

A World 1821

Chapter 1821: Lotus

The second-level world is thousands of times larger than the first-level world.

The level of power allowed in the second-level world is also slightly higher than that of the first-level world, reaching the “destruction state”.

If it was just the mediocre Destruction Realm in the virtual universe, the strength would naturally not be much stronger. After all, in any virtual universe, there are hundreds of millions of Destruction Realm powerhouses, as many as ants.

But if it is a peerless genius that is rarely seen in hundreds of millions of virtual universes, then the strength is completely different! – There is also a “Prince Ancient Destruction List” in the world of Erzhongtian; those who can rank on this list have reached the level of “Tier 3 World Lords”!

And those “Destruction Realm” levels from the real universe exist, their strength is even more terrifying, even reaching the fourth-order world master!

...

The center of the second layer of heaven is completely controlled by the genius of the true universe; while the geniuses of the virtual universe can only live on the periphery of the second layer of heaven.

call out-

call out-

At this moment, in the center of the Erzhongtian world, two black three-dimensional figures cut through the sky—they are the two true geniuses of the universe!

“Hahahaha... This second-level world is really heaven for us!” One of the black figures laughed loudly.

“That’s right!” Another black figure also said, “Those geniuses in the virtual universe are as humble as dogs! In order to have the opportunity to enter the real universe, men are willing to be slaves and servants, and women are even more willing to sell themselves... I only Just hook your fingers, and there will be a stunning female genius rushing up!”

“Haha... How do those virtual universe geniuses know that it is not so easy to enter the real universe! No matter how much they pay, it is almost impossible for them to enter the real universe!”

“Let’s go! This time I have brought back so many stunning beauties from the virtual universe to the Overlord of the Sky. When the Overlord of the Sky is tired of playing, we also have our share!”

Two black figures quickly landed in a huge palace. The palace is resplendent, like a palace.

And the owner of this palace, “The Overlord of the Sky”, is the absolute overlord of the Erzhongtian world! With all his strength, he has already reached the sixth rank of the terrifying World Lord!

Two black figures landed in the palace. After seeing the overlord of the sky, they released thousands of stunning beauties from the world ring. If any of these beauties were placed in the border of disorder, they would definitely be the one who would overwhelm them. , enough for several virtual universes to start a war for them! But here, they all seem very mediocre.

The projection of the sky overlord is an incomparably majestic black figure. His eyes swept across these thousands of stunning beauties, and there was a hint of playfulness in his eyes: “Women in the virtual universe are really cheap! Hahahaha...”

Thousands of stunning beauties didn’t dare to show any displeasure when they heard the words; instead, their gazes towards the sky overlord were full of fanaticism—every woman who came here knew that as long as the sky overlord agreed, they would have hope Enter the real universe! In order to enter the real universe, what does it mean to sell your body?

“I really don’t know, what’s the meaning of the existence of the virtual universe? Is it just to please our real universe?” The Sky Overlord sneered and waved, “Come on, the **** of the virtual universe! They all stripped and rushed to my side. Come on! Whoever rushes first will have the best chance! Hahahaha...”

Immediately, thousands of stunning beauties rushed towards the sky overlord like crazy.

But right now...

boom!

In the sky above the palace, a black hole suddenly appeared.

In the depths of the black hole, there is a void passageway, where the connection is unknown.

“Huh?” The overlord of the sky sank, “Who is such a disappointment!?”

Soon, one after another figure came out of the black hole one after another. It is Zuo Wei and other more than ten geniuses of the Eternal Hall.

“Zuowei?” The Sky Overlord was stunned and asked, “You guys don’t stay in the world of the first layer of heaven, what are you doing here in the world of the second layer of heaven?”

“Cang... Senior Brother Cang Qiong!” Zuo Wei immediately felt like he had seen his relatives when he saw Cang Qiong Overlord – Cang Qiong Overlord is also a genius of the Eternal Hall; but in terms of strength and status, it is naturally not something that Zuo Wei and other geniuses can match!

The overlord of the sky, but the absolute ruler of the second heaven world.

“Also ask Senior Brother Cang Qiong to call the shots for us, we were caught in the world of the first layer of heaven...” Zuo Wei said with a little weeping.

“What!?” Sky Overlord’s expression suddenly sank, and he shouted, “In the world of First Layer, is there any other force that dares to take action against our Eternal Hall? Say! Which force is it? But...”

The Sky Overlord paused and said, “Even if you tell me which faction it is, I can’t make the decision for you... After all, I can’t return to the world of First Layer!”

“It’s not the power of the real universe!” Zuo Wei said even more depressedly, “it’s the genius of the virtual universe...”

“The lowly genius of the virtual universe? How is that possible!” The sky overlord couldn’t help but be startled, and asked in disbelief, “The genius of the virtual universe, killed you and escaped to the second world?”

“Yes... yes!” Zuo Wei said, “and... he is likely to chase after the Second World World! We also ask Senior Brother Cang Qiong to decide for us!”

“What!?” The sky overlord became more and more incredulous, “He dares to chase down to the Second Layer World?!”

...

One World.

Outside the Eternal City.

Xu Ming looked at the geniuses such as Zuo Wei who stepped into the void passage and escaped, and couldn’t help but feel helpless.

“This void passage is the rule of the Nine Heavens, a kind of protection for the weak!” Xu Ming could not violate the rules of the Nine Heavens, so he could only watch the geniuses of the Eternal Hall escape into the void passage and head to the second Heavy world.

“Zuo Wei actually dares to clamor for me to go to the second layer of heaven to find him? It seems... in the second layer of heaven, there must be more masters than in the first layer of heaven!”

In the world of Double Heaven, Xu Ming is definitely going!

It’s just... Xu Ming still doesn’t know how to open up such a secret method for the void passage!

But this is not a problem, Xu Ming casually asked from Ronghai's mouth, and then checked with his father-in-law Taihao, and confirmed the secret method.

"There's nothing in this world that deserves my nostalgia!" Xu Ming thought for a while.

Xu Ming had already taken all the opportunities that he could take in the world of First World.

Xu Ming didn't plan to move the "guilty man" of Gong Taihao, so he let him continue to hide in the world of Yizhongtian to help him take the blame.

The only thing Xu Ming remembered was the two friends, Yun Tian and Lone Gunner. However, when Xu Ming said goodbye to them, he used the "wholesale spirit beast gold finger" to hang them up and installed "plug-ins" for them, which was enough for them to live carefree in the world of One World.

"Let's go!" Xu Ming didn't hesitate, even if he knew that he would never be able to come back after leaving the world of the first layer.

boom-

Xu Ming directly opened up a void passage and then got in.

Walking out of the other end of the void passage, Xu Ming was already in the world of Second Layer.

"This is...?"

Xu Ming stood proudly in the void, looking at a "lotus flower" in the endless distance.

This lotus flower has thousands of petals, surrounding the lotus heart in the middle; each petal, the actual size, is comparable to the entire first layer of the world.

"Second Heaven World, is this incomparably huge lotus flower?" Xu Ming couldn't help but wonder, "Which petal will Zuowei and the others hide in?"

One petal is comparable to the size of the entire First World! It is not easy to find geniuses such as Zuowei in the eternal palace among thousands of petals!

Chapter 1822: Lead The Way

The Double Heaven World is an incomparably huge lotus flower. A single petal is comparable to the size of the entire First World.

It is not easy to find geniuses such as Zuowei in the eternal palace among thousands of petals!

But... Xu Ming of course didn't find the "petal" one by one, but flew directly to the "lotus heart" in the middle.

"The strength of true cosmos geniuses is generally much stronger than that of virtual cosmos geniuses! Although there are a large number of virtual cosmos geniuses, it is almost impossible for those who occupy the 'Lotus Heart' area to be virtual cosmos geniuses, but true cosmos geniuses! "

Xu Ming came to Erzhongtian World to hunt down Zuo Wei and other geniuses from the Eternal Hall.

So, where do the left-backs and other talents go? – Over 90% of the possibility is to go to the Eternal Hall genius in the second heaven world.

Therefore, as long as Xu Ming finds the gathering place of the true cosmos geniuses, and then finds the residence of the Eternal Palace in the Second Heaven, he will basically be able to find Zuowei and the others!

Moreover, even if you can't find geniuses such as Zuo Wei, that's fine; anyway, you can ask about Jian Yi and Xu Yin from the mouths of other Eternal Palace geniuses in the world of Erzhongtian.

"There are more geniuses in the world of the Second Layer!" Xu Ming swept through the endless void, looking at the thousands of huge lotus petals, and secretly said, "The genius of the Destruction Realm here, just pick one out, in terms of talent, I am afraid that it will be able to top an ordinary virtual universe! – Only after being honed in such an environment can you become a real peak powerhouse!"

