

A World 1641

Chapter 1641: You Are Not Qualified To Make Me Pay Attention

“Their lives... up to me!”

As soon as Xu Ming said these words, the faces of the great powers of all parties changed suddenly!

You must know that those who dare to board the stage of no regrets are all geniuses from various forces; because those who are slightly weaker do not dare to board the stage of no regrets!

And now... if Xu Ming started killing people, he would be killing all geniuses!

It definitely offends the forces of all parties to death!

“Xu Ming! Stop it!”

“Xu Ming, don’t seek death!”

All the great powers are angry.

And Xu Ming, why would he care about these threats? – As long as these geniuses are beheaded, Xu Ming will have the strength that is invincible under the domain master; then, how can he be afraid of these forces?

Therefore, for threats from various forces, Xu Ming just said one word – kill!

boom! boom! boom! boom! ...

Xu Ming’s spear swept invincible!

Under the attack of the powerful ninth-order Nirvana Realm, the weaker geniuses can be killed with one shot! Even if it is relatively strong, it only needs a few shots!

And the attacks of the dozens of powerhouses fell on Xu Ming, all of which were like hitting a stone with an egg, and could not cause any damage to Xu Ming at all.

“Too strong!” The Lone Gunner stared blankly, “Is this the strength of Brother Ming?”

The Lone Gunner was horrified to discover that Xu Ming’s strength was refreshing his cognition again and again! Whenever he thought that he knew enough about Xu Ming, Xu Ming would shock him with stronger strength!

“Could it be... Brother Ming has never shown his true strength?” The Lone Gunner couldn’t help but think, “So now, is it Brother Ming’s true strength?”

Yun Tian also felt that she could not see through Xu Ming. It was as if Xu Ming was surrounded by a layer of mist.

And the powers of all parties are gnashing their teeth one by one.

Every time Xu Ming killed a genius, one of the forces felt distressed to the point of bleeding! Because... what they lost was not only the genius, but also the treasure of the genius’s top-grade Chaos Origin Crystal worth tens of millions!

boom! !

When Xu Ming’s last shot killed the last genius; this battle with a huge disparity in numbers finally came to an end!

Xu Ming slaughtered dozens of powerhouses with an absolutely crushing attitude! At the same time, they have also harvested hundreds of millions of top-grade Chaos Origin Crystals, as well as other treasures worth hundreds of millions!

Without hesitation, Xu Ming directly exchanged all the top-grade Chaos Origin Crystals for level 20 hanging points!

“Who else dares to come to power for a fight?” Xu Ming provocatively swept all the forces.

As far as the eyes can see, the forces of all parties are extremely angry. However, Xu Ming has already used killings to prove that he has the invincible strength on the first stage of the battle platform; who else dares to continue to challenge Xu Ming on stage?

Even... let alone the first-level battle stage, even if it is the second-level battle stage that the sixth-order Nirvana realm cultivation base can participate in, there may not be anyone who can be Xu Ming's opponent!

In the eyes of various forces, Xu Ming's strength is suspected to be the ninth rank of Nirvana Realm! Xu Ming's realm is suspected to be “The Peak of Illusory Self Realm”!

“If there is no one, I can leave!” Xu Ming sneered.

The whole place was silent.

When Xu Ming just flew upside down to the stage of no regrets, all the forces treated Xu Ming as a fat sheep, thinking that Xu Ming was here to send the immortal sword. And now, all the forces have regarded Xu Ming as a wolf, and they themselves are the fat sheep!

“No Regrets Battle Stage, but Er'er!” Xu Ming shook his head and was about to step down from the No Regret Battle Stage.

at this time...

“I challenge you!”

A cold voice sounded at the gate of the Wuhui Battle Platform.

“Um?”

The forces of all parties could not help but look at the past curiously – the strength that Xu Ming showed was already so terrifying; there are still people who dare to challenge Xu Ming?

Is this finding death?

I saw a Tsing Yi figure walking in without haste at the gate of the No Regret Battle Stage. Beside the figure in Tsing Yi, Huang Yu was also following.

Xu Ming glanced at Huang Yu, but his eyes fell on the figure in Tsing Yi – it was him who challenged him.

“This is...?” Xu Ming’s eyes narrowed slightly, and he couldn’t see through each other.

The figure of Tsing Yi took a step and went to the battle stage; he looked at Xu Ming with great interest: “You won’t die if you take an arrow from me! You... not bad!”

“Huh?” Xu Ming was stunned for a moment, then thought of this person’s identity, “You are Yu Xu!?”

Sure enough, the continuous exclamations below the battle platform confirmed Xu Ming’s conjecture.

“Yu Xu!”

“Yu Xu’s strength is almost invincible to Nirvana, how could he be able to board the first-level battle platform?”

“What!? Could it be... Yu Xu’s cultivation has not reached the fourth level of Nirvana!?”

“Definitely didn’t reach the fourth level of Nirvana! If it was the fourth level of Nirvana, it would be impossible to board the first-level battle platform!”

“How is that possible!—Yu Xu has not reached the fourth rank of Nirvana Realm, yet his strength is so tyrannical! Could it be that... his accomplishments in the Realm of Self are already extremely profound!”

“It must be so!”

“Yu Xu’s talent is too terrifying! The low-level cultivation of Nirvana Realm not only comprehends the ‘real self’, but also has deep attainments...”

...

“Xu Ming!” Yu Xu said lightly, “Hand over the immortal sword! – You only have one chance!”

At this time, the isolation formation was already open around the First Layer Battle Platform.

Xu Ming and Yu Xu were both trapped on the battlefield.

“Yu Xu!” Xu Ming also looked at the other party with interest, “Your cultivation is still only at the low level of Nirvana, which is really beyond my expectations! But... If you want the immortal sword in my hand, you are still worse. A little!”

what! ?

Around the battlefield, everyone was shocked!

“Xu Ming actually dares to provoke Yu Xu?”

“Did he forget that just now, Yuxu was separated by ten thousand worlds, and he shot through the number of inverted formations, and he was seriously injured with one arrow?”

“Is Xu Ming crazy?”

“People die for wealth and birds die for food! It seems that Xu Ming is destined to die because of the Immortal Sword today!”

...

“Huh?” Yu Xu’s face sank Unfortunately, you lost this only chance! ”

This time, Yu Xu did not take out the bow and arrow, but took out a cyan long sword.

Yuxu's accomplishments in bows and arrows and swords are similar; he uses long swords for close combat, and bows and arrows for distant attacks! Now is the ring battle, he naturally used the long sword.

“Being able to die under my sword is my attention to you and your honor!” Yu Xu said lightly.

At this time, Yu Xu was holding a long sword, the wind was light and the clouds were light, and the force was full. However, none of the great powers around the battlefield felt inappropriate – after all, Yu Xu's strength is indeed qualified to say such things!

“Your attention? My honor?” Xu Ming smiled.

Immediately, under countless puzzled eyes, Xu Ming put away his spear. He looked at Yu Xu contemptuously: “I'm sorry, you are not qualified to make me pay attention!”

Chapter 1642: Too Scheming?

“Sorry, you are not qualified to make me pay attention!”

Xu Ming's words made the audience fall into confusion again.

Who is Yuxu?

He has realized the existence of “real self”! At the Nirvana level, there are almost no rivals!

And Xu Ming, actually told Yu Xu that you are not qualified to make me pay attention!

“crazy!”

No one has classified Xu Ming as “arrogant”; instead, they directly thought that Xu Ming was crazy!

“Xu Ming must have known that he would die, so he deliberately used words to provoke Yuxu!”

“Knowing that you will die? No! Yu Xu gave Xu Ming a chance to live! Therefore, Xu Ming must be crazy!”

“It doesn’t matter if he’s crazy, anyway... Xu Ming is sure to die!”

...

On the platform of no regrets.

The corner of Yu Xu’s mouth trembled slightly, obviously angry; however, he still maintained a calm attitude, just said lightly: “It’s just ants!”

Ants?

Xu Ming sneered in his heart.

Before being hit by Yu Xu’s arrow on the stage of no regrets, Xu Ming was indeed an ant!

Even if Xu Ming killed Gu Qing and obtained a lot of high-grade chaotic source crystals, he temporarily modified the “attack”; but at that time, compared with Yuxu, it was still the strength of the ants Yuxu, but far beyond ordinary Nirvana. The ninth order!

but now...

Xu Ming slaughtered the Quartet and got hundreds of millions of level 20 hanging points. Although compared with the time when Yu Xu shot that arrow, only a very short time has passed; however, in such a short time, Xu Ming has no longer It’s ants!

It’s an existence that even Yuxu can’t compete with!

