

A World 2211

Chapter 2211: Behead!

“What are you? You dare to let me go to you?”

Between heaven and earth, Xu Ming’s voice echoed.

The other Great Venerables and Heavenly Sovereigns all fell silent all of a sudden. Everyone looked at Xu Ming with dead eyes.

What is Xu Ming’s current situation? – Targeted by the Great Master Zihe, the Great Master Chimie, the Eternal Hall Master, and the Great Master Changye; more cosmic will came, and stared at Xu Ming to restrain Xu Ming’s mysterious resurrection technique.

In this situation, in the eyes of other great masters, it is definitely a situation where mountains and rivers are exhausted!

At this time, Chang Ye Da Zun was willing to protect Xu Ming. It can be said that this should be Xu Ming’s only way of life. But what about Xu Ming? Not only did he not cherish this hard-won way of life, but instead he pointed directly at the nose of Chang Ye Da Zun and insulted: “What are you?”

The dead silence lasted for a while before someone spoke to break the silence.

“I just don’t know how to live or die!”

“The Great Senior Changye is obviously out of good intentions. This Xu Ming, it’s fine if he doesn’t appreciate it. Instead, he insults the Great Senior Changye? Isn’t this because he thinks his life is too long?”

“Xu Ming originally had a way to survive, and that is the Great Senior! Now, this way of life has been blocked by himself!”

All the Great Venerables and All Heavenly Supremes all shook their heads and discussed, laughing at Xu Ming's ignorance.

"Hahahaha..." Great Senior Chi Mie couldn't help laughing, "Xu Ming, ah Xu Ming! I really don't know what to say about you! – Great Senior Chang Ye has given you a way to survive, it's not good to live well But you want to block this way of life too!"

Having said that, Great Senior Chi Mie looked at Great Senior Long Ye, and said with a little humility, "Great Senior Chang Ye, like this kind of small disciple, is not worthy for you to do it yourself! It just so happens that I have a serious grudge with him, Why don't you let me take action and clean up this dead thing for you, Chang Ye Da Zun, how about you?"

Chi Mie Da Zun did this, first, to please Chang Ye Da Zun; second, he wanted to kill Xu Ming himself to vent.

"Okay!" Great Senior Chang Ye agreed without hesitation.

You must know that in terms of his own strength alone, Chang Ye Da Zun is "the first in the true universe"! If the Great Senior Zihe does not use the help of the will of the universe, if the Eternal Palace Master does not rely on the treasures left by the Eternal Great Senior, he will not be his opponent!

That is to say, the Great Senior of Changye is almost a well-deserved number one powerhouse in the true universe!

In his opinion, with his status as the "No. 1 Powerhouse in the True Universe", it is naturally inconvenient to personally take action against such a supreme being as Xu Ming – that is an act of surrendering his identity.

Of course, Great Master Changye still had a slight dread towards Xu Ming. After all, Xu Ming came back from the depths of the Path of the Source Realm; Great Master Changye didn't know what secrets were hidden in the depths of the Path of the Source Realm. He only knows that the path to the source world is by no means easy!

Not willing to surrender his identity, but also jealous of Xu Ming, Chang Ye Da Zun is really not willing to do it himself. Now, Great Senior Chimie came up to ask Ying, and Great Senior Chang Ye couldn't be happier.

Even, in the depths of his heart, Great Senior Long Ye still faintly mocked Great Senior Chi Mie for being too ignorant and stupid.

Great Senior Long Ye has no opinion, so will Great Senior Zihe of course.

The Zihe Great Venerable had only one purpose here, and that was to let Xu Ming die! – As long as Xu Ming is dead! As for how Xu Ming died and who killed him, he didn't care.

It was the Eternal Palace Master who spoke up.

But it wasn't for Xu Ming.

“Xu Yin, come to my side!” The Eternal Palace Master ordered.

He was obviously worried that once Chi Mie Da Zun made a move, it would hurt Xu Yin. You must know that Xu Yin is the super genius of their Eternal Hall, and now he has returned from the depths of the source world, which is extremely important to the Eternal Hall.

“No...” Xu Yin shook his head subconsciously—she knew now that Xu Ming was her biological father; at this time, she naturally had to fight side by side with her father.

Moreover, Xu Yin still has the power of Originium fragments hidden in her body, and her current strength is not weak! Even if she faced the Great Venerable Chimie head-on, she was not afraid at all.

However, just as Xu Yin said “no”, he was interrupted by Xu Ming: “Go to the Eternal Hall Master first!”

Xu Ming said with a smile.

In the face of Chi Mie Da Zun, Xu Ming naturally did not worry about Xu Yin's safety. However, Xu Ming knew that he would definitely have to face the great masters such as Zihe Dazun and Changye Dazun, and even directly face the will of the universe. At that time, if Xu Yin stayed by his

side, it would be inevitable. It will distract yourself; let Xu Yin go back to the Eternal Hall Master first, so that Xu Ming can let go of his hands and feet to fight.

“Then... Okay! You have to be careful!” Father and daughter were heart-to-heart, and Xu Yin naturally understood what Xu Ming meant. She warned, and then obediently flew to the side of several great experts in the Eternal Hall.

Although the Eternal Hall Master saw that Xu Yin was back, he always felt a little uncomfortable – he ordered Xu Yin, but Xu Yin didn’t listen at all. But Xu Ming said something casually to Xu Yin, and Xu Yin immediately listened.

The Eternal Hall Master suddenly felt that he was a bit of a failure as the Hall Master, and he could not even order a genius that he had cultivated with all his strength.

...

“Jie Jie Jie Jie...” Chi Mie Da Zun didn’t pay attention to this detail, he had already walked up to Xu Ming, Jie Jie smiled wickedly, “Xu Ming, I didn’t expect it! No matter how much you jump, you will eventually die by my hands. inside!”

“Heh!” Xu Ming looked at this ignorant Chimie Dazun with a half-smile but not a smile.

The Great Senior Chimie continued with a grinning smile: “Anyway, you are dying, so I might as well tell you—when I was besieging Gu Hanmo I was the one who contributed the most, and in the end caused a fatal wound to Gu Hanmo. It’s me too! And now, you’re going to die in my hands, don’t you think it’s a coincidence?”

Xu Ming’s pupils shrank slightly.

“Okay! Let’s face death!” Chi Mie Da Zun smiled grimly, but he didn’t mean to underestimate the enemy in the slightest. He also knew that Xu Ming had come back from the depths of the Path of the Source Realm, so he might have some powerful means.

Of course, although Great Senior Chimie didn’t mean to underestimate the enemy, he didn’t think Xu Ming could threaten him – after all, he was the top ten superpowers in the real universe! And Xu Ming, no matter how strong he is, he is only the Supreme Being!

boom! !

The imposing manner of the Great Lord of Scarlet Extermination instantly climbed to the peak! In his opinion, this can be regarded as “the lion fights the rabbit with all his strength”!

“If you can let me, Great Venerable Chimie, go all out to deal with you, even if you die, you will be proud of yourself!”

Chi Mie Da Zun’s aura completely exploded, and he immediately killed Xu Ming.

And from beginning to end, Xu Ming remained motionless. In the eyes of other great masters, Xu Ming seemed to be frightened and foolish, or that he had no time to react under the attack of the Great Venerable Chimie.

but...

When Chi Mie Da Zun killed Xu Ming, Xu Ming finally moved.

call out-

The boundary-breaking gun in Xu Ming’s hand didn’t seem to have such a terrifying aura. But it was this inconspicuous shot that easily penetrated the divine body of the Great Venerable Chimie.

What is even more terrifying is that under this shot, the divine body of the Great Venerable Chimie began to collapse directly! The Great Senior Chimie wanted to control his divine body in horror, but found that he couldn’t control it at all, and could only watch his divine body completely collapse.

Bang!

Under the watchful eyes of the public, in the blink of an eye, the divine body of the Great Venerable Chimie collapsed and nothing remained!

Only one shot, the Great Venerable Chimie, die!

Chapter 2212: Eternal As Night

Only one shot, the Great Venerable Chimie, die!

...

quiet!

Deathly silence!

Who is the Great Venerable Chimie? – This is not some kind of cat or dog, but the top ten in the real universe! It was such a superpower who looked down on the real universe, but now he died in the hands of the Supreme Being, Xu Ming.

Moreover, it is a one-shot kill!

This shot has subverted everyone's cognition.

“How... how is it possible?”

“How can it be so strong!?”

“This is impossible!”

The Great Seniors present couldn't believe it. As for the Supreme Beings, they were even more surprised that they couldn't even speak.

“One shot?” Great Senior Chang Ye looked at Xu Ming in disbelief, “Even if it was me, I'm afraid I might not be able to do it, right?”

The Great Master Changye has entered the universe sea!

Of course, the place where the Great Senior of Changye went was just a remote area in the universe sea. However, he is clear about the division of the strength of the Cosmic Sea – for example, the Great Senior of the Night knows that he is the “eleventh-order” combat power in the Cosmic Sea! And the likes of Great Venerable Chimie and Great Venerable Bitter Rain should be “tenth-order” combat power.

“Xu Ming can kill Chi Mie Da Zun with a single shot, so his strength is equivalent to the eleventh order!” Chang Ye Da Zun narrowed his pupils and looked at Xu Ming, “But...he is in the realm of the Supreme Being! How can he be so strong? ”

Immediately, Great Master Changye thought of a possibility: “Some of the power source stones that have been refined by the super power of the cosmos sea may be used by Heavenly Sovereign!”

