

A World 2181

Chapter 2181: This Is Where?

“Do you want to move on?”

With Xu Ming’s current strength, and looking at the entire universe, there are probably not many places that can’t go! But...for some unknown reason, Xu Ming always felt a touch of fear at the bottomless abyss in front of him.

This kind of fearful feeling, even when Xu Ming faced the Dao Temple’s Zihe Great Venerable, had never experienced it before.

“Little hanging.” Xu Ming shouted in his heart, “The ‘infinite resurrection’ hanging, no matter what kind of situation I encounter, can I be resurrected?”

“Yes!” Xiaohang’s voice was still full of mechanical feeling.

With Xiaohang’s words, Xu Ming suddenly gained a lot of confidence. The eyes looking into the abyss are no longer so frightening.

“Xu Yin!” Xu Ming shouted, “Just wait for me here first!”

“Okay!” Of course Xu Yin also knew what Xu Ming was going to do; he also understood that if he was alone, he couldn’t leave the source realm now – she thought about it with her toes, and knew that outside the source realm, disordered Outside the temple, how many great powers are waiting for her to go out!

If she goes out now, I am afraid she is courting death!

“You...be careful!” Xu Yin couldn’t help saying.

“Don’t worry!” Xu Ming said, “If there are no accidents, I should be back soon!”

With that said, Xu Ming looked at the endless abyss: “The Temple of Discord... I want to see how many mysteries you are hiding!”

From what Xu Ming has seen along the way, he can infer that the Temple of Disorder is probably even more terrifying than the Great Venerable Kunpeng and Great Venerable Eternal! And now, the secret of the Temple of Disorder is likely to be hidden under this endless abyss.

“I’m going down! You just wait there, don’t run around!” Xu Ming urged again.

Seeing Xu Yin nodding, Xu Ming was relieved. Holding the boundary-breaking spear, he took a deep breath and jumped directly into the bottomless abyss.

call out-

In Xu Yin’s eyes, the moment Xu Ming jumped into the abyss, he turned into a streamer and disappeared in an instant.

However... in Xu Ming’s eyes, after jumping into the abyss, he saw that Xu Yin’s movements seemed to be frozen, and even blinking became extremely slow, hundreds of millions of times slower than normal.

“The flow of time!” Xu Ming reacted instantly – the flow of time in the abyss was so fast that he saw Xu Yin’s movements extremely slow.

Even as Xu Ming sank deeper and deeper into the abyss, he saw that Xu Yin’s movements had been completely frozen!

Yes!

The difference in the flow rate of time is too great. Compared to Xu Ming, the time on Xu Yin’s side can almost be described as “still”!

At this time, Xu Yin could no longer see Xu Ming!

“What exactly is this method!” Xu Ming was stunned. Xu Ming had never heard of such a terrifying flow of time!

You know, the stronger the power, the harder it is to be affected by the flow of time!

For example, the existence of the Great Senior wants to “accelerate time” or “decelerate time” for an ordinary world master, that is a very simple matter, and the time flow rate can be controlled to an extremely exaggerated multiple! However, it is difficult for a Great Senior to change the time flow rate on another Great Senior, and it is even more impossible to control the time flow rate to an exaggerated level.

But now – Xu Ming is a real “great master”! The flow of time around him has reached billions of times!

What a terrifying method this is! ?

What kind of terrifying existence is it that can display such a terrifying time acceleration?

The power of the Temple of Discord has far exceeded Xu Ming’s expectations!

call out-

Xu Ming kept falling in the bottomless abyss.

I don’t know how many billion times the flow rate of time has also made Xu Ming’s fall speed reach an extremely terrifying level.

at the same time...

The Eight Great Limits of the Virtual Universe.

You must know that Xu Ming is incarnated into billions and spreads all over the virtual universe! But at this moment... Xu Ming’s billions of incarnations are starting to collapse!

Incarnation is actually the countless wiping consciousnesses that are separated from Xu Ming's body. If the connection between the avatar and the body is severed, the avatar will naturally collapse.

You know... even if Xu Ming goes to the Three Realms Universe, or even if he "falls", he can only be resurrected by hanging with "infinite resurrection", and there is always a vague connection between him and his incarnation. But now, as soon as Xu Ming entered this mysterious abyss, the connection between him and the billions of incarnations was completely cut off!

call out-

There was no time for Xu Ming to think, he felt that he was accelerating in the abyss.

With his current speed and the flow of time on his body... Xu Ming felt that the distance he had traversed was probably longer than the entire real universe! However, Xu Ming still didn't know when his fall in the abyss would end.

Sudden-

It seems to be because the speed has accelerated to the extreme, breaking through the limit that the abyss space can bear; Xu Ming felt that the space around him was collapsing!

Immediately afterwards, Xu Ming fell into the boundless darkness.

Before falling into the boundless darkness, the only thing Xu Ming saw was an incomparably huge blue sphere.

Xu Ming felt that the distance between himself and this blue sphere was probably a thousand or ten thousand times farther than that across the entire real universe; however, in Xu Ming's eyes, this blue sphere was still as dazzling as the sun.

Immediately afterwards, the space around Xu Ming completely collapsed, and Xu Ming was completely plunged into darkness.

Space turns into nothingness at this moment.

Time is meaningless in this moment.

This is a meaningless time and space!

In this meaningless time and space, I don't know how long... Xu Ming suddenly woke up!

As if a mortal who had spent a thousand years in a deep sleep suddenly woke up!

What shocked Xu Ming even more was that he was actually in a great hall! And in this hall, besides Xu Ming, there are thousands of people! Moreover, people continue to appear in this hall out of thin air.

Xu Ming looked around.

He saw that more than half of the thousands of people in the hall were just like him, with their faces full of confusion; some of them were either determined or crazy.

Moreover, Xu Ming also discovered that there were a few people whose expressions were different from the others—they looked proud and seemed to look down on other people at all.

Such a picture made Xu Ming more and more confused.

Immediately, Xu Ming found out that everyone in the hall seemed to have the cultivation level of "Lower Heaven Supreme"! However... everyone is just like him, there seems to be an incomparably majestic power in the divine body!

Obviously, every powerhouse Xu Ming saw was not simple!

"Where exactly is this?" Xu Ming fell into deep doubt.

Chapter 2182: Level Of The Universe

"Where exactly is this?" Xu Ming fell into deep doubt.

At the same time, Xu Ming found out that he used “Feng Zhou Ding” to disguise himself as Jian Yi. I don’t know when it has expired, and he has changed back to his real face.

...

More than half of the thousands of powerhouses in the hall shared the same doubts as Xu Ming.

However, doubtful powerhouses like Xu Ming did not dare to ask the other half of the powerhouses casually. The people around are friends and foes.

At this time, a young man in white near Xu Ming approached Xu Ming and took the initiative to talk: “I’m ‘Diao Yi’. Your Excellency seems to be very friendly. I’ve never seen it before. I don’t know which territory it is from?”

“Oh?” Xu Ming glanced at the other party.

However, Xu Ming was also trying to find someone to figure out where this place was, and said, “I, Xu Ming, come from the Eternal Domain!”

Since the disguise of “Feng Zhou Ding” had expired, Xu Ming naturally stopped disguising and reported his true identity directly.

“Eternal Domain? Never heard of it!” said Diao Yi, a young man in white.

“Haven’t heard of it?” Xu Ming was stunned for a moment, then he reacted and asked, “Which territory are you from?”

“Heavenly Daoyu!” Diao Yi said.

Heaven Domain?

“The real universe, is there such a territory?” Xu Ming had also never heard of it.

“Hahahaha...” At this moment, a mocking laughter sounded in Xu Ming’s ears, “Don’t guess the two of you! You are not from the same universe at all, you can hear each other’s universe. Territory is weird!”

Not the same universe?

Xu Ming was stunned again. He turned his head and saw that this mocking laughter came from a short middle-aged man.

“I’ll be kind enough to mention you!” The middle-aged man laughed again, “You can tell from the looks of you, you must have come out of a universe that was not long in your life!”

A new universe?

Xu Ming became more and more confused.

The middle-aged man smiled even more: “Hahaha... Do you think that your universe is the only universe? The operating rules of your universe are the only operating rules?”

“There are other universes?” Although Xu Ming had already guessed it, he couldn’t help but blurt out the question.

