

A World 341

Chapter 341: , Clone Secret Skills

Inside the Wansha Soul Orb, there is a foggy scene.

These gray fogs are a kind of special energy that assists in enhancing the attack of the soul.

And in the foggy gray fog, there are three hazy light spheres. The two larger ones are the inheritance of “Puppet Demon Body” and “Magic Demon Clone”; the other smaller one, hidden in the deepest part of the gray fog, is this “slavery karma knot”.

Xu Ming vaguely felt that the causal knot of slavery should be the core component of the Wansha Soul Orb; because all the gray fog seemed to revolve around this.

Xu Ming immersed his mind in the causal knot of enslavement, and all of a sudden, the names and corresponding images came back.

“Huh? This is?...”

Xu Ming looked at it in shock.

“Xiao Wenlong, the second-level Lingfeng Realm...” An image of a young man with firm eyes entered Xu Ming’s mind; at the same time, Xu Ming felt that this young man had an incomparably fanatical loyalty to himself!

“Lin Jingyu, the fourth-level spiritual peak...” This is a handsome young man with a sword, and Xu Ming also felt fanatical loyalty in him.

“Mo Shang...” A Daoist is powerful.

“Cao Siwei, Triple Spirit Peak Realm...”

“Liu Mang...” is also a Dao Venerable Master.

...

Hundreds of names, hundreds of elegant, arrogant, low-key, or loyal figures flashed through Xu Ming’s mind one by one. Most of these figures are Daojun great powers, and the weakest ones also have double spiritual peaks.

However, Xu Ming felt that each of them was extremely loyal to him! —In other words, they are extremely loyal to the owner of Wansha Soul Orb!

“These people... seem to be slaves enslaved by Wansha Soul Orb?”

Xu Ming now controls the Wansha Soul Orb, and these people are naturally his servants.

Even Xu Ming felt that through the causal knot of slavery, he could control the life and death of these slaves with a single thought.

“This Wansha Soul Orb really gave me a big surprise!” Xu Ming secretly said.

Hundreds of extremely loyal servants, the weakest are the second-level spiritual peak, and most of them are Daojun! – What a terrifying force this is!

This force gathered together, I am afraid it can be comparable to a powerful prefecture-level force!

And the point is, these hundreds of servants are all extremely loyal to Xu Ming! Even if Xu Ming let them die, they would not frown!

“This trump card, I must hide it! Use it when it is unexpected, so that the most terrifying energy can burst out!”

However, Xu Ming also understood that if he enslaved so many people, once it was known, it would definitely cause public outrage. So, be sure to keep a low profile.

After calming down the shock in his heart, Xu Ming turned his attention to the inheritance of “Puppet Demon Body”.

This heaven-level secret skill has been coveted by Xu Ming for a long time.

“Start accepting inheritance!”

Xu Ming directly started the “Second Learning” link and inherited it.

“Puppet Demon Body” is a heaven-level secret skill specializing in physical defense; if you practice it to the extreme, you can train your body to be like a top-quality spiritual weapon, which can be called a human-shaped puppet!

Of course, if you want to cultivate to the extreme, you need to spend a lot of rare resources, a lot of time and energy, and you need extraordinary understanding.

Like the arrogance of the Waning Moon Sect, in fact, he has practiced “Puppet Demon Body” to a small degree, but the physical strength is already comparable to a low-grade spiritual weapon – if you want to destroy a low-grade spiritual weapon, even if it is a second-level spiritual peak Master, it is difficult to do!

It is not difficult to accept the inheritance. After a few hours, the entire “Puppet Demon Body” was completely loaded into Xu Ming’s mind.

However, if you want to really train and even practice to the extreme, Xu Ming needs to spend a lot of resources and energy. This is not something that can be accomplished overnight!

“Looking back, you must spend some time practicing “Puppet Demon Body” to the extreme!”

That is a fleshy body comparable to a top-quality spirit weapon! —Even an ordinary Daoist would be difficult to break through, right?

After a short rest, Xu Ming enthusiastically looked at another heaven-level secret skill inheritance – “Devil’s Avatar”!

For “Puppet Demon Body”, Xu Ming has been looking forward to it for a long time; and for “Devil’s Avatar”, Xu Ming is full of curiosity – what does this heaven-level secret skill do?

When Xu Ming immersed his mind in the inheritance of “The Devil’s Avatar”, he was instantly stunned!

“This is...”

The introduction reads: Demonic avatars, you can cultivate and condense a avatar of your own.

“This is the secret skill of the clone! This is really the secret skill of the clone!!” Xu Ming was shocked.

The reason why Xu Ming was shocked was because, even in the artifact store, “Clone Secret Skills” could not be purchased for the time being—because, at least, the clone secret skills were all heaven-level secret skills; moreover, the clone secret skills could not be divided into the first level, the second level Second floor, third floor...

How to divide?

Could it be that I first practice the head of a clone today, and then practice the hands and feet of a clone tomorrow?

And in the level 4 artifact store, the complete sky-level secret skill cannot be bought, so naturally there is no clone secret skill.

Xu Ming continued to watch.

“Condense the devilish energy, spiritual power, and spiritual power together, and cultivate into a devilish clone.” The introduction reads, “When the devilish clone is not used, it is hidden in the body or in the shadow; when it is used, it can be instantly transformed into A black demon avatar with 30% of the main body’s combat power.”

30% combat power...

In Xu Ming's open state, even if it is only 30% of the combat power, it is enough to crush the ordinary Lingfeng realm.

"This demon avatar, although it's not the kind of avatar that really divides people into two, it's also a good 'pseudo avatar' secret skill!" Xu Ming secretly said.

Just imagine, if Xu Ming and the enemy were in an inextricable battle; at this time, the demon avatar secretly appeared behind the enemy, raising his hand was a sap – wouldn't the battle situation be reversed instantly?

A few hours later, Xu Ming also accepted all the inheritance of "The Devil's Avatar".

"Cultivating a demonic clone requires a lot of demonic energy..."

This is not difficult, Xu Ming's collection ring, there are many Dao demons and Dao demon beads. However, it is a bit too extravagant to use Dao Mojing to extract the evil spirits.

"Hei Da, Yang Hao and the others, there should be a lot of low-quality Dao Magic Beads at UU Reading www.uukanshu.com, go back and ask them for some!"

No one will use those inferior Dao magic beads, and it is a pity to throw them away, and they can just be used to extract the evil spirits.

"After I practice "Puppet Demon Body" and "Magic Demon Clone", if it is appropriate, I can pass these two heaven-level secret skills to some people appropriately."

Heaven-level secret skills inheritance, if you don't use it, it will be a waste!

"On the value of the treasure, this Wansha Soul Orb is indeed similar to the Beastmaster Totem. However, in the Wansha Soul Orb, there are still two inheritance of heaven-level secret skills, and there are hundreds of masters who have been enslaved before. The Wansha Soul Orb is much more precious!"

At this time, it was past noon.

Gu Hanmo didn't know when he came outside Xu Ming's house: "Xu Ming, what are you doing hiding in your room when you come back? Come out and accompany me to the Wild City..."

A smile appeared on Xu Ming's face.

In the next moment, he had already picked up Gu Hanmo, swept a gust of wind, and disappeared in the Wilderness Sect.

Chapter 342: , Tears

In the next few days, Xu Ming would accompany Gu Hanmo around every day, compensating for the lovesickness he hadn't seen in months.

Song Jiahan, Fang Chenxin, Yi Xiaotong, and dozens of other beauties in the beauties camp were jealous of Gu Hanmo every day, but they were helpless.

"Sisters!" Xing Wu and Shen Bing also joined the beauty camp; Xing Wu was the oldest and the highest cultivation base, so she naturally became the eldest sister in the beauty camp.

However, at this time, Xingwu was frowning: "You said, why didn't Xu Ming come to us? Are we all unattractive?"

"Brother Ming's thoughts are all on Gu Hanmo!" Song Jiahan has long been accustomed to it – she has long been accustomed to this feeling of silent liking.

"I'm not convinced!" Xingwu said stubbornly, "We have to do something to let Xu Ming notice!"

"But... what can I do?" Shen Bing said weakly.

"Well—" Xing Wu pondered for a moment, "We will discuss this with the Palm God Alliance! If we want Xu Ming to notice our value, we must do something big and do it vigorously!"

...

A few days later, Xu Ming came to the Wilderness Mountain mine again.

“Xiao Huang, let me in!” Xu Ming shouted at the surrounding mine walls, and he immediately disappeared into the mine.

On the deck of the eternal fog and rain ship, Xu Ming descended out of thin air.

“Brother Ming!” Xiao Huang looked at Xu Ming eagerly, “Brother Ming, you’re fine, it’s really great!”

“Huh?” Xu Ming was a little puzzled, “What can I do?”

“Brother Ming, didn’t you lift the seal on Xiaobao? You must have encountered a strong enemy, right?” Xiao Huang said.

“You all know this?” Xu Ming said in surprise, “Yes, we have encountered a powerful enemy – Dao Zun Taiwu, have you heard of it?”

“What!?” Xiao Huang wondered if there was something wrong with his ears, “Dao... Dao Zun!?”

