

# A World 1871

Chapter 1871: Huang Huang Huang Huang

“You... who are you!?”

It was not easy for Qiu Wu Domain Master to react, and he looked at Xu Ming and Huang Zhizun with a look of horror.

“Your strength has definitely reached the level of a realm master!” Qiu Wu’s realm master said in horror, “Who are you? In the fish ghost realm, it is impossible for me not to know those whose strength has reached your level! Unless...”

At this point, Domain Master Qiu Wu thought of a possibility: “You are... outsiders!?”

“Yes! You are definitely outsiders!” Domain Master Qiu Wu said with absolute certainty.

“Oh?” Xu Ming looked at Qiu Wu’s Domain Master with interest, not admitting it, but not denying it either.

“Outsiders!” Qiu Wuyu suddenly regained some momentum, “Why are you here? You should go to the ‘Fish Ghost Domain’, our Qiu Wuyu is not where you should be!”

The fish ghost world has the rules of the fish ghost world.

The fish ghost world is famous for its “life and death battlefield”, which attracts the powerhouses from all over the world. The battlefield of life and death is located in the “fish ghost domain”, the core of the fish ghost world.

As for the other territories of the fish ghost world, outsiders are not welcome to enter, and outsiders are not allowed to break the rules here.

And now Xu Ming is breaking the rules!

Thinking of this, Domain Master Qiu Wu suddenly became imposing: “An outsider, how dare you be so arrogant? Do you know that you are provoking the majesty of the Fish Ghost Banzun? – Obediently capture your hands and wait for the fall, maybe you still have a chance of survival. Otherwise, no matter how strong you are, you will never escape from the Fish Ghost Realm!”

Bang!

In the hands of Qiu Wuyu, a letter talisman was crushed.

call out-

A strange wave suddenly spread, and it disappeared into the Zheng of the Void.

“I’m calling someone!” Xu Ming secretly said in his heart, looking forward, “I don’t know... Will I call the Fish Ghost Banzun directly!”

If the one who came directly was the Fish Ghost Banzun, then it would be easier to handle!

Xu Ming and Huang Zhizun teamed up, took advantage of his unpreparedness, suppressed him directly, and it was over.

However, Xu Ming felt that it should not be the fish ghost half-zun who came. After all, Domain Lord Qiu Wu is just an ordinary Domain Lord, and as he is, I am afraid that he is not qualified to directly contact Yugui Banzun.

Sure enough, after issuing the summons, Domain Master Qiu Wu said arrogantly, “Wait! The World Inspector will be here soon!”

“World Patrol Envoy?” Xu Ming was slightly disappointed.

However, the patrolling envoy should exist in the realm of the realm, and he should know more about the situation in the fish-ghost realm. Catch a patrol first, and the later actions are more convenient to enter the school

...

At this time, the powerhouses of all parties finally figured out the situation.

“It’s an outsider!”

“It turned out to be an outsider... No wonder!”

“Humph! Outsiders dare to come to our Qiuwu Domain to be arrogant? I really don’t know whether to live or die!”

“Look! The patrol envoy will be here soon!”

...

hiss-

The deep void channel extends from the endless distance. A ferocious and maddening aura permeated from the other end of the passage.

Just a hint of breath made the great powers of the entire Chibai City feel palpitations and oppression; some weak ones were even scared to kneel on Lin.

“The inspector... is coming!” The domain master Qiu Wu was both looking forward and fearful.

The expectation is that the patrol envoy will come to save himself.

What I am afraid of is... the name of the patrol envoy is too fierce!

The patrolling envoy is in charge of the killing power, and in the entire fish and ghost world, he can run rampant and do whatever he wants. Even if it is slaughtering a realm of life, no one will blame the patrol.

Therefore, the great powers of the entire fish and ghost world are all afraid of patrolling the world.

Like Qiu Wu's domain master, if he hadn't been expecting the patrolling envoy to come to save his life, he would not have dared to break the letter and disturb the patrolling envoy.

rumbling...

The evil spirit that enveloped Chibai City became more and more tyrannical. Obviously, the patrolling envoy is passing through the void passage and descending quickly.

boom!

Suddenly, the \*\*\*\* fog directly covered the entire Chibai City.

"Huh?" Huang Zhizun felt the breath of the blood mist, and raised his brows slightly, not knowing what he was thinking.

Not long after, a figure formed from blood mist all over his body tore open the void channel and drilled out.

Boundary Patrol, here we come!

"hiss-"

All the powers of all parties were so frightened that they fell to their knees, trembling, and did not dare to look up at this figure. I'm afraid to take a look at it more, it is a great disrespect, and it will lead to disaster.

"Hahahahaha..." The hideous laughter shocked the entire space and time, "Qiu Wu, why are you looking for me? Could it be... what right do you have to violate the rules set by the half-lord?"

When patrolling the world, the arm formed by the blood mist directly skyrocketed hundreds of millions of times, and grabbed a bunch of great powers kneeling outside the city.

hiss-

The surroundings of Chibai City were full of panic. However, no one dared to make a sound; for fear that if they made a little noise, it would be their turn next.

The domain master Qiu Wu was also frightened and trembled, and even reported: “Report to the patrol, there are outsiders here, I can’t suppress...”

“Oh? Outsiders?” The patrol envoy’s gaze ~www.readwn.com~ looked towards the domain master Qiu Wu, “What outsiders, so ignorant of life and death! How dare you come to my fish and ghost world...”

The patrol envoy was arrogantly arrogant. Suddenly, his words suddenly stopped, and there was an endless panic on his face!

“Huanghuanghuanghuanghuang...” The patroller stammered, unable to even speak.

“What’s the situation!?” The domain master Qiu Wu couldn’t help but be stunned – although he looked a little dazed, of course he could see that the patrolling was afraid of something.

However, with the strength of the patrolling ambassador, how could he be afraid of anything?

“Huang?” Domain Master Qiu Wu suddenly thought again that Xu Ming’s servant is not the servant of Paohuang”?

“Huanghuanghuanghuanghuanghuangzun!” The patrol envoy stammered, and finally gave the name of Huangzhuangzun, “Huangzhuangzun, you...why are you here...”

Phoenix Supreme! ?

Hearing the word “Supreme”, Qiu Wu Domain Lord was stunned on the spot. Of course he knows that not everyone is qualified to add the word “Supreme” after their name; even the fish ghost world’s ruler, Yugui Banzun, is only “Half-step Supreme”!

and...

To be able to make the patroller so frightened, then the Supreme Huang, I am afraid that it is really a Supreme Realm existence!

“Supreme...” Immediately after, the domain master Qiu Wu thought of one thing in more and more horror – this Supreme Huang is just Xu Ming’s servant!

Servants all exist in the Supreme Realm, so what level of existence should Xu Ming be?

“Devouring the Demon World Lord!” Huang Zhizun looked at the World Patrol Envoy and said lightly, “It’s been a long time since I heard from you in the Border of Chaos, so you’re hiding here! It looks like you’re living a good life!”

## Chapter 1872: Disciple’S Message

The Devil Swallowing World Lord still has some notoriety in “Death”.

In order to practice the exercises, he often sneaks into some broken virtual universes and devours countless billions of beings. This is where the name “devour the devil” comes from.

However, long before Huang Zhizun was suppressed, the Demon-Swallowing World Lord disappeared in the Border of Chaos. Huang Zhizun also thought that he was far away from death, or that he had been suppressed by other powers; he did not expect that the Devil Swallowing Realm Master turned out to be in the Fish Ghost Realm and became a realm patrol.

“Don’t dare! Don’t dare!”

The Demon-Swallowing World Lord heard Huang Zhizun “complimenting” that he had a good life, and he stepped forward and said with a smile. That look of nodding and bowing, as low as possible, as low as possible.

“Is this still the famous world patrol envoy?” The domain master Qiu Wu looked at the scene in front of him and couldn’t believe his eyes – the terrifying world patrol ambassador, when he saw Huang Zhizun, turned out to be more than a Dogs are even meaner!

“Supreme Huang, I don’t know if you came to our Fish Ghost Realm, what’s the matter…” The Devil Swallowing Realm Master asked cautiously. For fear that if he did the wrong thing, he would be slapped to death.

Huang Zhizun glanced at him and said, “This is my master, Xu Ming!”

“Your master!?” The Demon Devouring World Lord was so frightened that he almost knelt down.

The master of Huang Zhizun, what kind of existence is that! ?

Simply unimaginable!

Although the Demon Swallowing World Lord felt that Xu Ming’s cultivation was not strong, how could he dare to question Xu Ming’s strength? After all, in the eyes of the Demon Devouring World Lord, with Xu Ming’s strength, if he wants to see what his cultivation is, then what he sees is what he is!

“Predecessor…Senior!” The Demon Swallowing World Lord became more and more like walking on thin ice.

The domain master Qiu Wu, who was on the side, saw this scene, and wanted to give himself a few slaps—even the patrol envoy was so cautious and like walking on thin ice when he saw these two big men; Arrogant in front!

