

# A World 611

Chapter 611: Where Is The Face?

“I’ll slaughter that little dragon first, and I’ll talk to you later!”

Xu Ming is completely provoking the blood-eyed demigod!

Yes, it is provocation!

Deliberately provocative!

Xu Ming can’t wait to provoke the opponent’s head, and the main body will enter the battlefield of ten thousand clans, it will be fun! -In that way, the rules of the kingdom of God will directly kill the intruding demon demigods!

It’s a pity that the demon demigods are not so stupid.

“Xu Ming!”

Ten Thousand Blood Eyes and Howling Demons were gnashing their teeth, but there was nothing they could do, and they didn’t dare to break into the Ten Thousand Clan battlefield; they could only watch, Xu Ming arrogantly slaughtered the poor little Jiaolong, and then swaggered. run back.

“By the way, the Howling Demon!” Xu Ming looked at the Howling Demon demigod with a bullish expression on his face. “You were just about to introduce this flat-shaped monster, didn’t you?— Come on, let’s continue the introduction!”

Flat-shaped monsters?

Although the shape of Wanxueyan looks like a huge circular manhole cover, it is true that it is flat. However, when Xu Ming said it like this, it always sounded weird and humiliating.

The Howling Demon Demigod was introduced with a roar, but he was interrupted by Xu Ming, and his aura was lost, and his voice was a little weak: “This is the blood-eyed demigod of our Demon Race Shadow Alliance!”

Bloody eyes! ?

Hearing these three words, Xu Ming couldn't help but startled slightly. Of course, he has heard of these three words – Ten Thousand Blood Eyes Demigod, not only the topmost existence in the Monster Race Alliance; even if you look at the entire Endless Continent, it is one of the most terrifying existences!

The three words “Eyes of Ten Thousand Blood” are enough to deter all races!

But now, Xu Ming could not be deterred.

Not only could it not be deterred, but it also caused Xu Ming's endless anger.

“You are Wanxueyan?” Xu Ming's eyes were cold, and he looked at Wanxueyan without showing any weakness.

Among the demon clan, which force made Xu Ming feel the most anger and hatred? —It is undoubtedly the shadow alliance of the demon clan!

The Shadow Alliance is mainly responsible for lurking and assassination.

The demon lurkers lurking in the territory of the human race belong to the Shadow Alliance—for example, the gold-devouring rat who once assassinated Xu Ming!

Another example is Dove Poison, which also comes from the Shadow Alliance.

In the era of “relative peace” between the human race and the alien race, the one that caused the greatest harm to the race was the Shadow Alliance! – The lurkers sent by the Shadow Alliance often have some attacks. A random attack will cause millions, tens of millions, or even hundreds of millions of human compatriots to die!

At this moment, the “Eyes of Ten Thousand Blood”, the leader of the Shadow Alliance, was in front of him, how could Xu Ming not be hated and angry?

“Human kid!” Wan Xue’s eyes were indifferent, like ants, “In front of me, you dare to be so arrogant, very good!”

“This is arrogant?” Xu Ming hummed disdainfully, “It’s even more arrogant, you haven’t seen it before!”

Ten thousand blood eyes and demigods, so what?

What about one of the most terrifying beings in the entire endless continent?

Even in the face of the gods, Xu Ming still dared to be so arrogant!

“By the way!” Xu Ming said coldly, “Is Jiudu your direct disciple? – I killed it! Aren’t you coming to avenge it?”

“Don’t try to provoke me, it’s impossible for my body to break into the Brahma Divine Kingdom in order to kill you, an ant!” Wan Xueyan said bluntly, “As for revenge... I will kill you in the future, for my disciple. Revenge!”

“Really?” Xu Ming smiled contemptuously, “Then I’ll wait for your revenge later! As for now... Wanxueyan, tell me, where is your face? I’m going to slap you!”

“What!?” Wan Xue’s eyes were stunned for a moment, as if he heard a big joke, “You want to beat me? Hahahaha... You still want to beat me?”

Howling Demon Demigod’s expression is a little weird! – In its view, Xu Ming’s slap is too weird, and the possibility of Wanxue’s eyes being slapped is very high!

However, the Howling Demon Demigod flashed a trace of malice in his heart, deliberately not reminding the Wanxueyan Demigod.

