Chapter 221: , Rob The Treasure House

( ) On the other end of the communication talisman, Ao Xiang's eyes were red.

“Someone dared to sneak into the Hidden Killing Sect and kidnapped my son!”

This is simply a provocation to his soaring, and it is a humiliation to the vigilance and defense of the entire Hidden Killing Sect – the enemy can easily sneak into the hidden killing sect, and even kidnap the young sect master; the vigilance and defense of the Hidden Killing sect is equivalent to Is it fake?

But now, Ao Xiang can't care about anger. Because the enemy said that every time he breathed, he would slap his son.

boom!

Ao Xiang didn't dare to hesitate, the whole person burst out, and swept towards the treasure house at full speed.

At the same time, Ao Xiang also sounded the alarm: “Enemy attack! Enemy attack! There is an enemy at the gate of the treasure house!”

“what!?”

The entire sect of Hidden Killing Sect was shocked.

“An enemy has sneaked into my hidden killing sect!?”

“What a shame! Hurry up, hurry up, you must not spare him lightly!”

Guo Haoyan, the “third stage elder” in fiery red robe, suddenly opened his eyes from the practice. His pupils were all fiery red, galloping with killing intent.

“Dare to provoke my Hidden Killing Sect? Die!”

Guo Haoyan’s figure flashed and turned into a flame phantom.

In another place in the Hidden Killing Sect, the black-clothed elder “Silent Night” also suddenly opened his eyes full of cold light reads();. But immediately, the cold eyes closed again: “Since Hao Yan has gone, then it doesn’t matter whether I go or not as an elder, just wait and see what happens...”

In the Hidden Killing Sect, the elders are also divided into three, six and nine grades; unlike in the Wilderness Sect, there is no obvious difference in the status of the elders.

In the early stage of condensing pills, he is a first-grade elder, in the middle stage of condensing pills, he is a second-grade elder, and in the later stage of condensing pills, he is a third-grade elder; the elders of each level have different authority. On the other hand, if the condensate pill is complete, it is a figure at the level of the deputy sect master; but even the deputy sect master, in the hidden killing sect, is absolutely loyal to the sect master Ao Xiang, and no one dares to disobey!

Ao Xiang sounded an “enemy attack” alarm, and immediately, 50% of the elders in the sect were dispatched upon hearing the wind!

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! ...

These dispatched elders either rushed to the Zongmen treasure house, or led the warriors of the leading level to block all the exits of the Zongmen.

As for the remaining five seniors, they will stand still and watch the changes, so as not to be swayed.

boom!

Ao Xiang was the first to reach the Zongmen treasure house.

When he arrived, Xu Ming just slapped his son Ao Tian in the face again.

Snapped!

At this time, Ao Tian had already been drawn beyond recognition.

“You...” Ao Xiang was furious, but when he saw the blade clinging to Ao Tian’s neck, he didn’t dare to act rashly.

“Yo, it’s not too slow!” Xu Ming smiled, “I only slapped five slaps, and you’re here!”

“You...” Ao Xiang resisted his anger, and then, he looked at Xu Ming’s face in disbelief, “You... you are Xu Ming!?”

As the Sect Master of the Hidden Killing Sect, Ao Xiang certainly knew Xu Ming, the first genius of the Wilderness Sect. After all, if you can’t even “know yourself and your enemy”, Ao Xiang can’t control the Hidden Killing Sect so well.

It was precisely because he saw Xu Ming that Ao Xiang was even more shocked and couldn’t believe it. Not long ago, he threatened Gu Kongshan to hand over Xu Ming. He didn’t expect that within a few days, Xu Ming actually ran to their hiding place by himself. Kill Zong came and kidnapped his son...

Ao Xiang stared blankly at Xu Ming holding a knife to his son. No matter how he looked at it, he felt that the scene was unreal.

“That’s right, I’m Xu Ming!” Even if he faced the half-step Spirit Realm Ao Xiang, Xu Ming was not afraid.

Xu Ming divides dealing with the Hidden Killing Sect into three steps.

Step 1: Evacuate the Hidden Killing Sect Treasure House!

Step 2: Turn the transferred resources into your own strength!

The third step: Overbearing crushes the hidden killing sect!

And now, Xu Ming is successfully carrying out the most important first step. As long as the first step is completed in place, then the next two steps will be a matter of course. At that time, the mere half-step spiritual realm, do you think Xu Ming will take it seriously?

“Xu Ming... You are so courageous, how dare you come to my hidden killing sect to die!” Ao Xiang gritted his teeth, his voice seemed to come from the Nine Nether Abyss.

Xu Ming chuckled: “I’m not too brave, and I don’t know myself. However, my knife is indeed quite sharp—isn’t it, Ao Tian?”

“Yes, yes, Master Xu!” Ao Tian’s face was swollen, and he couldn’t even speak.

Ao Xiang is angry and angry. In front of him, his son called a young man without even hair, “Master”, can he not be angry?

“Xu Ming!” Ao Xiang didn’t talk about those useless things, “Tell me, what do you want to do?”

“What do you want to do?” Xu Ming laughed, “Sect Master Ao, didn’t I hear that you were going to arrest me, and I was very scared? I couldn’t sit still, so after thinking about it, I had to strike first... Hey, Now it seems that the effect is not bad, Sect Master Ao, you still care about your trash son reads();!”

Waste son! ?

Ao Xiang hated the most when others said his son was a waste, which made him more angry than calling himself a waste.

But now, Ao Tian is being held by Xu Ming with a knife to his neck; no matter how angry Ao Xiang is, he can only hold it down for the time being.

“Conditions!” Ao Xiang didn’t talk nonsense, and said coldly.

In fact, Ao Xiang had already guessed what Xu Ming wanted to do.

Whoosh! Whoosh! Whoosh! Whoosh! ...

During the conversation between the two, more than a hundred figures quickly rushed to the door of the treasure house from all directions.

There are more than 100 people, all of them are Pill Condensing experts, more than the entire Savage Sect's Pill Condensing Experts!

However, when everyone saw the situation at this time, they didn't dare to act rashly – Ao Tian, the prince of their Hidden Killing Sect, was being held to the neck by a knife!

“metropolitan?”

“metropolitan?”

All the condensing pill masters looked at Sect Master Ao Xiang, waiting for his order.

As soon as Ao Xiang raised his hand, he signaled everyone to be quiet and not to act rashly.

“Conditions?” Xu Ming said quietly, “Let me think about it! Uh... Well, let me take a look at your treasure house first and see if there is anything I like!”

Ao Xiang showed a sure-footed look, and Xindao was really thinking of a treasure trove!

But this way, Ao Xiang is relieved – the idea of playing the treasure house? Even if you move the entire treasure trove as you like, so what? After saving my son, I will see how you can leave alive! At that time, won't all the treasures still return to our hidden killing sect?

“what!?”

The elders of the Hidden Killing Sect were all indignant.

Xu Ming not only sneaked into the hidden killing sect and kidnapped the young sect master; now, he is taking this as a threat, trying to rob the hidden killing sect treasure house! – This is simply slapping their entire Hidden Killing Sect in the face!

“Boy, you are playing with fire\*!”

“Dare to humiliate my Hidden Killing Sect like this, how many lives do you have enough for you to die?”

“Hurry up and let the Young Sect Master go, we can still give you a happy death!”

Xu Ming glanced at the hundreds of condensing pill masters around him with disdain, and sneered: “Ao Xiang, you’d better tell your subordinates not to be so noisy, and to retreat a little! Otherwise, I’m not sure if it will scare you. trembling...”

“Humph!” Ao Xiang snorted coldly, “Xu Ming, you are ruthless! Treasure trove, I can take you in! But if you dare to hurt my son, I will let you die!”

“As long as you cooperate well, I don’t need to hurt your useless son!” Xu Ming said disdainfully, “But if you play any tricks with me, then I will have to hold back!”

Xu Ming’s bare feet are not afraid of wearing shoes.

“Humph!”

Under the control of Ao Xiang, the gate of the treasure house of the Hidden Killing Sect slowly opened.

Xu Ming’s eyes lit up – the treasure house of the hidden killing sect, I’m finally here!

Chapter 222: , All Packaged

() “You are all waiting outside!” Ao Xiang said to the elders, and then stepped directly into the treasure house.

As for Xu Ming, holding Ao Tian with a knife, ignoring the angry gazes of the elders of the Hidden Killing Sect, he followed closely.

This is the second time Xu Ming has entered the treasury of one side's power; the last time, that was in Yunqi City, Xu Ming quietly swept the Lin family treasury to the peak of his life.

After a few months, standing in the treasure house again, Xu Ming felt that everything was so familiar!

In the air, there is a smell that belongs to the treasure house, Xu Ming can't help but enjoy – this is the smell of hanging points!

Xu Ming immediately observed the layout of the treasure house.

The treasure house of the Hidden Killing Sect is also stored in various categories, and they are all protected by separate formations.

“Tsk tsk tsk...” The piles of treasures made Xu Ming dazzled. “The Hidden Killer Sect is indeed a top-level yellow-level force. There are so many treasures in the treasury that I can't even see them!”

Xu Ming just glanced at it briefly and determined that the treasure here is probably worth at least ten million low-grade profound stones!

As for the specific amount, it will have to be emptied before we know.

“Xu Ming!” Ao Xiang said coldly, “Treasure House, I have brought you in! You can pick and choose what you want here! But, after picking and choosing, you have to let me go!”

“This is natural reads();!” Xu Ming said with a smile, “I am here only to make money, not to kill!”

“Humph!” Ao Xiang sneered uncomfortably, “I hope!”