“Joke!” The middle-aged man laughed loudly, “In the sea of cosmos, the number of universes cannot be counted at all! Each universe has different rules of operation! What is the universe you are in? It’s not even one part in a billion!”

“Hi—” Whether it was Xu Ming or Diao Yi, they all felt that their cognition had been overturned.

Like Xu Ming, he has always believed that the real universe and the eight great limits of the virtual universe are all! But now, I was suddenly told that the real universe plus the eight great limits of the virtual universe are not even one-billionth of the universe sea!

cosmic sea...

What a vast ocean is this?

Rao is unimaginable with Xu Ming's current state!

“Forget it! I'll be a good person to do it to the end. Let me tell you, in the sea of cosmos, the hierarchy of the universe!” The middle-aged man laughed again, “Remember! My name is ‘Mosang’! If you have any in the future What you have accomplished, then, I can be regarded as one of the guides on your cultivation path!”

Xu Ming and Diao Yi both listened.

Mo Sang is obviously a more high-profile and flamboyant character, otherwise he would not have talked so much with Xu Ming and the two: “In the sea of cosmos, the level of the universe can be divided into five levels! They are: primary level, reincarnation level, detachment level. , Eternal Grade, Holy Emperor Grade!”

“The nascent universe, that is, the universe that was born in less than one cosmic era! Most of these universes are not very stable, and they may be completely destroyed in less than one cosmic era! One cosmic age’, there is no ‘second cosmic age’!”

“Reincarnation-level universe... This should be the largest number of universes in the universe! More than 99% of the universes are reincarnation-level universes! – Reincarnation-level universes have successfully passed through the cosmic cycle once and passed through the universe. The unstable ‘First Universe Era’ has at least entered the ‘Second Universe Era’! But... the lifespan of the reincarnation-level universe is not very long, usually it will be completely destroyed within the ‘500 Universe Era’, very Few have a lifespan that exceeds ‘five hundred cosmic ages’!”

Of course, what Mosan said about “the lifespan is not very long” is for the “cosmos” level!

Even for the “Great Master” powerhouse, a cosmic era is an extremely long time; let alone “five hundred cosmic eras”! The universe where Xu Ming lives has only evolved into the “fifth universe era”!

“The detachment-level universe is already detached from reincarnation... In the detachment-level universe, there is no ‘universe sweep’! However, the detachment-level universe still has a lifespan, which will not exceed ‘10,000 cosmic eras’ at most. Lifespan!—Look!” Speaking of which, Mo Sang couldn't help lowering his voice, “Those who look crazy are usually the powerhouses of the transcendental universe! Moreover, their universes are likely to reach the end of their lifespans soon. It's gone!”

“Oh?” Xu Ming slowly digested.

“The Eternal Universe... This is amazing!” Mo San’s expression became serious involuntarily, “As far as I know, in the universe sea, in the billions of universes, there are a total of ‘eternal level’ There are only 3,000 seats! – Eternal-level universes will exist forever in the universe! Even after billions of universes, they are immortal and immortal!”

“Holy Emperor universe...” Mo Sang’s expression became more serious, and there was even a look of piety in his eyes, “I don’t know what the concept of Saint Emperor universe is! It is said that there is only one Saint Emperor universe! The Holy Emperor-level universe is... the Temple of Disorder!”

Temple of Chaos!

Hearing these four words, the faces of Xu Ming and Diao Yi flashed a sudden realization.

“It turns out that the Temple of Discord is an external force! No wonder...” Xu Ming thought to himself.

In the records of the true universe, the Temple of Chaos suddenly appeared in the true universe during the “First Universe Era”. This force was large enough to rule the entire universe, but after plundering a lot of heaven and earth treasures, it disappeared, leaving only the ruins at the bottom of Disorder City and the source world.

Now, Xu Ming knew that the Temple of Discord was not a force from the real universe at all, but an external force. And the road to the origin... is the powerhouse of the Temple of Disorder, leaving it to the powerhouses of the true universe, a road leading to the outside of the universe!

It’s just... After the five cosmic eras, it seems that only Xu Ming has reached the end of the road to the source world.

“And what we are now in is...” Mo Sang said solemnly, “In the Holy Emperor-level universe!”

Chapter 2183: Holy Messenger

“And what we are now in is... the Holy Emperor-level universe!”

Holy Emperor Universe! ?

Xu Ming looked around in horror.

The universe can be divided into five levels: the nascent universe, the reincarnation universe, the transcendence universe, the eternal universe, and the emperor-level universe!

According to the level of the universe, Xu Ming’s hometown universe is just a very ordinary “reincarnation-level universe”. Although it has passed the initial stage of the universe, even in the reincarnation-level universe, I am afraid that it is very weak.

“Is this the Holy Emperor universe?”

Xu Ming felt the time and space around him, but he couldn’t feel anything special. The time and space here does not seem to be much different from Xu Ming’s hometown universe.

“Xiaohang!” Xu Ming thought of something and called out to Xiaohang in his heart—he is now in the Holy Emperor-level universe, can Xiaohang follow him?

“I’m here!” Xiaohang’s voice sounded from the deepest part of Xu Ming’s heart.

Hearing Xiaohang’s voice, Xu Ming felt relieved.

Of course, at the same time, Xu Ming was more shocked – Xiaohang, what kind of existence created it, and why did it appear on him? Even if this is the emperor-level universe, Xiaohang can still follow him.

“But...” Xiaohang said again, “The rules of this universe are too strong! Here, I can hardly perform any function at all; once I act rashly, I will be suppressed by these tyrannical rules of the operation of the universe!”

The stronger the universe and the higher the level of the universe, then the rules of the universe itself will naturally be stronger!

Even in his home universe, Xiaohang has to beware of being targeted by the rules of universe operation. And here is the Holy Emperor-level universe. Compared with the hometown universe that only has the “Reincarnation” level, I don’t know how much stronger it is; Xiaohang has almost lost all functions here, which is normal.

“Then, if I fall here...” Xu Ming couldn’t help asking.

Whether the “Infinite Resurrection” link can take effect or not is very important to Xu Ming!

If it doesn’t take effect, then Xu Ming has to be careful everywhere in this holy emperor-level universe. After all, what kind of powerful existence exists in the Holy Emperor-level universe is simply beyond Xu Ming’s imagination; if you are not careful, you may end up here.

But... if the “Infinite Resurrection” link can take effect, then Xu Ming can be a little more high-profile; if he encounters a situation that requires a death-to-death situation, he can also fight with his life.

“The ‘Infinite Resurrection’ can’t take effect in this universe!” Xiaohang said solemnly, “But... if the host falls into this universe, I can resurrect the host in the original universe!”

“Oh?” Hearing Xiaohang’s words, Xu Ming felt relieved.

At the same time, Xu Ming was more and more shocked by the method of “Xiao Hang” – obviously, Xiao Hang has a special method that can bring Xu Ming back to his home universe!

“In any case, there should be no need to worry about life and death!” Xu Ming secretly said.

Xu Ming is not someone who is greedy for life and fears death.

However, death can be valuable, or it may be worthless – Xu Ming is in the real universe, there are still things to do, and he has not found Gu Hanmo and avenged Gu Hanmo; how can he easily die in this holy place What about in the royal universe?

Xu Ming, we must go back alive!

“Mo Sang!” Xu Ming and Diao Yi both looked at the middle-aged strong man, “Do you know so much, is it from the Transcendent-level universe, or... Eternal level?”

“Haha...” Mo Sang couldn’t help laughing, “It would be great if it was a detachment-level or eternal-level universe, and I don’t have anything to worry about! I...just like you, came out of the reincarnation-level universe!”

Reincarnation-level universe?

Xu Ming was slightly startled: “How is that possible? Then how do you know so much?”

“Haha...” Mo Sang continued to laugh, “What’s this? My hometown universe has gone through more than 300 reincarnations, and there were some strong people who came here and brought back information about the Holy Emperor-level universe. Information... Moreover, in my hometown universe, there are also great masters who will go out of the universe and go to the sea of cosmos! That’s why I know more than you!”

“Oh...” Xu Ming was stunned.

The same reincarnation-level universe can obviously be very different. For example, there is a big gap between Xu Ming’s home universe and Mo Sang’s home universe.

