

# A World 1881

## Chapter 1881: Make An Argument

Spray the Supreme with saliva!

This kind of thing is absolutely unprecedented in the history of the entire universe!

And Xu Ming did just that!

And one spray is three!

Under the “saliva attack” of Xu Ming’s billions of clones, the three squatters, who were seriously injured, just struggled a little, and were directly drowned by the saliva, and then... drowned!

Drowning in saliva... This is the real thing!

“Humph! Unbearable!” Xu Ming’s deity then stood up, spit, and hummed disdainfully.

Just as Xu Ming was about to step forward to harvest the spoils...

call out-

A figure suddenly rushed into the communication isolation area set up by Huang Zhizun.

“Huh?” Xu Ming and Huang Zhizun were both stunned – Xu Ming suppressed the three wasted, but in order to make the Temple of Black Tribulation and the Temple of Destiny suspect each other, they fell into a chain of suspicion; this kind of thing must not be Anyone else know!

Suddenly someone broke into the communication isolation area, and the strength of the comer was obviously strong, which was unexpected.

swoosh—

The communication isolation area of Huang Zhizun is very wide. That figure had just entered the isolation area of the communication, so he absolutely couldn't see the situation on Xu Ming's side.

The figure quickly approached.

“He is...?” Soon, Huang Zhizun recognized the identity of the other party first, “Bensha Supreme!”

“Do you know?” Xu Ming asked.

“Master, this Fensha Supreme has a grudge against me! Among the Supremes who chased and killed me back then, he was the only one!” Huang Supreme continued, “And... this Fensha Supreme is still a subordinate in the Temple of Despair. Supreme!”

Have a grudge against you?

Or the subordinate supreme of the Temple of Despair?

Xu Ming didn't hesitate at all: “Then kill him, absolutely cannot let him escape!”

swoosh—

The Burning Sha Supreme is still approaching. When he got close, he was immediately stunned.

“This is...?”

Fensha Supreme saw Xu Ming's billion-dollar clone in horror!

One billion avatars, each avatar is the momentum of a half-respect!

“This...isn’t this the Fish Ghost Realm? Where is the Fish Ghost Realm? And...what is this billion avatars!?” Fen Sha Supreme looked bewildered, and subconsciously turned around and ran away. While running, but also at the same time messaging.

However, Fensha Supreme immediately discovered that this area was isolated from the communication; his communication could not be transmitted at all.

“It’s over!” Fen Sha Supreme suddenly had a bad premonition, and his heart was cold.

“Fen Sha!” Huang Zhizun’s voice resounded through time and space, “They are all old friends. Since they are already here, why not come and chat?”

“Huang Zhizun!” Fen Sha Zhizun’s expression changed again, and his feet slipped faster, “You... You actually got out of trouble!?”

“Want to escape?” Huang Zhizun laughed, “Since you are here, then stay here!”

boom-

Huang Zhizun’s divine power suddenly turned into countless threads of flame, entwining towards Burning Sha, hindering his speed.

And Xu Ming’s one-billion avatar was not idle either!

call out! call out! call out! call out! ...

This time, it is no longer a saliva, but a direct attack of a billion minds!

Quantitative change will produce qualitative change!

If it didn’t give Xu Ming a chance to split into one billion clones, that’s fine; but now, since Xu Ming has split into one billion clones, then the ordinary one or two low-ranking Supremes can really easily swept away!

“No—” Fen Sha Supreme was in endless panic, and was directly overwhelmed by Xu Ming’s mental attack.

call out! call out! call out! call out! ...

Several waves of mental power attacked, and Fen Sha Supreme died instantly.

It didn’t take long for Xu Ming’s billion clones to reach their time limit and dissipated.

This area around the fish ghost world has regained its tranquility again. It’s just... the fish ghost world no longer exists.

“Disturb the battle traces here, don’t let people find any clues.” Xu Ming ordered.

“Yes!”

After doing all this, Xu Ming and Huang Zhizun left quickly, as if they had never been here before.

...

Temple of Doom.

Undoubtedly the top force in the entire “Destiny Day”.

At this time, the faces of several elders in the Temple of Despair were not very good-looking.

“Banzun Jueyun, actually fell... Somebody dares to move us in the ‘Destiny Heaven’!” An elder with a dragon beard snorted coldly, “I don’t know... what force is it? So bold!”

“Other forces in ‘Destiny Heaven’ will definitely not dare to touch the people in our Destiny Temple! I’m afraid... it’s the Black Tribulation Temple!”

“The Hall of Black Tribulation aggressively rushed into our ‘Destiny Heaven’, it seems that it is a sure thing to settle in our ‘Destiny Heaven’! But... strong dragons do not overwhelm the snakes! Although the Black Tribulation Hall is powerful, when it comes to our ‘Destiny Heaven’ , and respect our Temple of Despair! If you dare to provoke, then kill them directly out of the Destiny!”

“Don’t worry! Fensha Supreme has already gone to investigate! If it is really found out, Jueyun Banzun’s death was caused by the Black Tribulation Hall; then, we must discuss with the Black Tribulation Hall!”

“good!”

The elders of the Temple of Despair are all very united.

Sudden-

The expressions of the elders suddenly changed.

“Burning Sha Supreme...”

“Falled!”

boom! boom! boom! boom! ...

One after another, the elders suddenly became suffocating.

“Fensha Supreme went to the Fish Ghost Realm. With his strength, how could he fall in the Fish Ghost Realm?”

“I heard...” Elder Longxu’s news is relatively well-informed, “I heard that the Temple of Black Tribulation has sent three sages to go to the Fish Ghost Realm!”

“Send the three of them to go to the fish ghost world? – The three of them together, their strength is comparable to that of the median supreme, right? Little fish and ghost world, what is there for them to go to!?”

“Is it still need to say? Isn’t it obvious? Burning Sha Supreme I am afraid that he died in the hands of the wasteful three!”

“That’s right! Before Fensha Supreme fell, he didn’t even have time to send out the call for help. It can be seen that the enemies he encountered were definitely at the mid-level Supreme level, so he had no resistance at all!”

“The median supreme!? That’s all the median supreme of the entire ‘Destiny Heaven’! There is no one, there is a reason to take action against the burning sha supreme! Humph! The murderer is definitely a waste of three!”

“The Hall of Black Tribulation... It’s so deceiving!”

“Let’s go! Ask them for an explanation!!”

One after another, the elders came angrily to the front of the communication formation in the Temple of Despair, urging the formation, and forcibly established a communication connection with the “Dao Killing Hall Master” in the branch hall of the Black Tribulation Hall.

...

At this time, the Black Tribulation Hall side.

The Taoist Palace Master and the elders are also furious at the death of the three gods!

“Together with the three wasted, it is definitely the strength of the median supreme! Looking at the entire ‘Destiny Heaven’, there are not many who can kill them! And other forces have no grievances with us, and it is impossible to take action against the three. ; The only suspect, that is... the Temple of Death!”

“The Temple of Despair, it’s too deceiving!”

“The Supreme Being of our Black Tribulation Hall was killed casually? What’s more, he wasted the three! This matter must not be left alone!”

All the elders roared.

The master of the Taoist Temple said coldly: “The master of the temple will definitely look for the Temple of Destiny to ask for an explanation!”

And at this moment, the master of the Taoist Temple received a message from the Temple of Death.

“Huh? How dare you send me a message?” The master of the Taoist Temple was shocked and angry, “Is it possible...killed the supreme of our Black Tribulation Hall, and came to show off his power!?”

Immediately, the Dao Murder Hall Master received the communication with a bad expression.

Genius for a second to remember the address of this site: .. Mobile version reading website: m.

Chapter 1882: The Moon Sees The Half-Zun

Immediately, the Dao Murder Hall Master received the communication with a bad expression.

He wanted to see, the Temple of Despair was going to say something.

“Dao Murder Hall Master!” A low voice came from the other end of the communication.

“It’s Elder Longbeard!” The master of the Taoist Temple also said in a bad tone, “I don’t know what you are doing?”

“Humph!” Elder Longbeard snorted angrily and asked directly, “Dao Murder Hall Master, what do you mean by Black Tribulation Hall!?”

what! ?

The great powers of the Black Tribulation Hall were almost laughed at by Elder Longbeard’s questioning – obviously it was your Temple of Destiny who killed our three scumbags, and now you still have the face to come to the door to ask the teacher to ask the guilt?

An elder of the Black Tribulation Hall snorted angrily: “Could it be that... the Temple of Destiny wants to say that we have crossed the border, so it is going to give us a showdown?”

The master of the Dao Murder Palace continued to communicate: “Listen to what you mean... We, the Black Tribulation Palace, have to apologize to you?”

