

# A World 2021

## Chapter 2021: The Greats Called Daddy

? A “Dad”, saved a life.

Yaomu Banzun walked off the stage, but none of the Banzun laughed at him; including the Banzun who had a holiday with Yaomu, they all kept their mouths shut and didn’t make a mocking voice—the other Banzun knew very well, no matter who it was. On the battlefield, you have to honestly “call Dad” to save your life; if that’s the case, what’s the point of laughing at Yao Mu Banzun?

“Hey...” The Supreme Being of Killing Enemy sighed secretly, “It seems that the first ten battles are impossible to pose any threat to Xu Ming!”

The challenge of “Hundred Victories” involves a total of 100 battles.

Because what Xu Ming showed was a “half-honored” cultivation base, his opponents in the first ten battles would also be half-exalted cultivation bases.

From the eleventh to the thirtieth battle, they will be the opponents of the “Lower Supreme” cultivation base.

From the thirty-first battle to the sixtieth battle, they will be the opponents of the “median supreme” cultivation base.

From the sixty-first battle to the ninety-ninth battle, they will be the opponents of the “high-ranking supreme” cultivation base.

In the last battle, the opponent will be the cultivation base of “Supremacy of the Subordinates”!

A half-honor, to be battled by so many supreme wheels, and finally to face the “subordinate supreme”; it is no wonder that almost no one can achieve the “hundred victories” challenge of Shenyu Battle Stage!

If any half-respect can do it, his talent and chance are absolutely terrifying!

Now, although Xu Ming has won two games in a row and is extremely brave, no one thinks that Xu Ming can successfully challenge the “hundred victories”! After all, in history, there were too many semi-respects who performed better than Xu Ming in the first two battles!

Although Xu Ming’s performance is dazzling, it is still far from “shocking the world”!

“I still have to go up to eight and a half...” The Supreme Being who killed the enemy already had a candidate in mind, so he named eight names among the half-honor under his command, and said, “Half-rank level, it is absolutely impossible to threaten Xu Ming. You eight, you don’t have to go to the stage to fight, just go up and admit defeat!”

The eight demigods who were named had no choice but to walk on the stage unwillingly—others went to the stage to fight, but they went to the stage to “call Dad”.

“dad!”

“dad!”

“dad!”

...

And Xu Ming is also about credibility. As long as he calls “Dad”, he will let him go and not kill him.

The eleventh battle...

The Supreme Being of Killing Enemy naturally sees that in the first thirty battles, it is impossible to stop Xu Ming’s victory, and at most it can only cause a little threat to Xu Ming! Therefore, in the eleventh battle, the Supreme Being of Killing Enemy directly dispatched the “Supreme Haichuan” with the highest strength among the lower-ranking Supremes.

boom-

Haichuan Supreme stepped on the battlefield, and his momentum was surging in a mighty manner —although he was a lower-ranking Supreme, his strength far surpassed that of the lower-ranking Supreme!

“Xu Ming?” Haichuan Supreme sneered, “You are very arrogant! But...the first ten battles are just a warm-up and can’t really prove your strength; I want to try, do you really have the qualifications to be arrogant! – Be ready to take on the challenge. Yet?”

Haichuan Supreme has a proud attitude.

It’s just... Haichuan Supreme would never have thought that Xu Ming would be a “superior supreme” cultivation base; after all, treasures like “Feng Zhou Ding” that can hide cause and effect and change cultivation bases are even earth supreme and heaven supreme. If you can’t see through it, in the entire real universe, you can’t find a few pieces!

How could the Supreme Oceanic and the Supreme Being of Killing Enemy have thought that Xu Ming would have such a treasure on his body!

If Haichuan Supreme knew, he would definitely not be proud now!

Xu Ming just casually glanced at his opponent and said, “Call Dad!”

“You...” Haichuan Supreme was furious, “I don’t know whether to live or die! I wanted you to live a little longer, since you...”

call out!

Before Haichuan Supreme could speak, Xu Ming’s spear had already penetrated his divine body! It was also a serious shot, and the divine body was damaged more than half!

“What!?” Haichuan Supreme suddenly widened his eyes in horror.

“What!?” This time, the Supreme Being who killed the enemy was really a bit shocked – crushing the half-lord, and crushing the lower-level Supreme, these are two completely different concepts!

“It’s no wonder that the Qinghai City Lord dared to bet that Xu Ming would win fifty games!” The Supreme Being of Vengeance had already seen that Xu Ming definitely had the strength to win fifty games! And I am afraid it will be very easy to win fifty games!

The powerhouses watching the battle were also shocked.

At this time, Xu Ming just said lightly: “Call Dad, or die!”

Haichuan Supreme blushed – just after he said harsh words, he was going to call his father?

Shout it out!

“Dad!” Haichuan Supreme also wisely chose to let go of his dignity.

The Supreme Being of Killing Enemy could see that at the lower level of the Supreme Being, I am afraid that no one could threaten Xu Ming in the slightest.

“Only nineteen lower-ranking Supremes can be selected, and I will go up and call my father...” The Vengeful Supreme thought helplessly.

“dad!”

“dad!”

“dad!”

...

The thirty-first battle!

Xu Ming’s opponent, the cultivation base has been upgraded to the “median supreme” level!

The first mid-ranking Supreme to play, his body was filled with endless blood. There is no doubt that as soon as he stepped onto the battlefield, his first reaction was to speak ruthlessly!

“Wait!” Xu Ming interrupted directly, “Don’t be harsh, just call Dad!”

“You...” The Median Supreme felt extremely humiliated and was furious! Then... he saw that Xu Ming’s long spear pierced through his divine body at some point, and his divine body was also more than half damaged!

“Dad!!” The Median Supreme exclaimed quickly.

“Good!” Xu Ming smiled and patted the other’s head lovingly, “Go on!”

“Hey—I still underestimated Xu Ming!” The Supreme Being of Killing Vengeance was extremely horrified. “In the first sixty battles, there was no threat to him at all! I’m afraid...he really has the strength to challenge a hundred victories!”

Xu Ming’s performance is not only dazzling, but shocking!

This is a genius who can truly challenge the “hundred victories”!

“Our Shenyu Battle Stage has finally unearthed a real genius again!” The Vengeful Land Supreme couldn’t help but think, “Hope...he can challenge it successfully!”

If they were just ordinary geniuses Shenyu Battle Stage wouldn’t pay attention to their life and death!

And if it is a real genius... Shenyu Battle Stage will hope that they can really successfully challenge the “hundred victories”! After all, the “Hundred Victories” challenge set by the Shenyu Battle Stage is very important to unearth rare, but incomparably precious, peerless geniuses!

Obviously, Xu Ming is the peerless genius they want to discover!

“But... Xu Ming’s temperament is a little weird!” The Vengeful Supreme thought helplessly, “I still have to choose twenty-nine median Supremes and go up and call Dad...”

With this kind of eccentric genius, Xu Ming is probably the first!

“dad!”

“dad!”

“dad!”

A group of middle-ranking Supremes also honestly lined up to step on the stage and called “Dad”.

Chapter 2022: The Most Awesome Show Off

?”how is this possible...”

On the spectator seat.

The Qinghai City Lord looked at one after another of the median supreme, stepping onto the battlefield and calling Xu Ming “Dad”, stunned.

To know...

The group of top median supremes raised by the Shenyu Battle Stage are by no means comparable to the ordinary median supremes of other forces! All of them have the strength of leapfrog fighting, and some of them have even touched the threshold of “human supremacy”!

Yes!

People are supreme!

In other words, Xu Ming seems to be ravaging only the Supreme Being, but in fact it is equivalent to ravaging the “Supreme Human”!

A half-respect, but has the strength to ravage the Supreme Being, it is terrifying to think about it! – This is exactly what all the almighties were horrified at the scene! Xu Ming is definitely a peerless genius who combines great talent, great luck, and great opportunity!

Without great talent, great luck, and great opportunity, it is impossible to achieve this step!

Now, Xu Ming is about to finish listening to the 60 “Dad” and complete a 60-game winning streak; and the Qinghai City Lord is betting that Xu Ming “wins at least fifty games in a row”, which means that the Qinghai City Lord has already won him ‘s gambling.

But... the Qinghai City Lord was not happy at all.

You must know that the Qinghai City Lord thought that Xu Ming would be the limit of winning 60 games in a row; but now, he found out that for Xu Ming, winning 60 games in a row might not even count as a warm-up!

“Should Xu Ming really be able to complete the ‘100 Victories’?” Qinghai City Lord couldn’t help but thought in horror.

If Xu Ming really completes the “hundred victory”, it will definitely attract the attention of the great forces in the Eternal Domain, and I am afraid that he will leap into the dragon gate and soar into the sky! And Qinghai City Lord’s plan of Xu Ming, I am afraid it will also be turned out!

and...

