

A World 2081

Chapter 2081: Only To Die In My Hands

“Don’t tell me, you are waiting for me to appear!”

Xu Ming is not stupid, but he doesn’t believe what the other party says.

Moreover, Cangjiu has waited for hundreds of millions of epochs and has not acted for a long time, there must be a reason!

Sure enough, Cangjiu said: “If you want to go to the place of inheritance, you have to complete a trial first!”

“Can’t you do it alone?” Xu Ming laughed directly.

“You can say the same!” Cang Jiu didn’t deny it, “But to be precise... it’s not that it can’t be completed, but that I don’t have enough confidence!”

“Oh?” Xu Ming listened.

Cangjiu continued: “This trial task is to kill a ‘Lower Heaven Supreme’! Moreover, it can only be completed by two people at most, and both of them can only be in the realm of Earth Supreme Realm!”

Seeing the disdainful look on Xu Ming’s face, Cangjiu continued, “Don’t underestimate that ‘Lower Heavenly Supreme’, that Gong Langtian is already close to the ‘median Heavenly Supreme’ Existence! Moreover, his subordinates form a battle formation, which can also match the ordinary lower heavenly supreme!”

Close to the median sky supreme?

Xu Ming smiled: “No wonder you have waited for hundreds of millions of eras, but you haven’t acted!”

“Yeah!” Cang Jiu said, “If the target’s strength is weaker, and it’s just an ordinary low-ranking supreme, then I would have taken action! However, the target’s strength is a bit strong, and his subordinates can form a battle formation; If you don’t act with full certainty, you may have no return!”

“Man Dun!” Cang Jiu looked at Xu Ming again, with a slightly provocative expression on his face, “You dare to go with me? – Don’t worry, you just need to help me contain the opponent’s battle formation; The main goal of the Supreme Being, I will kill it! After this is done, we can go to the place of inheritance together!”

Xu Ming smiled and said, “Can you kill someone who is close to the Heavenly Supreme Being?”

You must know that if you want to kill the existence close to the median heaven, then, I am afraid you have to have the strength comparable to the “median heaven”!

Cangjiu is only the cultivation base of the Supreme Earth, can he have the strength comparable to the “Middle Heaven Supreme”? – Xu Ming expressed doubts!

“Naturally, I’m sure!” Cangjiu laughed, “As long as you can help me contain the battle formation! —By the way, can you contain your strength?”

In Cangjiu’s words, there was a hint of provocation.

“If it doesn’t work, then forget it!” Cangjiu said contemptuously, “I have the patience to wait for hundreds of millions of epochs, lest I harm you and myself!”

“If it’s just containment, there’s nothing wrong with it!” Xu Ming smiled, “But...why should I believe that everything you said is true?”

“It’s easy to do!”

Swish!

With a wave of Cangjiu's hand, a purple talisman appeared in his hand: "This is the inheritance order!"

On this talisman, Xu Ming felt an incomparably dark aura, obviously it was the handwriting of the Great Senior! Suddenly, Xu Ming believed most of it.

Of course, there is another reason why Xu Ming chooses to believe – he is not afraid of being deceived!

Yes!

Don't be afraid of being cheated!

If the other party has any conspiracy, Xu Ming can just slap him and teach him to be a man!

and...

Xu Ming just needed to find a reason to leave the Qinglong Army barracks – no, this is an opportunity right now!

At this time, Cangjiu said again: "If it weren't for the fact that the trial task was not completed, do you think I would put the inheritance order in my hand? I'm afraid I would have accepted the inheritance long ago!"

"Haha! That's the truth!" Xu Ming said with a smile, "Okay! I'll accompany you to complete this trial mission! But we have to agree – after the event is complete, you will take me to the place of inheritance!"

"Don't worry!" Cangjiu said with a smile, "This inheritance order can be used by two people!"

"Yeah!" Xu Ming nodded slightly and chose to believe – anyway, if Cangjiu dared to deceive himself, Xu Ming would definitely teach him to be a man.

“Then we made an agreement like this! During this time, you should also make some preparations; three months later, we will go to complete the trial mission together!” After speaking, Cangjiu said goodbye and left.

Walking out of the eighth palace, a stern sneer flashed across Cang Jiu’s eyes.

He was even more disdainful in his heart: “This is so stupid, it’s really deceiving! Originally, I prepared a bunch of words, but all of them were useless!”

...

At Xu Ming’s current state, it took three months to close and open his eyes.

As promised, together with Cangjie, he set off and left the Qinglong army camp.

As soon as Xu Ming left, the infiltrating powers who were peeping in the dark got the news.

“Man Dun has left the Qinglong Army!”

“This man is extremely suspicious of Xu Ming! I dare to say that there is more than 80% possibility that he is Xu Ming!”

“Eighty percent? I think it’s 100 percent! – After all, Honma Heavenly Sovereign happened in the barbarian king clan, and this Man Dun is from the barbarian king tribe, and his talent is so defiant... How can there be such a coincidence in the world, according to me Look, his ten achievements are Xu Ming!”

The Heavenly Sovereigns who sneaked in guessed one after another.

“It doesn’t matter if it is! I would rather kill it by mistake than let it go!”

“That’s right! If this Man Dun is not Xu Ming, then there is no loss for us; if he is Xu Ming, then we will take this opportunity to capture him directly!”

“right!”

“Then... are we all shooting together?”

“If you want to make a move, you must make a move together! Otherwise... the person who made the move, didn't he directly **** Xu Ming away?”

The great power of all parties is not a cooperative relationship, but a competitive relationship! After all, no matter which side they want, they all want to get the Boundary-Breaking Gun in Xu Ming's hands; whoever stole Xu Ming is equivalent to stealing the Boundary-Breaking Gun.

Of course, it is not that the great powers of all parties have not considered it, what if this is a trap set by Xu Ming? – However, they didn't know that Xu Ming had an “infinite resurrection” hanging in his hands. In their opinion, even if this is a trap set by Xu Ming, then Xu Ming himself must be nearby. When all the great powers make a move together, they will directly set up a large-scale “destroy the sky.” Array”, directly clearing all the people whose strength is less than Heavenly Supreme!

Therefore, in the eyes of the great powers of all parties, if this is really a trap set by Xu Ming, then they can just “make the plan” and take the opportunity to find Xu Ming. In short... As long as Xu Ming dares to show his face, he will never run away!

“Xu Ming?” A sneer appeared on Jian Yi's face, “A genius in a mere virtual universe, I didn't expect to be able to struggle so much! However... a bug, after all, it's just a bug! No matter how much you struggle, you will eventually be trampled to death by me! ”

To say that among the Heavenly Sovereigns who have sneaked in, who has the most murderous intentions towards Xu Ming, it is undoubtedly “Jian Yi”!

Jian Yi wanted to kill Xu Ming long before the Era of Billions; however, he never succeeded, and in turn was humiliated by Xu Ming! Now, Jian Yi finally saw that he could kill Xu Ming with his own hands!

“Xu Ming... can only die in my hands!” Jian Yi sneered in his heart – he actually didn't look down on other Heavenly Sovereigns. Even if he is only the “Lower Heavenly Supreme”, his strength is stronger than the other “Middle Heavenly Supreme” who have sneaked in.

In his opinion, as long as he takes action himself, Xu Ming will not even have a chance to die in the hands of others, let alone escape!

Can only die in his hands!

Chapter 2082: Who I Am? Where Am I?

In the Three Realms Universe, the two Earth Supremes quickly swept across the sky, but their speed was no slower than that of the Heavenly Supremes! – These two are Xu Ming and Cangjiu.

“When I left the Qinglong army camp, I didn’t hide my whereabouts at all!” Xu Ming secretly said, “Those who sneaked in, as long as they are not too stupid, they should be able to grasp my traces!”

Xu Ming left the Qinglong army camp this time, in addition to accompanying Cangjiu to do the “trial mission”, the main purpose was to lead the snake out of the hole and the hostile Heavenly Supremes.

“I hope... I can catch a few more big fish!” Xu Ming estimated that after catching a few big fish this time, it would be difficult to catch another fish next time! After all, it is impossible for those hostile Heavenly Sovereigns to foolishly get into the same trap.

“But... that’s the one who stole this Cangjiu!” Xu Ming couldn’t help but look at the back of Cangjiu who was flying slightly in front of him – Xu Ming used his body as bait this time, intending to go directly to his death! Anyway, even if he dies, he can use “Infinite Resurrection” to revive him at any time.

And Xu Ming is dead, can Cangjiu live? —Xu Ming didn’t think that those Heavenly Supremes who sneaked in would let Cangjiu live! After all, if Cang Jiu is released, Cang Jiu will most likely report them!

Therefore, it is basically certain that Cangjiu is also dead! It’s just that Cang Jiu is not like Xu Ming, he doesn’t have any “infinite resurrection”; once he dies, he is really dead!

“I’m sorry!” Xu Ming looked at Cangjiu’s back and said silently, but he didn’t apologize much.

In Xu Ming's current state of mind, he has long been indifferent to external people, things, and things.

Even if the entire Three Realms universe were destroyed, or even if all living beings in the real universe and the virtual universe were annihilated, Xu Ming would not care – this is a kind of indifference beyond the supernatural!