The Domain Master Qiu Wu felt that it was a miracle that he could still stand here alive now!

The Demon Devouring Realm humbly said, “The two seniors came to the Fish Ghost Realm for…?”

Xu Ming just drank his tea indifferently, without saying a word.

Huang Zhizun said: “Oh…it is like this! We plan to kill the fish ghost half-zun!”

Slaughtered the fish ghost half-zun! ?

Pfft!

Domain Master Qiu Wu was so frightened that his feet softened, and he slumped directly onto Lin.

The Demon Swallowing World Lord was also so frightened that he trembled—he didn't doubt at all whether Huang Zhizun had such strength.

“What? Devil swallowing, do you want to tip off?” Huang Zhizun teased and said, “Come on, send a message and talk to Yugui Banzun!”

“I don't dare! I don't dare!” The Devil Devouring World Lord continued, “The Fish Ghost Banzun has only a relatively ordinary relationship with me! I hid with him and kept my name incognito, just to avoid the enemy, without any other connection!—Two If a senior wants to deal with the fish ghost, I will never go out!”

“Even if you want to go out, you can't do it!” Huang Zhizun sneered.

In fact, at the moment when the Demon Devouring World Lord came, Huang Zhizun used his unparalleled divine sense to completely block off Chibai City and its surroundings. There is no news that can be spread from this area.

“Yes! Yes!” The Demon-Swallowing World Lord didn't dare to talk nonsense, but just insisted.

“Seeing that your attitude is okay, I won't kill you!” Huang Zhizun said again, “My master has a few words to ask you, you should behave well!”

The Lord of Devil Swallowing continued: “I know everything!”

At this time, Xu Ming looked directly at the Demon-Swallowing Realm Lord: “Do you know that Fish Ghost Banzun went to the Divine Phoenix Chaos Realm not long ago?”

“I know!” The Demon Swallowing World Lord did not dare to hide it, and continued, “Accordingly, it is helping the Temple of Despair, and it has brought back dozens of talents!”

“That's right!” Xu Ming said, “Then do you know where those dozens of talents are now?”

“Still in the fish ghost world!” The Devil Devouring World Lord affirmed, “It seems that he was imprisoned in his own world ring by the fish ghost half-respect!”

Xu Ming’s eyes suddenly lit up!

If you are still in the fish ghost world, it will be much easier to handle! At least, it’s easier than going to the Temple of Death!

After all, the Temple of Despair, but the powerhouse of the “Supreme Shadow” level sits in the seat! And the Fish Ghost Realm, there is only one and a half priests!

The only problem is that Xu Ming’s disciples are imprisoned in the world ring of the Fish Ghost Banzun! Then... once Xu Ming started, he might hurt his own disciples unintentionally.

Therefore, in order to rescue the disciple, Xu Ming had to make a good plan.

“That’s right!” The Demon Devouring World Lord continued, “The dozens of talents brought back by the Fish Ghost Banzun are going to trade with the Temple of Destiny! The time for the trade should be very soon!”

“Oh?” Hearing this, Xu Ming’s heart suddenly came to the prototype of the plan—then start while they are trading.

“Very good!” Xu Ming looked at the Demon Devouring World Lord and said with satisfaction, “Your news is very useful to me!”

Huang Zhizun even patted the Demon Devouring World Lord on the shoulder and said with a smile, “Congratulations, you have successfully survived!”

The Demon-Swallowing World Lord was overjoyed and said again and again: “Huang Zhizun, please rest assured! I will never let anyone here ~www.readwn.com~ leak the slightest rumor! If the slightest rumor is leaked, you can come and take my life. !”

In order to save his life, the Demon Swallowing World Lord can really work very hard!

Xu Ming suddenly laughed: “You’re smart! But...”

Xu Ming did not continue, but Huang Zhizun already understood it.

call out-

A strange fluctuation penetrated into the mind of the Demon-Swallowing World Lord. At the instant, Huang Zhizun enslaved the Demon-Swallowing World Lord.

“However, you should be enslaved first! In this way, my master can be more at ease!”

Of course, Huang Zhizun is only preparing to enslave the Devil Devouring World Lord for a period of time; when the fish ghost half-zun is solved, the enslavement will be released.

After all, a Demon Devouring World Lord is not even qualified to be enslaved by Huang Supreme!

“Master!” The Demon Devouring World Lord was enslaved, and instantly became endlessly devout to Huang Zhizun.

“Hey—” Domain Master Qiu Wu looked at the world patrol envoy who made him extremely fearful, and was enslaved like this, and he was immediately frightened. As for his two disciples, even more so.

However, Huang Zhizun was not interested in enslaving Qiu Wu Domain Master.

“Just stay in Chibai City!” Huang Zhizun instructed, “Remember, don’t let the things that happened here miss a trace of news!”

“Please don’t worry, Master!” The Demon-Swallowing World Lord continued to say—to him, it would be easy to suppress a Domain Lord and a group of ants who were the strongest but only in the Nirvana Realm! In fact, if it wasn’t for the Demon Swallowing Realm Master to see that the two masters were more benevolent, he would probably have swallowed the entire Chibai City, and even the entire Qiuwu Realm!

Is there any way to be more secretive than eating them all?

“There’s one more thing!” Xu Ming suddenly thought of something and explained, “This Chibai Sect has some fate with me! Just take care of me a little bit!”

Chapter 1873: The Holy City Of Fish And Ghosts

Fish Ghost Domain.

The holy city of fish and ghosts.

Here, is the absolute core of the fish ghost world. Even the battle of life and death in the fish-ghost world, which is known as “Death”, is also located in the fish-ghost holy city.

The entire holy city is like a big mouth, swallowing talents from all over the world.

Around the battlefield of life and death.

The viewing platforms looked like the fangs of ferocious beasts.

The top of one of the \*\*\*\*\* fangs is a simple tea house. The powerful people who tasted tea and watched the battle in the teahouse were all powerful beings from all parties in the “Death”, and most of them had reached the Nirvana state, or even stronger.

Xu Ming and Huang Zhizun both hid their cultivation and sat in the teahouse to watch the battle and listen to the chatter around them.

...

Everyone was drinking tea and chatting.

“This battlefield of life and death is really a cemetery for talent!”

“Yeah! The talents who come here are definitely considered top talents in the virtual universe of all parties! However, when they arrive here, they are as humble as grass! It is difficult for one person to survive among tens of thousands of talents. !”

“It can’t be like that! At least... these are the only places where they see hope! If they are elsewhere, even if they are willing to exchange their lives, they will not be able to exchange hope!”

“Not bad! This is the sorrow of ants!”

In the eyes of the great masters of all parties, these talents who are generally below the prehistoric realm are really just ants. If they are in a good mood and see which ants perform better, they may be accepted as registered disciples and rewarded with some opportunities.

“Are you ants?” Xu Ming looked at the battlefield of life and death thoughtfully.

At this time, the two sides of the battle in the battlefield of life and death, one is a lonely young man in black, and the other is a strong man with a savage aura, both of them are cultivated in the prehistoric realm.

It has the power to preside over the battle and unravel the identities of both sides of the battle.

“This black-clothed talent comes from a certain virtual universe in the vast ‘Death’! His Dao Companion was captured by a Destruction Realm powerhouse, and his relatives and friends were chased and killed by the powerhouse! Only he...because once I had a fortuitous encounter and escaped with the help of treasures! Later, I followed other strong men and entered the realm of disorder, and now I have come to our fish and ghost world!”

“And this savage beast... his enemy is also a shattered realm powerhouse! The chaotic world he lives in was directly wiped out by that shattered realm powerhouse! Fortunately, he happened to be not in his own chaotic world at that time. Inside; of course, this is also the greatest misfortune...”

Both sides of the battle have experienced bitterness and hatred.

However, among the powers who were present at the battle, almost no one sympathized with them. After all... who has cultivated to this level of power, who didn’t come out of the slaughter?

The bitterness and hatred they have seen are too much!

Even Xu Ming is very plain – there are too many people in the world who are worse than the two of them! Xu Ming will not be overflowing with sympathy, and sympathize with the past one by one.

boom! boom! boom! ...

In the battlefield of life and death, the two sides fought hard for a long time.

In the end, the black-clothed talent was one move short of chess and couldn't bear to be beheaded. And that savage talent has also been seriously injured; if his luck is a little bit worse, he will be the one who will die!

Victory and defeat!

The barbarian only dragged its weight to support the divine body, looking forward to waiting! He hoped that there would be a great power to accept him as a disciple.

And yet... until he left, none of the greats were interested in him.

As these spectators said – this is the sorrow of the ants!

“An ant?” Xu Ming couldn't help but smile bitterly, “Under the rules of the universe, who is not an ant?”

Just like Xu Ming, who is still being suppressed by the cosmic chains!

Xu Ming continued to drink tea, and sent a voice transmission to Huang Zhizun, asking, “How is it?”