“If Xu Ming can really achieve a hundred defeats, then even his current strength is not much weaker than me, right?” The more the Qinghai City Lord thought about it, the more terrifying he felt. Victory”!

“die!”

“You must die on the Shenyu Battle Stage!”

...

The other powerhouses in the spectator seats did not have the complicated mood of the Qinghai City Lord; their mood was nothing but shock or shock!

“The top beings in the mid-rank supreme, in the hands of Xu Ming, the half-honor, actually have no resistance at all?”

“Genius! Peerless genius!”

“Hey – is this a real genius? With a half-exalted cultivation level, it can even crush the strength of the ‘human supreme threshold’!”

“too strong!”

“It’s terrifying!”

And the name “Xu Ming” swept through Shenyu City at a terrifying speed.

...

Sixty-first battle...

Xu Ming finally ushered in an opponent at the upper and supreme level!

“The top middle-ranking supreme of the Shenyu Battle Stage has already touched the threshold of ‘human supreme’; then, their top-ranking supreme, their strength may have reached the level of ‘median supreme’!” Xu Ming pondered.

The median person is supreme, in fact, it is not very strong.

You must know that the “high-ranking person supreme” in the real universe is only equivalent to the “ordinary shackles three realms” and “ordinary eighteenth order” in the virtual universe. Then, the Supreme Being of the median person is actually the “Second Realm of Fetters” and “Tier Seventeen” of the virtual universe.

The upper-ranking supreme, with the strength of “Second Realm of Fetters” and “Tier Seventeen”, is indeed relatively strong, but it is not very strong! After all... in the virtual universe, the top-ranking supreme beings all possess the strength of “Three Realms of Fetters” and “Eighteenth Order”!

Even... the controllers of the various quadrants of the virtual universe have the strength of “the peak of the three realms of shackles”—that is, the strength to touch the threshold of the Supreme Being!

“However... my opponent is only the top-ranking Supreme Being of the Shenyu Battle Stage, not the top-ranking Supreme Being of the entire True Universe!” Xu Ming speculated, “If it is the highest-ranking Supreme Being of the entire True Universe, I’m afraid it can also be powerful. Reaching the level of ‘high-ranking supreme’, you can even touch the threshold of the supreme being of the earth!”

Xu Ming estimated that the “top” level geniuses in the real universe and the virtual universe should have similar strength limits. However... in the real universe, the density of “sub-top” geniuses is much higher!

For example, there are not many geniuses in the virtual universe who have reached the “seventeenth rank” combat power with the highest cultivation level. In the real universe, it is only a city in a continent, and a lot of them can be caught.

Of course, this is also related to the cultivation environment of the real universe! The cultivation environment is good, and the probability of being born a genius is naturally high!

“After all... the real universe is the core area of the universe!” Xu Ming couldn’t help but sigh, “Being in the core area of the universe naturally has more opportunities and possibilities!”

Immediately, Xu Ming thought again: “However, starting from the 61st battle, I have to be more low-key!”

Don’t forget, Xu Ming’s current cultivation level is only a “half-honor” level! If Xu Ming showed a strength comparable to the “Highest Supreme Peak”, or even “Earth Supreme”, I am afraid it will not only cause shock, but also doubts and troubles!

“In the next battle, I will be a little harder!” Xu Ming secretly said, “Especially in the last battle, the opponent should be a genius with the cultivation level of ‘Supreme Supreme’, and his strength is

estimated to barely touch the level of ‘Supreme Supreme’; At that time, I will just show a difficult victory! Moreover, the estimate of my strength by the Supreme Being of Killing Vengeance should be about that level!”

Low key!

Only low-key is the best show off!

In the first sixty battles, Xu Ming came all the way arrogantly; in the next forty battles, Xu Ming planned to “play” all the way.

Swish!

At this moment, a silver-haired figure appeared on the battlefield in a flash.

“Huh?” Xu Ming couldn’t help but startled slightly, “It’s you!?”

The opponent in the 61st battle was the female cultivator “Moon Demon” who called Xu Ming to make way.

“I didn’t expect you have the right to meet me on the Shenyu Battle Stage!” Moon Demon said with emotion.

Before, Moon Demon never imagined that Xu Ming’s strength would be so tyrannical; he also never expected that Xu Ming’s strength was even stronger than hers!

“My strength is indeed not as good as yours!” Moon Demon said again.

“Then should you take back what you said before?” Xu Ming suddenly teased and said.

Previously, the Moon Demon had ridiculed Xu Ming, saying that “challenging a hundred victories” was an act of courting death.

“Take it back? No!” said the Moon Demon, “Even now, I still have to say, to challenge the ‘100 victory’, you are courting death! – Even if you can defeat me, from the 61st to the 99th battle, Thirty-eight battles, your opponents will all be at the same level as me! Can you survive the thirty-eight wheel battles in a row? What’s more, in the final battle of the challenge, you have to face the real ‘human supreme’ cultivation For the opponent!”

Chapter 2023: The Last Battle!

“This first battle, I hope you won’t win too hard!”

Moon Demon said coldly.

“Go all out! If it’s hard for me to even win, you can’t win 100 times!”

All out?

Xu Ming couldn’t help laughing in his heart – if he really shot with all his strength, among the powerhouses present, I’m afraid no one can stop him! Even if it is to kill the Supreme Being, it may be killed by Xu Ming with a single blow!

After all, the Supreme Being of Killing Enemy is, to put it bluntly, just a “Supreme Supreme Being of a lower rank”; while Xu Ming’s true strength is already at the level of a “Supreme Being of a High Ranking”!

“Then be careful!”

Xu Ming pondered for a moment, controlled his power at the level of “the supreme peak of the median person”, and fired a shot directly.

boom-

With just one collision, the Moon Demon was blasted back.

“What a powerful force!” The Moon Demon was horrified. Under Xu Ming’s power, the Moon Demon felt completely unable to compete!

The Moon Demon couldn't help but light up: "Maybe, he can really successfully challenge the 'Hundred Victory'! If he succeeds..."

boom! boom! boom! ...

On the battlefield, the Moon Demons were retreating steadily, and they were unable to threaten Xu Ming in the slightest. If it wasn't for Xu Ming's mercy and no murderous intentions, the Moon Demon would have been killed by now!

boom-

With Xu Ming's last shot, the Moon Demon was thrown out of the battlefield.

The 61st battle, Xu Ming, win!

"hiss-"

"So strong!"

"The Moon Demon can't even hurt him! Is this Xu Ming really only half-respected?"

"Xu Ming's strength is probably stronger than most people Supreme!"

The Supreme Being of Killing Vengeance became more and more satisfied as he looked at it: "I don't know, this Xu Ming has shown some strength now! If there is no accident, he should still be hiding a little strength; in that case, maybe he can really successfully challenge the hundred Victory!"

Killing revenge to the Supreme looking forward to it.

"How...how could Xu Ming be so strong!" The only person who couldn't calm down was the Qinghai City Lord; when he signed up Xu Ming for "Hundred Victories", he really did not expect that Xu Ming's strength would be so tyrannical." As far as Xu Ming's strength is now displayed, he is not much weaker than me! Moreover, he should still have some hidden strength, maybe he will be stronger than me..."

The Qinghai City Lord really never thought that a mere half-respect would have a strength no weaker than him!

If he had known this earlier, how could the Qinghai City Lord plan against Xu Ming? I'm afraid he won't be able to meet Xu Ming in time!

Now, the Qinghai City Lord can only pray that Xu Ming will die on the battlefield; however, looking at the current situation, it is obviously unlikely that the Qinghai City Lord will die on the battlefield!

After thinking for a while, the Qinghai City Lord moved quietly and planned to leave the Shenyu Battle Stage first.

Not only did he have to leave the Shenyu Battle Stage, he also had to leave the Shenyu City, and even...even Qinghai City, he didn't dare to go back!

but...

The Qinghai City Lord just moved, and a voice sounded directly in his ears.

"Qinghai City Lord, where are you going?" The Supreme Being who killed the enemy looked at the Qinghai City Lord with a half-smile and said.

"I..." Qinghai City Lord was stunned, "I'm in a hurry, I have to leave first!"

"Haha!" Supremacy of Killing Enemy laughed, "Even if there is an urgent matter, don't be in a hurry... Let's watch this '100 Victory' challenge together first!"

The Supreme Being of Killing Enemy did not say what would happen if the Qinghai City Lord left; however, he didn't have to say it clearly, the threat in his tone had already made the Qinghai City Lord understand his situation!

“It’s over!” The Qinghai City Lord felt a chill in his heart, “If Xu Ming succeeds in his challenge, then... I am afraid that the Supreme Being of the Killing Enemy will use me to show Xu Ming’s good!”

If anyone can successfully challenge the “Hundred Victories” of the Shenyu Battle Stage, then, even if they cannot become the registered disciple of the Eternal Hall, they can also become the disciples of other top forces!