This kind of method, Chang Ye Great Senior has only heard of it, but he has never seen it with his own eyes.

Thinking of this, Great Senior Chang Ye breathed a sigh of relief, and secretly said in his heart, “It turned out to be the source of power! That’s no wonder!”

However, what Chang Ye Great Senior did not know was that Xu Ming did not rely on the power source stone at all, but purely his own power!

“Here!” Great Senior Zihe looked at Xu Ming with cold eyes, and shouted coldly, “It really is a heresy! In the real universe, such power is not allowed to exist!”

At this time, the Supreme Lord Zihe was exuding a holy light all over his body, which made people unable to resist the urge to pay homage – this is the power given to the Supreme Lord Zihe by the will of the universe!

Many Heavenly Sovereigns in Disorder City have already knelt down one after another, and worshipped the Great Senior Zihe.

“Xu Ming!” Zihe Dazun’s iron face was cold, “Today, I will represent the will of the universe and come to judge you!”

boom!

boom!

boom! !

The imposing manner on Zihe Dazun continued to rise, and soon reached the “eleventh order” level! Of course, this is not the power of Great Senior Zihe himself; his own strength, placed in the sea of cosmos, is only at the “tenth-order” level!

In the sea of cosmos, the difference in the strength of the first order is like a moat!

Feeling the surging power on his body, Great Senior Zihe gave a grim smile with satisfaction. Then, he looked at Xu Ming: “Xu Ming, die!”

The Great Senior Chang Ye watched silently, and secretly said: “The Great Senior Zihe relies on the gift of the will of the universe, and the current power is probably stronger than me! Even if it is me, facing the current Great Senior Zihe, I have to retreat! ”

Looking at the real universe... Great Venerable Zihe is the most powerful Great Venerable when he has the will of the universe! And in terms of pure personal strength, it is Changye Great Senior who is the strongest!

Swish!

Zihe Dazun killed Xu Ming in an instant, and the light on his body became more and more holy – Zihe Dazun is truly “acting the way for heaven”, because “heaven”, that is, the will of the universe, wanted Xu Ming to die. !

“Oh!” Xu Ming did not show weakness, and shot up to meet him.

Xu Ming could see that although Zihe Dazun was imposing, but to put it bluntly, it was only “Eleventh-Order” strength! And Xu Ming’s strength is the peak of the eleventh order! So... even if the Great Venerable Zihe represents the will of the universe and acts for the heavens, what is Xu Ming afraid of?

Anyway... Xu Ming is not the first time against the sky!

“I can’t help myself!” Seeing Xu Ming approaching him with a gun and facing the Great Senior Zihe, Great Senior Chang Ye couldn’t help sneering, “The current Great Senior Zihe, even me, has to retreat; Xu Ming dares to face him?”

In the eyes of the Great Master Changye, Xu Ming was completely over his own strength and seeking his own death.

boom-

However, when Xu Ming and Zihe Da Zun collided, everyone was shocked again! The one who is at a disadvantage is... Zihe Da Zun!

“what!?”

“This...”

“Zihe Dazun is acting on behalf of the will of the universe! Xu Ming still has the upper hand!?”

“How can it be so strong? How can it be so strong!?”

“Doesn’t this mean...even the will of the universe can’t do anything about Xu Ming?”

Since the five cosmic eras, there have indeed been super existences that make the will of the universe unable to do anything. There are only two people, namely: Kunpeng Dazun and Eternal Dazun!

And now, there is a third one, Xu Ming!

Even the will of the universe can no longer help Xu Ming!

“Humph!” Great Senior Chang Ye looked at Xu Ming, his eyes gradually burning with hatred, “Why? Why!?”

The Great Senior Chang Ye gradually became mad: “In the entire universe I was the first to step into the ‘Eleventh-Order’ realm! However, the Great Senior Kunpeng and the Great Senior Eternal all came later and became the Boundary Breaker; I am the only one who has been staying at the eleventh rank, and my strength has hardly improved...”

“Now...” The more senior Chang Ye thought about it, the more angry he became. “This Xu Ming, who just appeared not long ago, is actually going to become a world breaker?”

Based on the experience of the Great Master Changye, it can naturally be seen that Xu Ming’s current performance is a sign of becoming a world breaker!

“Why, I’m the only one who can’t become a world breaker!?” Great Senior Chang Ye really hates it!

“Humph! I can’t become a world breaker, and you can’t even want to be!” Great Senior Chang Ye looked at Xu Ming coldly, “Also... I may have the chance to become a world breaker! As long as I kill Xu Ming and seize it His chance, maybe mine is coming!”

And if you want to kill Xu Ming, now is undoubtedly the best chance!

Thinking of this, Chang Ye Da Zun no longer hesitated.

boom!

In an instant, the endless darkness engulfs the boundless sky! The entire Eternal Domain is completely plunged into darkness, eternity is like a long night!

In this endless darkness, Chang Ye Da Zun’s strength has reached its peak!

“This is...” The Eternal Palace Master was startled, “The Great Senior of the Night has taken action!?”

The Eternal Palace Master even looked at it.

Sure enough, Chang Ye Da Zun's figure quickly disappeared into the darkness.

An almost imperceptible black shadow, like a black lightning bolt, flashed across the void, stabbing Xu Ming's back.

At this time, Xu Ming was fighting head-on with the Great Senior Zihe, and was dragged by the Great Senior Zihe, as if he did not notice the danger coming from behind.

"Humph!" In an instant, Chang Ye Da Zun was behind Xu Ming, and the corners of his mouth curled up with cruelty, "Death!!"

Chapter 2213: The Ambition Of The Fallen Devil

"Father..."

After all, the father and daughter were connected, and seeing Xu Ming seemed to be in danger, Xu Yin's heart clenched.

However, Xu Ming did not panic at all. He had already noticed the sneak attack of the Great Master Changye; just when the Great Master Changye killed him behind him, Xu Ming's figure flashed and he instantly retreated far away.

And the Great Senior of Changye, naturally fluttered in the air.

"Long Ye Da Zun!" Xu Ming said coldly, "There seems to be no endless hatred between you and me, right? Are you really going to attack me?"

"Hey hey hey..." The Great Master Changye sneered, "Although you and I have no grudges, but it is my duty to eradicate the heresy in the universe!"

"Really?" Xu Ming sneered, "Exactly! I also want to see how powerful the legendary Great Master Changye is!"

"I'm afraid you don't have the qualifications to let me use all my strength!" Chang Ye Da Zun smiled wickedly, and once again disappeared into the darkness, continuing to kill Xu Ming.

And Zihe Dazun laughed loudly: “Longye Dazun, you did a great job! When Xu Ming is eradicated, you will definitely contribute, and the will of the universe will definitely give you a reward!”

With a big laugh, Zihe Dazun also killed Xu Ming.

boom! boom! boom! boom! ...

For a time, the movement of the three super-powerful battles shook the entire Eternal Domain.

The strength of Zihe Dazun is slightly inferior to Xu Ming; and the strength of Changye Dazun, and Zihe Dazun who borrowed the will of the universe, are actually just in the middle, so they are also slightly inferior to Xu Ming. However, the two giants of the real universe, Zihe Dazun and Changye Dazun, are not afraid of Xu Ming.

But even so, the battle of the three was indistinguishable for a while.

The movement of destroying the sky and destroying the earth has spread to the endless frontier of the Eternal Domain. Each Great Senior looked at them from a distance, daring not to approach or intervene.

“too strong!”

“How can Xu Ming’s strength be so strong? With one enemy against two, he is still inextricably battling with Great Senior Zihe and Great Senior Long Ye!”

“If we keep fighting like this, I really don’t know when the winner will be decided!”

“Would you like to go up and besiege Xu Ming together?” said a cold-looking Great Venerable.

“Besieging Xu Ming? Where did you get the courage?” Great Master Kuyu sneered, “Just the aftermath of their battle is not something you can contend with, right? It’s better to go up to create chaos than to go up to besiege! Besides... Even the Great Master Chimie was killed by Xu Ming in one move, even if I go up, I am afraid I will be killed in one move; how many moves can you carry?”

You must know that the strength of the Great Senior Bitter Rain, but the same as the Great Senior Chimie, also has the strength of the top ten in the true universe!

However, the Great Venerable Chimie was killed in seconds, and the Great Venerable Bitter Rain really didn't dare to go up and die! Moreover, Great Senior Bitter Rain also has self-knowledge. Knowing that his own attack, I am afraid that he can only tickle Xu Ming, and it will not have any substantial impact on Xu Ming at all!

All in all – Xu Ming is too strong!

Strong enough to completely ignore other Great Seniors!

Speaking of the great lords present, who else can participate in the battle to besiege Xu Ming... I am afraid there is only one person left!

Thinking of this, many Great Seniors have turned their attention to the Eternal Hall Master! – The own strength of the Eternal Palace Master actually has some gaps with Changye Great Venerable. However, the Eternal Hall Master, like the Great Senior Zihe, can rely on foreign objects to burst out a combat power that is no weaker than that of the Great Senior Long Ye!

Even if the Eternal Hall Master really uses the treasures left by the “Eternal Great Venerable”, he is estimated to be able to suppress Changye Great Venerable and Zihe Great Venerable!

