

A World 2231

Chapter 2231: Perfect Cosmic Foundation

eat! eat! eat!

...

When Xu Ming first stepped into the cultivation of “High Heaven Supreme”, his particle universe had actually grown to a limit. If there is no transformation in the particle universe, then his cultivation can only stagnate.

Before, Xu Ming actually had no clue, and he didn’t know how to go on the road of being a great master. However, after accepting the inheritance of “Eternal World”, Xu Ming suddenly became enlightened.

In the “Eternal World” exercise, there is a picture of the “perfect universe foundation” recorded.

The foundation of the perfect universe... In Xu Ming’s home universe, naturally no one has heard of this term; even in the sea of cosmos, ordinary Great Seniors have never heard of it. However, those beings who are extremely strong at the level of the world breaker will know the picture of “the foundation of the perfect universe”.

“There are twelve types of the foundation of the perfect universe!” Xu Ming secretly said, “According to the introduction of the Eternal Great Venerable, only the universe that has forged the foundation of the ‘perfect universe’ has the potential to become a holy emperor-level universe!”

In the vast and endless sea of cosmos, why is there only one holy emperor-level universe? One of the big reasons is that the vast majority of nascent universes, or even almost all nascent universes, are not “perfect universe foundations”.

The foundation is not laid, how to build high-rise buildings?

“The nascent universe can be big or small! However, no matter how big or small, as long as it is the foundation of a perfect universe, it has the potential to grow into a holy emperor-level universe!”

Xu Ming secretly said, “If... I put all the particle universes in my body into Forge the foundation of the perfect universe?”

What a bold idea is this?

However, Xu Ming is ready to do it!

“My particle universe, although it is a space and time of its own, is actually not even the prototype of the universe! Now that the foundation of the perfect universe has been built, it is urgent!”

Among those world breakers in the universe sea, there are naturally those who practice exercises like the “divine body universe”. However, in the early stage of their cultivation, they did not have the foundation of the perfect universe, and naturally they would not be able to cultivate again later.

As for the inheritance of the “perfect universe foundation”? This is even harder! -Unless he is ready to reincarnate like the Eternal Great Venerable, so he does everything to inherit it; otherwise, under the supervision of the supreme rules, it is almost impossible to spread the foundation of the perfect universe.

It is precisely because of this that very few people in the sea of cosmos know the “foundation of the perfect universe”, and even the great masters of the sea of cosmos do not know. And there are even fewer who get the “perfect universe foundation” picture and practice it! It seems that there is no one who has practiced, and has achieved success!

Yes!

not a single one!

At least, in the sea of cosmos, I have never heard of anyone who has made achievements.

The foundation of the perfect universe...should be the highest cultivation path in the universe; and now, Xu Ming is walking on the starting point of this cultivation path.

“If you want to build the foundation of the perfect universe, you need a lot of ‘extremely pure energy’!” Xu Ming secretly said.

What is “Extreme Pure Energy”?

For example, the energy that the Eternal Great Master left on the ninth floor of the inheritance tower, such as the energy in the “Heart of the Universe”... These are all extremely pure energy! In addition, even the energy in the “Original Stone of Supreme Power” cannot be called the ultimate pure energy!

Extremely pure energy, incomparably precious in the sea of cosmos, is a treasure that the world breakers compete for at all costs. And Xu Ming now happens to possess a lot of extremely pure energy; and this also provides the material basis for Xu Ming to cultivate “the foundation of the perfect universe”.

“let’s start!”

As the ultimate pure energy poured into Xu Ming’s divine body, it poured into every particle universe... The particle universe that was already in a state of “energy saturation” was quickly replaced by “extremely pure energy”!

The energy of each particle universe has become more pure!

This is a “quality” transformation!

With the transformation of this “quality”, although Xu Ming’s cultivation has not improved in the slightest, he is still at the level of “first entering the upper heaven”; however, Xu Ming’s strength has undergone earth-shaking changes!

From the “11th order of the universe sea” level, to the “12th order of the universe sea” level!

To know...

Even the Great Venerables in the Holy Emperor-level universe, many of them are only the strength of the “twelfth-order” level! And Xu Ming is only at the top of the Heavenly Sovereign cultivation base, and his strength is no longer weaker than many Great Sovereigns of the Holy Emperor-level universe!

This kind of strength is actually enough to walk the universe sea.

...

The “extremely pure energy” stored by the Eternal Great Master on the ninth floor of the inheritance tower is very sufficient, and it seems that Xu Ming would use it long ago. Until the energy in each particle universe on Xu Ming’s body was replaced with extremely pure energy; the energy reserve of the ninth floor still remained.

“Then take this opportunity to work hard and build the ‘perfect foundation of the universe’!”

boom! !

Xu Ming started to cultivate according to the picture of “the foundation of the perfect universe”... Because of the guidance left by the Eternal Great Venerable, Xu Ming’s cultivation went very smoothly! The endless billions of particles on his body, that is, the endless billions of particle universes, are transforming again!

Xu Ming’s cultivation has finally improved, moving towards the “peak of the supreme heaven” Xu Ming’s strength has jumped again, directly from the “twelfth order of the universe sea” to ” The Thirteenth Rank of the Cosmic Sea”!

In such a short time after entering the inheritance tower, Xu Ming’s strength jumped “two levels” in a row!

What is even more terrifying is that the so-called “Cosmic Sea Thirteenth Order” is judged based on the “strongest explosive power”! Although Xu Ming’s strongest explosive power is only at the “thirteenth order” level, due to the reason of practicing the exercises and every particle universe of Xu Ming, the “foundation of the perfect universe” has been forged; therefore, Xu Ming’s defense Strength and continuous fighting ability are simply not inferred from common sense!

Even a “Cosmic Sea Fourteenth-Order” powerhouse can hardly cause much substantial damage to Xu Ming!

Even the powerhouses of the “Fifteenth Rank of the Universe Sea” might be dragged to death by Xu Ming’s terrifying “continuous fighting ability”!

I'm afraid... only the "16th rank of the universe sea", that is, the ultimate peak powerhouse of the Great Senior level, can overwhelm Xu Ming! "Sixteenth-order" powerhouses are not out, Xu Ming can almost run rampant in the sea of cosmos!

powerful!

Xu Ming's current strength can only be described with the word "strong"!

Xu Ming was also quite emotional: "I didn't expect that in my home universe, I would have a greater chance than in the Holy Emperor universe!"

Before entering the inheritance tower, Xu Ming's strength, placed in the sage emperor-level universe or the universe sea, was only a "genius" at best; but now, no matter where Xu Ming is, he can be called a "strong man" "That's it!

Xu Ming has no doubt that when he enters the Holy Emperor-level universe again, he will definitely be able to easily crush other geniuses.

Whoa!

As the last drop of "Extreme Pure Energy" on the ninth floor of the inheritance tower was absorbed by Xu Ming, all the opportunities of the entire inheritance tower have been taken away by Xu Ming!

"It's time to go out!"

Chapter 2232: Capture

Outside the Eternal Palace.

Just as Great Master Changye and Holy Master Tianmo were pondering whether to attack the Eternal Hall in a different way, they saw a figure coming towards the Eternal Hall. And this figure is... Gu Hanmo!

“Gu Hanmo!” Great Senior Chang Ye’s eyes suddenly lit up.

In the entire real universe, is there any great master who doesn’t know the relationship between Gu Hanmo and Xu Ming? —For the sake of Gu Hanmo, Xu Ming even fought against the great masters of the true universe when his strength was still weak!

Great Master Changye, but he came to Xu Ming! Originally, I didn’t know how to break through the Eternal Hall. At this time, I happened to see Gu Hanmo appearing. How could Great Master Chang Ye not be happy?

“It’s really God’s help for me... Hahahaha!” Great Senior Chang Ye couldn’t help laughing, and even killed him in the direction of Gu Hanmo.

“Not good!” Seeing this, the Eternal Palace Master suddenly changed his face. Originally, in the face of the threat of Chang Ye Da Zun and the Great Master of the Universe Sea, Eternal Palace Master did not intend to pay attention at all, but prepared to wait for Xu Ming to come out of the inheritance tower. Let Xu Ming handle it himself; now seeing Gu Hanmo suddenly appear, the Eternal Hall Master naturally knows that something is wrong!

And it’s very bad!

At this time, Gu Hanmo’s expression also changed suddenly – although she was not very aware of the contradiction between Xu Ming and Chang Ye Da Zun, she had heard a little about it. What’s more, Gu Hanmo naturally knows that he is in danger when he sees Chang Ye Great Venerable coming towards her badly!

Gu Hanmo wasn’t afraid of her own situation, but she was more worried that the Great Master Changye would take herself as a hostage to deal with Xu Ming.

“Run!!” Gu Hanmo didn’t hesitate, and even turned around and ran.

only...

After all, Chang Ye Da Zun was once the number one powerhouse in the true universe! Even in his heyday, Gu Hanmo’s strength was far less than that of Chang Ye Dazun, not to mention that Gu Hanmo was in a weak state at this time.

