

# A World 531

## Chapter 531: , Life Is Bright

The speed of the battleship in the space crack is not fast, but even so, Xu Ming is still a little uncomfortable, his heels are unstable, and his body is shaking.

Zhan Wuwei smiled and said, “If you want to travel freely in the cracks of space, you must at least have the strength of a Dao Master. You have just stepped into Dao Zun, and it is normal to be unstable!”

“Yeah!” Xu Ming nodded slightly, but it seemed a little labored.

“I’m going to speed up, why don’t you go into the cabin?”

“No need!”

If he couldn’t even stand on the deck, Xu Ming would look down on himself.

swoosh

The battleship “rides the wind and waves” all the way in the space crack, rolling forward.

The faster the speed, the greater the pressure Xu Ming felt.

“Huh? What a strong coercion!”

Standing on the deck, the coercion received is hundreds of times, a thousand times stronger than in the cabin! In addition, Zhan Wuwei was galloping all the way, and all kinds of space debris and space wind blades were smashing in the face, which caused a lot of pressure to Xu Ming.

but...

After the battleship had been racing for a while, Xu Ming had gotten used to it, and he was even able to stand firm.

“Brother Xu Ming!” Zhan Wuwei couldn’t help sighing, “You are really… perverted!”

“Uh…” Xu Ming was speechless, “Brother Zhan, I want to know, was there a genius who left the kingdom of God after ten years of entering the kingdom of God?”

“Yes!” Zhan Wuwei said, “But… I have never seen a genius who can stand against the wind so calmly in the crack of space just after leaving the kingdom of God!”

“Ha ha…”

...

After advancing for a while, Zhan Wuwei directly tore a hole in the space crack, opening the connection between the space crack and the endless continent.

rumbling...

The battleship directly rolled into the Endless Continent, just above the Asking Palace.

After talking nonsense with Zhan Wuwei again, Xu Ming said goodbye and left.

After staying in the kingdom of God for ten years, Xu Ming has long since returned to his heart.

Looking at the figure of Xu Ming hurriedly leaving, Zhan Wuwei’s eyes flashed with some inexplicable meaning.

“Xu Ming’s genius level can’t be concealed; I’m afraid, the aliens have already gotten the news…” Zhan Wuwei thought, “Xu Ming’s return journey, I’m afraid it won’t be very peaceful!”

However, Zhan Wuwei did not intend to secretly follow to protect him. Because, he is sure that once he keeps up, the aliens will definitely not show their faces stupidly!

“Anyway, Xu Ming already has the jade talisman granted by the Jitian Palace Master, so don’t worry about his safety, let him take the opportunity to catch some aliens!”

The jade talisman given to Xu Ming by the Jitian Palace Master is far more than just a sound transmission!

...

Dreadnought is good as expected.

Not long after Xu Ming left, the golden-eating rat that had been hiding in the territory of Huxin Island for countless years received a message that Xu Ming went home alone!

“There’s no one to protect you and you go home alone?”

The Golden Rat’s small eyes rolled around: “Two possibilities! First, Xu Ming’s genius level is not very high, so the human race is indifferent to his safety. Second, Xu Ming is a ‘millionaire’. Grade’ or even a ‘tens of millions’ genius, but he already has a protective treasure on him!”

However, the Golden Rat understands that the first possibility is extremely low, and most of them are the second possibility.

“It’s time for me to make a move!” The Golden Rat looked decisively, and looked at death as if at home. “If I make a move, although I may not be able to kill Xu Ming, at least I can basically determine his genius level!”

Thinking of this, the Golden Rat’s expression was somewhat self-deprecating: “I actually used my life to determine his genius level...”

Immediately, its eyes became more and more decisive: “From the moment I sneaked into the human race, I will never go back! Death in battle is my destiny! Then... let’s fight!”

Moreover, the Golden Rat still has some extravagant hopes: “If you can get away with killing a ‘ten million-year-old’ genius of the human race, that would be great!”

...

Xu Ming soared recklessly in the sky on his way home; soon, he returned to the territory of the island in the heart of the lake.

I don't know if it was because of the timidity of the hometown or something, but when he got here, Xu Ming's flight speed slowed down.

And his majestic spiritual power also spread out quietly, covering thousands of miles of rivers and mountains along the way.

Miles...

What concept?

Like the Feiyun Kingdom from which Xu Ming was born, the entire country does not have a range of 10,000 miles!

That is to say, with a random thought, Xu Ming can see everything in a country!

Every mountain, every river, every ancient tree, every beam of light, every person, every living being... was sensed by Xu Ming's spiritual tentacles.

In this ten thousand miles area...

There are mortals who farm and work, just to be able to eat and live to survive...

There are warriors fighting each other, in pursuit of what they think is the martial way...

There are boys and girls cheering and playing, childhood sweethearts, two little ones without guessing...

There is a master to teach, to pass on knowledge...

There are robbers and robbers, there are princes and generals...

There is the ecstasy of success, and the disappointment of failure...

Some patients died of illness~www.readwn.com~ still don't know the meaning of life...

There are also babies born, full of endless longing for the world...

Even the moment a flower blooms, it was captured by Xu Ming!

Moreover, the most terrifying thing was that so much information was fed back into Xu Ming's mind at the same time; Xu Ming didn't feel at all struggling to use his mental power to "scan" everything within a radius of ten thousand miles. For Xu Ming, it was too easy!

"Life is bright!" Xu Ming couldn't help sighing.

The entire human race, billions of human beings!

Xu Ming's current strength, if not at the top of the entire ethnic group, is not far from the top.

In the past, those martial arts masters that Xu Ming looked up to who could lift mountains and step on the sky; now, compared with Xu Ming... they are all scum!

The rapid increase in strength level also made Xu Ming not lower his head and look at the "ordinary people" for a long time. Now, when I bow my head and I am not careful, I am deeply shocked by the splendor of life!

Suddenly, Xu Ming's mental power "tentacles" heard several conversations.

"Brother Shen Hui, go back!" This was a clear spring-like voice. The owner of the voice was a young girl, her white clothes were dusty and her skin could be broken, but her eyes were very determined.

“Lin’er, why? You tell me why?” The rough-clothed robed boy, also known as “Brother Shen Hui”, had a look of disbelief on his tender face.

“Because... we are not destined to be the same kind of people!” The girl shook her head, “Master said, my martial arts talent is very good, if I focus on my pursuit of martial arts, I have great hope of achieving innate in the future! I have my martial arts path, and Brother Shen Hui, you can’t keep up with my pace! Since it’s not destined to be the same type of people, why should you and I be reluctant?”

## Chapter 532: , Adventure

“Brother Shen Hui! Please let me go and let me pursue my martial arts!”

Are they destined to be the same kind of people?

let go of you?

In pursuit of martial arts?

The young Shen Hui couldn’t help laughing wildly.

At the same time, Xu Ming couldn’t help but let out a knowing smile: “What a similar scene... The obsession left by ‘Xu Ming’ at that time, now that I think about it, it’s really stupid!”

but...

At this time, Shen Hui’s reaction was very different from that of Xu Ming.

I saw Shen Hui’s complexion change a bit like a twitch. First madness, then unwillingness, and then despair... In the end, all these negative emotions disappeared, replaced by incomparable determination!

In the end, Shen Hui only said one word: “Okay!”

After saying this word, he turned around and left without looking back!

The face of the girl “Lin Er” couldn’t help but draw two lines of clear tears, and she didn’t know if she regretted what she had done.

But then, Lin’er’s eyes also became firm: “There is nothing that can shackle my martial arts path!”

“Alas...” Xu Ming let out a long sigh of “come here”, “The road to martial arts?”

In this world where the strong are respected, ordinary warriors often regard the road of martial arts as more important than everything else. However, hundreds of millions of warriors compete on this road of martial arts; how many of them can really make some achievements?

The road of martial arts is not easy to walk!

“However, this young man named Shen Hui is quite interesting!” Xu Ming couldn’t help laughing, “He is very stubborn and tenacious, and his talent is...not bad! At least, it is not worse than that girl named ‘Lin Er’! ”

Xu Ming’s understanding of “talent” is naturally very different from that of congenital warriors.

Congenital warriors choose geniuses, mainly based on the speed of cultivation. If you cultivate fast, if you are good, you are a genius! If you practice slowly, you are mediocre!

But at the level of Xu Ming, he has long ignored these appearances. What he sees is whether the will is tenacious, whether the breath and the way of heaven are compatible enough! The more in line with the way of heaven, the stronger the understanding of the way of heaven!

Therefore, from Xu Ming’s point of view, Shen Hui’s talent is better than Lin’er!

“Since you happened to come across such an interesting thing, let’s play it sideways!”

Xu Ming turned around and flew towards Shen Hui with a “whoosh” sound.

At this time, Shen Hui happened to walk to a corner where no one was there; he wanted to cry bitterly, but he wanted to cry without tears. At this time, Xu Ming came down just like a god.