“Eternal Palace Master!” Great Senior Bitter Rain looked at Eternal Palace Master and said with a smile, “Three points of true cosmic power! Among the three forces, the leaders of two parties have already taken action, why don't you do it?”

The leaders of the three forces in the true universe are the Eternal Hall Master, the Great Master Changye, and the Great Master Zihe. The other Great Venerables surrounded the three leaders and joined one of the forces.

And now, the appearance of Xu Ming has obviously destroyed the “three-point world” pattern of the true universe!

The reason why Chang Ye Da Zun took the initiative to take action against Xu Ming, in addition to being jealous, actually did not want to see the current pattern of the real universe being destroyed! After all, if Xu Ming is allowed to grow up, Xu Ming will become a world breaker! – In a universe without a world breaker, the Great Master Changye can be “the king without a tiger and a monkey in the mountains”; however, once there is a world breaker in the universe, then the Great Master Changye is a fart!

Great Master Changye doesn’t want to be a fart! He wants to continue to dominate the real universe!

However, what surprised the Great Senior of Changye was that he still underestimated Xu Ming’s strength! When he and Zihe Dazun teamed up, he could only tie with Xu Ming!

“Palace Master?”

“Should our Eternal Palace take action?”

Several Great Venerables of the Eternal Hall have privately transmitted their voices.

“Now that Great Senior Long Ye and Great Senior Zihe have already taken action, if our Eternal Hall doesn’t make a statement, it will inevitably be targeted by both of them in the future!”

“Yeah... If we are targeted by both parties then our Eternal Hall will be sad!”

“Palace Master!” Of course Xu Yin was anxious! Of course she didn’t want to see that the Eternal Palace Master also participated in the siege of her father.

However, Xu Yin has already made up her mind – if the Eternal Palace Master really wants to take action, she will stop everything she says! You must know that now Xu Yin still has the power endowed by the power source stone, and also has the combat power of “the tenth order of the universe sea”; if he bursts out with all his strength, he can still stop the Eternal Palace Master for some time.

The Eternal Palace Master thought for a while and said, “No need to say more! I have my own plans! And...”

The Eternal Palace Master said, smiling confidently: “And... it is not so easy to target our Eternal Palace! Our Eternal Palace is not a soft persimmon!”

The Eternal Palace Master said these words, of course, with confidence. The treasure left by the Eternal Great Venerable is enough to make the Eternal Hall stand proudly in the real universe for many cosmic eras!

...

Even the “Sinking Demon Lord” of the virtual universe is watching this battle from a distance across endless time and space.

“I really didn’t expect it...” The Fallen Demon Lord sighed with emotion. He is the only “great master” in the virtual universe. To a certain extent, he also watched Xu Ming grow up, “The little guy back then has grown to such a state so quickly! It’s really amazing. It’s beyond my expectations! Much stronger than me!”

At this moment, the Fallen Demon Lord suddenly looked solemn.

He stood with his hands behind his back, facing the surrounding void, and said lightly: “The will of the universe, I know you are listening to me! After all...you are everywhere!”

The surrounding void ripples slightly, as if responding to the fallen devil.

Seeing this, the fallen devil smiled: “The will of the universe, you know what the purpose of my coming to the virtual universe is! You really don’t think about it?”

Chapter 2214: Afraid To Compare Goods

“The will of the universe, you know what the purpose of my coming to the virtual universe is! You really don’t think about it?”

After the fallen devil finished speaking, he smiled lightly, as if waiting for the response of the will of the universe.

But the surrounding space and time were silent.

...

boom! boom! boom! ...

real universe.

Eternal domain.

The battle between Zihe Dazun and Changye Dazun to besiege Xu Ming was still going on.

To be precise, it was not the Great Senior Zihe and Great Senior Changye who were besieging Xu Ming, but... Xu Ming was pressing these two Great Seniors to fight!

Yes!

It's really pressing!

Even if Zihe Dazun and Changye Dazun joined forces, they would actually be on a tie with Xu Ming; as time passed, Xu Ming would inevitably find a flaw. Moreover, every particle of Xu Ming's divine body is a particle universe; the ability to fight for a long time can be imagined!

As the battle continued for a long time, it naturally became that Xu Ming was fighting against the Great Senior Zihe and Great Senior Changye.

The surrounding Great Venerables and Heavenly Supremes were all silent; especially those who thought that Xu Ming would die, and now they didn't know what to say. Xu Ming's strength has already subverted their understanding.

"retreat!"

After a collision, Great Senior Changye and Great Senior Zihe flew away in tacit understanding, keeping some distance from Xu Ming.

“Xu Ming! You really surprised me!” Chang Ye Da Zun’s eyes were cold.

“What? Do you want to continue fighting?” Xu Ming sneered, which was quite provocative—in this weak universe, there was nothing that could threaten Xu Ming! Including the will of the universe; as long as Xu Ming himself does not violate the rules of the universe, the will of the universe cannot help Xu Ming!

“Humph! Xu Ming, don’t be too arrogant!” Great Senior Chang Ye sneered, “Do you think... with your strength, can you really make me and Great Senior Zihe jealous? Ridiculous!”

Zihe Dazun also smiled indifferently: “Whether it’s me, Changye Dazun, or the Eternal Palace Master who is watching the battle there, if we really use our trump cards, any one of the three can be easily killed. You! We just want to see if you are qualified to let us use our trump cards!”

In addition to their extraordinary strength, the three giants of the real universe naturally have trump cards. Otherwise, how can they shock the entire real universe?

“Xu Ming, Xu Ming, I can only say that you are too ignorant...” The Great Senior Long Ye sneered cruelly, “You have such strength, if you can keep a low profile for some time, then you must be Ji Kunpeng. Da Zun, the third world breaker after the Eternal Da Zun! At that time, there will be no one who can do anything to you in the entire real universe! But you show your strength when you are still young, how can you let us Don’t kill you? Aren’t you asking for your own death?”

“Really?” Xu Ming smiled and looked at the Great Master Chang Ye, “You want to kill me?”

The Great Master Changye did not answer Xu Ming directly, but looked at the Great Master Zihe and the Eternal Hall Master: “Who are we to take action?”

The Eternal Palace Master did not speak.

Zihe Dazun said: “You shoot! The price you paid, we three parties share! If the Eternal Palace Master does not agree, I will persuade him at that time!”

“With your words, I can take action with confidence!” Chang Ye Da Zun laughed, “This is a matter of our entire true universe, and I don’t want me to pay the price alone!”

After speaking, Great Senior Chang Ye looked at Xu Ming: “That’s right! I’m going to kill you!”

“Heh!” Xu Ming sneered, “Just rely on you? What are you going to kill me for?”

“So Xu Ming, this is where you are ignorant!” The Great Master Changye smiled proudly, “You know nothing about true power!”

boom!

Saying that, Great Senior Changye opened his hand, and an irregularly shaped stone that exuded the aura of absolute power appeared in the palm of his hand.

“This is...” Many Great Seniors were surprised—this stone made them feel an incomparably suppressed and powerful aura.

“This is...” Xu Yin was also surprised. On this stone, she felt a familiar breath, “This kind of breath is very similar to the breath on the chapter of the Nine Stars of Disorder, but it is more powerful!”

“Hahahaha...” Seeing the reactions around him, the Great Senior laughed proudly, “Xu Ming, you must have never seen this before, right? Then I might as well tell you, this is the source of power! It is the universe. Treasures that don’t exist in!”

Power source stone?

Treasures that don’t exist in the universe?

The other great masters around were even more shocked—the treasures that do not exist in the universe, where did they come from?

Immediately, the awe of the Great Seniors towards Changye Great Senior became even stronger.

“To be honest... If it wasn’t for your strength that was too unexpected for me, I would really be reluctant to waste a power source stone on you!” Chang Ye Da Zun said again.

Xu Ming was completely speechless when he looked at Chang Ye Da Zun who was showing off his face.

Power source stone? – Can Xu Ming not know him?

Moreover, the power source stone in the hands of Changye Great Senior is just a low-grade power source stone! And in Xu Ming's hands, there are millions of "Original Stones of Supreme Power"!

In terms of value, a low-quality Originium of Power is not as good as a scale and half of a corner of a top-quality Originium of Power; Great Master Ku Changye is like a dazzling treasure, showing off in front of Xu Ming for a long time. Xu Ming really wanted to take out a few hundred top-quality Originium Stones and blind the eyes of the Great Master Changye I thought what your trump card was! Is that what it is? "Xu Ming said subconsciously.

"So it's this thing?" Great Senior Chang Ye couldn't stand Xu Ming's contemptuous tone, "It's just this thing, if you have the ability, you can show me one!"

"This... I can't come up with it!" Xu Ming said.

On Xu Ming, he would not put down "garbage" such as the Originium of Power. Xu Ming's servants would have it.

"If you can't take it out, how dare you pretend it here!?" Great Senior Long Ye sneered.

"But... I have this!" Xu Ming also turned his hand, and a stone appeared in the palm of his hand. It was... the source stone of supreme power!

"This is...?" Chang Ye Da Zun was stunned. He could clearly feel that the stone in Xu Ming's hand was much stronger than the stone in his hand.

Don't be afraid of not knowing the goods, just be afraid of comparing the goods! – If the low-quality Originium of Power in the hands of Great Master Changye shines like stars in the sky; then, the top-quality Originium of Power that Xu Ming has taken out now is a scorching sun!

