

A World 1931

Chapter 1931: What'S Wrong With Slaughtering The Universe?

Must die!

The powerhouses in the abnormal quadrant are very aware of the fate they are about to face, and no one is begging for mercy!

After all, this is an abyss battlefield! You must kill the enemies in the abnormal quadrant in order to get the Battle Medal!

Here, it is either to kill the enemy in the abnormal quadrant, or to be killed by the enemy of the abnormal quadrant – every strong person who enters the abyss battlefield has already made this preparation!

beg for mercy?

In the abyss battlefield, it does not exist!

I spared you, who gave me the honor?

I spare you, who will spare me?

This... is the abyss battlefield!

Incomparably cruel abyss battlefield!

If you are not ready to die, then do not enter the abyss battlefield!

Including Xu Ming, before entering the abyss battlefield, he was also ready to die! It's just... no one can kill Xu Ming! Moreover, even if Xu Ming died, he could still be resurrected with the help of the "immortal mark".

“Humph!”

In Xu Ming’s eyes, there was no sadness, no joy, and no mood swings.

He is already used to killing!

When he was in God’s Domain, Xu Ming saw that Gu Hanmo chose to leave in order to protect the weak, and face the unimaginably powerful enemy alone; but Xu Ming at that time was completely powerless—from that time on, Xu Ming’s Heart, has become extremely lonely, ruthless!

In order to find Gu Hanmo, Xu Ming left the realm of the gods and set foot on the endless chaos of incomparable darkness!

In order to find Gu Hanmo, Xu Ming traveled all over the place of opportunity in the Divine Phoenix Chaos Realm, and seized the opportunity without breaking his hand, just to become stronger and help Gu Hanmo as soon as possible!

In order to find Gu Hanmo, Xu Ming entered the border of disorder, Jiuzhongtian...

Actually... Xu Ming has changed since the day he left God’s Domain alone! Become ruthless, indifferent, even dark!

But – so what?

yes!

so what! ?

As long as you can make yourself stronger as soon as possible, strong enough to help Gu Hanmo, then... even if you slaughter the entire universe, why not! ?

Xu Ming looked at the tens of thousands of powerless supernatural powerhouses in front of him! At this moment, in Xu Ming’s eyes, these powerhouses in the abnormal quadrant are just war honors!

In order to become stronger and truly meet Gu Hanmo as soon as possible, how could Xu Ming sympathize with these visionary powerhouses?

“If you don’t have the consciousness to die, don’t enter the abyss battlefield in the first place!”

Xu Ming sneered in his heart, and murderous intent flashed in his eyes.

Bang! Bang! Bang! Bang! ...the Emperor Zhaowu

Tens of thousands of powerhouses in the abnormal quadrant have fallen one after another, turning into thousands of Xu Ming’s war honors. The cosmic chains on them also returned to heaven and earth.

In the blink of an eye, only Xu Ming, Lei Qiong Banzun, and Shen Yan Banzun were left in the entire Ziji Mist Sea.

Lei Qiong Banzun and Shen Yan Banzun looked at Xu Ming in a daze—too strong! To put it mildly, kill tens of thousands of powerhouses in the abnormal quadrant in one move! Such strength is simply appalling!

Shen Yan Banzun still wanted to ask for help, and wanted to pass on Xu Ming’s strength; however, no matter how he communicated, it was impossible for him to spread the news – the entire sea of purple fog was entirely in Xu Ming’s mind. Under the blockade; even a little bit of news will never get out!

Bang!

Suddenly, without warning, Lei Qiong Banzun knelt down directly in front of Xu Ming: “Senior Xu Ming, I, Lei Qiong, are willing to be slaves!”

Lei Qiong Banzun’s reaction is not unpleasant! He knew that such an opportunity to hug his thighs was a once-in-a-lifetime opportunity; as long as he hugged Xu Ming’s thighs and broke the chains of the universe, wouldn’t it be easy?

Of course, there is another reason why Lei Qiong Banzun is willing to be a slave, that is – he is worried that Xu Ming does not want the outside world to know his true strength! So, how can Lei Qiong Banzun convince Xu Ming that he can keep secrets? It seems that he can only voluntarily become a soul slave!

In Lei Qiong Banzun's view, only by letting Xu Ming feel his sincerity will he not be "killed" by Xu Ming.

Therefore, whether it was to survive or to hug his thighs, Lei Qiong Banzun resolutely requested to become Xu Ming's soul servant!

Seeing this, Shen Yan Banzun even knelt down and shouted, "Senior Xu Ming, I, Shen Yan, are also willing to be slaves!"

Willing to be a slave?

Xu Ming smiled: "I don't need servants like you!"

Really not needed!

With the strength of Lei Qiong Banzun and Shen Yan Banzun, they are not qualified to become Xu Ming's servants!

As for keeping secrets?

What secrets need to be kept?

Keeping secrets and not letting others know that you are the peak of the seventeenth order?

But... it seems that Lei Qiong Banzun and Shen Yan Banzun don't know Xu Ming's true strength! They only saw that Xu Ming killed tens of thousands of powerhouses in the abnormal quadrant, and they thought that Xu Ming was a "fifteenth-order" combat power!

Moreover, even if you let others know that you are the peak of the seventeenth order, what does it matter?

You have strength, but are you afraid of being known by others?

However, Xu Ming's words fell in the ears of Lei Qiong Banzun and Shen Yan Banzun, which means another meaning! The two also thought that Xu Ming was determined to kill and silence! Leisurely Tianju: Strong wife, meat to eat

"That's it!" Lei Qiong Banzun sighed in his heart, "Who made me accidentally know too much!"

Shen Yan Banzun showed endless despair and unwillingness.

"Lei Qiong, come here!" Xu Ming stretched out a palm.

Lei Qiong Banzun looked at Xu Ming's palm, as if he was looking at a death slap. He gritted his teeth and walked towards Xu Ming, his expression full of generosity to die.

"Ha!" Xu Ming smiled and shook his head – Lei Qiong Banzun really thought too much! If Xu Ming wanted to kill him, why bother, he would have already killed him already!

Now, Xu Ming is not trying to kill Lei Qiong Banzun, but to help Lei Qiong Banzun break the cosmic chains on his body!

boom!

A strange suction force suddenly appeared in Xu Ming's palm and acted on Lei Qiong Banzun's body.

Lei Qiong Banzun was shocked: "I... my cosmic chains..."

Lei Qiong Banzun saw that the seven-star universe chain that had suppressed him for many years was directly sucked away by Xu Ming...

"This...this..." Lei Qiong Banzun looked stunned, unbelievable.

Shen Yan Banzun was also dumbfounded. At the same time, I had some expectations, and I thought to myself: “Xu Ming helped Lei Qiong Banzun break the cosmos chain, will that help me break it too?”

Although he knew that this was impossible, Shen Yan Banzun couldn’t help but fantasize.

At this time, Xu Ming also set his eyes on Shen Yan Banzun.

“Senior Xu Ming, I was wrong! I was really wrong! Please help me break the chains of the universe...” Shen Yan Banzun shouted repeatedly.

“Help you break the cosmic chains?” Xu Ming sneered, “Why should I help a dead person break the cosmic chains?”

Hearing this, Shen Yan Banzun instantly fell into endless despair – at this time, of course, he already knew that the reason why Xu Ming had not killed him until now was not because he did not kill him, but because he wanted to let him die with endless regret!

yes!

If Shen Yan Banzun is honest and doesn’t play any conspiracy, maybe he can be broken from the cosmic chains like Lei Qiong Banzun!

And now, there is only one word left for Shen Yan Banzun – death!

Bang!

Xu Ming didn’t say more, and with a wave of his hand, Shen Yan Banzun was gone.

In this regard, Lei Qiong Banzun didn’t say anything – Shen Yan Banzun is self-inflicted and can’t live!

Moreover, Lei Qiong Banzun regarded Shen Yan Banzun as his brother, but Shen Yan Banzun betrayed him! Even if Xu Ming didn’t kill Shen Yan Banzun, Lei Qiong Banzun would definitely kill him!

At this time, Lei Qiong Banzun had already guessed: “Senior Xu Ming, are you the master of the Valley of Gods and Demons?”

Chapter 1932: Push Tower

“Senior Xu Ming, are you the master of the Valley of Gods and Demons?”

“What do you think?” Xu Ming asked back with a smile, “I don’t want anyone to know about this!”

Once it is known that he is the “Master of the Valley of Gods and Demons”, Xu Ming will definitely be annoyed to death! Xu Ming didn’t want to be annoyed!

“Don’t worry, Senior Xu Ming!” Lei Qiong Banzun vowed, “If I leak any information, you don’t need to do it yourself, I will die!”

“Yeah!” Xu Ming nodded slightly. Since he is willing to help Lei Qiong Banzun, he naturally trusts him more.

Xu Ming said again: “Tell me about the situation in the abyss battlefield now!”

