

A World 511

Chapter 511: , No Longer Tentative

After Xu Ming used the Heavenly Dao of Water, Yan Mo felt the pressure greatly increased.

“What... what!?” Yan Mo was horrified, “Three Heavenly Paths!?”

“Xu Ming!” Yan Mo couldn’t help voice transmission, “Are you crazy? You actually went to understand the three heavens at the same time?”

To comprehend the way of heaven, we must be single-minded and focus on one way of heaven; in this way, we can achieve great achievements—this is common sense!

It is a taboo to be distracted and comprehend the two ways of heaven!

As for Xu Ming, he was distracted and realized the three ways of heaven!

Xu Ming said indifferently: “I’m not crazy, I know exactly what I’m doing.”

Everyone has their own way of preaching. And Xu Ming’s way of proving the Way will never be limited to a certain way of heaven!

He even fantasized about what would happen if he went to comprehend the nine heavenly ways at the same time?

However, when comprehending the Dao of Heaven, what matters is that it comes naturally. The reason why Xu Ming can comprehend the three Dao of Heaven at the same time is because the three Dao of Heaven, wind, fire, and water, were all comprehended by him.

As for the other six Heavenly Dao, there is not much insight for the time being, so Xu Ming is not in a hurry.

Everything is about getting things done, Xu Ming will not force it.

“Yanmo, don’t be distracted by the battle, just finish this battle with me first!” Xu Ming used three Heavenly Paths at the same time, his mighty mighty power, faintly crushed Yanmo.

“Haha, good!” Yan Mo laughed loudly, leaving the distracting thoughts behind, “It’s really rare to be able to collide with an opponent like you in the qualifying battle! I will do my best in this battle, if you want Be careful!”

“Haha! Just let the horses come over!”

boom!

Xu Ming laughed, the spear carrying the three mysteries of wind, fire and water, smashed it in anger.

“Humph!”

Yan Mo was suddenly covered with a layer of blue water curtain.

The water curtain is overflowing with splendid rays of light, and there is even a vague “formula” of the materialized water heaven. A layer of water curtain protects Yan Mo’s body from top to bottom without any dead ends.

rumbling...

Xu Ming’s spear rolled down, and the space around the spear seemed to be compressed a thousand times!

boom!

The long spear smashed angrily, directly smashing Yanmo’s sharp sword away, directly hitting the water curtain on him.

However, when the power of this gun was completely poured out on the water curtain, it seemed to sink into the sea and failed to cause any damage to Yan Mo.

“Huh?” Xu Ming was horrified, “What a strong defense!”

The Heavenly Way of Water is a very balanced Heavenly Way; it is good at both offensive and defensive!

When attacking, like the raging waves of the river, it is unstoppable!

When defending, it is like a sea that accepts hundreds of rivers, swallowing all attacks!

In terms of offense and defense balance, the other eight heavenly ways are not as good as the watery heavenly way!

“Haha!” Yan Mo said cheerfully, “Come again! Come again!”

Saying that, he killed it again!

“Come again!”

Xu Ming’s spear also smashed out angrily again.

boom! boom! boom! boom! ...

The two sides collided fiercely on the Tianlei battle platform. In the blink of an eye, thousands of times have fought!

“Humph!” Xu Ming thought to himself, “This Yanmo is cunning enough! Every time, he doesn’t confront me, but first uses a sharp sword to remove part of the power from my spear, and then uses a water curtain to carry it hard. My attack – I clearly have the upper hand, but I have fought thousands of times, but I haven’t gotten any benefits!”

And Yan Mo is even more shocked! Because he found out that – during the fight, Xu Ming’s strength was actually rising...

Yes!

constant increase!

At the beginning, it was relatively easy for Yan Mo to resist Xu Ming’s attack. But gradually, Yan Mo found that his pressure was getting bigger and bigger, and he had to go all out to resist!

Even later, even if Yan Mo went all out, she felt powerless!

“Could it be that Xu Ming hid some of his strength at the beginning, and as the battle went on, he gradually revealed his strength?” Yan Mo guessed, “Or... Xu Ming’s marksmanship is the more he goes to the back, the more powerful he is. of?”

Yan Mo guessed wrong!

What he could not have guessed in his dreams was that while Xu Ming was fighting, he was rapidly improving his understanding of the Heavenly Dao of Water!

“Kill! Kill! Kill!”

Xu Ming fought happily.

In his opinion, Yanmo is not only a good opponent, but also a gift bag of experience!

In Yan Mo, Xu Ming constantly absorbs the insights of the water and heaven, and improves his strength!

suddenly...

An epiphany flashed across Xu Ming’s eyes.

“The understanding of the water and the heaven, breaking through to the second-step Taoist level!”

The Heavenly Dao of Water at the second step Daojun level has played a better “adhesive” role, making the two Heavenly Dao of wind and fire lingering like glue!

Moreover, the Heavenly Dao of Water also has a powerful power in itself!

Suddenly, the might of Xu Ming’s spear skyrocketed to a higher level!

boom!

The spear blasted away the blocking sword, and even cracked the water curtain on Yan Mo!

“What!?” Yan Mo turned pale in horror.

Immediately afterwards, Xu Ming crushed him with another shot!

“Can’t stop it!”

Yan Molian shouted in horror: “Admit defeat!!”

Whoosh!

Xu Ming’s long spear smashed the water curtain in a flash, and it was closed in a flash.

“His—” Yan Mo took a deep breath.

If he hadn’t conceded in time, Xu Ming’s shot would have seriously injured him!

After a long while, Yan Mo said: “Brother Xu Ming, a good method... willing to bow down!”

Yan Mo, comparable to the combat power of the three-step Taoist, was still defeated by Xu Ming's leapfrog!

"Even Yanmo is defeated..."

Many geniuses are silent.

"This Xu Ming, how can he be so strong, how can he win against Yanmo..."

However, Xu Ming has won, this is an indisputable fact!

But soon the geniuses found out—

"Xu Ming seems to have used three different ways of heaven at the same time to win Yanmo!"

"Comprehend three kinds of heaven at the same time? – Is Xu Ming crazy?"

"I think it's not crazy, it's too arrogant!"

To comprehend the way of heaven, one needs to focus on one way of heaven wholeheartedly – this is common sense that has never changed!

I have never heard of anyone who can achieve great achievements by comprehending two heavenly ways at the same time!

After many geniuses discovered that Xu Ming had gone astray, they couldn't help but gloat over the misfortune: "Xu Ming, aren't you a genius and a pervert? What about this? Great achievements! – And we, although our talent is not as good as you, but as long as we work steadily, one day, we will surpass you!"

These geniuses with bad thoughts cursed one after another: "Xu Ming, don't get lost and know your way back... It's best, you will always be trapped at the level of Daojun, unable to break through Dao Zun..."

Xu Ming stood proudly on the battlefield, looking around, his aura was like a spear soaring into the sky.

“But there are still people to fight?”

The whole place was silent.

Even Yan Mo was defeated by Xu Ming; who else would dare to come to power and be abused?

“If there is no one, I will go down first!” Xu Minghong said, “Whoever wants to challenge me is welcome at any time!”

Xu Ming restrained his momentum and walked back to his seat indifferently.

“Xu Ming!”

Suddenly, a sound transmission sounded in Xu Ming’s mind.

“Huh?” Xu Ming couldn’t help but startled, “Palace Master Extreme Heaven?”

The Palace Master Ji Tian’s voice was cold: “Xu Ming, you were tentatively designated as a ‘Million-level’ genius before, right?”

“Yes!” Xu Ming replied.

“From today... you are no longer tentatively designated as a ‘Million Year’ genius!”

Chapter 512: , Yan Que An Zhi Hong Hu’S Ambition!

“From today... you are no longer tentatively designated as a ‘Million Year’ genius!”

“Huh?” Xu Ming couldn’t help but startled slightly, “No more tentative?”

No longer tentative, there are two meanings.

The first meaning is to officially promote Xu Ming to a “Million-level” genius.

The second meaning is to lower Xu Ming’s genius level.

Xu Ming could hear that the voice of the Palace Master Jitian was cold, and it obviously didn’t look like something good happened.

Sure enough, the Palace Master Jitian continued to transmit his voice: “From now on, your genius level will be reduced to ordinary level!”

Ordinary level?

Xu Ming was stunned – from the tentative “Million Grade”, he went straight to the end, down to the ordinary level...

This downgrade is too fast!

You must know that from “Million Grade” to “Ordinary Grade”, there can be many grades such as 100,000 grade, 10,000 grade, 1000 grade, 100 grade, 50 grade, 10 grade and so on!

Xu Ming originally thought that even if Palace Master Ji Tian wanted to lower his genius level, he would at most lower himself from “millionth grade” to “100,000th grade”.

Unexpectedly, it fell directly to the bottom!

“I just defeated Yanmo and won the first place; it’s just that I didn’t raise my genius level, and I even lowered my genius level?”

Xu Ming is dissatisfied!

Anyone who encounters such a thing will be dissatisfied!

Unexpectedly, this is not over yet!

