

# A World 2251

## Chapter 2251: Can Not Change

The caravan continues to march in the cosmic sea.

But at this time, everyone in the caravan no longer has the slightest nervousness – there is a “16th-order” powerhouse sitting in the caravan, then you can walk sideways in the sea of cosmos, what else is good nervous?

At the same time, many people’s eyes could not help but secretly aim at Supreme Dianmotian and Supreme Xingshi.

Inevitably, there are people talking privately.

“I didn’t expect that Dianmotian Supreme’s talent would be so terrifying! There is even a sixteenth-order powerhouse from the extreme sea universe who made a special trip to meet him!”

“Yeah! It’s hard for us to even meet a 16th-order powerhouse, but there are 16th-order powerhouses who come here specifically for Dianmotian Supreme!”

“It seems... Motian Supreme’s talent is much stronger than what is spread outside!”

Sixteenth-order powerhouse, how high is this existence in the universe sea?

To be so valued by a sixteenth-order powerhouse has already demonstrated the talent of Motian Supreme.

...

The Supreme Dianmotian stood respectfully beside the Great Venerable Xingzhe, slightly restrained.

After all... Dianmotian Supreme himself is very clear that no matter how high his talent is, he is currently only a “genius” and has not grown into a real “strong man”. Moreover, even if he really grows up, his future achievements may not be comparable to Xing Zun Da Zun.

Although Supreme Dianmotian is arrogant, he understands that he is not qualified to be arrogant in the face of Xingshi Supreme.

“Master Xingzun!” Supreme Dianmotian asked respectfully, “Did the Lord of Jihai Palace invite you to pick me up?”

Lord of the Sea Palace...

It is a legendary power of the extreme sea universe!

Even among the sixteenth-order powerhouses, they are top-notch existences. It is said that the Palace Master of the Extreme Sea and the holy envoys of the Holy Emperor-level universe are in close contact with each other.

And Dianmotian Supreme, even when he first came into contact with the universe sea, he had already heard the legend of Jihai Palace Master, and it is not an exaggeration to say that he grew up listening to the story of Jihai Palace Master; even , Jihai Palace Master can be said to be the most adored power of Dianmotian Supreme!

Now, such an “idol-level” power has personally sent a sixteenth-order powerhouse to pick him up, how can Motian Supreme be not excited? To be honest, even he himself never thought that he would be valued by the Palace Master of the Extreme Sea. New 81 Chinese website updates the fastest mobile terminal: <https://>

“That’s right!” The Great Master said.

In fact, the Great Senior Xing Li is also a little puzzled – the Jihai Palace Master asked him to come here to meet a super genius, but in the eyes of the Great Senior Xing Li, although the Supreme Dianmotian can be called a genius, but his talent, It’s actually not that rare in the polar sea universe!  
ア新ヤ~⑧~1~中文网 ωωω.χ~8.~1zιι.còm

Just the talent shown by Motian Supreme is obviously not worthy of Xingshi Dazun’s “labor expedition” for him.

However, in this caravan, the Great Senior Xingzhe did not find any other more powerful genius, so he had to regard the Sovereign Dianmotian as the target!

“Actually...” At this time, Great Senior Xing Li thought about it, and then said, “Jihai Palace Master is also entrusted by others, so he sent me here!”

“Entrusted by others?” Dianmotian Supreme couldn’t help but become more and more confused – who was entrusted by? Who would specifically entrust Jihai Palace Master to take care of him?

Dianmotian Supreme thought about it, and couldn’t think of why he had such a face, but things really happened.

The Great Zun nodded: “It was entrusted by a holy envoy of the Holy Emperor Universe!”

“Holy Emperor Universe!? Holy messenger?” Dianmotian’s face became even more astonished.

Holy Emperor Universe, where is that? —It can almost be said to be the center of the entire universe! Even if the powerhouses of the three thousand eternal universes add up, I am afraid they are not as many as the powerhouses of the Holy Emperor Universe!

Holy messenger, what kind of existence? —As far as Motian Supreme knows, every holy messenger is the most peak existence among the sixteenth-order powerhouses! Moreover, because he is the holy messenger of the Holy Emperor universe, in terms of power, he is even better than the Jihai Palace Master by a few points.

And now, Dianmotian Supreme actually heard that... the holy envoy of the Holy Emperor universe, specially entrusted the Jihai Palace Master to take care of him?

what’s going on! ?

The doubts of the Supreme Dianmotian are actually the doubts of the Supreme Master Xingli; because the Supreme Master Xingli can’t see how special the Supreme Supreme Dianmotian is.

“Could it be that my eyes are clumsy?” Xingzun thought for a while, and then asked, “Dianmo, what is so special about you that has attracted the attention of the holy envoys of the Holy Emperor universe?”

“What’s special...” Supreme Dianmotian thought about it, but couldn’t think of it, so he had to answer blankly, “I don’t know either...”

The Great Senior Xingzun understood: “It seems that there must be something special about you that you don’t even know about yourself, and it was calculated by the powerful person of the Holy Emperor universe! It is even calculated that you will be here here. I was in trouble, so let me pick you up!”

“Is there really something special about me that I don’t even know about?” Supreme Dianmotian couldn’t help thinking. At the same time, he raised his assessment of his own talent by a few levels, secretly said, “It seems that I still underestimate my own talent! Maybe, based on my special characteristics, my talent can even be comparable to that of the Holy Spirit. The super genius of the Emperor Universe!”

Thinking of this, Supreme Dianmotian couldn’t help but sigh with emotion: “The Great Lord of the Holy Emperor Universe is really amazing, he can actually calculate these things across the endless universe!”

“Heh!” The Great Senior Xingli couldn’t help laughing, “The Great Senior has no such ability! A powerful person who can calculate these must be at the level of a world breaker, and he is also a very powerful existence among the world breakers!”

“I was followed by the world breaker?” Dian Motian Supreme couldn’t help but imagine more.

...

Extreme sea universe.

The master of the Jihai Palace, who can be called the “first person under the world breaker” in the Jihai universe is outside the Jihai universe at this time, with another great man. Can chat and laugh.

“Holy Envoy He Mo, that Xu Ming, is it really as defiant as you said?” The almighty who was chatting and laughing with the Jihai Palace Master was the Saint He Mo of the Holy Emperor Universe.

There are also some other great powers in the Jihai universe, and those powers also have the strength of the fifteenth or even the sixteenth order; however, they are obviously not qualified to participate in the chat and laughter between the Jihai Palace Master and the Holy Envoy He Mo. middle.

“It’s even worse!” When He Mo Shengshi thought of Xu Ming’s talent, he couldn’t calm down because of his strength and identity. He really couldn’t imagine how a weak reincarnation-level universe could emerge from a genius like Xu Ming!

You must know that even if the Holy Emperor Universe devoted all its resources to training, they have never cultivated such a heaven-defying genius!

“Oh! Then I really want to have a good experience!” Jihai Palace Master said with a smile. Suddenly, his eyes lit up, “I don’t know... whether Xu Ming can solve Mo Yuan’s predicament!”

“If Xu Ming had participated in the battle when Mo Yuan was first born, with his talent and strength, it would not be difficult for him to break through the predicament! But now...” He Mo Shengjian thought for a while, then shook his head and sighed, “We didn’t expect that either. , In this cosmic era, Mo Yuan can be so aggressive! When I find out that the situation is not right, when I think of Xu Ming again, it is already a bit late, the general trend has passed! However... some things are not within our control, let alone Xu Ming. What Ming can change!”

“Indeed!” Jihai Palace Master sighed, “What should come will always come! Even the world breakers who understand everything can’t turn things around, let alone Xu Ming?”

## Chapter 2252: Get Back

The vast, deep, all-encompassing cosmic sea.

The universes are as small as dust. The strong people who walk through the sea of cosmos are even worse than dust.

“Is it coming to Jihai Cosmos?” Dianmotian Supreme looked forward to it.

After Dianmotian Supreme found that his talent was “underestimated”, he looked forward to arriving in the Jihai universe earlier.

Originally, Dianmotian Supreme’s dream was to become a member of the Jihai universe; but now, when he knew that even the great powers in the Holy Emperor universe attached great importance to him, he had abandoned this small dream.

“My stage is not the small Jihai Universe, but the Sage Emperor Universe! Maybe... the power of the Sage Emperor Universe has already come to meet me in the Jihai Universe!” Supreme Dianmotian fantasized.

At the same time, he felt that his fantasy was not exaggerated, but very reasonable.

Looking at the range of vision, the outline of Jihai Universe is constantly expanding, and he is getting closer and closer to Jihai Universe, and the expectations in Dianmotian Supreme’s heart are getting stronger and stronger.

“Huh?” Suddenly, the Great Senior Xingzun on the side let out a surprised voice.

“Master Xinggu?” Supreme Dianmotian couldn’t help but look at the other party in confusion.

The Great Senior Xingzhe returned with a surprised look and said, “The Palace Master Jihai is waiting for you in person outside the universe!”

