

A World 2121

Chapter 2121: What? Play?

When Xuanyingtian Supreme was secretly approaching the past... Konyatian Supreme three men aggressively attacked Xu Ming and Feng'etian Supreme.

“Ha ha ha ha...”

“Suffer to death!”

“There are formations we have laid out all around, you can't escape!”

You must know that the three Kunya Tianzun are lurking near the alliance's base camp, and there is no small risk; now they have caught a “three-on-two” opportunity, of course they don't want to miss it!

The three of Kunya Tian Supreme laughed horribly, and they came with murderous aura.

“Huh? This is...” Soon, Kunya Tianzun saw Feng'e Tianzun clearly, and couldn't help but be surprised, “Feng'e Tianzun!?”

Before, Kunya Heavenly Sovereign was far away, so I only saw two high-ranking Heavenly Sovereigns, but couldn't tell who they were; now I approached and found out that one of them was actually Feng'e Heavenly Sovereign!

Kunya Heavenly Sovereign couldn't help but be surprised—among the Kunpeng clan, there were quite a few who wanted to capture Feng'etian Sovereign! And Kunya Heavenly Sovereign is one of them!

“I didn't expect that such a good thing would come across me!” Konyatian Supreme was excited, and at the same time, his eyes fell on Xu Ming next to Feng'etian Supreme.

Seeing this, Kunya Heavenly Sovereign suddenly widened his eyes: “This is...?”

Immediately, Kunya Tianzun seemed to think of something very terrifying, and his face changed all of a sudden. The other two Heavenly Supremes who were with him also suddenly changed their expressions.

Swish! Swish! Swish!

The figures of the three Kunya Tian Supreme being rushing towards suddenly stopped in the void in an instant. Then, the three of them turned around without a pause, and ran without looking back.

call out! call out! call out!

In a few breaths, the three figures of Kunya Tianzun were never seen again.

“Forehead...”

“what’s the situation?”

Xu Ming and Feng Etian Supreme looked at each other, “Why did they run away?”

Feng Etian said weakly, “It looks like... it seems to be scared away?”

Obviously, he was scared away!

“Could it be... they know you?” Supreme Feng Etian looked at Xu Ming and couldn’t help saying.

“Impossible!” Xu Ming said without hesitation.

How could you possibly know each other!

You must know that the identity of “Wolongtian Supreme” that Xu Ming is using now is fake! There is no such a number one character in the real universe, right? —Except for the few great powers of Lei Miede, almost no one knows “Wolong Tianzun”, and it is even more impossible to know that Wolong Tianzun has the strength that is suspected to be “top-level Tianzun”!

But... if it wasn't for Xu Ming, why were the Kunya Tianzun three people scared away?

“What's the situation?” Xuan Yingtian Supreme Venerable, who was secretly approaching, also looked at it for a while.

At this time, Xuanyingtian Supreme was not far from Xu Ming, so he simply didn't hide and directly exposed his figure.

“Could it be... Kunya Tian Zhizun and the others were scared away because they found me?” Xuanying Tian Zhizun stepped forward and said.

Feng'e Tian Zhizun rolled her eyes angrily: “Do you have such a deterrent power?”

When Xuan Yingtian Supreme heard the words, he was suddenly embarrassed. However, he really did not have this deterrent power; even if the Kunyatian Supreme and the three of them really found him, at most they would “retreat”, not “scare away”.

“Also—” At this time, Supreme Feng Etian said again, “Xuanying, can you not follow us?”

“I...” Xuan Ying was embarrassed, “I'm not worried about your safety?”

“I don't need it! Don't follow me any more!” Supreme Feng Etian threw a sentence angrily, turned around and left – this time, she and Xu Ming played a “striking soldier” together! Xuan Yingtian Supreme followed like this, isn't he making trouble?

Moreover... Supreme Feng'e Tian also wanted to take advantage of this shocking action to develop a good relationship with Xu Ming; Supreme Xuan Yingtian followed behind, so how could she develop a relationship?

It's in the way! ?

Xu Ming glanced at it, didn't say anything, just turned and left.

“I...” Seeing that his kindness was regarded as a donkey’s liver and lungs, Xuan Yingtian Supreme couldn’t help but feel depressed again. He looked at the back of Feng Etian’s departure, gritted his teeth, and finally continued to follow secretly.

...

Although I didn’t understand why Kunya Tianzun and the others ran away, this did not prevent Xu Ming and Feng’e Tianzun from continuing to search for prey in the Kunpeng battlefield.

However, Xuan Yingtian Supreme, who followed behind “the ghost of the ghost”, made Xu Ming and Feng Etian Supreme very unhappy.

The reason why Feng Etian Supreme is unhappy is because Xuan Yingtian Supreme is hindering her “good things”.

And Xu Ming was unhappy because—original, Xu Ming had already thought about it. Once a strong enemy appeared, he would first put Feng’e Tian Zhizun into the world ring; She was beaten, and after she was beaten, she was willing to go in! Then, Xu Ming can open the “countercurrent of time” unscrupulously without worrying about being discovered. But now, there is a follower behind him, and Xu Ming has to figure out a way to prevent the follower from discovering the secret of “countercurrent of time”, which is undoubtedly an extra trouble.

However, this Xuan Yingtian Supreme is thick-skinned and can’t be chased away. Xu Ming and Feng Etian Supreme can’t do anything... They can’t beat him, right?

“Let him continue to follow!” Xu Ming and Feng Etian looked at each other, and both saw the depression in each other’s eyes, and then moved on.

...

Unconsciously, Xu Ming and Feng Etian Supreme had entered the depths of the Kunpeng battlefield.

And the “follower” Xuan Yingtian Supreme, even followed him not far or near, and couldn’t get rid of it.

Sudden-

call out! call out! call out! call out!

Four figures rushed out from the shadows and rushed towards Xu Ming's direction.

"It's the four high-ranking Heavenly Supremes!" Feng'e Heavenly Supreme couldn't help showing a hint of panic. However, when she saw Xu Ming's indifferent expression on the side, she felt relieved.

"Four people!" Seeing the enemy's formation, the follower Xuan Yingtian Zhizun immediately felt like a big enemy; he didn't even bother to hide anymore, and rushed towards Xu Ming's position, preparing for a ***** battle.

However...

When Xuanyingtian Supreme rushed halfway, he saw... These four high-ranking Heavenly Supremes, just like the previous Kunya Heavenly Supreme, they suddenly stopped when they were about to kill, then turned around and ran away. .

"This..." Xuan Yingtian Supreme was speechless—what? play?

First come aggressively, then run away... is it fun?

Of course, Xuan Yingtian Supreme is more of a doubt – wondering why the enemy flees without fighting? After all, in the lineup, the enemy has four high-ranking Heavenly Sovereigns, and here is the depths of the Kunpeng battlefield, far away from the alliance's base camp; Xuanying Heavenly Sovereign really can't find a reason for the enemy to escape.

Xu Ming and Feng Etian Supreme were even more speechless.

"Uh..." The two of them looked at each other, helpless, "Why did you run away again?"

Chapter 2122: Okay, What About The Raiders?

“Why did you run away again?”

Xu Ming came out to get his exploits! Killing some of the Kunpeng clan’s great powers is to first collect some interest from the Kunpeng clan.

However, the two waves of enemies encountered in a row were all running away... How did Xu Ming play this way?

Moreover, what makes Xu Ming even more depressed is that he doesn’t even know why the enemy is fleeing – the combination of him and Feng’e Tian Zhizun obviously looks weak and easy to bully! It was almost written on his face: Come on! Come and bully us!

“Look for it again!” Xu Ming had no choice but to go deeper into the Kunpeng battlefield.

“Okay!” Feng Etian said helplessly.

As for Xuan Yingtian Supreme, he continued to be cheeky and followed not far behind the two.

...

This time, not long after Xu Ming marched, he encountered another wave of enemies—three high-ranking Heavenly Supremes!

However... just like the previous two times, the three high-ranking Heavenly Supremes originally rushed over with murderous intent; however, when they rushed to the vicinity of Xu Ming and the two, they ran away as if they had seen a ghost.

...

For the fourth time, Xu Ming encountered the strongest wave of enemies—the five high-ranking Heavenly Supremes!

Now, Xu Ming felt that there was always a fight!

However, it was still the same as the previous few times – the enemy charged aggressively, but before they could reach it, they ran away like a dog!

the fifth time...

the sixth time...

Seventh time...

It's all the same situation.

Xu Ming was speechless: What the **** is this?