“Yes what’s the matter?”

“Brother Ming... Then how did you escape?” Xiao Huang was surprised.

“Oh, it’s just a remnant of Dao Zun’s soul!” Xu Ming understood why Xiao Huang was surprised and explained, “I killed him directly!”

“The remnant soul of the Taoist...that’s the Taoist too!” Xiao Huang’s two big eyes looked at Xu Ming gleamingly, “Brother Ming, you met the remnant soul of the Taoist, and you killed the other party, which shows that Your luck is strong!”

luck?

Xu Ming secretly muttered: His luck is indeed very strong. Not only did he kill Dao Zun Taiwu and get two of his treasures, but he also controlled hundreds of powerful servants who had been enslaved before.

Xu Ming even felt that this Taiwu Dao Zun was simply a “noble person” in his life! -Xu Ming entered the Demon Realm of Seeking the Way and then came out. This body of strength has really undergone earth-shaking changes.

“By the way, Xiao Huang, have you heard of Dao Zun Taiwu?” Xu Ming asked again.

“No.” Xiao Huang replied with great certainty, “I followed the old master across the endless continent. That was millions of years ago! And the lifespan of Dao Zun is one million years—that is to say, I have never heard of Dao Zun of this era.”

Dao Zun’s lifespan is one million years?

Xu Ming could not imagine how long this concept of time was.

“Xiao Huang.” Xu Ming suddenly asked, “The cultivation of that bitter old man...?”

“Old master?” Xiao Huang suddenly burst out with pride, “Old master, but the most powerful person in the entire human race is also the elder of the Taoist Palace! With a cultivation base, he has reached the ‘extreme master of the Tao’; Ask the twelfth palace master of the palace, let alone give in!”

The ultimate master of the Tao, that is, the ultimate master of the Tao.

Daojun, Dao Zun, Dao Lord, each level is a world of difference!

In front of Dao Zun, Daojun is just a toddler. In front of the Taoist Lord, Taoist Zun is just a toddler.

“The Taoist is the ultimate...” Xu Ming couldn’t help but raise a high mountain.

“Xiao Huang.” Xu Ming couldn’t help asking, “What kind of power is the Asking Palace? Is it a powerful holy place?”

Even the extreme cultivation of the short-lived Taoist Lord is only an elder in the Taoist Palace. On his head, there is a stronger “Twelve Palace Lord”; it is conceivable that the power of the Taoist Palace How terrible!

“Holy land? Of course not!” Xiao Huang said, “The thirty-six holy places are thirty-six powerful forces; and the Asking Palace is... the big alliance of the entire human race!”

The big alliance of the entire human race! ?

Xu Ming was startled – there is such a force?

Xiao Huang continued: “As long as the human race reaches the Daojun level, it will receive an invitation from the Daoist Palace and become a member of the Daoist Palace. The Daoist level can become a deacon of the Daoist Palace; the Daoist level can become a Daoist Palace deacon. Dao Palace elders—of course, the elders of the Dao Palace will also be strong and weak; like the old master, he is the most powerful one among the many elders of the Dao Palace!”

The huge and mysterious Asking Palace gradually took off its mysterious veil in front of Xu Ming.

Xu Ming was dumbfounded.

Daojun is just an ordinary member?

Dao Zun is only a middle-level deacon?

Only the Taoist is qualified to become an elder?

And above the elders, there are also twelve palace masters!

Such a terrifying force is indeed the big alliance of the entire human race!

“Xiao Huang.” Xu Ming couldn’t help but ask, “What kind of strength do the twelve palace masters have?”

“Palace masters...” Xiao Huang’s expression has infinite admiration, “As early as millions of years ago, the twelve palace masters were all just one step away from the immortal gods! Millions of years. In the past, I don’t know if any palace master has taken this last step...”

gods?

What a sacred and illusory term this is!

However, Xu Ming firmly believes that there are definitely gods in the world!

Xiao Huang also sighed with emotion: “The old master tried hard to prove the Tao and wanted to become a god, but after all, the bamboo basket was empty. He failed to become a god, and his lifespan was limited, but he came first...”

“By the way, Brother Ming.” Xiao Huang put away these useless emotions, “Are you here to...?”

“I want... Refinement fog and rain ship!”

“Refining the fog and rain ship?” Xiao Huang glanced at Xu Ming in surprise, “It turns out that Brother Ming’s cultivation has reached the early stage of the spiritual realm! But brother Ming... If you want to refine the fog and rain ship, even if the old master stays The help is here, and at least the spiritual power of Lingfeng Realm can be tried!”

Spiritual power of Lingfeng realm?

Xu Ming smiled strangely~www.readwn.com~ The plug-in was turned on, and the powerful mental pressure pressed towards Xiao Huang.

Xiao Huang’s strength is tyrannical, and Xu Ming’s mental coercion is naturally like a breeze to him.

But it was this “breathing breeze” that shocked Xiao Huang beyond recognition: “Ming... Brother Ming, your strength?”

“How about it, is my mental power enough to refine the fog and rain ship?”

“Enough! Enough!” Xiao Huang nodded excitedly, “With the help of the old master, it is enough! – Brother Ming, please come with me!”

...

At this moment, Wanya Pavilion.

Ao Wanya opened his eyes suddenly; his eyes were as deep as the stars.

However, two crystal clear tears fell from his deep eyes without warning.

Chapter 343: , Refining Fog And Rain Ship

The two drops of tears were extremely crystal clear, and contained the stern law of the source of gold.

Ao Wanya’s deep eyes seemed to be enlightened, but also lost.

“Chao Wendao, you can die in the evening...”

Only those who truly understand and attain the Tao can feel this kind of moving that one hears the Tao and has no regrets in death.

At this moment, the vastness of the universe and the insignificance and helplessness of life are all in these two tears.

“Understood!”

All this came so suddenly.

Ao Wanya had both joy and fear in his eyes.

Surprisingly, I finally began to come into contact with the most essential operating rules of this world.

And the fear is that compared to all things in the universe, people are really too small! Ao Wanya felt that, in the face of the vast and majestic rules of the operation of heaven and earth, it would be difficult for him to comprehend one ten thousandth of the ten thousandth of his life even if he was poor.

The universe is vast and life is short.

“Breakthrough so soon?” The Golden Rat, who had been lying beside Ao Wanya, glanced slightly in surprise, “Hurry up and consolidate your understanding! When you have fully planted the ‘seed of the Tao’, you should go and help I’m working!”

“Yes!”

Even after successfully breaking through to the Daojun level, Ao Wanya still felt terrified in the face of the Golden Rat.

This golden-devouring rat, even at the level of Daojun, is a very terrifying existence; I heard that it has reached the “six-step Daojun”.

...

Misty Ship.

The most central control room.

Even Xu Ming had never been here before.

The scope of the control room is only ten feet square. Xiao Huang shrank his body and appeared here with Xu Ming.

“The old master has left a formation here. When you start refining the fog and rain ship, the formation will be automatically activated to assist you in refining successfully!” Xiao Huang said, “And I will try my best to cooperate with you in refining. ”

Xiao Huang, but the artifact spirit of this fog and rain ship.

“Xiao Huang!” Xu Ming suddenly thought, “What level of treasure are you...? Dao-level? Venerable-level?”

Xiao Huang faintly spit out three words: “Demi-artifact!”

“What!?” Xu Ming was stunned, “Half-artifact!?”

“Not bad!” Xiao Huang said proudly, “If you don’t have the formation assistance left by the old master, you must at least reach the level of Dao Zun, and with my active cooperation, you can successfully refine it!”

“Uh...” Xu Ming found that Xiao Huang’s level was really high!

Semi-artifact level!

And it’s a battleship!

You must know that even if it is only a top-quality spiritual weapon-level warship, the price in the artifact store is 100 million 4th-level hanging points.

And the fog and rain ship is a semi-artifact that transcends the Taoist and venerable weapons. How much is it worth?

Can’t convert!

It is really Xiaohang who has long warned that treasures with spirits can never be exchanged for hanging points, otherwise it will lead to unpredictable and terrible consequences. Otherwise, Xu Ming really wanted to directly replace the fog and rain ship with a hanging point!

Nima, if this is replaced by a hanging point, Xu Ming strongly suspects that it is enough to force himself to level up to the Taoist master level!

Too bad it can't be replaced.

"Half-artifact level, what kind of concept is this..." Xu Ming couldn't help muttering.

The Wuyu Ship is too strong, so strong that Xu Ming has no idea.

"What concept?" Xiao Huang said proudly, "Brother Ming, the concept is – as long as you hide in the fog and rain ship and look at the endless continent, almost no one can do anything to you!"

"No one can get me?" Xu Ming was surprised.

"Not bad!" Xiao Huang said confidently, "I am a semi-artifact! Even a weapon that is also a semi-artifact can't blast me!"

"Uh..." Xu Ming found that when he refined the Wuyu Ship, wouldn't it be equivalent to having a movable safety zone!

Hiding in the fog and rain ship, even the semi-artifact can't be broken, so who does Xu Ming need to be afraid of?

However, Xiao Huang still added: "However, the artifact can still break me!"

Artifact...

