

A World 171

Chapter 171: , That Method

() After speaking, Xu Ming ignored Xue Xi's ugly face as if someone had stolen his wife, put his hands behind his back, whistled, and leisurely entered the mine.

Xue Xi's face stiffened.

Is there a rule that says you can't mine slowly in a mine?

Not really! —Because no one would be bored to waste time in the mine, every disciple who entered the mine to mine would like to dig and come out as soon as possible! A person like Xu Ming who regards the mine as his home is truly unique in reads();!

If Xu Ming is really just slow, that's fine, but Xue Xi is happy to see Xu Ming wasting time in the mine.

However, is Xu Ming really just slow?

Xue Xi is not stupid, he doesn't believe that the severely damaged part of the depths of the mine has nothing to do with Xu Ming!

“What should I do? Now Xu Ming has entered again...” Xue Xi seemed to have foreseen that another area would be destroyed, and Xu Ming, again, gave him a low-grade profound stone...

“No, I have to report it immediately!”

Xue Xi didn't dare to hide this kind of thing; if it happened again and caused Elder Liang Hui's dissatisfaction, he would be miserable.

Xue Xilian took out the communication talisman and sent the message.

“What? Xu Ming went in again?” Liang Hui was startled and instructed, “He wants to enter the mine under the banner of a mission, and we can’t help but let us in... In this case, you quickly send two people in, staring at him. Look at Xu Ming! Stare him to death, I don’t believe it, what tricks can he play!”

“Yes!”

After hanging up the subpoena, Xue Xi hurriedly called Deng Yuan and Yang Jiu: “You two, hurry in and stare at Xu Ming! As long as Xu Ming can’t come out, you will keep staring! I want to see, he can still play. What a trick!”

Deng Yuan and Yang Jiu took the lead and hurriedly chased into the mine.

“Old Yang...” Deng Yuan said helplessly, “You say, if we stare at Xu Ming like this, will we offend Xu Ming?”

Deng Yuan and Yang Jiu are only the bottom of the Liang family. In fact, it’s not that they want to mix in the Liang Department, but they have already been assigned to the Liang Department because they don’t know what happened.

For their role as soy sauce in the Liang Department, of course they don’t want to offend a promising person like Xu Ming.

“Offend... Maybe...” Yang Jiu wasn’t sure either, “I hope Xu Ming has a bigger belly, so don’t bother with us! After all, we’re just following orders...”

“Alas!” Deng Yuan sighed heavily, “I just manage a mine, how can I manage such troublesome things!”

...

Deep in the mine, Xu Ming was pulling out a mid-grade treasure-grade iron pick to start construction, but found two pairs of eyes following him.

“Uh...” Xu Ming’s hand froze just now when he raised the iron pick.

In this way, how could Xu Ming mine safely and happily?

The pickaxe that Xu Ming had just raised dropped instantly.

“This iron pick...” Deng Yuan and Yang Jiu were both startled, “What a jeweled iron pick...Is it a treasure?”

With such good mining equipment, Deng Yuan and Yang Jiu became more and more convinced that Xu Ming must have taken away a lot of mysterious stones in the ore vein before he didn't know how to use it.

However, it is useless for them to be convinced. After all... this kind of thing requires evidence!

No matter how sure Liang Shi was that Xu Ming stole the profound stone, without sufficient evidence, everything was in vain!

“I'm sorry...” After being stunned for a while, Deng Yuan and Yang Jiu said with a smile, “We are also following orders...”

Xu Ming shrugged indifferently, indicating “I understand”, and did not blame the two of them.

“Or...” Deng Yuan and Yang Jiu really didn't want to offend Xu Ming, a person with unlimited potential, of course, let alone in the future, even now, they can't afford to offend them, “Or, let's go outside to watch for you, Are you digging a little low-key and politely?”

“Low-key and polite” is to imply that Xu Ming should not dig the veins too ugly reads();.

For Deng Yuan and Yang Jiu, at most, they can only put water on this, otherwise, they will not be able to eat and walk around.

“No, I suddenly remembered that there was something going on outside, so I went out first!”

Everyone was under surveillance, how could Xu Ming continue to dig happily?

Moreover, Xu Ming wasn't sure whether Deng Yuan and Yang Jiu were really releasing water for themselves, or whether they wanted to secretly get some evidence while they were mining.

Anyway, this time, Xu Ming will definitely not be able to mine happily! If so, why are you still here?

“Do you want me to mine?” Xu Ming sneered secretly, “It's easy to think about! – I didn't want to use that method, you forced me!”

Thinking about it, Xu Ming walked straight out of the mine.

Deng Yuan and Yang Jiu breathed a long sigh of relief—fortunately, Xu Ming seemed to be a good talker, not like the kind of person who held grudges.

At the same time, they even reported the situation to Xue Xi outside the cave.

“Hey! I can't help but go out!” Xue Xi smiled proudly, “Now, I see what tricks you can play!”

As soon as Xu Ming returned to the entrance of the mine, Xue Xi did not check and directly handed over a “Certificate of Release”.

“Why, are you in a hurry to go back?” Xue Xi also asked pretending to be concerned.

“Humph!” Xu Ming took the release certificate, glanced at it, turned around and left.

And just then...

“Xu Ming is there!”

“Quick, surround him!”

“Don't let him run away!”

Xu Ming's whole body froze – I'm going, the **** girls of the Waizong are here again!

run!

Xu Ming took a swipe and ran away again.

While running, Xu Ming also secretly sighed: "Fortunately, Xue Xi helped me..."

If Xue Xi hadn't sent someone to stare at him, Xu Ming wouldn't have come out of the mine so quickly. In that case, these foreign **** girls are likely to set up a formation at the entrance of the mine to catch turtles in a urn.

With Xu Ming's strength~www.readwn.com~, of course, he can easily break through the formation. However, if you rush into the battle, it is very likely to hurt these **** girls – although these girls are a little crazy, but they are all their own admirers, suitors, and brainless fans, crying and shouting Warm the bed for yourself, give birth to monkeys for yourself, and some people even express in their love letters that they are willing to only enter the body and not enter the life...

Of course, Xu Ming couldn't destroy the flowers!

"It's dangerous... It's okay!" During this time, Xu Ming was really frightened by the **** girls. "If this is locked in a mine, it will be really hard to escape!"

Soon, Xu Ming returned to his residence.

"Fortunately, the beauties of the inner sect are still relatively reserved, and the **** from the outer sect can't enter the inner sect. Otherwise, I really cannot be purified in the wild sect!" Xu Ming secretly said, "However, now It seems that this mine, I can't go in openly!"

However, Xu Ming certainly couldn't give up "his own ore vein"! Since you can't go in openly, then...

"This is what you guys forced me to use that method... Since I've used it, I have to be ruthless!"

Chapter 172: , Xu Ming, Die! ! !

() In the early morning, the wild mountains are surrounded by clouds and mists.

Standing on the top of the mountain, Neizong looked down, like being in the sky.

“In Wuxin Tower?” Xu Ming whispered.

“Yes!” Gu Hanmo quickly replied, “Cultivation in the heart of Tian-level Wu’s heart is indeed a hundred times more efficient! Before the coming of age ceremony, I should be able to reach the late stage of the innate! Coupled with the few pills you gave me, my realm is also a thousand miles away. !”

Heaven-level enlightenment of the heart, that is only the “first disciple” of the sect’s martial arts every year is eligible to enjoy reads();!

Moreover, the “first disciple” is usually a half-step condensing pill, even if he enters the heavenly enlightenment chamber, but because the cultivation base is too high, the effect is average. Gu Hanmo has such a low level of cultivation, but he has enjoyed such top-level treatment. Can he be unhappy with his cultivation?

Xu Ming jokingly said: “Maybe next year the sect will have a martial arts competition, and you will be able to win the first disciple!”

Xu Ming’s remarks are not without basis.

In terms of cultivation, Gu Hanmo soaks in the Heaven-level Enlightenment Heart Chamber every day for more than half a year, and it is estimated that he will be able to soak to the limit of innate perfection. At that time, if you consume the Zhenwu Realm Breaking Pill, you will be able to directly enter the half-step condensing pill!

In terms of realm, the three magical medicines of Nourishing Soul Pill, Wutian Pill, and Five Elements Clearing Pill are ready, and they can properly send Gu Hanmo to the “domain” realm.

Moreover, by next year, the old disciples such as Lin Xuan and Ye Qianliu will no longer be “disciples” because they are too old, and they will no longer be able to participate in the sect martial arts. Just imagine, at that time, who else will be Gu Hanmo’s opponent?

Moreover, Gu Hanmo is still very young! If she deliberately suppresses her cultivation and does not break through to the Pill Condensation Realm, she can even occupy the position of “First Disciple” for ten years!

“By the way, I want to go down the mountain.” Xu Ming said.

“Going down the mountain?” Gu Hanmo wondered. If Xu Ming only went down the mountain for a few days, he probably didn’t need to send a message to himself, “Want to go out for a long time?”

