Chapter 1571: The Long River Of Time Against The Current (Below)

call out!

Wu Jun's secret enslavement technique was instantly submerged into Xu Ming's body.

I saw Xu Ming tremble suddenly, and then he disappeared into the river of time and disappeared.

"Huh?" Wu Jun frowned.

In the depths of his heart, Yuan Zun's angry voice sounded: "The enslavement failed... Is it because of the long river of time?"

However, Wu Jun did not dare to chase into the long river of time.

After all, although Wujun can enter the long river of time, it is absolutely impossible for the supreme power to follow up! And Wu Jun, who has no supreme power, is actually not much stronger than the ordinary ninth-order genius of the Xuanhuangjing; this has to enter the long river of time to chase and kill Xu Ming, what is the difference between that and sending him to death?

"Humph!" Yuan Zun snorted fiercely.

Immediately, Wu Jun's eyes swept to the great powers who were trapped in the barrier.

All the great powers were suddenly silent: "We will never tell what happened here!"

"Yes! I will never say it!"

"Wujun, you and I have a good relationship!"

These spectators, even the geniuses of the Divine Phoenix Alliance, felt the killing intent on Wu Jun.

“Don’t tell me?” The corners of Wu Jun’s mouth curled up in a strange way.

“Yes! Yes!” All the masters nodded their heads like garlic.

“If it’s still dead, I’m most at ease!” Wu Jun sneered.

boom!

Immediately, he swung a giant axe and directly killed these trapped spectators.

“No—” How could these great powers watching the battle ever imagine that they were just watching for a lively event, and they saw the calamity.

They tried their best to escape and resist, but the strength of these great powers is only equivalent to the low-level of the realm of all things; and Wujun’s current strength is at least the high-level of the realm of destruction, how can they be? struggling?

In a short time, Wu Jun killed all the great powers who joined in the fun.

“Look back, you create chaos and disguise the illusion of the eruption of the long river...” Yuan Zun ordered in the depths of Wu Jun’s heart.

Over time, occasionally there will be “flood outbreaks”. Once this happens, the people around Time Changhe will be swept in and return to the last Chaos Era.

And back in the last Chaos Era, there was almost no possibility of coming back; in this way, no one would doubt the death of many spectators.

“After creating the illusion, you can find a place to hide around here!” Yuan Zun ordered again, “With Xu Ming’s talent and luck, even if he enters the long river of time, he should be able to come back! Wait for him from the ‘past’ When you come back, take action to enslave him again!—

Humph! Thought it would be safe to escape into the river of time? Naive! If you escape into the river of time, you can only hide for a while, but not forever!”

...

Time is long in Hanoi.

After Xu Ming entered the river of time, he felt as if he had become a tiny drop of water.

With his strength, he couldn't control his body shape in time.

“I seem to have been hit by Wu Jun's enslavement technique, but I was not enslaved!” Xu Ming secretly said.

If he felt that he was at risk of being enslaved, Xu Ming would definitely blow himself up immediately.

Immediately, Xu Ming looked carefully at the long river of time around him. He could feel that he was being “held” by an endless stalwart force, moving in the long river of time.

And the “flowing direction” of the long river of time is diametrically opposite to the direction that Xu Ming is moving now! In other words, Xu Ming is going upstream in the long river of time.

Suddenly, Xu Ming saw that directly above his head, at an infinite height, there was a dazzling palace shining like a star.

No matter where Xu Ming went against the river of time, the palace was always right above him and never moved.

“The palace?” Xu Ming suddenly thought of something, trying his best to see the palace, but found that no matter how hard he tried to see it, the more he looked, the more blurred it became.

And the height of this palace is beyond Xu Ming's reach! After all, Xu Ming is now in the river of time, and he can't even control his body; let alone escape from the river of time.

Keep going upstream.

In addition to this mysterious palace, Xu Ming could also vaguely see some mountains, statues and other things. However, these things are looming and fleeting; most of Xu Ming can only see a small part, and cannot see the whole picture.

Sometimes, Xu Ming can even see some super-existing figures; these figures are obviously just images, some look great, some are incomparably small! However, these figures are also fleeting, and they are not clearly visible to Xu Ming.

“What level of super existence are these? It’s just some images that make my heart palpitate!” Xu Ming was secretly shocked.

Sudden!

Xu Ming suddenly widened his eyes and couldn’t believe it.

“That figure is...” Xu Ming suddenly saw a very familiar figure, which was a figure that made him fascinated, “Han...Hanmo!”

This figure also flashed by.

But Xu Ming was very sure: “It’s Hanmo! It’s definitely Hanmo!”

Xu Ming never thought that he would see Gu Hanmo at this “time”!

and...

Just now, although Gu Hanmo’s figure disappeared in a flash, Xu Ming saw that there were dozens of figures around, and they seemed to be besieging Gu Hanmo!

These figures seem to give Xu Ming the feeling that they are stronger than Jian Lao!

“What level of existence do those dozens of powerhouses have? The World Lord, or...the legendary Supreme!?” Xu Ming was worried and powerless.

However... with his current strength, it is impossible to help Gu Hanmo at all; even if Xu Ming wanted to take a look at Gu Hanmo’s figure, he couldn’t do it – in the long river of time, Xu Ming was completely unable to control himself. The figure in the long river of time.

It’s just that Xu Ming forgot that what he’s seeing now is not happening now, but has happened for endless years and billions of epochs!

After all... Xu Ming’s “present” is not in the “present”, but is constantly flowing backward to the “past” and “more in the past”!

Everything he saw, except for the palace directly above his head, was just an afterimage of the endless ancient times Xu Ming was worried about Gu Hanmo, but in fact it was “what has happened in the past” Worrying – this kind of worry is undoubtedly meaningless!

But in any case, Xu Ming is more determined to work hard to improve his strength.

“In the last chaotic era, I don’t know what opportunities will come...” Xu Ming’s eyes were firm, and his fighting spirit was brimming with enthusiasm.

At this moment, Xu Ming found that he was “bounced” from the river of time.

“Arrived?” Xu Ming could only see that his surroundings were completely white; it was extremely dazzling, but he couldn’t see anything.

Moreover, what was even more terrifying was that Xu Ming found that the power in himself was rapidly disappearing—his divine body and mental strength were constantly becoming weaker; even the comprehension of the Chaos Supreme Dao was withering.

“Not good!” Xu Ming suddenly realized, “The last chaotic era was rejecting me as an outsider!”

Chapter 1572: Destiny

“Xu Ming!”

“Xu Ming! Still on the altar?”

“Xu Ming!”

...

Xu Ming regained consciousness while shouting angrily.

However, when he looked at the scene around him, he was suddenly dumbfounded.

In front of him is a majestic altar that penetrates the sky and the earth. And around him, there are terrifying powerhouses.

Xu Ming was very sure that he never knew any strong man; however, the eyes of these strong men looking at him were obviously familiar.

“I am...?”

Xu Ming was only stunned for a very short moment, and then he wanted to understand his current situation: “I seem to have crossed again?”

Xu Ming still remembered that after he left the long river of time, he was surrounded by a vast expanse of whiteness and could not see anything. Moreover, the last Chaos Era, that is, the endless Chaos where Xu Ming is now, is frantically oppressing him and rejecting him as an outsider!

After that, Xu Ming didn’t know anything...

When he regained consciousness, he was already standing here.

Xu Ming took a look at his divine body. Although it was very similar to his original appearance, he was very sure that it was definitely not his own body!

Moreover... Xu Ming also discovered that he is now a teenager.

“I transmigrated into a young man named ‘Xu Ming’!?”

This is too coincidental, right?

Not two people from the same Chaos Era, they have the same name and look alike!

At this moment, a majestic memory erupted in Xu Ming’s mind. This is the memory of the original owner of the body!

Immediately afterwards, Xu Ming knew that this era of chaos was very different from the endless chaos that he lived in before!

The endless chaos that Xu Ming lived in originally consisted of the land of origin and one hundred thousand domains.

And this chaotic era is actually composed of countless continents. Among the countless continents, the largest and the most special one is the “Sacred World of Destiny” where Xu Ming is now!

The Holy Realm of Destiny is the core of this chaotic era; it is so huge that I don’t know how many billions of realms! Compared with the “land of one domain” in the endless chaos, it is much larger!

And those born in the holy realm of destiny, just born, will have the cultivation base of “chaos realm”!

Yes!

Once born, it is Chaos Realm! Moreover, the subsequent growth is much faster than those geniuses in the endless chaos!

However, a newborn baby in the Holy Land of Destiny cannot cultivate, and can only grow up naturally! Only after growing to the age of sixteen and awakening the “Fate” can we cultivate!

Of course, the “sixteen years old” in the Destiny Sacred Realm is not “sixteen years”, but... “the sixteenth era”!

