

# A World 551

Chapter 551: , You Only Killed 1 Head?

“What’s wrong?” Yi Tianxing asked involuntarily.

“12,000 miles ahead, there is a small group of beasts!” Qin Yanhao’s cultivation is the highest among them, and has reached the level of a half-step master! His line of sight, naturally, also sees the farthest.

“Ferocious beast?” Yi Tianxing and other “old drivers” breathed a sigh of relief.

“Ferocious beast?” Qin Yi couldn’t help but be full of fighting intent when he heard it.

“Ferocious beast?” Xu Ming was puzzled – what is this?

“Xu Ming.” Yi Tianxing knew that Xu Ming didn’t understand anything, so he specially explained through voice transmission, “Ferocious beasts are a kind of stupid monsters in the battlefield of ten thousand clans; although their strength is very arrogant, they are not difficult to deal with!”

In the battlefield of ten thousand races, it is the cunning alien race that is difficult to deal with.

“Oh...” Xu Ming nodded.

“Everyone!” Qin Yanhao said in a voice transmission, “Bone Bone Mountain Range is not far away; everyone said, should we take a detour to avoid these beasts?”

Under normal circumstances, Qin Yanhao and others would choose to avoid and detour when encountering beasts.

After all, fighting against stupid beasts won’t get you much combat experience; moreover, there are no valuable treasures on the beasts – it can be said that it is a waste of effort!

However, this time was different. There were two newcomers in the team; it would be good if they could practice with beasts and become familiar with the fighting environment in the battlefield of ten thousand races.

“Are there many beasts?” asked Immortal White Feather.

“Not many, only ten!” Qin Yanhao said.

“Then there’s no need to detour, let’s practice for Xu Ming and Qin Yi!” Yi Tianxing and several others agreed.

Xu Ming and Qin Yi naturally had no opinion.

Especially Qin Yi, he wanted to show his strength for a long time, so as to win the recognition of his teammates. Now that I heard that there are beasts that can be killed, my eyes are red with excitement, and I can’t wait to kill them immediately to fight!

“If that’s the case, then let’s kill it!” Qin Yanhao said, “Xu Ming, Qin Yi, only the two of you will fight this time; the rest of us will not fight, we will only help you fight!”

“Okay!” Qin Yi said excitedly, “Xu Ming, ten beasts, just right, the two of us, each with five!”

“Yeah!” Xu Ming said casually.

After negotiating, a group of people directly killed this group of beasts.

Not long after, Xu Ming and the others also discovered these beasts.

This is a group of black long-haired beasts with two curved horns on their heads, but their eyes are very dull. Perhaps, this group of beasts is also very puzzled, why they have such a strong power.

“Everyone pay attention to cover their bodies, and don’t let these ferocious beasts find us!”

Qin Yanhao said through voice transmission.

When they were only a few hundred miles away from the beast, both Xu Ming and Qin Yi moved!

Whoosh!

Whoosh!

The two shot out almost at the same time.

However, it was obvious that Xu Ming's speed was much slower than Qin Yi's.

"Huh? Xu Ming's speed is so slow?" Qin Yanhao and others were puzzled.

Because as far as they know, since Xu Ming can be assassinated by the Six-step Daoist, he will persist until Zhan Wuwei arrives; then, Xu Ming's strength should be at least the five-step Daoist! – But, why is Xu Ming's speed so slow now, like a two-step Taoist?

"It's so slow!" Qin Yi even glanced back at Xu Ming, with disdain in his eyes, "Could it be that this Xu Ming is just a false name? He has been frightened by the power of the beast, and he can't even use his hands and feet?"

how is this possible!

The reason why Xu Ming is so slow is because... he didn't hang up at all!

In the case of no opening, Xu Ming's strength is indeed only equivalent to the second step Taoist. Therefore, only the speed of the second-step Taoist is normal.

"Humph!"

Holding a long spear, Xu Ming was in no hurry, secretly analyzing the strength of the beast.

"According to Xiaohang's investigation, the power of these beasts is comparable to the five-step Taoist..."

However, strength does not mean strength; how to use strength is also very important.

Ferocious beasts are all stupid, and their use of power is undoubtedly clumsy. In terms of combat power, these beasts are probably not as good as the four-step Daoist of the human race!

and...

Facing such a low-IQ opponent, it is a good opportunity for Xu Ming to test the “IQ crushing”.

Xu Ming wanted to try it, how strong is the “intelligence quotient crushing”? If you can’t beat it, then consider opening other plug-ins.

“Roar?”

At this time, the ten fierce beasts also discovered the menacing Qin Yi and Xu Ming.

Without thinking, they didn’t think too much. Pidianpidian divided into two teams and killed them; moreover, there were exactly five heads in each team.

“Haha, it’s good to come!” Qin Yi was very arrogant, “Kill! Kill! Kill!”

He held a three-foot green blade, like a shooting star, smashing at the oncoming five fierce beasts.

“Roar!!”

One of the beasts seemed to feel that his dignity was being provoked, and rammed towards Qin Yi angrily.

As the saying goes, the horizontal is afraid of being stunned!

Qin Yi didn’t expect that this fierce beast had an inexplicable self-esteem; for a while, he was a little bit in a hurry.

Fortunately, Qin Yi is also a battle-hardened character, and he responded quickly.

“Dare to hit me? I’ll kill you!”

He waved his long sword, and with the momentum of Mount Tai pressing on the top, he slammed into the head of this fierce beast.

“Roar!”

The fierce beast roared and bumped into it.

boom! !

This sword directly smashed the head of the beast to pieces; although it wasn’t dead, it was seriously injured.

However, under this collision, Qin Yi was also a little embarrassed, and was directly knocked back several miles.

“Beast!” Qin Yi became angry and killed the beast again.

At this time, Xu Ming also came into contact with the beast.

Compared to Qin Yi’s unrestrained, Xu Ming looks very wretched!

He first dodged like a matador to avoid the impact of the beast. Then, his long spear was delivered very gracefully.

puff!

The spear easily pierced the back of a beast’s head.

boom!

The power contained in the spear exploded, and in an instant, the pitiful IQ of this fierce beast exploded along with its brain.

With just one move, a seemingly very casual and easy move, there is a fierce beast that can't die any longer!

“What a fierce attack!” Qin Yanhao and the others couldn't help but wonder secretly.

“Xu Ming's attack seems to be weak, but it actually contains terrifying power!” Yi Tianxing also said, “This kind of attack is very terrifying!”

“Yeah!” Qin Yanhao also agreed, “Also, Xu Ming's reaction was very calm and calm! It's the first time to fight in the battlefield of ten thousand races, it's really good to be able to do this!”

As soon as the expert makes a move, you will know if there is any!

With just one move, Xu Ming won the recognition of his teammates.

However, Xu Ming was more secretly surprised: “The effect of ‘IQ crushing’ is so strong!”

You must know that Xu Ming has not opened any combat plug-ins now, and his strength is only equivalent to the second step Taoist!

But even so, with his “light” shot, he killed a beast in seconds; it can be seen that the “intelligence quotient crushing” brought Xu Ming a great attack bonus!

boom! boom! boom! boom! boom!

At this moment, five consecutive bombardments sounded, which could not help attracting the eyes of Qin Yanhao and others.

“Hahahahaha...”

Seeing Qin Yi smiling proudly, five corpses of beasts were already lying under his feet. It turned out that he made a big move and killed five beasts in one second.

“Haha! I’m done!” Qin Yi looked at Xu Ming, his eyes full of pride, “Hey, Xu Ming, you just killed one? Do you want me to help you?”

Chapter 552: ,Ambush

“No need.

” Xu Ming said indifferently.

“Haha...” Qin Yi became more and more complacent, “Brother Xu Ming, these beasts are very ferocious, let me help you!”

The reason why Qin Yi said that the beast is ferocious is of course to set off that he is more ferocious!

at this time...

“Idiot!” Qin Yanhao shouted.

“Er?” Qin Yi was startled, “Uncle?”

He was very puzzled.

He obviously killed much faster than Xu Ming, and it would be fine if his uncle didn’t admit his strength. Why did he scold him instead?

“Uncle, why are you scolding me?” Qin Yi asked stupidly.

“Why do you ask me to scold you?” Qin Yanhao hummed, “You are so stupid, can I not scold you?”

“I...” Qin Yi was stunned by the training, and he didn’t even think for a long time to understand why he was stupid.

“Humph!” Qin Yanhao’s face sank, and he said angrily, “Why, I scold you, you are still not convinced, right!?”

“I...” Actually, Qin Yi was really not convinced.