Jihai Palace Lord?

Waiting for me outside the universe?

Dianmotian Supreme couldn’t help but be stunned – Jihai Palace Master, what kind of identity is that? Waiting for yourself outside the universe in person? What kind of treatment is this? How much attention is paid to oneself! ?

“Could it be... I’m really that good?” Supreme Dianmotian couldn’t help but wonder if he was really that good, “I must have potential that I don’t even know about myself! My excellence, even

me I can't even imagine it myself! Otherwise... how could it be possible for the Palace Master of the Extreme Sea to personally greet me outside the universe?"

Immediately afterwards, the horrified expression on the face of the Great Master Xingshi became even more intense, and his voice became more and more surprised: "And the envoy of Mo? Even he is waiting outside the universe?"

"Holy Envoy Hemo?" Supreme Dianmotian didn't know who Hemo Saint Envoy was, but if he could make the Great Master Xingshi show such a surprised look, then Hemo Sage Envoy must be the saint emperor's envoy in the universe! As soon as I heard that even the saints of the Holy Emperor's universe were waiting for him outside the universe, Dianmotian Supreme simply didn't know how to describe his expanding mood at the moment.

Can it expand?

Let me ask, looking at the sea of cosmos, how many geniuses can make the holy envoy of the holy emperor's universe treat me like this?

"As expected of the great power of the Holy Emperor universe! It is really insightful!" Supreme Dianmotian couldn't help thinking.

Even the Great Senior Xingzhe looked at Dianmotian Sovereign, and it was a little different from before. The Great Senior Xingzhe couldn't help thinking in his heart: "What is so special about Motian Sovereign? It's the first time I've heard of such a thing from the Holy Envoy of the Holy Emperor Universe!"

The dialogue between Dianmotian Supreme and Xingshi Dazun was not secretive. The other powerhouses in the caravan naturally heard the conversation between the two.

"What? The Palace Master of the Extreme Sea greets you in person?"

"What? The Holy Emperor's Cosmos and the Mo holy envoy personally greeted him?"

"What kind of talent is Dianmotian Supreme? How could he be so taken seriously!?"

"Inconceivable!"

“It’s so scary!”

The entire caravan was full of exclamations.

And Dianmotian Supreme enjoyed this kind of amazed voice very much; at the same time, he was full of contempt for the other people in the caravan, and said contemptuously: “A group of ants! Cherish the time you have with me now. , after today, I am the existence that you can’t look up to!”

Yes!

From the point of view of Dianmotian Supreme, when he goes to the Holy Emperor Universe, then these ants who are on the same road now will not even have the qualifications to look up to him.

“Maybe in the future... even the Great Senior Xingzhe will look up to me!” Supreme Dianmotian imagined again.

But at this moment, Supreme Dianmotian saw that a figure passed by him and walked to the front of the caravan.

“Huh?” Supreme Dianmotian couldn’t help frowning.

You must know... The ones walking at the forefront of the caravan have always been the Great Master Xingzhe and the Sovereign Dianmotian. After all, walking in this position in the caravan also shows that the identities of the two are the most honorable in the entire caravan.

But now, when he was about to reach the polar sea universe, someone actually surpassed him?

How can Dianmotian Supreme be cool?

“Isn’t this affecting the Jihai Palace Master and the Holy Envoy to see me for the first time?” Supreme Dianmotian couldn’t help thinking. Of course, even putting aside this reason, Dianmotian Supreme would not allow anyone to walk in front of him.

Immediately afterwards, Dianmo Tianzun even saw that this person who dared to walk in front of him was actually a Tianzun!

It's the opposite!

Dianmo Tianzun vaguely remembered that someone in the caravan said that this Tianzun seemed to be called Xu Ming, from a weak reincarnation-level universe.

"I don't know what to do!" Supreme Dian Motian thought fiercely in his heart, "How dare such an idiot with no eyesight dare to come out to the sea of cosmos? I really don't know how he died!"

"You—" Dianmotian Supreme didn't mean to endure at all, and shouted at Xu Ming.

"Oh?" Xu Ming glanced back at Motian Supreme.

Dianmotian Supreme narrowed his eyes slightly, showing dissatisfaction, and said arrogantly: "Yes! It's you! Go back!"

The old servant Tuoba Yao also shouted: "What kind of strength, what kind of position, don't you understand?"

"Why don't you hurry up?" Supreme Dianmotian said again, "Is this where you should stand? Palace Master Jihai, and Saint Mo, are waiting for me in front!"

"Ha!" Xu Ming chuckled disdainfully ignored it, turned his head away again, and looked forward.

With the advancement of the entire caravan, the polar sea universe has become larger and larger in the field of vision, occupying almost half of the sky. And Xu Ming had already sensed from a distance that there were two tyrannical auras outside the extreme ocean universe.

It should be the Lord of the Extreme Sea and the Holy Envoy Hemo.

"I don't know whether to live or die!" At this moment, the old servant Tuoba Yao suddenly burst into flames and slammed directly at Xu Ming; this blow obviously contained killing intent – if it had been before, Dianmo Tian Supreme and Tuoba Yao were arrogant, but they were also arrogant.

He would not shoot at Xu Ming casually, and would directly kill him; after all, Xu Ming was protected by the Heavenly Demon Lord, and there was a “thirteenth-order” powerhouse to follow, which showed that Xu Ming was a little unusual. But now, Tuoba Yao heard that even the Palace Master of the Extreme Sea and the Saint Envoy of the Holy Emperor Universe went out of the universe to greet their young master. How could he not be more arrogant?

“Killing Xu Ming, even if it is to stand up for the young master!” Tuoba Yao thought in his heart.

At this time, Xu Ming seemed to be ignorant of the attack from the Tuoba Demon.

Chapter 2253 Mediocrity

Yong

Know nothing?

Tuoba Yao is only a thirteenth-rank powerhouse. How could Xu Ming be unaware of his sneak attack? —Xu Ming is not ignorant, but disdains to deal with it!

Yes!

Disdain to deal with!

A mere “thirteenth-order” attack would not even hurt Xu Ming’s fur, so Xu Ming naturally disdain to deal with it.

“Xu Ming!” Seeing this, the envoy He Mo in the distance drank anxiously and was about to take action. In his opinion, although Xu Ming’s talent is against the sky, but no matter how defiant the sky is, it is only the cultivation base of the Supreme Heaven. How can he be so powerful? Besides, when Xu Ming left the Holy Emperor Universe before, he really only had eleven level strength.

Thirteenth-order peak powerhouse sneak attack eleventh-order?

It can almost be killed in seconds without any suspense! How could Rang and Sage Mo not be anxious to take action? – If a genius like Xu Ming died under such circumstances, it would be called injustice!

“It’s okay!” However, Xu Ming gave He Mo Sheng a reassuring look.

Although it was only between lightning and flint, with the strength of the Holy Envoy He Mo, he could instantly suppress the thirteenth-order Tuoba Demon; however, when he heard Xu Ming’s voice transmission, the Holy Envoy He Mo decided not to take action. His understanding of Xu Ming, although Xu Ming is conceited, but not arrogant.

Since Xu Ming said “it’s okay”, then it’s really “it’s okay”, so there’s no need to worry about Sage Mo.

“This kid...” He Mo Shengen secretly said in his heart, “I’m afraid there is another chance after leaving the Holy Emperor universe! Otherwise, it is impossible to face the attack of the thirteenth-order powerhouse, and still be so indifferent.”

Bang!

No one stopped.

In an instant, Tuoba Yao’s deadly sneak attack landed on Xu Ming.

“It’s dead!” Dianmotian’s eyes were ferocious.

But then, the hideous look in Dianmotian’s eyes turned into shock.

“What!?” Supreme Dianmotian’s eyes widened.

“What!?” Xingzun Da Zun also seemed to have forgotten the restraint of being a sixteenth-order powerhouse at this moment, and his face was also full of astonishment.

As for the rest of the caravan, not to mention, their expressions were exaggerated one by one – everyone watched in astonishment, Tuoba Yao's sneak attack fell on Xu Ming, but it was like a stone sinking into the sea, not even Xu Ming's hair was injured. arrive.

“This...” The most ignorant is undoubtedly Tuoba Yao. He looked at the short blade in his hand, and then looked at Xu Ming, he couldn't believe his eyes – he was a thirteenth-rank peak powerhouse! Now condescending to attack a Heavenly Sovereign, and as a result, even this Heavenly Sovereign's hair was not hurt.

The bewildered Tuoba Yao had only four big words in his mind at the moment: What is the situation! ?

In fact, not to mention the Tuoba Demon, even the Jihai Palace Master and the Holy Envoy He Mo were a little confused when they saw this scene.

“He Mo, is this what you said about Xu Ming?” said Na Ne, the master of the Jihai Palace, “Is he so strong?”

“Uh...” The voice of the Holy Envoy He Mo was a little unsure, “I didn't know he was so strong...”