Xu Ming thought about it with his toes, and knew that in Mosang’s hometown universe, there are probably many more powerful people! After all, more than 300 reincarnations are more than 300 cosmic eras; so many cosmic eras, the accumulated powerhouses are naturally terrifying!

“But... I really envy you!” Mosang sighed again.

“Envy us?” Xu Ming wondered.

“Yes!” Mo Sang sighed, “My hometown, the universe, has entered the age of aging! It is getting harder and harder to give birth to a strong person, and... Maybe at some point, the entire universe will be completely destroyed!”

The universe is completely shattered, then, the creatures in the universe, whether it is the Supreme Being or the Supreme Being, will naturally fall along with them!

“Isn’t the reincarnation-level universe more than 500 ‘cosmic eras’ lifespans? Don’t you still have more than 100 cosmic eras?” Xu Ming couldn’t help but said.

In Xu Ming’s view, over a hundred cosmic eras, what a long period of time!

“If there are more than 100 cosmic eras, that’s fine!” Mo Sang shook his head, “Five hundred cosmic eras is the upper limit of the reincarnation-level universe; there are very few reincarnation-level universes that can exceed This upper limit! But in fact... most of the reincarnation-level universes completely collapsed and shattered in more than 300 universes!”

And Mosang’s home universe has more than 300 universe eras! In other words, I don’t know when, his home universe will be... gone!

“It’s okay!” Mo Sang’s eyes suddenly lit up, “Kung fu pays off! I have reached the end of the path to the source world, and I have come to the Holy Emperor-level universe! – As long as I can be taken in by the Holy Emperor-level universe, it will be my home universe. Completely shattered, I can live forever!”

“You—” Mo Sang glanced at Xu Ming and Diao Yi again, and said, “If you can stay in this Holy Emperor-level universe, it will be the best! But I advise you to go back!”

“Why is this?” Xu Ming couldn’t help but wonder Mo Sang said: “There are too many strong people who want to stay in the Holy Emperor-level universe! Even those detached-level universes and eternal-level universes The geniuses who came out want to stay here! Think about it, just relying on the background of your universe, how can you compete with those geniuses? – I really have no way out, my hometown universe may be completely destroyed at some time. Now, since I have the opportunity, I will naturally try my best to stay here, even if I die! However, your home universe still has a long lifespan; Under the guidance of some powerful seniors, you can come here, it can be seen that your talents are extraordinary, and there are other opportunities in the future, why bother to work hard here?”

What Mosan said was still very pertinent. Indeed, in situations like Xu Ming and Diao Yi, generally speaking, it is correct to choose to go back.

“Wait, the holy envoy will give you a chance to go back!” Mo Sang said again, “I advise you to go back directly when the time comes!”

As Mo Sang spoke, the number of powerhouses in the hall was increasing.

When the number of powerhouses reaches 10,000, there will be no new powerhouses in the hall. At the same time, an ethereal and stalwart figure also descended into the hall at this time.

“The Holy Messenger... is here!” Mo Sang looked at this ethereal and stalwart figure in awe.

Chapter 2184: Time Is Power!

“The Holy Messenger... has come!”

Xu Ming also looked at this ethereal stalwart figure.

This great existence did not deliberately restrain his aura; Xu Ming could clearly feel that this was a great respected person!

A great man!

However, it is stronger than any Great Venerable Xu Ming has ever seen!

Regardless of whether it is the top ten Great Venerable Chimie in the real universe, or the Great Venerable Zihe, who acts on behalf of the will of the universe, Xu Ming feels far less than this ethereal great existence in front of him.

Xu Ming had faced the Great Senior Zihe! In front of the Great Senior Zihe, Xu Ming felt that he was like a baby standing in front of a strong man.

However, in front of this ethereal existence, Xu Ming felt as if he was an ant standing in front of a giant dragon.

“Great Master... can you be so powerful?” Xu Ming looked at the holy envoy in surprise.

However, Xu Ming was not too surprised.

After all, with the cultivation base of the Supreme Being, Xu Ming can have the strength comparable to that of the Great Venerable; and the Great Venerable in front of him is the Holy Emperor-level envoy of the universe. His strength is much stronger than that of the Great Venerable in Xu Ming's hometown. What's so strange?

and...

The 10,000 Heavenly Sovereigns who are in the same hall as Xu Ming have all come here through the path of the source realm! And if you want to pass the path of the source world, you need to have the strength of a great master comparable to Xu Ming's hometown universe; that is to say, if these 10,000 heavenly supreme beings are placed in Xu Ming's hometown universe, they will all be "Great Master Warfare" force!

Immediately, Xu Ming completely put away the pride in his heart: "I'm afraid... my strength is nothing here! Maybe, in the Holy Emperor-level universe, any lower-ranked Heavenly Supreme will be no weaker than me!"

From the moment he saw the holy envoy, Xu Ming reacted instantly, and he no longer dared to use the pattern of his home universe to view the situation of the holy emperor-level universe.

His hometown universe is just a very weak reincarnation-level universe; in front of the Holy Emperor-level universe, I am afraid it is nothing at all!

At the same time, Xu Ming observed that there were quite a few geniuses in the hall, who had undergone subtle changes just like him—obviously, these geniuses were the same as Xu Ming, even though they were also in the Holy Emperor universe just now. There is a sense of awe, but there is still a trace of pride in my heart! However, after seeing the holy envoy, they all wisely put away their pride.

Xu Ming's guess was right!

In the hall, those geniuses who were as "ignorant" as Xu Ming also guessed correctly – their strength, in the Holy Emperor-level universe, really doesn't count at all!

“It seems... you have all reacted!” At this time, the envoy said, “This is good, it can save me a lot of saliva! – If it is a genius from the transcendent universe and the eternal universe, you should all know it. What is this place; however, there must be something else I don’t know, so I’ll just say it briefly!”

“First of all, congratulations to all of you for passing the test of the Path of the Source Realm! Especially... those weak geniuses of the reincarnation-level universe!” The saint said with a smile, with a hint of contempt in his smile, “All the geniuses of the reincarnation-level universe, all of you. In their respective home universes, they must all be invincible in the realm of Heavenly Sovereign, right? Even in some reincarnation-level universes that were just born, the Great Venerable of your universe is not necessarily much stronger than you, right?”

Xu Ming listened silently—he was from the reincarnation-level universe that the holy envoy said was not long after his birth.

“But... what I want to tell you is that the strength you are proud of in your respective home universes, when you get here, it doesn’t count at all!” The envoy continued, “As you can see, it is only in this great hall. All of the 10,000 geniuses in the Origin Realm have passed the Path of the Origin Realm! – As for the Heavenly Sovereign of our Holy Emperor universe, passing the Path of the Origin Realm is even easier! Their usual tests are much more difficult than the Path of the Origin Realm. It’s gone!”

“The Heavenly Sovereign of our Holy Emperor Universe can easily match the Great Sovereign of your Reincarnation-level Universe! The Great Sovereign of our Holy Sovereign Universe... is not the realm you can imagine!” The Holy Envoy said unceremoniously.

“However...” The sage changed the topic and said, “Since you can pass the test of the origin road and come here, then we will also give you the opportunity to become a member of our holy emperor universe. Of course, this opportunity is not without risk!”

“In this hall, there are 10,000 Heavenly Supreme Beings! In total, there are 1,000 places that can stay in the Holy Emperor Universe!” The Holy Envoy continued, “As for the screening process, it must be life or death! Those who do not want to participate in the screening, Yes, you can go back now; but once you enter the screening process, you can’t go back!”

While speaking, in the middle of the hall, a door of light appeared.

“If you want to go back, go in now!” The holy envoy said indifferently, “As long as you step into this door of light, you can return to your home universe, back to the time when you left your home

universe! A quarter of an hour later, the door of light will return to your hometown. Disappear, screening begins!”

As soon as the saint’s voice fell, there was some noise in the hall. Many geniuses from the reincarnation-level universe began to hesitate whether to turn back.

However, Xu Ming’s attention was on the words of the holy envoy: as long as you step into this gate of light, you will return to your home universe and the time when you left your home universe!

Back to the point in time when you left?

Xu Ming couldn’t help but ask: “I’m here No matter how long it has passed, when I return to my hometown universe, can I return to the point in time when I just left?”

