

A World 2071

Chapter 2071: Dare To Fight

The Jiaolong Army has only a few thousand soldiers.

Every soldier of the Jiaolong Army is an elite of the elite!

And the “ninth token” in Xu Ming’s hands means that he ranks ninth in the Jiaolong Army!

Yes!

Ranked ninth!

Just entered the Flood Dragon Army, but ranked ninth! If you think about it with your toes, you know that Xu Ming’s ranking will definitely arouse countless jealousies!

“Although I entered the Flood Dragon Army without the test, I’m afraid this is the test given to me by the Azure Dragon emissary, right?” Xu Ming secretly said, “Give me the ‘Ninth Token’ directly as a reward. If I don’t have enough strength, I will definitely not be able to keep the ninth token, the ranking will continue to drop, and it will even fall out of the Dragon Army!”

“But...” Xu Ming chuckled, “I just have enough strength!”

Xu Ming took a good look at the situation of the Jiaolong Army in his own ninth palace.

“Jiaolongtan? A treasured place for cultivation?” Xu Ming was startled slightly, his face showing surprise, “Cultivation in Jiaolongtan will have an unlimited supply of energy?”

You must know that Xu Ming wants to cultivate the third level of “I am the universe”, that is, to divide his “heart universe” into eight big boundaries, which requires a massive energy supply! If only relying on the energy of heaven and earth, it is not enough!

Xu Ming had calculated that if he wanted to open up his “heart universe” into eight big boundaries, he would probably have to consume hundreds of “cosmic origin · truth”!

Xu Ming now has more than 300 “Origin of the Universe · Truth” in his hands, which is not necessarily enough for him to open up the Eight Great Limits!

And now, Xu Ming discovered the place “Jiaolongtan”, and his eyes lit up!

“Nice place!”

Without any hesitation, Xu Ming directly signed up for Jiaolongtan’s practice.

You must know that every member of the Jiaolong Army wants to enter the Jiaolongtan for cultivation; however, only one person can enter the Jiaolongtan at a time! So, whoever goes to practice first – very simple, those with higher rankings will enter first.

For example, now, before Xu Ming, there were hundreds of strong people who had already signed up to practice in Jiaolongtan; however, as soon as Xu Ming signed up, he was immediately ranked in front of hundreds of strong people—just wait for the people in Jiaolongtan now. After the powerhouse’s cultivation is over, Xu Ming can immediately enter to practice!

Xu Ming couldn’t help but look forward to it: “In the Flood Dragon Pond, there will be an unlimited supply of energy? – If you can open up the limit of eight giants in one fell swoop in the Flood Dragon Pond, and break through the cultivation base to the Supreme Earth, that would be great!”

Although Xu Ming’s exposed cultivation base is “the supreme being of the lower position”, it is only his disguised cultivation base; his real cultivation base is only “the supreme being of the upper position”!

“If I can successfully break through to the ‘Lower Earth Supreme’, then, even if I don’t use the Boundary Breaker Spear, I can fight against the ‘Middle Heaven Supreme’!” Xu Ming secretly said, “With the ‘Infinite Resurrection’ hanging, I can simply Walk sideways in the Three Realms Universe!”

Xu Ming is now a little bit closer to “walking sideways”.

...

Jiaolong Army Barracks.

In the tenth palace, more than ten soldiers of the Jiaolong Army gathered.

These more than ten powerhouses were all surrounded by a stone table; and beside the stone table, a black-robed powerhouse was sitting, his eyes were extremely cold.

boom! !

The black-robed powerhouse suddenly slammed the stone table.

The entire stone table suddenly burst open, not even a trace of powder was left.

“Damn it!” The black-robed powerhouse looked gloomy, “I’ve been begging for so long, but the Azure Dragon messenger didn’t give me the ninth palace, but gave me a new one instead?”

The tenth palace and the ninth palace seem to be only one place apart, but in fact they are very different!

Because...the first to ninth palaces have only one; and the tenth palace has ten! – That is to say, like the black-robed powerhouse, there are nine people living in the “Tenth Palace” and holding the “Tenth Token”!

As for the ninth palace, only Xu Ming owns it!

This is the difference!

“I heard... this newcomer has not participated in the assessment of the Qinglong Army, so he directly entered the Flood Dragon Army!” The black-robed powerhouse became more and more angry, “What qualifications does he have to enter the Flood Dragon Army? What strength does he have? Holding the ‘Ninth Token’?”

The black robe powerhouse is very dissatisfied! – He didn't know that Xu Ming entered the Jiaolong Army directly because of his great deeds and held the ninth token. He also thought that this new "Man Dun" was a descendant of a certain Heavenly Sovereign, and he was the Jiaolong Army who entered through relationships.

And in a place like the Jiaolong Army where the strong are respected, the "connected households" are the most despised!

"Senior Brother Long, why don't you challenge that Man Dun?"

"Yeah! Senior Brother Long! Our Jiaolong Army has always respected strength! Even if that Man Dun is a descendant of a certain Heavenly Supreme, but if he can't keep the ninth token and the ninth palace, he can only say his own strength. Too weak, no wonder we!"

"That's right! This is the Flood Dragon Army! It's the place to see strength!"

Beside the black-robed powerhouse, more than a dozen powerhouses couldn't help but persuade him.

The black-robed powerhouse "Long Sheng" couldn't help but wonder if he should challenge "Man Dun"; but at the same time, he was afraid of offending the Supreme Heavenly Venerate behind Man Dun – after all, in his opinion, Man Dun was definitely someone Descendants of the Heavenly Sovereign; otherwise, how could it be possible to directly enter the Flood Dragon Army without an assessment?

"In case, the Heavenly Supreme powerhouse behind Man Dun has a stingy personality and loves to hold revenge..." Long Sheng couldn't make up his mind for a while. After all, he hasn't figured out the origin of Mandun yet; it would be embarrassing if he accidentally offended a certain Heavenly Sovereign!

Heavenly Supreme, he can't afford to offend him!

But at this moment, Long Sheng's "tenth token" shook.

“What’s the matter?” Long Sheng couldn’t help but take out the tenth token—if there was no situation, the tenth token would not vibrate.

The younger brothers around saw the “Tenth Token” in Long Sheng’s hands and couldn’t help but envy – this token represents strength! It means that Long Sheng has the top 20 of the Jiaolong Army. strength!

“Huh?” However, after seeing the message on the “Tenth Token”, Long Sheng’s expression changed slightly, “Damn! It’s so deceiving!”

“What’s the matter, Senior Brother Long?” the surrounding boys asked one after another.

Long Sheng looked grim and said, “Didn’t I sign up for the practice of Jiaolongtan? That Man Dun, he actually signed up for Jiaolongtan as soon as he came, and pushed me to the back! I won’t be able to enter Jiaolong until he finishes his practice. Longtan Cultivation!—Isn’t that deceiving people too much?”

Long Sheng was originally hesitating whether to challenge “Man Dun”; now, he can’t bear it!

“Help me find out, what is the origin of this Mandun!” Long Sheng said coldly, “I want to see how big his origins are, how dare he be so arrogant!”

Long Sheng still has some connections.

Soon, he found out that “Mandun” was not the descendant of the Heavenly Supreme, but because of his merits, he got the “Ninth Token”.

“It turned out to be just good luck and a little credit!” Long Sheng suddenly felt no fear at all, “I thought he was a great source! – Help me with the gauntlet! I want to see, this ‘mandun’ Dare to fight!”

Chapter 2072: Can You Line Up?

?? Ninth Palace.

Xu Ming already knew about the situation of the Jiaolong Army.

“The Flood Dragon Army is really a place where the weak eat the strong! Only with enough strength can you keep the ninth token! Otherwise, you can only enjoy resources for a period of time; then, the ranking in the Flood Dragon Army will continue to decline until Fall out of the Flood Dragon Army!”

Of course, Xu Ming would not worry about this. After all, he has enough strength.

“However...for me, just keeping the ninth token is not enough!” Xu Ming thought again, “I must become a member of the Azure Dragon Formation!”

Xu Ming has just learned that only a member of the “Four Elephants Tianchen Array” is qualified to go to the sacred place of inheritance of the Great Master of the Three Realms!

“Inheritance Holy Land?”

Xu Ming had a hunch.

If the treasure of the Great Venerable of the Three Realms is really hidden in the Three Realms universe, then it is very likely that it is in the Holy Land of Inheritance.

Therefore, to inherit the Holy Land, Xu Ming must go!

And if he wants to go to the Holy Land of Inheritance, Xu Ming must first make himself a member of the Qinglong Great Array!

And if you want to become a member of the Azure Dragon Array, you must challenge the original members of the Azure Dragon Array! -Only with the “First Token” can you be qualified to challenge the members of the Azure Dragon Array!

Xu Ming already understands what he needs to do in the Flood Dragon Army – that is to challenge the “First Token”!

