

# Break Into Another World 1831-1840

"I'll go shopping at Xu Yin's place now!"

Jian Yi cut off the communication and walked out of the room.

The sky of the Eternal Hall is completely shrouded in the formation, overflowing with endless brilliance; time and space are divided into order by these brilliance. Every wave interprets the most essential beauty and mystery of the universe.

Jian Yi looked up.

It seems that because he was infected by this flawless beauty, the corners of his mouth could not help but slightly twitch, and a smile appeared on his face.

However, when he smiled, there were still two bright red palm prints hanging on his face, which always seemed a little weird.

"How did these two slaps do it?" Jian Yi couldn't believe it. "Also, these two palm prints can't be erased!"

Looking for Xu Yin with two palm prints on his face?

Jian Yi secretly shook his head: "This is too ugly!"

With one gritted tooth and one ruthless heart, Jian Yi directly annihilated the divine body on his face; This time, the two palm prints were finally eliminated.

"Xu Ming! Xu Ming!" Jian Yi gritted his teeth, thinking about \*\*\*\* Xu Ming.

As he walked, Jian Yi was approaching the residence of "Xu Yin" before he knew it.

"Humph! Don't think about it for now, then turn around and clean up Xu Ming! I don't believe it, what kind of waves can come out of a mere worm in the virtual universe?"

Thinking, Jian Yi put on a warm smile on his face and walked towards Xu Yin's residence.

"Xu Yin..." Jian Yi thought to himself, "There are many women with extraordinary talent in the Eternal Palace, but none of them can be compared with Xu Yin! Moreover... Xu Yin's physique is special, if he can be compared with Xu Yin My combination will be of great benefit to my cultivation!"

only...

What makes Jianyi angry is that he pursues Xu Yin hard, but Xu Yin has always been tepid towards him. According to this situation, if he wants to succeed, he really doesn't know how long it will take.

"Humph! It's just a woman! As long as I work hard, I will succeed sooner or later! At that time... I will vent all the anger I have endured on her on her!"

Jian Yi thought fiercely in his heart, but the smile on his face became warmer, and knocked on Xu Yin's door.

Benedict! Tuk Tuk!

The door opens.

Today's Xu Yin, who is moving and moving, is not the little baby that Xu Ming had seen when he was born.

"Senior Brother Jianyi, is there something wrong?" Xu Yin's voice was very similar to that of her mother Yin Ran. There are also seven or eight similarities in appearance.

"Xu Yin." Jian Yi smiled softly, "Senior brother just got two Tai Chi fish from heaven and earth, I invite you to eat together tonight, okay?"

"This..." Xu Yin frowned slightly, "I'm sorry, brother, I still have something to do!"

"You said that last time too!" Jian Yi frowned slightly, but he still maintained a warm smile, "Are you so busy?"

"Wait later, there will be a chance!" Xu Yin politely declined with a smile.

"Just eat..." Jian Yi was still stalking, but at this moment...

Snapped! !

A crisp slap, from out of nowhere, landed directly on Jian Yi's face. The bright red palm prints were particularly striking on his face.

"Uh..." Xu Yin was taken aback for a moment.

"This..." Jian Yi was also stunned, and at the same time he didn't have the face to continue stalking, so he had to say, "Then I'll invite you again next time!"

Having said that, he shyly left.

"Huh... I'm finally leaving!" Xu Yin breathed a sigh of relief.

How could Xu Yin not know what Jian Yi meant to her?

To tell the truth, the conditions of Jianyi are at the forefront in the entire Eternal Hall, and even the entire real universe; for female monks, it is definitely the best choice for mate selection. But for some reason, every time Xu Yin sees Jian Yi, he always has a natural feeling of rejection in his heart.

Jian Yi, for example, has invited Xu Yin many times. However, Xu Yin never gave him the opportunity to invite him alone; even if he did, there were many other people present.

There is not even a chance to be alone, let alone pursue Xu Yin.

No chance at all!

And this is exactly what makes Jian Yi depressed!

so...

Jian Yi has a guess - Xu Yin is from the virtual universe. Could it be that she already has someone she likes in the virtual universe?

After all, in Jian Yi's view, apart from this reason, he couldn't think of any other reason that would make Xu Yin reject him again and again!

With such speculation, and Jianyi's high status in the Eternal Palace, he ordered those geniuses who entered the Eternal Palace of Jiuzhongtian to report to him secretly once they found someone looking for Xu Yin!

Sure enough, Jian Yi guessed right, someone will come to inquire about Xu Yin's news! And Jian Yi, without even thinking about it, directly issued the order to kill.

However, what Jian Yi can't guess is that the person who asked about Xu Yin's news was not a "favorite person", but... Xu Yin's father!

...

"That's how it is!"

Double world.

The overlord of the sky finally couldn't bear Xu Ming's coercion. Under Xu Ming's repeated questioning, he finally sent a voice transmission to Xu Ming in private, quietly saying what he knew.

"But..." The Sky Overlord said again, "These are just my guesses! Senior Brother Jianyi has never said what the real situation is, and I can't be 100% sure; however, this guess should be far from the truth. The truth is not far away!"

"Well..." Xu Ming nodded silently - he naturally had his own judgment.

"If that's the case... this Jianyi is really not a good thing!" Xu Ming snorted coldly, "Such a thing, you want to pursue my Xu Ming's daughter? Fortunately, my daughter's eyes are like torches, and she looks at people. It's very accurate, and I don't give him a chance to get close!"

While Xu Ming was secretly rejoicing, he was also secretly proud—such eyesight deserves to be my Xu Ming's daughter!

"Xu Ming, I know, I've already said it! You promised to let me go!" The Sky Overlord said again.

"Don't worry! I won't kill you!" Xu Ming said lightly.

As for the genius of the Eternal Palace, Xu Ming didn't really want to kill him. After all, killing the genius of the Eternal Hall is equivalent to killing the daughter's classmate; in the future, when the father and daughter recognize each other, there may be some twists and turns.

Before, Xu Ming was worried that his daughter Xu Yin would be in danger, and he couldn't bear it, so he wanted to kill the geniuses of the Eternal Palace. Now that the truth is revealed, Xu Ming naturally has no reason to continue killing them - after all, like the overlords of the sky, they are only forced to accept Jian Yi's orders!

Even if Xu Ming wants to kill, he must kill Jian Yi first! Instead of killing these "knives" controlled by Jianyi first.

"Xu Ming, can I ask, why are you looking for Xu Yin because...?" The Sky Overlord secretly said. He asked this question, firstly because of curiosity, and secondly... If he finds out Xu Ming's identity~[www.wuxiaspot.com](http://www.wuxiaspot.com)~, if he is punished by Jianyi in the future, he can use it to make up for his mistakes.

Xu Ming didn't answer, but gave the sky overlord a cold look: "Ask what you should ask, don't ask if you shouldn't!"

How could Xu Ming casually tell others about Xu Yin being his daughter?

"Yes! Yes!" The Vault of Heaven overlord agreed quickly, and didn't ask any more questions, but he secretly guessed that Xu Ming might be Xu Yin's "favorite person".

If Xu Ming knew what Sky Overlord was thinking, he would not have slapped him to death.

But now, Xu Ming didn't care about the overlord of the sky, but looked at the tens of thousands of true cosmic geniuses he had captured—the three slaps just now cost him 300 points of level 22 hanging points. Of course, Xu Ming would have to get back ten times, a hundred times the cost of hanging points.

In front of him, Xu Ming has a chance to make a fortune!

## Break Into Another World

Chapter 1832: more than strong

boom!

Xu Ming opened the huge black palm.

The time and space under the giant palm was completely suppressed; tens of thousands of true cosmic geniuses, who couldn't even fly, fell like dumplings and smashed to the ground.

All the true geniuses of the universe looked at Xu Ming in horror, not knowing what Xu Ming would do with them—from the strength Xu Ming showed, they had every reason to believe that it would not be difficult for Xu Ming to kill them!

boom!

Xu Ming withdrew the black giant palm, and also withdrew the suppression of time and space.

Tens of thousands of true cosmic geniuses suddenly felt light on their bodies, and they felt that they had regained their freedom; however, no one dared to run around. After all, if Xu Ming can easily suppress them once, he can easily suppress them a second time; in front of Xu Ming, there is no point in running away.

Sure enough, Xu Ming's voice sounded indifferently: "If you want to die, you can go now!"

Want to die, can go?

The threat in the words could not be more obvious - whoever leaves, whoever dies.

"Don't want to die..." Xu Ming continued, "Hand over all the treasures on your body! Let me see if these treasures are enough for you to redeem your own lives!"

Although Xu Ming didn't really want to kill these true cosmic geniuses, he couldn't just let them go. If the wild goose is plucked, it must be a wave!