Only weapons refined by gods are qualified to be called divine weapons!

The Endless Continent doesn't even have gods, so there will be artifacts?

Therefore, there is no need for Xu Ming to worry about this at all.

Anyway, as long as the Wuyu Ship is refined, Xu Ming is invincible, and he no longer needs to be afraid of anyone.

“Xiao Huang, can I start refining?”

“Can!”

Xu Ming’s eyes lit up: “Then... let’s start right away!”

A semi-artifact-class battleship! Xu Ming can’t wait!

boom!

In the open state, Xu Ming’s mental power directly covered the entire 108-mile-long fog and rain ship.

Mental power is tyrannical but delicate, attached to every corner of the fog and rain ship, and eroded into the fog and rain ship, and began to refine.

boom!

At the same time, the auxiliary formation that the bitter old man had left in his control countless years ago was also activated directly.

The dazzling array of light directly enveloped the entire Wuyu ship.

The power of the formation, like a pioneer, helped Xu Ming to remove the difficulties of refining one by one.

Xu Ming’s spiritual power follows behind the power of the formation, wherever he goes, where he refines it.

As for Xiao Huang, he also tried to let go of himself so that Xu Ming could refine it more easily.

However, the Wuyu Ship is a semi-artifact-class ship after all, and it is easier said than done to refine it.

“At the current speed, I am afraid it will take half a month to complete the refining of the Wuyu Ship!”

Xu Ming thought about it, and directly increased the plug-in, so that the efficiency of refining can be improved a lot.

...

ten days later.

“Hahahaha... I finally succeeded in refining the fog and rain ship! Quack quack...” Xu Ming laughed wildly.

Controlling a demigod... Just thinking about it makes one’s blood boil!

This is a demigod!

“Congratulations Brother Ming!” After Xiao Huang was refined, he naturally became more and more respectful to Xu Ming.

And Xu Ming, who was in control of the Wuyu Ship, also clearly felt Xiao Huang’s strength for the first time – Half-step Dao Zun!

As expected of a demigod! Xiao Huang is just an artifact spirit, a pseudo-life, but has a terrifying strength comparable to a half-step Taoist!

“Xiao Huang, help me introduce the Wuyu Ship.” Xu Ming said.

“Yes, Brother Ming! The Wuyu ship is best at defense and speed, defense...” Xiao Huang talked eloquently, introducing the strengths and weaknesses of the Wuyu ship one by one. But even if it is a shortcoming, in Xu Ming’s opinion, it “looks very good”!

such as attack.

Attacking ~www.readwn.com~ is the weakest point of the Misty Ship. The entire Wuyu ship is only equipped with a muzzle that can change its position, which is used to clear obstacles on the road of the Wuyu ship.

But it is this muzzle used to clear the barrier, the weakest attack is comparable to the six-step Taoist; the strongest attack is closer to the master of the Tao!

Anyone who dares to provoke Xu Ming, Xu Ming can shoot him to death with just one shot!

Controlling the fog and rain ship, on the endless continent, Xu Ming can simply be fearless of anyone!

Of course, Xu Ming knew very well that one should keep a low profile as a human being!

“Xiao Huang, take me to meet other ‘people’!” Xu Ming said.

At this time, in the fog and rain ship, the real life was Xu Ming. Other “people” naturally refer to other spirits.

This time, Xu Minglai did not only need to refine the fog and rain ship, but of course he also refined some other treasures.

Just like the lion artifact spirit, Xu Ming has been thinking about it for a long time – it is the ring of the old man!

Chapter 344: , Prohibited

Hundreds of different-looking artifact spirits quickly gathered beside Xu Ming; there were giant bears, monitor lizards, male lions, tauren, kobold, beautiful women, girls, soldiers... As for the creatures transformed by the formation, it was Was not called over.

These pseudo-lives are all chatting around Xu Ming.

“Brother Ming, you refined the fog and rain ship so soon?”

“Brother Ming, you really deserve to be the life and death friend of the old master! Your cultivation speed is faster than the peerless genius in the Thirty-Six Holy Lands!”

“I feel that we will soon be able to follow Brother Ming, across the endless continent!”

The treasures corresponding to these artifact spirits include Dao artifact, respect artifact, and even a few semi-divine artifact.

Of course, all those semi-artifacts were added up, and their value was not as good as the fog and rain ship. The fog and rain ship is a semi-artifact of the battleship class, and it is also the most proud treasure of the old man.

“Brother Ming.” Xiao Huang said, “On these treasures, the old master did not leave a formation to assist in refining. With your current strength, you should be able to refine those at the Taoist level; as for those at the venerable level, It can’t be refined!”

Can’t refine at the venerable level?

Xu Ming said: “I have refined a medium-grade exalted weapon!”

“Oh?” Xiao Huang was slightly surprised, and immediately said, “That middle-grade exalted artifact must have no artifact spirit, right? Treasures with artifact spirits, even if artifact spirits actively cooperate with refining, are more difficult than treasures without artifact spirits. More refining! – Of course, the power is also much greater!”

“Uh...” The middle-grade venerable “Wansha Soul Orb” refined by Xu Ming did not have a spirit.

“Then Xiao Huang, on the Wuyu ship, is there such a kind of venerable tool...without the spirit of the artifact?” Xu Ming’s eyes lit up.

“Yes!” Xiao Huang said, “but... the treasures without the spirits were all kept by the old master in the collection ring. Only these treasures with the spirits, the old master was afraid that they would be too boring to be kept in the collection ring for a long time. That’s why I put it outside.”

Na ring! ?

Xu Ming's eyes immediately locked on the mighty lion.

The main body of this lion is the ring of the bitter old man.

“What level of treasure are you?” Xu Ming was very concerned about this question.

If it was a Dao-level item, Xu Ming would be able to refine it happily; but if it was a respectable item-level, it would be more sad.

The male lion said shyly, “Dao Qi.”

Xu Ming's eyes suddenly glared brightly and sparkled.

“Dao Artifact!?” Xu Ming was really excited and excited, “Then why are you still standing there? Hurry up and move your body over here! – Brother Ming, I want to honor you and refine you!”

“Yes!” The lion hurried to “move himself” excitedly.

Xiao Huang smiled aside and said, “Brother Ming, Na Jie is different from other treasures. The grade of Na Jie is generally not very high; the Na Jie of the Taoist level is already very bad!”

“Yeah!” Xu Ming nodded.

“But...” Xiao Huang said again, “I remember that the old master seemed to be doing something on the ring...”

“Do some tricks?”

Soon, the male lion “holds” himself and runs back.

“Brother Ming, Brother Ming, this is my body!” The lion raised Na Jie to Xu Ming as if asking for credit.

This is a golden navy ring, shaped like a crouched sleeping male lion.

“The old man’s acceptance ring...” Xu Ming can’t imagine how amazing wealth he will have once the acceptance ring is opened!

“Little lion, lie down and cooperate with me!” Xu Ming said excitedly.

“Yes, Brother Ming!” The lion was also impatient to be refined.

boom!

Xu Ming’s tyrannical mental power directly crushed the male lion Na Jie.

The male lion is also actively cooperating, so that the new owner can refine himself more easily.

“It’s really hard to refine a treasure with an artifact spirit!” Xu Ming found out that refining this Na ring is actually much more difficult than refining a middle-grade exalted artifact before!

It was hard to come back, but Xu Ming’s spiritual power successfully penetrated into every corner of Najie, and successfully imprinted his own spiritual imprint.

“Successful refining!”

There was a substantive surprise in Xu Ming’s eyes. He couldn’t wait to open the Na ring, and then... he was stunned.

Not stunned by surprise, but...

In Najie, a ban was set by the short-lived old man...

There is also a video left by the short-lived old man:

“Life and death, if you can refine my Najie, you must have successfully refined the Wuyu Ship?”

“I specially left an auxiliary refining formation on the Wuyu Ship, just to let you have a life-saving trump card as soon as possible – Endless Continent, although there are endless opportunities, it is also extremely dangerous; if you are not careful, you may fall! If you encounter any serious danger, as long as you hide in the fog and rain ship, at least your life will be safe!”

“You are a life-and-death partner that I have waited for millions of years! I also hope that you can transcend life and death and become a god, but don’t die so easily!”

“Of course, you are still weak now. When you use the fog and rain ship, you must disguise the fog and rain ship; for example, it is disguised as a Taoist-level warship, so as not to attract the attention of the top power.”

The “top-level power” in the old people’s mouth is probably at least at the level of Taoist masters.

“And I set a prohibition in the precepts for your consideration – if you get all my wealth at once, then your cultivation path will be too smooth, and you will easily lose your fighting spirit.”

“So, I divided the treasures in the ring into three parts, and set restrictions on them.”

“The first part stores treasures at the level of Daojun, such as Dao artifacts without artifact spirits, as well as Dao stones, runes, magic disks, etc. When your realm reaches the Daojun level, you can break the seal—remember, It is the real achievement of Daojun, not by special means~www.readwn.com~ has the strength comparable to Daojun.”

Xu Ming originally wanted to give it a try, to forcefully break the first part of the ban. But now that the short-lived old people have said so, it must be hopeless.

