

# A World 2001

## Chapter 2001: Qinghai City

“You know you’re not my opponent, but you want to admit defeat?—Humph! Then take your life to admit defeat!”

Shi Heng recruited the murderous Ling Ran.

Xu Ming didn’t want to have an inexplicable enmity as soon as he arrived in the real universe, so he started his spiritual sense and wanted to know what his current situation was.

call out-

Xu Ming’s spiritual sense easily penetrated the “Seal of Life and Death”.

The so-called life-and-death battle seal is actually used in the battle at the supreme level. Xu Ming’s strength far exceeds that of ordinary Supreme Beings; measured by the strength system of the real universe, Xu Ming is even stronger than “Human Supreme Being”!

The mere seal of life-and-death battle naturally couldn’t stop Xu Ming’s spiritual thoughts.

“This is... a city!” Xu Ming’s spiritual sense spread rapidly, and he quickly took control of the entire city; the city’s name was engraved on the city gate, “Qinghai City?”

Xu Ming observed the strong men in the city again.

“These breaths are stronger than ordinary Supremes, so they should be Human Supremes, right?” Xu Ming secretly said.

Within the scope of the virtual universe, there is no such cultivation level as “human supreme”. The peak of the cultivation base of the virtual universe is the ordinary high-ranking supreme.

Although there are some strong people in the virtual universe, their strength has reached the realm of shackles; however, their cultivation is still only the ordinary high-ranking supreme, but the level of strength surpasses the level of cultivation.

“After coming to the real universe, many plug-in functions can no longer be used, but...my strength, given by the will of the universe, is still equivalent to the level of the ‘absolute boundary of the virtual universe’.” Xu Ming thought to himself, “The virtual universe The level of the absolute limit should be stronger than the peak of the supreme human being!”

According to what Xu Ming has learned, the level of the absolute limit of the virtual universe is probably equivalent to the first entry to the real universe!

In other words, Xu Ming’s current strength is equivalent to Earth Supreme!

wow—

Soon, Xu Ming’s spiritual sense swept through the city.

“There shouldn’t be a powerhouse in the supreme realm!” Xu Ming quickly determined—because, under the sweep of his spiritual sense, the situation in the entire city was unobstructed, and there was no place that could stop his spiritual sense from peeping.

“Take a closer look at the supreme and powerful people in this city...”

In the entire city, there are only dozens of people who are supreme and powerful.

“Most of them are the supreme beings of the lower ranks, the supreme beings of the middle position...” Xu Ming secretly said, “I don’t know if this Qinghai city is a relatively large city in the real universe, or is it just a small city?”

“Huh? There is a stronger one here! It should be the supreme person!” Soon, Xu Ming’s spiritual sense swept to the center of Qinghai City, “He should be the city owner of Qinghai City!”

At this time, the Qinghai City Lord seemed to sense something; he who was closing his eyes and meditating suddenly suddenly opened his eyes. There was a deep suspicion in his eyes.

“But which senior is coming?” The Qinghai City Lord respectfully said to the surroundings.

“Heh!” Xu Ming laughed inwardly, “I can actually sense my spiritual sense! It seems... in Qinghai City, the strength of this Qinghai City Lord is not bad!”

Among the dozens of Supreme Beings, only the Qinghai City Lord was aware of Xu Ming’s spiritual sense. Others are supreme, and they don’t even know that they have been spied on by Xu Ming.

However, the strength of the Qinghai City Lord is only “passed”. After all, there is still a world of difference between the Supreme Being and the Supreme Being – just like in the virtual universe, the “peak of the three realms of shackles” who have reached the absolute limit can easily overwhelm the ordinary three realms of shackles.

“No matter what level of city this Qinghai city is in the real universe; at least for me, everything can be under my control...” Xu Ming secretly said, “I am the first time in the real universe, and I have no idea about the real universe. As far as I know, I have no friends, no power... This Qinghai City is suitable for me to understand the real universe first!”

Xu Ming had an idea in his mind – he should stay in Qinghai City first, and first understand the situation of the real universe.

“I’ve actually appeared on the Qinghai Navy’s battle platform now...” Xu Ming was a bit dumbfounded.

At the same time, the spiritual thoughts that Xu Ming spread out also retreated like a tide.

“Huh?” The Qinghai City Lord felt that his spiritual sense had disappeared, and he couldn’t help but feel a little puzzled.

After thinking for a while, the Qinghai City Lord said loudly, “I wonder which almighty came to my Qinghai City? Why don’t you talk to my mansion, and let me do the best of the Lord’s friendship!”

The voice of the Qinghai City Lord reverberated throughout the entire Qinghai City.

However, no voice responded to him.

“It seems... that great master definitely doesn’t want to show his face!” The Qinghai City Lord couldn’t help but feel a little disappointed – after all, the existence of the Supreme Being is already considered a powerhouse within the real universe! The Qinghai City Lord naturally also wants to make more friends with some supreme powerhouses.

Unfortunately, the mysterious powerhouse seems to have no interest in showing up at all.

only...

How could the Qinghai City Lord have thought that the “mysterious powerhouse” was on the battle platform of the Qinghai Navy under his command at this time.

...

Xu Ming released his divine sense and retracted his divine sense, it was just a matter of a moment.

Moreover, with Xu Ming’s strength, even if he was distracted, it would be easy to deal with Shi Heng.

Shi Heng had already attacked Xu Ming for more than ten moves, but he still did not hurt Xu Ming in the slightest; under the battlefield, there were a lot of boos—after all Shi Heng is a supreme powerhouse However, Xu Ming is only a world master and a half-zun level!

A supreme being who can’t hurt a world lord or a demigod for so long will naturally attract boos.

“This battle platform is a recruit of the Qinghai Navy, competing for the battle platform of the centurion!” Xu Ming secretly said.

Joining the Qinghai Navy is actually very easy! As long as the cultivation base reaches the realm of the world master, everyone can join. But... those World Lords who are not strong enough generally do not dare to join the Qinghai Navy; usually only when their strength reaches the half-respect level, they dare to join.

After all, the Qinghai Navy is often involved in some dangerous operations. The weak world lord dares to join the Qinghai Navy, that is courting death!

The newly recruited Qinghai Navy naturally needs a group of centurions—who will serve? Each with strength!

Originally, Shi Heng was on the battlefield, no one dared to challenge him, and he would become a centurion immediately; as a result, Xu Ming suddenly appeared on the battlefield...

“Joining the Qinghai Navy, I can consider it! After all, this way, I have an identity in the real universe, and it should be more convenient for me to do things! But... becoming a centurion, I really have no interest!” Xu Ming secretly said.

Thinking of this, Xu Ming said again: “Shi Heng, right? I really have no interest in fighting you! – I admit defeat, let’s end this battle!”

“I’m not interested, why do you want to step on the stage?” Shi Heng snorted coldly, “Since you dare to step on my Shi Heng’s stage, you won’t admit defeat! Just die!”

Chapter 2002: Stop Me! !

around the battlefield.

The strong onlookers were talking a lot.

“What happened to Shi Heng’s opponent? Why did he keep saying no to fight and admit defeat since he stepped on the stage? – If you don’t want to fight, why do you want to step on the stage?”

“It’s a little weird!”

“He didn’t walk on the battlefield, but suddenly appeared on the battlefield. You said... Could it be that he was smothered by someone and was directly teleported to the battlefield?”

“Probably!”

“I was trapped on the battlefield? And the opponent is Shi Heng... He is too unlucky, right? However, I think his strength is not weak!”

“What’s the use of not being weak? You must know that even the strongest in the supreme realm are reluctant to set foot on this stage of Shiheng...”

The voices around the battle platform entered Xu Ming’s ears.

Xu Ming also quickly understood what was going on – in fact, Shi Heng’s strength was really not that strong, he was just a beginner. In the Supreme Realm level, any one who stands up will probably be able to defeat him.

The reason why other supreme beings are reluctant to set foot on Shi Heng’s battlefield is not because they are afraid of Shi Heng’s strength, but because they are afraid of Shi Heng’s background – Shi Heng’s father is a general in the Qinghai Navy!

The supreme powerhouse generally knows Shi Heng’s background! As long as his brain is not broken, he would not dare to step on the stage to challenge Shi Heng.

And the world master and the half-zun will not dare to challenge Shi Heng of the supreme realm.

So... if it wasn’t for Xu Ming’s sudden appearance, no one would really challenge Shi Heng!

“I’m afraid this opponent of Shi Heng is dead!”

“Yeah! The saddest thing is, I’m afraid we won’t even know his name when he dies!”

...

boom! boom! boom! ...

Shi Heng’s attack was a murderous move.