“I’m asking you—” Qin Yanhao shouted, “It’s just to deal with five beasts. As soon as you fight, you are knocked out and almost injured. Do you think you are stupid?”

“I’m not injured...” Qin Yi continued.

“You’re not injured, it’s your luck!” Qin Yanhao continued to teach him a lesson, “I’ll ask you again—five beasts in a mere mere five-headed beast, and you even used a trick like ‘Furious Thunder and Furious Slash’. Do you think you’re stupid?”

Crazy Thunder and Furious Slash is one of Qin Yi’s strongest killing moves.

“I...” Qin Yi was speechless.

He himself felt that killing a few beasts, and even using a big move, was like killing a chicken with a knife.

However, in order to kill five beasts at the fastest speed, to prove that he is stronger than Xu Ming; therefore, he still uses his ultimate move.

“And... this isn’t your most stupid place!” Qin Yanhao scolded again.

“Forehead?”

Isn’t this the dumbest place?

Qin Yi thought about it for a long time, but he still didn't think that he had made a mistake!

"Tell me, what is the purpose of letting you kill the beasts?" Qin Yanhao said coldly.

"Purpose..." Qin Yi thought for a while, "It's for us to practice our hands!"

"Hmph, you still know that's the purpose!" Qin Yanhao hummed, "Now, your five beasts have been killed by you in one move, and you are very majestic! – Now, what else do you use to practice? Practice your \*\*\*\* hands!"

"Uh..." Qin Yi finally realized how stupid he was.

Killing beasts was originally for the purpose of practicing hands and being familiar with the fighting environment of the battlefield of ten thousand races. It's good now, he collapsed with a big move, and the practice phone will be collapsed.

"Humph!" Qin Yanhao became more and more dissatisfied, "Look carefully, how Xu Ming fought! Let's learn from Xu Ming!"

Qin Yi had no choice but to watch angrily.

In his opinion, Xu Ming's methods are very ordinary! It is nothing more than dodging the attack of the beast first, and then shooting the beast from behind.

"Xu Ming also knows this trick. In terms of combat experience, he is far worse than me!" Qin Yi thought bitterly, "When I meet an alien, I will let him know the difference!"

Qin Yi, still not convinced!

After a while, Xu Ming also packed up the five beasts and walked back.

He still didn't say it enough: "The feeling of fighting in the battlefield of ten thousand races is really different from that in the Endless Continent! The sandstorm here is too strong, and it is hindered by the sandstorm. Our attacks are much weaker, and it is a little uncomfortable!— If you give me a few more beasts to practice, it is estimated that I will be able to fully adapt to the battle here!"

“Xu Ming, you’ve done a good job!” Qin Yanhao said, “When we first came to the Ten Thousand Races battlefield, we couldn’t do as well as you!”

Saying that, Qin Yanhao also transmitted a voice in private, and gave Qin Yi a lesson: “Look at others, you have learned so much in one practice! And you? – You only know how to show off, and you don’t even learn a fart!”

“Uncle...” Qin Yi said aggrieved, “Let’s find a few more beasts to practice, won’t we be fine?”

“Damn it! Why did I bring you an idiot in!” Qin Yi couldn’t help but swear, “Ferocious beasts, can you find them if you want? It’s hard to meet once a year! The next time you encounter a beast, maybe it will be a year later—you can practice your hand in a year!”

“And—” Qin Yanhao said again, “We have to enter the Buried Bone Mountains quickly, seize a terrain that is conducive to observation, and ambush the aliens!”

After scolding Qin Yi fiercely, Qin Yanhao took the team again and moved on.

“Xu Ming, amazing!” Yi Tianxing praised, “Your learning ability is so strong, you should be able to fully integrate into our team soon!”

“Xu Ming, admire!” Mad Sword also said.

Crazy Sword seldom admires others; and Xu Ming’s judgment and learning ability just showed him admiration!

On the other hand, Qin Yi was more “spit on” by others.

From the point of view of Yi Tianxing and others, taking Qin Yi is like taking a pig teammate!

However, Qin Yi is Qin Yanhao’s nephew; so Yi Tianxing and others don’t have much to say. It would be better for Qin Yanhao to reprimand what should be reprimanded.

...

“We’re about to enter the Buried Bone Mountains ahead, the brothers are all cheered up!” Qin Yanhao shouted, “When you enter the Buried Bone Mountains, you might encounter a sneak attack from an alien race! Everyone should hold their weapons steady. Now, ready to fight at any time!”

Xu Ming, Yi Tianxing and the others all solemnly clenched the weapons in their hands.

After all, the battle with aliens, face to face, is a battle of life and death! Moreover, the alien races who dare to sneak attack cannot be weaker than them in terms of strength; once they are paralyzed, there is only a dead end!

...

What Xu Ming and others didn’t know was that, about 100,000 miles in front of them, a group of monsters were hiding in the depths of the mountains, waiting for the human race to pass by.

This is a team of winged snake monsters, there are nine in total.

These nine winged snakes were more than ten feet long; their entire bodies were red and bloody. Only the fleshy wings are gray.

“Jie Jie Jie Jie...” The winged snake monsters were very proud, “The human race must have never imagined that we would arrive here so quickly and ambush them...”

The Buried Bone Mountains stretch for millions of miles!

The location of these nine winged snakes is actually closer to the space channel of the human race, and farther from the space channel of the monster race.

However, the winged snake is good at flying; moreover, the nine winged snakes have been to the battlefield of the Ten Thousand Races many times, and they are very familiar with the terrain here. As soon as they entered the Ten Thousand Races battlefield, they flew all the way here.

“Hide them all!”

There are two winged snakes, which are obviously one size larger than the other seven winged snakes. One of them, “Ba Yang”, shouted; in its big mouth, two sharp fangs were particularly striking.

The nine-winged snake lay in ambush for some hours.

“Everyone pays attention, there are people of the Dao Zun!” Ba Yang suddenly shouted through voice transmission.

Chapter 553: , Crisis

“Is the prey coming?”

The other winged snakes were shocked and even asked, “Who is the other party?”

“It’s too far to see clearly!” Ba Yang said, “Wait for them to get closer!”

After a while, Ba Yang suddenly laughed out loud: “Hahahaha, it’s a good piece of meat! The one who leads is Qin Yanhao of the human race!”

“Qin Yanhao?” Another winged snake that was one size bigger “falls” and thought for a while, “If I remember correctly, Qin Yanhao should be the first half-step Taoist master, right?”

“That’s right!” Ba Yang said, “This Qin Yanhao’s strength should be similar to the two of us! Luo, you say, do you want to do it?”

Luo pondered for a while: “I remember, Qin Yanhao’s team originally consisted of only five people! Now, there are seven of them. It seems that they have found two more! I don’t know...these two new Dao Zuns have been added. , how is the strength?”

Ba Yang and Luo did not recognize Xu Ming, let alone Qin Yi, who had little reputation.

“Boss Bayang! Boss Luo!” a winged snake shouted, “Qin Yanhao has so little strength, and if he is willing to form a team with him, it is estimated that he is only a half-step Taoist at most! Even if the two new ones come out, They are all first-timers, and we are never afraid of them!”

Of the nine winged snakes, two of them are the first half-step Taoist masters; the other seven are slightly weaker, but they are all six-step Taoist priests! Such a strength configuration is already relatively strong in the Buried Bone Mountains!

After thinking about it again, I soon made a decision

“Dry!”

Whoosh! Whoosh! Whoosh! ...

The nine winged snakes flew out in unison like nine sharp arrows.

...

Xu Ming and his party of seven were walking carefully in the Buried Bone Mountains.

“Xu Ming! Do you dare to make a bet with me?” Qin Yi suddenly said.

bet?

Xu Ming glanced at it and replied indifferently, “I’m not interested!”

“Don’t you dare?” Qin Yi sneered with disdain on his face, “I didn’t even say anything about the bet, how do you know you’re not interested?”

Xu Ming didn’t speak, just smiled.

Need to know what to bet?

No matter what bet Qin Yi wanted to bet, Xu Ming would not be interested in playing with this “little baby”! Although Qin Yi is several thousand times older than Xu Ming, in Xu Ming’s eyes, Qin Yi is just a “little baby”.

“Humph! Did I hit the sore spot?” Seeing Xu Ming ignoring him, Qin Yi couldn’t help but become more arrogant, and his tone became more aggressive, “I see, you are afraid of losing the bet and can’t afford to lose you. Grade’ genius face; that’s why you don’t even dare to take a bet, right?”

Meeting such a teammate who felt so good about himself made Xu Ming really tired.

However, Xu Ming would not accept the other party’s bet in order to “coax” Qin Yi.

