

Break Into Another World #Chapter 51 – 60

Read Break Into Another World Chapter 51

Chapter 51: , Sleep Here At Night

After killing Tian Dali, Xu Ming inherited his legacy as a matter of course—resources with a total value of nearly 200,000 taels of gold and a ring.

“Murdering is a way to make a fortune. No wonder there are so many vicious people who specialize in this business!”

After that, Xu Ming accompanied Sun Ji in the Monster Beast Mountains to earn points for a few days, and when the time was almost up, he returned to the Wilderness Martial House.

There is no doubt that Xu Ming ranked first and was awarded 100,000 taels of gold; Sun Ji ranked second and was awarded 80,000 taels.

After returning to the Wufu, Xu Ming spent another 10,000 points to exchange a holy medicine for healing from the artifact store, and completely cured Sun Ji’s injuries without leaving any hidden dangers.

Xu Ming also gave Xu Kai the extra navy ring – after all, in the capital, Xu Kai was his only blood relative; Xu Ming was considered a bit developed now, so what if he didn’t take care of his clan brother? ?

In Wufu, rumors about Tian Dali’s death quickly spread.

After listening to the vast majority of people, they do not hesitate to think that death is worth it!

There are only one or two people who are like Tian Dali, who are like a raccoon dog, and they even shouted a few words for Tian Dali. Of course, it doesn’t make any difference whether they shout grievances or not, because no one is attacking them at all.

Time flies by in a dull way.

“Finally... the inner training is complete!”

One afternoon, Xu Ming suddenly received a reminder from Xiaohang, saying that his cultivation had been offline and had completed his internal training.

Feeling the surging profound energy in his body, Xu Ming couldn't help but let out a long howl.

Completion of the internal training means that the internal training stage has reached the extreme; wait!

"I have been in this world for more than a month, and I finally dare to say that I am a master!" Xu Ming sighed.

A person who has perfected martial arts practice within the Feiyun Kingdom has a very high status in the Feiyun Kingdom. In such big forces as Feiyun Wuge and Jiuding Chamber of Commerce, they can serve as middle-level managers; in the army, they can serve as captains of ten thousand; in small forces or small forces of the city, you can become a leader!

Moreover, Xu Ming's internal training is complete, and he is not an ordinary internal martial artist!

"Recently, the situation in the capital seems to be a little tense..."

Although Xu Ming was in the wild martial mansion and seldom went out, he could still feel the smell of wind and rain in Yunqi City.

The alert of Yunqi City was much stricter than usual. Yunqiwei, who was originally stationed outside the city, moved into the city in batches, causing people to panic.

The entire Yunqi City is under severe investigation, and it seems that many fugitives and spies from other countries have also been found.

"It seems that at this birthday party, the emperor will abdicate and the new emperor will take the throne. It is very likely to be true..."

When Xu Ming just came back from the Monster Beast Mountains, he originally wanted to clean up Lin Muqing. However, considering that killing Lin Muqing at this point in time, it is impossible to guarantee that the conflict between the Lin family and himself will not be provoked, which in turn will affect Wen Shuai's chances of winning the throne, so he will give up.

Even if Wen Shuai's chances of winning the throne seem to be very low...

It is said that Lin Muqing also wanted to trouble Xu Ming, because he strongly suspected that Xu Ming had offered him a reward in the Hidden Thorn Organization, causing him to lose a hand, and he still hadn't collected the precious medicinal materials to restore his arm. But also because of the tense situation, I didn't dare to come to the door.

Xu Ming's life seemed to be dull, but in fact the undercurrent was turbulent.

"Haha, Brother Xu Ming, you are still clean here!"

Hearing this laughter, Xu Ming also laughed: "Prince Wen San, why are you running around here if you don't compete for your throne?"

"The throne?" Wen Shuai sat down beside Xu Ming at will, and poured himself a cup of tea unceremoniously, "I also want to work hard and do something! But...the things that should be arranged, Mr. Du has already helped me. It's arranged properly; even if I try to do something, I'm just busying myself, I might as well come to you to be quiet and quiet!"

"You can think about it." Xu Ming said.

Wen Shuai was drinking tea, his eyes full of enjoyment: "In a few days, whether it is success or failure, I am afraid it will be difficult to have such a pure time in the future..."

If the competition for the throne is successful, Wen Shuai will become the lord of Feiyun Kingdom, and he will be in charge of the entire Feiyun Kingdom's affairs at that time. And if the competition fails...Wen Shuai's fate is still unknown.

"If the birthday party is postponed for a few months, maybe I can help you change the situation..." Xu Ming sighed, "Unfortunately, my strength is still not enough to help you much!"

"I don't need your help." Wen Shuai said, "I first made friends with you, although I also had the idea of using you to strengthen my power, but more, I still give you this person! To be honest, in my position, I can't really have a friend like you who can chat!"

Although Wen Shuai is the third prince of Feiyun Kingdom, his identity is actually very embarrassing.

Because in the contest for the throne, Wen Shuai's chances of winning are far smaller than Wen Man; so in the upper class of the capital, many people avoid Wen Shuai like a plague, for fear of being misunderstood by the eldest prince that they have a good relationship with Wen Shuai. In fact, many of those forces and masters who took refuge in Wenshuai were aimed at the legendary figure Du Lao.

"Also..." Xu Ming agreed with Wen Shuai's words.

Wen Shuai, in fact, has always been quite lonely; the closest old man to him, Du Lao, is also his elder. There are many things in his heart that Wen Shuai could not find anyone to talk to – until he met Xu Ming.

“I don’t know how many times we can drink tea and chat like this!” Wen Shuai sighed, “Come on, let’s drink tea instead of wine, let’s have a drink!”

“it is good!”

The two of them drank a full glass, and then quieted down very tacitly.

After a long time, Xu Ming said, “I should also go to the birthday party. No matter what the result is, I will do my best to keep you safe!”

Xu Ming’s words are by no means aimless, as long as he finds a way to get a large amount of hanging points, then he can use plug-ins to increase the double attack, double defense, and acceleration to a high level; in this way, Xu Ming can even sweep the entire flight. Cloud Country!

At that time, let alone keeping Wen Shuai comprehensive, even if Wen Shuai was directly promoted to the throne, it would not be so difficult.

“Thank you!” Wen Shuai also heard the confidence in Xu Ming’s words, although he wasn’t sure where Xu Ming’s confidence came from.

“Perhaps, Xu Ming will invite his mysterious master to come out for me!” Wen Shuai thought to himself.

Wen Shuai has always felt that behind Xu Ming, there is a very powerful master. As for how powerful it is... It is estimated that it is at least Du Lao level!

One Du Lao can already make Wen Shuai compete with the powerful eldest prince~www.readwn.com~ What if there are two Du Laos?

“Boss, there is a beautiful woman looking for you!” Sun Ji’s loud voice sounded in the distance.

Beauty?

Xu Ming and Wen Shuai couldn’t help turning their heads to look, only to see that Sun Ji was still rushing towards here in the distance, but a light figure was already in front of them.

“Miss Quan?”

“Quanxin?”

Wen Shuai and Xu Ming were both surprised – why did Quan Xin come here?

“Xu Ming, is that your residence? I slept here at night!” Quan Xin pointed to a small building not far away.

“Um...Yes.” Xu Ming was stunned for a while. He didn’t realize what the situation was, but replied subconsciously.

“Okay, then I’ll go first!” After Quan Xin finished speaking, she ran towards the small building in a hurry, “By the way, Xu Ming, come in too, I have something to tell you!”

As soon as the voice fell, Quan Xin had already entered the small building, and even the door was closed.

“What’s the situation?” Xu Ming was stunned, “Who can tell me what happened?”

“Old... Boss!” At this time, Sun Jicai ran out of breath; obviously, Sun Ji had already tried his best to run all the way, but he still couldn’t catch up with Quan Xin’s speed, “That beauty is looking for you!”

“I see...” Xu Ming was still stunned – what’s the situation? Sleep me at night...here?

“Brother Xu Ming!” Wen Shuai stood up, clasped his fists and said, “Admiration, admiration, I didn’t expect that even Miss Quan, who is known for her coldness, didn’t know when you would get it done! Since that’s the case, I won’t bother you anymore. , Say goodbye first! Uh, yes... I wish you a good dream!”

After finishing speaking, Wen Shuai raised his eyebrows with a strange smile, as if to say – it’s yours!

“Let’s go, don’t get in the way here!” Before leaving, Wen Shuai dragged Sun Ji away.

“Hey, listen to me, I really don’t know what’s going on! Hey, don’t go...”

Chapter 52: , The Death Of Lin Muqing

Seeing Wen Shuai and Sun Ji running into the distance, and then turning their heads and smiling strangely at him, Xu Ming suddenly felt an indescribable entanglement.

“I really don’t know what’s going on...”

However, no one listened to his explanation, Wen Shuai and Sun Ji had already put on a “we all understand, you should stop pretending” appearance and walked away.

“Hey...”

Xu Ming sighed helplessly, then turned to his small building.

However, when he walked to the door and was about to reach out to push the door, he suddenly felt like a flood and beast on the other side of the door.

Xu Ming took a deep breath: "It doesn't matter what tricks she plays, the soldiers will block the water and cover the soil!"

For Quan Xin, although Xu Ming also admired, but at the same time, he was more defensive – after all, in order to revive the Sixteen String School, Quan Xin played all kinds of camouflage with ease; such a woman had to be guarded.

But Xu Ming is not afraid. All the scheming, in front of the "exploration" hanging, are clouds.

"I want to see what you want to do!"

Xu Ming pushed open the door and went in, only to see Quan Xinzhen sitting at the guest table, grazing with an apple unceremoniously.

"I said Miss Quanxin, what kind of play are you singing?" Xu Ming said straight to the point.

Quan Xin took a big bite of the apple: "I killed someone, come here to hide!"

Kill someone?

Xu Ming was speechless: "You killed someone, why are you running here to hide! I'm not related to you and not related to you, so it sounds like there is a bit of hatred, so aren't you afraid that I will stab you out?"

"Don't be afraid!" Quan Xin smiled sweetly, as beautiful as a summer flower, "The person I killed is called...Lin Muqing!"

"I'm going!" Xu Ming's eyes widened, "You killed Lin Muqing!?"

"Yeah! After I failed to assassinate you that day, didn't I run back to the Hidden Thorn Organization to recover my life, and then I saw the bounty about Lin Muqing, whose worth was quite high... I was very moved, so I took this task. Today, finally Let me seize the opportunity and slap Lin Muqing!"

"Then you came to me?"

"I didn't come here right away. To be precise, I went to Hidden Thorn to collect the bounty, and then came here after you!"

"Why don't you go back to the Jiuding Chamber of Commerce, why are you running here!" Xu Ming was a little confused.

