

# A World 1761

## Chapter 1761: Play The Challenge

real universe.

It has completely different operating rules from the virtual universe.

In the real universe, there is no chaos. Every strong person is born to comprehend the “real self”; however, very few people rely on the power of “true self”!

Because... in the eyes of the real cosmos powerhouses, the power of the “real self” is too small! They have more power to use!

In the World of First Layer where Xu Ming was located, the Great Changes in the Primordial All Things Ranking had occurred, and naturally it soon spread to the ears of the true cosmos powerhouses.

“Xu Ming? Climbed to the top of the Primordial All Things List?”

The powerhouses of the true universe were not shocked after hearing the news, they were just disdainful.

The ancient list of all things? – In the world of the first layer, the Primordial All Things List is the ultimate pursuit of the powerhouses in the Heavenly List; but in the eyes of the real powerhouses in the real universe, the Primordial All Things List is nothing more than a joke!

That’s the underdog’s list!

The real powerhouse will not go to the first layer of the world at all, and it is impossible to rank on the list of ancient things.

“However... Since Xu Ming can reach the top of the Primordial All Things Ranking, in any case it shows that his talent is indeed good! It is indeed not easy for a genius who came out of the virtual universe to reach this level!”

“It’s just a good talent! Maybe... Xu Ming can hope to become a powerhouse in the real universe in the future, but the hope is too slim!”

“Yeah! Too slim!”

The powerhouses in the real universe are very disdainful. After all, no matter how strong Xu Ming is, he is only a genius who came out of the virtual universe – the starting point is too low!

...

This news also reached Zhou Ji’s ears.

Today, Zhou Ji is a superpower in the real universe.

“Huh? I’ve held the number one place on the Primordial All Things List for countless billions of epochs, but I was successfully challenged?” Zhou Ji looked neither sad nor happy, “It’s interesting! But... it’s just a mere Primordial All Things List! It doesn’t matter. !”

Zhou Ji stood up and looked at the dazzling scene in the real universe: “I have already jumped out of that level! And Xu Ming... I am afraid that I will never reach the level I am today!”

...

Second quadrant.

One World.

The reflection of the ancient list of all things slowly faded. Xu Ming is also about to come out of the challenge.

“Challenging the Primordial All Things Ranking, there are indeed a lot of points!”

From the 10,000th place, all the way to the first place, Xu Ming’s points have already exceeded 10 million!

You must know that with only 100 points, you can enter the cosmos flower sea for a “moment”; with Xu Ming’s current points, I am afraid that he can stay in the cosmos flower sea for a long time!

“I don’t know, what exactly is the sea of flowers in the universe?” Xu Ming couldn’t help thinking.

At this time, Xu Ming finally left the challenge space and returned to the black stone inscription on the list of ancient things.

However, as soon as he came out, Xu Ming found that he was surrounded by people!

“Eh?” Xu Ming was startled for a moment, and then he reacted immediately – after all, he directly climbed to the top of the Primordial All Things Ranking, and it was normal for him to cause some sensation. Moreover, Xu Ming had already guessed from the power from the “Worship System of All Living Beings” how huge a sensation he caused!

A series of frightened and adoring eyes fell on Xu Ming; however, no one dared to take a half step forward.

After all, Xu Ming’s strength is already two levels with them! – You must know that even if it is the first on the list, at best, it is only the strength of the “half-step world master peak”! And the first place in the Primordial All Things Ranking has the strength of “The Peak of the World Lord”!

The difference is too big!

Xu Ming took a step forward.

Immediately, the onlookers took a step back in fright.

Xu Ming walked casually, and soon, the crowd of onlookers automatically divided a path – no one dared to come forward to talk to Xu Ming, and no one dared to follow Xu Ming.

This is the deterrent power of the number one in the Primordial All Things List!

After Xu Ming walked for a while, he threw the onlookers away!

“Let’s go to other places in Zhenyu County!” Xu Ming secretly said.

actually...

The reason why Xu Ming challenged the Primordial All Things Ranking was not to challenge it on purpose, nor was he prepared to challenge it! But... Xu Ming was walking in Zhenyu County, and just saw the list of ancient things, so he decided to challenge it temporarily!

It’s really just... just challenge and play!

Then, he directly climbed to the top of the Immemorial All Things List.

Now, Xu Ming wants to walk around Zhenyu County to see if there are other people who can “challenge and play casually”.

Unconsciously, Xu Ming came to the “Zhenyu Battle Stage”.

As soon as he entered the Zhenyu Battle Arena, Xu Ming was a little stunned: “There are so many people challenging me at the Zhenyu Battle Arena!?”

There are more than 10,000 strong people who challenge Xu Ming?

You must know that among the challengers, there are not only the “current Heavenly Leaders”, but also the former Heavenly Leaders, former predecessors, former former predecessors...

“How dare they challenge me?” Xu Ming couldn’t help but admire the courage of these challengers – no matter how strong they were, he dared to challenge them to “No.

What Xu Ming didn't know was that these challengers were not courageous, but... Once a challenge was issued, it could not be undone!

"Since they have the courage to challenge me, then I will give them a chance to challenge!" Xu Ming secretly said.

It stands to reason that those powerhouses at the Heavenly Ranking level are not qualified to challenge Xu Ming, who is number one on the Primordial All Things Ranking! But Xu Ming decided to give them a chance to fight with him for the sake of their courage!

As for how many points these challenges can earn, Xu Ming doesn't care. After all, all the challenges add up to only a few hundred thousand points; now Xu Ming is sitting on tens of millions of points, of course he doesn't care about the hundreds of thousands of points.

"All challenges, accepted!" Xu Ming waved his hand and accepted all the challenges.

Even Xu Ming was thinking, should he give pointers to these courageous challengers later?

However, after a while, Xu Ming received a message from Zhenyu Battle Platform:

"Your opponent Yu Yutong has conceded defeat!"

"Your opponent Ba Song has conceded defeat!"

"Your opponent Uhuada has conceded defeat!"

...

"Uh..." Xu Ming was stunned for a moment, but he soon realized what was going on—it must be that when he first came to Zhenyu County, these challengers thought they were soft persimmons who were easy to bully, so they dared to challenge !

Now, these challengers know that Xu Ming is actually the number one powerhouse in the Primordial All Things Ranking, so how could he dare to join him on the stage?

“Since that’s the case! You deserve to give me points!”

Xu Ming sneered and left the Zhenyu Battle Stage – in the world of the first layer, no one would dare to challenge him!

“Anyway, there are already a lot of points, so let’s go to the universe of flowers and see!”

Xu Ming also wanted to see what the “real flower” growing in the sea of flowers in the universe looked like.

## Chapter 1762: Big Ambition

The entrance to the Sea of Cosmic Flowers is also in Zhenyu County.

These are eight huge pillars, each with the width of “Hundred Realms” and the height of “Ten Thousand Realms”, which is extremely magnificent. Even Xu Ming couldn’t understand the intricate patterns engraved on the pillars.

At the top of each column, there is an incomparably huge black chain hanging down. Where the eight huge chains converge, a huge black hole is being sealed.

Countless purple electric snakes keep circling around the black hole rapidly to maintain the stability of the black hole.

And this black hole... is the entrance to the sea of flowers in the universe.

“Cosmic Flower Sea!” Xu Ming was also a little shocked.

call out-

A message passed into Xu Ming’s mind, which was about the sea of flowers in the universe.

“Oh? The location of the Sea of Cosmic Flowers is not in the Nine Heavens, but somewhere on the edge of the Nine Heavens?” Xu Ming was shocked, “And this black hole is the space passage

leading to the Sea of Cosmic Flowers? ...This space channel is extremely unstable, once someone enters, it will cost a lot to maintain the stability of the sea of cosmic flowers..."

Xu Ming understood.

Entering the sea of cosmic flowers, the reason why you need to spend points; in fact, to put it bluntly, these points are equivalent to paying the price of entering the sea of cosmic flowers!

"However...for me, points are not very useful!"

After all, Xu Ming would not stay long in the world of the first layer. When he realizes the "real self", Xu Ming should go to the second world; in that case, the points Xu Ming gets will not be of much use.

"Then go to the universe of flowers and spend all these points! In that case, I should be able to gain a lot!"

As soon as Xu Ming took a step, his figure flew directly towards the black hole.

But at this moment, there was a figure flying quickly from the side: "Brother Xu Ming, wait a minute!"

"Huh?" Xu Ming couldn't help but stop and looked at the person who came in doubt.

This is a figure in white, with a very indifferent expression. His aura is not that strong, and it is estimated that he is only at the level of the ordinary Heavenly Ranking.

