

A World 251

Chapter 251: , Big Palm

After a while, Xu Ming and Gu Kongshan returned to the Wilderness Sect.

boom!

The sect-guardian formation of the Wilderness Sect opened with a bang.

But this time, Gu Kongshan unreservedly urged the formation. The mighty force of nature converges, causing the whole world to be turbulent and change its color!

“This... is the power that belongs to the perfection of the spiritual realm!”

Feeling the majestic power of the great formation, Gu Kongshan felt a little more confident.

“Although the spiritual realm is complete, it is divided into three, six, and nine levels, and the difference in strength is huge. But with this great formation, I should be able to fight Ao Wanya a little bit!”

“Sect Master...” It was also the first time Xu Ming saw the Great Array of Protecting Sect really show his power.

Facing the great formation at this time, Xu Ming almost had the illusion of facing the whole world.

“Even if I burst out with all my strength, I would be easily suppressed by the great formation... It seems that among the ancestors of our Wilderness Sect, there are really super masters with extraordinary strength; otherwise, such a great formation would not be possible at all!”

There was a commotion in the Wilderness Sect.

“What’s the matter, why is the Protector’s Formation activated again?”

“Is there another enemy attacking?”

“Could it be the remnants of the hidden killing sect? It doesn’t make sense... Don’t care, brothers, **** the guy first!”

...

The Savage Sect warriors all rushed out, only to see their Sect Master, and Xu Ming, looking at the sky in the distance with a solemn expression.

“Um?”

The eyes of the martial arts masters are naturally extremely sharp. Immediately, everyone discovered two figures suspended high in the sky dozens of miles away.

“Can fly!?”

“It’s a spiritual monk!”

“Don’t Brother Ming have the strength close to the middle stage of the spiritual realm, why does the suzerain still open the great formation of protecting the sect? Is the opponent stronger than Brother Ming?”

“Can there be someone in the world who is stronger than Brother Ming?” The brain-damaged fan who said this has been poisoned to the point of death.

“Hey, have you noticed that this time the guardian formation is very different!”

“Yeah yeah!”

“I thought I was the only one who discovered it, so you all feel the same way!”

“I feel that if the former guardian formation was like a stream, then the current guardian formation is like an ocean!”

“Indeed, I feel the same way! – Such a vast energy, a little drop, is enough to make me ashes!”

The savage warriors were all surprised.

“Unexpectedly, our Savage Sect still hides such a secret!”

“The sect master is also true. With such a trump card, why don’t you use it directly when dealing with the Hidden Killing Sect? It makes me nervous!”

“You’re stupid! What’s a trump card? If you use it casually, can you call it a trump card? – Besides, with a power like the Hidden Killing Sect, as soon as our brother Ming makes a move, wouldn’t he immediately capture it? Do you still need to use this trump card? ”

“Yes! But...then why are you using your hole cards now?”

Everyone was startled – yes! So why use the trump card now? Is it...

The opponent is strong! ?

...

In the sky dozens of miles away, Ao Wanya watched all this happen with disdain, and did not try to stop it. When he saw the powerful guardian formation of the Wilderness Sect, he was slightly surprised—of course, it was just a “weiwei accident”.

“Some famous! But, want to stop me?...Still too naive!” Ao Wanya could see at a glance that this great formation had the power comparable to the perfection of the spiritual realm.

“Kiss!” Ao Wanya said coldly, “I only catch the murderer, Xu Ming, don’t stop me! Otherwise, let’s go to war!”

The owl kiss's face was not very good-looking, but after weighing it, he said: "Okay! – Only Xu Ming is limited to one, if you dare to touch other people, my blood sword has not been drinking blood for a long time!"

"Humph!"

Ao Wanya snorted coldly.

Then, he opened his right hand – it was a palm as white as a girl.

Ao Wanya raised his hand.

boom!

Immediately, a palm that was dozens of miles in size and composed of the power of nature condensed directly above the Wilderness Sect. Even the entire sky above the Wilderness Sect was covered by this big palm.

Every pattern on the huge palm is clearly visible.

"what!"

"This is!?"

Seeing the sudden appearance of a huge palm covering the sky above the head, some savage warriors with poor willpower were so frightened that they fell directly to the ground.

"terrible!"

The barbarian sect warriors have never seen such a scene!

Gu Kongshan's face also turned blue: "It is said that powerful spiritual monks are mythical beings, and they are true..."

Under the spiritual realm, all are ordinary realms.

Gu Kongshan has just transcended the mortal realm and stepped into the spiritual realm. He is only the weakest villain in the spiritual realm. Naturally, he cannot understand the incredible means of spiritual realm powers like Ao Wanya and Chi Kiss!

“Block it! Be sure to block it!”

Gu Kongshan’s heart tensed.

To be honest, seeing such a terrifying method that has only been seen in the mythological records, Gu Kongshan has no confidence in the Protector Array.

Gu Kongshan had no way of judging whether the Great Protector Array could block the attack of this terrifying giant palm, and could only pray.

rumbling...

Ao Wanya’s white palm pressed down, and the giant palm transformed by the power of nature also pressed down together.

boom! !

The moment the palm of the hand was pressed on the Protector’s Great Array, countless cracks appeared in the entire Protector’s Great Array.

“puff!!”

Gu Kongshan gushed out a mouthful of old blood, and his whole body was paralyzed weakly, his complexion as pale as paper—a big backlash was simply not something that a mere newcomer to the spiritual realm could resist.

“Father!!” Gu Hanmo exclaimed and rushed over desperately.

And this time...

boom! ! !

The guardian formation, which gathered the might of the whole world, collapsed and destroyed directly.

“Protecting...the great formation of protecting the sect...” Gu Kongshan felt that the foundation of the great formation of protecting the sect was directly destroyed!

“Pfft!” Gu Kongshan, who couldn’t accept such a blow, spat out another mouthful of old blood.

“Why...why is Ao Wanya so strong...” Gu Kongshan and Xu Ming were completely powerless.

The great formation of protecting the sect has the power of spiritual perfection; but under Ao Wanya’s hands, he can’t even hold an attack!

“Ao Wanya, is it really just a complete spiritual realm? Not stepping into a higher realm?”

Although, UU reading [www.uukanshu](http://www.uukanshu.com). Even if they are both in the same spiritual realm, there can be a huge difference in strength; but Gu Kongshan still can’t imagine why Ao Wanya is so strong.

“Father...” Gu Hanmo rushed up and hugged his father.

Gu Kongshan was weak: “Dad is fine.”

Gu Kongshan is really not serious, although the injury is not minor, it does not damage the foundation; as long as he takes good care of his life, he will soon recover.

However, someone has something to do—

“Xu Ming! Stop struggling!” Ao Wanya’s icy voice resounded throughout the world.

The giant palm of the power of nature tens of miles in size quickly shrank, and within a few breaths, it shrank to the size of a zhang. Then, he suddenly pinched Xu Ming and dragged him out.

Xu Ming has no resistance!

“No!!” Gu Hanmo could only howl in pain.

Chapter 252: , Another World Invincible Plug-In Version 2.0!

?The big hand formed by the force of nature dragged Xu Ming to Ao Wanya’s side, and restrained Xu Ming so tightly that he couldn’t even move.

“what!!”

Xu Ming struggled with all his might, but his pitiful strength was like a mayfly shaking a tree, and he couldn’t shake it at all.

“Stealth!”

Xu Ming’s figure disappeared directly from the field of vision of the Savage Sect warriors.

Many warriors were startled: “Xu Ming is gone...”

But he immediately reacted—isn’t this Xu Ming’s elusive secret technique?

“Will this secret technique be useful in front of Ao Wanya?” Everyone was worried.

“It’s useful! It must be useful!” His tone was firm, but he didn’t know anything about it.

Does it really work?

Every Savage Sect martial artist knows that “useful” is just an extravagant hope for them—even that silent night could see through Xu Ming’s invisibility; wouldn’t Ao Wanya see through?

Sure enough, Ao Wanya was not surprised at all, just looked at Xu Ming who was invisible with interest: “This secret technique is somewhat interesting, and I don’t know how to hide the figure in the air... However, I want to rely on it. This trick escapes, you are still far away!”

“Invisibility is really useless!”

Xu Ming also held the mentality of “a dead horse is a living horse doctor”, so he used the stealth technique and wanted to try it.

“Xiaohang, is there any way for me to escape?” Xu Ming had no choice but to ask Xiaohang for help.

Xiaohang quickly calculated all possibilities.

Soon, the calculation results came out, and all possibilities pointed to – the strength gap is too large, there is no way!

“I’m going!” Although he had expected it, Xu Ming couldn’t help being disappointed.

Xu Ming’s current feeling is like when he was playing a game, he was using a plug-in and happily slashing at mobs. Then suddenly, an invincible super boss appeared...

Moreover, this super boss also caught Xu Ming.

“Could it be... my open life is about to end like this...?”

die?

Xu Ming is not reconciled!

Unfortunately, he has only seen the tip of the iceberg in this vast and splendid world!

What's not reconciled is that he still has many, many worries – a lover like Gu Hanmo, brothers and friends like Sun Ji and Wen Shuai, and the brain-dead fans of the Palm God Alliance...

Xu Ming has actually “died” once. To be honest, his fear of death is not that deep. But if you die like this...