“Half a month! Anyway, you will definitely come back before your adult ceremony!”

“But... Now Liang Shi regards you as a thorn in the eyes and a thorn in the flesh. If you leave the Wilderness Sect too far, they will definitely take the opportunity to attack you!”

“Don’t worry, I went down the mountain on purpose to show them, they have no chance to kill me!” Xu Ming said with confidence.

“You can count it yourself, don’t take any chances.”

From beginning to end, Gu Hanmo did not ask what Xu Ming was going to do.

However, Xu Ming still took the initiative to say: “I’m going to do a big event, hehe... As for the big event, you will know soon!”

“It’s still selling off!” Gu Hanmo said in a sullen voice, “Okay, be careful yourself!”

“Don’t worry, I will keep in touch with you anytime!”

Hearing what Xu Ming said, Gu Hanmo felt more relieved.

However, Gu Hanmo was also surprised – the distance of the communication talisman was limited. Since Xu Ming said that he would keep in touch with him at any time, it was estimated that he was active in the wild mountain area. However, in such a close place, why did Xu Ming go out for half a month? Day and night, you can!

After hanging up with Gu Hanmo's summons, Xu Ming went out to register again.

Sect disciples are required to register when they go out for more than ten days, mainly for safety reasons. If the outgoing disciple exceeds the registration time for too long and does not come back, then the sect will probably send someone to investigate.

After completing the registration, Xu Ming swaggered down the ten-thousand-step stone staircase while there were few people in the early morning.

You must know that every time Xu Ming passed the ten thousand-step stone staircase, it was like a mouse crossing the street, and he would be besieged by **** girls if he was not careful. It's early in the morning, all the **** girls were too late last night and didn't have time to get up, so Xu Ming was able to walk out struttingly.

...

Not long after Xu Ming left, Great Elder Liang Weihe received a tip.

"Xu Ming registered to go out? And he went out swaggeringly?" Liang Weihe is very strange – is this kid stupid, don't you know that we will assassinate him? Or is he confident enough to not be afraid of our assassination?

"Hmph reads(!)" Liang Weihe sneered, "Why do most of the peerless geniuses die, and only a few can really grow up? It's because many geniuses are so confident that they are conceited! – Xu Ming certainly doesn't know that we want to assassinate him. , In this case, if you dare to go out, you have enough self-confidence!"

What Liang Weihe likes the most is this kind of self-confident genius.

"Father!" Liang Hui said, "The opportunity is rare. Since he is courting death, I will fulfill him!"

“Yeah!” Liang Wei and Shen Sheng nodded, “Xu Ming’s strength is beyond our expectations. Below the Pill Condensation Realm, I am afraid that he will not be a threat to him!”

“I’ll go in person!” Liang Hui said.

“Since the shot is made, it will be a hit!”

Liang Hui hurriedly set off.

When passing by the registration office: “Elder Liang, this main letter talisman can sense the position of Xu Ming’s letter-sharing talisman!”

“Yeah!” Liang Hui took the square letter talisman.

Disciples who register to go out will carry a letter-dividing symbol with them; if they hold the main letter-symbol, they can sense the position of the letter-dividing symbol.

Of course, the split letter cannot be reversed to induce the main letter. This is also because when some disciples are practicing outside, there may be a sect master who deliberately hides behind them to observe and protect them.

“Humph! He ran quite fast!” Liang Hui sensed Xu Ming’s position and hurriedly chased after him.

After half an hour...

“Very good, I have already left the Wilderness Mountain area! In this way, it is convenient for me to start!”

After a while...

“Hey, why didn’t you move?” Liang Hui thought for a while, “Maybe he thought it was safe to run so far, so stop and rest! Hmph, he has the strength of condensing pills in one and a half steps, and he can run so fast, It’s really not easy!”

Liang Hui quietly followed the position of the letter divider and looked for it.

However, when he walked nearby, Liang Hui couldn't help but be suspicious: "Huh? The location sensed by the letter talisman is in this abandoned thatched hut?"

Liang Hui thought for a while: "Could it be that you broke your stomach from eating before going out, and now you stop to go to the toilet?"

"Hum!" A sly smile appeared on Liang Hui's face, "The person who goes to the toilet has the lowest combat power! If I suddenly rush in, I'll scare him into **** and kill him, even more effortlessly!"

Liang Hui quietly took out his short sword and tiptoed towards the hut~www.readwn.com~ In order not to be noticed by Xu Ming, Liang Hui didn't even use his mental strength to perceive the situation inside the hut. Because, once he used his mental power, Xu Ming would definitely notice it immediately.

"Hmph! The lion fights the rabbit with all his strength!" Liang Hui was very satisfied with his prudence, "I'm a bit stronger than him, and I have no intention of attacking, so he's dead!"

When approaching the hut.

"Damn! It's so delicious!" Liang Hui couldn't help frowning.

But the opportunity to kill Xu Ming was right in front of him. How could he be so stinky at this time?

Finally approaching the door of the thatched cottage.

boom! !

Liang Hui suddenly exploded!

Bang!

He kicked the door of the thatched hut all over the place with one kick, and the dagger in his hand made an attack: “Xu Ming, die!!”

Chapter 173: , Ruthless

() “Bang!”

The door of the thatched hut was kicked open, but inside the hut was empty.

“Not here?”

But the location that the letter talisman sensed was clearly inside!

At this time, Liang Hui saw that on the wall of the thatched hut, there was a large letter in black and white on a piece of paper. However, the words were posted upside down, and I don’t know if the person who posted it did it on purpose.

Liang Hui couldn’t help but look sideways.

It reads: “You...are...not...are...stupid?”

“Damn it!” Liang Hui was furious, “I was tricked!”

Suddenly, Liang Hui caught a glimpse of a letter talisman floating in the pit.

Liang Hui suddenly understood everything—Xu Ming deliberately left the letter talisman here to play with himself!

“Depend on!”

“Depend on!”

“Depend on!”

Liang Hui cursed again and again.

He was a dignified elder of the Wilderness Sect. After chasing him for a long time, he finally caught up to the thatched hut, but he saw this scene in front of him... Liang Hui's anger and anger in his heart can be imagined.

But, his anger has nowhere to vent!

How to vent? Could it be that you vent at the thatched pit, and frantically flatten the thatched pit?

Suddenly, Liang Hui saw again that a red light appeared in the depths of the pit.

"Huh?" Liang Hui couldn't help but stunned, "Why is the kennel so high-end, how can it still glow inside?"

But immediately, Liang Hui's face changed greatly!

Does the kennel glow inexplicably? – Of course not!

Now that it's glowing, what's going on?

Liang Hui is not stupid: "Xu Ming left something that would explode in the dungeon? reads();!!"

"Damn it! Quick flash!!"

But, it's too late!

boom! !

In the pit, the power of the Great Desolation erupted, and in an instant, thousands of Xiangs flew together!

“Xu Ming! I’m ***** your sister!!” Liang Hui roared in his heart.

The explosion happened so suddenly that Liang Hui was completely unprepared.

After all, who would have thought that Xu Ming not only threw the letter talisman into the pit, but also left a bomb in the pit? Moreover, the bomb exploded just as Liang Hui came in!

boom!

In a hurry, Liang Hui didn’t even have time to open the body protection profound energy, and the flying flying was already rushing towards him. Even... Liang Hui’s mouth was... open because he was too surprised.

...

After the explosion...

With Liang Hui’s cultivation realm, it is naturally impossible for him to be injured by such a small explosion; it’s just that his whole body is... horrific at this time! Can not bear to look!

“Xu Ming!!” Liang Hui’s voice seemed to sound from the Jiuyou abyss, “I Liang Hui, I will not kill you, I will not be a human being! Ah, bah bah bah!”

While cursing, Liang Hui couldn’t help but spit a few mouthfuls.

So, what is Xu Ming, the initiator of all this, doing now?

Xu Ming was driving in stealth, humming a little song, and flew back to the Wilderness Sect.

“I don’t know, whether I have made the best use of the Explosive Flame Talisman I kept...” Xu Ming thought, and couldn’t help but smirk, “That Innate Grade Explosive Flame Talisman cost me dozens of points for level 2 hanging points. , it would be a waste if it didn’t come in handy...”

Xu Ming didn't know that the innate-level flame-blazing talisman had perfectly realized the "value of talisman life"! Otherwise, Xu Ming would have laughed even more exaggeratedly.

swoosh—

The invisible Xu Ming quickly swept across the ground without being noticed by anyone.

Soon, Xu Ming returned to the foot of the wild mountain.

"10,000-step stone ladder!"

As soon as Xu Ming looked up, he saw that many **** girls were already waiting here near the 3,000th step of the Ten Thousand Steps Stone Staircase, which is the mountainside where the Outer Sect was located. Obviously, these **** girls are all here to contain Xu Ming.