“There is no doubt that the cultivation base is the supreme being of the sky!” As the existence of the sixteenth-rank peak of the Jihai Palace, he would naturally not misunderstand Xu Ming's cultivation base, “But... being able to take the blow of Tuoba Yao so calmly and hard. , I'm afraid it has to be a 'sixteenth-order' powerhouse to do it, right?”

Jihai Palace Master was right.

Although Tuoba Yao attacked a Heavenly Sovereign with all his strength, he was also a lion fighting a rabbit with all his strength; the sneak attack just now was a full-strength attack—the full-strength sneak attack of a thirteenth-rank peak powerhouse, feared that even the fifteenth-ranker would be strong. No one can do it so calmly, only a sixteenth-order powerhouse can do it!

Thinking of this, Sage He Mo couldn't help but startled: “Could it be that Xu Ming's strength has approached me in such a short period of time? What's more terrifying is that Xu Ming is still only a Heavenly Supreme cultivation base!”

As the holy envoy of the Holy Emperor universe, how many geniuses have you met with the holy envoy Mo? I haven't felt anything about the word "genius" for a long time! But until this moment, He Mo did not know what a real genius is! – But Saint He Mo didn't know, because he thought too much; Xu Ming was only close to the 16th-order powerhouse in defense, but only 13th-order in attack.

"How can he be so strong?" Dianmo Tianzun stared at Xu Ming's back, "He is also Tianzun, why is he so strong?"

Although Dianmo Tian Zhizun prides himself on his talent, compared with Xu Ming in front of him, he finds that he seems to be a scumbag!

"How is that possible!? I am a super genius who even the great powers of the Holy Emperor Universe have to protect me, and even the Supreme Ocean Palace Master and the Holy Envoy have to welcome them outside the universe... How could there be Heavenly Supreme, stronger than me? So much?" Until now, Dianmotian Supreme hadn't reacted, and the Jihai Palace Master and Mo Shengen didn't come to him.

However, it's no wonder that he couldn't react. Who made Xu Ming really go against the sky and made the audience stunned.

The ones who didn't react were not only the Supreme Dian Motian; even the Great Venerable Xinggu didn't react yet!

swoosh—

The two great powers, the Lord of the Extreme Sea and the Holy Envoy of Mo, flew side by side.

The Great Senior Xingzhe had no time to be shocked by Xu Ming's strength, so he stepped forward and said respectfully, "Palace Master, Holy Envoy, I have brought people safely!"

With that said, the Great Senior Xingzhe looked at the Supreme Dianmotian.

Although the Xingzun Da Zun is also a 16th-order powerhouse, he is still slightly different from the Palace Master of the Extreme Sea and the Holy Envoy Mo; therefore, his posture is also very low.

Seeing this, the Supreme Dianmotian didn't care to be shocked by Xu Ming's strength. He even stepped forward and introduced himself: "Palace Master, Holy Envoy, I am..."

However, the Palace Master Jihai and the Holy Envoy He Mo didn't even look at him, let alone what he was saying, and walked directly to Xu Ming.

"Xu Ming!" He Mo Shengen sighed with emotion, "You are getting more and more evil!"

"Holy messenger!" At this moment, Supreme Dianmotian came over and interjected, "Aren't you looking for me?"

Dianmotian Supreme felt very aggrieved in his heart – he felt that since this holy envoy of the Holy Emperor universe came to find him, why did he even ignore him after seeing other geniuses?

Dianmotian Supreme feels like he has been "abandoned"!

Oh no! It's not "abandoned forever"! But before the "chaos" started, it was already abandoned.

"You?" Saint He Mo finally looked at him but asked, "Who are you?"

"I..." Supreme Dianmotian was taken aback for a moment, "Didn't you, Holy Envoy, specially sent the Great Master Xingzhe to save me? Why don't you know who I am..."

"Save you?" He Mo Shengen looked at Xu Ming and understood a little, "Is it the Xingzun Da Zun who recognized the wrong person!"

"Have you admitted the wrong person?" Supreme Dianmotian was stunned for a while – along the way, he was already imagining his life in the Holy Emperor's universe in the future; but now, the holy envoy told him that it was Xingshi Dazun who admitted the wrong person.

"I asked the Great Senior Xingli to protect Xu Ming!" He Mo Sheng envoy said.

"I'll just say it..." Xingli finally reacted, "I'm still surprised, why did you specifically order me to protect such a mediocre genius, it turns out that I recognized the wrong person! But then again...Xu Ming Right? You can hide so deeply!"

mediocre?

Hearing Great Senior Xingzhe's evaluation of himself, Sovereign Dianmotian only felt that he was hit again and again.

Chapter 2254: For Death

death

Dianmotianzhizun is just a joke.

As Xing Zun Da Zun said of him, such a mediocre genius.

Like Dian Motian Supreme, if there is no strange chance, it is estimated that the highest achievement is only "15th order", and it is very likely that they may not be able to reach the 15th order. For such a mediocre genius, it is usually difficult to even meet the Lord of the Extreme Sea.

Now that I know that it was an oolong, Supreme Dianmotian was naturally left out in the cold; it is impossible for Jihai Palace Master and Xingzhang Supreme to continue to greet him specially.

"Xu Ming, let me handle this matter!" What the Jihai Palace Master was referring to was naturally the Tuoba Demon attacking Xu Ming. In this matter, the sneak attacker Tuoba Yao is naturally not a pity to die, and even Dianmotian Supreme will be implicated.

"Okay!" Xu Ming believed that Jihai Palace Master would handle this matter well and give himself a satisfactory answer. After all, whether it is for Xu Ming, or for Jihai Palace Master, like Tuoba Demon and Dianmotian Supreme, they are just ants.

"Sage Envoy Mo." Xu Ming changed the subject, "Why did you make a special trip to Jihai Cosmos and still wait for me here?"

"Something!" He Mo Sheng Envoy solemnly said.

“Huh?” Xu Ming was slightly surprised – what could make He Mo Sheng envoy so dignified, and it seemed to have something to do with him. Otherwise, Saint He Mo would not have made a special trip to Jihai Cosmos to find him.

“Let’s go in and talk!” Jihai Palace Master also looked a little dignified.

As a result, the Jihai Palace Master led the Holy Envoy Mo, Xu Ming, and the Holy Master Tianmo into the Jihai Universe together; while the Great Master Xinggu was responsible for staying behind to deal with Tuoba Demon and Dianmotian Supreme.

...

Extreme Sea Palace.

It can be said to be the supreme palace of the polar sea universe.

In the extreme sea universe, although there are world breakers living, but because of the restrictions of the supreme rules, world breakers generally cannot shoot at will, so it seems that the dragon sees the beginning but not the end. The general affairs of the Jihai Universe are all handled by the Jihai Palace Master.

It seems that in the Holy Emperor universe, the world breaker is also rare, and it is generally the saints who are in charge of the huge Holy Emperor universe.

“It’s about Moyuan!” As soon as the three of them took their seats, the Holy Envoy and Mo said directly. As for the Demon Lord, he has been temporarily placed elsewhere; this level of conversation is not something he can participate in.

“Moyuan?” Xu Ming had a puzzled look on his face. On the way to Jihai Cosmos, Xu Ming has heard people talk about “Magic Abyss” more than once; but what exactly is Devil Abyss, Xu Ming still doesn’t understand at all, “Is it some super powerful force? ”

Xu Ming couldn’t help asking.

From Xu Ming's point of view, if Mo Yuan is really a super powerful force, then what can make Sage Mo and Sage Envoy panic so much must be comparable to that of the Holy Emperor universe, right?

"In the sea of cosmos, is there any power comparable to the universe of the Holy Emperor?" Xu Ming pondered in his heart, feeling that it was impossible. You must know... the Holy Emperor Universe, in the vast and endless sea of cosmos, is as dazzling as the scorching sun, shining on the entire sea of cosmos! What power can it have that can rival the invincible posture of the Holy Emperor universe?

"Accurately speaking... Mo Yuan is not a party force!" He Mo Shengshi shook his head.

"Isn't it a faction?" Xu Ming became more and more puzzled.

"Yes!" He Mo Shengen said solemnly, and there was even some panic in his eyes, "I don't even know if the powerhouses who came out of the Demon Abyss can still be called 'people' or 'people'. life'?"

Can it be called "people"?

Can it be called "life"?

"What does it mean?"

"Xu Ming!" He Mo Sheng did not answer directly, but threw a question, "What do you think, whether it is human or other beings, what is the meaning of living in this world?"

The meaning of life?

In Xu Ming's confusion, there was a trace of embarrassment – he did not expect that the envoy and Mo Sheng would come to him to discuss the "philosophy of life".

However, since I specifically asked about it with the envoy Mo, there must be some deep meaning in it. Therefore, Xu Ming did not speak casually, but thought carefully about "the meaning of living in the world?"

Xu Ming recalled what he had seen and heard since he was weak to the present, and scene after scene passed through his mind at an extremely terrifying speed. There are mortals who are running for a living, there are gods who are struggling to find the way, and there are powerful people who seek the true meaning of the universe...

