

A World 1811

Chapter 1811: Kill It

“Xu Ming!”

The enchanting voice and the honest voice all had some impression of Xu Ming’s name. After all, it was with the help of Xu Ming that Gong Taihao started the “Boundary Breaking Gun” assessment with sacrifice.

“he?”

The two great powers asked suspiciously.

“Isn’t Xu Ming the number one in the Primordial All Things List? A top true cosmic genius can achieve such strength, right?”

The domineering voice said: “You may feel that Xu Ming is not much stronger than the top true universe genius; however, I found that Xu Ming’s strength is not simple!”

“Oh?” The two great experts suddenly looked at the domineering voice curiously, “Why not simple?”

The domineering voice continued: “You haven’t come to the battlefield of eternity, so you don’t know! Before, I tried to forcibly come to the battlefield of eternity. Although it was blocked by the rules of the universe’s operation, I also used time back and saw some things that happened before my arrival. The thing – I saw that Xu Ming was able to be chased by millions of top talents on the Heavenly Ranking without losing! Moreover, looking at Xu Ming’s appearance, he should have deliberately let himself be surrounded by millions of Heavenly Ranking talents. Live; from this, it can be seen how confident he is in his own strength! – I am afraid that it far exceeds the number one in the Primordial All Things List!”

“But...” The enchanting voice wondered, “Since Xu Ming is so strong, why didn’t he get the Boundary Breaker Spear, but his father-in-law Taihao got it?”

“It’s needless to say!” said in a sincere voice, “After all, Gong Taihao is the reincarnation of Heavenly Supreme Being, and he must know more about the assessment of the Boundary Breaking Gun than Xu Ming!”

The domineering voice paused and said, “Anyway, let’s ask Xu Ming to try it first! If Xu Ming can’t help Mr. Taihao, we have to find another way!”

If you want to deal with Gong Taihao, you can only find someone stronger than Gong Taihao! Otherwise, with the cunning of Gong Taihao, there would never be a chance for people to besiege him.

...

Just as the three superpowers of the Heavenly Supreme level were discussing how to deal with Gong Taihao... A message was transmitted from the world of the first layer to the Eternal Hall of the True Universe.

Eternal Hall...

Absolutely the top force in the true universe!

Once, when the Eternal Hall was at its peak, it was even qualified to dominate the entire universe. Even now, the Eternal Palace is no longer as strong as it was before the Endless Era, but it is at least the top three forces in the entire True Universe!

The top three in the entire real universe!

One can imagine how high the Eternal Hall’s position in the true universe is!

Any disciple of the Eternal Hall, walking in the real universe, no one dares to provoke it!

At this time, the Eternal Hall, the living area of the core disciples.

A very graceful genius is holding an ancient poetry collection and reciting. This genius, who cultivated “Confucianism and Taoism”, has already reached the realm of “exporting Taoism”; even if he looks at the entire real universe, his talents are ranked at the forefront.

His name “Jian Yi” is even more prestigious in the entire real universe!

In the real universe, there are probably not many who can match him in talent!

It’s just... Although Jian Yi looks quite graceful, the depths of his eyes always make people feel that there is a hint of sinister color hidden in them.

“Huh?” Suddenly, Jian Yi was slightly startled, “Oh, it turned out to be a message from the world of First World!”

“Zuowei, why are you looking for me?” Jian Yi said casually – to be honest, he really looked down on those true cosmic geniuses who entered the “First Layer World”! In his opinion, the First Layer World is just a bit of a chance, and the real genius will not go to the First Layer World at all.

“Senior Brother Jianyi!” Zuo Wei on the other end of the communication is also a genius of the true universe, and he is also a disciple of the Eternal Hall; just in terms of status, he must be far worse than Jianyi, “I encountered a situation in the world of one layer of heaven, So I will report to you immediately!”

“Speak!” Jian Yi said lightly.

“In the world of First World, someone is inquiring about ‘Xu Yin’!” Zuo Wei continued.

“Xu Yin?” Jian Yi heard these two words, his expression suddenly gloomy, and asked, “Is it a genius from the virtual universe?”

“Yes! The genius of the virtual universe, and it seems that the strength is not weak!” Zuo Wei replied.

Jian Yi thought for a moment and said lightly: “Kill it!”

“Killed directly?” Zuo Wei couldn’t help but hesitated, “Then... in case Xu Yin knew, would it...?”

“So what if you know?” Jian Yi said disdainfully, “Don’t worry! If Xu Yin really finds out, I will protect you! – The younger generation of the Eternal Palace today, I have the final say; mere Xu Yin, in me There can’t be any waves here!”

“Then... Okay!” Zuo Wei couldn’t help but regret, why did he take credit for reporting this matter. You must know that Xu Yin has progressed very fast in the Eternal Hall, and it may not necessarily catch up with Jian Yi in the future; if he really kills that Xu Ming, if Xu Yin finds out in the future, there will definitely be some trouble.

Although Jian Yi said that he would protect him, who knows if he will really protect him then?

If there is no guarantee, just throw him away... Isn’t it a tragedy for the left guard?

But now, Zuo Wei has no choice – he dare not go against Jian Yi’s intentions!

“It can only be done neatly!” Zuo Wei secretly said, “Xu Ming, Xu Ming, although you and I have no grievances, even if I don’t even know each other, I have to kill you! If you want to blame, you can only blame you for having Maybe I know Xu Yin!”

Obviously, Xu Yin’s situation in the Eternal Hall is probably not very good!

Otherwise, it is impossible for Xu Ming to inquire about Xu Yin’s news, and someone will kill him.

...

One World.

Holy State.

Outside the city gate of Eternal County Xu Ming couldn’t calm down.

“Xu Yin should not have been in the first world...” Xu Ming secretly said, “In this case, if you want to see Xu Yin, I am afraid I will have to wait for me to go to the real universe! But... Eternal Hall should be very powerful in the real universe. , It shouldn’t be difficult to find the Eternal Hall!”

Of course Xu Ming wanted to see his daughter immediately, but it seemed impossible now.

However, as long as Xu Ming can get some news about his daughter and let him know that her daughter is doing well, Xu Ming can feel more at ease!

at this time...

boom! !

A furious aura swept from afar—that direction was exactly the direction of Zhenyu County.

“Xu Ming!!” A pure black three-dimensional shadow, stepping heavily on the space, shot at it—it was Emperor Fen!

Every time Huang Fen took a step, he was full of anger, and the entire space and time trembled heavily.

Xu Ming glanced at him and smiled immediately—of course he knew why Huang Fen came here. After all, it was the “bad thing” he did.

Huang Fen’s roar shook time and space: “Xu Ming! How dare you play with me!”

“Tricking you?” Xu Ming smiled and asked casually, “Why did you say this?”

Chapter 1812: Where’S The Confidence

“Tricking you?” Xu Ming smiled and asked casually, “Why did you say this?”

“Huh!?” Huang Fen’s face was completely gloomy, “What did you do yourself, don’t you know?”

The genius “Luo Xie” in gray, who was guarding the Eternal City, watched with interest.

“This is... Huang Fen?” After all, Luo Xie has access to the real genius of the universe, so he immediately recognized Huang Fen’s identity, “It seems... Xu Ming seems to have offended Huang Fen!”

Thinking of this, Luo Xie couldn’t help shaking his head: “Xu Ming is still too arrogant! Even if he is already the number one existence in the ancient universe, he shouldn’t offend the true genius of the universe! Unless...he is willing to stay in the virtual universe forever, Never set foot in the real universe in your life!”

In Luo Xie’s view, Xu Ming will enter the real universe sooner or later; in this case, it is definitely unwise to offend the genius of the real universe!

After all, every true cosmic genius who came to the world of the first layer of heaven has a powerful force behind it! If anyone offends the genius of the real universe and enters the real universe in the future, it is very likely that they will be hunted down by that side’s forces.

And like Luo Xie, why are you willing to be a guard guarding the city gate in Eternal City? The reason is, not just waiting to enter the real universe in the future, to be able to have a backer!

“Xu Ming not only didn’t find a backer for himself now, but he also offended the genius of the real universe...” Luo Xie couldn’t help but mourned for Xu Ming, “It didn’t take long for Xu Ming to enter the world of the first layer, and suddenly The rising genius is still too young!”

Thinking of this, Luo Xie continued to put on a posture of watching a good show.

After all, no matter what happened to Xu Ming in the end, it had nothing to do with him anyway; moreover, he had already obtained two flowers of true self from Xu Ming.

At this time, Xu Ming looked at Huang Fen and said teasingly, “What have I done? Didn’t I just sell you some points from the Zhenyu Temple? Is there any problem?”