“However... I am not qualified to challenge the first token yet!”

The first token, not everyone is eligible to challenge! Otherwise, wouldn't the powerhouse holding the first token have to be busy?

To challenge the first token, you must have enough records! And Xu Ming, who has just entered the Flood Dragon Army, what record can he achieve?

“Enough records, it's not difficult! After all... Although I just came to the Jiaolong Army, there are already quite a few people who challenge me!” As soon as Xu Ming entered the Jiaolong Army, he got the ninth token, which naturally caused a lot of confusion. The dissatisfaction of the members of the Shaojiaolong Army!

So far, Xu Ming has received more than ten battle letters!

Of course, those who issued the battle letter to Xu Ming were all members of the Jiaolong Army who were ranked behind Xu Ming.

“Don't be in a hurry!” Xu Ming secretly said. After all, he is not here to play with other members of the Jiaolong Army; for him, even challenging the first token is easy, “I will enter Jiaolongtan to practice first! After the practice is completed, I will accompany those challengers. Have fun! Then, challenge the first token and challenge the members of the Azure Dragon Formation!”

There are many books. However, Brother Ming disdains the challenge!

Moreover, Xu Ming has one more thing, and that is – lead the snake out of the hole!

Don't forget, those Heavenly Supremes who sneaked in from the real universe are still trying their best to find Xu Ming!

“Once I show some strength and successfully challenge the members of the Qinglong Great Array, then it will definitely arouse suspicion!” Xu Ming secretly said, “At that time, those Heavenly Supremes who have sneaked in from the real universe will definitely doubt ‘Mandun’. It's Xu Ming! In that case, I'll be busy!”

Therefore, while he is not busy now, Xu Ming must improve his strength!

“Jiaolongtan!”

That's where Xu Ming improves his strength!

boom! boom! boom! ...

At this moment, Xu Ming felt that the guard formation of the ninth palace was shaking; obviously, someone was smashing the formation.

“Here again...” As Xu Ming walked out of the palace, he shook his head secretly—he thought about it with his toes, and knew what was going on outside!

Someone must have sent the war book again!

Sure enough, when he walked to the gate of the palace, Xu Ming saw that there were two strong men in black robes, looking at him with a resolute expression.

“Man Dun?” The two black-robed powerhouses said directly when they saw Xu Ming, “We, on behalf of Senior Brother Long Sheng, are here to issue a battle letter to you!”

Long Sheng?

Xu Ming had a slight impression of this name, and seemed to be one of the holders of the “Tenth Token”.

“Oh!” Xu Ming replied indifferently – as expected, he issued the gauntlet again.

“Man Dun! Do you dare to accept this war book!?” The two black-robed powerhouses shouted again.

“Bring it here!” Xu Ming said lightly.

“It's a bit courageous!” The two black-robed powerhouses shot the gauntlet directly at Xu Ming.

Xu Ming took the gauntlet and threw it into the world ring without looking at it.

“Huh?” The two black-robed powerhouses suddenly looked cold, “Man Dun, you haven’t opened the war book yet! You didn’t say when to fight!”

Xu Ming said lightly: “When I want to fight, I will naturally open the gauntlet!”

The two black-robed powerhouses said coldly: “Man Dun! Are you afraid to fight, so you deliberately didn’t open the gauntlet? – Hmph! If you dare not fight, then you just give up the ‘Ninth Token’. What does it mean when you take over the gauntlet and don’t take it apart?”

“Who doesn’t dare to fight?” Xu Ming said indifferently.

“Then why don’t you open the gauntlet?” The two black-robed powerhouses sneered, “Although you took the gauntlet, if you put it in your hand, the Hundred Million Era will not be opened; Books, what’s the difference?”

“Don’t worry, I will dismantle it soon!” Xu Ming said.

“When will it be soon? Why don’t you just set a time?” The two black-robed powerhouses were aggressive—they were ordered by Long Sheng to come to the battle book; He was punished by Long Sheng.

So, no matter what, the two of them had to force Xu Ming to open the gauntlet and set a time!

“I said, don’t worry!” Xu Ming said impatiently.

“Man Dun, aren’t you afraid?” The two black-robed powerhouses sneered, “It’s normal to be afraid! After all, you’re just entering the Jiaolong Army for the first time; you’re afraid of Senior Brother Long Sheng’s reputation, there’s nothing to be ashamed of. !—If you are afraid, you should just give up the ninth token! There is nothing to be ashamed of if you admit defeat to Senior Long Sheng; and if you admit defeat, you will still get the hand of Senior Long Sheng. What about ‘Tenth Token’...”

“Are you annoying?” Xu Ming couldn’t help interrupting, “I said don’t worry, don’t worry!”

Without waiting for the other party to say more, Xu Ming raised his hand, and more than ten battle books appeared in his hand.

“You’re not the only ones here to send the gauntlet! There are so many more gauntlets in my hand, okay? Here, besides Long Sheng, there are nine challengers with the ‘tenth token’!” Xu Ming sneered, “Even if you want me to take on the challenge, let’s talk about first-come-first-arrival, can you line up?”

“Uh...” The two black-robed powerhouses were stunned—that is to say, not only Long Sheng, but all the other powerhouses holding the “Tenth Token” have all pledged their battle to “Man Dun”!

“I’ve got the war book! You guys go back first!” Xu Ming waved his hand, “As for when I will fight—don’t worry! Line up first!”

After sending away Long Sheng’s two scumbags... Xu Ming was about to go to Jiaolongtan to practice when suddenly, his “ninth token” vibrated.

Chapter 2073: How Did He Die!

?? Xu Ming was about to go to Jiaolongtan to practice when suddenly, his “ninth token” vibrated.

“What?” After seeing the message on the “Ninth Token”, Xu Ming couldn’t help but be slightly startled, “The holder of the ‘Eighth Token’, ‘Wudian’, actually signed up for the practice of Jiaolongtan, and even Did I squeeze in behind?”

The rule of the Jiaolongtan is that whoever is at the top of the Jiaolongjun will have priority to use the Jiaolongtan!

For example, the holder of the “First Token”, if he wants to, he can even occupy the Jiaolong Pond all the time, and prevent any other members of the Jiaolong Army from practicing!

Originally, when Xu Ming signed up for Jiaolongtan to practice, he held the “Ninth Token” and was the highest ranked existence in the entire Jiaolong Army! Therefore, he doesn’t need to wait long – the members who are cultivating in Jiaolongtan at the moment are approaching the end of their practice; it won’t be long before Xu Ming will be able to enter Jiaolongtan!

But now, just when Xu Ming was about to get up and go to Jiaolongtan, he killed a Wudian and grabbed ahead of him!

How can this work? – You must know that the powerhouse of the “Earth Supreme” realm, if you practice casually, it may be several epochs, or even longer! Could it be that Xu Ming has to wait a few epochs for Wudian?

Taking a ten thousand steps back, even if Wu Dian just wanted to go to Jiaolongtan for a casual bath, it only took a few hours, and Xu Ming would not have allowed Wu Dian to stick in front of him!

Only Brother Ming is in someone else’s team, how can someone else be in Brother Ming’s team?

If you don’t want to be cut in line by Udien, what should you do?

“It’s okay!” Xu Ming couldn’t help but secretly said, “Wudian is the eighth token! – Although I don’t have any record now, I just happen to be qualified to challenge the eighth token!”

The eighth token is only one place higher than Xu Ming’s ninth token! Therefore, if Xu Ming wants to challenge the “eighth token”, he can do it anytime!

To be honest, Xu Ming didn’t plan to challenge the eighth token; instead, after he came out of Jiaolongtan, he opened all the battle books and accepted all the challenges! Then, after clearing those challengers, Xu Ming has enough records to challenge the “First Token” directly!

But now, since a Wu Dian was killed halfway, Xu Ming had to challenge first, lest the other party delay his entry into Jiaolong Pond.

“Isn’t it the gauntlet? Can’t I write it?”

Xu Ming directly wrote the gauntlet.

Xu Ming’s gauntlet is concise and clear, without any superfluous words, just two words: “Suffer to death!”

...

Tenth Palace.

After receiving the replies from the two younger brothers, Long Sheng was naturally furious: “Queuing?—It’s ridiculous! It’s clear that Man Dun didn’t dare to fight, so even though he took the gauntlet, he didn’t dare to take it apart!”

A gauntlet can be written by anyone.

However, the challenged does not necessarily have to open it immediately after receiving the gauntlet.

“Humph!” Long Sheng sneered again, “But... Mandun thought that he would be fine if he didn’t open the gauntlet? That would be naive! – After the challenged receives the gauntlet, he must fight for at most one epoch. Humph! An era is just a flick of the finger; I see how Mandun will delay after an era!”

For a normal “Earth Supreme” powerhouse, an era is really just a flick of a finger, it’s too short!

Of course, for Xu Ming, one epoch time was enough to make an earth-shaking change in his body!