“Xiaohang, temporarily modify my cultivation to the ninth rank of Nirvana Realm!” Xu Ming said in his heart.

Yes, directly modify the cultivation base!

The “attribute modification” link can modify all attributes such as cultivation base, combat power, attack, defense, etc. However, modifying “cultivation base” is undoubtedly much more expensive than modifying “combat power”!

Because... if the combat power is modified, Xu Ming’s strength cannot be superimposed with the “Leaping Invincible” or “Eternal Power”, and only the highest combat power value is taken. However, after modifying the cultivation base, it can be superimposed with other plug-in functions!

That is to say, after Xu Ming temporarily modifies his “cultivation level” to the ninth rank of Nirvana, his combat power will far exceed the ninth rank of Nirvana!

Even, directly beyond the scope of Nirvana, reaching the domain master level!

And Yuxu’s strength, although it is called “invincible at the Nirvana level”, although it is called “close to the domain master level”; but... it is only close to the domain master level! He has not really reached the domain master level like Xu Ming did!

Therefore, after temporarily modifying the cultivation base, Xu Ming has already felt his own strength! And in his eyes, Yu Xu is really not worthy of his attention. This is the truth!

It’s a pity... Xu Ming said a big truth, but no one believed it.

...

“Ants?”

Xu Ming slapped Yuxu directly.

“It’s ridiculous!” Yu Xu sneered, and then he used his sword to end this ridiculous battle.

It’s just that Yu Xu’s gorgeous sword light just lit up, and it shattered directly in the void, as if it was under some enormous oppression!

“Huh?” Yu Xu was taken aback, and then, he felt that the source of this incomparably huge oppression was the slap from Xu Ming!

Under Xu Ming’s slap, time and space were almost frozen! Any attack that appears in this space-time controlled by Xu Ming will instantly shatter!

“What!?” Yu Xu was shocked that he finally felt Xu Ming’s terrifying strength, but it was too late!

Snapped!

Xu Ming’s slap slapped Yu Xu’s face heavily, sending him flying directly.

Yuxu’s divine body collided with the isolation formation on the edge of the battlefield, and just slipped down.

And this slap seemed to be slapped on the faces of all the onlookers. All the great powers were all stunned.

“what!?”

“This...”

“This is impossible!”

“How could Xu Ming’s strength be so strong!?”

The most ignorant one is undoubtedly Yuxu. He stared at Xu Ming in a daze, as if the words “doubt life” were written in his eyes.

Yu Xu covered his blushing face: “Xu Ming, your strength is so strong, why did you get shot by me with an arrow and get injured?”

yes!

This question of Yuxu is also a question shared by all great powers. Since Xu Ming's strength is so strong, when he was attacked by Yuxu, he should not be shot by an arrow, but should go out of the city and take Yuxu out of the city. Violently beat up!

What exactly is this for? !

Just when the great powers were stunned, Yu Xu suddenly roared like crazy: "I know! I know! You deliberately led me to the stage of no regrets!"

"Huh?" Hearing Yu Xu's words, Zhong Da Neng seemed to think of something.

"Xu Ming! You must have known for a long time that my cultivation base is the low level of Nirvana Realm! Moreover, you also know that after entering the Tower of Immortality, the lower the cultivation base and the stronger the strength, the more dominant you will be! You see, I only have The low-level cultivation of Nirvana has already realized the 'real self', so he regards me as a competitor; therefore, he wants to get rid of me before entering the tower of immortality!"

The rules of the Immortal Tower, as Yu Xu said, the lower the cultivation base and the stronger the strength, the more dominant it is!

Like Yuxu, the cultivation base is only at the low level of Nirvana Realm, but the strength is almost invincible to Nirvana Realm; once you enter the Tower of Immortality, if there is no Xu Ming, other Nirvana Realm can't compete with him at all!

And Yuxu has been deliberately hiding and suppressing his cultivation, just because... he is worried that other forces will try to get rid of him after knowing his true cultivation!

This time, in order to get the Immortal Sword, Yu Xu did not hesitate to expose his cultivation base; but as a result, just after exposing his cultivation base, he was slapped away by Xu Ming...

"Yes! It must be like this!" The more Yu Xu thought about it, the more reasonable it became. "Xu Ming! You must be worried that you won't be able to kill me elsewhere; that's why you deliberately brought me to the stage of no regrets!"

Yu Xu's voice became more and more excited: "Xu Ming, you have such a deep scheming!"

Such a deep heart...

Xu Ming was speechless! He just wanted to say big brother Your imagination is so rich!

Before that, Xu Ming didn't know the rules in the Tower of Immortality, nor did he know the character Yuxu...

However, since the other party misunderstood, Xu Ming was too lazy to explain anything. After all, there is no explanation for such a thing about his rapid increase in strength; in this case, it is better to let others misunderstand that he is "too deep"!

Besides... with a dying man, what's the explanation?

"Xu Ming!" Yu Xu shouted, "It's all from the future, from the next era of chaos... I know I'm wrong, I messed up someone I can't mess with! Just let me go!"

Yu Xu repeatedly asked.

However, when Yu Xu said these words, strange distortions occurred in the surrounding time and space. The powers of this chaotic era, no one can hear what Yu Xu is saying; only the strong people of the "Future Alliance" can hear that this is not Yu Xu's means, but the rules are in the dark. Covering up some information to prevent people in this chaotic era from knowing what will happen in the future!

Chapter 1643: 1 Beat Is Honest

"Let go of you?"

The corner of Xu Ming's mouth raised a cruel arc: "When you shot that arrow at me, did you ever think about 'let me go'?"

Whoever wants to kill me, I will kill him!

Xu Ming didn't hesitate, the spear had already penetrated Yuxu's divine body and harvested his life.

“Who else dares to fight me?”

On the first stage battle platform, Xu Ming proudly stood at the center of the battle platform.

But this time, no one dared to fight again; even, there was silence around the battlefield.

“What? No one wants the immortal sword on me?” Xu Ming asked again.

At this time, Xu Ming’s cultivation was also temporarily revised to the “Ninth Nirvana Realm”.

It stands to reason that the cultivation of the ninth-order Nirvana realm cannot appear on the first stage of the battle stage. However, because Xu Ming’s own cultivation is still in the prehistoric realm, and the ninth level of the Nirvana realm is only a “false cultivation realm”, so Xu Ming can appear here.

The whole place was still silent.

“Ha!” Xu Ming sneered disdainfully and strode off the stage.

This time, Xu Ming had earned enough level 20 hanging points on the No Regrets stage; when he stepped off the stage, he was naturally satisfied.

When walking out of the gate of the No Regret Battle Stage, Xu Ming couldn’t help sighing – when he entered the No Regret Battle Stage, he was seriously injured by Yu Xu’s arrow and flew into the No Regret Battle Stage. When he walked out of the platform of no regrets, Yu Xu was already the soul of his own gun.

At the same time, speculations about Xu Ming’s cultivation and realm were also spreading in full swing in the City of Death.

“Yu Xu’s strength is beyond doubt! Xu Ming killed Yu Xu with ease. It can be seen that... Xu Ming’s strength is definitely above Yu Xu!”

“Xu Ming’s cultivation will not exceed the third level of Nirvana Realm; otherwise, he will not be able to appear on the first stage of the battle stage! So... he cannot rely on his cultivation to crush Yuxu!”

“It doesn’t depend on cultivation, it can only depend on realm – Yuxu’s realm has reached the ‘real self’; now it seems that Xu Ming has not only reached the ‘real self’, but also has more attainments than Xu Ming is much taller!”

“It must be so!”

In fact, Xu Ming has not yet embarked on the road to the “real self”! However, in the eyes of others, only Xu Ming’s realm is extremely high to explain the battle just now.

“In any case, Xu Ming has proved it with his strength – he is qualified to have the Immortal Sword!”

“Not bad! With Xu Ming’s current strength, as long as the domain master does not leave, almost no one can suppress him! Naturally, he can’t **** his immortal sword!”

“It is impossible for the domain owner to take action!”

...

Xu Ming was completely unaware of these discussions about himself in the city. He brought Lone Gunner and Yun Tian to the Real Self Auction again.

Although Xu Ming has already obtained hundreds of millions of level 20 points, but... who would think that there are too many points?

This time, in addition to selling the places to enter the Immortal Tower, Xu Ming will also sell a lot of treasures he harvested on the No Regrets Battle Stage – after all, those treasures cannot be directly exchanged for hanging points, or they should be replaced with high-quality sources of chaos. Crystal is the most real!

a month later.

The great powers from the Gu Clan, the Kong Clan, the Future Alliance and other forces appeared in the Real Self Auction.

There is no way... All parties have already known that it is almost impossible to **** the Immortal Sword from Xu Ming! That being the case, in order to enter the Immortal Tower, they had to honestly attend the auction.

