

A World 2301

Chapter 2301: Yearning

“It’s over!”

“Escape!”

“Run away!”

The guarding army of the Nine Pagodas Cosmic Sea immediately began to flee after seeing the momentum of the Moyuan creatures that came in!

This is a fight that doesn’t need to be fought at all!

The gap between the two sides is too great!

But...

The Nine Pagodas Universe Sea will usher in collapse and destruction, where can they escape? What’s the point of running away?

rumbling...

At this moment, at the exit of the evil wheel passage, an extremely terrifying aura began to awaken. The earth was torn apart, the mountains were torn apart, and a figure with a height of 10,000 miles slowly climbed up from the ground, staring at the endless army of Demon Abyss.

“It’s the God of War puppet!”

“The God of War puppet has awakened!”

“We have hope!”

The Holy Emperor of the Nine Pagodas is good at formation and puppet formation.

Each of the 137 Demon Abyss passages in the Nine Pagodas Universe Sea is guarded by the God of War puppets refined by the Nine Pagodas Saint Emperor. The strength of each ***** of war puppet is infinitely close to the level of the realm! And this is also the last trump card of the Nine Towers Universe Sea!

It’s just...it’s infinitely close, that is, it’s not yet at the level of Jie Zun. It is still a far cry from the real Jie Zun.

“God of War puppet?” Of course Xu Ming could see that this puppet of the God of War was enough to cause a lot of trouble for the Moyuan army, and it was even possible to drive the Moyuan army back – but that was if Xu Ming didn’t do anything!

And now, Xu Ming took action!

boom!

The long spear in Xu Ming’s hand seemed to contain the power of the entire universe, and it was overwhelmingly crushing the puppet of the ***** of war.

Compared to the 10,000-mile body of the God of War puppet, Xu Ming seemed even smaller than an ant. However, it was such a small Xu Ming that when a shot was crushed on the top of the God of War puppet, the entire God of War puppet began to crack and then began to fall apart.

Xu Ming has been practicing in Moyuan for a while, and it is no longer as simple as entering a weak world. And this God of War puppet did not really step into the realm level, and was very different from Xu Ming.

If Xu Ming wanted to suppress it, he naturally only needed a single shot.

boom! !

The God of War puppet fell into countless pieces.

And the army of Moyuan has already driven straight into the Nine Pagodas Universe Sea. The area around the evil wheel passage was the first to bear the brunt, and was directly leveled by all the demonic creatures.

Afterwards, the endless magic abyss creatures scattered up and down toward the entire Nine Pagodas Universe Sea, spreading like a virus.

“Nine Pagodas Cosmic Sea, it’s over!” Xu Ming looked at all this and said secretly.

Before coming to attack, the Mountain Master Wuxiang told Xu Ming. As long as any one of the Demon Abyss passages is broken, the entire universe will fall.

So next, Xu Ming doesn’t need to continue to shoot. There will be a steady stream of demonic creatures pouring into this cosmos sea, and even if the God of War puppets come from other channels, they can’t stop all of this.

Next, what Xu Ming has to do is to follow the direction of the Moyuan army and wait for the establishment of the Moyuan altar. Then, Xu Ming also needed to imprint the talisman of Yuanmo Mountain on the foundation of the Moyuan altar.

In this way, Yuan Mo Mountain can monopolize this cosmic sea that is about to collapse and be destroyed.

...

In the Nine Pagoda Universe Sea, there is only one Holy Emperor-level Universe.

It is the Nine Pagoda Universe named after the “Nine Pagoda Holy Emperor”.

At this moment, although the Holy Emperor of the Nine Pagodas can see the entire space-time of the Nine Pagodas Cosmic Sea, he is trapped in the universe and cannot enter the cosmic sea that is still in a calm period.

“Nine Pagodas Cosmic Sea, it’s over...” Of course, the Nine Pagodas Saint Emperor could see the current situation.

With the endless influx of demonic creatures, there is no suspense about the destruction of the Nine Pagodas Cosmic Sea.

“I thought that I could exist forever if I was in a corner. However, the supreme rule does not allow eternity!” The Holy Emperor of the Nine Pagodas sighed, “But at least, I am much better than others! If you go to Samsara, at least you will still be a Jie Zun, or even... you can become a reincarnator! And other god-level Jie Zun, or even weaker ones, are not so lucky!”

After the Supreme Jie Zun enters the reincarnation, he will definitely be able to become Jie Zun in the future!

This can also be regarded as a kind of respect of the Supreme Rule for the Supreme Realm Venerable!

The Holy Emperor of the Nine Pagodas glanced at Xu Ming through the endless time and space, but did not say anything to himself.

For a long time, the voice of the Holy Emperor of the Nine Pagodas resounded in the entire Holy Emperor-level universe: “Everyone, everything has no eternal existence! The universe sea is about to collapse and destroy, everyone, please do it yourself!”

After that, the Nine Pagoda Saint Emperor began to prepare for the next reincarnation. In his eyes, there is not much sadness, but instead there is expectation and yearning for the vast world: “What kind of world is that world that only Jie Zun can go to?”

...

The invasion of demonic creatures is very fast.

In the Nine Towers Cosmic Sea in the quiet period, the strong people in the realm of the realm cannot get out of their respective universes, and there is no power at all to resist the endless demonic creatures.

Soon, the demonic creatures gathered in the core area of the Nine Pagodas Cosmic Sea and began to build the demonic altar with flesh and blood.

boom! boom! boom! ...

Continue to burn the body of the demonic creatures and start to build the foundation of the Moyuan altar.

“This is the time!” Xu Ming, who had been following the Moyuan army from afar, saw this scene and knew that it was time for him to take action.

The Token of Yuan Moshan appeared in Xu Ming’s hand, and quickly flew towards the Moyuan Altar.

Immediately, countless “sixteenth-order” demonic creatures stepped forward to besiege Xu Ming—there are too many demonic creatures gathered here, even those God of War puppets refined by the Nine Pagodas Saint Emperor, I am afraid they will resist. Keep besieging!

If the strength is not at the level of Jie Zun, it is impossible to successfully imprint the talisman on the foundation of the Moyuan altar.

However, these demonic creatures who were besieging and blocking Xu Ming were undoubtedly the mayfly shaking the tree and the mantis arm as the car, which could not have any impact on Xu Ming at all. Xu Ming easily branded the talisman on the foundation of the Moyuan altar, and then left quickly.

The Moyuan Altar is still being built.

“These demonic creatures are really born for death!” Xu Ming secretly exclaimed.

In order to build this Demon Abyss Altar, there are already hundreds of millions of Demon Abyss creatures of the Great Senior level, burning their flesh and blood.

Countless billions of Demon Abyss creatures, with a frenzy in their eyes, rushed towards the Demon Abyss Altar like moths to a flame.

boom! !

Finally, a Demon Abyss altar as large as the Holy Emperor-level universe was cast with the flesh and blood of countless Demon Abyss creatures!

“It’s done?” Xu Ming looked at it in surprise, “It seems... nothing happened?”

the next moment—

Xu Ming saw that one hundred and thirty-seven dark golden chains suddenly erupted from the top of the Moyuan altar.

These 137 chains pierced through the sky of the cosmos sea and went straight to the 137 Demon Abyss passages!

Chapter 2302 It’s too late!

On the vast grassland, thousands of horses are galloping.

This is a certain mortal world in an ordinary reincarnation-level universe in the Nine Pagoda Universe Sea.

No one knows that in this mortal world, there is a realm lord living in seclusion!

“Grandpa, this world is so beautiful, I like this world so much!” Beside Jie Zun, who had a vicissitudes of life, there was a little baby less than three years old, running on the grassland.

With Jiezun’s supernatural powers, there is naturally a way to make a baby mature in an instant, and even become a god. However, he did not do so.

Childhood innocence is actually more precious than anything else. This Jie Zun naturally knows this truth, so he wants to give his grandson a good childhood.

“Grandpa, we will all live in this world from now on, okay?”

“Okay!” The old man said. However, in the depths of his eyes, there was deep sadness and helplessness.

He already knew that the creatures of the Demon Abyss had broken through the sea of cosmos. This cosmic sea is not far from the complete collapse and destruction! Within a few years, the universes, big and small, will begin to collapse.

Under Jie Zun, I am afraid that they will die soon. And the fate of Jie Zun is actually not much better.

“Why don’t... let me, my grandson, live the life of a mortal happily!” the old Jie Zun thought to himself.

The life of a mortal is only a few decades, and the longest is more than a hundred years.

The old Jie Zun has decided not to let his grandson take the road of cultivation, and will be a mortal in this life.

The collapse and destruction of the cosmic sea also has a process, and it will not collapse and destroy in just one or two hundred years. After all, in the fierce battle between the strong, sometimes a battle may last tens of thousands of years or even longer.

...

Another reincarnation-level universe.

There is no Realm Venerable in this universe, and the strongest is just an ordinary Great Venerable.

The powerhouses in this universe are practicing, mortals are living... Suddenly! The Great Venerable of the entire universe showed endless horror! However, before they could react, a terrifying chain that was thicker than the diameter of the entire universe directly blasted through the universe.

The entire reincarnation-level universe instantly turned into powder!

In the entire universe, there is no strong person who can survive.

The altar of the Demon Abyss, which is cast by countless billions of Demon Abyss creatures, represents the supreme rule of death! This chain of death, even the Supreme World Venerable can't stop it!

boom! boom! boom! boom! ...

Almost at the same time!

One hundred and thirty-seven terrifying chains directly run through one hundred and thirty-seven Demon Abyss passages and connect to Demon Abyss—from the point of view of Demon Abyss, at this moment, the stars of the Nine Towers Universe Sea seem to be bound by chains. struggling to the death.