As for Xu Ming, because he knew the situation of Qinghai City and Shi Heng, he was too lazy to fight back.

Now, Xu Ming was finally getting tired of Shi Heng's attack.

Is your father a general of the Qinghai Navy? – Does Xu Ming care about this? Not to mention that he is only a general of the Qinghai Navy, even if he is the city owner of Qinghai, if he dares to be arrogant in front of Xu Ming, Xu Ming can call him Dad!

“Shi Heng!” Xu Ming groaned, “I’ll ask you one last time, do you want to stop?”

There was already a killing intent in Xu Ming's eyes – if Xu Ming did not make a move, he would kill ants like Shi Heng, of course!

“Hahaha...” Shi Heng couldn't help laughing, “Stop? Go dream!”

boom-

While speaking, Shi Heng's ultimate move struck again.

“Very good!” Xu Ming sneered at the corner of his mouth.

Just when Shi Heng came, this time, Xu Ming finally fought back!

boom!

Xu Ming didn't use his sword, but threw a punch directly.

This punch doesn't seem to have much power; but when the front of the fist touched Shi Heng's divine body, Shi Heng's aura of life suddenly dissipated.

One punch, Shi Heng died!

Bang!

Shi Heng's divine body seemed to be safe and sound, but there was no life left, and he fell heavily to the ground.

“what!?”

The powerhouses around the battlefield still haven't reacted to what happened.

All the powerhouses were stunned for a while, and then they suddenly realized: Shi Heng... is dead!

Spike!

“Shi Heng was actually killed in seconds?”

“Shi Heng is a supreme powerhouse! He was killed in seconds by someone who has not yet stepped into the supreme realm?”

“how is this possible!?”

Everyone can't believe this scene “Leaps the level spike”, but the fact is in front of them, and they can't help not believe it!

Kill it!

How to achieve instant kill?

It must be done when there is a huge disparity in strength!

After a long time, the Qinghai Navy powerhouse who presided over the battle platform looked at Xu Ming and asked aloud, “What is your name? What is your cultivation base?”

The powerhouse who presides over the stage is just a routine business, registering Xu Ming's name and cultivation.

"Xu Ming!" Xu Ming reported his name, "Cultivation... Half-respected ninth order!"

In fact, Xu Ming's cultivation base is "ninth-order world master". However, there is no "half-respect" stage in the cultivation process of the practice "Breaking the World"; after passing the ninth rank of the world master, he will jump directly to the supreme realm, and his strength will also increase explosively.

In order to avoid shocking others too much, Xu Ming reported his cultivation base as "Ninth Rank of Half-Respect".

Anyway, whether it is "the ninth-order world master" or "the ninth-order half-respect", they are all breaths under the supreme, and others can't tell the difference very much.

"Half-rank ninth order!"

When Xu Ming reported his cultivation, there was another shock around the battlefield.

"It's really a half-respected ninth-order!"

"It's really a leapfrog spike!"

"Half-rank ninth-rank kills the supreme! This Xu Ming can be regarded as a peerless genius, right?"

Gradually, the strong men around the battlefield came out of their shock; at this time, they remembered that Shi Heng's background is extraordinary, and he can't be killed casually!

"Shi Heng's father, General Shi, is a high-ranking supreme existence! Xu Ming killed Shi Heng, the trouble is big!"

"Yeah! Now, General Shi probably already knows that Shi Heng has fallen, and he is even on his way here!"

“It’s over! Xu Ming is over!”

“Yeah! Although Xu Ming can instantly kill Shi Heng, who has just entered the lower ranks, but... no matter how evil Xu Ming’s talent is and how strong his strength is, he can’t be an opponent of the peak of the upper supreme!”

“Once General Shi arrives, Xu Ming will surely die!”

“Xu Ming runs away now, there may be a way to survive!”

“Stay alive? Innocent! – Qinghai Haijun, who controls the entire Qinghai City! General Shi is also a powerful soldier in the army. He wants to escape from Qinghai City under his nose? Is it possible?”

“Xu Ming is dead!”

“It’s a pity for a peerless genius!”

Just as the powerhouses were discussing, an incomparably vast and domineering aura suddenly descended and enveloped the battlefield.

A thunderous roar rumbled: “Who dares to kill my son!?”

When the powerhouses around the battlefield heard this voice, UU read [www. uukanshu.com](http://www.uukanshu.com)’s expression suddenly changed: “It’s General Shi!”

“General Shi is here so soon!?”

Soon, at the end of the sky, a burly black figure appeared, it was General Shi.

General Shi saw Xu Ming at a glance and determined that Xu Ming was the murderer described in the news.

“Death to me!!”

General Shi was instantly furious, his sword glowed like blood, and he directly slashed at Xu Ming, killing Xu Ming directly on the battlefield.

None of the powerhouses around the battle stage, including the Qinghai Navy who presided over the battle stage, dared to stop them—after all, around the battle stage, there were ordinary world masters and supreme beings. The monstrous anger?

In fact, when Xu Ming killed Shi Heng, the powerhouses around the battlefield had already determined Xu Ming's fate, and he was sure to die!

“Xu Ming can kill Shi Heng in one move, I really don't know how strong his true strength is...”

“It's a pity for such a peerless genius!”

The powerhouses are only sorry.

But at this moment, a voice that cannot be disobeyed suddenly rang in General Shi's ear: “Stop it for me!”

Chapter 2003: 0 Commander Xu Ming

“Stop me!!”

This voice, in fact, did not have much anger, but it had a coercion that could not be disobeyed.

When General Shi heard the words, his face changed suddenly, and the whole person shuddered violently; he stopped his hand without thinking about it.

“City...City Lord?” General Shi never thought that he would be stopped by the City Lord if he only started to do something to Xu Ming, who was not even at the highest level of cultivation.

General Shi couldn't help but said: “City lord, this person has a revenge with me for killing his son, and I also ask the city lord...”

The voice of the Qinghai City Lord sounded faintly: “This person is still talented, don’t kill him!”

After speaking, the Qinghai City Lord’s will receded directly, ignoring the reaction of General Shi at all.

“This...” General Shi looked at Xu Ming and gritted his teeth, but he didn’t dare to attack. After all, the words of the Qinghai City Lord have already been put here, and General Shi does not dare to disobey.

“Humph!”

General Shi snorted bitterly, turned his head and left.

“Xu Ming!” General Shi’s eyes were cold, and he secretly said in his heart, “The enmity of killing your son will never end! Although the city lord cherishes your talent, he will not allow me to kill you; but...as long as you are in the Qinghai Navy, I have a way to deal with you! Humph! Just wait...”

...

General Stone is gone.

But the powerhouses present looked at Xu Ming as if they were looking at the dead.

After all... Although General Shi was under the coercion of the city lord, he did not dare to do anything to Xu Ming; but when he thought about it, he knew that as long as Xu Ming was in the Qinghai Navy, General Shi would definitely find a way to deal with Xu Ming.

And if Xu Ming leaves the Qinghai Navy... that’s even better! General Shi didn’t even need to think of any way to kill Xu Ming!

So... in the eyes of the powerhouses around the battlefield, Xu Ming is a word for “death” both vertically and horizontally.

“Can someone challenge Xu Ming?” asked Qing Haijun, who presided over the battle stage.

The scene was silent, and no one took the stage to challenge.

After all, Xu Ming's ability to kill Shi Heng in the Supreme Realm in one move is enough to prove Xu Ming's strength. Among the powerhouses vying for the position of centurion, few dare to say that they can beat Xu Ming.

Moreover, Xu Ming had already made an enmity with General Shi. In case General Shi didn't want Xu Ming to die on the battlefield so easily, wouldn't he offend General Shi by killing Xu Ming instead?

So... whether it was because of Xu Ming's strength or because of General Shi, no one was willing to challenge Xu Ming on stage.

After confirming again and again that no one wanted to challenge, Xu Ming logically obtained the position of the centurion.

"Xu Ming," said a veteran of the Qinghai Navy, "please come with me, I'll take you to the barracks."

When you become a centurion, you will go to the military camp first.

When the recruits are recruited, they will be assigned to the centurions.

"Okay!" Xu Ming stepped off the stage and followed him to the Qinghai Navy.

As for that General Shi, Xu Ming had long since left behind him – he was just an ordinary high-ranking Supreme. If he was in the virtual universe, he wouldn't even have the qualifications to talk to Xu Ming!

Xu Ming's only worry is that if he kills General Shi himself, he will definitely reveal his identity; in that case, I am afraid that he will not be able to live quietly in Qinghai City.

“I first came to the real universe, and there are powerful people in the real universe who are eyeing it... It’s better to keep a low profile!” Xu Ming didn’t want to be noticed by the powerhouses in the real universe too early.

