

# A World 1461

## Chapter 1461: It'S Just For Stepping!

“In any case, the Lord of the Walking Corpse would not dare to attack you!”

Shadow is extremely confident in the deterrent power of the Sword Song King.

“Yeah!” Xu Ming nodded slightly.

In fact, Xu Ming is still a little bit afraid of the Lord of the Walking Corpse now.

After Xu Ming shines in the Ten Thousand Domain Genius Battle, his identity and status will definitely soar in an instant, rising to a height that the Hall Master of the Walking Corps cannot climb! At that time, the Lord of the Walking Corpse would no longer be a threat to Xu Ming.

Of course, Xu Ming was too lazy to say these words.

...

Soon, all the great powers changed the topic and no longer put the topic on the Lord of the Walking Corpse.

“Xu Ming, do you know that this Ten Thousand Domain Genius Battle is not something you can participate in if you want to!” Shadow said with a smile.

“Oh?” Xu Ming listened curiously.

“We Jiansong Chaos Country, there are only 30 places to participate in the war! And it is required that the cultivation base must not be higher than the Chaos Realm, but the strength must be at least the limit of the Chaos Realm; moreover, the age cannot exceed an era!” Shadow said.

“Thirty?” Xu Ming was a little surprised, “In our Chaos Kingdom, there are thirty geniuses who are at least at the limit of the Chaos Realm. Dare to participate in the Ten Thousand Domains Genius Battle?”

You must know that the survival rate of the Wanyu Genius Battle is only 1 in 10,000!

That is to say, the geniuses who go to participate in the Ten Thousand Domains Genius Battle are basically mortal. Under such circumstances, there are still thirty geniuses who are at the limit of the Chaos Realm, or even at the “extreme peak”, who dare to “send death”; this makes Xu Ming unable to help but be shocked!

“Thirty places, in fact, is far from enough!” Shadow said, “At that time, there will be envoys from the sky gate, who will come to confirm the number of places to participate in the war! Only after confirmation will they be taken to the initial land!”

“The messenger of the sky gate?” Xu Ming’s eyes lit up.

“That’s right!” said the shadow, “Our Sword Song Chaos Kingdom, and even the Ten Thousand Kingdoms of Yubei, are all vassal states of the sixth-rank forces of the Cang Qiongmen!”

...

Xu Ming and Zhong Da Neng just chatted like this.

After all, Xu Ming had just entered the Endless Chaos, and he had never heard of many things; after some small talk, Xu Ming had learned a lot about the Endless Chaos.

At least, I have a good understanding of the third-grade forces in Jiange Chaos.

“The Jiuyou Lake of the Jiuyou lord is very magical! It is said that there was a fragment of the Chaos Supreme Dao that fell into the Jiuyou Lake; over time, the Jiuyou Lake has become extremely magical, and the cultivation level is less than chaos. At the ninth rank, in Jiuyoutan, the cultivation speed can reach ten times, or even a hundred times!” Master Wan Jian laughed and told Xu Ming about the special features of various forces.

The lord of Jiuyou is a little proud: “In our Jiansong Chaos Country, almost every genius who is at the top of Chaos Realm has been to my Jiuyoutan to practice!”

“Cultivation speed is ten times, a hundred times faster!?” While Xu Ming was shocked, his eyes were even more fiery.

Seeing this, Lord Jiuyou, of course, knew that Xu Ming wanted to enter Jiuyoutan for cultivation, so he could not help sighing: “Xu Ming, Jiuyoutan is only useful for the cultivation level below the ninth order of Chaos Realm! If the cultivation base reaches the ninth order of Chaos Realm, then It doesn’t work anymore!”

“Lord Jiuyou!” Xu Ming said sternly, “Please also open Jiuyoutan and lend me to practice for a while!”

“Little brother Xu Ming, it’s not that I don’t want you to enter Jiuyoutan to cultivate, but that after you reach the ninth order of Chaos Realm, there is really no benefit to cultivating in it...” Lord Jiuyou was talking when suddenly, his His face suddenly turned to one side, he thought of something, and asked, “Xu Ming, could it be that... your cultivation has not reached the ninth order of Chaos Realm!?”

Lord Jiuyou thought of this possibility. Otherwise, why did Xu Ming insist on entering Jiuyoutan to practice?

“what!?”

“how is this possible!?”

“How could Xu Ming’s cultivation base not reach the ninth order of Chaos Realm?”

In the Prehistoric Alliance, all the great powers said subconsciously.

In the endless chaos, it is difficult to judge directly, unless you use some special treasures.

Without the help of special treasures, if you want to judge a person’s cultivation, you will usually judge from the strength he shows.

For example, Xu Ming's strength is at the legendary level of Chaos Realm. Therefore, all the great powers naturally place Xu Ming's cultivation in the "Ninth Order of Chaos Realm"! Because, the highest cultivation base is only the ninth order of the Chaos Realm, and the next level is the Xuanhuang Realm; and the strength is the peak of the Chaos Realm, the limit of the Chaos Realm, the extreme peak of the Chaos Realm, and the legend of the Chaos Realm!

The legend of Chaos Realm is "four small steps" higher than the ninth order of Chaos Realm!

You know, at the Chaos Realm level, how difficult is the leapfrog battle? After all, those who can cultivate to the chaotic realm are not fools or mediocrities; everyone has trump cards and will not be easily defeated by leapfrog! The more "four small steps", it is already a legend!

And now, listening to Xu Ming's words, it seems that his cultivation level is not even the ninth order of Chaos Realm?

Swish! Swish! Swish! ...

One after another, he looked at Xu Ming, waiting for Xu Ming to answer Xu Ming smiled and said, "My cultivation level has not reached the ninth order of Chaos Realm..."

what! ?

Shocked!

The cultivation base has not yet reached the ninth order of Chaos Realm, and already has the strength of Chaos Realm legend! Doesn't that mean... Xu Ming's strength has at least surpassed the "five minor levels"?

"Xu Ming, what is your current cultivation base..." Shadow couldn't help asking.

Xu Ming smiled without saying anything about his true cultivation, how could he say it? If the great powers of the Great Desolate Alliance knew that Xu Ming's cultivation was only at the level of a saint, and he was far from the Chaos Realm, I really don't know what kind of uproar would be caused!

“Hey” Seeing that Xu Ming did not answer, the great powers took a deep breath again. This shows that Xu Ming’s cultivation level may not even reach the eighth order of Chaos Realm!

In other words, Xu Ming has at least surpassed the “six small steps”, or even more!

“What kind of evildoer is this!?” All the great experts couldn’t help but have this thought in their hearts.

It’s just that the shadows, Jimo Mountain Lord, Master Wanjian, Lord Jiuyou and other great masters do not know that although they have exhausted their imaginations, Xu Ming is still countless times more evil than they imagined!

Xu Ming would never calculate how many small steps his strength had surpassed his cultivation base;

“Xu Ming!” Lord Jiuyou said sternly, “Jiuyoutan can be opened for you at any time!”

“Thank you Lord Jiuyou!” Xu Ming said, if Jiuyoutan can really increase the speed of cultivation by ten or a hundred times; then, before the start of the Ten Thousand Domain Genius Battle, Xu Ming’s cultivation base and strength may be further improved. A level or two! In that case, there really isn’t a single top genius in the entire endless chaos who can catch Xu Ming’s eyes!

Of course, even now, Xu Ming has never put any genius in his eyes!

In Xu Ming’s cognition, the so-called genius? It’s just for stepping!

## Chapter 1462: 9 Secluded Pool

After coming out of the Honghuang Alliance, Xu Ming followed Jiuyou Lord directly to Jiuyou Lake.

Jiuyoutan is located in the endless chaos. After the lord of Jiuyou discovered this place, he built tens of thousands of chaotic worlds around it and formed a formation to completely occupy the place.

Lord Jiuyou said with a smile: “The fragments of Chaos Supreme Dao are actually the materialized Chaos Supreme Dao! When I just discovered Jiuyoutan, I wanted to collect the fragments; however, even if I collect them, I have no way to use them. This piece of debris, therefore, has been left in Jiuyoutan!”

While speaking, Lord Jiuyou took Xu Ming through the endless chaos.

“This is Jiuyoutan!” Lord Jiuyou pointed to the front and said.

“Uh!?” Xu Ming couldn’t help but be surprised – the Jiuyou Lake mentioned by the Jiuyou Lord is probably bigger than the hundreds of chaotic worlds combined! This is a “tan”, this is simply a “sea”!

Even if you say “sea”, it’s still too small!

The lord of Jiuyou said with a smile: “Go in directly! When you get inside, you will naturally know the magic of this Jiuyoutan! It’s a pity... this piece of Chaos Supreme Dao fragment can only assist cultivation to the ninth order of Chaos Realm; In order to reach the ninth order of Chaos Realm, you will no longer be able to speed up your cultivation!”

“Thank you!” Xu Ming clenched his fists and flew directly towards Jiuyoutan.

“There is still a thousand years before the Myriad Domain Talent Battle begins! If Jiuyoutan is really useful, then this thousand years will be enough to improve my cultivation by several steps!” Xu Ming secretly said.

puff!

Xu Ming flew directly into Jiuyoutan.