"It's true that people are afraid of being famous and pigs are afraid of being strong..." Even though he knew that he was now invisible and could not be discovered, Xu Ming couldn't help but tremble.

If these people are all enemies, then Xu Ming is not afraid, all the spears will sweep away! However, they were all their own suitors and brainless fans. Of course, Xu Ming couldn't take a heavy hit on them.

Fighting and not being able to fight, rushing and not being able to drive away... This made Xu Ming very tangled.

"Wait... After a while, the frenzy has passed, and it should be fine!" Xu Ming could only do the same.

Xu Ming quietly walked up the 10,000-step stone ladder and went straight to the location of the Liang system ore veins.

The person in charge of guarding the mines was actually Xue Xi.

"It's really a narrow road..." Xu Ming swaggered directly into the mine, and no one could find him reads(); in the invisible state.

After entering the mine, Xu Ming went through many twists and turns and ran directly to the deepest part of the mine. Usually no one comes to this place.

“Humph! Monitor me? Don’t let me mine?” Xu Ming sneered, “Isn’t this forcing me to make a ruthless move?”

Xu Ming’s real ruthless move is not just to sneak into the mine, but...

boom!

Xu Ming directly started the super perfect battle!

The nine-zhang perfect realm spreads out and is pervasive, and even the interior of the profound stone mine is covered by the realm.

“Huh? This time, it is the field of water. I don’t know what the effect of mining will be...”

Xu Ming directly controlled the field and gathered the forces of nature: “Start!”

call out! call out! call out! ...

The forces of water movement gathered from all directions; under the guidance of Xu Ming, they directly eroded the hard rock that wrapped the profound stone.

ssssssssssssssssssssssssssssss

The rock that was so hard that it was difficult for even a semi-innate warrior to dig up, was eroded by the force of water, and it quickly turned into powder and flowed to the ground. As for Xu Ming, he also carefully controlled the power of the water element, avoiding the profound stone so as not to damage it.

Xu Ming’s domain covered a full nine-zhang area. Even if Xu Ming didn’t start work together at a range of nine feet, but stared at a stone wall, but this stone wall is still three to five feet long.

Soon, the profound stones in the entire stone wall gradually exposed; it was as if the big waves washed away the sand before seeing the gold!

“A lot of profound stones!”

dong dong dong dong...

The stone wall was eroded, and the pieces of profound stone in the stone wall also fell off the stone wall and fell to the ground.

The sparkling profound stone fell to the ground after a while.

“This efficiency!” Xu Ming’s eyes brightened.

However, he was not in a hurry to pick it up, but continued to concentrate on controlling the power of water and eroding the stone wall.

ssssssssssssssssssssssssssssssss

Boom! Boom! Boom! ...

The sound of the stone wall being eroded into powder, and the sound of the profound stone falling to the ground, interweaved into an incomparably beautiful symphony.

“It’s so cool!” Xu Ming’s eyes shone brightly.

“This speed is dozens of times faster than mine with bare hands!”

In other words, if Xu Ming works one day now, it can equal the previous months! The speed of earning profound stones should not be too fast!

“Cool! Cool! Cool!”

Xu Ming exclaimed that it was cool enough, and at the same time focused more and more on controlling the power of nature.

The profound stone crashed to the ground.

It didn't take long for the entire stone wall to be eroded by Xu Ming.

At this time, Xu Ming happily threw the profound stone that had fallen on the ground to Xiaohang, and turned it into a hanging point.

In such a short time, Xu Ming had dug up thousands of profound stones.

"Humph! Send someone to monitor me? Don't let me mine?" Xu Ming sneered.

Chapter 174: , Mining For Half A Month

() Using the realm to mine with the help of the natural power of heaven and earth, Xu Ming only thought of it recently. Besides Xu Ming, no one in the entire Wilderness Sect would think of this method.

After all, in the eyes of sect masters, mining is a very lowly thing, and it should be done by the disciples of the outer sect! How can those experts who have mastered the field surrender their identity to mine?

I have never even dug mines, so naturally I would not have thought of using the realm to mine.

And Xu Ming is different!

Mining is Xu Ming's favorite job!

Xu Ming, has been mining with all his heart!

There is a saying how to say, there is no difficulty in the world, only those who have a heart! —Xu Ming loves mining so much, and he racks his brains every day to innovate mining methods and create his own “field mining flow”, which is also reasonable.

“I dig! I dig! I dig!”

Having tasted the sweetness of the “field mining flow”, Xu Ming dugged mines, and naturally he worked harder.

“I don’t know. How long will it take to hollow out this vein? Three months? Five months?”

This has just started, and Xu Ming came up with the idea of hollowing out the ore vein reads();

“Open another field and see if it can improve efficiency!”

boom!

Add another weight to the field.

This time, the field of wind was randomly opened.

“Haha... The power of water and the power of wind are combined, and the efficiency of mining has indeed improved by a level.” Xu Ming was overjoyed, “But... dual-domain mining is already the limit that I can control now; If the first heavy field is opened, the mining efficiency will not continue to improve.”

Mining is not only manual work, but also delicate work.

Xu Ming had to manipulate the power of nature and surround dozens or hundreds of profound stones to erode the surrounding rocks. A careless manipulation can damage the profound stone.

The power of nature provided by the double perfect field is more than enough, and Xu Ming can’t control it. To open another field is just a waste.

In this way, Xu Ming once again started a tiring but happy mining career.

At the same time as mining, Xu Ming occasionally distracted to tease Gu Hanmo, combining work and rest.

“Where are you, Xu Ming?” Gu Hanmo asked curiously, “Didn’t you register to leave the Wilderness Sect, how could you still send me a message?”

“I’m in the Wilderness Sect. As for the exact location... Hey, keep it a secret first!” Xu Ming betrayed him, “By the way, don’t tell me! Except you, no one knows that I am in the Wilderness Sect.”

“Okay, okay, don’t worry! I won’t be idle and go tell others where you are!”

“Hey!” Xu Ming laughed twice, then suddenly asked, “Is Liang Hui back?”

“I’m back, but...” Gu Hanmo was a little puzzled, “I heard that after Liang Hui came back, his temper became weird!”

“strange?”

“Yes, it’s weird!” Gu Hanmo continued, “Although Liang Hui is not a good person, on the surface, he always maintains a sanctimonious appearance. But...”

“A few days ago, after Liang Hui came back from outside, his temperament changed greatly; if something went wrong, he would scold and beat people! I heard that several people in Liang’s department were beaten. No more bed!” The more Gu Hanmo said, the more strange it became, is this still the sane hypocrite Liang Hui?

“A big change in temperament?” Xu Ming couldn’t help but chuckle. It seems that my explosive flame talisman may have worked!

“And... I heard that Liang Hui has never eaten since he came back!”

“Oh?” Xu Ming’s smirk deepened.

Even Xu Ming thought badly – this Liang Hui, shouldn't he have eaten...

Yes, Xu Ming's conjecture was completely correct!

"Xu Ming, do you know something?"

Xu Ming even shook his head: "I don't know, I don't know, I don't know anything, I'll just ask."

It's better not to let Gu Hanmo know about this kind of dirty and wretched thing. After all, this is so disgusting...

Knowing that Liang Hui was likely to be slapped by himself, Xu Ming was in a good mood, and it seemed that his mining status had improved a lot.

...

Without realizing it, Xu Ming had already dug for another half a month.

After half a month, Xu Ming's mining efficiency is naturally getting higher and higher reads());. Among them, one is that practice makes perfect, and the other is that Xu Ming's strength has soared!

In terms of cultivation, Xu Ming was originally in the middle stage of Xiantian, and he was leisurely going offline to hang up in the late stage of Xiantian.

The upgrade speed of offline on-hook is already too fast; it only takes two months from the middle stage of the innate to the late stage of the innate. but...

Xu Ming dug for a few days, and after he had more hanging points, his mind became more active: "Try forcibly leveling up?"

It takes 40 days to hang up offline in the mid-Xiantian stage to the late stage of Xiantian, and consume three level 2 hanging points every day, a total of 120 points. And forcibly leveling up

consumes 100 times as much hanging point as offline hanging up, that is... 12,000 level 2 hanging points!

Moreover, even if Xu Ming had been offline for a while in the mid-Xiantian period, he still had to pay the full 12,000 points!

no discount!

black, right?

is dark enough!

In the past, when Xu Ming only had tens of thousands of level 2 hanging points, he did not dare to make such extravagant consumption!

But now, it's different! Xu Ming has made a fortune, and he has a lot of money!

“Twelve thousand points? Drizzle, force me to level up!”

boom-

With a powerful energy pouring down, in the blink of an eye, Xu Ming's cultivation level directly rushed from the middle stage of the innate to the late stage of the innate!

What is the upgrade speed like riding a rocket?

This is called a rocket-like upgrade speed!

“Cool!”

In the blink of an eye, the cultivation base has advanced by leaps and bounds. Of course, this feeling is cool!