The Palace Master Ji Tian continued to transmit his voice: “Before, when you were tentatively designated as a ‘Million-level’ genius, the treatment you enjoyed will also be recovered!”

Still recovering?

Xu Ming’s face couldn’t help but become more and more ugly – this is the rhythm of forcing himself to death!

To put it bluntly, the treatment Xu Ming had enjoyed before, that is, the enlightenment time of the Chaos Stone Carving, was as long as one hundred days.

However, nearly half of the 100 days had been taken away by Xu Mingyong.

And the reward for the first place in the ranking battle is also the 100-day time for chaotic stone carvings to comprehend; the meaning of the Supreme Heaven Palace Master is that from the 100 days of this reward, the dozens of days that Xu Ming used before will be given to Xu Ming. Ask for it back.

Xu Ming couldn’t help but secretly sighed in his heart: “As the highest level of the ethnic group, the Supreme Heaven Palace Master has made things difficult for me like this... This approach is too shameless!”

What Xu Ming didn’t know was that at this time, the Palace Master Ji Tian was talking to the other great men of the human race, saying to himself, “It’s not easy to be a bad guy! – I guess, this Xu Ming is going to hate me now!”

“Haha!” Zhan Wuwei laughed, “We can’t be this bad guy even if we want to be! – After all, Xu Ming is tentatively designated as a ‘Million Year’! If you want to adjust his genius level, only you have this ability. Permission!”

Ye Tianhun also laughed and said: “Yes, even if we want to be bad people, we have no right to be!”

“You guys...” Jitian Palace Master couldn’t help but smile bitterly.

“but...”

After smiling bitterly for a while, gradually, the Palace Master Ji Tian said with a serious tone: “In order to allow Xu Ming to return from the lost path and return to the right path! This bad guy, I must be willing to do so!”

As for the masters of the twelve palaces of the Asking Palace, each of them can dedicate everything to the ethnic group! – including life!

What’s the harm in being the bad guy?

“Palace Master!” Ye Tianhun comforted, “Xu Ming will understand your good intentions in the future!”

“Hopefully...” Palace Master Ji Tian shook his head and said, “I’m a bad guy once, it’s nothing! I’m afraid that Xu Ming, a good seedling with potential, will go astray and waste his talent! – In that case, it is the ethnic group. Big loss!”

In the opinion of the Palace Master Ji Tian and others, Xu Ming is expected to become a top Taoist master in the future—that is, a superpower at the level of Zhan Wuwei and Ye Tianhun!

If Xu Ming was allowed to “waste” his talent, the ethnic group would be equivalent to losing a top Taoist master!

Therefore, the Supreme Heaven Palace Master and others have to “righteousness” Xu Ming’s martial arts path!

This is a piece of their painstaking efforts towards Xu Ming!

It’s just... Xu Ming doesn’t seem to need them to work so hard!

Because, Xu Ming’s goal of martial arts is not to become a top Taoist; even, not to become a demigod!

Xu Ming's goal of martial arts is...

Become a god!

And—not to be an ordinary deity!

If you want to do it, be the strongest among the gods!

Xu Ming's goals and ideals are simply beyond the understanding of the Supreme Heaven Palace Master and other human race almighty!

To use an old saying – Yan Que An Zhi Hong Hu's ambition!

Supreme Heaven Palace Master, Zhan Wuwei, Ye Tianhun and other great powers are “Swallow Sparrow”!

Although, they have already stood at the peak of the entire human race; however, they are only in the human race!

The vastness of the sky and the earth – in this world, there are existences stronger than the Supreme Heaven Palace Lord, such as the crucian carp crossing the river, there are countless!

Even, even if there are more existences than the founder of Jiuyu Divine Kingdom, “Jiuyu True God”, there are not a few!

Xu Ming's path of martial arts was just wrong in the eyes of Jitian Palace Master, Zhan Wuwei, Ye Tianhun and others. However, if you let the gods see it, maybe they will think that Xu Ming is right!

There is no right or wrong in the road of martial arts, only if it suits you!

“Xu Ming!” Jitian Palace Master continued to transmit his voice wisely, “I will tell you very responsibly based on my experience of thousands of years – the path of martial arts you are now taking is undoubtedly wrong!”

Absolutely wrong?

Still without a doubt?

Xu Ming can't believe it! —Because, Xiaohang once said that Xu Ming's martial arts path is not wrong!

Do you believe in Xiaohang, or do you believe in the Palace Master Jitian?

Xu Ming chose to believe in Xiaohang without hesitation! – After all, the many methods on Xiaohang's body are unbelievable; even the Supreme Heaven Palace Master, it is impossible to achieve!

Since he believed that what Xiao Hang said was right, then, no matter what the Palace Master Jitian said, Xu Ming would turn a deaf ear!

“When you return to the right path, I will re-determine your genius level!” Jitian Palace Master said again, with a hint of persuasion in his tone, “If you behave well, you will be officially designated as ‘A million-year genius is not a bad idea!’”

“Whether you want to officially become a ‘million-year-old’ genius, or are you willing to squander your talent and become an ordinary genius, it's all up to you! – Xu Ming, we asked the senior officials of the palace, and they are very optimistic about your talent; I hope You, don't destroy your future!”

After Jitian Palace Master finished speaking, he stopped transmitting the sound; instead, he left the time to Xu Ming, hoping that he could think clearly and rationally make the “correct” decision.

...

The ranking battle continued, and no one dared to challenge Xu Ming's majesty!

joke!

Xu Ming almost ravaged all the top ten talents. Who else does not have long eyes, dare to provoke Xu Ming?

At the end of the qualifying battle, Xu Ming won the “first” without a doubt.

However, until the end of the qualifying battle, Palace Master Ji Tian did not transmit his voice to Xu Ming; obviously, he was waiting for Xu Ming to contact him.

“Palace Master Extreme Heaven!” Xu Mingzhen’s voice transmission passed.

“Oh? Have you figured it out?” Palace Master Ji Tian looked over, with a faint hint of coercion in his eyes.

“Think clearly!” Xu Ming said, “I want to apply for the... Babel Pagoda assessment!”

Chapter 513: , Babel Tower Examination

Three days later.

Next to the Nine Tongtian Towers.

Xu Ming came here alone.

Supreme Heaven Palace Master and other great powers did not appear in person.

However, their consciousness has already quietly descended on the nine towers of the sky; it’s just that Xu Ming couldn’t find it.

“Xu Ming!” Ye Tianhun’s voice sounded in Xu Ming’s mind.

“Elder Ye!” Xu Ming transmitted his voice to the surrounding air; his voice was naturally heard by Ye Tianhun.

“Xu Ming!” Ye Tianhun said again, “According to the regulations, the Tongtian Tower assessment will be opened every 50 years; the next assessment should be after five years – but, considering that you were tentatively set as ‘million Grade’ genius, so, we make an exception to open a separate assessment for you!”

Xu Ming was tentatively designated as a “million-year-old” genius, and it is still a secret until now. In the ethnic group, I asked the high-level officials above the elders of the palace, and only then did I know.

Therefore, Xu Ming’s separate assessment was also conducted in private. The invigilators were the Palace Master Ji Tian, Elder Zhan Wuwei, and Elder Ye Tianhun.

“Thank you Elder Ye!” Xu Ming said.

“You should know the rules of the Tongtian Tower assessment, right!” Ye Tianhun said, “The assessment is different from the usual Tongtian Tower test! Once it fails, it will be teleported out of the Tongtian Tower immediately; there is no second challenge. opportunity!”

“Understood!” Xu Ming said.

If it is a normal trial, even if the trial fails, you can continue to challenge.

For example, for a genius, the winning rate of breaking through a certain level is not 100% – then, during the trial, he can pass a few more attempts; and during the assessment, he may fail at this level.

“If you are ready, start the assessment!” Ye Tianhun said.

“Yes!” Xu Ming said, “I have comprehended three kinds of Heavenly Dao, namely, the Heavenly Dao of Wind, the Heavenly Dao of Fire, and the Heavenly Dao of Water—I will start the assessment with the Heavenly Dao of Water!”

“As you like!” Ye Tianhun’s voice was bad.

Beside Ye Tianhun, the faces of Palace Master Ji Tian and Zhan Wuwei were not very good-looking.

“This Xu Ming is not ashamed at all that he has gone astray. Instead, he feels that he has comprehended multiple ways of heaven, and is complacent there!” Zhan Wuwei couldn’t help but snorted, “What can you do if you are distracted and comprehend multiple ways of heaven? Achievement? – I want to see how many floors he can pass!”

“Look...” Jitian Palace Master sighed, “This Xu Ming is really stubborn! If other geniuses are lowered their genius level, they will definitely reflect on themselves obediently and admit their mistakes! But this Xu Ming doesn’t know how to repent. Forget it, I even applied for the Tongtian Tower assessment to prove myself... stubborn!”

Jitian Palace Master said with a headache.

A genius as stubborn as Xu Ming is rare!

“Palace Master, what kind of test results do you think Xu Ming can achieve?” Zhan Wuwei said.