All the external changes could not cause Xu Ming's mood swings.

but!

For the important people around him – such as Gu Hanmo, Yin Ran, Xu Yin, etc., Xu Ming will not hesitate to protect them with his life!

So now, Xu Ming doesn't feel guilty about cheating Cangjie.

and...

Xu Ming always had a faint feeling that Cangjiu seemed to have some bad intentions! – As for whether this feeling is right or wrong, Xu Ming has to read it to find out.

At this moment, Cangjiu's speed began to increase faintly.

“Huh?” Xu Ming was stunned for a moment, and then he reacted – Cangjiu should be testing his strength!

Therefore, Xu Ming also increased his speed to keep up with Cangjiu's speed.

When Cangjiu saw this, he speeded up a little again without making a sound.

Xu Ming also accelerated again—however, Xu Ming deliberately pretended to be struggling; it was as if his speed was approaching his speed limit now.

“Ha!” Seeing this, Cangjiu sneered vaguely, thinking that he had already judged Xu Ming’s strength, so he slowed down a little.

Xu Ming was very cooperative and “sighed in relief”.

“Cangjiu, how long will it take to reach the destination?” Xu Ming asked casually.

“Soon!” Cangjiu smiled, “It’s not far ahead!”

call out-

But at this moment, Cang Jiu, who was flying in front, suddenly turned around, and a cold sword light attacked Xu Ming without warning.

“Huh?” Xu Ming avoided reflexively – after all, he has hidden a lot of strength, and his true strength has reached the level of “Middle Heaven Supreme”, which is much stronger than Cang Jiu; he wants to avoid Cang Jiu’s attack , it’s not really that difficult.

“Oh! The response is quite fast!” Cang Jiu said with an undisguised grin.

“Cangjiu, you...” Xu Ming had an unbelievable expression, as if he really didn’t expect Cangjiu to attack him. But in fact, Xu Ming had expected it.

“Hahahahaha...” Cang Jiu smiled wickedly, “Man Dun! Didn’t expect it!”

“You...Didn’t you say you want to complete the trial mission together?” Xu Ming pretended to be terrified.

“Yeah! It’s to complete the trial mission together!” Cangjiu said with a meaningful smile.

“Then why did you attack me?” Xu Ming asked again.

“Because...” Cang Jiuie laughed, “I’m sorry, silly boy, I lied to you! – The trial mission is not to kill some Heavenly Sovereign, but... kill a ‘Earth Sovereign Genius’!”

“Beheading a supreme genius?” Xu Ming seemed to have thought of something.

“You should have guessed it!” Cangjiu said again, “It means beheading a genius like you, who is only an earthly supreme cultivation base, but whose strength is comparable to that of the heavenly supreme – as long as you can kill one, you will be considered to have completed the trial. Mission, you can go to the inheritance land!”

“You...” Xu Ming pretended to be even more frightened.

“Hehe!” Cangjiu smiled proudly, and continued, “But... a genius like you is really hard to come by in billions of epochs! I’ve waited for billions of epochs, and I’ve only waited for you!”

“Then why don’t you just look for an opportunity to kill the Supreme Being of the Azure Dragon Formation?” Xu Ming asked again.

“Killing the Supreme Being of the Azure Dragon Array?” Cangjiu couldn’t help sneering, “You said it lightly! Is the Supreme Being of the Azure Dragon Array so easy to kill?”

“Didn’t you say... that you can kill the beings that are close to the median Heavenly Sovereign?” Xu Ming said again, “Although the Earth Sovereign of the Qinglong Great Array is strong, its strength has not yet reached the level of ‘close to the median Heavenly Sovereign’. level?”

“You are right, there are very few people in the Azure Dragon Great Array who have reached the strength of ‘close to the mid-level supreme’!” Cangjiu laughed, “However, I can’t kill the near-median heaven. The existence of the Supreme! – I said this before, just to deceive you and make you think that I will not conspire against you!”

“Understood!” After hearing so much, Xu Ming certainly understood what Cangjiu meant.

Cangjiu smiled wickedly: “It’s a good thing to let you die! How about it, am I kind enough?”

“Are you sure you killed me?” Xu Ming asked rhetorically.

“Hahahaha...” Cangjiu couldn’t stop laughing, and said with full confidence, “Although I can’t kill the existence close to the median heaven, but...kill you, there is no problem!”

“Is it okay to kill me?” Xu Ming was pondering whether he should teach Cangjiu how to be a man; suddenly, his expression changed – he sensed that dozens of tyrannical auras were coming towards him from all directions.

Among these dozens of breaths, most of them are the breaths of “Middle Heaven Supreme”!

“Here!” Xu Ming knew that his real enemy had arrived!

However, what surprised Xu Ming was that there were actually dozens of strong men: “It seems... almost all of the Heavenly Sovereigns who have sneaked into the universe of the Three Realms are here!”

For Xu Ming, this is simply an unexpected joy – just to be able to catch everything in one fell swoop!

And Cangjiu didn’t even sense what was going on around her. He also looked at Xu Ming and laughed loudly: “Man Dun! Die!”

Cangjiu was about to shoot when suddenly—

boom!

The whole world was completely darkened! It was dark and there was no light!

“Huh!?” Cang Jiu was shocked, “It’s the great formation of space-time isolation! – Man Dun, did you set it up?”

Immediately, Cangjiu felt that this was impossible! After all, he made up his mind temporarily and chose to attack Man Dun here; how could Man Dun be unpredictable and set up a formation here first?

But what if it wasn’t for Mandun?

boom! boom! boom! boom! ...

Just when Cangjiu was in doubt, one after another great figure descended!

Almost everyone has the cultivation base of “Median Heaven Supreme”!

“what’s the situation!?”

Cangjiu looked bewildered.

“who I am?”

“Where am I?”

“I just shot Man Dun, why are there so many ‘Middle Heaven Supreme’ powerhouses suddenly appearing!?”

Chapter 2083: Died?

“I just shot Man Dun, why are there so many ‘Middle Heaven Supreme’ powerhouses suddenly appearing!?”

Cang Jiu was stunned, completely unaware of what was going on.

However, Cang Jiu thought about it with his toes, and this kind of battle could never be a good thing!

“Big trouble!”

Cang Jiu murmured in her heart, but a smile was already on her face. She looked flatly at the dozens of great experts around, and asked carefully, “Seniors, are you...?”

“Go away!” It was Jian Yi who spoke, “We are looking for him!”

With that said, Jian Yi’s eyes fell on “Man Dun”.

Cangjiu couldn’t help being slightly startled when he saw that none of the “Middle Heavenly Sovereign” said a word, but a “Lower Heavenly Sovereign” spoke up and let him go. However, Cang Jiu was not unhappy at all, instead he was overjoyed – at such a time, he could not wait to get out of here!

The farther you roll, the safer it is!

“Yes yes yes! I’ll get out right away!” Cang Jiu got out without hesitation.

“Stop!” But at this moment, Jian Yi shouted again, “Don’t go too far, stand by the side first!”

Cang Jiu’s face suddenly became bitter, but he didn’t dare to say anything, so he could only stand by the side—dozens of heavenly supreme powerhouses, and the great formation was isolated from time and space; at this time, if Cang Jiu dared to resist, he would be courting death!

At this time, Jian Yi waited for Tian Zhizun’s eyes to fall on “Man Dun”.

Jian Yi spoke directly and sneered: “Xu Ming, it’s really hard for us to find you!”

“Xu Ming?” Xu Ming’s face deliberately showed a look of doubt, as if he couldn’t understand what Jian Yi was saying.

“Xu Ming?” Man Dun also couldn’t understand – isn’t this “Man Dun”? Why call him “Xu Ming”?

“Stop pretending!” Jian Yi continued to sneer, “Although your appearance, breath, causal lines, etc., have nothing to do with Xu Ming; but, we have confirmed that you are Xu Ming!”

The other Heavenly Sovereigns also sneered: “Hum! Xu Ming, Feng Zhou Ding should be in your hands, right? You really look like you are pretending! But after all, you can’t escape our palms!”

“Honestly hand over the Boundary-Breaking Spear, the Sealing Zhou Ding, and the Kun-feeding map!”

Xu Ming still looked dazed and ignorant: “What are you talking about? Xu Ming? Who is Xu Ming?”

“Heh! I’m still stubborn and refuse to admit it!” Jian Yi sneered, “That’s fine! Then I’ll play with you! Let’s see how long you can be stubborn!”

With that said, Jian Yi waved at Cangjiu and said, “You, get back!”

Cangjiu was very depressed: I just told me to get out of the way, and now I’m going to get out of here... I don’t want to be ashamed?

But at this time, it is obviously not the time to talk about face; Cangjiu rolled back without hesitation, looking at Jian Yi with a flattering expression on his face: “Senior, do you have any orders?”

“You, go kill him!” Jian Yi looked at Cangjiu and pointed at Xu Ming.

Cang Jiu was stunned for a moment—he had already seen it, “Man Dun” was probably disguised by another great power, and his strength should be very strong! Otherwise, how could it be besieged by dozens of “Median Heaven Supreme”?