Moreover, the Great Master Changye even used a low-grade power source stone directly to prevent accidents, so that his strength skyrocketed to another level!

At this time, the Great Senior Chang Ye personally took action against Gu Hanmo, which can be said to be “killing chickens with a bull’s knife”!

Not only “kill a chicken with a bull’s knife”, but also “a lion fights a rabbit with all his strength”! Great Senior Chang Ye didn’t dare to be careless, he knew very well that his purpose was not to kill Gu Hanmo, but to capture Gu Hanmo alive!

“I...” Gu Hanmo naturally guessed the intention of the Great Master Changye. When she saw the sudden rise of Great Master Changye’s aura, she planned to directly detonate her divine body – this is direct suicide, and there is no chance of reincarnation!

“Xu Ming...” In Gu Hanmo’s eyes, there is endless nostalgia, and at the same time, there is an incomparable determination – she only hopes that after her death, Xu Ming can be safe and sound.

However...

Rumble boom!

The power that was as irresistible as the coercion of the heavens and the earth rolled towards Gu Hanmo from all directions. The tyrannical momentum is so majestic that even the oppressive Gu Hanmo can’t move, let alone commit suicide!

“In front of me, do you want to die too?” Chang Ye Da Zun said proudly, as if he had regained the momentum and feeling of being the number one powerhouse in the true universe.

In the next instant, Gu Hanmo was imprisoned by the Great Senior Long Ye.

“How can Zhengchou enter the Eternal Hall and deal with Xu Ming! I didn’t expect that you would send it to the door yourself! Hahahaha...” The Great Master Chang Ye laughed loudly, “Now, I want to see, Xu Ming is For your life, or for his own life!”

Gu Hanmo's face was ashen.

She is too careless!

She thought that Xu Ming was invincible in the real universe, so she didn't think much, and came to the Eternal Hall to find Xu Ming. Moreover, Xu Ming also clearly stated when projecting the real universe, let Gu Hanmo not worry, just come directly to the Eternal Palace!

"I knew earlier... I should have inquired about it first!" Gu Hanmo regretted it.

Gu Hanmo naturally still retains the means of contacting the Eternal Hall.

The "Grand Master Jasmine" in the Eternal Hall has a very good relationship with Gu Hanmo; when Gu Hanmo brought Xu Yin to the Eternal Hall, it was also entrusted to the Grand Master Jasmine. Later, when Xu Ming was locked and hunted down by the great lords, the voice of the mysterious female great lord who reminded Xu Ming was also the "big lord Jasmine".

If Gu Hanmo was a little more careful and contacted the Great Senior Jasmine first, he would not have the current encounter. But now, Gu Hanmo has been imprisoned by the Great Senior Long Ye, and it is too late to say anything.

The savage smile of the Great Master Chang Ye still echoed in Gu Hanmo's ears: "Now, I want to see if Xu Ming wants your life or his own..."

Although they have not seen each other for hundreds of millions of epochs, Gu Hanmo has no doubt that in order to save her, Xu Ming can still take his life without hesitation!

"I killed Xu Ming..." Gu Hanmo was in pain.

As for Xu Ming's death, Gu Hanmo himself must be doomed; Gu Hanmo doesn't care about this at all! -If Xu Ming died, it would be meaningless for Gu Hanmo to continue to live! At that time, death was a kind of relief instead Xu Ming? You want to be a tortoise with a shrunken head, won't you come out! ? "The Great Master Chang Ye's voice was like thunder, resounding through the sky.

"Long Ye Da Zun!" The voice of the Eternal Hall Master sounded, "Xu Ming entered the inheritance tower, but he hasn't come out yet! No matter what you do, he doesn't know!"

“Entering the Inheritance Tower?” Great Master Changye couldn’t help getting more angry when he heard the words, “Eternal Hall Master, when I asked you for a place in the Inheritance Tower, you refused to give me! You just let him enter the inheritance tower? – Ha! I didn’t expect that your Eternal Palace Master is such a dog-legged thing!”

“You...” The Eternal Palace Master was furious, but there was no excuse—Xu Ming was able to enter the inheritance tower, not because of the quota given by the Eternal Palace Master, but because the inheritance tower took the initiative to “hook up” Xu Ming.

“Never mind!” Great Senior Chang Ye said again, “I don’t want to talk too much about you, you bastard! I’ll set up a formation here and wait for Xu Ming to come out of the inheritance tower!”

Chang Ye Da Zun’s attitude towards Xu Ming is not indiscreet! Although Gu Hanmo has now been caught, Great Senior Chang Ye has to arrange a few more formations to be safe.

“Heh!” Seeing this, the Lord of Demons couldn’t help laughing, “You are so brave! Isn’t that a genius in your little universe? Even if you have some luck, how can you be so powerful? With us Here, you still need to be careful like this?”

Although the Holy Master Tianmo was laughing at the Great Venerable Changye, he was also relieved at the same time, and thought to himself: “Just as the Great Venerable Changye is so daring, forgive him and dare not lie to me! It seems that Xu Ming’s body is really What’s more, there are hundreds of top-quality Originium Stones!”

Thinking of this, the Heavenly Demon Lord couldn’t help but look forward to Xu Ming’s appearance.

And at this moment... the gate of the inheritance tower of the Eternal Hall suddenly opened!

Xu Ming, we’re out of the tower!

Chapter 2233: Threaten

Xu Ming, we’re out of the tower!

Before entering the tower, Xu Ming only had the strength of “11th-order Cosmic Sea”; after leaving the tower, he was already a “thirteenth-order” powerhouse, and he also obtained many trump cards such as “Eternal Realm”. The strength has undergone earth-shaking changes, enough to Walk the cosmic sea.

Feeling the transformation of his own strength, Xu Ming couldn't help but feel a sense of pride in his chest.

However, for some unknown reason, Xu Ming always felt a little uneasy.

“What's going on?” Xu Ming frowned slightly, “My strength has soared, and it is almost impossible for anything in my home universe to threaten me. Why do I suddenly feel uneasy?”

Xu Ming was puzzled, but subconsciously, he moved out of the tower a little faster, “Could it be that something happened outside?”

boom-

Xu Ming burst out of the tower.

As soon as he came out, he immediately attracted everyone's attention.

“Hahahaha...Xu Ming, you are finally willing to appear!” The Great Master Chang Ye looked up to the sky and laughed, “It's a pity that you seem to have appeared a little late!”

“Huh?” Xu Ming couldn't help frowning – he felt a warm and familiar aura.

“Xu Ming!” The Eternal Hall Master said in a voice transmission, “Gu Hanmo, was caught by the Great Senior Long Ye!”

The Eternal Palace Lord simply quickly said what happened just now.

And Xu Ming has also seen the situation outside the Eternal Hall – the Great Master Changye came to seek revenge with the powers of the universe sea; and Gu Hanmo, now in the hands of the Great Master Changye.

“Han Mo...” Xu Ming gritted his teeth.

“Xu Ming!” Gu Hanmo’s eyes also penetrated time and space, looking at Xu Ming from a distance – they never imagined that the reunion would be like this.

“I caused Han Mo!” Xu Ming, who had already understood what had happened, couldn’t help feeling regretful and anxious.

If it was Xu Ming himself, he would naturally not be afraid of the Great Lord of the Night, nor the Heavenly Demon Lord and other cosmic sea powerhouses. But now, Gu Hanmo is in the hands of the other party, these are two completely different situations!

If Xu Ming made a move easily, he would definitely put Gu Hanmo into a situation of doom! – If you are killed by the Great Lord of the Night, it is a real death, and there will be no chance of reincarnation!

Does Xu Ming dare to do it?

“If I use the Origin Stone of Extreme Power, I can explode the combat power of the ‘Cosmic Sea Seventeenth Rank’! Maybe I can kill the Great Master Changye by surprise!” Xu Ming secretly said, “It’s just... The Great Master Changye obviously came prepared. , and the cosmic sea powerhouses he brought are obviously not weak! Will these cosmic sea powerhouses not have the source stone of extreme power?”

Xu Ming doesn’t think so!

Although the source stone of extreme power is precious, a cosmic sea powerhouse like the Lord of the Demons will definitely have a few on his body!

If Xu Ming used the source stone of extreme power, then the Holy Lord of Demons should also use it; then, it would only make Gu Hanmo’s situation even more dangerous.

“What to do!?” Xu Ming was extremely anxious, but at a loss!

If something happened to Gu Hanmo, Xu Ming would even prefer that he never entered the Eternal Hall's inheritance tower and didn't get so many treasures and opportunities that he had left him in his previous life!

But now, there are no assumptions!

Xu Ming must face the immediate danger!

"Father..." Xu Yin looked at Xu Ming worriedly.

Xu Ming waved his hand and looked at Chang Ye Da Zun from a distance.

The Great Master Chang Ye also looked at Xu Ming, and said with a wicked smile, "I didn't expect it, Xu Ming, we will meet again so soon! Who made you not come to chase and kill me in the Sea of Cosmic Universe?"

At the beginning, when the Great Master Changye fled into the sea of cosmos, Xu Ming did have the opportunity to hunt down the Great Master Changye.