It thought badly: “If the Wanxueyan was also slapped by Xu Ming, then it would not be a shameful thing for me to be slapped by Xu Ming! – Hmph! Wanxueyan, how dare you indiscriminately smoke me, now, let you also taste the taste of being smoked!”

Thinking of this, the Howling Demon Demigod faintly looked forward to what would happen next.

However, Wanxueyan is a fan of the authorities, and did not notice the strangeness in it at all. Instead, he arrogantly provoked Xu Ming: “Want to slap me? – You are here!”

“Haha!” Xu Ming raised his slap, “As you wish!”

Immediately afterwards, the “Force Slap in the Face” was hung up, and an erratic palm shadow flew directly towards Wanxueyan’s... whole body.

Yes, the whole body.

You must know that the eyes usually grow on the face; and the ten thousand eyes of the ten thousand blood eyes are all over the body, which means that the whole body of the ten thousand blood eyes is all the face!

No matter which part of the Ten Thousand Blood Eyes is attacked, they are hitting its face!

In fact, Wanxueyan’s defense is fragile, but the various evasion methods are extremely strange. Even the demigods have a hard time attacking Wanxueyan; therefore, Wanxueyan is rarely “slapped in the face”.

“Hmph, little trick of the eagle!” Wan Xue saw the palm shadow slowly lingering didn’t take it to heart at all; two blood lights shot out from the two open blood eyes, trying to annihilate the palm shadow.

However, the two rays of blood penetrated directly from the palm shadow without touching anything.

“Huh?” Wan Xue’s eyes were startled.

It can feel that this palm shadow seems to be an illusory existence.

“interesting!”

Immediately afterwards, the figure of Wanxueyan turned into black lightning, flashing again and again, trying to shake off the shadow of the palm.

However, no matter how it dodged, the strange palm shadow was like a dog-skin plaster, following the shadow.

“Huh!?” This time, Wanxueyan was really surprised – what kind of method is this, it is so strange!

Of course, Wanxueyan couldn't tolerate it, and his noble self was slapped in the face by Xu Ming; in desperation, its mental power projection dissipated directly, and mental power also exited the battlefield of ten thousand races like a tide.

Outside the Wanzu battlefield, Wanxueyan sneered: “Want to slap me in the face? Now, I see how you can slap me in the face!”

What Wan Xue did not know was that the Howling Demon demigod beside it was secretly sneering, waiting to see its jokes.

In just a moment, the strange palm shadow chased out from the space passage.

“what!?”

At this time, the demigod of Wanxueyan was really horrified – what kind of mystery is this slap in, and it can actually catch up here!

Of course, Wanxueyan didn't want to be slapped. It retreated sharply, escaping directly into the depths of the space crack, as fast as lightning.

What I didn't expect was that the strange palm shadow was chasing after him, faster than the \*\*\*\* eye demigod!

“Do not!”

Ten Thousand Blood Eyes Demigod changed direction again and again.

But no matter how coquettish it is, it can't escape the tracking of Palm Shadow.

Snapped!

There is no suspense, one of the most terrifying beings in the entire Endless Continent, the “Blood Eyes Demigod”, honestly slapped Brother Ming.

Chapter 612: Buy It And Let It Go!

Snapped!

After a loud slap, Wanxue Eyed Demigod froze in place.

This slap, although it failed to cause any damage to Wanxueyan, directly shattered its dignity.

At the same time, this slap also announced something to the Endless Continent – looking at the entire Endless Continent, Brother Ming will slap whoever he wants; there is nothing that can stop the slap of the palm god!

The Howling Demon demigod saw Wan Xue's eyes shriveled, and secretly laughed secretly: “I told you to slap me! Now, you will be slapped yourself!”

But at the same time, the Howling Demon Demigod was more shocked.

You know, Wanxueyan, but with its fierce attack and erratic figure, it intimidates the Endless Continent!

Why did the Howling Demon Demigod act like a grandson when he faced the Eye of Ten Thousand Blood? It was because the Howling Demon Demigod's proud defense could not stop Wanxueyan's

fierce attack; and the Howling Demon Demigod's attack could not even touch Wanxueyan's hair. Once the Howling Demon Demigod meets tens of thousands of \*\*\*\*\* eyes, he will definitely lose!