In other words, although Xu Ming’s current body looks like a teenager, he has already lived in the “Sixteenth Era”!

“Fate...”

Immediately afterwards, countless messages about “Fate” appeared in Xu Ming’s mind.

The extent to which a person born in the Holy Land of Destiny can grow in the future depends almost entirely on “Fate”!

Fate is divided into three categories: heaven, earth, and people!

If you awaken the Heavenly Fate, then even if you don’t cultivate at all, as long as you have passed two epochs and grow to “eighteen-year-old adulthood”, your cultivation will reach the realm of destruction, or even the realm of Nirvana! If you practice diligently, you may even reach the domain master realm directly! Of course, even in the entire Destiny Sacred Realm, the Heavenly Fate is a legend! Once someone can awaken the heaven-level destiny, it is a sure thing to become a domain master in the future, and it is even impossible to become a realm master!

Earth-level fate is a bit worse, but after awakening the earth-level fate, one will naturally grow to adulthood, and the cultivation base can also reach the prehistoric realm and the realm of all things! The specific level that can be reached depends on the fate level of the earth level! And most people born in the holy world of destiny can reach the first grade of the earth level; a little better, they will reach the third grade of the earth level, or higher.

As for the human-level fate, it is definitely a ***** fate! Awakening the human-level destiny, if you don’t cultivate, you can only reach the chaos realm and the prehistoric realm after adulthood; future achievements will also be very limited.

“In this chaotic era, people born in the holy realm of destiny are simply... Heaven’s darling!” Xu Ming couldn’t help but secretly said.

You must know that only those who were born in the holy realm of destiny will be born in the realm of chaos, and they will be able to awaken their destiny. Countless other continents other than the

Destiny Sacred Realm are ordinary mortals; only by practicing step by step can they become stronger!

Obviously... Destiny Sacred Realm gathers the vast majority of luck in this chaotic era!

Only with the blessing of atmospheric luck, the Holy Land of Destiny will be so special.

“Xu Ming! What are you still in a daze!?” Above the altar, there was a loud shout.

Xu Ming looked at the altar.

It was a strong man with a bald head. In Xu Ming’s memory, this strong man with a bald head was Xu Ming’s uncle in the clan! The strength is extremely strong, it seems to be the realm of destruction!

However... Xu Ming was faintly hiding in this bald powerhouse and felt a sense of danger.

“I can cross over this body, which means that the original owner of this body is either dead or very weak!” Xu Ming thought to himself.

die? This is impossible!

Otherwise, the scene that Xu Ming had just passed over and saw would not be like this!

Since it is not dead, it is very weak!

However, awakening the destiny is the first-class event of the destiny holy world! No matter who they are, they will adjust their state to the best before awakening their destiny so that they can awaken their destiny to the greatest extent possible!

Who else would be willing to let themselves fall into weakness at such a time?

“From the memory of the original owner of the body, it seems that not long ago, he suffered a conspiracy! As for who was conspiring, it is unknown...” Xu Ming was secretly vigilant, “It seems... my current situation, It’s not very safe!”

“Little hanging!” Xu Ming shouted in his heart.

“I’m here!” Xiao Hang replied.

With Xiaohang hanging around, Xu Ming felt a lot more at ease.

“Xu Ming! Still on the altar?”

“Hurry up to the altar!”

There were urging voices from around Xu Ming took a deep breath and flew towards the altar with a bang.

When flying, Xu Ming didn’t dare to speed up, just showing the original speed of his body. Xu Ming didn’t want to be found abnormal!

When Xu Ming stood at the center of the altar.

boom! !

Immediately, countless ancient and inexplicable formations appeared on the entire altar. Every formation talisman contains an incredible aura, as if it came from the beginning of chaos.

boom! ! !

Above the endless sky, purple energy comes from the east. The endless brilliance flocked to the altar and poured into Xu Ming’s divine body.

Around the altar, countless eyes were looking forward to it: “What level of fate will Xu Ming awaken?”

Chapter 1573: Ancient Divine Sign

“What level of fate will Xu Ming awaken?”

Most of the clan members are full of expectations for Xu Ming’s destiny. Because... Xu Ming’s background is not easy!

Xu Ming’s father awakened to the ninth-grade fate of the earth! Xu Ming’s mother, although the talent is slightly inferior, has awakened the fate of the eighth-grade earth! – Moreover, in the heyday of Xu Ming’s parents, even in the entire Destiny Sacred Realm, they were all characters on the side of Megatron!

Parents have extraordinary destiny, and their son’s destiny will naturally not be too bad! It is very likely that it is also above the seventh grade of the earth level!

But later, Xu Ming’s parents died strangely.

Yes!

The fall is so weird!

Moreover, before their fall, they all seemed to have a premonition of the impending disaster, and brought Xu Ming back to the clan.

Today, Xu Ming’s parents have fallen for several epochs. With Xu Ming, the only son left, how could people not expect his talent?

Of course, there are also people who can’t see Xu Ming, for example... Above the altar, the clan elder responsible for the awakening of fate, that is, the bald powerhouse – Xu Tianfeng!

“Hmph! My eldest brother, even if he dies, he actually used all the treasures to exchange Xu Ming for an ancient divine rune. He is really willing!” Xu Tianfeng snorted inwardly. His eldest brother is Xu Ming’s father.

The immemorial talisman is a letter talisman from the Immemorial Temple!

As long as you have the ancient rune and your strength reaches the realm of destruction, you can join the ancient temple.

You must know that the ancient temple is the power of Huang Zhizun; in the holy world of destiny, who dares to provoke it? – As long as you have the identity of the ancient temple, you can walk sideways in the holy world of destiny.

Of course, Xu Tianfeng also wanted the ancient divine rune! After all... his strength has reached the realm of destruction; as long as he lives with the immemorial rune, he can join the immemorial temple.

Moreover, even if Xu Tianfeng didn't use it himself, he still wanted to give this ancient rune to his son Xu Peng!

However, Xu Ming's parents made great contributions to the clan before they fell; many elders in the clan also loved Xu Ming. Therefore, even if Xu Tianfeng coveted that ancient divine rune, he would not dare to grab it.

but...

Don't dare to grab it outright, but you can do it secretly!

No one else can disturb the process of the awakening of the destiny. Therefore, Xu Tianfeng chose to count Xu Ming as a serious injury before the awakening of the destiny! -Xu Ming's condition is not good, and his awakening fate will naturally be greatly affected.

“As long as Xu Ming's awakened fate is very ordinary, such as only awakening a first-grade earth-level fate, then... I have a chance to start slowly with Xu Ming!” Xu Tianfeng couldn't stop sneering in his heart.

In fact... Xu Tianfeng is the one who wants to get the Primordial Talisman? In the end, who can get it, it depends on their ability!

...

The light on Xu Ming's body became more and more prosperous.

Then suddenly, all the light faded.

“Awakening succeeded!”

“What level of fate will Xu Ming awaken?”

“At least it has to be an Earth-level seventh-grade Fate, right? – His parents, Fate is very strong! It shouldn't be too bad if the inheritance comes from him!”

“It's hard to say! After all, Xu Ming suffered a conspiracy before he awakened his destiny. He awakened today, and his state is extremely poor! I'm afraid... it's even difficult for the fifth-grade earth...”

“Earth-level fifth-grade? If it really only has ground-level fifth-grade, then for Xu Ming, it's really bad!”

Earth-level fifth-grade, for ordinary people, it is already a very good fate! But for someone like Xu Ming from an extraordinary background, it was really a bad fate.

“Xu Ming, sacrifice your life and let the clan take a look!” Xu Tianfeng said without emotion.

“Fate...” Xu Ming looked at his sea of consciousness, where his fate was quietly suspended, “A white fate?”

Xu Ming had digested most of his memories, so he naturally knew that there were three levels of destiny: heaven, earth, and people, and the corresponding colors were purple, yellow, and white.

White Fate... This is the worst human-level Fate!

“What I awakened is a human-level destiny?” Xu Ming was speechless.

However, Xu Ming didn't care either.

Although, in the holy world of destiny, there is a saying that “fate determines strength”, but Xu Ming doesn't care! After all... For Xu Ming, there is not much difference between awakening a heaven-level destiny and a human-level destiny!

Awakening the heaven-level destiny, as long as you “adult”, your strength can reach the realm of destruction, or even the realm of nirvana!

However, you must know that Xu Ming is only in the “sixteenth era”, and there are still “two eras” before he reaches adulthood! —Two epochs, for others, is indeed a short time; but for Xu Ming, how long is it?

After all, Xu Ming has lived to this day, and he has not even survived the “one-in-a-billion era”!

So... Xu Ming doesn't expect to rely on “Fate” to develop at all!