However, in Ao Xiang's heart, he is more disdainful – dare to rob my hidden killing sect treasure house? Does this Xu Ming have a bad mind? As long as my son is rescued later, will he still have a way to survive?

Anyway, Xu Ming has been regarded as a dead person, and Ao Xiang also seemed very “generous”: “Tell me! What do you like about the things in this treasure house, just say it! – I just want my son to be safe!”

despite saying?

The corners of Xu Ming’s mouth twitched slightly: “Do you need to say anything?”

“Huh?” Ao Xiang was startled – what do you mean?

Xu Ming said again: “Do you need to say anything? – All, all, pack up for me, and I will take them all!”

What?

Ao Xiang simply doubted his ears.

all?

all?

All packed?

Take it all away?

Ao Xiang stared blankly at Xu Ming: “Boy, your appetite is too big!”

Xu Ming disagreed: “I’ve only come here once to the treasure house of your Hidden Killer Sect; I don’t know if I’ll have the opportunity to come again in the future! Since I’m here this time, of course I have to move more! Didn’t you say, just say what you like? I said, why don’t you pack it up for me?”

As he said that, Xu Ming's hand holding the knife trembled slightly, and exclaimed, "Aiya, my hand is sore..."

Ao Tian was so frightened that he was crying: "Father! Give it to him, give it to him first! Save me first, father!"

Xu Ming looked at Ao Tian contemptuously: "Trash, it really is trash! Just frightened him, and he was scared like this!"

Ao Xiang's voice was cold and cold: "You are all, right? – OK!"

After finishing speaking, Ao Xiang actually took out an empty storage ring and began to pack treasures into it.

"All?" Ao Xiang sneered in his heart, "Then I'll give it to you, what's the harm? – Anyway, I will kill you, and these things will still be returned to their original owners!"

Xu Ming could of course guess why Ao Xiang helped himself "pack everything" so readily.

He looked at Ao Xiang's busy figure, and thought maliciously: "When I took the treasure, it suddenly disappeared from the eyes of everyone, I really don't know what their expressions will be..."

Xu Ming had already planned to reveal the secret of "invisibility".

As the cultivation level increased, the various secret skills Xu Ming came into contact with became more and more miraculous. Although "stealth" is much more bizarre than other secret skills, even if it is exposed, it is estimated that it will be regarded as a special secret at most.

Soon, Ao Xiang was filled with a collection ring; however, even a classified treasure was not finished. There are too many treasures in the treasure house of Hidden Killing Sect, far from being able to be filled by a single collection ring. .

"Can't fit it?" Xu Ming exchanged a large amount of Na ring from the artifact store, there were dozens of them, and threw it away, "Here, let's go!"

“Humph!”

Ao Xiang took the acceptance ring and put it up diligently.

Xu Ming, on the other hand, held Ao Tian with a knife and watched Ao Xiang “pack” reads(); happily.

...

At this time, the elders of the hidden killing sect outside the gate of the treasure house were very puzzled.

They were ordered to stand outside the treasure house and wait, naturally they didn’t know what was going on inside the treasure house.

“Huh? It’s been in for so long, why haven’t you come out yet?”

“Could it be that Xu Ming hasn’t chosen a treasure until now?”

“It’s too slow, isn’t it? Why don’t you just choose a few treasures? It’s taking so long to choose... My big knife is already hungry and thirsty, so I’m just waiting for him to come out!”

“I see, it is estimated that there are too few treasures in the small sect of the Wilderness Sect. This kid has never seen anything in the world before, and now he is stunned when he enters the treasure house of my hidden killing sect; and then the ink marks After so long, I don’t know what to choose!”

“It makes sense, I guess that’s the case!”

“But then again, this kid named Xu Ming is really stupid! He dared to hijack the young sect master and use it as a threat to rob my hidden killing sect treasure house... Does he think that he can leave the hidden killing sect alive? ”

...

After the elders were discussing for a long time, Xu Ming took Ao Tian with a knife and walked out of the treasury.

There was still a look of satisfaction on Xu Ming's face.

“Heh! Just looking at this kid's face, you know that he must be in the treasure trove and has chosen some kind of satisfying baby!” A middle-aged elder with sparse hair sneered.

Ao Xiang followed Xu Ming not far behind and walked out.

“Sect Master!” The middle-aged elder with sparse hair couldn't help but curiously transmit his voice, “What kind of treasure did this ignorant boy choose? Why do I look at his face with a very satisfied expression?”

Ao Xiang's icy eyes immediately fell on the talkative elder: “Where did you get so much nonsense!?”

The talkative elder with sparse hair was so frightened that his face turned blue, and he didn't dare to talk nonsense again, so he stepped aside.

Ao Xiang has absolute power in the Hidden Killing Sect, and no one dares to challenge him!

It's just that the talkative elder couldn't help but wonder – what's wrong? What did I say wrong? Why is the sovereign so angry?

angry?

Of course Ao Xiang is going to be angry!

He has been in the treasure house for so long~[www.readwn.com](http://www.readwn.com)~ is not playing, but doing coolies and packing treasures!

He filled 30 Nativity Rings, and then he packed all the treasures in the treasury!

At this time, there was a foolish elder who came up to him cheerfully and asked, “What kind of treasure did this ignorant kid choose?”—Isn’t he looking for a curse?

Ao Xiang was not so angry that he pumped him on the spot, he already gave him a lot of face!

“I have done what you said!” Ao Xiang looked at Xu Ming coldly, “You should also let my son Ao Tian go?”

“Don’t worry! Don’t you have the treasure still in your hands? – I haven’t got the treasure yet, so how can I let it go?” Xu Ming smiled meaningfully, “I think so, let’s go outside the Hidden Killing Sect together first. , and then, hand in the treasure with one hand and hand in the person with the other!”

“Yes!” Ao Xiang agreed without hesitation.

He didn’t believe it, even if he was outside the hidden killing sect, what tricks could Xu Ming play? Is it flying with wings? Or will it just disappear out of nowhere?

Chapter 223: , Missing

() Since Ao Xiang sounded the warning of the whole sect, the entire hidden killing sect entered the martial law mode.

Xu Ming kidnapped Ao Tian all the way, passed through layers of vigilance, and finally came to the outside of the hidden killing sect.

Ao Xiang and the elders of the Hidden Killing Sect followed not far behind.

“Just here!” Ao Xiang said, “This is already out of the coverage area of the Protector’s Formation. You can safely hand over treasures and people with one hand, right?”

Ao Xiang had a sarcastic expression on his face, as if to say, even if there is a great formation to protect the sect, we have so many masters here, are we afraid that you will not be able to escape?

Xu Ming said indifferently: “Yes! It’s here!”

“How to trade?”

“When I let go of Ao Tian, you threw all the Na Jie over here!” Xu Ming said.

“Row!”

“Wait!” Xu Ming suddenly said.

“what happened again?”

“You use this rope first to string all the Na ring together reads();! I’m afraid that when you throw the Na ring over, you will deliberately send a goddess to scatter flowers!” After saying that, Xu Ming exchanged money from the artifact store. I took a very strong rope and threw it away.

The treasures in the Hidden Killing Sect’s treasury can contain a full thirty rings! If Ao Xiang deliberately threw away the Na ring when he was throwing it away, wouldn’t it be difficult for Xu Ming to put all the thirty Na ring in his pocket?

This will not work!

You must know that Xu Ming watched Ao Xiang “pack up” these thirty rings. One less, Xu Ming’s hard work just now is worth less!

Therefore, you must not drop a single one, and receive all according to the order!

In this way, it is worthwhile for Xu Ming to watch Ao Xiang’s “packaging” just so hard...

“Oh! You have a lot of tricks!” Ao Xiang sneered, but he still did what Xu Ming said.

Um?

Thirty rings?

A group of elders around Ao Xiang looked at it inexplicably – why are there thirty rings?

These elders all thought that Xu Ming was just going into the treasure house to pick one or two treasures, so they didn't understand for a long time why the sect master threw 30 gift rings to Xu Ming.

“Could it be that Xu Ming asked for thirty treasures? He even divided them into thirty rings to hold them?” The elders had such thoughts.

“Thirty treasures? – This Xu Ming's appetite is really big!”

“No matter how big your appetite is, you have to live to enjoy it! Does he really think that he can take these thirty treasures away alive?”

“Maybe, he just wanted to feel the richness of money before he died!”

“How sad!”

The elders didn't even think about it, and they didn't dare to think about it. The thirty rings contained not thirty treasures, but... the treasures of the entire Hidden Killing Sect's treasure house!

“Okay, the string is ready!” Ao Xiang tossed the ring together.

“Then let's start trading!” Xu Ming said, “While I push Ao Tian out, you throw the Na ring over here!”

“it is good!”

“But I'm going to tell you the ugly thing in the first place. When you throw it, don't play any tricks!” Xu Ming said again, “If I feel that I can't receive the ring, then I won't be too lazy to take it...”

As he said that, Xu Ming glanced at Ao Tian with malicious intent, the threat could not be understood any more – if I can't receive Najie, I will cut your son directly!

“Humph!” Ao Xiang snorted coldly, “Don't worry, it will make you feel comfortable!”

At this time, Ao Xiang was most worried.

He was worried that Xu Ming had been thinking about breaking the jar from the beginning to the end, and he never planned to let his son go. If this is the case, then the next second, I am afraid it will be his son's death!

It is precisely because of this concern that Ao Xiang meets Xu Ming's requirements everywhere, for fear that he will accidentally provoke Xu Ming to tear up the ticket – Xu Ming said that when the treasure house was emptied, he put the entire treasure house into the ring; Xu Ming said When it came to the hidden killing sect, he immediately cooperated with Xu Ming and walked out of the range of the protecting sect.

