

A World 1541

Chapter 1541: Shenhao

“Okay, then wait for the auction to end, and then settle the settlement with you at one time!” The enchanting maid has no doubts, after all, this situation is very common in the auction hall.

However, when the enchanting maid retired, there was a trace of resentment in her eyes, as if she was complaining that Xu Ming did not understand the style.

...

Box three.

It was Bai Murong’s box.

“It’s the person from Box No. 17...” Bai Murong couldn’t help but be a little shocked by the 100,000 low-grade Chaos Origin Crystal, which was not a huge sum for Bai Murong; however, Xu Ming’s domineering bid shocked him too. !

The two coquettish female cultivators accompanying Bai Murong also had their eyes sparkling, and they were thinking about something: “That person... so domineering!”

“Humph!” Bai Murong’s face sank slightly when she heard her female partner compliment others, and said, “Domineering? What do you two know! Only people who are not confident enough would make such a bid, as if they were afraid that others would not know him. It’s like being rich! Look at me again, even if I don’t make a bid, will anyone question my financial resources?”

...

Box 23.

It is the private box of Master Fool’s View and his disciple Lin Xu.

“Master... Master!” Lin Xu looked at Master Yu Jian, and said suspiciously, “Didn’t you say... that person came to the luxury area with a slap in the face, surely he couldn’t buy any valuables?”

In my humble opinion, the master only felt that Xu Ming, whose face was hot, hit him in the face again with action.

However, the most important thing for a master-level person is to be thick-skinned!

I saw Master Yujian maintained a very indifferent look, and said calmly: “I am afraid that this true demon armor has some special meaning to this person, so he will stop at nothing to photograph it! Look at it. , he definitely can’t take the second treasure!”

Lin Xu thought about it for a while, and couldn’t help but nodded. After all, in his opinion, if it wasn’t for the special significance of the True Demon Battle Armor, it really wouldn’t make sense for people to spend 100,000 low-grade Chaos Origin Crystals to buy it!

At this time, a second treasure appeared on the auction table.

This is a milky white jade bead, and the inside of the bead is filled with a chaotic atmosphere.

“Hunyuanzhu, you can slightly increase the speed of cultivation!” Elder Jiechen introduced the second treasure.

Although this Primordial Primordial Orb can only slightly increase the speed of cultivation, it can be used all the time. And the way to seek the Tao requires a long flow of water, so this is definitely a good auxiliary treasure!

All the great powers took their minds away from Xu Ming and put them back on the auction table.

“Although this Primordial Primordial Pearl is not a treasure of cultivation, it is very practical!”

“This orb is not bad! After taking it, not only can it be used by myself, but it can also be borrowed from others!”

Under a pair of expectant eyes, Elder Jiechen reported the starting price: “The starting price is 30,000 low-grade Chaos Origin Crystal, and each increase must not be less than...”

“300,000 low-grade Chaos Origin Crystals!” Before Elder Jiechen could finish speaking, Xu Ming’s indifferent voice sounded again.

The great powers who were preparing to bid, swallowed the words that came to their mouths again.

Nima!

300,000 low-grade chaotic source crystals!

Once again, a terrifying price ten times the starting price was directly quoted!

Moreover, this price is undoubtedly far higher than the value of the Primordial Primordial Pearl itself; even if other great masters want to get this treasure, they will not dare to increase the price at all!

In an instant, the audience fell silent again.

In Box No. 23, Master Fool just said: Look, he definitely can’t take pictures of the second treasure...

“Master, this...” Lin Xu looked at Master Yu Jian, his eyes becoming more and more questioning about his ability to see people.

“I...” This time, what else could Master Yujian say? Xu Ming had hit him in the face three times in a row.

...

Next, one treasure after another was taken to the auction table.

And no matter what kind of treasure he brought up, Xu Ming didn't say a word, and directly quoted a price ten times the starting price.

“One hundred thousand low-grade chaotic source crystals!”

“200,000 low-grade chaotic source crystals!”

“Fifty thousand low-grade chaotic source crystals!”

“One hundred thousand...”

The auction house was supposed to be a very lively place; but now, all the great powers were shocked by Xu Ming and speechless. Except for the voices of Xu Ming and Elder Jiechen, the audience was completely silent; it was as if every one of the great masters was suddenly reserved like a big girl.

Moreover, the powerful people in the general area and the VIP area are constantly switching their eyes on the auction table and box No. 17.

When new treasures came out, their eyes were all turned to the auction table; and when Elder Jiechen reported the starting price, all eyes were turned to Box No. 17 where Xu Ming was located, although they could not see it at all. To the situation in Box No. 17.

As for the distinguished guests in other boxes in the luxury area, although they could not see their expressions, their gazes were the same as those in the ordinary area and the VIP area.

The entire Contract League auction house has deeply felt two words: Shenhao!

What is Shenhao?

This is God's Treasure!

...

“What is the sacred place in Box No. 17?”

Even the senior management of the contract alliance auction house was shocked by Xu Ming.

“I’ve never seen this person! It should be the first time to step on the ancient city of God, and even, it is very likely that he is the first to come to the ancient world!”

“Shouldn’t it be... to make trouble, right?” a senior asked suspiciously.

“Trouble? At the beginning of the establishment of our contract alliance auction site, there were a few people who came to make trouble! But... those people were hanged at the gate of the ancient city, tortured for hundreds of millions of years, killing chickens and monkeys, and no one was left. Dare to make trouble!”

“Hum! Indeed! The one who dares to come to our Contract Alliance auction house to make trouble will have only one fate: he can’t survive without asking for death! Within the scope of the auction house, there is a large array of suppression, and even if he wants to commit suicide, he can’t do it!”

The powers of the contract alliance are generally weak in personal strength; if they are facing the top ninth-order geniuses of the prehistoric realm in the mysterious realm of the Divine Phoenix, even if hundreds of the eighth-order prehistoric realm in the contract alliance join forces to intercept, may not be able to leave each other! Therefore... in each station of the contract alliance, the formations are arranged to be extremely powerful!

Use a powerful formation to make up for the disadvantage in strength!

Especially in a place like the auction house, the formation is even more powerful and terrifying! Even if the realm of all things exists, it is impossible to break out of the formation!

And in the ancient relic realm, there is no cultivation base to reach the existence of the realm of all things; the strongest are those top geniuses in the mysterious realm of the Divine Phoenix.

That is to say, no matter who they are, if they dare to make trouble in the contract alliance auction hall, they will never have a good end!

“However, in case... the person in the No. 17 box really did not know how to make trouble, then the face of our contract alliance will be greatly damaged by him!” In the auction hall, the chief Yueyao elder Squinting his eyes slightly, he said, “I’ll go meet this person for a while to see if he has enough money!”

Chapter 1542: Spokesperson?

“150,000 low-grade chaotic source crystals!”

Xu Ming took a picture of an elixir with a gesture that no one dared to fight.

But this time, the one who gave him the treasure was no longer an ordinary maid, but Elder Yueyao.

“The elder of the contract alliance and the steward of the auction house, Yueyao!” After the elder Yueyao knocked on the door and went in, he humbly cupped his hands and said, “I don’t know what this distinguished guest should be called?”

“Xu Ming!” Xu Ming said indifferently.

“It turned out to be Brother Xu Ming!” Elder Yueyao’s smile was very enthusiastic, “Brother Xu Ming has been on the road like a broken bamboo, and he has photographed so many treasures. He is really a distinguished guest of my contract alliance auction!”

“Yeah!” Xu Ming nodded noncommittally, and said with style, “Put the things on the table, you can leave!”

“This...” Elder Yueyao pondered slightly, with a hint of embarrassment on his face, and said, “Brother Xu Ming, you have photographed so many treasures one after another, should you settle it first?”

“Settle it?” Xu Ming said with a calm expression, “What? You can’t wait for the auction to end, and then settle it all at once?”

“It’s not...” Elder Yueyao said.

“That’s good!” Xu Ming said indifferently, “In the endless chaos, many auction houses I have been to can all be settled after the auction is over! I thought... your contract alliance auction house, and other auction houses. The rules are different!”

“The rules are naturally the same!” Elder Yueyao said with an apologetic smile, “It’s just... Brother Xu Ming, you are here for the first time, and you have photographed so many treasures...”

Xu Ming’s face was indifferent, but he sneered in his heart. He knew that the other party was worried that he had photographed so many treasures at once, so he came to test it!

“Humph!” Suddenly, Xu Ming’s face sank suddenly, “After saying so much, you are worried that I have no money, right? The contract alliance, after all, is also one of the most powerful forces in the ancient relic world, with such a little bearing and courage!? People feel ridiculous!”

Elder Yueyao smiled awkwardly, but did not speak; obviously, he still wanted to continue to test Xu Ming’s financial resources.

“Humph!” Xu Ming snorted coldly, “Do I look like someone who has no money? Aren’t these treasures I photographed from more than one million low-grade Chaos Origin Crystals? Open your eyes to see clearly!”

Xu Minglian converted more than one million level 18 points into a low-grade Chaos Origin Crystal and put it in a world ring. Then, Xu Ming showed the situation in the world ring to Elder Yueyao.