It is more as if there are incomparably powerful invisible giant hands, dragging one hundred and thirty-seven exposed chains, to drag the entire Nine Pagodas Universe Sea into the Demon Abyss.

Once dragged into the Demon Abyss, the entire Nine Pagodas Cosmic Sea will inevitably fall apart, and the entire Cosmic Sea will be destroyed!

If the skin does not exist, the hair will not be attached! If the Cosmic Sea is destroyed, even if it is stronger than the Supreme Realm, it can only enter the reincarnation before it is destroyed; otherwise, it will be destroyed along with the Cosmic Sea.

Such a big movement was naturally noticed by many strong people in Moyuan.

“what is that?”

“Nine Towers Cosmic Sea, seems to be collapsing and destroying?”

“How could it be? Isn't Jiu Pagoda Jiezun the best at formations and puppet ways? Isn't the Jiu Pagoda Cosmic Sea impregnable? How could it be broken by Moyuan creatures?”

“Could it be that there is a traitor among the great masters of the Nine Pagodas Cosmic Sea? Actively let the creatures from the Demon Abyss flood into the Cosmic Sea?”

“It shouldn’t be, right? Jiu Pagoda Jiezun, how could you make such a low-level mistake?”

“One hundred and thirty-seven chains of Demon Abyss... The Nine Pagodas Cosmos Sea is absolutely finished!”

If you want to drag a cosmic sea into the magic abyss, you must have “one hundred and thirty-seven” magic abyss chains. If there is one less, it will not be able to drag the universe sea, but will directly break the Moyuan chain under the pull of the powerful force.

It is precisely because of this that the key targets of Moyuan’s biological attack are those cosmic seas with 137 Moyuan passages – such as Xu Ming’s hometown of cosmic seas.

And the universe sea with less than 137 Demon Abyss passages, even if it is captured by Demon Abyss creatures, there is nothing to worry about. Because, if there is one less passage, there will inevitably be one less Demon Abyss chain, and a cosmic sea cannot be destroyed.

But soon, the powerhouses of Moyuan discovered a problem.

“Strange! Why can’t the teleportation be connected to the Moyuan Altar of the Nine Towers Universe Sea?”

“The teleportation can’t be connected? Then can’t we enter the Nine Pagodas Universe Sea?”

“The establishment of the Moyuan altar is completed, and the quiet period of the Nine Pagodas Cosmic Sea will soon pass! If we cannot enter the Nine Pagodas Cosmic Sea, then the Jiutao Jiezun and other powerhouses will soon be able to kill the demonic creatures and destroy them. If the Moyuan Altar is dropped, then... the Nine Pagodas Cosmos Sea will not be destroyed!”

“How can I not be able to connect to the transmission? I have never encountered such a thing before!”

...

Yuan Demon Mountain.

At the moment when the Moyuan altar was established, Wuxiang Mountain Master and other powerhouses had already sensed it.

“It’s time to go!” The Mountain Master Wuxiang said sternly, “Go! Let’s go in together, and attack the Nine Pagodas Universe Sea with lightning speed!”

Swish! Swish! Swish! Swish! ...

Every one of the realms of Yuanmo Mountain stood up with excitement in their eyes.

Under normal circumstances, if a cosmic sea collapses and destroys, then all forces in the entire Demon Abyss will plunder resources together. Every time, the resources that Yuan Moshan can grab, I am afraid there is not even one ten thousandth.

And this time, Yuanmo Mountain will exclusively enjoy the resources of the entire Nine Pagodas Universe Sea! After this battle, there will probably be a lot of god-level Jiezun and Supreme Jiezun coming to Yuanmo Mountain!

This makes the strong people of Yuanmo Mountain, how can they not be eager and excited?

“What!?” When Jianyao Jiezun in the corner heard this, his face changed completely, “So soon? I haven’t had time to break through to the Qiling level!”

To know...

If it was a Hundred-level World Venerable entering the reincarnation, it would be very miserable, very, very miserable!

Therefore, Jianyao Jiezun’s only thought is to hope that he can break through to the Qiling level before his hometown cosmos sea collapses and destroys. Although, after entering the reincarnation,

the Qiling-level Jie Zun will not be much better, but at least it is much better than the Hun-level Jie Zun!

But apparently is too late!

Jian Yao Jie Zun has no time to break through!

“No!” Jianyao Jie Zunlian said in horror, “Shanzhu, give me more time! Let me break through to the Qiling level first, and then you can destroy my hometown of the universe!”

“Heh!” Suddenly other Jie Zun sneered, “The peaceful period of your Nine Pagodas Cosmic Sea will soon pass! Nine Pagoda Jie Zun and other powerhouses will soon be able to enter the cosmic sea! If we don’t rush over earlier, I’m afraid that the Moyuan altar will be destroyed! In that case... wouldn’t the bamboo basket be empty?”

“Jian Yao Jie Zun!” The Mountain Master Wuxiang also said with a blank face, “I have given you the opportunity and resources to break through the spiritual level! If you can’t break through by yourself, then you can’t blame me! Take advantage of you The hometown of the universe has not collapsed and destroyed, you hurry to enter the reincarnation! Otherwise... you may not even have the chance to be reincarnated!”

The strong men of Yuanmo Mountain all got up and rushed to the Nine Pagodas Universe Sea.

And Jian Yao Jie Zun could only sit there in a daze. After a long time, Fang Cai stepped into reincarnation unwillingly.

Chapter 2303 See you in the next world!

rumbling rumbling...

One hundred and thirty-seven incomparably huge terrifying chains dragged the entire Nine Pagodas Universe Sea, sinking into the Demon Abyss—what a spectacular sight!

Xu Ming stood in the void not far from the Moyuan Altar.

At this time, the Moyuan creatures probably felt that Xu Ming was not easy to provoke, and stopped attacking Xu Ming again.

Xu Ming felt the change in the void: “The peaceful period of the Nine Pagodas Cosmic Sea will soon be over!”

When the quiet period has passed, the world deities of the Nine Pagodas Cosmic Sea will be able to walk out of their respective universes and enter the Cosmic Sea. But it’s useless, because the Jiezun of Yuanmo Mountain will arrive earlier through the Moyuan Altar! Moreover, the powerhouses of Yuanmo Mountain are more powerful than the powerhouses of the Nine Pagodas Universe Sea!

If nothing else, it’s just the power of the “Supreme Realm Venerable” level that determines the outcome of the battle! There are six in Yuanmo Mountain, while the Nine Pagodas Universe Sea has only one Nine Pagoda Jiezun!

boom!

Soon, the void above the Moyuan altar tore open an extremely hideous crack. The width of the void crack is bigger than an ordinary universe!

Whoosh! Whoosh! Whoosh! Whoosh! ...

Immediately afterwards, the silhouettes of strong men poured into the Nine Pagodas Universe Sea. The ones rushing in the forefront are naturally several mountain masters with the strength of “Supreme Jie Zun” in Yuanmo Mountain, as well as god-level Jie Zun...

boom!

The moment the Wuxiang Mountain Master rushed in, he expanded the domain and controlled the void. He saw Xu Ming in an instant, and couldn’t help laughing: “Xu Ming, well done!”

immediately-

boom!

Xu Ming felt that another shroud that was so tyrannical and unrivaled was coming – it was the only supreme realm of the universe, the realm of the Nine Pagodas!

“Why are you six Supreme Realm Venerables!” The majestic and powerful voice of the Nine Pagodas Realm Venerable resounded directly in the endless void. His first reaction was, how did he enter the sea of cosmos, there are only six Supreme Realm Venerables.

You know, based on past experience, there will usually be thousands of Supreme Realm Venerables swarming in in an instant!

“You...” Immediately, Jiu Pagoda Jie Zun found out, “You are all Jie Zun of Yuanmo Mountain!?”

“Not bad!” The Mountain Master Wuxiang said with a smile, “The resources of your Nine Pagodas Universe Sea will all be enjoyed by our Yuanmo Mountain!”

This kind of thing, Wuxiang Mountain Master does not need to hide at all, and of course he can't hide it, so he just said it directly.

Soon, Jiu Pagoda Jiezun's gaze, penetrating endless time and space, fell on Xu Ming: “Is it him?”

Jiu Pagoda Jie Zun looked at Xu Ming and couldn't believe it: “It's him, just the cultivation of Da Zun, but he has the strength of Jie Zun... Okay! I lost not wrong!”

Jiutaojie is regarded as the defense of the hometown universe, and it is absolutely impregnable. However, when he met Xu Ming, a legendary genius who only existed, he really lost nothing to say.

“Nine Pagodas, we have six supreme worlds, you can't save this sea of cosmos!” Wuxiang Mountain Master also said through endless time and space.

At the level of Supreme Realm Venerable... In fact, there will not be much difference in strength.

A powerful Supreme Realm may be able to fight against two or three weak Supreme Realm. However, there is almost no powerful Supreme Realm Venerable who can defeat more than five weak Supreme Supreme Realm Venerables.

and...

The Wuxiang Mountain Master is not weak at the highest realm level! Even if it is one-on-one, it will not necessarily lose to Jiu Pagoda Jiezun!

“Jiezun of the Nine Pagodas, I advise you to enter the reincarnation earlier!” The Mountain Master Wuxiang continued, “If it is too late, you, the Jiezun of the universe sea, may not be able to enter the reincarnation in time!”

“Also...” Jiu Pagoda Jie Zun’s tone was very free and easy.