"This..." The true cosmos geniuses glanced at each other, and they all recognized the situation in front of them—people were swordsmen, and I was fish.

Treasures are good, but compared with life, they are not so important.

Soon, there were many geniuses who consciously handed over the treasures; Xu Ming had seen the treasures and felt that the number was just enough, so he let them go.

One after another, the true geniuses of the universe handed over all the treasures on their bodies; the number of treasures in Xu Ming's hands also soared rapidly. The chaotic pro-nucleus easily broke through 10,000, 35, 50,000...

However, what makes Xu Ming a little depressed is: "I have so many weapons and equipment, it seems that it is useless!"

After all, in terms of weapons, Xu Ming couldn't use a few pieces at all; in his hand, it couldn't be exchanged for level 22 hanging points.

At this moment, a real cosmos genius with a small stature walked up to Xu Ming, a little awkward and unwilling to hand over the treasure.

"Huh?" Xu Ming's face sank - is there anyone who is not afraid of death?

"I...I..." The skinny genius gritted his teeth and said, "I have a weapon that is very important to me! I hand it over now, can I redeem it with the primordial chaotic core?"

"Oh?" Xu Ming's eyes lit up - the primordial core of chaos, wasn't that what he wanted?

However, Xu Ming kept his face and asked, "Didn't you hand over all your primordial chaotic cores? Are there still primordial primordial chaotic cores?"

"I can go back to the real universe to get it!" The thin genius explained.

"Well..." Xu Ming pondered for a while, and said, "That's fine!"

Then, Xu Ming said loudly: "Others, whoever wants to redeem the treasures, or want to buy some of the treasures here, can come to me with the Primal Chaos!"

Xu Ming showed the treasure he had seized.

At the end, he also added: "The price is negotiable, and it will be 20% off!"

Equipment or something, Xu Ming is useless; only the original core of chaos, for Xu Ming, is the real hanging point. Before leaving the world of Erzongtian, Xu Ming must find a way to use all these equipments and replace them with the original chaotic core.

Always 20% off! ?

Xu Ming said these words, many geniuses who have been robbed and released have their eyes brightened, and they seem to see business opportunities - although they have been robbed, but if they get the chaotic original core from the real universe, and then from Xu. Ming buys some treasures at a low price and sells them back, maybe not only does he not lose money, but he can also make a small profit!

Immediately, those "free" geniuses rushed to leave one after another; obviously, they were trying to find a way to raise the original nucleus of chaos!

Xu Ming just responded with a smile - he was not interested in other treasures, only in the primordial core of chaos. As long as the chaotic original nucleus can be obtained, even if these true universe geniuses make a small fortune, what's the harm?

...

The entire process of Xu Ming's robbery was watched by the hundreds of millions of troops in the virtual universe.

Stunned: "And this operation!?"

The army of hundreds of millions of virtual universes is really completely stunned!

In the world of Double Heaven, the virtual universe geniuses have always been bullied and even humiliated by real universe geniuses; but now, Xu Ming, who is also a virtual universe genius, has actually suppressed tens of thousands of real universe geniuses. Obedient to post, lined up to accept the robbery!

powerful?

The word "strong" can no longer be used to describe Xu Ming!

More than strong?

It's just a blast!

After Xu Ming's "robbery" was completed, the hundreds of millions of troops in the virtual universe dared to come out with a few representatives, walked carefully to Xu Ming, and respectfully said: "Pre-Senior!"

Xu Ming glanced at it and said nothing.

Xu Ming naturally noticed this army of hundreds of millions of virtual universes. However, he didn't have any intersection with the virtual universe geniuses in the Second World, so naturally he wouldn't take the initiative to say hello.

"Predecessor...Senior!" Several virtual universe representatives continued to tremble, "I also ask senior to accept the offerings of all virtual universe geniuses in our Second Layer World!"

worship?

However, Xu Ming knew it well - to put it nicely, it was to accept the offerings and worship of all the geniuses of the virtual universe in the entire Erzhongtian world; to put it bluntly, it was to help cover them.

Xu Ming didn't have time to cover them.

"Offer?" Xu Ming said with a half-smile, "What can you offer me?"

Several virtual universe representatives were suddenly stunned—yes! What can they offer to Xu Ming? If nothing else, it is said that so many treasures that Xu Ming robbed just now, even if he gathers the power of the entire Second Layer World, he will not be able to collect them!

"This..." Several virtual universe representatives looked at each other in dismay.

At this time, Xu Ming said again: "I will stay in the Erzhongtian world for a while! When I am here, the real genius of the universe will not dare to be arrogant; this period of time should be enough for you to occupy the world of Lotus Heart and defend against the real genius of the universe. ?"

Several virtual universe representatives were instantly overjoyed - as long as they set up a heavy formation in the Lotus Heart World~[www.wuxiaspot.com](http://www.wuxiaspot.com)~, then it is equivalent to controlling the entrance and exit of the Second Layer World! At that time, even if there are real cosmos geniuses who will come to the Second World, they will never dare to be as arrogant as they are now; even, they will have to look at the faces of their virtual cosmos geniuses to do things.

"Go!" Xu Ming waved his hand and said.

For Xu Ming, this kind of thing is just a little effort.

...

real universe.

Eternal Temple.

When Xu Ming robbed the genius of the real universe, Jian Yi took out a black diamond-shaped spar.

His divine power poured into the black spar, and a black figure gradually emerged.

## Break Into Another World

Chapter 1833: never possible

"Jian Yi! You, the peerless genius of the Eternal Palace, why did you think of looking for me?" The black figure had two tentacles on the top of his head, and his hoarse voice contained a hint of playfulness and mockery.

"Hei You." Jian Yi said solemnly, "Help me kill someone."

"Oh?" Hei You Jie smiled and said, "You are in the real universe, and I am in charge of the virtual universe. You and I have never had any dealings... You want to kill, but you come to me?"

"I want to kill a person from the virtual universe!" Jian Yi said directly.

"Haha!" Hei You laughed, "Let's hear it, who is the person from the virtual universe that actually made you angry? But... the ugly words are ahead, please let us take action, the price is not low!"

"Humph!" Jian Yi snorted, without bargaining, and said directly, "I will send you the specific information later! If there is no accident, the target should leave Jiuzhongtian and go to the border of disorder soon after. 'Desperado'!"

"Desperate Day?" Hei You laughed, "Okay! I've written it down! You send me the information, and I will send someone to wait for him in the 'Desperate Day' heaven! - If he doesn't appear in Destiny Day, that can't be blamed on me!"

"It's natural!" Jian Yi snorted coldly, cutting off the communication.

Immediately, Jian Yi sent the latest information on Xu Ming's strength, and specially noted that although Xu Ming is only a cultivation of the realm of all things, he has a "half-rank" level of strength.

"Interesting! Interesting!" Heiyou laughed immediately after receiving the information, "The cultivation base of the realm of all things, but has the strength of half-respect level? What chance does this kid named 'Xu Ming' have? - Then send two If a stronger half-honor goes over, it can be regarded as looking down on him!"

Hei You thought for a while, and then sent the order directly: "Hei and Red Shuangzun, let the two of you go to Destiny!"

Black Half-Zun and Red Half-Zun, this pair of killers have always acted together; therefore, they are called "Black and Red Double Zun". The strength of the two has reached the "seventh-order half-respect"; among the half-respects, it can be regarded as a tyrannical existence!

...

At this time, in the world of Erzhongtian, Xu Ming happily counted his "harvest".

"360,000 chaotic pro-nuclei!"

What is this concept?

This is equivalent to saying that Xu Ming is sitting in a virtual universe like the Divine Phoenix Chaos Realm!

Of course, a chaotic pro-nucleus can be transformed into a virtual universe; however, the value of a chaotic pro-nucleus is still far from being comparable to a formed virtual universe!

After all, to evolve into a virtual universe, in addition to needing a chaotic pro-nucleus as the foundation, it also requires a great power at least at the level of the world master, and it takes a lot of energy to evolve! This derivation is countless billions of epochs!

Also, these are not the most critical!

The most important thing is... those rule makers who stand at the top of the disordered border are no longer allowed to randomly appear in a virtual universe!

After all, if a World Lord controls a virtual universe; then, even the Supreme Being is difficult to attack—and this is definitely not what the rule-makers of the disordered frontier would like to see!

Therefore, in the entire field of disorder, once there is a world master or a demigod who wants to derive a virtual universe, it will immediately attract siege. Unless it is a supreme-level power, it will be allowed to derive one or two virtual universes.

It is precisely because of this... a chaotic original nucleus, although it can be derived into a virtual universe, but in terms of value, it is still far from a virtual universe!

Of course, even so, if a piece of chaotic original nucleus appeared in the border of disorder, it would be enough to attract competition from many forces! And Xu Ming now has 360,000 chaotic pro-nuclei!