“Do you see clearly? This is just a small part of my wealth! Is it enough to pay for the treasures I photographed?” Xu Ming sneered, “If you insist on settling it now, then settle it! But... it’s like a contract. In a place like the League Auction, I will definitely leave immediately, and from now on, I will never come here again!”

Elder Yueyao’s spiritual thoughts glanced at the situation in this world ring; he already knew Xu Ming’s financial resources in his heart, and he was relieved.

“Brother Xu Ming... Since you want a one-time settlement after the end, then a one-time settlement after the end!” Elder Yueyao said with an apologetic smile.

“Humph!” Xu Ming sneered, “It’s almost the same! I thought... the threshold of your Contract League auction site is too high, and you won’t let someone like me step in!”

“Brother Xu Ming, you have so much wealth, how can you be a nameless junior!” Elder Yueyao said, “It’s just... I’m a little bit curious! Brother Xu Ming, why did you take pictures of these treasures at such a high price? Could it be that? is to...”

Could it be...

Xu Ming still wanted to hear Elder Yueyao go on, but after saying the words “could it be?”, Elder Yueyao looked at Xu Ming with a questioning expression on his face, and did not continue to speak.

“Uh...” Xu Ming was a little depressed, how could he say half of his words? How do I know you’re going to say “Is that what?”

However, Xu Ming’s face did not show the slightest doubt, but instead asked Elder Yueyao confidently: “What do you think?”

what do you say?

After hearing these three words, Elder Yueyao showed a “surely so” expression on his face, as if he had already determined Xu Ming’s purpose and origin!

“That’s no wonder!” Elder Yueyao said with a smile, “No wonder brother Xu Ming is so lavish, so it is!”

Xu Ming was confused and didn’t know what Elder Yueyao was talking about, but he still had a “that’s what happened” look.

“Brother Xu Ming, I would be very grateful if you could give us a chance to make money at the Contract Alliance auction house! It’s just...” Elder Yueyao pointed to the auction house, “Look, you are too lavish, and now there are other auction houses in the auction house. No one dared to make any bids, so they just froze...”

Xu Ming arrogantly asked: “They are poor, blame me?”

“Brother Xu Ming, that’s not what I meant!” Elder Yueyao said, “It’s just... Look, can you give other people a chance to make a bid? After all... if they don’t even have a chance to make a bid, they will inevitably be given a chance to make a bid. Don’t dare to come to our auction in the future!”

Elder Yueyao not only wants to make immediate money, but also has long-term consideration for the auction house.

“Oh...” Xu Ming understood, “Give them a chance to bid, right? I understand, I’ll give you this face! In the next auction, I won’t be the first to bid! Give them a chance to bid. !”

“Thank you, Brother Xu Ming!” Elder Yueyao got the answer he wanted and left Box No. 17 with satisfaction.

Xu Ming was still puzzled in the box: “What did he want to say just now, did he want something?”

...

Elder Yueyao went back soon.

“How’s it going, Moonlight?”

“Did you come to our auction to make trouble?”

The other elders even asked.

“I’m not here to make trouble!” Elder Yueyao said, “I’ve already confirmed that this person should be the spokesperson of a force from a certain party in Endless Chaos! There should be a new force that is going to enter the ancient relic world, so let me first He’s here to make some big moves and make a name for himself!”

If Xu Ming knew, after Elder Yueyao asked “Could it be?”, he would have thought so much from his answer, and I don’t know what his expression would be.

However, it cannot be blamed that Elder Moonlight is too imaginative, because in the past, there were indeed some great forces in the endless chaos. Before entering the ancient relics, they deliberately used the method of distributing wealth at auctions to build their reputation.

You must know that the treasures auctioned at the auction of the ancient relics are indeed very precious to the existence of the prehistoric realm and even the realm of all things; but for the existence of those in the realm of destruction and nirvana in the endless chaos, it is very precious. It's nothing!

If Xu Ming is really a spokesperson from a certain force in Endless Chaos, then it is normal to have a little money and fame at the auction now!

"I see!"

"No wonder..."

The other elders also suddenly realized, and even laughed: "This spokesperson, it is really our luck to choose our contract alliance auction! This auction, we can make a lot of money!"

"Yeah! Several spokespersons who have appeared in the past have not looked down on our Contract Alliance auction house, and are more willing to go to the Divine Phoenix Auction House and the Ancient Yimeng Auction House... This time, it is finally our turn to earn!"

Elder Yueyao smiled and said: "Also I have already confirmed that Xu Ming has very strong financial resources! Therefore, even if he is not a spokesperson, but is here to make trouble, we don't have to. Worry; when the time comes, if he is directly trapped in the formation, and the wealth is taken from him, our auction will be sure to make no loss!"

"That's the best! It's safe!"

"good!"

The other elders also nodded in agreement.

The elders of the contract alliance are extremely confident in the formation of the auction house. No one can make trouble in the auction; even if the realm of all things exists, let alone the prehistoric realm!

only...

Xu Ming really couldn't help the formation of the auction house? If nothing can be done, Xu Ming will not be so "wave"!

Of course, this is not what the elders of the contract alliance know; they thought that they finally welcomed a super big gold master! Still secretly excitedly looking forward to Xu Ming's ability to buy more treasures!

Chapter 1543: Shenhao Strikes Again!

"The next item to be auctioned – the extreme gun!"

A grey long gun was carried onto the auction block. Around the gun body, there are constantly chaos to the Tao that evolves into countless orders of heaven, and there are also constant orders of heaven to transform into the chaos of the Tao; the two always maintain a perfect balance.

Elder Jiechen introduced: "This long spear was personally refined by Che Houyan, a famous craftsman master in the endless chaos, and it is a superb weapon of all things..."

"Oh?" Even Xu Ming couldn't help but his eyes lit up, "This extreme sword is very suitable for my marksmanship! It must be photographed!"

However, Xu Ming just promised Elder Yueyao that he would give other great powers who participated in the auction a chance to bid; therefore, he decided not to rush to bid! When other people's bids are almost the same, it's not too late to bid again.

"The starting price... 500,000 low-grade Chaos Origin Crystals!" Elder Jiechen touted a lot of good points about the Divine Sword, and finally quoted the starting price.

but...

In the auction hall, it suddenly fell into a dead silence, and it was strange that no one bid!

Everyone seemed to be waiting for something – everyone was used to Xu Ming's domineering bid that no one dared to contend for; now that Xu Ming didn't bid, others were not used to it!

One after another, they couldn't help but look at Box No. 17 where Xu Ming was.

There was silence for a while, but no one offered any more.

"Cough cough!" Elder Jiechen said embarrassedly, "Is there no one who wants to bid?"

With the reminder from Elder Jiechen, Daleng finally gathered up the courage to make an offer.

"500,000 low-grade chaotic source crystals!"

The same bid as the starting price!

The other great powers also came back to their senses – the order of the auction seems to have finally returned to normal!

Immediately, the eyes of all the greats who were interested in the Divine Spear became hot.

"600,000 low-grade chaotic source crystals!"

"Seven hundred thousand!"

"Seventy-five thousand!"

...

The sound of bidding rang out in the auction hall one after another.

“Huh—” Yueyao and other elders all smiled with relief—this auction has finally returned to its proper order.

The atmosphere in the auction hall gradually became lively.

There are five or six powerful people who are blushing for this extreme sword.

“1.3 million low-grade chaotic source crystals!” an almighty with flaming red hair shouted aggressively, “This extreme magic gun is very suitable for my gun path! Please give me ‘Gun Invincible’ A face, don’t fight anymore!”

“One hundred and thirty-five thousand low-grade Chaos Origin Crystals! Invincible Gun? What are you? What is your face worth? If you have the ability, just bid for it!”

“1.4 million low-grade Chaos Origin Crystals! – Bidding in the auction house, each depends on financial resources! How can there be no face!”

Under the competition of the digital powers, the price of the extreme sword has skyrocketed!

“2.3 million low-grade chaotic source crystals!” Gun Invincible looked crazy, “All of my chaotic source crystals are here! If anyone can be taller than me, just take them!”

2.3 million, which is already an extremely high price for a weapon of all things.

However, the extreme gun is from the hands of the master, and it is the top-level long gun among the gods of all things; it is not very surprising to be able to shoot at this price.

The auction house was silent for a while, and no one continued to bid.

“Hahahahaha...” Gun Wudi laughed loudly, “I finally got this long gun! Hahaha... Huh?”

Laughing and laughing, Gun Invincible’s laughter suddenly stopped abruptly. Because... an indifferent but familiar voice came from box No. 17: “Five million low-grade Chaos Origin Crystals!”

“Pfft!” Gun Wudi almost vomited blood.

The Shenhao in Box No. 17 is at it again!

Gun Wudi just wants to cry – big brother, if you want to shoot, shoot early! Waiting for us to fight for a long time before we shot, isn’t this playing people? And...you don’t even have to bid! I’ve made it clear that as long as it’s higher than 2.3 million, I won’t fight; you’d better just quote the price of 5 million... Isn’t this bullying?

Just, what can I do with the gun invincible? Being smashed to the ground with money, he will obey even if he refuses to accept it!

Unless, he can come up with a price higher than five million!

But... don’t say that he doesn’t have five million low-grade Chaos Origin Crystals on him, even if there are, he wouldn’t dare to make an offer! – If the price of more than five million is reported, but the Shenhao in Box No. 17 does not continue to report it, wouldn’t it be even more necessary to vomit blood?