“It’s just...” Long Sheng couldn’t help frowning slightly, “Before me, there were more than ten strong men who challenged Man Dun; among them, there were also nine others who held the ‘Tenth Token’... If Man Dun took the challenge first Others, it’s more troublesome!”

After all... Long Sheng and the other nine powerhouses holding the “Tenth Token” are on a par! Among the other nine powerhouses, no matter who gets the ninth token, Long Sheng may not be able to replace it!

The challenge rule of the Jiaolong Army is “easy to defend and difficult to attack”.

The challenged, as long as he does not lose within a certain period of time, he will win! The challenger must defeat the challenged in order to be considered a success! – The ten holders of the “Tenth Token” are all about the same strength; then, whoever gets the “Ninth Token” first, it will be difficult for others to steal it from him!

And this is exactly where Long Sheng is depressed – his gauntlet is too late! The ninth token is almost impossible to fall into his hands!

“Damn it!” Long Sheng was extremely depressed, “Why don’t you dare to answer my challenge directly, this waste of man?”

at this time...

Inside the Jiaolong Army, a shocking news broke out—Man Dun, who newly joined the Jiaolong Army, issued a gauntlet to Wu Dian, the holder of the “Eighth Token”! Udon has been challenged, and the battle begins now!

“What!?” Long Sheng couldn’t believe it after seeing the news, “Man Dun... challenge Wu Dian?”

Who is Udon?

This is the holder of the “Eighth Token”!

Moreover, among the Jiaolong Army, Long Sheng and other ten holders of the “Tenth Token”, none of them dared to challenge Wudian—not that they couldn’t defeat it, but that they didn’t even have the courage to challenge!

From this, it is also conceivable that Wu Dian’s prestige in the Jiaolong Army is prosperous!

And now, the new “Man Dun” dared to challenge Uodian?

“Isn’t this not knowing whether to live or die?” Long Sheng couldn’t help but wonder.

At the same time, Long Sheng is more depressed – if Mandun is killed by Wu Dian, then the “Ninth Token” will be taken back by the Qinglong messenger; at that time, Long Sheng and other ten “Tenth Token” holders will If there is, no one will have a chance to get the ninth token!

Now, although it is almost impossible for Long Sheng to get the “Ninth Token”, there is still a slim chance! If the “Ninth Token” was taken back by the Azure Dragon messenger, then Long Sheng would have no chance at all!

“Damn it!” Thinking of this, Long Sheng couldn’t help but scolded, “This savage... Even if you want to court death, can you dismantle my gauntlet first, answer my challenge, and put the ‘Ninth Order first’? card’ to me?”

Long Sheng wants to get the ninth token has been imagining how long! And now, the fantasy has been shattered again! – In his opinion, Man Dun’s challenge to Wu Dian is to die!

“Go to the Jiaolong Battle Stage!” Long Sheng stood up murderously – the battle between Mandun and Wudian is about to begin! For Long Sheng, since he can’t get the “Ninth Token”, let’s go and see how Man Dun died!

call out-

Long Sheng went straight to the Jiaolong battle platform.

The younger brothers under his command naturally followed closely behind.

...

Like Long Sheng, who is full of murderous aura and goes straight to the Jiaolong battle stage, Long Sheng is not the only one! Every member of the Jiaolong Army who issued a gauntlet to “Man Dun”, or was about to submit a gauntlet to “Man Dun”, at this time, also rushed to the Jiaolong battle platform in anger.

They couldn’t get the “Ninth Token”, so they wanted to see with their own eyes how Man Dun died!

Chapter 2074: Only 1 Shot

? Jiaolong battle platform.

When Xu Ming just set foot on the Jiaolong battle stage, there were already tens of thousands of onlookers around him—among them, there were members of the Jiaolong Army and ordinary soldiers of the Qinglong Army.

“That’s Manton?”

All the onlookers pointed at Xu Ming.

“I heard that Man Dun’s brain doesn’t seem to work well?”

“Isn’t it? – As soon as you joined the Jiaolong Army, you dared to challenge Wudian! It’s not that you have a bad mind, what is it?”

“Wudian had ten battles on the Jiaolong battle stage! In ten battles, all ten opponents were killed, and no one was spared; it seems that Mandun should be the eleventh!”

“I really don’t understand, why did Mandun challenge Udian? Is it because his life is too long?”

In the crowd, Long Sheng and the other challengers who issued the gauntlet all looked at Xu Ming, gnashing their teeth. In their opinion, they had a chance to get the “Ninth Token”; but now, they have no chance!

“Mandun” died, and the ninth token would definitely be taken back.

boom-

Suddenly, the space-time made a very low roar.

A strong man with a ferocious and mighty power slammed onto the dragon battle platform.

“Udine!”

Looking at the power of Udian, the discussions around the battle platform suddenly quieted down. It seems that he is afraid of accidentally offending Udian in his words and causing disaster.

“You are Man Dun?” Wu Dian looked directly at Xu Ming as if he were dead.

Snapped!

Wu Dian threw Xu Ming’s gauntlet on the battlefield: “It’s the gauntlet you gave me!?”

The onlookers looked at the contents of the gauntlet with curiosity.

I saw only two words on the gauntlet: suffer!

“Death?”

“The gauntlet written by Mandun to Wu Dian actually only has the word ‘suffering death’ on it?”

“It’s over, it’s over! Mandun is definitely over! – Originally, Wu Dian might have spared Mandun’s life for the sake of his ignorance; now, it seems that Mandun is sure to die!”

“If Mandun is spared, it will not be Udian!”

The onlookers chatted quietly.

Everyone’s opinion is very consistent – Man Dun, must die!

...

On the Jiaolong battle platform.

Xu Ming naturally ignored the comments of the onlookers, but looked at Wu Dian indifferently: “A high-ranking supreme cultivation base?”

In the Jiaolong Army, almost all the powerhouses have the cultivation base of “high-ranking supreme”. After all, the Jiaolong Army has abundant resources, and every member is a genius among geniuses. It is not difficult to break through to the “superior position”.

Wu Dian was also looking at Xu Ming: “Subordinate to the Supreme Being?”

Xu Ming’s exposed cultivation base is the supreme being of the lower rank.

“Oh!” Wu Dian smiled disdainfully, “I really don’t know, where is your courage, dare to issue a gauntlet to me? – Although, the Jiaolong Battle Stage will suppress my cultivation to the ‘low-level supreme’, and You are equal; but do you think that the gap between you and me is only the gap in cultivation?”

“Ridiculous!” Wu Dian was completely disdainful, “Even if I suppress my cultivation to the lowest level, it would still be a piece of cake to ravage you!”

Xu Ming just said lightly: “There’s so much nonsense! Can we start?”

“Humph!” Wu Dian snorted coldly, “Since you are in a hurry to court death, then I will fulfill you!”

boom!

Wu Dian’s aura suddenly became scarlet and ferocious. With one slash, a terrifying power swept towards Xu Ming frantically.

As soon as it comes up, it is a killer move, merciless!

“Ha!” Xu Ming smiled disdainfully, and thought to himself, “I was thinking about whether to leave a way for you to live! But since you are the ultimate move, then I will be welcome!”

boom!

In an instant, Xu Ming’s spear shot out like a dragon.

call out-

The scarlet and ferocious sword light was instantly smashed by Xu Ming's gun. At the same time, Xu Ming's gun didn't stop and continued to kill Wudian.

"What!?" Wu Dian was horrified, with a look of horror on his face – just a collision, he felt the strength gap between himself and "Man Dun"! Not to mention that his current cultivation has been suppressed to the "Supreme of the Lower Rank", even if he is still the heyday of the "Supreme of the Upper Rank", I am afraid he is not Man Dun's opponent!

It's a pity that when Udon found this out, it was too late!

boom! !

Xu Ming's gun force instantly penetrated Wudian's divine body. And Wu Dian's expression is forever fixed in "horrified".

Only one shot!

Udon, die!

Bang!

The wreckage of Wudian's divine body fell heavily on the Jiaolong battle platform, and immediately disappeared without leaving a trace.

A token emerges from the location where Udon fell – it is the "eighth token" held by Udon.

call out-

The eighth token turned into a stream of light and shot at Xu Ming; while Xu Ming's ninth token dissipated directly—it was obviously recovered.

“Humph! I told you to ***** the Jiaolongtan with me!” Xu Ming took the eighth token and left directly.

Wu Dian could never have imagined that he would die – the reason why he suffered such a disaster was because he signed up for the practice of Jiaolongtan and joined Xu Ming’s team!

Of course, this is also related to Wu Dian’s ultimate move! With Xu Ming’s character, if it wasn’t for Wu Dian’s killing move as soon as he came up, he would take his life; then, Xu Ming generally wouldn’t kill him, and would only teach Wu Dian a lesson.

It can only be said that Wu Dian is too unlucky and too arrogant!