Just don't be too rich!

"Xiaohang, help me convert these chaotic original cores into level 22 hanging points!"

Everything is inferior, only hang up!

After making a fortune, Xu Minghua started to hang up at level 22, and he was no longer so stretched! - Needless to say, give Jianyi a "three-draw" package first!

Snapped! Snapped! Snapped!

Xu Ming spent 300 points on level 22 hanging points. And far away in the Eternal Palace of the True Universe, Jianyi has three more palm prints on his face.

"Xu Ming! Xu Ming!!" Jian Yi gritted his teeth in anger.

...

"Okay, it's time to leave Jiuzhongtian!" Xu Ming secretly said.

Xu Ming wasn't really looking forward to the world of the triple heaven above. After all, when Xu Ming entered Jiuzhongtian this time, he had already gained quite a lot; it was enough for him to spend some time before he could truly transform the gains into his own strength!

"Let's go back to the Divine Phoenix Chaos Realm and take a look!"

Anyway, for today's Xu Ming, it would not be difficult to enter Jiuzhongtian again.

"But there is a problem..." Xu Ming frowned slightly, "Yuan Zun, it is very likely that he is still waiting for me in the Heavenly World..."

Yuan Zun, but a real Supreme Realm powerhouse, not a "half Zun"!

Although Xu Ming escaped from Yuan Zun's hands once, Xu Ming knew that it was because Yuan Zun was careless at that time, so he could escape by chance.

And Yuan Zun will not be careless for the second time!

"But... my strength has soared now, even if I lose to Yuan Zun, it shouldn't be difficult to escape..." Xu Ming secretly said, "Even if you can't escape the fall, there is still an 'immortal mark' that can be resurrected! And, it's just enough. Let me know the strength of Yuan Zun!"

Xu Ming made a decision in his heart - then leave Jiuzhongtian and go to Yuanzun for a while!

Just when Xu Ming was about to leave, Jian Ru came to visit.

Jian Ru was the "No. 1 powerhouse in the virtual universe" in the Second Heaven World; of course, except for Xu Ming.

"Senior!" Facing Xu Ming, Jian Ru behaved respectfully and did not dare to show any disrespect. After all, it was Xu Ming who rewrote the fate of all the geniuses of the virtual universe in the entire Erzongtian world; if not for Xu Ming, the geniuses of the virtual universe would have been bullied by the real geniuses.

"What's the matter?" After several contacts~[www.wuxiaspot.com](http://www.wuxiaspot.com)~ Xu Ming also knew Jian Ru; when he was in a good mood, he would occasionally chat with him.

"Senior!" Jian Ru's eyes were full of piety and enthusiasm, "How can I catch up with you?"

"To catch up with me?" Xu Ming smiled and said lightly, "It will never be possible!"

This answer was already a more polite answer from Xu Ming.

If you're not polite, Xu Ming would probably just slap Jian Ru away when he heard this question and let him go.

Jian Ru heard the words, and there was no surprise, let alone depression.

After thinking for a while, Jian Ru asked again: "Then... Senior, when will I be able to have the strength you have now?"

Xu Ming looked at Jian Ru, smiled, and said, "Wait until you have the strength of 'invincible under the Supreme'!"

## Break Into Another World

Doomsday.

skyline.

In the heavenly realm, although there are countless strong people who come and go, in normal times, there are not many strong people who are above the cultivation level. As for the powerhouses at the semi-exalted and supreme levels, it is even more rare to see them.

But at this time, there are four or more powerhouses hidden in the heaven of Destiny Heaven!

One, of course, is Yuan Zun, he is a real Supreme; in terms of strength, it is not something that can be compared with the Half-Zun!

There are two, "Black Banzun" and "Red Banzun", both of them are super powerhouses of the seventh rank of Banzun, and they are also invited by Jianyi to deal with Xu Ming.

There is another person, also a half-zun, who is an elder of the Temple of Destiny - Jueyun Banzun.

"Xu Ming dares to kill the genius of the Temple of Death, I can't forgive it!" Jueyun Banzun's eyes were cold, and he sat cross-legged as if he had not moved for a long time. All of them seemed to flick their fingers; therefore, Jueyun Banzun had patience, and stayed here to keep Xu Ming coming out of Jiuzhongtian.

Previously, before Xu Ming entered Jiuzhongtian, he had killed the genius of the Temple of Destiny in the Heavenly Realm because of his relationship with the "Wu Yuan" in the Qinglei Realm. Naturally, that incident could not be concealed from the eyes and ears of the Temple of Destruction; therefore, Banzun Jueyun was dispatched to suppress Xu Ming.

The three forces, one supreme and three semi-exalted, were all squatting and guarding Xu Ming in the heaven of Destiny Heaven.

The four great powers were not anxious at all; they had patience and waited forever in the heavenly realm.

Swish! Swish! Swish! ...

One after another figure came out from the nine days.

Every figure that appeared, could not escape the glances of the three parties. After confirming that it is not Xu Ming, I will let it go.

Swish!

Another figure appeared.

But this time, the three-party almighty all changed their expressions, and then immediately stood up.

"Xu Ming!"

"It's finally here!"

call out-

Banzun Jueyun was the fastest, and he was the first to arrive in front of Xu Ming in a flash. This does not mean that Banzun Jueyun is the strongest; on the contrary, his strength is the highest among the four great masters. Among them, it is the weakest, only half-respected first-order!

Because he was the weakest, he was most worried about Xu Ming escaping, so he rushed the most urgently.

On the other hand, Yuan Zun and Black and Red Shuangzun were quite confident in their own strength, so they came here a little bit in a hurry.

"Xu Ming, you are finally willing to come out!" Jueyun Banzun sneered.

"Are you...?" Xu Ming glanced at him, not impressed.

If it was before entering Jiuzhongtian, Xu Ming would really be a little bit afraid of a half-respected person. But now, he's obviously just a low-level half-honor, and he really doesn't even have the qualifications to let Xu Ming face it!

After all, Xu Ming's own strength is already above the fourth rank of half-respect!

The half-respected first-order Jueyun half-respect? With a slap, it will fly away!

"What? Dare to kill the genius of the Temple of Death, don't you know what the consequences will be?" Banzun Jueyun said with a sneer, "I am the elder of the Temple of Death - Banzun Jueyun!"

"Oh! Got it!" Xu Ming said lightly. However, his eyes did not fall on Jueyun Banzun at all; because Xu Ming saw that there were two high-ranked Banzun flying towards him.

"Who are those two...?" While Xu Ming was puzzled, he also raised a little bit of alertness. However, it was only a little bit of vigilance; Xu Ming put more energy on the side of Yuan Zun who had not yet appeared!

Xu Ming was almost certain that Yuan Zun was definitely there!

It's just that Xu Ming didn't know which corner Yuan Zun was in! -Compared with the threat of Yuan Zun, the threats of these three half-zuns in front of you are a bit insignificant!

"Huh?" Jueyun Banzun saw that he had already declared his name. Instead of being frightened, Xu Ming looked a little absent-minded and couldn't help being furious. He is a dignified Banzun, so how could he endure being like Xu Ming? Ignore the "world of all things"?

"you wanna die!"

But at this moment, Jueyun Banzun also found the approaching black and red twins.

Jueyun Banzun seemed to have thought of something and said, "It turns out that you have a helper, no wonder you look so confident!"

"Help?" Xu Ming was startled. Immediately understood, this Jueyun Banzun must have misunderstood!

However, before Xu Ming had time to explain this misunderstanding, Jueyun Banzun had already greeted the black and red twins.

Although the Jueyun Banzun is much weaker than the Black and Red Shuangzun, his aura is not weak at all: "Two! This Xu Ming belongs to our Temple of Destiny. You can't take him away!"

The implication of Jueyun Banzun is actually: Xu Ming is the enemy of the Temple of Destiny, you two can't try to keep him!

It's just that the words he said were somewhat "ambiguity". Hearing it in the ears of the black and red two honored people, it was understood: This Xu Ming is a member of our Temple of Death, you can't hurt him!

"The Temple of Destiny?" Hei Banzun's face was already dark, but it was even darker when he heard that.

"Not bad!" Jueyun Banzun's aura was lifted, and he seemed to want to use the name of the Temple of Destiny to suppress the other party, "I also ask the two of you to give me a face to the Temple of Destiny!"

Hearing the words, the Black and Red Shuangzun naturally mistakenly thought that Banzun Jueyun was trying to protect Xu Ming.

"Is the face of the Destiny Temple very valuable?" Hei Banzun sneered directly. The forces behind him are not afraid of the Temple of Death!

"What do you mean, are you going to be my enemy of the Temple of Destiny?" Jueyun Banzun shouted angrily.

Snapped!

