

A World 2261

Chapter 2261: 1 Ray Of Hope

Inside the Demon Abyss passage.

The Heavenly Sovereign on the Cosmic Sea side, I don't know how many billions!

And the Heavenly Sovereign on the Moyuan side is much more!

If Xu Ming wants to reverse the disadvantage of the Cosmic Sea side, what he needs to face is the battle power of hundreds of millions of "tenth-order" and above!

If it wasn't for Xu Ming wearing divine armor, his strength had already reached the "sixteenth rank", and he was already fundamentally different from the powerhouses below the sixteenth rank, then this kind of battle would definitely be unimaginable.

...

Inside the Demon Abyss passage.

Somewhere on the Demon Abyss side.

In this stronghold, there are millions of Demon Abyss Heavenly Sovereigns stationed. In a meat grinder like Moyuan Passage, it can be regarded as a relatively large base.

"Keep your distance!" Xu Ming said to the millions of Heavenly Sovereigns who followed behind him, "I went to sweep this stronghold first! When the battle is over, you will come back to sweep the battlefield!"

So arrogant!

This is a common thought in everyone's mind.

With one's own power, sweeping the army of one million – how arrogant! ?

However, no one was dissatisfied! I have to say that Xu Ming really has the qualifications to be arrogant!

call out-

Under the onlookers of millions of “followers”, Xu Ming turned into a streamer and went straight to this stronghold on the Moyuan side.

The powerhouses on the Moyuan side were dumbfounded – what's the situation? Millions of troops were motionless behind, and only one strong man came over? Is this a death sentence?

But right away, the powerhouses on the Moyuan side knew they were wrong!

boom!

When Xu Ming rushed into the stronghold, a tyrannical aura instantly enveloped the entire stronghold and controlled the time and space of this stronghold! The army of millions of demons is even difficult to move!

This!

It is the crushing from the sixteenth-order powerhouse!

The army of millions of demons couldn't even move, let alone resist or escape!

Xu Ming brandished his spear, stirring up time and space with his destructive offensive. In just a few moments, the army of millions of Demon Abyss was completely slaughtered!

The powerhouse of Moyuan was born to die! Xu Ming slaughtered them, which can be said to help them realize the “meaning of life”; therefore, Xu Ming slaughtered without any pressure!

“hiss-”

“too strong!”

“Invincible!”

“On the Moyuan side, no matter how many strong people there are, it is not enough to slaughter like this!”

Before seeing Xu Ming’s shot, everyone still didn’t have an intuitive concept of Xu Ming, the “God Armor Powerhouse”! Now, seeing Xu Ming slaughtering millions of powerhouses in the blink of an eye, the powerhouses in the sea of cosmos, it is only then that he truly feels how terrifying Xu Ming is!

This is a truly invincible powerhouse!

The value of Xu Ming is even higher than that of the world breakers! – After all, no matter how powerful the world breakers are, they can’t stop the invasion of Moyuan; and Xu Ming, you can!

“Next stop!” Xu Ming shouted loudly.

A small number of people stayed behind to clean the battlefield, while the others followed Xu Ming to Moyuan’s next stronghold.

boom!

boom!

boom!

The strongholds of the Moyuan side were removed by Xu Ming one by one.

Xu Ming is absolutely invincible, sparks and lightning all the way! On the Moyuan side, no one could stop Xu Ming’s killing.

Even, even those super strongholds with over 100 million powerhouses have no resistance at all under Xu Ming's crushing!

No matter how many powerhouses there are in Moyuan, they can't stand Xu Ming's slaughter.

These Demon Abyss powerhouses who were born for death were also scared by Xu Ming! – They are not afraid of death, and even look forward to it; however, they cannot be worthless!

The Moyuan powerhouses who were afraid of being killed even fled back to Moyuan one after another.

After Xu Ming slaughtered billions of Demon Abyss powerhouses... In the Demon Abyss passage, there was no enemy to be found!

...

cosmic sea.

There are a total of 137 Demon Abyss passages.

However, slaughter like Xu Ming has never really happened in any of the Demon Abyss passages.

Even... in every Demon Abyss passage, the Cosmic Sea side is at a disadvantage; there has never been a Demon Abyss passage where the Cosmic Sea side has an advantage!

Xu Ming's record quickly spread among the top greats of the Universe Sea.

The name of Xu Ming shocked the universe sea!

"Xu Ming?"

"too strong!"

“Heavenly Supreme’s cultivation is comparable to that of our sixteenth-order powerhouses! Although it is with the help of divine armor, it is really incredible!”

“Heavenly Sovereign, how can it be so strong? Even if the World Breaker is able to make a full effort, it is impossible to transform such a strong Heavenly Sovereign!”

“I heard that Xu Ming is still the genius of the Holy Emperor’s Cosmic Chaos Temple!”

“It turned out to be the genius of the Temple of Discord, so it’s no wonder!”

“No wonder! There are so many geniuses in the Temple of Discord. Has there ever been a genius as strong as Xu Ming? – It has never been seen in endless years!”

...

Not to mention that the sixteenth-order Great Venerables were shocked by Xu Ming’s strength!

Even the world breakers in the universe were shocked by the name “Xu Ming”!

“what!?”

“Xu Ming defeated an enemy in the Demon Abyss with his own strength?”

“When we were refining divine armor, we never thought that any Heavenly Supreme could really wear divine armor! After all, the refining conditions for divine armor are too harsh! Unexpectedly, in this cosmic era, Cosmic Sea really has such a heaven-defying genius like Xu Ming!”

“It’s really against the sky! It’s even more against the sky than us, the world breakers, at the beginning!”

“I thought that the Cosmic Sea was at stake because of the collapse of its dimensions! Even us, the world-breakers, would be helpless! Unexpectedly, a super genius like Xu Ming appeared! Perhaps... the dimensions of the Cosmic Sea have collapsed~www .readwn.com ~ not irreversible!”

“Yes! If Xu Ming’s role is played well, maybe... there is a real hope of reversing the collapse of dimensions!”

“Cosmic Sea... Is it saved?”

The great power of the world breaker in the entire universe sea was excited because of Xu Ming’s appearance!

“By the way! The news about Xu Ming must be kept as secret as possible! It must not be known by the great masters of the Demon Abyss lurking in the sea of cosmos!”

“It’s being kept secret now! In the entire universe, only those whose own strength is above the ‘sixteenth rank’ are qualified to know Xu Ming’s situation; otherwise, they are not qualified to know! But...even so, the news about Xu Ming, I’m afraid it’s impossible to keep it 100% secret!”

...

Xu Ming still didn’t know how important his appearance was to the entire universe!

It can be said that the entire universe sea, whether it is the Holy Emperor-level universe, the eternal-level universe, the transcendent-level universe, the reincarnation-level universe, or the nascent-level universe, whether it is life or death, is all maintained by Xu Ming!

Even, even the universe sea itself, whether it is born or destroyed, is also maintained by Xu Ming!
First release <https://https://>

Without the appearance of Xu Ming, the destruction of the Universe Sea would have almost become a settlement! And because of Xu Ming’s appearance, the entire universe suddenly saw a glimmer of hope!

at this time...

Xu Ming was escorted to the Holy Emperor Universe with the **** of Holy Envoy Mo, Jihai Palace Master and other powerhouses.

Chapter 2262: But Five Fingers

During the calm period of the cosmic sea.

Under the restrictions of the supreme rule, the world breaker cannot leave the interior of the universe and enter the universe sea. Therefore, the sixteenth-order powerhouse, the cosmic sea in the calm period, is a symbol of invincibility.

This time, Xu Ming went from the Jihai universe to the Holy Emperor universe, and a total of four “16th-order” powerhouses escorted him all the way! In addition, Xu Ming is wearing divine armor, and he is also a sixteenth-order strength, that is, five “sixteenth-order” combat power!

...

“Holy Envoy Mo, I think you are too cautious!” The speaker was a 16th-order powerhouse who escorted Xu Ming together; this powerhouse is also from the Extreme Sea Universe, and Xu Ming has never seen it before. He, called Karma Dazun, “Although there are sixteenth-order powerhouses lurking in the sea of the universe on the Moyuan side! However, it is estimated that there are only five fingers! Now... there are you, me, Jihai Palace Master, Xinggu Dazun, Four sixteenth-order powerhouses escorting Xu Ming, do you still need to worry about Mo Yuan’s attack? You actually asked other saints from the Holy Emperor Universe to come and receive them?”

Great Master Karma thinks... There are not necessarily five of the sixteenth-order powerhouses lurking in the sea of cosmos on the side of Moyuan! Now, they have five sixteenth-order powerhouses here, so naturally they don’t need to worry about the attack of Moyuan’s side!

The Hall Master of the Extreme Sea and the Great Senior Xingzun, although he didn’t say anything, actually had the same thoughts as the Great Senior Karma in his heart.

“It doesn’t matter!” Sage He Mo smiled, “Our Holy Emperor Universe has a lot of 16th-order powerhouses! Anyway, if they are idle, they are idle. Why don’t they come to pick us up, just be a few more companions on the road!”

What the Holy Envoy and Mo told the truth. New 81 Chinese website updates the fastest computer: <https://>

In other parts of the universe sea, “sixteenth-order” powerhouses are relatively rare; even in the eternal universe, there are few sixteenth-order powerhouses.

However, in the Holy Emperor Universe, there are still many powerhouses of the sixteenth order!

