Chapter 1901: Sinking Into The Abyss

“too weak!”

Xu Ming couldn't help shaking his head.

Today, for Xu Ming, “half-rank first-order” is really not much stronger than ants.

At the same time, Xu Ming couldn't help but think: “Being suppressed by the cosmic chains, I don't know if it's a blessing or a curse...”

If he had not been suppressed by the cosmic chains, then Xu Ming should have broken through to the domain master level logically, and his strength should be comparable to that of an ordinary low-ranking supreme.

However, if he hadn't been suppressed by the cosmic chains, Xu Ming would not have come to the Stone Statue Forest, then he would not have practiced “Swallowing the Universe and Nine Casts”, nor could he have swallowed the cosmic chains; his heart world would not have grown to the present. Such a terrifying situation!

Xu Ming didn't know how strong he was, but he was definitely much stronger than the “ordinary low-ranking supreme”!

Moreover... Xu Ming's cultivation is only “Nirvana Realm”! —For Xu Ming, being suppressed by the cosmic chains might really be a “blessing in disguise”!

Maybe in the future, Xu Ming will go further because of this experience!

boom! boom! boom! boom! ...

Xu Ming kept bombing and killing.

After I don't know how many ghost armored warriors have been killed, a voice sounded directly in Xu Ming's mind: "Congratulations, you passed the test of the 'first floor' and proved your strength! Do you want to go to the next floor of the sinking abyss?"

"Oh?"

Xu Ming was slightly startled: "Is this just the first floor of the Sunken Abyss? I don't know how many floors will be in the Sunken Abyss..."

This first floor, although Xu Ming is very easy to break into, but if it is replaced by other great powers, I am afraid it will not be so easy!

After all, this is the siege of thousands of ghost armored warriors! Without the strength of a half-respected sixth-order, it is difficult to even survive! Even if there is a half-rank sixth-order strength, it is estimated that it will be very embarrassing.

"Go to the next floor!" Xu Ming said without hesitation.

As soon as Xu Ming finished speaking, a bottomless abyss instantly appeared under his feet. In the abyss, there is deep darkness, and I don't know where it leads to time and space.

At the moment when the abyss appeared, Xu Ming fell down uncontrollably.

A charming voice constantly lingered in Xu Ming's ears: "Go down...go down..."

However, these bewitching voices hit Xu Ming's incomparably strong will, as if a mighty cockroach was shaking a tree, and could not have the slightest impact on Xu Ming.

swoosh—

The speed of Xu Ming's fall in the abyss is getting faster and faster, and there are countless billions of realms in an instant.

Swish!

Time and space are shifting.

When Xu Ming saw the scene in front of him again, he had already stepped on another piece of black scorched earth. Here, it is also the second layer of the sinking abyss.

“here...”

Without giving Xu Ming more time to think about it, a ghost armored warrior emerged from the black scorched earth. Unsurprisingly, the strength of every ghost armor warrior has reached the “half-rank second-order”!

Obviously, if you want to break through the second layer of the sinking abyss, I am afraid you must have the strength of “half-rank seventh-order” or above!

But for Xu Ming...

“Easy!”

Xu Ming broke through the second and third floors with ease!

“The fourth floor of the sinking abyss, it should take a half-respected ninth-order to break through...” Xu Ming thought while descending rapidly and uncontrollably in the abyss.

...

The fourth floor of the sinking abyss.

Still scorched, dead silent.

However... the fourth floor is not as empty as the first three floors. In this black scorched earth, there are still two figures, one old and one young.

“Master, why are we hiding in the fourth floor of the sinking abyss?” the boy couldn’t help asking. Obviously, this is the first time he has done such a thing.

“You don’t understand this...” The old man smiled treacherously, “Didn’t you realize that this is a good place to capture puppets?”

“Capturing the puppet?” There was a hint of doubt on the boy’s face.

In the sinking abyss, the old man’s reputation is not small, and he is called “Wan Puppet Demon Venerable”!

However, the reason why Ten Thousand Puppet Demon Venerable is famous is not because of his own strength, but because of his puppet! – It is said that Wan Puppet Demon Venerable has tens of thousands of puppets, each of which has reached the strength of “half-rank ninth-order”!

Tens of thousands of half-ninth-rank puppets!

How terrifying!

Even if an ordinary lower-ranking Supreme encounters it, he can only retreat!

Relying on these puppets, the Ten Thousand Puppet Demon Venerable is close to the level of the top-level power in the sinking abyss!

And this is exactly what the young man is puzzled about – in his opinion, his master, relying on the puppet in his hand, has the strength to enter the fifth, sixth, and even deeper depths of the sinking abyss... But why? What about the fourth floor?

“Humph! Where do you think my puppet came from?” Wan Puppet Demon Venerable laughed.

“Could it be from here...?” the boy “Qingyu Banzun” couldn’t help asking.

“Haha!” Wan Puppet Demon Venerable laughed, “The fourth floor can only be regarded as the periphery of the Abyss of Sinking. Those who will appear here are all who have just come to the Abyss of Sinking! – Think about it, those who have just come to the Abyss of Sinking, How strong can it be?”

Qingyu Banzun suddenly understood something.

Wan Puppet Demon Venerable continued: “Those ‘newcomers’, when they first came from the third floor to the fourth floor, would definitely be besieged by the ghost armored warriors! At this time, we suddenly took action and attacked them unprepared. Isn’t it easy? Can you capture it? – As long as you capture it, then, can’t you have a puppet with the strength of a ‘half-rank ninth-order’?”

Qingyu Banzun’s eyes suddenly brightened, and he continued, “Thank you, Master, for your gift!”

“I will only give you this once as a teacher!” Venerable Wan Puppet said, “Master brings in the door, and the cultivation is personal! The secret skills have been taught to you. The method of capturing puppets has also been told to you. Next, it is up to you to find a way to capture the puppets and strengthen the power of our ‘Wan Puppet Gate’ in the sinking abyss!”

“Yes! Master!” Qingyu Banzun continued.

Boom-

At this moment, a black hole suddenly appeared in the sky, which was the abyss hole from the third floor to the fourth floor.

“Don’t talk, someone is coming!” Wan Puppet Demon Venerable continued, “Wait a minute, as long as he is besieged by ghost armored warriors, we will kill him immediately!”

“Yes!”

...

Swish!

The one who appeared on the fourth floor was naturally Xu Ming.

“The fourth floor!” Xu Ming was already familiar with the sinking abyss, “The ghost armored warriors on the fourth floor should be at the ‘half-rank fourth-order’ level, right? I’m afraid... they must have a half-rank ninth-rank one Strength can break through!”

Of course, this is not a problem for Xu Ming!

Xu Ming's strength has long exceeded the ninth rank of a half-respect! Even at the supreme level, Xu Ming is relatively strong!

Sure enough... As expected by Xu Ming, in the next instant, thousands of ghost armored warriors emerged from the scorched earth and swooped at him fiercely.

"Ha!" Xu Ming sneered, shook his head, and slaughtered hundreds of thousands with a wave of his palms, "It's still too weak!"

But right now...

call out!

A cold light suddenly appeared from outside the billions of worlds and attacked him rapidly.

Xu Ming couldn't help but startled: "What is this!?"

Chapter 1902: Have A Head And A Face?

"what is this!?"

The strength of this rapidly attacking cold light is obviously much higher than that of the ghost armored warriors, and I am afraid they are already close to the supreme level! Moreover, in terms of breath, it is also completely different from these lifeless ghost armored warriors.

Xu Ming reacted instantly: "There is a sneak attack!"

The sneak attack is naturally the sunny and rainy half.

but...

When Qingyu Banzun hadn't shot, his master Wan Puppet Demon Venerable shouted in horror: "Don't-

However, Wan Puppet Demon Venerable's reminder was still a little late. He just shouted, and Qingyu Banzun had already shot.

At this time, Wan Puppet Demon Venerable's voice just fell: "Don't shoot!"

"Don't shoot?" Qingyu Banzun couldn't help but be a little puzzled, "Master, it's not what you said, as long as we see him being besieged by ghost armor warriors, we will kill him immediately?"

"You..." Wan Puppet Demon Venerable was speechless, "Are you blind?"

Whether or not to kill, of course, depends on the strength of the opponent!

The one in front of him, who killed thousands of ghost armored warriors with the palm of his hand, is obviously extremely powerful—you said it right?

It's obvious that it's an iron plate, so why go up and kick it?

...

call out-

Cold light flashes!

In an instant, he was in front of Xu Ming.

"Humph!"

Such a sneak attack naturally could not pose any threat to Xu Ming. He just waved it casually, and the cold light flew back at a faster speed.

“Hi—” Qingyu Banzun looked at Hanmang flying back in horror; at this moment, he felt a strong threat of death.

Swish!

Fortunately, the figure of Wan Puppet Demon Lord flashed, blocking the front of Qingyu Banzun, blocking this cold light. But even so, Wan Puppet Demon Venerable was slightly injured.