...

After the awkward atmosphere at the scene, it was the turn of the next auction item.

“The second-level inheritance stone of Divine Phoenix Immortality!” Elder Jiechen introduced, “In this inheritance stone, there is the complete inheritance of the second level of Divine Phoenix Immortality! But...it can only be inherited once!”

Xu Ming’s eyes became more and more fiery: “Sure enough, the further back the auction is, the more good things will be! Divine Phoenix Immortality is the second most important thing, exactly what I need!”

Why did Xu Ming enter the ancient relic world, wasn’t it just to collect the fragments of ink flames and go back to exchange for the chance to inherit the Divine Phoenix’s immortal body? Now, the second-tier inheritance stone is placed in front of Xu Ming; how could Xu Ming let it go?

“calm down!”

However, Xu Ming was not in a hurry.

Sure enough, the auction of this inheritance stone was much more lively than that of the Divine Spear; the auction price once soared to more than nine million low-grade Chaos Origin Crystals!

There are several great powers, and they are even more popular in the auction, and they directly make an appointment to wait for the end of the auction to fight the last one!

In the end, Xu Ming’s light-hearted “20 million low-grade chaotic source crystals” crushed the audience, and no one dared to fight!

The great powers who participated in the auction are all speechless – the gods in Box No. 17, how can this not be contested! Totally playing with them!

Especially the few powerful people who had a fight, they were about to burst into tears – if they had known that Shenhao would still shoot in the end, they would still be fighting for a fart and a fart fight!

“Divine Phoenix Immortality Second Stage!” After Xu Ming got the inheritance stone, he could not wait to accept the inheritance immediately; however, thinking that there must be many good treasures at the auction, Xu Ming resisted the urge.

“The inheritance stone that I got can’t escape anyway, don’t rush to use it, don’t rush to use it!” Xu Ming secretly said.

The extreme sword and the inheritance stone are obviously the two treasures in this auction. After these two heavy treasures, the next batch of treasures are all small treasures worth tens of thousands or hundreds of thousands of low-grade Chaos Origin Crystals.

Xu Ming thought for a while: “It can’t be too high-profile! Just leave out a few of these worthless little things! After all... It’s not easy for so many strong people to participate in the auction, we still have to give them some hope!”

Xu Ming decided to “give” a few worthless treasures to them.

...

“What!? I got it!?” A big man in golden armor, 20,000 low-grade Chaos Origin Crystal photographed a medicinal pill, and was immediately excited! – He thought that Xu Ming would shoot at the last moment again!

Moreover, because the shadow of Xu Ming shrouded the audience, very few people competed for this medicinal pill; 20,000 low-grade Chaos Origin Crystal is definitely an extremely low transaction price!

And this big man in golden armor was also the first person in the audience to photograph the treasure except Xu Ming.

Immediately, the other great powers in the auction hall also saw hope – it turns out that this goddess in Box No. 17 doesn’t want everything!

Next, several more treasures were taken away by other great powers. However, the value of these treasures is relatively low, the highest one, the transaction price is only 150,000 low-grade Chaos Origin Crystal.

However, the atmosphere in the auction hall finally became really active.

“The next treasure is a mysterious talisman! The reason why I say ‘mysterious’ is because...”

Chapter 1544: Mystic Token

“The next treasure is a mysterious talisman! The reason why I say ‘mysterious’ is because... the material of this talisman is very special, and it is different from any material we know of! Moreover, this talisman is not A talisman for any power in the Infinite Chaos as we know it!”

Elder Jiechen pointed to a black talisman on the auction table and introduced it.

This talisman was as dark as a human pupil; but inside it, there seemed to be flames dancing. Indistinctly, a word can be seen in the flames: Heaven!

The material is special, and it is not a sign of any known power, so it is no wonder that it is called “mysterious”.

But... it's just a mystery.

The powerful people who participated in the auction are not so easily fooled; they will not spend much money on this token just because of the word “mystery”.

After all, the main function of the talisman is a symbol of power and identity; and this talisman, even if you don't know which power it belongs to, what's the use of holding it in your hand?

Apparently, the contract alliance auction house also knows that this token cannot be sold for a good price, so the starting price is also very low: “20,000 low-grade Chaos Origin Crystal!”

Although the starting price was only 20,000, the auction site was still cold for a while—this talisman was useless at first glance; who would be willing to spend 20,000 low-grade Chaos Origin Crystals?

but...

In the box in the luxury area, there were two strange eyes.

“Huh?” Bai Murong was stunned for a moment, “I have seen this kind of talisman in the images left over from the endless chaos of the previous era...it seems to be a very noble status symbol!”

“This is...?” Master Yujian also had a strange look on his face, hesitated a little, and then deliberately bid in a casual voice, “20,000 low-grade Chaos Origin Crystals! – This kind of bizarre thing, even if it's useless, buy it. It's also good to collect!”

Master Fool's View said this, naturally, to dissuade others from competing with him.

“Master?” Lin Xu couldn't help but said, “What do we buy for useless things?”

“It’s useless?” Master Ignorance said arrogantly, “Teacher, it’s time to exercise your eyesight! Since Master wants to buy it, it’s naturally reasonable!”

“Eyesight?” Lin Xu recalled the eyesight of Master Yujian to see people before, and couldn’t help but look suspicious.

“Rebel! What kind of eyes are you looking at!?” Master Yujian couldn’t help shouting.

At this moment, another bid sounded: “Twenty-one thousand low-grade Chaos Origin Crystals! – My humble master, I am also interested in this little toy, why don’t you give it to me!”

“Not good!” Master Yujian’s expression changed and he thought, “That boy Bai Murong really has some eyesight!”

“Hahahaha...” Thought in my heart, the foolish master said with a laugh, “Bai Shaomeng, if you step into the ancient business alliance, you don’t lack such little toys, right? Why don’t you let this old man! – 20,000 taels thousand!”

How could Bai Murong let it go, and immediately followed the price.

The two of you are vying for each other, and neither one is willing to give up.

Although the other great masters don’t know what this talisman is used for, they can’t help but quote the price and join in the fun when they see that the leader of the ancient business alliance and the master of Jianbao are all vying for this. .

Of course, the other great masters don’t know the origin of this Token, so at best they just follow along. The real competition is still between Bai Murong and Master Yujian!

The price of Lingfu climbed all the way, and soon, the starting price rose from 20,000 to 180,000; moreover, both sides refused to back down.

Xu Ming finally couldn’t stand it anymore!

“The two of you are fighting back and forth like this, and there is no end to it?” Xu Ming shouted angrily – although he did not know the origin and purpose of this talisman, is it important?

unimportant!

Without even thinking about it, Xu Ming made a direct bid: “One million low-grade Chaos Origin Crystals!”

“I rely on!”

“I rely on!”

Bai Murong and Master Yujian both vomited blood.

The two of them fought for a long time before grinding to 180,000 low-grade chaotic source crystals; Xu Ming was better, as soon as he came up, he directly “one million”!

Immediately, the audience was shocked into silence!

Xu Ming is like this, he is called Niu X, he is domineering!

For a long time, there was a sound of sighing in the auction hall.

“It is said that stepping on the ancient business alliance is the wealthy party! Now it seems that compared with the gods in Box No. 17, it is still far behind!”

“Yeah! I’ve never seen Bai Murong so domineering!”

Bai Murong was obviously a little excited, and couldn’t help shouting, “One hundred and one million low-grade Chaos Origin Crystals!”

More than one million low-grade chaotic source crystals are not many for the ancient business alliance! At least, Bai Murong, who is the leader of the young alliance, can completely throw it.

“Oh, I’ll go!” Xu Ming was startled, “Someone dares to ***** me? – crushed to death! It must be crushed to death!”

You know, in this auction, as long as Xu Ming bids, no one dares to compete with him! And this time, Bai Murong dared to argue with him, obviously angering Xu Ming!

“Ten million low-grade Chaos Origin Crystals!” Xu Ming made another domineering bid.

“Pfft!” Bai Murong vomited blood – how could such a bid be made?

The price went up directly from “1.1 million” to “10 million”!

Bai Murong only felt a burning pain on his face – he was beaten in the face by Xu Ming with money!

Of course he still wants to continue bidding, but... 10 million low-grade Chaos Origin Crystals is not a small amount even for the ancient business alliance! Bai Murong was afraid that after he followed the price, Xu Ming would simply give up and not follow; in that case, he would spend more than 10 million to buy a useless Lingfu and go back!

After all, this Token is the endless chaos of the previous era; if it remains to this day, it is indeed of limited value.

In the end, Bai Murong still couldn’t be ruthless and gave up with a sigh.

“Humph!” Xu Ming sneered in his heart – if Bai Murong dared to continue to follow the price, then he would directly report 100 million! Anyway... no matter how much Xu Ming reported, he would definitely not pay a penny in the end!

Elder Yueyao and others were also secretly laughing at Bai Murong behind the scenes.

“This Bai Murong, who dares to follow the price, is completely humiliating himself!”

“That’s right! Although the ancient business alliance is rich, this person in Box No. 17 is the spokesperson of the great forces in the endless chaos; he came to our auction to use money to make a name for himself. Yes! I’m afraid... the more money he spends, the happier he will be!”

