

A World 1701

Chapter 1701: Wait And See

“Forced slavery!”

boom!

In the face of “forced slavery”, even if Yu Fusheng reached the realm of “third-order true self”, even if his talent was outstanding, he would become Xu Ming’s slave without any resistance.

Soon, Yu Fusheng looked at Xu Ming and became pious and fanatical: “Master!”

“Why?” Xu Ming looked at Yu Fusheng and shook his head gently.

Originally, Prison Fusheng and Xu Ming really had no grievances or hatred. Even if Yu Fusheng wanted to join the Temple of Despair, Xu Ming didn’t need to deal with him; however, if Yu Fusheng took the initiative to come to court for death, he would not complain about being enslaved by Xu Ming.

Self-inflicted sin, not to live.

“How much do you know about the Temple of Destiny?” Xu Ming asked.

“It’s quite a lot!” Yu Fusheng said, “What’s wrong with the master?”

“I have a question I want to ask you!” Xu Ming said directly, “How can we... destroy the Temple of Destiny?”

what! ?

As soon as Xu Ming asked this question, Yu Fusheng’s eyes were rounded – he never thought that his master would ask such a question!

You know, in the eyes of Jail Fusheng, although Xu Ming has some magical means, his strength does not seem to be much stronger than him, right? It's too far from the Temple of Destruction!

"Huh?" Xu Ming looked at Yu Fusheng, waiting for his answer.

Xu Ming couldn't ask Chu Xie this kind of question. After all, Chu Xie was a member of the Temple of Despair, and it seemed that he had already been enslaved by the Temple of Destruction; even if Xu Ming asked, he would definitely not be able to find out what the name was, and he might even startle the snake.

Therefore, Xu Ming will ask Prison Floating Life.

"This..." Yu Fusheng thought about it, and said, "Master, the Temple of Destiny, but the number one force of the 'Destiny Heaven', even the Supreme Realm, has three! Moreover, the Lord of the Temple of Destiny is even more A very powerful being among the Supremes! I want to destroy the Temple of Destiny..."

Prison floating life did not continue, but the meaning was very clear – impossible!

This answer did not exceed Xu Ming's expectations. He didn't even reach the level of the world master, so what did he use to overthrow the main hall of the Temple of Destruction?

However, Xu Ming only asked casually.

"The Temple of Despair..." Xu Ming looked into the distance, three sword-shaped peaks distorted in time and space, and three "soap bubbles" surrounding each other above the sword-shaped peaks.

In Xu Ming's eyes, hatred burned. But soon, this hatred calmed down and turned cold.

"With my current strength, even if I go to the main hall of the Temple of Destiny, in a short period of time, I can't let it hurt at all! If it's just some small damage, it's completely impossible for such a powerful Temple of Destiny. It doesn't hurt! In other words, even if I go, it's meaningless!" Xu Ming is very rational, "And... in the border of disorder, time and space are chaotic and changing; if you are not careful, in the endless chaos, the endless may have passed. Years! If I delay in the

Temple of Despair and miss the ‘Wen Dao Mansion Grand Competition’, I will not be able to go to the ‘Nine Heaven’!”

Jiuzhongtian is the ladder leading to the “truth of the universe”!

Xu Ming thought for a while, between “Jiuzhongtian” and “Death Temple”, he still chose to go to Jiuzhongtian.

After all, with Xu Ming’s current strength, even going to the Temple of Despair would probably be a waste of time. And going to Jiuzhongtian, Xu Ming may rapidly improve his strength!

Xu Ming knew very well that with his current strength, even if he killed some minions of the Temple of Destiny, it would be of little help to Gu Hanmo, and he might not even be able to help Gu Hanmo at all! After all, Gu Hanmo incarnates billions of millions, and in a virtual universe, there may not be a single incarnation of Gu Hanmo; it is meaningless to kill one or two minions in the virtual universe.

I really want to help Gu Hanmo, unless... destroy the main hall of the temple of death in front of me!

However, Xu Ming doesn’t have this strength!

What if I have no strength?

Then go ahead and increase your strength!

After making up his mind, Xu Ming ordered: “Prison floating life, I will not go to the Temple of Death for the time being! You go first, help me lay some foundations there, and wait for my arrival!”

“Yes! Master!” As Xu Ming’s servant, Jail Fusheng would naturally not have the slightest doubt about every command of Xu Ming.

“Well! Go!”

Watching Yu Fusheng fly to the main hall of the Temple of Despair, Xu Ming remembered this location and embarked on his way back to the endless chaos.

“Hope... Next time I come again, I can find a way to destroy the entire Temple of Despair!” Xu Ming was not afraid of the Temple of Despair that was countless times stronger than himself.

call out-

Following the trajectory from where he came, he flew for some time; Xu Ming met the second group of people after he entered the border of disorder.

This time, it was three black-robed powerhouses. Under the black robe, there seemed to be three cold poisonous snakes.

“Stop!” the three black-robed powerhouses shouted, “The direction you came from is the Temple of Destiny?”

Inquire about the Temple of Death?

Xu Ming’s eyes were slightly cold, but he still said truthfully: “Yes!”

He wanted to see what the other party wanted to do.

“That’s right! It’s nothing to do with you, get out!” The three black-robed powerhouses shouted in unison, as if they were three people in one body.

Then, the three of them looked in another direction in unison—a direction completely different from the Temple of Despair.

“Go over there, and you should be able to reach the shattered virtual universe!”

“Not bad! In that virtual universe, even the chaotic pronucleus was smashed into pieces in the first war! The powerhouses in the virtual universe are almost dead! If we rush there earlier, maybe we can pick up one or two chaotic pronuclei. Fragments!”

Chaos Pronuclear Fragment?

Xu Ming couldn't help but his eyes lit up – this can be exchanged for level 21 hanging points! And ~www.readwn.com~ Xu Ming has nowhere to get it!

Now, I heard that there is a place where you may be able to obtain chaotic pronuclear fragments; of course, Xu Ming suddenly became interested!

“Just look at it in the past, it shouldn't take much time! If there are chaotic pronuclear fragments, that would be great!”

call out-

Xu Ming quietly followed the three black-robed powerhouses.

A few months later, Xu Ming saw a dull soap bubble—obviously, it was a broken virtual universe.

“Boy, are you following us all the way?” At this time, the three black-robed powerhouses finally found Xu Ming.

Xu Ming smiled noncommittally.

“Humph! Want a piece of the pie? Come on if you're not afraid of death!” The three black-robed powerhouses certainly felt that Xu Ming was not as simple as it seemed on the surface, but he still put down his harsh words.

But obviously, they were still quite afraid of Xu Ming; otherwise, they would not be harsh, but would do it.

Continue to fly closer to this broken virtual universe.

“Huh?” Xu Ming couldn't help but startled, “A lot of people...”

As he continued to fly closer, Xu Ming had already seen that in every direction outside the virtual universe, there were a lot of great powers, and there were tens of thousands of them, and they all existed in the Nirvana realm! Moreover, these powers did not enter the virtual universe, but stood on the periphery of the virtual universe, as if they were watching something.

Chapter 1702: Classy Master

Xu Ming flew to the periphery of the virtual universe, stood by himself, and observed the situation.

“The space-time membrane wall of this broken virtual universe seems to be very chaotic!” Xu Ming soon discovered, “Such a chaotic time-space membrane wall is filled with a lot of energy! , I’m afraid they will all be killed by this energy!”

Xu Ming finally knew what these powerhouses were waiting for! Wait until the time-space membrane wall returns to calm, or there is an entrance that can enter the virtual universe, and then set off!

At the same time, Xu Ming couldn’t help but think: “The space-time membrane wall is so chaotic, what kind of chaotic scene will it be in this virtual universe?”

Xu Ming shook his head silently.

After that, he closed his eyes and stood still, detaching a trace of spiritual insight to realize the “imaginary realm”. After all, Xu Ming had only just realized the “imaginary realm”, and there was still a long way to go from the “imaginary realm”.

The aura on Xu Ming’s body was deliberately confusing, so that no one could see his true cultivation.

However, among the tens of thousands of strong people present, no one paid attention to Xu Ming. After all, most of the people who will participate in such occasions exist in the Nirvana Realm; moreover, most of them have realized the Realm of Self.

If you don’t have enough strength, participating in such an occasion is completely courting death.

A dazzling figure suddenly appeared, attracting the attention of many powerful people.

“Domain Lord Realm Powerhouse!”

“Finally, a domain master is here! It’s even more lively now!”

“Domain Lord Realm? So what? Some Domain Lord Realms with no potential are not as powerful as Nirvana Realm!”

The sign of stepping into the main realm of the domain is to condense the “flower of true self”.