Before, Cang Jiu naturally didn’t take Man Dun in his eyes, thinking that he could easily crush and kill Man Dun; but now, he doesn’t dare to despise “Man Dun” any more!

Let him kill Man Dun? I’m afraid I might be killed by Man Dun!

“Why, you don’t want to go?” Jian Yi’s face showed a playful look.

Cangjiu’s body trembled—of course he knew what the consequences would be if he didn’t want to go!

“If I don’t want to, I will definitely die!” Cang Jiu was very clear in his heart, “And if you cooperate well, maybe there is still a chance!”

Cang Jiu has cultivated the Endless Era with difficulty, and only now has the strength he has today, so he is naturally reluctant to give up this chance of life easily. He gritted his teeth: “Okay! I’ll go!”

Saying that, Cangjiu attacked Man Dun again. Only this time, his heart was extremely heavy.

“Mandun!” Cang Jiu drank coldly, and hundreds of millions of sword qi swept over frantically, “I don’t care who you are! You have to die for me to survive!”

Xu Ming sneered disdainfully: “Kill me?”

If it was really about strength, how could Cangjiu be Xu Ming’s opponent? As long as Xu Ming showed a little bit of strength, he could kill Cangjiu in minutes!

But now... Xu Ming was going to let Cangjiu “kill” him.

Because, Xu Ming is no longer going to continue to use the identity of “Man Dun”! – Mandun can die! Xu Ming is going to change his identity!

Therefore, Xu Ming intends to “die” once, and then use “infinite resurrection” to hang resurrection, and continue to walk in the Three Realms universe in another identity.

“Come on!” Xu Ming directly greeted Cangjiu’s billions of sword energy.

boom! boom! boom! boom! ...

After some collisions, Xu Ming “receded”, and his body was covered with scars.

“Dead! Die! Die!” Seeing this, Cangjiu’s eyes lit up a bit, and his attack became much sharper.

“Xu Ming!” Jian Yi sneered aside, “Are you really going to keep pretending? Haha, if you keep pretending, you’ll lose your life!”

Xu Ming continued to act: “I don’t understand what you are talking about!”

“I don’t understand? Hahahaha...” Jian Yi couldn’t help laughing. Then go ahead and pretend! Anyway, today, no matter what, you can’t escape! I want to see what tricks you can play! Could it be that...you can’t even take your life? ”

Jian Yi’s voice just fell.

wow—

An extremely cold sword light has torn apart the divine body of “Man Dun”! Man Dun’s divine body was instantly annihilated and turned into nothingness.

Damn, die!

And Jian Yi’s words are still echoing in time and space: “Is it possible... can you even take your life?”

The surroundings suddenly fell silent, a dead silence.

“died?”

“Xu Ming is dead?”

“Impossible! How could Xu Ming die so easily? – You know, Xu Ming still has the Boundary Breaker Spear in his hand; at the juncture of life and death, he will definitely use the Boundary Breaker Spear to fight for a chance!”

“How could it be possible to die like this?”

“So easily killed by a native like Cangjiu?”

Jian Yi and other Heavenly Supremes are all dumbfounded.

In their opinion, Xu Ming would never die in such a mediocre way! Even if he were to die, he would definitely die a little more gorgeously!

For a time, the Supreme Beings couldn't even realize what was going on. After a long time, they gradually recovered.

“Could it be...”

“Man Dun is not a disguise by Xu Ming? Is he really a genius in the Three Realms universe?”

“Other than that, there seems to be no more reasonable explanation!”

“We are so mobilized and dispatched, and the result... admits the wrong person?”

The Supreme Beings were speechless for a while.

Everyone believed that “Man Dun” was “Xu Ming”, but it turned out not to be? – In the eyes of the Supreme Beings, this result is really a bit funny!

But...is it really just a little funny?

Chapter 2084: Report 1 Wave

The atmosphere was very awkward at one time.

Dozens of Heavenly Supreme Powerhouses aggressively arranged to besiege and killed, only to find that they recognized the wrong person?

“If you admit the wrong person, just admit the wrong person!” Jian Yi was the quickest to look away, “After all, this Man Dun's performance is really a monster, we all thought he was Xu Ming!”

“If you admit the wrong person, there's nothing you can do!”

“It’s better to kill by mistake than to let it go! Anyway, for us, it’s just a waste of time, and there’s nothing to lose!”

“really...”

“I just didn’t expect that this Xu Ming is hidden deeper than we imagined! Since Mandun is not Xu Ming, it can be said that we still haven’t had many clues about Xu Ming!”

“What’s the hurry? The Three Realms Universe is so big, spend a little more patience, where else can Xu Ming hide?”

“That’s right! How long have we been looking for? Let’s look for a few epochs first!”

The Heavenly Sovereigns had a detached mentality and quickly looked away.

“Every... Seniors?” At this moment, Cang Jiu said cautiously, “Can I go?”

Jian Yi glanced at Cangjiu, nodded meaningfully and smiled: “Well! You can go!”

“Thank you, senior! Thank you, senior!” Cang Jiu thanked him repeatedly, then hurriedly got up and prepared to leave.

call out-

And at this moment, a sword light slashed Cangjiu’s divine body – it was Jian Yi who shot.

“You...” Cang Jiu’s eyes were filled with endless horror and unwillingness, but he was speechless.

Bang!

With a single sword, Cang Jiu was destroyed, directly transformed into nothingness, returning to the origin of the Three Realms universe.

And Jian Yi waved his hand, put away Cangjiu's treasure, and at the same time sneered lightly:
"You can go on your way!"

Jian Yi waited for the Supreme Being, how could he let Cangjiu go?

Even if it is for confidentiality, Cangjiu must be killed here.

"Let's go!" Jian Yi said, "Let's continue to investigate Xu Ming's traces!"

The Supreme Beings scattered again and went to various places in the Three Realms universe, continuing to look for Xu Ming.

only...

Jianyi and other Supreme Beings did not know that Xu Ming was actually watching them in his "death form".

"Is this the 'post-death perspective'?" Xu Ming couldn't help being secretly surprised as he watched the Supreme Beings dispersed.

The current Xu Ming is a completely nihilistic existence!

There is no divine body, no causal line, nothing... There is almost no means to detect Xu Ming's existence.

And just now, Xu Ming passed through Jian Yi and Tian Zhizun again and again in a virtual form; and the other party didn't feel anything.

At the same time, Xu Ming can perceive that as long as he is willing, he can use "Infinite Resurrection" to hang resurrection at any time, and compared with before death, there will be no loss!

"Too strong!" Xu Ming couldn't help exclaiming.

Alien Invincible plug-in ultimate version, it is too strong!

With an external link, Xu Ming just wanted to say: Who else can kill me?

At the same time, Xu Ming couldn't help but wonder – who created such a powerful plug-in?

Your Majesty?

Impossible!

Even in Xu Ming's current state, he still can't imagine what kind of heaven-defying means can he create a plug-in? And myself, why can I get a plug-in?

"I don't want to! Resurrection first, and change your identity to travel to the Three Realms Universe! Then... report it and go!"

Xu Ming finally grasped which Heavenly Sovereigns sneaked into the Three Realms Universe, and also mastered the cause and effect lines of these Heavenly Sovereigns—how could he not report them?

"Hey, this wave of reports will basically be able to catch me all at once!" Xu Ming laughed secretly in his heart, "Want to catch me in the Three Realms Universe? Haha!"

However, for Xu Ming, the only regret is that Cangjiu's world ring fell into Jian Yi's hands.

You must know that in the Three Realms Universe, there is no "Tao Realm Contract"; therefore, the most important treasures of a strong person are basically in the world ring that he carries with him – Cangjiu's other treasures, Xu Ming does not despise ; There is only one thing that Xu Ming really wanted, and that is... the inheritance order!

"It's just now... Cang Jiu's treasures are all in Jian Yi's hands! Moreover, judging from Jian Yi's shot to kill Cang Jiu, his strength is obviously not as simple as his cultivation!"

Through the “post-death perspective”, Xu Ming can see the strength of Jian Yi, even if it is placed at the level of “Middle Heaven Supreme”, it is a very strong existence!

“Grab it from Jianyi? Obviously not the way!”

If he didn’t use the Boundary Breaker Spear, Xu Ming would really not be able to kill Jian Yi; and once he used the Boundary Breaker Spear, Xu Ming would be noticed by the great powers of the entire Three Realms universe, and there was no way out.

“never mind!”

Xu Ming could only find another way to obtain the inheritance order.

“Let’s do something serious first and report it!”

Xu Ming had long been prepared for this. After all, he planned to “lead the snake out of the hole”, so he naturally thought about how to report it: “In the barbarian king tribe, there is a Supreme Being in the Qinglong Army who fell into a situation not long ago. In a secret realm, life and death are unknown... I pretended to be the Supreme Being, and then pretended that I had just escaped from the dangerous place and discovered some secrets!”

With that identity Xu Ming can logically complete his “reporting process”.

“Then come back to life!”

With the “infinite resurrection” hanging, although Xu Ming can’t move his body after death, he can decide when he is “resurrected”! For example, if Xu Ming wants to wait ten years and eight years to be resurrected, then he will be resurrected after ten years and eight years; if Xu Ming wants to wait for ten eras to be resurrected, then he will be resurrected after ten eras!