However, Xu Ming was not in a hurry at all.

After all, before he really became a Taoist, he didn’t need a “level 5 hanging point”. As for the level 4 hanging points to be used at the spiritual level, Xu Ming still has tens of millions, and there is no shortage for the time being.

When he becomes a Taoist, he needs to use the 5th level hanging point; this first part of the prohibition can naturally be broken.

The image of the short-lived old man is still talking to himself:

“The second part stores treasures at the Taoist level, such as venerable tools. When you become a Taoist, you can break the seal.”

“The third part contains all the treasures of my life! When you become a Taoist master, you can break the seal!”

Although Xu Ming could not get any of the treasures in the ring for the time being, but Xu Ming understood that he would not be short of hanging points after cultivating all the way to the Daoist level! – After all, the short-lived old man died and left all his treasures to him!

“Xiao Huang, you should keep this ring for me first!”

Xu Ming didn’t dare to carry this Na ring with him. If he lost it, he would really want to cry without tears. It would be safest to put the Na ring on the unbreakable Wuyu Ship.

Xu Ming turned his attention to other artifact spirits – with his current strength, a Taoist-level treasure, and a top-grade Taoist tool with an artifact spirit, it was enough to use.

Chapter 345: ,Sail

After picking and choosing among many treasures, Xu Ming finally chose four top-quality Taoist artifacts for refining. They are the physical defense treasure “Golden Body Armor”, the soul defense treasure “Shen Lingzhu”, the speed treasure “Buyun Boots”, and the domain treasure “Blood Prison Sea”.

It is a pity that among the many Taoist weapons, there is not a single long spear!

However, for the time being, the True Dragon Spear is enough for Xu Ming; moreover, it is said that the True Dragon Spear has a strong upgrade potential. Therefore, the long spear, Xu Ming is not forced to change.

When Xu Ming finished refining the four treasures, it was already half a month later.

“Xiao Huang, this beastmaster totem, I would like to trouble you to help take care of it!”

“Oh? Totem treasures?” Xiao Huang was slightly surprised, “This is really rare! – Brother Ming, do you want to cultivate an army of monsters?”

“Yes, yes!” Xu Ming nodded.

Xu Ming doesn’t have much research on cultivating an army of monsters; it’s better to leave this kind of thing to the old driver “Xiao Huang”!

“Don’t worry, wrap it on me!” Xiao Huang took the totem of the Beastmaster and said, “I used to help the old master to cultivate an army of monsters, and this kind of thing has long been familiar to me!”

“It’s hard work.” Xu Ming thanked him.

Then he turned to the artifact spirits: “Everyone, go back and hide first, I plan to drive the Wuyu ship to the outside world!”

The long-berthed Wuyu ship is finally about to see the sun again!

But before that—

“Xiao Huang, can the Wuyu ship disguise a little?”

“It’s simple!” As soon as Xiao Huang’s voice fell, the entire Wuyu Ship shrank rapidly, and the shape also underwent earth-shaking changes.

After a stick of incense, the fog and rain ship shrunk to only one mile long, and the shape of the ship became completely different; even the lingering fog disappeared.

Of course, the most important thing is the breath—the fog and rain ship at this time is clearly exuding the breath of ordinary Taoist weapons!

“Let’s go!”

Xu Ming stood in the control room, his mental power spread out, and he controlled the Wuyu Ship with all his strength.

boom!

The fog and rain ship shook for a while, but failed to start.

“Huh!? – My strength, trying to control a semi-artifact is really difficult!”

Thinking about it, Xu Ming opened a few times for himself to hang up.

boom!

The Wuyu Ship shook again, and this time, the Wuyu Ship finally moved slightly.

“Able to move?” Xu Ming’s eyes lit up.

From standstill to startup is undoubtedly the hardest! Now that it is started, the next thing will be much easier.

Xu Ming continued to use his mental power to control the Wuyu Ship to accelerate – although the acceleration was very slow.

“Xiao Huang, where do I go?” Xu Ming asked.

Xiao Huang said: “Go to the sky!”

rumbling...

The Wuyu Ship slowly lifted off into the sky, and then gradually, it opened faster and faster...

At the end of the sky ahead, a huge vortex appeared in vain.

“Brother Ming, drive into the vortex, and we can return to the Endless Continent!”

“Um!”

The Wuyu Ship calmly and heavily drove directly into the vortex of space.

...

Wilderness.

In Gu Kongshan’s small courtyard.

The breeze is coming, and the tea is fragrant.

“How can the owner of the scorpion have time to drive my wild sect today?”

Gu Kongshan brewed tea himself, and the person sitting opposite him was the owner of Chikissance of Lanting Villa.

“There are two things!” Oxie said with a smile.

“Old Manor, please speak!” Gu Kongshan said sternly.

Speaking of which, the owl kiss is indeed kind to the Wilderness Sect.

When Ao Wanya attacked last time, if it wasn't for the help of the owl kiss, then I am afraid that the entire Savage Sect would have been destroyed!

Although the owl kiss shot, it was because of the "Lan Ting Ling" relationship. But the Lanting Order in the hands of the Wild Wilderness Sect was left by the ancestors a long time ago; even if Qi Kiss did not recognize this Lanting Order, Gu Kongshan had nothing to do.

Moreover, although the owl kiss did not keep Xu Ming in the end, it is understandable – Gu Kongshan can't ask for the owl kiss. For the sake of Xu Ming, he will use the entire Lanting Villa to fight Wanya Pavilion to the death, right?

Therefore, in any case, Gu Kongshan has accepted the kindness of Qixiu's help last time.

"Haha, it's not so serious, relax a little bit!" Chi Kiss laughed, "The first thing is to congratulate you! – You have entered the spiritual realm and brought the Wilderness Sect back to the ranks of Xuan-level forces. It's really gratifying. Hey!"

Gu Kongshan waved his hand and smiled humbly: "It took me a long time to enter the spiritual realm. I'm afraid that's what I have achieved in my life... It's difficult to go further!"

"Kongshan, don't underestimate yourself!" Qixi urged, "The journey of martial arts is full of miracles! There are many examples where you practice at an average speed when you are young, but you practice faster as you get older! – Kongshan, you have been moving steadily along the way. The foundation is very solid; I don't know when it will be accumulated in the future!"

"Kongshan has been taught!"

"As for the second thing..." Ou Kiss took a sip of tea and said, "I heard that Xu Ming, your genius disciple of the Wilderness Sect, has returned in good faith?"

"Yes!"

"I really have a lot of interest in him! – Last time, he didn't know what method he used, and he was able to sneak away quietly while Yu Mo and a few others were fighting against Ao Wanya." Qi kiss

smiled, “Now , he has come back in an open and fair manner; presumably, he has the confidence to fight against Ao Wanya, right?”

The owl kissed for a while and continued: “In just a few months, I can have the confidence to fight against Ao Wanya; I really can’t imagine how he did it! – I really want to see him in person!”

“The villa master, it’s a bit unfortunate that you came here.” Gu Kongshan sighed, “Xu Ming slipped out again recently, and even I can’t contact him!”

“Haha, it’s alright!” Oxie said with a smile, “Recently, the Lanting Villa has nothing to do anyway, so I’ll stay with you for a while – why, welcome?”

“Welcome! Of course you’re welcome!” Gu Kongshan laughed and laughed, “Even if I wanted to invite him on weekdays, I wouldn’t be able to invite the owner of the village!”

...

Qi Kiss and Gu Kongshan were drinking tea and chatting happily; but they didn’t know that a terrifying figure was galloping towards the Wilderness Sect – it was the Ao Wanya that broke through to the back of Dao Jun.

Ao Wanya was flying at a very high speed, and at the same time he couldn’t believe what the Golden Rat said to him.

“The Wilderness Sect, millions of years ago, turned out to be one of the thirty-six holy places?”

Of course Ao Wanya understands the concept of “Holy Land”! – Even with his current strength, people who want to join the Holy Land ~www.readwn.com~ may not be willing to accept him! Even if you accept it, at most it will be the most ordinary disciple!

And the Savage Sect was once a holy place! ?

Ao Wanya shuddered just thinking about it.

“The Golden Rat asked me to explore the hiding location of the treasures inherited from the Wilderness Sect. I don’t know if this task can be successfully completed...”

Ao Wanya can fully imagine that if he cannot complete the task, what a tragic fate awaits him – there is no free lunch in the world, since Ao Wanya has broken through to Daojun with the help of the golden rat; then , must have paid a very painful price.

“Also, I heard that Xu Ming has returned in good faith? I really don’t know whether to live or die! I’ll clean it up then!”

Soon, Ao Wanya arrived near the Wilderness Sect. His spiritual power has spread, and it can directly cover the entire Savage Sect.

Everyone in the Wilderness Sect was under Ao Wanya’s investigation: “Huh? Why is this arrogant ***** here? – However, I’m a Taoist now, even if he’s here, it won’t stop me. I!”

Chapter 346: , ***** Sky

In the small courtyard, Qi Kiss and Gu Kongshan were enjoying tea leisurely.