“Three! Two! One! Deal!”

When Xu Ming finished shouting the last word “Yi”, he suddenly withdrew the big knife from Ao Tian's neck and pushed him lightly behind his back.

Ao Xiang's eyes lit up – no shame in reads();!

Don't be fooled!

No kidding, his precious son will survive.

Suddenly, Ao Xiang didn't dare to think too much, and even threw all the thirty rings that were strung together at Xu Ming. And when he was thrown, he had a good grasp of his strength, for fear that Xu Ming would be uncomfortable receiving it.

“You're honest!” Xu Ming dodged and caught Najie.

And almost at the same time, Ao Xiang also caught up to protect his son.

“It’s fine! It’s fine!” Ao Xiang breathed a sigh of relief.

Everyone has their own weaknesses – even the big bad guys. Although Ao Xiang is arrogant and unreasonable towards others, his son Ao Tian is undoubtedly his weakness.

But then, Ao Xiang’s face turned cold.

Whoosh! Whoosh! Whoosh! Whoosh! ...

The elders, without Ao Xiang’s orders, all stood in all directions of Xu Ming. No matter where Xu Ming wanted to escape, he would be blocked.

Ao Xiang put his son behind him and looked at Xu Ming coldly: “Tell me, how do you want to die?”

Ao Tian continued: “Father, don’t let him die too easily! If you dare to insult me, I will torture him to the point of death!”

“How do I want to die?” Xu Ming shook his head and sneered, “Ao Xiang, your big sect master’s brain isn’t very bright! – Look at me, as if you were about to die?”

Ao Xiang disdainfully snorted: “Just now, I was afraid of having a hostage in your hand, so I didn’t dare to act rashly! As for now... hum, what else can you take in my hand?”

Xu Ming smiled: “Don’t you think it’s strange?”

“What’s strange?”

Xu Ming smiled and analyzed: “Just think I’m here to kill you. Then do you think that after I humiliate you, will I pull a few backs when I’m dying? But I let it go. Your son Ao Tian! – Don’t you think it’s weird?”

“It’s a bit strange!” Ao Xiang had to admit, “I really can’t figure this out!”

“If you can’t figure it out, then I’ll give you a hint!” Xu Ming said, “You, even all the elders of your Hidden Killing Sect, have not yet figured out the purpose of my coming to Hidden Killing Sect!”

“Purpose?”

“What do you think ~www.readwn.com~ why did I come to the Hidden Killing Sect? – To humiliate you? Or to bring everyone to death?” Xu Ming smiled strangely, “I’m sorry, neither! From the very beginning, My purpose is... the treasure house of your hidden killing sect!”

Ao Xiang’s face changed – now, all the treasures in the treasure house are in Xu Ming’s hands!

“Does he really have a way to escape? Impossible!”

Xu Ming continued to smile strangely: “And now, all the treasures of the Hidden Killing Sect are already in my hands! So... I’ll stay here soon! Then... goodbye!”

goodbye?

“Want to go? – I want to be beautiful! You stay with me!” Ao Xiang’s body burst into flames and rushed towards Xu Ming.

Xu Ming just kept smiling strangely.

Then, suddenly, without any warning, under the watchful eyes of the public, Xu Ming’s whole person... disappeared out of thin air from everyone’s field of vision!

Yes, disappear out of thin air! Missing!

Chapter 224: , Made A Fortune!

()boom!

At this time, Ao Xiang also happened to pounce on the position where Xu Ming had just been, but he pounced directly.

“What about people?”

Ao Xiang touched the surrounding air in disbelief, but he didn’t touch anything except the air.

“How... how could it disappear out of thin air?” Ao Xiang still couldn’t believe it.

The surrounding elders were also completely dumbfounded.

They looked at each other: “Where’s the person? Wasn’t it right under our nose just now? How can we say we’re gone if we don’t see it?”

For a time, everyone was stunned—Xu Ming actually robbed their treasure house, and then left safely...

Sect Master Ao Xiang and all the elders felt that they had been slapped fiercely on the face. Just now they said that Xu Ming was dead, but in the blink of an eye, Xu Ming disappeared.

Guo Haoyan, a third-stage elder in a fiery red robe, was silent, but closed his eyes and felt it carefully.

Suddenly, Guo Haoyan opened his fiery red eyes, and his eyes turned to an open space not far from Ao Xiang.

“There!” Guo Haoyan’s fiery red eyes could vaguely detect a very vague figure in this open space.

“What kind of secret skill is this, how can it hide the figure so well?” Guo Haoyan was a little shocked.

However, Guo Haoyan didn’t think much about it, he waved his sleeve, and a majestic fiery red profound energy blasted towards the open space where Xu Ming was.

Xu Ming, who was invisible, was standing there calmly watching the play. Suddenly, he saw that an elder in a fiery red robe actually shot at him.

“Can he find me?”

Xu Ming was shocked, and did not dare to stay in the same place arrogantly any more; with a flash of his figure, he flew away into the distance.

“Let him run away!” Guo Haoyan sighed when he missed a strike.

“Elder Guo.” Ao Xiang is rarely so polite to the elders of the sect, “You can’t find him?”

Guo Haoyan said: “If he stands still, I can barely detect him. If he moves, I can’t catch his trace.”

“Even you can’t find him...” Ao Xiang was a little horrified, “Then if he comes again next time...”

The elders also looked at each other in dismay—Xu Ming’s elusive methods were too strange and terrifying. If Xu Ming wanted to assassinate any of them, wouldn’t he be able to capture them?

“No need to worry!” Guo Haoyan said privately, “As long as his mental power is strong enough, he can be detected. The mental power of ‘Silent Night’ far exceeds mine. Now that he is prepared, if he dares to come again, Silent Night will be able to detect him. Ye will definitely find out the first time!”

“That’s good, that’s good!” Ao Xiang even transmitted his voice to Ao Tian, “Xiao Tian, in the future, you will go to sleep next to Elder Ji Ye.”

Silent Night, an elder of the Hidden Killing Sect.

Suddenly, Ao Xiang’s face suddenly changed: “Not good!!”

“What’s the matter, Sect Master?”

“What’s up?”

Seeing Ao Xiang being so startled, the elders were startled and even asked.

Guo Haoyan also asked, "What's the panic?"

Ao Xiang's eyes were lost: "Treasure...all the treasures in the treasury were removed by Xu Ming..."

What?

The elders didn't react at first.

After a while, an elder asked weakly, "Sect Master, what do you mean by 'all treasures'?"

Ao Xiang said angrily: "It's the treasure house of the entire Hidden Killing Sect, it's already empty! All the treasures in the treasure house are in the thirty rings that were taken away by Xu Ming!"

what! ! ?

The elders were shocked and couldn't believe it: "The entire treasure house... is empty?"

At this time, the elders remembered that Xu Ming had indeed said before he left that he was here for the treasure house of the Hidden Slaughter Sect, and also said, "The entire treasure of the Hidden Slaughter Sect is already in my hands. ".

At that time, the elders did not pay much attention to this sentence, but now that I have come back to my senses, I finally understand the meaning of this sentence.

"This...this..." Everyone's faces were stunned.

"Sect Master, why did you keep all the treasures..." The elders finally knew why the Sect Master and Xu Ming had stayed in the treasure house for so long.

Empty the entire treasure trove, can you stay long?

“Sect Master, the entire treasury... is it gone?” Many elders’ words were a little accusatory.

Ao Xiang said angrily: “My treasure house, when it is emptied, it will be emptied. Which round gets you so many nonsense reads();! Humph!”

In the face of Xiang Xiang’s fury, the elders did not dare to say much.

It can be seen that Ao Xiang really has absolute authority in the hidden killing sect! Even if he lost the entire treasure trove of treasures, the elders dared not have any opinion on him.

“Humph!” Ao Xiang was furious, and with a flick of his hand, he went straight back to the Hidden Killing Sect.

The reason why Ao Xiang obediently packed the entire treasure trove was because he was worried about his son’s safety and didn’t think much about it at the moment; second, he believed that Xu Ming would never be able to take these treasures away.

But...

Xu Ming was stunned to hold 30 Nativity Rings, which disappeared out of thin air under his nose.

As Ao Xiang walked, he was so angry that he wanted to kill.

“Elder Guo!” Ao Xiang’s eyes were full of fierceness.

Guo Haoyan walked up to him: “Sect Master.”

“Help me arrange, today, attack the Wilderness Sect!”

...

Xu Ming ran for dozens of miles before he stopped.

“That elder in red, I don’t know what special means to find me...” Xu Ming secretly said, “I just ran too fast and forgot to check him... Forget it, anyway, there will definitely be a chance to touch him next time. On top – let’s take a look at the treasure house of the Hidden Killing Sect, how much is it worth hanging on!”

Xu Ming weighed a large string of nativity rings in his hand.

“Small hanging, all converted into hanging points!”

Everything is inferior, only the “hanging point” is high!

Thirty rings that were in a string disappeared out of thin air, and Xiaohang’s voice sounded: “The exchange is complete! A total of about 100 million points for level 2 points! About 500,000 points for level 3 points!”

Xu Ming was startled: “What? How much?”

Level 2 hanging point is about 100 million points?

Level 3 hanging point is about 500,000 points?

Xu Ming was also stunned, and he couldn’t believe his ears: “So much!? – I’ve worked hard to dig for several months, and the hanging points I dug are only a few tenths of what they are here?”

many?

is it a lot?

No ~www.readwn.com~ not much at all!

At that time, Xu Ming only dug 10% or 20% of the profound stones in the Liang system ore veins, and he dug up millions of level 2 points and nearly 10,000 level 3 points. If the entire vein was hollowed out, Xu Ming estimated that there should be more than 20 million level 2 hanging points, and more than 50,000 level 3 hanging points.