“It feels so good to have money!”

Xu Ming just wanted to sigh, this “Invincible Otherworldly Plug-in” is completely a paid plug-in! As long as you have enough money (hanging points), it can kill you!

“Why don’t you have a good time?”

Xu Ming took another look at the hang-up points required to hang up offline in the late stage of Xiantian to the consummation of Xiantian.

“I rely on it? It takes fifty days to hang up offline, and hang up at ten o’clock every day, for a total of five hundred points to hang up at level 2?”

Offline hang up requires five hundred level 2 hang points, then ~www.readwn.com~ forcibly leveling up will cost – fifty thousand!

Really tmd expensive!

Xu Ming thought for a while, then gritted his teeth: “Be willful!”

boom!

An even more ferocious energy poured down, and in the blink of an eye, Xu Ming violently reached the innate perfection!

“Congenital consummation, is it necessary to forcibly level up to half-step condensing pills...?” Xu Ming’s eyes widened, “What? Two hundred thousand to level 2 hanging points?”

Now, Xu Ming couldn’t continue to be willful. At that time, Xu Ming had just been forced to level up to Consummate Consummation. He had only dug for a few days, and he only had hundreds of thousands of level 2 hanging points.

In order to forcibly rush to the half-step condensing pill, spend two hundred thousand to level 2 hanging points? – Xu Ming is really reluctant.

So, Xu Ming buried himself in digging for a few days...

Then, at this time, Xu Ming discovered that there was a treasure that was very cost-effective to enhance his strength, and it was time to buy it.

Chapter 175: , Mine Inspection

() Xu Ming found that there is a treasure that is very cost-effective to improve strength, and it is time to buy it. That is – secondary attribute stone!

Level 2 attribute stones, each selling for 200 level 2 hanging points. There are three types of strength, agility, and wisdom, each of which is limited to 1,000 pieces; after using all of them, you can “extra gain” the strength comparable to the first-time condensate pill!

Level 2 attribute stones are good, but at this price, Xu Ming has always been discouraged – every 200 level 2 stones, the 3,000 stones are... 600,000!

600,000 level 2 hanging points!

If Xu Ming hadn't researched the “field mining flow”, I am afraid that he would have to work hard for a year to dig this number!

However, since the study of the “field mining flow”...

“600,000 level 2 hanging points?” Xu Ming smiled richly, “It's just a few days of mining reads(!)”

Therefore, as soon as he accumulated enough hanging points, Xu Ming immediately used attribute stones on the spot!

When the three attribute stones of strength, agility, and wisdom were all used up to a thousand, Xu Ming's own strength suddenly increased several times!

Now, even if Xu Ming does not use any plug-ins, he is definitely the strength of the Core Condensation Realm!

The stronger the strength, the more handy it is to control the domain. At this time, Xu Ming can already control the triple realm to mine at the same time, and the efficiency of mining has soared again!

After half a month of mining, when Xu Ming quietly left, he had accumulated more than one million level 2 points, and more than 3,000 level 3 points – this is still except forcibly leveling up and buying attribute stones. consumed!

And this vein of the Liang system...

Very unfortunate to shrink by a tenth!

“Han Mo’s coming of age ceremony is coming soon, I’d better go out first!” Xu Ming thought for a while, “The rest of the profound stones will be taken away after the coming of age ceremony!”

swoosh—

Xu Ming turned on his stealth, and he rushed out from the entrance of the mine.

After leaving the mine, Xu Ming did not immediately return to the inner sect, but first walked down the ten thousand-step stone staircase. After reaching the foot of the barren mountain, he found a hidden place to release his stealth, and then walked back to the ten thousand steps stone stairs.

After embarrassedly escaping the pursuit and interception by the **** disciples of the Waizong, Xu Ming first went to the outgoing registration office to register that he was back.

Master Zeng Gang at the registration office looked at Xu Ming in surprise: “Xu Ming? ... Are you back?”

“I’m back, is there any problem?” Xu Ming asked rhetorically.

“Ah, no! No!” Zeng Gang continued, “By the way, where is your letter talisman?”

“Once I went to the thatched hut, I accidentally fell into the thatched pit!” Xu Ming casually said, “You have to pay twenty low-grade profound stones, right? Take it!”

“Can this fall into the pit?” Of course Zeng Gang didn’t believe it.

However, since Xu Ming paid the fine for losing the letter, Zeng Gang didn’t say much.

After Xu Ming left, Zeng Gang thought to himself, “It seems that the last time Elder Liang Hui followed Xu Ming with the talisman, he was probably tricked! No wonder, after Elder Liang Hui came back, his face was not very good-looking...”

But Zeng Gang still couldn’t figure it out: “But, Elder Liang Hui hasn’t eaten for half a month. What’s going on?”

...

Wild Mountains, Liang system veins.

Deng Yuan and Yang Jiu started a monthly routine inspection in the mine.

In their hands, they both held treasure detectors, mainly to detect whether anyone had hidden a ring in the mine.

The treasure detector in Deng Yuan’s hand has a large detection range but low precision; while the treasure detector in Yang Jiu’s hand has a small detection range but high precision. Under the sweep of these two treasure detectors, basically no one could hide the ring in the mine.

“It’s really boring to inspect every month!” Deng Yuan complained.

“Yeah, I have been inspecting for so many years, and I have never encountered a situation!”

Deng Yuan and Yang Jiu will inspect every fork in the mine, large and small, every month. Because of this, the two of them are very familiar with the situation in the mine.

“Um?”

When the two inspected the very depths of the mine, they were suddenly stunned; “Here...why is there an empty reads();!?”

At this position, the original profound stone mines were all gone. The inside of the mine was empty, and only a piece of broken sand remained.

“This... what the **** is going on here?”

The two saw each other’s horror and disbelief in each other’s eyes: “This time the inspection is not boring, but... It’s a lot of fun!”

The two quickly reported the situation here to Xue Xi.

“What!? A large piece of profound stone mine disappeared out of thin air!?”

Xue Xi jumped up in fright and rushed to the very depths of the mine.

As soon as he arrived here, Xue Xi’s legs softened and his face turned pale. Sure enough, as Deng Yuan and Yang Jiu reported, a large area of mysterious stone mines disappeared out of thin air!

“This...this...” Xue Xi was shocked.

During this time, he has always been in charge of the profound stone mines! Now that such a big thing has happened, and the mysterious stone mine is missing such a large area, he is absolutely to blame.

“What should I do, Director Xue?”

“What to do? What to do? What else can you do! Of course, report it quickly!” Xue Xi roared, “Do you still want to hide such a big thing?”

Soon, Liang Hui, who was happy on the woman’s belly, received a report from Xue Xi.

“You bastard! What did you say? Say it to me again!” Liang Hui hurriedly rushed to the mine before he even had time to put on his pants.

Xue Xi’s voice trembled and repeated: “Liang...Elder Liang, the profound stone mine in the ore vein is missing a large piece. According to preliminary estimates, the loss should exceed two million low-grade profound stones...”

“I, I, I, I... I rely on it!”

In the blink of an eye, Liang Hui rushed from the inner sect to the depths of the mine.

“Liang, Elder Liang, look, this is the situation...” Xue Xi didn’t even dare to raise his head.

“Damn it!” Liang Hui cursed again.

This profound stone vein is the economic lifeline of their beam system! They Liang Clan, in order to monopolize this vein, do not know how much they paid to Gu Xie and Zhang Xie!

And now, such a big thing has happened to this economic lifeline! ?

“Where’s the mysterious stone mine here?” Liang Hui’s voice was gloomy~www.readwn.com~ I...I don’t know...” Xue Xi trembled.

“You don’t know?” Liang Hui’s eyes widened in vain, and his voice rose in vain, “You tmd, you are in charge of the mine, and now that such a big thing has happened, tell me you don’t know!?”

“Elder Liang, I... I really don’t know...” Xue Xi cried, “You also know that the entire periphery of the mine is surrounded by a vigilance formation; during this time, the vigilance formation was not touched at all. The entrance of the cave, all the records of entry and exit, I have done a good job, there is nothing suspicious at all...”

“There is nothing suspicious? Damn it, the entire mine has shrunk by nearly one-tenth, you told me there is nothing suspicious!?” Liang Hui roared wildly, “Since there is nothing suspicious, then tell me tmd , where are all the profound stones here? You grow your wings and fly!?”

“I...I...” How could Xue Xi have any clues in this bizarre situation.

“Trash! Get out!” Liang Hui kicked Xue Xi with a heavy kick in anger.

Chapter 176: ,Gift

()boom!

Xue Xi was kicked and flew out, and he was seriously injured, but he didn't even dare to say a word, and he didn't even dare to scream in pain.

Those who are familiar with Liang Hui know that on the surface, Liang Hui looks virtuous, but he is ruthless; in the sect, there are not a few people who were tortured to death in private by him.