Hong Banzun, who has not spoken, raised his hand and slapped: "Even if it is an enemy, so what!?"

"You... deceiving people too much!" Banzun Jueyun mistakenly thought that the two semi-exalted seventh-rank powerhouses wanted to "protect Xu Ming"; thinking of this, Banzun Jueyun felt that he was impossible to deal with today. Xu Ming was over, so as soon as he gritted his teeth, he turned around and left!

However, when he was leaving, Banzun Jueyun did not forget to say harshly: "You wait for me! In the fateful day, no one dared not give us the face of the temple of fate!"

"Ha!" The black and red twins sneered, "We'll wait."

They are black and red in the second quadrant, so why are they afraid of who will come?

...

Xu Ming looked at Jueyun Banzun being slapped and left angrily; he looked at the black and red duo, and couldn't help but said, "That what... Have you misunderstood?"

Of course Xu Ming could see that the black and red twins were also aimed at him, and the people who came were not good. Obviously, the black and red twins and Jueyun Banzun have misunderstood each other.

"Misunderstanding?" Black and Red Shuangzun sneered, "No! There is no misunderstanding! We are here to kill you!"

Black and Red Shuangzun didn't know that the "misunderstanding" that Xu Ming was talking about and the "misunderstanding" they thought were actually two different things.

Hei Banzun sneered: "Xu Ming, now, your helper has been directly scared away, you are not ready to capture it?"

Hong Banzun also sneered: "Our black and red twins join forces. Under the Supreme, there is almost no opponent! Today, unless you can invite a Supreme, otherwise, no one can protect you!"

"Haha..." Hei Banzun also sneered, "If you can invite the Supreme, today, even our brothers will admit it!"

The voice of the black and red double honors just fell...

"Xu Ming!" Yuan Zun appeared out of nowhere, stepping on the void with his feet, the air pressure is eternal, and he came from the sky.

Seeing this, the black and red twins all changed their faces: "Supreme Venerable Realm powerhouse!?"

## Break Into Another World

Chapter 1835: Son, you are here!

"Supreme Realm Powerhouse!?"

The black and red twins are not the powerhouses of "Destiny", but from other territories of the disordered frontier.

And Yuan Zun, in "Despairing Heaven", is only a relatively common and low-key Supreme Being; therefore, the black and red two nobles do not recognize Yuan Zun, nor do they know the relationship between Yuan Zun and Xu Ming.

However, when the black and red duo saw Yuan Zun walking aggressively and shouting Xu Ming's name, they immediately misunderstood, thinking that Yuan Zun was Xu Ming's helper.

"This kid, there is actually a Supreme Realm powerhouse standing behind him..." The black and red twins looked at each other and were secretly depressed, "When the main hall sent us here, they didn't even tell us such important information. !"

Even if the black and red duo join forces, they can even match the existence of the ninth-order half-lord; however, the two know how big the gap between them and the supreme is!

They knew that if the supreme being in front of him wanted to protect Xu Ming, then the two of them would never hope to kill Xu Ming today!

Between the lights and flint, the black and red twins did not think that the supreme being in front of him was not Xu Ming's helper, but Xu Ming's enemy.

"Humph!" Hei Banzun snorted coldly in his heart, and sent a voice transmission to Hong Banzun, saying, "The person we are going to kill in the Black Tribulation Hall has not been able to survive! What about the supreme powerhouse? Let's meet him. !"

"Yes!" Hong Banzun also said, "If he knows the appearance, then forget it! If he does not know the appearance, then don't blame our Black Tribulation Hall for being rude!"

"Go!" The black and red twins looked at each other, and then flew to Yuanzun in unison.

"Huh?" Yuan Zun, who was flying over, couldn't help but sank slightly.

"Where are the two semi-respected seventh-order powerhouses?" Yuan Zun couldn't help but be a little puzzled.

You must know that Yuan Zun is very clear about the grievances between Xu Ming and the Temple of Death! -Before, when Xu Ming had not entered Jiuzhongtian, and before Yuan Zun had reached the Heavenly Realm of Destiny, Xu Ming had a conflict with the Temple of Destiny because of "Wuyuan", and killed Juejue. There are many geniuses in the Temple of Life.

So just now, when Yuan Zun saw Banzun Jueyun, he knew that Banzun Jueyun was here to seek revenge for Xu Ming.

However, Yuan Zun then saw that Jueyun Banzun was beaten away by these two semi-exalted seventh-order powerhouses before he could make a move!

"These two semi-respected seventh-rank powerhouses beat Jueyun Banzun away. It seems that they should be Xu Ming's helpers!" Yuan Zun secretly said, "They flew towards me, I am afraid they want me to give Them save Xu Ming's life with their own face!"

The Black and Red Shuangzun mistakenly thought that Yuan Zun was Xu Ming's helper, and Yuan Zun mistakenly thought that the Black and Red Shuangzun was Xu Ming's helper.

"This Xu Ming is a bit of a skill!" Yuan Zun narrowed his eyes slightly, "You can actually invite two and a half seventh-order powerhouses to protect him! Humph! Even so, so what? - Two and a half venerables Seventh-order, in my eyes, is still not enough to see!"

Thinking of this, Yuan Zun's eyes became a little more cruel. I secretly said in my heart: I will also teach these two half-honors a lesson when I look back!

Soon, the black and red twins greeted Yuan Zun.

"Dare to ask what this supreme being is called?" Hei Banzun said coldly.

"Yuan Zun!" Yuan Zun's expression sank slightly, "Aren't you from 'Destiny Heaven'?"

If it is a half-zun of "Destiny Heaven", generally speaking, it is impossible not to know the name of "Yuanzun".

"We are members of the Black Tribulation Hall!" Hei Banzun said directly, "Yuanzun, I respect you as a supreme powerhouse, but... please give us the Black Tribulation Hall a face!"

Black Tribulation Hall?

Hearing these three words, Yuan Zun couldn't help but secretly startled - the Hall of Black Tribulation, but the top forces in the entire second quadrant, and even the entire disordered frontier!

However, although Yuan Zun was surprised, he didn't really care. After all, a strong dragon does not overwhelm the snakes; no matter how strong the Black Tribulation Hall is, it is not a force of "Destiny Heaven"; and Yuan Zun, as a strong person in the Supreme Realm, will not be frightened by the word "Black Tribulation Hall". live.

"I didn't expect that Xu Ming still has such a relationship..." Yuan Zun thought to himself, "Could it be... is it a chance to make friends in Jiuzhongtian?"

Although he was surprised in his heart, on his face, Yuan Zun still maintained the arrogance of the Supreme Realm powerhouse: "Why should I give you the face of the Black Tribulation Hall?"

"What do you mean... are you going to be the enemy of our Black Tribulation Hall?" Hei Banzun said coldly.

"It can't be said to be an enemy!" Yuan Zun said lightly, and then pointed to Xu Ming, "But... on his issue, there is no discussion!"

Yuan Zun means: I want to deal with Xu Ming! If you want to protect him, there is no need to discuss it!

However, when the Black and Red Shuangzun heard it, they mistakenly thought: If you want to deal with Xu Ming, there is no need to discuss!

"Yuanzun!" Hei Banzun suddenly shouted coldly, "You have to think clearly, what will happen if you are an enemy of our Black Tribulation Hall!"

"Huh?!" Yuan Zun's face suddenly sank, "You threaten me?"

Snapped! Snapped!

Yuan Zun slapped the two slaps directly, and turned over the black and red twins: "Just the two of you, dare to threaten me!?"

"You..." The black and red twins are angry and powerless - the strength of the Supreme Realm powerhouse is far beyond them, and it is definitely not something they can deal with!

"You...you wait for me!" The black and red twins put down their harsh words and fled in embarrassment.

...

"This..." Xu Ming was a little stunned, "Why did you fight again... And you beat these black and red twins away..."

Xu Ming was a little speechless - didn't these three parties all come to kill him? Why did the dog bite the dog and bite so hard?

boom!

At this time, Yuan Zun leisurely stepped towards Xu Ming - the surrounding time and space were already under his control; he no longer worried that Xu Ming would use "time pause" as last time to escape.

Xu Ming looked at Yuan Zun and suddenly smiled: "Son, you are here!"

Before, when Yuan Zun was blocking Xu Ming, he boasted to Haikou: "If you can escape into Jiuzhongtian, I can call you father all right!"

Then ~[www.wuxiaspot.com](http://www.wuxiaspot.com)~ Xu Ming really ran into Jiuzhongtian in front of Yuan Zun.

Now, Xu Ming came out of Jiuzhongtian, but he still remembered clearly what Yuan Zun said at the time - there is a supreme being who calls himself Dad, Xu Ming feels that it is difficult to accept it.

When Yuan Zun heard Xu Ming's words, he almost vomited blood - of course he also remembered the Haikou that he had boasted about.