Although Huang Zhizun was sitting opposite Xu Ming, no one noticed that Huang Zhizun's divine sense had already covered the entire fish-ghost holy city; moreover, his divine sense had quietly penetrated into layers of formations.

“I have found the trace of the Fish Ghost Banzun!” Huang Zhizun said.

Here, although it is the old nest of the fish ghost half-zun. However, Huang Zhizun is the middle rank after all, even if his strength has fallen to a level that is barely comparable to the lower rank due to his serious injury; but his essence is the median rank, and his power level is several levels higher than Yugui Banzun!

The power of several levels higher, quietly probed the Holy City of Fish Ghost, and it was under the circumstance of the fish ghost Banzun being defenseless; naturally, it was almost impossible for the fish ghost Banzun to notice.

“Yeah!” Xu Ming nodded lightly, “Monitor first, don’t startle the snake!”

After all, this is the old nest of the Fish Ghost Banzun. If you start a snake, it will be difficult to rescue the disciples smoothly!

“Master!” Huang Zhizun said again, “There is also a half-zun, who is with the fish ghost half-zun!”

“Oh?” Xu Ming couldn’t help but be stunned.

And a half-honor?

That rescue is much more difficult!

“Project their scene and show it to me!” Xu Ming said.

“Yes! Master!” Huang Zhizun directly projected the situation on Yugui Banzun’s side.

...

At this time, the fish ghost half-zun was sitting and talking with the other half-zun.

“It’s him!” Xu Ming recognized at a glance the half-zun opposite the fish ghost Banzun – Jueyun Banzun!

Jueyun Banzun~www.readwn.com~ is the power of the Temple of Judgment!

At the beginning, when Xu Ming had just left the “Nine Layers”, he was intercepted by the Jueyun Banzun.

Later, Xu Ming didn’t have a chance to make a move, and the Jueyun Banzun was driven away by the black and red twins from the Black Tribulation Hall because he was “misunderstood”.

Unexpectedly, Xu Ming would meet this Jueyun Banzun in the Fish and Ghost Realm. It really answers that sentence – the enemy’s road is narrow!

“It seems... The one sent by the Temple of Destiny to trade with Banzun Fish Ghost is this Banzun Jueyun?” Xu Ming thought to himself.

But now, Jueyun Banzun is in the fish ghost Banzun’s lair, and Xu Ming has no chance to do it, so he can only wait for the opportunity.

“Brother Yugui!” Jueyun Banzun shook his head and said, “The hall master told you to bring back as many of Xu Ming’s relatives and friends as possible, why did you only bring back some disciples? And... these disciples seem to be only Xu Ming. How much status does Ming have in Xu Ming’s heart? Even if I bring these disciples back to the Temple of Death, it doesn’t seem to be of much use, right? How could Xu Ming risk his life to save these disciples? ?”

“Heh!” Fish Ghost Banzun laughed.

He knows that although Banzun Jueyun is so disdainful, he just wants to lower the price on purpose! In the end, Banzun Jueyun will definitely “buy” Xu Ming’s disciples back.

“I don’t care about that!” Yugui Banzun laughed, “Anyway, in order to capture Xu Ming’s disciples, I specially entrusted a realm in the Divine Phoenix Chaos Realm to pay ten chaotic costs! No matter what, you want me to make some money, right?”

In fact, Yugui Banzun only gave three pieces of the original core of chaos to the Lord of the Shadow World at that time; however, he would definitely not tell the truth, but directly became ten pieces!

## Chapter 1874: Revenge Shame

“Fifteen yuan!” Yugui Banzun quoted directly, “I’ve worked so hard to make such a trip, and I don’t even hesitate to offend the Divine Phoenix Chaos Realm and Xu Ming, so I earn five chaotic cores, isn’t it too much?”

“Haha!” Jueyun Banzun laughed, “But the problem is... they are just some ordinary disciples, they are not worth fifteen chaotic primordial cores!”

...

The two sides wrestled for a while and bargained.

In the end, a deal was reached at the price of “12 Chaos Protocores”.

As soon as the transaction was completed, the atmosphere between the two parties suddenly became harmonious.

“Brother Yugui!” Banzun Jueyun said with a smile, “You really don’t worry, you have offended the Divine Phoenix Chaos Realm?”

“What is there to worry about?” Yugui Banzun sneered, “Although Divine Phoenix Chaos Realm is a ‘medium-sized virtual universe’, to be honest, there are really few people I see in my eyes! It looks like Divine Phoenix! The realm master, he didn’t dare to leave the Divine Phoenix Chaos Realm at all; the only thing that can make me fearful is the old sword! However, in this fish and ghost world, let alone the old sword, even if the supreme being is in person, What can I do? And... do you think that Elder Jian and other great experts will come to me desperately for the sake of Xu Ming’s disciples?”

Fish Ghost Banzun still doesn’t know, because of him, the Divine Phoenix Realm Lord has died; Divine Phoenix Chaos Realm has also changed hands, and now it is under the control of Jian Lao!

“Haha! You can easily make money from this transaction!” Jue Yun Banzun laughed, “But what can I do? I am in the Divine Phoenix Chaos Realm, and I don’t know any great powers, so I can only watch you earn it. !”

actually...

Jueyun Banzun must have earned it himself! He gave Yugui Banzun twelve chaotic pro-cores, but when he returns to the Temple of Destiny, he will definitely find a way to “reimburse” back twenty chaotic pro-cores!

Of course, Jueyun Banzun may not be able to return to the Temple of Destiny! Because... he has been targeted by Xu Ming!

“That’s right!” Jueyun Banzun suddenly said, “Brother Yugui, let me remind you!”

“Please tell me!” Fish Ghost Banzun said sternly.

“Be careful Xu Ming!” Jueyun Banzun reminded.

“Xu Ming?” Yugui Banzun disdained, “Just a genius, what is there to be careful about?”

Just like the geniuses in the battlefield of life and death, in terms of talent, they are not necessarily weaker than the great powers in the Holy City of Fish and Ghosts; however, they are only geniuses, so in the eyes of other great powers, they are ants!

But now, in the heart of Yugui Banzun, he actually regards Xu Ming as an ant, and doesn’t take it seriously at all!

“No! Don’t underestimate Xu Ming!” Jueyun said, “As far as I know, the speed of Xu Ming’s strength improvement is very terrifying! More importantly... Behind Xu Ming, there is a ‘black catastrophe’. The traces of the temple are here!”

“Black Tribulation Hall!?” Jueyun Banzun’s face suddenly became solemn – in the frontier of disorder, the reputation of the Black Tribulation Hall is very prosperous! As long as you can take out enough treasures, the Black Tribulation Hall can help you kill almost any existence under the Supreme; even if you have the Supreme Being of the virtual universe, the Black Tribulation Hall can permanently block it in the virtual universe!

Hearing the words “Black Tribulation Hall”, Yugui Banzun even began to doubt whether his deal was worth it!

After all, the “Hall of Black Tribulation” is not something you can easily offend!

However, the transaction has been reached, and the twelve chaotic original cores have also been obtained. Naturally, the Fish Ghost Banzun will not regret anything.

“Okay! I just remind you, don’t worry too much!” Jueyun Banzun smiled, “Destiny Heaven, after all, is the site of our Destiny Temple! Even if it is the Black Tribulation Hall, when you get here, you have to bow your head. !—Come on! Don’t say more! I’ll go first!”

Jueyun Banzun got up.

“I’ll send you off!” Fish Ghost Banzun also got up.

“Um?”

Xu Ming and Huang Zhizun suddenly became serious.

Fish Ghost Banzun wants to send Jueyun Banzun?

When Jueyun Banzun leaves the Fish and Ghost Realm, it will be Xu Ming’s chance to save people!

“Hey—” Suddenly, Huang Zhizun looked up outside the dome in surprise, and the sound transmission reported, “Master! In the border of disorder, there are two and a half nobles, rushing towards the direction of the fish and ghost realm... If No mistake, they should be the ‘black and red twins’ you mentioned, master.”

“Black and red twins?” Xu Ming couldn’t help but be stunned.

How could they be in “Death Day”?

Also, why did you come to the fish ghost world?

Xu Ming originally planned that as soon as Banzun Jueyun left the Fish Ghost Realm, he would do it! And now, Xu Ming is going to wait and see.

...

Soon.

Jueyun Banzun and Fish Ghost Banzun left the scope of the Fish Ghost Realm and entered the realm of disorder.

Xu Ming and Huang Zhizun were watching from afar in the Holy City of Fish Ghosts; their eyes passed through countless billions of realms, monitoring the every move of Banzun Jueyun and Banzun Fish Ghost.

“Brother Jueyun! If you have any errands in the future, feel free to come to me!” Yugui Banzun politely said – making money, of course Yugui Banzun is happy to do it!

“This is natural!” Jueyun Banzun also agreed.

And just then...

boom! boom!

Two tyrannical auras came in vain – it was the black and red twins!

“Boy, you really are here!!” The eyes of the black and red twins fell directly on Jueyun Banzun, “It’s easy for us to find it!”