While thinking about it, Xu Ming has arrived at the military camp.

The veteran didn’t say anything, put down Xu Ming and left directly; as if he was afraid that if he said a word, he would bring disaster to himself.

There are dozens of Supreme Beings around Xu Ming, all of them are powerhouses who have just become the centurions of the Qinghai Navy.

These centurions, because they were not on the battlefield, did not know that Xu Ming had killed Shi Heng and offended General Shi, so they came forward one after another.

“What do you call this brother? You are not in the Supreme Realm, but you can become a centurion? It seems to be a little capable!” The voice was contemptuous and provocative.

You know, the centurions are all in a competitive relationship. Everyone wants to be the captain of a thousand or a thousand, so that they can get more resources and improve their strength faster.

When everyone saw that Xu Ming was not in the Supreme Realm, in addition to being a little unconvinced, he was actually more afraid – after all, if he was not in the Supreme Realm, he could become a centurion; after he became the Supreme Realm, it would be amazing ?

“Xu Ming!” Xu Ming announced his name lightly.

“Who did you defeat to become the centurion?” Someone asked.

Xu Ming smiled and said, “Shi Heng!”

Shi Heng! ?

Hearing this name, all the centurions were stunned; immediately, everyone looked at Xu Ming as if they were looking at an idiot.

“Shi Heng?”

“You said you defeated Shi Heng!?”

“Do you know who Shi Heng is? You actually went to challenge him?”

“It’s over! It’s definitely going to be a tough time for you in the Qinghai Navy!”

The centurions were very hostile to Xu Ming at first, but after hearing that Xu Ming became the centurion after defeating Shi Heng, there was no hostility at all. , Can Xu Ming live in the Qinghai Navy in the future?

At this time, Xu Ming said indifferently: “To be precise, it’s not defeat!”

“Not defeated?”

“What’s the meaning?”

“You didn’t defeat Shi Heng, how did you become a centurion?”

The centurions wondered.

Xu Ming continued with a smile: “To be precise, it’s not defeating, but...killing!”

Kill!

As soon as these two words came out, the surroundings suddenly fell into incomparable silence.

After a long time, the centurions asked in disbelief, “You said you... killed Shi Heng?”

“That’s right.” This is no secret Xu Ming has nothing to hide.

“hiss-”

The centurions were so frightened that they took a sharp breath, and they couldn't help but retreat a few steps, and subconsciously opened a distance from Xu Ming; it seemed that if they got close to Xu Ming, they would catch fire.

“You...you killed Shi Heng, yet you are still standing here alive!?” A black-robed centurion dared not believe, “Didn't General Shi ask you to settle accounts!?”

“General Shi? He's here!” Xu Ming laughed. “However, when he first came, he was reprimanded by the city owner and went back!”

...

After Xu Ming, new centurions arrived one after another.

The arrival of these new centurions also brought Xu Ming's detailed defeat to kill Shi Heng, as well as the circumstances of General Shi's revenge.

“I see...” The centurions finally understood why Xu Ming was still alive, “It turns out that the city lord cherished his talent! But... the city lord should only cherish Xu Ming and not pay too much attention to it; When Ming died, the city owner probably won't know!”

Of course, the centurions were only secretly saying these words in private and would not let Xu Ming hear them.

Chapter 2004: Feng Zhou Ding

“Centurions, now assign new recruits to you.”

An exceptionally burly high-ranking supreme powerhouse looked at Xu Ming and other hundred centurions and said, “And I am your ten thousand centurion – Supreme Lei Shuang!”

Then, Leishhuang Supreme waved his hand, and one hundred talismans flew to one hundred centurions: “This is your soldier talisman! By urging this soldier talisman, you can perceive your recruits!”

While speaking, 10,000 newly recruited recruits poured into the barracks.

The centurions present were urging soldiers to claim their subordinates.

Xu Ming also mobilized the talisman.

“Huh?” However, Xu Ming couldn’t help frowning as soon as he activated the soldier talisman, “My soldiers seem to be...”

Xu Ming clearly saw that the vast majority of the ten thousand recruits were half-respected; only a very few were the ninth-rank realm masters. But... Xu Ming’s 100 recruits are all in the ninth rank of the world master!

In other words, almost all of the 10,000 recruits in the ninth rank of the world master were brought down by Xu Ming.

If you think about it on your toes, it can’t be a coincidence! Someone must have arranged it on purpose.

“Oh!” Xu Ming smiled disdainfully.

In fact, for Xu Ming, it made no difference whether his subordinates were a hundred world masters or a hundred “people supreme”. Because... Xu Ming doesn’t need his subordinates!

Brother Ming alone is stronger than the entire Qinghai City!

The reason why he wants to be this centurion is purely to understand the real universe in a low-key manner.

“Looks like that General Shi is going to find death!” Xu Ming sneered in his heart – he was already used to killing! If General Shi insisted on courting death, Xu Ming would never show any mercy.

Xu Ming is naturally very calm, but... the 100 recruits under Xu Ming can't be calm!

As soon as these recruits saw that they were assigned to Xu Ming, and that their companions were all recruits with the lowest cultivation base, they were all desperate.

“us...”

“It's over, it's over!”

“We must be the weakest team in the Qinghai Navy! And we are much weaker than other teams!”

“It's strong or weak, but it's secondary! The most important thing is...”

The recruits under Xu Ming didn't talk about it, but everyone knew what to do—the most important thing was that Xu Ming had offended General Shi!

At this time, Supreme Lei Shuang said again: “Everyone should go back to their own barracks! There are all kinds of cultivation resources in the Qinghai Navy. You can learn about them when you are there, and improve your strength as soon as possible!”

The reason why many strong people are willing to join the Qinghai Navy is actually for the cultivation resources in the army. If there is no temptation of cultivation resources, how free everyone is, why should they come to work for the Qinghai Navy?

“Yes!”

“Yes!”

The centurions led their men back to the barracks.

And Xu Ming also led the hundred weakest men back to their barracks.

...

After returning to the barracks, Xu Ming did not say anything to the group of recruits under his command. And this group of recruits hated Xu Ming for being too late, so naturally they wouldn't take the initiative to ask Xu Ming to say something.

Xu Ming came directly to his room.

"Huh... I'm finally alone!" Xu Ming said to himself, "I can finally take a look at the treasure I got in the 'Jiuzhongtian' back then!"

When Xu Ming was in the "Jiuzhongtian", he had obtained three important treasures – Kuntu, Feng Zhou Ding, and Boundary Breaking Gun!

The most precious of them is naturally the Boundary-breaking Spear; after all, this is a Boundary-breaking weapon!

The Kun-feeding map is not very useful. The group of "Kuns" kept in it are too weak; for the current Xu Ming, they are almost useless. On the contrary, the secret technique "Kunpeng Nine Transformations" recorded in the Kun-feeding map may be more valuable.

As for Feng Zhou Ding...

Xu Ming still does not know the use of "Feng Zhou Ding". Because at that time, when Xu Ming wanted to check the use of Feng Zhou Ding, he couldn't check it. He was only told that after arriving in the real universe, he could use it naturally.

Now that Xu Ming has arrived in the real universe, of course, we have to see what is so special about this "Feng Zhou Ding".

"Come out!"

Xu Ming stretched out his hand, and a small bronze-colored cauldron slowly appeared in his palm.

"Feng Zhou Ding... what's the use?" Xu Ming stared at the small cauldron.

at this time...

Whoa!

Feng Zhou Ding suddenly burst into bloom.

Hundreds of millions of rays of light instantly enveloped Xu Ming's body.

"This is...?" Xu Ming was a little puzzled.

Immediately afterwards, Xu Ming was surprised to see that these hundreds of millions of rays of light actually merged with the hundreds of millions of causal lines on his body. Then... all of Xu Ming's causal lines gradually began to disappear!

Yes!

disappear!

"Hide the cause and effect!" Xu Ming understood instantly – the use of Feng Zhou Ding is to hide the cause and effect!

Immediately afterwards, a message was uploaded from Feng Zhou Ding and passed into Xu Ming's mind: "Feng Zhou Ding can forge causal lines and fake decorations!"

It is not to hide the cause and effect, but to directly forge the cause and effect line!

This is bull X!

Xu Ming tried it, and directly forged his own causal line into a completely different look.

"Even the Great Senior, if he didn't see me in person, I'm afraid it would be difficult to find me through causal means!" After Xu Ming came to the real universe, the only thing he worried about was being locked by the Great Senior using "causal" methods; now there is Feng Zhou Ding can forge his own causal line, so Xu Ming no longer has to worry about it!

“And... the cultivation base can also be disguised!” Xu Ming already felt the extraordinariness of Feng Zhou Ding. What level of treasure could this be? – If you don’t want to, let’s improve your cultivation first! ”

Xu Ming’s cultivation is only the ninth rank of the world master.