“The man in Box No. 17 has indeed shocked the audience! At the end of the auction, he will definitely reveal the forces behind him and become famous in one fell swoop!”

“I don’t know which force in the endless chaos will be stationed in the ancient world! But... this auction is coming to an end, and we will know soon!”

“Well! I hope that the newly settled forces here can stand on the same front as our contract alliance!”

In the ancient relic world, it is also divided into several camps. Each camp hopes that its own forces can be larger and can crush other forces!

After a few more lots...

Elder Jie Chen, who presided over the auction, suddenly showed an expectant smile on his face: “The next treasure is the final treasure of our auction, and that is – Cangyu Array!”

Chapter 1545: Come And Go

“As we all know, the formation diagram is formed by condensing the power of heaven and earth! And the power of heaven and earth in the ancient relic world is completely different from the endless chaos; that is to say, if you want to refine it, you can use it in the ancient relic world. Array map, you must enter the ancient relic realm...”

Elder Jiechen introduced it eloquently.

“And those who are strong in the realm of all things have been unable to enter the ancient relic realm; that is to say, today, the most powerful array mage is only the ninth-order cultivation base of the prehistoric realm! And this Cangyu formation map can trap hundreds of people at the same time. A ninth-level powerhouse in the prehistoric realm; even if the realm of all things exists, it will take a lot of effort to break it – definitely the most top-notch formation in the ancient relic realm! precious!”

Sure enough, after Elder Jiechen boasted, many eyes became hot.

Especially those small and medium-sized forces that have not yet stabilized their bases, they are eager to take pictures of this Cangyu Formation immediately.

but...

As soon as I thought of box No. 17, there was also a “Hao inhuman” God Hao. All the hearts that were just around the corner suddenly cooled down.

“The starting price... 10 million low-grade Chaos Origin Crystals!” After Elder Jiechen’s introduction, he directly quoted a terrifying starting price.

And the Cangyu Array Map is indeed worthy of this starting price!

After all, as long as you have the Cangyu Array, you can build a stable base like the Contract League Auction House!

“Eleven million!”

“Twelve million!”

“Thirteen million!”

...

Although he was afraid of the existence of Shenhao Xu Ming, the great powers of all parties could not help but bid. What if... Shenhao doesn’t want it? Then don’t they have a chance?

“Xu Ming will definitely want this Cangyu Array!” Elder Yueyao and others were very sure.

After all, they mistakenly thought that Xu Ming was the spokesperson of a great force from the Endless Chaos! Since there is a big force that wants to enter the ancient relic world, then the

Cangyu array map is definitely needed; even if there is already a similar array map, one more is not too much!

Even... Elder Yueyao and the others felt that the reason why Xu Ming, the “spokesperson”, chose to “make a name for himself” in their Contract Alliance auction site, rather than in Divine Phoenix auction site, Gu Yi League auction site, etc., was to rush It came with the Cangyu Array!

I have to say, the elders of the contract alliance are really rich in imagination!

But at least...they feel right!

Xu Ming is indeed able to “take” the picture of the Cangyu Array—they are all treasures in the finale, how could Xu Ming not take action?

When the price of the Cangyu Array was shouted at 30 million, and after a long stalemate, Xu Ming finally made his move!

“One hundred million low-grade chaotic source crystals!”

The final word!

As soon as Xu Ming’s offer came out, the audience was silent, and no one dared to make another offer!

Shenhao has taken action, can others not be counseled?

Elder Yueyao, Elder Jiechen and other senior leaders of the contract alliance were all smiling and secretly said: “I don’t know which power is behind Xu Ming? But looking at his domineering shot, the power behind him shouldn’t be. Simple...”

Soon, the maid sent the Cangyu Array to Xu Ming.

The maid retreated.

Elder Jiechen looked in the direction of Box No. 17, and said loudly, “Do you have anything to say to the public, the distinguished guests of Box No. 17?”

The elders of the contract alliance all thought that Xu Ming was the spokesperson of a great force from the Endless Chaos. Naturally, they believed that after the “distribution of wealth”, Xu Ming would make a name for the forces behind him. Therefore, Elder Jiechen asked this question deliberately, which was to help Xu Ming, the “big money master”, to push the boat smoothly.

Xu Ming naturally didn’t know what Elder Jiechen was thinking. Hearing this, he couldn’t help but be startled: “What? Could it be that there are too many pictures of treasures in the ancient relic world, and you still have to give a testimonial?”

“Wait a minute!” Xu Ming’s voice came from Box No. 17.

Then, in the box, Xu Ming quietly checked the isolation formation he had set up; after confirming that there was no problem, a thief smiled on the corner of his mouth: “The treasures are already in hand, it’s time to go!”

Swish! Swish! Swish! Swish! ...

The “Infinite Clone” was opened, and ten clones instantly appeared around Xu Ming.

Afterwards, these ten clones instantly turned into ten ***** of divine power—at least at first glance, one would not think that these were clones; instead, they would feel that it was some kind of secret technique that Xu Ming used.

“The secret of the clone can still be hidden if it can be hidden!” Xu Ming secretly said.

In the ancient world, there are all kinds of dangers lurking. Of course, the deeper Xu Ming hides, the safer he is.

Then, Xu Ming thought about it and took out the pen and paper.

Write down the four words with ink: There are comings and goings!

“Leave this dumb riddle and let them guess!” Xu Ming chuckled.

Immediately afterwards, Xu Ming’s hands directly began to condense “Wandao Epiphyllum”!

The guardian formation of the contract alliance auction floor is almost impossible to break under the realm of all things; even if it is a low-level realm of all things, it will take a lot of effort to break it! – It is precisely because of the confidence in the way of fighting that the senior leaders of the Contract League will feel numb and have almost no defense against Xu Ming!

It’s just... they miscalculated!

With Xu Ming’s current strength, when he is fully exerting the “Wandao Epiphany”, even a low-level existence in the realm of all things may be directly killed by accident! How difficult is it to break a guardian formation?

“The contract alliance just robbed me, then I won’t kill them, and I won’t have a deadly revenge; I’ll rob them too, forget it! Otherwise... I will use the ‘Wandao Epiphany’ to sneak attack, and I will definitely make the contracts in the auction house. Alliance powerhouses, more than half of the casualties!”

I have to say that Xu Ming is quite “kind”.

“I hope... in the future, the contract alliance can know what’s wrong, don’t mess with me again! Otherwise, I won’t be so kind!”

Soon, the “Wandao Epiphyllum” in Xu Ming’s hands had already bloomed with beautiful flower bones.

“Go!”

Xu Ming thought for a moment.

Immediately, there were two divine power ***** transformed from clones, rushing towards the auction table and the formation membrane wall at the outermost periphery of the auction hall.

puff! puff!

The walls of the box are mainly used to isolate and explore; but when facing an attack, they are very vulnerable!

When the two avatars collided, the wall of the box was easily smashed.

“Not good!” Elder Jiechen, Elder Yueyao and other auction house executives suddenly changed their expressions.

Elder Jiechen saw a divine power ball flying towards the auction stand where he was, and he immediately attacked.

boom! !

This avatar ball chose to self-destruct without hesitation.

puff!

Elder Jiechen was caught off guard, and suffered some injuries directly under the power of self-destruction. As for the other great powers in the auction hall, they basically all have the cultivation of the Great Desolate Realm, and the location of the self-destruction is relatively far away from them. In addition, there is a formation protection in the auction hall, but there is not much impact.

At the same time, the “Wandao Epiphyllum” in Xu Ming’s hand also flew out from another knocked-out hole in the wall of the box and smashed into the guardian formation of the auction house.

boom!

First, the self-destruction of a avatar ball made the entire guardian formation agitated.

boom! !

Then, the moment Wandao Epiphyllum touches the guardian formation, the power completely erupts!

The guardian formation that even the low-level realm of all things is difficult to break, was instantly blown up to a gap, and the maintenance established with the outside world. Xu Ming took the opportunity to immediately activate the “coordinate teleportation” – however, the “coordinate teleportation” took a little time; and this time was enough for the great powers of the contract alliance to kill him!

“not good!”

“not good!”

“not good!”

Now Elder Yueyao, Elder Jiechen and other senior leaders of the contract alliance are really anxious – obviously, Xu Ming from Box No. 17 came prepared to make trouble! Not the “spokesperson” they thought!

“kill!”

“kill!”

“kill!”

...

From all directions of the auction hall, hundreds of figures rushed out murderously, rushing towards Box No. 17 where Xu Ming was.

Uh... I thought I would be fine today, but I didn't expect to encounter something again. I finally got rid of the second watch, and I can't have the third watch today... But it's really fine tomorrow, I'll definitely make up for it tomorrow if I owe a watch! Ahem...sorry sorry!

Hundreds of murderous figures!

Among them, there is no lack of powerhouses in the seventh and eighth orders of the Great Desolate Realm!

Even Xu Ming, in the face of such a battle, unless he opens the “infinite avatar” link to transform hundreds of avatars in advance; otherwise, there is absolutely no win or loss.

but...

Xu Ming doesn't need to face it hard! Just delay for a while and let the “coordinate transfer” hang up, and you're done.

call out! call out! call out! call out! ...

Xu Ming's remaining eight avatar ***** rushed in all directions, and then all self-destructed; with the power of self-destruction, an isolation zone was created for the deity.