Xue Xi knew that he had made a big mistake, and now that Liang Hui was angry again, how could he dare to say a word.

Deng Yuan and Yang Jiu on the side were also silent, even breathing very lightly.

“The ore vein was stolen, and the loss exceeds two million low-grade profound stones! How can you still have the face to live?” Liang Hui stepped forward and gave Xue Xi a few kicks, almost kicking Xue Xi to death, “You How can you still have the face to live? How can you still have the face to live!? Damn!”

Xue Xi is also aggrieved – I honestly guard the mine every day, and I have never neglected my duties. How can I do it well, and the mine has become like this... What a disaster!

After a few more kicks, Liang Hui just kicked away the half-dead Xue Xi, then walked to the middle of the empty ruins with a gloomy face.

“These pieces of sand...” Liang Hui looked at the pieces of sand in this place with confusion.

It was originally a mysterious stone mine, but why is it now broken into pieces of sand? What is it that can destroy the hard black stone mine like this?

Liang Hui picked up a handful of sand and was puzzled.

Suddenly, he had an epiphany: “Domain?”

Is it possible that there are masters who control the field to steal the mine?

However, aren't all experts in the field noble?

“Could it be...” A figure flashed in Liang Hui's mind, “Xu Ming? – He controls the domain, and he does have a ‘conviction’ reads();!”

Think for a moment.

Liang Hui suddenly asked, “Isn't it dead yet?”

Xue Xilian said weakly, “Not dead, not dead!”

“It's good if you don't die!” Liang Hui said, “Next, you continue to be in charge of the ore veins, just pretend that what happened here has never happened! – Do you understand?”

As if it never happened?

Xue Xi and the others immediately understood that Elder Liang Hui didn't want to startle the snakes!

“Yes, yes, yes!” Xue Xi nodded, “We know how to do it!”

“Yeah!” Liang Hui hummed expressionlessly, turned around and left.

But in Liang Hui's heart, he had already begun to plan, how could he just wait and see.

...

November twenty-seventh, night.

“At home?” Xu Ming asked.

“Yeah! Tomorrow will be the coming of age ceremony, and of course I can’t stay in Wuxin Tower tonight.” Gu Hanmo’s reply came immediately from the other end of the communication.

“Wait for me, I’ll go over to you right away!”

“You come here?” Gu Hanmo was startled and said, “Is it bad for someone to see you when you come here at night?”

The point of Gu Hanmo’s words is not “don’t come here”, but “it’s not good to be seen at night”.

“Don’t worry! No one can see it!” Xu Ming smiled mysteriously, “Open the door and I’ll be there!”

“Oh...” Gu Hanmo honestly opened the door, and then kept staring at the door.

After a while.

“Hey, what are you looking at? I’m here!” Gu Hanmo suddenly heard Xu Ming’s voice behind him.

“You... when did you come in? How did you come in?”

The window was closed, and Gu Hanmo kept staring at the door again. Without seeing anything, Xu Ming appeared behind him.

“Keep it a secret for now!” Xu Ming smiled mysteriously.

Invisibility is something that can’t be explained clearly, so it’s better not to just pull it out.

Fortunately, Gu Hanmo’s focus is not how Xu Ming got in, but...

“What are you doing here at night? I’m ready to sleep!”

Xu Ming smiled and said: “Tomorrow you will be sixteen years old, come here and give you the gift of adulthood first – oh no, not tomorrow, but immediately!”

“Gift?” Gu Hanmo’s eyes lit up.

As the only daughter of the suzerain, Gu Hanmo will definitely receive various gifts at the coming-of-age ceremony.

but...

Gu Hanmo didn’t expect much from other people’s gifts; he only expected, what would Xu Ming give himself?

Unexpectedly, before “tomorrow” arrived, Xu Ming rushed over and gave himself a gift reads();.

“Come out and see what it is!” Gu Hanmo said impatiently.

“Wait...” Xu Ming squeezed the time, “Five! Four! Three! Two! One... Look!”

When Xu Ming’s countdown ended, it was just before the early morning; Gu Hanmo just turned sixteen!

At this time, Xu Ming’s Na ring lit up.

“What will it be?” Gu Hanmo was full of anticipation.

Gu Hanmo didn’t expect any precious treasures, what she was looking forward to more was Xu Ming’s thoughts.

The first “gadget” flew out of Xu Mingna’s ring.

It's a gadget in the shape of a bird, but the texture seems to be just plain paper.

Gu Hanmo looked curiously, she had never seen such a thing before.

Immediately afterwards, the second, third, fourth... ten, one hundred, one thousand paper birds flew out of the ring one after another, and they would circle the room by themselves without any control.

Colorful paper birds hovered in the room, making Gu Hanmo's heart dizzy.

"what is this?"

"Thousands of paper cranes!" Xu Ming said.

The paper cranes in the ring are still flying out continuously.

"Qianzhihe?" Gu Han murmured, she had never heard of or seen anything.

In this world, except for martial arts, all other aspects are weak.

The skill of origami, which is not helpful to strength, is hardly seen, let alone "high-end origami" like Qianzhihe.

"What an idea! What a new idea!"

Seeing the paper cranes flying all over the room, Gu Hanmo's face was full of surprise and surprise.

She did not expect that Xu Ming would prepare such a unique gift for herself.

Moreover, although Gu Hanmo had never seen Qianzhihe before, and did not know the meaning of Qianzhihe, but at this moment, she felt the love that Xu Ming conveyed through Qianzhihe.

"A total of... 9,999!" Xu Ming said when the last paper crane flew to the cashier's ring, "I used to see a kind of origami in miscellaneous books..."

“Yeah!” Gu Hanmo is full of sweetness~www.readwn.com~ I have inscribed runes on every paper crane. After they are released, they will automatically fly in the sky without manipulation. ”

“Yeah!” For some reason, Gu Hanmo’s IQ suddenly seemed to be extremely low, and he couldn’t even speak all of a sudden, he knew ummmmmmm...

“Like it?”

“Um!”

“A coming-of-age gift for you!” Xu Ming suddenly felt that he was such a good girl!

Things like Qianzhihe are a weapon to “deceive” innocent girls. What’s more, in this world, there has never been such a thing as Qianzhihe, and its lethality has naturally doubled.

For example, Gu Hanmo, who has always been rational, was already dizzy and dizzy at this time.

“Okay, the gift is delivered, I’m leaving!” Xu Ming said.

Xu Ming was about to leave, but Gu Hanmo suddenly shouted, “Wait!”

Chapter 177: , Coming Of Age

()and many more?

Could it be a surprise?

Xu Ming obviously thought too much.

Gu Hanmo just regained his language ability. Seeing that Xu Ming was leaving, he quickly said, “I like this coming of age gift very much, thank you!”

After Xu Ming left, Gu Hanmo closed the door and lay down on the bed, letting the paper cranes flying around the room.

“Ugh...”

After a long time, for some unknown reason, Gu Hanmo sighed heavily.

...

Early in the morning, the Wilderness Hall was already very lively.

As the only daughter of the Sect Master of the Wilderness Sect, Gu Hanmo naturally held the coming-of-age ceremony very grandly. Even Liang Hui, the son of the Great Elder Liang Weihe, was inferior to Gu Hanmo in his coming-of-age ceremony.

A guest of honor entered and presented a gift.

Of course, this kind of gift is only symbolic; when the gift arrives, it is enough to express your intentions, and it does not need to be very expensive. Only those who have a very close relationship will be given a heavy gift.

“The lord of the wild city, Lei Guanlan, has arrived!”

An imposing middle-aged man walked in. It was Lei Guanlan, the city lord of the Wilderness City and a master of half-step condensing pills.

“Neizong, Zhou Xuanlin is here!”

“Neizong, Liang Han is here!”

“Neizong...”

Those who participated in the coming-of-age ceremony were mainly people from the Wilderness Sect; in addition, there were some good experts around Wilderness City.

“Elder Neizong, Liang Hui is here!”

Liang Hui!

The arrival of Liang Hui immediately attracted a lot of attention reads());.

After all, Liang Hui is the youngest elder of the Wilderness Sect. He has an extraordinary status now, and has a promising future.

“Haha, Minmo, am I late?” Liang Hui smiled enthusiastically.

Gu Hanmo’s expression turned slightly cold. If it were any other time, she might have warned Liang Hui not to call me “Wen Mo”; but now it’s a coming-of-age ceremony, so she shouldn’t be too rude.

However, Liang Hui didn’t seem to notice Gu Hanmo’s ugly face at all, but smiled more and more enthusiastically: “This is my adult gift to you – a soul nourishing pill!”

“Soul raising pill!”

“It’s soul raising pill!”

There was an exclamation all around.

“Elder Liang Hui is not only young and promising, but also very arrogant!” No matter where, there are always creatures like sycophants.

“Yeah, yeah! Soul nourishing pill is worth at least fifty high-grade profound stones! Many congenital consummations, even if you spend all your wealth and sell all the meat, you won’t be able to get one!”

