

A World 1401

Chapter 1401: Gu Hanmo Is Gone

Ordinary, peaceful? Or go higher and farther?

This sounds like a difficult choice.

Gu Hanmo paused and said, “If I want Xu Yin to go higher and farther, I can send her to a superpower!”

Those who can be called by Gu Hanmo as a superpower must be at the forefront of the endless chaos!

Yin Ran suddenly asked, “Is there any danger in the super power?”

This is also Xu Ming’s concern!

If there is any danger, Xu Ming and Yin Ran may immediately shake their heads and reject it. They would rather Xu Yin live an ordinary life!

“Dangerous? No!” Gu Hanmo shook his head and said, “In fact, at my level, ‘life’ or ‘death’ has no meaning anymore! Even the dead, I can be resurrected from the river of time! ”

For example, the deceased Saint Emperor City Lord, Bai Lao, Qin Ran, etc., were all resurrected by Gu Hanmo from the long river of time.

If you want to make Gu Hanmo unable to resurrect, unless it is an existence of the same level as Gu Hanmo, it will erase all traces on the long river of time. However, existences at the same level as Gu Hanmo usually don’t bother to take action against juniors.

“How to choose, you decide for yourself!” Gu Hanmo said, “However, my time is short, so I can’t stay in God’s Domain for a long time!”

Gu Hanmo's position in the long river of time has been locked by the enemy family and cannot leave this "time zone". Therefore, Gu Hanmo must escape to some special place in the endless chaos as soon as possible and hide.

Endless chaos, endless vastness! As long as Gu Hanmo hides well enough, even if there is a peak of the same level as her, it will be difficult to find her!

Xu Ming and Yin Ran suddenly fell into deep hesitation.

Of course, they hope that Xu Yin can have some achievements of his own in the future, instead of being raised in an independent space like a canary by them. However, Xu Yin had just been born. If Gu Hanmo was to take her to the superpower now, and their relatives would be separated from now on, how could Xu Ming and Yin Ran be willing to do so.

Xu Ming hesitated for a long time, and finally said, "No..."

However, before Xu Ming's words were finished, Yin Ran suddenly said firmly and reluctantly: "Han Mo, bring Xu Yin to the superpower to train!"

"Huh?" Xu Ming looked at Yin Ran in surprise.

Yin Ran forced a smile and said, "Our gods have endless lifespans! Why ruin Xu Yin's future for a momentary gathering?"

Gu Hanmo also glanced at Yin Ran in surprise. She did not expect that Yin Ran would have such courage.

Xu Ming pondered for a long time, then gritted his teeth and said, "Okay!"

Then, Xu Ming looked at Gu Hanmo: "Hanmo, I entrust Xu Yin to you!"

Only Gu Hanmo could make Xu Ming trust Xu Yin to her with confidence.

Gu Hanmo looked at Xu Ming without saying a word; with just one look, both sides understood what the other was thinking.

Just like the years when Xu Ming and Gu Hanmo first met.

“Take a good look at Xu Yin!” Gu Hanmo turned his back, stepped out of the independent space, and returned to the Wilderness Mountain, the place where she once lived and grew up.

“I’ll give you an hour!”

Gu Hanmo can only give so much time! If it drags on any longer, she may not have time to get rid of the enemy’s pursuit.

...

Wild Mountains.

In the eyes of Gu Hanmo today, he is naturally insignificant. In fact, even the whole place of dust is like dust to Gu Hanmo.

With just one thought, Gu Hanmo can make the Divine Realm disappear without a trace.

“Life is like a dream, life is like a play!”

Gu Hanmo sat on her favorite rock chair on the top of the mountain, and the past of this life appeared in his eyes.

“I really didn’t expect that in my life, I would experience these things! Destiny is good, it’s really fooling people!”

Even in Gu Hanmo’s current state, he can travel between the past and the future at will, but he still often feels small in front of his fate!

“Fate has a big hand, and all living beings must not be detached!”

Gu Hanmo sighed in his heart – the chaotic universe that she saw in her eyes was completely different from the chaotic universe that Xu Ming saw!

A quarter of an hour later.

Xu Ming also came to the top of the wild mountain and sat down beside Gu Hanmo.

The two of them just sat there without saying a word for a long time.

But it seems to have done everything.

Time flows slowly.

Another quarter of an hour later, Gu Hanmo spoke first: “I will take Xu Yin to the ‘Eternal Palace’!”

Eternal Hall!

Xu Ming didn’t know which force in the endless chaos, but these three words were deeply imprinted in Xu Ming’s mind.

“Eternal Palace, I will definitely go!” Xu Ming secretly said.

“Xu Ming!” Gu Hanmo looked at Xu Ming and said solemnly, “I have read countless things in my past life and this life; there are only a handful of people or things that I can’t see through! However, even if I have awakened the memory of my past life, it is still completely I can’t see through you!”

“Your starting point is very low, but the speed of your rise is no less than the top genius in the endless chaos! Even I can’t deduce it at all. How far will you grow in the future!”

“With my strength, of course I can forcibly improve your cultivation, or send you to the Eternal Hall! However, doing so will inevitably affect your own luck, luck, and even affect your future achievements!” Gu Hanmo said, “Xu Ming, I hope that you can walk out of your own path of questioning step by step and grow to a level comparable to me!”

Gu Hanmo certainly has the ability to directly improve Xu Ming's cultivation; but doing so is nothing more than letting Xu Ming reach the Xuanhuang realm or even the prehistoric realm earlier, so what's the use?

Time means nothing to Gu Hanmo! Therefore, it is impossible for Gu Hanmo to help Xu Ming grow up by "pulling out the seedlings"!

On the contrary, Gu Hanmo does not give Xu Ming any help, which is the best for Xu Ming in the long run!

Of course, Xu Ming also understands these principles!

Moreover, Xu Ming does not need Gu Hanmo's help – he also has his own pride!

"Xu Ming, I know, you have a lot of cards! But I have to remind you a few words!" Gu Hanmo said again, "Endless chaos hides endless mystery! Never underestimate your opponents in endless chaos, and always remember to keep your own. Hole card! – The 'Wandao Epiphany' you cast is a secret skill given to you by the chaotic universe, which is extremely rare in endless chaos; remember: don't use this formula unless it is a last resort! Otherwise, once the super power is triggered Attention, come to arrest you; I am afraid you have no way to go to heaven and no way to enter the earth!"

"Yeah!" Xu Ming replied solemnly.

In fact, Xu Ming also intends that if he enters the endless chaos, he must hide his trump card. After all, Endless Chaos is not like God's Domain; Xu Ming used "Wandao Epiphany" in a small place like God's Domain, so he didn't have to worry about being peeped out.

"Also, that secret skill of your clone! – This secret skill, in my opinion, is a bit bizarre, and it cannot be used at will, even more than the 'Wandao Epiphyllum'!" Gu Hanmo said, "Now, in the endless chaos, everything about you, about I have erased all the memories of God's Domain; no one knows about your two secret skills! But in the future, you should try not to use these two secret skills!"

"I see!"

"Wandao Epiphyllum" secret skills, "Infinite Avatar" hanging, Xu Ming will definitely not use it at will! Unless it's the time of last resort!

...

An hour is so short.

Xu Ming and Yin Ran reluctantly handed Xu Yin over to Gu Hanmo.

Gu Hanmo smiled and said, “Don’t worry, for Xu Yin, this will only be a chance, and there will never be any danger!”

This is Gu Hanmo’s guarantee!

The swaddling Xu Yin blinked her ignorant eyes—even if she had a talent against the sky, she was still just a child who didn’t understand anything; even more, she didn’t know what the upcoming separation would mean for her life. .

“Go, don’t read!”

On the top of the wild mountain, there is a time-space vortex, and I don’t know where it leads to the endless chaos.

Gu Hanmo turned around and walked into the time-space vortex and waved his hand with his back to Xu Ming. In a flash, he and the time-space vortex disappeared without a trace.

Xu Ming stared blankly at the direction where Gu Hanmo was leaving: “Hanmo, go...”

However, after a short period of loneliness, Xu Ming’s eyes were full of burning fighting spirit: “Han Mo, no matter what level you are in, or how strong your enemy is! Wait for me!”

Xu Ming’s current strength is placed in the endless chaos, although it is still very weak; however, this is only the current Xu Ming!

Xu Ming is confident that in the future, he will definitely reach Gu Hanmo’s level, and he will meet Gu Hanmo again! And, that “future” is not too far away!

and...

There are still many powerful functions of Xu Ming's invincible plug-in! For example... take over the universe!

No matter how strong Gu Hanmo's enemies are, if Xu Ming has even taken over the universe, wouldn't it be easy to deal with them?

Only now, Xu Ming needs time to grow up!

Chapter 1402: Wait For You

Holy area.

Wu Di, Misty Star Lord, and the saints all gathered together to discuss important matters.

The "past" of God's Domain has been completely modified by Gu Hanmo.

In the "New History", the misty saint refined God's Domain as early as thousands of trillions of years ago and became the Star Master of God's Domain! There is no difficulty, and it is also long ago that the Chaos Realm has been proved!

There is a star master and a Chaos Realm in charge, and God's Domain has naturally not suffered any invasion by foreign enemies; therefore, in the history of God's Domain, there is no "Holy Master".

The deceased sage Huangquan has also been resurrected by Gu Hanmo. The sage Huangquan has greatly helped Xu Ming's growth; Gu Hanmo's doing this can be regarded as helping Xu Ming for a period of cause and effect.

Sage Tianyao, whose divine body collapsed because of the practice of "indestructible demon body", was also given to "medical" by Gu Hanmo! However, there is no memory of the "indestructible demon body" in the memory of Tianyao sage; therefore, no one knows that Xu Ming cultivated the "indestructible demon body".

As for Sage Asura, Gu Hanmo certainly wouldn't resurrect him.