You must know that in the real cosmos, it must be a force under the control of the “superior heavenly supreme”, in order to be qualified to be called a “top force”. In each of the top forces, there are strong people like clouds; every disciple who comes out of the top forces, in addition to their own strong strength, will have a group of strong friends around them!

If the life of the Qinghai City Lord can be used to make a disciple of the top forces, then... many people will be interested in doing this!

For example, now, the Supreme Being of Killing Enemy intends to control the Qinghai City Lord first; if Xu Ming succeeds in the challenge, he will send the Qinghai City Lord to Xu Ming and let Xu Ming decide how to deal with it.

“What should I do? What should I do?” Qinghai City Lord was anxious, “I can only ask someone to help me reconcile!”

The Qinghai City Lord turned around in his mind and thought of a supreme powerhouse with friendship: “I can only ask him to come forward! If he is willing to help, I should be able to save the day!”

Thinking about it, the Qinghai City Lord sent a plea for help to the Supreme Being that he thought of, and explained his current situation.

“I hope he will be willing to come forward!” Qinghai City Lord prayed.

Soon, the Qinghai City Lord received a message: “You are waiting for me at the Shenyu Battle Stage, and I will be there soon!”

“That’s great!” The supreme powerhouse was willing to come forward, and the Qinghai City Lord felt relieved.

...

God Feather on the battlefield.

Xu Ming continued to swept away each and every “superior” opponent with a destructive attitude.

Seventy wins!

Eighty wins!

Ninety wins!

Ninety-nine wins!

No one can stop Xu Ming’s winning streak.

And Xu Ming, finally ushered in the last battle – the opponent of the next person supreme!

“Jie Jie Jie Jie...” The “Supreme Mist Man”, who was shrouded in black mist and exuded a ferocious aura, let out a wicked smile as soon as he stepped onto the battlefield, “Xu Ming? Unfortunate! It’s really unfortunate! In this last battle, you met me!”

“Oh?” Xu Ming raised his brows as he looked at the Supreme Being of the Fog Demon.

“The last battle of this ‘100 Victory’ challenge, if it was replaced by someone else’s Supreme, maybe he would be merciful and let you pass! But I... Jie Jie Jie Jie, I’m sorry, the one I like to kill the most is the genius! Being able to kill a genius like you I’m even more excited when I think about it!” Wu Demon Supreme’s sinister laughter continued.

The last opponent challenged by “Hundred Victories”, although they are all “Lower People Supreme” cultivation base, but their strengths are also strong and weak. And this Mist Demon Supreme, happened to be the most powerful person in Shenyu City, and... he was extremely cruel! He likes slaughtering geniuses and taking luck.

“Huh?” The face of the Supreme Being who killed the enemy couldn’t help but change slightly, “Why did I forget, I just acquiesced to the ‘Mist Demon’ to fight!”

It is not easy for a “hundred victorious” genius to appear in the Shenyu Battle Stage. Of course, the Supreme Being of Killing Enemy does not want to see Xu Ming fall. However, he didn’t pay attention, and let the mist demon Supreme rush onto the battlefield.

“It’s him!” Hope rose again in the eyes of the Qinghai City Lord, “The Supreme Being of the Fog Demon, although it is only the Supreme Being of the lower ranks, but in terms of strength, it is not even weaker than me! If he makes a move, it is entirely possible to directly kill Xu Ming! – As long as Xu Ming is dead, and I will naturally save myself from danger!”

“Jie Jie Jie Jie...” Wu Demon Man Supreme laughed and killed Xu Ming, “Feel the breath of death!”

Chapter 2024: Forces To Join

? “Feel the breath of death!”

As soon as the Mist Demon Supreme came up, he showed all his strength and arrived in front of Xu Ming in a flash.

“Not good!” Killing Enemy Supreme couldn’t help but feel a little anxious – however, Shenyu Battle Stage has the rules of Shenyu Battle Stage, and he absolutely cannot interfere with the “Hundred Victory” challenge, he can only watch the Wu Demon People’s Supreme Killing Xu Ming.

And just then...

“Ha!” Xu Ming let out a disdainful chuckle.

At the moment when Wu Demon Ren Supreme made his move, Xu Ming had already accurately seen the opponent’s strength: the superior level of the Supreme Being!

And it is still a relatively strong existence among the “superior people”.

However, this strength is far from enough to threaten Xu Ming.

“roll!!”

Xu Ming directly brought out the strength of “the supreme peak of the superior person”!

boom-

The Mist Demon Supreme, who was aggressively killed, was directly sent back by Xu Ming with a shot.

Bang!

The fog demon fell on the battlefield with the utmost respect.

Shocked!

Silent!

“What!?” The Supreme Being of Killing Enemy was shocked – he was worried about Xu Ming, but saw that Xu Ming shot the Supreme Being of the Mist Demon!

What he needs to worry about is not Xu Ming, but the Supreme Being of the Fog Demon!

“What!?” The Qinghai City Lord widened his eyes.

“What!?” The Moon Demon was also dumbfounded.

“The ‘Half-Prince’ cultivation level has the strength of the ‘Highest Supreme Peak’! This Xu Ming... is much more heaven-defying than the ordinary genius of 100 Victory!”

Shocked!

Everyone's evaluation of Xu Ming has reached a new level!

“With such strength, it is possible to become an official disciple of the Eternal Hall!”

The “official disciple” and “registered disciple” of the Eternal Hall are two completely different concepts!

You must know that the Eternal Palace is the undisputed “number one force” in the real universe, and the conditions for recruiting formal disciples are naturally extremely strict; every formal disciple of the Eternal Palace has the potential to become “Heavenly Supreme”!

“If Xu Ming can really become an official disciple of the Eternal Hall, then his future achievements will probably be even more terrifying than City Lord Shenyu!”

Shenyu City Lord, to put it bluntly, is just a very ordinary “Lower Heaven Supreme”!

For a time, the name “Xu Ming” exploded directly in Shenyu City! !

The major forces in Shenyu City, no one knows the word “Xu Ming”!

Of course, this kind of shock is only limited to “Shenyu City”, it is not enough to shock the Eternal Realm! The top forces in the Eternal Domain are actually only interested in recruiting such a genius as Xu Ming.

In the real universe, the “density” of geniuses is extremely large; the top forces of all parties have seen too many geniuses!

Only in a barren frontier land like Shenyu City would be shocked by Xu Ming's birth.

...

boom! boom! boom! boom! ...

Xu Ming shot after shot, crushing the Mist Demon Sovereign, giving him no chance to even admit defeat.

“Want to kill me?” Xu Ming sneered at the corner of his mouth.

“Hundred Victories” challenge, ninety-nine battles have been won, and Xu Ming has never killed him; and now, this mist demon supreme has murderous intentions to Xu Ming, and Xu Ming will naturally not show mercy!

“Die!”

boom-

With the last shot fired, the fog demon is supreme, die!

Challenge the “hundred victories”, success!

“Xu Ming, congratulations!” The Supreme Being of the Killing Enemy put away his shock and said with a smile, “Please move on and talk about it!”

The Battle Arena of Shenyu is also one of the forces in Shenyu City. In addition to this “battle platform”, there are naturally other palaces and other buildings.

Xu Ming successfully challenged the “hundred victories”, and the Shenyu Battle Stage naturally wants to protect Xu Ming, the super genius!

...

Shenyu Battle Stage Headquarters.

Xu Ming walked side by side with the Supreme Being of Killing Enemy.

As for the Qinghai City Lord, he has already been controlled by someone sent by the Supreme Being.

“Xu Ming!” The Supreme Being of Killing Enemy looked at Xu Ming, and it was completely an attitude of equal discussion – although Xu Ming’s displayed strength was only “the peak of the Supreme Being of Humanity”, which was inferior to the Supreme Being of Killing Enemy; The Supreme Earth knew that when Xu Ming joined those top forces, his strength might soon surpass him! When dealing with Xu Ming, the Supreme Being of the Killing Enemy would naturally not make a fuss.

“Xu Ming, do you know what kind of power our ‘Shenyu Battle Stage’ is?” Killing Enemy Sovereign said.

“I don’t know!” Xu Ming said directly.

“Our Shenyu Battle Stage is actually a force under the City Lord’s Mansion; and in the Eternal Domain, in every city controlled by the Heavenly Sovereign, there will be a force similar to our Shenyu Battle Stage!” Killing Enemy Di Sovereign said, “Our Shenyu Battle Stage, of course, is also to earn the primordial core of chaos, and even the origin of the universe, but there is a more important task, and that is... to select top talents for the top forces in the Eternal Domain!”

“Oh?” Xu Ming understood somewhat.

The Supreme Being of Killing Enemy continued: “Only geniuses who have successfully challenged the ‘hundred victories’ can gain access to the eyes of those top forces! A little ordinary genius, those top forces don’t even need it!”