“I’ve told you so, how can you bear it?” Qin Yi sneered, “It seems that your reputation as a ‘ten million-year-old’ genius is just a vain name!”

Xu Ming is still just laughing with a little doll who is not at the same level at all. What is there to argue about?

Saying one more word makes Xu Ming feel that his identity has been lowered.

Qin Yi wanted to say something, but at this time, Qin Yanhao’s face turned down.

“Qin Yi, what are you babbling about in private?” Qin Yanhao scolded, “We have reached the Buried Bone Mountains now, and we may encounter battles at any time! How the \*\*\*\* do you still have time to get distracted?”

“Uncle, I...” Qin Yi was a grievance, didn’t he secretly transmit a few words to Xu Ming, and he would also be scolded?

“What? I scold you, but you are still not convinced?” Qin Yanhao snorted, “I scold you to discipline you on your behalf! I originally told you not to come to the battlefield of ten thousand clans, but you insist on coming; if these few words You can’t stand it, you feel wronged, then you go back to me now!”

Crazy Sword also said: “Qin Yi, focus on it! Don’t feel wronged, your uncle scolds you for your own good! You dare to be distracted in such a place, maybe you don’t even know how you died!”

Qin Yi was so trained that his head shrunk in.

Didn't he just want to make a bet with Xu Ming? Now, the bet was not made, and it was scolded like this, which is really pitiful!

Sudden.

Qin Yanhao's face sank suddenly: "Not good!"

In an instant, Qin Yanhao, Yi Tianxing, Xu Ming, etc., all quickly clenched the weapons in their hands. Only Qin Yi moved a bit slower.

However, at this time, everyone didn't have time to reprimand Qin Yi. Because, except Qin Yi, everyone else found out that there are nine winged snake monsters, and the positive electricity is coming.

"Alien!"

Qin Yanhao and other five "old drivers" all looked solemn.

Although, they haven't had time to identify the attackers; but if they dare to attack, it means that the strength of the opponent will never be weaker than them!

Qin Yi couldn't help but panic.

Only Xu Ming had an indifferent expression on his face.

His eyes were looking at the nine-winged snake calmly and sharply.

"Two are the first half-step Taoist masters, and seven are the six-step Taoist master!" Xiaohang reported the results of the investigation.

"No, it's them! Ba Yang! Fall!" Qin Yanhao's face was as solemn as a piece of black charcoal, "We are in big trouble!"

“Escape?”

In the team, there was lightning-like communication.

“The five of us can escape, but what about Xu Ming and Qin Yi?” Immortal Bai Yu continued, “The two of them are newcomers, and they are too weak to escape!”

“Fuck!” Qin Yanhao cursed bitterly.

This is why many teams are reluctant to bring new players! The newcomer’s combat power is limited, so when they are fighting, they can’t help much; but when they run away, they will be a hindrance!

Throw away two newcomers?

Qin Yanhao and the others couldn’t do such a thing of abandoning their teammates!

What’s more, these two newcomers, one is Qin Yanhao’s nephew, and the other is a genius of the “ten million-year-old” human race; if they are abandoned, Qin Yanhao will not be able to explain to his brother or the senior leaders of the ethnic group when he returns.

“Let’s fight!” Crazy Sword’s body burned with a strange fire, which spread from the body to the sword.

“war!!”

Yi Tianxing, Immortal White Feather, etc., were also boiling with killing intent.

The battle between the human race and the alien race is either you die or I die!

“Take out the unique skills at the bottom of the box!” Qin Yanhao roared, “If you have any treasures or tricks, smash them out! If you keep this kind of thing hidden, you will be courting death!”

“Quack quack...” Ba Yang’s yin laughter came through the heavy sandstorm, “Qin Yanhao, it’s good, you didn’t escape! I’ve heard of you for a long time, and I can finally kill you today! Quack quack...”

Qin Yanhao was murderous and stood at the front of the team: “Want to kill me? Ba Yang, then see if you have the ability!”

“If I were a snake, of course I wouldn’t dare to boast that I would definitely kill you! But with my brothers, it’s different!” Ba Yang laughed wildly, “Qin Yanhao, you will die today!”

#### Chapter 554: , Dark Formation

The distance between the two sides quickly narrowed, and each other also saw the strength of the opponent.

On the side of the Winged Snake and Monster Beast, there are two first-time half-step Taoists, and seven six-step Taoists!

And Qin Yanhao’s side... The first half-step Daoist, only Qin Yanhao is the only one; the sixth-step Daoist is Yi Tianxing, Bai Yu Xianren, Die Moyao three! The remaining three, Crazy Sword and Qin Yi, are all confirmed to be the five-step Taoist; Xu Ming, also suspected to be the five-step Taoist!

The strength comparison between the two sides can be described in two words – crushing!

At least, on the surface, it is definitely a crushing situation!

Xu Ming’s side is in jeopardy!

“Quack quack...” Ba Yang’s wild laughter got closer and closer, “Qin Yanhao, I really don’t understand, where did you get the courage to stay and fight! If I encountered a situation like yours, I would have Just slipped away, quack...”

Ba Yang deliberately laughed like this, but it was actually a psychological tactic to disintegrate the opponent’s will.

However, Qin Yanhao and others have been in the battlefield for a long time, and they don't know how many times they were born and died. How could they be frightened by these three words?

That is Qin Yi, although he is known as “experienced in hundreds of battles”; but the hundreds of battles he has experienced are all small situations, and he has hardly experienced such a critical situation today. Therefore, Qin Yi was really a little frightened.

Fortunately, Qin Yanhao and others don't have the heart to worry about whether Qin Yi was frightened or not; otherwise, Qin Yi would definitely be scolded again.

“Ba Yang! You're not surprised, why don't we escape?” Qin Yanhao shouted, “Then I'll tell you why! Because—we are just bait, you have all fallen into the trap set by our human race. Hahahaha, you are all dead!”

Qin Yanhao started talking nonsense, completely blushing and heartbeat.

“Ha!” Ba Yang scoffed, “Qin Yanhao, are you trying to scare me like this? You are too naive! And... let me tell you, I have already arrived in this area! Are there any traps around? Don't you know!?”

“I didn't frighten it...” Qin Yanhao was slightly annoyed.

“Captain, let's fight!” Crazy Sword's aura was insanely insane.

“Crazy Sword, it's up to you!”

Among the five veteran team members, the strongest is actually not Qin Yanhao, but... only the mad sword of Wu Bu Dao Zun!

In terms of understanding of the Dao of Heaven, although Crazy Sword is only at the level of five-step Daoist, but in a state of madness, he is even stronger than Qin Yanhao, who has just entered the Half-step Dao Master! —Crazy Sword is the trump card of their team!

Of course, once the mad sword goes mad, it needs to pay a great price!

“Luo, let me deal with it!” In Crazy Sword’s eyes, there was a crimson blood surging.

boom!

Holding a three-footed sword, he “falled” and killed the half-step master directly.

“I’ll deal with Ba Yang!” Qin Yanhao killed another hard bone.

“Yi Tianxing, you take them to hold on! As long as you hold on until the mad sword is killed, then in this battle, who will live and who will die is uncertain!” Qin Yanhao said through a voice transmission.

“I know!” Yi Tianxing was full of aura, apparently having inspired some expensive secret technique.

The battlefield of ten thousand races is a place to fight hard!

Once you encounter an alien, then either you will die or I will die!

Therefore, Dao Zun who dares to enter the battlefield of ten thousand races usually has some stunts at the bottom of the box! Once it broke out, the strength skyrocketed!

Although Yi Tianxing’s stunt is not as perverted as Crazy Sword’s, but under the outbreak, his strength is already very close to the half-step master level!

boom!

Immortal Bai Yu suddenly took away his immortal temperament, and at the same time, a disgusting black aura erupted from his body; his aura suddenly became extremely ferocious.

“Blood Magic Secret Art!”

No one could have imagined that the White Feather Immortal, who usually looks immortal, had his stunt at the bottom of the box, which was actually a hideous blood magic secret technique!

However, there is no difference between good and evil in the secret skills of the exercises.

The Gorefiend Secret Technique just looks ferocious and terrifying, but the process of cultivation is actually quite ordinary, and it just requires refining a lot of one's own blood essence.

“Mo Yao, we two protect you, you just attack with all your strength!” Yi Tianxing shouted.

“Okay!” Die Moyao didn't hesitate, they had been born and died together many times, and they had a tacit understanding.

call out! call out! call out! call out! ...

Around Die Moyao, thousands of black “butterflies” suddenly fluttered around.

