

A World 2291

Chapter 2291 I'm really hooked!

“Yuanmo Mountain!”

After killing the three Jie Zun, Xu Ming looked in the direction pointed by Qingyun Jie Zun.

It is no secret where Yuan Mo Mountain is. Xu Ming reckoned that when Qingyun Jie Zun faced death threats before, he probably wouldn't tell lies; after all, lying about this kind of thing doesn't make much sense.

“I'm heading in this direction, and I'll ask again on the way to find the location of Yuanmo Mountain. It's not difficult!” Xu Ming secretly said, “But...my current cultivation realm, walking in the Demon Abyss is a difficult task. !”

Judging from what Qingyun Jie Zun said, there should be no shortage of Supreme Jie Zun in the Demon Abyss.

Even if Xu Ming turned on the plug-in, he could only kill weak-level, obscure-level, and spiritual-level Jie Zun, but he could not deal with God-level Jie Zun and Supreme Jie Zun!

And Xu Ming walks the Demon Abyss with the cultivation of the Great Venerable, which will inevitably lead to a lot of trouble.

“Fortunately – whether it's my Divine Body Universe or the ‘Eternal Realm’ that I cultivate, I'm very good at disguising!” Xu Ming pondered, “In addition to the cover of Xiaohang and my own strength, I disguise It should be difficult to be seen as a World Honored!”

Xu Ming didn't want to cause trouble all day long because of his cultivation realm. In order to keep a low profile, he had to make his cultivation seem higher.

“But...” Xu Ming couldn't help but think, “Yuanmo Mountain, is there any danger?”

After thinking about it, Xu Ming decided to believe in Kunpeng Jiezun.

After all, if it wasn't for Kunpeng Jiezun's warning, Xu Ming might not be able to escape Qianji Jiezun's pursuit. Moreover, Xu Ming knew nothing about Moyuan and had no relatives. Apart from Yuanmo Mountain, there seemed to be no other place to go!

After disguising his cultivation and disguising his aura a little, Xu Ming walked towards Yuanmo Mountain.

Facts have proved that Xu Ming's disguise was right.

Walking in the Demon Abyss, Xu Ming encountered several weak-level World Venerables, but no one shot him again. Moreover, Xu Ming also inquired about the location of Yuanmo Mountain, and it was exactly the same as what Qingyun Jiezun said.

Xu Ming did not go in a hurry. After all, he was also worried that if he arrived at Yuanmo Mountain earlier than Kunpeng Jiezun, it would be better if he didn't know what to do.

On the way, Xu Ming encountered a cosmic heart again. This time, no one was going to compete with Xu Ming, and Xu Ming took the heart of the universe very easily.

"In the Demon Abyss, there seems to be an unowned heart of the universe floating everywhere?"

The heart of the universe is actually the most pure energy of a universe.

In the sea of cosmos, there is enough environment to allow the wandering heart of the universe to evolve into a nascent universe. However, in Moyuan, there is no such environment, so it is impossible for the heart of the universe to evolve into a real universe; and there is no universe in Moyuan.

"However, the number of Cosmic Hearts is very small! If a Cosmic Heart is discovered by two people at the same time, it is enough to cause snatch!"

The Heart of the Universe... is actually a necessities for the cultivation of the World Venerables.

From the weak-level Jie Zun, to the obscure-level Jie Zun, to the enlightening-level Jie Zun... one by one, the number of cosmos hearts required is staggering!

For someone like Xu Ming to defy the sky, the heart of the universe needed for cultivation is even more amazing! He has just stepped into the realm of the Great Venerable, and the countless billions of hearts of the universe left by the Eternal World Venerable have already been “spent” by him!

Next...

If Xu Ming didn’t find a way to obtain a large amount of Cosmic Hearts in Mo Yuan, but slowly picked it up one by one, then... Xu Ming’s cultivation realm, I’m afraid he shouldn’t even think about improving it!

“I hope everything will go well when we arrive at Yuanmo Mountain!”

If all goes well, then Xu Ming should be able to solve a lot of doubts. And if it doesn’t go well... Xu Ming’s best end is to continue to flee! If it’s close, you might not even be able to escape!

However, Xu Ming is now disguising his cultivation and aura, so he shouldn’t attract attention as soon as he arrives at Yuanmo Mountain. At that time, Xu Ming can observe a little first, and if he finds something wrong, he can run away immediately.

call out-

After traveling for tens of thousands of years, Xu Ming finally saw the outline of Yuanmo Mountain.

A journey of tens of thousands of years, this is only a very short distance in the Demon Abyss. It can be seen that the location where Xu Ming was born is not very far from Yuanmo Mountain.

“Yuanmo Mountain!” Xu Ming looked at him from a distance.

It is not so much a mountain as it is a “pillar”!

A stone pillar whose end cannot be seen anywhere in time and space.

Although Xu Ming was still far apart, he could still feel that around this stone pillar, time and space were in a strange state. The further up the stone pillar, the more bizarre and unreasonable the space-time becomes; further up, the space-time is so bizarre that even Xu Ming can't understand it, and Xu Ming can no longer see the outline of the upper stone pillar.

“According to Qingyun Jie Zun, there is no shortage of Supreme Jie Zun in Yuanmo Mountain!” Xu Ming pondered secretly, what kind of power is this Yuanmo Mountain.

hum—

At this moment, a powerful spiritual thought swept over and descended on Xu Ming.

“Xu Ming, here we come!” It was the voice of Kunpeng Jiezun.

“Kunpeng Jie Zun!” Xu Ming knew that this was Kunpeng Jie Zun's spiritual mind, which was many times stronger than himself; therefore, he discovered himself first.

After a while, Xu Ming saw that a figure shot towards him at high speed, it was Kunpeng Jiezun.

Seeing that Kunpeng Jiezun was not hostile, Xu Ming couldn't help heaving a sigh of relief.

“Haha! Xu Ming, we finally meet for real!” Kunpeng Jiezun laughed and patted Xu Ming's shoulder, “I didn't expect that our hometown universe would be full of talented people! In just a few universe eras, Three realms came out!”

“I'm not a real Jie Zun yet!” Xu Minglian explained.

“I know!” Kunpeng Jiezun laughed, “Although you are not in the realm of Jiezun, it is not difficult for you to step into Jiezun!”

“Yeah!” Xu Ming nodded without denying it.

For Xu Ming, if he just wanted to simply become a Jie Zun, it was really not difficult at all.

“Eternal Jie Zun, I won’t talk about it!” Kunpeng Jie Zun said with a smile, “I also learned later that he is the reincarnation of a reincarnator, and he is a loner with a particularly terrifying strength among the reincarnators! The forces seem to be quite afraid of him! It’s just... Eternal World Venerable disappeared soon, I don’t know where he is now, maybe he has already gone...”

Hearing this, Xu Ming couldn’t hear the words behind Kunpeng Jie Zun.

In Moyuan, although the “Supreme Rule” has become the “Supreme Rule of Death”, there is still an invisible force that prevents “Jie zun” from passing the message to “Under Jie zun”. Even if Xu Ming’s strength has reached the level of Jie Zun, but after all, he has not yet reached the realm, so he still can’t break through this invisible barrier Okay! Stop talking! Can’t say! “Kunpeng Jie zun gave a wry smile.

Although Xu Ming was curious about what Kunpeng Jie zun said, he couldn’t help but think: “According to Eternal Jie zun himself... I am his reincarnation!”

Is Xu Ming the reincarnation of Eternal World Zun?

Xu Ming himself can’t be sure! Unless... one day I can awaken the memory of my past life, then I can truly prove that I am really reincarnated!

“Eternal Jie Zun is a reincarnator, so I won’t mention it! His rapid rise, his strength surpasses the Universe Sea, and he even suppresses the entire Demon Abyss. That’s a matter of course! It’s you...” Kunpeng Jie Zun looked at Xu Ming, He exclaimed, “Your rising speed is no less than that of the Eternal World Venerable! Now, with the cultivation of the Great Venerable and the strength of the World Venerable, it’s really unbelievable, it’s like a hang-up!”

It’s like it’s just hanging up?

Xu Ming just wanted to say... I really got hooked!

Chapter 2292 must kill others first

Xu Ming and Kunpeng Jie zun walked side by side towards Yuanmo Mountain.

“Xu Ming, don’t worry!” Kunpeng Jiezun actually understood Xu Ming’s worries, “For you, Yuanmo Mountain is actually an absolutely safe place!”

“Absolutely safe?” Xu Ming couldn’t help but look at Kunpeng Jiezun.

How confident is Kunpeng Jiezun before he can say “absolutely”?

“Of course it is absolutely safe!” Kunpeng Jiezun said with a smile of course, “After you entered Moyuan, you should have encountered trouble?”

“Yes!” Xu Ming did encounter trouble shortly after entering Mo Yuan. But later, after he disguised his realm as Jie Zun, there was no more trouble.

Kunpeng Jiezun continued: “But... the person who shot you definitely didn’t want to kill you, but wanted to capture you alive!”

Xu Ming nodded: “Indeed!”