In the history of God's Domain revised by Gu Hanmo, Sage Shura entered the "Dark Domain" and never came out again. However, Sage Asura sent a message back, letting the greats of the God Realm know that there is something in the "Dark Realm" that is absolutely not allowed to enter; therefore, naturally, no one has entered the Dark Realm without knowing how— In this way, Xu Ming solved all 103,600 chess games in the dark realm, and was given the secret skill "Wan Dao Epiphany" by the Chaos Universe, so naturally no one knew about it.

As for the sages that Xu Ming brought out from the dark realm, they all had their memories modified and turned into saints who were born and raised in the realm of the gods.

And the traces of the Great Emperor Wanshi and others who came to God's Domain were all erased by Gu Hanmo! To be precise... In the endless chaos, there has never been a great power such as the Great Emperor of Ten Thousand Corpses, and no forces such as Chaos Hushan!

In the entire endless chaos, no one knows the existence of God's Domain.

This is the history that Gu Hanmo modified at will! Only a few people, such as Xu Ming and Yin Ran, still have real memories.

Gu Hanmo's incredible method is completely unimaginable to the current Xu Ming!

And Xu Ming also has a new identity in God's Domain, that is – the strongest Chaos Realm in God's Domain!

...

Wu Di, Misty Star Lord and other great powers gathered in the Divine Realm.

And Xu Ming was the last to arrive.

"Everyone!" Xu Ming looked at each of the gods, and saw the sages of Huangquan and Tianyao – he knew that this was Gu Hanmo's cause and effect before he left.

The gods who were talking to each other suddenly became quiet, and looked at Xu Ming with awe – obviously, in their memory, Xu Ming’s status was very respected!

“I have a plan!” Xu Ming said, “In the endless chaos around God’s Domain, build six chaotic worlds, and form a seven-star array with God’s Domain to guard God’s Domain!”

Six chaotic worlds, that is six worlds comparable to God’s Domain!

“Brother Xu!” Wu Di frowned, “But... where did we get the Chaos Origin Stone to build the Chaos World?”

It’s not difficult to build a chaotic world, even if there is a chaotic world, it can be done by a saint! However, the Chaos Origin Stone needed to build the Chaos World is not available in God’s Domain!

“The Origin of Chaos, you don’t have to worry about it, I will provide it!” Xu Ming said – the ancestors of Hushan, True Monarch Yingzhang, etc., all have the Origin of Chaos! Now, these Chaos Origin Stones have naturally fallen into Xu Ming’s hands.

Although Xu Ming only has more than 20 Chaos Originium Stones in total, but in order to make God’s Domain safer, it is still no problem to take out 6 pieces!

“Unfortunately, the Great Emperor Wanshi was directly killed by Han Mo to the point where nothing was left, not even the treasure on his body! Otherwise, a treasure in the Xuanhuang realm would be enough to change my strength...” Xu Ming couldn’t help but think.

Gu Hanmo couldn’t despise the small net worth of the Great Emperor Wan Zhe, but... Xu Ming could see it!

Not only can you see it, but your eyes are red and red!

It’s useless! – The Great Emperor Wanzhe couldn’t leave anything behind.

Xu Ming put away his sighs, and continued to say to the great powers of the gods: “Among you, six people must be selected to serve as the star masters of these six chaotic worlds!”

Afterwards, Xu Ming looked at Wudi again and said, “Brother Wudi, when the time comes, the seven-star formation will be formed, and it will be up to you to personally control it!”

No difficulty, but chaos exists! He controls the seven-star array, and with the help of the seven chaotic worlds and the power of endless chaos, it is enough to resist the invasion of all chaotic existences!

As long as there is no Profound Yellow Realm coming, there will be no danger in the Divine Realm!

And the existence of Xuanhuangjing is not the Chinese cabbage on the street! In the endless chaos, the existence of Xuanhuangjing is extremely rare, it is almost impossible to have Xuanhuangjing, and there is nothing to come to God’s Domain.

...

After explaining this, Xu Ming returned to the independent space.

As for how to build the chaotic world and how to arrange the seven-star array, Xu Ming has already told Wudi, who will be responsible.

...

“Xu Ming, you should be leaving God’s Domain soon, right?” Yin Ran quietly walked behind Xu Ming and said softly.

Xu Ming arranged these in the God’s Domain, which is obviously a sign of leaving the God’s Domain.

Xu Ming looked at Yin Ran with guilt in his eyes; after a long time, he sighed, “Yes!”

Endless chaos, Xu Ming must go! Gu Hanmo's enemy, although Xu Ming can't compete for the time being, but Xu Ming can never watch Gu Hanmo fight alone!

However, Xu Ming really felt that it was difficult to speak to Yin Ran—Yin Ran's newly born daughter Xu Yin had been sent to the Eternal Palace! If Xu Ming leaves again, Yin Ran will be really lonely!

Yin Ran smiled gently and said, "Actually, Xu Ming, you can speak to me directly!"

Xu Ming was startled.

Yin Ran continued: "Even if it's not because of Han Mo, I know that God's Domain is not a place to keep you at all; only the endless chaos is your real stage! And... our daughter should be in the 'Eternal Hall' by now. ' Now, don't you want to go and see how she is doing in the Eternal Palace?"

See Xu Yin?

Of course Xu Ming thought about it!

Although Gu Hanmo had promised that Xu Yin would never be in danger in the Eternal Palace! However, whether it is dangerous or not is one thing, what if... Xu Yin was unhappy in the Eternal Palace?

Then Xu Ming, of course, will bring her back to the realm of the gods!

Therefore, Xu Ming must go to the Eternal Palace!

"And..." Yin Ran said solemnly, "Han Mo is now in crisis. If you can stay in the God's Domain indifferently, I will look down on you!"

Xu Ming looked at Yin Ran affectionately: "Xiao Yin, I'm sorry!"

A word of "I'm sorry" has already shown – the endless chaos, Xu Ming has to go!

“Don’t say I’m sorry!” Yin Ran shook his head firmly and said, “I know, if Han Mo and I swap places, you will definitely leave God’s Domain and enter the Endless Chaos for me! But... Endless Chaos is not God’s Domain It can be compared! I only hope that you must be careful when you are in the endless chaos!”

“Don’t worry!” Xu Ming said, “Also, I have a trump card, no matter what, I will not die!”

What Xu Ming was referring to was, of course, the “immortal imprint”!

With the “immortal mark”, even if Xu Ming dies in the endless chaos, he can be resurrected immediately!

Yin Ran stared at Xu Ming and said, “No matter what, I’ll be waiting for you!”

...

What Xu Ming didn’t know was that At this time, there were already several enemies of Gu Hanmo, who traveled through time and came to the time zone where he was.

“This is it!” A super existence with tentacles on his head, his eyes were cold, “We have set up a time barrier in this time zone; if she dares to travel through time, we will find her immediately! Now, she is the turtle in the urn. It’s time!”

“The turtle in the urn?” Another super-existence with crystal clear divine body said, “Don’t you know how vast the chaotic universe is? Even if we know that she is in this time zone, we don’t know her ‘space zone’; we want to find She, I’m afraid billions of years are not enough!”

“At least, it’s much easier to find!” The tentacles said coldly, “Time means nothing to us! Just here, look for hundreds of millions of years, and find her!”

“Humph! I found her this time, and I will never let her have the opportunity to use the ‘reincarnation technique’ again!”

Several incredible existences no less than Gu Hanmo, after some exchanges, scattered all over the chaotic universe to search for Gu Hanmo’s traces.

Chapter 1403: Long Absence

Endless chaos, boundless vastness.

Even saints and star masters may be lost in endless chaos.

And the Chaos Realm exists, if you want to travel far, you must use the super-large “Chaos Teleportation Array”!

call out-

A chaotic flying boat, crushing the endless chaotic energy, breaking through the waves.

The power to control the chaotic flying boat is exactly Xu Ming!

“Endless Chaos is too vast! Compared with Endless Chaos, God’s Domain is really not even a drop in the ocean!” Xu Ming couldn’t help but sigh.

The size of a chaotic world is “the land of one world”.

As for Xu Ming, driving the chaotic flying boat, he has traveled the distance of “hundreds of thousands of worlds” in the endless chaos, but he can only see a barren scene. It is still far from the nearest prosperous area.

The boring and long journey is enough to make other Chaos Realm experts wonder if they are lost in endless chaos. Fortunately, Xu Ming held the star map of the early days, as if he was holding a “navigator”, so he didn’t have to worry about getting lost.

“The controller within the ‘millions of realms’ is the ‘Boundary Island’! The only Chaos Teleportation Formation is also on the Boundary Island! – Whether it is to obtain better cultivation conditions, or to step on To a more prosperous area in the endless chaos; Broken Boundary Island, is the place I must go!”

At this time, the direction of the Chaos Flying Boat is also straight towards the direction of Broken Boundary Island.

“However...my strength is still too weak!” Xu Ming sighed inwardly.

Xu Ming’s current cultivation is at the quasi-sage level!

And under the blessing of the inextinguishable demon body, Wan Dao physique, and plug-ins, his strength has reached the chaotic realm extremely terrifyingly! However... it is only the second-order chaos realm at most, which can be regarded as a powerhouse, but it is still far from the endless chaos!

“If I turn on the ‘Infinite Clone’, I will be invincible below the fourth-order Chaos Realm! Even if I face the fifth-order Chaos Realm and above, I can fight...”

However, before leaving, Gu Hanmo specially warned Xu Ming not to use “Infinite Avatar” and “Wan Dao Epiphany” at will, so as not to attract the attention of the super existence. Therefore...“infinite avatar”, and the “Wandao Epiphany” that can instantly kill all existences in the chaotic realm, Xu Ming did not dare to use it at will!

Can’t take out these two cards at the bottom of the box, Xu Ming’s combat power is only the “poor” second-order Chaos Realm.

“While roaming in the endless chaos, let’s practice first!”