And that was just one of the veins of the Liang system.

The Liang faction is only one of the three major factions of the Wilderness Sect.

You must know that the Hidden Killing Sect is a top yellow-level force, several times stronger than the entire Wilderness Sect!

Xu Ming directly evacuated the treasure house of the Hidden Killing Sect... 100 million level 2 hanging points, 500,000 level 3 hanging points, is that much? – Not much really!

I am afraid that there are still many treasures in the hidden killing sect, which are not in the treasure house; otherwise, this number will be doubled several times!

However, Xu Ming was already content: “With so many hanging points, wow ka ka ka... I’ve made a fortune! I’ve made a fortune! I don’t have to work so hard to mine anymore!”

Chapter 225: , Shuntian Road

() “So many hanging points, how do you spend them well?”

Xu Ming’s first reaction was – forcibly level up!

Xu Ming’s current cultivation level is half-step condensing pill; it seems that he is one step away from the real condensing pill realm, but in fact he has to hang up offline...two or three months!

“It’s simply intolerable if you can’t improve your cultivation for two or three months!” Xu Ming thought to himself reads();.

If other warriors knew about Xu Ming’s idea, it would really make people vomit blood!

If you can’t improve your cultivation for two or three months, you can’t tolerate it? Then I’ve been stuck in half-step condensing pills for ten or twenty years, should I just die?

“Little hanging, tell me loudly, how many hanging points are needed to forcibly level up to the Core Condensation Realm?” Xu Ming was very rich.

“One million level 2 hanging points!”

It takes a total of 100 days to go from “half-step condensing pill” offline hang-up to “initial condensing pill”, and one hundred points of 2-level hanging points are required every day, and a total of 10,000 2-level hanging points are required. And the hang point consumed by forced leveling is 100 times that of offline hang up.

Moreover, even if Xu Ming had hung up on the half-step condensing pill offline for a while, he still had to pay the full amount of one million level 2 hanging points!

“Only 1 million?” Xu Ming looked at his level 2 hanging point, which was over 100 million. “No! It’s too cheap! Raise the price for me! If I don’t raise the price, I won’t force the level up!”

“In the process of raising the price, please wait...” I didn’t expect Xiaohang to actually meet Xu Ming’s request, “The price increase is complete! This forced leveling will cost 3 million points of level 2 hanging points! Please feel free to ask for a price!”

Xu Ming was immediately stunned: “I’m going, are you really mentioning it? – What, I’m just kidding, help me go back!”

Although Xu Ming is really rich and powerful now, the level 2 hanging point is more than 100 million, not less than the extra 2 million. But... the loss of two million for no reason is so distressing!

“The price increase has been implemented, and the price cannot be reduced!”

“What? You can’t lower the price!?” Xu Ming was really dumbfounded at this time – just because he said a wrong sentence, he paid the price of two million level 2 hanging points...

However, this time, it was impossible for Xu Ming not to rush!

“Three million is three million, help me to forcibly level up to the early stage of condensing pills!” The second he committed, he had to endure it silently with tears in his eyes.

Fortunately, it was only two million level 2 hanging points. Although Xu Ming felt a little distressed, it was not unacceptable.

boom! !

The power of Daigo's empowerment rapidly transformed Xu Ming's whole body.

Xu Ming's body quickly became more tenacious, leaping towards a higher level of life.

The profound energy in the body is also undergoing qualitative changes, from trickling streams to surging rivers... Moreover, the surging rivers have also begun to converge and circle into a vortex of profound energy in the dantian.

In the center of the profound energy vortex, a pill-shaped phantom is gradually emerging.

And Xu Ming's sea of consciousness and spiritual power are also undergoing earth-shaking transformation. In Xu Ming's eyes, the whole world of nature became clearer and more extraordinary.

A large amount of profound energy rushed into the dantian, causing the vortex of profound energy in the dantian to spin faster and faster. The Pill-shaped phantom in the center of the vortex is also becoming clearer.

Suddenly, the Pill-shaped phantom completely materialized and turned into a round and flawless golden pill!

Jin Dancheng, enter the congealing Dan!

boom!

In the blink of an eye, the power of Daigo's empowerment receded, and Xu Ming had already stepped into the condensed pill!

"This is... what it feels like to condense the pill realm!?"

Xu Ming couldn't help but observe the golden core in his dantian.

This golden core, perfectly round, also faintly exudes terrifying coercion. Xu Ming knew that this was because the entire golden elixir compressed the incomparably pure profound energy; once it erupted, it would be destroyed – and this is the most essential difference between the condensed elixir and the innate realm reads();!

“On the strength of cultivation base alone, I am afraid that it is more than twice as strong as before the breakthrough!”

The leap of the great realm will naturally bring about a qualitative improvement in strength.

and...

In addition to feeling the soaring power level, Xu Ming also has a very intuitive feeling, that is-the fit between his body and soul and the nature of heaven and earth is even higher!

The road of martial arts is not a “road against the sky”, but a “road to the sky”!

Heaven and earth are naturally inclusive and selfless!

Heaven and Earth naturally create hundreds of millions of creatures, not for the sake of letting these millions of creatures live like pigs raised in captivity. If so, it would be meaningless to create all living things in that day and earth, and it would be better to be in a dead silence.

Heaven and Earth naturally expect that there are living beings that can rise in the microscopic and transcend the mundane world!

The road of martial arts is a road that obeys the sky. Therefore, the higher the cultivation base, the more the body and soul will be in harmony with the nature of the world, and the ability to perceive the nature of the world will be greatly improved.

Those who can step into the Pill Condensing Realm with their cultivation base will almost certainly be able to comprehend the realm of “Heaven and Human Beings”; with a slightly better

understanding, it is no problem to comprehend the realm of “realm”. It is not impossible for those with extraordinary comprehension to comprehend the “natural mood”.

As soon as Xu Ming stepped into the Pill Condensation Realm, he clearly felt the tolerance and care from the nature of heaven and earth, as if he was in the arms of his mother.

In this state, the realm of perception is naturally faster than the innate stage, I don’t know how many times.

So, here comes the question – does Xu Ming, who is hanging up, need to comprehend the realm?

Hey, sorry, no need at all!

The Level 3 artifact store has been opened, and you can directly purchase it to the “domain level” realm.

“Small hanging, how many hanging points do you need to buy a domain-level realm?” Now Xu Ming is more low-key.

Although he had more than 500,000 level 3 hanging points around his waist, once he was bitten by a snake for ten years, he was afraid of the rope.

It doesn’t matter if Xu Ming has a level 2 hanging point; anyway, Xu Ming has enough level 2 hanging points, even if it is less than two million, it doesn’t matter. But if the pit goes to level 3, then Xu Ming will be too late to cry!

Level 3 hanging points, although Xu Ming has a lot now, but after spending, he still doesn’t know how to get a lot of them.

“The realm of the realm~[www.readwn.com](http://www.readwn.com)~ has nine types, namely: the realm of gold, the realm of wood, the realm of water, the realm of fire, the realm of earth, the realm of thunder, the realm of wind, the realm of yin, The field of Yang!” Xiao Hang said, “Each field is priced at 10,000 level 3 hanging points!”

Xu Ming pondered: “Nine fields, each with 10,000 level 3 points, that’s a total of 90,000 level 3 points...”

Ninety thousand level 3 hanging points is really not a small amount; even with Xu Ming's current financial resources, it is quite distressing to buy it.

"The Five Elements Clearing Pill only needs 1,000 level 3 hanging points, and after taking it, you will definitely understand the realm..." Xu Ming looked at the artifact store, "However, the realm that he comprehended was only the 'one-zhang realm' at the beginning, and he also Only by understanding slowly can we improve to the 'Nine-Zhang Perfect Realm'!"

How long does it take to realize the field one by one to the perfect level?

Xu Ming, who is open, said that he did not want to waste this time.

"90,000 is 90,000! I bought it!"

Xu Ming's realm has quickly risen to the nine-layer perfect realm, which is the limit of the realm!

Chapter 226: , Domineering Crushing The Hidden Killing Sect!

() The nine-fold perfect realm is already the limit of the realm; if the realm goes further, one can comprehend the "natural artistic conception".

Then, Xu Ming continued to look at the artifact store.

"The second floor of "The Body of the Holy Beast"... Xu Ming hardly hesitated, "This one has to be bought!"

"The Body of the Holy Beast" is divided into five parts: Qinglong body, Vermilion bird blood, Xuanwu soul, white tiger head, and unicorn arm. The second level of learning will be based on the first level, and it will improve to the next level, and improve the level with heaven and earth. Natural fit!" Xiaohang said, "The five parts of the second floor can be purchased separately, and each part is priced at 20,000 and level 3 hanging points – please select reads();!"

"It's really expensive!" Xu Ming cursed.

The higher the cultivation base and the stronger the strength, the higher the opening cost.

After Xu Ming stepped into the Pill Condensation Realm, he had already deeply felt the pitfalls of the Level 3 artifact store.

However, even if he cheated again, Xu Ming was happy to buy it. After all, a heaven-level exercise like “The Body of the Holy Beast” went out of the artifact store, and Xu Ming had nowhere to buy it if he had the money!

“The fifth part of the second floor, I bought all of them!”

Xu Ming’s level 3 hanging point cost another 100,000.

However, when the second level of “The Body of the Holy Beast” was completed in seconds, Xu Ming didn’t feel bad about it at all. Because he intuitively felt that his strength was directly raised by another level.

“Hanging point is something outside the body, only strength is king!” Xu Ming thought.

Then, Xu Ming looked at other secret skills.