Of course these black butterflies are not real butterflies, but a specially refined hidden weapon! The position of the wings of each butterfly is extremely sharp, as if it can cut space!

Although Die Moyao is only a six-step Taoist, in terms of attack, she is not even inferior to the first half-step Taoist.

Two are good at defense and one is good at attacking, forming a perfect match!

“What should we do?” Qin Yi asked anxiously.

“You...” Yi Tianxing glanced at Qin Yi and Xu Ming, “Just stand beside Die Moyao and protect her! When Die Moyao attacks, there is almost no defense!”

“Oh! Oh!” Qin Yi replied repeatedly.

Xu Ming didn't speak, he just held the spear and watched indifferently.

He has to observe first, if the situation is really critical and he needs to take action; then, he will explode!

Once Xu Ming broke out, the immediate crisis could be broken in an instant!

So Xu Ming is not in a hurry at all, just let his teammates fight first! – Fighting in such a dangerous situation is definitely an excellent temper!

Moreover, with Xu Ming in the dark, he would never let any of his teammates fall.

...

“Quack quack...” Ba Yang laughed arrogantly, “Qin Yanhao, your team has been hidden deep enough! No wonder they have been in the battlefield of ten thousand races for so long, and they haven’t died yet! – However, these strengths alone are like Against us? Not far!”

“Luo” looked at the mad sword that was killing him, and sneered disdainfully: “A five-step Taoist, dare to shoot at me? – Die!”

The giant snake’s tail, thicker than a human, slammed into the mad sword.

hiss-

The Divine Kingdom space, which had already been ravaged by the sandstorm, was torn apart directly.

The snake tail dragged the space crack, and instantly came to the crazy sword.

“Humph!”

The three-foot green front of the mad sword is cold and ruthless; the sword’s edge points to kill everything in the world!

“Killing Sword!”

What Crazy Sword cultivates is the “killing sword” created by the sword master.

Moreover, Crazy Sword also poured some of his own insights into the “killing sword”; when it was used, its power was almost comparable to the demigod-level secret skill created by itself.

It’s a pity that Crazy Sword’s comprehension in the way of heaven is average, otherwise, it is really possible to be accepted as a disciple by the sword master.

It is precisely because of the general understanding of the Dao of Heaven, that the mad sword has to come to the battlefield of ten thousand races to kill Dao of Enlightenment!

boom!

The sharp sword slammed into the snake’s tail fiercely; under the collision, the terrifying power erupted, and the surrounding space of dozens of meters was torn apart!

“Huh?” Luo glanced at Crazy Sword in surprise, “What a powerful attack... You really are extraordinary, no wonder you dare to shoot at me! But, if you want to beat me, it’s not enough!”

At the same time, Qin Yanhao and Xu Ming fought with their opponents.

Chapter 555: I’M Afraid That My Teammates Are Like Pigs!

Qin Yanhao and Ba Yang have heard of each other, but they have never fought.

One person, one-winged snake, this collision, suddenly shattered!

The surrounding space was constantly being blasted to pieces.

Many of the sandstorms that filled the sky were directly scraped into the space cracks; and the space debris and space wind blades in the space cracks also rushed into the battlefield of ten thousand races—of course, the torn apart here in the Buried Bone Mountains. The space crack is already located in the very depths of the ruined kingdom of God; the power above the Taoist can not reach this space crack area.

“Quack quack... Qin Yanhao, it’s better to be famous than to meet you. Your strength is really amazing. I think I’m slightly inferior!” Ba Yang laughed while fighting, “However, if you want to beat me, it’s not like that. It’s easy! Before you beat me, your teammates may have been killed by my brothers! – Then, facing the siege of our nine snakes, I’ll see how long you can last! Hahahaha...”

Although Ba Yang saw that the trump cards of Yi Tianxing and others were very powerful, but this year, who hasn’t played trump cards yet?

the other side...

Seven six-step Taoist-level winged snakes aggressively surrounded the five Xu Ming.

Each winged snake was more than ten feet long; in front of them, Xu Ming and the others became petty.

“kill!”

Thousands of black “butterflies”, under the control of Die Moyao, formed a giant dragon and savagely rushed towards one of the winged snakes.

boom!

After the “dragon” was killed just once, many scales were smashed to pieces on this winged snake, and blood spattered into the sky.

“Roar!” The winged snake howled in pain, “Take away that female first, her attack is too strong!”

Winged snakes are still accustomed to calling “female” as “female”. Because, in their world, there are only “male and female”, no “male and female”.

boom! boom! boom! boom! ...

Seven winged snakes attacked Die Moyao from all directions at the same time.

“Don’t think about the past!”

Yi Tianxing and Immortal White Feather frantically manipulated the power of the heavens to block the seven winged snakes.

It’s just, two people, want to stop the seven-winged snake, easier said than done?

Whoosh! Whoosh! Whoosh!

Immediately, three winged snakes broke through the block and attacked Die Moyao.

“Not good!” Yi Tianxing and Immortal Bai Yu were both in a hurry; but they were entangled by the four winged snakes and couldn’t get out of their way and could not help.

The difference between the forces of the enemy and us is too great!

If the seven winged snakes attacked Yi Tianxing and Immortal Baiyu, then the two of them would still be able to hold on for a while.

However, the winged snakes are not stupid, how can they stare at two “meat shields”? To fight, of course, to fight Die Moyao, who is in charge of “damage output”.

“Mo Yao, be careful!”

Die Moyao’s eyes were cold and calm: “Xu Ming, Qin Yi, each of you can block a winged snake, and I will deal with another one myself!”

With that said, Die Moyao controlled the overwhelming hidden weapon and killed one of the winged snakes.

And Xu Ming and Qin Yi also each faced one.

“Winged snake? I want to see it!” Xu Ming smiled lightly.

A mere six-step Taoist, Xu Ming didn't take it seriously at all.

After all, Xu Ming was the gold-eating rat who had killed the Six-step Daoist in seconds; but now, Xu Ming is stronger and has more trump cards, so naturally he doesn't care about the Six-step Daoist's opponent.

As for Qin Yi, he had long forgotten that he wanted to compare with Xu Ming.

His only thought is – I want to survive!

boom!

Die Moyao's terrifying attack directly restrained a winged snake, so that it did not dare to go forward at all, and only dared to confront Die Moyao from a distance.

A winged snake killed Xu Ming, its fangs ferocious: "Human, die!"

"Humph!" Xu Ming also firmly blocked the winged snake.

"Good job! Xu Ming!"

Yi Tianxing, Immortal White Feather, Die Moyao couldn't help but praise.

Even Qin Yanhao and Crazy Sword in the distance cast a glance of approval.

Fighting for life and death, the most afraid of newcomers falling off the chain! Obviously, Xu Ming did not lose the chain!

"There is only one winged snake left that has not been blocked! As long as this winged snake is also blocked, then the situation on the field is evenly divided. It can even be said that we have a slight advantage!" Die Moyao thought to herself. .

And this last winged snake needs Qin Yi to resist.

“what!!”

Qin Yi roared, waving the long sword in his hand; as soon as he came up, he directly used the strongest killing move!

“Crazy Thunder and Furious Slash!!”

The sharp sword in Qin Yi’s hand slashed towards the Winged Snake with the momentum of running towards thunder.

However, his teammates almost cried when they saw his actions.

“I rely on!”

“idiot!”

“Too stupid!”

Even Xu Ming, who was calm, couldn’t help but hide his face: “I’ll go, it’s really a pig teammate!”

Crazy Thunder and Furious Slash is indeed an extremely powerful attack, this is true! However, Qin Yi actually used the Thunder Furious Slash to confront the Winged Snake, he was really stupid!

You must know that human monks and winged snake monsters are already at a disadvantage compared to their strengths – after all, how huge the winged snake is and how small a human being is!

What’s more, Qin Yi is only a five-step Taoist, but the winged snake he faces is a six-step Taoist.

Humans of the five-step Taoist, looking for the winged snake of the six-step Taoist, head-to-head? – Isn’t this “taking advantage of one’s own weakness to attack the enemy’s strength”?

Stupid or not?

really...

boom! !

Qin Yi didn't do much damage to the Winged Snake. Instead, he was kicked away by the Winged Snake's tail.

"Quack quack, trash!" The winged snake glanced at Qin Yi contemptuously, and then went straight to Die Moyao.

Second "dps" first, this is common sense in fighting.

"Pfft!" Qin Yi vomited blood directly.

I don't know if I was hurt by a tail or I was angry.

"not good!"

The faces of Die Moyao and Yi Tianxing all changed drastically! – They didn't know Xu Ming's true strength, so when they saw Qin Yi drop the chain, all of them suddenly turned blue.