At this time, Xu Ming also cleaned up the surrounding ghost armored warriors.

“Someone?” Xu Ming looked in the direction of the attacker – this was the first time he encountered a “living person” after entering the abyss of sinking.

“Come out!” Xu Ming said lightly.

He just wanted to catch someone and ask about the situation in the sinking abyss.

Under the scorched earth, the figures of Ten Thousand Puppet Demon Venerable and Qingyu Banzun appeared.

Wan Puppet Demon Venerable looked at Xu Ming: “I didn’t expect... Your Excellency has just come to the sinking abyss, you can have such strength! Admire, admire!”

“Oh?” Xu Ming smiled, “How do you know that I just came to the abyss of sinking?”

“Haha!” Wan Puppet Demon Venerable laughed, “The first three floors of the Sinking Abyss are just the ‘gateway’ of the Sinking Abyss, and there is no road leading to the ‘Sinking City’. From the fourth floor, one can go to the Sinking City. —You came down from the third floor, you must have just come to the sinking abyss!”

From the third floor of the sinking abyss to the fourth floor, it will appear in many different places.

Where Xu Ming is now is just one of those places—it just happens to be the place where the Ten Thousand Puppet Demon Venerable is waiting.

“Really?” Xu Ming smiled noncommittally.

Wan Puppet Demon Venerable said again: “This brother, we didn’t expect that you were so powerful when you first came to the abyss. My apprentice didn’t mean to offend, this matter... Let it be revealed, okay?”

Expose it?

Xu Ming couldn’t help joking: “What do you think?”

I didn’t know that Brother Ming was strong, so I came to sneak attack; after the sneak attack, I found that I had kicked the iron plate, so I wanted to expose it? Is there anything so easy in the world?

“Huh?” Wan Puppet Demon Venerable couldn’t help but his face sank slightly, and said, “I said that I will expose it, not because I am afraid of you, but just want to make friends with you!”

“Make a friend?” Xu Ming sneered, “Okay! Your disciple attacked me once, then let him pick me up, and it’s over!”

Dare to attack Brother Ming?

Is Brother Ming able to sneak attack casually?

“You...” Wan Puppet Demon Venerable’s expression suddenly became gloomy, “Shame on you!”

boom! !

Wan Puppet Demon Venerable waved his hand, as if spreading beans into an army, and there were tens of thousands of puppets around. Every puppet has the strength of a half-rank ninth!

“Humph!” Looking at the puppet beside him, Demon Venerable Ten Thousand Puppets suddenly became emboldened. “My Demon Venerable Ten Thousand Puppets is sinking into the abyss, and I am a person with a head and face! Since you are shameless, don’t blame me...”

but...

Before Wan Puppet Demon Venerable finished speaking, Xu Ming's figure shot out.

Tens of thousands of puppets with half-rank ninth-level strength were instantly smashed by Xu Ming.

"Huh!?" Demon Venerable Wan Puppet just reacted when Xu Ming's slap reached his face.

Snapped!

With a slap, the Ten Thousand Puppet Demon Venerable was directly swept away.

"Have a head and a face?" Xu Ming sneered, "Then I'll beat you until you have no head and face!"

Anyone who dared to show face in front of Brother Ming, no matter who it was, was drawn without face.

"You... your strength..." Ten Thousand Puppet Demon Venerable was extremely frightened.

You must know that even the more powerful beings among the lower-ranking supreme beings, facing his army of puppets, must be afraid of three points! But now, Xu Ming was directly rampaging through his puppet army, and slapped him away...

"Your strength has definitely reached the mid-level supreme level!"

Wan Puppet Demon Venerable was really shocked!

The median supreme level is definitely the top level of strength in the sinking abyss! After all, the powers in the sinking abyss, the highest cultivation base is only half-exalted; the half-exalted cultivation base can reach the strength level of the median supreme, which is already incomparably defying the sky!

If Wan Puppet Demon Venerable is facing an opponent with the strength of the lower-ranking Supreme, he will naturally dare to contend; but when facing the middle-ranking Supreme, he will have no courage to contend!

As for Qingyu Banzun, even more want to die: “I only attacked for the first time, and I attacked the existence of the median supreme strength!?”

Demon Venerable Wan Puppet reacted quickly, and immediately begged for mercy: “Senior, spare your life! I have traveled through hundreds of millions of epochs in the sinking abyss, and I know everything here; the senior has just arrived, and he must need some information... Please spare your life, I will definitely All the information that will be known will be known to all!”

“Oh?” Xu Ming suddenly laughed, “The reaction is very fast! – OK! You talk about it! Look at the information you know, is it enough to buy your lives back! If I find out that there is any falsehood...”

Xu Ming sneered and looked at the two jokingly.

“Don’t dare! Don’t dare!” Ten Thousand Puppet Demon Venerable continued.

The Qingyu Banzun on the side did not dare to say a word at all.

“Heh!” Xu Ming didn’t say much, and began to listen to the “report” of the Demon Venerable Wan Puppet.

As soon as I entered the abyss of sinking, I was worried that there was nowhere to know the information, and someone came to the door.

Moreover, Wan Puppet Demon Venerable and Qingyu Ban Zun, now is the moment when their lives are at stake, how can they dare to tell a lie? Moreover, the basic information in the sinking abyss is not a secret at all, and the Demon Venerable Wan Puppet will know it most, and it will be said all at once.

“Zhanxun? Battle rank?”

Listening to Xu Ming, he quickly gained some understanding of the sinking abyss.

## Chapter 1903: Who Is It?

The sinking abyss is divided into eighteen levels; and the battle level is also divided into eighteen levels!

For example, Xu Ming has now passed the assessment of the fourth floor of the Sinking Abyss, and his battle rank is “fourth rank”.

The higher the battle rank, the higher the status and authority in the “Sinking City”.

And Zhan Xun... is equivalent to the currency in the sinking city, which can be exchanged for various treasures and secret skills! If you have enough battle merits, you can even ask the “Sinking Demon Lord” to help break the chains of the universe!

The battle level can only be improved by breaking through the sinking abyss.

And the battle honor can only be obtained in the “Abyss Battlefield”.

...

After listening to Wan Puppet Demon Venerable’s explanation, Xu Ming had a general understanding of the entire sinking abyss.

The Sinking Abyss is mainly divided into three areas: Sinking City, Abyss Battlefield, and the Sinking Abyss where Xu Ming is now.

“Starting from the fourth floor of the sinking abyss, no matter which direction you go, you will eventually reach the sinking city?” Xu Ming looked suspiciously at the Demon Venerable Ten Thousand Puppets.

“Yes! Yes!” Ten Thousand Puppet Demon Venerable nodded again and again, “The time and space of sinking into the abyss is very strange. It is obviously in different directions, but in the end, they will all return to the same destination!”

“Well...” Xu Ming thought about it carefully, and compared the “confessions” of the Wanpup Demon Venerable and the Qingyu Banzun, and found no flaws. Moreover, Xu Ming felt that in order to save his life, the other party really didn’t need to deceive himself on this kind of thing.

“Predecessor... Senior, can we go?” Demon Venerable Wan Puppet said cautiously.

Xu Ming waved his hand: “Let’s go!”

The two suddenly fled as if they were amnesty.

After sending the two away, Xu Ming was lost in thought: “War rank?—Since the higher the battle rank, the higher the status and authority in the Sinking City, then I will first raise the war rank in the Sinking Abyss!”

“Go to the next floor!”

The ghost armor warriors on the fifth floor have already reached the fifth-order half-respect. If you want to break through the fifth floor, I am afraid that you must be a very strong existence in the ninth-order half!

“Half-Prince who is qualified to be suppressed by the cosmic chains, it is generally not a problem to break through the fifth floor!” Xu Ming secretly said.

For example, Wan Puppet Demon Venerable, if he didn’t deliberately stay on the fourth floor, with his strength, it would not be difficult to pass through the ninth floor and reach the “ninth-order battle rank”.

For example, Wanzun’s disciple Qingyu Banzun seems to be mediocre in strength, but it is because he is compared with Xu Ming; but in fact, with his strength, there is no problem in breaking through the fifth floor.

boom! boom! boom! ...

Xu Ming swept past with a destructive attitude.

Fifth floor!

The sixth floor!

Seventh floor!

...

Soon, Xu Ming passed the ninth floor!

“It will be the tenth floor soon!” Xu Ming was slightly serious.

The enemies of the ninth floor are all half-ranked ninth-order existences! It needs to be the top strength among the lower-ranking supreme, just to be able to break through.

And the enemies on the tenth floor are all supreme powers!

Siege of a large group of Supreme!

It's scary to think about!

I'm afraid...you must be at the “median supreme” level to be eligible to give it a try!

“This tenth floor, you can always let me test my strength, right?” Xu Ming secretly looked forward to it.

You must know that since he practiced “Swallowing the Universe and Nine Casts” and his strength has skyrocketed, Xu Ming has never really exploded his strength!