If Xu Ming’s cultivation can reach a higher level and reach the “Saint” level, then his strength can soar several levels in an instant!

With a little distraction, he was driving the chaotic flying boat; most of Xu Ming’s energy was already immersed in his cultivation.

...

Endless chaos, continuous killing.

However, because the Infinite Chaos is so vast; therefore, the killings that take place in the Infinite Chaos are rarely discovered.

“Tianji, stop struggling!”

“Go ahead and capture it!”

“As long as you are willing to submit to our ‘Wanlong Abyss’, the Abyss Master will definitely reuse you for the sake of you being the ‘Star Master’! But if you resist stubbornly, there is only one dead end!”

An embarrassed figure was fleeing in a panic. It was the “Heavenly Sacrifice Star Lord” that Xu Ming knew when he was performing the “mercenary mission” before!

And behind the Heavenly Sacrifice Star Lord, there are five Star Lord-level existences who are chasing after them.

These five star masters are all strengthened by the heavenly sacrifice star masters! The Heavenly Sacrifice Star Lord has fled to this point, and it is already the end of the force.

“Is it really over?” There was a look of despair in the eyes of the Heavenly Sacrifice Star Lord.

The Heavenly Sacrifice Star Master is a star master of Cangyan Tower.

And Cangyan Tower and Wanlong Abyss are hostile forces. In a war between the two sides, the Cangyan Tower was destroyed; and the Heavenly Sacrifice Realm was also breached by the enemy, and the Heavenly Sacrifice Star Lord could only escape to the endless chaos.

As for taking refuge in the Wanlong Abyss?

The Heavenly Sacrifice Star Lord would rather die than take refuge! —It’s not that the Heavenly Sacrifice Star Lord is loyal to Cangyan Tower, but he knows very well that the Lord Wanlongyuan will directly enslave the Star Lords of these hostile forces!

enslaved? Become a slave?

Of course, the Celestial Lord would rather die!

“It’s stubborn!” A dazzling light shot through the divine body of the Heavenly Sacrifice Star Lord in an instant!

The Heavenly Sacrifice Star Lord was severely injured, and under this blow, his divine body became thinner and thinner.

“Since you want death with all your heart, then we will fulfill you!” The five chasing star masters all showed their means; the dazzling but murderous light, the raging flames, the ice crystals that froze everything... all roared to the sky Lord of the Stars.

“That’s it!” The Heavenly Sacrifice Star Lord almost didn’t have much resistance to resist. In the face of this deadly attack, he simply gave up his resistance and died calmly, “In my life, I have roamed endless chaos for several epochs! Those who have seen it have seen it before; now that I die, I don’t have much regret! It’s just that I suffered for my brothers and failed to protect them, and I’m afraid they have fallen into the hands of Wanlong Abyss...”

The Celestial Lord was indifferently waiting for death to come.

suddenly-

Swish!

A figure that was both familiar and unfamiliar appeared in front of the Heavenly Sacrifice Star Lord without warning.

“Huh!?” The Heavenly Sacrifice Star Lord was shocked—he couldn’t imagine that at this moment, who would come to resist the attack for himself.

“Let’s go!” Tianji Star Lord shouted subconsciously.

But it’s too late!

The Heavenly Sacrifice Star Lord could only watch helplessly as the extremely terrifying attacks hit the back of this familiar and unfamiliar figure.

Immediately afterwards, the Heavenly Festival Star Master was completely stunned—it was as if he had seen a ghost!

He saw that the light full of killing intent, the raging flames, the ice crystals that froze everything... fell on this back, and it was like a stone sinking into the sea, failing to stir up a single ripple!

“It’s too strong!” The Heavenly Sacrifice Star Lord suspects that this figure is most likely to exist in the Chaos Realm!

Then Tianji Star Lord saw again, this sudden appearance of power, with a wave of his huge palm, sweeping across the void.

The five star masters who were chasing after them, under this giant palm, were like five flies, easily slapped to death!

“It’s definitely the existence of Chaos Realm!” The Heavenly Sacrifice Star Lord was extremely determined, “But... Who is he?”

The Heavenly Sacrifice Star Lord couldn’t think of which Chaos Realm existed and would suddenly appear to help him.

At this time, the back figure slowly turned around, revealing his face.

Star Lord Tianji suddenly widened his eyes and looked at him in disbelief: “Are you... Xu Ming?”

If he hadn’t seen this face clearly, the Heavenly Sacrifice Star Master would never have believed that Xu Ming, who was so weak a thousand years ago, would appear in front of him again with such a powerful posture!

Xu Ming looked at the Heavenly Sacrifice Star Master and said with a smile, “It’s been a long time, Heavenly Sacrifice Star Master!”

The Heavenly Sacrifice Star Master was still in shock: “Xu Ming, your strength...?”

Chapter 1404: Befriend, Or Die!

Soon, Xu Ming learned about the experience of the Heavenly Sacrifice Star Lord and the changes in the Heavenly Sacrifice world.

“You mean... the Heavenly Sacrifice World is almost wiped out, and the remaining masters have also been kidnapped by the Wanlong Abyss?” Xu Ming’s face was a little ugly.

You must know that there are some friends of Xu Ming in the world of sacrifices. Such as Mu Zifan, such as the Luoshui that Xu Ming once cultivated. And now, these friends of Xu Ming are dying and being caught.

“Yeah...” The Heavenly Sacrifice Star Lord sighed weakly, “Mu Zifan has been killed by the great power of Wanlong Abyss! And Luoshui, because of his outstanding talent, although not killed, has also been taken away; I am afraid, become slaves!”

“Being a slave?” Xu Ming snorted coldly, “No!”

“Oh?” The Celestial Master was a little puzzled.

Xu Ming said coldly, “I once taught Luo Shui some things, and he is also a named disciple of me! How could my disciple bully him at will?”

At this moment, Xu Ming’s domineering was unquestionable.

The Heavenly Sacrifice Star Lord smiled bitterly and said, “Xu Ming, that Lord Wanlongyuan, but the Chaos Realm exists!”

“So what?” Xu Ming said disdainfully, “The Chaos Realm I killed is no less than ten!”

Back then, the ancestors of Hushan Mountain and True Monarch Yingfan brought the Chaos Realm army to invade the Divine Realm, but they were all killed by Xu Ming!

“Hey—” The Celestial Master took a deep breath and looked at Xu Ming in disbelief.

Xu Ming said lightly: “Take me to the Wanlong Abyss!”

...

The Wanlong Abyss is a space-distorting place in the endless chaos.

Inside the abyss, there are hundreds of chaotic worlds! With the advantage of the abyss, and the existence of the Chaos Realm Lord Wanlongyuan, generally, people below the third-order Chaos Realm would not dare to provoke Wanlong Abyss.

At the bottom of the abyss is an icy chaotic world specially designed to be imprisoned.

Luo Shui, as well as several other saints in the Heavenly Sacrifice Realm, had their strength sealed and imprisoned here.

At this moment, Luo Shui’s face had a strong look of despair: “I got the guidance of Brother Ming, and my cultivation has improved by leaps and bounds. I even have the confidence to become a saint in the future, and even become a star-lord level existence! But now...”

Today, for Luoshui, it is a situation of “people are the knife and I am the fish and meat”; what awaits him is only “being slaughtered by others”. The once brilliant future has also become extremely dim and hopeless.

At this moment, a thunderous roar resounded throughout the icy chaotic world.

“Master Wanlongyuan! Come out quickly and die!”

The arrogant roar echoed throughout the icy chaotic world.

“Huh?” Luo Shui couldn’t help but react, “Someone is provoking the Lord Wanlong! The voices have reached this imprisoned world!”

You must know that this icy imprisoned world is located in the deepest part of the Wanlong Abyss! The thunderous roar can be spread here, which means that I am afraid that it has already resounded through the entire abyss of Wanlong!

“But...” Luo Shui had doubts on his face, “This voice... seems a bit like Brother Ming?”

Immediately, Luo Shui shook his head and laughed at himself: “How could it be Brother Ming!”

In his impression, although Brother Ming is powerful, he is not much stronger than him! Compared with the existence of Chaos Realm, it is even more different!

So, no matter what, it can't be Brother Ming!

...

“Who is clamoring here? I don't know whether to live or die!”

With a roar, Lord Wan Longyuan followed the source of the voice and appeared in front of Xu Ming.

At the same time, the existence of a star master level has also rushed here.

“Heavenly Sacrifice? You're not dead yet?” Seeing that it was the Heavenly Sacrifice Star Master, Lord Wan Longyuan had doubts and grimness in his eyes. Come to me... do you think your life is too long?”

It was not the Heavenly Sacrifice Star Lord who answered him, but Xu Ming's voice: “Master Wanlongyuan? Hand over someone, or die!”

Xu Ming is extremely domineering!

Hand in!

Or die!

“What!?” Even Master Wan Longyuan was somewhat shocked by Xu Ming’s domineering; but soon, the shock on his face turned hideous, “Dare to talk to me like this? You catch it and torture for hundreds of millions of years, you don’t know the prestige of my Wanlong Yuanzhu!”

boom!

The giant palm of Lord Wanlongyuan directly grabbed Xu Ming.

In the face of such a powerful power, the Celestial Master couldn’t raise his head at all—not to mention that his own chaotic world had fallen! Even if he is in his own chaotic world now, he can’t stop the attack from Lord Wanlongyuan.

“Ha!” Xu Ming smiled disdainfully, “Tips for carving insects!”

Lord Wanlongyuan is indeed the second-order Chaos Realm, which is true! However, Xu Ming could see that he was only the weaker in the second-order Chaos Realm!

And what about Xu Ming? – In the endless chaos, while traveling and retreating; Xu Ming’s cultivation has reached the pinnacle of the quasi-sage level, and one foot has stepped into the saint level! His strength has risen even more, reaching the third order of Chaos Realm!