In the eyes of Qin Yanhao and the others, if Qin Yi dropped the chain, then Die Moyao would be in danger.

And once Die Moyao had an accident, then Yi Tianxing and Immortal Bai Yu would be in danger!

When something happened to Yi Tianxing and Immortal Bai Yu, then Qin Yanhao and Mad Sword would be in danger!

Qin Yi's loss of the chain is the rhythm that will destroy the entire team!

Really... not afraid of opponents like gods, but afraid of teammates like pigs!

“Pig teammates!” The five Yi Tianxing really wanted to cry, why did they meet such a fool!

You must know that Qin Yi is only a five-step Taoist, but as long as he plays normally, it is still no problem to drag the six-step Taoist winged snake! As long as you can hold on for a moment, with Die Moyao’s terrifying attack, you should be able to kill a winged snake; the battle behind will be easy!

However, at such a critical moment, this pig teammate could not even perform normally!

stupid!

stupid!

stupid! !

“I hurt everyone!” Qin Yanhao sighed with voice transmission, “It’s all my fault for letting this idiot join our team!”

Qin Yanhao regrets it!

But at this time, what is the use of regret?

“Jie Jie Jie Jie...”

This winged snake had already killed Die Moyao’s side; and Die Moyao had no time to recall the butterfly hidden weapon for defense!

Moreover, even if it can be recalled in time, it is of little use—hidden weapons are not used for defense!

“It’s over!” Die Moyao was almost desperate.

Killed by pig teammates!

“Alas...” Xu Ming sighed softly, “I didn’t expect that I would take action so soon...”

## Chapter 556: Brutal

Xu Ming originally planned to take action later.

After all, the longer the teammates persevere under this kind of life and death, the greater the harvest!

But what Xu Ming did not expect was that Qin Yi, a pig teammate, was so pitiful; he fell off the chain after only one encounter!

Xu Ming was very emotional: “The old saying is right, don’t shake half a bottle when it’s full!”

The more he has his tail up like Qin Yi, the less real he is. And really powerful people don’t talk about how powerful they are all day long, but they think about how to hide themselves deeper – such as Xu Ming!

However, it is gold that always shines!

Even though Xu Ming had tried his best to hide his brilliance, but seeing his teammates in danger, he still had to shine.

“Let’s do it! If you don’t do it again, Die Moyao will probably die!”

Xu Ming’s aura was in vain.

Combat plug-ins, crazy open!

The strength soared a hundred times in an instant!

“roll!”

boom!

Xu Ming swept away angrily.

The long spear was instantly in the void, creating an extremely slender space crack! – The thinner the space crack, the more powerful the gun has, which has been completely condensed to a point on the tip of the gun!

puff!

The spear swept across, and the winged snake facing Xu Ming was almost cut off!

Two-thirds of its thick body has been broken; even the vertebrae have been completely broken! Only the other third of the flesh remained, still sticking.

“Roar!?” This huge winged snake was directly swept away by this shot!

What is this attack?

Why is it so strong?

If it hadn't reacted fast enough, sensed the danger, and dodged a little; then by now, it might have been cut in half!

Although with the strength of this Winged Serpent Six-step Daoist, even if it is cut off in the middle, it can be recovered quickly; but the key is-psychological shock!

With just one shot from Xu Ming, this winged snake felt unmatched!

“Humph!”

Xu Ming's real target was not the winged snake that was fighting against him at all, but the one who was about to attack Die Moyao!

“Ah...” Die Moyao didn’t even have time to notice the situation on Xu Ming’s side. She was even completely desperate!

And at this moment, Xu Ming killed like lightning!

“Beast!”

Whoosh!

Xu Ming stabbed out with a single shot.

This shot, seemingly ordinary, didn’t even cause a ripple in space; but in fact, it was because the power of the spear was too condensed!

Condensed to the extreme, without a trace of power escaping to the outside, naturally there will be no ripples in the space.

puff!

The spear easily pierced into the body of the winged snake that was about to attack Die Moyao.

“Huh?” The winged snake was horrified, “Okay... what a sharp shot!”

Immediately afterwards, a strange and terrifying devouring force came out from the tip of the spear.

“Roar!!” The winged snake showed infinite horror.

It can feel this terrifying devouring power, and wants to smash it into slag!

“No!” Winged Snake roared in panic, “Fall! Help me!”

boom!

With the tip of the gun as the center, the surrounding space is directly twisted into a vortex! At the ripples of the vortex, there are even more tiny but terrifying space cracks.

The whirlpool stirred, trying to smash the winged snake.

“No!!” Winged Snake struggled, trying to get out of the vortex.

However, the vortex turned faster and faster, and it couldn’t break free at all!

boom!

The winged snake, which was more than ten feet long, was directly smashed!

At the same time, the vortex collapsed!

The space in front of Xu Ming collapsed directly into a black hole!

The first form of reincarnation destruction – reincarnation black hole!

Whoosh!

Xu Ming closed the gun.

Black holes are also constantly healing and making up under the self-repair of space.

However, the winged snake disappeared entirely!

Under the god-level marksmanship secret technique “reincarnation black hole”, it didn’t even leave a bit of meat residue!

“what!?”

“what!?”

“what!?”

...

Shocked!

Qin Yanhao and others couldn't even believe what they saw!

one move!

Just one trick!

The Winged Snake at the Six-step Daoist level was blasted to the point where not even the scum was left!

“what happened?”

“How could Xu Ming be so strong?”

Everyone looked at Xu Ming with burning eyes, almost forgetting that they were fighting against aliens! – No way, the shock that Xu Ming brought to them was too great!

Not just a spike!

Instead, it blasted so much that there was no \*\*\*\* left!

How arrogant!

How cruel!

The Winged Snake Monster Beast's shock was no less than Qin Yanhao and the others! After all, it was their teammates who were killed by Xu Ming in one move!

Ba Yang's heart trembled: "The defense of the fish mound is already extremely strong at the level of the Six-step Daoist! Even if it is better than me, it is not much worse! Actually... it was shot so that not even the scum was left?"

What a terrible shot this is!

The fish mound was the name of the poor winged snake that had no scum left.

Everyone present, all the Winged Serpents, felt that... they were blind and misread!

However, if it is really wrong what about the fish mound? Where did it go?

"Humph!" Xu Ming hummed in disdain in his heart, "Is it very strong? Is it terrible?"

You know, when Xu Ming and the Golden Rat fought, he used this move to instantly kill each other. Moreover, at that time, Xu Ming's "reincarnation black hole" was only just realized, and it was very simple.

And now, Xu Ming has not only perfected the "reincarnation black hole", but also has the attack bonus of "intelligence quotient crushing"! – It's not that Xu Ming's IQ is high, but it shouldn't be a problem to crush a snake!

Therefore, Xu Ming was not surprised at all that this move could have such power.

"Alas..." Xu Ming couldn't help sighing, "I originally wanted to be low-key, but accidentally, it was too high-profile!"

"Xu Ming, you..." Yi Tianxing looked at Xu Ming with a strange look, with a trace of uncontrollable awe.

"Kill all these winged snakes first!"

Immediately, Xu Ming attacked the winged snake held back by the “butterfly” in the sky.

“Roar!!” This winged snake was stared at by Xu Ming, the killing god, and the whole snake was frightened from crimson to cyan.

It twisted its body frantically, was injured, and also smashed out of the “butterfly” in the sky, and fled behind Ba Yang in a flash.

“Uh...” Xu Ming was speechless, “As for what, you’re actually scared like this... It makes me look like how cruel I am!”

Xu Ming really wasn’t very ferocious, he just shot a winged snake until there was no \*\*\*\* left.

Sudden-

“Xu Ming, save me!” Qin Yi’s voice-transmission call for help sounded from behind Xu Ming.

“Huh? What’s wrong with this pig teammate?” Xu Ming hurriedly looked.

I saw that the winged snake, which was almost cut in half, opened its huge \*\*\*\* mouth and devoured Qin Yi. The two fangs that were so smooth that they could reflect light were extremely dazzling at this moment.

Chapter 557: That’S 8 Shots

“what-”

Qin Yi was so frightened that he didn’t know how to resist the parry.

“Xiao Yi!” Qin Yanhao was anxious – Qin Yi, but his own nephew! If something happened in the Wanzu battlefield, how should he explain to his elder brother after returning!

“I’ll go!” Xu Ming couldn’t help scolding, “What a pig teammate! An injured little snake scared him into such a bear!”

But Xu Ming couldn’t stand still.

It must be too late to rush over to save people! In a hurry, Xu Ming picked up his spear and shot it directly.