“Yes!” Lei Qiong Banzun began to speak.

...

Lei Qiong Banzun said in great detail, almost all the information he knew, as if he was afraid of missing something.

“Wait!” Xu Ming was suddenly surprised, “You just said... Through the gate of the abyss, you can go to other quadrants!?”

“That’s right!” Lei Qiong Banzun said, “However, it is very difficult to enter the gate of the abyss in the abnormal quadrant! Not to mention, if you want to pass through the light towers and crystal stone pillars, you will be attacked by the abnormal quadrant. Even if there is no obstacle, if you

want to break into the gate of the abyss in other quadrants, you will be rejected by the abnormal quadrant!”

The eight big limits of the universe are clearly distinguished. Except in the abyss battlefield, there is no intersection at all between the quadrants.

As a powerhouse in the second quadrant, if Xu Ming forcibly broke into other quadrants, it would be a violation of the rules of the universe. Even in other quadrants, the strength will probably be suppressed.

and...

In the abyss battlefield, the outcome of the abyss war is actually to destroy the crystal stone pillars of the enemy's limit; if you want to cross the crystal stone pillars and enter the abyss gate of the abnormal quadrant, the difficulty of this operation... is definitely more difficult than directly destroying the crystal stone pillars!

but...

For Xu Ming, as long as he wants to go, this difficulty is not difficult at all!

And Xu Ming really wants to go to the abnormal quadrant!

“I’m afraid... this is my only chance to go to the abnormal quadrant!” Xu Ming secretly said.

Except here, Xu Ming had never heard of it, and there was no other way to go to the abnormal quadrant. Rebirth of the rich and hot wife

Now that there is a chance, Xu Ming will definitely go to the Vision Quadrant! He has to go to the seven great quadrants, because according to Xu Ming's knowledge, Gu Hanmo's billions of incarnations are not only in the second quadrant, but all over the eight great quadrants! At the same time, the minions of Gu Hanmo's enemies, that is, forces similar to “The Temple of Despair”, are not only in the second quadrant, but all over the eight quadrants!

If Xu Ming has no way to go to the abnormal quadrant, then he can only find a way to protect Gu Hanmo's incarnation in the second quadrant. And now, since Xu Ming has a way to go to the abnormal quadrant, then he must go to the eight quadrants!

All the "minion forces", Xu Ming has to clean up all of them!

"Now, my strength is almost at the peak of the virtual universe, sweeping invincible!" Xu Ming secretly said, "As long as I can go to the abnormal quadrant and clean up those minions, it's not difficult!"

Xu Ming instantly discovered that the greatest value of the abyss battlefield to himself is the passage to the abnormal quadrant!

"kill!"

Xu Ming can't wait, he wants to kill the abnormal quadrant!

After learning some information from Lei Qiong Banzun's mouth, Xu Ming directly sent Lei Qiong Banzun back.

Lei Qiong Banzun naturally left the abyss battlefield. The cosmic chain on his body has been broken by Xu Ming; he naturally does not need to continue to fight in the abyss battlefield.

...

Not long after Lei Qiong Banzun left the abyss battlefield.

A message shook the abyss battlefield! It turned out that in the stone statue forest in the second quadrant, a strong man entered the abyss of sinking in order to ask Xu Ming to help break the chains of the universe! As soon as they entered the abyss of sinking, they brought a message!

"Xu Ming is really a nightmare-level cosmic chain!"

Originally, the powerhouses in the abnormal quadrant were a little skeptical about whether Xu Ming was a nightmare-level cosmic chain; after all, if Xu Ming was really a nightmare-level cosmic chain, why wasn't there any conclusive evidence?

As time went by, many powerhouses in the abnormal quadrant had actually calmed down and started to give up besieging Xu Ming!

And now... the evidence is here!

The solid evidence brought from the stone statue forest in the second quadrant Xu Ming is really a nightmare-level cosmic chain!

Immediately, the powerhouses in the abnormal quadrant who had begun to give up besieging Xu Ming all started to move again!

Flurry of Dota

In the abyss battlefield, the "upsurge" of besieging and killing Xu Ming was once again set off!

But at this time, the powerhouses in the abnormal quadrant discovered a problem, and Xu Ming seemed to have disappeared again!

Without any eyeliner, I have seen Xu Ming appear.

"Why did Xu Ming disappear again?"

"Could it be that you were hiding on purpose?"

"I must have been scared. I hid on purpose and wanted to hide until the end of the abyss war! Humph! It's beautiful! Without killing Xu Ming, we will not destroy the crystal stone pillars in the second quadrant, and we will not end the abyss war!"

"Find!"

“Hurry up and find it! Where was the last time Xu Ming appeared!?”

The powerhouses in the seven abnormal quadrants are looking for Xu Ming’s traces in the abyss battlefield, ignoring the existence of the second quadrant. Ignore the existence of the second quadrant!

And the powerhouses in the second quadrant did not dare to face the powerhouses in the seven abnormal quadrants. Can only be cowardly!

Many strong people in the second quadrant did not even dare to rush in the abyss battlefield, but huddled near the crystal stone pillar or the light tower, waiting for the abyss battle to end. In their hearts, they naturally scolded Xu Ming thousands of times. In their opinion, if it wasn’t for Xu Ming, why would the second quadrant be so difficult this time around in the abyss?

Xu Ming had no idea about these.

At this time Xu Ming has crossed the many dangerous places in the abyss battlefield and appeared on the main road of the “middle road”, near the outermost light tower in the eighth quadrant!

I don’t know if it was a coincidence or something, but Xu Ming didn’t encounter a strong man along the way. Therefore, he came to the “Middle Road Outer Tower” in the eighth quadrant. In the entire abyss battlefield, no one knew about it!

“Start... push the tower!”

Yes!

Xu Ming is ready to single-handedly “push the tower”!

Xu Ming intends to start pushing from the “outer tower in the middle road” and push it all the way to the crystal stone pillar in the eighth quadrant; then, go straight to the gate of the abyss in the abnormal quadrant and enter the abnormal quadrant!

“kill!”

Xu Ming can't wait to go to the abnormal quadrant!

Chapter 1933: 1 Net

The abyss battlefield is vast and endless, with danger everywhere.

Finding someone in the abyss is more difficult than finding a needle in a haystack! And now... the seven abnormal quadrants, hundreds of millions of powerhouses, are catching Xu Ming's "needle" together.

"hateful!"

"This Xu Ming is really able to hide!"

"That's right! Is it so hard to come out and die honestly?"

Many strong-tempered powerhouses scolded inwardly as they searched.

"Nightmare-level cosmic chains? Thirteenth-order strength?" An inconspicuous thin old man sneered at the corner of his mouth.

He is a "virtuous and poisonous half-respect", and in terms of strength, I am afraid that in the entire abyss battlefield, he is standing at the top of the existence – of course, except for Xu Ming!

"If it were an ordinary abyss battle, the strength of the thirteenth rank would indeed be able to run amuck in the abyss battlefield! It's a pity... you are still a nightmare-level cosmic chain!" Void Poison Banzun said to himself, "Even if it is ten Third-order existence, but also under the endless siege of hatred! Hehe, my virtual poison needle has not been used for many epochs..."

The Void Poison Banzun is very famous in the abyss battlefield, because... he once poisoned a "thirteenth-order" existence! Moreover, it was when that thirteenth-order existence was at its peak!

"Tier thirteenth? Ha! As long as I pierce my virulent poison needle into his divine body, it will still be the word 'death'! Unless... Xu Ming is also good at using poison!" False Poison Banzun sneered, "But... I But I've never heard that Xu Ming is good at using poison!"

Xu Ming is really not good at using poison.

But... I haven't heard of it, Xu Ming is actually not a "thirteenth-order" powerhouse, but a "seventeenth-order peak"!

If Void Poison Banzun knows Xu Ming's true strength, let alone poisoning Xu Ming, it's hard to say whether he dares to stay in the abyss battlefield now!

Just like the Void Poison Banzun, there are many strong men with terrifying ultimate moves!

"Tier thirteen?" The "Blood Venerable" who was burning in flames sneered, "Although my defense is weak, my attack has reached the level of 'thirteenth'! I don't know... this Xu Ming, Can you take me a few punches?"

Fierce Blood Banzun is a "twelfth-order" powerhouse in the fourth quadrant! In the sinking abyss of the fourth quadrant, he is definitely standing at the top!

However, Lie Xue Banzun "attacks the strong and defends the weak", and has always been proud of his tyrannical attacks.

...

The strong men who are proud of their own strength can't wait to find Xu Ming, then kill Xu Ming and get the battle honor! However, no matter how they searched, there was no news of Xu Ming.
Zhen Nanming

until-

A sky-shattering message shocked the entire abyss battlefield!

Shocked all the powerhouses in the Eight Great Limits!

Xu Ming... is attacking the "Middle Road Outer Tower" in the eighth quadrant!

“what!?”

“what!?”

“what!?”