There is no way, the assessment of the first nine floors is too simple, the strongest enemy is only a half-rank ninth, and it can't stand Xu Ming's slap!

“Go to the next floor!”

Xu Ming continued to fall in the sinking abyss, and soon fell from the ninth floor to the tenth floor!

boom!

As Xu Ming expected, the ghost armored warriors on the tenth floor are indeed the strength of the supreme level!

As soon as Xu Ming arrived on the tenth floor, hundreds of ghost armored warriors with supreme strength rushed towards him; every ghost armored warrior was not even weaker than “Yuanzun”!

swoosh—

After Xu Ming entered the abyss of sinking, he drew his spear for the first time.

“Give me... break it!!”

The direction of the gun.

In an instant, a ghost armored warrior was instantly killed!

Kill the supreme level in one shot!

That is to say... if Xu Ming encounters Yuan Zun in the frontier of disorder, he can kill him in seconds with just one shot!

Of course, Xu Ming is afraid that it will be difficult to meet Yuan Zun in the frontier of disorder! After all, Yuan Zun is now hiding in his own virtual universe and does not dare to come out at all.

call out! call out! call out! call out! ...

At the moment Xu Ming shot, thousands of ghost armored warriors also shot!

Thousands of salvos attacked Xu Ming from all directions, leaving him with nowhere to retreat.

“Oh!” Xu Ming smiled disdainfully. The powerful power of the heart and the world instantly blesses the divine body – Xu Ming has long reached the realm of “unity of mind and spirit”! The power of the heart world and the power of the divine body can be interchanged at any time.

Bang! Bang! Bang! Bang! ...

Thousands of salvos fell on Xu Ming like raindrops, but they only caused some ripples on Xu Ming’s divine body, and did not cause any substantial damage at all.

“Unsurprisingly...” Xu Ming secretly said, “Ordinary low-level supreme strength can no longer pose any threat to me! Even thousands of salvos can’t bring me any harm!”

An ordinary low-ranking supreme attack could not break Xu Ming’s defense; but Xu Ming’s attack could kill one with one shot! — The result is clear It was a one-sided massacre!

Not long after, Xu Ming continued to break through the tenth floor in a destructive manner!

“The eleventh floor!”

...

Starting from the tenth floor of the sinking abyss, you must have the strength of the “median supreme” level before you can go down. Therefore, from the tenth floor down, it is inaccessible and hardly anyone can be seen.

After all, the median supreme level is already the top level in the entire sinking abyss! In the entire abyss of sinking, very few people have reached this level of strength. And these few existences naturally won’t soak in the sinking abyss, they are usually in sinking cities or abyss battlefields.

But at this time... the eleventh floor of the sinking abyss, but there is just a great power in the trial.

This is a great power that exudes endless majesty! Under the siege of thousands of ghost armored warriors, he seemed a little embarrassed, but he never lost.

The majestic look in his eyes is incomparably resolute: “My strength, at the mid-level supreme level, is also relatively top! I will definitely be able to pass the eleventh level and reach the ‘eleventh-order battle rank’! Humph! Wait until I have it” Eleventh-order battle rank’, I will have the right to buy that treasure; then, in the sinking abyss, I will be able to run amok!”

The mighty majesty was looking forward to it, but the battle became more and more calm.

But at this moment... a black hole suddenly appeared in the sky, which was the abyss hole from the tenth floor to the eleventh floor.

“Huh!?” Dangerous Majesty couldn’t help but look puzzled, “Who came down from the tenth floor?”

Chapter 1904: What Kind Of Strength?

“Who came down from the tenth floor?”

Majesty is a little suspicious.

You must know that in the abyss of sinking, the power of reaching the “tenth-order” battle rank is only so much, and you can count it with your fingers. The majestic power went through it in his mind, and he didn’t think that among the “tenth-order” powers, who else was qualified to challenge the “eleventh-order”.

“Could it be that someone, like me, also hides their strength? Do you want to wait until you pass the eleventh floor, and then become a blockbuster!?” Great Power can’t help but think.

He, Lei Qiong Banzun, has been dormant for a long time at the “tenth-order” level, and now he is ready to be a blockbuster.

boom! boom! boom! ...

Lei Qiong Banzun carefully dealt with his own battle, while paying attention to observe.

Soon, Xu Ming's figure appeared on the eleventh floor.

“Huh?” Lei Qiong Banzun couldn't help but startled—because he had never seen Xu Ming before.

You must know that in the abyss of sinking, as long as it is above the “ninth rank” battle rank, Lei Qiong Banzun will recognize it. After all, there are only so many powerhouses above the ninth rank.

As for Xu Ming in front of him, Lei Qiong Banzun had never seen him before.

This surprised Lei Qiong Banzun: “A person I've never seen before can come to the eleventh floor? How low-key and how deep is he!”

Lei Qiong Banzun just wanted to say – it's hidden too deep!

It's just... Lei Qiong Banzun didn't know that Xu Ming didn't hide deep, but just came to the sinking abyss and broke through ten floors in a row.

If Lei Qiong Banzun knew the truth, he would be even more shocked beyond recognition!

“Humph!” Lei Qiong Banzun snorted unconvincingly, “Coming to the eleventh floor does not mean that he can break through! I am afraid that soon, he will run away?”

Lei Qiong Banzun sneered.

“But...” Lei Qiong Banzun thought again, “If he can pass the tenth floor and reach the ‘tenth-order’ battle rank, he is not bad, and he is qualified to befriend me!”

When Lei Qiong Banzun saw Xu Ming, Xu Ming naturally also saw Lei Qiong Banzun.

“Oh?” Xu Ming was also a little surprised. He didn't expect to meet someone on the eleventh floor. After all, the people who can appear here are those who are “half-ranked” but comparable to “median supreme”!

“This person... I’m afraid he is at the top of the abyss, right?” Thinking of this, Xu Ming couldn’t help but glance at Lei Qiong Banzun, wanting to see how strong the opponent was.

However, seeing this, Xu Ming couldn’t help but be disappointed.

“Weak!” Xu Ming’s evaluation of him was only one word, “But... it was barely able to pass the eleventh floor!”

Thinking of this, Xu Ming suddenly lost interest and couldn’t help shaking his head slightly.

Shake your head?

In the eyes of Lei Qiong Banzun, Xu Ming’s shaking his head seemed to be a great humiliation!

“I don’t know the heights of the sky, do you think the eleventh floor is so easy to break through?” Lei Qiong Banzun snorted coldly, “I originally thought that when I passed the eleventh floor, if his life was in danger, I would You can save his life! Now... I’ll be fine if I don’t get into trouble!”

Soon, around Xu Ming, there was also a siege of ghost armored warriors.

Lei Qiong Banzun looked at it with a sneer: “Immediately, you will know the severity of the enemy on the eleventh floor...”

It’s just... Lei Qiong Banzun’s “powerful” word “harm” got stuck in his throat before he could say it.

“This...this...” Lei Qiong Banzun was horrified to see that Xu Ming killed a ghost-armored warrior with a single shot, with great ease. The Ghost Armored Warrior’s attack fell on Xu Ming, and it was like a rock sinking into the sea, unable to cause any damage to Xu Ming at all.

“This...” Lei Qiong Banzun was really shocked!

In the sinking abyss, Lei Qiong Banzun dare not say that his strength is one of the best, but at least, it is also the top level!

Lei Qiong Banzun admits to himself, sinking into the abyss, even if there is more power than him, it should be limited. And now... Xu Ming's strength in front of him is obviously not "limited in strength", but "much stronger"!

"In the sinking abyss, how could there be such a strong person!?" Lei Qiong Banzun was shocked again and again, "His strength is probably not as simple as the 'Eleventh Rank' battle rank!"

Battle rank represents strength!

The higher the battle rank, the stronger the strength!

"Could it be... it will be Tier 12, or even stronger!?"

Just when Lei Qiong Banzun was shocked, Xu Ming had come from behind, cleaned up the ghost armored warriors, and passed the assessment on the eleventh floor. At this time, Lei Qiong Banzun still had several ghost armored warriors left to defeat.

Xu Ming glanced at Lei Qiong Banzun, said nothing, and entered the next layer of the sinking abyss.

Not long after, Lei Qiong Banzun also cleaned up the ghost armored warriors and passed the assessment.

"Would you like to go to the twelfth floor to see?" Lei Qiong Banzun couldn't help thinking.

Going to the twelfth floor is not for assessment! After all, Lei Qiong Banzun still knows a little about his own strength and knows that he can't pass the twelfth floor!

But... Lei Qiong Banzun couldn't help it, and wanted to see if Xu Ming could pass the twelfth floor.

"Go and have a look!" After hesitating for a while, Lei Qiong Banzun quickly decided, "Although I can't make it to the twelfth floor, there should be no problem with my life!"

Thinking of this, Lei Qiong Banzun also followed to the twelfth floor.

As he fell to the twelfth floor Lei Qiong Banzun thought: “Although the great master just now, although sweeping the eleventh floor was easy, on the twelfth floor, it will not be so easy. Bar?”