“Black and red twins!” Jueyun Banzun panicked, “You... how did you guys find this place!?”

You must know that the black and red twins are both half-respected seventh-order powerhouses! And Jueyun Half Venerable is only the weakest Half Venerable Rank 1!

In the face of the black and red twins, how could Jueyun Banzun not be frightened?

“Why are we here?” Both the black and red sages sneered, “We naturally have news channels!”

As a killer force, the Black Tribulation Hall’s intelligence is naturally very powerful! It is not difficult to grasp the movements of Jueyun Banzun!

Moreover, the black and red twins came this time for revenge!

The powerhouses sent by the Black Tribulation Hall into the “Destiny Heaven” are far more than the two black and red duo! Even the powerhouses of the Supreme Realm have come!

at this time...

Most of the powerhouses in the Hall of Black Tribulation went to Yuan Zun’s virtual universe, ready to find a way to deal with Yuan Zun! Worst of all, Yuan Zun must be “blocked” in the virtual universe, and he must not set foot in the chaotic territory from now on.

And the black and red duo, because of the information, I heard that Jueyun Banzun is in the fish ghost realm not far from Yuanzun, so they came here specially to get revenge!

“Dare to provoke our Black Tribulation Hall? Boy! It’s not surprising that you just grabbed your hands!” The black and red twins said, and they went directly to Jueyun Banzun.

Jueyun Banzun is only a first-order half-zun, and how big is the gap between the two half-zun and seventh-tier powerhouses, and how can he resist?

In desperation, Jueyun Banzun had no choice but to turn to Fish Ghost Banzun – after all, Fish Ghost Banzun, but Banzun’s ninth-rank strength! It’s not a big problem to deal with two semi-respected seventh-order!

“Brother Yugui, help me!” Jueyun Banzun said in a row.

“Help?” Fish Ghost Banzun was completely indifferent – thankless, he would offend the Black Tribulation Hall; such a thing, Fish Ghost Banzun would not do it stupidly.

At this time, Jueyun Banzun said again; “You don’t need to kill them, as long as you help me expel them and give me a chance to escape, I will give you ten chaotic cores!”

As soon as he heard the chaotic original nucleus, the fish ghost half-zun suddenly lit up.

“Okay! Deal!” Fish Ghost Banzun said without hesitation.

It’s just expelling the black and red twins~[www.readwn.com](http://www.readwn.com)~ This is very easy for the fish ghost half-zun! Moreover, it will not offend the Black Tribulation Hall very much.

For ten chaotic pronuclei, you can do it!

boom! !

Fish Ghost Banzun shot directly, stopped the attack of the black and red twins, and began to expel the two.

Soon, the fish ghost Banzun drove the black and red twins to the depths of the disordered border; not long after, the three figures were no longer visible-obviously, the fish ghost Banzun was overtaking the black and red twins. go further.

“Huh—” Jueyun Banzun let out a long sigh of relief. Although I paid ten chaotic primordial cores, I am very distressed; but at least, it is much better than being captured by the black and red double honors!

Jueyun Banzun was about to flee in another direction when suddenly, a figure appeared in front of him.

“Xu...Xu Ming!?”

Jueyun Banzun looked at the face in front of him in disbelief.

Chapter 1875: Save The Disciple

“Jueyun Banzun!” Xu Ming half-smiled, “What a coincidence! We meet again so soon!”

“Why are you here?” Jueyun Banzun was stunned for a moment, and then he reacted, “I see, you are here to save your disciples, right? Hahaha...”

Jueyun Banzun said, he couldn't help laughing. Vertex update fastest

“It's really touching! With your strength, you actually dare to come to the fish and ghost world to save people; I really don't know whether to praise you for your greatness or laugh at you for being stupid!” Jueyun Banzun still doesn't know Xu Ming's true strength, otherwise, instead of being arrogant in front of Xu Ming, he was so frightened that he ran away, “Humph! Last time in the heavenly realm, there were black and red twins protecting you and letting you escape! Now, black and red Shuangzun has just been driven away by the fish ghost half-zun, this time, I see who else can protect you!”

Jueyun Banzun sneered again and again.

“Obviously capture it! I can let you reunite with your disciples first!”

Xu Ming's disciples are now in the hands of Jueyun Banzun.

“Ha!” Xu Ming just smiled.

Ignorance is really scary!

Suddenly, Xu Ming smiled teasingly: “Banzun Jueyun, I'll introduce an old friend to you! You should know him!”

“Old friend?” Jueyun Banzun was a little puzzled.

But then, his doubts turned into infinite horror. He saw that Huang Zhizun's figure appeared near him at an unknown time.

“Huang...Huangzun!” Jueyun Banzun was shocked, “You...you got out of trouble?”

Huang Zhizun ignored Banzun Jueyun, but walked to Xu Ming's side and bowed, "Master!"

Owner! ?

These two words made Jueyun Banzun almost jump up in fright. There is a "Huangzun" in the dignified Supreme Realm, and he actually respects Xu Ming as the master?

"This..." Jueyun Banzun was already frightened.

Xu Ming just asked lightly: "Look... can he protect me?"

Banzun Jueyun only felt that the face slap hurt so badly. The moment before, he was still talking nonsense there, laughing at no one who could protect Xu Ming; the next moment, Huang Zhizun appeared directly as "Xu Ming's servant"!

"Yes! Yes..." Jueyun Banzun could only bow his head.

"Xu Ming!" Soon, Jueyun Banzun said again, "Your disciples, I will let your disciples go in my hands now, you can let me go, okay?"

Xu Ming thought for a while: "Okay!"

The only half-respected first-order Jueyun half-respect, Xu Ming really didn't take it seriously. Even if you let it go now, when you attack the Temple of Destiny in the future, you can shoot it to death by the way!

"Then let me back some distance first!" Banzun Jueyun said while retreating; and Xu Ming did not stop him.

When Jueyun Banzun retreated tens of thousands of worlds away, a world ring appeared in his hand.

"Xu Ming, your disciples are in this world ring!"

Jueyun Banzun directly opened the world ring and let him check. Sure enough, Lin Lan and other innocent disciples were in the world ring; one by one, they sat cross-legged or sighed.

Swish!

With a wave of Jueyun Banzun, he released these disciples from the world ring.

“This is...?”

“We are...?”

Lin Lan and the other disciples were suddenly released from the world ring and couldn't help but wonder. However, when their eyes fell on Xu Ming, the doubts in their hearts were immediately resolved!

Master!

It was the master who came to save them!

But immediately, all the disciples were terrified, but they heard that they had just been traded from the hands of Banzun Fish Ghost to Banzun Jueyun! Even if Jueyun Banzun is only a first-order half-zun, can Xu Ming retreat from Jueyun Banzun's hands?

What's more, the fish ghost half-zun should be nearby, right?

so...

Xu Ming's disciples, at the first moment of reaction, even shouted, “Master, run away!”

And just then...

“go to hell!!”

I saw Jueyun Banzun crushed a rune of escape, ready to escape; at the same time, he shot without warning, and the targets of his attack were exactly Xu Ming's disciples.

“Hahahaha...” Jueyun Banzun laughed proudly, “Want to save people from my hands? Think beautifully!”

At the moment when Jueyun Banzun made his move, Lin Lan and other disciples fell into deep despair. The power of Banzun, how could they be able to resist?

However, Lin Lan and other disciples were more worried about Xu Ming. In their opinion, their own death was not a pity; however, they must not let their master have an accident to save them!

It's just... In the flash of lightning, Xu Ming's disciples didn't notice that it was Jueyun Banzun who was afraid of Xu Ming, not Xu Ming's fear of Jueyun Banzun!

“Huh?” Seeing that Banzun Jueyun dared to take action, Xu Ming's face became completely gloomy. You must know that a sneak attack like Banzun Jueyun is not easy for even the Supreme Being!

If it is an ordinary Supreme Being faced with this situation, he can either save people or keep Jueyun Banzun, and he can only choose one of the two! If he chooses to save people, Banzun Jueyun will take the opportunity to escape; and if he chooses to keep Banzun Jueyun, then Lin Lan and other disciples will probably die.

but...

Xu Ming's methods are not comparable to ordinary Supreme!

“Time Pause” hangs up, open it directly!

A strange wave enveloped the audience. The attack of Jueyun Banzun was directly frozen in the still time.

Xu Ming waved his hand again, and directly lifted the time pause on Lin Lan and other disciples, and grabbed them beside him. As for Huang Zhizun, he shot instantly and captured Jueyun Banzun.

Bang!

“Time Pause” dissipates.

“This...”

Jueyun Banzun was stunned, but he reacted immediately, his face full of horror, and he repeatedly begged for mercy: “Forgive your life! Forgive your life!”

“It’s too late!” Xu Ming was too lazy to say more, and said lightly, “Kill it!”

“Yes! Master!” Huang Zhizun shot instantly, and with a slight squeeze, he directly killed Jue Yun Banzun’s weak first-order half-zun, and even Huang Zhizun’s move was unable to catch.