Hearing this message, all the powerhouses in the entire abyss battlefield and the Eight Great Limits were shocked to the point of being stunned!

“Xu Ming is courting death!?”

“Even if it’s courting death, it’s not in such a hurry, right!?”

“Damn it! We, the experts in the seven quadrants, searched hard and couldn’t find Xu Ming; I didn’t expect that he would attack the light tower in the eighth quadrant by himself!?”

“Does Xu Ming really think that he is invincible if he is a ‘thirteenth-rank’ powerhouse!? He dares to push the tower!?”

“It’s ridiculous! It’s ridiculous! – Even if he is a thirteenth-order powerhouse, he can’t match the light tower, right!?”

How can the light tower in the abyss battlefield be pushed down so easily?

If you want to “push the tower”, you need tens of thousands of strong people to join forces to attack! If it is just an ordinary thirteenth-order powerhouse, it is really impossible to push down a light tower alone!

“I heard... Xu Ming really pushed the tower alone!”

“He... Who does he think he is, dare to push the tower alone!? Does he think he is a 14th-order powerhouse!?”

“A mere thirteenth rank, to be so arrogant... I can be considered a long experience!”

“If Xu Ming was killed by the light tower when he was pushing the tower, it would be funny...”

“Xu Ming shouldn’t be so stupid, right!?”

“Not so stupid? Haha! If not so stupid, how could Xu Ming push the tower alone!”

The powerhouses in the abnormal quadrant all thought that Xu Ming was going to die! Almost no one thought that, in fact... Xu Ming’s strength is far beyond the thirteenth order!

“I see!” Suddenly, a powerful messenger in the eighth quadrant shouted, “Xu Ming must be desperate, and wants to use this method of ‘stealing the tower’ to sneak in and slowly steal our crystal stone pillars. , end this abyss war!”

“Haha...” The other powerhouses laughed when they heard the words, “It is said that Xu Ming came to the abyss battlefield for the first time! After all, it is the first time to participate in the battle, so naive! Steal the tower? Is it so easy to steal?” medical celebrity

“Humph! Now that Xu Ming has revealed his position, he must have been targeted by countless powerhouses, and he can’t escape!”

“Hurry up! If it’s too late and Xu Ming is killed by other powerhouses, we can only drink soup and not eat meat!”

Every strong person coveted the battle honor represented by Xu Ming It’s just...

When a strong man was rushing to the “Middle Road Outer Tower” in the eighth quadrant, he didn’t know at all—the truth was not what they imagined!

Steal the tower?

With Brother Ming’s strength, do you need to steal the tower?

If Xu Ming wants to win this abyss battle, he can push it horizontally with a destructive attitude, and he can easily push down the crystal stone pillar in the eighth quadrant!

Xu Ming did not come to “steal the tower”, but to “demolition”!

However, Xu Ming did not directly reveal his strength, but pretended to be difficult, carrying the light tower’s attack hard, attacking the light tower one by one.

“This light tower is too weak!”

As Xu Ming attacked the light tower, he secretly said in his heart: “If I explode with all my strength, I am afraid that within three hits, this light tower will be destroyed!”

The strength of the seventeenth-order peak is not a joke!

“But... if I demolish this light tower with three strikes, the powerhouses in the abnormal quadrant will definitely be too frightened to come over!” Thinking of this, Xu Ming smiled meaningfully.

Did Xu Ming come to push the tower?

Do not!

Pushing the tower is not Xu Ming’s purpose at all!

Xu Ming’s purpose is to take advantage of the tower to attract as many powerhouses as possible, and then... kill them all!

Yes!

Kill them all!

Xu Ming needs their honors!

Moreover, Xu Ming knew that there was only one chance for such a large-scale slaughter! Because... after Xu Ming exploded his strength and slaughtered once, he would definitely scare the powerhouses in the abnormal quadrant; in this way, he would have no chance for a second large-scale slaughter, and many people would even flee the abyss battlefield!

Only one chance!

Of course, Xu Ming had to take advantage of this opportunity for massacre! Show the enemy's weakness, and then... no matter how many come, they will all be wiped out!

Chapter 1934: Chives Are In Place

boom!

boom!

boom!

The terrifying attack shook the outer tower of the middle road in the eighth quadrant again and again.

With every attack, time and space are shaken!

But in fact... Xu Ming has already controlled the power of every blow! Every blow seems to be powerful, but in fact the destruction of the light tower is very limited!

"My current attack power should be considered to be a fairly well-established 'thirteenth-order' level, right?" Xu Ming felt that he played quite well, "The defense is stronger! But...my attack is so weak, I shouldn't be scared. These abnormal quadrant powerhouses!"

Xu Ming is playing the role of a thirteenth-order peak powerhouse who can "defend the strong and attack the weak"!

"It's just... these visionary powerhouses are too slow to come, right? If you don't come quickly, I'm going to be unable to play!"

At this time, many powerhouses in the abnormal quadrant have arrived and are hiding around.

With Xu Ming's strength, it was easy to see through the potential of the powerhouses in the abnormal quadrant; however, Xu Ming pretended not to see anything and continued to "concentrate" on pushing the tower.

And those powerhouses in the abnormal quadrant who have arrived, see that Xu Ming has not responded, so they will not take the initiative to expose – after all, Xu Ming's strength cannot be underestimated; of course, the more people who participate in the siege, the more insurance!

Those hidden powerhouses in the abnormal quadrant were also commenting on Xu Ming's strength.

"What a strong defense!"

"It's really strong! After taking the light tower's attack for so long, the divine body has hardly weakened!"

"I'm afraid this defense has barely reached the 'fourteenth-order' level? – No wonder you dare to steal the tower, it turns out that you are relying on your own defense to be tyrannical!"

"What's the use of defending against tyranny? If you can't attack, he's just a 'thirteenth-order'!"

"That's right! When we have more people, we'll just kill him! At that time, no matter how strong Xu Ming's defense is, it will be useful? All of us powerhouses will directly treat him as a turtle!"

"Haha!" Immediately, many great experts laughed.

"Also, did you find out, Xu Ming's vigilance is too bad!"

"Yeah! Surrounded by so many of us, he still doesn't seem to know anything, and continues to steal towers there..."

"How stupid!"

Where did these powerhouses in the abnormal quadrant think that the real fool was not Xu Ming, but them!

The reason why Xu Ming is showing his weakness to the enemy is that he is catching big fish with a long line!

...

More and more powerhouses from the abnormal quadrant have gathered, but no one has ever made a move.

Millions of...

Thousands of...

Finally, when the number of powerhouses exceeded 100 million, these abnormal quadrant powerhouses finally couldn't bear it any longer, and they all rushed out of their hiding places to kill Xu Ming.

"Hundreds of millions of powerhouses!?" Xu Ming looked at the powerhouses pouring in like a tide, but he still felt a little bit too little in his heart! After all... Xu Ming has only one chance to massacre! If the slaughter is not enough this time, then it will be difficult to win the battle in the future!

Xu Ming is a nightmare-level cosmic chain. Even if he wants to invite the fallen demon master to take action, the required battle merit must be an extremely terrifying number!

"To kill? Or not to kill!?"

Xu Ming hesitated!

Kill... Then, Xu Ming can get the battle honors of hundreds of millions of extraordinary quadrant powerhouses at his fingertips!

Don't kill... it's okay! Xu Ming can use "coordinate teleportation" to escape. In that case, in the eyes of the powerhouses in the abnormal quadrant, Xu Ming must have escaped with a strange treasure because he was afraid. Next time, Xu Ming will "steal the tower" again. At the same time, it will definitely attract more powerhouses in the abnormal quadrant and more battles!

The leeks are in place!

To cut, or not to cut?

Xu Ming hesitated for a moment: "Cut it!"

After all, Xu Ming has one more important thing in addition to his battle honors – killing the abnormal quadrant!

"Hundreds of millions of powerhouses have won a lot of battles!" Xu Ming secretly said, "Even if I lure one more time, I am afraid that the number of powerhouses I can lure will be limited!"

Xu Ming didn't want to waste time for "more is limited".

"Since that's the case..." Xu Ming immediately accelerated his attack, and frantically bombarded the light tower – anyway, he was going to kill, so let's tear down this light tower first!

"I don't know... How many battles can a tower of light have?"

And just then-

"stop!"

"Xu Ming, you want to steal our light tower just because you are alone? It's too naive!"

"Suffer to die in peace!"

Swish! Swish! Swish! ...

In an instant, more than a dozen figures rushed towards Xu Ming at a speed much faster than other powerhouses.

These more than ten figures are all the top powerhouses from various elephants; each of them also has a hole card at the bottom of the box – in their opinion, more than ten of them join forces, and it is even possible to kill Xu Ming directly! Even if it can't be beheaded, it shouldn't be a problem to be seriously injured!

“Humph! Kill Xu Ming and keep the Light Tower!”

The more light towers you keep, the more honors you will be rewarded after the abyss battle is over!