However, is it necessarily better to condense the “flower of the true self” than the one that does not condense the “flower of the true self”? uncertain!

You must know that everyone’s “true self” is different! This leads to the same “real self”, but also different strengths!

In the realm of disorder, the realm of self, is divided into three levels: first-order, second-order, and third-order.

Some weaker “real self” can’t break through to “true self second-order”, and can only condense “true self flower” with “true self first order”! In this way, becoming the domain master is the weakest and weakest, and is called the “low-grade domain master”; in terms of strength, it is estimated that it is similar to the “true self second-order” peak Nirvana powerhouse.

A low-rank domain master, even if he cultivates to the peak, he will not be able to step into the realm of the realm! The end of his practice is the peak of the domain master realm!

Those who step into the “Second Rank of True Self” and then condense the Flower of True Self are called “Middle Grade Domain Masters”, and their talent and strength are obviously superior; Missed!

Only by condensing the flower of the true self with the “third-order true self” is the master of the high-grade domain, and there is a first-line possibility to step into the supreme realm. Of course, how difficult is the supreme realm? The possibility of this line is also very small!

Before Xu Ming comprehends the “Imaginary Realm”, when the plug-ins are fully open, his strength can be comparable to that of the “Lower-Rank Domain Master”, or he has realized the peak of Nirvana Realm of “Second-Order Real Self”.

After comprehending the “imaginary realm”, the strength has soared now; the plug-ins are fully open, and it can already be comparable to the “middle-grade domain master”, or the peak of Nirvana realm who has comprehended the “third-order real self”, such as being attacked by Xu outside the Temple of Despair Ming’s enslaved prison life is the peak of Nirvana Realm who has realized the “third-order true self”; to be honest, he is indeed a genius!

As for the Nirvana realm powerhouses present at this time, Xu Ming estimated that most of them had realized the “first-order true self”, and a small number of them had realized the “second-order true self”. As for the “third-order true self”, it is very rare, and it is almost impossible to exist on the field; after all, the third-order true self represents talent and potential, and there is a glimmer of hope to step into the supreme realm!

Although it is only a tiny glimmer of hope, not everyone can have this glimmer of hope!

After the arrival of the Domain Master Realm powerhouse, thousands of powerhouses came one after another. Obviously, after this virtual universe was shattered, news spread, and many powerhouses were struggling to get a share of the pie.

Moreover, those who can come have some confidence in their own strength. Each of them, in the future, will not be weaker than most of the 100,000 domain lords in the “Divine Phoenix Chaos Realm”.

Among the thousands of powerhouses, several domain masters have also arrived.

However, Xu Ming found that the proportion of the domain master realm is obviously very low; there will be only one realm master realm in the thousands of Nirvana realms.

“This is also normal...” Xu Ming secretly said, “At the Nirvana level, there is infinite hope; for example, a Nirvana powerhouse of the ‘Second Realm’ would definitely hope to reach the ‘Second Realm’! And the Domain Master Realm, The ‘flower of true self’ has been condensed, and most of them have already seen the end of their cultivation; for the domain masters, most of them will choose ‘retirement’ instead of being like the nirvana. Come out and venture out!”

boom! !

At this moment, an extremely tyrannical momentum shocked the audience. The strength of the momentum is obviously one or two levels stronger than the Nirvana powerhouses present.

“This is...”

“Yitao domain master, he actually came too!”

“Yi Tao, the highest-ranking domain master! It is said that he is seeking the opportunity to break through to the realm of the realm!”

“He’s here, so we...”

“What are you afraid of! How huge is a virtual universe! After we enter, ~www.readwn.com~ will be scattered in all directions; no matter how strong the domain master Yi Tao is, how many of us can he touch?”

“That’s true! But... if anyone encounters the domain master Yi Tao, it will be unlucky!”

“Yeah! It is said that the Lord of the Domain of Yi Tao is extremely aggressive! But he does not dare to take action against so many of us, otherwise, he will not end well if we are besieged by us!”

“After entering the virtual universe, first observe the whereabouts of Yi Tao, just be careful!”

...

High-grade domain master peak?

Even Xu Ming glanced at Domain Master Yi Tao in surprise.

You must know that if you want to become a high-rank domain master, you must be at the level of Nirvana, reach the “third level of true self”, and then condense the flower of true self! Obviously, when this Domain Master Yi Tao was in Nirvana Realm, he was also the top genius in the entire Destiny Heaven!

Xu Ming had to admit that even if he had all plug-ins enabled, one-on-one, he would still be one level weaker than the domain master of Yi Tao!

Moreover, Xu Ming couldn't enslave the domain master Yi Tao; because, to enslave the strong domain masters, level 20 hanging points are useless, they need level 21 hanging points and Xu Ming has almost none.

However, Xu Ming is not very afraid of the other party. After all, Xu Ming has the trump card of "infinite avatar"; it is only a gap in level, which can be completely made up!

"This friend!" At this moment, a voice transmission entered Xu Ming's mind.

Xu Ming turned his head to look, it turned out to be a strong man in white near him, looking at him.

"Under the 'Yunlin'! I think you are also alone. After entering the virtual universe, you might as well travel together, okay?" The other party looked at Xu Ming and asked through voice transmission.

Chapter 1703: Giant Tree Is Dead

"Xu Ming!"

Xu Ming's announcement of the name, apparently agreed with the other party's alliance.

After all, Xu Ming was the first to enter the realm of disorder, and he was not familiar with the various situations here. Moreover, although Xu Ming has returned to the shattered era of chaos, he has never entered this shattered virtual universe; Xu Ming has no idea what dangers there will be inside.

In this case, it is not bad that someone takes the initiative to form an alliance.

"How are the treasures distributed?" Xu Ming asked.

Yunlin said through a voice transmission: “Everyone depends on their ability! Whoever gets it is whoever gets it!”

“it is good!”

After a few words of voice transmission, Xu Ming and Yunlin had completed their alliance; the two of them were obviously getting closer, but they still kept some distance. After all, it’s just a temporary alliance between two strangers, and of course they will be on guard against each other.

“Brother Xu Ming, what experience do you have in exploring the shattered virtual universe?”
Yunlin said, “We can communicate with each other!”

“No!” Xu Ming said directly, “This is the first time I have encountered such a virtual universe!”

“This is the first time...” Yun Lin looked at Xu Ming and didn’t say much; but in the depths of his eyes, a meaningful smile passed over imperceptibly.

However, on the surface, Yun Lin did not show any strangeness, but said: “It’s okay! I have explored two shattered virtual universes, and I have some experience; after entering, you and me can go together!”

“Thanks a lot then!” Xu Ming said with a smile without doubting him.

Of course, with Xu Ming’s strength, he doesn’t need to be on guard too much! Looking at the Nirvana Realm, it is really difficult to have an opponent, which can make Xu Ming feel jealous.

months later

rumbling...

The chaotic space-time membrane wall of the virtual universe finally mutated.

I saw the endless chaotic energy gradually converging into a vortex of “elephant invisible” on the huge space-time membrane wall.

The center of the vortex is afraid that there are billions of miles; but on the entire space-time membrane wall, it seems to be smaller than the tip of a needle!

“Finally, a peaceful area appears!” Yunlin’s eyes lit up, and he continued, “Brother Xu Ming, hurry up and enter the virtual universe!”

As Yun Lin spoke, the tens of thousands of powerhouses around the virtual universe had already started rushing towards the center of the vortex.

The one who takes the lead is naturally the domain master Yi Tao! His speed is obviously much faster than the other domain masters and Nirvana realms; the first one, he got into the center of the time-space vortex and entered the virtual universe.

Xu Ming was not in a hurry, and flew to the center of the whirlpool slowly and leisurely.

While flying, Xu Ming carefully observed the space-time membrane wall of the entire virtual universe; he quickly determined that, according to the energy flow on the space-time membrane wall, this vortex center was probably the only entrance and exit of the entire virtual universe.

Soon, Xu Ming and Yun Lin also entered the center of the whirlpool.

When traveling through the space-time membrane wall, Yunlin observed it and said secretly: “Fortunately, the center of this vortex is fairly stable! As long as the flow of time in the virtual universe is not too fast, there should be enough time for us to explore the virtual universe. !”

In the shattered virtual universe, the flow of time will also become extremely chaotic.

After some virtual universes are destroyed, the internal time flow rate will accelerate hundreds of times, thousands of times, while in some virtual universes, time will slow down!

If it is the kind of virtual universe with a fast flow of time, the great powers who enter, dare not explore for too long, and must leave. After all, no one knows when the stable area on the space-time membrane wall will disappear! Moreover, once the stable area disappears, it is impossible to know when it will reappear; it is even possible that it will never reappear!