Moreover, although Xu Ming's cultivation has temporarily regressed to the Chaos Realm, it will not be difficult to restore his cultivation to the Prehistoric Realm. Moreover, after recovering to the prehistoric realm, it is impossible for Xu Ming to allow his cultivation to break through to the realm of all things—after all, once the cultivation base exceeds the prehistoric realm and reaches the realm of all things, then Xu Ming will not be able to enter the long river of time. !

If you can't enter the long river of time, how can you “back to the future”?

So... does fate have any meaning to Xu Ming?

Meaningless!

If you insist on saying something meaningful, there is only one meaning – pretending to be X!

Fate is good, naturally cattle X, you can install X.

But... does Brother Ming seem like someone who likes to pretend to be X?

Therefore, after Xu Ming was lost for a moment, he calmed down. Since the clan wants to see their own destiny, let them see it!

Swish!

Xu Ming sacrificed his life without hesitation.

“Um?”

When Bai Huahua’s fate appeared, the power of the entire clan was startled.

“what!?”

“This...”

“White? Human-level fate?”

“How could it be so bad...”

The two fates are the existence of the ninth grade of the earth level and the eighth grade of the earth level, and gave birth to a son of a human level fate? – This has never happened in the entire Destiny Sacred Realm, has it?

Xu Tianfeng was even more speechless scolded inwardly: “Damn it! If I had known that your talent was so poor, why would I take such a big risk to plot against you!?”

In Xu Tianfeng’s opinion, such Xu Ming is not even qualified to be plotted against by him!

The power of the entire clan was stunned for a while before he came back to his senses.

“Look at it, what is the human level? Is it the ninth level?”

“Although the human-level ninth-grade fate is already a ***** fate, if he practices diligently in the future, Xu Ming may not be able to reach the Destruction Realm! There is still hope to become a member of the Primordial Temple...”

Those who hold this idea are all the elders who are concerned about Xu Ming.

However, when they looked closely at Xu Ming’s fate, their hearts suddenly became cold.

Inside the white destiny, there is only a circle of golden halo, which is... a first-rank human being!

Chapter 1574: Property Modification

Human-level first-class fate...

Totally ***** in rubbish!

Is there anything worse than this? – Absolutely not!

Human-level first-rank is already the worst fate! With this fate, it can be said that... there will never be a day to turn over!

In fact... being born in the holy world of destiny is both a kind of luck and a kind of sadness.

Fortunately, the starting point is high, and it is Chaos Realm at birth! And many other continents in the holy realm of destiny, when they were just born, they were just ordinary mortals. They had to climb up from the outer, inner, innate, condensed, spiritual, Tao, and divine realms to become the chaos realm!

The sad thing is... the people in the holy world of destiny are too dependent on the destiny!

Fate is good, practice fast. Poor fate, even if you don’t increase your training speed, it will also slow down your training.

Awakening the fate of the first rank of the earth, the training speed will be slightly faster than the people who have not awakened the fate of other continents – this is also the fate of most people in the holy world of destiny.

The higher the fate level, the more terrifying the training gain! It can be said that the geniuses with the heaven-level destiny in the legend can increase their cultivation level by eating and drinking!

And human-level fate... Even if it's a human-level ninth-level fate, it's really not as good as having no fate! Human-level first-rank Fate has increased the difficulty of cultivation thousands of times! You can even directly say: Give up cultivation! This is the life that cannot be cultivated!

Of course, Xu Ming didn't care what rank his Fate was; after all, he only needed to restore his original cultivation, not cultivation, and naturally he wouldn't be disturbed by a human-level first-rank Fate.

However, many people in the clan saw that Xu Ming had awakened to such a fate, and their eyes suddenly turned cold.

"Go down!" Xu Tianfeng said indifferently, "Next, Xu Peng, go to the altar, awaken your destiny!"

Xu Peng is the son of Xu Tianfeng.

"Father!" Xu Peng stepped up to the altar and bowed respectfully.

"Yeah!" Xu Tianfeng nodded lightly.

The awakening started soon, and after some turbulent movements, Xu Peng also successfully awakened his destiny, and his face was a little hard to hide.

Obviously, Xu Peng definitely awakened a good destiny!

"Sacrifice your life!" Xu Tianfeng said.

"Yes! Father!" Xu Peng immediately sacrificed his fate.

A yellow destiny rose above Xu Peng's head. Inside the Fate, there are... seven halos!

"This is..."

"what!?"

"Earth-level seventh-grade fate!?"

"Xu Peng actually awakened to the seventh-grade fate of the earth!"

The entire clan was shaken.

Heaven-level destiny is a legend. Earth-level ninth-grade fate is also equivalent to "half-legendary"; earth-level eighth-grade fate is already the top fate that can be seen in ordinary times!

Earth-level seventh-rank Fate, but only slightly worse than the top Fate! Now in the entire clan, except for Xu Peng, there is only one person who has reached the seventh rank of the earth level!

"Huh?" Even Xu Tianfeng couldn't help the tiger's body shaking, and couldn't help laughing, "Hahahaha... Good! Good! Good! It really is a tiger father without a dog!"

You must know that Xu Tianfeng himself only has the fate of the fifth-grade earth-level! It was only with this great perseverance that he cultivated to the Realm of Destruction!

Earth-level seventh-rank Fate, it can be seen that his son will probably not be weaker than him in the future!

How could Xu Tianfeng not be excited?

"Elder Xu, congratulations!"

"congratulations!"

In the clan, there are already many great experts who have taken the initiative to speak, congratulations to Xu Tianfeng. The eyes they looked at Xu Peng were also full of joy – there was another strong man coming out of the clan!

The more the strong, the more prosperous the clan will naturally be!

“Hahahahaha...” Xu Tianfeng couldn’t stop laughing.

Xu Peng’s face was full of high spirits.

With pride, Xu Peng looked at Xu Ming contemptuously and said with a sneer, “Cousin Xu Ming!”

“What’s the matter?” Xu Ming was too lazy to pay attention to Xu Peng’s complacent appearance, but he didn’t expect the other party to come up.

Xu Peng sneered again and said, “As a younger brother, I just want to tell you that there are some things that shouldn’t belong to you, it’s better not to dominate!”

What Xu Peng was referring to was naturally Xu Ming’s ancient rune.

Hearing Xu Peng’s words, many great men in the clan frowned; however, no one spoke to stop Xu Peng. After all, in their opinion, with Xu Ming’s first-rank human-level fate, they are indeed not qualified to possess the ancient divine rune.

“Oh?” Xu Ming took a deep look at Xu Peng, then didn’t say much.

interesting!

How dare you so blatantly covet Brother Ming’s ancient rune?

You must know... Xu Ming’s cultivation level, although he has regressed to the chaotic realm, the plug-in is still there!

Xu Ming called “the power of eternity”, which still has the strength of the realm of all things! In addition to “Wandao Epiphyllum” and “Infinite Avatar”, they dare to directly shake the existence of the low-level Destruction Realm!

Brother Ming’s ancient rune, is it so coveted?

“Ha!” Xu Ming smiled contemptuously, and replied, “Some things belong to whomever they belong to!”

“Haha!” Xu Peng laughed, “Let’s just wait and see!”

Xu Peng also walked down the altar and stood not far from Xu Ming.

Fate Awakening continues.

At this time, Xu Ming saw that there were two female cultivators walking in his direction.

Through memory, Xu Ming knew that these two female nuns were both members of the clan, named Xu Yuxin and Xu Zhi respectively; they often appeared beside the former Xu Ming and were very close.

This time, Xu Yuxin and Xu Zhi also participated in the awakening of the fate, but they only awakened the third-grade fate of the earth, and they could only say that it was okay.

Seeing the two girls walking towards him, Xu Ming couldn’t help but secretly said: “It seems that the original owner of this body is doing well! At least...there are two girls who still care about...”

But then, Xu Ming couldn’t help his face change. He found that Xu Yuxin and Xu Zhi were not walking towards him, but towards Xu Peng; moreover, the glances that the two daughters cast towards him seemed very strange.

“Ha...” Xu Ming smiled instead, “Is this too realistic?”

However, Xu Ming was not angry. Because...he was just a passerby in this world, and Ba had to get entangled with other people.

and...

Xu Ming is now in the “past”! In the future, the so-called holy world of destiny, I don’t know what it will look like! In the entire ancient relic world, Xu Ming has never seen people from the last chaotic era; then, where have all these people around Xu Ming “now” in the last chaotic era?

Apparently... very likely, they’re all dead!

Therefore, Xu Ming could not find a reason to be angry at all.

“Ignorance...” Xu Ming didn’t know whether he should laugh at them.