After all, those who can pass through the twelfth floor must at least be the most peak existence in the middle-rank supreme, and the strength is infinitely close to the upper-rank supreme rank!

In Lei Qiong Banzun’s view, even if Xu Ming can pass through, it must be a hard fight!

“Exactly! I can gain some experience from his battle; in this way, when I really challenge the twelfth floor in the future, I will also have some experience!”

With this thought in mind, Lei Qiong Banzun reached the twelfth floor.

But... As soon as Lei Qiong Banzun entered the twelfth floor, he was instantly stunned! He was horrified to see how similar the scene on the twelfth floor was to the eleventh floor! – Xu Ming slaughtered the ghost armored warriors on the 12th floor, one shot at a time; and the ghost armored warrior’s attack landed on Xu Ming’s divine body, without the slightest ripple!

Moreover, Lei Qiong Banzun was only a moment late, and Xu Ming’s battle was almost over. The ghost armored warriors had been killed so that only a few or two were left. For Xu Ming, this assessment, only Two or three shots left to finish.

“His—” Lei Qiong Banzun took a sharp breath.

Tier 12?

Xu Ming’s strength is more than the “twelfth rank” battle rank!

As for how many steps it will be, it is not something that Lei Qiong Banzun can imagine! At least... it’s also the “thirteenth order” upwards, right?

Thirteenth-order, this is the strength of the “upper supreme” level!

Chapter 1905: Sunken City

but...

It is almost impossible to appear among these top-notch demigods whose strength is comparable to that of the “superior supreme”!

It may take dozens or hundreds of eras before there will be a half-honored person who can rival the upper-ranking supreme!

Therefore, when Lei Qiong Banzun found out that Xu Ming was likely to be a battle rank above the “thirteenth rank”, he was so shocked!

“In today’s era, in the sinking abyss, no one has reached the ‘thirteenth rank’ battle rank! Could it be...” Lei Qiong Banzun suddenly realized something and looked at Xu Ming in horror, “Could it be... he is the most talented person in this era. The most heaven-defying half-honor!?”

However, Lei Qiong Banzun did not find out that Xu Ming was not a “Half-Prince” at all, but only a “Nirvana Realm”!

“hiss-”

In the panic of Lei Qiong Banzun, Xu Ming passed the assessment of the twelfth floor of the sinking abyss and went directly to the thirteenth floor.

At this time, the assessment of Lei Qiong Banzun also began!

“Run!” Lei Qiong Banzun did not dare to be surrounded by ghost armored warriors on the twelfth floor. Once surrounded, he might not even be able to escape! Therefore, while the assessment had just started, Banzun Lei Qiong chose a random direction, ran away, and gave up the assessment – the assessment of the twelfth floor is not something that the current Banzun Lei Qiong can challenge!

After escaping, Lei Qiong Banzun still couldn’t calm down for a long time: “The number one powerhouse in the abyss... has been replaced!”

...

The sinking abyss, the thirteenth floor.

“Sure enough, the opponents on the thirteenth floor are all at the mid-level supreme level!”

What Xu Ming is facing now is the siege of hundreds of thousands of people at the mid-level supreme level!

Every ghost armored warrior here is not much weaker than Lei Qiong Banzun. It can be said... even if all the geniuses besieged Xu Ming in the entire sinking abyss, it would not be as difficult as the assessment on the thirteenth floor!

Even Xu Ming felt a lot of pressure.

“This is only the thirteenth floor... The difficulty of the assessment is already so terrifying!” Xu Ming was secretly shocked, “This sinking abyss, but there are eighteen floors! What kind of strength should the next five floors have? , can you pass?”

Incredible!

“This thirteenth floor assessment can actually make me continue to be seriously injured...” Although Xu Ming practiced Divine Phoenix Immortality, even if he was seriously injured, he could recover in an instant, but Xu Ming still felt the pressure – the thirteenth floor was already So difficult, what about the fourteenth floor?

“Forget it! After challenging the thirteenth floor, we will not continue to challenge!” Xu Ming secretly said.

Although, the higher the battle rank, the better; but since you have already felt the pressure, there is no need to continue going down. Moreover... the “thirteenth rank” battle rank, Xu Ming estimated, should already be the highest in the sinking abyss!

“When you pass this assessment, let’s go to the Sinking City first!”

...

The time and space of the sinking abyss is strangely distorted.

The end of the distortion of time and space, all gathered in one place. Here, is the sinking city.

In the entire disordered frontier, the most heaven-defying half-respects are gathered in the sinking city, lingering under the suppression of the cosmic chains.

Xu Ming walked out from the thirteenth floor of the sinking abyss, and when he reached the gate of the sinking city, a “battle order” flew out from the city gate and arrived in his hands.

“War order?” Xu Ming couldn’t help but startled slightly.

He has only heard that the higher the battle rank, the greater the authority in the sinking abyss. As for the specific permissions, I didn’t pay much attention to it.

Xu Ming instantly refined the battle order, and was able to sense the inside of the battle order, which contained a simple but lofty will: Thirteen!

Thirteen means that Xu Ming is a “thirteenth-order” battle rank!

If this battle level is known to other great masters, I am afraid that they will directly kneel and lick Xu Ming! After all... In the entire Sinking City, there are very few battle ranks above the tenth rank, let alone the thirteenth rank!

Xu Ming put away the battle order and prepared to enter the city.

But at this moment, a somewhat yin and yang voice resounded in Xu Ming’s ear: “Another ignorant person has come to our Sinking City!”

It was a blond half-zun who spoke. He saw that Xu Ming’s momentum was not very strong, and he had just obtained the battle order, obviously he was the first time in the sinking city, so he couldn’t help laughing.

Blonde Banzun continued, as if he was talking to himself, and he seemed to be deliberately telling Xu Ming: “The outside world thinks that if you enter the abyss of sinking, you will be able to break the cosmic chain! But I don’t think about it, the cosmic chain is so easy to break. Is it? How many of those who entered the abyss of perdition can leave alive?”

As the blond half-honored said, he glanced arrogantly at Xu Ming, sneered, and walked away.

Xu Ming didn’t take the blond half-respect to heart, he didn’t say much, and he also entered the city.

“Um?”

As soon as he entered the Sunken City, Xu Ming felt an extremely depressing aura. After all, almost all of the demigods in the Sunken City entered the Abyss of Sinking in despair; Don’t be depressing!

Xu Ming watched while watching the flowers.

In the city, many great experts were chatting.

“I heard... Banzun Yegu has cultivated ‘Destruction’ to the fifth level, and he can break the chain of the five-star universe!”

“Can break the five-star cosmic chain, so what?” Immediately, there was a voice next to him, “Yegu Banzun? Does he dare to help people break the cosmic chain unscrupulously?”

“Also... Although he can break the five-star cosmic chain, it is estimated that he will not be able to use it a few times, let alone help me to break it...” The previous voice said again, “If you want to break the cosmic chain, you still have to put your hope in the fallen devil! ”

“Yeah! You can only save enough battle credits, and then ask the fallen demon master to make a move...”

Zhan Xun?

Fallen Demon Lord?

As far as Xu Ming knows, as long as you bring enough war honors, go to find the fallen devil; then, the fallen devil will help break the cosmic chain.

Fallen Demon Lord, this is the power to build the Stone Statue Forest with one hand, what an incredible existence! As long as he is willing to take action and break the chains of the universe, it is naturally easy.

It is precisely because of this that the semi-powerful people in the sinking city will not hesitate to enter the abyss battlefield and try their best to win the merits; the reason is to ask the sinking devil to take action!

Xu Ming didn't say a word, shuttled through the sinking city, and continued to listen to some other small talk.

“Have you heard? This time in the abyss battlefield, our second quadrant, I am afraid we will fight with the eighth quadrant!”

“Quadrant eight? Are you sure?”

“There are quite a few top powerhouses in the eighth quadrant! But that's fine... The more powerhouses there are, the higher the battle honors will be!”

“Haha... Then it depends on whether you have the strength to get the battle honor!”

Chapter 1906: Picture Roll

“Abyss battlefield?”

Xu Ming knew that that was the place to get the honors.

And in the sinking abyss, the best way to break the chains of the universe is to ask the sinking devil to take action!

The fallen demon master has opened up the stone statue forest and the sinking abyss. He is a tyrannical and unimaginable existence! Even the seven-star universe chain, the fallen demon master can be broken with a wave! If Xu Ming wanted to break the nightmare-level cosmic chains on his body, he would have to ask the fallen demon master to take action, and then there would be hope.

And if you want to invite the fallen demon master to take action...you must have enough battle merits!

The fallen demon master, only recognizes “war honors”!

Xu Ming was walking in the sinking city, thinking: “What I learned in the Stone Statue Forest, ‘Swallowing the Universe and Nine Casting’ and ‘Breaking and Destruction’, can only break the four-star universe chain at the highest; There is no record in the forest, only in this sinking city, there is a record! But... if you want to learn the follow-up exercises, you also need war honors...”