As soon as he entered, Xu Ming felt that every drop of water in Jiuyoutan contained the mystery of Chaos and Dao! In a place like this, even if you don’t practice, you’re afraid that your understanding of the Dao will slowly rise; if you practice, the speed of cultivation is ten or a hundred times faster than the outside world, which is really normal!

“There is still such a place!” Xu Ming had to sigh with emotion, the magic of endless chaos, “If I came to Jiuyoutan earlier, my cultivation would not only be the sixth-rank saint... But there is no way, who will let me Isn’t it a superpower born in endless chaos!”

At the same time, Xu Ming couldn’t help but think: “Jiuyou Ling is only a third-rank power, and it has a cultivation treasure like Jiuyoutan! Then, those geniuses of fifth-rank, sixth-rank, and even higher powers in the endless chaos. , what kind of cultivation environment will they have?”

Originally, Xu Ming didn’t pay much attention to the Wanyu Genius Battle; but now, thinking about it this way, he was vaguely looking forward to it.

“I hope... the opponents of the Wanyu Genius Battle can give me some surprises!”

However, Xu Ming also knew that those who participated in the Wanyu Genius Battle were only in the Chaos Realm; it would be almost impossible to meet an opponent who would put pressure on him!

For Xu Ming, the Wanyu genius battle is likely to be “hanging and beating children”!

After that, Xu Ming swam in Jiuyoutan. After all, every place in Jiuyoutan contains different primordial chaos; he has to find out which is the most suitable for him to cultivate.

Xu Ming swam through every part of Jiuyoutan, and also reached the core of Jiuyoutan, and saw the fragment of the Chaos Supreme Dao!

“The further you go to the center, the more Chaos Supreme Dao it contains! However... if it is too close to the core, the Chaos Supreme Dao here is not stable enough, and it is not suitable for comprehension!”

In the end, Xu Ming chose a place far away from the core “two realms” as his cultivation place.

“Begin!” Xu Ming sat cross-legged, his body suspended directly in Jiuyoutan, feeling surrounded by countless Chaos Supreme Dao, “I hope my cultivation can break through to Chaos Realm before the Ten Thousand Domain Genius Battle!”

Xu Ming's current cultivation base is "Sixth Rank of Saints", and his strength is "Second Rank of Mysterious Yellow Realm" without the use of infinite avatars and ten thousand ephemeral flowers! If the cultivation base can break through to the Chaos Realm, then Xu Ming's strength may reach the fourth, fifth, or even higher levels of the Profound Yellow Realm!

...

Years are long.

Six hundred years in the blink of an eye.

On this day, in Chaos Capital, almost all the existences with strength above the ninth order of the Great Desolate Realm gathered in the Imperial City of Sword Song. The great powers of all parties must follow the King of Swords and Songs and wait for the arrival of the envoy from the sky gate.

"Alas... Every time the envoys from the sky gate come, we have to make such a big stage to welcome them!" The Lord of Jiuyou said mockingly.

"There's no way, who makes people the messengers of the sixth-rank forces!" Zhuang San also sighed.

"Be careful!" Lord Jiange shouted, "If you disrespect the envoys of Cangqiongmen, you are disrespectful to Cangqiongmen! Have you forgotten that the original Broken Boundary Island was a fifth-grade force, but it was because of disrespect to the envoys of Cangqiongmen. , was almost wiped out!"

"Hey—" Lord Jiuyou, Zhuang San, etc. all changed their expressions—yes! Even the fifth-grade forces were easily suppressed by the sky gate; the Chaos Kingdom of Swords and Songs was only a fourth-grade power, how dare to disrespect the envoys of the sky gate?

Thinking of this, Lord Jiuyou and Zhuang San closed their mouths tightly; even, they faintly regretted complaining just now.

Seeing this, the King of Sword Song changed the subject and introduced the messenger this time: "This time, the messenger who came to our Sword Song Chaos Kingdom was only a Qingyi disciple of Cangqiongmen before! My disciple, after he grows up his strength should not be

underestimated; this ‘Dome Wing’ messenger has a cultivation base in the realm of all things; in terms of strength, he is stronger than me!”

When Lord Jiuyou, Zhuang San and others heard the words, they couldn’t help being secretly shocked – this is the background of the sixth-rank power! Just sending a low-level messenger is a cultivation base in the realm of all things, and his strength is even stronger than that of the first powerhouse of the Chaos Kingdom, “Jiange King”!

The great powers waited for a few days in the Imperial City of Sword Song.

Suddenly, the King of Swordsong said: “The Vault Wing messenger is here! Come with me!”

The King of Sword Song, several great masters of the realm of all things, and dozens of the ninth-order powerhouses in the prehistoric realm all got up and flew into the air.

The King of Sword Song stood at the front of the queue, cupped his hands and shouted into the void: “Jiange Chaos Kingdom, welcome the arrival of the dome-wing messenger!”

The great powers behind the King of Sword Song also bowed.

In the void, came out a stern figure with a cold face. He looked down at the great powers of the Chaos Kingdom of Sword Song, and said coldly, “King of Sword Song, are you ready for the list of your participation in the Ten Thousand Domains Genius Battle?”

“It’s ready! It’s just...” The King of Sword Song hesitated.

“Speak!” said the dome wing messenger.

The King of Sword Song gritted his teeth and said, “It’s just... We, the Chaos Country of Sword Song, only have thirty places to participate, isn’t it a bit small... There are hundreds of geniuses who want to participate in the Chaos Country...”

“Humph!” Qiongyi messenger snorted coldly, “Can anyone participate in the Ten Thousand Domain Genius Battle? I’m even... I’m still considering whether to reduce your quota!”

“Okay! Let’s not talk about it!” Qiongyi messenger said, “I will live in your Chaos Country for a while, and check whether the geniuses you reported are qualified to participate in the Ten Thousand Domains Genius Battle!”

## Chapter 1463: Covet

The Dome Wing messenger stayed in the Chaos Kingdom of Sword Song for decades!

“It’s really cool to be a messenger! Looking at the Chaos Kingdom of Sword and Song, everyone is respectful in front of me, and I don’t dare to be disrespectful!”

This is the first time Qiongyi has served as the messenger of the sky gate.

Previously, Qiongyi was only a very ordinary member in the sky gate! It can even be said that the status in the sky gate is very low! – After all, Qiongyi was only a Tsing Yi disciple before! Even now, the strength has reached the realm of all things; however, the purple-clothed disciples and golden-clothed disciples who were in the same period as Qiongyi in the past are already in the realm of destruction!

In Cang Qiongmen, his status is very low, and he has no right to speak at all; but now, when he comes to the Chaos Kingdom of Jiansong, it is “one word and nine cauldrons” – such a contrast makes Qiongyi eager to stay in the Chaos Kingdom of Jiansong forever!

“After I go back, I must find a way to let the sect send me down to be an overseer who guards one side!” Qiongyi couldn’t help but think – Shisui Zhiwei, he enjoys this kind of “power in control” too much. feel it.

“If I had known that being a messenger could be so cool, I would have thought of a way to be a messenger!”

Benedict! Tuk Tuk!

At this moment, there was a knock on the door.

“Come in!” Qiongyi said indifferently.

A figure pushed the door and entered, it was Lord Jiuyou.

“I have seen the Dome Wing messenger!” Lord Jiuyou respectfully said, “I don’t know what the messenger is looking for me for?”

The dome wing messenger looked at the lord of Jiuyou, and said with a half-smile: “I heard... your Jiuyoutan is very magical?”

Jiuyoutan?

The lord of Jiuyou couldn’t help but wonder, how could the dome-wing messenger be interested in Jiuyoutan. He thought about it for a while, and said: “Jiuyoutan, can assist geniuses whose cultivation base is below the ninth order of Chaos Realm to practice! Qiongyi messenger, your cultivation base has already reached the realm of all things; this Jiuyoutan is right You are useless!”

“Oh? Really?” Qiongyi smiled, “It’s okay, no matter if it’s useful or not, I want to go to Jiuyoutan to see it! You take me there!”

“But...” Lord Jiuyou was a little embarrassed, “In Jiuyoutan, someone is cultivating!”

“Huh?” Qiongyi’s face was displeased. “Whose cultivation is more important than my visit to Jiuyoutan? Besides... I’m just going to have a look, it won’t affect other people’s cultivation!”

“This...” How dare the lord of Jiuyou refused to refuse again, so he had to say, “I wonder when the envoy of Qiongyi wants to visit my Jiuyoutan?”

“Now!”

...

Lord Jiuyou brought the dome-wing messenger to Jiuyoutan.

“Oh?” Qiongyi’s messenger was a little surprised, “So this is what you call Jiuyoutan! Haha... How can you know the real usage of Jiuyoutan?”

Lord Jiuyou was stunned when he heard the words: “Dome wing messenger, what do you mean... Jiuyoutan, can let the powerhouses above the ninth order of Chaos Realm cultivate?”

“That’s not true. After all, your Jiuyoutan is too low-grade!” Qiongyi messenger said, “It’s just... you haven’t developed the real use of Jiuyoutan!”

When the dome wing messenger spoke, there was a hint of playfulness hidden in the depths of his eyes.

“This way... I’m in Jiuyoutan, I’m afraid I will stay for a long time! You don’t have to accompany me, just leave me here alone!” Qiongyi said with a wave of his hand.