"Just taking advantage of words!" Yuan Zun snorted coldly and said, "Now, the two half-zuns who protected you have run away, I want to see who else can protect you!"

"Protect me?" Xu Ming said speechlessly, "Did you have any misunderstanding just now? - The black and red twins who were driven away by you are here to kill me!"

"Kill you?" Yuan Zun was taken aback.

"Yeah!" Xu Ming said, "I offended people in the Jiuzhongtian world. No, as soon as I came out, a killer came to me!"

Chapter 1836: permanent modification

"puff!"

After listening to Xu Ming's words, Yuan Zun just wanted to vomit blood - he just thought that the black and red twins were Xu Ming's helpers; therefore, even if they offended the Black Tribulation Hall, they would also be driven away.

But now... Xu Ming told him that the two were not "helpers", but "killers".

"I..." Yuan Zun's mood was as if galloping horses - if he had known that they were killers, what could not be discussed? Yuan Zun didn't need to beat them away at all, just discuss with them \*\*\*\* Xu Ming!

Yuan Zun's mood is really wonderful when he thinks that he has offended the Black Tribulation Hall for no reason and foolishly!

"Humph!"

Yuan Zun snorted coldly, and secretly said in his heart: If you are offended, you will be offended! The big deal is to go back and pay some gifts, and then talk about this matter!

"It's all because of you..." Yuan Zun looked at Xu Ming and gritted his teeth, "This time, I'll see how you can escape! I want you to fly even if you put your wings on it!"

escape?

This time, Xu Ming did not want to escape, but planned to meet Yuan Zun's true strength for a while!

"Slave me!"

boom!

Yuan Zun's eyes have become extremely strange in vain, as if the universe is reincarnated, all evolving in his eyes - it is the soul slavery secret skill that Yuan Zun has recently cultivated!

but...

Bang!

When this enslavement secret technique fell on Xu Ming, it naturally fell into the sea and did not have the slightest effect on Xu Ming.

"Huh? Can't be enslaved?" Yuan Zun was startled, "I'll beat you to serious injuries first, and then I'll see if I can enslave you!"

boom-

Yuan Zun suddenly shot, and punched Xu Ming with a punch - this punch was naturally a test, and did not use his real strength! After all, the reason why Yuan Zun wanted to deal with Xu Ming was to use Xu Ming's hand to help himself obtain the supreme divine weapon left by Huang Zhizun; if he killed Xu Ming with one punch, it would mean nothing to Yuan Zun!

And at the moment Yuan Zun shot, Xu Ming also shot!

Yuan Zun was merciful, but Xu Ming would not be merciful, and directly broke out his strongest strength - the peak of the fourth-order half-zun! It's close to the fifth-order half!

How could Yuan Zun have thought that Xu Ming, who is only a cultivator of the realm of all things, can actually reach the half-respect level, and he is still "the peak of the fourth-order half-respect"!

boom-

Yuan Zun's fluttering fist was directly blasted away by Xu Ming's spear.

After that, Xu Ming's spear continued to smash directly into Yuan Zun's face.

The long gun hits the face!

boom! !

The unfortunate Yuan Zun was directly shot in the face by a shot.

The attack of this shot naturally failed to cause any substantial damage to the Supreme-level Yuan Zun; but... this shot in the face really smashed Yuan Zun's face!

In the "Destiny Heaven" heaven, it is not only Xu Ming and Yuan Zun; there are also many great masters in the Nirvana realm and the domain master realm, all of whom live in the heavenly realm.

When Xu Ming smashed Yuan Zun's face with this shot and smashed him into the air, he was naturally seen by many experts.

"That's... Yuan Zun?"

"Yuan Zun was actually... smashed into the air by a shot from a realm of all things? Moreover, the shot was still smashed in the face..."

"what's the situation!?"

...

Yuan Zun was both ashamed and shocked.

He was ashamed and angry that he was actually shot by Xu Ming and became a laughing stock.

What is shocking is that Xu Ming actually has the strength of a half-rank fourth-order peak!

"Your strength..." Yuan Zun couldn't help but panic - Xu Ming's strength is strong, this is one aspect! What's more, Xu Ming's strength has improved so fast and appallingly!

How long does it take! He actually has the strength of a half-rank fourth-order...

"This kind of enemy must never be allowed to continue to grow!" Yuan Zun even began to worry that if he continued to let Xu Ming grow up, then when he met Xu Ming next time, it might not necessarily be Xu Ming. Ming's opponent!

"Today, I have to make a conclusion with Xu Ming!" Yuan Zun was ruthless, "If you can enslave, then you will be enslaved; if you can't be enslaved, just kill him here!"

"kill!!"

Thinking of this, Yuan Zun directly raised his exposed strength to the level of "half-respected ninth-order"! - An attack of the ninth-level half-respect is enough to severely damage a half-respected fourth-order!

Injury first, slavery later! This is Yuan Zun's idea!

boom!

Another attack came.

This time, Xu Ming finally felt a strong oppression. With Xu Ming's current strength, he was finally unable to resist such a tyrannical attack.

boom!

With one move, Xu Ming, who was half-ranked with fourth-order strength, was directly seriously injured!

However... Xu Ming practiced "Divine Phoenix Immortal", and even if he was seriously injured, he could recover instantly.

Before Yuan Zun made his second shot, Xu Ming's divine body returned to its peak state, and he was not weak at all.

"Divine Phoenix is immortal, it's really annoying!" Yuan Zun secretly said, "He has practiced 'Divine Phoenix Immortality', I want to kill him weak, and then enslave him, this is too difficult! - Forget it! Don't think about it Enslaved, just kill it!"

Killing "Divine Phoenix Immortal" is much easier than letting "Divine Phoenix Immortal" fall into weakness!

Yuan Zun is about to go all out...

However, at this moment, Yuan Zun was horrified to find that Xu Ming's momentum had changed. To be precise, Xu Ming's "cultivation" has changed!

In the previous moment, Yuan Zun clearly saw clearly that Xu Ming's cultivation base was only "the realm of all things"; but at this moment, Yuan Zun saw that Xu Ming's cultivation realm had become "nirvana realm".

Yuan Zun didn't think that Xu Ming had hidden his cultivation base before - after all, his cultivation base was so different from Xu Ming's, it was impossible for Xu Ming to hide his cultivation base in front of him!

But if he didn't hide his cultivation, then why did Xu Ming change from "the realm of all things" to "the realm of Nirvana" in less than a breath? - This is impossible!

impossible?

In front of Ming brother who is hanging up, nothing is impossible!

For other geniuses~[www.wuxiaspot.com](http://www.wuxiaspot.com)~ No matter how talented or defiant the sky is, the breakthrough from the realm of all things to the realm of nirvana will definitely have a relatively long cultivation process!

But Xu Ming is different - as soon as Xu Ming opens the "Attribute Modification" link, he directly changes the cultivation base from "The Realm of Everything" to the "Peak of Nirvana Realm"!

And... this time, Xu Ming's revision was not a "temporary revision", but a "permanent revision"! In other words... Xu Ming's cultivation level is no longer in the realm of all things, but has truly reached the peak of Nirvana realm!

Chaos Realm, Mysterious Yellow Realm, Great Desolation Realm, All Things Realm, Destruction Realm, Nirvana Realm—every realm is a deeper understanding of Chaos Supreme Dao!

At the moment when Xu Ming changed his cultivation base to "Peak of Nirvana Realm", all the mysteries of Chaos Supreme Dao are no longer secrets in Xu Ming's eyes!

Moreover, Xu Ming was even more horrified to see... the Chaos Supreme Dao, who had fully comprehended, and his "True Self Dao" actually began to merge directly!

## Break Into Another World

Chapter 1837: Xu Ming must die

Chaos leads to the Tao, and the Tao of the true self is actually two completely different paths of cultivation.

Chaos is the Dao, and what we comprehend is the operating rules of the chaotic universe. The threshold for cultivation is the lowest, and the practitioners are the most, but... it is also the weakest cultivation path in the universe! Even if you cultivate to the extreme, it is only the strength of the "peak Nirvana realm".

The way of the true self is to create the "Dao" by oneself; some stronger "the way of the true self", such as Xu Ming's "True Self of Nothing", can even be comparable to the prototype of the Chaos Supreme Dao! - Self-created rules, the threshold for cultivation is naturally much higher, and the number of cultivators is also much smaller; moreover, the end of cultivation is much farther than the Chaos to Dao!

For example, if one cultivates the "True Self Way" to the third rank of the true self, the strength can even be infinitely close to the World Lord, or even directly comparable to the World Lord!

but...

There is also a hurdle in practicing "the way of the true self"!

This hurdle is: the process from "the third-order true self" to "condensing the flower of the true self" must first be approved by the rules of the universe's operation!