Finally, when he encountered the enemy for the eighth time, Xu Ming finally knew what was going on!

The enemy for the eighth time also rushed over first, and then fled in embarrassment; however, when they fled, they shouted in horror: "It is the Supreme Wolongtian!"

"Run!"

"Withdraw! It's Wolongtian Supreme!"

...

"Uh... Wolongtian Supreme, they know you, and they were scared away by you!" Feng'etian said speechlessly.

"I saw..." Xu Ming also said speechlessly.

"They seem to know your strength..." Feng Etian said again.

"Nonsense!" Xu Ming said angrily.

If he didn't know Xu Ming's strength, how could he run away in fright when he saw Xu Ming! And... there were eight consecutive waves of enemies, all of them ran away in fright, not giving Xu Ming a chance to do it at all!

Xu Ming almost vomited blood!

Okay, what about the Raiders?

The current situation makes it clear that... all the enemies know that Xu Ming is the "Top High Heaven Supreme"! If not, how could it be possible that all eight consecutive waves of enemies fled in embarrassment?

"I..." Xu Ming really didn't know what to say – all the allies didn't know his own strength, and all the enemies knew his own strength...

This is also a strange woolen soldier!

Xu Ming couldn't help looking at Feng Etian Supreme, his eyes were strange: "Your secret work of Lei Miede is too unreliable, right?"

Knowing that Xu Ming is the "Top High Heaven Supreme", only the power of Lei Miede, and there are only a few high-level people. But even under such circumstances, the enemy still knew Xu Ming's strength! – Don't blame Lei Miede, who is to blame?

I must blame Lei Miede!

"This..." In such a situation, Supreme Venerable Feng Etian was also very embarrassed and didn't know what to say. After all, it was indeed Lei Miede who pitted the Wolong Heavenly Sovereign, "What should we do now?"

Xu Ming thought about it and said, "Go back!"

"Go back?" Supreme Feng Etian thought about it and understood what Xu Ming meant.

“Yeah!” Xu Ming nodded, “Our plan for the special army has failed, and it is impossible to trick the enemy into throwing himself into the net! Next, I plan to see the enemy and rush over to kill; in that case, I may not be able to protect you, so you should go back first!”

“Okay!” Supreme Feng Etian also knew that if he continued to follow, he would only hinder Xu Ming.

At this time, Xuanyingtian Supreme just ran over again.

Xu Ming smiled and said, “Someone just happens to be able to take you back!”

“What’s going on?” Xuan Yingtian Sovereign shouted loudly from all the way, “Why does the enemy flee every time? It’s been eight times in a row... Moreover, this time, when the enemy fled, why did he run away? call your name?”

Xuan Yingtian Supreme looked at Xu Ming with a puzzled expression.

Feng’e Tian Supreme explained: “These enemies were all scared away by Wolong Tian Supreme!”

“Scared away by him?” Xuanyingtian Supreme said subconsciously, “How is it possible!? – What strength does he have? Can he give such a great deterrent to the Kunpeng family?”

“What’s impossible?” Feng Etian asked with a smile. Anyway, the strength of “Wolongtian Supreme” has obviously been exposed, so she did not hide it, and said directly, “Wolongtian Supreme, is the top-ranked Heavenly Supreme!”

“What!?” Xuanying Tianzun was stunned for a moment when he heard the words, “He? The top-ranking Tianzun? Are you kidding me...”

However, Xuan Yingtian Supreme’s voice became softer and softer.

Obviously, he also understood that only in this way could he be able to explain why the strong men of the Kunpeng clan would run away in fright after seeing Xu Ming.

Thinking that he had accidentally offended a top-ranking Heavenly Supreme, Xuanying Heavenly Sovereign secretly felt a little scared-you know, if the top-ranking Heavenly Sovereign shot him in the Kunpeng battlefield, then even if he died, no one would know about it. How did he die!

But Xuanyingtian Supreme couldn't help but said: "Why didn't you tell me earlier?"

"I told you earlier?" Feng'e Tian Supreme sneered, "This is a surprise attack from our Lei Mie Pavilion! But the irony is... No one in the alliance knows the strength of Wolong Tian Supreme. Instead, The Kunpeng clan all know about it..."

Hearing this, Xuanyingtian Supreme couldn't help but secretly rejoice – glad that he didn't know the strength of this Wolongtian Supreme! Otherwise, Lei Miede would definitely suspect that he betrayed the information!

At this time, Xu Ming said: "Xuanyingtian Supreme, please take Feng'etian back first! Next, I plan to act alone!"

"Okay!" Xuan Yingtian Sovereign heard the words, and immediately agreed – he was eager to take Feng'etian Sovereign away! After all, after knowing that Xu Ming is the top-ranked Heavenly Supreme, he is also worried that Xu Ming will have a relationship with Feng'etian Supreme for a long time; at that time, he will not be able to compete at all!

However... How does Xuanyingtian Supreme know, in fact, Xu Ming has no idea about Feng'etian Supreme!

He is totally overthinking it!

...

After sending away the Supreme Feng'etian, Xu Ming's eyes turned to the depths of the Kunpeng battlefield.

"I'm already familiar with the situation on the Kunpeng battlefield!" Xu Ming secretly said, "Now that I'm acting alone, I'm completely able to unscrupulously open the 'countercurrent of time' and kill the Quartet!"

This time, the Kunpeng clan that Xu Ming wanted to kill felt distressed!

The Kunpeng family, dare to trouble Brother Ming? – Brother Ming’s trouble is so easy to find!

Chapter 2123: Chop Melon And Vegetables

Kunpeng battlefield.

Xu Ming walked through the battlefield with great publicity.

“Finally act alone!”

When he was with Feng Etian Supreme, Xu Ming couldn’t stretch his hands and feet at all. For example, when the enemy fled, Xu Ming could not use “Time Reverse Flow” to keep them behind.

But not now!

Once Xu Ming encounters the enemy, he will not give the enemy any chance to escape!

call out-

Xu Ming ran wildly.

Divine Sense spreads out without restraint, domineering sweeping every corner passing by.

Suddenly, several angry voices sounded.

“Who dares to be so arrogant?”

“court death!”

boom! boom! boom!

Immediately afterwards, three figures with monstrous imposing manners rose into the sky from a hidden corner – the three supreme heavenly supremes of the Kunpeng clan!

The three high-ranking Heavenly Sovereigns saw only one figure from a distance, and immediately shouted: “There is only one person, how dare you be so arrogant?”

“Suffer to death!”

The three strong men came directly towards Xu Ming.

However, when they approached Xu Ming, their expressions suddenly changed: “Wolongtian Supreme!”

“It’s Wolongtian Supreme!”

“Run!”

After the three approached, they found that it was the “Wolongtian Supreme”, and they all fled without hesitation – the base camp of the Kunpeng clan, but a warning was issued long ago; every strong person of the Kunpeng clan received the “Wolongtian Supreme” According to the information, I know that he is the top heavenly supreme!

In the absence of the Great Senior, the top-ranked Heavenly Sovereign is almost an absolutely invincible existence!

Ordinary high-ranking Heavenly Sovereign, even if three or five team up, is not a top-ranking Heavenly Sovereign’s opponent! – One can imagine how strong the deterrent force of “Wolongtian Supreme” is to the Kunpeng family!

However, the Kunpeng clan’s “ordinary high-ranking Heavenly Supremes” all act in groups of three or five; as long as they don’t fight, it is not a big problem to escape from the top high-ranking Heavenly Supremes! After all, in the Kunpeng battlefield, there is not only one top-ranked Heavenly Supreme!

The ordinary high-ranking Heavenly Sovereign who can survive in the Kunpeng battlefield has long known how to deal with the top-ranking Heavenly Sovereign!

Therefore, when these three ordinary high-ranking Heavenly Supremes saw Xu Ming, although they were horrified, they were not panic-stricken – they ran straight away, that’s right!

But at this time, Xu Ming smiled: “Want to escape?”

Now that Xu Ming can no longer hide his strength, how could he give them a chance to escape?

call out-

Seeing the three escape, Xu Ming directly chased after them.

“Wolongtian Supreme!” The three strong men of the Kunpeng clan shouted, “We all ran away, are you still chasing?”

“Ha!” Xu Ming couldn’t help laughing, “You want to run away, why don’t you let me chase you?”

“What’s the point of you catching up? Although you are a top-ranked Heavenly Supreme, as long as we don’t fight, you can’t kill us at all!”

“That’s right! – If we fell into your ambush, that’s fine, we admit it! But now, in this situation, you still want to kill us? It’s too disrespectful to us!”