If it never reappears, then the powerhouses who enter will fall along with the virtual universe in the final great destruction of the virtual universe.

The first time they passed through the space-time membrane wall, Xu Ming and Yun Lin's first reaction was to feel the flow of time.

"That's great!" Yunlin said in surprise, "The flow of time in this virtual universe is very slow! Ten thousand years have passed here, and only one year has passed outside, so you should be able to find a lot of treasures!"

"Yeah!" Xu Ming nodded slightly.

The slow flow of time means that more treasures can be found in this virtual universe.

Immediately, Xu Ming felt that the time and space in the entire virtual universe were constantly being torn apart. Terrifying space cracks are almost everywhere in the virtual universe.

As far as Xu Ming could see, the width of some spatial cracks was even larger than that of a top-grade chaotic world! The length is even more across the world, and it is extremely ferocious and terrifying!

And what Xu Ming can see is only a very small part of the entire virtual universe! In the center of the virtual universe, the destruction of time and space must be even more terrifying!

Xu Ming saw that many of the great powers who came in before him had already drilled directly into the space crack. Obviously, the space crack formed by the natural tearing of space does not pose much threat to the Nirvana realm powerhouse. It can be used as a transmission channel completely.

Hurrying through the cracks in space is definitely much faster than flying slowly or looking for the chaos teleportation formation!

"Let's find a space crack to go in too!" Yun Lin said.

It was the first time that Xu Ming came to this shattered virtual universe. Naturally, he would not have any comments, and followed Yunlin directly.

The two found a space crack that is not very large. Usually, the smaller the natural space crack, the shorter the internal transmission channel.

When the figures of the two crossed time and space, and passed through a chaotic world; Xu Ming found that in this chaotic world, there was no life left, whether it was star masters, gods, or mortals, all turned into corpses. Even the flowers and trees~www.readwn.com~ don't look any different on the surface, but they have completely lost their vitality.

In the entire chaotic world, there is not a single living being.

Xu Ming couldn't help but wonder: "This chaotic world has not been affected by the cracks in space, why are all the creatures above dead?"

"You don't even know this?" Yunlin glanced at Xu Ming unexpectedly, and said, "Don't you know that the virtual universe is destroyed, and almost all of the creatures inside will die?"

Xu Ming shook his head lightly, he really didn't know.

Yunlin explained: "The virtual universe is like a giant tree! And the creatures inside are like the leaves on the giant tree! The giant tree is dead, how can the leaves live?"

Xu Ming understood: "Then... in the entire virtual universe, no one strong can survive?"

"That won't happen!" Yun Lin said, "If you have comprehended the 'real self', or if you have any special means; if you can rush to the 'heavenly land' as soon as possible when the virtual universe is destroyed, there is hope to survive. !"

Xu Ming understands that a strong person who understands the "real self" is like the vigorous leaves on a giant tree; even if the giant tree dies, these leaves may take root and sprout elsewhere.

However, Xu Ming still felt a deep sense of sadness!

A whole virtual universe!

Countless billions of chaotic worlds!

Countless billions of creatures in every chaotic world!

Almost all of them died with the virtual universe at the moment when the virtual universe was destroyed.

“I don’t know... How did the master of this virtual universe fall? How did the virtual universe collapse?” Xu Ming thought to himself.

Chapter 1704: On Their Own Merits

The destruction of the virtual universe is very difficult!

For example, the Divine Phoenix Chaos Realm, even if the Divine Phoenix Realm Lord falls, at most it will only be the end of this chaotic era where the Divine Phoenix Realm Lord lives; the virtual universe will not be destroyed!

Xu Ming didn’t think much about it.

This is not something he should care about now! What he needs to be concerned about most now is how to obtain the “Chaos Protonuclear Fragment”, which is a level 21 hanging point!

Every time a piece of chaotic pronuclear fragment is obtained, it is a huge gain for Xu Ming!

Xu Ming and Yun Lin quickly entered the space crack.

After passing through the space channel formed by the chaos of time and space in the virtual universe, Xu Ming arrived at other frontiers in the virtual universe in a short time.

“We are in this territory, search for the chaotic pronuclear fragments!” Yun Lin said.

When the virtual universe is destroyed, the chaotic original nucleus will collapse and shatter into billions of pieces, blasting all over the entire virtual universe. Therefore, every territory in the virtual universe will have a lot of chaotic pronuclear fragments.

but...

The chaotic pronuclear fragments are just so big, if you look for them aimlessly, it will be even more difficult than finding a needle in a haystack!

Fortunately, Yun Lin, Xu Ming's ally, still has some experience: "Let's find a dead beast!"

"Dead beast?" Xu Ming obviously hadn't heard of it.

This time, there was no surprise in Yunlin's eyes; obviously, he was used to Xu Ming's "ignorance".

"Life and death are opposites! This virtual universe has been shattered, and there is no 'angry' anymore; and 'death qi', on the contrary, when the vigor of death is at its most prosperous to a certain extent, it will converge into a dead beast!" Yunlin explained.

"So it is!" Xu Ming nodded.

In the Divine Phoenix Chaos Realm, Xu Ming had never seen a dead beast. After all, the "anger" in the Divine Phoenix Chaos Realm completely suppressed the "dead aura"; even if there was an occasional death aura, it couldn't condense into a dead beast.

Moreover, even if a dead beast appears occasionally, I am afraid that poor dead beast will be caught and played before it has time to show its power. This is a rare species!

And in this shattered virtual universe, dead beasts are rampant!

Yunlin said again: "The weakest dead beasts are all in the Chaos Realm! Although the dead beasts don't have much wisdom, they will devour each other and strengthen themselves! But... ordinary dead beasts, the strongest can only reach the strength of the peak of Nirvana Realm. ; And dead beasts can't comprehend the 'real self', so it's nothing to be afraid of! It's just a group of beasts with brute force but no realm!"

“But...” Yunlin continued, “Dead beasts that devoured chaotic pronuclear fragments are not easy! Although, they still can’t comprehend the realm, but they can rely on pure power to reach the domain master realm, or even stronger. What we have to do now is to find powerful dead beasts, they can find Chaos Pronuclear Fragments!”

“it is good!”

Xu Ming and Yun Lin began frantically searching for traces of dead beasts in this territory.

In the shattered virtual universe, dead beasts are rampant all over the place, but the two found a lot of dead beasts; however, they are only some of the dead beasts at the Chaos Realm and Xuanhuang Realm levels. These dead beasts are too weak, and it is almost impossible to search for chaotic pronuclear fragments.

Finally, under the slow flow of time in the virtual universe, after searching for several months, Xu Ming and Yunlin finally found a dead beast in Nirvana!

“Follow it!” Yun Lin said, while observing the strength of this dead beast, “This dead beast should have swallowed the chaotic pronuclear fragments, and its strength has surpassed the peak of ordinary Nirvana Realm, and it should be comparable to the ‘Illusory Self Realm’. ‘!’”

Imaginary realm, fantasy realm, real self realm!

The pinnacle of Nirvana in the Illusory Self Realm is much stronger than the normal pinnacle of Nirvana!

However, this dead beast was no threat to Xu Ming and Yunlin.

“It devoured chaotic pronuclear fragments?” Xu Ming just wanted to say that it was a waste of time!

You know, this is the treasure that Xu Ming could not ask for! Just like this, being swallowed by a dead beast without any wisdom?

“Normal!” Yunlin said, “Most of the chaotic pronuclear fragments will be swallowed by dead beasts! After all, when the virtual universe is destroyed, they will appear almost soon; when we enter the virtual universe, they will A lot has been swallowed up! If the strength of the dead beast is strong to a certain level, it will even awaken its wisdom, and then quietly leave the shattered virtual universe; of course, the vast majority of possibilities are that all dead beasts follow the virtual universe. shattered and disappeared!”

After all, the dead beast that Xu Ming and Yunlin tracked had limited intelligence, so it was not found to be tracked at all; it took care of itself, like a dog, smelling the “smell” of chaotic pronuclear fragments in the void.

Swish!

Suddenly, the dead beast trembled all over, as if it had exploded.

“It has found chaotic pronuclear fragments!” Yunlin continued.

Sure enough, in the distance of the void, more than ten streamers cut through the void. Every streamer is a fragment of a chaotic original nucleus!

“Quickly shoot and kill this dead beast! Otherwise, it will swallow all these chaotic pronuclear fragments; if swallowed by it, it will be useless!”

call out

Xu Ming and Yun Lin quickly turned into streamers and killed the dead beast who helped them lead the way.