“A person who can... fly?” Shen Hui was stunned, “God... god?”

For these ordinary warriors, those who can fly are indeed gods!

gods?

Xu Ming laughed secretly, but still pretended to be serious and said: “Your martial arts talent is very good, I will teach you a practice method; as for how far you can go in the future, it is up to you!”

Shen Hui was stunned when he heard it, and was very excited: “This is... an adventure!”

Xu Ming smiled and stretched out his hand directly, covering Shen Hui’s Heavenly Spirit Cover.

boom!

A large amount of information rushed towards Shen Hui’s mind like a flood of open gates.

What Xu Ming taught him was a set of heaven-level exercises “Nine Yang Reverse Meridian Art”. From Xu Ming’s point of view, this is a set of exercises that is very suitable for Shen Hui; if Shen Hui is to practice, then the speed of cultivation will be much faster than that “Lin’er”!

In an instant, the teaching of the exercises was completed.

Xu Ming bought a True Soul Orb from the artifact store again.

The True Soul Orb has the effect of nourishing the soul, improving comprehension, and enhancing the control over the body!

Xu Ming handed over the True Soul Pearl and said indifferently: “The way, I have already pointed it out to you; as for which level you can reach in the future, it is up to you! If one day, you can come to the Asking Palace, we will There should be a chance to meet again!”

“Ask Palace...” Shen Hui wrote down this place.

Although, he had never heard of this place, let alone what it meant.

Suddenly, Xu Ming smiled indifferently and said: “It seems that someone is looking for trouble for you, you can solve it yourself!”

After all, Xu Ming disappeared directly from Shen Hui’s eyes.

Shen Hui was startled and disappeared.

He hurriedly looked around, but how could he find Xu Ming’s trace?

At this time, several shouts and curses gradually approached.

“Come on, Shen Hui, that bastard, should be hiding here, don’t let him run away!”

As soon as the words fell, three gray-clothed youths appeared in front of Shen Hui.

“Okay, boy, how dare you ignore our warnings and still rely on the emperor! It seems that it is necessary to help you move your muscles and bones again today!”

The three gray-clothed youths deliberately rubbed their fists and made a grunting sound.

It was not the first time for the three of them to “repair” Shen Hui. The three of them were all rank two martial artists, and they beat Shen Hui for one rank outside, it was so easy!

“You...” Shen Hui had no fear on his face, and his eyes even showed an astonishing fighting intent.

“Hmph! Bastards, you still dare to be tough, right?” The three hummed disdainfully.

Every time, when they practiced Shen Hui, Shen Hui was very tough; but no matter how tough he was, they couldn't escape their beatings.

“Go! Beat him!”

Three rank 2 martial artists from outside, UU Reading [www.uukanshu.com](http://www.uukanshu.com) rushed up like three mad dogs.

Shen Hui hurriedly used the power of the “Nine Yang Reverse Meridian Art” that he had just learned, how could it be that three cats and dogs could fight against it?

boom! boom! boom!

The battle was only a moment, and the three mad dogs were all knocked to the ground.

“You...you...” The three mad dogs looked at Shen Hui in disbelief, “Why are you so strong...”

Immediately, the three mad dogs returned to their savage expressions: “Bastards, we are Young Master Ye's people; if you dare to hit us, Young Master Ye will never let you go!”

“Ye Xin?” Shen Hui sneered, “I will be in the imperial capital, waiting for his revenge!”

“Okay! Don't run if you have one!”

The three mad dogs put down a cruel word and fled.

But in Shen Hui's eyes, there is an infinite longing for the future: “This “Nine Yang Reverse Meridian Art” is extremely powerful, I have been practicing hard, and after three months, Lei Fengzong will accept the new, I should have hope!”

Suddenly, facing the position where Xu Ming had descended, Shen Hui knelt down heavily, kowtowed three times very rigorously, and said silently: “Senior, although I don't know your name; but if one day, I can really go there. Then ask the palace, I will be a slave and a servant, serving you around!”

“Haha!” Xu Ming, who was standing proudly on the clouds, couldn’t help laughing, “This kid, it’s quite interesting! However, if you want to go to the Asking Palace, it depends on his own ability!”

Generally speaking, if you want to go to the Taoist Palace, you must have at least two levels of spiritual peaks, or the cultivation level of a half-step Daoist... and Shen Hui has only practiced for a while; the road of martial arts is still long!

“gone!”

Xu Ming flew away.

At this moment, Xu Ming suddenly felt that a golden light suddenly broke into the area covered by his spiritual power and flew towards him at a high speed.

Chapter 533: , Assassinate

“This is...?”

Xu Ming was slightly startled, and quickly manipulated his mental power to probe into the interior of this golden light.

Wrapped in the golden light is a little golden mouse; its pair of small eyes burst out with terrifying killing intent.

Xu Ming was horrified: “Monster clan!”

In the territory of the human race, once the monsters above the spiritual realm appear, they will be immediately exterminated. And the little golden mouse that is flying at high speed is obviously very strong; then, there is only one explanation – the demon lurker!

“Monster lurker, dare to expose it?”

The demon lurker, once exposed in the territory of the human race, will surely die!

“Could it be that this monster clan lurker wants to commit suicide?”

Suicide, of course, is impossible; then, the only explanation is—it was to assassinate Xu Ming!

“Hmph, want to assassinate me?”

What Xu Ming is not afraid of the most is assassination! Because... if you really can't beat it, you can directly turn on “absolute stealth”.

“Xiaohang, help me explore its strength!”

When Xu Ming fights, he adheres to one principle – if he can fight, he will fight to the death; if he can't fight, then...don't fight with you!

The results of the investigation were immediately fed back: “Monster ‘Golden Rat’, Six-step Daoist!”

This golden-devouring rat, usually disguised as a Taoist monarch, lurks in the territory of the human race and does some small tricks. However, its true strength is—Six-step Dao Zun!

Six-step Taoist lurker, even among all the demon lurkers, is the best!

Moreover, for the demon race, a six-step Taoist lurking in the territory of the human race is even worth as much as a low-level Taoist!

In other words, in order to assassinate Xu Ming, the demon clan is equivalent to directly sacrificing a low-level Taoist!

“Six-step Taoist Venerable?” Xu Ming thought about it, “It's not an unmatched existence!”

Then...

war! !

swoosh—

Xu Ming not only did not escape, but killed him head on!

“Huh?” A pair of small eyeballs of the golden-devouring rat burst into ecstasy, “Why don’t you run away and bring it to the door yourself?”

When encountering such a “stupid” assassination target, the Golden Rat is really happy.

“The intelligence is right, this Xu Ming is really arrogant!”

boom!

The Golden Rat directly unblocked his own strength!

The terrifying power that belonged to the Six-step Taoist Venerable spread out in a mighty way.

Immediately, the creatures in the surrounding ten thousand li area seemed to have a heavy stone on their bodies, and it was very difficult to even breathe.

“What’s wrong?”

“what happened?”

The mortals of this country were terrified.

The powerful internal martial artists, or some innate martial artists, jumped to the heights to look at it, wanting to see what happened.

It’s just that Xu Ming and the Golden Rat are both flying in the endless sky above the clouds; mortal warriors can’t see their battles at this level!

at the same time...

The Wentian Mingjing mirror at the top of the Palace, suddenly felt a sense of it, sending out wisps of brilliant light.

The mirror is rotated and aligned in one direction. Then, on the mirror, the figure of the golden-devouring rat appeared.

“Oh? I actually caught a big fish at the level of a six-step Taoist!” Zhan Wuwei smiled, and then he directly broke through the space and flew into the crack of the space.

Daoist-level powers usually rush through the cracks in space, because it’s faster!

However, no matter how fast it was, it was obviously not as fast as the meeting between Xu Ming and the Golden Rat. After all, the distance between the two parties is only 10,000 li; the distance of 10,000 li is really close to the Dao Venerable level!

“hiss-”

The golden-devouring rat couldn’t help but let out a sharp cry; in the cry, there was both excitement and killing intent.

“Humans... all be damned!”

There is no right or wrong in the battle between ethnic groups, but... it will never end!

Immediately afterwards, the size of this golden-devouring rat suddenly soared, as large as an elephant! A pair of sharp golden claws also appeared on its pair of sharp claws—monster beasts can also use weapons!

“Damn it! So big?”

Although he was still thousands of miles away from the other party, Xu Ming’s mental power had already detected the size of the gold-devouring rat that had grown in vain.

“A little mouse, what did it get so big?” Xu Ming couldn’t help but sneered through the sound transmission.

“Humph!” The Golden Rat hummed proudly, “Don’t you know that in our demon clan, size often represents strength? – The bigger the size, the stronger the strength!”

“It’s just a little mouse, how can it be strong?”

“Haha, very good!” The Golden Rat sneered, “Seeing you look so conceited, I can almost determine your genius level! – You are a ‘tens of millions’ genius, right?”

