

A World 2241

Chapter 2241: Suddenly Remembered

“too weak!”

The contemptuous mocking voice of the fallen devil reverberated in the void.

Xu Ming looked at the fallen demon dignifiedly: “Is this the power of the world breaker?”

Differs greatly! Like the next day! —This is how Xu Ming feels now.

Xu Ming’s current strength has also reached “the thirteenth order of the universe”; Xu Ming is confident that even if he encounters the most powerful great in the universe – for example, the saints of the sage emperor-level universe, although they are definitely no match, they are still too strong. It is absolutely impossible to annihilate even a single particle of the opponent!

And now, Xu Ming’s attack can’t even hurt a single particle of the fallen demon master!

This is an unpleasantly large gulf!

However, Xu Ming was not panicked. After all, Xu Ming still has many cards in his hands. New 81 Chinese website updates the fastest mobile terminal: <https://>

“I don’t believe this evil anymore!” Xu Ming was about to try again.

boom!

The power of the supreme power source stone was directly motivated by Xu Ming.

Xu Ming’s strength instantly soared to the fourth rank, reaching the level of “Cosmic Sea Seventeenth Rank”!

boom-

The Boundary Breaker smashed to the Fallen Demon Lord again.

The Fallen Demon Lord remained motionless, allowing the Boundary Breaker Spear to fall on him.

Bang!

In the next instant, Xu Ming's expression changed again.

The attack that evoked the top-grade power source stone and reached the "17th-order" level fell on the body of the fallen devil, and still couldn't even hurt a particle of the fallen devil.

"Hahahaha..." The fallen demon master couldn't help laughing, "Ignorance! Ignorance!"

Xu Ming's face was embarrassed.

"What do you think a World Breaker is!?" The Fallen Demon Lord sneered, "Don't say it's just you, even if you are the top master of the cosmos sea, you can explode the 'twentieth order' after using the top-quality power source stone. Strength, don't even think of hurting me a single particle!"

"Heh!" The fallen demon master was full of contempt, "Xu Ming, with all due respect, you are not even a particle of mine!"

The world breaker and the world breaker are two completely different realms!

In the sea of cosmos, the amazing Heavenly Sovereign may be able to challenge the Great Senior by leaps and bounds; however, even the strongest and strongest Great Sovereign can never hurt the World Breaker! —Don't say leapfrog challenges, you can't even damage a particle to the world breaker!

This is an absolute gulf!

This is absolutely insurmountable!

This is a moat set by the supreme rule!

No one can cross the chasm left by the supreme rule!

“Are you desperate?” The fallen demon master looked at Xu Ming, as if playing a cat with a mouse, “Do you still want to attack? If you don’t want to struggle, then I’m about to take action, so you can be my slave obediently! To be honest... Being able to become a servant of a world-breaker is something that many almighty people dream of in the sea of cosmos! It is definitely your luck to be the first servant under this deity!”

Xu Ming didn’t say anything, just looked at the fallen devil carefully, and secretly said in his heart: “It seems... it is indeed impossible to threaten the fallen devil with my own strength alone!”

What if the strength is not enough?

Hang up!

If it was in the real universe, the current situation would be really troublesome for Xu Ming, but... this is the virtual universe!

It is a place beyond the reach of the supreme rule!

In the virtual universe, Xu Ming can hang up unscrupulously!

“Little Hang!” Xu Ming called out in his heart, “If I use the ‘Seckill’ Hang now, will I be discovered by Supreme Rules?”

“No!” Xiaohang said directly, “This is the virtual universe, and the supreme rules will not penetrate here! But...if you use the ‘seckill’ hang, you will definitely be discovered by the will of the universe!”

Will it be discovered by the will of the universe?

Xu Ming smiled.

Seriously... the will of the universe, what a piece of shit!

Now, the only thing that can make Xu Ming jealous are the supreme rules! New 81 Chinese website updates the fastest computer: <https://>

“If it will be discovered by the supreme rules, I will reluctantly use the supreme treasure ‘death and life’!” From the attitude of the Eternal Great Venerable, we can fully feel that the supreme treasure “death and life” is probably better than countless billions of “hearts of the universe” are even more precious!

“Death and life”, once used, once less! Such a treasure, Xu Ming is of course reluctant to use it easily! -Even if he is facing the fallen demon master who has broken through to the “Boundary Breaker” level!

“Since I won’t be noticed by the Supreme Will, then I have nothing to be afraid of!” Xu Ming said: The hanging points are extremely sufficient, and the “seckill” hanging can be launched at will!

Of course, Xu Ming knew that he was facing a world breaker, so although Xu Ming was confident, he was not arrogant, and he did not dare to take it lightly!

Swish! Swish! Swish! Swish! Swish! ...

Xu Ming’s thoughts moved, and his billions of avatars instantly appeared in the void.

These billions of incarnations all flock to the fallen devil like moths to a flame.

“Incarnation?” The Fallen Demon Lord smiled disdainfully, “Small tricks!”

With contempt, the Fallen Demon Lord remained motionless and had no intention of making a move at all. In his opinion, even if Xu Ming’s deity tried his best, he would not be able to hurt him in the slightest; let alone, it was just the incarnation of Xu Ming. !

Therefore, seeing Xu Ming using billions of incarnations to deal with himself, the fallen demon master just wanted to laugh.

“Too ignorant!”

“It’s ridiculous to be ignorant!”

The face of the fallen devil was full of mocking smiles: “But...Xu Ming, your spirit of struggling to the end makes me very moved!”

Just as the Lord of Sinking was ridiculed, many incarnations have poured into the Lord of Sinking. Moreover, these avatars have already shot, and the attack has fallen on the body of the fallen devil. And just then...

The fallen devil suddenly remembered something!

That was eons ago! —The time of the billions of epochs is an incomparably long time for ordinary people, even for a world; however, for the Great Senior level, it is not so long!

Therefore, that incident did not actually take long for the fallen demon master.

That incident is – the death of the Great Venerable of the Three Realms!

At first...

In order to deal with Xu Ming, the Great Master of the Three Realms came to the virtual universe at all costs. However, the result was that the Great Senior of the Three Realms was inexplicably killed by Xu Ming!

You must know... Xu Ming at that time was still a very weak cultivation base, not even “The Supreme Being”!

At that time, neither the fallen demon master nor the great masters of the real universe felt that it was Xu Ming who killed the great master of the Three Realms, but the will of the universe secretly killed the master of the Three Realms who forcibly broke into the virtual universe!

But now, when faced with Xu Ming's countless incarnations, when the "powerless" attacks of Xu Ming's incarnations fell on him... The fallen demon master suddenly remembered the death of the Great Venerable of the Three Realms, and finally smelled a difference. ordinary danger.

"Could it be that back then..." The fallen demon master seemed to suddenly realize, but he still couldn't believe it, "Could it be that back then... it was not the will of the universe but Xu Ming who killed the Great Venerable of the Three Realms?"

Chapter 2242: Change Shape

"Could it be that... it was not the will of the universe that killed the Great Venerable of the Three Realms, but Xu Ming?"

The Fallen Demon Lord finally realized it!

but...

too late!

If the fallen demon master could have such awareness earlier, then, with his "Boundary Breaker" level, he could still avoid Xu Ming's attack; as long as he avoided Xu Ming's attack, then Xu Ming's "Seckill" will naturally lead to instant kills!

However, the fallen devil is too arrogant!

Become a world breaker, feel the skyrocketing power and realm level, and the fallen demon master has expanded! In his opinion, Xu Ming is not even better than ants, it is impossible to hurt him, let alone threaten his life and death.

Because of the extreme expansion, the Fallen Demon Lord even played the game of "cat and mouse", standing there and letting Xu Ming attack to show his coveted strength in the realm of the world breaker!

When the fallen devil realizes the danger, the danger has come!

run!

The Fallen Demon Lord is about to run away.

However, at this moment, time seemed to stand still, and a moment seemed to become eternity – the thoughts and thoughts of the fallen devil could still run fast, but he couldn't control himself.

Yes!

I can't control myself in the slightest!

The fallen devil realized: "I'm already dead..."

At this moment, the fallen devil is actually in a state of "death". The thought that the fallen devil is still in motion is actually just a "remaining thought".

"How could I be killed?" The fallen demon master still couldn't accept the fact that he had died, "I am a world breaker! As long as I do not violate the supreme rules, even the will of the universe cannot kill me. Bar?"

The fallen devil really can't believe – how could he possibly die?

But the truth is – he is indeed dead!

It seems that after an eternity has passed, the divine body of the fallen demon lord collapsed rapidly; his residual thoughts also lasted for a moment and then completely dissipated – the "seckill" hang, which profoundly interprets the true meaning of "death"! The "seckill" was hung up, and the fallen demon master couldn't even stay behind.