“The first thing Xu Ming realized was the way of wind and heaven; then, the highest achievement must also be the way of wind and heaven!” Ji Tiangong said, “It’s a pity that he was distracted to understand the two ways of water and fire... Therefore, wind The perception of the way of heaven should be affected a lot; at most, it will pass through the seventh floor of the Wind Tower!”

The seventh floor of the Wind Tower is already the highest evaluation of Xu Ming by the Jitian Palace Master!

“Seventh floor...” Zhan Wuwei shook his head and said, “Palace Master, I think you absolutely overestimate him! – If he focuses on the Heavenly Dao of Wind, then there is still some hope for the seventh floor! It’s a pity...”

During the conversation between the Jitian Palace Master and the others, Xu Ming had already stepped into the Tower of Water Tongtian!

This is the first time Xu Ming has entered the Tower of Water. After all, Xu Ming had an epiphany about the way of water and heaven in the qualifying battle; the qualifying battle had just ended for three days, and Xu Ming had not had time to enter the water tower.

“level one!”

Xu Ming easily swept past.

“Heh, this first floor, it’s a simple life!” Zhan Wuwei couldn’t help sneering—this was not a compliment, but a mockery!

After all, how many of those who can plant the “Water Dao Seed” will not be able to break through the first floor of the Tongtian Tower?

“Second floor!”

Xu Ming didn’t stop and went straight to the second floor.

Continue to sweep, not at all sloppy!

“Oh?” This time, Zhan Wuwei was a little surprised, “Even the second floor, how easy is it to live?”

The Palace Master Jitian and Ye Tianhun also had a slightly different look—you must know that the way of water is the third way of heaven that Xu Ming realized!

The difficulty of comprehending the third way of heaven is undoubtedly extremely high! -It is ten times more difficult than the second way of heaven! It is a hundred times more difficult than the first way of heaven!

But Xu Ming, actually swept the second floor of the Water Tower?

“The third floor!”

The three of the Palace Master Ji Tian were all watching intently.

“The third floor, Xu Ming will never break through!” said Zhan Wuwei and the two beside him.

“Yeah!” Jitian Palace Master and Ye Tianhun also nodded.

If even the third way of heaven can reach the level of a three-step Daoist; then, this Xu Ming is really terrible!

“the third floor!”

Xu Ming looked at the mysterious figure in blue in front of him with a serious look.

This third floor, Xu Ming is still very confident to pass through; because—in the past three days, Xu Ming went to understand the chaotic stone carvings of water! His understanding of the Heavenly Dao of Water has reached the level of a three-step Daoist!

“kill!”

Xu Ming directly used the heaven-level marksmanship – the Five Elements of Spear Intent!

The Five Elements of Spears have strong opinions on the five heavenly realms of metal, wood, water, fire, and earth. This marksmanship is obviously not created by one great power alone, but is likely to be created by a number of great powers.

This marksmanship seems to be awesome, but it’s actually tasteless! After all, on the Endless Continent, no one can comprehend the five ways of heaven at the same time; even Xu Ming has only comprehended three at present—and his comprehension is still very shallow.

Therefore, Xu Ming didn’t understand why there was a great power to create such a complex and imprecise marksmanship.

But that’s not a problem! – Now that you have learned this technique of marksmanship, use it!

rumbling...

Xu Ming’s spear was like a continuous wave of waves, raging towards the mysterious figure in blue.

Each shot is powerful; each shot is more powerful than the previous shot!

And Xu Ming's body was also covered with a layer of water curtain shield.

boom! boom! boom! ...

After hundreds of collisions, Xu Ming powerfully crushed his opponent!

The Tower of Water, the third floor, wins!

“what!?”

The three top powers, Jitian Palace Master, Zhan Wuwei, and Ye Tianhun, were all dumbfounded.

“Xu Ming actually... broke through the third floor of the Tongtian Tower?” Zhan Wuwei's two lantern-like eyes suddenly became round, “The way of water is the third way of heaven that he realized...”

“What's going on...” The Palace Master Ji Tian was also puzzled, “Why, the third way of heaven can be realized so quickly?”

This is unheard of in the thousands of years of experience in the life of the Supreme Heaven Palace Master!

“Look! Xu Ming has stepped onto the fourth floor!” Ye Tianhun said in horror, “Could it be... he still wants to go to the fourth floor!?”

Chapter 514: , Stunned 3 Babies

“Fourth floor!”

Xu Ming continued to challenge.

However, the fourth floor of the Tongtian Pagoda generally requires a four-step Daojun-level comprehension of the Heavenly Dao to pass through. And Xu Ming has only just begun to understand the way of water and heaven a few days ago. If he wants to break through the fourth floor, there is obviously still a big gap.

Therefore, after supporting on the fourth floor for a long time, Xu Ming was defeated.

“call...”

For some reason, seeing Xu Ming stop on the fourth floor, the three great masters, Jitian Palace Master, Zhan Wuwei, and Ye Tianhun, all breathed a sigh of relief—fortunately, Xu Ming hadn’t crossed the fourth floor. Well, I really want to scare these three babies to death.

However, the breath of the three babies was obviously a little too early.

Because then, Xu Ming stepped into the Fire Tower again!

The first floor of the Tongtian Tower of Fire, seconds passed!

The three of the Palace Master Ji Tian nodded slightly: “As expected.”

Second floor, continue to pass in seconds!

“Well, nothing surprising.”

The third floor is still seconds away!

“Huh? A little surprised, but not a big one!”

The fourth floor is still over in seconds!

“Huh?” This time, all three of Jitian Palace Master began to be moved.

After all, Xu Ming's fourth floor was too easy! With this ease, Xu Ming passed the fifth floor, it shouldn't be a problem!

"The second heavenly way of perception has actually reached the level of a five-step Daojun?" There was something incredible in the eyes of Jitian Palace Master, "How did Xu Ming do it?"

However, what shocked the three babies was that on the fifth floor, Xu Ming still passed the second!

"Even the fifth floor has passed in seconds? Could it be that Xu Ming's perception of the Heavenly Dao of Fire is the Six-step Daoist?"

Immediately afterwards, the sixth floor was still rolled over!

The Palace Master Jitian, Zhan Wuwei, and Ye Tianhun didn't know what to say – Dao Zun Banbu!

Xu Ming's perception of the Heavenly Dao of Fire definitely reached the half-step Daoist level!

Sure enough, the three stunned babies were not disappointed. On the seventh floor, Xu Ming continued to win! -Although it is not a second win, it is also easier to win.

The three of the Jitian Palace Masters all looked strange: "Even the seventh floor has passed so easily; is it possible that Xu Ming can still pass the eighth floor?"

Eighth floor!

Xu Ming has been here many times; but every time, he has lost.

"Oh? Are you here for the assessment today?" The fiery red and mysterious figure on the eighth floor has already made hands with Xu Ming for an unknown number of times; they are already very familiar with each other, "You are not my opponent, if you want to beat me, you It's still a little bit! So, your assessment today, stop here!"

"Can you win, if you don't try, how will you know?"

Xu Ming swung his gun at it, and the anger that he set off seemed to burn the entire space!

“Huh?” The mysterious fiery red figure was a little surprised, “I’m making some progress!”

“A little bit?” Xu Ming sneered, “More than a little bit?”

boom!

In the direction of Xu Ming’s spear, the flames of anger in the entire space were frantically rushing towards the fiery red and mysterious figure.

“Playing with fire in front of me?” There was a kind of arrogant disdain in the eyes of the fiery red mysterious figure.

However, after a while...

The fiery red mysterious figure was directly burned into a dog: “Ah! Ah! Ah! Damn, why are you so tenacious? You can’t put it out! – Damn it, don’t burn it, it’s going to burn to death...”

Xu Ming smiled proudly: “Could it be that I am not allowed to make a little progress?”

The gap between Xu Ming and his opponent on the eighth floor of the Tower of Fire’s Tongtian Tower was not that big;

After passing through the eighth floor, Xu Ming went up to the ninth floor to see it. But there is no doubt that on the ninth floor, Xu Ming was still too far behind and lost instantly.

But this has also shocked the three “babies” for a long time.

“The second way of heaven actually broke through the eighth floor of the Tongtian Tower?”

You look at me, I look at you, the three people of Jitian Palace Master. In their eyes, in addition to being shocked, they are still shocked.

“The Heavenly Dao of Fire has passed through the eighth floor of the Tongtian Tower; what about the Heavenly Dao of Wind, which he majored in? – What situation will it reach?”

Incredible!

unimaginable!

Under the watchful eyes of the three top powers, Xu Ming finally made it to the last stop of this assessment – the Wind Tower!

win!

win!

win!

win!

...

Xu Ming was in a hurry, sparks and lightning all the way, winning ten layers in a row!

The master of Shengde Jitian was stunned, the elder Shengzhan fearless was stunned, and the elder Ye Tianhun was suspicious of life.

“Is that human being?”

These three top human beings, even with millions of years of life experience, cannot understand why Xu Ming’s speed of understanding the way of heaven can be so abnormal? – You know, Xu Ming has realized three heavenly ways at the same time! Moreover, it has only been five years since I realized it!