“Humph! You’re still pretending to be stupid!” Huang Fen shouted, “The sea of flowers in the universe is already empty, don’t say you don’t know!”

“What?” Luo Xie on the side was stunned, “The sea of flowers in the universe... is empty?”

Xu Ming smiled and said, “I know the sea of cosmos flowers is empty! – But at that time, you just bought points with me, and you didn’t ask me if the sea of cosmos flowers was empty!”

Huang Fen shouted angrily, “The sea of flowers in the universe is empty, what’s the use of my points?”

“Is there any other use for the points you want? I don’t know! I’m not interested in knowing!” Xu Ming said lightly, “Is there anything else? Just please!”

Before, Huang Fen was aggressive, used his momentum to overwhelm people, and asked Xu Ming for the points of the Zhenyu Palace; Xu Ming simply took the opportunity to cheat him – this is fair!

Next, Xu Ming didn’t bother to pay attention to Huang Fen – your points are useless in your hands, what does it have to do with me?

“You...” Huang Fen gritted his teeth.

But at this time, Huang Fen was more interested in where the flowers of the true self in the universe of flowers went.

“Tell me! Did you hollow out the cosmos flower sea?” Huang Fenho asked – although he couldn’t imagine how Xu Ming hollowed out the cosmos flower sea; Two suspects!

Huang Fen continued to shout: “Don’t try to lie to me! – The person who entered the cosmos flower sea before you was just an ordinary genius, and his points are very few, it is impossible to hollow out the cosmos flower sea!”

Huang Fen was on his way, and he had already inquired clearly. The last person who entered the Universe of Flowers had only a few points. The moment he entered, he came out of the Universe of Flowers. In that short moment, it was not bad to be able to pick a flower of “no quality” of the true self. .

Moreover, Huang Fen also inquired that when the last genius came out, the situation in the sea of flowers in the universe was still normal.

In other words, it was only after Xu Ming went in that the Universe of Flowers became what it is now.

“Haha!” Xu Ming smiled – he also knew that this kind of thing could not be concealed. Moreover, Xu Ming didn’t plan to hide it at all.

“I just hollowed out the sea of cosmic flowers, what’s wrong?” Xu Ming asked with a calm smile.

Looking at the world of Yizhongtian, Xu Ming is absolutely invincible; so even if he hollowed out the universe of flowers, he does not need to cover up at all – I did it, what’s the matter! ?

“Sure enough, it’s you!” Huang Fen felt his heart palpitate just thinking about it.

The flowers of the true self in the sea of flowers in the universe are more than hundreds of millions! And Xu Ming, actually hollowed out the entire universe of flowers, not even a grain of soil was left – I can’t imagine how Xu Ming did it!

“What!?” Luo Xie, a genius in gray, was already bewildered. “Xu Ming... hollowed out the sea of cosmic flowers?”

Before, Luo Xie was complacent about getting two flowers of his true self; now he realized that for Xu Ming, taking out two flowers of true self is no different from sending beggars, right?

The place was silent for a while.

“Xu Ming! You are really good!” Huang Fen said coldly, “But... so many flowers of the true self are not something that you, a genius in the virtual universe, can possess! Hand them over!”

“Hand over it?” Xu Ming looked at Huang Fen and couldn’t help asking, “Huang Fen, is every true genius in the universe as arrogant and ignorant as you?”

“Huh!?” Huang Fen’s aura suddenly sank shouted in a condescending manner, “Xu Ming, are you trying to disobey me?”

Even Luo Xie was secretly shocked: “Xu Ming dares to provoke the true genius of the universe...”

His body could not help shrinking towards the eternal city, for fear of being affected by Chi Yu.

“It seems...Xu Ming doesn’t know the horror of true cosmic geniuses!” Luo Xie secretly said, “He doesn’t know at all, true cosmic geniuses are completely invincible in the world of one layer of heaven! Even if Xu Ming is the number one on the list of ancient things One, it can’t be Huang Fen’s opponent!”

Huang Fen said with a sneer: “Do you think that you have the right to disobey me with your own strength? -Xu Ming, I will give you one last chance! Or, take all the flowers of your true self that you got in the universe of flowers. Hand it over; or...die!”

“Oh?” Xu Ming sneered, “Where did you get your confidence?”

At the same time, Xu Ming was also a little puzzled – even if Huang Fen didn’t know his true strength, the title of “No. 1 in the Primordial All Things Ranking” should be enough to shock Huang Fen! After all, even a top true cosmic genius is only at this level of strength!

Where did Huang Fen get his confidence and put on a posture that would easily crush Xu Ming?

“Hahahaha...” Huang Fen smiled, “Xu Ming, it seems that you don’t know anything about the terrifying genius of our universe! Anyway, I’ll let you know where my confidence comes from!”

Chapter 1813: Blame Yourself

“Are we going to fight?”

Luo Xie’s body has completely retracted into the eternal city, ready to watch the show.

“Xu Ming will soon learn to be a man!”

Luo Xie knows how terrifying the genius from the real universe is! Even if Xu Ming is the number one existence on the Primordial All Things List, facing the true genius of the universe, he can only be ravaged.

“If Xu Ming can survive, it’s already very good! If Huang Fen is ruthless, he may not even be able to survive!”

Luo Xie was watching a good show, and suddenly, he received a hurried summons.

The communication is from “Ge Liu”.

“Luo Xie, where is Xu Ming now?” Ge lingered and asked.

“It’s at the city gate, what’s wrong?” Luo Xie asked with some doubts.

“Okay!” Ge Liu cut off the communication directly.

“What’s going on?” Luo Xie was confused.

And then...

Before Huang Fendu could take a shot at Xu Ming, one after another tyrannical momentum rose from the Eternal City, and swept in the direction of Xu Ming and Huang Fen arrogantly.

“Huh?” Huang Fen, who was about to take action, couldn’t help but stunned slightly, with doubts and fears in his eyes, and looked into the Eternal City with some puzzlement.

“What’s the matter?” Xu Ming couldn’t help but look into the Eternal City – he just asked Luo Xie to inquire about “Xu Yin”, so quickly, so many auras locked him.

Xu Ming had a vague hunch that it should be related to Xu Yin.

“Could it be... Xu Yin is in the Eternal City? Also, guessed it was me who came to find her?” Xu Ming couldn’t help thinking.

Although, Luo Xie said that there should be no Xu Yin in the Eternal City; but in Xu Ming's view, Luo Xie's position in the Eternal City is only a small bottom after all. It's still possible that Xu Yin was in the city, but he didn't know it.

“No!” But immediately, Xu Ming directly denied the idea. Because he didn't feel the breath of his daughter Xu Yin from the momentum that swept through them. Moreover... these auras are obviously not good, and they even have killing intent!

Xu Ming's eyes narrowed slightly, both doubts and worries in his heart.

After all... If Xu Yin had a good time in the Eternal Palace, it would be impossible for this kind of thing to happen.

This made Xu Ming worry about whether Xu Yin would have a hard life in the Eternal Palace.

boom! boom! boom! boom! ...

Soon, black shadows came from the sky.

There are a total of more than a dozen black shadows, all of which are geniuses of the real universe.

Huang Fen looked at the leader and asked suspiciously, “Zuo Wei, what's the situation?”

The left guard was the person in charge of the Eternal City at this time. He glanced at Huang Fen and said, “It has nothing to do with you! We are ordered to kill Xu Ming!”

Ordered to kill?

Xu Ming became more and more puzzled.

You must know that before Xu Ming came to the Eternal City, these geniuses of the Eternal Palace probably didn't know their names, right? But why, I just inquired about Xu Yin's news, and there are so many true universe geniuses who came to be ordered to kill him?

what happened?

What the **** happened to Xu Yin in the Eternal Palace?

“Beheaded by order?” Huang Fen asked in confusion, “By whose order?”

Zuo Wei said lightly: “Jian Yi!”

“Jianyi!?” Hearing this name, Huang Fen’s whole body trembled slightly. Obviously, Jian Yi’s reputation in the real universe is really strong!

“Brother Huang Fen, are you friends with this Xu Ming?” Zuo Wei couldn’t help asking, “If so, I advise you to stay out of your own business! You also know what the consequences of interfering with Jianyi will be. !”

Jian Yi?

Xu Ming is very sure that he has never heard of this name, and it should be even more impossible to offend him!

Moreover, Jian Yi is obviously a genius of the real universe, and he has not even entered the world of the first layer of heaven; even if Xu Ming wants to offend him, there is no chance!

The only possibility is that Jian Yi wanted to kill himself because of Xu Yin!