At this moment, Xu Ming’s heart suddenly sounded Xiaohang’s voice: “The conditions for activating the new plug-in function ‘Attribute Modification’ have been met!”

Is there a new plug-in function that can be activated?

Xu Ming couldn’t help but be stunned – you know, it’s been a long time since the new plug-in function was activated!

Chapter 1575: Rank 9

“Do you want to activate the new function ‘attribute modification’?” Xiaohang’s voice sounded again.

you still need to ask?

“Activate!” Xu Ming said without hesitation.

moment...

“The 4.0 version of the Alien Invincible plug-in ‘attribute modification’ has been activated!”

Next, is the function description of the “attribute modification” link.

Attribute modification: You can temporarily modify or permanently modify the host’s attribute values! For example: cultivation, attack, defense, agility, speed, combat power, talent, perception... etc. You can also lock some attribute values of others!

“Modify your own attribute value? Lock someone else’s attribute value?” Looking at a large row of attribute items, he unfolded in his mind; Xu Ming was also stunned!

Of course, whether it is “temporary modification”, “permanent modification”, or “locking other people’s attribute values”, all need to consume hanging points!

“I don’t know, what is my current attribute value?” Xu Ming looked at his “attribute bar” with some curiosity, but he couldn’t see it until the “attribute modification” was turned on!

I saw that in the attribute column, Xu Ming’s attributes were listed. These attributes are all calculated by Xiaohang, and they are the attributes when Xu Ming “has not opened the plug-in”.

Cultivation: Chaos Realm Level 1! (The second-order of the original flood and wasteland, due to the long river of time, the cultivation base went backwards.)

Attack: Chaos Stage 5! (Attacks under special tricks are not counted.)

Defense: Chaos Realm Tier 4!

Agility: Chaos Realm Tier 4!

Speed: Chaos Realm Tier 4!

Combat power: Chaos Realm fifth-order!

Talent: Boundary-breaking level!

Perception: Chaos Stage Seven!

Disguise: Chaos Realm Ninth Order!

Luck: The Second Order of the Great Desolate Realm!

Fate: Human-level first-class!

Skill Specialization:...

A lot of attributes, Xu Ming looked down one by one.

“It’s really weak!” Xu Ming couldn’t help shaking his head and smiling bitterly. Who made his cultivation fall back to the first order of Chaos Realm?

Of course, these are only attributes of Xu Ming when he “has not opened the plug-in”; once the plug-in is activated, Xu Ming’s true attributes are naturally much more than that!

But... it looks ugly, but it’s true!

“You have to quickly restore your cultivation to make your attribute bar look better!” Xu Ming’s eyes lit up, “Would you like to... modify it?”

It’s not easy to restore the cultivation base, isn’t it?

Modify it directly!

At this time, Xiaohang’s voice sounded again: “The host has an opportunity to modify attributes for free, and can modify an attribute value at random. Do you want to use it?”

“use!”

“Modifying the attribute items randomly... has been completed randomly, the modified attribute item is: Fate!”

“Fate?” Xu Ming was a little disappointed. Of course, he hoped most, and randomly got the “Cultivation Item”. But since the “Fate Item” has arrived at random, it will be used as it is, it is free anyway!

“Please select the target value to modify!”

“Target value...” Xu Ming smiled. There is no need to ask this question, just pick the best one, “Modify it to: Heaven-level ninth-rank Fate!”

Xiaohang’s voice continued to sound: “The first-grade human-level fate is revised to the ninth-grade fate of the heavens; this modification does not exceed the free range... Execute the modification... The modification is complete!”

The “attribute modification” hanging is not a vigorous “hanging”. Silently, Xu Ming’s destiny has changed from a “human-level first-rank” to a “heaven-rank ninth-rank”!

Heaven-level ninth-grade fate... This is simply a legend in the legend! Even in the countless billions of epochs in the entire Destiny Sacred World, there may not have been a few such fates!

And Xu Ming’s destiny is at this level! It’s just that none of the powerful people in the clan noticed Xu Ming’s change.

Several clan elders were even thinking about how to seize the ancient divine rune from Xu Ming, who had already been “abandoned”.

After using the opportunity of “free modification”, Xu Ming continued to think about what attributes to modify.

“Attack, defense, agility, speed, combat power... These attributes are all linked to the cultivation base and will increase with the improvement of the cultivation base! If I modify it now, and the cultivation base will improve in the future, I have to continue to modify it... These attribute items, there is no point in modifying them now!” Xu Ming pondered secretly, “If you are in battle, you can ‘temporarily modify’ it! Then, obviously, if you want to modify it, you can directly modify the ‘cultivation item’! And is ‘permanent modification’!”

“Little hanging, how many hanging points are needed to permanently change the cultivation base to the first rank of the Profound Yellow Realm?” Xu Ming asked.

Xiaohang replied: “You need 100 million points at level 16! 3 million points at level 17!”

“What?” Xu Ming was startled, “So expensive!?”

You must know that the level 16 hanging point corresponds to the middle-grade Chaos Originium; the 17-level hanging point corresponds to the high-grade Chaos Originium! And Xu Ming’s current cultivation is only in Chaos Realm; it stands to reason that he should spend “level 15” to hang up!

Immediately, Xu Ming understood that if he wanted to “permanently modify”, he had to use a higher level of hanging points, and the number of hanging points consumed was exaggerated! “Temporary modification” only needs to consume the hanging points of the same level, and the amount consumed will be much less!

“It’s so expensive... but there’s no need to rush to modify the cultivation base!” Xu Ming secretly said.

After all, Xu Ming’s main combat power now comes from the blessing of “eternal power”! Whether the cultivation base is the first-order Chaos Realm or the first-order Xuanhuang Realm, for Xu Ming, it has little impact on the strength. Since it doesn’t have much impact, let’s not revise it first; anyway, Xu Ming is in the ‘past’ now, and he is not in a hurry to improve his cultivation.

And... Xu Ming was worried that once he modified his cultivation, the aura on his body would change and be discovered by other people in the clan.

...

Among the clan, there are still teenagers stepping on the altar and awakening their destiny.

However, because Xu Peng’s “Earth-level Seventh Grade” Fate is in front, and the Fate of Awakening in the back, it seems to be mediocre.

In a short time, the Awakening Ceremony of the Fate Form came to an end.

As the first genius to appear at this ceremony, Xu Peng was naturally surrounded by many clan powers, with a spring breeze on his face, very unhappy.

And Xu Ming, this “human-level first-rank” rubbish, was naturally left in the corner by the clan.

“Humanity is warm!” Xu Ming shook his head secretly in the corner, “I think back then, my parents in my current body were very kind to the Xu clan, and they even gave the clan a lot of treasures! Unexpectedly... I’m being treated like this now...”

However, Xu Ming really didn’t care about these.

Xu Ming wished that the clan treated him badly! Otherwise, with Xu Ming’s character, he would definitely have to find a way to help the clan become stronger; but now, Xu Ming doesn’t have to take this responsibility.

“Go back...” Xu Ming silently walked back to his residence.

His brows were furrowed. Not because of the affection among the clan, but because of another question, how to get back?

You know, Xu Ming came from the “future”! So, how can we go back to the “future”?

“In the ancient relics, the long river of time has materialized; if I step into the long river of time, I can go upstream to this era of chaos! But here... the long river of time is still stablehas not materialized. Ah! With my strength, it is impossible to enter the long river of time by myself...”

This problem is quite big!

But for a while, Xu Ming couldn’t think of anything.

“Take one step at a time! It is estimated that... I still have to go to the Taikoo Temple, and even find a way to see Huang Zhizun!”

Xu Ming had already guessed that the figure that he saw in the ancient relics, who looked like the Supreme Being, should be Huang Supreme! That figure once told Xu Ming that he would wait for him in the “past”!

And Xu Ming, now he has returned to the “past”!

“There is one more question...” Xu Ming thought again, “Where are the geniuses who came back against the river of time before me? Did they also come to this time zone? Or... it is very different from my time zone. ...”

If there is a chance, Xu Ming will of course find a way to ask those geniuses who came back earlier than him. After all, they came back earlier than Xu Ming, so they should have learned a lot about this chaotic era.

Chapter 1576: Sorry To Hang Up

The Xu clan, in this area, can also be regarded as a prominent family. After all, among the clan, there are quite a few people in the realm of destruction.

But among the clan, the Xu clan members only accounted for a minority; on the contrary, servants and servants accounted for the majority!

Some of these servants and servants came from ruined clans, and some came from other continents “ascended” to the Holy Realm of Destiny.

Among the clan, Xu Ming’s residence is already quite good; the high-walled palace is also equipped with hundreds of servants. However... when Xu Ming returned to his residence, he found that a famous servant was walking out.

“Huh?” Xu Ming frowned these servants, not staying there, where are they going?