“Kongshan, after you broke through the spiritual realm, your accomplishments in the tea ceremony have become more and more exquisite!” Chi kiss gently blowing the fragrant tea in the cup, “This cup of tea not only has a mellow taste, but also leaves a fragrance on the teeth and cheeks. The effect of spiritual nourishment. After a cup of tea, the whole person seems to be calm; in this state, it is the most suitable for cultivation!”

“It’s just a hobby, nothing to say about attainments.” Gu Kongshan said with a smile.

“No, no, I can’t make your cup of tea!”

The owl kiss is talking.

Suddenly, his face suddenly changed: “What a tyrannical mental force! Who is it?”

Ao Wanya broke through to the Daojun, and his mental power underwent some transformation, but he was immediately noticed by the owl kiss – after all, the owl kiss itself is not far from the realm of the lord.

“What’s the matter?” Gu Kongshan found that Chi Kiss’s face was wrong, but his strength was low, but he couldn’t detect Ao Wanya’s mental power coverage.

“There are experts!”

As he said that, the spiritual power of the owl kisses also spread out.

“Ao Wanya!” Chi Kiss’s face changed suddenly.

Because he discovered that Ao Wanya had actually broken through!

“Kongshan, be careful, Ao Wanya is here again! Moreover, he has broken through to the realm of Daojun!”

Whoosh!

While speaking, Ou Kiss has already flown into the sky.

“Ao Wanya is here again?”

Gu Kongshan’s expression became solemn – although he expected that after Xu Ming returned in a fair manner, Ao Wanya would definitely come to the door; but what he didn’t expect was that Ao Wanya broke through!

“Dao Jun...”

These two words immediately made Gu Kongshan feel a heavy weight. Their barbarian sect has not been a Taoist for many years!

“I didn’t expect Ao Wanya to break through... Can Xu Ming still deal with him?”

Whoosh!

Immediately, Gu Kongshan also rose into the sky.

Those who should come can't escape. Since Ao Wanya is here, Gu Kongshan, as the suzerain, will definitely go to meet him.

Ao Wanya was extremely fast, and within a few breaths, he had already appeared above the Wilderness Sect.

“Ao Wanya!” The owl kiss stood in the sky, and his voice boomed like thunder, “What are you doing here in the Wilderness Sect again? – You promised me that you would never come to the Wilderness Sect again to make trouble! It's too unreasonable to go back on your word now. Did you pay attention to it?”

“I promised you? Well, it seems that I have promised! But...” Ao Wanya sneered and suddenly cursed, “However, owl kiss, I just don't take you seriously, so what? You shouldn't I didn't find it, I have broken through, right?”

The owl kiss suddenly turned pale.

This is Chi Guoguo's use of power to oppress people, and Chi Guoguo's refusal to kiss him face.

It's not over yet.

“Kiss, I advise you to get out of the way!” Ao Wanya sneered, “This is a matter between me and the Wilderness Sect, and it has nothing to do with you. Stop meddling with dogs and mice there!”

In the sky, the conversation between the two parties was like rolling thunder, which naturally alarmed the entire Wilderness Sect.

“What's wrong?”

“What happened?”

In the Wilderness Sect, there was a sudden panic.

The warriors rushed out of the room and looked up at the sky.

“That is...?”

“Ao Wanya is here again!?”

The Wilderness Sect felt a burst of panic from top to bottom.

Although Xu Ming said that he could compete with Ao Wanya, after all, no one has seen it before!

Moreover, everyone heard from the dialogue that took place in the sky – Ao Wanya, broke through!

“This Ao Wanya dares to despise the owner of Lanting Villa like this...”

“He must have made a big breakthrough to dare to be so arrogant?”

The cultivation base of the wild sect warriors is too low to understand what level Ao Wanya has broken through now. But undoubtedly, it must be much stronger than before!

Can Xu Ming still be Ao Wanya’s opponent? – People are becoming more and more unconfident.

And, most importantly, during this time, Xu Ming didn’t know where he went...

Xu Ming is not here, and Oxie is an outsider again. The Wilderness Sect has no sense of security at all!

Whoosh! Whoosh! Whoosh! whoosh...

Ten figures soared into the sky and came to Gu Kongshan’s side in an instant. It was Heishan Eighteen Axe and Yang Hao.

“Sect Master Gu, what’s wrong?”

“Old enemy.” Gu Kongshan said in a voice transmission, “And he has already broken through to Daojun!”

“Dao Jun...”

Even if Heishan Baishi and Yang Hao worship Xu Ming, they are still shocked by the word “Daojun”.

Daojun Deng, to them, is completely a legendary existence!

The conversation in the sky continues.

“Why, owl kiss, still refuse to go away?” Ao Wanya sneered.

Chi Kiss silently pulled out his blood sword: “I haven’t really shot for a long time... Let me see and see how powerful a real Taoist master is!”

“Hahahaha... owl kiss, you dare to draw a sword in front of me with your mere strength as a half-step Daoist?” Ao Wanya couldn’t help laughing, “Well, since you want to court death, I will fulfill you! – Exactly, I After the breakthrough, it’s time for my Wanya Pavilion site to expand! Kill you, go back and destroy Lanting Villa, just right, just right!”

“Want to destroy my Lanting Villa?” Chi kissed with murderous intent in his eyes.

boom!

A **** sword light ripped apart the sky and directly killed Ao Wanya.

At the same time, the owl kiss hurriedly transmitted Gu Kongshan: “You quickly find a way to contact Xu Ming, if he can come, we can join forces, there is still some chance of winning! If I am alone, I am definitely not his opponent, at most I can only support for a while!”

Gu Kongshan hurriedly sent a voice transmission to Gu Hanmo: “Hanmo, is there any way to contact Xu Ming?”

At this level of battle, Gu Kongshan, Yang Hao, and Heishan Eighteen Axes would not be able to participate at all. They could only step back far away and watch.

“I’ll try it!” The only thing Gu Hanmo could contact Xu Ming was the one that could only convey two messages of “safety” and “dangerous”.

Drop drop drop drop...

One after another “dangerous” messages were sent out one after another.

But in fact, when Ao Wanya just arrived above the Wilderness Sect, the puppet that Xu Ming hid in the Wilderness Mountain had frantically sent a “dangerous” message to Xu Ming.

And Xu Ming has already received it.

boom! boom! boom! ...

In the sky ~www.readwn.com~ Half-step Daojun’s kiss, and Daojun’s realm Ao Wanya, the battle between the two of them is simply devastating!

The blood-colored sword light dyed the entire sky red, however, it couldn’t hurt Ao Wanya in the slightest!

“The real Daoist should not be underestimated!” Chi Kiss deeply felt the difficulty.

“Heh! Oxie, your blood swordsmanship has become more and more proficient, and it has reached the realm of ‘blood light’!” Ao Wanya still has time to laugh, “It seems that you are not far from breaking through Daojun, right? It’s just, unfortunately, you are not a real Daoist after all! – Try my trick!”

call out-

A golden thread containing the source of gold instantly tore apart the blood-colored sword light in the sky – like a pair of extremely sharp scissors, cutting a blood-red cloth.

The blood-colored sword light that filled the sky immediately began to disintegrate and dissipate.

Chapter 347: , A Loud Noise In The Sky

“The origin of gold...”

The owl kiss looked terrified.

Although Ao Wanya mastered only a trace of the source of heaven.

But as soon as this trace of the source of gold came out, the blood-colored sword light that filled the sky with the kiss could only collapse.

“Kiss, don’t be naive!” Ao Wanya deceived himself and approached, “The origin of heaven, how noble! You don’t understand this level, you can’t understand it, get out of my way!”

boom! boom! boom! ...

The owl kissed hard against Ao Wanya’s repeated attacks, but could only retreat.

After struggling to resist dozens of rounds—

“puff!”

The owl kiss was finally blasted out, his face was pale, his breath was vain, and he almost lost his ability to resist.

“The gap between me and Ao Wanya is too obvious...” Chi Kiss had to accept it.

In fact, the strength of the owl kiss is really not weak!

As a half-step Daojun, he has already had some vague understanding of the way of heaven; in terms of combat power, it is probably more than five times that of the ordinary Lingfeng realm! – Even if Xu Ming is in a frantic state, he is not necessarily much stronger than him!

However, facing Ao Wanya, Chi Kiss was completely suppressed, and there was no chance at all.

“Kiss, you’d better be honest with me!” Ao Wanya snorted coldly, “I don’t want to kill you for the time being, don’t come together to find death yourself!”

After all, Oxiu is the owner of Lanting Villa, and there are all kinds of complicated relationships behind him. Therefore, Ao Wanya was reluctant to kill him for the time being, so as not to cause trouble.

“Zhuang Zhuang lost, and he lost so fast...” Gu Kongshan let out a long sigh in his heart.

If the owl kiss is defeated, then no one will be able to resist Ao Wanya in the slightest.

“Xu Ming, come back soon...” Gu Kongshan’s only hope was that Xu Ming returned quickly. But obviously, Xu Ming couldn’t appear so soon!

Besides, even if Xu Ming did return, he would be able to deal with Ao Wanya?

“Brother Ming, where are you...”

The last hope of the Wilderness Sect was only Xu Ming.