Xu Ming gritted his teeth – he was the one who underestimated Chang Ye Da Zun!

"Come out and talk!" The meaning of Chang Ye Da Zun was naturally to let Xu Ming come out of the Eternal Palace.

Without any hesitation, Xu Ming walked out of the Eternal Hall.

"Haha! It's really infatuated!" Great Master Chang Ye sneered, "Since you are so infatuated... It's okay to use the treasure on your body to exchange Gu Hanmo's life, right?"

"Yes!" Xu Ming said directly.

The Heavenly Demon Lord and other cosmos sea powerhouses watched and did not speak.

In fact, in the eyes of Holy Master Tianmo, with his strength, he can kill Xu Ming directly; however, he was afraid that Xu Ming would hide the treasure elsewhere, so he kept silent and planned to wait for Xu Ming to hand over the treasure. Take another shot.

As for Xu Ming, after handing over the treasure, will the Lord of Heavenly Demon let Xu Ming or Gu Hanmo go? -how is this possible! The Lord of Demons didn't intend to let it go! Now that the feud has been established, it must be cut down.

“Haha! Refreshing!” Great Senior Chang Ye grinned again, “Then you should take out the treasures first! How about we hand over people and treasures with one hand?”

“Okay!” Xu Ming simply said a word, and then took out hundreds of Origin Stones of Extreme Power and suspended them all around—before, when Xu Ming threatened Changye Great Venerable, he took out so many Origin Stones of Extreme Power. ; Therefore, Xu Ming did not come up with more!

If this can successfully change the review of Han Mo, Xu Ming also does not want to make troubles.

“Oh?” Heavenly Demon Holy Master and other cosmos sea powerhouses lit up, “Sure enough, there are so many source stones of extreme power!”

Before, the Great Master of Changye told him that when Xu Ming had hundreds of Origin Stones of extreme power, the Lord of Heavenly Demon was actually a little unbelievable – how could there be so many in a weak and small reincarnation-level universe that has evolved into the fifth universe era. Extreme power source stone?

And now, the Lord of Heavenly Demon has believed!

Looking at the hundreds of Origin Stones of Extreme Power around Xu Ming, the eyes of the cosmos sea powerhouses such as the Heavenly Demon Lord are full of greed. With these Origin Stones of Extreme Power, their days in the Cosmos Sea in the future will be as easy as possible. Much better!

However, although the eyes of Holy Master Tianmo and others flashed with greed, they were not in a hurry – Xu Ming has so many Origin Stones of extreme power so there are no other treasures? impossible! There are certainly upper, middle, and lower Originiums of Power; those are not as precious as the Originiums of Extreme Power, but they are also precious things.

Moreover, Xu Ming is sure that there are no more Origin Stones of extreme power on his body?

The Great Master Changye naturally understood what the Lord of the Demons and others meant, and said with a grin, “That’s all? There should be more on you, right? Take it out!”

Xu Ming also knew that with such an extremely powerful source stone, he would definitely not be able to fool Chang Ye Da Zun and the others. After thinking about it, Xu Ming took out another 10,000 Origin Stones of Extreme Power—this is already a relatively large number! It is impossible to have so many Origin Stones of extreme power even if the Lord of Heavenly Demon and the others add up.

“So much, it should be enough to tempt the Holy Lord and the others!” Xu Ming secretly said. At the same time, he secretly observed the reactions of the Heavenly Demon Lord, Chang Ye Da Zun and others, trying to find an opportunity to save people.

“So many!?” When Xu Ming took out another 10,000 Origin Stones of Extreme Power, the Heavenly Demon Lord and other cosmic sea powerhouses were indeed shocked.

Open and hang into another world

Chapter 2234: Anxious

“Ten thousand top-quality power source stones!”

The Lord of Heavenly Demon couldn’t help but tremble slightly when he saw this “large sum of money”.

You must know... even if it is a relatively good “fourteenth-order” powerhouse mixed in the universe, all the treasures in the body may not be worth as much as 10,000 top-grade power source stones! As for a “thirteenth-order” powerhouse like the Lord of Heavenly Demons, let alone 10,000 top-grade power source stones, he can’t even get a thousand top-grade power source stones!

Now suddenly seeing such a huge sum of money, how could the Lord of Heavenly Demon not be shocked?

As for the Great Senior of Changye, he was even more shocked—he was already weak, and he had not entered the universe for a long time; although there were some adventures, he had never seen 10,000 top-quality Origin Stones placed in front of him like this!

After a brief fiery flash in his eyes, Chang Ye Da Zun knew that Xu Ming was dead!

“Every man is innocent, but he is guilty!” The Great Master Changye sneered in his heart, “If Xu Ming only has a few hundred top-quality Origin Stones, then the Holy Master of the Demons and the others may not fight with Xu Ming until they get the treasure. The level of endlessness! But now... Xu Ming is dead!”

Xu Ming is dead! This is exactly what the Great Master of Changye likes to hear!

...

After a brief shock, the Lord of Heavenly Demon also came back to his senses. He took a deep breath and looked at the 10,000 top-quality Originium Stones around Xu Ming, with an aura of determination in his eyes.

However, the Lord of Demons did not express his urgency, but pretended to be calm and asked, “That’s it? No more treasures?”

Treasures, of course, the more the better!

10,000 top-quality power source stones, although it is already beyond the expectations of the Lord of Heavenly Demons; but if there are more, then of course it is even better!

Xu Ming looked at the Lord of Heavenly Demons and was silent for a while – of course he also knew how precious the source stone of supreme power was in the sea of cosmos! However, Xu Ming also has his own plans.

“If you want to rescue Gu Hanmo, you must be surprised and unprepared!” Xu Ming secretly said.

How to be unprepared for it?

Xu Ming intends to use “money” to smash it!

First, use a large enough number of top-quality power source stones to deter the powerhouses of the universe such as the Heavenly Demon Lord! Then, throw these top-quality Origin Stones in all directions of the real cosmos—in that case, the first reaction of the Lord of Demons and others must be to grab the top-quality Origin Stones; at that time, Xu Ming will be able to attack them and rescue Gu Hanmo. !

Of course, this is not a foolproof solution; but the incident happened suddenly, and within a short period of time, Xu Ming had no better solution.

“The best source of power, I have more!” On the seventh floor of the inheritance tower, Xu Ming got tens of billions of the best source of power! This wealth, I am afraid that the world breakers will be moved!

Of course, to frighten the Lord of Heavenly Demons and others, there is no need to take out tens of billions of top-quality Origin Stones. Xu Ming estimates that as long as he spends a few hundred thousand or a few million, it will be enough to shock him to the core!

And now, what Xu Ming is waiting for is the moment when the Holy Master Tianmo and others “six gods and no masters”!

“10,000 top-quality power source stones are not enough to completely intimidate the Lord of Heavenly Demons, so... 100,000?” Xu Ming thought for a while, waved his hand, and 100,000 top-grade power source stones appeared beside him.

“hiss-”

“hiss-”

“hiss-”

Heavenly Demon Lord and other cosmos sea powerhouses, all of them can’t stop breathing cold air.

To be honest, 10,000 top-quality Originium stones have already shocked them!

100,000 top-grade power source stones... Even poorer “sixteenth-order” powerhouses may not be able to take them out! You must know that “sixteenth-order” powerhouses are definitely walking sideways in the sea of cosmos; even “sixteenth-order” powerhouses may not be able to come up with 100,000 top-grade power source stones, which shows what a huge sum of money this is. “It’s no wonder why the Heavenly Demon Holy Master and other cosmos sea powerhouses can’t stop breathing cold air!

However, the Heavenly Demon Lord and others were just taking a breath of cold air, and they have not yet reached the “six gods and no masters” situation that Xu Ming expected!

The top-quality Originium of Power that Xu Ming took out was still not enough!

“You...” Holy Master Tianmo looked at Xu Ming in disbelief, “Where did you get so many high-quality Origin Stones?”

Xu Ming said lightly, “I’ve been to the Holy Emperor Universe!”

Holy Emperor universe?

The Heavenly Demon Lord has been in the Universe Sea for a long time, and he naturally knows what the “Holy Emperor-level Universe” means – this is the ruling force of the Universe Sea!

“But even if you have been to the Holy Emperor-level universe, it is impossible to have so many top-quality Origin Stones!” The Lord of Heavenly Demon immediately reacted; even in the Holy Emperor-level universe, the top-quality Origin Stones of power are not cabbage. , “Unless you are... Discord Temple’s disciple? And still...”

“That’s right!” Xu Ming did not deny it, “I am the core disciple of the Temple of Discord, and I am also the strongest in this cosmic era, no one!”

The reason why Xu Ming reported this identity is to see if the identity of the core disciple of the Temple of Discord is useful in the Sea of Cosmic Universe!

“The strongest core disciple of the Temple of Discord?” After hearing the words of the Heavenly Demon Holy Master and other cosmos sea powerhouses, they were shocked again. However, seeing

the 100,000 top-quality Origin Stones around Xu Ming, they also felt that Xu Ming was the core disciple of the Temple of Disorder, and it was a matter of course. So many superb power source stones?

