

A World 521

Chapter 521: ,Vague

After a few days of chatting, Xu Ming said goodbye to the great powers, returned to his residence, and then directly teleported to the Chaos Hall.

“The Chaos Stone Carving of the Wind...”

Xu Ming is now a genius of “millions of years”, and he has an infinite time to comprehend the chaotic stone carvings!

As long as he is willing, he can dominate the chaotic stone carvings and realize that the world is old and the sea is dead. All other geniuses, until Brother Ming is happy, will not have the opportunity to comprehend—even if there is still time to comprehend, it is useless!

This is the treatment of “tens of millions of grades” geniuses.

In order to cultivate a genius of “ten million grades”, the tribe is willing to sacrifice all other geniuses!

What’s more, Xu Ming is a lot more terrifying than other “tens of millions” geniuses! He was aggrieved because he didn’t have a higher genius level, and was designated as a “ten million grade”!

“With unlimited time for enlightenment, I can finally enlighten one at a time!”

Xu Ming was very excited: “Little hanging, help me hang up the ‘Education’, ‘Second Learning’ and so on, all open and open all the time!”

After opening the plug-in, Xu Ming happily rushed towards the Chaos Stone Carving of the Wind.

“Um?”

It's just that Xu Ming's mental power, just after covering the entire chaotic stone carving, noticed something was wrong!

Very wrong!

The Chaos Stone Carving of the Wind has become very, very... blurry!

Yes, it's blurry!

It's like... hit "Mosaic"!

"What's going on?" Xu Ming was stunned. "I took off my pants. I'm going to study for a year and a half. How come the chaotic stone carvings have become so blurry?"

Such a vague chaotic stone carving, Xu Ming could not comprehend it at all!

"Artifact Spirit!" Xu Ming shouted.

The Chaos Hall has a spirit.

"Xu Ming, please speak!" Qi Ling's voice was strong, but his tone was very polite.

"Why is this chaotic stone carving of the wind so blurry?" Xu Ming asked in confusion.

Qi Ling said plainly: "The grade of this chaotic stone carving is too low, and it can only be understood at the level of Daojun. Once the understanding of the wind and the heavenly way reaches the Daoist level, the understanding will be very vague and very difficult to understand. "

Grade too low?

Xu Ming looked embarrassed: "The chaotic stone carvings are still graded?"

But it's normal to think about it. If Dao Zun, Dao master, and demigods can clearly understand this chaotic stone carving; then, if you have a little talent, you can hold the chaotic stone carving and break through the Thirty Heaven Tower. Sixth floor?

This is of course impractical!

“Actually...” The tool spirit said again, “It's not that the chaotic stone carvings have become blurred!”

“Huh?” Xu Ming was slightly startled, “Is that...?”

“It's your perception of the Heavenly Dao of Wind that has become sharper!”

“Oh...” Xu Ming thought for a while, and then he understood.

This is easy to understand.

For example, if you are short-sighted and don't wear glasses, when you see a beautiful woman, you feel that her skin is crystal clear and can be broken. However, as soon as I put on my glasses, my vision became clear, but I found that this beautiful woman's face was full of pits and pits, all kinds of spots, pimples, pimples...

In the same way, when Xu Ming's understanding of the wind of heaven was still weak, he held the chaotic stone carving of the wind, and he would think – I rely on it! Cow! You can see a lot of insights at a glance...

And now, Xu Ming has become a Daoist on the Heavenly Dao of Wind, and when he looks at this chaotic stone carving, he immediately finds that... it's so blurry!

“In other words, I can't continue to comprehend the Chaos Stone Carving of the Wind?”

If you can't comprehend, then you can't comprehend!

The big deal, go to the next door to learn about the Chaos Stone Carving of Fire!

Xu Ming threw himself on the Chaos Stone Carving of Fire, and... never got up again!

Chaos stone carvings can be comprehended indefinitely, without time limit, Xu Ming was naturally fascinated by the comprehension, and he directly forgot the time.

Xu Ming's understanding of the Heavenly Dao of Fire naturally increased rapidly.

The realization of the Heavenly Dao of Fire has reached the level of the ninth floor of the Tongtian Tower...

The enlightenment of the Heavenly Dao of Fire has reached the level of the tenth floor of the Tongtian Tower...

The understanding of the Tao of Heaven has rapidly improved, and Xu Ming's body and mind also feel extremely happy.

...

Jiuyu Divine Kingdom is the base camp of the ethnic group and a place of aphrodisiac.

Those who can enter the kingdom of God are all the most talented leaders of the younger generation of the human race; they are talented and talented, and it is easy to give birth to love.

"Sisi, let's go to Shendian Pavilion to read today, okay?" The handsome white-robed cultivator "Lin Jie" said to the Taoist companion.

"No!" Qiu Sisi is a very quiet name.

However, her temperament and personality are not as quiet as her name at all; instead, she is very popular due to the influence of comprehension of the Heavenly Dao of Fire: "Recently, I have a lot of insights, and I want to strike while the iron is hot, to comprehend the chaotic stone carvings, Break through the half-step Dao Zun in one fell swoop!"

For ordinary geniuses like Lin Jie and Qiu Sisi, the opportunity to comprehend the chaotic stone carvings is undoubtedly very precious!

Because every ten years, they only have one day of enlightenment time.

Therefore, many ordinary geniuses will adjust their state to the best before comprehending the Chaos Stone Carving; in this way, they can make good use of the precious comprehension opportunity! Some exaggerated geniuses even bathe and burn incense before comprehending the Chaos Stone Carving...

“Oh? Are you going to break through the Half-step Dao Zun?” Lin Jie said in surprise.

“Humph!” Qiu Sisi snorted demonstratively, “That’s right, right away, my Heavenly Dao perception will be ahead of you!”

“My wife is amazing!” Lin Jie hurriedly flattered him.

“Yeah!” Qiu Sisi nodded with satisfaction, “Xiao Linzi, give my aunt a massage and adjust my state to the best!”

“Okay!” Lin Jie hurriedly began to massage attentively.

Qiu Sisi enjoyed it for a while, then walked directly into the teleportation formation in the pavilion: “I’m going!”

“I wish my wife every success!”

The teleportation array in the pavilion connecting to the Chaos Hall lights up...

But then it went out again.

“What’s going on?” Lin Jie even asked.

“It’s really bad luck, someone just happened to be enlightened!” Qiu Sisi said depressedly – the state is something, but it comes and goes. She is in good shape now, but she is not sure how long it will last; maybe after a while, the state will be gone.

Lin Jie had no choice but to comfort him: “There’s no other way, just wait!”

“Yeah!” Qiu Sisi was very depressed, so he had to sit on the teleportation array and wait.

After a while, she tried to teleport again, but was told that someone was enlightening.

“depressed!”

try again!

Can’t get in!

try again!

Still can’t get in!

try again!

Still can’t get in!

...

At the end of the day, Qiu Sisi didn’t know how many times he tried, but he couldn’t get in.

“I still don’t believe it!”

Qiu Sisi was already short-tempered, and immediately sat on the teleportation array and began to frantically brush.

Another day brushing down...

Can't get in!

two days...

Can't get in!

three days...

Can't get in!

"Damn it!" A beautiful woman couldn't help but swear in anger, "It's been four days! It's been four days! Why can't I get in! – Could it be that other people are 'squeezing the room'?"

When several people want to comprehend a chaotic stone carving at the same time, there will be a situation of "crowding the room".

Who can squeeze in depends on luck!

"But... it's been four days!" Qiu Sisi was already furious, "Even if someone squeezes me into the room, I won't be able to squeeze in for four days, right!?"

"My lord, get rid of the fire, get rid of the fire, don't be angry!" Lin Jie quickly advised.

"Not angry? How can you not be angry?" Qiu Sisi scolded angrily, "I can't squeeze in for four days, what does that mean? It means that when I was 'squeezing the room', I lost to four people in a row! – I'm so angry The state is gone!"

"That... Mrs. wife! Since we're out of shape, let's not squeeze for now; we'll go to enlightenment when we're in a state another day!"

"No way!" Qiu Sisi said angrily, "I've already squeezed in for four days, and now I'm giving up. Didn't I squeeze the previous four days in vain? – I have to squeeze in!"

"But, your state..."

“There is no but!” Qiu Sisi shouted, “It’s not a status issue, it’s a face issue! – If you don’t squeeze in, I swear I won’t give up!”

“Er...” Lin Jie was a little speechless.

Where can this be, it can actually save face... A woman, it really is impossible to communicate with words!

However, what Qiu Sisi didn’t know was that even if she squeezed in for a few months, she might not be able to squeeze in.

Chapter 522: , Strong Luck

Xu Ming held the Chaos Stone Carving of Fire, and it took ten months to comprehend it.

And Qiu Sisi was cramming the room like a madman, and he was crowded for ten months – ten months without crowding in, so crowded that Qiu Sisi began to doubt his life!

In fact, Qiu Sisi is the only one who doubts life? After all, in ten months, she was not the only one who wanted to comprehend the Chaos Stone Carving of Fire!

They also thought that this period of time was the peak season for comprehension of the Chaos of Fire Stone Carving, so it was so difficult to “squeeze the room”; how could they have thought that the Chaos of Fire Stone Carving was occupied by Xu Ming alone!