“Xu Ming...” Gu Hanmo’s mood was contradictory.

She not only expected Xu Ming to appear immediately, but also did not want to see Xu Ming appear – Ao Wanya is too strong! Gu Hanmo was worried that even if Xu Ming appeared, he would just throw himself in the net.

“What should we do...?” Gu Hanmo was full of powerlessness.

At this time, Ao Wanya’s tyrannical mental power covered the entire Savage Mountain, locking everyone in the Savage Sect.

“It’s hard to imagine that a holy place would decay into what it is now...” Ao Wanya sighed with emotion, “Sure enough, there is no permanent prosperity in the world!”

Of course, what Ao Wanya cared about most was the task given to him by the Golden Rat—to find the location of the treasures inherited from the Wilderness Sect.

“How to investigate this? The one who is most likely to know the secret of the inheritance treasure is undoubtedly Gu Kongshan! But not necessarily, other elders of the Wilderness Sect, and even ordinary disciples, may also know...” Ao Wanya pondered, “Then... first take the entire Wilderness Sect and bring them back!”

“Well! That’s it!” Ao Wanya made up his mind.

About to do it.

rumbling...

At this moment, the sky above the Wilderness Sect suddenly trembled faintly, and bursts of thunder sounded out of thin air.

“what happened?”

Even Ao Wanya was puzzled: “Where did the voice come from?”

Ao Wanya’s mental power covered the entire barren mountain. He found that the rumbling thunder sounded in this area, but he couldn’t find the source of the sound.

“Weird!”

Immediately afterwards, Ao Wanya felt that the air in front of him was stirred up by layers of ripples.

It was as if something was about to come out of the air.

“What the **** is going on?” The owl kiss was also puzzled.

As for the Eighteen Axes of Montenegro, Yang Hao, and ordinary people in the Wilderness Sect, it is even more difficult for Monk Zhang Er to be puzzled.

Only Gu Kongshan faintly realized something: “Could it be...”

boom!

As he expected, a huge spatial vortex appeared in vain where the thunder roared.

“Space shuttle? Really the legendary space shuttle!?”

Gu Kongshan also knew that the vision in the sky was very similar to the scene when he traveled through space because he had read the records handed down by many ancestors.

But Gu Kongshan is more puzzled: “Who would travel through space to our Wilderness Sect?”

Everyone held their heads up and looked suspiciously at the huge vortex in the sky.

rumbling...

At this time, a huge ship slowly protruded from the vortex of space.

It was just a bow at first, and then the hull behind it was slowly exposed.

“It’s a boat!”

“A flying ship!”

“Why do ships fly in the sky?”

Disciples of the Wilderness Sect, how have they ever seen such a scene? Don’t tell me, I haven’t even heard of it – isn’t the boat floating in the water? How can you still fly?

Ao Wanya, Qixi and others knew a little: “Ship treasures!?”

Ship treasures, the lowest grade is also a spiritual tool, and the value is hundreds of times thousand times more than other treasures of the same level.

“Why did a ship-type treasure suddenly appear?” Ao Wanya felt a little strange.

The huge ship slowly “struggled” out of the vortex of space, revealing a mile-long panorama—this is the shrunken and camouflaged fog and rain ship!

The Savage Sect disciples who had never seen the world exclaimed: “What a big ship!”

Just when everyone was shocked, a hatch was suddenly opened on the huge ship, and a calm young figure appeared on the bow deck.

The young man’s eyes were directed at Ao Wanya, his eyes were even sharper than those of Ao Wanya, who had understood the way of the heavens of gold!

“Huh? That boy is...”

That’s right!

It’s Xu Ming!

It’s Brother Ming!

There was a loud bang in the sky, and Brother Ming appeared!

“Xu Ming!?” Ao Wanya was shocked.

“Xu Ming!” Chi-kiss was no less horrified than Ao Wanya.

“Xu Ming is back...” Gu Hanmo actually felt Xu Ming first—as early as when the bow of the ship emerged from the vortex of space; Gu Hanmo telepathically sensed Xu Ming’s appearance.

“It’s Xu Ming!” Gu Kongshan glared at him, “This kid, his appearance is really big enough!”

The other people in the Wilderness Sect are completely boiling!

“It’s Brother Ming!”

“Brother Ming! Brother Ming!”

“Brother Ming is here in a flying boat!”

“So handsome!”

“Too mighty and domineering!”

“Brother Ming will win!”

“Brother Ming is invincible!”

“Brother Ming, crush that Ao Wanya!”

In an instant, everyone in the Wilderness Sect was full of confidence in Xu Ming’s victory!

“Ao Wanya!” Xu Ming’s eyes were cold and ruthless, “I didn’t expect that before I could find you to settle the bill, you would come and die by yourself!”

Chapter 348: , 1 Bombarded To Death

Ao Wanya was indeed shocked by Xu Ming’s shining appearance. After a long time, he recovered and regained his arrogance.

“Humph! Isn’t it just a broken ship?” Ao Wanya sneered disdainfully, “Who are you driving out to scare?”

Broken ship?

Still “not just a broken ship”?

Xu Ming was stunned to hear it—how loud must he be to say such a thing!

This is a demigod!

And it is also the most precious ship-type semi-artifact!

Looking at the entire endless continent, I don’t know if I can find more precious treasures than the Wuyu Ship!

And Ao Wanya, actually said that this was a broken ship?

Xu Ming really wanted Xiao Huang to take Ao Wanya onto the boat and give him a good lesson, so that he could understand how precious, arrogant and invincible the Wuyu Ship was!

The funny thing is that Ao Wanya is still there, showing off his ignorance: “Manipulating ship treasures requires a lot of your own strength! – With your little strength, how powerful ships can you control? Is it a medium-grade spirit tool? It’s a top-grade spirit tool, right?”

“I’ll just treat your broken ship as a top-quality spiritual weapon!” Ao Wanya made what he thought was the most extreme and boldest guess, “Even if it is a top-quality spiritual weapon, so what? I can easily hold a Taoist weapon. Break your ship and kill you – you’re arrogant, arrogant!”

At the end, Ao Wanya snorted heavily: “Ignorance!”

ignorance?

Who is ignorant?

Xu Ming just laughed without saying a word – this Ao Wanya is really ignorant and terrifying!

Looking at the endless continent, there may not be a fog and rain ship that anyone can break open; in the eyes of Ao Wanya, it can be “easy to break open”...

Really ignorant and fearless!

Ignoring his ignorance, Xu Ming asked directly, “Ao Wanya, what are you doing in my Wilderness Sect again? – Want to arrest me?”

“Arrest you? That’s just one of the things!” Ao Wanya sneered, “The other thing is to arrest all of your people from the Wilderness Sect—it’s just that your boat is big enough, quickly take your people from the Wilderness Sect Upload them all, and then honestly follow me back to Wanya Pavilion!”

Want the entire Wilderness Sect to go back to Wanya Pavilion with him?

Xu Ming couldn’t help but wonder – this Ao Wanya, why do you do this, what is the purpose?

Gu Kongshan’s face was also full of doubts, and he thought to himself, “Why does Ao Wanya suddenly make this request, and what is the purpose? – Does he want to destroy my Wilderness Sect in order to avenge the murder of his son?”

But it’s not right!

If it's for the purpose of destroying the Wilderness Sect, then Ao Wanya can just kill it right now! Why even bother? – It is much harder to capture everyone back than to kill everyone!

“Ao Wanya! What are you trying to do?” Xu Ming snorted coldly; he always felt that there was a conspiracy involved.

“What the **** I want to do, you don't need to know! Anyway, Xu Ming, Gu Kongshan, you two, immediately think of a way to get the entire Wilderness Sect on board, and then follow me back to Wanya Pavilion! Otherwise...” Ao Wanya grinned, “Otherwise... Xu Ming, your little lover, that is, your daughter Gu Kongshan, will suffer!”

Saying that, Ao Wanya glanced at Gu Hanmo with a profound meaning.

Suddenly, Gu Hanmo had the illusion that he was being stared at by a beast.

“How dare you use Gu Hanmo to threaten!” Xu Ming was so angry that his veins burst out.

“Heh, Xu Ming, I advise you not to resist!” Ao Wanya sneered, “I can easily kill anyone in your Wilderness Sect with just one mental attack—you know, you can't stop me! ”

“I really can't stop you...” Xu Ming's eyes were cold.

“Since you have self-knowledge, why are you still standing still? Why don't you put everyone on a boat and follow me?” Ao Wanya continued to threaten.

“Okay...” Xu Ming's answer was beyond everyone's expectations.

“Xu Ming?” Even Gu Kongshan couldn't help saying.

Xu Ming ignored Gu Kongshan, but slowly lowered the ship, and at the same time shouted to everyone in the Wilderness Sect, “Everyone, come up!”

There was a satisfied sneer at the corner of Ao Wanya's mouth: “Don't you want to cooperate honestly? That's right... If you want to fight with me, Ao Wanya, you are still worse...”

However, before Ao Wanya finished speaking, suddenly—

boom! !

On the fog and rain ship, a huge fiery red beam of light suddenly shot out.