Bang!

Fallen Demon Lord, fall!

"Boundary Breaker?" Xu Ming's billions of avatars dissipated. He looked at the location where the fallen demon master fell, and thought to himself, "This is probably the most tragic world breaker in the history of the universe, right?"

Really sad reminder!

After becoming a world breaker, the fallen demon master ran to Xu Ming and pretended to be as fierce as a tiger. As a result, he didn't even have a chance to make a move, so he was instantly killed by Xu Ming... Before he made a move, he was already dead!

call out-

Suddenly, a strange ripple appeared in the space-time around Xu Ming. Xu Ming knew that this was the coming of the will of the universe.

"I didn't look for the will of the universe, but the will of the universe came to me first?" Xu Ming sneered in his heart – obviously, the reason why the fallen demon master can break through to become a world breaker and the reason why he came to Xu Ming to trouble him is probably because of The will of the universe is behind the scenes.

Xu Ming knew that, obviously, it was not the Fallen Devil who mainly dealt with him, but the will of the universe to deal with him.

"The will of the universe wants to deal with me?" Xu Ming was actually a little puzzled, "Why?"

You know, Xu Ming is very compatible with the will of the universe.

Cosmic Will begged him for the source stone of top-quality power, but Xu Ming gave it without hesitation – he has cooperated like this, and Cosmic Will has to deal with him?

Xu Ming simply wanted to say: This universe has no conscience!

"Oh! I want to see what the will of the universe is looking for from me!"

wow...

The void twisted.

In the void, an almost transparent figure gradually formed. This figure has slender hands and feet, but has no facial features, it is a completely blank face.

Xu Ming looked at each other – is this the will of the universe transformed?

“You can actually change shape?” Xu Ming looked at the almost transparent figure.

“In the real universe, there is the interference of the supreme rules, and naturally it cannot change shape; however, this is a virtual universe, and the supreme rules can never affect this place!” The transparent figure said lightly.

The virtual universe is actually the “heart world” of the will of the universe. No matter how strong the supreme rule is, it will not interfere with the interior of the “mind world”; therefore, in the virtual universe, there is no supreme rule, only the operating rules of the virtual universe exist.

In other words... the virtual universe is actually the absolute territory of the will of the universe!

In the real universe, because of the limitations of the supreme rules, the will of the universe cannot directly attack Xu Ming; but in the virtual universe, it is different! – The will of the universe can be shot directly!

Yes!

In the virtual universe, the will of the universe can be transformed, or it can be shot directly!

In fact, when Xu Ming proposed to come to the virtual universe, the will of the universe was already ready to deal with Xu Ming – after all, dealing with Xu Ming in the virtual universe is completely foolproof! Moreover, Xu Ming obviously has a lot of high-quality Origin Stones on his body, and he came to the virtual universe. From the perspective of the universe’s will, this is sending sheep into the tiger’s mouth!

Xu Ming has sent the sheep into the tiger’s mouth, can the will of the universe not act at all?

Of course... the will of the universe did not expect that the fallen demon master who broke through to become a world breaker would not be able to deal with Xu Ming. Otherwise, the will of the universe will not be transformed in person!

You must know—this side of the universe is completely controlled by the will of the universe! The rules of the universe on this side are also formulated by the will of the universe! Moreover, this is a virtual universe again; the will of the universe after transformation can use the power of the entire universe!

The power of the entire reincarnation-level universe! What kind of majestic power is this?

Even if it is a world breaker like the Fallen Demon Lord, compared with the will of the universe transformed at this time, that is the difference between an ant and a giant dragon! – If it is in the real universe, the will of the universe cannot deal with a world breaker; but if it is in the virtual universe, it is simply too easy to deal with the world breaker!

However, the will of the universe, which has been transformed, still does not dare to take it lightly when facing Xu Ming. After all, Xu Ming is so weird... Just like just now I didn't even understand the will of the universe, how the fallen demon master was killed in seconds.

Xu Ming looked at the transforming cosmic will, and asked knowingly, "Is something wrong with me?"

"Yes!" The transparent figure said lightly, with a very calm tone, as if anything he said did not need to consider Xu Ming's opinion, "I want the treasure on your body!"

treasure?

Xu Ming smiled and said, "Didn't I already give you 70,000 top-quality Originium Stones?"

70,000 top-quality power source stones, even in the universe sea, is definitely not a small number.

"No!" The transparent figure continued indifferently, "I want all your treasures!"

As soon as the will of the universe opens its mouth, it is "all treasures"! In his tone, there is nothing irrefutable domineering, and some are just incomparably indifferent.

“Want all my treasures?” Xu Ming couldn’t help raising his eyebrows.

Chapter 2243: Take Over The Universe!

“Want all my treasures?” Xu Ming couldn’t help raising his eyebrows.

The appetite of the will of the universe is really not small!

“Do you know how many treasures I have?” Xu Ming couldn’t help laughing.

The treasures on Xu Ming’s body are truly beyond the imagination of the universe’s will! Hundreds of millions of top-quality Origin Stones are nothing to Xu Ming at all; the most precious thing in Xu Ming’s body is the innumerable “Heart of the Universe”!

A random heart of the universe is worth more than the entire home universe!

Not to mention, Xu Ming still has the inestimable treasure of “death and life”.

The will of the universe wants all the treasures on Xu Ming’s body as soon as he opens his mouth?
– Are these treasures something that a reincarnation-level universe can bear?

“I don’t know!” Although the will of the universe is known as omnipotent and omnipotent, when he reaches the realm of Xu Ming, many things about him will not be known by the will of the universe; moreover, what happened in the inheritance tower of the Eternal Great Venerable, more It is not something that the will of the universe can spy on. “But... as long as you are dead, your treasures cannot escape from this universe!”

It is impossible to escape the treasure of this universe, and naturally it becomes the bag of the will of the universe.

only...

The Will of the Universe really didn't know how many treasures Xu Ming had, so they dared to make such an idea; if they knew the treasures on Xu Ming's body, I'm afraid they wouldn't dare to attack Xu Ming at all.

The treasure on Xu Ming's body cannot be coveted by the reincarnation-level universe, nor can it be coveted by the transcendental-level universe; it has to be the eternal-level universe to covet it!

However, the will of the universe doesn't know about this, let alone how ignorant and dangerous it is to covet Xu Ming's treasure!

"Xu Ming!" The transforming cosmic will shouted again, with absolute control in his tone. Here is the virtual universe, which is the "heart universe" of the cosmic will; here, the cosmic will naturally controls everything, "I know that you have many means, so... I will not be as stupid as the fallen devil, and I will not give you any A chance to struggle!"

boom!

When the will of the universe speaks, the infinite power of the source of the universe is instantly triggered.

The source power of the entire universe!

What a majestic, what a vast, what an inexhaustible might this is!

In front of this power, even a worldbreaker is as small as an ant, let alone Xu Ming at this time?

The will of the universe, just because of the limitations of the supreme rules, cannot be shot at will; once the will of the universe can be shot, then how terrible its power will be!

"It's your honor to be able to die under my hands!" Cosmic Will said lightly.

boom-

The inexhaustible power of the origin of the universe has crushed Xu Ming's billions of incarnations and Xu Ming's deity with the trend of destroying the dead. This is a power that even the world breakers can't resist, and Xu Ming didn't even resist at all, and it turned into ashes!

And the power of the origin of the universe does not have the slightest attenuation – this is the interior of the universe, no matter how the power of the universe is used here, it will eventually return to the universe itself, and naturally there will be no attenuation at all!

That is to say... The Will of the Universe is now the true "Infinite Blue" mode!

"Huh?" However, the incarnation of the will of the universe was not at all satisfied at this time, but instead frowned, "Where's the treasure?"

If Xu Ming died, the treasure should "explode"! But now, the will of the universe has not seen any treasure. That is to say...

"Xu Ming is not dead?" The avatar of the universe's will frowned, "This Xu Ming is really not easy!"

Of course Xu Ming is not dead!

In other words, Xu Ming did not have a real death – with "infinite resurrection" hanging on, and without the monitoring of the supreme rules, Xu Ming would not really die.

Swish!

In an instant, Xu Ming's figure reappeared in the place where he had vanished.

"The will of the universe... It really can't compete!" After the resurrection, Xu Ming didn't have too many surprises, but shook his head helplessly – no way, the gap in strength is really too big!

"Oh?" The transforming cosmic will looked at Xu Ming with interest, "Xu Ming, you really have a lot of means on your body! With my attack, even the fallen demon master will surely die. You can actually come back from the dead! Then... I want to see how many times you can come back to life in front of me!"

The means of resurrection, the will of the universe will naturally not be ignorant. At the same time, the will of the universe also knows that all means of resurrection are limited! In his opinion... Xu Ming can be resurrected once, can he be resurrected a hundred or a thousand times?