Really not reconciled!

But what's the use of being unwilling?

The strength is not as good as that of people, and it is completely suppressed by people. No matter how unwilling it is, there is no resistance!

“Zhuang Zhuang!” Gu Kongshan, who was so seriously injured that it was difficult for him to stand, unexpectedly swayed and forcibly flew into the air with his strength, “I also ask you to rescue Xu Ming, I am willing to pay any price!”

“All the price?” Ao Wanya sneered, “What kind of price can a small sect pay? – Chi kiss, I won't stay! This kid dares to kill my son and grandson, even if I use my soul Forbidden arts torture him for hundreds of years, but it is not enough to relieve the hatred in my heart!”

The owl kiss didn't mean to take action at all, but looked at Xu Ming with a slight sympathy.

“Ao Wanya is quite accomplished in the soul. If he is tortured for a hundred years and a thousand years by his forbidden soul technique, it will really be more painful than dying tens of thousands of times!”

Death is not scary!

This world is full of killing; today I will kill you, tomorrow you will kill me, every level of martial artist is already used to this kind of thing.

Being tortured so hard that you can't die even if you want to die, this is really terrifying!

“Zhuang Zhuangzhu!” Gu Kongshan shouted eagerly.

The owl kiss shook his head and said: “Kongshan, be sensible! This matter, so far, is good for my Lanting Villa and your Wilderness Sect!”

The kiss said it very objectively – if he really fought Ao Wanya to the death, if nothing else, just the Wilderness Sect would have suffered heavy casualties first!

Gu Kongshan certainly understood this truth, but he was unwilling to accept this reality.

“Jie Jie Jie...” Ao Wanya smiled strangely, “The owl kissing village owner really can stretch and bend!—Let’s go!”

Ao Wanya bound Xu Ming with the power of nature, and with a flash, he turned into a black spot in the distant sky.

“Ao Wanya!” The sound of the owl kiss sounded directly in Ao Wanya’s mind, “Don’t forget to promise me that you are not allowed to trouble the Savage Sect again! Otherwise, I will kill Wanya Pavilion!”

“Jie Jie, don’t worry!” Ao Wanya replied with a strange smile, “I’m just a barbarian sect, I don’t have any interest!”

“puff!”

Gu Kongshan was in a hurry to attack his heart, coupled with the overdraft of his energy and spirit, he spurted blood for the third time, fell into a faint, and fell from the air.

“Hey...” Chi Kiss gently shook his head, and controlled a force of nature casually to send Gu Kongshan smoothly to the ground.

“I should go too...”

It would be meaningless to keep the owl kiss. He had already kept the Wilderness Sect that had to be kept; it wasn’t Xu Ming who had to be kept, and he didn’t need to go all out to keep it.

Before leaving, Chi Kiss glanced at Gu Hanmo.

There were still tears on Gu Hanmo's face; and her eyes were completely dull.

"Xu Ming... was taken away by the pavilion master of Wanya Pavilion..."

Gu Hanmo suddenly felt that the whole world had lost its luster.

Moreover, her father, Gu Kongshan, was seriously injured and fainted at this time; this was undoubtedly an even worse blow to Gu Hanmo!

"Since ancient times, there have been many troubles in the beauty..." Chi Kiss secretly sighed and floated away.

...

Above the endless sky.

Ao Wanya bound Xu Ming, and after a while, he flew out of the thousands of miles.

"This speed is really terrifying. I'm afraid it is a hundred times faster than mine..." Xu Ming was shocked.

If Xu Ming burst out with all his strength, he could rush out for several miles in one breath. In other words, Ao Wanya is hundreds of miles in one breath?

What a terrible speed this is!

No wonder it is said that a powerful spiritual cultivator is a mythical existence!

However... even in the face of such an opponent, Xu Ming would not give up his resistance.

"perhaps..."

Xu Ming suddenly thought of a place, that might be his only life-saver – the fog and rain ship!

“If I trick Ao Wanya into the Wuyu Ship, I don’t know if it will be feasible...”

However, there are two problems with this plan: First, how can Ao Wanya be deceived; second, can the “Xiao Huang” in the Wuyu ship beat Ao Wanya?

Xu Ming didn’t know how strong Xiao Huang was or how strong Ao Wanya was, so after thinking about it, there was no conclusion.

“If I lead Ao Wanya to the Wuyu Ship~www.readwn.com~, Xiao Huang can’t beat him...” Xu Ming thought of this possibility, “Wouldn’t I be completely dumbfounded then? I even gave it away. Ao Wanya is a great opportunity!”

Without complete certainty, Xu Ming really didn’t dare to take Ao Wanya to Wuyu Ship casually.

“But, apart from the Wuyu Ship, I can’t think of any vitality!”

Xu Ming’s thoughts struggled fiercely.

Bringing Ao Wanya to Wuyu Ship is a big gamble!

If you win the bet, you are a bull! If you lose the bet, you will be a fool, and you will be fooled by Xiao Huang and other artifact spirits in the fog and rain ship.

Just as Xu Ming hesitated, suddenly—

“The ‘Invincible Plug-in’ is already in an upgradeable state! Current version: version 1.0. Latest version: version 2.0! In this upgrade, the plug-in function has been greatly changed and updated, and the bugs found during the operation of version 1.0 have been repaired. bug—do you want to perform the upgrade now?”

Chapter 253: ,New Version

? “Do you want to perform the upgrade now?”

Xu Ming was like a drowning person, suddenly caught a straw: “The plug-in version 2.0? I rely on it, it’s really time to upgrade! -Upgrade! Of course upgrade! Upgrade now!”

Xiaohang’s voice sounded: “Instruction received! The plug-in version update and upgrade has started! This update and upgrade is expected to last for a quarter of an hour; during this period, the host cannot use all the functions of the plug-in, and the gain effects that are being turned on on the body are all removed.”

“A quarter of an hour...” Xu Ming is now a fish on the chopping block anyway, and it doesn’t matter how long it will take to upgrade the plug-in, “If only after the plug-in upgrade, you can directly give me the function of ‘seconds, seconds, seconds, seconds’! Ah! Yes, I immediately beat Ao Wanya!”

Of course Xu Ming knew that this was impossible!

Xu Ming only expects that when the time comes, he will be able to use some practical life-saving functions to allow himself to escape from life smoothly, then he will be satisfied.

“Boy, you are very calm!” Ao Wanya saw that Xu Ming was still calm and didn’t panic at all, so she couldn’t help but sneer, “I hope that after you enter my ‘evil spirit cage’, you can still be like now. So calm!”

Ao Wanya is quite accomplished in the aspect of soul, and he even made an “Evil Spirit Cage” to detain people and torture their souls!

Moreover, the most frightening thing is that while the evil spirit cage tortures the soul, it will nourish the body and soul, so that the tortured person can’t die if they want to die, and they will be tortured until the end of their lifespan!

Entering the cage of evil spirits is more terrifying than going to hell!

“Evil spirit cage?” Xu Ming did not speak.

A quarter of an hour is not a long time, but Ao Wanya has already flown hundreds of thousands of miles in full flight.

After being silent for a quarter of an hour, Xiaohang finally spoke again: “The Invincible Plug-in Version 2.0 of the Otherworld, the update and upgrade are complete!”

Xu Ming suddenly had the urge to burst into tears: “Finally, the upgrade is complete... The baby is waiting so anxiously!”

“Would you like to see a comparison of the old and new versions now?”

“Check! Check now!” Xu Ming couldn’t wait.

A lot of words appeared in Xu Ming’s mind.

The first is a functional review of the old version 1.0.

“The Otherworld invincible plug-in version 1.0 has the following functions:

Basic functions: offline training, perfect combat, and exploration.

Advanced functions: artifact store, stealth, double attack, double defense, acceleration.

The second stage of advanced function (hidden function): super perfect combat, rejuvenation, second learning, forced leveling.

High-end features: teleportation, energy shield, clone...

Super functions: independent space, infinite clone, time suspension, infinite blue, attribute modification, forced slavery...

Abnormal functions: infinite resurrection, time travel, invincibility, spike, copy...

Super perverted function: seconds to day, seconds to seconds of air, to take over the universe. ”

Then, in Xu Ming’s mind, he listed a series of functions of the new version 2.0, so that Xu Ming could compare with each other.

“The Otherworld Invincible Plug-in Version 2.0 is divided into eight categories: free function, primary VIP function, intermediate VIP function, advanced VIP function, exclusive VIP function, super function, abnormal function, and super abnormal function.”

Then comes the details:

“Free function: Offline hang-up training, perfect battle.

Primary VIP functions: artifact store, exploration, three-hanging package (double attack, double defense, accelerated fusion into one), rejuvenation.

Intermediate VIP function: super perfect battle, learn in seconds, forcibly level up, and be empowered.

Advanced VIP features: leapfrog combat bonus, coordinate positioning, absolute stealth, protagonist halo, absorbing, epiphany mode, camouflage.

Exclusive VIP functions: IQ crushing, suppression seal, soul possession, clone, teleportation, energy shield, independent space...

Super functions: infinite clone, time suspension, infinite blue, attribute modification, forced slavery...

Abnormal functions: infinite resurrection, time travel, invincibility, spike, copy...

Super perverted function: Second day, second, second air, take over the universe.

The current highest authority of the host is: Advanced VIP function.