...

Chaos Temple.

Xu Ming’s consciousness of the “fire seed” in the sea is transforming layer by layer; after ten months, it has finally transformed to an extreme...

Whoa!

Suddenly, Xu Ming discovered that the chaotic stone carvings of fire also became blurred in his eyes.

“The Heavenly Dao of Fire has also reached the realm of Dao Zun!”

y... y...

Xu Ming broke through directly on the spot; the seed of fire began to take root and sprout.

Not long after, a small tender bud containing the vast and majestic Fire Heavenly Dao broke out from the top of the “Fire Spirit Peak”; this marked that Xu Ming’s Fire Heavenly Dao had truly broken through to the level of Daoist!

“Go back to consolidate the realm!”

Immediately, Xu Ming was teleported back to his residence.

And at the moment Xu Ming teleported away, immediately, a violent figure was teleported in.

“Huh?” The irritable figure was stunned at first, his face full of surprise, “I... I squeezed in?”

This irritable figure is Qiu Sisi.

That’s right, Qiu Sisi’s perseverance and IQ are very touching! In order to “squeeze the room”, it took ten months to squeeze!

Her husband Lin Jie could only sigh helplessly: “Women, it really is unreasonable!”

“Hahaha...” Qiu Sisi couldn’t help laughing, “I succeeded! I succeeded! I squeezed in!”

If Xu Ming comprehends the chaotic stone carvings of the previous year again, I am afraid that Qiu Sisi will “accompany” Xu Ming for another year!

After laughing a few times, Qiu Sisi hurriedly sat down next to the Chaos Stone Carving, and began to comprehend it seriously—the time to comprehend the Chaos Stone Carving is extremely precious, she managed to squeeze in, and of course she should cherish it even more.

But at this time, Qiu Sisi secretly regretted: “My state today...isn’t very good!”

If the state is not good, it means that the harvest of comprehending the chaotic stone carvings will be much lower!

However, Qiu Sisi could only grit his teeth to comprehend.

after one day...

“What?” Qiu Sisi was shocked to feel his understanding of the day, “My understanding of the way of heaven has soared directly from the level of the ‘sixth floor’ of the Tongtian Tower to the level of the ‘eighth floor’?”

Qiu Sisi originally only hoped that he could be promoted to the “seventh floor” level, but he did not expect that he would be directly promoted to the “eighth floor”.

“How come you have improved so much?” Qiu Sisi was at a loss, “My state is not very good...”

Besides, even if she came in when she was in her best condition, she couldn’t have made such a big improvement!

...

What Qiu Sisi didn’t know was that when she was comprehending the Chaos Stone Carving, the mysterious “Golden God of War” stared at her the whole time.

“Sure enough...” The golden eyes of the Golden War God shone with a strange light, “Xu Ming’s luck is really strong! Even the places where he has stayed for a long time will leave some luck! – This Qiu Sisi, I am afraid that it is contaminated with a trace of luck, so when you understand the chaotic stone carvings, you can get twice the result with half the effort!”

“Qi Luck” is mysterious and mysterious, and there is no trace to be found.

With the strength of the Golden God of War, it is impossible to intuitively feel the strength of luck, and one can only scrutinize a person’s luck through some clues.

For example, Xu Ming’s luck is very strong; then, where he has stayed for a long time, there will be a trace of luck left behind. If anyone is contaminated with this trace of luck, in a short period of time, before the luck dissipates, there will be great benefits!

“The stronger the luck, the farther you can go on the road of martial arts...” The Golden War God’s golden eyes were extremely deep, “If Kong has a talent but no luck, then it’s easy to die before you grow up!”

There are many secrets that even the palace masters do not know, but the Golden God of War knows.

such as luck.

In a sense, luck is even more important than talent!

Because the talent is good, the luck may not be strong. However, those with strong luck usually have good talent; moreover, even if the talent is almost, it is easy to encounter some adventures and complete the counterattack in life.

Luck, to a certain extent, determines future achievements!

The Golden God of War has observed Xu Ming for so long in the kingdom of God, not only observing his talent, but also his luck.

After a long period of observation, the Golden God of War is almost certain—Xu Ming’s luck is so strong!

He firmly stated at the roundtable meeting that Xu Ming will be able to become a true **** in the future, not because of Xu Ming’s talent, but because of... luck!

...

After Xu Ming returned to his residence, he solidified his understanding of the Heavenly Dao of Fire for a few days.

After the consolidation was completed, he concealed the fluctuations of the Heavenly Dao on his body, and went out for a walk in a happy mood.

The road of martial arts is not only about perseverance, but also about the combination of work and rest.

If you keep your mind tense all the time, you will not have a high cultivation efficiency.

However, it was rare to stroll around in the kingdom of God, but Xu Ming met two people he didn't want to meet very much.

“Luo Sheng, Yao Yu!”

Xu Ming saw the two from a distance, his eyes narrowed slightly.

Luo Sheng and Yao Yu are both Taoist priests in the kingdom of God.

Luo Sheng was the disciple of Elder Tie Ning, while Yao Yu was the disciple of Elder Maple Leaf.

One of the two is good at refining weapons and the other is good at refining alchemy; among the Taoists in the kingdom of God, they have a lot of reputation.

It's just that the two people's personalities are very general; one is different from the outside, the other is narrow-minded – Xu Ming has seen it!

As the saying goes, “like things come together”. These two Dao Zuns with average personalities somehow became close friends, and they communicated very closely.

“Brother Luo Sheng!” The two were chatting, “It’s going to be the ‘Artifact Refining Conference’ soon, are you confident?”

Luo Sheng smiled confidently: “It’s in my heart!”

“Oh?” A strange color flashed across Yao Yu’s eyes Then I wish Brother Luo Sheng... success soon! —Brother Luo Sheng, if you become the direct disciple of Elder Tie Ning as you wish, you must not forget my brother! ”

“Haha!” Luo Sheng said with a smile, “Who are we and who!—By the way, next year will be the ‘Alchemy Conference’, how are you preparing?”

The Item Refining Conference, the Alchemy Conference, the Inscription Conference, and the Talisman Making Conference... These competitions are arranged relatively close together; first the Item Refining Conference, the Alchemy Conference a year later, and the Inscription Conference a year later...

“It’s okay!” Yao Yu said modestly, “Master still appreciates me!”

“Then, I also wish you success!” Luo Sheng said.

While chatting, the two also saw Xu Ming.

“Huh? This kid!”

The expressions of Luo Sheng and Yao Yu changed slightly.

Chapter 523: , Refining Conference

Luo Sheng and Yao Yu all had some ties with Xu Ming.

When Xu Ming first came to the Kingdom of God, Luo Sheng ran to Xu Ming and pretended to be X; but he couldn’t pretend to be X. Instead, he was “blackmailed” by Xu Ming, and he pretended to be stupid. Later, Luo Sheng also helped Lin Chen to refine a low-grade Zunqi-class battleship with

hands and feet, and used it to pit Xu Ming; fortunately, Xu Ming had a plug-in, which broke the hands and feet in minutes.

And Yao Yu was not much better. He helped Ziyue Holy Land to come forward and threatened Xu Ming to stop; Xu Ming was not threatened, so he sent a bunch of “limit breaking pills” to Ziyue Holy Land. After the Purple Moon Holy Land obtained the Limit-breaking Pill, it directly bombed Xu Ming’s battleship; fortunately, Xu Ming had some defensive talismans, otherwise it would be really troublesome.

These two people are both powerful and powerful; Xu Ming was still weak at the time, and there was no good way to deal with them, so these oversights were kept under pressure and did not settle.

“Xu Ming...”

When the two saw Xu Ming, they felt a little guilty.

Although they don’t know Xu Ming’s genius level, they know that Xu Ming won the “first” in the qualifying battle – at such a young age, Xu Ming can win the first place in the qualifying battle; think with their toes As you can imagine, Xu Ming’s future achievements are bound to be far better than theirs!

Luo Sheng and Yao Yu actually regretted offending a genius with unlimited potential.

However, since they have been offended, it would not be a shame for the two of them to humbly admit their mistakes.

“Humph!”

Luo Sheng and Yao Yu both snorted, and then went straight away.

“Ha!” Xu Ming smiled lightly, “You actually walked away with your tail between your hands?”

Seeing the dog that had bitten him, he fled with his tail between his fingers; of course, Xu Ming couldn’t catch up and beat the dog.

However, seeing Luo Sheng and Yao Yu, Xu Ming suddenly remembered something.

“The artifact refining conference should be coming soon, isn’t it?” Xu Ming secretly said, “This Luo Sheng seems to want to refine a high-grade exalted artifact, in order to impress Elder Tie Ning, in order to be accepted as a direct disciple...”

Xu Ming’s eyes narrowed slightly: “Then... I’ll go to the Item Refining Conference to make a mess, and I’ll make a mess of it and ruin his good deeds!”

Moreover, Xu Ming also remembered a bet that he made at the beginning.

At the beginning, after the Dao Fate War was over, Xu Ming, Palace Master Soul Tian, and the three elders Tie Ning, Feng Ye, and Mo Zixuan made a bet. The content of the bet is that if Xu Ming learns Taoism by himself, within ten years, he will be able to reach the ultimate level of Taoism!