“Shouldn’t I apologize?” Elder Longbeard snorted coldly.

Of course, the master of the Taoist Temple did not know that the Temple of Despair had just died of a Burning Sha Supreme. And the object of suspicion of the Temple of Despair is their Black Tribulation Hall.

The great powers of the Hall of Black Tribulation, such as the Master of the Dao Killing Hall, all thought that the Temple of Destiny came to the door because of the waste of three honors.

“Too deceiving!”

“It’s really deceiving!”

“This Temple of Destruction, not only did it kill the three of us, but now it wants us to apologize?”

“It looks like... The Temple of Destruction is going to start a war!”

“War is war! Are you afraid that they won’t succeed!?”

“Although it is almost impossible for the main hall to send a strong person to the small place of ‘Destiny Heaven’, how can we be afraid of the Destiny Temple if we just split the hall?”

“If he wants to fight, then fight!”

The great powers of the Black Tribulation Hall couldn’t hide their anger!

Really deceiving too much!

Kill our three Supremes! We want to apologize! The practice of this Temple of Destiny is too overbearing!

only...

The Hall of Black Tribulation does not know that the great powers at the Temple of Despair are also filled with righteous indignation!

“Humph!”

Elder Longxu cut off the communication ruthlessly: “This Black Tribulation Hall is so unreasonable!”

“Why, they won’t even apologize?” the other elders asked one after another.

“Yes!” Elder Longbeard said angrily, “This Black Tribulation Hall killed our Fen Sha Supreme; and now, I just want them to have an attitude and an apology! As for what to do after the apology, that’s something that will come later. But now... the Black Tribulation Hall doesn’t even want to apologize!”

“What!? Don’t even want to apologize!?”

“Could it be... The Black Tribulation Hall thinks that they have a strong background, so they can act recklessly? Hmph! It seems that they should know who is the master of the ‘Destiny Heaven’!”

“Fight!”

“Go and ask the hall master to go out and declare war directly!”

Both the Black Tribulation Hall and the Destiny Temple, who were in anger, could not even communicate well, and they reached the point of war.

Of course, the initiator Xu Ming didn’t know about all this!

At this time, Xu Ming and Huang Zhizun had already left the “Destiny Heaven” territory.

...

call out-

Two figures, one master and one servant, swiftly swept across the disordered frontier. It was Xu Ming and Huang Zhizun.

The border of disorder is vast and endless.

Pieces of “Heaven” like “Destiny Heaven” cannot be counted in the entire Chaos Frontier.

The two of Xu Ming flew rapidly, and the endless Tianhe dazzled around them.

“Master!” Huang Zhizun said ashamedly, “It’s my incompetence, I can’t find out the location of the ‘Stone Statue Forest’...”

Stone Statue Forest... There is only one in the entire second quadrant.

It is said that in the Border of Chaos, many of the great powers suppressed by the cosmic chains will go to the Stone Statue Forest. There are indeed some great powers. After coming out of the stone statue forest, the cosmic chains on his body are lifted.

Xu Ming was suppressed by the cosmic chains and could not break through to the domain master realm; if there was no other way, he could only go to the Stone Statue Forest to see.

“It’s alright!” Xu Ming said lightly, “Didn’t you already know that there is a great master in ‘Biliantian’ who has entered the Stone Statue Forest? Let’s go and ask him, we should know!”

“I hope that the almighty will say it!” Huang Zhizun said.

“If you don’t want to say it...” Xu Ming and Huang Zhizun looked at each other and laughed.

If he refuses to speak, then fight until he speaks!

...

“Bilientian” and “Destiny Heaven” are relatively adjacent territories.

After the two masters and servants entered Bilientian, they flew towards the specific direction they had inquired.

“That almighty is called ‘Yue Jian Banzun’!” Along the way, Huang Zhizun explained the information he had learned in detail, “Although he has been to the Stone Statue Forest, he has not been able to remove the universe from his body. Chains! It is said that... the suppression of the cosmos chains on him has become stronger and stronger! If the suppression continues, I am afraid that he will be crushed to death by the cosmos chains before long!”

“Yeah!” Xu Ming nodded secretly.

With the passage of time, the suppression of the cosmic chains will indeed become stronger and stronger!

For example, Xu Ming, when he was just suppressed by the cosmic chain, without opening the “Infinite Blue” link his strength is still relatively strong in the sixth-order half-respect. But now, Xu Ming felt that his strength had weakened a bit, and he was probably only equivalent to the ordinary level of the sixth-order half-respect.

The longer you wait, the more terrifying the suppression of the cosmic chains!

Therefore, Xu Ming must find a way to relieve the suppression of the cosmic chains as soon as possible!

Huang Zhizun continued: “Yuejian Banzun does not live in the virtual universe, but builds an altar in the chaotic frontier!”

“Altar?” Xu Ming was a little puzzled.

“Yes!” Huang Zhizun said, “It seems that he learned a certain secret method in the stone statue forest, and can remove the cosmic chain on his body; and to use that secret method, he needs to set up an altar!”

“Oh...” Xu Ming was stunned, “If it’s not in the virtual universe, then things will be much easier to handle!”

If the other party lives in a certain virtual universe, then the difficulty of negotiation is relatively high! – If you want to negotiate, you have to enter the virtual universe; and to enter the virtual universe is to enter someone else’s territory.

You must know that even the supreme beings do not dare to easily enter the virtual universe of others!

And now, Yuejian Banzun doesn’t live in the virtual universe, it is much more convenient! – If the moon sees Banzun and knows the appearance, then the negotiation will naturally be “Hello, I’m good, everyone.”

All the way through the border of disorder.

Finally, the two of them arrived at the place where Tsukimi Banzun was.

“This altar...”

Xu Ming looked at this incomparably huge altar in shock.

“too big!”

The size of this altar is probably comparable to a normal virtual universe!

Xu Ming could see that this altar seemed to be directly transformed from the remains of a virtual universe!

Chapter 1883: Won’T Tell You

Build an altar directly from the remains of a virtual universe!

One can imagine how majestic this altar is!

“Why did Yuejian Banzun build such a huge altar?”

Xu Ming and Huang Zhizun were both puzzled, but they were too lazy to think about it. What they were more concerned about was the location of the Stone Statue Forest.

call out-

Huang Zhizun’s spiritual thoughts directly enveloped the entire altar, reporting his name: “Yue Jian Banzun! ‘Destiny Heaven’ Huang Zhizun, and my master, come to visit!”

The name of the Supreme is still useful!

Even in “Bilientian”, there are many great experts who have heard the name of Huang Zhizun.

“Huang Zhizun?” Yuejian Banzun obviously knew Huang Zhizun, but his tone was not very polite, “You and I have never known each other. Is there something wrong with you looking for me now?”

“I want to ask Yuejian Banzun about something!” Huang Zhizun said.

After all, Huang Zhizun is a strong person in the Supreme Realm, and Yuejian Banzun is not too shameless; moreover, Huang Zhizun said that his master is here, and Yuejian Banzun is even more difficult to turn away casually!

After all, the “Master” of the Sovereign is probably the most powerful being in the Sovereign, right?

“Please come in!”

Yuejian Banzun opened a passage to the inside of the altar, but he didn't come out to greet him – for him, he didn't want to offend the Supreme Realm powerhouse for no reason, but there was no need to please the Supreme.

Xu Ming didn't mind either, and walked directly into the altar along the channel.

“This altar...”

Xu Ming could feel that in this altar, there were countless billions of creatures living, as if it was not much different from the ordinary virtual universe. But if you feel it carefully, you can find that every creature in the altar is born to exist for sacrifice!

“Sacrificing the creatures of the entire virtual universe?” Xu Ming could not help but frown slightly.

This handwriting is really big enough!

This method is really cruel!

But in the border of disorder, the weak and weak are not qualified to decide their own destiny and life.

Slaughtering a whole virtual universe of beings, this kind of thing can also be said to be common in the frontier of disorder!

Therefore, although Xu Ming frowned slightly, he didn't intend to interfere in this business – he didn't intend to worry about the weakness of others!

“Huang Zhizun, and... this one!” Yue Jian Banzun couldn't help but stunned when he saw Xu Ming – this is Huang Zhizun's master? The cultivation base is only Nirvana?

At the same time, Yuejian Banzun has probably guessed the purpose of Xu Ming and Huang Zhizun – Xu Ming has a cosmic chain on his body, and their intention here is probably to ask about the stone statue forest.

Huang Zhizun continued: “This is my master, Xu Ming!”

“Your master?” Yue Jian Banzun smiled meaningfully. Although it was not stated clearly, the contempt was already obvious – the dignified and powerful people in the Supreme Realm were willing to be slaves in the Nirvana Realm?