“Because...” Kunpeng Jie Zun sneered, “You are only valuable when you are alive! And... your value is probably no less than that of a supreme Jie Zun! And if you enter Yuanmo Mountain, Yuanmo Mountain How can you not protect you well? Even, I would rather lose a few god-level world respecters than put you in a dangerous situation!”

“What’s my value?” This was Xu Ming’s biggest doubt.

Kunpeng Jiezun pointed to the top of his head, it was the stars in the sky, the universe sea of endless billions: “Conquer the major universe seas!”

“My goal is the sea of stars?” Xu Ming couldn’t help but ask.

“That’s right!” Kunpeng Jie Zun said, “You must know... Mo Yuan’s Jie Zun cannot directly enter the major cosmic seas through the Mo Yuan channel; because the cosmic sea will repel foreign Jie Zun! Unless it is Only by returning to the sea of the universe in your hometown can you enter directly through the Demon Abyss passage.”

Like Kunpeng Jiezun, he has spent many years in Moyuan. He can't enter other cosmic seas at will, but he can return to his hometown's cosmic sea at will – as long as his hometown's cosmic sea is not in a quiet period.

“Jie Zun strong, if you want to enter other cosmic seas, you can only build a ‘Moyuan Altar’ in the target cosmic sea!” Kunpeng Jie Zun continued.

Speaking of this, Xu Ming actually understood.

When the Moyuan altar is not established, the strong Jie Zun cannot enter the universe sea. That is to say, the establishment of the Moyuan altar must be completed during the calm period of the target universe sea, relying on the power of the “Great Senior Level”-because in the calm period of the universe sea, the strong men of the world cannot go out of the universe, let alone stop the Moyuan altar. establishment.

However, even in the calm period of the cosmos sea, it is not easy for the power of the Great Senior level to invade the cosmos sea! After all, there will be many means left by Jie Zun to guard the passages of the major Demon Abyss, and will not let the Grand Master of Demon Abyss easily enter the cosmos sea. For example, Xu Ming's hometown, the Universe Sea, is guarded by the treasures left by Jie Zun. At the highest, only the power of the “Heaven Supreme Level” is allowed to enter the channel, and even the Great Zun cannot enter.

but!

If Xu Ming wanted to invade a cosmic sea, it would be easy!

Because Xu Ming is “the realm of great respect”, but he has “the power of the realm”! This means that Xu Ming can directly pass through the Demon Abyss channel and enter the various seas of the universe! As long as Xu Ming entered the cosmic sea in a calm period, there was no way to stop him from building the Moyuan altar; and once the Moyuan altar was successfully established, it almost meant that he had successfully captured a cosmic sea!

As long as the peaceful period of the cosmic sea passes, the great master of Moyuan can pass through the altar of Moyuan and kill in a big way.

However, Xu Ming also had something he didn't understand: “What's the benefit of capturing a cosmic sea?”

Kunpeng Jie Zun looked at Xu Ming and couldn't help but sighed and said, "This is the cruelty of the Supreme Rule! -Xu Ming, do you know how to become stronger at Jie Zun level?"

"How to become stronger?" Xu Ming naturally did not know.

"At the level of Jie Zun, there is only one way to become stronger – to get a lot of Cosmic Hearts!" Kunpeng Jie Zun said, "Although there are also some Cosmic Hearts floating in the Demon Abyss, the number is too small! To get a lot of cosmic hearts, the best way is to destroy a cosmic sea!"

"Destroy a cosmic sea!?" Xu Ming was a little shocked.

A cosmic sea...

How many billion universes is that?

How many billions of creatures?

"Destroy a cosmic sea, then everything in this cosmic sea will return to its origin! When the cosmic sea collapses, the incalculable energy will return to become the heart of the universe that is billions of millions..."

What a majestic horror that was!

Kunpengjie sighed: "This is the ultimate part of the supreme rule – if you want to strengthen yourself, you must kill others first!"

Xu Ming also fell into a long silence.

If you want to strengthen yourself, you must first kill others!

When you reach the level of Jie Zun, if you want to continue to become stronger, you must find a way to destroy the cosmic seas! Or, you will always be the weakest "weak-level world master"!

“No Jie Zun would be willing to stay at the weak and obscure level forever!” Kunpeng Jie Zun said, but he couldn’t explain the reason in depth, “and relying on the cosmos heart floating in the Demon Abyss, it is impossible to make People have broken through to the spirit-level world honor! After all, the hearts of the universe floating in the demonic abyss are all after the collapse of the cosmic seas, and they have not been acquired and survived, and there can be no too many!”

The sea of cosmos... breeds the endless universe, which should exist forever!

However, in order to strengthen themselves, Jie Zun must destroy the cosmic seas! Especially those cosmic seas with weaker powers are particularly easy to become targets – such as Xu Ming’s hometown of cosmic seas, there is only one holy emperor universe, and only two supreme realms, which is a typical “cosmic sea with weaker power”. No wonder will be the target!

At this time, Kunpeng Jiezun sighed again: “Our hometown, the Universe Sea, is already very dangerous!”

“Why?” Xu Ming was puzzled.

“Because...” Kunpeng Jiezun looked at the endless stars from afar I don’t know which distant star would be the hometown of the universe sea, “If you want to destroy a universe sea, then this universe sea will be There must be 137 Demon Abyss passages!”

One hundred and thirty seven?

Xu Ming couldn’t help shrinking his pupils: “Our home universe already has 137 Demon Abyss passages!”

“Yes!” Kunpeng Jie said respectfully, “That’s why there are so many demonic creatures attacking our hometown cosmos sea! Once in a quiet period in our hometown cosmos sea, the Moyuan altar is successfully established, It’s time for the collapse of the hometown cosmos sea!”

Kunpeng Jiezun looked at Xu Ming again: “But it’s okay now... As long as you are still in the realm of Dazun, and you don’t break through to become Jiezun, it is impossible for us to build a Moyuan altar in the universe of our hometown!”

While speaking, Xu Ming and Kunpeng Jiezun had already arrived at the foot of Yuanmo Mountain.

“It’s here!” Kunpeng Jie said respectfully, “Several mountain masters are already waiting for you!”

Chapter 2293 Not cruel?

Yuanmo Mountain has a total of thirty-two mountain masters, all of whom are in the “Supreme Realm Venerable” realm!

However, not all mountain owners live in Yuanmo Mountain. At this moment, there are only six mountain masters in Yuanmo Mountain.

Xu Ming stood at the foot of Yuanmo Mountain, as if looking at Tianzhu.

Kunpeng Jiezun flew up with Xu Ming and explained: “Yuanmo Mountain is actually a pillar of dimension.”

“Pillar of Dimension?” Xu Ming had never heard of this term.

Kunpeng Jiezun continued to explain: “The world of the Demon Abyss and the space where the Universe Sea is located do not actually belong to the same dimension. Once everything in the Universe Sea falls into the Demon Abyss, it will be hit by dimensionality reduction!”

Dimensionality reduction attack?

Xu Ming wondered: “I don’t feel it!”

“Your strength has reached the level of Jie Zun, so naturally you don’t feel it!” Kunpeng Jie Zun said, “If your strength is not at the level of Jie Zun, once you enter the Demon Abyss, you will be destroyed in the blow of dimensionality reduction!”

Kunpeng Jiezun explained a few more words: “In the sea of cosmos, through the Demon Abyss passage, in fact, it is not really entering the Demon Abyss, but just entering the ‘Tianhe Realm’! In the Tianhe Realm, there are countless demonic creatures living; The strength of the level, after passing through the Demon Abyss passage, even before feeling the blow of dimensionality reduction, he was directly besieged by the Demon Abyss creature and died!”

“Yeah!” Xu Ming nodded. When he just passed the Demon Abyss passage, he was indeed besieged by Demon Abyss creatures.

“After overcoming the siege of Moyuan creatures, it is the dimensionality reduction attack!” Kunpeng Jiezun said again.

The blow of dimensionality reduction was actually the irresistible but incomparably soft power that Xu Ming felt at that time—Xu Ming felt that the power was “soft” because his strength had reached the level of Jie Zun; Great Senior Level, that is not “soft”!

It’s like patting someone’s shoulder lightly with your hand, it’s gentle; but what about patting a mosquito or an ant lightly? Just shot to death!

Under Jie Zun, all are ants!

Especially in the time of dimensionality reduction, “Jie Zun’s strength” and “Jie Zun’s lower” are even more distinct. It is precisely because of this that when Xu Ming first arrived at Moyuan, those Jie Zuns were so surprised when they saw that Xu Ming was actually a Great Zun. The siege of the demonic creatures in the Tianhe Realm; however, in the following dimensionality reduction blow, there is no doubt that they will die!

Dimensionality reduction blows, but I can’t get others to help resist.

“I haven’t even felt it yet, but I have already experienced a dimensionality reduction blow?” Xu Ming couldn’t help saying.

Kunpeng Jiezun continued: “Because the world of Demon Abyss and the space where the Universe Sea is located are not in the same dimension, so... If you want to go from Demon Abyss to the Universe Sea, you must pass through the Pillar of Dimension!”

Yuan Mo Mountain is actually a pillar of dimension.