“That’s right!” The envoy said lightly, “Our holy emperor universe naturally has great magical powers that can send you back to your original time!”

“Hi—” Xu Ming was really shocked!

Great power!

This is the real magic power!

No matter how long Xu Ming had been in the Sage Emperor universe, when he returned to his home universe, time seemed to have not passed at all! That is to say, from the moment Xu Ming left his home universe, the time of the entire home universe stopped!

Xu Ming couldn’t imagine what kind of supernatural power this was! However, Xu Ming already knew that he absolutely had to move forward in the Holy Emperor-level universe!

time!

The time that Xu Ming desperately needs, the time that is extremely precious but uncontrollable, in the Holy Emperor-level universe... there are many, many! Too many to use up at all!

“If I were here, I would raise my cultivation to the highest heavenly supreme, or even the great one, and then return to my hometown universe! At that time, it would be very easy to find Han Mo and avenge him!”

Yes!

will be very easy!

After all... time is power!

Chapter 2185: Do You Know What It Means?

Time is power!

And to Xu Ming, the precious time became inexhaustible in the Holy Emperor universe.

“I have to stay in the Holy Emperor-level universe, the longer I stay, the better!” Xu Ming secretly said in his heart, “At least, when I return to the real universe, I can have the strength to confront all the great masters head-on!”

Yes!

Confront all the great masters of the true universe head-on!

This idea seems very arrogant; however, Xu Ming knows that this is completely achievable in the Holy Emperor-level universe! – As long as you cultivate to the level of the “High Heaven Supreme” in the Holy Emperor-level universe, then after returning to your home universe, you will be able to confront all the Great Venerables head-on.

Moreover, even if he unfortunately falls here, Xiaohang also said that he can be resurrected in his home universe; moreover, the resurrection time is also when he just left his home universe!

In other words, Xu Ming’s stay in the Holy Emperor universe is a matter of great benefit and no harm!

That being the case, of course Xu Ming would stay here no matter what he said!

...

“If you want to turn back, hurry up and enter this door of light!”

The holy envoy said with a blank face – this kind of screening for genius, the holy envoy has to do it every other “cosmic era” time; for him, it has long been commonplace.

However, in the hall, many geniuses from the “Reincarnation-level universe” are very hesitant. In a short period of time, they have realized how important this choice is to them; if they choose to turn back, I am afraid they will never have the opportunity to come to the Holy Emperor-level universe in the future!

However, they also know that if they are forced to stay in the Holy Emperor-level universe, it will definitely be very dangerous for them. In terms of strength, they really don’t think that they can be stronger than those geniuses from the transcendent-level universe and the eternal-level universe. !

If you step back, you may have missed the greatest opportunity on the path of cultivation; if you move forward, you may well be dead!

This makes those geniuses from the ordinary “reincarnation-level universe”, how can they not be entangled?

Finally, a young genius stood up. He smiled freely and said: “I even passed the path of the source realm very difficult; when I was in the nine-star area, I almost fell! Let me compete with you, I really have no confidence, I am afraid there is no life or death. The end of the game; that’s all, I’ll turn back! After all... no matter how big the opportunity is, you have to live to enjoy it!”

“Haha! It’s very, very good! No matter how big the opportunity is, you have to live to enjoy it!” With the first one to stand up, another genius soon stood up and said, “Being able to come to the Holy Emperor-level universe, being able to I have seen that there are so many days outside the sky! Enough! Enough haha...”

“It’s a blessing to be able to know all of you in the hall, and to be able to admire the demeanor of the holy envoy! I’d better go back! Everyone, if you have the chance to see you in the Sea of

Cosmic Universe in the future, I hope that for the sake of getting to know each other today, I will be merciful at that time. what!”

One after another, the top Heavenly Sovereigns from various universes walked towards the door of light to go home one after another.

“Brother Xu Ming!” Diao Yi said to Xu Ming, “Let’s go back too!”

Xu Ming shook his head: “Go back! I want to stay here and see!”

“What!? You want to stay here?” Diao Yi shook his head, but didn’t say much. After all, the two are from different reincarnation-level universes, and they meet by chance, and it is almost impossible to have a chance to see each other in the future, “Since you have decided to stay here, I will not advise you any more! I wish you good luck. !”

“Thank you!” Xu Ming smiled.

Of course Xu Ming could see that Diao Yi was not optimistic about him; however, Xu Ming was quite confident in his own strength.

Xu Ming observed the hall and found that there are actually many Heavenly Supremes, and even the road to the source world is stumbled; in this way, even if it is placed in this hall, Xu Ming’s talent should be top-notch! Therefore, even in the next screening of the Holy Emperor-level universe, Xu Ming felt that he had a good chance!

He watched Diao Yi go away.

At this moment, Mo Sang looked at Xu Ming in surprise: “Why don’t you leave?”

Immediately, Mo Sang shook his head and sneered: “But it’s normal, no matter where you are, there will be no shortage of people with a gambler mentality like you!”

The meaning of Mo Sang’s words is naturally: Xu Ming has no strength, but he still wants to try his luck here!

However, what he said was considered kind. After all, he didn't know what Xu Ming's strength was, and he regarded Xu Ming as a very ordinary genius, so he would speak to remind him.

Xu Ming didn't care either—strength was never spoken out of his mouth!

Heavenly Supremes from all over the universe left one after another.

In a quarter of an hour, about 3,000 of the 10,000 geniuses in the hall left. That is to say, the remaining 7,000 geniuses have to compete for the “1,000 places” left in the Holy Emperor-level universe!

“Three thousand people left? It's almost the same as before!” The holy envoy smiled indifferently and said, “More than seven thousand people, one thousand of you can survive!”

There are a thousand people to live!

In other words, the other 6,000 people ended up dying!

“It's so normal!” Mo Sang sighed and said to Xu Ming, “Being able to stay in the Holy Emperor-level universe is equivalent to crossing the level of the universe! All of a sudden, you can become a member of the Holy Emperor-level universe! Naturally, this kind of leap is not just about talent! Talent, strength, and luck are all indispensable!”

Yes!

Luck also matters!

There are some geniuses who are not very talented and not very strong. If they are lucky enough, they may become one of the thousand who survive to the end.

Mo Sang looked at Xu Ming again: “I hope... your luck will be better!”

The meaning of Mo Sang's words was obviously not optimistic about Xu Ming's talent and strength.

Xu Ming still didn't care.

"That's right!" At this moment, Mo Sang said again, "Since we have the fate to meet here, and we have talked so much, let me remind you one more thing – have you seen the more than 7,000 people in the hall?"

"Yeah!" Xu Ming nodded slightly.

"I don't know how many powerful people exist among these people!" Mo Sang said in a low voice, "As far as I know, there is one person you must never approach, let alone provoke—even, would rather Go to provoke those geniuses from the eternal universe, and don't provoke him!"

"Oh?" Xu Ming couldn't help but wonder.

"It's him! Ba Potian Supreme!" Mo Sang vaguely hinted at Xu Ming with his eyes, and looked in one direction, "I have seen him in the sea of cosmos. This person's talent and strength are extremely terrifying! It is said that if there is a Two geniuses like Tyrannical Supremes can even cross the path of the source world together! – You know, what does it mean when the two heavenly Supremes join hands to cross the path of the source world? Even if they are geniuses of the Eternal Universe, I'm afraid few people can do it!"

Chapter 2186: I Want To Keep A Low Profile Too!

Overlord?

Do not provoke?

Hearing Mo Sang's words, Xu Ming was a little dumbfounded. He didn't know what to say – two geniuses like Tyrant Supreme Being able to join forces to cross the path of the source world?

Xu Ming just wanted to ask: Is this very powerful?

You must know that Xu Ming took Xu Yin, who was watching the whole movie, and still crossed the path of the source realm. Moreover, when he was roaming, Xu Ming had to devote a little bit of his mind to protect Xu Yin – Ba Potian Supreme? In Xu Ming's eyes, it's not enough to look at at all!

“Listen to what Mo Sang said, in this great hall, even if the strength of Ba Potian Supreme is not the strongest, it is still at the top level! Even more powerful than most geniuses from the Eternal Universe!”

Thinking of this, Xu Ming suddenly felt relieved.

Even in the Holy Emperor-level universe, Xu Ming’s strength is still the existence that crushes the audience.