“The second floor of “Dream Lost”? 50,000 level 3 hanging points? It’s also quite expensive... But needless to say, this one must also be bought!”

The second layer of the heaven-level spiritual attack secret technique “Dream Lost”, the use of spiritual power and the deployment of illusions are more and more ingenious and unimaginable. With just one look from Xu Ming, I am afraid that those weaker pill condensing warriors could fall into a coma.

Then, Xu Ming worried about his marksmanship again.

In the end, at Xiaohang’s recommendation, Xu Ming spent another 50,000 level 3 hanging points, chose a set of heaven-level marksmanship called “Five Elements of Spear Intent”, and learned the first two levels in seconds.

“Five elements of spear intent? The name is quite a bitch... But since it’s Xiaohang’s recommendation, it shouldn’t be wrong!”

Looking at the artifact store, Xu Ming saw a third-level attribute stone.

Unsurprisingly, the third-level attribute stones are also divided into three types: strength, agility, and wisdom. When all three attribute stones are used up, you can gain additional power comparable to the first entering the spirit realm.

“Attribute stone?” Xu Ming took a look with great interest.

Seeing this, he only hated why he clicked on it with a cheap hand: “I wipe... a thousand level 3 hanging points? Can each use five thousand?”

If all the third-level attribute stones are used up, then... 15 million points will be required for the third-level hanging point!

Xu Ming looked at his level 3 hanging point, which only had more than 200,000 left, and suddenly felt ashamed.

“Don’t look at it, skip it.”

The third-level attribute stone, for the current Xu Ming, the price/performance ratio is too low. Buying one or two will not help significantly to improve your strength, so it is not worth Xu Ming’s waste to hang on it for the time being.

jump over.

Afterwards, Xu Ming chose two superb treasures for himself – the Rainbow Spear and the Blue Feather Clothes.

After all the flowers were spent, Xu Ming’s third-level hanging point was only a pitiful 200,000.

“It’s really worthless to hang points!” Xu Ming sighed, “Unfortunately, only high-level hanging points can be exchanged for low-level hanging points, but low-level hanging points cannot be

exchanged for high-level hanging points. Otherwise, my nearly 100 million 2 If the level hanging point is replaced by a level 3 hanging point, there can also be hundreds of thousands!”

Hang this thing up, just like money; there are many ways to spend it, and few ways to spend it. Now that Xu Ming has a lot of money, of course he can't help splurge, buying everything he wants first; after all, even if he doesn't buy it now, he will still buy it later.

Since you have to buy it, it is better to buy it as soon as possible, and turn the hanging point into strength as soon as possible.

After the purchase, Xu Ming curiously studied the offline on-hook cost of the Core Condensation Realm to reads();.

“It will take 150 days to hang up from the initial stage of condensing pills to the middle period of condensing pills. Every day at ten o'clock, level 3 hangs up?” Xu Ming muttered, “It's not expensive, but ... it takes too long, right? ?”

However, Xu Ming also knew that the improvement of his cultivation would definitely be slower and slower; even if he hung up offline, it was no exception.

But is it really slow?

Xu Ming has only just stepped into the Pill Condensation Realm, and it will only take five months to upgrade to the middle stage of Pill Condensation. If this is considered slow, then let those ordinary warriors who slowly improve their cultivation step by step, how can it be worth it!

“A total of 1,500 points is required for level 3 hanging points to hang up normally offline to the middle stage of condensing pills; then if you force a level-up, it will cost... 150,000!” Xu Ming was shy, “Forget it, there's only one left. 200,000 level 3 hang ups, let's save some money... Let's honestly hang up offline for a few days before talking about it!”

After exiting the artifact store, Xu Ming gathered his “power of fog and rain” again.

Every drop of fog and rain power condenses the profound energy and spiritual power of the whole body. Xu Ming's cultivation base has now broken through, and the profound energy and spiritual power in his body have undergone qualitative changes. Naturally, this power of fog and rain must be re-condensed.

Otherwise, the power of the nine drops of fog and rain in Xu Ming's body would still be the profound energy and spiritual power he had when he was half-stepping the pill; during battle, he would naturally not be able to erupt into the strongest power.

...

It's been three days since everything was done.

When Xu Ming re-concentrated the power of nine drops of fog and rain, he suddenly opened his eyes; in his eyes, there was a breathtaking light.

Immediately, the light dissipated.

Xu Ming stood up, exuding absolute self-confidence – this is the self-confidence derived from great strength!

Xu Ming's eyes turned to the direction of Hidden Killing Sect.

“Hidden Killing Sect... I'm coming again!”

Today, Xu Ming's strength has soared. The power of fog and rain is fully activated, and then open some plug-ins at will, to shake the soaring half-step spirit realm, I am afraid that it is not a problem!

“Ao Xiang, Ao Tian... I didn't expect it! So soon, I'm going to kill again!”

In the Wandong Mountains, the wind was blowing vigorously, and Xu Ming's newly changed Tsing Yi fluttered.

Don't underestimate the Tsing Yi on Xu Ming's body, this is the best treasure Tsing Yu Yi! The attack of the first entry into the Ningdan fell on this, I am afraid that it will not hurt Xu Ming in the slightest!

“Walk!”

Xu Ming's figure flashed, and UU Reading [www.uukanshu.com](http://www.uukanshu.com) went to the distance.

We often use "Children of the Wind" to describe a person with extremely fast speed, and Xu Ming's current speed is simply "Father of Wind" and "Master of Wind"!

"Last time I went to the Hidden Killing Sect, I sneaked in! But this time I went to the Hidden Killing Sect, but I wanted to kill it openly!"

Xu Ming's three-step plan to deal with the Hidden Slaughter Sect has now been successfully implemented in two steps – the treasure house of the Hidden Slaughter Sect has been emptied by him; the resources he has brought in have also been transformed into his own strength.

And now, Xu Ming is about to do the last step – overbearing crushing the Hidden Killer Sect!

"However, the treasure house of the Hidden Killing Sect has already been emptied by me; what else can I move when I go this time?" To start a fight, but it will cost a lot of money, Xu Ming is reluctant to do business at a loss, "That's right! You can also \*\*\*\* all the precepts of the elders of the hidden killing sect! The elders of the hidden killing sect, at least five hundred people, their precepts..."

Xu Ming seemed to have found another treasure trove.

Chapter 227: , Tricky

() Speeding all the way, and soon, Xu Ming came to the gate of the hidden killing sect again.

Facing the ten-zhang-high cave gate again, Xu Ming's mentality was completely different.

The last time Xu Ming came here, Xu Ming was stealthy, like a thief; but this time, he was strutting with a long spear, ready to overbearingly crush him.

"Huh? Why is the gate of the Hidden Killing Sect closed?" Xu Ming couldn't help but wonder, "Even the great formation of protecting the sect is still activated? – Could it be that something major happened in the Hidden Killing Sect?"

Xu Ming thought for a while: “No matter what happened to him, let’s blow the door open first!”

Xu Ming held up the Rainbow Spear: “Take the gate of the Hidden Killer Sect and try the power of this superb weapon!”

boom!

Xu Ming immediately activated the power of nine drops of fog and rain in his body, his strength soared nine times, and instantly reached the level of condensed pills!

“The Five Elements Spear Intent’s ‘Heavy Mountain Falls’!”

In the sky-level marksmanship, the overwhelming and mighty smashing and smashing is carried out through the best treasure, the Rainbow Spear.

Before the gun arrived, the gun force was like the top of Mount Tai, and it rolled away in a mighty manner.

boom! !

The long spear smashed down, and the power contained in the spear broke out completely, like a high mountain, rapidly smashed on the guardian formation of the Hidden Killing Sect.

rumbling...

The entire Protector Array is trembling slightly reads();!

“As expected of a heaven-level spear technique, I just use this style of ‘Heavy Mountain Fall’ at will, and it is extremely powerful; in terms of power alone, I am afraid that it is faintly beyond the scope of condensing pills!”

Falling from a mountain is the most powerful form of smashing, but it lacks flexibility. However, it is more suitable to use it to blast the big formation and the gate.

“Who is arrogant outside!?”

“Dare to provoke my hidden killing sect, court death!”

...

One after another violent drink, it came out from the suicide sect.

Soon, the gate of the hidden killing sect opened, and thirty or forty elders of the hidden killing sect rushed to the door aggressively.

“It’s you? Xu Ming!”

Last time Xu Ming robbed the entire Hidden Killing Sect treasure house and humiliated the Hidden Killing Sect severely. Now, in the hidden killing sect, Xu Ming’s reputation is naturally known to everyone!

“Xu Ming, how dare you come again? Are you here to die?”

Xu Ming glanced at the elder who was talking, and seeing that he was only in the late stage of condensing pills, he couldn’t help frowning: “Why are all the kittens and puppies that came out, and a mere pill condensing late stage has become your main business? -Your family As for your lord, let your lord come out and speak!”

Kitten and puppy?

This third-stage elder of the late stage of the condensing pill, after all, is also a highly respected senior in the hidden killing sect, why has he been humiliated like this?

“Xu Ming! You are courting death!” The older third-stage elder was so angry that his beard was shaking.

“Yes, I’m courting death!” Xu Ming said, “Then hurry up, open the Protector Array and come out and kill me!”

“me...”

The chief elder was so angry that he was going to open a great formation to protect the sect, but was stopped by the other elders around him: “Don’t be impulsive! This kid can easily subdue the young sect master, and his strength is extraordinary, we may not be his opponents! Moreover, even if we are better than He is strong, and with his elusive methods, we have nothing to do with him, but may have fallen into some of his conspiracies!”

When the chief elder thought about it, it was true, and he did not dare to open the Protector’s Formation.

