Chapter 2311: Immortal Luck

“Great!”

Qianji Jiezun, Tianqi Jiezun, and Beidou Jiezun all laughed immediately.

“What an abundance of luck!”

“Getting the luck on Xu Ming is enough to make us immortal!”

“Stop the ink, and hurry up to avoid any changes!”

“What can happen to a Xu Ming who is not even the Great Senior? Unless the Wuxiang Mountain Master dares to rebel!” Qianji Jie Zun sneered, “Just a few ordinary Supreme Jie Zun dare to offend us. The three major reincarnation powers? Isn’t that because you don’t die fast enough?”

“Go ahead!”

“kill!”

boom!

The three reincarnations shot at Xu Ming in unison.

At this time, Xu Ming suddenly opened his eyes if he felt something.

“what!?”

As soon as he opened his eyes, what Xu Ming saw was the Thousand Machines Realm Venerable, and two other powerful men who had never been seen before, but were by no means weaker than

the Thousand Machines Realm Venerable, who were shooting at him. And the six mountain masters beside him did not look like they were going to protect him at all.

“How did Qianji Jiezun enter Yuanmo Mountain?” This thought was only fleeting in Xu Ming’s mind. Because immediately, Xu Ming reacted – without the permission of Wuxiang Mountain Master, how could Qianji Jiezun enter Yuanmo Mountain?

Even a reincarnator cannot force his way in!

Coupled with the attitude of the Wuxiang Mountain Master at the moment, it has already explained the problem!

“I was sold!” Xu Ming instantly understood his current situation!

was sold!

Sold by six mountain masters!

Rabbits die and dogs cook, and birds hide their bows! Nothing more than this!

And I’m afraid it sold for a “good price”! Otherwise, with Xu Ming’s role in Yuanmo Mountain, how could he be easily abandoned?

“Damn it!” Xu Ming cursed in his heart, while he suddenly retreated and ran away.

Fortunately!

Xu Ming has never told others his true strength! Therefore, the three reincarnators of the Thousand Machines Realm did not expect that Xu Ming actually possessed the strength of the god-level peak, which was infinitely close to the Supreme Realm! – And the three people from the Thousand Machines World just shot at will, an attack of this level would naturally not threaten Xu Ming’s strength at all!

boom! !

The attack of the three reincarnators came to nothing.

As for Xu Ming, he took the opportunity to retreat and distanced himself from the three reincarnators and the six mountain masters.

At the same time, Xu Ming didn't dare to stay at all, he even broke through the time and space, and fled towards the upper space. In the upper space, there are transmission channels leading to the major cosmic seas.

Xu Ming is very clear about his current situation! He is also very clear that his only chance of survival is to escape into a certain cosmic sea in a quiet period through the teleportation channel. Xu Ming is only in the realm of the Great Senior, and he can enter other cosmic seas at will! And the three reincarnations and the six mountain masters are all in the realm of the realm, and they can't follow the cosmos sea!

“what?”

“how is this possible?”

“Isn't he Da Zun?”

Xu Ming's coping and strength between the electric light and flint naturally shocked the three reincarnators and six mountain masters!

“Will the Great Senior be so strong?” Qianji Jie Zun couldn't believe it, “I think he is the Supreme Jie Zun with the strength he just burst out!”

“It's not even the Supreme Realm!” Wuxiang Mountain Master narrowed his eyes slightly and said solemnly, “But it is definitely the pinnacle of the God-level Jiezun! It's almost like stepping into the threshold of the Supreme Jiezun with one foot! It's incredible. ...the Great Senior Realm, but has the strength of the God-level World Senior! This Xu Ming definitely has some big secrets that we don't know!”

The other mountain masters also nodded: “We always thought that Xu Ming was only the strength of an ordinary Jie Zun! This Xu Ming can really hide it!”

After a brief period of astonishment, Qianji Jiezun, Tianqi Jiezun, and Beidou Jiezun all burst out with more fanatical rays of light in their eyes!

“We all underestimated Xu Ming!” Beidou Jiezun’s excited voice was trembling, “We thought that Xu Ming only had a huge amount of top-level luck, enough for us to reincarnate thousands or even tens of thousands of times, and it would not be consumed. Exhausted! But now it seems that what Xu Ming has on his body is likely to be... immortal luck!”

What is immortal luck?

That is, no matter how many times of reincarnation, no matter how much you spend, it will not be consumed, and it will be eternal and immortal!

A reincarnation with immortal luck is the real eternal existence in reincarnation!

Even in the three top samsara forces, the Wanwei Hall, the Supreme Holy Hall, and the Great Fortune Pavilion, there are only a handful of reincarnators with immortal luck!

“Am I going to have immortal luck?” Qianji Jiezun was even more excited. He glanced at Tianqi Jiezun and Beidou Jiezun around him. At this time... the cooperation between the three is naturally impossible to talk about! After all, there is only one immortal luck, and they have three!

Everyone wants this immortal luck!

No one wants to give up!

“Humph!” The three reincarnations looked at each other and quickly discussed it, “Kill Xu Ming first! As for who can get the luck of immortality, it’s up to their own abilities!”

boom! boom! boom!

The three reincarnators, respected by the Thousand Machines Realm, also broke through time and space, chasing towards the upper space where Xu Ming fled. The three of them are all Supreme Jie Zun, and although their strength is not the top among the Supreme Jie Zun, they are still relatively top-notch.

“What should we do?” Several mountain masters looked towards Wuxiang Mountain Master Immortal Fortune? What is immortal luck? “The Mountain Master Wuxiang also had doubts on his face. After all, several Mountain Masters are not reincarnators, but ordinary Supreme Realm Venerables, so they know relatively little about things at the level of reincarnation.

For example, the immortal luck that Thousand Machines World Venerable is talking about, the six mountain masters have never heard of it.

However, the Mountain Master Wuxiang soon made a decision: “Whatever he is! Let’s catch up first! – There is no doubt that this immortal luck is definitely a super big opportunity! But we have to work together, and if there is a chance, grab it directly. The chance for these three reincarnators!”

Although, the three of the Thousand Machines Realm respected each other from the three top samsara forces; but if there is really a big chance, who cares what background you are!

If you can grab it, grab it!

If you can’t grab it, you can’t count yourself!

“Let’s go!” said Wuxiang Mountain’s master, “Once we find a big chance, we will take action together and suppress those three reincarnations!”

Although the six mountain masters of Yuanmo Mountain are not reincarnators, their strength is not bad at the level of Supreme Realm Venerable! It is not difficult to suppress the three people from the Thousand Machines Realm with the six of them together!

boom! boom! boom! ...

The six masters of Wuxiang Mountain immediately broke through time and space and chased after them. .

Although Xu Ming’s strength is already very close to the Supreme Supreme Realm, he is not the real Supreme Realm after all; therefore, he was caught up by the three of Qianji Jiezun before he escaped a few layers of space.

“Want to escape?” Qianji Jie Zun smiled wickedly, “Xu Ming! This time, I don’t believe where you can escape!”

Chapter 2312: Middle World

“Xu Ming! This time, I don’t believe where you can escape!”

Xu Ming was full of shock and despair!

The speed of the three people from the Thousand Machines Realm is too fast!

And Xu Ming is still far away from the space where the teleportation channel is located!

In terms of strength, Xu Ming is only at the pinnacle of the god-level, and he has not really stepped into the level of the supreme realm!

If he was only chased and killed by Qianji Jie Zun alone, Xu Ming might be able to escape while fighting, support him to the teleportation channel, and then escape into a certain sea of cosmos. But now, Xu Ming was being chased and killed by three reincarnators at the same time, and there was no chance at all to escape.

As for opening...

Xu Ming’s plug-in is only useful at the Qiling-level Jie Zun level at most; when it reaches the god-level level, it is of little use. In the face of the highest realm level, the “seckill” link is invalid, and the “infinite resurrection” link is also invalid. Everything can only rely on Xu Ming’s own strength.

“What should I do?” Xu Ming was still the Great Senior after all! Even if he has just stepped into the realm level, he will not be so powerless!

But now, there is absolutely no chance for Xu Ming to break through the world!

boom! boom! boom! ...

At this moment, Xu Ming saw that the six mountain masters including Wuxiang Mountain Master also broke through time and space.

“Master Wuxiang, what are you doing here?” Qianji Jiezun asked coldly, “Could it be that you want to interfere in our affairs?”

Xu Ming couldn’t help but raise a glimmer of hope.

If the six masters of Wuxiang Mountain are willing to help him, then he has every hope of escaping.

“Don’t get me wrong!” The Mountain Master Wuxiang smiled faintly, “We are just here to have a look, we won’t interfere!”

“That’s good! Otherwise, don’t blame our three top samsara forces for being rude!” Qianji Jiezun snorted coldly. Of course, he knew exactly what the Wuxiang Mountain Master was thinking, and he definitely wanted to see if there was a chance to seize the opportunity.

However, the three reincarnators of the Thousand Machines World are not worried about it – immortal luck! How could a few ordinary Supreme Realms be qualified to meddle with such opportunities?

Soon, Qianji Jiezun, Tianqi Jiezun, and Beidou Jiezun surrounded Xu Ming. Before, the three of them did not expect Xu Ming to have the strength of a god-level peak, so they gave Xu Ming a chance to escape; now, the three of them are serious about taking action, and the strength of the three supreme realms will naturally not allow only Xu Ming, who is at the peak of the god-level strength, has another chance to escape!

“Xu Ming, be obedient and capture it!” Qianjijie Zun sneered, “Actually, people like you have always been the hunting target of our reincarnators! Three thousand big worlds, ninety thousand middle worlds, hundreds of millions of small worlds The world...there are many people like you! However, almost no one can escape the hunting of the reincarnators! Although you are one of the best among them, you are no exception!”

Tianqi Jiezun also sneered: “If you dormant in a low-key manner, wait until you become a reincarnator before exposing yourself! Then, it is difficult for other reincarnators to hunt you down! However, if you are only the Great Venerable and expose yourself, then For sure death!”

Three thousand worlds? Ninety thousand middle world? A small world of billions? -Xu Ming didn't have the time to pay attention to these words, but the six of them, the Wuxiang Mountain Master, did.

"Ninety Thousand Middle World? So many?" The Mountain Master Wuxiang was a little shocked.

Middle World...

A complete world has yin and yang, life and death. The countless billions of cosmic seas representing "life" and the magic abyss representing "death" form a world; where Xu Ming and Wuxiang Mountain Lord are now is a middle world!

"I didn't expect that there are 90,000 in the middle world!" Wuxiang Mountain Master sighed. After all, several mountain masters are not reincarnators, so they don't know much about the world of reincarnations!

"Master Wuxiang!" At this time, Mountain Master Wuxiang suddenly received a private voice transmission from Beidou Jiezun.

"Huh?" The Mountain Master Wuxiang was stunned for a moment, and then his eyes lit up – Beidou Jiezun's voice transmission to himself at this time, obviously he wants to discuss the rhythm of the transaction with himself!

When it comes to transactions, Wuxiang Mountain Master likes it the most! With a deal, he can get more benefits!

"I don't lie to you! Xu Ming should have immortal luck on his body! Otherwise, he is only the cultivation of Da Zun, and his strength cannot be so strong!" Beidou Jiezun said again.

"Immortal luck?" The Master of Wuxiang Mountain was puzzled.

"Don't think about it! The secret method of refining immortal luck is only available to our three top samsara forces! Like our Great Fortune Pavilion, only the pavilion master can teach this secret method; even if I have the heart to teach you, I will not. The law is taught!"

The Wuxiang Mountain Master nodded secretly, expressing his understanding: “Then why are you telling me so much?”

Big Dipper Jiezun continued: “You don’t have to think about the immortal luck on Xu Ming’s body! The three of us can’t teach you the secret method! We can’t even pass it on! But...except for the immortal luck, Xu Ming There must be a lot of top-level luck on your body! Even if you only get one-tenth of the top-level luck, it will be enough for you to reincarnate a thousand times!”

Reincarnation a thousand times? Or is it just one-tenth of the top luck?

The Mountain Master Wuxiang was shocked!

You must know that the Wuxiang Mountain Master and the others have worked hard to attack hundreds of cosmos seas, and the top-level luck they have obtained is only enough to reincarnate once! And Xu Ming’s top-level luck can be reincarnated a thousand times with only one tenth of it?

What kind of majestic top-level luck is this?

“You help me get immortal luck The rest of the top luck is all yours! How?” Beidou Jiezun said straight to the point, “Qianji Jiezun and Tianqi Jiezun may also find you! But With all due respect, the reputation of the two of them has never been very good, and they have always eaten people without spitting bones! How many people have cooperated with them, and they have lost their lives in the end!”

The Wuxiang Mountain Master fell into contemplation, how to maximize the benefits! Even thinking about whether to keep Xu Ming first, after all... Although he can’t get immortal luck now, it doesn’t mean that he won’t have the chance to get it in the future!

but...

Without giving the Wuxiang Mountain Master a chance to hesitate, Qianji Jiezun has already shot at Xu Ming!

“Xu Ming, die with peace of mind!” The Thousand Machines World Venerable looked grim, and instantly killed Xu Ming, “It is your honor to be able to immortalize me!”

“Qianji Jiezun, you are really in a hurry!” Tianqi Jiezun and Beidou Jiezun also attacked immediately, and they also attacked Xu Ming – anyway, the three of them must kill Xu Ming first! As for who can get immortal luck later, it depends on their ability!

But at this moment-

boom!

The lower space was suddenly torn apart!

A figure so suffocating that it forcibly broke through the space and came straight to Xu Ming in a destructive attitude! The momentum is strong, even far surpassing the three reincarnations and the six mountain masters!

“what!?”.

The expressions of Qianji Jiezun, Tianqi Jiezun, and Beidou Jiezun all changed: “How come there are still strong people?”

The mantis catches the cicada, and the oriole is behind?

Chapter 2313: What Is A Face?

“This is...?”

Of course, Xu Ming also noticed this terrifying figure that was so powerful that he was suffocating: “Kunpeng Jiezun?”

“Kunpeng Jiezun?” The six mountain masters were also a little confused – when did Kunpeng Jiezun’s strength become so strong? Such a terrifying aura, even the senior Supreme World Venerables like them cannot resist!

“Humph!” Kunpeng Jiezun’s every move made the entire space tremble. “If you want to move Xu Ming, have you asked me if I agree?”

“Kunpeng Jiezun!” The Wuxiang Mountain Master was a little surprised, “Have you broken through to become the Supreme Jiezun?”

At this time, Qianji Jiezun also reacted: “So it’s you, Kunpeng Jiezun!”

Before entering Yuanmo Mountain, Qianji Jiezun naturally had sufficient preparations in case anything unexpected happened. He also investigated and knew that in Yuanmo Mountain, apart from a few mountain masters, there was only one Kunpeng Jiezun who had a close relationship with Xu Ming. Moreover, he also knew that Kunpeng Jiezun’s strength was not very strong.

“Breakthrough to the Supreme Realm? It’s just a breakthrough, right?” Although Qianji Jiezun was horrified by the power of Kunpeng Jiezun, he was still a little disdainful, “How can a new breakthrough Supreme Jiezun be stronger? Where are you going?”

boom-

However, Kunpeng Jiezun ignored several people and continued to go straight to Xu Ming.