“As expected of Elder Liang Hui, this gift is really generous!”

“Humph!” A smug smile flashed across Liang Hui’s face, as if to celebrate his success in showing off his wealth.

Gu Hanmo just expressed his thanks with a blank face, and then, not bothering to answer the connection, he made a direct look and told the servant to take the gift.

With his hot face on his cold ass, Liang Hui was embarrassed.

Fortunately, someone came soon, and Liang Hui walked to the side in despair.

After a while...

“The first disciple of the inner sect, Xu Ming is here!”

Whoa!

The reaction at the scene was even more enthusiastic than when Liang Hui arrived.

Gu Hanmo’s eyes lit up directly, and he almost couldn’t help stepping forward to greet him.

“He is Xu Ming, and he realized the five-layer perfection realm at the age of fifteen!”

“I can’t believe it... When he is twenty years old, I’m afraid he will be a more powerful person in the Pill Condensation Realm!”

Anyone can see that Xu Ming’s talent is much higher than Liang Hui. Future achievements will be much stronger than Liang Hui!

“I don’t know what present he will bring!”

“The first disciple of the inner sect should not be petty!”

“You said, is it possible for him to give away the soul nourishing pill that he won in the sect meeting?”

“I don’t think so! Soul nourishing pill is worth fifty top-grade profound stones. Can Xu Ming be as generous as Liang Hui?”

“I don’t think so either!”

Xu Ming walked over to Gu Hanmo calmly and said with a smile, “I have empty hands, and I didn’t bring any gifts. Welcome?”

At the same time, Xu Ming deliberately voiced and said, “You’re dressed up beautifully today!”

Gu Han glanced blankly, as if to say – when will you be beautiful?

The two exchanged a few vague glances, and then Xu Ming really went in with his hands empty.

“What? Xu Ming didn’t bring anything at all?”

“This is too stingy, isn’t it? Even if you bring some small things, it’s fine reads(!);!”

“Too rude!”

“Xu Ming...” Liang Hui looked at Xu Ming with murderous intent.

“Deliberately threw the letter talisman in the hut and led me over... and also hid the flaming talisman in the hut...”

For Liang Hui, the last experience of assassinating Xu Ming was a lifelong shame! I am afraid that even after ten, twenty, fifty years, it will be a psychological shadow that Liang Hui cannot erase!

Liang Hui will always remember the taste of ***** that autumn.

The most depressing thing for Liang Hui is that he was wronged, but he couldn't tell others; even with his father Liang Wei, he couldn't tell the truth.

How to say?

Could it be that he ran to assassinate Xu Ming, but was bombed with ***** by Xu Ming instead?

Liang Hui's heart is bitter! But Liang Hui can't say it!

"Wait, I don't believe that I can't find a chance to kill you!" Liang Hui's eyes were cold, "And... if the person who stole the mineral veins is really you, then you are not far from death..."

Liang Hui had already set up the game, and was waiting for Xu Ming to jump.

"No! I can't let you die so easily! I'm going to imprison you and torture you every day! I want you to live, you can't survive! You can't die!"

In Liang Hui's eyes, the fire of hatred was burning.

"Dead! Die! Die!"

He must let Xu Ming die!

Suddenly, Liang Hui deliberately said loudly, "Who are you, you really have no education at all! You are too embarrassed to attend someone else's coming-of-age ceremony with empty hands? No matter how stingy you are, why don't you bring some small gifts?"

Although Liang Hui did not name the name, everyone knew that he was pointing at Xu Ming.

How will Xu Ming react? Hurry up to make up some gifts? -Everyone turned their attention to Xu Ming.

Xu Ming chokes Liang Hui back in one sentence: "What's the relationship between me and Han Mo, do you still need gifts?"

Everyone could hear that Xu Ming's words also made it clear that he was provoking Liang Hui.

Liang Hui's pursuit of Gu Hanmo is no secret in the Wilderness Sect. However, Gu Hanmo has always kept Liang Hui at a distance, but he has been very close to Xu Ming.

At this time, Gu Hanmo said, "Xu Ming has already sent me a gift~www.readwn.com~?" Liang Hui sneered, "Who believes that! Are you helping him out on purpose? – Then casually In Na Jie, take out some of your own little things and say that he gave them, right?"

"It's really a gift, it's not a small thing!" Gu Hanmo didn't want to see Xu Ming making a fool of himself on this occasion.

"Oh, it's not a small thing!" Liang Hui's sneer was even sharper, "Then you take it out and let everyone see what precious gift he gave you! – But... even if you take it out of the ring. If you order something, how can you prove that it was from Xu Ming, not yourself?"

Gu Hanmo was too lazy to fight with Liang Hui, but when Liang Hui said this, Gu Hanmo couldn't get angry.

"Of course it can be proved!"

Gu Hanmo spread out his hands, and three medicinal pills appeared in his hands. They were the Five Elements Clearing Spirit Pill, Wutian Pill, and Zhenwu Breaking Realm Pill!

"These three medicinal pills can be proved!?"

Chapter 178: , Always Chaotic

() Three medicinal pills?

At first, everyone didn't react – take out three medicinal pills, what can you prove?

But immediately, the people present were stunned and petrified one by one.

“This is...”

“True Martial Realm Breaking Pill?”

“Wu Tian Dan?”

“Five Elements Clearing Pill?”

With good eyesight, he quickly recognized the three medicinal pills in Gu Hanmo’s hand. Those with poor eyesight quickly reacted after hearing the exclamations of those with good eyesight around them.

The preciousness of the three top-grade medicinal pills needs no words! Especially the Five Elements Qingling Pill, there is no stock in the Wilderness Sect, and one will be purchased every year before the sect will meet.

The only Five Elements Clearing Pill in the entire Wilderness Sect, was won by Xu Ming at the sect martial arts meeting reads();!

“Isn’t this the few medicinal pills that were rewarded by the sect meeting? Why does Gu Hanmo also have them?”

“You are stupid! This is unexpected! It must be given to Gu Hanmo by Xu Ming!”

“Send...? These three medicinal pills are worth one or two thousand high-grade profound stones, and they still have no market price. Xu Ming is willing to give them away? I don’t believe it!”

“Nonsense, I don’t believe it either! However, the facts are right in front of us—if it wasn’t from Xu Ming, why would Gu Hanmo have these three magic medicines in his hands?”

“Hi-” Many people gasped in unison.

What is the arrogance?

This is called arrogance!

“The soul nourishing pill sent by Elder Liang Hui and the three pills from Xu Ming are not of the same grade at all!”

“Yeah! It’s ridiculous that when Liang Hui gave out a soul nourishing pill, he had to be shy, and accused Xu Ming of being rude and uneducated...”

“Slapped in the face! Really slapped in the face!”

Liang Hui’s identity is respected, and everyone naturally dare not speak ill of him face to face, all of them are talking quietly through voice transmission in private. However, when discussing, from time to time, there will always be ridiculing eyes to Liang Hui, making Liang Hui feel uncomfortable.

“Humph!” Liang Hui had no face to stay in the conspicuous position, snorted coldly, and then found a corner and sat down.

There was a little interlude, but the rite of passage continued.

“This kid...” Sect Master Gu Kongshan smiled and glanced at Xu Ming vaguely, “I didn’t expect that he would give Wenmo all three such precious medicinal pills...”

Can Gu Kongshan afford these three medicinal pills? Of course you can afford it!

However, one or two thousand high-grade profound stones were a rather painful sum of money for Gu Kongshan.

Moreover, medicinal pills are only foreign substances after all. Although it will have an amazing increase in strength in the short term, in the long run, the benefits are not so obvious – so, Gu Kongshan is not in a hurry to get medicinal pills for his precious daughter. .

But what Gu Kongshan didn’t expect was that the elixir that he, the father, did not get for his daughter, was obtained by an “outsider” like Xu Ming.

However, no one knows that for Gu Hanmo, the most precious gift Xu Ming gave her was not these precious magical medicines, but the ones that were of little value... 9,999 paper cranes .

Seeing Xu Ming in the limelight, Liang Hui was naturally very upset.

“Hmph, you have to shy! People who are dying, I think you can still jump for a few days! Hmph!” Liang Hui thought fiercely.

Suddenly, Liang Hui’s eyes flashed.

“Anfu!” Liang Hui suddenly said through voice transmission.

“Elder Liang!” Yang Anfu’s eyes lit up.

Yang Anfu was just an ordinary female disciple of the Outer Sect, with a very unusual talent. If there is any difference between her and other female disciples of the outer sect, it is... She has an affair with Liang Hui.

It was also because of Liang Hui’s cover that Yang Anfu’s status in the Outer Sect was relatively detached.

“Tell you something! You go...” Liang Hui commanded through voice transmission.

However, after Yang Anfu listened to Liang Hui’s voice transmission, her face changed greatly, and she shook her head again and again: “No! No! No! If I do such a thing, how will I meet people in the future?”