"Is something wrong?" Xu Ming looked at the other party.

"Brother Xu Ming!" The figure in white said with a smile, "I'm going to 'Gong Taihao'! I guessed that Brother Xu Ming would definitely come to the Universe of Flowers, so I'm waiting here!"

"Oh?" Xu Ming became more and more curious. The other party was obviously here for himself. What was his purpose?

“I’m just here to remind Brother Xu Ming – Cosmic Flower Sea, everyone can only enter once! Before entering, be very careful!” said Gong Taihao.

“You can only enter once?” Xu Ming frowned slightly, a look of doubt on his face.

However, Xu Ming’s main doubts were not about the sea of flowers in the universe; it was strange, why did the father-in-law Taihao in front of him specially remind himself of this?

Is it pure goodwill?

Xu Ming felt that the possibility seemed unlikely.

Gong Taihao continued: “In the universe of flowers, there is a great opportunity! Since you can only enter once, you must seize this opportunity! -Although brother Xu Ming has a lot of points, in the universe of flowers, he wants to If you want to find a flower that you are satisfied with, you need to prepare more points! I really recommend Brother Xu Ming, prepare more points, and then enter the universe of flowers!”

“Is that so...?” Xu Ming pondered.

Gong Taihao said again: “For others, earning points is not easy; but for you, Xu Ming, it is really not difficult! – With your strength, as long as you enter the eternal battlefield, you will be able to sweep others. The genius of the realm of all things in the quadrant! Earning points is as easy as finding things! After earning enough points, wouldn’t it be safer to come to the universe of flowers?”

“Makes sense!” Xu Ming nodded silently, “But...why are you telling me this?”

yes!

What good is it for you to go to such great lengths to remind you?

Grandpa Taihao suddenly laughed: “Brother Xu Ming, you have never been to the battlefield of the ancient times; when you go, you will know that our geniuses in the second quadrant of the realm of all things are very disadvantaged in the battlefield of the ancients! A genius like you, help us change some things.”

“Really?” Xu Ming was suspicious.

However, what Gong Taihao said also made sense – with Xu Ming’s strength, when he reached the battlefield of the ancients, he could definitely sweep the geniuses of the realm of all things in other quadrants; it should not be difficult to reverse the disadvantaged situation. And doing this, whether it is Xu Ming or the genius of the second quadrant, is beneficial.

but...

Xu Ming always felt that this father-in-law Taihao was carrying some conspiracy.

“Conspiracy?” Xu Ming sneered in his heart, “In the face of absolute strength, what is the meaning of conspiracy?”

And Xu Ming is absolute strength!

“But... Eternal Battlefield, I can go shopping first!”

Since the Universe of Flowers can only be entered once, then go to the Eternal Battlefield first to earn more points, right?

Thinking of this, Xu Ming made a decision in his heart – go to the battlefield of the ages first! If there is any conspiracy, Xu Ming can just have fun; moreover, you can also see who is secretly manipulating it and dares to have bad intentions against him.

“Thank you for letting me know!” Xu Ming smiled meaningfully, turned and left the sea of cosmic flowers.

After Xu Ming left...

The corner of Gong Taihao’s mouth also evoked a meaningful smile.

Of course, Gong Taihao didn’t really come here to tell her kindly! Moreover, he also guessed that Xu Ming would definitely be suspicious!

“Xu Ming?” Grandpa Taihao sneered in his heart Even if you have doubts in your heart, don’t you still choose to enter the eternal battlefield? I hope you can help me a little by then! That way... it’s not a waste of my time to spend on you! ”

Gong Taihao sneered, and suddenly sighed: “Alas...”

“This reincarnation practice is really a failure! Actually, I still need the help of others before I can...” Gong Taihao shook his head silently, “But fortunately, my luck is really good, and I met Xu Ming, a peerless genius! If there is no peerless genius of Xu Ming’s level, I am afraid that I will waste a long time in the world of the first layer of heaven, right?”

Grandpa Taihao...has big ambitions!

You must know that in the previous life, Gong Taihao was already a super powerhouse in the Supreme Realm! Moreover, at the supreme level, they are all extremely strong existences! But... he is willing to take great risks and reincarnate to practice, which shows how big his ambition is!

You must know that reincarnation practice is extremely dangerous! It is very likely that some memories of the previous life have not been awakened before they have fallen! – In that case, you will really die!

“If you succeed, you will reach the sky in one step, and it will not be difficult to dominate the real universe! If you fail, you will be wiped out!” In the eyes of Grandpa Taihao, there was an incomparably fierce light.

At the same time, he also began to arrange for the communication, so that the men scattered in the battlefield of the ancient times were ready to deal with Xu Ming.

Chapter 1763: The Old Man “Black Qiu”

call out-

Xu Ming’s figure shuttled through Zhenyu County in a hurry.

“It’s interesting!” Xu Ming’s mouth twitched slightly.

In fact, when he saw his father-in-law Taihao, Xu Ming was already suspicious; the more he communicated with the other party, the more suspicious Xu Ming became.

Because he felt that the other party had a conspiracy, Xu Ming even tried to enslave the other party with “forced slavery”; but to Xu Ming’s surprise, “forced slavery” actually couldn’t enslave Gong Taihao!

To know...

No matter how strong the realm of all things is, it is only the realm of all things. You only need a level 18 hanging point to enslave!

It stands to reason that with Xu Ming’s hanging point, even if he enslaves the genius of the entire Zhenyu County, it will be easy! And now, can’t enslave a grandfather Taihao?

“Even in the domain master realm, I can easily enslave me! What is the origin of this father-in-law Taihao?” Xu Ming couldn’t help but wonder.

However, Xu Ming did not take it too seriously.

“Since he lured me into the eternal battlefield, then he must have some purpose... Don’t worry! When he shows the fox’s tail, I will naturally know!”

As for Gong Taihao, will he threaten him? —Xu Ming really didn’t worry about it!

“Infinite clone” hangs, “time pause” hangs... All kinds of powerful plug-ins are added; how could the mere grandfather Taihao of all things threaten Xu Ming?

Taking ten thousand steps back, even if Gong Taihao really threatened Xu Ming and even killed Xu Ming, so what? – Xu Ming’s “immortal mark” hangs on it, and he can be resurrected immediately and jumping alive.

Xu Ming is really... without any worries.

...

The Eternal Battlefield is also not in the world of Yizhongtian.

However, the space passage to the eternal battlefield is much more stable than the sea of cosmic flowers!

Without consuming points, Xu Ming stepped directly into the space passage to the Eternal Battlefield.

call out-

Time and space are extremely changing.

Xu Ming could feel that he had left the scope of the first layer of the world; however, he had no way of knowing where he was going.

for a long time...

Whoosh!

Xu Ming finally passed through the space passage.

“This time and space seems to be suppressed by rules! Here, it is impossible to break through to the realm of destruction, and the highest can only reach the realm of all things!” Xu Ming carefully felt the surrounding environment.

This is an extremely gloomy, empty space-time, and there is hardly much light to be seen. Outside the distant space, a tiny light spot can be seen – Xu Ming looked at it intently, and the light spot was magnified in his eyes.

“It’s a divine city!” Xu Ming secretly said.

At this moment, Xu Ming felt several breaths approaching.

“Someone!” But Xu Ming wasn’t too afraid.

One is because Xu Ming has absolute confidence in his own strength.

The second is because, according to Xu Ming’s understanding, the battlefield of Eternal Age is the place where the geniuses of the second quadrant and other quadrants fight; and he has just arrived at the battlefield of Eternal Age, and he must be near the old nest in the second quadrant—this area, not There may be enemies, all of whom are geniuses in the second quadrant!

Since they are all geniuses in the second quadrant, there is no reason to shoot each other.

call out-

Several breaths approached, a total of five powerhouses.

Flying in the middle is a genius in Tsing Yi. The other four were an old man, a one-armed strong man, and two female nuns; all of them seemed to respect the geniuses in Tsing Yi.

Whoosh! Whoosh! Whoosh! Whoosh! ...

Soon, the five people arrived in front of Xu Ming.

“It’s in the second quadrant!” The genius in Tsing Yi looked at Xu Ming and felt the breath of the Zhenyu Palace talisman on Xu Ming’s body, so he felt relieved, “Did you just come to the battlefield of Eternal Age? I thought it was in other quadrants. The powerhouse, dare to sneak into the door of our second quadrant!”

Xu Ming also felt the breath of the talismans on the five people—geniuses in the second quadrant of the first layer of heaven, when they entered Zhenyu County, they would get a dark purple Zhenyu Palace Token; Tokens are the means of identification.