Bang! Bang! Bang!

Kunpeng Jie Zun came first, and came to Xu Ming earlier than Qianji Jie Zun, and then directly blocked the attack of the three people with one enemy and three people, and forced the three back.

“what?”

“So strong?”

“How can it be so strong!?”

Qianji Jie Zun, Tian Qi Jie Zun, and Beidou Jie Zun stepped aside, all in shock – just as soon as they fought each other, the three of them felt that Kunpeng Jie Zun’s strength was far above the three! One-on-one, I am afraid that no one will be the opponent of Kunpeng Jiezun!

This should not be the strength that a newly promoted High World Venerable should have!

The three reincarnations, Qianji Jie Zun, Tian Qi Jie Zun, and Beidou Jie Zun, looked at each other and made a decision in an instant!

“Let’s take action together first and kill Kunpeng Jiezun!”

“it is good!”

“We can’t let a Kunpeng Jiezun ruin our good deeds!”

boom! boom! boom!

Qianji Jiezun, Tianqi Jiezun, and Beidou Jiezun came to kill again.

“Xu Ming! Hide behind me and protect yourself!” Kunpeng Jie Zun roared angrily, and took the initiative to greet Qian Ji Jie Zun.

“Dare to meet me? Do you think it’s best for me to bully?” Qianji Jiezun sneered, not showing weakness, but also confronted him head-on.

Immediately, however, Qianji Jiezun regretted it—at the moment of collision with Kunpeng Jiezun, Qianji Jiejie felt as if he was shaking a tree, as if he had hit an immeasurable terrifying force!

The Thousand Machines Realm Zun’s face was full of horror: “How is it possible!?”

boom-

In an instant, Qianji Jiezun was hit by this terrifying force and flew upside down without any resistance, and even flew upside down to the end of the space, hitting the wall of Yuanmo Mountain, and just stopped.

The respect of the Thousand Machines Realm is still lingering, and there are injuries on the body of the gods: “If my life-saving ability is not strong enough, I am afraid that this blow just now is enough to seriously injure me!

Immediately afterwards, the two reincarnations, Tianqi Jiezun and Beidou Jiezun, saw this scene. Although they were prepared, they were easily repelled by Kunpeng Jiezun.

“Hi—” The three reincarnations were really shocked when they fought again!

“This is...”

“The strength of the quasi-invincible Jiezun!”

“It is definitely the strength of the quasi-invincible Jiezun!”

Quasi-Invincible Jie Zun... Only the strongest beings among the Supreme Jie Zun are eligible for such a title!

Quasi-invincible Jie Zun means that even if you look at the sea of hundreds of millions of universes and the entire Demon Abyss, you can hardly find an opponent! In the case of fighting alone, I am afraid that only the “Lord of Demon Abyss” can kill Kunpeng Jiezun!

“Just after breaking through to the supreme world, he has the strength of a quasi-invincible world leader? If you let him grow, that’s great? At that time, I’m afraid even the Lord of Demon Abyss can’t suppress him, right?” The reincarnations were horrified.

But it’s just shocking!

The three reincarnations have all been reincarnated thousands of times. What kind of powerhouse has not been seen before? Don’t say it’s just “quasi-invincible Jiezun”, even if it’s a real “invincible Jiezun”, they have all seen it, and even had a fight!

Even if the three reincarnations are willing to pay the price, they may not be able to suppress a quasi-invincible Jiezun! Of course, in that case, the price to pay is relatively large!

Therefore, the three reincarnations still don’t think much of a quasi-invincible World Venerable!

“Master Wuxiang!” Qianji Jiezun suddenly shouted, “You six mountain masters shot together, and we joined forces to kill Kunpeng Jiezun!”

“Why do we want to help you?” The Mountain Master Wuxiang smiled.

“The secret method of refining Qi that I taught you before is actually the most widely circulated and superficial secret method among the reincarnators! Almost every reincarnator can do it! This kind of secret method is naturally not so powerful, it can only be practiced. Turn into a layer of top-level luck!” The Thousand Machines Realm Zun laughed.

When several mountain masters felt that their top-level luck was about to overflow, they were actually full of top-level luck! And the “quantity” of a layer of top-level air luck is equivalent to the amount of top-level air luck in the whole body of a Supreme Realm Venerable!

Refining a layer of top-level air luck, that is, can double the number of top-level air luck owned by a Supreme World Venerable! – This is only the most superficial among the secret methods of refining top-level air luck!

And the powerful refining secret method can refine the second layer, the third layer, and even more top-level luck!

Refining and refining the second-level top-level air transport can double the “top-level gas transport upper limit” of a Supreme Jiezun! That’s four times as much!

Refining three layers of top-level air transport can make the “top-level gas transport upper limit” eightfold!

Four layers of refining is sixteen times!

Five layers of refining, thirty-two times!

And the core secret techniques of the three top-level reincarnation forces can all refine ten layers of top-level luck! That is to make the upper limit of top air transport more than a thousand times!

This is also the reason why the three top samsara forces are so powerful!

Of course, it is impossible for Qianji Jiezun to leak the core secret technique But there is no problem in teaching some secret techniques that can refine the third and fourth layers of top air luck!

“What!?” The Wuxiang Mountain Master and the others had little experience before, so naturally they didn’t know the secret method of refining Qi Luck, and they were so particular about it, so it’s no wonder they were pitted. But now, of course, the Wuxiang Mountain Master and the others will not be pitted again, “I want to be able to refine at least the secret method of six layers of top air luck!”

“We can’t teach the secret methods above the sixth level! Unless you are also a member of the three top-level reincarnation forces!” transport!”

“The fifth floor...” The Wuxiang Mountain Master looked at each other and nodded at last, “Alright! However, after killing Kunpeng Jiezun and before killing Xu Ming, you must first teach the secret method to Us! Otherwise, we won’t let you kill Xu Ming!”

Of course, the Wuxiang Mountain Master must also beware of the three reincarnations.

“Okay!” Qianji Jiezun said without hesitation.

The secret method of refining the five-layer top-level air transport is actually of little value to him, and it doesn’t matter if it is taught. .

“Master Wuxiang!” Kunpeng Jiezun couldn’t help shaking his head, “If it wasn’t for Xu Ming, I’m afraid you guys wouldn’t be able to get so much top-level luck? You are too shameless, aren’t you?”

“Hahahahaha...” Wuxiang Mountain Lord laughed loudly, “In order not to be annihilated in reincarnation, what is a face?”

Chapter 2314: Breakthrough! The Realm Of The Realm!

“In order not to be annihilated in reincarnation, what is a face?”

Several mountain masters did not feel ashamed at all.

“Haha!” Kunpeng Jiezun shook his head and sneered disdainfully, “Is it interesting to live shamelessly like this?”

Why did Kunpeng Jiezun arrive in time to save Xu Ming?

You must know... Thousand Machines World Honored the three reincarnations who entered Yuanmo Mountain, naturally it was impossible to hide it, and many people must have seen it. After Kunpeng Jie Zun heard the news, he thought about it with his toes and knew that Qian Ji Jie Zun must have come for Xu Ming! So come here right away!

As for doing this, will it offend the Thousand Machines World Venerable, or offend the three top samsara forces? Kunpeng Jiezun didn't think about it so much! -Some people can live shamelessly; while Kunpeng Jiezun thinks love is more important than life!

If it weren't for Xu Ming, Kunpeng Jiezun would not have the cultivation of Supreme Jiezun now! Now that Xu Ming is in trouble, Kunpeng Jie Zun will naturally try his best to keep Xu Ming!

“It's better than being dead!” The Mountain Master Wuxiang sneered. The six mountain masters also shot together, killing Xu Ming and Kunpeng Jiezun.

Six mountain masters!

Three reincarnators!

The combat power of the nine top supreme realms! Together, we can completely fear the quasi-invincible Jie Zun!

Moreover, the main goal of Qianji Jie Zun is not to kill Kunpeng Jie Zun, but Xu Ming! – It's easier!

“kill!”

In an instant, nine people were surrounded and killed.

Moreover, Qianji Jiezun and Wuxiang Mountain Master are very smart, and they don't fight head-to-head with Kunpeng Jiezun at all—to confront a quasi-invincible Jiezun head-on, that's looking for abuse! Just like just now, the three people of the Thousand Machines Realm were all repelled when they met each other!

As long as you don't fight hard, no matter how strong the quasi-invincible Jie Zun is, it will be difficult to defeat a top supreme Jie Zun in a short period of time! Not to mention facing nine at the same time!

“Haha! Sure enough! This Kunpeng Jiezun is only powerful in terms of strength, but mediocre in other aspects!” Qianji Jiezun sneered.

“Isn't this nonsense?” Wuxiang Mountain Master also laughed, “He has just broken through to the Supreme Realm, and he can reach the level of quasi-invincible Jiezun in terms of strength, which is already against the sky! In other respects, he can be strong Where to go?”

“Stop talking nonsense! It's not easy to kill him, let's suppress him first!”

Under the siege of the nine top Supreme Jie Zun, although Kunpeng Jie Zun did not have any death threat, he felt pressured and stretched to protect Xu Ming.

“Xu Ming!” Kunpeng Jiezun frowned, “We won't be able to last long like this! We have to fight and evacuate in the direction of the teleportation channel! As long as we return to our hometown, the Universe Sea, it will be safe!”

“Okay!” Xu Ming is at the peak of the god-level strength. In the face of the attack of the top-level Supreme Realm, he can only try to avoid and resist it at most, and it is impossible to support it for too long!

“Want to escape? Haha!”

As soon as Xu Ming and Kunpeng Jiezun moved, their intentions were discovered, and there was no chance at all.

“Xu Ming! Stop struggling! Die with peace of mind!” Qianji Jie Zun grinned—he paid the most for the luck on Xu Ming's body.

boom! boom! boom! boom! ...

Gradually, Kunpeng Jiezun was completely crushed and beaten.

With the strength of Kunpeng Jiezun, if he were to face the combat power of the nine top Supreme Jiezun alone, he would not be pressed and beaten. You can fight as you want, and leave as you want, no one can stop him at all!

But now, Kunpeng Jiezun's main focus must be on protecting Xu Ming, and he can only hold back when fighting. Moreover, Qianji Jiezun and Wuxiang Mountain Master are not stupid, and they don't give Kunpeng Jiezun a chance to confront him; slowly, they naturally suppress Kunpeng Jiezun and Xu Ming in a small area, and even activities are not allowed. Difficult!

Stay long and lose!

If this continues, Xu Ming's situation will definitely become more and more dangerous.

But... Xu Ming is not stupid!

As early as the first time Kunpeng Jiezun arrived, Xu Ming began to break through! Yes! Break through the realm of realm!

Xu Ming's cultivation has long been at the peak of the Great Venerable, and the "Eternal Realm" has long been at the "first peak" realm, and he can break through to the second major realm at any time!

The second major realm of the "Eternal Realm" corresponds to the cultivation base and realm of the realm level!

When Xu Ming was only at the realm of cultivation at the peak of Da Zun, his strength was already comparable to the peak of the god-level Jie Zun; then, when he really broke through to the realm of Jie Zun's cultivation, there would definitely be a huge jump in his strength, which would be What kind of strength?

At least it is the strength of the Supreme Realm Venerable level!

It may even be the strength of the top Supreme Supreme Realm!

In that case, Xu Ming would have the power to protect himself! When Kunpeng Jiezun protects him, it will not be so difficult! The two of them can also escape while fighting, and escape to the teleportation channel!

Therefore, Xu Ming has been frantically refining the heart of the universe in the “eternal world”! Break through the shackles between the first and second levels of the “Eternal World”!

“almost!”

Xu Ming has accumulated a lot, and it is not difficult to break through!

Suddenly, Xu Mingfu reached his heart, as if he felt that his heart was becoming extremely pure, extremely transparent, and extremely dazzling! The “Eternal Realm” is also many times stronger in an instant! The most obvious thing is that in the past, Xu Ming could only refine and absorb the heart of the universe to strengthen the Eternal Realm; but now, Xu Ming can refine and absorb everything! It can directly extract the most pure energy from all things!

The powerful “Eternal World” is also easier! Even more unable to stop Xu Ming from becoming stronger!

boom-

As soon as Xu Ming broke through, an extremely terrifying momentum rushed towards him! The momentum is so strong that Kunpeng Jiezun, who is quasi-invincible Jiezun, is shocked!

“You...” Kunpeng Jiezun looked at Xu Ming who was being protected behind him in surprise.

“I – I have broken through the realm of Jie Zun!” Xu Ming’s aura at the moment was completely different. There was a terror that made time and space tremble in his gestures, and it seemed that he was no weaker than Kunpeng Jie Zun!

call out-

An attack cut through time and space and landed on Xu Ming, who was feeling his own terrifying power!

“Death!” The owner of this attack is the Mountain Master Wuxiang. From his point of view, with his full force, attacking and killing Xu Ming, who had just broken through to the realm of Jie Zun, was not something he could easily capture?

boom! !

However... Mountain Master Wuxiang's full blow landed on Xu Ming's divine body, but he didn't even leave a trace!

The “eternal world” in the realm of Jie Zun is really terrifying!

The power of the “Eternal Realm” has increased Xu Ming's attack speed and defense to an incomparably terrifying level! If the power of the “eternal world” cannot be broken, it is impossible to hurt Xu Ming's divine body!

“What!?” The Mountain Master Wuxiang was dumbfounded!

This is his full blow!

Not even a trace left?

“How is that possible!?” Qianji Jiezun and others were also dumbfounded!

Several reincarnations and mountain masters, although they felt Xu Ming's breakthrough, their strength seemed to be very terrifying! However, I never imagined that it would be so terrifying!

“Escape!” Endless fear rose in the heart of Wuxiang Mountain Master, Wuxiang Mountain Master did not hesitate to run away.

But it's too late!

Under the blessing of the “eternal world”, the boundary-breaking gun in Xu Ming's hand instantly penetrated time and space, and penetrated the divine body of the Wuxiang Mountain Master! – It seems that the Boundary Breaking Spear only penetrates the divine body of the Wuxiang Mountain Lord; but in fact, it penetrates every minute particle on the Wuxiang Mountain Lord's divine body at the same time, and also penetrates the Wuxiang Mountain Lord's mind!

“No—” How could Mountain Master Wuxiang ever think that he would die at Xu Ming's hands like this?

Chapter 2315: Rolling Bureau

“No—” How could Mountain Master Wuxiang ever think that he would die at Xu Ming's hands like this?

boom!

Phaseless Mountain Lord is dead! His divine body at the level of Supreme Realm Venerable, his majestic top-level luck, and all his treasures were instantly absorbed by Xu Ming into the “Eternal Realm”! Then, the “Eternal World” will naturally take its essence and remove its dross, and extract the most extreme pure energy!

“This...”

“how is this possible?”

“Could it be... Invincible Jie Zun!?”

Qianji Jiezun, Tianqi Jiezun and others were a little frightened!

“No! It will definitely not be Invincible Jie Zun! Invincible Jie Zun will not be so weak!” After all, the three reincarnations had seen the world, and they quickly reacted from their shock, “It is Wuxiang Mountain Master who is not prepared, That's why he was killed by one shot!”