“How dare I intervene in Jianyi’s affairs!” Huang Fen smiled bitterly and continued, “Also, Xu Ming and I are not any friends, and we were planning to kill him!”

“Oh? You want to kill him too?” Zuo Wei asked.

“This kid... hollowed out the sea of cosmic flowers, and is still unwilling to hand over the flower of the true self; you say, can I not kill him!?” Huang Fen said.

“what!?”

“Knock out the sea of cosmic flowers?”

Zuo Wei and other real geniuses in the universe all looked at each other in disbelief.

However, what they are cultivating is not “the way of the true self”, and the flower of the true self is of no use to them. Moreover, if it is in the real universe, although the flower of the true self is precious, its preciousness is limited; it is not worth the jealousy of these geniuses.

Only people like Huang Fen who urgently need the “Flower of True Self” would also want it.

“Brother Zuowei, wait for Xu Ming to be beheaded, can you give me those flowers of my true self?”

The left guard hardly hesitated: “It’s easy to say!”

During the conversation between the two, it was obvious that they had already treated Xu Ming as a dead man.

“Let’s do it! Kill Xu Ming directly, and I’m good at it!” Zuo Wei said, “Jianyi is still in the real universe, waiting for my answer!”

“it is good!”

“it is good!”

“Go!”

More than a dozen geniuses took the lead.

“Let’s do it together too!” Huang Fen wanted Xu Ming’s true self after all, so he also wanted to do his best to avoid being said “for nothing”.

Immediately, more than a dozen true cosmos geniuses directly blocked the time and space around Xu Ming, preventing Xu Ming from having any chance to escape.

The aura of all the geniuses madly oppressed Xu Ming, and seemed to want Xu Ming to submit to their aura.

At this time, the genius named “Ge Liu” in Eternal City also came to the city gate.

“Ge Liu, what’s going on?” Luo Xie couldn’t help but ask I don’t know either...” Ge Liu said, “You asked me to inquire about ‘Xu Yin’, when I inquired, This kind of thing happened... Don’t blame us, otherwise, I’ll be tricked by you! ”

“It shouldn’t, it shouldn’t!” Luo Xie continued, “We’re just asking about it!”

Saying that, the two looked at Xu Ming.

“This Xu Ming is the genius who is number one on the Primordial All Things Ranking! If he is given time to grow up, he may become a big man in the real universe in the future! It’s a pity... he will die here today!” Ge Liu sighed road.

“Yeah!” Luo Xie also said, “But... it is an honor to die under the cooperation of so many true cosmos geniuses! After all, almost no genius can be besieged by so many true cosmos geniuses. !”

“Indeed! It’s an honor!”

...

Xu Ming was surrounded by more than a dozen true cosmic geniuses, but he didn’t have the slightest fear.

“It’s a bit daring!” Huang Fen sneered.

Xu Ming looked at Zuo Wei and asked, “Can you tell me what’s going on? I don’t know any Jianyi!”

Zuo Wei shook his head and chuckled, and said, “You really don’t know Jian Yi, and you can’t possibly be qualified to know him! If you want to blame... just blame yourself for looking for Xu Yin!”

Chapter 1814: Not Interested In Helping

“If you want to blame... just blame yourself for looking for Xu Yin!”

Xu Ming’s pupils shrank – it really has something to do with Xu Yin!

and...

Just because I want to find Xu Yin, I have to kill myself directly – what exactly is Xu Yin facing in the Eternal Palace!

Thinking of this, an irresistible flash of murderous intent flashed in Xu Ming’s eyes!

Xu Ming can be sure that in any case, it is definitely not a good thing! It is even possible that Xu Yin is in danger!

“Genius of the real universe...” Xu Ming narrowed his eyes and looked around – for Xu Yin, even if Xu Ming was blood-stained in the real universe, it is not surprising! What’s more, there are only a dozen true universe geniuses in front of me!

If he hadn’t wanted to get some information from these true universe geniuses, Xu Ming would have directly killed them.

And what’s the best way to get information?

Naturally... forced slavery!

Xu Ming directly opened the “forced slavery” link, the target – left guard!

After all, Zuo Wei is obviously the one who is the head of the dozen or so geniuses in the Eternal Hall.

At this time, Xiaohang's promotion sounded: "It is temporarily impossible to enslave the true genius of the universe!"

Unable to enslave?

Xu Ming's brows could not help wrinkling: "Why can't you be enslaved?"

Unable to enslave, how could Xu Ming know the exact situation of Xu Yin?

Xiaohang said again: "If you want to enslave the genius of the real universe, you must first be able to enter the real universe yourself! Or, at any time, if you can upgrade the plug-in to the 'ultimate version', you can also forcibly enslave it!"

In short – it is still impossible to force slavery!

"Since it is impossible to forcibly enslave, then..." Xu Ming had already "grabbed" his spear in the world of his heart. He knew that if he asked a question with his mouth, he would definitely not be able to get the answer he wanted; then, I am afraid that he could only speak with the spear in his hand!

"Then... kill it!"

If it wasn't for the news of his daughter Xu Yin, Xu Ming would not simply "kill", but directly "kill all"!

Now, if he wants to get news of his daughter, Xu Ming has to endure it first. He can't kill all of them, but can only kill a few ordinary geniuses to "kill the chickens and warn the monkeys"!

Just when Xu Ming's heart was holding the long spear and preparing to draw it out... Just when Zuo Wei, Huang Fen and other real geniuses in the universe were about to move and plan to shoot at Xu Ming...

“And slow down—”

A majestic voice, through endless time and space, resounded outside the gate of Eternal City.

“This is...?” Zuo Wei, Huang Fen and other real geniuses in the universe could not help but look beyond the endlessly distant void in confusion. They can judge that the person who speaks is also a genius from the real universe; however, they cannot know who it is.

boom!

boom!

boom! !

...

Time and space trembled. And the tremor was getting stronger and stronger.

In a short time, thirty pure black shadows appeared at the end of the endless horizon. Every black shadow carries supreme power; it seems that every one of them is no weaker than Zuo Wei and Huang Fen.

“It’s the ‘Ronghai’!” Zuo Wei recognized the leader at a glance, “I didn’t expect that he would come to the world of Yizhongtian! When did he come?”

Ronghai, in the real universe, has a very high status; even if it is compared to Jian Yilai, it is not much different! The two are barely on the same level.

The sound of “hold on slow” came from Ronghai’s mouth.

Zuo Wei also stopped when he saw that it was Rong Hai. After all, there is no hurry to kill Xu Ming.

Huang Fen thought to himself: “I heard... Rong Hai is a direct disciple of Tian Zhizun. With his cultivation conditions, he should not come to the world of the first layer of heaven! Why did he come?”

Huang Fen was a little puzzled.

Soon, Rong Hai and other thirty true cosmos geniuses arrived.

Several forces on the field surrounded Xu Ming and stood in the void.

“Brother Ronghai.” Zuo Wei asked a little puzzled, “I don’t know why Brother Ronghai wants us to move slowly, but... Killing Xu Ming is an order given by Jianyi himself! Also please Brother Ronghai give Jianyi a face, Don’t intervene!”

“Give Jianyi a face?” Ronghai sneered and said, “Give Jianyi a face, okay! You let Jianyi talk to me, maybe I’ll consider it!”

Ronghai and Jianyi both exist at the same level. Ronghai naturally doesn’t need to give Jianyi face too much.

Moreover, the implication of Ronghai’s words is – want face? Let Jianyi ask for it himself! Your left back is not good enough to talk to me.

“Brother Ronghai!” Zuo Wei’s tone was a bit questioning, “So...you must have a hand in it?”

“It’s not necessarily!” Rong Hai said, “It depends on Xu Ming’s choice!”

See Xu Ming’s choice?

All the geniuses immediately turned their attention to Xu Ming. They couldn’t see what was special about Xu Ming.

“Xu Ming!” Rong Hai then looked at Xu Ming, “We are here to ask you for a favor!”

“Oh?” Xu Ming listened.

Ronghai continued: “As long as you are willing to do your best to help, I can put my words here now – I will definitely protect you! Even if Jianyi sends more true universe geniuses to come, it will never hurt you! And if... ”

Ronghai paused for a while before continuing: “And if you don’t want to help, that’s fine, I won’t force it! But you also saw that with so many true universe geniuses besieging you, it’s hard for you to escape! ”

“Really?” Xu Ming smiled meaningfully.

However, Xu Ming was not in a hurry to refuse. After all, he was also a little curious as to what Ronghai wanted him to do—after all, Ronghai and other real cosmic geniuses, Xu Ming had never known; moreover, real cosmic geniuses have high self-esteem, and it stands to reason Saying that you won’t ask yourself for help is right!