Xu Ming’s speed of understanding the Dao of Heaven has far exceeded their cognition range!

Not to mention comprehending three Heavenly Dao at the same time, even if you concentrate on comprehending one Heavenly Dao, in just five years, it is difficult to upgrade from ignorance to three-step Daoist!

The three great masters of the Supreme Heaven Palace couldn't help but have such thoughts flashing in their hearts: "Could it be that the path of the evildoer's martial arts really cannot be judged by common sense?"

The Palace Master Jitian, Zhan Wuwei, and Ye Tianhun had doubts for the first time: "Could it be that we forced Xu Ming to focus on one way of heaven, is it wrong?"

But then, the eyes of the three of them became firm again.

The Supreme Heaven Palace Lord said arbitrarily: "Focus on one Heavenly Dao It is impossible to be wrong!"

"That's right!" Zhan Wuwei also said, "Life is endless, the universe is infinite! How vast is the Dao of Heaven? Even if it's just one Dao of Heaven, it's hard for us to comprehend the wisdom of our whole life! How can there be so much energy and wisdom, go to the Comprehend the second, or even the third way of heaven?"

"Extreme!" Ye Tianhun also said, "No matter how much you can understand the way of heaven, what's the use? Only becoming a ***** is the true meaning! – After becoming a god, you can live forever; at that time, you can feel as many as you like. Heaven, all are time! Instead of being a god, once the lifespan comes, even if you realize the nine heavens at the same time, it will be nothing!"

Jitian Palace Master couldn't help sighing: "Yes... Only becoming a ***** is the true meaning!"

Jitian Palace Master has already passed the thirty-sixth floor of Tongtian Tower, and he is only one step away from becoming a god. However, this step away has hindered him for thousands of years, preventing him from becoming a god! – If the end of life comes, then, even if the strength of the Supreme Heaven Palace Master is invincible, it will eventually turn into a pile of dust!

"Even my talent, if I focus on comprehending one heavenly way, it is difficult to become a god..." The Palace Master Ji Tian shook his head and sighed, "And Xu Ming, arrogantly comprehend three heavenly ways? – Does he think that his talent is better than mine? Ten times stronger?"

The talent is ten times, a hundred times stronger than the Supreme Heaven Palace Master? – I’m afraid even Xu Ming would not dare to brag about this! After all, the Supreme Heaven Palace Master is the most powerful man standing at the top of the human race!

but...

Xu Ming has a plug-in!

talent? Comprehension? -Compared with the invincible plug-in, it is a fart!

Just when the thoughts of the three great powers were in a hurry, Xu Ming had already set foot on the 11th floor of the Tongtian Tower of the Wind!

After passing through the eleventh floor, it is Dao Zun!

Chapter 515: , About To Boil

“I’ve come to this familiar eleventh floor again!”

Xu Ming couldn’t help sighing secretly.

Yes, very familiar!

In the past few years, although Xu Ming spent a lot of time and energy, to understand the fire of heaven. However, Xu Ming did not completely give up his understanding of the Way of Wind and Heaven; occasionally, he would still come to brush the Heavenly Tower of Wind.

Although it is only occasionally to brush, but every time, Xu Ming will be on the eleventh floor of the Tower of Wind and the sky, after a few thousand consecutive defeats, just go back contentedly – after all, Xu Ming has also brushed tens of thousands here. Lost.

Lost tens of thousands of games in a row, but never won a game!

Of course, so many failures are not in vain! – After losing tens of thousands of games, Xu Ming’s perception of the Heavenly Dao of Wind is very close to Dao Zun!

When he crosses the eleventh floor of the “Wind Tower”, that is when he steps into Dao Zun!

“Fight again!”

Xu Ming was full of fighting spirit and entered the battle scene.

“Yo? Come for the test?” The mysterious figure in Tsing Yi on the eleventh floor, seeing Xu Ming, an old acquaintance, couldn’t help but smile, “Hey, you definitely won’t pass the test! – During the usual trials, I often throw water. You can’t beat me even with a single shot; what’s more, during the assessment, I will go all out, and I won’t put a little bit of water at all!”

“Stop talking nonsense, let’s fight!” Xu Ming snorted coldly.

“Tsk tsk, look at your petty temper!” The mysterious figure in Tsing Yi has dealt with Xu Ming more often, and even his tone has become very frivolous.

But Xu Ming didn’t bother to talk nonsense with him: “Take me a shot first!”

hum—

Xu Ming’s spear trembled faintly, and the rich source of the wind of heaven, like a hundred birds chasing a phoenix, lingered around the barrel of his spear. The terrifying source of the Heavenly Dao of Wind rapidly rotated into a huge egg shape; the giant egg gradually hatched, and a ferocious “wind dragon” broke out of the egg.

“kill!”

Xu Ming’s face was cold: “Wind! Dragon! Broken!”

rumbling...

The ferocious wind dragon, with its teeth and claws, swooped towards the mysterious figure in Tsing Yi.

“Huh?” The face of the mysterious figure in Tsing Yi changed, “You can actually use this trick! – It seems that after a while, your understanding of the wind and heaven has improved again!”

“Oh!” Xu Ming smiled without saying a word.

This trick “Feng Long Po” was later learned by him after seeing other geniuses perform in the qualifying battle. Xu Ming has “second learning” hanging on, learning a trick and a half secret skills, naturally it is not difficult, it is only a matter of minutes.

“Humph!” The mysterious figure in Tsing Yi said coldly and arrogantly, “However, you want to beat me with this trick? You’re still a long way off!”

boom!

The mysterious figure in Tsing Yi is also a “wind dragon break”, but his “wind dragon break” is obviously more ferocious and mighty than Xu Ming’s.

“Whoops—”

“Roar-”

The two wind dragons roared and collided angrily in the sky.

Below the wind dragon, the mysterious figures of Xu Ming and Tsing Yi were also caught in the fight.

“Kill! Kill! Kill!” The mysterious figure in Tsing Yi looked sharp, completely crushing Xu Ming’s fight.

“Ah—” Xu Ming’s spear danced wildly, keeping it airtight.

The three great powers watching the battle became more and more horrified.

“Xu Ming’s comprehension of the Heavenly Dao of Wind is already very close to the Dao Zun!”
The Palace Master Ji Tian narrowed his eyes, “He can break through with just a chance!”

“It’s scary!”

...

On the eleventh floor of the wind tower, the battle was in full swing.

Every moment, the two sides will collide a hundred thousand times!

After countless collisions, Xu Ming was already scarred; but...

Xu Ming did not lose!

“So tenacious?” The mysterious figure in Tsing Yi was surprised.

What surprised him was not only Xu Ming’s tenacity; rather, the pressure that Xu Ming brought him was increasing! – He was like a rock, pressing down on Xu Ming’s grass; however, Xu Ming’s grass, instead of being crushed to death, grew madly and tenaciously!

This crazy and tenacious energy seems to be pushing away the rock.

“He...” The mysterious figure in Tsing Yi couldn’t help showing horror, “He’s about to break through?”

“Huh?” The three of Jitian Palace Master were also startled.

With their eyesight, it is not difficult to see that Xu Ming’s understanding of the way of heaven is rapidly improving!

Xu Ming is like a small grass, absorbing sufficient sunlight and starting to grow arrogantly.

No amount of oppression can stop his transformation!

In the mind of Jitian Palace Master, four words could not help flashing: “Broken the cocoon... Become a butterfly!”

boom!

The wind dragon, which Xu Ming condensed with the power of the wind and the heavenly way, was directly bombarded; it was transformed into the power of the heavenly way again, and it exploded like fireworks.

And at this moment, Xu Ming finally... made a breakthrough!

His perception of the Heavenly Dao of the Wind has directly entered the level of “Dao Zun”! The “Tao Seed of the Wind” has also been transformed, and he wants to take root and sprout in the sea of consciousness, and grow a “sapling of Tao”.

However, Xu Ming quickly suppressed the changes in the “Dao Seed” and wholeheartedly dealt with the mysterious figure in Tsing Yi.

“Kill!” Although the mysterious figure in Tsing Yi saw Xu Ming’s change, he still bumped forward without fear.

The “wind dragon” he controlled also rushed towards Xu Ming.

“Humph!”

Xu Ming hummed disdainfully, and soared into the sky. He held a long spear, and the whole person blasted in from Fenglong’s head and came out from the tail.

boom!

The ferocious and terrifying wind dragon with claws and claws was instantly bombarded.

Without even looking at Feng Long, Xu Ming swooped down and killed the mysterious figure in Tsing Yi. His spear turned into a fog-like phantom; it seemed like thousands of spears were stabbing at the opponent at the same time.

Not to be outdone, the mysterious figure in Tsing Yi also turned into thousands of phantoms, blasting towards Xu Ming.

boom! boom! boom! boom! ...

The mighty power of the Heavenly Dao of the Wind was aroused by the two, and then exploded...

The place where Xu Ming and the mysterious figure in Tsing Yi fought was completely covered with smoke and dust, making it difficult to see clearly.

suddenly-

The rumble of fighting came to an abrupt end.