“This... Okay!” Lord Jiuyou is only the leader of one of the top third-rank forces, and his cultivation is only the ninth rank of the Great Desolate Realm. How can he dare to say “no” in front of the dome-wing messenger? With doubts, he had to leave Jiuyoutan under the dispatch of Qiongyi messenger.

“Hehe!” After Lord Jiuyou left, the dome-wing messenger showed a treacherous smile. Then the figure flashed and entered Jiuyoutan directly.

...

In Jiuyoutan.

Xu Ming is practicing to a critical moment.

After more than 600 years of cultivation, Xu Ming’s cultivation has broken through from the sixth rank of saint to the ninth rank of saint; and now, Xu Ming is preparing to attack the Chaos Realm!

Xu Ming is already very satisfied with such a cultivation speed!

After all, the higher the cultivation base, the longer it takes to cultivate! If others knew that it took Xu Ming only 600 years to break through from the sixth rank of the saint to the ninth rank of the saint, I really don’t know what it would be like!

“Consolidate the foundation and you should be able to hit the Chaos Realm!”

“Huh?” At this moment, Xu Ming frowned slightly; he noticed that someone else had entered Jiuyoutan, “I don’t know who it is, when they entered Jiuyoutan, they were so fanatical, and I don’t know. Take it easy!”

After all, Xu Ming was cultivating in Jiuyoutan; if the other party entered Jiuyoutan with such a big fanfare, it would undoubtedly affect Xu Ming’s cultivation.

It was the Dome Wing Messenger who entered Jiuyoutan—in fact, with the cultivation base of the Dome Wing Messenger, if he hadn’t deliberately made a big splash, it would have been impossible for Xu Ming to discover him.

“Forget it! Continue to practice!” After all, Jiuyoutan belonged to the Lord of Jiuyou, not Xu Ming; therefore, in such a situation, Xu Ming couldn’t say anything, so he had to continue to practice.

While Xu Ming was cultivating, the dome-wing messenger had already arrived at the center of Jiuyoutan—the place where the fragments of Chaos Supreme Dao were located!

“This piece of debris has not been taken away! It seems that in Jiange Chaos, no one knows the value of this piece of debris; the former messengers should not have noticed Jiuyoutan!” Qiongyi messenger sneered in his heart. This is fate! This piece of Chaos Supreme Dao fragment, it seems... just waiting for me to collect it! Bring a piece of Chaos Zhidao back, and the harvest is not bad! ”

Thinking of this, the dome-wing messenger released his divine sense again and “looked” out of Jiuyoutan.

Seeing that Lord Jiuyou had already been sent away by himself, the Dome Wing messenger smiled even more: “Very good! Just take advantage of this moment and collect this fragment!”

The divine power of the dome-wing messenger completely covered the fragments of Chaos Supreme Dao. Then, he yanked violently!

boom!

The fragment of Chaos Zhidao was not moved, but the entire Jiuyoutan shook heavily.

“Huh?” Qiongyi’s messenger frowned slightly, “It seems that this fragment of the Supreme Dao has fallen into this Jiuyou Lake for too long! Even, it has been connected with the entire Jiuyou Lake! Even if it is a flood At the ninth level of the realm, you can’t even think of taking this fragment of the Supreme Dao! But...for me, it’s just a little bit of effort!”

boom!

The Dome Wing messenger pulled again.

The entire Jiuyoutan shook again!

boom! boom! boom! boom! ...

The Dome Wing messenger pulled it a dozen times in a row, and this piece of the Supreme Dao finally began to “loose”!

“Continue!” Seeing this, the Dome Wing messenger pulled harder.

...

At this time, Xu Ming was at a critical moment of cultivation!

But suddenly, the entire Jiuyoutan was shaken heavily, which immediately destroyed Xu Ming’s state of mind for cultivation.

“What’s going on?” Xu Ming couldn’t help but wonder.

Immediately after...

boom! boom! boom! boom! ...

The entire Jiuyoutan began to vibrate and roar continuously! Under such circumstances, it was impossible for Xu Ming to continue to calm down and cultivate.

#### Chapter 1464: Put The Blame On

“Go and see!”

Under such circumstances, it was impossible for Xu Ming to continue to calm down and cultivate. After thinking about it, he directly separated the waterway and flew towards the source of the vibration.

Soon, Xu Ming came to the center of Jiuyoutan.

“Huh? This is...?” Xu Ming has been practicing seclusion in Jiuyoutan, and naturally he doesn’t know the Dome Wing messenger; however, he saw that the Dome Wing messenger was shaking the fragments of the Supreme Dao desperately.

Xu Ming immediately understood: “He wants to take away the fragments of the Chaos Supreme Dao!?”

Xu Ming couldn’t help but wonder – Lord Jiuyou clearly told him that he would not take away the fragments of the Dao, so why would anyone come to take them now? What’s more, even if someone wants to take it, Lord Jiuyou will definitely tell him first! After all, he is cultivating in Jiuyoutan!

However, Xu Ming couldn’t help but feel a little apprehensive when he saw the tyrannical aura on the Dome Wing messenger, but he still asked, “Your Excellency...?”

“Go away!” Qiongyi shouted directly without even looking at Xu Ming.

“Huh?” Xu Ming’s expression changed, and a haze flashed in his eyes.

At this moment, the fragment of the Dao was finally “pulled out” under the constant shaking of the Dome Wing messenger.

“Haha...” Qiongyi laughed loudly, and then directly collected the fragments of Zhidao.

Without the fragments of the Supreme Dao, the entire Jiuyou Lake is also undergoing great changes. The chaotic and profound mysteries contained in every drop of the pool water are like a rootless weed, passing by quickly.

No matter what Jiuyoutan turned into, Qiongyi messenger didn't even bother to look at it, and left proudly.

“This...” Xu Ming was a little stunned – Jiuyoutan, was it destroyed like this?

At this time, Jiuyoutan was chaotic and was not suitable for Xu Ming to practice.

Xu Ming also followed the direction where the Dome Wing messenger left and flew away – when such a thing happened during his cultivation in Jiuyoutan, of course he had to tell Jiuyou Lord immediately.

However, there is no way to communicate in Jiuyoutan, Xu Ming can only fly out of Jiuyoutan first.

...

call out-

How terrifying is the speed at which all things exist?

Even if the dome wing messenger did not travel at full speed, but just strolled leisurely; but in an instant, he had already flown out of Jiuyoutan. As soon as he flew out of Jiuyoutan, he saw Jiuyou Lord.

It turned out that after Lord Jiuyou left, he always felt that something was wrong; because he suspected that the Dome Wing messenger would have bad intentions, he turned back again. But... when he returned to Jiuyoutan, the fragments of Zhidao had been taken away by Qiongyi, and Jiuyoutan had undergone great changes.

“This...” Lord Jiuyou was stunned. He was about to fly into Jiuyoutan to take a look, when he saw the Dome Wing messenger flying out of it and asked, “Dome Wing messenger, what’s going on...?”

“Huh? Jiuyou, didn’t I tell you to go back first? Why haven’t you left here yet?” Qiongyi messenger had just stolen someone else’s fragments of the Supreme Dao, and of course he was a little guilty; however, he did not answer the question of Lord Jiuyou. Instead, he asked Lord Jiuyou.

“Yes, but...” Lord Jiuyou looked ugly, “This Jiuyoutan...?”

puff!

At this time, Xu Ming also flew out of Jiuyoutan. Although his speed is not as good as that of the Dome Wing messenger, it will not take much time to fly out of Jiuyoutan at full speed.

The dome-wing messenger glanced at Xu Ming, and suddenly had a plan in his mind, looked at the lord of Jiuyou, and said with a displeased expression: “Jiuyou, you are also true, who is also put into the Jiuyoutan? – I am I heard that your Jiuyoutan is very magical, so I came to see it; but I didn’t expect that, as soon as I entered, I saw that the fragments of Zhidao had been taken away by him!”

The Dome Wing messenger pointed at Xu Ming and said.

Xu Ming, who just came out, looked confused: “What? I took away the fragments of Zhidao?”

Xu Ming has seen a lot of shameless people; but this is the first time he has seen a shameless person like the Dome Wing messenger!

“What!?” The face of Jiuyou Lord couldn’t help but show a strong disbelief – Xu Ming has been practicing in Jiuyoutan for more than 600 years, and there has been no accident; why is you Qiongyi? An accident happened when the messenger entered. Is there such a coincidence in the world? What’s more, with Xu Ming’s strength, he can’t take away the fragments of the Dao Dao; even if he can take them, he won’t be able to use them!

No matter from which aspect, Xu Ming could never take away the fragments of the Dao Dao!

Then, the Fragment of Zhidao was not taken by Xu Ming, but who would have taken it? — The answer seems self-evident.

However, these words, Jiuyou Lord can only whisper in his heart, but he dare not say it directly!

After all, the status of the messenger of the sky gate is really too honorable and noble! If Lord Jiuyou dares to be disrespectful to him, even if he is killed on the spot, I am afraid that King Jiange will not dare to stand up for him!

Although Lord Jiuyou had already guessed the answer, he was extremely angry, but he did not dare to say anything.