“Help me deal with a person!” Rong Hai said straight to the point, “For some reasons, it is difficult for us to deal with this person! But it shouldn’t be difficult for you to deal with him!”

“Who?” Xu Ming asked.

“Master Taihao!” Rong Hai said.

Hearing this, Xu Ming suddenly had some clues – I am afraid that Ronghai was sent by the superpower of the real universe to deal with Gong Taihao!

As for the true cosmic power behind the molten sea, what is the picture? -of course! It must be the “Boundary Breaker Gun”!

However, apart from Xu Ming, no one knew that the Boundary Breaker Spear in Gong Taihao’s hand was actually just a “fake”; the real one was actually in Xu Ming’s hands! If those true cosmos masters knew the truth, they would probably vomit blood with anger.

Xu Ming pondered in his heart: “My father-in-law Taihao is my ‘bearer’. I dealt with him, who will take the blame for me?”

Of course, the more important point is – does Xu Ming need the melting sea to “protect” himself?

No need at all!

Moreover, if Rong Hai hadn't intervened, Xu Ming would have beaten Zuo Wei and other true universe geniuses to the ground.

Thinking of this, Xu Ming said directly: “I'm not interested in helping!”

Chapter 1815: Between Palms

Highly recommended: A thought of breaking the prison, the legend of the eternal dragon king

Xu Ming's voice fell.

Before Rong Hai could speak, the left guard of the Eternal Hall laughed first.

“Hahahaha... Brother Rong Hai, now, you can't say that I don't give you face, but Xu Ming's own choice. Now, if I want to kill him, you won't stop him, right?”

“Humph!” Ronghai snorted angrily. Then, he looked at Xu Ming: “Xu Ming, do you really have to see the coffin before you cry? This is a favor, you have to help, and you have to help! If you don't help, don't say Zuo Wei and the others want to kill you, even if it's us, they will definitely kill you! Although we can't do anything about Gong Taihao, it's still easy to deal with a native of the virtual universe like you!”

After finishing speaking, Ronghai put down a sentence heavily: “I will give you one last chance if you choose to live or die!”

In Rong Hai's eyes, a native of the virtual universe like Xu Ming, no matter how talented he is, can only accept his orders and cannot disobey!

There is only one end to disobedience, and that is death!

At this time, a true cosmos genius who was following Ronghai also shouted: “Xu Ming, don’t take yourself too seriously! If it weren’t for you, you would still be useful to us, and you wouldn’t even be qualified to talk to us! ”

“That’s right!” Rong Hai, another true cosmos genius, also shouted, “I am a native of the virtual universe. I don’t know if I can enter the true universe in the future, and they dare to be arrogant in front of us?”

Rong Hai looked at Xu Ming and seemed to be judging: “Xu Ming, make the right choice for you! It’s up to you to decide whether to live or die!”

Xu Ming indifferently glanced at the thirty true cosmos geniuses on the side of Ronghai, and finally, his eyes fell on Ronghai.

“Go away!” Xu Ming spat out a word.

what! ?

The true cosmos geniuses on the melting sea side suddenly lost their momentum.

“What did you say!?”

“court death!”

Rong Hai looked at Xu Ming with judgment: “Are you forcing me to kill you?”

...

The real geniuses of the universe, such as the left guard on the side of the Eternal Hall, all laughed in their hearts.

“Xu Ming is finished!”

“Dare to provoke Rong Hai like this, he will die!”

“Yeah! Even in the real universe, Ronghai is still the top genius! Compared to Jianyi, he is no less so! Xu Mingrang said the word ‘go away’ to Ronghai, it’s no wonder he didn’t die!”

“Alright! If Xu Ming was killed by Ronghai, we would be very happy! Otherwise...even though we killed Xu Ming, we can explain to Jianyi; but in case, if Xu Yin finds out, maybe we will It’s not going to end well either!” said the left-back.

Listening to the meaning of Zuo Wei’s words, Xu Yin seems to be in the Eternal Palace, and it doesn’t seem to be very miserable, even if it is not as good as Jian Yi, but at least it is much better than Zuo Wei and others! Otherwise, Zuo Wei would not appear to be afraid of Xu Yin.

“Look!”

“It’s best for Ronghai to do it directly and kill Xu Ming!”

The geniuses on the side of the Eternal Hall are all looking forward to watching.

...

“Good! Good! Good!” Ronghai laughed angrily, “I really didn’t expect that one day my Ronghai would let the natives of the virtual universe say the word ‘go away’ in front of me! Your strength is very strong? Strong enough to deal with Gong Taihao? Humph! In my opinion, it’s just spreading rumors; now, I will kill you, and then we will find a way to deal with Gong Taihao!”

The geniuses on the side of the Eternal Hall were immediately excited that Ronghai was finally about to make a move!

“Kill it!” Rong Hai waved his hand, and the thirty true cosmos geniuses gathered around Xu Ming.

“Noisy!” Xu Ming was really impatient.

You know, Xu Ming is worried about his daughter, and he is hesitating whether to take a shot at geniuses such as Zuo Wei; but Rong Hai is like a big fly, buzzing in Xu Ming’s ear.

Can Xu Ming not be angry?

“I tell you to get out, you get out!” Xu Ming snorted coldly, and immediately drew out his slap.

This slap floated at a speed and trajectory that Ronghai and others could not imagine; in the end, it landed heavily on Ronghai’s face.

Snapped!

The pure black three-dimensional shadow “Melting Sea” was directly slapped away by a slap. This was also Xu Ming’s first shot against a true universe genius!

The divine body of the molten sea was thrown away uncontrollably; it kept flying for a long distance before it landed on the ground in the distance with a “bang”.

This “bang” is not loud, but when Zuo Wei and other true universe geniuses hear it, it sounds like thunder!

“Ronghai... was slapped away by a slap!?”

All the true geniuses of the universe, whether it is Huang Fen, Zuo Wei, or Rong Hai’s side, are all unbelievable.

Who is the molten sea?

He is the top genius in the entire universe! Although it is the cultivation base of all things, but in terms of strength, it is comparable to the third-order powerhouse of the world master! Compared with the “No. 1 in the Primordial All Things List”, the strength is one or two levels stronger! And now... being slapped away by Xu Ming without any resistance?

how can that be! ?

All true cosmic geniuses fell into consternation, unbelievable.

But... what's impossible!

You must know that even if Xu Ming doesn't hang up, his strength is comparable to that of "The Fifth-Order World Lord"! As soon as the plug-in is opened, I am afraid that there is a "half-honor" level of strength! To deal with the third-order battle power of a world master, isn't Xu Ming easy?

However, Ronghai obviously didn't think much of it.

"You dare to attack me!?" As soon as Ronghai stood up, his first reaction was anger!

Extremely angry!

"Yes! It must be because of Xu Ming's sneak attack that Ronghai didn't have time to react!" The other true universe geniuses also thought so.

"Take him down for me!" Rong Hai raised his arms and roared, "I want him to die!"

"Yes!"

"Yes!"

All the geniuses on the Ronghai side reacted and rushed towards Xu Ming.

"Go away!" Xu Ming turned his palm down, and then slowly pressed it down.

Suddenly, there seemed to be an invisible force directly oppressing the thirty geniuses such as Rong Hai. Before these geniuses could react, they were all crushed to the ground, unable to stand up no matter how hard they struggled.

"This..."

The scene fell into endless shock and silence.

After a long time, there was a sound of heavy breathing one after another.

Huang Fen, Zuo Wei and other real geniuses in the universe, looked at Xu Ming, and looked at Rong Hai and other geniuses who were pinned to the ground, they all looked at each other, unable to speak for a long time.

A native of the virtual universe, with a flip of his palm, suppressed a group of top geniuses in the real universe? Among them, there are more top talents like Rong Hai?

“Humph!” Xu Ming snorted coldly, letting go of the suppression of Rong Hai and others in disdain, “I’ll take care of you later!”

Now, Xu Ming is really not in the mood to clean up Rong Hai and others; his mind is all on the geniuses of the Eternal Hall.

Xu Ming looked at Zuo Wei indifferently: “Say, why am I looking for Xu Yin, and you are going to kill me?”

Chapter 1816: Immortal

“Say, why do you want to kill me when I’m looking for Xu Yin?”

As Xu Ming spoke, his body was full of murderous aura; there was no doubt that if Zuo Wei and others didn’t tell the truth, Xu Ming would definitely kill the killer unceremoniously.

In Xu Ming’s view, under the threat of death, Zuo Wei and others should make the right choice.

but...