Like in the Chaos Realm of Divine Phoenix, although there are quite a few experts in the Realm of Destruction, but in Xu Ming's view, most of the experts in the Realm of Destruction have limited achievements—the end of their cultivation, it is difficult for them to even become ordinary domain masters. !

And the geniuses of the Destruction Realm in the second layer of the world, the current combat power is not weaker than the ordinary domain master!

This is the difference!

but...

The so-called “genius” is actually only relative.

Just like these geniuses in the world of Erzhongtian, if they are placed in the outside world, they will definitely be cultivated by one party as a treasure. But compared with Xu Ming, these geniuses are no different from waste materials!

than talent? – Brother Ming, who has opened up, once had no rivals, now has no rivals, and will never have rivals in the future! The virtual universe can't find an opponent, and the real universe still can't find an opponent!

swoosh—

All the way through the air gallop.

Not long after, Xu Ming arrived at the “Lotus Heart” – from a distance it looked like the lotus heart of a lotus flower, but when approached, it was actually an incomparably huge circular continent.

“On this continent, let's look for it first!”

Xu Ming walked recklessly above the mainland.

Soon, Xu Ming's spiritual sense discovered two pure black three-dimensional shadows – these are the projections of two true cosmic geniuses.

“Sure enough, the world of lotus heart is the world of true cosmic genius.”

At this time, the two true geniuses of the universe also discovered the existence of Xu Ming.

“Um?”

“People from the virtual universe?”

These two true cosmos geniuses sank slightly and flew directly towards Xu Ming.

When Xu Ming saw the two flying towards him, it was exactly what he wanted—after all, it would take Xu Ming to find the genius of the Eternal Palace in the Lotus Heart World by himself, how much time would it take! It would be much easier to find two true cosmic geniuses to lead the way!

Xu Ming was about to go forward when he heard two violent shouts.

“Bold! The humble people of the virtual universe dare to fly alone in the Lotus Heart World!”

“Are you qualified to fly in this sky? Why don’t you descend quickly, kneel on the ground, and wait for the hair to fall!”

The momentum of the two true geniuses of the universe oppressed Xu Ming domineeringly.

Xu Ming’s expression changed slightly – a despicable person from the virtual universe?

“It seems that the geniuses of the virtual universe have a very low status in the Second World!” Xu Ming secretly said.

When the two true geniuses of the universe saw that Xu Ming did not land on the ground and knelt down, their aura became more and more gloomy: “Where did you get something that doesn’t understand the rules!?”

“Suppress me!”

boom-

A giant black palm immediately crushed the world and came to suppress Xu Ming. Judging from its power, it was obvious that he wanted to suppress Xu Ming to the point of kneeling on the ground.

“Huh?” Xu Ming’s face changed again – he didn’t even speak, these two true geniuses of the universe actually started directly?

“Broken!” Xu Ming waved his hand disdainfully, crushing the black giant palm of heaven and earth, and instantly vanished into ashes – these two true cosmic geniuses, at best, have the strength of “third-order world masters”, and in front of Xu Ming, naturally there is no trace of it. strength of struggle.

“what!?”

“How can a humble person from the virtual universe be so strong?”

The two true cosmic geniuses were shocked.

At this time, Xu Ming’s slap had arrived!

Snapped!

Snapped!

One person and one slap, while the two real cosmos geniuses were a little confused, they also recognized the reality in front of them—that is, the virtual cosmos genius in front of them is not easy!

But even so, the two true cosmic geniuses are still very arrogant.

“The waste of the virtual universe, you dare to do something to the genius of our real universe?”

“you wanna die!?”

waste? court death?

Xu Ming’s eyes turned cold, and he manipulated his divine power to grab the two of them.

clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap...

After dozens of slaps.

“Are you honest now?” Xu Ming said coldly.

The two true geniuses of the universe looked at Xu Ming in shock and anger.

“you...”

“You have the ability to kill us!”

The two true cosmic geniuses are very hard-mouthed. Of course, it is more about being fearless; after all, in their opinion, no matter how powerful the genius of the virtual universe is, it is impossible for them to hurt their body.

“Do you think I don’t dare?” Xu Ming’s expression turned cold, and with his hands, he directly wiped out their projections.

Afterwards, Xu Ming raised his hand and slapped again, directly hitting the bodies of the two true cosmos geniuses.

“You...you practiced “Nine Heavens of Void Reality”? What’s your origin!?” The two true cosmos geniuses felt the threat of death and finally panicked.

“Ha!” Xu Ming smiled disdainfully and did not answer the two’s questions. Looking at the appearance of these two people, it is obvious that they are bullying waste.

“Take me to the Eternal Hall!” Xu Ming said directly.

“You... You dare to order us!?” One of the true geniuses of the universe had obviously not changed his contempt for the virtual universe; seeing Xu Ming speak in an orderly tone subconsciously blurted out his debut.

“Huh?” Xu Ming’s expression turned cold, and a long spear appeared in his hand at some point, and instantly penetrated the body of this true cosmic genius.

This shot, Xu Ming shot with anger; moreover, he was not as merciful as when he shot against the Eternal Palace genius. This terrifying shot directly annihilated the body of this true cosmic genius into nothingness.

After that, Xu Ming put away the spear, looked at another true genius of the universe with a smile, and said quietly: “Take me to the Eternal Palace! Of course, you can choose to die without leading the way; if it’s a big deal, I’ll catch another one. A true cosmic genius will lead the way! – I don’t believe that in this second-level world, all true cosmic geniuses will not be afraid of death!”

Not afraid of death?

How can you not be afraid of death!

“I’ll bring it! I’ll bring it!” the true cosmic genius said again and again, “I’ll bring it right away!”

Chapter 1823: Has Arrived

The Eternal Hall is the top power in the true universe; every time it reaches the Nine Heavens, it is also the top power.

“The Eternal City is ahead!” The true genius of the universe who led the way looked at Xu Ming with some fear.

This true cosmic genius is named “Yi Yi”. In the real universe, it is just a very ordinary genius.

“But...” In the depths of Yi Yi’s eyes, there was a trace of untraceable hatred, “Even if I am a very ordinary member in the real universe, I am also a real genius in the universe! I can’t tolerate being bullied by a genius in the virtual universe. !”

When Yi Yi was on the road, he had secretly sent out a message, asking the masters of his forces to come to the Eternal City to avenge him. Come to think of it, that master should be here soon.

This little action of Yi Yi was naturally hidden from Xu Ming’s eyes. But Xu Ming didn’t bother to care about anything, he just wanted to arrive at the Eternal City earlier.

“arrive?”

Xu Ming’s eyes turned to the Eternal City.

...

In Eternal City.

The geniuses of the Eternal Hall do not have the atmosphere of the enemy at all. There were quite a few geniuses, sitting around, listening to Zuo Wei and other geniuses say things about Xu Ming.

After listening to Zuo Wei’s words, Cang Qiong Overlord frowned slightly, and said, “You mean... Xu Ming, a genius in the virtual universe, killed more than a dozen of you with his own power?”

“Yes...” Although he didn’t want to admit such a humiliating experience, Zuo Wei had to admit, “Xu Ming’s strength is very strong!”

“It’s very strong?” The sky overlord sneered, “The world of the first layer is also a genius of the virtual universe. No matter how strong it is, where can it be strong? If you can have the strength of the ‘world lord’s fourth-order’, I’m afraid it will be in the sky. But... I’m afraid that Xu Ming has a lot of unexpected encounters on his body! – I’m afraid he won’t dare to come to the second world, if he dares to come, I’ll take a good look at what kind of encounters he has!”

The Overlord of the Sky, as the absolute overlord of the Erzhongtian world, naturally does not take Xu Ming in his eyes.

“Haha! Senior Brother Cang Qiong, mere Xu Ming, how can you be qualified to let you do it yourself?” An Eternal Palace genius flattered, “Let me do it, it’s enough to suppress him easily!”

“I can too!”

“I can come too!”

“The genius of the virtual universe can be wiped out with a flip!”

“I’m not afraid of him coming! I’m afraid that he won’t dare to come to the Second World!”

The geniuses of the Eternal Palace all laughed.

These Eternal Hall geniuses, even if they are placed in the real universe, are the top geniuses, and their strength has reached the fifth rank of the ‘world master’; naturally, there is no one who will take the virtual universe genius “Xu Ming” in his eyes.

“That’s right!” The Cang Qiong Overlord suddenly looked at Zuo Wei and said, “You said… This Xu Ming is here to find Xu Yin?”

“Yes!” Zuo Wei continued, “Senior Brother Cang Qiong, as you know, Senior Brother Jian Yi once gave an order – as long as there is a genius with a virtual universe, if you want to find Xu Yin, you must report to him immediately!”

“I know!” The Sky Overlord nodded. He had already received this order.

“That’s why I reported it!” Zuo Wei said, “And the reply from Senior Brother Jianyi was: I killed him directly! Now that I failed to kill Xu Ming, I haven’t had time to apologize to Senior Brother Jianyi!”