Moreover, Xu Ming does not necessarily have to be resurrected in situ! He can choose freely, and within a period of time before his death, any “space-time coordinate point” that he has appeared will be resurrected!

“You can’t be resurrected in the same place!” Xu Ming secretly said, “After all, although Jian Yi and other Tian Zhizun have already left, maybe they secretly left some means in place!”

Xu Ming was very cautious.

“It can’t be resurrected in the Azure Dragon Army! The Azure Dragon Army is so powerful, I suddenly appear, maybe it will also attract attention! Then... on the way here, find a random place to resurrect!”

“‘Infinite Resurrection’ hang, open!”

Swish!

In an instant, Xu Ming in death form, that is, Xu Ming’s “pure conscious body”, instantly disappeared in place.

In the next instant, Xu Ming’s “Pure Consciousness Body” appeared in the infinite distance, and then directly resurrected and returned to its perfect state!

And this resurrection, only consumed one point of Xu Ming’s level 23 hanging point.

“powerful!”

It can only be said that the “Infinite Resurrection” hanging is too strong!

Strong to the sky!

If it weren’t for the Great Venerables who couldn’t determine the real universe, what means would they have; Xu Ming could even run rampant in the real universe – anyway, Xu Ming wasn’t even afraid of death! Immediately resurrect after death!

Chapter 2085: All Out

“camouflage!”

Swish!

Xu Ming changed his body.

Immediately, his appearance, breath, causal lines, etc., all turned into another person – the “Supreme Barbarian Ghost” of the Barbarian King Tribe.

“Just use this identity to send a message to the patriarch of the barbarian king clan!” Xu Ming secretly said, “Then, the barbarian king patriarch will definitely help me complete the next reporting process!”

Xu Ming’s entire plan can be described as a chain link.

...

Gou Chen tribe.

It is a large tribe not far from the barbarian tribe.

At this time, the “Barbarian Patriarch” of the Barbarian King Tribe was a guest in the Gouchen Tribe.

“Patriarch Gouchen!” The patriarch of the barbarian king smiled, but there was an irresistible smug look in his smile, “I heard that your Gouchen clan, before the ten thousand era, produced a super genius and entered the Jiaolong Army?”

The barbarian patriarch seemed to be praising, but his tone was obviously a little weird.

“I don’t know... What’s your current ranking in the Jiaolong Army for the super genius of the Gouchen tribe?” The barbarian patriarch laughed again.

In the Jiaolong Army, the higher the ranking, the stronger the strength!

“Coincidentally, our Barbarian King tribe also has a genius who joined the Flood Dragon Army! However, he has just joined the Flood Dragon Army, and he still needs the super genius of your

Gouchen tribe, please give me some pointers! Hahahaha...” said the barbarian patriarch. As he spoke, he couldn’t help laughing complacently.

Today, the name “Mandun” has already spread among the major tribes.

The major clans under the Qinglong Army already know that the “Mandun” of the Barbarian King tribe has the strength to attack the “first token” of the Jiaolong Army!

And now, the barbarian king clan chief came here, praising the Gouchen clan is fake, showing off their barbarian king clan is true!

Yes, just to show off!

The Gouchen patriarch was shown off and was depressed, but he could only endure it—there was no way, who made them gouchen clan, and there was no genius like “Man Dun”! There is no way to be shown off!

“Hehe!” The barbarian patriarch laughed secretly, and said in his heart, “I told you to come to my barbarian tribe to show off when you were a genius last time! Humph! I didn’t expect that I would be able to show off so soon...”

The barbarian patriarch was smiling smugly when suddenly, his expression changed slightly—he received a message.

“The barbarian ghost’s message? He escaped from the dangerous place?” The barbarian king’s patriarch was overjoyed – the barbarian ghost land supreme was trapped in a secret realm, and his life and death were unknown. The barbarian king’s patriarch naturally knew about this. Seeing that it was a barbarian ghost’s communication now, he was naturally relieved for the barbarian ghost.

However... when the barbarian patriarch saw the content of the communication, his expression suddenly changed!

The content of the communication is mainly a video! The patriarch of the barbarian king saw that in the video, Mandun was surrounded by dozens of heavenly supreme powerhouses and forced him to fight with Cangjiu; then, he was beheaded by Cangjiu!

The image ends here, and then there is no more.

The patriarch of the barbarian king glared round: “Mandun... has fallen!?”

He is still showing off to Patriarch Gouchen! But learn that Man Dun has fallen...

“Outsiders...”

“Damn outsider!”

The barbarian patriarch’s eyes were ferocious, and he gritted his teeth.

“Patriarch Barbarian King, what’s wrong with you?” Patriarch Gouchen couldn’t help but feel a little strange, but he never expected that Barbarian Dun had already fallen.

call out-

The barbarian patriarch ignored the Gouchen patriarch at all, turned into a streamer and rushed out of the Gouchen tribe.

At the same time, the barbarian patriarch hurriedly contacted the Qinglong messenger and passed this image to the Qinglong messenger.

After the Qinglong messenger got the image, he was also shocked! With his means, it was quickly determined that Man Dun and Cang Jiu had really fallen!

“Outsiders!” The Qinglong messenger was furious, “Too arrogant! There are so many outsiders who dare to sneak into my Three Realms Universe! Moreover, they also killed the super genius of my Three Realms Universe!”

You must know that the image that Xu Ming passed on to the barbarian patriarch contained the cause and effect lines of the foreign heavenly supreme beings. Following these causal lines, it is not difficult for the Qinglong messenger to trace the traces of these outsiders!

The Azure Dragon messenger hurriedly contacted the great powers in the Azure Dragon Army, and even directly contacted the great powers of the other three major legions—when facing foreign enemies, the four major legions naturally shared the same hatred.

“Everyone has seen it!” The Azure Dragon messenger said succinctly, “Now, it is very likely that dozens of ‘Middle Heaven Supreme’ have sneaked into our Three Realms Universe! Moreover, these outsiders are still scattered throughout the Three Realms Universe. Fang! If we want to kill them all, we must take action at the same time; otherwise, killing one or two outsiders will surely alarm the other outsiders and scare them away from the Three Realms Universe!”

“That’s right! So many outsiders, although it is a kind of provocation to our Three Realms universe; but, isn’t it a piece of fat? – Killing all these outsiders here, our Three Realms universe will definitely grow. few!”

“We must kill all of them! There is not one left! It’s just... If you want to kill so many ‘Middle Heaven Sovereigns’, I am afraid that all the ‘High Heaven Sovereigns’ of our four major legions are not necessarily enough!”

If you want to kill the “Median Heavenly Supreme” steadily, you naturally need to deploy the “upper Heavenly Supreme” level of combat power.

“If the upper heaven is not enough then let some median heavens form a battle formation!”

“That’s all it takes!”

The great powers of the four major legions have used their means to determine the traces of the outsiders along the line of cause and effect.

Soon, Jian Yi and other dozens of foreign Heavenly Supreme powerhouses were all locked!

call out! call out! call out! call out! ...

The “upper Heaven Supreme” powerhouses of the four major legions quietly dispatched one after another. At the same time, some battle formations composed of the median heavenly supreme were also dispatched.

The four major legions attach great importance to this battle – after all, these are dozens of outsiders at the level of “Middle Heaven Supreme”! If they can all be wiped out here, then the entire Three Realms universe can grow a lot!

How could the powers of the four major legions not pay attention?

...

Qinglong Army Barracks.

Xu Ming, disguised as “Supreme Barbarian Ghost”, was inconspicuous in the Qinglong Army.

Suddenly, Xu Ming looked vaguely at the sky—he felt that each and every one of the “High Heaven Supreme” powerhouses were quietly leaving the Qinglong Army barracks!

These high-ranking Heavenly Sovereigns left very secretly; however, Xu Ming’s own strength had reached the “median Heavenly Sovereign” level, and he had been paying attention to this matter, so he noticed the departure of these high-ranking Heavenly Sovereigns.

“Qinglong messenger...”

“Master Qinglong...”

“Blue Dragon God of War...”

Xu Ming felt that all the “superior Heavenly Sovereigns” in the Qinglong Army had all left the barracks!

“So many high-ranking Heavenly Sovereigns are dispatched, my report must have worked!” Xu Ming laughed secretly, “Without bloodshed, a group of hostile Heavenly Sovereigns have been resolved!”

At the same time, Xu Ming’s gaze was veiled in one direction – this is the direction of the Qinglong Army’s treasure house!

Chapter 2086: Arrogant Door

This is the direction of the treasure house of the Qinglong Army!

The corner of Xu Ming's mouth couldn't help but evoke a smile: "It's been a long time since I did my old job!"

Empty the treasury!

Do not blow or black! Xu Ming's cultivation path has come all the way, and there are really many forces that have been emptied of the treasure house by him!

And now... the high-ranking Heavenly Sovereigns of the Qinglong Army have come out in full force! In the entire Azure Dragon Army, the strongest is only the Heavenly Supreme Being, which is undoubtedly the best time to evacuate the Azure Dragon Army treasury!