...

There was a long silence around the Jiaolong battle platform.

After Xu Ming left, he gradually began to make a sound.

“Udien... dead?”

“Mantun killed Udin?”

“And it’s a one-shot kill?”

“Just one shot...”

Everyone was horrified.

You must know that Wu Dian is the holder of the “Eighth Token”, which is the eighth strength of the Jiaolong Army!

If Wu Dian’s cultivation is not suppressed, then, even in the face of the “Heaven Supreme” powerhouse, Wu Dian has so much strength to save his life! Even if Wu Dian’s strength is

suppressed to the “Lower Earth Supreme” level, it is still the top strength at the “Earth Supreme” level!

But even with the strength of this “Earth Supreme Peak”, it was still killed by Man Dun with a single shot!

Man Dun’s strength, how strong should it be! ?

“Man Dun’s cultivation base is only a low-ranking supreme, so if he really fights outside the Jiaolong battle stage, his strength should not be too outrageous; but even so, I am afraid that he can compete with the prosperous Wu Dian. It’s a draw! And if it’s in the Flood Dragon Battle Stage... I’m afraid, only the holder of the ‘First Token’ in the entire Flood Dragon Army can dare to say that they will win the battle, right?”

Before this battle, everyone thought that Man Dun was just lucky and made some contributions, so he was recruited into the Jiaolong Army and given the “Ninth Token”; but now, everyone knows that... Man Dun’s strength Even scarier!

Super genius!

Undisputed super genius!

“Wait until Mandun cultivates to the level of ‘high-ranking supreme’, then, I am afraid that his strength will definitely be ranked in the top three of the dragon army?” Everyone couldn’t help thinking in horror.

The top three of the Jiaolong Army!

That is almost the strength to challenge the “Qinglong Great Array”!

The most depressing and tragic people were Long Sheng and the others—they had already sent a letter to “Man Dun”, but Man Dun hadn’t opened their letter.

“If Mandun opens the gauntlet at some point, then we...” Long Sheng and the others almost wanted to cry without tears.

Originally, they were looking forward to Man Dun dismantling their gauntlet; but now, they just felt that when Man Dun dismantled the gauntlet, it would be their death!

Their life and death are completely in the hands of “Man Dun”.

When Mandun wants them to die, let them die!

Chapter 2075: Praise!

?The Eighth Palace of the Dragon Army.

After killing Wu Dian and obtaining the “Eighth Token”, Xu Ming naturally occupied the Eighth Palace.

And the Ninth Palace was empty again – but this time, no one coveted the Ninth Palace anymore! The group of people who had the idea of the ninth palace before, are now regretful.

“Killing Wu Dian in one shot should attract some attention, right?” Xu Ming thought secretly.

In fact, Xu Ming could have pretended to be weaker, for example, he would be on a par with Wu Dian and win with difficulty; in that case, the identity of “Man Dun” would not attract too much attention.

But... Xu Ming is actually deliberately making a high profile!

Yes, deliberately high profile!

Of course Xu Ming knew that the Heavenly Sovereigns who had sneaked in from the real universe were definitely looking for him; but on the other hand, why wasn't Xu Ming looking for those Heavenly Sovereigns? – If you find one, “report” one!

However, after Hengmo Tianzhizun was “reported” by Xu Ming, the other Tianzhizun who sneaked in must have become extremely low-key and careful; Xu Ming wanted to find them, what easier said than done?

Therefore, Xu Ming came up with such a trick – to lead the snake out of the hole!

“With the strength and talent I have shown, plus the fact that ‘Man Dun’ is from the barbarian king clan, it should be easy for the Supreme Beings to suspect that ‘Man Dun’ is actually me ‘Xu Ming’!” Xu Ming secretly said, “If they suspect my identity, they will definitely want to shoot at me! Hehe, as long as they shoot at me, I will have the opportunity to find them and report them in turn!”

Xu Ming suddenly felt that “reporting” felt very cool!

“But don’t worry, I want to lay a long line and catch big fish!” Xu Ming thought badly, “I want to catch a few more fish in this net!”

At this moment, Xu Ming’s “eighth token” shook.

“Huh? Have the practitioners in Jiaolongtan finished their training?” Xu Ming got up immediately, “Go to Jiaolongtan first and improve your strength!”

Strength is the foundation of everything!

If Xu Ming has enough strength, why would he need to “report” such a trick to deal with those hostile Heavenly Sovereigns?

If Xu Ming had enough strength, he wouldn’t even take refuge in the Three Realms Universe, and he would just go head-to-head with those hostile “great masters”!

However, Xu Ming does not have that kind of strength for the time being! Therefore, in the Three Realms Universe, Xu Ming will not miss any good opportunities to improve his strength – after all, Xu Ming cannot hide in the Three Realms Universe forever!

The real universe is Xu Ming’s battlefield!

Xu Ming must face the “Great Master”! And it’s not a Great Venerable, but a group!

“Go! Go to Jiaolongtan first!”

Xu Ming went straight out of the Eighth Palace.

However, as soon as Xu Ming walked out of the Eighth Palace, he saw more than a dozen strong men standing around the entrance of his palace.

“What’s the situation?” Xu Ming was slightly startled.

“Brother Mandun...” A black-robed strong man shyly stepped forward, “I’m Long Sheng!”

“Long Sheng?” Xu Ming was a little puzzled, as if he couldn’t remember the name.

Long Sheng continued: “Brother Mandun, I gave you a gauntlet...”

“Oh!” Xu Ming suddenly showed a look of surprise, “It’s you! – And you guys, have you all given me a gauntlet?”

Xu Ming looked at the other strong men again.

Seeing everyone nod, Xu Ming said again: “What do you mean by surrounding my palace? Are you urging me to fight early?”

“No no no...No!” Long Sheng continued, “Brother Mandun! Blame us for being so ignorant and blind, I didn’t know that Brother Mandun was so powerful! Uh... can we take back the gauntlet?”

“Return the gauntlet?”

“That’s right, right!” Long Sheng continued, “Brother Mandun, you haven’t opened the gauntlet yet, please return the gauntlet to us, and treat us like shit!”

Xu Ming suddenly laughed: “The tactics that were sent out, and the reason for taking them back? – Don’t worry, I’m going to enter the Jiaolongtan to practice now! When I come out of the Jiaolongtan, I will disassemble all your battle books. !”

At this time, Xu Ming said intentionally or unintentionally: “And that Wu Dian... Originally, I didn’t intend to challenge him! But, who asked him to sign up for Jiaolongtan’s practice and join my team?” Doesn’t this affect me entering Jiaolongtan to cultivate?”

Long Sheng and other powerhouses were trembling again—just because it prevented you from entering the Jiaolongtan for cultivation, you killed Wu Dian?

“By the way!” Xu Ming said again, “You stop me one by one, do you also want to influence me to enter Jiaolongtan to practice?”

“Don’t dare! Don’t dare!” Long Sheng and other strong men even made way for them—just joking! Even Wu Dian, the holder of the “eighth token”, was slaughtered because he prevented you from entering the Jiaolongtan for cultivation; if we block the road again, aren’t we courting death?

“It’s fine if you don’t dare!” Xu Ming smiled meaningfully, then walked away, heading straight for Jiaolongtan.

...

As soon as he entered Jiaolongtan, Xu Ming felt as if he was surrounded by the endless “source of the universe”!

There is the power of “the origin of the universe, the truth”, and there is also the power of “the origin of the universe, the virtual” – these forces are endless and majestic, even Xu Ming, it is difficult to see the source of these forces.

“Such majestic and inexhaustible power is indeed the work of the Great Venerable!” Xu Ming couldn’t help but sigh, “With this inexhaustible supply of energy, I can successfully open up the eight-elephant limit of the ‘Heart Universe’!”

Xu Ming’s “heart universe” is the virtual universe!

As long as Xu Ming successfully opened up the eight-big limit, then Xu Ming’s “self-universe” will be exactly the same as the real universe!

Both are “real universe” and “virtual universe eight big limits”!

It’s like a miniature version of the real universe!

Xu Ming sat cross-legged in the center of Jiaolongtan, where the energy is most concentrated; he secretly said in his heart, “If the Great Master of the Three Realms knows, his layout in the Three Realms universe will actually fulfill me, and I’m afraid I really want to live out of anger. !”

Of course, the Great Master of the Three Realms had already fallen under Xu Ming’s “seckill” and had completely fallen into annihilation.

Xu Ming just wanted to say: This stepping stone is really comfortable!

Praise!

“Hurry up and break through the cultivation base!” Xu Ming secretly said, “It’s best to rush to the supreme level in one fell swoop!”

Now, Xu Ming’s cultivation base is already “the supreme person”.

And Xu Ming wants to open up the “heart universe” into the eight-big limit, and he needs to follow three steps: one is two, two is four, and four is eight!