“Hehe!” Xu Mingjian laughed, “Want to know my genius level? I won’t tell you!”

“It doesn’t matter! I have a way to verify it!”

The distance between the two sides is rapidly shortening.

Zheng!

On the two sharp claws of the golden-devouring rat, a ferocious light flashed.

“Human boy, prepare to die!”

“Then it depends on whether you have the ability or not!”

hiss-

A sharp claw swiped, leaving a small black thread directly in the void—this is a space crack!

“With your hands and feet, you can cut through the space! Is this the power of the Six-step Dao Zun?”

However, Xu Ming has no fear!

“Just let me meet the alien race of the Six-step Dao Zun for a while!”

Of course Xu Ming was not blindly confident.

Although his Heavenly Dao perception is only at the level of one-step Daoist, it is very different from the ordinary one-step Daoist!

Xu Ming was on the Heavenly Dao of Wind, the Heavenly Dao of Fire, and the Heavenly Dao of Water, and at the same time reached the level of one-step Daoist!

Even if the power of the three Heavenly Dao is simply added together, it is equivalent to three times that of the ordinary one-step Daoist!

Moreover, using three kinds of Heavenly Dao at the same time, the power will never be as simple as simply adding it up!

In addition, Xu Ming also practiced a bunch of heaven-level secret skills, demigod-level secret skills, etc...

However, none of the above matters!

The most important thing is – Brother Ming has a plug-in!

“Don’t say anything, Xiaohang, help me to open up all the fighting plug-ins like crazy!”

In an instant, Xu Ming’s strength soared a hundredfold!

Enough to smash the six-step Taoist head-on!

“First show the enemy’s weakness, then burst out suddenly, hit him by surprise!” Xu Ming pondered.

At this time, the two sides had already collided.

“die!!”

The claws of the golden-devouring rat swing out~www.readwn.com~hiss-

The space was easily torn open with a large opening, and the dark space crack was like a \*\*\*\* mouth.

However, what is truly terrifying, of course, is not this space crack that chooses people to eat, but this claw that tears open the crack!

“Ah!” Xu Ming showed a horrified look on Xu Ming’s face; his spear was “struggling” to smash the sharp claws.

boom! !

Under the terrifying collision, Xu Ming was blown away even with a gun.

“Ignorant and arrogant human kid, die!”

The Golden Rat chased after him.

At this time, a bright light flashed in Xu Ming’s eyes.

Chapter 534: , Battle In The Sky

Know yourself and the enemy, and you will not be imperiled in a hundred battles.

Xu Ming probed the Golden Rat through “exploration”, and he already knew everything about it up and down, inside and out.

Xu Ming’s impression is – this poor mouse!

As a six-step Taoist, the Golden Rat does not even have a semi-artifact; even the attacking weapon—that is, the pair of sharp claws, is nothing but a top-quality weapon.

This equipment is so shabby!

On the other hand, Xu Ming was armed with a semi-artifact-level spear, wearing a top-grade venerable-level armor, and other parts were also dazzlingly armed; compared to the Golden Rat, his equipment was simply luxurious!

Of course, Xu Ming is very low-key to hide his luxury.

“When this stupid rat comes over, I’ll burst out again...” Xu Ming’s eyes flickered deeply.

“Die!!” The golden-devouring rat moved to Xu Ming’s side again in an instant.

hiss-

The space was once again like a piece of paper, torn apart by the claws.

A hideous space crack, following the trajectory of the claws, extended towards Xu Ming.

This time, Xu Ming didn’t use his spear to meet the sharp claws, but... stabbed directly at the giant elephant-like body of the Golden Rat.

“Huh?” The Golden Rat was stunned for a moment, then ecstatic, “Dare to attack me, it’s really courting death!”

In terms of physical defense and tenacious vitality, how can the human race be compared with the demon race? Attacking attacking is exactly the situation that the Golden Rat is most happy to see!

“This claw should be able to stimulate the protective treasure on his body, right?” The Golden Rat secretly said, “If I can break open his protective treasure before the Dao Master of the Human Race arrives, I can kill him. !”

Since the Golden Rat has been exposed, it will surely die. After all, it has been locked by the Sky-Questioning Mirror; it is impossible for the human race to leave the human race territory alive.

However, it wishes it could die a little more worthy.

For example, if it can successfully kill the geniuses of the “tens of millions” of the human race, then the golden-devouring rat clan it belongs to, and even the entire rat clan, will be praised by the high-level demon clan – then, it will die without regrets .

call out-

Xu Ming’s spear stabbed the Golden Rat’s head like lightning.

“Hey...” The Golden Rat sneered disdainfully, “You can’t even create space cracks, such an attack...too weak!”

Whether the attack can easily tear the space is a judgment on the strength of the attack.

only...

An attack that cannot tear space must be weak?

I’m afraid not!

“Die!”

The huge and ferocious claws of the Golden Rat had already dragged a long space crack and slammed into Xu Ming.

“Huh?” The Golden Rat’s expression changed slightly, “It’s a top-grade Venerable Item-grade armor! It’s a little troublesome, but it’s not difficult to deal with!”

At the same time, the tip of Xu Ming’s spear had also stabbed the Golden Rat in the head, but was blocked by the hard skull.

However, at the moment of the stab, the terrifying power hidden in the depths of the spear suddenly erupted.

boom! !

The space was directly blown out of a “black hole” of dozens of feet! —This is a huge spherical space crack!

The black hole directly swallowed Xu Ming and the Golden Rat, one person and one monster, all in the space crack.

Space debris and space wind blades are raging around them, but they can’t hurt them in the slightest – Daoist-level almighty, although he can’t travel freely in the space crack; however, it is still possible to stabilize his body and not be hurt!

Xu Ming’s face was a little pale. After all, it was never a good feeling to take a full-strength blow from the Six-step Daoist Venerable.

And the Golden Rat... that’s really a bit miserable!

Half of its head has been blown to pieces; its breath is also slightly sluggish.

“This this...”

The Golden Rat has been completely stunned by this shot: “The power of this shot is definitely... the combat power of the Six-step Taoist! – Isn’t Xu Ming only in his twenties or thirties? Why is there such a strong one? combat power?”

It’s really incomprehensible!

At the age of 20 or 30, if you can achieve Dao Zun, you are already very perverted, and you can basically be regarded as a “ten million grade” genius.

But Xu Ming was able to break out the attack of the Six-step Dao Zun—and it was his own strength, without the help of other treasures!

“‘Ten million grades’! Definitely ‘ten million grades’!”

The fight this time also made the Golden Rat 100% sure that Xu Ming is definitely a genius of “ten million years”!

Moreover, it is still a very abnormal existence among the “tens of millions” geniuses!

“Monster lurker, die!”

Xu Ming fully carried forward the spirit of “taking advantage of your illness to kill you”. This time, he took the initiative to attack and kill the Golden Rat.

Dealing with aliens, there is no room for mercy.

“I...” The golden-devouring rat was also speechless, feeling depressed in his heart, “I’m here to assassinate! Why is it now that he’s taking the initiative to attack?”

That’s pretty cool! ?

The Golden Rat shouted: “Human boy, don’t be too crazy! Just now, you deliberately concealed your strength; that’s why I was caught off guard by you! Now that I’m ready, you can’t take advantage of it! – I will Let you know that strength alone is useless! Combat experience is the more important thing!”

“Really?” Xu Ming sneered, already killing him.

boom! boom! boom! boom! ...

On the cloud nine, the two sides collided fiercely.

Space is constantly shattered and healed.

Terrible cracks in space covered the entire sky like cobwebs.

Occasionally, Xu Ming and the Golden Rat would go directly to the space crack to fight—of course, only at the edge of the space crack.

The more he beat the Golden Rat, the more frightened he became: “Is this Xu Ming still a human? It’s just a human-shaped divine beast!”

The battle between the two sides stretched tens of thousands of miles.

The mortals below could not see the battle on the clouds due to their limited vision; however, they could hear the rumble of thunder and the terrifying pressure of the battle.

“what happened?”

“What happened in the sky?”

...

The mortals in a radius of tens of thousands of miles were all terrified.

The young Shen Hui couldn’t help but think: “Could it be that the \*\*\*\*\* just now fought with others in the sky?”

He was just guessing, but he guessed the truth! —Of course, he doesn’t know this is the truth himself~[www.readwn.com](http://www.readwn.com)~ A spiritual cultivator living in seclusion in this small country, he couldn’t help being curious and flew up the clouds, wanting to see if he could see it Something fun.

...

boom!

After another violent bombardment, the two sides were temporarily separated.

The golden-devouring rat has long been beaten like a rat, and no part of his body is intact!

And Xu Ming, also hung some color. But compared with the injury of the Golden Rat, his injury was not considered an injury at all.

“I was abused by a thirty-year-old human boy...”

The Golden Rat only felt that he was really a failed lurker.