“Humph!” The Dome Wing messenger snorted coldly, “I am very unhappy with this matter! However, my lord has a lot of it, so I don’t care about you!”

After finishing speaking, the Dome Wing messenger ignored Xu Ming and Lord Jiuyou’s expressions and walked away.

As for the thoughts of Xu Ming and Lord Jiuyou? Dome Wing messenger doesn’t care at all! – As the messenger of the sky gate, in the Chaos Kingdom of Swordsong, he is an existence that surpasses everything! Whoever dares to disobey him will die!

After the dome-wing messenger left.

“Lord Jiuyou, I...” Xu Ming looked at Lord Jiuyou with complicated eyes. He was really worried, and Lord Jiuyou believed the man’s words.

“You don’t have to say it, I know it!” In the tone of Lord Jiuyou, there was a strong sense of helplessness, “When I came to Jiuyoutan just now, Jiuyoutan was still safe; in a blink of an eye, it became like this now. Son! – With your strength, you can’t do it at all!”

“Then Lord Jiuyou, why don’t you...?” Xu Ming asked, looking in the direction the Dome Wing messenger was leaving.

Of course, Lord Jiuyou knew what Xu Ming wanted to say, and he couldn’t help but feel even more helpless: “Do you know who he is?”

Xu Ming shook his head: “Who is it?”

“He is the ‘Qingyi messenger’ of Cang Qiongmen!” Lord Jiuyou sighed, “Don’t say he just took the fragments of the Dao, even if he kills us on the spot, our Sword Song Chaos Kingdom would not dare to have them. It’s not disrespectful, I can only laugh! Forget it, just treat me as unlucky!”

Lord Jiuyou had no choice but to admit that he was unlucky.

“The messenger of Cangqiongmen?” Xu Ming’s eyes narrowed slightly, revealing a cold light, and he secretly said in his heart, “I can’t believe that people from Cangqiongmen are like this?”

Xu Ming’s views on Cangqiongmen became somewhat contemptuous.

“Xu Ming!” Lord Jiuyou solemnly warned, “If the treasure is gone, it will be gone, there is no way! You must remember, just pretend that nothing happened, and you don’t know anything, don’t mess with this. A dome wing messenger is not happy!”

Chapter 1465: Dragon Trapped Shoal

The residence of the Domewing messenger.

The Dome Winged messenger is admiring the harvested fragments of the supreme path.

“Pretty! It’s so beautiful!” The dome-wing messenger’s eyes were a little intoxicated.

The fragments of the Dao, at a rough glance, feel no different from ordinary rocks; however, the more you look at them, the more unusual you will feel. Even every trace on the fragment is flawless.

“It’s a pity... this fragment of the Supreme Dao is still too small!” The Dome Wing messenger was still a little dissatisfied, “However, it is enough to create a top-level ‘divine weapon of all things’! I just don’t know if it is enough. A ‘Slayer of Destruction’?”

Above the Chaos God Armament, it is further divided into: Xuanhuang God Armament, Prehistoric God Armament, All Things God Armament, Destruction God Armament, Nirvana God Armament!

A fragment of the Supreme Dao, no matter how small, can be used to create a top-level weapon of all things.

If you want to build a higher-level magic weapon, the requirements for the fragments of the Tao are also higher!

It is said that on top of the Divine Armament of Nirvana, there is also the “Supreme Dao Divine Armament”! However, if you want to build a Divine Weapon of the Supreme Dao, you must at least have a “Shard of the Supreme Dao” that contains the complete Dao!

“Just this piece of the Dao Fragment, I have gained a lot from this trip!” The Dome Wing messenger smiled, “Forget it, let’s stop here this time! If the search is too harsh, think again next time. Searching, I am afraid they will hide the treasures, it is not so easy to search!”

The Dome Wing messenger can basically be sure that the next time he will be sent to the Chaos Kingdom by Jiansong will be him! In line with the idea of “a long stream of water”, the dome wing messenger decided not to search too hard.

Benedict! Tuk Tuk!

At this time, there was a knock on the door outside.

“Huh?” The Dome Wing messenger put away the fragments of the Supreme Dao, and then withdrew the isolation formation, shouting, “Come in!”

A figure pushed the door and came in, it was the King of Sword Song.

“Dome Wing Messenger!” The King of Sword Song said with a warm smile, “I have already prepared the information on the thirty geniuses participating in the Ten Thousand Domains Genius Battle, as well as the twenty candidate geniuses!”

“Yeah!” The dome wing messenger nodded, “Show me!”

The King of Sword Song immediately handed over the jade slip in his hand: “There are battle images and remarks of these fifty geniuses in it, please also ask the messenger to take a look!”

The Dome Wing messenger took it, and the divine sense entered the jade slip, and immediately saw the first name: “Xu Ming?”

“This Xu Ming is the first genius of my Sword Song Chaos Kingdom! His strength has already reached the legendary level of Chaos Realm!” The King of Sword Song introduced – in fact, he still specially put the name Xu Ming on the The first one.

“I’ve heard of it!” The Dome Wing messenger said lightly.

However, the days when Qiongyi messenger came to the Chaos Kingdom of Jiansong, he was busy enjoying life and had no intention of doing business. Therefore, although he had heard of Xu Ming’s name, he didn’t know Xu Ming at all, much less knew it. What does it look like.

“Let me see how powerful the legendary genius of Chaos Realm is!” The Dome Wing messenger said with great interest.

The legendary genius of the Chaos Realm, even in the endless chaos, is a legend!

However... the dome wing messenger doesn’t care much about the legendary genius of Chaos Realm! After all, just because you are powerful in the Chaos Realm does not mean that you are equally powerful in the Xuanhuang Realm; moreover, even a legendary genius in the Chaos Realm only has a slight advantage in the competition system of the Ten Thousand Domains Genius Battle, and may also be defeated by other Genius dies.

A genius who does not grow up is just a genius; a genius who grows up is an awesome powerhouse!

The Dome Wing messenger clicked on Xu Ming’s information and learned about it in detail. In the information, it is the battle image of Xu Ming in Zhenmoling.

“It’s him?” Qiongyi messenger couldn’t help but startled – the figure in the battle image was not the Xu Ming he saw in Jiuyoutan?

“He turned out to be that Chaos Realm legendary genius? – This is too \*\*\*\*\* coincidental!” Qiongyi messenger was speechless – he stole the fragment of the Supreme Dao, and just happened to blame it on a Chaos Realm legendary genius?

“Legendary genius of the Chaos Realm, in terms of talent, he is not inferior to me at all! If he stands out from the Ten Thousand Domain Genius Battle, he will probably surpass me in the future...” Thinking of this, the Vault Wing messenger couldn’t help but regret a little, “Wait for his strength to compare. I’m stronger and my status is higher than me, maybe I will get revenge on me...”

But soon, the color of regret in the eyes of the dome wing messenger turned into a savage color: “Why don’t you just kill him directly?”

But then, the dome wing messenger denied the idea.

If Xu Ming was just an ordinary genius, he would kill him if he killed him, no problem! But Xu Ming is a legendary genius of the Chaos Realm. If he kills him casually, there will be problems; especially, the Dome Wing messenger has done something wrong. If the problem is found out, it will be troublesome.

“You can’t let him grow up, and you can’t kill him right away, then...” The Dome Wing messenger thought for a while, and immediately remembered, “Then don’t let him participate in the Wanyu Genius Battle! I still have this power!”

The eyes of the dome wing messenger lit up: “Just do it! – Humph! If a dragon is trapped in the shoal, it is destined to not become a real dragon! If you can’t board the platform of the Wanyu Genius Battle, you will miss a big opportunity; How far can the place grow?”

The Dome Wing messenger sneered disdainfully: “Wait for this small place, and his genius halo has been worn away. Then, if I find another chance to kill him, who will care?”

After reading Xu Ming’s information, the Dome Wings messenger looked at the information of dozens of other geniuses, but they were just casual glances, not carefully.

Soon, the dome-wing messenger finished reading: “Okay! I have chosen it!”

The geniuses who will be passed by the dome wing messenger are marked in the jade slip, and then handed back to the king of Jiange: “Gather all these geniuses, and go to the starting place with me soon to participate in the Wanyu genius battle!”

“Okay!” The King of Sword Song even put his spiritual sense into the jade slip and looked at it.

Seeing this, the King of Sword Song was suddenly a little confused – Xu Ming wasn’t chosen? how can that be?

The King of Sword Song couldn’t help but read it again to confirm that he was not mistaken.

“This...” King Jiange looked at the Dome Wing envoy and couldn’t help asking, “Envoy, look, did you miss a genius?”

“Who?” The Dome Wing messenger asked knowingly.

“Xu Ming!” King Jiange said without hesitation.

“Missing selection? No!” The Dome Wing messenger shook his head and said, “The genius who participates in the Ten Thousand Domains Talent Battle must not only have enough talent and strength, but also have enough moral character!”

Morality?

The King of Sword Song scolded secretly in his heart—how have I never heard of it, the Wanyu Genius Battle also requires moral character?

The Dome Wing messenger continued: “This Xu Ming has bad morals and is a petty thief. I don’t like it! Therefore, he can’t participate in the Ten Thousand Domain Talent Battle! – That’s it! Hurry up and select the 30 geniuses I have selected. Gather, I’m going to take them to the beginning.”