After completing these three steps, the Eight Elephant Limits will be successfully opened! With Xu Ming’s cultivation, he should be able to step into the “Earth Supreme” level logically!

Xu Ming slowly closed his eyes and adjusted his state to the peak: “Start breaking through!”

rumbling...

The vast and majestic power of the origin of the universe began to pour into Xu Ming’s “divine universe” and “heart universe” at the same time.

? Rumble...

The vast and majestic power of the origin of the universe began to pour into Xu Ming's "divine universe" and "heart universe" at the same time.

Opening up the eight-big limit is not simply dividing the virtual universe. At the same time of division, it is necessary to expand the virtual universe at the same time; in this way, the stability of the virtual universe can be maintained.

And as the virtual universe grows, the real universe must also grow at the same time.

Therefore, Xu Ming will pour the vast and majestic power of the origin of the universe into his "divine body universe" and "heart universe" at the same time.

I do not know how long it has been...

Click!

At the core of Xu Ming's heart universe, a "line" appeared.

Yes, just a "line", a fine line to the extreme. However, this line interprets the ultimate meaning of time and space; it is just a line, but it completely divides the entire heart universe into two parts!

The time and space, cause and effect, etc. of these two parts are completely irrelevant!

"One in two, success!"

At the same moment, Xu Ming felt that his cultivation had skyrocketed to a new level.

"The highest-ranking people are at their peak!" Xu Ming felt his current state.

Although it has skyrocketed by a level, it is not enough for Xu Ming's cultivation to break through to Earth Supreme – this is only a "quantity" breakthrough, not a "quality" breakthrough.

“continue!”

Xu Ming continued to absorb the power of the origin of the universe.

Both the “Divine Body Universe” and “Heart Universe” continue to grow!

When it grows to a certain extent again, the two quadrants of Xu Ming’s “Heart Universe” will each appear a “line” that contains the ultimate meaning of time and space.

“Second step, two points and four!”

boom! !

From the outside, Xu Ming has not changed; however, his “heart universe” has actually changed a lot – from two quadrants to four quadrants!

Xu Ming’s cultivation has also broken through to the realm of “half-step supreme”!

It is only half a step away from truly breaking through to become the “Supreme Earth”!

“The cultivation direction of “I Am for the Universe” is correct!” Xu Ming could clearly feel that there was no problem with his cultivation direction.

They all say “the way is natural”!

And the practice of “I am the universe”, it can be said that the “Dao method is natural” to the extreme – directly cultivate yourself to be exactly the same as the entire real universe!

“The last step of the third layer of “I Am for the Universe”! It is also the most critical step! – Four points and eight, opening up eight big boundaries!”

Xu Ming doesn’t know why the real universe is the “real universe” and the “eight quadrants of the virtual universe” instead of the sixteen quadrants and the thirty-two quadrants...

However, there is no need for Xu Ming to figure it out for the time being—whatever he is! Anyway, I am “plagiarism”!

Yes!

Plagiarism!

Direct copying of the entire universe!

It can be said that Xu Ming is definitely the most defiant “plagiarist”!

...

And while Xu Ming was cultivating in the Jiaolongtan... the name “Mandun” had already spread among the Qinglong Army.

A new genius to join the Jiaolong Army!

Subordinate to the Supreme!

In one move, he killed Udian, the holder of the “Eighth Token”!

A piece of news about “Man Dun” spread in the Qinglong Army. Every piece of news proved Man Dun’s talent and strength.

“Man Dun has just joined the Flood Dragon Army! After he has been practicing in the Flood Dragon Army for a while, I am afraid he may challenge the ‘First Token’, or even a member of the ‘Blue Dragon Great Array’!”

“Yeah! Man Dun’s current cultivation base is only a low-ranking supreme; he has too many talents to develop! The future is really limitless!”

“Wudian is also pitiful! He never imagined that Man Dun, a newcomer who had just joined the Jiaolong Army, would be so powerful!”

And these news naturally spread to the ears of the Heavenly Supremes from the true universe.

Somewhere in a dark, deep valley.

A “Middle Heavenly Sovereign” sitting cross-legged suddenly opened his eyes – he is the “Silver Mosquito Heavenly Sovereign” from the real universe!

After sneaking into the Three Realms Universe, Silver Mosquito Heavenly Supreme has always been extremely cautious, barely touching anyone, and even hiding in deep valleys for a long time—because he knows that if there is a “median Heavenly Supreme” suddenly appear, it will definitely cause the Three Realms Cosmos native The attention of the supreme heaven!

After all, in the Three Realms Universe, there are only so many Heavenly Sovereigns; even fewer have reached the median Heavenly Sovereign!

A “median Heaven Supreme” suddenly appeared, can it not arouse suspicion?

but...

Although Silver Mosquito Heavenly Sovereign did not show up, he still had the means to obtain information from the Three Realms universe—for example, this time, the information about “Mandun” was presented to Silver Mosquito Sky Sovereign for the first time.

“Man Dun? From the barbarian king tribe?”

Silver Mosquito Heavenly Sovereign immediately remembered the fallen Honing Heavenly Sovereign.

“Hengmo Tian Zhizun seems to have fallen in the barbarian king tribe, right?” Yin Mosquito Tian Zhizun couldn’t help but fell into contemplation, “And... The reason why Honma Tian Zhizun went to the barbarian king tribe seems to be because he felt in the barbarian king tribe. The causal line of the Moon Demon!”

The causal line of the Moon Demon appeared in the barbarian king tribe.

Honing the Supreme Being, fell to the barbarian king tribe.

Man Dun, from the barbarian king tribe.

These three things are all related to the barbarian king tribe—could it be a coincidence?

Silver Mosquito Heavenly Supreme did not think that this would be a coincidence: “In the universe of the Three Realms, I don’t know how many long years, it is possible to appear a super genius who is expected to enter the ‘Four Elephants Tianchen Array’; this super genius happens to be Man Dun Besides, it just came out at this time?”

The Silver Mosquito Heavenly Supreme did not think that there would be such a coincidence!

If it’s not a coincidence, then...”Man Dun” is very likely to be “Xu Ming”!

After all, Yin Mosquito Sky Supreme and other powerhouses who have sneaked in have already guessed that Xu Ming is likely to have “Feng Zhou Ding” in his hands, and he can disguise himself as any powerhouse at will.

“And... as far as I know, before I entered the Three Realms Universe, Man Dun had a mediocre talent and never showed any talent! But after I entered the Three Realms Universe , the super genius Man Dun suddenly appeared. !”

Thinking about it this way, Yin Mosquito Tian Zhizun felt that “Man Dun is Xu Ming” is more likely!

“It’s more than 80% possible!” Yin Mosquito Sky Supreme’s eyes narrowed slightly, killing intent pervaded.

The possibility of more than 80% is already worth his shot!

“It’s just...” Yin Mosquito Heavenly Sovereign frowned slightly, “This is suspected to be Xu Ming’s Man Dun, and now he is in the Jiaolong Army... The Jiaolong Army, but the core of the Qinglong Army! I can’t directly attack the Jiaolong Army to deal with the Man. Pause?”

Not to mention that Silver Mosquito Heavenly Supreme is just a “median Heavenly Supreme”, even if he is “upper Heavenly Supreme”, it is impossible to kill Jiaolong Army.

“We can only wait for the opportunity!” Yin Mosquito Sky Supreme said secretly, “Best, is there any way to force Man Dun out of the Qinglong Army barracks... As long as he stands in front of me, I will definitely have a way to distinguish him. Is it Xu Ming after all?”

Chapter 2077: Howl Of The Universe

? Not much time.

Almost every infiltrated Tian Zhizun has already obtained the information of “Man Dun”. Moreover, every infiltrating Tian Zhizun felt that “Man Dun is Xu Ming” is very likely!

Very big!

“Needless to say, Mandun must be Xu Ming! And the reason why he exposed his identity recklessly is because he feels that he is in the Jiaolong Army, and we can’t do anything about him!” Youtian Zhizun guessed.

Most of the other Heavenly Sovereigns also have such guesses. After all, they knew very well that Xu Ming could “report” them, but they couldn’t report Xu Ming—the purpose of many of them was to capture Xu Ming alive and capture the Divine Soldier; if they reported Xu Ming, then they could If you can’t get the world-shattering magic weapon, you will be busy all the time!

“Humph! This Xu Ming is still too naive! – Thinking that we are in the Jiaolong Army, we have nothing to do with him? Ridiculous!”

Of course, there are also experts who suspect that Xu Ming is deliberately exposed, trying to lead them out of the hole – they guessed right, Xu Ming is deliberately exposed! However, everyone didn’t know that Xu Ming had an “infinite resurrection” link, so they didn’t know what the significance of Xu Ming’s deliberate exposure could be; therefore, they didn’t think about this aspect.

“Let’s think of a way to force this Man Dun, who is extremely suspicious of Xu Ming, out of the Jiaolong Army!”