More and more powerful, more perverted, more inhumane, more tragic functions, please look forward to the plug-in version 3.0. ”

A large series of new functions made Xu Ming dazzled.

“Daigo empowerment... what is it?”

“Leaps-level combat bonus... What is it?”

“Absolute stealth... What’s the difference between ‘stealth’?”

Although he was in a hurry, he couldn’t eat hot tofu in such a hurry. Xu Ming went down one by one, and did not dare to miss a message.

“Offline training: No matter when and where the host does anything, the cultivation base will automatically increase; the specific consumption point depends on the host’s current cultivation base. This function is now ‘free for a limited time’, and the host can use it for free. ”

“Perfect Battle: The host’s battle status is always at its peak. This feature is ‘permanently free’ and is now enabled by default.”

“Artifact store: You can buy almost all treasures (except special items). At present, level 1, 2, and 3 artifact stores have been opened, and you can buy condensate-level treasures at most.”

“Exploration: Explore all information. Depending on the difficulty of the exploration, different numbers of hanging points are consumed.”

“Three hanging package: integrates three kinds of plug-ins: double attack, double defense, and acceleration! ‘Three hanging’ only charges the fee of ‘one hanging’, you are not deceived, you deserve it! This function is divided into multiple levels, each level is open The calculation formula of the required hanging point is: the ‘theoretical hanging point’ required for the current repair to be offline for one day × the ‘open hanging coefficient’ of each level.”

Theoretical hanging point, that is, the hanging point required for normal opening and hanging.

Although the offline hang-up function is now available for free for a limited time, the “theoretical hang-up point” has not changed; for example, Xu Ming is currently in the middle stage of condensing pills, and the theoretical hang-up point of offline hang-up for one day is 30:00 level 3 hang-up point.

“Opening factor?”

Xu Ming glanced slightly, and the opening factor of the first-level “three-hanging package” was “10”.

Keep looking down.

“Rejuvenation: Healing injuries and restoring energy and spirit; the consumption of hanging points depends on the strength of the person being treated. The fly in the ointment is that it is only effective for the ‘mortal realm’, and the effect is average for the ‘spiritual realm’ and above.”

Under the spiritual realm, all are ordinary realms.

That is to say, from external training, internal training, until the condensed pill is complete, half-step spiritual realm, it is considered “mortal realm”.

Beyond the mortal realm, one can step into the spiritual realm.

“Super perfect battle: Double the all-round combat power! This function cannot be enabled in a stack! The current opening coefficient: 1000.”

Xu Ming found that the plug-in version 2.0 not only added many new functions, but also some old functions are not the same as the original ones.

Just like this “Super Perfect Battle~www.readwn.com~”, the original effect is: random access to a higher realm, and it can be superimposed to open.

However, the super-perfect battle of version 1.0 can only help the host to obtain nine artistic conceptions at the most—nine types of artistic conceptions, each of which is a bit.

No matter how high the realm is, it cannot be obtained! Just like Xu Ming wanted to start level 10 “super perfect battle”, Xiaohang told him that he couldn’t start it, and level 9 reached the top.

Now that the plug-in has been upgraded, the “Super Perfect Combat” function has been updated, and the effect of opening and hanging is naturally better.

“Second learning: learn all the exercises and secret skills in an instant. The cost of hanging points depends on the difficulty of the exercises and secret skills, as well as the host’s current cultivation level.”

“Forcibly level up: Forcibly break through to the next level! The consumption of hanging points is equivalent to one hundred times the [full hanging point] required for the current cultivation base to hang up offline!”

Learning in seconds and forcibly rushing to grades have not changed at all.

Finally, Xu Ming read the differences between the old functions and saw the new functions:

“Daigo empowerment...”

Chapter 254: ,Ambush

? “Daigo empowerment: help others and forcibly improve their cultivation. The consumption point depends on the cultivation of the person being promoted.”

“Leaps-level combat bonus: When the opponent’s cultivation base or realm is higher than his own, the all-round combat power is doubled! This function can be activated by stacking.”

“Coordinate positioning: The host can set space coordinate points for space teleportation. Up to three space coordinate points can be set for the current revision.”

“Absolute stealth: After entering the stealth state, physical attacks are ignored. Moreover, if the host is in a stationary state, it will enter the absolute stealth state. At this time, no means can break the stealth effect, and any attack is invalid to the host.”

“Protagonist Halo: Improve the luck and status of the host and allies, and reduce the enemy’s luck and status.”

“Drain: During the battle, you can learn the mystery of the opponent’s artistic conception.”

“Epiphany Mode: After this function is turned on, within 12 hours, you will enter the epiphany mode when you comprehend the mood.”

“Pretend: You can pretend to be anyone.”

...

After reading a bunch of introductions, Xu Ming finally fixed his eyes on “absolute stealth”.

Xu Ming is being carried by Ao Wanya to fly. Of course, it is not a static state. Therefore, even if he uses absolute stealth, he can only have the effect of ordinary stealth, and cannot activate the “absolute stealth” effect.

but...

Xu Ming is not in a hurry, Ao Wanya will stop sooner or later. As long as he was in a still state, Xu Ming would immediately turn on absolute stealth; then, Ao Wanya would have nothing to do with him.

“Unfortunately, I can only use the advanced vip function at the most, and I can’t use the exclusive vip function. If I can use the teleport in the exclusive vip function, I can escape now...”

Insufficient authority, Xu Ming is also very helpless.

But anyway, now I have the confidence to save my life, at least I don’t have to worry about my life.

Xu Ming, who had nothing to do, even had time to think about other more advanced functions.

“Hey – ‘IQ crushing’, what function is this?” Xu Ming was a little curious.

However, “IQ crushing” is in the exclusive vip function; Xu Ming can only see a name, but he can’t see the detailed information.

“Other functions, such as clone and teleportation, I can probably guess. But this function, I really can’t guess at all!”

...

Ao Wanya’s flight speed was unbelievably fast. With every breath, hundreds of miles can be swept away.

Such a speed is comparable to the passing of a meteor, but Ao Wanya did not cause any air storms – as long as the warrior reaches the realm of unity between heaven and man, he can merge into the world and is no longer affected by air resistance.

At this time, Xu Ming became more and more calm.

“Waiting for Wanya Pavilion, and then I suddenly disappeared. I don’t know what his expression will be, hehe...”

Xu Ming was looking forward to it.

Neither Ao Wanya nor Xu Ming knew that about 300,000 miles in front of them, there were four super experts who had joined forces to lay a huge trap.

Among these four super masters, there is a white and pure figure of Yu Fan Lunjin, which Xu Ming has seen before – it was the elder Yu Mo that he saw when he communicated with the water curtain of Lanting Villa before!

At this time, Elder Yu Mo, who has always been calm and calm, was full of murderous aura.

“Yu Mo, are you sure that Ao Wanya will pass by here?” the woman in red asked “mercilessly”.

Yu Mo held a feather fan in his hand: “Not sure! The possibility of only passing through here is not small!”

Another monk with clear eyebrows sighed softly: “Yu Mo, it’s been so long, you still can’t forget it...”

Yu Mo looked at the monk and said, “Deputy Master of Reiki, how can you tell me to forget Xiyang’s death?”

The cold voice in black, who had not spoken, suddenly said: “There is a master flying over here, and the speed is extremely fast!”

Yu Mo’s spirit was shocked: “It’s probably Ao Wanya, hide it!”

After a while...

Ao Wanya took Xu Ming and flew over the heads of the four Yu Mo without noticing.

“Sure enough, it’s Ao Wanya!” In the depths of Yu Mo’s eyes, terrifying hatred erupted.

boom! !

A huge trapped formation covering a range of hundreds of miles rose up in vain. The entire sky was wrapped in a trapped formation.

Ao Wanya’s expression changed: “Someone ambushing me!”

call out! call out! call out! call out!

Four different attacks came from four directions.

“I’m going!” Xu Ming looked terrified.

In the face of these four attacks, he almost felt like facing the giant hand that covered the sky just now.

With such an attack coming, even if the aftermath was only a little bit, Xu Ming wasn't directly bombarded to the point where there was no **** left?

"Nima, shouldn't I just hang up like this?" Xu Ming was very painful.

The plug-in has just been upgraded to version 2.0, and it is about to hang before it has time to enjoy it?

Fortunately, Ao Wanya didn't seem to want Xu Ming to die so easily. When the attack came, he directly threw Xu Ming to the ground, and then he flew upwards himself.

boom!

The four attacks hit the spot where Ao Wanya was just now, but failed to hurt Ao Wanya.

At this time, Ao Wanya also discovered the sneak attack: "Reiki, Yumo, Deadly, Ruthless, the four of you think that your life is too long, and you dare to ambush and attack me?"

"Stop talking nonsense, Ao Wanya! Today, this is your burial place!" Yu Mo rushed up first.

"Yu Mo, hate me so much? It's useless!" Ao Wanya snorted coldly, "Don't tell me the four of you both have a perfect spiritual realm and the gap in strength is huge? – Even if the four of you add up, it's not the same. My opponent's!"

"Speak nonsense!" The deputy owner of Lanting Villa also killed the aura.

Deadly, ruthlessly followed.

"This is...?" Xu Ming fell to the ground and stared blankly at the battle in the sky, "Someone ambushed Ao Wanya? It seems like someone from Lanting Villa?"

boom! boom! boom! boom! boom! boom! ...