“The Dao Master of the Human Race, I’m afraid it’s coming soon...” The Golden Rat couldn’t help but think, “It must be done quickly! If I can’t kill Xu Ming, then I must hurry up before the arrival of the Human Race... Suicide! Otherwise, if you are caught, it will be miserable!”

Chapter 535: , Living Beings

I would rather commit suicide than be caught!

The Golden Rat knows very well that once it is caught by the human race, it will definitely be worse than death! The human race almighty will definitely use all kinds of cruel means to obtain information from it; search for souls, etc., all of them will be used.

“kill!”

The Golden Rat’s attack was even more violent, regardless of the cost.

Xu Ming, however, became calmer the more he fought.

In terms of strength, he is in no way inferior to the Golden Rat; in terms of equipment, he has crushed the opponent – such a battle will naturally not be difficult.

In addition, after some fights, Xu Ming has completely figured out the routine of the golden rat.

“Squeak-squeak-”

The Golden Rat screamed anxiously and in pain, the more the battle became more urgent, but to no avail.

“I’m not his opponent...”

Assassin, can not beat the “assassin”, this is really a sad story!

“Um?”

Suddenly, the Golden Rat caught a glimpse of a spiritual monk who was trying his best to fly into the sky from below.

The Golden Rat became more and more annoyed: “An ant dares to come and watch the fun!”

call out-

Its eyes widened, and two lasers were shot out fiercely.

“No—” Xu Ming wanted to stop him, but he couldn’t.

When the two laser beams hit the spiritual cultivator, they merged into one; the beam of light was even thicker than a human being.

This curious spiritual cultivator did not react at all, and was directly passed through by the beam of light, and the whole person completely evaporated into nothingness.

Curiosity killed the cat!

but...

The destructive power of the beam of light is far from over! After killing the spiritual cultivator, he continued to shoot towards the imperial capital below!

“Not good!” Xu Ming’s expression changed suddenly.

If this beam of light blows down, how many people will die in the imperial capital!

You know, this is the attack of Dao Zun’s power! -Even if it is just a casual display, it is not something that mortals can bear at all!

What makes Xu Ming powerless is that he can’t stop it at all!

He could only watch helplessly as the terrifying beam of light that destroyed everything and annihilated everything slammed into the imperial capital.

swoosh—

The beam of light from the nine clouds, instantly passed through the layers of clouds.

Those mortals who are far away from the imperial capital can see that a beam of light falls from the sky and shoots in the direction of the imperial capital – but they don’t know what this beam of light means!

This... is a beam of light that destroys the world!

And the mortals of the imperial capital saw a beam of light shot directly at them on the cloud of nine clouds.

“what is this?”

A sword-carrying warrior watched curiously.

The playful children also watched curiously.

The princes and generals in the palace watched curiously.

Even the newborn baby pointed to the strange beam of light shooting from the sky, and cried, “Yahahahah”.

“Um...?”

The talented girl “Lin’er” had a very keen sense of danger.

It’s just that I sensed danger, but it didn’t help! – The speed of the beam of light is too fast! Moreover, the further down, the larger the scope of the beam of light, she couldn’t avoid it at all, she could only watch the beam of light come.

“not good!”

Shen Hui suddenly realized something, and his expression suddenly became extremely frightened.

“With such a big movement in the sky, it is likely that the gods are fighting!”

As the saying goes: When gods fight, mortals suffer!

“This beam of light is likely to be an attack from the gods...”

Shen Hui’s expression was incomparable, he had already imagined the horror of this beam of light!

“Do not-”

Suddenly, Shen Hui frantically ran the “Nine Yang Reverse Pulse Art” and rushed towards Lin’er’s direction frantically.

However, at this moment...

boom! !

The beam of light that annihilates everything has come!

The world-annihilating beam of light directly enveloped half of the imperial capital!

The shrouded area includes imperial palaces, martial arts sects like Lei Fengzong, mortal dwellings, lively street markets, and some underground organizations hidden deep underground... However, all these buildings, all mortal warriors, all at the moment when the beam of light came, it evaporated into nothingness!

This half of the land of the imperial capital was directly blasted out into a deep pit!

This is the random blow of Dao Zun's power!

Fortunately, the attack mystery contained in this beam of light is "annihilation", not "bombing" or the like. Therefore, only the area covered by the beam of light was destroyed; those outside this area were not affected at all.

Shen Hui's figure, just rushed to the edge of the beam of light, the beam of light has already descended.

"Do not-"

He could only watch helplessly, Lin'er, who was within the range of the beam of light, instantly turned into nothingness.

The beam of light disappeared in an instant.

Everything in the beam of light instantly annihilated and disappeared.

Shen Hui stretched out his hand, trying to grab something, but he couldn't.

He opened his mouth slightly and fell silent. I wanted to shout something, but I couldn't.

Watching the person I love the most disappear in front of me; and myself, but small and powerless... What kind of feeling is this!

Pfft!

Shen Hui couldn't help his feet soften and fell to his knees on the ground.

...

On Cloud Nine, Xu Ming watched everything that was happening in disbelief.

Half an imperial city!

Hundreds of thousands of mortals and warriors!

Just under this beam of light, everything is gone!

It's all gone!

Whether it is a high-ranking prince or a promising genius; whether it is an old man enjoying his old age, or a baby who has fallen to the ground; A warrior who yearns for the road of martial arts...

In an instant, it was all gone!

Life is bright, but life is also extremely fragile!

Xu Ming's eyes widened, he couldn't believe it for a long time – hundreds of thousands of lives, you say it's gone?

"You..." Xu Ming's eyes were filled with endless anger and killing intent.

And the Golden Rat actually sneered: "Unexpectedly, at your level, you are still angry because of the deaths of these ordinary people?"

anger?

Can you not be angry?

These are hundreds of thousands of living people!

Just like this, was killed casually by this alien race?

“Alien... all be damned!”

Xu Ming finally deeply realized a sentence – the battle between the human race and the alien race is endless!

Either the human race will perish, or the alien race will perish!

Thinking of this, Xu Ming’s heart couldn’t help but tremble fiercely: “The destruction of the human race? Wouldn’t that be a waste of billions of creatures?”

“Do not!”

“I can’t let this happen!”

Xu Ming is not a kind and compassionate person, but as a “human”, he still has a little conscience of his own!

“For the sake of the human race, I will destroy the alien race!”

rumbling...

At this moment, the space not far from Xu Ming was suddenly torn apart by a large hole.

A big hand that circulated this incomparably profound law of heaven, protruded directly from the crack in the space, grabbed a chicken like a chicken, and grabbed the golden rat as large as an elephant.

Zhan Wuwei's voice sounded like thunder: "Alien beasts, you dare to kill my fellow human beings, and you don't have to die!"

The Gold-devouring Rat suddenly looked horrified—the great man of the human race is here!

"No, you must not be caught!"

The gold-devouring rat frantically swelled up his aura, like a ignited bomb.

It's going to... blew itself up!

Before being caught by the great power of the human race, blew yourself up!

"Do not!!"

How terrified Xu Ming was!

The random blow of the Golden Rat ~www.readwn.com~ will make hundreds of thousands of people's souls be charred. If it is allowed to self-destruct successfully, wouldn't that mean the lives of millions and tens of millions of people will be ruined?

"No!!" Xu Ming would never allow such a thing to happen!

However, the place where Zhan Wuwei opened the crack in space was still a little far away – he didn't have time to stop the self-destruction of the Golden Rat.

"Do not!!"

Xu Ming desperately killed the Golden Rat!

“Xu Ming!” Zhan Wuwei’s face was horrified – the Golden Rat was about to explode, but Xu Ming even rushed on it, how dangerous this is!

The central area where Six Steps Dao Zun self-destructed, the power is no joke!

Even a half-step master may be directly killed!

Chapter 536: , The Cycle Is Broken

“Xu Ming! Run away!”

Zhan Wuwei roared furiously, and his heart was even more annoyed—Xu Ming really couldn’t hold his breath!

Isn’t Zhan Wuwei angry when he sees hundreds of thousands of people dying?

No, very angry!

only...

The war between human races and alien races is inherently cruel! It is not the extinction of the human race, or the extinction of the alien race!

Zhan Wuwei has seen this kind of life-threatening scene too, too many times!

The most tragic one was when a top demon master whose lifespan was approaching sneaked into the territory of the human race and slaughtered wildly. At that time, most of the “North Cold Mountain Territory”, one of the 3,600 territories, was destroyed!

Half the territory!

There are quite a few prefecture-level forces, mysterious-level forces, and yellow-level forces in it; each yellow-level force rules dozens or hundreds of ordinary countries!

Every country has a population of 100 million!

There are trillions of people who died in that battle!

but-

To put it “cold-bloodedly and ruthlessly”, it is Xu Ming who would rather die than a trillion humans!

After all, the population base of the human race is very large. Even if a trillion human races die, it will only take a few hundred years to be replenished.

