

A World 1751

Chapter 1751: No, It'S Your Last Knife!

“But... I have no interest in your strength!”

Xu Ming couldn't help shaking his head.

It's really not interesting!

Originally, Xu Ming still had great expectations for the powerhouses on the Heavenly Ranking list; but now, as soon as they fought each other, Xu Ming knew... The Heavenly Ranking Powerhouses were nothing but err!

To put it bluntly, it is only the strength of the half-step world master!

“You...” Mo Jiangran's face changed, “You dare to speak madly when you are about to die? Originally, I wanted you to die happily; now, even if you want to die, it will not be so easy!”

Originally, after seeing Xu Ming's strength, Mo Jiangran knew that if he wanted to enslave Xu Ming or torture Xu Ming, it would be quite difficult; therefore, he planned to kill Xu Ming directly to avoid future troubles.

But now, Mo Jiangran was obviously provoked; he planned to make Xu Ming die even if he paid some price!

“This... this Xu Ming is too arrogant!”

“Yeah! He's obviously not as strong as others. If he asks with good words, he might have a way to live; now... he's dead!”

“It's a pity! One of the top three powerhouses on the Earth Ranking List is about to perish like this!”

Many strong men sighed.

boom! boom! boom! boom! ...

Xu Ming had already rushed out of Silver Light City.

Outside the city, the light of guns and knives flickered.

Collision time and time again, although Xu Ming was at a disadvantage, but relying on the Divine Phoenix to not die, there is no sign of defeat for the time being.

“Xu Ming is actually so strong? Can he fight against Mo Jiangran for so long!?”

“With such strength, it’s not an exaggeration to say that it is number one on the Earth Ranking, right?”

“However... it’s just the ‘first place on the Earth’s list’! In Xu Ming, you can’t feel the ‘essential meaning of the true self’, then Xu Ming is not the ‘third rank of the emperor’s true self’!”

“It’s not the ‘Emperor’s True Self’, the achievements are limited after all, and we can only stop on the list!”

“You can’t say the same! Xu Ming has been able to play against Mo Jiangran for so long, which shows that the ‘true self’ he has understood is also the strongest among the peerless true self! Otherwise, he would have been defeated long ago!”

“Indeed! I didn’t expect that Xu Ming could fight against Mo Jiangran for so long! – It’s such an unexpected joy to be able to see Mo Jiangran take action many times, and to feel the ‘essential meaning of the true self’ many times!”

The more times Mo Jiangran makes shots, the happier the spectators will naturally be! After all, they worked so hard to get to Yinguang City just to watch the powerhouses on the list take action and feel the “essential meaning of the true self”!

As the battle goes on...

“Xu Ming is still not defeated!?”

“Amazing! Xu Ming’s strength really exceeded my expectations! He should have cultivated some kind of recovery secret. Even if he is injured, he can recover quickly...”

“Could it be...” Suddenly, a strong man opened his mind and said, “Could it be that Xu Ming deliberately forced Mo Jiangran to do it himself! Then, with the help of his recovery secret, he could feel Mo Jiangran’s body at close range again and again.” The essence of the true self’, using this... to perfect his own ‘real self’, and then, from the ‘superior true self’ to the ‘imperial true self’?”

This strong man’s statement sounds really open-minded.

But think about it carefully... Xu Ming provoked Mo Jiangran again and again, and now he is fighting with Mo Jiangran again, it seems that it is really possible for this purpose!

“Xu Ming’s ambition is so big!” Some strong people felt terrified and couldn’t help exclaiming, “And... it’s really possible for him to succeed!”

“Too strong! Although Xu Ming’s talent is not as good as Mo Jiangran’s, I really admire his ambition, strategy, and courage!”

“If Xu Ming really relies on this battle to successfully break through to the ‘Tier 3 Emperor’s True Self’ and step into the heavenly list in one fell swoop! Then... Mo Jiangran will be regarded as a stepping stone by him!”

...

Regarding the rich imagination of these powerhouses, Xu Ming just wanted to say – you really think too much!

Is the emperor really me?

The real me?

Xu Ming never thought about it at all! Because... Xu Ming is still only in the “Imaginary Realm”, and he has not even stepped into the “Real Self Realm”!

And the reason why Xu Ming and Mo Jiangran have fought for so long is purely because he wants to feel the strength of the powerhouses in the sky!

“You...” Mo Jiangran slapped, and found that something was wrong – he didn’t seem to be able to kill Xu Ming! ?

How could Mo Jiangran accept this?

You know, he originally wanted to rely on this battle to show his strength to the whole world of First Layer! But now, after moaning for a long time, Xu Ming has not been killed, and he has not even gained a big advantage. How can Mo Jiangran hold on to his face?

Mo Jiangran finally got angry: “This is the end of the warm-up! I’m not interested in continuing to play with you!”

Xu Ming smiled: “What a coincidence! I’m not interested in playing with you anymore!”

“Crazy talk!” Mo Jiangran snorted coldly, the momentum on his body skyrocketed wildly! — Obviously, he wanted to pay some price to forcibly kill Xu Ming!

Anyway...the price paid, only you know; and killing Xu Ming in one fell swoop can make him stand out in the world of the first layer!

Xu Ming looked at Mo Jiangran, but smiled!

Actually... For Xu Ming, the powerhouses in the world of First World are really easy to bully!

real!

For example, Mo Jiangran, although his strength is comparable to the half-step world master, but in fact, if Xu Ming really wants to kill him, it is very easy! Because... Mo Jiangran's cultivation is only in the realm of all things!

The cultivation base is only in the realm of all things, what does this mean?

It means... if Xu Ming activates the "Time Pause" hang, he only needs to consume level 18 hang points!

And the level 18 hanging point, for Xu Ming, it is as much as he wants! As long as Xu Ming is willing, in the whole world of First Layer, whoever Xu Ming wants to be put into time suspension, will let whoever be put into time suspension.

So... even if Xu Ming's current strength is slightly inferior to Mo Jiangran's, but Xu Ming wants to kill Mo Jiangran, but it's easy – just turn on "Time Pause" and Mo Jiangran will be slaughtered immediately!

Under the effect of "time pause", Mo Jiangran may not even know how he died!

But now, Xu Ming is not interested in playing with Mo Jiangran! Therefore, Xu Ming decided to use this very "cheap" method to end Mo Jiangran.

boom-

Mo Jiangran's momentum continued to skyrocketEven the depths of every particle of the divine body began to boil.

"Mo Jiangran's strength is really good!" The strong man of the Taikoo Pavilion nodded secretly, "If Xu Ming hadn't practiced the recovery secret, I'm afraid he would have died a long time ago! But now, Mo Jiangran is really angry. , and even have to pay the price to kill Xu Ming; Xu Ming will no longer have the power to resist!"

As a strong man in the Taikoo Pavilion, he is still very confident in his eyesight!

"Xu Ming!" Mo Jiangran's aura finally reached its peak, "This knife is the last knife you will see in your life!"

boom-

However, Mo Jiangran's sword was not imposing, but compressed the imposing manner into an endless and fierce coldness; the power was extremely restrained, and the attack was several times more tyrannical than before.

As soon as the knife was fired, Mo Jiangran felt that he had taken control of Xu Ming's life and death.

Xu Ming laughed.

Immediately afterwards, the "time pause" hangs on.

The time around Mo Jiangran completely solidified. Mo Jiangran seemed to be frozen in the picture.

Xu Ming's spear, without the slightest fancy, easily penetrated Mo Jiangran's divine body, annihilating every particle of him.

Mo Jiangran's divine body was quickly annihilated! And Mo Jiangran, who was in the "time pause", didn't know anything about it!

Bang!

Finally, Mo Jiangran's divine body completely dissipated and annihilated.

Xu Ming's voice resounded in the void: "No! It's your last blow!"

Chapter 1752: Eternal Battlefield Invitation

quiet!

Deathly silence!

Mo Jiangran, the powerhouse of the Heavenly Ranking, was killed with such ease!

“how is this possible...”

Everyone’s eyes widened in disbelief. Even the powerhouses of the Taikoo Pavilion are full of horror and puzzlement.

“Mo Jiangran is a third-order emperor-level real me like a fake! And Xu Ming, isn’t even the emperor-level real me, how could it be possible to kill Mo Jiangran?”

yes! how is this possible?

And the truth happened right before their eyes.

The strong man in the Taikoo Pavilion’s main pavilion fell into deep thought: “Two possibilities... The first is that Xu Ming is also the emperor’s true self, and he is the strongest among the emperor’s true self! Moreover, Xu Ming should only be the true self now. Second-order, so when he shoots, there will be no ‘true essence and profound meaning’ that belongs to the third-order of the emperor’s true self!”

The emperor’s true self is naturally divided into strengths and weaknesses.

The top-level emperor-level real self is second-order, and it is indeed possible to kill the ordinary emperor-level real self-level three.

“The second possibility...that would be terrifying!” The eyes of the Taikoo Pavilion powerhouse couldn’t help but show a look of horror, “That is... Xu Ming is the real me!”