“I wonder if you two are looking for me?” Yue Jian Banzun said lightly.

“Yuejian Banzun!” Although Huang Zhizun was unhappy with Yuejian Banzun’s attitude, but after all, he wanted to ask others, so he had to hold back his anger and cut to the chase, “We want to ask about the information about the Stone Statue Forest!”

“Sure enough!” Yue Jian Banzun sneered in his heart and said, “I do know the information of the Stone Statue Forest! But...why should I tell you!?”

Xu Ming did not speak.

For some things, just let the servant speak, Xu Ming doesn’t need to speak in person.

Huang Zhizun said again: “We don’t want your messages for nothing! We can use treasures to exchange messages with you!”

“Treasure?” Yue Jian Banzun said with a wicked smile, “What treasure? Supreme Divine Soldier?”

Supreme Divine Soldier?

The Supreme Divine Soldier, how precious!

You must know that even a weak and low-ranking Supreme may not necessarily be able to have a Supreme Divine Weapon! – For example, Yuan Zun does not have a single supreme divine weapon on his body.

And now, it’s just a piece of news, Yue Jian Banzun dares to ask for the Supreme Divine Weapon?

How dare you open your mouth!

“The lion has a big mouth!” Huang Zhizun shouted angrily, “This is impossible! Change the request!”

“Another request?” Yue Jian Banzun jokingly smiled, “Yes! Then you help me catch ten Half-Prince servants, a hundred servants of the World Lord, and 10,000 servants of the Domain Lord! I’ll tell you!”

“You...” Huang Zhizun was really angry!

Ten half-respects, one hundred world masters, 10,000 domain masters... The domain masters are quite easy to say, but with so many half-respects and world masters, even if you capture several virtual universes, you may not be able to collect so many!

Changed the request, Yue Jian Banzun still opened his mouth at the lion!

Moreover, it is still the kind of very exaggerated and illogical lion’s mouth! It sounds like Yuejian Banzun doesn’t want to tell Xu Ming and Huang Zhizun about the Stone Statue Forest at all!

“Why, are you angry?” Yue Jian Banzun sneered, “If you want to know the news of the Stone Statue Forest, you can exchange these! Of course, you can also not exchange, I will never, nor have the strength to force you to exchange!”

boom!

As soon as Huang Zhizun’s aura exploded, he was about to act – it was about his master Xu Ming, so Huang Zhizun couldn’t help but not be angry!

“Want to do it?” Yue Jian Banzun showed a disdainful attitude, “It doesn’t matter! If you want to do it, then come! You are strong, and if you have the ability, kill me! Anyway, even if you kill me, don’t do it. I want to know the news of the Stone Statue Forest!”

“you...”

Yue Jian Banzun's attitude was something Xu Ming and Huang Zhizun had never thought of before they came. After all, it's just a bit of news; and news is the least valuable thing, so it shouldn't be difficult to get it!

Unexpectedly, when I came into contact with Banzun this month, it turned out to be such a dead pig that was not afraid of being scalded by boiling water – if he had the ability to kill me, he just didn't tell you about the Stone Statue Forest!

Xu Ming has been watching indifferently, and finally said: "You go back first!"

"Yes!" Huang Zhizun retreated behind Xu Ming.

Xu Ming looked at Yuejian Banzun again and said, "It's just a piece of news, it doesn't seem to be very secret, right?"

"Haha..." Yue Jian Banzun smiled, "It's really just a piece of news, and it's really not very secret, but... I just don't want to tell you!"

Yue Jian Banzun has a gesture of "I won't tell you".

"Haha, you must be very confused, why didn't I tell you?" Yue Jian Banzun said again, "Hey! You were only in the Nirvana realm and were suppressed by the cosmic chains. You must have a great talent! Besides, you also have a Supreme Servant, it can be seen that there must be some strength! With your talent and strength, if you go to the Stone Statue Forest, there is a good chance that the cosmic chains on your body will be lifted! – Well, if you want to survive, you must pay enough price! I am reluctant to pay the price, don't want to know any news about the Stone Statue Forest!"

At the end, Yue Jian Banzun said again: "Of course, you can also find a way to ask other people! But... hehe! With all due respect, if you are unwilling to pay the price, no one will be willing to tell you the news of the Stone Statue Forest!"

Xu Ming's face was slightly cold: "Aren't you afraid that I will kill you and ask other people?"

"Hahahaha..." When Yue Jian Banzun heard this, he suddenly burst into laughter, madly laughing.

“Ha ha ha ha...”

When Yue Jian Banzun heard this, he suddenly burst into laughter, madly laughing.

“afraid!?”

“Why are you afraid!?”

Yue Jian Banzun seems to have suddenly fallen into madness: “Being suppressed by the cosmic chains, unless the chains can be lifted, otherwise...the suppression will become stronger and stronger, until it is completely suppressed...turned into a stone statue, and died in silence!”

“kill me?”

“If I can’t lift the cosmic chains, I will definitely die! If you want to kill me, I’ll just die early! What’s there to be afraid of!?”

“And if I...if I tell you the news of the Stone Statue Forest, with your talent and strength, it is possible to lift the chains of the universe and survive!”

“Why!?”

“It was also suppressed by the cosmic chains! Why should I die, but you can survive?”

“Humph! If you want to know the news of the Stone Statue Forest, I won’t tell you! Hahahaha... If you want to die, just die together!”

“Unless...you can give me enough treasures! Treasures that make me hopeful! Then I will tell you the news of the Stone Statue Forest!”

“Hum! Don’t think I’m a lion! You go to any great power who has entered the stone statue forest, and the conditions they offer are definitely higher than mine! – Or, you give me hope of living; Or, you don’t want to know the news of the Stone Statue Forest, we will die together!”

Moonlight Banzun growled frantically.

This is the madness of a man who knows he is mortal!

“What? Do you want to kill me?”

“bring it on!”

“Destiny Heaven, Biliantian, and other surrounding territories, I’m the only one who has entered the Stone Statue Forest! If you kill me, I’m afraid it will be difficult to find a second person who has gone to the Stone Statue Forest! And even if I do find it... I’m sure , they will be the same as me! Hahahaha...”

Xu Ming looked at Yuejian Banzun calmly, but did not speak.

However, Xu Ming was able to judge that what Yuejian Banzun said was probably true—yes! Everyone knows they are going to die, so what else do they need to be afraid of? Of course crazy!

“Suppressed by the cosmic chains, it will eventually become a stone statue?” Xu Ming secretly said, “Is the stone statue forest named after this?”

“Master?” Huang Zhizun said from the side, “Would you like to try to enslave him?”

As long as Yuejian Banzun is enslaved, then what Yuejian Banzun knows is also known to Xu Ming!

“Enslavement?” Xu Ming frowned slightly. Now, it seems that this is the way to go!

However, Yuejian Banzun seemed to see the thoughts of Xu Ming and Huang Zhizun: “Do you want to enslave me? Hahahaha... Then you can try, can you succeed in enslaving! Those suppressed by the cosmic chains People, no power can enslave me! This is the rule of the universe! Don’t talk about you, even if you are the supreme, you can never enslave me!”

Xu Ming was suddenly helpless.

Killed Yue Jian Banzun? – For Xu Ming, although it is not difficult, it does not make any sense! Moreover, just because the other party refused to tell him the news of the Stone Statue Forest, killing someone directly was not in line with Xu Ming’s way of doing things.

Enslaved Moon See Banzun? —Cosmic chains are both a kind of suppression and a kind of protection! Yuejian Banzun has a cosmic chain on his body, so he will not be enslaved by any power at all.

“Could it be... Really want to satisfy Yuejian Banzun’s lion’s big mouth?” Xu Ming couldn’t help thinking.

Supreme Divine Soldier, or hundreds of servants above the realm of the realm... No matter which condition, it is too harsh!

“Let’s go!” Xu Ming said lightly.

Since it was pointless to kill and enslaved, Xu Ming had no choice but to take the Moon Seeing Banzun for the time being!

“Walk slowly! Don’t send it!” Yue Jian Banzun laughed loudly, “I hope you can find the location of the Stone Statue Forest! But... by the time you find it, it will probably be countless years later! By that time, the universe on your body will be The chain suppression, I am afraid it is already very strong, it is too strong to be lifted, hahahaha...”

Yue Jian Banzun seemed to have seen that Xu Ming, a peerless genius, was finally turned into a stone statue under the suppression of the cosmic chains.

Thinking of this, Yue Jian Banzun couldn’t help but feel somber: “Genius? No matter how talented you are, in the end, isn’t it a stone statue?”