“In the pillar of dimension, there are countless layers of space, which lead to the magic abyss passages of each cosmic sea! Your cultivation is actually the realm of the Great Senior, so you can enter any layer of space and go to the major cosmic seas at will. And those of us who are respected

in the world can only return to their hometown cosmos sea; if they want to enter other cosmos seas, they will be rejected, unless they first establish the altar of Demon Abyss to open up time and space!”

Xu Ming understood: “The pillar of dimension is very important in Moyuan!”

“Only occupying a pillar of dimension can be regarded as a force in Moyuan, such as our Yuanmo Mountain!” Kunpeng Jiezun nodded, “Occupying the pillar of dimension, you can invade the major seas of cosmos; if there is no dimension of Zhu, then you will not be able to go back to your hometown, the Universe Sea!”

Kunpeng Jiezun took Xu Ming, and after flying to a certain height, he rammed directly towards the pillar of dimension.

This mountain wall of the Pillar of Dimension seems to have turned into a stream of water. Xu Ming and Kunpeng Jiezun directly entered the inner space on the first floor.

In this space, there are thirty-two futons. Today, there are only six futons sitting cross-legged on the Mighty One, while the other futons are empty.

“Meet the six mountain masters!” Kunpeng Jiezun bowed slightly, “I have already received Xu Ming!”

“Kunpeng Jiezun, you did a great job!” A mountain master with a single horn on his head said with a smile.

Another mountain owner with a white goatee also had a warm face: “Xu Ming, I am Wuxiang Jiezun! There are some things, Kunpeng Jiezun should have already told you on the road? – At the Jiezun level, I want to continue to become stronger, you must have a large amount of the heart of the universe; including you, although you are still a great master, but you already have the strength of the world, I am afraid you also need the heart of the universe to become stronger, right?”

Xu Ming nodded noncommittally.

really!

Xu Ming now, if he wants to continue to become stronger, he must first cultivate the “eternal world” to a higher level, that is, to cultivate to the second level of the “eternal world”: there is no realm in the middle of life!

And cultivating the “eternal world” requires a lot of cosmic hearts!

“If you want to strengthen yourself, you must kill others first!” Xu Ming said.

Xu Ming had already realized the cruelty of the supreme rule.

And Xu Ming is also ready to invade the major cosmic seas to obtain a large number of cosmic hearts! – This is undoubtedly very cruel, but... Only those who despise everything can be qualified to talk about kindness; and whether it is Xu Ming, the Supreme World Honor, or the reincarnations, obviously they are far from qualified to talk about the word “kindness”!

Without the strength to despise everything, it would be foolish to talk about “kindness”! Like Xu Ming, if he doesn’t work hard to become stronger, what awaits him is the approaching death; if nothing else, there are not a few reincarnations who want to kill Xu Ming to plunder their luck!

Is it to kill others to strengthen yourself? Or let others kill you, and then strengthen others? – There is no need to make a choice at all!

“If you can understand the rules of survival at the level of Jie Zun, that’s the best!” The Mountain Master Wuxiang laughed. He originally thought that it might take a lot of energy to persuade Xu Ming to make Xu Ming “cruel”; now it seems that it is not necessary.

“Xu Ming!” Kunpeng Jie Zun also said at this time, “Maybe in your opinion, invading and destroying a cosmic sea is a very cruel thing! But in fact, in the eyes of our Jie Zun realm, it really doesn’t count. What – because of the constraints of the supreme rules, there are many things that we can’t explain to you! But I want to tell you that destroying a cosmic sea is actually not a cruel thing; the most desperate and helpless is our Jie Zun. ah!”

Speaking of which Kunpeng Jie Zun, Wuxiang Jie Zun, etc., are all silent – this is an indescribable feeling of powerlessness.

“When you really step into the realm of Jie Zun, you will understand our helplessness!” Kunpeng Jie Zun sighed.

“Kunpeng Jiezun, you take him to the lower space first!” Wuxiang Jiezun said, “Our mountain masters have to discuss which cosmic sea is more suitable to invade first!”

“Yes!” The previous one-horned mountain master also said, “In our Yuanmo Mountain, after all, only six supreme realms are present; the other mountain masters are in their respective universes and cannot return to Yuanmo Mountain for the time being. We cannot invade other cosmic seas together. Therefore, the cosmic sea we need to invade cannot be too powerful!”

Yuan Moshan wants to choose the kind of cosmic sea with few strong ones to invade. Otherwise... a bunch of powerhouses from Yuanmo Mountain rushed over, and there were not as many powerhouses in the universe as others, so it would not be called an invasion, but a joke!

“But...” Wuxiangjiezun said again, “As long as we capture a cosmic sea, our Yuanmo Mountain will be able to get a lot of cosmic hearts, and a large number of god-level Jiezun and even Supreme Jiezun will emerge directly! When we invade the next cosmic sea, it will be much easier!”

Chapter 2294 Reptiles

Yuanmo Mountain is divided into countless layers of space.

The mountain masters, that is, the thirty-two supreme realms, occupy dozens of layers of space.

God-level Jie Zun and Qiling-level Jie Zun also occupy dozens of layers of space.

On the contrary, there are the largest number of Hundred-level World Venerables and Weak-level World Venerables, who occupy the fewest layers of space—because they are the weakest.

“Xu Ming, the news of your coming to Yuanmo Mountain is still top secret!” Kunpeng Jiezun said, “After all, if the news spreads and other forces know of your existence, it will definitely cause a lot of trouble! Especially Those reincarnation forces will definitely kill them immediately!”

“Yeah!” Xu Ming naturally understood this truth.

“Now, there is Wuxiang Mountain Master to help you cover up your breath, ordinary Jie Zun can’t see your real realm! You just treat yourself as an ordinary weak Jie Zun, and live with me in Yuan Mo first. In the mountains!” Kunpeng Jiezun said again.

“Okay!” Xu Ming smiled.

However, Xu Ming is also a little curious: “Kunpeng Jie Zun, you are the first Jie Zun born in our home universe, you have left the home universe and entered the universe sea, and there have been one or two universe eras... Your current realm Yes?”

Xu Ming was quite curious about the realm of this “compatriot and senior”. To be honest, Kunpeng Jiezun can be regarded as a leader on his cultivation path.

“I...” Kunpeng Jie Zun showed a hint of shame, “Up to now, it’s just a stupid-level Jie Zun!”

Humble-level Jie Zun, among Jie Zun, is already relatively weak!

Not to mention in Moyuan, even in the sea of cosmos, the Hunning-level Jie Zun is not a strong person.

Only those who are above the ***** level can be called strong!

However, Kunpeng Jiezun is actually humble. He has only practiced for a few epochs of the universe so far, which is considered a very short period of time. He has already reached the realm of the nefarious realm so quickly, even in the Demon Abyss, it is considered a relatively fast cultivation speed!

And... Kunpeng Jiezun is absolutely the top of the Hunbo-level Jiezun because of his special skills! Even some spirit-level Jie Zuns are not necessarily his opponents.

To be honest, Kunpeng Jiezun’s strength is enough for him to be proud! It’s just that he met Xu Ming, a fellow who was even more amazing and defiant, so he couldn’t be proud, so he had to keep a low profile and modesty.

“Cultivation at the level of Jie Zun actually mainly depends on resources!” Kunpeng Jie Zun said again, “At the level of Jie Zun, talent is not so important! As long as you can get enough hearts of

the universe, no matter which Jie Zun is To be able to cultivate to become the supreme realm! Therefore, Xu Ming, when attacking the various seas of the universe, you should have many opportunities to obtain the cosmic heart! You must accumulate more cosmic hearts and truly break through to the realm of Jiezun in the future. , it is easy to improve the realm!”

“Yeah!” Xu Ming remembered.

Bang!

Under the leadership of Kunpeng Jiezun, Xu Ming entered one of the first floors of Yuanmo Mountain, where the Hunyou-level Jiezun lived.

“In this space, there are hundreds of Hundred-level Jie Zun!” Kunpeng Jie Zun introduced.

“Hundreds of Jie Zun?” When Xu Ming was in the sea of cosmos, he had never seen so many Jie Zun! Maybe there are many realms living in the Holy Emperor universe, but Xu Ming has only seen a few.

“Let’s go! Just stay in my residence temporarily!” Kunpeng Jiezun said with a smile.

But at this moment-

boom! !

A ferocious black figure charged aggressively from a distance.

“Huh?” Xu Ming couldn’t help but be a little puzzled, because the visitor was obviously not good.

“Huh?” Kunpeng Jie Zun also frowned and said softly, “Why did you come across this jumping clown?”

“Has there been a festival?” Xu Ming saw it.

“When I first entered Yuanmo Mountain, I was only at the weak level, and this Jianyao Jiezun is already at the obscure level!” Kunpeng Jiezun explained, “Once we went out together, I got some hearts of the universe. , he just wanted to ***** it! Although I was only at the weak level at the time, I taught him a lesson in turn, and I forged a grudge. Later, I also broke through to the Hundred level, and I was even less afraid of him! But... Yuan In the magic mountain, killing each other is not allowed. Although I am stronger than him, there is nothing I can do against him. On the contrary, he often runs over to provoke me.”