One by one, the Heavenly Sovereign who sneaked in began to plan.

...

Of course Xu Ming didn’t know the plans of those hostile Heavenly Sovereign.

Of course, even if Xu Ming knew about it, he wouldn’t care at all, because... this was exactly the effect he wanted!

At this time, Xu Ming is completely immersed in opening up the eight-elephant limit!

“Fourth and eight...”

Each of Xu Ming’s “Four Great Limits of the Heart and Universe” has a subtle to extreme “dividing line”.

However, at this time, Xu Ming’s “Divine Body Universe” and “Heart Universe” also became extremely unstable, as if they were about to collapse at any time!

“How could this happen?” Xu Ming looked surprised—according to his expectations, as long as there was an unlimited supply of energy, the opening of the eight major boundaries should be smooth and stable! But why, now Xu Ming’s body is extremely unstable inside and outside; if he is not careful, he may even collapse and annihilate completely!

“It seems... there is some invisible force that is preventing me from opening up the Eight Great Limits?” Xu Ming secretly said.

right!

That’s what it feels like!

actually...

Xu Ming didn't know that in the rules of the universe, exercises like "I am the universe" are never allowed! In particular, when this kind of cultivation method reaches a critical step—that is, when it opens up the "Eight Great Limits of the Virtual Universe", it will cause a huge response from the "Universal Will".

Although Xu Ming is now in the universe of the Three Realms, not in the universe of the mind; however, the universe of the Three Realms is actually not out of the control of the "big cosmic will". Cultivating the "I am the universe" exercise in the Three Realms Universe still cannot escape the perception of "the will of the universe".

However, because Xu Ming practiced "Breaking the World", even if he practiced "I am the universe", he would not be perceived by the "will of the universe" under normal circumstances.

But now, not "in general"! – Now, it is the critical moment for Xu Ming to open up the "Eight Great Limits of the Virtual Universe"! Even "Breaking the World" is a little bit unable to cover up such a crucial step!

Fortunately... "Breaking the World" still managed to cover it up!

"The Will of the Great Universe" can only perceive that in the entire universe, someone is opening up the "Eight Great Limits of the Virtual Universe"; but there is no way to know who is doing it!

If the "will of the universe" perceives that it is Xu Ming, then, I am afraid that it will directly obliterate Xu Ming! Unfortunately, the "will of the universe" cannot perceive it, so it can only drop invisible obstacles within the scope of the entire universe.

However, the power of this kind of obstacle scattered in the entire universe must be limited – although it affected Xu Ming for a while, but soon, Xu Ming got used to it.

"Continue to develop!"

After Xu Ming got used to this invisible obstacle, he felt that it was easier to open up the Eight Great Limits!

Boom-

At exactly the same moment, the four “division lines” that divide time and space divide Xu Ming’s “four big boundaries” of the universe into “eight big boundaries”.

The real universe, and the eight great limits of the virtual universe! to make!

Xu Ming’s “self-universe” has exactly the same layout as the entire real universe!

The third floor of “I am the universe”, the practice is complete!

boom-

At the same time, Xu Ming’s cultivation level also broke through a layer of shackles and directly stepped into the realm of “low-level supreme”!

Xu Ming’s strength has soared at the same time!

“Median Heaven Supreme!”

This is the level of strength that Xu Ming can achieve without using the Boundary Breaker Spear!

However, Xu Ming couldn’t be sure whether he could compete with the “High Heaven Supreme” if he used the Boundary Breaker Spear – after all, based on Xu Ming’s current state, it was impossible to calculate what kind of power level the High Heaven Supreme had reached.

However...

Xu Ming didn’t know that at the moment when he successfully opened up the “Eight Great Limits”, the entire real universe outside the Three Realms universe was completely turned upside down!

“Woo-”

“Woo-”

“Woo-”

It’s like howling!

It’s like roaring!

This roaring sound, in the real universe, spreads to every corner of the real universe and the eight great boundaries of the virtual universe!

This is... the howl of the universe!

At this moment, whether it is as powerful as the Great Venerable, Heavenly Supreme, or as weak as ants and mayflies... Every creature has heard the roar of the universe!

Moreover, this roar sounded directly in the deepest part of every soul’s soul! Whether covering your ears or practicing in seclusion, you can’t avoid the roar of the universe!

Even a born deaf person understands the meaning of “voice” at this moment.

Of course, in the Three Realms universe and other universes opened up by the Great Venerable, there is no roar of the universe. After all, these universes still have some rules of operation of their own; although the will of the universe can penetrate into these universes, its influence After all, the force is much smaller.

this moment...

Countless powerhouses widened their terrified eyes!

The stronger you are, the more you can feel the endless terror contained in this howl!

One by one Great Venerable, it is even more shocking!

“What’s wrong?”

“what happened?”

“It’s the whole universe that is howling and roaring!”

“In five cosmic ages this is the third time this has happened, right?”

“Yes! The third time!—The first time was when the strength of the Eternal Great Venerable reached its peak; the second time was when the strength of the Great Venerable Kunpeng reached its peak! And this time... the roar of the universe, to Even more terrifying than the previous two!”

“Could it be... is there a super powerhouse who has rewritten the era of the universe?”

“Are more terrifying super existences than the two super-powerful superpowers of Eternal Great Venerable and Kunpeng Great Venerable?”

The Great Seniors speculated and communicated in horror as to what happened.

And the initiator of all this, Xu Ming, because he was in the universe of the Three Realms, had no idea that the universe was roaring with grief and anger!

Chapter 2078: Eat!

Taoism.

The Taoist Temple is the core of the Taoist world.

Near the Taoist Temple, the rules of the universe’s operation are almost materialized. Countless strong people will watch and comprehend the avenues around the Taoist temple.

However, inside the Taoist temple, it is sparsely populated. Only when you reach the realm of Heavenly Sovereign are you qualified to enter the Taoist Temple.

“Woo-”

“Woo-”

“Woo-”

The roar of the universe also resounded in the Taoist temple.

An almighty in a purple star robe walked out of the closed room in vain, stood in the center of the Taoist temple, and looked up at the sky – this almighty is the master of the Taoist temple, “Zihe Dazun”!

Zihe Da Zun stood here, as if he could hear the thoughts of the universe.

The elephant is invisible.

The road is silent.

The Great Master Zihe listened to the silent will of the universe and nodded from time to time. He also talks to himself from time to time, as if he is talking to the universe.

“A vision was born?”

“Mmmmmmm!”

“I see!”

“Must be killed?”

“But the location of the vision cannot be determined?”

“Okay! I will immediately arrange an inspector to inspect the entire real universe!”

The voice of Zihe Dazun fell.

hum—

In the Taoist temple, the almost materialized will of the universe began to condense; a total of eighteen “swords of will” were condensed.

Whoa!

Great Master Zihe waved his hand and put away all the eighteen swords of will: “Don’t worry! I will immediately arrange eighteen inspectors to carry these eighteen swords of will to slay the vision!”

After speaking, Zihe Da Zun hurriedly left the place and went to dispatch troops.

The sword of will has no lethal power in itself; however, as long as the sword of will appears near the “vision”, it can perceive who is the vision – as long as it is perceived, there is a natural way to eradicate the vision by means of the will of the universe .

And Xu Ming didn’t even know that his breakthrough had caused such a big movement! Even the Daoist Zihe Dazun once again acted “on behalf of the will of the universe”!

To know...

The strength of the Great Senior Zihe is only average at the Great Senior level.

However, once the Great Senior Zihe acts on behalf of the will of the universe, then he is the strongest Great Senior in the universe! Even beheading other Great Venerables is not difficult! – Because of this, in the real universe, other Great Venerables hardly dare to offend Great Venerable Zihe!

...

Three universes. Qinglong Army. Jiaolongtan.

“Huh...” Xu Ming opened his eyes again, “Cultivation is over!”

Fortunately, there is an infinite supply of energy in this Flood Dragon Pool. Otherwise, even if Xu Ming used up the “Origin of the Universe·True” and “Origin of the Universe·Void” in his body, it would not be enough to open up the eight great limits of the virtual universe.

“The third level of “I Am for the Universe” is even more difficult to cultivate than in my quadrant!” Xu Ming secretly said, “However, fortunately, it has successfully broken through to Earth Supreme!”

Now, Xu Ming’s “self-universe” and the outside world’s “real universe” have exactly the same structure; it’s just that Xu Ming’s “self-universe” is still too weak. Therefore, the next practice, for Xu Ming, is very simple, that is – continue to expand “self-universe”!

And if you want to grow your “own universe”, the only way is to eat!

Yes!

eat!

Of course, it’s not simply eating, but... swallowing all kinds of energy and treasures into the “self-universe”, and digesting them, so as to strengthen the “self-universe”!

“In this Jiaolongtan, you can just ‘feast’!”