Whoosh!

The spear carried all of Xu Ming’s power, plus the “IQ crushing” attack bonus, pierced through the sky, and shot down, hitting one of the big fangs of the winged snake.

Bang!

This big poisonous tooth was shot directly!

The huge winged snake was also blasted back several dozen feet.

At this moment, Qin Yi did not continue to be stupid, and hurriedly fled to Xu Ming’s side – as long as he fled to Xu Ming’s side, he could feel a full sense of security!

“Get back first!”

“Fall” with a cold drink. Immediately, the winged snake monsters all withdrew.

The two sides also temporarily stopped fighting, and each got together in a group and faced each other.

“Unexpectedly…” Luo’s eyes were extremely cold, “Qin Yanhao, there is such a master hidden in your team!”

“Humph!” Qin Yanhao just snorted coldly.

There's not much nonsense about aliens!

But to be honest, Qin Yanhao and the others did not expect that Xu Ming's strength would be so terrifying!

It's just terrifying!

"Luo" looked at Xu Ming and continued: "This master is very good-looking, I don't know what his name is?"

The conversations between Xu Ming and his teammates were all conducted through small-scale voice transmission; the winged snake monsters naturally didn't know Xu Ming's name.

Qin Yanhao shouted, "You are not qualified to know his name!"

Xu Ming is a genius of "millions of years", so Qin Yanhao certainly did not dare to reveal his identity casually.

"Humph! What kind of mystery are you pretending to be! When I go back and ask, I will naturally know!" Ba Yang hummed.

"Luo" also snorted coldly: "The green hills do not change, the green waters will flow! Qin Yanhao, and this mysterious master, I hope we can meet again during the opening of the Battle of Ten Thousand Races this time! – However, the next time we touch Come on, we don't have just so many snakes!"

The snake clan is a relatively powerful branch of the demon clan; naturally there are not a few snake clan Taoists who enter the battlefield of ten thousand clans.

"Wait!" Xu Ming shouted, "I heard what you said, you want to leave, right? – What, do I allow you to leave?"

"Huh!?" "Falling" with a cold fierce light in his eyes, "Don't let us go? Is it possible that you want to die?"

“Never die?” Xu Ming smiled disdainfully, and wrote lightly, “Just you, you are also worthy of me! One, two, three, four, five, six, seven, eight! Well, eight snakes, one shot kills one, It’s just eight shots!”

Xu Ming deliberately counted.

Qin Yanhao, Yi Tianxing and others all looked at Xu Ming in horror—too domineering!

One shot to kill one, and eight shots!

How confident and domineering this is!

Qin Yi had the urge to hide his face and cry. At this time, he clearly realized how big the gap between himself and Xu Ming is – this gap is not only in strength, but also in momentum!

Looking at Xu Ming, he said “one shot kills one” in an understatement; looking at Qin Yi again, a random snake will frighten him to the extreme.

This is the difference!

Moreover, the gap in momentum is more difficult to make up than the gap in strength!

“You...” “Luo” suddenly became annoyed, “Don’t bully the snake too much!”

“Haha, I’m just bullying you, what’s wrong?” There is nothing to talk about between the human race and the alien race, just one word – kill!

boom!

With Xu Ming’s footsteps, the hard ground suddenly burst, and even the faint bones of the ground were exposed.

And Xu Ming, with the help of this powerful recoil, shot out and dragged the gun to kill the eight winged snakes.

Before the gigantic size of the winged snake, Xu Ming was as small as a little mouse. However, Xu Ming's aura and fighting spirit faintly felt like he was going to overwhelm the eight winged snakes.

"Kill!" Qin Yanhao also rushed after him.

Crazy Sword, Yi Tianxing and others naturally did not hesitate.

Although Qin Yi was a little slower, he was not timid. He followed behind his teammates and killed them.

"Reincarnation black hole!"

Xu Ming fired another silent shot, seemingly without any power.

"His shot has been restrained to the extreme! I'll stop him!"

Ba Yang roared and swung its giant tail towards Xu Ming.

Its tail is covered with scales of the highest grade, and its attack and defense are extremely strong!

"Humph!" Xu Ming snorted coldly, "Dare to touch my god-level secret skills? Courting death!"

Although this shot failed to pierce the scales on Ba Yang's tail, the power was completely exploded at the moment of contact.

boom!

A terrifying space vortex is formed.

Ba Yang felt as if he was about to be blasted away by this shot; however, this terrifying space vortex sucked it in again so that it couldn't even be blasted away.

“What kind of weird trick is this?” Ba Yang was shocked.

The space vortex is spinning rapidly, and the space cracks at the vortex ripples are getting denser and denser.

suddenly-

boom!

The entire space vortex directly collapsed into a space black hole! The terrifying black hole tore apart Ba Yang, as if to shatter it!

“Do not-”

Ba Yang was horrified and frantically broke free.

And the black hole in space wants to devour Ba Yang madly.

“Huh?” Xu Ming was startled, “This gun failed to penetrate its body, and its power was greatly reduced!”

The greatest power of the “space black hole” is that after the spear pierces the enemy’s body, it devours it directly from the enemy’s body!

You must know that the defense in the body is much weaker than the defense on the surface! Even if Ba Yang is a first-time master of the half-step path, if the spear pierces into his body, he will probably be blasted to the point where there is no \*\*\*\*\* left.

It’s just that the effect of devouring it outside of Bayang’s body is much worse!

“Huh? Give me a crack!” Xu Ming frowned, frantically urging his secret skills to keep the black hole of reincarnation for a longer time.

“Roar!”

“Roar!”

Ba Yang roared and struggled: “Luo, come and help me, I can’t get out!”

“Luo” is about to kill quickly.

However, does Xu Ming have no teammates?

“Don’t think about it!” Qin Yanhao stopped “Luo” murderously.

“And me!” Crazy Sword also killed him.

Two great powers who are just entering the half-step path master’s strength, join forces to deal with the “falling” one. “Falling” let alone rushing over to help, even self-protection has become a problem.

boom!

On the other side, Yi Tianxing and Immortal Baiyu were killed together with six little snakes.

“Help me!” Ba Yang roared, but his teammates were restrained, and there was no snake to help him!

Chapter 558: You Run Away And I Run Away

“Ba Yang!”

“Luo” yelled: “Fight! Don’t hold back! If you don’t fight, you will lose your life!”

Of course, Ba Yang also knew the danger in front of him.

“Fight!”

boom!

Ba Yang roared, and its scarlet body suddenly turned golden, like gilding. Its size suddenly began to shrink, and it shrank to only three feet in an instant.

“Chirp—”

The reduced Ba Yang suddenly became much more flexible, like a loach.

It struggled hard.

And Xu Ming’s black hole of reincarnation was almost unable to continue, so Xu Ming made a “bang” and took the initiative to disperse this move.

“You actually forced me to burn the blood of the source!” Ba Yang’s eyes were splitting, and its breath was much weaker; obviously, although the black hole of reincarnation failed to tear and devour it, it also injured it. Not light.

“Ha!” Xu Ming smiled disdainfully, “Burning the blood of the source, so what? I not only want you to burn the blood of the source, I want you to die!”

“It’s you who died!!” Ba Yang was furious!

At this time, although Ba Yang’s body has shrunk, his strength has skyrocketed. He has already entered the half-step master level from the first half-step master level!

but...

Isn’t it just an ordinary half-trail master?

Will Brother Ming pay attention?

“If you don’t kill you with one shot, you are arrogant, right?” Xu Ming snorted coldly, “Then another shot!”

Ba Yang roared madly: “You can’t kill me! I want...”

Whoosh! Whoosh! Whoosh! Whoosh! ...

At this moment, the eight winged snakes moved in unison... and left!

Xu Ming, Qin Yanhao, etc., were all dumbfounded—what about desperately saying? How did you escape?

“They must have felt that fighting recklessly is not an opponent, so they chose to escape!” Qin Yanhao said.

“Too cunning!” Xu Ming snorted coldly, “But... do they think they can escape if they want to?”

“Brother Xu Ming!” Yi Tianxing said, “Don’t chase after poor bandits!”

“Don’t worry, I have my own measure!”

Whoosh!

Xu Ming also flew into the sky and shot away.

Before Xu Ming left, a voice transmission sounded in the hearts of his teammates: “Everyone is waiting for me where I am, I will be back soon!”

“Forehead...”

Qin Yanhao, Yi Tianxing and others all looked at each other in dismay. They did not expect that Xu Ming would go after the Eight Winged Snakes alone.

“Captain, are we going to chase and help?” Yi Tianxing asked.