“I’ll send a message to tell Senior Brother Jianyi!” The sky overlord said, “Actually, we all know why Senior Brother Jianyi ordered that Xu Ming to be killed! I guess, if I report the matter now, Senior Brother Jianyi will definitely give the order. , let me search for Xu Ming’s traces in the entire Erzhongtian world; as long as Xu Ming comes to the Erzhongtian world, he will kill him directly!”

All the geniuses of the Eternal Hall nodded: “Yes! Senior Brother Jianyi’s character is like this!”

“Shh!” The Sky Overlord lowered his voice and said, “Don’t talk for now, I’m going to send a message to Senior Brother Jianyi!”

Communication between “Nine Heaven” and “True Universe” is extremely expensive!

After all, communication needs to rely on the connection of causality; and the causal connection between the “Nine Heavens” and the “true universe” is very little, almost no.

“A single communication will consume half of the value of the original chaotic core!” The sky overlord shook his head with some distress, and then began to communicate.

Soon, on the other end of the communication, Jian Yi’s voice came: “Qingqiong, why are you looking for me?”

“Senior Brother Jianyi!” The Cang Qiong Overlord continued, “Zuo Wei and the others lost to Xu Ming, were killed by Xu Ming and escaped to the Second World, and now they are here with me! According to their description, Xu Ming should have the ‘World Lord Four’. Rank’ or even higher strength!”

“The genius of the virtual universe in the realm of all things, has the strength of the fourth-order world master?” Jian Yi’s voice was extremely gloomy, “Anyway, you killed him for me! – Can you do it?”

“Yes! Yes!” The Sky Overlord continued, “As long as Xu Ming dares to come to the Second Layer World!”

“He will definitely come!” Jian Yi said, “You can find a way to search for his traces in the Erzhongtian world! The sooner you find and kill him, the more credit you will count; when you return to the real universe , I will not treat you badly!—Go!”

“Yes!” The sky overlord respectfully said.

At this moment, the expression of the overlord of the sky changed slightly – he felt that someone was bombarding the great defense formation of the Eternal City.

boom! boom! boom! ...

One after another bombardment resounded throughout the Eternal City.

Zuo Weilian looked at the figure outside the city, his face changed suddenly, and he said, “He is Xu Ming! He actually arrived so soon!”

“What!? Xu Ming dares to directly kill our Eternal City? He dares to bombard the great formation of our Eternal City!?” The sky overlord was shocked and angry, “Even if you want to court death, you are not in such a hurry, right?”

The Sky Overlord even sent a message: “Xu Ming has arrived! Senior Brother Jianyi, please wait a moment, I will kill him now! I will report the results to you later!”

Whoosh! Whoosh! Whoosh! Whoosh! ...

In the Eternal City, the geniuses of the Eternal Palace all rushed out of the city with murderous aura. In their opinion, Xu Ming dared to chase down to the Second World, and even came directly to the door to bombard the great formation of the Eternal City. It’s just hitting the face of their Eternal Palace!

...

Outside the Eternal City Yi Yi was waiting, and the expert he invited hurriedly arrived; but he saw that Xu Ming directly smashed the great defense formation of the Eternal City.

“You...” Yi Yi looked at Xu Ming in disbelief, “You dare to attack directly? You are... hitting the face of the Eternal Palace!”

“Hit the face of the Eternal Palace?” Xu Ming sneered disdainfully, “Is the face of the Eternal Palace very precious?”

No matter how precious the face was, Xu Ming wanted to hit him, so he did!

“You... lunatic!” Yi Yi hurriedly retreated, for fear that the geniuses of the Eternal Palace would mistakenly think that he and Xu Ming were in the same group. Of course, at the same time, Yi Yi also took the opportunity to escape from Xu Ming.

And Yi Yi had just retreated some distance, and the helper he invited just happened to arrive!

Seeing this, Yi Yi hurriedly ran towards his helper.

Chapter 1824: Wan Lianfeng, Lu Tianhai

“Senior Brother Lu, that’s him, he’s Xu Ming!” Yi Yi cried while running, “He killed Junior Brother Ye and threatened me in every possible way!”

Lu Tianhai is the number one master of Yi Yi’s force; his strength has already reached the “peak fifth-order world master”, even among the many true universe geniuses in the Lotus Heart world, they are all top-notch existences.

“Useless waste, you have the face to say it?” Lu Tianhai glanced at Yi Yi with disgust, and said, “To be threatened by a vile genius of the universe? What a shame for our true genius of the universe!”

Yi Yi did not dare to say a word. He himself felt that it was a shame to be threatened by a virtual universe genius – even Xu Ming, a virtual universe genius, was very powerful!

“Honestly stand aside and see how I clean up this humble virtual universe genius!” Lu Tianhai said.

“Yes...” Yi Yi stood behind Lu Tianhai honestly, with some anticipation in his eyes, expecting Lu Tianhai to help him wash away his shame.

Lu Tianhai took a few steps forward and stepped through the endless void.

He squinted his eyes, looked at Xu Ming, and secretly said in his heart: “This virtual universe genius, although from a humble background, has a bit of courage... He actually dares to bombard the defense formation of the Eternal City!”

Lu Tianhai had already seen that the geniuses of the Eternal Hall, such as the Overlord of the Sky, were rushing out with murderous aura.

boom! boom! boom! boom! ...

One after another, the Eternal Hall geniuses rushed out of the city.

One after another tyrannical momentum, oppressing the space where Xu Ming was.

“Xu Ming!” A stern shout sounded, it was Zuo Wei who escaped from the world of the first layer of heaven, “I didn’t expect that you would really dare to chase after the world of the second layer of heaven to court death!”

“I deliberately let you all come to the world of Erzhongtian, why are you arrogant?” Xu Ming looked at Zuowei and sneered.

Zuo Wei and other more than ten geniuses were able to escape to the Second World, because Xu Ming did deliberately let them go.

When they were in the first layer of heaven, although Xu Ming could not stop them and open up a void passage to the second layer of heaven; but you must know that if Xu Ming is willing, he can fully open the plug-in and explode with all his strength, before they step into the void passage. , kill them all!

It’s just that Xu Ming didn’t want to slaughter the genius of the Eternal Hall without knowing what was going on.

And this time... if these geniuses in the Eternal Palace don’t tell the truth, Xu Ming will not give them another chance to escape to the Third Heaven – Brother Ming’s patience is limited!

“Bold!” Zuo Wei shouted, “Now that my senior brother Cang Qiong is here, you dare to speak madly! I really don’t know how to write the word ‘death’!”

Brother Cang Qiong?

seems strong?

Xu Ming looked at the overlord of the sky surrounded by all the geniuses, and sneered in his heart – it was just a group of true cosmic geniuses with “Destruction Realm” cultivation! No matter how strong it is, where can it go?

You know... even if Xu Ming doesn't hang up, his strength has reached the “fifth-order world master”! In the open state, it is even easier to reach the “half honor” level!

Is the sky overlord strong?

Is there a semi-strong?

Don't say half-respect! Even if there is a random “ninth-order world master” existence, he can easily suppress the overlord of the sky with one hand!

So... from the beginning to the end, Xu Ming did not take the geniuses of the Eternal Hall in his eyes; it was just that the geniuses such as Sky Overlord and Zuo Wei just liked to be self-righteous.

at this time...

“Brother Cang Qiong!” A magnificent voice sounded, and it was the helper Yi Yi invited, Lu Tianhai.

“Lu Tianhai? What's the matter?” Cang Qiong said.

“Brother Cangqiong, this Xu Ming, not only insulted my disciple of Wan Lianfeng, but also slaughtered my junior brother Ye!” Lu Tianhai said loudly, “I also ask Brother Cangqiong to give face, and let me suppress this Xu Ming!”

“Oh?” The Sky Overlord thought for a while and said, “Yes! Since you Lu Tianhai spoke up, I'll give you this face!”

In fact, the overlord of the sky can completely ignore Lu Tianhai – after all, Wan Lianfeng’s power in the real universe is more than a little bit worse than that of the Eternal Hall. Even if the overlord of the sky doesn’t give face, Lu Tianhai will never dare to say a word.

However, Lu Tianhai thought that this Xu Ming was related to Xu Yin; after thinking about it, he felt that it would be best if he didn’t do it!

“In our Eternal Hall, although Xu Yin is not as good as Senior Brother Jianyi, but... it’s not something I can provoke casually!” The Sky Overlord thought to himself, “In case Xu Yin finds out in the future, I may have killed Xu Ming. It will be somewhat troublesome! Since Lu Tianhai wants to kill, let him kill it, anyway... Senior Brother Jianyi only needs to look at the result, not the process! As long as the result is that Xu Ming is dead, then that’s fine!”