“I’m ashamed to say it...” The Vengeful Land Supreme said again, “We Shenyu City, for a long time, we haven’t seen a hundred victorious genius! Moreover, Xu Ming, your talent, even among the hundred victorious geniuses, is the same. The best!”

Xu Ming smiled without saying a word.

Top 100 geniuses?

This is that Brother Ming has not really shown his strength yet! – If Xu Ming showed all his strength, I am afraid that it would not only shock Shenyucheng, but directly shock the entire real universe!

Of course, Xu Ming didn't dare to shock the real universe casually... After all, Xu Ming has a great enemy! If his Great Senior Enemy hears the word "Xu Ming", I am afraid there will be trouble soon!

"Xu Ming, what I want to talk to you about now is... Do you have any top forces you want to join?" asked the Vengeful Land Supreme.

Xu Ming thought for a while and said, "Eternal Palace!"

"Xu Ming, with your talent, if you join any other forces in the Eternal Domain, you should be able to become an official disciple! However, if you only join the Eternal Palace, you may not be able to become an official disciple, you can only be a named disciple!" Qiu Di Supreme reminded, "You really don't consider joining other forces?"

"I don't think about it for the time being!" Xu Ming said. .com

Xu Ming's daughter Xu Yin was in the Eternal Palace.

Now, what Xu Ming wants to do most in the real universe is naturally to go to the Eternal Palace and find his daughter; then, he will find a way to restore his daughter's memory, and the father and daughter will recognize each other.

Therefore, if you want to ask Xu Ming if there is any force he wants to join, it must be the Eternal Palace! As for whether it is a named disciple or an official disciple, Xu Ming doesn't care about it – with Xu Ming's strength, even if he is a named disciple for the time being, he will soon become a full-fledged disciple!

"If you think about it, I will help you contact the Eternal Palace!" Killing Vengeance Supreme said.

"Okay! It's work!" Xu Ming nodded.

“But before that, you still have a personal grievance, do you want to settle it first?” The Venom-killing Supreme smiled and clapped his hands. Immediately, the Qinghai City Lord was brought up.

## Chapter 2025: Are You Going To Stand Up For Him?

? “Qinghai City Lord!”

Xu Ming looked at the Qinghai City Lord who was being escorted up, and his emotions did not fluctuate.

In his eyes, the Qinghai City Lord was just an ant, how could it arouse Xu Ming’s anger?

“Xu Ming, tell me, what should I do with the Qinghai City Lord?” The Vengeful Land Supreme said directly.

Qinghai City Lord, in a small border town like Qinghai City, although he is the owner of a city, but in the final analysis, Qinghai City Lord is just an ordinary person supreme! In Shenyu City, the mere people are supreme, and it is nothing at all. If you kill it, you will kill it.

Xu Ming glanced at the Qinghai City Lord, waved his hand casually, and said, “Kill it!”

To deal with the Qinghai City Lord, Xu Ming was not even interested in taking action himself.

“Yeah!” Killing Enemy Supreme nodded casually, and planned to order someone to deal with it.

“Wait! Wait!” Qinghai City Lord pleaded, “Someone will come forward to protect me!”

The Qinghai City Lord knew that with his strength and identity, he was not even qualified to beg for mercy; he could only hope that the supreme powerhouse he had asked for help would come forward to protect him.

“Someone protects you?” Killing Enemy Supreme smiled disdainfully, “Then you say, who came forward to protect you? And... even if someone came forward to protect you, we Shenyu Battle Stage must give him face?”

In the current situation of the Qinghai City Lord, even if the high-ranking Supreme came to intercede, the Shenyu Battle Stage would not necessarily give face.

“When he arrives, you will know!” said Qinghai City Lord.

At this moment, the Supreme Being who killed the enemy received a message, saying that there was a powerful person outside who wanted to see Xu Ming.

“Earth Supreme?” Killing Enemy Earth Supreme glanced at the Qinghai City Lord, “Could it be that the person who is interceding for you has arrived?”

Immediately, the Supreme Being of Killing Enemy sent a voice transmission to his subordinates: “Let him come in!”

The Qinghai City Lord was overjoyed when he heard that there was a supreme powerhouse coming, and thought it was the powerhouse he asked for help. However, when the visitor walked in, the Qinghai City Lord found out that it was a strange powerhouse.

The Qinghai City Lord felt unfamiliar, but the Supremacy of Killing Enemy was not unfamiliar—the one who came was the Sect Master of the “Yanhong Sect”, a major force in Shenyu City, the Supremacy of Yanhong!

It is a “superior place”!

“I’ve seen Senior Yanhong!” The Supreme Being who killed revenge continued – he was just a lower-ranking Supreme Being, and he naturally had to bow his head when facing the upper-ranking Supreme.

Moreover, when the Supreme Lord of Yan Hongdi shook Shenyu City, the Supreme Lord of Killing Vengeance had not yet been born!

“Senior Yanhong, could it be that... you are here for the Qinghai City Lord?” Killing Enemy Supreme couldn’t help but say unexpectedly—if it was Yanhong who came forward to intercede for Qinghai City Lord, Killing Enemy Supreme really wanted to ask the Shenyu Battle Stage for instructions. of leaders. Of course, the result of the request should not give Yan Hongdi the face.

“Qinghai City Lord? Who is it?” The Supreme Yan Hongdi looked puzzled and said, “I’m here for Xu Ming! I heard that our Shenyu City has produced a peerless genius with a hundred victories. I’m here to pay a visit! ”

Even the Supreme Yan Hongdi used the word “visit”.

“This should be Xu Ming, right?” Immediately, the Supreme Yan Hongdi set his eyes on Xu Ming, “It’s really extraordinary! I’m lucky to meet!”

Reach out and don’t hit the smiling man.

Xu Ming also cupped his hands and smiled: “It’s a pleasure to meet!”

The Qinghai City Lord on the side, after knowing the identity of Yanhongdi Supreme, saw the Yanhongdi Supreme posing as an equal fellow with Xu Ming, and couldn’t help but feel a shudder-you know, the Earthly Supreme powerhouse he asked for help. , the strength and prestige are not as good as Yanhongdi Supreme!

The Qinghai City Lord faintly felt that he might be doomed today!

At this time, the Supreme Being of the Killing Enemy received another message, and another powerful person came.

“And the Supreme Being?” This time, the Supreme Being who killed the enemy didn’t know whether the other party came to visit Xu Ming, or to come forward for the Qinghai City Lord, “Quickly, please come in!”

The Sovereign of Killing Enemy ordered.

The Qinghai City Lord rekindled hope: “Is it the great master I asked for help?”

But soon, the hope of the Qinghai City Lord turned into disappointment – the second person who came to visit the Supreme Being also came to visit Xu Ming! Moreover, it is also a high-ranking supreme, and it is also an equal relationship with Xu Ming!

Immediately after...

Third place supreme...

Fourth place supreme...

Fifth place supreme...

...

In less than half an hour, more than a dozen Earth Supremes came in a row. Most of them are high-ranking Supreme Beings, and a few are middle-ranking Supreme Beings; however, all of them have one thing in common – they all came to visit Xu Ming with an equal attitude!

At the back, Xu Ming couldn't help but ask the Qinghai City Lord, "Hi, where's the person you're calling?"

The Qinghai City Lord kept saying "call someone" and said that someone would come to protect him! But in the end... no one came to the Qinghai City Lord!

On the contrary, Xu Ming, who was not called to anyone, came to visit one after another, and each of them was a prominent figure in Shenyu City!

"I..." Qinghai City Lord was speechless.

at this time...

"Supremacy of drunkards?" The Supreme Being of Killing Vengeance received the news of another strong man coming.

But this time, the Supreme Being of Killing Enemy frowned slightly, and secretly said in his heart: "The Supreme Being of the drunkard, although he is the 'Supreme of the Middle', but among the Supremes of the Middle, his strength is relatively weak! Moreover, he also Not the leader of some major power... With his strength and identity, it seems that he is not qualified to visit with the great masters such as the Supreme Yan Hongdi at this time, right?"

Of course, these words, the Supreme Being who killed the enemy was thinking about it in his heart, and it was impossible to say it on this occasion.

And this time...

The Qinghai City Lord suddenly showed a look of excitement: "It's here! It's finally here!"

The Sovereign, the drunkard, is exactly the Sovereign Powerhouse that the Qinghai City Lord asked for help!

Seeing this, the Supreme Being of Killing Enemy understands what's going on!

"It turned out to be a drunkard!" While the revenge-killing Supreme was sending a message, he asked the drunken Supreme to come in; while he thought disdainfully, "If the previous Supreme Beings came forward for the Qinghai City Lord, I would have to weigh them carefully; but if it is The word of an alcoholic...I don't even need to weigh it, I just don't give him face!"

The Qinghai City Lord thought that had finally found a backer; but he didn't know that his backer was not in the eyes of the Supreme Being.

...

When the drunkard Di Supreme came in, he was also stunned: "So many powerful people?"