Moreover, although hundreds of servants saw Xu Ming, none of them came forward to say hello.

“Ha!” Xu Ming couldn’t help but laugh. He has already guessed that Huluo Pingyang was bullied by dogs! These servants, obviously some people are willing to accept them; therefore, all have to flee to other places.

Even if Xu Ming killed these servants directly, it would have nothing to do with them. However, with Xu Ming's demeanor, it wasn't enough to get along with a group of servants. Moreover... these servants are all from the Chaos Realm; if Xu Ming killed them all easily, he would inevitably attract attention.

Xu Ming also wanted to keep a low profile and lead the snake out of the hole; see who in the clan would make things difficult for him, and who would give help.

"Oh! A group of servants! There will be times when they regret..." Xu Ming secretly thought.

Even without mentioning Xu Ming's identity as a "traverser"! Even aside from Xu Ming's "plug-in"! Just that Xu Ming is now a "Nine Rank of the Heavenly Rank", he can easily shake the entire clan to pieces!

The servant also needs to rely on a powerful master! When they find out later that Xu Ming is so powerful, they will naturally regret it.

Xu Ming walked into the residence indifferently.

"Yun Tian?" Xu Ming was surprised to find that there was still a servant in his residence.

Yun Tian used to be a member of the Yun clan. It was only later that the Yun clan was conquered by other clans, and many people in the clan became slaves; this Yun Tian was one of them.

"Why don't you leave?" Xu Ming smiled.

"I..." Yun Tian didn't know how to answer, but her eyes were firm, "I will stay here forever!"

"You have a heart!" Xu Ming smiled, "Everyone else has left, I won't blame you if you leave! I'm very grateful that you can stay until now!"

"I won't go!" Yun Tian said.

"Ha! Let it go!" Xu Ming said indifferently, preparing to go back to the house to practice.

After all, he only needs to restore his cultivation base; coupled with the fact that his destiny is “Ninth Grade Heavenly Grade”, he will definitely cultivate a thousand miles in a day.

“Master... Master!” Yun Tian couldn’t help shouting, “Young Master Xu Yang came to spread the news, saying that your destiny is a ‘first-class human’, and he also took away your servants...”

“Xu Yang?” Xu Ming squinted his eyes slightly, not too surprised. This Xu Yang, to put it bluntly, is Xu Peng’s dog-leg, “It’s okay, leave him alone! When he comes to trouble again next time, settle the account with him once again!”

Xu Ming can’t be bothered to waste his time and energy on such a small role.

And Xu Ming was sure that this kind of ***** wouldn’t come only once; it should be coming again soon.

really...

Before Xu Ming could enter the room, a voice that was neither yin nor yang came from behind him.

“Brother Xu Ming, why did you come back?” Xu Yang sneered, “Awakened to the fate of a first-rank human being, how dare you stay at the altar?”

“Is something wrong?” Xu Ming just said lightly.

“It’s something!” Xu Yang continued with a sneer, “Brother Xu Ming, you should know your status in the clan now! With your status, are you not qualified to have servants? Your servants are going to defect. Me, it should be normal, right?”

Xu Ming smiled noncommittally and quietly watched the performance of the other party.

“Since your servant is willing to be with me, then it’s naturally mine! But... I heard, brother Xu Ming, you forcibly kept a servant?” Xu Yang’s eyes turned to Yun Tian, and he reprimanded, “I still Don’t come over for me!”

Xu Yang robbing Xu Ming's servant was naturally arranged by Xu Peng. The purpose... Obviously, it is to damage Xu Ming's face first; in this way, if Xu Peng comes over to "do the right thing" and ***** the ancient divine rune, it will be much easier! If Xu Ming is still the original Xu Ming, then there is no problem with Xu Peng's plan!

It's a pity that Xu Peng didn't know that Xu Ming had changed his personality!

It was replaced by someone he couldn't afford to offend!

"I..." Yun Tian was reprimanded, naturally a little scared, but still gritted her teeth, "I'm not going to your place!"

"Oh?" Xu Ming couldn't help but look up at Yun Tian. Now, although Yun Tian's identity is only a servant, she is undoubtedly a person of great love!

Based on this alone, in Xu Ming's eyes, Yun Tian is more worthy of his friendship than most people in the clan.

"Huh?" Xu Yang's face suddenly sank! Naturally, he wanted to ***** all Xu Ming's servants away, which would damage Xu Ming's face the most. Now, a loyal servant has appeared, and even his reprimands are useless; in this way, not only did Xu Ming lose much face, but Xu Yang himself lost a lot of face!

Being pushed back by a servant is indeed a bit humiliating.

"You dare not obey my orders!?" Xu Yang shouted angrily.

"I..." Although Yun Tian was afraid, her attitude was still firm.

"Xu Yang!" Xu Ming shouted softly, "My people, when will it be your turn to point fingers? Get out!"

"Go away? Xu Ming, how dare you tell me to go away!?" Xu Yang was instantly angry that he had just awakened the fate of the third-grade earth-level, which was already a good fate for him; Xu Ming, who has a "human-level first-class" fate, was reprimanded!

How could Xu Yang not be angry?

“You dare to scold me!?” Xu Yang said coldly, “My Xu Ming clan brother, my clan brother, will learn from you and help you move the divine body! Do you have any opinion?”

Xu Yang obviously wanted to cook Xu Ming in the name of learning.

“You... learn from me?” Xu Ming couldn’t help but laugh.

A first-order chaotic realm cultivation base dared to come up to Xu Ming to discuss... In such a situation, Xu Ming was embarrassed to hang up!

If this is the case, it is simply an insult to the cheating! Killing chickens and slaughtering dogs, why plug in?

“What? Are you afraid!?” Xu Yang snorted coldly, “If you are afraid, hand over this maid! Then apologize to me, and forget about it!”

Xu Yang came here on Xu Peng’s order, so naturally he tried his best to damage Xu Ming’s face!

If Xu Ming took the initiative to hand over the maid under his coercion, then Xu Ming would definitely lose face!

“Afraid?” Xu Ming shook his head and said lightly, “No! I accept your experience!”

Xu Ming looked at Xu Yang indifferently, since he dared to be a dog, he must be prepared to be beaten.

Chapter 1577: Clan Council

“You accept my sparring?” Xu Yang looked at Xu Ming in surprise.

He originally thought that Xu Ming would not accept his sparring, and even thought in his heart, how to humiliate Xu Ming in order to force Xu Ming to accept the sparring. Unexpectedly, Xu Ming agreed so readily.

Immediately, Xu Yang smiled: “Have the guts! But... just having guts is useless! Don’t you know the strength gap between you and me?”

You must know that fate not only affects the speed of cultivation; moreover, it also has a certain bonus effect on combat power!

From Xu Yang’s point of view, even though he and Xu Ming are both the first-order chaotic realm, but Xu Ming’s fate is the most **** “human-level first-rank”, while his fate is the earth-level third-rank! With the fate of the Earth-level third-rank, Xu Yang’s strength is comparable to the third-rank of the Chaos Realm, so Xu Ming is naturally not taken seriously.

Xu Yang approached Xu Ming provocatively: “Since the younger brother of Xu Ming’s clan is willing to accept the discussion, then be careful!”

Obviously, Xu Yang wanted to take advantage of this discussion to humiliate Xu Ming.

“Slow!” Xu Ming said suddenly.

“What? Are you afraid?” Xu Yang deliberately provoked.

Xu Ming sneered: “No! I just think... it would be a bit boring if it was just a discussion?”

“Then what do you want?” Xu Yang asked with interest.

“It’s better...” Xu Ming thought about it and said, “The losing side must kneel and kowtow to the winning side!”

“Kneel down and kowtow?” Xu Yang’s eyes narrowed slightly, and he looked at Xu Ming with some doubts and some disdain. After all, his fate completely crushed Xu Ming; he did not think that Xu Ming could be his opponent!

In his opinion, Xu Ming will lose in this battle!

But since it was an inevitable defeat, why did Xu Ming make the bet of “kneeling and kowtowing”? Could it be that Xu Ming was worried that he would not lose enough face, so he simply broke the jar?

“It’s a little strange!” Xu Yang was very puzzled.

But immediately, Xu Yang laughed: “Oh! I was almost fooled by you! Want to bluff to scare me off? I’m sorry, I accept this bet!”

“Slow...” Xu Ming said again.

“What’s the matter? I exposed your motives, do you want to go back on it?” Xu Yang sneered, but he was more and more certain in his heart that his guess was right.

“It’s not to go back, but to make it clear to you that not only do you have to kneel down and kowtow, but also 10,000 kowtows! Also, you can’t kowtow too fast, you have to kowtow slowly!” Xu Ming wanted to take this opportunity to kill chickens and set an example; , and then being annoyed by cats and dogs like Xu Yang.