“Master...”

Lin Lan and the other disciples~www.readwn.com~ were all terrified. They just heard that Huang Zhizun called their master “Master”.

“Master, why are you here?” Lin Lan looked at Xu Ming, “We are just some useless disciples. Master, you don’t need to risk your life for us!”

Xu Ming said indifferently: “This matter is because the teacher has implicated you all, so there is no need to say more! Besides... This little fish ghost world, for me, is not a risk to myself!”

After thinking for a while, Xu Ming said, “I still have something to deal with, so let me send you back to the Divine Phoenix Chaos Realm first!”

With that said, Xu Ming directly summoned the Demon-Swallowing Realm Master, and ordered: “Send them back to the Divine Phoenix Chaos Realm first... By the way! The Fish and Ghost Realm should be completely destroyed soon; if anyone wants to leave Fish Ghost Realm, take it with you too! Don’t come back in the future!”

The fish ghost world should be completely destroyed soon!

Xu Ming's words are naturally not aimless, but have a basis – after killing Jueyun Banzun, then Xu Ming is going to kill the black and red double honor! At that time, Xu Ming will definitely do his best to leave no trace.

So here comes the question...

With Xu Ming leaving no trace, who is most suspected?

Who else could it be? – This pot of Yugui Banzun can be said to be very stable on the back!

...

When the Fish Ghost Banzun expelled the Black and Red Shuangzun and returned from the Border of Chaos; Xu Ming had already left the Fish Ghost Realm with Huang Zhizun and the Devil Swallowing Realm Lord.

At the same time, the Demon Devouring World Lord also packed many of Chibai Sect's great powers into the world ring and took them away.

"Huh? Banzun Jueyun has left?" After Yugui Banzun came back, he didn't see Banzun Jueyun. He thought he had taken the opportunity to leave, and didn't care much.

Fish Ghost Banzun didn't know, but after he came and went like this, Jueyun Banzun had already died.

...

"Damn fish ghost half-zun!"

In the chaotic frontier, two figures quickly shuttled past, it was the black and red twins!

Both Black and Red Shuangzun felt very depressed – they came to “Desperate Day” to do business, and they didn’t go well! Every time, it will be blocked.

“Humph! Are all the great powers in this ‘Destiny Heaven’ so arrogant? One by one, they don’t take our Black Tribulation Hall in the eyes!”

“Just a mere half-respect, dare to despise the majesty of our Black Tribulation Hall! I really don’t know whether to live or die! – Report this matter quickly, please come over and teach this fish ghost half-respect!”

“good!”

The Black and Red Shuangzun even began to communicate, scolding the fish ghost Banzun for what they had done to them.

“Oh?” The Hall of Black Tribulation, among the great powers who came to “Destiny Heaven” this time, there is the hall master of the branch hall; after hearing the report of the black and red twins, he couldn’t help but his face darkened, “Fish Ghost Banzun , so arrogant!?”

“Yeah! Hall Master!” The black and red twins said in a row, “If it wasn’t for him to block it, we would have won the Jueyun Half-Prince! The Hall Master, even a half-honor dares to be arrogant, can’t be light!”

“This...” The head of the branch hall pondered, and said, “I have my own decision, you come back first!”

The head of the branch hall of the Black Tribulation Hall had obviously heard of the name of Yugui Banzun; he also knew that Yugui Banzun had managed his Yughou Realm to be impeccable. If you want to storm the Fish Ghost Realm, I am afraid that one or two lower-ranking Supremes may not be able to win.

Send a number of Supreme Realm powerhouses to deal with the Fish Ghost Banzun? And, is it just because of such a little contradiction? – As expected by the Fish Ghost Banzun, the Black Tribulation Hall will not do this!

“But the palace master...” The black and red twins still had to communicate and say something; but suddenly, their communication was interrupted.

“Huh? What’s going on?” The head of the branch hall couldn’t help but startled. He tried to send a message to the black and red twins, but he couldn’t get in touch.

The head of the branch hall suddenly became cold: “Could it be... something happened?”

unknown! He can only wait and see.

...

“what happened!?”

The Black and Red Shuangzun also discovered at the first time that their communication was blocked and could not be sent out!

“There is an ambush!”

The two realized it immediately, and immediately became alert.

“Who thinks that life is too long! How dare you set up our Black Tribulation Hall?” The black and red twins shouted loudly.

Set up an ambush in the Black Tribulation Hall, once the defeat is exposed, it will inevitably be hunted down by the Black Tribulation Hall!

This is taboo!

“I think it’s too long!” In the space and time, two figures walked out in a hurry – it was Xu Ming and Huang Zhizun.

“Xu Ming!” The black and red duo’s eyes widened, “We didn’t go looking for you, but you still dare to come to your door and die!?”

“Death!?” Xu Ming smiled and said directly, “Introduction—I wonder if you have heard of the name ‘Huang Zhizun’?”

“Huang Zhizun?” Both the black and red duo were startled.

The strongest in the Supreme Realm will naturally not be unknown in “Destiny Day”. Of course, the black and red duo knew some information about Huang Zhizun. After hearing Xu Ming’s introduction, they instantly recognized Huang Zhizun’s identity.

“Huang Zhizun, you... how come you are here!?” The black and red duo had heard that Huang Zhizun was suppressed.

“You don’t need to care about this anymore!” Xu Ming said lightly, “You still care about how you will die!”

“You...” The black and red twins looked at Xu Ming in disbelief, “You dare to kill us?”

You must know that setting up an ambush to kill the master of the Black Tribulation Hall is to offend the Black Tribulation Hall to death!

And the Hall of Black Tribulation will definitely pursue the murderer endlessly.

However, Xu Ming smiled: “Why don’t you dare? You can’t get out the news, who will know that I killed you? Besides, all the clues... seem to point to the fish ghost, right?”

“Huh?” The black and red duo were stunned for a moment—indeed, if they died here, the most suspicious person would be the fish-ghost half-honor.

Xu Ming sneered again: “Don’t worry! At that time, no one will suspect me!”

“Pfft!” The black and red twins just want to vomit blood—how can we be at ease! ?

escape!

The black and red twins looked at each other and ran away. As long as one person escapes the blockade area, the truth can be sent out; when the time comes, the great powers of the Black Tribulation Hall will come to the rescue quickly.

“Escape?” Xu Ming sneered – the question is, can you escape?

“Kill it!” Xu Ming commanded lightly.

“Yes!” Huang Zhizun’s arms skyrocketed billions of times, one left and one right were captured towards the fleeing black and red twins.

...

Outside the virtual universe of Yuan Zun.

The great powers of the Black Tribulation Hall are all entrenched here, discussing how to deal with Yuan Zun.

“You don’t need to think about beheading! A supremely powerful person is in his own virtual universe, and it is almost impossible to kill him successfully!” Banned in this virtual universe, so that he can’t step into the border of disorder!”

For the existence of the Supreme Realm, if you can’t step into the border of disorder, it is no different from being in prison!

As for the Hall of Black Tribulation, he knew that he couldn’t kill Yuan Zun, so he wanted Yuan Zun to “go to jail”.

“Um!?”

But at this moment, the head of the branch hall suddenly sank, and the whole person “swipe” to stand up.

“What’s the matter~[www.readwn.com](http://www.readwn.com)~ Palace Master?”

“What happened?!”

The head of the branch hall said coldly: “The black and red twins have fallen!”

I was still in communication just now, and in the blink of an eye, the black and red twins fell directly?

It’s too fast...

“The black and red twins are in ‘Destiny Heaven’, and there are not many enemies at all! It must be the hand of the fish ghost half-lord...” Thinking of this, the face of the hall master of the branch hall became more and more gloomy, “A mere half-honor, dare to do this. To blatantly provoke our Black Tribulation Hall! It’s like I don’t know whether to live or die!”

Chapter 1877: Longmen

“Half-Prince Fish Ghost...”

The head of the branch hall frowned slightly.

“The strength of the fish ghost Banzun itself is not that strong! But... I am afraid it will not be much easier to deal with him than to deal with a world master who controls the virtual universe!”

Of course, it must be easier!

After all, dealing with a world master who controls the virtual universe, the price is extremely high! And to deal with the fish ghost half-zun, as long as you send three or five supreme realm powerhouses, it’s almost the same!

Of course, to deal with a mere Half-Prince, it is quite exaggerated to send three or five Supremes!

“Waste the three!” shouted the master of the branch hall.

“Palace Master, please order!” The waste of three, in fact, is the existence of three Supreme Realm! These three Supremes, one is good at attacking, the other is good at defending, and the other is good at formation, and they work together perfectly!

Although the three of them are only low-ranking supreme, they once had a record of joining forces to kill the “median supreme”! Strength is unquestionable!

“The three of you, go to the Fish Ghost Realm and suppress the Fish Ghost Banzun!” The hall master of the branch hall ordered, “If the Fish Ghost Banzun knows each other and is ready to capture him, then bring him back; if he dares to resist, he will Just kill it!”