Xu Ming’s attack was the first to arrive~www.readwn.com~ The dead beast was shaken all over and became weaker; while Yunlin, who followed closely, attacked the dead beast, but the dead beast was weak. Most of the time!

An attack, a high-level judgment at least Yunlin thinks so.

boom!

The two shot again and directly killed this ignorant dead beast.

Afterwards, the two of them even faced the flying chaotic pronuclear fragments.

The chaotic pronuclear fragments continue to tear the void, and the trajectory is unpredictable.

Xu Ming didn't show his strength much, but he easily obtained ten chaotic pronuclear fragments. And Yunlin, although he tried his best, but because of his bad luck, when the chaotic pronuclear fragments changed their trajectory, it seemed to avoid him; as a result, he jumped up and down, and only got three fragments.

"This..." Yunlin looked at the poor three pieces in his hand, feeling a little embarrassed, "Brother Xu Ming, this is too unfair, isn't it?"

Xu Ming smiled and said, "Brother Yunlin, before we come in, we can agree! How many treasures we can get depends on our ability!"

Of course, Xu Ming could see that Yunlin wanted to separate out a few chaotic pronuclear fragments; but, how could this be possible?

"Yes! It's up to you!" Yun Lin suddenly laughed a little weirdly.

next moment

boom!

Yun Lin's aura directly blocked the surrounding void.

"This is you?" Xu Ming looked at Yun Lin in fright.

"It's up to your ability!" Yunlin finally tore his face completely and looked at Xu Ming playfully, "I think, based on my ability, the ten chaotic pronuclear fragments you just got, and all the treasures on your body, It's all mine!"

Chapter 1705: What Did You Just Say?

“I think, with my ability, the ten chaotic pronuclear fragments you just got, as well as all the treasures on your body, should belong to me!”

In fact, before entering the virtual universe, Yunlin was intentionally observing Xu Ming!

When he found out that it was the first time that Xu Ming came to this shattered virtual universe, he had already made Xu Ming his target—usually, people like Xu Ming would not be very strong!

And in the shot just now, it can be seen that Xu Ming’s strength is only a very ordinary “real me first-order”! The difference between his “real second-order” strength is very obvious!

Now, seeing that Xu Ming had obtained ten chaotic pronuclear fragments, Yun Lin finally showed his fangs.

“This...” Xu Ming pretended to be frightened and said, “Hand over the treasure, will you let me go?”

let you go?

Yun Lin sneered and said to himself: How naive! After entering this imaginary universe that is about to be destroyed, all contact with the outside world is cut off; anything that happens here is almost impossible for the outside world to know! And let Xu Ming’s words go, isn’t it “cutting the grass without eradicating the roots”?

There is no doubt that, no matter what, Yunlin would never let Xu Ming go!

However, because he was worried that Xu Ming would deliberately destroy the treasure before he died, Yun Lin said, “If you honestly hand over the treasure, you can naturally consider letting you go!”

“Oh...” Xu Ming seemed to be in hesitation.

“Decide now! Is it death or treasure?” Yunlin sneered.

“I...”

Xu Ming was about to answer, but at this moment, a terrifying deathly aura enveloped the void.

“This is...?” Yun Lin’s expression changed – this terrifying deathly aura made him feel fear!

“It’s a powerful dead beast!” Yun Lin immediately understood.

You must know that the most powerful among the dead beasts can even have a strength comparable to the domain master realm or even stronger with pure power!

Judging from the terrifying dead aura I felt, this dead beast that appeared out of nowhere was undoubtedly the strength of the domain master realm! Moreover, in terms of strength, I am afraid that it is stronger than Yunlin, who is “the second-order true self”!

Yunlin suddenly cautiously guarded the surrounding area, and his heart was even colder: “I have reached the ‘Second Rank of the True Self’, and the strength is comparable to that of a low-rank domain master; and this dead beast can give me such a lot of pressure, I’m afraid... it’s a dead beast with the strength of a mid-rank domain master!”

The master of the domain!

This is no longer the strength that Yunlin can resist!

At the level of Nirvana, only a genius who has realized the “third-order true self” can be comparable to the master of the middle-rank domain.

Thinking of this, Yunlin became more and more terrified, and even shouted to Xu Ming, “You and I will join forces to deal with this dead beast!”

“Oh?” Now, it was Xu Ming’s turn to have a playful smile on his face, “Join us?”

“Don’t talk nonsense!” Yunlin shouted repeatedly, “If you don’t want to join forces, we will both die here together! Don’t worry, as long as you deal with this dead beast, I will never attack your treasure. From now on We parted ways and went our separate ways!”

“Really?” Xu Ming smiled playfully again, but still said, “Okay!”

He wanted to see what other tricks Yunlin could play.

After all, in Xu Ming’s eyes, Yunlin, who is “the second tier of the real me”, can’t make any waves at all.

“When the dead beast appears, we will kill it together!” Yunlin explained.

The voice just fell-

call out!

A black alien beast, like a black lightning bolt, instantly ripped apart the space and killed Xu Ming and Yun Lin.

“It’s interesting!” Xu Ming secretly thought, the long spear was already in his hand.

Xu Ming could see that the strength of this dead beast had indeed reached the level of “True Self Level 3”, that is, the level of “Middle Grade Domain Master”. However, the middle-rank domain master level is also divided into strengths and weaknesses – for example, the prisoner who was enslaved by Xu Ming is relatively strong in this level; and the dead beast in front of him is relatively weak!

To Xu Ming, of course, there is no threat!

“Kill!” Yun Lin shouted.

boom-

Xu Ming immediately rushed out.

And Yunlin... actually threw a piece of chaotic pronuclear fragment in one direction; then, he fled in the opposite direction—obviously, he wanted to use Xu Ming to delay the dead beast and buy himself time to escape!

“Huh?” Of course, Xu Ming immediately noticed Yun Lin’s actions, and immediately laughed.

Yun Lin also laughed – in his opinion, Xu Ming could no longer escape the claws of the dead beast!

However... Yunlin hadn’t escaped very far when he suddenly saw that an extremely terrifying aura erupted from Xu Ming!

boom! !

The strength of this momentum is obviously better than that of dead beasts!

“What!?” Yun Lin was startled, “Could it be that... he has always been hiding his strength?”

Before Yun Lin was shocked, Xu Ming had already collided with the dead beast!

boom! !

This shot is already Xu Ming’s full-strength shot in the open state!

With one shot, the strength is comparable to the strength of the “middle-grade domain master”, and he was directly killed by...!

“Uh?” Xu Ming couldn’t help but startled, “One shot to kill?”

With Xu Ming’s normal strength, of course, it is impossible to kill the dead beasts at the main level of the middle-rank domain with one shot; but with this shot, Xu Ming directly triggered the “life and death” hanging!

Under the “instant kill” effect of “life and death”, the unlucky dead beast was wiped out to the point that there was no **** left before it had time to show off its mighty power!

“What!!?” Yun Lin was so shocked that his eyes popped out~www.readwn.com~ One shot instantly! ? ”

Of course Yun Lin didn’t know that Xu Ming opened the plug-in and triggered the “seckill” effect. He also thought that Xu Ming was able to kill this dead beast with one shot!

“This...” Yun Lin was too frightened to speak.

You know, this is a dead beast comparable to the strength of a “middle-grade domain master”! Even if the top-rank domain master came, he might not be able to kill in one shot, right?

“Among the powerhouses who have entered this virtual universe, I’m afraid... it’s also the domain master Yi Tao, who has the hope of killing them in one shot, right?” Yun Lin thought secretly.

The domain master Yi Tao, but the top existence among the high-rank domain masters, is attacking the realm of the realm! And Xu Ming is actually on the same level as the domain master Yi Tao?

Thinking of this, Yun Lin almost wanted to die – didn’t he just want to kill people and make money? He actually reached the same level of power as the domain master Yi Tao?

At the same time, Yunlin was also scolding in his heart – you said that you are such a powerful power, why do you pretend to be a newbie and form an alliance with me... Isn’t this just kidding me?

But this kind of words, Yun Lin can only think about it in his heart, no matter what he dares to say – he still wants to die!

At this time, the only thing Yunlin could be happy about was that he hadn’t had time to shoot Xu Ming! If he had made a move, he would probably be dead by now!

“Xu...Brother Xu Ming...” Yun Lin didn’t even dare to escape.

Xu Ming smiled lightly: “By the way, Brother Yunlin, what did you just say?”

Chapter 1706: I Look So Bullied?

“By the way, Brother Yunlin, what did you just say?”

“I...” Yun Lin was about to cry without tears – this was simply a textbook “kick to the iron plate”!

“I... I said to join forces...” In the face of Xu Ming, who can kill the “middle-grade domain master” with one shot, Yun Lin couldn’t even speak!