At this time, the Heavenly Demon Lord and other cosmic sea powerhouses couldn't help but look at each other. Then...they saw tacit understanding in each other's eyes.

boom! boom! boom!

Without warning, the auras of more than a dozen cosmos sea powerhouses, including the Lord of Heavenly Demons, erupted in unison! Moreover, more than a dozen powerhouses all used the best power source stone in unison!

In an instant, there were more than ten auras that reached the sixteenth and seventeenth levels of the Universe Sea, and they all rushed towards Gu Hanmo.

“What!?” Xu Ming was shocked – this scene was something he never expected.

Xu Ming originally thought that even if he reported his identity as “the core disciple of the Temple of Discord”, even if he couldn't deter the Holy Master and the others, he couldn't possibly make the situation worse, right? But what he didn't expect was that after hearing about their identity, the Holy Master Tianmo and others even killed Gu Hanmo in unison, and even directly used the source stone of supreme power!

How much hatred is this?

“Could it be... The Temple of Discord has made many enemies in the Sea of Cosmic Universe? Or, the Lord of Heavenly Demon and the others just happened to have a deadly feud with the Temple of Discord?” Xu Ming flashed many thoughts, and at the same time he used the best power source without hesitation. Shi, bursting his strength to the extreme, rushed in the direction of Gu Hanmo desperately.

It's just that Xu Ming's strongest explosive power after using the top-grade power source stone is only at the “17th-order” level; moreover, he was far away from Gu Hanmo, and started late, obviously it is impossible to be better than the Heavenly Demon Holy Master no matter what. The others rushed to Gu Hanmo's side first.

“Han Mo...” Xu Ming was extremely anxious, but there was nothing he could do.

Chapter 2235 dare not

“Ah ah ah ah ah!”

Xu Ming is completely crazy!

He frantically urged the Originium of Supreme Power, and instantly consumed dozens of Originium of Supreme Strength. But... the power given by the Originium of Power cannot be superimposed; at the same time, activating dozens of top-quality Originium of Power only increases the duration and cannot increase the instantaneous explosive power.

“Hanmo!” Xu Ming could only watch helplessly as the Holy Master Tianmo and others came to Gu Hanmo’s side.

...

Don’t say that Xu Ming is confused, even the Great Master Chang Ye is also confused at this time.

“What’s the situation!?” Great Senior Chang Ye stared blankly at the Heavenly Demon Lord and other cosmos sea powerhouses who rushed over. He didn’t know what the Holy Master Tianmo and others were rushing to do – to kill Gu Hanmo?

“Could it be that the Lord of the Demons and the others have a deep hatred with the Temple of Discord?” Great Senior Chang Ye couldn’t help but think, “But it doesn’t make sense! Even if they really have a deep hatred with the Temple of Discord, there is no need to rush to kill Gu Hanmo. !”

Chang Ye Da Zun couldn’t understand for a moment.

And just when he didn’t understand, the figure of the Lord of the Demons had already rushed to the side of the Great Lord Changye.

boom-

I saw that the Lord of Heavenly Demon said nothing, raising his foot was a flying kick—and this kick was towards the Great Lord Changye!

Looking at this sudden kick, Great Senior Chang Ye was even more stunned—he never thought that the Holy Master of Heavenly Demon, who was an “ally”, would attack him without warning.

How powerful is the Lord of Heavenly Demon? This is a “thirteenth-order” powerhouse in the sea of cosmos, and now he has used the best power source stone, and his strength has reached the “seventeenth-order” level!

What is the strength of Chang Ye Da Zun? It’s just the “eleventh-order” level of the universe sea.

Heavenly Demon Sage’s main fight against Chang Ye Da Zun is even easier than “daddy beating his son”, and even a quick kill is not difficult. Although the Heavenly Demon Holy Master didn’t kill him, he easily kicked the Great Master Changye away.

call out-

Great Senior Chang Ye flew away without any resistance, and was immediately suppressed and captured by the other cosmos sea powerhouses who followed him.

As for the Holy Master of Heavenly Demon, he hurriedly helped Gu Hanmo to lift the forbidden seal on his body, allowing Gu Hanmo to regain his freedom.

“This...” Xu Ming, who was already in despair, was stunned at this time, and he couldn’t believe the surprise picture he saw – Heavenly Demon Lord and other cosmic sea powerhouses, not to kill Gu Hanmo, but to save Gu Hanmo ?

As for why the Holy Lord of the Demons wanted to save Gu Hanmo... In Xu Ming’s opinion, it was probably the identity of “the core disciple of the Temple of Discord” that played a role.

“Huh—” Xu Ming breathed a long sigh of relief. At that moment just now, he was really almost completely desperate.

It wasn’t until Gu Hanmo ran back to him that Xu Ming really felt relieved – a false alarm.

...

“Sacred Lord Tianmo, what are you doing!?” After Great Senior Chang Ye was suppressed and captured, he still didn’t understand what was going on.

Xu Ming also looked at the Heavenly Demon Lord, wanting to see what he had to say.

“Heh!” The Lord of Heavenly Demon glanced at the Great Master Changye and said with a disdainful smile, “Do you know why we can live in the cosmos sea for so long?”

“Why?” Chang Ye Da Zun asked in confusion.

“Because... we are not greedy!” The Lord of Heavenly Demon laughed.

“You are not greedy!?” The Great Senior of Changye rolled his eyes when he heard it – you are not greedy, will you follow me to my hometown universe?

The Holy Master Tianmo naturally knew what the Great Senior was thinking, he continued with a smile: “I said not to be greedy, it’s that we are not greedy for big bargains! – The common man is innocent, but he is guilty! Treasures that are beyond my tolerance, I will I don’t dare, I want to live a few more cosmic ages!”

If it were just a few hundred or thousands of the best-quality Originium Stones, the Demon Lord would definitely eat it unceremoniously that day, or even break his hand. However, the 100,000 pieces of the best power source stone, the Lord of Heavenly Demon dare not take it!

Yes!

He dare not take it!

100,000 top-quality power source stones are not the wealth that his mere “thirteenth-order” can have! This huge wealth, as long as there is a little leak, it will be a disaster for the Lord of the Devil!

Therefore, even if 100,000 top-quality Origin Stones are placed in front of him, even if there is a chance to get them; however, the Lord of Heavenly Demon decisively chose to give up! – The reason why the group of people like the Holy Lord of Demons, after the destruction of their home universe, is still alive and kicking in the universe, is inseparable from their cautiousness.

Of course... The choice made by the Lord of the Demons and others is also related to Xu Ming's identity!

The core disciple of the Temple of Discord, dare to provoke the Lord of Heavenly Demon?

dare not!

The Lord of Heavenly Demons knows very well how overbearing the Temple of Disorder is! If an accident happens to the core disciple, it must be found out—it is simply too easy to find the Lord of Heavenly Demon and kill the Holy Lord of Heavenly Demon by means of the Temple of Disorder!

Therefore, even if the Lord of Heavenly Demons is so jealous of these 100,000 top-quality Origin Stones, he will not be able to take them – as long as his brain is not broken, he will not dare to take them!

and...

The Heavenly Demon Lord suddenly attacked, suppressing and capturing the Great Master Changye and rescuing Gu Hanmo. In fact, he wanted to take the opportunity to befriend Xu Ming, the core disciple of the Disorder Temple.

“This Xu Ming and I have never had any grievances or enmity, but now we turn to help him, even if we can't be friends, at least we won't be enemies! It can even be said... Xu Ming still owes me a little favor!” The Holy Master thought in his heart, “Xu Ming is the core disciple of the Temple of Discord. In his capacity, it is not difficult to bring us into the Holy Emperor-level universe!”

Like the Lord of Heavenly Demons, who has shattered the universe in his hometown and is a powerhouse in the sea of cosmos, what do you desire most? -It is not how many top-quality Originium Stones you get, but the ability to enter the life of the Holy Emperor-level universe!

Holy Emperor universe, but they won't be petty to ask them to "pay the rent". As long as you enter the Holy Emperor-level universe, it is equivalent to having your home universe again, and you no longer have to be afraid in the universe.

If it is said that the 100,000 top-quality Origin Stones and the opportunity to enter the Holy Emperor-level universe are to be chosen by the Heavenly Demon Lord... They will definitely choose to enter the Holy Emperor-level universe!

And now Holy Master Tianmo knows that Xu Ming is the core disciple of the Temple of Discord—the opportunity to enter the Holy Emperor-level universe is in front of them, will they not know how to choose?

Therefore, there is just this scene of defections.

...

After Xu Ming calmed down, he looked at the Lord of Heavenly Demon with a complicated expression, and said, "Sacred Lord of Heavenly Demon, thank you very much! Whether or not we had any grievances before, all of them will be written off! Besides, I, Xu Ming, owe you a favor!"

Gu Hanmo was one of Xu Ming's most important relatives. For Gu Hanmo, Xu Ming was willing to give up all his cultivation and all his treasures.

Now, Holy Master Tianmo and others saved Gu Hanmo, and Xu Ming was naturally grateful to them.