“Yes!” The three gods took orders.

And the master of the branch hall refocused on Yuan Zun’s virtual universe.

“Yuan Zun!” The head of the branch hall shouted loudly, and the voice was transmitted directly into the virtual universe, resounding throughout the entire virtual universe of Yuan Zun, “What? You really don’t want to come out and talk!?”

Go out and talk?

In the virtual universe, Yuan Zun couldn’t help sneering – go out? How to get out?

You must know that outside his virtual universe at this time, there are many strong people! The Black Tribulation Hall is divided into halls, and nearly half of the powerhouses have come here! The upper-ranking supreme, the middle-ranking supreme, the lower-ranking supreme... are all staring at the outside world.

And Yuan Zun is just a poor inferior supreme! Hiding in the virtual universe is like a little mouse blocked by a group of cats.

go out?

It’s impossible to get out! After all, once you go out, it will be a situation of “people are the knife and I am the fish”!

Yuan Zun is not stupid, how could he go out and die?

Therefore, no matter what the hall master of the branch hall said, Yuan Zun hid in the virtual universe, as steady as a dog: “Want me to go out? Dao Shi, come in if you have the ability!”

Dao Killing Supreme is the name of this branch hall master!

“You...” The head of the branch hall, Dao Killing Supreme, couldn’t help shaking his head, “I really wanted to have a good talk with you! But since you refused, then fine... don’t talk about it! You’re on your side. Hide in the virtual universe, and never want to enter the border of disorder again!”

Yuan Zun couldn’t help sneering: “If you really send a few Supreme Realm powerhouses to watch over me forever, then I will be honored!”

If you want to block Yuan Zun in the virtual universe, you must have a long-term guardian of the Supreme Realm powerhouse! Yuan Zun does not believe it, the Black Tribulation Hall is willing to pay such a price to deal with himself!

“Hahahaha...” The Taoist Palace Master smiled, as if everything was within his expectation and control, “As you wish, I am afraid that there will be a Supreme Realm powerhouse to ‘accompany’ you for a long time, and more than One or two!”

“Huh?” Yuan Zun’s heart suddenly flashed a bad premonition.

The Dao Killing Hall Master did not continue to look at Yuan Zun, but turned his hand and a dragon-shaped arrow appeared.

When Yuan Zun saw this dragon-shaped arrow, his pupils shrank suddenly: “Dragon Gate!”

Dragon Gate is a mysterious and ethereal alliance; however, it controls the power of the “Second Quadrant” of the disordered frontier and cannot be challenged.

It is said that...

The strength requirement to join Longmen must be “superior”!

The uppermost is supreme, before you can join! Median Supreme, can't join!

Swish!

The Lord of the Taoist Temple directly urged the “Dragon Gate Order”.

call out-

A projection, projected from an endless distance outside the “Destiny Heaven”, condensed into an old man with a gray beard in front of the Taoist Temple Master.

“Elder Long!” The master of the Taoist Temple nodded slightly.

“Oh? It's the Master of the Dao Killing Palace!” Elder Long said lightly, “Call me, what's the matter?”

“Elder Long, I want to build several virtual universes!” Dao Murder Hall Master continued.

A virtual universe cannot be created just by wanting to create it!

After all, to build a virtual universe, only a chaotic original nucleus is needed; and for the existence of the realm of the world, it is not difficult to obtain the chaotic original nucleus. If virtual universes can be built at will, then the entire disordered frontier, the number of virtual universes has long been flooded.

If you want to build a virtual universe, you must first obtain the consent of the elders of Longmen! Even if it is the uppermost supreme, it is the same!

“How many virtual universes are there to build?” Elder Long observed the surroundings and immediately understood, “This is ‘Destiny Heaven’, right? I remember, you Black Tribulation Hall, haven't entered ‘Destiny Heaven’ yet? You are Do you want to be stationed in Destiny Heaven?”

“That’s right!” The Master of the Dao Killing Hall said directly, “Originally, our Black Tribulation Hall would not be stationed in the ‘Destiny Heaven’ so quickly; but there is no way. Those who are too arrogant, don’t give us any face at the Black Tribulation Hall, making it difficult for our Black Tribulation Hall to do things here! We still have to build a station by ourselves. ”

“Oh...” Elder Long nodded slightly and asked again, “How many virtual universes do you want to build?”

The master of the Taoist Temple said: “Seven!”

“This is impossible!” Elder Long denied directly, “Using seven virtual universes to form a seven-star array, the power is too terrifying! This is just a small station in the Black Tribulation Hall, I can’t agree! At most... Three!”

Elder Long stretched out three fingers and said lightly.

“Five!” The Taoist Hall Master bargained.

Combining the power of the five virtual universes to form a five-element array, although the power is not as powerful as the seven-star array, it is also stronger!

“Only three seats, there is no need to discuss!” Elder Long said, “If you want to make it, forget it!”

“Three seats... Okay!” Seeing Elder Long’s attitude so resolute, the master of the Taoist Temple also knew that there was no room for bargaining, so he had to say, “Thank you Elder Long! I will come to Longmen in the future and visit in person!”

“Haha!” Elder Long smiled, and the projection dissipated directly.

...

At this time, Yuan Zun was already dumbfounded.

“Dragon Gate would actually agree with him to build a virtual universe here...and there are still three...”

Of course Yuan Zun guessed, UU reading [www.uukanshu](http://www.uukanshu.com). What does the master of the Dao Slaughter Palace want to do—he wants to build three virtual universes around his own virtual universe!

In this way, Yuan Zun’s virtual universe is directly trapped in the resident of the Black Tribulation Hall! As soon as Yuan Zun walked out of his own virtual universe, he walked under the eyes of the great masters of the Black Tribulation Hall...

“This is too cruel...” Yuan Zun couldn’t help but twitch.

Moreover, Yuan Zun knew that the main purpose of the Dao Killing Hall Master was to station the resident of the Black Tribulation Hall in the “Destiny Heaven”; as for dealing with him, it was just a matter of convenience!

Just doing it smoothly, it forced Yuan Zun into a corner!

Chapter 1878: If.....

“Ahead is the fish ghost world!”

Three figures swiftly swept across the border of disorder, and they were the three squatters.

Each of the three wasted, the strength is not weaker than Yuan Zun; if the three act together, even the weaker median supreme, must retreat!

“Humph! Ask our three brothers to deal with a half-zun? It’s really a bull’s knife to kill a chicken!”

“It can’t be like this... Fish Ghost Realm, although it is only a broken virtual universe, but under the endless years of management of Yu Ghost Banzun, it has long been impregnable! Ordinary low-ranking Supreme, it is really difficult to break into the Fish Ghost Realm! ”

“It doesn’t need much, we just need to complete the task! – I hope that the fish ghost is a little more familiar, otherwise, it will be his honor to die in the hands of our wasteful three!”

Soon, the three gods reached the vicinity of the Fish Ghost Realm.

“Half-Prince Fish Ghost!” One of the three statues of wasted, “The Supreme Being of Wasted” shouted out loud, and the sound moved the entire fish-ghost world.

“Huh?” Yugui Banzun was stunned for a moment, “Waste the three?”

Yugui Banzun had naturally heard of the reputation of the three wasted, and knew that they were the powerhouses of the Black Tribulation Hall. And this is what makes the fish ghost Banzun puzzled.

“I just expelled the black and red twins, and the Black Tribulation Palace sent three supreme realm powerhouses to come to the door? This Black Tribulation Palace is too pretentious, right?” Yugui Banzun couldn’t help thinking.

In his opinion, just expelling him, but not killing him, is completely worthless! If it was just because of such a thing, it would be too overbearing!

only...

What the Fish Ghost Banzun didn’t know was that the black and red twins he had come into contact with had both fallen. Moreover, before the fall, the black and red twins were communicating with the Black Tribulation Hall, and they were suppressed by the fish ghosts!

The spear is directed at the Fish Ghost Banzun!

But the fish ghost Banzun himself didn’t know it at all.

“Three supreme masters, what advice do you have?” Yugui Banzun said.

“Half-Prince Fish Ghost!” The Supreme Being shouted, “You dare to slaughter the Ban-Prince of my Black Tribulation Hall. If you don’t hurry up and capture it, go back with me and wait for the fate!”

The fish ghost half-respect was suddenly stunned – the half-respect of the Slaughtering Black Tribulation Hall? When did I slaughter the half-zun of the Black Tribulation Hall?

“Three!” Fish Ghost Banzun said in a row, “Did you have any misunderstanding?”

“Misunderstanding? What is the misunderstanding!?” The Supreme Being shouted, “We have ample evidence to prove that you slaughtered the black and red twins of our Black Tribulation Hall!”

“I... I don’t have it!” Yugui Banzun looked bewildered – what he did not do at all, the Black Tribulation Hall actually has sufficient evidence?

How did this Nima come out with evidence! ?

“How dare you be stubborn!?” The aura of the Supreme Being wasted, frantically oppressing the entire Fish Ghost Realm.