“How do you meet people!” Liang Hui scolded, “Just do as I say, and after the completion of the matter, I will guarantee you to become a disciple of the inner sect reads(!);!”

Yang Anfu was still hesitating.

“Stop the ink! Can you eat your face?” Liang Hui urged, “Besides, don’t pretend to be innocent! You know, you’re a slut, otherwise you wouldn’t take the initiative to climb. Come to my bed!”

Pretend to be pure?

bitch?

A sharp look flashed in Yang Anfu's eyes. However, she did not dare to challenge Liang Hui.

Moreover, Liang Hui is right – she is a bitch! A shameless bitch!

“Anyway, I've lost face and skin, so it's not bad to lose face again!” Soon, Yang Anfu had a decision in her heart!

“Okay, I'll do as you said!” Yang Anfu said, “However, you promised me the number of disciples in the inner sect, so don't renege on the debt!”

“Don't worry, I, Liang Hui, always do what I say!”

“Do what you say?” Yang Anfu sneered disdainfully, “I hope...”

However, in order to climb up and become a disciple of the inner sect, Yang Anfu can only seize this rare opportunity!

In the Wilderness Hall, more and more guests gathered.

Suddenly, a scream caught everyone's attention.

“Xu Ming—” Yang Anfu walked up to Xu Ming at some point, “You are a beast with a sanctimonious appearance and a chaotic abandonment!”

“What?” Xu Ming was stunned.

Respectful?

Always give up?

No. 2, Luo Feng, Song Jiahan and others who were sitting with Xu Ming were also stunned.

The melon-eating crowd sitting in the hall eating fruit also focused their attention on Xu Ming without knowing the truth.

“Xu Ming, the first disciple of Zongmen Huiwu and extremely talented, could be such a person?”

“What’s so strange about this! Self-confidence is talented, and the style of life is chaotic – I’ve seen this kind of genius a lot, and it’s hard to achieve anything later!”

The **** girls who were madly infatuated with Xu Ming were also stunned – the male **** in their minds was actually this kind of beast in disarray! ?

Gu Hanmo was also a little stunned.

However, out of her trust in Xu Ming~www.readwn.com~, she calmly watched the next development of the matter.

“Excuse me... Who are you?” Xu Ming couldn’t tell the situation for a while, he didn’t know the female disciple in front of him at all.

“Hehe, you still ask me who I am?” Yang Anfu smiled bitterly, her acting skills were perfect, “Why didn’t you ask me who I was when I took off my clothes? Now that I’m wearing clothes, I don’t recognize anyone? “Xu Ming, are you still a man?”

“I...I...” Xu Ming was at a loss for words, what’s the situation? This...

Yang Anfu is aggressive: “If you are a man, you will admit it! Don’t worry, I, Yang Anfu, came to you today, I didn’t want to rely on you or beg you for something, I just came to ask for an explanation! I just want to hear from you. Two words, ‘loved’!—that’s enough!”

“I...I...” Xu Ming was at a loss, what am I admitting?

“If you weren’t a man, you wouldn’t dare to admit it after eating and wiping, it doesn’t matter, just think it’s me, Yang Anfu, who went blind and handed me over to a beast like you! – Xu Ming, do you dare to? Dare to act like a man and take responsibility for what you have done!?”

Chapter 179: , Style Change

()admit?

Responsible?

Xu Ming was also drunk, he had never done anything, what did he admit? Responsible for what?

Xu Ming is not stupid, he immediately reacted: “Oh, someone wants to throw dirty water on me, what a despicable method...”

But in such a situation, Xu Ming was also very helpless and painful. If he doesn’t admit it, Yang Anfu will definitely insist, saying that he is always messed up and abandoned;

“Damn, who is framing me like this?”

Seeing that Xu Ming didn’t speak for a long time, Yang Anfu became more and more aggressive: “What’s wrong? Feeling guilty? Don’t dare to say anything?”

Guilty?

I’m a jerk!

At such a time, escaping is obviously impossible; the more escaping, the more the opponent will slap the nose on the face.

“Who are you? I don’t even know who you are. Is it interesting that you frame me like this?” As soon as he said these words, Xu Ming realized that he seemed to have said something useless.

really.

“Hahaha, who am I?” Yang Anfu looked mad, “I knew you would say reads();! I knew you would pretend not to know me! Hahahaha... man, none of them are good! ”

Yang Anfu’s words almost scolded all the men at the scene.

Some men with a guilty conscience lowered their heads silently, not daring to look directly. And some men who haven’t had time to be a thief have a guilty conscience, but they are very sanctimonious and criticize Xu Ming.

“I thought this Xu Ming was a character, but unexpectedly, he is also a coward who dares to act!”

“Our man’s face has been disgraced by him! Is such a person worthy of being the first disciple?”

Only No. 2, Luo Feng and other “true love fanatics” would believe in Xu Ming for no reason.

“Brother Ming said if you don’t know him, then you definitely don’t know him!”

“I’ve never even heard of this Yang Anfu; it must have popped up somewhere and deliberately framed our brother Ming!”

It’s just that the voices of fanatical true fans are only a few after all; they are soon drowned in the voices of condemnation and accusation.

“What a boring and cheap trick!” Xu Ming could not argue.

After thinking for a while, Xu Ming sent a voice transmission to Yang Anfu: “Who asked you to frame me? What benefits did he give you, tell me, I will give you double!”

In fact, Xu Ming already had a rough guess in his heart. Anyway, the suspects were among a few people such as Liang Hui and Lin Xuan, but he was not sure.

“Double it for me?” Yang Anfu still looked crazy on the surface, but he also sent a voice transmission to Xu Ming in private, “Okay! Aren’t you rich, then give me 10,000 low-grade profound stones first!”

Ten thousand low-grade profound stones?

This Yang Anfu really dared to speak up!

You must know that an ordinary congenital perfected martial artist may not earn ten thousand profound stones in a lifetime! For example, when Xu Ming killed Zhao Anhe and Long Batian before, he also found hundreds of mysterious stone belongings.

“Okay, I can give you 10,000 low-grade profound stones! However, you have to help me identify that person on the spot! Don’t worry, I will keep you safe, and I will do what I say!”

you keep me safe?

Yang Anfu sneered with disdain in her heart, but she didn’t show it. Instead, she happily agreed: “Okay! I’ll help you identify it!”

However, deep in Yang Anfu’s eyes, there was a hint of cunning hidden.

Xu Ming was about to make a deal, but a vigilance suddenly surged in his heart: “No way! – If I give her the profound stone, and she bites me back, saying that this is my compensation for her, then I really will never wash it again. It’s unclear!”

The heart is so heavy!

The trick is so deep!

Xu Ming was frightened for a while, and almost died.

“You want to play me, don’t you?” Xu Ming sounded coldly.

“Tricking you?” Yang Anfu sneered twice.

then...

“Ah—everyone, give me a critique! This heartless man who has always been in chaos and abandoned, just threatened me with a voice transmission! He said that if I pestered him again, he would definitely kill me! Everyone, save me!” Yang Anfu cried more and more bitterly, as if it were real.

This woman was born to be an actress.

However, public opinion is often on the side of the weak.

Seeing Yang Anfu’s pitiful appearance of pear blossoms with rain, many male disciples who were already jealous of Xu Ming immediately denounced reads(); louder.

“What a poisonous woman!” Even Xu Ming almost couldn’t help but slap him.

However, Xu Ming was still very awake. He knew that this slap could not be slapped;

However, if the other party is allowed to make trouble like this, it will become more and more disturbed, and it will also disturb Gu Hanmo’s coming-of-age ceremony.

“Han Mo...” Xu Ming conveyed a very helpless look.

“I trust you.” Gu Hanmo replied, “I am also trying to figure out how to solve this situation.”

The opponent’s methods were too low and despicable, so that Xu Ming and Gu Hanmo couldn’t think of a good way to break the game.

“Humph!” Xu Ming’s eyes deep, murderous looming, “Dare to make trouble at Han Mo’s coming-of-age ceremony, wait until I find out who is behind the trouble...”

at this time...

“You fart!”

A resolute clear drink attracted the attention of many people; it was a female disciple of the outer sect who made the shout.

This female disciple of the outer sect is much better than Yang Anfu in terms of appearance and temperament. When she and Yang Anfu became the focus of everyone's attention at the same time, whoever was beautiful and who was ugly was immediately judged.

"It's her?" Xu Ming was a little surprised.

This female disciple of the outer sect, Xu Ming is still quite impressed. Her name is Yi Xiaotong, and she once threatened to write 10,000 love letters to herself, vowing to get her.

"You fart, Yang Anfu!" Yi Xiaotong scolded as soon as he came up, "Who do you think you are? Is it worthy to let Xu Ming always give up on you?"

"You..." Yang Anfu showed a look of shame and anger again.