Zuo Wei laughed!

Because Zuo Wei’s body was just a solid black three-dimensional shadow, Xu Ming couldn’t tell that Zuo Wei was actually smiling disdainfully; but Xu Ming was sure that Zuo Wei was definitely smiling.

“Huh!?” Xu Ming’s expression turned gloomy.

You must know that Xu Ming suppressed 30 real cosmos geniuses including Rong Hai with the flip of his palm. He should have already shown his strength, and he has also shown that he has the ability to kill! Under such circumstances, Zuo Wei not only did not answer Xu Ming’s question honestly, but also dared to laugh?

Could it be that the genius of the true universe is really not afraid of death?

“Xu Ming!” Zuo Wei sneered disdainfully, “I admit, your strength is very strong, even stronger than we understand! But... want to know why we want to kill you? Haha! Don’t be naive, no one will tell yours!”

Xu Ming’s killing intent was even colder: “Are you really not afraid of death?”

“You can try it!” Zuo Wei sneered lightly.

Hearing this, Xu Ming became more and more angry, and at the same time, he couldn’t help but become more and more puzzled – the geniuses of the real universe are not afraid of death?

In the world, how can there be an existence that is not afraid of death?

The stronger the strength and the higher the talent, the more afraid of death! In particular, fear of death is worthless.

For example, now, if a genius such as Zuo Wei died in Xu Ming’s hands, it would be a bit worthless death!

“Hmph! I really don’t believe it!” Xu Ming thought, his spear was already in his grip.

Immediately after...

boom-

Xu Ming's spear, without any hesitation, landed directly on the real genius of the universe next to the left guard.

With this shot, Xu Ming shot with anger, and he has already displayed a strong power; Zuo Wei and other real geniuses in the universe can't even react in time, this shot has already arrived!

boom!

The true genius of the universe next to Zuo Wei, his divine body was directly weakened by 80%, and only 20% remained – he was almost killed by a single shot! Moreover, even if he holds up this shot, he will surely die in the next shot!

“Do you have anything to say?” Xu Ming looked at the unlucky genius he had chosen and asked—in fact, with Xu Ming's strength, he could kill him with a single shot; the reason why he deliberately attacked lightly, Naturally, to force something out of his mouth.

“Xu Ming, just because you are a native of the virtual universe, you are not qualified to threaten our genius in the real universe!” This genius with a very weak divine body is still very proud.

“Really?” Xu Ming was too lazy to say more, and directly shot him, killing him into nothingness.

“Xu Ming!” Zuo Wei shouted coldly, “You actually dare to kill the genius of our Eternal Palace? Aren't you afraid to take revenge with our Eternal Palace!?”

Zuo Wei not only did not panic, but also questioned.

Xu Ming said coldly, “It's not that I want to make enemies with Eternal Palace, but Eternal Palace wants to make enemies with me!”

boom-

Another shot!

This shot fell on the left guard!

Rao is Zuowei is the strongest genius in the Eternal City, and this shot also directly took away 60% of his divine body – and this is still merciful to Xu Ming! If you don't show mercy, the left guard is also a one-shot kill.

“Don't tell me?” Xu Ming said coldly.

“Heh!” Zuo Wei just sneered and said nothing.

“Huh?” Xu Ming was really shocked, and of course he was more puzzled – because in his opinion, Zuo Wei and other real geniuses in the universe really died meaningless! But it is obviously meaningless, why are they so willing to die?

“Humph!” Xu Ming snorted coldly, but the next shot did not hit Zuo Wei, but another true cosmic genius.

With this shot, Xu Ming didn't show any mercy, and immediately killed him with one shot.

“Don't tell me yet?”

Seeing that the other party had nothing to say, Xu Ming fired another shot, killing one more person.

The true cosmic geniuses of the Eternal City are decreasing one by one.

However, no one was convinced! Moreover, what is even more surprising is that even the genius who is about to be killed is very calm and calm, as if it was not himself who was killed.

“Not right!”

“Very wrong!”

“What's the trick?”

The more Xu Ming killed, the more confused he became.

Soon, the true cosmic genius of Eternal City was killed and only Zuo Wei was left.

Zuo Wei smiled and looked at Xu Ming, and said contemptuously, “Xu Ming, ah Xu Ming! I thought you knew a lot! I didn’t expect that you didn’t even know this... Hahahaha! It’s ridiculous!”

Know a lot?

what do you know?

Xu Ming became more and more puzzled, but he couldn’t get a clue.

“Come on! Kill me!” Zuo Wei sneered; looking at his appearance, he obviously didn’t look like a person who was about to die, “Even if you don’t kill me, you will never get the slightest information! Hehehehe...Look at you. It looks like he has a good relationship with Xu Yin, right? Very good! Very good! I will pass this news back to the real universe! Just wait... Hahahaha!”

Hearing this, Xu Ming suddenly realized something: “None of them really died?”

“Haha! It looks like you’re not stupid!” Zuo Wei sneered, “It’s no secret! You guessed it right! Not only did they not die, but they are nearby! And you, a virtual universe Indigenous people, you can’t even see them! – The means of our true cosmic genius, you, know nothing!”

Xu Ming’s face became more and more gloomy.

He could feel that what Zuo Wei said was true; otherwise, why would those true geniuses in the universe die so calmly?

“I’m near me, but I can’t see it?” Xu Ming couldn’t imagine it.

Zuo Wei continued to sneer and said: “What else do you want to ask? Or, do you want to kill me? – If you want to kill me, just come! Anyway, you can’t know anything! Hahahaha...”

Xu Ming was really helpless.

A strong sense of powerlessness flooded his heart.

Unkillable enemy?

How does this kill?

And at this moment Ronghai suddenly said: “Xu Ming, if you are willing to help deal with Gong Taihao, I can tell you how to deal with them!”

“Oh?” Xu Ming was startled, and immediately looked at Ronghai.

“What!?” Zuo Wei’s face suddenly turned pale, “Brother Rong Hai, it’s too unkind of you to do this!?”

Where did Zuo Wei think that, both geniuses of the true universe, Ronghai actually wanted to “sell” them?

Ronghai smiled helplessly and said, “Don’t blame me, I’m just doing what I was ordered to do!”

Saying that, Ronghai looked at Xu Ming again: “Xu Ming, how are you? Think about it! – By the way, if I don’t tell you how to deal with them, I’m afraid you will never be able to deal with them!”

Chapter 1817: Meet Again

“By the way, if I don’t tell you how to deal with them, I’m afraid you will never be able to deal with them!”

When Rong Hai speaks, he is full of confidence and secures the victory.

“Really?” Xu Ming looked at Ronghai, and couldn’t help frowning slightly.

Intuition told Xu Ming that what Ronghai said was true! After all, Zuo Wei was still very arrogant before Rong Hai said these words; but as soon as Rong Hai said these words, Zuo Wei’s face suddenly changed.

Moreover, the genius of the true universe, there is only one left guard left. It is easy for Xu Ming to “kill” the left guard, but he is afraid that after “killing”, he will no longer be able to find the true cosmic genius of the Eternal Palace; in that case, Xu Ming would have no way of knowing what happened to Xu Yin in the Eternal Palace. .

After thinking for a while, Xu Ming asked: “As long as I help you deal with Gong Taihao, will you tell me how to deal with Zuo Wei and the others?”

“Yes!” Ronghai said.

While Rong Hai was dealing with Xu Ming, he was also communicating with Zuo Wei in private.

“Brother Ronghai, you are killing us like this!” Zuowei Chuanyin cried.

“Kill you all? It won’t!” Rong Hai said, “You can rest assured, I will wait for him to help us deal with Gong Taihao, and then I will tell him how to deal with our true cosmic genius! – The time in between! , is it enough for you to escape from Jiuzhongtian? At that time, you will no longer be in Jiuzhongtian, but return to the real universe, why are you afraid of him? Even if he knows how to deal with the genius of the real universe, what’s the use?”

Rong Hai obviously wanted to play Xu Ming – how to deal with Zuo Wei and other geniuses, I will tell you; but, when I told you, Zuo Wei and others were no longer in Jiuzhongtian.

“Is that so...” Zuo Wei suddenly relaxed, “As expected of Brother Rong Hai, he is really scheming!”

“Haha!” Ronghai said with a smile, “I’m just a native of the virtual universe! No matter how strong you are, won’t you be fooled by me?”

“Not bad!” The left guard agreed.

“Xu Ming, how are you thinking?” At this time, Rong Hai urged again, “We are mutually beneficial and win-win! If I don’t tell you the method, you can’t deal with the left guards; and you don’t help us. , we may not be able to deal with Gong Taihao! – Since it is beneficial to both parties, why can’t we cooperate?”