Xu Ming sat in the VIP seat and looked at the power of the various forces indifferently. He still clearly remembered that when the “slots” were auctioned last time, all kinds of forces ridiculed him; in the end, no one participated in the auction, which directly led to the genre.

And this time, the atmosphere in the auction hall was much more “good”! No one dared to speak rudely to Xu Ming anymore.

“What to say... These forces are really cheap!” Xu Ming said with Erlang’s legs crossed, drinking wine leisurely, while talking to the lonely gunner and Yun Tian next to him, “The last time I auctioned the ‘slot’, They just won’t cooperate well! Only if I beat him up will he be honest!”

disobedient?

Just be honest!

“Cough, cough!” The lone gunner didn’t know how to answer the question – you know, if you want to slap all the forces in the face; in the entire Destiny Holy Realm, few people can do it!

All I can say is... Brother Ming is Brother Ming!

Auction starts!

The bidding voices in the auction hall are one after another!

All forces understand that the eleven places Xu Ming sold is the last chance to enter the Tower of Immortality! In order to obtain the great opportunity in the Tower of Immortality, it is natural for all forces to compete fiercely!

“Thirty-three million!”

“Forty million!”

“Fifty million!”

...

In the end, the eleven places were all divided up by various forces, and the sky-high price of more than 400 million high-grade Chaos Origin Crystals was sold!

In addition to selling other treasures harvested on the No Regrets Battle Stage, all of them were finally exchanged for hanging points; Xu Ming’s level 20 hanging points were nearly one billion!

“The main purpose of my stay in this chaotic era is to earn points! Now, I’ve earned enough points!” Xu Ming secretly said, “Just enter the Tower of Immortality and see the Supreme Phoenix; then I’m here In this chaotic era, there will be nothing else!”

If there are other things, there is one more – that is to settle the Lone Gunner and Yun Tian!

The two of them are also loyal to Xu Ming! Before Xu Ming left this chaotic era, he must have settled down for the two of them!

Back to the residence.

In the name of “Senior Palm God”, Xu Ming summoned the two of them into the Heavenly Heart Realm.

Because the hanging points are sufficient and rich, Xu Ming also has a rare luxury, and directly uses the “Zhi Dao Guidance System” to guide the two of them from the current cultivation base to the peak of Nirvana Realm’s cultivation path completely and completely once!

With this guidance, although the cultivation of the two will not soar to the peak of Nirvana immediately. However, in the future, if you practice cultivation, you will be like a fish in water; it

should not be difficult to cultivate to the peak of Nirvana, or even to understand the “true self mood”.

“When you leave the City of Death, let’s go to the treasure left by Pantianyu!” Xu Ming estimated that the treasure should also be a secret room, which could help the lone gunman escape the collapse of this chaotic era. When the time comes, leave the Lone Gunner and Yun Tian in their secret rooms! And I, alone, go to the tower of immortality!”

Xu Ming has already made plans.

only...

Is the battle for the Immortal Sword really over?

At this time in the Taikoo Temple, a mighty building. More than ten nirvana realms have gathered here.

If anyone recognizes these great powers of Nirvana, they will find that each of them has stepped into the “real self”! In terms of strength, I am afraid it will not be weaker than Yu.

“Xu Ming’s strength makes my heart palpitate!” A powerful man with a divine body like lava said in a low voice.

“Yeah! If he is only strong, that’s fine; we are not afraid to compete with him when we reach the Tower of Immortality! However, not only is he strong, but the key point is... that his cultivation is not high! You know, enter After the Tower of Immortality, the lower the cultivation base, the more dominant it is! If Xu Ming goes in, what is the big chance in the Tower of Immortality, what does it matter to us?”

“No matter what, we must stop Xu Ming from entering the Tower of Immortality!”

“Not bad! Even if the Domain Lord Realm exists, due to the suppression of the rules, it is impossible to participate in the battle for the Immortal Sword; but, with the cooperation of our various forces, can’t we still manage a Xu Ming?”

Just one update today, thank you. Will work hard tomorrow.

(End of this chapter)

Chapter 1644: Die Outside The City

Jumping to death outside the city, quietly gathered the great powers of all parties.

Each of these more than ten great masters is an existence who has stepped into the “real self”! There are several great masters whose accomplishments in the “real self” are even enough for them to break through to the domain master realm; however, they all deliberately suppressed their cultivation and stayed in the nirvana realm.

More than a dozen powerful people, scattered in all directions outside the City of Death, transmitted each other’s voices.

“Xu Ming can easily defeat Yu Xu, and his realm may have reached the second or even third level of the ‘real self’!”

The third layer of “Real Self Realm” means that the realm is enough to break through to the domain master!

However, these great masters would not have thought that Xu Ming’s realm has not reached the “real self” at all, and it is still far from the “imaginary realm”!

“Oh! Even if it is the third level of the ‘real self’, so what?” An old man with red beard said with a disdainful smile, “Xu Ming’s cultivation will never exceed the third level of Nirvana! Even if it reaches the third level Layer, the strength is similar to that of the second layer like me!”

The cultivation base reaches the ninth level of Nirvana, and the realm reaches the second level of the real self; in terms of strength, it is indeed not weaker than “the third level of Nirvana and the third level of the real self.”

“Not bad! What’s more, this time, we still have Yin Nan in charge!”

Yin Nan, the entire destiny holy world, can be called “the first person under the domain master”!

The title of “the first person under the domain master” is not just called casually, but it is indeed powerful! Because... Yin Nan is the only one in the entire Destiny Sacred Realm, whose cultivation realm has reached the “Ninth Stage of Nirvana Realm” and the realm has reached the “third stage of the Real Self Realm”!

The cultivation base and the realm are already the top under the domain master! Almost impossible to get in!

“Not bad! With Yin Nan in charge, Xu Ming can’t make any waves!”

“Xu Ming blocks all directions. As long as Xu Ming leaves the city, he will be surrounded and attacked! If he knows the situation and takes the initiative to hand over the immortal sword, he may not be able to spare his life; after all, killing a strong man like Xu Ming is not easy. , but also to pay a small price! If he is ignorant... then don’t blame our men for being merciless!”

The great powers from various forces are all in a posture of winning.

After all, more than a dozen of them joined forces, not to mention dealing with a Nirvana Realm; even dealing with weaker domain masters is more than enough!

It’s just... Yin Nan and other great masters don’t know that Xu Ming’s strength is no less than that of ordinary domain masters; even, he is even better! A dozen of their top Nirvana Realm powers besieged Xu Ming, just like a dozen little sheep besieging a tiger.

...

It’s no secret that the masses can surround the City of Death.

Soon, this message spread in the City of Death.

“Brother Ming! Brother Ming!” The Lone Gunner ran in front of Xu Ming with a look of horror, “The City of Death is surrounded by more than a dozen top Nirvana existences! They are all coming for the immortal sword in your hand. !”

Xu Ming's eyes lit up: "Oh? The top? How top?"

"I'm afraid everyone is no weaker than Yuxu's strength!" The Lone Gunner said sternly, "Brother Ming, what should we do now? Otherwise, we will practice some more eras in the City of Death, and we won't go out for the time being and take a step. Let's take a look..."

The Lone Gunner was talking when he saw Xu Ming walking straight out.

"Brother Ming, Brother Ming!" The Lone Gunner shouted, "Where are you going?"

"Get out of the city!" Xu Ming said with bright eyes.

More than a dozen top Nirvana experts! Each one is not weaker than Yuxu's strength! How many points are there!

Although Xu Ming already has a lot of hanging points, will he think there are too many hanging points?

of course not!

Seeing so many level 20 hanging points beckoning to him, Xu Ming was so excited that his liver was thumping, and he was eager to go outside the city to fight!

"Out of the city!?" The Lone Gunner's eyes widened, his face bewildered, he couldn't believe his ears, "Brother Ming, don't be impulsive!"

"You and Yun Tian, wait for me in the city!" Xu Ming left a sentence and went straight out of the city.

And at the speed of a lone gunman, how could he catch up with Xu Ming's figure? He could only watch Xu Ming go away.

...

Really in my tea house.

The two great powers of the fifth rank of Nirvana were sitting opposite each other by a window, drinking tea and tea.

“Yin Nan actually came out of the City of Death! More than a dozen great experts joined forces to besiege the city. I’m afraid... Xu Ming dare not leave the City of Death!”

“Yeah! I feel that Yin Nan and the others might as well come secretly! In that case, they might not be discovered by Xu Ming; how could Xu Ming dare to leave the city with such a big fanfare?”