In this abyss battle, the seven quadrants teamed up to deal with the second quadrant. Naturally, it is necessary to keep as many light towers as possible! The best thing is that one is not demolished!

“Ha!” Xu Ming couldn't help laughing, “How ignorant and fearless! They didn't know they were about to die, and they rushed up to stop me from pushing the tower...”

Xu Ming had already seen that more than a dozen strong men were using their stunts to kill him.

call out-

A poisonous needle shot at Xu Ming extremely secretly – it was Banzun's stunt, the virtual poisonous needle that once killed a “thirteenth-order” powerhouse!

rumbling...

The double fists of the ***** half-respect also rumbled through time and space; the icy ice sword, the terrifying thunder...all the attacks that reached the “thirteenth order” level, all enveloped Xu Ming!

But Xu Ming turned a blind eye!

An attack that barely reached the thirteenth level was just a tickling for Xu Ming! Attacks at this level, no matter how many, would at most “scratch” Xu Ming’s skin, and would not hurt Xu Ming much at all.

“Break it for me!”

Break the tower first!

Murder after!

boom-

Under the last blow of Xu Ming’s “slight burst”, the light tower shattered. At the same time, Xu Ming saw that his battle merits increased by 20 million!

Destroying a light tower alone can get 20 million battle honors!

“not bad!”

After the light tower was broken, Xu Ming was about to kill when he was stunned—he heard a reminder from Xiaohang!

“Mysterious power appears in the abyss battlefield, which is related to the level 23 hanging point!”

“Mysterious power appears in the abyss battlefield is related to the level 23 hanging point!”

“Mysterious power appears in the abyss battlefield, which is related to the level 23 hanging point!”

Level 23 hanging point!

Xu Ming suddenly widened his eyes! – He already has an inexhaustible level of 22 hanging points, and he has been searching for a level 23 hanging point, but he has no clue! And now, things that are linked to level 23 have finally appeared!

Is the level 23 hanging point important, or is it important to fight?

That must be a level 23 hanging point!

Zhan Xun... As long as Xu Ming is willing, he can get it at any time!

But the 23-level hanging point, but it is impossible to find! At least now, this is Xu Ming's first encounter!

"I have to quickly figure out the source of this mysterious power!" Xu Ming secretly said.

And just when Xu Ming was stunned, the "thirteenth-order" level of attacks that the more than ten strong men unleashed had already reached Xu Ming. It seems that Xu Ming is already unavoidable!

Chapter 1935: Big Dragon?

"die!!"

The eyes of countless powerhouses in the abnormal quadrant were all staring at Xu Ming.

"With so many 'thirteenth-level' attacks, he didn't resist?"

"Dead!"

"Not dying is also seriously injured!"

...

Xu Ming's mind was not on these attacks at all. Such a mere attack is not enough to tickle him.

At this time, in Xu Ming's mind, there was only the "level 23 hanging point" mentioned by Xiaohang.

"Go first!"

Xu Ming intends, not to entangle with these powerhouses in the abnormal quadrant, and to leave first.

Thinking of this, Xu Ming directly activated the “coordinate teleportation” link – in a place like the abyss battlefield, every time the “coordinate teleportation” link was activated, a terrifying number of hanging points would be consumed! However, Xu Ming’s current hanging points below level 22 are almost inexhaustible, and naturally he will not feel distressed about such hanging points.

And at the same time when Xu Ming opened the “coordinate transfer”, those “thirteenth-order” attacks also fell on Xu Ming.

boom! boom! boom! boom! ...

Xu Ming didn’t bother to resist at all, and in an instant, he was drowned in one after another attack.

The powerhouses in the abnormal quadrant all looked up.

“How about it?”

“do you died!?”

“It shouldn’t be dead yet! I haven’t gotten the battle honor yet!”

“Humph! Even if he doesn’t die, it must be almost there!”

In the abyss battlefield, the nightmare-level cosmic chain has extraordinary meaning!

If Xu Ming is killed, then the entire eighth quadrant, as well as the powerhouses who came to help the eighth quadrant, will receive battle awards.

And now, no one has received the Battle Medal Award, which means that Xu Ming is not dead yet!

“superior!”

“kill!”

“Kill him while he is seriously injured!”

Hundreds of millions of powerhouses in the abnormal quadrant rushed to Xu Ming’s position, wanting to “touch” Xu Ming before Xu Ming fell. After all, as long as the attack can fall on Xu Ming, the rewards will definitely be more!

Coming to the abyss battlefield, isn’t it just for the battle?

Who wouldn’t want to step on Xu Ming for the sake of Zhan Xun?

However...

When the time and space area where Xu Ming was located gradually returned to calm, all the powerhouses were horrified to find that Xu Ming was gone!

Yes!

Xu Ming is gone!

In this way, it disappeared out of thin air under the eyes of the billionaires!

“What about people!?”

The billionaires were all stunned.

Teleport?

impossible!

How could such a clumsy method slip away from the eyes of the billionaires?

No one would have thought that Xu Ming had run away! “Coordinate Teleport” hangs up, you can ignore the time-space blockade and time-space barrier, which is many times more clever than “teleport” and other means!

...

“Ah!”

While Xu Ming hung up with “coordinate teleportation”, he didn’t know... Beyond the endlessly distant time and space, there was a deep gaze watching his every move.

This is an indescribable mysterious time and space.

The whole piece of time and space is only ten thousand miles away. Through the distorted space-time film wall, you can see the endless galaxy—even if ordinary powerhouses come here, they will never think that this ethereal endless galaxy is actually the whole picture of the entire universe!

The real universe, as well as the eight big boundaries of the virtual universe, are all reflected on this space-time membrane wall, which is only ten thousand miles away!

If Xu Ming came here, he would never see anything special about the reflection on the space-time membrane wall. He would just look up at the starry sky like a mortal, and it would be impossible to understand the starry sky.

And the master of this mysterious time and space is... the fallen devil!

At this time, the eyes of the fallen demon master were passing through the barriers of endless time and space, and fell on Xu Ming in the abyss battlefield.

“This kid...” The Fallen Demon Lord looked at Xu Ming with interest, “It’s interesting! Even I... can’t see through him!”

What kind of existence is the fallen devil! ?

He is definitely the most peak existence in the entire universe!

Looking at the vast universe, whether it is the real universe or the eight big boundaries of the virtual universe... Only those who stand at the same height as the fallen demon master, there is absolutely no higher than the fallen demon master!

He, the Fallen Demon Lord, represents the limit of the universe!

“There is definitely a mysterious power hidden on Xu Ming’s body! I don’t know... Which Supreme has left him the inheritance?”

The supreme level also has strengths and weaknesses.

The lower-ranking supreme, the middle-ranking supreme, the upper-ranking supreme... This is just the division of the supreme level in the virtual universe.

But in the real universe, it is divided into: ordinary supreme, human supreme, earth supreme, heaven supreme!

The lower-ranking supreme, middle-ranking supreme, and upper-ranking supreme in the virtual universe, if placed in the real universe, all belong to the “ordinary supreme” level!

A weak Supreme, like the next Supreme, even Xu Ming can kill thousands with one move! And powerful Supremes, such as “Heaven Supreme”, are not at the level of power that Xu Ming could imagine!

As for the fallen demon master, although he suspected that Xu Ming might have obtained the inheritance of which Heavenly Sovereign, he did not have the slightest greed—for an existence on his level, he would not be greedy for the opportunity of a junior.

And...you must know that even the abyss battlefield and the stone statue forests in each quadrant connected to the abyss battlefield were created by the fallen demon master! With the incredible level of the fallen demon master, what chance does he have to gain access to his magic eye?

There are very few!

Other opportunities left by Heavenly Sovereign are disdainful of the fallen demon master!

“Unless it’s such a chance...” The fallen devil can’t help but think of the world-shattering war before the endless distant era!

“That battle was really...” It was just a memory that made the Fallen Demon Lord couldn’t help but look horrified, “In order to compete for that mysterious treasure that suddenly appeared in the universe, even Gu Hanmo, who is at the same level as me, is in Under the pursuit, I had to choose reincarnation... Fortunately, I did not participate in the competition! If I participate in the competition, I am afraid I will also be in danger of falling!”

The existence of the fallen demon master and Gu Hanmo is in danger of falling; it is conceivable, what a terrible opportunity that is!

only...

What the Fallen Demon Lord doesn’t know is that Xu Ming’s chance is far more terrifying than he imagined!

It’s not something he can touch at all!

“This Xu Ming, who could have harvested the war honors, suddenly left...” The Fallen Demon Lord secretly said, “It seems...the reason why he broke the tower was for ‘it’!”

The eyes of the fallen demon master fell in another direction in the abyss battlefield.

It was a swamp of endless darkness.

Just as Xu Ming broke the tower, a black dragon-shaped monster suddenly stuck its head out in this endless swamp.

And the “mysterious power” that Xiaohang perceives comes from this “big dragon”.