You must know that Yunlin’s strength is only at the level of “Lower Domain Master”; in his own opinion, it is not enough for Xu Ming’s shot!

“Not this!” Xu Ming shook his head gently, “Go up!”

“Up?” Of course Yunlin knew what Xu Ming was referring to; just now, he said very arrogantly—I think, based on my ability, the ten chaotic pronuclear fragments you just got, and everything on you Treasures belong to me!

“Brother Xu Ming, I am willing to hand over all the treasures, just for a way to survive!” Yunlin said immediately.

“Really?” Xu Ming sneered, “Just now... I didn’t feel it, you will give me a way to live!”

“I...” Yunlin was finally so frightened that he threw the treasures around, and then the whole person shattered the time and space, and flew away – he naively hoped that Xu Ming would go after those treasures instead of chasing him!

It’s a pity... Yun Lin thinks too much!

boom-

Almost at the same moment, Xu Ming killed him directly; the substantive murderous aura made Yunlin feel the countdown to death.

“Brother Xu Ming, no—” Yunlin pleaded repeatedly.

It’s just that Yunlin knows the truth of “cutting the grass and eradicating the roots”, doesn’t Xu Ming know?

Xu Ming is really a “cute newcomer” in the disordered frontier, he doesn’t dare to let Yun Lin go; what if he lets go of Yun Lin, will it bring revenge? Therefore, the best way is to kill Yunlin in this virtual universe that is isolated from the outside world!

Soon, Xu Ming caught up with Yun Lin!

boom-

This shot failed to trigger the “life and death” hang, but it also had the strength of a “middle-grade domain master”!

Yunlin was slightly startled—he thought that he would be instantly killed by a single shot; it turned out that Xu Ming’s strength was not as strong as he thought!

But even if it is not as strong as he imagined, the strength of the “middle-grade domain master” level is not something that Yunlin can compete with!

Yun Lin couldn’t resist at all, he could only keep begging for mercy; in the end... he died amid the constant begging for mercy!

“Why bother?” Xu Ming killed Yun Lin mercilessly, and shook his head sarcastically – Xu Ming never took the initiative to bully others, but there are always people who don’t know what to do!

After that, Xu Ming quickly put away the treasures that Yunlin threw in all directions – after all, there are quite a few level 20 hanging points! That’s enough for Xu Ming to use up the plug-in this time!

Moreover, Xu Ming also got a few chaotic pronuclear fragments!

“Heh! Continue to look for the chaotic pro-nuclear fragments!” Xu Ming secretly said.

Chaos Pronuclear Fragment is a level 21 hanging point!

The more high-level hanging points, the stronger Xu Ming’s strength! After he has enough level 21 points and enough strength, Xu Ming can compete for level 22 points again!

Xu Ming estimated that when he got a certain number of level 23 hanging points, he should almost be able to stand on the same level as Gu Hanmo! At that time, we will be able to join forces with Gu Hanmo to fight against the enemy!

“Han Mo, wait for me!”

After getting a few chaotic pronuclear fragments, Xu Ming suddenly felt that the gap between himself and Gu Hanmo had narrowed!

...

This shattered virtual universe is no smaller than the Divine Phoenix Chaos Realm.

In such a huge space and time, looking for chaotic pronuclear fragments is indeed like looking for a needle in a haystack. Fortunately, Xu Ming already knew that he could rely on dead beasts to find fragments of the primordial chaotic nucleus; therefore, the search was not very blind.

Keep looking.

Xu Ming’s 21-level hanging points continue to increase!

20, 50, 100...

The number of times Xu Ming encountered other treasure hunters also gradually increased.

Moreover, what makes Xu Ming speechless is that every wave of treasure hunters he encounters will attack him!

Obviously, Xu Ming's "cute new look" when he was outside the virtual universe made other great masters think he was a soft persimmon!

Gradually, Xu Ming discovered that the chaotic pronuclear fragments he found were not as many as "sent" by other great powers...

A domain near the center of the virtual universe.

Xu Ming was surrounded by several Nirvana realm powerhouses again!

Among the five nirvana realms, one is barely comparable to the strength of the "middle-rank domain master", and the other four also have the strength of the "low-grade domain master" – those who dare to come to the shattered virtual universe to win treasures are generally at least comparable to the "low-grade domain masters". The strength of the domain master.

"Everyone..." Xu Ming smiled and looked at the five great powers surrounding him.

"Don't talk nonsense! Die!" The five Nirvana realm masters did not even give Xu Ming a chance to speak, so they started directly.

Five fierce attacks swept through, but Xu Ming smiled bitterly: "I look so easy to bully? Why do you have to shoot at me no matter who you meet..."

Xu Ming is also really drunk!

I can only blame myself for having such a bullying face!

"However... I have benefited a lot from fighting against so many strong men who have stepped into the realm of the 'real self'!" Xu Ming thought to himself, "The 'real self' I imagined has gradually improved, and it should be It's almost time to try to deduce the 'Illusory Realm'!"

Imagination, fantasy, real me!

If the deduced “Illusionary Realm” is relatively stable and strong, it means that Xu Ming is on the right path! When the foundation is solid~www.readwn.com~, you can break through the “real self” from the “illusory self”!

boom! boom! boom! boom! ...

Soon, the five “Send Fragments” great powers all fell under Xu Ming’s spear and couldn’t rest their eyes.

As for Xu Ming, it was a blessing to his heart, as if he had an epiphany: “Yes! That’s how it feels!”

After beheading these five “real self” powerhouses, Xu Ming felt strongly that he should be able to step into the “illusion self realm”!

“Find a place to retreat first and break through the ‘Illusory Self Realm’!”

Xu Ming’s current “normal combat power” is almost the peak of the mid-rank domain master! After breaking through to the “Illusory Self Realm”, the strength should be able to go to the next level and truly reach the master level of the upper-grade domain!

In that case, in this virtual universe, Xu Ming would be hard to beat!

As for finding Chaos Pronuclear fragments?

Xu Ming thought about it for a while, but he was too lazy to continue looking for it – after all, he was looking for Chaos Proto-nuclear fragments by himself, and there was no other power that could “send” him quickly!

So, don’t look for it, wait for someone to “send” it!

“When I break through the ‘Illusory Self Realm’, I will go to the exit of the virtual universe and wait for the rabbit!” Xu Ming thought maliciously, “At that time... when one comes out, I will rob one!”

Almost all the space-time membrane walls of this virtual universe are in a chaotic state; there is only one exit for the entire virtual universe! As long as Xu Ming guards the exit, the chaotic original nuclear fragments really can't escape!

“Just do it!”

Xu Ming quickly plunged into a deadly chaotic world, hid in the core of this world, and began to practice.

Chapter 1707: Oriole

The shattered virtual universe.

Endless space cracks, constantly tearing the chaotic void.

Xu Ming hides in the core of a world, and he realizes the “Illusory Self Realm” without distractions.

“In the ‘imaginary realm’, the Tao I comprehended is from nothingness! However, as I deepened my understanding, I gradually discovered that ‘from nothingness’ is not so simple! If you want to step into the illusionary realm, then I not only want ‘from nothing to produce everything’, but also ‘from nothing to produce me’!”

In the depths of Xu Ming's heart, an illusory self gradually formed – this is the sign of Xu Ming stepping into the “Illusory Self”.

Xu Ming's eyes became brighter and brighter, as if he had discovered the truth.

“This illusory me is much stronger than the real me!”

This is the power of “Illusionary Realm”! If the “illusory self” that you comprehend is extremely powerful, it will even be stronger than your real self!

And the “Illusionary Realm” that Xu Ming understood was obviously an extremely powerful one!

boom!

The realm broke through to the “Illusory Self Realm”, and in an instant, the momentum of Xu Ming’s body underwent earth-shaking changes.

Xu Ming carefully felt his own strength: “In the open state, my strength has already reached the level of the master of the upper-grade domain!”

With such strength, in this shattered virtual universe, it is absolutely possible to walk sideways!

Moreover, Xu Ming still has “infinite avatars” hanging on it; if he summons a few avatars at random, even the domain master of Yi Tao will be hanged and beaten by him!

“Exit!”

Xu Ming directly broke through the chaotic world where he was hiding.

The entire chaotic world was torn apart by him and turned into dust.

“Go to the exit of the virtual universe and stand guard!”

call out-

Xu Ming tore apart the chaotic void and quickly disappeared into this vast territory.

After a while, Xu Ming returned to the exit of the virtual universe. However, when he saw the situation at the exit, he couldn’t help but be stunned: “Huh? So many people?”

Near the exit of the virtual universe, there are hundreds of powerhouses scattered.