The rules of the universe's operation have recognized you, and they believe that the "flower of true self" you are about to condense will not endanger the normal operation of the universe. Only then will you be allowed to condense the "flower of true self". Otherwise, the rules of the universe will suppress you and will not allow you to condense the "flower of true self".

The rules of the universe's operation are invisible and invisible; even the weak and weak cannot feel the existence of the rules of the universe's operation.

However, the rules of the universe are everywhere, and once it shows its power, it will appear extremely overbearing! Whether it is the real universe or the virtual universe, no matter what level of powerhouse, it must follow the rules of the universe!

And now, Xu Ming's "Practice of Chaos" and his "True Self" merged with each other. In fact, it was the process in which the rules of the universe were recognizing him!

If the fusion is completed, it means that the rules of the universe have approved him! Xu Ming can not only increase his strength, but also find a way to condense the "flower of true self" and break through to the domain master realm!

"Is this what it feels like to fuse itself with Chaos to Dao?" Xu Ming felt that his divine body seemed to be soaked in the ocean; a vast and invisible force was rapidly increasing his strength.

"Huh?" Of course Yuan Zun also noticed this change in Xu Ming.

"What secret is hiding in this kid!?" Yuan Zun was surprised, and even felt a deep panic, "Whatever secret he has, kill him first!"

Yuan Zun no longer dared to let Xu Ming grow up for another second!

Because every second, Xu Ming's strength will be stronger by one point!

boom!

Yuan Zun strikes again!

This time, Yuan Zun has no reservations, directly showing the strength of the "Supreme Realm"!

"Die!" Yuan Zun's eyes filled with murderous intent.

A single blow at the supreme level is enough to kill a "half-rank fourth-order" in one move!

"If 'Divine Phoenix Immortal' is cultivated to the extreme, even if it is killed, it can be reborn from nothingness!" Yuan Zun seemed to have some understanding of "Divine Phoenix Immortal", "But...even if Nirvana is reborn, it is not endless. Stop it! Once Nirvana is reborn, the strength will be weaker by one point; if the number of kills is too many, then Nirvana will never be reborn again!"

Yuan Zun sneered in his heart: "Like at the beginning, Huang Zhizun was besieged by many Supreme Realm powerhouses and reborn too many times, so he fell into a state of incomparable weakness! Although he finally escaped, he was surrounded by a group of realms. The master sneak attack not only occupied his virtual universe, but also suppressed and sealed him!"

In Yuan Zun's view, Huang Zhizun's experience was simply a tragedy!

Of course, having said that, if Huang Zhizun hadn't practiced "Divine Phoenix Immortality"; I'm afraid he would have died directly under the siege of many Supreme Emperors.

"But in any case, Xu Ming, you must die today!" In the eyes of Yuan Zun, there was determination to kill.

but...

After Xu Ming modified his cultivation, is his strength still only "half-ranked fourth-order"?

of course not!

The higher the cultivation base, the higher the perception of Chaos to Dao, which can make the "True Self" exert stronger power - for example, in the world of the first layer, the "Original No. 1" strength of the Primordial All Things Ranking, Barely comparable to the "First-Order Boundary Master"; but in the second-level world, the genius of the first-ranked Primordial Destruction Ranking is comparable in strength to the "Three-Order Boundary Master".

Whether it is the "Prime One List" or the "Prime Destruction List", they are all third-order "God-quality True Self"; but why is there such a difference in strength? -It is because the genius of the second-layer world has a higher cultivation base and a deeper understanding of the Chaos Supreme Dao!

And now, Xu Ming's cultivation has reached the "peak of Nirvana realm", and he has completely comprehended the Chaos Supreme Dao! His strength, of course, is also rising - directly from "half-rank four" to "half-rank eight"!

Moreover, because Xu Ming's "True Self" is merging with the Chaos Supreme Dao, his strength continues to soar! When the fusion is completed, Xu Ming's strength may be able to reach the "ninth rank of half-respect"!

It is only one step away from the Supreme Realm!

At that time, even if you lose to Yuan Zun, it will not be far behind!

As for now... Yuan Zun wants to kill Xu Ming, who has the strength of "Half Zun Eighth-Order" in one move, obviously it is still too naive!

boom!

After a collision, although Xu Ming was obviously at a disadvantage and even seriously injured, this time, his injury was obviously not as serious as the last time!

Swish!

Under the nourishment of the "Divine Phoenix Immortal Body", Xu Ming's divine body completely recovered, without a trace of weakness.

"What!?" While shocked, Yuan Zun's intention to kill Xu Ming was even heavier - he had a hunch that if he couldn't kill Xu Ming today, I'm afraid he would never be able to kill Xu Ming! When we meet again next time, maybe Xu Ming will chase after him and fight!

"Xu Ming...must die!"

Yuan Zun is really serious, even, he has already regarded Xu Ming as an opponent of the same level, and dare not despise him any longer!

"Xu Ming, I'll let you know - in the face of the absolute strength gap, even if you cultivate the 'Divine Phoenix Immortality', it won't help!" Yuan Zun shouted coldly.

"Really?" Xu Ming smiled disdainfully~[www.wuxiaspot.com](http://www.wuxiaspot.com)~ Then...

boom! !

Xu Ming's divine body immediately burst into flames!

It seems to burn the divine body, but in fact, Xu Ming is not really burning the divine body, but has opened a new function of the plug-in: infinite blue!

"Infinite Blue: The host can burn the divine body wantonly, but the divine body will not be damaged! This function is free!"

Want to burn the body of God!

And don't consume hanging points!

Xu Ming's strength has already reached the "eighth-order half-respect"! As soon as "Infinite Blue" was turned on, the strength instantly soared to "the peak of the "half-rank ninth-order"! - The strength of the level of the Supreme Realm is just a thin line!

(End of this chapter)

## Break Into Another World

Chapter 1838: Not enough hangs?

"Ha ha ha ha..."

Yuan Zun laughed directly when he saw Xu Ming burning the divine body.

"You chose to burn the divine body so soon? - Divine Phoenix is immortal, and with the burning divine body, your idea is really good! No matter how you burn, your divine body will instantly recover to perfection, and it will always maintain its peak state!"

Looking at Yuan Zun's appearance, it is obvious that he has more than a little understanding of "Divine Phoenix Immortal"!

"But...you think that burning the divine body has no price? Oh! How is it possible! - Every time you burn, there is a price! The faster you burn, the faster you die!"

"Pick me up again!!"

Yuan Zun's attack was overwhelmingly crushed.

The terrifying power shook the entire heaven.

At this time, among the heavenly realms, the strongest ones are just some ordinary domain masters. In the eyes of these ordinary domain masters, the time and space have been completely chaotic; with their strength, it is completely impossible to see the scene of Xu Ming and Yuan Zun fighting in the chaotic time and space, only that the two sides are fighting fiercely.

"That Xu Ming, his strength is really strong! Facing Yuan Zun, he can still make such a big move!"

"Yeah! Being able to struggle under the Supreme Realm for so long! This Xu Ming, even if he dies and disappears, is considered a glory!"

"Maybe, it's not that Xu Ming is struggling, but... Yuan Zun is deliberately ravaging Xu Ming to prevent him from dying easily!"

The powerhouses in the heavens are all guessing about the battle between Xu Ming and Yuan Zun.

at this time...

Yuan Zun's full blow had already reached Xu Ming.

boom!

With one blow, Xu Ming's divine body was damaged again, but with the blessing of "Divine Phoenix Immortal", it was restored to its original state in an instant.

boom!

In the next moment, Yuan Zun's attack arrived again!

Xu Ming was injured again!

boom! boom! boom! boom! ...

Yuan Zun's strength, after all, crushed Xu Ming's front line. This is the line, so that every time he attacks, Xu Ming can be injured not too lightly or not seriously.

"Humph!" Yuan Zun snorted coldly, "When I hurt you a million times, a million times, a billion times, I don't believe I can't kill you!"

The fight at the supreme level, even if it is hundreds of millions of attacks, is only an instant!

However, Xu Ming laughed: "Hurt me a million times, a million times, a billion times? - Yuan Zun, you think too highly of yourself, don't you?"

In fact, with the continuous integration of "The Way of Chaos" and "The Way of True Self", Xu Ming's strength has been improving all the time; when the fusion is completed, Xu Ming's strength will probably reach the Supreme Realm!

At that time, it will be at the same level as Yuan Zun! And Yuan Zun, never imagined that he could hurt Xu Ming so easily!

but...

Xu Ming is too lazy to wait!

Don't be too lazy to wait for the fusion of "The Way of Chaos" and "The Way of True Self" to be completed!

"Ha!" Yuan Zun sneered disdainfully, "Is it possible, what other cards do you have..."