This big dragon is also the biggest opportunity in the abyss battlefield!

“Ambitious!” A smile appeared on the corner of the Fallen Demon Lord’s mouth, “I have opened up the abyss battlefield, and it has been countless times; no one has ever been able to successfully challenge the dragon! But... this Xu Ming has hope of success!”

Chapter 1936: As If Hit Something

Abyssal battlefield.

Xu Ming was naturally unaware that he was being watched by a being standing at the peak of the universe.

Not to mention Xu Ming, even Xiaohang didn’t detect this gaze from outside the boundless time and space – the Demon Lord of Sinking is too strong!

And all along... Although the function of Xiaohang is very powerful, it always has various restrictions on Xu Ming. Why is it not because he is worried that he will be targeted by top existences? -Like now, being spied on by the superpower, neither Xu Ming nor Xiaohang knew anything about it.

Fortunately, although Xiaohang is against the sky, in the eyes of the masters at the level of the fallen devil, it is still “reasonable”; therefore, it did not cause any trouble.

...

“Mysterious power?”

Xu Ming stood proudly in the void alone, and there was no one around.

“Little hanging, you just said, where is the mysterious power related to the level 23 hanging point?”

Xiaohang’s voice resounded in Xu Ming’s mind: “Follow the direction I’m guiding!”

“Okay!” Xu Ming also became serious.

You must know that from the dust world to the present, I have come all the way; Xu Ming's hanging points have ranged from level 1 hanging points to 22 hanging points – Xiaohang has never been so serious about reminding Xu Ming to get the hanging points!

It can be seen how rare the 23-level hanging point is!

How important!

For Xu Ming, getting a level 23 hanging point will also be of great benefit!

call out-

Xu Ming's figure quickly shuttled through the abyss battlefield.

This time, Xu Ming really exploded with all his strength, and he did not hide his speed of “the peak of the seventeenth rank” in the slightest!

Xu Ming's speed has far exceeded the imagination of other powerhouses in the abyss battlefield!

Those ordinary powerhouses who entered the abyss battlefield, if compared with Xu Ming's speed, it is simply the gap between “mortals” and “gods”!

Yes!

Mortals and gods!

The difference is so terrifying!

...

In the abyss battlefield, there are naturally other fighting battles.

Green Bamboo Forest.

There are countless green bamboos, the small ones are only the size of ordinary bamboos; while the big ones are penetrating the sky and the earth, and the length is unknown to thousands of worlds!

In the green bamboo forest, there are all kinds of poisonous snakes hidden; no matter the color and smell, they are completely integrated with the bamboo, and it is difficult to be found. Even some poisonous snakes directly disguised themselves as green bamboos and ambush the great powers that entered the forest.

At this moment, in the green bamboo forest, two strong men are fighting.

These two powerhouses are both “ninth-order” strengths; in their respective quadrants, they can be regarded as masters! The poisonous snakes in the green bamboo forest did not pose any threat to them; between the two of them, the aftermath alone killed countless poisonous snakes.

“Pu Ying Banzun!” The ferocious black-clothed powerhouse clearly had the upper hand, “This abyss battle, your second quadrant is so inferior, you dare to come to the green bamboo forest to fight with me! Hum! I admire Your courage will also make you die happily!”

Pu Ying Banzun’s face was a little ugly. In the current situation, he may be defeated and lost at any time.

However, the loser is not the loser! Pu Ying Banzun’s imposing manner is not weak at all: “Ink Axe Banzun, don’t you rely on the advantage of the sword!? The winner is not determined! Who will die is still unknown!”

“Really?” Mo Axe Banzun sneered, “Then you can try another trick from me!”

Although the black axe looks arrogant, he doesn’t dare to be careless! Next move, he also intends to use all his strength!

boom!

The imposing manner of the black axe became extremely ***** and ***** in vain; endless murderous aura poured into the black giant axe in his hand.

A trace of murderous aura pervaded slightly, making the time and space of the abyss battlefield tremble!

Pu Ying Banzun's expression was also a bit ugly at once! He naturally saw that with his strength, I'm afraid he wouldn't be able to take this axe!

But... if you can't take it, you can't show timidity! Pu Ying Banzun knew that if he dared to show a little bit of timidity, or turn around and run away, the next moment, the black giant axe would probably fall on him and harvest his life!

"Come on!" Pu Ying Banzun also broke out, and he no longer had any reservations about the trump cards that could be used.

"die!!"

The giant axe of the black axe, which shattered the time and space, and came furiously!

And just then...

boom-

Without warning, a stream of light cut through time and space, and just hit the giant axe of the black axe.

The Black Axe Banzun didn't see what happened at all, he only knew that with a flash in front of his eyes, his most important treasure, the black giant axe in his hand, the axe blade... disappeared!

Yes!

Just disappeared!

In the hand of the black axe, only a small section of the "axe handle" was left.

“Huh!?” Ink Axe Banzun looked stunned – what’s the situation! ? Where’s my axe! ?

“What!?” Pu Ying Banzun was also stunned – originally, he saw the giant axe of the Black Axe Banzun, and it came with an extremely terrifying might! Pu Ying Banzun even smelled the breath of death! And then... the giant axe was just halfway through the blast, the blade of the axe disappeared, only the handle of the axe was left...

This is really unheard of!

Mo Axe Banzun and Pu Ying Banzun have been stunned for a long time, and they can’t figure out what’s going on.

but...

Although he didn’t know what happened, Pu Ying Banzun knew that this was a great opportunity for him to fight back! – You must know that the ability of the Black Axe Banzun to overpower Puying Banzun all depends on the black giant axe in his hand! Now, only the “axe handle” is left of this black giant axe, Pu Ying Banzun is still afraid of a fart!

The situation of the battle was suddenly reversedBanzun Mo Axe and Banzun Pu Ying would never have imagined that the stream of light that just passed in front of their eyes was actually... Xu Ming!

No way, Xu Ming’s speed is too fast!

It is as if a ***** flew past a mortal; then, it is absolutely impossible for this mortal to see clearly – just now, Xu Ming flew in front of Pu Ying Banzun and the two, almost similar to this situation .

“I seem to have hit something just now!?”

Xu Ming secretly said while flying quickly across the abyss battlefield.

Looking back to “look”, Xu Ming saw the “axe handle” in the hand of the black axe.

“Did you hit that giant axe?” Xu Ming realized then – as for the axe blade of the giant axe, it must have been directly wiped out by Xu Ming’s outfit!

“Forget it! Too lazy to care about them!”

As if nothing had happened, Xu Ming left behind Pu Ying Banzun and Mo Axe Banzun, who were full of confusion, and continued on their way.

...

“It’s almost there!”

After a while, Xiaohang’s voice sounded in Xu Ming’s mind.

“Oh?” Xu Ming suddenly raised his vigilance and slowed down a little.

“Isn’t this place... Jiaolongtan?” Xu Ming looked ahead and said secretly.

Jiaolongtan is a relatively well-known “thirteenth-order” dangerous place in the abyss battlefield. The reason why it is famous is because... this is one of the many “thirteenth-order” dangerous places with a relatively low difficulty!

The “top powerhouses” who entered the abyss battlefield also prefer to form a group to challenge Jiaolongtan.

“Xiaohang, the mysterious power you’re talking about is here?” Xu Ming couldn’t help asking.

If it was just Jiaolongtan, then for Xu Ming, there was really no pressure at all!

“No!” Xiaohang said, “There is still some distance to that mysterious power, I am afraid it needs to enter the deepest depths of Jiaolongtan.”

Chapter 1937: Someone Beat The Dragon

The depths of Jiaolongtan?

That is also Jiaolongtan!

However, to be cautious, Xu Ming was going to clean up all the way, and remove all the dangers he encountered.

“Roar!!”

A ferocious red Flood Dragon suddenly jumped out of the endless and deep Flood Dragon Pool, rolling up the water waves of all realms.

How great is the power!

I am afraid that these water waves can directly drown a virtual universe like “Divine Phoenix Chaos Realm”!

“Thirteenth-order combat power!” Xu Ming instantly judged the strength of this red flood dragon.

This Jiaolong is at the outermost periphery of Jiaolong Pond!

In the previous abyss battle, other powerhouses entered the Jiaolong Pond, and it was also the Jiaolong who challenged here!

“Destroy!”

If other powerhouses want to challenge this Flood Dragon, I am afraid they will use crowd tactics to push it. As for Xu Ming, he just waved his palm lightly, without even firing a gun, he directly slapped the Jiaolong into blood water—the blood water was already lifeless!

With just one palm, the thirteenth-order Flood Dragon was slaughtered, and the endless Flood Dragon Pool was stained with blood.

Xu Ming did not pause at all, and continued to go to the depths of Jiaolongtan.

...

Soon after Xu Ming went deep into Jiaolongtan...

It happened that another group of strong men also came to Jiaolongtan.