The true self of the gods is even higher than the true self of the emperor! Anyone who can comprehend the true self of the gods can challenge the ancient list of all things!

Moreover, the true self of the gods will not reveal the “essential and profound meaning of the true self” like the “third-order of the true self of the emperor”. Because, the true self of the gods has already reached Consummation, and will not leak any breath at all.

“If Xu Ming is the third-rank god-level true self, or the second-level god-level true self, killing Mo Jiangran will not be a problem at all! And Xu Ming, although stronger than Mo Jiangran, seems to be stronger. limited...”

The Taikoo Pavilion masters quickly came to a conclusion: Xu Ming is either a very strong second-rank emperor, or a first-rank god!

“The true self of the gods...it’s almost impossible! Then, Xu Ming should be the second-order kind of the very strong true self of the emperor!” Taikoo Pavilion’s main pavilion powerhouse secretly said, “Wait until he breaks through to the third order of the true self of the emperor in the future. , I’m afraid they can be ranked at the top of the list!”

Thinking about it, the strong man flew directly into the sky and flew towards Xu Ming; “Brother Xu Ming, admire! Admire!”

“Are you...?” Xu Ming said lightly.

“Inspecting the Angel Banquet Silver Army at the General Pavilion of the Lower Taikoo Pavilion!”

Taikoo Court General Pavilion!

Patrol Angel!

As soon as the Yan Yinjun from the General Pavilion of Taikoo Pavilion said this, all the powerhouses who were shocked by Mo Jiangran’s slaughter all turned their shocking eyes to them. Only then did they realize that there was a hidden hidden in the crowd. The Guardian Angel of Taikoo Tower!

You know, the patrolling angel, but the messengers sent by the Taikoo Pavilion to inspect the entire First Layer world, almost directly represent the Taikoo Pavilion! Moreover, the patrol angel has the qualification to determine the ranking of the heavenly list!

The battle between Xu Ming and Mo Jiangran had just ended, and the patrol angel of Taikoo Pavilion appeared. Obviously, he was here to put Xu Ming on the list!

“Where does Xu Minghui rank on the list?”

“Heavenly Ranking Powerhouse... I actually witnessed the birth of a Heavenly Ranking Powerhouse! And, obviously, Xu Ming is definitely a potential Heavenly Ranking Powerhouse!”

Many of the powerhouses who were watching the battle had good eyesight. They guessed that Xu Ming was probably the second-ranking emperor!

Yan Yinjun said: “Xu Ming, I will give you a ranking in the Heavenly Ranking based on the strength you have shown! You have the opportunity now, you can show me more strength, do you want to show it?”

Show more power?

“No!” Xu Ming shook his head directly.

Xu Ming’s strength is for killing people, not for acting.

“That’s good!” Yan Yinjun said, “Your ranking is the sixth thousandth!”

Yan Yinjun directly gave the ranking.

“If you’re not satisfied with this ranking, you can challenge other Heavenly Ranking powerhouses! Likewise, if there is a Heavenly Ranking Powerhouse who is not convinced that you are ranked in front of him, he will also challenge you!” Yan Yinjun reminded.

“Yeah!” Xu Ming nodded lightly, expressing his understanding.

“By the way! There is one more thing for you!” Yan Yinjun suddenly sounded.

“Oh?” Xu Ming couldn’t help but wonder what it would be?

“Eternal Battlefield Invitation!” Yan Yinjun quietly threw a world ring, which was a golden invitation.

On this invitation letter, there is no text and no breath.

Yan Yinjun continued his voice transmission: “All the powerhouses in the sky will receive such an invitation letter! As for where the Eternal Battlefield is and whether you want to enter, you will know later!”

Having said that, Yan Yinjun also reminded kindly: “Xu Ming, you have great potential. I suggest that you should not be in a hurry to leave the world of the first layer, nor enter the battlefield of eternity in a hurry! Wait for your strength to improve a little, and then It’s not too late to enter the eternal battlefield!”

“Okay!” Although Xu Ming didn’t quite understand, he didn’t ask any further questions.

“I look forward to seeing you in Shengtian Prefecture!” Yan Yinjun said with a smile.

Shengtianzhou is where the main pavilion of the Taikoo Pavilion is located, and it is also the absolute core of the entire first layer of the world.

Most of the top forces and powerhouses in the First Layer World gathered in Shengtian Prefecture.

Even the powerhouses in other states, after arriving in Shengtian state, dare not be too high-profile! After all, almost all the powerhouses on the Heavenly List are gathered in Shengtianzhou; when the Powerhouses on the Earth List are here, who dares to make a high profile?

...

The patrolling angel banquet Yinjun will leave soonOutside the city of silver light, many strong people are a little regretful. You must know that if they did not leave the city of silver light before, then at this time, they can make friends with Xu Ming. This is the powerhouse who is ranked 6000th in the sky list! After all, it is easy to add icing on the cake, but it is difficult to give charcoal in the snow.

As for now, it will be difficult to make friends with Xu Ming again!

“The main city of Yinguang City has developed!” Many strong people couldn’t help but think that regardless of whether the City Lord of Yinguang City was intentional or not, he didn’t leave Yinguang City anyway, more or less equivalent to “sharing weal and woe” with Xu Ming a bit!

Sharing weal and woe with a strong person in the sky... This kind of friendship is what everyone wants!

“The sixth thousandth on the list... Xu Ming is definitely the number one powerhouse in the entire Yunhe Prefecture!”

There are 10,800 states in the world of the first layer, but not every state has a strong person on the list! What’s more, Xu Ming’s ranking on the list is not very low!

Some powerhouses are already thinking about whether they should find an opportunity to make friends with City Lord Yinguang! In this way, I can get a little bit of Xu Ming’s light; in case of any trouble in the future, I can still make a name and say that I and Xu Ming’s younger brother, City Lord Yinguang, are good friends!

Of course, City Lord Yinguang didn’t know that he had been “targeted” by the powerhouses all over the place by accident. Next, he will usher in the initiative to make friends with many local powerhouses!

For the existence of the Silver Light City Lord, encountering such a thing is tantamount to reaching the pinnacle of life.

And this, isn’t it a causal cycle? City Lord Yinguang helped Yun Tian and Lone Gunner, while Xu Ming helped the two younger brothers to repay the cause and effect.

Chapter 1753: Old Country Father

call out-

An arrogant figure cut through the void, from south to north, across the world of the first layer of heaven – it was Xu Ming.

The speed is so fast that the powerhouses in the path are far behind.

“Saint Tianzhou...” Xu Ming looked forward to it.

Soon after the “farce” brought by Mo Jiangran was over, Xu Ming said goodbye to Yun Tian, Lone Gunner, and City Lord Yinguang, and went to Shengtian Prefecture from Yunhe Prefecture alone.

Although Yun Tian and Lone Gunner had followed Xu Ming for a period of time; but after all, their talents were average, and it was impossible for them to follow Xu Ming forever.

Although Xu Ming wanted to help the two improve their strength, but in the world of First Layer, if the cultivation base wants to break through the realm of all things and reach the realm of destruction, he must first understand the realm of self!

To understand the “true self”, one can only rely on oneself, and even Xu Ming cannot help—Xu Ming’s “Supreme Dao Guidance System” guides “chaos to the Dao”; and “the realm of the true self” does not belong to In the category of “Chaos to Dao”, even if Xu Ming wanted to guide him, he couldn’t guide him at all.

Therefore, cultivating in the world of the first layer of heaven can only rely on Yun Tian and Lone Gunner himself.

However, when Xu Ming left, he hung it with “wholesale and retail gold fingers” and “installed” gold fingers for both of them. Now, the strength of Yun Tian and Lone Gunner has skyrocketed; in addition, they are living in seclusion in the small Silver Light City, which should be enough to live in the world of a world without worries.

“If there is fate in the future, I will have the opportunity to see you again!” Xu Ming was very calm.

Immediately, Xu Ming’s eyes became firm, staring ahead: “Shengtianzhou!”

As Xu Ming’s identity as a “Tianbang Powerhouse”, it is naturally not difficult to obtain some information about the world of the first layer of heaven. Before setting off, Xu Ming also had a more detailed understanding of Shengtianzhou.

In Shengtian Prefecture, various major forces occupy each county and each city, and each has its own territory. For example, top forces such as Shengtianmeng, Taigu Pavilion, Zhenyu Temple, etc., each occupy the territory of dozens of counties.

And Xu Ming is now going to... the territory of Zhenyu Hall.

“Zhenyu Temple...” When Xu Ming just learned about this faction’s information, the whole person couldn’t help but be excited – Zhenyu Temple, in fact, is... the power formed by geniuses from the real universe!

The geniuses of the Zhenyu Temple, all forces from the real universe! Among them is... the genius of the Eternal Hall!

Yes!

Eternal Hall!

It was Xu Ming and Yin Ran’s daughter, Xu Yin, to which force they went!