All of a sudden, the light of Chang Ye Da Zun was completely covered up.

And Great Senior Long Ye also reacted. In his eyes, there is greed, but more of it is panic: “The Origin Stone of Top Grade Power? This is the Origin Stone of Top Grade Power!? How could you have such a treasure in your hand!?”

You must know that even in the sea of cosmos, who can have the source stone of the best power, that is a super existence! At least, with the strength of Changye Dazun, he is not qualified to obtain the source stone of supreme power in the sea of cosmos!

“Isn’t it just a broken stone?” Xu Ming said lightly.

Then, Xu Ming waved his hand again, and hundreds of top-quality Originium Stones floated in front of him; and this was just a drop in the bucket that Xu Ming took out.

Chapter 2215: Come To The Universe Sea And Kill Me!

“Look, I have more here!”

Hundreds of top-quality Origin Stones, like hundreds of scorching suns, were suspended around Xu Ming.

In comparison, the low-grade power source stone in the hands of Changye Great Venerable is so bleak!

The place was dead silent.

“This...” Great Senior Changye and Great Senior Zihe looked at each other with a confused look on their faces.

They did not expect that Xu Ming would have a top-quality source of power in his hands, and there would be so many!

Even though Great Master Changye and Great Master Zihe also have some high-grade power source stones, the most advanced ones in their hands are only high-grade power source stones, and

they are used to press the bottom of the box! Even if the two of them use the high-grade Originium of Power at the same time, they are not Xu Ming's opponents!

"Anything else?" Xu Ming sneered.

Chang Ye Great Senior was full of bitterness. He lost!

In fact, all the Great Venerables present could see that since Xu Ming took out the source stone of supreme power, there is no one in this universe that can compete with Xu Ming!

From now on, the real universe will probably be Xu Ming's "Yiyantang".

However, Chang Ye Da Zun still wanted to make a final struggle. He secretly sent a voice transmission to the Great Venerable Zihe and the Eternal Hall Master, and said, "I still have the last killer move! As long as the three of us join forces, we may not be able to help Xu Ming! At that time, hundreds of extremely high-quality power sources will be on Xu Ming's body. Shi, we are divided equally among three parties!"

Zihe Dazun thought for a while, and then asked the voice transmission: "How much confidence is there?"

"Seventy percent!" The Great Master Changye said, "But it must be the alliance of our three parties, and all use the high-grade power source stone!"

The Great Senior Zihe looked at the Eternal Hall Master and did not speak, but the meaning was obvious. What do you think?

The Eternal Hall Master directly vetoed: "I will not participate!"

Behind the Eternal Palace Master is the entire Eternal Palace, how could he dare to offend Xu Ming so easily? If Xu Ming could not be killed, the entire Eternal Palace would suffer. So... 70% sure, the Eternal Palace Master will never consider it; if 100% sure, he can still think about it.

"Eternal Palace Master!" Great Senior Chang Ye anxiously transmitted his voice, "You just think that you are looking at the friendship of so many epochs, can't you do me a favor?"

Chang Ye Da Zun has already offended Xu Ming to death. Now that Xu Ming is so powerful in both strength and trump card, how can he not panic?

“Sorry! I can’t help!” Eternal Palace Master said without hesitation.

friendship?

To be honest, the Eternal Hall Master really doesn’t feel that he has any friendship with the Great Senior Long Ye; on the contrary, as two of the three giants of the true universe, he and Great Senior Chang Ye are eager for each other to die sooner! Therefore, it is even more impossible for the Eternal Hall Master to help the Great Senior Long Ye.

“Great Master Changye!” Xu Ming looked at Master Changye coldly.

If you want to say who Xu Ming wants to kill the most among these Great Venerables present, it is undoubtedly the Great Venerable Changye.

Although the Great Master Zihe also shot Xu Ming, he represented the will of the universe; if it wasn’t for representing the will of the universe, the Great Master Zihe would not have shot Xu Ming. Of course, without the assistance of the will of the universe, Zihe would Da Zun He didn’t have the strength to attack Xu Ming!

“If there is no other trump card, then I will do it!” Xu Ming sneered, and said to the Great Master Changye that since the other party wanted to kill him, Xu Ming naturally had nothing to be polite.

“Want to kill me?” Great Senior Chang Ye gritted his teeth, with a very painful expression on his face, “I admit, I’m not your opponent! But if you want to kill me, it’s still a long way off!”

Swish!

Great Senior Long Ye waved his hand, and a rune with a sword intent appeared in his hand.

“Humph!” The Great Senior of Changye crushed the rune directly, and immediately, hundreds of millions of sword qi surrounded him, “If you have the ability, come to the cosmos sea to kill me!”

“This is...?” Xu Ming was a little puzzled.

“Master!” A voice sounded directly in Xu Ming’s mind. It turned out that after Xu Ming walked out of Chaos City, he let those servants help him in secret to avoid any accidents. You must know that among the servants sent to Xu Ming by Holy Envoy Hemo, there are servants of the “thirteenth order”; it is naturally foolproof to have such a strong force, “This is a world-breaking talisman!”

“Boundary Breaking Talisman?” Xu Ming wondered, “What is it?”

“It can directly shatter the void, tear the cosmic membrane wall, and enter the cosmic sea!” Servant Lian explained, “This is a rune invented by the world breaker, and we cannot stop it! The only way is to enter the cosmic sea as soon as possible. Chase and kill him; presumably, he will not be able to run very far in the sea of cosmos for a while!”

“Forget it!” Xu Ming said in his mind, “A mere long-night great master, even if he enters the sea of cosmos, he will not be able to run anywhere! When I enter the sea of cosmos in the future, it will not be too late to take care of him!”

While speaking, the billions of sword qi around Chang Ye Da Zun’s body were already strong enough to forcibly tear the cosmic membrane wall! You must know how tough the cosmic membrane wall is, even a “twentieth-order” powerhouse cannot tear the cosmic membrane wall anytime, anywhere; and the only way to get out of the universe and go to the cosmic sea is to find the cosmic membrane The most vulnerable part of the wall is torn out.

“Heh! You didn’t use the Origin Stone of Supreme Power to stop me!” Great Senior Long Ye sneered, “It seems that I have some knowledge! I know that it is impossible for me to stop the World Breaker Talisman!”

boom! !

At this moment, the power of the Boundary-breaking Talisman soared into the sky, tearing a black hole directly in the void.

Inside the black hole, the divine sense cannot spy on it. But passing through the black hole is undoubtedly the cosmic sea.

Swish!

Hundreds of millions of sword qi wrapped around the Great Senior of the Night, and took him directly into the black hole. At the same time, the black hole also disappeared in an instant; after all, it is impossible to forcibly tear apart the cosmic membrane wall like this for long.

“Run!” All the Great Venerables and All Heavenly Supremes looked at each other in dismay at Changye Great Venerable, who was once known as the “No. 1 Powerhouse in the True Universe”, and ran away like that! Moreover, they fled directly to the sea of cosmos.

“Xu Ming!” At this time, the Great Senior Zihe looked at Xu Ming, “I only act on behalf of the will of the universe! Now, the will of the universe knows that it cannot kill you, and has acquiesced in your existence!”

The surrounding Great Venerables and Heavenly Supremes were shocked to hear that even the will of the universe bowed their heads to Xu Ming?

“Also, the will of the universe, let me convey a word to you!” Zihe Dazun continued, “I hope you will become a world breaker as soon as possible, and don’t stay in this universe!”

Can Xu Ming become a worldbreaker? There is no suspense anymore!

Even the will of the universe believes that Xu Ming will become a worldbreaker!

“I’ll go first!” After conveying the will of the universe, the Great Master Zihe said, “Xu Ming, don’t expect to kill me! What I represent is the will of the universe; even if you kill thousands of people It will be resurrected thousands of times by the will of the universe!”

Having said that, Great Senior Zihe also slipped away in despair.

Chapter 2216: Project The Real Universe

Chang Ye Da Zun escaped into the sea of cosmos.

The Great Senior Zihe walked away in despair.

The other Great Seniors who were watching were also scattered – those who were not Great Seniors with deep hatred and hatred, Xu Ming would not embarrass them. After all, for the current Xu Ming, the level of “great master” in the real universe is already a joke; except for the top ones, Xu Ming can kill all of them with a wave of his hand.

Soon, outside the Discord City, only Xu Ming and the great powers of the Eternal Palace were left.

“Eternal Palace Master!” Xu Ming looked at Eternal Palace Master and smiled, “Actually, I just have some personal grudges with Jian Yi; there is no deep hatred between me and Eternal Palace!”

The Eternal Palace Master nodded slightly – there is indeed no deep hatred between them and Xu Ming; otherwise, the Eternal Palace Master would have joined forces with the Great Senior Long Ye just now. As for the earlier, the reason why the Eternal Hall Master wanted to hunt down Xu Ming was because Jian Yi instigated him on the one hand, and on the other hand because the Eternal Hall had always been domineering.

Now, with Xu Ming showing such tyrannical strength, the Eternal Palace naturally no longer has the qualifications to be domineering.

The Eternal Palace Master is not stupid! He wouldn’t have a bad relationship with Xu Ming, who is now a super strong and destined to become a world breaker in the future for the sake of a sword change.