“Hurry up and block the exit of the formation, don't let him slip out of the exit!” Elder Yueyao shouted, “As long as he guards the exit, he won't be able to escape! How dare he come to our contract alliance auction hall to be presumptuous, it seems... it's us. The contract alliance has not taken action for too long, and many people have forgotten our cruelty!”

In the eyes of Elder Yueyao, as long as you bet on the gap that the formation was blown up, it is foolproof!

boom! boom! boom! boom! ...

Soon, the power of the explosion of the eight clone spheres weakened.

“Kill in!”

“Dare to provoke our contract alliance, don't kill him easily, you must capture it alive!”

“Yes! You can’t kill it easily! If you let him die like this, it would be too cheap for him!”

“Catch it up and torture it! Let everyone else in the ancient world know that offending our contract alliance will end!”

boom! boom! boom! ...

However, when a strong man rushed over, he was immediately dumbfounded.

At this time, Box No. 17 was already empty, and there was no trace of Xu Ming.

“What about people?”

“Why are you missing?”

“There is only this gap behind me in the formation of the auction house, it is impossible to run out from other places!” Elder Yueyao looked stunned.

“Elder Yueyao, here’s a note!” said the black-clothed powerhouse who rushed into Box No. 17 first.

“The note?” Elder Yueyao frowned, “What does it say?”

“Four words are written: come and go!”

“Have you come and go? What does this mean?” Elder Yueyao had some doubts in his heart.

In the auction hall, the great powers from all walks of life are also happy to watch the jokes of the contract alliance.

After all, the contract alliance relies on a large number of people, and it is indeed a bit domineering to act in the ancient world. Seeing that the contract alliance auction site suffers now, many people are naturally happy to see it.

...

“The one in Box No. 17...” Bai Murong was in shock for a long time, unable to extricate himself.

Bai Murong has always put most of his energy into business; with his eyesight and talent in business, he has indeed earned a lot of wealth. But now, Bai Murong suddenly woke up... In the face of strong enough strength, wealth is so fragile!

Just like now, Xu Ming robbed most of the treasures in the auction and went away; but the contract alliance did not even know where Xu Ming went!

“If ‘Wu Jun’, the number one powerhouse in the ancient legacy world, takes action against me, the ancient business alliance; then what is the use of the wealth I have from the ancient business alliance? It can only be handed over to others!”

Bai Murong woke up abruptly: “No matter how much wealth, it’s just an external thing! Over the years, I turned out to be a stubborn sword... All external things are false, only real strength is real!”

Bai Murong’s eyes flashed with determination.

He has decided that when he returns, he will let go of all trivial matters; he will transform all wealth and foreign objects into his own strength!

“If one day, my strength is strong enough, can I also rob the Contract League auction site?” Bai Murong couldn’t help but think.

Just thinking about it makes me feel a little excited!

“In these two world rings, there are some low-grade chaotic source crystals in each!” At this time, Bai Murong took out two world rings and handed them to the two glamorous female cultivators beside him.

“This is...?” The two glamorous female cultivators were puzzled.

“After leaving the auction, you two don’t have to follow me anymore!” Bai Murong said lightly, “From now on, don’t come to me again!”

...

Just like Bai Murong, there was also Lin Xu, the disciple of Master Yujian!

“Even if I follow Master and learn the art of treasure appraising no matter how good and fine it is, what can I do? Like the one in Box No. 17, I don’t need to appraise it at all. It doesn’t matter whether your treasure is precious or not, just rob it...”

Lin Xu suddenly discovered that “seeking treasures” seems to be far inferior to “robbing treasures”!

Suddenly, Lin Xu gritted his teeth and made an important decision: “Master, I don’t want to study under your school anymore...”

“What did you say!?” When Master Yujian heard it, his beard exploded. He always felt that Lin Xu was very talented, so he wanted to train him well and inherit his mantle; Come and see the world at the auction!

Unexpectedly, when the world is over, Lin Xu is going to kick his master...

This makes the foolish master, how can he not be angry.

Although Lin Xu was a little scared, his eyes didn’t flicker. Instead, he looked directly at Master Yujian and said, “Master, I think the way of appraising treasures is just a small way!”

“Xiaodao?” The foolish master laughed in anger, “Good! Good! Good! My good disciple, you really have a great future, so tell me, what is the Dao?”

Lin Xu’s eyes were fiery, and he said, “Treasure!”

“Pfft!” Master Yujian almost spurted blood.

However, Lin Xu continued: “When the strength is strong enough, why do you need to appraise the treasure? No matter what kind of treasure, as long as you are interested, you can grab it all!”

“You...” Master Yujian wanted to defend himself, but found that the reasoning was very weak.

...

The great powers of the Contract League took a long time to restore the order in the auction hall.

There were naturally many experts in the auction hall, who were affected by the aftermath of Xu Ming’s shot, and suffered some minor injuries. Because it happened in its own auction house, the contract alliance had to compensate these injured masters. .com

Even... some masters, even though they were not injured, secretly punched themselves, slightly injured, and went to collect compensation.

Finally, the contract alliance auction house sent everyone away.

“Then Xu Ming, who is he, and why are you provoking my contract alliance? Check it out for me! Look at the four words on the note, ‘Have come and gone’, it seems that there is a holiday with our contract alliance!” Elder Yueyao Full of evil spirits.

With such a big incident happening at the auction, Elder Yueyao, who is the manager, is naturally to blame.

“In addition... report to the General League immediately! I suggest that 100 million low-grade Chaos Source Crystals will be rewarded to Xu Ming in the entire ancient relic realm!” Elder Yueyao said through gritted teeth.

...

At this time, Xu Ming naturally did not know what happened in the contract alliance! He has already opened the “coordinate teleportation” link, and teleported to the coordinate point that he had deliberately stayed near the ancient Yimeng before; and, taking the chaos teleportation array, left the ancient city and went to the ancient temple.

Chapter 1547: Primordial Temple

Step out from the other end of the Chaos Teleportation Array.

Here, it is also a city of gods, but it is very close to the ancient temple.

“I robbed the contract alliance auction site. With the powerful forces of the contract alliance, I am afraid they will search for me in the entire ancient relic world, right?” Xu Ming secretly said, “I still don’t stay in this divine city! Otherwise, in case I am in the divine city. It’s also a hassle to be discovered by them! Or... go directly to the Primordial Temple!”

Xu Ming is not afraid of the contract alliance, but is ready to stop here and not continue to entangle with them.

And the ancient temple, the scope is extremely broad, and the crisis is everywhere. No matter how powerful the Covenant Alliance is, it will not be easy to find someone in it.

Therefore, after Xu Ming walked out of the chaotic teleportation formation, he went straight to the Primordial Temple very decisively.

call out-

Rush all the way through the shattered void.

After about a month and a half of flying, Xu Ming finally saw the outline of the ancient temple.

This is an incomparably huge temple, spanning hundreds of millions of realms, as if it is the huge heart of the ancient world. However... this “heart” is already broken.

Across the endless distance, Xu Ming could already see that the Primordial Temple was just a broken wall. Countless pieces and dust are scattered around the Immemorial Temple; even the smallest dust is larger than “One Realm”.

Even Xu Ming was shocked by the sight of this temple!

“The endless chaos of the previous era has been shattered, and this ancient temple still exists to this day...”

Although it is dilapidated, at least it still exists!

I am afraid, only when the ancient relic world completely disappears, the ancient temple will really disappear.

Xu Ming looked at it from a distance: “The main body of the ancient temple is the inner temple; the debris and dust scattered around are the scope of the outer temple...”

Xu Ming kept flying closer.

A few months later, the “small pieces” that were seen in the distance have become as huge as the sky and the sun. And those tiny “dust” gradually revealed their true size.

As for the main body of the Primordial Temple... Xu Ming can't see it anymore!

Countless pieces and dust, magnified billions of times, had already obscured Xu Ming's sight, how could he still see the appearance of the ancient temple!

“Elephant is invisible!” Xu Ming had to sigh with emotion, what a powerful means to build the ancient temple!

You know, even a small fragment is so huge that Xu Ming can't shake it! That is to say... When building the Primordial Temple, with a strength like Xu Ming, he was not even qualified to “move bricks”!

Whoosh!

Finally, Xu Ming entered the outer hall of the Taikoo Temple.

The scope of the Primordial Temple is so huge that Xu Ming has never met a single person when he entered the Primordial Temple.

“Find a place to hide first, and accept the second-tier inheritance of Divine Phoenix Immortality first!” Xu Ming secretly said.

Although Xu Ming didn’t have enough Divine Phoenix essence; even if he accepted the second-level inheritance, he couldn’t really practice it! However, it is possible to increase the strength a little bit!

Those who can enter the outer hall of the ancient temple are all high-level existences in the prehistoric realm! With stronger strength, Xu Ming can be more calm when he is here.

In the outer hall of the ancient temple, there are countless fragments of the temple, and the space is disordered; if you want to find a hiding place here, it is naturally very simple.

Xu Ming picked out a “megalith” that was comparable in size to God’s Domain, found a hole, and drilled directly into the interior of the boulder; at the same time, he also laid out some hidden formations. In this way, unless someone goes directly into the boulder to investigate, it is almost impossible to find Xu Ming.