Because the Zhenyu Palace Token can only be refined once, the powerhouses in other quadrants cannot pretend to be people in the second quadrant even if they kill the powerhouses in the second quadrant and get the talisman.

“How many are...?” Xu Ming said with a smile – he is not very familiar with the Eternal Battlefield. Since he just met someone, he can take this opportunity to learn some information about the Eternal Battlefield.

“I, Ye Juetian!” The genius in Tsing Yi declared his name proudly, “These four are my teammates!”

“Xu Ming!” Xu Ming also reported his name – he knew that in the battlefield of the ages, he usually formed a small team. After all, the geniuses in the other quadrants are teamed up. If you don’t team up, you will definitely suffer; unless you have the confidence to be outnumbered!

“Heiqiu!” said the old man in black.

“Pick the sky!”

“Moon Cold!”

“Bao Xuewei!”

Everyone is named.

“Brother Xu Ming!” Although Tsing Yi genius Ye Juetian was a little arrogant, but his bearing was extraordinary, he took the initiative to invite, “Brother Zhaitian, was injured in the battle, a few of us sent him back specially! I wanted to enter the city, and then find another teammate; since you have the fate to meet Brother Xu Ming, why don’t you join us, Brother Xu Ming?”

Having said that, Ye Juetian did not forget to look at Zhaitian and said, “Brother Zhaitian, the city of God is just ahead, you should be able to go back, right?”

The one-armed man picked up the sky and said with a smile: “If I can’t go back, I might as well die!”

“Brother Xu Ming?” Ye Juetian looked at Xu Ming again, “If you are willing to join us, then there is no need for us to go into the city to find teammates. You can go directly out to the battlefield now!”

Zhaitian also said, “Brother Xu Ming, Brother Ye’s strength is very extraordinary, and he is also very good; if I hadn’t been seriously injured, I wouldn’t be willing to leave his team! It is most suitable for Brother Ye to go together! – With Brother Ye taking care of you, you are also the safest!”

Xu Ming could see that these five people were quite harmonious.

In fact, this is normal in the Eternal Battlefield—after all, the teammates in the Eternal Battlefield rely on their lives; if they are not in harmony, it is impossible to give their backs to their teammates with confidence!

“To be honest, if you didn’t just come to the battlefield, Brother Ye wouldn’t necessarily invite you!” The one-armed man picked up the sky and said again.

From the command symbol, it can be sensed whether it is the first time to come to the eternal battlefield.

Newcomers who have just arrived, although their strength is not necessarily strong, they are more trustworthy. And those old fritters who have been in the battlefield for a long time, maybe they will join other people’s teammates with some conspiracy, and then stab them in the back at a critical time.

“Okay!” Xu Ming didn’t think much, and then agreed.

Xu Ming didn’t care about Ye Juetian’s strength and personality; Xu Ming just wanted to borrow this team to get acquainted with the eternal battlefield.

“Welcome!” Ye Juetian said with a smile – it’s not easy to find a teammate who has just entered the eternal battlefield!

“Brother Ye, congratulations on finding a teammate so smoothly, I will go back first! When I recover from my injury, I hope to have the opportunity to join forces with you again!”

## Chapter 1764: Big Thick Legs

After saying goodbye to “Pick the Sky”, Xu Ming and his party of five flew directly towards the depths of the Eternal Battlefield.

“What a coincidence!” Ye Juetian laughed, “I originally thought that I would have to stay in the city for many epochs before I could find a suitable teammate! Even after picking up the injury, I might not be able to find it! ”

“It’s a coincidence!” Xu Ming also laughed.

“By the way, Brother Xu Ming!” Ye Juetian said again, “I take the liberty to ask, how is your ranking in the Heavenly Ranking? Let’s get to know each other so that we can fight side by side in the future!”

Eternal battlefield, isolated from the world of Yizhongtian.

It will naturally take some time for the news in the first layer of the world to reach the eternal battlefield.

Moreover, Ye Juetian and others are usually not in the “main city” of the second quadrant, but wandering in those battlefields where the time and space are highly disordered; the information about the world of the first layer is even more blocked.

Ye Juetian, Heiqiu and the others had never heard of Xu Ming’s name; that’s why they were curious as to where Xu Ming ranked on the list.

“Heavenly Ranking...” Xu Ming was startled, he couldn’t help but secretly laugh in his heart – you must know that Xu Ming’s ranking is no longer on the Heavenly Ranking, but on the Primordial All Things Ranking!

And it is the first in the list of ancient things!

However, Xu Ming knew that even if he revealed the ranking of “No. 1 in the Primordial All Things List”, the other party probably wouldn’t believe him unless he showed his strength. Moreover, if you really let a few people know their true strength, then I’m afraid they won’t be able to be teammates well – the four of them will definitely serve themselves as if they were serving the Lord.

Xu Ming thought for a while, then said his original ranking on the list: “Six thousand!”

“Six thousand?” Ye Juetian could not help frowning slightly.

With a ranking of 6,000 in the Heavenly Ranking, this is certainly the top powerhouse in the world of the First Layer! But in the battlefield of eternity, it is really nothing!

The ancient battlefield, where is it?

It is a place where only the powerhouses who have been on the list are qualified to enter!

Moreover, many of the previous Heavenly Ranking Powerhouses, after entering the eternal battlefield, many still stay here! Those who have been in the battlefield for a long time, if they are measured by the “Heaven Ranking”, their strength may be ranked in the top 30 of the Heavenly Ranking! – Moreover, there are a lot of powerhouses in the top 30 ranks of the Heavenly Ranking! Much!

In the eternal battlefield, if the strength level is below the “100 in the sky”, then it is relatively weak!

Therefore, when Xu Ming said that he ranked sixth thousandth in the sky, Ye Jue couldn’t help frowning slightly – this is too weak, isn’t it?

The outspoken Bo Xuewei couldn’t help but blurt out: “Ranking 6,000 in the Heavenly Ranking, you dare to enter the battlefield of the ages?”

Generally speaking, those who dare to enter the battlefield of eternity are at least in the top 1,000 rankings in the Heavenly Ranking.

Yue Han is rather cold and beautiful, but she doesn’t speak; however, deep in her eyes, she is also slightly disgusted – after all, ranking 6,000 on the Heavenly Ranking List is really too weak!

On the other hand, it was Heiqiu, and it seemed that the old \*\*\*\*\* was there. He has been on the battlefield for too long, and he has seen many different teammates; therefore, even though Xu Ming's ranking in the sky is relatively low, he is still very calm.

"It's all right!" Ye Juetian was stunned for a moment, but he quickly recovered and smiled, "The rankings on the list may not necessarily indicate strength! Maybe, Brother Xu Ming is hiding his strength, but he is actually a great master. !"

Ye Juetian's joke was obviously to ease the awkward atmosphere. But Ye Juetian didn't know that his joke was really right – Xu Ming was indeed hiding his strength!

"Brother Xu Ming!" Ye Juetian said again, "To tell the truth, I have a top-level world master-level magic weapon called the 'Five Harmony Array'! It takes five people to join forces to exert its power!"

The reason why Ye Juetian insisted on forming a team of five was to motivate the "Five Combination Array".

The five-in-one formation that the five people jointly promoted, Ye Juetian would dare to fight even if he encountered the combat power of the five "number one in the sky"!

Of course... Eternal Battlefield brings together geniuses from the Eight Era! It can be said that the entire universe, the highest level of the realm of all things, is here! Therefore – although Ye Juetian has the "Five Combination Array" card, the other teams also have their own cards!

No matter which opponent you meet, don't take it lightly.

Ye Juetian continued: "Brother Xu Ming, although your ranking on the Heavenly Ranking is not high, but after entering the Array, your strength will definitely be comparable to the top 100 on the Heavenly Ranking, or even higher! – As we walk, I will follow you at the same time. Explain the five-in-one formation diagram!"

"Okay!" Xu Ming didn't say much, just said with a smile.

Xu Ming and Ye Juetian just met by chance; it is very likely that Xu Ming would not let them know his true strength until they parted.

The five walked all the way.

Ye Juetian also quickly explained to Xu Ming some of the essentials of the Wuhe Array, and experimented a little – after all, the leader of the Wuhe Array is Ye Juetian; Xu Ming is only an assistant, and he only needs to briefly You can cooperate.

Business is over.

Bo Xuewei flew to Xu Ming's side and said with a smile, "Xu Ming! Your luck is really good! If other teams knew that your strength was so weak, they would not necessarily accept you!"

Although, every team likes to find new teammates who have just come to the battlefield; but since they are looking for teammates, it must be "strength first"! The strength is too weak, and it will indeed be disliked by most teams.