Clashes in the sky continue.

The sound of the collision, like the sound of dense thunder, made Xu Ming's ears tremble.

How fast is the speed of a perfect spiritual master! Even Xu Ming could not see the battle in the sky at all.

In one breath, the two sides have already fought hundreds, thousands of times!

boom!

Suddenly, a terrifying force erupted from Ao Wanya, like the wrath of a heavenly earthquake.

The four Yu Mo were forced to retreat.

“Hahahahaha...” Ao Wanya laughed arrogantly, “Just the four of you dare to smack me? Today, you all stay here... Hahahaha, Lanting Villa lost four spiritual realms in one fell swoop. , it should be very distressing!”

The Reiki monk looked at Ao Wanya in disbelief: “You...you broke through?”

“Although I haven't made a breakthrough, I have already stepped out with one foot!” Ao Wanya has a proud face – breaking through the spiritual realm and stepping into a higher realm, no one in Lanting Villa and Wanya Pavilion can do it! And he is about to touch that realm!

The expressions of Reiki and Yu Mo changed.

“withdraw!!”

Yu Mo was even more painful: “Xiyan, I still can't avenge you...”

Xiyan, Yu Mo's lover, was hit hard by Ao Wanya during a conflict between Lanting Villa and Wanya Pavilion, and then fell. Yu Mo has been deeply blaming herself for this, blaming herself for not protecting Xiyan well, and even the whole person has been silent since then, and she has lived in seclusion for a long time, not asking about world affairs.

"Want to leave!?" Ao Wanya sneered, "Since you're here, just stay!"

The four of Yu Mo fled wildly, while Ao Wanya chased wildly from behind, and even shot and injured Yu Mo.

However, when the four escaped to the wall of the big formation ~www.readwn.com~ the big formation did not stop them, and let them pass through. But when Ao Wanya chased here, the huge trapped formation showed its power again.

"Depend on!"

Ao Wanya cursed bitterly, and then a series of attacks slammed into the great formation.

However, when he finally broke through the great formation, how could he still see the shadows of Yu Mo and others.

"Damn, let them run away!"

Everyone ran away, so naturally Ao Wanya had no choice but to turn around angrily, preparing to recapture Xu Ming and return to Wanya Pavilion.

only...

When he turned around, what Ao Wanya saw was nothing.

Xu Ming, disappeared out of thin air!

"What about people!?"

Ao Wanya's eyes suddenly widened.

Chapter 255: , Just Don'T Go Out

?Ao Wanya's eyes suddenly widened.

"It's obviously here, he can't slip under my nose!"

But the question is, what about Xu Mingren?

Ao Wanya's mental power spread like a spider web, instantly covering a hundred miles. Even underground, he couldn't escape his detection.

But!

There is no trace of Xu Ming!

"It's impossible!" Ao Wanya didn't believe in evil.

Not to mention Xu Ming, even if the spiritual realm is complete, it is extremely difficult to escape from his hands! Just like Yu Mo and other four masters, if it wasn't for a trapped formation, I'm afraid one or two of them would stay here today.

Does Xu Ming want to slip away from Ao Wanya quietly?

impossible!

But now, the impossible has happened!

Ao Wanya spread out his mental power and searched the surrounding area for thousands of miles. He searched the entire thousand-mile range, the sky and the ground!

Still no trace of Xu Ming!

Xu Ming seemed to have suddenly evaporated.

“Where are people? Where are people? Where are people? Where are people?” Ao Wanya was completely bewildered, because he couldn’t understand what the situation was.

Xu Ming, who was in the state of “absolute stealth”, let out a long sigh of relief.

“Absolute invisibility is really useful! This Ao Wanya really can’t find my existence!”

Now, Xu Ming finally has no worries about his life.

“The strength of this Ao Wanya is really too strong!” Xu Ming still has some lingering fears, “I am just an ant in front of him, and I have no resistance at all!”

Xu Ming’s current feeling is like a foreign martial artist who wants to kill him when he encounters a master of condensing pills – how to resist?

“but...”

Of course Xu Ming would not be frightened: “This Ao Wanya is a perfect spiritual realm, and I heard that it seems to be about to break through to a higher realm! – Hmph, now I can match the middle stage of the spiritual realm, reaching his level, or even surpassing it. He is not so far away!”

But Xu Ming also knew that he might have to endure for a while.

In the spiritual realm, the strength varies greatly.

It is like the mortal realm, including the four realms of external training, internal training, innate, and condensing pills. Although the division of the realm in the spiritual realm is not as finely divided as in the mortal realm, the gap between the initial stage of the spiritual realm and the consummation of the spiritual realm is no smaller than the gap between external training and condensing pills!

“Hehe, this idiot is so eager to find it!” Xu Ming laughed secretly.

Xu Ming saw that Ao Wanya was jumping up and down like a headless fly. He searched here and there in disbelief, but he couldn't find anything.

Even once, Ao Wanya passed through Xu Ming, but still did not find Xu Ming.

After searching back and forth several times, Ao Wanya seemed to have really given up. He sighed heavily, shook his head, and flew away unwillingly.

"Let's go!" Xu Ming's eyes lit up.

If Ao Wanya is gone, then he will be safe.

Just as Xu Ming was about to come out of the state of absolute invisibility, he suddenly felt a warning sign in his heart: "Is this Ao Wanya not really leaving, but hiding in a corner and peeping at me?"

Xu Ming's strength is much weaker than that of Ao Wanya, and even if he is peeped, it may be difficult to detect.

"I can't go out now, just wait!"

Xu Ming's caution was right.

Sure enough, after a while, Ao Wanya ran back again.

Ao Wanya, who turned back, still couldn't find Xu Ming, so he shook his head again and flew away again.

"It should be safe now, right?"

However, Xu Ming still did not dare to come out.

“Now, Ao Wanya can’t be sure if I’m still here, so even if he hides nearby, he won’t stay there for a long time. However, if he finds me here, I’m afraid he will squat me to death. -Be careful sailing the ship for ten thousand years, I just don’t show my face! I want to see who has the best patience!”

Xu Ming made up his mind!

stay home!

Just don’t go out!

Even if Ao Wanya is really gone now, he will not go out!

“It’s boring to sit still, why don’t you think of a way to improve your strength first!”

Xu Ming pondered the new function of the plug-in: “This epiphany mode seems to be specially used for cultivation! Once it is turned on, then you can enter the state of epiphany when you comprehend the mood!”

“Would you like to... try?”

Xu Ming has not yet mastered any mood!

Before the plug-in upgrade, Xu Ming could still rely on the super-perfect battle to borrow some artistic conception. Now that the plug-in has been upgraded, the artistic conception borrowed by Xu Ming has been removed, and the effect of the new version of the super perfect battle is different. Xu Ming can no longer borrow the artistic conception.

What if I can’t borrow it?

Then figure it out for yourself!

Xu Ming looked at the opening and hanging coefficient of the epiphany mode: “The opening and hanging coefficient is 1000? – I wipe it, it is really expensive to open an epiphany!”

Xu Ming's "theoretical hanging point" for one day's offline hang-up is 30:00 level 3 hanging point, and the hanging coefficient is 1000. That is to say, he will spend 30,000 level 3 hanging point to open an epiphany!

Once opened, it would cost 1% of Xu Ming's level 3 hanging point!

"Open!" Xu Ming did not hesitate.

Hanging point, of course, it is best to use it for strength!

"By the way, Xiaohang, if it's time for me to be invisible, and I'm still in the epiphany, you can help me continue automatically!"

At the same time, the "Epiphany Mode" is activated.

Xu Ming suddenly felt that his mind suddenly became very clear. Even before he had time to sink his heart to comprehend, there were already all kinds of mysteries about artistic conception that began to emerge in his mind.

"This is the state of epiphany? I rely on it, how fast is it to comprehend the mood in this state!"

Without thanking him, Xu Ming plunged into the vast ocean of artistic conception and began to swim in the ocean of artistic conception.

"This is... a heavy artistic conception? Is it a kind of artistic conception like gravity?"

"Huh—this is 'Fast Artistic Conception'? Speed Conceptualization or something?"

...

The heavy artistic conception and the happy artistic conception are all the artistic conceptions that Xu Ming borrowed from the previous perfect battle. Because he experienced it personally once, Xu Ming now understands it, like an old driver on the road, familiar with it.

After half an hour...

“Finally realized the first trace of artistic conception!”

The first artistic conception that Xu Ming really understood and mastered was not a heavy artistic conception, nor a happy artistic conception, but a burning artistic conception.

“This mood is really hard to understand! It took me half an hour to realize a little bit!”

If Xu Ming’s words were heard by other warriors, he would be so angry that he wanted to slap him to death with a brick – he realized a trace of artistic conception in half an hour~www.readwn.com~ Do you still think it is difficult? I rely on it, then I haven’t realized it for half my life, is there no need to live?

You must know that the vast majority of condensing pill martial artists will not be able to comprehend the first line of artistic conception in their entire lives!

The shackles between the mortal realm and the spiritual realm are not so easy to break!

Even a talented person like Gu Kongshan has practiced for most of his life, and then he saw Xu Ming’s battle, and then he became enlightened. Decades of accumulation of insights turned into a trace of artistic conception.