Before, when Xu Ming was still in the virtual universe, it was not difficult to break through to the Supreme Realm. However, Xu Ming was not in a hurry to break through in the virtual universe, but planned to break through after arriving in the real universe.

In fact, this is to hide people’s eyes and ears.

After all, the Great Venerables of the true universe probably never thought that Xu Ming could not even reach the supreme cultivation level. Therefore, when the great lords are investigating, when they come from the virtual universe to the real universe, they will at most only investigate the “supreme cultivation base”, and will not investigate whether there is a world master coming to the real universe.

And now, since Xu Ming was already in the real universe, it was time to make a breakthrough.

“It took me hundreds of millions of epochs to come from the virtual universe to the real cosmos! During these billions of epochs, my avatar kept accumulating insights; this breakthrough, I’m afraid I can directly break through to the supreme cultivation base!” Xu Ming secretly said, “It is really an incarnation in the virtual universe, and at most, I can only perceive the level of the upper-level supreme, and I cannot perceive the level of ‘human supreme’; otherwise, maybe I can directly break through from the world master to the human supreme!”

It is already exaggerated to break through from the world master to the supreme supreme in one fell swoop. However, Xu Ming has Feng Zhou Ding can pretend to be decorated, even if it is exaggerated, it will not be discovered by others.

“Start breaking through!”

Chapter 2005: The Highest Peak

boom!

Xu Ming directly ran the Qigong method “Breaking the World”.

“Breaking the World” is a world-breaking technique.

Before, Xu Ming didn’t know what the concept of “Breaking the World” was; now he knew that the World-breaking level meant the pinnacle of the entire universe – every great master in the universe, whether it was Gu Hanmo or Tianyu Da. Venerable, or the fallen devil... Every Great Venerable, the ultimate goal of cultivation, is “breaking the world level”!

However, none of the Great Venerables in the universe can cultivate to the ultimate realm “Breaking World”.

However, the Great Venerables call those weapons that are far beyond the “Heavenly Supreme Divine Weapon” as the “Breaking World Divine Weapon”; Law.

Every thing that can be called “Breaking World” represents the peak of the universe.

For example, “Breakout”.

rumbling...

Feeling the rising power in his body, although Xu Ming has not yet broken through from the “World Lord Realm” to the “Supreme Realm”, his strength is already soaring.

boom! !

Finally, Xu Ming rushed out of the shackles and stepped into the Supreme Realm in one fell swoop!

“Continue to break through!”

Xu Ming’s accumulation of hundreds of millions of epochs will not just stop him from “beginning to enter the lower ranks”!

Xu Ming's cultivation continued to improve non-stop.

The first entry into the next supreme!

Low-rank Supreme Beginner!

Low-rank Supreme Intermediate!

The next highest level!

The next highest peak!

boom!

Step into the median supreme!

Median Supreme Beginner...

...

Xu Ming's cultivation progressed all the way, until he reached the peak of the supreme supreme, and then stopped.

"My perception in the virtual universe can only make my cultivation level break through to the supreme, but not to the 'human supreme'!"

Xu Ming stopped to break through and felt his own strength.

"I don't know what the strength of the 'Earth Supreme' level is, but my current strength should be at least the strongest among the 'Middle-level Supreme', close to the 'High-level Supreme'; even, it may already be the 'High-level Supreme' Earth Supreme' level!"

In short, Xu Ming's strength, let alone in the small city of Qinghai; even if he looked at the entire real universe, he could be regarded as a powerhouse.

"I'll be in this Qinghai City first to learn about the power structure of the real universe! After I understand it clearly, I'll consider how to take further actions!" Xu Ming quickly made up his mind.

Then, Xu Ming took out the Feng Zhou Ding.

"First, disguise my cultivation as the ninth-order world master! In this way, no one will know that my cultivation has broken through!"

After doing this, Xu Ming walked out of the barracks.

However, when Xu Ming walked out of the barracks, he did not notice that the recruits under him were a little dejected.

The 100 recruits under Xu Ming saw Xu Ming leave, and they all started to talk:

"Zang Leng Supreme, it's really deceiving!"

Zang Leng Supreme is the most powerful one among the new centurions. The recruits under his command are all warriors among the recruits.

"The training resources issued by the army are distributed to every recruit on average! However, Zang Leng Zhizun took his subordinates and directly robbed our resources..."

"Isn't we joining the Qinghai Navy just to cultivate resources? Without the cultivation resources, wouldn't we have no meaning at all in the army! It's like giving our lives to the army for free!"

"But what can we do? If you want to blame... you can only blame Zang Leng Zhizun for bullying others!"

"No! It's Xu Ming's fault!"

“Yes! If Xu Ming hadn’t offended General Shi, we, the weakest group of people, would not have been assigned together! – Why did Zang Leng only bully us, but not the other centurion recruits? It’s not because it looks like we are the best to bully!”

“Yeah! What’s even more annoying is that Xu Ming has been hiding for a long time in seclusion, causing us to take the blame for him – I don’t know, whether Xu Ming really doesn’t know that we are being bullied, or is he fake?”

“Then why don’t you say it? You must be pretending you don’t know!”

“Being assigned to Xu Ming’s subordinates, we really lost blood mold!”

All of Xu Ming’s recruits complained about Xu Ming.

And Xu Ming didn’t know anything about this.

At this time, Xu Ming had quietly come to a secluded and uninhabited place; he transformed himself into a stern black-clothed powerhouse, and even his appearance had undergone earth-shaking changes.

Immediately afterwards, Xu Ming manipulated Feng Zhou Ding and modified his causal line into chaos.

“Disguised as other powerhouses, the hardest to hide and the easiest to see through, is actually the causal line! Feng Zhou Ding can arbitrarily modify the causal line, so for me, disguising as other powerhouses, no matter how easy it is. However, it is almost impossible to be seen through!”

“It’s time to disguise your cultivation base!” Xu Ming thought again, “You don’t have to disguise too much, then disguise yourself as... the next Heavenly Supreme!”

In fact, if Xu Ming is willing, it is no problem to directly pretend to be the “Great Senior” cultivation base.

However, looking at the entire universe, there are only so many Great Seniors; if Xu Ming directly disguised as Great Senior, and others think about it with their toes, they all know that Xu Ming is a fake Great Senior!

“Besides, I just went out this time to inquire about the news in Qinghai City; after all, I don’t know how many eyeliners Tianyu Dazun and others have laid in the real universe. Since it’s just to inquire about news, there is no need to pretend to be too strong. ‘s cultivation!”

The next Heavenly Supreme, this cultivation base is absolutely enough to pretend to be X in Qinghai City!

“To inquire about news, of course, you need to find the person with the best information! Then in this Qinghai city, who has the best information?”

“Walk!”

Xu Ming took a few steps, and the time and space under his feet changed, and he appeared at the gate of the City Lord’s Mansion.

“Who dares to trespass into the City Lord’s Mansion!” The two superiors at the door saw a figure suddenly appear in front of them, and scolded.

However, Xu Ming ignored the two and shouted loudly: “Qinghai City Lord, don’t let me out!”

The mighty momentum rolled towards the city lord’s mansion. The two superiors guarding the door couldn’t bear the pressure and fell to the ground directly.

Inside the City Lord’s Mansion.

The Qinghai City Lord, who was in retreat, suddenly changed his face suddenly: “There is a super strong! Could it be... the super strong who used his spiritual sense to spy on the entire Qinghai City before?”

The Qinghai City Lord did not dare to neglect, and even got up and ran away.

As soon as he arrived near the gate of the city lord’s mansion, the city lord of Qinghai saw a stern figure in black. On this black figure, the Qinghai City Lord felt a terrifying sense of oppression.

The Qinghai City Lord suddenly set off a storm in his heart.

“Super strong!”

“Far beyond my super power! It is definitely the existence of the Supreme Realm!”

“No!” Immediately afterwards, the Qinghai City Lord felt the mysterious aura on Xu Ming’s body,  
“This kind of aura! This is...”

The Qinghai City Lord suddenly recalled that when he was fortunate enough to meet a Heavenly Sovereign... he felt the same aura!

“Heaven Supreme!!”

Chapter 2006: Eternal Domain!

“Heaven Supreme!!”

Every Heavenly Supreme is a character who suppresses one side!

Such a strong man, not to mention in a small city like Qinghai City; even in those big cities, it is rare to see a dragon in sight!

Like the Qinghai City Lord, under normal circumstances, he is not even qualified to meet the Supreme Being. And now, there is a Heavenly Supreme standing in front of him, how can the Qinghai City Lord not be shocked and terrified?