Seeing that Xu Ming didn’t speak, Mo Sang thought that Xu Ming was shocked by the power of the Ba Potian Supreme, and he couldn’t help but smile: “It seems that you also know that the two Heavenly Supremes joined forces to cross the path of the source world, which means that What! Now, do you know that there are people outside the world, and there is a heaven outside the sky? – No matter what kind of genius you are in your home universe, you better keep a low profile when you get here!”

“Uh...” Xu Ming was even more speechless.

I want to keep a low profile too! But strength he doesn’t allow it!

However, Xu Ming did not argue.

At this time, the voice of the holy envoy sounded again: “Next, I will send all of you to a star! – Among you, there are high and low levels of cultivation. To be fair, all of you will be affected by the cultivation level. Suppressed to the ‘Lower Heavenly Supreme’! The last thousand people who live to the end can stay in the Holy Emperor-level universe and become a member here.”

Hearing these words of momentum, the eyes of those crazy geniuses clearly lit up—their home universe is almost coming to an end, and it is about to usher in complete destruction. Staying in the Holy Emperor-level universe is their only hope for survival.

Even Mo Sang, who was beside Xu Ming, had bright eyes with determination.

In fact, no matter who it is, who has come this far, there is no chance to turn back – either to become a member of the Holy Emperor-level universe, or to die; there is no third way.

“Oh, that’s right!” the sage said suddenly, “I forgot to remind you that geniuses from billions of universes are not only those in this hall! There are tens of thousands of them in the same hall! – you In addition to surviving, you must kill as many enemies as possible, so that you can get more points! In each hall, the 100 people with the highest points can not only stay in the Holy Emperor universe, but also join Our Temple of Disorder!”

Temple of Chaos!

The power to rule the emperor-level universe!

Its position in the sea of cosmos can be imagined!

In the Temple of Discord, any ordinary core disciple is probably more precious than a “reincarnation-level universe”! Walking in the sea of cosmos, even if it is the power of the eternal universe, you have to walk around!

Of course, it is not so easy to become the core disciple of the Temple of Discord! The top 100 points in each hall are at most the outer disciples of the Temple of Discord.

But even if it’s just a peripheral disciple, it’s enough to make the geniuses in the hall look forward to it!

“If there are no other problems, then enter the assessment place!” The holy envoy waved his hand at will.

Immediately, an irresistible force of time and space swept through every genius in the hall, sending them randomly to somewhere in the assessment site.

Because it is a random transmission, it is inevitable that some people have good luck and some people have bad luck. For example, as soon as you come up, you are sent to one of the most powerful geniuses, that is bad luck!

And Xu Ming...just bad luck!

Swish! Swish! Swish!

After the surrounding time and space shifted for a while, Xu Ming was already above the assessment stars. He saw that there were two people beside him – one of them, Xu Ming did not know; the other, Mo Sang had just solemnly introduced him to him, Ba Potian Supreme!

“Ba Potian Supreme!” The genius next to Xu Ming exclaimed, his face was ashen, and he ran away.

“Hahahahaha...” Ba Potian Supreme looked up to the sky and laughed loudly, “You two, it is an honor to be the first and second person that Ba Potian Supreme has killed since he came to the Holy Emperor-level universe! Haha! Ha ha...”

While speaking, a gray armor appeared on Ba Potian Supreme’s body. On top of the battle armor, there is a pure and extreme power – this battle armor, it is a defensive type of world-shattering magic weapon!

“The first one... it’s you!” Ba Potian Supreme’s gaze fell on Xu Ming, and he shot directly at Xu Ming – who made Xu Ming stand still and not run away!

Ba Potian Supreme decided to kill the stunned bombard in front of him with one punch, then chase and kill the one who was running away, and then swept the entire assessment star! He, Ba Potian Supreme, not only wants to join the Temple of Disorder, but also joins with the highest score!

“Die!!” Ba Potian Supreme looked at Xu Ming with awe-inspiring eyes, as if he was despising an ant; as if he could kill him, this was a great honor for Xu Ming!

Xu Ming didn’t really want to do it.

However, now that Ba Potian Supreme is the ultimate move, Xu Ming has no choice but to do it!

boom!

Xu Ming opened his hand and put the boundary-breaking gun in the universe in his heart, and it appeared in his hand in an instant.

“Dare to struggle!?” Ba Potian Supreme couldn’t help but smile, “I admire your courage!”

Xu Ming did not say a word and directly greeted Ba Potian Supreme – he wanted to see, this almost represented the supreme talent of the universe sea, and now he is the same as him. How strong is Tian Zhizun when he cultivates!

boom!

Relying on the world-breaking divine soldier-level battle armor covering his entire body, Ba Potian Supreme directly punched Xu Ming’s world-breaking spear. And Xu Ming’s boundary-breaking spear also smashed down mercilessly.

under collision –

“What!?” The confident Ba Potian Supreme saw in disbelief that he was actually blown away!

Yes!

He was blown away!

Although he was not injured because of the protection of the World-Breaking Divine Soldier-level battle armor; however, this collision has already shown that his strength is not as good as the opponent!

“What!?” Another genius who was flying away looked at Ba Potian Supreme who was blown away in disbelief. He thought that Ba Potian Supreme would instantly kill Xu Ming and then turn to him. ; Unexpectedly, Ba Potian Supreme was suppressed as soon as he came up!

“Run!” However, the genius did not stop to watch the battle, but fled at a faster speed – he knew that no matter which side wins the battle in the end, I am afraid that it will come to deal with him; How far, how far.

Chapter 2187: Who Killed It?

“impossible!”

Ba Potian Supreme stabilized his body and looked at Xu Ming with a dreadful face. Obviously, he still couldn't believe that he was shot by the opponent.

"I don't know which horn to come out of, how could a boy be my opponent? I must have been too careless just now!" Ba Potian Supreme made an excuse for himself, turned around and killed Xu Ming again. .

"I don't know whether to live or die!" Xu Ming sneered.

If Ba Potian Supreme recognizes the reality and runs away with all his heart, then, with his tortoise shell-like world-breaking soldier-level battle armor, Xu Ming would have a hard time keeping him; however, now Ba Potian Supreme turns around and fights back , that is properly courting death!

Since you want to court death, Brother Ming will fulfill you!

boom!

Xu Ming also killed the opponent again.

boom! boom! boom! ...

Rao is that the time and space on this assessment star is extremely stable, and for a while, the sky trembles.

When Xu Ming's attack fell on Ba Potian Supreme through the Divine Soldier-level battle armor, his power was already minimal; of course, although it was minimal, it still hurt a little bit.

However, Ba Potian Supreme's attack did no harm to Xu Ming.

Judgment!

Of course, Ba Potian Supreme also recognizes this reality – if he continues to fight, it is impossible for him to threaten Xu Ming; but Xu Ming can slowly grind him to death!

“Withdraw!” After seeing the situation clearly, Ba Potian Supreme couldn’t care less and ran away.

only...

In front of Brother Ming, did you come and run when you wanted?

boom-

At this time, Xu Ming also broke out.

The terrifying will pressure, mighty crushed towards Ba Potian Supreme, preventing him from escaping. The spear in Xu Ming’s hand launched an attack like a tidal wave.

If Ba Potian Supreme resisted with all his strength, he would be able to block a lot of attacks, allowing him to be injured slower. However, if you resist with all your strength, you can’t escape, and the ending is doomed to die, but it’s just a slower death!

And escaping like this... Ba Potian Supreme’s speed is not as fast as Xu Ming; the ending is still death!

Escape, is to die!

If you don’t escape, you will die!

This is the situation that Ba Potian Supreme is facing now.

“I’m too reckless, right?” Ba Potian Supreme wanted to cry without tears, “I just came to the Holy Emperor-level universe and made my first shot, and I actually kicked the iron plate...”

In the sea of cosmos, the talent of Ba Potian Supreme can be said to be extremely dazzling. If it weren’t for this, Mo Sang couldn’t have specially reminded Xu Ming before that he would rather offend the genius of the Eternal Cosmos than offend the Supreme Being.

Ba Potian Supreme thought that when he came to the Holy Emperor-level universe, he would sweep the invincible, and then he would be favored by the high-level officials of the Temple of Disorder, and he would go to the peak of his life from then on. But now, he has just come to the Holy Emperor-level universe, and he has already encountered a crisis of life and death!