...

at this time.

Step on the ancient city.

Covenant Division.

“It’s been checked out!” Elder Yueyao was reporting with the elders of the branch, “A few months ago, Xu Ming, who made a fuss about my Contract League auction house, was in the battle of the Ten Thousand Domain Geniuses in this era. , outstanding genius!”

“The genius of the Ten Thousand Domains Genius Battle of this era?” The dozen elders in the Presbyterian Council all looked at Yueyao with questioning eyes, “Elder Yueyao, even if you are talking nonsense, you are still a little bit sloppy. Okay? – The Ten Thousand Domains Talent War of this era has just ended, right? Even the strongest genius can have the strength of the high-level Xuanhuang realm now! Xu Ming, I am afraid he has at least the strength of the ninth rank of the

prehistoric realm? – You say he is the genius of this era’s ten thousand domain genius battle? Is this kidding us?”

Elder Yueyao knew that the elders would not believe it. In fact, even he himself couldn’t believe it when he just learned the news!

“This is the message about Xu Ming, read it for yourself!” Elder Yueyao threw a jade slip over.

All the elders have their spiritual senses probed into the jade slip, and they have begun to investigate.

Immediately, everyone’s faces were full of astonishment.

“It’s actually a genius in the Wanyu Genius Battle of this era...”

“Unbelievable!”

“unimaginable!”

Moreover, Elder Yueyao has also “deciphered” what does the four words “come and go” left by Xu Ming mean.

“Elder Yuchi!” Yueyao looked at Yuchi Ting, “You robbed Xu Ming outside the ancient city of Tagu before; so, Xu Ming came to take revenge on our auction house... This is the so-called ‘reciprocal’!”

Yuchi Ting smiled bitterly: “Robbery? What have I robbed? – The treasures that were robbed from Xu Ming at that time were not enough to open the ‘bridge just a short distance away’!”

Nothing was robbed from Xu Ming, but Xu Ming ransacked the auction site – the contract alliance really suffered heavy losses, and wanted to cry without tears.

“Everyone, this is how things are, you see... what should we do now?” Elder Yueyao said, “Xu Ming is a genius in the secret realm of chaos. If he touches him, it will definitely cause the

dissatisfaction of the ‘Divine Phoenix Alliance’! Next, we are Do you continue to offer a reward to Xu Ming, or just reveal the matter?”

The Divine Phoenix Alliance is the genius of the Divine Phoenix Secret Realm, an alliance among the ancient relics.

The requirements for joining the Divine Phoenix Alliance are extremely high. Not only must you be a genius in the Divine Phoenix Secret Realm, but you must also possess the strength of the ninth rank of the Great Desolate Realm!

In other words... anyone who came out of the Divine Phoenix Alliance was stronger than the elders of the Contract Alliance!

Of course, the number of people in the Divine Phoenix Alliance is extremely small! In terms of quantity, even less than one ten thousandth of the contract alliance! —If it was before, the Contract Alliance would really not be afraid of the Divine Phoenix Alliance; after all, they could completely rely on the “human sea tactics” to easily kill the geniuses of the Divine Phoenix Alliance!

But now, the Contract Alliance did not dare to provoke the Divine Phoenix Alliance at will! Because... in the Divine Phoenix Alliance, there was a super being that crushed the entire ancient relic world, and he was also the number one powerhouse in the ancient relic world—Wu Jun!

If Wu Jun lets go of the killing, no matter how many contract allies there are, it will only be a nest of ants waiting to be stepped on!

“Although Xu Ming is an extraordinary genius, the ancient relic world has the rules of the ancient relic world. Here, it is all based on strength! His strength is not worth mentioning! In case the Divine Phoenix Alliance is caused If you are dissatisfied, it will be troublesome...”

“Indeed... In order to seek revenge for Xu Ming, it is not good to bring disaster to the contract alliance!”

“You can’t say that! Xu Ming sacked our auction house. If we don’t even say a word, then in the future, in the ancient world, how can our contract alliance have any face? Doesn’t it mean that no matter who it is? Did you come to our Contract Alliance auction site to loot?”

“That’s right! If this is all conceited, other forces will think that we are bowing to the Divine Phoenix Alliance!”

...

The elders debated for a long time, but there was no conclusion.

In the end, it was Elder Yueyao who said, “Let’s ask the chief alliance leader to negotiate with the Divine Phoenix Alliance and see what their attitude is! When the time comes, we can make a decision!”

The second update, it’s gone tonight, sorry... ah ah ah, I still don’t explain it!

Chapter 1548: Immortal Tower

Ancient Temple.

Although it is a broken wall, it still vaguely maintains the outline of the endless chaos of the previous era.

It’s just... the endless chaos and the passage of time have made the ancient temple lose its original luster; under the weathering of time, it looks fragile. Even on the wall, there are many traces of battle.

but...

At the very core of the ancient temple, there is a pagoda that is higher than the “ten thousand realms”. The glaze is clear and blooming with endless and eternal light; it seems that even if the ancient world is completely destroyed, this pagoda will shine forever.

This pagoda is the “Immortal Tower”!

It is said that even in the last Chaos Era, very few people were able to enter the Tower of Immortality! Today, the way to enter the Immortal Tower has long been lost.

Above the Immortal Tower, in the void, a rushing river stretches across the sky. I don't know where the river water comes from, let alone where it flows. This river is the "long river of time" in the ancient world!

When the ancient relic world is completely destroyed, this long river of time will also be completely exhausted.

Beside the Immortal Tower, there is a figure staring at this glazed pagoda, with a powerless look in his eyes. He is Wujun in the secret realm of chaos!

Only the cultivation of the ninth rank of the Xuanhuangjing is the worthy number one powerhouse in the ancient world! The reason is... He once entered the periphery of the Immortal Tower and got some opportunities! As long as he is in the ancient relic world, Wujun can be blessed by the power of the Immortal Tower and possess the combat power of the realm of all things!

However, Wu Jun sighed: "I have exhausted all means, but I can only wander around the periphery of the Immortal Tower, and I can't really enter the tower at all!"

He was blessed by such a strong power just after entering the periphery; Wu Jun certainly looked forward to being able to truly enter the Tower of Immortality.

At this moment, a voice sounded deep in Wu Jun's heart: "It seems that if you want to truly enter the Tower of Immortality, you can only go back to the last chaotic era through the long river of time! There may be a way..."

"Master!" Wu Junlian said respectfully, "I would like to enter the long river of time!"

The voice deep in Wu Jun's heart hesitated, and finally sighed: "Forget it! Even if you go back in time and go back to the past, you may not really be able to enter the tower of immortality; after all, if you go back to the previous time and space, I will I can no longer point you at any time... Besides, even if you can enter the Immortal Tower, it is still far from being able to truly control the Immortal Tower!"

"Yes! Master!" Wu Jun was completely loyal to his master.

"I managed to subdue a talented servant like you, and I can't let you go back to the past to take risks! And... you know, I have more important things for you to do!"

“I know to enter the source of the Divine Phoenix and rescue the ‘Supreme Phoenix’!” Wu Jun said, “It’s just the master, I have a little doubt...”

The voice in the heart said indifferently: “You want to say... The Divine Phoenix Realm has killed Huang Zhizun, and also ended the last era of chaos, right?”

“Yes!”

“Heh! How can it be so easy to fall when the Supreme Realm exists? What’s more, Huang Supreme has cultivated the Divine Phoenix Immortality to the fifth level, and is best at saving lives; even if the body dies, it can be reborn, which is called immortality. Immortal!” A disdainful sneer sounded, “But I have to say, the Divine Phoenix Realm Lord is really shameless! Taking advantage of Huang Zhi’s weakness, he made a sneak attack, ending the previous era of chaos and ushering in a new one. Chaos era! Moreover, the Divine Phoenix Mystery Realm was also established, and the Supreme Phoenix was suppressed by the power of the endless chaos! It is even more self-proclaimed ‘Divine Phoenix Realm Lord’ to announce his achievements to other Supremes...”

“When you are strong enough, you will have a way to enter the source of the Divine Phoenix and unravel the suppression of the Supreme Phoenix!”

“But master... what is the benefit to you in rescuing Huang Zhizun?” Wu Jun was puzzled.

“It’s good for me... of course!” The mysterious voice laughed, “When the Supreme Phoenix and the Divine Phoenix World Lord are both defeated, I will be able to enter the endless chaos! At that time, I will be able to open a new era of chaos! Humph! The mere Boundary Master, also trying to control the endless chaos independently? How naive!”

Wu Jun’s conversation with this mysterious voice in his heart already involved the core secret of the entire endless chaos. But the Divine Phoenix Realm Master knew nothing about this!

“Um?”

At this moment, Wu Jun received a message from him, the leader of the Divine Phoenix Alliance; and this message came from the Divine Phoenix Alliance!

“Xu Ming? Contract Alliance?” Wu Jun was startled, “Xu Ming entered the ancient relic world so quickly? There is such a big disturbance? Master, what do you think?”

Wu Jun asked.

The voice resounded in the depths of Wu Jun’s heart again: “This Xu Ming’s talent is stronger than mine, and he is qualified to be my servant! But... I can’t use much power in the endless chaos and the ancient relic world after all! In this way, You first inflict heavy damage on Xu Ming, control him, and then let me enslave him!”