If there is hope, of course he will do everything to save his home universe. But now, Jiuta Jie Zun knows that it is absolutely impossible for him to destroy the Moyuan Altar in front of the six supreme Jie Zun in Yuanmo Mountain; therefore, he can only choose to give up.

“Nothing can exist forever! Under my blessing, this cosmic sea has existed for longer than most of the cosmic seas! It’s just... Except for me, the entire cosmic sea has never existed. The Supreme Jie Zun was born; otherwise, the situation today may be rewritten!” Jiu Pagoda Jie Zun sighed.

Supreme Being...

After all, it is at the pinnacle of countless realms.

If you want to become the Supreme Realm Venerable, you need a huge amount of the heart of the universe! It is destined that only a very small number of Jie Zun can have the opportunity to become the Supreme Jie Zun!

Therefore, it is normal for the entire universe to have only one Supreme Realm Venerable. Like Xu Ming’s hometown of the Universe Sea, there are only two Supreme Realm Venerables, not much better than the Nine Towers Universe Sea.

“But...” Suddenly, Jiu Pagoda Jie Zun’s tone turned cold, “Although I want to enter reincarnation, the luck that I have slowly accumulated over endless long years is enough to ensure that after I enter reincarnation, I can still become Supreme Jie Zun. Mountain Master Wuxiang... Although your strength is not much weaker than me, your rise time is short after all, I am afraid you don’t have much luck on your body? One day, you will also enter the reincarnation! After you enter the reincarnation, you may not be able to Become the Supreme Realm Venerable?”

In the words of Jiu Pagoda Jiezun, there is inevitably a threat.

His meaning is very simple, when the time comes, I will become the Supreme Realm Venerable, and if you are not the Supreme Realm Venerable... that's the time to avenge today's revenge!

“Indeed! Nothing can exist forever!” The Mountain Master Wuxiang also nodded with a smile, “We will enter reincarnation sooner or later! But...I'm afraid it will be a very long time later, right?”

“Hahahaha...” Jiu Pagoda Jiezun suddenly laughed Mountain Master Wuxiang, don't forget – the world after reincarnation is different from our current time dimension! The endless long years you have spent here, after the reincarnation, I am afraid it will only be a few days or a few years! See you in the next world! ”

“Haha!” The Mountain Master Wuxiang also laughed, “That's good! Then we'll make an appointment and see you in the next world! But... Now that we have Xu Ming in Yuanmo Mountain, for me, accumulating luck should be a good thing. It won't be too difficult! In the next world, the battle between you and me, who will win and who will lose, I'm afraid it's still unclear, right?”

“Hahahaha... Our Jie Zun, isn't it just fighting with heaven, earth, and people?” Jiu Pagoda Jie Zun knew that he was about to enter reincarnation, but he was still very free and easy, “Fighting with heaven is endless fun, fighting with earth. It's endless fun, and it's endless fun to fight with people! Hahahaha... Everyone, I'll take the first step! We, see you in the next world!”

...

The dialogue between Jiuta Jiezun and Wuxiang Mountain Master was not blocked by the Supreme Rules, so Xu Ming heard it.

“The next world?” Xu Ming was lost in thought.

Chapter 2304 Can't believe it!

“The next world?” Xu Ming was lost in thought.

Xu Ming had long heard that the worlds belonged to them.

Originally, Xu Ming thought that the world that belonged to Jie Zun was “Magic Abyss”. But now, Xu Ming has a faint feeling that it shouldn’t be!

Mo Yuan, to be precise, should not be considered a “world”.

Because, the real world on one side should have life, death, birth and destruction, while Moyuan has only death and destruction! – Without life and pregnancy, can it still be called “the world”?

and...

Xu Ming had never heard of any Jie Zun who returned to Mo Yuan after entering Samsara. Furthermore, Xu Ming could also guess something from the reaction of Jianyao Jiezun before – if Jianyao Jiezun was reincarnated in Moyuan after the collapse of the Nine Pagodas Cosmic Sea, then he didn’t need to show it at all. So frightening!

As a result, although no one has told Xu Ming, Xu Ming has already guessed vaguely that after entering the reincarnation, the strong people in the realm of Jie Zun will go to a world that only belongs to Jie Zun! However, Xu Ming didn’t know where that world was.

...

Jiu Pagoda Jiezun did not resist, but soon entered the reincarnation directly.

At that time, Wuxiang Mountain Master and several other mountain masters chose the Nine Pagodas Cosmic Sea as their target because they were sure that the attack on the Nine Pagodas Cosmic Sea could be 100% successful, and there was no accident! In the same way, Jiu Pagoda Jiezun can of course understand that with the strength of the Jiu Pagoda Cosmos Sea, it is fundamentally no match for Yuan Moshan, so he gave up resistance directly.

Even the leader of the Nine Towers Jiezun gave up resistance directly, and the other god-level Jiezun, Qiling-class Jiezun, Hun-level Jiezun, and weak Jiezun in this universe don’t even need to resist!

Some of those Jie Zun are in the Nine Towers Universe Sea, and some live in the Demon Abyss like Jian Yao Jie Zun. No matter where they are, those Jie Zun came out of the Nine Pagodas Cosmic Sea, and their lives are attached to the Nine Pagodas Cosmic Sea – now the Nine Pagodas Cosmic Sea is about to collapse and be destroyed, and no skin will be left without hair. ? Therefore, every Jie Zun born from the Nine Pagodas Cosmic Sea felt the approach of death, and also felt that the gate of reincarnation was waving to them!

No matter how panicked, how unwilling, how desperate... they can only enter reincarnation!

After entering the reincarnation, in the world of the world of the world, they may not be able to live well, and may even be very poor and extremely humble! However, if you do not enter the reincarnation, you will fall immediately, and you will surely die!

Between “death” and “reincarnation”, they have no choice.

Some world deities, before the reincarnation, at the last moment of this life, returned to their hometown in the sea of cosmos to enter the reincarnation. There are also Jie Zun, just like Jian Yao Jie Zun, who entered the reincarnation directly in the Demon Abyss!

rumbling rumbling...

The powerhouses of Yuanmo Mountain, such as Wuxiang Mountain Master, almost did not do anything, and the Nine Pagodas Cosmic Sea has already begun to enter the process of irreversible collapse and destruction!

Whether it is the Sacred Emperor-level universe, the eternal-level universe, the detached-level universe, or the reincarnation-level universe, the faint-level universe...the endless universe begins to return to its origin, returning from the “universe” to the “heart of the universe” state.

“Everyone!” The Wuxiang Mountain Master said to the strong men of Yuanmo Mountain, “The destruction of the Nine Pagodas Cosmic Sea will create an endless cosmic heart! Now, the resources of the entire Cosmic Sea belong to our Yuanmo Mountain. , let’s plunder as much as you like!”

call out! call out! call out! call out! ...

Immediately, the realms of Yuanmo Mountain couldn’t wait to rush up and down in all directions to ***** the heart of the universe!

The resources of an entire cosmic sea! Now it's all from Yuan Moshan!

I am afraid that after the Nine Towers Cosmic Sea is completely collapsed and destroyed, the heart of the universe captured by Yuanmo Mountain will be able to give birth to a lot of Supreme Realm Venerables from Yuanmo Mountain! – The reason why it is difficult for the Supreme Realm to be born is because the heart of the universe is too rare! It is rare for a cosmic sea to collapse and destroy, but it is the countless forces and powerhouses in the entire Moyuan who **** resources together. Naturally, few people can **** a large amount of the heart of the universe!

But now, Yuan Mo Mountain can fully enjoy the resources of a cosmic sea, and it is difficult not to produce a group of Supreme Realm Venerables!

“Xu Ming, let's go too!” Kunpeng Jiezun said to Xu Ming, and directly chose a direction to plunder the heart of the universe.

The Wuxiang Mountain Master and several other Supreme World Venerables also participated in the plundering. However... they are different from other world respecters, in addition to the heart of the universe, there are other things to snatch!

Swish!

Of course, Xu Ming didn't waste the opportunity, and he also entered the plunder – now Xu Ming has no cosmic heart, and if he wants to continue to practice “Eternal World”, he also needs a lot of cosmic hearts.

...

The Nine Towers Cosmic Sea, although it has entered the collapse and destruction. However, the news from the Nine Pagodas Universe Sea was still passed on to Moyuan.

“What? Is it Yuanmo Mountain?”

“There is a Great Venerable in Yuanmo Mountain, who possesses the strength of Jie Zun?”

“how is this possible?”

“That’s true! It’s Xu Ming!”

“Xu Ming? Who is it?” Xu Ming’s name, after all, is known to only a few people in the Demon Abyss.

“This kind of thing, Yuan Moshan actually hides it from eating alone! It’s too much!”

“Bullshit! No matter which faction gets Xu Ming, they must be covering up and eating alone! It is stupid not to eat alone!”

“Let’s go! Let’s kill Yuanmo Mountain!”

“Kill Yuanmoshan? How to kill? – Yuanmoshan is a pillar of dimension! As long as Yuanmoshan is closed, no one will be able to kill anyone! It is impossible to leave the slightest trace on the pillar of dimension!”

Once the Dimensional Pillar is controlled, the controller can decide whether to turn the Dimensional Pillar on or off. Once it is closed, the pillar of dimension will not be allowed to enter and exit; even if there are more Supreme Realm Venerables, they will never try to kill them!

And the one who controls Yuanmo Mountain, UU Reading www.uukanshu.com is currently the Wuxiang Mountain Master!

“The Wuxiang Mountain Master must have closed the entry and exit of Yuanmo Mountain, we can’t go in!”

“What does it matter if you can’t go in? We surround Yuanmo Mountain, and I don’t believe that they will never come out!”