Ao Wanya didn't react at all, and was swallowed by the beam of light in an instant. Almost at the same time, it evaporated into nothingness. During the whole process, Ao Wanya didn't even have time to feel the pain, and he died with no scum left!

“Um!?”

“Forehead?”

“Well?”

“what's the situation?”

“What about the people from Ao Wanya?”

Everyone at the scene didn't realize what happened, and they were all stunned.

What everyone saw in their eyes was this – the Wuyu Ship suddenly shot a fiery red beam of light, and then Ao Wanya disappeared without a trace under the beam of light.

As if it never happened.

“What about the people from Ao Wanya?”

“do not know!”

“Do you still want to board the ship now?”

“do not know!”

The confused faces turned to Xu Ming one after another.

“Xu Ming, where is Ao Wanya?” Even Gu Kongshan was not sure, was Ao Wanya dead? Or disappeared to where?

“Yes, Brother Ming, where is Ao Wanya?”

Everyone couldn’t help but ask questions.

Xu Ming spit out two words indifferently: “Dead!”

“died!?”

The scene suddenly fell into a dead silence.

Although everyone was well prepared and knew that this would be the answer, they were still deeply disbelieving when they heard Xu Ming say it.

This is the great power of Daojun!

Under Xu Ming’s shot, he died so easily and inexplicably?

The disciples of the Wilderness Sect all thought: “Don’t say we don’t know how Ao Wanya died, even Ao Wanya himself, I’m afraid he doesn’t know how he died!?”

This shot was so sudden!

However, Xu Ming sighed: “Alas...kill a chicken with a bull’s knife!”

is not that right!

What Xu Ming used was the wrecker gun hidden on the Wuyu ship.

The weakest attack is comparable to the Six-step Daoist!

Such a terrifying attack~www.readwn.com~ against Ao Wanya who has just broken through to Daojun, isn't this bullying? Isn't this the very standard "killing a chicken with a bull's knife"?

Even Xu Ming also considered that if this cannon hit the ground, maybe the entire barren mountain would be blown up.

Therefore, Xu Ming deliberately looked for opportunities to lower the height of the ship.

When the height of the ship dropped to a lower level than Ao Wanya, Xiao Huang, who had long received Xu Ming's order, blasted out a cannon!

Spike!

Kill without a doubt!

One shot to death!

And it is impossible to die again!

Even Lanting Villa Qixi was dumbfounded: "What a terrible shot! There are such treasures in the Wilderness Sect... Sure enough, the background of the Wilderness Sect should not be underestimated!"

The owl kiss subconsciously regarded the ship that Xu Ming was driving as a treasure handed down by the ancestors of the Wilderness Sect.

Chapter 349: , Destroy Wanya Pavilion

In addition to shock, the owl kiss was more frightened.

“Even Ao Wanya, who realized the origin of gold, was bombarded with nothing left; then, if this bombard hit me...”

Just thinking about the owl kiss makes it scary.

“Xu...Brother Xu Ming!” The kiss completely regarded Xu Ming as a being of the same level, and even changed the title, “Your battleship is a Dao weapon class, right?”

“Not bad!” Xu Ming was about to disguise the Wuyu Ship as a Taoist weapon.

After all, a demi-artifact is too appalling!

“Brother Xu Ming is a good way!” Chi kisses sighed again and again, “It is possible to refine a battleship of the Taoist level. Come to think of it, brother Xu Ming’s own strength is also in the Lingfeng realm, or even a half-step Daojun?”

Ship treasures are the most valuable among many treasures, and they are also the most difficult to refine.

Even low-grade Dao-level warships generally require the strength of Lingfeng Realm to refine them. For example, the reason why Xu Ming was able to refine the fog and rain ship was entirely based on the auxiliary formation left by the old man who was too short. If he really wanted to rely on his strength to refine the fog and rain ship, Xu Ming was still far behind!

“Zhuang Zhuang, you should just call me by my name, I can’t afford a name like yours!” Xu Ming laughed.

The owl kiss shook his head: “On the Endless Continent, everything depends on your strength! Your strength is completely worthy of my calling ‘Brother Xu Ming’!”

In the world of monks, age and status have little meaning; the most meaningful thing is strength!

Even if you are only a teenager, as long as you are strong enough, those monks who are hundreds or thousands of years old will still call you “senior” honestly.

There is no precedence in the road of martial arts, and the one who succeeds is respected.

“Zhuang Zhuang, Lanting Villa and my Wilderness Sect have been friends from generation to generation; you and I don’t have to be so polite, right?” Xu Ming jumped off the deck of the ship and smiled, “Besides, today’s matter, I still I didn’t thank you very much, the owner of the scorpion!”

Gu Kongshan also sighed with emotion: “Yeah, Zhuang Zhan! If you didn’t help today, I’m afraid that before Xu Ming came back, our Wild Wilderness Sect would have no idea what they were tossed into! – Such kindness is unforgettable. !”

“Sect Master.” Xu Ming looked at Gu Kongshan, “Should we hold a banquet first and thank the owner of the villa? By the way, also ask the owner of the villa how to deal with the Wanya Pavilion.”

Gu Kongshan’s eyes lit up: “Yes, yes! – Come on, set a banquet immediately!”

Oxie’s eyes also lit up – Xu Ming’s words are very clear, that is, he wants to carve up Wanya Pavilion’s site with him Lanting Villa.

Carve up the site?

This kind of good thing, owl kiss is of course interested!

At the banquet, the two sides happily decided how to attack Wanya Pavilion and how to divide up the territory.

When discussing the attack plan, Xu Ming just said very domineeringly: “Our Wilderness Sect, only dispatched me! They Wanya Pavilion, all the masters above the Lingfeng realm, leave it to me to solve it; as for the others, Your Lanting Villa will be responsible for clearing the field.”

“Okay!” The owl kiss was so happy.

After all, experts above the Lingfeng realm are all tough bones! Xu Ming took the initiative to ask for hard bones, and Oxus naturally agreed.

In terms of dividing up the site, the two sides had a little dispute.

“Kongshan, what are you talking about!?” Qixi held a wine glass and looked at Gu Kongshan in horror, “Our Lanting Villa occupies 70% of the site of Wanya Pavilion, while your Wilderness Sect only needs 30%?”

“That’s right!” Gu Kongshan also held a wine glass.

“No way!” Unexpectedly, Chi Kiss denied it, “If Xu Ming hadn’t killed Ao Wanya, we wouldn’t have our share of the Wanya Pavilion site at all. Even, maybe sometime, Ao Wanya will come to occupy it. Where is the site of my Lanting Villa! – So, 70% of the site of Wanya Pavilion belongs to you, and we only need 30%!”

“No, no, no!” Gu Kongshan said in succession, “The owner of Qi Zhuang has a great favor for our Wilderness Sect, 70% of you and 30% of us!”

“What kind of favor or not, anyway, absolutely not! – I kiss, I am a principled person! If I say 30%, it’s 30%! I only want 30%!”

“But Zhuang Zhuang, we have too few experts in the Wilderness Sect, and it’s useless if the site is too large... I can’t control it!”

“You can control it, you can’t control it, it’s your business!” Qixi decided to die, “Anyway, I only need 30%! Don’t need more!”

...

Everyone in the audience watched this wonderful bargaining speechlessly – both sides kept asking themselves to take less and the other to take more.

After arguing for a long time, it was finally finalized – each side divided half of the site.

“Kongshan, your bargaining power is so strong, you’ve been fighting with you so much that your mouth is dry – come on, drink and drink!”

“Each each other, you are not weak! Drink!”

The two raised their glasses and drank it all in one go.

...

To completely destroy a mysterious power, this is not a trivial matter, and naturally a lot of preparations must be done.

Half a month later, Xu Ming drove the fog and rain ship and joined the army of Lanting Villa outside the gate of Wanya Pavilion.

“Orange Master!” Xu Ming stood at the bow of the boat, holding hands from afar.

The deck behind Xu Ming was full of onlookers who came to “watch the ceremony”.

Wilderness Sect, Blood Thunder Gate, and Eighteen Axes of Montenegro, all came; after all, this is a rare show!

“Xu Ming, it seems that you completely take this battle as a tour of the mountains and waters!” Qi Kiss smiled.

“Lanting Villa, Savage Sect! Don’t be too arrogant!” Wanya Pavilion’s deputy pavilion master, a master of Lingfeng Realm, hid in the pavilion guard and shouted, “Want to destroy my Wanya Pavilion? – I Wanya Pavilion can’t be defended, let’s see what you can do!”

Can’t stand it?

is that useful?

Chibi raised his brows: “Xu Ming, I’ll leave it to you!”

The corner of Xu Ming’s mouth evoked a wicked smile: “Small meaning!”

The wrecker guns of the Misty Rain ship are activated again.

It was still only an attack of minimal power. After the two shots of “Boom” and “Boom”, Wanya Pavilion’s pavilion guarding formation was directly bombed!

Wanya Pavilion went up and down, and it was bombarded with stunned faces – an unbreakable pavilion guard! Just exploded like that?

“kill!!”

“Kill!”

The overwhelming screams of killing sounded, and the army of Lanting Villa directly crushed and killed Wanya Pavilion.