For the will of the universe, killing Xu Ming a hundred times or a thousand times is not difficult!

boom!

The power of the origin of the universe once again overwhelmed Xu Ming.

Xu Ming was once again destroyed and killed.

Then instantly resurrected.

“The will of the universe is useless!” Xu Ming said solemnly.

“Infinite Resurrection” hanging, for Xu Ming, it cost nothing to hang up. Not to mention being killed a hundred times or a thousand times, even if he was killed hundreds of millions of times, hundreds of millions of times, he would never even think about killing Xu Ming.

Unless there is a supreme rule, it is almost impossible for Xu Ming to really die!

However, if the supreme rule comes, then the will of the universe will not be able to transform, let alone take action against Xu Ming. In other words... the will of the universe, don't even think about killing Xu Ming!

“It's useless?” Universe Will laughed, “Whether it's useful, you won't know if you kill it!”

boom! boom! boom! boom! ...

The power of the origin of the universe flocked to Xu Ming again and again.

Xu Ming was killed again and again.

Although, this kind of death, for Xu Ming, hardly hurt him at all; however, it doesn't feel good to be dead all the time!

"Little Hang, can the 'Seckill' hang up the will of the universe?" Xu Ming couldn't help asking.

"No!" Xiao Hang replied directly.

"Seckill" hangs, not everything can be killed instantly; first of all, the object of the instant kill must be a powerful person!

However, the will of the universe is not actually "power", but a universe! "Seckill" hangs, naturally it can't be killed in seconds.

"Sure enough!" Xu Ming secretly said.

But Even if the "seckill" link can kill the will of the universe, Xu Ming would not dare to actually use the "seckill" link. After all, this is Xu Ming's home universe. If the home universe is "dead", then, in this universe, apart from Xu Ming, I am afraid that no one can survive; and Xu Ming's relatives and friends will also be annihilated.

Xu Ming was naturally impossible to do such a thing.

"Does it keep dying like this?"

of course not!

"Originally... For the sake of my home universe, I also wanted to help the will of the universe and make it a transcendent universe, or even stronger; now it seems that I am too naive!"

Does Xu Ming really have no way to deal with the will of the universe?

Do not!

Have!

Xu Ming can still... take over the universe!

Chapter 2244: Dimensional Collapse

Xu Ming can still... take over the universe!

“Yu...”

“universe...”

“meaning...”

“Zhi...”

Xu Ming was killed continuously.

Because the speed of being killed is too fast, even with Xu Ming’s strength, it is impossible to say a complete sentence at one time. Every time he was “resurrected”, he could only say one word; when he shouted out the words “will of the universe”, Xu Ming died four times.

However, the will of the universe ignored Xu Ming at all, and continued to kill Xu Ming at the fastest frequency.

“It seems... there is really nothing to say!” Xu Ming secretly said in his heart, “Since this is the case, then...”

boom!

When Xu Ming was resurrected again, the “Seize the Cosmos” was opened instantly!

Time in the entire universe has completely stopped.

In the home universe, the only thing that can continue to operate is Xu Ming's will and the will of the universe!

Time was completely still, and the power of the origin of the universe could no longer crush Xu Ming violently.

At this moment, the will of the universe finally realized that something was wrong—the power of the source of the universe could not be controlled. This was the first time that the will of the universe had encountered.

“Xu Ming, what do you want to do!?” The will of the universe finally became anxious, “This is my universe, how could you...”

“No...” Xu Ming said lightly, “Right now, this is not your universe!”

“What!?” The will of the universe was shocked, “Believe it or not, I will perish with you!”

The will of the universe wants to control the power of the origin of the universe and detonate the entire home universe. But the problem is that under the absolute stillness of time, it cannot control the power of the origin of the universe at all.

“This is...” The will of the universe was extremely frightened, “The breath of the supreme rule?”

The will of the universe felt the breath of the supreme rule in Xu Ming.

“Xu Ming! You... what cards do you have?”

Xu Ming did not answer it.

The breath of the supreme rule?

Do not!

It's "Seize the Universe"!

As long as the supreme rules do not interfere, even if it is the universe, Xu Ming will still take over! – The will of the universe wants to deal with Xu Ming in the virtual universe, in a place that cannot be monitored by the supreme rules, but he doesn't know it, and it just happens to provide the most convenient conditions for Xu Ming to open the "snatch universe".

"But then again..." Xu Ming secretly said, "It's really cheap to seize the universe!"

Yes!

Cheap!

To open the "Seize the Cosmos" link, I only used Xu Ming's 1-point level 25 link. You must know —Xu Ming has obtained hundreds of millions of "Heart of the Universe", but he has hundreds of millions of level 25 hanging points.

The number of level 25 hanging points that Xu Ming had was difficult to count even with "numbers".

Seizing the universe... For Xu Ming, it can even be described as "effortless".

"No..." The will of the universe wailed feebly – it already felt that it was being replaced by a force.

As for Xu Ming, he felt that his divine body and will seemed to be extending indefinitely... Xu Ming felt that everything in the world seemed to be his own hands and feet; the rules of the universe in his hometown seemed to be his own nerves ; His will, the will of the universe!

Bang!

The long pause disappears.

All things in the world, resurrected from the endless silence.

The rules of the universe are still the same, but the will of the universe is already another will.

“What a miraculous feeling!” As soon as Xu Ming closed his eyes, he could see the entire universe in action. As long as he is willing, his eyes can instantly fall on every corner of the universe.

The entire universe seems to be another body of Xu Ming! Moreover, this body is much stronger than his deity! It’s just... this “body” is rather special, it is a universe, and it wants to nurture all things in the world; moreover, this body cannot move at will in the sea of cosmos.

“This... controls the universe?” Xu Ming was a little uncomfortable.

Xu Ming felt like he suddenly had an extra tail, making him wonder how to coordinate the relationship between “body” and “tail”. Moreover, this tail is much larger than his body!

Whoosh!

Xu Ming thought about it for a while, separated a touch of consciousness, formed an avatar, and temporarily took charge of the operation of the universe in his hometown.

...

real universe.

Taoist Temple.

The Great Senior Zihe was a little panicked.

“What’s going on? What happened?” Great Senior Zihe suddenly felt that the power and privileges he had been given by the will of the universe suddenly disappeared without a trace; that is to say, he may no longer be able to represent the will of the universe. act.

In the case of representing the will of the universe, Zihe Dazun is almost invincible to the entire real universe; if he can’t represent the will of the universe, he is only slightly stronger than the ordinary Dazun. This makes Zihe Da Zun, who “has been in a high position for a long time”, how can he not panic?

“I didn’t do anything wrong, why did the will of the universe suddenly take back my privilege?”
Zihe Great Senior was puzzled.

wow—

At this moment, a ripple appeared in time and space.

Zihe Da Zun even stood up and bowed – he knew that this was the will of the universe.

But then, there was a voice that surprised the Great Senior Zihe: “Zihe, I’m Xu Ming!”

“Xu Ming?” Zihe Da Zun was a little confused.

“The will of the universe has been replaced by me!” Xu Ming said lightly. Now, Xu Ming has abandoned the universe, and when facing these great masters in the universe, he naturally has his arrogance.

In the heart of the Great Senior Zihe, there are stormy seas—replacing the will of the universe?
What is this concept?

“Doesn’t that mean... this universe will be Xu Ming’s universe from now on?”

“Zihe, as well as your Dao Temple, are doing a good job in maintaining the normal order!” Xu Ming said again, “In the future, the order of this universe will continue to be maintained by you!”

As Xu Ming said that, he lowered the rules.

The Great Senior Zihe felt that his power and privileges had come back again.

“Yes!” Zihe Dazun bowed and said – he knew that from today onwards, the universe here has changed! However, for him, the Taoist temple master, does not seem to have any influence.

...

The deepest depths of the universe.

This is a place of exile in endless darkness.

Here, countless tyrannical and unbelievable wills are violently colliding.

“Really there is no news of ‘eternity’ in the entire universe? Has he already taken that step?”

“It’s impossible to take that step! An existence as amazing as ‘eternity’, it took less than a cosmic era to go from being born to standing at the peak of the universe sea; how is such an existence possible? Are you willing to take that step? – In my opinion, ‘eternal’ must be hiding in a corner to cultivate now!”

“Be sure to find out ‘eternity’!”

“Yes! Now that the dimension has collapsed, the cosmic sea is at stake! The only one who can solve this crisis is probably ‘eternity’!”

Chapter 2245: Changheyi

The emperor-level universe is like a scorching sun, shining on the sea of cosmos. The three thousand eternal universes are as small as stars.

Xu Ming stood outside his home universe.

This is the first time he has truly stepped into the sea of cosmos. Beside him, he followed the Lord of Heavenly Demon.