Seeing that Lord Wanlongyuan dared to attack him with such contempt, Xu Ming would not be soft-hearted, he directly took out his long spear and exerted his “Wandao Spear Intent” with all his strength!

“Humph! It’s useless! Stop struggling!” Lord Wan Longyuan was still extremely confident.

But then, Lord Wan Longyuan’s expression changed – because he felt a strong sense of crisis from Xu Ming’s spear.

But...it’s too late!

boom!

The long spear blasted out mightily, directly blasting the entire arm of Lord Wanlong!

The unfortunate Lord Wanlongyuan, not to mention the serious damage to the divine body, was directly shot into a chaotic world, knocking out a pit of hundreds of millions of miles.

Heavenly Sacrifice Star Lord was stunned – he had thought that Xu Ming’s strength would be very strong; but he didn’t expect that it was so powerful that with a single shot, Wanlong Yuanzhu became so embarrassed!

The star masters who were rushing over were also stunned – they obviously didn’t expect that Wanlongyuan master would be shot like this!

The most ignorant was the Lord of Wanlong Yuan; he looked at Xu Ming with hatred and horror: “The realm of chaos... the third order!”

The gap between the second-order Chaos Realm and the third-order Chaos Realm is undoubtedly huge!

With just one shot, Lord Wan Longyuan did not dare to resist.

“I handed people! I handed people!” Lord Wan Longyuan said repeatedly.

Xu Ming was about to say something, but suddenly, he saw a familiar figure among the hundreds of star masters who rushed over! It is... Holy Lord!

Yes!

It is the avatar of the Holy Lord in the endless chaos!

Xu Ming’s eyes suddenly burst with cold light – he was still thinking, how to find the Holy Master who was not killed by Gu Hanmo! Unexpectedly, stepping through the iron shoes, there is nowhere to find it, and it takes no effort to get it; actually here, I met the Holy Master!

However... Gu Hanmo has modified the past and memory of the Holy Master; therefore, the Holy Master at this time does not know Xu Ming at all, and he does not know why Xu Ming has such strong killing intent towards him!

Chapter 1405: Because Of Him

The moment he saw the Holy Master, the killing intent in Xu Ming's heart was raging.

If it weren't for the fact that the Holy Master spread the news about God's Domain, which attracted superpowers in the endless chaos, why did God's Domain suffer repeated catastrophe? Why did Gu Hanmo expose himself in order to save Xu Ming?

Therefore, Lord, must die!

Even if the Holy Master at this time has been wiped out by Gu Hanmo, Xu Ming will never spare him!

Even if it is the Wanlong Abyss related to the Holy Master, Xu Ming will slaughter it all together!

"Hanmo can travel between the past and the future. I'm afraid she has long expected that I will meet the Holy Master in the endless chaos; so, she deliberately left the Holy Master to me to kill!" Xu Ming and Gu Hanmo had the same mind, and they thought of it in an instant. this possibility.

Suddenly, Xu Ming's gaze towards the Holy Master became more and more indifferent.

Think back to the beginning, how invincible the Holy Master was in the Divine Realm! But now, in Xu Ming's eyes, the Holy Master is nothing more than an ant... Destroyed at the touch of a finger!

At this time, the voice of Lord Wanlongyuan resounded in Xu Ming's ears again: "This brother, I, Wanlongyuanyuan, would like to hand over to him immediately and offer an apology! Please raise your hand and expose this matter!"

Master Wan Longyuan knows the difference in strength between himself and Xu Ming! – He is only the second-order Chaos Realm strength, and he is at the bottom of the second-order Chaos Realm; and Xu Ming is the existence of the third-order Chaos Realm with a strong price comparison!

And the hundreds of star masters in the Wanlong Abyss seem to be powerful, but in fact they are just a group of incompetent rabble! Xu Ming can completely sweep away the entire Wanlong Abyss with his own power!

In front of Xu Ming, even Lord Wanlong Yuan had to bow his head!

Xu Ming said indifferently: “Let’s release all the people from the Heavenly Sacrifice Realm first!”

“Yes!” Lord Wan Longyuan didn’t dare to have any opinion, and quickly ordered a few star masters to lead people in the imprisoned world.

...

Soon, the surviving gods in the Heavenly Sacrifice World were all brought to Xu Ming.

“Brother Ming!?”

“Xu Ming!”

Everyone in the Heavenly Sacrifice World was Xu Ming and the Heavenly Sacrifice Star Master, and they were horrified when they saw that the Master Wanlongyuan only made promises in front of Xu Ming.

They didn’t know Xu Ming’s strength, and naturally couldn’t understand why Wan Longyuan was so humble.

When Xu Ming saw the great powers such as Sage Muxu, Sage Ziguang, Sage Mo, and so on, he felt a lot of sigh in his heart! – Thousands of years ago, in Xu Ming’s eyes, these saints were still powerful beings that could not be looked up to! Now, they have been reduced to prisoners; if not for Xu Ming’s redemption, their future will be miserable.

After that, Xu Ming’s eyes swept across Luo Shui and the others – the huge Heavenly Sacrifice Realm, only these existences above the king level were left, and there were not even one out of ten! A powerful chaotic world was almost completely destroyed in this way.

“Come here!” Xu Ming said.

The masters of the Heavenly Sacrifice world all flew behind Xu Ming and the Heavenly Sacrifice Star Master.

The Heavenly Sacrifice Star Lord almost had the urge to burst into tears – since the destruction of the Heavenly Sacrifice Realm, he has lived a life of sluggishness; how could he have thought that there would be such a day to save the brothers of the Heavenly Sacrifice Realm.

“Brother Ming...” Luo Shui’s eyes were full of admiration and admiration. Although he didn’t know how strong Brother Ming was, he could see that Lord Wanlongyuan seemed to be in awe of Xu Ming.

Sure enough, Lord Wan Longyuan presented a world ring and looked at Xu Ming respectfully: “Brother, this is my apology to the Heavenly Sacrifice World, and I hope you will accept it with a smile!”

apologize?

Xu Ming sneered: “When did I say I want your apology?”

“Huh?” Lord Wan Longyuan suddenly changed his face.

Xu Ming continued to say indifferently: “You guys in the Wanlong Abyss, prepare to die!”

Lord Wanlongyuan’s face changed greatly, his face was ferocious, and he roared: “Are you really going to die with our Wanlong Abyss for a small heavenly sacrifice world? – Although you are a third-order chaotic realm, but really It is unknown who will kill the deer if he is desperate!”

“For the sake of the heavenly sacrifice world? No, no!” Xu Ming shook his head.

To be honest, the Heavenly Sacrifice Realm was of no importance to Xu Ming; Xu Ming really wouldn’t go all out with Wanlong Abyss for the Heavenly Sacrifice Realm.

“Not for the Heavenly Sacrifice Realm?” Lord Wan Longyuan was startled, “Why is that?”

“Because...” Xu Ming sneered, his eyes turned cold, and he looked at the Holy Master, “Because of him!”

because of him! ?

Immediately, in the Wanlong Abyss, all the almighty eyes focused on the Holy Master.

“Me?” The Holy Master looked bewildered—his memory had been erased, and he really couldn’t remember when he knew Xu Ming.

Lord Wanlong glared at the Holy Master, his eyes almost spitting fire—a star master under his command attracted such a powerful enemy to him! Can Lord Wanlongyuan not be angry?

The other star masters are also eager to tear up the Holy Master.

“This... Senior, are you admitting the wrong person? I really don’t...” said the Holy Master even.

However, before the Holy Master could finish his words, Xu Ming violently rose up and killed the Lord Wanlongyuan.

boom!

The mysteries of countless heavenly ways have merged into the Chaos Supreme Dao; the terrifying power lingers on the tip of Xu Ming’s spear—although the Chaos Supreme Dao is motivated, the Chaos Supreme Dao under Xu Ming’s control is obviously stronger and more mysterious. very!

Xu Ming’s “Ten Thousand Spear Intent” seems to have no tricks, but it is more terrifying than any marksmanship!

“Death!” Xu Ming crushed him domineeringly and forcefully.

“Damn it! Do you really think I am Lord Wanlongyuan, a soft persimmon that anyone can knead?” Lord Wanlongyuan was also extremely angry.

Suddenly, Lord Wanlongyuan's eyes lit up – he saw that Xu Ming was only focusing on attacking, but left a huge defensive flaw!

“This kid is too arrogant!” Lord Wan Longyuan attacked this flaw with excitement.

But then, the excitement of Master Wan Longyuan completely solidified – he saw that his attack could not even break Xu Ming's defense!

“How is it possible...” Lord Wan Longyuan was frightened and frightened.

Nothing is impossible!

You know, Xu Ming's strongest thing is defense! Among the same level, there are not many who can break through his defense; what's more, what about the Wanlongyuan Lord who is weaker than him?

In the panic of Wanlong Yuanzhu, Xu Ming's attack arrived – he deliberately revealed flaws, just to make Wanlong Yuanzhu make a wrong judgment! Originally, Lord Wan Longyuan could still have a few tricks with Xu Ming; if it was really not an opponent, there might be a chance to escape!

But now, Lord Wanlongyuan was entangled by Xu Ming, and the fierce attack wave after wave, was beaten without any resistance!

The attacks of other star masters around him fell on Xu Ming, and they were all sinking into the sea, and they had no effect!

too strong!

Even if the defense can't be broken, how can we fight this battle?

Each star master was so frightened that he fled out of the abyss!

“Escape?” A sneer appeared on Xu Ming's mouth.

call out-

call out-

Two black arrows cut through the void.

The weak star masters, under the pursuit of the heart-throwing arrow, can't even escape!

Soon Lord Wanlongyuan and hundreds of Star Lords were all slaughtered by Xu Ming!

"Too strong!" Tianji Star Master, Luo Shui, etc., all looked at it in horror – Xu Ming's power is far beyond their imagination!

"You're the only one left!" Xu Ming walked indifferently to the Holy Master – he deliberately left the Holy Master to kill at the end.