According to the information Xu Ming has obtained, the Eternal Hall is the top superpower in the entire real universe, or directly “the entire universe”! It is even possible... There is no stronger force than the Eternal Hall!

And the Eternal Hall is in Shengtianzhou, and it directly occupies the territory of three counties!

Of course, in the territory, there are only a few geniuses from the real universe; the vast majority are geniuses from the virtual universe.

“I’m going to ask the genius of the Eternal Hall, maybe I’ll get news about Xu Yin! Even...” Xu Ming couldn’t help but think, “Even, is Xu Yin also in the world of First Layer?”

If you are here, father and daughter will be able to meet!

“My daughter should still recognize me, right?” Xu Ming wasn’t sure.

After all, Xu Yin was taken away directly by Gu Hanmo to the Eternal Palace when he was just born; Xu Yin at that time was just a newborn baby.

If it is an ordinary baby, it will definitely not recognize its father. However, Xu Yin is different from ordinary babies; when she was born, she was directly a saint...

Moreover, when Xu Ming saw the first face of his daughter, it was not Xu Ming who spoke first, but his daughter Xu Yin!

Xu Ming remembered very clearly that Xu Yin, who was just born at the time, asked himself in a milky voice, “You are my father!?”

And, before Xu Ming could answer, Xu Yin asked and answered, “That’s right! Our breaths are very similar, you must be my father!”

Therefore, in Xu Ming’s opinion, her daughter should still recognize her!

Instead, Xu Ming was worried—would he not recognize his daughter?

After all, the eighteenth change of the female university!

Xu Ming has only seen Xu Yin when he was a baby. Now that such a long time has passed, Xu Yin’s appearance must have been completely different; even his breath may have changed!

Xu Ming is really worried... When he sees his daughter, he will not know her daughter!

That would be embarrassing...

But no matter what, Xu Ming will go to the Eternal Hall to find out!

“Saint Tianzhou, Zhenyu Hall, Eternal Hall!”

This is Xu Ming’s destination.

call out-

Thinking of this, Xu Ming became a little faster.

“I hope Xu Yin will be in the world of the first world!” Xu Ming thought to himself.

But Xu Ming also knew that his daughter was probably not in the world of the first world! Because, according to the news Xu Ming got, the true geniuses of the universe who entered the world of the first layer of heaven are all extremely powerful, and many of them are at the forefront of the heavenly list!

Although the daughter’s talent is against the sky, can she cultivate to the sky’s strength so quickly? —Xu Ming feels that it should be impossible!

After all, if Xu Yin really cultivated to the strength of the sky list so quickly, doesn’t it mean that Xu Yin’s talent and strength are even more insane and perverted than Xu Ming’s?

gallop all the way.

The closer he got to the Eternal Hall’s resident in the first world, the more nervous Xu Ming felt.

Even Xu Ming couldn’t help but worry: “Will my daughter deliberately deny me?”

After all, Xu Ming wanted to give his daughter a bigger future, plus the **** level can have an infinite lifespan, and there is no need to care about the momentary clutch; therefore, Xu Ming and Yin Ran are cruel, both It was decided to let Gu Hanmo take his daughter to the Eternal Hall.

At that time, Xu Yin was just born. After so many years, it is indeed possible to not recognize Xu Ming as an “old country father”.

Thinking of this, Xu Ming couldn’t help but feel a little scared – even in the face of a big life and death crisis, Xu Ming has never been afraid; but now, he feels scared and frightened!

Finally, under this complicated emotion, Xu Ming arrived at “Eternal County”.

This county town is the foundation of the Eternal Hall in the world of the first layer of heaven.

“It’s here!” Xu Ming lowered his body from the air and walked towards Eternal County with some trepidation.

At the gate of Eternal County, only a genius is meditating cross-legged.

Xu Ming stepped forward and prepared to enter the city.

“Stop!” The gray-clothed genius shouted coldly, his voice without a trace of emotion, “The Eternal Hall is stationed, idlers are not allowed to enter!”

Xu Ming couldn’t help but be stunned – not allowed to enter the city?

Xu Ming thought about it, he couldn’t tell Xu Yin’s name directly, could he? —Even if it is reported, even if Xu Yin is indeed in the county town, the other party will not necessarily take care of him!

Xu Ming’s eyes lit up and said, “I am Xu Ming, who is ranked 6,000th in the sky, and I want to enter the city!”

Top of the list!

At this time, Xu Ming finally felt the usefulness of being on the list!

“Heaven’s List?” What Xu Ming didn’t expect was that the gray-clothed genius sneered with great disdain, “You can’t enter the Holy Land of Eternal Hall! Don’t say that you are on the Heaven’s List, even if you are among the ancients. The list is useless!”

Chapter 1754: Cosmic Flower Sea

Eternal Temple.

In the real universe, the status is extremely detached.

Even a genius from the real universe may not be eligible to enter the residence of the Eternal Hall; what's more, he is only a powerhouse from the virtual universe.

The word "Heavenly List" is indeed enough to deter the world of the first layer of heaven; but within the sphere of influence of Shengtian Prefecture, especially the "Zhenyu Temple", there is really no deterrence.

Even the gray-clothed genius who looked at the gate of the Eternal Hall was very disdainful of Tianbang.

"It's useless to be listed on the Primordial All Things List?" Xu Ming frowned slightly.

The attitude of this gray-clothed genius made Xu Ming very unhappy. If it were somewhere else, Xu Ming might just slap him directly to teach him how to be a man; but here is the "Eternal Palace" where Xu Yin belongs. Xu Ming is worried that if he does it casually, he will give it to his daughter Xu Yin. Cause trouble, or cause daughter Xu Yin's dislike.

Therefore, although a little annoyed, Xu Ming chose to endure it first!

"Then...how can I get inside?" Xu Ming asked.

"Want to go in?" The genius in gray sneered, "Impossible! Don't say it's you, even me, I can't go in, I can only stay here!"

"Oh?" Xu Ming was stunned.

Obviously, the gray-clothed genius in front of him has a very low status in the Eternal Hall.

Bang! Bang! Bang! ...

At this moment, Xu Ming suddenly felt that the space was rippling with ripples.

"Huh?" Xu Ming was slightly startled.

You must know that the space in the world of First Layer is extremely stable. Even Xu Ming could hardly cause ripples in space here.

“What’s going on?” Xu Ming felt that the waves of space ripples were getting stronger and stronger; obviously, the source of the space ripples was constantly approaching.

As the ripples in the space became stronger and stronger, Xu Ming soon saw a black figure—it was really a black figure.

This black figure, not only the clothes are black, but even the skin is the deepest black; the whole person seems to be a three-dimensional shadow! -Yes! Three-dimensional shadow! All over the body, except for the purest black, there is nothing else!

More precisely, it’s a human-shaped black hole! Xu Ming could feel that this black figure seemed to be extremely heavy, as heavy as a real black hole; and because of this, every step he took would cause ripples in the space.

“Just relying on the weight of the divine body will cause ripples in the world of the first layer!?” Xu Ming couldn’t imagine, “How heavy should this divine body be!?”

The gray-clothed genius who guarded the door, when he saw this figure, immediately put away his arrogance when facing Xu Ming, and hurriedly bowed and saluted.

But this black hole-like figure left without even looking at him and Xu Ming – it was like an ordinary person walking and finding two ants on the ground, so he wouldn’t even look at them deliberately!

This is ignoring!

Absolutely ignore!

However, Xu Ming vaguely guessed what the identity of this black hole figure was: “If there is no accident, he should come from... the real universe!”

If we say that everything in the virtual universe is illusory, like a rootless plant. Then, everything and everyone in the real universe is real!

You must know that the more real existence, the darker the color and the heavier the weight; and the more illusory existence, the lighter the color and the lighter the weight!

Once a person from the real universe appears in front of Xu Ming, Xu Ming will indeed look at a black hole – because the other party is too real! So the color is extremely deep, even deep to complete darkness!

In the eyes of the true cosmos powerhouse, Xu Ming is extremely illusory, and the color is extremely pale; it is very likely that the true cosmos powerhouse who has just passed by looks at Xu Ming as if he is looking at a faint light. A nearly non-existent phantom.

At this time, Xu Ming turned to look at the genius in gray who was guarding the gate. This genius in gray doesn't look much different from Xu Ming. Obviously, he is not from the real universe, but from the virtual universe just like Xu Ming. people.

“Then...” Xu Ming thought for a while and asked, “Then I won't go inside, I'll ask you something here, okay?”

“Inquiring about things?” The genius in gray smiled, “I know a lot about things in the Eternal Palace!”

Xu Ming's eyes suddenly lit up.

“But...” The genius in gray sneered, “Why should I tell you?”

“You...” Xu Ming was suddenly annoyed. But what the other party said is also correct – not relatives, not friends, why should I tell you?

“What benefits do you want?” Xu Ming asked straight to the point.

“Haha! Direct enough!” The genius in gray squinted and said with a smile, “It seems... what do you really want to know!”

Xu Ming did not speak.