But now, it took Xu Ming half an hour to comprehend a hint of artistic conception, but it was still too slow?

There are nine categories of moods, each with a hint of mood, which Xu Ming has used before, so it is very easy to comprehend.

After realizing the burning mood, Xu Ming realized the other eight moods one after another, including the wave mood, the heavy mood, and the happy mood.

A day later, when the epiphany state disappeared, Xu Ming also just realized all the nine threads of artistic conception that he had used! -From now on, these nine silks of artistic conception really belong to Xu Ming’s perception, not “borrowed” like before.

Chapter 256: ,Flutter

? After comprehending the artistic conception of Nine Silks, Xu Ming's own strength has undoubtedly skyrocketed. If he casually opened some new functions in version 2.0 of the plug-in, Xu Ming would probably be a very strong existence in the middle stage of the spiritual realm!

Of course, the gap between him and Ao Wanya is still too big to measure!

"I don't know if Ao Wanya has left..."

If Ao Wanya didn't leave, Xu Ming really didn't dare to show his face, so he had to stay in place.

"Little hanging, how many hanging points do you need to find out the location of Ao Wanya?"

"Thirty thousand level 3 hanging points!"

"It's really expensive!" Xu Ming scolded secretly – the worth of a master is high, just to check the location, it will cost so many hanging points.

Xu Ming thought about it for a while, and decided to investigate in a different way: "Xiaohang, then, if there is any trace of Ao Wanya within a thousand miles, how many hanging points do you need?"

"One thousand level 3 hanging points!"

"The price is acceptable! – help me find out!"

Immediately, the investigation results came back: "After the investigation, there is no trace of Ao Wanya within a thousand miles!"

"No!?" Xu Ming was overjoyed.

Thousands of miles is already a large range.

There is no trace of Ao Wanya within a thousand miles, which means that 90% of Ao Wanya may have left.

“Then... withdraw!”

Xu Ming casually looked for a direction and left quickly.

After flying thousands of miles away, Ao Wanya didn't find him either. Now Xu Ming was really relieved.

“It seems that Ao Wanya is really gone! However, his patience is really poor, he has only stayed with me for a day, and he has no patience to wait any longer; I originally thought that he would stay with me for at least ten and a half days. months!”

Xu Ming also escaped now, so he froze proudly.

After that, Xu Ming took a detour and chose another route to return to the Wilderness Sect.

The reason why Xu Ming was so cautious was because he was worried that Ao Wanya would guard himself on the road.

...

In the wild sect.

The atmosphere was extremely dignified.

On weekdays, the Wilderness Sect is usually very lively, and laughter can be heard everywhere. But now, the entire Wilderness Sect is dead, and even a smiling face cannot be found.

Gu Kongshan's residence.

Gu Kongshan lay on the bed with a bloodless face, and is still unconscious.

Gu Hanmo sat on the side with a dull expression, those smart, talking eyes were completely empty at this time.

Gu Hanmo was not very worried about his father, Gu Kongshan. Although Gu Kongshan is in a coma right now, as long as he waits for a few days, he will definitely be fine. Moreover, with the powerful physique of a spiritual cultivator, there is no need to worry about any sequelae.

“Xu Ming, how are you now...”

What Gu Hanmo was really worried about was of course Xu Ming.

Can Xu Ming escape? – Reasonably told Gu Hanmo, this is impossible! After all, Ao Wanya is too strong; in front of Ao Wanya, they are all ants!

“Ao Wanya should not kill Xu Ming, but use more cruel means to torture him for a long time...” Gu Hanmo was anxious and helpless, she was too weak!

But gradually, Gu Hanmo’s eyes became firm: “When Dad recovers, if Xu Ming can’t escape, then I’ll go to... that place! -Xu Ming, hold back, I will definitely take Ao Wanya’s hand. I saved you! I swear!”

Suddenly, a gentle voice rang in her ear: “Han Mo.”

Gu Hanmo’s eyes were still empty, as if he had never heard of it.

The gentle voice sounded again: “Han Mo.”

“Huh?” This time, Gu Hanmo finally had some reaction, “Isn’t it a hallucination?”

In the past few days, Gu Hanmo has heard Xu Ming’s voice many times. But every time she got up in joy to see if Xu Ming was really back, all she saw was disappointment.

Slowly, disappointment piled up into despair.

This time, Gu Hanmo thought he had hallucinated again.

However, when this familiar and gentle voice sounded for the second time, Gu Hanmo couldn't help but move.

Immediately afterwards, Gu Hanmo's empty eyes underwent various wonderful changes in a single breath.

First of all, I was stunned—obviously, I didn't expect that I could actually see Xu Ming's figure.

Immediately surprised.

But then, it turned to disbelief again—Xu Ming, how could he come back?

But in the end, Gu Hanmo still held out his right hand tremblingly with a glimmer of hope, trying to touch this "Xu Ming's phantom".

This touch...

"Huh!?" Gu Hanmo was startled, "How can I touch people? Could it be..."

Gu Hanmo's empty eyes suddenly filled with luster.

"Xu Ming!"

At this moment, Gu Hanmo no longer cares about his restraint and pounces directly.

"Xu Ming!"

Tears flowed involuntarily.

Xu Ming embraced Gu Hanmo, patted her on the back lightly, and said nothing.

Gu Hanmo's body is very soft, and it is very comfortable to hold. But at this moment, Xu Ming's mind was obviously not on this nephrite jade Wenxiang.

a long time.

Gu Hanmo let go of his embrace, held Xu Ming's face, and looked at it carefully, for fear that everything in front of him was illusory.

"How did you get back?" Gu Hanmo asked.

"Luck! Otherwise, I wouldn't be able to come back so soon."

If he was brought back to Wanya Pavilion by Ao Wanya, then Xu Ming would really have to spend a lot of work if he wanted to escape. Yu Mo and the others attacked Ao Wanya, giving Xu Ming a chance to escape.

Gu Hanmo didn't ask much, because she already felt everything.

"How's the Sect Master?"

"I am overdrawn, I am afraid it will take some time to wake up." Gu Hanmo said.

Xu Ming directly threw a rejuvenation technique over.

A green light lingered on Gu Kongshan.

However, Gu Kongshan is now a spiritual cultivator, and the healing effect of the rejuvenation technique is obviously very general.

But no matter how ordinary it is, it still works!

A quarter of an hour later, Gu Kongshan opened his eyes very weakly; the first thing he saw was Xu Ming.

But at this time, Gu Kongshan didn't have the strength to say much~www.readwn.com~ just spit out four words weakly: "Just come back..."

"Sect Master, I'm fine, you have a good rest!"

Gu Kongshan slowly closed his eyes and fell asleep with peace of mind. Now that Xu Ming is back, he is relieved.

Xu Ming also instructed Xiaohang to add a bunch of rejuvenation techniques to Gu Kongshan, and the effect will last until tomorrow.

Then, Xu Mingcai said to Gu Hanmo, "I'm going to a place, and you won't be able to contact me for a while. But don't worry, I'll be out soon."

"Where are you going?" Gu Hanmo asked nervously.

Xu Ming said: "I'll tell you when I come back – don't worry, there's no danger! Instead, it's the safest place for me!"

The place where Xu Ming is going is naturally the Wuyu Ship!

He couldn't wait to go in and find out whether Xiao Huang could beat Ao Wanya.

If he can beat him, then if Ao Wanya kills the Wilderness Sect again, Xu Ming will directly lead him to the Wuyu Ship.

Chapter 257: , Will Slaughter Ao Wanya!

?The fog and rain ship is still simple and vicissitudes of life, as if it has never changed.

This time, Xu Ming was directly teleported to the deck of the Wuyu ship, not the open space when he came in.

Seeing this terrifying ship over a hundred miles long again, although Xu Ming was still shocked, he was undoubtedly much calmer than when he first saw it.

“Brother Ming!” Xiao Huang suddenly appeared, “I changed the landing point of the teleportation directly to here, not bad!”

“It’s much more convenient!” Xu Ming said.

“Brother Ming came in this time?”

“Xiao Huang, let me ask you a question.” Xu Ming said straight to the point, “What is your cultivation base?”

Cultivation?

Xiao Huang was startled and said, “Brother Ming, I am different from your human beings. My cultivation cannot be judged by your human system.”

“Uh...” Xu Ming thought for a while and said, “Then let me ask another question – can you beat an enemy with a perfect spiritual realm?”

“Consummation of the spiritual realm? Brother Ming, are you provoking an enemy of complete spiritual realm now?”

“Yes! A very strong spiritual realm was completed. I saw with my own eyes that he killed four opponents of the same level and fled.” Xu Ming said.

“Kill four opponents of the same level and flee?” Xiao Huang said with a smile, “Even if the spiritual realm is complete, the difference in strength will be huge. One person fighting four opponents of the same level alone is nothing in the complete spiritual realm!”

“By the way, I listened to their conversation at the time, it seems that person has stepped into a higher realm with one foot?”

“One foot has stepped into a higher realm? That means that it has not really broken through, and it is still in the spiritual realm?” Xiao Huang said aggressively, “As long as it is in the spiritual realm, no matter how strong it is, it will not be my opponent!”

Xu Ming’s eyes lit up: “Then if he comes to trouble me again, I will lead him to the Wuyu Ship!”