Every saint in the Holy Emperor universe is a sixteenth-order powerhouse!

“Besides... it’s not wrong to be a little more cautious!” He Mo Shengen said again, “It would be best if the powerhouses on the Moyuan side didn’t come to sneak attack; I’m sure of it!”

“Yes!” Jihai Palace Master also said, “Be careful, you can’t go wrong! – In our Jihai universe, there are really only three of our sixteenth-order powerhouses, and the others are deep into I have gone to the depths of the universe! Otherwise, they will definitely come to **** Xu Ming together!”

Xu Ming’s significance to the universe sea, and Mo Sheng’s envoy have already understood. Considering that Xu Ming was definitely going to fight in other Demon Abyss Passages, when Xu Ming just walked out of the Demon Abyss Passage near the Jihai Cosmos, Sage Mo and the envoys took Xu Ming directly to the Holy Emperor Cosmos. – For Xu Ming, in the entire universe sea, only the Holy Emperor universe is the safest; other places, even in the eternal universe, are not necessarily absolutely safe!

After all... no one knows, on the side of the cosmos sea, whether there is any powerful world breaker who has defected to the other side of Moyuan!

For example, Jihai Universe... If there happens to be a renegade worldbreaker in the Jihai Universe, then once Xu Ming enters the Jihai Universe, it will be a sheep into a tiger’s mouth!

Therefore, for the sake of safety, Saint Envoy He Mo did not dare to let Xu Ming enter any universe, but took Xu Ming directly to the Saint Emperor universe—only the Saint Emperor universe was absolutely safe! Because, the will of the Holy Emperor Universe is too strong; even a worldbreaker would never want to assassinate Xu Ming in the Holy Emperor Universe.

“I hope nothing happens on the road!” Xingzun Dazun also said.

If there is a real powerhouse of Mo Yuan attacking, it will be a battle of life and death!

Xu Ming did not speak.

After putting on the armor and feeling the power of the “16th-order” level, Xu Ming finally understood the vast difference between “16th-order” and “15th-order”.

Although they are all at the Great Senior level, even if thousands of “fifteenth-order” powerhouses join forces, they will never threaten the existence of “sixteenth-order”! – This point, Xu Ming had already felt it when he slaughtered in the Demon Abyss passage! Even if there are millions or tens of millions of Demon Abyss powerhouses, in front of Xu Ming, they can only queue up and wait for the slaughter! 新ヤ~⑧~1~中文网 ωωω.χ~8.~1zll.còm

Now, along the way, Xu Ming does not need to worry about the attack of the “fifteenth-order” powerhouse; after all, if there is a fifteenth-order Moyuan powerhouse who dares to attack, it will definitely be “hitting the stone with an egg”. What Xu Ming and others need to guard against is the sneak attack of the “16th-order” powerhouse!

but...

They all said to Sage Mo, that in the entire universe sea, there may not be five “sixteenth-order” Demon Abyss powerhouses lurking in! So, what else should Xu Ming worry about?

“Cosmic Sea is our territory, not Moyuan’s territory!” The Great Senior Karma said confidently, “Moyuan powerhouse, if you don’t come, it’s okay, if you dare to come, you must let them all come and go. !”

Great Venerable Karma’s voice just fell...

Whoa!

The time and space around Xu Ming and the others suddenly fell into a dead silence.

“Someone is manipulating time and space!” and Mo Shengen and others were instantly alert.

The means of manipulating time and space is one of the usual methods used by “sixteenth-order” powerhouses to crush “below fifteenth-order”; however, at the same sixteenth-order, this trick is somewhat useless!

“Be careful!” He shouted with the Holy Envoy Mo.

In the dead space and time, tens of thousands of sharp arrows suddenly appeared, all of them heading straight for Xu Ming—obviously, the sneak attackers knew that Xu Ming himself was not a “16th-order”, and only reached the “16th-order” level by relying on divine armor. Yes, so I wanted to try the means of manipulating time and space to see if it would work for Xu Ming.

Swish! Swish! Swish! ...

Xu Ming was like a swimming fish, strolling leisurely in the rain of arrows.

Five figures appeared in the time and space of the Quartet .

Seeing these five figures, the expressions of Holy Envoy and Mo changed slightly.

“Ghost Prisoner!”

“Poisonous Great Venerable!”

“Holy Lord Heavenly Monkey!”

“Bai Bai Da Zun!”

“Jade Mask Demon Venerable!”

“You are all still in the sea of cosmos! All of you are here!” He Mo Sheng’s expression was a little solemn.

Before, Great Master Karma said that on the Moyuan side, there are at most five “sixteenth-order” powerhouses lurking in the sea of cosmos. And these five “sixteenth-order” powerhouses are exactly the five who appeared at this moment!

“Xu Ming!” He Mo Sheng envoy said to Xu Ming through voice transmission, “The five of them are coming for you! Even if a few of them die, they will drag you to death together! Wait a minute, you don’t want to. Fighting in love, just find a way to escape! We will try our best to help you hold them back!”

“Okay!” Xu Ming nodded.

There is really nothing to fight with the lunatics of Moyuan!

What’s more, since these five “16th-order” powerhouses came to assassinate Xu Ming, I am afraid that even if they are all desperate, they will drag Xu Ming to die together – let alone fight head-on with such a lunatic!

Just run!

However, Xu Ming still vaguely felt that something was wrong.

Are there really only five of the “16th-order” Demon Abyss powerhouses lurking in the sea of cosmos? And it’s all showing up so soon?

Xu Ming always felt that this sneak attack against him would not be so simple!

Chapter 2263 It is better to die early than to die late

Swish! Swish! Swish! ...

The five “16th-order” powerhouses on Moyuan’s side rushed over directly. The goals of the five people were all directed at Xu Ming.

“Let’s go!” He Mo Shengen gave a low voice, and took Xu Ming to break through in the direction of the Holy Emperor’s universe. As for Jihai Palace Master, Xingzun Dazun, and Karma Dazun, they escaped with the two of them while taking cover for them.

A five-on-five situation.

To be honest, He Mo Shengjian didn't feel how difficult this situation was!

After all, it is not easy for the same "16th-order" powerhouses to kill each other, usually only by "grinding". However, as long as Xu Ming does not love to fight, he will not give the opponent a chance to "grind slowly", and naturally there will be no threat to life and death!

boom! !

He Mo Sheng envoy took the lead, rushed in front of Xu Ming, and forcibly bumped into the "Babai Da Zun" blocking the way for Xu Ming. And Xu Ming took the opportunity to break out of the encirclement and took the road away.

Of course, the four envoys and Mo Sheng did not want to fight; they were entangled with their opponents while evacuating.

"Babai Dazun!" While fighting with the Mo Shengen, he laughed, "It's too naive to want to kill Xu Ming just by you, right? – If you have ten 'sixteenth-level' powerhouses together. If you are dispatched, maybe you will be able to successfully intercept Xu Ming! However, the sixteenth-order powerhouses of your Moyuan lurking in the sea of cosmos, it is impossible to add up to ten!"

There are only five of the Demon Abyss powerhouses lurking in the sea of cosmos, and only five known to Sage Mo, and they are all here.

Perhaps, there are hidden "16th-order" powerhouses, but not many, it would be good to have two or three.

Therefore, in the face of this interception, it is relatively easy to be with Mo Shengen.

"You're right!" Ba Bai said with a grin, "We Moyuan, there are indeed less than ten 'sixteenth-order' powerhouses lurking in the sea of cosmos! But... Since we dare to come, we must be sure. !"

"Really?" He Mo Shengen couldn't understand, where did the other party have certainty.

boom! boom! boom!

At this moment, three tyrannical auras appeared in the direction of Xu Ming's escape.

"Huh?" Holy Envoy He Mo frowned slightly, "Sure enough, your Demon Abyss is hidden deep enough, and there are actually three 'sixteenth-order' powerhouses that we never knew!"

"Xu Ming—" At the same time, he spoke to the envoy Mo Sheng, "Don't fight, just run!"

"Okay!" Xu Ming also said through voice transmission.

"Escape" is obviously much easier than "retaining people"!

Even in the face of three strong men of the same rank, as long as Xu Ming does not want to fight and runs away, it will be difficult for the three to keep Xu Ming.

If you want to keep a 16th-order powerhouse, I am afraid that at least five 16th-order powerhouses are needed to cooperate and join forces to trap people. And obviously, the battle power sent by Moyuan's side is not enough!

Not enough to keep Xu Ming!

However, just when Xu Ming was about to forcibly break out of the encirclement... In the depths of time and space around Xu Ming, four powerful beings walked out! Obviously they are all sixteenth-order powerhouses!

"What!?" Saint He Mo was horrified.

"Impossible!" Jihai Palace Master also exclaimed.

The five at the beginning, plus the three who appeared later, plus the four who appear now—a total of twelve "16th-order" powerhouses have appeared!

This number has far exceeded the expectations of Saint Mo and others!

How could there be twelve “16th-order” powerhouses lurking in the sea of cosmos on the side of Moyuan!

“No!” Immediately afterwards, the Holy Envoy He Mo reacted. He looked at the four sixteenth-order powerhouses who appeared last in disbelief—these four powerhouses were not the powerhouses of Moyuan! The powerhouse of Moyuan and the powerhouse of Cosmic Sea are fundamentally different in the breath of life; it is easy to judge whether it is the life of Moyuan or not. It is precisely because of this that it is difficult for the powerhouses on the side of Demon Abyss to lurk in the universe.