“Do you think Xu Ming is stupid? Xu Ming will definitely observe carefully before leaving the city! Once he finds that the situation outside the city is not right, he will definitely not dare to leave the city! Anyway, it is impossible to hide from Xu Ming, so it is better to make it bigger!”

“Yes! Then how long do you think Xu Ming will be out of the city?”

“Within this ten thousand epochs, it is impossible to leave the city! The specific situation, it is estimated that it depends on the results of the negotiations between Xu Ming and Yin Nan!”

The two Nirvana Realm fifth-order greats were talking, and suddenly, in the sky above the teahouse, a figure quickly passed by!

“That’s...” These two Nirvana Realm fifth-order greats couldn’t help but be stunned when they saw this figure.

“Xu Ming? Where is Xu Ming going in such a hurry?”

“Looking at Xu Ming’s direction, it seems to be leaving the city?”

“Out of town? How is that possible! Is Xu Ming courting death?”

“And... Xu Ming is flying in the direction of Yin Nan, right?”

Under the unbelievable gazes of the two great masters, Xu Ming flew out of the City of Death!

This time, the two great powers were completely stunned. They just said that Xu Ming would not dare to leave the city within 10,000 Era!

...

It was naturally impossible for only two people to discover that Xu Ming had left the city.

In the whole city of dancing to the death, many great masters have seen it! And it was passed ten or ten times; not long after Xu Ming flew out of the City of Death, almost the entire City of Death already knew that Xu Ming had left the city!

call out! call out! call out! call out! ...

Thousands of great powers flew to the edge of the city of death, wanting to see what Xu Ming was going to do when he left the city.

...

Yin Nan and other more than a dozen “realm of self” great experts were a little confused when they saw Xu Ming flying out of the city.

Originally, they had prepared various methods to lure Xu Ming out of the city; they had even prepared for a protracted battle, planning to stay outside the city for tens of thousands of epochs to try first.

Unexpectedly, their front heels had just reached the outside of the city, when Xu Ming’s back heels came out.

Moreover, looking at Xu Ming’s expression, he could not find the slightest fear, and even... Yin Nan felt that Xu Ming looked more excited than their dozen or so top Nirvana existences!

“What the **** is this?” Yin Nan was a little confused.

However, Xu Ming took the initiative to come out, which was exactly what he wanted.

“Xu Ming!” Yin Nan shouted, “Did you know that you couldn’t keep the Immortal Sword, so you took the initiative to surrender? Since you are so knowledgeable, I, Yin Nan, can make the decision and save your life!”

Chapter 1645: Command

“Leave me alive?” Xu Ming smiled.

He killed Yin Nan’s figure without stopping.

“I didn’t come to surrender, I came...” Xu Ming grinned, “The robber!”

boom!

As soon as Xu Ming finished speaking, his aura exploded!

“Attribute modification” hang, open! Directly modified the “cultivation level” to “nirvana realm ninth order” temporarily!

Although Xu Ming did not comprehend any “imaginary realm”, but with the ninth-order Nirvana realm’s cultivation base and the help of various plug-ins such as “leapfrog invincible”, his combat power has soared directly to the domain master realm; in terms of strength, it is definitely not Yin. South can match!

“What!?” Yin Nan was shocked.

He thought that no matter how strong Xu Ming was, he couldn’t be stronger than him! But now, as soon as Xu Ming’s momentum came out, he had a strong sense of crisis, even stronger than him!

“Xu Ming’s strength is probably not weaker than mine!” Yin Nan’s pupils shrank, “Obviously there is only a low-level Nirvana realm cultivation, why is there such a terrifying aura?”

The only explanation is...

“I’m afraid the ‘real self’ realized by Xu Ming is very powerful!” Yin Nan thought to himself.

The same is the “real self”, but also has advantages and disadvantages!

For example, the “true self” realized by some people is an ant; the “true self” realized by some people is a giant dragon – it is self-evident which one is stronger or weaker!

From Yin Nan’s point of view, Xu Ming could use his low-level cultivation in the Nirvana Realm to burst out with an aura that was even more terrifying than him; there was only one possibility—Xu Ming’s “true self” was too powerful!

Much more powerful than his Yin Nan’s real me!

“But...” Yin Nan sneered in his heart, “If I came alone, I might not be able to keep Xu Ming! But now...”

boom! boom! boom! boom! ...

The great powers from all directions exploded violently, killing them in the direction where Xu Ming was.

Xu Ming was unmoved and directly attacked Yin Nan.

“Millions of guns!!”

This gun, as if crushing the world, has infinite power.

“This spear intent is perfectly round and flawless, but it’s a pity... the mystery contained in it is just average!” Yin Nan sneered, the giant sword in his hand directly slashed through all realms, and faced Xu Ming’s “Wan Dao spear intent” head on. .

boom!

Under the collision, it was Xu Ming's "Ten Thousand Spear Intentions" that dissipated first, obviously at a disadvantage.

"Hahahaha..." Yin Nan couldn't stop laughing, "The power is terrifying, and the strength is no more than me!"

But err?

Xu Ming glanced at Yin Nan, and then glanced at the more than ten top Nirvana realm powers who were surrounding him. A playful look flashed in his eyes – if he didn't show the enemy and weakened, how could he attract those powerhouses too?

boom-

In the blink of an eye, Xu Ming was already approaching Yin Nan.

"Xu Ming! You are too arrogant!" Yin Nan laughed loudly, "If you break through from other directions, we really won't be able to keep you! But... if you take the initiative to kill me, then you won't be able to leave.!"

Yin Nan was extremely confident.

"Go?" Xu Ming sneered, and then his body shook.

"Unlimited Avatar" hang, open!

Swish! Swish! Swish! Swish! ...

Ten clones instantly appeared around Yin Nan and besieged Yin Nan together. The strength of each clone has reached the peak of Nirvana!

"Huh?" Yin Nan's expression changed slightly.

However, although these ordinary clones of Nirvana's peak strength are a threat to Yin Nan, the threat is very limited! Therefore, Yin Nan didn't care too much!

"Small tricks of carving insects!" Yin Nan said with disdain, but in fact, he was very curious and envious of Xu Ming's "cloning technique"; The technique got it.

"Really?" Xu Ming sneered.

At this time, other great powers were also killed one after another.

While Xu Ming fought fiercely, the clones were quietly splitting apart—ten clones became twenty; twenty became forty, and forty became eighty...

When more than ten top Nirvana realm powers were all killed, the number of Xu Ming's clones had already exceeded one hundred! And this...Xu Ming deliberately slowed down the speed of splitting because he was afraid to scare off his opponent! Otherwise, Xu Ming will control the clones and attack with all his strength, and the number of clones will never stop!

The last few great masters, although they felt that the situation was a bit wrong, seemed to be very different from what they expected; but they did not think about it for a while. What's more, the battle has already begun, they can't be deserters, right?

Therefore, the last few great powers also joined the battle.

"It's all here! It's time to close the net!" Xu Ming sneered, and hundreds of clones began to split at full speed!

Swish! Swish! Swish! Swish! ...

With almost inexhaustible hanging points for support, the "infinite avatar" splits up, naturally it is getting faster and faster!

The number of Xu Ming's clones has skyrocketed!

One hundred, two hundred, five hundred, one thousand...

Soon, the field became thousands of “Xu Ming’s clones”, besieging more than a dozen top Nirvana realm powers.

“The situation is not right!” At this time, Yin Nan and the dozen other great experts finally realized that something was wrong! However, it’s too late!

Thousands of clones, what is this concept?

You must know that each of Xu Ming’s clones is comparable to the peak of Nirvana Realm! In other words... Yin Nan and the others, each of them must face the siege of hundreds of Nirvana realm peaks at the same time!

The strength of Yin Nan and others is strong, but they are still at the same level as the peak of Nirvana! How can it be possible to defeat a hundred with one?

But... when they found out that the situation was not right, they were already surrounded by Xu Ming, and it was impossible to even escape!

“Xu Ming! Stop!” Yin Nan shouted, “We admit that you are qualified to own the Immortal Sword!”

“Am I qualified to own the Immortal Sword?” Xu Ming sneered, “Why do I need your recognition!?”

“Then what do you think? Don’t you dare to kill them all?” Yin Nan threatened.

You must know that behind Yin Nan and other more than ten great experts, many of them have the background of domain masters or even realm masters! If Xu Ming tried to kill him, he would really cause a lot of trouble.

“To kill them all? I’m not interested!” Xu Ming sneered, “But... I’m very interested in the treasures on your body!”

After speaking, Xu Ming showed no mercy! Thousands of clones moved in unison, directly killing Yin Nan and other more than a dozen top Nirvana realm powers.