“That’s right! As long as they come up with it, they must share this opportunity with us! They can’t let Yuan Moshan eat alone all the time! Otherwise... in the Demon Abyss, wouldn’t the Yuan Moshan family be the dominant one in the future?”

“Isn’t there still a reincarnation force such as Wanwei Hall?”

“If there are thousands of Supreme Realm Venerables in Yuanmo Mountain, I am afraid that even those reincarnators will be inferior, right?”

“Go! Let’s go to Yuanmo Mountain together!”

After learning about the situation, all parties flocked to Yuanmo Mountain. In their opinion, as long as Yuanmo Mountain is surrounded, they can’t believe that the people inside will not come out; unless, the strong people of Yuanmo Mountain will never enter the Demon Abyss again.

Chapter 2305: Top Air

The collapse and destruction of the Nine Pagodas Cosmic Sea lasted for hundreds of millions of years.

Shortly after the collapse and destruction began, the Nine Pagodas Cosmic Sea could no longer accommodate the powerhouses at the level of Jie Zun. Therefore, the experts in the Universe Sea entered the reincarnation immediately and went to the “next world”.

After about millions of years, the large and small universes in this universe have returned to their origins and changed back to the heart of the universe. The creatures at the level of the Great Venerable and below of the Nine Pagodas Universe Sea also died with the destruction of the universe.

This is a dead cosmic sea!

Everything in this universe is dead! There are only a group of strong men from Yuanmo Mountain, frantically plundering resources here; and endless demonic creatures, frantically destroying all parts of the cosmos sea.

Whoosh! Whoosh! Whoosh! ...

Every powerhouse in Yuanmo Mountain felt extremely hearty—they had plundered many cosmos seas, but before, they used to have more wolves and less meat. And you don’t have to compete with others, just plunder resources as much as you want.

Even Xu Ming is frantically plundering the heart of the universe.

Although Xu Ming has successfully opened up the “eternal world”, if he wants to make the “eternal world” more powerful, he must have a massive cosmic heart – Xu Ming can’t expect others to give him the cosmic heart, only himself. Work hard and plunder while you are now.

“The Eternal Realm is divided into three major realms!” Xu Ming secretly said in his heart, “If you want to complete the cultivation of the first major realm, it is difficult to say, simple and simple, that is, you need to swallow the massive heart of the universe! After completing the cultivation of the major realm, I can logically break through to the second major realm, that is, it is time for me to break through to the ‘realm of world respect’!”

The first major realm of “The Eternal Realm” corresponds to the realm of the Great Venerable.

The second major realm corresponds to the realm of Jie Zun!

As for the third major realm... that is unknown! Because even Xu Ming’s previous life “Eternal Realm Venerable”, although he created the “Eternal Realm”, he did not complete his cultivation. As for the third major realm, it is only a guess!

If the Eternal Realm Venerable can really cultivate to the third major realm at the beginning, I am afraid that he will not be reincarnated!

“It doesn’t matter! Let’s plunder the heart of the universe first!” Xu Ming secretly said, “When I accumulate enough hearts of the universe, I can choose whether to break through to the realm of Jie Zun!”

If Xu Ming breaks through to the realm of Jie Zun, then he will no longer be able to continue to invade the major cosmic seas, and he will no longer be able to plunder resources as frantically as he is now, but... what does it matter? By then, Xu Ming must have accumulated enough heart of the universe! As for whether the other world masters in Yuanmo Mountain have accumulated enough hearts of the universe, what is Xu Ming’s business?

It is impossible for Xu Ming to help them “swipe money” all the time, right?

“Everyone!” The voice of Wuxiang Mountain Master resounded in this dead cosmic sea, “Everyone plunders resources as soon as possible! When this cosmic sea completely collapses and destroys, we must leave and return to Yuanmo Mountain! At that time... the resources that have not been plundered will be scattered all over the Moyuan, and it will have nothing to do with us!”

The Demon Abyss is extremely vast.

It is even more vast than the sea of cosmos.

Even if the resources of the entire universe are scattered all over the Demon Abyss, it is like a rock sinking into the sea, and there is no way to turn any waves. At that time, these resources that have not been plundered by Yuanmo Mountain are equivalent to no one getting it!

Therefore, the powerhouses of Yuanmo Mountain must seize the time to plunder resources.

“Haha! Don’t worry, Mountain Master!”

“Mountain Master, do you still need to say this?”

“I wish there were hundreds of millions of clones that could plunder resources together, haha...”

The powerhouses of Yuanmo Mountain are very happy.

And the Mountain Master Wuxiang only mentioned it casually; of course he knew that even if he didn’t mention it, the powerhouses of Yuanmo Mountain would never waste this opportunity for crazy plunder—any Jie Zun knew that, with How difficult it is for the other forces of Moyuan to plunder a cosmic sea together! Now, with such a good opportunity to plunder resources as much as possible, who would not work hard?

but...

The main goal of their six mountain masters is not the heart of the universe, but... luck!

Luck, high and low, good and bad.

For example, for a mere mortal to suddenly get a martial arts book and become a martial arts master after hard work, is it luck? Absolutely! However, this kind of luck, for the strong, is not luck at all! - Let a strong man get a martial arts book? It's like a mortal who picked up a piece of toilet paper that was thrown away after someone else used it! Not only is it not luck, but it also has dirty hands!

Therefore, what can make the six supreme realms of the Wuxiang Mountain Master fancy can only be the top-level luck! And for this level of luck, only the Supreme World Venerable has the ability to take the initiative to plunder; the realm below the Supreme World Venerable has no way to actively capture the top level of luck, and at most can only passively wait to be entangled by it.

For the six mountain masters of Wuxiang Mountain Master, although the heart of the universe is useful, it is not the most important thing – their cultivation has reached the peak, and no matter how much the heart of the universe is, it is actually of limited help to them. .

Top luck is the most important thing! In the past, when other cosmos seas were captured, the Supreme Realm Venerables of all parties mainly scrambled for top-level luck! As for the heart of the universe... it is for those who are at the ***** level and below to ***** it.

However, what regrets the Wuxiang Mountain Master is—

“The top luck of the Nine Pagodas Universe Sea is very rare!”

“It's normal! If there is a lot of top-level luck, then this cosmic sea can't have only one supreme realm!”

The number of Supreme Realm Venerables often also reflects the amount of top-level luck in a universe!

In the universe sea with more top-level luck, the number of supreme world respect is generally not small.

Hundreds of millions of years in the blink of an eye.

Although the Nine Pagodas Cosmic Sea is vast, there are also many strong people in Yuanmo Mountain For hundreds of millions of years, the strong people in Yuanmo Mountain have plundered more than 90% of the resources of this cosmic sea. , the rest are basically no good resources.

The powerhouses of the entire Yuanmo Mountain have made a lot of money in this wave.

“Everyone!” The Wuxiang Mountain Master is constantly watching the changes in the Nine Pagodas Cosmic Sea, “This Cosmic Sea is about to collapse and be completely destroyed! If we continue to stay here, when the collapse and destruction arrives, we will probably also have trouble! Since the resources are almost plundered, let’s withdraw! Pass the Moyuan altar and return directly to Yuanmo Mountain!”

“Okay! Let’s go!”

“go back!”

“Haha! This time is really rewarding!”

“With so many hearts of the universe, I’m afraid it won’t be long before I can break through to the Qiling level, haha!”

“If you plunder a few more cosmic seas like this, each of us will be a god-level Jiezun, or even a supreme Jiezun!”

“Thanks to Xu Ming!”

Chapter 2306: For You

The powerhouses of the entire Yuanmo Mountain are all rewarded!

After that, the entire Yuanmo Mountain began to retreat and practice!

The Nine Pagodas Cosmic Sea is just the first cosmic sea they plundered! Moreover, the next target Cosmic Sea will definitely not be as easy to attack as the Nine Pagodas Cosmic Sea, and it will not even encounter any resistance.

Therefore, the powerhouses of Yuanmo Mountain naturally have to take advantage of the resources they have now to cultivate quickly!

not to mention...

Originally, for the vast majority of Jie Zun, “Supreme Jie Zun” was an unreachable realm! Not to mention the Supreme Jie Zun, even if it is a god-level Jie Zun, it is impossible for most people to achieve it!

And now, every powerhouse of Yuanmo Mountain has seen the hope of becoming the Supreme Realm Sovereign. How can they not be full of passion when cultivating?

Most of the Jie Zun also knew that they did not forget the people who dig wells when they drank water; Xu Ming also unceremoniously accepted all the orders, after all, he deserved it!

Moreover, Xu Ming knew that the heart of the universe needed to cultivate the “eternal world” would be an incomparably huge number! I’m afraid... just to cultivate the first major realm of the eternal realm to perfection, the heart of the universe required is more than what ordinary realm masters need to cultivate to the supreme realm!

Without the support of the massive heart of the universe, Xu Ming’s cultivation would be unsustainable.

The entire Yuanmo Mountain quickly entered the collective retreat and practice.

Xu Ming is also in retreat.

“It is not easy to open up the Eternal Realm. After the development is completed, it is not difficult to cultivate the Eternal Realm!” Xu Ming secretly said, “It is the heart of the universe that is needed for cultivation. There are too many!”

But it’s normal!

The more powerful the sky-defying technique, the higher the cost of cultivating it! Cultivating the Eternal Realm just requires more Cosmic Hearts, which is actually a very small price.

With the practice, Xu Ming can also feel that his strength is constantly soaring and soaring!

In Yuanmo Mountain, there are all world masters, and there are world masters at all levels. Xu Ming naturally also has some understanding of the levels of weak-level world masters and obscure-level world masters.