The Holy Envoy He Mo is convinced that the four powerhouses that appear now are definitely not the life of Mo Yuan, but the life of the universe sea!

“You... turned to Moyuan!” He Mo Shengzhi looked at the four strange sixteenth-order powerhouses and said incredulously.

The universe is vast, and it is true that not every “sixteenth-order” powerhouse is known; just like these four “sixteenth-order” powerhouses who suddenly appeared now, and Mo Shengen have not seen all of them Pass.

However, what puzzled Saint Envoy He Mo is—why did these four top lords of the universe go to Moyuan?

You must know that Moyuan represents “death”!

In the war between the Cosmic Sea and the Demon Abyss, if the Cosmic Sea side loses, it will mean “death” to the creatures in the endless universe of the entire Cosmic Sea. Even if they take refuge in Moyuan, they will eventually die; then, why do these four “sixteenth-order” powerhouses still rely on Moyuan?

And this is also the place that He Mosheng is puzzled by.

Without time to think, he shouted with the envoy Mo: “Xu Ming, come back!”

If Xu Ming were to face the seven “16th-order” powerhouses alone, he would definitely not be able to escape, and I’m afraid that he would be killed by the seven powerhouses if he could not last long!

Now, the only way is to let Xu Ming turn back; in this way, Xu Ming, and Mo Sheng make the five strong men rely on each other to form a formation, and they can compete for a longer time – five to twelve, although it is Absolute disadvantage; however, the “16th-order” powerhouses have a good life-saving ability. They only defend and not attack and cooperate with each other, and they are not easy to be killed! As long as the support is long enough and the reinforcements arrive, the crisis will naturally be lifted!

call out!

Xu Ming, who was rushing forward, turned around in the space and instantly reunited with the Holy Envoy He Mo.

The Hall Master of Jihai, the Great Reverend Xingzhe, and the Great Venerable Karma also quickly approached the Holy Envoy He Mo; the five of them leaned back against each other, waiting in battle.

Whoosh! Whoosh! Whoosh! Whoosh! ...

Twelve “16th-order” powerhouses, including Babai Dazun and Ghost Prisoner Dazun, surrounded the five people and blocked all the spaces around them. Of course... if the four of them want to break through with Mo Sheng, they will not be stopped; however, if Xu Ming wants to break through, he will be stopped desperately, and some people will even be willing to exchange their lives with Xu Ming!

“Xu Ming...” The Ghost Prisoner looked at Xu Ming, with a ghostly fire burning in his eyes, “I am surprised by your presence! Your existence may really reverse the battle between our Demon Abyss and the Universe Sea. So...you have to die!”

“Don’t struggle!” Although the Jade-faced Demon Venerable had a handsome face, his smile became even more sinister, “No matter who it is, no matter how talented it is, no matter how strong it is, it will inevitably die in the end! Death is everything. Eternal and unchanging ultimate destination! – It is better to die early than to die late, and you should die in peace!”

Chapter 2264 Attack and Kill

“kill!!”

The jade-faced Demon Venerable and other eight Demon Abyss powerhouses exploded directly! They killed Xu Ming, all in a desperate way, as if they were willing to take the lives of eight of them in exchange for Xu Ming's life!

And the other four "16th-order" powerhouses who betrayed from the Cosmic Sea side, although not as frantic and desperate as the Moyuan powerhouses, they all unreservedly used their ultimate moves.

In an instant, Xu Ming and Mo Sheng made the five of them fall into an absolute disadvantage, completely suppressed and beaten.

"Extreme sea, shape and skeleton, cause and effect!" He Mo Shengen shouted loudly, "We are all the body of the Great Senior, and we are all Great Seniors who are good at saving lives! We will try our best to help Xu Ming resist some more damage. After all, although his strength has reached Sixteen levels, but he is only a Heavenly Supreme after all, and the divine body is definitely not that strong!"

"it is good!"

"it is good!"

Jihai Palace Master and Xingzun Great Senior said without hesitation. The two of them, the most powerful is the defense of the divine body, even if they are besieged by several sixteenth-order powerhouses at the same time, it is difficult to die.

In comparison, Karma Dazun's divine body is slightly weaker; however, it is not much weaker, and it is also difficult to kill.

"As long as the envoys arrive, it will be fine!" He Mo shouted again.

There are dozens or hundreds of the saints of the Holy Emperor universe who come out casually! As long as they are supported until the holy messengers arrive, the twelve enemies in front of them can be crushed with ease.

Of course, the premise is that it can be supported until the saints arrive!

“You guys are tyrannical gods! My defenses are not as strong as yours!” Great Master Karma murmured. Obviously, he was unwilling to take risks and protect Xu Ming from harm.

He and Mo Shengjian glanced at each other, but at this critical moment, he didn’t have time to argue with Great Senior Karma, so he could only try his best to protect Xu Ming.

boom! boom! boom! boom! ...

Although Xu Ming’s side was completely suppressed!

Although the Demon Abyss powerhouses all attacked desperately.

However, the Holy Envoy Hemo and the Hall Master of Jihai are the most tyrannical beings among the “sixteenth-order” powerhouses! Under the desperate protection of the two of them, only a few attacks fell on Xu Ming.

Although at an absolute disadvantage, for a while, the situation stagnated!

“Hold on!” He Mo roared angrily, “Our saints of the Holy Emperor Universe are not far from here! As long as we hold on until they come, none of this group of people want to run away!”

The words with the Holy Envoy Mo are actually a psychological tactic.

Are the saints of the Holy Emperor Universe really not far from here? – Not really!

However, He Mo Sheng Envoy deliberately said this to put pressure on the enemies and make them confused! In this way, they can defend a little easier.

“Damn!” Jade-faced Demon Venerable and the others were both anxious and helpless.

“The strength of the Holy Envoy He Mo is too strong! One person is almost equal to the combat power of two ‘16th-order’!”

“The defense of the Jihai Palace Master is really terrifying. Most of the attacks on Xu Ming were forcibly blocked by him! Moreover, the key point is that the Jihai Palace Master’s divine body remains motionless and has not been damaged in the slightest!”

“When we fight like this, when will we be able to kill Xu Ming? If the messengers from the Holy Emperor Universe arrive, we will be in big trouble!”

In the cosmic sea...

When the world breaker does not appear, the holy envoy of the holy emperor universe is absolutely invincible!

Every holy messenger is at the “sixteenth order” level! Moreover, the holy envoys are often dispatched in a swarm, with dozens or hundreds of them jointly dispatched!

In the calm period of the cosmos sea, there is no power that can resist the saints of the emperor’s universe.

“There is no other way! We can only expose some more cards!” Jade-faced Demon Venerable said coldly, “Holy Envoy Mo, do you think that we only have twelve ‘sixteenth-order’ combat powers?”

“what!?”

“impossible!”

The expressions of Saint Mo and the Master of Jihai Palace changed slightly.

The combat power of the twelve “16th-order” has far exceeded the expectations of the two of them.

“Could it be... There are more 16th-order powerhouses hidden around?” Saint He Mo’s eyes were full of horror – you know, although they are trying their best to resist now, it seems that the defense is very stable, but in fact, they are already at the end of the battle; Even if there is another “16th-order” powerhouse, it is enough to overwhelm their defense at this time!

What's more, listening to the meaning of Jade Mask Demon Venerable, there seems to be more than one hidden "16th-order" powerhouse around!

"How is that possible?" Saint He Mo couldn't believe it, "On the Moyuan side, there can't be so many 'sixteenth-order' powerhouses lurking in the sea of cosmos! On the side of the sea of cosmos, it is even more impossible for so many powerhouses to defect to the sea. Go to the Demon Abyss!"

However, no matter how unbelievable He Mo was, he had to be on guard carefully to guard against a sneak attack by a "sixteenth-order" powerhouse that suddenly appeared in the void.

But after saying these words, Jade-faced Demon Venerable and other Demon Abyss powerhouses, the offensive became even more violent!

Just when Xu Ming, the Holy Messenger Hemo, the Master of the Jihai Palace, and the Great Senior Xingzhang were all trying their best to resist, suddenly and without warning—

Swish!

A strange sword light slashed towards Xu Ming strangely.

Because it appeared too suddenly and unexpectedly, Xu Ming didn't have time to avoid this sword light at all; and the envoys of Saint Mo and Sage Mo couldn't stop it in time!

And the one who split this sword light was... Karma Great Venerable!

"cause and effect!"

"what are you doing!?"

"you..."

Holy Envoy He Mo, Jihai Palace Master, and Great Senior Xingshi were all in a hurry, but they were powerless to resist—after all, Great Senior Karma's sneak attack was too sudden!

“Jie Jie Jie Jie...” The Great Venerable Karma grinned, as if he had seen Xu Ming seriously injured by this knife, or even fall directly!

Finally, the knife light fell on Xu Ming!

And it is the back of Xu Ming’s head in the middle – even for Xu Ming’s current level, this part is the most vulnerable position!

boom!

Sure enough, as expected by Great Master Karma, Xu Ming’s divine body was split into two halves directly under this knife. Although, the divine body that was split into two halves was instantly reunited. Yes, but the aura of the divine body is obviously more than a point weaker!

Everything is under the control of the Great Venerable Karma!