“Huh! Wolong Tianzun! In our Kunpeng clan, many high-ranking Tianzun have encountered you; but, you have never been able to kill anyone! – Is it possible that this time, you still want to kill us. One?”

The three strong men of the Kunpeng clan were running away, while still taunting Xu Ming. In their opinion, this Wolongtian Supreme wants to kill them, it is simply a dream! – The three of them have a lot of life-saving cards on their bodies; moreover, they didn’t fall into any ambush or trap, how could they be killed so easily?

However, what these three Kunpeng clan experts didn't know was that this was the last word they said in their lives!

“Kill one of you?” Xu Ming couldn't help but evoke a hideous smile, “No! I'm not trying to kill one of you, but... kill you all!”

Xu Ming's voice just fell.

“Countercurrent of Time” hangs, open!

boom-

A power containing endless mysteries instantly enveloped the three high-ranking Heavenly Supremes.

The time around the three started to go backwards!

At this moment, the consciousness of the three people is actually sober; however, their consciousness is not enough to break the “countercurrent of time”. Therefore, the three of them could only watch helplessly as their divine body and everything began to retreat as time went against the flow, but they were powerless to resist.

The three of them wanted to call for help, but now they are in a state of “countercurrent of time”. Only their minds can function, and they cannot use the messenger at all. How to send a message?

Moreover, in the Kunpeng battlefield, the suppression of communication is very strong! Even if they were able to subpoena, not necessarily anyone would be able to receive their subpoena.

In a word... At the moment when Xu Ming used “Time Reverse Current” to hang, the lives of the three people have actually ended!

“Die!” Xu Ming's spear blasted directly at the three of them.

The three Heavenly Supremes in the state of “countercurrent of time” had no resistance at all, and could only allow Xu Ming's spear to harvest their lives.

puff! puff! puff! ...

With ease, the three high-ranking Heavenly Sovereigns have been killed by Xu Ming.

“It’s really easy to kill people with ‘Time Reverse Current’!” Xu Ming couldn’t help but secretly said.

You must know that, in terms of strength, each of the three Kunpeng clan experts is no weaker than Xu Ming. If you don’t open the “countercurrent of time”, but face it, Xu Ming may not be able to win one-on-one!

However, as soon as the “countercurrent of time” hung up, Xu Ming beheaded these three powerhouses, as simple as chopping melons and vegetables!

It’s outrageous!

Xu Ming quickly put away the treasures left by the three.

The three of them are all high-ranking heavenly supreme beings, so in their treasures, there are a lot of “cosmic origin, true” and “cosmic origin, virtual”. Xu Ming opened the “countercurrent of time” hanging, although it took 24 points to hang, but after this wave of treasures was harvested, Xu Ming not only did not lose the hanging point, but also made a big profit!

“Not bad!” Xu Ming nodded in satisfaction, “Let’s not say anything else! Killing more strong men from the Kunpeng clan, even if I make a profit, I can make a lot of money!”

Xu Ming packed up and continued to advance toward the depths of the Kunpeng battlefield.

...

What Xu Ming didn’t know was that because he killed three high-ranking Heavenly Supremes at the same time, it had already caused a huge shock in the Kunpeng family’s base camp.

In the base camp of the Kunpeng clan, there are treasures monitoring the life and death of all the strong men of the Kunpeng clan in the Kunpeng battlefield at any time.

At the same time, three high-ranking Heavenly Sovereigns fell, which naturally made the Kunpeng family have to shake!

“what!?”

“Jinghention Supreme, they all fell down!”

“The three of them fell almost at the same moment! It can be seen that the enemy they encountered was so powerful that they were crushed and killed without any resistance at all!”

“Even if they meet the top-ranked Heavenly Supreme, they won’t fall so fast, right? Could it be that... the three of them met the team formed by the top-ranked Heavenly Sovereign?”

Whether it is the alliance or the Kunpeng clan, there is a team composed of the top-ranked Heavenly Supreme! Such teams are the trump cards of both sides, and they are absolutely invincible in the Kunpeng battlefield; whoever encounters such a team can only consider themselves unlucky!

“Call Nei Ying to find out, it is the ace team of the alliance that killed the three people of Jinghention Supreme!”

Chapter 2124: Whose Strong Man Is So Fierce?

“Hurry up and ask Nei Ying to find out which ace team in the alliance killed the three of Jinghention Supreme!”

Whether it’s the alliance or the Kunpeng clan, there are people who should be placed in the opponent’s camp. In this way, once the enemy has any dangerous moves, they can be informed immediately – such as Xu Ming’s strength; no one in the alliance knows that Xu Ming is the “Top High Heaven Supreme”, but the Kunpeng clan has instead But they all know it.

Soon, the inquiries came to fruition.

The intelligence showed that none of the Alliance's ace teams were active near the area where Jinghention Supreme and the others died.

"No ace team?"

"impossible!"

"Jinghention Supreme and their strengths are not weak! If it hadn't met a certain ace team, it would be impossible not to get back a bit of information!"

"Jinghention Supreme, what did they encounter..."

For the powerhouses in the Kunpeng battlefield, death is not terrible! After all, the powerhouses who dared to enter the Kunpeng battlefield were already prepared to die.

However, three people as strong as Jinghention Supreme Venerable fell silently, causing a huge panic in the Kunpeng clan.

Those powerhouses in the area near Jinghention Supreme all evacuated and stayed away from this high-risk area.

Especially those who were in the middle of the sky, they were so frightened that they fled back to the base camp – the combination of the upper-level heavenly supreme was silently destroyed, how could they dare to stroll outside!

However...

In the days that followed, the Kunpeng family was horrified to discover that there were still strong men falling! Moreover, all those who fell were the Supreme Heavenly Sovereign; moreover, none of them were able to send back any messages!

"The Sovereign Sovereign has fallen!"

“Heavenly Sovereign, although he is a loner in the Kunpeng battlefield; however, he has repeatedly escaped from the men of the top-ranked Heavenly Sovereign! His life-saving ability is extremely strong! He has also fallen?”

“What’s even more terrifying is... he also failed to send back the message!”

“It must be the top-ranked Heavenly Sovereign shot! And there are more than one!”

...

Not long after.

“The Fourth Ancestor of the Ganges has just fallen!”

The Four Patriarchs of the Ganges are the four high-ranking Heavenly Sovereigns of the Kunpeng Clan. Even when the four of them joined forces, they were barely able to fight against the top-ranked Heavenly Supreme!

However, the four ancestors of the Ganges also fell! And also did not send any message back.

“Who is it!”

“How dare you slaughter my Kunpeng clan so unscrupulously! Do you really think that my Kunpeng clan has no strong people?”

“Too arrogant! It’s just courting death!”

...

The Kunpeng family finally couldn’t sit still, and directly dispatched the “Top High Heaven Supreme” to inspect the area.

However, it didn’t take long...

“The Mako Shark Heavenly Sovereign has fallen!”

This time, the Kunpeng clan only lost one Heavenly Sovereign; however, the shock caused was stronger than the previous three times! Because... the Supreme Being of the Shark Heaven is a “Top High Heavenly Supreme” of the Kunpeng Clan!

What does it mean to be at the top of the sky?

It means – when the Great Senior is not there, he is almost an invincible existence! Even if several “Top High Heavenly Supremes” join forces, it is difficult to kill a top High Heavenly Supreme!

But now, the Mako Shark Heavenly Sovereign has fallen!

Moreover, like those powerhouses who fell before, they failed to send back any information!

“This is absolutely impossible!” When the strong men of the Kunpeng clan heard the news, everyone’s reaction was – this is absolutely impossible!

“Even if there are ten top high-ranking Heavenly Supremes at the same time, even if they can kill the Shark Heavenly Supreme, it is absolutely impossible for him to not even spread the message! Unless... the Great Senior makes a move!”

“It is impossible for the Great Senior to take action! The Great Seniors of both parties have signed a causal contract and will never intervene in the Kunpeng battlefield; if they violate the contract, they will be attacked by causality, even the Great Senior can’t afford it!”

“But if it wasn’t for the Great Senior to take action, why wouldn’t the Shark Heavenly Sovereign not even be able to send out a message?”

Shocked and angry, the Kunpeng clan finally sent their trump card – a team of five “top-level Heavenly Supremes” to go to the dead area to find out!

However, the tragedy is... These five “Top Heavenly Supremes” have also gone and never returned, all of them have fallen, and no information has been sent back.