“Is this the Cosmic Sea?” Xu Ming looked at the huge Holy Emperor-level universe, “No wonder... I told Saint Envoy Mo earlier that as long as I entered the Cosmic Sea, I would definitely be able to find the location of the Holy Emperor-level universe!”

Such a big behemoth is entrenched in the sea of cosmos, and it’s no wonder that you can’t find it!

Xu Ming glanced back at his hometown universe.

Xu Ming started the “Seize the Cosmos” and successfully seized the hometown universe; the entire hometown universe was already under Xu Ming’s control! Xu Ming’s will is the will of the universe in his hometown.

Today, although Xu Ming has walked out of his home universe, his avatar is still in control of his home universe. In this way, even if Xu Ming went deep into the sea of cosmos and went to the sage emperor-level universe, he would have no worries.

“Although I have taken control of my home universe, once I enter the universe sea, I can no longer use the source power of my home universe!” Xu Ming secretly said, “However, at least my relatives and friends live in the home universe, not I need to worry again! And... I have left a lot of resources in my home universe, and even the heart of the universe; if there are no accidents, it should be no problem for my home universe to grow into a detached universe!”

As long as the home universe grows into a detached universe, then the great powers in the home universe will have a lot of time in the universe, and they don’t need to worry about the problem of survival; let alone after the home universe is destroyed, they do not need to be like the Lord of Demons and the others. Floating in the sea of cosmos.

“Master!” At this moment, the Heavenly Demon Lord beside Xu Ming bowed and said.

The Lord of Heavenly Demon actually did not know that Xu Ming had already controlled the universe in his hometown. However, because the Holy Master Tianmo and others have become followers of Xu Ming, now, the Holy Master Tianmo directly calls Xu Ming “Master”.

The Lord of Heavenly Demon continued: “The time and space of the sea of cosmos is extremely unstable, and in some areas, even a world breaker will die without a doubt! Although we can see the holy emperor-level universe, we want to go to the holy emperor-level universe, but not easy!”

“What can be done?” Xu Ming asked.

“It’s best to go to the Eternal Universe first!” said the Holy Master Tianmo, “There are three thousand Eternal Universes in the Universe Sea, each of which has a passage to the Saint Emperor Universe. And the Eternal Universe that is closest to us is the ‘Extreme Ocean Universe’!”

Of course, the “near” mentioned by the Lord of the Demons is on the large scale of the universe sea. For Xu Ming, who has never traveled far, this distance is indescribable!

“But... I don’t know how to go directly to the cosmos of the extreme sea!” Then, the Lord of Heavenly Demon said a little embarrassedly – after all, the Holy Lord of Heavenly Demon is only a “thirteenth-order” powerhouse; Not a short time, but the scope of activities is also near Xu Ming’s hometown, the universe. As for the Eternal Universe, the Demon Lord has never been there before.

“But we can go to the ‘Changhe Station’ first!” The Lord of Heavenly Demon said again.

“Changheyi?”

The Lord of Heavenly Demon explained: “Changhe Station is a station near the transcendental universe ‘Changhe Cosmos’, and it is also the only channel that I know of to lead to the Jihai Cosmos!”

“Yeah!” Xu Ming nodded, thinking in his heart: It’s really not easy to go to the Holy Emperor-level universe, and you have to “transfer” a few times in between.

...

call out-

call out-

The figures of Xu Ming and the Lord of Heavenly Demons traveled through the sea of cosmos.

The sea of cosmos is endless and vast, and is full of dangers. However, the time and space near Xu Ming’s hometown universe is relatively stable; therefore, there are more primary universes and reincarnation universes in this area.

“This is the sky burning universe...”

“This is the Nine Nether Universe...”

Passing through the universes along the way, the Lord of Demons will also introduce them.

“My hometown Universe, what is it called in the Universe Sea?” Xu Ming couldn’t help asking.

The Lord of Heavenly Demon smiled awkwardly and said, “No name!”

“no name?”

“Yes!” said the Lord of Heavenly Demon, “Generally speaking, only the reincarnation-level universe that has experienced twenty cosmic eras will be named in the universe. There is not much contact with the universe sea, so no one will come to name it!”

“Oh...” Xu Ming understood.

As far as Xu Ming knows, although the two world breakers, Kunpeng Dazun and Eternal Dazun, have walked out of the home universe, but after leaving the home universe, these two do not seem to be active in this area of the universe sea, so Xu Ming’s hometown universe seems to be unknown.

However, Xu Ming doesn’t need any fame in his home universe—in his home universe, all of Xu Ming’s relatives and friends, the more low-key the better! The more low-key it is, the easier it is for Xu Ming to protect the safety of the universe in his hometown.

After another reincarnation level universe.

However, Xu Ming could clearly feel that this reincarnation-level universe seemed a little gloomy.

“This is the Hanshan universe!” The Lord of Heavenly Demon said with some emotion, “A reincarnation-level universe that is about to be completely destroyed! – Master, let’s avoid it a little bit! The powerhouses in this universe, because the deadline is coming, all We are a little crazy in finding a way; although we are not afraid, there is no need to look for trouble!”

“Yeah!” Xu Ming nodded slightly.

The two of them were about to deviate slightly from the direction of their flight when suddenly, dozens of figures appeared in the Hanshan universe. These dozens of figures were all powerful figures, and their strength was obviously stronger than that of the big figures in Xu Ming's home universe. They have to be higher than a horizontal line, and they are all "eleventh-order" powerhouses.

After all, the Hanshan universe has gone through nearly a hundred cosmic eras, and the powerhouses accumulated over such a long period of time are naturally not comparable to Xu Ming's hometown universe.

These dozens of powerhouses were originally killing in Xu Ming's direction, but when they saw the Lord of Heavenly Demon, they turned their heads and ran back.

"Ha!" Xu Ming couldn't help laughing Demon, it seems that you are still somewhat deterrent in the sea of cosmos! "

"What kind of deterrent can I have!" The Lord of Heavenly Demon smiled awkwardly, "Though these strong men are crazy, they are still a little sensible. Knowing that they are not my opponents, they naturally shrink back! To say madness... detachment When the super universe is about to collapse, that's the real madness! Because, only the higher-level Eternal-level universe can accept the powerhouse from the Transcendental-level universe; however, the Eternal-level universe generally does not accept foreign powerhouses Yes! It is conceivable that when a detached universe is about to be destroyed, how many crazy powerhouses will there be!"

The Lord of Heavenly Demon was a little embarrassed.

Originally, sooner or later, the Lord of Demons would have to face the madness shrouded in death. But now, Xu Ming gave him hope—as long as he could join the Holy Emperor-level universe, then the Heavenly Demon Holy Master would never be troubled by death again.

After passing a long distance in the sea of cosmos, Xu Ming finally saw a universe that was obviously much larger than the ordinary universe.

"That's the Changhe Universe!" said the Lord of Heavenly Demons.

Chapter 2246: Call Up

Changhe Station.

Located outside the Changhe universe.

Although it is a post station, it is also a trade center for countless reincarnation-level universes around it, so it is particularly prosperous. A station, even comparable to Xu Ming's hometown of the universe.

“Changheyi, I've been here before, and I've bought some treasures here.” The Holy Master Tianmo said, “But in our realm, treasures can't play much role. Under the suppression of the supreme rules, even if it is broken Treasures made by the world, even in the sea of cosmos will not show much strength.”

“Indeed!” Xu Ming nodded.

For a powerhouse above the “thirteenth order” of the Universe Sea like Xu Ming, the best treasure to use is probably the “Original Stone of Supreme Power”.

However, not everyone is as rich as Xu Ming. Therefore, there will be some great powers who come here to replace the power source stone with other more cost-effective treasures.

Of course, these treasures are not attractive to Xu Ming – Xu Ming does not need cost-effectiveness, and he can directly use the best power source stone to smash it in any situation.

“Go directly to the caravan headed to Jihai Cosmos!” Xu Ming said.

The sea of cosmos is unpredictable, and the safe route is not always safe, and often changes. And the safe route to the Eternal Universe “Extreme Ocean Universe” is known only to some frequent caravans.

When Xu Ming first entered the sea of cosmos, he was not familiar with many things. It was better to follow the local customs and follow the caravan.

The Holy Master Tianmo was quite familiar with the way. Under his guidance, Xu Ming soon joined a caravan that was about to head to the extreme sea universe.

“Heavenly Supreme?”

Xu Ming did not deliberately hide his cultivation. His cultivation base, which is only the uppermost Heavenly Sovereign, naturally attracted the attention of a lot of great powers; after all, it is rare for the Sky Sovereign’s cultivation base to enter the sea of cosmos.

“Strange!” The Lord of Heavenly Demon said suddenly.

“What’s wrong?” Xu Ming asked lightly.