However, Xu Yang had already determined that Xu Ming was bluffing; therefore, instead of retreating, he immediately responded: “Okay! Can we start the war now?”

“Yes, yes! But...” Xu Ming said.

“Xu Ming!” Xu Yang shouted, “If you dare to learn from each other, let’s have a heartfelt remark! Why do you push things like this?”

“I’m not worried that you won’t admit it?” Xu Ming smiled, “Let’s do it... Let’s go to the clan battle platform to fight, and ask the Law Enforcement Hall to notarize!”

“I’m the one who worries that you won’t admit it if you lose!” Xu Yang sneered, “Xu Ming, no matter how much you brag, it’s useless! Let’s go, go to the clan battle stage! How about it, is there any more? What other excuses do you have to give?”

“Let’s go!” Xu Ming said lightly, heading straight towards the clan battle platform.

“So refreshing!?” Xu Yang couldn’t help but feel a little surprised at this time, and even had a faint feeling of something bad. However, he had absolute confidence in defeating Xu Ming, so he quickly put this unpleasant feeling behind him.

In Xu Yang’s heart, the scene of Xu Ming kneeling and kowtowing in front of him had already emerged.

...

Xu Ming fought against Xu Yang, and the bet was “10,000 kowtows”!

This news spread like wildfire among the clan and spread quickly.

When Xu Ming and Xu Yang boarded the clan battle stage, the crowd around the battle platform was already crowded with people who came to watch the battle.

Among the crowd watching the battle, there are the Xu clan, as well as those servants and servants! Especially the group of servants who originally followed Xu Ming, they wanted to take a look at the miserable situation of their “former master”.

“Xu Ming, I just wanted to humiliate you casually; I didn’t expect that you would make such a big noise on your own initiative! Wait... when you knock ten thousand heads, don’t blame me!” Xu Yang said with a wicked smile.

With the clan law enforcement hall doing the notarization, Xu Yang was not worried at all, Xu Ming could rely on the “ten thousand kowtows”.

Below the battle platform, there was also a lot of discussion.

“Xu Ming is a human-level first-rank Fate, and Xu Yang is a Earth-level third-rank Fate. If it’s just the suppression of the Fate, Xu Ming is completely impossible to win!”

“I really don’t know what Xu Ming was thinking. He even took the initiative to initiate this kind of discussion and asked the Clan Law Enforcement Hall to notarize it... Could it be that Xu Ming is really about to break the jar?”

“It must be broken! Awakened to a human-level first-rank destiny, Xu Ming’s future is almost impossible to achieve any achievements; it can even be said that he is already a waste! I can’t think of it for a while, breaking the jar and falling, also It’s normal!”

“Yeah! Also, I heard... the clan elders are holding a council, which is about the ancient rune on Xu Ming!”

“According to what I said, Xu Ming is indeed not qualified to continue to possess the ancient rune! This kind of treasure should be returned to the clan!”

...

The atmosphere of the clan battle stage was extremely lively; most of the clan members were waiting to see Xu Ming’s jokes.

The clan elder pavilion, however, has a dull atmosphere.

Nineteen elders from the Xu clan sat around the large and heavy black round table.

The Xu clan has no patriarch yet. All matters within the clan are decided by the nineteen elders.

Elder Xu Tianfeng’s voice still echoed in the pavilion: “Xu Ming, the one who awakened is the first-rank human-level fate; even if the ancient divine rune is on him, he will never be able to use it, and it is even more impossible to join the ancient temple! I propose: let Xu Ming handed over the ancient rune! What do the elders think?”

Even though some of the clan elders coveted Xu Ming’s immemorial runes, most elders still remembered their old feelings.

After all, the clan can have today’s brilliance, and Xu Ming’s parents have contributed greatly! Even many treasures in the clan’s treasury were left by Xu Ming’s parents.

“Let Xu Ming hand over the ancient divine rune... I’m afraid it’s not benevolent to do so?” It was Elder Xu Tianchen who spoke.

“What does it have to do with benevolence and righteousness?” Another elder said coldly, “Since the ancient divine rune is on Xu Ming and is of no use, it should be handed over to the clan, what’s the problem? Besides... in case Xu Ming later Walking outside and losing the ancient rune, it is a great loss to the clan!”

“But... if we take Xu Ming’s ancient divine rune, wouldn’t we be worthy of Xu Ming’s parents?”

“That’s too bad! Xu Ming’s parents definitely didn’t expect that Xu Ming’s fate would be so rubbish! If they knew, they would definitely be willing to hand over the ancient rune to the clan...”

For a time, the nineteen elders in the elder pavilion could not argue.

At this time, the elders suddenly changed their expressions. They all got the news that Xu Ming fought Xu Yang, and the bet was “10,000 kowtows”.

Chapter 1578: Come Up And Kowtow!

“Bullshit!”

“It’s just bullshit!”

“What is Xu Ming doing? Is the jar broken!?”

“It’s too stupid! It’s really a tiger and a dog, it’s okay to lose face, even his parents’ face!”

When the elders knew what Xu Ming had done, they were both angry and hated for not turning iron into steel!

Even the elders who were originally on Xu Ming’s side began to shake in their hearts. After all, Xu Ming’s performance is too muddy to support the wall!

It's just a **** who can't help it!

However, Xu Tianfeng smiled: "Everyone, look, what qualifications does Xu Ming have to possess the ancient magic rune? It's better to let him hand it over to the clan, so as not to have too many dreams at night!"

Hearing Xu Tianfeng speak again, all the elders fell into contemplation. Objectively speaking, what Xu Tianfeng said is indeed reasonable!

...

Clan battleground.

Xu Yang looked at Xu Ming with a sneer, and his heart was very complicated; there was excitement and fear. After all, Xu Ming, who he is about to step on, is the son of two legendary figures!

"Xu Ming! I respect your parents very much! It's just... Today you have to gamble with me, so I have to accompany you!" Xu Yang said loudly, "If you lose, don't blame me!"

"Do I have to gamble with you?" Xu Ming smiled.

Who wants to be provocative, doesn't he have a point in his heart?

However, Xu Ming was too lazy to say more. After all, Xu Yang is about to kneel on the battlefield and kowtow 10,000 heads; just let him repent slowly while he is kowtowing!

"Xu Ming!" At this time, below the battle platform, Xu Peng suddenly secretly said, "I can call the shots and end this battle!"

Xu Peng?

Xu Ming smiled.

Can Xu Peng be so kind? Even if you think about it with your toes, you know it's impossible!

Obviously, Xu Peng must have purpose and requirements.

"Don't bother!" Xu Ming sneered and said with a voice transmission.

"I don't know what to do!" Xu Peng said lazily, "Just wait and kowtow!"

The same is the first-order Chaos Realm, Xu Ming is only a human-level first-rank fate, but Xu Yang is an earth-level third-rank fate. The possibility of Xu Ming defeating Xu Yang can be said to be very small! Unless... Xu Ming has cultivated the secret fighting skills to an extremely advanced level! But is it possible?

The powerful people in the clan still know Xu Ming's strength quite well. In terms of combat secret skills, Xu Ming is only slightly better than Xu Yang, and it is not enough to make up for the gap in fate.

If Xu Yang didn't know Xu Ming well, he probably wouldn't have been foolishly led by Xu Ming's nose and stood on the clan battle stage.

"Xu Ming, let's go first!" Xu Yang stood with his hands behind his back, looking personable. After all, his opponent was only a human-level first-rank Fate; Xu Yang naturally won beautifully in order to show his own strength.

"I'll shoot first?" Xu Ming smiled playfully, he already had a plan in his heart that he must show some strength, lest all kinds of cats and dogs in the clan dare to provoke him.

"Then you have to be careful!" Xu Ming reminded.

Bullying a first-order Chaos Realm? Xu Ming has not bullied such a weak opponent for a long time!

"I can show the strength of the fifth-order Chaos Realm! Although this kind of strength is exaggerated, if you cultivate the ultimate Chaos Realm's first-order combat secret skills, it is still possible to reach this level!" Xu Ming secretly said, "And... if I show too much strength now, I will inevitably cause some unnecessary trouble!"

You must know that when Xu Ming has not used the “attribute modification” to modify his fate, his combat power in the state of not hanging is already comparable to the fifth-order Chaos Realm! And now, Xu Ming’s destiny is the top “Nine-Rank Heavenly Grade”; with the bonus of destiny, even if Xu Ming does not hang up, his strength is probably invincible in the Chaos Realm!

And Xu Yang is only the third-order Chaos Realm; Xu Ming’s strength of the fifth-order Chaos Realm is already easy enough to crush!