Either the strong or the ants.

It is good for those who are selfless and those who are selfish.

They all flashed through Xu Ming's mind quickly, and extracted a commonality of all people and all lives.

"For a better life!" Xu Ming thought for a moment before giving his answer, "In order to make his life better, and to make the lives of the people around him better!"

Xu Ming only said one sentence, and there is no further explanation.

What he means by "better" is actually a very broad concept. For mortals, getting more money, brocade clothes and jade food may be "better"; for the powerful, to explore the true meaning of the universe, "It's okay to die after hearing about Taoism" may be "better"...

Xu Ming did not explain, but He Mo had already understood what Xu Ming meant by "better".

He agreed with the Holy Envoy, "Yes! For the better! It's the same from mortals to worldbreakers! But..."

He paused with Sage Mo, and then said in a terrified tone, "But... the strong man who came out of the Demon Abyss is not!"

"Aren't they for 'better'?" Xu Ming was even more puzzled. You must know that his simple words "for the better" already contain the commonality of all life; he wondered if there would be people who live in the world not "for the better"?

Not for the better Then why does it exist? Just commit suicide!

Xu Ming looked at the Holy Envoy He Mo.

“The strong people who came out of the Demon Abyss are really not for better! At least...even if they are for ‘better’, they are by no means ‘better’ that we can understand!” He Mo Shengen said word by word. , “Every strong person in the Demon Abyss, the meaning of their existence in the world is for... death!”

“For death?”

“Yes! For death!” He Mo Sheng said in an incomprehensible tone, “To be precise, it is for more people to die! In order to achieve this goal, they can not break their hands and do whatever it takes! – Even if it is At the cost of their own lives, they will also cause more deaths!”

“Uh...” Xu Ming was a little stunned – even if he died, would more people die?

What kind of idea is this?

As the Holy Envoy He Mo said, the powerhouses of Moyuan, the meaning of their existence in the world is for... death!

Chapter 2255: Dragon Sword

Demon Abyss...

With the introduction of Holy Envoy He Mo, Xu Ming gradually formed a concept for the powerhouse of Mo Yuan.

The creatures in the Demon Abyss should be in opposition to “normal life” – normal life, the meaning of existence is for survival and for the better; while the creatures in the Demon Abyss are for pure destruction and death .

“No one knows how many powerhouses exist in the Demon Abyss!” He Mo Sheng envoy said, “But what is certain is that there must be a ‘Boundary Breaker’ level powerhouse in the Demon Abyss!”

Boundary Breaker! ?

Xu Ming couldn't help being horrified, "This kind of life that exists purely for the sake of death can actually give birth to a world breaker?"

"It's nothing strange! The creatures in the Demon Abyss are born for death, so they grow very fast in the killing!" He explained, "As long as there are enough killings, there will naturally be births. The world is here!"

"Yeah!" Xu Ming nodded slightly, feeling more and more horrified by Mo Yuan. Listening to the meaning of the words of the Holy Envoy He Mo, it seems that... Mo Yuan is more powerful than the Holy Emperor Universe!

"By the way!" Xu Ming asked instead, "Holy Envoy Mo, why are you here?"

"Naturally it's for you!" He Mo said, "At the beginning... when you left the Holy Emperor universe and returned to your home universe, we didn't know that the powerhouses of Moyuan would come in this universe era. But , not long after you left, that is, not long after the twelfth time of this cosmic era opened, the powerhouses of Moyuan came, and they were very aggressive! When the powerhouses of the universe responded and blocked Moyuan At the time of the passage, many Demon Abyss powerhouses have already sneaked into the sea of cosmos..."

Sage He Mo looked at Xu Ming and continued, "You are the most heaven-defying genius ever in the Sage Emperor's universe, and naturally you are also the most heaven-defying genius in the history of the entire cosmos... Since the Demon Abyss has sneaked into the cosmos, I will definitely hear about you soon, and I will definitely make you a target!"

"Uh..." Xu Ming was depressed.

Is it wrong that I am talented?

Just because I am talented, you want to take me as a target?

"For you..." and the envoy He Mo said again, "There is a world-breaker in the Holy Emperor Universe who will deduce at all costs, and finally deduce where the Moyuan powerhouse will attack

you! For this reason, the world-breaker is great Neng was even attacked by the supreme rules! And after I got the news, I hurriedly asked Jihai Palace Master to arrange for a strong person to meet you, and I rushed to Jihai Cosmos myself!”

“Haha!” Jihai Palace Master joked on the side, “Xu Ming, your face is really big! – Let the world breaker deduce it for you at all costs, and the Holy Envoy and Mo will come to my Jihai in person. universe!”

“But now it looks like...” He Mo Shengen said with a smile, “Even if there is no Great Senior Xingli to meet you, with your strength, it seems that it is not difficult to protect yourself, right?”

Xu Ming smiled and shook his head, “I just have some luck, so the defense is relatively strong; however, facing the fifteenth-order powerhouse, I really have no confidence in escaping!”

What Xu Ming said is that there is no “full certainty”; that is to say, there is still “a lot of certainty”.

He Mo Sheng Envoy naturally heard the meaning of Xu Ming’s words.

“Xu Ming!” He Mo Sheng envoy said again, “In addition to coming to meet you this time, I have one more thing, that is, I hope you can enter the magic abyss!”

“Entering Moyuan?” Xu Ming heard so many things about Moyuan with Sage Mo, and naturally guessed that the other party came to him and it would be related to Moyuan. However, Xu Ming was still a little puzzled. After all, he was just a cultivation base of the Supreme Being, and no matter how strong he was, he couldn’t be stronger. If he wanted to send someone into the Demon Abyss, why not let those Great Seniors go?

Among the Great Seniors, if you want to find out who is stronger than Xu Ming, it can be said to be a big one. For example, catching a 16th-order powerhouse at random would not be comparable to Xu Ming at all.

Saint Envoy He Mo saw Xu Ming’s doubts and explained, “In the beginning, the powerhouses of Moyuan were aggressive, and before we could react, a large number of the great masters of Moyuan dived into the sea of cosmos! But immediately, our cosmic sea powerhouses have also reacted, carrying the heavy treasures refined by the world breakers to block the passage between the magic abyss and the cosmic sea!”

“Yes!” Jihai Palace Master also said, “In the entire universe sea, there are now a total of 137 passages connecting Moyuan. These 137 passages are all suppressed by heavy treasures, and only Tian Zhizun is allowed. Enter the cultivation base! The cultivation base of the great master... Whether it is the great master of Moyuan, or the great master of our cosmos sea, you will die if you enter!”

Xu Ming understood.

The powerhouse of the cosmos sea suppressed the Moyuan passage with heavy treasures, making it impossible for the great masters of Moyuan to enter the passage. As long as the great powerhouse of Moyuan cannot enter the sea of cosmos, then naturally there is no threat at all.

However, those Demon Abyss powerhouses who were born for death will definitely not give up so easily. The Moyuan side sent a large number of Heavenly Sovereigns to destroy the heavy treasures in the suppression passage; while the Cosmic Sea side also sent a massive number of Heavenly Sovereigns to guard the heavy treasures in the passage, and even carried more sealed treasures to destroy the Moyuan. The channel seal is more thorough, until the Moyuan channel is completely sealed.

“To deal with a group of Heavenly Supremes?” Xu Ming’s attitude couldn’t help being a little contemptuous.

You must know that even if it is a powerful person at the level of the Great Senior, in front of Xu Ming, few are able to take a beating; to deal with Tian Zhizun... It is modest to say that it is “killing a chicken with a bull’s knife”!

This is simply “killing a chicken with a dragon knife”!

Xu Ming fully believed that entering the Demon Abyss passage to deal with the Heavenly Sovereign would definitely be a big step.

“It’s not that simple!” The Holy Envoy He Mo poured a pot of cold water directly, “Whether it’s the Moyuan side or the Cosmic Sea side, the Heavenly Supreme who can enter the Demon Abyss channel is not easy! Those Heavenly Supreme’s divine bodies, All of them have been transformed by the power of the world breaker, even the weakest ones have reached the level of the ‘Ninth Rank of the Universe Sea’, and there are even tenth rank and eleventh rank...”

“Tenth order? Eleventh order?” Xu Ming was shocked.

If it is the Great Venerable's cultivation base, the strength reaches the tenth and eleventh rank, it is not surprising; however, the Tianzun's cultivation base has reached such strength, it is terrifying!

"Is that asking the world breaker to take action and transform my divine body?" Xu Ming couldn't help but say – he is already a "thirteenth-order" combat power, and he is even more fearless in terms of defense. Rank" strong! If it is transformed by the world breaker, wouldn't it be heaven?

"Heh!" He Mo Shengen shook his head and asked with a smile, "This kind of transformation is at the cost of one's own potential! After the transformation, the potential is lost, and it will never become stronger in the future... Would you like to?"

"Forehead..."

Lost potential?