These powerhouses are all from the second quadrant; the leader is the “Xiayang Banzun” known to Xu Ming.

At this time, there are a hundred thousand strong men led by Xia Yang Banzun! Moreover, there are many strong people who are not weak, reaching the ninth or even tenth order!

“Xia Yang Banzun, this dragon slaughter is all dependent on you!”

“Yeah! Xia Yang Banzun! Wait a moment, we will form a big formation, you are the core of the formation!”

Each strong person is very respectful to Xia Yang Banzun!

Although Xia Yang Banzun was abused into a dog by Xu Ming, and even defeated by Lei Qiong Banzun; but, in the second quadrant, he is still the seventh-ranked existence on the universe’s talent list!

In the eyes of ordinary powerhouses, Xia Yang Banzun is still a very high existence!

“Don’t worry!” Xia Yang Banzun is also an expert attitude, “I have challenged this dangerous place in Jiaolongtan three times, and all of them have been successful! As long as you follow my instructions, it is not a big problem, and there should be no casualties! ”

Although, challenging Jiaolongtan is only equivalent to “fighting monsters”; however, Xia Yang Banzun did not dare to talk too much. After all, this “monster” is a thirteenth-order combat power, and the level of danger is still very high!

“Now...” Xia Yang Banzun said again, “Everyone forms a battle formation, and we enter Jiaolong Pond!”

Immediately, the 100,000 powerhouses quickly formed a formation, led by Banzun Xia Yang.

Xia Yang Banzun was in control of the great formation, and carefully brought the strong men into Jiaolongtan.

“Huh?” Xia Yang Banzun frowned slightly, “There’s something wrong with the atmosphere!”

Yes!

Not right!

“Is it dangerous?” Many strong men suddenly became nervous.

Challenging the thirteenth-order dangerous land is itself a dangerous move; if there are other dangers, I am afraid that most of the strong will choose to give up!

“It’s not dangerous, but...” Xia Yang Banzun frowned, and suddenly saw the scarlet floating on the pool in the distance.

“That’s...” Xia Yang Banzun was startled suddenly.

Xia Yang Banzun has challenged Jiaolongtan three times, so he naturally knows what that scarlet means—meaning that Jiaolong has been killed!

“Someone moved first!” Xia Yang Banzun couldn’t believe it, “Who made the move, how come I didn’t even get any news!”

It stands to reason that it is difficult to do it secretly to challenge Jiaolongtan. After all, to challenge this thirteenth-level dangerous land, one hundred thousand strong people are at every turn; who can guarantee that these 100,000 strong people can keep their mouths shut? Will not collude with the anomalous quadrant?

Therefore, the general challenge to Jiaolongtan comes with great fanfare!

Just like now, Xia Yang Banzun had already announced that he was going to challenge here before he arrived at Jiaolongtan! In this way, other forces generally avoid Jiaolongtan; after all, there are many dangerous places in the abyss battlefield, not only Jiaolongtan.

“Go and see!”

Out of curiosity, Xia Yang Banzun dominated the battle formation and approached the past cautiously.

“The time and space are still shaking, which means... the battle should be over soon!” Xia Yang Banzun became more and more puzzled, “But who did this? Why is there no information at all!?”

Suddenly, Xia Yang Banzun was stunned again!

He saw that in the direction of the depths of Jiaolong Pond, there were actually two pools of scarlet on the surface of the pool in the extreme distance!

“This is...” Xia Yang Banzun suddenly widened his eyes.

Jiaolong’s blood energy is too strong, even if it is killed, it will not disappear in an instant, but will leave some traces; and the traces, that is, those **** water, will take a long time to completely dissipate.

A pool of scarlet, representing the fall of a dragon.

Then, the two scarlet beaches in the distance are two Flood Dragons!

Coupled with the traces of Xia Yang Banzun’s position at this time, he has already seen the traces of the fall of the three-headed Jiaolong!

“How is that possible...” Xia Yang Banzun couldn’t help muttering, “Jiaolongtan, also the dragon at the outermost periphery, is safe; if you dare to go deeper, even if it is only a little deeper, you will be besieged by many dragons!”

Out of curiosity, Xia Yang Banzun couldn't help but go deeper into Jiaolongtan.

Then, he saw an even more horrifying scene—the entire Jiaolong Pond was full of scarlet traces; within the field of vision, there were dozens of places!

“This...this...” Xia Yang Banzun was frightened and frightened, “Someone is slaughtering dragons! They are slaughtering the entire Jiaolong Pond!”

Banzun Xia Yang couldn't imagine what kind of force could quietly enter the Jiaolong Pond.

“hold head high-”

Suddenly, an extremely high-pitched dragon roar resounded in the endless depths of Jiaolongtan.

Hearing this dragon roar, Xia Yang Banzun's face suddenly turned pale.

“It's a dragon!”

Dalong, although a legendary existence in the abyss battlefield is not a secret! Almost every powerhouse knows that in the core “Magic Dragon Ze” of Jiaolongtan, there is the most terrifying monster in the entire abyss battlefield – the dragon!

The dragon's roar can even spread throughout the abyss battlefield!

But now, Xia Yang Banzun heard the boiling anger and fighting intent from the roar of the dragon! Accompanied by the endless space-time, the formations collided and roared, Xia Yang Banzun came to a terrifying conclusion – someone beat the dragon!

“How is that possible...” Xia Yang Banzun couldn't believe it.

You know, Dalong, but the “sixteenth-order” combat power! Moreover, in the sixteenth order, they are all extremely terrifying existences!

Sixteenth order, what is this concept? – Even stronger than the strongest superior! It is a concept beyond the highest level!

“How could anyone dare to challenge the dragon!?”

However, the roar of the space-time in the distance is getting more and more intense, and he can't help but believe it!

Someone is really fighting the dragon!

Chapter 1938: Seconds, Seconds, Seconds Of Air (Part 1)

“Want to go have a look?”

Xia Yang Banzun hesitated.

It's too dangerous to get close to the dragon! However, if you miss the battle at the “16th tier” level, you will probably never have the chance to see it again in the future; moreover, watching this level of battle is likely to be beneficial to your cultivation.

After hesitating for a while, in the end, many people couldn't hold back, and decided to watch this world-shattering battle secretly with Banzun Xia Yang.

The closer to the core of Jiaolongtan, the more depressing the time and space.

Xia Yang Banzun and other great experts were all cautious and did not dare to make any movement.

“Magic Dragon Ze!”

Finally set foot on this endless black swamp in the center of Jiaolongtan, Xia Yang Banzun was even more nervous all of a sudden.

Immediately afterwards, Xia Yang Banzun's expression froze directly!

“This is...”

He was horrified to see a familiar figure confronting the endlessly terrifying dragon... Oh, no! To be precise, it is not called “confrontation”, but should be called “ravaged”!

The figure he was familiar with was ravaging the dragon!

And the poor dragon, wailing and roaring, could not escape the fate of being kneaded!

That’s horrible! – Xia Yang Banzun would never have thought that the first moment he saw Dalong, the thought in his heart would be “Dalong is too miserable”!

And this familiar figure that is ravaging the dragon is exactly—

Xu Ming!

...

at this time.

In the abyss battlefield, the location of the light tower destroyed by Xu Ming.

The powerhouses of the eighth quadrant are gathered here.

“What about people?”

“How did Xu Ming escape?”

“To be able to escape from under the eyes of so many of our strong men... It seems that this Xu Ming must have some great trump card!”

“Our attack has definitely hit Xu Ming!” said the Void Poison Banzun, “With all the powerhouses joining forces, Xu Ming must have been seriously injured! He must have seen the situation in bad shape, so he did not hesitate to use his trump card to escape!”

The powerhouses in the eighth quadrant all felt that Xu Ming was seriously injured and escaped.

“Humph! Escape? Where can you escape to!?”

“That’s right! He can still escape from the abyss battlefield!? Next time I find Xu Ming, I’ll see if he has any cards!”

“When Xu Ming shows up again, it will be his death!”

These ignorant powerhouses have no idea that they have wandered around on the brink of death! If it wasn’t for the mysterious power about the level 23 hanging point, and Xu Ming was in a hurry to rush over; then, I am afraid that few of the eighth quadrant powerhouses present would be able to live to this day!

Sudden-

“Roar!!”

An extremely angry dragon roar resounded throughout the abyss battlefield.

“This is...?”

“The roar of the dragon!?”

The powerhouses in the eighth quadrant gathered together quickly heard it. After all, as long as you have participated in the abyss battle before, you have generally heard the sound of dragon roar.

“But... do you feel that the sound of the dragon’s roar this time is a bit wrong?” Suddenly a strong man said.

“It seems that something is wrong!” The other powerhouses also echoed, “It seems... there is some humiliation and anger mixed in the dragon’s roar?”

“It’s weird... Dalong is a ‘sixteenth-order’ combat power! What else can make it feel humiliated?”

Just when the powerhouses were puzzled, a piece of news quickly spread throughout the Abyss Continent—Xu Ming was fighting a dragon!