The gray-clothed genius said again: “Let’s do it! A ‘flower of true self’, regardless of grade! – You can find me a ‘flower of true self’, and you can ask me any question! As long as it is what I know, absolutely tell the truth; if you don’t know, you can ask someone else I know!”

My flower?

Xu Ming was stunned: “Isn’t the flower of the true self formed from the perception of the ‘true self’ in the domain master realm? Where can I find it?”

In the first layer of the world, there is no domain master realm strong!

Moreover, even if there is a domain master realm strong, is it difficult... Xu Ming kills a realm master realm, and he can pull out his “flower of true self”? – Of course not!

The flower of the true self is not a real flower but the perception of “the realm of the true self”! How can you win the perception of others?

“You don’t even know this!?” The genius in gray couldn’t help but look at Xu Ming, “You are really a powerhouse in the sky? You are so ignorant!”

Xu Ming was speechless – he had just arrived in the world of First Layer, and indeed many secrets were unknown to him!

The gray-clothed genius said again: “You probably haven’t heard of the ‘Cosmic Flower Sea’, have you?”

Cosmic sea of flowers?

Never heard of it!

“The universe of flowers is full of flowers of the true self!” said the genius in gray. “The location of the universe of flowers is in the main hall of Zhenyu Temple; there is no prohibition for the genius of our virtual universe to enter, anyone can go!”

“The main hall of Zhenyu Palace?”

“I am here for hundreds of millions of years! If you can get the ‘Flower of True Self’, you can come to me and ask questions at any time!” The genius in gray said with a smile.

Xu Ming thought about it and said, “Okay!”

Right now, it seems that we can only go to the sea of cosmic flowers in the main hall of Zhenyu Temple to find the flowers of the true self! After all, Xu Ming couldn’t enter the Eternal Hall directly, could he?

...

Looking at Xu Ming’s back, the genius in gray shook his head and sneered: “How can the flower of the true self be obtained so easily? Even if he can get it, it will be a matter of countless epochs... And when the time comes, he will You must know how precious the ‘Flower of True Self’ is, I’m afraid I would be reluctant to ask a question with a ‘Flower of True Self’? Haha... Forget it, anyway, it’s just idle and boring, so just make fun of him !”

Chapter 1755: 3 Ways

The main hall of Zhenyu Palace is actually the “Zhenyu County City”.

An entire county town is within the scope of the main hall.

Here, it is undoubtedly the place where the most powerful people gather in the entire First Layer World. Most of the powerhouses in the Heavenly Ranking live here.

Xu Ming was about to enter the city, but was stopped by two master guards: “Show your invitation letter!”

“Invitation letter?” Xu Ming wondered – what kind of invitation letter do you need to enter Zhenyu County?

“It’s the invitation letter of the Eternal Battlefield!” the master guard said.

“Huh?” Xu Ming couldn’t help but said, “I want to enter the county town, not the Eternal Battlefield!”

The other party replied: “The entrance to the Eternal Battlefield is in the city! Only those who have received an invitation letter and whose strength has been recognized can enter the city!”

“So it is!” Xu Ming understood, and took out the invitation letter for the Eternal Battlefield.

The two guard masters took away the invitation letter and handed Xu Ming a dark purple talisman.

The material of the talisman is special, with the three characters “Zhenyu Hall” on the front and a number: 50 on the back.

“What is this number...?” Xu Ming asked curiously.

The master guard said: “This is your initial score! When your score reaches 100, you can enter the ‘Cosmic Flower Sea’!”

Obviously, the only use of the points on the Zhenyu Palace Token is to enter the universe of flowers.

“But...” the guard master said again, “100 points, you can only enter the cosmos flower sea for a very short moment, and it is almost impossible to pick a high-grade ‘true flower’; the more points, you can enter the cosmos flower sea. The longer you stay inside!”

“Well...” Xu Ming nodded and pondered, “Then... how can I get points?”

“Three ways!” The guard masters are tireless, after all, this is their duty, “The first way, enter the eternal battlefield, kill the enemy and make meritorious deeds, you will naturally get points! The

second way, points gambling! The third way There is a way... still don't say it, it's impossible! Say it and say it in vain!"

"Thank you for letting me know!" Xu Ming probably understood the use of points, clasped his fists and thanked him, and strode into Zhenyu County.

"I don't know... Will someone come to me to gamble?" Xu Ming thought to himself, "If there is no one, I'll have to enter the battlefield of eternity for a walk!"

In Xu Ming's view, earning 100 points should not be difficult. At that time, you will be able to enter the universe of flowers and obtain the flower of your true self; then, go to the Eternal Hall and find the gray-clothed genius to inquire about Xu Yin's news.

Walking in Zhenyu County, Xu Ming did not know that he had been targeted by many strong men.

"Look at that!"

"I just came in with an invitation letter from the Eternal Battlefield! It's a new arrival!"

"Check who it is!"

Soon, the powerhouses in Zhenyu County confirmed Xu Ming's identity.

"The sixth thousandth on the list, Xu Ming?"

"Sixth thousandth? Too weak!"

"Indeed! In Zhenyu County, although there are many Heavenly Ranking powerhouses ranked after 6,000, and even some powerhouses, they are no longer on the Heavenly Ranking! But... the Heavenly Ranking powerhouses ranked after 6,000 have not been on the Heavenly Ranking for a long time. I've made a move; once I make a move, I'm afraid the strength will far exceed the ranking! As for the powerhouses who are not on the list, that's even more terrifying!"

You must know that once you enter the eternal battlefield, you will automatically withdraw from the Heavenly Ranking! After all, entering the eternal battlefield means that life and death are uncertain!

Therefore... the powerhouses who are in Zhenyu County but not on the Heavenly Ranking list are all superpowers who came back alive from the battlefield of the ancient times!

“Let’s go! Go to Zhenyu Battle Platform first and send Xu Ming a point bet!”

“Will Xu Ming accept it?”

“If he doesn’t accept it, we won’t have any loss! Besides, I set the points for the betting battle to a lower value, maybe... Xu Ming took the bait with the mentality of giving it a try?”

“Haha! Yes! Over the years, many newcomers have been cheated of their points by gambling!”

Immediately, there were many strong men who went straight to the Zhenyu Battle Stage.

In fact... this is also a “convention” in Zhenyu County.

You must know how high-spirited those powerhouses who have just entered the “Heavenly Ranking” are in the world of the first layer!

These newly promoted Heavenly Ranking powerhouses enter Zhenyu County and are challenged by other powerhouses, so naturally they will not be convinced.

Therefore, every newcomer entering Zhenyu County will be challenged by many people; Xu Ming is not an exception.

A strong man entered the Zhenyu battle stage and launched a points gambling battle with Xu Ming.

“I’ll bet 50 points! If I’m lucky, Xu Ming is the first to challenge me, then I can earn 50 points in one battle! Haha... It’s not easy to earn 50 points in the battlefield of Eternal Age!”

“I don’t think Xu Ming would be so stupid! Even if he takes on the challenge, he probably has to take a gamble with low points and try it first! I only bet 1 point, haha!”

“Why do you think so much? With so many people starting a gambling war, even if Xu Ming takes on the challenge, do you think it will be our turn? Come on as you like – there is no limit to the points gambling war! He can bet as much as he wants!”

Inside the Zhenyu Battle Stage.

The points gambling battle initiated by Xu Ming filled the gambling battle column. As long as Xu Ming comes here, he will definitely see it.

At that time, Xu Ming can choose to challenge or ignore it. As long as Xu Ming does not fight, after a while, these gambling battles will naturally be cancelled.

but...

Xu Ming did not come to Zhenyu Battle Arena, but wandered around other places in Zhenyu County.

“List of all things immemorial!”

Suddenly Xu Ming saw a huge black stone inscription with gilded names on it; 10,000 names were arranged from top to bottom!

These ten thousand names represent the entire universe, from ancient times to the present, the strongest ten thousand geniuses in the realm of all things that have appeared! Even the name at the bottom of the ranking is probably much stronger than “Number One in the Sky”!

After all, the history of the universe is so vast! Countless billions of eras, each era will have a few geniuses who rush to the “first place in the sky”; the “first place in the sky” that has appeared in the whole world of the first layer, how many billions?

And the ancient list of all things has only 10,000 names.

That is to say... Among the hundreds of millions of “Number Ones in the Heavenly Ranking”, there may not be one who can make it to the Primordial All Things Ranking.

Next to the black stone inscription, are the rules for challenging the Primordial All Things List: To challenge the Primordial All Things List, you must start from the last one, and challenge one by one! The number one you can beat is the number one you rank on the Primordial All Things List! If the challenge is successful, you can get points; the higher the ranking, the more points!

“So... this is the third way that the guard master said!” Xu Ming couldn’t help shaking his head and chuckled, “No wonder they said that the third way is impossible, and it is useless to say it!”

Indeed, for an ordinary Heavenly Ranking expert, this third way to obtain points is indeed meaningless! But... Is Brother Ming an ordinary Heavenly Ranking Powerhouse?