Then Xu Ming must be unwilling!

He Mo Shengen said again, "Xu Ming, originally, I thought that although your strength is strong, you are only at the level of '11'. Although such strength is not weak, it will not cause subversive effects on Moyuan's battle situation. Influence; but now... your strength is enough to turn the whole battle!"

really!

With Xu Ming's current strength, after throwing it into the Demon Abyss passage, he is a completely invincible existence! It is even possible to completely seal off the 137 Demon Abyss passages and completely relieve the crisis faced by the cosmos sea.

"Xu Ming!" At this time, the owner of the Jihai Palace said sternly, "This battle between the Cosmic Sea and the Moyuan is by no means a child's play! We, the Cosmic Sea, can only win, not lose! If we lose...it will be endless. The demonic powerhouses representing death pour into the universe sea, and at that time, the universe sea will be extinct! The endless universe in the universe sea, whether it is a nascent universe, a reincarnation universe, a transcendent universe, an eternal universe, or even a holy universe. The Emperor Universe will usher in destruction! At that time, the Universe Sea will usher in a complete collapse!"

Xu Ming was startled – so serious?

“This is not a joke!” He Mo Shengen also said sternly, “There are no eggs under the nest! If that scene really happened, no one can be alone! You, me, and all your relatives and friends, no one can hide. Over this calamity!”

Yes!

This is a catastrophe!

The catastrophe of the entire cosmic sea!

Chapter 2256: Weapon Of War

Extreme Sea Demon Abyss.

Just near the polar sea universe.

In the dark and endless void of the cosmos sea, the darker Jihai Demon Abyss is like a demon’s eye comparable to the size of a transcendent universe, making people tremble.

Xu Ming entered Jihai Moyuan alone – this is the forbidden area of the Great Senior. Neither Saint Envoy He Mo nor the Lord of Jihai Palace could step into this place.

Demon Abyss?

Cosmic sea catastrophe?

In fact, Xu Ming had never heard of this before, and he didn’t want to care about it. But... just as the envoy He Mo said, there are no eggs under the overturned nest. If the Jihai Moyuan falls, then the dozens of eternal universes around the Jihai universe will usher in death. and destruction!

That is not a simple destruction!

By the time...

The nascent universe will be destroyed!

The reincarnation-level universe will be shattered!

The detachment-level universe and the eternal-level universe will also be destroyed!

And Xu Ming's home universe is within the jurisdiction of the Jihai universe; if it ushered in destruction, it will definitely bear the brunt.

Although Xu Ming has taken control of his hometown universe, he is really powerless to protect his hometown universe in the face of this cosmic sea catastrophe. Therefore, Xu Ming had no choice but to enter Moyuan and prevent the fall of Jihai Moyuan.

"With my strength, this battle should be easy!" Xu Ming secretly said.

You must know that even a powerhouse whose own strength reaches the "fifteenth order of the universe sea" can hardly hurt Xu Ming; not to mention, those who can enter the extreme sea of magic abyss, whether it is the enemy or the other, can only be Tian Zhizun Xiu. Because, the highest estimate of strength is around the "Eleventh Rank of the Universe Sea".

For Xu Ming, in this battle, he is completely the king who came to the bronze game!

"However...according to what Saint He Mo said, after I entered the Moyuan barracks, it would be safe to get the weapons of war as soon as possible!"

Weapons of war are treasures specially refined for Heavenly Sovereign by the great power of the world breaker! One can imagine how powerful this weapon is!

"Many of the Heavenly Sovereigns who entered the Demon Abyss were transformed by the power of the world breaker, and then equipped with war weapons... The strength can be comparable to the general Great Sovereign in the universe!" Xu Ming secretly said, "But even so, according to the meaning of Holy Envoy Hemo, the battle situation of the 137 Demon Abyss is not optimistic, and the cosmic sea side is in a difficult situation; if there is no accident, the fall of the Demon Abyss is only a matter of time!"

Now, of course, something unexpected happened!

Xu Ming, it was this accident that turned the situation around!

“The suppression of time and space in this place is too strong!” The deeper he entered the Demon Abyss, the more Xu Ming felt the power of the suppression of time and space.

Jihai Moyuan was originally as huge as a detached universe; now the time and space are suppressed and powerful, even Xu Ming felt a little inconvenience in this action.

However, according to the route provided by Jihai Palace Master, Xu Ming soon found the military camp of the Cosmic Sea side.

“Several days supreme!”

Heavenly Supreme... It is really worthless in the sea of cosmos.

You must know that in any reincarnation-level universe, there will be many Heavenly Supremes, let alone a transcendent-level universe and an eternal-level universe.

For many Heavenly Sovereigns, their talents are limited, and they have no hope of entering the realm of the Great Venerable; and entering the Demon Abyss is undoubtedly a great opportunity for them – after all, the Heavenly Sovereign, who has been transformed by the great power of the world breaker, is the most powerful. Weakness is the strength of the “Ninth Rank of the Universe Sea”; this is not considered very weak among the Great Senior!

Xu Ming looked at the Heavenly Supremes who were in front of him.

These days, the Supreme Being has a special totem tattooed on his body – this is the trace of the transformation of the world breakers.

“Most of them are first-level totems, and few of them have seen second-level totems!” Xu Ming observed for a while and secretly said.

A heavy totem means that it has the strength of the “ninth order” of the universe sea.

The double totem means that it has the strength of the “tenth order” of the universe sea.

However, not everyone can have a double totem. After all, the ordinary Heavenly Sovereign cannot bear the power of the double totem at all; those who can have the double totem were originally strong in the Heavenly Sovereign.

“Huh? Why don’t you have a totem on your body?” Soon, Tian Zhizun near Xu Ming noticed that Xu Ming was different.

“Heh! Which genius of the Holy Land, went to the Demon Abyss passage to experience it?” A voice laughed contemptuously.

“This Demon Abyss is not the place for you delicate geniuses to come!”

“It’s better to go back as soon as possible! You geniuses, it’s not worth dying here!”

Obviously, these voices were all for Xu Ming.

Xu Ming just smiled.

In fact, there is nothing wrong with what the Sovereign said around these days. Even, although their words are ugly, they are actually kind to a certain extent – this Demon Abyss passage is indeed not meant for delicate geniuses.

The geniuses of the Holy Land from all sides, although they are the best among the Heavenly Sovereign, can match the Great Venerable realm with the cultivation of the Heavenly Sovereign; some powerful geniuses have even reached the ninth and tenth rank of the universe sea, and they are still alive. With many trump cards and killer moves. However... these geniuses really have no advantage when they come to the Demon Abyss passage.

After all, the “Tattoo Heaven Supreme” who entered the Moyuan channel has the weakest strength of the ninth-order cosmic sea, and their combat experience is richer than that of geniuses.

The battle in the Demon Abyss Passage...Any battle, but thousands of Heavenly Sovereigns have fallen; there are not one out of ten who can walk out of the Demon Abyss Passage alive. And the delicate geniuses, entering this meat grinder, are indeed very easy to fall!

but...

Xu Ming is not a delicate genius! But the king came to the Bronze Bureau!

“Why, why are you laughing? Are you dissatisfied?” In front of Xu Ming a burly totem Heaven Supreme with bull horns, saw Xu Ming smiling, and asked angrily, “Do you want me to help you practice with Niu Tengtian Supreme?”

Niu Tengtian Supreme, in fact, is just an ordinary “first-layer totem” Tian Supreme, and his strength is also very mediocre. However, he had just been transformed from the level of Heavenly Sovereign to the “Ninth Rank of the Universe Sea” by the World Breaker, and his mentality would inevitably be a little inflated; seeing Xu Ming as a “delicate genius”, he couldn’t help but want to help Xu Ming to practice, teach him to be a man.

“No need!” Xu Ming said indifferently – a totem like this one, to Xu Ming, is as weak as an ant, and can kill a large area with one foot. Now there was an ant waving its tentacles in front of him and wanted to challenge him, Xu Ming naturally disdain to respond, and even more disdain to prove anything.

“Ha!” Supreme Niu Tengtian thought that Xu Ming was afraid, and couldn’t help sneering more and more arrogantly, “How dare you come to the Demon Abyss passage with this little courage? I advise you to go home as soon as possible!”

Seeing that Xu Ming didn’t pay much attention to them, a group of “Tattoo Heaven Supreme” didn’t bother to continue to hold Xu Ming and say anything.

Soon, Xu Ming and others lined up at the gate of the barracks. Here, there are obviously more Heavenly Sovereigns of the double totems, and even some triple totems of Heavenly Sovereigns are seen; and the weapons of war are also collected here.

Chapter 2257: Lengtouqing

The weapon of war is actually a battle armor at the level of a world-breaking soldier.

Moreover, because these battle armors are specially refined for the Heavenly Sovereign, the power that can be exerted in the hands of the Heavenly Sovereign is also particularly powerful!

“Soldier Armor, General Armor, King Armor, Emperor Armor, God Armor!”

Here are five levels of weapons of war.