“Jianyi is still alive?” The Eternal Palace Master asked.

“I’m still alive now! But there’s no need to be alive any time soon!” Xu Ming said without beating around the bush. With his current strength, there is really no need to beat around the bush.

“Jian Yi is too arrogant by nature!” The Eternal Hall Master nodded and said, “I told him long ago that, like him, sooner or later, he will get into a big disaster! But he didn’t listen, thinking that the Eternal Hall was covering him, so he You can do whatever you want.”

“It’s time to end this grievance!” With a wave of Xu Ming’s hand, Jian Yi, who was imprisoned in the “Heart Universe”, was released directly.

When Jian Yi was first released, he was still confused. However, when he saw the power of the Eternal Temple, he immediately cried out.

“Palace Master, Deputy Palace Master, and Elder Taishang, save me! Xu Ming wants to kill me! Xu Ming wants to kill me!” Jian Yi shouted again and again.

However, what puzzled Jian Yi was that the powers of the Eternal Palace were all indifferent to his shouts—what he didn’t know was that his life and death had already been decided.

Xu Ming did not rush to kill Jian Yi, but looked at the Eternal Palace Master and continued: “Eternal Palace Master, by the way, I would like to thank you Eternal Palace!”

“Thank us?” The Eternal Palace Master asked suspiciously.

“Thank you for taking care of my daughter Hundred Million Era!” Xu Ming said with a smile.

“Your daughter?” The Eternal Hall Master was stunned at first, and then reacted, “You mean... Xu Yin?”

Regarding Xu Yin’s life experience, it has always been a mystery.

Even the Eternal Hall Master only knew that Xu Yin had a sealed memory, but he couldn’t forcibly break the memory seal.

“That’s right! Xu Yin is my daughter! Not long after she was born, she was taken to the Eternal Palace!” Xu Ming laughed.

“Ah!?” The Great Venerables of the Eternal Hall were all stunned—they never imagined that after a long time, Xu Ming turned out to be Xu Yin’s father.

But thinking about it carefully, it makes sense. If not, why did Xu Ming enter the Temple of Discord to save Xu Yin?

“This...” Jian Yi didn’t know how to describe his current mood after hearing this.

Xu Yin, is Xu Ming's daughter?

Xu Ming, is Xu Yin's father?

Why did Jian Yi deal with Xu Ming when he was in the virtual universe? Even after Xu Ming arrived in the real universe, he was discovered by him, and he was targeted again by him? – That's all because Jian Yi mistakenly thought that Xu Ming was his "rival in love".

After a long time, this is not a rival in love, but Xu Yin's father...

If he had known this earlier, how could Jian Yi have dealt with Xu Ming? It's too late to serve Xu Ming well from head to toe!

But now, it's too late to say anything.

"Jian Yi!" Xu Ming finally looked at Jian Yi, "If you want to kill me just because of Xu Yin's relationship, then I may not have to kill you today! But...you actually have bad intentions towards Xu Yin, then You deserve to die!"

"I didn't!" Jian Yilian quibble.

"Yes, you know it yourself!" Xu Ming said lightly, "Also, I don't need to care about your explanation!"

Jian Yilian looked at Eternal Hall Master in horror: "Hall Master, save me, Hall Master!"

However, the Eternal Palace Master turned a blind eye to Jian Yi's plea for help – after figuring out the cause and effect, especially after knowing that Jian Yi actually had bad intentions towards Xu Yin, they had nothing to say for Jian Yi.

"It's already a gift for you to let you understand!" With a wave of Xu Ming's hand, Jian Yi was completely wiped out, and he didn't even have a chance to speak again.

The super genius of the Eternal Hall has completely disappeared.

And the great powers of the Eternal Hall just let out a very casual sigh, and laughed it off.

“Xu Ming!” The Eternal Hall Master invited, “If you are in the real universe, if you don’t have a place to live, why don’t you go to our Eternal Hall for a while! Just take a look at Xu Yin’s living conditions over the years!”

“Alright! I’m planning to go to the Eternal Palace!” Xu Ming went to Eternal Palace for another thing, that is, when he was chased before, a mysterious female Great Venerable helped him with voice transmission. ; If there is no accident, the Great Senior should be in the Eternal Hall Xu Ming will visit and thank him, “But... Before I go, I have one more thing to do!”

“Oh?” The Eternal Palace Master looked at Xu Ming suspiciously.

I saw Xu Ming took out a top-quality source of power and directly introduced it into his body.

The Eternal Hall Master even stopped him: “Xu Ming, the source stone of supreme power is extremely precious and should not be wasted!”

However, as soon as the Eternal Palace Master spoke up, Xu Ming had already used up this top-quality source of power—the top-quality source of power was indeed extremely precious; but to Xu Ming, it was nothing. After all, in Xu Ming’s hands, he has a million Origin Stones of supreme power!

boom!

With the use of the top-quality power source stone, Xu Ming’s momentum skyrocketed, and he soon climbed to a height that the Eternal Palace Master could not reach.

This is the strength of the “15th-order peak” of the universe sea!

Immediately afterwards, Xu Ming used his divine power to project a divine projection.

The projection of the divine body skyrocketed hundreds of millions of miles in an instant, and it continued to soar rapidly.

In an instant, the entire Disorder City was only the size of the soles of the feet projected by the divine body. And the projection of the divine body has not stopped skyrocketing.

boom!

boom!

boom! !

Soon, the height of the projection of the divine body skyrocketed to an unknown number of billions of realms! And this is just the beginning.

The surge lasted for several hours.

At this time, Xu Ming's divine body projection had skyrocketed to an unbelievable level.

The top of the projection of the divine body is close to the boundary of the virtual universe; the feet of the projection of the divine body are almost stepping on the ground of the real universe. Standing tall, nothing more than this!

The size of the projection of the entire divine body is almost comparable to the size of half of the Eternal Realm.

At this moment, in the entire real universe, no matter where it is, you can see the projection of Xu Ming's indomitable divine body.

"Xu Ming? Are you...?" The Eternal Palace Master couldn't help asking.

Chapter 2217: Shoulder

Xu Ming's divine body stands upright.

The entire real universe can clearly see Xu Ming's face.

"Which almighty is this?"

“What a stalwart figure! Maybe this is greatness?”

“Hey – touch the virtual universe with your head, and step on the real universe? What kind of means is this!?”

Because Xu Ming came to the real universe for too short a time, although he did a lot of great things that caused a sensation in the real universe, and even killed Da Zun, there are still many people who have never heard of the name “Xu Ming” of.

At this moment, when Xu Ming projected the entire real universe, it naturally caused a lot of doubts and shocks.

“Xu Ming!”

“This is Xu Ming!”

“The Seven Lights Great Senior was killed by Xu Ming!”

“Isn’t Xu Ming being chased by the ‘Dao Temple’? Why does he dare to be so high-profile? He is not afraid of Zihe Da Zun looking for trouble with him? But... What kind of means does Xu Ming use? It’s too scary!”

In the real universe, there are many Heavenly Supremes, Earth Supremes, Human Supremes, and Ordinary Supremes. In fact, the information is not well-informed. Xu Ming defeated the cooperation between Changye Dazun and Zihe Dazun. Naturally, such “first-hand news” did not spread so quickly. Because of this, when seeing Xu Ming’s huge projection, many Tian Zhizun were puzzled.

However, the great masters of the real universe are naturally not uninformed; they all know that Xu Ming has dominated the real universe. Therefore, no matter what Xu Ming does in the real universe, the Great Venerables will not be surprised, they will only be curious about what Xu Ming is doing.

...

Xu Ming's huge projection overlooked the entire real universe.

With the size of this projection, the entire real universe is probably not as big as a basketball court for him. The projection's gaze can naturally sweep through every inch of the real universe with ease.

Under Xu Ming's terrifying spiritual power, every inch of the real universe could not escape his observation.

Every powerhouse, no, and every creature in the real universe is in Xu Ming's eyes.

At this time, Xu Ming spoke up.

"Hanmo!" Xu Ming shouted.

His voice doesn't seem to be loud, but in every inch of the real universe, it rolls like thunder, shocking people.

"I don't know where you are hiding! But if you see me, please come to the Eternal Palace to find me!" Xu Ming continued to shout.

In order to avoid the pursuit of the enemy, Gu Hanmo transformed into hundreds of millions of incarnations after she came to the real universe; each avatar cut off the causal bond and sealed the memory. Therefore, even Xu Ming could not directly find Gu Hanmo from the endless and vast real universe.

Therefore, Xu Ming can only speak to the entire real universe in this way, hoping that Gu Hanmo can hear it and come to him.

However, Xu Ming is actually not sure whether this method is useful or not. However, Xu Ming had no other way for the time being, so he had to do this first.

"I'm invincible in the real universe! Great Lord Changye and Great Lord Zihe have already been killed by me and fled! Han Mo, if you can see me, don't have any worries, just come directly to the Eternal Hall!"

At the end, in order to reassure Gu Hanmo, Xu Ming added another sentence.

bang bang...

Immediately afterwards, the projection that stood on top of the sky began to collapse – the divine body projected the entire real universe, and also shouted to the entire real universe, the energy consumption is too huge; even if you use the best power source stone, you can't support it for too long. consume.

boom!

Soon, Xu Ming's divine body projection completely disappeared.