Now that this coercion has been faked out, Xu Ming of course has to play it to the end, and he must not give up halfway!

However, now that six years have passed, Xu Ming’s formation level is still at the limit of Daojun, and there is no progress – but, is this a problem?

Isn’t it just a sense of formation?

This kind of sub-professional, Xu Ming opened the artifact store and learned it in minutes!

“There are still two months until the Item Refining Conference. It’s enough for me to raise the level of formation and refinement to the limit of Dao Zun!” Xu Ming looked at the artifact store and thought secretly, “When the time comes, go to the refiner. Showing your face at the conference, and showing the level of the formation by the way, is the conclusion of that bet!”

Xu Ming took a walk in the kingdom of God for a while, then returned to his residence, began to retreat, and concentrated on learning the way of formation and refining.

...

The Divine Kingdom Refining Conference is an exchange test of the top refining tools of the entire human race.

Not only the “Master of Refiners” of the entire human race will be present, but even the great masters of alchemy, inscriptions, and talismans will be present to observe.

After all, refining tools, alchemy, inscriptions, etc., are mainly the use of pairings, and they naturally have something in common with each other. Observe and learn from each other, and you can also gain some experience and experience from each other.

When Xu Ming arrived, there were already tens of thousands of people at the refining conference.

Among them, most of them are the geniuses of the kingdom of God who came to watch the excitement, or some Dao Zun powerful people. In fact, there are only hundreds of people who actually came to participate in the refining competition.

“Brother Xu Ming!”

Suddenly, a sound transmission sounded in Xu Ming’s mind.

Xu Ming was slightly startled, and his eyes turned to the direction of the sound transmission – the main seat of the judge’s table at the refining conference.

On the main seat, Elder Tie Ning, Elder Maple Leaf, Elder Mo Zixuan, and several other unfamiliar great men were smiling and looking at Xu Ming, very kind.

“Uh...” Xu Ming secretly said – do they already know my genius level?

Sure enough, Elder Tie Ning said through voice transmission, “Brother Xu Ming, don’t act like a fool; we all know your genius level! Hahaha...”

The elder of the asking palace is the top of the entire human race; it is not surprising to know some secrets.

But in fact, Tie Ning and other elders only know that Xu Ming is an ordinary “ten million-year-old” genius, but they do not know the evaluation of Xu Ming by the Golden War God – with their authority, they can only know so much; level, they are not yet in contact.

“Haha!” Xu Ming also laughed, “Tie Ningchang...”

“Humph!” Tie Ning feigned anger through voice transmission, “What do you call ‘elder’? Just call ‘brother’!”

Strength determines status!

Although Xu Ming’s strength is still weak now, but Tie Ning and other great experts know that Xu Ming, as a “ten million-year-old” genius, will almost certainly surpass them in future achievements! – At this time, the attitude of Tie Ning and other great experts towards Xu Ming, naturally, will not just look at the strength in front of him.

Xu Ming, worthy of their equal interaction.

Xu Ming was not hypocritical, and shouted directly: “Brother Tie Ning, Brother Fengye, Brother Mo Zixuan!”

Xu Ming and a group of demigods are brothers, let alone a few elders?

“By the way, you haven’t met the elders around me, have you? Let me introduce you...” Tie Ning said again, “This is Elder Xu Zhongjing, who shares the same surname as you; this Yes...”

Xu Ming greeted these elders one by one as brothers and sisters.

After the introduction, Tie Ning couldn’t help but sighed: “Brother Xu Ming, life is like a drama if you think about it! – When we first met you, we wanted to accept you as a direct disciple; unexpectedly, in just six years~ www.readwn.com~ Here we call ourselves brothers!”

“Hahaha...” Elder Mo Zixuan followed with a smile, “Although I claim to be good at teaching disciples, if you worshipped me at that time, I’m afraid I would really ruin your teaching!”

Elder Maple Leaf also said: “Real geniuses cannot be taught. Those who can be taught are mediocre talents!”

Tie Ning joked, “For example, the three mediocrity of us?”

“Ha ha ha ha...”

Xu Ming and the elders all laughed.

Of course, they are all talking and laughing with small-scale voice transmission, and will not be discovered by others.

“Brother Xu Ming.” Tie Ning said, “Originally, in your capacity, you should have sat on the main seat with us. But then, I’m afraid others will guess your genius level! – You are The genius of the ‘ten million grade’, this is a big secret, and it can’t be exposed! So, I can only aggrieved you to sit below casually!”

Xu Ming smiled and said, “Of course I won’t sit in the main seat, I will sit in the competition seat!”

Chapter 524: , Refining Tower

“You want to sit on the test seat?” Tie Ning was slightly startled; sitting on the test seat meant that he had to take part in the refining test, “It seems that Brother Xu Ming has some research on the refining process!”

“Do some research!” Xu Ming said casually.

The two didn’t say any more.

Elder Tie Ning thought that Xu Ming was really only doing “a little research”.

But in fact, Xu Ming’s “slight research” is a little deep!

...

The elders of the Asking Palace in the main seat continued to talk softly.

“Tie Ning, among the disciples and named disciples you have accepted, do you have any potential?” Elder Maple Leaf said casually.

“How many pounds and how many taels of my useless disciples, don’t you know?” Tie Ning shook his head and sighed, “I really want to find a talented disciple and pass on the mantle! It’s a pity... I can’t find anything that would satisfy me!”

“Alas...” Mo Zixuan followed with a long sigh, “One battle is the ‘dao’; and our formation, the refinement, and the inscriptions are all just ‘paths’! – A true genius disciple, again How many are willing to give up the ‘big way’ and follow the ‘small way’?”

Tie Ning and the others were also helpless.

Those who are willing to learn the formation path, learn to refine tools, alchemy, inscriptions, etc., are usually those disciples who are generally gifted. It’s easier said than done to cultivate a genius who can pass on the mantle among the disciples with ordinary talent?

Every day I teach a bunch of idiots, Tie Ning and other great experts are going to vomit!

“Tie Ning.” Elder Maple Leaf said again, “Isn’t your entrant disciple named Luo Sheng quite potential?”

“There is a fart potential!” Tie Ning scolded, “I have learned from me for tens of thousands of years, but I can only refine a middle-grade exalted weapon! I don’t know how to train him for hundreds of thousands or millions of years. Only he can refine the top-quality exalted artifact! – As for the semi-divine artifact, hehe, I think, with his talent, he will never be able to refine it in this life!”

“Alas...my disciples are not very good!” Maple Leaf sighed.

“I hope a few good seedlings can emerge at this refining conference!” Tie Ning shook her head.

“Otherwise, I think, you should give Luo Sheng more opportunities!” Maple Leaf said again, “It’s not easy to have talent like him! —Isn’t there Yao Yu among my disciples? I plan to assess him for a while; if there is potential, I will accept him as a personal biography!”

“If there is really no good seedlings, this is the only way to do it...” Tie Ning was very depressed, “It’s sad to think about accepting such an idiot as a direct disciple!”

At this time, Luo Sheng and Yao Yu happened to arrive together.

The two of them bowed respectfully when they saw their master on the main seat.

Elder Tie Ning didn’t give him a good look, instead, he scolded the elders around him through voice transmission: “I don’t have much talent, I know how to do these formal etiquettes! I don’t like this kind of thing!”

Maple Leaf smiled and said, “Don’t say that, at least you know some etiquette rules, don’t you?”

“Humph!” Tie Ning snorted noncommittally.

...

Luo Sheng also walked to the competition seat and saw Xu Ming’s existence.

He didn’t dare to provoke Xu Ming, so he only dared to send a voice transmission to Yao Yu in private: “Look, this kid Xu Ming also wants to participate in the weapon refining test!”

“Haha!” Yao Yu also sneered, “He probably regards the artifact refining conference as a family! I would like to see what kind of magic he can refine—spirit artifacts? Low-grade Taoist artifact?”

For the Dao Venerable Masters, spiritual tools and low-grade Taoist tools are worthless things. Dao Zun is capable of punching at will, and he can smash low-quality Dao weapons!

“Maybe, you can’t even refine a spiritual weapon!” Luo Sheng sneered, “Wait, let’s take a look, how he is going to be embarrassed!”

“Haha! Yes!”

Luo Sheng and Yao Yu waited darkly to see Xu Ming’s joke.

After a while, other onlookers who were watching the excitement came one after another. Even Zhan Wuwei and Ye Tianhun came over to join in the fun.

Naturally, the two of them also secretly transmitted their voices, and they called Xu Ming their brothers and sisters; after that, they sat on the main seat with a “righteous face”, full of arrogant faces.

Soon, it was time for the Item Refining Conference to start.

Elder Tie Ning, as the No. 1 Refiner of the Human Race, naturally presided over the Refining Conference.

“The Item Refining Conference is a rare event for our Item Refining and Formation. There is no competition for rankings, no winners or losers; the first place in communication and discussion, and the second place in the competition!” Elder Tie Ning stood up and said, “It’s the rules, Anyway, it’s the same as the previous years—refine weapons according to the materials we provide; then, take out the weapons that we have refined and exchange and discuss!”