This time, it really frightened the entire Kunpeng clan!

The strong men of the Kunpeng clan scattered throughout the battlefield retreated to the base camp one after another, and they all dared not go out again – this Nima is too scary! Even the team formed by the top-ranked Heavenly Supremes died in a daze, and even the communication could not be sent back; other ordinary High-ranked Heavenly Supremes and Middle-ranked Heavenly Supremes, who would dare to stay outside and seek death?

...

When the Kunpeng clan encountered such a thing, it was naturally impossible for the alliance camp not to know about it.

“Oh? Jinghention Supreme’s team has been wiped out? Congratulations!”

“Oh? Heavenly Sovereign has also fallen – this little old man relied on his life to save his life, but he is very arrogant! He deserves it!”

“Huh? Has the Fourth Ancestor of the Ganges fallen?”

“What!? The Mako Shark Heavenly Sovereign... has also fallen?”

At the beginning the alliance camp also regarded the bad news of the Kunpeng clan as a joke. However, when they heard that the Majestic Shark Heaven had fallen, the leaders of the various forces in the alliance finally couldn’t sit still!

The fall of a “top high-ranking heavenly supreme”, even in the entire real universe, is a major event!

However, before the leaders of the various forces in the alliance camp gathered to discuss, there was a more important news – the Kunpeng family, the ace team composed of five “top high heaven supreme”, the whole army was wiped out, even the communication Couldn’t send it back.

This time, the leaders of the various forces in the alliance camp hurriedly gathered together, all of them looked at each other and looked bewildered: “What’s the situation!? Whose powerhouse is this, so fierce?”

However, there are only so many top-ranked Heavenly Supremes in the alliance camp. Every top-ranking Heavenly Sovereign said that he didn't know about it at all.

At this time, the entire alliance camp is really stunned – obviously killing the Kunpeng family, but they don't know who did it... This is the first time I have encountered this situation!

Only the pavilion master Lei Mie had some vague guesses in his heart, but he wasn't sure: "Could it be... Wolongtian Supreme did it?"

It just so happened that Supreme Venerable Feng Etian came back from the depths of the Kunpeng battlefield, but he did not see Supreme Supreme Wolongtian coming back together, so the pavilion master Lei Mie hurriedly called Supreme Venerable Feng Etian over and asked about the situation.

Chapter 2125: Half-Step Dazun?

"Feng'etian Supreme, why are you back, and... Wolongtian Supreme?"

Pavilion Master Lei Mie couldn't help but feel a little strange when he saw that Feng'etian Supreme came back with Xuanyingtian Supreme – didn't Feng'etian Supreme go out with Wolongtian Supreme? Why did he come back with Xuanyingtian Supreme now?

"Pavilion Master..." Supreme Feng Etian looked at Pavilion Master Lei Mie, and said with embarrassment, "Your plan of the miraculous army has failed!"

"Failed?" Pavilion Master Lei Mie couldn't help but stunned, "Could it be that Wolongtian Supreme's strength is not strong enough, in fact, it has not yet reached the level of 'top-level Heavenly Supreme'? – By the way, what about Wolongtian Supreme? He will not fall. Bar?"

"No!" Feng'e Tian Zhizun shook his head, "It's not that Wolong Tian Zhizun's strength is not strong enough! Although I have never seen Wolong Tian Zhizun make a move, his strength should be no problem! It's... the strong men of the Kunpeng clan, all of them. Know that Wolong Tianzun is the 'top-level Tianzun'!"

"What?" Pavilion Master Lei Mie couldn't help but stunned.

“We encountered several waves of enemies! Each wave of enemies rushed over at the beginning; however, when they saw Wolongtian Supreme, they all ran straight away!” Feng’etian continued, “Our alliance is here. By the way, take Wolongtian Supreme’s strength as a secret! However, in the Kunpeng clan, no one does not know his strength...”

“This...” Pavilion Master Lei Mie was also speechless.

“So, the Qibing plan failed, and I had to come back! However, Wolongtian Supreme did not come back, but continued to go deep into the Kunpeng battlefield!” Feng’etian said, “By the way, Pavilion Master, you are looking for me, it should be Is there something else?”

Supreme Feng Etian could see that Pavilion Master Lei Mie should have other things to look for him.

“It’s like this—” Pavilion Master Lei Mie nodded, “During this time, the powerhouses of the Kunpeng clan suffered heavy damage!”

“Huh?” Supreme Venerable Feng Etian was a little puzzled, “The Kunpeng family suffered heavy damage? That’s a good thing for us! – Pavilion Master, are you looking for me for this?”

“A good thing is of course a good thing!” Lei Mie Pavilion said, “But... the damage to the Kunpeng family is beyond your imagination!”

“Could it be that the team of the Supreme Heavenly Sovereign was destroyed?” Feng’e Heavenly Sovereign couldn’t help asking.

In the Kunpeng battlefield, once a party has a high-ranking Heavenly Supreme team completely wiped out, it can be regarded as a serious injury! After all, a high-ranking Heavenly Sovereign team usually has more than three high-ranking Heavenly Sovereigns!

“Not only!” Pavilion Master Lei Mie said lightly.

“More than that?” Supreme Feng Etian was even more surprised, “Could it be the two teams?”

“It’s far more than that!” Pavilion Master Lei Mie shook his head and said, “The Kunpeng family, there are many high-ranking Heavenly Supreme teams, and five top-ranking Heavenly Supremes have fallen! And what’s even more terrifying is... They don’t even know who the murderer is! ”

“What!?” Supreme Venerable Feng Etian turned pale in shock.

Many high-ranking Heavenly Supreme teams?

The five top-ranked Heavenly Supremes?

Even if they are as powerful as the Kunpeng clan, such a loss will make them hurt, right?

Even if the Kunpeng battlefield has existed for endless long years, the losses accumulated by the Kunpeng family are probably not much more than this loss!

Therefore, just as Lei Mie Pavilion said: The damage to the Kunpeng family is beyond your imagination!

Really beyond imagination.

But then, as smart as Feng Etian Supreme, he quickly realized a terrible thing – why did Pavilion Master Lei Mie come to her specially?

“Pavilion Master, do you mean that... the Kunpeng family suffered so much damage that it was actually the work of the ‘Wolongtian Supreme’?” Feng’e Tian Supreme couldn’t help but exclaimed.

“I’m just suspicious!” Pavilion Master Lei Mie said, “Quickly tell me, where did you and Wolongtian Supreme separated from each other?”

Feng’e Tian Zhizun quickly explained the route he traveled in the Kunpeng battlefield.

After hearing this, Pavilion Master Lei Mie couldn’t help but smile bitterly. Because he discovered that the places where the strong men of the Kunpeng clan fell were all on the extension of the route that Feng’e Tian Zhizun traveled before!

Now, Pavilion Master Lei Mie is almost certain that the mysterious powerhouse who killed the Kunpeng clan to the bone and the masters of the Kunpeng clan dare not go out is Wolongtian Supreme!

And Feng Etian Supreme, after hearing about “Xu Ming”‘s record, couldn’t help but muttered: “Too strong... Is this still the scope of the ‘Top High Heaven Supreme’?”

Supreme Feng Etian and Pavilion Master Lei Mie looked at each other, and the two couldn’t help but exclaimed in unison, “Half-step Great Venerable?”

...

Xu Ming knew that his mad slaughter would definitely cause shock to both the Kunpeng clan and the alliance. However, Xu Ming did not expect that others would mistakenly believe that he has the strength of “Half-step Great Respect”!

What is the Half-step Great Venerable?

That is, even in the face of the Great Senior, there is a way to save the existence of life!

and...

In the real universe, the number of “Half-step Great Seniors” is even rarer than “Great Seniors”!

In the eight realms of the true universe, there may not be a “Half-step Great Venerable” in one of them!

and...

The strength of the Half-step Great Senior is not as good as that of the Great Senior. However, the Great Senior will be suppressed by many rules of the universe’s operation; therefore, the Great Senior will have many places to ask for the Half-Step Great Senior!

Even, sometimes, the Great Senior would humbly ask the Banbu Great Senior for help—it can be seen how high the Banbu Great Senior’s position in the real universe is!

and...

Under normal circumstances, Half-step Dazun will not appear on the Kunpeng battlefield. Because... Da Zun is disdainful of coming to such a place!

Therefore, even though the Kunpeng clan suffered heavy damage, when they guessed that the mysterious powerhouse in the Kunpeng battlefield was likely to be the “Half-step Great Venerable”, they did not have the slightest idea of revenge, but immediately reported the situation to Kunyu University. respect.