“I don’t know who the senior is...” Qinghai City Lord asked in panic.

Xu Ming casually edited: “I just awakened my past life memory and regained my strength... The past is too far away, you don’t need to ask more; just tell me, what is the situation in the real universe now! This Qinghai city is located in the real universe again. what territory!”

“Yes!” The Qinghai City Lord did not doubt, nor did he dare to doubt it.

Heavenly Supreme, has the supernatural power of reincarnation.

Although, the risk of reincarnation is extremely high, and it is very likely that he will fall directly after reincarnation, and there is no chance to awaken any past life memories. However, there are still some Heavenly Supremes who will take risks and reincarnate in order to avoid their enemies or to climb to a higher cultivation realm.

After reincarnation, it is normal to refuse to reveal the identity of the previous life. Therefore, the Qinghai City Lord did not dare to ask more.

“Also invite senior to come with me and have a good talk at my mansion!” The Qinghai City Lord bowed slightly and said.

“Yeah!” Xu Ming nodded slightly.

At this moment, the two high-ranking Supremes guarding the gate of the city lord’s mansion fell silently and instantly lost their vitality.

“Oh?” Xu Ming couldn’t help but glanced at the Qinghai City Lord with a slightly surprised look – that’s really cruel! In order to keep secrets for himself, without even thinking about it, he directly beheaded the subordinates who knew it.

But Xu Ming didn’t care about that either. This identity of his is a disguise; when he leaves the City Lord’s Mansion, this identity will cease to exist.

The Qinghai City Lord carefully invited Xu Ming into the mansion: “Senior, please take your seat!”

Xu Ming unceremoniously sat down on the throne of the city lord.

The Qinghai City Lord personally served tea respectfully: “I don’t know what seniors want to ask?”

Xu Ming said lightly, “Tell me first, which of the eight major territories is this one!”

The Qinghai City Lord replied, “This is the Eternal Realm!”

Eternal Domain! ?

Xu Ming was shocked.

“That’s right! Eternal Domain!” The Qinghai City Lord said again with certainty.

At the same time, the Qinghai City Lord couldn’t help but guess in his heart: “When this senior was in his previous life, was he the Supreme Being of the Eternal Realm? Why did he have such a big reaction after hearing the Eternal Realm?”

“Eternal Domain...” Xu Ming was lost in thought.

In terms of the eight realms of the real universe, which one would Xu Ming want to appear in the most; it was undoubtedly the eternal realm. After all, Xu Ming wanted to go to the Eternal Palace to find Xu Yin.

Now that he has just appeared in the Eternal Domain, for Xu Ming, it is a lot less troublesome.

“Then...” Xu Ming asked again, “How far are you from the Eternal Palace?”

“The Eternal Palace is the core of the Eternal Domain, and our Qinghai City is just a small border town in the Eternal Domain!” Qinghai City Lord said.

“Oh!” Xu Ming understood.

However, as long as it is in the Eternal Domain, it is more convenient than in other domains.

Xu Ming thought for a while, and then asked, “Then there are bigger business alliances, auctions, etc. near Qinghai City?”

Xu Ming urgently needs level 23 and level 24 hanging points.

For level 23 hanging points, you need “Universe Origin·Void” to exchange.

Level 24 hanging points, you need “Universe Origin · True” to exchange.

And the origin of the universe, in the small city of Qinghai, obviously cannot exist.

The Qinghai City Lord continued: “There is a large-scale auction that will be held in Shenyu City recently! I heard that many Heavenly Supremes will participate. When that time comes, I will also join in the fun!”

The Qinghai City Lord explained again: “Shenyu City is the largest city nearby! The Lord of Shenyu City is also a Heavenly Supreme!”

The city where Tian Zhizun serves as the city lord, and the city where Ren Zhizun serves as the city lord, naturally judges.

“Yeah!” Xu Ming nodded slightly.

After that, he casually learned about other information in the Eternal Domain, and got up and left.

“Senior!” The Qinghai City Lord shouted, “Why don’t you just stay in my mansion, senior? I will never leak any news about the senior!”

“No need!” Xu Ming said lightly.

“Then... Senior, do you want to go to Shenyu City together to participate in the auction?” The Qinghai City Lord asked again.

“Let’s talk about it! If you want to go together, I will come to find you!” Xu Ming said, and disappeared in an instant.

“Hey...” The Qinghai City Lord could only sigh with regret—what a rare opportunity to befriend a Heavenly Sovereign-level power! Unfortunately, he didn’t seem to be able to hug this thigh.

“It will be long in Japan! It will be long in Japan! There will be opportunities!” The Qinghai City Lord could only comfort himself like this.

...

Xu Ming walked out of the City Lord's Mansion, changed his body, and returned to his original appearance.

“Qinghai City is too small, obviously there is no chance! Go back!” Xu Ming secretly said, “It’s time to go back and see how the group of recruits under my command is doing now!”

Now that he has become the centurion, Xu Ming must of course act well.

Everyone thought that the recruits assigned to Xu Ming were the most unlucky ones! But in fact... the 100 recruits under Xu Ming are probably the luckiest 100 people in Qinghai City!

You know, even the city lord of Qinghai wanted to hug Xu Ming's thigh but couldn't; but Xu Ming's 100 recruits had already successfully hugged Xu Ming's thigh. It's just that they don't know it.

Back to barracks.

Xu Mingcai suddenly found out: “Hey—why don't you cultivate? Isn't there a cultivation resource in the Qinghai Navy? It shouldn't be difficult for you to break through to the half-respected realm by relying on these cultivation resources! Why doesn't everyone cultivate?”

When Xu Ming spoke, he was still slightly angry.

In a place like the army, once you go to war, it's a life-and-death battle! What is the difference between the hundred recruits under oneself, if they don't cultivate well to improve their strength, and wait to die?

However, at this time, the recruits under Xu Ming's team were complaining:

“Cultivation resources? Where did you get the cultivation resources?”

“Yeah! We only joined the Qinghai Navy because we had reached a bottleneck in our cultivation! If we have the resources for cultivation, of course we must cultivate well; but without the resources for cultivation, our cultivation will be meaningless!”

“Who doesn’t want to practice!”

“Yes! We also want to practice!”

...

“Huh?” Xu Ming listened, frowning more and more, “What’s going on? Where are your cultivation resources?”

The recruits said aggrieved: “Our cultivation resources have been taken away by Zang Leng Supreme’s people! There is nothing left!”

“What!?” When Xu Ming heard this, he almost exploded, “Someone dares to \*\*\*\*\* the cultivation resources under my command!?”

Chapter 2007: Plunder

“Someone dares to \*\*\*\*\* the cultivation resources under my command!?”

Is this a question of cultivation resources?

no!

To be honest, even if the treasures of the entire Qinghai City were handed over to Xu Ming, Xu Ming would not take it seriously.

But what’s the problem?

It’s a face problem!

To \*\*\*\*\* the resources of Xu Ming's subordinates, isn't this hitting Xu Ming in the face?

All along, only Brother Ming has slapped others in the face, so why has it been someone else's turn to slap Brother Ming in the face?

"Go!" Xu Ming said directly.

Walk?

The recruits under Xu Ming were a little confused: "Where are you going?"

"Look for Zang Leng Supreme!" Xu Ming said directly.

The recruits continued: "Zang Leng Supreme's strength is among the top of the lower-ranking Supremes! Moreover, all the recruits under him are also powerful..."

"If you want to cultivate resources, just follow me!" Xu Ming said coldly.

The recruits looked at each other in dismay, and finally gritted their teeth and followed Xu Ming—after all, they joined the Qinghai Navy for the purpose of training resources; if they didn't have the training resources, they would definitely not be able to keep up with their strength if they stayed in the army. Sooner or later die in the mission. And now, since they have the opportunity to get training resources, these recruits can't control too much!

First take the cultivation resources and improve the strength. As for whether this will offend anyone or not, it will be a matter of the future.

boom!

Xu Ming led his new recruits, rushed out of the barracks, and headed straight for Zang Lengzhi's barracks.

Such a high-profile momentum naturally alarmed many barracks along the way.

Many recruits are watching and discussing:

“What are they going to do?”

“Are you going to seek revenge for Zang Leng Zhizun and the others?”

“Haha... Just relying on this group of rabble, still want to seek revenge for the most powerful Zang Leng Zhizun?”

“That’s right! Although Xu Ming can kill Shi Heng in an instant, his strength is not weak; however, Zang Leng Zhizun is also not a vegetarian! Besides, Zang Leng Zhizun’s subordinates are full of excellent generals – what does Xu Ming do to fight him?”

“Looking at their appearance, they should be going for revenge! But... don’t talk about revenge! Don’t be repaired again, it’s already very good!”