With one knife, Xu Ming was seriously injured!

call out-

After the heavy damage to Xu Ming, the Great Senior Karma flew back and retreated to the side of the Jade-faced Demon Venerable—obviously, the Great Venerable Guo also defected to the Demon Abyss!

“Well done!” Jade-faced Demon Venerable said with a grim smile, “The timing is very good, and the next battle will be easy!”

is not that right?

It used to be a battle of “five against twelve”, but now it has become “four against thirteen”. Moreover, their target Xu Ming was seriously injured! The next battle, of course, will be simple!

“Why!?” The Holy Envoy He Mo stared at Great Senior Yin Guo coldly, in disbelief, “Why did you do this?”

Chapter 2265 Cooperate

Sage He Mo stared coldly at Great Senior Karma, unable to believe it: “Why do you do this?”

Why do you want to do this?

The Holy Envoy He Mo really doesn’t understand! Can’t understand it either!

You must know... The only thing that Mo Yuan can bring to the Universe Sea is death!

This kind of death is the destruction of the entire universe sea! And the creatures of the universe sea, and the universe sea, are actually the relationship between “hair” and “skin”! – If there is no skin, how can the hair be attached? If the sea of cosmos is destroyed, no one in the sea of cosmos will be spared!

so...

Going to Moyuan will eventually lead to death – no matter in the end, whether the Cosmic Sea side wins or the Moyuan side wins, the betrayal will surely die!

Only by fighting against Moyuan and defending the universe sea can we survive!

It is precisely because of this that the Holy Envoy He Mo really does not understand why there are “sixteenth-order” powerhouses on the cosmic sea side who choose to join Moyuan!

This is really incomprehensible!

However, Great Lord Karma only said one sentence, and he let Saint Mo and Envoy understand!

“It’s not just the Universe Sea that has the Tower of Truth! In Moyuan... there is also the Tower of Truth!” Great Master Karma said lightly.

Tower of Truth!

These four words... Whether it is the Holy Envoy He Mo, the Master of the Jihai Palace, or the Great Zun, I feel deafening after listening to it!

The Tower of Truth... can be said to be the most mysterious place in the entire universe!

And the place to enter the Tower of Truth is also extremely precious!

Like before, when Xu Ming participated in the assessment in the Holy Emperor Universe, the Holy Envoy He Mo was willing to use all his treasures and asked Xu Ming to help him exchange for a place to enter the Tower of Truth! – Paid all the treasures, and still asked Xu Ming to help exchange it in every possible way! It can be seen how important the quota for the Tower of Truth is! How the Holy Envoy He Mo wants to get such a place!

Moreover, you must know that the Holy Envoy Hemo is the powerhouse of the Holy Emperor Universe! Even him, it is still difficult to get a place in the Tower of Truth; then, like Karma and the others, it is even more impossible to get a place in the Tower of Truth!

Can't get a spot!

However, almost no "16th-order" powerhouse does not want to enter the Tower of Truth!

At this time, Moyuan threw an olive branch – we, Moyuan, also have the Tower of Truth! Moreover, we still have a place to enter the Tower of Truth. Do you want to join us?

Not to mention that Great Senior Karma couldn't stand such an olive branch, and Saint He Mo even felt that even if it was himself, maybe he would turn to Moyuan because of this! For a time, the Holy Envoy He Mo looked at the Jihai Palace Master and the Great Senior Xingzhe next to him, and he couldn't help but feel a little bit of alert – such an olive branch, the Jihai Palace Master and the Great Senior Xingzhi, can't bear to pick it up?

"Hahahaha, do you understand?" Jade-faced Demon Venerable laughed when he saw this, "Holy Envoy and Mo, Jihai Palace Master, Xingzun Great Venerable, do you want to think about it and go to our Demon Abyss?— Now the opportunity is in front of you, as long as any of you kill Xu Ming, it will be a great achievement! At that time, it is impossible to directly get a place in the Tower of Truth!"

For a while, the atmosphere became a little weird.

What are the “16th-order” powerhouses pursuing?

You must know that those Great Venerables who have stayed in the “sixteenth order” for a long time have almost all missed the realm of world breakers! If you can’t break through to the realm of the world breaker, then you will never know the mystery behind the universe sea! Unless...enter the Tower of Truth!

And entering the Tower of Truth is actually mortal! After knowing all the mysteries of the universe, it will be immediately obliterated by the supreme rules! But even so, there are still countless strong people who want to enter the Tower of Truth but can’t; it can even be said that the “sixteenth-order” strong people’s greatest pursuit is to enter the Tower of Truth!

And now, Jade-faced Demon Venerable threw out the most tempting olive branch, no wonder, the atmosphere suddenly became strange.

“Go away!” He Mo Sheng envoy shouted violently, breaking the strange atmosphere, “You Mo Yuan’s promises can only be a ghost if you believe them!”

The Holy Envoy He Mo knows very well that the powerhouses of these Demon Abyss can do whatever they can to achieve their goals; as for their promises, they are even more unbelievable!

To take refuge in Moyuan will only be to sacrifice your life for Moyuan in vain, and you will get nothing in the end! Moreover, it will also leave infamy in the sea of cosmos!

Only an idiot would do such a thing!

“Hahaha...Since I’ve given you the opportunity, if you don’t cherish it, there’s nothing you can do! – Kill!” Jade-faced Demon Venerable laughed loudly. Now, coupled with the betrayal of Great Master Karma, they are already in a “thirteen on four” situation! Moreover, their target “Xu Ming” seems to have been severely damaged; therefore, Jade Masked Demon Venerable doesn’t care whether he can fool the envoys of He Mo Sheng!

boom!

Jade Mask Demon Venerable and the others shot again!

At this time, the situation of Xu Ming and the others became even more difficult – the Holy Envoy He Mo, the Master of the Jihai Palace, and the Great Zun, each of them was restrained by the three “16th-order” powerhouses, and they couldn’t take care of themselves! There are already four Demon Abyss powerhouses, rushing towards Xu Ming frantically!

“Xu Ming!”

The Holy Envoy He Mo was anxious, but he couldn’t spare his hands at all.

“It’s over!” He Mo Sheng’s face was ashen – but he saw that the sneak attack by the Great Senior Karma had caused Xu Ming to be severely injured! Now, four more Demon Abyss powerhouses are attacking Xu Ming at the same time!

How can Xu Ming support! ?

Jihai Palace Master and Xingzun Great Venerable also showed despair – they thought that with a few of them escorting Xu Ming, it would definitely be as stable as Mount Tai; but they did not expect that they could not protect Xu Ming!

From the point of view of Jihai Palace Master and Xingzun Da Zun, being besieged by four Demon Abyss powerhouses, Xu Ming will surely die!

But at this moment-

A sound transmission sounded directly in the minds of Saint He Mo, the Master of the Jihai Palace, and the Great Zun Xingzun: “You just need to protect yourselves!”

It was Xu Ming’s voice!

“Um?”

“Um?”

“Um?”

Saint Mo and the three envoys did not understand, why did Xu Ming still want to transmit to them at this time?

Immediately afterwards, Xu Ming said through voice transmission: “With just a few, if you want to kill me, it’s still a long way off!”

far?

The first reaction of Saint Mo and the three of them was—they are all dying Xu Ming is still there talking big?

“Aren’t you seriously injured?” He Mo Shengen couldn’t help asking.

“Severely injured?” Xu Ming smiled strangely, “Just this attack from the Great Lord Karma won’t hurt me!”

“You mean...” Sage Mo and the three of them suddenly understood—Xu Ming has always shown his enemies to be weak!

But how is this possible?

The Holy Envoy He Mo couldn’t help but think – Xu Ming is against the sky, but he’s just a Heavenly Sovereign! Even if he wears divine armor, can he still be stronger than these peak greats?

Xu Ming naturally didn’t know what He and Mo Shengen were thinking at this time, he just said lightly: “The Great Senior Karma has attacked me, of course I have to cooperate with him and look like he is seriously injured!”

Yes! Xu Ming’s serious injury was just a deliberate appearance!

Chapter 2266 This is not dead! ?

Yes! Xu Ming's serious injury was just a deliberate appearance!

How strong is Xu Ming's defense?

To know...

The Divine Body Universe that Xu Ming cultivated has cultivated every tiniest particle of himself into the prototype of a universe! Moreover, Xu Ming also forged the foundation of the perfect universe! – Every damage Xu Ming suffers will be shared by hundreds of millions of particle universes! If you want to hurt Xu Ming, you can imagine how difficult it is!

When Xu Ming's strength was still at the “thirteenth rank” level, the thirteenth and fourteenth rank powerhouses couldn't hurt him at all; even the fifteenth rank powerhouses would hardly hurt Xu Ming!

Now, Xu Ming's strength has been raised to the “sixteenth order”; moreover, the divine armor he obtained was originally a defensive weapon! Want to hurt Xu Ming? —Anyway, it would be very difficult for the 16th tier to hurt Xu Ming!

I am afraid...

Only a real world breaker can threaten Xu Ming!

During the calm period of the cosmic sea, will there be a worldbreaker in the cosmic sea?

Won't!

Therefore, looking at the sea of cosmos, as long as Xu Ming does not enter the interior of a certain universe or some strange and dangerous places without authorization, Xu Ming is invincible!

It's hard for anyone to hurt Xu Ming! – This point, Xu Ming was very clear when he got the divine armor!