The Dome Wing messenger is also a little guilty, so he doesn’t want to stay here for a long time, and wants to go back quickly.

“Hmph! When I return to the original place, you will have nowhere to shout even if you have grievances!” The Dome Wing messenger thought proudly – the original place, not everyone can enter! Even the King of Sword Song is not qualified to enter the initial land.

As for the King of Sword Song, he couldn’t help thinking in his heart: “A petty thief? I don’t think Xu Ming is like this! – I don’t know, what exactly did Xu Ming do to cause the sky to fall? Winged messenger’s dissatisfaction! I must ask Xu Ming quickly to find out about this matter; moreover, I will help Xu Ming win back the opportunity to participate in the Wanyu Talent Battle!”

Chapter 1466: I Have It!

After returning home, the King of Sword Song immediately announced the list of selected geniuses.

After everyone saw this list, they were full of doubts:

“Huh? Where’s Xu Ming?”

“Why isn’t Xu Ming on this list? Could it be that... he’s too timid to participate in the Ten Thousand Domain Talent Tournament?”

“Impossible? I see Xu Ming’s aura like a rainbow. He doesn’t look like a timid and fearful person!”

“It’s not that Xu Ming didn’t dare to go!” The shadow said, “The country lord has already reported Xu Ming’s name, but... Xu Ming has lost the election! He is not eligible to participate in the Wanyu Genius Battle!”

“what!?”

“Xu Ming is not qualified to participate in the Wanyu Genius Battle!?”

“how can that be!?”

A stone stirred up a thousand waves.

The great masters of the Chaos Kingdom of Jiansong all looked at the Lord of the Kingdom of Jiange in disbelief—you must know that Xu Ming is a legendary genius in the Chaos Realm! If even Xu Ming is not qualified to participate in the Wanyu Talent Battle, who else is qualified to participate?

“Don’t be impatient!” King Jiange said, “Jiuyou and Xu Ming, they’ll be there soon! I’ll ask them later!”

Not long after, Lord Jiuyou brought Xu Ming to the Imperial City of Sword Song.

“Lord, why are you calling us here?” Lord Jiuyou and Xu Ming didn’t know what happened.

“We Jiansong Chaos Kingdom, this time the list of participating in the Ten Thousand Domain Talents Tournament is out!” Lord Jiansong looked at Xu Ming and said, “But... there is no Xu Ming!”

“What?” Lord Jiuyou was shocked.

“Huh?” Xu Ming was a little mentally prepared – after all, there is nothing very surprising in doing such a thing as a dome wing messenger.

The King of Sword Song continued: “The Dome Wing messenger said...Xu Ming’s character is not good, so he can’t participate! What’s going on?”

Bad character, can’t participate?

Xu Ming was a little surprised by the shamelessness of the Domewing messenger – he is really capable of talking! Such reasons can be pulled out!

Lord Jiuyou also looked strange. He thought for a while, and said, “Lord, it’s not convenient for me to talk about this now, I can only talk to you in private!”

What Lord Jiuyou will say next is about the Dome Wing messenger. Some words are naturally not suitable for too many people to hear; in case someone catches the wind and spreads the truth, the Lord of Jiuyou can’t bear the consequences.

“Oh?” Lord Jiange nodded and said, “Then let’s go away first! First, gather the geniuses on the list, and prepare to go to the starting place with the Vault Wing messenger to participate in the Wanyu Genius Battle!”

“Yes!”

“it is good!”

All parties have retreated.

When the Walking Dead Hall Master left, he glanced at Xu Ming with a half-smiling look in his eyes—of course he was happy to see that Xu Ming was in trouble.

In the hall, only Xu Ming, Lord Jiuyou, Lord Jiange, and Shadow were left.

“What’s going on?” King Jiange looked puzzled, and his face was a little ugly.

You must know that the King of Sword Song has high hopes for Xu Ming, hoping that Xu Ming can shine in the Wanyu Genius Battle; in this way, he can also be rewarded by the domain master. But now, Xu Ming didn’t even have the qualifications to participate in the Ten Thousand Domain Genius Battle.

Lord Jiuyou looked at Xu Ming: “Tell me!”

“Yeah!” Xu Ming nodded and said, “When I was cultivating in Jiuyoutan, I saw Qiongyi messenger come to Jiuyoutan and took away the fragments of the Dao! However, after leaving Jiuyoutan, that Qiongyi came to Jiuyoutan. The winged messenger bit back, saying that I took away the fragments of the Dao!”

“It’s actually like this...” The King of Sword Song was stunned, but a little helpless.

As soon as he heard it, he knew that Xu Ming was telling the truth; because there was no need for Xu Ming to tell such a lie! But the problem is, it’s one thing for him to believe in Xu Ming, and it’s another thing to help Xu Ming recover his claims!

After all, the other party is the messenger of the sky door!

It is not something that the King of Sword Song can provoke at all!

Even if he knew that the dome-wing messenger was spewing blood, the King of Sword Song could only choose to “believe” the words of the dome-wing messenger! Otherwise, what awaits him is likely to be the demise of the entire Chaos Kingdom! —The former fifth-rank force, Boundary-Breaking Island, is the best example! Just because he was disrespectful to the envoy of the sky gate, he fell from a fifth-grade power to a third-grade power, and may even disappear completely at any time.

“Extremely shameless!” After listening to the shadow, he also cursed bitterly, “This Qiongyi, used to be just a Tsing Yi disciple from the Cang Qiong Sect! Now he has become an envoy of the Cang Qiong Sect, and he is so arrogant and unreasonable!”

“No way!” Lord Jiuyou sighed, “Don’t say he is the messenger of the sky door! Even if he is just a dog in the sky door, it is not something we provoke!”

“Alas...” Shadow just complained casually. Of course he knew that at such a time, there was no other way except forbearance!

Xu Ming pondered in his heart: “Tsing Yi disciple of Cang Qiong Sect? Ha! I don’t know how he will react when he sees my ‘Qing Qiong Sect Golden Clothes Order’!”

“However...” Xu Ming did think about it, and took out the Golden Clothes Token to intimidate the Domewing messenger; however, he had other concerns, “But...the strength of the King of Sword Song and the others are not as good as the Domewing messenger; Golden Clothes Order, the dome-winged messenger is likely to try and kill me forcibly, and even kill everyone who knows the truth!”

If that’s the case, although Xu Ming won’t really die, he can still be resurrected with the help of the “immortal mark”; however, the Cangqiongmen Golden Clothes Order and Xu Ming’s other treasures will all be lost, and moreover, the King of Sword Song and others , will be implicated by him!

This kind of thing is naturally not what Xu Ming wants to see!

so...

Xu Ming can only endure!

“If I can go to Cang Qiongmen, .com will take out the golden clothing order...” Xu Ming thought to himself, “At that time, as a golden clothing disciple of mine, I will deal with a Qing clothing disciple. Dome Wing, it shouldn’t be difficult!”

“Well! Just do it!” Xu Ming already had an idea in his heart.

At this time, the three people, Lord Jiange, Lord Jiuyou, and Shadow, were still discussing how to make Xu Ming successfully participate in the Ten Thousand Domain Genius Battle.

“Why don’t we send some treasures to the Dome Wing messenger?” Lord Jiuyou said, “As long as he receives the treasures, Xu Ming will be sent to participate in the Ten Thousand Domain Genius Battle!”

“It’s impossible for him to collect the treasure! Even if he does, it’s impossible for Xu Ming to participate in the Ten Thousand Domain Talent Battle!” The King of Sword Song shook his head without hesitation, “The Envoy of Qiongyi must have felt that Xu Ming grew up. , there will be a threat to him; that’s why he deliberately suppressed Xu Ming!”

Lord Jiuyou and Shadow also understand this situation – if you want Xu Ming to participate in the Ten Thousand Domains Genius Battle, you must pass the Dome Wing messenger! However, the Dome Wing messenger made it clear that he was deliberately suppressing Xu Ming, so how could it be possible for Xu Ming to participate in the Wanyu Genius Battle?

Therefore, the three of them discussed and discussed, but they were still unable to do anything.

“It would be great if we had a ‘star map of the beginning’!” King Jiange sighed, “If we have the star map of the beginning, I can take Xu Ming to the place of the beginning; when I get there, I can do it myself. To sign up for the Ten Thousand Domains Genius Battle, why bother to look at other people’s faces! It’s a pity... I can’t even enter the original place without the star map of the beginning!”

“How is it so easy to get the star map of the beginning?” Lord Jiuyou also shook his head.

“The Star Map of the Absolute Beginning?” Xu Ming, who was deciding to go to Cangqiongmen to do something, said subconsciously, “I have it!”

## Chapter 1467: Break Through Chaos

“I have!” Xu Ming said subconsciously.

“what!?”

“You have!?”

King Jiange, Lord Jiuyou, and Shadow all looked at Xu Ming in disbelief. Sure enough, in Xu Ming’s hand, he was holding a star map of the beginning of time.

“It actually exists!” The three great masters were all stunned.

You must know that the star map of the beginning is a treasure that even the King of Swords and Songs is difficult to obtain and will be jealous of! How could Xu Ming have such treasures?

“Show me!” King Jiange said.