Lin Muqing's death is no small matter!

The reason why Xu Ming didn't kill Lin Muqing was not because he couldn't kill him, but because he considered that Lin Muqing's death would have a big impact on Wen Shuai's competition for the throne. Unexpectedly, Xu Ming didn't kill him, but Quan Xin accepted the mission and ran to kill him.

"Oh, what, Lin Muqing is dead, isn't this a bit serious!" At this moment, Quan Xin was not at all as quiet and virtuous as Xu Ming had seen before, but was very carefree; maybe, this was her "I'm afraid that the Hidden Thorn Organization will confess me, and then the Jiuding Chamber of Commerce can't stand the pressure and will hand me over to the Lin family; thinking that the Wilderness Wufu is the most detached and safest, I will run to you here to take refuge. Isn't it!"

"The Jiuding Chamber of Commerce can't stand the pressure, so I can stand it?" Xu Ming was ashamed.

"Your Wilderness Wufu is the most aloof in Feiyun Country; give him the Lin family a hundred courage, and he won't dare to break into the Wilderness Wufu to search for people!" Quan Xin smiled strangely, "And... don't pretend, we Now it's a grasshopper on a rope! You say... eh?"

"How do you know that I offered a reward to kill Lin Muqing?" Xu Ming wanted to defend himself, saying that he didn't offer the reward; but as Quan Xin said, they are grasshoppers on a rope now, so they don't bother Going around in circles.

"When I went to hand in the task, I heard a servant from the Hidden Thorn Organization say that the employer's payment method for this business is really strange, it turned out to be the magic sea devil bug, and I don't know where he got it. So many magic sea monsters..." Quan Xin asked with a smile, "You said, in Yunqi City, who can bring out the magic sea magic insects like you?"

"Damn it!" Xu Ming was speechless, "This Hidden Thorn organization doesn't pay too much attention to protecting employers!"

"When you went to offer a reward, didn't you tip the boy who led the way?"

"I don't think so..."

"Isn't it worth it, even if you don't understand the rules, you go to the Hidden Thorn Organization to issue a reward. Who is to blame?"

"I'm going, I really didn't know there were such unspoken rules!"

"So...it should be very soon, the Lin family will come to find you! You will be dealing with it outside, and I will hide from you!" Quan Xin said, "By the way, I ran into the Wild

Martial Palace, I should Many people have seen it; however, I am hiding in your room, and only the third prince and your younger brother know about it. In order to help you relieve the pressure, I kindly remind you, you hurry up and ask the third prince and your younger brother to stop talking. !”

“I’m dizzy! You got into such a big trouble, and let me clean up the mess for you!”

“It’s because you put a bounty on me that I’m going to kill people! Speaking of which, I’m still implicated by you!”

“I…”

Xu Ming said nothing.

As Quan Xin said, they are now grasshoppers on a rope; and, for Xu Ming, Lin Muqing must die – because of obsession.

Now that he learned that Lin Muqing was dead, Xu Ming’s obsession that “Lin Muqing and Lin Han must die” has eased a lot.

“Lin Muqing is dead, when will I find a chance to solve Lin Han, so that this obsession can be completely eliminated, and it can be considered as a cause and effect for the original owner of my current body!”

…

“What? Lin Muqing is dead?”

When Wen Shuai received Xu Ming’s subpoena, his first impression was that it was not good; but after thinking about it, the Lin family was originally a force of the first prince’s line. Could it be that the Lin family still dared to kill themselves to trouble themselves?

Immediately, UU Reading www.uukanshu.com Wen Shuai replied: “You don’t need to worry about my side, you just need to be careful! During this time, it is best not to leave the Wild Martial Palace!”

…

Lin.

The atmosphere is dignified.

The family heir was killed, this is undoubtedly a big thing.

The head of the Lin family, who is also Lin Muqing’s father, Lin Yubo, had an ugly face.

The expressions of the elders of the Lin family were also not good-looking.

Although some of the elders wished that Lin Muqing would die so that their children could succeed the family head; but Lin Muqing was really killed, but they were not in a good mood. The family heir was killed. For the Lin family, not only it is a **** revenge that must be repaid, and it is a shame that slaps the face.

After a long time, Lin Yubo's hoarse voice sounded: "Have you checked everything?"

Lin Yubo's tone was calm, but it was like a volcano about to erupt.

"It's clear, it's the Bounty about Mu Qing from the Hidden Thorn Organization. Someone took the bounty and killed Mu Qing." Elder Lin Yucheng, who was in charge of the family's intelligence, said, "After investigation, the publisher of the bounty should be Savage Martial Artist. Xu Ming of the government; the killer who received the reward is Quan Xin, the remnant of the Sixteen Strings School."

Immediately some elders started talking.

"I said long ago that the remnants of the Sixteen Xian School can't be left behind!"

"Hurry up to the Jiuding Chamber of Commerce and catch that Quan Xin!"

"A disciple of the Wilderness Martial House, dare to kill the heir of our Lin family! Go, go to the Wilderness Martial House to discuss the explanation!" The hot-tempered elder Lin Yuzhan couldn't help but stand up.

Lin Yuzhan has been in the innate for many years, and his strength is second only to the patriarch Lin Yubo.

All the elders still turned their attention to Lin Yubo. He was the head of the family, and it was his son who died. Of course, this matter should be decided by him.

Lin Yubo's voice was still hoarse and calm: "Xu Ming and Quan Xin, both must die!"

Chapter 53: , You Are Also Such A Person

"Yubo."

The oldest and oldest, but the Great Elder, who has never spoken, finally said: "Mu Qing's revenge must be avenged, there is no doubt about it. However, now that the capital is about to come, it is an extraordinary period. Every decision will be related to the rise and fall of the Lin family; revenge must be carefully planned, and must not be carried away by hatred."

Lin Yubo took a deep breath and tried to keep himself calm: "Yes, Uncle Hai, I'll let the eldest prince breathe first."

"It's right to do this." After Lin Hai finished speaking, he narrowed his eyes again; as if speaking a few words would be tiring for an old man like him.

However, the senior members of the Lin family who were present knew that this old man who seemed to be dying was actually very terrifying, no less than the head of the family, Lin Yubo. It is precisely because of his strength, coupled with his high moral standing, that Lin Hai speaks with great weight in the family; even Lin Yubo would not dare to contradict him.

Lin Yubo communicated the situation and ideas to the eldest prince, and he got a reply soon after.

After reading the reply, Lin Yubo couldn't help showing joy.

"What did the eldest prince say?" the surrounding elders asked.

"The eldest prince is now receiving a distinguished guest, so it is inconvenient to talk to me in detail." Lin Yubo said, "However, the eldest prince said, let's get ready, he will give us a chance to kill Xu Ming."

Give us a chance to kill Xu Ming?

"That's easy!" All the elders showed joy.

In their opinion, killing Xu Ming is not difficult; Xu Ming is not a congenital warrior after all, and anyone who comes out of the elders can easily kill him. The hard part was that Xu Ming was hiding in the wild martial mansion, and they had no chance to attack at all.

"It's a pity that Quan Xin didn't know where to hide, and she couldn't find her trace for a while!" Elder Lin Yucheng said, "Otherwise, if the two are slaughtered together, Mu Qing can rest in peace as soon as possible."

"Dare to kill my son, I don't care where she hides, even if I dig three feet into the ground, I will dig her out!" Lin Yubo gritted his teeth.

...

As the head of the Savage Martial Palace, Gu Hanmo has a very powerful intelligence system.

Even if she didn't deliberately find out, in the evening, a message about Xu Ming offering a reward to kill Lin Muqing was passed to her in great detail.

“Lin Muqing?” Gu Hanmo didn’t even have an impression of the name, “If you die, you will die, it’s not a big deal... However, the Lin family will definitely jump up for a while; I still have to remind Xu Ming to let him It’s best for him not to leave Wufu to save trouble.”

For the Lin family, Gu Hanmo certainly didn’t take it seriously; after all, even the Feiyun Kingdom royal family was only an affiliate of their Wilderness Sect.

“As long as Xu Ming doesn’t leave the Wufu, and give them the Lin family a hundred courage, they won’t dare to go to the wild Wufu to spread wildness.”

The entire upper-class society of Feiyun Kingdom understands that the wild Martial House is a very detached holy place in Feiyun Kingdom. Even if the world of Feiyun Kingdom is in chaos, no one dares to lead the chaos to the Wild Martial Palace.

Thinking of this, Gu Hanmo walked out of his attic and walked slowly towards Xu Ming’s small building.

Xu Ming’s small building was still lit; the candlelight danced, casting two shadows on the window screen.

“Ah? Two people?” Gu Hanmo was a little surprised, “It’s so late, who is still in Xu Ming’s room? Wen Shuai, or Sun Ji?”

It wasn’t too early for Gu Hanmo to continue walking.

However, when Gu Hanmo was about to reach the small building, he suddenly stopped.

“This figure seems to be... a woman?” Gu Hanmo’s eyes widened, “How can there be a woman!?”

woman?

At night, there was actually a woman in Xu Ming’s room?

At this moment, Gu Hanmo couldn’t tell how she felt; but for some reason, there was an inexplicable sourness in her heart.

“Stinky hooligan, **** pervert!” Gu Hanmo’s face was flushed with anger, “I don’t know where I found a woman, but I brought it back to the Wufu to spend the night! – What is the Wild Wufu? It’s a holy place for Wu Xiangdao, It’s not the fireworks and willow alleys of falling in love! I...I...”

Gu Hanmo was so angry that he didn’t know what to say.

“Humph!”

She paced back and forth angrily, as if trying to find something to vent her anger.

It's just that Gu Hanmo forgot that, like this, male disciples bring women back for the night, female disciples bring men back for the night, even male disciples bring men back for the night, and female disciples bring women back for the night—all of these are quite normal in the Wild Martial Mansion.

After all, it is understandable that people who practice martial arts are energetic!

Gu Hanmo didn't know why he was so annoyed by something that was clearly understandable.

"Hmph, this Xu Ming is really worrying! His current age is really the golden age of cultivation. At this time, he actually spends his energy on other miscellaneous things! It's a waste of talent..." Gu Han thought for a while, this, it must be That's what makes him annoyed.

Yes, that must be the reason.

Hate that iron is not steel!

"No, I have to talk to him!"

Gu Hanmo was about to take a step to smash the door when he suddenly thought, "What if I see something I shouldn't see?"

"Humph!"

After thinking about it, Gu Hanmo snorted heavily and left.

"You will die on a woman's belly!"

However, just as Gu Hanmo was about to let go of his anger, a sound came from inside the house.

"Hey, hey, I said, eldest sister, this is my house, okay? You came here alone, so why are you asking for so much? Just let me sleep in the hall!" This was Xu Ming's voice.