In fact, it's not just the Howling Demon demigods; many other demigods are also difficult to attack Wanxueyan – Wanxueyan's figure is too strange!

But even so, in the face of Xu Ming's slap, Wanxueyan is still unavoidable!

“Roar?”

“Ugh...”

The other top powers of the demon clan also looked straight.

The Howling Demon Demigod was slapped by Xu Ming before. Although the demon clan's great powers were shocked, they could barely accept it. After all, among the demigods, there are also distinctions between “sensitive” and “clumsy”; and the Howling Demon demigods are undoubtedly very clumsy.

But now, Wanxueyan has also been slapped, which makes the demon clan masters completely unacceptable! – Looking at the entire endless continent, I am afraid that there may not be a more “sensitive” existence than Wanxueyan!

“This Xu Ming, there must be some secret hidden in his slap! It is possible that he used some special treasure!”

The demons are all guessing.

Even Wanxueyan thinks so. Otherwise, with its strength, how could it possibly be slapped by Xu Ming?

“Maybe, it was Xu Ming who harvested some treasures in the Canned Sword Pagoda!”

“Well, it should be! True God Brahma is a real \*\*\*\*\* after all; it's not surprising that the treasures he left have such incredible effects!”

The demon clan experts wisely guessed the “secret” of Xu Ming’s palm.

The gods possess the supreme divine power.

In the long history of Endless Continent, the demigods that have appeared are like crucian carp crossing the river; however, there are only a handful of gods that have appeared! Any unimaginable thing, as long as it is related to the gods, suddenly becomes normal!

“Humph!” With humiliated eyes, Wan Xue flew back to the deck of the battleship, and said angrily, “It’s just in the Remnant Sword Tower that I got a treasure that has no practical value! So arrogant, sooner or later I want him to die!”

When Wan Xueyan said this, he actually admitted that he had no way to take Xu Ming now.

“Leader.” Howling Demon Demigod looked respectful, not daring to show sarcasm at all, “What shall we do next?”

“What to do...” Wan Xueyan was also very distressed.

You must know that most of the existences above the four-step Daoist of the demon clan are in the battlefield of ten thousand clans.

As for Xu Ming, he stood by the space passage and waited for the rabbits; these demon clan Taoists and half-step Taoists, if they come back, one will die, and if they come back, one will die! If Xu Ming wants to slaughter so recklessly, the demon clan will definitely suffer greatly!

But unfortunately, the powerful demon clan couldn’t help Xu Ming at all. Demigods like Wanxueyan and Howling Demon were all slapped by Xu Ming, but they didn’t even have the ability to find their way back.

“I’m going to meet Xu Ming again!”

Ten Thousand Blood Eyes Demigod pondered for a moment, then lowered his mental projection again.

“Blood Eyes!” Xu Ming sneered and provocatively said, “Is this slap accepted?”

Facing Xu Ming’s provocation, Wanxueyan was speechless.

persuade”? – Where to put the face of Wanxueyan?

Saying “I don’t agree”, Wan Xueyan was worried again, Xu Ming slapped himself again, and the shame would be even bigger!

“Xu Ming.” Wanxueyan’s demigod’s voice was cold, “You have slaughtered more than 1,000 masters of my demon clan, should you stop?”

“Shut up?” Xu Ming said indifferently, “Why do you want to quit? – It’s only over a thousand, hasn’t it been killed yet?”

Just over a thousand...

Didn’t they kill them all...

Hearing Xu Ming’s indifferent tone, Wan Xue’s eyes were filled with anger: “Xu Ming, do you really want to be with our demon clan forever?”

“Haha...” Xu Ming couldn’t help laughing, “Isn’t your demon clan and I always dying?”

With a disdainful snort, Xu Ming continued: “You demon clan, if there is a chance, you will definitely kill me and then hurry up And I, if I have the opportunity, will definitely kill your demon clan. Kill as many as you want! – You are too naive to threaten me with ‘I will never die!’”

Ten thousand blood eyes and a demigod have an extremely cold aura, and even the space within the ten thousand li limit is completely frozen. The sandstorm that danced wildly all over the sky was still in the air.

However, beyond the limit of ten thousand miles, it was not affected at all – under the suppression of the rules of the kingdom of God, the aura of the demigod of ten thousand blood eyes could not

penetrate the limit of ten thousand miles, and naturally it would not have the slightest impact on Xu Ming.