"You... Who are you?" The Holy Master looked at Xu Ming in horror and unwillingness. "Where did I offend you? You want to kill the entire Wanlong Abyss because of me?"

Xu Ming smiled indifferently: "Listen, the person who killed you is called 'Xu Ming'!"

Xu Ming?

The Holy Master always felt that this name was very familiar; but he couldn't remember who Xu Ming was.

In the next instant, Xu Ming's spear had already penetrated the divine body of the Holy Master!

The weak Holy Master died instantly! Until he died, he didn't know why Xu Ming wanted to kill him!

Chapter 1406: Resentment

In the Wanlong Abyss, all the powerhouses above the star master were killed; the remaining saints, like ants, are not worth mentioning!

Under Xu Ming's majesty, the existences below the saints in the Wanlong Abyss all surrendered and became slaves. But Xu Ming didn't have time to take care of them, so he directly threw these slaves to Saint Muxu and asked him to help manage them – to cultivate the loyalty of these slaves, and through the “Ten Thousand Worlds Hegemony System”, he could provide Xu Ming with some strengths and bonuses. to make.

Afterwards, the Heavenly Sacrifice Star Master also rescued all the other imprisoned great powers in the “Cangyan Tower” sphere of influence.

The remaining power of the “Cangyan Tower” faction is ready to directly use the Wanlong Abyss as the foundation to re-develop a force – this force will be loyal to Xu Ming and provide Xu Ming with a strength bonus!

but...

Xu Ming would not stay in such a small place for long. After all, Xu Ming still had to find the Heaven's Vault Gate.

Soon, Xu Ming drove the chaotic flying boat and embarked on the journey again. However, this time, Xu Ming was not alone, but had an additional Heavenly Sacrifice Star Master.

Inside the Chaos Flying Boat, Xu Ming and the Celestial Master were drinking each other.

“Xu Ming, I respect you with this cup!” The Heavenly Sacrifice Star Master sighed with emotion, “I really didn't expect that a thousand years ago, on a whim, I would give you a drop of Chaos Primordial Liquid; today, it will become my great opportunity!”

Thousands of years ago, in the eyes of the Celestial Lord, how weak Xu Ming was! At that time, the Lord of Heavenly Sacrifice saw that Xu Ming was not a creature in the Heavenly Sacrifice World, and guessed that Xu Ming might have an extraordinary background, so he gave Xu Ming a drop of Chaos Primal Liquid.

And that drop of Chaos Primordial Liquid has indeed given Xu Ming a great help!

But now, Xu Ming has become an existence that the Celestial Lord must look up to!

“This is the cause and effect between you and me!” Xu Ming took a drink with a smile, and asked, “Tianji, are you going to Duanjie Island to...?”

Xu Ming’s first destination in the endless chaos was Broken Boundary Island! It just so happened that the Celestial Lord was also going to Broken Boundary Island, so he would naturally go together.

Heavenly Sacrifice Star Lord said: “I want to join Broken Boundary Island! – A loose cultivator like me in the endless chaos, although free, is also easy to be bullied! Just like this Wanlong Abyss! But if I am Disciple of Broken Boundary Island, then, other great powers and forces must consider carefully before moving our Heavenly Sacrifice Realm!”

The Heavenly Sacrifice Star Master really had enough of the hardships of the loose cultivation, so he wanted to join one of the forces as a backer.

As the No. 1 trend in the “Millions of Realms” range, Broken Boundary Island is undoubtedly the best choice! Even being an outer disciple on Broken Boundary Island is much better than being a core disciple of other forces!

“Xu Ming, what about you?” Tianji Star Lord asked, “Do you also want to join Broken Boundary Island?”

Xu Ming shook his head: “I heard that there is a chaotic teleportation formation on Broken Boundary Island! I went to Broken Boundary Island just to borrow the Chaos Teleportation Formation!”

“Borrowing the Chaos Transmission Great Array?” The Celestial Master shook his head and said, “It’s very difficult!”

“It’s difficult?” Xu Ming couldn’t help but wonder, “I’m willing to pay for the teleportation fee, wouldn’t Broken Boundary Island also use the Chaos Teleportation Formation for me?”

“Brother Xu Ming doesn’t know anything!” said Tianji Xingzhu, “The Chaos Teleportation Formation on Broken Boundary Island was built just now with ninety-eighty-one chaotic worlds as the base of the formation; The price is extremely high, and it can’t even be solved by the Origin Stone of Chaos! – In Broken Boundary Island, at least one has to be a core disciple before he is qualified to use the teleportation formation! People who are not from Broken Boundary Island, even if they exist in the Xuanhuang realm, will not be able to use it. Jie Dao may not even pay attention to you!”

“It’s actually like this...” Xu Ming secretly said: It doesn’t seem easy to use the Chaos Teleportation Formation on Boundary Island! It seems that you have to become the core disciple of Broken Boundary Island first!

“Where is Brother Xu Ming going to be teleported?” Tianji Star Master asked with some side-effects—he had long guessed that Xu Ming was probably a descendant of a great power or a superpower; this time The place Xu Ming sent to was probably related to Xu Ming’s background. Out of curiosity, the Celestial Lord Star Lord only asked this question.

“I’m going to the Sky Gate!” Xu Ming said directly.

Xu Ming is the golden-clothed disciple of Cangqiongmen!

The golden-clothed disciple, in the sky gate, it is estimated that there is still a certain amount of gold! Xu Ming felt that when he went to the sky gate, he should be able to get a lot of resources to cultivate himself, so that he could grow up faster!

However, Xu Ming did not know where the Cangqiongmen was; even the “Star Map of the Absolute Beginning” did not indicate the location of the Cangqiongmen!

Moreover, the Chaos Transmission Formation of Broken Boundary Island can only be transmitted to the endless chaos not far away, and I am afraid that it cannot be directly transmitted to the Sky Gate at all. Xu Ming actually wanted to use the Chaos Transmission Formation on Broken Boundary Island to first go to a more prosperous place in the endless chaos, and then find a way to find out the location of the Sky Gate.

“Cangqiongmen?” Unexpectedly, when Tianji Star Master heard these three words, his face was shocked, “Are you a disciple of Cangqiongmen?!”

“That’s right!” Xu Ming said.

“No wonder...” Tianji Star Master said again and again, “No wonder your talent is so enchanting! No wonder you have grown so fast! – Sky Gate, it really lives up to its reputation!”

“Have you heard of Cangqiongmen?” Xu Ming’s eyes lit up and asked, “Then do you know where Cangqiongmen is?”

“Of course I’ve heard of it!” Star Lord Tianji gave Xu Ming a strange look, and continued, “It is said that countless epochs ago, the endless chaos we are in was the domain of the Sky Gate! Only later, The endless chaos here is getting more and more desolate, and it was directly regarded as a ruin by the sky gate and abandoned! As for the location of the sky gate... I don’t know!”

“Is there still such a thing?” Xu Ming secretly rejoiced in his heart – since this endless chaos was once the domain of Cangqiongmen, and even the Star Lord of Tianji had heard of Cangqiongmen; Disaster!

“But...” Tianji Star Master said, “After arriving at Broken Boundary Island, don’t inquire about the news about Cangqiongmen, let alone say that you are a disciple of Cangqiongmen?”

“Why?” Xu Ming couldn’t help but wonder.

The Heavenly Sacrifice Star Master explained: “I heard that... Long ago, Broken Boundary Island was a superpower in the endless chaos! But it was because of the Cang Qimen’s suppression of Broken Boundary Island that Broken Boundary Island became a ‘small one’. power’!”

Of course The “big forces” and “little forces” that Tianji Star Lord said at this time are all from the perspective of endless chaos! For the Celestial Lord and Xu Ming, the Broken Boundary Island is already a giant!

“Anyone who dares to mention Cangqiongmen in Broken Jie Island will not end well...” Tianji Star Lord said sternly, “If you let others know that you are a disciple of Cangqiongmen... I’m afraid you don’t want to leave Brokenjie Island alive. !”

“I understand!” Xu Ming said.

To put it bluntly, it is the grudge between the forces.

However, what kind of grievances are between Cangqiongmen and Broken Boundary Island, Xu Ming is too lazy to care! Whether it is Cang Qiongmen or Broken Boundary Island, Xu Ming just wants to use their resources to speed up his strength!

Only if the strength is strong enough can we help Gu Hanmo! And now Xu Ming is too weak!

Chapter 1407: Mr. Makoto Kita

Control the chaotic flying boat and shuttle in the endless chaos.

Finally, Xu Ming arrived at Broken Boundary Island.

“This is the overlord in the millions of realms – Broken Boundary Island?” Xu Ming looked at it from a distance, “Sure enough, the momentum is extraordinary!”

In the chaotic void, tens of thousands of chaotic worlds formed a large vortex array, slowly rotating.

In the center of the vortex array, there are 81 chaotic worlds as array bases, forming a huge chaotic transmission array.

And Xu Ming was just about to use this chaotic teleportation formation to go to the depths of endless chaos! After all, the endless chaos is too vast. If you just rely on the chaotic flying boat to hurry, you really don’t know how many years it will take to reach the real prosperous place in the chaotic country!

Xu Ming didn’t have that much time, wasting it on the road!

“It’s just... It doesn’t seem easy to borrow the Chaos Teleportation Formation from Boundary Breaking Island!”

You must at least become the core disciple of Broken Boundary Island before you can use the Chaos Teleportation Formation!

“It doesn’t matter...” Xu Ming secretly said, “My current strength is still too weak, even if I go to Cangqiongmen with a golden robe, I may not have much status! Just on this Boundary Island, I will cultivate for a while and improve my cultivation. For it!”

Sky Gate is obviously much stronger than Boundary Breaking Island! Like the territory currently ruled by Duanjie Island, it is just a “ruin” that can’t be seen by Cangqiongmen!