The overlord of the sky is still a little jealous of Xu Yin.

Of course, it is only “a little”, not to mention “very fearful”.

Lu Tianhai naturally didn’t know that the Sky Overlord would have so many considerations in his heart; he thought that the Sky Overlord was really giving himself face, and he couldn’t help feeling light on his face!

“Then thank you Brother Cang Qiong!”

After he finished speaking, Lu Tianhai directly killed Xu Ming: “Xu Ming! You are a despicable person from the virtual universe, but you dare to kill the genius of our Wan Lianfeng! Today, I will kill you, do you accept it!?”

boom-

Lu Tianhai’s voice fell, as if there was a sea of blood in the sky, condensed on the top of Xu Ming’s head, and suppressed it towards Xu Ming.

“Senior Brother Lu actually showed his stunt ‘Blood Ocean’ as soon as he came up!” Yi Yi looked at it, “It seems that Senior Brother Lu wanted to kill Xu Ming with a single blow!”

The geniuses of the Eternal Hall were also discussing.

“This trick is... a sea of blood? Lu Tianhai’s famous secret skill?”

“Lu Tianhai is the real power of the fifth-order realm master! Even in the Lotus Heart world, he is a top-ranked expert! – Xu Ming, a genius of the virtual universe with cultivation in the realm of all things, can die under this move. It’s an honor!”

“A vile genius of the virtual universe, who dares to be so arrogant, is more than worth dying for!”

...

Naturally, Xu Ming would not take these ignorant comments to heart.

“Lu Tianhai?” Xu Ming couldn’t help sneering – even if he is the overlord of the sky, he is not qualified to be looked at by Xu Ming; what is the mere Lu Tianhai?

Xu Ming looked at the sea of blood gathered above his head, and just spit out a word: “Broken!”

Boom-

The boundless sea of blood instantly shattered and dissipated.

“what!?”

“what!?”

Every true genius of the universe is shocked.

Even the overlord of the sky narrowed his eyes slightly; he admitted that even if he wanted to destroy this boundless sea of blood, he might not be able to do better than Xu Ming.

“Xu Ming’s strength...” Hearing is false, seeing is believing! For the first time, the overlord of the sky finally began to face Xu Ming’s strength!

It's just... The Vault of Heaven doesn't know that Xu Ming has never looked up to his strength at all!

"What!?" Lu Tianhai couldn't believe it, "How is this possible..."

However, Lu Tianhai did not lose his position because of this; as soon as he dodged, he killed Xu Ming's back, and the sharp sword in his hand slashed through layers of time and space, and he was about to land on Xu Ming's divine body. .

"Go away!" Xu Ming didn't even look back, he just lifted his foot and kicked back casually.

boom-

The menacing Lu Tianhai flew out at a faster speed and with a stronger momentum, and finally slammed heavily on the ground of Lotus Heart World!

Bang!

Under this kick, Lu Tianhai's projection body shattered and dissipated; even his body was seriously injured!

Just a casual kick will seriously injure the existence of a world master's fifth-order peak strength!

Chapter 1825: You Can Keep Your Mouth Shut

Bang!

Lu Tianhai smashed to the ground heavily, his face full of disbelief.

"I...you..."

Lu Tianhai couldn't believe that he was hit hard by a genius in the virtual universe! I can't believe that a humble virtual universe genius has such terrifying strength!

“how can that be!?”

Although Lu Tianhai couldn't believe it, he didn't dare to rush up again – why did he rush up? Looking for death?

Since the other party knew each other, Xu Ming was too lazy to trouble him.

Xu Ming turned his attention to the geniuses of the Eternal Hall again, and finally landed on the Overlord of the Sky.

“Xu Ming?” The Sky Overlord looked at Xu Ming with a slightly solemn expression, but the corners of his mouth twitched, “Interesting! Interesting! How can a genius in the virtual universe be so strong...”

The Sky Overlord was indeed shocked by Xu Ming's strength. However, in his opinion, no matter how strong Xu Ming is, he is at most an ordinary sixth-order world master; and he is already the “peak sixth-order world master”, and suppressing Xu Ming should not be a problem.

“Sky Overlord?” Xu Ming also looked at the other party, “I just want to inquire about the news about Xu Yin! I have no intention of making enmity with you!”

Xu Ming's words sounded like a sign of weakness to the overlord of the sky.

“Hahahaha...” The Sky Overlord suddenly sneered, “I don't intend to have a grudge against me? You are also qualified to have a grudge against me? – Asking about Xu Yin, I might as well tell you that as long as you are a humble person from the virtual universe, Dare to inquire about Xu Yin's news, the result is ‘death’!”

As long as people from the virtual universe dare to inquire about Xu Yin's news, the result will be death? – Xu Ming couldn't understand why this happened.

“Now... Are you ready to die?” The Sky Overlord sneered and directly killed Xu Ming, “The genius of the virtual universe? What I like to watch the most is the desperate expression of the genius of the virtual universe! Hahahaha...”

“Senior Brother Cang Qiong shot!” Zuo Wei looked expectantly, “Xu Ming is dead!”

The other Eternal Hall geniuses also nodded: “Even if you look at the real universe and the level of destruction, you can’t find a few stronger than Senior Brother Cang Qiong! A mere virtual universe genius, no matter how strong, how can he be the opponent of Senior Brother Cang Qiong. ?”

The overlord of the sky, after all, he has a lot of power! He used a ***** battle to forge the prestige of “overlord”! And Xu Ming, the strongest record that he can come up with, seems to be defeating Lu Tianhai! – There is a big difference between the two sides in terms of record!

Therefore, the geniuses of the Eternal Hall naturally do not think that Xu Ming can be the opponent of the sky overlord!

Lu Tianhai also gritted his teeth and watched: “Brother Cang Qiong, you must be ashamed of me!”

In Lu Tianhai’s view, Xu Ming is his great shame! Only when Xu Ming was killed by the overlord of the sky can he wash away his shame.

boom-

The overlord of the sky carried the supreme power and rolled over in a mighty manner.

An aura of endless tyranny, endless terror, and endless confidence completely enveloped Xu Ming.

“Xu Ming! Die with peace of mind!” The sky overlord sneered, “If you want to blame, you are obviously just a humble genius in the virtual universe, and you want to find Xu Yin in a whimsical way!”

Looking at the mighty Overlord of the Sky, Xu Ming just stood with his hands behind his back and smiled contemptuously.

“Whether it’s in the world of the first layer or the world of the second layer... the geniuses of the Eternal Hall are all because of ‘Xu Yin’ that they want to kill me!” Xu Ming narrowed his eyes and flashed a killing intent, “Today , I have to find out no matter what, what is the reason! Even... open the killing ring!”

“Hahaha...Xu Ming! Die!!” The attack of the overlord of the sky had already reached Xu Ming.

Xu Ming’s expression was still indifferent: “Genius of the Eternal Hall?”

Just because the Overlord of the Sky, Zuo Wei and others are geniuses of the Eternal Palace, so Xu Ming tried his best not to kill him! But now it seems that Xu Ming has to be a little more ruthless!

boom-

When the attack of the Overlord of the Sky arrived, Xu Ming’s aura skyrocketed in vain.

Xu Ming waved his palm lightly, flicking away the attack of the Sky Overlord; then, the slap continued to slap the firmament overlord’s face with unabated power.

Snapped!

The overlord of the sky aggressively attacked Xu Ming, but was knocked to the ground with a slap by Xu Ming.

All of a sudden, the scene fell into a dead silence.

“This...”

“This...”

“This...”

No one thought that the confrontation between Xu Ming and the Overlord of the Sky would end up like this – the geniuses of the Eternal Hall originally thought that with the strength of the Overlord of the Sky, they should be able to suppress Xu Ming without any suspense. Even if there are some twists and turns in the process of the battle, the final outcome should be beyond doubt.

But I didn't expect...just a face-to-face, and the overlord of the sky was photographed on the ground.

What's even more exaggerated is that Xu Ming didn't use any sky-defying secret techniques at all, just a simple palm! Incredibly simple slap!

"I..." Sky Overlord's expression was even more dazed than the previous Lu Tianhai – Lu Tianhai was kicked away by Xu Ming, but he was kicked away by a slap! Even more embarrassing than Lu Tianhai.

Swish!

As soon as Xu Ming dodged, he came to the overlord of the sky, with murderous intent in his eyes: "Say the answer I want, or...die!"

"You..." The Sky Overlord was taken aback by Xu Ming's icy killing intent, but he still said stubbornly, "If you have the ability, kill me!"

He is the absolute overlord of the Second World!

In the world of Double Heaven, why was anyone threatened? What's more, being threatened by a humble virtual universe genius?

"Kill you...?" Xu Ming sneered, "Do you think I dare not?"

boom-

Xu Ming shot out instantly.

The long spear instantly annihilated the projection of the sky overlord, and severely damaged his body.