As long as the Wuxiang Mountain Master is a little careful, it is impossible to be shot through every minute particle on the divine body! As long as there is one particle left, it will not fall to the realm of High World Venerable, and there is even a way to instantly restore it to its original state!

However, the Wuxiang Mountain Master is too careless! He would never have thought that he would be killed by Xu Ming in one shot!

“But even if it is not the Invincible Jie Zun, it definitely has the strength of a ‘quasi invincible Jie Zun’!” Qianji Jie Zun said with great certainty.

The three reincarnations fell into silence immediately!

The combat power of the two quasi-invincible realms!

In fact, let alone two quasi-invincible Jiezun, even if it is just one, it is not something that a few people can deal with – the quasi-invincible Jiezun can fight and leave if you want! Even, it is possible to carry the attacks of multiple top supreme realms at the same time, and forcefully kill one of the top supreme realms without suffering too much injury!

Before, the reason why Kunpeng Jiezun was suppressed was entirely because he wanted to protect Xu Ming!

Now, Xu Ming no longer needs protection, and he has become a quasi-invincible world god. Of course, the situation is reversed in an instant!

This is pure crushing!

“Escape!” The three reincarnators and the remaining five mountain masters did not hesitate to flee directly towards the lower space.

“Kill!” And Xu Ming and Kunpeng Jiezun’s goals are very clear, mainly three reincarnations. As for the remaining five mountain masters, there is nothing to worry about; you can wait until these three reincarnations are resolved, and then free up your hands to slowly clean up.

“Thousand Machine World Venerable to me!” Xu Ming said. It can be said that he and the Thousand Machines World Venerable have deep grievances! Xu Ming was chased by Qianji Jie Zun

to Mo Yuan, and now Qian Ji Jie Zun has sneaked into Yuanmo Mountain to deal with Xu Ming; now the first person Xu Ming wants to kill is of course Qian Ji Jie Zun!

boom! boom! boom! ...

Apocalypse Jiezun, Beidou Jiezun, and the five mountain masters are all running away, and there is no one to help Qianji Jiezun!

And just relying on the Thousand Machines Realm to respect himself, he couldn't resist Xu Ming's attack at all!

Under Xu Ming's pursuit, attacks continued to fall on Qianji Jie Zun's divine body, making Qian Ji Jie Zun weaker and weaker.

"I..." Qianji Jiezun didn't panic, but felt very aggrieved!

Yes!

suffocated!

He was here to plunder Xu Ming's luck! However... in Xu Ming's hometown of the Universe Sea, at that time he was only a Thousand Machines Realm Zun in the realm of the Great Zun, and those who were chased by Xu Ming could only burn their luck to escape! Now, coming to Moyuan, Qianji Jiezun, who is already in the realm of Supreme Jiezun, seems to have to burn Qi Luck to escape under Xu Ming's pursuit!

What a similar scene!

How frustrating!

"The top-level luck I have worked so hard to accumulate!" Apart from being aggrieved, Qianji Jiezun only felt distressed for a while!

Although he is a reincarnator of the Wanwei Palace, the Wanwei Palace will not give him top luck! Every trace of his top-level luck was accumulated over and over again in reincarnations! Is it easy?

And if he burns his luck once, he may have to spend ten or twenty reincarnations in order to save his luck again! Can you not feel bad?

But it's useless to feel bad!

If you don't burn your luck to escape, you will lose your life!

For reincarnators, nothing is more important than life!

boom!

A fiery red flame instantly enveloped Thousand Machines Realm Zun's entire body.

Thousand Machines World Venerable's luck is skyrocketing at this moment!

Under Xu Ming's pursuit, the Thousand Machines Realm Zun was getting closer and closer to death! But now, because the air luck in the whole body has skyrocketed, it has even skyrocketed far beyond the normal air luck limit of a Supreme Realm Venerable!

Immediately, the power of the supreme rule was triggered!

The power of the supreme rule is invisible, even Xu Ming can't see it! However, this mysterious and mysterious power is indeed real!

Xu Ming's pursuit made Qianji Jie Zun close to death! And the power of the supreme rule is to drag the Thousand Machines World Venerable away from death!

As long as the luck is strong enough! The Supreme Realm will not allow you to die!

but...

Qianji Jie Zun is now facing Xu Ming, who is quasi-invincible Jie Zun! The stronger the enemy you face, the more luck you need to be “undead”! The current burning luck of the Thousand Machines Realm Zun seems to be not enough to save his life!

Although, the power of the supreme rule is already trying to hold the Thousand Machines World Venerable away from death! However, the Thousand Machines World Venerable is approaching death faster, so even if his luck is burned, the Thousand Machines World Venerable can still feel that he is getting closer and closer to death!

“I...” Qianji Jie Zun only felt like he wanted to vomit blood! The air luck he is burning now is equivalent to five times the air luck of the Wuxiang Mountain Master! It’s not enough to save lives!

There was no way, the Thousand Machines Realm Zun gritted his teeth and continued to burn the top-level luck equivalent to ten times that of the Wuxiang Mountain Master!

boom!

The fire of luck on Qian Jijie Zun’s body turned directly from fiery red to crimson, becoming even more dazzling!

Xu Ming also clearly felt that there was an invisible force preventing him from killing the Thousand Machines World Venerable! But... it’s only a hindrance, but it can’t be hindered! It’s just that when Xu Ming kills Qianji Jiezun it will be more difficult!

“I...” Qianji Jie Zun really vomited blood in distress!

The top-level luck that has burned fifteen times! With so many top-level luck, even if Qianji Jie Zun accumulated fifty reincarnations, it would be very difficult to get it back!

How long is fifty reincarnations? That’s been so long for innumerable cosmic ages! It was a long time that Xu Ming could not imagine!

What’s even more depressing is... I have burned so much top-level luck, but I still can’t escape Xu Ming’s pursuit!

The Thousand Machines Realm's respect was ruthless, and once again burned fifty times the top level of luck!

It is equivalent to fifty times the top-level luck of the Wuxiang Mountain Master!

boom!

The flames of luck on Qianji Jie Zun's body instantly turned a ferocious blood red! And then... “咻” turned into a ***** light, and at a terrifying speed that even Xu Ming could not imagine, it instantly fled far away!

Xu Ming could only wait in the dust: “Damn it! It runs faster than a rabbit!”

call out-

Xu Ming looked at Kunpeng Jiezun, and saw a ray of blood escaping far away. It was the desperate reincarnation Tianqi Jiezun who was being hunted down!

In this way, both Xu Ming and Kunpeng Jiezun tacitly turned their attention to the only remaining reincarnator – Beidou Jiezun!

“Uh...” Beidou Jiezun was stunned for a moment, then before Xu Ming and Kunpeng Jiezun came to chase him, he took the initiative to burn Qi Luck and fled away – escape earlier, the burning Qi Luck will be less! If you are chased by two quasi-invincible world honors at the same time, then you won't be able to buy your life with 50 times the top level of luck! One hundred times the top luck is not necessarily enough!

Chapter 2316: 1 Niansheng Billions Of Universes (On The Finale)

The three reincarnations all burned gas and ran away.

There are still five mountain masters of Yuanmo Mountain.

“Xu Ming, let's go first!” Kunpeng Jiezun did not go after the five mountain masters, but said, “In terms of strength, these five mountain masters are not weaker than the three reincarnations, even if

they just kill them. One of them, I'm afraid it will take a lot of time! And now... Wuxiang Mountain Master has been killed by you, Yuanmo Mountain, the pillar of dimension, is already in a state of no one's control! Those who surround Yuanmo Mountain The powerhouses must have poured into Yuanmo Mountain! Among these powerhouses, there is no lack of quasi-invincible World Venerables like the Wanlong Demon Lord!"

Demon Abyss, how vast?

Many of the powerhouses born in the sea of millions of universes are in the magic abyss! Among them, the quasi-invincible Jiezun naturally cannot be less!

Although it is only a small part of Yuanmo Mountain, the number of strong people is also a terrifying number!

"If we are met by the Wanlong Demon Lord, then we will be in trouble!" Kunpeng Jiezun reminded.

"Indeed!" Xu Ming glanced at the remaining five mountain masters, "The years are endless... There will be more opportunities for revenge in the future! Moreover, I have just broken through to the realm of Jie Zun, and I will definitely have a period of strength in the future. The outbreak period is here, there is no need to rush for revenge!"

boom! boom!

Xu Ming and Kunpeng Jiezun both broke into the upper space!

In the upper space, there is a transmission channel leading to Xu Ming's hometown of the universe sea. Now, in the lower space, there are Demon Lord Wanlong and many other experts from the Demon Abyss, who are here for Xu Ming; Xu Ming should go back to his hometown Cosmic Sea first to avoid trouble.

...

"It turns out that this is the world seen in the eyes of the world breaker!"

Hometown Cosmic Sea.

Outside the membrane wall of the universe in his hometown, Xu Ming looked at the endless universe of this cosmic sea.

Under the cover of the supreme rules, one cannot see a lot of truth without reaching the realm of Jie Zun.

Before, when Xu Ming was still in the realm of the Great Venerable, even if other Venerables told him some truth, he could not hear it. However, as soon as Xu Ming stepped into the realm of Jie Zun, the Supreme Rule immediately sent all the previously hidden messages on his own initiative.

This made Xu Ming a little unaccustomed to it – it was like a woman who was originally very reserved suddenly became active and stripped herself without a word.

“No wonder...”

Xu Ming remembered some things that had puzzled him in the past, and now he felt suddenly enlightened.

In fact, the dimension where Xu Ming is now is a “middle world”!

This middle world is terrifyingly huge—the countless billions of cosmic seas that represent “life”, the magic abyss that represents “death”, and all the time and space Xu Ming has known so far, all add up to form this universe. “Middle World”!

The dimension upward from the middle world is called the “big world”.

The time and space rules of the “big world” are completely different from those of the “middle world”!

The time and space of the big world is huge enough to make Xu Ming’s soul tremble! A reincarnation-level universe in the middle world may be about the size of a tiny to the most extreme particle in the big world! An ordinary mortal in the big world may be even bigger than a cosmic sea in the middle world!

Time and space... Between the two dimensions of “big world” and “middle world”, it has lost its meaning!

And “Small World” is just the opposite!

Everything in the small world seems insignificant in the middle world! The tiniest particle in the middle world is as huge as a universe in the small world! Between the two dimensions of “middle world” and “small world”, time and space also lose their meaning.

And Mo Yuan—

In Xu Ming’s “middle world”, it represents the magic abyss of “death”; for the “small world”, it represents birth and new life!

In the middle world, after the cosmic seas fall into the magic abyss and die... but in another dimension of time and space, countless small worlds will be born! In each small world, there will be countless billions of cosmic seas belonging to that tiny space-time dimension; within those cosmic seas, there will be countless billions of universes that belong to that tiny space-time dimension! In that unimaginably small time and space, there are countless mortals and gods that even Xu Ming can’t detect!

Just as in the eyes of people in the “big world”, everything in the “middle world” is incredibly small!

The big world, the middle world, and the small world are three space-time dimensions. All the powerhouses who step into the realm of Jiezun will be informed by the supreme rules of the existence of these three space-time dimensions; at the same time, the supreme rules will also tell you which space-time dimension you are currently in.

For example, Xu Ming now knows that he is in the “middle world”.

Of course, the three space-time dimensions also have one thing in common—all life is nurtured by the cosmic sea! (Magic creatures are not life, but the incarnation of the supreme rule of death, which exists purely for the sake of death.)

Life is conceived from the universe sea, but it cannot exist beyond the universe sea. When the hometown of the universe collapsed and destroyed, all beings in this universe, including Jie Zun and even the Supreme Jie Zun, could only meet the end of life.

but! The supreme rule still gives the most powerful beings, a little respect and hope – the strong in the realm of the realm, can step into reincarnation and start a new life before the collapse of the universe sea!

“However... reincarnation is the most cruel thing!” Xu Ming couldn’t help shaking his head and sneering. Laugh at the cruelty of the supreme rule.

The Jie Zun of the middle world, after stepping into reincarnation, will enter the big world!

Sounds like a good thing!

but...

To know! Compared to the big world, how insignificant is the time and space of the middle world? How insignificant is the Jie Zun powerhouse in the middle world! In the big world, even if it is just an ordinary mortal, its body may be larger than a cosmic sea in the middle world, and its body contains more matter than all the matter in a cosmic sea in the middle world! – So here comes the question!

Can such a small Jie Zun be able to control such a huge body? -Even if it’s just the body of an ordinary mortal in the big world, to the Jie Zun in the middle world, it can be called “the elephant is invisible”!

Judging from the scale of the big world, the so-called Jie Zun powerhouses in the middle world are too small! The spiritual will of these World Venerables is too weak!

so-

The weak-level Jie Zun of the middle world, after reincarnation in the big world, can only become the lowest creature in the big world – such as a bacterium, or a virus...not even a thought!

And this is also the origin of the name “Weak-level Jie Zun”!

Of course, in the big world, even if it's just a bacterium or a virus, its size is billions of times larger than a reincarnation-level universe in the middle world! In terms of the spiritual will of a weak-level World Venerable, controlling such a huge space-time and such a huge amount of matter is actually far beyond the carrying limit! It's no wonder that even thoughts can't be generated!

“Hundred-level Jie Zun” is much better!

But... after reincarnation in the big world, it can only become an ordinary creature with simple thoughts, such as a bird, a cow, a snake, and even the spiritual wisdom will not be activated! Not even qualified to be a “mortal”!

Qiling-level World Venerable, after reincarnation in the big world, can become a mortal! However, you can only be a mortal! – The soul essence of Qiling-level Jie Zun is still too weak. In the words of the Great World, it is “too poor talent”! The talent is too poor, and it is destined to be only a mortal; no matter how hard you practice, it is impossible to cultivate into a god!

And the god-level Jie Zun, even in the big world, the essence of the soul is strong enough to cultivate into a god! However, it is generally just an ordinary god, and it is almost impossible to become a world master, a supreme, and even more impossible to become a supreme! As for Jie Zun... that is completely without a trace of hope!

The god-level Jie Zun of the middle world, after reincarnation in the big world, no matter how great the chance is, it is impossible to become Jie Zun again! This is the suppression of the supreme rule!

Only the supreme realm in the middle world, after arriving in the big world, will still be the realm in the big world! It's just... How far can one cultivate in the big world, whether it is a weak-level Jiezun, a spirit-level Jiezun, a god-level Jiezun, or a supreme Jiezun in the big world, it depends on the luck after reincarnation. !

However, whether it is in the middle world or in the big world, among the experts in the world, who can finally cultivate to the realm of “Supreme World Honor”, I am afraid that there will not be even one in a billion!

“The vast majority, or even almost all of the Jie Zun, after entering the reincarnation, can only be a dead end!” Xu Ming couldn't help shaking his head – that's why Xu Ming said “reincarnation is the cruelest thing”.

is not that right?

A weak-level Jiezun enters reincarnation and can only become a bacterium or a virus; under the time scale of the big world, it can be said to be life and death.

Hundred-level Jie Zun enters reincarnation, can only have simple thoughts, and can only be in a hurry for the rest of his life, and he will not even be able to turn on his wisdom.