And Kunyu Great Venerable, after hearing this situation, did not have the slightest idea of revenge, but immediately set off to the Kunpeng battlefield, wanting to make friends with the mysterious “Half-step Great Venerable”.

To make a “half-step great master” is really important to the great master!

A Great Senior, if you don’t have a good relationship with any “Half-Step Great Senior”, the situation is very dangerous! – And the reason why the Kunpeng clan has declined to what it is now has a great relationship with the fact that the Kunyu clan did not have the support of the “Half-step Great Venerable”!

As for the alliance side, after guessing that “Wolongtian Supreme” is likely to be “Half-step Dazun”, the reaction is not much different from that of the Kunpeng family – immediately reported this situation to the “Guhai Dazun” behind the alliance. “.

After hearing that there was a powerhouse suspected of being the “Half-step Great Senior”, Great Senior Gu Hai also reacted with Great Senior Kunyu – he immediately set off for the Kunpeng battlefield!

The Great Senior Gu Hai also urgently needs the support of a “Half-step Great Senior”!

Chapter 2126: Call

In the Kunpeng battlefield.

At this moment, Xu Mingzheng was flying fast, and he thought to himself: “Alas! Once you start to kill, you can’t stop at all... And the Kunpeng family is also true, I have killed so many strong people one after another, don’t they? Don’t you have any points in your heart? Not only did they not hide, they also took the initiative to run over to find death!”

It is precisely because the strong men of the Kunpeng clan took the initiative to run over to seek death, so Xu Ming was killing and he forgot to grasp the scale. Even the ace team composed of five top-ranking Heavenly Supremes was directly killed by him.

However, after this crazy killing, Xu Ming’s harvest was quite rich; even, it was comparable to those treasures obtained in the Three Realms Universe.

“If I kill so unscrupulously, will it attract the Great Senior?” Xu Ming couldn’t help thinking.

He didn’t know yet that Kunyu Dazun and Guhai Dazun were already on their way to find him.

“I often walk by the river, how can I not get wet shoes?” Xu Ming thought to himself, “I’ve killed enough in this wave, enough to make the Kunpeng family feel distressed! How about... I’ll take it as soon as I see it? ”

Moreover, Xu Ming had an agreement with the Pavilion Master Lei Mie before that as long as Xu Ming killed a high-ranking Heavenly Sovereign, the Pavilion Master Lei Mie would give him an opening stone. Now, Xu Ming has killed so many high-ranking Heavenly Sovereigns, and six of them are “Top High-ranking Heavenly Sovereigns”; Xu Ming is worried that if he continues to kill, Lei Mie Pavilion Master will not be able to pay the bills.

“Then go back to the alliance camp first!” Xu Ming made a decision, “Let’s get the Kaitian Stone first, and then, the identity of ‘Wolongtian Supreme’ should mysteriously disappear forever!”

Run after pretending to be compulsive, it’s so ***** exciting!

“Um?”

But at this moment, Xu Ming suddenly frowned and looked in one direction with doubts.

“This is...?”

In this direction, Xu Ming faintly felt a sense of summoning. It seems that something mysterious is beckoning him to go.

“what happened?”

Xu Ming couldn't help but wonder.

Before he entered the Kunpeng battlefield, he had never heard of such a sense of summoning.

However, Xu Ming is also a daring artist; plus he still has the final card of “infinite resurrection”, so after a little hesitation, he still intends to go to find out.

“Go and see!”

call out-

Xu Ming flew in the direction of the summoning sense.

Along the way, Xu Ming did not encounter a single enemy.

“It seems that the Kunpeng family is finally afraid of being killed by me!” Xu Ming secretly laughed.

As Xu Ming continued to move forward, the sense of summoning he felt became stronger and stronger!

“This is...”

Xu Ming suddenly realized that this direction is not the direction of the entrance to the inheritance place left by the Great Venerable Kunpeng!

“It’s the inheritance place of Kunpeng Great Venerable, and he is calling me!” Xu Ming was stunned.

Under the rapid progress, Xu Ming came to the place of inheritance in a short time.

This is an endlessly majestic mountain.

However, the shape of the entire mountain looks like a ferocious beast that is about to fly. The entrance to the place of inheritance was right at the mouth of this alien beast—the sense of summoning that Xu Ming felt came from here.

“Walk-”

Without any hesitation, Xu Ming flew towards the entrance of the inheritance place.

The entrance to the land of inheritance is controlled by the Kunpeng clan; therefore, at the entrance at this time, there are nine high-ranking Heavenly Sovereigns of the Kunpeng clan guarding.

You must know that the natural formation of the Kunpeng battlefield contains a rule: once there are more than nine powerhouses gathered within a certain range, they will immediately oppress all powerhouses within this range!

Therefore, as soon as Xu Ming approached the entrance to the place of inheritance, Xu Ming and the nine powerhouses of the Kunpeng family immediately felt the suppression from the formation.

“Someone wants to forcibly break into the land of inheritance!” The nine powerhouses of the Kunpeng clan immediately realized.

Moreover, these nine powerhouses had already heard that in the Kunpeng battlefield, a mysterious powerhouse was wanton slaughtering the Kunpeng clan; therefore, they were worried that the mysterious powerhouse would slaughter all the way to the land of inheritance .

Now, as soon as they sensed danger, the nine strong men immediately called for help.

At the same time, they saw the identity of the intruder!

“Wolongtian Supreme!” The nine strong men reflexively sent the name of “Wolongtian Supreme” from the call for help.

However, they only uttered the word “Wolong”, and the words “countercurrent of time” had already enveloped them, and the following words could no longer be pronounced. However, the word “Wolong” has exposed Xu Ming’s identity.

Bang! Bang! Bang! ...

The nine powerhouses guarding the entrance to the Land of Inheritance were instantly killed by Xu Ming. At the same time, the Kunpeng family also received a message with the word “Wolong”.

call out-

Xu Ming did not pause at all, and directly entered the place of inheritance.

Boom!

The entrance to the land of inheritance, that is, the huge mouth of the ferocious beast, closed directly.

You must know that under normal circumstances, even if a strong person accepts inheritance in the inheritance land, the entrance will not be closed. And Xu Ming, as soon as he entered the place of inheritance, the entrance was closed with a bang.

...

Xu Ming didn’t know that, not long after he entered the land of inheritance, Kunyu Dazun rushed to the Kunpeng battlefield.

boom-

The incomparably majestic and terrifying spiritual thoughts of the Great Senior directly enveloped the entire Kunpeng battlefield.

“No!” The Great Senior Kunyu frowned slightly, “It’s a little late, that Wolong Heavenly Sovereign must have entered the place of inheritance! But it’s okay, when he comes out, I will ignore the past and invite him with courtesy, I believe this Wolong Tianzun should be willing to cooperate with me!”

For Kunyu Dazun it is very important to get the support of a “Half-step Dazun”!

Frankly speaking... Without the support of “Half-step Great Venerable”, Kunyu Great Venerable might even be in danger of falling!

Because of this, Kunyu Dazun knew that this “Wolongtian Supreme” slaughtered many members of their Kunpeng clan, but he was still willing to disregard his previous suspicions.

“Huh?” Suddenly, Great Senior Kunyu was taken aback, “Why is the entrance to the Land of Inheritance closed?”

Kunyu Da Zun has never seen it before, and the entrance to the inheritance land will be closed.

“Kunyu!!”

rumbling...

At this moment, a sound like a mountain and a tsunami resounded throughout the inheritance.

It was the Great Venerable Gu Hai who arrived!

“Kunyu, what are you doing on the Kunpeng battlefield? Are you going to violate the contract between us?” Great Senior Gu Hai shouted.

“Breaching the contract? Heh! I can’t bear the backlash of karma!” Kunyu Dazun sneered, “You should know what I’m here to do, right? – What are you here for, I’m here to do it! ”

“Humph!” Great Senior Gu Hai coldly snorted, “Then it’s up to you!”

“Yes! It’s up to you!”

Chapter 2127: 2Nd Time

“Is this the place of inheritance left by the Great Venerable Kunpeng?”

Xu Ming looked around curiously.

Inside the place of inheritance is a mysterious and profound passage.

Xu Ming could not see what was in the distance of the passage. I can only feel that the sense of summoning is coming from the end of the passage.

It can be said that Xu Ming and Kunpeng Dazun have a lot of fate.

Back in the “Jiuzhongtian”, when Xu Ming got the inheritance of the Boundary-Breaking Gun, he was already in contact with Kunpeng Great Venerable.