Xu Ming didn’t worry that the other party would rob him of his star map in the early days, and handed it over directly; after all, if he was worried about being robbed, Xu Ming would not take it out.

“It is indeed the star map of the beginning, that’s right!” Lord Jiange looked at it and said, “However, this star map of the beginning can only carry two people into the beginning of the land!”

“Two people?” Xu Ming was a little puzzled.

“It seems that although you have the star map of the beginning of time, you still don’t know how to use the star map of the beginning of time!” Lord Jiange smiled, “The star map of the beginning of time can be big or small. The big star map of the beginning of time can carry several Hundreds of thousands of people; and the small star map of the beginning can only carry one or two people!”

“Oh...” Xu Ming seemed to understand. Anyway, the meaning is that Xu Ming’s star map in the beginning is small.

“Two people...enough!” The King of Sword Song handed back the star map of the beginning to Xu Ming, “In this way, Xu Ming can enter the beginning of the land and participate in the Wanyu genius battle! After Xu Ming performed well in the battle, he was arrested by If a certain superpower is selected, then there is no need to be afraid of the Dome Wing messenger anymore; even, there is still hope to find the Dome Wing messenger to settle accounts at that time!”

“Yes!” Lord Jiuyou also said bitterly – his fragments of the Supreme Dao were taken away by the Dome Wing messenger, and he felt distressed!

“Let’s do it, Xu Ming!” said the King of Sword Song, “When the Dome Wing messenger is gone, I will go with you to the beginning of the land!”

The King of Sword Song naturally did not dare to set off at the same time as the dome-wing messenger, heading to the original place.

“Okay!” Xu Ming nodded.

...

Half a month later, the Vault Wing messenger left the Chaos Kingdom of Swordsong with thirty geniuses. And among the thirty geniuses who participated in the Ten Thousand Domains Genius Battle, there was no Xu Ming.

“Hahaha... That’s great!” Seeing that Xu Ming was unable to participate in the Ten Thousand Domain Talent Battle, the Master of the Walking Corpse couldn’t help laughing. However, until now, the Lord of the Walking Corpse did not know where he had offended Xu Ming.

...

Sword Song Imperial City.

The King of Sword Song placed the top-grade Chaos Origin Stones in the open space in the imperial city as if they did not want money. At this time, more than 30,000 high-grade Chaos Originium had been placed on the ground.

The arrangement of each high-grade chaotic source stone is very particular; obviously, the King of Sword Song is arranging some great formation.

“The country lord, are you setting up... an unbounded water curtain?” In the imperial city, an existence in the realm of all things asked suspiciously.

The unbounded water curtain array can transmit water curtain images across countless distances. What makes this realm of all things puzzled is, why did the lord set up this great formation?

“There are still more than 300 years before the Wanyu Genius Battle begins; isn’t it a bit too early to set up the Unbounded Water Curtain Array? Besides... Xu Ming can’t even participate in the Wanyu Genius Battle, and it doesn’t seem worth it. Wasting so many chaotic source stones, specially set up an unbounded water curtain array to watch the Ten Thousand Domains Genius Battle?”

“You’ll find out later!” King Jiange didn’t explain too much—he didn’t tell anyone else that Xu Ming had a star map in the beginning. After all, walls have ears; naturally, the less people know about this kind of thing, the better!

“Oh...” The one who exists in the realm of all things didn’t ask too much.

...

As for Xu Ming, he was trying to break through the Chaos Realm.

When Xu Ming was in Jiuyoutan, his cultivation base had already reached the ninth rank of a saint; moreover, the accumulation was strong enough. If it wasn’t for the interference of the dome-winged messenger, maybe Xu Ming would have broken through to the Chaos Realm logically.

Now, although there is no cultivation environment in Jiuyoutan, but with Xu Ming’s accumulation, it should not be difficult to break through the Chaos Realm!

boom! boom! boom! ...

Xu Ming's entire divine body seemed to be boiling. His comprehension of the Chaos Supreme Dao is constantly changing the level of his divine body; the entire divine body is undergoing an earth-shaking leap.

Every moment, Xu Ming could feel that his divine body was becoming stronger!

This breakthrough lasted a full year.

Finally, Xu Ming successfully broke through to the first order of Chaos Realm!

“Powerful power!” Xu Ming could clearly feel that he was many times stronger than before the breakthrough.

You know, the stronger the strength, the more exaggerated the gap between each small order!

At the beginning, when Xu Ming was a sixth-order saint, his strength had already reached the second-order Xuanhuang realm. However, when Xu Ming's cultivation reached the ninth rank of a saint, his strength was still only the second-rank peak of the Xuanhuangjing, and he did not reach the third-ranking of the Xuanhuangjing!

However, now that he has broken through to the Chaos Realm, Xu Ming's strength has soared to the fifth rank of the Profound Yellow Realm!

The strength improved from the sixth rank of the saint to the ninth rank of the saint is far inferior to that from the ninth rank of the saint to the first rank of the Chaos Realm!

“Strong!” Xu Ming could only use one word to describe his current strength.

Moreover, you must know that in the upcoming Ten Thousand Domain Genius Battle, Xu Ming's opponents are just a group of Chaos Realm! Among these Chaos Realms, the strongest is probably only the strength of Chaos Realm Extreme Peak, and even the Legendary Chaos Realm cannot be found, let alone the strength of Xuanhuang Realm! That is to say...

In the Wanyu Genius Battle, Xu Ming used the terrifying power of “The Fifth Rank of the Profound Yellow Realm” to bully a group of children with the strength of the Chaos Realm! Thinking of that scene, Xu Ming felt a little embarrassed to participate in the Wanyu Talent Battle!

This is so bullying!

And it is still bullying all the top chaos geniuses in the entire endless chaos!

but...

Since the Wanyu Genius Battle is a big opportunity, Xu Ming certainly won't give up!

“I am bound to win the throne of the Wanyu Genius Battle!” Xu Ming's goal is very clear, “When I win the first place, the distance between me and Han Mo will be shortened by one step! There is even hope that I can help Han Mo. Silence!”

It is also because of Gu Hanmo that Xu Ming is so looking forward to the upcoming Ten Thousand Domains Genius Battle!

“It's time to go!”

Everything is ready, although there are still more than 300 years before the start of the Ten Thousand Domain Genius Battle, it is time to set off.

After all, it is very far away from the Chaos Capital of Swordsong to the original land! Even if you can take the Chaos Teleportation Formation, you still have to travel a lot.

Moreover, after arriving at the initial place, you have to sign up, and there will be various other trivial matters.

So, you can't go wrong if you go early!

So... in the entire Jiansong Chaos Country, almost no one knew about it, the Sword Song Country Lord had taken Xu Ming and quietly set foot on the Chaos Teleportation Formation. Once this is gone, Xu Ming's name will surely shake the entire endless chaos!

The cold is finally getting better, and the update is completed today, thank you!

Go to bed early tonight, there will be an update tomorrow morning.

## Chapter 1468: Enter The Beginning

Tianwenyu is as vast as the sea. And the Chaos Kingdom of Sword and Song is just a drop in the ocean.

Even if the realm of all things exists, if you want to go from the Chaos Kingdom of Swordsong to the original place, you must take the chaotic teleportation array; if you drive the chaotic flying boat to fly slowly, you may not be able to reach it for thousands of years.

This time, the chaotic teleportation formation that Xu Ming was riding was obviously much more advanced than the one on Boundary Boundary Island; the speed of traversing the void in the space channel was also thousands of times faster than before!

But even so, it took Xu Ming and King Jiange a full ten years to get out of the space channel.

wow—

“It’s finally here!” Xu Ming couldn’t help but sigh, “This space channel is really long! Back then, it only took me a quarter of an hour to travel from Broken Boundary Island to the capital!”

When the King of Sword Song heard the words, he shook his head and smiled: “Our little Chaos Kingdom of Sword Song, and Tianwenyu, how can we compare!”

After walking out of the chaotic teleportation formation, Xu Ming was immediately stunned by the sight in front of him.

The huge chaotic teleportation formation behind him is located in the endless chaotic void; and in the distant void in front of him, there is an extremely dazzling white hole, which is constantly erupting chaos in all directions.

Countless chaotic realms that were almost materialized were ejected from the white hole. Around the white hole, the time and space of the emptiness of billions of worlds is completely in chaos.

In every inch of chaotic time and space, the speed of time and the density of space are different! Even if the realm of all things exists, if you dare to trespass rashly, the divine body will be torn into hundreds of millions of copies.

“That’s the place of the beginning!” said the King of Sword Song, “In the entire Tianwen domain, all order, matter, and energy are born from the place of beginning!”

Xu Ming looked at it in shock: “Is this the creation of heaven and earth?”

“Let’s go!” King Jiange said, “Only with the star map of the beginning can we resist the chaos of time and space here and enter the beginning!”

“Okay!” Xu Ming took out the star map of the beginning, and inspired the star map of the beginning according to Bishop Jiange’s secret method.

hum—

Immediately, a layer of purple light shrouded Xu Ming and the King of Sword Song—this star map in the beginning can only protect them from entering the beginning.

Even if there are other people hidden in the world ring, they will be torn apart by the chaos of time and space!