“Another hanging puppy, barking wildly!” Xu Ming commented secretly.

“Xu Ming, tell me, what conditions do you need before you can quit!?” Wan Xueyan also knew very well that it was meaningless to continue to threaten Xu Ming; therefore, he directly raised the conditions.

“Under what conditions do you want to stop?” Xu Ming sneered, “I’m not interested in anything, I just want to slaughter your demon clan as soon as possible! – Now there are so many demon clan Taoists in the battlefield of ten thousand clans, of course I want to kill them. So happy! Kill as much as you can!”

“You...” Wanxueyan’s demigod’s voice was cold, “A demigod, buy it and stop it!”

“A semi-artifact? The handwriting is really big enough!” Xu Ming remained unmoved.

Wanxueyan’s aura became colder and colder: “A mid-grade semi-artifact!”

Xu Ming remained unmoved.

“Xu Ming, don’t go too far!”

Ten Thousand Blood Eyes slowly opened a few more eyes – usually, it only has two eyes open; if the other eyes are also opened, it means that it is extremely angry!

“A high-grade semi-artifact, buy it and stop it, it’s enough!”

“Ha!” Xu Ming sneered disdainfully, “Don’t waste your time, even if you come up with a top-quality semi-artifact, I’m not interested! – I’m only interested in slaughtering your demon clan!”

Chapter 613: Sum

“I’m only interested in slaughtering your demon clan!”

Treasures, Xu Ming does not want them.

Xu Ming only needs to – kill! kill! kill!

Wanxueyan became more and more angry, and his aura became colder and colder; even the grains of sand that were still within the limit of ten thousand miles were frozen and cracked one by one: “Xu Ming, don’t do it too much! It really annoys me, I want you all The human race will pay the price for this!”

“Absolutely?” Xu Ming sneered, “The battle between ethnic groups, there is still the saying ‘never absolute’? – I have the opportunity to slaughter now, so I won’t do it a bit; don’t tell me, in the future, I will never do anything to our human race. ‘?’”

“Xu Ming, you are forcing me...” Wan Xueyan was about to go wild.

“What’s forcing you? If you have the ability, you can enter the battlefield of ten thousand races!” Xu Ming sneered, “If you don’t have the ability, you can watch it quietly; if you are not quiet, I will slap you!”

To be able to threaten Wanxueyan like this, looking at the entire endless continent, apart from Xu Ming, I am afraid that there is no other person to come!

“You...” Wan Xueyan wanted to curse.

At this time, another demon race half-walker “going home”. Xu Ming left Wanxue’s eyes directly, rushed over in a hurry, and slaughtered the half-step master.

Next, Xu Ming really did not hesitate, and when the monster clan masters came back, Xu Ming killed a few!

No matter what conditions Wanxueyan put forward, Xu Ming would just say one word – kill!

“Xu Ming!” Wan Xueyan gritted his teeth, and in the end he couldn’t stand it any longer. He directly dissipated his mental power projection, and his mental power also exited the kingdom of God like a tide.

...

Outside the demon clan space channel, the demon clan greats are all discussing fiercely.

“Leader, Xu Ming is really deceiving the demon too much!”

“Leader, what should I do, do you allow Xu Ming to slaughter my demon clan Taoist?”

“Absolutely not! – Now, my demon clan still has more than 5,000 half-step Taoist masters and tens of thousands of Taoist priests in the battlefield of ten thousand tribes! If Xu Ming is allowed to slaughter, the consequences...”

All the demon clan experts said.

“Absolutely not?” Wan Xueyan roared angrily, “I know absolutely not! But Xu Ming is guarding near the space passage, waiting for the rabbit; you say, what can we do?”

Howling Demon Demigod: “Leader, or else, let’s find another place and open up a new space channel!”

“Yes, yes, why didn’t I think of it!” A fat pig Daoist immediately echoed, “As long as Xu Ming doesn’t know about it, he can open up a new space channel and come out, that’s fine!”

Unexpectedly, Wan Xueyan cursed directly, “Two idiots!”

idiot?

Howling Demon Demigod and the Fat Pig Daoist said, “Alliance Lord, isn’t our method very good? – As long as a new space channel is opened up, Xu Ming will never know!”