However, his mouth was still very stubborn: “Boy, I’m in a good mood today, I forgive you for being young and ignorant, and I don’t have the same knowledge as you! Go away!”

roll?

Xu Ming smiled disdainfully: “You don’t start a big battle, do you?”

“Huh?” The chief elder, as well as the other elders, felt a slight unease in their hearts.

“If you don’t open it, then I will open it for you!”

The expressions of the elders of the Hidden Killing Sect suddenly changed slightly – this kid, I want to force the formation!

But immediately, their faces turned calm.

“Forcibly blast the formation? Just a joke, the guardian formation of the Hidden Killing Sect is impregnable, even if it is the limit of condensing pills, it may not be able to blast away! – You, a boy with no hair, want to break through the formation?”

“Humph!” Xu Ming just snorted coldly and didn’t say much.

In this hidden killing sect, the guardian sect was closed, and the person who came out to be in charge was only a cat and a dog in the late stage of condensing pills, and there must be something tricky in it.

If there is something tricky, Xu Ming of course wants to kill it and take a look.

If it can destroy the big event of the Hidden Killing Sect, then it would be great!

Xu Ming took a few steps back and raised his spear again to reads());.

“Hey, boy, what do you want? Do you really want to bang?”

“Hahahaha, I’m really laughing at me! You are a doll with no hair, you really take yourself seriously!” The chief elder mocked recklessly, “I advise you to go home and drink. Go milk!”

Xu Ming said in a cold voice, “When I blast off the formation, I will be the first to hit you!”

“Smack me?” The chief elder sneered disdainfully, “If you can blast away a big formation, you don’t need to slap me, I will slap myself a hundred times!”

“Okay, you remember!”

After speaking, Xu Ming stopped talking, and began to hold his breath and stare, gathering profound energy in his body.

The shot “Heavy Mountain Falls” just now caused the entire formation to tremble slightly, but it also made Xu Ming feel the power of the formation.

Moreover, Xu Mingke is far from doing his best!

“Nine-fold perfect field!”

Around Xu Ming, there was a circle of very faint domain phantoms with a range of only half a zhang.

The field is not the darker the color, the better, nor the larger the range, the better.

The nine-zhang realm is the perfect realm, that's right. However, being able to compress the scope of the field to ten feet or even smaller is still a perfect field. That is the ability!

In the same way, the lighter the color of the field, or even so faint that it can't be seen, the more exquisite the control of the field!

When the coverage of the field is compressed to the limit and the color fades to the limit, it proves that you may break through the field and comprehend the "natural mood" at any time. Even Xu Ming's field is still a little far from the "extreme field".

But this was enough to shock the elders of the Hidden Killing Sect.

"His control of the field has reached such a level of mastery?"

"How old is this kid... If I give him a few more years, I'm afraid it will be no problem to understand the natural mood!"

"It's a monster! If this son is not eliminated, our Hidden Killer Sect will not be safe!"

...

In Xu Ming's "Nine Perfect Realm", which is only half a zhang, there is no natural power of heaven and earth flying around. Most of the power of nature was integrated into the spear by Xu Ming.

The power of nature flying all over the sky, after all, is only a wandering soldier, and it can't make a good climate; it may be deadly to warriors below the condensing core. .

but!

If most of the power of nature in the nine-fold perfect field is compressed together, and the quantitative change causes the qualitative change, then the power of the field cannot be underestimated!

Like Xu Ming's current spear, the power endowed by the power of nature is comparable to the whole body strength of a normal condensing pill complete martial artist! – And this is the correct way to use the field!

The realm is not used to show off the power of nature flying all over the sky, but to actually improve the strength! It's just that the control of the domain can reach Xu Ming's level, and there are only a handful of them looking at the Pill Condensation Realm!

It's not over yet!

Immediately afterwards, Xu Ming's arms and legs suddenly skyrocketed! The strong muscles on both arms suppress the surging power!

The second layer of the unicorn arm!

On!

“Humph! I still can't break such a great formation!?”

Chapter 228: , Back

() Xu Ming's strength has instantly reached the peak when he is not hanging up!

“Boy, you have learned a lot of crooked ways!” The chief elder sneered, “Do you think your arms are so thick, it is useful? Let me tell you, below half a step of the spiritual realm, it is absolutely impossible to break the guardian of our hidden killing sect. Great formation!”

“Don't waste your energy, boy!”

“Everyone, don't persuade him!” Some elders also said, “Let him blast, let's watch the show, isn't it good?”

...

“It’s really noisy!”

The corner of Xu Ming’s mouth evoked a sneer of disdain, and the spear in his hand began to charge.

“Heavy mountains fall!”

The spear slashed down in anger, as if the sky was torn apart.

The faces of the elders of the hidden killing sect still maintained a sneering expression; Xu Ming’s long spear had already smashed angrily on the guardian sect formation.

boom!

The power of a split is like thunder!

click! click! ...

Under this blow, the Protector Array of the Hidden Killing Sect actually had a mirror-like crack.

The crack spreads dozens of feet and looks like a huge spider web.

“what!?”

The elders of the hidden slaughter sect all stared straight at the eyes – isn’t the great formation of protecting the sect known as unbreakable under the half-step spiritual realm? Why did this kid smash down with a single shot, so that layers of cracks appeared?

If there are a few more shots, will the Guardian Array still be there?

Then, Xu Ming’s second shot arrived again!

boom! !

The cobweb-like cracks on the Protector's Great Array became more and more dense.

Although the big array will also self-repair reads();. However, the speed of self-repair is much slower than the speed of Xu Ming's destruction!

The great formation of protecting the sect will definitely be broken!

"How to do how to do?"

The elders of the Hidden Killing Sect were anxious, but they were helpless.

"Give me... break it!!"

At this time, Xu Ming's third shot has arrived again!

Boom! ! clack clack...

boom! !

The Protectorate formation could no longer withstand Xu Ming's repeated bombardment, and was directly smashed.

Xu Ming dragged his gun and walked calmly in front of the group of stunned Hidden Killer Sect elders.

Dozens of elders stared at Xu Ming in stunned eyes, but no one dared to take action.

Xu Ming was able to forcibly smash through the guardian formation, indicating that in terms of strength, he has reached the half-step spiritual realm! And among the thirty or forty elders, the strongest is the third stage elder in the late stage of the condensing pill, who shot Xu Ming? – Looking for death?

Xu Ming walked unhurriedly to the chief elder, raised his hand and slapped: “You were arrogant just now? Dare to call me ‘Master’ in front of me?”

Claiming to be “Master” in front of the palm god, isn’t that just looking for a draw?

The old face of the chief elder was scorchingly hurt; however, in the face of Xu Ming’s absolutely powerful forces, he dared not speak out.

Xu Ming didn’t even look at him, he walked straight towards the hidden killing sect with his spear in hand. As he walked, he said, “Where’s Ao Xiang? And what about your vice sect masters? – I have broken the great formation of protecting the sect, why didn’t they come out?”

The chief elder even said: “Don’t look for it, the sect master and the others are not in the sect. In the entire hidden killing sect, only a few of us are left behind!”

Xu Ming was startled: “Not here? -Why did you go?”

The chief elder said tremblingly: “Go...go...you are a barbarian sect...”

“What?” Xu Ming was stunned, “Go to the Wilderness Sect? How many people went?”

“Except us, all the condensing pill masters of the entire Hidden Killing Sect have gone!”

“I... rely!”

Xu Ming was angry and anxious.

Almost all the masters of the Hidden Killing Sect have gone to the Wilderness Sect? —Xu Ming is not a fool, he still doesn’t know what this means!

The Hidden Killing Sect has launched an all-out attack on the Wilderness Sect!

“The Hidden Slaughter Sect has more than 500 pill condensing masters...” Xu Ming was frightened and frightened, “Although Gu Sect Master said that he has some trump cards. However, he can really stop the Hidden Slaughter Sect’s five hundred pill condensing masters. ?”

“How long have they been gone?” Xu Ming asked.

“I... we won’t tell you!” the chief elder said in a stern voice.

won’t tell me?

Xu Ming was in a fit of rage, and he didn’t even bother to chat with him.

“roll!”

boom!

Xu Ming slapped him angrily, and the chief elder was immediately sent away dozens of feet, and he didn’t know his life or death.

“You—” Xu Ming looked at the other middle-aged Elder Hu, “Tell me, how long have they been leaving?”

The middle-aged elder Hu seemed unprincipled: “Sect Master, they set off the morning before yesterday, and it has been more than two days to read();!”

“More than two days...” Xu Ming secretly rejoiced, “That should be fine!”

It took Xu Ming seven or eight days to fly directly from the Wilderness Sect to the Hidden Killing Sect. The Hidden Killing Sect is the five hundred troops marching together, and it will take longer.

“Go back quickly!”

Xu Ming originally planned to come to the Hidden Kill Sect to rob the elders of their appeasements. But now, how could Xu Ming feel this way?

What's more, even the thirty or forty "old, weak, sick and disabled" elders left behind couldn't find a few pounds or taels from their bodies!

boom!

Xu Ming didn't think about it, he rushed out the door.

Not long after, Xu Ming found his "special plane" – a giant eagle monster that condensed pills in half a step.

This big eagle monster, because of eating a lot of medicinal pills given by Xu Ming, has become more and more profound.

"Go, go back immediately, the sooner the better!" Xu Ming dodged and jumped on the back of the carving, "Fly back to the Wilderness Sect at the fastest speed. After returning, I will guarantee you to enter the Pill Condensation Realm!"

Protect me from entering the Pill Condensation Realm?

The sharp eyes of the eagle monster lit up in vain.