However, Xu Ming also knew that it would be no good for him to be too evil! After all... at Xu Ming's current level, even if he is a world-breaker, he can no longer give him any substantial benefits! Moreover, there are ubiquitous supreme rules, always eyeing in the dark!

Xu Ming's performance is too evil, and if he doesn't get any benefits, he may have some troubles! In this case, Xu Ming must keep a low profile!

It's just that the tree wants to be quiet but the wind doesn't stop! Facing the current situation, Xu Ming obviously couldn't keep a low profile; then, he had to be a little bit louder!

"You just need to protect yourselves!" Xu Mingjian and Mo Shengjian were still in a state of astonishment, and some didn't believe what he said, so he had no choice but to stop explaining. After all, Xu Ming knew that even if he explained it, it would be difficult for the three of them to believe!

boom!

After he finished speaking, Xu Ming actually turned his back on the defense and attacked the nearest Karma Great Venerable! – Just now, it was the Great Senior Karma who suddenly rebelled and attacked him. Of course, Xu Ming would be the first to kill the traitor!

"What!?" Great Senior Karma looked at Xu Ming who was coming, and couldn't believe it, "How dare you resist!?"

In the view of Great Master Karma, if Xu Ming continued to be a shrunken tortoise and defended with all his strength under their siege, then he might be able to last for a while; It's just looking for death!

"Since you think your life is too long, then I will fulfill you!" The Great Master Yanyan laughed and killed Xu Ming.

"Haha! This Xu Ming panicked!"

"They can't take it anymore!"

"Yes! If you can hold on, how can Xu Ming take the initiative to attack?"

“Come on! Go ahead and kill Xu Ming!”

Jade-faced Demon Venerable and other Demon Abyss powerhouses also burst into laughter.

Several people who were besieging the three and Mo Shengen also turned to kill Xu Ming.

The “16th-order” powerhouses who besieged Xu Ming instantly reached the seventh!

Even the strongest “16th-order” powerhouse in the sea of cosmos cannot support the siege of seven powerhouses of the same level!

“Xu Ming... It’s dead!” The Great Master Karma rushed towards Xu Ming with shining eyes – killing Xu Ming, he was a great deed, maybe he could get a Tower of Truth directly from Mo Yuan’s side. Quota!

boom!

Xu Ming also directly killed the Great Venerable Karma!

Moreover, although Xu Ming was besieged by seven “16th-order” powerhouses at the same time, Xu Ming was only attacking and not defending!

Yes!

Only attack but not defend!

Let the attacks of the seven “16th-order” powerhouses fall on him!

“Are you begging for death?” Seeing Xu Ming’s attitude of only attacking but not defending, the Great Master Yan looked even more ferocious, “Do you still want to exchange your life with me? – Ha! You are already seriously injured, and you are still under siege. In the middle, you are also worthy of exchanging your life for me!?”

Xu Ming ignored the ridicule of the Great Venerable Karma, and the spear in his hand moved forward, taking the Great Venerable Karma directly.

boom! boom! boom! boom! ...

The continuous attacks fell on Xu Ming.

And Xu Ming, also at this moment, killed Karma Great Venerable's side.

"I don't believe it, how long can you last!" The brave who meet in a narrow road wins! Seeing this, the Great Master of Karma simply gave up his defense and attacked Xu Ming – he didn't believe it, they were now "seven against one", and he would still be afraid of Xu Ming!

boom! boom! boom! boom! ...

The attack fell on Xu Ming like raindrops.

It seems that every attack can disperse Xu Ming's divine body! However, it also seems that every attack is sinking into the sea on Xu Ming's body, and there is no threat to Xu Ming! – The strong masters such as Karma Da Zun and Jade Mask Demon Zun naturally do not feel that their attacks will pose no threat to Xu Ming; in their opinion, Xu Ming is definitely not far from death by being bombarded so indiscriminately by them. !

boom! boom!

Xu Ming's attacks also fell on the body of the Great Venerable Karma one after another.

"Come on! Come on! Come on!" Great Senior Karma was not afraid, and kept roaring, as if he was about to crush Xu Ming in his aura.

In this way, Xu Ming was repeatedly attacked by seven "16th-order" powerhouses.

As for the Great Senior Karma, he allowed Xu Ming's attack to fall on his divine body.

Gradually...

Karma Dazun found that something was wrong.

“Why isn’t Xu Ming dead yet?” Great Senior Karma looked at Xu Ming incomprehensible. After a period of confrontation, the Great Senior Karma has been seriously injured. If he continues to attack, he may die at any time; however, the Great Senior Karma sees that Xu Ming seems to be fine!

“It’s okay!?” Great Senior Karma felt that this was impossible, “He must be bluffing, but he can’t hold it anymore!”

Thinking of this, Great Master Karma decided to continue to attack!

He didn’t believe it, in the case of “seven against one”, he would lose to a Heavenly Sovereign wearing divine armor!

boom! boom! boom! boom! ...

Continuing to attack for less than a moment, Great Senior Karma suddenly discovered that his divine body was extremely thin! At this time, the Great Venerable Karma knew that he was afraid!

He dare not!

“Run!” Great Senior Karma turned his head and ran.

“Do you know how to run now? It’s too late!” Xu Ming said with a grin.

If Great Venerable Karma ran earlier, Xu Ming would not be able to kill him! After all, Xu Ming is only far superior to the “16th-order” in terms of defense; but in terms of attack, speed, etc., he is actually no different from the ordinary “16th-order” powerhouse!

Therefore, even in a “one-on-one” situation, it is almost impossible for Xu Ming to kill a 16th-order powerhouse! Unless... hang up at any cost!

But now it's different!

The Great Senior Karma had previously attacked Xu Ming regardless of the cost, but now the gods have suffered heavy losses and their strength has been greatly reduced. Whether in terms of defense or speed, they have been reduced a lot, and they are about to fall out of the “16th-order” level of strength! Moreover, the divine body of the Great Venerable Karma may not be able to withstand Xu Ming's several attacks!

Under such circumstances, is it difficult for Xu Ming to kill a Great Karma?

It's really not difficult at all!

“Die!” Xu Ming carried the siege of the Jade-faced Demon Venerable and other powerhouses Strongly licking the Karma Great Venerable!

“No—” Great Senior Karma showed infinite despair—he had already felt that he was surrounded by the breath of death, and he couldn't escape at all!

“die-”

boom! !

Xu Ming's attack fell on Great Senior Karma for the last time. At the same time, Xu Ming also endured dozens of crazy attacks from Jade Mask Demon Venerable and others!

Bang!

Great Lord Karma, die!

Xu Ming, safe and sound!

“This...” For a while, the surrounding time and space were dead silent. Jade-faced Demon Venerable looked at Xu Ming in disbelief, “How many attacks did he endure? It's still not dead!?”

Chapter 2267 What should we do?

“It’s not dead!?”

Not only the powerhouses on the Moyuan side were dumbfounded, but even the three of them were dumbfounded!

Xu Ming was carrying the onslaught of seven “16th-order” powerhouses and forcibly killed the Great Master Karma!

If it were replaced by an ordinary “16th-order” powerhouse, who had endured the same attack as Xu Ming just received, he would have died ten or eight times! And what about Xu Ming? So far safe and sound! Can’t even tell he’s hurt!

So tough!

It’s too hard to beat!

“How could...” Jade-faced Demon Venerable and others surrounded Xu Ming, preventing him from getting away; but for a while, they didn’t dare to rush forward, “How can we fight!?”

The powerhouses on the Moyuan side have been stunned for a long time.

After a long time, Jade-faced Demon Venerable said fiercely: “I don’t believe it, he can’t be killed! He must have something special, so his defense is stronger; however, no matter how strong his defense is, he can’t be immortal. !”

“Yes! No one is immortal!”

“Even if it is a world breaker, it will be killed! What’s more, it’s just a Xu Ming?”

“We continue to attack, and we will definitely be able to kill Xu Ming!”

“Kill! Even at any cost, kill him!”

...

After the death of Great Master Karma, the remaining six powerhouses, including the Jade Masked Demon Venerable, continued to launch a fierce attack on Xu Ming!

As for Xu Ming, he continued to carry on the indiscriminate bombardment while forcibly licking the Demon Abyss powerhouse closest to him.

Xu Ming's defense is too strong!

Only Xu Ming himself knew that these attacks that continued to fall on him were completely painless—not to mention killing himself, even hurting himself!

That's right, Xu Ming is indeed not immortal! But the problem is... it's not the Jade Mask Demon Venerable's attack of this intensity that can hurt!

That's why Jade Masked Demon Venerable and the others naively believed that they would definitely be able to kill Xu Ming!

boom! boom! boom! boom! ...

Xu Ming was clearly besieged by six strong men, but in terms of momentum, it seemed that Xu Ming had the upper hand! It seems that Xu Ming is in turn pressing the six Demon Abyss powerhouses to fight!

After some confrontation!

Bang!

The Demon Abyss powerhouse who was stared at by Xu Ming was finally shaken to death by Xu Ming!

And Xu Ming is still safe and sound.

“...” Jade-faced Demon Venerable and other Demon Abyss powerhouses were speechless for a while.

“...” The three of Saint Mo and the envoy were also speechless for a while.

“...” Several traitors from the universe were also speechless for a while.

They don't know how to describe the shock in their hearts!