After a pause, Elder Tie Ning continued: “Everyone has seen it, there are thirty ‘refining towers’ in the refining area. Ten are for refining spirit tools, ten are for refining Taoism, and ten are for refining. Refining the Venerable Tool – Whoever wants to play in the first group, please enter the Refinery Tower!”

Whoosh! Whoosh! Whoosh! Whoosh! ...

Immediately, dozens of figures rushed out of the test stand and rushed straight to the refining tower.

Thirty fastest refining masters rushed into the refining tower. As for the other figures, they could only return angrily and wait for the second group to play.

Before Xu Ming had time to react, the thirty artifact refining towers were all occupied.

“Uh...” Xu Ming was stunned and asked the people around him, “This brother, what’s the situation, why are you all rushing up?”

Beside Xu Ming was a low-key Taoist priest in black clothes. He came to the Kingdom of God to participate in the artifact refining conference; he and Xu Ming had never heard of each other: “This little brother, it seems that this is your first time to participate in the artifact refining conference, right?”

“Exactly!” Xu Ming said.

“Then it’s no wonder you don’t know!” said the black-clothed Dao Zun, “The first group on stage will most attract the attention of the master craftsmen, and it will be easier to be accepted as a named disciple or a room-entry disciple!”

“Oh...” Xu Ming was stunned That brother, why are you sitting here motionless, not rushing to play in the first group? ”

“I’m already a disciple of Elder Tie Ning, so I don’t need to be in the first group.”

“Oh...” Xu Ming was stunned again, but then he asked suspiciously, “Isn’t Luo Sheng also a disciple of Elder Tie Ning, why did he join the first group?”

“He?” The black-clothed Dao Zun was also a little puzzled. After thinking about it, he said, “Maybe, Luo Sheng wants to become a direct disciple! So grab the first group and perform well!”

Xu Ming thought for a while, what the black-clothed Dao Zun said should be right. As far as Xu Ming knew, Luo Sheng really wanted to be the direct descendant of Elder Tie Ning.

“Just him? Want to be a direct disciple?” Xu Ming sneered secretly, “It’s too far!”

...

Thirty “refining towers” all have transparent walls. From the outside, you can clearly see every movement of the refiners in the tower.

Chapter 525: , Not Very Good Character

Most of Xu Ming's attention fell on Luo Sheng.

After all, among so many refiners, Xu Ming only knew Luo Sheng.

In Luo Sheng's Item Refining Tower, there are piles of materials for refining Venerable Items; among them, the main material is nine-color black stone – nine-color black stone, which is very compatible and can be used to refine weapons as well as refine them. Armor; this is the main material for every refining conference.

The first step in refining the weapon is naturally... arranging the formation!

I saw Luo Sheng grabbed some formation materials, turned his hands into countless phantoms, and quickly arranged them.

Suddenly, there was an exclamation in the audience.

“Wow! Luo Sheng Daozun's movements are so fast!”

“It's just so smooth!”

“It turns out that by arranging the formation, the movements can be so elegant and unrestrained!”

...

The geniuses of the kingdom of God have a very good impression of Luo Sheng, because Luo Sheng often helps people refine treasures, and he is full of the image of a hard-working and good man.

However, Xu Ming knew that Luo Sheng was a very different person.

Swish! Swish! Swish! Swish! ...

In the blink of an eye, Luo Sheng created tens of thousands of formation patterns. These secret patterns are linked to each other, forming a terrifying “quenching formation”!

“Dao Venerable Medium Formation!”

This is the ultimate level that Luo Sheng can arrange!

At this time, the crafting masters in the other nine “Exalted Artifact Refining Towers” were still a little unfamiliar. Such a comparison immediately made a decision.

“Tie Ning.” Elder Maple Leaf showed a look of approval, “This quenching formation is not bad!”

He was referring to Luo Sheng, of course.

“Humph!” Tie Ning snorted, “I have learned from me for tens of thousands of years. If I couldn’t even set up a quenching formation, I would have kicked him out already!”

Elder Maple Leaf just smiled. He knew that Tie Ning was just a tough mouth. In fact, he was very dedicated to his disciples; it was a blessing to be a disciple of Elder Tie Ning.

“Look at how his next step of ‘tempering’ is!” Maple Leaf said with a smile.

After the formation is completed, the next step is to temper the materials.

Luo Sheng first took out a nine-colored profound stone that was taller than a human, and placed it at the very center of the quenching formation.

y... y...

Immediately, tens of thousands of small and scorching lasers focused on the nine-colored profound stone in the center from all directions of the quenching formation.

Within a few breaths, the nine-colored profound stone, which was taller than a person, was completely burned into golden yellow.

Luo Sheng swung the sledgehammer, slamming it one by one.

boom! boom! boom! boom! ...

Every hammer is enough to flatten a mountain.

Every time the hammer goes down, the impurities on the nine-color profound stone will decrease by one point.

In this way, thousands of hammers were smashed in a row, and the impurities in the nine-color profound stone were almost completely removed. The nine-colored profound stone, which was taller than a human being, only had a fist-sized black essence left.

“It’s done!”

Luo Sheng put this piece of black essence aside, and then brought up a second nine-colored profound stone—he wanted to refine a long sword, and black essence like this needed five pieces!

Every process of Luo Sheng is well done. Array formation, tempering, forging embryos, condensing the shape, opening the front... Every step is not dazzling, but the victory is that there are no mistakes.

Obviously, Luo Sheng had been practicing for a long time for this Item Refining Conference. And he helped the geniuses of the kingdom of God to refine their weapons, which was his free training opportunity.

Zheng!

Luo Sheng finished refining the first one, and the long sword in his hand was shining brightly, and it was not ordinary at first glance.

The geniuses of the kingdom of God who received Luo Sheng’s favor naturally cheered again.

Luo Sheng walked out of the refining tower, and respectfully presented the long sword, and said respectfully, “Master, and the masters for appraisal!”

Several master-level master craftsmen, their spiritual power penetrated into every corner of the long sword.

“That’s right, a high-grade venerable weapon!”

“There are almost no mistakes in refining, and it is not bad for a high-grade exalted weapon!”

...

Elder Tie Ning also looked at it, nodded and said, “Hmph, it’s okay, it’s a bit of progress!”

Rosen was overjoyed.

It’s really hard to hear the “okay” evaluation from Elder Tie Ning!

“Thank you for your praise, Master!”

With excitement, Luo Sheng respectfully retreated.

“That’s great, Master praised me!” His mood could not be calm for a long time, “During this time, Master really wanted to accept a direct disciple and pass on the mantle! I did a good job, Master even very rare Complimented me...there is hope! There must be hope!”

Another reason why Luo Sheng felt that he had great hope of becoming a direct disciple was that the other disciples were even better than him!

If Tie Ning must choose a direct disciple, then his hope is naturally the greatest!

...

“Tie Ning, how are you thinking?” Elder Maple Leaf said secretly.

“It’s still a little far from my request!” Elder Tie Ning sighed.

“I see, choosing a direct disciple is not choosing a wife! Since you really can’t find a suitable one, just pick one at random, and you will be able to get it!” Elder Maple Leaf said, “I have already thought about it, and I will wait until next year’s alchemy conference. , if there are no other suitable candidates, I will tentatively designate Yao Yu as a direct disciple. If I can’t find a better one in the future, I will pass the mantle to Yao Yu!”

“This...” Tie Ning fell into hesitation, “This Luo Sheng, the only thing that makes me satisfied is that he is a good person...”

Choosing a direct disciple, although it is not choosing a wife, is a major event, and one must be cautious, how can it be child’s play?

“Hey, what are you guys chatting about?” Zhan Wuwei came up.

Tie Ning said: “Maple Leaf is persuading me to choose Luo Sheng as a direct disciple!”

“Choose Luo Sheng to be a direct disciple?” Zhan Wuwei suddenly stared, “No, absolutely not!”

Um?

Absolutely not?

Tie Ning and Maple Leaf were stunned. The two looked at each other, then looked at Zhan Wuwei at the same time: “Why?”

Zhan Wuwei’s eyes showed some unkindness, and he sneered: “This Luo Sheng, his character is not very good!”

“Not a good character?” Tie Ning was stunned.

What he was most satisfied with was Luo Sheng's character; but Zhan Wuwei said that Luo Sheng's character was not very good.

"What's going on?" Tie Ning couldn't help but said, "Luo Sheng isn't very enthusiastic about everyone..."

"Tie Ning, you are immersed in studying the refining tool; you may not know what happened in the kingdom of God!" Zhan Wuwei narrowed his eyes, "This Luo Sheng, on the surface, is indeed very enthusiastic about everyone. However, according to my long-term observations, he is not the same person as he looks!"

"What!?" Tie Ning's eyes widened suddenly, "Zhan Wuwei, tell me quickly, what's going on!"

"He has done a lot of unsightly deeds in private; I have collected evidence here, and you can take a look at it later! – But there are two things, I'm going to tell you now!"

Zhan Wuwei and Ye Tianhun are responsible for most of the affairs in the kingdom of God. The two naturally have some means to collect information secretly; and based on this information, evaluate the Daojun and Dao Zun in the kingdom of God.

"You said it!" Tie Ning said sternly.