Xu Ming can become the core golden disciple of Cang Qiongmen, so what is the difficulty of becoming the core disciple of Broken Boundary Island?

As for Cangqiongmen, the mortal enemy of Broken Boundary Island? – What’s the matter with Xu Ming?

“Let’s go!” Xu Ming rode the chaotic flying boat and flew to the surrounding chaotic world.

In the Jieyin world, there is a circular earth made of jade, which is comparable to the size of a continent in the Divine Realm.

The rest of the world is shrouded in the endless fog of formation; even Xu Ming can’t see through the mystery at all. Come to think of it, the one who laid down the foggy formation must be a super existence on Boundary Island!

It is very likely that it is the Xuanhuangjing or even a stronger existence!

When Xu Ming landed on the Jade Continent, there were already hundreds of powerful people on this continent.

In the center of the mainland, an old man with white eyebrows and long beard was sitting cross-legged with his eyes closed, as if he was in a state of concentration.

Xu Ming’s attention was immediately attracted by the old man.

“Xuanhuangjing!” Xu Ming immediately concluded, “Furthermore, it is a Xuanhuangjing that is much stronger than the Great Emperor Wanshi!”

Xu Ming was instantly apprehensive, and he couldn't help thinking to himself: "As expected of the Broken Boundary Island! Even the guards at the gate are actually powerful beings in the Xuanhuang realm!"

Xu Ming looked at the others again.

Most of these hundreds of great powers are at the star master level; there are star masters from the first rank to the ninth rank of star masters, with different strengths.

There are only five of them, and they exist in the Chaos Realm! However, they are only the first-order and second-order Chaos Realm – four first-order Chaos Realm, surrounded by the only second-order Chaos Realm; hundreds of star masters, like the stars and the moon, surround this Around the second-order chaos realm.

"I'm afraid this person has some background!" Xu Ming looked at the second-order Chaos Realm and secretly said.

If it is an ordinary second-order Chaos Realm, it will not make the four First-Order Chaos Realm show such an attitude!

Moreover, this second-order Chaos Realm looked extremely rebellious; from beginning to end, he never raised his eyes to look at Xu Ming.

"Two!" A voice transmission sounded in the minds of Xu Ming and Tianji Star Master. It was the first-order Chaos Realm with cold eyes like a falcon. "Do you know the rules for entering the island?"

Tianji Star Lord said: "I know!"

If you want to enter Broken Boundary Island, you must first pass the island entry test.

Entering the island is both a test and an opportunity!

In the test, although there is danger, there is also a chance to harvest a lot of treasures – after all, a big force like Broken Boundary Island, just plucking its legs and hairs is enough to make ordinary Star Lords and Chaos Realm die!

In the assessment, those who perform well can become disciples on the outer islands, or even disciples on the inner islands! Even if the performance is not good enough, they can usually bring some treasures out to show the generosity of the Broken Boundary Island.

Of course, the same person can only participate in the island entry assessment three times at most; moreover, there must be a long period of time between them.

However, from time to time, there will be great powers in the endless chaos, coming to Broken Boundary Island to participate in the island entry assessment!

Ordinary star masters and chaotic realms, once they join Dangjie Island, it is equivalent to finding a big backer; within the range of millions of realms, no one dares to provoke the disciples of Dangjie Island! Even if the Mysterious Yellow Realm exists, before bullying the disciples of Broken Boundary Island, they must think twice!

After all, the existence of Xuanhuangjing in Broken Boundary Island is not rare!

The Chaos Realm with cold eyes continued to say coldly and proudly: “I, Bei Zhenhe, now give the two of you a chance!”

“Chance?” Xu Ming did not speak, waiting for him to continue.

The Heavenly Sacrifice Star Master explained to Xu Ming through sound transmission: “The ‘Beizhen’ clan is a great force in the endless chaos of this side; it is said that there is still a great power in the Xuanhuang realm in the family! There is a genius in the Beizhen clan. In Broken Boundary Island, I am deeply liked by a certain elder, and I am very hopeful to become the core disciple of Broken Boundary Island!”

The core disciples of Broken Boundary Island are very few in number and have a very high status!

Every core disciple will be cultivated by the Broken Boundary Island, and almost 100% will become the existence of Xuanhuangjing!

At this time, Bei Zhenhe continued: “You should also know that the selection of disciples on Duanjie Island is very strict! Otherwise, Duanjie Island would have been flooded with disciples and overcrowded! So...”

Speaking of this, a trace of contempt flashed in Bei Zhenhe’s eyes: “People like you have little hope of even becoming a disciple of the outer islands!”

The Heavenly Sacrifice Star Lord didn’t hide his aura, and it was easier to see that he was a star-lord level existence.

And Xu Ming has a little hidden momentum, but because he acted with the Star Lord, Bei Zhenhe directly assigned Xu Ming to the level of the Star Lord!

He exists in the Chaos Realm, and naturally looks down on the mere two “star masters”.

Moreover, it is indeed difficult for the star master to pass the entrance examination to become a disciple of the outer islands!

“This one is the genius of my Beizhen clan – Beizhenhai!” Beizhenhe pointed to the second-order Chaos Realm beside him, and said, “This assessment of Beizhenhai is aimed directly at the inner island disciples. Come on! You can’t pass the assessment and become disciples of the outer islands anyway, so come and help; as long as Beizhenhai successfully passes the assessment and becomes disciples of the inner islands, each of you will be rewarded with a Chaos Origin Stone! Moreover, you will get a chaotic source stone in the assessment. All the treasures belong to you!”

At this time, Beizhenhai was also imposing, and his demeanor was extraordinary.

“Help?” Xu Ming understood in an instant – Bei Zhenhai was not strong enough to pass the Inner Island Disciple Assessment, so he wanted to “hire” someone to help!

Hire someone to help, just hire someone to help, you have to put money on your face and praise yourself as a genius!

Thinking of this, Xu Ming said directly: “No need, we still like to participate in the assessment ourselves!”

“Huh!?” When Bei Zhenhai heard the words, his face suddenly sank.

Bei Zhenhe even said coldly: “I have already invited you out, but you dare to refuse? Are you not giving us Beizhen’s face?”

Chapter 1408: Very Dangerous

“I’ve already invited you out, but you dare to refuse? Are you not giving us Beizhen’s face?”

Beizhen’s prestige, after all, has deterred this party for endless years of chaos; like the Wanlongyuan master who was killed by Xu Ming, if he faced the great power of Beizhen’s, he probably wouldn’t even dare to take a breath!

Therefore, when Tianji Xingzhu saw Beizhenhe’s anger, his face changed slightly, and he said again and again: “Xu Ming, let’s make a fool of yourself first, and don’t conflict with Beizhen’s great power head-on!”

Xu Ming said indifferently: “It doesn’t matter! It’s just a few clowns jumping on the beam!”

“Xu Ming...” Seeing that Xu Ming was so arrogant, Tianji Xingzhu couldn’t help but get more anxious, “That’s the Beizhen Clan! Offending the Beizhen Clan, I’m afraid it will be difficult to walk in this chaos in the future...”

Xu Ming just smiled disdainfully.

Kita Shinji is strong?

Can it be stronger than the Broken Boundary Island?

The Beizhen Clan is indeed a big force in the chaos of this side, this is true! But compared with Broken Boundary Island, it is not worth mentioning!

Within the jurisdiction of Broken Boundary Island, there are not one thousand but eight hundred forces such as the Beizhen clan.

And Xu Ming, in this island entry assessment, will definitely become a disciple of the inner island! After entering Broken Boundary Island, with Xu Ming's strength and talent, how difficult was it to become a core disciple?

No matter how strong the Beizhen clan is, would they dare to provoke the core disciples of Broken Boundary Island?

What's more, Xu Ming didn't plan to stay on Broken Boundary Island for a long time! He was going to the very depths of endless chaos, so how could he stay in this desolate "ruin" all the time?

So, Kita Shinji? If you are offended, you are also offended, so what does it matter?

Xu Ming had never put Beizhen Clan in his eyes!

The funny thing is that Beizhenhai, Beizhenhe, etc., relying on their own being the children of Beizhen's clan, are extremely arrogant and invincible! Even the vassals surrounding them looked at Xu Ming with malicious expressions.

"Boy, I'll give you one last chance! Come here now and help honestly, I can ignore your rudeness!" Bei Zhenhe seemed very generous.

The surrounding vassals of the star master level are even more clamoring:

"Come here soon!"

"There are a lot of seniors of the Beizhen Clan, and you won't care about your rudeness just now! But if you still insist on it and don't regret it, then you will really embark on a road of no return!"

The Star Lord of Tianji couldn't help but look at Xu Ming: "Brother Xu Ming, there is no need to fight with the Beizhen Clan! This time there are experts from the Beizhen Clan in this island entry assessment, so let's bow our heads a little first! "

From the Star Lord's point of view, even if Xu Ming could become a disciple of the inner island, it would be very difficult for him to become the core disciple of Broken Boundary Island! After all, the requirements for the core disciples of Broken Boundary Island are too high; one cannot become a core disciple with a fast cultivation speed.

But if it's just a disciple from the inner island, they can't provoke a power like Beizhen Clan; when it's time to bow, Xu Ming should bow his head a little!

Xu Ming ignored the Heavenly Sacrifice Star Lord, but looked at Beizhenhai, with a sneer on the corner of his mouth: "Just him? Genius?"

Beizhenhai's expression suddenly became extremely gloomy. He is a super genius of Beizhen's generation, and has the potential to impact the disciples in the island of Broken Boundary Island! On weekdays, which voice he hears is not the voice of admiration and worship? But now, he was questioned disdainfully by Xu Ming, how could he not be angry?

Bei Zhenhe on the side even shouted fiercely, "Looking for death!"

"Ha! Is what I said wrong?" Xu Ming still had a sneering expression, "Bei Zhenhai, if you were really a genius, you wouldn't hire so many people to participate in the assessment with you!"