However, these powerhouses are scattered around the exit in a tacit understanding, and no one is close to the exit.

“They are...?” Xu Ming couldn’t help but wonder.

At this time, hundreds of powerhouses also discovered Xu Ming.

One of the green-browed strong men shouted loudly: “Hand over all the chaotic pronuclear fragments on your body!”

“Uh...” Xu Ming finally understood, “They also came to the exit to guard? And they came earlier than me?”

This is embarrassing!

Xu Ming was originally here to “wait for the rabbit”! As a result, when he arrived at the “strain”, he found that someone had regarded him as a “rabbit”!

“I don’t have any chaotic pronuclear fragments?” Xu Ming asked.

“No?” The green-browed strong man snorted coldly, “Then go to hell!”

boom-

Behind Xu Ming, in a hidden space, more than ten powerful people suddenly appeared! Obviously, when Xu Ming arrived here, he was already surrounded by siege.

“Oh?” Xu Ming smiled, “It’s interesting!”

However, Xu Ming did not intend to kill this group of people for the time being, because he suddenly had a flash of inspiration and thought of a problem – waiting for the rabbit, it sounds beautiful; but in fact, it is both laborious and offended. If you encounter a powerful force Whoever, we have to fight a fierce battle!

To put it simply – wait and see, it’s not an easy job, but a dirty job!

“Level 20 hanging point, it doesn’t make much sense to me anymore! Just let this group of people help me grab some chaotic pronuclear fragments first; then, I’ll just rob them directly!” Xu Ming secretly said.

If you do this, it will be easier and fewer people will be offended.

boom! boom! boom! boom! ...

At this time, dozens of strong men were already killing Xu Ming!

Xu Ming didn’t show his true strength, he just pushed back the few powerhouses who came over, and then he took his way and ran back to the depths of the virtual universe.

“You guys have to help me ‘catch the rabbit’!” Xu Ming couldn’t help but thought to himself.

But at this moment, Xu Ming suddenly felt a warning sign and felt a sense of crisis.

boom-

A tyrannical attack broke through the chaotic void and instantly appeared beside Xu Ming.

“Huh?” Xu Ming dodged and avoided the attack, but his expression was a little ugly, “High-grade domain master?”

This attack has reached the level of “top-grade domain master”!

If it wasn’t for Xu Ming’s strength breaking through to the top-rank domain master, he might not be able to avoid this attack.

“And an ambush?” Xu Minglian was on guard.

However, an arrogant figure came out from the depths of the void, looking at Xu Ming with a smile on his face: “Little friend is really hidden!”

“What do you mean by this, Your Excellency?” Xu Ming did not rush to start, but looked at the other party.

“It doesn’t make any sense! Just invite a little friend to come and make a ‘origin’ together!” The arrogant figure said with a smile.

“The oriole?” Xu Ming asked suspiciously.

“Not bad!” said the arrogant figure, “The mantis catches the cicada, and the oriole is behind! How can the chaotic pronuclear fragments in this virtual universe be possessed by the weak? Only those who have the strength to reach the master level of the upper-grade domain are eligible. Have it! – Let’s first let the group of mantises help us collect the chaotic pronuclear fragments at the exit of the virtual universe, and when they are almost collected, we will go over and **** them!”

“Uh...” Xu Ming couldn’t help but be speechless – Jiang is still old and spicy! He thought that this method was only thought of by himself; he didn’t expect that someone else had thought of it first! And it seems that the means are still very sophisticated, obviously it is not the first time to do this kind of thing!

Moreover, Xu Ming heard that ~www.readwn.com~ The other party should be testing himself just now; only after confirming that he has the strength of the master level of the upper-rank domain, he invited himself to be a “origin” together.

If you are not strong enough, the other party will probably kill you directly!

“Please come with me!” said the arrogant figure.

Expert Xu Mingyi was daring, but he was not afraid of any conspiracy by the other party, so he swaggered and followed.

The lonely figure’s eyes lit up: “The little friend really has something to rely on! My dear Jiang Taichu, what is the name of the little friend?”

“Xu Ming!” Xu Ming said lightly.

After flying with Jiang Taichu for a while, soon, the two fell into an inconspicuous chaotic world.

Xu Ming saw that in this chaotic world, there are dozens of strong people; looking at their momentum, every one of them should be at the master level of the high-rank domain! Even the famous and intimidating domain master Yi Tao was listed.

Jiang Taichu took the lead in falling to this chaotic world, and said with a smile: “This is Xu Ming’s little friend, who escaped the siege at the exit of the virtual universe! I also tried to test it, he has the strength of a high-rank domain master!”

It was when Jiang Taichu was monitoring the exit of the virtual universe that he discovered Xu Ming and then tried to test it.

“The strength of a superior domain master? Yes! You are qualified to be a ‘origin’ with us!” Dozens of strong men in this chaotic world dare not despise Xu Ming; the domain master Yi Tao also nodded and agreed with Xu Ming’s addition.

After that, the domain master Yi Tao continued to talk about Xu Minglai’s previous topic: “Let’s continue to talk about how to distribute the treasures at that time!”

Chapter 1708: Distribute

“Let’s continue to talk about how to distribute the treasures at that time!”

Dozens of “high-rank domain masters” level powerhouses looked away from Xu Ming and returned to the domain master Yi Tao.

At this time, Jiang Taichu also said: “Everyone here is the existence of the master level of the high-grade domain! In the fateful day, it can be regarded as a character more or less!”

The strong men nodded.

Don’t look at the dozens of high-rank domain masters gathered here, I think there are many powerhouses at this level! You must know that every high-rank domain master means having “supreme potential” – even if this potential is very small, it is almost impossible to become supreme, but it is also supreme potential!

In fact, in Destiny Heaven, thousands of virtual universes, high-grade domain masters are very rare! Many world masters who are at the domain master level directly break through from the “middle-grade domain master peak” to the world master realm, and will never go through the stage of “high-grade domain master”!

Like in the Divine Phoenix Chaos Realm, although there are 100,000 domain masters, the vast majority of those 100,000 domain owners are only low-rank domain owners, and a few are middle-rank domain owners.

Therefore, Jiang Taichu said that everyone here is a character, and it is no exaggeration!

“But...” At this time, Jiang Taichu said again, “Although they are both at the main level of the upper-grade domain, there are also strong and weak points! Moreover, the gap is huge! So...the distribution of treasures at that time will never be equal. divided!”

All the strong men nodded silently.

Indeed, how big is the gap between the first-level high-grade domain master and the top-grade domain master peak? If they were evenly distributed, the top-ranked domain masters Yi Tao and Jiang Taichu would definitely not be willing to do so; and those high-ranked domain masters at the beginning... I’m afraid they wouldn’t dare to let themselves get so many treasures!

There are too many treasures, and it is also hot!

The domain master Yi Tao also opened his mouth and said: “The treasure of a shattered virtual universe cannot be obtained by anyone alone; even me, I can’t eat it alone! Therefore, I suggest that there are so many of us with the strength of the top-rank domain masters. Strength to distribute treasures; as for other people in this virtual universe, they are not qualified to share treasures with us!”

Dozens of high-grade domain owners seem to be few and few; but you must know how huge the gap is between high-grade domain owners and middle-grade domain owners and low-grade domain owners? – What’s more, among the powerhouses who entered this shattered virtual universe, there are many strengths that have not even reached the masters of the lower rank, but are only “first-order true self” Nirvana.

Therefore, these dozens of high-rank domain masters can indeed sweep tens of thousands of powerhouses in the entire virtual universe!

“Yitao Domain Master, Tai Chu Domain Master, just say directly, how should we distribute it? If it is similar, we will not have any opinions!” said a high-grade Domain Master.

“Okay!” Jiang Taichu said, “Then I’ll tell you straight-out of the dozens of us, Yi Tao is the strongest and should get the most shares; if he gets 30%, it shouldn’t be a problem, right?”

Thirty percent?

Xu Ming frowned slightly.

One person, took away 30% of the treasures of the entire virtual universe?

However, other high-rank domain masters seem to have no opinion; moreover, the strength of the domain master Yi Tao, if placed in the Divine Phoenix Chaos Realm, may be called “invincible under the realm master”. Therefore, Xu Ming did not refute for the time being.

Jiang Taichu continued: “I am also the peak of the top-rank domain master, but my strength is slightly lower than Yi Tao, so I can divide it into 20%!”

Twenty percent?

In this way, these two people have divided half of the treasures of the entire virtual universe! — Although the virtual universe is shattered and the chaotic original nucleus is broken; in terms of value, it is far less than the intact virtual universe. But in Xu Ming’s view, such a distribution is too ugly!