At that time, Xu Ming knew that the Great Venerable Kunpeng should be the most powerful one among the Great Venerables; it was not until he came to the real universe that he discovered that the Great Venerable Kunpeng was more powerful than he imagined—looking at the entire universe, five universes In the era, the only person who can be compared with the Great Venerable Kunpeng is the Great Venerable Eternal.

One can imagine how powerful Kunpeng is!

In Xu Ming’s words: I have long known that you are very good! But I really didn’t know you were so awesome!

There is no doubt that Kunpeng Dazun is the existence that is so awesome!

Now, Xu Ming finally came to the inheritance place where Kunpeng Grand Master stayed in the real universe.

“However... I don’t seem to have heard of any particularly powerful people coming out of this inheritance place! I only heard that after coming to this inheritance place to accept the inheritance, there will be a lot of benefits!” Xu Ming dark road.

only...

What Xu Ming didn’t know was that the Eternal Great Venerable had also entered this place of inheritance. Moreover, most of those great masters who were born in the third universe era have entered this inheritance place.

It’s just that Xu Ming didn’t know about it.

“It’s right ahead!”

Xu Ming was almost at the end of the passage.

At the same time, Xu Ming is completely alert; once he encounters any danger, he will immediately start the “reverse flow of time” hang at any cost – the “reverse flow of time” hang, even in the face of the power of the Great Venerable level, it can be effective Yes; but, when used, the price will be very, very high!

tread!

Xu Ming took the last step forward.

This is the end of the whole passage.

Immediately, Xu Ming felt that the stars were shifting in front of him. In front of his eyes, is no longer a narrow passage, but an incomparably vast world.

“You came?”

A voice of incomparable vicissitudes and incomparable stalwart sounded above Xu Ming.

Xu Ming looked up and saw that the person who was talking to him was an incomparably huge body. When he just walked out of the passage, the two peaks that he saw straight into the sky were the legs of this giant.

For some reason, Xu Ming felt a sense of intimacy when he saw this giant.

“Are you...?” Xu Ming asked subconsciously.

“I... is a remnant of Kunpeng Great Venerable!” The giant said slowly, “I am here just to wait for the arrival of ‘you’!”

“Waiting for my arrival?” Xu Ming couldn’t help but wonder.

“Here, it’s just an ordinary inheritance place if someone else comes in. The inheritance is just some skins, and it can’t be passed down to the essence at all! Of course, in other words, even if I put the essence in front of them, If you let them learn, they won’t be able to learn, but it will lead to disaster!” Kunpeng said with the residual thoughts, while his body rapidly became smaller; soon, it became about the same size as Xu Ming, “only ‘ You’, can learn the inheritance here! It’s just... I’ve waited for endless long years, and you’re only here for the second time!”

Second time coming?

Xu Ming was stunned for a moment – when did he come here? Obviously it’s the first time!

“Could it be... the inheritance I received in the ‘Jiuzhongtian’ was considered one time?” Xu Ming couldn’t help thinking, “If that’s the case, then it makes sense!”

rumbling...

rumbling...

At the same time, Xu Ming saw that the space-time membrane wall of the vast world seemed to be trying to twist,

“This is...?” Xu Ming couldn’t help asking, feeling the strangeness of the space-time membrane wall.

“Isolate it as much as possible from the outside world!” Kunpeng Dazun laughed, “Some of the things I’m going to tell you next will anger the will of the universe; so, try not to let ‘it’ see it!”

It naturally refers to the “will of the universe”!

“Uh...” Xu Ming was speechless.

To offend the will of the universe is, in popular terms: the wrath of heaven!

This old iron, we have just met for the first time, you are going to pull me and say something “angered by the sky”, is this really okay?

However, Xu Ming also knows how terrifying the will of the universe is!

Therefore, Xu Ming couldn’t help but ask: “By twisting the space-time membrane like this, can it really isolate the will of the universe?”

“It can’t be completely isolated!” Kunpeng shook his head indifferently and said, “This time and space, to put it bluntly, is a small universe created by me! Whether it is in the real universe or the virtual universe, all small universes are actually attached to reality. exist in the universe!”

The real universe is like soil and earth.

The small universe is like the flowers and trees on the earth.

Can flowers, plants and trees be completely separated from the earth and exist?

cannot!

Therefore, the small universe cannot be completely separated from the real universe! Everything in the small universe cannot be separated from the real universe!

but-

There are always people on earth who want to leave the earth and fly into the sky. And there are some strong people in the real universe who want to truly escape from the real universe! —For example, Kunpeng Da Zun, is one of them!

However, getting out of the real universe is a million times more difficult than flying into the sky!

In the universe, there is a layer of supreme shackles!

For example, in the virtual universe, when the strength reaches the peak of the three realms of shackles, that is, the level of “the peak of the supreme human being”, there is no way to improve it any further! Even if you have a “great master” level of cultivation, when you reach the virtual universe, you will be suppressed to the “peak of the supreme human being” – like the unlucky three world masters, only because they came to the virtual universe, so Xu Ming took a trick Spike. Like the fallen demon master who forcibly entered the virtual universe, his strength has also been suppressed to the “peak of human supremacy”, but only by means of many means, so he can build special places such as the sinking abyss and sinking battlefield in the virtual universe.

Another example is the real universe, which actually has an “upper limit” of strength. This upper limit is: Great Senior Peak!

Once anyone wants to break through this “upper limit”, it will anger the will of the universe. In the universe, there are layers of invisible rules, like shackles, restricting the activities of all creatures in the universe.

Whoever wants to break free from the shackles and break the shackles will be suppressed by the will of the universe, or directly erased from the long river of time.

...

Kunpeng Dazun said all of this slowly.

As Xu Ming listened, he couldn't help but feel a sense of depression, as if... the entire universe was a terrifying cage! And all of their powerhouses are pitiful reptiles kept in cages.

Chapter 2128: Cosmic Cleanup

“Looks like you’ve guessed something!”

When Kunpeng Dazun saw Xu Ming’s reaction, he couldn’t help but say.

“Actually, when you reach your current strength, you should know this! But... your strength is growing too fast, and you are not from a major power, so no one tells you this, but it is normal!”

Kunpeng Da Zun has long recognized that the true identity of the “Wolongtian Supreme” in front of him is Xu Ming. After all, even Xu Ming’s hidden and disguised world-breaking soldier “Feng Zhou Ding” was obtained from Kunpeng Dazun; how could Kunpeng Dazun not recognize Xu Ming?

Moreover, the artifact spirit of the Boundary Breaker Spear is actually related to the remnant of Kunpeng Great Senior. Through the spirit of the Boundary Breaker Gun, Kunpeng Dazun can also identify Xu Ming’s identity.

When Xu Ming heard this, he naturally understood that Kunpeng Da Zun had already recognized his identity; he stopped disguising, and directly removed Feng Zhou Ding’s disguise effect, revealing his true body.

boom! !

At this time, the distorted space-time membrane wall finally closed completely after a huge roar, and was almost completely isolated from the real universe; only some vague rules of the universe’s operation could penetrate into this small universe.

“Now we can talk about it!” Kunpeng Da Zun smiled and said, “Otherwise... I will challenge the will of the universe head on, don’t say that I am just a remnant, even if the deity is here, I can’t bear it!”

Speaking of which, Kunpeng Dazun seems to have remembered the price of provoking the will of the universe, and he can’t help but have some lingering fears.

And Xu Ming heard it: It seems that Kunpeng Dazun has really challenged the will of the universe!

“Xu Ming!” Kunpeng Dazun said again, “I called you here to pass on the real “Kunpeng Nine Changes” to you!”

The real “Kunpeng Nine Changes”?

Could it be that “Kunpeng Nine Changes” is still fake?

“However... the more heaven-defying exercises are, the more they are not allowed by the will of the universe!” Kunpeng Dazun said again, “So, before I teach you “Kunpeng Nine Changes”, there are some things I must tell you clearly After you listen to it, think carefully about whether you want to learn it or not!”

The Great Senior Kunpeng said with a serious expression: “Do you know about the ‘Universal Cleanup’?”

Cosmic Cleanup?

Xu Ming couldn’t help but look suspicious.

“Then you should know that there are different cosmic eras in the universe. Now, it is the ‘fifth cosmic era’!” said Kunpeng Dazun.

“I know this!” Xu Ming said, “As far as I know, before you were born, it was the ‘First Universe Era’; when you were born, the ‘Second Universe Era’ started! When you disappeared, It is the end of the second universe era and the beginning of the third universe era; when the Eternal Great Venerable is born, it will open the fourth universe era...”