“No!” Yue Jian Banzun’s expression suddenly lingered, “I don’t want to become a stone statue, I still have hope! – As long as I gather the number of powerhouses who sacrificed and sacrifice to the will of the universe, then there is hope that it will be lifted. Drop the cosmic chains on your body!”

“Yes! I still have hope!”

This means of sacrifice is exactly what Yuejian Banzun obtained in the stone statue forest.

It's a pity... Yue Jian Banzun got it a little too late!

If Yuejian Banzun can get it sooner, then his strength is still strong, with the strength of the seventh and eighth rank of Banzun, there is still hope that ten and a half-zun and a hundred world masters will be sacrificed!

However, when Yuejian Banzun obtained this sacrificial method, the cosmic chains had already suppressed him very strongly, and his strength was only at the third level of Banzun; It is almost impossible for the World Lord to make sacrifices!

Of course, although it is almost impossible, Yue Jian Banzun is not willing to give up!

After all, to give up is to simply wait to die!

"In the future..." Yue Jian Banzun's gaze fell on Xu Ming's back, and a sneer appeared at the corner of his mouth, "This Xu Ming will experience the same despair as me!"

He himself will become a stone statue, and he is looking forward to seeing Xu Ming become a stone statue. But at this moment...

In the void near the altar of Yue Jian Banzun, a ripple suddenly appeared.

One after another, the space ripples became stronger and stronger, and soon turned into violent space waves; it was like a turbulent wave in the river, rolling in.

"This is..." Yue Jian Banzun was stunned – this kind of situation, it is clear that a super existence is coming from the boundless and distant territory!

"Master, be careful!" Huang Zhizun also had a grim expression on his face, "This kind of means that crosses the endless frontier, even the ordinary high-ranking extreme can't do it! It must be a very strong existence in the upper-ranking extreme, and then it can be mastered!"

“Oh?” Xu Ming also showed a hint of seriousness – Huang Zhizun’s implication was that there was an extremely powerful superior, who was rushing over!

wow—

wow—

Space is turbulent.

Soon, the rolling waves converged into an endless and deep space vortex.

In the depths of the vortex, an ancient breath was transmitted from an endless distance.

Yue Jian Banzun felt this breath, and his face changed slightly: “It’s him!?”

Soon...

An ancient figure in a black robe slowly emerged from the center of the vortex. His gestures and gestures have the majesty that shocks time and space.

“Superior Supreme!” Huang Zhizun’s expression was extremely grim, “It is stronger than any high-ranking Supreme I have ever seen!”

Yue Jian Banzun seemed to think of something: “The messenger of sinking...”

Chapter 1885: We Are Different!

“Sinking messenger...”

Many places in the Stone Statue Forest are very safe, and even hands-on is prohibited. But there is one place that is a place of great danger and great opportunity, and that is the center of the stone statue forest – the sinking abyss!

And the messenger of sinking comes from the depths of sinking abyss; in the forest of stone statues, it is the spokesperson of the rules!

“Why did the messenger of the sinking appear here?” Yue Jian Banzun couldn’t help but think, “Could it be... to invite Xu Ming?”

There are very few great powers suppressed by the cosmic chains in a certain “heaven”; like in Destiny Heaven, Biliantian, and dozens of surrounding territories, only Xu Ming and Yuejian Banzun are known to be chained by the universe. suppressed.

but...

How vast is the disordered frontier! In the second quadrant, there are more than billions of “sky”!

Looking at the entire second quadrant, there are more than hundreds of millions of people suppressed by the chains of the universe! Therefore – the peerless genius suppressed by the cosmic chain is not uncommon at all!

And there is only one stone statue forest; in the stone statue forest, the status of the fallen messenger is even more noble! —Want the fallen messenger to come and invite a genius in person? It’s almost impossible!

“It must not be here to invite Xu Ming!” Yue Jian Banzun secretly said, “The messenger of the sinking must have other things when he arrives!”

You must know that the genius who can be personally invited by the fallen messenger will have a high possibility of releasing the cosmic chain after entering the stone statue forest. How could Yuejian Banzun want to see that Xu Ming was invited by the fallen messenger!

only...

Yue Jian Banzun didn’t even think about it, if the messenger of sinking came here, if he didn’t come to invite Xu Ming, why would he come here? Is it hard to come to this place where birds don’t \*\*\*\* on vacation?

...

The ancient figure in the black robe slowly emerged from the center of the time-space vortex.

His gaze fell directly on Xu Ming. As for Yuejian Banzun not far away, he is not qualified to be looked at by him.

“Xu Ming?” The ancient figure said indifferently, “I, the messenger of sinking, hereby invite you to enter the forest of stone statues!”

puff!

Yue Jian Banzun has the urge to vomit blood!

Back then, in order to enter the Stone Statue Forest, he did not know how much energy and how much he paid. Later, when he finally entered the Stone Statue Forest, the cosmic chains had already suppressed him very strongly, and the cost of removing the cosmic chains was already terrifying!

But what about Xu Ming?

This has just been suppressed by the cosmic chain not long ago, right? The fallen messenger ran to the door in person and invited Xu Ming to go to the Stone Statue Forest!

What is the gap?

This is the difference!

“Oh?” Xu Ming was also stunned—whatever he really wants!

However, Xu Ming did not immediately agree, but asked cautiously, “What are the conditions for you to go to the Stone Statue Forest with you?”

Xu Ming didn’t want to be entangled in any causal entanglement, so he had to ask clearly about the conditions first.

Yue Jian Banzun once again vomited blood – Nima! Really more popular than dead people ah! Xu Ming was not willing to accept the invitation from the messenger himself, but he had to ask first if there were any conditions.

The fallen messenger smiled and said: “There are no conditions! The Stone Statue Forest is for you who have been suppressed! And I am nothing more than guiding you!”

“Oh? Then why...?” Xu Ming was slightly startled, and then turned his eyes to Yuejian Banzun, the meaning is self-evident – why did you come to invite me, but it’s so difficult for Yuejian Banzun to go to the Stone Statue Forest?

“Haha!” The messenger of sinking suddenly laughed, “He? It’s just trash! Who has time to pay attention to him!”

he? It’s just trash!

Yue Jian Banzun suddenly felt very hurt!

But, in the face of the messenger of sinking, he did not dare to refute in the slightest! After all, with the strength of the fallen messenger, wanting to kill him is just a matter of thought!

Although Yue Jian Banzun is almost destined to be unable to unlock the chains of the universe and almost destined to die; but if he can live for a while longer, who would want to die in a hurry?

“But...” The fallen messenger said again, “Only you can go to the Stone Statue Forest, not your servants!”

“Okay!” Xu Ming said, “Can you leave now?”

The messenger of sinking said: “Follow me into the vortex, and you will be able to lead to the stone statue forest!”

Said, the figure of the messenger of sinking directly sank.

“Huang Zhizun!” Xu Ming explained, “Go back first!”

“Yes! Master!” Huang Zhizun respectfully said.

Afterwards, Xu Ming glanced at Yuejian Banzun again, with contempt in his eyes, as if to say: We are different!

“You...” Yue Jian Banzun became more and more angry and aggrieved when he saw this contemptuous look in his eyes; but he couldn’t refute it at all—Xu Ming was really different from him!

call out-

Immediately afterwards, Xu Ming’s figure also turned into a streamer, submerging into the vortex of time and space.

Huang Zhizun watched Xu Ming leave, and just then looked at Yuejian Banzun: “Right! You seemed very arrogant just now?”

“I...” Yue Jian Banzun suddenly had a bad feeling in his heart.

Snapped!

Huang Zhizun slapped Yuejian Banzun and flew out of the endless billions of realms.

“Humph! Remember this slap! Don’t be too arrogant in the future!”

Yue Jian Banzun wants to cry again without tears!

...

call out-

In the depths of the time and space vortex, Xu Ming stepped on the time and space ripples and moved forward rapidly.

In front of him, the figure of the messenger of sinking can no longer be seen. Obviously, the messenger of the sinking left directly after receiving Xu Ming. Wow!

After moving forward for a while, Xu Ming finally saw that the end of the time-space vortex appeared in front of him. There, I am afraid that it was also Xu Ming's destination, the Stone Statue Forest.

puff!

Xu Ming flew directly into the end of the time-space vortex.

"This is..."

The surrounding time and space shifted, and Xu Ming appeared directly on an incomparably vast continent.

This continent is even larger than the entire Divine Phoenix Chaos Realm. Moreover, the suppression of time and space is also extremely strong; even Xu Ming is difficult to put his spiritual sense far away.

However, what really shocked Xu Ming was not how vast the continent was, nor how strong the suppression of time and space was, but what he saw around him—Xu Ming finally knew why this continent was called "Stone Statue Forest" !