“Haha... let’s go! Watch their jokes!”

...

Zang Leng Supreme, of course, also heard the news that Xu Ming brought people to seek revenge.

“Is it finally here?” Zang Leng Zhizun had a sneer at the corner of his mouth, “General Shi has long entrusted me to teach Xu Ming a good lesson in the barracks, and it’s ‘just teach not to kill’! Now I finally have a chance!”

As for Xu Ming’s strength, Zang Leng Zhizun did not pay much attention to it. In his opinion, Xu Ming’s cultivation has not yet reached the Supreme Realm. No matter how strong he is, where can he be strong?

“Although my cultivation level is still a low-ranking supreme, my strength is comparable to that of a middle-ranking supreme!” Zang Leng supreme thought to himself, “Although Xu Ming has killed Shi Heng in an instant, his strength will never reach the level of a median-ranking supreme! As long as he dares to stand in front of me, I can harass as much as I want! Hahahahaha...”

Zang Leng Zhizun was thinking...

boom! !

Suddenly, a huge slap slammed open the gate of his barracks without warning, and in a flash, it was printed on his face.

Snapped!

Zang Leng Zhizun hadn't even realized what was going on before he was blasted out of the barracks by this slap.

Bang!

Zang Leng fell to the ground with respect.

At this time, the recruits who came to watch the fun also recognized the figure who fell to the ground in a woeful manner.

"This is...?"

"It seems to be Zang Leng Supreme?"

"Zang Leng Supreme, was slapped by Xu Ming?!"

"How is this possible!? Xu Ming's strength is much stronger than Zang Leng Zhizun!?"

"It must be Zang Leng Zun's carelessness, that's why he was attacked by Xu Ming!"

...

Sure enough, Zang Leng Zhizun was furious: "You dare to attack me!? You are courting death!!"

sneak attack?

Snapped!

Xu Ming raised his palms and slapped them again, knocking Zang Leng Zhizun to the ground again.

“You...” Zang Leng Zhizun’s eyes were red with anger, “You still dare to attack!?”

“What!?” Xu Ming was stunned when he heard this – this is also called a sneak attack! ?

The other centurion recruits who came to watch were also stunned – everyone else beat you in front of you, how can you call it a sneak attack?

Snapped!

Xu Ming raised his hand and slapped again: “Sneak attack? What’s wrong with me just sneaking up on you! What’s wrong with me just sneaking on you!?”

Snapped! Snapped! Snapped! ...

Slap one after another.

The continuous slaps directly caused Zang Leng Supreme to doubt life, and at the same time, he was completely convinced.

After a bunch of slaps, Zang Leng Zhizun finally realized the reality – his strength is far inferior to Xu Ming!

Zang Leng Zhizun was pulled into a corner, so pitiful: “You... what are you trying to do!?”

“Hand over all of your cultivation resources!” Xu Ming said lightly, “Including the ones you robbed from my subordinates, and also your own shares—please note, it’s ‘all’!”

“You... you are deceiving people too much!” Zang Leng Zhizun gritted his teeth.

boom!

At the same time, the demigods under Zang Leng Supreme also formed a large formation in an instant, and they wanted to fight Xu Ming to the death.

“Oh?” Xu Ming’s eyes lit up, “How dare you resist!?”

clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap clap...  
clap clap clap...

A few minutes later, Zang Leng Zhizun and his recruits were all honest. However, everyone’s face is covered with palm prints.

“Go! Search!” Xu Ming gave an order, and the recruits under his command scoured the cultivation resources like wolves pounced on little sheep.

The hundred recruits under Xu Ming no matter what opinions they had on Xu Ming before; but at this moment, they all obeyed Xu Ming!

“Haha! Not only did I get all my cultivation resources back, but I also gained a lot more!”

“With these cultivation resources, I will be able to break through to half-respect!”

“I really want to go back to practice right away!”

Go back to practice immediately?

Xu Ming smiled: “Don’t worry, there’s more!”

“Anything else?” Xu Ming’s subordinates were startled, “Didn’t you search all of them?”

Xu Ming smiled strangely: “And... this group of people watching the fun!”

Brother Ming’s liveliness, are you just watching it casually?

Besides, among this group of people watching the fun, how many have never mocked Xu Ming and the others? Search these people again, there is absolutely no injustice!

Xu Ming slowly raised his slap: “Look... do you want me to do it? Or are you conscious?”

“Xu Ming, don’t be too arrogant!”

“We have nearly a hundred Supremes and thousands of Half-Respects here! You have not even reached the Supreme Realm, no matter how strong you are, where can you be strong?”

...

“Alas!” Xu Ming sighed, “It seems... I still have to do it myself!”

clap clap clap clap clap clap clap clap clap clap clap clap clap clap...

After the palm shadows all over the sky, all the people watching the fun also became honest.

Chapter 2008: Recruit Relatives

Ten thousand years later.

Thousands of years, like a flick of a finger in the real universe.

For almost every powerhouse in the real universe, ten thousand years have passed as soon as their eyes are closed or opened.

However, for the 100 recruits under Xu Ming, this short 10,000 years is actually 10,000 years when their strength has grown by leaps and bounds. With the supply of a large number of cultivation

resources, the 100 realm masters, almost every one of them. They have all broken through to the half-respect realm!

“Brother Ming!”

“Brother Ming!”

“Brother Ming!”

At this time, the hundred recruits had already convinced Xu Ming.

When Xu Ming walked past the barracks, every soldier under his command bowed slightly and looked at Xu Ming respectfully and enthusiastically.

“Yeah!” Xu Ming nodded slightly at the recruits, then suddenly stopped and asked, “Have those new centurions and their recruits handed over the training resources this time?”

The Qinghai Navy, every five thousand years, will send out cultivation resources.

Since Xu Ming led his subordinates to loot the cultivation resources of all other recruits twice, the other centurions and their recruits have learned to behave well—this time, without Xu Ming going to the field in person, the other recruits will take the initiative to turn in the training resources. resource.

“It’s all handed in!” the subordinates said in succession.

“That’s good!” Xu Ming said lightly, “If anyone dares not to pay, just tell me, and I’ll come and talk to them!”

Brother Ming came to chat, not just for fun!

Instead, we talk with slaps!

...

boom! !

General Stone's Mansion.

A valuable stone table was directly smashed into pieces by General Shi.

“Damn Xu Ming!”

General Shi listened to the report from his subordinates, and his veins protruded with anger.

“Because of the warning from the Lord of the City, I can't do anything to Xu Ming in Qinghai City...” General Shi was angry, “I didn't expect Xu Ming to be so arrogant in the military camp!”

“General Shi, we have to find a way to get rid of Xu Ming as soon as possible!”

“Yeah! General Shi! There are already people in the barracks gossiping, saying that you can't do anything about Xu Ming – if this continues, it will be detrimental to your reputation as General!”

“General Stone...”

General Shi waved his hand and interrupted his subordinates: “Humph! Don't worry! There will be a chance to get rid of Xu Ming! – Now Xu Ming is nothing more than arrogance before death!”

At this moment, General Shi suddenly froze slightly.

“Huh? Summoned by the city lord?” General Shi looked puzzled, “I don't know what the city lord has summoned me...”

However, General Shi did not dare to hesitate, and continued: “You go back first! The city lord summoned me, and I have to rush to the city lord's mansion immediately!”

While speaking, General Shi rushed out.

call out-

Qinghai City is just that big. In a blink of an eye, General Shi rushed to the City Lord's Mansion.

"Huh?" What made General Shi puzzled was that besides him, almost all the other high-level officials of Qinghai City came, "So many people? What happened?"

"Everyone!" At this time, the voice of the Qinghai City Lord solemnly sounded, "I just got the news that the emissary of the Eternal Palace is about to come to our Qinghai City, and we are ready to pick it up immediately!"

As soon as the Qinghai City Lord's voice fell, all the high-level officials of Qinghai City became quiet.

"what!?"

"The messenger of the Eternal Hall is coming!?"

"Why did the Eternal Hall messenger come to a small place like our Qinghai City?"

You must know that the emissaries of the Eternal Hall are all powerful people in the realm of "Earth Supreme"!

Moreover, the Eternal Hall is the largest force in the true universe; the powerhouses in the Eternal Hall are generally stronger than those of the same level, and their status is also higher! After all... Generally speaking, walking in the real universe, as long as the three words "Eternal Palace" are reported, no one dares to deceive! Even the Supreme Being of Heaven would not dare to bully the Supreme Being of the Eternal Hall casually.

"City Lord, do you know what's going on?" General Shi couldn't help asking.

"I don't know either!" said Qinghai City Lord.