“Haha!” Great Venerable Kunpeng couldn’t help laughing when he heard the words, “This is a bit exaggerated!”

“Um?”

“I was indeed born in the second universe era, and swept all the great masters of the entire universe! No one dares to compete with me! Even if all the great masters of the entire universe join forces, they are not my opponents! But... I’m just in The second universe era was born, but it was not me who started the second universe era! The same is true for the later Eternal Great Venerable, he was only born in the fourth universe era, not he started the fourth universe era!” Kunpeng Great Venerable said with a smile, “However, there are too many rumors and rumors in the real universe, and as a result, many people don’t know what the ‘cosmic age’ means! But one thing is right – I did end in the second universe age. When the time came, he left the real universe; the Eternal Great Venerable did indeed leave at the end of the fourth universe era.”

leave?

Xu Ming couldn’t help but asked curiously, “Master Kunpeng, did you break the shackles, break free from the cage, and get out of this universe?”

“You can say that! But you can’t say that...” Kunpeng Dazun said mysteriously, “In the entire universe, only I and the Eternal Dazun have taken this step; however, when we broke free from the cage, we found everything It’s all a scam!”

scam?

Xu Ming did not understand what this meant.

However, Kunpeng Dazun did not continue to speak, as if he was worried about something.

“Continue to talk about the ‘Cosmic Age’!” Kunpeng Dazun said, “The end of the real river of time is actually the end of a cosmic age! And at the end of a cosmic age, that is... the cleaning of the universe!”

“Once the cosmic cleanup comes, all the creatures in the entire universe will be swept away... After the cleanup, the universe will begin to re-evolve into the next cosmic era!” Kunpeng said, “During this cosmic cleanup, Only the Supreme Heavenly Venerate and the Great Venerable can avoid the past! Of course, if you want to avoid the past, there is a price to pay – the Supreme Heavenly Venerate, depending on the strength, will need different numbers of ‘Open Heaven Stones’; and the Great Venerable, the It is necessary to ‘reincarnation stone’! If there is no , then even the Supreme Heaven and the Great Venerable will perish in this cosmic sweep!”

Open Tianshi? Reincarnation stone?

Xu Ming finally knew the use of the Kaitian Stone!

But Xu Ming was more terrified: “What about someone whose cultivation is not as high as the Supreme Heavenly Sovereign?”

“All in this cosmic cleanup, return to the origin of the universe!” Kunpeng said coldly, “Including the median heavenly supreme! No matter where you hide, you can’t escape this cosmic cleanup!”

“Hey—” Xu Ming took a deep breath.

But at the same time, Xu Ming was also a little puzzled—because, Xu Ming clearly heard that some “Mean Heavenly Sovereigns” were from the Fourth Universe Era, or even earlier!

“Those are all lies!” Kunpeng Dazun laughed, “A big lie weaved together by all the Supreme Heavenly Venerates and the Great Venerables! All those ‘median Heavenly Supremes’ who claim to be from before the fourth universe era are actually The first group of powerhouses that emerged in the earliest days of the fifth universe era; and, when they were just beginning, they were enslaved by those high-ranking heavenly supreme and supreme beings!”

In a cosmic era, when life was just beginning to be conceived, the first batch of powerhouses to emerge, no matter how high their talent was, how could their strength be so strong? – They may not know at all that there are such powerful and terrifying existences in the universe as “High Heaven Supreme” and “Great Lord”! So, as soon as he emerged, he was enslaved without resistance!

After being enslaved, of course, he absolutely obeyed the arrangement! Those high-ranking Heavenly Supremes and Great Venerables asked them to say that they survived the last cosmos era, and they would naturally say so! Moreover, they will make up a bunch of “true” stories for their lies!

“So...” Kunpeng Dazun said again, “Do you understand what I mean when I tell you the ‘big cleaning of the universe’?”

Chapter 2129: You Are A Heretic!

“Do you understand why I’m telling you ‘Cosmic Cleanup’?”

“Is it because...”The Nine Changes of Kunpeng” is related to the ‘Great Cleanup of the Universe’?” Xu Ming asked uncertainly.

“That’s right!” Kunpeng Dazun nodded, “Not all ‘superior celestial beings’ and ‘big masters’ can escape the cosmic cleaning! In fact... the cosmic cleaning, in addition to restarting a new cosmic era, more The main thing is to clear the heresy in the universe! Once it is regarded as a heresy by the will of the universe, then even if there are ‘Open Heaven Stone’ and ‘Reincarnation Stone’, it is impossible to escape the cosmos cleanup!”

“And if you learn the real “Kunpeng Nine Changes”, then... it will definitely be regarded as a heresy by the will of the universe!”

Kunpeng Great Senior looked at Xu Ming and said lightly, “So... I only existed in the real universe during the ‘Second Universe Era’! Eternal Great Senior only existed during the ‘Fourth Universe Era’, Now, in the fifth universe era, it is impossible for you to see the Eternal Great Venerable in the real universe!”

“The situation, I have made it clear to you! So now, do you still want to learn?”

Kunpeng Da Zun smiled and waited for Xu Ming’s answer.

Xu Ming was silent for a while, and suddenly said: “I may have been regarded as a heresy by the will of the universe!”

“Huh?” Kunpeng Da Zun was slightly startled, and then sneered, “Impossible! Not everyone is qualified to be regarded as a heresy by the will of the universe!”

What remained in the place of inheritance was only a remnant of the Great Venerable Kunpeng; however, this remnant still retained the pride of the Great Venerable Kunpeng.

Being regarded as a heresy by the will of the universe is actually something to be proud of!

Just think, if you are just an ant, are you qualified to be regarded as a heresy by the will of the universe? No! I’m afraid the will of the universe doesn’t even bother to look at you!

Just like those Great Venerables of the real universe, they were not regarded as heretics by the will of the universe!

Therefore, as Kunpeng Dazun said: not everyone is qualified to be regarded as a heresy by the will of the universe!

Being able to be regarded as a heresy actually shows that the will of the universe attaches great importance to you, and even... it has already treated you as an existence of almost the same level!

Kunpeng Great Senior looked at Xu Ming and smiled: “Although your strength is not weak, you can even crush the ‘Top High Heaven Supreme’, but you must be relying on some external force!”

How vicious is Kunpeng’s vision? Even if it was just a trace of remnants, it could be seen that the “countercurrent of time” was not Xu Ming’s own strength, but relied on some external force.

“Of course, even if you don’t rely on external forces, your strength has reached the level of the Supreme Heavenly Sovereign! And your cultivation level is not at the realm of Heavenly Sovereign, but only ‘Earth Sovereign’!” Kunpeng said with great confidence. . After all, in front of him, Feng Zhou Ding couldn’t help Xu Ming hide his cultivation, “Earth Supreme’s cultivation base has the strength of ‘High Heaven Supreme’, so I have to say it defies the sky! But... I was the Earth Supreme’s cultivation base. At the time, the strength was not weaker than you are now!”

Kunpeng Dazun laughed.

“Huh?” When Xu Ming heard the words, he couldn’t help being shocked. He thought that even if he looked at the five “cosmic eras” and had the same cultivation level, no one could compare to him; after all, Xu Ming could have the strength he has today. , but many opportunities and means are combined to do it!

And the Great Venerable Kunpeng said with absolute certainty that when he was at the supreme cultivation level, he was no weaker than Xu Ming now! You must know that with the pride of a strong man like Kunpeng Dazun, he would never bother to tell lies!

“When I was in the Supreme Earth cultivation base, I once killed the ‘Top High Heaven Supreme’ with my bare hands!” Kunpeng Da Zun added another sentence.

unarmed?

Beheading the “Top High Heaven Supreme”?

That is to say... When the Great Venerable Kunpeng was at the Earth Supreme level, his strength had already reached the realm of “Half-step Great Venerable”!

“But even so, when I was in the Supreme Being, I was not qualified to be regarded as a heretic by the will of the universe! As for you...” Kunpeng Dazun showed a preaching attitude, “Xu Ming, your strength is indeed not weak, but you want to be considered a heretic. The will of the universe is regarded as a heresy, and it’s still a long way off! Besides... If you are really regarded as a heresy by the will of the universe, how can you escape the pursuit of the will of the universe with your current strength?”

“This...” Xu Ming couldn’t refute for a while.

“So, think about it again, do you want to learn the real “Kunpeng Nine Changes”!” Kunpeng Dazun laughed, “Once you learn it, you will really be regarded as a heresy by the will of the universe!”