"hiss-"

I saw Xu Ming in all directions, densely packed with powerful stone statues!

Countless stone statues, with expressions of grief, madness, or despair...

This is a forest of stone statues!

“These stone statues... are they all powerful people who were suppressed by cosmic chains and finally turned into stone statues?” Xu Ming couldn’t help but guess, “How many powerful people are needed to form this dense, endless forest of stone statues? ?”

Xu Ming guessed right, these stone statues were indeed living powers!

In the entire second quadrant, there will be hundreds of millions of “repressed” in every era in endless years! In countless eras, more than 70% of the “repressed” have turned into statues and stood here.

Chapter 1886: Edge Of Sinking

This is the graveyard of the universe!

Countless billions of great powers have been turned into stone statues, and they have become their own tombstones.

Many stone statues still retain these mighty wills. If you get closer, you can feel the impact of one after another of residual thoughts.

“Heaven is jealous of Yingcai! God is jealous of Yingcai!”

“I, Longxiao Banzun, is invincible at the level of vertical and horizontal half-zun, and even the lower-ranking Supreme, I have killed five people! How can I, heaven is jealous of talents! The rules of the universe do not allow a monster genius like me to exist, and suppress me...”

“Hate!”

“This vast universe can’t afford me to wait for a genius? Could it be... Only by being mediocre can we finally reach the end of cultivation!?”

...

“I, Jie Demon Banzun! Although I was suppressed by the chains of the universe because of my cultivation of evil methods, and my death is imminent; but the great revenge has been avenged, and I have no regrets in this life!”

...

“why!?”

“Why do I have to be suppressed by the chains of the universe even though I didn’t break the rules of the universe!? I’m not convinced!”

...

Countless impulses of will were circling in the forest of stone statues.

Endless grief, unwillingness, despair and other emotions constantly affect Xu Ming.

However, these great powers have already fallen into the Endless Era. Even if there is still will, they are already very weak, and naturally they cannot pose any threat to Xu Ming. At most, Xu Ming can feel their emotions.

“Unwilling?”

Suppressed by cosmic chains and gradually turned into stone statues, who would be reconciled?

“But...Isn’t there a way to remove the chains of the universe in the Stone Statue Forest? Why are there so many great powers turned into stone statues?”

With doubts, Xu Ming turned around in the stone statue forest. In these remnants, Xu Ming also collected some information.

“It turns out that the cosmic chains are also graded! From one star to seven stars, there are seven stars in total!” Xu Ming secretly said, “There is a way to remove the low-star cosmic chains in the Stone Statue Forest; but , If you want to release the chains of the universe with five stars or more, you must enter the abyss of sinking...”

sinking into the abyss...

That's the center of the Stone Statue Forest!

It is said that after entering the abyss of sinking, there are only two possibilities—either, release the cosmic chains on the body and come out; or...you will never be able to leave the abyss of sinking!

Of course, the proportion of the “repressed” who entered the sinking abyss is very small!

“Hope...my cosmic chain, the star rating is not too high!”

If the star rating is not high, there will be a way to remove it in the stone statue forest; if the star rating is too high and you need to enter the sinking abyss, it will definitely be more troublesome!

only...

Will the star rating of Xu Ming's cosmic chains be lower? Think about it with your toes, you know it won't be low!

“Sigh...” Xu Ming sighed secretly, “The cosmic chain on my body will probably be at least six stars, or maybe seven stars...”

Seven Stars' Cosmic Chains...

This is a legendary existence in the stone statue forest, or even in the sinking abyss! But Xu Ming already had a hunch that most of his possibilities were the Seven Star Universe Chains, after all... Compared with the stars, Brother Ming really never lost!

“Go to the ‘Edge of Sinking’ and test my cosmic chain, what star is it!”

The edge of the sinking, that is, the edge of the sinking abyss, is also the gathering place of the powerful people in the stone statue forest.

Most of the low-star oppressed will live on the brink of sinking for a long time until the cosmic chains on their bodies are successfully lifted; or they will eventually become stone statues and be thrown into the forest of stone statues.

...

The edge of sinking.

Floating platform.

This is a battle platform to test the star of the universe chain.

The one who guarded the battle platform was a messenger of sinking; of course, not the one Xu Ming had seen.

You must know that the strength of every fallen messenger is the “top of the highest supreme”! Just guarding the battle platform, the strength is so terrifying; as for the power of building the battle platform, it is even more unfathomable and unimaginable!

At this time, on the floating platform, the star test of the cosmic chain is going on.

only...

The atmosphere of this test was a little weird.

Usually, the higher the star rating, the better. The test here is that the lower the star rating, the better; the higher the star rating, the more you will cry!

“Kong Yuan Banzun, Samsung Universe Chain!”

The sinking messenger who guarded the floating platform said aloud.

On the floating platform, a half-respected figure sighed in relief: “Samsung? It’s okay! There is a great hope of releasing the chains of the universe! Moreover, you don’t need to enter the sinking abyss, you can release it!”

Immediately afterwards, another burly strong man boarded the floating platform.

On the floating platform, after a burst of dazzling light flashed, the messenger of sinking said loudly: “Niuba Banzun, the five-star universe chain!”

“Five stars!?”

Hearing these two words, Niu Ba Banzun almost fell down on the floating platform; his face was full of despair!

Five-star Cosmic Chains... This means that in the Stone Statue Forest, it is almost impossible to remove the Cosmic Chains on him; to remove it, one must enter the abyss of sinking!

And entering the abyss of sinking... the possibility of surviving, there is no one in a hundred!

“Five Stars...” The powerhouses around the floating platform looked at Niu Ba Banzun with pity.

“That’s horrible...”

“Five-star cosmic chains! If this Niuba Banzun does not enter the sinking abyss, he will have to wait to die!”

“pitiful!”

Niuba Banzun walked down the floating platform in loneliness under the eyes of many pity. In his heart, he carefully considered how to enter the abyss of sinking.

“Next person!”

Another slender half-zun boarded the floating platform. There was a treacherous look in the eyes of this half-honor.

Soon, the quiz is complete.

“Half of the mouse, a one-star cosmic chain!”

one star! ?

The surroundings of the floating platform were startled.

The half-zun Zun on the stage was even more disbelieving, and then he showed ecstasy!

“One star! I’m one star!?” Zishu’s eyes were shining, “In this way, my cosmic chains can be easily lifted!”

Yes!

The one-star cosmic chain is relatively easy to remove! There is more than 90% chance that it can be removed smoothly.

When walking down the floating platform, Zun Zun felt that his feet were floating a little—how desperate he was when he was suppressed by the cosmic chains; now, the despair seems to have disappeared suddenly!

“Half the mouse, congratulations, congratulations!”

“Congratulations!”

“It seems that the half-zun will be able to leave the forest of stone statues soon!”

Near the floating and sinking platform, many great experts cast envious glances at Zizhu Banzun, and said with envy.

“Hahahaha...” Seeing this, Zishu Banzun became more and more proud.

...

“The next test taker!” the guarded messenger said loudly, “Xu Ming!”

Chapter 1887: Just A Baby!

Xu Ming stepped onto the floating platform.

Immediately, countless strange eyes were cast towards him.

“Huh – Nirvana Realm?”

“Just the cultivation of Nirvana?”

“Haha... A Nirvana Realm is actually suppressed by the chains of the universe? How miserable!”

You must know that most of the people suppressed by the cosmos chain are the powerhouses at the half-rank level, and a few are the realm of the realm; as for the realm of the realm, they are almost invisible, let alone the nirvana realm!

Nirvana realm is suppressed by the cosmic chains, which is really miserable!

“What did he do? Even Nirvana was suppressed by the chains of the universe!”

“But... it’s just Nirvana. Even if it is suppressed by the cosmic chain, it is at most a one-star cosmic chain! It’s not difficult to untie it!”

“Yeah! Good luck and bad luck! With the experience of being suppressed this time, he will definitely be more careful when cultivating in the future, not to touch some of the rules of the universe’s operation, and it is almost impossible to be suppressed again... In this way, on the contrary, A blessing in disguise!”

...

“bring it on!”

Under the gaze of many eyes, Xu Ming’s test began.

On the floating platform, the light flickered.

The powerful people around were laughing and talking: “It’s just a Nirvana realm, how many stars can it still be a cosmic chain? It must be one star!”

However, the expression of the messenger of sinking is getting more and more solemn and surprised – he is the only one who can see the test situation! It is precisely because of this that Rao is extremely surprised and unbelievable at the strength of the fallen messenger’s upper-level supreme peak.

After a long time, the light faded.