Moreover, Xu Ming gradually realized that the domain master Yi Tao and Jiang Taichu were using their other high-rank domain masters as “cannon fodder”!

After all, no matter how strong Yi Tao Yu and Jiang Taichu are, there are only two of them; under the siege of tens of thousands of strong people, they are likely to fall into danger. But now, with the help of dozens of high-rank domain masters, it will be different!

Then, Jiang Taichu talked about the distribution of the treasures of dozens of other powerhouses.

According to the strength displayed by each strong man, the proportion of the points is different. Those who are more, get 5%; and those who are less, such as Xu Ming, only get 1%!

What surprised Xu Ming was that the other top-rank domain owners had no opinion on such a distribution plan.

But it's normal to think about it. Even if these ordinary high-rank domain masters do not join forces with Yi Tao and Jiang Taichu, they will act alone; the treasures they can obtain may not necessarily be more!

After Jiang Taichu finished speaking, he glanced around: "If there is no opinion, just follow this allocation plan? If anyone feels that they have been allocated less, they can challenge the allocated more now – all rely on strength to speak! "

No one made a sound.

"If that's the case, then..."

Jiang Taichu really wanted to come to a conclusion, but heard Xu Ming say, "Hold on!"

"Little friend Xu Ming, what's your opinion?" Jiang Taichu looked at Xu Ming with a smile.

"Yes!" Xu Ming said decisively – he just felt that he had been allocated less!

Only one percent, how could Xu Ming be willing?

Even 10%, 20%~www.readwn.com~ Xu Ming is too little!

"Then you want to challenge...?" Jiang Taichu asked.

"Is it possible to challenge anyone?" Xu Ming asked rhetorically.

“Yes! Anyone can!” Jiang Taichu said, “As long as you have the strength, you can get more points! But...you have only one chance to challenge!”

“Oh!” Xu Ming smiled meaningfully, “Then I want to challenge...”

All the high-rank domain masters looked at Xu Ming with disdain in their eyes.

You know, who can become the master of the high-grade domain, who has no arrogance in his heart? Outside of the virtual universe, when they saw Xu Ming’s calm momentum, they didn’t pay much attention to Xu Ming; now, if Jiang Taichu had not verified Xu Ming’s strength, other high-rank domain masters would probably not accept Xu Ming as ” oriole”.

And now, Xu Ming, a newly arrived oriole, is still dissatisfied with the distribution of treasures, and has to challenge other high-rank domain owners?

It’s simply incomprehensible!

“Who will he challenge?”

“I feel that Xu Ming’s strength should only be at the primary level of the upper-level domain master, and he can only be allocated so many treasures! Could it be that he wants to challenge the upper-level domain master and the middle-level powerhouse?”

“Look! Maybe, this battle will make Xu Ming realize that the sky is high!”

Many high-rank domain masters and powerhouses looked at Xu Ming jokingly, and spoke quietly through voice transmission.

“What I want to challenge is...” Xu Ming’s eyes swept across the powerhouses one by one; after a slight pause on Jiang Taichu’s body, he finally landed on the domain master Yi Tao, “That’s... the domain master Yi Tao. !”

Chapter 1709: Playing A Clone In Front Of Brother Ming?

“What I want to challenge is... Domain Master Yi Tao!”

Xu Ming's voice fell.

There was a dead silence in the air.

Dozens of high-ranking domain masters stared at Xu Ming in disbelief. After a long time, all the great talents began to transmit voices: "He... he wants to challenge the domain master of Yi Tao?"

"What is Xu Ming's confidence in? – Challenge the domain master Yi Tao? Does he think he is the realm master?"

"Haha! The World Lord cannot enter the shattered virtual universe!"

"You know, even if you look at the entire Destiny Heaven, the domain master realm level, the strength is stronger than the Yi Tao domain master, I am afraid there are not many! I don't know where Xu Ming appeared, think he is?"

Even the Domain Master Yi Tao himself looked at Xu Ming in disbelief: "Are you going to challenge me?"

How long has the domain master Yi Tao been challenged!

At the domain master level, no one dared to challenge him! At the realm level, it is impossible to challenge a domain master!

And now, in this shattered virtual universe, Xu Ming, who has never been taken seriously by himself, is going to challenge himself!

After being shocked, Domain Master Yi Tao couldn't help laughing!

"Xu Ming!" Jiang Taichu shook his head and smiled, "Don't you know the domain master Yi Tao? He is the pinnacle of the top-rank domain master!"

Jiang Taichu seemed to be reminding Xu Ming, but in fact he was telling Xu Ming – don't bring shame on yourself!

“High-grade domain master peak?” Xu Ming said lightly, “I know!”

“I know you still...” Jiang Taichu wanted to say something, but suddenly realized that since Xu Ming knew, he must have some confidence!

“Oh?” The domain master Yi Tao also restrained his smile, “Alright, I’ll let you know that the peak of the top-rank domain master is also divided into strengths and weaknesses!”

For example, Yi Tao and Jiang Taichu are both at the top of the top-rank domain masters; and Yi Tao is stronger than Jiang Taichu.

“Please!” Xu Ming already had a spear in his hand.

Xu Ming is naturally 100% sure of winning this battle; it’s nothing more than a question of how to win, whether to open an “unlimited clone” or not.

wow—

The other powerhouses stepped back one after another, leaving enough space for the two of them to fight.

They also wanted to see if Xu Ming was really strong enough to challenge the Domain Master Yi Tao.

“Can Xu Ming win?”

“How is it possible to win – if he really has the strength of the top-rank domain master, he has long been known to the entire Destiny Heaven, how could he have been unknown until now, and suddenly appeared?”

“Not bad! The top-rank domain master peak is rarer than the world master realm powerhouse. How could it suddenly appear?”

...

Xu Ming and Yi Tao's domain master are far away from each other.

In the hands of the domain master Yi Tao, there was a bow and arrow that was much larger than his own! The arrows alone are bigger than Xu Ming's spear!

boom-

Lord Yi Tao controlled the divine power and drew the bow and arrow. Suddenly, a huge sense of threat enveloped Xu Ming.

Jiang Taichu shook his head silently by the side: "Xu Ming is too far away from Yi Tao! At this distance, even me, it is difficult to get close to Yi Tao's body; without fighting, Yi Tao is already invincible!"

call out-

A shocking light pierced through the endless void.

"Come on!" Xu Ming glanced at him, "Let me see what the strength of the top-rank domain master is! It's just right, I can verify my own strength!"

After Xu Ming broke through to the "Illusory Self Realm", he hadn't really made a move, so he still couldn't accurately know his strength. I only know that I am a top-rank domain master, but I don't know if I have reached the peak of a high-rank domain master.

This battle is Xu Ming's trial battle!

"Break it for me!"

boom-

Xu Ming swept his spear angrily, and slammed directly at the arrows that were shooting at a high speed.

“Head to head?” Domain Master Yi Tao couldn’t help laughing—you must know that he is good at attacking, and defense is an absolute weakness! In the case of attacking attack, Yi Tao is confident and has no opponent at the domain master level; even if it is a weaker world master, he dares to try it!

only...

The owner of the domain of Yi Tao did not know that Xu Ming had an add-on and had no flaws in offense and defense; Xu Ming would also not be afraid of anyone if he confronted him head-on.

boom!

The shocking collision caused the chaotic void of hundreds of millions of worlds to be torn into dense space cracks in an instant; in a flash, all the space cracks merged together, and the entire space was instantly annihilated!

Xu Ming retreated several worlds, and the arrows of the domain master Yi Tao were directly thrown into the endless distance. Judging from this head-on collision, Xu Ming should have some advantages.

“What!?” The domain master Yi Tao couldn’t help but be startled, but then he laughed, “Even if you are strong, you can’t get close to me, what’s the use! I want to see, how many arrows can you pick me up? without defeat!”

call out! call out! call out! call out! ...

The arrows of the domain master Yi Tao shot out one after another—using bows and arrows as weapons, almost gave up all defenses! However, like Domain Master Yi Tao, who cultivates attack to the extreme, perfectly interprets what it means: Offense is the best defense!

call out! call out! call out! call out! ...

One arrow after another, forcing Xu Ming, making Xu Ming unable to approach the Lord of the Domain of Yi Tao.

However, Xu Ming won't always confront the opponent head-on – just now, Xu Ming just wanted to verify whether his strength has reached the peak of the top-rank domain master; now, it has been verified!

Obviously, even in the peak of the top-rank domain masters, Xu Ming is a very strong existence!

And Xu Ming, he hasn't used the level 21 hanging point yet! If you use the level 21 hanging point to temporarily modify the strength of ~www.readwn.com~ Xu Ming, it will be even stronger!

kill!