In the entire battle scene, there was a sudden silence!

After the smoke cleared, only one figure could be seen—Xu Ming!

As for the mysterious figure in Tsing Yi, it has disappeared and annihilated!

The corner of Xu Ming's mouth evoked a smile – the eleventh floor, victory!

“I want to leave the Tongtian Tower!” Xu Ming shouted quickly.

He is eager to go back to consolidate his insights and let the “Wind's Dao Seed” take root and sprout, and grow a “Sapling of Dao”, so that he can truly break through and become a “Dao Zun”!

Whoa!

Xu Ming only felt a flash in front of his eyes, and the scene around his body changed.

“what?”

However, Xu Ming found that he was not teleported to the foot of the Nine Tongtian Towers, but was teleported directly back to his residence.

“what happened?”

At this time, the voice of Palace Master Ji Tian resounded in Xu Ming’s mind: “Consolidate well and break through Dao Zun!”

Xu Ming immediately understood that the reason why he was directly teleported back to his residence must be because of Palace Master Ji Tian.

“Thank you, Palace Master!” Xu Ming thanked him and sat down quickly, consolidating his understanding.

What Xu Ming didn’t know was that just because of his outburst, the entire top of the Asking Palace was about to boil!

Chapter 516: , Round Table

Xu Ming’s Tongtian Tower assessment has been over for a while.

However, the three great powers, Jitian Palace Master, Zhan Wuwei, and Ye Tianhun, were still in a daze and did not speak.

After a long time, Zhan Wuwei said quietly, “Xu Ming... Really passed the eleventh floor of the Wind Tower?”

Ye Tianhun said: “Unless the three of us were dazzled and misunderstood just now; otherwise, Xu Ming has really passed through!”

The three of them are all the top powerhouses of the entire human race. Is it possible that they will “see it wrong”?

Of course not!

Even the Palace Master Ji Tian felt a little unbelievable; however, the fact was in front of them, and they couldn’t help but believe it!

“That’s right!” Jitian Palace Master suddenly said, “How old is Xu Ming this year?”

He could actually see that Xu Ming was very young, probably only twenty-five or six years old. However, Palace Master Ji Tian couldn’t believe it, so he asked again.

“Twenty-five years old!” Zhan Wuwei looked serious – he remembered very clearly that five years ago, when Xu Ming participated in the Dao Fate Battle, he was twenty years old!

Twenty-five...

After getting the exact answer, the Palace Master Ji Tian fell silent.

At the age of twenty-five, he broke through the eleventh floor of the Tongtian Tower and became a Taoist-and, at the same time, he understood three heavenly ways!

“What kind of pervert is Xu Ming...” Ji Tian Palace Master has been in a high position for a long time and is indifferent, but he still couldn’t help but burst out the word “pervert”.

I don’t blame Jitian Palace Master for not understanding the noble, but if you want to blame it, you can only blame Xu Ming for being too perverted! – You are so perverted, and you are not allowed to be called “perverted”?

“Palace Master...” Zhan Wuwei’s expression was complicated, with excitement and yearning in his eyes, “Our human race, do we need an extra demigod?”

“It’s very likely!” Jitian Palace Lord’s eyes lit up.

A demigod, the strongest fighting force on the endless continent!

Even in a human race with a territory of 3,600 and hundreds of millions of miles, there are very few demigods.

Every demigod is equivalent to a superpower of the level of the Palace Master!

“Palace Master!” Ye Tianhun also said excitedly, “A 25-year-old Daoist! Has there ever been a Daoist younger than Xu Ming in the history of our human race?”

The sooner you become a Daoist, the more extraordinary your talent and understanding are!

If you can become a Daoist before the age of thirty, then becoming a demigod in the future is almost a certainty!

“I don’t know if there has ever been a Dao Zun younger than Xu Ming!” Jitian Palace Master said, “However, it is said that True God Jiuyu became a Dao Zun at the age of twenty-five! – I just don’t know. True God Jiuyu and Xu Ming, who is younger when they become Dao Zun!”

But actually...

It seems unnecessary to find out who is younger.

After all, True God Jiuyu focused on cultivating one heavenly way back then, while Xu Ming cultivated three heavenly ways at the same time! —It is also the age of twenty-five to reach Dao Zun, and the difficulty is obviously different.

and...

True God Jiuyu, from the beginning of the record, there is a powerful guidance! As for Xu Ming, it was only when he was fifteen years old that he started his martial arts path!

Therefore, no matter how you calculate it, the time it took for Xu Ming to become a Daoist was much shorter than that of True God Jiuyu!

Jitian Palace Master's eyes were deep: "Because of Xu Ming, the roundtable meeting that has not been held for many years is about to start again!"

Roundtable meetings are rarely held.

And once it is opened, the discussions are all about the fate of the entire human race!

Even Zhan Wuwei and Ye Tianhun are not qualified to participate in the roundtable meeting! Those who can participate in the roundtable meeting must be a "demi-god" level almighty!

And this time, for Xu Ming's sake, the roundtable meeting is about to start again!

...

a day later.

In the kingdom of God, in an unremarkable palace.

This palace, from the outside, is no different from ordinary palaces, and will not attract the attention of others. However, inside the palace, there is an airtight secret room – even the real gods, it is difficult to spy on the situation in the secret room.

In this secret room, there is a round stone table with a diameter of nine feet.

The texture of the stone table is extremely irregular, but upon careful identification, it can be found that the material of the stone table is actually the same as the material of the chaotic stone carvings!

Around the round stone table, there are twenty-three seats evenly arranged! – You must know that only demigods are eligible to participate in the "round table meeting"! Twenty-three seats means that in addition to the "Twelve House Lords" on the bright side, the human race also hides other eleven demigods!

Oh no!

To be precise, there are “at least” eleven other demigods hidden!

The reason why I say this is because... some demigods who hide more deeply will not even come to participate in the round table meeting!

Moreover, there are individual demigods who are not qualified to participate in the roundtable meeting! – For example, if Holy Master Ziyue really breaks through to a demigod, then he is not qualified to participate in the round table meeting!

The roundtable discussion is about major events related to the fate of the entire human race. Not just any demigod can participate!

Anyway...

The heritage of the human race is very deep!

The number of demigod-level powers is likely to be more than thirty!

call!

call!

...

One after another figure entered the secret room. These figures are either stalwart, domineering, or low-key... But every figure is the greatest existence of the entire human race!

There is no concept of the main seat in the round table meeting; each seat has no distinction between high and low. Therefore, after the demigods entered the secret room, they all sat down casually.

Soon, on the twenty-three seats, there were thirteen demigods!

As for the other seats, they were empty and no one was sitting there.

The Palace Master Ji Tian was the initiator of this roundtable meeting, so he would naturally preside over the meeting.

“The time has come! Other demigods are probably unable to come to participate in this roundtable meeting!” said Palace Master Ji Tian.

Not all demigods will attend the round table meeting.

For example, someone who fell into a deep sleep like Palace Master Soul Heaven, or other demigods who were in seclusion, naturally would not attend. However, the demigods who can attend will try their best to come.

“Ji Tian, let’s talk! What’s the matter, to hold a round table meeting?” A demigod with a jade-like face but already snow-white hair couldn’t help asking. Between the brows of this demigod, there is also a sword-shaped mark, which faintly exudes terrifying fluctuations of the heavenly path.

“Yeah, Jitian, is there something big going on in the ethnic group? – Is there something wrong with the Eternal Demon Pit? Or...?” Another flame demigod with a red fruit upper body and a fiery red body couldn’t help but said.

The other ten demigods kept their composure and did not speak; however, they all turned their attention to the Supreme Heaven Palace Master.

Jitian Palace Master went straight to the topic and said, “I am holding a round table meeting this time because... there is a possibility that a new demigod will appear in the ethnic group!”

Chapter 517: , Golden God Of War

“A new demigod is about to appear?”

The demigods around the round table all looked shocked.

“Is Jingyu about to break through? Or is it Ziyue?”

General Jingyu and Sacred Master Ziyue are the most likely demigods in the group. Some people even suspect that the two of them have actually broken through to demigods, but they have always hidden their strengths and have not made them public.

“No!” Jitian Palace Master shook his head and said, “He is a genius who has not yet grown up!”

“genius?”

“Could it be that there is another ‘tens of millions’ talent in the ethnic group?”

“Millions of grades” geniuses, the entire ethnic group has 3,600 territories, hundreds of millions of people, and on average only one appears every 10,000,000 years!

If a genius is designated as “ten million grades”, it means that he will become a demigod in the future, which is almost a certainty! – You must know that most of the demigods present here were not geniuses in the “tens of millions of years”;

“What’s his name?” All the demigods looked at Jitian Palace Master curiously.

Jitian Palace Master said two words lightly: “Xu Ming.”

“Xu Ming?”

“Who is Xu Ming?”

“I’ve never heard of it!”

...

Although Xu Ming has a great reputation in the kingdom of God, most of the demigods are reclusive and do not care about world affairs; therefore, they have almost never heard of the name Xu Ming.