Xu Ming was speechless and said, "How do you know that my strength is weak?"

Although Xu Ming didn't care much about other people's opinions, he still wanted to save face, right? Being so despised by a girl teammate, Xu Ming of course had to ask back.

Bo Xuewei said: "If you are not weak can you rank so low in the rankings?"

"I..." Xu Ming wanted to defend himself, but finally gave up.

Yue Han glanced at Xu Ming a little, shook his head, but still didn't speak.

...

The second quadrant main city.

When the one-armed man “picked the sky” and returned to the main city, he felt that the atmosphere in the city was a bit strange; it seemed that the powerhouses in the entire main city were discussing something.

Picking Tian couldn’t help but wonder – what is it that can be discussed by so many strong people.

He walked into a tea house, listened to it, and quickly understood what was going on—the list of ancient things, updated!

If it was only a slight change in the Primordial All Things Ranking, the discussion in the main city would not have been so lively! What shocked Zhetian was that there was actually a strong man who directly climbed to the top of the Primordial All Things List!

What shocked Zhetian even more was that the powerhouse who is now ranked No. 1 in the “Immortal All Things List” is actually called Xu Ming!

“Could it be him?” Zhaitian was horrified, “Could it be that... the Xu Ming I met just now is the number one existence on the Primordial All Things Ranking!?”

Picking Tianlian tried to find a way to get the appearance image of “No. 1 in the Primordial All Things List”.

“It’s really him...” Zhaitian was completely shocked – he thought that Xu Ming joined Ye Juetian’s team and hugged his thighs! Only now did he know that it turned out that Xu Ming was the real big thick leg!

“Brother Ye, I’m afraid I still don’t know that Brother Xu Ming is actually the number one existence on the list of ancient things, right?”

Chapter 1765: 1 Gun?

Eternal Battlefield.

Space barriers are like mountains, space cracks are like abyss, all over the battlefield. There are also countless space storms, sweeping the entire battlefield.

The entire battlefield of eternity seems to be silent, but in fact it is full of dangers. In the chaotic time and space, even the powerhouses whose strength is comparable to the “half-step world master” dare not be too careless; otherwise, once they fall into a dangerous place, there will be a lot of trouble.

Xu Ming, Ye Juetian, and other five people hid their figures and moved forward carefully.

“Brother Xu Ming.” Ye Juetian said with a smile, “We are heading to a small battlefield with a low level of danger – the Red Floating Realm!”

“Lower risk?” Xu Ming asked curiously.

“Yes!” Ye Juetian explained, “In the Chifu Realm, most of them are small teams like us, and there are very few large-scale battles! Moreover, the battles in the Chifu Realm are usually more rational; no Like some other battlefields, many powerhouses have already been killed!”

That kind of super large-scale battle is the meat grinder of the strong! After a battle, I don’t know how many powerhouses will fall!

“Of course—” Ye Juetian said again, “Even if the level of danger is low, every battle must be a life-and-death struggle! Brother Xu Ming, you have to be prepared!”

Ye Juetian just reminded him casually.

After all, at their level of strength, who else did not come out of the sea of corpses and blood? When fighting, no one will be soft! – To be soft to the enemy is to be cruel to oneself.

“Xu Ming, don’t be too nervous!” Bo Xue said with a smile, “Ye Juetian’s strength is very strong! It’s quite safe to follow him!”

“Yeah!” Xu Ming nodded silently and asked curiously, “How many powerhouses are there in the Eternal Battlefield?”

“How many strong people are there?” Ye Juetian couldn’t help laughing when he heard this question, “I’m afraid no one can answer you this question!”

“Oh?”

Ye Juetian continued: “From the infinitely distant era to the present, there are too many powerhouses who have entered the battlefield of eternity! Even if there are hundreds of millions of them, I’m afraid it’s not enough! Although, many powerhouses have fallen. ; However, the number of powerhouses left behind is also unimaginable! And... there are many powerhouses, all hidden in various places on the battlefield of eternity, and no one knows where they are at all! So, if you want to ask how many powerhouses there are, almost no Someone might know!”

“Indeed!” Xu Ming thought about it carefully and nodded.

The history of the universe is too long! It looks almost impossible to describe in time!

Even if in each era, only a few powerhouses enter the battlefield of eternity; then how many powerhouses should there be after the accumulation of countless billions of times?

Really have no way of knowing!

However, Xu Ming couldn’t help but be curious: “Most of the people who entered the battlefield of eternity are geniuses who have realized the ‘Emperor’s True Self’; as long as these geniuses are willing to break through their cultivation, it is nothing to step into the realm of the realm or even the realm of the realm. Is it difficult? – Why do you want to stay in the eternal battlefield for endless years, and do not want to leave?”

Ye Juetian took a deep look at Xu Ming and couldn’t help laughing: “It seems... Brother Xu Ming’s cultivation time must be very short! I don’t know many secrets!”

“How do you say this?” Xu Ming couldn’t help asking.

Ye Juetian sighed and said, “If you want to wear a crown, you must bear the weight! – It is a good thing to be able to understand the true self of the emperor! But you must know that the higher the level of the ‘true self’, the harder it is to break through! This...is the price that must be paid for comprehending the high-grade ‘true self’!”

“If the ‘true self’ is Wupin or Fanpin, it is very easy to condense the ‘flower of the true self’! But for the ‘true self’ above the highest level, it is more difficult to condense the ‘flower of the true self’! The emperor’s true self... It is almost impossible to condense the ‘flower of true self’ without relying on external objects and only relying on one’s own comprehension!”

“Even if the ‘flower of the true self’ cannot be successfully condensed, then even the domain master realm cannot be entered! Even if you are lucky enough to step into the domain master realm, in the future, if you want to create the ‘real self realm’ and step into the realm of the real world, It’s hard to do!”

“The higher the level of ‘real self’ is understood, the more difficult it will be to follow the path of cultivation in the future!”

Xu Ming understood.

The road to cultivation is not as easy as he thought!

Ye Juetian said again: “You must know that most of those who can enter the Eternal Battlefield have the strength of a half-step World Lord! However, after they leave the Eternal Battlefield, even if they can break through to the Domain Lord Realm, as long as they can’t break through the World Lord It is difficult for them to make great progress in their strength! In other words, outside the world of First Layer, it is really not very attractive to the powerhouses in the Eternal Battlefield!”

There is no attraction, so it is normal for the strong people to stay in the eternal battlefield.

“Unless...there is something that can help them cultivate! Only in this way can they attract them!” Ye Juetian continued, “And this kind of thing...is there in the world of First Layer!”

“What is it?” Xu Ming asked subconsciously.

“Cosmic Flower Sea!” Ye Juetian said, “The soil of the Cosmos Flower Sea is said to be from the ‘real universe’, which is extremely magical! On that soil, the flowers of the true self can grow! – If you can enter the Cosmos Flower Sea, Pick the ‘Flower of True Self’ that suits you to comprehend; then can greatly reduce the difficulty of condensing the ‘Flower of True Self’! What the readers want to do! After all, the cosmos flower sea can only be entered once, so naturally everyone wants to accumulate more points, and then after entering the cosmos flower sea, they can stay longer!”

Xu Ming figured it out – it turned out to be the sea of flowers in the universe, “seducing” the top geniuses in the universe.

Suddenly, Xu Ming became more and more curious about the sea of cosmic flowers, and could not wait to go in and see what it looked like inside.

“Don’t worry!” Xu Ming secretly said in his heart, “I already have a lot of points! After I earn some points in the Battlefield of Eternal Age, I will enter the sea of cosmic flowers to see!”

The amount of time Xu Ming can stay in the sea of cosmic flowers is absolutely ridiculous!

The five people are talking—

Bang!

Suddenly, the space beyond the billions of realms in front of the five people twisted into a giant screen. On the giant screen, there are even some pictures.

“It’s a space mirage!” Ye Juetian said, “The picture above is... the main continent of the battlefield of the ages!”

“Main Continent?” Xu Ming couldn’t help but look seriously.

“This space mirage just reflects the appearance of the main continent!” Ye Juetian laughed, “You don’t seem to be very big, but in fact, the main continent is terrifyingly huge! Besides, I heard... Eternal The main continent of the battlefield is actually a gun!”

A gun?

Xu Ming was stunned for a moment. Looking at the disc-shaped main continent, he couldn’t help but ask: Is this a gun? Tell me, where does this look like a gun?

Chapter 1766: Soft Persimmons?

Ye Juetian looked at Xu Ming's expression and said with a smile, "Aren't you a little unbelievable, this is a gun?"

"Yeah!" Xu Ming nodded.