While blocking the rain of arrows from the domain master Yi Tao, Xu Ming kept getting closer to the domain master Yi Tao.

Although the Domain Master Yi Tao kept retreating, he was horrified to find that the distance between him and Xu Ming was still shrinking.

“What!?” Domain Master Yi Tao had to admit that Xu Ming's strength exceeded his imagination!

Even Jiang Taichu was shocked: “Xu Ming... I'm afraid he is even better than me!”

As for the other high-rank domain masters around, they were completely stunned for a long time – they never thought that Xu Ming could really compete with the Yi Tao domain master!

“Xu Ming!” Finally, when the distance between Xu Ming and the Domain Master Yi Tao was reduced to only a few realms, the Domain Master Yi Tao couldn't help shouting, “You are very good! It's beyond my expectations!— If you can force me to use the secret skills of clone, you should be proud too!”

boom!

While speaking, the divine body of Lord Yi Tao was directly divided into two parts.

One of the divine bodies has the same imposing manner as before; while the other divine body is obviously a few percent weaker, but it is also comparable to the high-ranking domain masters!

The two Yi Tao domain masters drew their bows and arrows at the same time: “Now, let me see how you can resist!”

“Clone?” Xu Ming couldn’t help but startled – dare to play clone in front of Brother Ming?

That being the case, Brother Ming is here to teach you what a real clone is!

“Unlimited Avatar” hang, open!

boom!

In an instant, ten clones appeared around Xu Ming!

Chapter 1710: Greed Is The Original Sin

“Now, let me see how you can resist!”

The two Yi Tao domain masters drew their bows and arrows at the same time and aimed at Xu Ming.

But immediately, the two domain masters of Yi Tao stood there in unison; the arrows in their hands were also frozen there, unable to shoot.

“Ten... ten clones!?”

Lord Yi Tao looked at one of his clones, then looked at Xu Ming’s ten clones, and almost spurted blood – he thought that he had the secret skills of clones, and the strength of this clone was also quite strong, so it’s just Niu X God It’s over! As a result... Xu Ming has ten avatars for one point, and each avatar is obviously not weak!

What is the gap?

This is the difference!

The domain master Yi Tao still doesn't know that the ten clones are just a warm-up for Xu Ming! As long as Xu Ming is given time and a hang-up point, it will not be a problem for him to fill the entire virtual universe with his clone!

“what!?”

Jiang Taichu and other dozens of high-ranking domain masters were all dumbfounded—this was undoubtedly the most perverted avatar secret skill they had ever seen!

call out! call out! call out! call out! ...

Xu Ming and his ten clones all attacked the domain master Yitao in unison—just to deal with one domain master Yitao. After opening the “infinite clone” and summoning ten clones, he already looked down on him very much; there was no need at all. Split into more clones.

call out! call out! ...

Lord Yi Tao hurriedly shot, trying to stop Xu Ming from advancing.

only...

When the domain master Yi Tao and Xu Ming were one-on-one, they couldn't stop Xu Ming's approach; now they were two-on-one, how could they be able to stop him?

In an instant, the eleven Xu Mings gathered together and killed the Domain Master Yi Tao. And a strong man like the domain master Yi Tao who uses bows and arrows, once he is approached by Xu Ming, the fate can be imagined!

“I admit defeat!” Lord Yi Tao shouted decisively.

Rather than admit defeat after being ravaged by Xu Ming, it is better to admit defeat happily and have some face.

“Yitao domain master... admit defeat...” Jiang Taichu and other dozens of powerhouses were still somewhat unable to accept this fact.

You must know that Domain Lord Yi Tao almost represents the top-level existence under the Domain Lord! To be able to force the domain master Yi Tao to admit defeat, then... Xu Ming's strength has not already entered the realm of the realm with one foot?

“Hi-” Thinking of this, everyone's gaze towards Xu Ming changed.

Xu Ming put away his avatar, looked around, and said, “Now... can I have more treasures allocated to me?”

“This...” All the powers fell into a brief silence.

Jiang Taichu thought about it and frowned, “How many treasures do you want to share?”

Xu Ming said lightly: “The previous distribution ratio of the domain master Yi Tao was 30%! Now, my strength is stronger than his, and I don't want too much. Only 30% is not too much, right?”

Xu Ming's request was indeed not excessive.

However, the reason why Jiang Taichu and Yi Tao domain masters organized so many high-grade domain masters is mainly to earn more treasures for themselves; now if Xu Ming takes 30% of the money, how will they make money?

When Jiang Taichu was hesitating, the Domain Master Yi Tao directly agreed: “It's really not too much! Let's distribute it like this!”

“Okay!” Xu Ming was quite satisfied that he could get 30% of the treasure.

As for how the other high-rank domain masters distribute the remaining 70% of the treasures, that is their own business, and has nothing to do with Xu Ming.

“Yi Tao...” Jiang Taichu whispered, “Why did you agree...”

A strange look flashed in the eyes of the Lord of the Domain of Yi Tao: “Promise is one thing, how much he can take away is another...”

...

Dozens of high-rank domain masters did not search for chaotic pronuclear fragments much.

Anyway, there is only one exit of this virtual universe; as long as you keep it here, the chaotic pronuclear fragments will not be able to escape.

“It’s almost time!” Jiang Taichu, who was in charge of monitoring the exit, said, “More than 30% of the powerhouses have left this virtual universe! And recently, more and more powerhouses have come to the exit! – It’s time Get started!”

“it is good!”

“it is good!”

Dozens of high-rank domain masters all have bright eyes and sharpen their knives.

“Can you finally do it?” Xu Ming was also looking forward to it. “I don’t know, how many chaotic pronuclear fragments will be obtained in the end?”

“Set off!”

call out! call out! call out! call out! ...

Dozens of high-rank domain masters, all of them dispatched together, quietly attacked the exit of the virtual universe—the powerhouses who blocked the exit were all middle-rank and even low-rank domain masters. Although there were hundreds of them, But it is impossible to be the opponent of dozens of high-grade domain masters!

When Lord Yi Tao, Jiang Taichu, and Xu Ming rushed to the exit together, the strong men who blocked the exit all showed fear; they almost did not hesitate to flee!

Swish! Swish! Swish! Swish! ...

One after another, the powerhouses all showed their means and swept towards the exit.

“Want to escape!?” Lord Yi Tao split into two instantly, raised his bow and arrow, and shot two arrows from afar, towards the two powerhouses fleeing at the front.

At the mid-level domain master level, it is absolutely impossible to block the attack of the domain master Yi Tao; the two middle-grade domain masters were both killed by an arrow.

“Death! Or hand over the treasure!” Jiang Taichu shouted loudly.

Dozens of high-ranking domain masters also rushed forward.

“We hand over the treasures! We hand over the treasures!” These powerhouses who blocked the exits obviously knew very well that things like “robbery” and “being robbed” are very common in the disordered frontier. In the face of the absolute strength gap, they made the right choice in an instant.

“This is my world ring!”

“This is all the treasures in my inner world! If you don’t believe me, you can check my inner world!”

“Hey... If I knew earlier, I wouldn’t be so greedy~www.readwn.com~ I’ve robbed some, so it’s time to leave!”

“Too greedy!”

The powerhouses who blocked the exits, while handing over the treasures cooperatively, felt remorse.

Jiang Taichu was responsible for putting away the treasures one by one.

These powerhouses left treasures, but no one embarrassed them, and let them leave the virtual universe directly.

After that, dozens of high-rank domain masters directly replaced the original group of powerhouses and blocked the exit – nearly 70% of the powerhouses in the virtual universe did not come out!

Xu Ming looked at Jiang Taichu: “Tai Chu Domain Lord, should we distribute the treasures first?”

If you have nothing to do, of course you have to sit down and divide the spoils first.

“Distribute treasures?” Jiang Taichu shook his head calmly and said, “No hurry! When we leave the virtual universe, let’s distribute it!”

“It’s better to allocate first!” Xu Ming said, “After all, no one knows what will happen later!”

“Really?” Jiang Taichu looked at Xu Ming, “Since you have to allocate now, then...”

Suddenly, Jiang Taichu, the domain master Yi Tao, and the other high-rank domain masters looked at each other and shot Xu Ming in unison—obviously, the powerhouses only agreed on the surface that Xu Ming would take 30% of the treasure; but in fact, they did not. I didn’t intend to let Xu Ming take away so many treasures!

“Xu Ming! Greed is the original sin! – Sancheng treasure, you think so beautifully!” The domain master Yi Tao has already opened his bow and shot arrows, “Although you have ten clones, you can block dozens of us from the top-rank domain master realm. Siege?”