In the city, the great powers onlookers were completely dumbfounded. They never imagined that this would be the result – Xu Ming directly overwhelmed more than a dozen top Nirvana realm powers without saying a word! With such strength, I am afraid that even many domain masters can't do it!

“Are you honestly handing over the treasures, or am I going to do it myself?” Xu Ming was here to rob him. Now that he has disabled more than a dozen great experts, he naturally has to enter the “official” robbery stage.

“Xu Ming! Let us go!” However, at this time, Yin Nan said in a commanding tone; a talisman appeared in his hand.

Obviously, it was this talisman that gave Yin Nan confidence.

(End of this chapter)

Chapter 1646: As I Come

This talisman was as dark as a human pupil; but inside it, there seemed to be flames dancing. Indistinctly, a word can be seen in the flames: Earth!

“Um?”

Seeing this Token, Xu Ming's pupils shrank suddenly. Because... Xu Ming has a similar Token on his body, the mysterious Token that was auctioned off in the ancient relics.

However, the word in Xu Ming's Token is “Heaven”.

“What? Are you afraid?” Yin Nan naturally didn't know that Xu Ming also had a similar talisman on his body; he thought that Xu Ming was shocked by the talisman in his hand, “Humph! The talisman represents the power of the Supreme Phoenix and the Taikoo Temple! – I have the ‘Earth Command Talisman’ in hand. If you dare to kill us, you will be provoking the Taikoo Temple; at that time, even if you hide in the city of death, you will be killed by the phoenix The Supreme's direct law enforcement hall will capture and deal with it!”

The entire Destiny Sacred Realm, the entire Chaos Era, is the absolute territory of Huang Zhizun! Huang Zhizun's directly under the law enforcement hall, naturally has a very high power, and can even ignore the rules of the city of death.

"Earth talisman?" Xu Ming looked at the talisman in Yin Nan's hand with interest, and said, "I also have a similar talisman!"

"You too?" Yin Nan was startled, and his face changed suddenly.

The authority of the Earth Token is also limited to protecting yourself and the people around you! In the place of the Earth Command, you and the people you want to protect will be listed as "unkillable" by the law enforcement hall; if anyone dares to kill, the law enforcement hall directly under Huang Zhizun will be dispatched.

But there are exceptions to everything – if Xu Ming also has a ground talisman, then Xu Ming's authority is the same as Yin Nan; in this case, the battle between the two sides will naturally be ignored by the Law Enforcement Hall.

"Impossible!" Yin Nan continued, "Xu Ming, you can't have an earth talisman!"

How rare are the Heaven and Earth Tokens?

Like the Earth Command Talisman in Yin Nan's hands, even if it exists in the general domain master realm, it will not be possessed!

"I really don't have an earth talisman..." Xu Ming smiled lightly and took out his mysterious talisman, "My piece should be... a heavenly talisman, right?"

Xu Ming's talisman and Yin Nan's talisman are very similar in appearance and aura; however, Xu Ming's talisman has the word in the middle: Heaven!

Xu Ming naturally thought that the talisman in his hand should be the "Heaven Token". Although he didn't know how powerful the Heavenly Command Talisman was, but even thinking about it with his toes, he knew that since it was a "Heavenly Command Talisman", it must be slightly more powerful than the "Earth Command Talisman", right?

“Tian Lingfu? Impossible!” Yin Nan said without hesitation.

However, when Yin Nan saw the talisman that Xu Ming took out, his face suddenly changed:
“This...this...”

Yin Nan looked at the talisman in Xu Ming’s hand as if he had seen a ghost.

The word “天” in the talisman made Yin Nan feel infinitely frightened: “It’s really... a talisman of heaven!?”

Yin Nan couldn’t believe it, but he had to believe it!

After all, it is impossible for anyone to dare to forge the breath of the heavenly talisman; moreover, even if it is forged, it is impossible to forge it! In other words... the Heavenly Command Talisman in Xu Ming’s hands is undoubtedly true!

Heaven’s talisman, earth’s talisman; one sky, one earth! It’s really “different by the sky”!

Xu Ming did not know the authority of the “Heavenly Command Talisman”, but Yin Nan knew it perfectly!

The Heavenly Command Talisman, in the holy world of destiny, represents four words: as I come in person!

The “Zhen” in the Destiny Sacred Realm is naturally... Huang Zhizun! That is to say...holding the Heavenly Order Talisman almost has the authority of the Supreme Phoenix!

The ground talisman can be used to save lives, and can be listed as “unkillable” by the directly affiliated law enforcement hall! And the Heavenly Command Talisman... it can directly mobilize the power of the Law Enforcement Hall!

With the Heavenly Command Talisman in hand, even if it is the existence of the Domain Master Realm, or even the Realm Master Realm, you have to bow your head!

Moreover, as far as Yin Nan knew, the “Heavenly Order Talisman” issued by Huang Zhizun would never exceed three pieces!

Thinking of this, Yin Nan couldn’t help but panic – he couldn’t imagine what Xu Ming’s identity was!

“I...I dared to hit Xu Ming’s idea...” Yin Nan would vomit blood just thinking about it – fortunately, he was crushed by Xu Ming and did not hurt Xu Ming. Otherwise, if he hurts Xu Ming, I am afraid that Xu Ming does not need to speak, and the law enforcement hall directly under the law will find him!

In front of the “Heavenly Command Talisman”, Yin Nan’s “Earth Command Talisman” is simply not worth mentioning!

Yin Nan was terrified, how could the other dozen or so top Nirvana realm masters not be terrified? – They are here to grab the immortal sword, they are simply here to commit suicide!

“Brother Ming! I was wrong!”

“Brother Ming! We were wrong!”

Yin Nan and more than a dozen other great experts rushed to take out their own treasures and present them to Xu Ming.

There are even a few powerful people who are afraid that they don’t bring enough treasures to enter Brother Ming’s eyes, and they repeatedly beg for mercy: “Brother Ming, after I go back, I will definitely bring more treasures to you!”

“Uh...” Xu Ming was also stunned by this wave of great powers, “This celestial talisman is too powerful, isn’t it?”

If I had known earlier that the mysterious talisman in his hand had such great authority, why would Xu Ming fight? As soon as the token was taken out, the other party immediately knelt down and begged for mercy?

But now, of course, Xu Ming has to put on a coquettish appearance: “You two are acquainted!”

Having said that, Xu Ming unceremoniously accepted the whole body belongings of these dozen powerful men! —These dozen great masters are the top ten Nirvana realm in the entire Destiny Sacred Realm! In terms of wealth, I am afraid that it is richer than some domain owners!

After harvesting their treasures, Xu Ming's hanging point will probably be doubled!

“Okay! Go!” After Xu Ming collected the treasure, he swaggeredly flew back towards the City of Death.

At this time, the great powers who were onlookers in the dead city were completely stunned—how could they have thought that Xu Ming would have a “Heavenly Command Talisman” on his body!

The forces that had been beaten in the face by Xu Ming before, almost wanted to cry without tears – if you had said earlier that you had the “Heavenly Command Talisman”, who would dare to provoke you in the entire Destiny Holy Realm?

The Lone Gunner was also bewildered for a while: “Is this Brother Ming's real trump card? No wonder... No wonder I feel that no matter what happens to Brother Ming, he is always in a defiant attitude!”

The Lone Gunner remembered everything Xu Ming had done before as if everything had been explained.

“No wonder... No wonder Xu Ming was able to invite Senior Palm God to give me careful guidance! It seems that it is also the reason for the Heavenly Command Talisman!” The Lone Gunner thought again – in his opinion, Senior Palm God is suspected of being a World Lord. The existence of the environment! If Xu Ming didn't have enough face, how could it be possible for Senior Palm to instruct him many times?

Now, the Lone Gunner has also found the answer – it turns out that everything is because of the “Heavenly Command Talisman”!

It's just... Lone Gunner would never have thought that Xu Ming was actually “Senior Palm God”! He would never have imagined that before that, Xu Ming had no idea what the “Heavenly Command Talisman” was.

“Brother Xu Ming!”

“Brother Xu Ming!”

“Brother Xu Ming!”

As soon as Xu Ming returned to the City of Death, countless enthusiastic figures gathered around him. With that flattering expression, seeing Xu Ming, he seemed even happier than seeing his own father – this Xu Ming is definitely a big man! Must seize the opportunity to make friends!

Chapter 1647: Time Pause

The forces and powers of all parties in the city seemed to see that Xu Ming liked Chaos Origin Crystal; in order to make friends with Xu Ming, they offered top-grade Chaos Origin Crystal one after another.

Faced with this situation, Xu Ming just wanted to say: Am I a greedy person?

of course!

While receiving the heavy gifts presented by the powerhouses from all sides, Xu Ming muttered in his heart: “It’s hard to be kind! It’s hard to be kind!”