The powerhouses in Moyuan even doubted their lives: Are we here to hunt Xu Ming, or are we here to be killed by Xu Ming?

“I don't believe it anymore!” Jade-faced Demon Venerable frantically burned his divine body, “This Xu Ming is not a world breaker, can he still turn the world upside down? Let me come!!”

The aura of the Jade-faced Demon Venerable suddenly became extremely ferocious; his body even slammed into Xu Ming – the Jade-faced Demon Venerable wanted to hug Xu Ming and die together!

Mo Yuan powerhouse, in order to kill, he can take his own life into it! After all, the Demon Abyss powerhouse was born to die!

“Xu Ming, be careful!” He Mo Sheng envoy shouted, “Jade-faced Demon Venerable wants to drag you to death!”

“Drag me to die?” Xu Ming was very calm.

With so many indiscriminate bombings, they couldn't hurt Xu Ming in the slightest! Now, even if the Jade-faced Demon Venerable burns his life and spares no expense, can he really threaten Xu Ming? – Not far!

Moreover, Xu Ming can only choose to be calm – his advantage is the almost invincible defense; in addition to defense, speed and other aspects are all on one side! Now, Jade-faced Demon Venerable bumped into him at all costs, and it was impossible for him to avoid it!

Since it is impossible to avoid it, you have to wait calmly to be hit!

boom! !

At the moment when Jade Masked Demon Venerable and Xu Ming collided, Jade Masked Demon Venerable broke out the strongest blow with everything he had; and this was also the usual trick used by Demon Abyss to drag his opponent to death together. !

“Die! Die! Let’s die together!” Jade-faced Demon Venerable’s eyes were full of madness and expectations for death, “The destination of everything is death!”

boom! !

And this swearing blow from the Jade-faced Demon Venerable finally made Xu Ming feel a slight threat!

Of course, it’s only a slight threat – at most, it will cause a slight injury to Xu Ming, and it is still far from serious damage to Xu Ming!

but...

“The Jade-faced Demon Venerable is fighting for his life. If I am injured too lightly, it seems that I have no respect for this ‘sixteenth-order’ super powerhouse!” Xu Ming thought to himself. It was as if he had respected the sixteenth-order powerhouse.

After thinking about it, Xu Ming decided to repeat the old trick!

Although I was only slightly injured, I can pretend to be seriously injured!

This is the “respect” that should be given to the strong! And more importantly... can bring this boring battle to a quick end!

Bang!

When the smoke and dust dissipated, the Jade-faced Demon Venerable had disappeared, and Xu Ming also seemed to be unsteady in his breath, and it seemed that he was seriously injured!

“Jade-faced Demon Venerable is dead?”

“Xu Ming isn’t dead yet?”

“No! Although Xu Ming didn’t die, the self-destruction of the Jade-faced Demon Venerable is effective!” The Ghost Prisoner said solemnly, “Xu Ming was fine before, but now he was directly injured! Let’s do it again, He’s dead!”

“That’s right! Once again, he’ll be dead!” The Heavenly Monkey Holy Master also roared, “This time I’m here!”

boom! !

Like the Jade-faced Demon Venerable, the Heavenly Monkey Holy Master also burned his life directly and crashed into Xu Ming.

Xu Ming could not avoid it, and was shot again.

Before, Xu Ming pretended to be seriously injured in order to show his “respect” for the Jade Mask Demon Venerable. Now that you have respected the Jade-faced Demon Venerable, of course, you must also respect the Heavenly Monkey Holy Master. So... After the Monkey Lord died that day, everyone saw that Xu Ming’s injuries were “heavier”!

“Not dead yet?”

“Although he’s not dead, it looks like he’s at the end of the game!” The Ghost Prisoner said, “I’ll do it this time!”

The Ghost Prisoner also bumped into Xu Ming and blew himself up!

Xu Ming was shot again, and at the same time, he also expressed his respect for the great ghost prisoner – it seemed that Xu Ming was about to die!

“Not dead yet!?”

The remaining Demon Abyss powerhouses were shocked again.

“I’m here this time!” This time, the one who bumped into Xu Ming was Venerable Du Shen.

boom! !

boom! !

boom! !

The eight demon powerhouses lurking in the sea of cosmos Except for the previous one who was beaten to death by Xu Ming, the other seven tried to drag Xu Ming to death by self-destruction. In the end... these seven Demon Abyss powerhouses are all dead, and Xu Ming is not dead yet!

Before I knew it, there were no more Demon Abyss powerhouses, and only four renegade Cosmic Sea powerhouses remained.

On Xu Ming’s side, there are also four others: Xu Ming, He Mo Sheng, the master of the Jihai Palace, and the Great Zun! Only the rebellious Great Master Karma was beheaded by Xu Ming himself.

“This...” Of course, the four rebellious cosmic sea powerhouses had already discovered that the situation was not right – didn’t they agree to kill Xu Ming with an overwhelming advantage? Why is Xu Ming doing well, but the powerhouses in Moyuan are all dead?

The four renegade cosmic sea powerhouses looked at each other: “Now in this situation, what should we do?”

Chapter 2268 Arrival

The four rebellious cosmic sea powerhouses fled in despair.

The situation has become like this, and of course they don't need to continue fighting. And they were going to leave, and the four of them couldn't stop Xu Ming – after all, Xu Ming was only particularly tyrannical in defense, and his attack and speed were convenient, and he was only at the ordinary “16th-order” level. The four rebellious cosmic sea powerhouses fled with one heart, and naturally no one can keep them.

“Run and run!” He Mo Shengen said lightly, “The identities of the four of them have been exposed, and in the future in the universe, they will only be like rats crossing the street, everyone shouting and beating, there is no threat at all! Moreover, once they If you are met by the world breaker, you will definitely die!”

“That's right!” Jihai Palace Master also said, “The four of them are betraying the entire Cosmic Sea, and they will definitely not end well! And... this also reminds us, maybe, in the Cosmic Sea, there are others. The other powerhouses have already betrayed!”

“There shouldn't be many!” said the Great Master Xingli, “There won't be many people who will believe the nonsense said by the Demon Abyss powerhouse!”

Mo Yuan powerhouse, when he is ruthless, he can even take his own life! How can they be trusted? Even if they swear by life, it doesn't seem to be very credible!

“Let's go! Go back to the Holy Emperor Universe as soon as possible to avoid extravagance!” said Saint Envoy He Mo.

...

The four continued on their way.

After walking for a while, he encountered the army of holy envoys of the holy emperor universe. Among the hundreds of holy messengers, the one who led the team was the holy messenger of Yincheng that Xu Ming knew.

“Huh? Why are you the only ones left? Where is the Great Master Karma?” The Saint of Yincheng asked a little puzzled. He got the news before, but said that the four of them were protecting Xu Ming together.

“We were ambushed by the powerhouses of Moyuan!” said Saint Envoy He Mo.

“The Great Master Karma... sacrificed?” The Silver City Saint was startled first, and then said solemnly.

“No... He has betrayed!” He Mo Sheng envoy showed disdain and said, “There are eight Mo Yuan powerhouses who ambushed us, and four betrayed powerhouses from the Universe Sea! We are struggling to support us. At that time, Great Senior Karma suddenly attacked Xu Ming!”

“What!?” The Saint Envoy of Yincheng was shocked and angry, “Eight Demon Abyss powerhouses, four Cosmic Sea traitors? Coupled with Karma, isn’t that thirteen ‘sixteenth-order’ combat power!? you...”

The Saint of Silver City did not continue. But what he meant was very clear – you actually kept Xu Ming! ?

“Humph!” The Saint of Yincheng hummed angrily, “The Great Master Karma, and the four traitors of the Universe Sea, we must not let go! After we go back, we will ask Da Neng to deduce their positions, and then we all The holy envoys will go to destroy together!”

In the sea of cosmos, the Holy Emperor Universe is undoubtedly the strongest force! Whether it is a world breaker level or a sixteenth-order powerhouse, they can crush the entire universe sea!

Those four rebellious cosmos sea powerhouses were targeted by the Holy Emperor Cosmos. Unless they are particularly good at hiding, they are not far from death! And this is also the price for their betrayal of the Universe Sea!

“Great Lord Karma, he’s already dead!” At this time, He Mo Sheng Envoy said.

“Great Lord Karma is dead?” Yincheng Saint Envoy widened his eyes, looked at Hemo Saint Envoy in shock, and said with emotion, “Hemo, it seems that your strength has become stronger again! The siege of so many people Under the circumstances, you were able to kill the Great Venerable Karma, and you even took Xu Ming to escape!”

The Saint of Silver City was really shocked. To tell the truth, he asked himself that he was far from being able to do this, but the Holy Envoy He Mo did it!

“No...” He Mo Shengshi shook his head awkwardly, “This has nothing to do with me!”

“It has nothing to do with you?” The Yincheng Saint Envoy was stunned for a moment, then his eyes fell on the Jihai Palace Master and exclaimed, “The Jihai Palace Master, it seems... you are really hiding!”

Jihai Palace Master waved his hands again and again: “No no no! It has nothing to do with me!”

“It has nothing to do with you?” Yincheng Saint Envoy was even more shocked, and his eyes fell on Xingzun Dazun. He remembered that although Great Senior Xing Li was the same as them, he was a “sixteenth-order” powerhouse, but his strength was one level weaker than them; could it be that Great Senior Xing Li did all this? The Great Senior is also hiding too deep!