It has been trapped in a half-step condensing pill for many years, and it dreams that one day it will be able to step into the condensing pill realm! And now, this human warrior dares to make such a promise!

Because of a previous "reputation transaction", the Eagle Beast thought for a moment, and then chose to believe him.

Anyway, even if this human warrior deceived him, he would only sell his labor for a few days, and he would not lose much.

swoosh—

The giant eagle monster soared into the sky, and its speed was a little faster than when it came before.

Xu Ming sat firmly on the back of the eagle, his eyes flashing coldly: “The Hidden Killing Sect, it seems that it is really going to die!”

...

The barren mountains are as peaceful and peaceful as ever.

The martial artist in the sect, or training, or learning, or studying, seems to be a paradise for pursuing martial arts.

Suddenly ~www.readwn.com~ Wilderness Sect’s guardian formation was fully opened, covering the entire Wilderness Mountain.

The voice of the sect master Gu Kongshan resounded everywhere in the great formation: “The enemy is coming, all the disciples of the outer sect, immediately migrate to the inner sect!”

The entire Savage Sect instantly boiled.

“The enemy is coming?”

“What’s the matter, is someone going to attack our Wilderness Sect?”

...

Many Savage Sect warriors who were in retreat were suddenly awakened.

All the inner sect warriors gathered in the square in front of the Wilderness Hall. All the outer sect warriors also moved to the inner sect.

The entire Wilderness Sect was suddenly filled with a tense and chilling atmosphere, but it was not flustered.

The sect master Gu Kongshan, the first elder Liang Weihe, and the second elder were arrogant and appeared at the top of the ten thousand steps stone ladder. The three of them walked down the ten-thousand-step stone staircase one block at a time.

Chapter 229: „He Came!

() When the three of Gu Kongshan were about to complete the ten-thousand-step stone staircase, a team of 500 people appeared in their field of vision.

This team consisted of just 500 people, all of them were all experts in condensing pills, and none of them were below the condensing pill level. The leader walking at the forefront is Ao Xiang, the Sect Master of the Hidden Killing Sect.

“Here comes reads();!” Gu Kongshan narrowed his eyes slightly.

The Hidden Killing Sect still inevitably came.

Gu Kongshan also heard that Xu Ming sneaked into the hidden killing sect not long ago and emptied the treasure house of the hidden killing sect. It is precisely because of this that the Hidden Killing Sect was completely provoked, so that he came to the door so quickly.

“I don’t know when Xu Ming will come back...”

Not long after, the army of condensing pill warriors from the Hidden Killing Sect arrived at the bottom of the ten-thousand-step stone ladder.

“Gu Kongshan!” Ao Xiang looked directly at Gu Kongshan across the guarding formation, “Is this the way your Wilderness Sect treats guests?”

guest?

Gu Kongshan smiled and said, “Sect Master Ao and other guests are a little too aggressive?”

“Aggressive? What do you mean, why can’t I understand it?” Ao Xiang said coldly, “I’m here this time to formally propose a marriage for Aiko! Because I was worried that it wouldn’t be grand enough, I almost took the entire Hidden Killing Sect to death. All the elders and above are brought, so as not to lose the etiquette.”

“Ha!” Gu Kongshan smiled noncommittally, “Then you have done a good job of etiquette!”

“Why, Kong Shan, still haven’t opened the formation, let us in?”

Ao Xiang said it in a high-sounding manner, and Gu Kongshan didn’t want to tear his face immediately, so he immediately removed the entire sect-guarding formation of the wild sect.

“Please!” Gu Kongshan led the way.

“Humph!” Ao Xiang sneered in his heart – if you are acquainted, you know that a large array of guardian sects can’t stop the army of our hidden killing sect!

Of course Gu Kongshan knew what Ao Xiang was sneering at.

But Gu Kongshan is also sneering in his heart – stupid Ao Xiang, do you think that you have control over everything after entering the wild gate of the Wilderness Sect? In fact, from the moment you set foot on the ten thousand-step stone ladder, your life and death have been decided by me!

The Wilderness Sect has a big secret; Gu Kongshan also has a big hole card.

It’s just that the trump card is the basis for the inheritance of the Wilderness Sect. If it can not be exposed, it will not be exposed, not to mention it is only to deal with the mere Hidden Killing Sect!

“But if the Hidden Killing Sect is really too aggressive and wants to court death, then I have to fulfill them!”

Gu Kongshan led the army of the Hidden Killer Sect all the way, through the ten thousand steps stone stairs, and came to the front of the Wilderness Hall.

At this time, the warriors of the Wilderness Sect, from the elders to the disciples of the Outer Sect, were all gathering in front of the Wilderness Hall.

“This...this...What is the purpose of the Hidden Killing Sect?” The elders of the Wilderness Sect were stunned when they saw the mighty army of five hundred condensing pills of the Hidden Killing Sect.

This scene, even a fool can see – the comer is not good!

“The power of the Hidden Killing Sect is too strong!” Many elders secretly felt guilty.

In the Wilderness Sect, there are only about 100 pill condensing warriors in total; while in the Hidden Killing Sect, this stop is five hundred pill condensing realm! – If a conflict is really going to start, the Wilderness Sect will not be defeated in minutes?

At this time, Gu Kongshan stopped: “Sect Master Ao, and five vice sect masters, please discuss matters in the Wilderness Hall. Elders of the Hidden Killing Sect, please wait here.”

Having said that, Gu Kongshan, Liang Weihe, and Zhang Kuang from the Wilderness Sect, as well as the six people from the Hidden Killing Sect, entered the Wilderness Hall together.

The nearly 500 hidden killing sect masters who stayed outside looked at the elders of the wild sect very arrogantly and defiantly; some even deliberately said loudly: “A bunch of scum!”

Although the elders of the Wilderness Sect were angry, the one-to-five difference in the number of people made them angry, but they could only endure reads(); first.

“I don’t know how the Sect Master will negotiate?” The elders of the Gu Department were all worried.

Among the elders of the Liang family, some people have a faint look of anticipation deep in their eyes.

...

In the Wilderness Hall, the nine top figures of the Wilderness Sect and the Hidden Killing Sect were seated separately.

Ao Xiang naturally sat on the top of the guests, and as soon as he came up, he said: “Kongshan, your disciples of the Wilderness Sect, you are really capable!”

Gu Kongshan’s expression did not change: “Does Sect Master Ao mean Xu Ming? – This son is really naughty, I heard that it caused a lot of trouble to your sect?”

Ao Xiang gritted his teeth and said, “The treasure house of my Hidden Killing Sect was all emptied by him!”

“I heard something!” Gu Kongshan still didn’t change his face, as if it had nothing to do with him, “I heard that this matter has been widely circulated in the entire Lanting Villa area?”

The dignified top yellow-level power, the treasure house was evacuated by a hairy boy.

As the saying goes, good things don’t go out, and bad things travel thousands of miles. Of course, such a big lace news spread all over the Lanting Villa area in a blink of an eye. The Hidden Killing Sect has also become the laughing stock of Lanting Villa and all the forces under it.

“Kongshan, this is a disciple from your wild religion, you are responsible!” Ao Xiang looked at him coldly.

Gu Kongshan teased: “This son is stubborn, I don’t even know where the others are, otherwise, I will definitely capture it with my own hands and send it to Sect Master Ao! If Sect Master Ao finds his trace, he can be captured and disposed of...”

Gu Kongshan’s remarks sounded like he had sold Xu Ming, but in fact the meaning of these words is – you are soaring, if you have the ability to arrest people yourself, if you have the ability, don’t be fooled here.

The two sides quarreled with each other again.

However, Ao Xiang’s wrangling skills were not as good as Gu Kongshan’s;

In the end, he had no choice but to change the subject: “Let’s not talk about this for the time being, let’s talk about the real business! – Kong Shan, the love child Aotian, and the daughter of the daughter, Gu Hanmo, should have a good date for their marriage...”

“Marriage?” Gu Kongshan’s eyes flashed coldly, but he was instantly suppressed.

...

At this time, in front of the Wilderness Hall, Ao Tian’s eyes were greedily and unscrupulously sizing up Gu Hanmo.

The more he looked at it, the more moved he became.

The more he looked, the more satisfied he became.

Everyone gathered here, and Gu Hanmo had nowhere to hide. If you leave without authorization, it is dangerous.

“Gu Hanmo, you can’t escape my hand!” Ao Tian smiled coldly through voice transmission, “Look at it, today, there are only two possibilities! – First, your father Gu Kongshan, honestly promised our marriage. ; Second, we hide the slaughter sect, bloodbath the wild sect, I will forcefully take you away!”

“Humph!”

Gu Hanmo snorted softly and turned his eyes away.

“Xu Ming, where are you...” Gu Hanmo felt a little aggrieved. At this time, she really needed Xu Ming to be by her side.

But at the same time, Gu Hanmo did not want Xu Ming to appear – Xu Ming emptied the treasure house of the Hidden Killing Sect, and if he appeared here again, it would definitely be very dangerous!

“Gu Hanmo!” When Ao Tian saw his voice transmission, Gu Hanmo ignored him and shouted directly.

At the same time, Ao Tian walked out of the formation of the Hidden Killing Sect and went straight to Gu Hanmo reads();.

“What are you doing?” Gu Hanmo couldn’t help but change his face.

“Me?” Ao Tianxie smiled, “My father, I am talking with your father about our marriage. I think we should get to know each other first!”

Ao Tian pressed towards Gu Hanmo step by step, he couldn’t wait any longer, he wished he could immediately possess Gu Hanmo.

Gu Han stepped back step by step, but obviously, she didn’t have much room to retreat.