Qiling-level Jiezun enters reincarnation and can live a mortal life.

God-level Jie Zun enters reincarnation. Although he can prove the Dao and become a god, he is only a weak deity, and he will not awaken the memory of his previous life, nor can he become Jie Zun again, and will eventually usher in disappearance.

When the Supreme Jiezun enters the reincarnation, although he will become the Jiezun again, there is only a chance of less than one in a billion to become the “Supreme Jiezun” again. Only at this time can the memory of the previous life be awakened! And if you can’t become the Supreme Realm Venerable again, then... in the next reincarnation, you will surely die!

so-

“Those who can survive two or three reincarnations are already very incredible! Those who are reincarnated are really amazing!” Xu Ming couldn’t help but sigh.

Like Qianji Jie Zun, Tian Qi Jie Zun, and Beidou Jie Zun—these three reincarnations have gone through thousands of reincarnations and are inextinguishable!

Although, the reason why these reincarnators can live for a long time and go through reincarnation without dying is because they have enough top-level luck! It is precisely because there are enough top-level luck that the supreme rules will not let them annihilate in reincarnation! But... to be able to obtain the secret method of plundering and refining top-level luck, and to obtain a lot of top-level luck in each reincarnation, doesn’t it also explain the methods of the reincarnators?

Among the countless Supreme Realm Venerables, how many people can become true samsara?

“Thousand Machines World Honored, they will definitely not give up, there will definitely be other means to deal with me!” Xu Ming is very sure.

Three reincarnations who have been reincarnated thousands of times, Xu Ming still wouldn’t believe it if they didn’t have any trump cards to press the bottom of the box!

But Xu Ming is not worried: “When they see me next time, I will no longer be my current strength!”

Kunpeng Jiezun was standing next to Xu Ming. He looked at his hometown universe and couldn’t help but smile: “It’s been a long time since I returned to my hometown universe.

“Most of my relatives and friends are in the universe of my hometown!” Xu Ming also said.

Xu Ming had long since seized the universe of his hometown, and instead of the will of the universe, he controlled the operation of the entire universe. Moreover, with the help of Xu Ming, the hometown universe has become stronger.

“I’m going to take my hometown universe into my heart universe!” Xu Ming said suddenly.

In the past, Xu Ming naturally didn’t worry about the safety of his relatives and friends in his home universe. After all, he was the will of the universe. Even if an ordinary Jie Zun arrived, he would never threaten the interior of his home universe!

But now it’s different! Xu Ming’s opponents include the Supreme Realm Venerable and more experienced reincarnations! These people have no way to take Xu Ming, and it is impossible to guarantee that they will not take his relatives and friends to vent their anger; in order to prevent this from happening, Xu Ming feels that it is safest to include his home universe in the Eternal Realm.

Of course, when speaking to Kunpeng Jie Zun, Xu Ming did not say “Eternal Realm”, only “Heart Universe”.

“Can you take the entire home universe into the heart universe?” Kunpeng Jie Zun couldn’t help looking at Xu Ming in shock.

What kind of powerful heart universe is this?

“Yeah!” Xu Ming nodded.

If it is still in the realm of great respect, if the “eternal world” is still at the first level, Xu Ming naturally has no way to take the entire home universe into it. But now, after Xu Ming’s realm broke through, it was not difficult to achieve.

Moreover, with Xu Ming’s current strength, after taking his home universe into the Eternal World, he is confident to ensure the safety of his home universe.

“That’s fine!” Kunpeng Jiezun said with a smile.

It is not difficult to bring the hometown universe into the eternal world, and Xu Ming completed it very quickly. In this way, without the scruples of the hometown universe, Xu Ming is equivalent to no weakness.

“Kunpeng Jiezun, I want to practice, please help me monitor the universe sea!” Xu Ming said.

At Xu Ming’s current state, the divine sense can easily cover the entire sea of cosmos; Xu Ming’s opponents can naturally also cover the universe with divine sense. Therefore... looking at the sea of cosmos, no matter where Xu Ming hides, he will be easily found by the enemy.

“Don’t worry!” Kunpeng Jiezun said with a smile, “With my quasi-invincible Jiezun strength, no one should threaten me in my hometown cosmos sea!”

“It’s time to work!” Xu Ming thanked him, set up a vigilance formation around him, and started to practice.

“The countless billions of particles in my divine body have long since cultivated into particle universes! Moreover, every particle universe has devoured the heart of the universe! It’s just... My mental will was not strong enough before that I couldn’t make the particle universe in me. , evolved into the primary universe!” Xu Ming secretly said, “But now, the Eternal World has reached the second major realm, and my spiritual will is enough to open up countless billions of particle universes to develop into the primary universe!”

The countless billions of particles on Xu Ming's body have been developed and derived into countless billions of primary universes. What is this concept?

You must know—Xu Ming's home universe was only a reincarnation-level universe before, not much stronger than a nascent-level universe! In other words, if Xu Ming succeeded in opening up, then any particle in his body would be comparable to his entire home universe!

Moreover, how huge is Xu Ming's home universe? But the nascent universe opened up by Xu Ming would be curled up inside an extremely tiny particle! —On the time and space scale, it is equivalent to the universe of the “small world”; but on the scale of matter, it is equivalent to the universe of the “middle world”!

what does that mean?

It means that the “density” of every particle of the universe on Xu Ming's body will be extremely terrifying! In other words, every particle on Xu Ming's body will be extremely indestructible!

Destroying a nascent universe is easy; however, destroying a particle universe on Xu Ming is very difficult! At that time, even a quasi-invincible Jie Zun might not be able to hurt even a single particle on Xu Ming's body!

And Xu Ming has countless millions of particles on his body!

Just imagine, after Xu Ming succeeds in breaking through, who else will be his opponent?

Invincible!

Truly invincible!

...

Demon Abyss.

Somewhere in the depths of a nook.

The Thousand Machines World Venerable is here to practice alone.

In fact, in this life, Qianji Jie Zun returned to Xu Ming's hometown, the Universe Sea, and he was considered a fellow with Xu Ming. Therefore, Xu Ming's hometown of the universe is also the hometown of Qianji Jiezun.

Thousand Machines World Honor, you can "go home" at any time.

However, Qian Jijie Zun did not dare to return to his hometown Cosmos Sea for the time being.

"Go back? Looking for death?" Qianji Jiezun is very self-aware, "Once I return to my hometown, Xu Ming and Kunpeng Jiezun will definitely join forces to chase and kill me! In that case, wouldn't I have to burn gas again to come here? Escape?"

Qian Jijie Zun is still distressed by the luck that was burned when he fled for his life before!

"I'd better improve my strength first, and then return to my hometown Cosmos Sea!" Thinking of this, Qianji Jie Zun had a look of disdain in his eyes, "Oh! Quasi-Invincible Jie Zun, is it very powerful? As a reincarnator of Wanwei Hall, how can I Will there be any means to improve my strength? As long as I am willing to pay some price and raise myself to the level of the quasi-invincible world respected, what is the difficulty? At that time, I will condense the magic weapon of great luck, and I will be able to easily crush Xu Minghe. Kunpeng Jie Zun!"

Of course... Whether it is to improve the strength to the level of quasi-invincible world respect, or to condense the air luck magic weapon, it needs to consume a large amount of top air luck!

"For this Xu Ming, I really paid too much!" Qianji Jie Zun thought about it and couldn't help but feel distressed for a while.

Qianji Jie Zun first learned of Xu Ming's existence in Mo Yuan.

At that time, Qianji Jie Zun was not the Jie Zun of Xu Ming's hometown of the universe, and naturally he could not enter Xu Ming's hometown of the universe.

As soon as he learned of Xu Ming's existence, the Thousand Machines World Venerable concluded that Xu Ming definitely had a lot of top-level luck!

As a reincarnator, endlessly reincarnating in the three space-time dimensions of the big world, the middle world, and the small world is to plunder the top luck everywhere. Only when there is enough top-level luck in the body will it not disappear in the reincarnation again and again.

Therefore, Qian Jijie Zun naturally regarded Xu Ming as his prey.

In order to prevent other reincarnations from noticing Xu Ming's existence, Qianji Jiezun did not hesitate to return to Xu Ming's hometown, the universe, to attack Xu Ming.

It is not easy to return to Xu Ming's hometown, Universe Sea!

Because Qianji Jie Zun is originally the Jie Zun of the "middle world", if you want to reincarnate into another cosmic sea in the same middle world, you must... first reincarnate into the "big world", and then reincarnate from the "big world" to the "big world". "Small World", and finally from "Small World" back to Xu Ming's hometown Universe Sea!

To go around a big circle!

Three times in a row!

From the "small world" to the "middle world", from the "middle world" to the "big world", it is extremely difficult! However, going from the "big world" to the "small world" is more difficult!

Reincarnation from the big world to the small world is called... dimensional reincarnation!

Directly from incomparably huge, down to incomparably small! And it is still two consecutive dimensionality reductions in an instant! – Even the Great World's Jie Zun will have a hard time surviving the samsara of dimensionality reduction!

From the small world to the middle world, from the middle world to the big world, it is 100% successful in reincarnation! but! Reincarnation from the big world to the small world, but only about a 50% success rate!

There will be 50% of the weak-level World Venerable, who will directly fall in the process of “dimension reduction and reincarnation”, and there will be no chance to be a bacteria or a virus in the small world!

Of course, for a senior reincarnator like Qianji Jie Zun, the dimensionality reduction and reincarnation is not really a big deal, and the big deal is to consume some top-level luck. Moreover, when senior reincarnations enter reincarnation, they will consume a lot of qi to keep their past life memories; and, after successful reincarnation, they will directly consume top qi, so that their strength can quickly recover to the highest realm Respect level.

Like the reincarnation of the Thousand Machines World, returning to Xu Ming’s hometown of the Universe Sea, the price paid is to consume three times the top-level luck of the Wuxiang Mountain Master’s whole body! – Of course, this price is nothing compared to the “sixty-five times” top-level luck that was burned when fleeing in Yuanmo Mountain before! And compared to Qian Jijie Zun’s subsequent forcibly raising his strength to the “quasi-invincible Jiezun” level, and condensing the atmosphere of the gods, it is even less of a thing!

“None of these matters!”

Qianjijie Zun’s eyes were blood red, like a gambler with a red eye: “Xu Ming definitely has immortal luck! , what is it?”

What is immortal luck?

That is, no matter how many reincarnations you experience, no matter how much you spend, there will be no consumption at all, and you will have eternal and immortal luck!

With the luck of immortality, you can live forever in reincarnation!

“And now, among the reincarnators in this ‘middle world’, only I can enter Xu Ming’s hometown of the universe! Other reincarnators, even through reincarnation, cannot enter Xu Ming in a short period of time. Hometown Universe Sea! – No one can compete with me! This time, the immortal luck is mine!”

The Thousand Machines World Venerable is extremely sure.

...

Another corner of the Demon Abyss.

Apocalypse Jiezun and Beidou Jiezun are hiding here to practice. They are also burning top-level luck regardless of the cost, and they also want to forcibly upgrade their own strength to the level of “quasi-invincible world respect”!

“It can be forcibly promoted to the level of ‘Invincible Jiezun’, at most it can only be upgraded to the ‘quasi-invincible Jiezun’ level, otherwise... even if I exhaust all my luck, this time I will upgrade to the ‘Invincible Jiezun’ level!” Apocalypse Jiezun said with emotion.

“Don’t think about it! How can the real invincible Jiezun level be so easy to achieve? How many good fortunes would it take to create an ‘Invincible Jiezun’!” Beidou Jiezun shook his head and smiled, “But now ...Thousand Machine World Zun must think that we have no way to enter Xu Ming’s hometown of the Universe Sea!”

“Under normal circumstances of course we can’t forcibly enter other cosmos seas! But...if it is the Lord of Demon Abyss, it will be different!” Tianqi Jiezun also laughed, “The Lord of Demon Abyss, but the only ‘Invincible Jie Zun’ in this ‘Middle World’! As long as he can persuade him to take action, he can completely tear open a gap under the obstruction of the supreme rules and forcibly break into Xu Ming’s hometown of the universe! At that time, We also have a chance!”

“The Lord of Demon Abyss must also want immortal luck!” Beidou Jiezun said again, “But... although he is the invincible Jiezun, he is not one of our three samsara forces after all! When the immortal luck is really born, I’m afraid he won’t have the ability to get it!”

“Everyone depends on their ability!” Tianqi Jiezun also said.

Tianqi Jiezun and Beidou Jiezun, although it can be said that they have temporarily formed an alliance. But when it comes time to truly compete for immortality, the fragile alliance between the two will definitely collapse in an instant.

In the end, who can get immortal luck naturally depends on their ability.

Chapter 2317: 1 Niansheng Billions Of Universes (In The Finale)

Xu Ming’s hometown, the sea of cosmos. Inside the only Holy Emperor-level universe.

The Temple of Discord welcomes a guest.

“Palace Master Discord, Pavilion Master Discord!” This is an illusory figure, obviously not the real body; he said lightly, “I think there is no reason for the two of you to reject my conditions!”

The face of the Discord Hall Master was a little ugly: “I took the initiative to let Moyuan creatures in? And help them build a Moyuan altar together?”

A cosmic sea, if it is not in a quiet period, it is almost impossible to break through! Because the powerhouses of the world can move freely in the universe, they will not give the creatures of the devil a chance to enter the universe, and it is even more impossible for them to build the altar of the devil. Unless, the Supreme Realm Venerable in this cosmos sea, takes the initiative to let Moyuan creatures come in to build a Moyuan altar – this kind of thing is almost impossible!

certainly...

If there are enough incentives, “impossible” can also become “possible”!

“Blood God Alliance Master, you look down on the two of us too much!” The Discord Pavilion Master sneered, “Just because of the conditions you offered, you want us to sell out the entire hometown of the Universe Sea? Let our hometown Cosmic Sea, heading for complete collapse and destruction?”

Blood God Alliance.

It is a reincarnation alliance in the Demon Abyss.

In the Demon Abyss, more than 70% of the reincarnators whose identities have been exposed are members of the Blood God Alliance.

However, Qianji Jiezun, Tianqi Jiezun, and Beidou Jiezun, the three reincarnators from the top forces, did not join the Blood God Alliance, but looked down on the Blood God Alliance. Although there are many, they are just a bunch of rabble.

“Hahahaha!” Hearing the words of the Discord Pavilion Master, the Blood God Alliance Master couldn’t help laughing, “You two, recognize your identities! You are just lucky enough to get a lot of Cosmic Hearts by chance. , I was lucky enough to become the Supreme Realm Venerable! But... do you have a secret technique to plunder your luck? Is there a secret technique to refine your luck? None!”

The Discord Hall Master and the Discord Hall Master were silent.

The Blood God Alliance Lord is telling the truth. Although the two of them are at the highest realm level, they can only be in a corner, and they can only show off their might in their hometown universe; if they go to Moyuan, they are nothing!

“As far as I know... After you two became the Supreme Realm Venerable, you have hardly entered the Demon Abyss, right? What? Are you planning to be a tortoise with a shrunken head until your hometown cosmos sea is destroyed? Then annihilated in the reincarnation. In?” The Blood God Alliance Leader sneered, “Now, I’ll give you the opportunity to teach you the secret techniques of plundering and refining your luck! I will even give you a lot of top-level luck so that you can become a Samsara smoothly. Those who exist forever in reincarnation again and again! In comparison, the price you have to pay is simply negligible!”