“Phew—” Xu Ming took a deep breath, looked at the fallen messenger, and waited for him to announce the result, “I’m ready! I’m afraid...it will be the Seven Star Universe Chain!”

The powerful people around the floating platform all laughed and chatted:

“Why hasn’t it been announced yet?”

“It’s still an announcement? It must be a one-star cosmic chain!”

“Actually... this Xu Ming doesn’t even need to take the test!”

“Indeed! Even at the domain master level, there is almost no two-star universe chain; what’s more, he is only a nirvana!”

...

“Xu Ming!” The fallen messenger was silent for a while before he announced in a solemn voice, “Nightmare-level cosmic chains!”

Nightmare! ?

As soon as the messenger of sinking said this, all the powerhouses were startled.

Isn't the cosmic chain only “one star” to “seven stars”? What the \*\*\*\* is this nightmare level! ?

Only some very old demigods, after being stunned for a while, just came back to their senses and cried out in surprise.

“Nightmare level?”

“It turned out to be a nightmare level?”

“Nightmare-level cosmic chains... Isn't this a legend? It's actually true!?”

“In the long history of the cosmos, with all the eight great limits added up, the number of occurrences of the Nightmare-level Cosmic Chains is probably very few! And... no one of the great powers suppressed by the Nightmare-level Cosmic Chains can survive!”

“If it is said that the Seven Stars Cosmic Chains still have a chance of life! Then... the Nightmare-level Cosmic Chains really have no chance of life!”

“Death!”

In the exclamations of several senior demi-respects, the other demi-respects around also quickly understood what the nightmare-level cosmic chains meant!

Means: certain death!

“What exactly did Xu Ming do? He was suppressed by the nightmare-level cosmic chains! The most important thing is... He is only in the Nirvana realm!”

“No matter what you do, you must have angered the will of the universe!”

These great powers simply cannot imagine that a Nirvana realm is nothing more than a wrathful thing that people have done to touch the chains of the nightmare-level universe!

...

“I...”

When Xu Ming heard the words “Nightmare Level” uttered from the mouth of the Sunken Banzun, he was also stunned for a while – he was already prepared to be the highest seven-star universe chain, but he still underestimated himself! His cosmic chain is actually a “nightmare level” higher than “Seven Stars”!

A “nightmare level” with no life!

What a \*\*\*\*\* surprise!

“I’m still in the Nirvana state...” Xu Ming could only smile bitterly.

He’s just a baby! Is the will of the universe a little too cruel to him like this?

only...

The universe is silent.

The rules of the universe are invisible.

The will of the universe will not care about the thoughts of any individual!

“Nightmare level? Surely death?” Xu Ming also learned some information about the Nightmare Level Cosmic Chain from the discussions of the surrounding powers.

“Is it certain to die?”

Xu Ming did not believe in this evil!

In the history of the universe, no one has ever been able to lift the nightmare-level universe chain; in this case, Xu Ming will be the “first”!

Thinking of this, Xu Ming took a resolute step and walked down the floating platform.

It’s just... Xu Ming’s resolute, in the eyes of other great masters, seems to be “seeing death as home”!

“Little brother Xu Ming!” A bull-horned deity persuaded kindly, “Leave the forest of stone statues, find a comfortable place, and enjoy the rest of your life! Nightmare-level cosmic chains... let alone you, even if it is the most beautiful place in cosmic history. Even the half-respected ninth-rank powerhouse of the enchanting evildoer can’t be solved!”

“Nirvana realm, nightmare level? Alas... little brother Xu Ming, condolences!”

“Little brother Xu Ming, can you tell me, what exactly did you do? With your cultivation level, you were suppressed by a nightmare-level cosmic chain... It’s unimaginable!”

The great powers in the Stone Statue Forest can be said to be “the same people from the end of the world”. If it were two great powers with similar conditions, they might even compare with each other; but in Xu Ming’s situation, the great powers really only had pity left!

That’s horrible!

Nirvana was suppressed by the nightmare-level cosmic chains!

It’s so miserable!

There is no chance of resistance!

“Uh...” Xu Ming was a little speechless – isn’t it just a nightmare-level cosmic chain? He didn’t feel anything at all, why did these great powers come to mourn for him...

“Cough!” Xu Ming thought for a while and asked, “I heard that the cosmic chains below four stars can be lifted without entering the sinking abyss; then, where can I find a way to lift them?”

When the people heard Xu Ming’s question, they immediately looked at Xu Ming with a look of more and more pity – are they unwilling to give up?

“The method of releasing the chains of the universe below four stars is of no use to you!” It’s still the half-horned bull, “But... in the stone statue forest, or even in the sinking abyss, I’m afraid there is no way to find a useful method for you! You If you want to find something to do for your last life, it is not impossible to find out the ways to relieve it; but I advise you, don’t hold any hope! Once you have hope, you will despair in the future!”

Don’t hold out any hope?

Once there is hope, will there be despair in the future?

Xu Ming was speechless for a while, and said embarrassedly, “Please let me know!”

## Chapter 1888: 3 Secret Techniques

The edge of sinking, the vastness.

Any open space has the vastness of all worlds; any pond is comparable to a territory in the endless chaos.

sinking sea.

It is one of the gathering places for those who are on the verge of sinking. Most of the suppressed people below four stars are looking for a way to break the chains of the universe in the Sinking Sea.

call out-

Xu Ming's figure quickly shuttled through the sinking sea.

"It is said... The Sea of Sinking was created by the almighty who was in the Abyss of Sinking!" Xu Ming secretly said.

The almighty who sank into the abyss is definitely an unbelievably great existence! The fallen messengers are just his subordinates!

You must know that the strength of every fallen messenger has reached the peak of the supreme supreme! So... the master of the sinking abyss, what kind of strength should be?

"The fallen demon master, I heard that he has the qualifications to directly talk to the will of the universe..." When Xu Ming heard the news, he was also extremely shocked – the will of the universe, how aloof, ethereal and unimaginable! Like at the beginning, when Xu Ming was suppressed by the cosmic chains, he felt that the will of the universe was like stepping on an ant with his foot; it was even worse than stepping on an ant!

And the fallen demon master has the qualification to talk to the will of the universe?

Even if it's just a "dialogue", it's really scary!

"The Sinking Demon Lord has left three secret techniques in the Sunken Sea, which can release the chains of the universe!" Xu Ming secretly said, "These three secret techniques are: "Swallowing the Universe Nine Casting", "Passenger", "Destruction"... If you learn any secret skill, you can remove the one-star cosmic chain! The more profound the practice, the higher the cosmic chain that can be removed, and the higher the star..."

Although, in the Sunken Sea, the highest seems to be able to remove the four-star universe chain, but Xu Ming still intends to take a look. After all, knowing more about it is definitely a good thing and no harm.

"Break the Divine Pillar..."

Xu Ming is now going to the Divine Pillar of Destruction that records the secret technique "Destruction".

swoosh—

Xu Ming's figure swept across the world in an instant. After a while, they came to the vicinity of the Divine Destruction Pillar.

This is a giant pillar that penetrates the sky and the earth, extending from the bottom of the sunken sea to the surface of the sea. On the giant pillar, it was engraved with golden secret patterns, exuding the mighty atmosphere of the rules of the universe.

“This is the Divine Pillar of Destruction?”

Xu Ming put his palm on the pillar.

Immediately, the secret patterns on the Divine Destruction Pillar were mobilized one after another. A vast and dark aura instantly penetrated into Xu Ming's divine body.

“This is...?”

Xu Ming's eyes suddenly became round.

He saw that the invisible rules of the universe seemed to turn into visible chains at this moment, binding everything between heaven and earth. Any behavior that violates the rules will be suppressed by the cosmic chains.

boom!

A giant blade that cuts off time and space is condensed in this strange time and space dimension. Every inch of detail on the giant blade is constantly changing with the fluctuations of time and space.

“Destroy” the first floor!

Xu Ming stared at every detail and every change on the “Blade of Destruction”, and his mind gradually sank into it.

“That’s how it is…”

In front of Xu Ming, a blade of annihilation gradually condensed. However, the Blade of Destruction that Xu Ming condensed was much smaller and looked much more fragile!

“The first floor of ‘Destruction’, is this the way to get started?”

Xu Ming urged the “small” Blade of Destruction and slashed directly at him.

call out-

With a flash, the Blade of Destruction disappeared into Xu Ming’s body, but it couldn’t touch Xu Ming’s divine body at all, as if it were in two completely different dimensions.

In an instant, the Blade of Destruction slashed at the cosmic chain on Xu Ming’s body.

Bang!

The Blade of Destruction dissipated directly.