Yuan Zun said, his voice became softer and softer - he was horrified to see that ten clones appeared beside Xu Ming!

Although the momentum of these ten clones is weaker than Xu Ming's body, they are all at the same level of power.

"Unlimited Avatar" hang, open!

Xu Ming looked at Yuan Zun jokingly: "You said, what other cards do I have?"

One-on-one, Xu Ming slightly loses to Yuan Zun, so what about "Eleven" vs. "One"?

Moreover, since Xu Ming has opened the "unlimited clone" link, it is not an "eleven-to-one" problem!

In the first instant, eleven "Xu Ming" hit Yuan Zun one!

The second instant, twenty-one-one!

The third moment, forty one to one!

Eighty-one to one!

One hundred and sixty one to one!

...

Xu Ming's avatar split at a terrifying speed!

With a flick of a finger, the number of clones has already reached thousands!

boom! boom! boom! boom! ...

Yuan Zun, who was talking nonsense a moment ago, was hit so hard that he couldn't lift his head!

Xu Ming's deity didn't even bother to participate in the battle! Instead, he made a chair, sat down directly in the void, crossed Erlang's legs, and smiled as he watched thousands of clones besiege Yuan Zun!

Swish!

In Xu Ming's hand, he turned into another glass of fine wine and drank it leisurely: "You have to force me to hang up, really!"

As soon as the "infinite avatar" was hung up, the situation of this battle changed directly - from Yuan Zun crushing Xu Ming, to Xu Ming crushing Yuan Zun!

As the saying goes, more ants kill elephants!

At the beginning, Yuan Zun could fight back occasionally; but as the battle progressed, it gradually became a target that could only be hit!

"This... what kind of means!" Yuan Zun was so abused that he wanted to cry.

Previously, in the "Ancient Relic Realm" of the Divine Phoenix Chaos Realm, Yuan Zun had seen Xu Ming use the "infinite clone" method. But at that time, Xu Ming's strength was still weak after all; Yuan Zun thought that Xu Ming had obtained "mirror treasures" or something, so there were so many clones.

At that time, although Yuan Zun was shocked, he did not take it to heart—in his opinion, this "mirror treasure" would not be used a few times at all; moreover, when Xu Ming's strength became stronger, he would definitely not be able to use it!

But now, Yuan Zun found that he obviously guessed wrong!

Xu Ming's strength is already very close to the Supreme Realm; however, he can still display thousands of clones!

"escape!!"

Yuan Zun dare not continue to fight! He is very wise - running away is the best choice!

"Although I have a deadly feud with Xu Ming, but..." Yuan Zun thought while running away, "As long as I return to my own virtual universe, Xu Ming will never be able to help me!"

The controller of a virtual universe is almost invincible in his own virtual universe!

Just like the Divine Phoenix Realm Master, although he is only at the realm master level, because he controls the Divine Phoenix Chaos Realm, even Yuan Zun, the Supreme Realm powerhouse, has nothing to do with him! Unless... there are several supreme peak powerhouses who join forces and are willing to pay the price, it is possible to forcibly attack the Divine Phoenix Chaos Realm!

And if the Supreme controls a virtual universe~[www.wuxiaspot.com](http://www.wuxiaspot.com)~ then... no matter how many Supreme Peak powerhouses come, it is impossible to attack by force! Unless it is like "Huang Zhizun", when he is seriously injured, he is cast out by someone.

"Escape! The big deal, I will hide in the virtual universe for a long time in the future, and try not to appear in the disordered border!" Yuan Zun secretly said.

escape?

Xu Ming laughed.

In front of Brother Ming, can you escape if you want to? - Is it because Brother Ming didn't open enough hangers, or did you float?

"Time Pause" hangs up, turn it on!

Of course, Xu Ming's "time suspension" could not directly affect Yuan Zun. After all, if you want to put a powerhouse in the supreme realm into time suspension, you need to pay the price of level 23 hanging point - and Xu Ming has no level 23 hanging point.

However, Xu Ming can make the time and space around Yuan Zun fall into "time pause", in order to hinder Yuan Zun's escape speed.

(End of this chapter)

## Break Into Another World

Chapter 1839: Yuan Zun's Secret

Time and space are like water.

And the space-time in the "time pause" state is like a frozen ice cube.

If you want the stronger power to fall into "time pause", the ice cube must be solidified harder.

Obviously, the "time pause" that Xu Ming is currently showing is far from enough to stop a supreme powerhouse like Yuan Zun.

boom! boom! boom! boom! ...

Yuan Zun's divine body, crushing time and space, is like breaking through layers of glass, constantly smashing the frozen time and space into pieces.

but...

In the process of shattering time and space, Yuan Zun's speed was eventually affected a lot.

Originally, with Yuan Zun's strength and speed, he could easily break out of Xu Ming's heavy siege; but now, under the influence of "time suspension", his speed dropped so much that he couldn't escape for a while.

And Xu Ming took the opportunity to split into more clones.

boom! !

boom! !

Yuan Zun kept breaking free, but he was unable to break out.

"Xu Ming!" Yuan Zun shouted angrily, "You can only trap me for a while! But, you can't even hurt me, let alone kill me. What's the point? You let go. Let me walk on one road, and from now on, you and I will walk halfway up the road, and the well water will not break the river!"

"Does the well water not make the river water?" Xu Ming laughed.

Once, Xu Ming and Yuan Zun, of course, had no grievances, but Yuan Zun took the initiative to provoke Xu Ming again and again.

Now, Yuan Zun found that Xu Ming was not easy to mess with, so he wanted to shake hands and make peace, and he wanted to walk halfway down the road? Is there anything so cheap in the world?

"Xu Ming, what do you mean?" Yuan Zun shouted coldly, "Do you think you can get me by these means?"

As soon as Yuan Zun's voice fell... Suddenly, a strong panic erupted in his eyes.

Immediately after...

Bang!

Yuan Zun's life breath was instantly exhausted; his divine body instantly collapsed and dissipated Xu Ming's thousands of clones. Under the constant siege, he finally triggered the instant kill effect of "life and death".

Yuan Zun, the powerhouse of the Supreme Realm, was instantly killed!

"Why not?" Xu Ming shook his head and sneered.

In Xu Ming's eyes, there is no such thing as "evenly matched". Xu Ming's opponent, either, directly defeated Xu Ming in a crushing manner; as long as he could not crush Xu Ming,

even if his strength was slightly stronger than Xu Ming, he could only be counter-killed by Xu Ming's many cheats!

For example, the current Yuan Zun is a good example!

"Supreme Realm powerhouse?" The corner of Xu Ming's mouth twitched slightly. This was the first Supreme Realm powerhouse he killed with his own hands.

Xu Ming was about to remove thousands of clones, but at this moment...

Whoa!

A group of extremely weak flames appeared out of thin air at the place where Yuan Zun fell.

"This is...?" Xu Ming was startled. One of his clones wanted to go forward and squeeze the flames, but found that the flames seemed to be nothing and could not be touched at all.

Almost in the blink of an eye, this incomparably weak flame soared to more than ten feet! A figure, nirvana in the flames.

"Reborn from ashes?" Xu Ming was shocked, "This is... Divine Phoenix Immortality!? Yuan Zun actually practiced Divine Phoenix Immortality!?"

Divine Phoenix Immortality is undoubtedly an extremely heaven-defying secret technique! However, this secret method was not created by Supreme Huang.

In the border of disorder, there are other great powers who are fortunate enough to obtain this secret method; and Yuan Zun is obviously one of them, and he has practiced it!

"A supreme being who has practiced the 'Divine Phoenix Immortality'!?" Xu Ming's evaluation of Yuan Zun was suddenly several levels higher.

In terms of combat power, Yuan Zun should only be at the bottom of the supreme level. However, Yuan Zun has the "Divine Phoenix Immortal Body" to protect himself, even if it is a more powerful existence in the Supreme, I am afraid it is difficult to kill Yuan Zun!

"Xu Ming!" Yuan Zun came out of the fire, but his expression was so gloomy that he practiced "Divine Phoenix Immortality". This has always been a big secret of Yuan Zun, and it has never been exposed. He would never have imagined that Xu Ming would kill him once today and reveal this secret!

What makes Yuan Zun even more frightened is that he has no idea how he was killed! Originally, Xu Ming's attack could hardly hurt him; but suddenly, without warning, he fell under Xu Ming's attack!

There really is no sign!

Even if he was reborn from the ashes now, Yuan Zun still couldn't figure out how he died before.

"Yuan Zun!" Xu Ming smiled and looked at the other party, "I underestimated you, I never thought that you are still hiding such a hand!"

Yuan Zun's face was ugly: "Now that I know that I have practiced the 'Divine Phoenix Immortality', why don't you let me go? Although I offended you first, you have already killed me once! We The grievances between them are considered to be over, right?"