“Okay, Brother Ming! Just bring in, I will torture him to death!”

Hearing what Xiao Huang said, Xu Ming suddenly felt the bottom line.

He even had some vague expectations, looking forward to Ao Wanya coming to ask for trouble.

...

The next day, Gu Kongshan’s injuries had already recovered.

You must know that a rejuvenation technique can only last for a quarter of an hour, but Xu Ming directly applied a hundred rejuvenation techniques on Gu Kongshan! Even if the rejuvenation technique has a limited effect on the spiritual cultivator, after a day and a night, it is enough to bring Gu Kongshan back to life.

Seeing that Gu Kongshan was safe and sound, the big stone hanging in Xu Ming’s heart finally fell.

“How did you come back, Xu Ming?” Gu Kongshan asked.

Xu Ming said a little: “That day, Ao Wanya restrained me and wanted to take me back to Wanya Pavilion. However, on the way, he was ambushed by Lanting Villa!”

“Lanting Villa ambush Ao Wanya?” Gu Kongshan was a little surprised, “This is not like what Lanting Villa does!”

“The people who participated in the ambush were the four powerhouses from the Lanting Villa! One of them was the elder Yumo that we saw in the water curtain of the communication last time!” Xu Ming said, “The other three, I remember they were called Reiki. Monk, life-threatening, ruthless!”

“Oh...” Gu Kongshan thought for a while, “That’s possible! I once heard that Elder Yu Mo’s lover was killed by Ao Wanya; Assassinated by people—speaking of which, when I was young, I always chased after the disciples of the deputy master of Reiki; I didn’t want to be jealous of Yingcai, a peerless genius who was supposed to be a super-skilled master, but unfortunately died...”

Gu Kongshan retracted his emotions: “What happened after that? – Yu Mo and Reiki, all of them are very strong in the spiritual realm. The four of them joined forces and drove Ao Wanya away? Then you took the opportunity to slip away. already?”

“No.” Xu Ming shook his head, “Ao Wanya is too strong, and in just a few breaths, the four of them were defeated! If it wasn’t for the trapping formation laid by the four of them in advance, Ao Wanya was delayed for a while; then, among the four , I’m afraid there will be one or two left on the spot!”

“Then... how did you escape?”

“I have some chances. As long as I hide my figure and stay motionless, Ao Wanya won’t be able to find me.” Xu Ming couldn’t tell anyone about the existence of the plug-in – Xiaohang warned him that once the secret of the plug-in was exposed, he would Cause unpredictable terrible consequences!

Gu Kongshan didn’t delve into this issue – in his opinion, everyone has their own fate, which is normal. Moreover, many opportunities can only be enjoyed by one person alone, and cannot be delegated to others.

“Just be safe...” Gu Kongshan said.

“Yeah...” Xu Mingcai felt the preciousness of life even more when he escaped from death.

“But...” Xu Ming’s eyes were filled with determination, “Ao Wanya, just wait! Soon, my strength will reach or even surpass yours!”

How bad it feels to be in control of your life!

Xu Ming never wants to feel it a second time!

After a while, Gu Kongshan suddenly thought of something, and his face changed: “Xu Ming, you can’t continue to stay in the Wilderness Sect!”

“Because of Ao Wanya?” Xu Ming asked, “If he comes again, I should have a way to deal with him!”

“Oh? Do you have a way to deal with him?” Gu Kongshan was startled.

“right!”

“How many percent?”

“How many percent...?” Xu Ming pondered for a while. How much he was sure would depend on whether Ao Wanya would take the bait. “It should be fifty percent!”

“It should be 50%? That’s not low!” Gu Kongshan didn’t ask Xu Ming what he could do, but said directly, “But... let alone 50%, even if it’s 90%, you can’t stay here. Savage Sect!”

“what?”

Gu Kongshan said: “You may be able to deal with Ao Wanya, but let me ask you, if Wanya Pavilion brings more masters of spiritual realm, how sure are you to deal with it?”

Xu Ming was shocked.

He suddenly realized that he was arrogant!

Yes, if Ao Wanya brought a few masters of spiritual realm perfection, can he lead each of them to the Wuyu Ship?

Taking a step back, even if he really successfully led everyone to the Wuyu Ship, what if Wanya Pavilion had a second batch of masters?

The second batch of masters will also foolishly, all go to the fog and rain ship with themselves?

Well, even the second batch of masters are stupid, what about the third and fourth batches? – It can't be the whole Wanya Pavilion, except for the stupid X, only the stupid X, right?

The power of Wanya Pavilion is too huge, and it is simply not something that the Wilderness Sect can resist!

If Xu Ming is not careful, it is very likely to bring disaster to the Wilderness Sect!

Xu Ming suddenly woke up: "Bringing Ao Wanya into the Wuyu Ship may really be able to kill him by chance! But – the consequences of killing a super strong like Ao Wanya are not what I can afford now!"

"strength!"

"strength!"

At this moment, Xu Ming deeply realized the importance of strength!

In this world where "the strong are respected and the fist is the law", only strength is true! – If you are strong, you can do whatever you want; if you are weak, you can only be bullied by others!

Except for strength, everything else, money, power, tricks... are all false! These things, even if you can be proud for a while, but in the face of absolute strength, you can only surrender!

"I want to be stronger!"

"I want to become stronger at the fastest speed! Rise!"

Xu Ming made such a cry in his heart.

Although, even if he honestly hides in the Wilderness Sect, hangs up to improve his cultivation, and opens up his epiphany to improve his artistic conception, Xu Ming's strength will never slow down.

but!

Xu Ming can obviously improve his strength faster!

“Sect Master, I will leave the Wilderness Sect today!” Xu Ming’s eyes were unprecedentedly determined, “When I come back, I will slaughter Ao Wanya!”

Gu Kongshan’s eyes were full of relief.

A sword can only be sharpened after being polished!

Genius, only through experience will be dazzling!

“Do you have a destination?” Gu Kongshan asked.

Xu Ming’s eyes drifted into the distance: “Seeking Dao Demon Realm!”

Chapter 258: ,Wait Me Back

? Before leaving the Wilderness Sect, Xu Ming also did two things.

The first thing is to open the “coordinate positioning” link, and set up a spatial coordinate point in the wild sect.

With this space coordinate point, Xu Ming can open and carry out space teleportation at any time. When do you want to go back to the Wilderness Sect, just blink your eyes and come back.

At the same time, Xu Ming also spent 1 million level 2 hanging points to buy a half-step condensing pill-level puppet and ordered it to hide somewhere in the wild mountain.

And in the hand of this half-step condensing pill puppet, there is also a communication treasure worth 10 million level 2 hanging points!

This communication treasure can only convey two messages – danger and safety.

Why would such a simple messenger treasure sell for 10 million level 2 hanging points?

because...

The communication range of this communication treasure is far, far away! Even, you can ignore the obstacles of the secret realm and directly transmit the message to the secret realm!

As far as Xu Ming knew, the Demon Realm of Seeking Dao should be a secret realm.

“Remember! – If everything is normal in the Wilderness Sect, then every ten days, send me a ‘safe’ message. Once there is any irresistible danger, you immediately send me a ‘danger’ message!”

The puppet nodded dumbly.

“Okay, hide it. It’s best not to let anyone find out. If you encounter any danger yourself, call out to Sect Master Gu for help.”

The puppet is actually very stupid, because the puppet... can’t comprehend the realm!

Like innate-level puppets, even if they have an indestructible body, it is difficult to defeat warriors of the same level; it is because they have no strength but no corresponding realm to support them.

However, Xu Ming was more relieved to hand over this mechanized brainless work to the puppet; he also believed that no one could do it more competently than the puppet.

And Xu Ming’s second thing is to say goodbye to Gu Hanmo.

“What, you’re leaving!?” Gu Hanmo’s eyes turned red when he heard that Xu Ming was leaving.

Xu Ming has just returned for the second day, why are you leaving? —How can Gu Hanmo be willing to do this?

“Yes, I must go! If I stay here, it is a great danger to myself and the Wilderness Sect.” Xu Ming said sternly, “Also, I also want to improve my strength as soon as possible to be able to compete with or even defeat Ao. The level of Wanya!”

Gu Hanmo has long been accustomed to seeing life and death, and she knows that it is impossible for her to stop Xu Ming.

In the end, thousands of words were turned into four words: “Everything is careful!”

“Don’t worry!” Xu Ming smiled brightly, “In Ao Wanya’s hands, I can escape back intact! Are you still worried about my ability to escape?”

Xu Ming said this, naturally, to comfort Gu Hanmo and let her not worry too much.

But when Gu Hanmo heard it, her cute little face instantly turned up: “Wandering outside, this kind of numb and careless idea is absolutely not allowed! – You can’t despise every enemy!”

“Yes yes yes!” Xu Ming responded carefully.

Afterwards, Xu Ming also took out a communication treasure to Gu Hanmo: “I also have this communication treasure – let me know that you are safe at any time, and I will also let you know that I am safe at any time!”

Although this treasure of communication can only convey “safety” and “danger”, it is enough to make Xu Ming and Gu Hanmo feel at ease.

Gu Hanmo held the communication treasure, and his eyes were full of reluctance: “Xu Ming, let me go to the Demon Realm with you!”