However, the Qinghai City Lord had some guesses in his heart: “Could it be... for that mysterious powerhouse?”

The Qinghai City Lord couldn’t help but think of the “Supreme Heaven” that Xu Ming had disguised as before.

Although the Qinghai City Lord did not reveal any news about “Xu Ming”, in his opinion, the Eternal Palace may have learned about it from other sources. Besides, in the small Qinghai City, apart from the mysterious powerhouse, there seems to be nothing that can attract the emissaries of the Eternal Hall.

boom-

Just as the Qinghai City Lord was guessing, a high-spirited aura suddenly descended.

Qinghai City Lord and other powerhouses couldn’t help but look up. I saw that in the middle of the sky, a golden figure was slowly descending – it was the messenger of the Eternal Hall.

“Meet the messenger!” The Qinghai City Lord continued.

“Meet the messenger!” Other senior officials of Qinghai City also bowed.

“All are exempted from the ceremony!” The Eternal Hall messenger said lightly, “I am here this time just to read a list!”

annunciation?

The City Lord of Qinghai wondered in his heart – what was the text, and the emissary from the Eternal Hall came to read it in person?

The emissary of the Eternal Hall did not continue to pay attention to the Qinghai City Lord and others, but directly covered the entire Qinghai City with the domain, and read the list:

“Today, my saintess of the Eternal Hall, ‘Xu Yin’, invites relatives to the entire real universe! Anyone who has cultivated to the realm of Heavenly Supreme, or who has a predestined relationship with the ‘Eternal Saintess Token’ can go to my Eternal Hall, Participate in recruiting!”

The voice of the emissary of the Eternal Hall covered the entire Qinghai City and entered the ears of every strong person in the city. Even the powerhouses who are in retreat can hear it clearly.

at the same time...

In the high sky of Qinghai City, a floating billboard appeared. Every time the emissary of the Eternal Hall said a word, a word appeared on the list.

I don’t know when, the messenger of the Eternal Hall has left; but the floating text in the sky is still hanging high for a long time.

...

“Recruiting relatives?”

“And it’s the Holy Maiden of the Eternal Temple recruiting a relative!?”

Qinghai City Lord and other great experts are a little shocked.

This is the saintess of the most powerful force in the universe! —It is no exaggeration to say that she is the most eye-catching female cultivator in the entire real universe!

And now, Xu Yin, the saintess of the Eternal Temple, has publicly recruited relatives to the entire real universe?

Even the Qinghai City Lord felt a little excited when he thought about it.

But soon, the Qinghai City Lord laughed at himself: “How can I be qualified to covet such a saint? If you don’t say anything else, just say ‘cultivation’. !”

The Qinghai City Lord still has self-knowledge, knowing that he is not even qualified to peep at all!

“Unless...you can get the Eternal Saint Maiden Token!” The Qinghai City Lord thought again, “But what if you get it? It’s just to be able to participate in the recruitment! With my strength and background, even if I can enter the recruitment process, I am afraid it will take a few minutes. Get crushed to death!”

The Qinghai City Lord no longer thought about it.

“However...my mysterious existence in Qinghai City, if you are interested in participating in the recruitment, maybe there is still a chance to win!”

The mysterious existence that the Qinghai City Lord thought of was naturally Xu Ming.

Chapter 2009: The Sovereign Mansion

“Xu Yin?”

“The Holy Maiden of Eternal Temple?”

“Recruiting relatives?”

...

Looking at the floating bulletin in the sky, Xu Ming was a little surprised, but more displeased.

“Xu Yin himself, it is definitely impossible to take the initiative to announce this kind of marriage proposal! That’s what the high-level officials of Eternal Palace released!” Xu Ming frowned and thought to himself, “But, why does Eternal Palace announce this kind of marriage proposal? Could it be that? ...Do you want to use the saintess to recruit relatives, so that you can marry other forces?”

All Xu Ming could think of was marriage.

Suddenly, Xu Ming became more and more unhappy.

Although Xu Yin is the saintess of the Eternal Temple, you must know that, first of all, she is Xu Ming's daughter!

The matter of marriage can be decided by Xu Yin himself or by Xu Ming's father, but... When will it be the Eternal Hall's turn to decide?

Even if the Eternal Palace is the largest force in the true universe, it is not qualified to recruit relatives for Xu Yin!

"It seems that I have to go to the Eternal Palace to have a look no matter what! If this marriage was voluntarily made by Xu Yin, that's fine; but if it was forced by the Eternal Palace..." Xu Ming's eyes gradually turned cold. , "Humph! Even if it is the largest force in the true universe, I will turn you upside down!"

However, before going to the Eternal Hall, Xu Ming has to improve his strength!

And it is urgent to improve the strength!

After all, once Xu Ming goes to the Eternal Hall, his identity may be revealed; in that case, Xu Ming will face the existence of the Great Venerable!

These are all things that Xu Ming needs to be prepared for!

"Fortunately, the recruiting is not going to happen immediately!" Xu Ming secretly said, "There is still a lot of time, let me improve my strength!"

strength!

strength!

Xu Ming urgently needs to improve his strength!

However, such a thing as strength is useless! And after arriving in the real universe, Xu Ming couldn't use many plug-in functions, so he had to calm down and practice meditation.

...

Years are like a river.

In the blink of an eye, another thousand years.

"It's been more than 20,000 years since my cultivation broke through to the peak of the Supreme Being, and I still haven't improved in the slightest!" Xu Ming sighed.

But it's normal!

If Xu Ming made another breakthrough, it would be from an ordinary high-ranking supreme to a "human supreme"! This shackle is not so easy to break through!

Besides, at the level of Xu Ming, 20,000 years is really just a matter of closing and opening one's eyes! Generally speaking, if you want to break through from the ordinary high-ranking supreme to the human supreme, let alone 20,000 years, even two trillion epochs are far from enough!

"Not urgent!"

Xu Ming was not in a hurry.

After all, the time he came to the real universe was very short.

Xu Ming's own cultivation has not improved much, but the recruits under him have improved a lot in the past 20,000 years. The weakest ones are already the fourth-order half-respects; the strong ones have even reached the sixth-order half-respects!

These recruits are naturally aware that their own cultivation cannot be improved without Xu Ming's help – after all, if Xu Ming hadn't helped them rob so many cultivation resources, their cultivation would not have improved so quickly!

The 100 recruits under Xu Ming are equivalent to enjoying the training resources of 10,000 recruits!  
Can the cultivation base improve quickly?

As for the recruits under the other centurions, their strength has hardly improved in the past 20,000 years. Without the supply of resources, in just over 20,000 years, there is no way to cultivate anything.

Sudden-

boom!

boom!

boom! !

The rapid and tense bell rang directly in the entire Qinghai Navy.

“Huh?” Xu Ming was slightly startled, “This is... the assembly bell!”

Then, a majestic voice resounded directly!

“All the Qinghai Navy assembled, set off!”

Immediately, the entire Qinghai Navy moved.

Up to the generals, down to every soldier, all assembled.

Xu Ming and his recruits were no exception.

“What happened? All of a sudden the whole army assembled and went straight to the expedition?”  
Xu Ming was also a little puzzled.

Immediately, Xu Ming explained to his recruits and said, “When the time comes, you should follow me carefully and don’t run around!”

Soon, the Qing Navy assembled.

The figure of Qinghai City Lord stalwart appeared in the sky: “Everyone, follow me!”

“Yes!”

“Yes!”

The strong men in Qinghai City, the commanders and generals of the Qinghai Navy, all responded, and immediately followed behind the city lord.

The commander-in-chief of the Qinghai Navy followed closely with their respective generals. The centurion followed behind the ten thousand.

An army of one million smashed out in a mighty manner.

Xu Ming’s spiritual thoughts quietly enveloped the entire Qinghai City: “Almost all the powerhouses in Qinghai City have come out of their nests! There are not even a few powerhouses left behind!”

Xu Ming secretly exclaimed: “It seems that it doesn’t look like he is going to attack some force, but it looks like something big has been discovered!”

As for what the big discovery was, the Qinghai City Lord didn’t tell anyone, and Xu Ming couldn’t spy on it for the time being.

but...

Xu Ming was not really interested in the so-called great discovery. After all, it may be a big discovery for the Qinghai City Lord, but it may not be anything to Xu Ming—Xu Ming and Qinghai City Lord are at two completely different levels.

rumbling...

Under the leadership of the Qinghai City Lord, the army of one million smashed through time and space in a mighty manner, smashed out of Qinghai City, and went south. After a while, he arrived at a time and space shrouded in mist.

“This is...?” Xu Ming’s spiritual sense quietly extended, and probed into the depths of the mist.