“Brother! Stop! Brother!” Ba Potian Supreme shouted again and again.

“Stop?” Xu Ming couldn’t help laughing, “You shot me first! If you want to stop now, just stop?”

“It’s me who’s wrong!” Under the low eaves, people have to bow their heads; Ba Potian Supreme’s bowing posture can be said to be very standard, “As long as you let me go, I am willing to help you hunt for points! You and I join forces, even if When the geniuses of the eternal universe join forces, we are not afraid at all; when the time comes, we will be able to run wild on the entire assessment star!”

“Without you, I can still run wild here!” Xu Ming obviously didn’t intend to let Ba Potian Supreme.

Xu Ming had no interest in points. He didn’t intend to join the Temple of Discord at first, as long as he survived on the assessment stars, he would be able to become a member of the Holy Emperor-level universe.

However, the tree wants to be quiet but the wind does not stop. As soon as the assessment started, Ba Potian Supreme took the initiative to shoot Xu Ming, and the first shot was a killer move; how could Xu Ming endure this? – Definitely can’t stand it!

Since you have angered Brother Ming, you will have to pay the price!

“Die!” There was no emotion in Xu Ming’s eyes.

Of the more than 7,000 geniuses who participated in the assessment, only 1,000 survived. If Xu Ming let go of Ba Potian Supreme, then Ba Potian Supreme should have no suspense to become one of the thousand people who survived; but... You have already shot at Brother Ming, why did Brother Ming let you live to the end ?

Moreover, Xu Ming would not understand the truth of letting the tiger go back to the mountains to save future troubles!

Therefore, Xu Ming had no intention of letting go of Ba Potian Supreme.

“No—” Ba Potian Supreme was frightened, frightened and angry, “I can’t just die here...”

But, no use!

Facing Xu Ming, Ba Potian Supreme couldn’t beat him, and he couldn’t escape; there was no other way except death!

“No—” In the end, Ba Potian Sovereign died completely in an extremely unwilling roar.

And Xu Ming is even more fond of mentioning a set of “Breakthrough God Soldier” level battle armor!

“It’s really hard to kill if you have a World-Breaking Divine Armor!” Xu Ming couldn’t help but secretly said, “If I didn’t have a World-Breaking Gun in my hand, but I replaced it with other ordinary World-Breaking Divine Weapon-level weapons. I am afraid that it is impossible to penetrate the attack through the battle armor and penetrate into the body of the God of the Supreme Being, right?”

Having said that, Ba Potian Supreme is really wrong – with his strength, if he hadn’t met Xu Ming, he would have been able to walk sideways in this assessment! With his tyrannical strength and a world-shattering warrior-level armor, it is very likely that no one can break his defense!

It’s a pity that Ba Potian Supreme just met Brother Ming.

...

And just when Xu Ming killed Ba Potian Supreme, a list appeared in the sky where the stars were being assessed.

On this list, there are numerous names and points rankings.

The higher the score, the higher the name. And the fallen geniuses, whose names have turned gray, were thrown to the side of the list.

As soon as this floating list appeared, it immediately attracted countless gazes from the assessment stars. Every genius wants to see how many people are left in the assessment and what their ranking is.

“Hey—how long has it been since the assessment started! A thousand geniuses have already fallen! There are only 6,000 people left on the assessment stars!”

“The number one genius has already got ten points! Who is this, who started the assessment and slaughtered recklessly?”

“Where is Ba Potian Supreme? Let’s see where that madman Ba Potian Supreme is in! He is not a good person!”

“With the strength of Ba Potian Supreme, even if you haven’t got ten points, seven or eight points must be no problem, right? – The top five, there must be the name of Ba Potian Supreme, right?”

However, the geniuses on the assessment stars, after a careful look at the top five, did not find the name of Ba Potian Supreme.

Looking at the top ten again, there is still no Overlord.

I have been seeing the top 100, but I still haven’t seen the name “Ba Po”.

“What’s the situation? Ba Potian Supreme has changed? No more slaughtering frantically?”

At this moment, someone was on the side of the list and saw the gray name of Ba Potian Supreme—this pile was the name of the fallen.

“Ba Potian Supreme... dead?”

“Who killed it?”

Chapter 2188: Refined Battle Armor

Who killed Ba Potian Supreme?

This made many geniuses on the assessment stars both puzzled and horrified.

...

“I still want to wait until I have accumulated enough points, and then I will find Ba Potian Supreme to fight again! I lost to him in the last Cosmic Sea battle. I am really unwilling!” A genius from the eternal universe secretly regretted Dao; but at the same time, his eyes were burning with fighting spirit, “The genius who can kill Ba Potian Supreme must be extremely powerful! Such an opponent, I am so looking forward to it!”

...

A strange purple knife light passed by.

An evil genius, with a scarlet light looming in his eyes: “Oh? Ba Potian Supreme was actually beheaded? This holy emperor-level universe is getting more and more interesting... Hehehe! However, even if it is in the Holy Emperor universe, the one who can reach the top must be me!”

...

“It’s terrifying! This assessment is really crowded with strong people. I have to be more careful!” Mo Sang, who knew Xu Ming, was secretly afraid that before entering the assessment star, he had just reminded Xu Ming to be careful. Tian Zhizun; Unexpectedly, as soon as he came in, he found that Ba Po Tian Zhizun had been beheaded.

However, Mo Sang didn’t know that it was Xu Ming who killed Ba Potian Supreme!

“As long as Xu Ming is not very stupid, he will definitely be more careful after seeing the fall of Ba Potian Supreme!” Mosang secretly said, “However, Xu Ming’s hometown universe is too weak! A genius without background, think It’s too hard, too hard, to live to the end on the assessment stars!”

“Huh?” At this moment, Mo Sang was surprised to find that Xu Ming also got a few points on the floating list.

One point, it means that a genius has been beheaded.

“It seems that Xu Ming is not as weak as I thought!” Mo Sang thought again if he knew that Ba Potian Supreme was killed by Xu Ming, I really don’t know what his expression would be.

...

After Xu Ming beheaded Ba Potian Supreme...

On the assessment stars, powerful geniuses are looking for opponents to kill everywhere. The weak and weak geniuses hide in Tibet, for fear of being beheaded.

“Joining the Temple of Discord? I have no interest!” With Xu Ming’s strength, it was not difficult to join the Temple of Discord; however, Xu Ming really had no interest in joining the Temple of Discord. For him, the greatest significance of staying in the Holy Emperor-level universe is that he has an inexhaustible amount of time; joining the Temple of Disorder may actually hinder Xu Ming’s freedom.

“Find a place to hide and wait for the assessment to end! I just took this opportunity to refine the battle armor left by Ba Potian Supreme!”

Thinking about it, Xu Ming hid in a remote mountain range and completely restrained his breath. With Xu Ming’s strength, unless someone deliberately probes this mountain range, it is difficult to find his existence even if they pass by.

An assessment that was extremely difficult for other geniuses was so easy in Xu Ming’s view.

Then, Xu Ming also saw the changes on the floating list.

On the floating list, Xu Ming’s ranking continued to decline. After all, Xu Ming has only killed one genius and only has one point; his ranking on the list is naturally easily surpassed by other geniuses.

At the same time, on the floating list, more and more names turned gray and were moved aside.

The number of geniuses on the assessment stars is getting smaller and smaller! And it is becoming more and more difficult to eliminate a genius. After all, the more geniuses who survive to the back, the stronger their ability to save their lives. Naturally, they are not so easy to be killed.

Six thousand!

Five thousand!

Four thousand!

Three thousand!

In a short time, the number of geniuses on the assessment stars was reduced to just over a thousand. It is estimated that the examination will be over soon.

...

Mosan's figure, carefully flying close to the ground.

"Come on! There will be only a thousand people left soon. As long as I persist for a while, I will be able to become a member of the Holy Emperor-level universe!" Mo San keeps an eye on the changes in the floating list, "Xu Ming actually He has also survived until now? But... His points have always been only one point; it seems that he must have been lucky at the beginning, killed a weak genius, and then has been hiding until now!"

No wonder Mosan thinks so.

After all, in his opinion, if Xu Ming's strength is really strong, why is there always only one point and no change?