"Huh? Refuge? Sleeping in the hall?" Gu Hanmo couldn't help but be shocked and stopped his steps to leave – the plot seems to be different from what he thought!

"Listen again!" Gu Hanmo leaned forward again.

"Xu Ming, do you know how to take pity on Xiangxiyu? Let me sleep in the hall as a weak woman, are you embarrassed?"

A woman's voice came out, and Gu Hanmo felt the same – yes, do you know how to let a weak woman sleep in the hall? Simply not a man!

But for some reason, Gu Hanmo was faintly happy when he found that Xu Ming was so “not a man”.

“Weak woman? You weak woman almost killed me, and now Lin Muqing's life—you're called a weak woman?”

“Why can't, why can't, why can't you?” Quanxin thought, “Besides, how dangerous it is for me to sleep in the hall! If you take advantage of my sleep at night, get out of the bedroom, and then...”

“I'll go, I'm not so boring, okay!” Although Xu Ming did not deny that, as a normal man, he would inevitably be impulsive when he saw a beautiful woman; however, Xu Ming was not the kind of man who used his lower body to think about problems.

“You're not so boring, then let me sleep on the bed! There is a lock in the bedroom anyway, so I can sleep better!”

The two quarreled over who slept in the bedroom and who slept in the hall.

“Having Lin Muqing's life?” Gu Hanmo understood after thinking about it outside. “No wonder my information said that Quan Xin disappeared after entering the Wild Martial Mansion. It turned out to be hiding here!”

Immediately, Gu Hanmo thought angrily: “This killer is also real. He killed people and hid with the employer. What's the matter!”

Thinking of this, Gu Hanmo tried his best to keep a friendly smile, and then stepped forward and knocked on the door.

“Who?”

The arguing stopped in the room, Xu Ming asked.

“I.”

Xu Ming heard just one word – Gu Hanmo!

This is Gu Hanmo's male voice after she disguised herself as a man.

Xu Ming hurriedly opened the door: “Palace Master Gu, why are you here?”

“Come here to remind you of one thing.” Gu Hanmo entered the door unceremoniously, and at the same time looked at Quan Xin unceremoniously, “You offered a reward to kill

Lin Muqing, the Lin family will definitely try to kill you in the near future. During this time, you will stay in the Martial House and don't go out—don't worry, it is absolutely safe in the Wild Martial House.”

“Okay!” Xu Ming had nothing to do.

Moreover, the replacement of the throne is imminent, even if it is for Wen Shuai's chance of winning a little bit higher, it is better to have less than one more thing.

“Huh? This is...?” Gu Hanmo asked knowingly.

“Quan Xin.” Xu Ming said angrily, “She just killed Lin Muqing when she was idle, and now she ran to me to take refuge.”

“If you don't offer a reward, how can I go there?” Quan Xin argued.

However, when arguing, Quan Xin's eyes were squinting at Gu Hanmo; she always felt that Gu Hanmo was looking at her with some malicious intent~www.readwn.com~.

“Why does Palace Master Gu keep looking at me? Could it be that Palace Master Gu has the same virtue as those stinky men?” It was found that Gu Hanmo's eyes never left him since he entered the door.

“Xu Ming is still reliable! Although he is stingy and refuses to even give up his bedroom, his eyes are much more upright!” Quan Xin secretly said.

It's just that Quanxin knows that it's not how simple Xu Ming is, but Xu Ming has read all the love action art films from all over the world. He doesn't say that his heart is as solid as a rock, but he doesn't see a beautiful woman jumping on it like a dog.

Xu Ming is not a saint, but he is not a stallion either.

“I was just outside the door, and I seem to hear what are you two arguing about?” Gu Hanmo said.

Quan Xin continued: “No...nothing!”

Xu Ming smiled and said: “It's nothing, I let her sleep in the hall, but she wanted to rob my bedroom!”

“Xu Ming, that's what's wrong with you!” Gu Hanmo scolded, “How can you let a girl sleep in the hall?”

Quanxin should be happy when she heard Gu Hanmo's words leaning towards her, but for some reason, she couldn't be happy. Moreover, Quan Xin always felt that when Gu Hanmo said this, there was a sense of sanctity when the leader spoke.

Sure enough, right after that, Quan Xin heard Gu Hanmo say, "I think it's not convenient for Quan Xin to sleep here, why don't you go to sleep with me!"

Go to sleep on your side! ?

Xu Ming had long known that Gu Hanmo was disguised as a man. Hearing this, he didn't feel anything wrong for a while.

But Quanxin didn't know that Gu Hanmo was actually a woman, and when he heard Gu Hanmo's words being so "frivolous", a sullen anger suddenly appeared on his face: "President Gu, I respect you as a big man; but I didn't expect that you would be like this too. people!"

Chapter 54: , Is This Really Gu Hanmo?

You are like that too! ?

Gu Hanmo was stunned—what kind of person am I?

Seeing that Quanxin had nowhere to sleep, he kindly invited her to sleep there; it was fine if she didn't appreciate it, why would she say such a thing?

Quan Xin looked at Gu Hanmo with extreme vigilance, and even despised Gu Hanmo seventeen or eight times in his heart: "It is said that the Mansion Master Gu of the Wild Martial Mansion is upright and not close to women, now it seems that human words are really inexhaustible. Believe it! This Palace Master Gu has never left my eyes since he saw me. Now he has made such a rude request directly. If he dares to force, even if I die, I won't let him succeed!"

Now, in Quan Xin's eyes, Gu Hanmo is a lecher whose power is too powerful for her to resist.

"It's just that if I die like this, I won't be able to fulfill Master's last wish to revive the Sixteen Strings School..." Quan Xin is not afraid of death, but the fear is that the Sixteen Strings School will not be able to revive, "If I had known Gu Fu earlier The Lord is such a person, if I had known that I would meet him, I would never have come to the Wilderness Martial House to take refuge! Now, it is really... a sheep into a tiger's mouth!"

In this way, Gu Hanmo looked at Quan Xin with a puzzled look, and Quan Xin looked at Gu Hanmo with a wary look. As for Xu Ming, who knew where the misunderstanding between the two parties was, he couldn't laugh and couldn't talk, he could only hold back and watch the two "women" staring there.

After a while, Gu Hanmo suddenly woke up – wait, I'm a man now!

Gu Hanmo finally knew his good intentions, but what was the problem – he is a man now, isn't it a frivolous act of Chi Guoguo to let Quan Xin go to sleep with him?

"I'm dizzy, what happened to me tonight, how could I make such a low-level mistake! I forgot that I should be a man now!" Gu Hanmo was speechless for a while.

"Miss Quanxin, I think you may have misunderstood!" Gu Hanmo continued, "I have hundreds of guest rooms over there, you can stay here as you please! Besides, living with me can't be safer; even if it is Feiyun Kingdom Emperor, don't even dare to check!"

Quan Xin was a little moved, but she was still vigilant.

Xu Ming deliberately laughed twice: "Don't worry, Palace Master Gu is not that kind of person!"

After speaking, Xu Ming added two words in his heart – even if Palace Master Gu has the mind to do something to you, she doesn't have the equipment!

Quan Xin thought for a while, and yes, if Palace Master Gu really has any bad thoughts about him, with his identity and strength, there is no need to say anything to himself.

"Looks like it's me who saved a gentleman's belly with the heart of a villain!" Quan Xin was secretly ashamed.

Seeing Gu Hanmo leave with Quan Xin, Xu Ming breathed a sigh of relief: "Finally gone! Women, it's trouble! – However, Gu Hanmo seems a little strange tonight.

God babble?

In fact, it wasn't Xu Ming who felt that way, even Gu Hanmo himself felt that he was rambling tonight.

Moreover, for some unknown reason, Gu Hanmo always wanted to drag Quan Xin away from Xu Ming; it seemed that doing so would make her feel a lot more comfortable.

When the two women disappeared from sight, Xu Ming closed the door with a bang, then entered his bedroom and fell asleep.

In this world, there are many people who are cultivating and diligent. They don't even want to sleep at night, but use it to meditate. But obviously, Xu Ming didn't need this at all.

Xu Ming wished he could sleep for a month, so that when he woke up from a few sweet dreams, he was already a congenital master.

However, not long after Xu Ming lay on the bed, the knock on the door rang again.

“Who else?”

Xu Ming, who had just taken off his trousers, put on his trousers depressedly.

Opening the door, he asked, “President Gu? Why did you come back?”

Palace Master Gu in front of him was stunned for a moment, and then he said, “I have something to tell you alone.”

“Please speak.” As Xu Ming said, he moved away and made a “please” gesture.

“I won’t go in, I’ll keep it short.” Palace Master Gu said, “Elder Yunqi, have you heard of it?”

“Of course I’ve heard of it.”

The old man Yunqi was a famous figure in Feiyun Kingdom more than 100 years ago. He should be the first master of Feiyun Kingdom in that era; even the capital of Feiyun Kingdom was named “Yunqi City” because of him. But later, the old man Yunqi seemed to be seriously injured and disappeared for many years; he did not reappear until ten years ago.

Over the past few years, the old man Yunqi has also lived in a secluded place and is hard to find.

“Elder Yunqi’s age is almost two hundred years old. And he has never been able to break through the innate and enter a higher realm, so...” Palace Master Gu said, “Elder Yunqi’s deadline is approaching!”

The limit of innate warriors is two hundred – only those who died earlier than this age, never died later than this age.

Palace Master Gu continued: “In the past few days, the old man Yunqi suddenly began to look for heirs. It seems that he wants to pass on the inheritance and mantle! Do you understand what this means?”

The first reaction in Xu Ming’s heart was – it means a lot of inheritance!

First of all, the old man Yunqi is a loner; secondly, the old man Yunqi is the first master of Feiyun Kingdom. And you must know that the masters who walk alone are the richest; because they have a strong ability to make money and do not need to support their families.

“You are outstandingly talented. If you are willing to apprentice, Elder Yunqi has no reason not to choose you!” Palace Master Gu said, UU reading www.uukanshu.com.
“So, I plan to let you set off now and visit the old man Yunqi overnight!”

Xu Ming thought for a while: “But, I don’t want to take him as my teacher...”

Apprenticeship, of course, can get a lot of benefits, but it also means a responsibility. If the master has any requirements, then as an apprentice, you must try your best to fulfill it!

With Xu Ming’s character, if he had worshipped the old man Yunqi as his teacher, and then the old man Yunqi died and left any last wish, then Xu Ming would definitely do his best to fulfill it – Xu Ming did not want to take a share for the sake of some inheritance. Will.

“I don’t want to be a teacher, why!” Palace Master Gu continued.