Xu Ming shook his head resolutely and said, “I heard that there are demons rampant in the Demon Realm of Seeking Dao, and there are many demons with perfect spiritual realm! It’s safe for me to go out alone, but I’m afraid that the protection will not be good...”

Gu Hanmo certainly understands this truth, and the reason why she said such a sentence just now was because she couldn’t help it. After shouting it out, before Xu Ming could deny it, Gu Hanmo

actually calmed down – with her little strength, going to the Demon Realm to seek the Tao would only drag Xu Ming down.

“I must work hard to become stronger, and I can’t fall behind Xu Ming too much!” Gu Hanmo secretly vowed.

Xu Ming looked at the communication treasure in Gu Hanmo’s hand.

He bought a total of three communication treasures and spent 30 million level 2 hanging points.

One is in his own hands, one is in Gu Hanmo’s hands, and the other is in the puppet’s hands—the reason why he spent such a large price for one for the puppet is because Xu Ming was worried that when Gu Hanmo was in danger, he would have no chance. Tell yourself, or deliberately hide it from yourself.

Allocating one puppet is also considered double insurance, which can make Xu Ming more at ease.

“Right!” Xu Ming suddenly said, “Don’t forget, if there is any danger that cannot be resisted, take the people from the sect to the location I told you about in the wild mountain mine, and shout ‘Xiao Huang’, let’s go in’!”

Xu Ming had already explained it to Xiao Huang firmly.

“I remember it!” Gu Hanmo said, “What secret is there?”

“It’s a big secret, you’ll know it in the future, but now, it’s best not to know it, and don’t go to that place casually!” Xu Ming said.

Knowing too much is also a danger – of course Gu Hanmo understands this truth, she is not a willful little girl, naturally she will not pester Xu Ming to get to the bottom of it.

“I’m leaving!” Xu Ming said, “Remember, let me know at any time that you are safe!”

“You too!”

The two embraced deeply.

For a long time, the lips are divided.

Xu Ming turned around decisively and left, not daring to take another look. He was afraid that if he took one more look, he would be even more reluctant to leave.

Gu Hanmo stared blankly at the back of Xu Ming who was leaving firmly, wishing time would stop at this moment.

“When I come back, I will marry you!” Xu Ming’s firm voice drifted.

At this moment, Gu Hanmo smiled like a flower.

“Don’t look for a concubine outside!” Gu Hanmo laughed out loud.

Xu Ming was speechless for a while – looking for a concubine? Am I such a person? I’m here to level up, sister...

...

In Xu Ming’s hands, there were two invitations from the Demon Realm.

One is from Wu Xiong, the special envoy of the Hidden Killing Sect; the other is from Silent Night.

However, the entrances to the Seeking Demon Realm marked on the two invitations are different.

Wu Xiong’s marked entrance was in the depths of the Monster Beast Mountains at the junction of the Wilderness Sect and the Hidden Killing Sect.

The entrance location of the silent night’s one is in the territory of Wanya Pavilion.

“I don’t know what’s the difference between these two entrances~www.readwn.com~?” Xu Ming didn’t know, so he didn’t need to go far.

“Go to the nearest entrance!”

With Xu Ming’s current strength, it would naturally be effortless to travel to the depths of the Monster Beast Mountains.

Because, no matter where the Monster Beast Mountains are, it is almost impossible to have Spirit Realm-level monsters—all Spirit Realm-level monsters have been cleaned up by the superpowers.

Found one, cleaned one!

The strongest monsters, which are also at the condensing level, naturally pose no threat to Xu Ming. Xu Ming only needs to release a little coercion, and he can scare them to shit.

Soon, Xu Ming touched the entrance marked on the invitation letter.

“Teleportation Array... Well, it should be here!”

Xu Ming used the power of nature to lift up the weeds in a large area, revealing an ancient teleportation array – to put it bluntly, it is very broken!

“Uh... such a broken teleportation array! Can it still be used?”

Chapter 259: , Warcraft

“Uh... such a broken teleportation array! Can it still be used?”

The teleportation array is a round stone plate three feet long.

Perhaps it has been used too many times, or it may have been in disrepair for a long time, and the entire circular stone plate is full of signs of wear and tear.

This made Xu Ming feel very insecure.

Xu Mingke had never been in a teleportation formation before, and now it was the eldest girl getting on the sedan chair—the first time.

The first time I sat there, I saw such a broken teleportation formation, which made Xu Ming feel guilty.

“Xiaohang, help me investigate, is this teleportation array still intact!” Xu Ming cautiously said.

If there is a “destruction” when using the teleportation array, wouldn’t it be a tragedy?

Xiaohang replied: “The function of the teleportation array is basically normal and can be used.”

With Xiaohang’s words, Xu Ming felt more relieved.

Standing in the teleportation array, put a top-grade profound stone into the one hundred and eight grooves on the stone plate. Then, Xu Ming tore the invitation letter.

The invitation letter instantly turned into a mysterious force, triggering the teleportation array.

The old teleportation formation instantly burst out with dazzling teleportation runes.

boom!

After a flash of light that was even more dazzling than the sun, the teleportation array was completely empty. The one hundred and eight top-grade profound stones that Xu Ming placed in the groove were all turned into powder.

...

swoosh—

In the dark void, Xu Ming could not open his eyes, nor could he release his mental power to explore the outside world.

He could feel that the surroundings should be completely dark; he could also feel that he should be traveling fast.

Whoa!

Suddenly, Xu Ming felt the world light up.

“arrive!?”

Xu Minglian opened his eyes.

“Huh? Why is the ground above my head?” Xu Ming was horrified, “I’m going, that’s not right!”

At this time, Xu Ming realized that the ground was not on top of his head, but... After he teleported over, his face landed on the ground first!

Bang!

Xu Ming’s handsome face immediately came into intimate contact with the earth, and instantly became disgraced.

“I wipe... I just arrived at the Demon Realm, and I’m so embarrassed...”

His face hit the ground first, which made Xu Ming feel as if he had been slapped in the face by the entire land.

At this time, Xu Ming did not notice that in the grass not far behind him, a ferocious wolf-shaped monster was staring at him with hatred.

There are bloodstains on the body of the monster for some reason, and it is obviously not lightly injured.

Sudden!

hiss-

The vicious monster suddenly rushed towards Xu Ming, and the murderous intent in its eyes erupted unceremoniously.

“Um?”

Feeling the murderous aura behind him, Xu Ming turned around alertly, but saw a huge black phantom rushing towards him.

“Monster?”

Xu Ming’s eyes widened, and the terrifying mental attack instantly pierced through the sea of consciousness of the monster.

The monster fell to the ground before it could reach Xu Ming.

“A monster equivalent to a half-step condensing pill...”

A monster of this level is naturally vulnerable to Xu Ming. With just one look from Xu Ming, he can instantly kill one piece.

“But... this monster seems to be a little different from the monsters I’ve encountered before!” Xu Ming found that the monster he killed by himself had a faint trace of demonic energy on his body.

“This devilish qi... It feels a bit like the devilish qi that I control!”

The evil spirit was controlled by Xu Ming after refining the Dao Demon Bead.

Xu Ming couldn’t help but curiously released his mental power and scanned the entire black wolf monster.

“Well, is this?”

Xu Ming was surprised to find that there was a black bead in the abdomen of the black wolf monster.

“Isn’t this... a magic bead?”

Xu Ming personally used the aisle magic bead, and naturally recognized it.

“Why are there magic beads in the body of the monster? Could it be that the magic beads are obtained from the body of the monster?”

Xu Ming manipulated the power of nature and easily cut open the flesh of the monster; then, the Dao Demon Bead, which faintly exuded the evil spirit, flew into Xu Ming’s hands.

“The texture of this magic bead seems to be slightly better than the one I used last time.”

Xu Ming temporarily put away the Dao Demon Orb.

Xu Ming actually didn’t know much about the Dao Demon Beads; he only knew that after refining the Dao Demon Beads, he could obtain the Demonic Qi.

Moreover, Xu Ming didn’t know how powerful the devilish energy was. However, judging from the trace of demonic energy that has been controlled so far, the effect seems to be quite limited.

Xu Ming also wanted to ask Xiaohang to investigate this magic bead carefully.

However, because the Dao Demon Orb is a special item unique to the Demon Realm, and it is not even included in the artifact store, the asking price for the investigation is also very, very black!

“Forget it, leave it alone, and then slowly figure out the secret of this magic bead!”

Before Xu Ming came to the Demon Realm, he heard that there was a great opportunity in this Demon Realm! Countless martial arts masters, in order to seek opportunities, do not hesitate to fall into madness.

“I don’t know, is this magic bead a big chance in the Demon Realm?”

Xu Ming vaguely felt that Dao Mozhu was not simple.

Xu Ming observed the terrain, surrounded by dense forests of Cangshan Mountains, and Liao was uninhabited.

“Xiaohang, help me find out if there is a gathering place for humans nearby!”

If you want to understand the situation in the Demon Realm of Seeking Dao, it is definitely not enough to pull the monster to play the piano to the cow, you still have to find the human first.

“About 50,000 miles to the southeast, there is a city.” Xiaohang replied.

“City?” Xu Ming was slightly surprised.

He had always thought that the Demon Realm of Seeking Dao should be a very mysterious place, and that there should be very few people entering here.

Unexpectedly, there are even cities here!