Qin Yanhao glanced dejectedly, and said, “Chasing over?—Our speed is faster than that of a winged snake?”

Winged snakes are good at flying, and there are very few human monks at the same level who are faster than winged snakes.

“Wait!” Qin Yanhao said, “I think Brother Xu Ming works very calmly, not like an impulsive person. Since he has chosen to hunt down alone, he must be confident; No problem! – We’ll just do what he said and wait here honestly!”

...

The eight winged snakes fled quickly.

“That human being just now was so terrifying!” Ba Yang said with lingering fears, “Even me, I almost died under his hands!”

Ba Yang Mingming burned the essence and blood of the source, why did he choose to escape?

Because it is very clear, if it continues to fight, it will definitely die!

“It’s terrifying!” “Luo” also said, “That human being can kill a fish mound in one move, and his strength may have reached the top half-step master level!”

Half-step master, divided into four levels: beginner, ordinary, top, extreme!

The top half-walk master is equivalent to the strength of breaking through the nineteenth floor of the Tongtian Tower!

“Definitely the top half-step Taoist...” Ba Yang felt lingering fears, “I just felt his attack, and that move contains a very strong devouring power; if it is stabbed into the body, I am afraid that I will also be killed by one move. !”

“Shameless!” “Luo” gritted his teeth, “A top half-step Taoist, actually mixed in with Qin Yanhao’s small team...”

“The top half-step Taoist should not come to the Buried Bone Mountains!” Ba Yang also said bitterly, “He should go to the Canned Sword Tomb!”

“that is!”

“Poor Yuqiu, the death is miserable enough!” “Luo” sighed.

“And my teeth!” The winged snake, which had broken its fangs, was also very aggrieved.

“Let’s go back quickly, spread the news, and let other monsters beware of Qin Yanhao’s team!” Ba Yang said.

At this moment, laughter came from behind Zhongyi Snake: “Go back? I’m afraid you can’t go back!”

“hiss-”

The eight winged snakes all turned back in horror: “Human, how dare you chase over alone!”

Xu Ming sneered disdainfully: “To deal with your eight little snakes, I am enough alone!”

“Insanity!”

The eight winged snakes exchanged thoughts like lightning: “Brothers, kill!”

“Break out! Kill him!”

“The eight of us join forces, even if he is the top half-step master, let him hate it!”

“Yes! Kill him and avenge the fish mound!”

boom! boom! boom! boom! ...

The winged snakes all burned their original blood essence.

Each winged snake seems to be plated with gold The size has also shrunk sharply, shrinking to only two or three feet long.

You must know that the original blood essence is extremely precious to the winged snake! The burned essence blood can never be recovered by itself, unless it uses some extremely rare treasures from heaven and earth.

However, at the moment of life and death, the Winged Snakes can't care to feel sorry for the blood of the source!

Burn it first!

After all, their opponents are the top half-step masters, and they can't tolerate the slightest carelessness!

"I'll go!" Xu Ming was startled, "Do you want to be so bitter and hateful? If you don't get along, you will collectively burn the blood of the source?"

The eight winged snakes all burned their blood essence. To be honest, Xu Ming would have to spend a lot of money to deal with them!

"Humph! Human, you must die!"

"You must have a lot of precious treasures on you! As long as we kill you, these treasures will all be ours! – In this way, burning the blood of the source is not necessarily a loss-making business!"

"Uh, that what..." Xu Ming thought for a while and said, "That what, I'm just passing by... You guys play first, I'll withdraw!"

After he finished speaking, Xu Ming actually walked away.

“what!?”

“I...”

“Depend on!”

The eight-winged snake was stunned—Damn it! You, the top half-step master, do you still have the demeanor of a strong man? Even said to run away...

“Chase!”

The eight winged snakes had already burned their original blood essence, so of course they couldn't watch Xu Ming escape.

“kill!”

“kill!”

“Shameless human, stop for me!”

“Don't run if you have the guts, come and fight with us!”

...

“Hehe!” Xu Ming happily ran away, and smiled meanly, “Why, you are allowed to escape, but I am not allowed to escape? I just escaped, if you have the ability, come after me!”

Chapter 559: Shameless

The Buried Bone Mountains are steep and complex.

Xu Ming did not fly into the sky, but kept drilling into the depths of the mountain range, constantly turning and changing directions around the cliff.

“Human! Run away!”

“Stop! Fight with us to the end!”

Eight winged snakes are going to be played crazy!

It was the first time they had encountered such a shameless human.

The top half-trail master!

I lied to them to burn the essence and blood of the source, and I was not responsible for them...

“cunning!”

“Shameless!”

“insidious!”

...

The eight winged snakes used up their scarce vocabulary, scolding while chasing and killing them.

Xu Ming ignored them at all. After several consecutive changes in direction, the “absolute stealth” link was directly turned on and disappeared.

The Winged Snakes chased after him, and stopped around Xu Ming’s invisibility.

“What about people?”

“Where did it go?”

“It should be here, why is it gone?”

“Lost...”

The winged snakes were stunned on the spot—the opponent was gone, then they burned the blood of the source, who to vent?

“Fall, what should I do?”

“Fall” is the highest IQ among them.

“Would you like to go back and deal with Qin Yanhao and others!?” Ba Yang roared.

“Luo” shook its snake head: “If we go back now, we may not be able to find Qin Yanhao and the others... Besides, even if we find them and kill them smoothly, the sequelae of our burning essence blood should also come out. It’s gone!”

After burning the blood essence of the source, it is bound to fall into a period of weakness!

“If that shameless human master kills us again when we are weak, won’t we risk our lives?” “Luo” expressed his concerns.

“Then what to do...” Ba Yangwo was very angry.

“Now, there is only one way! That is... escape!” “Luo” said.

“escape?”

The expressions of the winged snakes have become extremely wonderful.

Burning the blood of the original source, the opponent did not play with them, they could only run away with the blood of the source...

“Escape! Escape quickly, get rid of that shameless human being’s pursuit!”

“Damn it! This shameless human, next time I meet him, I must make him die!”

Whoosh! Whoosh! Whoosh! Whoosh! ...

The eight winged snakes quickly broke through the air.

“escape?”

After a while, Xu Ming withdrew from invisibility, hehe smiled: “Can you escape?”

After that, Xu Ming walked directly in the direction where the Winged Snakes were leaving, and followed him in a hurry.

“Xiaohang, probe their location!”

Immediately, Xiaohang reported the positions of the winged snakes to Xu Ming.

“Oh, I’m going, these little snakes are really cautious enough to change their direction!”

However, no matter how cautious they are, they cannot escape Xu Ming’s pursuit!

“Don’t hurry, chase slowly!” Xu Ming flew leisurely, “I hope that when I catch them, they will just fall into a weak state!”

Killing eight weak snakes is too easy for Xu Ming!

It’s not that Xu Ming is too rude, but that he can achieve his goal with the least effort, so why not do it?

...

The eight winged snakes fled in embarrassment like a lost dog.

“Luo!” Ba Yang was very dissatisfied. “We are a noble snake clan, not a ‘dog clan’! Now we are running away like a lost dog, isn’t it shameful?”

Snake people have always felt that their bloodlines are very noble; because they have a trace of “true dragon bloodline” – although it is very small.

Therefore, the snake clan will look down on other demon clan groups.

“Face!?” “Luo” sneered, “If you want face, kill yourself! Anyway, I won’t accompany you to death! – That human being is so shameless!”

Ba Yang gritted his poisonous teeth bitterly and said, “It’s really shameless!”

The eight-winged snake fled for another quarter of an hour, and suddenly—

Bang! Bang! Bang! Bang! ...

The momentum on them, like a deflated ball, faded like a tide.

But their body size, on the contrary, has recovered from thirty feet to more than ten feet—large, which is not necessarily a good thing. Large, it means not refined enough.

The body shape has recovered, but their breath is much weaker than before the burning of the original blood essence. Burning the original blood essence once, for them, the damage is too great!

“In a state of weakness!”

“Luo” was the last one to fall into a weak state: “Find a place to hide first! We are too weak now, and it is very dangerous to act in the Buried Bone Mountains!”

“it is good!”

“it is good!”

The eight winged snakes all landed in the Buried Bone Mountains. They found a narrow and deep cave and hid in it.

“In the battlefield of ten thousand races, our spiritual power is greatly affected. We are hiding in the depths of this cave again, and it is almost impossible to be discovered!”

“Fall” said.

The eight winged snakes quickly took out the healing treasures and recovered.

“When the weak state is over, let’s go back to the space channel and spread the message of that shameless human race, so that other monster races are careful, don’t follow his way!” Ba Yang said bitterly, “Best, Can you invite a master to help us take revenge!”