Luckily, the alcoholics had better information and better brains, and immediately understood what was going on—these high-ranking supreme and middle-ranking supreme beings probably came to visit Xu Ming!

Thinking of this, the Supreme Being of the Drinker couldn't help but be more amazed, Xu Ming, a genius of hundred victories!

"Supreme drunkards!" Qinghai City Lord shouted excitedly, "Please come forward for me!"

At this time, the Supreme Being of the Killer looked at the Supreme Being of the drunkard with a half-smiling smile: “You want to come forward for him?”

## Chapter 2026: War Images

“You’re going to stand up for him?”

The Supreme Being of Killing Enemy seems to be asking, but in fact it has a kind of warning in it, as if saying: If you really stand up for the Qinghai City Lord, then don’t blame me for not giving you face!

The Supreme Being of Yanhong and other great powers also looked at the Supreme Being of the drunkard—how well-informed the information of these top-level Supreme Beings! Of course, they already knew about the grievances between Xu Ming and the Qinghai City Lord; they had also guessed that the drunkard Supreme was probably invited by the Qinghai City Lord.

Immediately, more than a dozen great experts, including Supreme Yan Hongdi, also looked at the Supreme Being of the drunk with a smile that was not a smile.

The great powers even had some vague expectations in their hearts – if the alcoholic Supreme dared to come forward, then they would just be able to clean up the alcoholic Supreme; in this way, they would be able to get closer to Xu Ming!

You must know that Xu Ming is likely to be a disciple of the Eternal Palace in the future. If he is not careful, he may become the top existence in the entire real universe. Now there is an opportunity to draw closer to friendship, and it is not expensive.

But actually...

The Supreme Being of Alcoholics did not come to intercede for the Qinghai City Lord! He just listened to the Qinghai City Lord’s situation, and felt that if he came over now, it was an opportunity to make friends with Xu Ming, so he ran over – as for the Qinghai City Lord, the drunkard Supreme Venerable did not intend to control his life or death!

And now, after seeing the attitude of the great powers, the Supreme Being of the drinker immediately understood what he should do!

“Don’t misunderstand, don’t misunderstand!” The drunkard Supreme said, “Don’t misunderstand everyone, I am not here to stand up for the Qinghai City Lord!”

“What!?” The Qinghai City Lord was stunned for a moment—he waited for a long time before his only hope came; but now, the first sentence of the drunkard’s Supreme Being was to distance himself from him...

This Nima is simply “God’s turning point”!

The Qinghai City Lord just wanted to say: You are not here to stand up for me, what are you doing here! ?

“Forehead...”

The Supreme Being of Yanhong, the Supreme Being of Killing Enemy and other great powers were also slightly stunned.

“The Sovereign of the drunkard, are you here...?” The Sovereign of Killing Enemy, as the host, asked.

“It’s like this...” The drunkard’s Supreme Being said with righteous indignation, “After I heard about the Qinghai City Lord’s plot against Xu Ming, I was extremely indignant! – You know, Xu Ming is a peerless genius that is rare in our Shenyu City in hundreds of millions of years. Ah, it was calculated by a mob! The more I thought about it, the more angry I became, so I wanted to come and teach the Qinghai City Lord a lesson!”

Sovereign, the drunkard, immediately stated his position—he did not come to stand up for the Qinghai City Lord, but to teach the Qinghai City Lord!

“Forehead...”

“That’s okay too?”

“This alcoholic... is so cheeky!”

Everyone couldn't help but laugh in their hearts.

"I..." The Qinghai City Lord had already vomited blood in his heart—he had waited for a long time for hope that he didn't come to help himself, and he had to teach himself a lesson...

"Brother Xu Ming!" At this time, the Supreme Being of the drunkard directly called him a brother, "If you have no opinion, I will directly kill the Qinghai City Lord!"

"Yeah!" Xu Ming nodded slightly, but did not speak.

boom-

The drinker's Supreme Sovereign shot with a bang, killing the Qinghai City Lord with one unceremonious move.

The Qinghai City Lord probably never dreamed that he did not die in the hands of Xu Ming, nor in the hands of the greats of the Shenyu Battle Stage, but in the hands of the helpers he invited.

...

Send off the great powers of all parties who came to visit.

The Supreme Being said: "Xu Ming, since you have decided to join the Eternal Palace, I will arrange to contact the Eternal Palace now! With your talent, there is definitely no problem in joining the Eternal Palace, but I don't know. Will you become a registered disciple first, or will you become a formal disciple directly!"

"Then there is work!" Xu Ming said.

Shenyu City, located in the border area of the Eternal Domain, is extremely far away from the "Eternal Hall" at the core of the Eternal Domain. Xu Ming himself had no way of contacting the Eternal Hall, so he could only be helped by the Shenyu Battle Stage.

“You’re welcome!” Supremacy of Killing Vengeance laughed, “I really envy you! Like me before, I didn’t even have the qualifications to become a named disciple of the Eternal Palace, so I had to join a not very big force, and I’ve been involved until now. ...Xu Ming, when you become a disciple of the Eternal Hall, don’t forget me in the future!”

The Supreme Being of Vengeance said half-jokingly.

In fact, the Supreme Being of Killing Enemy has done so much, to put it bluntly, to make friends with Xu Ming. After all... in the real universe, who can guarantee that he will never encounter danger or a strong enemy? At that time, if you have a powerful and powerful friend, you may be able to save your life!

Although Xu Ming’s current strength is still weak, he obviously has the potential to become a super-powerful person – this is also the reason why such powers as Killing Enemy Supreme, Yanhong Supreme and other powerful people took the initiative to make friends with Xu Ming.

“I will arrange to contact the Eternal Palace immediately, but I have no way of knowing when I will get a reply from the Eternal Palace!” The Vengeful Land Supreme said again.

The Eternal Hall, after all, is the largest force in the Eternal Domain and even the entire True Universe! Even if there is any super genius who wants to join the Eternal Palace, the Eternal Palace may not immediately pay attention.

“So, during this time, you should try your best to move around Shenyu City, don’t leave too far, and don’t fall into any dangerous place!” The Supreme Being of Vengeance continued, “In order to avoid the Eternal Palace having a reply, but I contacted Not you!”

“Okay!” Xu Ming smiled.

However, Xu Ming is also planning to go to the upcoming auction in Shenyu City; therefore, Xu Ming should not leave Shenyu City in a short time.

...

After coming out of the Shenyu Battle Arena headquarters, Xu Ming found a place in the city and waited for the auction to start.

“It’s been less than ten years since the auction started, and many great powers from all sides have already entered Shenyu City...” Xu Ming secretly said.

This time the auction is different from usual. At that time, there will be a lot of great powers to participate, and there may even be Heavenly Supreme Powerhouses!

At this moment, a stranger, the supreme powerhouse, approached Xu Ming.

“Senior Xu Ming!” This middle-ranking person is supreme, directly holding the junior salute, “The next one is from the Shenyu auction house, and I have come here to present a VIP letter! The VIP letter records some of the treasures that will appear at the auction; At that time, senior Xu Ming is also invited to attend!”

Not everyone is eligible to receive a VIP letter from the Shenyu auction house.

Eligible to receive a VIP letter is a recognition of identity! For example, Xu Ming... All the major forces in Shenyu City know that Xu Ming is about to enter the Eternal Hall; this is a kind of identity!

Xu Ming opened the VIP letter and looked.

“Most treasures can participate in the auction as long as they use the original chaotic core!” Xu Ming successfully challenged the “hundred defeats”, and he bet one million of the original chaotic core before the challenge; he just won it from the Shenyu battle platform~[www. readwn.com](http://www.readwn.com)~ has a trillion chaotic pronuclei.

It can be said that Xu Ming is not lacking in the primordial core of chaos. If he sees something he wants, Xu Ming will just shoot it!

Xu Ming browsed through the treasures at will.

Suddenly, Xu Ming’s face changed drastically: “This is...?”

Xu Ming’s eyes fell on a treasure.

This is a picture of a battle!

In the introduction, there are only a few words for a brief description: The real cosmos peak powerhouse gathers, the battle of the fall of the great master “Gu Hanmo”!

Xu Ming’s expression changed instantly, his eyes were full of evil spirits!

“I must get this image of the war!”

Chapter 2027: Great Master’S Treasure

“I must get this image of the war!”

Xu Mingzhi is sure to win!

Immediately, Xu Ming noticed that the starting price of this war image was not high, and it was auctioned using the original chaotic nucleus; it can be seen that the quality of this war image should not be very high.

Continuing to read, Xu Ming also saw some treasures that require the “Origin of the Universe” to participate in the auction; among them, there are “Origin of the Universe·Void”, and even “Origin of the Universe·True”!

“Huh?” Xu Ming was startled suddenly, thinking of something, “I can also get something to sell!”

Chaos pro-core, level 22 hanging points, Xu Ming is not lacking.