“List of Primordial All Things?” Xu Ming fixed his gaze directly on the first name at the top.

Chapter 1756: Challenge The Ancient List Of All Things

Xu Ming directly set his eyes on the first name at the top: “Since you can earn points by challenging the Primordial All Things Ranking, then I’ll go straight to the top of the Primordial Ancient All Things Ranking!”

Although Xu Ming still didn’t know the benefits of entering the cosmos flower sea; however, Xu Ming also felt that the cosmos flower sea was definitely a good place.

Moreover, points seem to be quite difficult to obtain. In this case, Xu Ming must rely on the Primordial All Things Ranking to “sweep points”!

As for whether it will fail to challenge the list of ancient things...

joke!

The geniuses on the Primordial All Things Ranking, no matter how strong they are, are only in the realm of all things! Xu Ming hung up, and he could ravage as much as he wanted!

Thinking of this, Xu Ming directly covered the blackstone inscription with his palm: “Challenge!”

A thought as vast as the sky and the earth came: “Everyone has only one chance to challenge the Primordial All Things Ranking! Are you sure you want to challenge?”

“Sure!”

call out-

A mysterious force enveloped Xu Ming’s body.

Under the wrapping of this mysterious power, Xu Ming’s figure instantly disappeared in place.

at the same time...

The black stone inscription, towards the nine heavens, reflected a projection.

An incomparably huge “List of Primordial All Things” hangs high in the sky; in the whole world of First Layer, you can see this list when you look up.

“What’s wrong?”

“What happened?”

“This is...?”

In the world of the first layer of heaven, there are 10,800 states, hundreds of millions of counties, and hundreds of millions of cities. Every genius can see the list of ancient things when he looks up!

“Why did the list of ancient things appear suddenly?”

“Someone is challenging the Primordial All Things List!”

“What!? Challenge the Primordial All Things Ranking? Who is it? Are you looking at the night?”

Mo Ye, the super genius who is number one on the Heavenly Ranking list; the “true self” that he has comprehended is the top among the emperors!

“The strength of the night should not be enough to challenge the list of ancient things, right?”

“Eye night? Ha! It’s far away!”

“Although Mu Ye understands the top-notch emperor’s true self, it’s not a god-like true self after all! If he dares to challenge the Primordial All Things Ranking, it’s hard to say whether he can come back alive!”

“If it weren’t for Mo Ye, who would be on the list? If it were someone else, there would be no chance of coming back alive!”

“I don’t know which Heavenly Ranking powerhouse is, so I can’t think of it, actually going to challenge the Primordial All Things Ranking!”

The Primordial All Things List, which records the most top all things realm powerhouses in the history of the entire universe! When these all-world powerhouses challenged the ancient list of all things, their strengths were all recorded for future generations to challenge.

At the beginning, the geniuses on the Primordial All Things Ranking were not very strong, and they were not much stronger than the ordinary Heavenly Rankings.

However, with the passage of time, there are more and more powerhouses challenging the Primordial All Things List; those who can keep their names on the list without being pushed down will naturally become stronger and stronger!

You must know that only if you are ranked in the Heavenly Ranking are you qualified to challenge the Primordial All Things Ranking. But gradually, the ordinary Heavenly Ranking powerhouses did not dare to challenge the Primordial All Things Ranking – after all, after entering the Primordial All Things Ranking, it is not a home game, but a life-and-death battle! Ordinary Tianbang powerhouse, after entering the battlefield, did not even have a chance to escape, and was directly killed in it.

Later, even the geniuses who are “No. 1 in the Heavenly Ranking” dare not challenge the Primordial All Things Ranking! – No way, the geniuses ranked “10,000th” in the Primordial All Things Ranking are all “the peak of the third-order real self of the gods”, how to challenge?

Only in which era, there is a super genius of “the true self of the gods” will try to challenge the list of ancient things, but most of them fail to challenge!

And now, someone dares to challenge the Primordial All Things List?

“Could it be that some crazy Heavenly Ranking powerhouse wants to be grandstanding?”

“Go and check, who has entered the Primordial All Things List!”

Soon, the result was found – Xu Ming!

“What? Xu Ming? Xu Ming, who is ranked sixth thousandth in the sky?”

“Just based on his ranking on the Heavenly Ranking, dare to challenge the Primordial All Things Ranking?”

“Where did he get his confidence? Isn’t this courting death!”

...

The Taikoo Pavilion patrol angel “Yan Yinjun” just came to Zhenyu County and heard the news: “Xu Ming? Challenge the list of ancient things?”

Yan Yinjun was speechless—could it be that before Xu Ming challenged him, he didn’t ask about the place of the Primordial All Things Ranking? With his strength, he dares to challenge the Primordial All Things List... What is the difference between this and suicide?

“I just ranked in the list of heaven, and I’m about to die in the challenge of the ancient list of all things... Xu Ming is probably the genius who has stayed on the list for the shortest time?” Yan Yinjun couldn’t help but think.

“Yan Xun Angel!” At this time, in Zhenyu County, several Tianbang powerhouses saw Yan Yinjun and could not help but stepped forward and said, “You didn’t tell Xu Ming how terrible the Primordial All Things List is?”

Yan Yinjun rolled his eyes: “What else needs to be said?”

yes!

Does that even need to be said?

As long as you have been in the first layer of the world for a while, you should all understand what a terrifying place the Primordial All Things Ranking is! You should also know that without strength, challenging the Primordial All Things Ranking is equivalent to suicide!

“I originally wanted to deceive Xu Ming for points in the gambling battle! Now, Xu Ming is definitely going to die in the Primordial All Things Ranking; there is no hope that my points will be deceived!” The strong man couldn’t help roaring.

“Yeah! I finally got a chance to earn points easily, so I flew like this!”

“Yes! Is it easy to earn some points?”

“It’s all the fault of the banquet patrol angel!”

Yan Yinjun looked confused: “blame me? What does it have to do with me?”

A cold and stern voice sounded: “As a patrol angel, when you send out the invitation letter of the eternal battlefield, of course, you are obliged to clarify the danger of challenging the ancient list of all things! If you make it clear, Xu Ming will again How can you go to the challenge without knowing how to live and die?”

“That’s right! The banquet angel, it must be your fault!”

Yan Yinjun was also annoyed: “blame me!”

Those powerhouses who challenged Xu Ming on the Zhenyu Battle Platform were originally a little annoyed because of the “points to the mouth”; Naturally made them even more angry.

“You did something wrong, who do you blame?”

“I lost a chance to earn points, how dare you be so arrogant?”

“What happened to the Taikoo Pavilion patrol angel? Dare to be arrogant in Zhenyu County? Hit him!”

Suddenly, a group of angry powerhouses surrounded Yan Yinjun, punching and kicking.

Although Yan Yinjun’s body was not seriously injured, he was beaten directly into a dog.

“I...” Yan Yinjun wanted to cry without tears – this is really a disaster!

“Xu Ming doesn’t want his own life, he wants to challenge the Primordial All Things List... What’s up with me!”

...

“This is the battlefield to challenge the Primordial All Things List?” Xu Ming was wrapped in mysterious power and came to a vast continent where chaos had begun.

Chapter 1757: Changes In The List Of Ancient Things

Xu Ming was wrapped in mysterious power and came to a vast continent where chaos had begun.

This chaotic continent, the ground is full of cracks, densely spreading to endless distances. The gray cloud layer is very low; deep in the cloud layer, golden light flashes from time to time, containing terrifying power.

A golden figure strode from the depths of the clouds.

“Challenger?” The figure of Liu Jin said in a low voice, “Ranking the sixth thousandth in the sky? Who gave you the courage to challenge me?”

boom!

The figure of Liu Jin stepped on the ground, and the entire continent shook violently. He seemed to be talking to himself, and he seemed to be deliberately telling Xu Ming: “Since I’ve been on the Primordial All Things Ranking, I have received 340 challenges! Among them, the challenge of ‘The Third Order of God’s True Self’. Five of them, and the other three hundred and thirty-five, were also the top geniuses in their era! I won all three hundred and forty challenges, and killed ninety-two geniuses...”

At this time, the figure of Liujin looked at Xu Ming again, with contempt in his eyes, as if he was looking at an ant: “Ranking the sixth thousandth on the list of heaven? – Well, I won’t bully you, I will give you a chance to live! Behind you, beyond the billions of worlds, there is a door of light, which is the exit from this battlefield; I will let you run for a while to see if you can escape! Haha... As long as you can escape, you can survive! ”

escape?

The corner of Xu Ming’s mouth evoked a playful sneer – he came to the top of the ancient list of all things!

“Let’s fight quickly!” Xu Ming secretly said.

This golden figure is just a copied puppet, not a real life; Xu Ming naturally doesn’t need to talk nonsense with him.

Swish!

The long gun is already in hand.

“Haha...” The golden figure couldn’t help laughing, “You still want to do it? Hahahahaha...”

Smiling and laughing, his smile suddenly solidified, and his entire golden figure was completely frozen.