Practice for a billion years.

“Although my realm is still only at the level of Great Senior, my strength is already comparable to that of an ordinary Humble-level Jiezun!” The realm of the Great Senior has the strength of a Hun-grade Jiezun! It made Xu Ming feel unbelievable!

What’s even more incredible is that Xu Ming obviously feels that he is still a long way from the “Number One Eternal Realm” achievement!

You must know that the second major realm of the Eternal Realm corresponds to the realm of Jie Zun; and the first major realm corresponds to the realm of Great Zun! -Xu Ming is now comparable to the Hunning-level Jiezun. Does that mean that in the future, Xu Ming will be able to compete with the Qiling-level Jiezun or even the god-level Jiezun in the future?

Terrible!

“Will it...” Xu Ming couldn’t help but guess, “Will I be able to compete with the Supreme Realm in the realm of the Great Senior?”

If it really can, then, in the entire Demon Abyss, the billions of universes, can Xu Ming do whatever he wants? Where do you want to go? When you want to go, when to go?

“Xu Ming, is your practice over?”

As soon as Xu Ming left the customs, Kunpeng Jiezun came to the door.

“Kunpeng Jiezun!” Xu Ming said with a smile. For this fellow and senior, Xu Ming is quite grateful. After all, on Xu Ming’s cultivation path, the other party gave a lot of help; moreover, if it wasn’t for Kunpeng Jiezun, Xu Ming might not have been able to escape the pursuit of the reincarnator Qianji Jiezun at the time, “How is your cultivation?”

A large amount of the heart of the universe, plus one billion years, is enough to take Kunpeng Jiezun's strength to a new level!

"I have broken through to the Qiling-level Jiezun!" Kunpeng Jiezun was quite proud, "Besides, because my cultivation technique is quite special! Although it is at the Qiling-level, my real strength should be comparable to that of the ordinary god-level realm. Respect!"

Kunpeng Jiezun didn't hide much.

Qiling level, comparable to the ***** level, is already very against the sky! After all, who is a strong Jie Zun who is not a stunning existence? It is very difficult to leapfrog battles at the level of Jie Zun!

"What about you?" Kunpeng Jiezun asked with a smile.

"I'm still in the realm of great respect!" Xu Ming said.

"I'm wronged! If it wasn't for Yuan Moshan, with your talent, it's not difficult to break through to Jie Zun, and you should be able to break through soon!"

Xu Ming did not explain.

Indeed, with Xu Ming's talent and accumulation, breaking through to the realm of Jie Zun is as easy as the palm of your hand. But... that's just breaking through to the realm of the realm in an ordinary way. If you want to rely on the eternal realm to break through to the realm of the realm, it is not that easy! At least the heart of the universe that Xu Ming has at hand is far from enough!

"But..." Xu Ming smiled strangely, "My strength should not be weaker than the previous Jianyao Realm!"

"What!?" Kunpeng Jiezun's eyes widened in disbelief, "The realm of the Great Senior is comparable to the strength of the Hun-level Jiezun?"

The realm of the Great Senior, comparable to the weak-level World Senior, is already something that only happens in legends!

The realm of the Great Senior is comparable to that of the Humble-level World Senior? – There is no such thing in the legend!

Immediately, Kunpeng Jie Zun reminded, “You can’t continue to break through! Otherwise, if you break through to the realm of Jie Zun, you will not be able to continue to invade the major cosmic seas!”

“Don’t worry, I know it!” Of course, Xu Ming also wanted to plunder more resources while he was in the realm of the Great Senior. After all, he not only has to prepare sufficient resources for the cultivation of the first major realm of the Eternal Realm, but also prepares sufficient resources for the cultivation of the second major realm!

And when Xu Ming was in the realm of the Great Venerable, it was a great time to plunder the major cosmic seas and accumulate cultivation resources!

“Kunpeng Jiezun, are you looking for me...?” After the greeting, Xu Ming asked. If nothing happened, Kunpeng Jiezun would not have come to the door immediately when he just left the customs. Come to think of it, something must have happened.

“Our Yuanmo Mountain has been surrounded by the major forces of Moyuan!” Kunpeng Jiezun said directly.

“Huh?” Xu Ming was slightly surprised, but he was also expected.

“It’s all for you!” Kunpeng Jiezun said again, “However, the Wuxiang Mountain Master has already closed Yuanmo Mountain! Yuanmoshan is the pillar of dimension. Once closed, unless the controller has fallen, otherwise No matter how many powerhouses come in! – The various forces in Moyuan, although they could not enter our Yuanmo Mountain, all gathered around Yuanmo Mountain and refused to disperse! Several mountain masters also closed their doors. For this reason, I stayed behind closed doors and didn’t go to see them!”

Xu Ming certainly understood why this happened.

The other forces in Moyuan must be there with their eyes on Yuanmoshan, and they don’t want Yuanmoshan to eat alone! So, there is this scene!

“Since you have left the customs, let’s go with the mountain masters to meet the various forces in Moyuan!” Kunpeng Jiezun said.

Chapter 2307: Is It Stupid?

The strength of several mountain masters, including Wuxiang Mountain Master, has also improved slightly.

Although the six mountain masters are all Supreme Realm Venerables, their previous cultivation resources were also stretched, and there were not many.

But now...

With Xu Ming as a “cash cow”, the powerhouses of Yuanmo Mountain don’t need to worry about the lack of resources at all, just let go of their hands and feet and cultivate to the fullest! – Not enough resources? Then go out in a group to plunder a cosmic sea, don’t you have resources immediately?

Moreover, in the past one billion years, Yuan Moshan has added two more supreme realms – Qing Jie Zun and Gu Tong Jie Zun.

Qing Jie Zun and Gu Tong Jie Zun were originally the pinnacles of the god-level Jie Zun, plus a lot of training resources were poured down on them, it was natural to break through and become the Supreme Jie Zun!

However, in the future, I am afraid that many of Yuanmo Mountain’s Jie Zun will become Supreme Jie Zun; therefore, Qing Jie Zun and Gu Tong Jie Zun, the two newly promoted Supreme Jie Zun, did not become Yuan Mo Mountain as before. the “mountain master”.

After all... In the future, it is very likely that hundreds, or even thousands, of Supreme Realm Venerables will emerge from Yuanmo Mountain! There can’t be thousands of mountain masters, right?

And those powerhouses in Yuanmoshan who were not in Yuanmoshan, but returned to their hometowns of the Universe Sea, were all depressed to death after learning the news—some of them were in a period of calm in their hometown Universe Sea, and the powerhouses of Jie Zun If you can’t get out of the universe and enter the universe sea, you can’t enter the magic abyss. Yes, although the hometown of the universe is not a peaceful period, Yuanmo Mountain is being

surrounded by the major forces of Moyuan at this time. If they dare to return to Yuanmo Mountain at this time, they will not be surrounded and beaten to death?

Boom-

Under the control of Wuxiang Mountain Master, Yuan Moshan opened an exit.

The six mountain masters including Wuxiang Mountain Master, the two newly promoted Supreme Jie Zun, as well as many powerhouses such as Xu Ming and Kunpeng Jie Zun, all walked out of Yuanmo Mountain. However, it is only near the exit of Yuanmo Mountain, and there are many fields and formations around it.

“Everyone came from afar, it really makes our Yuanmo Mountain flourish!” The Wuxiang Mountain Lord glanced around. Around Yuanmo Mountain, there are hundreds of millions of Jie Zun experts; even the highest Jie Zun, there are tens of thousands!

In the entire Moyuan, many forces who know the news have already arrived at Yuanmo Mountain; most of the others are also on their way.

“I don’t have anything to entertain, so I’ll invite you to a thin bar!”

Saying that, the Mountain Master Wuxiang waved his hand, and then there were billions of wine glasses flying out to the hands of the billionaires.

“The Mountain Master Wuxiang!” A strong man with every hair on his body, a black dragon, sneered, “There is no need to come to these imaginary people! Let’s talk about things directly!”

“It’s the Wanlong Demon Lord!” The Wuxiang Mountain Lord laughed.

Demon Lord Wanlong is extremely powerful. Each of his hairs turned into a black dragon, all of which were at the level of Jie Zun! His own strength is even more unfathomable! Even if the Wuxiang Mountain Lord has just made a breakthrough in strength, he is still not the opponent of the Wanlong Demon Lord.

Now the Wanlong Demon Lord is the first to speak, obviously he should be the leader elected by the tens of thousands of Supreme Jiezun present.

And with the strength of the Wanlong Demon Lord, he is indeed qualified to be this leader.

“Wuxiang Mountain Lord!” Wanlong Demon Lord said straight to the point, “You should be very clear that among the many forces in Moyuan, your Yuan Demon Mountain is just an unpopular force! You little Yuan Demon Mountain, do you want to take this place all by yourself? With a big chance, the appetite is too big, right?”

“Oh?” Wuxiang Mountain Master is not annoyed, nor does he deny it, “Then according to what you mean by Wanlong Demon Lord, what should we do in Yuan Demon Mountain?”

“Naturally, let’s enter Yuanmo Mountain and talk slowly!” Wanlong Demon Lord said as a matter of course, “While the Lord of Demon Abyss has not arrived here, let’s join forces and control this opportunity! In this case, as long as Given time, we will definitely have the strength to fight against the Lord of Demon Abyss, and even suppress the Lord of Demon Abyss!”

The Lord of Moyuan... Such an arrogant title is naturally not given by other strong men in Moyuan, but by the Lord of Moyuan himself!