“Elder Yunqi and I don’t know each other. But when I go to apprenticeship at this time, I feel that I am going for his inheritance. It’s too utilitarian!” Xu Ming directly expressed his thoughts.

“You are stupid! What does utilitarianism have to do with it? As far as I know, the wealth of the old man Yunqi is amazing, and he even has high-grade profound stones!”

A low-grade profound stone is equivalent to 100,000 taels of gold; the value of a high-grade profound stone is immeasurable!

However, Xu Ming suddenly felt that he didn’t know Palace Master Gu in front of him: “Is this really Gu Hanmo, who would say such a thing! No, I’ve probed Gu Hanmo before, and she definitely doesn’t have such a personality! ”

Seeing that Xu Ming didn’t speak, Gu Mansion thought that Xu Ming was tempted, and even struck while the iron was hot: “It’s better sooner rather than later, I’ll give you the address of the old man Yunqi, you can go and visit!”

wrong!

Xu Ming felt more and more wrong.

When Gu Hanmo came over just now, didn’t he remind himself not to leave the Wufu? Why now, he feels like he was deliberately kicking himself out?

“What’s going on?”

Xu Ming looked at Gu Hanmo.

Gu Hanmo’s face and body shape were still so familiar, but Xu Ming always felt unfamiliar.

“Is this really Gu Hanmo?”

Chapter 55: ,True And False

Is this really Gu Hanmo?

When this thought came up, Xu Ming couldn't hold back any longer; as soon as his hands were itchy, he spent some time hanging up and secretly threw it over to investigate.

"I'll go!" Xu Ming was stunned by the results of the investigation, "Can you still play like this? The routine is so deep!"

A piece of information appeared in Xu Ming's mind: Jia Sanduo, the elder of the wild Wufu, is very good at disguising...

"Jia Sanduo? Not Gu Hanmo? Nima, fortunately, I'm vigilant, otherwise I wouldn't know when I was fooled!"

Xu Ming just wanted to say that this disguising technique was really clever.

However, Xu Ming was not too surprised, because the real Gu Hanmo he usually sees is actually a disguise – Gu Hanmo disguised as a man, and has been in the Wild Martial Palace for so long as the Palace Master, and has been in contact with top experts from all walks of life all day long. No one found out. And the disguise that Jia Sanduo is showing now is more brilliant than Gu Hanmo.

"Why does Elder Jia Sanduo pretend to be Gu Hanmo and ask me to visit Elder Yunqi?"

Even if Xu Ming thinks about it with his toes – it's not a good thing!

"Elder Jia, I've never had contact with him before, and I have no grudge against him... Why does he want to humiliate me like this?" Xu Ming was surprised, but his face didn't change, "I want to see what he thinks when I walk one step at a time. What a trick."

With the plug-in in hand, Xu Ming has some confidence.

If you really encounter a dangerous situation of force majeure, it's a big deal to hang up, open a stealth hang, and run away.

Therefore, Xu Ming was interested in playing with this Elder Jia.

So, Xu Ming hurriedly made an expression of gratitude and said, "Thank you Palace Master for your guidance, I'll go visit Elder Yunqi now."

"Palace Master Gu" nodded with a teachable look: "That's right, life is about grasping opportunities to achieve success. This is the address where the old man Yunqi lives in seclusion, you can go quickly; be sure to remember , the attitude must be sincere!"

Xu Ming also pretended to be impersonal: “Yes! Should I bring some gifts?”

“There’s no need for gifts, old man Yunqi doesn’t like this!” In fact, this disguised “Palace Master Gu” said in his heart – the head on your neck is the best gift.

“Okay, then I’ll go!” Xu Ming got the address, and immediately rushed out in a hurry.

“Yeah!” “Palace Master Gu” nodded with his hands behind his back, a look of cruelty flashed in his eyes.

And in his hands behind his back, he also quietly sent a message: “It’s on the way.”

Of course, Jia Sanduo was not the only one who was quietly subpoenaing. Xu Ming didn’t run a few steps, and immediately sent a message to Gu Hanmo: “Someone disguised as you, fooling me to find old man Yunqi.”

“What!?” On the other side, Gu Hanmo was extremely excited, “How dare you pretend to be me! Do you know who it is?”

“It should be Jia Sanduo.”

“Jia Sanduo...”

Gu Hanmo pondered for a while, and hurriedly replied: “Jia Sanduo is in the Wilderness Sect, and I am a bit opposite. You quickly find a place to hide, and don’t leave the Wilderness Wufu – I think, someone must be against you. !”

“Someone wants to hurt me, it’s not obvious!” Xu Ming lied, “It’s okay, my master has a treasure to save my life, and I have full confidence to save my life.”

“You finally admit that there is a mysterious master behind you!” Gu Hanmo was slightly proud, with a face that I expected, “But you must not be careless, most people who want to harm you are innate masters! Innate There are endless ways of martial artists, many of which you may have never heard of – the life-saving treasure your master gave you may not be useful!”

Gu Hanmo said directly.

“Don’t worry, be sure.” Xu Ming emphasized again.

Although Xu Ming had never played against innate warriors, he still knew a lot about the methods of innate warriors.

After all, Xu Ming had traveled through for so long, and he usually hung up offline, so he didn’t need to practice in person at all. When he has nothing to do, Xu Ming likes to read books, such as “The Biography of Du Yude”, “The Biography of the Old Man of Yunqi”,

etc. He has read them all; Xu Ming also has a lot of understanding of the horrors of the congenital warriors. .

It is precisely because he understands that, Xu Ming is certain that his invisibility is not something that can be broken by innate masters.

“Okay then.” Gu Hanmo knew that Xu Ming was not someone who didn’t know the importance, so he didn’t need to be brave in this situation, so he stopped nagging.

“You go to Jia Sanduo’s place to catch a current one, don’t let him take off his makeup.”

“I know, be careful!”

After breaking the communication, Gu Hanmo’s face was full of sullenness: “Even I dare to pretend, this Jia Sanduo is getting bolder and bolder! It seems that if you don’t give a face, everyone in the sect thinks that our lineage is easy to bully!”

Is Gu Hanmo really easy to bully?

how is this possible!

Gu Hanmo is the daughter of the Sect Master of the Wilderness Sect, and she represents the lineage of the Sect Master!

...

At this time, Jia Sanduo finished fooling Xu Ming, and was walking back very satisfied.

“It’s a young man, he lacks vigilance, and he flickers without any effort! Messenger Zhao is also true, isn’t it just Xu Ming, is it worth letting me flicker in person?” Jia Sanduo walked quickly, “Or Hurry up and take off your makeup, otherwise, if Palace Master Gu finds out, it will be very bad!”

As he was walking, Jia Sanduo was suddenly startled when he saw that he was about to go back to his residence.

“That’s it?” Jia Sanduo stared at the two people in the dark by the roadside, “Why is one of the figures so familiar?”

Jia Sanduo hid quietly and leaned over to take a look: “I’m going, isn’t this me!?”

Isn’t this me?

This sentence seems very contradictory, but it is actually-

“Damn it, someone pretends to be me!”

Jia Sanduo looked at the other of the two again, it was a slender figure, and he had seen it several times before: “Quan Xin? – I heard that Quan Xin hid in the Wild Martial House to seek refuge, it seems to be true. what!”

But at the moment, Jia Sanduo is still a little confused, and he still hasn't figured out what's going on.

“Why is someone pretending to be me and staying with Quanxin in such a dark corner?”

Jia Sanduo couldn't help being curious and turned his ears to listen.

“Miss Quan, you've figured it out clearly, it doesn't mean that you are very safe when you hide in our wild martial mansion, and the Lin family will have nothing to do with you!” I just heard the fake “Jia Sanduo” sneer, “I Jia You must know Sanduo's position in the Wufu; since I have a way to let you in, of course I can easily throw you out!”

At this time, Quan Xin had a troubled look on his face.

After a while, Quan Xin bit her lip and said with difficulty: “Elder Jia, what I promise you is! But I also have a request, if you want me, you must let me live in your pavilion tonight, and you Also give me a name – my requirements are not high, a concubine is enough!”

“This...” The fake Jia Sanduo looked embarrassed, “Your request is not too much, but my yellow-faced woman...”

“Humph!” Quan Xin snorted coldly, “Elder Jia, don't you plan to eat it and wipe it clean, then turn your face and don't recognize anyone!”

“How could it be!” Fake Jia Sanduo rolled his eyes a few times, “I can give you a concubine name, and I will give you due care. But this matter ~www.readwn.com~ cannot be said publicly. , The reason, you also understand, after all, that yellow-faced woman in my family... But don't worry, if I fail you in the future, you can go out and expose me! You should also know that I am notoriously afraid of wives...”

At this time, Quan Xin seemed to have fallen into a deep struggle again.

The fake Jia Sanduo added a snarky statement: “As long as you obey me tonight, I promise in the name of my Wilderness Wufu elder, that the Lin family will never come back to embarrass you! My Wilderness Wufu's detached status in Feiyun Country, Quan Yuanwu will never come back to you. Girl, you should know; I, Jia Sanduo, are the elders, and if I insist on protecting one person, the Lin family has to give me face!”

“Then...” Finally, Quan Xin's line of defense seemed to be broken, “Okay!”

“Haha, just figure it out!” The fake Jia Sanduo smiled proudly, “Let’s go, let’s go to the hotel room! Don’t worry, I, Jia Sanduo, are by no means the kind of ruthless and unscrupulous person!”

Quan Xin lowered her head and said shyly, “Well...”

The real Jia Sanduo and the fake Gu Hanmo who were hiding in the dark couldn’t bear it any longer.

“I... rub it! Who the **** is this **** who dares to pick up girls outside in my name!”

Zhen Jia Sanduo took a deep breath: “It’s so dangerous, but luckily I just bumped into it! Otherwise, I’m really taking the blame, and I can’t make sense!”

Thinking of the scene where he didn’t do anything bad, but was framed, and then cleaned up by his own yellow-faced woman, Zhen Jia Sanduo couldn’t help but tensed.

“It’s okay! It’s really dangerous!”

Zhen Jia Sanduo was about to jump out and shout loudly when suddenly he shrank again – no, I am now the Palace Master Gu, what if I get caught?

But at this time, the fake Jia Sanduo had already begun to lead Quan Xin to the reception building where Wu Mansion received guests.

Zhen Jia Sanduo finally couldn’t bear it anymore, and without thinking about it any longer, he jumped out and shouted very domineeringly, “Who is sneaking around here!”

Chapter 56: , Stealth

Who is sneaking around here! ?

As soon as “True Jia Sanduo” jumped out, “Fake Jia Sanduo” slapped his backhand: “What are you shouting, didn’t you see that Elder Ben was flirting?”