“The armor is not worth mentioning! As long as the Heavenly Sovereign enters the Demon Abyss passage, he can receive a armor! And the improvement of the strength of the armor is very limited, and it can only improve the strength of the first rank!” Xu Ming dark road.

Entering the Demon Abyss passage, generally the weakest is the “first-level totem” Heavenly Sovereign with the strength of the ninth order of the universe; if they put on the armor, it is equivalent to having the strength of the tenth order of the universe.

However, even the tenth-order strength is only cannon fodder in the Demon Abyss passage.

“General armor is much more precious, and not everyone can refine general armor! If you want to refine general armor, your own strength must reach the tenth order of the universe sea, that is, the heavenly supreme of the double totem. Refining! Just this requirement, it is destined that most of the Heavenly Sovereigns who enter the Moyuan channel can only wear armor!” Xu Ming thought again, “But even so, the supply of general armor is still in short supply, and many two Heavy Totem Heaven Supreme can only be equipped with armor!”

General armor, you can improve the strength of the second order!

Naturally, the refining conditions for Jiang Jia are much more difficult!

Although the double totem sky supreme is rare, there are fewer generals! Whoever wears general armor and whoever wears military armor can only \*\*\*\*\* them with strength when they first enter the military camp!

Similarly, king armor is also in short supply! Because the number of king armors is less than the number of triple totem heavenly supreme!

And Xu Ming, since he entered the Moyuan passage to receive weapons of war, it is naturally impossible to receive “armor”.

...

Xu Ming followed the team forward.

The Supreme Niu Tengtian in front of Xu Ming has honestly taken away the armor – after all, he is only a very ordinary Totem Heaven Supreme, even if he is given general armor and king armor, he can’t refine it.

Next, it was Xu Ming’s turn.

“Armor?” Xu Ming walked over from the place where the armor was issued without looking at it.

“Huh?” Supreme Niu Tengtian couldn’t help but look at Xu Ming suspiciously, “Don’t you take weapons of war?”

Immediately, Supreme Niu Tengtian discovered that Xu Ming was walking towards the distribution area of General Armor and King Armor!

“You... want to lead the armor?” Supreme Niu Tengtian was stunned for a moment, and then he seemed to have seen something extremely funny, and laughed, “I said you should come back honestly to get the armor! The armor, Even if you get it, you can’t wear it, because at least the tenth-order strength of the universe sea can be refined!”

In the opinion of Supreme Niu Tengtian, a genius who has not been transformed into a divine body by the Boundary Breaker, can reach the ninth-order strength of the Universe Sea, which is already a heaven-defying talent! As for the tenth...

“Oh! If he can have the strength of the tenth rank, wouldn’t I live on a dog in my life?” Supreme Niu Tengtian looked at Xu Ming and thought to himself.

However, Xu Ming did not stop because of Niu Tengtian’s persuasion, but continued to walk towards the Jiangjia area.

“You really don’t listen to me!” Niu Tengtian said angrily. However, Supreme Niu Tengtian also thought of it, since Xu Ming dared to go forward, I am afraid he really has the strength of the tenth rank of the universe sea, “I said... even if you really have the strength of the tenth rank of the universe sea, still be obedient. Come back to wear the armor! Which of the Heavenly Supremes waiting to receive the general armor over there is not a double totem? Which is not the tenth-order strength of the universe? – You are the super genius of the universe. In other places, others will let you You will give you all the treasure resources first! But in the Demon Abyss passage, no one will let you!”

Entering the Demon Abyss passage means nine deaths!

Like those dual totem heavenly supremes, why do they compete for the generals one by one? It’s not because... With the general armor, their strength can be stronger, and the possibility of leaving the Demon Abyss channel alive is also higher!

At this time, let them give up General A to a genius from the sea of cosmos?

how is this possible!

How to let?

Take your life to let it go?

Therefore, as Niu Tengtian Supreme said, in the Demon Abyss passage, no one will let any so-called genius!

Moreover, in the opinion of Niu Tengtian Supreme, even if Xu Ming’s talent is against the sky, even if he really reaches the tenth-order strength of the universe sea, how can he be the opponent of the second-level Totem Heaven Supreme? – These dual totems are not only rich in combat experience, but also the key is not to be afraid of death! For Jiang Jia, they can take their lives to take it! And Xu Ming, a genius, competed with these “desperate” for the general armor, how could he have a chance of winning?

Anyway, in the opinion of Supreme Niu Tengtian, Xu Ming has no chance of winning! Maybe, they will be humiliated by those double totem heavenly supremes first, and then kicked back.

At this time, those two-level Totem Heavenly Sovereigns also obviously found that Xu Ming was walking in their direction.

“Oh? Another one who wants to win the general armor?”

“His divine body has not been transformed by the world breaker! Hehe! He is still a genius!”

“What kind of genius? I don’t know how high the sky is! – This little doll, thinking that he has some talent, dares to come to the tiger’s mouth to grab food!”

Before Xu Ming reached the area where he received the general armor, there were already several double totem heavenly Supremes yelling at him from a distance, “Hey! Boy! This is not where you should come, hurry up, go back!”

“That’s right! Go back as soon as possible! Don’t accidentally hurt your delicate skin and tender meat when you are fighting for the general armor, it will be bad!”

Xu Ming didn’t say a word and continued to move forward.

Naturally, Xu Ming would not take the threats and provocations of these ants into his eyes at all – with Xu Ming’s current strength and realm, he really disdains to have the same knowledge as a group of ants. If at any time, Xu Ming wanted “general knowledge”, he would just lift his foot and step on it and it would be a piece.

“Oh! It’s a stunned young man!” A small and falcon-like double totem Heavenly Supreme took a few steps forward, “You all get out of the way, and let me ‘You Jintian Supreme’ teach this. Lengtouqing how to be a man!”

You Jintian said and licked the corner of his mouth fiercely, as if he was about to taste something delicious.

However...

Just when everyone thought that Xu Ming would walk into the general armor collection area, Xu Ming just passed by.

“Huh?” Everyone was stunned.

“what’s the situation?”

“Didn’t he go to get the general armor?”

But immediately, everyone reacted – they saw that Xu Ming was heading towards the receiving area of Wang Jia.

“This stunned young man is going to collect the king’s armor?”

All the Heavenly Sovereigns were stunned for a moment, and then the barracks burst into laughter.

“Hahahahaha...”

“Isn’t this kidding me? He wants a king armor?”

Chapter 2258: God Armor

King Armor!

This is a weapon of war that the top masters of the triple totem have fought for their heads!

Even if you look at the entire cosmos sea, there are 137 Demon Abyss passages, and you have hardly heard of any genius who can refine the King Armor!

King Armor, this is only the Three Totem Heavenly Sovereign is eligible to compete – this is also the consensus of everyone!

Now, everyone laughed when they saw Xu Ming, a genius who didn’t know the heights of the sky, actually walking towards the receiving area of Wang Jia.

“It’s really ignorant! He thought he had refined to the king’s armor?”

“Although these geniuses have not undergone the transformation of the divine body, the soul and the divine body are more compatible, and the difficulty of refining war weapons is lower; however, if you want to refine the king armor, you must at least have a tenth-order cosmic sea. Strength! – Just relying on him, can you have the strength of the tenth order?”

“Haha! Don’t say that he doesn’t have the strength of the tenth rank, even if he does, he can’t touch the king armor! – Those triple totem heavenly supremes, one by one, are still fighting for a king armor, how could it be possible for him If you meet the king armor! If you can’t touch it, how can you talk about refining?”

“Haha! Also!”

“However, I really hope to see the scene where he fails to refine the king armor!”

...

King armor receiving area.

Those three Totem Heavenly Supremes, who were already fighting for a set of king armor, naturally don’t want to have another person to dye the king armor – even if this genius named “Xu Ming” is almost impossible Those who refine the king armor, they are not willing to take the risk to watch jokes!

After all... just in case! If Wang Jia was refined by Xu Ming, then they would cry without tears!

Therefore, when Xu Ming approached the king’s armor receiving area, a master of the triple totem shouted: “If you dare to walk into the king’s armor receiving area, I will let you know what it feels like to be stepped on by someone!”

Shenxingtian Supreme narrowed his eyes slightly—he was ready! As long as Xu Ming dared to walk in, he would step on Xu Ming’s face and teach Xu Ming to be a man.

but...

Xu Ming just passed by the Wangjia receiving area, but did not go in.

“Ha! I knew you didn’t dare to come in!” The Supreme Being couldn’t help laughing.

“This kid, what are you doing running around? Isn’t it bad to lead the troops honestly?” The previous Supreme Venerable You Jintian also laughed.

“These geniuses are trouble! If you are not strong, you have to go to the Demon Abyss to experience it; killing the enemy is not necessarily so powerful, but everyone has a mastery in grandstanding!”

Xu Ming’s behavior was naturally characterized as “grandfather”.

Xu Ming ignored the ignorant voices of the ants.