Of course, Xu Ming was not polite, he directly devoured it frantically, eating the massive power of “Cosmic Origin·True” and “Cosmic Origin·Void” into his “self-universe”.

After a meal, Xu Ming consumed more energy in Jiaolongtan than when he opened the eight-elephant limit before.

“No! It’s a bit too much!” Suddenly, Xu Ming stopped swallowing energy.

Too full to eat!

After all, the energy that has just been swallowed into the “self-universe” is foreign energy, and does not really belong to Xu Ming’s “self-universe”. Therefore, after “eat” comes in, it is necessary to “digest” all the external energy first.

“My ‘self-universe’ is still too small, I can’t eat much, so I will eat it!” Xu Ming secretly said, “Also, the speed of digestion seems to be a little slow!”

There is no other way, no hurry, Xu Ming can only “digest” slowly.

“Go out first!”

For Xu Ming, there is nothing to do if he continues to stay in Jiaolongtan; he should go out first and go back to Jiaolongjun to do something.

“No! Wait!”

Xu Ming suddenly thought.

“Before I entered Jiaolongtan, the cultivation base I revealed to the outside world was ‘low-level supreme’; now that I’m leaving Jiaolongtan, I can show my exposed cultivation base to a higher level!”

With Feng Zhou Ding present, Xu Ming can modify the revealed cultivation base at will.

“Let’s show it directly as ‘Supreme Supreme’!” Xu Ming secretly said, “After all, next, I am bound to show the strength of ‘Heavenly Supreme’ in the Flood Dragon Army! – The cultivation of ‘Supreme Supreme’, showing the strength of the ‘Lower Heavenly Supreme’, although it is a monster, it is still reasonable!”

To be honest... Xu Ming’s current leapfrog combat ability is no longer “reasonable”!

The real cultivation base: the subordinate to the supreme!

Real combat power: the median sky is supreme!

It has surpassed four or five realms!

And Among them, there is still a gap between “Earth Supreme” and “Heaven Supreme”! – If the great powers of the real universe knew that Xu Ming had such a terrifying leapfrog combat ability, it would inevitably cause unnecessary trouble!

For example... If the great master of the “Dao Temple” knows, he will definitely hold the “Sword of Will” and come to investigate Xu Ming!

With the help of Feng Zhou Ding, Xu Ming modified the revealed cultivation base, and he could easily hide from the eyes and ears.

“go out!”

...

As soon as Xu Ming left the Flood Dragon Pool, the entire Flood Dragon Army was boiling!

“It’s out of the gate!”

Xu Ming’s disguised identity now is “Man Dun”.

“Going out so soon!”

“What!? Man Dun’s cultivation base has reached the ‘superior position’!”

“It took him such a short time to enter Jiaolongtan, but he actually made a breakthrough from ‘low-level supreme’ to ‘high-level supreme’? It can be seen that Mandun’s accumulation of information before is very deep; ”

...

Naturally, Long Sheng also got the news of “Man Dun’s exit”.

“Man Dun is out?” Long Sheng’s body was shocked, “No way! I have to hurry and hide in the Jiaolong Pond, and hide in it for tens of thousands of epochs! In this way, Man Dun will even dismantle my gauntlet, I answered my challenge, but I can avoid fighting with him in the Jiaolong Pond! As for the tens of thousands of epochs... with Mandun’s talent, I am afraid that he will already be a member of the Azure Dragon Great Array! By then, I will apologize again, as he is, it is definitely not good to hold on to the challenge!”

It can be said that Long Sheng’s abacus is very good.

But at this moment, Long Sheng’s eyes suddenly widened: “What!? The first thing Mandun did to get out of the customs was to tear down the gauntlet and answer my challenge!”

Chapter 2079: Face Slap

“What!? The first thing Mandun did when he left the border was to open the gauntlet and answer my challenge!”

Long Sheng still wanted to hide in Jiaolongtan to avoid it, but he didn’t expect that “Man Dun” would not give him a chance to dodge at all.

...

Jiaolong battle platform.

Xu Ming stood proudly with his hands behind his back.

On the opposite side of him stood Long Sheng and other more than ten elites of the Jiaolong Army.

“Man Dun!” Long Sheng had a humiliated look on his face, “Are you really going to fight against more than ten of us at the same time?”

Long Sheng originally thought that he was going to fight “Man Dun” one-on-one; but unexpectedly, after arriving at the Jiaolong battle stage, “Man Dun” shouted extremely arrogantly: “Let’s all go up together!”

As a result, Long Sheng and other more than a dozen strong men who issued the battle letter set foot on the Jiaolong battle stage at the same time.

Around the battlefield, there was a lot of discussion.

“Too arrogant!”

“This man is the most arrogant person I have ever seen!”

“Yeah! Although, Man Dun has a record of killing Wu Dian in one move; moreover, he cultivated in Jiaolongtan, and his cultivation has also made a great breakthrough! But... Does Man Dun really think that our Jiaolong Army’s ‘Jiaolong battle formation’ , is it a joke?”

The Jiaolong battle formation is definitely the top battle formation in the Three Realms Universe!

“Long Sheng and the others formed a Flood Dragon battle formation, and they even have the strength to rival the Heavenly Sovereign! – No matter how powerful Man Dun’s breakthrough is, it’s impossible to have the Heavenly Sovereign’s strength, right?”

“Looking at the Flood Dragon Army, there is only one person who possesses the combat power of the Supreme Being, and that is... the holder of the ‘First Token’, Cangjiu!”

“Man Dun should have the strength of the ‘high-level supreme supreme’, but after all, it is still slightly worse than the threshold of ‘lower heaven’s supreme’!”

Cangjiu, the number one expert recognized by the Jiaolong Army! It is even said that Cangjiu already has the strength to challenge the “Qinglong Great Array”, but he has never challenged it.

And Xu Ming disguised Man Dun—in the eyes of the powerhouses of the Qinglong Army, “Man Dun” should already have the top three strengths of the Jiaolong Army! However, there should still be a big gap between the “top three” and the first Cangjiu!

After all... the gap between “Earth Supreme” and “Heaven Supreme” is not so easy to bridge!

Listening to the discussions around, Xu Ming didn't argue for a while – there's nothing to argue about! When Brother Ming made his move, these doubtful voices would naturally turn into slaps in the face.

“My strength is actually comparable to that of the ‘Middle Heaven Supreme’!” Xu Ming secretly said, “But now, I don't need to show all my strength! – Just show the strength of the ‘Lower Heaven Supreme’ and win this battle. !”

After winning this battle, Xu Ming will have enough record to challenge the “First Token” directly! And with the “first token”, you can challenge the “Qinglong Great Array”! – As long as he becomes a member of the Azure Dragon Array, Xu Ming should be able to know many secrets of the Three Realms Universe! For example... the treasure of the Great Venerable of the Three Realms!

“After this battle, the name ‘Mandun’ will definitely spread! I hope... it can attract more infiltrating Heavenly Supremes!” Xu Ming secretly said.

At that time, Xu Ming had to find an excuse and leave the Qinglong Army barracks!

After all, if Xu Ming had been hiding in the Qinglong Army barracks, then the Heavenly Supremes who had sneaked in would have no chance at all—Xu Ming must give them a chance!

Putting away his thoughts, Xu Ming looked at Long Sheng and the others again: “Can we start?”

“Humph!” Long Sheng snorted coldly, “Since you are eager to die, of course you can start!”

If it was “one-on-one”, of course Long Sheng would not dare to be arrogant in front of Xu Ming!

But now, Long Sheng and the others are fighting one out of a dozen, so naturally they dare to be arrogant!

boom!

Long Sheng and other more than a dozen strong men instantly formed a flood dragon battle formation! Everyone's strength seems to be integrated; and, there is a faint bonus of the power of heaven and earth.

“kill!”

The Jiaolong battle formation was formed, Long Sheng and more than a dozen people directly attacked “Man Dun”. More than a dozen strong men joined forces, and they really broke through the shackles and touched the threshold of the “Heavenly Supreme” level.

but...

It’s just touching the threshold!

“As expected of the Flood Dragon Battle Formation!”

“You said, how long can ‘Man Dun’ last?”

“Challenging the Flood Dragon battle formation with one enemy? – Really arrogant and ignorant!”

The Jiaolong battle formation was mighty and mighty, and the powerhouses watching the battle seemed to have seen the defeat of “Man Dun”.

“Oh!” But at this time, Xu Ming smiled disdainfully.

boom!

In the eyes of everyone, Xu Ming did not retreat but advanced, directly facing Long Sheng! The power that was deliberately suppressed to the level of “Lower Heaven Supreme” also exploded in an instant!

“Come on!” Long Sheng was full of confidence at first, but at the moment when he and Xu Ming collided, his expression changed drastically.

boom!

Long Sheng was directly shot and flew out of the battlefield without any resistance! – If it wasn't for Xu Ming's intention to hide his strength, this shot would not be as simple as flying out of the battlefield, but a direct one-shot kill!