However, the 23-level hanging point and the 24-level hanging point, Xu Ming is short!

And now, there is an opportunity to earn the “Origin of the Universe” before Xu Ming!

“Before, I got a lot of treasures in the Supreme Mansion of the Deficient Land, and I should be able to sell some ‘Cosmic Origin, Void’!” Xu Ming secretly said, “If you want ‘Cosmic Origin, True’...”

Xu Ming thought of one thing – a picture of feeding kun.

The Kun-feeding map was obtained by Xu Ming in the “Eternal Battlefield”. Although now to Xu Ming, the Kun-feeding map seems to be of little use; however, Xu Ming still has no plans to sell it! However... Kun-feeding map records a practice “Kunpeng Nine Changes”, but it can be copied and sold.

“Measured by the level of the exercises in the real universe, “Kunpeng Nine Transformations” should be a “Heavenly Supreme Level” exercise! If you sell it, you can definitely sell it for ‘Cosmic Origin·True’!”

“Origin of the Universe·True” can be exchanged for 24-level hanging points!

And 1 point of the 24-level hanging point can be exchanged for tens of thousands of 23-level hanging points!

That is to say, as long as Xu Ming can get “Origin of the Universe·True”, even if he only gets a few points, then... in the future, Xu Ming can open the “Infinite Resurrection” unscrupulously in the True Universe!

How terrible is it to open the “Infinite Resurrection” indefinitely?

At that time, Xu Ming is in the real universe, who else needs to be afraid? Even the existence of the Great Senior level, I am afraid that he is not qualified to make Xu Ming fear!

“I have to change my identity and go to the Shenyu auction house to consign these treasures!”

It’s easy!

With Feng Zhou Ding present, Xu Ming directly disguised as Tian Zhizun and went to consign the treasures; in that way, with the cultivation of “Tian Zhizun” as a deterrent, there was no need to worry that the Shenyu auction house would dare to greedily drop his treasures.

Xu Ming is about to leave...

A cold voice came from outside the door: “Is Xu Ming there?”

Hearing this somewhat familiar voice, Xu Ming frowned slightly: “Moon Demon? What did she come to me for?”

“Come in!” Xu Ming waved his hand and opened the door.

A cold, silver-haired girl walked in.

“Moon Demon.” Xu Ming looked at the other party, “Is something wrong?”

“Xu Ming!” The Moon Demon looked directly at Xu Ming, and did not feel cowardly because his strength and identity were inferior to Xu Ming, “I want to ask you for help!”

The Moon Demon went straight to the point and said directly.

“Please help me?” Xu Ming smiled, “Why should I help you?”

The Moon Demon is just a high-ranking Supreme. Although he was considered a genius among the high-ranking supreme beings, in Xu Ming’s eyes, he was still mediocre!

The cultivation base is low and mediocre! – Xu Ming didn’t think that if he helped the Moon Demon, what kind of reward would he get!

Moreover, Xu Ming and Moon Demon, to be honest, really have no friendship! So... why did Xu Ming help?

“Because...” The Moon Demon looked at Xu Ming and spit out two words, “Benefits!”

Benefit?

Xu Ming couldn’t help looking at the Moon Demon with a playful look: “It’s just you?”

This is a kind of temptation for Xu Ming – he would like to see what benefits the Moon Demon can offer to make his heart flutter!

The Moon Demon looked at Xu Ming, hesitated for a moment, and then said, “I hold a key to the ‘Great Relic’!”

“Great Relic?” Xu Ming was surprised.

“Yes!” Moon Demon said, “It’s a fallen Great Venerable who signed a contract with the Dao Realm! And with this key of mine, I can get the treasure stored by the almighty!”

The wealth left by a great senior really can’t help but make people tempted!

“Which Great Senior?” Xu Ming couldn’t help asking.

“I don’t know which Great Senior...” Moon Demon said, “But for sure, it is definitely the treasure that leads to Great Senior’s legacy!”

Xu Ming actually believed it a little bit.

And the point is, Xu Ming has absolute confidence in himself! Even if the Moon Demon pits himself, even if it is “dead in the pit”, Xu Ming can still rely on “Infinite Resurrection” to be resurrected – in this case, what is there to be afraid of?

“You want me to go with you to the treasures of the Great Venerable?” Xu Ming asked with a smile, “There are such good things in the world? Could it be that you want to use me as cannon fodder?”

“No!” Moon Demon shook his head, “The key is not in my hands yet!”

“Huh?” Xu Ming couldn’t help but wonder – just now, the Moon Demon clearly said that she was in control of the key, but now she said that the key is not in her hands?

The Moon Demon said again: “The key is in the seal of my clan! After my parents passed away, only I can unlock the seal! But...”

Hearing this, Xu Ming understood: “You want me to accompany you back to the clan and solve some enemies?”

“Yes!” Moon Demon said, “But... your current strength is still a little short! When you break through to the supreme realm, your strength will undergo a huge transformation. At that time, with your talent, you should be able to Touch the strength threshold of the ‘Earth Supreme’! At that time, you can go back to the clan with me and help me!”

Seeing that Xu Ming didn’t speak, the Moon Demon said again: “With your talent, it shouldn’t take much time to break through to the supreme cultivation level! And don’t worry, I will never let you do it in vain; that key can make two When an individual enters the treasure, what can be obtained after entering, we all depend on our ability!”

“Haha!” Xu Ming couldn’t help laughing, “You believe me like that?”

Even if it’s just Xu Ming’s strength, if he wants to kill the Moon Demon, that’s an easy thing to do.

The Moon Demon’s expression did not fluctuate: “Compared to other people I am more willing to trust you! And...I can only gamble!”

“Okay!” Xu Ming said with a smile, “I will break through to the supreme realm as soon as possible, and try my best to succeed before the auction!”

In fact, Xu Ming’s cultivation base has long been a high-ranking supreme; saying this is just to maintain a disguise.

...

After sending away the Moon Demon, Xu Ming, as the “Heavenly Supreme”, sent “Kunpeng Nine Transformations” and some of the Supreme Divine Weapons to the Shenyu Auction to participate in the auction.

When the identity of Tian Zhizun appeared, naturally no one dared to embarrass him; and at that time, Xu Ming would not have to worry that Shenyu Auction would be greedy for his own

treasures. After all, the Shenyu auction house does not dare to offend the Heavenly Supreme Powerhouse casually!

At least... I won't offend a Heavenly Supreme Powerhouse for such a treasure!

Chapter 2028: Kunpeng 1 Family

? Retreat for ten years.

At Xu Ming's level of cultivation, ten years is too short! Almost just squinting, ten years have passed.

And just ten years is not enough for Xu Ming to break through from "superior supreme" to "human supreme".

However, Xu Ming changed his exposed cultivation from "half-rank" to "lower-ranked supreme"; in this way, others would think that Xu Ming had just broken through his cultivation in the past ten years.

"Xu Ming, you have broken through to the supreme realm!?" Moon Demon looked at Xu Ming in surprise; before, she and Xu Ming had agreed to go to the auction together, "Then after the auction is over, you can Come back to the clan with me!"

"Yes!" Xu Ming smiled lightly, tacitly acknowledging that he possessed the "Earth Supreme" level of strength. After all, Moon Demon had said before that as long as she touched the strength threshold of Earth Supreme, it would be enough to help her Hui clan sweep away the enemy.

...

When he came to the gate of the Shenyu auction house, Xu Ming met several acquaintances, such as Killing Enemy Land Supreme, Yanhong Land Supreme and so on. Several people couldn't help feeling emotional when they saw Xu Ming's "breakthrough" to the supreme realm.

"Xu Ming, I'm afraid your strength is about the same as mine, right?" The Supreme Being of Killing Vengeance couldn't help saying.

In fact, Supremacy of Killing Enemy is just touting Xu Ming casually and being polite; in his opinion, even if Xu Ming has made a breakthrough in his cultivation, he will definitely not be able to catch up with himself in a short while! But... How can the Supreme Being of Killing Enemy know that Xu Ming's strength is much stronger than him!

The Supreme Yan Hongdi also said: "Xu Ming, you have broken through the cultivation base so quickly, the possibility of becoming an official disciple of the Eternal Palace is even greater! If you enter the Eternal Palace in the future, don't forget me, brother! "

Supreme Yan Hongdi, although he is quite famous in Shenyu City, his strength is also the top among the Supreme Earth; but because of this, Supreme Yan Hongdi is more aware of how terrifying the geniuses of the "top forces" in the Eternal Domain are. !

What's more, Xu Ming is about to become a member of the Eternal Palace!

Therefore, Supreme Yan Hongdi also behaved very politely towards Xu Ming!

"Get out of the way!" At this moment, an arrogant and domineering voice came, "Don't get in my way!"

"Um?"

Xu Ming and the others couldn't help frowning.