Zhen Jia Sanduo covered his face, completely stunned.

Yes, it’s really utterly stunned!

How can there be such a person, who pretends to be me to flirt with girls, and is so righteous, and now he has beaten me, the true master, without saying a word!

“I... I...” Zhen Jia Sanduo was so angry that he didn’t know what to say, “You... you dare to hit me? You don’t even look at who I am!”

Snapped!

“What are you doing!” The fake Jia Sanduo, also known as Gu Hanmo, slapped his hand again, “Even me and you dare to disguise, Jia Sanduo, I think you’re getting tired of living!”

“You...you...” Jia Sanduo was stunned, aren’t you pretending to be me, how did you become me pretending to be you?

But Jia Sanduo wasn’t really stupid, he understood in a blink of an eye, and stammered, “You are Gu... Palace Master Gu?”

“Humph!” Gu Hanmo removed the disguise on his face, his eyes were cold, “Let’s go, Elder Jia, tell me exactly what’s going on!”

“I...” Of course Jia Sanduo knew at this moment that his deeds had been completely exposed. He immediately wanted to send a message to messenger Zhao and his own yellow-faced woman for help, but found that the message could not be sent.

“Don’t bother, Elder Jia.” Gu Hanmo said coldly.

Jia Sanduo lowered his shoulders weakly. He knew that the mistake he made this time was caught by Gu Hanmo, and it was enough to eat a pot by himself.

Gu Hanmo quietly sent a message to Xu Ming: “Jia Sanduo has been controlled by me, be more careful on your side!”

After doing all this, Gu Hanmo smiled and said to Quan, “Miss Quan, your acting is good!”

“Each each other.”

...

Xu Ming pretended he didn’t know anything and left the Wild Martial Mansion.

In order to be more realistic, Xu Ming even deliberately put on a fascinated expression and hurriedly went straight to the address Jia Sanduo gave him.

Of course, when it comes to acting, Xu Ming’s vigilance is still very high. He pays attention to his surroundings at any time, and if there is any change, he will react immediately.

However, Xu Ming felt that since the other party had spent so much effort to deceive him out of the Savage Martial House, he shouldn’t have sneaked a killer move as soon as he came up – that would be too boring, no.

No matter what, you have to put pressure on yourself in various ways, drive yourself to despair, and then slowly torture yourself to death – only in this way can it be in line with the villains' consistent urine.

At this time, it was already dark, and even if it was as prosperous as the capital, the lights were almost all extinguished, and there were no pedestrians on the road.

Xu Ming suddenly remembered a sentence – the moon is dark and the wind is high in the night, when people are murdered and set on fire.

at this time!

Swish! Swish! Swish! Swish!

Almost at the same time, four figures instantly appeared around Xu Ming, and all of Xu Ming's escape routes were blocked at once.

“So fast!”

Xu Ming's impression of these four figures suddenly appearing is one—Quick!

The speed is extremely fast, even faster than the last time I spent tens of thousands of hang points to open the acceleration hang!

However, the realm of these four people is obviously average, and they have not even reached the micro level; otherwise, they would not have made such a big movement when they came out.

“Four innate warriors!” Xu Ming stopped his steps calmly, “First, Elder Jia Sanduo easily tricked me into leaving the martial arts residence, and then four innate warriors came to intercept them—what a great skill!”

Xu Ming is not in a hurry to speak, he just quietly observes the four people; as for the “exploration” hanging, he is not in a hurry to open – anyway, even if the investigation is done, Xu Ming does not feel that he has any way to deal with the four innate warriors, since that is the case, or save some hanging points.

This observation really made Xu Ming discover some clues; he found that the person headed by the four had very similar eyebrows to Lin Muqing, but he was much older than Lin Muqing.

“Could it be Lin Muqing's father? Lin Yubo, the head of the Lin family?”

Xu Ming became more and more careful.

Lin Yubo is an old-fashioned mid-innate warrior, and his strength is by no means comparable to ordinary innate warriors.

“You are Xu Ming?” The middle-aged man at the head said.

“Not bad!” Xu Ming said indifferently.

“Just admit it! If you admit it happily, I’ll let you understand – I, the contemporary head of the Lin family, Lin Yubo, is also Lin Muqing’s father!” said the middle-aged man in the lead.

“really...”

To be honest, facing a long-established figure like Lin Yubo, and the other party was murderous, Xu Ming was really under pressure.

“Faced with the oppression of the four of us, you still can’t change your face, you are considered a person; you are worthy of being hailed as the number one genius of Feiyun Kingdom in the past hundred years, and it is indeed worthy of the name! Mu Qing is planted in your hands, no injustice!”

Even if Lin Muqing was already dead, Lin Yubo, a father, wanted to describe Lin Muqing’s death as unusual as possible; in this way, Lin Muqing could become famous in the history of the family and be passed down through the ages – and died in Feiyun Kingdom for nearly a hundred years. In the hands of the first genius, it was enough for Lin Muqing to enter the history of the clan.

At that time, Lin Yubo will order the people who write the family history to use some “artistic techniques”, and the death of Lin Muqing will be written as a battle with Feiyun Kingdom for the first time in a hundred years, and they will be defeated. The descendants who do not know the truth will greatly admire the ancestor “Lin Muqing”.

“My son has always admired those ancestors in the family history. If he can be worshipped as a hero by future generations, then he will rest in peace...” This is Lin Yubo’s simple idea as a father, “But...”

Lin Yubo’s eyes gradually turned cold: “If you want my son to rest in peace, then Xu Ming must be buried with him!”

“Xu Ming!” Lin Yubo shouted, “I have always admired the arrogance and arrogance of an unworldly person like you, but you are also ruined by your arrogance! Even my son, my Lin family, The direct line, you dare to kill; in this way, you, the first genius of Feiyun Nation for nearly a hundred years, can only die prematurely! – I, the Lin family, cannot be violated!”

When Lin Yubo said “The Lin family is inviolable”, the other three innate warriors who came with him couldn’t help but puff out their chests. As members of the Lin family, their sense of family honor is undoubtedly extremely strong; each of them is proud of being a member of the Lin family.

Xu Ming sneered: “Lin Muqing doesn’t know how many times he tried to kill me, of course I will fight back. Could it be that he is only allowed to kill me, not me?”

“Impossible! Mu Qing wants to kill you? What evidence, aren’t you still alive?” Lin Yuxin, the gray-haired innate martial artist behind Xu Ming. He is also the elder of the Lin family, and he is also one of the most powerful elders, in charge of the Lin family’s treasure house.

“I...” Facing the elder’s logic, Xu Ming was speechless.

“You can capture it!” Lin Yuxin judged from the ground, “If you capture it, we will make your death a little more comfortable; if you resist to the end... just right, in the torture chamber of the elder Lin Yuzhan on your right, there are things that can satisfy you. !”

Elder Lin Yuzhan grinned, his eyes piercing.

“Also, don’t even think about secretly calling for help!” Elder Lin Yucheng, the last of the four, said, “Our innate profound energy has already blocked the surrounding area. Your message is impossible to send. !”

“Who said I was going to be summoned?” Xu Ming suddenly smiled brightly, “Oh, by the way, you should instead be summoned to ask if the person who deceived me from Wufu has lost contact now.”

All four of Lin Yubo were shocked—what do you mean? He had known for a long time that someone deliberately tricked him into leaving the Wufu? Then why did he still come from the net?

Xu Ming continued: “Are you wondering now, since I knew it was a scam, why am I still here?”

Could there be an ambush?

Lin Yubo’s group of four carefully guarded their surroundings.

But they repeatedly felt the surroundings and found nothing unusual.

“Don’t look for it, if there is no ambush, I will be alone!” Xu Ming said, “To tell you the truth, I will come here for two purposes. First, I want to find out who is setting up this scam for me. ; Now it seems that it is as good as I expected, it really is your Lin family. Second, I want to...”

Xu Ming pondered for a while: “I want to see if there is a chance to rob, after all, I’ve been a little nervous recently!”

Robbery?

The four Lin Yubo looked at each other in dismay – you came here with the mentality of robbing us?

“Ha ha...”

“Ha ha ha ha!”

The four of them couldn’t help but laugh.

“Let’s laugh! You really should laugh.” Xu Ming spread his hands, “I didn’t expect that your Lin family would take me so seriously. To deal with a mere internal martial artist~www.readwn.com~ was dispatched. The head of the family plus the three elders... This is too much for me! – So, the robbery plan I originally prepared is indeed a joke!”

“Stupid!” Lin Yubo said.

“It’s quite stupid! But you guys are even more stupid!” Xu Ming laughed. “Have you ever thought about it, since I dare to know that there are tigers in the mountains and go to the mountains, then I should have the confidence to retreat!”

“Hahaha!” The fiery Lin Yuzhan laughed loudly, “Our four masters have blocked all your escape routes! There is no one around you, and you can’t send a message – if this makes you run away, our four People, it’s better to eat Xiang and forget it!”

“Chee Xiang? That’s a good idea!” Xu Ming pointed to the corner, “There just happens to be a lump there!”

The four of Lin Yubo couldn’t help but looked in the direction of Xu Ming’s fingers, and sure enough, there was a fresh bunch of scallops lying there quietly.

“You fucking...”

Feeling the humiliation from Xu Ming, the four masters were furious, turned their heads and scolded Xu Ming.

However, just as they turned their heads, they were all stunned—where was Xu Ming still there?

The moment they just glanced at the flying, Xu Ming disappeared out of thin air!

Disappeared out of thin air!

Totally missing!

“What about people?”

The four Lin Yubo looked at the empty road and were completely stunned – our four masters were sandwiched around him, how could people disappear out of thin air?

But such an impossible thing happened!

After being stunned for a while, Lin Yubo remembered that he had pumped up the innate profound energy and swept the surrounding air. However, no matter how he sweeps, air is air, and there is nothing.

The four masters seemed to have seen a ghost, their eyes widened.

In the corner, Xu Ming, who had opened the “invisibility” link, smiled secretly: “Four stupid Xs!”

Chapter 57: , At All Costs

Xu Ming wanted to try the effect of the “stealth” link for a long time; but unfortunately, he never encountered any desperate situation that could force him to use the stealth link.

In order to experience the effect, it would be too extravagant to open a stealth hang-up specifically – once it is activated, it will consume the hang-up point equivalent to a hundred days of offline hang-up!

And now, Xu Ming finally looked forward to an opportunity to open the “invisibility” link.

“Hahahaha, cool!” Seeing the innate profound energy drumming around him, but not affecting him in the slightest, Xu Ming exclaimed refreshingly.

The effect of “invisibility” is to ignore all physical attacks.

As for what is a physical attack... Anyway, all the attacks Xu Ming can touch at this stage are all physical attacks!