"The first thing, when Xu Ming first entered the kingdom of God, he was threatened by Luo Sheng. However, Luo Sheng's threat failed, and he was blackmailed by Xu Ming!"

"What!? He dares to threaten Brother Xu Ming!?" Tie Ning was suddenly furious.

"The second thing is related to Xu Ming! – Do you remember when Xu Ming drove a battleship and bombed the Purple Moon Holy Land, causing a stir in the entire kingdom of God?"

"Remember!"

"That battleship was made by Luo Sheng. Moreover, Luo Sheng moved his hands and feet on it!"

Tie Ning's face suddenly darkened. He naturally believed in the words of Zhan Wuwei.

“And you, Maple Leaf!” Zhan Wuwei turned to Maple Leaf again.

“Me?” Maple Leaf wondered, why did it get involved with him?

“Are you planning to accept Yao Yu as a direct disciple?”

“yes!”

“Haha!” Zhan Wuwei sneered, “That Yao Yu didn't do anything good either...”

Zhan Wuwei also reiterated the relationship between Yao Yu and Xu Ming.

“I... I rely on it!” Elder Maple Leaf is a well-mannered gentleman, but at this time, he couldn't help but scolded, “This Yao Yu is so well-behaved in front of me, I didn't expect that behind his back is a man Such a narrow-minded man!—I was so wrong about him!”

Tie Ning took a deep look at Luo Sheng and didn't know what she was thinking.

And Maple Leaf also took a deep look at Yao Yu, not knowing what he was thinking.

At this time, Luo Sheng just felt the “deep-meaning” gaze of the master, and couldn't help but feel happy – could it be that this is the gaze approved by the master?

How could Luo Sheng think that with his character, he would offend Xu Ming; not to mention becoming a direct disciple, even if he would be expelled from the school by Elder Tie Ning!

...

It didn't take long for the refiners of the first group to end.

Luo Sheng is undoubtedly the most eye-catching one. However, Tie Ning had already sentenced him to death, and even if he acted like he flew into the sky, it would be of no avail.

“The second group of refiners, come on stage!”

Immediately, many figures flew towards the refining tower.

Among them, there is a figure, it is Xu Ming!

Chapter 526: , Is It Still Human?

“It’s Xu Ming!”

“He actually played!”

Xu Ming is undoubtedly a “celebrity” in the kingdom of God. As soon as he came on stage, there was an uproar.

“Xu Ming can also refine weapons?” Everyone doubted.

“Artifact refining is a technical job; Xu Ming, a rough man who can only slap his hands, can actually refine artifacts?”

“I guess, I only know how to order three-legged cat kung fu, so I show it off!”

“At the refining conference, the refining masters gathered! – You can do three-legged cat kung fu, and you dare to show off? It’s really a class of axe!”

“It’s just grandstanding! Let’s take a good look at what Xu Ming can make!”

People are afraid of being famous and pigs are afraid of being strong.

Xu Ming has no intention to compete with anyone, but because his light is so dazzling, every move will attract the jealousy of others – the number of desires is quiet, but the wind does not stop.

Of course, most of these discussions only dared to be carried out in secret, but did not dare to reach Xu Ming's ears.

Ignoring the mocking gazes, Xu Ming flew straight into the “Exalted Item Refining Tower”.

ridicule?

question?

Xu Ming was all disdainful.

When he refines the Venerable Tool, all these voices will naturally shut up.

wow—

However, Xu Ming entered the “Exalted Item Refining Tower”, which caused even more uproar.

“What? Is Xu Ming trying to refine the Venerable Tool?”

“Refining a venerable tool? What are you kidding? Xu Ming is only in his twenties, right? – Not to mention his twenties! Even if he is more than two hundred or two thousand years old, he can't make a venerable weapon!”

“Did he go to the wrong Refinery Tower? He should have wanted to go to the ‘Spirit Refinement Tower’, right?”

Even the elder-level powers like Tie Ning and Zhan Wuwei looked at each other in dismay?

“Xu Ming wants to refine a venerable weapon?” Tie Ning looked confused, “His formation skills are the limit of a daoist! With this level of formation comprehension, theoretically, it is possible to

refine a venerable weapon! But... Item refining depends not only on the perception of formation, but also on the level of Item Refining!”

Can Xu Ming refine a venerable weapon?

Even Elder Tie Ning didn’t believe it!

As for the other elders such as Maple Leaf, it is even more unbelievable! – If Xu Ming can really make a venerable weapon, then a lot of age of their group of elders will really live on the dog!

“Look!” Elder Tie Ning watched seriously, wanting to see if Xu Ming would frighten them.

At this time, Xu Ming had already started.

He manipulated the power of heaven, and at the same time grabbed thousands of materials for arranging arrays.

“Huh? So much material?”

The layman watches the fun, the layman watches the doorway.

Elder Tie Ning’s first reaction when he saw it was—what kind of great formation is Xu Ming going to set up?

Generally speaking, the more and more advanced materials are used, the more powerful the array will be.

“Xu Ming is going to set up a Daoist-level formation?” Elder Tie Ning couldn’t help but wonder.

He originally didn’t think that Xu Ming could set up a Taoist-level formation; but now, seeing Xu Ming using so many materials at the same time, he couldn’t help but have doubts.

“But...” Elder Tie Ning couldn’t help but frown slightly, “To arrange an ordinary Taoist-level formation, one-tenth of the materials is enough! Xu Ming uses so many materials, it’s too extravagant!”

Immediately afterwards, Xu Ming grabbed the same material and kept inscribed complex secret patterns on it. These secret patterns have the effect of attracting the power of heaven and earth.

Elder Tie Ning watched carefully.

“This secret pattern is used to trigger the power of fire...”

“This secret pattern should be used to connect the great formation!”

“Huh? What is this secret pattern for?”

Even Elder Tie Ning couldn’t understand Xu Ming’s formation; others were even more confused.

Some of the formations have weaker perceptions, and even look at it directly at a loss.

For example, Luo Sheng, looking at it, felt dizzy: “What kind of stuff are these messed up drawings!”

Luo Sheng didn’t think that Xu Ming’s formation skills would be superior to him. Therefore, when he found that he couldn’t understand the secret patterns that Xu Ming painted, he came to a conclusion – Xu Ming was definitely scribbling!

“Humph! Sure enough, it was a grandstanding!” Dan Zun Yao Yu snorted disdainfully.

The further back you go, the more incomprehensible the secret patterns Xu Ming has depicted—it’s not that the secret patterns Xu Ming has depicted are so deep, but the way in which these patterns are depicted are very novel; On the mainland, it has never appeared!

“Where did Xu Ming learn these secret patterns!” Mo Zixuan was the most knowledgeable, but he had never seen these secret patterns.

“Look at it!” Elder Maple Leaf said, “When the big formation is formed, we will be able to see the effect of these secret patterns!”

“It must be a Taoist-level formation!” Tie Ning said, “Moreover, it should not be a Taoist inferior!”

“Yeah!” The surrounding formation masters nodded in agreement.

Zhan Wuwei and Ye Tianhun were stunned: “Xu Ming is only so old, where did he get the time to learn so many secret patterns!”

The secret pattern of the formation is endlessly changing; it doesn’t mean that you can describe it by rote memorization! —For example, there are so many novel secret patterns depicted by Xu Ming now, even if it is Tie Ning, Maple Leaf and other “formation masters”, I am afraid it will take a few days to learn one; as for the mediocre talents like Luo Sheng and Yao Yu, a few Months may not be able to learn one.

Therefore, the formation method together, not only depends on the talent, but also takes a lot of time.

Therefore, Zhan Wuwei and Ye Tianhun couldn’t understand – where did Xu Ming get the time to learn this!

However, how do they know that Xu Ming learned the secret pattern of the formation technique in seconds! It is no problem to learn thousands of secret patterns in one day! – With such a perverted learning efficiency, it doesn’t take much time to learn the formation method!

After a few quarters of an hour, Xu Ming engraved the secret pattern of the formation on all the materials.

All the materials are suspended around Xu Ming, like a sphere. Nearly a hundred kinds of materials, in this sphere, revolve in mysterious trajectories, like the movement of the sun, moon and stars.

This posture, you can see at a glance that this formation is extraordinary!

boom!

Xu Ming activated the formation, all the materials disappeared immediately, and a large spherical formation burning with endless flames formed in the refining tower like a miniature sun burning fiercely!

“This is...”

Tie Ning, Maple Leaf, Mo Zixuan and several other formation masters all stood up abruptly.

With their formation skills, it is natural to see at a glance that this great formation is very extraordinary!

Several formation masters developed their spiritual power and carefully studied this big formation. In the end, everyone looked horrified.

“The quenching formation of Dao Zun’s limit...”

Being able to arrange such a large formation means that Xu Ming’s formation skills have reached the “Dao Zun limit”!

But...

How old is Xu Ming?

Several formation masters couldn’t believe it, but the fact was in front of them, and they couldn’t help but believe it.

The people looked at each other for a long time: “Is this Xu Ming still a human?”

Chapter 527: , Refining Conference No. 1!

Elder Zhan Wuwei, naturally, also saw the rank of this quenching formation—the limit of Dao Zun!

“Tie Ning, Maple Leaf, Mo Zixuan!” Zhan Wuwei suddenly said, “Do you still remember the bet Xu Ming made with you in the Dao Fate War?”