With just one shot, the "Sky Overlord", the recognized number one powerhouse in the Erzhongtian world, was severely damaged.

Xu Ming looked at the overlord of the sky in front of him, his voice was indifferent, without a trace of emotion: “I will ask you again, you can continue to be tough! But... let me remind you, after the next shot, you will never have a chance to speak again. It’s gone!”

One shot, hit hard!

Two shots are enough to kill the overlord of the sky!

The Overlord of the Sky looked at Xu Ming in horror—he wanted to continue to speak hard, but his mouth trembled, and he couldn’t stand up...

After all, is stubborn and simple, but the price is likely to be death!

“Ha!” Xu Ming smiled disdainfully, “I thought you would dare to continue to be stubborn! I didn’t expect that, I overestimated you!”

There is a humiliation on the face of the sky overlord.

The geniuses of the Eternal Hall have also fallen into humiliation.

“Now, can you give me an answer that satisfies me?” Xu Ming sneered, “Or... do you want to give up the chance to speak forever?”

Xu Ming threatened unceremoniously.

Now that his face has been completely torn, what kind of politeness does Xu Ming have?

“I...” Sky Overlord looked at Xu Ming, gritted his teeth, and said, “I’ll ask Senior Brother Jianyi to come and tell you in person?”

Chapter 1826: Ask For Help

“I’ll let Senior Brother Jianyi come and tell you in person?”

The Sky Overlord looked a little scared.

However, Xu Ming didn't notice that there was a hint of viciousness hidden in the depths of Sky Overlord's eyes.

"Jianyi?" Xu Ming narrowed his eyes slightly.

Who is Jian Yi?

Xu Ming did not know him, and he had never been in contact with him.

However, the geniuses of the Eternal Palace, such as Zuowei and the Overlord of the Sky, wanted to kill Xu Ming, to be precise... not because Xu Ming asked about Xu Yin's news, but because of Jian Yi's orders!

If it wasn't for Jian Yi, even if Xu Ming couldn't find out about Xu Yin, the geniuses of the Eternal Palace wouldn't kill him!

Therefore, Xu Ming is also very curious about Jian Yi's identity!

Now, the overlord of the sky said that Senior Brother Jian Yi would come and talk to him in person, and Xu Ming was naturally happy.

Thinking about it, Xu Ming retracted his spear and said, "Okay, let me know this Jianyi for a while!"

The Sky Overlord took a few steps back cautiously and said, "Senior Brother Jianyi is not in the second-level world, nor in the ninth-level world, but in the real cosmos! Wait a moment, I'm going to mobilize the formation in Eternal City, and Brother Jianyi is in the real universe! build connection!"

"Okay!" Xu Ming nodded lightly, no doubt about him – Xu Ming did not doubt, but disdained doubt! After all, he has absolute confidence in his own strength; no matter what tricks the overlord of the sky plays, he will never try to get out of his palm.

“Okay! Wait a minute! I’ll be able to contact Senior Brother Jianyi soon!” The Sky Overlord said, and flew towards the Eternal City.

All the geniuses of the Eternal Hall also said: “Senior Brother Cang Qiong, do you really want to contact Senior Brother Jian Yi?”

“There’s no way…” The Sky Overlord said, “This matter is beyond our ability to deal with! Let Senior Brother Jian Yi do it himself! – Come with me too, and help me mobilize the communication formation, so fast Get in touch with Senior Brother Jianyi!”

The geniuses of the Eternal Hall of course know that contacting Senior Brother Jianyi, although the price is a bit high, is not cumbersome; it is not like what the Overlord of the Sky said, what kind of big formation needs to be motivated.

However, the geniuses of the Eternal Palace all understand why the Overlord of the Sky said this—he wanted to take the opportunity to bring all the geniuses of the Eternal Palace back to the Eternal City!

Therefore, Zuo Wei and other geniuses of the Eternal Hall all pretended to agree and followed the Overlord of the Sky into the city.

Seeing this scene, Xu Ming naturally became more and more suspicious. However, Xu Ming didn’t bother to dismantle it, and he didn’t bother to follow the Sky Overlord into the city. He just watched quietly, wanting to see what tricks they could play.

Soon, the geniuses of the Eternal Palace all returned to the Eternal City.

At this time, the overlord of the sky, who had been cowardly like a dog, suddenly regained his previous indomitable aura!

“Xu Ming!” The Sky Overlord shouted, “You are still too naive, you dare to let me go back to the city! Hahahaha! If you want to get the answer, go to your dreams! – Come on!”

boom-

The entire Eternal City suddenly raised a dense array of gorgeous formations.

The Sky Overlord continued to laugh and said: “Now, I am in the city, and I have the protection of the formation. Even if I am a half-honor, I will never try to attack! -Xu Ming, you are strong, but what can you do to me? You wait, you The revenge for hurting me will not be left like this!”

With that said, a deep black crystal ball appeared directly in the hands of the sky overlord.

Snapped!

With a slight force in the hands of the sky overlord, he directly crushed the crystal ball.

“This is...” Lu Tianhai was slightly startled, but remained calm.

“Heh!” Xu Ming looked at the actions of the overlord of the sky, “Please help!? I hope... your formation in the Eternal City will be able to support your helper under my attack! I also hope, you Your helper, can you be a little more powerful!”

The formation of the Eternal City seems to be impregnable, but it also has a major drawback, that is, after the formation is activated, the geniuses in the Eternal City cannot establish a void passage to leave the second-layer world and go to the third-layer world.

That is to say... Heaven’s Overlord and the others seemed to have got into the solid turtle shell, but they were actually waiting for Xu Ming to “catch the turtle in the urn”. Unless, their helpers can arrive before Xu Ming breaks the formation.

Of course, the overlord of the sky also understands his current situation! However, he didn’t dare to tell the news about Xu Yin, so that was the only choice!

“Although Xu Ming is terrifying, Senior Brother Jian Yi is even more terrifying!” The Overlord of the Sky knows that in the Eternal Hall, any genius who dares to disobey Senior Brother Jian Yi will hardly end well!

The Sky Overlord dare not make Senior Brother Jian Yi unhappy.

“Xu Ming’s strength is very strong!” The Sky Overlord looked at Xu Ming in the distance, and said with fear, “He hit me hard with a single shot. I am afraid his strength has reached the ‘Ninth Rank of the World Lord’! Even if our Eternal Hall With so many talents teaming up, it is impossible to be Xu Ming’s opponent! But...it’s not impossible to deal with Xu Ming!”

The overlord of the sky has a distant vision.

The other geniuses of the Eternal Hall also nodded: “As long as we hold back Xu Ming and wait for the army to arrive, even if he has the strength of the ‘ninth-rank world master’, he will surely die!”

And Xu Ming became more and more curious: “Why in the end...they ran out of means in order to hide Xu Yin’s news?”

From Xu Ming’s point of view, he was just inquiring about Xu Yin’s news! It’s not a big deal at all! As long as they tell themselves, nothing will happen! -Why do you have to break your hands to hide Xu Yin’s news?

Why bother?

But... the geniuses of the Eternal Hall, such as the Overlord of the Sky, the more you don’t want to let yourself know, the more Xu Ming needs to know!

“Then blast away the great formation of Eternal City first! I don’t believe it, I won’t be able to find out the truth!”

boom! !

Xu Ming’s spear turned into a ferocious dragon and forcibly blasted towards the great formation of the Eternal City.

The entire Eternal City trembled! Some formations even have signs of being uprooted!

“What!?” The Sky Overlord was startled; obviously, Xu Ming’s strength was stronger than he expected, “Everyone defend the formation together, don’t let Xu Ming break the formation! As long as the army arrives, Xu Ming will Must die!”

Saying that, the sky overlord took out another deep black crystal ball and crushed it directly.

boom! !

At this time Xu Ming's second shot arrived!

Although the geniuses of the Eternal Palace guarded the formation with all their strength, Xu Ming's repeated bombardment made the entire Eternal City tremble again and again! Even if the formation is heavy, it seems that it may be broken by Xu Ming at any time!

“Hold it up!” The Sky Overlord thought for a while, then took out a third deep black crystal ball, and crushed it directly. In such a short time, the Sky Overlord had already crushed three tokens of help.

...

At this time, the Double Heaven World.

Near a small town on the edge of Lotus Heart World, there are several virtual universe geniuses who are carefully hiding here.

They cautiously looked at the small town from a distance, with deep hatred and killing intent in their eyes.

Chapter 1827: Tease Us?

The five geniuses of the virtual universe have all lived in the double world for a long time.

The strength of the five people has also reached the level of the “Prime Destruction List”, which is comparable to the “third-order world master”; among the countless virtual universe geniuses in the entire second-layer world, they are all top-notch existences!

but...

If the strength of the five people is compared with the true cosmos geniuses of the Lotus Heart World, they will become insignificant again! Any real genius in the universe is no weaker than them!