Xu Ming thought about it and said, “I can help you deal with Gong Taihao!”

Rong Hai’s eyes suddenly showed joy – did Xu Ming get it done so easily?

“But...” But at this moment, Xu Ming said again, “First tell me how to deal with the true genius of the universe, and I will help you deal with Gong Taihao!”

Xu Ming is not stupid, how could he be played so easily?

He knew almost nothing about the methods of a true cosmic genius; of course, he had to verify that the method of melting the sea was indeed effective before he would help deal with Gong Taihao. Otherwise, if he dealt with Gong Taihao first, but Ronghai broke the contract, wouldn’t Xu Ming have nothing to do?

Just like now, Xu Ming took Zuowei and other geniuses of the Eternal Hall, as if there was no way.

Sure enough, after Xu Ming said his request, both Rong Hai and Zuo Wei changed their expressions slightly.

Zuo Wei looked at Rong Hai in horror, and repeated his voice transmission: “Rong Hai, you can’t kill us!”

Rong Hai looked at Xu Ming, shook his head and said, “No way! If I told you first, how to deal with the true genius of the universe; and you broke the contract by then, wouldn’t I have nothing to do with you? – Your request is not negotiable!”

“Huh...” The left guard on the side quietly breathed a sigh of relief.

“No discussion?” Xu Ming’s face sank slightly.

“Yes, there is no discussion!” Ronghai said firmly, “I told you how to deal with the true genius of the universe, you can even use it against me – I dare not tell you lightly!”

“There is really no discussion?” Xu Ming’s momentum became more and more gloomy.

“Yes!” Rong Hai said, “Help us deal with Gong Taihao first, and then I’ll tell you how to deal with the left guards and the others—this is my bottom line, and I won’t make any concessions!”

“Your bottom line?” Xu Ming smiled.

Weird laugh!

Isn’t the bottom line used to break through?

call out-

A palm print swept across and slammed directly on Rong Hai’s face, slapping him away.

“Xu Ming, you...” Rong Hai never thought that Xu Ming would do it if he said he would do it. Moreover, when he started, he also slapped his face.

“Huh! Rong Hai! Don’t you think I’m stupid? – I can’t even find out where the geniuses in the Eternal Palace are now. When you catch Gong Taihao, you’ll tell me how to deal with them? Then, I’ll go. Where can I find them?” Xu Ming said coldly, “I see... you just want me to help you for nothing, am I right?”

Ronghai was speechless for a moment.

After a while, Rong Hai sent a voice transmission to Zuo Wei and said, “Don’t blame me, I just follow orders!”

What Rong Hai meant was actually agreeing to Xu Ming’s trading plan.

As for the “compatriots” such as Zuo Wei who are also from the real universe... If you have a pit, let’s pit it! Anyway, the relationship is not very close!

“Rong Hai...” Zuo Wei was so depressed that he gritted his teeth, but there was nothing he could do—a moment ago, he had a good chat with Rong Hai and planned to play Xu Ming together once;

Zuo Wei already wanted to slip away—and he had already secretly told those true geniuses in the universe that Xu Ming could not see to slip away first!

However at this time...

“Hahahahaha...” An incomparably reckless laughter resounded throughout the sky. At the same time, a huge trapped formation directly enveloped the entire Eternal City and its surroundings.

A familiar figure from Xu Ming came from the sky.

Master Taihao!

This figure is exactly the Gong Taihao that Rong Hai and other geniuses want to deal with!

“Master Taihao!” Ronghai shouted directly, “I didn’t go to you, how dare you appear in front of me yourself!?”

“Heh!” Mrs. Taihao, who came from the sky, glanced at Ronghai disdainfully, and said, “What are you? When I was traversing the real universe, you were still stinking! And... it’s just that you brought some Did the treasure come to the world of the first layer of heaven? Just want to deal with me? It’s ridiculous! – The treasure, it also depends on whose hands! In your molten sea, even if I stand in front of you, what can you do with me?”

“You...” Ronghai was instantly furious Grandpa Taihao was indeed not afraid of Ronghai at all. What he was really afraid of was Xu Ming! -If Ronghai gave Xu Ming the treasure and let Xu Ming deal with him, then the father-in-law Taihao really couldn’t continue to hide in the world of the first layer!

Because of this, Gong Taihao, who had been hiding in the dark, saw that Ronghai was about to make a deal with Xu Ming, so he couldn’t help but run out and intervene. Otherwise, when Xu Ming agrees to deal with him, it will be too late!

“Little brother Xu Ming, we meet again!” Mrs. Taihao looked at Xu Ming and smiled.

“Yeah! We meet again!” Xu Ming also looked at his father-in-law, Taihao, and laughed meaningfully at the “Kickback Man” who helped him take the blame.

It’s an update today, and it’ll be updated earlier tomorrow.

Today, I saw that another author in our author circle died of overwork, scared the baby to death, and dared not stay up late...

Chapter 1818: Bid

Xu Ming couldn’t talk about much hatred for his father-in-law Taihao.

Although, Gong Taihao used Xu Ming to start the assessment of the Boundary Breaker Spear; but in the end, it was Xu Ming who really got the chance. Not only did the father-in-law fail to get the chance, but instead he became Xu Ming’s “bearer”, helping Xu Ming to attract the hatred of the real universe power, and he didn’t even know it.

“Little brother Xu Ming, I used this trapped formation as a greeting, isn’t it good?” Mrs. Taihao pointed to the huge trapped formation covering the Eternal City and laughed.

“It’s alright!” Xu Ming said with a smile – if there wasn’t this trapping formation set up by the grandfather Taihao, I am afraid that the geniuses of the Eternal Palace who did not really die would have fled in all directions; moreover, Xu Ming could not stop it at all.

“Gong Taihao, you...” At the moment when Gong Taihao appeared, Zuo Wei’s expression suddenly changed, and a hint of panic flashed in his eyes. However, it was only a little panic, and obviously there was something behind.

Gong Taihao looked at Zuowei and said with a smile, “I’m just doing it for myself, sorry!”

yes!

If Xu Ming and Ronghai reached a cooperation, then the father-in-law Taihao would be in big trouble!

After all, with Xu Ming's strength, combined with the treasures from the real universe; even the reincarnated great master Gong Taihao would have to drink hatred in the world of the first layer of heaven.

For a while, Xu Ming, Gong Taihao, Rong Hai, and Zuo Wei all fell into a strange stalemate.

Suddenly, Rong Hai shouted: "Xu Ming, I'll tell you now, how to deal with the true genius of the universe! Quickly help me take down Gong Taihao!"

"Oh?" Xu Ming glanced at Rong Hai and didn't answer.

Before, Rong Hai could still haggle with him; but since Gong Taihao appeared, he was no longer qualified to bargain!

Because... Xu Ming knew that his father-in-law Taihao would definitely "bid" with Rong Hai!

Sure enough, before Rong Hai's voice completely fell, Gong Taihao said: "Xu Ming, I can also tell you immediately how to deal with the true genius of the universe – and, if it wasn't for me to set up a trap, those few real people who didn't really die. The genius of the universe, I am afraid he will run away! Look, my sincerity is more than Rong Hai, right?"

"And..." Gong Taihao laughed again, "Rong Hai still asks you to deal with me! But I don't have any requests, I just want you not to interfere! -Xu Ming little brother, you can Think about it!"

Indeed, the conditions on Mr. Taihao's side are far better than those on Rong Hai's side. If Xu Ming had to make a choice now, he would definitely choose Gong Taihao.

but...

It is rare to encounter a bid from two parties from the real universe, how could Xu Ming miss this opportunity to "make a fortune"?

You must know that even Huang Fen, a relatively ordinary genius in the real universe, can easily take out five chaotic primordial cores. What about... Eunuch Taihao, Rong Hai and the others? How many chaotic pronuclei can be taken out?

Gong Taihao is a reincarnated power, and it should have been a while since he was awakened! No matter what, the financial resources must be stronger than Huang Fen, right?

As for the thirty geniuses on Ronghai's side, they are even top geniuses with backgrounds in the real universe, and their financial resources are definitely more than one or two points stronger than Huang Fen!

Xu Ming is depressed, how can he get more Chaos Protocore to exchange for level 22 hanging points! These two sides had relatively rich financial resources, so they bumped into each other – how could Xu Ming not kill him?

“That's it...” Xu Ming said.

The father-in-law Taihao and Ronghai suddenly became quiet, wanting to hear what Xu Ming would say.