The Heavenly Demon Lord and other cosmos sea powerhouses suddenly laughed—the reason why they rescued Gu Hanmo was not what Xu Ming said?

Now that he heard Xu Ming's words, the Holy Master Tianmo was relieved and said with a smile, "Brother Xu Ming, look, what should I do with this Great Master Changye?"

Chapter 2236 The grudge is settled

"Brother Xu Ming, look, what should you do with this Great Master Changye?"

Great Lord of the Night...

Xu Ming looked at each other with some complicated eyes.

In Xu Ming's eyes, the Great Master of Changye is just a stubborn little boy; therefore, after the Great Master of Changye fled to the sea of cosmos, Xu Ming would not be in a hurry to chase after him—because Xu Ming never thought that he would be as weak as a long night. Great Senior, he can still threaten him!

fortunately!

Fortunately, there was no accident!

“Kill it!” Xu Ming waved his hand lightly. A mere Chang Ye Great Master, he doesn't even have the qualifications to let him do it himself, he is really just an ant!

“Yes!” Heavenly Demon Holy Master and other cosmos sea powerhouses did not say a word, and shot directly to kill Chang Ye Great Venerable, not even the tiniest particle left.

And Xu Ming also felt that the causal line about Changye Dazun has completely disappeared, indicating that there can be no clone of Changye Dazun in his home universe; as for the sea of cosmos... Under the restrictions of the supreme rules, clones are not allowed to appear in the universe. The sea, or appearing in two different universes; therefore, outside the home universe, it is impossible to have a clone of the Great Master of the Night!

The Great Senior of Changye has died very thoroughly!

“Thank you!” Xu Ming was also not polite to the Holy Master of Heavenly Demon – whether it was for Xu Ming or the Holy Master of Heavenly Demon, killing Great Master Changye was just a gesture of effort, and there was nothing to be polite.

“Brother Xu Ming!” The Holy Master Tianmo didn't say much about the topic of Changye Dazun, but said, “You said before that you owe us a favor, can you take it seriously?”

“Naturally take it seriously!” Xu Ming said without hesitation, he was even ready for the lion’s mouth to be opened by the Lord of Heavenly Demon – however, even if the Holy Lord of Heavenly Demon really opened his mouth, Xu Ming would try his best to be satisfied; Rescue Gu Hanmo in the face of battle, this kindness is too great for Xu Ming. Moreover, Xu Ming is really rich now, and he is really not afraid of the lion’s big mouth!

No matter how big the mouth of the Heavenly Demon Lord is, it is estimated that he will not be able to eat one-tenth of Xu Ming’s net worth!

“Then I’ll just say it straight!” Holy Master Tianmo said sternly, “We hope... to become a follower of Brother Xu Ming!”

“What!?” Xu Ming couldn’t help but startled – didn’t he want me to repay his favor? To be my follower, what kind of human is it?

“Brother Xu Ming, don’t worry, listen to me first!” Holy Master Tianmo said again, “You are the core disciple of the Temple of Discord, as long as we become your followers, then it will not be difficult to join the Holy Emperor-level universe. !”

“Do you want to enter the life of the Holy Emperor-level universe?” Xu Ming asked.

“Yeah!” The Lord of Heavenly Demon sighed with emotion, “The hometown universe is shattered, and we are living in the sea of cosmos. We really have had enough of this life! Our greatest wish is to enter the holy emperor-level universe and live a peaceful life!”

Xu Ming thought for a while and said, “I don’t know exactly how to let you enter the life of the Holy Emperor-level universe. However, I can promise you that I will definitely do my best to help you enter the Holy Emperor-level universe. !”

“Then we are here to thank you in advance!” Holy Master Tianmo continued, “As you are the core disciples of the Temple of Discord, and we are your followers, it shouldn’t be a big problem to enter the Holy Emperor-level universe! ”

Xu Ming nodded: “I think so too!”

If Xu Ming had just returned from the Holy Emperor-level universe, he wouldn't necessarily dare to say this. But now, Xu Ming's strength has skyrocketed, and his background has skyrocketed. I really don't think it's difficult for a few people to join the Holy Emperor-level universe.

"Everyone, please settle down in my hometown universe first!" Xu Ming said, "When I finish dealing with my hometown universe, I'll go to the Holy Emperor-level universe with you!"

"Okay!" The Lord of Heavenly Demon laughed, "We will wait for you at the exit of this universe!"

The exit of the universe, that is, the weakest position of the cosmic membrane wall, is also the position when the strong men such as the Lord of Demons first entered the universe.

...

Inside the Eternal Palace.

"Xu Ming, I really don't have time to shoot!" Eternal Palace Master explained.

"I understand!" Xu Ming didn't care.

In fact, if the Eternal Hall Master knew that Xu Ming was actually the reincarnation of the Eternal Great Venerable; then, even if he paid for the entire Eternal Hall, he would have to save Gu Hanmo at all costs. However, the owner of the Eternal Palace does not know Xu Ming's identity; and Xu Ming does not want to be too involved with the Eternal Palace for the time being, so he has not revealed his identity so far.

"Hanmo!" Xu Ming looked at Gu Hanmo and said with a smile, "In the future, you don't need to hide in the east anymore!"

In the realm of...

In order to protect Xu Ming, Gu Hanmo used the power of his previous life, and was discovered by the enemies of his previous life. Since then, he has been living a life of hiding in Tibet. Until now, until Xu Ming stood proudly in his home universe with absolute strength, Gu Hanmo was truly safe.

“Right!” Xu Ming said again, “The grudges of your previous life should be settled now!”

With that said, Xu Ming waved his hand, and his servants of the Great Senior escorted a dozen Great Seniors out – these dozen Great Seniors were the enemies of Gu Hanmo’s previous life. Except for those who had already been beheaded by Xu Ming, the others, a lot, were all here.

“This grievance should really be ended!” Gu Hanmo nodded and said – as a strong man, Gu Hanmo will naturally not have the slightest pity when he treats the enemy.

“Let’s do it!” Xu Ming said lightly.

The servants of the great masters under Xu Ming immediately beheaded all these great masters. When these enemies were beheaded, their faces were full of relief. After they were captured, they were worried that they would suffer all kinds of torture, and it would be better to die; to be able to die so peacefully now, for them, it was already a huge surprise.

And the grievances and grievances of Gu Hanmo’s past and present life have also come to an end.

...

virtual universe.

Facing the void of time and space, the fallen devil murmured in his mouth.

“The Will of the Universe I don’t believe it, you have no interest in Xu Ming!” The Fallen Demon Lord’s tone was calm, but his words were full of delusions, “You should consider my suggestion carefully. This is an opportunity for me, but why not for you?”

After speaking, the fallen demon master closed his mouth and said no more.

Time and space were silent, without any echoes.

However, the fallen devil is not anxious at all – he believes that the will of the universe will never resist his bewitchment!

absolute!

Sure enough... After about an hour, the time and space around the fallen devil slightly rippled.

The corner of the fallen devil's mouth suddenly evoked a smile – he knew that the will of the universe had come!

“Tell me about your specific thoughts!” An ethereal voice sounded – this voice came from the will of the universe!

Chapter 2237 Dialogue with the Will of the Universe

The Fallen Demon Lord faces the void.

“The will of the universe!” The fallen devil said lightly, “Your goal is to become a detached universe; and my goal is to become a world breaker... There is no conflict between our goals.”

The time and space around the Fallen Demon Lord was calm, without the slightest ripple. Obviously, the will of the universe did not respond to his words.

The fallen demon master was not anxious, and continued: “If I become a world breaker, I will not lose much to you! Moreover, it can in turn help you become a detached universe – Xu Ming has at least 100,000 superb powers. Origin Stone! You cannot attack Xu Ming because of the limitations of the supreme rules, but I can attack Xu Ming and help you ***** these Origin Stones of power!”

“The 100,000 top-grade power source stones will help you to become a detached universe, right?” The fallen devil bewitched, “The will of the universe, I don't understand, what can you hesitate!”

“Let you become a worldbreaker, and then help me capture the source of power from Xu Ming?” The will of the universe finally spoke up.

The eyes of the fallen devil lit up: there is a play!

“I can make a contract with you under the witness of the supreme rules!” The Fallen Demon Lord continued.

He is so eager to be a worldbreaker!

Moreover, if you can become a worldbreaker, then doing something for the will of the universe is nothing. In order to make the will of the universe believe in its sincerity, the fallen devil is even willing to enter into a contract under the witness of the supreme rule.

“The cultivation technique I practice must be in the virtual universe to break through and become a world breaker!” said the fallen demon master. His exercises are quite special, and he can’t exert much strength in the real universe. That’s why the great masters of the real universe don’t give much attention to the fallen demon masters; but in the virtual universe, there are others. The suppression of the rules of the universe’s operation makes the fallen devil very embarrassed. “In my realm, in fact, as long as you let go of the suppression of me, I will soon be able to break through and become a world breaker!”

After the fallen devil came to the virtual universe, he has been waiting for an opportunity – waiting for the will of the universe to let go of his suppression.

Whenever he sees an opportunity, the fallen devil will spare no effort to persuade the will of the universe to “win-win cooperation”.

hum...