"My own strength has reached the mid-level Heavenly Sovereign; if I use the Boundary-Breaking Spear, I can fully exert the combat power of the upper-level Heavenly Sovereign!" Xu Ming secretly said, "And now, in the entire Qinglong Army, there is no high-ranking. Heaven is supreme! – As long as I move faster, no one can stop me!"

Although, a group of middle-ranked heavenly supremes formed a battle formation, they can also exert the combat power of the upper-ranked heavenly supremes! However, it will take time for the Supreme Beings to gather and form a battle formation; during that time, Xu Ming emptied the treasure house and left!

Or, take 10,000 steps back and say... even if Xu Ming was unable to escape after rushing into the treasure house; then, the big deal is death!

Does Brother Ming seem like someone who is afraid of death?

If you die, immediately use "Infinite Resurrection" to hang up the resurrection!

Moreover, there is another important reason why Xu Ming took aim at the treasure house of the Qinglong Army, and that is the inheritance order!

Xu Ming didn't know where to get the inheritance order; but, if nothing else, there would definitely be an inheritance order in the treasury of the Qinglong Army! So... Xu Ming rushed directly into the Qinglong Army's treasury to get it!

How easy!

And evacuating the treasury of the Qinglong Army is actually just a matter of convenience when taking the inheritance order—you said that I have already rushed into the treasury, and it seems impossible to say that if the treasury is not emptied, right?

“When the treasure house of the Qinglong Army is evacuated, I will immediately escape! I will rush into a desperate situation, and then commit suicide in it, then resurrect and change my identity...” Xu Ming had already figured out all the escape routes for himself, “So Thinking about it, Jian Yi and the others who sneaked in, not only did they fail to cause me any trouble, they actually helped me a lot!”

Xu Ming simply wanted to say: Good man!

“Good people live a safe life!” Xu Ming silently “blessed”, “I hope... you can survive under the pursuit of the Supreme Heavenly Sovereigns!”

Of course, Xu Ming felt that most of them had no chance to survive!

The upper heavenly supreme and the middle heavenly supreme are like a chasm every other day! The upper heavenly supreme deliberately shot, to hunt down the middle heavenly supreme; then, the latter has almost no chance of survival!

Moreover, looking at the formation of the Qinglong Army, Xu Ming felt that not only the high-ranking Heavenly Sovereigns of the Qinglong Army were dispatched, but the other three major armies were probably also dispatched! Obviously, he just wanted to kill Jianyi and other Heavenly Sovereigns in the Three Realms Universe, and not a single one remained!

“But... now is not the time for me to do it!” Xu Ming secretly said.

Now, those high-ranking Heavenly Sovereigns have just left the Qinglong Army barracks, and they have not gone far! If Xu Ming made a move now, the opponent would definitely kill the carbine immediately!

No matter what, you have to wait a while before you start!

However, Xu Ming's gaze couldn't help but look at the treasure house of the Qinglong Army a few more times.

“Boy, what are you looking at!?” The gate of the Qinglong Army's treasury is actually a “Supreme Heavenly Weapon” with a spirit. At this time, the door obviously noticed Xu Ming's fiery gaze, so he shouted, “I'm just a lowly ordinary soldier, who is worthy of looking at me with this kind of gaze? – Noble like me, you've never had one in your life. Qualified to enter!”

Ouch I'm going!

Xu Ming couldn't help but cursed in his heart: “A door is so arrogant!?!—Humph! Let's see how I can stab you with a spear later!”

The arrogant person, Xu Ming has seen a lot; the arrogant door, Xu Ming is really the first time to see.

Xu Ming wants to see how long this door can be arrogant!

“Still watching!?”

Xu Ming withdrew his gaze – his current identity is just an ordinary soldier, it is not suitable for him to be too arrogant!

Besides... with a door, what's there to be angry about? Just wait and smash it directly!

It didn't take long for Xu Ming to see that a supreme genius of the Azure Dragon Formation was walking towards the treasure house. And the door to the treasure house immediately greeted it with a smile, looking very despicable.

“I’m going...” Xu Ming was speechless, “These days, even the door is so snobbish!”

As for the genius of the Azure Dragon Great Array, he glanced around in a cold and contemptuous manner before entering the treasury.

Xu Ming was too lazy to think about it, he closed his eyes and sat quietly, and began to adjust his state. After all, after a while, Xu Ming is going to rob him of the biggest treasure trove “since his debut”, and of course the most dangerous one!

If there is no “infinite resurrection” hanging, Xu Ming may not dare to attack the treasure house of the Qinglong Army.

...

A barren swamp.

Jian Yi hid under the swamp and restrained his breath very well.

“That Man Dun isn’t Xu Ming?”

Jian Yi always felt that something was wrong. After all, according to various indications, Man Dun is too much like Xu Ming; if not, it would be impossible for them all the Heavenly Supremes who sneaked in to contain Man Dun.

However, Jian Yi couldn’t tell what was wrong. After all, he saw with his own eyes that Man Dun was already dead; and if it was Xu Ming, he would never have fallen so easily!

“Could it be that... Mandun is a servant controlled by Xu Ming?” Jian Yi thought again, “But it doesn’t matter, when we made the move, a great formation had already been set up to block time and space; even if he was really Xu Ming’s servant, it would be impossible. Send our message out! So, no matter what, our causal line can’t be exposed!”

In Jian Yi’s view, as long as their causal lines are not exposed, then they will have no trouble in the Three Realms universe.

But at this moment-

hum!

An extremely tyrannical spiritual thought instantly enveloped Jian Yi.

The power of the divine sense made Jian Yi unable to raise the idea of resistance.

Jian Yi's expression suddenly changed: "High Heaven Supreme!"

In the Three Realms Universe, there will be no foreign superiors! Therefore, this divine sense of the Supreme Heavenly Venerate must be the aboriginal power of the Three Realms Universe!

"I'm exposed!"

Jian Yi reacted instantly—if it wasn't exposed, how could the Supreme Heavenly Supreme be dispatched directly to deal with him?

"run!!"

In the face of the Supreme Heavenly Sovereign, Jian Yi did not have the slightest idea of confrontation, and ran straight away.

...

almost at the same time.

Qinglong Army Barracks.

Xu Ming suddenly opened his eyes: "It should be almost time! It's time to start!"

Chapter 2087: Is It So Arrogant?

“It’s almost time! It’s time to do it!”

Swish!

Xu Ming stood up directly, his eyes like flames, and fell directly on the gate of the Qinglong Army’s treasure house.

The spirit of the treasure house gate immediately noticed the domineering and a trace of greed in Xu Ming’s eyes.

“How dare you watch it!?” The treasure house door sound transmission shouted angrily.

Xu Ming ignored it at all and walked directly towards the door of the treasure house.

The treasure house door became more and more angry: “You are such a big dog! How dare you come over!?”

“Ha!” Xu Ming’s mouth curled into a meaningful smile, which made the treasure house door feel numb.

“You... what are you trying to do!?” The treasure house gate has a bad premonition, but it is more angry; after all, it will not put an ordinary Qinglong Army soldier in its eyes, “You can’t find death! ?”

Xu Ming still didn’t reply, he just smiled strangely and walked quickly towards the door of the treasure house.

“Stop!” the treasure house door scolded, “If you don’t stop, I will be rude to you!”

The treasure house of the Qinglong Army naturally has some means of self-defense. If it is the strength below Tian Zhizun, it is impossible to hurt the gate of the treasure house, but it will be suppressed by the gate of the treasure house.

Even with the strength of the median heavenly supreme, it is almost impossible to break the door of the treasure house!

“You’re welcome?” Xu Ming finally spoke, “I’m sorry! It’s me who’s being rude to you!”

boom!

Xu Ming’s voice fell, and a long spear suddenly appeared in his hand – it was the “Boundary Breaking Spear”!

boom! !

With the Boundary Breaker in his hand, Xu Ming’s aura instantly skyrocketed!

You must know that even if Xu Ming does not use the “Boundary Breaker”, his strength has already reached the level of “Middle Heaven Supreme”; now, Xu Ming is holding the Breaker Spear, and his strength is instantly breaking the shackles and stepping into the It has reached the realm of “High Heaven Supreme”!

Supreme Heaven!

In the current Azure Dragon Army, there is absolutely invincible existence!

boom-

Xu Ming’s tyrannical aura belonged to the “High Heaven Supreme”, and he rushed in all directions unscrupulously – since he has already started, there is no need to shrink his head! After all, if you continue to shrink your head and head, it is equivalent to hiding your ears and stealing bells.

All Xu Ming needs to do now is one word – do it!

“Kill!” The boundary-breaking gun in Xu Ming’s hand blasted directly at the treasure house door.

“What!?” The artifact at the door of the treasure house was terrified and closed the door tightly to guard the treasure house.

but...

The might of the world-shattering divine soldier is so easy to resist! ?

boom!

First shot!

Treasure gate trembles! Almost to be blown away!

Such a huge power, such a huge movement, naturally also alarmed the entire Azure Dragon Army.

“What’s wrong?”

“what happened!?”

“Isn’t that the savage Supreme? What is he doing...?”