However, Xu Ming smiled: "You have practiced the 'Divine Phoenix Immortality', even if you kill you ten times, you will not be considered dead!"

"You..." Yuan Zun resisted his anger and said, "Do you think you can really kill me? Since you can't really kill me, what's the point of fighting with me now?"

"Ha!" Xu Ming sneered, "I can't really kill you? If I can kill you once, I can kill you ten, a hundred, or a thousand times! I would like to see if you have become a Divine Phoenix Immortal. , can be reborn several times!"

Divine Phoenix is immortal, almost truly immortal!

However, if you are killed thousands of times, you will still truly fall!

But now, Yuan Zun can't escape the siege of Xu Ming's thousands of clones! As long as the siege time is long enough, the "life and death" hang can really be triggered again and again, and it can really kill Yuan Zun thousands of times!

As long as there are enough kills, the "Divine Phoenix Immortal" will also die!

"You..." Yuan Zun was furious, with a monstrous aura, "Xu Ming, don't deceive people too much!"

Deceiving too much?

Xu Ming snorted coldly now that he knew that he couldn't deceive people too much? Before that, when Xu Ming was still weak, why did Yuan Zun think about it, did he deceive people too much?

"Yuan Zun!" Xu Ming's voice was full of disdain, "If you have the ability, you can escape under my siege! If you have no ability, you can die in peace!"

After speaking, Xu Ming stopped talking. No matter how Yuan Zun roared, he ignored it.

At the same time, Xu Ming also realized that the fusion of "The Way of Chaos" and "The Way of the True Self" is the feeling of arrogant strength!

Xu Ming hung on the "Infinite Blue" and burned the divine body, and his strength had already reached the "peak of the ninth-order half-respect"! However, under the fusion of "The Way of Chaos" and "The Way of True Self", Xu Ming's strength continues to improve!

Even, there is a faint trend of breaking through the "half-honor" level and stepping into the "supreme" level!

"As long as my 'True Self' is recognized by the universe and fully integrated with the 'Supreme Way of Chaos', then my strength should be able to reach the supreme level when I burn the divine body!"

## Break Into Another World

"As long as my 'True Self' is recognized by the universe and fully integrated with the 'Supreme Way of Chaos', then my strength should be able to reach the supreme level when I burn the divine body!"

Xu Ming secretly said.

And now, Xu Ming's "The Way of True Self" and "The Way of Chaos" have completed the fusion, and it's almost time!

"The fusion will be completed soon!" Xu Ming looked at the sky, as if he was looking at the rules of the universe's operation and at the mysterious hand that controls the universe.

Xu Ming felt that the ultimate truth of the universe seemed to be right in front of him, within reach. It also felt as if it was very far away, as if I had turned back into an ignorant child.

hum—

Great sound.

This roar seemed to be resounding in Xu Ming's heart and every corner of the universe at the same time; however, only Xu Ming could hear it.

Xu Ming showed joy: "The fusion is complete!?"

Xu Ming can clearly feel the change in himself!

Originally, although Xu Ming's "True Self" was powerful, it seemed to be rootless!

And now, with the integration of "Chaos to Dao", Xu Ming's "True Self" seems to have found the soil to take root all at once! - With "soil" providing "nutrients", Xu Ming's "true self" can only blossom into "true self flower"!

When the "Flower of True Self" condenses successfully, Xu Ming has truly stepped into the domain master realm!

However...

Xu Ming just showed a hint of joy on his face, and then his face changed suddenly!

"what!?"

Xu Ming was horrified to find that the "Zhaodao of Chaos" was like a fertile soil in the previous moment, providing nutrients for his "True Self"; but at this moment, the "Zhaodao of Chaos", which had just been integrated, suddenly changed. It became a shackle, firmly set on Xu Ming's "True Self"!

The situation has changed suddenly!

"Chaos to the Tao" not only did not increase Xu Ming's strength, but instead blocked Xu Ming's "True Self"!

at the same time...

A chain overflowing with golden streamers protrudes from the space and time around Xu Ming; like a cunning giant snake, it wraps around Xu Ming's divine body.

Xu Ming was not on guard, and the golden chain was branded directly on his divine body!

laugh-

On Xu Ming's divine body, golden chains appear and disappear from time to time.

No matter how hard Xu Ming struggled, he couldn't expel the golden chain from his divine body!

and...

Under the shackles of this golden chain, Xu Ming's strength also began to decline! -His strength has fallen directly from the "half-rank ninth-rank peak" to the "half-rank eighth-rank"!

You must know that this is still under the circumstance of Xu Ming turning on the "Infinite Blue" to burn the divine body; if he does not burn the divine body, Xu Ming's strength may be directly suppressed to the "half-rank sixth-order"!

"What's the situation!?" Xu Ming was completely stunned.

Not only Xu Ming's deity was affected by this golden chain; this golden chain also appeared on his thousands of clones! Also the strength plummeted!

Yuan Zun, who was fighting hard, suddenly felt less pressure.

Immediately afterwards, Yuan Zun noticed the changes in Xu Ming.

"This is..." Yuan Zun was stunned for a moment, and then his face showed ecstasy, "Hahahaha...God helps me too! It really helps me! Xu Ming, I didn't expect you to have today! Hahahaha... You are finished! You really are It's over! This is the rule of the universe, and I don't recognize your 'true way', hahahaha..."

Yuan Zun laughed arrogantly.

"What!?" Xu Ming was taken aback - the rules of the universe's operation do not recognize my "true self".

You must know that the fusion of "The Way of Chaos" and "The Way of the True Self" is actually the rules of the universe's operation, in the process of authenticating his "The Way of the True Self"! - And now, the results are in! The rules of the universe's operation do not recognize Xu Ming's "true way of self"!

Yes!

denied!

Xu Ming was a little stunned - he really didn't expect such a situation to happen.

"The universe... doesn't recognize me?"

What should we do now?

Xu Ming was at a loss.

"Hahahahaha..." Yuan Zun continued to laugh wildly, "The golden chain imprinted on you is the 'cosmos chain'! This chain will get tighter and tighter, and the suppression on you will also get stronger and stronger. , until... you are completely suppressed and sealed!"

"You're finished!" Yuan Zun said, the more excited he became, "This is the entire universe, the suppression seal against you! No one has ever escaped the suppression seal of the universe! Never!"

"You are finished! You are absolutely finished! - Prepare for the funeral! Soon, you will be turned into a stone sculpture under the repressive seal of the universe!"

boom! !

Immediately afterwards, Yuan Zun directly burned the divine body.

You must know that Xu Ming was suppressed by the cosmic chain, and the strength of the clone also dropped greatly; while the Yuan Zun burned the divine body, but the strength skyrocketed - under the situation, Xu Ming could no longer trap Yuan Zun!

boom-

Yuan Zun directly rushed out of the encirclement formed by thousands of clones and flew into the distance.

At this moment, Yuan Zun stopped again and looked at Xu Ming with a joking smile: "It's a pity, it's a pity! -Xu Ming, your talent is so unbelievable. Originally, you had every hope of becoming the most powerful player in the entire universe. It's a pity that the 'true way' you have comprehended has not been recognized by the rules of the universe's operation; not only does the road of cultivation stop here, but even survival becomes a problem!"

"The rules of the universe's operation, you won't be merciful, but you won't care about your talent!"

"Under the rules, it's full of ants! Since the rules of the universe don't recognize you, then... you have no choice but to die!"

"It's a pity... it's a pity!" Yuan Zun said, "It's a pity," but it was clearly a face of schadenfreude, "Farewell, peerless genius!"

After Yuan Zun finished speaking, he flew away.

...

Bang! Bang! Bang! ...

Xu Ming's thousands of clones continued to dissipate.

The surrounding time and space gradually returned to calm.

Xu Ming stood in the void with a dazed expression - he had closed the "Infinite Blue" link and stopped burning the divine body. Under the suppression of the cosmic chains, his strength really fell to the "half-rank sixth-order".

Moreover, Xu Ming could feel that with the passage of time, the cosmic chain's suppression of him would gradually become stronger and stronger, until... he was completely suppressed and sealed!

"How could this be..." Xu Ming couldn't understand ~www.wuxiaspot.com~ my "true self", why was it not recognized by the universe? "

If it was said that he was suppressed by the universe because of his "hack", Xu Ming would still understand! But now, because of "the way of the true self" and being suppressed by the universe, Xu Ming really can't understand - the entire universe, not only Xu Ming has realized the "real self"; moreover, Xu Ming's \*\*\*\* The true self is not much stronger than the other geniuses of the true self!

Why does the universe want to suppress Xu Ming?

Xu Ming looked at the sky.

The universe is silent.

The rules of the universe are invisible.

Without any sound, give him an explanation.

Updated today.