Seeing that the two were no longer speaking, the Blood God Alliance Leader continued to add to his jealousy: “As for Xu Ming...don’t think about it! Even if Xu Ming has made great achievements, he will not share the slightest benefit from you! You know, Xu Ming Both Kunpeng Jiezun and Kunpeng Jiezun have returned to their hometowns, but have they ever looked for you? No! Do you still expect Xu Ming to help you become reincarnators?”

Discord Hall Master and Discord Hall Master were finally persuaded: “Okay! We can help you! But... we want more top-level luck!”

The Blood Temple Lord thought for a while: “Yes!”

...

Boom! Boom! Boom! Boom! ...

“What exactly is Xu Ming doing? Why is there such a big movement?” Kunpeng Jiezun, who was protecting Xu Ming’s law, couldn’t help but look at Xu Ming who was cultivating with some doubts.

Xu Ming is sitting quietly in the void.

From the outside, Xu Ming’s divine body did not move at all. However, every heartbeat of Xu Ming made the endless void vibrate together; it was as if Xu Ming’s heartbeat was the heartbeat of the entire hometown of the universe!

“If it wasn’t for me being isolated from time and space, Xu Ming’s heartbeat would have made the entire hometown of the universe vibrate along with it!” Kunpeng Jiezun thought in horror.

This shows what?

This shows that Xu Ming’s divine body is too strong!

It is precisely because the divine body is so strong that even his hometown cosmos sea is a little hard to bear; therefore, every heartbeat of Xu Ming will cause the tremors of the endless void!

“Xu Ming’s divine body is probably far stronger than mine!” Kunpeng Jie Zun thought to himself, “Although there is still a lot of room for improvement in my divine body, even if it is improved to the extreme, it should not be possible only for the sound of a heartbeat. , it caused the entire hometown to vibrate along with the cosmic sea!”

However, the stronger Xu Ming is, the happier Kunpeng Jiezun will naturally be.

“Um?”

Suddenly, Kunpeng Jiezun looked alertly in a certain direction in the depths of the void. At the end of the endless darkness, the Thousand Machines World Venerable is coming from the void; moreover, the breath of the Thousand Machines World Venerable is obviously much more tyrannical than before!

“Come on!” Kunpeng Jiezun’s expression froze. He had long thought that as a reincarnator of the Wanwei Temple, the Thousand Machines World Venerable must not be that simple.

However, Kunpeng Jiezun is not afraid. After all, he is also at the level of “quasi-invincible world respect”, fighting head-on, and there are not many strong people in the entire “middle world” that can make him jealous.

“Kunpeng Jiezun!” Across the endless time and space, Qianji Jiezun saw Xu Ming who was cultivating, and Kunpeng Jiezun who was helping Xu Ming protect the law.

“Huh?” Suddenly, the Thousand Machines World Venerable was slightly startled – he also felt the terrifying power hidden in Xu Ming!

“So strong?” Qianji Jie Zun’s expression changed slightly, and he thought incredulously, “Could it be that Xu Ming is breaking through the strength of Invincible Jie Zun? But how is this possible... He has just broken through to the ‘quasi invincible Jie Zun’!”

Invincible World Honor! That was a level of strength that truly made the Thousand Machines World Venerable extremely jealous!

“We must not let Xu Ming break through successfully!”

Thinking of this, Qianji Jiezun looked at Kunpeng Jiezun, and said coldly: “Kunpeng Jiezun, I advise you not to stop me! You step aside now, I promise you can become a member of Wanwei Palace, how?”

The promise of the Thousand Machines World Venerable is not empty talk. If he can really get the immortal luck of Xu Ming, then even in Wanwei Palace, he will be one of the few high-level executives. At that time, if he wants Kunpeng Jiezun to join Wanwei Palace, it will be a sentence. word thing.

“Ridiculous!” Kunpeng Jiezun sneered, “If you have any means, just let the horses come over! I want to see what the reincarnation of your Wanwei Palace is!”

“It’s really ignorant!” Qianji Jiezun shook his head disdainfully, “Do you really think that with your strength, you can stop me? I’m showing mercy and giving you a chance to escape from reincarnation! It’s a pity, you don’t know cherish!”

boom! !

Suddenly, Qianji Jiezun's whole body was covered with a layer of fiery red armor—it was the divine weapon of atmospheric luck condensed by the secret technique of Wanwei Temple that he consumed a large amount of top air luck!

This magical weapon of atmospheric luck alone is comparable to the combat power of a “quasi-invincible world lord”!

And Qianji Jiezun's current strength is also “quasi-invincible Jiezun”; coupled with the atmospheric luck magic weapon, he is very close to the real “invincible Jiezun”! And this is also the confidence that Qianji Jie Zun does not take Kunpeng Jie Zun in his eyes!

boom-

Qianji Jie Zun directly turned into a fiery red streamer, instantly penetrating the barriers of endless time and space, and killing Kunpeng Jie Zun.

“It's just right!” Kunpeng Jiezun majored in Divine Physique, and may be weaker in other aspects, but the head-on smash hit him right in his arms!

However...

boom! !

In a face-to-face, Kunpeng Jiezun was directly bombarded and thrown away.

...

Xu Ming was completely unaware of the battle between Kunpeng Jiezun and Qianji Jiezun.

If you want to open up and evolve the countless billions of particle universes in your body into a nascent universe at the same time, what kind of tyrannical will control is required? Rao is Xu Ming's “Eternal Realm” has broken through to the second major realm, Rao is Xu Ming's strength

of mental will can be comparable to the “quasi-invincible world respect” combat power, but... even if it is only to guide countless billions of particles The universe was opened up as a nascent universe, and he also felt extremely difficult!

Xu Ming must devote all his will and the power of the entire “eternal world” to breakthroughs, and he cannot tell even a trace of his spirit to pay attention to the external situation; so let alone pay attention to the external war, just Even Xu Ming’s own heartbeat can’t be perfectly controlled – otherwise, even if Xu Ming’s divine body is strong, his power is restrained, and it is impossible to have any impact on the outside world; his heartbeat is even less likely to cause the entire universe to follow. shock.

“It will be done soon!”

Xu Ming could completely feel how terrifying his divine body had transformed into!

You must know that there are hundreds of millions of particles on Xu Ming’s body, any one of them is as tyrannical as a nascent universe! Then, with the combined strength of Xu Ming’s body, how tyrannical should he be?

Although Xu Ming could not use 100% of the power of the particle universe, after all, most of the power inside the particle universe must be used to maintain the operation and evolution of the particle universe itself; however, even Xu Ming can only use 100% of it. The power of one, that is also the power of endless terror!

Besides, the power that Xu Ming can use is definitely more than one percent!

“It’s done!”

Xu Ming felt that the countless billions of particle universes all over his body had successfully evolved into particle universes. The power of his divine body has skyrocketed countless times, and it has even skyrocketed to a level that he himself could not have imagined before!

Terrible!

At this time, the so-called Supreme Realm Venerable, in Xu Ming’s eyes, was as insignificant as an ant, and he could crush countless numbers in his hands!

After the successful breakthrough, Xu Ming's divine body also quickly stabilized, and the power of spiritual will finally no longer needs to be used to control the divine body!

Feeling that the power of the divine body was leaking out, and the power that escaped was enough to cause the entire universe to vibrate, Xu Ming even took control of the divine body, so that the power was perfectly restrained and not scattered.

The endless time and space that had been shaking with Xu Ming's heartbeat also fell silent in an instant.

At the same time, Xu Ming finally noticed the situation outside.

"Huh?" Xu Ming saw that Kunpeng Jiezun was fighting fiercely with Qianji Jiezun. And Kunpeng Jie Zun was actually beaten by Qian Ji Jie Zun, whose body was wrapped in fiery red luck; if it wasn't for the tyrannical body of God, he would have been defeated long ago!

"Humph!" Immediately after, Xu Ming heard Qianji Jiezun's cold snort, "What a tyrannical divine body! The quasi-invincible Jiezun who cultivates a divine body is really hard to kill! But... that's it!"

Kunpeng Jiezun's aura was already very weak at this moment. He majored in the divine body, and the aura of the divine body was not much stronger than that of the ordinary Supreme Realm Venerable. Obviously, he had reached the end of the shot.

"I gave you a chance, but unfortunately you didn't cherish it!" Qianji Jie Zun sneered, "Finally... take me the sword of great luck!"

call out!

A sword glow formed entirely from top-level luck was formed in the hands of the Thousand Machines World Venerable. The imposing manner is terrifying, I am afraid that any stray power that escapes is enough to kill the ordinary Supreme Realm in an instant!

Kunpeng Jiezun also had helplessness in his eyes, and his heart was powerless: "Xu Ming, I can only resist for so long!"

Kunpeng Jiezun worked hard to resist Qianji Jiezun, who was twice as powerful as the “quasi-invincible Jiezun”, just to help Xu Ming buy some more time; he has really reached his limit!

“Forget it!” Kunpeng Jiezun didn’t feel sad at all for his impending fall, “If I hadn’t met Xu Ming, I’m afraid I could only be a small and lowly Humble-level Jiezun, and even the chance to become a Qiling-grade Jiezun is all right. It’s hard to come by, I can only live a life without hope forever! And when I met Xu Ming, at least I was dazzling! Even if I die, the entire Demon Abyss will be passed down in countless future cosmic eras. legend!”

“Come on!” Kunpeng Jiezun is ready for the final blow of Qianji Jiezun!

But at this moment, both Kunpeng Jiezun and Qianji Jiezun suddenly felt that the void became silent. The two turned their heads to look in Xu Ming’s direction.

At this moment, Xu Ming has opened his eyes like endless stars, standing in the void, as if the only **** in this world!

“Not good!” Although Qianji Jie Zun felt that even if Xu Ming had a breakthrough in strength, he could not be stronger than him; after all, Xu Ming had just broken through to the level of “quasi-invincible Jie Zun”, how could it be possible in such a short time Has there been a big change in time? However, in order to be safe, Qianji Jiezun still decided to kill Kunpeng Jiezun as soon as possible!

“Kunpeng Jiezun is also a ‘quasi-invincible Jiezun’ combat power! If I don’t kill him immediately and let him recover, then I will face two ‘quasi-invincible Jiezun’ combat power at the same time! ”

Although Qian Jijie Zun is confident, there is no need to deliberately increase the difficulty for himself. Now that there is a chance to kill a “quasi-invincible Jiezun” first, Qianji Jiezun will certainly not hesitate.

“kill!”

The fiery red sword glow instantly pierced through the endless void, killing Kunpeng Jiezun.

At this time, Kunpeng Jiezun was completely powerless to resist.

but...

In the void in the distance, Xu Ming's divine body seems incomparably small, but it seems to be bigger than the endless void of the universe sea!

The tyrannical sword of Qianji Jie Zun clearly penetrated the endless void and went straight to Kunpeng Jie Zun; but in the end, it still landed on Xu Ming – Xu Ming just stood there and didn't move, but, As long as he is willing, his divine body is bigger than the endless void! No matter how unpredictable and unpredictable the sword of Qianji Jie Zun is, it is impossible to pass Xu Ming and land on Kunpeng Jie Zun's body.

“What!?” Qianji Jie Zun looked dumbfounded – he was obviously going to attack Kunpeng Jie Zun! Xu Ming clearly stood in the distance and did not move! But why did his attack fall on Xu Ming in the end?

“Impossible!” Qianji Jie Zun quickly narrowed the distance with Kunpeng Jie Zun, and instantly came to Kunpeng Jie Zun, and then attacked Kunpeng Jie Zun again. However... Qianji Jie Zun is clearly in front of Kunpeng Jie Zun, and the two have even been in contact; but no matter how he attacks, the attack will fall on Xu Ming, who is infinitely far away.

“How could this be?” Qianji Jie Zun has experienced thousands of reincarnations, and even played against the real Invincible Jie Zun, but he has never encountered such a strange situation!

“Xu Ming, have you succeeded in breaking through?” Kunpeng Jie Zun said in surprise.

“Yeah!” Xu Ming nodded slightly, “Thank you for your hard work! Come to my heart universe first to heal your wounds!”

actually...

When the Thousand Machines World Venerable arrived, Xu Ming had already made a breakthrough! At that time, Xu Ming's divine body was already extremely tyrannical, even if there was no obstruction from Kunpeng Jie Zun, even if Qian Ji Jie Zun was allowed to attack – just a pitiful attack from Qian Ji Jie Zun, it was impossible to hurt Xu Ming!

However, Kunpeng Jiezun had to protect himself at all costs, and Xu Ming naturally remembered this kindness.

“Okay!” Kunpeng Jiezun also knew that if he continued to stay here, he would not be able to play any role.

“Immediately...a war is about to break out in this cosmic sea!” With Xu Ming’s current strength, nothing in this cosmic sea could hide from his eyes.

In the endless time and space, Xu Ming has seen that in the universe of the Holy Emperor, the Altar of Demon Abyss has been built! Immediately, the powerhouses in the Demon Abyss will come to this sea of cosmos!

“Palace Master Discord, Pavilion Master Discord, why do you want to destroy your hometown of the Universe Sea?” Xu Ming temporarily left the Thousand Machines Realm Zun aside and ignored it; he was separated from the endless time and space, and his voice was directly at the Hall Master Discord. It rang in the ears of the Discord Pavilion Master.

“Xu Ming?” The Discord Hall Master was stunned for a moment, then sneered, “If you don’t do it for yourself, you will be destroyed!”

“We are about to enter the cycle of reincarnation!” Pavilion Master Discord also sneered, “As for the hometown of the universe...even if it is not because of us, it will collapse and destroy sooner or later! If so, then collapse and destroy as soon as possible! It can help us become reincarnators! After we both become reincarnators, we will remember our home universe, and even build monuments and legends for the strong people in our home universe, especially legendary beings like you, so that our hometown universe will be remembered. The story will be sung around the world!”

“Is it about to enter reincarnation?” Xu Ming sneered, “You two are so naive!”

“What’s the meaning?”

“The reincarnation channel has been closed!” Xu Ming sneered.

If the Discord Hall Master and the Discord Hall Master can enter the reincarnation, then, can’t Xu Ming also enter the reincarnation?

And how could reincarnations like the Thousand Machines World Venerable let Xu Ming enter into reincarnation? -Once Xu Ming enters the reincarnation, it is equivalent to a fish jumping into the sea. It will not be so easy for other reincarnators to find Xu Ming!

Therefore... the reincarnations of all parties have already cast a secret technique at all costs to close the reincarnation channel of Xu Ming's hometown of the universe sea! No one can enter the reincarnation of the realms of the universe of Xu Ming's hometown!

Once the hometown of the universe collapses and destroys, it is naturally impossible for a realm to survive. The Discord Hall Master and the Discord Hall Master, who have just become reincarnators, are naturally no exception.

“What!?” The Discord Hall Master and the Discord Pavilion Master were shocked. They tried it, but they couldn't open the reincarnation channel and enter the reincarnation.

boom! boom! boom! boom! ...