The Palace Master Ji Tian gave a general introduction to Xu Ming's situation, and then said: "At the age of twenty-five, he passed the eleventh floor of the Tongtian Tower! This talent is designated as a 'ten million grade' genius, and there should be no What's the problem!"

"Hmm! No problem!"

"The talent is indeed enough!"

The demigods say it all.

"It's just..." Palace Master Ji Tian said again, "This Xu Ming is very disobedient!"

"Oh?"

"Very disobedient?"

"Why don't you listen?"

"Xu Ming, he..." Jitian Palace Master said depressedly, "At the same time, he realized three different ways of heaven!"

"What?"

The demigods shook in unison.

"Comprehend three ways of heaven at the same time? Doesn't he know this is a taboo?"

"Focus on one, but common sense in cultivation! – Does he not even understand this common sense?"

“It’s just bullshit!”

“Ji Tian, how did you do it? Didn’t you warn him?”

The demigods talked one after another. Not only were they very critical of Xu Ming’s misbehavior, but they even criticized Xu Ming for not being able to correct Xu Ming.

“How could there be no warning?” Palace Master Ji Tian shook his head and snorted, “I have been warned several times, but Xu Ming just doesn’t listen!”

“This…”

The demigods felt incredible.

“I’ve been warned several times, but he doesn’t listen? – This Xu Ming is too arrogant!”

“Don’t worry, you listen to me first!” Jitian Palace Master said again, “Also, the key is…” Jitian Palace Master said again, “Xu Ming’s perception of the other two Heavenly Dao is not weak! – Water’s Heavenly Dao, has passed through the third floor of the Tongtian Tower; the Heavenly Dao of Fire has even passed through the eighth floor of the Tongtian Tower!”

“What!?” A circle of demigods thought they had heard it wrong.

Twenty-five years old…

The Way of the Wind broke through the eleventh floor?

The Heaven of Fire broke through the eighth floor?

The Heavenly Dao of Water also crossed the third floor?

For a time, the entire round table meeting was dead silent. All the demigods stared wide-eyed and looked at each other in disbelief.

After a long silence, the demigods suddenly opened their mouths and said, “Ji Tian, you didn’t tease us?”

Jitian Palace Master said solemnly: “This is a round table meeting!”

Roundtable, who dares to joke?

“This... Xu Ming’s talent is too terrifying!”

The top beings in the group were all frightened by Xu Ming!

Xu Ming, it’s scary!

In the history of the human race, there has not necessarily been a genius more perverted than Xu Ming!

But...

Xu Ming is not obedient!

The top beings at the roundtable really love and hate Xu Ming!

“With such a good talent, why don’t you keep your feet on the ground, why do you want to destroy your future...”

If it were replaced by a slightly ordinary genius, the demigods would be too lazy to care if he destroyed his future! However, Xu Ming’s talent is so perverted, they really can’t bear to see Xu Ming abolish his talent!

“No, you mustn’t let him come around like this!”

“Yes! Be sure to let him focus on cultivating the Heavenly Dao of Wind!”

“Yes! Even if it is forced! You must force Xu Ming back to the ‘right way’!”

The demigods were very excited.

After the excitement, the demigods fell into deep thought: “But, how can we lead Xu Ming back to the ‘right way’?”

“If the means are too strong, it may backfire!”

The Palace Master Ji Tian sighed: “This is exactly what worries me... Just in time, let’s discuss it together!”

Immediately afterwards, at the round table meeting, the thirteen demigods were caught up in a fiery discussion. Everyone is talking about each other, and you can express your own opinions!

“In my opinion, let’s set up a reward system; as long as Xu Ming returns to the right path and concentrates on understanding a way of heaven, we will reward him with some treasures!”

“The reward system is not as motivating as the assessment system...”

...

Whoosh!

While the thirteen demigods were discussing intensely, a strong man in golden armor entered the secret room of the round table meeting.

Seeing this strong man in golden armor, the thirteen demigods beside the round stone table stood up in unison and respectfully said, “Golden God of War!”

The face of “Golden God of War” was as rigid and rigid as a machine. It didn’t show a good face to the thirteen demigods at all, and even scolded directly: “You bunch of idiots!”

idiot?

Thirteen demigods including Jitian Palace Master were all stunned.

They are already the top existences of the human race, how can anyone dare to scold them like this?

However, when the Golden War God scolded them, they could only be scolded obediently! Even the Palace Master Ji Tian, who broke through the thirty-sixth floor of Tongtian Tower, did not dare to make a mistake.

because...

The Golden God of War is the guardian of the entire human race!

It is also one of the biggest trump cards of the human race!

As long as there is the Golden God of War, the aliens will not dare to act rashly!

The Golden God of War rarely shows up But this time, not only did he show up, he also called thirteen demigods “idiots” as soon as they came up.

“Gold...Golden God of War?” Palace Master Ji Tian looked at him with a bewildered expression, “Why do you say we are idiots?”

“Why are you still asking? Sure enough, you’re an idiot!” The Golden God of War pulled up a seat and sat down, scolding, “That Xu Ming, such a terrifying talent, can comprehend three ways of heaven at the same time; but you guys want to force him To comprehend a way of heaven – do you think you are idiots?”

“Uh?” Palace Master Ji Tian continued to be stunned, “Is it wrong to concentrate on comprehending a heavenly way?”

“Humph! Of course it’s true for you idiots!” The Golden God of War hummed disdainfully.

“That’s right! That’s right!” Jitian Palace Master became more and more baffled, “Since that’s right, why are you still furious, Golden God of War?”

“Damn it, didn’t you understand what I said?” Jin Warshen shouted, “I mean, for you idiots, it’s of course right to concentrate on understanding one heavenly way! However, Xu Ming is not an idiot, but a genius. !—Let him be confined to one heavenly path, this is simply killing his heaven-defying talent!”

Chapter 518: , Break Through Dao Zun!

The scolding of the Golden God of War was deafening.

In the secret room, it was suddenly silent.

The demigods such as the Supreme Heaven Palace Master and other demigods looked at each other in dismay – are they idiots? And Xu Ming is a genius?

Dissatisfied!

The hearts of the thirteen demigods are full of dissatisfaction.

However, in the face of the scolding of the Golden God of War, they didn’t even have the confidence to argue.

“Golden God of War...” After a long time, the master of Jitian Palace said, “But... no matter how high Xu Ming’s talent is, wouldn’t it be better to focus on one thing first and become a true god?”

“Huh! What do you know!?” The Golden God of War snorted and said arrogantly, “For you idiots who have difficulty proving the Tao and becoming a god, of course, it is best to focus on one thing. But for Xu Ming, even if you are distracted, you can feel it. There is no problem with becoming a ***** in other heavenly ways, it’s just a matter of time sooner or later—how do you know that before you become a true god, it is of great benefit to comprehend some other heavenly ways!”

Is there a great benefit?

“Why?” Jitian Palace Master couldn’t help asking.

“How can there be so many ‘whys’?” Jin Warshen said impatiently, “Even if I explain it to you, do you understand?”

“Uh...” The Palace Master Jitian was speechless, and secretly slandered in his heart: You don’t know much yourself, don’t know why!

However, Palace Master Ji Tian also understands that even if Jin War God “doesn’t understand”, he knows a lot more than him! After all, the Golden God of War once followed True God Jiuyu. The time he lived in the human race was measured in “hundred million years”!

And you must know that even the demigods have a limited lifespan of only 30 million years.

“That’s right!” Jitian Palace Master said again, “Golden God of War, how did you know that Xu Ming must be able to become a god?”

Jin Warshen glanced at him and sneered: “I’ve been paying attention to such a perverted genius in secret! – His talent and understanding are simply incredible, even I can’t understand why he can improve so fast! ”

“Even you don’t understand?” Ji Tian Palace Master was stunned.

“Okay, you bunch of idiots, don’t talk about it around this round table!” Jin War God shouted, “Xu Ming’s genius level is directly set at the highest level of ten million, so let’s go!”

After finishing speaking, Jin Warshen didn’t wait for Jitian Palace Master to answer, and turned around and left.

The demigods such as Jitian Palace Master and other demigods naturally have no opinion on the orders of the Golden War God!

Not to mention that the Golden God of War is in the human race, but a “living fossil” and “Tai Shang Huang”-like existence! Moreover, the Golden God of War also believes that Xu Ming can definitely become a true god!

Such a genius is designated as “ten million grades”, and the Supreme Heaven Palace Master and other great masters feel that they are low; but there is no way, the genius level, the highest is only “ten million grades”, and there is no higher.

...

Inside Xu Ming’s pavilion.

An indescribable and indescribable source of the wind of heaven filled the entire pavilion.

All the “winds” revolve around Xu Ming. The closer he got to Xu Ming, the faster and faster he turned.

Countless “flowers of the wind” were constantly transformed and annihilated beside Xu Ming.

At this time, within Xu Ming’s consciousness, the surface of the perfectly perfect “The Way of the Wind” actually had a slight crack.

hiss...

hiss...

A few buds actually emerged from the seed of the Way of the Wind.