He walked directly through the “Emperor Armor Collection Area” and walked towards the “Shen Armor Collection Area”.

The weapon of war that Xu Ming wants to choose will not be soldier armor, general armor, king armor, or emperor armor; As for whether it can be refined... Xu Ming has never considered this issue!

Because no need to think about it!

There are many Heavenly Supremes competing for General Armor and King Armor; on the contrary, Emperor Armor and Divine Armor are not contested.

After all, even the Triple Totem Heavenly Sovereign cannot refine the Emperor Armor! As for the geniuses who entered the Demon Abyss passage, there are only a handful of people who can refine the King Armor, let alone the Emperor Armor!

The number of emperor armor and \*\*\*\*\* armor is actually far less than that of general armor and king armor; however, because no one can refine them, no one wants these two weapons of war at

all. The Emperor Armor and Divine Armor in each Demon Abyss passage are almost equivalent to decorations.

At this time, Xu Ming walked towards the only divine armor that was used as a decoration.

“What is he doing?”

“He is... a delusional attempt to refine the divine armor?”

“Is this going to laugh at me? – To refine the divine armor, one’s own strength must at least reach the peak of the twelfth tier, or even the thirteenth tier! A; This stunned blue that appeared out of nowhere, went straight to the \*\*\*\* armor as soon as it came up?”

“Before he entered the Demon Abyss passage, did no one popularize common sense with him? Even if no one has popularized him, he should have some brains himself, right? – There are so many treasures here that the three-level totem heavenly supreme has not touched. , would he have the strength to covet?”

“Wait for the joke! Maybe, if he dared to pick up the divine armor, he would be directly crushed by the coercion of the divine armor!”

“Haha! It is indeed very possible!”

All eyes turned to Xu Ming, waiting to see his joke.

Ignoring the gaze of a group of ants, Xu Ming directly grabbed the divine armor with one hand.

“How dare you grab it with one hand?”

“Don’t he know that the divine armor is also spiritual! If you don’t treat the divine armor with respect, it will be more difficult to refine it! – If you grab the divine armor with one hand, you might be directly injured by the divine armor! ”

The eyes of the ants became more and more playful, as if they had settled on Xu Ming’s joke.

Bang!

When Xu Ming touched the divine armor with one hand, the divine armor shook, as if it was resisting. However... the surrounding Supreme People thought that Xu Ming would be knocked down by the pressure of the divine armor, or even injured, but it did not happen.

I saw Xu Ming's palm grabbing slightly hard, and the divine armor that was shaking and resisting was instantly quiet.

Immediately afterwards, Xu Ming's divine power rushed straight into the divine armor. Without hindrance, the divine armor directly accepted Xu Ming's divine power; after a few breaths, the refining was completed.

at this time...

The surrounding Heavenly Sovereigns were not shocked, but were a little confused.

“Forehead?”

“What about the coercion of the \*\*\*\* armor? Why didn't you put him down?”

“What's the situation? The armor seems to be accepting his divine power?”

“That what... he seems to have successfully refined the divine armor?”

All the Heavenly Supremes looked at each other in dismay, unable to believe their own eyes.

Is this refined?

No one has ever been able to refine the divine armor, and it was refined so easily?

Some people even doubted – is it that the king's armor and the emperor's armor are more difficult to refine? Divine Armor is easier to refine?

Or... is this \*\*\*\* armor a fake?

Just when everyone suspected whether the armor in Xu Ming's hands was a fake Xu Ming had already put on the armor.

You must know... In the entire cosmos sea, countless world breakers have joined forces, and they have only refined one hundred and thirty-seven sets of divine armor; each Demon Abyss channel has only one set of divine armor. It can be seen how difficult and expensive it is to refine the armor!

A piece of divine armor is even more precious than a top-grade world-breaking divine weapon!

“So, how powerful is the divine armor?” Thinking of this, Xu Ming directly urged the divine power to feel the power of the divine armor.

call out-

Xu Ming's divine power poured into the divine armor frantically, activating the inscriptions engraved in the divine armor by the World Breaker.

The power of the thirteenth order of the universe sea is pouring in continuously...

boom! !

Without warning, the power of Divine Armor broke out directly, sweeping the entire military camp.

## Chapter 2259 Two Roads

Without warning, the power of Divine Armor broke out directly, sweeping the entire military camp.

boom!

The first to bear the brunt, the Heavenly Supremes in the War Weapons Collection Area, whether it is the first-level Totem Heavenly Supreme, the second-level Totem Heavenly Supreme, or even the

third-level Totem Heavenly Supreme... At the moment when the coercive impact of the divine armor arrived, everyone felt that, It was as if the whole world was rolling over them!

In the weapon collection area, the Heavenly Supremes who were still mocking Xu Ming a moment ago, all fell to their knees the next moment, and not a single one fell.

“us...”

These days, the Supreme was suddenly overwhelmed by the coercion of the divine armor, and his eyes were full of humiliation and shock. They also want to stand up and regain their dignity, but under this terrible pressure, let alone stand up, they can't even raise their heads!

With Xu Ming as the center, all the Heavenly Sovereigns in the War Weapons Collection Area kneeled respectfully and supported them with their hands on the ground.

not only that-

The entire military camp on the Cosmic Sea side felt the coming of this unparalleled coercion.

“This is...?”

“What aura!?”

“Could it be that there are sixteenth-order powerhouses entering the Demon Abyss passage?”

“This is impossible! In the Demon Abyss passage, there are world breakers who have joined forces to set a seal, which does not allow the Great Senior level to enter it! Not to mention the sixteenth-order powerhouse!”

“But if it wasn't for the Great Senior, how could there be such a tyrannical power?”

Everyone was terrified and terrified!

Surprisingly, such a terrifying aura appeared in the Demon Abyss passage! This is enough momentum to sweep the entire Demon Abyss passageway!

The fear is that the master who exudes this momentum does not know whether it is an enemy or a friend.

call out! call out! call out! call out! ...

Inside the barracks, countless figures rose into the sky, flying towards the source of the terrifying aura, wanting to find out. However, when these figures rushed into the war weapon receiving area, even the strongest triple totem Heavenly Sovereign wearing the king armor couldn't bear the pressure of the \*\*\*\* armor and fell to the ground.

...

"This...is the power of the divine armor?" Even Xu Ming himself couldn't help but be shocked.

You must know that in the sea of cosmos, without using the power source stone, the strength can be divided into "sixteen levels".

In the first 15 ranks, the strength gap between each rank is big or not big, not too big or not, mainly because of the difference in strength; What's even bigger is the gap at the realm level!

Sixteenth-order powerhouses, even if they do not use the power source stone, can easily suppress fifteenth-order powerhouses who use the best power source stone! – This is because of the huge gap in the realm level!

Now, when Xu Ming puts on the divine armor, his realm has not improved in the slightest – when he did not have the divine armor, he was in the "thirteenth-order" realm; when he put on the divine armor, he was still in the thirteenth-order realm!

However, after wearing the divine armor, Xu Ming felt an exaggerated increase in strength! How exaggerated? To put it simply... even with Xu Ming's current "thirteenth-order" realm and strength, after putting on the divine armor, he can challenge and even suppress the real sixteenth-order powerhouse!

In terms of realm, Xu Ming is indeed very far from the sixteenth-order powerhouse; however, the improvement in the power level brought by the armor has already allowed Xu Ming to “break the law with force”!

Putting on the armor, Xu Ming is no different from a real 16th-order powerhouse, maybe even a little bit stronger! Under the world breaker, with a piece of divine armor, Xu Ming is invincible!

Yes!

Invincible!

Even if you look at the level of the Great Senior, you can use it to describe it as “invincible”! Not to mention, in the Demon Abyss passage, there is no real Great Venerable here, only those Heavenly Supreme Beings who have been transformed by the World Breaker!

Xu Ming is here, completely crushing everything.

“No wonder... and Saint Mo told me that after entering the Demon Abyss passage, you must get the weapons of war as soon as possible!” Xu Ming secretly said.

Of course, the Holy Envoy He Mo knew that with Xu Ming’s strength, he must have come directly to get the armor.

“This divine armor is really too strong!” Xu Ming secretly sighed. Before obtaining the divine armor, Xu Ming could only run away when he encountered a 15th-tier powerhouse, and he might not be able to run away; however, with this divine armor, Xu Ming was at the top of the Great Senior tier. .

Today, this Demon Abyss passage is really a “resort area” for Xu Ming.

“Since it’s here, let me completely suppress this Demon Abyss passage!” Let Xu Ming use his “sixteenth-order” strength to deal with a group of Heavenly Sovereigns, even if this group of Heavenly Sovereigns are very unusual, even if the number It is extremely large and naturally easy to handle.

At this time, Xu Ming had completely put away the coercion of the divine armor.

The countless Heavenly Supremes who were kneeling on the ground also stood up one after another and looked at Xu Ming in awe.

“He really refined Divine Armor!?”

“Is this the power of Divine Armor?”