However, with the title of “Lord of Demon Abyss”, he can still be domineering in Moyuan, and make other supreme realms jealous, which is enough to see the strength of the Lord of Demon Abyss! -Obviously, the powerful Demon Lord of Ten Thousand Dragons in front of him is also very afraid of the strength of the Demon Lord! Otherwise, he wouldn’t talk like that.

“Let you enter Yuanmo Mountain?” The Wuxiang Mountain Master couldn’t help laughing, “Wanlong Demon Lord, do you think I’m a fool? Let you enter Yuanmo Mountain, is it still me who has the final say in Yuanmo Mountain? ?”

The Wuxiang Mountain Master controls Yuanmo Mountain and can close the entry and exit of Yuanmo Mountain at any time. Yuanmo Mountain is the pillar of dimension, and it is impossible for any strong person to destroy half of the pillar of dimension; therefore, as long as Wuxiang Mountain Master and others stay in Yuanmo Mountain, they will be very safe! Even if the army of the Lord of Demon Abyss and the Lord of Ten Thousand Dragons overwhelms the realm, there is nothing that can be done against them!

But... The Wuxiang Mountain is mainly to let them in, so the Yuanmo Mountain is not the Wuxiang Mountain Master who has the final say! Even the powerhouses such as the Wanlong Demon Lord

will immediately take action against the Wuxiang Mountain Lord and seize the control of Yuan Demon Mountain first; or directly **** and kidnap Xu Ming!

Therefore, it is impossible for the Wuxiang Mountain Master to let people into Yuanmo Mountain no matter what.

“Huh?” Wanlong Demon Lord’s face sank, “Wuxiang Mountain Lord, what should you do according to your opinion?”

“I don’t mean anything!” said Wuxiang Mountain Master with a smile, “I’m coming out now, just to tell you – where did you come from, go back to where you are! Chance is the chance of our Yuanmo Mountain, and it has nothing to do with you all. After you finish your glass of wine, please go ahead!”

The Mountain Master Wuxiang directly ordered the guests to be expelled.

“Humph!” Wanlong Demon Lord’s face sank completely, “Wuxiang Mountain Lord, are you not giving me face?”

“Why should I give you face?” The Wuxiang Mountain Master also restrained his smile and confronted him **** for tat.

“You don’t want to be active in the Demon Abyss in the future?” Wanlong Demon Lord threatened, “Believe it or not, I will let you strong people from the Yuan Demon Mountain not be able to get out of the Yuan Demon Mountain? If you come out, you will die. ?”

“Believe!” The Mountain Master Wuxiang disdainfully said, “But, Demon Lord Wanlong, are you stupid!?”

Demon Lord Wanlong was stunned for a moment.

“Why do we want to leave the Yuanmo Mountain and enter the Demon Abyss?” The Mountain Master Wuxiang said disdainfully, “You want to be active in the Demon Abyss because you want some treasures that occasionally emerge in the Demon Abyss! But... that point. Treasures, we don’t like Yuanmo Mountain at all! Our Yuanmo Mountain now has inexhaustible resources, why do we have to work so hard to enter the Demon Abyss and **** those barren resources from you?”

Having said that, the eyes of Mountain Master Wuxiang were already full of contempt. It seems that he is using his eyes to tell the Demon Lord Wanlong that he is poor, get out!

“I...” Demon Lord Wanlong was speechless for a while.

“Everyone, don’t bother, please come back!” Wuxiang Mountain Master sneered, “The chance of our Yuanmo Mountain will not be related to you! Our Yuanmo Mountain’s Jie Zun will not walk out of Yuanmo Mountain. Yes!—Let’s go back!”

With that said, the Mountain Master Wuxiang took Xu Ming and others directly and retreated towards Yuanmo Mountain.

“Stop!” Wanlong Demon Lord and other strong men roared, and they all shot and killed the Wuxiang Mountain Lord.

However, the Mountain Master Wuxiang is near the entrance and exit of Yuanmo Mountain. Moreover, the reason why the Wuxiang Mountain Master came out just now was to make sure that the powerful people such as the Wanlong Demon Lord were far enough away from him and were safe enough to come out; otherwise, they would not have walked out of the Yuan Demon Mountain at all. .

Before the attack from the Wanlong Demon Lord and others, the Wuxiang Mountain Lord brought Xu Ming and other strong men back into the Yuanmo Mountain, and directly closed the Yuanmo Mountain.

The attack of the powerful masters such as the Wanlong Demon Lord slammed into the pillar of dimension in Yuanmo Mountain, and it was not as good as shaking the tree, and it was impossible to leave a trace on the pillar of dimension.

“Damn it!” Wanlong Demon Lord roared again and again.

...

Demon Lord Wanlong and other powerhouses did not notice that among the countless billions of World Venerables, there was a samsara hidden at this time – it was the “Thousand Machine World Venerable” who had played against Xu Ming several times!

The Thousand Machines World Venerable, the reincarnator of Wanwei Hall, has been reincarnated thousands of times.

And like the Wanlong Demon Lord, Wuxiang Mountain Lord and other Supreme Realm Venerables, most of them have never experienced even a single reincarnation.

Like before, although Jiutao Jiezun is the supreme Jiezun, he was still full of fear before entering the reincarnation.

But for a reincarnator like the Thousand Machines World Venerable, reincarnation is just like eating and drinking water, and there is no need to be nervous at all. Because of this, the Thousand Machines World Venerable, who is a reincarnator, actually looks down on the Wanlong Demon very much. Lord these supreme realms!

And he does have the qualification to “look down”.

but...

The number of reincarnations is high, does not mean that the strength is strong! In terms of strength, the Thousand Machines World Venerable is not as good as the Wanlong Demon Lord!

“Ha! What’s the use of being strong?” Qianji Jie Zun looked at the back of Demon Lord Wanlong from a distance and sneered in his heart. Not to mention the Demon Lord of Wanlong, even if he is the Lord of Demon Abyss, he still looks down on him, “No matter how strong the strength is, once the hometown of the universe is destroyed, it is not necessary to enter the reincarnation! It is strong now, but it may not be as strong after entering the reincarnation ; It may even disappear completely after reincarnation a few times!”

In such a situation, the Thousand Machines World has seen a lot of respect!

“There is no cosmic sea that can exist forever! No matter how strong the strength is, it is only temporary! Only those who are reincarnated and inextinguishable are the true masters of this endless world!” Naturally know a lot.

He glanced in the direction of Yuanmo Mountain again, “Thousands of Jijie respect these people, and they are still pursuing top-level luck. If it’s not fast enough, they will find out that it’s useless to have top-level luck!”

The corner of Qianji Jiezun’s mouth evoked a meaningful smile. What is the difference between the forces of reincarnation and the ordinary forces of Moyuan? The greatest luck is that the forces of reincarnation master a secret method of refining air luck! And the powerhouses outside the reincarnation force cannot obtain this secret method!

Only by joining the forces of reincarnation can you obtain this secret method!

Like Qianji Jie Zun, who came to Xu Ming’s hometown of the Universe Sea before, the price paid was actually unimaginable for the Wuxiang Mountain Master and the others! Even if all the resources of Xu Ming’s hometown Universe Sea were given to Qianji Jie Zun, it might not be enough to make up for the price paid by Qian Ji Jie Zun!

“It’s a pity that I couldn’t catch Xu Ming at the time, otherwise... I would have made a lot of money!” Qianji Jie Zun paid such a huge price, in fact, it was for Xu Ming, not for anything else, “But... Xu Ming’s value, It’s a bit beyond my imagination! Even if I have to share Xu Ming’s luck with other reincarnations, I should still be able to make a lot of money!”

Qianji Jiezun is not worried that Xu Ming can escape!

“Wait for the Wuxiang Mountain Master and the others to find out that top-level luck doesn’t have much value, that’s when our reincarnators come forward!” Qianji Jiezun seemed to be in control of everything, “Wait first!”

Chapter 2308: Trade

Around Yuanmo Mountain, surrounded by billions of realms.

The powerhouses of Yuanmo Mountain simply ignored it and began to choose the second cosmic sea as their target.

The target Universe Sea chosen by Yuan Moshan is naturally relatively weak, and there is no suspense in attacking it.

After attacking and plundering the second cosmos sea, five more powerful men from Yuanmo Mountain broke through to become the Supreme Realm Venerable!

After attacking and plundering the third cosmos sea, there are more than 20 supreme realms of Yuanmo Mountain! Not to mention the god-level Jie Zun!

Twenty Supreme Realm Venerables... Few cosmic seas have such power! Therefore, when Yuan Moshan chose the target universe sea, he was even more reckless and did whatever he wanted!

Five cosmic seas, ten cosmic seas, twenty cosmic seas...

Almost all the resources of the dozens of cosmic seas are naturally an extremely huge resource for Yuanmo Mountain, and even directly created hundreds of Supreme Realm Venerables for Yuanmo Mountain! But...for the endless billions of cosmic seas, Yuan Moshan's attack on the dozens of cosmic seas plundered is not as good as a drop in the ocean.

However, after attacking nearly a hundred cosmic seas, the first six supreme realms in Yuanmo Mountain, that is, the six mountain masters including Wuxiang Mountain Master, encountered confusion.

...

“You should all feel it, right?”

Yuan Demon Mountain.

In this layer of space belonging to the mountain masters, there are only six mountain masters here.

The Mountain Master Wuxiang was the first to speak.

“Yes!” The Unicorn Mountain Master also said, “I have attacked the Universe Sea a few times recently, and I can’t continue to absorb top-level luck! It feels like... the top-level luck on my body is full!”

“I feel the same way!” Another mountain master also said, “If you absorb the top level of luck, it seems to overflow directly, and there is no way to increase the top level of luck on your body!”