Almost everything in the Sinking City is inseparable from Zhan Xun.

“But...” Xu Ming thought again, “Even if you cultivate these two secret skills to the peak, I’m afraid you may not be able to break the nightmare-level cosmic chain...”

As for the nightmare-level cosmic chains on his body, Xu Ming has no clue for the time being.

After all, in the entire history of the universe, no one has ever been able to break the nightmare-level universe chain. There is no precedent to follow, and Xu Ming naturally does not know what conditions are needed to break the nightmare-level cosmic chain.

Everything can only be seen one step at a time.

“It seems that my next step is to go to the abyss battlefield and brush up on the battle merits!”

Thinking of this, Xu Ming couldn’t help but sneer at the corner of his mouth.

You must know that in the abyss of sinking, if the strength reaches the “eleventh order”, it is already the most top existence, and there are only a handful of them. And the strength reaches “tenth order”, it is also one of the few top-level powers. The strength of the vast majority of the demigods, measured by the standard of the sinking abyss, is below the “ninth order”.

And Xu Ming... but “thirteenth order”!

Thirteenth order, what is the concept?

It seems that there is only a difference of two or three ranks, but Xu Ming kills a “tenth-order” powerhouse, and it is easy to kill a thousand enemies; even killing an “eleventh-rank” powerhouse is as easy as killing a chicken and a dog! As for the “ninth order”... You’re welcome, Xu Ming can collapse to death if he farts!

After entering the abyss battlefield, Xu Ming faced these opponents!

This abyss battlefield may be an abyss purgatory to other powerhouses; But to Xu Ming, it is simply the back garden of his exploits!

Brush how you want to brush!

Merit... Although Xu Ming didn’t have it at all for the time being, he really didn’t take merit in his eyes.

Unconsciously, Xu Ming came to the center of the sinking city – the realm of liberation.

“Sinking? Liberation?” Xu Ming shook his head secretly, not knowing what it meant.

Walking into the realm of liberation, the first thing that catches Xu Ming’s eyes is a huge list – the list of heaven’s talents in the universe!

“Cosmic Talents List?” Xu Ming couldn’t help but look over.

On this list, it is recorded that in the abyss of sinking, the most powerful demigod! Above, there are battle images of these powerhouses.

The top ten on the list are all “11th-order” powerhouses; the top 100 are also “tenth-order” powerhouses.

“Huh—” Suddenly, Xu Ming saw a familiar figure on this list – it was the Lei Qiong Banzun that Xu Ming had encountered before.

“It turns out that he is Lei Qiong Banzun!” Xu Ming secretly said, “With just his strength, he can also be ranked in the top 50 of the universe Tianjiao list? Oh, no – Lei Qiong Banzun should have been forbearing for many years, and now he has passed through. After reaching the eleventh floor of the Sinking Abyss, the ranking on this list can already be ranked in the top ten!”

The top ten is so strong?

Xu Ming just wanted to say: Weak! Really weak!

At the same time, Xu Ming also discovered: “It seems that the forces that compiled this list are not very well-informed!”

is not that right!

Lei Qiong Banzun has already passed the “eleventh floor”, and now the ranking is still so low. And Xu Ming himself, as a “thirteenth-order” powerhouse, is even more unknown on the list—isn’t this not well-informed?

“How dare you come out and compile a list with such unintelligible information?” Xu Ming shook his head secretly.

However, it is also fortunate that the information on this list is not well-informed, otherwise, Xu Ming’s name would probably appear at the top of the list! In that case, Xu Ming can’t keep a low profile even if he wants to keep a low profile!

Xu Ming didn’t want to be surrounded by people as soon as he entered the sinking city.

“Let’s go elsewhere!”

...

In the realm of liberation, there are all kinds of magical weapons and treasures that can be exchanged, and there are also various secret techniques that can be inherited.

Xu Ming learned half of the “Swallowing Nine Castings” and “Destruction”, and there is a follow-up inheritance here. It’s just that...you need to be honored before you can learn.

“Zhan Xun...” Xu Ming secretly said, “After I get to Zhan Xun, I might as well learn these two secret skills!”

Like Tunyu Jiuzhu, no matter whether it can break the nightmare-level cosmic chains on Xu Ming’s body, it has great benefits to Xu Ming’s heart world!

It is precisely because the power of the heart world has skyrocketed that Xu Ming can have the strength of the “thirteenth order” under the open hanging, which is comparable to the supreme supreme!

“If I cultivate Tunyu Jiuzhu to the extreme even if I can’t break the nightmare-level cosmic chain, at least my strength will reach a very terrifying level!”

After wandering around in the realm of liberation, Xu Ming gained some understanding of the sinking abyss. He found that if he wanted to invite the fallen demon master to help break the chains of the Seven Stars universe, the battle merits required were an extremely terrifying number!

As for the Nightmare-level Cosmic Chain... Since no one has ever broken it, I don’t know how many battles it will take.

“For other powerhouses, it’s not easy to win battles; for me, it’s easy!”

Unconsciously, Xu Ming walked to the very center of the realm of liberation.

“Huh? This is...”

Xu Ming saw a picture.

This is an incomparably huge picture scroll, the size of which is equivalent to millions of Divine Realms!

Yes, it's just a painting, but it's a million times bigger than God's Domain!

The background of the picture scroll is endless darkness. Above this boundless darkness, there are countless stars and dots, like a sky full of stars.

Countless billions of stars seem to be disordered, but they seem to interpret the rules of the entire universe. The invisible avenue is wantonly evolving on the picture scroll.

“Huh—” Suddenly, Xu Ming exclaimed in surprise. He noticed that these endless billions of stars are not dead, but inhabited by endless creatures.

“A painting not only contains endless billions of worlds, the rules of the universe's operation, but also ... the reproduction of life?” Xu Ming was secretly surprised.

Such means were already beyond Xu Ming's imagination!

: Not Feeling Well Today.

During this period of time, I continued to stay up late, and my body couldn't bear it. After writing half a chapter, I really couldn't write it anymore.

I can't hold it anymore, let's write it tomorrow...

Sorry brothers, I will be leaving before the end of the month, and I will start my full-time writing career at that time.

“Crossing the Otherworld” is not feeling well today. It’s in hand, please wait a moment,  
Chapter 1907: How Hard Iron

“It’s just a picture...”

On the picture scroll, there are endless billions of worlds, and life thrives, and Xu Ming can still understand; as long as he has enough power levels, he can create such a world. But... the entire picture scroll has a faint interpretation of the operating rules of the entire universe, which is incredible!

“A painting that interprets the entire universe?”

What a means! ?

At the same time, Xu Ming couldn’t help but think: “What kind of existence should the person who created this picture scroll exist?”

High-ranking Supreme?

Xu Ming’s own strength level has reached the highest level now; he doesn’t think that the highest level can create such a picture scroll.

“Could it be that there is a stronger existence above the Supreme Supreme?”

Xu Ming is almost certain—absolutely!

People like Gu Hanmo and the Fallen Demon Lord must have already reached that stronger level!

Only when Xu Ming reaches that level can he go to the real universe and help Gu Hanmo.

“This picture contains almost the complete rules of how the universe works! Comprehension of the picture should be of some benefit to me!”

Thinking about it, Xu Ming set up a warning barrier around him and began to comprehend.

“The rules of the universe are invisible and invisible...”

However, Xu Ming could feel that the rules of the universe’s operation were like the rain moistening the earth, infiltrating every inch of space. No matter who it is, no matter how subtle a movement, no matter how small a particle, it actually resonates with the rules of the universe all the time.

The entire universe, from “endless macro” to “extreme micro”, has a perfect “grand unity”!

The vibration of even the smallest particle affects the operation of the entire universe.

“If something, no matter how small, is not at the same frequency as the vibration of the universe’s operating rules, then it will be corrected!” Xu Ming suddenly understood.

How to correct?

If it is a weak existence, it will be directly forcibly corrected by the operating rules of the universe and return to the same resonance frequency.

And if it is a relatively strong existence, it will be suppressed by the cosmic chains – such as Xu Ming.

Comprehension of this picture scroll, Xu Ming’s heart continued to emerge enlightenment.

Although Xu Ming’s strength has not been improved in any way for the time being, this understanding of the rules of the universe’s operation is a kind of background, which will be of great benefit to Xu Ming’s future cultivation or breaking the chains of the universe.

Suddenly, Xu Ming’s eyes widened without warning, with a hint of epiphany and a hint of panic in his eyes.

“The universe is like...”

Xu Ming vaguely realized something, but he felt that it was a little bit worse, as if there was a layer of fog that prevented him from seeing the “truth of the universe”.

At this moment, Xu Ming suddenly felt that there was a will on the picture scroll: “Forty-nine steps forward, enter the ‘Boundary Breaking Map’!”

Forty-nine steps forward?

Boundary map?

“This picture is called the Boundary Breaking Picture?” Xu Ming seemed to be slightly touched.

