chaos, how masters are like clouds?”

“Huh?” Hushan Patriarch gave Xu Ming a contemptuous and playful look, “Why, boy, are you unconvinced?”

“Ha!” Xu Ming smiled, “Simply put, it’s more than anyone else, right?”

more than people?

How dare these two fools outnumber Brother Ming?

Xu Ming could see that even though there were more than a dozen Chaos Realm players on the other side, they were generally not strong, and they were only low-level Chaos Realm!

As for Xu Ming’s retreat this time, his cultivation has already broken through... Quasi-Saint Invincible! The strength is skyrocketing!

There are middle and high chaotic realms, Xu Ming dare not say that he will win! However, these low-level chaotic realms dare to put X in front of Brother Ming? – It’s like embarking on a straight road to death!