It's not that Xu Ming is ignorant, but... there can be no long spear that is in the shape of a "disc"!

If you tell Xu Ming that the main continent of this eternal battlefield is a super-powerful dinner plate, Xu Ming may still believe it; but when you say that this is a gun, Xu Ming just wants to say – I'm really not blind what!

"I don't believe it's a gun either!" Ye Juetian said, "But... that's what the legend says!"

"Really?" Xu Ming took a few more serious glances, but he still couldn't believe that there was a "disc" shaped gun. He said half-jokingly, "The only people who can enter the battlefield of the ages are those at the level of the realm of all things; your legend may have come from the mouth of someone in the realm of all things!"

Ye Juetian smiled and said, "I also think that the legend may not be credible!"

The spatial mirage is actually like a mirage. It only existed for a very short time and then disappeared.

Ye Juetian and Xu Ming were not affected and continued to move forward.

"Let's be more vigilant! The Scarlet Floating World is ahead!" Ye Juetian said, pointing to the empty space in front of him.

"Oh?" When Xu Ming was curious, he saw in the void in front of him, as if a gate was rapidly opening. Behind the gate is a crimson world.

Ye Juetian said: "We just passed through a space distorted!"

Because the space was distorted, just now, Xu Ming and the others couldn't see the Scarlet Floating Realm. And now, when you are walking out of the space distortion area, you will naturally be able to see the Red Floating Realm.

Bo Xuewei said: "Few people know about this space-distorting area; entering the Scarlet Floating Realm from this area will hardly be discovered in advance, and it is very safe!"

Whoa!

While speaking, the five people have completely walked out of the space-distorted area.

At this time, the expressions of Ye Juetian, Heiqiu, Yuehan, and Bo Xuewei all changed—just as they had completely left the space-distorting area, a large formation rose up and completely enveloped them.

"There is an ambush!"

I thought it would be the safest to enter the Red Floating World from this space-distorting area! Unexpectedly, it turned into a self-inflicted trap!

"Someone must have seen us passing through this area before, so they set up an ambush..."

Ye Juetian and the four were on guard.

Only Xu Ming looked as usual – after all, it was almost impossible for anyone to threaten Xu Ming in the world of the first layer of heaven and the battlefield of eternity. No matter what kind of ambush, in front of "absolute power", it will be easily crushed!

And Xu Ming is absolute power!

"Ha ha ha ha..."

Seven black figures walked out of the shadow of the formation.

“Ye Juetian, I didn’t expect it!” The leader was a strong man with fluttering red hair.

“It’s you...” Ye Juetian’s eyes turned cold, “Chiluo!”

“Haha! Yes, it’s me!” Chi Luozhe sneered, “Do you think that you can get rid of me so easily when you are targeted by me? I expected that you will enter the Chi Floating World from here!”

“You...” Ye Juetian gritted his teeth and whispered, “Prepare to form a formation!”

At the same time, Ye Juetian sent a voice transmission to Xu Ming: “Brother Xu Ming, I’m so sorry! I didn’t expect that this first battle would be a battle of life and death... Prepare to go all out! ‘Pick the Sky’ was hit hard by them!”

Xu Ming just looked at it indifferently – desperately? Don’t talk about trying hard, as long as Xu Ming is a little more serious, there will be nothing wrong with the seven Chiluo Zhe.

boom!

A five-in-one formation appeared around Ye Juetian, instantly holding the five together. Everyone has golden light shining, and their defense has improved a lot.

“war!”

boom! boom! boom! ...

The Chiluo one directly attacked Ye Juetian, while the other six black-clothed powerhouses attacked Xu Ming and the other four respectively.

For a time, Ye Juetian seemed to be at an absolute disadvantage.

“It’s a big trouble!” Ye Juetian looked at the situation in front of him, his face extremely gloomy, “I actually fell directly into the opponent’s formation... Let’s fight!”

Ye Juetian was extremely violent and attacked the Chiluo madly.

And Chiluo didn't work hard, just dragged Ye Juetian.

"You guys hold on!" Ye Juetian said in a voice transmission, "Especially Xu Ming, you are weak, you must be careful!"

Of the other six black-clothed powerhouses, three attacked Xu Ming directly, while the other three attacked Heiqiu, Yuehan, and Bo Xuwei respectively—obviously, they also felt that Xu Ming was the best bully, so they wanted to kill Xu first. Ming, and then from weak to strong, break them one by one!

"Uh..." Xu Ming was speechless for a while – why, whether it's a teammate or an opponent, do they think I'm the softest persimmon?

Swish!

A long spear appeared in Xu Ming's hand: "Which eye do you see, I'd better bully?"

"Xu Ming, don't carry it head on, try to escape! I'll help you!" Heiqiu forced his opponent to retreat and rushed towards Xu Ming—once Xu Ming was killed, the effect of the five-in-one formation would be lost. If it doesn't work out, the next situation will really collapse!

However... Xu Ming seemed to have not heard Heiqiu's cry, and still stood proudly in the void, with no intention of running away at all.

"Xu Ming..." Ye Juetian and the four of them were all in a hurry – they didn't run away? Is this looking for death? I'm really not afraid of opponents like gods I'm afraid of teammates like pigs!

"Hahahaha..." Chi Luozhe raised his head and laughed loudly, "This kid, shouldn't he be scared and stupid?"

"Xu Ming!" Yue Han and Bo Xuwei also shouted anxiously.

"Hey..." Xu Ming sighed, "I didn't expect that this is the first battle, and I will reveal my strength!"

Of course Xu Ming could see that in the current situation, if he didn't reveal some of his strength, Ye Juetian and the others would be in danger.

Along the way, Xu Ming learned a lot of information about the battlefield of the ages from the four people of Ye Juetian. Moreover, the four of Ye Juetian are not bad people, and they can barely be regarded as Xu Ming's friends— Of course Xu Ming couldn't watch his friend fall into danger.

Then just gotta go!

boom-

A shot was fired, as if it did not contain any power—Xu Ming directly activated the “Time Pause” hang, and paused the time around the long spear! Where the spear passes, there is a time-stopping area nearby.

The three black-clothed powerhouses who besieged Xu Ming never thought that Xu Ming's shot would be so strange. When the spear approached, the “time pause” enveloped them; the three had no room to react at all, and were instantly pierced by the spear thousands of times, completely annihilating the divine body and dying.

Bang! Bang! Bang!

When Heiqiu rushed to Xu Ming's side, he happened to see three black-clothed powerhouses turned into nothingness in front of him.

Chapter 1767: 1 Subpoena

“What!?” Heiqiu stopped beside Xu Ming and was stunned on the spot.

“hiss-”

“This...”

“how is this possible!?”

Ye Juetian, Yuehan, and Bo Xuwei were also stunned and stunned—Isn't Xu Ming the sixth thousandth on the list? When did the sixth thousand people on the list become so powerful?

Even more ignorant, there is no doubt that Chiluo Zhe and others.

Chiluo thought that they would besiege Ye Juetian and five people with seven enemies and five people, which must have been easily crushed. As a result... as soon as they met, three of the seven people were instantly killed; Xu Ming, who he thought was the weakest, turned out to be the strongest!

How to fight this? – Chiluo fell into despair in an instant.

After all, in terms of strength, Chiluo Zhe is just about the same as Ye Juetian; compared to Xu Ming's strength, he is obviously much weaker – the remaining four of Chiluo Zhe, no one can Resist Xu Ming's slaughter!

This well-planned ambush has apparently turned into... death!

“Escape!” Chiluo Zhe shouted without any hesitation; while speaking, he ignored the situation of the three teammates and ran straight away.

“Chiluo!” The three teammates roared angrily when they saw that they had been abandoned, and at the same time they ran away.

escape?

Xu Ming smiled, and a strange aura instantly enveloped the Chiluo – it was “forced slavery”!

“Huh?” Chi Luo Zhe was completely powerless to fight, and his eyes quickly became extremely pious. He stopped running, turned around, and looked at Xu Ming with adoration: “Master!”

“Yeah!” Xu Ming nodded lightly, didn't say anything, and didn't shoot anymore.

Owner! ?

The three remaining teammates of Chiluo Zhe have been completely frightened. In such an incomparably short moment, the most powerful Chiluo Zhe among them was directly enslaved?

Although Xu Ming stopped attacking, Ye Juetian and Hei Qiu were not idle, and they all attacked the fleeing three black-clothed powerhouses. The three of them were of average strength, and they were so frightened that they were quickly killed.

At this time, Ye Juetian's four talents looked at Xu Ming again.

"Brother Xu Ming..." The four of them didn't know what to say.

You know, since they met Xu Ming, they all felt that Xu Ming was weak!