After feeling the power of the divine armor, no one has tried to challenge Xu Ming!

challenge?

How to challenge? – People don’t need to take action, just let out a little momentum, you can press you to kneel on the ground!

“I seemed to call him Lengtouqing just now, and I have to teach him how to be a man...” You Jintian Supreme, the second-level totem, had an exceptionally wonderful expression.

“I seem to say that I want to step on him...” The God of Heavenly Sovereign of the triple totem also had a faintly sad expression.

There are many other Heavenly Sovereigns who have ridiculed Xu Ming before; now seeing Xu Ming wearing divine armor, he is incomparably powerful, and all of them have wonderful expressions. That’s all worthless.

However, Xu Ming didn’t care about anything with these ants.

Xu Ming said lightly: “Where are the enemies in the Demon Abyss passage? Who will take me there?”

“I!”

“I!”

“I come!”

The strong man of the armor will make a move, and it must be destroyed! This kind of good opportunity to gain military exploits, all of them are naturally very active, and they all want to lead the way for Xu Ming.

...

The deepest depths of the universe.

A place of exile in endless darkness.

Countless tyrannical and unbelievable wills, UU reading [www.uukanshu.com](http://www.uukanshu.com) is colliding violently.

Even Xu Ming, who is now wearing divine armor, is not as good as one ten thousandth of these tyrannical wills.

“It’s over!”

“Cosmic Sea is over!”

“None of us thought that the dimensional collapse of the cosmic sea was so serious! I’m afraid, in this cosmic era...”

“Now, even if he can find ‘eternity’, he will be helpless!”

“Yes! No one can stop this! Now, there are only two paths left in front of us!”

“Yes! Two ways...”

These countless tyrannical and unbelievable wills were suddenly silent.

These two paths are not the paths they want to choose; however, they have to choose.

## Chapter 2260: Xu Ming

This magic abyss passage near the extreme sea universe.

Because of Xu Ming's appearance, the military camp on the Cosmic Sea was completely boiling.

“Walk!”

“Kill! Kill! Kill!”

“Follow Xu Ming's boss and go to pick up the merits!”

“If you don't fight at this time, when will you wait?”

...

Inside the barracks, countless Heavenly Sovereigns were roaring, planning to follow Xu Ming's footsteps to gain military exploits. New 81 Chinese website updates the fastest mobile terminal: <https://>

You must know... in the Demon Abyss passage, the Heavenly Sovereign on the Cosmic Sea side is actually far less than the Heavenly Sovereign on the Demon Abyss side. Therefore, on the Cosmic Sea side, they are more cautious every time they go to battle, and they often slip away with one shot, so as not to be besieged and killed by the powerhouses of Moyuan. Like now, the Heavenly Sovereign of the entire army barracks screamed and followed Xu Ming on the expedition, which was really something that had never happened before.

Wearing divine armor, Xu Ming walked in the barracks, and he had already become the leader of the entire barracks.

“What exactly is going on in this war in the Demon Abyss passage?” Xu Ming couldn't help but ask the Supreme Being around him.

Shenxingtian Supreme is the triple totem heavenly Supreme who questioned Xu Ming's strength before, but it doesn't matter – when he discovered Xu Ming's strength, he was immediately flattered and fierce as a tiger, so now, he can stand as he wishes. Beside Xu Ming, he became Xu Ming's most loyal dogleg.

And Xu Ming, after all, is the first time to enter the sea of cosmos, so it can be said that he knows nothing about the situation in the sea of cosmos. It stands to reason that an “ignorant” Tian Zhizun like Xu Ming should not appear in the Demon Abyss passage; however, Xu Ming is here!

Now, Xu Ming had doubts, so he naturally wanted to ask. After all, he only knows that this Demon Abyss channel seems to be related to the survival of the entire cosmos sea; but the specific situation is really not very clear.

“The Demon Abyss Channel is a channel that suddenly appeared in the cosmos sea and can be connected to the Demon Abyss! As for why the Demon Abyss Channel appeared, I am afraid that only the great world breakers will know it!” Shenxingtian Supreme quickly introduced. , “When the Demon Abyss passage just appeared, because it was not stable enough, the great masters of Demon Abyss could not flood into the cosmos sea on a large scale; even those who rushed through the Demon Abyss passage and entered the cosmos sea for the first time were all There won't be sixteen-level powerhouses!”

The Demon Abyss passage is in the territory of the universe sea.

The great masters of the sea of cosmos naturally occupy the “home field advantage”.

Shenxingtian Supreme continued: “And soon after the Demon Abyss channel appears, it will be detected by the powers of the Universe Sea! We, the Cosmic Sea side, will be the first to discover the Demon Abyss channel. Seal it! In this way, even if the Moyuan passage becomes more stable later, the great masters of Moyuan will never dare to rush into the sea of the universe easily! – If the big master dares to enter the Moyuan passage, no matter which side of the enemy or the great master is There is no doubt about death! Only the Supreme Beings can enter the Demon Abyss passage!”

“The Heavenly Sovereigns of Moyuan want to break the repression in the Devil's Abyss passage; and our Heavenly Sovereigns on the side of the Cosmos Sea have to guard the Devil's Abyss passage!”

Hearing this, Xu Ming couldn't help but be a little puzzled: "Then why don't you seal the Demon Abyss passage more thoroughly? Let's just let Tian Zhizun, or even ordinary Zhizun, not be able to enter!"

"The great power of our cosmic sea is sealed, and the great power of Moyuan over there will naturally have a way to shake the seal! – I heard that there are other magic abyss passages, and the seals are so thorough that even an ant will never want to climb in! But to the back, all I was shaken to the extent that I could only prevent the Great Senior from entering!"

"Oh!" Xu Ming nodded, "Then what do I need to do now?"

"Defeat the army of Demon Abyss, and let us Cosmic Sea have a greater advantage in the Demon Abyss Channel! As for completely blocking the Demon Abyss Channel, that's impossible... We can only defeat the enemy forces in the Demon Abyss Channel again and again, until this As soon as the cosmos era ends, the Demon Abyss channel will naturally disappear! The crisis in the cosmos sea will naturally be temporarily lifted!"

"Understood!" Xu Ming understood.

To put it bluntly, as soon as you see the powerhouse of Moyuan, you can kill it with destructive force! Xu Ming didn't care why he wanted to kill, let alone what to do after the killing – after the killing, there would naturally be the powerhouses from the sea of cosmos occupying the position and setting up more stable fortifications.

"After you leave the barracks, you can follow me far behind!" Xu Ming said to all the Heavenly Sovereigns in the barracks.

For Xu Ming, the battle that follows is actually unknown! However, Xu Ming has absolute confidence.

Sixteen levels... This is an absolute qualitative change!

Just like before, when Xing Li was dealing with the powerhouses of the fourteenth and fifteenth orders, Xu Ming did not even feel that Xingzhi had made a move, and the fourteenth, or even fifteenth order powerhouses, even Can't move!

Xu Ming is now going to slaughter the Heavenly Supremes of Moyuan, which is almost the same situation.

Although the number of Demon Abyss powerhouses is huge, it is much larger than the number of Cosmic Sea! However, no amount of “quantitative change” can bridge the gap of “qualitative change”! – The sixteenth order, in the Demon Abyss passage, is absolutely invincible!

What’s more, Xu Ming is still in the 16th rank of “breaking the law with force”, even stronger than the ordinary 16th rank powerhouse!

Just as Xu Ming said, let the people like Heavenly Supreme follow from afar and clean the battlefield! Slaughter, Xu Ming alone is enough!

...

In the Demon Abyss passage from time to time there are strong teams and small teams returning to the barracks.

These powerhouses who just came back from outside naturally didn’t know what happened in the barracks before; when they saw that the entire barracks was almost uprooted and walked out, they all looked at it with a confused look.

“what’s the situation?”

“Is this going to be a decisive battle with Mo Yuan?”

“Decisive battle? Isn’t it? Our cosmic sea side seems to be at a disadvantage now, right? If we have a decisive battle, isn’t that courting death?”

The powerhouses who returned were all puzzled.

However, after they listened to the friends in the military camp, they all stared at Xu Ming with bright eyes.

“Is this the big boss Xu Ming?”

“The strength of the sixteenth tier? Isn’t that sweeping the entire Demon Abyss passage?”

“That’s right! What he wears is indeed divine armor! If he can refine divine armor, he can definitely reach the sixteenth tier!”

Therefore, these powerhouses who have just returned are also in the army behind Xu Ming – this is to gain military exploits, of course to go!

Even, many powerhouses feel that with Xu Ming, a “sixteenth-order” powerhouse in charge, then the battle in the Moyuan passage will be easier in the future, and there is no need to fight hard with the powerhouses of Moyuan! – Of course, the premise is that Xu Ming will always stay at the level of Heavenly Sovereign and not break through, so that the battle in the Demon Abyss passage can be easy all the time! If Xu Ming breaks through to become the Great Venerable, then sooner or later the Moyuan Passage will return to a deadlocked battle situation.