This is no longer a mere time-space disorder, but the rules and order of the chaotic universe! The rules and order stipulate that you cannot enter the initial land at will!

I am afraid that only when you reach the domain master level can you be qualified to carry the rules of the chaotic universe.

“Walk-”

The King of Sword and Song took Xu Ming and swept across hundreds of thousands of worlds in an instant. Soon, the two fell into a place where time and space were confused.

bang bang bang bang bang...

The chaotic time and space constantly collided with the purple masks on Xu Ming and King Jiange. However, in the protection of the star map in the beginning, the time and space on Xu Ming and the King of Sword Song are safe and sound.

However, after entering the space-time disordered area, even the King of Sword Song is like being stuck in a quagmire, and the speed of travel plummets.

“With my strength, it will take a hundred years to pass through this space-time disordered area!” said the King of Sword Song.

“So long?” Xu Ming was startled.

It’s no wonder that the Kingdom of Jiansong started from the Kingdom of Chaos and Chaos more than 300 years in advance. After all, the “hundred years” is in a smooth situation; if something goes wrong, a little delay may not be enough.

Fortunately, in the time-space disordered area, everything went smoothly, and no one else was encountered during the period.

A hundred years later, Xu Ming successfully reached the edge of the original land.

Before, the huge white hole that Xu Ming saw at the beginning of the Chaos Teleportation Array had already occupied half of his field of vision. At this time, what Xu Ming saw was a layer of dazzling white membrane wall, but nothing could be seen erupting from the membrane wall.

The King of Sword Song explained: “Actually, this white membrane wall has been erupting Chaos Dao all the time; it’s just that the time and space around us are so chaotic that we can’t see or touch these eruptions at all. Chaos to the Tao!”

“Creation is amazing!” Xu Ming couldn’t help but sigh.

These eruptions of near-materialized Chaos Supreme Dao were probably passing him by; however, Xu Ming could not see or touch it at all!

The King of Sword Song said with a smile: “If we can all touch these near-materialized Chaos Supreme Dao, then the Chaos Supreme Dao Fragment will be worthless! That Vault Wing messenger will not be for a Supreme Dao Fragment. , and so laborious!”

“Indeed!” Xu Ming nodded.

In the next instant, Xu Ming and the King of Sword Song passed through the white membrane wall and entered the original place.

Xu Ming only felt that there was a white light in front of him. Whether it was vision or spiritual sense, he could only see the white light, and he could not find anything else.

After about a quarter of an hour, Xu Ming felt that the scene in front of him was changing, and he was already on an endless grassland.

This grassland is like the most common grassland in the mortal world, there is nothing special about it. But I don’t know why, even Xu Ming, even the King of Sword Song, the great master of all things stood on this grassland, and felt surrounded by an incomparably warm atmosphere. In this initial place where the world opened up, Xu Ming and King Jiange were like wanderers returning to their hometowns, and their whole hearts suddenly calmed down.

“This feels so good!” Xu Ming felt that his countless years of killing had been washed away at this moment. His mind seemed to have returned to a clean state; even his comprehension seemed to have improved a lot.

“Let’s go!” King Jiange said, “This place is not as safe as you think it is; it is only safe when you reach the ‘City of Absolute Beginning’!”

call out-

The King of Sword and Song took Xu Ming and traveled hundreds of millions of miles in an instant. However, this speed is already very slow for the existence of all things.

“The space compression in the initial land is too great, and my speed is greatly affected!” The King of Sword Song frowned slightly.

Hundreds of millions of miles in the initial land is probably farther than the “ten thousand worlds” in the endless chaos!

“However, the flow of time here is the same as in the endless chaos of the outside world!”

In the entire endless chaos, there may be occasional places where the time flow rate is different; but the time flow rate of the entire endless chaos is consistent in most places.

After all, in the entire endless chaos, there is only one “long river of time”. And those places where the flow of time is different are the reefs or whirlpools in the long river of time.

call out-

When Xu Ming and the king of Jiange moved forward at high speed.

Suddenly, several figures shot out from all directions of the grassland.

“Stop!!” A thunderous roar resounded through the void, resounding in the ears of Xu Ming, “Leave the star map of the beginning, spare you from dying! We only need the star map of the beginning, and we don’t need any other treasures!”

Chapter 1469: Zantenkyo

“Leave the star map of the beginning, spare you all! We only need the star map of the beginning, and we don’t want any other treasures!”

Of the three figures, one was dressed in black, with cold eyes and a thunderbolt mark between his eyebrows; the other two were all wearing blue robes, and their imposing manners were also very extraordinary.

“Three realms of all things!” King Jiange’s expression froze.

These three people are very smart, and they know that those who have just entered the land of the beginning must have the star map of the beginning of time; so, as soon as they open their mouths, they only need the star map of the beginning of time.

However, the King of Sword Song knows that things are not so simple – if you take out the star map of the beginning, it will be a sign of weakness; once you show weakness, then the opponent will definitely launch a mad attack.

and...

Although the King of Sword Song did not dare to say how strong he was in the realm of all things, he was definitely not weak! Three ordinary realms of all things want to rob him too?

It's too much to underestimate him!

“Go away!” Lord Jiange shouted directly.

“what!?”

“you!”

“court death!”

The three realms of all things are furious.

boom!

The sky that had been clear for thousands of miles suddenly turned pitch black.

In the next moment, the black-clothed man in the realm of all things instantly turned into a divine thunder, shrouding Xu Ming and the two of them.

“Hi-” At this moment, Xu Ming almost suffocated.

The power at the level of the realm of all things is simply not something that the current Xu Ming can compete with.

call out-

call out-

In the sky covered with divine thunder, two blue figures swept over at a very high speed.

“Death!” King Jiange’s eyes were cold and stern, and the sword was unsheathed.

call out-

A sword light slashed through the endless darkness.

The thunder in the sky dissipated in an instant, and the two blue figures disappeared in an instant.

Endless darkness recedes.

“Pfft!” The strong man in black appeared, his body was weak, “You... you dare to kill our Cantian Sect!”

The black-clothed powerhouse stimulated the rune, and instantly fled away.

“The King of Sword Song is so strong!” Xu Ming was a little surprised.

Killing two realms of all things with one sword, and severely injuring one realm of all things; such strength, in the realm of all things, is not weak!

The King of Sword Song frowned, “I’m in trouble...”

“Huh?” Xu Ming wondered.

The King of Sword Song said: “The Cantian Sect is a fifth-rank force in the original land; if they offend them, I am afraid there will be trouble! – Let’s go, let’s go to Taichu City! At least in Taichu City, they are not Dare to do it!”

The initial land is the core of the entire Tianwen Domain; and Absolute Beginning City is the core of the core!

Tianwen Domain Lord, the headquarters of many fifth-rank forces and sixth-rank forces are all in the city of Absolute Beginning.

The King of Sword Song galloped along with Xu Ming. A few days later, the city wall of Taichu City was seen.

“It’s finally here!” King Jiange finally felt relieved; as long as he entered Taichu City, he would be safe.

Although the Remnant Heaven Sect is a fifth-rank force, in the city of Absolute Beginning, it is only the bottom force, and they will never dare to cause trouble in the city of Absolute Beginning.

“Come in!”

Xu Ming and King Jiange all flew towards the city gate.

In the beginning, the city was very small, only the land of several realms. However, the space here is very folded and compressed; the land of the number of worlds is even larger than the land of tens of thousands of worlds in the endless chaos.

Moreover, the people who have lived in Taichu City for a long time are only the core layers of some top forces; therefore, although Taichu City is small, it is still very empty.

However, when Xu Ming and King Jiange flew close to the city gate...

boom! boom! boom! boom! ...

Dozens of figures rushed out of the city at the beginning of time; each figure was imposing and mighty, exuding a coercion that Xu Ming could not resist.

Dozens of all-world powerhouses!

Lord Jiange's face turned pale: "It's over!"

Although the King of Sword Song is in the Chaos Kingdom, but at the beginning, he is the leader of a mere fourth-rank force, and he is nothing here!

Dozens of figures stood at the gate of Taichu City, and Xu Ming and King Jiange didn't dare to go forward.

As for going back...

If there was no accident, there would have been an ambush on the way back.

"I still haven't had time to rush into Taichu City!" King Jiange smiled bitterly.

If you enter Taichu City, although you will never dare to come out again, there will be no danger at all!

Moreover, as long as Xu Ming shines in the Ten Thousand Domain Genius Battle, how can the Cantian Sect dare to take revenge again?

But now, he was stopped outside the gate of Taichu City, and the King of Sword Song had to feel like he wanted to cry without tears.

"If I knew earlier, I should have taken Xu Ming and left the original place directly!"

However, after finally coming to the original place, will you be willing to go back like this?

Certainly not reconciled!

“Humph!” Among the dozens of figures, an almighty with eyes as sinister as a poisonous snake snorted coldly, “Even the people of our Cantian Sect dare to kill?”

The King of Sword Song continued: “We are willing to compensate!”

“Compensation? Hahahaha...” Dozens of all-world powerhouses laughed in unison, “What compensation? Can you afford it?”

“Humph!” It was the gloomy and gloomy power before, he looked at the king of Jiange and said coldly, “I’ll give you two options! One, become my soul slave, and I will drive it from now on; two, die. !”