Xu Ming looked at his father-in-law Taihao: “Your sincerity is indeed quite sufficient! Besides, on your side, I don't need to do anything, it's fine!”

“Haha!” Father-in-law Taihao smiled, “Then little brother Xu Ming, hurry up and stand on my side!”

“However...” Xu Ming suddenly changed the conversation, “I haven't forgotten about the fact that you pitted me on the battlefield of the ages! So... even if you are sincere, I can only count you and Ronghai as a tie. It won't immediately lean towards you!”

Father-in-law Taihao's expression changed suddenly.

The molten sea side was secretly relieved.

“Of course, in today's situation, I will definitely choose one of the two of you to stand in line! Otherwise, I won't be able to deal with the true genius of the universe!” Xu Ming added, “The way to deal with the true genius of the universe! , I must have it! In addition... you guys can bring out some Chaos Proto-Core!”

Having said this, Xu Ming suddenly laughed a little treacherously.

“Whoever takes out more primordial chaotic cores, I will help whoever!”

This is Xu Ming’s condition – the way to deal with the true genius of the universe, and the original nucleus of chaos!

“This...”

“This...”

Grandpa Taihao and Rong Hai couldn’t help but be stunned for a moment – why couldn’t they see that Xu Ming had made it clear that he wanted to take the opportunity to make a fortune!

This is Yang Mo, but unfortunately, whether it is Gong Taihao or Rong Hai, they have to follow Xu Ming’s rhythm! Whoever does not follow the rhythm will be unlucky!

“Twenty chaotic pro-nuclei!” Ronghai shouted without any hesitation.

Twenty bucks?

Xu Ming’s eyes lit up – is he a top genius from the real universe! The shot is the atmosphere! Like Huang Fen, Xu Ming worked hard for a long time, and only got five chaotic cores.

“Thirty yuan!” Gong Taihao shouted immediately – if it was a previous life, Gong Taihao, as the top power of the real universe, would not care about the original core of chaos! But now, Gong Taihao also has a limited number of chaotic pro-nuclei, so the quotation he followed is relatively conservative.

“Forty dollars!”

“Fifty dollars!”

“Eighty dollars!”

“One hundred dollars!”

...

The quotations of both sides are rising steadily.

The hotter the bidding, the happier Xu Ming was.

“If I can save enough level 22 hanging points, I will be able to enslave Huang Zhizun as soon as I return to the Divine Phoenix Chaos Realm! At that time, the ‘causal entanglement’ method that Huang Zhizun has left on me will naturally not be attacked. Self-destructed!” Xu Ming secretly said.

Huang Zhizun, when he overshadowed Xu Ming at the beginning, left a “cause and effect entanglement” on Xu Ming – as long as Xu Ming’s cultivation reaches the realm of destruction, Huang Zhizun must be rescued within ten thousand years; Ming’s cultivation has always stayed in the realm of all things, and he dare not easily break through to the realm of destruction.

but...

Huang Zhizun would never have thought that it was precisely because of his “causal entanglement” that Xu Ming was fulfilled, and Xu Ming got the super opportunity of the Boundary Breaker!

Otherwise, if Xu Ming had broken through to the Destruction Realm early and entered the Second Layer World, then he would have missed the Eternal Battlefield, the Boundary Breaking Gun, and the Sea of Cosmic Flowers!

Having said that, Xu Ming would like to thank Huang Zhizun well!

But thank you, enslaving Huang Zhizun is still a must!

“I don’t know... How many level 22 hanging points are needed to enslave Huang Zhizun?” Xu Ming secretly said.

At this time, Gong Taihao's offer had reached "a thousand yuan" chaotic pro-core!

Chapter 1819: "Virtual Reality 9Th Heaven"

"One thousand dollars!"

This is the quotation of the father-in-law Taihao.

A thousand pieces of chaotic pronuclei, what is this concept? – Putting it in the border of disorder, you can directly build a thousand virtual universes!

There is no doubt that this is an extremely terrifying wealth! However, in the eyes of beings from the real universe, the primordial chaotic nucleus does not seem to be anything that is extremely precious.

"One thousand one hundred yuan!" Ronghai increased the price again.

However, there was a hint of hesitation in Rong Hai's eyes – it seemed that his offer was about to end!

"One thousand two hundred yuan!" Gong Taihao raised the price again.

"I..." Rong Hai opened his mouth, but he couldn't call out a higher price – the total of the 30 geniuses' chaotic pro-cores was less than 1,200 yuan in total.

"Hahahaha..." Gong Taihao suddenly laughed. In fact, his chaotic original core is only more than 1,200 yuan; if Ronghai can add another 100 yuan, he will lose! And the price of losing... is too great!

"It's okay!" Gong Taihao sighed in relief.

And Gong Taihao won the bidding, which is exactly what Xu Ming wanted to see – after all, Gong Taihao is his scapegoat; Eyes fell on him.

Now, the father-in-law Taihao not only helped Xu Ming “take the blame”, but also gave Xu Ming 1,200 pieces of chaotic pro-core – the best result!

“Xu Ming!” Ronghai said unwillingly.

“Oh?” Xu Ming looked at Ronghai and said, “Do you have more primordial chaotic cores?”

“Not yet!” Rong Hai said, “But Xu Ming, as long as you give me a little time, I can gather more primordial chaotic cores!”

“Give you time?” Xu Ming smiled.

You know, the current ending is exactly what Xu Ming wanted. Even if you give Ronghai some more time, I am afraid it will only be a few more chaotic original cores, it is not necessary!

Moreover, it was Gong Taihao’s trapped formation that helped Xu Ming trap those geniuses in the Eternal Palace who hadn’t really died. Xu Ming could see that Gong Taihao’s original chaotic nucleus was running out; if Rong Hai was really given time to gather the original chaotic nucleus, then Gong Taihao would probably withdraw from the trapped formation.

In that case, the geniuses of the Eternal Hall will definitely take the opportunity to escape! At that time, even if Xu Ming got a way to deal with the real genius of the universe, what use would it be?

Matter of importance.

Compared with a few chaotic pronuclei, Xu Ming is more concerned about Xu Yin’s situation!

“I don’t have time to wait for you!” Xu Ming said directly, turning to Gong Taihao at the same time, “Gong Taihao, tell me how to deal with the true genius of the universe, and give me another 1,200 chaotic cores! Li, I will never shoot at you!”

“it is good!”

The contract has been made.

The deal is done.

“Hahahaha...” Gong Taihao laughed, “Little brother Xu Ming, I won’t stay here any longer! I will give you this trapped formation; you control the trapped formation, with their strength, there are not many Years can’t be broken!”

Gong Taihao laughed and left immediately.

What he is most worried about is that Xu Ming will use the treasures of the real universe to suppress himself! With Xu Ming’s strength and the treasures of the true universe, even if he is a reincarnated power, I’m afraid he can’t compete!

Now that he and Xu Ming have signed a contract, there is a causal entanglement, so there is no need to worry about it anymore.

“Haha, as long as Xu Ming doesn’t take action, I will have no worries in the world of the first layer! – With a mob like Ronghai, no matter how many people come, there is no threat to me!”

After all, Gong Taihao is a reincarnated power, and naturally has a means that should not be underestimated.

...

“I see...”

Xu Ming got a way to deal with the genius of the real universe, and immediately began to study it.

This is a secret technique called “Nine Heavens of False Reality”.

“It turns out that the pure black three-dimensional shadows are just the ‘projections’ of true cosmic geniuses in the world of the first layer of heaven; and their real bodies are not something I can see or attack!”

The world of the first layer of heaven is actually an “illusory world” like the virtual universe.

True cosmic geniuses can enter the world of the first layer of heaven, but their body cannot touch the various things in the world of the first layer of heaven; similarly, they will not be touched by the things in the world of the first layer of heaven. Only by using projection can they come into contact with other things in the world of First Layer.

so...

What Xu Ming killed just now was just the projection of those geniuses in the Eternal Palace. At best, it was only equivalent to killing a clone, and it had little effect on the bodies of the geniuses in the Eternal Palace! It's no wonder that Zuo Wei and other geniuses in the Eternal Palace were "killed" by Xu Ming one after another, but none of them felt scared!

It's just a projection to die, what's there to fear?

"I can't see or touch the bodies of these geniuses in the Eternal Palace yet, but when I master the secret skill of "Nine Heavens of Void Reality", I can see and attack them!" Xu Ming secretly said, "At that time, I will let's see if they are afraid of death! Are they willing to tell the truth!"

Xu Ming couldn't believe that the geniuses of the true universe would not be afraid of death!