“what!?”

“what!?”

The eighth quadrant powerhouses near the outer tower of the middle road were stunned when they heard the news.

“Xu Ming is fighting the dragon?”

“Didn’t Xu Ming get hit hard by us and escaped? How could he be fighting Dalong!?”

“No! Dalong is a 16th-order combat power! If Xu Ming has the strength to challenge Dalong, why did he flee? All of us here together are not enough for him to fight!?”

The powerhouses in the eighth quadrant have not yet figured it out – Xu Ming is not running away at all! But there is no time to kill them!

Fortunately, the news circulating in the abyss battlefield now only says that Xu Ming is fighting the dragon, not that Xu Ming is “ravaging” the dragon; otherwise, this group of powerhouses who surrounded and killed Xu Ming would definitely be even more ignorant!

“Go and see!”

“Go! Go to Jiaolongtan! It’s definitely not possible that Xu Ming is fighting the dragon!”

“Yes! Impossible!”

And those who flock to Jiaolongtan are more than the hundreds of millions of strong men who besieged and killed Xu Ming!

In the entire abyss battlefield, more than 70% of the powerhouses, no matter which quadrant they are from, are rushing towards Jiaolongtan, wanting to see for themselves!

During the period, there was also news that Xu Ming was crushing the dragon.

But as soon as the news came out, people scoffed at him—Xu Ming crushed the dragon? how can that be? Simply bullshit!

Then, before the “true news” spread, it was killed.

until...

All the powerhouses arrived at the core “Magic Dragon Ze” of Jiaolongtan and witnessed the battle with their own eyes, and they were all stunned!

Xu Ming crushed the dragon?

Cough cough!

To say “rolling” is an understatement, isn’t it? – It’s more than crushing, it’s ravaging!

All the great powers who arrived at Molongze could only see that the poor big dragon was completely beaten, and he couldn’t even fight back! It is true that the dragon is too rough and fleshy, and its vitality is too tenacious; otherwise, it would have been slashed to death by Xu Ming’s spear!

...

boom!

boom!

boom!

Xu Ming's spear, shot after shot, fell on Dalong's body.

"The vitality of this dragon is really terrifying!" Even Xu Ming was shocked.

You must know that Xu Ming is a "17th-order peak" combat power, while Dalong is only a "sixteenth-order" combat power! It stands to reason that Xu Ming's slaying of the dragon should be easy, and it can be solved easily, but in fact, Xu Ming bombed the dragon for a long time, and even attracted the entire abyss. The almighty on the battlefield watched the battle, but still failed to kill the dragon!

"The defense and vitality of this dragon may be comparable to the eighteenth order!" Xu Ming secretly said.

The combat power of the sixteenth order, the vitality of the eighteenth order – so Even the powerhouse of the sixteenth order of combat power cannot kill the dragon; only with the seventeenth order of combat power, there is absolute The crushing advantage can only kill this dragon!

"What mysterious power is hidden in this dragon!?" Xu Ming became more and more curious, "This mysterious power is a level 23 hanging point!"

"Roar!"

"Roar!"

The big dragon howled and roared helplessly—since the abyss battlefield was opened up, how has the big dragon been bullied for countless times? Not to mention bullying, even if it is Molongze, few people dare to step into it.

But now, Dalong felt the breath of death.

“Roar—” Suddenly, the big dragon roared, “The powerhouses in each quadrant, come to help me, and kill this person together! As long as you help, no matter how much you contribute, I will give you a lot of battle merits. , make sure you break the cosmic chains on yourself!”

Dalong... help!

Chapter 1939: Second Day, Second, Second, Second Air (Below)

Dalong... help!

To be honest, Dalong is also aggrieved!

Since the Endless Era, it has no chance at all! After finally waiting for a battle, he was directly ravaged to the point where he didn't even have the strength to resist!

In the eight-elephant limit, countless powerhouses stared blankly at the dragon who asked for help.

Want to help Dalong? -think! Almost everyone wants to! After all, as long as you help Dalong casually, you can get a lot of battle credits; it seems that it is easy to earn battle credits!

But... the powers in the abyss battlefield, no one is a fool!

What level of battle is the battle in front of you? This is a “17th-order” level battle! Are they able to blend in? – Even the powerhouses in the abnormal quadrant who wanted to kill Xu Ming, they all chose to be counseled at this time!

Can't be bothered! Can't be bothered!

Really can't afford it!

If Xu Ming was in the thirteenth, fourteenth, or even fifteenth order, then the powerhouses in the abnormal quadrant would dare to provoke Xu Ming by relying on the crowd tactics. But now, everyone has seen that Xu Ming has the strength to hang and beat the dragon – this is the strength of the seventeenth order!

The crowd tactics are no longer effective for Xu Ming!

Although, the eighth quadrant has the help of the six quadrants, and its power is extremely huge! But... even if the number of powerhouses in the abnormal quadrant is increased tenfold, it cannot pose any threat to Xu Ming!

Xu Ming, invincible!

“Ha!” Xu Ming looked at the endless visionary powerhouses, and only dared to look at it from a distance. He was stunned that no one dared to make a move, and suddenly laughed, “You know each other!”

If someone dares to attack him, Xu Ming doesn’t mind killing him!

Anyway, it’s been loud! Anyway, the strength has been exposed! Why not be more brutal?

boom! boom! boom! ...

Xu Ming shot at Dalong with one shot after another.

Although the vitality of the dragon is extremely tenacious, it is only a matter of time before it is killed without resistance.

suddenly-

The powerhouses in the abnormal quadrant discovered a problem – when Xu Ming slaughtered the dragon, will they slaughter them next?

Thinking of this, the powerhouses in the abnormal quadrant suddenly broke out in a cold sweat.

“withdraw!”

“Get out now!”

“Don’t look at it! If you look at it any longer, you will die!”

“Let’s go! To Xu Ming, we are war heroes!”

Immediately, hundreds of millions of powerhouses in the abnormal quadrant chose to run away—you can’t run away! If they don’t escape now, they won’t be able to escape when Xu Ming finishes fighting the dragon!

Even some timid powers escaped the abyss battlefield directly and returned to their respective quadrants – the abyss battlefield is too dangerous, it is better to go home safely!

In this regard, Xu Ming was too lazy to pay attention. After all, he was busy fighting dragons, and he didn’t have much time to pay attention to these ants in the abnormal quadrant.

And the powerhouses in the second quadrant were pleasantly surprised to find that the abyss battle that they thought would be lost, seemed to be able to be won! Xu Ming alone can crush the limit of seven elephants!

“Let’s go too!” Many of the powerhouses in the second quadrant said, “Go back and defend first! Otherwise, if the powerhouses in the abnormal quadrant attack our crystal stone pillars now, then this abyss battle will be lost. Wrong!”

“Not bad! Xu Ming is fighting the dragon now! If we don’t go back to guard the point, maybe the powerhouses in the abnormal quadrant will really come to attack the crystal stone pillar!”

“Yes! Let’s go! And... in case Xu Ming misunderstands, we stay here to share the benefits of him, then it’s not good!”

For a time, most of the powerhouses in the second quadrant also chose to leave.

In this way, Xu Ming can fight the dragon cleanly!

Poor Dalong, with tears in his eyes: “The world is so hot! There is no one to help me!”

finally...

Under the strong pressure of Xu Ming, the incomparably strong vitality of the dragon was still killed!

Xu Ming watched carefully, looking forward to the appearance of that “mysterious power”!

“What would it be?”

Whoa!

At the point in time and space where the dragon fell, a faint flame suddenly appeared.

The strange thing is that this flame is white, looks extremely deep, and contains an endless breath of life.

“This is...?” Xu Ming was a little puzzled.

He had never seen this white flame before, but he felt the extraordinariness of this white flame.

woo-woo-

The white flame was burning and beating, and in an instant, it stabilized and no longer burned, but turned into a shape that was “like a fish but not a fish”, and floated motionlessly in front of Xu Ming.

“What is this!?” Xu Ming looked curiously.

At this time, Xiaohang’s voice sounded directly in Xu Ming’s mind: “This is the origin of the universe!”

The origin of the universe! ?

Xu Ming was startled.

The origin of the universe, isn't that the most essential, pure and primitive power of the universe! ?

Xiaohang said again: "To be precise... this is the 'Origin of the Universe, Void'!"

"The origin of the universe? Void?" Xu Ming became more and more puzzled.

Xiaohang explained: "The universe is divided into the real universe and the virtual universe; the origin of the universe is also divided into the real and the virtual! – Hurry up and collect this group of 'Cosmic Origin·Void'! It can be exchanged for level 23 hanging points!"

"it is good!"

Xu Ming was about to collect "The Origin of the Universe: Void", when suddenly, a vast will entered his mind: "Kill the dragon, get the reward of battle! Your battle is full!"

Full of honors!