The tender sprouts grew stubbornly upwards, and slowly penetrated and pierced the “Wind Spirit Peak” that was pressing above the Dao Seed. A small sprout emerged from the top of Lingfeng!

Although the tender sprout is small, it contains the vast and majestic mysteries of the heavenly way; the restrained power, before it erupts, is already heart-pounding.

This little sprout will grow vigorously with Xu Ming’s continuous improvement in his understanding of the Heavenly Dao of Wind! Grow into a sapling, grow into a small tree, grow into a big tree!

“The realm of Dao Zun!”

Xu Ming opened his eyes abruptly; in his pupils, there was a faint hint of the mysteries of heaven overflowing.

The gust of wind in the pavilion stopped suddenly;

And Xu Ming’s aura became more and more profound.

At the same time, Xiaohang’s prompt sounded in Xu Ming’s mind: “The Level 6 Artifact Store has been opened!”

The level 6 artifact store sells treasures at the Taoist level!

However, compared to the level 6 artifact store, Xu Ming was more interested in the old man’s collection ring!

There are a total of three prohibitions in the abstinence of the bitter old man. Among them, the first prohibition has been opened by Xu Ming; and the second prohibition can be broken by the Taoist level.

“There are already so many treasures in the first level of prohibition! So, the treasures of the second level of prohibition should be more valuable, right?”

Xu Ming infiltrated his spiritual power with anticipation, and the second level of restriction began to disintegrate automatically.

Whoa!

Soon, the second ban was lifted.

Xu Ming was like a young man entering the bridal chamber, and his mental energy rushed into it.

But then, Xu Ming was stunned.

“Um!?”

Xu Ming discovered that in the space for receiving the ring that was sealed by the second level of prohibition, there was... nothing!

Oh no!

To be precise, it is not empty, there is still a piece of “paper”!

On this bronze-colored piece of paper, various terrains and labels are drawn horizontally and vertically, and you can tell at a glance that it is a map.

“Map? Treasure map?” Xu Ming thought.

His mental power “grabbed” the map, and was just looking at it, when suddenly, a voice entered his mind.

“Hahaha...” It was the voice of the Kusuan old man left on the map, “Can’t you think of it? In the second ban, there is only this map!”

“Uh...” Xu Ming was ashamed – this short-lived old man is really fun!

The voice continued to sound: “This map is a treasure map! Where I will hide the treasures in the second level of prohibition, the map is clearly marked, you can go and get it...”

Just go and get it? – Xu Ming can think of it with every toe, it must not be so simple!

Sure enough, the voice of the short-lived old man sounded again: “It’s just... There may be a little danger on the way here Hahaha...”

“Damn it!” Xu Ming cursed secretly.

The treasure within the second level of restriction, Xu Ming must be going to get it. As for danger... Xu Ming didn't take it seriously.

Just then, the annoying voice sounded again.

“By the way! You must be wondering why the treasures were placed directly in the first ban instead of the treasure map, right? – Gaga, this is my cleverness!” See how many treasures there are in the first level of prohibition, you will only become interested in the treasures of the second level of prohibition, and will play treasure games with me, right?”

Xu Ming was speechless: “This short-lived old man is really boring!”

Xu Ming stood up slowly: “However, fortunately, I still have some level 6 hanging points! Otherwise, wouldn't it be frustrating if I broke through to Dao Zun, but I didn't hang up?”

In the realm of Dao Zun, you need to consume 6 levels of hanging points to open the hang and go to the waves.

Suddenly, Xu Ming received a message: “Xu Ming, come to me!”

Chapter 519: , Very Enthusiastic

“Palace of Extreme Heaven?”

Xu Ming was startled, and the Palace Master Ji Tian actually transmitted the voice to himself!

You must know that the Jitian Palace Master is very cold; generally, even if there is a major event, it is Zhan Wuwei and Ye Tianhun, the two elders of the Asking Palace, who are in charge, and the Jitian Palace Master himself rarely speaks. (www.VoDtw.coM)

“Yes, I'll be there soon!” Xu Ming responded.

The palace of the Jitian Palace Master is extremely eye-catching in the kingdom of God.

Not long after, Xu Ming rushed outside the palace of the Jitian Palace Master.

“come in!”

Before Xu Ming could knock on the door, a voice rang in his ear, and the gate of the palace opened automatically.

“What is the matter with the Supreme Heaven Palace Master looking for me? Could it be... is he specifically trying to persuade me to give up the two heavenly ways of water and fire, and specialize in the heavenly way of wind?”

Xu Ming always felt that there would be nothing good; full of doubts, he stepped into the palace, walked through the corridor, and went straight to the reception hall.

“Huh? So many people?”

Xu Ming was surprised to find that there were more than a dozen powerful people sitting in the reception hall.

In addition to the three people Xu Ming knew, Jitian Palace Master, Zhan Wuwei, and Ye Tianhun, these dozen or so powerful people also had stalwart, domineering, or elegant figures that Xu Ming had never seen before.

These great powers restrained their aura; however, Xu Ming still felt the extraordinary from them.

And Xu Ming found that all these great powers looked at him with incomparable joy, with admiration, curiosity, and even a hint of... doting in their eyes.

Yes, Xu Ming could feel that when he stepped into the main hall, the eyes of these powerful people looking at him were full of kindness.

“What’s going on?” Xu Ming became more and more puzzled. He was ready to be criticized, but when he entered the door, he found that things didn’t seem to be like this!

“Xu Ming!” Jitian Palace Master also had a kind expression, “Sit down!”

According to Xu Ming's words, he found a seat in the hall to sit down, but he became more and more puzzled: "A few days ago, the Palace Master Ji Tian gave me a cold face; why has he suddenly become so kind?"

"Xu Ming, let me introduce you to you!" Palace Master Ji Tian said again.

Xu Ming sat up straight and listened.

"Zhan Wuwei, Ye Tianhun, you all know it, I won't say more!" Ji Tiangong said with a smile, and then pointed to a man on his right with a jade-like face, snow-white hair, and a sword shape between his eyebrows. The power of the mark, said, "This one is the 'Sword Master'!"

Sword Master?

Xu Ming remembered this name.

Those who dare to put the word "lord" after their names are generally, at least the masters of Taoism.

Jitian Palace Master continued: "Sword Master, also known as 'Sword Palace Master', is one of the twelve Palace Masters of My Asking Palace!"

"Hey—" Xu Ming took a deep breath in his heart.

Ask one of the palace masters?

You know, asking the palace master, they are all demigods! Come to think of it, this "sword master" must be a demigod!

"I have seen the sword master!" Xu Ming continued.

The demigod-level power still makes Xu Ming feel a lot of pressure. This is from the crushing of the life level! – A demigod, there is already a little divine aura on him!

“Yeah!” The sword master nodded with a smile, his expression completely lacking the usual indifference, “Xu Ming, you are very good!”

Although it is only a few words, it can also be seen that the sword master appreciates Xu Ming.

“Thank you for the praise from the sword master.” Xu Ming didn’t know why the other party wanted to praise him, so he thanked him without thinking.

“Xu Ming, I have some experience on the Way of Wind and Heaven. If you have any doubts, you can ask me at any time!” The sword master threw a letter talisman and said, “Take this letter talisman and you can contact me. to me!”

“Thank you Sword Master!” Xu Ming took away the letter and became more and more puzzled – this Sword Master is so kind to himself!

The Master of Jitian Palace said: “Xu Ming, the sword master’s perception of the wind and heaven is not only a little experience; I am afraid that the entire human race may not be able to beat him!”

Of course Xu Ming understood.

This sword master is a demigod! How could his perception of the wind and heaven be weak?

“This one...” Jitian Palace Master pointed to the flame power next to the Sword Master, and said, “Lin Tiandi, although not the Palace Master of the Asking Palace, but also a demigod of my human race!”

“I have seen the gods and demigods!”

“Haha, Xu Ming...” Lin Tiandi smiled heartily, and handed over a letter, “I have a little insight on the Fire Heaven Dao. If you have any doubts in the future, you can always ask me!”

“Uh...” Xu Ming accepted the letter.

He heard a piece of information from Lin Tiandi's words – the great powers of the ethnic group seem to have no objection to comprehending multiple heavenly ways at the same time!

“The attitude of the great powers of the ethnic group has changed a bit quickly!” Xu Ming secretly said, “Could it be that you changed your attitude because you saw me in the Heavenly Dao of Fire and the Heavenly Dao of Water, and I also understood a lot?”

Of course Xu Ming didn't know that the demigods had this attitude towards him entirely because of the “Golden God of War”.

However, the Golden God of War is the trump card of the ethnic group; only those demigods who are qualified to participate in the round table meeting can know the existence of the Golden God of War. In addition, even Zhan Wuwei and Ye Tianhun, who work hard for the ethnic group, are not qualified to know!

Hole cards need to be hidden deep enough before they can be called.

If everyone knows it, how can it be called a hole card?

Although Xu Ming was recognized by the Golden God of War, he must be able to become a true god; but before he grew up, he was still not qualified to know the “Golden God of War”.