After listening to Kunpeng Jiezun’s brief explanation, Xu Ming also understood that he was really just a clown jumping on the beam.

If Kunpeng Jiezun takes the opportunity outside Yuanmo Mountain, it is estimated that there will be no such person as Jianyao Jiezun in the future.

boom! !

Jian Yao Jie Zun quickly rushed in front of Xu Ming and the two of them and stopped.

“Oh?” Jianyao Jiezun first glanced at Xu Ming, and then his eyes fell on Kunpeng Jiezun, “Kunpeng Jiezun, you actually brought a weak-level Jiezun into our space? Could it be that? You don’t know the difference between honor and inferiority, weak-level world honor is not qualified to enter our space?”

Is there a difference in honor?

When Xu Ming heard the words, a cold light flashed in his eyes.

You must know... Xu Ming’s true cultivation level is still only in the realm of the Great Venerable, not even the weak-level World Venerable; however, with the “seckill” hanging, he can easily seckill all the World Venerable below the ***** level!

What is respect? Why humble?

Whether it is in the sea of cosmos or in the magic abyss, the strong are respected, and the weak are humble!

Xu Ming can even kill the Qiling-level Jiezun in one second, that is, there is no way to take the god-level Jiezun and the supreme Jiezun – a mere obscure-level Jiezun, how dare he say in front of Xu Ming that there is a difference between the superior and the inferior?

This kind of jumping clown, I am afraid it is because Yuan Moshan does not allow each other to kill each other, so he can survive until now.

“Jian Yao, you’d better not meet me outside Yuanmo Mountain!” Kunpeng Jiezun warned.

When Kunpeng Jiezun was still a weak Jiezun, he was already able to hang Jianyao Jiezun, whose realm was at the Humble-level. Now Kunpeng Jiezun has broken through to the level of ignorance and Jianyao Jiezun is still at the level of ignorance. Kunpeng Jiezun wants to kill him, it really shouldn’t be too easy!

“Haha! Of course I wouldn’t dare to meet you outside Yuanmo Mountain!” Jian Yao Jiezun sneered, “Even if we did, it would be in the presence of a powerful person from our Yuanmo Mountain! If you don’t believe me, under such circumstances, would you dare to attack me?”

Jian Yao Jie Zun is very confident.

“It’s you—” Jianyao Jiezun turned his attention to Xu Ming again, “A weak-level Jiezun, but was so taken care of by Kunpeng Jiezun, you must be from the same sea of cosmos, right? It’s sad, your universe Hai, it should be in jeopardy now, right?”

Precarious?

Xu Ming really didn’t feel much.

However, Jian Yao Jie Zun continued to mock: “When your cosmic sea collapses, the Jie Zun of your entire cosmic sea will all be pitiful reptiles! Especially when you are a weak and weak Jie Zun, I just learned the cruel truth of the supreme rule, and I have no chance to become stronger, and I will become a poor reptile, which is really sad!”

Chapter 2295 Whose hometown?

When the universe sea collapses, all the realms will become pitiful reptiles?

Xu Ming was puzzled.

Kunpeng Jiezun also did not explain to Xu Ming-because of the limitations of the supreme rules, even if he explained, he would not be able to let Xu Ming hear it. Everything, when Xu Ming breaks through to the realm of Jie Zun, it will naturally clear the clouds.

“If you want to blame, it’s your cosmic sea. There is nothing in the puppet one and the formation one who has built a very high Jie Zun!” Jian Yao Jie Zun said proudly, “It’s not like my hometown Cosmic Sea. The defense of the Demon Abyss passageway is impeccable. Those Demon Abyss creatures cannot break the defense of my hometown Cosmos Sea at all!”

In fact, the number of Moyuan passages in Jianyao Jiezun’s hometown Universe Sea has reached 137, which is no less than Xu Ming’s hometown Universe Sea.

However, in the universe sea of Jianyao Jiezun’s hometown, there is a Jiezun who is very good at the formation of one, and defends every channel of the Demon Abyss as impregnable. Therefore, the hometown of Jianyao Jiezun, the universe sea, is obviously in a good situation.

“Kunpeng Jiezun!” Jianyao Jiezun sneered, “Your practice is really powerful! Your luck is also good, not long after you entered the world of Moyuan, you actually got a lot of hearts of the universe, breaking through to the point of ignorance. Level Jie Zun! But... your hometown cosmos sea should not last long, right? When your hometown cosmos sea collapses, then you will be nothing!”

However, Jianyao Jiezun didn’t know that because of Xu Ming’s appearance, Xu Ming’s hometown universe was already impregnable for defense!

“And I—” Jianyao Jiezun stared at Kunpeng Jiezun and continued, “Although my strength is not as good as you, and my luck is not as good as you, I’m not in a hurry! I just need to play steadily, and there will be time to slowly break through to Qiling level and gods. level, and even become the Supreme Realm Venerable!”

Jian Yao Jie Zun obviously came forward to mock him on purpose.

After taunting, he also left.

Because he was in Yuanmo Mountain, Kunpeng Jiezun couldn't take action against him, and couldn't teach him a lesson.

"This Jianyao Jiezun is a complete villain!" Kunpeng Jiezun reminded Xu Ming, "If you meet him alone in the future outside Yuanmo Mountain, try to avoid it!"

Kunpeng Jiezun was also worried that Xu Ming would suffer, so he reminded him specially.

"Avoid?" Xu Ming smiled disdainfully.

Xu Ming has "seckill" hanging in his hand, and there is nothing worthy of his avoidance under the god-level Jie Zun! If this Jian Yao Jie Zun is really ignorant, Xu Ming wouldn't mind killing him in seconds when he had a chance.

"However, several mountain masters should not let you meet other Jie Zun alone!" Kunpeng Jie Zun said again.

Now, Xu Ming is the treasure of Yuan Moshan! Several mountain masters also counted on Xu Ming to attack the major cosmic seas; how could Xu Ming be in danger?

...

Rested in Yuanmo Mountain for several years.

The Mountain Master Wuxiang summoned Xu Ming again.

"So fast?" Kunpeng Jiezun showed consternation, "Several mountain masters have agreed so quickly, which cosmic sea will they attack?"

He originally thought that it would be a few epochs or even longer to wait for a long time! After all, for the level of Jie Zun, there is really no concept of time.

"Earlier!" Xu Ming laughed.

Xu Ming didn't have much cosmic heart at hand. Once all the hearts of the universe are used up, he will not be able to improve his strength for the time being! – After all, Xu Ming has now encountered a bottleneck in the divine body. If he wants to improve his strength, he can only rely on cultivating the “Eternal Realm”; and to cultivate the “Eternal Realm”, he must have a large amount of the heart of the universe.

Therefore, Xu Ming also wanted to attack the major cosmic seas as soon as possible and obtain the heart of the universe as soon as possible. In this way, he can become stronger as soon as possible and return to his hometown Universe Sea.

Otherwise, Xu Ming may have a home and can't go back! After all, in Xu Ming's hometown of the universe, there is a samsara waiting for him!

“Walk!”

Xu Ming and Kunpeng Jiezun immediately set off, and soon saw several mountain masters.

“The target Universe Sea has been determined!” The Mountain Master Wuxiang came straight to the point, “But...”

But what?

Xu Ming and Kunpeng Jiezun both looked at Wuxiang Mountain Master. Is there any difficulty?

The Mountain Master Wuxiang continued: “This cosmic sea should be the weakest of the qualified cosmic seas we have found so far! There is only one supreme realm in the entire cosmic sea; with the power of our Yuanmo Mountain, You can easily crush that cosmic sea! – It should be effortless to take down that cosmic sea!”

“Is there any problem then?” Kunpeng Jiezun asked suspiciously. As long as the first target cosmic sea can be attacked without any effort; then, it will be much easier to attack the second target cosmic sea later!

After all, if Yuan Moshan swallowed the entire heart of the universe, the entire Yuan Moshan would have skyrocketed in strength! I am afraid that there will be a lot of Supreme World Venerable and God-level World Venerable! At that time, it is naturally very easy to attack the second target Cosmic Sea.

“However...” The Master of Wuxiang Mountain showed a hint of embarrassment, “We have a realm in Yuanmo Mountain, who happened to come from that cosmic sea!”

The number of cosmic seas is in the billions.

The number of realms in Yuanmo Mountain is undoubtedly much less than the number of cosmos seas, and it is not an order of magnitude at all. In this case, the target Universe Sea selected by several mountain masters happened to be the hometown of a certain Jie Zun in Yuanmo Mountain. It must be said that it is a very coincidence!

“This...” Kunpeng Jiezun certainly understands why the Wuxiang Mountain Master is embarrassed!

Yuan Moshan, after all, is a force that many world honors hold together. Joining the Jie Zun of Yuanmoshan, one is to have the opportunity to make himself stronger, and the other is to better protect the hometown of the universe. If Yuanmoshan takes the initiative to attack a member’s hometown of the universe, it will undoubtedly be cold. The hearts of the other members of the Magic Mountain.