From time to time, Ye Juetian will show some arrogant gestures unintentionally – there is no malice, it is just a habit of the strong to face the weak.

Yue Han and Bo Xuewei often told Xu Ming intentionally that Ye Juetian was very powerful!

The four people in the team all thought that Xu Ming would be able to form a team with them as soon as he entered the Eternal Battlefield. It was definitely a great luck! Now, the four people know that it is not Xu Ming who has the great luck, but he is not!

Without Xu Ming, even if the four of them were ambushed by Chi Luozhe and others, even if they were able to escape, it would be a heavy price.

It was Heiqiu who first reacted from the shock: "Brother Xu Ming, didn't you say...you are ranked sixth thousandth on the Heavenly Ranking?"

"Yeah!" Xu Ming said, "When I was on the Heavenly Ranking, I was ranked at six thousand!"

Xu Ming didn't say the second half of the sentence – he is no longer on the list!

As long as you are on the list of ancient things, you will be automatically removed from the list. After all, even the last place on the Primordial All Things List is much more valuable than the "No.

1 in the Heavenly List”; what’s more, Xu Ming is the number one on the Primordial All Things List! – The mere list of heaven, not qualified to record the name of “Xu Ming”!

However, Heiqiu, Ye Juetian and others obviously misunderstood what Xu Ming meant.

“Brother Xu Ming must have voluntarily withdrawn from the Heavenly Ranking, right?” Heiqiu said, “With Xu Ming’s strength, if he is willing to rank on the Heavenly Ranking, he will definitely be No. 1. The best!”

The “No. 1 in the sky” in different periods is also strong and weak. The strong ones can challenge the Primordial All Things Ranking; the weak ones are not much stronger than the top ten of the ordinary Heavenly Rankings.

However, Heiqiu didn’t dare to guess that Xu Ming was the strength of the Primordial All Things List! After all... the Primordial All Things Ranking, in the world of the first layer and the battlefield of the ages, are all legendary levels of strength!

In this regard, Xu Ming did not defend, just smiled without saying a word.

However, Xu Ming couldn’t help but think in his heart: “When they know that I am the number one in the Primordial All Things Ranking, my expression will be very exciting, right?”

“Master!” At this time, Chiluo also flew to Xu Ming and said respectfully.

Xu Ming ignored the Chiluo, but looked at Ye Juetian and the four of them and said, “Thank you four for being on the road and telling me so much about the Battlefield of Eternals; I’m afraid I have to leave now and go to the lord of Battlefield of Eternals. Continent!”

Xu Ming entered the eternal battlefield to earn points. And the main continent with the highest danger and fiercest fighting is undoubtedly the place with the most points and the most opportunities!

With Xu Ming’s strength, he completely swept all the other realms, so he would naturally go to the main continent, and it was impossible to waste time in such a small place as the Red Floating Realm. Like just now, Xu Ming killed three black-clothed powerhouses, and only got a few hundred points.

The efficiency of getting points is too low!

“Brother Xu Ming, are you leaving?” Ye Juetian was taken aback – of course he hoped that he could keep the super expert Xu Ming in his team!

“Yes!” Xu Ming said again, “After I leave, your five-in-one formation will no longer be effective, so... I will give you the Chiluo!”

“Give the Chiluo... to us!?” Ye Juetian couldn’t believe it. You must know that the Chiluo is a servant whose strength is no less than his!

It’s not easy to enslave such a servant, Xu Ming actually... just gave it to himself like this?

“Not bad!” Xu Ming looked at Ye Juetian and said, “Chiluo will completely obey you in the future! And I... leave first!”

call out-

Xu Ming’s figure flashed, and he went to the distance: “No need to send it away! If you have a fate, you will see you in the rivers and lakes!”

...

After Xu Ming left.

Ye Juetian looked at the Chiluo who obeyed him—he and the Chiluo were old enemies. The two sides had dealt with each other many times in the Chifu Realm, and they even had some sympathy for each other. And now, Chiluo has become his slave; this time, it was all given by Xu Ming!

“Chiluo...” Ye Juetian’s eyes were a little complicated, “From now on, you can be my teammate!”

Moreover, the Chiluo came from the first quadrant. With such an identity, he could also help Ye Juetian to detect and lure the enemies of the first quadrant; the value was undoubtedly higher!

“Huh?” Suddenly, Ye Juetian was stunned—he received a summons.

“It’s a communication from ‘Zhitian’!” Ye Juetian was a little puzzled. “In the battlefield of the ancient world, if you want a long-distance communication, the price is very high! What is it that is worth picking up a message to me?”

“Zhitian’s summons?” The three Heiqiu couldn’t help but wonder, “Could it be that there is something urgent?”

Ye Juetian couldn’t help but quickly read the contents of the communication. Seeing this, he was completely dumbfounded.

## Chapter 1768: Alert Summons

“The Primordial All Things Ranking has just been updated! Xu Ming is the number one in the new Primordial All Things List!”

Picking the sky’s message, there is only such a sentence; Ye Juetian muttered.

“what!?”

“The Primordial All Things List... First!?”

Heiqiu, Yuehan, and Bo Xuewei all looked at each other, unable to believe their ears.

...

The main continent of the Eternal Battlefield is an incomparably huge “disc”.

The size of the disc, I don’t know how many billions of realms, I am afraid it is comparable to a virtual universe.

The endless rolling foothills on the disk, any one of them, are higher than ten thousand worlds. The closer Xu Ming got to the main continent, the more he felt his own insignificance.

“Is this a gun?”

Xu Ming remembered what Ye Juetian and others had told him before, saying that this incomparably huge main continent might be a gun, so he couldn't help laughing – a gun really couldn't grow like this!

call out-

Xu Ming's figure fell into the main continent like a meteor.

Bang!

He stepped heavily on the top of a mountain: “This mountain seems... very hard!”

Yes, it's tough!

Xu Ming felt that he was like a mortal who stepped on a piece of hard steel, and the soles of his feet actually ached slightly.

“Try it!”

Swish!

Xu Ming pulled out his long spear and smashed it on the mountain with a random shot.

boom-

You must know that although Xu Ming only shot at random, even a weaker domain master would probably be killed by a single shot! And now, this shot smashed on the mountain, and the mountain was not damaged at all!

“Huh!?” Xu Ming was shocked.

You must know that this mountain is just a very ordinary mountain on the incomparably huge main continent! But even this incomparably ordinary mountain can’t even destroy Xu Ming’s strength?

“I don’t believe it anymore!”

Xu Ming’s momentum rose wildly, and after a long period of momentum, he fired his gun with all his strength.

This shot is enough to pose a fatal threat to the powerhouses!

boom! !

This time, the mountain peak is not without damage, but a rock directly annihilated into nothingness! – but that’s all.

“It seems... this main continent is really extraordinary!” Xu Ming finally accepted.

Moreover, Xu Ming saw that within the range he could see, he couldn’t even see a single blade of grass—this was a dead and silent world with no grass!

“Those powerhouses who entered the battlefield in the ancient times are probably all hiding in this main continent, right?”

Suddenly, Xu Ming’s gaze was veiled in a direction – in this direction, he felt some peeping.

...

In the long distance from Xu Ming’s billions of realms, there are four powerhouses in the “extraordinary quadrant”, peeping at Xu Ming.

These four strong men all had blue patterns on their skin; their elbows even had a sharp piercing bone, as if they were born to kill—they all came from the “fourth quadrant” of war.

At this time, the four powerhouses were all peeping at Xu Ming.

“I came to the main continent alone? It seems that it should be in the second quadrant!”

“As soon as he came, he was banging on the main continent. Doesn’t he know that every inch of the main continent is extremely hard?”

“Could he deliberately make a big noise, trying to lure snakes out of their holes?”

“Would you like to go up and kill him?”

The four strong men communicated briefly and then made a decision – kill!

When they looked at Xu Ming, they should not be leading a snake out of a hole, but it was the first time they came to the main continent of the Eternal Battlefield. After all, there are really few people who will use the method of creating big noises to lure snakes out of their holes—you must know that the main continent is extremely large and empty; a movement like Xu Ming’s now cannot be transmitted very far, and it is almost impossible to be caught. Others found.

These four powerhouses were only discovered because they happened to be nearby.

“kill!”

“He’s unlucky! As soon as he came to the main continent, we met him!”

“Dare to come to the main continent alone? Does he think he is the existence of the ancient list of all things?”

The powerhouses of the ancient list of all things will not stay in the battlefield for too long.

After all, with the strength of the ancient list of all things, you can quickly get enough points on the battlefield of ancient times, and then enter the universe of flowers to pick the “flower of true self”. Next, he will basically leave the world of First Layer.