Time wobbled.

The voice of the will of the universe sounded again: “Actually, I don’t need you, I should be able to get the source of power from Xu Ming!”

wow—

After the will of the universe is finished, he retreats directly, and no longer gives the fallen demon master a chance to speak.

“I...” The Fallen Demon Lord was depressed, but there was nothing he could do—unless he became a worldbreaker, it would be impossible to fight against the will of the universe. No matter what attitude the universe will have towards him, he can only endure it.

Forbearance, one day I can become a world breaker; if I can't bear it, I am afraid that I will never become a world breaker.

...

real universe.

Eternal Temple.

"This is the Great Senior Jasmine, right?" Xu Ming saw the Great Senior Jasmine under the introduction of Gu Hanmo, and thanked him repeatedly, "In the beginning, not long after I first entered the real universe, I was hunted by all parties; if it wasn't for you to guide me, I'm afraid I'll be in a lot of trouble!"

Great Senior Jasmine was also quite emotional. She also didn't expect that Xu Ming, who was quite weak in her eyes at the beginning, had grown so quickly to a height that made her look up; if there were no accidents, it would be a sure thing for Xu Ming to become a world breaker.

Gu Hanmo said: "The Great Senior Jasmine is my friend, and the only Great Senior I could trust in the real universe before! If it wasn't for that, I wouldn't dare to entrust Xu Yin to her!"

Xu Ming looked at Gu Hanmo and then at his daughter Xu Yin, his heart was full of sighs – he had too much luck along the way, otherwise, it would be difficult to have the scene of reunion today.

"Let Xu Yin project the virtual universe and meet her mother Yin Ran!" Xu Ming secretly said.

Xu Yin is the supreme cultivation of the sky. Under the restriction of the rules of the universe, it is natural that the real body cannot come to the virtual universe. However, there is a way to project a clone into the virtual universe, which can be regarded as a mother-daughter reunion.

"Or... let Yin Ran come to the real universe directly!" With Xu Ming's current strength, it is naturally not difficult for Yin Ran to go to the real universe.

hum...

Suddenly, there was a strange wave of fluctuations in the space-time around Xu Ming.

“Huh?” Xu Ming was slightly puzzled.

You must know that there are layers of formations guarding the Eternal Hall; generally there is very little power that can directly penetrate into the Eternal Hall.

But then, Xu Ming knew what this fluctuation was; “The Will of the Universe!”

“Xu Ming, I have something to talk to you about!” Cosmic Will said, the flow of time around Xu Ming was completely frozen – this way, no matter how long the conversation between Xu Ming and Cosmic Will lasted, when they finished talking At that time, not even a second had passed by the outside world; moreover, even Gu Hanmo and Jasmine, who were beside Xu Ming, would not know that the will of the universe had come.

“Oh?” Xu Ming was slightly solemn.

After all, “the other party” is the cosmic will of the universe in his hometown, and Xu Ming has to pay more attention to it.

“At first, I thought that the will of the universe was just an ethereal and vague existence; now it seems that the will of the universe, just like us, has an ideology!” Xu Ming secretly said.

What Xu Ming didn’t know was that the will of the universe generally did not reveal its ideological consciousness; for example, when the will of the universe gave an order to the Great Senior Zihe, it was just a cold order, and it would not be like talking to Xu Ming now.

Only if the will of the universe is made to think that it has sufficient qualifications, the will of the universe will talk to it – such as Xu Ming, such as the fallen devil.

“Xu Ming!” The Will of the Universe continued, “I know that the reason why you have achieved today’s achievements is that many of the opportunities came from the Holy Emperor-level universe; but, after all, it was your home universe that gave birth to you, and the way you grew up was also in the The home universe has gained all kinds of opportunities – this, you don’t deny it?”

“Never deny it!” Xu Ming said.

There is nothing to deny. If it weren't for the rise of Wei Mo in his home universe, then Xu Ming would not have gotten so many opportunities in the Holy Emperor-level universe and...

Xu Ming could also hear it, the will of the universe seems to be a little bit for the benefit!

"Could it be that I was exposed to wealth and was targeted by the will of the universe?" Xu Ming was speechless.

Xu Ming originally thought that in his home universe, no one would be able to hit his treasure; unexpectedly, the will of the universe jumped out! – If it is said that the will of the universe is not for benefits, I would not believe it if Xu Ming was killed.

"But... After all, it was my hometown universe that gave birth to me and made me! It seems that there is nothing unacceptable to give a little benefit to the will of the universe!" Xu Ming thought again, "Yeah! It's just to support the construction of my hometown!"

Sure enough, the will of the universe immediately went straight to the subject: "Xu Ming, you have a lot of high-quality power source stones! With your strength, it is not too difficult to break through and become a world breaker; After the world breaker, the power source stone will be of no use to you! Why don't you give me some of the power source stone on your body!"

Chapter 2238 It's called "Death and Life"

"Why don't you give me some of your power source stone!"

The will of the universe has stated its purpose – to ask for the Originium of Power.

And this is also what Xu Ming expected. The only thing that surprised Xu Ming was: "I didn't expect that even the will of the universe would be interested in the Originium of Power! No wonder, the Originium of Power will become the hard currency of the Cosmic Sea!"

Suddenly, Xu Ming thought of another treasure on his body—the Heart of the Universe.

“The Heart of the Universe is much more precious than the top-quality Origin Stone! If I take out the Heart of the Universe, I wonder if the Will of the Universe will be interested?” Xu Ming couldn’t help but wonder – his previous life “Eternal Great Venerable”, but left him countless billions of cosmic hearts; and it is said that each cosmic heart is more precious than his home universe.

However, Xu Ming did not dare to take out the Heart of the Universe.

The average husband is innocent and guilty, Xu Ming is not stupid!

“How much power source stone do you want?” Xu Ming said to the void.

“You took out 100,000 top-quality Originium Stones before; I guess, you must have more than this number of Originium Stones, right?” Cosmic Will said in a deep voice, “Well, you will give me seven 10,000 top-quality Originium Stones, how about it?”

70,000 top-quality Originium Stones?

Xu Ming was lost in thought.

To be honest, the mere 70,000 top-quality Originium Stones are nothing to Xu Ming at all, not even “a drop in the bucket”; however, Xu Ming also knows that the value of 70,000 top-quality Originium Stones in the sea of cosmos – even if Even a “fifteenth-order” powerhouse might not be able to come up with so many top-quality Origin Stones!

Just like this, you “donated” 70,000 Originium Stones to your hometown universe?

Xu Ming had to think carefully about whether it was necessary for him to do this.

“Xu Ming!” Cosmic Will said again, “Actually, you don’t need to hesitate so much! Do you know that you can’t use up so many high-quality Originium Stones anyway; but to me, they are quite important—wait After you become a worldbreaker, you probably won’t go back to your home universe very much; however, many of your relatives and friends should live in your home universe, right?”

“Yeah!” Xu Ming nodded.

Xu Ming did not plan to bring his relatives and friends to the sea of cosmos for the time being.

After all, Xu Ming himself had never been to the Sea of Cosmic Universe. He knew almost nothing about the Sea of Cosmic Universe and the Holy Emperor-level Universe. Under such circumstances, Xu Ming naturally did not dare to easily bring his relatives and friends into the Sea of Cosmic Universe.

“Your relatives and friends are all in your home universe. Do you want your home universe to be as safe as possible?” The will of the universe said again.

“It’s natural!” Xu Ming said.

“If you want your home universe to be safe, you must make your home universe stronger!” said the will of the universe, “In the universe sea, there are many strong people who will enter the universe to plunder; and under the constraints of the supreme rules, I can’t deal with those who invade the universe. The outsiders who entered! The best way is to make me stronger and make my cosmic membrane wall without loopholes and invulnerability – in this way, the outsiders cannot forcibly break into this universe! Home universe Naturally, it is extremely safe!”

“Oh?” Xu Ming was slightly startled – he really didn’t know this.

“And...” The Will of the Universe continued, “I’m just a reincarnation-level universe that is so ordinary that it can’t be any more ordinary; if I can’t break through to become a transcendent universe, it will be completely destroyed when the limit arrives! And the further back I go, the harder it is to break through. Become a detached universe – Xu Ming, I believe you don’t want to see your home universe destroyed, right?”

“Yes!” Xu Ming did not deny it.

“If I can have 70,000 top-quality power source stones, my hope of breaking through to become a detached universe will greatly increase!” The universe will say, “And this, for you, is not difficult!”

Xu Ming thought for a while and said, “Okay! I’m willing to take out 70,000 top-quality Origin Stones of power!”

After Xu Ming said these words, he clearly felt a kind of joy in the space and time around him.

“However...” Immediately afterwards, Xu Ming said again, “I hope that in my home universe, I can be free from the constraints of the rules of the universe’s operation, such as being able to travel between the real universe and the virtual universe freely!”

“This is not a problem!” The will of the universe agreed without any hesitation, “You, and your relatives, will no longer be restricted by the rules of the universe!”