At this time, Xu Ming walked to his daughter Xu Yin, looked at the Lord of the Eternal Palace, and said, "Let's go to the Eternal Palace!"

"Okay!" said the Eternal Hall Master.

...

As if nothing happened, Xu Ming went to the Eternal Palace with the Eternal Palace Master. And the entire real universe has been completely exploded.

"What a big breath!"

"Invincible to the real universe?"

"This Xu Ming's tone is too big, right? Who does he think he is? Kunpeng Dazun, or the Eternal Dazun? How dare you say something like 'invincible in the real universe'?"

"My lords, can you bear it? If I were the lord, I would definitely be the first to rush over to teach this ignorant Xu Ming a lesson!"

In the real universe, many middle- and lower-level powerhouses simply do not know what the name “Xu Ming” means now. Moreover, they thought that the Great Senior was a symbol of invincibility. Xu Ming’s arrogant words would definitely arouse the anger of the Great Seniors, and then be taught a lesson.

However, in the real universe, the existences above the Heavenly Supreme got the news very quickly.

“Xu Ming... Really defeated the Great Lord Changye and the Great Lord Zihe! Moreover, he defeated the two giants with the cooperation of Great Lord Changye and Great Lord Zihe!”

“It is said that the Great Senior of Changye has escaped to where he has escaped! It is very likely that in the real universe, the Great Senior of Changye will never be seen again!”

The Cosmic Sea is a secret to Tian Zhizun; even many Great Venerables actually don’t know exactly where the Cosmic Sea is, but only know that there is a “Cosmic Sea”.

And the will of the universe will also control the rules of the operation of the universe, preventing the “cosmic sea” from being known by the Supreme Beings. For the Supreme Being and those weaker beings, it is enough to know that “the universe is everything”.

What is outside the universe, this is not what the existences below the Supreme Heaven need to consider – the will of the universe wants them to be ignorant!

...

Shortly after Xu Ming projected the real universe.

In a certain small town, a female cultivator with plain clothes and unattractive temperament had doubts in her expression.

The aesthetics of the real universe mainly depends on the temperament. According to the aesthetic standards of the real universe, UU reading www.uukanshu.com. This female nun from [uukanshu.com](http://www.uukanshu.com) can only be regarded as an “ugly girl”.

Suddenly, on this female cultivator's puzzled face, her eyes gradually began to change – her appearance and figure did not change, but her eyes changed to that of Gu Hanmo.

She is one of Gu Hanmo's avatars, and she is the avatar that retains his memory. Of course, on weekdays, the memory is sealed to prevent it from being discovered; that is, in the current situation, the memory seal will be released a little bit.

“Xu Ming?” Gu Hanmo's eyes were inconceivable, “How is it possible! How could Xu Ming be invincible in the real universe so quickly?”

However, Gu Hanmo is the Great Senior himself; at the peak of her previous life, her strength was even slightly stronger than that of the Great Senior! Therefore, she can naturally see that this kind of means of projecting the entire real universe from the divine body, even the Great Senior of the Night cannot do it!

With such means, he can really be invincible in the real universe!

Therefore, although Gu Hanmo couldn't believe it, Xu Ming had grown up so fast; however, she had to believe it.

As for whether it could be an enemy posing as Xu Ming? Gu Hanmo is not worried about this problem! – Such a method, even the Great Senior of Changye can't use it! Among her enemies, who can pretend to be?

Moreover, Divine Body Projection also directly said that he fled to kill Chang Ye Da Zun and Zihe Da Zun, it can be said that he did not save any face for these two giants. If someone else pretended to be Xu Ming, would he dare to say such a thing?

If he dared to say it, he would be approached by the Great Master Changye or the Great Master Zihe in minutes.

Thinking of this, a relaxed smile suddenly appeared on Gu Hanmo's face.

She is so tired!

Really long time!

And now, finally, there is a strong and warm shoulder that she can lean on.

Open and hang into another world

Open and hang into another world

Chapter 2218: The Universe Is An Urn

Star Mountains.

The mountains are like stars, dotted on the vast earth.

Every mountain peak is a huge formation base; countless formation bases are connected together to form a powerful Zhoutian star formation. Even the existence of the Great Senior level is difficult to break through.

Here, it is the site of the “Stars Great Lord”.

However, on this day, tens of thousands of Heavenly Supremes gathered around the Xingchen Mountain Range; there were also countless Earthly Supremes, forming an endless battle formation.

The Star Mountains are surrounded!

“He Fang rat, dare to attack me in the Xingchen Mountains!?” Inside the Xingchen Mountains, a great power quickly flew out, “Could it be that the life is too long? Don’t you know that this is the dojo of the Xingchen Great Venerable?”

“Hahaha... Great Senior Stars?” Among the army surrounding the Stars Mountain Range, the leader was a powerhouse close to the half-step Great Senior level, “Look first, is the Great Senior Star still there!”

“Humph! Even if the Great Master Xingchen is not here now, but when he comes back, you bunch of rats don’t even know how they died!”

“Come back? Haha! I’m afraid... Great Senior Xingchen will never come back, right?”

The Great Senior Xingchen was one of the Great Seniors who participated in the siege of Gu Hanmo at the beginning.

Now that Xu Ming appeared invincible in the universe, the original enemies such as Xingchen Dazun were naturally anxious. The Great Venerables who used to dominate all sides of the real universe are now thinking about how to pack up and run away.

The Great Senior Xingchen is no longer in the Xingchen Mountain Range. Moreover, as the group of besiegers said, the Great Senior Xingchen may never come back – after all, now that Great Senior Xingchen is too busy to take care of himself, how can he care about this group of vassals in the Xingchen Mountains?

“Your Xingchen Mountains, relying on the protection of the Great Senior Stars, are domineering everywhere! When the Great Senior Stars are here, we can only swallow our voices; now, with the Great Senior Stars gone, I see how arrogant you are!”

“Humph! Even if the Great Lord of the Stars is not there, but there are Zhou Tianxingchen Great Array in our Xingchen Mountain Range, can you break through?”

“Then grind it slowly! – Drops of water and stone wear! No matter how strong the great formation under the Great Venerable is, there will be an end! We just lived around the Xingchen Mountains and grind slowly. If one epoch is not enough, only ten epochs; ten epochs. No, just a hundred or ten thousand epochs! I don’t believe that this great formation cannot be broken! When the formation is broken, none of these scumbags in your Xingchen Mountains will try to escape!”

...

At this time, Great Senior Xingchen had already fled to the endless distance.

Great Senior Xingchen did not know what happened in the Xingchen Mountains. Of course, even if he knew about it, he wouldn’t bother to pay attention to it – he couldn’t protect himself, who would take care of the group of scoundrels under his protection?

And next to the Great Venerable Xingchen, there are more than ten Great Venerables. They were all the Great Venerables who participated in the siege of Gu Hanmo at the beginning.

“Everyone!” Great Venerable Xingchen said. His strength is the strongest among the group of Great Venerables; therefore, other Great Venerables naturally center on him, “Here, is the weakest place in the cosmic membrane wall! It is said that the Great Venerable Changye entered the universe. The sea broke the cosmic membrane wall from here!”

Yes!

After learning about Xu Ming’s strength, these enemies of Xu Ming had no idea of confronting them at all—how to fight? Even the Great Master Changye was killed and fled into the sea of cosmos; even if they all joined forces, they probably wouldn’t be enough to kill Xu Ming with a few tricks!

“I really don’t want to leave my hometown universe!” An old man sighed and said, “I have always lived here, but I have never been out! If I go out, I will leave my hometown, and I am afraid I will never come back in the future. It’s gone!”

“Yeah! And... I heard that the cosmos sea is in danger, even the Great Senior of the Night has to be careful. With our strength, we have entered the cosmos sea, and we don’t know how long we can live!”

“But what can be done? If we don’t leave, we can only wait to die! Xu Ming is absolutely impossible to let us go!”

“That’s right! Entering the sea of cosmos, there is still a chance to give it a try! Maybe, we can find Great Master Changye in the sea of cosmos; in that case, at least we can live in the sea of cosmos!”

“Yes! Let’s live first! Besides, I heard that there are endless opportunities in the sea of cosmos! Maybe we can get some big opportunities, and then we don’t have to be afraid of Xu Ming, just kill it again!”

Your Excellencies, you said every word I said.

Chatting and chatting, one by one actually yearned for the universe sea, thinking that although I am weak now, after entering the universe sea for a while, maybe I will get a big chance!

“Okay everyone!” said the Great Venerable Xingchen, “The situation is urgent, Xu Ming may find us and kill us at any time! Let’s join forces first and break the cosmic membrane wall! If you have anything to say, we will talk about it when we arrive at the Cosmic Sea! ”

“it is good!”

“it is good!”

Weapons appeared in the hands of each of the Great Venerables, ready to unleash their strongest attack.

“Everyone, listen to my orders!” Xingchen Dazun commanded, “We need to combine the strongest attacks at one point before we can break the cosmic membrane wall!”

rumbling...

While speaking, Great Senior Xingchen’s aura began to rise.

His eyes are looking at a point in the void – this point is even smaller than the smallest particle; and this is also the most fragile point in the entire universe!

The eyes of other Great Seniors also converged towards this point. Everyone’s momentum began to rise.

“break!”

With the order of the Great Senior Xingchen, more than a dozen Great Seniors shot together, all of which were their own tricks. A dozen or so attacks converged at the most vulnerable point in the universe.