“Supreme Barbarian? Certainly not! – How could Barbarian Supreme possess such strength!”

“It’s someone else, the Supreme Being of the Barbarian Ghost, who is bombarding the gate of our Qinglong Army’s treasury!”

“The great power in the universe of the Three Realms will not do this! This must be an outsider!”

“Are all the outsiders now so arrogant? They even rushed directly to the barracks of our Azure Dragon Army and smashed the gate of our Azure Dragon Army’s treasure house?”

“Humph! I don’t know how to live or die! Where did he put the powerhouses of our Qinglong Army?”

In the Qinglong Army, all the powerhouses were watching and discussing, but no one shot Xu Ming – after all, in their opinion, if such a thing happened, there would naturally be the “high-ranking Heavenly Supreme” powerhouse of the Qinglong Army. , it’s not their turn to worry.

However, the powerhouses of the Qinglong Army waited and waited, but they couldn’t wait for the “High Heaven Supreme” to take action.

“What’s going on? What about the Supreme Heavenly Sovereign of our Azure Dragon Army?”

“The high-ranking Heavenly Supremes seem to have gone out quietly, and they are not in the Qinglong Army barracks now!” A strong man said uncertainly.

“what!?”

“The High Heavenly Supremes are not here!?”

“Quick, quick! The mid-rank of the Azure Dragon Army, the Heavenly Supreme Powerhouse, quickly form a battle formation and capture the outsiders!”

Immediately, the entire Qinglong Army moved – they could not let the extremely arrogant outsider away in front of them no matter what, otherwise, the entire Qinglong Army would be beaten in the face!

boom! boom! boom! ...

At this time, Xu Ming was already holding the Boundary Breaker Spear, aiming at the door of the treasure house, firing dozens of shots in a row.

Finally, the door of the treasure house was smashed to pieces by Xu Ming.

“Oh! It’s quite patient!”

Xu Ming sneered and rushed directly into the treasure house.

Inside the treasury...

The member of the Qinglong Great Array saw with horror on his face that the “Supreme Barbarian”, who had never been in his eyes, forcibly opened the door of the treasure house and rushed into the treasure house.

The Azure Dragon Array member couldn’t help but screamed in horror: “You... what do you want to do!?”

“What’s the matter with you!?” Xu Ming raised his hand and slapped the members of the Azure Dragon Formation into the corner of the treasure house; then, Xu Ming shouted, “Leave all the treasures on him, and then... while I’m too lazy. Kill you, get out of here!”

Saying that, Xu Ming didn’t bother to look at the other party, and frantically destroyed the guardian formation in the treasure house, sweeping the treasures in the guardian formation.

Move away move away!

All move away!

The frightened member of the Qinglong Great Array hurriedly dropped the treasure on his body and fled.

“Heh! This is a member of the Azure Dragon Formation?” Xu Ming sneered disdainfully.

Soon, Xu Ming swept away all the treasures in the entire treasury.

“Walk!”

Without hesitation, Xu Ming rushed out of the treasury.

As soon as he rushed out of the treasury, Xu Ming saw that in the Qinglong Army barracks, quite a few median Heavenly Supremes had begun to form battle formations. However, for the time being, the battle formation has not really taken shape, so it can’t exert the power of the “High Heaven Supreme” level.

boom! boom! boom! ...

Xu Ming directly held the boundary-breaking gun, forcibly blasted away obstacles one by one, and walked away.

...

And when Xu Ming bombarded the gate of the treasure house, all the Supreme Heavenly Sovereigns of the Qinglong Army got the news almost at the same moment.

“What!? Too arrogant! How dare you directly attack my Qinglong army camp and seize the treasure house of my Qinglong army!?”

I have seen an arrogant outsider, but I have never seen such an arrogant outsider!

This made the high-ranking Heavenly Supremes of the Qinglong Army almost explode with anger!

“We’ve fallen for the trick!”

“Damn it!”

Jian Yi and other outsiders were being hunted down, so they also heard the roar of the Azure Dragon Army’s powers.

“Someone is attacking the treasury of the Qinglong Army?”

“It must be Xu Ming!”

“Xu Ming used us as bait, but he took the opportunity to attack the treasure house of the Qinglong Army!?”

Jian Yi and other outsiders are obviously even more angry!

However, anger is useless!

The powers of the Three Realms Universe were angered by Xu Ming, and they couldn't immediately rush back to the Qinglong Army to kill Xu Ming; therefore, they could only vent their anger on Jianyi and other outsiders.

Chapter 2088: Old Man, What A Coincidence!

“Upper Heaven Supreme” is absolutely crushing against “Middle Heaven Supreme”!

The gap between the two is even bigger than the gap between “Heavenly Supreme” and “Earth Supreme”, and it is almost insurmountable! Unless it is the top genius in the history of the entire universe, or with the help of a world-shattering magic weapon, can this gap be crossed!

The top genius in the entire history of the universe? – None of these median heavenly supreme beings who have sneaked in are.

World Breaker? —Neither do they!

Therefore, these poor outsiders can only be ruthlessly slaughtered by the local powerhouses of the Three Realms Universe!

In particular, the great powers of the Three Realms Universe are being ignited by Xu Ming's anger, and they are showing no mercy at all! Even the hole cards were thrown out without hesitation!

The outsiders who sneaked in, no one could escape at all, and they fell one after another – some of them may be resurrected by the Great Venerables; but there must be some people who will not be resurrected, that is, they are really fallen. !

Soon, of all the outsiders who sneaked in, only one person was left alive, and that was... Jian Yi!

And the high-ranking Heavenly Sovereign who chased and killed Jian Yi was the Qinglong messenger.

“I didn’t expect it!” The Qinglong messenger looked at Jian Yi, who was still struggling and fled, with a look of surprise on his face, “I thought it would be the easiest to clean up a lower heavenly supreme! Unexpectedly, all the other outsiders were If you die, you can still struggle!”

Although Jian Yi’s cultivation is “Lower Heavenly Supreme”, his strength is top among “Middle Heavenly Supreme”! In addition, there are several life-saving equipment on his body, so he can struggle until now.

Of course, even so, Jian Yi is already at the end of the game.

“Struggle!” The green dragon messenger seemed to be playing with a cat and a mouse, “If a lower-ranking Heavenly Sovereign escaped from my hands, that would be a joke!”

boom! boom! boom! ...

Under the pursuit of the Qinglong messenger, Jian Yi finally exhausted his cards and could no longer resist.

“Could it be that he is going to fall here?” Jian Yi was actually not worried that he would fall! After all... He is the top genius in the Eternal Palace; even if he really falls here, the Eternal Palace will definitely resurrect him at any cost!

“No!” Suddenly, Jian Yi’s eyes lit up, “Maybe, there is still a glimmer of hope!”

Jian Yi thought of one thing – inheritance order!

After killing Cangjiu, Jianyi also collected Cangjiu’s treasure; the inheritance order is among them.

“This inheritance order should be the handwriting of the Great Senior of the Three Realms!” Jian Yi secretly said, “I am urging the inheritance order now, maybe I can escape the disaster!”

Jian Yi is desperate anyway, so he would be a dead horse and a living horse doctor!

Try it!

Swish!

Jian Yi even took out the inheritance order, without even thinking about it, he directly urged it!

hum—

In an instant, a purple light enveloped Jian Yi's body.

Bang! Bang! Bang! Bang! ...

Immediately afterwards, the attack of the Qinglong messenger fell on Jian Yi, but he couldn't hurt him in the slightest.

“What!?” The expression of the Qinglong messenger suddenly changed, “Inheritance order! You actually have an inheritance order in your hand!”

“Huh?” Jian Yi was instantly overjoyed, “Success!”

Although Jianyi is not afraid of falling; but, if he can not fall, it must be the best!

call out-

In the next instant, Jian Yi directly turned into a purple streamer, tore apart the time and space, and disappeared in place. Obviously, it was sent to the place of inheritance by the inheritance order.

In this regard, the Qinglong messenger can only watch, there is no way to do it; after all, the inheritance order is personally made by the Three Realms Great Venerable – the means of the Three Realms Great Venerable, how can the blue dragon messenger interfere?

“Damn!” The Qinglong messenger gritted his teeth, “I failed to kill this Jianyi, but instead gave him some opportunities...”

Although he was extremely angry in his heart, the Qinglong messenger had nothing to do.

Immediately, the company of Qinglong messengers flew back towards the Qinglong army barracks – he had to hurry back to see if he could capture the arrogant madman who attacked the Qinglong army’s treasure house.

...

Capture Xu Ming?

Xu Ming had already left the Qinglong Army barracks at this time and went straight to a dangerous place he knew.

call out-

Xu Ming’s figure flew across the sky.

“In that dangerous place, the time and space are extremely chaotic, and it is impossible to detect the cause and effect line inside...” Xu Ming secretly said, “I run into there, change my body and come out again, and no one will want to recognize me! When the time comes, I will look for it again. A chance to kill a genius and go to the place of inheritance!”

If you want to activate the inheritance order, you must first kill a genius whose cultivation base is the supreme of the earth, but his strength is comparable to the supreme of the sky!

Like Jian Yi, he killed Cangjiu, so he could directly activate the inheritance order.