“There seems to be a lot of Tian Zhizun in this caravan!” The Holy Master Tianmo took a look, looked around, and found that there were five or six Tian Zhizun in the caravan, “Tian Zhizun rarely ventures into the sea of cosmos! It’s a caravan going to the Eternal Universe, and it stands to reason that Heaven Supreme should not appear!”

However, the Lord of Heavenly Demon saw five or six Heavenly Sovereigns, which made him wonder.

“These days, the Supreme Being, I am afraid there is something wrong with going to the extreme sea universe!” The Lord of Heavenly Demon said again.

As for what is going on, the Lord of Heavenly Demon is not a character in the sea of cosmos, and the information channels are not very well-informed, so I don’t know.

“It’s alright.” Xu Ming said casually and didn’t care, “Anyway, after arriving at Jihai Cosmos, I separated from them.”

“That’s right!” Holy Master Tianmo couldn’t help laughing. His master, Xu Ming, was a super genius of the Holy Emperor-level universe; even if something really happened to the Jihai universe, the situation of a mere Eternal-level universe really couldn’t cause Xu Ming. attention.

“I hope to reach the Holy Emperor-level universe sooner!” Xu Ming said again.

In the Temple of Discord, there are still treasures and opportunities waiting for Xu Ming to retrieve! -Although Xu Ming got the chance left by his previous life “Eternal Great Master”; but to be honest, most of the opportunities left by Eternal Great Master are too “high-end and high-end”. For example, “The Eternal Realm”, it is very difficult for Xu Ming to cultivate to achieve any results. I am afraid that he must reach the realm of the Great Senior, or even the realm of the world breaker, before he can cultivate successfully!

Therefore, Xu Ming still needs some opportunities to lay a solid foundation in the realm of Heavenly Supreme Realm, and break through to the realm of the Supreme Being faster; and this opportunity, the Temple of Discord can obviously provide.

As for the polar sea universe...

The eternal-level universe is probably an irresistible temptation for ordinary geniuses and powers in the universe; but for Xu Ming, he really does not appreciate the chance in a mere eternal-level universe.

Since he didn't like it, Xu Ming didn't waste his time on this;

However, the tree wants to be still and the wind is not constant.

Xu Ming didn't want to pay attention to those Tian Zhizun, but one day Tian Zhizun came up to him.

A young man with long hair scattered like a snake and a bewitching eye stepped forward. He didn't look at the Lord of Heaven, but looked directly at Xu Ming and asked, “What do you call your Excellency, you also went to Jihai Cosmos to participate in the recruitment?”

“Recruitment?” Xu Ming glanced at the other party.

“You don't know about recruiting?” The Yaoyi youth was stunned for a moment, then sneered, “Don't pretend! Every Heavenly Sovereign here is going to participate in the recruiting; if you are a Heavenly Sovereign, if it's not for recruiting, go What is Jihai Universe doing? – I, Yunlang! Can you report your home?”

“Xu Ming!” Xu Ming listened, but he got some interest, so he signed up for the name; anyway, the word “Xu Ming” has no reputation in the universe. It is very ordinary. Even if it is reported, no one will know, “You said conscription, what is that?”

“You really don’t know?” Yun Lang glanced at Xu Ming in surprise, “Then... Do you know about Mo Yuan?”

“Moyuan?” Xu Ming cast a questioning look at the Lord of Heavenly Demon in confusion.

The Holy Master Tianmo explained: “Moyuan seems to be an ancient battlefield, but it seems to have been closed for a long time, right? I have been in the cosmos sea for so many cosmic eras, and I have never heard of anyone entering Moyuan.”

“Moyuan has reopened again!” Yun Lang said a few more words when he saw that the two of them didn’t seem to know, “However, only Tian Zhizun can enter Moyuan at the moment! Jihai Cosmos has issued a summoning order. , whoever can make military exploits in Moyuan can join the Jihai Universe and become a member of the Jihai Universe!”

When Yun Lang spoke, there was a longing look in his eyes. Obviously, he also knows the benefits of joining the Eternal Universe.

“Brother Xu Ming, since you dare to venture into the sea of cosmos with the cultivation base of Heavenly Supreme, it is not easy to think about your strength!” Yun Lang said, “Why don’t you join the recruitment together, and then enter the Demon Abyss, so we can take care of it. !how?”

“Let’s talk about it!” Xu Ming politely declined.

The advantage of making military exploits in Moyuan is to join the Jihai universe. However, is this good for Xu Ming? —Xu Ming is already a member of the Holy Emperor universe. If he joins the Jihai universe, it will not be a benefit, but a disadvantage!

“Okay!” Yun Lang didn’t force it, after all, the two of them just met by chance, and he just came up to chat and get to know them.

Waited some more time.

suddenly...

There was a little commotion in this caravan It's the 'Dian Mo' Heavenly Supreme! ”

“The super genius in our Changhe universe!”

“Dianmotian Supreme also going to Moyuan?”

“You don't know anything about it! The Jihai Cosmos is designated to recruit Motian Supreme! As long as the Motian Supreme goes there, no matter whether you enter Moyuan or not, you can directly join the Jihai Cosmos!”

Speaking of this, many geniuses are jealous – they desperately want to fight for the place in the extreme sea universe, and the Supreme Dianmotian can get it directly without any effort at all.

It's really people-to-people, maddening people.

Yunlang waited for Heavenly Sovereign, and could not help but visit Dianmotian Sovereign – after all, if Dianmotian Sovereign was willing to take care of them after entering the Demon Abyss, it would mean a lot to them.

Only Xu Ming, still standing in the corner, stood still.

Chapter 2247: Intercept

“Ridiculous!” The Holy Master Tianmo couldn't help laughing when he looked at the Supreme Dianmotian who was being held up by the stars.

What is Dianmotian Supreme?

Just a genius who can enter the eternal universe! Even in comparison with ordinary Sage Emperor-level cosmos geniuses, they are still far behind; let alone compared with Xu Ming—you must know that even in Sage-Emperor universe, Xu Ming is at the level of “no one before or since”. genius!

Xu Ming and Dianmotian Supreme, that is really a big difference.

However, in order to keep a low profile and reduce unnecessary trouble, Xu Ming did not reveal his identity.

“Huh?” Supreme Dianmo Tian also noticed the ridicule of the Lord of Heavenly Demon.

“Young master!” Beside the Supreme Dianmotian, a strong man in the appearance of an old servant said, “That is the Lord of Heavenly Demon, a thirteenth-order powerhouse, and he is also a bit famous in the sea of cosmos! I remember that he has always been a loner. Those who come and go alone are actually protecting a Heavenly Sovereign! It seems... that Heavenly Sovereign is a bit complicated!”

The old servant’s remarks are also reminding Motian Supreme not to cause trouble easily.

“Sacred Lord Tianmo?” Supreme Dianmotian sneered, “It’s just an ordinary thirteenth-order powerhouse with no potential!”

Although his tone was contemptuous, Dianmotian Supreme did not step forward to provoke him; after all, the old servant who protected him was only a “thirteenth-order” strength. However, Dianmotian Supreme has thought about it, and when he reaches the extreme sea universe, if there is a chance, he must teach this Heavenly Demon Lord a lesson.

...

“It’s almost time, let’s go!”

The caravan that Xu Ming was in was actually waiting for Motian Supreme. Now that Dianmotian Supreme has arrived, it is natural to set off directly.

The person in charge of the caravan, “Lu Duan”, also walked up to the strong man who looked like an old servant, and said flatteringly, “Senior Tuoba, this time you are always on the line, and this journey will be much safer.”

Tuoba Yao, a “thirteenth-order” peak powerhouse. And Lu Duan, the strongest in the caravan, was only “beginning to enter the thirteenth order”.

The cosmos sea is full of crises, and if there is a strong “thirteenth-order peak” sitting in the town, the caravan will naturally be much safer.

“Yeah!” Tuoba Yao just nodded lightly – as a “thirteenth-order peak” powerhouse, even in the Changhe cosmos, he has quite a status, “Let’s go!”

With that said, everyone boarded the caravan’s ships and set sail slowly.

From the long river universe to the polar sea universe, the road is long.

Xu Ming also occasionally stood on the deck of the ship and looked at the scenery of the universe sea.

“That is said to be the battlefield site of a group of world breakers fighting in the ancient times!” The Holy Lord Tianmo introduced, looking at a majestic mountain in the distance. This mountain is even bigger than Changhe Universe. “In that battle, countless universes collapsed! The wreckage of the universe was piled up into this mountain!”

Xu Ming was secretly shocked: “The battle at the level of the world breaker is really scary!”

At the same time, Xu Ming also understood: “The fallen demon master who was killed by me is probably the weakest existence at the level of the world breaker!”