"This Xu Ming has some fate and friendship with me! If he can live to the end, he will owe me a lot of favor!" Mo Sang thought that if he hadn't "instructed" Xu Ming on many things, Xu Ming definitely won't be able to live now, "But... Xu Ming's hometown is so weak, but he can live to this

day. It shows that he has a great talent and great potential! Such a genius is worth making friends with!”

Mo Sang has traveled through the universe and has seen too many geniuses, so he naturally knows what kind of geniuses are worth making friends with.

But at this moment

boom! !

A powerful will enveloped Mosang without warning.

Mosang’s expression suddenly changed, and the intensity of this will was obviously far greater than his. With such a strong will, his strength must be terrifying.

Immediately, Mo Sang saw a figure appearing in front of him, and his face changed greatly: “Ghost Deer Heaven Supreme!”

Ghost Deer Heaven Supreme, the top 50 existence on the floating list!

In addition to the geniuses at the level of Ba Potian Supreme, there are geniuses at the second level of strength like Guilu Tian Supreme!

“Run!” Mo Sang didn’t dare to hesitate at all, turned his head and ran. His strength is not on the same level as Ghost Deer Heaven Supreme Being.

“Stay!” Guilutian Supreme pursued him.

Mo Sang wanted to cry: “It’s the last moment, if I persist for a while, I will be able to become a member of the Holy Emperor-level universe! At this time, I actually met the Supreme Ghost Deer...”

Looking at the rapidly approaching Ghost Deer Heaven Supreme, Mo Sang felt a chill in his heart. However, he did not give up: “I am not the opponent of Guilutian Supreme, but as long as I persevere until there are only a thousand people left, I can survive!”

Mosan just wants to save his life!

Guilu Tianzun naturally also saw Mo Sang's thoughts, and couldn't help sneering: "In front of me, you still want to save your life? Become my points!"

Although Guilutian Supreme has already ranked in the top 50, it should be no doubt to enter the Temple of Chaos. But, who would think too many points?

Moreover, the better the performance in the assessment, the more attention is paid to this principle after entering the Temple of Discord, how can Guilutian Supreme not understand?

boom! boom! boom! ...

The attacks of the Guilutian Supreme kept falling on Mo Sang; and Mo Sang could only support and run away. It is also fortunate that his life-saving ability is not weak, otherwise, I am afraid that he will be killed by Guilutian Supreme in a few seconds.

Coincidentally, Mo Sang fled in the direction that Xu Ming was in.

Chapter 2189: Enough Time

The battle on the assessment stars is drawing to a close.

Xu Ming is also paying attention to the changes in the floating list.

"Mo Sang is still alive? It seems that he should also pass the assessment smoothly!" Xu Ming secretly said.

Now, above the assessment stars, the only person Xu Ming knows is Mo Sang. Of course he was happy to see that Mo San could also live to the end.

"Um?"

Suddenly, Xu Ming frowned slightly—he saw that Mo Sang was escaping in his direction; behind Mo Sang, there was a pursuer.

This chaser, Xu Ming also knew, it was the Heavenly Sovereign who took the opportunity to run away when he was fighting against Ba Potian Sovereign when he had just arrived at the assessment star.

The situation is clear, Mosan is being hunted down.

Soon, Mo Sang also saw Xu Ming. Subconsciously, he shouted through voice transmission: “Xu Ming! Hurry up! Escape!”

Mo Sang obviously doesn’t know Xu Ming’s strength; in his opinion, Xu Ming’s hometown universe has no background, so Xu Ming’s strength must not be much stronger.

“Oh?” Xu Ming smiled slightly.

He and this Mosang were, to put it bluntly, a friendship that met by chance. The other party told him a lot of news about the Holy Emperor-level universe, and now that he was being hunted down, he didn’t think about bringing trouble to the east, but reminded himself to escape quickly, but he was a good person.

but...

“Escape?” Xu Ming smiled and said, “No need!”

“No need!?” Mo Sang was slightly startled, and continued, “Xu Ming, didn’t you see that even I was chased and killed by him so I couldn’t fight back! – Although he was chasing me, but, With your strength, I am afraid that he can kill you with a random attack!”

Guilutian Supreme was slightly behind Mo Sang, so he was a little later than Mo Sang when he discovered Xu Ming. When Mo Sang was trying to persuade Xu Ming, Guilutian Supreme finally saw Xu Ming.

“This is...!?” Guilutian Supreme’s expression suddenly seemed like he had seen a ghost.

The battle between Xu Ming and Ba Potian Supreme, although Guilu Tian Supreme did not see the final outcome; but at least, he witnessed it with his own eyes, Xu Ming suppressed Ba Potian Supreme. Moreover, not long after he left, Ba Potian Supreme fell, and Xu Ming's points increased by one point; therefore, if you think about it, you will know that Ba Potian Supreme definitely died at the hands of Xu Ming!

You must know that when Guilutian Supreme saw Bapotian Supreme, he would run away desperately; not to mention now that he saw Xu Ming who was stronger than Bapotian Supreme!

run!

Guilu Tianzun didn't even think about it, he just ran away.

At this time, Mo Sang was still trying to persuade Xu Ming to escape; suddenly, he discovered that the Ghost Deer Heavenly Supreme, who was chasing him behind him, turned around and ran away at a faster speed than chasing him.

“Uh...” Mosang was stunned, “What’s the situation!?”

Isn't it good to chase and kill? How do you say run away?

what's going on! ?

At this moment, Xu Ming's disdainful voice sounded: “Heh! Consider him acquainted!”

Only then did Mo Sang react: “Xu Ming, you...why is the Supreme Guilutian so afraid of you?”

“Because...” Xu Ming said lightly, “He knew that I killed a genius!”

Kill a genius?

Mo Sang became more and more suspicious: “Who did you kill?”

Xu Ming said indifferently: “Ba Potian Supreme!”

“Ba...what!?” Mo Sang widened his eyes in vain, “You...you...you killed Ba Potian Supreme!?”

After being shocked for a long time, Mo San still couldn’t believe it.

“How is that possible? And...” Mo Sang looked at Xu Ming, “If you really killed Ba Potian Supreme, why did your points remain untouched, and you still have only one point?”

“Because I’m not interested in points!” Xu Ming said of course.

“Not interested?” Mo San’s voice suddenly sharpened, “Don’t you want to join the Temple of Disorder?”

“Join the Temple of Discord?” Xu Ming asked suspiciously, “Is there any benefit?”

“I...” Mo Sang was speechless, “The Temple of Discord is the top force in the cosmos! Can I join the Temple of Discord, can there be many benefits? – Not to mention, there are inexhaustible resources in the Temple of Discord. As long as you join the Temple of Discord and become the Great Senior in the future, it is definitely a sure thing!”

Become a grand master?

Xu Ming was confident that even if he did not join the Temple of Discord, it would only be a matter of time before he became the Great Senior.

However, when he heard that there are inexhaustible resources in the Temple of Discord, Xu Ming was moved. He relied on “I Am for the Universe” and “Kunpeng Nine Changes” as the foundation to break through to the realm of the next heaven; if you want to continue to break through to the Median Heavenly Supreme Being and the Upper Heavenly Supreme Being, you must absorb a lot of energy, strengthen each of his “particle universes”, and strengthen his entire “divine universe”!

And a lot of energy means a lot of resources! Although it is only a breakthrough in the realm of “Heavenly Supreme”, but because Xu Ming’s cultivation path is too defiant to the sky, even the top great masters may not be able to get the resources needed – just like Xu Ming obtained the Three

Realms The treasure house of Da Zun and the Kunpeng clan, the treasures in it add up, and it is not enough for him to break through to the median heavenly supreme!

Before coming here, Xu Ming was also worrying about the problem of resources; now, after Mo Sang's reminder, Xu Ming's eyes suddenly lit up: "Yeah! How did you forget the inexhaustible resources of the Temple of Disorder? After joining the Temple of Discord, wouldn't I be able to break through to the Supreme Heavenly cultivation level soon?"

In fact, there is no bottleneck in the realm of Xu Ming from the lower heavenly supreme to the upper heavenly supreme; the only problem is that it requires a lot of resources! As long as the resource problem is solved, it will be really easy for Xu Ming to break through to the upper-level Heavenly Supreme.