If you want to directly become a disciple of the inner island in the island entry assessment, there are three requirements:

One, the age cannot be too old, it must be within one trillion years old.

Second, the cultivation base must reach the second-order chaos realm.

Three, in the assessment formation, 800 assessment orders were collected!

One trillion years old... It seems to be an extremely old and extremely long age! But you must know that in a trillion years, it is very difficult to achieve a saint, let alone achieve chaos! Moreover, it cannot be the chaotic realm achieved by the method of pulling the seedlings and encouraging them.

The method of pulling the seedlings and encouraging them may create the first-order Chaos Realm, but it will also lose their potential, and it is almost impossible to step into the second-order Chaos Realm. It has been cultivated by the method of pulling seedlings to promote growth, and its potential has been exhausted.

And if you want to collect 800 assessment orders, you must defeat the strongest phantom beast in the assessment array! The Eudemons of the third-order Chaos Realm!

Second-order Chaos Realm, how difficult is it to defeat the third-order Chaos Realm?

Therefore, geniuses who want to become an inner disciple directly in the island entry assessment will generally pass the inner island disciple assessment by using the same method as Bei Zhenhai, using the method of “hiring a helper”.

So, it’s not that Bei Zhenhai is not talented enough, but other geniuses do the same, as long as they don’t do it too much, for example, don’t invite masters above the third-order Chaos Realm to “train”, for example, don’t bring a group of masters directly from the family.” sparring”; then, Broken Boundary Island usually turns a blind eye to pass the assessment.

Only those geniuses who are truly amazing, who have cultivated to the third-order Chaos Realm and above in less than a trillion years, can truly rely on their own strength and pass the assessment of the inner island disciples!

Of course, such a genius does not even need to be assessed, and Boundary Island will welcome it! After all, within a trillion years, you have cultivated to the third-order Chaos Realm or above; this shows that there is a great possibility of entering the Mysterious Yellow Realm in the future, and the powerhouses of the Xuanhuang Realm in the future, wouldn’t the Broken Boundary Island not welcome them?

But it is clear that Bei Zhenhai has not yet reached the level of “stunning and stunning”! Therefore, in the face of Xu Ming’s ridicule, he could not refute it; however, the murderous aura on his body erupted instantly.

“Cough!” A soft cough sounded, and it was the white-browed and long-bearded Profound Yellow Realm powerhouse sitting in the center of the continent.

“You can make a noise, but do it here, die!” the old man said lightly. But no one dared to provoke his words.

“Humph!” Bei Zhenhai snorted and said with a sneer, “I hope you will dare to step into the assessment formation after a while! By the way, let me remind you that the assessment formation is very dangerous! die in there!”

In the assessment formation, you can't help but fight! Bei Zhenhai's words clearly meant a strong threat!

Xu Ming just smiled casually, and said meaningfully: "Indeed, it is very dangerous in the assessment formation!"

"Xu Ming..." The Celestial Master couldn't help but worry about Xu Ming. He knew that even the inner island disciples of Broken Boundary Island couldn't provoke such a big power as the Beizhen Clan!

"A dying person, still dare to take advantage of his words?" Bei Zhenhai looked at Xu Ming with the eyes of a dead person.

From his point of view, whether Xu Ming participated in the island entry assessment or left now, he could not escape death! Beizhen clan, how can you be humiliated casually?

At this time, Bei Zhenhai looked at Tianji Star Lord again, and sneered: "Your companion is already a dying person; if you know each other, come to my side, and I will give you a way to live!"

Before Bei Zhenhai said these words, he observed the demeanor of the star master of Tianji; he could see that the star master of Tianji was still quite afraid of himself, and he should know how to make the right choice.

"Humph!" After speaking, Bei Zhenhai looked at Xu Ming proudly, and hummed, "I only need one sentence to make you betray your family!"

Chapter 1409: North Zhenheng

"I only need one sentence to make you betray you!"

Beizhenhai is extremely arrogant.

He was born into a big family called "Beizhen Clan", so why did he ever take a loose cultivator like Xu Ming in his eyes?

Xu Ming didn't bother to pay attention to this clown jumping on the beam at all, but quietly paid attention to the reaction of the Tianji Star Master. If the Tianji Star Master really went to the Beizhen Clan, then Xu Ming could only say that he was wrong and didn't recognize it. A prospective friend.

Fortunately, although the Star Lord of Tianji is afraid of Beizhen's strength, he will not do such a thing of abandoning his friends because of this. He stood beside Xu Ming without saying a word, and expressed his intentions to Bei Zhenhai.

"Huh?" Bei Zhenhai's expression changed again to the act of offering sacrifices to the Star Lord, which was undoubtedly an expression of not giving him face; it could even be said that he was slapped in the face.

"Good! Good! Good! Very good!" Beizhenhai laughed angrily, "How dare the two loose cultivators in the endless chaos dare to challenge my authority of the Beizhen clan? Very good! Very good!"

"Humph!" Bei Zhenhe and other experts also snorted coldly, looking at Xu Ming and Xu Ming as if they were dead.

Immediately, everyone stopped talking and stopped paying attention to Xu Ming. But the Heavenly Sacrifice Star Master knew that they had offended the Beizhen Clan, and things would not be so easy to calm down.

...

Not long after.

There are also several star masters who have arrived in this chaotic world; obviously, they all came to participate in the island entry assessment of Broken Boundary Island.

After being fooled for a while, these new star masters all turned to the Beizhen clan. They looked at Xu Ming and Tianji Star Master a little strangely, and couldn't help but ask, "What's the matter with these two?"

Bei Zhenhe sneered disdainfully: "It's just two people who are about to die!"

Immediately, the new star masters all understood that Xu Ming and the star master of Tianji must have offended the Beizhen clan!

These star masters couldn't help but feel a moment of silence for Xu Ming and the two: "Two loose cultivators who don't know their origins dare to offend the genius of the Beizhen clan? I'm afraid they are dead!"

How can the majesty of the Beizhen clan be provoked casually?

The Heavenly Sacrifice Star Master couldn't help but secretly said: "Xu Ming, otherwise, we don't want to participate in this island entrance examination... Before the Beizhen clan's masters come, let's leave the Broken Boundary Island! With your Strength, leave now, no one can stop you; moreover, with the endless chaos and vastness, it is impossible for the Beizhen clan to chase and kill you at all costs for such a trivial matter!"

From the Star Lord's point of view, it is the most correct way to leave Boundary Island immediately. Otherwise, even if Xu Ming became a disciple of the inner island of Broken Boundary Island, the Beizhen Clan would still have a way to deal with him!

"No!" Xu Ming said lightly.

The mere Beizhen clan, Xu Ming really didn't take it seriously at all!

"Alas..." Seeing that Xu Ming would not listen to the persuasion, Tianji Xingzhu sighed weakly, and said in his heart, "Brother Xu Ming saved me between life and death, and also killed Wanlongyuan Lord to avenge me! If you die on Broken Boundary Island, you should return your life to Brother Xu Ming!"

Time goes by.

Xu Ming found a clean place and practiced cross-legged, without caring about Beizhen's affairs at all.

"It would be great if I could break through to the level of a saint... In that case, my strength will definitely soar by several orders!" Xu Ming secretly said, "But... breaking through from a quasi-

sage to a saint is too difficult! After practicing for dozens of hundreds of years, I still haven't been able to break through!"

If Xu Ming's thoughts were heard by other great experts, how would he feel?

Do you want to break through to the level of a saint after practicing for hundreds of years? Really dare to think!

Even if the word "billion" is added after "tens or hundreds", I am afraid that few geniuses can do it, right?

However, how do the other great powers know that Brother Ming is dead! Moreover, with Xu Ming's increasingly dazzling talent, the speed of cultivation will definitely become faster and faster!

...

During Xu Ming's retreat and cultivation, a reckless figure descended into this chaotic world.

"Big brother!" Bei Zhenhai was overjoyed and went up to meet him.

The person here is his eldest brother, a disciple of the island of the island of Broken Boundaries, and also the real first genius of the Beizhen clan, Bei Zhenheng!

Bei Zhenheng first bowed respectfully at the old man with white eyebrows and long beard: "Elder Jun!"

Then, he looked at Bei Zhenhai: "Behave well, I'll wait for you at the inner door!"

"Yes!" With the big brother in the lineup, Bei Zhenhai immediately became more confident in the assessment of entering the island.

...

Unconsciously, in the chaotic world, a thousand powerful people have gathered.

Moreover, except for Xu Ming and the Celestial Lord, the other great powers “wisely” chose to attach themselves to Beizhenhai. Offending such a powerful force as Beizhen Clan.

“The number of people is enough! Enter the island assessment, open!” The white-browed long-bearded old man said indifferently, “The assessment formation has been opened, you can enter the assessment formation from all directions; defeat the phantom beasts, get the assessment order! Assessment time, It lasts for one month! In the entire large formation, there are a total of 1,000 assessment orders! If you get 800 yuan, you can become a disciple on the inner island; if you get 20 yuan, you can become a disciple on the outer island!”

Eight hundred yuan, you can become an inner island disciple; 20 yuan, you can become an outer island disciple. That is to say, one assessment can produce at most one inner island disciple and ten outer island disciples!

“Finally, the assessment has started!” Xu Ming stopped practicing instantly and stood up like a spear soaring into the sky. Imposing manner, very extraordinary.

“Humph!” Seeing this, Bei Zhenhai sneered, “Are you very majestic? I didn’t expect you to be a little daring! I thought you would escape before!”

Xu Ming didn’t bother to pay any attention to the clamor of the jumping clown, and headed towards the assessment formation on his own.

The assessment formation is a terrifying formation arranged in the entire chaotic world! The continent under Xu Ming’s feet, no matter which way he goes, he can enter the assessment formation.

“Ha! You really dare to enter the assessment formation?” Bei Zhenhai couldn’t stop sneering, “Boy, don’t forget, I reminded you that the assessment formation is very dangerous!”