“This problem has never been encountered before, and I have never heard it from other Supreme World Venerables!” It is this place that the Wuxiang Mountain Master and others are confused, “The top level of luck is after entering the reincarnation. The key! Although we are not reincarnators, we all know that the reason why reincarnators can go through thousands or tens of thousands of reincarnations without dying is because they have a lot of luck! Top-level luck!”

“Not bad!” The Unicorn Mountain Master also continued, “However, the top-level luck we have now can only guarantee that when we reincarnate in the ‘next world’, we will also be the Supreme Realm Venerable, right? Not even necessarily It’s enough to guarantee that we will become the Supreme World Venerable! But... Xu Ming, a genius that only exists in legends, it is already a coincidence and a lucky thing for us to meet once! In the next world, we will not be so lucky again. !”

“Yeah!” The Mountain Master Wuxiang sighed, “Now that Xu Ming is here, it is relatively easy for us to grab top-level luck! But without Xu Ming...it will be difficult for us to obtain top-level luck! The next world, we may not get so much top-level luck at all! Then, if we can’t reincarnate once or twice, won’t we completely disappear?”

“Those who are reincarnated, how did they achieve reincarnation thousands or tens of thousands of times?”

This question of Wuxiang Mountain Master is also the doubt of the other five Mountain Masters.

Sudden-

“Do you want me to tell you?” A voice sounded without warning around the Wuxiang Mountain Master.

The six mountain masters suddenly became vigilant.

Especially the Wuxiang Mountain Master – he is in control of Yuanmo Mountain, and he didn't find anyone sneaking in.

“Don't worry, I don't have the strength to sneak into Yuanmo Mountain!” A phantom slowly condensed into a human shape, “In the Demon Abyss, no one can sneak into the pillar of dimension! What I sneaked in was just a It's just a fragile consciousness! Just this little trick, with my experience in reincarnation thousands of times, it's not difficult!”

“Thousand Machines World Venerable!” The Wuxiang Mountain Master looked at the slowly condensed human shape.

Thousand Machines World Honor! The reincarnator of Wanwei Temple!

The Wuxiang Mountain Master once wanted to join the Wanwei Temple or other reincarnation forces, but he couldn't find the way! Those reincarnations simply ignore him!

In the words of Qianji Jiezun, you want to join the Wanwei Temple? Let's talk about it after going through a thousand reincarnations first!

But before, the Wuxiang Mountain Master and the others have not experienced even one reincarnation, let alone a thousand times!

“What are you doing here?” Wuxiang Mountain Master looked at the phantom of Qianji Jiezun, but did not do anything.

“What are you doing?” The Thousand Machines World Venerable smiled, “Of course it's a deal! If I guessed correctly, the luck on your body should have already reached a bottleneck, right?”

The Wuxiang Mountain Master and others could not help but shrink their pupils slightly, this is where they are confused and helpless!

“I can help you solve this problem! Even...” Qianji Jie Zun smiled mysteriously, “I can even introduce you to the Wanwei Palace in the future!”

“What do you want?” The Mountain Master Wuxiang asked directly.

“Xu Ming!” Qianji Jiezun didn’t beat around the bush, “Let me enter Yuanmo Mountain and give me Xu Ming!”

“Oh! Why should we believe you?” The Mountain Master Wuxiang said with a smile.

There is no word “trust” in this place of Moyuan.

Let’s not say whether the Mountain Master Wuxiang is willing to do this transaction. Even if he was willing to do it, why would he believe in the Thousand Machines World Venerable?

“I can teach you how to break through the bottleneck of luck first!” Qianji Jie Zun laughed indifferently.

“Oh?” This sentence made the six mountain masters including Wuxiang Mountain Master couldn’t help but light up. But the Mountain Master Wuxiang still said, “Aren’t you afraid that we will regret it after we learn the method?”

“You guys won’t go back on it!” Qianji Jie Zun said confidently, “This transaction is beneficial and harmless to you! And If you really dare to go back on it... I believe you all know that, What does it mean to offend a reincarnator of the Wanwei Temple!”

Wuxiang Mountain Lord’s pupils shrank slightly.

Qianji Jiezun continued, “If the reincarnator of Wanwei Temple really wants to deal with a person at all costs, then this person will definitely die!”

What Qianjijie Zun said was not a lie.

The power of Wanwei Temple is too powerful!

In the Demon Abyss, although there are few powerful people from the Wanwei Temple, almost all the Supreme World Venerables have heard of the name “Wanwei Temple”. I have also heard of the consequences of offending the Wanwei Temple.

“How is it? Mountain Master Wuxiang, how are you thinking?” Qianji Jiezun asked again.

But at this moment, two more phantoms began to condense around.

“Thousand Machines World Venerable!” The phantom has not yet formed, but the voice has already come out, “You are not being kind, right? You sneaked over here alone, do you want to eat alone again?”

Chapter 2309: Xu Ming’S Cultivation

“You’re not being kind, aren’t you? Someone sneaked over here and wanted to eat alone again?”

The expression of the Thousand Machines World Venerable suddenly changed.

“Apocalypse Realm Venerable!”

“The Big Dipper World Honor!”

The Wuxiang Mountain Master and a few people obviously recognized these two World Venerables.

Apocalypse Jiezun, the reincarnator of the Supreme Church.

Beidou Jiezun, the reincarnator of the Great Fortune Pavilion.

The Wanwei Hall, the Supreme Church, and the Great Fortune Pavilion are also known as the “three top-level reincarnation forces”.

The two phantoms gradually solidified.

Qianjijie Zun looked unhappy, “Why are you here?”

“What? You are only allowed to come, but we are not allowed to come?” Tianqi Jiezun said with a sneer.

“Qianji Jiezun!” Beidou Jiezun said privately, “What are you thinking about, we know very well! Would you be so kind to teach them the secret method of refining Qi Luck? Also recommend They entered the Pantheon?”

Qianjijie smiled tacitly.

How could it be so easy to join the three top-level reincarnator forces, the Wanwei Hall, the Supreme Holy Church, and the Great Fortune Pavilion?

“In the present Mo Yuan, the three top reincarnators are only the three of us!” Tian Qi Jie Zun looked at Qian Ji Jie Zun and said, “Either, the three of us share the luck of Xu Ming! ... one shot and two scattered, you don’t want to take advantage of it alone!”

“Humph!” Qianji Jiezun actually expected that he would not be able to eat alone so comfortably, so he snorted coldly, “I was the first to discover Xu Ming! It is also because of me that Xu Ming was forced into the Demon Abyss! I will share 50% of Xu Ming’s luck, and the two of you will share 50%! If you agree, we will cooperate;

Tianqi Jiezun and Beidou Jiezun hesitated for a moment, looked at each other, and agreed to this condition. After all, the two of them did not pay too much effort and price for Xu Ming; now that they can get so much luck, it is already a big bargain.

“Master Wuxiang, is there a result for the consideration?” After the three reincarnations agreed, Qianjijie Zun looked at Mountain Master Wuxiang again.

The six mountain masters were actually a little moved.

Indeed, the luck of the six of them has reached a bottleneck. Continuing to attack the various cosmic seas will only benefit the other realms in Yuanmo Mountain, but it will not benefit the six of them.

In this way, if they continue to attack the major cosmic seas, the six of them will continue to be equivalent to helping other world masters to “work for free”! – Of the six mountain masters, none of them are willing to do such a selfless thing!

In other words... Now, Xu Ming has little value to the six mountain masters, but can be said to be a burden!

Take a burden in exchange for a way to break through the calmness of luck? In exchange for the opportunity to enter the top reincarnation force? -Whether it is the Wuxiang Mountain Master or the other five Mountain Masters, there is almost no hesitation in my heart!

As for doing so, will I feel sorry for Xu Ming? There is no guilt in the hearts of the six mountain masters! Because, this is the rule of Mo Yuan – if you want to strengthen yourself, you must kill others first!

To the six mountain masters, Xu Ming was just an “other” who was about to be killed!

“Okay!” Thinking of this, the Mountain Master Wuxiang gave a reply without hesitation, “But... we must first get the secret method to break through the bottleneck of luck, and first find a cosmic sea to test it!”

“Yes!” Qianji Jiezun agreed without hesitation, “As I said, I don’t worry about your repentance, because the Wanwei Palace is not something you can offend from your immature Supreme Jiezun! What’s more Now, if you dare to play tricks, you will not only offend our Wanwei Palace, but also the Supreme Holy Church and the Great Fortune Pavilion!”

Offending three top reincarnator forces at the same time?

Not to mention the Supreme Realm Venerables who have not experienced reincarnation, even the “senior” reincarnations who have been reincarnated dozens or even hundreds of times, do not have the courage to offend!

“If the secret method you taught is true, we will naturally not regret it, and there is no need to regret it!” Wuxiang Mountain Master said lightly, “We still have a clear distinction, it is impossible to offend the three top samsara for one Xu Ming. Powerful!”

“I also believe that you are not so stupid!” The Thousand Machines World Venerable sneered and said, “Come on, I will teach you the secret method first!”

The six mountain masters stared at each other with bated breath and listened carefully.

Apocalypse Jiezun and Beidou Jiezun secretly sneered as they watched this scene—of course the two of them knew that what Qianji Jiezun taught could not be the core secrets of the three top samsara forces, but only some superficial refinements. The secret method of transforming air luck!

This kind of superficial secret method, in the world of reincarnation, is basically not much different from the “bad street”. Any reincarnator who has been reincarnated several times usually has a way to obtain this secret technique!

It can be said that the secret techniques taught by the Thousand Machines Realm to the Wuxiang Mountain Master and others are almost worthless, and they are completely empty gloves and white wolves.