At this time, the five geniuses of the virtual universe had hatred and murderous intent in their eyes.

“The genius of the real universe is really deceiving! Don’t treat the genius of our virtual universe as a human being!”

The five virtual universe geniuses are all gnashing their teeth.

“If they want to kill people, they will slaughter in the world of the second layer of heaven! If they want beautiful women, they will capture them! The entire world of the second layer of heaven, our virtual universe genius, is like a pig in captivity... Moreover, in this day, It has been going on for endless years!”

Don’t the geniuses of the virtual universe want to turn over?

think!

However, although the number of geniuses in the virtual universe is extremely large, it is difficult to unite together.

“However... From now on, the days of being kept as pigs in captivity will soon come to an end!”
The five top virtual universe geniuses were full of fighting spirit.

The five of them, each of them have hundreds of millions of virtual universe geniuses hidden in their world rings! – In order to attack the Lotus Heart World this time, they have been planning for a long, long time!

“Everyone!” A burly genius said sternly, “We will start our attack from this small town, and take down the entire Lotus Heart World with lightning speed! Those true cosmos geniuses will not have the Lotus Heart World. As a base, I will never imagine being so arrogant in the world of the Second World!”

“it is good!”

“Set off!”

“It can only succeed! If it fails, I am afraid that the entire Second Layer World will be slaughtered!”

The burly genius flew directly to the small town within the field of vision; while the other four geniuses flew in four different directions—they wanted to divide their troops into five paths and encircle the entire Lotus Heart World.

However...

Not long after the five of them flew out, they suddenly saw in horror that hundreds of true cosmos geniuses in the small town in front of them came out of their nests and went straight to the direction of the center of the Lotus Heart World!

“This is...”

The five virtual universe geniuses who had just set off shrank back and gathered together again.

“what’s going on?”

“Why did all the true cosmic geniuses in this small town in front of me all run away at once?”

“Could it be that our actions have leaked the wind?”

“It’s impossible to leak the news! Only the five of us know the specific actions; the other geniuses in the virtual universe are locked in the world ring, and they don’t know anything!”

“Then what’s going on now?”

“Empty city plan?”

The five virtual universe geniuses were a little stunned—the battle had not even started, and things had already begun to surprise them.

“What do we do now?”

After the five virtual universe geniuses discussed it, they soon came to a conclusion.

“We originally focused on capturing the city! After all, even if we have a ‘virtual real battle formation’, we can hurt a real genius in the universe; however, it is very difficult to kill a real genius in the universe!”

“Not bad! People are going to the city now! It’s a great opportunity for us to capture the city!”

“Keep going according to plan!”

call out! call out! call out! call out! call out!

The five top virtual universe geniuses set off again.

The burly genius released 100,000 virtual universe geniuses from the world ring and unceremoniously occupied this empty city; and then directly arranged 100,000 geniuses to be stationed here.

The other four top virtual universe geniuses rushed to the four nearby cities.

However, when they arrived at the four cities, they were dumbfounded again: “An empty city again?”

Continue to go deep into the world of lotus heart.

Continue to siege the city.

It’s an empty city again!

It’s an empty city again!

It's an empty city again!

No matter which team it is, no matter which city it is, without exception, it is all empty cities!

When the five-way army gathered for the first time, a genius of the virtual universe was a little scared.

“What's going on? Why are all the empty cities everywhere?”

“It can't be a coincidence! Could it be that... the true geniuses of the universe already know that we are here, so they have set up a big conspiracy and are waiting for us?”

“What now? Continue to attack the city? Or... retreat?”

“Retreat? Do you think we still have a way out? – This time, if we retreat, I'm afraid that soon, those true geniuses of the universe will find us!”

“There is no retreat! Only forward! If successful, the true genius of the universe will be expelled from the world of the second layer of heaven; if defeated, then the body will die, and there will be no regrets!”

“Kill! Kill! Kill!”

The five-way army came together and finally decided—

“For safety's sake, let's move together with the five-way army! If we collide with the army of the real universe, we will not be afraid of a battle!”

The five-way army merged together and continued to attack the city; there is no doubt that the next cities are all empty cities.

This makes the geniuses of the virtual universe more and more puzzled – where have people gone?

...

Where have everyone gone?

Naturally, he went to help the Eternal City!

The deep black crystal ball crushed by the overlord of the sky is actually a token of help for the geniuses of the true universe!

Crushing a crystal ball means that when there is a big enemy, every city in the whole lotus heart world must send 30% of its power to support!

Crushing two crystal ***** means that the situation is extremely critical! Every city must send 60% of its forces to support!

Crushing three crystal ***** means that the situation is extremely urgent! All cities must go out to support!

actually...

In the lotus heart world, the controllers of the major cities were also confused when they received the request for help from the Eternal City – what happened in the Eternal City? The sky overlord actually crushed three crystal ***** one after another?

However, the support of ~www.readwn.com~ is a matter of urgency, and the major cities naturally dare not hesitate and come out one after another.

Coincidentally, the hundreds of millions of troops in the virtual universe also chose to attack the Lotus Heart World at this time; thus, it appeared that the virtual universe army was empty.

The true cosmos army of the major cities, while rushing on their way, wondered what happened to the Eternal City.

And the army of the virtual universe, while occupying the city, wondered why the whole lotus heart world was empty.

finally...

The real cosmos armies from all walks of life finally gathered around the Eternal City after burying their heads on the road.

When the army of the real universe rushed outside the Eternal City and saw that only a virtual universe genius like Xu Ming was attacking the Eternal City, they were so angry that they cursed their mothers: “Are you ***** kidding us!? Just a virtual universe genius attacking the Eternal City. City, the overlord of the sky actually crushed three crystal ***** directly!?”

Chapter 1828: It’S Time To Show Real Strength

There is only one virtual universe genius attacking the city, and the geniuses of the Eternal Hall such as the Overlord of the Sky, not only hid in the Eternal City and did not dare to come out, but also directly crushed three crystal balls.

Seeing this scene, all true cosmic geniuses feel that they are being teased...

“Sky Overlord!” Many true cosmos geniuses shouted angrily, “What do you mean!?”

This Nima is totally funny!

Before the sky overlord could answer, suddenly, all the true geniuses of the universe suddenly changed their expressions; all eyes were looking at the northern sky in unison.

At the end of the sky, nothing can be seen; however, every true genius of the universe feels a great pressure from that direction.

Even Xu Ming, feeling the terrifying pressure of this pressure, could not help but stop the siege and looked towards the northern sky.

“What’s going on?” Xu Ming frowned slightly, with a hint of doubt, “It seems... there are thousands of troops coming from that direction!”

This great coercion is exactly the sense of oppression when thousands of troops are approaching.

Soon...

At the end of the northern sky, a mighty dark cloud appeared.

This group of dark clouds rolled forward in the sky at a terrifying speed, heading straight for the Eternal City.

“This is...”

“An army of billions of geniuses in the virtual universe?”

The true geniuses of the universe were all shocked.

The closer you get, the more palpitating this dark cloud of thousands of troops is!

“How can... there are so many troops killed here?”

The true geniuses of the universe were all shocked; while forming a battle formation, they said:
“The overlord of the sky, thanks to you decisively crushing three crystal **** and bringing us all together! Otherwise, if we face each other separately. I am afraid that this army of hundreds of millions will be destroyed one by one, and there is no resistance at all!”

“Yeah! Now, although these virtual universe armies are huge in number, we are united and we are not afraid of a battle!”

“By the way! Overlord of the sky, why are you so well-informed? We don’t even know that there are so many virtual cosmos armies entering the Lotus Heart World!”

...

The overlord of the sky was a little stunned, and said with shame: “I don’t know what’s going on...”

Of course he didn't know what was going on.

The reason why Sky Overlord crushed three crystal **** in a row was just because of Xu Ming!

“do not know?”

“Overlord of the sky, you are being too modest!”

“Not bad! This time the enemy retreated, and the overlord of the sky has made great contributions!”

Every true genius of the universe is pondering how to retreat from the enemy. As for Xu Ming... they were simply ignored by them.

...

the other side.

The army of hundreds of millions of virtual universes is also a little confused at this time.

“Outside the Eternal City, there are so many true cosmos geniuses gathered!?”

“I'm afraid all the true cosmos geniuses in the whole lotus heart world are here?”

“What's the situation? Why are all the geniuses of the true universe gathered here? Could it be that... they got the news in advance and knew that we were going to attack the Lotus Heart World?”

“Who leaked the wind?”

The virtual universe geniuses suddenly felt that they were caught in a dilemma – although they were numerous, but now, the true universe geniuses of the entire lotus heart world gathered together and were ready to fight! If you really fight, the virtual universe army won't take any advantage at all.

It is very difficult to defeat the true cosmic army.