Immediately after that, it was a shock that destroyed the world!

Boom! !

The cosmic membrane wall was bombarded with shocks.

However...

Just shaking! The cosmic membrane wall has not been blasted!

“what!?”

“what!?”

More than a dozen Great Seniors were all dumbfounded – so many of them joined forces to bombard the most vulnerable point in the entire universe, and they couldn’t even break through the membrane wall of the universe?

“Come again!” Xingchen Dazun was anxious, and directly burned the divine body.

Seeing this, the other Great Seniors also burned their divine bodies one after another.

This is really hard work!

You know, the sea of cosmos is dangerous! Now that these great elders have burned their divine bodies, even if they enter the sea of cosmos, it is equivalent to entering the sea of wounds-the strength is weak, and they enter the sea of cosmos injured, and the degree of danger can be imagined!

But these Great Venerables really have no choice! Without burning the divine body, they can’t break the cosmic membrane wall at all! And if you can’t break the cosmic membrane wall, you can only wait for death!

“break!”

Lord Xingchen ordered again.

This time, the extreme attacks of more than a dozen Great Seniors gathered, and once again bombarded the most vulnerable point in the entire universe.

The cosmic membrane wall vibrated again. But... it's not broken!

Yes!

Still not broken!

The Great Master Xingchen and the other Great Seniors were all stunned—they thought that if the Great Master Changye could break the cosmic membrane wall, then they would be able to break the cosmic membrane wall together with so many Great Seniors. However, this is not the case!

But unable to break the membrane wall, unable to escape into the universe sea, the situation of these Great Seniors is really embarrassing!

It can be said to be extremely embarrassing!

Although the universe is huge, even for Heavenly Sovereign, it can be said to be endless; it is not difficult to hide! However, for the Great Venerables, the universe is too small! – If you can't enter the sea of cosmos, these great masters have nowhere to escape.

For them, the universe is a cage!

The universe is an urn, and they are all turtles in the urn.

Now, these dozen or so turtles are waiting for Xu Ming to catch them!

Chapter 2219: Our Master Is...

"It's over!"

This is the unanimous thought of more than a dozen Great Seniors including Xingchen Great Senior.

They originally wanted to escape into the cosmic sea to avoid Xu Ming; sadly, they overestimated themselves – with their strength, even if they joined forces, they would not be able to break the cosmic membrane wall at all; what about escaping into the cosmic sea? Woolen cloth?

“What should I do now?” All the Great Venerables looked at the Great Venerable Stars.

They were really panicking!

Do you really have to sit still?

Great Senior Xingchen thought for a while and said, “We still have a way!”

“What way?” There was a glimmer of hope in the eyes of all the Great Venerables.

“Escape into the virtual universe!” Venerable Xingchen said solemnly.

Escape into the virtual universe?

Upon hearing this, all the Great Venerables immediately understood what the Great Venerable Xingchen meant.

Generally speaking, the powerhouses of the real universe cannot enter the virtual universe. The existence of the Great Senior level can force the real body to break into the virtual universe, but the price paid is that the strength will be severely reduced in dimension, and it will be suppressed to the limit of the virtual universe—that is, the level of ordinary supreme peak! Not even “human supreme”!

It is simply unbearable to be forcibly reduced to the “Ordinary Supreme” level from the “Great Venerable” level; however, in order to survive, it seems that there is no other way to go.

“Actually, it’s not as miserable as you think!” Great Senior Xingchen was a little reluctant when he saw the expressions, and comforted, “No matter how strong the strength is, if it doesn’t work, what’s the use? – In the real universe, we It is indeed the Great Venerable, but with Xu Ming around, our survival is a problem; and in the virtual universe, although our strength has been

suppressed to the peak of the ordinary supreme, the strength of that level is invincible in the virtual universe! ”

“Master Xingchen is right!” One of the masters quickly figured it out and expressed his approval, “Moreover, if we enter the virtual universe, although the strength is suppressed, the strength of the divine body has not changed, and it is still great. A divine body! Such a divine body cannot be killed in the virtual universe at all!”

“That’s right! Xu Ming is strong! But no matter how strong he is, can he still hunt down to the virtual universe? – Even if he can really hunt down, his strength will definitely be suppressed at the level of ordinary supreme, so there is no threat at all. Here we are!”

“In this way, going to the virtual universe is a good place! Think about it carefully, it is even more comfortable than going to the universe sea!”

“It’s true! I think that the fallen demon master is very moisturizing in the virtual universe!”

“Haha! Why didn’t we think of going to the virtual universe before?”

“It’s not too late to think about it now!”

One after another, the Great Senior thought about it, and the more he thought about it, the happier he became.

It’s just... what they don’t know is that even if they can escape into the virtual universe, they still can’t escape Xu Ming’s palm. You must know that Xu Ming is in the virtual universe, but there are endless incarnations. Moreover, those incarnations can be killed by “seckill”; when Xu Ming was still weak, he killed all the great masters of the Three Realms, not to mention Is it now?

If people like the Great Master Xingchen really went to the virtual universe, then they really jumped from the “urn” into the “bowl”.

“It’s not too late, let’s go to the virtual universe now!” Venerable Xingchen said, “As long as we enter the virtual universe, even if Xu Ming has the means to defy the sky, even if he becomes a worldbreaker, he will never even think about dealing with us. !”

“right!”

“well said!”

“Then let’s get going!”

One after another, the Great Venerable said.

But at this moment, a voice suddenly sounded in the surrounding void without warning: “Everyone, please come with us before heading to the virtual universe! My master invites you!”

“Who?”

“Who is sneaking around in the dark? Who is your master?”

The Great Senior Xingchen and the others all looked around on alert.

Immediately afterwards, in the void in all directions, hundreds of powerhouses came around.

These powerhouses are all at the Great Senior level, but the Stars Great Senior and others have never seen them; what is even more terrifying is the strength of these powerhouses!

“Who are you!?” Great Senior Xingchen asked involuntarily.

You must know that in the entire real universe, there are only about a hundred great masters, and all the great stars of the stars know each other; how could there be hundreds of great masters suddenly appearing, and none of the great masters of the stars have ever been seen?

“Could it be... these are the powerhouses lurking from the universe sea?” Great Senior Xingchen couldn’t help but guess. He feels that this guess is very possible. After all, this is the weakest position of the cosmic membrane wall; if there is really a strong man in the cosmic sea who wants to sneak in, it must be from here.

Immediately, Great Senior Xingchen secretly observed the strength of these mysterious people; the more he looked, the more frightened he became, and the more certain that these powerhouses were definitely from the sea of cosmos.

“Among the hundreds of powerhouses, the one with the weakest imposing manner is even stronger than Great Senior Chimie!” Great Senior Xingchen thought in shock.

You must know that the strength of Chimie Dazun can be ranked in the top ten in the real universe! And among the hundreds of Great Venerables, none of them are weaker than Chi Mie Great Venerable?

“Ten of them give me the feeling is more like the feeling of the Great Senior of Changye! It may even be stronger than the Great Senior of Changye!” Great Senior Xingchen thought more and more shocked.

Great Night! – Before Xu Ming was born, in terms of his own strength, the Great Master of the Night was undisputedly ranked first in the true universe!

And right here, there are as many as ten who are not weaker than Chang Ye Da Zun!

“There is one more...” Great Senior Xingchen looked at the presence with the most imposing presence, “He gave me the feeling that he was ten times more terrifying than Great Senior Long Ye! Even more terrifying than Xu Ming!”

This imposing existence is undoubtedly the leader among the hundreds of powerhouses!

“So many super powerhouses sneaked into the real universe...” Great Senior Xingchen thought about it, and couldn’t help but feel alive, “Are they here to invade the real universe? Their strength is so powerful, I’m afraid no one in the entire real universe can stop them. Their invasion, not even Xu Ming! If... I can defect to them?”

Thinking of this, Great Venerable Xingchen couldn’t help but his eyes lit up, and his attitude became respectful: “I don’t know who you are...?”

“Who we are, it doesn’t matter!” The most imposing existence at the head said lightly.

“Yes yes yes!” Xingchen Great Senior could only nod his head in agreement, then continued to post it, and asked, “I don’t know if you guys want to...”

The leader waved his hand and interrupted the words of Xingchen Dazun.

Xingchen Dazun put his hot face on his cold butt, but he didn’t dare to have any comments.

“It doesn’t matter who we are! You just need to know...” The leader continued to say lightly, “Our master is Xu Ming!”

“Um?”

“What?”

Great Senior Xingchen and the others were all stunned for a while, stunned there on the spot.

The leader of the powerful continued: “We are here on the order of the master to arrest you!”

Chapter 2220: Initiative?

“We are here on the orders of the master to arrest you!”

There were a total of 111 great lords surrounding the Great Venerable Xingchen and the others. These Great Venerables were the servants that He Mo gave to Xu Ming when they were in the Holy Emperor-level universe.

At that time, the Holy Envoy Hemo gave Xu Ming a total of more than 1,000 great servants. Among them, there are two masters who have reached the “thirteenth order” of the universe, ten “twelfth order”, one hundred “eleventh order”, and one thousand “tenth order”.

Even the weakest “Tenth Rank” is not weaker than Chi Mie Great Venerable; the 100th “Eleventh Rank” is even stronger than Chang Ye Great Venerable!