“Ha!” Wan Xueyan sneered, “Xu Ming really doesn’t know...”

“Yeah, that’s fine!” Howling Demon Demigod continued.

“Xu Ming really doesn’t know, but the Dao Venerables and Half-step Dao Masters of our Monster Race don’t know either!” Wan Xue looked at the Howling Demon Demigod and sneered, “Do you think that when the time comes, they will Go to the new space channel, or will you go to Xu Ming?”

“This...”

The answer speaks for itself.

Howling Demon Demigod thought for a while, and then said “smartly”: “Then after we have opened up a new space channel, we can send the Taoists in and inform the Taoist and half-step Taoist inside!”

Wan Xueyan said speechlessly: “If you say you are an idiot, you still don’t believe it!”

“I...” The Howling Demon was dissatisfied, “Where am I stupid?”

“Isn’t it stupid?” Wan Xueyan snorted, “The battlefield of ten thousand races is extremely vast! If you want to find someone in it, unless you know the approximate location in advance, it is like looking for a needle in a haystack; before you find a few, they may be similar. I was slaughtered by Xu Ming! – You said, your method is stupid!?”

After being scolded by Wanxueyan like this, the Howling Demon Demigod reacted – how stupid!

“Then...” Howling Demon Demigod said eagerly, “Then what should we do? Could it be that Xu Ming is allowed to slaughter inside!?”

“How is that possible!” Wan Xue’s eyes were cold and imposing, “Those Dao Venerables and Half-step Dao Masters, but the future of my demon clan, how can Xu Ming be allowed to slaughter recklessly? – Hmph, I’ll go meet the Sword Master for a while!”

...

Outside the human race space channel.

Sword Master, Zhan Wuwei, Elder Xuanqing and other top human beings have long known that Xu Ming “blocked the door” next to the demon clan space passage.

“Brother Xu Ming is really...” Zhan Wuwei thought a little speechlessly, “Enough arrogance! Enough domineering!—much more arrogant and domineering than I was back then!”

The sword master laughed and said, “You?—You were only a ‘million-year-old’ genius before, how can you compare to Xu Ming!”

“Hey...” Zhan Wuwei deliberately sighed, “People are more mad than people! I think Zhan Wuwei is talented, but compared with Brother Xu Ming, I really want to die!”

The sword master smiled and said: “Xu Ming is slaughtering the demon clan so much, I guess, the high-level demon clan will definitely not be able to sit still!”

“Haha...” Elder Xuanqing suddenly laughed, “Sword Master, do you know what news I got?”

“Oh?” The sword master knew that he must be having some fun when he saw the mysterious smirk of the old man Xuanqing, “Come on, don’t hang your appetite!”

The old man Xuanqing stroked his beard and laughed: “Howling Demon, Wanxueyan, these two demon demigods, were slapped by Xu Ming one after another!”

“what!?”

“what!?”

“what!?”

Everyone was shocked.

Even the great powers of the human race can't imagine how Xu Ming did it. In the end, they all guessed that Xu Ming should have obtained some mysterious treasure that was specially used to slap his face in the Canned Sword Pagoda; after all Other than that, they couldn't think of any other possibility.

At this moment, a terrifying and vast coercion came towards the sword master and other great powers.

“Sword Master...”

A rumbling thunderous sound came.

The sword master's eyes were like a torch, and he shot into the depths of the space crack:  
“Wanxueyan, I knew you would come! – Would you like to come and sit in my battleship?”

“Humph! Forget it!” Wan Xueyan dared not enter the sword master's battleship.

After all, the battleship of the Sword Master is a semi-artifact-class battleship! If Ten Thousand Blood Eyes dares to step in, its life will no longer be controlled by itself!

In the same way, the sword master did not dare to walk into the battleship of Wanxueyan.

“Sword Master!” Wan Xueyan snorted coldly, “Xu Ming of your human race, slaughter my demon race Dao Zun! – You have to give me an explanation!”

“Explain?” The sword master smiled, “Your demon clan is not strong enough, and you have to blame our human clan for being too strong? – Don't say anything false, you are here this time to ask for peace, right? Then take you out directly. Come with sincerity!”

“Summoning”, which often occurs in collisions between ethnic groups.