“Is there no other choice?” Kunpeng Jiezun couldn’t help asking.

“It’s not nothing!” Wuxiang Mountain’s main road After all, our overall strength of Yuanmo Mountain is not very strong. If we choose other universe seas as the target, there may be some surprises! – You also understand that as long as Xu Ming makes a move, the major forces in Moyuan will soon know about it! Therefore, the first target Cosmic Sea we attacked must be absolutely foolproof! And it can be sure that it is foolproof, there is only such a cosmic sea! ”

“Is that so...” Kunpeng Jiezun, of course, also understood the meaning of Wuxiang Mountain Master. Moreover, Kunpeng Jiezun is sure that as long as Wuxiang Mountain Master tells other Jiezuns in Yuanmo Mountain about this situation, then... I am afraid that almost all Jiezun will agree to choose this “safe” cosmic sea as the target of attack.

The only one who will object, it is estimated that only the Jie Zun who happens to be from the target universe sea.

after all...

In the face of absolute interests, any grouping or friendship is very empty.

“Which Jie Zun’s hometown, the Universe Sea, is that?” Kunpeng Jie Zun asked.

Wuxiang Mountain Master said lightly: “It’s the hometown of Jianyao Jiezun!”

Chapter 2296 will know soon

The ninety-ninth floor of Yuanmo Mountain.

This layer of space is specially used by Yuan Moshan to discuss matters and hold parties.

On this day, the space on the 99th floor was extremely lively. The Jie Zun who had gathered here couldn’t help but whisper.

“What’s the situation today?”

“I do not know...”

“It seems that as long as the Jie Zun in Yuanmo Mountain is in retreat, all are called here! I’m afraid there is something important!”

“Can something big happen?”

The news about Xu Ming is also top secret in Yuanmo Mountain. Apart from a few mountain masters, Kunpeng Jiezun also knows about Xu Ming. Therefore, the Jie Zuns of Yuanmo Mountain are very curious, what is the big event, and all the Jie Zuns are called together.

call out! call out!

When Xu Ming and Kunpeng Jiezun entered the space on the ninety-ninth floor, they happened to see Jianyao Jiezun, and both of them tacitly turned towards Jian Yaojie and cast a sympathetic look.

“What are you looking at!” Jianyao Jiezun didn’t notice the sympathy in Xu Ming and Kunpeng Jiezun’s eyes; he scolded Xu Ming arrogantly, “Boy, you’d better not be there I ran into me alone outside!”

“I’m afraid there won’t be this chance!” Kunpeng Jiezun shook his head and said meaningfully.

“There won’t be this chance? That’s not necessarily!” Jian Yao Jiezun still didn’t notice anything unusual, and said with a sneer, “Let’s see!”

“Alas...” Xu Ming couldn’t help but sigh for Jian Yaojie – how terrifying ignorance!

However, as soon as he arrived at the universe sea of Jianyao Jiezun’s hometown, he was about to tear it down by himself, and Xu Ming “couldn’t bear” to attack Jianyao Jiezun again.

...

All the Jie Zun of Yuanmo Mountain entered the seats one after another.

Up to the supreme world, god-level world, down to the weak level... as long as they are in Yuanmo Mountain now, all of them will be present!

“Have you all arrived?” The Wuxiang Mountain Lord glanced around and made sure that everyone had arrived, “Then let’s start!”

“Um!”

Several mountain masters looked at each other, nodded, and then used their magical powers together to completely block the space on the 99th floor.

“what happened?”

“Why block time and space?”

The other World Venerables didn't know what was going on, so they couldn't help being a little panicked.

The Wuxiang Mountain Master explained: "The next thing to talk about is the top secret of our Yuanmo Mountain, which is related to the rise and fall of our entire Yuanmo Mountain! So... from now on, we must isolate you from all contact with the outside world. Please forgive me!"

Yuan Moshan... What other top secrets are there?

Moreover, listening to the meaning of the Wuxiang Mountain Master is likely to be of great benefit to the Jiezun of the entire Yuanmo Mountain?

All the worlds could not help but become more and more curious.

As for the isolation of contact with the outside world, this is not very concerned by the world's respect – except for the traitor, the normal world's respect probably won't care!

"What will it be?"

All the realms are waiting.

boom! !

On the ninety-ninth floor, time and space are completely blocked. Even the Supreme Realm Venerable would never want to send messages out.

However, Wuxiang Mountain Master did not go straight to the theme, but turned his attention to Jianyao Jiezun and said softly: "Jianyao Jiezun, you come up first, come to me!"

"Huh?" Jianyao Jiezun couldn't help but wonder why he was named.

And the other Jie Zun were also puzzled, because they didn't feel that there was anything special about Jian Yao Jie Zun!

“Jian Yao Jie Zun, joined my Yuan Demon Mountain, there have been thirty cosmic eras!” The Mountain Master Wuxiang praised, “He fought for my Yuan Demon Mountain, fought in the various seas of the universe, and made countless military exploits! But because He’s never been greedy for merit, so he’s still just an obscure-level World Venerable!”

“Uh...” Jian Yao Jiezun couldn’t help being a little stunned.

He joined Yuanmo Mountain, indeed, there have been thirty cosmic eras. As for the “innumerable achievements” that the Wuxiang Mountain Master said, it is a bit exaggerated!

If it weren’t for the fact that the Wuxiang Mountain Master was always serious, Jian Yao Jiezun would even doubt whether the Wuxiang Mountain Master was deliberately speaking the opposite.

After all, Jianyao Jiezun still has self-knowledge – because he is weak and timid, so although he has joined Yuanmo Mountain for 30 cosmic eras, he has not made many achievements!

It is precisely because he has not made many military exploits that Jianyao Jiezun has not gained much cosmic heart, so his realm will always stay at the level of ignorance.

“what?”

“What?”

“Am I right?”

Many other world respecters couldn’t help but mutter.

Jian Yao Jie Zun has already entered the 30 universe eras of Yuanmo Mountain... Does he have great military exploits and whether he is greedy for merit? Don’t everyone still know?

You must know... Jian Yao Jie Zun has robbed many other Jie Zuns of Yuanmo Mountain’s trophies. It is precisely because of that, Kunpeng Jiezun will be enmity with Jianyao Jiezun.

“Could it be... Jian Yao Jie Zun has done a lot of things in private that we don’t know about?”

“Impossible! If he really did a lot of things, even if he is not greedy for merit, how could it be that he is still only an obscure-level Jie Zun?”

“Look! Let’s see what the Wuxiang Mountain Master will say!”

“To call so many of us today, shouldn’t it be to honor Jianyao Jiezun?”

“It shouldn’t be! There must be other things!”

...

The Mountain Master Wuxiang continued: “Jian Yao Jiezun has done a lot to our Yuanmo Mountain! But the current realm is only at the level of ignorance, which really makes our mountain masters ashamed! So – our mountain masters agreed to discuss it. Decided to reward Jian Yao Jiezun with enough cosmic hearts so that his realm can break through to the spiritual level!”

“what!?”

“what!?”

“what!?”

“Jian Yao Jie Zun? Why!?”

Not to mention the other Jie Zun in Yuanmo Mountain was dumbfounded, even Jian Yao Jiezun himself was dumbfounded – he never dreamed that one day, he would be rewarded by Yuanmo Mountain with a lot of universes heart of!

You must know that in Yuanmo Mountain, if you want to obtain the heart of the universe, you must rely on your own abilities. There are very few people who can be rewarded with the Heart of the Universe, let alone “a lot”.

“Master Wuxiang, I...” Jianyao Jiezun couldn’t help but be excited, “How can I be! What a shame!”

Although Jian Yao Jie Zun said this, his hands were very honest, and he had already stretched out to receive the reward. His actions naturally made the other realms in Yuanmo Mountain despised for a while.

The Wuxiang Mountain Master graciously handed the reward to Jian Yaojie Zun, and said meaningfully: “Don’t worry, you will soon know what virtues and abilities you have! You will also know that you have absolutely nothing” Shame on it’!”

“That’s good! That’s good!” Jian Yao Jiezun laughed, “I’m afraid I’ll be ashamed!”

“Go back to your seat first!” The Mountain Master Wuxiang smiled, and then said loudly, “Then... that’s why we called everyone here today!”

Chapter 2297 To ensure foolproof

“Then... that’s why I called everyone here today!”

The audience was instantly awestruck.

It is absolutely impossible for a few mountain masters to unite and block off the entire Yuanmo Mountain to announce. Moreover, before today, even the god-level Jie Zun had not heard any rumors, which made it even more obvious that things were not simple.

“Xu Ming, come up!” The Mountain Master Wuxiang said with a smile.

Under the watchful eyes of countless world respecters, Xu Ming stepped forward indifferently.

“A weak-level Jie Zun?”

“Could it be that this matter has something to do with this weak-level Jie Zun?”

“A mere weak-level Jie Zun, what is there for us to gather so many strong people here?”

Seeing that Xu Ming only had a weak level of Jie Zun’s cultivation, the Jie Zun was also slightly dissatisfied in addition to his doubts. After all, many powerful Jie Zun don’t care about weak Jie Zun at all, let alone waste time on weak Jie Zun.