Xu Ming guessed right, the geniuses of the Eternal Hall are indeed afraid! – The real bodies of the geniuses of the Eternal Palace, which Xu Ming cannot see now, are discussing fiercely.

"What should I do? The father-in-law is too hateful. He even helped Xu Ming set up a trap, so we couldn't escape!"

"What should we do now?"

"I can't escape! If Xu Ming has mastered the "Nine Heaven of False Reality", we will be finished!"

"Does...do we really want us to succumb to the genius of a virtual universe?"

"Submit to the virtual universe? Impossible!"

"Look—Xu Ming is going to practice "Nine Heavens of False Reality"!"

“I can’t let him practice successfully!”

“Yes! We can’t let him succeed in his cultivation! – This trapped formation can only trap us for a few years at most! As long as we influence Xu Ming and prevent him from practicing “Nine Heavens of False Reality” within a few years, we can escape !”

“Yes! As long as we escape back to the real universe, even Xu Ming will not be able to chase after us!”

“Quick! Quick! Let’s take action together and interrupt Xu Ming’s practice!”

call out! call out! call out! call out! ...

More than a dozen geniuses of the Eternal Hall instantly showed their projections. To show a projection, it doesn’t cost much for them.

Suddenly more than ten pure black three-dimensional shadows appeared around Xu Ming.

“kill!”

“Don’t let Xu Ming practice “Xuzhen Jiuzhongtian” comfortably!”

“Make sure he can’t practice!”

One after another attack, swept towards Xu Ming – their purpose is very clear, it is to destroy and prevent Xu Ming from practicing!

boom-

With a wave of Xu Ming’s hand, he suppressed the swarming attacks.

“Don’t let me practice secret skills properly?” Xu Ming put down the secret skills scroll of “Nine Heavens of Void Reality” and said with a smile, “I’m sorry, I have already practiced it!”

Chapter 1820: That 1 Step

“Sorry, I’ve already practiced!”

Xu Ming smiled lightly.

“what!?”

“This is impossible!”

“Don’t fool us!”

“Even though it’s not difficult to get started in ‘Virtual Reality Nine Layers’, but you just glanced at it and said that you’re getting started? – Do you think we are stupid?”

“Haha! It’s ridiculous!”

“Xuzhen Jiuzhongtian” is divided into nine layers. This secret skill can only be cultivated by geniuses in the virtual universe, but cannot be cultivated by geniuses in the real universe.

As long as you have completed the first level of the “Xuzhen Jiuzhongtian”, the virtual universe genius, you can see the “ontology” of the real universe genius; moreover, the attack can also hurt the real universe genius, but the damage is a bit low, only 10% Power!

The more profound the cultivation, the more lethal power it will have on the true genius of the universe! When the Nine Levels are fully practiced, every shot that hits the ontology of the true cosmos genius has 90% of the power!

Of course, Xu Ming couldn’t just glance at it and learn all the ninth levels; however, it was no problem to learn the first level in seconds.

For Xu Ming, learning the first level is enough!

“Hahahahaha...” Xu Ming laughed, “Did you fool you, just try and find out?”

boom-

With this shot, Xu Ming directly killed Zuo Wei without showing any mercy.

Bang!

The left guard’s black projection disappeared directly under this shot.

But this time, what Xu Ming saw was not that Zuo Wei fell under this shot; instead, he saw that after the black projection disappeared, Zuo Wei revealed his body.

“Hahahahaha...” Xu Ming laughed loudly, and shot at Zuowei’s body again, “This time, I think you can still die!?”

Of course, Xu Ming didn’t dare to use too much force with this shot to Zuo Wei’s body; otherwise, if he accidentally killed Zuo Wei with a single shot, it would not be what Xu Ming wanted – after all, Zuo Wei is obviously a The principals of this group of true cosmos geniuses must know the most!

puff!

With just one shot, Zuo Wei, who came from the real universe, was slightly injured—and this was the reason why Xu Ming showed mercy!

If Xu Ming really wants to kill the left guard, even if his attack falls on the left guard’s body, with only 10% of his power, he can definitely kill the left guard in one shot!

Xu Ming still doesn’t want to kill the left guard!

At least, I don’t want to kill Xu Yin until I find out about Xu Yin’s situation.

“Now, I look at your mouths, can you still be as tough as before!” Xu Ming sneered and raised his spear again. In his eyes, murderous aura flashed, making Zuo Wei really feel the threat of death.

“Hi—” The left guard flew back and fled to the Eternal City.

“Escape?” Xu Ming smiled.

The scope of the trapped formation is so large, even if you escape into the Eternal City, what’s the use?

boom! !

Xu Ming’s spear is like an angry dragon breaking through the sky, piercing the sky with anger. A shot was fired, and the body of the fleeing left guard was damaged a lot again.

“Block it! Help me block it!” Zuo Wei shouted again and again.

The projections of more than ten geniuses in the Eternal Hall even intercepted Xu Ming.

“Stop me?” Xu Ming didn’t show his true strength at all. As long as he showed a little bit, how could these true geniuses of the universe be able to stop him?

Bang! Bang! Bang! Bang! ...

All the projections of geniuses were swept away by Xu Ming with one shot; even the main body was damaged to a certain extent.

“Not good! The expressions of the geniuses of the Eternal Hall will change suddenly – they entered the world of the first layer of heaven, why did they take the virtual universe genius in their eyes? And now, a virtual universe genius has driven more than ten of them. Killed by a genius of the real universe?”

This made the geniuses of the Eternal Palace feel aggrieved.

However, no matter how frustrated you are, you can only endure it! In this world, no matter where it is, it still depends on the strength!

“Speak! Why am I looking for Xu Yin, and you are going to kill me!” Xu Ming shot with a long spear, and the geniuses in the Eternal Palace couldn’t lift their heads.

Moreover, geniuses such as Zuo Wei cannot attack Xu Ming; if they want to attack Xu Ming, they must show a projection! However, every time they showed their projections, they were directly swept away by Xu Ming, and they didn’t even have a chance to shoot!

Of course, even if they had the chance to make a move, they wouldn’t be able to hurt Xu Ming at all.

And... to show the projection, doesn’t it cost nothing? There is also a price!

For a time, Zuo Wei and other more than a dozen geniuses of the Eternal Hall, not fighting, nor not fighting!

fight? – Not even a chance to shoot!

Don’t fight? – Still have to retreat under Xu Ming’s spear attack.

Obviously, there are only two paths in front of the geniuses of the Eternal Palace—either answer Xu Ming’s question, or die!

“Brother Ronghai!” The left guard’s body has been damaged by more than 20%. You must know that once the body of the true cosmos genius is damaged, the cost of recovery will be much higher than that of the geniuses of the virtual universe, “Brother Ronghai, please help! There is a great reward!”

Help?

Let alone the power of one arm, even if it is “half the power of an arm”, Rong Hai would not dare to help him – he is not blind, of course, it can be seen that Xu Ming’s strength has reached the point where they can’t compete at all!

If Ronghai dares to step forward to help the left guard, it will be no different from courting death!

“We won’t interfere in this matter!” Ronghai expressed his position without hesitation; for fear that he would not be firm enough to cause Xu Ming’s misunderstanding.

“You know each other!” Xu Ming glanced at Rong Hai and sneered; then, he turned to the left guard, “But... you don’t know each other! I already gave you a chance to speak, but you insisted on forcing me to go down. Killer? If that’s the case, then fine, I’ll fulfill you all!”

“Not good!” Zuo Wei waited for the genius of the Eternal Palace, his face changed again.

Of course they felt that death was approaching rapidly!

“Do you want to tell Xu Ming the truth?” Zuo Wei couldn’t help but feel a little hesitant; however, this hesitation just flashed by, “No! I can’t tell! If I dare to say it, after returning to the real universe, Jianyi will definitely not let me go!”

The more than a dozen geniuses in the Eternal Hall all looked at each other and nodded silently: “It seems that can only take that step!”

That step was also the last resort used by geniuses like Zuo Wei to escape.

A dozen geniuses are all close to each other.

The left guard urged the secret method: “Go!”

boom-

In front of more than a dozen geniuses such as Zuo Wei, a void passage suddenly appeared—this void passage leads to the second-level world, and only those allowed by the pioneers can enter; like Xu Ming, it is impossible to enter of.

Moreover, this void passage leading to the Second Layer completely ignores the barriers of the trapped formation! —This is the rule of the Nine Heavens! It’s a little bit of protection for the weak!

“Xu Ming, want to get the answer? Go dream!” Zuo Wei and the others flew into the void channel every day, and resumed their arrogant expressions, “If you have the ability, come to the world of Erzhongtian to find us!”