“How could it be the powerhouse of the ancient list of all things?”

“Haha, even the powerhouses of the Primordial All Things Ranking, don’t dare to be too arrogant when they arrive in the main continent, right? Otherwise, if they fall into the siege of the powerhouses on the Heavenly Ranking, there is only one way to die!”

The Primordial All Things Ranking is indeed one level stronger than the Heavenly Ranking! However, the gap between the two levels can still be made up with quantity! – For example, if dozens and hundreds of Heaven Ranking Powerhouses join forces to besiege, even ordinary Primordial All Things Ranking Powerhouses will drink their hatred on the spot.

The four powerhouses quietly circled around Xu Ming in all directions, and then surrounded and attacked Xu Ming in unison.

boom! boom! boom! boom!

The four incomparably domineering and tyrannical auras had already locked on Xu Ming.

“Hahahaha... Silly boy in the second quadrant! I didn’t expect it, we were caught when we first arrived!”

“Alone, dare to come to the main continent of the Eternal Battlefield? I admire your courage! It’s a pity... you are too stupid!”

“He’s stupid, we can earn points so easily!”

“Haha! Also!”

The four powerhouses gradually approached and surrounded Xu Ming, as if they had already controlled everything.

Xu Ming just looked at it lightly.

“Poor boy, it seems that he has been frightened by our momentum, hahahaha...” The four of them could not help but become more arrogant when they saw that Xu Ming was silent.

Xu Ming glanced at it and said lightly, “It’s you who are pitiful!”

“Heh!” The four strong men were immediately amused by Xu Ming’s words. Death is imminent, yet still so arrogant? ”

“Don’t you think that you can suppress the four of us with your own strength? Hahahaha... Is it possible that you think you are the powerhouse of the ancient list of all things?”

“Immortal All Things List? I’m so scared! Haha!”

The four of them obviously didn’t think that their luck would be so bad, and they would just meet the powerhouses of the Primordial All Things Ranking. Therefore, mocking Xu Ming is also unscrupulous.

“Uh...” Xu Ming was really a little surprised by the ignorance of the four of them – how ignorant did these four people stand here to mock the “No. 1 in the Primordial All Things List”?

At this time, among the four powerhouses, with \*\*\*\*\* “Asura blood” in their eyes, they suddenly received a summons.

Shura blood couldn’t help but startled – someone actually sent me a message?

You must know that in the battlefield of eternity, there will be very little communication; after all, the price of communication is too high!

“Huh? Or a message sent directly from our main city in the fourth quadrant!” Shura Xue was startled—this kind of message is usually a large-scale mass message; Anyone can receive this message.

It’s not a particularly urgent matter, and this kind of alert summons will not be activated at all.

The Shura Blood Company opened the communication and looked: “In the second quadrant, a super genius ‘Xu Ming’ was born and directly ranked first on the list of ancient things! Now, Xu Ming has entered the battlefield of eternity. alert!”

At the end of the communication, Xu Ming’s appearance and water curtain images were also attached.

Chapter 1769: Come Whatever You Want

Shura Blood looked at Xu Ming’s appearance and breath at the end of the communication and the water curtain image; and then looked at Xu Ming’s deity standing indifferently in front of him, and suddenly... Shura Blood was completely stunned.

Xu Ming?

First place on the list of all things immemorial?

Shura blood is about to cry without tears – I actually came to besiege the “No. 1 in the ancient list of all things”?

escape?

Shura Blood didn’t think that the four of them could escape from the powerhouse who was number one in the Primordial All Things List.

war?

Even if you can’t escape, you still want to fight?

“Why didn’t you send this message earlier!?” Shura Xue really wanted to vomit blood—they had just surrounded Xu Ming, and then immediately received this message... What a pit!

“It’s dead now!” Shura blood couldn’t help shivering.

Death is not scary! What is terrifying is that, knowing that he will surely die, there is no way to struggle.

The other three strong men from the fourth quadrant also noticed that the state of Shura's blood was a bit wrong. They couldn't help but ask: "Asura blood, are you?"

Shura blood grimaced: "Look at the communication..."

Subpoena?

The three powerhouses were startled—they did all receive a summons.

"What's wrong with the subpoena?" The three of them looked at each other. Seeing this, they all started to tremble.

"Xu...Xu Ming! You are Xu Ming!" The four looked at Xu Ming in horror, no longer arrogant.

"Oh?" Xu Ming was startled, "You know me?"

"Xu...Brother Xu Ming!" Shura Xue said with a wry smile, "We have eyes but don't know Mount Tai, please give us a way to survive, we are willing to pay all the price!"

"Ha!" Xu Ming couldn't help laughing, "Sorry, I'm only interested in your points!"

Xu Ming entered the Eternal Battlefield just to earn points!

These four strong men from the fourth quadrant are obviously not weak, and they must be worth a lot of points – how could Xu Ming let it go?

"not good!"

"escape!"

The expressions of the four Shura Bloods changed suddenly, and they no longer had any illusions, and they all fled.

“Whoever escapes depends on luck!”

Of course, all four of them knew that the biggest possibility was that none of them could escape!

While fleeing frantically, the four of them frantically sent messages to the outside world:

“Xu Ming appeared in the main continent...”

“The powerhouses in the fourth quadrant, come and besiege Xu Ming, he is alone...”

However, before the four had time to escape very far, and before sending out a few messages, they all fell into a time pause.

“Die!” Xu Ming didn’t show mercy at all—in the battlefield of eternity, for Xu Ming in the second quadrant, the other seven quadrants were all mortal enemies.

...

Although the four Shura Bloods were instantly killed, their communication was still spread.

The powerhouses in the fourth quadrant were all shaken.

“Xu Ming has arrived at the main continent of the Eternal Battlefield!?”

“The first-ranked powerhouse on the Second Quadrant Primordial All Things List... I’m afraid, no matter which team encounters Xu Ming, they will be killed instantly!”

“Indeed, being number one on the Primordial All Things Ranking is definitely not the same concept as an ordinary Primordial All Things Ranking powerhouse! Even a large team composed of hundreds of powerhouses will probably be swept away by Xu Ming!”

“Asura blood and their luck are really bad, they just happened to meet Xu Ming!”

The powerhouses in the fourth quadrant are a little nervous. After all, Xu Ming is absolutely invincible in the main continent; whoever encounters it will die!

“Who knows which area Shura blood is in recently?”

“Stay away from that area! Otherwise, if you encounter Xu Ming, you will be out of luck!”

It didn’t take long.

The powerhouses in the other quadrants naturally also learned that Xu Ming appeared in the main continent of Eternal Battlefield.

“Xu Ming, who ranked first in the Primordial All Things Ranking, has come to the main continent so soon?”

“Anyone who is unlucky enough to meet Xu Ming... is sure to die!”

“Recently, let’s stay low-key and dormant! – Xu Ming will definitely not stay on the battlefield for a long time; when he kills enough people and earns enough points, he will naturally leave!”

“I’d better leave the main continent for a while! With Xu Ming here, I always feel uneasy!”

“Why don’t you join forces to kill Xu Ming? If you can kill the strongest person in the Primordial All Things Ranking, even if you only participate in the siege, you will be rewarded with a lot of points, right?”

...

Eternal Battlefield.

The second quadrant main city.

“Oh?” Grandpa Taihao’s eyes were full of light, “Xu Ming went to the main continent so soon? – As expected of the number one existence in the Primordial All Things Ranking, he is extremely confident in his own strength!”

Grandpa Taihao sighed: “In this case... I have to go to the main continent as soon as possible! It’s too late, if Xu Ming leaves the Eternal Battlefield, then my plan will fail!”

In his previous life, Gong Taihao was a super powerhouse in the Supreme Realm; he did not hesitate to reincarnate just to hide this opportunity in the eternal battlefield!

But now, Grandpa Taihao felt that he saw the hope of success.

“Xu Ming? No. 1 in the Primordial All Things Ranking? Unfortunately... he can only be my chess piece!” Grandpa Taihao sneered, “When I succeed, the great powers of the real universe will probably be pounding their chests!”

...

After Xu Ming killed the four Shura Bloods, he directly swept the “Main Continent”.

The powerhouses of the main continent are indeed quite strong; some are even close to the strength of the Primordial All Things Ranking! But... no matter how strong he was, if Xu Ming encountered him, he would fall into a “time pause” and then be killed without any resistance.

but...

However, Xu Ming was not satisfied with his slaughtering speed at all: “It’s too slow!”

No way, the main continent of the Eternal Battlefield is too vast! Even for Xu Ming, it would take a lot of time to find a strong team.