“Yes! Master!”

Wu Jun responded, thought about it, and then ordered the Divine Phoenix Alliance: “Although Xu Ming is a genius in the secret realm of chaos, he is not a member of our Divine Phoenix Alliance! Tell the Contract Alliance that our Divine Phoenix Alliance will assist them in capturing Xu. Ming; however, after taking it, send it to me first, and make a decision after I have met Xu Ming!”

After speaking, Wu Jun added: “Remember, don’t kill Xu Ming! After you capture it, you must send it to me first!”

...

Xu Ming naturally did not know that a conspiracy against him had already begun beside the eternally shining Immortal Tower.

At this time, Xu Ming had already accepted the second-level inheritance of Divine Phoenix Immortality, and he had almost learned Divine Phoenix Immortality.

But...”learning” does not mean “practicing”.

To truly become the second level of Divine Phoenix Immortality, one would need to refine and absorb thirty drops of the Divine Phoenix Essence; and Xu Ming’s refining of the Divine Phoenix Essence was not enough, so it was not considered to have truly attained the second level.

“However... the resilience of the divine body is at least a lot higher than before!”

Just when Xu Ming felt his own strength... Suddenly he felt that the size of the “megalith” he was hiding was comparable to the “big rock” in the realm of the gods, and it shook violently.

Immediately afterwards, Xu Ming felt that this huge boulder the size of God’s Domain seemed to be thrown out like a stone.

“what’s the situation!?”

Xu Ming was stunned, but then he reacted: “Could it be that there was a battle where I was hiding? Isn’t this a coincidence?”

You must know, how vast is the outer hall of the Taikoo Temple? The place where Xu Ming hid was as small as a speck of dust.

Immediately, Xu Ming was a little annoyed: “Fortunately, I have finished my cultivation! Otherwise, if I were disturbed while I was cultivating Divine Phoenix Immortality, I might fail in my cultivation!”

at this time...

boom! !

The huge boulder that Xu Ming was hiding in, which was comparable to the size of God’s Domain, actually exploded completely.

Chapter 1549: The Sect Of All Calamities

“I rely on!”

Xu Ming’s mental power quickly unfolded, and he quickly captured the traces of the battle.

This is a black and cold figure, fighting with a woman in Tsing Yi.

Judging from the aftermath of the battle, it should be the woman in Tsing Yi who manipulated her divine power, “grabbed” the boulder that Xu Ming was hiding in, and smashed it at the cold, black figure. And the black and cold figure, with a sword, completely split the boulder that is comparable to the size of God’s Domain.

“what’s the situation!?”

“what’s the situation!?”

When Xu Ming’s mental power swept past, the cold black figure and the woman in green were also startled. They didn’t expect that after a fight here, a person would be knocked out of the stone.

After being stunned for a while, the woman in Tsing Yi dodged and ran away. She was the one being hunted down! Although Xu Ming’s sudden appearance caused her to be stunned for a while, but after realizing it, the first thing to do was of course to continue to run away.

“Let’s go!!” The black and cold figure was also chasing him furiously.

Both of them directly ignored Xu Ming’s existence.

“Humph!” Xu Ming snorted angrily, “The mere two seventh-order prehistoric realms disturb my cultivation, so you want to leave?”

boom! boom!

Xu Ming shot out instantly.

Two sharp spear beams stretched across the void.

The thickness of these two spear beams is comparable to the entire Divine Realm; in terms of length, it is ten times, a hundred times more than the Divine Realm! With the high-level strength of the prehistoric realm, it is easy to annihilate hundreds of thousands of chaotic worlds in one move.

boom! boom!

The sharp spear light passed by, and the expressions of the cold black figure and the woman in Tsing Yi changed greatly.

“This friend, what do you mean?” Although the black and cold figure is not high in cultivation, his attitude is very arrogant, “Isn’t it just disturbing your cultivation? So what?”

The black and cold figure clearly saw Xu Ming’s face, and he believed that Xu Ming had no powerful background, so he dared to be so arrogant.

The woman in Tsing Yi continued: “I didn’t mean to offend, it was because he was chasing me, I had to run...”

Xu Ming glanced at the woman in Tsing Yi and glanced at what she said, but it still looked like it.

As long as the attitude of admitting mistakes is good, Xu Ming may not be willing to compare.

Immediately, Xu Ming looked indifferently at the black and cold figure: “Isn’t it just disturbing my practice? It seems... You are very confident in your power background?”

“Humph!” The black and cold figure sneered disdainfully, “I am the ‘evil sting’ of the Ten Thousand Tribulations Religion! In the ancient legacy world, even the contract alliance and the ancient Yi alliance will give us some face of the ten thousand catastrophe religion; and you... At a glance, you can see that it is not someone from a major force that disturbs your cultivation, is it a matter?”

Myriad Tribulations?

Xu Ming sneered in his heart.

Although the Ten Thousand Tribulations Religion can be regarded as a superpower in the ancient legacy world, it is still a little bit different from the Contract League and the Ancient Yi League! Xu Ming was even provoked by the contract alliance, how could he even pay attention to the Myriad Tribulation Sect?

“Evil sting?” Xu Ming looked indifferent, “I don’t care if you are from the Myriad Tribulation Religion or what kind of sect! You dare to be so arrogant after disturbing my retreat... I will give you one last chance, apologize, and offer an apology, otherwise...”

“Otherwise what?” Xie Zhe said disdainfully, “You want to suppress me because you are stronger than me? Do you think that I am only one person?”

boom! boom! boom!

As Xie Zhe spoke, three figures broke through the void and came.

“Xie Zhe, how is it, have you taken that girl? That girl has no power, and her strength is only the seventh-rank of the prehistoric realm. She even dared to come to the Primordial Temple to meddle in the essence of the Divine Phoenix...”

“What are you doing standing here? Why don’t you do it?”

The strength of these three figures is not weak; two of them are the seventh-order Prehistoric Realm, and the other is a white-armored general who is even more of an eighth-order Prehistoric Realm!

Seeing these three people appear, the woman in Tsing Yi suddenly changed her face: “It’s over!”

As for Xie Zhe, he suddenly gained confidence and looked at Xu Ming provocatively: “Now, I ask again that I disturb your cultivation, so what?”

At the same time, Xie Zhe Yin Chuan explained the situation to the three who just arrived. The three of them all sneered: “Where did the dead thing come from!”

The white-armored warrior of the eighth-order Prehistoric Realm even more deliberately said provocatively: “Since it disturbs your cultivation, then... compensate you for a hundred drops of the essence of the Divine Phoenix, what do you think?”

Of course Xu Ming could see that the other party said this on purpose, and it was definitely impossible to truly hand over a hundred drops of the essence of the Divine Phoenix!

After all... the essence of the Divine Phoenix is so precious! Even the top geniuses in the secret realm of chaos can hardly have a few drops in their hands, let alone the forces in the ancient relic realm? I am afraid that even if the entire Myriad Tribulations Religion is exhausted, there will be no one hundred drops of Divine Phoenix Essence.

However, since the other party dared to provoke, Xu Ming naturally followed the other party's words: "One hundred drops of the essence of the Divine Phoenix? Yes! But... If you can't come up with a hundred drops of the essence of the Divine Phoenix, your Myriad Tribulations will be in trouble!"

"Ha! Hahahaha..." Xie Zhe and the other four couldn't help laughing when they heard Xu Ming's words.

"We are in trouble for the Myriad Tribulations Sect?"

"What a big breath!"

"I've seen someone who doesn't know how to live or die, but I've never seen someone who doesn't know how to live or die!"

The white-armored warrior of the eighth-order Prehistoric Realm looked even colder: "Kill him!"

boom! boom! boom!

Immediately, the three white armored generals directly attacked Xu Ming.

As for the evil sting, it continued to kill the woman in Tsing Yi.

"Escape!" Seeing this, the woman in Tsing Yi fled in fright.

While fleeing, she couldn't help but look at Xu Ming pitifully. In her opinion, Xu Ming could have avoided dying, but he acted so "arrogantly" as if he was deliberately begging for death.

However, when the eyes of the woman in Tsing Yi fell on Xu Ming, she saw a disdainful smile on Xu Ming's face.

“Disdain?”

The woman in Tsing Yi couldn't understand, why at this time, Xu Ming still dared to show the confidence that he was disdainful of where he came from?

But immediately, the woman in Tsing Yi knew where Xu Ming's confidence came from! That is... from its own tyrannical strength!

I saw Xu Ming facing the siege of the three high-level powerhouses in the prehistoric realm, but he did not retreat but advanced, and took the initiative to meet him.

“This white-armored general is just entering the eighth-rank of the Great Desolate Realm for the first time! The other two have only the strength of the seventh-rank of the Great Desolate Realm...” Xu Ming sneered disdainfully, but the spear in his hand showed no mercy.

boom! !

Thousands of spear intents, which have been brewing for a long time, blasted directly at the white armored generals.

“What!?” The white armored general was taken aback for a moment. He obviously did not expect that Xu Ming's strength was so much stronger than himself! By the time he found out, it was too late!

puff!

Xu Ming's spear unceremoniously penetrated the divine body of the white armored general. You must know that Xu Ming's strength is already close to the ninth level of the prehistoric realm, and he has no intention of calculating; before the white armored general can react, the entire divine body is annihilated under the terrifying power of this gun.