This chaotic era has been shattered; Xu Ming will naturally not have any psychological burden when he puts away his treasures.

After all the great powers in the City of Death gave their gifts, Xu Ming’s level 20 hanging point almost doubled again!

“This is the deterrent of identity and strength!” Xu Ming couldn’t help thinking.

When Xu Ming just came to the City of Death, and exposed the immortal sword, he was almost like a mouse crossing the street; not only did all the forces refuse to buy Xu Ming’s quota, but they also thought of ways to rob Xu Ming’s immortal sword—such as using slaves, launched a suicide attack

on Xu Ming; for example, those who realized the “real self” and were tyrannical, attacked Xu Ming directly outside the city of death from a long distance.

And after Xu Ming showed his tyrannical strength, the attitudes of various forces towards Xu Ming suddenly changed!

Now, Xu Ming has shown the “Heavenly Command Talisman” again, and the forces of all parties come directly to kneel and lick Xu Ming!

When Xu Ming took the Lone Gunner and Yun Tian out of the city and was about to take them away; Yin Nan, who had besieged Xu Ming before, and more than a dozen other great powers, the forces behind them all rushed to the city of death, to the city of death. Xu Ming offered an apology!

I can’t help but apologize! – In case Xu Ming is unhappy, he will use the Heavenly Command Talisman to call the Law Enforcement Hall; wouldn’t it be a matter of minutes to destroy their power?

For the sake of the high-grade Chaos Origin Crystal, Xu Ming is also more talkative; accepting the high-grade Chaos Origin Crystal also represents the grievances and grievances of the past.

And Xu Ming’s level 20 hanging point has also “expanded” to an almost inexhaustible level!

...

“Yun Tian!”

After leaving the City of Death, Xu Ming said to Yun Tian, “I’ll take you to the secret room left by the blood cloud ancestor! After you get there, you can concentrate on retreat and practice, don’t come out easily! – This world, too Dangerous!”

“Dangerous?” Although Yun Tian was a little puzzled, she nodded her head in agreement – indeed, in this world, there are too many super beings that have fallen bizarrely! Moreover, the frequency of this kind of weird death seems to be getting faster and faster!

Yun Tian doesn’t know, this actually means that this era of chaos is getting closer and closer to a complete collapse!

“Brother Ming, are you leaving the Destiny Sacred Realm?” Yun Tian asked suddenly; at the same time, she had no doubts, “But... after you leave the Destiny Sacred Realm, where will you go?”

“Should leave! As for where to go...” Xu Ming knew that under the restrictions of the rules, there were some words he couldn’t say; even if he said it, Yun Tian and Lone Gunner couldn’t hear it.

This is the rule of heaven and earth, the last bit of protection for the era of chaos that is about to be completely destroyed.

“Don’t worry about where I go, if it’s fate... See you in the Endless Era!” Xu Ming’s eyes were misty.

He knows that although this era of chaos is about to be completely destroyed, there must be someone who can live to the next era of chaos! As for how to meet him, Xu Ming has no way of knowing.

“Oh...” Yun Tian didn’t understand, but was sent by Xu Ming into the secret room left by the blood cloud ancestor.

Afterwards, Xu Ming sent the Lone Gunner to the treasure house left by the Pantian Domain Lord.

Sure enough, Pan Tianyu also left a “secret room” for the lone gunner; this secret room should be able to protect the lone gunner and live to the next era of chaos. In addition, there are not many other treasures in the secret room, and the value does not seem to be high.

but...

In the center of the secret room, a diamond-shaped crystal diamond instantly attracted Xu Ming’s attention: “This is...”

On this crystal diamond, Xu Ming felt a strong desire and desperately wanted to have it.

However, the lone gunman who entered the secret room with Xu Ming did not feel much about this diamond-shaped crystal.

“Can you give me this crystal diamond?” Xu Ming asked.

“Brother Ming wants it, just take it!” For the lone gunner, even if he gave away all the treasures in the entire secret room, he would be willing to give it away; what’s more, Xu Ming only wanted this treasure?

“Yeah!” Xu Ming nodded slightly – he actually had a “gift of teaching” to the Lone Gunner, so there was no need to say too many words of thanks.

“Little hanging!” Xu Ming asked in his heart, “Can this diamond-shaped crystal be exchanged for hanging points?”

Xiaohang’s voice sounded: “The chaotic pronuclear fragments can be exchanged for 1 point 21 level hanging points!”

Chaos Pronuclear Fragment?

Xu Ming was shocked.

What is the Chaos Procore? —It is the core essence of a chaotic era!

Just like the origin of endless chaos, in the most core place, there is a chaotic original nucleus!

Although the diamond-shaped crystal diamond in front of me is only a fragment of the original nucleus of chaos, its value is probably even higher than that of a land in the endless chaos!

What is the concept of a domain? – That includes the original land, billions of forces, and countless chaotic worlds!

Simply put, this Chaos Procore fragment is too precious!

I’m afraid it is much more valuable than all the hanging points and treasures on Xu Ming’s body combined!

“Lone Gunner, count me as I owe you a favor!” Xu Ming said sternly after learning that it was a fragment of primordial chaos, “After endless years, if you and I can meet again, I will find a way to repay this favor. !”

The Lone Gunner also said sternly: “If there is no brother Ming, there is no me today! No matter how precious treasures are, they are only things outside the body!”

Xu Ming was too lazy to come and go politely, so he directly said to Xiaohang, “Exchange it into a level 21 hanging point!”

This piece of chaotic pronuclear fragment is placed on the body, of course, it is better to exchange it for peace of mind. UU reading [www. uukanshu. com](http://www.uukanshu.com)

“Exchange completed!” Xiaohang’s movements were very fast.

Immediately afterwards, Xu Ming heard an incomparably sweet voice: “Congratulations to the host, for the first time to obtain the 21st level hanging point, one step closer to revealing the essential mystery of the chaotic reincarnation and the long river of time! Hereby reward: open an item Unopened new plug-in features!”

Xu Ming’s eyes suddenly lit up – is there a new function to be activated?

You must know that among the remaining plug-in functions, one item is stronger than the other! For Xu Ming, turning on any item means that his strength has skyrocketed!

Xu Ming’s peak combat power has already reached the domain master level! If it skyrocketed, would it be worth it?

“I don’t know... what new features will be enabled!?”

Amidst Xu Ming’s incomparable anticipation, Xiao Hang’s voice sounded again: “The newly opened plug-in function is: Time Pause!”

One chapter today, thank you.

(End of this chapter)

Chapter 1648: Enter The Immortal Tower

Time Pause: Pause the flow of time in an area! The consumption of hanging points depends on the difficulty of the time suspension, the cultivation base of the opponent and other factors!

“I rely on!”

When Xu Ming saw the effect of the “Time Pause” hanging, he couldn’t help but exclaimed – this Nima is almost equivalent to “bundling” the opponent and letting Xu Ming ravage it!

Xu Ming’s strength is already terrifying enough! Coupled with the help of “time pause” hanging, it is simply invincible and defying the sky!

Xu Ming just wanted to say – “Second days, seconds, seconds of air” should not be far away!

“Brother Ming?” The lone gunner didn’t understand why Ming brother suddenly scolded after he got the diamond-shaped crystal, and couldn’t help asking.

“It’s all right!” Xu Ming said, “Let’s just leave it! – I’m going to the Tower of Immortality, so you can cultivate well in this secret room! There’s nothing to do, try not to leave this place!”

Xu Ming felt that if the lone gunman left the secret room, when a strange death came, he might fall like everyone else! But as long as you hide in a secret room, there is no danger.

“Yes! Brother Ming!” The Lone Gunner looked at Xu Ming with red eyes, “Brother Ming, when can I see you again?”

It was Xu Ming who changed the Lone Gunner’s life!

Otherwise, with the ***** fate of a lone gun guest, I am afraid that there will be no great achievements in this life!

Xu Ming smiled lightly and said, “When we have a fate, we will see you again!”

To be honest, Xu Ming didn’t know if there was still a chance to see each other after this parting.

...

Ancient Temple.

Xu Ming had already informed all parties that he would bring the Immortal Sword to open the Tower of Immortality.

Because Xu Ming has the “Heavenly Command Talisman” in his hand, the other eight parties have the power of the immortal sword, and they dare not neglect it at all! After hearing about Xu Ming’s announcement, no one dared to delay, and made arrangements one after another.

When Xu Ming arrived at the Primordial Temple, the forces from all directions were already ready and gathered together, waiting for Xu Ming’s arrival.

“Is this the perfect ancient temple?”

This was the first time Xu Ming came to the Taikoo Temple in the Holy Destiny Realm; before that, he had only seen the remains of the Taikoo Temple in the ancient relic realm.