“Time Pause” hangs!

Anyway, the battles in the Primordial All Things Ranking will not be seen by other people; Xu Ming naturally doesn't need to keep a low profile, it's fine to hang up wantonly!

Turning on "Time Pause" to hang up and crushing the entire Primordial All Things Ranking will only cost you some level 18 hanging points!

rumbling...

Xu Ming's long spear was crushed, and the golden figure shattered inch by inch; moreover, the shattered small pieces continued to shatter, until the tiniest particles turned into nothingness.

Bang!

"The divine body is quite strong!" Xu Ming commented, "In the end, he is a strong person on the Primordial All Things List. In terms of strength, he has already reached the level of a world master, and it is indeed difficult to kill!"

If it is the real world master, Xu Ming is naturally difficult to be an opponent. After all, Xu Ming needed to spend level 22 hanging points in order to make the world master fall into the "time pause"!

And now, the geniuses on the Primordial All Things Ranking, although they have the strength of the world masters, are pitiful that they are only the cultivation of all things realm – Xu Ming can easily deal with them as long as he spends level 18 hanging points, and he doesn't feel distressed at all.

At this time, a voice like the sky and the earth sounded in Xu Ming's ear: "You have earned 10 points!"

Only 10 points?

"It's too little, isn't it?" Xu Ming couldn't help complaining, "It's so difficult to challenge the Primordial All Things Ranking, yet you only give so many points?"

However, Xu Ming didn't know that to challenge the Primordial All Things Ranking, earning points is only the second thing, and the most important thing is to gain glory!

Of course, there is another reason for the low points, because Xu Ming is still ranked low! If he really tops the list of ancient things, the points he will get will be very terrifying!

"Next!" Xu Ming didn't need to recover at all because he wasn't injured at all.

Another golden figure came.

However, this golden figure is very different in both body shape and imposing manner; its strength should also be slightly stronger.

...

Zhenyu County.

"Why hasn't the list of ancient things reflected in the sky disappeared??"

"That's right! With Xu Ming's strength, at the beginning of the challenge, I'm afraid he will be killed by the 'Xunfeng' who ranks 10,000 in the Primordial All Things Ranking? As long as Xu Ming is dead, the challenge will be over. The text of the list should also disappear!"

"Could it be... Xu Ming persisted in it for so long, and he hasn't died yet!?"

"If Xu Ming really supported him for so long, then his strength might not be as simple as the 'sixth thousandth place on the Heavenly Ranking'! Even if he is ranked in the top 1000 on the Heavenly Ranking, there is no problem!"

"Why are you talking about this? Do you think that Xu Ming has begun to challenge the Primordial All Things Ranking, and he can still come back alive? – Not to mention the strength of the top thousand in the Heavenly Ranking, even if he is the first in the Heavenly Ranking, he may not be able to come back alive. Bar!"

"Too!"

Obviously, no one thought that Xu Ming could survive.

Boom-

Suddenly, the ancient list of all things reflected on the dome trembled violently.

“what happened?”

“Is the list of ancient things going to disappear?”

“Is Xu Ming already dead inside?”

Immediately afterwards, in the entire Zhenyu County, everyone saw inconceivably that the 10,000 names on the Primordial All Things List had actually changed! The name of “Xunfeng”, which ranked 10,000th, gradually faded from the list, and soon disappeared completely.

At the same moment, the word “Xu Ming” appeared at the very end of the list of all things in the ancient world.

“This...”

Everyone was stunned for an instant!

“Xu Ming...on the list of ancient things!?”

how can that be! ?

However, the truth is in front of you! It is impossible to go wrong with the list of ancient things!

“Xu Ming’s strength, isn’t it the sixth thousandth in the sky? How could it be...” There were also some strong people who could not react from their shock.

“The sixth thousandth on the list? Obviously, Xu Ming is hiding his strength!”

“It’s too exaggerated to hide it... Xu Ming’s strength is definitely number one on the Heaven Ranking! And it’s much stronger than the original Heaven Ranking number one!”

Taikoo Pavilion’s Angel Banquet Yinjun was completely stunned: “This...this...”

You must know that Xu Ming’s ranking on the Heavenly Ranking was determined by him!

The sixth thousandth on the list?

Number one on the list?

The gap between the evaluation and the actual situation is too big, right?

Suddenly Yan Yinjun’s “beautiful body” trembled slightly – he felt countless ill-intentioned gazes; it was those powerhouses who waged a gambling war against Xu Ming on the Zhenyu battlefield, Gradually surround him!

“You...what are you going to do...” Yan Yinjun had a bad premonition.

“Sixth thousandth on the list? Banquet patrol angel, are you trying to trick us on purpose?”

“Knowing that Xu Ming’s strength is so strong, how could we start a gambling war against him!?”

“When Xu Ming challenges the Primordial All Things List, he will definitely accept our gambling battle! My points!”

Now and then!

Now, everyone knows that Xu Ming is a super powerhouse on the list of all things in the ancient world! – Gambling with Xu Ming? What’s the difference between sending points directly?

But unfortunately, they couldn't cancel the gambling war, and could only hope that Xu Ming would not fight.

But... how could Xu Ming put his points aside?

"It's all your fault! Arrange the rankings!"

Yan Yinjun was complained again.

He just felt so innocent: "I...how would I know that Xu Ming is so strong..."

"You're an angel! You don't know, who knows?—beat him!"

This time, more powerhouses joined the fight against Yan Yinjun.

Yan Yinjun was about to burst into tears – I really don't know!

And this time...

The ranking of the Primordial All Things Ranking has changed again – Xu Ming's name has moved slightly forward, and it has become 9999th!

Chapter 1758: Why So Arrogant?

The 9999th place, and the 10,000th place, seem to be only "one" gap, but in fact the gold content is very different!

After all, ranking the 10,000th place may be due to luck, and just restrained the original 10,000th place.

However, ranking the ninth thousand nine hundred and ninety-ninth means that Xu Ming's strength must have reached the level of the "Immortal All Things List"!

“So strong!?” Yan Yinjun was beating each other while paying attention to the ranking of the Primordial All Things Ranking.

In fact, the powerhouses in the Heavenly Ranking who besieged the Yan Yin Army still acted in a measured manner, and would not really kill. After all, Yan Yinjun is also the patrol angel of Taikoo Pavilion; whoever kills him will be the enemy of Taikoo Pavilion.

“The real strength of the ancient list of all things!”

Inside the Zhenyu Palace.

The powerhouses were even more shocked.

Although they were reluctant to admit Xu Ming’s strength, they had to admit it.

Of course, what’s more shocking than Zhenyu Palace?

In the whole world of First Layer, you can see the list of ancient things reflected on the dome, and naturally they also see the name “Xu Ming”.

“Who is Xu Ming?”

“I’ve never heard of this name! It seems that there is no such person on the top of the list?”

Xu Ming had just been included in the Heavenly Ranking, and before his name could spread, only the powerhouses in Yunhe Prefecture and several nearby states knew that Xu Ming had already entered the Heavenly Ranking.

As for the powerhouses in other states, or those in Yunhe state who are not strong enough—their news is not so well-informed yet, so they don’t know who Xu Ming is.

For a time, the whole world of First Layer was full of doubtful voices, and countless powerhouses inquired about each other – who is Xu Ming? Why so arrogant?

...

Yunhe Prefecture, Youlong County, Yinguang City.

City Lord Yinguang looked at the Primordial All Things List beyond the endless sky, his eyes were completely sluggish, and his mouth had not closed for a long time.

“This...this...this...” City Lord Yinguang wanted to say something to himself to express how horrified he was now; but after “this” for a long time, he didn’t know what to say.

You must know that when City Lord Yinguang first saw Xu Ming, he thought that Xu Ming had the strength of the Human List. Then he soon discovered that Xu Ming actually possessed the strength of the Earth List!

Then, City Lord Yinguang thought that Xu Ming was the strength of the Earth Ranking; but in a blink of an eye, he discovered that Xu Ming was actually the Heavenly Ranking!

But now, he realized that he still underestimated Xu Ming by a large amount—Xu Ming’s true strength turned out to be at the level of the “Immortal All Things List”!

“I actually communicated with the powerhouses of the Primordial All Things Ranking, and I have become friends...” Silver Light City Lord’s divine body trembled slightly, feeling incomparably honored.

You must know that even the “No. 1 in the Heavenly Ranking” might not be qualified to have a head-to-head conversation with the “Immortal All Things Ranking” powerhouse! After all, the number one in the Heavenly Ranking exists in every era, and there is more than one; and the powerhouse at the level of the Primordial All Things Ranking may not appear in ten million eras.

What is the list of ancient things?

It’s a “legend”!

And now, the legendary powerhouse has been “upgraded” by Xu Ming!

Moreover, there were more than one on Xu Ming—the 10,000th and the 9999th were trampled by Xu Ming one after another! Oh, no, now, the ninth thousand nine hundred and ninety-eighth has also been conquered by Xu Ming!