At this time, one after another tyrannical aura was transmitted through the Moyuan altar!

The Blood God Alliance Lord and other reincarnators have come!

“Blood God Alliance Master!” The Discord Hall Master even roared, “You lied to us?”

“Liar to you? Why did I lie to you?” The Blood God Alliance Leader said with a disdainful smile, with a teasing look on his face, “I didn't break my promise! Not only did I make you reincarnators, but I also gave you a lot of top-level luck! But...you died in reincarnation, can you blame me? Hahahaha...”

“You...” Hall Master Discord was impatient.

“Go away!” The Blood God Alliance Master was too lazy to pay attention to the Discord Hall Master.

boom! boom! boom! boom! ...

The Blood God Alliance Lord, and the reincarnators he brought, all had the Atmospheric Fortune Soldiers on their bodies, killing them in the direction of Xu Ming.

“Thousand Machines World Venerable, your movements are really fast! You almost took the lead!” The Blood God Alliance Lord sneered across the endless distant time and space.

“You guys are here just in time!” If it was before, the Thousand Machines Realm Zun would definitely hate it as much as he saw the Blood God Alliance Lord. But now, the Thousand Machines World Venerable is actually grateful for the “timely arrival” of the Blood God Alliance Lord!

After all, Xu Ming’s strength is too deep and unfathomable! The Thousand Machines World Venerable really did not have the slightest confidence to deal with Xu Ming, and he might even fall directly here.

And now, the Blood God Alliance Lord and the others are here! Many reincarnations joined forces, and the Thousand Machines Realm respected and regained confidence. As for who can get the immortal luck of Xu Ming in the end, it depends on their ability!

“Oh? It seems that Xu Ming is already strong enough to make you jealous?” The Blood God Alliance Leader sneered.

This time, there are hundreds of reincarnators who came with the Blood God Alliance Lord! Each of them has raised their own strength to the level of “quasi-invincible world respect”, and has a magical weapon of atmospheric luck!

Hundreds of reincarnations bathed in fiery red atmosphere are extremely dazzling! The strength of their luck has illuminated the endless dark universe sea!

“kill!”

“kill!”

“kill!”

All the reincarnators, like hungry wolves, slaughtered Xu Ming, hoping to finally obtain the immortal luck on Xu Ming.

However, in Xu Ming's eyes, these reincarnators are so ridiculous!

"It's just ants!" Xu Ming smiled disdainfully, stretched out a finger, and crushed it towards the Thousand Machines World Venerable.

Seeing Xu Ming's actions, Qianji Jie Zun seemed to be endlessly humiliated: "Xu Ming, you are deceiving people too much!"

Immediately, however, the humiliation in the eyes of the Thousand Machines World Venerable turned into endless terror—when Xu Ming's finger approached, the Thousand Machines World Venerable finally felt that the power contained in just this finger, but Far beyond the invincible world respect!

Qianji Jiezun once fought with Invincible Jiezun, and even ran away from Invincible Jiezun's hands! However, under Xu Ming's finger, he could not see any vitality!

boom! !

Thousand Machines Realm Zun frantically burned all the top-level luck accumulated in thousands of reincarnations without leaving a trace! Instantly raised his own luck to an incomparably terrifying level, just looking for a chance to survive!

However, there is no chance of life!

Crazy burning luck, can't even let the Thousand Machines World Venerable live even for a moment!

"Palace...Palace Master!" At the moment of life and death, Qianji Jie Zun only had time to murmur these words.

The "Palace Master" in his mouth is naturally not the Discord Palace Master, but... the Wanwei Palace Master!

The Master of Wanwei Palace represents a level of strength!

A level of strength far exceeding the level of “Invincible Jie Zun”!

Chapter 2318: 1 Niansheng Billions Of Universes (Under The Finale)

Bang!

Xu Ming’s fingers rolled over, easily crushing the Thousand Machines World Venerable, like pinching an ant to death.

At the same time, all the treasures and luck on Qianji Jie Zun’s body have all entered Xu Ming’s “eternal realm” – after the eternal realm breaks through to the second major realm, not only can it be refined and absorbed the heart of the universe, but everything can be refined absorb! It can directly extract the most pure energy from all things!

In an instant, all the treasures and luck of the Thousand Machines Realm were absorbed and refined by the Eternal Realm.

Xu Ming’s Eternal Realm instantly became stronger!

“what!?”

“This...”

“This is the power far beyond the Invincible Jiezun!?”

The Blood God Alliance Master and other reincarnators saw that the Thousand Machines World Venerable had frantically burned all the top-level luck, but he was pinched to death by a finger

instantly without any resistance, and they were all terrified: “Could it be... this is the legendary Ultra-dimensional power!?”

Extradimensional power...

For the Blood God Alliance Lord, it is indeed a legend!

The power of the reincarnators where the Blood God Alliance Lord is located, the strongest is just an “Invincible World Venerable” with immortal luck! Invincible Jie Zun is strong, but in front of the “super-dimensional power”, it is no different from an ant!

According to legend, there are only three “super-dimensional powers” in the three thousand big worlds, ninety thousand middle worlds, and hundreds of millions of small worlds.

These three “super-dimensional powers” are-Wanwei Palace Master, Atmospheric Fortune Demon God, and Supreme Rule Spokesperson!

The Master of Wanwei Palace and the Demon God of Great Fortune are in charge of the “Wanwei Palace” and the “Great Fortune Pavilion” respectively, while the spokesperson of the Supreme Rule is in charge of the “Supreme Sanctuary”.

It is precisely because of the existence of these three “super-dimensional powers” that the Wanwei Hall, the Great Fortune Pavilion, and the Supreme Holy Church are called the “three top-level reincarnation forces”. As for other reincarnator forces, no matter how many reincarnators there are, or even more invincible world respecters with immortal luck, they are not qualified to be called “top reincarnator forces”, at most they can only be regarded as “sub-top”!

And now, the Blood God Alliance Lord and other reincarnators want to witness the birth of the fourth “super-dimensional power” of the three thousand worlds, the ninety thousand middle worlds, and the billions of small worlds? – It’s a blessing! But no reincarnation person is willing to take his life to witness!

“run!”

“Run!”

“Escape!”

“Xu Ming is actually suspected of possessing super-dimensional power? Isn’t it too long to make an idea of super-dimensional power?”

Even if Xu Ming has the strength of “Invincible Jie Zun”, these reincarnators dare to carry forward the style of “more ants kill elephants”. After all, reincarnations with a little background, as long as they are willing to pay the price, can have stronger strength than the general “quasi-invincible Jiezun”; hundreds of reincarnations join forces, really not afraid of an invincible Jiezun! But... in the face of super-dimensional power! Even if more samsara join forces, it’s just death!

Even “Invincible Jiezun” is an ant in front of the super-dimensional power. What are these ordinary reincarnators?

“Escape?” Looking at the samsara who were swarming and fleeing in embarrassment, Xu Ming smiled – come when you want, leave when you want? What do you think of Xu Ming here?

“Let me all stay here!” Xu Ming casually slapped it.

Immediately, the Blood God Alliance Lord and other hundreds of reincarnators felt an extremely terrifying palm appearing above their heads. No matter how they fled, they could never escape the palm of this palm.

“Do not-”

“Forgive me!”

Xu Ming ignored the begging for mercy, and crushed it with one palm, as if crushing hundreds of ants.

At the same time, a large number of treasures and luck entered Xu Ming’s “Eternal World”, and were instantly absorbed by refining!

How rich are the reincarnators?

Any reincarnation person may have more treasures than all the treasures in a cosmic sea combined!
– This is nothing, after all, treasures cannot follow the reincarnation person to experience reincarnation again and again! What is more precious is the top-level luck on these reincarnators!

Any more powerful reincarnation person may have more top-level luck than the top-level luck of 10,000 cosmos seas combined! After these top-level air transports were refined by Xu Ming, they were quickly transformed into the most pure energy, strengthening Xu Ming's "eternal world".

After Xu Ming's breakthrough, he just made two random moves, and his "eternal world" has grown a lot! – When the breakthrough was made, the "Eternal Realm" was as tiny and insignificant compared to the power of the "Divine Body Universe"! In the blink of an eye, the power of the "Eternal Realm" is already comparable to one percent of the "Divine Body Universe"!

Don't look at just one percent! Now, even if Xu Ming doesn't use the power of the divine body, just relying on the power of the "Eternal Realm" is much stronger than the "Invincible Jie Zun" level! I'm afraid... Xu Ming can easily kill the Invincible Jiezun with just one thought and one look!

"Hi—" The Discord Hall Master and the Discord Pavilion Master all shivered and didn't dare to make a sound. How could they have thought that Xu Ming would be so tyrannical! In the blink of an eye, hundreds of reincarnators with terrifying strength were killed!

Xu Ming ignored them.

There is not much friendship between him and Discord Hall Master and Discord Hall Master.

Before, Xu Ming helped the Temple of Discord to suppress the major passages of the Demon Abyss; but later, when Xu Ming was chased by the Thousand Machines Realm Zun in the universe, the Lord of the Temple of Discord and the Lord of the Pavilion of Discord did not help. Now, the two took the initiative to let the reincarnators enter the sea of cosmos, which is already on the opposite side of Xu Ming – Xu Ming did not go to trouble the two, it was already for the sake of acquaintance!

boom! boom! boom! boom! ...

Sudden!

In the Holy Emperor Universe, the Moyuan altar, which had never been moving, suddenly erupted 137 dark golden Moyuan chains, and went straight to the 137 Moyuan passages in the sea of cosmos—the one of the Moyuan chains Appearance means that the universe sea is about to collapse and destroy! Nothing can stop it! Even the full blow of the invincible Jiezun would never leave a trace on the Moyuan chain.

Before, because of the repression of the reincarnators, the creatures of the magic abyss had never been able to find an opportunity to activate the chains of the magic abyss. Now, in the universe, all the stunned gazes of all the world leaders are on Xu Ming, and the creatures of the Demon Abyss finally have a chance!

“Huh?” Xu Ming couldn’t help frowning – he had seen such a scene many times; he just didn’t expect that he would see it in his hometown, the universe.

“The strength of my current divine body has already exceeded the carrying limit of my hometown’s cosmic sea!” Xu Ming thought to himself, “Exceeding the carrying limit, but not destroying my hometown’s cosmic sea is because...my divine body is a party of its own. Cosmic Sea!”

Xu Ming’s divine body is composed of countless billions of particle universes; and each particle universe is comparable to a nascent universe in the universe! Such a divine body naturally forms a cosmic sea of its own, even more special and powerful than ordinary cosmic seas! -Other Jie Zun, even the “Invincible Jie Zun”, must depend on their hometown Universe Sea to survive! Once the hometown cosmos sea collapses and destroys, the strongest Jie Zun will also enter the reincarnation, otherwise he can only annihilate with the cosmos sea!

But Xu Ming has already existed beyond his hometown of the universe! Even if his hometown Cosmic Sea collapses and destroys, it will not have any effect on him – this is also the terrible thing about “super-dimensional power”!

Even everything placed in the “eternal world” by Xu Ming, such as his hometown universe, such as the strong men in the universe like Kunpeng Jiezun, Gu Hanmo, etc., will not be affected by the collapse and destruction of the hometown cosmos sea. !

but-

Xu Ming will not be affected, it does not mean that he will be able to see the collapse of the sea of the universe in his hometown.

“Humph!” Xu Ming snorted coldly, turning his palm into a knife. Then, the palm knife turned into one hundred and thirty-seven blade shadows in the void; each blade shadow was a hundred times more magnificent than a universe!

call out! call out! call out! call out! ...

One hundred and thirty-seven sword shadows slashed towards one hundred and thirty-seven chains of Demon Abyss.

“Xu Ming wants to...?” Of course the Discord Hall Master and the Discord Pavilion Master saw Xu Ming’s intentions, but they didn’t think that Xu Ming could cut the Moyuan Chain – the Moyuan Chain, which is the highest. Manifestation of the rules! Even if the super-dimensional power is stronger, can it still fight against the supreme rules?

However...

click! click! click! click! ...

The idea of Discord Hall Master and Discord Hall Master has just arisen, and one hundred and thirty-seven sword shadows have already cut off all one hundred and thirty-seven chains of Demon Abyss!

boom!

The chains of the Demon Abyss, manifested by the supreme rules, disappeared instantly.

“What!?” Hall Master Discord and Hall Master Discord widened their eyes.

“What!?” Even more horrified, just under the obstruction of the will of the universe sea, they tore a gap and forcibly broke into the universe sea, the Lord of Demon Abyss, Tianqi Jiezun, and Beidou Jiezun.

The three of them never expected that they had just broken into Xu Ming’s hometown of the universe, and were sharpening their knives; but they saw that their target, Xu Ming, slashed 137 Moyuan chains with one palm!

This is the Mo Yuan chain that even the Invincible Jie Zun can't shake! Was it cut off by Xu Ming's palm?

In addition, in the entire universe, the three of them did not see the figures of the Thousand Machines World Venerable, the Blood God Alliance Lord and others; obviously, these reincarnations have definitely fallen.

"Super-dimensional power!" The three masters of the Demon Abyss were terrified, and they didn't dare to stay for the slightest bit. They turned around and wanted to escape this cosmic sea! However, just as the three men turned around, Xu Ming's palm shadow appeared on the top of their heads.

The two reincarnations, an invincible world venerable, were crushed to death by Xu Ming's palm without even taking a step out! – In Xu Ming's eyes, crushing an "Invincible Jie Zun" is actually no different from killing an ordinary Jie Zun!

"Huh?" However, what surprised Xu Ming was the wealth of the Lord of Demon Abyss!

You must know that the Lord of Demon Abyss, but the only "Invincible World Venerable" in this middle world, is entrenched in countless cosmic eras in this middle world. How terrifying is the accumulation of wealth?

Top-level luck, the Lord of Demon Abyss is not much more than those reincarnators! After all, no matter how strong the secret method of refining qi luck, it can only refine ten layers of top qi luck, which is equivalent to more than a thousand times the top qi luck that an ordinary Supreme World Venerable can possess! It is impossible to have more top-level luck, unless you have immortal luck!

However, in addition to top-level luck, in terms of other treasures such as the Heart of the Universe, the Lord of Demon Abyss is really... too rich!

After the treasures of hundreds of reincarnators were collected into the "Eternal World", Xu Ming instantly finished refining and absorbing them! However, Xu Ming found that the treasure of the Lord of Demon Abyss alone could not be absorbed in a short period of time!

Too much!

Really too much!

The Lord of Demon Abyss has proudly established countless cosmic eras at the peak of this middle world, and has witnessed the collapse and destruction of countless cosmic seas! When every Cosmic Sea is destroyed, as long as the Lord of Demon Abyss takes action, there will not be too few treasures snatched! Accumulated over endless long years, how terrifying the number of treasures in the hands of the Lord of Demon Abyss? – Treasures comparable to the sum of billions of cosmic seas!

And now, the treasure of the Lord of Demon Abyss has been brought to a pot by Xu Ming!

With enough treasures as support, Xu Ming's "eternal world" is transforming like crazy!