The fallen demon master has absolutely no strength to destroy the universe of his hometown.

In the universe sea, the battle of the world breakers, but the countless reincarnation-level universes that can be fought collapse; even, even the detachment-level universe will be destroyed by the fight! —Compared with the powerhouses of that level, the Fallen Demon Lord is still far behind!

The sea of cosmos is too vast!

Terrifyingly vast!

“Huh?” Suddenly, Xu Ming frowned slightly—he saw that dozens of strong men suddenly appeared in the void in front of the ship! These strong, the weakest are the twelfth order of the universe sea.

“not good!”

“Enemy attack!”

In the caravan, someone immediately exclaimed.

“Encountered pirates! Everyone is ready to meet the enemy!”

The cosmic sea is full of pirates. These pirates, usually dozens or hundreds of strong men, shot together, robbing caravans and strong men.

While arranging to meet the enemy, Lu Duan shouted angrily: “Senior Tuoba Yao from Changhe Universe is in our caravan! Why don’t you retreat quickly!?”

“Tuoba Demon?” The endless void of the universe sea echoed with a sneer, “We are here for him!”

boom! boom! boom! ...

During the conversation, more pirates poured out from the void in all directions, there were hundreds of them, completely sealing the time and space where the caravan ships were located.

Lu Duan’s face changed suddenly: “It’s over!”

Hundreds of “twelfth-order” and above powerhouses are completely beyond their ability to resist.

“Young Master!” Tuoba Yao looked at Supreme Dianmotian and said solemnly, “It seems... it is rumored in the universe that there are many pirates who have been specializing in killing geniuses recently. This is true!”

“Why did they kill the genius?” Supreme Dianmotian was puzzled.

“I’m afraid... there are already powerhouses in Moyuan who have penetrated into our universe!” Tuoba Yao said, “The more geniuses are intercepted, the fewer geniuses can enter Moyuan! The

more favorable one side is, the more unfavorable it will be to our cosmos sea! – Young master, protect yourself, I will go meet the enemy!”

boom!

While speaking, Tuoba Yao directly used the top-quality power source stone – this is a battle of life and death! Although the supreme power source stone is precious, it must not be stingy!

boom! boom! boom! ...

The hundreds of pirate powerhouses also used the power source stone one after another! However, not everyone uses the “Superior Power Originium”, most of them only use the “Superior Power Originium”.

Lu Duan and other caravan powerhouses naturally came up with their cards to meet the enemy.

“Master, I’ll go too!” said the Lord of Heavenly Demons.

“Be careful, don’t try too hard!” Xu Ming said, quietly handing over a world ring. Inside the ring, there are 10,000 top-quality Originium Stones—to Xu Ming, this is not even a drop in the bucket.

“Yes!” The Holy Master Tianmo was moved for a while, and at the same time released more than a dozen of his companions, all of whom used the highest-quality Originium to meet the enemy.

“So many guards? So many top-quality Origin Stones?” Dianmotian Supreme saw the situation on Xu Ming’s side, and couldn’t help but be startled – you know, he only needs a strong guard like Tuoba Yao! And Xu Ming, there are more than ten strong people to protect him.

“However, his more than ten guards are not as good as me alone!” Thinking of this, Supreme Dian Motian felt a lot more comfortable.

boom! boom! boom! ...

In this battle, the powers who participated in the battle at least used the “Original Stone of High-grade Power”; the power of the outbreak, the weakest, reached the fifteenth tier! Fortunately, it was

in the sea of cosmos. If it were in Xu Ming's hometown, the entire real universe would collapse in a battle of this scale!

The caravan side, after all, is weak!

Although there is Tuoba Yao, a powerhouse whose own strength has reached the "peak thirteenth order", it is difficult to completely protect the ships of the caravan.

boom-

An attack missed, directly blasting the ship to ashes, revealing the figures of the geniuses in the ship.

"Young master, be careful!" Tuoba Yao continued, but he wasn't very worried – after all, he knew that Dianmotian Supreme had a life-saving treasure; even if it was him, it would not be easy to kill Dianmotian Supreme. thing!

"Goal: Dianmotian Supreme! Other geniuses are nothing to worry about, and it is not worth the price we should pay to kill!" The pirate leader, a powerhouse close to the peak of the thirteenth order, said through voice transmission. However, when his eyes fell on Xu Ming, he was stunned there!

"This is...!?"

Chapter 2248: Look At Me Too Much, Right?

♂?,,

"This is...!?"

The pirate leader's gaze fell on Xu Ming, and his eyes were full of disbelief. Immediately, in the depths of his pupils, an extremely surprising gleam erupted.

"Breakout!" The pirate leader roared, and the treasure in his hand was thrown out as if he didn't want money.

A large number of formation treasures seemed to be scattered around randomly; however, at the moment when the pirate leader formed the formation, a vast trapped formation was directly formed, trapping the entire caravan in the formation.

Swish! Swish!

The warring parties were temporarily separated.

The pirates all retreated to the edge of the trapped formation, while the caravans gathered together and guarded with fear.

“Leader!” Some pirates asked puzzled, “How did we take out all the trapped formations we used to escape? This caravan is not worth it, right?”

Pirates in the Universe Sea are actually a very “high-risk” profession! After all, there might be some super-powerful hidden in the target of the robbery, so... this group of pirates will naturally prepare some life-saving treasures.

For example, this trapped formation thrown by the pirate leader!

If they encountered an invincible target during the robbery, they would throw a trapping formation to trap the opponent, and then take the opportunity to escape.

The value of such a trapped array can be imagined!

Therefore, there are indeed many pirates who are a little puzzled by the leader’s actions at this time.

The pirate leader did not explain, but continued: “Set up a sacrificial formation!”

“The cloth sacrifice array?” The other pirates became more and more puzzled; but some people thought of something, and continued, “Could it be...”

“You don’t need to ask, just do it!” As he spoke, the pirate leader was already arranging the sacrificial formation.

Outside the trapped formation, another sacrifice formation rose from the ground. Afterwards, the pirate leader threw tens of thousands of Great Venerables into the sacrificial formation—these Great Venerables who were used as sacrifices had only “ninth-order” strength. Perhaps, in a reincarnation-level universe, they are the topmost beings; however, in the sea of cosmos, such a weak Great Venerable can only be a mermaid.

boom-

The flames of the sacrificial formation instantly devoured the lives of these tens of thousands of Great Venerables.

Under the sacrifice of the lives of tens of thousands of Great Venerables, a cosmic channel was forcibly opened.

boom-

Countless powerful and terrifying breaths came out from the cosmos channel. In a short time, thousands of terrifying figures came through the cosmos channel.

Of these thousands of terrifying figures, the weakest are “thirteenth-order” combat power, many are “fourteenth-order”, and there is even a “fifteenth-order”!

...

Trapped inside.

The people in the caravan obviously didn't know what was going on.

“what happened?”

“Why did these pirates leave a trapped formation and run out?”

“Could he run away?”

“It’s not impossible! – They definitely didn’t expect that our caravan had Senior Tuoba standing in line! As soon as things went wrong, they ran away!” Lu Duan, the person in charge of the caravan, did not forget to praise Senior Tuoba for a while.

“It’s weird...” Holy Master Tianmo and the others returned to Xu Ming with a dignified expression.

The situation just now, the Demon Lord is naturally clear. In fact, in the eyes of the Lord of the Demons, the caravan side is at a disadvantage; however, the time for the fight is still short, and this disadvantage is not obvious.

And the Lord of Demons is not very worried about the disadvantaged situation – after all, he has a lot of high-quality power source stones in his hand, even if it is dragged, it can drag the enemy to death!

It’s just that the pirates actually left the trapped formation to trap them, and then ran out on their own, which made the Lord of Heavenly Demons puzzled! Moreover, from the eyes of the Lord of Demons, it is not difficult to see that this is not a simple trap; even if the entire caravan is gathered to break the formation, it is not something that can be broken in a short time.

“What exactly do these pirates want to do?” Xu Ming was also a little confused.

However, Xu Ming is not very worried. After all, with his current strength, even a “fourteenth-order” powerhouse would never think of threatening him; even in the face of a “fifteenth-order” powerhouse, Xu Ming had the confidence to save his life!

And in this desolate place in the sea of cosmos, there are very few “fifteenth-order” powerhouses. Therefore, Xu Ming naturally won’t be too worried.

However at this moment...

boom! !

A huge opening was suddenly torn open in the membrane wall of the trapped formation, and then, thousands of strong men streamed in from this opening.

After seeing the strength of these thousands of strong men, the entire caravan collapsed almost instantly!

“Tier thirteen! The weakest are the thirteenth!”

“Those are... the fourteenth-order powerhouse?”

“Hey – a fourteenth-order powerhouse! Even Senior Tuoba can’t stop him, right?”