In order to conceal his strength, Xu Ming even took out the original owner of the spear, the divine body, who happened to be using a spear, and there was a spear in the relic.

boom!

Xu Ming pretended to be serious, he shot out, and he was in front of Xu Yang in an instant.

“what!?”

The power of this gun directly made the crowd watching the battle under the stage look dumbfounded!

“How could Xu Ming be so strong!?”

“The power of this gun, I’m afraid it will reach the fifth order of Chaos Realm, right?”

“How is that possible? Even if it is Xu Peng, I am afraid that it is only the fourth-order combat power of the Chaos Realm, and can’t reach the fifth-order Chaos Realm! But...you must know that Xu Peng is the fate of the seventh-grade earth! Where is Xu Ming?”

“Could it be... Xu Ming has cultivated his secret fighting skills to an extremely high level? This is too deep to hide!”

“Impossible!” Xu Peng glared at him, of course he could see that even if it was him, I’m afraid he would not be Xu Ming’s opponent!

The most dumbfounded was, of course, Xu Ming's opponent Xu Yang on the battlefield.

"How can it be so strong!?" Xu Yang was completely caught off guard by this shot. If he had known that Xu Ming's strength was so strong, he would be a fool to bet against Xu Ming, and to enter the clan battle stage with Xu Ming!

Only now...it's too late to say anything!

Just when Xu Yang was shocked, Xu Ming's spear was already in front of him!

Poor Xu Yang, his strength was much weaker than the fifth-order Chaos Realm; coupled with his shock and loss, when he reacted, he was no longer able to resist Xu Ming's shot.

boom! !

With one shot, Xu Yang was directly smashed out of the battlefield, without any hesitation.

The whole place was silent!

Only one shot, Xu Mingsheng!

Xu Ming's voice sounded faintly on the clan battle stage: "Come up and kowtow!"

Xu ** did not dare to cheat! After all, the authority of the Clan Law Enforcement Hall cannot be provoked.

The clansmen or servants watching the battle watched this scene in disbelief. They originally came to see Xu Ming kowtow! Unexpectedly, after one shot, it turned into watching Xu Yang kowtow!

The group of traitor servants of Xu Ming, .com at this moment is the saddest mood. They had just betrayed Xu Ming and defected to Xu Yang; as a result, they saw Xu Yang kowtow to Xu Ming before they even sat on the hot **** in Xu Yang's residence!

Such a betrayal is ridiculously stupid!

When Xu Yang was full of humiliation and stepped onto the clan battle stage again; Xu Ming didn't even look at him, and walked directly towards the bottom of the battle stage: "Kick slowly, knock ten thousand, and you can't miss one! "

Xu Ming didn't even bother to watch Xu Yang kowtow! However, with the supervision of the Law Enforcement Hall, it is expected that Xu Yang would not dare to knock one less!

...

In the clan elder pavilion, the elders were still discussing Xu Ming fiercely.

At this moment, a battle situation was passed to the elders.

"It's over so soon?" Xu Tianfeng sneered, "This Xu Ming... the loser is really straightforward!"

"No..." Xu Tianchen said with an extremely strange expression, "The loser is... Xu Yang!"

Chapter 1579: Why

"The loser is... Xu Yang!"

As soon as these words came out, the elders pavilion was suddenly shocked.

"what!?"

"how is this possible!?"

"Xu Yang is a third-grade earth-level fate, how could he possibly lose to Xu Ming?"

However, the water curtain image of Xu Ming's battle had already been passed, and they couldn't help but believe that Xu Ming not only defeated Xu Yang, but also lost in seconds!

“The strength of the fifth-order Chaos Realm...” The elders all exist in the Destruction Realm, how vicious is their eyesight? Naturally, he could see through it at a glance, the strength that Xu Ming showed.

“Human-level first-rank Fate, yet able to exert the combat power of Chaos Realm fifth-rank... It seems that in these eras, Xu Ming must have secretly studied secret skills and worked hard!”

“It’s a pity... Xu Ming is only a human-level first-rank life style. I’m afraid it will be difficult to step into the Xuanhuang realm in this life! No matter how powerful the secret skills study is, what’s the use?”

Cultivation is the foundation of strength!

No matter how powerful the study of secret skills is, if the cultivation base is unable to get up, if he encounters a great power with a high cultivation base, he will be slapped to death by a slap.

but...

The unexpected news that “Xu Ming defeated Xu Yang in seconds” brought a turning point in the Council of Elders.

Originally, the elders had basically decided that in the name of the clan, Xu Ming should hand over the ancient rune; but now, many elders are shaken! After all... Xu Ming is not as ***** as they think, isn’t he?

“The matter of the ancient talisman, let’s discuss it later!” Xu Tianchen said.

“Why do we need to discuss it later?” Xu Tianfeng immediately retorted, “Xu Ming did defeat Xu Yang today, which is true! However, Xu Ming’s fate is only a human-level rank, so it is not false, right? Fate is so rubbish, it’s a hit. He is destined to be unable to cultivate and enter the ancient temple! If so, why keep the ancient divine rune on him?”

For a time, many elders were arguing again.

In the end, the result of the argument: Xu Ming was asked to hand over the ancient rune!

...

Xu Ming's residence.

Xu Ming frowned: "This divine body is really weak!"

The first-order cultivation of Chaos Realm has never practiced "Divine Phoenix Immortality"; after putting aside plug-ins and fate, it is not much stronger than when Xu Ming first left God's Domain.

"Could it be... Only the will can cross the river of time, but the divine body can't cross over?" Xu Ming couldn't help thinking, "Fortunately, most of my treasures are in the heart world! I have crossed over, and these treasures have followed me. , was not lost in the long river of time!"

Like the essence of Divine Phoenix, Xu Ming is placed in the long river of time!

"If I use the essence of the Divine Phoenix, I will soon be able to recover to the cultivation base of the Great Desolate Realm! But... If I cross the long river of time again in the future, is it only the will that can go back to the future? In that case, if I use it now Isn't the essence of the Divine Phoenix equivalent to a waste?"

How precious is the essence of the Divine Phoenix? Xu Ming couldn't bear to waste it!

"But... if you don't use the essence of Divine Phoenix, but slowly cultivate, you don't know when you will be able to spy on the secrets of this chaotic era..."

If you want to spy on the secrets of this era, it must be as strong as possible!

Benedict! Benedict! Benedict!

At this moment, there was a knock on the door.

The corners of Xu Ming's mouth twitched: "Yun Tian? Come in!"

Yun Tian just pushed the door and came in, but there was a look of anxiety on her face: “Chang... The elders are here!”

“Elders?” Xu Ming had a hunch that nothing good would happen, but he stood up indifferently, “Let’s go and have a look!”

Walking out of the room, Xu Ming was surprised to find that all the nineteen elders of the clan elder pavilion had arrived.

“Elders, what’s the matter!?” Xu Ming asked with a smile.

“Bold!” Xu Tianfeng shouted abruptly, “When you see our elders, you don’t even salute first!”

Xu Ming ignored Xu Tianfeng, but turned his attention to Xu Tianchen. In his memory, Elder Xu Tianchen was on his side.

“Cough, cough!” Elder Xu Tianchen coughed twice and asked Xu Ming for the ancient divine rune. After all, this approach was a bit unkind; therefore, Xu Tianchen was naturally a little ashamed to open his mouth.

However, now that he has come, Xu Tianchen still has to speak cheekily: “Xu Ming, the clan elder pavilion has passed the resolution, I hope you... hand over the ancient rune!”

The ancient divine rune has long been refined by Xu Ming and merged with Xu Ming’s divine body; if Xu Ming dies, the ancient divine rune will also disappear! Unless... Xu Ming is willing to take the initiative to hand over the ancient rune!

Because of this, no one in the clan secretly killed Xu Ming to seize the ancient divine rune. When Elder Xu Tianfeng secretly attacked Xu Ming, he only seriously injured Xu Ming, but did not kill him.

“Hand over the Primordial Talisman?” Xu Ming laughed. After he crossed over, the Primordial Talisman did not disappear; if Xu Ming wanted to hand it over, he could hand it over! It’s just... why did Xu Ming hand it over?

“The ancient divine rune seems to be my own treasure, not the clan’s, right?” Xu Ming sneered, “The clan has no right to force me to hand over the ancient divine rune, right?”

“This...” Elder Xu Tianchen was a little embarrassed that the clan really did not have such power.

“Presumptuous!” Xu Tianfeng shouted coldly, “Xu Ming! Since you are a member of the clan, you must obey the decision of the clan elder’s pavilion! The elder pavilion ordered you to hand over the ancient rune, how dare you resist?”

“That’s right!” Another black-clothed elder also glared at Xu Ming, “Besides... the ancient divine rune is useless on you! Of course you have to hand it over!”