“I haven’t done it, I just haven’t done it!” Yugui Banzun felt that it was difficult to explain.

“Humph! It seems that you refuse to admit it?” The Supreme Being said coldly, “If you offend our Black Tribulation Hall, you think you will be fine if you don’t admit it? Kill it!”

“You guys...” Fish Ghost Banzun never thought that the other party would make a move in a few words, “I really didn’t do it!”

Fish Ghost Banzun wants to cry but has no tears – where the \*\*\*\*\* did you get the evidence!

However, the wasted three respects did not give him a chance to explain, so he started directly!

boom! !

The power of the three supreme realm powers, mightily crushed the fish ghost half-zun.

“You...you don’t deceive people too much!!” The fish ghost half-zun directly motivated the power of the entire fish-ghost world to fight against the wasteful three.

“Dare to struggle!?”

boom!

A collision!

The two sides were evenly divided.

However, under the mighty power of this collision, the entire Fish Ghost Realm shook; all the mortals in the Fish Ghost Realm were also wiped out! Only the gods and above can survive.

“Huh?” The three of us were shocked. “You can force the three of us to join forces? It seems that you do have some skills! But... If you think that you can provoke us to waste the three, then you are too real!”

boom! boom! boom! ...

The wasteful three smashed towards the fish ghost half-zun again and again.

...

The frontier of disorder.

Xu Ming and Huang Zhizun were originally near the Fish Ghost Realm, and they didn’t leave very far.

“What’s going on?” Suddenly, Xu Ming noticed the violent fluctuations in the direction of the Fish Ghost Realm. “What happened? Why is there such a big movement in the Fish Ghost Realm? Could it be that... someone is attacking the Fish Ghost Realm?”

Xu Ming and Huang Zhizun looked at each other: “Go and have a look!”

The two masters and servants quietly sneaked in the direction of the fish ghost world.

Approaching the fish ghost world, Xu Ming and Huang Zhizun finally saw the situation clearly.

“Sure enough, someone attacked the Fish and Ghost Realm! Those are... the three Supremes?” Xu Ming was a little surprised.

“Three wasted!” Huang Zhizun recognized the identities of these three supremes and said, “Three wasted, is the great power of the Black Tribulation Hall! In the vicinity of ‘Destiny’, it can be regarded as a relatively famous existence; three Together, the strength level has completely reached the mid-level supreme level! – How did they deal with the fish ghost half-exalted?”

“Median supreme level?” Xu Ming smiled, “Now, the fish ghost half-zun seems to be miserable!”

Xu Ming saw that under the collisions of ~www.readwn.com~, the fish ghost half-zun actually gradually fell into a disadvantage.

At this time, there should be no creatures in the entire fish and ghost world – those who are weak have already disappeared under the aftermath of the battle; and those who are relatively strong, who have reached the Nirvana realm and the domain master realm, have also fled. In the world of fish and ghosts, wandering in the border of disorder.

Of course, escaping from the fish and ghost world does not mean it is safe! After all, the battle between the three gods and the fish ghost half-zun has spread too far; there are always strong people in the Nirvana realm and the domain master realm, which are affected by the aftermath, and they die directly.

And the fish ghost world has gradually begun to crack, obviously it can't last for a long time.

“The Fish Ghost Banzun is about to lose!” Huang Zhizun said.

“I didn't expect... why didn't we talk about the Fish Ghost Banzun, and he would be killed by the Black Tribulation Hall!” Xu Ming sighed.

Huang Zhizun said: “Even if you kill the three ghosts, you will have to pay the price! A half-lord who controls a virtual universe, even if it is just a broken virtual universe, is not so easy to deal with!”

“Yeah!” Xu Ming watched silently.

The fighting continues on both sides.

The inferiority of the fish ghost half-zun is becoming more and more obvious; however, he can only continue to grit his teeth and carry it hard and cannot escape.

After all... Fish Ghost Banzun's own strength is actually not worth mentioning in front of the Supreme Being; it is entirely by the Fish Ghost Realm that he can persevere under the wasted three masters for so long! Once escaped from the fish ghost world, the fish ghost half-zun may be killed in an instant!

Therefore, the Fish Ghost Banzun had no way out, and could only grit his teeth and carry it hard.

Sudden-

Xu Ming's eyes lit up, and a thought appeared in his heart: “What would happen if... the three statues died here?”

Chapter 1879: Chain Of Suspicion

“What would happen if... the three statues were wasted and died here?”

A series of thoughts gradually emerged in Xu Ming's heart.

If the three gods died here, who would be most suspicious? —No matter who is the most suspect, no one will suspect Xu Ming! Even, no one will know that Xu Ming has been to the fish ghost world.

and...

Even if someone knew that Xu Ming had been to the fish ghost world, they would not doubt Xu Ming. After all, no one would think that Xu Ming could deal with the wasteful three. In other words, if Xu Ming had a way to kill the three wasted gods, it would be... a white kill!

Oh no! It's not killing in vain, but... After killing, you can still harvest a lot of treasures!

"Also welcome..." Xu Ming's eyes became brighter and brighter, "If I can kill the three squatters, then the biggest suspect of the Black Tribulation Hall should be the Temple of Despair!"

Xu Ming's speculation is completely reasonable.

The Temple of Black Tribulation, the only enemy in "Despair", I am afraid it is also the Temple of Despair! The other major forces have no friction with the Black Tribulation Hall; and the second-class forces dare not offend the Black Tribulation Hall.

If the three gods were wasted and died here, the Black Tribulation Hall did not doubt the Temple of Destiny, but who should they doubt?

And the consequence of doubt is – conflict!

"Great!" Xu Ming suddenly thought of something and slapped his thigh.

"Master?" Huang Zhizun couldn't help but wonder.

Xu Ming sneered: "The Temple of Death, I must destroy it! However, for me, the Temple of Death is too powerful; such a behemoth is not something I can shake now! But...if I use the Temple of Black Tribulation What about this blade?"

"Master, what do you mean...?"

"It's very simple..." Xu Ming narrowed his eyes slightly, "To kill the three wasted statues!"

Xu Ming paused and continued: "After killing the three squatters, the Black Tribulation Temple will definitely suspect the Temple of Despair! At that time, the Temple of Destruction will definitely not

admit it – but, regardless of whether it is the Temple of Destiny or not. Admit it, the Temple of Black Tribulation will definitely doubt the Temple of Despair! This is inevitable!”

“And... don’t forget, the Temple of Destiny also died a Half-Zun Yun! Although it was killed by us, the Temple of Destiny didn’t know about it! So, at that time, the Temple of Destiny will definitely have a suspicion. Object – Who do you think is most likely to be the suspect of the Temple of Death?”

Huang Zhizun’s eyes lit up: “Black Tribulation Hall!”

“That’s right! It’s the Hall of Black Tribulation!” Xu Ming said, “After all, the Hall of Black Tribulation was supposed to kill Yun Banzun. This is no longer a secret! Everyone knows about it!”

The black and red duo came to the fish ghost realm to kill Yun Banzun. There are many people who know about this – at least Yuanzun knows it!

Therefore, when the time comes, the Temple of Destiny will definitely count the death of Banzun Jueyun on the head of the Temple of Black Tribulation! Although the Black Tribulation Hall has never been killed, it can’t be relied on if you want to!

“The Temple of Black Tribulation suspects that the Temple of Destiny has killed the three Zun Zun, but the Temple of Destiny does not admit it; and the Temple of Destiny suspects that the Temple of Destiny has killed Banzun Jueyun, and the Temple of Black Tribulation does not admit it! In this way... the two sides will Trapped in a chain of suspicion! Once this chain of suspicion is formed, it is difficult to remove, and the next step is...”

“A battle?” Huang Zhizun said.

“That’s right!” Xu Ming said, “It’s a big battle! It’s not certain, the two sides are fighting, but they are trusting; or, they are fighting, and they have reached some kind of reconciliation... But at that time, the two sides will inevitably lost heavily!”

“Indeed!” Huang Zhizun agreed.

Xu Ming continued: “As long as we kill the three wasted, then the chain of suspicion has already formed! If we continue, we will try to kill more powers in the Temple of Despair and the Temple of

Black Tribulation, then, this The chain of suspicion will become stronger and stronger, and it will become more and more difficult for the two sides to resolve their hatred in the future!

Huang Zhizun was secretly shocked when he heard it: “It’s still the master!”

But...

Huang Zhizun is also a little puzzled: “How can we kill the three wasted statues?”

After all, the strength of the three gods united is comparable to that of the median supreme! And Huang Zhizun is now seriously injured, and his strength is at best a relatively weak lower-ranking supreme; as for Xu Ming, he does not even have the combat power of a lower-ranking supreme!

“Wait!” Xu Ming said, “I believe that even if Yugui Banzun can’t kill one or two of the three wasted statues, it will definitely cause them no trouble or even serious injuries! When their battle is over, we will wait for an opportunity. Move!”