Xu Ming finally glanced at Bei Zhenhai indifferently, his eyes were icy cold, without a trace of expression.

At this moment, Bei Zhenhai felt a palpitating feeling for some unknown reason; this feeling of palpitations didn’t disappear until Xu Ming took the Heavenly Sacrifice Star Master into the assessment formation.

“What’s wrong with me?” A trace of shame flashed in Bei Zhenhai’s heart. Obviously, he was frightened by Xu Ming. For him, this was an extremely shameful thing!

Because Xu Ming’s eyes just now were aimed at Bei Zhenhai alone, so the others around him didn’t feel the horror of those eyes just felt that Xu Ming was very arrogant.

“What an arrogant boy!”

“Senior Beizhenhai, as long as you give an order, we will immediately kill that kid!” A star master said flatteringly that although his age is much older than Beizhenhai, in the endless chaos, the best is the first; Therefore, this star master must honestly shout “senior” when facing Beizhenhai.

“Forget it!” Bei Zhenhai subconsciously blurted out because he was a little afraid of the look in his eyes just now, “The business is important, let’s go collect the assessment orders first! After all, time is running out, if you miss the business for the sake of that kid, That’s not worth it!”

“exactly!”

A group of vassals joined in one after another.

“You can deal with such arrogant and ignorant people at any time! When there is a chance, just kill it at will. There is no need to waste time on him!”

“The more ignorant the weak, the more arrogant! Who is a master with a little vision, who doesn’t know the power of the ‘Beizhen Clan’?”

These vassals are quietly flattering Kitajin.

Even Bei Zhenheng looked at Xu Ming entering the direction of the assessment formation, with a cold expression on his face: “This kid is as arrogant as you said! You are in the assessment, get rid of him if you have the opportunity, don’t let it go. The name of our Beizhen clan!”

In Bei Zhenheng’s eyes, Xu Ming was just an ant, not worth mentioning.

...

One after another, the masters followed the Beizhen clan and entered the assessment formation from another direction. They were closest to the third-order phantom beasts in the Chaos Realm that they wanted to hunt, which was most conducive to the assessment!

Only the white-browed long-bearded old man “Elder Jun”, who had been sitting quietly, suddenly flashed a bright light in his eyes, and muttered in his heart, not knowing who he was evaluating: “That kid, it’s interesting! It’s not as simple as it looks on the surface!”

Chapter 1410: The Way To Make Money

The assessment formation is based on a whole chaotic world.

Moreover, the space in the entire large array is severely distorted and compressed; even if the Chaos Realm exists, it will be suppressed by the space inside.

Xu Ming and Tianji Star Master only felt that they were in the assessment formation with a flickering in front of their eyes; the distorted space with phantom colors made them unable to see the distant scene.

“Brother Xu Ming!” As soon as the Celestial Lord entered the great formation, he looked at Xu Ming with a wry smile, “Now, you have offended the Beizhen Clan to death!”

“If you are offended, you will be offended!” Xu Ming said nonchalantly.

The Heavenly Sacrifice Star Master became more and more speechless: “Brother Xu Ming, do you think that when you enter Duanjie Island, the Beizhen Clan will not be able to help you? If you think so, then you are very wrong! – Duanjie Dao disciples are indeed very deterrent to those small forces! However, the Beizhen clan is not a small force; within the Beizhen clan, there are people in the Xuanhuang realm, even the inner island disciples of the Broken Boundary Island. Don’t dare to offend the Beizhen Clan at will!”

The Heavenly Sacrifice Star Master has another sentence that he didn’t say clearly: What’s more, you are not a disciple of Broken Boundary Island, let alone a disciple of Inner Island!

“Really?” Xu Ming still had an expression of disdain, “What if he is the core disciple of Broken Boundary Island?”

“Core disciple...” The Celestial Lord was taken aback for a moment.

The core disciple is the treasure of the Broken Boundary Island; in terms of status, it is no less than the existence of the Xuanhuang Realm in the Broken Boundary Island! If it is a core disciple, there will be no problem with offending the Beizhen Clan; but...

Tianji Star Master smiled bitterly: “There are only a handful of core disciples on Broken Boundary Island; how difficult is it to become a core disciple? This is not something that can be done quickly...”

From the Star Lord’s point of view, Xu Ming should have entered a secret realm where time and space were chaotic, and spent a long time in the secret realm before he has the current strength; I am afraid that he is still far from the requirement of becoming a core disciple!

After all, Broken Boundary Island dominates the “millions of realms”, what kind of genius has not seen before?

It’s just... How could the Star Lord of Heavenly Sacrifice imagine that, Xu Ming is a core disciple in Cangqiongmen; what’s more, is it a force in the “ruins” of Broken Boundary Island?

However, Xu Ming did not bother to explain it. He smiled casually and said, “Let’s see first, what’s in this assessment array!”

“Okay...” The Heavenly Sacrifice Star Lord had no choice but to say. He can only pray now, it is best to find enough assessment orders to become a disciple of the outer islands first! Maybe, Beizhen Clan will look at the status of “outer island disciple” and not care about them.

The two walked aimlessly in the assessment formation.

“I don’t know much about this assessment formation!” said the Celestial Lord, “I only know that in this formation, the main danger is phantom beasts!”

“Eudemons?”

“Yes!” The Celestial Master continued, “Eudemons are strong and weak, with different strengths! The strongest Eudemons can reach the third-order Chaos Realm; the weak Eudemons are only at the Star Master level! Strong phantom beasts, guarding the more precious treasures and the more assessment orders!”

“Yeah!” Xu Ming nodded slightly—whether it was a third-order phantom beast in the Chaos Realm, or a phantom beast at the star master level, it didn’t pose any threat to him, and there was nothing to be afraid of.

“Huh—” Suddenly, Xu Ming’s eyes widened, staring blankly ahead.

Seeing this, the Celestial Master couldn’t help but look in the direction of Xu Ming’s gaze. This look... darling! On the ground ahead, there is actually a small pool of Chaos Primal Liquid!

Although it is only a small pool, there are probably dozens of squares, equivalent to hundreds of millions of drops!

“This Broken Boundary Island is really rich and powerful! If you randomly encounter a treasure, it turns out to be hundreds of millions of drops of Chaos Primordial Liquid!” Xu Ming was secretly shocked—you know, there are only a few hundred million drops of Primal Chaos Primal Liquid all over his body. , or work hard to buy and sell! And now, just stepping into the assessment formation, the first treasure I encountered was actually quite Xu Ming’s entire net worth!

Without hesitation, Xu Ming immediately walked towards the chaotic primordial liquid in this small pool.

“Be careful!” Tianji Star Lord shouted, “I am afraid that the phantom beasts guarding these chaotic primordial liquid will not be weak...”

As soon as the voice of the Celestial Lord star fell, there was an illusionary beast in the void. The phantom beast is covered with thorns all over its body, and its aura is ferocious, and it has already reached the second-order Chaos Realm!

...

Outside of the examination array.

Elder Jun and Bei Zhenheng both watched the situation in the assessment formation.

Bei Zhenheng's attention was mainly on Bei Zhenhai; while he looked, he nodded frequently: "Yes, as soon as he entered the assessment formation, he went straight to the place where the third-order phantom beast of Chaos Realm was!"

That third-order phantom beast in the Chaos Realm guards hundreds of assessment orders! If you don't defeat it, you won't be able to get 800 pieces of assessment order and become a disciple of the inner island.

And Beizhenhai's goal is to go to the "Inner Island Disciple"; of course, as soon as you come up, you must first find a way to defeat the third-order phantom beast in the Chaos Realm!

Of course, with the cultivation of the second-order Chaos Realm in Beizhenhai, it is definitely not the opponent of the Eudemons in the third-order Chaos Realm! But now, there are nearly a thousand helpers in Beizhenhai!

"Huh?" Suddenly, Bei Zhenheng turned his attention to Xu Ming couldn't help sneering, "This kid is too greedy! As soon as he saw so much chaotic primordial fluid, he went up so impulsively. Don't he know that the more treasures there are, the stronger the guardian eudemons will be?"

Sure enough, as Bei Zhenheng expected, a powerful phantom beast of the second-order Chaos Realm quickly appeared and killed Xu Ming.

"It's really courting death!" Bei Zhenheng didn't know Xu Ming's strength, but felt that Xu Ming's aura was very general, probably only at the "star master" level. Therefore, in Bei Zhenheng's view, Xu Ming encounters a second-order phantom beast in the Chaos Realm, and I am afraid he will die.

But then, Bei Zhenheng was completely stunned!

I saw Xu Ming's spear lifted and shot out! With just one shot...the phantom beasts of the second-order Chaos Realm were completely slaughtered!

“What!?” Bei Zhenheng almost jumped up – he never thought that Xu Ming’s strength was so strong!

Kill the second-order Chaos Realm with one shot! Doesn’t that mean that Xu Ming has the strength of the third-order Chaos Realm?

“No wonder this kid dares to be so arrogant! It turns out that he has some strength!” Bei Zhenheng’s face was ugly, “But...the third-order Chaos Realm dares to offend me Beizhen clan? I don’t know whether to live or die!”

Elder Jun’s face was as usual, but he was still slightly surprised in the depths of his eyes: “Sure enough, this kid is not simple!”

...

In the inspection team.

As Xu Ming killed the second-order phantom beast in the Chaos Realm, there were actually two chaotic origin stones that “exploded” from the phantom beast.

“Huh—” Xu Ming’s eyes lit up, and he quickly put it away.

The Heavenly Sacrifice Star Master explained: “The chaotic phantom beasts guarding treasures will leave behind chaotic origin stones after death! However, the phantom beasts guarding the assessment order will not have chaotic origin stones!”

“Really?” Xu Ming’s eyes suddenly lit up again, as if he had found a way to make money all at once. For him, the Origin Stone of Chaos is a high-level hanging point!