“Heh! Look what he wants to be grandstanding!” Jian Yao Jie Zun also sneered.

“Let me introduce first, this one is Xu Ming!” The Mountain Master Wuxiang introduced solemnly, “But...his cultivation level is not what everyone sees!”

“Oh?”

“Could it be that the realm is hidden?”

“Even my dignified god-level Jie Zun can’t see through his cultivation. Could it be that this is a supreme Jie Zun?”

“Our Yuanmo Mountain, is there another new Supreme Realm Venerable? But even so, there’s no need to gather us all here, right?”

If there is another Supreme Realm Venerable in Yuanmo Mountain, this will naturally be a happy event. However, it seems that there is no need to be so secretive, right?

“Haha!” The Mountain Master Wuxiang laughed, “No! Xu Ming’s cultivation is not the Supreme Realm Venerable, or even... not the Jiezun! It’s a Great Venerable!”

A great man?

There was even more uproar in the audience.

“District Great Master...” Jian Yao Jie Zun was about to sneer when suddenly he realized something, and the words got stuck in his throat, and he couldn’t say any more.

The other Jie Zuns also fell silent after a brief uproar.

“It seems that you have all realized it!” The Mountain Master Wuxiang said with a smile.

“How could the realm of Great Senior appear in Moyuan?” Jian Yaojie is still in disbelief.

Wuxiang Mountain Lord solemnly said: “This is the biggest secret of our Yuanmo Mountain, and it is also the reason why I block time and space-Xu Ming, although he is only in the realm of Da Zun, he already has the strength of Jie Zun!”

Great realm!

But it has the power of the world!

“how is this possible!?”

“impossible!”

“The Great Senior Realm, but has the strength of the Realm Sovereign... Even the reincarnators can’t do it, right?”

“There is no need for you to doubt, I have already verified it!” Wuxiang Mountain Master said directly, “Xu Ming, he is indeed a Great Venerable with the strength of a world leader!”

The whole place was quiet again.

A great lord with real strength!

Everyone realized something, and their gazes towards Xu Ming were no longer contemptuous, but became extremely solemn.

“If the usefulness of Xu Ming is used well, then our Yuanmo Mountain...” A god-level Jie Zun couldn’t help but get excited.

“You guessed it right!” The Master of Wuxiang Mountain smiled, “With Xu Ming here, our Yuanmo Mountain can completely attack a cosmic sea alone! The resources of a cosmic sea are enough for all the realms of our Yuanmo Mountain. , is it the last big realm?”

In the Demon Abyss...

No power has ever been able to monopolize a cosmic sea!

It's not because the power of the level of the realm is not enough to monopolize a cosmic sea, but because... the Moyuan altar leading to the cosmic sea is built by Moyuan creatures, and it can be regarded as a "public" Moyuan altar; any party in the Moyuan The realm of the power can be teleported to.

Therefore, once there is a certain cosmic sea, there is a Moyuan altar built; then, all the forces of the entire Moyuan will swarm. At this time, who can grab how many resources, then it depends on their ability.

But if Xu Ming attacked a cosmic sea, it would be different!

Xu Ming can completely build a Moyuan altar that belongs to Yuanmo Mountain! This Moyuan altar will be "privately used" by Yuanmo Mountain! In that case... the resources of the entire cosmos sea naturally belong to Yuan Mo Mountain, and no other force can **** it!

And with Xu Ming's strength, to attack those cosmic seas in a calm period, no one can stop him!

If Xu Ming wants to build a Moyuan altar in any cosmic sea, he can build a Moyuan altar in which cosmic sea!

Which cosmic sea Xu Ming wants to collapse can make the cosmic sea collapse!

"hiss-"

Thinking of this, the entire Yuanmo Mountain is excited!

Their Primordial Demon Mountain is about to explode!

As long as a few more cosmic seas are attacked, then... I am afraid that the Jie Zun of the entire Yuanmo Mountain can become the Supreme Jie Zun!

Incredible!

“The Mountain Master Wuxiang!” A god-level Jie Zun laughed, “Don’t give up, you must have already chosen the target cosmos sea, right?”

“Not bad!” The Mountain Master Wuxiang said sternly, “Actually, the most difficult problem we face is to attack the first cosmos sea – after all, now, the power of our Yuanmo Mountain is not very strong, and the Supreme Jiezun present is also There are only six! Therefore, this first battle must be guaranteed!”

“That’s right!”

“Indeed!”

“The first step is taken, and then our Yuan Moshan will attack other cosmos seas later, it will be much easier!”

All the realms said in succession.

“But... our Yuanmo Mountain is not very powerful after all! Even, there are many universe seas, and the Supreme Realm is more than our Yuanmo Mountain!” The Mountain Master Wuxiang sighed again, “If we go to attack those powerful ones Cosmic Sea, it’s not an attack, but... a death sentence!”

Everyone fell silent.

“There are also cosmic seas that are weaker than our Yuanmo Mountain, but not many! Moreover, we can’t be sure whether there are any hidden powers in these cosmic seas!” The Mountain Master Wuxiang continued, “Thinking about it and going through it with great care After screening I found that there is only one cosmic sea that can ensure that it is foolproof when attacking!”

“Which one is it?”

Everyone is looking forward to it.

Jianyao Jiezun is also looking forward to it, and he is even more happy in his heart: “I didn’t expect my Jianyao Jiezun to become the Supreme Jiezun so soon!”

Supreme Realm!

Once upon a time, Jianyao Jiezun dared not even think about it! But now, he found that the realm of the Supreme Realm seems to be within reach.

But at this moment, Mountain Master Wuxiang’s gaze fell on Jianyao Jiezun.

“Uh?” Jian Yao Jie Zun was stared at, and suddenly had a bad premonition.

“What I said, the only cosmic sea that can guarantee everything is…” Wuxiang Mountain Master looked at Jianyao Jiezun with an apologetic expression, “It’s our hometown of Jianyao Jiezun, the cosmic sea! ”

Chapter 2298: The Bigger Picture

“It’s the hometown of our Jianyao Jiezun, the universe sea!”

Swish!

Suddenly, the eyes of the audience all fell on Jian Yao Jie Zun.

Unexpected.

But in reason.

Unexpectedly... no one thought before that several mountain masters would choose the hometown universe of a certain Jie Zun in Yuanmo Mountain as their attack target! You know, this kind of thing is a taboo in Moyuan!

Doing such a thing will undoubtedly damage Yuan Moshan’s reputation! After hearing about this kind of thing, the other realms in Moyuan might not dare to join Yuanmo Mountain again!

But what makes sense is... Since knowing Xu Ming's trump card, the entire Yuanmo Mountain, up and down, hopes that the first Cosmic Sea to attack will be foolproof! The hometown of Jianyao Jiezun, the universe sea, is undoubtedly the best choice; and Jianyao Jiezun is not an important role in Yuanmo Mountain!

As for Yuan Moshan's reputation?

In the face of absolute interests, reputation is a fart!

With Xu Ming, as long as we attack a few more cosmic seas, every Jiezun in Yuanmo Mountain can become the Supreme Jiezun! At that time, after seeing the benefits of entering Yuanmo Mountain, other forces in Moyuan will not be able to add it. Who would consider the reputation of Yuanmo Mountain at that time?

At that time, I am afraid that other realms want to add it, but Yuan Moshan will not accept it at all! – What do you get people for? Isn't it fragrant that the Jiezuns of Yuanmo Mountain have exclusive resources? Why should people come in to share?

Therefore, it is undoubtedly unexpected and reasonable to choose the hometown of Jianyao Jiezun as the target of the attack.

When Wuxiang Mountain Master said it, there was no objection in the audience; on the contrary, the eyes of all the worlds looking at Wuxiang Mountain Master seemed to say: Mountain Master is wise!

In the entire Yuanmo Mountain, there are countless Jie Zun, and the only one who is anxious is probably Jian Yao Jie Zun himself.

“No—” Jianyao Jiezun roared in alarm, “How can I target my hometown, the universe sea? I am also a member of Yuanmo Mountain! How can you do such a thing, this is a taboo in Moyuan Ah! Don't you think so?”

Jian Yao Jie Zun roared hysterically, hoping to get a response from other Jie Zun.

But the poor thing is... Jian Yao Jie Zun is usually a sinister person, so there is no Jie Zun who has a good relationship with him! At such a critical time, no one stood up to speak for him.

I saw Jianyao Jiezun shouting hysterically there, but no one paid any attention to him at all.

“My Jianyao Jiezun has been in Yuanmo Mountain for so many cosmic eras. Even if there is no credit, there is always hard work, right? Wuxiang Mountain Master, you are all rabbits and dogs, and all birds are hidden!”

“If the sea of the universe collapses and is destroyed, what will I do? What should I do? I will either die or go to reincarnation!”

A moment ago, Jianyao Jiezun was still fantasizing there, imagining that he could also become a supreme Jiezun through Xu Ming's light; but the next moment, Jianyao Jiezun found that he was suddenly forced into a desperate situation!

or die!