In the end, City Lord Yinguang could only use one sentence to describe the shock in his heart: “Too strong!”

yes!

too strong!

Incredibly strong!

...

Of course, Yun Tian and Lone Gunner also saw Xu Ming’s name on the “List of Ancient Things”.

“Brother Ming... It’s so perverted!” Yun Tian couldn’t help but burst out the word “pervert”.

The solitary gunman even muttered: “Brother Ming, it’s Brother Ming after all!”

Since Yun Tian and Lone Gunner met Xu Ming, what Xu Ming brought to them was shock again and again! Moreover, whenever they thought that they were about to see Xu Ming’s true strength, they would find that Xu Ming was always standing at a height that they couldn’t look up to!

Brother Ming, it is Brother Ming after all! Can only be worshipped, not followed!

...

Clouds and states.

In a deep mountain that stretches across hundreds of millions of worlds.

A swordsman in white clothes and white hair, holding a jug of wine and drinking bitterly. Opposite him is a tombstone.

On the tombstone, the name “Mo Jiangran” is engraved.

It’s just a mouthful of clothes.

After all, in the battle of Xu Ming’s level, the dead side must be completely annihilated by the divine body, and nothing remains! As long as there is one particle left, it will not die.

“Brother Mo...” The white-robed swordsman lamented, “The past is vivid in my mind, I never thought that you would just leave like this... But don’t worry, I will help you get revenge, and I won’t waste your brother’s friendship!”

This white-clothed and white-haired swordsman is impressively ranked among the top 300 “Swords without Marks”!

“Xu Ming? Ranked the sixth thousandth on the Heavenly Ranking List!?” Wuhenjian snorted coldly, “Brother Mo, don’t worry! If you don’t kill Xu Ming, I will never be a human being!”

At this time, a canine beast just happened to pass by.

Wuhen Kendao: “If I don’t kill Xu Ming, I will be like this dog!”

While speaking, Wuhenjian saw that at the end of the sky, the Primordial All Things List appeared.

“Huh? What’s going on?” Wuhenjian frowned slightly, “Someone actually challenged the Primordial All Things List? Who is it? Eye Night?”

The first thing Wuhenjian thought of was naturally the “Eye Ye” who ranked first on the Heavenly Ranking.

But immediately, Wuhenjian shook his head again: “Although Muye is strong, his strength has not yet reached the level of the ‘Prime Time List’! Logically speaking, he should not think too hard to challenge the Primeval List! But... no Mo Ye, who would it be!?”

After a while, Wuhenjian was horrified to see that the list of ancient things had changed!

At the very end of the Primordial All Things List there is a name, which is “Xu Ming”!

“What!?” Wuhenjian was so frightened that his eyes bulged out, “How...how is that possible!? Xu...Xu Ming, on the list of ancient things!?”

Wuhenjian was so shocked that he couldn’t react for a long time.

After a while, Wuhenjian was even more horrified to see that Xu Ming’s ranking was even higher!

“This...” Wuhenjian was completely frightened.

At this time, Wuhenjian suddenly looked at Mo Jiangran’s tombstone: “Brother Mo, what did I say just now? It seems like I didn’t say anything, right?”

Just now, Wuhenjian thought that Xu Ming was only the “sixth thousandth in the sky”, and wanted to do his best to help Mo Jiangran take revenge! In the future, if it is spread out, it can also end up with a good name.

But now, seeing Xu Ming’s name on the Primordial All Things Ranking, Wuhenjian was so frightened that he wanted to slap himself a few times – seeking revenge on the strong men on the Primordial All Things List? Is there any essential difference between this and direct suicide?

“Brother Mo! I’m really sorry, you can rest in peace! For revenge or something, just pretend you haven’t heard of such a thing!” Wuhenjian smiled awkwardly.

Suddenly, Wuhenjian remembered the oath he had just made—do not kill Xu Ming, oath not to be a human being!

The “causal bondage” of the oath is terrible!

“This...” Wuhenjian thought for a while, and had an idea; anyway, there was no one around, so he learned to bark, “Wow! Woow!”

“So, this ‘causal bondage’ should be lifted, right?” Wuhenjian secretly said.

Chapter 1759: Worship

Of course Xu Ming didn’t know that his name had already shocked the whole world of First Layer.

But even if he knew, Xu Ming wouldn’t care. After all, Xu Ming challenged the Primordial All Things Ranking not to shock others, but purely to gain points.

“Can Xu Ming go further?”

Countless strong people are staring at Xu Ming’s name on the list of ancient things.

The answer needs more to say?

It didn’t take long for Xu Ming’s name to “jump” again on the list of ancient things!

“too fast!”

“It’s so fast, winning three games in a row! Does this mean that after each battle, Xu Ming started the next battle with almost no rest? In this case... Isn’t Xu Ming stronger than those at the bottom of the Primordial All Things List? If you want to be stronger, you have to be a lot stronger?”

“How far can Xu Ming go? The top 9,000 of the Primordial All Things Ranking? Or a higher ranking?”

The first nine thousand?

The person who said this would definitely not have thought that Xu Ming came directly to the top of the Primordial All Things List!

Swish! Swish! Swish! Swish! ...

Xu Ming's name is constantly rising on the list of ancient things, and the speed is extremely fast!
And, there's no stopping at all!

Obviously, Xu Ming is sweeping the list of ancient things with a posture of destroying the dead!

Sweep?

The Primordial All Things List is the ultimate pursuit in the minds of all the powerhouses in the First World!

And now, Xu Ming has swept away the ultimate pursuit of all the powerhouses...

So brutal!

Ranked nine thousand nine hundred!

Ranked nine thousand eight hundred!

Ranked nine thousand!

Ranked eight thousand!

...

Xu Ming's ranking continued to soar.

It also constantly shocked the powerhouses of the entire First Layer World!

At first, every time Xu Ming's ranking rose, the entire First Layer world would exclaim in unison – the whole world exclaimed at the same time, and even the heaven and the earth seemed to resonate together!

But gradually, the number of exclamations increased, and the powerhouses in the First World World became numb!

Everyone could see that with Xu Ming's overwhelming momentum, he was definitely going to hit the top of the ancient list of all things!

The only question now is, how far forward can Xu Ming rush?

“The first thousand?”

“According to this momentum, the first thousand should be no problem! After all, if Xu Ming didn't have the strength to crush, how could he rush so fast!”

“I'm afraid it will be the top three hundred! Even the top one hundred!”

The powerhouses in the outside world can only guess the “top 100”! As for higher rankings, they don't even dare to guess!

...

Ranked six thousand!

Ranked 5,000!

Ranked 3000!

...

Xu Ming's ranking soared rapidly.

“The first thousand!”

“It's too strong! It rushed to the 1,000th place!”

“How on earth did Xu Ming do it...”

At this time, the powerhouses in the entire First Layer world worship Xu Ming in addition to worshipping him!

Even the geniuses from the “real universe” have attached importance to Xu Ming – you must know that the geniuses of the real universe look down on the geniuses of the virtual universe! In their opinion, even if they are number one on the Heavenly Ranking, even if they are ranked in the Primordial All Things Ranking, they are not very worthy of their attention!

However, Xu Ming’s ranking on the list of ancient things is too high! This has attracted the attention of the geniuses of the “true universe”!

“The top thousand, how far can Xu Ming go?”

At this moment, in the whole world of First Layer, all eyes are doing the same thing – watching Xu Ming’s ranking on the Primordial All Things Ranking!

Every step of Xu Ming’s changes is under the worship of the whole world of First Layer.

...

In the battlefield of the ancient list of all things.

Xu Ming was a little puzzled: “All beings worship the system, how did it increase my combat power so much?”

All beings worship system: The worship of others will give the host a combat power bonus! The more worshipers, the stronger the worshipers, and the stronger the worshipping emotions, the stronger the strength bonus the host gets.

You must know that after Xu Ming walked out of the realm of the gods and entered the endless chaos, the bonus to his combat power from the “Worship System of All Beings” was already negligible!

After all, Xu Ming's other plug-in functions are too perverted, directly covering up the effect of the "worship system for all beings".

But now, Xu Ming was horrified to find that he could easily swept the ancient list of all things by relying on the "Worship System of All Living Beings" without opening any other plug-ins! All of a sudden, all living beings worship the system, from a plug-in function without a sense of existence to a plug-in function with the strongest effect!

Xu Ming didn't know that now, in the whole world of First Layer, almost all the powerhouses worship him!

The whole first layer world!

Billions, billions and billions of geniuses in the realm of all things! —And they are all in the second quadrant of the universe, the top geniuses in the realm of all things!

With so many geniuses worshipping, it's no wonder that Xu Ming's "worship system for all beings" is not very effective!

However, Xu Ming knew that the bonus effect of the "Worship System for All Beings" was only temporary! When the enthusiasm of those geniuses is over, the bonus effect of the worship system of all beings will almost return to its original shape!

If you want to really become stronger... you must rely on your own strength! The second is to rely on more hanging points!