That is to say, no matter how desperate Xu Ming is in the situation, as long as he hangs up invisibly, his safety index will be five stars immediately!

“Unfortunately, if you take the initiative to attack others, you will withdraw from the stealth state...” Xu Ming still looked unsatisfied.

Nonsense, if you don't withdraw from stealth when attacking others, isn't Xu Ming directly invincible?

"The use of the stealth hook this time has cost me 10,000 points!" Xu Ming has completed his internal training now, and he needs 100 points per day to hang up offline. "The stealth hook can last for 12 hours, so I can't do it in vain. It's a waste, you have to make good use of it!"

At this time, Lin Yubo, the four masters of the Lin family, were still stunned, as if they had just been blasted.

The four of them tried their best, but they couldn't find Xu Ming next to them.

"Patriarch." Elder Lin Yucheng said, "In this case, I think it's better to call and ask the First Prince first!"

Lin Yubo's face was ugly like an eggplant beaten by frost: "That's the only way."

Lin Yubo took out the summons: "Eldest Prince."

The voice of the eldest prince Wenman came from over there: "How is it, things went smoothly? Thank you, I don't have to. With your friendship with me, there is no need to be so polite."

"Eldest Prince, Xu Ming... gone..."

"Missing?" Wen Man was obviously taken aback, "What do you mean missing?"

If you say Xu Ming didn't come, it means he didn't come; if you say Xu Ming ran away, then it means run away – but, it's gone, what is this?

"Well...that's..." Lin Yubo didn't know how to describe "disappeared" for a while, "It's that Xu Ming was successfully surrounded by the four of us, but when we looked at Yi Tuo Xiang, in the blink of an eye, He just disappeared out of thin air!"

"Disappeared out of thin air?" Wen Man pondered what the concept was, "I still have a question—you four innate warriors, why do you want to see that Tuoxiang at the same time?"

"This this..."

It happened that, opposite Wenman, sat the Zhao messenger from the Wilderness Sect.

Zhao messenger listened to the situation, pondered for a while, and said, "This Xu Ming has a treasure!"

“Treasure? Messenger Zhao, dare to ask what kind of treasure?” Wen Man asked.

After all, messenger Zhao was from the Wilderness Sect, and his knowledge was far beyond what Wen Man could compare to.

“If I expected it right, then the reason why Xu Ming disappeared out of thin air was because he used the Blood Escape Talisman!”

“Blood escape talisman?”

“It’s normal if you haven’t heard of it!” Zhao messenger looked arrogant, “To refine the Blood Escape Talisman, you need at least the Pill Condensation Realm!”

“Pill Condensation Realm!” Just these three words made the first prince fascinated.

In the entire Feiyun Nation, there is no one condensed pill realm!

Even his father, the emperor of Feiyun Kingdom, who is also the number one expert of Feiyun Kingdom, is now only congenital perfection.

As far as the eldest prince knows, the reason why the father is eager to abdicate is because he wants to concentrate on retreat and practice, in order to one day set foot in the condensing pill realm.

“My father first entered the world, became an emperor, and took charge of the Feiyun Kingdom; then I came out of the world, and concentrated on my cultivation – in this way, with the supreme talent of my father, I would definitely be able to understand something, and even break through the innate shackles! If my Feiyun Kingdom can have a super master of the Core Condensation Realm in charge, then I will be the emperor in the future.

If Feiyun Kingdom can have a super master of Condensation Pill Realm in charge, I am afraid that the surrounding countries will surrender to the tribute!

The envoy Zhao continued: “Moreover, the blood escape talisman made by the masters of the condensing core can only be used by the warriors below the congenital; the congenital warriors cannot be used.”

“So... tasteless?” The eldest prince was stunned.

Pill condensing realm super master, how powerful! As a result, the blood escape talisman produced can only be used by warriors below the innate. Isn’t that no different from useless?

“It’s really tasteless!” Zhao messenger nodded, “The blood escape talisman that can be used by congenital warriors can only be made by a mythical figure beyond the

condensing core! It is precisely because the blood escape talisman is very tasteless, so you haven't heard of it, it's normal. .”

The eldest prince thought for a while: “Doesn't that mean that behind Xu Ming, there may really be a master at the condensing level?”

“That's not necessarily true! In my opinion, it's most likely that this kid just happened to have the good fortune to meet a wandering Pill Condensation master; the master saw that he had some talent, so he gave some pointers and left some treasures. Zhao messenger analyzed, “And I guess Xu Ming can't contact the Pill Condensing Realm master at all. You have never met the Pill Condensing Realm master, so you don't know their temperament; but I have met several Pill Condensing Realm experts. Experts, according to my observation, the masters of Pill Condensation are generally very protective of their shortcomings – Xu Ming has been bullied in your Yunqi City; It's time to show up.”

“But actually not at all!”

“Indeed!” The eldest prince thought for a while and said, “But, what if there really is a Pill Condensation master behind him? I had such a big conflict with him...”

“What are you afraid of!?” Zhao messenger said disdainfully, “Don't forget, you are also in the line of Elder Liang now; as long as you follow Elder Liang's orders carefully, if something really happens, Elder Liang will take care of you! But you If you don't listen...”

“No! Never!” Wen Man repeatedly assured.

“Forgive you, don't dare!” Zhao messenger said contemptuously.

Wen Man told Lin Yubo about the blood escape.

Lin Yubo finally understood why Xu Ming suddenly disappeared.

“Eldest Prince, I have something else to do.”

“What's the matter?”

“I just heard Xu Ming say this: The person who tricked him out of Wufu has lost contact...”

The eldest prince was silent for a while, and there was no reply.

In fact, the eldest prince was communicating with the envoy Zhao.

“What!?” Envoy Zhao was furious after hearing this, “Could it be that the chess piece I placed in the Wild Martial Mansion was just pulled out?”

He hurriedly sent a message to Jia Sanduo, and sure enough, there was no reply from Jia Sanduo.

“Xu Ming!” Envoy Zhao’s eyes burned with anger.

Originally, messenger Zhao thought that he should be able to deal with Xu Ming, so he was drinking tea with the eldest prince at that time. He heard that the Lin family wanted to attack Xu Ming. Chance.

Unexpectedly, Xu Ming didn’t slip away now, but Jia Sanduo, who he had worked so hard to put in, was pulled out.

It’s really true to the old saying – QJ will be **** if it doesn’t work!

“Depend on!”

“Envoy Zhao, what should we do now?” Wen Man asked.

“The replacement of the throne is imminent. On our side, we must not act rashly; after all, your father and emperor have not made a decision yet, which front will you stand on! If you act rashly, it will easily bring adverse effects.” Zhao messenger said, “Let the Lin family be over there. , at all costs, go to the Hidden Thorn Organization and offer a reward to Xu Ming!”

“At all costs?” the eldest prince exclaimed, “Is it worth doing this for a Xu Ming?”

“It’s worth it!” Zhao envoy said, “Originally, Xu Ming didn’t make me feel so threatened, but now it seems that I have to get rid of it at all costs! As for why, this is related to the affairs of the wild sect. , you still don’t know it!”

“Yes Yes!”

Wen Man hurriedly sent orders to Lin Yubo.

Lin Yubo was eager to take revenge for his son, and he had to obey the orders of the eldest prince.

Immediately, Lin Yubo instructed Lin Yuxin, who was in charge of the treasury, “At all costs, go to the Hidden Thorn Organization and offer a reward to Xu Ming!”

“At all costs?” Lin Yuxin thought for a while and said, “There are still more than ten million taels of gold in the family, but, in order to deal with a Xu Ming, no cost will be spared, it is too...”

“No!” Lin Yubo shook his head, “It’s not just gold—profound stones! Take out the profound stones in the family too!”

“Bring out the mysterious stone too?” Lin Yuxin couldn’t believe it, “Patriarch, this is the root of our Lin family!”

“This is the first prince’s death order!” Lin Yubo sighed, “The first prince said that the price to be paid must make the Hidden Thorn Organization willing to rush into the Savage Martial House to kill Xu Ming!”

“This...” Lin Yuxin was stunned.

Lin Yucheng and Lin Yuzhan were also stunned.

Xu Ming, who was hiding in the dark, was also stunned!

In Feiyun Kingdom, the wild martial house is the symbol of the “safe zone”. In the past hundreds of years, I have never heard of anyone who dared to rush into the Wild Martial Mansion to kill.

The Hidden Thorn Organization may dare, but there is no huge benefit, and they are unwilling to directly conflict with the Wild Martial Mansion.

“In this case, I have to go back and open the family treasure house...” Lin Yu said.

The foundation of the Lin family is naturally impossible for any elder to carry with him, but will be hidden in a safe place with many formations.

“Yeah!” Lin Yubo also authorized the opening of the family treasure house, “Let’s go, let’s go back first!”

Xu Ming was still in shock—as for it? As for paying such a high price for me?

Although Xu Ming can switch on “invisibility”, no one knows when the assassination will happen. In case Xu Ming was sleeping soundly and the assassination came, then he might not even have time to hang up, and he would be killed in seconds!

Furthermore, even if Xu Ming was vigilant all the time, if he opened “Invisibility” once and hung up 10,000 points, Xu Ming would not be able to open it several times!

“I’m going! Do you want to force me to hide in Gu Hanmo’s place?”

Gu Hanmo is the daughter of the sect master of the Wilderness Sect, and there must be many protections around her, making her extremely safe.

“In this case, don’t I hide my head like a tortoise behind a woman? How can I do this!”

Seeing Lin Yubo and the four walking back while discussing how to deal with them, Xu Ming was in a hurry!

“Huh? Wait!”

Suddenly, Xu Ming’s eyes lit up: “What did they just say? They said they were going to open the family treasure house?”

Chapter 58: , Lin Family Treasure House

Family treasure trove?

In the invisible state, Xu Ming’s eyes could not help narrowing into an evil half-moon shape; his feet had automatically followed Lin Yubo and the others without the need for a brain command.

“Will this be too wretched?” Xu Ming suddenly felt that his current posture seemed a little wretched.

“No! What is wretchedness!” Xu Ming thought righteously, “I’m not doing anything, I just haven’t seen what the treasure house in this world looks like, I’m just visiting and seeing – yes, that’s how it is. !”

Thinking of this, Xu Ming’s wretched waist straightened again.

But, did Xu Ming really just go to visit?

“Patriarch, what exactly is the blood escape talisman you mentioned just now?” Lin Yucheng is in charge of intelligence, so he naturally knows the secrets that many people don’t know; however, he has never heard of the blood escape talisman.

Lin Yuzhan and Lin Yuxin’s eyes were equally curious. What is it that makes people disappear out of thin air?

“Blood Escape Talisman?” Xu Ming followed behind, listening to the conversation of several people.