It’s hard to find people, so slaughtering will naturally slow down!

“I’ve only earned a few thousand points in the Eternal Battlefield for so long...” You know, Xu Ming has tens of millions of points; just a few thousand points is really worth it for him. No, “At this speed, how long will it take me to earn a lot of points on the Eternal Battlefield?”

Xu Ming thought for a while, and suddenly realized that it seemed like a waste of time to come to the battlefield to earn points!

“Unless...there can be a large number of powerhouses in the abnormal quadrant appearing in front of me at the same time!” Xu Ming secretly said.

But the current situation is that the powerhouses in the abnormal quadrant are hiding and daring to come out.

“How can I get the powerhouses of the main continent to join forces to besiege me?”

Other powerhouses entered the main continent cautiously, for fear of being besieged; but Xu Ming... actually wished to be besieged...

But at this moment, Xu Ming received a message from Ye Juetian: “Brother Xu Ming, you must be careful in the main continent! I just got the news that the powerhouses in the seventh quadrant are preparing to besiege you; it is said that , The powerhouses who participated in the siege have exceeded 10,000!”

“More than 10,000 strong people want to besiege me?”

After Xu Ming heard this, not only did he not panic at all, but his eyes lit up – he really wanted to do whatever he wanted!

It was supposed to be a blast, but I had something to do today, so I broke my promise again. Ashamed of everyone, I have no face to reply to the doubts in the book review area.

I seldom commit to an update because I know I don’t have time; however, the promised update, although sometimes delayed, is usually a blast. Sometimes it is to stay up late and force the masturbation, and sometimes it is to delay it for a day or two.

I don't have the energy to stay up late tonight, so I can only postpone it until tomorrow, I hope brothers understand.

Hmm... no JJ tomorrow.

Chapter 1770: Breakthrough

Come to whatever you want!

The siege of tens of thousands of strong men?

To Xu Ming, no matter how many people in the realm of all things are strong, they are nothing more than chickens and dogs! Not only in the realm of all things, but even in the realm of destruction and nirvana, they are also native chickens; no matter how many, there is no threat to Xu Ming at all!

After all, even if you are dealing with a strong Nirvana realm, you only need to use level 20 hanging points; and Xu Ming's hanging points below level 20 are almost inexhaustible.

Even at the domain master level, Xu Ming can easily kill him; after all, Xu Ming has a lot of level 21 hanging points.

Only the existence of the world master realm can make Xu Ming feel jealous.

In other words – from the first layer to the fourth layer, Xu Ming can absolutely sweep invincible!

And in this eternal battlefield, there are only powerhouses from the first layer of the world, Xu Ming is naturally qualified to despise everything!

“Besieged and killed me?” Xu Ming smiled, “I want to see how many strong men will besiege me!”

Xu Ming always felt that there were far more powerhouses who wanted to besiege him.

“Don’t be in a hurry to fight against them!” Xu Ming secretly said – after all, once Xu Ming showed the strength of “one enemy, ten thousand”, I am afraid there will be many powerhouses in the abnormal quadrant, too scared to come and kill Xu Ming; In that case, it would be very unfavorable for Xu Ming to earn points!

“It just so happens that my understanding of the ‘real self’ has been sublimated recently; I can just retreat and practice for a period of time to see if I can break through from the ‘illusory self’ to the ‘real self’!”

The realm of self is divided into three levels: imaginary, illusory, and true.

The path of “real self” that Xu Ming takes is: from nothing to exist!

That is to say: even if there is nothing in the air, as long as Xu Ming thinks about it, he will “create something out of nothing”, create all kinds of things out of nothing, and even create “self” out of nothing.

What is the concept of creating yourself out of thin air? – Even if Xu Ming’s divine body is completely annihilated, as long as there is still a breath of will, he can instantly create a perfect self! Can be called immortal!

call out-

Xu Ming’s figure cut through the sky, and he quickly found a hiding place suitable for retreat.

“Just here!”

Xu Ming hid in it and set up some hidden formations. The main continent is extremely vast, and Xu Ming is only in retreat for a short time, so it is almost impossible for anyone to find out.

“Cultivation!” Xu Ming sat cross-legged.

Whatever he thought, a black flower with seven petals quickly gathered in front of him. Although it is black, it makes people feel delicate and charming.

This is a poisonous flower from the Chaos Realm of Divine Phoenix, called “Black Blood Flower”.

However, this black blood flower is only illusory. Once Xu Ming withdraws his will, the flower will quickly wither.

“Realize!” Xu Ming’s thoughts frantically urged.

The black blood flower has also become more and more real, as if trying to break free from the picture and jump into reality.

Bang!

Suddenly, the black blood flower exploded and turned into a black mist!

“Failed...” Xu Ming sighed.

Created from nothing, failed!

If successful, Xu Ming can get a real black blood flower as long as he “thinks” with his thoughts!

Xu Ming didn’t have too many surprises... After all, if he can succeed, it means that he has stepped into the “real self”!

“Come again!”

Xu Ming once again tried to transform into a black blood flower – he really used “ideas” to create a real black blood flower from nothingness; instead of using his own divine power to create it.

If you use divine power, then it is not called “something out of nothing”, but “there is something out of nothing”; if that’s the case, let alone Xu Ming, even an ordinary \*\*\*\*\* can do it.

Bang! Bang! Bang! Bang! ...

Fail again and again!

The black blood flowers between the illusory and the real, constantly shattered into a cloud of black mist, disappearing invisible.

“Huh!?” Suddenly, Xu Ming’s eyes lit up.

“From nothing? To come from nothing?” Xu Ming suddenly remembered the “Divine Phoenix Immortal Body” he had practiced!

Divine Phoenix is immortal and can instantly restore the injured divine body, and even, if one cultivates to the fifth level, even if the divine body is completely annihilated, it can still be reborn! Isn’t this... “something out of nothing”?

“Could it be that... Huang Zhizun’s cultivation is also the way of ‘from nothingness’?” Xu Ming couldn’t help thinking.

Actually, Xu Ming overestimated Huang Zhizun!

Among the powers at the supreme level, Huang Sovereign’s strength should be considered relatively weak; otherwise, it would be impossible for the sewer to capsize and be suppressed by a few realm masters.

With the strength of Supreme Phoenix, it is impossible to create a secret technique like “Divine Phoenix Immortality”!

The one who really created this secret skill is a super-power of the “real universe”; that super-power has realized the realm of “from nothing”, even in the supreme realm, it can be said to sweep the same level Invincible!

However, no matter whether “Divine Phoenix Immortality” was created by Huang Zhizun, there is no doubt that it will definitely have a lot of reference for Xu Ming!

“I have the entire chapter on Divine Phoenix Immortality!” Xu Ming read “Divine Phoenix Immortal” and realized.

Today, Xu Ming's realm is very different from when he had just obtained "Divine Phoenix Immortal"; when he looked at "Divine Phoenix Immortal" again, many insights came to his mind.

"I see..."

"It turned out to be like this..."

"This...isn't it wonderful?"

The more Xu Ming looked at it, the more shocked his expression became: "If it wasn't for the 'Divine Phoenix Immortality', I'm afraid that for millions, tens of millions of years, I wouldn't be able to comprehend the essence, let alone step into it.' Real self'!"

hiss-hiss-hiss-

The black blood flower is condensed again, but this time, the feeling is different from the previous times – if the previously transformed black blood flower is compared to a picture on paper; then the current black blood flower is really grown. .

"It's done!" Xu Ming just glanced at it and knew that he had succeeded!

Remove the will, this black blood flower still exists.

This is a completely real black blood flower!

"Real Self Realm!" Xu Ming's realm finally moved from "Illusory Self Realm" to "Real Self Stage One"!

From nothing, there is no doubt that it is "the true self of the gods"; although it is only a "true self", it is probably stronger than the "true self flower" condensed by some domain masters!

With this breakthrough, Xu Ming's strength soared instantly! Even if you don't use "Time Pause" to hang up, you only need to open other plug-ins, and it is definitely the strength of "No. 1 in the

Primordial All Things List”! Sweeping the powerhouses in the sky is as easy as chopping melons and vegetables!

“It’s very strong!” Xu Ming felt the power brought about by the transformation of his realm, “It’s just the ‘first-order true self’, which is already so tyrannical; if it reaches the ‘second-order true self’ and ‘the third-order true self’, won’t it be able to follow the Supreme Being? Wrench your wrist?”

Xu Ming suddenly discovered that the Supreme Realm didn’t seem to be very far away from him!

Send the first update first, and the next few chapters will be sent together when they are written, so don’t be impatient.