Tie Ning laughed at himself: “Why don’t you remember?”

Maple Leaf also laughed at himself: “At that time, Xu Ming said that he taught himself the formation of Taoism, and he could learn the limit of Taoism in ten years; at that time, we all laughed at him for ignorance and arrogance! – But now, only six years later, Xu Ming It has already reached this level!”

“How on earth did he do it...” Elder Mo Zixuan looked dull.

“Don’t worry about how he did it!” Elder Ye Tianhun also said, “I’ve been shocked by him too many times! – A genius like him in the tens of millions of years is not something we can understand! ”

...

The most important part of the refining tool is the formation!

If the formation is well arranged, then the next steps such as quenching, forging embryos, and forming will be very easy.

As soon as Xu Ming’s Dao Zun’s ultimate quenching formation came out, as long as he was not a fool, he could feel the horror of the formation!

People are more dead than people, and goods are thrown away.

Compared with Xu Ming’s quenching formation, other people’s formations, including the one set up by Luo Sheng just now, are all scum!

The quenching formation is well arranged, and the subsequent quenching will naturally not be a problem.

In the big formation, the firelight gathered, almost melting the nine-color profound stone directly.

Xu Ming waved his sledgehammer and smashed it hard with “dang dang dang dang”; the nine-colored profound stone, which was taller than a human, was smashed to the point that only a pure black piece the size of a thumb remained! -Obviously, what was tempered by Luo Sheng, or how many times more refined!

“hiss-”

The scene of the refining conference was full of exclamations of inhaling cold air.

“The ultimate essence!”

“It’s the ultimate essence of the nine-color profound stone!”

Like the fist-sized black essence that Luo Sheng tempered, if the means were more sophisticated, it could actually continue to be tempered and purified. And the thumb-sized pure black essence that Xu Ming tempered was pure to the extreme!

The ultimate essence!

In other words, no matter who comes, they can’t temper better than Xu Ming! – Even if Elder Tie Ning made a personal shot, he could only refine it to this extent.

Because it is already the ultimate!

“Even if Xu Ming rubs these essences into a stick, then this stick is a high-grade venerable weapon!” Tie Ning exclaimed.

In a burst of exclamations and exclamations, Xu Ming tempered more than 300 nine-colored profound stones one after another.

Afterwards, Xu Ming tempered the more than 300 pieces of extreme essence into a ball.

The next step – forging embryos!

The difficulty of forging embryos is undoubtedly much higher than that of tempering! Because, forging the embryo, it is necessary to forge the shape of the weapon.

I saw Xu Ming slammed “dangdangdangdang” again, smashing out the shape of a set of battle armor.

There was another shock on the field: “Xu Ming is going to refine the armor!”

Among the weapons and armors, the most difficult to refine is undoubtedly the battle armor!

It’s like pinching mud to create a suit of armor; it’s definitely much harder than pinching out a sword!

Therefore, at the refining conference, very few refiners would choose to refine battle armor; it was too difficult to refine and too easy to fail!

As for Xu Ming, it was his first time to participate in the Item Refining Conference. —What confidence is that!

Xu Ming’s method of forging embryos is very strange, even Elder Tie Ning has never seen it before.

“Xu Ming must have acquired some great inheritance!” Elder Tie Ning narrowed his eyes, “That’s why his formation and artifact refining skills are so terrifying and special!”

Elder Tie Ning’s guess is well-founded; however, he guessed wrong.

...

Luo Sheng kept cursing Xu Ming in his heart: “Blast it! Blast it!”

In the process of refining the tool, once a mistake occurs, for example, when the embryo is forged, the forging explodes; then, it is a failure.

However, with Xu Ming's perfect operation, how could he make such a prefecture-level mistake?

Forged embryo, perfect!

The next step, congealing, is still perfectly completed!

One more step...

Perfect!

Perfect!

Perfect!

...

All steps are perfect.

In the end, without identifying the grade of the battle armor, Elder Tie Ning said with great certainty: "Extreme Exalted Item Grade Battle Armor! And... it is the top of the Exalted Equipment! – Even if I make it myself, it will be difficult to refine. Better!"

"What kind of pervert is this Xu Ming..." The elders such as Maple Leaf and Zhan Wuwei, as well as the other master craftsmen in the room, were shocked to the point of numbness.

At this time, all the powers couldn't help but think about a question-what is the essential difference between themselves and pigs?

Xu Ming's skills in formation and artifact refining have already made the masters begin to doubt life.

When Xu Ming presented the refined battle armor of the highest grade to the crafting masters for appraisal, all the crafting masters had a very unanimous opinion – the first place in this crafting conference was none other than Xu Ming!

There are even a few master refining masters with slightly lower skills who have privately transmitted their voices to Xu Ming, wanting to ask Xu Ming for advice – there is no precedence in learning, and the master is the teacher; obviously, these master refining masters have already He admitted that he was not as good as Xu Ming.

Elder Tie Ning couldn't help but say, "Xu Ming, in fact, if you casually refine a sword, saber, etc. of the highest grade, you will be able to win the first place in the refining conference. One; why bother to refine a battle armor?"

Xu Ming said directly: "No. 1 in the refining conference? – I have no interest in this name!"

Elder Tie Ning was speechless, thinking, are you pretending to be x on purpose?

"Uh... Since you're not interested, why do you want to participate in the refining conference?"

"It's like this—" Xu Ming explained, "Six years ago, wasn't there a bet between me, the three of you, and Palace Master Potian? The formation level!"

puff!

puff!

puff!

Tie Ning, Maple Leaf, and Mo Zixuan all vomited blood in their hearts.

Fortunately, Palace Master Soul Tian was not here, otherwise, I am afraid that he would also join the ranks of vomiting blood.

Xu Ming's answer is really... too pretentious!

Participating in the refining conference is just to show the level of the formation; as a result, I accidentally took the first place in the refining conference...

Xu Ming is very aggrieved – I really didn't pretend to be x on purpose! I'm telling the truth!

Xu Ming continued to “tell the truth” and said, “As for why I want to make battle armor... Because I just happen to be short of a good battle armor! – Don't the treasures refined at the artifact refining conference belong to the artifact refiner? Moreover, the materials are also free! So, I made a battle armor for myself! What's wrong? Is there a problem?”

What a simple, pure reason! – The first place in the refining conference, I am not interested; I just lack the armor, so I came up and made one for myself!

“No... no problem...” Elder Tie Ning was speechless.

...

The refining conference continued.

However, with Xu Ming's dazzling performance ahead; next, no matter how hard the other refiners worked, in the eyes of the onlookers, they all seemed like children playing in the mud.

Until the end, the low-key black-clothed Dao Zun who was sitting beside Xu Ming before, showed a little bright spot, and refined a high-grade Venerable Artifact.

During the competition, Xu Ming undoubtedly crushed all the other refiners in all directions, and reluctantly accepted the title of “No.

When asked to give two acceptance speeches, Xu Ming just said very modestly: “A fake name! It's just a fake name!”

“This is the end of the Item Refining Conference, but I still have something to announce!” Elder Tie Ning suddenly said, “Everyone knows that I am old and I have always wanted to accept a direct disciple...”

Direct disciple!

Luo Sheng's eyes suddenly burst into brilliance: "Master really wants to accept direct disciples! – It's me! It must be me!"

Chapter 528: , Expelled From The Door

"It's me! It must be me!"

Venerable Luo Sheng was extremely excited – he was very confident that he would definitely become a direct disciple!

He analyzed in a methodical manner: "Xu Ming was too arrogant, and he refused to be a direct disciple six years ago; now, his strength has soared, and his skills in formation and artifact refining have improved greatly, and he is definitely more reluctant to be a direct disciple. And my other brothers and sisters are not as good at refining as me, so they definitely can't compete with me!"

"I will definitely be a direct disciple!"

The desire in Luo Sheng's eyes sparkled. Come play and watch. .

He is so desperate!

To become the direct disciple of Elder Tie Ning, not only will he be able to inherit the mantle of Elder Tie Ning, he has a promising future, but also, he will gain countless treasures!

Yes, once you become a direct disciple, you will immediately rise to the top!

Elder Tie Ning continued: "In fact, I have been looking for a direct disciple for many years; however, I have never been able to make a decision! – Six years ago, I discovered Xu Ming, a monstrous genius; at that time, I was so excited. !pity..."

At this point, Elder Tie Ning showed some resentment: "He doesn't kill me at all!"

"Ha ha ha ha..."

Elder Tie Ning's joke immediately caused a lot of laughter.

And Luo Sheng didn't laugh, but looked at Xu Ming with a look of righteous indignation, as if... really angry about why Xu Ming didn't apprentice! —He deliberately put on this indignant expression, naturally, to flatter Elder Tie Ning!

Elder Tie Ning glanced at Luo Sheng very obscurely, and thought with disdain: "It's really enough to pretend! — If Zhan Wuwei hadn't exposed him to me, maybe I would have been fooled by him. It's gone!"

During the Item Refining Conference, Zhan Wuwei showed Elder Tie Ning a lot of information he had collected about Luo Sheng. After Elder Tie Ning saw it, he was immediately furious; it was just because of the occasion, so there was no attack.