Retreat, I am afraid that the geniuses of the true universe will not let them go!

It's really a dilemma!

The army of hundreds of millions of virtual universes had no choice but to bite the bullet and advance towards the Eternal City.

...

At this time, the true geniuses of the universe have all formed a battle formation, jokingly watching the army of hundreds of millions of virtual universes that have been crushed.

“These lowly geniuses of the virtual universe dare to attack our Lotus Heart World? It's really against the sky!”

“It seems that we are too kind to the virtual universe geniuses! When the enemy is defeated this time, we will slaughter all those powerful virtual universe geniuses, so that this situation will not happen again!”

“That's right! It's a good slaughter!”

“Overlord of the sky, you are definitely the first to defeat the enemy this time!”

All the real geniuses of the universe laughed and talked.

At this time, the overlord of the sky said with shame: “Everyone, I really didn't know that there would be so many virtual universe armies!”

“I don't know? Impossible! – If you really don't know, why did you crush three crystal ***** one after another?”

“Because of Xu Ming!” The Sky Overlord pointed at Xu Ming and said, “I crushed three crystal
**** one after another, just because of him!”

“what!?”

“what!?”

“what!?”

Countless gazes fell on Xu Ming again, re-examining Xu Ming.

However, after scrutinizing it, they still couldn’t feel anything special about Xu Ming.

“Sky Overlord!” A tall and thin true cosmos genius sneered, “You are the number one powerhouse in the Second World! A mere phantom cosmos genius actually scare you into this?”

The sky overlord has no time to mind the sarcastic tone of this person when he speaks, and directly said: “This Xu Ming definitely has the strength of the ‘ninth-rank lord of the world’!”

As soon as these words came out, the whole place fell silent.

World Lord ninth-order?

What is this concept?

You must know that the overlord of the sky is only the sixth rank of the world master, and it is already the undisputed number one powerhouse in the second layer of the world since the billions of times!

The ninth-order world master... I am afraid that even in the triple heaven world, there are not many true universe geniuses, can they have such strength?

Double Heaven World, a virtual universe genius? Have the strength of the ninth-order world master? – All the geniuses of the real universe feel unbelievable.

“It’s impossible!”

“Sky Overlord, are you kidding us again!?”

“In the world of the Second Layer, even with the help of the Supreme Divine Weapon, it is impossible for anyone to have the strength of the ‘Ninth Rank of the World Lord’! Not even a true cosmic genius!”

“I...” The Sky Overlord was also drunk – finally got helpers, and as a result, these helpers didn’t believe Xu Ming’s strength...

The Overlord of the Sky continued: “You have doubts come and go, try Xu Ming’s strength directly, don’t you know? – If you don’t make a move now, when the army of hundreds of millions of virtual universes arrives, and Xu Ming should cooperate with Xu Ming, maybe there will be An accident happened!”

When tens of thousands of true cosmic geniuses heard it, it was true!

“Kill Xu Ming first!”

“Yes! In any case, kill him first, lest there be a change!”

boom-

The battle formation formed by countless true universe geniuses directly oppressed Xu Ming.

Xu Ming laughed.

“Sky Overlord, this is all your cards?” Xu Ming sneered, “If that’s the case, you won’t be able to protect you!”

“presumptuous!”

“Arrogant!”

“Speak wild words!”

A true genius of the universe, when UU Reading www.uukanshu.com heard Xu Ming’s arrogant laughter, he suddenly burst into anger – they have seen arrogant people, but they have never seen such arrogance as Xu Ming!

“kill!”

“Kill him first!”

call out! call out! call out! call out! ...

Countless attacks hit Xu Ming overwhelmingly.

The Sky Overlord looks forward to watching – this is the siege of the true cosmos army! Even if Xu Ming doesn’t die, I’m afraid he will be severely injured, right?

“Ha!” Facing the overwhelming attack, Xu Ming just smiled disdainfully, “It’s time to show his true strength!”

Chapter 1829: I Am Xu Ming

“It’s time to show real strength!”

World Lord ninth-order? – This is the speculation and judgment of the overlord of the sky on Xu Ming’s strength! In fact, this guess is already very bold; after all, let alone the world of the second layer of heaven, even if it is the top true universe genius in the world of the third layer of heaven, the strongest is only the ninth-order world master!

but...

Is Xu Ming’s strength really only the ninth rank of the world master?

Of course not only!

And it's far more than that!

You must know that even if Xu Ming is not open, his strength is already comparable to the fifth-order world master; and he has also practiced "Divine Phoenix Immortal", even if he faces the sixth-order peak of the world master's sky overlord, Not necessarily without the power of a battle!

And once Xu Ming is released, his strength is definitely at the level of "half-honor"!

Moreover, it is not a "low-level and half-respect" such as half-respect first-order, half-respect second-order, but at least "half-respect fourth-order" or above!

At least!

What is the concept of a semi-respected level 4 or above?

Not to mention the second-level world and the third-level world, even in the fourth-level world, Xu Ming might be able to walk sideways!

Now, the true cosmic genius of the Second World, forming a battle formation and joining forces to besiege Xu Ming, is there any essential difference between this and a group of ants surrounding Xu Ming?

Not really!

Will Xu Ming worry about being besieged by a group of ants?

of course not!

It would be benevolent not to step on them directly with one foot!

...

call out! call out! call out! call out! ...

The overwhelming attack roared and arrived in front of Xu Ming in an instant.

Xu Ming just raised his hand.

The space instantly freezes.

All attacks stopped around Xu Ming and could no longer move forward.

At the same time, above the head of the true cosmos army, above the sky, a huge black palm suddenly appeared.

This giant palm, like a city, was crushed towards the true cosmos army.

Covered by the giant palm, the space is frozen. A true genius of the universe, the weakest also has the strength of the third-order world master. Under the blockade of this space, it is difficult to even move the figure, let alone escape from Xu Ming's suppression.

boom-

The black giant palm was photographed directly.

All the real geniuses in the universe were instantly photographed so that they fell to the ground.

Afterwards, this black giant palm was another "fishing", directly grabbing the real cosmos army and the soil on the ground in his hands – just one shot and one shot, Xu Ming directly captured him alive All true cosmic geniuses!

...

Silence!

The air seemed to freeze.

The whole world seems to have suddenly quieted down

In the Eternal City, the real geniuses of the universe, such as the overlord of the sky, have all been dumbfounded and dare not make a sound.

In the northern sky, the army of hundreds of millions of virtual universes were all dumbfounded, and even forgot to move forward.

“This...” The Sky Overlord was stunned – he never thought that he crushed three crystal balls, and the reinforcements that Hundred Thousand Fire had urgently invited were all caught in Xu Ming’s hands! No resistance!

“When Xu Ming attacked the city just now... he still hid his strength!” Of course, the overlord of the sky reacted. “But... how strong should Xu Ming be?”

There is no doubt that it is definitely a half-rank level!

Half-respect second-order?

Half-respect third-order?

...

The army of hundreds of millions of virtual universes was shocked for a long time, and then gradually recovered.

“That terrifying existence seems to be... the genius of our virtual universe!”

“Void universe genius? Can it be so strong?”

Xu Ming's figure was deeply imprinted in the hearts of the billions of geniuses in the virtual universe.

You must know that the talents of the Destruction Realm geniuses in the second layer of heaven will not be weak in talent.

These billions of geniuses, after endless years, some have become world masters, some have become supreme, and even more have made great names in the real universe! But... no matter how strong and successful they are in the future, the image of Xu Ming imprinted in their hearts at this moment will never be erased!

Of course, at that time, Xu Ming's strength had already reached a situation they could not imagine!

...

“Ah!”

Within Xu Ming's giant black palm, tens of thousands of true cosmic geniuses were suppressed.

At this time, Xu Ming looked at the overlord of the sky, and said lightly: “Is this your trump card? If there are no other tricks, I will be defeated!”

Sky Overlord's expression changed, and he said, “Hold on! Hold on to the formation!”

Hold the formation?

Before, it was Xu Ming who wanted to see the back-hand of the overlord of the sky and did not want to break through the formation with all his strength, so they hid in the Eternal City for so long; now, since Brother Ming has revealed his strength, how can they hold on?

“break!”

Xu Ming roared, and the spear shot out angrily.

The terrifying spear glow, like a mighty cannon, pierced through the entire Eternal City in an instant; all the formations were destroyed under this shot!

This is the real power!

Xu Ming sneered and said, “Is there anything else to do? – Don’t think about building a void tunnel and go to the triple heaven world! If anyone builds a void tunnel, I guarantee that he will die before stepping into the void tunnel!”

Xu Ming looked at it indifferently.

In the entire Eternal City, no one dared to move.

“The Overlord of the Sky?” Xu Ming looked at the Overlord of the Sky again and said, “Before, you said you wanted to send a message to your Senior Brother Jian Yi, and let him talk to me by himself? Come on, send a message!”