...

This picture, which is as huge as millions of God’s Domains, is indeed called the “Breakthrough Picture”.

At this time, in the center of the liberation realm, Xu Ming would not be the only one watching this boundary-breaking map. There are hundreds of semi-respected powerhouses, all staring at the world-breaking map, thinking hard.

A pair of fanatical eyes, sometimes confused, sometimes epiphany...

A female half-zun with a delicate body and a stern look in the corners of her eyes, her aura became more and more crazy: “No! No! No! It’s not that the universe is the truth in the world-breaking map, as long as you comprehend a little bit, you can benefit endlessly. Why? Why can’t I comprehend it all the time!”

Bang!

The female half-zun instantly withdrew from the artistic conception of the world-breaking map, with a trace of blood on the corner of her mouth.

“Failed again!”

“I didn’t realize it again!”

The female half-zun is completely unwilling.

At this moment, the female Banzun received a message, and her face suddenly changed, becoming flattering: “Shen Long Banzun!”

“Qingyao Banzun, where are you now?” During the communication, Shen Long Banzun’s voice sounded.

“Breaking the boundary map!” Qing Yao Banzun said respectfully.

“Oh? Just right, I’m also in the liberation domain, and I’m coming to find you now!”

When Qingyao Banzun heard the words, he couldn’t help showing a look of joy, and secretly said in his heart: “Shen Long Banzun, but a person with a big background! Once I have made a good relationship with him, and I have a good relationship with him, my hope of breaking the chains of the universe has greatly improved. !”

Of course, there must be a price to befriend with a character like Shen Long Banzun! It is almost self-evident what kind of price needs to be paid for a beautiful female half-zun like Qingyao Banzun.

but...

Does Qingyao Banzun seem to care about these costs?

As long as the cosmic chains can be broken, what is the price?

Thinking of this, Qing Yao Banzun couldn’t help but evoke a charming smile.

“Huh?” Suddenly, Qingyao Banzun noticed Xu Ming, “This is...?”

She saw that Xu Ming was walking towards the Boundary Breaking Map step by step.

“It’s an epiphany! He has an epiphany!” Qingyao Banzun was shocked and angry when he saw this scene, “Why!? I didn’t have an epiphany! Why did he have an epiphany!?”

Qingyao Banzun’s eyes suddenly became extremely sinister and jealous: “Humph! It’s a pity... Although you have an epiphany, you didn’t get the fate of the chance!”

Didn’t get the chance to die?

Yes!

boom-

Qingyao Banzun shot directly. In an instant, thousands of poisonous needles shot directly at Xu Ming.

Whoosh! Whoosh! Whoosh! Whoosh! ...

When these thousands of poisonous needles approached, Xu Ming suddenly became alert.

“who is it!?”

Qingyao Banzun’s strength is not very strong at best, it is only an ordinary low-level supreme level; Xu Ming just waved his hand at will, and blasted thousands of poisonous needles to the side.

However, because of Qingyao Banzun’s interference, Xu Ming’s epiphany state was also interrupted. When he looked at the Boundary-breaking map again, Xu Ming no longer had that epiphany, nor could he perceive the “invitation” from the Boundary-breaking map.

“This...” Xu Ming was stunned for a while, and suddenly became angry.

The state of epiphany can be said to be unattainable.

Even for Xu Ming, the epiphany is much easier than other powerhouses, but there is no guarantee when he can enter the state of epiphany!

And now, the epiphany state has been broken like this, how can Xu Ming not be angry! ?

“Huh!?” Seeing that Xu Ming broke his attack with a wave of his hand, Qingyao Banzun couldn’t help but stunned, “So strong!? With such strength, I am afraid they are already at the peak of the lower-ranking supreme, right?”

Qingyao Banzun himself is an ordinary lower-ranking supreme rank. In her opinion, if Xu Ming can wave his hand to break her attack, his strength must have reached the peak of lower-ranking supreme!

only...

Qingyao Banzun would never have imagined that Xu Ming’s strength far exceeded the peak of the next supreme! Even beyond the median supreme! Reached the upper-level supreme level!

Qingyao Banzun would never have thought that her sneak attack this time directly attacked the only “thirteenth-order” powerhouse in the entire sinking abyss!

Qingyao Banzun would never have imagined how hard an iron plate she had kicked!

Chapter 1908: Who Gave You The Courage! ?

Xu Ming's eyes were indifferent, and he instantly locked onto Qingyao Banzun.

“What do you mean!?” Xu Ming asked in a cold voice.

Qingyao Banzun was stared at by Xu Ming, and suddenly felt a chill all over his body.

But on the surface, Qingyao Banzun has a calm attitude, and he secretly said in his heart: “Even if it is the peak of the lower supreme, so what? Shen Long Banzun is coming soon... Just wait for Shen Long Banzun. So, even if it is the peak of the lower-ranking supreme, don't you still have to be a man with your tail tucked?”

Thinking of this, Qingyao Banzun no longer had any fear, but instead brought a hint of arrogance and said arrogantly: “The chance in the Boundary Breaking Map is not for everyone!”

Not everyone is eligible for it?

Whether Xu Ming is qualified to get the chance, is it still his turn to get a mere Qingyao Banzun to decide?

“Destroy my chance, \*\*\*\* it!” Xu Ming said coldly.

The cold killing intent made Qingyao Banzun tremble, and he subconsciously wanted to escape. But at this moment, Qingyao Banzun saw a figure hurriedly approaching, and his face suddenly showed joy.

“Shen Long Banzun!”

Shen Long Banzun has arrived, and he arrived so fast!

Qingyao Banzun ran to Shen Long Banzun in a row, and exclaimed: “Shen Long Banzun, save me, someone wants to kill me!”

“Huh?” Shen Long Banzun heard the words, his face sank, “Someone wants to kill you? – Is it him?”

With that said, Shen Long Banzun's gaze turned towards Xu Ming's direction.

“Yes, yes! It's him!” Qingyao Banzun nodded again and again, “I also ask Shen Long Banzun to decide for me!”

“Don't worry!” Shen Long Banzun said domineeringly.

Then, Shen Long Banzun looked directly at Xu Ming, and asked, “Even my Shen Long Banzun dares to move? Who gave you the courage!?”

Who gave you the courage! ?

Shen Long Banzun's domineering voice reverberated in Xu Ming's ears.

Xu Ming was also a little speechless – where did this stunned young man have the courage to speak to him like this?

“He probably doesn't know how to write the word ‘death’...” Xu Ming couldn't help thinking.

Shen Long Banzun has no idea what a terrible existence he is talking to now! Seeing Xu Ming in a daze, he thought that Xu Ming was frightened by his domineering, so he couldn't help but become more arrogant: “I see that you are very good-natured, you shouldn't be a famous power in Sinking City, right? But...I You must have heard the name of Shen Long Banzun, right? People who dare to offend me, Shen Long Banzun, what do you think about this matter?”

Offend Qingyao Banzun?

How to do?

It was clear that Qingyao Banzun deliberately interrupted Xu Ming's epiphany because of jealousy; now it's a good thing, but the other party actually beat him up, saying that Xu Ming offended the other party?

Brother Ming doesn't show his power, do you really think he is easy to bully?

Xu Ming didn't get angry, but smiled instead: "Shen Long Banzun, right? Don't you ask the ins and outs of the matter first?"

"Hahahaha... The ins and outs of the matter? Do you still need to ask?" Shen Long Banzun burst into laughter, "If you offend my friend Shen Long Banzun, that's a mistake! The ins and outs, does it matter?"

At the end, Shen Long Banzun couldn't help but give Xu Ming a "advice": "This world is a world where strength is respected! As long as your strength is stronger than mine, your words are true! Otherwise..."

boom!

The aura on Shen Long Banzun's body suddenly exploded, and the aura at the peak level of the lower-ranking Supreme Being madly slammed into Xu Ming.

"Lower supreme peak strength?"

It has to be said that this Shen Long Banzun still has some strength. The lower-ranked supreme peak, although not the top level in the Sinking City, is definitely the upper level; but... this Shenlong Banzun dares to pretend to be X in front of Brother Ming, it really does not know whether to live or die!

"You're right!" Xu Ming gave Shen Long Banzun a meaningful look, "Whoever is stronger is the truth!"

"Humph! Just understand!" Shen Long Banzun sneered.

"But..." Xu Ming suddenly pondered.

call out-

Without warning, Xu Ming shot directly.

Snapped!

A bright red palm print was directly printed on Shen Long Banzun's face, making Shen Long Banzun's face bewildered.

At this time, Xu Ming said lightly: "Now, who do you think is the truth?"

"You..." Shen Long Banzun was suddenly shocked and angry, "You... your strength is so strong!? You dare to attack me!?"

What surprised Shen Long Banzun was Xu Ming's strength – just that slap just now shows that Xu Ming's strength is obviously better than his, I am afraid he has already stepped into the "median supreme" level with one foot!

And the anger is... Xu Ming dared to beat him!