As for Xu Ming... The other party never looked at Xu Ming from the beginning to the end! After all In their eyes, Xu Ming is just an ant.

Become a slave of the soul, or die?

No matter which way it is, it is not what the King of Sword Song wants!

But now, the King of Sword Song is facing dozens of strong people in the realm of all things at the same time, and many of them are obviously stronger than himself, and he can’t even escape; obviously, he is really in a desperate situation.

“Xu Ming, ask yourself for more blessings!” King Jiange said through a voice transmission.

At this time, the King of Sword Song really couldn’t protect Xu Ming anymore.

However, Xu Ming evoked a meaningful smile and secretly said in his heart: “The original land is also a place where the weak eat the strong! Now... I can only try this trump card!”

Suddenly, Xu Ming took a few steps forward.

“Huh? Xu Ming?” King Jiange was startled, not understanding Xu Ming’s actions.

“An ant!” The strong man of the Remnant Heaven Sect showed disdain.

“Go away!” Venerable Can Hua, among the powerhouses in the realm of all things, even waved his palm directly, intending to smack and kill Xu Ming.

At this moment, a golden talisman appeared in Xu Ming’s hand.

There are only two words on the sign: the sky.

This Token is ordinary, without any coercion.

However, as soon as the talisman came out, the expressions of dozens of Remnant Heaven Religion experts in the Myriad Realm suddenly changed; the Venerable Remnant Hua who took the shot was even more frightened and hurriedly blasted the attack in another direction.

boom!

In this direction, there happened to be a strong man of the Cantian Sect, and his whole body was scorched black by the blast.

But the powerhouse, who was scorched to the black by the blast, didn’t even say a word; instead, like dozens of other powerhouses of the Remnant Heaven Sect, they all looked at the talisman in Xu Ming’s hand in horror.

“Sky Gate... Golden Clothes Order!?”

Updated today, thank you!

Chapter 1470: Arako Hikari

“Sky Gate... Golden Clothes Order!?”

The dozens of powerhouses of the Cantian Sect were all shocked and sluggish!

“How... how?”

You know, Cang Qiongmen is the top force in the initial land! It is also Tianwen Domain Lord, who can also overwhelm Cangqiongmen; other top six-rank forces are at most just on par with Cangqiongmen.

And the Remnant Heaven Sect was only the bottom force in the original land. When they thought that they were besieging the golden-clothed disciples of Cangqiongmen, they felt a little shivering; they must know that every golden-clothed disciple is a treasure of Cangqiongmen!

“Xu Ming, you...” The King of Sword Song also looked at the talisman in Xu Ming’s hand in disbelief.

Of course, the King of Swords and Songs recognizes the Golden Clothes Order of Cangqiongmen! At the beginning, the territory where the Chaos Kingdom of Jiansong was located was originally the territory of the fifth-rank force of the Broken Boundary Island; it was precisely because the Broken Boundary Island offended the Cangqiongmen and was destroyed tragically that the establishment of the Chaos Kingdom of Jiansong came later!

King Jiange never thought that Xu Ming would be the golden-clothed disciple of Cangqiongmen!

“Let’s go into the city and talk about it!” Xu Ming was secretly relieved when he saw that the golden clothing order really shocked the other party; to be honest, when he took out the golden clothing order, he had no idea in his heart – he only knew that the Cangqiongmen was Sixth-Rank power, but I don’t know how the deterrent power of the Sky Gate in the initial land is.

Now it seems that the deterrent is very strong! Even a fifth-grade force like Cantian Sect, when they see this talisman in their hands, is like a mouse seeing a cat.

Seeing that Xu Ming was about to enter the city, how could the dozens of strong men from the Cantian Sect dare to stop them, so they all made their way and watched them enter the city.

The Venerable Canhua who shot Xu Ming was even more ashen: “I actually shot the golden-clothed disciple of Cangqiongmen...and almost hurt him...”

“What do I do now?” Dozens of experts in the realm of all things looked at each other in dismay.

“Hurry up and report to the sect master, let the sect master decide!”

...

Inside the sky gate, an eternal existence suddenly opened his eyes. His eyes were extremely clear, like the river of time flowing in them.

He, Elder Tianjing, a super existence of “Nirvana Realm”!

Even if all things are destroyed, he is eternal!

“The golden robe that went to the ruins last time actually appeared in the original place!?”

Elder Tianjing’s path of proving the Tao is based on the ultimate Tao of chaos, and has created his own way of cause and effect; therefore, he is particularly sensitive to changes in causal opportunities.

If Xu Ming took out the Golden Clothes Order in the Chaos Kingdom of Sword Song, it would be difficult for Elder Tianjing to sense it; after all, the long distance would dilute the maintenance of cause and effect. And if Xu Ming came to the starting place, but he didn’t take out the golden clothing order, he wouldn’t be able to sense it; after all, if he didn’t take out the golden clothing order, it meant that he didn’t have too much causal connection with the surrounding.

But now, Xu Ming was at the gate of Taichu City and took out the golden robe. If Elder Tianjing couldn’t even sense this, then his so many years of preaching would really prove to the dog.

“That’s great!” Elder Tianjing was overjoyed, “This golden-clothed disciple was able to come to the starting place by himself! From today onwards, I finally have an eleventh golden-clothed disciple!”

Elder Tianjing’s spiritual thoughts spread like ripples on the surface of a lake; in an instant, they locked onto Xu Ming.

...

At this time, Xu Ming was explaining the matter of the Golden Clothes Order to the King of Sword Song: “I passed the examination left by the Cang Qiongmen, so I became a Golden Clothes disciple! In fact, when I was in the capital, I wanted to take it. The Golden Clothes Order has been issued; however, I am worried that the Dome Wing messenger will attack me!”

“You did the right thing!” The King of Sword Song nodded. Obviously, he also felt that Xu Ming came to the starting place, and then took out the golden clothing order is the safest way.

Whoa!

At this time, Elder Tianjing’s spiritual thoughts condensed into a golden figure, which appeared in front of Xu Ming and King Jiange.

King Jiange was stunned, and even bowed and saluted: “Meet Elder Tianjing!”

The King of Sword Song clearly remembered that when the Broken Boundary Island was still the heyday of the fifth-rank power, there were dozens of “Destruction Realm” powers on the island; among them, there was no lack of the existence of the peak of the Destruction Realm! But at that time... Elder Tianjing didn’t leave Absolute Beginning City at all, and directly separated from countless billions of realms, he used karma to kill all the great powers of Destruction Realm on Broken Boundary Island!

Afterwards, Cang Qiongmen randomly dispatched a few low-level Destruction Realm, leading a group of Myriad Realms, almost completely destroying Destruction Realm Island. In the end, it was because he was disdainful to kill them all, so he left a little inheritance to the Broken Boundary Island.

For Elder Tianjing, the King of Sword Song has long admired him; he never imagined that Elder Tianjing would suddenly condense his incarnation.

Elder Tianjing ignored the King of Swords and turned his eyes on Xu Ming: “You are the golden-clothed disciple from the ruins? Good! Very good! Come to see me at Cangqiongmen!”

With that said, the figure of Tianjing Elder dissipated directly.

“Eh?” Xu Ming was slightly taken aback.

“Xu Ming!” King Jiange said in shock, “Elder Tianjing will actually show up to see you in person! It seems that he values you very much!”

“Elder Tianjing?” Xu Ming obviously had never heard of this name Lord Jiange solemnly said: “Elder Tianjing has a very high status in the sky gate, and can definitely be ranked in the top three! —Let’s go, don’t make Elder Tianjing wait too long!”

Xu Ming followed King Jiange and rushed to the gate of the sky at full speed.

...

At Cangqiongmen, the first disciple “Huangguguang” walked with both hands.

Cangqiongmen, not counting Xu Ming, has a total of ten golden-clothed disciples; Huang Guguang is the only Chaos Realm disciple among them! The other golden-clothed disciples had already broken through to the Profound Yellow Realm or even higher!

However, for the golden-clothed disciples of Cang Qiong Sect, Chaos Realm, Profound Yellow Realm, Great Desolate Realm, Myriad Realm Realm, and even Destruction Realm do not have the slightest pressure; therefore, Cang Qiong Sect does not take cultivation very seriously. And Huang Guguang has the lowest cultivation base, but is actually the “first disciple” because... he deliberately suppressed his cultivation base!

He wanted to participate in the Ten Thousand Domains Genius Battle and fight against the top geniuses in the entire endless chaos; therefore, he deliberately did not break through to the Xuanhuang realm, and was still dawdling in the chaos realm.

At this time, Qiongyi messenger is carefully following Huang Guguang. Although Qiongyi messenger is a strong man in the realm of all things, he still has to bow his head in front of Huang Guguang, a genius in the chaos realm.

“This time, among the affiliated forces of our Cang Qiongmen, what amazing geniuses are going to participate in the Ten Thousand Domains Talent Battle?” Huang Guguang asked casually.

“Compared to you, it’s a bunch of waste!” The Dome Wing messenger flattered without blushing.

At this moment, the dome-wing messenger happened to see Xu Ming and the King of Sword Song, and couldn't help but be surprised; then, he shouted: "Bold! – Who brought you to the beginning of the land? Also, who allowed it Did you enter the gate of the sky?"