“What are you retreating from?” Ao Tian laughed more and more evilly, “You and I are about to become husband and wife, so why are you nervous?”

The elders of the Wilderness Sect all looked at them with some sympathy.

Of course, they couldn’t stand this situation, but they didn’t dare to act rashly.

The masters of the hidden killing sect are staring at them! As soon as they moved, the masters of the Hidden Killing Sect would definitely follow suit, and the scene would definitely become more complicated by then.

It was Zhang Youtian, Gu Hanmo’s former suitor, who bravely stood up and stopped Ao Tian: “What are you doing? Show me some respect!”

Ao Tian sneered and gave Zhang Youtian a disdainful look: “Heroes save the beauty? Messenger of flowers? Haha, then you have to have strength!”

Snapped!

Ao Tianxin slapped Zhang Youtian away.

“It turns out that slapping someone with a slap is such a cool thing!” Ao Tian couldn’t help but look at his slap. He seemed to understand, the palm \*\*\*\*\* Xu Ming, why he always loved to slap someone with a slap.

Just thinking of Xu Ming, Ao Tian felt a faint pain in his face again.

Even Zhang Youtian was slapped away, and immediately, no one else dared to stand in front of Ao Tian. After all, blocking it is just a man’s arm and a humiliation.

However, watching Zhang Youtian push towards Gu Hanmo step by step with a wicked smile on his face, all the men of the Wild Wilderness Sect felt panic in their hearts – this is the goddess in all of them! How can you be \*\*\*\*\* like this?

Suddenly, another figure stopped in front of Ao Tian.

“There are still people looking for a draw?” Ao Tian didn’t even think about it, he slapped his hand again.

The warriors of the Wilderness Sect haven’t had time to see the figure clearly, but they all sighed in their hearts: “It’s another warrior... But what’s the use? Even if you stop it, isn’t it looking for humiliation?”

Snapped!

Sure enough ~www.readwn.com~ as no one expected, another slap sounded.

“Ugh...”

The Savage Sect warriors were about to sigh when suddenly, their eyes widened: “Huh? Why is Ao Tianfei?”

That’s right!

The one who flew out was not this ignorant figure blocking the road, but Ao Tian, the mighty Young Sect Master of the Hidden Killing Sect!

“Who is this figure?”

At this time, everyone’s attention was focused on this figure.

“he is...”

“he is...”

Everyone’s faces showed surprise and relief.

“It’s him!”

“he came!”

Chapter 230: , Let’S Fight!

() “Xu Ming!”

Gu Hanmo was surprised, delighted, and worried.

“Brother Ming!”

“Palm God!”

“Brother Ming!”

All the younger brothers and all the fans couldn’t help cheering – the palm \*\*\*\*\* Xu Ming is back!

At this time, many talents discovered that Xu Ming's face was becoming more mature and handsome; the edges and corners of his face became more and more distinct.

After Xu Ming flew Ao Tian away, he clapped the dust on his hands disdainfully, and stared at Ao Tian coldly: "Even my woman, you dare to make up your mind?"

Even my woman, you dare to make up your mind?

All the younger brothers and all the fans were stunned at first, but then came back to their senses, and they were all infected by Xu Ming's domineering reads();.

"Brother Ming is mighty!"

"Brother Ming is domineering!"

"Yeah, how many faces does he have to be slapped if he dares to hit our brother Ming's woman!"

"I'm afraid, only Brother Ming is worthy of Miss Gu; in the same way, only Miss Gu is worthy of Brother Ming!"

...

Hearing Xu Ming's domineering declaration, listening to the heartfelt remarks from his younger brothers and fans, Gu Hanmo couldn't help but blushed: "Who is his woman? Also, does it match him?"

But Gu Hanmo's heart was undoubtedly filled with joy.

However, at the moment of the enemy, she was inevitably worried: "Xu Ming is back now, and the situation has become more complicated all of a sudden, and I don't know what direction it will develop..."

But Gu Hanmo also knew that even if Xu Ming didn't show up today, the situation would not be much better; no matter what, a battle would be inevitable.

Zhang Youtian, who had just been slapped away, had already stood up again and stood in a corner of the crowd. He stared blankly at Xu Ming's silhouette: "The gap between me and Xu Ming is getting bigger and bigger... Maybe, only he can match Gu Hanmo..."

At this moment, Zhang Youtian finally gave up on Gu Hanmo completely. He knew that compared with Xu Ming, he was not qualified to pursue Gu Hanmo at all.

Soon, Ao Tian covered his face and got up.

He looked at Xu Ming with hatred and murderous intent: "You...you beat me!?"

Xu Ming disdainfully said: "What happened to you? It's like you haven't been beaten by me! – Why, I haven't been beaten for a few days, so I forgot what it's like to be beaten? It's okay to forget it, come here, I Help you study hard!"

Ao Tian didn't dare to say more, he seemed to recall the burning pain on his face.

Xu Ming's younger brothers, the brain-dead fans watched this scene, and their hearts were full of emotion – Brother Ming is domineering! What happened to the Young Sect Master of the Hidden Killing Sect, still pumping! And it still makes the other party have no temper at all!

only...

Pumping, although pumping is cool! But in today's situation, even the most loyal younger brothers and fans like No. 2 and Luo Feng can't help but worry about Xu Ming – after all, the power of the Hidden Killing Sect is too great!

At this time...

"Xu Ming!!"

Inside the Wilderness Hall, there was a loud shout. Immediately, Ao Xiang, who was wearing a black robe and was domineering and decisive, rushed out.

Although Ao Xiang was in the hall, when Xu Ming arrived, there was such a big noise outside the hall, and it was impossible for him not to hear it.

“Xu Ming, how dare you hit my son again!” Ao Xiang gritted his teeth in hatred.

“What’s wrong with beating your son?” Xu Ming said disdainfully, “I beat him in front of your face; let alone just now, you weren’t here!”

“Good! Good! Good!” Ao Xiang said three “good” words in a row, “Today, I already have a way to deal with you! Isn’t your elusive means very good, if you have the ability, you can escape today. !— If you can’t escape, hum, just wait and enjoy the boundless life rather than die!”

“Oh! Don’t worry, I won’t run today!”

Immediately following, Gu Kongshan, Liang Weihe and other top figures from the two sects also came out.

“Gu Kongshan!” Ao Xiang said coldly, “I’ve been talking to you for so long, and you’re all talking to me! I don’t have the heart to talk to you any more!”

Ao Xiang is really angry today reads();.

He dignifiedly killed the sect master, and came to the Wilderness Sect in person to propose marriage for his son; he also brought the masters of the whole sect, obviously with the attitude of overwhelming force. However, in the Wilderness Hall, Gu Kongshan dragged him to argue for a long time, and there was no progress in the marriage proposal.

That’s fine. At this moment, his precious son, Ao Tian, was outside the hall and was slapped by Xu Ming again.

How can Ao Xiang not be angry with this?

How can you not be angry?

“Gu Kongshan, let me ask you one last question – your beloved son Aotian, will you agree to the marriage with Ling’s daughter Gu Hanmo!?” In Aoxiang’s tone, there was no more tact, but he was aggressive, “Don’t do it again. Talk to me, as long as the answer I hear is not the word ‘promise’, I will forcefully take your daughter away right now!”

Ao Xiang directly issued an ultimatum. He made it clear that he wanted to help his son marry Gu Hanmo!

“Father...” Gu Hanmo shouted in a somewhat bewildered voice.

Gu Kongshan returned a “reassuring” look.

“Why, Gu Kongshan, haven’t decided yet?” Ao Xiang’s eyes narrowed, “Since it hasn’t been decided yet, let me decide for you!”

Saying that, Ao Xiang waved his hand. The five hundred Congealing Pill masters of the Hidden Killing Sect all walked behind him.

“Sect Master Ao, you are forcing me...” Gu Kongshan shook his head, with struggle and determination in his eyes.

“Yes, I’m forcing you!” Ao Xiang walked slowly but calmly, and walked straight to Gu Hanmo; the masters of five hundred condensed pills followed closely, “Listen to my order, but if someone dares to block it, kill without mercy!”

“Kill without mercy!”

“Kill without mercy!”

The masters of Hidden Killing Zong Ningdan shouted loudly, their momentum soaring to the sky.

Ao Xiang has absolute control over the Hidden Killing Sect, which can be seen from his current appeal.

“Hey...” Gu Kongshan sighed heavily, “What you don’t want to happen, it will happen!”

Xu Ming said: “Sect Master, let’s fight! My strength is no less than half-step spiritual realm, and it is not a problem to deal with soaring!”

“However, they have too many masters in the Pill Condensation Realm!” Gu Kongshan sighed through voice transmission.

“I have a countermeasure!” Xu Ming said, “Sect Master, leave more than half a step of condensing pills, and let others ~www.readwn.com~ withdraw!”

There was not much time for Gu Kongshan to think, and in the blink of an eye, Gu Kongshan made up his mind: “Then let’s fight! It’s just... I hope I won’t let me use the trump card of the Wilderness Sect!”

“Attention to all members of the Wilderness Sect!” Gu Kongshan’s voice transmission instantly resounded in the ears of everyone in the Wilderness Sect, “Above half a step of condensing pills, ready to fight! The rest of the people will retreat into the Wilderness Hall!”

It’s time to fight!

Everyone in the Wilderness Sect was shocked.

boom!

The sect-protecting formation of the Wilderness Sect appeared again.

Gu Kongshan controlled the formation and temporarily separated the members of the Wilderness Sect and the Hidden Killing Sect into two areas.

Needless to say, the warriors below half a step of condensing pills have retreated into the wild hall at the fastest speed.

rumbling...

The gates of the Wilderness Hall slammed shut.