"I... you dare to beat me!?"

boom! !

Shen Long Banzun broke out in an instant, killing Xu Ming directly. Anyway, to take back some face.

"Oh? How dare you resist?" Xu Ming slapped his backhand.

Snapped!

Shen Long Banzun, who didn't know the heights of the sky and the earth, just came up, and was directly slapped back by Xu Ming.

"You...you..." Being drawn for the second time, Shen Long Banzun finally realized the difference in strength between himself and Xu Ming – Xu Ming may not have stepped into the middle position with one foot, but the real middle position!

Going to Xu Ming to avenge the "revenge of one palm", then this "revenge of one palm" will definitely become "revenge of two palms"!

If Shen Long Banzun dares to avenge the “revenge of the two palms”, it will become the “revenge of the three palms”...

However, is not as strong as others. Instead of being ashamed, Shen Long Banzun shouted angrily, “You dare to beat me? You dare to beat me? Don’t you know that my father is Lei...”

Snapped!

Before Shen Long Banzun finished speaking, Xu Ming raised his hand and slapped again: “Noisy! I don’t care who your father is!”

Shen Long Banzun received three palms in a row, and finally learned to be honest – in front of Xu Ming, it is better to be honest and not to utter wild words! Once you speak wild words, what awaits you is a slap!

But in secret, Shen Long Banzun sent a message to his father asking for help.

“When my father arrives...” Shen Long Banzun thought viciously.

Xu Ming naturally didn’t know that Shen Long Banzun had already sent a message for help; of course, even if he knew, Xu Ming wouldn’t take it to heart.

Shen Long Banzun’s father?

Whoever his father is! Anyway, in the entire abyss of sinking, I am afraid that there is no one who can compete with Xu Ming!

In the sinking city, Xu Ming is an invincible existence!

The funny thing is that Xu Ming, the almost invincible powerhouse, was provoked by someone when he first came to Sinking City.

It’s just...Shen Long Banzun doesn’t think so. He was still waiting for his father to come and avenge him.

“Huh!?” Suddenly, Shen Long Banzun’s eyes lit up. It wasn’t that his father arrived, but he saw an old friend – Wan Puppet Demon Venerable!

“Wan Puppet Demon Venerable!” Shen Long Banzun even sent a message for help.

“Oh? It’s Shen Long Banzun!” Wan Puppet Demon Venerable was a little surprised, not knowing what the other party was looking for him.

: Nothing Tonight...

Worked overtime until nearly 2am before getting home...

Originally wanted to try to write a chapter, but I really have no energy to write halfway... I will update it in the daytime tomorrow, sorry...

It has been determined that he will leave at the end of the month, which is next weekend.

Starting in October, full-time updates at home! !

Brothers, please be considerate of this transition period!

Chapter 1909: See The Seniors!

“Oh? It’s Shen Long Banzun!” Wan Puppet Demon Venerable was a little surprised, not knowing what the other party was looking for him.

Shen Long Banzun and Wan Puppet Demon Venerable are considered to be relatively top-notch existences in the sinking abyss. In terms of strength, Wan Puppet Demon Venerable should be stronger; but in terms of status, Shen Long Banzun wins by a lot.

No way, who made Shen Long Banzun have a good father!

So now, Wan Puppet Demon Venerable sees that it is Shen Long Banzun, and his posture is even slightly lowered.

“Wan Puppet Demon Venerable!” Shen Long Banzun continued, “There is something here who dares to offend me. Come and help me and help me suppress him! After that, I will definitely thank you!”

“Someone dares to offend Shen Long Banzun?” Wan Puppet Demon Venerable was a little surprised, and could not help but feel a moment of silence for the person who offended Shen Long Ban Zun; after all, Shen Long Ban Zun’s power in the sinking abyss, Wan Puppet Demon Venerable is still very powerful understand.

But at the same time, Wan Puppet Demon Venerable is also secretly afraid – will the strength of those who dare to offend Shen Long Banzun will be weak? For this job, Wan Puppet Demon Venerable dare not help casually; if the gang is not good and offends someone who shouldn’t be offended, it will be too late to regret it.

Thinking of this, Wan Puppet Demon Venerable couldn’t help but look at the opponent Shen Long Banzun said...

At this sight, a familiar and terrifying face suddenly appeared in the eyes of Wan Puppet Demon Venerable.

“It’s him!?” Ten Thousand Puppet Demon Venerable suddenly widened his eyes and almost broke out in a cold sweat.

The Demon Venerable Ten Thousand Puppets had just been ravaged by Xu Ming in the sinking abyss, and his impression of Xu Ming was naturally incomparable. If Xu Ming hadn’t spared his life, I’m afraid there would be no such person as Wan Puppet Demon Venerable now!

Encountering Xu Ming again, Ten Thousand Puppet Demon Venerable was scared to death, how could he dare to take the initiative to attack Xu Ming again?

Shen Long Banzun naturally didn't notice anything unusual about the Demon Venerable Ten Thousand Puppets, and he still said through voice transmission: "The Demon Venerable Ten Thousand Puppets, this person may have the strength of the median supreme, and I am not his opponent; Its suppression!"

Suppress Xu Ming?

Wan Puppet Demon Venerable heard the words, and the corners of his mouth trembled.

Although, Wan Puppet Demon Venerable is at the lower supreme level, it is considered the top strength; plus Shenlong Banzun, the two of them join forces, they can indeed fight against the median supreme! But...that's just a battle with the weakest median Supreme! And Xu Ming, is "the weakest median supreme"?

Wan Puppet Demon Venerable felt Xu Ming's strength not long ago, and knew how terrible Xu Ming's strength was! – Join forces to deal with Xu Ming? Sorry, Wan Puppet Demon Venerable is not so courageous yet!

"Shenlong Banzun!" Ten Thousand Puppet Demon Venerable said, "This person is not an ordinary median Banzun strength, you and I will join forces, and he is definitely not his opponent!"

"It's definitely not his opponent?" Shen Long Banzun was taken aback.

Before waiting for Shen Long Banzun to react, Wan Puppet Demon Venerable had already taken the initiative to meet Xu Ming, with a flattering face: "I have seen senior!"

See the seniors!

"Pfft!" Seeing this scene, Shen Long Banzun almost vomited blood – the helper he found didn't even dare to take action, so he just persuaded him, and even ran over to kneel and lick Xu Ming...

Shen Long Banzun couldn't help but pay more attention to Xu Ming, but he was more dissatisfied!

“It’s not an ordinary median supreme, so what? Could it be that he is the existence of the ‘peak tenth order’?” Shen Long Banzun snorted coldly.

The tenth-order peaks are all the characters who can rank in the top 100 on the Universe Tianjiao list! Shen Long Banzun didn’t believe it, and if he met anyone casually, he would be the “Tenth-Order Peak”.

only...

What Shen Long Banzun didn’t know was that Xu Ming was indeed not “the peak of the tenth order”, but “the thirteenth order”!

Thirteenth...

If Shen Long Banzun was the truth, I’m afraid he wouldn’t dare to stand and talk to Xu Ming!

And now, Shen Long Banzun is still thinking ignorantly: “As long as it’s not the peak of the tenth order... hum! When my father arrives, it will be the death of this kid!”

Shen Long Banzun’s father, “Shen Yan Banzun”, is a very prestigious figure in the entire sinking abyss, and he is also one of the top 100 existences in the universe’s arrogance list!

...

at this time.

liberation domain.

Near the Tianjiao Ranking of the Universe, in a palace with a strange imposing manner.

Shen Long Banzun’s father, “Shen Yan Banzun”, was following an almighty. But it is clear that Shen Yan Banzun is only an accompanying guest, and the almighty next to him is the official guest.

If Xu Ming was here, he would definitely recognize this great power next to Shen Yan Banzun; this person is exactly the “Lei Qiong Banzun” that Xu Ming met on the eleventh floor of the Sinking Abyss before!

However, the imposing manner of Lei Qiong Banzun at this time was different from the embarrassed appearance Xu Ming had seen at the time. At this time, Lei Qiong Banzun was in high spirits, and his body exuded the arrogance and indifference of a master.

“Lei Qiong Banzun, Shen Yan Banzun, are you two...?” The owner of this palace is the residence of “Wuxiao Banzun”, the compiler of the Universe Tianjiao List. Wuxiao Banzun saw the two coming, got up and asked.

Lei Qiong Banzun said indifferently: “I want to challenge the ranking of the cosmos Tianjiao list!”

“Oh?” Wuxiao Banzun’s gaze immediately fell on Lei Qiong Banzun.

The list of Tianjiao in the universe was compiled by Wuxiao Banzun who had nothing to do, collected information, and compiled it. It is not very accurate. The great powers on the list, if you are dissatisfied with your own ranking, you can Challenges can be initiated.

“Who are you going to challenge?” Wuxiao Banzun asked with a smile.

“I want to challenge...” Lei Qiong Banzun smiled and said, “The fifth ranked... Xia Yang Banzun!”