For example, right now, neither the human race nor the demon race are ready for a full-scale war. Therefore, both sides are not willing to completely tear their faces, but prefer to use “reconciliation” to solve the problem.

Zhan Wuwei, Elder Xuanqing and other human powers are all “grooming” – they can give the demon clan a good meal!

“Humph!” Wan Xueyan snorted coldly, “You human race, it’s best not to ask too hard!”

“The price, we can talk about it slowly!” The Sword Master deliberately said leisurely, “It’s just... the slower the talk, the more the Dao Zun of your demon tribe will die!”

The meaning of the sword master’s words is very direct – this time, our human race has finalized your monster race!

As for the treasures “extorted”, the sword master will of course give all of them to Xu Ming.

#### Chapter 614: Good Talk

The vicinity of the demon clan space passage has become the “cemetery” of the demon clan masters.

Once the Demon Race Dao Venerable and Half-Step Dao Master in the Ten Thousand Races Battlefield appeared in the vicinity, they would be slaughtered mercilessly by Xu Ming.

In a short time, the number of monster masters who died in this area reached thousands. Among them, there are five-step Taoist, six-step Taoist, and half-step Taoist.

Among these monster clan masters, there are dozens of them who can become Dao Masters at least! – In other words, Xu Ming is equivalent to indirectly slaughtering dozens of Taoist masters!

“Xu Ming!” Howling Demon Demigod has been staring at the limit of ten thousand miles, how angry he is!

However, it is useless to be angry! Xu Ming slaughtered the demon clan without any hesitation!

“For the sake of the human race, you all deserve to die!”

There is no right or wrong in the battle between ethnic groups!

Whether it is the great power of the human race or the great power of the monster race, they are all for the sake of making their own ethnic group live better!

boom!

Suddenly, the demigod of Wanxueyan, who had already left, lowered his mental projection again.

“Wanxueyan, are you here again?” Xu Ming sneered.

Looking at the entire endless continent, there are only a handful of people who can still keep their faces in the face of the blood-eyed demigod! And Xu Ming is one of them.

even...

On the contrary, it is the \*\*\*\*\* eyes and demigods, who will be a little nervous when facing Xu Ming, for fear that Xu Ming will slap him if he disagrees.

“Xu Ming, you should kill enough, stop it!” Wan Xue’s eyes were cold, obviously in a very bad mood.

“Killing the demon clan, how can you kill enough!” Xu Ming couldn’t help sneering, “Want me to stop? It’s beautiful!”

“Then look at this!” In front of Wanxueyan Demigod, a \*\*\*\*\* jade slip suddenly appeared.

“What is this?” Xu Ming was slightly startled.

“See for yourself!” Wan Xueyan threw the jade slip over directly.

Xu Ming took the jade slip with a puzzled look on his face—he felt a familiar aura on this jade slip.

“Huh? How can there be a familiar atmosphere?”

Xu Ming was puzzled.

Moreover, this familiar breath seems to be... the breath of the sword master!

call out!

Suddenly, a wisp of blue smoke emerged from the jade slip and gradually condensed into a human form—it was the sword master!

Regardless of appearance or temperament, they are all fake sword masters.

The voice of Wanxueyan also sounded faintly: “You should recognize the Sword Master’s ‘Phantom Jade Slip’!”

The phantom jade slip is to use a trace of spiritual power to condense into a phantom, which exists in the jade slip. The breath of spiritual power is almost impossible to fake; therefore, it is almost impossible to fake the phantom jade slip.

“Sword Master.” Xu Ming looked at the phantom of the Sword Master.

The sword master smiled and looked at it: “Xu Ming, you did a good job, and you can slaughter the demon clan like this; forcing this kid with Wanxueyan to come to me and beg for mercy!”

With that said, Sword Master Phantom also privately said: “Brother Xu Ming, I knew you were not simple, but I didn’t expect you to be so... perverted!”

Hearing the words “Brother Xu Ming”, Xu Ming was sure that the phantom in front of him was definitely the sword master.

because...

The sword master called Xu Ming “Brother Xu Ming”, and this matter was only known to some of the top leaders of the human race, such as the Supreme Heaven Palace Master. And in order to conceal that Xu Ming is actually more terrifying than the “ten million-year-old” genius, the top human race will not leak this “appellation” at all.