However, the geniuses of “ten million grades” belong to the 3,600 territory of the entire ethnic group, and only one will emerge in every tens of millions! – For the ethnic group, the value of a “tens of millions” genius is really more important than a trillion mortal warriors!

But now, Zhan Wuwei could only watch Xu Ming fly into the flames.

“The jade talisman that Ji Tian Palace Master gave him should be reliable, right?” Zhan Wuwei secretly prayed.

The pair of extremely black eyeballs of the golden-devouring mouse were extremely ferocious and crazy: “How dare you pounce on it? It’s really courting death!”

Self-destruction will explode all the energy accumulated by the Golden Rat and all the perceptions of the heavenly way; the power is so great, one can imagine it! – Even if Xu Ming has a protective jade talisman, it may not guarantee his safety.

So, why didn’t the Golden Rat blew up as soon as it came up?

because...

The power of self-destruction is spreading in all directions!

Only in the most core area, the power of self-destruction is very terrifying!

As long as Xu Ming escaped a little distance, such as tens of feet away; then, the power of self-destruction will be attenuated a hundredfold, and the threat will not be great! – For a power of Xu Ming’s level, a distance of several tens of meters is nothing more than a matter of moments.

The Golden Rat was originally worried that if he exploded himself, Xu Ming would run away; then, its self-destruction would have no meaning at all!

Now that the great power of the human race is coming, the Golden Rat is forced to have no choice but to choose to commit suicide by self-destruction. Unexpectedly, Xu Ming would take the initiative to pounce.

“Hahahaha, that’s great!” The Golden Rat was overjoyed, “If this self-destruction can kill the genius of the ‘tens of millions’ of the human race, it will really make a lot of money!”

“Let it burn!”

“Let it burn!”

The Golden Rat frantically ignited all the energy in his body, and provocatively said: “Hahahaha, human boy, you can’t stop me! If I explode myself, within a radius of ten thousand miles, no grass will grow! ”

The reason why it wanted to be so provocative was naturally to arouse Xu Ming’s anger, so that Xu Ming rushed over desperately.

Sure enough, it saw that the provocation was successful!

After Xu Ming heard these words, he became even more angry and horrified, desperate.

“Ah!!” Xu Ming gathered all his understanding of the way of heaven and all his means on the spear in his hand!

To stop the self-destruction of the Golden Rat, there is only one way! That is – kill it before it explodes!

only...

Is it possible to kill the Six-step Taoist with one shot?

“Quack quack...” The Golden Rat also clearly saw Xu Ming’s intention, “Want to kill me before I explode? Hahahaha...”

The Golden Rat smiled hideously, and said “encouragement”: “Come on! You can do it, you can definitely do it! Hahahaha...”

It certainly didn’t think that Xu Ming had any hope of interrupting his self-destruction. The reason why it said this is to make it clear that it is provoking Xu Ming again.

“Provoke me?”

Xu Ming’s heart is full of anger – even if you don’t provoke me, I will definitely kill you!

“Let me watch millions, tens of millions die, I... can’t do it!”

Deep in Xu Ming’s eyes, what emerged was the scenes he saw when his mental power enveloped the Wanli area before...

There are countless ordinary people living in this ten thousand miles area.

There are workers who work from 9 to 5, work at sunrise and rest...

There are warriors who are persistent in martial arts...

There are lingering lovers...

There are old husbands and wives who love each other...

Although they are only the bottom of the human race, they live ordinary, peaceful, and beautiful lives!

Millions of scenes like this swept through Xu Ming's heart like a storm, which moved Xu Ming.

And once the Golden Rat successfully self-destructs, then... these millions of scenes will be wiped out!

“Do not!!”

Deep in Xu Ming's heart, he roared with tremors!

“no way!!”

Killing intent was running wildly on Xu Ming.

Combat plug-ins have long been opened to the extreme by Xu Ming!

but!

not enough!

If you want to kill the Golden Rat with one shot and prevent it from self-destructing, it is still far from it!

“Xu Ming!”

Zhan Wuwei's voice, like thunder, resounded in Xu Ming's mind. His tone was full of irresistible coercion: “Flee! You can't save them!”

Can't help?

Xu Ming's face was already twisted and ferocious.

“Can't save it, do you just watch thousands of compatriots die?”

The death of hundreds of thousands of people in half the imperial capital has made Xu Ming's heart tremble.

Watching a hundred times more compatriots die?

Xu Ming can't do it!

“I can't save... I have to save!!”

boom!

The fire of Xu Ming's will seemed to be burning.

Zhan Wuwei couldn't help being shocked: “What a terrible willpower! – This will is unyielding; no matter how difficult and dangerous the situation is, it will not be destroyed!”

Even if you die, your will is immortal!

Xu Ming seemed to have vaguely touched a trace of the supreme truth.

However, the true meaning of this thread is too profound, and it is simply not something that Xu Ming can touch at his current level!

Not to mention Xu Ming, even the gods can't touch it!

Therefore, Xu Ming only vaguely seemed to touch it, and then passed by this “supreme truth”.

However, Xu Ming's body was still imprinted with a very subtle trace of “Supreme Truth”.

“Kill!” Xu Ming had already killed the Golden Rat.

“Hahahaha... It’s great!” The Golden Rat has completely set himself on fire, “Die! Die!”

If this can kill a human genius, then it really deserves to die!

“Xu Ming!” Zhan Wuwei had already rushed out of the space crack, but he could only watch, but it was too late to stop him.

Moreover, Zhan Wuwei did not persuade Xu Ming any more; he knew that Xu Ming’s tenacious and unyielding will could not be persuaded by him in a few words!

Therefore, what Zhan Wuwei can do now is to pray for Xu Ming’s safety.

The killing intent in Xu Ming’s eyes was completely boiling!

He raised his spear high, but countless scenes of life of mortal warriors appeared in his mind.

These mortal warriors~[www.readwn.com](http://www.readwn.com)~ need a group like him to protect them!

Suddenly, the cry of a baby being born just touched Xu Ming’s “tentacles” of mental power.

Xu Ming’s heart trembled fiercely – what a beautiful new life!

“I will never allow them to be destroyed by the demon clan!”

boom!

It was as if the earth was shocked, and many of Xu Ming’s confusions in the depths of his heart disappeared at this moment.

His eyes are extremely deep, as if there are endless laws of heaven flowing.

He was holding a long spear, and in his expression, he had the aura of killing!

“Reincarnation... shattered!”

The semi-artifact-level “Crescent Moon Spear” smashed away with endless profound mysteries.

“For the sake of the human race, die!”

Chapter 537: , Shadow League

The cycle is broken! – This is the one-style marksmanship that Xu Ming learned from the lightning and flint just now.

He didn’t even have time to study the power of this style of marksmanship, so he subconsciously displayed it.

“You can’t kill me! You can’t kill me!” The Golden Rat shouted.

puff!

The Moon Shattering Spear directly broke through the Golden Rat’s defense, and the entire spear shaft did not enter its body.

“Okay... what a powerful shot!” The Golden Rat was shocked.

But then, its expression turned hideous: “It’s useless! You can’t stop my self-destruction! Hahahaha... Let’s die together! Let’s die together!”

The size of the Golden Rat is rapidly expanding; like a balloon that has been blown up, it may explode at any time.

“Now, even if you want to escape, it’s too late! Hahahaha...”

The Gold-devouring Rat was laughing proudly when suddenly, a strange and tyrannical devouring force came from the Moon Shattering Spear pierced into its body.

The Golden Rat felt that every inch of his flesh, every inch of his bones, was distorted by this devouring force.

Its swollen body that was about to explode was also swallowed up and shrunk back.

“What’s the matter? Blast!”

However, the Golden Rat found that he couldn’t blow himself up no matter what!

“Self-destruction... suppressed?”

The Golden Rat was stunned: “What kind of weird trick is this, and it can even suppress self-destruction?”

Immediately afterwards, the force of devouring and twisting that the Golden Rat felt became stronger and stronger, and it was irresistible.

Kaka...

Its bones were all shattered by this terrifying force of devouring and twisting.

Its flesh and blood has long been twisted into a pool of blood.

Its soul was also devoured and twisted, as if it was about to be pulled into the endless abyss.

It’s slow to say, but it’s actually a moment.

With one shot, the Golden Rat’s huge body like an elephant, whether it was flesh or bones, was twisted into a pool of blood and water residue – one can imagine how terrifying this devouring and twisting power is!

And the soul of the Golden Rat was also twisted into soul fragments.

Can't die anymore!

At the same time, Xu Ming received a reminder from Xiaohang: "Congratulations to the host for comprehending the creation of a god-level secret skill and meeting the conditions for enabling the 'exclusive VIP function' of the plug-in! Do you want to activate it immediately?"

God-level secret skills?

"I just realized the secret technique of creation, which is actually a god-level secret technique?"

and...

The perverted plug-in "exclusive VIP function" can also be turned on! ?

"Xu Ming!" Zhan Wuwei only arrived at this time.