Or reincarnate!

In terms of reincarnation... For a not very powerful Jiezun like Jianyao Jiezun, it's actually not much better than death!

“Why didn't anyone stand up and say something fair?” Jian Yaojie roared for a long time, and found that no one cared about him, so he couldn't help but feel even more anxious, “You all wake up! This time, they chose my hometown, the Universe Sea, as their target. ; Next time, it is entirely possible to target your hometown of the universe! This time, you will not stand up for me; next time, if you encounter the same situation, who will stand up for you?”

“No!” Wuxiang Mountain Master directly interrupted Jianyao Jiezun's words, “It's just this first battle, our Yuanmo Mountain's power is too weak, so we have to choose an absolutely weak target! Wait for you to be captured. Our hometown, Universe Sea, the resources of the entire Universe Sea are enough for us to have many god-level Jie Zun and Supreme Jie Zun emerging in Yuanmo Mountain! In the next battle, we will have more choices! Moreover, the further we go, the more we go. , the more options we have!”

What the Wuxiang Mountain Master said was undoubtedly the truth.

Even Jian Yao Jie Zun knows that this is indeed the case. The other realms of Yuanmo Mountain know this truth even more!

Therefore, as soon as the words of Wuxiang Mountain Lord came out, the reasoning in front of Jianyao Jiezun seemed very ridiculous.

“Xu Ming!” Jian Yao Jie Zun suddenly glared at Xu Ming, “It must be you! It must be a ghost, right? It’s because I had a little misunderstanding with you when I first saw you, you Just use this method to get revenge on me? You want to destroy my entire hometown of the universe? You are so cruel! You are so cruel!”

“It has nothing to do with Xu Ming!” The Wuxiang Mountain Master said lightly, “He is only the realm of the Great Senior! Many things at the level of the realm, under the influence of the supreme rules, he has no way of knowing, and it is even less likely that he wants to destroy you. My hometown, Universe Sea! All of this is the result of a joint discussion among our mountain masters!”

In fact, even if there is no explanation from the Wuxiang Mountain Master, the other realms know that this idea cannot be related to Xu Ming. You will know what the consequences will be after destroying a cosmic sea.

“I...” Jian Yao Jie Zun is actually equally clear, but he just has no way to catch whoever bites whoever.

Finally, Jian Yaojie sighed deeply: “You guys want to attack my hometown of the universe, but I can’t resist! For our Yuanmo Mountain, I am also willing to make sacrifices!”

Jian Yao Jie Zun seems to have suddenly become great.

“But—” Jian Yaojie Zun changed the conversation and said again, “But, before attacking my hometown of the Universe Sea you should give me enough compensation, right?”

“Compensation... I have already given it to you!” The Mountain Master Wuxiang smiled. Isn’t the reward he gave to Jianyao Jiezun before “compensation”? At that time, he had already told Jianyao Jiezun, you will soon know what virtues and abilities you have, and those rewards will not be deserved.

“What!?” Jianyao Jiezun also reacted, and he did accept the reward just now, “Too little! That’s too little! It’s enough for me to break through to Qiling-level Jiezun! You should all know, Qi Once the spiritual level enters the reincarnation, what does that mean! At least...give me enough heart of the universe, let me break through to the supreme realm!”

“We don’t have that many hearts of the universe!” The Mountain Master Wuxiang shook his head without hesitation.

If there were so many hearts of the universe, Yuan Moshan would have created another Supreme Realm Venerable long ago!

Moreover, let alone no more, even if there is, it is impossible to give Jian Yao Jie Zun. Giving him some cosmic hearts, so that he can break through to the enlightenment level and then enter the reincarnation before his hometown cosmos sea is destroyed, is already very kind!

“Even if there are so many hearts of the universe, it is impossible to give it to you! It takes too long to break through to the Supreme Realm, and it is impossible for the entire Yuanmo Mountain to wait for you alone! Moreover, with your luck , to be able to break through to the Qiling level is actually very good!” Wuxiang Mountain Master said without emotion, “The overall situation is the most important! Jianyao Jiezun, for the sake of Yuanmo Mountain, I can only sacrifice you! You quickly break through Come on, if your hometown of the universe has collapsed and destroyed, and you haven’t been able to break through to the Qiling level, then you can’t blame me!”

Chapter 2299: Eternal

Looking at the countless indifferent and playful eyes around him, Jian Yao Jie Zun knew that no matter what he said, it was meaningless! In the face of absolute interests, no one will care about their own life and death.

“Okay... I understand!” Jianyao Jiezun glanced at Xu Ming with incomparable resentment but incomparably powerless, then turned to Mountain Master Wuxiang, “Hill Master, please let me go back to practice! I want to try my best to stay in my hometown Universe Sea Before collapsing, cultivate to the spiritual level!”

After entering the “reincarnation”, there is a big difference between the Hundred Grade and the Qiling Grade.

It is simply a tragedy for the obscure-level Jie Zun to enter the reincarnation!

“You can cultivate here!” The Mountain Master Wuxiang said lightly.

“Here?” Jian Yao Jie Zun glanced around.

In this space, nearly the entire Yuanmo Mountain’s Jie Zun gathered. How can we practice peacefully in such a noisy and chaotic space?

“This layer of space is isolated from all communications! Before launching the attack, in order to keep secrets, no one is allowed to leave this layer of space!” Wuxiang Mountain Master’s tone was extremely calm, but there was obviously no room for negotiation.

Jian Yao Jie Zun knew that he had no qualifications to resist, so he could only run to the corner of this layer of space to practice under the mocking gazes.

“Alas...” Seeing this, Xu Ming couldn’t help feeling pity. To be honest, it was because of him that Jianyao Jiezun was in such a “destroyed family” situation.

However, Xu Ming also knew that in the world of the strong, pity was actually a very childish behavior. Weakness is the original sin! —Like Jian Yao Jie Zun now, if you want to blame him, he is too weak! It’s just that his hometown, the universe sea, is too weak!

If Jian Yao Jie Zun is the Supreme Jie Zun, would Yuan Moshan dare to treat him with this attitude?

If Jianyao Jiezun’s hometown, Universe Sea, has dozens of Supreme Jiezun, would Yuan Moshan dare to attack it?

actually...

Not to mention Jian Yaojie Zun! It is Xu Ming, now living in Moyuan, is it because his own strength is too weak?

If Xu Ming’s strength is strong enough, why can’t he return home? Why is it that after living in the Demon Abyss, you have to keep a low profile and hide your identity?

Weakness is the original sin!

Powerful and eternal!

Every powerhouse—whether it's a reincarnation person, a supreme realm, an ordinary realm, or a great master... is actually pursuing their eternity!

“Xu Ming!” The Mountain Master Wuxiang looked at Xu Ming again, “Get ready! It's better to attack sooner rather than later! If the calm period of Jian Yaojiezun's hometown of the Universe Sea passes, then we can't Attack!”

During the calm period of the Cosmic Sea, the realm of Jie Zun could not get out of the small universe, so Xu Ming could sweep the entire Cosmic Sea with his “great cultivation base”.

“Okay!” Xu Ming has absolute crushing strength. In fact, he doesn't need much preparation, he can attack at any time.

...

The hometown of Jianyao Jiezun, the universe sea, is called the “nine towers universe sea” in Moyuan.

Xu Ming can directly teleport to the periphery of the Nine Pagodas Cosmic Sea from the 980,000th floor of Yuanmo Mountain. Then, directly pass through any one of the 137 “Magic Abyss Passages” of the Nine Towers Universe Sea, and directly enter the interior of the Universe Sea.

Because Xu Ming is still only a great master, the supreme rules cannot restrict his actions.

“Xu Ming, after you teleport, you will appear in the Tianhe world, and you will be besieged by many demonic creatures!” said Wuxiang Mountain Master, “But I believe that those demonic creatures will definitely not pose any threat to you! ”

The creatures of the Demon Abyss are different from the lives nurtured by the universe sea.

The life nurtured by the universe sea is for survival and eternity; while the creatures of the Demon Abyss are just the opposite, for death and destruction.

The existence of the Tianhe Realm and the existence of the demonic creatures are to destroy the universe seas.

“Yeah! Moyuan creatures can’t hurt me!” Xu Ming nodded.

The realm level and the great respect level are completely different. After Xu Ming possessed the strength of the realm rank, no amount of the power of the great rank would be able to hurt him.

“When the time comes, you just need to break through a Demon Abyss passage, and there will be endless Demon Abyss creatures pouring into the Nine Pagodas Universe Sea!” Wuxiang Mountain Master continued, “The Demon Abyss creatures have the instinct of destruction, and naturally they will Use their flesh and blood to build the Moyuan altar! However, the Moyuan altar built by the Moyuan creatures can be used by any force in the Moyuan, and is not exclusive to our Yuanmo Mountain! So—you We must imprint this talisman on the foundation of the Moyuan altar at the very first moment when the creatures of the Demon Abyss build the Moyuan altar!”

The Mountain Master Wuxiang took out a talisman and gave it to Xu Ming.