Elder Tie Ning continued to say loudly: "However, I have to accept the direct disciple; otherwise, I will not be able to pass on this mantle! After thinking about it, I finally decided to find one among the disciples who entered the room as a direct disciple. ;he is the one—"

Luo Sheng's heart was in his throat, and he roared furiously from the bottom of his heart: "Me! Me! Me! It's me! It must be me! It's definitely me!"

"He is—" Elder Tie Ning glanced at Luo Sheng, making Luo Sheng so excited that he almost stood up and cheered.

But then, Elder Tie Ning's gaze moved away from Luo Sheng and fell on the black-clothed Dao Zun next to Xu Ming.

This black-clothed Dao Zun was also Elder Tie Ning's room-entry disciple.

"He is—Gu Yiliang!"

Gu Yiliang was the name of this low-key black-clothed Daoist.

"What!?" Luo Sheng was stunned — how... how could it not be me? How could it be Gu Yiliang?

Gu Yiliang was also stunned – his understanding of the formation path was actually much worse than that of Luo Sheng. Therefore, he has always been self-aware and never thought that he could become a direct disciple.

“I...I...” Gu Yiliang was stunned by the huge surprise, the whole person was stunned, and he didn’t react for a long time.

Of course, Xu Ming also noticed the abnormality of the black-clothed Dao Zun beside him, so he couldn’t help but say, “You are Gu Yiliang? – What are you still doing, hurry up to apprentice!”

After being reminded by Xu Ming, Gu Yiliang finally came to his senses. He was so excited that he quickly stood up and walked towards Tie Ning respectfully. It’s just that with every step, Gu Yiliang felt that his feet were softening, as if he were flying through the clouds.

Happiness comes so suddenly!

At this time, Luo Sheng also recovered from the confusion, he couldn’t help standing up, and looked at Elder Tie Ning in disbelief: “Master... Master!”

“Huh?” Tie Ning glanced at Luo Sheng displeasedly – didn’t he see that he was accepting direct disciples? How dare you, a room-entry disciple, speak out on such an occasion? I really don’t understand the rules, no big deal!

“What’s the matter?” Elder Tie Ning hummed.

“Master... Master! I don’t understand why the direct disciple is not me, but Gu Yiliang?” Luo Sheng mustered his courage and expressed his dissatisfaction, “My talent and understanding in the formation path are not inferior to him; you Why did you choose him as a direct disciple?”

“Humph! It’s nothing serious, do I need to explain it to you?” Elder Tie Ning snorted, “However, since you don’t agree, you’re the only teacher. I want you and the other disciples to be convinced! ”

Luo Sheng listened respectfully, not daring to make a sound.

“In terms of talent and understanding on the formation path, Yiliang is indeed slightly inferior to you!” Tie Ning said, “However, if you want to achieve something in the formation path, talent and

understanding alone is not enough! You also need tenacity. Mind-nature – study hard and endure loneliness for ten thousand years! You don’t have these mind-natures, but Yiliang has them!”

“I...” Luo Sheng wanted to argue something, but found that he was powerless to argue.

His xinxing is indeed a bit impetuous; this kind of xinxing is very unfavorable to study the formation path and the refining one.

“Also... Although Yiliang’s progress is relatively slow, it has been 100,000 years before he can only refine a high-grade venerable weapon! However, every step he takes, he is very down-to-earth, and he has laid a solid foundation step by step Very good! – Only with a good foundation can you go far! I believe that with time, Yi Liang will definitely be able to refine a semi-artifact!”

“So, I chose him as a direct disciple, but who wouldn’t agree?”

How dare all the disciples who entered the room dare to talk back to their master!

Although Luo Sheng was dissatisfied, he did not dare to do anything at such a time; otherwise, it would only arouse even greater dissatisfaction from the master.

After Gu Yiliang paid the apprenticeship ceremony, Luo Sheng said again: “Here, I have one more thing to announce! – I will expel Luo Sheng from my sect. From now on, I will have nothing to do with him!”

This time, Luo Sheng was even more stunned—expelled from the division! ?

“Master!” Luo Sheng screamed, “Why? What did I do wrong? Could it be that just because I just interrupted you, you ruthlessly expelled me from the teacher’s door?”

“I’m not so angry yet, so I won’t expel you from the division because of this!” Elder Tie Ning said with a blank expression, “As for what you have done wrong, you can think about it yourself! I didn’t follow you so idle. You explain!”

Ever since he knew that Luo Sheng had offended Xu Ming, Elder Tie Ning was not a little dissatisfied with him!

Xu Ming!

“Millions of grades” genius!

As an elder, I have to call him a brother! You Luo Sheng, just a Taoist, dare to offend him? -What’s the difference between offending him and offending me? Just expel you from the division, without any other punishment, it is already very good!

Of course, Luo Sheng couldn’t hear these thoughts in Tie Ning’s heart!

“What did I do wrong?” Luo Sheng thought about it for a long time, but still couldn’t figure it out, “I’ve always acted very well-behaved in front of Tie Ning!”

At this time, Elder Maple Leaf also said: “I am here, and I have something to announce!”¹³¹⁴

Chapter 529: , Suspected

Elder Maple Leaf also announced something?

Everyone’s eyes turned to Elder Maple Leaf again.

I saw Elder Maple Leaf said with a blank expression: “I will expel Yao Yu from my door. From now on, I will have nothing to do with him!”

boom!

Yao Yu was immediately stunned as if he had been hit by a bolt from the blue.

Like Luo Sheng, Yao Yu was originally dreaming of becoming a direct disciple. Unexpectedly, suddenly and without warning, he was expelled from the teacher’s sect. In this way, let alone a direct disciple, even an entrant disciple, or even a named disciple, couldn’t make it!

Why does Yao Yu have such a high status and prestige in the kingdom of God? The next thing is to know the three-legged cat's alchemy skills; the most important thing is to stand behind the Master Maple Leaf Elder!

Now that Maple Leaf has expelled him from his division, it is conceivable that his status in the future will plummet!

Even several Dao Zuns whom Yao Yu had offended might run over and get down on the ground.

After a while, Yao Yucai cried bitterly with tears and snot: "Master, can you tell me what I did wrong!"

"Humph! You don't even know what you did wrong? You want to go!" Elder Maple Leaf, of course, couldn't tell the truth; otherwise, Xu Ming's "ten million-year-old" genius level would be exposed.

"I..." Yao Yu was really wronged, he couldn't imagine it!

Luo Sheng is also inexplicably very ups and downs in life, nothing more than this.

The two troubled brothers and sisters looked at each other, both wanting to cry without tears.

They really wanted to know why they were expelled from the division; however, no matter how they thought about it, they would never have thought that the reason they were expelled from the division was because of one person, Xu Ming!

...

After the refining conference, the three elders, Tie Ning, Feng Ye, and Mo Zixuan gathered together.

"We lost this bet with Xu Ming!"

Six years ago, Palace Master Soul Tian and their three elders made a bet with Xu Ming. If Xu Ming reached the limit of Dao Zun within ten years, Xu Ming would win; otherwise, the four of them would win.

When the bet was made, the four of them naturally felt that this was a win-win game, and there was no chance of losing!

“You said, do you want to tell Palace Master Soul Tian about this? After all, he is also one of the participants in the bet!” Tie Ning asked in a negotiating tone.

Maple Leaf thought for a while, and said, “Isn’t it necessary? Palace Master Soul Tian has fallen back into a deep sleep, so because of this, he was awakened from his deep sleep?”

“I think it’s better to wake him up! I’m afraid he won’t be able to fall asleep when he wakes up and finds out about this!” Mo Zixuan joked, “Besides, the original bet was that if Xu Ming won, it would be officially announced. Designate him as a ‘Million-level’ genius; but now, Xu Ming is already a ‘Million-level’ genius, so this bet naturally doesn’t make any sense!”

“Indeed!” Tie Ning thought for a while and said, “If that’s the case, then forget it! When the next time Palace Master Soul Tian wakes up, we’ll tell him that we lost the bet!”

...

At the end of the refining conference, many Taoists, Taoist masters, and refiners left the kingdom of God one after another.

Xu Ming also wanted to leave the kingdom of God.

However, with his current strength, he is still unable to freely travel through the cracks in space. If you want to enter and leave the kingdom of God, you must be carried by the Taoist master, which is very inconvenient.

“If you want to leave the kingdom of God, you have to ask Dao Master for help; if you want to come in in the future, you have to ask Dao Master for help, which is very inconvenient!”

Xu Ming pondered.

“It’s better, I’ll raise the Heavenly Dao of Water to the Daoist level first, and then leave the Kingdom of God. In this way, I don’t have to come back in the short term.”

The nine chaotic stone carvings of the human race are too low. Therefore, even if Xu Ming has unlimited time to comprehend, once a certain Heavenly Dao reaches the Daoist level, he cannot continue to comprehend it.

At present, the only thing Xu Ming still wants to do in the kingdom of God is to comprehend the chaotic stone carvings of water.

As for the other six heavenly ways, Xu Ming has no inspiration for the time being. In addition, comprehending the fourth way of heaven is more than ten times more difficult than comprehending the third way; therefore, Xu Ming is not ready to comprehend more heavenly ways for the time being, and it will not be too late to comprehend when the time is ripe.