Although he is a top Taoist master, the situation just now was beyond his reach.

Looking at the "remains" of the golden-devouring rat that could no longer die, Zhan Wuwei was so shocked that he couldn't come back to his senses for a long time: "This is a six-step Daoist-level monster... Just like that, was Xu Ming killed by one shot?"

Every time, when Zhan Wuwei thought that he had overestimated Xu Ming enough, he would find that he was still far underestimating Xu Ming.

"Xu Ming." Zhan Wuwei couldn't help but ask, "What is the name of the marksmanship you just used?"

"Reincarnation is destroyed!" The name of this spear technique was not chosen by Xu Ming on purpose; it was the name that came to mind naturally when it broke out just now.

“Reincarnation is destroyed... Samsara is destroyed...” Zhan Wuwei murmured a few times, and said, “The devouring and twisting power of this style of marksmanship does indeed have the artistic conception of ‘samsara destruction’! – Very good, very strong marksmanship, reaching ‘Is it the level of a demigod-level secret skill?’”

A demigod secret skill?

Zhan Wuwei’s eyes are clumsy, in fact... this is a god-level secret skill!

However, one cannot blame Zhan Wuwei for his clumsy eyes. After all, who would have thought that Xu Ming, who had just entered the Daoist level a few years ago, could actually create his own “God-level Secret Skill”! You must know that even the demigods of the human race cannot create “God-level secret skills”!

Xu Ming thought about it for a while, but instead of telling the truth, he followed Zhan Wuwei’s words and continued: “Well, it’s a ‘half \*\*\*\* level’;

If the truth is “God-level secret skills”, Xu Ming is worried that it will scare Zhan Wuwei.

But even if Xu Ming was low-key enough, Zhan Wuwei was still frightened.

“Sure enough, it’s a ‘half god-level secret skill’...” Zhan Wuwei’s face was full of disbelief, “Xu Ming, you are truly a genius! I feel that the genius level of ‘ten million grades’ is underestimating you!”

Xu Ming did not speak.

He looked down at the imperial capital, which had already disappeared in half, and his heart was extremely heavy.

“Is this a war between ethnic groups?”

For the first time, Xu Ming felt the cruelty of Chiguoguo in this world!

In this world where the strong are respected, a powerful and powerful person can destroy a city and kill hundreds of thousands of people with a wave of his hand.

In front of the strong and powerful, human life is as cheap as grass!

Xu Ming stared absently at the hundred-zhang deep pit that was blasted out of the imperial capital below; he also looked at the mortal warriors surrounding the pit, panic, dazed, painful, grieved, helpless...

Among them, there was Shen Hui, who had previously taught him the exercises by Xu Ming.

At this moment, Shen Hui's whole person was sluggish; his face was ashen and his eyes were dull. Lin'er's death made him feel that life has lost its meaning, and the path of martial arts has also lost its meaning.

Zhan Wuwei also looked down and sighed: "This is a war between ethnic groups!"

After a long silence, Zhan Wuwei said again: "Actually, the loss this time is very small!"

"Small?" Hearing the word "small", Xu Ming felt very prickly.

Hundreds of thousands of people, if you say no, it will be gone! – Is this also called "minimum loss"?

"It's very small!" The depths of Zhan Wuwei's eyes were intertwined with various complex emotions such as grief, anger, helplessness, etc. "In the past, when Daoist-level alien lurkers were exposed, at least one million or ten million people died! But this time, Because you prevented his self-destruction, you saved thousands of lives!"

Xu Ming laughed at himself: "However, there are still hundreds of thousands of people who died!"

"Yeah..." Zhan Wuwei also gritted his teeth with hatred, "It's all a good thing done by the Shadow Alliance!"

"Shadow Alliance?" Xu Ming had never heard of it.

“It’s an alliance of the demon clan~www.readwn.com~ specializing in assassination and lurking!” Zhan Wuwei explained.

“Really?” Xu Ming’s eyes flashed fiercely, “One day, I will destroy the Shadow Alliance!”

He added in his mind – and, this day, it won’t be far away.

“Xu Ming!” Zhan Wuwei has a distant gaze and solemnly said, “Not only will I destroy the Shadow Alliance, but also the entire demon clan! – My talent is limited, and my potential has almost been tapped; however, you... have infinite possibilities!”

“En!” Xu Ming responded; he didn’t know what the word “en” meant.

“I hope one day, you can become a \*\*\*\*\* and slaughter all aliens!”

become a god...

Xu Ming is very sure!

Not only to become a god, but also to be a strong, almighty among the gods!

“Monster clan...” Xu Ming’s eyes were cold, “Wait!”

Chapter 538: , Enjoy The Vip Function

There is still a long way to go in the future.

Xu Ming and Zhan Wuwei, looking at the ruins below, felt a little complicated and heavy – when will the human race completely rule the Endless Continent?

“The royal family of this mortal kingdom, as well as the top martial houses, were all turned into nothingness by the random blow of the golden mouse just now...” Xu Ming sighed, “I am afraid that this country will be in chaos!”

In a mortal kingdom, without top-level military power, it is really easy to be in chaos; warrior uprisings, invasions from neighboring countries, etc. will all happen.

“Let’s make chaos! Heroes are born in a chaotic world!” Zhan Wuwei said, “Also, it won’t last long! The yellow-level forces behind this country should soon send experts to quell the chaos!”

“Well...” Xu Ming nodded slightly.

Just because of the random blow of the Golden Rat, not only hundreds of thousands of people were turned into nothingness on the spot, but also tens of millions or even hundreds of millions of mortal warriors in the entire country fell into chaos.

“Hopefully, in the chaotic world, a few real geniuses can emerge!”

The “true genius” that Zhan Wuwei spoke of must at least be at the level qualified to participate in the Dao Fate Battle; that is, within the age of 100, reach the second-level spiritual peak or half-step Daojun.

“Brother Zhan, can you do me a favor?” Xu Ming suddenly asked.

“Oh?” Zhan Wuwei was puzzled, Xu Ming could ask him for help with anything, “Say it!”

Xu Ming pointed to the young Shen Hui below and said, “Take him back and arrange for a heaven-level force or a holy land to join him! As for how far he can go in the future, it depends on his own potential!”

“a piece of cake!”

...

After saying goodbye to Zhan Wuwei, Xu Ming continued on his way home.

“Xiaohang just seems to have prompted that the exclusive VIP function can already be turned on!”

Then hesitant to fart, open it!

Xiaohang said long-windedly: “Are you sure, enable the exclusive VIP function?”

“Sure!”

Otherworld invincible plug-in version 2.0 is divided into free functions, primary vip functions, intermediate vip functions, advanced vip functions, exclusive vip functions, super functions, abnormal functions, and super abnormal functions.

Before, Xu Ming only enabled the advanced VIP function.

“The exclusive vip function has been successfully activated!” Xiaohang’s prompt sounded again, “The host has added 8 plug-in functions: IQ crushing, suppression seal, soul possession, clone, teleportation, energy shield, independent space , Force slap in the face!”

“Finally, the exclusive VIP function has been activated!” Xu Ming had been looking forward to it for a long time.

“Clone!”

“Teleport!”

These two functions, Xu Ming dreamed of!

He comes with new functions that look like plug-ins.

**IQ crushing:** The host has extra damage bonus to low-IQ opponents; the greater the IQ gap, the higher the extra damage bonus ratio. This function is passively activated when the host attacks a low IQ opponent.

**Suppression Seal:** Suppress and seal the opponent who has lost resistance to a special time and space.

Soul Possession: Summons the mighty Soul Possession, during which you have the mighty Heavenly Dao perception and fighting skills; but loses your own Heavenly Dao perception and fighting skills. At the same time, all other plug-in functions are disabled. The amount of hanging points consumed and the level of hanging points are determined according to the summoned power.

Doppelganger: Create the perfect doppelganger. Currently, the number of clones is one.

Teleportation: Teleportation! The consumption of hanging points and the farthest teleport distance increases according to the strength of the host.

Energy Shield: Provides a layer of energy shield for the host. Every time it is attacked, it will consume a different amount of hanging points according to the strength of the attack. When the hanging point is exhausted, the energy shield can no longer provide protection.

Independent space: open up a completely independent different time and space, and isolate all cause and effect. Only the host and the person designated by the host can enter and exit; other people, by any means, cannot find the location of the independent space, let alone enter the independent space.

Forced face slap: A specially customized exclusive plug-in function according to the host's behavior and habits. After it is turned on, the host can forcibly slap anyone (including gods) in the face. A face slap is bound to hit, and the opponent cannot dodge; however, it only has a humiliating effect, not any lethality. The consumption of hanging points depends on the difficulty of slapping the face.

...

Just looking at the introduction, Xu Ming can imagine the power of these eight new functions.

For example, the last new feature – forced face slap! This is definitely an X weapon!

“Go home first, and then slowly study these new features!”

No matter where he is, the Wilderness Sect is always the root of Xu Ming.