“Actually, I’m not very clear, but I just heard that the Blood Escape Talisman is a special rune used to escape; once activated, it will disappear in an instant! But... it’s tasteless! Because...” Lin Yubo said everything he knew.

Several people heard it suddenly: “That’s really tasteless!”

Xu Ming opened the rune item in the artifact store and browsed it.

“There is really a blood escape talisman.” In the artifact store of the current level, Xu Ming can buy all treasures that are not higher than the inner training level; and the blood escape talisman used by the inner training martial artist is also in this category.

After reading the introduction, Xu Ming couldn't help nodding: “It is indeed a weapon for escape! Once the blood escape talisman used by internal martial artists is activated, the innate masters will only feel that they will lose their traces in a flash. Follow up.”

A super master of the Pill Condensation Realm is chasing and killing an internal martial artist? – This situation can basically be ignored.

“The price is 10,000 hanging points, not expensive!”

10,000 hanging points, only 100,000 taels of gold.

The blood escape talisman is a treasure that you have money and no place to buy, even if it is a million taels, there are people rushing for it!

After all, with a blood escape talisman in hand, as long as the opponent has no special means, he can basically escape once.

A blood escape talisman is a life!

“You can think about it, when will you sell a few!” Xu Ming pondered.

As for selling in large quantities, Xu Ming does not have the guts for the time being. In case of accidentally attracting the attention of some super expert, Xu Ming really won't have time to cry!

The strength is still weak, so keep a low profile!

Not long after, Xu Ming entered the Lin family.

“The function of invisibility is so perverted!” Xu Ming shuttled among the experts of the Lin family, but no one could detect his existence.

“Yuxin.” Lin Yubo said, walking to the front of the council hall, “The price to be paid for the Hidden Assassination Organization to enter the Wilderness Martial House to kill people must be very high. In this way, you go to the family treasure house first and get... 300 inferior grades. Profound stones come out!”

Three hundred low-grade profound stones were equivalent to thirty million taels of gold!

“Three hundred pieces!?” Lin Yuxin was shocked by this number, “Three hundred pieces, but more than half of our Lin family's profound stone savings!”

If the money was spent, even if Xu Ming was really killed, the Lin family would definitely be in pain.

These profound stones did not fall from the sky, but were accumulated by the Lin family for decades. Usually spend one or two, you have to think about it; but now, you have to spend three hundred in one go!

The other elders shook their lips, but in the end did not speak.

The elders are in pain with Xuanshi, how could Lin Yubo, the head of the family, not be in pain?

On the contrary, Lin Yubo's pain is only a lot more than that of the elders!

"That's it!" Lin Yubo sighed, "The first prince said that Xu Ming is worth the price!"

Lin Yuxin walked helplessly towards the treasure house. He understood that at the current stage, the Lin family must follow the steps of the eldest prince without hesitation; in this way, if the eldest prince succeeds in succeeding in the future, their Lin family will naturally be able to advance to a higher level.

Therefore, let alone more than half of the profound stones, even if they were all of them, Lin Yuxin could only grit his teeth and take them out.

"We're going to the treasure house!" Xu Ming's eyes lit up, and he followed Lin Yuxin diligently.

"I just went to see what the Lin family's treasure house looks like, just to see, really!" Xu Ming's eyes narrowed into an evil half-moon shape again.

"Hahaha, the treasure house of the Lin family, I'm here... to see you!"

It is no exaggeration to say that the treasure house is the most important place in a family.

The Lin family treasure house, located in the rockery in the back garden, is guarded by layers of formations. This guardian formation seems to be no less than the formation pagoda of Feiyun Wuge that Xu Ming had seen.

This kind of place, even a congenital perfection expert, is difficult to forcefully enter.

I saw Lin Yuxin took out a few strange-shaped treasures and threw them on the eye of the formation. Then, he manipulated a few treasures with innate profound energy and rotated at different speeds, as if he was twisting a key.

Click!

The formation revealed a gap, leading directly to the hole on the rockery, which was the entrance to the treasure house.

Lin Yuxin entered the formation in a flash, and Xu Ming followed him like a shadow.

As soon as he entered the formation, Lin Yuxin cautiously took away several strange-shaped treasures placed on the formation.

Entering the family treasure trove, of course, must be cautious and not allow the slightest mistake.

It's just that Lin Yuxin would have thought that someone had followed him into the treasure trove, and he didn't even know it.

The treasure trove is not big, only three feet (ten meters) square, but it is filled with a dazzling array of treasures: weapons, medicinal herbs, exercises, materials, gold...

Formation seals are also set on each type of treasure; obviously, even if someone tried their best to sneak in, it would not be easy to take away the treasure.

"This is the background of the big family!" Xu Ming was quite knowledgeable when he visited the Lin family's treasure house this time. "The Lin family has so many resources, but they never show off; even the 'living expenses' for direct children like Lin Muqing, are quite restrictive."

At this time, Lin Yuxin took out another strange treasure, put it on the formation where the profound stones were stored, and twisted it.

When the formation was withdrawn, the rich innate profound energy escaping from the profound stone immediately rushed out.

Lin Yuxin seemed to be prepared long ago, greedily sucking up these pure innate profound energy, his face was full of enjoyment. What he likes to open the most is the formation that stores the profound stones; every time he can take two puffs of innate profound energy, he benefits a lot.

Sometimes, Lin Yuxin really wanted to roll up these profound stones on an impulse and run away.

However, he was born and raised in the Lin family, and all his relatives are here; if a person runs away alone, what is the point of having more profound stones~www.readwn.com~? – The family valued Lin Yuxin's character, so they were assured of handing over the family treasure to him.

"Three hundred..."

Lin Yuxin began to count, and he was extremely attentive, for fear that there would be more than one.

Ever since the formation that stored the profound stones was opened, Xu Ming's eyeballs had been falling on it and never moved away.

"At a rough glance, there are more than five hundred stones. Among them, there are about ten stones of quality, which seem to be obviously superior to other profound stones!"

Xu Ming didn't know that these better quality profound stones were middle grade profound stones; one was worth ten low grade profound stones!

"Uh, what the hell, I've visited and seen it, and I've seen it, so let's go on..." Xu Ming's eyes narrowed to evil again without knowing it...

To **** the profound stone from the defenseless Lin Yuxin, Xu Ming felt that it was not difficult.

Xu Ming took out his spear and aimed it at the back of Lin Yuxin's head.

As long as this shot goes down, Lin Yuxin's head will explode like a watermelon, and he can't die any longer.

but...

Xu Ming shook his head and put away his spear again: "I don't really have much hatred with this Lin Yuxin; besides, he also helped me open the Lin family's treasure house..."

Xu Ming thought for a while and couldn't bear to kill.

But then, Xu Ming had an extra hammer in his hand, which he bought from an artifact store.

"Since you don't have the heart to kill it, let's stun it!" Xu Ming thought, "Also, I have to count on him to take me out of the treasure house later!"

The treasure house of the Lin family is not something that Xu Ming can come and leave whenever he wants. Someone has to help open the door, right?

"Then..." Xu Ming raised his hammer and aimed at the back of Lin Yuxin's head again.

Lin Yuxin shivered inexplicably.

He frowned and looked around: "strange, why do I suddenly have an ominous premonition?"

thump—

Chapter 59: , Ransack 1 Empty

thump—

In the moment before the “dong” sounded, Lin Yuxin seemed to suddenly realize something, his eyes suddenly widened and he was extremely frightened.

But immediately, his eyes became slack.

clap clap!

Xu Ming put away the hammer, looked at Lin Yuxin who was knocked unconscious by his own hammer, and clapped the dust on his hands proudly: “A congenital expert? Isn’t it a matter of being knocked down with a hammer?”

Immediately, Xu Ming focused his attention on the profound stone.

“Take it! Take it all!”

Without any hesitation, Xu Ming unceremoniously swept away the profound stones.

Whether it is piled up in the formation or scattered on the ground, Xu Ming will not leave a single one, and harvest them all!

One by one, the profound stones were thrown into the Na ring, and Xu Ming was so happy that he wanted to sing. If it wasn’t for the fear of waking up the fainted Lin Yuxin, Xu Ming would have sang “Turn over to the serf and sing” by now.

The profound stones that the Lin family had accumulated over the decades were more than 500 stones, and they were all harvested by Xu Ming in minutes.

“It’s gone?” Xu Ming was still unsure.

Then he turned his attention to the other treasures in the treasury – weapons, elixir, gold...

“Well, it’s rare to come to the Lin family’s treasure house once. If you only move so many profound stones, isn’t it a bit of a waste of opportunity...”

If someone from the Lin family knew what Xu Ming was thinking, they would probably vomit blood!

What is a rare visit? How many times do you want to come to TMD?

What does it mean to just move away so many profound stones? —I wiped it, this is what our Lin family has accumulated for decades, right? If you don't say anything about the whole pot, you still think it's too little?

Fortunately, no one in the Lin family knew what Xu Ming was thinking, and no one knew that the family treasure house had been stolen; so for the time being, the people of the Lin family didn't have to vomit blood.

“However, the other treasures are still sealed by the formation, and I can't take them...” Xu Ming subconsciously turned his attention to Lin Yuxin. This guy is in charge of the Lin family's treasure house, and he must have the keys to unlock these formations.

I have to say that as a congenital master, Lin Yuxin has really strong willpower. He was knocked unconscious by Xu Ming with such a ruthless “thump”, and within two minutes, he gradually regained consciousness.

Xu Ming saw that Lin Yuxin's fingers began to tremble slightly. Obviously, his consciousness was struggling to escape from the darkness.

“Wake up so soon?”

Xu Ming was quite surprised, so he had to take out the hammer from the ring again.

At this moment, Lin Yuxin also struggled to raise his head.

“You...” Lin Yuxin's vision was still blurry, he only had time to see a vague figure squatting beside him, as if holding a hammer in his hand.

Then, Lin Yuxin saw that this fuzzy figure raised the hammer and smashed it down at himself.

“Do not...”

Before Lin Yuxin could shout, he fell into a coma again.

“call!”

Xu Ming blew the hammer, it seemed that the hammer was smoking.

In fact, if this hammer were made of ordinary materials, it would really blow smoke. The head of a congenital master is harder than a stone!

You think it is easy for Xu Ming to stun Lin Yuxin, but this is actually a very difficult operation – it requires both strength and a good angle. Fortunately, Xu Ming's realm is high enough. If he were to change to an ordinary martial artist, he would not necessarily be knocked unconscious if he smashed it!

“If you have the ability, wake up and try again!”

Xu Ming swayed the hammer on Lin Yuxin’s head twice, making sure that the other party had really fainted. Then he put down the hammer and peeled off Lin Yuxin’s acceptance ring.