In other words, Xu Ming killed this big dragon, and the battle merits were directly... full!

There is no way to get more honors!

"The battle is full..." Xu Ming secretly said, "So, I don't have to slaughter the powerhouses in the abnormal quadrant to get the battle! And... I should be able to ask the fallen demon to help me break the cosmic chain on my body. !"

Xu Ming didn't know how many battles it would take to break the nightmare-level cosmic chains! But... Xu Ming's battle honors are already "full", it must be enough! ?

At this time, Xu Mingcai included "The Origin of the Universe·Void" into the heart world.

"Would you like to convert 'Cosmic Origin, Void' into a level 23 hanging point?" Xiao Hang confirmed and asked.

“How many level 23 points can be exchanged?” Xu Ming asked.

“1 o’clock!” Xiaohang’s voice showed no emotion.

“Okay... Level 23 hanging points are really expensive!” Xu Ming said to himself; a mass of cosmos origin can only be exchanged for 1 point of level 23 hanging points, “Exchange it!”

“Yes!” Xiaohang responded and immediately took away the “Origin of the Universe·Void” in the heart world.

“The exchange has been completed! Now you have a 1:23 level hanging point!”

“Congratulations to the host, it is the first time to get a level 23 hanging point. If you meet the trigger conditions, you can randomly open a new plug-in function!”

There is a new plug-in function! ?

Xu Ming’s eyes suddenly lit up.

“Among the plug-in functions that have not been activated, there are also infinite resurrection, time reversal, invincibility, instant kill, copy, second day, second, second air, and the universe...” Xu Ming secretly said, “I don’t know, which one will be enabled?”

To tell the truth, Xu Ming wants to open every item!

Because... it sounds awesome!

“The randomization is over! The new function that has been opened is: seconds, days, seconds, seconds of air!”

Chapter 1940: Kill Towards The Anomalous Quadrant

Air in seconds!

Hearing these seven words, Xu Ming just wanted to shout three times: “I rely on it! I rely on it! I rely on it!”

Every second, every second, every second of air, the function that has existed since the 1.0 version of the Alien Invincible plug-in, you can tell that it is very good and invincible; and now, it has finally been opened by Xu Ming!

Xu Minglian looked at the function introduction.

“Second days, seconds, seconds of air: air in seconds!”

Just such an introduction.

Kind of like a ***** profile.

“No?” Xu Ming was a little confused – he didn’t understand this plug-in function!

“Small hanging!” Xu Minglian asked, “How can I use this ‘second day, second, second, second air’?”

Xiao Hang said: “It’s very simple, that is, you can be in seconds, you can be in seconds, and you can be in air in seconds!”

“Second days?” Xu Ming asked.

“right!”

“Secondly?”

“right!”

“Second air?”

“right!”

“Then...” Xu Ming suddenly thought of a question, “Where is the second person?”

“People can’t be seconds!” Xiaohang said directly, “It can only be seconds and seconds of air, not seconds of people!”

puff!

Xu Ming almost vomited blood – can’t be a second person, so what’s the use of this plug-in? Could it be that I have nothing to do when I am idle, and the air is everywhere in seconds?

At this time, Xiaohang said seriously: “Actually, the real function of this plug-in is... to destroy the virtual universe!”

Xu Ming was startled: “Destroy the virtual universe!?”

“Yes!” Xiao Hang said, “You also know that if a Supreme Realm powerhouse hides in the virtual universe he has established, he will be almost invincible!”

“Yeah!” Xu Ming nodded slightly.

Even the weakest lower-ranking Supreme, as long as he hides in his own virtual universe, then even the upper-ranking Supreme, it is very difficult for him to do anything!

Because of this, in the border of disorder, the powerhouses in the supreme realm are usually very proud! Anyway, even if you provoke an existence that you can’t afford to provoke, the big deal is to hide in your own little universe and not come out!

And now...

Xu Ming opened the “Second Day Second Earth Second Universe”! From now on, if any Supreme Being provokes him... I’m sorry! You have nowhere to hide!

Hiding in your own little universe?

Ha ha! Brother Ming directly turned on “Second Days, Seconds, Seconds, Seconds of Air”, giving your virtual universe a second!

“So that’s how it is...” Xu Ming suddenly understood the correct way to open this new function!

“very good!”

“Very practical!”

“Just what I need!”

To be honest, Xu Ming is almost invincible in the Eight Great Limits of the Virtual Universe!

In the virtual universe, the upper limit of the cultivation base is “high-ranking supreme”, and it is impossible to break through to “human supreme”!

And to describe the strength class in the sinking abyss, the upper-ranking supreme corresponds to the thirteenth to fifteenth orders! And Xu Ming’s strength is the peak of the seventeenth order! – In other words, Xu Ming is two steps stronger than the highest peak of the supreme!

Two levels, what concept?

To put it simply, Xu Ming can send out a clone at will, and he can smash the top of the supreme supreme! And Xu Ming...has an “infinite avatar”!

Therefore, in the virtual universe, Xu Ming is not a fake invincible, but a real invincible!

The only thing that can stop Xu Ming’s slaughtering steps is—the Supreme Realm powerhouse hides in the small universe!

In that case, Xu Ming really has nothing to do! In the past, he really couldn’t do it, rushed into the small universe to kill the Supreme!

But it's different now!

Now, Xu Ming has turned on "Second Days, Seconds, Seconds of Air"! -Which Supreme Being wanted to be a tortoise after provoking Xu Ming? I'm sorry, but all your "tortoise shells" were blown up!

With this plug-in function, from now on... there is no one that Xu Ming can't kill in the eight giants of the virtual universe!

"Hahaha... Very good!" Xu Ming shouted in the sky.

Suddenly, Xu Ming's eyes became firm: "It's time to go to the visionary quadrant!"

Gu Hanmo's billions of incarnations are spread across the Eight Great Limits.

And Gu Hanmo's enemies also covered the eight elephants with their minions.

Xu Ming belongs to the second quadrant. Under normal circumstances, he cannot go to the abnormal quadrant; the only way is to go to the abnormal quadrant through the abyss battlefield!

"I am a nightmare-level cosmic chain, suppressed by the rules of the abyss battlefield; before the end of the abyss battle, I am not allowed to return to the second quadrant..." Xu Ming secretly said, "But... it is just that I am not allowed to return to the second quadrant, but I'm not allowed to go to the other seven elephants!"

Going back to the second quadrant is called "fleeing"; going to the other quadrant is called "attacking"!

It is impossible to escape!

Not only do not escape, but also kill the seven quadrants, redefine the power structure of each quadrant!

“The enemy of Hanmo, in the real universe and the virtual universe, chases and kills the billions of incarnations of Hanmo!” Xu Ming’s eyes were filled with killing intent, “The real universe, I can’t get involved for the time being, there is no way, but in the virtual universe... I want to make the eight big boundaries of the virtual universe a safe zone for Han Mo!”

Xu Ming’s goal is to establish absolute power in the Eight Great Limits with his invincible strength in the virtual universe!

As long as it is within the limits of the Eight Great Era of the Virtual Universe, Xu Ming will not let Han Mo’s avatar be chased and killed by the enemy!

“Although, Han Mo’s enemy seems to be able to come to the virtual universe with will! But obviously, there are definitely restrictions on the coming of will!”

If there are no restrictions on the coming of will, then Gu Hanmo’s enemies don’t need to arrange minions to chase and kill Gu Hanmo in the virtual universe, and if they take action directly, it will definitely be easier to kill Gu Hanmo’s billions of incarnations!

Therefore, Xu Ming judged that although Gu Hanmo’s enemies were extremely powerful, and had even reached the pinnacle of the entire universe, they were only in the real universe! If their will comes to the virtual universe, it is likely to be suppressed, and it is not necessarily how strong!

The universe is divided into true and false.

The one who truly holds the voice of the virtual universe should be the local powerhouse of the virtual universe!

And Xu Ming is the powerhouse standing at the peak of the virtual universe!

call out-

Xu Ming’s physique turned into electricity quickly left the Magic Dragon Lake and went straight to the crystal stone pillar in the eighth quadrant.

The gate of the abyss in the eighth quadrant, as well as the other six quadrants, is near the crystal stone pillar in the eighth quadrant. Once there, Xu Ming can choose a gate to the abyss and kill him in the abnormal quadrant!

Soon...

Xu Ming passed the outer tower of the middle lane in the eighth quadrant.

Looking at the wreckage of the light tower and the few powerhouses in the abnormal quadrant, Xu Ming ignored it and flew by.

If it was before, Xu Ming might be interested in the battle merits of these powerhouses in the abnormal quadrant; but now, Xu Ming's battle merits are already full, and when he sees the powerhouses in the supernormal quadrant again, he naturally has no interest in doing it!

swoosh—

As for the powerhouses in the abnormal quadrant, seeing Xu Ming reappearing in their field of vision, they immediately became restless!

“Xu Ming...here again!”

There is a kind of terror called Xu Ming!