Subpoena?

Previously, the Sky Overlord had sworn to make a deal with Senior Brother Jian Yi, saying that Xu Ming would be killed immediately, and he would report immediately. Now, if the overlord of the sky sends a message to Jian Yi and reports that the Eternal City has been destroyed by Xu Ming... I wonder if Jian Yi will vomit blood with anger.

Moreover, the overlord of the sky is sure that if he really dares to send a message, when he returns to the real universe in the future, he will definitely be punished by Senior Brother Jian Yi.

“What? You can’t call me?” Xu Ming sneered, “It’s okay if you don’t want to call me! Then tell me, why did Jian Yi order you to kill me as soon as I inquired about Xu Yin?”

“This...” The Sky Overlord did not dare to say more.

When it comes to Senior Brother Jianyi, he dare not say anything casually. Otherwise, with the character of Senior Brother Jianyi, when he returns to the real universe in the future, the result will not be much better than “death”.

“Don’t want to call or tell?” Xu Ming finally lost his patience. “What? You geniuses of the Eternal Palace, do you really think I dare not kill me?”

Xu Ming’s expression became colder: “The overlord of the sky, it’s up to you – there are two paths of life and death, you choose!”

“I...” The Sky Overlord was about to say something~www.readwn.com~ suddenly his face changed suddenly – he received a summons!

And this communication came from Senior Brother Jian Yi.

The Sky Overlord gritted his teeth and said, “Wait! I received a message from Senior Brother Jian Yi!”

“Oh?” Xu Ming’s eyes narrowed slightly, “Let me talk to him!”

The Sky Overlord gritted his teeth again, and directly released the content of the communication.

Jian Yi’s cold and arrogant voice sounded from the end of the communication: “Heavenly Overlord, didn’t you say that you will kill Xu Ming immediately and report to me? It’s been so long, you haven’t even killed a virtual universe genius? ”

Hearing this voice, the Sky Overlord broke out in a cold sweat. I don’t know if it’s because of fear of Jian Yi or because of Xu Ming.

Xu Ming sneered: “Jian Yi? I’m Xu Ming!”

Chapter 1830: Truth (Part 1)

“Jianyi? I’m Xu Ming!”

Xu Ming’s voice sounded coldly outside the Eternal City in the Second World.

At the same time, this voice also sounded directly in Jian Yi's ear in the Eternal Hall of the True Universe.

Jian Yi was dressed as a scholar and looked quite refined. However, when he heard this cold voice, his eyes suddenly became cold; the momentum on his body became even more sinister, and there was no scholar image.

"Xu Ming?" Jian Yi asked the overlord of the sky to kill Xu Ming, and now, not only did Xu Ming not die, but his voice appeared in the communication, and the result was predictable.

"Is the sky overlord a waste? Even a virtual universe ant that just came from the first layer of heaven can't solve it!" Jian Yi was annoyed, "Even if the sky overlord is a waste, are all the geniuses of the Eternal Hall in the second layer world a waste? With so many people, you still can't deal with a single Xu Ming?"

How does Jian Yi know that it's not that the geniuses of the Eternal Hall such as the Overlord of the Sky are too wasteful, but... Xu Ming is too strong!

Incredibly strong!

Now, tens of thousands of true cosmic geniuses in the entire Erzhongtian world are suppressed in Xu Ming's palm!

It's just that Jian Yi didn't know this, and he was still blaming Cang Qiong Ba for his ineffectiveness!

"Xu Ming?" Jian Yi's voice sounded, "I've heard your name! An ant from a virtual universe, with such strength, even surprised me – it's your honor!"

Hearing this, Xu Ming couldn't help sneering – people in the real universe have such high self-esteem? Are they all people who look down on the virtual universe?

But these are not what Xu Ming cares about now.

Xu Ming now only cares about his daughter Xu Yin's situation – he just inquired about his daughter Xu Yin's situation, and immediately passed it to Jian Yi's ears, and Jian Yi wanted to kill himself; why is this?

“Jianyi!” Xu Ming asked directly, “You and I don't know each other, you are in the real universe, I am in the virtual universe, there is no intersection at all, and it is impossible to offend you! Why, I just asked Xu Yin about it. News, you are going to order me to kill me?”

On the other end of the communication, there was no reply for a long time.

“Jianyi!” Xu Ming increased his voice and asked again.

“Haha...” This time, Jian Yi finally answered, but it was a arrogant laughter, “Hahahaha...”

“Want to know why?” Jian Yi asked playfully.

“Not bad!” Xu Ming said.

“Hahahaha...” Jian Yi laughed again, “If you want to know, I will tell you? It's ridiculous!”

“You...” Xu Ming suddenly became angry.

He just wants an explanation now, but he can't have it?

“Hahahaha...Are you very angry?” On the other side of the communication, Jian Yi's playful laughter continued, “What's the use of being angry? If you have the ability, come to the real universe to find me!”

“You...” Xu Ming was really angry, “You really don't say anything?”

“Joke! Why should I say it?” Jian Yi sneered, “I have been doing things all my life, why do I need to explain to others? What's more, you are the ants of the virtual universe!?”

Why do you need to explain to people?

Xu Ming finally couldn't bear it any longer: "I want you to explain!"

Saying that, Xu Ming called out in his heart: "Little hanging, turn on the 'forced face slap' hanging!"

"Forced slap in the face", Xu Ming has been out of business for many years!

Xiaohang reminded: "The target of the face slap is in the real universe. According to the difficulty of the face slap, if the 'forced face slap' hang is enabled, each face slap will consume 100 points of level 22 hang points!"

One-hundred-point 22-level hanging point... What is this concept?

A point of a level 22 hanging point is a chaotic original nucleus, which is equivalent to the value of a virtual universe! —For example, the Divine Phoenix Chaos Realm, which has 108,000 domains, and Qinglei Realm, for example, are all virtual universes.

And the 100-point 22-level hanging point, that is a hundred virtual universes! !

And now, just slapping the face once, you need to consume 100 points of level 22 hanging points, which is to consume 100 virtual universes... I have to say, this face of Jian Yi is really precious!

Even if Xu Ming now has more than 1,200 level 22 hanging points, he can't be so messy!

but...

This slap made Xu Ming unhappy!

And Xu Ming knew that even if he spent 100 points on level 22, it would not be difficult to earn it back! – After all, the tens of thousands of true cosmic geniuses he captured must have a lot of mixed pronuclei on them!

Since you don't feel unhappy about smoking, then... pump!

Why do you have to explain it to people? I **** want you to explain!

call out-

Xu Ming took a palm to the air and pulled it out.

This slap seems to have no power, but in an instant, it crossed the endless time and space, and even crossed the “virtual reality barrier”; from the second layer of the world, it was directly drawn to the real universe! Even, directly ignoring the numerous formations of the top power of the true universe “Eternal Temple”, and finally fell on Jian Yi’s face.

Snapped!

Jian Yi’s right face was immediately marked with a bright red slap print. Before that, Jian Yi had just uttered a wild remark: I have acted in Jian Yi all my life, why should I explain it to others?

“This...” Jian Yi was stunned on the spot, “Who? Who is pumping me?”

He couldn’t imagine or even think about it, this slap was actually from Xu Ming!

“I haven’t offended any real cosmos power...” Jian Yi thought about it for a long time, but couldn’t figure out why he was slapped.

At this moment, Xu Ming’s voice sounded in the communication: “Jian Yi, how does this slap feel?”

“What!?” Jian Yi was stunned, “It’s... you!?”

Jian Yi’s mind was a mess.

Xu Ming?

How could it be Xu Ming?

How could this slap come from Xu Ming?

However, just after he received a slap, Xu Ming knew... This slap didn't come from Xu Ming, but who could it come from?

Jian Yi couldn't help but feel a little flustered: What is the origin of Xu Ming? What means are there?

"Now, why do you need to explain to others?" Xu Ming asked with a sneer.

"Humph!" Jian Yi snorted coldly and said stubbornly, "I have been doing things all my life, why do I need to explain to others..."

Snapped!

The word "Shi" hasn't been uttered yet~www.readwn.com~ Another slap appeared on Jianyi's other cheek.

"You..." Jian Yi was so angry that he cut off the communication.

"hateful!"

"hateful!"

"hateful!"

Jian Yi never thought that he would not be able to deal with a virtual universe genius, but was slapped twice.

"Xu Ming, right? I want you to die! I want you to die!" Jian Yi gritted his teeth. But for him, as long as he is willing to pay some price, it is not difficult to kill a virtual universe genius!

“From the virtual universe, I still want to find Xu Yin... Just these two points, I will not let you come to the real universe alive!” Jian Yi sneered in his heart, “Humph! Want to know about Xu Yin, right? Don’t want to know! -I’ll go shopping at Xu Yin’s place now!”