“Block? Senior Tuoba can escape even if it is very good! Still blocking?”

“Fuck away! Let’s see what kind of powerhouse that is—” Following the voice, everyone saw the figure of a “fifteenth-order” powerhouse in desperation!

“Fifteenth order!”

“Even Senior Tuoba will be killed by a finger, right?”

“Fifteenth-order powerhouses, even in the Eternal-level universe, can be regarded as one-sided characters! They appear here?”

“What should we do now?”

Everyone panicked.

Even the Heavenly Demon Holy Masters are a little overwhelmed – the “fifteenth-order” powerhouses are no longer what they can compete with! A fifteenth-order powerhouse can easily sweep their entire caravan!

The Lord of Demons couldn’t even understand why the fifteenth-order powerhouse would appear in such a place. Is it just to rob their caravan?

At this time, Senior Tuoba seemed to have suddenly discovered something, and roared in shock and horror: “We...are you the powerhouses of Moyuan?”

The powerhouse of Demon Abyss?

The others also thought of something, and looked at the enemy in horror.

Moyuan...stands on the opposite side of the universe sea.

It is said that there are already geniuses who have penetrated into the sea of cosmos, and specialize in cleaning up the sea of cosmos! The more geniuses they clean up, the fewer geniuses can enter the Demon Abyss. In that case, it will be more disadvantageous to the Cosmic Sea.

Thinking of this, thousands of thirteenth- and fourteenth-order powerhouses suddenly appeared in front of me, and even a fifteenth-order powerhouse seemed to have an explanation! —They are the powerhouses of Moyuan They are here to kill geniuses!

Everyone in the caravan looked at “Dianmotian Supreme” with complicated eyes – they didn’t know that there was a super genius like “Xu Ming” hidden in the caravan, they just thought that Dianmotian Supreme was the real one. genius. Now that I think that Mo Yuan’s powerhouse is here to kill the genius, I naturally look at Mo Tian Sovereign subconsciously.

“What kind of talent is Dianmotian Supreme? It has attracted a fifteenth-order powerhouse to deal with him personally!”

“It must be because the talent is too good, so it has attracted the attention of Mo Yuan, and even sent a fifteenth-order powerhouse, just to kill with one blow!”

“It must be so!”

“It’s a pity that a peerless genius...”

The surrounding discussions were all praising Mo Tian Supreme’s talent. If it were normal, when he heard these compliments, Dianmotian Zhizun would definitely be very happy; but now, he can’t be happy at all – this is all about to die, it’s no wonder that he can be happy!

“As for it?” Supreme Dianmotian wanted to cry without tears in his heart, “I know that I am talented, but how could Moyuan send so many powerful people to deal with me? – This is too good for me, right?”

Chapter 2249: Disdain

“I know that I am talented, but you Moyuan sent so many strong people to deal with me? – This is too much to look at me, right?”

What a lineup this is! ?

Thousands of “thirteenth-order” powerhouses!

Nearly a hundred “fourteenth-order” powerhouses! New 81 Chinese website updates the fastest computer: <https://>

There is even a “fifteenth-order” powerhouse!

Such a lineup is enough to destroy the forces of the cosmos sea; but now, Dianmotian Supreme has found that these powerhouses seem to be coming for him! Although, being able to die under the hands of so many strong men is a matter of “death is still honorable”; but...

But Dianmotian Supreme does not want to die!

But now, thousands of powerhouses have surrounded the entire caravan. Even if Dianmotian Supreme doesn’t want to die, his reason has already told him – he can’t fly!

“Am I really going to die here today?” Supreme Dianmotian couldn’t help but despair.

He knows that in such a situation, even if the “sixteenth-order” powerhouses in the Changhe cosmos are willing to rescue him, they will not be able to rush over in time; unless, it is the world breaker who shoots! However, now is the “calm period” of the cosmic sea. Under the restrictions of the supreme rules, in the quiet period, the world breaker can only move within the universes, and cannot appear in the cosmic sea – and this is precisely why Xu Mingcai It is impossible to go directly to the Holy Emperor-level universe through the cosmic channel, and it is necessary to travel long distances in the cosmic sea.

“Sixteenth-order” powerhouses can’t save Dianmotian Supreme, and world breakers can’t enter the sea of cosmos... Dianmotian Supreme found that he seemed to be dead!

“It’s over!” Dian Motian Supreme looked desperate. Even he himself could not see where his life was going.

...

“So many fourteenth- and fifteenth-tier powerhouses...” Xu Ming felt the pressure at this time.

In terms of strength... Xu Ming is only “the thirteenth order of the universe sea”!

However, because Xu Ming cultivated every particle of the divine body into the prototype of a universe, Xu Ming’s divine body is extremely tyrannical—it is precisely because of such a tyrannical divine body that Xu Ming can almost ignore the “ten” The attack of the fourth-order” powerhouse! Even, even in the face of “fifteenth-order” powerhouses, Xu Ming has the assurance of life-saving!

But... the number of powerhouses in front of me is simply too many!

Much makes Xu Ming feel the pressure!

Even if you don’t look at the “thirteenth-order” powerhouses, there are nearly a hundred “fourteenth-order” powerhouses, and one “fifteenth-order” powerhouse! —Escaped from being surrounded by so many strong men? Xu Ming is really not sure!

“Could it be that... it’s going to hang up?” Xu Ming really didn’t want to use his last trump card easily!

You know, this is the cosmic sea!

It is the place where the supreme rules are the most powerful!

The supreme rules are domineeringly shrouded in every inch of space in the sea of cosmos. Any strong person, even a world breaker, who dares to go beyond the slightest will be suppressed and punished by the supreme rules!

Hanging in this place? Doesn't that make it clear that you want to be arrested? First release
<https://https://>

“If you really want to hang up, you can only use the treasure ‘death and life’!”

Life and death!

It is the most important treasure inherited from Xu Ming's previous life, the Eternal Great Venerable!

According to the meaning of the Eternal Great Venerable, “death and life” is even more precious than countless billions of universes! Once enabled, it can block the snooping of the supreme rule!

However, once “Death and Life” is enabled, it will enter the consumption state! This treasure is used once, less once! Moreover... It is said that “death and life” can block the prying eyes of the supreme rule, but Xu Ming does not know whether it is really effective, he has to try it before he knows it; even the Eternal Great Venerable may not know, because Eternal Eternal Da Zun has never used the treasure “Death and Life”!

If Xu Ming can indeed block the prying eyes of the supreme rules after enabling “Death and Life”, then nothing can be said – this “small scene” in front of him, as soon as Xu Ming opens the “seckill” hang, it will be solved in minutes!

But what if, in case, “death and life” is useless?

What if the effect of “death and life” is just a guess by the Eternal Great Master, and it can't actually block the prying eyes of the supreme rule? What to do then? – That would be fun! You don't even need the powerhouses of Moyuan to take action, the supreme rule will directly crush Xu Ming!

Therefore, Xu Ming is also extremely embarrassed now.

“You can only try to get out first!” Xu Ming secretly said, “Perhaps, the target of these Demon Abyss powerhouses is not me?”

However, Xu Ming also knew that his idea was a bit unrealistic – the powerhouses of Moyuan, the target was not him, could it really be Motian Supreme?

how is this possible!

Although Dianmotian Supreme has a good talent, it is far from being worth so many strong people to deal with! In fact, Xu Ming had already guessed the moment he saw such a lineup – the powerhouses of Moyuan must have come for him!

Only he can cause the powerhouses of Moyuan to pay such attention.

“Sacred Lord Heavenly Demon!” Xu Ming said in a voice transmission, “Wait a while, you all hide in my little universe first!”

“I...” What did the Holy Master of Heavenly Demon want to say—they are Xu Ming’s followers! In such a sinister situation, how could Xu Ming, the master, stand in the way, while their followers hid in the master’s small universe?

“You don’t need to say more!” Xu Ming interrupted, “This level of battle is not something you can participate in! I concentrate on escaping for my life, and I guess there is still some vitality!”

Xu Ming can only hope that the strength of this “fifteenth-order” powerhouse is not too strong; in this way, he is fighting for his tyrannical body and the almost inexhaustible “superior power source”. Stone”, maybe he can really escape without using “death and life”.

As for the Heavenly Demon Lord and others... As Xu Ming said, this level of battle is not something they can participate in! After all, there are thousands of powerhouses who are at the same level as the enemy and the Lord of Demons!

“Okay...” Holy Master Tianmo also recognized the reality and knew that it would be the best help for him not to hold back Xu Ming now.

at this time...

boom!

The senior Tuoba Yao suddenly took the Motian Supreme with him and ran straight away; it seemed that he was trying his best to make a **** path.