...

After obtaining the secret method of refining Qi Luck, the Infinite Mountain Master six quickly attacked a cosmic sea.

really!

Their previous air transport bottleneck was successfully broken through! This gave them hope – the hope of becoming a true reincarnator!

Only those who survived repeated reincarnations can be called true reincarnators! Those who disappear completely without being reincarnated a few times are not qualified to be called real reincarnators!

“Qianji Jie Zun really didn’t lie to us!” Wuxiang Mountain Master was a little excited, “I don’t know how many Supreme Jie Zun wants to take our step, but we never get the chance! And we have successfully taken this step. Hmm... If that’s the case, then I have no choice but to apologize to Xu Ming!”

The six mountain masters did not feel ashamed of Xu Ming at all.

“I’m going to contact the Thousand Machines Realm to respect them, let them enter the Yuanmo Mountain with their real bodies, and then hand over Xu Ming to them to deal with!” Although the

Mountain Master Wuxiang was curious, what exactly does Xu Ming have on his body is worth the three major The reincarnators of the top forces are trying their best to get it. However, Wuxiang Mountain Master also understands that this is not what they need to know for the time being.

They just need to get the deal done right!

...

Xu Ming was unaware that the crisis was approaching him.

Xu Ming also happily took stock of his gains.

“The heart of the universe that I have now is enough for me to break through the Eternal Realm into the second major realm!”

The second major realm of the Eternal Realm, that is, the “realm of the realm”!

However, although Xu Ming has been able to break through to the realm of Jie Zun at any time, in order to lead other Jie Zun in Yuanmo Mountain to “level up”, he only needs to put his realm at the “first peak”, which is the “peak of the great master”. level!

Although the cultivation base is still only at the level of Great Senior, but Xu Ming’s strength...

“My strength is already comparable to the pinnacle of the gods!” Xu Ming felt incredible!

The Great Senior is cultivated, but has the strength of the peak of the God-level World Senior! Infinitely close to the Supreme Realm!

“Xu Ming! Xu Ming!” Just when Xu Ming was excited, Kunpeng Jie Zun ran over.

Chapter 2310: Do Whatever You Want

“Kunpeng Jie Zun!” Xu Ming smiled when he saw Kunpeng Jie Zun, “Looking at your appearance, it seems that you have gained a lot?”

“Haha!” Kunpeng Jie Zun laughed, “I have broken through to become the Supreme Jie Zun!”

“Oh?” Xu Ming’s eyes lit up.

You must know that Kunpeng Jie Zun cultivates in the Divine Body Universe, so the improvement of his cultivation is actually more difficult than other Jie Zun! Of course, Kunpeng Jie Zun’s strength will also be stronger than most Jie Zun of the same realm!

“But...” Immediately afterwards, Kunpeng Jie Zun shook his head again and sighed, “But at the same time, my strength has temporarily reached a bottleneck, and I can’t improve it any more in a short time, even if I give me more hearts of the universe, it’s useless. Unless...I can get the secret method of plundering luck!”

The Supreme Realm... is also divided into several levels.

However, the level of Supreme Realm Venerable is not divided according to strength!

The lowest-level Supreme Realm Venerable, like Kunpeng Jie Zun and Discord Hall Master, doesn’t even have a secret technique for plundering luck! None of them can take the initiative to plunder and improve top-level luck.

A slightly higher level is the Supreme Realm Venerable who has the secret technique of plundering luck.

The next higher level is the level of Wuxiang Mountain Master who has just mastered the secret skills of refining Qi Luck—they can not only plunder Qi Luck, but also actively refine Qi Luck!

The higher one is the reincarnator!

The division of these four levels does not determine the strength of strength, but... it can largely determine how long a Supreme Realm Venerable can “live”.

Like Thousand Machines World Venerable, in terms of strength, it is not necessarily strong; however, he has lived through thousands of reincarnations, and he has also joined the top

reincarnation power Wanwei Hall! Even, in the future, it is entirely possible for the Thousand Machines World Venerable to change his name to “Myriad Machines World Venerable” – he will definitely change this name when he reincarnates 10,000 times.

“Master Wuxiang, do they have a secret technique for plundering luck?” Xu Ming asked.

“Definitely!” Kunpeng Jiezun said, “But... the new breakthroughs in Yuanmo Mountain, the Supreme Jiezun, have also approached several mountain masters and asked them to teach them secret skills; however, none of them can learn the predatory aura. The secret of luck!”

“It’s natural!” Xu Ming said with a smile, “If I have the secret skill of plundering luck, I won’t easily pass it on to others!”

If other Supreme Realm Venerables also learned the secret skills of plundering luck, wouldn’t they have to **** their luck with Wuxiang Mountain Master?

The six mountain masters of Wuxiang Mountain Master are not stupid, and of course they will not easily teach their housekeeping skills.

“I’ll tell you straight to the point!” Kunpeng Jiezun looked at Xu Ming, and said directly, “I hope you can go to Wuxiang Mountain Master and the others and ask for the secret method of plundering luck! Now, the entire Yuan Dynasty The magic mountain is asking for you, and it should not be difficult for you to get the secret method; then, I can borrow you to light it up! If you wait for the Wuxiang Mountain Master and the others to get enough luck, and you want to ask them for the secret method, I’m afraid it will be difficult!”

“Indeed!” Xu Ming nodded.

Rabbits die and dogs cook, and birds hide their bows! Of course Xu Ming knew this truth!

“I just want Mountain Master Wuxiang and the others to teach the secret method to you and me. It shouldn’t be difficult!” Xu Ming looked at Kunpeng Jiezun and said, “If they don’t even want to do this, then I have to think about it carefully. Do you want to continue to help them attack the major cosmic seas!”

Anyway, Xu Ming has accumulated enough hearts of the universe now. If the Wuxiang Mountain Master and the others cannot agree to this condition, then the cooperation between Xu Ming and Yuan Moshan will end here!

“Go back first!” Xu Ming said, “I’ll go to the Mountain Master Wuxiang and let him teach the secret method!”

“Then I’ll wait for your good news!” Kunpeng Jie Zun left with a smile.

...

After sending Kunpeng Jiezun away, Xu Ming quickly found the Wuxiang Mountain Master.

“A few mountain masters, are you all here?” Xu Ming also avoided the other five mountain masters. In his opinion, asking for the secret method of plundering luck should not be a big deal, and there is no need to hide it.

“Xu Ming!” The Mountain Master Wuxiang saw Xu Ming coming, and immediately smiled, “You came just in time, I was looking for you!”

“Oh?” Xu Ming asked with a smile, “What’s wrong with Mountain Master Wuxiang?”

“Let’s talk about what’s wrong with you first!” The Mountain Master Wuxiang smiled.

“It’s like this—” Xu Ming also came up and said straight to the point. With Xu Ming’s contribution to Yuanmo Mountain and the benefits he brought to the six mountain masters, it is indeed possible to say bluntly, “I, and Kunpeng Jiezun, want to plunder the secret method of luck!”

“The secret method of plundering luck?” The Mountain Master Wuxiang said in surprise, “It seems that Kunpeng Jiezun has broken through to become the Supreme Jiezun! I don’t even know it at all!”

Several other mountain masters pondered: “The secret method of plundering luck is not easy to learn. We also spent a lot of money to get it...”

The Wuxiang Mountain Master waved his hand and directly interrupted the words of the other Mountain Masters: “With Xu Ming’s help to us, we are fully qualified to learn the secret method of plundering luck! As for teaching more to a Kumpeng Jiezun, the problem is also Not much...”

Having said that, the Mountain Master Wuxiang also smiled meaningfully.

Several other mountain masters saw the smile of Wuxiang Mountain Master, and immediately understood what he meant, and they also showed meaningful smiles.

“Xu Ming!” The Wuxiang Mountain Master said again, “You just hold your breath and stare and concentrate Prepare to accept the inheritance of the secret technique! But...the secret technique of plundering luck is quite complicated, and it is not easy to inherit it. , you can’t be distracted!”

“Okay! Thank you very much!” Xu Ming did not doubt. After all, in his opinion, he has done so much for Yuanmo Mountain and for several mountain masters, and he just needs a secret skill; several mountain masters have no reason to be mean to him.

Saying that, Xu Ming sat down on a futon with his knees crossed.

“The inheritance time will be longer, you have to pay attention!” The Wuxiang Mountain Master asked another sentence, and then the inheritance began.

Xu Ming did not dare to be distracted, and seriously accepted the inheritance of the secret technique of plundering luck.

Several mountain owners saw that Xu Ming was really concentrating on accepting the inheritance, and couldn’t help but look at each other and smiled.

The Wuxiang Mountain Master even sent a secret message to contact him: “Qianji Jiezun, have you entered the Yuanmo Mountain? – Xu Ming is here with me now, and is concentrating on accepting my secret inheritance! Come over quickly, you can Do whatever you want with him!”

“Oh?” Qianji Jiezun, who had entered Yuanmo Mountain, suddenly lit up, “Master Wuxiang, you are really reliable! When you want to join Wanwei Temple in the future, I will be more for you. Just a few words! – Just a moment, we’ll be there in a minute!”

Whoosh! Whoosh! Whoosh! ...

The three reincarnations, Qianji Jiezun, Tianqi Jiezun, and Beidou Jiezun, quickly shuttled through the layers of Yuanmo Mountain. Soon, they arrived at the place where Xu Ming, Wuxiang Mountain Master and others were. one floor space. Sure enough, the Thousand Machines World Venerable saw at a glance that Xu Ming was concentrating on accepting the inheritance of the secret technique, and he didn't even know they were coming.