Xu Ming looked up: “I can’t see the long river of time...”

Of course not!

With Xu Ming’s current strength, it is only possible to see the long river of time in a specific environment like the ancient relics.

“It’s just...” Xu Ming couldn’t help but feel distressed, “If you can’t see the long river of time, it’s even more impossible to enter it! How can I follow the long river of time and return to the ‘future’?”

Xu Ming had no clue.

“Unless...I can see Huang Zhizun!” Xu Ming secretly said, “If it really doesn’t work, then I can only ‘suicide’ and die!”

As long as Xu Ming falls, he will be resurrected in an independent space with the “immortal mark”. In that case, it is natural to return to the “future”.

It’s just, not a last resort, who wants to “die” back?

Moreover, if it falls, then many treasures that Xu Ming stored in the heart world will be lost in this chaotic era!

“Brother Xu Ming!”

“Brother Xu Ming!”

Seeing Xu Ming’s arrival, the major forces in the Primordial Temple are all welcome! – You’re welcome! Xu Ming is holding the “Heavenly Command Talisman”, just like holding a sword of Shangfang; if anyone makes Xu Ming unhappy and directly mobilizes the law enforcement hall to destroy him, it will be too late to cry!

With the talisman in hand, Xu Ming can’t mess with it!

“Brother Xu Ming! Next is the deacon of the Law Enforcement Hall, Sharp Sword!” said a middle-aged man with a hooked nose and sharp eyes.

Even the deacon of the Law Enforcement Hall took the initiative to show his favor!

You must know that this “sharp reduction” is a strong domain master!

“Yeah!” Xu Ming casually dealt with all parties, and was too lazy to talk too much – after all, after Xu Ming entered the Tower of Immortality, he probably had to think about how to leave this chaotic era!

They are all people who are leaving, so naturally there is no need to make good friends with other powers.

Seeing Xu Ming's indifferent attitude, Ruijian didn't dare to show it even though he was a little annoyed in his heart – there's no way, the talisman in Xu Ming's hand can represent Huang Zhizun to a certain extent! Who dares to provoke him?

“Since we have arrived, let's enter the Immortal Tower!” Xu Ming said lightly.

In this chaotic era, everything is different from the ancient relics in the next chaotic era; only the tower of immortality has not changed at all.

The tower of immortality, which is taller than ten thousand worlds, with clear glass, shining with endless brilliance forever! It is exactly the same as what Xu Ming saw in the ancient relics.

Xu Ming and other nine strong men with immortal swords walked at the forefront; the other ninety-nine strong men followed behind them and entered together when the tower of immortality opened.

“Brother Xu Ming, please go first!” The other eight strong men with immortal swords all took the initiative to let Xu Ming walk in the middle, and surrounded Xu Ming like the stars lining the moon.

Xu Ming was a little embarrassed – entering the tower of immortality, how could it look like a battle for the leader to go to the countryside for inspection!

boom! !

When the nine immortal swords came to the door of the immortal tower, the whole immortal tower suddenly roared.

In the void, an incomparably distant, magnificent, and stalwart voice resounded through the entire Primordial Temple: “Nine swords gather, the tower of immortality... open!”

Boom-

Under the gaze of countless eyes, the gate of the Immortal Tower opened.

Countless great powers tried their best to look inside the gate; however, they could only see endless rays of light, shooting out from the gate, and couldn't see anything else at all.

“Let's go!”

Xu Ming and other one hundred and eight Nirvana realm powerhouses all walked towards the Tower of Immortality.

When they entered the tower, the gate of the Immortal Tower slammed shut again.

...

“here is...”

Inside the Tower of Immortality, Xu Ming and other strong men carefully observed the surroundings.

Under their feet should be an incomparably huge array of stone disks. Countless strange runes are looming on the mirror-smooth array.

The void above their heads is infinitely high, infinitely vast, and there is no way to see the end.

“Welcome everyone, come to the Tower of Immortality!” This is an ethereal voice from above the nine heavens, “Then now... let's start killing!”

Start killing?

More than a hundred Nirvana realm powers are all startled!

“Only those who hold the immortal sword can go down! As for who holds the immortal sword, it depends on your own abilities!” The ethereal voice continued to sound, “After all the immortal swords leave, this place will become a dead place! Here, there is life and death!”

As soon as these words came out, they were forcing the powerhouses from all sides to kill each other! No one is spared!

“By the way—” The misty voice suddenly said again, “Remember, high-level cultivation is not allowed to attack low-level cultivation! Otherwise...die!!”

(End of this chapter)

Chapter 1649: Hurry Up And Score 1 Victory Or Defeat

“Remember, high-level cultivation is not allowed to attack low-level cultivation! Otherwise...death!!”

The ethereal voice faded away.

In the tower of immortality, it suddenly fell into silence. No one can enter the Tower of Immortality. Naturally, they don't know that they have just entered, and they are going to kill each other!

The great powers of all parties are cautiously guarding their surroundings. At this time, even the great powers of the same force dare not trust each other.

Among the more than 100 powerhouses, the most stressed are undoubtedly the eight powerhouses with immortal swords except for Xu Ming! After all, having an immortal sword is the target of all criticism!

And the one with the least pressure is... Xu Ming!

After Xu Ming heard the rules, he immediately laughed at the high-level cultivation, and he was not allowed to attack the low-level cultivation!

You must know that the other 107 powerhouses present are all cultivation realms of Nirvana Realm! And Xu Ming, the cultivation base is only in the prehistoric realm! In other words, Xu Ming is protected by the rules!

Anyone who dares to touch Xu Ming will die!

However... this point, only Xu Ming knows, no one else knows!

After all, Xu Ming's strength is absolutely invincible in Nirvana Realm, even comparable to some Domain Master Realm! Other powerhouses naturally take it for granted that Xu Ming's cultivation is at Nirvana Realm; who would have thought that Xu Ming's cultivation base did not reach Nirvana Realm?

After a short silence, the powerhouses from all sides began to search for their own targets.

Gradually, the other 107 experts turned their attention to... Xu Ming!

"Huh?" Xu Ming couldn't help laughing, but he didn't say anything.

However, Xu Ming can also understand why all the great masters choose themselves as their target. The stronger the strength, the more advantage!

Who has the lowest cultivation base? Of course it's Xu Ming! In the eyes of the great masters of Nirvana, Xu Ming's cultivation is "low-level Nirvana"! And the other powerhouses are basically high-level Nirvana realm!

Who is the strongest? It's also Xu Ming!

Xu Ming met the two conditions of "the lowest cultivation base" and "the strongest strength" at the same time. In the eyes of the great masters, he is undoubtedly the most threatening existence! If you want to get rid of a person, then the first target must be Xu Ming!

"Xu Ming, hand over the immortal sword!" A strong man with an immortal sword looked at Xu Ming maliciously.

“Oh?” Xu Ming smiled, “Aren’t you afraid of me?”

“I’m afraid, of course I’m a little scared! You have the ‘Heavenly Command Talisman’, and you have swept more than a dozen ‘real self’ existences outside the city of death! It will be useful when you shout at the Law Enforcement Hall! Entering the Immortal Tower, no one cares if you have a talisman!”

It does!

The celestial talisman might sound like a slap in the face, but in fact, its only function is to give instructions to His Royal Highness Law Enforcement! Other than that, useless!

“As for the existence of more than a dozen ‘real self’ that you have swept away... Haha! Now here, there are far more than a dozen people who have comprehended the ‘real self’! Let’s take action together, and we can kill you in an instant! You It is impossible to even have the opportunity to use that magical clone secret technique!”

“Now, Xu Ming, I will give you one last chance to hand over the Immortal Sword! Maybe there is still a chance!”

“Hand over the immortal sword?” Xu Ming looked around, sneering in his heart.

He knew that the moment he handed over the immortal sword, I am afraid it was a signal for a group of strong people to do it!

“Since you are courting death, then no one can blame me...” Xu Ming thought to himself.

Immediately, Xu Ming took out the immortal sword. You must know that high-level cultivation bases cannot be used against low-level cultivation bases!

Next, if anyone shoots at Xu Ming, there will only be one word in the end!

“Okay! I hand over the immortal sword!” Xu Ming said.

“Haha... Sure enough!” The great masters around laughed.

Xu Mingping held up the hilt of the Immortal Sword: “Whoever wants this Immortal Sword, please take it!”

With that said, Xu Ming released the Immortal Sword directly!

And the moment Xu Ming let go...

boom! boom! boom! boom! boom! ...

Around Xu Ming, auras erupted, and they all rushed towards Xu Ming. Obviously, the powerhouses were still very afraid of Xu Ming’s strength! So I want to join forces to get rid of Xu Ming first!