At this moment, a sinister voice sounded revenge? – Are you looking for revenge on me? “I don’t know when, Xu Ming stood at the entrance of the narrow hole.

The eight winged snakes all stared at it dumbfounded. Xu Ming was holding a spear, and his figure seemed to be incomparable. Behind Xu Ming, there was an endless sandstorm outside the cave.

“Shameless humans!”

The eight-winged snake was furious, and the ferocious aura frantically emanated from the depths of the cave.

However, no matter how they show their teeth and claws, they can’t hide their weakness!

“Shameless humans, how did you find us!?”

“Luo” spit out a poisonous letter coldly, with murderous intent in his eyes; but deep in his heart, there is a strong powerlessness! – It was about to be tortured to despair by Xu Ming’s shamelessness!

“Hey!” Xu Ming smiled, “How did I find this place, you don’t need to know! – What, now you are all in a weak state? I am afraid that the strength you can exert is less than 60%. Bar?”

“You... how did you know!?” Ba Yang couldn’t help but blurt out.

“Idiot!” “Luo” couldn’t help scolding secretly—Ba Yang’s words accidentally revealed their current state.

“Hehe! Of course I know!” Xu Ming laughed.

He has “exploration” hanging on, naturally, he knows the enemy’s state like the back of his hand.

“There’s only less than 60% of your strength?” Xu Ming said deliberately, “If that’s the case, then I’ll take care of you rudely!”

For aliens, there is nothing to show mercy!

Humans and aliens are absolute mortal enemies! Either you die or I die! – This point, Xu Ming saw it very clearly the last time he witnessed the golden rat slaughtering hundreds of thousands of people with his own eyes!

“You... if you dare to come over, we will burn the blood of the source!”

Chapter 560: Play Dead

“You... if you dare to come over, we will burn the blood of the source!”

“Fall,” he threatened sternly.

“What? Can it still burn!?” Xu Ming was startled for a moment, and then sneered, “Come on, then burn another one for me to see!”

Ba Yang, Luo and other winged snakes were so angry that they vomited blood.

They really want to burn the blood essence of the source for the second time, and ruthlessly tear this shameless human being to pieces! But they are worried that once the blood essence of the source is burned, the other party will run away directly...

As a result, the eight winged snakes fell into an extremely embarrassing situation! – To burn, or not to burn?

If you burn it, you will be killed by the opponent!

If you don't burn it, you may be killed by the opponent now!

“Shameless!”

“So shameless!”

The eight winged snakes will all be driven crazy by Xu Ming!

They couldn't figure out why when they were chasing Xu Ming, they chased after him, and Xu Ming disappeared without a trace. They couldn't figure it out even more, how did Xu Ming find them now!

In front of Xu Ming who was hanging up, the poor eight little snakes had no choice but to be killed!

“Since you don't want to burn the blood of your origin, then I will have to kill you!” Xu Ming said deliberately, dragging his spear, and walked into the depths of the cave step by step.

In the eyes of the eight winged snakes, there are crazy and fierce colors.

“Brothers, fight with him!” Ba Yang roared.

boom!

Secondary burning of the original blood essence!

boom!

boom!

boom!

...

The other winged snakes also burned their original blood essence for the second time.

It's just that the power on them is slightly weaker than when the original blood essence was burned for the first time.

rumbling...

Caves collapsed, mountains toppled.

The eight winged snakes all madly attacked Xu Ming. They killed Xu Ming's front, back, left, right, up, and down, and surrounded Xu Ming!

"Surrounded!"

Ba Yang and Luo are all overjoyed.

"Hahaha, shameless human beings, surrounded by us! Now, let's see where you can escape!"

"Hahaha... Dare to play with us! You are dead!"

Xu Ming just looked at it indifferently: “Really?”

“Humph! Shameless human beings!” Ba Yang roared, “Even if you are a top half-step master, and you are surrounded now, you can’t even try to kill you!”

“Haha!” Xu Ming smiled casually, “Eight little snakes, don’t you think it’s strange?”

“Strange?” Ba Yang was startled, “What’s strange?”

“You didn’t find out, I didn’t move at all this time?” Xu Ming laughed.

“That’s right...” The eight-winged snakes were puzzled, and even “Luo” couldn’t understand, “Why didn’t you escape? – Could it be that you still have the confidence to fight one against eight when we are burning the essence and blood of our origin!”

“With the confidence of one against eight, there must be!” Xu Ming smiled indifferently, “However, it is too laborious to fight hard, I don’t plan to do so much!”

“Then what do you think? Is it possible that you can still run away?” Ba Yang roared.

“What do you think, you don’t have to worry about it! You should discuss it, what are you going to do next!”

As Xu Ming said that, in front of all the snakes, he turned on “absolute stealth” and disappeared... disappeared!

“Um!?”

“What about people!?”

“what happened!?”

The eight winged snakes are really ignorant!

They blinked their big eyes and looked at Xu Ming's location in disbelief; however, no matter how carefully they looked, they could only see a blank space.

The winged snakes even spread out their mental power and frantically probed every inch of the surrounding space; but still, not even Xu Ming's hair was found!

Xu Ming, in front of them, disappeared alive!

The eight winged snakes looked at each other in dismay, and each snake's face had a "living to hell" expression.

They have roamed the Endless Continent for tens of thousands of years, and they have seen many strange situations; however, this is the first time I have seen such a strange situation—such a big living person, how to say that he disappeared and disappeared!

Whoosh!

Whoosh!

Several winged snakes, even with their huge tails, swept over Xu Ming's position, but they didn't find anything.

"Where did the people go!?"

The Winged Serpents were completely at a loss.

Xu Ming was in a state of "absolute invisibility" and laughed secretly: "A group of stupid snakes!"

"Absolute stealth", it is claimed that it will not be broken by any means unless Xu Ming moves his body.

Possibly, the real superpower can use "time and space" or "causal" means to attack Xu Ming without breaking the "absolute stealth". However, that kind of incredible method is obviously not within the control of a few small snakes!

A few little snakes can only honestly accept the fate of being played by Xu Ming!

“Luo, what should we do now?” Bayang Wohuo asked.

A group of winged snakes really have nowhere to vent their fire!

“What else can we do? Run away!” “Luo” said helplessly, “If we stay here, we will only become weaker when the state of burning our blood essence is over!”

“Escape...” The winged snakes all escaped from the shadows, “If you run away, will this shameless human come after you again!”

“I guess so! So, we all run away!” “Luo” was annoyed, but there was no way to do it, “Fleeing separately, although it is possible to be defeated one by one, it is better than being caught by this shameless human race again. Be strong, right? – As for who can escape, it depends on luck!”

Whoosh! Whoosh! Whoosh! Whoosh! ...

After the eight winged snakes had agreed on the sound transmission, they all rushed in all directions, escaping in eight directions.

“Uh? I learned to be smart, and I actually knew that I had escaped separately!”

Xu Ming walked out of the invisible state: “If they don’t run away I also want to force them to burn the blood of the origin three times, and burn the blood of the origin four times... until they run out of energy and die! Now! It seems that you can’t play like this!”

“But... if we run away separately, we can escape? – A group of naive stupid snakes!”

Xu Ming generally would not hang up “absolute stealth” in front of others.

After all, things like “suddenly disappearing” are too weird; once it spreads, it will bring Xu Ming a lot of trouble. Moreover, Xu Ming, of course, had to hide the tricks like this, so that no “people” knew about it.

But now, Xu Ming is exposing the secret of “absolute stealth” in front of a group of winged snake monsters. Why?

because...

Xu Ming won't leave any living mouths at all, and won't let them have the opportunity to spread his secrets!

As long as all the winged snakes are killed, it will be over!

“kill!”

Xu Ming directly identified the direction of “Luo”'s escape and chased after him.

It didn't take long for Xu Ming to catch up with “Luo”.

“Shameless humans!” “Luo” was shocked, “Why don't you go after them, but come to kill me!?”

Xu Ming chuckled: “Because...you are the smartest! If I keep you, I'm afraid there will be an accident; so, kill you first!”

boom!

Xu Ming threw a few shots in anger, swept away the “falling” block, and the long spear penetrated directly into its body.

“Die!”

“Reincarnation black hole!!”

“No—” The smarter you are, the more afraid of death. This is the same whether it is “man” or “snake”.

boom! !

The terrifying vortex collapsed into a black hole, smashing the “fall” into pieces.

“Next!”

Xu Ming probed Ba Yang’s location again and killed him directly!

Eight winged snakes, Xu Ming will not let one go!