...

When Xu Ming was still on his way home, Zhan Wuwei had already brought Shen Hui back to the Asking Palace.

First let someone take Shen Hui down to settle down, and he himself tore the cracks in the space, returned to the kingdom of God, and hurriedly found the Palace Master Jitian.

“How is it?” The Palace Master Ji Tian asked directly, “Haven’t the alien lurkers been dispatched? – Why didn’t the jade talisman I gave to Xu Ming be activated?”

The Lord of the Heavenly Palace is in the kingdom of God, and he cannot immediately know what happened in the Endless Continent, and needs to be passed on to him by others.

“The alien lurker is dispatched!” Zhan Wuwei said, “It’s a six-step Taoist gold-devouring rat!”

“Oh?” The Palace Master Ji Tian wondered, “Then why didn’t the jade talisman on Xu Ming’s body activate? – Could it be that he was under the assassin of Six-step Dao Zun until you arrived?”

“No...” Zhan Wuwei said with a strange expression, “Xu Ming... killed that gold-devouring rat!”

Jitian Palace Master was stunned for a moment: “What? Behead... beheaded?”

After a while, he sighed with emotion: “This Xu Ming really has some extraordinary means! He can even kill a six-step Taoist...”

“And...” Zhan Wuwei’s expression became more and more bizarre, “Yes... one shot kills!”

“Pfft!” Jitian Palace Master was so shocked that he directly spit out all the tea in his mouth, spraying Zhan Wuwei’s face, UU reading [www.uukanshu.com](http://www.uukanshu.com) “What did you say? Are you kidding me? Kill it!?”

Killing a six-step Taoist, and killing a six-step Taoist—are two completely different concepts!

“It’s really an instant kill!”

There is also an incredible look on Zhan Wuwei's face. He explained the battle scene between Xu Ming and the Golden Rat one by one, as well as the whole process of when the Golden Rat was about to explode when he arrived, and Xu Ming suddenly exploded and killed it with one shot.

"Xu Ming should have realized a demigod-level marksmanship at the last moment, so he suddenly exploded and killed the Golden Rat!" Zhan Wuwei said.

"Demi-god-level marksmanship..." Jitian Palace Master murmured, "Xu Ming has just stepped into the Daoist level a few years ago..."

"Yeah!" Zhan Wuwei was also taken aback.

In the face of Xu Ming's unexpected outbreak again, the two top powers began to doubt their lives.

"Have my millions of years lived on dogs?" Zhan Wuwei couldn't help thinking.

"Have my tens of millions of years lived on a dog?" Palace Master Ji Tian couldn't help but wonder.

At the same time, the Palace Master Ji Tian couldn't help but think of the Golden War God's evaluation of Xu Ming—it was almost certain that he could become a god! And it will be a very strong existence in the gods!

The two top experts were shocked for a long time, and finally, the Supreme Heaven Palace Master ordered: "As for Xu Ming's understanding of the demigod-level marksmanship, you can know what I know, and don't let anyone else know about it – including other inquiries. Elder Gong!"

"I understand!" Zhan Wuwei said solemnly.

"Also, don't make the battle between Xu Ming and the lurker public. To the outside world, claim that Xu Ming has been struggling for a long time. In the end, you arrived in time to kill the lurker!"

The Palace Master Ji Tian dared not let the aliens know that Xu Ming was ten times more perverted than the “ten million-year-old” genius! Otherwise, the aliens would not assassinate Xu Ming like crazy?

## Chapter 539: ,I Am Back

The territory of the demon race is extremely far away from the territory of the human race.

Here, there are no buildings, only endless mountains and dense forests.

In every mountain and dense forest, there are countless intricate and intricate groups of monsters.

There are ferocious and ferocious blue-eyed red lion beasts, there are docile and peaceful snow-spotted unicorn deer; there are the dragon family swallowing clouds and mist, and there are countless rodents sneaking underground.

As huge as the “Weishan Giant Elephant” family, each Weishan Giant Elephant is as huge as a mountain; if you step out, it is a few miles away.

Small as the “Sand Mountain Termites” – any piece of fine sand is as huge as a mountain to the Sand Mountain Termites! But every time, the Sand Mountain termite family will be in billions of millions when they are dispatched; even a behemoth like the Weishan Giant Elephant, once it hits the Sand Mountain Termite, will be devoured, and not even bones will be left!

Flying in the sky, walking on the ground, swimming in the water, sneaking underground, and even the family of plant life... and so on, countless monster races have just formed the “Monster Race”!

The human race, on the other hand, can compete with the “monster race” formed by the union of countless monster beast groups, and even faintly suppress it; this shows the huge power and tyrannical strength of the human race!

At the very center of the demon clan’s territory is a towering giant bamboo!

This giant bamboo is thousands of miles thick!

Wanli, what is the concept? —Even if Xu Ming lived in the Huaxia country he lived in before, from south to north, or from east to west, it was only a distance of 10,000 miles!

In other words, the thickness of this giant bamboo is comparable to the entire China!

And the height of the giant bamboo is as early as above the clouds, I am afraid it is millions of miles!

Moreover, there are countless branches on the giant bamboo – even the thickness of the branches is more than a thousand miles; the length is hundreds of thousands of miles!

A thousand-mile-thick branch, a hundred-mile-thick branch; a hundred-mile-thick branch, a ten-mile-thick branch... and so on.

Divided to the smallest, and ordinary bamboo, there is no difference.

Any leaf of this giant bamboo is comparable to the scope of a country. Many elite descendants of monster beast tribes live on these leaves.

One of the leaves, which is wrapped in layers by other bamboo leaves, is the headquarters of the Shadow Alliance.

“Ah!”

A \*\*\*\* long-haired dog of the master level suddenly sneezed loudly for no reason.

In the eyes of this big dog, there is both murderousness and stupidity; looking at its appearance, it is very similar to “Erha”.

“Hissing—” This Daoist-level “Erha” stretched out his blood-red tongue and licked the snot from his nose, wondering, “Why am I sneezing? Could it be that someone is saying I’m handsome behind my back? ?”

The existence of this Dao Master level Erha is simply a great incentive for other monsters – even dogs have cultivated to Dao Master level.

Near this Erha, there is a strange-shaped monster with a stronger breath. This strange-shaped monster was lying on the ground like a huge “yin manhole cover”; its body was covered with countless scales; one of the scales opened, revealing a terrifying \*\*\*\*\* eye.

This strange-shaped monster is the famous “Blood Eye” demigod in the monster clan! At the same time, he is also the leader of the Shadow Alliance!

The demigod of Wanxueyan let out a low roar: “According to the communication sent by the dark son lurking in the human race, it is basically certain that there has been a ‘tens of millions’ genius named ‘Xu Ming’ in the human race; he is only twenty or thirty years old. Years old, he has stepped into the Daoist level!”

“Roar!” Erha roared twice domineeringly, and said murderously, “Kill! Must kill!”

The great power of the vampire bat clan also said: “The ‘tens of millions’ genius of the human race is almost certain to be a demigod! When he grows up, it will be a big disaster for our demon clan! – We must take him out. Stifled in the cradle!”

“One of the lurkers I sent has already started!” Wan Xueyan half-sarcastic, “But... it failed!”

“Failed!?” Erha glared, “Is there any protective treasure on Xu Ming’s body?”

“I can’t be sure if there is a protective treasure! Because...” Wan Xueyan’s voice was gloomy, “Because... that Xu Ming, who has been under my six-step Taoist-level lurker, did not inspire until the arrival of the human race. Protective treasure!”

“What!?” Erha became more and more shocked, “You are only in your twenties or thirties, and you can hold on for so long under Six-step Dao Zun?”

“Well...” Wan Xue said solemnly, “No matter what means Xu Ming relies on to support him, anyway, it is almost certain that he is definitely a genius of the ‘ten million grade’!”

“There’s nothing to say! Then kill it! – No matter how much you pay, you must kill it!” Erha’s murderous, foolish eyes, Gululu turned around a few times, thinking hard, “However, how to kill? What? Human race, won’t you give us such a chance?”

“No – the human race, it will definitely give us a chance!” Wan Xue said coldly, “The Wanzu battlefield is about to open soon, I don’t believe that the human race will not let him go in to train! – As long as he enters, we will Have the opportunity!”

“Wang woo—” Erha roared excitedly, “That makes sense!”

“Humph!” Wan Xueyan hummed, “When the Wanzu battlefield opens, I will send my personal disciple to assassinate Xu Ming!”

“Send it in?” Erha looked shocked, “It’s the genius of our demon clan’s ‘million-year-old’! In case...”

“It’s okay, if it goes to the battlefield of ten thousand races, it is absolutely safe! With its strength, no one can threaten it; so...there is no emergency!”

...

Near nostalgia is more timid.

When Xu Ming flew into the Wilderness Sect’s jurisdiction, his soul felt a throbbing feeling.

“Ten years...”