Among Gu Hanmo's enemies, the one who is still alive is the most powerful being the Great Senior Xingchen; but even the Great Senior Xingchen, if placed in the sea of cosmos, is only the strength of "the peak of the ninth order", and has not reached the "tenth order" Woolen cloth!

Therefore, among the more than 100 great servants sent by Xu Ming, the most powerful one was only a "12th-order" servant, and the two "thirteenth-order" master servants were not sent at all. But even so, with such a lineup, it is definitely a bull's knife for catching Xingchen Dazun and other enemies!

And it used a lot of bull knives!

After seeing such a lineup, Xingchen Dazun and other enemies were immediately stunned: "Your master... is Xu Ming?"

Before they could recover from their confusion, they were easily suppressed and captured—Xu Ming's first order to these servants was to "capture", and only beheaded when there was absolutely no other way; these servants, of course Do your best to carry out the master's orders.

Enemies such as the Great Master Xingchen are all ashes. They knew that this time they were really finished; if it fell into Xu Ming's hands, let alone escape, even suicide became an extravagant wish.

Now, their only hope is: Xu Ming's methods are not too cruel, so that they can die a little more happily.

...

Eternal domain.

Xu Ming, Xu Yin, and the great powers of the Eternal Hall are not very fast. The group of people walked in the direction of the Eternal Hall without rushing, chatting and laughing from time to time.

Suddenly, Xu Ming's expression turned solemn.

The Eternal Hall Master noticed the change in Xu Ming's expression and couldn't help but ask, "What happened?"

“Haha! All the enemies, including the Great Master Xingchen, have been captured alive!” Xu Ming laughed.

In fact, when Xu Ming was projecting the real universe, he also took the opportunity to determine the position of each enemy. Enemies such as the Great Master Xingchen are only “ninth-rank” strength; when Xu Ming is staring at them, they don’t even notice at all.

Then, after the idle and miscellaneous people dispersed, Xu Ming summoned more than 100 servants and gave orders to them.

These more than 100 great servants were summoned by Xu Ming in front of everyone in the Eternal Hall. The Eternal Palace Master, after seeing that Xu Ming is more powerful than he imagined, naturally became more humble towards Xu Ming.

In addition, because of Xu Yin’s relationship, there is a “good relationship” between Xu Ming and the Eternal Palace. The higher-ups of the Eternal Hall naturally don’t mind, and the relationship with Xu Ming has developed a little more “iron”!

After all, like a super powerhouse who is invincible in the real universe, I believe that no matter which force it is, they want to befriend Xu Ming, but do not want to be evil with Xu Ming.

Although there has been a world breaker in the Eternal Hall, and it has almost ruled the entire real universe; but, if you want to continue to prosper, you still have to have a good relationship with Xu Ming! – You must know that even the will of the universe believes that Xu Ming will become a world breaker!

“Congratulations!” When the Eternal Palace Master heard that all the stars and others had been captured alive, he was slightly startled, but he immediately reacted and congratulated, “These great servants of yours are indeed extremely powerful. So quickly captured the Xingchen Dazun and the others!”

“It’s also because Great Venerable Xingchen and the others are all gathered in one place! Otherwise, it would be impossible to capture them all so quickly; even, when they are captured, some people will commit suicide directly!” Xu Ming said with a faint smile.

“All gathered in one place?” The Eternal Hall Master was a little surprised – he didn’t understand why Xingchen Dazun and others gathered in one place, and they were “catchy” by someone.

“They want to escape to the Universe Sea!” Xu Ming explained.

“Ah?” The Eternal Hall Master was stunned for a moment when he heard the words, and then he couldn’t help laughing, “With their strength, they want to break the cosmic membrane wall? Even if they all join forces, even in the most vulnerable place of the cosmic membrane wall, they can’t break it!”

The Eternal Hall Master obviously knows how difficult it is to break the cosmic membrane wall. Even the Great Senior of Changye, when he broke the cosmic membrane wall for the first time, he took out a lot of trump cards before he succeeded.

It’s no wonder that after hearing this, the Eternal Hall Master would laugh dumbly – this was made fun of by the Great Senior Stars and the others!

Xu Ming’s heart was also quite emotional.

To know...

When Xu Ming first came to the real universe, what kind of powerful behemoth was in his eyes with the existence of the “Great Senior” level? Even if Xu Ming played all his cards, he could only barely escape from the fingers of the Great Seniors, and it was impossible to threaten the Great Seniors in the real universe.

Almost in the blink of an eye, Xu Ming could easily dominate the lives and deaths of those enemies. Moreover, in Xu Ming’s view, the rebellion of those enemies would feel naive and ridiculous.

And the reason why these changes happened is because of Xu Ming’s strength!

With absolute strength, you can absolutely despise the enemy!

“But...” The Eternal Palace Master continued, “Don’t say they can’t break the cosmic membrane wall! Even if they can break the cosmic membrane wall and escape into the cosmic sea, I’m afraid they can’t escape at all!”

Eternal Palace Master, but he saw the strength of Xu Ming's servants! He knew that even if Da Zun Xingchen and others really managed to escape into the sea of cosmos, they would not be able to escape far, and they would be caught soon.

This is absolute strength!

Under the absolute strength, no matter how much those enemies jumped, they would not be able to beat Xu Ming's palm!

Soon, the servants, the lords, escorted the stars and other enemies back.

"Let's detain them and guard them first!" Xu Ming ordered, and then he directly took the servants and the enemies into the universe.

And seeing with his own eyes that the Great Senior Xingchen and others were all captured, the heart of the Eternal Palace Master was even more agitated.

"The Eternal Palace is ahead!" said the Eternal Palace Master.

Xu Ming looked away.

With his strength, his eyes can penetrate farther in time and space, and naturally he saw the Eternal Palace earlier than the Eternal Palace Master.

Xu Ming touched his daughter's head and couldn't help but smile: "I came to the real universe, in addition to looking for Hanmo and avenging Hanmo, I went to the Eternal Palace to find you! Although when I first arrived in the real universe, I It's in the Eternal Domain; but I didn't expect that the revenge was also avenged, and I recognized you, and this is the first time I came to the Eternal Palace!"

The Eternal Palace Master smiled and said, "If we had known that you and Xu Yin were father and daughter, our Eternal Palace would have come to invite you long ago!"

The words of the Eternal Palace Master are naturally just polite words. You must know that the former Xu Ming had hatred against many great masters, and he also hated Jian Yi; so, even if the Eternal Palace Master really knew that Xu Ming was Xu Yin's father, it would be good not to deal with Xu Ming. Now, it is absolutely impossible to invite Xu Ming to the Eternal Palace.

Xu Ming naturally understood, but he didn't expose it. He just laughed without saying a word.

With the continuous approach, everyone can already see the Eternal Hall with the naked eye.

"The tower in the center of the Eternal Hall is...?" Xu Ming asked curiously. At the same time, what made Xu Ming quite puzzled was that he felt a sense of familiarity, even... intimacy on the tower.

"What's going on?" Xu Ming was full of confusion—you know, he has never been to the Eternal Palace!

"That is the inheritance tower left by the Eternal Great Venerable!" The Eternal Hall Master explained, with a look of pious worship, "Eternal Great Venerable, is the greatest power that has ever appeared in our universe! Even, Even compared with other world breakers in the universe sea, they are all very remarkable beings... In the real universe, there are many powerful people who want to accept the inheritance left by the Eternal Great Venerable Just like that one The Great Master Changye, not long ago, even came to our Eternal Hall in order to enter the inheritance tower of the Eternal Great Master..."

The Eternal Hall Master briefly talked about the conflict and gambling with Chang Ye Da Zun before. Speaking of which, the reason why the Eternal Palace Master was able to win that game was thanks to Xu Ming.

"The inheritance opportunity of the Eternal Great Venerable is extremely precious! Even in our Eternal Hall, there are not many people who are qualified to enter the inheritance tower! However, Xu Yin is definitely qualified; I originally planned to go to the 'Open Heaven Realm' after her. 'Before, arrange for her to enter the inheritance tower first to improve her strength!' The Eternal Hall Master smiled, "Also, Xu Ming, if you are interested in the inheritance tower, I can also give you a place!"

The friendship of the Eternal Great Venerable must be said to be quite sincere! You must know that the most valuable and most valuable thing in the Eternal Hall is probably the inheritance tower of the Eternal Great Venerable; otherwise, it will not provoke the Chang Ye Great Venerable to kill him.

Hearing this, Xu Ming did not intend to be polite – he really wanted to enter the inheritance tower of the Eternal Great Venerable, and take a look at the inheritance left by the greatest existence in his hometown.

But at this moment-

call out!

A beam of light suddenly shot out from the top of the inheritance tower.

The beam of light is not thick, only slightly thicker than a human being. Before everyone could react, the beam of light had already fallen on Xu Ming.

“Er? What’s the situation?” Xu Ming was stunned for a moment—how did the inheritance tower of the Eternal Great Venerable shine directly on him?

“Huh?” The Eternal Hall Master, Deputy Hall Master, and Supreme Elders were all stunned. In this situation, they have never encountered the Eternal Hall! It seems that... the inheritance tower is taking the initiative to “trick” Xu Ming.

Is the inheritance tower actively sultry?

Thinking of this, the powers of the Eternal Hall are all speechless.