"The third hundredth!"

Xu Ming directly raised his foot and kicked the genius who ranked 300th in the Primordial All Things Ranking – the outcome is self-evident!

Entering the top 300, Xu Ming continued to sing along the way.

Ranked 200th!

Number one hundred!

Ranked 50th!

...

Finally, Xu Ming faced the first-ranked opponent on the Primordial All Things List—Zhou Ji!

“Zhou Ji?” Xu Ming looked at the golden figure in front of him with a slightly solemn expression – this is the second quadrant of the entire universe, the strongest genius that has ever appeared in history!

Zhou Ji looked at Xu Ming and said indifferently: “In so many times, no one has come this far and challenged me...Xu Ming, it’s not easy for you to get here! I’ll give you a chance to live. , you can leave now!”

“Leave?” Xu Ming was startled.

“Yes!” Zhou Ji said indifferently, “If I make a move, there will only be one fate for you – death!”

Zhou Ji’s voice was extremely indifferent, yet extremely confident, as if he was talking about an extremely ordinary thing.

Xu Ming couldn’t help laughing: “When I challenged the Immemorial Ranking I’ve heard such words many times!”

“Huh?” Zhou Ji’s expression darkened, “It’s okay! Since you gave up the chance to live, I will fulfill you!”

boom-

A transparent giant sword of frost slashed towards Xu Ming. Wherever the blade passes, time and space are frozen.

“Isn’t the power very strong?” Xu Ming couldn’t help but wonder – in terms of power, this sword is really quite weak in the top 100 of the Primordial All Things Ranking!

“First place in the Primordial All Things Ranking, just this little strength?”

Xu Ming was thinking.

Suddenly, Xu Ming saw that the Frost Greatsword stopped abruptly and did not advance any further.

“The sword... stopped?” Xu Ming became more and more puzzled.

But then, Xu Ming was surprised to find that it wasn’t just the sword that stopped! In the entire battlefield, everything became still and motionless.

Even... even Xu Ming’s divine body couldn’t move at all; only his consciousness was left, which could still function.

“This is...” A look of panic suddenly appeared in Xu Ming’s eyes, “Time is suspended! Time is suspended!”

It’s not that the entire battlefield has become static! But... the area where Xu Ming was located was caught in a time suspension!

Chapter 1760: Climb To The Top!

Trapped in a time-stop, everything Xu Ming saw became still.

This stillness seems to have no limit and no end; it is dead silent, only thoughts can beat.

However, Xu Ming did not know that at this time, Zhou Ji’s Frost Sword was frantically cutting his divine body.

Xu Ming's divine body was continuously damaged. Fortunately, Zhou Ji's attack is not very strong, and Xu Ming has practiced "Divine Phoenix Immortal Body", even in an unconscious state, the divine body will recover quickly.

"Not good!" Xu Ming, who was in a time suspension, suddenly realized a strong sense of danger – he was in a time suspension, and he didn't know how long the time had passed in the outside world, nor what was happening in the outside world.

However, even if Xu Ming thought about it with his toes, he knew that Zhou Ji would definitely take the opportunity to attack him!

If you are caught in a time pause for too long, you may die without knowing when!

"Break it for me!!"

Xu Ming's will is madly shaking the frozen time – fortunately, Xu Ming's strength has skyrocketed under the blessing of the "Worship System of All Beings"; otherwise, he may not even be able to shake the "time suspension"!

At the same time, Xu Ming also quickly activated the "Time Pause" link, causing all the surrounding areas to fall into time pause.

boom! boom! boom! boom! ...

Zhou Ji's giant sword was constantly cutting Xu Ming's divine body.

Suddenly, Zhou Ji's movements were completely frozen – he was also caught in a "time pause".

"What!?" Zhou Ji was shocked, "Time paused! He actually paused time too! Bro! Bro! Bro! Bro! Bro!..."

Zhou Ji's combat experience in dealing with "time suspension" is obviously much richer than Xu Ming! As soon as he found his situation, he didn't stop at all, and started to crack the time pause.

For a time, both sides of the battle were frozen by time! But in fact, the two sides are fighting in another way!

“Huh!?” Zhou Ji was broken, and his expression became more and more ugly. “His time-suspended enchantment is... so stable?”

stable?

nonsense!

Xu Ming is a “time-pause” for the open-hung display! As long as the hang point is not exhausted, the “time pause” will not disappear!

And no matter how strong Zhou Ji is, it is only the cultivation of the realm of all things! Even if he is allowed to crack for thousands of years, it is impossible to exhaust Xu Ming’s hanging point! That is to say... from the moment of falling into “time suspension”, Zhou Ji is actually dead!

Suddenly, when Xu Ming was trapped in the time suspension barrier, a crack appeared!

“Shake it!” Xu Ming was overjoyed, and even accelerated the cracking speed.

Click!

...

The cracks are getting denser and denser, and in a short time, they will suspend the enchantment throughout the entire time!

Finally, when the cracks are dense enough—

boom! !

The enchantment was suspended for the entire time, and it collapsed instantly!

Xu Ming even observed his current situation—Xu Ming found that his divine body had been cut into countless pieces; even the tiniest particles on his body had been annihilated. However, he who has practiced Divine Phoenix Immortality is recovering rapidly from his injuries.

“To be beaten so badly!” Xu Ming secretly said.

It’s really miserable.

If it wasn’t for Xu Ming’s timely response, the “Time Pause” was turned on; now, I am afraid that he has almost been completely annihilated!

“As expected of the number one existence on the Primordial All Things List!”

Indeed, if it wasn’t for Xu Ming, Zhou Ji ranked first in the Primordial All Things List, I am afraid that in the endless years in the future, it will still be difficult for anyone to shake it!

“Destroy it!”

Xu Ming’s spear completely annihilated Zhou Ji in an instant.

At the same time, changes have also taken place in the Primordial All Things Ranking—the first in the Primordial All Things List, Xu Ming!

...

Zhenyu County.

The powerhouses in the entire county town are all paying attention to the changes in the ancient list of all things.

“Second!”

“Too strong! Xu Ming has been ranked second on the Primordial All Things Ranking so quickly! Could it be... he can top the Primordial Ancient All Things Ranking?”

“Climbing to the top? Impossible! – Throughout the ages, there have been many geniuses who have climbed to the second place in the Primordial All Things Ranking.

“Indeed! Xu Ming will probably stop at ‘second’! If he dares to challenge the first, maybe he will not be able to come out of the list of ancient things! In history, there are geniuses who failed to challenge Zhou Ji and died. There are quite a few!”

“I hope Xu Ming will not be overjoyed!”

One after another, the Heavenly Ranking Powerhouses were talking, and suddenly, the Immemorial All Things Ranking changed again.

Xu Ming’s name took another step forward and ranked first on the list!

And Zhou Ji fell to the second place on the list!

“what!?”

“what!?”

“This...”

The entire Zhenyu County was terrified; immediately, all fell into a long silence.

The whole city is silent!

...

Shocked, it's not only Zhenyu County.

The entire First Layer World has also seen the changes in the Primordial All Things Ranking.

"Xu Ming... I've reached the top!"

The entire world of the first layer of heaven fell into silence.

...

Akabane Prefecture.

It is the retreat and seclusion place of "Fang Shuang", the third-ranked "Fang Shuang".

Very yin spring.

Deep at the bottom of the fountain.

A figure who had been cultivating for a long time suddenly opened his eyes.

"Breakthrough! I finally broke through!" Fang Shuang's eyes burst into a strong surprise I realized that, although it was not the true self of the gods; however, I realized two different emperors. The true self, in terms of strength, is comparable to the last few on the list of ancient things! Hahahaha... Dive into the Era of Billions, and I succeeded in one go! Mo Ye, you are number one on the list, but you still lost to me, number three on the list! Ha ha ha ha..."

Fang Shuang is so high-spirited.

"It's time to get out!"

Fang Shuang slowly floated up to the extremely yin spring.

When he surfaced, he was suddenly stunned.

“Huh?” Fang Shuang stared blankly at the Primordial All Things Ranking reflected in the sky, “This is... someone challenged the Primordial All Things Ranking? Who is it? Mo Ye? – Impossible! Mo Ye’s cultivation path is already in the realm of all things. It is impossible to continue to improve, it is impossible to challenge the list of ancient things; if he wants to continue to improve his strength, he must break through to the realm of destruction!”

Immediately, Fang Shuang looked at the names on the Primordial All Things List, and was immediately stunned: “Xu Ming? Number one? Who is Xu Ming!?”

Fang Shuang had never heard the name Xu Ming at all.

“What happened during my retreat years?”

Fang Shuang felt that he seemed to be out of touch with the times by accident.

“The list of ancient things is still reflected, which means that Xu Ming is still challenging! – Quickly go to Zhenyu County to see what’s going on!”

At the same time, the other Heavenly Ranking experts scattered in the world of the First Layer are also rushing to Zhenyu County, wanting to rush to pay their respects to Xu Ming!