The Eternal Realm has greater potential than Xu Ming's divine body! The most pure energy extracted from various treasures quickly made Xu Ming's "eternal world" a hundred times stronger! Grow up to a level comparable to that of a god! -Xu Ming's Divine Body Universe is already a super-dimensional power! Now, Xu Ming's heart universe is also a super-dimensional force!

What's even more terrifying is... the treasure of the Lord of Demon Abyss has only consumed a drop of a drop!

In other words, Xu Ming's "eternal world" can continue to become stronger! Moreover, so far, Xu Ming could not see the limit of the "eternal world" at all! But there is no doubt that as long as the "eternal world" continues to grow, it will definitely far exceed the power of the divine body!

"What kind of power level would that be!?"

Xu Ming was looking forward to it, and suddenly he keenly felt that there was something abnormal in time and space. It seems that there is an endless terrifying force that is tearing apart the dimensions.

"What is it!?" Xu Ming's gaze penetrated the barriers and went beyond the sea of cosmos.

I saw that in the endless void beyond the sea of cosmos, a deep and huge terrifying crack had been torn apart. Just the width of this crack is ten times as wide as the cosmic sea!

rumbling rumbling...

A foot as large as the sea of cosmos slowly stepped out from the terrifying crack – it seemed to move slowly, but it was actually because his divine body was so huge! The sole of one foot is as huge as the universe sea, and if you take one step, how many distances is that between the universe sea?

This seemingly slow movement is actually a speed that even the Invincible Jie Zun is far from reaching!

“This is...?” Xu Ming looked at him in surprise.

This is definitely not the powerhouse of the “middle world”! It is impossible for a powerhouse in the “middle world” to have such a huge divine body!

“The powerhouse of the ‘big world’ can come to our ‘middle world’?” Xu Ming was shocked.

To know...

The time and space scale and material quality level of the “big world” are completely different from the “middle world”! Any mortal in the “big world” is comparable in size to a cosmic sea in the “middle world”!

Under such circumstances, how could the powerhouse of the “big world” come to the “middle world”?

“hiss-”

“what is that!?”

“What a huge body!”

The powerhouses in the Demon Abyss naturally also saw this scene of time and space changes, and they were all shocked beyond recognition.

“Xu Ming!” The terrifying huge figure has not yet completely passed through the deep crack, but his voice has already resounded throughout the universe, “I, the spokesperson of the supreme rule!”

Mo Yuan boiled again.

“Leader of the Most High Church!”

“One of the three strongest beings in the three thousand big worlds, the ninety thousand middle worlds, and the hundreds of millions of small worlds!”

“The spokesperson of the supreme rule, has come to our middle world?”

“For Xu Ming?”

Xu Ming walked out of his hometown Universe Sea and watched silently. Compared with the spokesperson of the Supreme Rule, Xu Ming’s insignificance is indescribable.

“Xu Ming!” The terrifying huge figure continued, “You, you exist in violation of the supreme rules! I represent the supreme rules and give you annihilation!”

“Give me annihilation?” Xu Ming sneered, “I also want to see how strong the super-dimensional force, the spokesperson of the Supreme Rule, is!”

“Xu Ming, although you have set foot in the super-dimensional power, you are too weak compared to us!” The “we” in the mouth of the Supreme Rule spokesperson is naturally him, the master of the Wanwei Palace, and the master of the Qiyun Pavilion, “Even if Your strength is a thousand times stronger, and it looks like an ant to me!”

rumbling...

The spokesperson of the Supreme Rules was as huge as a cosmic sea, covering the sky, and came directly to suppress Xu Ming.

Wherever the giant palm that covered the sky passed, the several cosmic seas that passed by burst like bubbles. The world lords in these cosmos seas were gone before they could even enter the reincarnation.

“What a terrifying power!” Xu Ming couldn’t help but be startled.

The power of the spokesperson of the supreme rule is indeed terrifying! Although Xu Ming is also a super-dimensional power, there is still an absolute essential gap with this power! -Xu Ming can fully feel that if he is shot by this giant palm that covers the sky, I am afraid that it will be shattered in an instant like those cosmic seas!

However... in Xu Ming’s eyes, the speed of the spokesperson of the Supreme Rule is really too slow!

Yes!

too slow!

In fact, it is not that the spokesperson of the Supreme Rule is slow, but the time flow of the “middle world” and the “big world” is different. The time flow rate of the “big world” is hundreds of millions of times slower than that of the “middle world”; therefore, the speed of the spokesperson of the Supreme Rule is equivalent to being slowed down by hundreds of millions of times! – Even if the spokesperson of the Supreme Rule forcibly breaks the dimension and enters the “middle world”, he still cannot change his own time flow rate.

For the invincible Jie Zun of the “middle world”, the speed of the spokesperson of the supreme rules is naturally far beyond them, and the speed is unimaginable! However, to Xu Ming, this speed is as slow as a turtle, almost not much different from “still”!

Although the spokesperson of the Supreme Rules can instantly kill Xu Ming with one move, but at such a speed, do you want to touch Xu Ming’s clothes?

Xu Ming dodged, it was as easy as the palm of your hand!

call out-

Xu Ming turned into a streamer and quickly left – he didn't want to fight near his hometown, the Universe Sea! A little aftermath of the battle will lead to the destruction of the entire hometown of the universe! Although Xu Ming has already included all his relatives and friends into the “eternal world”, but after all, it is his hometown of the universe, and it is best to preserve nature!

But at this time, the two supreme realms in the hometown of the universe, the master of the temple and the master of the temple, could not help but curiously walked out of the universe, wanting to see what happened.

You must know... the giant palm of the spokesperson of the Supreme Rules originally came in the direction of Xu Ming's hometown of the universe sea. Although the giant palm turned its direction because of Xu Ming's departure, there was still a powerful aftermath. For a cosmic sea, this aftermath can naturally be tolerated; but for the two supreme realms Honestly, it's deadly!

The Discord Hall Master and the Discord Hall Master only had time to see an incomparably huge palm shadow, and they didn't realize what happened, and they were instantly annihilated – I have to say! curiosity kills the cat!

At this time, Xu Ming had already fled far away.

“Huh?” The spokesperson of Supreme Rules naturally noticed Xu Ming's speed – compared to Xu Ming, although he has infinite power, he is too clumsy! It is impossible to touch Xu Ming at all!

While Xu Ming kept a distance from the spokesperson of the Supreme Rules, the “Eternal Realm” was constantly refining, absorbing and growing!

You must know that the power of the “eternal world” has surpassed Xu Ming's divine body! Moreover, “Eternal World” has endless potential! – As long as Xu Ming quickly expands the “eternal world”, he may not have the chance to kill the spokesperson of the supreme rule in turn!

“Damn little bug!” The spokesperson of Supreme Rules thought that if he came to the Middle World in person, he would be able to slap Xu Ming to death with one palm; he did not expect that Xu Ming's speed exceeded his expectations, and he would not be able to touch Xu Ming at all!

This made the endorsement of the Supreme Rule lose its popularity, and the voice penetrated through many dimensions and was transmitted to the “small world”: “Master of the Great Fortune Pavilion! Come and help me! Kill Xu Ming!”

The spokesperson of the Supreme Rule, in charge of the “Three Thousand Worlds”.

The “Master of the Atmospheric Fortune Pavilion” is in charge of the “Hundreds of Millions of Small Worlds”.

As soon as the voice of the spokesperson of the Supreme Rules fell, Xu Ming found that in the vast void, there was an extremely tiny void crack – even a particle on Xu Ming’s body that was billions of times smaller!

Through this crack, Xu Ming can see the scene in the “small world” – there are also countless billions of cosmic seas, but they are all incomparably small! A cosmic sea is about the same size as Xu Ming! The universe within the universe is about the same size as the particle universe on Xu Ming!

As for the master of the Great Luck... it’s too small! The tiny Xu Ming almost didn’t see his existence!

Xu Ming looked at the master of the Great Fortune Pavilion, and looked at Xu Ming with the spokesperson of the Supreme Rules. It was a feeling!

The time flow of “Medium World” and “Small World” is also different. The time flow rate of the “small world” is billions of times faster than that of the “middle world”! The master of the Great Fortune Pavilion broke the wall of dimensions and entered the “middle world”, but still maintained the time flow rate of the “small world”, so... His speed is so fast that Xu Ming can’t imagine it!

In the face of the attack from the master of the Grand Atmosphere, Xu Ming had no chance to dodge at all! In an instant, it was attacked hundreds of millions of times!

“Hahahaha...” Seeing this scene, the spokesperson of Supreme Rules couldn’t help laughing, “Xu Ming, how can you still not die?”

However, before the spokesperson of the Supreme Rule could be happy for long, the smile froze on his face.

I saw the master of the Great Fortune Pavilion stopped attacking and said depressedly: “Although my attack is fast, it is too weak to hurt Xu Ming!”

“Can’t it hurt?” The spokesperson of Supreme Rules was taken aback.

In fact, the attack of the master of the air transport is not weak! Even the invincible Jiezun in the “middle world” can kill him in one move! But... Xu Ming’s divine body is too strong!

Every particle universe on Xu Ming’s body is equivalent to a primary universe in the “middle world” in terms of material quality! – With the strength of the master of the Grand Air Transport Pavilion, it is naturally easy to destroy a nascent universe in the “middle world”! But the problem is... on the scale of space and time, Xu Ming’s particle universe is comparable to the “small world” universe!

The material level of the “middle world” and the time and space scale of the “small world” mean that the “density” of every particle of the universe on Xu Ming’s body is extremely terrifying and indestructible!

If you use the power of the spokesperson of the supreme rules, killing Xu Ming will naturally be easy! However, with the power of the pavilion master of the air transport, it is impossible to break Xu Ming’s defense – the pavilion master of the air transport has attacked hundreds of millions of times, but not even a single particle of Xu Ming can be hurt!

This made the master of the Great Fortune Pavilion so depressed that he just wanted to vomit blood!

What a shame!

“Hahahahahaha...” Suddenly, a arrogant laughter resounded throughout the middle world, “The spokesperson of the supreme rule, the master of the Great Luck, I will say you can’t do it, right? In the end, I still have to make a move!”

A dark figure smashed through the wall of dimensions and rushed into Xu Ming’s world in this square – this dark figure was a normal size! It’s about the same age as Xu Ming!

The Master of Wanwei Palace, who is in charge of the “Ninety Thousand Middle World”, is here!

“Huh?” As soon as the Wanwei Palace Master appeared, Xu Ming felt a great threat.

The same super-dimensional power, Xu Ming felt like the light of firefly, while the master of Wanwei was like a bright moon in the sky – the gap is too big!

In fact, Xu Ming felt that even if his strength was ten thousand times stronger, he would still be far inferior to the Master of Wanwei Palace!

“How can it be so strong!?” Xu Ming turned around and ran without hesitation!

Next to Xu Ming, the incomparably small Grand Master of Air Fortune hurriedly moved away, daring not to stop him—just as the spokesperson of the Supreme Rules could kill Xu Ming with one move, Xu Ming could also kill the insignificant Master of Air Fortune with one move. Of course, the premise is that you can meet it!

“Escape?” Wanwei Palace Master smiled disdainfully, “Three thousand big worlds, ninety thousand middle worlds, hundreds of millions of small worlds, where is not the jurisdiction of the supreme rule? Where can you escape to?”

boom!

The speed of the Wanwei Palace Master is far surpassing Xu Ming’s ten thousand times! Immediately behind Xu Ming: “Die!”

boom! !

With one blow, Xu Ming’s extremely tyrannical divine body was directly damaged! Most of the particle universe was directly annihilated!

“Hi—” Xu Ming was horrified.

Hit hard! Then one more blow, is it still good?

Without hesitation, Xu Ming hurriedly broke the wall of dimensions and entered another “middle world” in a flash. At the same time, Xu Ming hurriedly took out countless billions of cosmic hearts from the “eternal world”, and quickly re-derived the particle universe to restore the divine body.

“Eternal World” is desperately refining and absorbing the most pure energy, constantly breaking through and becoming stronger!

boom!

The Wanwei Palace Master followed and broke the wall of dimensions and chased into the middle world where Xu Ming fled.

“Huh?” After the Wanwei Palace Master chased in, he couldn’t help but be slightly taken aback, “How can the injury recover so quickly? The resilience is really strong!”

Yes!

In this very short moment of chasing and fleeing, Xu Ming’s divine body has been restored to its original state. You must know that Xu Ming’s “eternal world” has become countless times stronger after refining and absorbing a large amount of the most pure energy! With such a powerful spiritual will as the support, the re-derivation of the particle universe is naturally instantaneous.

“But... no matter how strong your resilience is, you have to die!”

boom! !

The Wanwei Palace Master strikes again.

Although Xu Ming broke the wall of dimensionality immediately, but before crossing to the next middle world, he still took the blow from the master of the Wanwei Palace.

“Huh?” The Palace Master of Wanwei couldn’t help frowning – his attack was a bit stronger than the attack just now; however, it landed on Xu Ming without causing any more serious injuries.

“Xu Ming is rapidly becoming stronger!?”

Yes!

Xu Ming is rapidly becoming stronger!

You must know that the more powerful the “Eternal Realm” is, the faster the refining absorbs the most pure energy! In a short period of time, the power of the “Eternal Realm” was nearly twice that of the divine body!

Although, compared with Wanwei Palace Master, the gap is still very large! However, Xu Ming can continue to grow rapidly!

boom!

The Lord of Wanwei once again broke the wall of dimensions to catch up.

Xu Ming’s injury has long since recovered. The third attack of the Wanwei Palace Master caused Xu Ming to suffer even less injuries.

“It doesn’t seem to be good?” Although the Wanwei Palace Master noticed that it was not good, but there was no other way, he could only bite the bullet and continue to chase.

Run away again and again!

Break the wall of dimensions again and again!

Xu Ming traveled through one Middle World after another! Even when traveling through the middle world, he would plunder some treasures at will – after all, the “eternal world” refining and absorbing speed is getting faster and faster, if there are not enough treasures, Xu Ming is afraid that there is not enough “eat”.

The further back you go, the stronger Xu Ming becomes! The Wanwei Palace Master’s attack caused less damage to Xu Ming! Later... Although the Wanwei Palace Master still pressed Xu Ming to fight, it was hard to hurt Xu Ming!

At this time, the power of the “Eternal Realm” has exceeded the power of Xu Ming’s divine body by a thousand times! And it’s still getting stronger!

“It’s strange!” Although it was difficult to get hurt, Xu Ming continued to flee in various middle worlds, plundering a large number of treasures, and continuing to strengthen the eternal world, “Three thousand big worlds, ninety thousand middle worlds, and billions of small worlds. ?—But the Middle World I’ve passed by now has more than 100,000 seats!”

Obviously, the number of Middle Worlds is more than 90,000!

Xu Ming continues to flee! -Flee to plunder!

finally...

After chasing more than one million Middle Worlds, the Master of Wanwei finally saw Xu Ming stop: “Xu Ming, you can escape too well, right? Why don’t you continue to escape?”

Yes!

Xu Ming did not continue to escape!

Because... at this time, Xu Ming’s “eternal world” has grown to a level that is 100,000 times as powerful as the divine body! In terms of strength, Xu Ming is even stronger than Wanwei Palace Master! -Why are you running away?