“It’s just that I don’t know how long it will take to raise the Heavenly Dao of Water to the level of a Taoist...” Xu Ming couldn’t help but think, “I promised Han Mo that I would go back in ten years; now there are only four years left in ten years, and I don’t know. Too late, too late...”

After thinking about it, Xu Ming finally decided: “Then I will comprehend the Chaos Stone Carving of Water for another four years. I can comprehend as much as I can; at that time, no matter if I have reached the level of Daoist, I will leave the kingdom of God!”

After making a decision, Xu Ming directly entered the Chaos Hall, holding the Chaos Stone Carving of Water, immersed in the enlightenment of the Heavenly Dao of Water.

...

within the territory of the human race.

In the depths of a space crack, it was completely dark, without any light.

In the darkness countless space debris and space wind blades are floating and cutting freely here.

Sometimes, space debris and space wind blades collide with each other. Or smashed into smaller space debris and space wind blades, or merged into larger and more terrifying fragments and wind blades; the terrifying power generated by the collision is mighty.

When a large amount of power gathers, it will form waves of space waves, sweeping in the endless crack space.

Deep in the cracks of space, there is no light, and almost nothing can be seen by the naked eye. And because of the continuous sweeping of the space wave, the spiritual power is also greatly affected here, and it cannot cover very far.

This is a completely dark world.

Suddenly, an indifferent figure loomed here, as if on his way. In the endless darkness, it is impossible to see the face and image of this person.

However, while he was passing by, he seemed to have left a piece of jade slip.

This jade slip is obviously unusual; under the scouring of the space wave, as well as the impact of space debris and space wind blades, there is no damage.

The jade slip flew in one direction along a fixed trajectory.

a few days later.

Endless continent, within the territory of the human race, somewhere in the territory of Lake Heart Island.

A little golden mouse with its eyes closed, does not seem to be asleep, but seems to be waiting for something.

Suddenly, it opened its sharp little eyes: "Come!"

tear

The space in front of it was directly cracked by a small hole. A piece of jade slip flew out of the mouth.

“Humph!” The gold-devouring rat hummed dissatisfiedly, “The Human Race’s Wentian Mingjing is really annoying! You have to be careful in everything you do, for fear of being discovered...”

Immediately, it opened the jade slip and looked, and the little brows were wrinkled: “Suspected – ten million grades – genius... Although it is suspected, but the possibility is very high! It seems that it is time for me to dedicate myself!”

Chapter 530: , Do Everything

Xu Ming embraced the chaotic stone carvings of water and was madly comprehending; the whole person seemed to be roaming the vast ocean and became a part of “water”.

Only from the “perception” point of view!

Xu Ming’s comprehension on the Heavenly Dao of Water is slightly inferior to that of the Heavenly Dao of Fire, but stronger than the Heavenly Dao of Wind!

It’s just that the Heavenly Dao of Wind “preempted” Xu Ming’s body first, and then the Heavenly Dao of Fire came to become a “second wife”; the poor Heavenly Dao of Water could only be reduced to a “third mistress”...

Under the pressure of the “wives” and the “mistresses”, the life of the “third mistresses” of the Heavenly Dao of Water is very difficult!

Although Xu Ming has an excellent understanding of the Heavenly Dao of Water, the efficiency of his cultivation is dozens of times lower than that of the Heavenly Dao of Wind! Of course, even if it was dozens of times lower, Xu Ming’s cultivation speed was still much faster than that of other geniuses!

and

Xu Ming can comprehend the chaotic stone carvings of water infinitely!

Therefore, the speed of Xu Ming’s improvement on the water and the sky is still astounding!

...

Four years, but with a flick of a finger.

Xu Ming sat next to the Chaos Stone Carving of Water for four years! And his understanding of the Heavenly Dao of Water has also undergone earth-shaking changes.

“It’s been almost four years...” Xu Ming still occasionally pays attention to the passage of time, “The time for Zhan Wuwei to leave the Kingdom of God should be next month!”

Before entering the Chaos Hall to retreat, Xu Ming asked Zhan Wuwei to take him out of the kingdom of God four years later.

“However, my understanding of the Heavenly Dao of Water is still slightly worse... Before I leave, I’m afraid I won’t be able to break through to the Supreme Daoist level!”

Another month passed.

“It’s still a line!”

“There is only one line left, and the Heavenly Dao of Water will be able to step into the Daoist level!”

Xu Ming tried his best to understand.

However, this line has stuck him tightly; he has never been able to break through!

“Master.” Xiaohang’s voice sounded deep in Xu Ming’s mind, “It’s time for you to remind me! Tomorrow, Zhan Wuwei will leave the kingdom of God!”

“Has the time come?”

Although Xu Ming still wanted to continue to comprehend the chaotic stone carvings of water until he made a breakthrough, he thought about it: “Heavenly understanding, pay attention to

opportunities; since you can't break through temporarily, the opportunity hasn't come! The more anxious you want to break through, the more you can't break through. Forget it, let's go out first! Anyway, there is only one line to break through; even if you leave the kingdom of God, there are still opportunities to break through, so you don't have to rush for a while."

Thinking of this, Xu Ming calmly stood up and prepared to leave.

The moment he got up, Xu Ming suddenly smiled knowingly.

Got it!

Letting go of his attachments, Xu Ming suddenly realized.

...

Before leaving the kingdom of God, Xu Ming went to see the Palace Master Jitian.

"Oh? Are you ready to go out?" Palace Master Ji Tian didn't have many surprises, he just nodded slightly, "Well... with your strength, it really doesn't make much sense to continue to stay in the kingdom of God! The saplings in the greenhouse are It can't grow into a towering tree; it's time for you to go out and experience the wind and rain!"

There seems to be some deep meaning in the words of Jitian Palace Master.

Suddenly, the Palace Master Ji Tian took out a jade talisman: "Take this!"

The jade talisman is warm; inside the jade talisman, there are also some relatively simple patterns of heaven.

"This is...?" Xu Ming asked with some doubts.

The Lord of Jitian Palace said: "Holding this jade talisman, you can contact me directly in any corner of the Endless Continent, as long as it is not a very special place!"

It turned out to be a communication jade talisman!

Xu Ming didn't think much about it, he just put it away.

"That's right!" Jitian Palace Master said again, "Have you thought about opening up a secret realm?"

Open up secrets?

As we all know, once you reach the Daoist level, you have the strength to open up a secret realm.

As for the size of the secret realm, the stability of the secret realm space, etc., it depends on the strength of the developer, as well as the strength of the treasures used.

Just like the Demon Realm that Xu Ming has been to, it is almost the top one among the secret realms opened up by Dao Zun.

To be able to open up such a secret realm, "Taiwu Dao Zun", the pioneer of the Taoist Demon Realm, is undoubtedly a very strong existence among Taoists, and there is great hope for becoming a Taoist in the future.

However, that Taiwu Dao Zun was too unlucky! First, he was seriously injured because he went deep into the Eternal Demon Pit. Later, he hid in his old lair to recuperate, and then kicked Xu Ming, a top-level Daoist of the iron-plate generation, and fell.

Xu Ming couldn't help asking: "Is there any benefit in opening up a secret realm?"

"There must be a lot of benefits!" Ji Tiangong said with a smile, "First of all, when opening up a secret realm, it is a great test to control the power of heaven; Control can often improve a level! Secondly, the secret realm can be used as a refuge; as the controller of the secret realm, the strength in the secret realm will be greatly improved! Moreover, even if there are opponents who are much more tyrannical than themselves to kill ~www.readwn.com~ can also use the 'secret realm rules' to prevent it from entering the secret realm; although the other party can forcibly break through the secret realm, at least it can delay a lot of time!"

"Well..." Xu Ming nodded frequently.

To open up a secret realm, to put it bluntly, is to build a house of your own.

“You have only just entered the realm of Dao Zun. You can consider opening up a small secret realm first; later, slowly expand the secret realm to a larger and more stable one!”

Opening up a secret realm is like opening up a small one first, and then slowly upgrading and expanding.

“The secret realm can be continuously upgraded; in the end, it can even be upgraded to become... the kingdom of God!”

The kingdom of God, to put it bluntly, is the secret realm opened up by the gods!

“Well...” Xu Ming understood, “However, it takes more time to open up a secret realm. When I have time, I can open it up again!”

“Consider this for yourself!” Palace Master Ji Tian smiled, “In addition, it is best to open up the secret realm in a secret place, so that no one knows where your secret realm is! And your relatives and friends can also receive Live in a secret realm, after all, it’s safer there!”

“Safety?” Hearing these two words, Xu Ming suddenly felt a sense of danger in his heart, and he could not help but ask cautiously, “Could it be that there will be any hatred that will harm the family?”

The Palace Master Jitian sighed helplessly: “Of course there is! The war between ethnic groups is omnipotent!”

Do everything possible!

These six words were deeply etched in Xu Ming’s heart.

...

After saying goodbye to Jitian Palace Master, Xu Ming got on the battleship of Zhan Wuwei's "old driver", broke through the cracks in the space, and left the kingdom of God.

After ten years, Xu Ming was no longer hiding in the cabin of the battleship, but stood on the deck together with Zhan Wuwei.