Jitian Palace Master continued to introduce: “This is Bingyusi demigod!”

Another demigod!

Xu Ming has been shaken into a mess – what is the situation today, why do a large group of demigods want to meet him? Moreover, one by one is very enthusiastic!

Bing Yusi was dressed in white, and the white gauze covered her face.

However, her exposed eyes were deep and cold but extremely beautiful; the skin around her eyes was even more crystal clear like snow.

Xu Ming couldn't get a glimpse of Bing Yusi's face, but he could feel the extraordinary appearance of the leopard. When she takes off the veil, I am afraid that the world will naturally be overshadowed by it.

"Xu Ming!" Bing Yusi's voice was cold, but soft as water, "If you have doubts about the way of water, you can come to me at any time!"

Xu Ming couldn't help but tremble slightly in his heart.

For him, the charm of a beautiful demigod must be much greater than that of Sword Master and Lin Tiandi.

Jitian Palace Master pointed to the next one again: "Luo Tian! Known as the 'Spear God'..."

Luo Tian was equally enthusiastic, and he spoke very modestly, expressing his willingness to "discuss" guns with Xu Ming.

Explore?

Xu Ming still has self-knowledge, and at his current level, how can he be qualified to discuss the gun path with the other party. This demigod Luo Tian has changed his ways, he wants to point himself!

"Haha..." Luo Tian laughed loudly, "Xu Ming, you and I both use guns, we can be brothers in the future!"

Brothers match?

Xu Ming almost lost his seat and almost fell off the chair – this Luo Tian demigod is too enthusiastic!

Of course, the other demigods were also very enthusiastic; however, Luo Tian demigod was the most enthusiastic one, and Xu Ming felt a little flattered by his enthusiasm!

"What the **** is going on today?"

Xu Ming has been shocked since he entered the reception hall, but he still can't figure it out.

Luo Tiandangshen did not feel that he was too enthusiastic at all—you must know that Xu Ming was determined by the “Golden God of War” to be a god! Of course, before he has grown up, we should first make some connections and call him brothers.

Calling a brother-in-law with a future god, Luo Tiandangshen felt that he had made a lot of money!

Chapter 520: ,Call Each Other Brothers

“This is the palace master of the sky...”

“This is Dingyan Fire God...”

“This is the Lord of the Thunder Palace...”

“This is the Lord of the Wind Palace...”

The masters of the Jitian Palace introduced the past one by one. (www.VoDtw.coM)

The twelve demigods who were introduced were very enthusiastic, and there were even some who, like Luo Tianshou, called Xu Ming brothers and sisters.

Slowly, Xu Ming got used to the enthusiasm of the demigods.

It's just that he can't help but wonder, why are these demigods so passionate about themselves? – Is it a collective convulsion?

“Xu Ming...” The next words of Palace Master Ji Tian answered Xu Ming's doubts, “After discussion among us demigods, we have unanimously decided to officially set your genius level as ‘ten million grade’!”

Thousands of grades! ?

Xu Ming was startled.

This result is a bit unexpected, but it is also reasonable! – With the talent shown by Xu Ming, if none of them can be classified as “10 million grade”, then I am afraid that no one can be designated as “10 million grade”!

Xu Ming thought for a while: “It seems that the demigods should treat me as a being of the same level, so they are so enthusiastic about me...”

The Palace Master Jitian continued: “As a ‘ten million-year-old’ genius, Xu Ming, you can comprehend the chaotic stone carvings at will, and there will be no time limit! Moreover, you can enter and leave the kingdom of God at will; even if you have become a Taoist now, I won’t be kicked out of the kingdom of God!”

Xu Ming was instantly overjoyed: “You can comprehend the chaotic stone carvings at will... Then how fast will my understanding of the heavens be improved!”

Xu Ming thinks about it and thinks – incredible! My own strength, I am afraid it will blow out!

The surprises didn’t end there.

boom!

The right palm of Jitian Palace Lord spread out, and suddenly a fierce spear appeared in his hand.

On the black-gold gun barrel, you can vaguely see the dense secret pattern imprints; each imprint has a divine resemblance to the shape of the source of heaven. Once it is waved, it can trigger the way of heaven.

There is no secret pattern engraved on the tip of the gun, but it is so sharp that the space is shocked. The murderous murderous aura emanated from the tip of the spear.

“Good gun!”

Xu Ming was someone who used a gun, so how could he not feel the extraordinariness of this long gun?

“If this long spear is in my hand, I’m afraid I can tear open the space of the kingdom of God!”

The space of the Kingdom of God is much more stable than the space of the Endless Continent! With Xu Ming’s current strength, it is not difficult to tear apart the space of the Endless Continent, but if you want to tear apart the space of the Kingdom of God, it is a little bit nearer!

However, this incomparably sharp spear can help Xu Ming tear apart the kingdom of God!

Xu Ming’s heart skipped a beat, and he thought to himself, “Palace Master Ji Tian took out this long spear to...”

He had guessed something.

The Palace Master Ji Tian continued: “This long spear is called the ‘Crescent Moon Spear’; the space it points at will easily be torn apart! It’s a... semi-artifact!”

“Sure enough, it’s a semi-artifact!” Xu Ming’s eyes flashed with light.

“Now...” Jitian Palace Master threw the spear to Xu Ming, “It’s yours!”

“This...” Although Xu Ming had anticipated it long ago, he still felt a little unbelievable when he was holding this half-artifact-level spear—just took a half-artifact for nothing?

Although Xu Ming’s fog and rain ship is also a semi-artifact, and its value is a hundred times higher than this moon-shattering gun; however, the fog and rain ship is Xu Ming’s trump card and will not be used easily. Therefore, this Moon Shattering Spear will be the first semi-artifact to truly accompany Xu Ming in battle!

“Thank you very much, Palace Master Jitian!” Xu Ming was a little excited.

The Palace Master Ji Tian laughed and said, “Xu Ming, speaking of which, this spear has some fate with you!”

“Fate?” Xu Ming was at a loss – what kind of fate could he have with a gun?

Palace Master Ji Tian continued to laugh and said, “At the beginning, Yang Wei killed Lin Chen and was imprisoned by me; that kid Ziyue took this gun to redeem Yang Wei!”

“Oh...” Xu Ming was stunned.

According to this, this gun really has a destiny with him!

The reason why Yang Wei killed Lin Chen was closely related to Xu Ming; the reason why Yang Wei was redeemed was to deal with Xu Ming...

And now, the Moon Shattering Spear fell into Xu Ming’s hands.

“It’s really fate!” Xu Ming also sighed.

What Xu Ming didn’t know was that his fate with this spear didn’t stop there!

“Xu Ming!” Jitian Palace Master said again, “About your genius level, it is a top secret of our human race! Except for so many people here, no one knows about it! – Therefore, you must not tell anyone else. people!”

Yes, currently the only ones who know Xu Ming’s genius level are the thirteen demigods, the two elders, and Xu Ming himself. As for the Golden God of War...he is not human!

Human demigods cannot live for 30 million years!

The limit of lifespan is the natural rule of heaven and earth; below the **** level, there is no resistance!

“I know!” Xu Ming certainly understood the truth of “low-key”.

In other words, Xu Ming is a low-key person!

“We will also keep a secret for you! Those who can know your genius level are at least at the level of the elders of the Asking Palace!” Jitian Palace Master said, “But even so, once you leave the kingdom of God, you still have to be careful. Be careful! – Alien race, the heart of the dead human race Immortal...”

...

Then, Xu Ming drank tea, chatted with the demigods, and even bragged about each other.

When facing Daojun, Dao Zun, and ordinary Dao masters, the demigods are extremely cold; however, when facing the existence of the same level, they all let go of their high coldness, their pretense, and their sanctimonious appearance... demigods They, in fact, are almost the same as ordinary people.

Although Xu Ming is still weak now, his future achievements will be more terrifying than all the demigods present! Therefore, the demigods can naturally treat him as an equal existence.

During the period, Elder Ye Tianhun smiled and said to Xu Ming, “Brother Xu Ming, if you have any confusion about cultivation in the future, come to me at any time!”

Unexpectedly, as soon as Ye Tianhun opened his mouth, other demigods laughed and cursed.

“Haha, Ye Tianhun, you are really thick-skinned!” Lin Tiandi scolded jokingly, “I heard that when Xu Ming went to ask you for advice last time, he was turned away by you, even touching the door. Don’t go in! Now, you want him to find you at any time? – If Xu Ming really went and was turned away by you, wouldn’t it be very shameful? Hahaha...”

Lin Tiandi’s words were naturally a kind joke.

Even Xu Ming laughed along with him.

“I...” Ye Tianhun said depressedly, “I did it for Xu Ming’s good! I have good intentions!”

“Then you have good intentions!” Lin Tiandi laughed again, “But now, with so many demigods, we are rushing to discuss the way of heaven with Brother Xu Ming—you? It’s impossible to line up!”

“Uh…” Ye Tianhun was speechless, and finally laughed, “Heavenly Emperor, you, you…haha…”

The top members of the clan all smiled without image.