However, the reason why Xu Ming stopped and couldn’t escape was because he felt that the “Eternal Realm” had reached the peak of the second major realm, and it seemed that he could not resist breaking through to the third major realm!

The second major realm is already so terrifying, what about the third major realm?

boom! !

Xu Ming was completely unable to suppress the breakthrough of the “eternal world”!

“What!?” Seeing this scene, the Wanwei Palace Master who was catching up immediately felt angry and funny, “Dare to break through in front of me? Can’t you find death?”

boom-

The Wanwei Palace Master burst out with all his strength and angered Xu Ming!

How fast is the Wanwei Palace Master? In the blink of an eye, I am afraid that I can pass through an entire middle world! However... at the moment when the Wanwei Palace Master made his move, the power of the “Eternal Realm” continued to rise!

One hundred thousand times the power of the divine body!

A million times the power of the divine body!

Tens of thousands of times the power of the divine body!

After a blink of an eye, when the attack of the Lord of the Universe arrived, the power of the “Eternal Realm” was already a hundred million times that of the divine body!

What kind of tyrannical power is this?

And it keeps climbing!

boom! !

The Wanwei Palace Master’s attack fell on Xu Ming, but not even a single particle of Xu Ming could be hurt!

“What!?” The Wanwei Palace Master was shocked—you know, at the very beginning, he could kill Xu Ming with a single blow!

“Let me come!” The magnificent voice sounded, and it was the spokesperson of the Supreme Rule—in terms of speed, the spokesperson of the Supreme Rule was naturally far inferior to the Wanwei

Hall Master; however, in terms of attack and power, it was not a level, a dimension of existence at all!

rumbling rumbling...

The giant palm that covered the sky like a cosmic sea rolled towards Xu Ming.

Xu Ming didn't seem to notice it at all!

However, the power of the "Eternal Realm" is rising even more rapidly!

A billion times the power of the divine body!

Ten billion times the power of the divine body!

One hundred billion times the power of the divine body...

The giant palm that covered the sky was shot, as if it was shot on the tip of a steel needle – it failed to shake Xu Ming, but the entire giant palm passed directly around Xu Ming; The terrifying blood hole of the size of the emperor-level universe!

"what!?"

"what!?"

"what!?"

The spokesperson of the Supreme Rule, the Master of the Wanwei Palace, and the Master of the Great Fortune Pavilion, these three supreme beings all looked at each other, unable to understand why such a powerful existence appeared under the Supreme Rule!

And Xu Ming...

The “Eternal Realm” keeps climbing and breaking through, and finally entered the third major realm – the realm of “creating something out of nothing”!

This is the realm that the Eternal Realm Venerable once envisaged, but has never reached!

Where did the three thousand great worlds, the ninety thousand middle worlds, and the billions of small worlds come from? Where does the supreme rule come from? Where does life and consciousness come from? -In the vision of Eternal World Venerable, the question of “where does it come from” can be traced back to the extreme, which is “nothing”!

nothingness!

In nothingness, there are thousands of time and space, everything, and infinity...

Therefore, in the view of Eternal World Venerable, if the will is strong enough to explore absolute nothingness, wouldn't it be possible to give birth to all things from nothingness? That is, “out of nothing”! – Of course, “creating something out of nothing” is absolutely extremely difficult, and the requirement of will is absolutely terrifying! Therefore, there is “Eternal World”, a practice method that specializes in cultivating the “heart universe”, cultivating spiritual will, and has infinite growth possibilities!

Eternal Realm Sovereign guessed it right!

In nothingness, it is possible to give birth to thousands of time and space, to give birth to all things, to give birth to infinity... When the eternal world cannot suppress the breakthrough to the third major realm, in fact, Xu Ming's will is strong enough to explore the absolute nothingness. when!

In absolute nothingness... all concepts such as time, space, matter, consciousness, etc. do not exist!

Xu Ming created things out of nothing, and there is no concept of time. It is precisely because there is no concept of time, so at the moment of Xu Ming's breakthrough, the power of the “eternal world” will be 100,000 times, a million times, A billion times, a hundred billion times soaring!

This is because Xu Ming's “Void Creation” method is not proficient enough, so it will soar so slowly!

Yes!

slow!

Looking back, Xu Ming really felt that such a soaring speed was really slow! Now...

As soon as Xu Ming thought about it, billions of universes were created from nothingness! These billions of universes have skyrocketed and evolved in an instant... Every universe is bigger than Xu Ming's hometown of the universe! Bigger than a "middle world"!

Under the control of Xu Ming, the time flow of the billions of universes is fast and slow.

The universe with a slow flow of time has just begun to give birth to murky creatures; and the universe with a fast flow of time has even appeared invincible Jiezun—these invincible Jiezun are all thinking hard, wanting to explore "Where does it come from?" No one has an answer.

Xu Ming had another thought, and the billions of universes were all annihilated and returned to nothingness.

One thought is born, and billions of universes are born. When one thought is extinguished, billions of universes are extinguished.

Xu Ming had another thought, and his divine body underwent an earth-shaking transformation—every particle of the universe was instantly transformed from a nascent universe to a holy emperor-level universe. In fact, Xu Ming could even instantly make every particle of himself stronger than a cosmic sea if he wanted to!

But it's not necessary!

Xu Ming's current strength is all based on his "will"! Whether the divine body is strong or weak will not affect his strength in the slightest; even if his body is as small and weak as a mortal in the "small world", his strength will not be weaker than the current one.

boom-

Xu Ming's majestic will spread out, breaking through the walls of many dimensions, covering the big world, covering the middle world, covering the small world... covering every inch of time and space where the supreme rules are located!

"So... these are the three thousand big worlds, ninety thousand middle worlds, and hundreds of millions of small worlds!" Xu Ming couldn't help laughing, "The power of the supreme rule is stronger than I thought!"

The Three Thousand Great World does not refer to the "three thousand" great world, but... the number of three "one thousand" multiplied together, that is, the "one billion" great world!

The 90,000 middle world is also not "90,000 seats", but the number of nine "10,000" multiplied, that is, the "trillion billion billion billion seats" middle world!

Hundreds of millions of small worlds are the number of 100 million "ten thousand" multiplied together!

What a vast space-time scale is this?

Three thousand big worlds, ninety thousand middle worlds, hundreds of millions of small worlds... Under the operation of the supreme rules, they are constantly reincarnated. And the strong Jie Zun is the ants in the reincarnation!

"Now it seems that the supreme rule is just an accident in the absolute nothingness!"

Because of an accident, in the absolute emptiness, the most obscure supreme rule was born.

Although the supreme rule is powerful, it has no clear consciousness. It just instinctively derived 3,000 big worlds, 90,000 medium worlds, and hundreds of millions of small worlds, and instinctively maintained the operation and reincarnation of so many worlds.

Because there is no self-awareness, the Supreme Rule, although very powerful by nature, cannot draw power from nothingness. It is impossible to take the initiative to go to nothingness, to create something out of nothing.

However, the Supreme Rule has an instinct, knowing “self-preservation” instinctively. Therefore, when there is something in the three thousand big worlds, ninety thousand middle worlds, and hundreds of millions of small worlds that makes the Supreme Rule feel threatened or puzzled, the Supreme Rule will obliterate it!

Such as Jie Zun.

Although in the view of Supreme Rules, Jie Zun is just an ant! However, it also worries that if left alone, these ants will eventually grow into giants and threaten themselves.

Therefore, when someone breaks through to become a world leader, the supreme rule will “remind” him: I will tell you all the secrets of this world, and then you can die in peace!

Of course, the Jie Zuns didn’t know that this was the “death reminder” sent to them by the Supreme Rules. Moreover, even if he knew, no Jie Zun wanted to die. So...there are samsara who are struggling in samsara!

It’s just that when the reincarnators are struggling, they don’t know that they have become the “lacking dogs” of the supreme rule – in order to live longer in the reincarnation, the reincarnators must collect a lot of top-level luck; To collect top-level luck, they must destroy one after another cosmic sea and stifle the uncountable powerhouses of the world!

The reincarnators help the Supreme Rule to kill the Jie Zun, and the Supreme Rule makes the reincarnators live longer... Isn’t this a deal?

However, even if this transaction is very happy, the Supreme Rule will not let the “lack” live too long; after all, the older the lackey, the more threatening the Supreme Rule! So—the more reincarnations people reincarnate, the harder it will be to get top-level luck! In the end, the acquisition speed of top-level luck can’t keep up with the consumption speed, so you can only helplessly perish in reincarnation!

Of course, there are exceptions – for example, those reincarnations who have obtained immortal luck, and the three super-dimensional powers of the Wanwei Palace Master, they can be immortal in reincarnation!

All reincarnations want to obtain immortal luck and even super-dimensional power, but they don’t know... The reincarnation of immortal fate and the three super-dimensional powers have actually been enslaved and controlled by the supreme rules and have lost their own will.

If it is said that ordinary reincarnators are the “temporary workers” among the running dogs; then, the reincarnators of immortal luck and the three super-dimensional forces are the “long-term workers” among the running dogs! It’s just that, no reincarnation will know about it! However, Xu Ming saw everything in an instant when he thought about the endless space and time controlled by the supreme rules.

As for those who are puzzled by the supreme rules and want to obliterate... such as the Eternal World Honor!

“It turns out... I am really the reincarnation of the Eternal World Venerable!”

At Xu Ming’s current state, he naturally awakened the memory of his past life easily. To be precise, it is the awakening of the memories of previous lifetimes.

The former Eternal World Venerable is actually a reincarnator who has gone through tens of thousands of reincarnations.

In the reincarnation of a certain life, the Eternal World Venerable suddenly had an epiphany and created the exercise “Eternal World”. He wanted to rely on this exercise to cultivate his will to be as powerful as exploring absolute nothingness!

In the early stage of cultivation, this practice method did not attract the attention of the Supreme Rule; however, when Eternal Realm Zun had just cultivated “Eternal Realm” to the second major realm, it was discovered by the Supreme Rule!

Of course, the supreme rules do not allow such things that make it feel puzzled and threatening, so they sent reincarnations with immortal luck to hunt them down.

At that time, although Eternal Realm Zun had cultivated “Eternal Realm” to the second major realm, and had the strength comparable to “quasi-invincible Jie Zun”; however, in the face of the pursuit of the invincible Jie Zun with immortal luck, it was naturally impossible is the opponent!

Moreover, the stronger the “Eternal Realm” is, the more terrifying its strength will be when it soars! At that time, it was impossible for the Eternal Jiezun to surpass the Invincible Jiezun in a short period of time, so he could only reluctantly enter the reincarnation!

But... even if he entered the reincarnation, the supreme rule still did not let him go! In each of the next reincarnations, the Eternal World Venerable will be hunted down by the Invincible World Venerable, and it is impossible to get rid of it; and the top-level luck accumulated on the body is constantly being consumed and becoming less and less.

finally!

When the Eternal Realm Reincarnation returned to Xu Ming's home universe, he began to make arrangements!

In the reincarnation of the Eternal Realm, he accidentally got a void ball. At that time, Eternal World Venerable didn't know what this illusory sphere was, but only knew that it had the function of shielding the supreme rules, and could even follow him through reincarnation again and again.

Therefore, the Eternal World Venerable named this nothingness sphere "Death and Life".

This name is actually the realization of the Eternal World Venerable after tens of thousands of reincarnations: under the supreme rule, nothing can exist forever, only death and eternal life! All the world, all the strong, all things, will eventually usher in death!

But now, Xu Ming knew that this treasure "death and life" that could shield the supreme rules turned out to be a trace of "absolute nothingness" in the evolution of the three thousand worlds, the ninety thousand middle worlds, and the billions of small worlds.

This trace of residue is actually a first-line opportunity under the supreme rule!

If there is no treasure "death and life", then, when Xu Ming first started to practice "eternal world", I am afraid that he will be noticed by the supreme rules, and there will be the invincible world honor with immortal luck to chase him! With Xu Ming's weak strength at that time, it was impossible to survive under the pursuit of the invincible Jiezun!

It is precisely because of the "death and life" of the treasure that Xu Ming was really discovered by the Supreme Rules until he cut off the chains of Moyuan, and he immediately dispatched the Supreme Rule spokesperson, the Master of the Wanwei Hall, and the Master of the Qiyun Pavilion. Power to hunt down Xu Ming! But now, it's too late!

In the last cosmic era, after the completion of the layout of the universe in Xu Ming's hometown, the Eternal Realm entered the cycle of reincarnation and returned to a "big world", a place called "Earth".

Not long after reincarnation on Earth, the layout of the Eternal Realm started! The "traveling" secret technique allowed Xu Ming to travel directly from the "big world" to the "middle world", avoiding reincarnation, and slipping out of the eyes of the supreme rules! —At the beginning, because of Xu Ming's words when he was playing the game, "I was struck by lightning", the lightning that knocked Xu Ming into another world was the secret treasure "Xiaohang" that Eternal Realm Zun devoted all his efforts to refining!

That is, the "invincible plug-in from another world"!

All the accumulations in the past have created Xu Ming's life like hanging in this life!

Xu Ming traveled to the world of mortals, and all the way, he became a god, a saint, a supreme, a great, and a realm!

However, after all, "Xiao Hang" must beware of the highest rules, so Xu Ming will have some restrictions when opening a hang, so he can't go against the sky! Moreover, after Xu Ming possessed the strength of a god-level Jiezun, the role of "Xiaohang" has almost disappeared – after all, Xu Ming's previous life "Eternal Jiezun" was only a quasi-invincible Jiezun during the strongest period. ; A piece of exotic treasure left over, it is very perverted to be able to kill Qiling-level Jiezun in seconds. Naturally, it is impossible to deal with god-level Jiezun and Supreme Jiezun!

"Supreme rule..." Xu Ming's eyes fell on the body of the supreme rule. Hundreds of millions of dimensions could not block his sight.

At this time, the supreme rule was trembling a little.

The Supreme Rule has no self-awareness, only some simple instincts—instincts let him know that this Xu Ming is an existence that it cannot provoke! Therefore, the supreme rule is afraid!

Although the Supreme Rule is inherently powerful, it cannot draw strength from nothingness and cannot continue to become stronger.

And Xu Ming, although it doesn't seem to be as powerful as the Supreme Rule, but Xu Ming can create things out of nothing and create things out of nothing. With a single thought, he can create a time and space that is more vast than three thousand big worlds, ninety thousand medium worlds, and billions of small worlds. Matter; of course, it can also become a million times more powerful than the supreme rule in a single thought!

The Supreme Rule and Xu Ming are the absolute difference in realm!

Even... as long as Xu Ming is willing, the supreme rule can be returned to nothingness in a single thought, and thousands of supreme rules can be created in a single thought! You can also reverse time and space, control the past and the future!

When the will is strong enough to "create nothingness", Xu Ming is already omnipotent!

Past, present, future, time and space, matter, consciousness, luck, cause and effect... everything lost its meaning in Xu Ming!

Xu Ming's will is the reason why everything exists!

The birth and death of a single thought by Xu Ming is the birth and death of all things!

only...

Xu Ming couldn't help but look at the absolute nothingness: "The creation of nothingness There is nothing out of nothing, and thousands of worlds are created! Then..."Nothing", where does it come from?"