The fog obscured time and space, blocking the exploration of Qinghai City Lord and other powerhouses, but it couldn’t stop Xu Ming’s spiritual sense.

“It seems to be the nest of a strong man!” Xu Ming quickly came to a judgment, “It was originally hidden in the depths of time and space Now it seems to be exposed because the formation is damaged!”

Xu Ming felt the mystery of the formation in the fog: “If it’s not unexpected, it should be the home of a certain Earth Supreme! And that Earth Supreme may have fallen long ago!”

Xu Ming let go of his fears – he himself is the supreme power! Moreover, among the Supreme Beings, there should be no weak existences; how could they be afraid of an Earth Supreme who has fallen?

Sure enough, the Qinghai City Lord said: “Here, it should be the mansion of the ‘Earth Deficient Supreme’ that fell before the endless years! – The mansion of the Supreme Deficient Land has never been found, and now it is finally here! This is us. The opportunity of Qinghai City lies!”

Qinghai City Lord’s eyes are frantic – after all, this is the mansion of a supreme man! It is very likely that there is a supreme treasure inside!

“However...” Qinghai City Lord said again, “Earth Supreme is Earth Supreme after all! Even after countless years, the formation left in this mansion is still powerful! I have tried many times, but I still can’t find the entrance to the mansion! ”

It was precisely because he couldn’t find it that the Qinghai City Lord mobilized the entire Qinghai Navy to prepare to enter the fog and conduct a carpet investigation.

“If anyone can help me find the entrance to the mansion, I promise him the position of the deputy city lord and the treasures that match it!” The Qinghai city lord said loudly, “Others, as long as they go into the fog to find them, they will all be rewarded!”

## Chapter 2010: Pray For Ming

“The entrance to the mansion?”

The fog could stop the Qinghai City Lord’s spiritual thoughts, but it couldn’t stop Xu Ming.

Xu Ming had already seen the entrance to the mansion, but he didn’t want to tell the Qinghai City Lord. Because... Xu Ming himself also wanted to enter the mansion to have a look and see if there would be anything to gain.

“It is worth looking forward to a mansion of the Supreme Being, maybe there will be ‘Origin of the Universe: Void’!” Xu Ming secretly said.

The origin of the universe, Void, is difficult for the Supreme Being to obtain; but it is not difficult for the Supreme Earth to obtain!

And “the origin of the universe, truth”, is generally in the hands of the Supreme Being.

“I’m hiding in Qinghai City, I just want to get acquainted with the real universe, and I’ll leave here after a while! I didn’t expect that I also encountered a supreme mansion... This is an unexpected gain!”

Now that such a good thing happened, Xu Ming certainly wouldn’t be polite!

It’s just that I pity the Qinghai City Lord, busy with anticipation, but in the end, it’s cheaper for Xu Ming.

At this time, the Qinghai City Lord had already told some of the information he had learned before to the powerhouses in Qinghai City. For example, which areas are more dangerous, and which direction is the most likely to find the entrance... As for the specific army deployment, that is the matter of the commanders and generals of the Qinghai Navy.

“Go!” The Qinghai City Lord ordered, “It’s not too late! If it is known by other forces, it will inevitably cause some twists and turns!”

The Sovereign Mansion is enough to arouse the jealousy of the other Sovereign! If it is known by other forces, it is entirely possible that they will come to \*\*\*\* it!

Immediately, the commanders and generals of the Qinghai Navy all began to deploy their generals and rushed into the fog.

Supreme Lei Shuang, also known as Xu Ming’s commander-in-chief, was assigned to a relatively safe area. After all, Supreme Lei Shuang is a newly promoted captain, and his subordinates are also some recruits; they will naturally not be assigned too difficult tasks for their first expedition.

“You, one hundred centurions, lead your subordinates in turn and enter from different positions!” Supreme Lei Shuang said, “After entering the fog, the time and space are distorted; even if you enter from a nearby place, you may be very far apart when you enter! So...every centurion must lead his subordinates!”

Immediately, the centurions under Supreme Lei Frost began to enter the fog with their respective men and horses.

Xu Ming was also about to enter.

But at this moment...

“Xu Ming, wait a minute!” Supreme Lei Shuang said suddenly in a deep voice.

“Huh?” Xu Ming looked over in confusion.

Supreme Thunder Frost pointed to the other direction of the mist and said, “Take your subordinates to that area!”

Xu Ming looked at the area pointed by Lei Shuang Supreme, and his face became slightly gloomy – the area pointed by Lei Shuang Supreme was in charge of another commander, and it was also the most dangerous area in the fog.

“Leishuang Supreme!” Xu Ming said angrily, “That place doesn’t seem to be your area of responsibility, right?”

Although this fog did not pose any threat to Xu Ming in the slightest; however, the Supreme Lei Shuang had now made it clear that he was tricking him, which made Xu Ming a little unhappy. At the same time, Xu Ming thought about it with his toes, and he knew that behind this, General Shi was definitely making trouble!

“This is an order!” Supreme Lei Shuang said coldly, “Do you want to disobey?”

“Huh!” Xu Ming suddenly laughed.

However, Xu Ming didn’t want to reveal his strength and identity for the time being, so he could only look at Supreme Lei Shuang with a profound meaning, and then took his men directly towards the area pointed by Supreme Lei Shuang.

Lei Frost Supreme was expressionless.

“Ha!” General Shi in the distance smiled disdainfully, “No matter how arrogant you are, do you still dare to disobey the military order?”

Assigning tasks to his subordinates is an internal matter of the Qinghai Navy; the Qinghai City Lord would not pay attention to such trivial matters, nor did he notice that Xu Ming was assigned to the most dangerous area. And... even if the city lord of Qinghai noticed it, he wouldn’t say anything – in his eyes, Xu Ming was just a genius with some potential; the city lord of Qinghai didn’t protect Xu Ming everywhere.

General Shi also saw the attitude of the Qinghai City Lord, so he dealt with Xu Ming at this time.

“Xu Ming!” General Shi’s voice transmission sounded directly in Xu Ming’s mind, “I hope you can come back alive... I have prepared a lot of programs for you!”

Xu Ming turned his gaze to General Shi and said nothing, but a meaningful smile appeared on the corner of his mouth.

For some unknown reason, General Shi felt a little chill when he saw Xu Ming's smile.

Immediately afterwards, Xu Ming led his men into the mist.

...

"Everyone!" In the fog, Xu Ming looked at the hundred recruits under his command and said, "Because of me, you have also fallen into this most dangerous area! But... now we have just entered the fog, and we are still in the fog. There will be no danger on the edge of it! Well, you are all waiting for me here, and I will go deep into the fog and explore!"

However, what Xu Ming didn't expect was that just after he said these words, the 100 recruits under his command suddenly became excited.

"Brother Ming!"

"Brother Ming, what are you talking about? If you want to go in together, how can you let you go in alone and take risks?"

"Brother Ming! If it weren't for you, we wouldn't have achieved what we are today; I'm afraid we are still at the bottom of the Qinghai Navy and being bullied! Now, Brother Ming, you are being targeted and assigned to this most dangerous area. We Of course there will be difficulties!"

"Yes! It's difficult to be the same!"

One hundred subordinates said without hesitation.

Xu Ming couldn't help but be moved a little – adversity sees true love!

Xu Ming did not expect that in the face of adversity, these 100 subordinates would not hesitate to share adversity with him!

“When I leave Qinghai City, I must settle them first!” Xu Ming couldn’t help thinking.

But right now... Xu Ming said that he wanted to go in and explore alone. It wasn’t a polite remark, and it wasn’t all for his subordinates’ consideration, but because—Xu Ming planned to take advantage of this moment to enter the supreme mansion and search it first! Of course, this kind of thing has to be done secretly; how do you do it with a group of subordinates ?

Therefore, this group of subordinates, of course, it is best to stay here!

However, Xu Ming just proposed to “go deep alone”, and all of his subordinates were obliged to share weal and woe with Xu Ming... This made Xu Ming very embarrassed!

Xu Ming can’t tell them the truth: I’m strong and I don’t need you!

After thinking about it, Xu Ming said, “This is an order, you must not disobey!”

call out-

Saying that, Xu Ming dodged directly and entered the depths of the mist.

In the fog, time and space were chaotic; Xu Ming’s 100 recruits couldn’t keep up with Xu Ming’s pace, so they had to stay where they were.

Every recruit was moved.

“Brother Ming...”

“Brother Ming chose to take risks alone in order to protect us...”

“Brother Ming’s kindness to us is too heavy!”

“From today, this life of mine belongs to Brother Ming!”

“That’s right! As long as Brother Ming can come back alive, no matter what I do, I will never frown!”

“Let’s pray for Brother Ming together! Pray for Brother Ming to return safely!”