“Do you want to run?” Seeing this, the Lord of Heavenly Demon couldn’t help shaking his head secretly – how could he run away? Do you think these thousands of thirteenth-order powerhouses, nearly a hundred fourteenth-order powerhouses, and the fifteenth-order powerhouse who are in the lineup are just decorations?

Although Tuoba Yao has a great reputation in this area, to put it bluntly, he is only a “Thirteenth-Order Peak” powerhouse! In such a siege, there is no possibility of escape at all; if he is struggling like this now, he will only die faster!

“Look, those powerhouses in Moyuan don’t even bother to move!” In the eyes of the Holy Master Tianmo, the powerhouses in Moyuan watched Tuoba Yao and Dianmotian escape, all of them were motionless, sure Because of “disdain” to block.

You run, we’ll watch, see where you can run!

Chapter 2250: The Gap

Xu Ming did not move.

Because he knows that now is not the time to move.

“If the goal of these powerhouses is really the Motian Supreme!” Xu Ming thought to himself.

Of course, Xu Ming also knew that this was almost impossible – the talent of Motian Supreme was far from being qualified to attract so many strong men to besieged and killed. These powerhouses must have come for Xu Ming.

“It’s just ants! In front of me, do you want to run away?” At this time, the fifteenth-order powerhouse snorted coldly, waved his hand, and slammed towards Tuoba Demon.

boom!

With just one move, Tuoba Yao, who was at the peak of the thirteenth rank, was seriously injured.

At the same time, Tuoba Yao and Dianmotian Supreme were also honest and did not dare to continue to escape. However... they dare not continue to escape, but it does not mean that the fifteenth-order powerhouse will let him go.

“Die!” The fifteenth-order powerhouse waved his hand again and slammed into the Tuoba Demon again.

“No...” Tuoba Yao’s face showed despair – the gap between the two ranks is really not something he can bridge! With just one move, he was seriously injured; now, this second move is no longer something Tuoba Yao can support.

Faced with a desperate lineup, Tuoba Yao couldn’t find any vitality at all.

But right now...

Whoa!

Time and space suddenly fell into endless silence.

Even the attack of the fifteenth-order powerhouse was frozen in space, unable to move forward.

“This is...” Tuoba Yao was stunned at first, then overjoyed, “A ‘sixteenth-order’ powerhouse has arrived?”

Sixteenth...

The most peak existence under the world breaker!

It is also the strength limit of the Great Senior level!

even! Many world breakers failed to set foot in the “sixteenth tier” when they were still at the level of Great Senior, but directly broke through to become world breakers!

Sixteenth-order powerhouses are also very rare in the sea of cosmos! Among the 10,000 fifteenth-order powerhouses, it may not be possible to give birth to a sixteenth-order powerhouse!

Although there is only a first-order difference between “16th-order” and “15th-order”, the gap between them is even larger than the gap between “13th-order” and “15th-order”!

The “fifteenth-order” Moyuan powerhouse was also stunned when he found that the time and space suddenly fell into silence: “Sixteenth-order powerhouse? How come so quickly!?”

These Demon Abyss powerhouses never thought that the sixteenth-order powerhouses would come so quickly – after all, how vast is the sea of cosmos? How rare are the sixteenth-order powerhouses?

These Demon Abyss powerhouses originally thought that they could comfortably kill everyone here, and then comfortably build a space-time channel to escape before the powerhouses of the Cosmos Sea arrive. Unexpectedly, before they had time to make a move, a 16th-order powerhouse had already arrived!

The sixteenth-order powerhouse is coming! So... even if there are thousands of Demon Abyss powerhouses, they don't even have the chance to do it!

It would be nice to be able to escape!

“escape!”

The fifteenth-order and nearly one hundred fourteenth-order Demon Abyss powerhouses used the “Original Stone of Supreme Power” one after another and fled in all directions. And the thousands of thirteenth-order Demon Abyss powerhouses also all used the best power source stone, either killing the caravan, or rushing towards the “Sixteenth” who suddenly appeared in the void like moths to flames. Rank” strong!

“Oh!” The sixteenth-order powerhouse who suddenly appeared, of course, also used the top-quality power source stone, but his temperament was extremely indifferent. His fingers constantly point in the void, but each finger points to a strong man!

The first finger points to the fifteenth-order Demon Abyss powerhouse.

Then, it is the fourteenth-order powerhouse.

And then, it is the thirteenth-order powerhouse. 新ヤ~(8)~1~中文网 ωωω.χ~8.~1zщ.сòм

Time and space seem to be in a dead state all the time!

When the sixteenth-order powerhouse pointed thousands of fingers in the void, the thousands of Demon Abyss powerhouses and the pirates were all wiped out, not a single one remained.

“This...” This scene made Xu Ming stunned, “The sixteenth order...is it so strong?”

Xu Ming originally thought that no matter how strong the sixteenth-rank powerhouse was, it was only a little more powerful than the fifteenth-rank powerhouse. But now, Xu Ming found out that he was wrong – this is not a powerful “some”! It is simply two levels of existence!

The Lord of Demons was also shocked: “I heard people say a long time ago that the gap between the sixteenth and fifteenth orders is not the difference in strength, but the difference in realm! I didn’t understand it very well before, but now I finally understand it. It’s gone!”

Although the Lord of Heavenly Demon has traveled through the universe for many times in the universe, this is the first time he has seen a “sixteenth-order powerhouse” take action.

The seemingly innocuous fingers were scattered in the void, but each finger took away the life of a strong man! Even the fifteenth-order powerhouse can’t hold his finger!

“Yeah!” Xu Ming couldn’t help but sigh: “The gap at the power level can be made up with the power source stone; however, the gap at the realm level is really irreparable!”

Like the 15th-order Demon Abyss powerhouse, after using the top-quality power source stone, he has reached the “19th-order” in terms of power! However, Xu Ming could feel that the sixteenth-order powerhouse, even if he did not use the power source stone, even if he only used the power of the “sixteenth-order”, he could easily kill the tenth-order power source who had already used the power source stone. Fifth-order powerhouse! – This is the gap at the realm level!

It is also the most irreparable gap!

“Even if it’s me, I’m afraid it’s hard to block the finger of this sixteenth-order powerhouse?” Xu Ming couldn’t help thinking.

The strongest thing about Xu Ming is his divine body! Relying on his own divine body, Xu Ming is confident that even a 14th-tier powerhouse can hardly hurt him, and even a 15th-tier powerhouse can’t kill him!

But now... Xu Ming found that the divine body he was proud of seemed to be unable to stop the random finger of a sixteenth-order powerhouse!

This is the gap in the realm!

Xu Ming has not felt this kind of gap in realm for a long time!

“The realm of the sixteenth-order powerhouse is already terrifying! Then, what realm will the realm breaker be?” Xu Ming had no way of knowing. After all, he had never seen a world breaker take action.

...

in the void.

The sixteenth-order powerhouse gradually revealed his figure. His temperament is elegant, and his eyes are like torches.

“Xingzun Dazun!” Tuoba Yao recognized the identity of the sixteenth-order powerhouse and shouted respectfully.

The Great Reverend Xinggu is a very famous Great Venerable in the Jihai cosmos.

Xingzun Dazun's eyes swept over everyone in the caravan Huh? After his eyes swept over, the Xingzun Great Senior had a hint of doubt on his face and asked, "Among you, who is the most talented?" "New 81 Chinese website updates the fastest computer terminal: <https://>

The reason why the Great Senior of Xinggu appeared here so quickly is actually because there is a world-breaker-level almighty inferring that there will be super geniuses intercepted here, so he specially asked him to respond here. If he hadn't been hiding nearby beforehand, it would have been impossible for the Great Senior Xingzun to rush over to kill a kind of Demon Abyss powerhouse so quickly.

But now, Great Senior Xingzhe glanced around and found no amazing super genius – Xu Mingqiang's is his particle universe; as long as Xu Ming didn't take the initiative to reveal his aura, even a 16th-order powerhouse would not be able to. It's hard to spot his extraordinaryness.

"Who is the most talented?"

When everyone in the caravan heard the words, they naturally turned their attention to Dianmotian Supreme without hesitation. After all, the people in the caravan didn't know Xu Ming's talent.

"He?" Great Senior Xingzhe couldn't help but look at Motian Sovereign a little more. Although, Dianmotian Supreme's talent is indeed good; but in the eyes of Xingshi Dazun, this talent should be far from enough for him to personally respond here!

"Could it be that his talent is hidden deeply, so I don't see his extraordinaryness?" The Great Senior Xingzun couldn't help but think, "The time and place of the killing are consistent with the inference of the Almighty, it must be this businessman. The genius in the team! It should be him!"

Thinking of this, the Great Senior Xingzhe looked at the Supreme Dianmotian, and his attitude was quite kind: "Palace Master Jihai has asked me to come here to pick you up!"