The "shame and anger" this time is not a pretense; because, being scolded like this, Yang Anfu is really ashamed and angry!

Yi Xiaotong continued to scolded irritably: "Among our female disciples of the outer sect, there are many who are willing to give Xu Ming their hugs; but without exception, they were all rejected by Xu Ming! – Xu Ming began to mess with you. Abandoned? Sisters, let's all judge together!"

Wai Zong, this group of nymphomaniacs who were madly infatuated with Xu Ming, was only stunned for a while; now, after hearing Yi Xiaotong's shout, they all came back to their senses.

"Yeah, yeah! I really hope that Xu Ming will always give up on me! I promise that I won't pester Xu Ming, and I won't make Xu Ming take any responsibility!"

"Me too!"

"Me too!"

"And I!"

Originally, it was Xu Ming who was surrounded by people and accused him of being virtuous, beastly dressed, and always abandoned...

Then suddenly, all of a sudden, they turned into **** girls, begging Xu Ming to be sane to himself, and to abandon himself all the time...

Needless to say, Yang Anfu's previous remarks are simply untenable – so many female disciples, one by one, put on Xu Ming's appearance, as for Xu Ming to touch you Yang Anfu?

In the words of the nymphomaniac disciples – want Xu Ming to always give up on you? Think beautifully!

Suddenly, a female **** disciple boldly said: “By the way, I remembered! I have seen Yang Anfu accidentally taken to the inner sect by Liang Hui several times at night...”

Chapter 180: , Special Envoy Of Hidden Slayer

() “I have seen several nights inadvertently seeing Yang Anfu being taken to the inner sect by Elder Liang Hui...”

One stone stirred up a thousand waves, and many male disciples of the outer sect reacted strongly.

“Is there such a thing?”

“I don't believe it, Fang Chenxin, did you talk nonsense?”

On the surface, Yang Anfu seems to be relatively innocent.

Therefore, just when Yang Anfu angrily scolded Xu Ming for the chaos and abandonment, only so many male disciples stood up for her.

Now Fang Chenxin has exposed the private relationship between Yang Anfu and Liang Hui, which has also aroused strong reactions from many male disciples of foreign sects.

“At night... Lonely men and widows?” The male disciples of the outer sect were a little reluctant to believe, “If what Fang Chenxin said is true, then isn’t Yang Anfu the kind of sassy woman? Well, we just got caught by Yang An, didn’t we? Fu deliberately pretended to be pitiful and deceived?”

“Fang Chenxin reads(!)” At this time, Yang Anfu had to pretend to be so angry that her lips were trembling, “You are spit! You are deliberately smearing me! My Yang Anfu’s reputation, how can it be? Allow you to smear it arbitrarily?”

Reputation?

Fang Chenxin shook her head secretly, this Yang Anfu is really shameless enough, even dare to use the word “honor” on herself.

Does she still have a good reputation?

But Fang Chenxin was too lazy to argue: “Have I deliberately blackmailed you, you know better than anyone else, so don’t pretend!”

At this time, other **** female disciples spoke up one after another.

“Sister Chenxin, after hearing what you said, I also remembered it! – One night, when I was walking in the mountains behind the outer sect to admire the moon, I met Yang Anfu and Elder Liang Hui together. I was surprised at the time that they Why are you in the back mountain...”

night? Back Mountain? – It’s really fun to play.

“I seem to have seen that Yang Anfu was brought to the Inner Sect by Elder Liang Hui, and it was also at night!”

“I’ve seen it too!”

...

The spear pointed at Liang Hui and Yang Anfu, and the truth seemed to come out in an instant.

Liang Hui’s face turned blue and then white. He didn’t expect that the spear would turn around so quickly, and suddenly it turned into him shooting himself in the foot.

Liang Hui still wanted to argue with reason, but facts speak louder than words. With so many female disciples from outside sects testifying, if he argues, it will only get worse.

As for Yang Anfu, seeing that Liang Hui did not speak for a long time, she scolded Liang Hui for not being a man and did not dare to share the pressure with herself. Although Yang Anfu has no face and no skin, she still has a little dignity left in her heart; in this situation, she really has no face to stay, so she pretended to cry with shame and anger, and trotted away. Wild Palace.

However, when leaving, Yang Anfu also left a voice transmission for Liang Hui: “I have already done it, and I can’t do anything if it is not done! You promised me the number of disciples in the inner sect, don’t forget it! Otherwise...I Spread the matter that you only have three seconds to spread throughout the Wilderness Sect!”

“You...” Liang Hui’s face became more and more blue, but he couldn’t argue, because he really only had three seconds.

The scene gradually calmed down.

After going through such a small set of twists and turns, the coming-of-age ceremony continued in an orderly manner.

From time to time, Xu Ming secretly transmits Gu Hanmo’s voice: “Aren’t you bored?”

“It’s so boring...” Gu Hanmo weakly replied to Xu Ming, while welcoming the guests with a formal smile, “I really want to go back and play with paper cranes...”

The thousand paper cranes given by Xu Ming have no other functions besides the automatic hovering flight. However, Gu Hanmo never tires of playing.

Suddenly, the waiter who led the guests outside the hall raised his voice in vain: “The special envoy of the Hidden Killer Sect is here—”

“Secret Envoy of Hidden Killing Sect?”

“From the Hidden Killer Sect?”

The place suddenly quieted down.

Many people in the Wilderness Sect can't help but have a little fear of the Hidden Killing Sect. Because... The Hidden Killing Sect is the top of the Huang-level forces, while the Wilderness Sect is much weaker.

A small sect, facing a big sect, will naturally raise a sense of inferiority.

“Hidden Killing Sect?” Xu Ming's eyes flashed with hatred and murderous intent reads();.

On the way from Feiyun Country to the Wilderness Sect, Xu Ming was robbed and killed by the Hidden Killing Sect.

Xu Ming couldn't help but look at the door of the hall.

This special envoy, on the contrary, has a dignified appearance and an extraordinary bearing.

Come to think of it, a big force like the Hidden Killing Sect still has high requirements for the appearance of the special envoy; after all, the special envoy represents the facade of the Hidden Killing sect—the facade, of course, it has to be good-looking.

“Half-step condensing pill!” Xu Ming probed a little.

“It's Special Envoy Wu!” Great Elder Liang Weihe greeted with a smile.

The special envoy named “Wu Xiong” also bowed to the elder, “Elder Liang, stay safe!”

Then, Wu Xiong turned to Gu Kongshan: “Sect Master Gu, I heard that today is the coming-of-age ceremony of your young lady, and the sect master of my family specially ordered me to send a congratulatory gift.”

“Thank you Sect Master Ao for me!” Gu Kongshan took the acceptance ring from Wu Xiong, and without looking at it, handed the acceptance ring to the waiter beside him.

“Envoy Wu, please take your seat as you please!” Gu Kongshan made a gesture of invitation.

Although Wu Xiong is the special envoy of the Hidden Killing Sect, Gu Kongshan, as the sect master of the Wilderness Sect, certainly does not need to be too humble; in fact, talking to him so much is actually condescending.

Wu Xiong didn’t take a seat, but smiled strangely.

This smile suddenly made Gu Kongshan feel a little bad.

Sure enough, Wu Xiong said again: “My suzerain, ordered me to bring a word.”

“Speaking.”

The show is finally here.

“My suzerain said that this ring is not only an adult gift for Miss Gu, but also... a betrothal gift!”

what! ?

bride price! ?

Xu Ming almost stood up in anger, but he suppressed his anger and watched the development of the matter coldly.

There was a trace of sadness in Gu Hanmo's eyes, and he sighed: "Sure enough, it's coming..."

Liang Hui was also a little angry at this time. After all, he was also one of Gu Hanmo's suitors. Of course, Liang Hui's anger was very limited; after all, Gu Hanmo had never paid attention to him, and the two had no feelings at all.

Gu Kongshan said expressionlessly, "It's both a congratulatory gift~www.readwn.com~ and a betrothal gift? Sect Master Ao is a little too casual, right?"

"Random? No, no, no!" Special envoy Wu Xiong said with a smile, "Sect Master Gu opened the ring and saw that it was not random at all!"

Generally, when a guest presents a gift, it is not convenient for the host to open it in person. This is a courtesy.

But now, Wu Xiong, a guest, took the initiative to ask to open it and take a look. Naturally, there is no such concern.

Gu Kongshan opened the Na ring.

There is nothing else in the ring, only profound stones—superior, high-grade, middle-grade, and low-grade, eight hundred and eighty-eight of each of the four kinds of profound stones!

Even if these profound stones are converted into low-grade profound stones at the lowest ratio, they are still close to one million! Of course, if it was actually converted into low-grade profound stones, it would only be higher, definitely more than one million!

"This is the sincerity of my suzerain!" Special envoy Wu Xiong said, "Since suzerain Gu has already accepted the dowry, why don't we set a time when my suzerain will visit in person and discuss the follow-up marriage matters."