“Well...” Xu Ming thought for a while and said, “Kunpeng Dazun, then take a closer look at my divine body! See if I have been classified as a heretic by the will of the universe!”

Xu Ming was not worried that this powerful man who only existed in legends would be detrimental to a younger generation like him; therefore, Xu Ming directly let go of the divine body and the world of mind, and showed the “cosmos of the divine body” and the “cosmos of the mind” in the In front of Kunpeng Great Venerable.

Kunpeng Dazun originally had a bit of contempt, but when he saw Xu Ming’s “Divine Body Universe” and “Heart Universe” he was completely stunned.

“This...”

“This...”

“This...”

Kunpeng Dazun was speechless for a long time.

“how can that be?”

“With the divine body as the ‘real universe’, the mind opens up eight ‘virtual universes’... This is exactly the same as the structure of the entire real universe!”

“How could the will of the universe allow such a technique to exist?”

“How can the will of the universe allow you to practice such exercises!?”

“Even if you hide in a small universe of a great master, it is impossible to practice such a technique!”

Although he shouted that it was impossible, the shock in Kunpeng’s eyes showed that he accepted this fact!

What Kunpeng Dazun didn’t know was that the reason why Xu Ming was able to practice the “I am the Universe” exercise was actually because he practiced “Breaking the World” in the earliest days of his practice. “Breaking the World” has a strong masking effect on the will of the universe; even the will of the universe can only perceive the entire universe. Some people have practiced the sky-defying exercises, but it is impossible to determine who has practiced it!

Of course, by the time of the “Great Cleanup of the Universe”, if Xu Ming fails to reach the strengths of Kunpeng Great Venerable and Eternal Great Venerable, he may not escape the fate of being cleaned up!

“Such exercises...” The Great Venerable Kunpeng sighed in admiration and quickly stabilized his mind, “You have indeed been regarded as a heresy by the will of the universe! However, if I am not wrong, the will of the universe should not really be discovered for the time being. You; however, when the cosmos is cleaned up, you will still be doomed! Originally, I wanted you to think carefully about whether to practice “Kunpeng Nine Changes” in the ‘fifth universe era’; now it seems that there is no need to Think about it, let’s practice directly!”

After speaking, Kunpeng Dazun couldn’t help but say: “You are a heretic!”

Chapter 2130: Kill The Universe

“You are a heretic!”

This is the emotion of Kunpeng Dazun.

“In terms of strength, you are neither as good as me nor as the Eternal Great Sovereign when you are at the same level of cultivation!” The Eternal Great Sovereign has also come to this place of inheritance. Therefore, Kunpeng Great Sovereign’s strength over Eternal Great Sovereign, is also relatively clear; however, the Eternal Great Senior did not learn the real Kunpeng Nine Transformations, it seems because he felt that his cultivation method was stronger than Kunpeng Great Senior. And from the words of other great powers in the real universe, I can also feel that it is indeed the Eternal Great Venerable who is stronger, “But... your future is broader than mine and that of the Eternal Great Venerable!”

What realm and what eyesight Kunpeng Great Venerable is! What he said was naturally very important!

And Kunpeng’s remarks also show that he is very optimistic about Xu Ming, and even thinks that Xu Ming can reach a higher level than him!

“What is your name?” asked Kunpeng the Great.

“I am for the universe!” Xu Ming said.

“I’m for the universe?” Kunpeng looked at the sky thoughtfully, as if looking through the membrane wall of the small universe, looking at the will of the universe outside, “Okay! Good! And... your cultivation method, and My Kunpeng Nine Transformations are not in conflict! Even, these two exercises have something to think about! If you learn the Kunpeng Nine Transformations, you can also make your me more perfect for the universe!”

“Oh?” Xu Ming listened curiously.

“Then I’ll briefly talk about how I created my exercise method!” Kunpeng Dazun said, “In the era of the first universe, the real universe once had an overlord-level super beast! Kun is so big, Almost one-tenth the size of the Thunder Extermination Domain!”

An alien beast?

One-tenth the size of the Thunder Destruction Domain! ?

Xu Ming couldn't help being horrified to know that the real universe has only eight territories! A strange beast whose size has reached one-tenth the size of the Thunder Destruction Domain. What is this concept?

Even in Xu Ming's current state, it feels a little unimaginable!

It's huge!

How could there be such a huge creature in the universe?

"The first universe era is the earliest stage of the universe! At that time, the rules of the universe were not fully perfected, so such a heaven-defying beast evolved!" Kunpeng continued, "Even if it was the first universe era The few great masters in my life, when they encounter that Kun, have to retreat! There is no way... That Kun is too huge! It is completely a moving universe! And it can no longer be said to be a small universe, but a big universe!"

Indeed, the size of "Kun" is much larger than the small universe opened up by the Great Seniors!

Indeed, it can no longer be said to be a "small universe"!

"However... that Kun, at the end of the First Universe Era, fell under the Great Sweeping of the Universe!" Kunpeng Da Zun sighed, "However, that Kun is too huge, it is being cleaned up. At that time, it even devoured the entire universe, causing the entire universe to fall into weakness! Therefore, the second universe era is also the most vulnerable era of the universe's will. If it were not for this, I am afraid that I would not be able to create the nine transformations of Kunpeng, which has long been affected by the will of the universe. Forcibly suppressed!"

Xu Ming had never heard of these ancient events. Even in the inheritance of the Great Venerable of the Three Realms, there is no detailed record.

And when Kunpeng Dazun talked about these “cosmic epics”, he was also quite sighed with emotion.

“And those giant kuns that have existed to this day are actually the descendants of the alien beast in the first universe era. When the universe was cleaned up, it forcibly resisted the will of the universe and passed on its bloodline! However, the will of the universe has no effect on the giant kun. Their repression is too strong, so that this group cannot give birth to a real powerhouse, and it is almost extinct in the entire universe! That is, in my Kun-feeding map, there are still many giant Kun. It thrives!”

Xu Ming nodded silently.

The Kun-feeding map was acquired by him.

However, the giant kun in the Kun-feeding map can be said to have no value to Xu Ming, at most it is a tank of “ornamental fish”.

“As for me, it was only after I saw the records of the first cosmos era that I suddenly got inspiration and created the Nine Transformations of Kunpeng!” The Great Venerable Kunpeng said, “At that time, I was only the supreme cultivation base. I was thinking, if my divine body could grow to be as huge as that Kun, what would it be like? Is it possible to confront the will of the universe, or even kill the will of the universe?”

“His” Xu Ming heard the words and couldn’t help taking a deep breath.

The courage of this Kunpeng Great Venerable is too great... When he was still in the cultivation base of the Supreme Earth, he was already thinking about whether he could kill the will of the universe!

Xu Ming compared himself again! The same is the supreme cultivation level of the earth, but when facing the will of the universe, there is a feeling of hiding and lingering like a mouse crossing the street, for fear of being killed by the will of the universe.

Kunpeng Dazun seemed to have seen Xu Ming’s thoughts, smiled and comforted: “You don’t understand the situation of the second cosmic era! In that cosmic era, the meaning of the universe was severely injured and was extremely weak; many Dazun had The idea of killing the will of the universe and replacing it! Of course, none of those great masters were able to kill the will of the universe, but they were all killed by the will of the universe during the sweep!”

“And you are now in the fifth universe era, the will of the universe is too strong! It is even stronger than the first universe era! Naturally, no one would dare to have the unruly idea of killing the will of the universe!”

When Xu Ming heard the words, he realized that it was not that his pattern was much worse than that of Kunpeng, but that the “big environment” was different!

“But...” Kunpeng Dazun said again, “I know that it is impossible for the divine body to grow to be as huge as Kun! Even if it is only one-tenth or one-hundredth of the size, it is impossible! Universe! Will will never allow it! I am afraid that before I grow up, I have been forcibly obliterated by the will of the universe!”

Xu Ming nodded.

Along the way, of course, he can feel the overbearing power of the “will of the universe”.

If Xu Ming was not careful enough, he would have been wiped out by the will of the universe.

“So... I decided to do the opposite!”

“Do the opposite?”

“Yes!” There was substantial light in the eyes of Kunpeng Great Senior, “Isn’t the will of the universe suppressing the size of the divine body and preventing the divine body from growing very large? That’s good, then I will not let the divine body change. Although my divine body is not small, in the entire universe, there are more powerful people with divine bodies than me! And what I am really doing is... breaking the microscopic limit!”