And Xu Ming also ordered Xiao Huang to lock in the masters of Lingfeng Realm from Wanya Pavilion. As long as a few bombardments pass, those masters will be directly bombarded with no **** left.

“We surrender!”

“Surrender, don’t kill!!”

“Friends of the Wilderness Sect over there~www.readwn.com~ Please don’t shoot!”

“We surrender! All surrender!”

The masters of Wanya Pavilion were really frightened by Xu Ming’s cannons, and they all knelt down and begged for surrender; they were afraid that they would be bombarded again after a little hesitation.

Even the protective pavilion was bombed by two cannons. How could their flesh and blood be able to stop the power of the cannons?

“Uh... This battle must have gone too smoothly...” Xu Ming, Gu Kongshan, Chi Kiss and the others were all speechless.

The kiss was even more ashamed and said: “Kongshan, how about, let’s discuss the allocation of this site again? Without any effort, I took half of the site of Wanya Pavilion. I feel sorry for it...”

“No discussion!” Gu Kongshan’s tone was firm.

...

Somewhere in the deep mountains thousands of miles away, a little golden mouse suddenly stared at its funny little eyes, and looked “profoundly” in the direction of Wanya Pavilion.

Chapter 350: ,Marriage

This little golden mouse was the same gold-devouring mouse that had instructed Ao Wanya to break through to Daojun before.

“What a powerful attack! One shot killed the waste of Ao Wanya, and two shots blew away the protective formation of Wanya Pavilion... It seems that the battleship should be a top-quality Taoist weapon, and it focuses on attacking. The kind!”

The Golden Rat pondered.

“As I expected, the Wilderness Sect really has treasures; otherwise, how could such a battleship emerge!”

The Golden Rat took it for granted that this battleship should be a heritage treasure from the Wilderness Sect.

“But now, this waste Ao Wanya is dead, who else can help me find out the hidden location of the heritage treasure?” The two small eyes of the Golden Rat twitched, “If I do it myself, It’s too easy to leave traces... Moreover, once it is discovered by the human race inspectors in this area, it will be miserable!”

In the territory of the human race, it is almost impossible to see monsters above the spiritual realm; because once a monster grows to the spiritual realm, it will be immediately beheaded by human masters.

And this golden-eating rat with the strength of “Six-step Daojun” is of course not born and raised in the territory of the human race, but secretly lurking from the demon race.

You must know that it is not easy for the demon clan to send a Taoist master to sneak into the territory of the human clan, and the price is very high.

For the demon clan, a Taoist-level monster that successfully infiltrated the human race was even more important than a Taoist-level monster within the demon clan’s territory.

Therefore, like this golden-devouring rat, unless it is absolutely necessary, it will not take action at all – its life is too valuable to the demon clan!

“Exploring the hidden location of the treasures inherited from the Wilderness Sect, you must not be in a hurry... You have to take your time!”

Thinking about it, the gold-devouring rat burrowed into the soil and disappeared.

...

On the deck of the Wuyu Ship, Xu Ming squinted, examining the three surrendered deputy pavilion masters of Wanya Pavilion.

These three people are all experts in the Lingfeng realm, but Xu Ming is not worried about what tricks they will make on the fog and rain ship. After all, Wuyu Ship’s artifact spirit “Little Huang” is a half-step Daoist strength; three Lingfeng cultivators in mere mere three can turn over the sky under Xiao Huang’s eyelids?

Therefore, Xu Ming was very relieved and put the three people on the boat.

“You three, surrender sincerely?” Xu Ming asked.

“Sincerely! Absolutely sincere!” The three of them nodded.

“It’s good to surrender sincerely!” Xu Ming pondered, “Our Wilderness Sect is short-staffed, and we have just annexed so many of your Wanya Pavilion sites, so we really can’t handle it. Since the three of you surrender sincerely, then I will definitely reuse you. of!”

A look of joy appeared on the faces of the three of them.

They surrendered mainly to save their lives. Now, not only can my life be saved, but it will also be reused. Of course, I am happy!

“Xu Ming.” Gu Kongshan reminded quietly through voice transmission, “This kind of master who just surrendered should not be reused. In case they draw forces to rebel...”

“Don’t worry, Sect Master!” Xu Ming replied through voice transmission, “I have my own way to ensure that they will be obedient like a dog!”

“Oh?” Gu Kongshan was suspicious.

“By the way, what are the names of the three of you?” Xu Ming asked casually.

The three couldn’t help but feel depressed.

They are all experts in the Lingfeng realm, and in the territory ruled by Huxin Island, they are also quite famous people! But Xu Ming didn’t even know their names...

Besides, when Xu Ming came to attack Wanya Pavilion, didn’t he first understand the situation of Wanya Pavilion? – The so-called “knowing yourself, knowing your enemy, and winning a hundred battles”, you don’t even know the situation before you kill them. How confident you must be!

However, Xu Ming is still a confident capital! – Wanya Pavilion, the top mysterious force, was conquered by his two shots!

The three murmured in their hearts for a while, but they answered honestly:

“Cao Mingtao.”

“Ao Sheng.”

“Ao negative.”

“Yeah!” Xu Ming nodded, “Come with me, I have something to explain to you!”

The three of Cao Mingtao followed Xu Ming suspiciously and walked into a secret room in the cabin.

The door of the secret room closed automatically.

There was a slight flash in the hearts of the three of them, and they asked, “Ming... Brother Ming, do you have any orders?”

“I can’t tell you what to do! But...” Xu Ming’s mouth curled into a wicked smile, “Xiao Huang, help me restrain them!”

“Huh!?” The faces of the three of them changed suddenly.

But it’s too late!

call out! call out! call out!

Three tyrannical and domineering nihilistic forces directly wrapped their bodies; Cao Mingtao and the three of them couldn’t even move their fingers and blink their eyes.

Immediately afterwards, the three saw that a yellow ape appeared out of thin air—it was Xiao Huang who had been reduced to the size of an ordinary ape.

“Xiao Huang, is your soul bound too?” Xu Ming asked casually.

“Don’t worry, Brother Ming, I still don’t know what you want to do?” Xiao Huang said with a smile.

The three of Cao Mingtao listened in great urgency – binding their souls, what is this going to do! ?

The three of them wanted to shout loudly, but their bodies were bound and their souls were bound, and they couldn’t make a sound at all.

Xu Ming unhurriedly took out the Wansha Soul Orb.

“This Wansha Soul Orb can enslave the soul, let me try the effect!”

Xu Ming chose Ao Neu as the first target to attack—because Xu Ming felt that his name was relatively unlucky and should be easier to attack.

call out!

Xu Ming mobilized the Wansha Soul Orb, and pushed a special gray mist inside the bead into Ao Neu’s body.

Immediately, this wisp of gray fog swam towards Ao Neg’s soul like a poisonous snake coming out of a hole.

“What is this!?” Ao Neg was frightened to death, but his whole body and soul were completely bound, and he could only watch this wisp of gray fog hit him.

hiss-

The gray fog quietly invaded the depths of the soul.

I saw Ao Neg’s eyes, a painful struggle at first; but after a few breaths, the struggle faded away, replaced by incomparably fanatical loyalty!

“Enslavement succeeded!”

Xu Ming obviously also felt the loyalty from Ao Neu, and waved his hand to Xiao Huang to remove the restraint.

As soon as the restraint was removed, Ao Neu immediately fell to his knees with a “pop”, looking up at Xu Ming with incomparable enthusiasm: “Master!”

“Wansha Soul Orb is really amazing, it allowed me to enslave a Lingfeng realm master so easily!” Xu Ming sighed.

Of course, thanks to Xiao Huang for helping to restrain him. Otherwise, if Ao Neu struggled desperately, even if he would rather die than be enslaved, it would be really difficult for Xu Ming to enslave him.

“Next...” Xu Ming turned his attention to the other two.

“The Law of Slavery!”

“It’s the law of slavery!”

Cao Mingtao and Ao Sheng were both heartbroken.

Especially Cao Mingtao, he knew the terrible law of enslavement; he knew that once he was enslaved, he would become Xu Ming’s absolutely loyal slave! At that time, even if Xu Ming ordered him to commit suicide, or even kill his father and mother, he would do it without hesitation!

“No! I don’t want to be enslaved! I’ll make up for it if I die!”

However, being tightly bound by Xiao Huang, even if Cao Mingtao wanted to die, he couldn’t die!

“what-”

Deep in Cao Mingtao’s eyes~www.readwn.com~ struggled with joy.

Soon.

The three figures kneeled at Xu Ming's feet in unison: "Master!"

Xu Ming secretly said: "In this way, I can rest assured to reuse them..."

It's not that Xu Ming's methods are cruel, but if he doesn't do this, he'll have to kill a lot of people before he can conquer the entire Wanya Pavilion – and after he's conquered, there is no guarantee that he will rebel!

And now, directly enslaving these three deputy pavilion masters, the next thing is much simpler and more secure!

...

Time passed silently and peacefully.

Until one day, when Gu Kongshan and Xu Ming were drinking tea, they suddenly said: "Xu Ming, look, you and Han Mo are both sixteen years old and grown up! You should also choose a time for your marriage. Do it!"