As for Xu Ming, he had not yet killed a genius of this level in the Three Realms Universe.

“arrive!”

Xu Ming looked forward.

That’s a huge black vortex!

Even if Xu Ming was standing nearby, he could not perceive the situation inside the black vortex at all—this kind of place was just right for Xu Ming to “change his vest”!

“Go in!” Xu Ming planned to go inside the black vortex and use Feng Zhou Ding to turn himself into “another person”.

As for whether there is any danger inside this black vortex?

Xu Ming is not worried at all!

How dangerous can it be? It’s a big deal to fall into it! – Does Brother Ming look like someone who can’t afford to die?

Fallen, as long as you spend a point of 23 hanging points, you can immediately use “Infinite Resurrection” to hang up the resurrection.

call out-

Xu Ming directly shot towards the black vortex.

When entering the black vortex, Xu Ming only felt a strange and unpredictable distortion of time and space.

When the surrounding time and space stabilized, Xu Ming found that he had appeared in a small space—this space was only ten thousand miles in diameter. For today’s Xu Ming, this is undoubtedly very narrow.

What surprised Xu Ming even more was that there were actually people here!

It was a gloomy figure.

“Jie Jie Jie Jie...” As soon as Xu Ming appeared, this gloomy figure gave out a sneer; the smile gradually turned into a big laugh, “The tenth... Finally we have waited! Hahahahaha...”

“The tenth?” Xu Ming was a little puzzled, “What do you mean!?”

“It’s normal for you not to know!” The gloomy figure sneered, “After all...the rules of this scorpion vortex will only be known after you come in! – I’ll be able to get out of trouble right away, and I’ll be in a good mood, so I’ll follow you before I kill you. Tell me about the rules here!”

“Uh...” Xu Ming looked at the other party with some embarrassment – where did this silly child get the confidence from?

However, Xu Ming did not interrupt, just listened quietly.

“Here, the famous scorpion devil whirlpool!” The gloomy figure continued, “The strong people who fall into this place will be transported to different spaces according to their cultivation bases; and since you will appear here, it must be the same. Earth Supreme cultivation base!”

“That’s right!” Xu Ming said.

“Jie Jie Jie...” The gloomy figure sneered twice and said, “And if you want to leave the scorpion vortex, you must kill ten opponents of the same realm! – I have been waiting here for hundreds of millions of epochs, and finally I have waited. Ten! Yes, you are the tenth!”

“You want to kill me?” Xu Ming laughed, “Are you sure you can kill me?”

“Hahahaha... Of course I’m sure!” The gloomy figure laughed loudly. During the endless years of being trapped here, my strength has actually broken through! Although I am still the Earth Supreme cultivation base, my strength is already comparable to the ‘Lower Heaven Supreme’! hum! With my strength, I can challenge the members of the Qinglong Great Array; is it not easy to kill you? ”

Xu Ming was shocked: “Do you have the strength comparable to the ‘Lower Heaven Supreme’?”

“It’s natural!” The gloomy figure sneered, “Since you already know my strength, why don’t you come here and die?”

The gloomy figure is in control of everything.

However, what he didn't expect was that after Xu Ming heard about his strength, instead of the slightest panic, he looked very surprised.

Yes!

Just a surprise!

Xu Ming looked at each other in surprise: "Old iron, what a coincidence!"

Chapter 2089: Digestion

"Old iron, what a coincidence!"

Xu Ming was thinking about where to find a genius to kill; he didn't expect that as soon as he entered this dangerous place, a genius came up to him.

This is not "coincidence" what is it?

"It's a coincidence?" The gloomy figure was stunned, obviously not understanding what Xu Ming said.

However, he does not need to understand!

Xu Ming shoots up and down, and with one shot, kills him instantly!

"This guy's strength, at the level of 'Lower Heaven Supreme', should be regarded as the bottom!" Xu Ming sneered disdainfully.

To deal with this kind of weak chicken, Xu Ming didn't need to use the Boundary Breaker Spear at all, he could kill him in one move casually.

"With this little strength, you dare to be arrogant in front of me?"

If the other party hadn't died, Xu Ming really wanted to ask him: Who gave you the courage and confidence?

Immediately, Xu Ming took out the inheritance order.

“It should be able to motivate, right?” Xu Ming tried to inject divine power.

Sure enough, just as Xu Ming’s divine power was injected into it, the inheritance order triggered a purple light, which instantly enveloped Xu Ming’s body.

call out-

In the next instant, Xu Ming disappeared directly into the scorpion vortex—the inheritance order, which was left by the Great Venerable of the Three Realms; within the universe of the Three Realms, he had the highest authority. No matter what dangerous place it is, it is impossible to stop the stimulation of the inheritance order.

...

Time and space change.

When the surrounding time and space stabilized, Xu Ming saw that he had appeared in a quiet space.

In the air, there is a natural peace and tranquility, as if it can make people forget time and worries.

“The place of inheritance?” Xu Ming looked around.

Near the place where Xu Ming descended, there happened to be a strong man in gray robe.

Seeing Xu Ming, the gray-robed powerhouse was slightly surprised: “Oh? Another newcomer?”

again?

Xu Ming couldn’t help looking at the other party and asked curiously, “What? Someone came to the place of inheritance just now?”

“Not bad!” said the gray-robed powerhouse, “I just arrived, and I entered the ‘Three Realms Pagoda’ directly!”

Three Realms Tower?

Xu Ming did not directly inquire about the situation of the Three Realms Pagoda, but waved his hand to conjure the influence of Jian Yi, and asked, “Is this person who came here just now?”

“That’s right, it’s this person!” The gray-robed powerhouse didn’t hide it and said directly.

“Sure enough!” Xu Ming was not surprised.

Earlier, Xu Ming saw through the “post-death perspective” that Jian Yi killed Cangjiu and took away Cangjiu’s treasure. And in Cangjiu’s treasure, there is an inheritance order; Jianyi will definitely not miss this kind of opportunity.

However, Xu Ming didn’t know that Jian Yi didn’t come to the place of inheritance because he refused to miss the opportunity; but he urged the inheritance order when he was chased and desperate.

Speaking of which, the reason why Jian Yi was hunted down was because of Xu Ming’s “report”.

Therefore, from a certain point of view, Jianyi was rushed to the place of inheritance by Xu Ming like “driving a duck”.

“Oh! It’s really a narrow road for the enemy!” Xu Ming sneered.

Xu Ming and Jian Yi can be said to be old enemies.

From the virtual universe to the real universe, Jian Yi has repeatedly dealt with Xu Ming; and now, Xu Ming has finally caught Jian Yi!

At this time, Xu Ming looked at the strong man in gray robe again and asked with a smile, “What is your name?”

When Xu Ming first arrived, he naturally wanted to learn about the situation in the place of inheritance from the strong man in gray robe.

“I, the Supreme Lord of the Sky!” The gray-robed powerhouse was easy to talk about, and the situation of the place of inheritance was no secret at all; therefore, the gray-robed powerhouse said it directly.

Soon, Xu Ming had a general understanding of the rules of the place of inheritance.

There are actually only three places in the entire inheritance: the Three Realms Tower, the Sea of Time, and the Invincible Battle Stage.

According to the Supreme Venerable Grey Sky, in the Three Realms Pagoda, various exercises, secret skills, and inheritances left by the Great Venerable Three Realms are recorded. Any strong person can accept the inheritance as long as he enters the Three Realms Pagoda; as for how much he can inherit, it depends on his own ability!

Time Sea is a sea area where time flows very fast.

And the invincible battle platform is not an ordinary “inheritance” who is qualified to board! Only the inheritors who have inspired visions in the Three Realms Pagoda are eligible to board the invincible battle platform. And... It is said that the invincible battle platform leads to the ultimate mystery of the inheritance.

“The Three Realms Pagoda is the place of inheritance, the most important place!” The Supreme Being said solemnly, “And the sea of time is just a way of auxiliary cultivation; if you are in the Three Realms Pagoda, what kind of inheritance is there? You can enter the sea of time and save some training time! As for the invincible battle platform... that is not something that ordinary inheritors can look at! Moreover, all the inheritors who dared to board the invincible battle platform have all fallen!”

“All fell?” Xu Ming was slightly shocked.

“Not bad!” Supreme Venerable Grey Sky said again, “There is no absolutely invincible strength, but you are on the invincible battle stage, that is courting death!”

“Oh?”

However, Xu Ming vaguely guessed something – this place of inheritance is not only the chance for the inheritors, but also the place where the Three Realms Great Senior chooses the heir; and this invincible battle platform is probably an important factor for the Three Realms Great Senior to choose the heir. level!

If you are not good enough, but you are on the invincible stage, you must be screened; and the result of being screened is – death!

At this time, the Supreme Venerable Grey Sky said again: “Now, there are already people in the Three Realms Pagoda, so you can’t enter! But you can wait first, and when Jianyi comes out of the Three Realms Pagoda, you can go in!”

Three Realms Tower?

To be honest, Xu Ming really had no interest in the Three Realms Pagoda.