“Stop guessing!” Of course, the Holy Envoy He Mo understood that the Holy Envoy of Yincheng had misunderstood. However, asking the Holy Envoy He Mo, even if he and the Holy Envoy Yincheng changed positions, there would still be such a misunderstanding.

“It’s Xu Ming!” He Mo said, “It was Xu Ming who killed the Great Master Karma!”

“What? Him!?” The Holy Envoy of Yincheng rounded his eyes and looked at Xu Ming in disbelief.

At this time, the Holy Envoy He Mo said again: “Xu Ming not only carried the attacks of many strong men, but also forcibly killed the Great Senior Karma! He also dragged down the eight Demon Abyss strong men alive!”

Yes!

The jade-faced Demon Venerable and other eight Demon Abyss powerhouses were dragged to death by Xu Ming!

“Kill Karma Da Zun? Drag to death eight Demon Abyss powerhouses!?”

The place was silent.

The Saint of Silver City was quiet.

The hundreds of holy messengers who came with him were all quiet.

However, everyone knows one thing – from this moment on, there has been a powerhouse far beyond the “ordinary sixteenth order” under the power of the world breaker in the universe sea! That is Xu Ming! Moreover, what is even more terrifying is that Xu Ming is only a “Heavenly Supreme” cultivation base!

At this time, the first reaction in the hearts of the Yincheng Envoy and others was: With Xu Ming here, the battle between the Universe Sea and the Demon Abyss has already tipped the scale of victory!

...

With hundreds of holy envoys escorting him, Xu Ming naturally never encountered any interceptions along the way.

Of course, even without the **** of the Holy Envoy, no one would dare to kill Xu Ming again—Xu Ming’s defense! This Nima, how to intercept?

Intercept Xu Ming? That’s not called interception, it’s called death!

...

“Is this the Holy Emperor Universe?”

Outside the Holy Emperor Universe, the followers of Xu Ming, including the Lord of Heavenly Demons, were quite excited.

Since the destruction of the universe in their hometown, the Holy Master of Tianmo and others, their greatest wish is to have a universe that allows them to live a stable life. And now, because of Xu Ming’s relationship, they have been accepted by the Holy Emperor Universe and become a member of the Holy Emperor Universe.

“You guys will live here from now on!” Xu Ming said lightly.

To Xu Ming The strength of the Holy Master Tianmo and others is really too weak! They continued to follow Xu Ming, and they could not help Xu Ming in any way!

“Thank you!” Holy Master Tianmo and others were extremely grateful.

“Xu Ming, what are you going to do now?” At this time, He Mo Shengen asked.

“I... I’ll go to the Temple of Discord first!” Xu Ming glanced at Saint Hemo and said.

Xu Ming naturally knew that the Holy Envoy He Mo was actually reminding himself—before, Xu Ming had promised the Holy Envoy He Mo that he would try his best to help him get a place in the Tower of Truth!

Although now, Xu Ming no longer looks down on the small net worth of He Mo Shengshi; however, since he has made a promise, of course, he must try his best to honor it.

Moreover, Xu Ming was already a disciple of the Temple of Discord. He came all the way to the Holy Emperor Universe, in fact, to “return” to the Temple of Disorder.

“Good! Good!” He said to Saint Mo, with anticipation in his eyes.

Chapter 2269 Self-expansion

The Temple of Disorder is located at the very center of the Holy Emperor’s universe.

Here, more than 90% of the top geniuses in the universe have gathered since endless years!

The power of the world breaker who walked out of the Temple of Disorder also exceeded half of the entire universe! Moreover, the great powers of the world breakers who walked out of the Temple of Disorder are often much more tyrannical than other world breakers, and they are the absolute best among them!

Since the birth of the Cosmic Sea, since the endless years... The Temple of Disorder has always ruled the Cosmic Sea.

The depth of the temple of disorder is so deep, one can imagine it!

Although Xu Ming has a lot of trump cards, and he has the cultivation base of Heavenly Supreme, his strength is far superior to the “sixteenth-order” powerhouse; however, Xu Ming still holds a bit of awe for the Temple of Disorder!

“In the Temple of Disorder, there will definitely be a chance for me!” Xu Ming secretly said, “Here, it should make me stronger, and let me break through to the level of the Great Venerable in one fell swoop!”

When Xu Ming breaks through to the level of the Great Senior, his strength will inevitably undergo a qualitative change again!

Today, Xu Ming can be said to be “invincible under the world breaker”; if he breaks through to the realm of the Great Senior again, and his strength jumps again, maybe... he can truly be comparable to the world breaker!

“The realm of great respect is comparable to the strength of the world breaker... This has never happened in the history of the universe!” Xu Ming secretly said, “But, for me, it is not impossible!”

Yes!

Impossible!

To know...

Xu Ming created a “particle universe” for every particle of the divine body; moreover, he also created the foundation of a perfect universe for every particle universe! Once he breaks through, that is, countless billions of particle universes will undergo qualitative changes at the same time; the improvement of strength is definitely more than one or two points!

What’s more, Xu Ming also practiced the “Eternal Realm”, a practice that even the supreme will must target!

Therefore, Xu Ming really has the confidence to challenge the power of the world breaker with the realm of great respect!

call out-

Xu Ming walked freely in the Holy Emperor universe.

Following the guidance of the Holy Emperor's cosmic will, Xu Ming arrived at the Temple of Chaos in a short time – a giant city full of heritage, and the fate of the entire cosmic sea.

Whoosh!

Xu Ming's figure dropped, and as soon as he entered the city gate of the Temple of Discord, he ran into an acquaintance – Supreme Venerable Cang Jiantian!

The Supreme Being Cang Jiantian was a genius who participated in the Discord Temple assessment together with Xu Ming before; he was also the most heaven-defying one besides Xu Ming!

“Xu Ming!?” Sovereign Cang Jiantian naturally saw Xu Ming as well, and couldn't help but have a wonderful expression – if it weren't for Xu Ming, Sovereign Cang Jiantian would be the most defying genius in this cosmic era! Moreover, even compared to many cosmic eras in the past, he is an extremely dazzling one!

However... because of Xu Ming's existence, Cang Jiantian's radiance was completely covered up! It's like the difference between “Light of Firefly” and “Bright of the Moon”!

Therefore, Cang Jiantian is undoubtedly jealous of Xu Ming!

And is very jealous!

Now, when Supreme Cang Jiantian saw Xu Ming again, his first reaction was that he couldn't help but feel a sense of inferiority in his heart!

But then, Cang Jiantian's heart turned into anger: “I actually feel inferior...”

Cang Jiantian is unacceptable in his heart!

In fact, Cang Jiantian Supreme did not imagine the scene when he reunited with Xu Ming! In every fantasy, Cang Jiantian is imagining himself. When he meets Xu Ming again, he has to compare Xu Ming – after all, Xu Ming returned to his home universe after the previous Discord Temple assessment; But Cang Jiantian Supreme and other geniuses stayed directly in the Temple of Discord!

“I have been practicing in the Temple of Discord for so long, and I have gained all kinds of resources and cultivation! Moreover, I also entered the Demon Abyss and fought on the edge of life and death...” Supreme Cang Jiantian remembered his own life after joining the Temple of Discord. experience. However, he didn’t know that Xu Ming had also been to Moyuan, let alone Xu Ming’s true strength, “And what about Xu Ming?”

Cang Jiantian Supreme couldn’t help comparing himself with Xu Ming!

“Xu Ming returned to his weak hometown Cosmos after the assessment! After that, he traveled all the way, across the sea of cosmos, and came here just now!” In the view of Supreme Cang Jiantian, he has been cultivating, but However, Xu Ming definitely didn’t have the time or resources to cultivate, “I have been improving, but Xu Ming has stopped! Now, my strength should not be weaker than Xu Ming? – Facing Xu Ming, what do I have? Need to be humbled?”

Thinking of this, Cang Jiantian’s eyes burst out with fighting intent.

“Xu Ming!” Supreme Cang Jiantian looked directly at Xu Ming with a pair of angry eyes, with some provocation, “I, Supreme Cang Jiantian, although I lost to you in the assessment! However, I challenge you now, how dare you Challenge?”

Cang Jiantian Supreme wants to prove that he is no weaker than Xu Ming!

Moreover, he was eager to prove himself-because Supreme Cang Jiantian was worried that Xu Ming would “transcend himself” after cultivating in the Temple of Disorder for a period of time.

“You?” Xu Ming looked at the Supreme Being Cang Jiantian in surprise, “You want to challenge me?”

However, Xu Ming could see that Cang Jian Tian Zhizun was still only the cultivation base of Tian Zhizun – this made Xu Ming a little dumbfounded!

You know... Xu Ming has just killed nine “sixteenth-order” Great Venerable powerhouses!

And what about Cang Jiantian Supreme? Just a Heavenly Supreme! Even if the strength has improved a lot, it is far from what Xu Ming can squeeze with one finger!

“Not bad!” Cang Jiantian Supreme did not feel the deep meaning in Xu Ming’s eyes, “I, Cang Jiantian Supreme, challenge you!”

“Forget it!” Xu Ming only said three words lightly, without explaining anything.

challenge?

This kind of challenge is meaningless and boring to Xu Ming! To put it in a bad way, Xu Ming could kill Cang Jiantian 10 or 8 times with just his fart—what’s the point of such a challenge?