Lifting the restrictions of the rules of the universe’s operation... This is actually not a condition at all for the will of the universe. After all, agreeing to this condition has almost no cost to the will of the universe.

“Okay!” Seeing the willingness of the universe’s will, Xu Ming didn’t write any ink, and directly took out 70,000 top-quality Originium Stones – a mere 70,000 top-quality Originium stones, Xu Ming really didn’t feel distressed at all.

“Thank you!” A strange space-time fluctuation swept over the 70,000 top-quality Originium Stones and disappeared instantly.

And the will of the universe quickly retreated after reaching its goal.

Time and space are no longer stagnant, and the normal flow of time has returned.

...

That night.

The night of the Eternal Hall is full of stars.

Xu Ming and Gu Hanmo have been in the billions of years, and they have never been alone under the boundless starry sky like they are now.

“It seems like it was yesterday!” Xu Ming couldn’t help remembering the days when he was still in the Wilderness Sect.

“Yeah!” Gu Hanmo also sighed with emotion, “Xu Ming, you know, I was chased by all the great lords because of a mysterious treasure!”

“Yeah!” Xu Ming nodded.

Gu Hanmo recalled: “In the beginning, this treasure came from the sea of cosmos, directly broke through the cosmic membrane wall, and entered this universe. After a lot of snatch, I was lucky to get this treasure; but the funny thing is, Until now, I don’t know what this treasure is for!”

Gu Hanmo can be sure that this is definitely a treasure! After all, breaking the cosmic membrane wall is not something that ordinary treasures can do; forcibly colliding with the cosmic membrane wall, even if it is a world-breaking magic weapon, I am afraid it will be smashed!

However, UU Reading www.uukanshu.com Gu Hanmo only knew that this was a treasure, but he didn’t know what it was for.

I’m afraid... like the Great Master Changye and the Eternal Hall Master, they didn’t rush into the fight because they couldn’t recognize what that treasure was, and couldn’t tell whether it was a blessing or a curse; otherwise, this treasure would probably not be lost. In the hands of Gu Hanmo.

“It’s this treasure! I don’t even know what it’s called!” Gu Hanmo stretched out his hand, and an empty ball appeared in the palm of his hand.

As Gu Hanmo injected divine power, the inside of this virtual sphere gradually turned dark purple, as if a sea of thunder was churning.

“That’s all I know! More, I don’t know at all!” Gu Hanmo laughed at himself – for such a treasure that he didn’t know anything about, he was forced to reincarnate, and even almost lost his life. Joke.

Of course, Gu Hanmo is also rejoicing – if it wasn’t for this treasure, she would never have met Xu Ming.

Xu Ming looked at the ball in Gu Hanmo’s hand and said, “It’s called ‘Death and Life’!”

Chapter 2239 The greed of the will of the universe

“Life or death?” Gu Hanmo gave Xu Ming a surprised look.

Xu Ming actually knew the name of this treasure?

You must know... In the entire real universe, only Gu Hanmo has obtained this treasure, and he still doesn't know anything about it; and Xu Ming has only seen this treasure for the first time, and he has never even touched it, so he knows more than Gu Hanmo?

“There is some chance!” Xu Ming said.

Regarding the Eternal Great Venerable being his previous life, Xu Ming himself still held a skeptical attitude, and he really couldn't tell Gu Han silently for the time being; therefore, Xu Ming did not elaborate.

And with the tacit understanding between Xu Ming and Gu Hanmo, Xu Ming does not need to explain too much, Gu Hanmo naturally understands that Xu Ming is inconvenient to say too much.

“Give it to me!” Xu Ming said directly, “This treasure can only be used in my hands!”

“Okay!” Without any hesitation, Gu Hanmo directly handed the treasure “Death and Life” to Xu Ming.

After Xu Ming took it, when he infiltrated divine power into the interior of “Death and Life”.

“Huh?” Xu Ming was slightly startled, with a look of surprise on his face.

“What's wrong?” Gu Han asked silently.

“I've... successfully refined it!” Xu Ming said.

Yes!

At the moment when Xu Ming's divine power penetrated into "death and life", he has successfully refined this treasure!

"Er..." Gu Hanmo was also speechless, "It seems... this treasure, as expected, only you can use it!"

However, when he thought that he had gone through so many life and death crises because of "Xu Ming's treasure", Gu Hanmo was relieved – he thought it was worthwhile to pay so much for Xu Ming.

"I can't say the use of 'death and life' for now!" Xu Ming said, "I will tell you when it is convenient to say in the future!"

...

A few days later, the Eternal Palace Master came to Xu Ming. In order to "open the world" thing.

Open Heaven Realm, that is, the end of a cosmic era – the top forces of all parties in the true universe must send Heavenly Supreme to enter the Open Heaven Realm to compete for the Heaven Opening Stone and the Reincarnation Stone. The Kaitian Stone and the Reincarnation Stone are also important treasures that allow the Great Venerable and Heavenly Supreme to escape the Great Cleanup of the Universe.

Only by escaping the mighty power of the Cosmic Sweep can we live to the next cosmic era.

"Open Heaven Realm, Yin Ran doesn't have to go!" Xu Ming said directly – Open Heaven Realm should be a very special area in the long river of time; in that area, no Great Senior can enter, and it is completely controlled by the universe. Will-controlled. That is to say, once you enter the Open Heaven Realm, your destiny is likely to be controlled by the will of the universe; Xu Ming is naturally unwilling to let his daughter Xu Yin go to that kind of place, "similar to the chapter of Nine Stars Disorder. I have quite a few treasures. With these treasures, whoever you send into the Open Heaven Realm is the same, right?"

"Of course! It's of course!" The Eternal Palace Master smiled – he came to see Xu Ming, in order to get these treasures similar to the "Nine Stars of Disorder" in Xu Ming's hands. Moreover, for the Eternal Palace, the more such treasures, the better; the more, the more stable the Eternal Palace's

position in the real universe, even if it goes through several or even dozens of universe eras, it will still be arrogant. The top power in the universe.

“Take it!” Xu Ming was not stingy.

In the eyes of the Eternal Hall Master, the chapter of the nine-star disorder is actually just a refined fragment of the power source stone in Xu Ming’s eyes. To Xu Ming, it has no value at all, so naturally there is nothing to be stingy about.

Moreover, since Xu Ming knew that he was the reincarnation of the Eternal Great Venerable, he also had some special feelings for the Eternal Palace; Xu Ming didn’t mind helping the Eternal Palace more if he had little influence on him.

“Thank you! Thank you!” Eternal Palace Master got what he wanted and thanked him again and again.

“Right!” Xu Ming said again, “In the next period of time, Xu Yin will go to the virtual universe with me, and will not be in the Eternal Palace!”

“Can you bring Xu Yin into the virtual universe?” The Eternal Palace Master was slightly startled, and then thought that with Xu Ming’s current strength, it seems not difficult to discuss the conditions with the will of the universe, “Go ahead! In the Eternal Palace, now There is nothing that Xu Yin needs to do!”

“Yeah!” Xu Ming greeted the Eternal Hall Master only out of politeness. Where is he going to take his daughter Xu Yin, how can the Eternal Palace Master be able to refute?

After Xu Yin awakened his memory, he also wanted to go to the virtual universe for a long time to visit his mother “Yin Ran”. When Xu Ming told her that she could go to the virtual universe in real life, Xu Yin felt like an arrow.

It is really like an arrow to return to the heart – Eternal Palace is not Xu Yin’s home, but “God’s Domain”.

After Xu Ming arranged some things, he took Xu Yin and went directly to the virtual universe.

“Xu Yin.” Xu Ming exhorted, “To be able to let our real body descend to the virtual universe is the request I made when I was talking to the will of the universe! But... after arriving in the virtual universe, try not to use the power beyond the limit of the virtual universe. , so as not to be caught by the will of the universe!”

“Well! I understand!” Xu Yin said.

Xu Ming laughed again: “Of course, you shouldn’t have a chance to use the power beyond the limit of the virtual universe!”

The power to reach the limit of the virtual universe, the eight great limits of the entire virtual universe, only a few people have reached it! And among those few, who doesn’t know Xu Ming and doesn’t know how scary Xu Ming is? It is impossible to provoke Xu Ming and Xu Yin.

Therefore, as Xu Ming said, Xu Yin had no chance to use the power beyond the limit of the virtual universe.

And Xu Ming said this, just a little reminder.

“When you left the virtual universe, you were still very weak, and you probably didn’t know the way back home!” Xu Ming smiled, “This trip, you can remember it clearly!”

...

The residence of the fallen devil.

In the eyes of the fallen devil, the flame of anger has been burning, and it has never subsided.

“Failed again! The will of the universe is just unwilling to let go of the suppression of me in the virtual universe...” The Fallen Demon Lord was furious.

In fact, the fallen demon master is very clear that for the will of the universe, it is a very easy thing to let go of the suppression of him in the virtual universe; for the will of the universe, there is almost no loss at all. But the will of the universe is not willing to do so.

“To put it bluntly, the will of the universe just doesn’t want me to break through to become a world breaker so easily!” The Fallen Demon Lord thought depressedly, “Or... when I break through to become a world breaker, squeeze me as much as possible!”