“But...” Huang Zhizun actually thought that even if he was injured, it would not be so easy to kill! The Supreme Realm Great Expert, which one is not the same existence?

“Of course—” Before Huang Zhizun could say anything, Xu Ming interrupted, “If you just put your hope in the fish-ghost Banzun, then if you want to kill the three wasted statues, it must be a lot worse! But... it’s just strange, Wasting three respects gave me enough time to prepare!”

“What do you mean?” Huang Zhizun was taken aback.

Xu Ming smiled strangely and said, “Find a way to isolate this area so that the message cannot be sent out!”

“It’s simple!” Huang Zhizun said. It’s just a matter of isolating the communication near the Fish and Ghost Realm. It’s easy for the Supreme Phoenix to come~[www.readwn.com](http://www.readwn.com)~ The rest... Leave it to me! “Xu Ming smiled strangely.

Swish!

Around Xu Ming, a clone suddenly and quietly appeared!

“Unlimited Avatar” hang, open!

“Huh?” Huang Zhizun’s eyes lit up, and he immediately understood – the master is going to enlarge his move!

Swish! Swish! Swish! Swish! ...

Ten clones quickly turned into twenty, forty, eighty...

The avatar split quietly, barely making a sound.

But the speed of the split is appalling!

Within a few breaths, the number of Xu Ming’s clones had already reached thousands! And, it keeps doubling and growing!

Soon, the number of Xu Ming’s clones reached hundreds of thousands, millions, tens of millions...

Hundreds of millions!

Hundreds of millions of clones!

How terrifying! How magnificent!

Moreover, the strength of each clone has reached the half-respect level!

Hundreds of millions and a half!

And it is still a half-zun with extremely consistent action!

It can't be described as terrifying!

"It's so good to have a low cultivation base. Open the 'infinite avatar' hanging, and you don't feel bad about hanging up at all!" Xu Ming secretly said.

His current cultivation is in the Nirvana realm, so he only needs a level 20 hanging point to open the "infinite clone". As for Xu Ming, he even had a lot of level 22 hanging points; spending hundreds of millions of avatars using level 20 hanging points, he didn't feel anything at all!

"Hundreds of millions of clones, this game should be stable, right?" Xu Ming thought for a while, "No! Although it is quite stable, it can be a little more stable!"

To be more stable, you need more clones!

More clones require more hanging points!

but...

Isn't it just hang up?

Brother Ming looks like someone who lacks hanging points?

Chapter 1880: Drool Attack

Brother Ming looks like someone who lacks hanging points?

Hundreds of millions of clones continued to split, and soon, the number of Xu Ming's clones reached one billion!

Yes, a billion!

A billion and a half!

What is this concept?

It's a bit unpleasant, a clone saliva can directly spray the three wasted statues to death!

...

At this time, the battle between the three wasted and the fish ghost half-zun has also reached the last moment.

The entire fish and ghost world has been beaten to pieces, almost falling apart!

In the fish and ghost world, all living beings have long since disappeared! Even the great power who escaped from the fish ghost world, because the speed of escape is relatively slow after all, has already fallen.

"I wasted three statues, you don't force me!" The fish ghost half-zun was covered with scars, and it was already at the end of the force.

"Hahahaha... What about forcing you?" The three sages laughed arrogantly.

At this point in the battle, the three wasted and paid a great price, and it was difficult to force the fish ghost half-zun to a desperate situation; next, the fish ghost half-zun must be completely killed!

"You..." Fish Ghost Banzun gritted his teeth, "You are deceiving people too much!!"

Fish Ghost Banzun feels aggrieved!

He clearly didn't kill the black and red twins, but the other party insisted that he killed them; and now, he has a posture of rushing to kill them – what is this not deceiving?

only...

Is the Fish Ghost Banzun really wronged?

Not wrong!

When he attacked Xu Ming's disciple, he should have expected this result! The pitiful thing is that Banzun Fish Ghost didn't think of it at all; even, now that he is about to die, he doesn't know why he died.

"Too deceitful?!" Shisan Sanzun didn't think so, "What have you done, don't you think you're a bit overwhelmed?"

"I..." Yugui Banzun couldn't argue, "Humph! If you want to add a crime, why don't you worry about it!? – If you want to kill me, then come! However, it is not so easy to kill me! Even if I die, I'm going to eat a piece of meat from you too!"

boom! !

When the wasteful three statues came forward again, the fish ghost half-zun gritted his teeth and directly ignited the entire fish ghost world!

"Want me to die!? Then let's die together!" Yugui Banzun looked hideous.

"what!?"

"madman!"

"His control of the fish ghost world has reached such a level!? Can he directly detonate the power of the entire fish ghost world?"

Wasting three statues were a little terrified: "Retreat!"

"Want to escape? It's too late!" The fish ghost half-zun was insanely insane, carrying the power of the entire fish-ghost world, and rushed towards the three wasteful ghosts.

boom! ! !

The entire fish and ghost world, accumulating the power of the Endless Era, exploded at this moment!

Although the fish ghost world is only a ruined virtual universe, it is also a virtual universe! The power of a virtual universe explosion, how terrifying! ? – Even if the power of the explosion in the fish ghost world is compared with the intact virtual universe, the power of the explosion should be discounted; even if the power of the explosion that affects the three gods is only a few thousandths, or even a few ten thousandths, but... it is almost fatal!

Bang!

This wave of terrifying explosive power ripped apart the sky and destroyed the universe. The weak fish ghost half-zun, in the center of the explosion, couldn't hold on for even a moment, and the divine body was directly annihilated into nothingness.

And the three wasted, did not escape very far, and was directly swallowed by this wave of terrifying power.

boom-

The mighty might, endlessly dazzling, swept across the disordered territory, and even spread to Xu Ming. However, when it came to Xu Ming's side, because the distance was too far, there was no more power; for Xu Ming and the billion clones, it was just like a breeze.

Huang Zhizun said with emotion: "It's very difficult to detonate a virtual universe! I didn't expect that the fish ghost half-zun could detonate the fish ghost world... It's just bad luck for the three of them!"

"That wasted three statues, won't they be killed directly?" Xu Ming couldn't help saying.

If he was directly killed, then the billion clones Xu Ming had worked so hard to prepare would be for nothing; a lot of hanging points would be wasted!

"No!" Huang Zhizun said with certainty, "Supreme Venerable realm powerhouses do not fall so easily!"

“Yeah!” Xu Ming waited calmly.

The aftermath of the explosion in the Fish Ghost Realm gradually dissipated, revealing the embarrassed figure of the three gods.

At this time, the three gods were weak, and their divine bodies were severely damaged.

“Damn... I didn’t expect it...”

“This is really careless! I thought that dealing with the mere fish ghost Banzun should be a matter of hand; as long as you have a little heart, you don’t even have to pay any price! I didn’t expect that the fish ghost Banzun still has such a hand...”

“This time, I’m afraid we will have to rest in the Endless Era before we can regain our strength!”

The three were a little depressed.

Although the fish ghost half-zun has fallen, but the three of them are made like this by one and a half-zun, it really feels a bit “sewage capsized”.

“Anyway, the mission is complete!”

“Let’s go!”

“Go back and recover!”

The three of them were about to leave when suddenly, their expressions changed in unison.

The three statues were horrified to see that there were densely packed and countless figures approaching them from all directions. The sheer number is astounding!

What’s even more terrifying is... the aura of each figure has reached the half-respect level!

What's even more terrifying is... the appearance and momentum of each figure are almost exactly the same!

"These are... avatars!?" The three gods were stunned!

I have seen many clones, but I have never seen so many clones!

"We have to welcome you here..." San Zun quickly estimated that ~www.readwn.com~ turned pale, "One... one billion!?"

One billion clones! ?

Wasting three respects only felt that his head was blank for a while.

If they are in their prime, at any cost, there is still a glimmer of hope to escape from the siege of a billion and a half statues. But now, they are seriously injured and have no hope!

"Help!"

No matter who the other party is, it must be a bad person! Wasting three gods without hesitation chose to ask for help!

But then, the faces of the three wasted heads changed—their calls for help couldn't be spread out at all!

"There are powerful people in the supreme realm, blocking the communication around!" The three gods were desperate!

"You... Who are you!?" The three gods roared in horror as they looked at the billion identical clones.

"Who I am, it doesn't matter! The important thing is..." The voices of a billion Xu Ming rang out at the same time, "The important thing is... Today, you are all going to die here!"

“No—” With a confused look on the face of the three, he felt the imminent arrival of death.

One billion Xu Ming, all showing disdain on the ground, and then...

call out! call out! call out! call out! ...

One billion Xu Ming actually surrounded the three statues and began to spit... spit!

Of course, the saliva also contains great power, and even a mental attack!

call out! call out! call out! call out! ...

Hundreds of millions of saliva attacks shrouded the three squatters.

Wasting the three statues is both frightening and embarrassing – this is simply an insult to their red fruit!

However, what’s even sadder is...their current state cannot resist Xu Ming’s saliva attack at all!