The Supreme Yan Hongdi was even more furious—in Shenyu City, few people dared to speak to him like this.

but...

When Yanhongdi Supreme turned around and saw the chest position of the black armor on the speaker, the three beating flames suddenly shocked the whole person!

"Vulcan Sect!" The Supreme Being of Yan Hong and the Supreme Being of Killing Enemy all shrank their pupils suddenly.

The Vulcan Cult is a top force in the Eternal Domain! Moreover, it is the top power closest to Shenyu City! – Of course, even if it is “recently”, there are endless frontiers between Shenyu City and Vulcan Sect, as well as hundreds of large cities comparable to Shenyu City.

As for this black-clothed figure in front of him, although his cultivation base is not high, he is only at the level of “high-ranking person supreme”, but...with the three flame marks on his chest, no one in Shenyu City would dare to provoke him!

These three beating flames represent the identity of the official disciples of the Vulcan Sect!

“What are you looking at? Why, do you have an opinion!?” The Vulcan Sect disciple sneered.

Immediately, his eyes fell on the Moon Demon, a lustful look flashed across his eyes, and he couldn’t help exclaiming: “Hey—it smells! Not bad!”

The Moon Demon couldn’t help shrinking and hid behind Xu Ming.

“Humph!” The Vulcan Sect disciple snorted coldly, “What are you hiding? It’s a blessing for you to be seen by me! – However, I don’t like being embarrassed by strong people. Before the auction ends, you take the initiative to come to my room to find it. I, I’ll give you a chance! Otherwise... hum! I said, I don’t like being tough, if you force me to be tough, don’t blame me for being cruel!”

After the Vulcan Sect disciple finished speaking, without waiting for Xu Ming and others to react, they directly entered the Shenyu auction house.

“Too arrogant!” The Supreme Being of Killing Enemy was both angry and helpless—a disciple of the Vulcan Sect, he couldn’t afford to offend him, and he didn’t dare to offend him!

“People are under the low eaves and have to bow their heads!” Yan Hongdi also shook his head and sighed, “Moon Demon, right? I advise you to...”

When Yan Hongdi’s words were halfway through, he did not continue, but he already understood what he meant, that is... persuade the Moon Demon to take the initiative to find a disciple of the Vulcan Sect.

“I...” The Moon Demon gritted his teeth, “Don’t even think about it!”

“Xu Ming!” The Moon Demon said privately, “If I participate in the auction with you, it will definitely affect you! I’d better leave Shenyu City first!”

“No need!” Xu Ming said lightly, “Just follow me! If that Vulcan disciple dares to come to trouble, I will have my own countermeasures!”

Xu Ming is not even afraid of those great masters in the real universe, how can he be afraid of a small Vulcan sect?

Although the Vulcan Cult is a top power in the Eternal Domain, it is nothing compared to the “Great Senior”! Any Great Venerable in the real universe can overthrow the Fire Extinguishing Sect with a wave of his hand!

“Then...” Moon Demon hesitated, “Alright then!”

In fact, the Moon Demon couldn’t think of what Xu Ming could do; but since Xu Ming said so, the Moon Demon decided to trust Xu Ming and participated in the auction with Xu Ming first.

“Let’s go first!” Killing Enemy Land Supreme and Yanhong Land Supreme said, and then entered the auction room and went to their VIP rooms – neither of them knew the private voice transmission of Xu Ming and Moon Demon. , I don’t even know that Xu Ming didn’t care about the disciples of Vulcanism at all.

...

Not long after Xu Ming and the others entered, three thin, dark-skinned figures appeared at the entrance of the Shenyu auction house.

If you feel it carefully, you will find that The aura of these three figures is somewhat special; every particle in their divine body seems to contain an endless vast space!

These three people are a special ethnic group from the real universe – the Kunpeng family!

“In this Shenyu auction house, the top-level exercise “Kunpeng Nine Transformations” of our Kunpeng clan actually appeared!”

“In our Kunpeng clan, only high-level people are qualified to practice “Kunpeng Nine Transformations”! People from other ethnic groups have practiced “Kunpeng Nine Transformations”, which is just equivalent to an ordinary Heavenly Supreme-level exercise; but for our Kunpeng clan Said, “Kunpeng Nine Changes” is comparable to a world-breaking exercise! – If we can film this exercise, it will be of great help to our clan!”

“Not bad! With this exercise, our clan can also become the top clan in the clan! So in any case, this time, we will get this exercise at all costs!”

The three Kunpeng clan members looked at each other and entered the auction resolutely.

## Chapter 2029: Cosmic Age

? Powerhouses from all sides entered the auction field one after another.

Some are from the local area of Shenyu City, and some are from the sphere of influence of other large cities around.

The auction starts on time.

One by one, the Supreme Divine Armament of People and the Supreme Divine Armament of Earth were put up; there were also some special treasures that appeared on the auction table, causing competition among all parties.

“Next, it’s the final treasure of the first stage of the auction – the Vulcan Sabre!” The auctioneer in a gray robe introduced with a light smile, “The Vulcan Saber is the Heavenly Supreme Divine Weapon refined by the elders of the Vulcan Sect. , there is no need to doubt the quality! Oh, yes, I would like to solemnly introduce, this auction, the official disciple of the Vulcanism ‘Angry Blood’ also came to the scene of our auction!”

Swish!

Following the direction of the auctioneer's finger, all eyes in the auction hall focused on the VIP room of Vulcan disciple "Angry Blood".

"Brother Angry Blood!" The auctioneer said humbly, "Can you show everyone the demeanor of the disciples of the Vulcan Sect!"

The auctioneer's remarks are actually touting "angry blood". As soon as these words came out, the VIP room of Furious Blood was surrounded by countless adoring and admiring eyes; everyone was waiting for Furious Blood to remove the formation in the VIP room so that they could see the demeanor of the disciples of the Vulcan Sect.

However...

The angry blood said coldly: "No need! – You little Shenyu City, I have known all those who are qualified to befriend me; the rest are not qualified to befriend me, so naturally they are not qualified. Witness my style!"

As soon as the angry blood came out, the auction hall was silent.

So insane!

Angry blood is looking down on the entire Shenyu City!

The auctioneer's face was also a little ugly – it was like, he flattered Angry Blood, but Angry Blood gave him the word "go away" in turn!

However, Angry Blood is a disciple of the Vulcan Sect! The auctioneer and the group of flattering powerhouses in the auction hall felt humiliated and angry, but they didn't dare to say anything – after all, offending the official disciple of the Vulcan Sect would have serious consequences!

"Let's take a look at this Heavenly Sovereign Weapon 'Vulcan Sword'!" The auctioneer changed the topic to ease the awkward atmosphere on the field, "Starting bid: two lines of 'Cosmic Origin·True'! Now the price increase will begin.!"

The Heavenly Sovereign Divine Weapon is generally a treasure used by the Heavenly Sovereign powerhouse or the top beings among the Earth Sovereign! Its value must naturally be measured by “the origin of the universe, truth”!

“I gave two ‘Origin of the Universe, True’!”

“I have three ways!”

...

In the auction hall, the atmosphere suddenly became hot!

After all, the Heavenly Supreme Divine Armament, this is a treasure that can be encountered but not sought after! Many of the top Earth Sovereigns don’t even have a Heavenly Sovereign Divine Weapon in their hands; if they can have a Heavenly Sovereign Divine Armament in their hands, their strength can suddenly reach a new level!

Now there is a piece of Heavenly Sovereign Weapon in the auction, and the competition is naturally fierce!

In the end, this Heavenly Supreme Divine Armament was sold at the price of five “cosmic origin, truth”!

“Five Dao?” A disdainful sneer appeared on the corner of An Xue’s mouth, “Sure enough, they are a group of strong people in a small place, they have never seen anything in the world! If it is in our Vulcan Sect, such a supreme divine weapon would sell three ways. ‘The Origin of the Universe, True’ is too expensive; but when you come to this small place, you can actually sell five dishes!”

Thinking of this, Furious Blood ruthlessly despised the powerhouses of Shenyu City.

only...

I don’t even think about the anger and blood. The reason why he can buy the Heavenly Supreme Divine Weapon at a low price in the Vulcan Cult is because he is an official disciple of the Vulcan Cult; It is impossible to buy the Heavenly Sovereign Weapon at such a low price.

The funny thing is that the anger blood is actually the powerhouses of Shenyu City who have never seen the world...

The auction is still going on.

Lot by lot. Several of the treasures that Xu Ming sold on consignment were also sold.

However, Xu Ming never made a move because he didn't have the treasure he needed.

"The next lot..." the auctioneer said loudly, "It's an image of a battle!"

Whoosh!

In the VIP room, Xu Ming sat upright in an instant, looking at the auctioneer with a serious expression – the battle image! It is very likely that it is a war image of Gu Hanmo's previous life!

The Moon Demon was right next to Xu Ming. Seeing Xu Ming's reaction, he couldn't help but smile and said, "You seem to be very interested in this battle image?"