However, the cosmic chains on Xu Ming’s body did not move at all, not even a trace was left.

On the first floor, “Destruction” can only cut off the one-star cosmic chain; while the cosmic chain on Xu Ming’s body is a nightmare! – It’s strange to have a reaction when this knife is cut down!

“The first floor, practice!”

Immediately afterwards, the giant blade in the strange time and space underwent some changes, which was the derivation of the second layer of “Destruction”.

“Well… this second floor is much more difficult than the first!”

If this idea of Xu Ming were known to other great masters, he would probably vomit blood. You must know that no matter how many great masters practiced hard, they still could not get started with “Destruction”; and Xu Ming, instantly learned the first level not to talk about it. He also said lightly, “The second floor is much more difficult.”

...

Just when Xu Ming practiced “Destruction”...

sinking sea.

There are dozens of semi-respected seventh-order and eighth-order powerhouses, surrounded by a half-respected third-order like the stars and the moon, and came towards the direction of the Divine Pillar of Destruction.

This half-respected third-order power, although the weakest, has a very high status. One and a half of the seventh-order and eighth-order great powers showed humility in front of him.

“Half of life and calamity, this time, you will definitely be able to cultivate to the third level of ‘Breaking and Destruction’, right? At that time, I hope you will take action and help cut off the cosmic chains on me!” A half-respected eighth-order powerhouse said humbly.

Life Tribulation Half Venerable, only a Half Venerable Third-Order, but his talent for cultivating the secret skill “Destruction” is extremely high. It is precisely because of this that many great powers have placed their hopes on him, hoping that he can take action and help cut off the cosmic chains on him.

“Breaking through the third floor of ‘Destruction’ is naturally no problem!” Shengjie Banzun said firmly, “I have already touched the threshold of the third floor of ‘Destruction’, but it’s just a little bit short! This time, I will go to the Divine Pillar of Destruction and practice, and I will become the third level, no problem! It’s just...”

Having said that, the half-respect of life robbery paused deliberately, looked at the great powers around him and said indifferently: “Using ‘break off’ to cut off the chains of the universe, this is something that violates the rules of the universe’s operation! It’s okay to use it a few times. , If I use too much and anger the rules of the universe’s operation, then I will be miserable! Maybe... I will be suppressed by the universe chain again!”

The implication of Life Tribulation Banzun is very clear – if you want me to take action, prepare enough price!

Of course, what Shengjie Banzun said is true! Cutting off the chains of the universe, doing too much, will indeed offend the rules of the universe and lead to disaster!

The great powers around are also very sensible, and they all said: “Don’t worry, you will never let the half-dead robbers shoot in vain!”

“Yes, yes, yes! I will definitely come up with treasures that satisfy you!”

These semi-respected seventh- and eighth-order powerhouses are all ready to bleed. After all, being suppressed by the cosmic chain can almost be said to be fatal; if the cosmic chain cannot be lifted, what is the use of more treasures?

“Humph!” Sheng Jie Banzun hummed noncommittally.

Soon, the crowd reached the vicinity of the Divine Pillar of Destruction.

“Huh? Why is someone cultivating?” Sheng Jie Banzun’s brows suddenly wrinkled.

Chapter 1889: So Easy To Practice?

Destruction of the Divine Pillar, at the same time, only one person can accept the inheritance of the secret skill “Destruction”.

There are people who are cultivating now, that is to say, there is no way to accept the inheritance.

“Huh?” Sheng Jie Banzun frowned, “I don’t know how long it will take?”

He didn’t want to wait like this! What’s more, the person in front of him who is accepting the inheritance of “Destruction” is obviously very low in cultivation.

“Who is this person?” Sheng Jie Banzun asked a little displeased.

“He’s...” Some of the demigods still knew him, “He’s... Xu Ming!”

“Xu Ming?” Banzun Shengjie obviously had never heard of the name, “A Nirvana Realm actually appears here? Was it suppressed by the cosmic chains?”

Immediately, a disdainful sneer appeared on the corner of Shengjie Banzun’s mouth: “It’s just a Nirvana realm, even if it is suppressed, it is at most a one-star cosmic chain, right? It’s really pitiful, it’s really whimsical, and I still want to comprehend the “Destruction”. “To break the cosmic chain – hum! I’m in a good mood today, and he is lucky; you go and tell him to give up the Divine Pillar of Destruction, and I will help him break the cosmic chain on him!”

Sheng Jie Banzun said lightly, as if he could decide Xu Ming’s fate with a single gesture.

In fact, if it’s just an ordinary one-star chain, the life-calamity Banzun can really decide its fate with just a few gestures! only...

“Half-Prince of Life Tribulation.” A thin half-Prince poked lightly and whispered, “I’m afraid you won’t be able to break the cosmic chain on his body...”

“Can’t you break it?” Sheng Jie Banzun laughed when he heard the words, “With my accomplishments in “Duanming”, breaking the chains of the two-star universe is as easy as the palm of your hand; even if you are the three-star universe chains, I should be able to do it soon. I’ve broken it! He’s a mere nirvana, and I can’t break it? – Even if he does something that goes against the sky, he will be chained to the two-star universe, right?”

“No...” The thin half-respected said again.

However, before he could finish his words, he was interrupted by Life Tribulation Banzun: “Isn’t it a two-star cosmic chain? Humph! Even if it is a three-star cosmic chain, I won’t be able to break it?”

“Half of life and calamity.” The thin half-respect finally couldn’t help but said, “The cosmic chain on Xu Ming’s body is...nightmare!”

Nightmare!

Life Jie Banzun was stunned for a moment, and he couldn't even react in time. After a while, he froze and said, "Night... Nightmare level?"

Many of the surrounding half-zun great experts nodded in unison.

"Nirvana realm, nightmare level?" Banzun Shengjie didn't know what to say anymore.

There was no sound at this time.

Life Tribulation Banzun seems to have slapped himself – help Xu Ming break it? Break the nightmare-level cosmic chain?

Isn't that slapping yourself in the face?

"Humph!" For a long time, Half-Prince Shengjie hummed angrily, "Only the cultivation of Nirvana is still a nightmare-level cosmic chain, so what time is he wasting in the sinking sea? It's time to leave the stone statue forest and find a world. Just enjoy the rest of your life! – Drive him away, don't interfere with my practice of "Destruction"!"

Shengjie Banzun said very domineeringly.

Stone statue forest, no hands are allowed. In the sinking sea, of course, it is also forbidden to do anything.

But now, Banzun Shengjie only needs to disturb Xu Ming's cultivation, he doesn't need to do anything to Xu Ming at all, he just needs to make some waves around.

"I'm coming!" Immediately, the burly and burly Demon Banzun stepped forward first—this was a great opportunity to perform in front of Shengji Banzun. If he performed well, he might be able to easily release the cosmic chains on his body. .

"Humph! This Demon Demon is really fast!"

“That’s right, let him take the lead!”

“hateful!”

The other half-lords were a little depressed when they saw that they were preempted by the Kuimo half-honor.

“Haha...” Kui Mo Banzun laughed loudly, and the endless waves of the sinking sea were already rolled up in his hands, charging towards Xu Ming’s direction.

This kind of attack strength is not enough to hurt Xu Ming, but it can interrupt Xu Ming’s cultivation.

Whoa! Whoa! Whoa! ...

The sea rushed in.

“Huh!?” Xu Ming, who was meditating with his eyes closed, suddenly opened his sharp eyes.

call out-

A blade of annihilation, subconsciously slammed towards the half-lord of the devil – the blade of annihilation is used to cut off the chains of the universe, it will not cause any damage to the divine body, and naturally it will not be used as a hands-on.

However, when the Blade of Destruction was only halfway through, Xu Ming suddenly reacted—this \*\*\*\* dared to interrupt my practice, and I even “send” him the Blade of Destruction? Doesn’t this help him break the cosmic chains?

Suddenly, Xu Ming’s mind moved, and the control of the Blade of Destruction changed slightly in a direction.

“Boy!”

Naturally, Kui Mo Banzun didn't know what he had missed; he thought that the Blade of Destruction that Xu Ming threw out was just a form, but it actually had no effect.

“You're a dying person, don't occupy the Divine Pillar of Destruction! Get out of the way, and let the Half-Life Tribulation come to practice!”

The Kui Mo half-zun shouted.

“Huh?” Xu Ming's face suddenly sank – I'm cultivating well, but he ran over to chase me?

If it weren't for the fact that he couldn't do anything at home, Xu Ming would have to teach him how to be a man!

Kui Demon Half-Prince?

A half-rank seventh-order only!

Xu Ming still learned a lesson!

“Go away!” Xu Ming didn't say much, just spit out a word indifferently.