There is a city, what does it mean? —means there are a lot of people here!

“Then go there and see!”

Xu Ming was about to take a step, when suddenly his heart moved, and his mental power spread out like a spider web.

“Hey, someone!”

Xu Ming discovered that five warriors were approaching him cautiously.

Of the five warriors, the strongest one was half-step condensing pills; but they were all haunted by the evil spirits.

“The devilish energy is lingering on the body?” Xu Ming pondered, “Did they refine and absorb a lot of Dao magic beads? Otherwise, how can the devilish aura manifest itself?”

Like Xu Ming, although there is a trace of evil spirits, but that trace of evil spirits has been hiding in the sea of spirits honestly, and will never run out.

Not long after, these five warriors also discovered Xu Ming.

“Huh!?” The five warriors surrounded by demonic energy were stunned for a moment~www.readwn.com~ and then saw the black wolf lying at Xu Ming’s feet.

The five looked at each other.

The arrogant black-clothed youth at the head shouted, “You killed this monster?”

Warcraft?

Xu Ming was stunned – it turns out that they call this kind of monster with demonic energy a beast!

But also quite appropriate.

“Hey, I’m talking to you, deaf?” the arrogant young man in black shouted again.

Xu Ming glanced at him casually: “I killed it, what happened?”

“You are so courageous! We worked hard to lay a trap and severely injured this monster. You’re better, sit here and reap the benefits of a fisherman!?” In the area of Zhenhai City, someone dares to take advantage of our Long Family? – Don’t blame me for not giving you a chance to live, now,

immediately hand over the Dao Demon Orb, then kneel down and kowtow to admit your mistake, and offer enough Sincere apology, I will spare your life!”

Chapter 260: , Bye Bye

? Immediately hand over the Dao Demon Orb?

Kneel down and kowtow to admit your mistake?

Would you like to offer a sincere apology?

Xu Ming suddenly felt a slight itchy slap, as if he didn’t feel comfortable if he didn’t smoke something.

So, what’s the best way to get something?

Xu Ming’s gaze couldn’t help but turn to the face of the arrogant young man in black – it was a human-like face, and to be honest, it was slightly handsome.

“It seems to be quite suitable to smoke this!”

However, Xu Ming was not in a hurry to slap, he was waiting for the other party to take the initiative to slap his face with his face.

“Boy, why are you standing there? If you still want your life, come and lie down at my feet!” The arrogant young man in black snorted coldly.

Xu Ming just watched playfully, but did not speak.

“Brother Feng...” A little brother who was so fat that he could squeeze out the oil said in a low voice, “This kid seems to be very calm and not afraid of us at all. You said... Could he have any support?”

“Fatty Ye, you are timid!” Another sharp-mouthed, monkey-cheeked younger brother scolded, “Relying on? What can you rely on?—Besides, even if there is any reliance; but in this area of Zhenhai City, what is our Long family’s trouble with? Awesome?”

The arrogant young man in black, “Long Feng”, has a good relationship with Fatty Ye, so he doesn’t speak so harshly: “Fatzi, don’t worry! Brother Feng, I know what kind of people can be offended and what kind of people can’t be offended. -Look, this person in front of him can make a face even if he kills a beast that was seriously injured by us; his strength is definitely not that great!”

“Oh?” Fatty Ye’s tiny eyes couldn’t help but look towards Xu Ming.

Looking at it, sure enough, Xu Ming really had a disgraced look.

“Brother Feng, I’ve accepted your insight!” Fatty Ye had to obey.

However, neither Long Feng nor Fatty Ye would have thought that the reason why Xu Ming was a little disheartened was because his face landed first when he sent it over! It wasn’t at all caused by that half-step condensing magic beast.

Xu Ming killed the demon beasts who had condensed pills in a mere half-step.

Ignorance is scary!

If Long Feng knew the truth, he would definitely not dare to be so arrogant to Xu Ming at this time.

“Huh? You haven’t come over yet?” Long Feng frowned, obviously displeased, “It seems that without teaching you a lesson, you really think our Long family is easy to bully!”

Long Feng winked, Fatty Ye and the other four younger brothers stopped in Xu Ming’s four directions to prevent Xu Ming from escaping.

As for Long Feng himself, he walked towards Xu Ming step by step: “You kneel down now, there is still time! When I get there, it will be useless to kowtow and admit my mistake!”

“Ha!” A trace of disdain flashed across Xu Ming’s mouth – there was a face that was leaning towards his slap.

at this time-

“Long Feng!” A vigorous shout sounded.

Long Feng’s complexion changed: “It’s another person from the Blood Lightning Sect!”

If there is anyone in Zhenhai City who can make the Long family feel a little bit afraid, it is undoubtedly the Blood Thunder Gate.

The Long Family and the Blood Thunder Gate jointly control the entire Zhenhai City. In Zhenhai City, more than 80% of the experts belong to these two forces.

In fact, Xu Ming had already found out who was coming, and he also found out that there was an acquaintance among the seven people who came.

“Yan Fei?”

This acquaintance was exactly Yan Fei who had sold himself the Dao Demon Bead in the wild desolate sect black market.

At that time, Yan Fei also said to him, “Fate in the future, see you in the rivers and lakes”; I never thought that today, the rivers and lakes will really see you again.

“Meeting by chance, it’s really fate!” Xu Ming secretly said.

Long Feng also saw the person coming.

“Yan Fei, what are you doing, you’re going to come out to get mice again?” Long Feng asked in a cold voice.

Yan Fei hadn't noticed Xu Ming at this time: "Humph! I just can't stand the domineering behavior of your Long family!"

"Domineering? Don't talk nonsense!" Long Feng shouted, "It's this kid who stole my magical beast!"

"Anyone else dare to rob your magical beast?" Of course Yan Fei didn't believe it, but his eyes subconsciously looked at "this kid" in Long Feng's mouth.

This look.

"Huh?" Yan Fei saw a familiar figure, and suddenly looked surprised, "Brother Xu?"

Xu Ming laughed and said, "Brother Yan, long time no see!"

Yan Fei was still dressed as a scholar, but his temperament was completely different than before. Yan Fei was also surrounded by some demonic aura; however, this demonic energy was not as strong as Long Feng and others.

Xu Ming couldn't help thinking: "Could it be that after entering the Demon Realm of Seeking Dao, you will be entangled in the evil spirit?"

Before Yan Fei, there was no evil spirit on his body. Xu Ming reckoned that he should have entered the Demon Realm of Daoism later.

"Brother Xu, have you come to seek the Dao Demon Realm too?"

"Just here!" Xu Ming didn't hide it. He originally wanted to get acquainted with the Demon Realm as soon as possible, but now that he met an acquaintance, it would be much easier to get acquainted.

Moreover, it seems that this Yan Fei is still a very warm-hearted person.

...

Yan Fei looked at Long Feng and said, “My brother Xu Ming has just arrived in the Demon Realm, how could it be possible to **** your magical beast?”

“How is that possible?” Long Feng sneered, “Yan Fei, are you blind? – The beast is lying at his feet, can’t you see it?”

“This...?” Yan Fei cast an inquiring look at Xu Ming, “Brother Xu?”

Xu Ming spread his hands: “As soon as I teleported over, this beast attacked me, and then I killed it! Then, it didn’t take long for these people to appear!”

After Yan Fei heard this, he looked at Long Feng again.

“That’s what you said, he robbed you of the beast?” Yan Fei scoffed: “You let the beast run away because you were incompetent; the beast was killed by my brother Xu Ming, it was his ability! - Long Feng, we Don’t you understand the rules of Zhenhai City?”

“Humph!” Long Feng hummed, “Well, then even if he didn’t rob my beast! However, in order to hunt down this beast, my brothers and I spent a lot of effort; this magic bead You have to give it back to me, right?”

Long Feng’s request is not excessive.

However, in this case, whether Xu Ming wanted to pay it back or not, it was his freedom—if he paid it back, he would save face for Long;

Will Xu Ming pay it back?

how is this possible!

Xu Ming sneered and said, “Why should I give you the Dao Demon Orb that I got?”

It’s not that Xu Ming is stingy~www.readwn.com~ If this dragon seal is good-natured from the beginning, then Xu Ming really doesn’t care about a mere Dao magic bead; “The dragon was sealed.

However, as soon as Long Feng came up, he was aggressive, and asked Xu Ming to kowtow to admit his mistake and apologize to Xu Ming; even now, when Yan Fei came, Long Feng still looked like you were going to give me the Dao Demon Bead—this kind of In this case, how could Xu Ming give him the Dao Demon Orb?

If you give it to him, wouldn't it be equivalent to subduing?

In the face of the incomparable Ao Wanya, Xu Ming has never surrendered! Long Feng, who has been condensing pills in a mere half-step, wants to make Xu Ming subdue?

How did Long Feng know that Xu Ming was terrible! – Don't say it's him, even if it's their ancestor of the Long family, in front of Xu Ming, it's only a second item!

Poor Long Feng said, "Yan Fei, you have seen it too! It's not that I don't give you face, it's that he doesn't give me face – if I can't even get my own Dao Demon Orb, then I Long Feng, don't mess around in Zhenhai City from now on!"

With that said, Long Feng looked at Xu Ming fiercely: "Boy, since you insist on forcing me to take action, don't blame me!"