Xu Ming's next bottleneck is the bottleneck between "High Heaven Supreme" and "Great Supreme"! It is also his biggest bottleneck!

"As long as I can break through to the upper-level Heavenly Sovereign cultivation base, after returning to my hometown universe, there are really few people who can make me jealous!" Xu Ming secretly said.

Seeing Xu Ming's expression, Mo Sang naturally knew that Xu Ming had understood. However, he pointed to the floating list above his head and said, "But, you are running out of time!"

On the floating list, there are only more than a thousand names left. If there are only a thousand geniuses left, then the assessment will naturally end; at that time, geniuses who do not rank in the top 100 in points are not eligible to join the Temple of Disorder.

"There is no time?" Xu Ming also discovered this problem.

But then, Xu Ming smiled meaningfully and said, "No! Time is enough!"

Xu Ming's strength is tyrannical, and the scope of investigation is naturally very wide. He saw that in the void in the distance, two figures were galloping towards them.

"Enough time?" Soon, Mo Sang also discovered these two figures.

Chapter 2190: It'S Too Far!

Soon, Mo Sang also discovered these two figures.

“they are...”

At the moment of seeing these two figures, Mo San couldn't calm down!

“Hengmutian Supreme! Demon Dragon Heaven Supreme!”

On the floating list, Hengmutian Supreme is ranking first with more than 500 points; Yaolongtian is slightly inferior, but also has more than 400 points.

There were only five or six thousand geniuses who died in the assessment site; that is to say, nearly one thousand of these five or six thousand people were killed by Hengmutian Supreme and Yaolongtian Supreme!

You can see the ferocity of the strength of these two!

And now, Hengmutian Supreme and Yaolongtian Supreme are coming together. It seems that the visitors are obviously not good. How can Mo Sang be calm?

“Escape!” Mo Sang said subconsciously, “Hengmutian Supreme and Yaolongtian Supreme are the top super geniuses; moreover, they have always wanted to challenge Ba Potian Supreme to prove their strength, but they have been There is no chance to challenge! Xu Ming, although you have defeated Ba Potian Supreme, but now, Hengmutian Supreme and Yaolongtian Supreme are coming together, you can never be their opponent!”

In Mo Sang's opinion, if Xu Ming really defeated Ba Potian Supreme, then in a one-on-one situation, he should not be afraid of either of Hengmutian Supreme and Yaolongtian Supreme.

But now, the two came together, obviously not giving Xu Ming a one-on-one chance.

“Escape?” Xu Ming smiled, “The points are in front of you, why do you want to escape?”

“You...” Mo Sang then remembered that the phrase “time is enough” that Xu Ming had just said. Before, Mo Sang didn’t understand what that sentence meant; now, he realized that Xu Ming’s strength is stronger than him, he must have discovered Hengmutian Supreme and Yaolongtian Supreme before him, and he will These two counted as their own points.

“Confidence! Arrogance!” Mo Sang didn’t even know whether Xu Ming was confident or arrogant!

“You should step back first!” Xu Ming laughed.

“Okay...” Mo Sang gave Xu Ming a deep look and had to back away; he knew very well that with his strength, if he got too close, the aftermath of the battle would be enough to obliterate him.

“I hope... Xu Ming is really confident, not arrogant!”

...

boom! boom!

The figures of Hengmutian Supreme and Yaolongtian Supreme are approaching rapidly.

“Oh? You didn’t run away when you saw us!?” Heng Mutian stopped in front of Xu Ming and looked at Xu Ming with interest, “It’s interesting!”

“Listen to Guilutian Supreme, is it you who killed Bapotian Supreme?” Yaolongtian Supreme looked at Xu Ming with a strong suspicion. No wonder he doubted, after all, Xu Ming’s current points are really too low, only one point.

Xu Ming looked at the two of them, and said to himself, “How could these two come to kill him? It turned out that the Supreme Lord of Guilu Tian reported the news!”

Xu Ming reckoned that Guilu Tian Zhizun had informed the two of Heng Mutian Zhizun shortly after they escaped; and the two of them were just not far from him, so they killed him so quickly.

“Since you’re here, then stay!” Xu Ming secretly said. He has already planned to join the Temple of Disorder. Of course, the points that come to the door cannot be missed; as long as he kills the two,

he will get the points on both of them, and Xu Ming will be able to win the top of the floating list at once.

At this time, Xu Ming looked at the two of them again, and said with a smile, “That’s right! I killed Ba Potian Supreme!”

“It’s really you!” Heng Mutian’s expression became a little grim, “Where is your hometown universe? I’ve never heard of you as the number one person in the sea of cosmos!”

The Demon Dragon Heavenly Supreme looked at Xu Ming with a wicked smile: “With your talent and strength, if you have appeared in the sea of cosmos, it is impossible to be anonymous! It seems that your home universe should be a very weak reincarnation-level universe. Right? Jie Jie Jie Jie, I didn’t expect that the weak universe could come out of a genius like you, it shows that your talent is indeed extraordinary! It’s a pity... you’re going to die here soon!”

Demon Dragon Heaven Supreme is obviously interested in slaughtering geniuses! He will be more excited when he kills the more defiant genius.

“Really?” Xu Ming couldn’t help laughing.

“The demon dragon and I have always wanted to fight Ba Po! However, Ba Po has been avoiding and not fighting!” Heng Mutian Supreme said again, “Since you can kill Ba Po, it means that your strength is definitely We are stronger than Ba Po; as long as we defeat you, it can also prove that our strength is stronger than Ba Po!”

Saying that, Hengmutian Supreme looked at Yaolongtian Supreme: “Yaolong, you go up, or I go up?”

Obviously, Hengmutian Supreme has no plan to fight two against one; moreover, according to their meaning, the strength of Hengmu and Yaolong should be between equals.

“Then let me come!” Yaolongtian licked his mouth, a little impatient, “I want to see how strong the genius who can defeat Ba Po is!”

boom!

While speaking, sharp claws appeared in the hands of the Demon Dragon Heaven Supreme. Above the sharp claws, there is the aura of a world-breaking soldier.

call out-

Claws rip open the void. The figure of the Demon Dragon Heaven Supreme flew directly towards Xu Ming.

“It’s so strong!” Mo Sang, who fled to the distance, just looked at it from a distance and felt terrified. “Faced with the pursuit of the Ghost Deer Heavenly Supreme, I can still struggle to escape! If I face the Demon Dragon Heavenly Supreme, I am afraid I will not even be able to do it at all. There is no chance to struggle, and you will be instantly killed with a random move!”

Assessing the geniuses on the stars, the cultivation bases are all suppressed at the level of “Lower Heaven Supreme”. Both are geniuses in the sea of cosmos, the same cultivation base, but the strength gap will still be exaggerated.

“How will Xu Ming respond?” Mo Sang couldn’t help but look at Xu Ming, “He can kill Ba Potian Supreme, one-on-one, he shouldn’t be afraid of Demon Dragon Heaven Supreme!”

“Hahahaha...” Facing the raid of the Demon Dragon Heavenly Supreme, Xu Ming couldn’t help laughing, “If you only have this amount of strength, you are far behind Ba Potian Supreme!”

Xu Ming held one, and he was already holding the Boundary Breaker Spear.

boom!

Facing the slaughtering Demon Dragon Heaven Supreme, Xu Ming shot down in anger.

boom-

Immediately, the Demon Dragon Heaven Supreme was like a sandbag, and was smashed and flew back at a faster speed than when it came.

Just one fight, the judgment will be made!

“What!?” Sovereign Hengmutian’s eyes widened. Obviously, Xu Ming’s strength far exceeded his imagination!

“Hey—” Mo Sang’s eyes were also round and round—the Demon Dragon Heaven Supreme, who he thought was unrivaled, was so vulnerable in Xu Ming’s hands.

“Death!” Xu Ming chased after the victory and killed the Demon Dragon Heaven Supreme.

“Hengmu! Join hands!” Yaolongtian Supreme shouted.

However, as soon as Yaolongtian Supreme finished shouting, he was forced there—he saw that Hengmutian Supreme not only did not come to join him, but left him and ran away by himself.

In just one face-to-face, the Demon Dragon Sky Supreme was crushed, and the Hengmutian Supreme ran away!