This time, Lin Yuxin was really dizzy. Xu Ming forcibly refined his Najie, but he didn’t wake him up.

“As expected of the elder in charge of the treasury of the Lin family, the treasures in this ring are too many!” Xu Ming unceremoniously took down the ring, “Also, everything is well-organized. ”

Xu Ming quickly found a bunch of strangely-shaped keys in the ring. As long as these keys are placed on the matching formation, the formation can be opened.

“Try them one by one!”

With the key in hand, it is not difficult to open the formation of these sealed treasures. With the hand speed of Xu Ming Dacheng’s “unicorn arm”, in minutes, all the treasures had taken off the cover of the formation, and the red fruit was lying in front of Xu Ming, allowing him to pick it up.

“Weapons? Take it!”

“Pill? Take it!”

“Runes? Accept!”

“Gold? Needless to say, take it!”

...

“Uh, exercise? It seems like it’s sold to Xiaohang, you don’t want it... Forget it, forget it, let it go first, go back and find a garbage dump to throw it away, or find some beggars to give it away. Well, you can’t keep your enemies, no!”

The dead ancestors of the Lin family, if they knew that Xu Ming treated the exercises that they had painstakingly collected, they would be so angry that they would jump out of their graves!

For a family with a long history like the Lin family, what is the most important thing? — It’s not the profound stones and treasures in the treasure house, it’s not masters like Lin Yubo and Lin Hai, and it’s not a genius who stands out from the crowd, but it’s these inherited exercises!

The family's inheritance exercises are the most precious heritage of a family!

There are even many families and forces. When they are in decline, they will abandon their wealth, treasures, and children with mediocre talents; but ~www.readwn.com~ will never abandon inheritance exercises!

But now, the Lin family's inheritance exercises have been thrown into the corner of Na Jie by Xu Ming as if he were collecting garbage, and he also said that he would find a garbage dump to throw it away...

Although the Lin family still has copies of these exercises stored elsewhere, the leakage of the inheritance exercises is still a huge tragedy! Because, people all over the world may know the strengths and weaknesses of the Lin family's exercises; the enemies of the Lin family will even practice the Lin family's exercises to deal with the Lin family...

In short, tragedy!

Swish! Swish! Swish! Swish! ...

Xu Ming was like a hard-working little bee. Soon, the Lin family's treasure house was cleaned up, and not even a single hair was left.

Seeing the results of his "cleaning", Xu Ming was quite satisfied.

"But... as the saying goes, leave everything in the line, see you in the future! Is it too unscrupulous for me to loot the Lin family's treasure house like this?"

Is Xu Ming an unscrupulous person?

Obviously not!

Therefore, Xu Ming took out a profound stone in a very distressed manner and threw it into the formation where the profound stone was originally stored.

"Well, just leave one for them!"

After thinking about it, Xu Ming wrote down another note, folded it, and threw it beside the profound stone.

Afterwards, Xu Ming threw all the other keys back to Lin Yuxin, leaving only the key to the formation that stored the profound stones.

After finishing the formation where the profound stones were stored, Xu Ming put the key into his own ring: "The people of the Lin family should really like to see what is written on this note, hehe, there is no key, I think What do they think!"

Break the formation?

Of course, this kind of formation is not easy to break, and it is enough for the experts of the Lin family to be busy for a while.

After doing this, Lin Yuxin just woke up slowly again.

“I won’t knock you out this time!” Xu Ming smiled treacherously and disappeared into a state of invisibility.

Chapter 60: , Lord Reward You

“what’s the situation?”

Lin Yuxin struggled again from the darkness and regained consciousness. All he felt was a splitting headache, dizziness, fatigue, and difficulty even moving his fingers.

“Roar!”

Lin Yuxin forcibly raised his arms and made himself half-kneel.

He shook his head slightly, as if this would make himself a little more awake.

Suddenly, Lin Yuxin remembered – he was stunned by someone! And twice!

Suddenly, he didn’t know where the strength came from, so scared that he covered the back of his head subconsciously, and his whole body bounced on his knees and stood up all of a sudden.

“Sword, my sword!”

Although the whole person is in a very bad state, Lin Yuxin still knows to draw the sword as soon as possible.

“Huh? Where’s my sword? No, where’s my Najie!?” Lin Yuxin’s eyes widened all of a sudden, and he even forgot about the headache—the Najie in his hand was gone!

puff!

Lin Yuxin spat out a mouthful of old blood.

When Lin Yuxin’s mental imprint on the Na Ring was erased, he suffered a lot, just because he was so dizzy that he didn’t have time to react. But now, Lin Yuxin finally found out that Na Jie had been robbed, and was so angry that he vomited blood all of a sudden.

There was no weapon, but Lin Yuxin still tried to parry immediately, watching the surroundings vigilantly.

“Huh? Nobody?”

Lin Yuxin was stunned for a moment, he was obviously knocked unconscious, and it was twice – how could there be no one?

Of course there will be no one left!

It’s just that Lin Yuxin couldn’t see that Xu Ming was standing at the door of the treasure house, waiting for Lin Yuxin to open the door!

“What about people?”

Lin Yuxin scanned around, but he didn’t find anyone, but he scanned—

“The treasury... is empty!”

Lin Yuxin’s legs softened, and he almost spat out another mouthful of old blood.

But at this time, Lin Yuxin showed his emergency ability as a treasure elder; he did not rush to think about how the treasure disappeared, but carefully searched every corner of the treasure house to see if there are any Tibetans in the small treasure house?

The result of the search is naturally – no one!

no one? Do treasures run on their own long feet? Of course this is not possible!

“It must be reported to the Patriarch immediately!” But his ring was robbed, and he no longer had a summons; and even if there was a summons, he would not be able to get out of the treasure house surrounded by the formation.

key!

Lin Yuxin hurriedly picked up the key on the ground. He knew that it must have been left to him on purpose by the rampant thief.

A few strange-shaped keys were thrown on the formation of the gate, and then Lin Yuxin kept changing his gestures.

Xu Ming watched from the side: “It’s really troublesome to open the door of the treasure house, all kinds of gestures and so on; fortunately, I didn’t kill Lin Yuxin, otherwise, even if I had the key in hand, it would not be easy to get out!”

The door opened, and Xu Ming once again followed Lin Yuxin as he walked out of the treasury.

“Go, go back!”

In the invisible state, Xu Ming put his hands behind his back and walked leisurely towards the door of Lin’s house.

As for Lin Yuxin, who is rushing to find their owner, Xu Ming has no interest in continuing to pay attention.

In Xu Ming’s words: “The Lin family’s treasury is stolen, what does it have to do with me? What’s so good about this excitement?”

As soon as Xu Ming left the Lin family, the senior members of the Lin family rushed to the outside of the treasury.

“Open the door!” Lin Yubo shouted.

The family treasury can only be opened by the elders who are in charge of the treasury, and even the head of the family has no keys.

The elderly Great Elder Lin Hai was trembling slightly.

As soon as the treasure house was opened, the senior members of the Lin family were as anxious as monkeys, and rushed in all at once.

Although they already knew that the treasure house had been looted, but seeing the scene of the empty treasure house with their own eyes, all the senior members of the Lin family were still trembling with anger.

“Who! Who is it!?” Lin Yubo roared hysterically.

No one responded to him.

“Patriarch...” Lin Yuxin said cautiously, “If you want to open the door to the treasure house, you not only need a key, but also need to cooperate with our Lin family’s special exercises! I suspect that there is a ghost in the family; he tried to copy the key and hid in advance. In the treasury, sneak attack on me!”

“Inner ghost?” Lin Yubo glanced around and said nothing.

In fact, he also felt that there was a ghost in the family. Only the inner ghost could ambush in the treasury beforehand; only the inner ghost would attack Lin Yuxin but save his life.

Who is the ghost?

The treasury was stolen, and the Lin family must be in a panic; Lin Yubo didn't dare to doubt it without any evidence.

"Patriarch, there is still a note here!" Lin Yu said.

"Open!"

"This key is not left, and the protective formation cannot be opened."

Lin Yubo clenched his fists tightly: "He must have done it on purpose! – Blast the formation!"

Each of the formations in the family treasury was set up by the family ancestors at a great cost; destroying one is enough to make the Lin family feel distressed. But at a time like this, no one cares about being distressed, and everyone wants to see what was written on this deliberately left note!

A group of senior members of the Lin family took out their weapons and rushed over, as if this formation had a revenge on them to kill their father.

I have to say that the formations left by the ancestors of the Lin family are of excellent quality. A group of experts from the Lin family joined forces to blast Xiao Banzhuxiang for a while before they finally blasted away.

"Let me see what was written!"

Lin Yubo was so anxious as if he was entering the bridal chamber for the first time, he grabbed the note and spread it out.

I saw that it was written:

"You're all tired, come, Lord, reward you with a profound stone and go buy water!"

All the senior members of the Lin family were stunned... For a long time, there was no sound.

"I..." Lin Yubo clenched his steel teeth and his veins burst, UU reading www.uukanshu.com crushed the note, and the whole person's breath was chaotic.

The old elder Lin Hai couldn't bear such humiliation, his whole body trembled, and he was about to faint. Before he fell, his weak voice trembled: "Inheriting the practice, you can't lose it..."

The other elders quickly caught the elder Lin Hai who had fainted.

It was only then that Lin Yubo realized that other treasures would be lost if they were lost, and the big deal would be to save them again; however, family inheritance exercises are not allowed to be lost! Once the inheritance method is leaked, other forces know the weaknesses in the Lin family's practice, so how can the Lin family fight against others?

"Check! Who must be found out?"

However, there is no clue, how can I ask them to check?

...

When the Lin family was in chaos, Xu Ming had already secretly returned to his residence and checked the treasures.

There are indeed many treasures in the Lin family's treasury, and many of them are first put into the storage ring, and then stored in the treasury. Xu Ming casually flipped through a few rings, and he was dizzy with the pile of miscellaneous treasures.

"I'm going, I have to see when, I'm too lazy to watch it!" If the Lin family knew that the people who stole their treasure house were too lazy to count the treasures, I really don't know what the expression would be, "Xiaohang, these All the stuff, give me all the money!"

Xu Ming only left behind the profound stones, gold, and exercises, and all other treasures, including the extra ring, were all redeemed.

"A total of 3,100,000 points can be exchanged for level 1, and 150 points for level 2. Do you want to exchange it?"

"It's redeemed, it's redeemed!" Xu Ming didn't collect junk, it was useless to keep so many miscellaneous things.

"Successful redemption!" Xiaohang reported, "Because the level 2 points owned by the host exceeded 100 points for the first time, the Artifact Store opened the 'small-scale leapfrog purchase function', which lasted for twelve hours, please pay attention to the host."