“As long as this talisman is branded on the foundation of the Moyuan altar, then only our Yuanmo Mountain can use the Moyuan altar! Other forces in the Moyuan cannot sense the existence of that altar. of!”

Wanting to monopolize a cosmic sea is definitely not an easy task.

You must know that Moyuan creatures do not distinguish between enemy and foe, but kill anyone they see – when Xu Ming attacked the Nine Pagodas Cosmic Sea, he himself would be attacked by Moyuan creatures!

Under the siege of many Moyuan creatures, it is necessary to go to the place of the Moyuan altar where the Moyuan creatures gather most densely, to brand the talisman; this kind of thing, I am afraid only Xu Ming can do.

It is precisely because of this that in the Demon Abyss, almost no one has heard of any power that can monopolize a cosmic sea!

And now...

Yuan Moshan, it is about to monopolize a cosmic sea!

Moreover, the Nine Pagodas Universe Sea is only the first target of Yuan Mo Mountain. Next, there will be a second, a third... and even more cosmic seas!

As the Wuxiang Mountain Master said before, if it goes well, maybe the Jie Zun of the entire Yuanmo Mountain can become the Supreme Jie Zun! If this is the case, then... the number of Supreme World Venerables in Yuanmo Mountain will probably be more than the number of Supreme Supreme World Venerables in the entire Demon Abyss combined!

Yuan Mo Mountain will also become the number one force in the Demon Abyss without any suspense! Even those samsara forces are far from being comparable to Yuan Moshan!

At that time... the entire Demon Abyss, the rise and fall of various forces, will all be in the hands of Yuan Mo Mountain!

Which cosmic sea does Yuanmo Mountain want to survive, and which cosmic sea can survive!

Which cosmic sea of Yuan Moshan wants to perish, which cosmic sea will perish!

“And I... will also become the controller of Mo Yuan!” The Mountain Master Wuxiang was very ambitious.

Control the entire Demon Abyss!

Control the rise and fall of billions of cosmic seas!

Even the reincarnation forces can only act by looking at his face!

What kind of monstrous power is this?

This is what the Wuxiang Mountain Master thought after seeing Xu Ming! It is also the eternal pursuit of the Wuxiang Mountain Master!

Chapter 2300: Too Easy

Nine Pagodas Cosmic Sea.

One hundred and thirty-seven passages of Demon Abyss are connected to all parts of this cosmic sea.

but...

It is different from Xu Ming's hometown, the universe sea. Beside the Demon Abyss passage of the Nine Pagodas Universe Sea, there is no chilling atmosphere, but it appears to be very prosperous and lively.

At this time, in the Nine Pagodas Universe Sea, next to the Demon Abyss Passage, known as the "Evil Wheel Passage", several soldiers were drinking and chatting leisurely.

These soldiers are also of the 14th and 15th rank. In this ancient universe, they can be regarded as masters.

"Guarding the Demon Abyss passageway is really beautiful!"

"Isn't it? I've been here for millions of years, but I haven't even seen the shadow of Mo Yuan creatures!"

"Our Nine Pagodas Cosmic Sea, every Demon Abyss passage is guarded by super killing formations! Those Demon Abyss creatures, as many as they come, die as many! I have seen before, the 'sixteenth' level of Demon Abyss. After the creatures entered the range of the large formation, they were killed without even a breath! Moyuan creatures below the sixteenth rank were instantly wiped out!"

"Although Moyuan creatures are not afraid of death, it is meaningless for them not to want to die! After all... we are not the only cosmic sea! Since our nine-tower cosmic sea is difficult to break, they will naturally turn to attack other cosmic seas!"

“Thanks to our Nine Pagoda Saint Emperor!”

The Holy Emperor of the Nine Pagodas is the only Supreme Realm Venerable in this sea of cosmos, especially good at formation and puppet formation.

The Holy Emperor of the Nine Pagodas used his own power to guard the entire cosmos sea to the point of impregnability, and there was no demonic creature that could penetrate into it.

If there is no Moyuan creature that can penetrate in, then the Moyuan altar will not be established, and then the world lords in the Moyuan will not be able to enter this sea of cosmos.

The Nine Pagodas Cosmic Sea has spent countless cosmic eras in peace.

Even the 137 Demon Abyss passages representing death and destruction have developed into a prosperous “commercial gathering area”. The powerhouses of countless universes around them like to trade here.

“I don’t know where the other end of the Demon Abyss passage is?”

“Don’t even think about it! That’s the only place the Jie Zuns can go!”

suddenly-

Several soldiers who were drinking saw a figure at the end of the Demon Abyss passage.

“That is...?”

Several soldiers were curious.

“Is the magic Abyss creature entering the passage?”

“Look at this breath, it doesn’t look like a demon creature!”

“Moyuan creatures are all kinds of strange, what kind of things are there?”

“Just a Demon Abyss creature?”

The senior general, while drinking leisurely, said with a smile, “The creatures in the Demon Abyss dare to come in, that is courting death! No life is allowed to enter within the range of the super kill formation in front of him! Enter, you will die!”

In the drinking jokes of the senior generals, the figure that was regarded as a demonic creature quickly rushed into the range of the super killing formation.

“Oh? It wasn’t killed in an instant?” The senior general was slightly surprised, but he was still very calm, “I’m afraid it’s still a Demon Abyss creature with ‘16th-order’ strength! I’m afraid it can last for a while!”

A breath of time is simply not enough to rush out of the killing range. This senior general is naturally very calm.

But soon, the breath time passed.

The figure within the range of the killing formation was still unharmed.

“This...?” The rest of the soldiers couldn’t help but look at the general. The general was a little surprised and said, “It seems that this is a demonic creature that is extremely good at defense! Don’t worry, the killing formation set up by the Nine Pagodas is definitely not something he can rush out of!”

Soon, however, dozens of interest time passed. The figures within the range of the killing formation were still unscathed.

“how is this possible!?”

This time, the senior general could no longer be calm! He had never heard of such a thing! You must know that even the Moyuan creatures that persisted in the killing array for the longest time did not seem to persist for more than twenty breaths, and could not rush out of the killing array at all.

And now, the twenty interest time has long passed.

“General, he seems to be... rushing towards the base of the killing formation!” Suddenly a soldier shouted in horror.

“Not good!” The senior general also reacted at this time, “He wants to destroy the killing formation!”

The formation base of the killing formation is naturally located at the core of the killing formation, and this position is extremely safe – because under Jie Zun, no one can reach this place at all!

The current situation caught the senior general by surprise.

“Not good, General! At the entrance of the Demon Abyss passage, a large number of Demon Abyss creatures appeared!”

These Demon Abyss creatures are obviously watching at the entrance of the passage. Seeing that the killing formation was about to be destroyed, he naturally rushed in.

“Don’t worry!” The senior general can only stabilize the military’s heart first, “This super killing formation was set up by the Holy Emperor of the Nine Pagodas himself, and it will never be destroyed...”

The voice didn’t fall-

boom! !

The formation base of the killing formation has been dismantled.

The entire killing formation also dissipated suddenly.

And the figure who dismantled the killing formation was without a doubt... Xu Ming!

Indeed, the strength below Jie Zun is absolutely impossible to tear down this killing formation! Even if Xu Ming stepped into the strength of Jie Zun, even if his defense was against the sky, I am afraid that he would not be able to support the base of the killing formation at all!

But now, although Xu Ming's realm is still only "the realm of great respect", his strength is already at the level of "realm respect"! Demolition of this killing formation is naturally easy!

"Not good! The killing formation was destroyed!"

"Magic Abyss creatures are pouring in!"

"How to do?"

"What are we holding back?"

Everyone panicked!

This kind of thing, in the entire Nine Towers Universe Sea, is the first time I have encountered it. So no one knows what to do at all!

In the vicinity of the evil wheel passage, although there are countless great deities living. But the vast majority of these Great Seniors are just ordinary Great Seniors, whose strengths are below the "Tenth Order", and cannot resist the invasion of Demon Abyss creatures at all!

Not to mention and Xu Ming, an invincible powerhouse that is far more terrifying than the creatures of the Demon Abyss!

"Assemble! Assemble! The army assembles!"

Among the guarding army, there are also several "16th-order" powerhouses. But... when the demonic creatures really invade, it is impossible for the Great Senior in the universe to stop it!

Because the quantity is not the same level at all!

Mo Yuan creatures can instantly flood into thousands of “16th-order” levels! And the entire nine towers universe sea, all add up, there are not so many “sixteenth-order” powerhouses!

It is precisely because of this... in Xu Ming’s home universe, the realms will try their best to arrange the formation, and only allow the “Heaven Supreme” realm to enter the Demon Abyss channel. In this way, at least the demonic creatures in the Great Venerable Realm can’t invade, only the demonic creatures in the Heavenly Supreme Realm can invade; under such circumstances, Xu Ming’s home universe can barely resist the invasion of the demonic creatures.

“It’s too easy to break through a cosmic sea, isn’t it?” Xu Ming saw that there were already a large number of demonic creatures pouring in behind him, and then looked at the side of the Nine Towers Cosmic Sea, which was a weak guarding army... He knew that this The war is over!