However, Cang Jiantian Supreme’s first reaction was – Xu Ming was afraid of himself!

“Forget it? Why forget it?” Supreme Venerable Cang Jiantian aggressively said, “Xu Ming, aren’t you afraid? I know... You must be afraid of losing to me and your face is dull, so you dare not accept it. Challenging!”

lose to you?

Blurred face?

Xu Ming just wanted to say: Your imagination is really rich!

“What? I was right? I’m speechless?” Supreme Cang Jiantian continued with a sneer Xu Ming was speechless, so he could only ask, “Can we do it here?”

“Here?” Supreme Venerable Cang Jiantian was stunned, and then said, “Xu Ming, don’t you want to fight directly here? – You lost and don’t want to be known by others?”

“I...” Xu Ming didn’t want to say anything anymore – this Cang Jiantian Supreme, too self-inflated!

Xu Ming shook his head and secretly said in his heart, “If I don’t tell him to see my strength a little bit, I’m afraid he won’t stop bothering me!”

In this case...

Xu Ming silently stretched out a slap.

Chapter 2270: Beg For Humiliation

Xu Ming silently stretched out a slap.

“Oh?”

Supreme Cang Jiantian naturally noticed Xu Ming’s move, and couldn’t help but evoke a contemptuous smile on the corner of his mouth: “What? Are you going to make a sneak attack?”

sneak attack?

Xu Ming was speechless—the gesture of my slap was so obvious, how did you see that I was going to sneak attack? Besides... Have you ever seen such an obvious sneak attack?

However, Xu Ming said lightly, “Yes! Sneak attack! Be careful!”

The voice just fell!

Xu Ming’s palm!

call out-

Xu Ming's slap roared at a speed that Cang Jiantian couldn't understand!

Cang Jiantian Supreme only felt a flash in front of his eyes, and before he had time to react to what was going on, he found that he had already flown – he was slapped away by Xu Ming!

“This...” Supreme Venerable Cang Jiantian didn't care about the palm print on his face, his face was full of confusion, “How could it be so fast!?”

Cang Jiantian Supreme is really incomprehensible!

You must know that the Supreme Being of Cang Jiantian has not played against the Great Venerable in the Holy Emperor universe; even, he has also learned from many “fifteenth-order” powerhouses! – But even a “fifteenth-order” powerhouse can't be so fast that Cang Jiantian can't even react in time!

Therefore, Cang Jiantian Supreme was completely stunned! He couldn't understand why Xu Ming was so fast?

“Could it be... Xu Ming is more powerful than a ‘fifteenth-order’ powerhouse?” Cang Jiantian couldn't believe it, “How is it possible? Xu Ming is just a heavenly supreme! How could he be more powerful than a ‘fifteenth-tier’ powerhouse! And it's much more powerful?”

Bang!

Cang Jiantian fell to the ground with great respect.

Xu Ming did not pursue the victory after the opponent was flying, because it was not necessary. And... that slap just now, Xu Ming was actually very merciful; if Xu Ming made a full effort, it would be more than enough to kill Cang Jiantian Supreme in one move!

“Are you still fighting?” Xu Ming asked lightly as he looked at Cang Jiantian who fell to the ground.

“No more! No more!” This time, Cang Jiantian’s reaction was quick enough, and he shook his head quickly.

“Whenever you want to fight, you are welcome to come to me at any time!” Xu Ming left a sentence and walked away.

Cang Jiantian Supreme wanted to cry.

When do you want to fight, find Xu Ming at any time? – Does he still dare to look for it?

Xu Ming’s slap just now not only slapped Cang Jiantian’s face, but also left a heavy shadow in his heart. I’m afraid... From now on, Cang Jiantian will not dare to challenge Xu Ming again! Even if one day in the future, Cang Jiantian’s strength has broken through to the “sixteenth order” or even the level of a world breaker, I am afraid that he will not dare to challenge Xu Ming again!

Soon after Xu Ming left.

A disciple of the Temple of Discord passed by.

This disciple, named “Lou Xing”, joined the Temple of Disorder at the same time as Xu Ming and Supreme Cang Jiantian. However, compared to Xu Ming and Cang Jiantian Supreme, Lou Xing’s talent is much more ordinary, so he usually doesn’t have much sense of existence.

Lou Xing saw the slap print on Cang Jiantian’s face at a glance: “Senior Brother Cang Jian, are you...?”

Lou Xing couldn’t help asking.

Only then did Supreme Cang Jiantian react from the shock, and even controlled the divine body to remove the slap print on his face.

“No...nothing!” Supreme Venerable Cang Jiantian lied, “I suddenly thought of a palm technique just now, and I want to try it out, just...”

Lou Xing’s eyes widened slightly, shocked!

I suddenly thought of a palm technique, and wanted to try it out... So I used my own face to do it?

“Hey—” Lou Xing couldn’t help taking a deep breath, and said with awe, “Senior Brother Cang Jian, you are really ‘forgetting yourself’ about cultivation!”

At the same time, Lou Xing also secretly sighed in his heart: “No wonder I can’t keep up with Senior Brother Cangjian no matter how much I cultivate! Although I am serious enough in my cultivation, compared to Senior Brother Cangjian, I am far too far behind!”

is not that right!

When you think of a palm technique, try it on your own face? – Lou Xing admits that it is impossible for him to do this anyway!

It can even be said that as long as it is a normal person, it is impossible to do this!

“Mad! A madman in cultivation!” Lou Xing put a label on Cang Jiantian Supreme in his heart – he didn’t mean to despise him, but rather admired the other party.

“That’s right!” At this time, Lou Xing changed the subject, “Senior Brother Cang Jian, did you know that Senior Brother Xu Ming has returned?”

Xu Ming?

Hearing this name, Supreme Venerable Cang Jiantian couldn’t help but tremble at the corners of his mouth – the slap on his face was not drawn when he was experimenting with the palm technique, but was drawn by Xu Ming!

“I heard!” Cang Jiantian replied.

“Senior Brother Cang Jian, I remember, you said you wanted to challenge Senior Brother Xu Ming, right?” Lou Xing said again.

The corners of Cang Jiantian’s mouth twitched again—what pot can’t be opened and lifted!

“I advise you not to!” Lou Xing solemnly reminded.

“Oh? Why?” Supreme Venerable Cang Jiantian couldn’t help asking.

“Haven’t you heard about Senior Brother Xu Ming’s record?” Lou Xing couldn’t help but be surprised.

“Record? What record?”

“Senior Brother Xu Ming... In the Demon Abyss near the Jihai Universe, the divine armor was successfully refined!” Lou Xing’s eyes were filled with admiration. The Cosmic Sea has an absolute advantage in that Demon Abyss! The war in that Demon Abyss has basically subsided!”

Refined the armor?

Cang Jiantian was shocked, and at the same time he understood why Xu Ming was so strong! So strong that he has no resistance!

“This is nothing!” Lou Xing continued, “Senior Brother Xu Ming was ambushed by more than a dozen ‘16th-order’ powerhouses on the Moyuan side on his way back to the Holy Emperor Universe!”

“He escaped from the hands of more than a dozen ‘sixteenth-order’ powerhouses?” Although Supreme Cang Jiantian had seen Xu Ming, he couldn’t help but ask – after all, under the world breaker, let’s ask Who can escape from the ambush of more than a dozen “16th-order” powerhouses?

“Escape? Why did Senior Brother Xu Ming escape?” Lou Xing raised his chest and said proudly, “Senior Brother Xu Ming, killed nine ‘16th-rank’ powerhouses on the spot! The remaining few ‘16th-rank’ powerhouses Rank’ strong, flee in embarrassment...”

“What!!!” Supreme Cang Jiantian didn’t know how to describe the shock in his heart!

Besieged by more than a dozen “sixteenth-order” powerhouses, and in turn beheaded nine? The other four fled in embarrassment?

This...

Is this still the strength that Heavenly Sovereign should have! ? You say that you are a world breaker, I am afraid some people will believe it?

“I...” Supreme Cang Jiantian remembered that he had just stopped to challenge Xu Ming, and he couldn’t help but have the urge to hide his face and cry.

Is this a challenge?

This is total humiliation!

Moreover, Xu Ming also met his special request of “begging for humiliation”!

Lou Xing continued: “Now... the entire cosmos sea, the commanders guarding the other 136 demon abyss, have already arrived in the Holy Emperor Universe! They all want to invite Senior Brother Xu Ming to come over and settle the war in those demon abyss! ”

“Hmm...” Cang Jiantian Supreme said in a somewhat lost soul Lou Xing! You are better informed than I am! If there is such news in the future, you must remember it and let me know as soon as possible. Do you know? ”

If Cang Jiantian Supreme could get the news about Xu Ming earlier, why would he put his face together and ask for a draw?

“Oh! Okay!” Although Lou Xing didn’t understand, Cang Jiantian Supreme, who had always been concentrating on cultivation and didn’t care much about other things, why did he suddenly make such a request to himself. However, this is only a small request, and Lou Xing will naturally not refuse.

Seeing off Cang Jiantian Supreme.

Looking at Cang Jiantian's somewhat decadent back, Lou Xing suddenly thought of something: "Use your own face to test the palm technique? Why do I feel a little impossible? Besides, I remember that Senior Brother Xu Ming seems to have a title called As... a palm god?"

Lou Xing seemed to understand something at once.