Xia Yang Banzun?

Wuxiao Banzun took a deep look at Lei Qiong Banzun and pondered: “Xia Yang Banzun, but the ‘eleventh rank’ exists; and you, only the ‘tenth rank’! Logically speaking, you are not qualified to challenge Xia Yangban. Respect!”

On the Cosmic Talents list, the higher the battle rank, the higher the ranking.

Those with a low rank are not qualified to challenge a high rank; if you want to challenge, you can go to improve your rank first to prove your strength.

If you can't prove it... I'm sorry, you are not qualified to challenge!

Lei Qiong Banzun heard the words, laughed without saying a word, and directly took out his battle order.

The battle order contains a high will: Eleven!

It is the sign of "Eleventh Order"!

"You..." Wuxiao Banzun's expression changed, "Lei Qiong Banzun, you actually passed the eleventh floor..."

Lei Qiong Banzun did not speak.

However, Shen Yan Banzun said, "My eldest brother has devoted himself to cultivation, how can you know his strength?"

At this time, Lei Qiong Banzun said lightly: "Am I qualified to challenge?"

"Yes! Yes!" Wuxiao Banzun said in a row, "I will contact Xia Yang Banzun as soon as possible! If Xia Yang Banzun does not fight within an era, then you will directly replace his ranking!"

"Okay!" Lei Qiong Banzun nodded slightly.

"Huh?" But at this moment, Shen Yan Banzun's expression changed slightly.

"What's wrong, Shen Yan?" Lei Qiong Banzun asked suspiciously.

Shen Yan Banzun's face was not very good-looking: "Big brother, someone dares to shoot at my son!"

Chapter 1910: Suspected To Be Level 13

“Brother, someone dares to take action against my son!”

Shen Yan Banzun was anxious and angry.

“Oh?” When Lei Qiong Banzun heard the words, his face was also a little ugly – Shen Yan Banzun and him, but brothers who have been in the abyss battlefield for many years; someone shot Shen Yan Banzun’s son, Lei Qiong Banzun naturally wouldn’t sit back and watch ignore.

“Where are the others now?” Lei Qiong Banzun asked.

“It’s in the realm of liberation!” Shen Yan Banzun had a killing intent in his eyes.

“Let’s go! I’ll accompany you to take a look!” Lei Qiong Banzun said lightly.

Shen Yan Banzun immediately showed a happy expression: “Thank you, big brother!”

In fact, when Shen Yan Banzun received the summons from his son, he was a little bit jealous in addition to being angry! After all... Shen Long Banzun’s own strength is not weak, and when he encounters a strong enemy, he will definitely report his father’s name; in this case, the other party still dares to shoot Shen Long Banzun, it must be a little bit. Depend on it!

Therefore, Shen Yan Banzun had to be afraid and cautious.

But now, with Lei Qiong Banzun accompanying him, it would be foolproof!

Who is Lei Qiong Banzun? – That is one of the few “eleventh-order” powerhouses in the entire sinking abyss! With him going, what’s there to worry about?

“Don’t worry!” Lei Qiong Banzun said indifferently, “Whoever dares to take action against you must pay the price!”

...

While Lei Qiong Banzun and Shen Yan Banzun rushed over, Shen Long Banzun still looked at Xu Ming provocatively.

Demon Venerable Wan Puppet walked to Xu Ming's side and said cautiously, "Senior, although I don't know, what is the conflict between the two of you; but I still advise you, it's better to take it easy!"

"Serve soft?" Xu Ming couldn't help but look at Demon Venerable Wan Puppet and almost laughed.

With Xu Ming's strength, in the abyss of sinking, why should he submit to anyone?

Seeing that Xu Ming didn't care, Wan Puppet Demon Venerable couldn't help but continued: "Shen Yan Banzun, the father of Shen Long Banzun, is extremely powerful, and his power in the Sinking City is also enormous! Although the predecessors have extraordinary strength, but..."

Wan Puppet Demon Venerable did not continue to speak, but the meaning was already obvious. Obviously, he did not think that Xu Ming would have any advantage over Shen Yan Banzun.

Shen Long Banzun also obviously noticed that Wan Puppet Demon Venerable was "whispering" with Xu Ming.

"Do you want to be soft!?" Shen Long Banzun sneered, "It's too late! – I just want to be soft now? What did you do earlier?"

"嚶嚶嚶..." Qingyao Banzun, who seemed to be fragile, also pursed his lips and sneered.

"Let's do it!" Shen Long Banzun looked at Xu Ming, and said, "You kneel at my feet now and lick my boots clean! As long as you lick clean enough, I will let you go, how about that?"

Kneel at your feet?

Lick your boots clean?

I have to say, Shen Long Banzun really succeeded in killing him!

Although Xu Ming would not be provoked by an ant, the killing intent was already born in his heart; his expression was indifferent, and he walked towards Shen Long Banzun step by step.

Shen Long Banzun thought that Xu Ming had given in, so he couldn't help laughing: "It's good to know the appearance! As long as you know the appearance, why not spare your life?"

"Oh!" At this moment, Xu Ming walked up to Shen Long Banzun.

Shen Long Banzun was arrogant and disdainful, and shouted: "Kneel down!"

kneel down?

A playful smile appeared on Xu Ming's mouth, and then he slowly raised his slap.

"Huh?" Shen Long Banzun was taken aback – why is this action so familiar?

swoosh—

Just when Shen Long Banzun was in a daze, a palm shadow floated directly towards him.

Snapped!

Shen Long Banzun didn't even realize what was going on, a bright red palm print had already been printed on his face, and he was directly swept away.

swoosh—

At the same time that Shen Long Banzun turned into a parabola and flew away, his father Shen Yan Banzun just arrived.

"What!?" Shen Yan Banzun did not expect that he had just arrived, and what he saw was the scene of his son being swept away.

“Too deceiving!”

Shen Yan Banzun was furious, and even unfolded his divine power to support the thrown Shen Long Banzun.

“Father!” Shen Long Banzun saw that his father was coming, and he couldn’t help feeling excited and aggrieved.

“No need to say more! I’ve seen it all!” Shen Yan Banzun said coldly, “Father will decide this matter for you!”

With that said, Shen Yan Banzun’s gaze fell coldly on Xu Ming and Demon Venerable Wan Puppet.

Ten Thousand Puppet Demon Venerable trembled all over, and even ran to the side, and at the same time said: “Shen Yan Banzun, this is none of my business, I’m just passing by, passing by!”

Shen Yan Banzun ignored the Demon Venerable Wan Puppet; he knew that with the courage of the Demon Venerable Wan Puppet, he would not dare to do anything to his son.

“Boy!” Shen Yan Banzun’s gaze finally fell on Xu Ming alone, “Are you very arrogant? But... don’t you know that there is a price to pay if you dare to be arrogant without strength?”

“Ha!” Xu Ming suddenly laughed, “I’m sorry, I have the strength!”

Shen Yan Banzun was startled: “Do you have strength?”

...

Lei Qiong Banzun came with Shen Yan Banzun.

Lei Qiong Banzun naturally saw the scene of Shen Long Banzun being thrown away.

“It’s arrogant!” Lei Qiong Banzun’s eyes narrowed slightly indifferently and disdainfully.

Then, Lei Qiong Banzun's gaze fell on the "arrogant person"; he wanted to see who it was, who dared to be so arrogant!

This look...

Lei Qiong Banzun's eyes that were originally slightly squinted, suddenly became round and round!

"It's him!!"

How could Lei Qiong Banzun forget Xu Ming's figure! ?

On the eleventh and twelfth floors of the sinking abyss, Lei Qiong Banzun witnessed with his own eyes, Xu Ming swept the invincible in a destructive manner. Even... Lei Qiong Banzun strongly suspects that Xu Ming has already passed the thirteenth floor!

Suspected thirteenth-order powerhouse!

And... Lei Qiong Banzun is sure that even if Xu Ming has not crossed the thirteenth floor, he is definitely the number one powerhouse in the sinking abyss!

Immediately, Lei Qiong Banzun came back to his senses from the shock, and his heart was full of horror: "Shen Long offended him!?"

"I..." Lei Qiong Banzun had the urge to vomit blood.

If Shen Long Banzun is in conflict with any other great power, even if it is the great power ranked first in the universe Tianjiao list, Lei Qiong Banzun will not be alarmed; after all, even if he is no match, he is still at the same level. too apprehensive.

But now it is Xu Ming who offends... Lei Qiong Banzun is completely stunned!

Offending a suspected thirteenth-order powerhouse? – This iron plate is really hard enough to kick!

At this moment, Lei Qiong Banzun saw an even more frightening scene – he saw that his younger brother Shen Yan Banzun was actually killing Xu Ming!

“what!?”

The two rounded eyes of Lei Qiong Banzun were almost protruding – this is not courting death! ?

In a hurry, Lei Qiong Banzun also quickly shot. However... he did not attack Xu Ming, but directly attacked his younger brother Shen Yan Banzun!