In the eyes of the Supreme Beings and others, the Three Realms Pagoda is the most important place in the entire inheritance; however, Xu Ming did not care about it at all—after all, the inheritance in the Three Realms Pagoda was only left by the Three Realms Great Venerable. That’s it! And the Great Master of the Three Realms was slaughtered by Xu Ming... What interest does Xu Ming have in the inheritance of exercises and secret skills left by a defeated general?

What Xu Ming is interested in is not the inheritance left by the Great Senior of the Three Realms, but the “treasure” left by the Great Senior of the Three Realms! – If Xu Ming guessed correctly, as long as he passed the tests of the inheritance, he should be able to obtain the “Tao Realm Contract” of the Great Master of the Three Realms!

That is the most important thing left by the Great Senior of the Three Realms! Most of the treasures of the Great Senior of the Three Realms are probably stored in the Dao Realm contract. Of course, there is one thing that Xu Ming is also interested in, and that is... the sea of time!

That’s right!

It is the “Sea of Time” that the inheritors such as the Supreme Lord of Grey Sky don’t think much of – in the eyes of other inheritors, the Sea of Time is nothing more than a faster flow of time; other than that, it seems to have no effect!

But in Xu Ming’s view, the sea of time is exactly what he needs the most!

You must know that in order to strengthen his “universe”, Xu Ming devoured a large amount of the power of “the origin of the universe, the truth” and “the origin of the universe, the virtual”! Because the food was too full, it took Xu Ming a lot of time to digest it.

And the time of “Xiao Shi” is definitely in “epoch”!

For other powerhouses, several epochs, dozens of epochs, or even tens of thousands of epochs are just a flick of a finger; but for Xu Ming, this period of time is too long!

And now, there is a place called “Sea of Time”, which can just help Xu Ming to “digest” quickly!

When “Xiao Shi” is completed, Xu Ming’s cultivation will definitely skyrocket!

so...

Other powerhouses came to the place of inheritance mainly to accept the inheritance of the Great Venerable of the Three Realms; but Xu Ming found that he came here mainly to digest food.

Chapter 2090: You Just Pretend X

Other powerhouses came to the place of inheritance mainly to accept the inheritance of the Great Venerable of the Three Realms; but Xu Ming found that he came here mainly to digest food.

Thinking of this, Xu Ming couldn’t help but ask, “Where is the sea of time?”

The Three Realms Pagoda, Xu Ming had already seen it; after all, this is the tallest building in the land of inheritance, it is very eye-catching, and it is difficult not to see it.

“You’re going to the Sea of Time?” Supreme Supreme Grey Sky looked at Xu Ming in surprise, and continued, “I advise you not to, what’s the point of going to Sea of Time? You should wait a little while for Jian Yi to leave the Three Realms. Once the tower is out, you can go directly to the Three Realms Tower!”

Xu Ming didn’t explain anything, but still said: “Tell me the location of Time Sea first!”

“Hey...” The Supreme Lord of the Grey Sky saw that Xu Ming was obviously determined to go, he couldn’t help but sighed and persuaded, “Even if you want to go to the sea of time, I advise you to wait until you have been to the Three Realms Pagoda before going there. Time Sea; in that way, you will find that you will benefit a lot! Really, go to Time Sea, don’t be in a hurry!”

The Three Realms Pagoda... Xu Ming didn’t want to explain anything.

After all, it was out of kindness that the Supreme Lord of the Grey Sky persuaded him so much. Could Xu Ming explain that I don’t like the Three Realms Pagoda at all?

This is forced, Xu Ming still does not pretend!

After inquiring about the location of Time Sea, Xu Ming was about to find an excuse to leave; suddenly, he saw that the Three Realms Pagoda in the distance suddenly burst into a dazzling golden light.

“His—” The Supreme Supreme Being on the side of the sky, but he sucked in a sharp breath, showing a shocked and incredible expression.

“What’s the situation!?” Xu Ming couldn’t help but startled.

“Something has happened!” Supreme Venerable Grey Sky said in horror, “The Three Realms Pagoda blooms with golden light, which proves that the people in the pagoda have a very high degree of inheritance! In the entire inheritance land, there are very few people who can achieve this degree of inheritance, and Those are still inheritors who have received many inheritances; and Jianyi... this is the first time he has entered the Three Realms Pagoda, and he has reached such a degree of inheritance, how terrifying!”

Xu Ming said: “Meaning, Jian Yi’s talent is very high?”

“It’s more than high!” Supreme Venerable Grey Sky said without hesitation, “It’s simply against the sky! In the entire inheritance land, since the endless years, the first time entering the Three Realms Pagoda can achieve such a degree of inheritance, there are only a handful of fingers. what!”

unbelievable?

Xu Ming smiled secretly and said in his heart: “Can you not defy the sky? You know, no matter what, Jian Yi is also a super genius cultivated by the Eternal Palace! The super genius of the Eternal Palace represents the entire ‘real universe’ A genius at the top level! And the Three Realms Universe... Compared with the entire real universe, what does it count? A super genius at the top level in the entire real universe, when he comes to the Three Realms Universe, can he not defy the sky?”

However, Xu Ming didn’t take Jian Yi in the slightest – against the sky? Even if it goes against the sky again and stands in front of Brother Ming, Brother Ming will slap him over with a slap!

God, you can reverse it!

But, Brother Ming, you can’t do it!

call out! call out! call out! call out! ...

At this moment, countless tyrannical auras flew out from all over the place of inheritance, all of them looked at the Three Realms Pagoda in astonishment.

“Who...caused the vision of the Three Realms Pagoda?”

“If you can cause the golden light of the Three Realms Pagoda to bloom, you have the qualification to board the invincible battle stage! Although there are few people who dare to board the invincible battle stage; but, this is a proof of strength!”

“I don’t know who broke through in the Three Realms Tower!”

“I heard... The person who entered the Three Realms Pagoda seems to be a genius who has just come to the place of inheritance!”

“What!? Just came to the place of inheritance?”

“God against the sky...”

The powerhouses who flew out from everywhere were shocked and amazed when they heard that the people in the Three Realms Pagoda had just entered the place of inheritance.

Xu Ming looked at it and sneered: “I didn’t expect that when Jian Yi came to the place of inheritance, he pretended to be coercive!”

Shaking his head, Xu Ming quietly walked away alone, walked towards the sea of time, and smiled in his heart: “You just pretend to be X, I’m going to digest!”

It’s none of Xu Ming’s business what Jian Changxuan X pretends to be like!

For Xu Ming, taking advantage of this time in the land of inheritance, to improve his own strength, and then find a way to obtain the treasures of the Three Realms Great Venerable, is more important!

...

The sea of time is really a sea.

However, the sea water in this sea area is not an ordinary current, but all “waves of time”.

“It is said that in the sea of time, the deeper the dive, the faster the flow of time! But... the higher the cultivation, the more difficult it is to dive!”

Changing the flow rate of time is actually not difficult. Even in some pure natural places, the flow of time is very fast – like when Xu Ming was still weak, when his cultivation base had not yet reached the Chaos Realm, he had traveled to some different dimensions where the flow of time was billions of times.

but-

It is very, very difficult to change the time flow of a strong man! Because, to change the time flow rate of a strong man, the energy consumed is extremely exaggerated! Therefore, after Xu Ming's cultivation level has risen, he will rarely be able to go to those places where time flows quickly! – For example, Xu Ming now, if he went to those different spaces where time flowed fast, he had been there before; I am afraid that the whole space would collapse immediately after stepping in!

“However... Time Sea will definitely be able to carry me!” Xu Ming secretly said, “I didn't come to this place of inheritance for nothing! After all... at my current state, I want to speed up my time flow. It's so hard!”

call out-

Xu Ming directly turned into a streamer and dived into the depths of the sea of time.

“On the surface of the sea of time, the flow of time has not changed!” Xu Ming felt the flow of time around him.

However, before diving deep, Xu Ming found that the flow of time was rising sharply.

Twice the time flow rate...

Triple time flow rate...

Five times the time flow rate...

Ten times the time flow rate...

After a while, Xu Ming felt that the flow of time around him had reached a million times!

You must know that when Xu Ming is in his current state~www.readwn.com~, it is undoubtedly extremely difficult to make the flow of time reach a million times!

“It really is a good place!” Xu Ming was pleasantly surprised.

Moreover, a million times the flow rate of time is obviously not the limit of the sea of time, nor the limit of Xu Ming. Although Xu Ming has begun to feel some pressure, he can continue to dive.

“Then go further down!”

For Xu Ming, this rare place where the flow of time is accelerated can help him save a lot of cultivation time.

“Three million times...”

“Five million times...”

“Eight million times...”

Finally, when the flow of time reached ten million times, Xu Ming’s feet also touched the bottom of the sea of time.

“Uh? Is it the deepest place already?”

Ten million times the flow rate of time, compared to Xu Ming’s weaker before, those places where the flow rate of time was hundreds of millions of times were naturally far worse! But there is no way, with Xu Ming’s current cultivation realm, I am afraid there is no place that can stably maintain his time acceleration billions of times!

“Just at the bottom of the sea of time, slowly digest it!”

What Xu Ming didn’t know was... when he was silently “digging food” by himself, the entire inheritance place was completely boiling!