Of course, the fallen demon master can clearly see the intention of the will of the universe, but he has no choice but to be led by the will of the universe.

Sudden-

Without warning, there was a ripple in space-time – the will of the universe came again.

“Huh?” The Fallen Demon Lord was slightly startled. The will of the universe seldom comes on its own initiative, and most of the time, it is the fallen devil who takes the initiative to find the will of the universe.

“Dead Lord!” The voice of the universe’s will was low, “Your wish is about to come true!”

“My wish is about to come true?” The fallen demon master was stunned for a moment, and then he was overjoyed – he can finally break through and become a world breaker?

“Xu Ming refuses to hand over the Origin Stone of Supreme Power?” The Fallen Demon Lord couldn’t help asking. He remembered that the Cosmic Will swore before that he could get the source of power from Xu Ming without him taking action; but now, the Cosmic Will came to him, doesn’t it mean that the Cosmic Will did not come from Xu Ming? Got the Power Stone?

“No!” Cosmic Will said lightly, “If I didn’t get the Origin Stone of Supreme Power from Xu Ming, I wouldn’t come to you!”

“Huh?” The Fallen Demon Lord was puzzled.

“If Xu Ming refuses to hand over the top-quality Originium of Power, it means that he has an estimated 100,000 of the top-quality Originium of Power. Although such a quantity of Originium of Power is not a small amount, it is not a bad thing. My attraction is not that great!” Universe Will said indifferently.

One hundred thousand top-quality power source stones is not a small amount for any Great Venerable in the universe; however, for any reincarnation-level universe, it is not a large amount, at most “It’s bigger”! – “Universe” and “Great Venerable” are two completely different levels of existence! Even a weaker world breaker can’t compare to a reincarnation-level universe.

Therefore, as the Will of the Universe said: 100,000 top-quality Originium Stones are really not very attractive to him.

But...if it’s a million dollars, or even more, it’s different! Even the will of the universe is greedy!

“The problem is—Xu Ming not only handed over 70,000 top-grade power source stones, but he also handed them over very quickly, with almost no hesitation! This shows that the top-grade power source stones on Xu Ming’s body are probably far more than ten. Ten thousand yuan!” The voice of the will of the universe was still flat, but the fallen devil heard greed.

Chapter 2240: Too Weak!

“Is this the virtual universe?”

Xu Yin felt the time and space of the virtual universe and said curiously. Not long after she was born, she was taken to the real universe, so she almost had no impression of the virtual universe.

“The time and space of the virtual universe... so virtual!” After thinking for a long time, Xu Yin said such a sentence.

For a while, she didn’t know how to describe the time and space of the virtual universe, she could only say – what a virtual world!

Yes, compared with the real universe, everything in the virtual universe seems to be a dream bubble, incomparably illusory. Even... even the supreme rules can hardly touch the virtual universe.

This is a different time and space from the real universe!

“The Divine Phoenix Chaos Realm is ahead! Our hometown is a small universe!” Xu Ming took Xu Yin and easily traveled through the endless time and space of the disordered frontier, “I have a special time and space that is also near the Divine Phoenix Chaos Realm! ”

The “special time and space” that Xu Ming said was naturally the space and time he created with the “independent space”. Everything in the independent space is dominated by Xu Ming’s will, and even the rules of the universe cannot affect the things in the independent space.

To say that in the entire home universe, where Xu Ming can feel the most sense of security, it is undoubtedly the independent space! New 81 Chinese website updates the fastest computer: <https://>

“Your mother already knew that you were coming back!” Xu Ming said again.

Xu Ming’s endless incarnation can be spread all over the virtual universe at any time; he naturally told Yin Ran the news of Xu Yin’s return.

“Mother...” Although Hundreds of Thousands of Era had never met, Xu Yin couldn’t help his soul throbbing when he thought of his mother Yin Ran.

call out-

With Xu Ming’s strength, it would naturally not take much effort to travel through the virtual universe.

“This is the location of the independent space!” Xu Ming stood in a void and said to Xu Yin.

“Here?” Xu Yin was a little puzzled – she couldn’t feel any special space!

“Haha! Of course you can’t feel it!” Xu Ming smiled – let alone Xu Yin, even if the Eternal Palace Master came here, he would never have discovered the existence of an independent space.

“Huh?” But at this moment, Xu Ming suddenly frowned, “Xu Yin, go ahead! I have something to deal with!”

With a wave of Xu Ming’s hand, the passage to the independent space opened.

Xu Yin glanced at her father with a little doubt, but she was relieved when she thought that in her home universe, even the will of the universe had to have an equal dialogue with her father, and there was no power to threaten her father.

“Okay! Then I’ll go first!” With that said, Xu Yin entered the independent space directly; her mother Yin Ran and Xu Ming’s avatar were already waiting for her in the independent space.

And Xu Ming’s eyes were looking into the endless depths of the void.

“The Fallen Demon Lord?” It was the Fallen Demon Lord who met Xu Ming’s gaze.

However, the momentum of the fallen demon master at this time is completely different from before; and this is also the reason why Xu Ming frowns.

“The visitor is not good!” Xu Ming secretly said in his heart, but he didn’t care too much. After all, in his opinion, the Fallen Demon Lord is just an ordinary Great Venerable who didn’t do well in the real universe and came to the virtual universe; and with Xu Ming’s current strength, he is indeed qualified not to take the Fallen Demon Lord very well. Keep an eye on it.

“Huh?” However, as the Fallen Demon Lord continued to approach, Xu Ming gradually felt something was wrong, “The aura of the Fallen Demon Lord...”

Xu Ming had seen the powerful Great Venerable. For example, the saints of the Holy Emperor-level universe are all superpowers of the “peak sixteenth order”, and they are also the most peak of the sea of cosmos. But... Xu Ming felt that even the holy emperor-level cosmos’s holy messenger did not seem to have such an imposing manner as the fallen demon master.

“What’s going on?” Xu Ming was amazed – it’s not that he had never been in contact with the Fallen Demon Lord before, but he had never found such anomalies in the Fallen Demon Lord.

However, Xu Ming didn’t care too much.

This is Xu Ming’s confidence in his own strength and trump card. starter

“Let me see, what exactly does the fallen devil want to do!” Xu Ming looked into the void.

call out-

The speed of the fallen devil is very fast, much faster than Xu Ming, completely ignoring the suppression of the limit of the virtual universe. Not long after Xu Ming saw him, he appeared near the Divine Phoenix Chaos Realm.

“Xu Ming!” The Fallen Demon Lord laughed, “We meet again!”

“The Fallen Demon Lord!” Xu Ming also looked at the unkind person who came.

“Xu Ming, speaking of which, I should really thank you!” The Fallen Demon Lord laughed.

“Thank me?”

“That’s right! It’s you who made me take the step I’ve always dreamed of on the road of cultivation!” The Fallen Demon Lord said proudly, “Now... I’m no longer the Great Venerable!”

“Isn’t Da Zun anymore?” Xu Ming was startled, “You... a world breaker?”

“Haha! That’s right!” The Fallen Demon Lord was very proud, “If it weren’t for you, I’m afraid I wouldn’t be able to take this step so soon! You said, should I thank you? In order to thank you, I will let you You became my first servant, what do you think?”

Thank me? make me a slave? – Xu Ming’s face changed!

Fallen Demon Lord, the comer is indeed not good!

“Looking at your appearance, it seems that you are unconvinced?” The Fallen Demon Lord laughed again, “Well, I will convince you – I will stand here, do whatever you want! Wait until all your cards are used up. , I’ll take another shot, what do you think?”

“Whatever I do?” Xu Ming also just wanted to see how powerful the legendary “Boundary Breaker” was.

“Come on though!” The Fallen Demon Lord smiled contemptuously, “But... when you run out of cards, it’s time for me to make a move! With your talent, you are qualified to be my first servant!”

“Ha!” Xu Ming also laughed, “Then we’ll have to wait until you survive!”

boom! !

Xu Ming’s aura exploded instantly. The momentum of the “thirteenth order” of the universe sea is fully revealed! – At this moment, Xu Ming no longer cares about the limit of the virtual universe! Since the will of the universe has released the suppression of him and the Lord of the Fallen Demon, it means that the will of the universe is controlling all this behind the scenes; the will of the universe is happy to see Xu Ming and the Lord of the Fallen Fight. of!

That being the case, Xu Ming let go of the last battle with the Fallen Demon Lord.

“Just... I can also see how strong the Boundary Breaker is!”

boom! !

The boundary-breaking spear in Xu Ming’s hand instantly slammed into the fallen demon master.

However, Xu Ming’s expression changed almost at the same moment!

“What!?” Xu Ming was horrified to find that a shot of “Cosmic Sea Thirteenth-Order” combat power broke out from himself and landed on the fallen demon master, but he didn’t hurt him in the slightest! Even... even the tiniest particle on the body of the Fallen Demon Lord has not been damaged in the slightest!

Not a single particle can hurt!

“Is this your strength?” The smile on the face of the fallen devil became more and more contemptuous, “Too weak!”