“what!?”

“How dare you...!?”

The two Seventh-Order Prehistoric Realm next to the white armored generals were a little scared by Xu Ming’s shot: “How dare you kill our Wan Jie Sect...”

“Ten Thousand Tribulations Religion?” Xu Ming sneered, “I said, if you can’t bring out a hundred drops of the essence of the Divine Phoenix, you Wan Tribulation Religion will be in big trouble!”

boom!

Xu Ming fired another shot indifferently and killed a seventh-order Prehistoric Realm.

“run!”

Xie Zhe, as well as the other still alive seventh-order Prehistoric Realm, were stunned by the sudden scene in front of him! However, the two immediately realized Xu Ming’s strength and immediately ran away.

“Run?” Xu Ming sneered, and killed a seventh-order Prehistoric Realm with another shot, leaving only the evil stings fleeing in embarrassment.

“Come after him!” The woman in Tsing Yi continued, “If he escapes back, it will be bad!”

However, Xu Ming stood still, and had no intention of chasing after him.

“Escape? I just want him to escape!” Xu Ming smiled meaningfully.

Xu Mingzheng was worried that he did not have the essence of the Divine Phoenix! If Xie Zhe escaped back and stopped there, then forget it; if he dared to continue looking for trouble, Xu Ming could rob the Divine Phoenix Essence of the Myriad Tribulations Religion.

Chapter 1550: Break Through The 9Th Rank Of The Profound Yellow Realm!

Is it possible that the Ten Thousand Tribulations Religion will stop here?

Of course not! Both Xu Ming and the woman in Tsing Yi knew.

Thinking of this, the woman in Tsing Yi looked horrified and looked at Xu Ming: “Are you... intentionally trying to provoke the Wan Jie Sect?”

“Provocation?” Xu Ming sneered at the corner of his mouth, “Just relying on the Myriad Tribulations Teaching is not enough to be provoked by me!”

“This...” The woman in Tsing Yi did not expect that Xu Ming’s tone was so loud, and she was speechless for a while. After a while, she said, “Anyway, thank you for your life-saving grace! Otherwise, I really won’t be able to escape easily! My name is ‘Lin Lan’, if you have the chance, you can come to Wendao Mansion to find me! If you encounter something that cannot be solved in the endless chaos, you can come to Wendao Mansion to find me!”

Wen Daofu, the top school in the endless chaos.

The geniuses who can enter the Wendao Mansion have a lot of background and power in the endless chaos.

It is a pity that the forces in the endless chaos are of no use in the ancient world. After all, none of the existences above the realm of all things can enter the ancient relic realm; here, after all, it is the world of the powerhouses in the prehistoric realm!

Otherwise, Lin Lan would not have been hunted down by the evil sting.

“You go first!” Xu Ming said lightly.

Lin Lan’s attitude of admitting her mistake was not bad, but Xu Ming would not embarrass her.

“Aren’t you going?” Lin Lan asked.

“Why are you leaving?” Xu Ming asked rhetorically.

Lin Lan was stunned: “Do you want to stay and fight against the entire Ten Thousand Tribulations Religion?”

Xu Ming just smiled lightly and did not explain much.

Lin Lan didn’t ask too many questions. She glanced at Xu Ming strangely and asked, “By the way, I don’t know what to call you!”

Xu Ming reported his name: “Xu Ming!”

“Xu Ming?” Lin Lan was startled again, “I heard that... the Covenant Alliance is offering a reward to a person named Xu Ming, could it be... that’s you?”

Covenant? Bounty?

Xu Ming smiled: “That should be me!”

Lin Lan looked at Xu Ming and became more and more curious. She couldn’t understand what Xu Ming had to rely on to provoke the Ten Thousand Calamities Sect after he dared to provoke the Contract Alliance.

And...even though Xie Zhe hasn’t recognized Xu Ming yet, but when the powerhouses of the Ten Thousand Tribulations Religion arrive, someone will definitely recognize Xu Ming! At that time, Xu Ming will directly face the superpowers of the Ten Thousand Tribulation Sect and the Contract Alliance!

“Where did Xu Ming get his confidence?” Lin Lan was full of curiosity and left.

“The contract alliance actually offered me a reward...” Xu Ming chuckled, “But it’s normal! If the contract alliance doesn’t offer me a reward like this, then it’s not normal! In this case... the battle between me and the Myriad Tribulation Sect will inevitably lead to a contract. The attention of the alliance, it is better to...”

Xu Ming’s eyes lit up, and he suddenly had an idea. Since he was ready to rob the Myriad Calamities, he might as well play it a bit bigger, and rob the Contract League as well!

“But in this way, I will definitely have to face hundreds or even more powers at the same time!”

But Xu Ming was not panicked, because he still had a treasure called the Cangyu Array in his hand.

The Cangyu Array, but the formation that can guard one side of the force! Once it is laid out, even hundreds of experts in the prehistoric realm will be difficult to break through for a while! And Xu Ming, with the help of the formation, no matter how many strong people come, he can at least retreat calmly.

In other words, before the battle, Xu Ming was already invincible.

“Find a place nearby, first lay down the Cangyu Array, and then wait for the rabbit!” Xu Ming secretly said.

You must know that the Cangyu Array is a treasure that all forces have been asking for; and Xu Ming has just used it like this. If other forces know about it, I am afraid they will feel sorry for Xu Ming.

However, Xu Ming himself really didn't feel bad at all, anyway... This Cangyu Array was brought for nothing!

The layout of the array is very convenient. Even, even if there is no foundation for the formation, it can be easily arranged.

After a while, Xu Ming set up the Cangyu Array. If the formation is unfolded, it can cover the range of thousands of realms.

However, Xu Ming was not in a hurry to start the formation; instead, he found a boulder within the range of the formation and drilled into it to continue practicing.

“The three people who killed the Myriad Tribulation Sect still have a few drops of the Divine Phoenix essence!”

Although it was not enough for Xu Ming to become the second level of Divine Phoenix Immortality, at least it could improve Xu Ming's cultivation.

“Should be able to break through to the ninth order of Xuanhuangjing in one fell swoop!”

Xu Ming's current cultivation base is the seventh rank of the Profound Yellow Realm; his strength is the peak of the eighth rank of the prehistoric realm, which is extremely close to the ninth rank of the prehistoric realm! If the cultivation base can break through to the ninth rank of the Profound Yellow Realm, then Xu Ming's strength can completely reach the peak of the ninth rank of the Great Desolate Realm, or even stronger!

Looking at the forces of the Contract Alliance and the Ten Thousand Tribulations Religion, fighting alone, even if Xu Ming didn't use his trump card, he would not be able to find an opponent!

He simply arranged a hidden and vigilant formation around him, and Xu Ming immediately began to refine the essence of the Divine Phoenix.

boom! boom! ...

Xu Ming's cultivation began to soar, and his divine body began to transform.

The peak of the seventh rank of the Profound Yellow Realm!

The eighth level of the Profound Yellow Realm!

The peak of the eighth-order Xuanhuang realm!

The ninth rank of the Profound Yellow Realm!

After refining a few drops of the essence of the Divine Phoenix, Xu Ming's cultivation level has steadily entered the ninth rank of the Profound Yellow Realm. Although the second level of the Divine Phoenix Immortal Body has not been completed, the resilience of the Divine Phoenix body has also been greatly improved!

If it was an ordinary ninth-order peak of the prehistoric realm, it would not be Xu Ming's opponent at all, and it would be easily crushed! Only the extremely strong in the ninth-order peak of the Great Desolate Realm can compete with Xu Ming!

...

At this time, Xie Zhe had already fled hastily back to the headquarters of Wan Jie Sect.

The Ten Thousand Tribulations Sect was furious.

“what!?”

“Someone dares to slaughter the people of my Myriad Tribulations Religion! And they also said that if we don't take out a hundred drops of Divine Phoenix Essence as compensation, our Myriad Tribulations Religion will be in big trouble?”

“Where did the madman come from!?”

“Hurry up and take him down, otherwise, what will my face of the Myriad Tribulations Sect be saved!?”

“Yes! This son will never be forgiven!”

“Take it? How to take it? The Primordial Temple is so vast I'm afraid he has gone somewhere long ago and doesn't know!”

How could the Myriad Tribulations Religion not be angry at being so provoked by an unknown person?

The entire Myriad Tribulations Religion is filled with murderous aura, and I can't wait to capture Xu Ming immediately and slash him with a thousand knives! However, they also knew that the possibility of Xu Ming staying in place and waiting for them was very small; it was not easy to find Xu Ming's trace in the vast ancient temple.

In the end, it was the “Elder Broken Night” of the Myriad Tribulation Sect who made the decision: “First go to the place where the evil sting meets the person! Since he was interrupted by the evil sting when he was in seclusion, maybe he thought it was the most important thing to do. Dangerous places are the safest places, and where to hide nearby to practice! If you can find it, it will be the best; if you can’t find it, then issue a bounty! If you dare to insult my Ten Thousand Tribulations Religion, you must not let him leave the ancient world alive! ”

“kill!”

“kill!”

Hundreds of the great powers of the Myriad Tribulation Sect rushed out of the headquarters with murderous aura.