“It’s useless?” Xu Ming smiled, “Who said it’s useless? I can go to the Primordial Temple!”

The ancient temple, Xu Ming is definitely going!

“The Primordial Temple? With your fate, you are still trying to enter the Primordial Temple!?” Xu Tianfeng sneered, “To enter the Primordial Temple, you need the cultivation of the Destruction Realm! You are only a first-rank human-level fate! Also Trying to cultivate to the Realm of Destruction? What a foolish dream!”

“You don’t have to worry about it!” Xu Ming said coldly, “The ancient divine rune is my own treasure, not the clan’s! I don’t want to give it to the clan, and I ask the elders not to rob it!”

Xu Ming deliberately increased his voice on the word “forced robbery”.

The clan elders also want face, and can’t say anything for a while. After all, if they forced Xu Ming, it would indeed be what Xu Ming called “robbing”.

“You...” Xu Peng, who followed, couldn’t help but scolded, “Xu Ming, it’s useless for you to keep the Primordial Talisman, and you don’t want to give it to the clan!?”

“It’s useless? Who said I’m useless? I can sell it!” Xu Ming sneered.

If the ancient divine rune is sold, it can indeed sell for a good price.

“And you... Xu Peng!” Xu Ming said again, “Giving this ancient divine rune to the clan is equivalent to giving it to you? Why should I give you the ancient divine rune!?”

Chapter 1580: Locking

“Why should I give you the ancient rune!?”

Xu Ming’s voice was frank, and Xu Peng was speechless for a while.

“By...by...” After a while, Xu Pengcai shouted, “Based on my fate, I am much stronger than you! By my future achievements, I am also much higher than you! The ancient divine rune is placed in your hands, and it will not be assigned anything. Useful; in my hands, I can enter the ancient temple! In the future, if I am in the ancient temple, I can also take care of the clan!”

The ancient temple has a very high status. A clan, if someone is in the ancient temple; then, other clans will be afraid of three points.

“Ha!” Xu Ming couldn’t help laughing, “Okay! Since you are so strong and capable, let’s go to the clan battle stage! As long as you can defeat me, I will admit that you are indeed stronger than me. The ancient divine rune is also handed over; if you lose, please don’t make me laugh by saying such things in the future!”

Xu Peng was taken aback for a moment.

On the clan battle stage? Xu Peng really didn’t dare to go up! After all, even if he has the fate of the seventh rank of the earth, his strength is only comparable to the fourth rank of the Chaos Realm, and he is really not Xu Ming’s opponent! On the clan stage, he will only be crushed by Xu Ming.

“Heh! I don’t even dare to go to the clan battle stage, so don’t talk nonsense again in the future!” Xu Ming scoffed disdainfully.

“You...” Xu Peng was annoyed, “Xu Ming, you are nothing more than a powerful combat secret! If you can’t improve your cultivation, you will only be arrogant for a while! If you have the ability, in a hundred years, you and my clan will fight on the stage. !”

I have to say, Xu Peng is really shameless! I don't dare to fight now, but I will fight Xu Ming in a hundred years!

With the cultivation resources of the clan, Xu Peng has enough confidence that in a hundred years, his strength will far surpass Xu Ming! After all, in his opinion, Xu Ming's fate is so rubbish, his strength can only stay where he is.

"A hundred years after the battle? Xu Peng, you are so shameless!" Xu Ming said with a half-smile.

"Xu Ming, just tell me if you have the courage to fight!" Xu Peng looked shameless, "After a hundred years, you and I will fight! If you lose the battle, you will honestly hand over the ancient divine rune!"

"Challenge...it's no problem!" Xu Ming certainly wouldn't be timid.

"You agreed!?" Xu Peng asked.

The elders couldn't help but look at Xu Ming. In their opinion, if Xu Ming agreed to "fight in a hundred years", it would be equivalent to handing over the ancient divine rune very readily! It's nothing more than a hundred years late!

In just a hundred years, it is almost no different from flicking a finger.

"Oh! I can agree! But..." Xu Ming's eyes flashed with playfulness, "This gambling battle is a bit unfair! If I lose, I have to hand over the ancient rune; then what if... you lost? You Just pay nothing?"

"I can't lose!" Xu Peng was extremely confident.

Xu Tianfeng interrupted Xu Peng's words: "It's a gambling battle, how can it be impossible to lose!? If you lose, we will naturally make a corresponding bet!"

At the same time, Xu Tianfeng secretly transmitted his voice to Xu Peng, and scolded: "You said it was impossible to lose, what should Xu Ming do if he didn't dare to fight?"

Xu Peng suddenly did! It was difficult to induce Xu Ming to “take the bait”; even if he knew that he could not lose, he couldn’t say it directly!

“Yes!” Xu Peng continued, “If I lose, we will also offer the corresponding bet!”

“Okay!” Xu Ming was waiting for this sentence, “When the time comes, I want Chaos Origin Crystal!”

“Yes!” Xu Peng readily agreed. Anyway, in his opinion, it is impossible for him to lose!

Witnessed by the pavilion of the clan elders, Xu Ming and Xu Peng set a date for a battle a hundred years later.

When Xu Peng was about to leave, he glanced at Xu Ming with the eyes of a fool.

“With my destiny, in the past 100 years, as long as you practice hard, your strength will be able to reach the eighth-order or even the ninth-order Chaos Realm!” Xu Peng secretly said, “And Xu Ming, I am afraid that at that time, the strength will only be the fifth-order Chaos Realm... I’m going to beat him, effortlessly!”

Xu Peng did not know that Xu Ming’s strength was not at the fifth rank of Chaos Realm at all!

Even if he doesn’t hang up, Xu Ming’s current strength is invincible to Chaos Realm!

If Xu Ming broke out all the means, it would be hard to say whether there is anyone in the clan who is his opponent!

Xu Peng fought such a terrifying existence without knowing his life and death, and he was still complacent there. It was really... stupid!

Xu Ming looked at the back of Xu Peng leaving, and also looked at the fool’s eyes: “Why don’t you make fun of this fool?”

How to be funny?

Xu Ming suddenly remembered the function of “locking other people’s attribute values” in the “Attribute Modification” link.

“Xiaohang!” Xu Ming shouted, “Lock his cultivation for me!”

Locked in Xu Peng’s cultivation base, let’s see how he can improve his strength in the past 100 years!

“Hehe... At that time, Xu Peng may have collapsed before he even entered the clan battle stage?” Xu Ming thought badly.

It’s easy to beat your opponent; it’s fun to smash your opponent in the palm of your hand!

Xiaohang’s voice resounded in Xu Ming’s mind: “The ‘attribute modification’ link has been activated! Xu Peng’s ‘cultivation’ attribute has been locked for a hundred years!”

Locking a first-order Chaos Realm cultivation base, and it’s only a hundred years, it doesn’t take much hanging points at all.

When Xu Peng was still complacent, he did not know that in the past 100 years, no matter what method he used, it was impossible for his cultivation to improve even a little bit!

...

That night!

Xu Tianfeng came to Xu Peng’s room.

“My son!” Xu Tianfeng took out a world ring.

“Father, what’s the matter?” Xu Peng asked in confusion.

Xu Tianfeng said: “In this world ring, there is some seagod essence liquid, which is enough to raise your cultivation to the third-order Chaos Realm! Use it first!”

“Okay!” Xu Peng’s eyes lit up.

If you want to surpass Xu Ming in strength within a hundred years, you must have the assistance of cultivation treasures. This Sea God Essence Liquid is a good cultivation treasure in the Chaos Realm stage.

Xu Tianfeng said again: “Although we have the chance to win this battle in a hundred years, we must cultivate well. Don’t take it lightly!”

“Don’t worry, father, I won’t let Xu Ming have any resistance!” Xu Peng said confidently.

“Yeah! I believe in you!” Xu Tianfeng nodded and said that Xu Peng was a seventh-grade earth-level destiny after all, and he had a lot of training resources to assist him; he was not worried that Xu Peng would not be able to surpass Xu Ming within a hundred years.

Xu Tianfeng left.

“Father? Clan?” Xu Peng’s mouth evoked a wicked smile, “When I get the Primordial Talisman, I can join the Primordial Temple in the future, who cares about you...”

Of course, Xu Peng kept these thoughts deep in his heart and did not dare to show them at all.

“Start practicing!” Xu Peng started refining the Seagod Primordial Liquid directly, his face full of confidence, “The strength surpasses Xu Ming, why should it take a hundred years? Thirty years is too much!”

Xu Peng refining frantically for three days and three nights, suddenly, his eyes widened in doubt: “In three days, I also refined a lot of Sea God Essence! How does it feel... My cultivation has not improved in the slightest. ?”