“Ha!” Seeing dozens of attacks coming towards him, Xu Ming didn’t dodge or evade, but a smile appeared on the corner of his mouth.

Immediately after, when these attacks were about to touch Xu Ming...

Bang!

Around Xu Ming’s divine body, a layer of radiant shield suddenly appeared. All attacks fell on this layer of shield, like a stone sinking into the sea.

At the same time, above the endless dome, the ethereal voice carried some anger: “Dare to violate the rules of the Immortal Tower, die!!”

call out! call out! call out! call out! ...

Dozens of rays of light shot down from the endless dome.

Every one of the dozens of powerhouses who attacked Xu Ming was hit by the light;

All of a sudden, there were only a dozen of the 108 powerhouses on the field.

“what!?”

“what!?”

“what happened!?”

Of the remaining dozen or so cats and dogs, only a few were planning to attack Xu Ming, but they didn't have time to do so. Seeing this situation now, all of them are terrified.

“How can... so many strong people, how can they all fall at once?”

“The voice just now said that they violated the rules of the Tower of Immortality... What rules did they violate!?”

“Could it be...”

The remaining powerhouses quickly reacted and looked at Xu Ming in horror: “Could it be that... your cultivation has not reached Nirvana yet!?”

High-level cultivation is not allowed to take action against low-level cultivation! Otherwise...die!

“How is it possible!? How can you have such terrifying strength without reaching Nirvana Realm!?”

“Could it be... the ‘real self’ you understand is very powerful!? Yes, it must be like this!”

The remaining powerhouses are going crazy before entering the Immortal Tower. They are all looking forward to it, feeling that this should be their big chance! Now, these powerhouses feel that they just came in to die! And it's a dead end that can't be turned back!

It's just... how would these powerhouses know that Xu Ming didn't realize the “real self” at all, and he hadn't even stepped into the “imaginary realm”!

“Oh!” Xu Ming smiled without saying a word.

Dozens of strong men suddenly fell, and treasures were scattered all over the place, including four immortal swords.

Xu Ming did not go to collect the four immortal swords, but just took back his original immortal sword, and then swept the other treasures in the ground.

Then, Xu Ming stepped aside and urged, “You guys, quickly decide the winner and loser, and decide the owner of the Immortal Sword, so we can keep going!”

“puff!”

The dozen or so remaining strong men simply want to vomit blood, which is too arrogant! It even urges them to win or lose!

However, Xu Ming is so arrogant, who would dare to try him?

Chapter 1650: 8 Immortals Crossing The Sea

“Hateful!”

The remaining dozen or so strong men gritted their teeth with hatred, but there was nothing to do. Because, they must decide the winner and the loser to decide the ownership of the immortal sword.

“kill!”

“kill!”

boom! boom! boom! ...

A dozen strong men fought together.

Everyone wants to live and get the great opportunity of the immortal tower; no one wants to die here and become a stepping stone for others.

Regarding their battle, Xu Ming was too lazy to pay attention! After all, for Xu Ming, the opponent who has been surpassed by him is no longer worthy of being his opponent!

What kind of lightning and flint is the battle at the Nirvana level?

Soon, the nine immortal swords were all identified.

“Congratulations, everyone, survived!” The ethereal voice sounded again, and the surrounding scene slowly began to change.

In the endless distance, a door of light was projected into this dark space.

“Go! Go forward!” The misty voice said lightly.

Move forward?

The eight “survivors” looked at Xu Ming with fearful eyes, and they could only move forward! Entering the Tower of Immortality, there is no turning back at all.

But... Xu Ming is too evil! The eight survivors clearly felt that even if they continued to move forward, there was almost no hope that they would be able to seize the opportunity from Xu Ming; the ending was basically death!

“Humph!” a violent strong man shouted angrily, “There is no such thing as a way! Since we have entered the Immortal Tower, I don’t believe it, and there is no chance at all!”

“Not bad! As long as there is a little chance, who the Immortal Tower will ultimately belong to is unknown!”

“Walk!”

Xu Ming and the other nine, all with their immortal swords, walked in the direction of the Gate of Light.

Passing through the gate of light, what Xu Ming saw was a rushing illusory river!

“This is...” Seeing this river, Xu Ming was immediately stunned, “Time is a long river!?”

Xu Ming never thought that he would see the long river of time in the Tower of Immortality!

“Jump into the long river of time, can I go back to the future?” Xu Ming couldn’t help thinking.

At this time, the ethereal voice sounded again: “As you can see, the river in front of you is the long river of time! But... with your strength, it is impossible to fly over the long river of time; once you fall into it, It is almost certain to die! You should see that there are nine overpasses above the river of time!”

Xu Ming looked at it, sure enough.

“Every immortal sword corresponds to an overpass! As long as you pass the long river of time and reach the other side, you can start to gain opportunities!” Misty voice said.

Through the long river of time, can you get the opportunity?

The eight survivors couldn’t help but rejoice. Immediately, their eyes turned to Xu Ming, and they clearly wanted Xu Ming to go first!

“Oh!” Xu Ming smiled.

Go first go first!

In fact, Xu Ming didn’t care about the feelings of these eight people at all, and he couldn’t even remember their names! When he came to the Tower of Immortality, he never took these opponents seriously.

boom!

Xu Ming found his corresponding overpass and stepped on it with a bang. He stepped heavily on purpose, as if he wanted to test whether the overpass was reliable enough and would collapse when time passed.

After confirming that there was no problem, Xu Ming walked straight up and walked to the other side without any haste.

The other eight powerhouses carefully observed Xu Ming; but found that Xu Ming did not encounter any danger at all!

“Could it be that there will be no danger through the long river of time?” Several strong men couldn’t help thinking.

Immediately after...

The eight powerhouses no longer hesitated and rushed to their corresponding overpasses. However, as soon as some strong people step on the overpass, they rush forward with all their strength; some strong people are cautious and try one step at a time.

Soon, the tyrannical powerhouse walking at the forefront had almost reached the halfway point of the bridge of time. At this time, a vision suddenly appeared!

puff puff puff...

The long river of time below suddenly began to churning. next moment...

boom! boom! boom! boom! ...

Dozens of figures rushed out of the long river of time aggressively.

“Huh?” Xu Ming couldn’t help but be surprised that these figures were not the nearly 100 powerhouses who had just fallen into the Tower of Immortality?

“How did they appear here?” Xu Ming thought about it, and some of them understood that these powerhouses were not really alive anymore! It is very likely that the tower of immortality has been refined into a puppet-like existence by some means.

boom! boom! boom! boom! ...

As soon as these dozens of puppets appeared, they directly attacked the powerhouses who were walking on the overpass!

You must know that it is impossible to fly above the long river of time; Xu Ming and other nine strong people are walking on the bridge, so they will not fall into the long river of time. And now, these hundreds of puppets have joined forces to attack, and the powerhouses suddenly become restless. If they accidentally fall into the river of time, it will be over!

Immediately, the eight “survivors” all showed their cards and showed their means, trying to pass the long river of time; it was really the Eight Immortals who crossed the sea and showed their magical powers!

And Xu Ming... but still walked calmly and slowly.

It wasn't that Xu Ming deliberately acted so calm, but... the nearly 100 puppets that emerged from the long river of time did not attack Xu Ming at all!

What does this make Xu Ming do? No one attacked him, and he was also very distressed!

Therefore, Xu Ming could only walk slowly through the long river of time, while admiring the other eight strong men showing their magical powers.

“puff!”

The powerhouses on the other eight overpasses were so depressed that they vomited blood. They entered the Tower of Immortality because they came desperately; and Xu Ming entered the Tower of Immortality because he came to travel!

This is too bullying...

But No matter how angry the eight powerhouses are, they can only follow the rules of the Immortal Tower when they are in the Immortal Tower!

“Damn! Damn! Damn! When I pass the time, I must let Xu Ming...” A strong man bursting with thunder roared angrily.

However, before he could roar, he was hit by an attack and flew out of the overpass. Immediately, under the incomprehensible gravitational force of Time Changhe, the Thunder Powerhouse fell directly to Time Changhe.

The further down he fell, the smaller his divine body became. Soon, it became smaller than a water droplet, smaller than a particle... In the end, it disappeared directly into the rushing river of time, and I didn't know whether to live or die.

At this time, Xu Ming had arrived at the other shore leisurely.

“When you reach the other side, you can get the chance? Where is the chance?” Xu Ming couldn't help but search for it, but he didn't find anything.

Soon, other powerhouses also passed the long river of time. It's just... when they boarded the overpass, there were originally eight strong men; but now, there are only four left.

The Eight Immortals crossed the sea and half died.