“What!?” The surroundings of the Jiaolong battle platform suddenly became quiet.

But the long spear in Xu Ming's hand didn't stop Boom! boom! boom! boom! ...

Shot after shot!

No matter who it is, they are directly shot out of the battlefield!

After more than a dozen shots... on the Jiaolong battle stage, Xu Ming was the only one left!

And the powerhouses who watched the battle finally recovered from their shock.

“This... is Man Dun's strength?”

“Man Dun has broken through the shackles between ‘Earth Supreme’ and ‘Heaven Supreme’?”

“It's no wonder that Man Dun dares to fight against the crowd! It turns out... he is not arrogant, but really has the strength of the supreme level!”

“Doesn't that mean... Man Dun is a genius at the same level as Cang Jiu?”

“Is Man Dun stronger? Or Cang Jiu stronger?”

...

As Xu Ming expected, once he made a move, the questioning voices around him would turn into “slaps” in the face in minutes.

However, Xu Ming had no interest in enjoying these face-slapping voices, and left the Jiaolong battle stage. In this battle, he was mainly here to “refresh the record”, and he didn’t even kill Long Sheng and the others! Now that the record is enough, Xu Ming left silently.

Next, as long as Xu Ming is willing, he can challenge the “First Token” and the members of the “Qinglong Great Array” at any time.

And this battle naturally caused a sensation again!

Last time, Xu Ming killed Wu Dian with one shot, although it caused some sensation; however, that sensation was limited to the Qinglong Army! This time, the sensation was obviously wider; the four major legions already knew that a super genius had appeared in the Qinglong Army! – With such a huge sensation, Xu Ming couldn’t believe it. Who else would not pay attention to the name “Mandun” among those who sneaked in!

“Not bad! Everything is developing in the direction I expected!” Xu Ming planned the next step – how to lead the snake out of the hole?

Chapter 2080: Inherited?

Dragon Army.

First Palace.

It is the residence of “Cangjiu”, recognized as the number one powerhouse of the Jiaolong Army.

Of course now, Cang Jiu is no longer the “undisputed” first powerhouse. Because “Man Dun” also showed the strength of the Heavenly Sovereign, some people are already debating whether “Man Dun” is stronger, or Cang Jiu’s strength is stronger?

“Man Dun?” The name naturally spread to Cang Jiu’s ears.

However, after hearing about Man Dun’s strength, Cang Jiu evoked a smile: “I have waited for endless years, and finally I have waited for a genius who is barely on the same level as me!”

Yes!

From Cang Jiu's point of view, Man Dun was only "reluctantly" at the same level as him.

"Okay! The plan that has been planned for so many years can finally be implemented!"

Thinking about it, Cang Jiu directly walked out of his palace and went straight to Xu Ming's "eighth palace".

The Jiaolong Army had only such a small range, and Cangjiu went straight to the Eighth Palace without concealment, which naturally attracted the attention of many people.

"Look! Cangjiu is heading straight for the Eighth Palace!"

"What is he going to do? Challenge Mandun?"

"It shouldn't be! – Even if Man Dun and Cang Jiu are destined to have a battle and a showdown, it should be Man Dun challenging Cang Jiu, not Cang Jiu challenging Man Dun!"

"Indeed! Cang Jiu is already the holder of the 'Number One Token'. For him, there is no benefit in challenging Man Dun!"

"However, the two of them don't know each other! If it wasn't for a showdown, why did Cangjiu go straight to the Eighth Palace to find Man Dun?"

"Could it be that Cangjiu was just heading in this direction, but it wasn't actually going to the Eighth Palace?"

...

Within the Jiaolong Army, there was a lot of speculation.

But soon, the powerhouses in the Jiaolong Army saw that Cangjiu's destination was really the "Eighth Palace".

“Fantastic!”

Outside the Eighth Palace, Cang Jiu shouted loudly; the voice passed through the formation directly into the Eighth Palace.

“Huh?” Inside the palace, Xu Ming couldn’t help but wonder, “Cangjiu? What is he doing with me? Can’t wait to fight me?”

Xu Ming couldn’t help thinking: “Oh! If you really can’t wait to fight, then I might as well teach him how to be a man!”

Xu Ming didn’t take Cangjiu seriously.

However, Xu Ming was thinking about what kind of excuse he should find to leave the Qinglong army camp, so as to lead the snake out of the hole; unexpectedly, Cangjiu came directly to the door.

“What’s the matter?” Xu Ming’s voice came from the palace.

Cangjiu smiled and said, “Mandun, I’ve already been outside your palace. Don’t you invite me in to sit?”

“Haha!” Xu Ming laughed.

boom-

The gate of the palace opened directly, but Xu Ming did not come out to greet him, but a voice came from inside: “Come in!”

“Ha!” Cang Jiu sneered, and didn’t mind, and walked directly into Xu Ming’s palace.

...

Inside the Eighth Palace.

Xu Ming and Cangjiu were seated separately.

“Man Dun?” Cangjiu looked at Xu Ming unceremoniously.

“Yeah!” Xu Ming nodded lightly, looking at Cangjiu, wanting to see what his purpose was.

“I’ve already heard of your deeds!” Cangjiu laughed again, “For a long time, I kept a low profile and forbearance, and it was not until recently that I became successful in cultivation, and then I showed my talent! Very good! Very good! – Looking at the entire Three Realms universe, There are very few people who can be as low-key and forbearing as you!”

As soon as Cangjiu came up, he praised directly. But... listening to his tone, there is a feeling of “senior encourages junior”.

Of course Xu Ming heard it, and he couldn’t help but feel a little unhappy, wondering if he should take action first and teach Cangjiu how to behave? Keep him from being so arrogant all the time.

“But...” At this time, Cangjiu said again, “I also came from your stage—just like you are now, successful in cultivation and high-spirited! But I still want to persuade you, just be a little high-profile, and go on. , when it’s time to keep a low profile, don’t underestimate other geniuses!”

Don’t underestimate other geniuses?

Hearing this sentence, Xu Ming suddenly smiled and asked: “Cangjiu, do you mean...let me not challenge you casually?”

Xu Ming couldn’t help but want to laugh – are you afraid that I will steal the “first token”? Otherwise, why did you come to the door in a hurry even before I came to challenge?

“You can say the same!” Cangjiu smiled indifferently, “I’m just reminding you! If you don’t believe me, you can challenge me directly, and I will definitely accept it; but then... you’ll probably find out, There is a gap between a genius like you who has just emerged and a genius like me who has accumulated many years of experience!”

Cangjiu's meaning is very simple – you, Man Dun, you are just a rising star who has just shown your head, and you are still far from me!

Xu Ming couldn't help but feel a little dazed: Is it so arrogant?

If you don't say anything else, I'm just arrogant to you, Brother Ming wants to slap you a few times!

Xu Ming couldn't help laughing: "Cangjiu, you came to me, didn't you just come to provoke me?"

Cangjiu's tone, wasn't it provocative or something?

However, Cangjiu smiled and shook his head: "No! It's not a provocation, it's a reminder! In case you don't know the sky and the sky, challenge me directly and then be repaired by me! Of course, I'll come to find it. You, mainly other things!"

Isn't this provocation?

To be honest, Xu Ming wanted to take Cangjiu directly to the Jiaolong Battle Stage and ravaged him.

However, since Cangjiu said that there are other things, Xu Ming wanted to see what else was going on.

Cangjiu continued: "Man Dun, you should have heard that I have the strength to challenge the members of the 'Qinglong Great Array'!"

"Yes!" Xu Ming nodded slightly – he had indeed heard of it.

"Then, do you know why I haven't challenged the members of the Azure Dragon Formation for so long?" Cangjiu asked himself and answered, "It's not because of lack of strength, but because of a secret!"

"A secret?" Xu Ming suddenly became interested.

“Not bad!” Cangjiu laughed, “This secret, only the holder of the ‘First Token’ can know, it is about an inheritance!”

About a legacy! ?

Xu Ming was instantly refreshed—he entered the universe of the Three Realms, in addition to evading pursuit, there was one more thing, didn’t he come for the treasure of the Great Venerable of the Three Realms?

“Could it be related to the treasures of the Great Venerable Three Realms?” Xu Ming couldn’t help but guess.

Cangjiu continued: “This inheritance did not exist before, it suddenly appeared before billions of years ago!”

“Oh?” Xu Ming’s eyes brightened – suddenly appeared before the Era?

Isn’t it the time when the Great Senior of the Three Realms fell?

The time matches so well... Xu Ming felt more and more that this inheritance was related to the treasure of the Great Venerable of the Three Realms!

But Xu Ming also had doubts and couldn’t help sneering: “Since there is such a good thing, why didn’t you accept the inheritance yourself? – Don’t tell me, you are waiting for me to appear!”