Xu Ming did not want to speak.

At this time, the auctioneer continued to introduce: "As we all know, since the end of the 'Fourth Cosmos Era' and the opening of the 'Fifth Cosmos Era', only two Great Venerables have fallen in the universe. One is the Three Realms Great Venerable who has recently fallen. ; the other is... Gu Hanmo!"

"And the image of the battle in my hand records the battle of the fall of 'Grand Master Han Mo'!" A jade slip appeared in the auctioneer's hand, "But unfortunately... the quality of this image of the battle is not of the same quality. high!"

Back then, when Gu Hanmo and all the Great Venerables fought, the fight was so intense that the real universe trembled and the rules of the real universe appeared!

You must know... the rules for the operation of the real universe are much more “reserved” than the rules for the operation of the virtual universe! It is difficult for the normal battle between several Great Seniors to make the rules of the true universe appear!

Witnessing the “rules of the true universe” with his own eyes will undoubtedly be of great help to cultivation!

However, at that time, there were many strong people who witnessed the battle and recorded the images! The strongest battle images were recorded by the Great Supreme Powerhouse; the next best, recorded by the Heavenly Supreme Powerhouse; the weakest, recorded by the Earth Supreme Powerhouse! As for Earth Supreme and below, there is no strength to record the video of the war! – Different strengths, the recorded battle images, of course, are of different grades. But no matter what grade of war video it is, you can only watch it once; after watching it, it will dissipate!

The rules of the operation of the real universe cannot be spied on at will; even if it is recorded in the video, even if the record is very incomplete, you can only watch it once – this is also part of the “rules of the operation of the real universe”!

“This is a battle image recorded by the Supreme Being!” the auctioneer said. Therefore, the starting price is not high, only 80 ‘Cosmic Origin · Void’!

In the video of the battle recorded by the Supreme Earth, the content of the “rules for the operation of the real universe” can hardly be seen; in terms of value, it is much lower than a piece of Heavenly Supreme Divine Weapon, only similar to some ordinary Earth Supreme Divine Weapon.

Therefore, the starting price is only 80 pieces of “Origin of the Universe·Void”.

“One hundred ‘Origin of the Universe, Void’!”

As soon as the auctioneer’s voice fell, Xu Ming didn’t even have time to bid, when a voice said indifferently; the bidder was the Vulcan Sect disciple “Angry Blood”.

“I am angry. Since the auction started, I have never bid on a treasure! I am interested in this battle image, so I took it. I hope everyone will save face and don’t argue with me! Anyone who dares to argue... will bear the consequences at their own risk. !”

? “Whoever dares to fight... will bear the consequences!”

In fact, when the war video just came out, there were still many strong people who were interested in taking pictures.

After all, although this image of the war was only recorded by the Supreme Being, the quality was very low; however, the starting price was not very high. Therefore, there are still quite a few supreme powerhouses who want to take pictures, see the battle at the pinnacle of this “fifth universe era”, and see the real universe operating rules that appear.

However, as soon as the Vulcan Sect disciple said “angry blood”, all the powerhouses immediately let go of this idea.

After all... this video of the battle, even if it can be photographed, is just an eye addiction, and has almost no substantial cultivation value. Offending an official disciple of Vulcanism in order to get over eye addiction? —The vast majority of the Supreme Beings would not dare to do this!

“Humph!”

Seeing that all the strong people dared not bid, he couldn’t help but smile proudly: “Actually... if someone wants to fight, it doesn’t matter! I will only bid once for this war video, and I will never bid for the second time!”

provocative!

Yes! The blood of anger is provoking the powerhouses of Shenyu City!

In the auction hall, there is still silence!

There is no strong person who is willing to be the first bird to bear the anger of a top disciple!

When the auctioneer saw this, he had to start the countdown:

“One hundred ‘Cosmic Origin, Void’ once!”

“One hundred Dao ‘Cosmic Origin·Void’ twice!”

“One hundred ways...”

Just as the auctioneer was about to drop the hammer, an indifferent voice sounded:

“One hundred and one!” It was Xu Ming who made the bid.

There is only one more “Cosmic Origin·Void” than Furious Blood’s bid!

One hundred and one!

Xu Ming’s voice fell, and the entire auction hall was suddenly silent.

“what!?”

“Anyone dare to bid? And there is only one more ‘Origin of the Universe: Void’!”

“Who paid the price, how dare you be so bold!?”

“Isn’t this courting death?”

In the auction hall, all eyes suddenly turned to the VIP room where Xu Ming was, wanting to see who it was, how dare he be so clueless.

However, Xu Ming’s VIP room was using the isolation formation, so he couldn’t see Xu Ming.

But the Moon Demon, who was in the same VIP room as Xu Ming, was stunned: “Xu Ming, aren’t you provocative and angry?”

“Yes!” Xu Ming laughed.

It's just a provocation!

"Xu Ming..." Moon Demon was speechless, "If you are already an official disciple of the Eternal Palace, that's fine, even if you are angry, you wouldn't dare to do anything to you? However, you are not yet a disciple of the Eternal Palace! Moreover, your cultivation and strength are far inferior to that of angry blood... How dare you provoke him like this?"

"It doesn't matter!" Xu Ming smiled, "Anyway...even if I don't provoke him, I should still have a conflict with him because of you!"

"..." Moon Demon was speechless.

Anyway, there is going to be a conflict, so you simply offend to death?

What is the logic?

"You..." Anxie was really angry, he looked at Xu Ming's VIP room, although he didn't know who was in the VIP room, he still said coldly, "If you say it now, take pictures of this battle. The image is for me; perhaps, I don't care about your rudeness..."

"I'm thinking too much about you! I still dedicate it to you? I took it and watched it myself. How could I give it to you?" I said just now that you only bid once for this war video, and never bid a second time—if you bid again, you're a dog!"

Xu Ming cursed unceremoniously.

"I..." The angry blood really wanted to vomit blood, but he really couldn't afford to make a second bid.

If anger blood does not bid, other people will naturally not bid at this time, for fear of offending anger blood.

In the end, this image of the battle was photographed by Xu Ming at the price of 101 "Origin of the Universe·Void".

In the VIP room, Anxie angrily instructed the waiter: “Let me check, who is in that VIP room? What’s the origin!”

“Yes!” the waiter responded.

Soon, the waiter brought back the information.

“Xu Ming? Is that the kid I met at the entrance of the auction house before? Is it possible that he will join the Eternal Palace?” Even if he joins, he is probably just a named disciple!—Humph! If he is already an official disciple of the Eternal Hall, then I have to be a little wary of him! But now... I will take him before he joins the Eternal Hall. Get rid of it! He is not yet a disciple of the Eternal Palace, even if it is the Eternal Palace, it is hard to say anything!”

Anger is already thinking about how to get rid of Xu Ming, this ignorant kid after the auction is over!

“If you do it in Shenyu City, it will be somewhat disrespectful to the Lord of Shenyu City...” Angrily pondered.

Shenyu City Lord, but the “Heaven Supreme” powerhouse! His face, anger and blood still have to be considered!

“Humph! Then find a way to lure him out of Shenyu City!”

...

The auction is still going on.

A lot of items have been auctioned in the past, and there is no bid for angry blood – after all, for him, a formal disciple of the Vulcan Cult, many treasures can be bought directly in the Vulcan Cult, and the price is still lower, so there is no need to auction it. Will buy at the meeting.

Just like the rare treasures such as the “war image” before, there is no Vulcan religion, and he is just interested, so he will bid.

“The next item...” The auctioneer looked a little solemn, “This treasure is a mysterious Heavenly Supreme Powerhouse, handed over to our Shenyu auction house for auction; it should be the most precious lot in this auction. That is – the Heavenly Supreme Grade Cultivation Technique “Kunpeng Nine Transformations”!”

“Kunpeng Nine Changes”!

Hearing these four words, suddenly, many strong people in the auction hall were refreshed.

“I’m here for this Heavenly Supreme Cultivation Technique! Otherwise I wouldn’t come to a small place like Shenyu City at all!” Furious Blood was also eager, “If I can photograph this I will bring it back to the sect, and the sect will definitely reward me a lot!”

Even an ordinary Heavenly Sovereign-level exercise is relatively rare! What’s more, “Kunpeng Nine Changes” is a relatively special Heavenly Supreme Cultivation Technique!

“I’m determined to win!”

At this time, the auctioneer continued: “I believe everyone knows about the practice of “Kunpeng Nine Changes”? Created by a strong man ‘Kunpeng Dazun’! Although many top forces have collected the “Kunpeng Nine Transformations” exercise, but in the ‘Kunpeng Clan’, this exercise can only be qualified by high-level leaders Cultivation, ordinary clansmen are not qualified to cultivate!”

“The starting price... 30 ‘Origin of the Universe · True’! The auction starts now!”