“You're bold...” Kui Mo Banzun was about to shout angrily, but at this moment, an exclamation came from behind him.

“My cosmic chain... is broken! The Samsung cosmic chain on me is broken!”

The direction from which the exclamation came was exactly the direction that Xu Ming's Blade of Destruction flew towards after it changed direction.

“What!?” Kuimo Banzun subconsciously turned his head to look. I saw Ming Ning, who was also a seventh-order half-respect, dancing forehead at this time; there was no cosmic chain on his body!

“What's the situation!?” Kui Mo Banzun was a little confused.

This Ming Ning Banzun has a cosmic chain on his body, but he is a Samsung cosmic chain like him! In this way, it was destroyed by Xu Ming's incomparably random blade of destruction just now?

how can that be?

But the facts are in front of you, and you can't help but believe it!

Even Kuimo Banzun still regrets it in his heart – if he had known Xu Ming's Blade of Destruction, he would be able to break the chains of the Samsung universe; what's the matter, Kuimo Banzun would have to pounce on the Blade of Destruction like a dog. !

The one who was shocked and stunned was not the only half-lord Kuimo!

Dozens of half-respects in the audience, including the half-respected life robbery, were all stunned.

“The three-star universe chain is broken like this?” Banzun Shengjie looked at Xu Ming and Banzun Mingning, “The third layer of ‘Breaking and Destruction’ is so easy to practice?”

If the third level of “Destruction” is so easy to practice, then, wouldn't the endless years of cultivation practice on the dog?

Chapter 1890: Failed!

“Break off” three layers?

How can I know that what Xu Ming has cultivated is not just the third level of “Destruction”, but... the fourth level!

The inheritance on the Divine Pillar of Destruction, up to the fourth floor of “Destruction”, has been practiced by Xu Ming. Therefore, even if Xu Ming's inheritance was not interrupted, he would almost have to end his cultivation.

However, Xu Ming was still furious when he was interrupted for no reason! If it hadn't been forbidding to do anything in the sinking sea, he must have taken action to suppress Shengjie Banzun and others.

...

At this time, Mingning Banzun, who had just been released from the cosmic chain, ran to Xu Ming's side: "Thank you, Senior Xu Ming for your help!"

Xu Ming casually waved his hand away: "It happened to be good luck, it just fell on you! Don't say thank you, get out!"

get out!

Xu Ming's words were not polite at all. But Mingning Banzun was not at all unhappy, he nodded and rolled to the side – the Samsung universe chain on his body was lifted, and his life was reborn. How could Mingning Banzun care about Xu Ming's attitude?

"Senior Xu Ming!"

"Senior Xu Ming!"

Beside Sheng Jie Banzun, several quick-response Banzuns ran to Xu Ming, kneeling and licking without any discipline.

"Also ask Senior Xu Ming to take action and help me remove the cosmic chains on my body!"

"Senior Xu Ming, I am willing to give half of my treasure, just to remove the chains of the universe!"

These half-respected powers had clearly looked down on Xu Ming's cultivation a moment ago; at this moment, they were vying for "Senior Xu Ming", and they were so happy!

It's just... a bunch of sluts!

Of course, more demigods chose to wait and see, instead of running forward to kneel and lick Xu Ming—they still had doubts about Xu Ming’s strength; after all, Xu Ming’s cultivation was only in the Nirvana state, even After practicing the third layer of “Destruction”, who knows how many times he can use it?

If you use it once, you won’t be able to use it a second time. Then... these few kneeling and licking powers, aren’t they licking in vain?

“Humph!” Seeing this, Shengjie Banzun hummed displeasedly, “Didn’t he just practice the third level of ‘Destruction’? With his cultivation level, can he perform the second annihilation? I know!”

In the tone of Shengjie Banzun, there is disdain and threat. His meaning is obvious, these few who are now running over to kneel and lick Xu Ming, never let him break the chains of the universe.

Immediately, the expressions of these almighty people kneeling and licking Xu Ming changed.

“Too impulsive!”

“Yeah! Why didn’t you take into account that if Xu Ming’s cultivation was too low, he couldn’t use the second annihilation?”

“It’s over!”

Several people have some regrets.

If I knew it earlier, I shouldn’t be so impulsive! It’s good now, offend the Banzun Shengjie, if Xu Ming is not reliable, then it’s really over!

“Huh?” Xu Ming didn’t take the attitude of Shengjie Banzun and others in his eyes at all. In his eyes, there were only treasures. “Would you like to use half of your treasures to release the chains of the universe?”

For Xu Ming, releasing the chains of the Samsung Universe was a simple effort.

With just a little effort, you can get a treasure that is half a powerful person and half... This business is not too easy to do!

“Half of the treasure you promised is true?” Xu Ming asked directly.

“really!”

“really!”

Although the few knelt and licked experts questioned Xu Ming’s strength, they still responded when they saw Xu Ming talking about it.

“That’s good!” Xu Ming said, waving his hand at will.

Immediately, there were several blades of annihilation, which flew towards the almighty people around him.

At this time, Banzun Shengjie was commenting on Xu Ming’s first-class quality: “With regard to Xu Ming’s cultivation, it is absolutely impossible to display the second way of destroying...”

As soon as Shengjie Banzun’s voice fell, he saw that seven or eight blades of annihilation flew out of Xu Ming’s hands at the same time.

Bang! Bang! Bang! Bang! ...

The eight people around Xu Ming knelt and licked the half-zun, and the cosmic chains on their bodies broke in unison.

In an instant, the eight and a half deities lifted the suppression of the cosmic chains.

“what!?”

Sheng Jie Ban Zun suddenly widened his eyes – what is a face slap? This is the face of Chi Guoguo!

Life Tribulation Banzun was saying that Xu Ming would never be able to display the second Blade of Destruction; and Xu Ming directly displayed eight at the same time!

This operation is simply not too coquettish!

The eight great powers who have been released from the chains of the universe have ecstasy on their faces – they are reborn!

The other demigods who didn't come forward because of hesitation, regretted that they didn't turn to Xu Ming in the first place – if even Xu Ming is not reliable, then what is reliable?

Immediately, the dozens of half-respected greats who were surrounded by the half-respected life robbery directly threw the half-respected half-respect and surrounded Xu Ming. All of a sudden, the side of Sheng Jie Banzun became cold and quiet, and the door was cluttered; on Xu Ming's side, it was full of people.

“puff!”

Sheng Jie Banzun resisted the urge to vomit blood, “Very good! You are very good!”

At this time, Banzun Shengjie found that only the Banzun Kui Mo was still standing beside him; this made Banzun Shengjie somewhat moved – it is true love in adversity!

“Kui Mo, you are very good! When I practice the third level of ‘Destruction’, I will immediately remove the cosmic chains on my body for free!”

“Thank you for the half-respected life robbery!” When Kui Mo heard the words, he couldn't help showing ecstasy.

It's just that Banzun Shengjie didn't even think about it – the reason why Banzun Kuimo didn't turn to Xu Ming was not because he didn't want to, but because Banzun Kuimo had just offended Xu Ming.

If he didn't offend Xu Ming, Kui Mo Banzun would definitely not think about it, he would be the first one to rush up to kneel and lick – after all, Xu Ming and Sheng Jie Banzun, one had already mastered the third layer of “Destruction”~ [www.readwn.com](http://www.readwn.com)~ The other one has yet to make it to the third floor. There is no need to say how to choose!

It's just that Kui Mo Banzun has already offended Xu Ming, and now it's naturally not good to lean over to kneel and lick. He can only envy other great masters silently in his heart, and secretly regret it. ?

Isn't this stupid?

“Humph!”

At this time, Banzun Shengjie had already walked to the Pillar of Destruction and began to accept the inheritance.

“Isn't it the third level of ‘Destruction’? I want to practice it, and it's not an easy thing to do?!” Shengjie Banzun sneered, and his mind completely sank into the inheritance.

“Yes, that's it! There is no difference at all from what I guessed!”

“The third floor of ‘Destruction’, it turned out to be...”

While accepting the inheritance, Banzun Shengjie nodded frequently—his understanding of the secret technique “Destruction” had already reached the peak of the second layer; now he is only here to break through the third layer. If it goes well, it will not take much time at all!

“That's right, that's it... Haha! I'm so powerful, I broke through the ‘Destruction’ to the third floor in less than a quarter of an hour!” Life Tribulation Banzun laughed loudly.

But at this moment, Sheng Jie Banzun suddenly changed his face suddenly.

“wrong!!”

“Pfft—” The half-respect of life robbery who was receiving inheritance was struck by lightning.

Have you practiced the third level of “Breaking Off”?

Do not! He failed!