Ten years may seem like a flick of a finger to the masters; however, Xu Ming’s past life and present life are only a few decades together?

Ten years is too long for him!

“Fly again for a while, and then return to the Wilderness Sect!”

...

At this time, on the top of the Wilderness Sect, a weak figure stood in the mountain wind.

In the past ten years, Gu Hanmo's face ~www.readwn.com~ has not changed in the slightest; however, her temperament has become a little more intellectual and charming.

The mountain wind blew her skirt like a poem.

"Han Mo, are you still waiting?" Gu Kongshan walked slowly.

"Yeah!" Gu Hanmo responded.

"You've been waiting for three days!" Gu Kongshan said, "Let's go in and wait!"

"No." Gu Hanmo was very stubborn.

Gu Kongshan said again: "When you enter the human race, you must break through to the Supreme Taoist before you can come out! – Ten years, to break through to the Taoist? Do you think it is possible?"

"Xu Ming said that he will come back in ten years, then he will definitely come back in ten years!" Gu Hanmo said, "Now, ten years will come soon!"

"Let's go in and wait!" Gu Kongshan said again, "Anyway, when Xu Ming returns, we will know soon!"

"I want to wait here!" Gu Hanmo said without hesitation, "In this way, when Xu Ming comes back, he can find me immediately; and I can also see Xu Ming immediately!"

"Okay..." Gu Kongshan didn't say much.

Since Gu Hanmo likes to wait here, let her wait here; anyway, with her cultivation level, even if she stands outside and blows the mountain wind for several years, she will not feel any discomfort.

Just as Gu Kongshan was about to turn around and prepare to go back, suddenly, a familiar mental force swept over without concealment.

“Huh?” Gu Hanmo suddenly smiled.

Gu Kongshan was a little surprised.

“Xu Ming is back!” Gu Hanmo seemed to feel that the whole world was full of flowers.

Not long after, a familiar figure appeared in front of Gu Hanmo.

This figure is still as familiar as the one in the dream; however, it is a little more persevering and indomitable.

“Hanmo!” Those angular and determined eyes stared at Gu Hanmo, “I’m back!”

Chapter 540: , That What

Returning to the Wilderness Sect, Xu Ming felt like a wanderer returning home, migratory birds returning to their nests, and his mind was calm.

The next day, Xu Ming carefully analyzed his current strength.

“My Heavenly Dao of Wind, Heavenly Dao of Fire, and Heavenly Dao of Water have all grown into ‘saplings of Dao’ and become Dao Zun... Although they are still just entering the level of Dao Zun, but the three heavenly ways are activated at the same time, even if they do not open up, If you don’t use a god-level spear, you will be destroyed. It’s easy for me to match the second-step Dao Zun!”

“And under the madness, my strength has soared a hundred times; any six-step Taoist, I can beat it head-on!”

“If I use ‘Samsara Destruction’ again, in terms of pure attack, I can go up to two levels, which is comparable to ordinary half-step Taoist masters! – However, it is only in terms of pure attack.”

Among the half-step masters, the strength is also very different.

The weak half-step Taoist master is not much more powerful than the six-step Taoist. And the powerful half-step Taoist master can even be close to the real Taoist master!

Therefore, in general, the half-trail masters can be divided into four levels: beginners, ordinary, top, and extreme!

As for Xu Ming now, in terms of attack, he can match the average half-step master; his comprehensive strength is roughly equivalent to the first half-step master!

It's not over yet!

If Xu Ming encounters an opponent with a lower IQ than him, he can still open the "IQ crushing" hook, so the attack will be even more terrifying! – As for how terrible it can be, it depends on how low the opponent's IQ is!

"Teleport" hangs up, allowing Xu Ming to fight if he wants to, and to leave if he wants to go; if he doesn't fight, he will be invincible!

The "Energy Shield" hangs, but also provides Xu Ming with an invincible defense – as long as Xu Ming has enough hanging points, he is invincible!

And the "soul possession" hanging gives Xu Ming infinite possibilities! – For example, if Xu Ming has enough hanging points, he can even summon the Lord of the Heavenly Palace to 'Soul Possession'! In this way, Xu Ming will directly possess the combat power of the Supreme Heaven Palace Master!

Of course, if you want to summon a demigod-level powerful soul possessed, the hanging point consumed is undoubtedly terrifying! It's not something that Xu Ming can afford now!

All the hanging points on Xu Ming's body are estimated to be enough to summon the "Extreme Half-Trail Master" a few times to possess his soul! But this is already very powerful, enough to make Xu Ming temporarily possess the combat power of the ultimate half-walk master!

Saying a thousand words and ten thousand, in a word – Brother Ming is very good!

Very invincible!

However, what Xu Ming is most interested in and wants to think about is actually the “independent space” hanging!

The introduction of the “Independent Space” hangs like this: open up a completely independent different time and space, and isolate all cause and effect. Only the host and the person designated by the host can enter and exit; other people, by any means, cannot find the location of the independent space, let alone enter the independent space.

Simply put – an independent space will be an absolute safe area!

However, Xu Ming was still a little puzzled: “Xiaohang, what do you mean by ‘isolating all cause and effect’? What’s the use?”

Xiaohang explained: “The real superpower, the attack method is unbelievable! Even if you are separated by hundreds of millions of miles, or even not in the same world as you, you can kill you through ‘causal maintenance’ with just one thought. Death! – And as long as you hide in an independent space, no matter how powerful you are, it is impossible to kill you!”

“Oh...” Xu Ming was at a loss, but he still understood a little – anyway, it’s very safe in an independent space!

“Safety is good, I like the sense of security!” Xu Ming thought to himself.

Xiaohang said again: “Independent space can be continuously upgraded and expanded! The most basic independent space has a radius of ten thousand miles!”

“A radius of ten thousand miles...” Xu Ming pondered, “Enough! Enough for me to move the entire Savage Sect, and even the entire ‘God of Palms’, into a separate space! That way, I will no longer have any worries!”

The battle between ethnic groups is omnipotent! Each party will use all means to exterminate the entire ethnic group of the other party!

Xu Ming was not at all worried about aliens coming to assassinate him! – After all, Xu Ming has some means of saving his life; he can’t wait to have a few more aliens to make himself happy.

However, he was worried that the aliens would attack the people around him! For example... sneak attack on the Savage Sect!

Fortunately, the Wilderness Sect is guarded by a fog and rain ship, so Xu Ming can feel at ease a little;

Therefore, Xu Ming urgently needs an absolutely safe place to relieve his worries.

“Xiaohang, I want to open up an independent space!” Xu Ming clenched his fists and said.

But right away, Xu Ming heard Xiao Hang’s reply very painfully: “Sorry! The host doesn’t have enough hang points to open up an independent space!”

“Ah?” Xu Ming was stunned for a moment, “I don’t have enough hardpoints?—I have millions of level 6 hardpoints, isn’t that enough?”

Level 6 hanging point is a must for the Taoist level to hang up.

Xiaohang said without emotion: “To open up a level 1 independent space, it requires 10... billion of level 6 hanging points!”

Xu Ming was stunned on the spot: “What? How much? Ten... billion?”

Xiaohang said with certainty: “Yes! It needs 10 billion level 6 hanging points!”

“Cough cough...” Xu Ming was speechless, “Forget it, when I didn’t ask...”

Ten billion level 6 hanging points!

Xu Ming had no idea about this amount!

“When will I need ~[www.readwn.com](http://www.readwn.com)~ to save up to 10 billion level 6 hanging points! Unless...”

Xu Ming remembered the treasure map left by the “naughty” short-lived old man!

“Unless... I can follow the instructions on the treasure map and find the ‘Dao Zun-level’ treasure left to me by the Kushuang old man! In that case, I still hope to open up a level 1 space in a short period of time!”

Xu Ming took out the treasure map and saw that the most striking mark on it was – Battlefield of Ten Thousand Races!

“Battlefield of Ten Thousand Races? Where is it? I’ve never heard of it!”

The most mysterious place Xu Ming had ever heard of was the Eternal Demon Pit; as for the Battlefield of Ten Thousand Races, it was really unheard of.

“Leave it for now, and then go back and figure out where the battlefield of ten thousand races is!”

Xu Ming has also researched another plug-in function that he is very interested in – clone!

“Little hanging, how should I use this ‘clone’ hanging?”

The introduction of “Clone” only said “create a perfect clone”, and did not mention how to create it.

Xiaohang explained in detail: “The ‘Clone’ hanging allows the host to choose any ‘species’ and nurture it into its own clone!”

Xu Ming was startled: “Any species?”

“Yes! Any species!” Xiaohang repeated, “Whether it is humans, monsters, even plant life, rock life, etc... Any species can become a clone of the host!”

Xu Ming thought about it and asked, “Then can I conceive a ‘woman’ as my clone?”

“Can!”

“I’ll go, I can!”

Xu Ming couldn’t help but imagine such a picture – himself and his avatar, where... that what...

What would that experience be like?