Moreover, even if the demon clan inquired into the details of Xu Ming, they would not pay attention to such details.

The Sword Master Phantom, who deliberately called out “Brother Xu Ming” through voice transmission in private, was actually revealing his identity to Xu Ming.

“Sword Master!” Wan Xueyan scolded, “Speak more clearly, who is begging for mercy?”

“Oh? It’s not begging for mercy?” Sword Master Phantom sneered, “Since it’s not begging for mercy, then why did you go to me and give me such a precious treasure? – Beg for mercy, beg for mercy, there’s no shame in it! After all, you demons Clan, they are already weak!”

“Humph!” Wan Xueyan snorted coldly, “If you don’t let you take advantage of it a little bit, you’ll be fine!”

“Just taking a little advantage? – I can’t see it!” The sword master continued to sneer, “I heard that there are more than 2,000 Yaozu Taoists who died in Xu Ming’s hands! – You Yaozu, it’s true don’t you feel bad?”

“Humph!” Wan Xueyan was speechless.

This time, their monster clan really suffered a lot!

Seeing that Wan Xue’s eyes were being honest, the sword master continued to look at Xu Ming with a smile: “Xu Ming, since the demon clan has already accepted their counsel, let’s raise our hands and let them go!”

“Let them go!?” Xu Ming was shocked.

He didn’t expect that the sword master’s phantom jade slip appeared here, and he wanted to tell him this.

“Sword Master, why do you want to let them go?” Xu Ming said through a voice transmission, “Now, there are tens of thousands of demon clan Dao Venerables in the battlefield of ten thousand clans; if I let go of killing them, I can definitely kill most of them! – In this way, to our human race, wouldn’t it be very beneficial?”

The sword master said privately: “Xu Ming, the battle between the two ethnic groups is not so simple!”

“Oh?”

The sword master continued his voice transmission: “Now, the Endless Continent is in a relatively peaceful period; although there are frictions between the major ethnic groups, the war has not happened for a long time! Whether it is our human race or their demon race, it is temporary. I don’t want to tear my face and break out a war! – After all, once the war breaks out, it will not be good for the human race or the demon race, but it will benefit the alien races such as the demon race, the blood race, and the fisherman!”

Xu Ming was lost in thought.

The sword master said again: “And if you insist on slaughtering the Taoist masters of the entire demon clan, then our human clan and their demon clan will definitely tear their faces! When the war breaks out, yes Our human race is also harmful and useless!”

“Well...” Xu Ming nodded secretly.

Xu Ming is not alone.

Behind him stood the entire human race; every move could involve the race.

“Then do I just let them go?” Xu Ming asked a little unhappy.

“Of course it’s impossible to just let it go!” The sword master smiled and transmitted his voice, “Don’t worry! I’ve already knocked on Wan Xueyan! – The treasure is now in my hands, and when you come back, I will Give you the treasure!”

“What treasure is it?”

“When you come back, I will give it to you, and you will know!” The sword master sold out.

“Okay...” Xu Ming was speechless – the sword master is so naughty, he has learned to sell his way!

“This slaughter, let’s stop here!” the sword master said, “The monsters have already suffered enough damage, and we have also gained a lot of benefits, so let’s just accept it! – If you really rush the monsters, treat us It’s no good for both parties!”

“Yeah!” Xu Ming understood, of course, and said, “Speaking of which, Wan Xueyan’s direct disciple, Jiu Du, also died under my gun! Now, Wan Xueyan must have died of depression!”

The sword master said with a smile: “Most of the demon clan are ruthless people, they are just dead apprentices, Wan Xueyan doesn’t necessarily feel so sad! – It’s your slap that really makes Wan Xueyan angry! It’s really beautiful. Ha ha...”

“Haha...” Xu Ming also laughed.

Immediately, Xu Ming turned to Wanxueyan and Howling Demon, and snorted coldly, “Since you demon clan sincerely beg for mercy, then I will let you go! If you dare to come to me next time, you are welcome at any time; however, next time , I can’t talk so well!”

good talk?

Wanxueyan, Howling Demon Demigod and other monsters are speechless – I don’t see where you can talk!

Chapter 615: Yin

Xu Ming took the sword master’s phantom jade slip and walked away.

In the phantom jade slip, there is a trace of the sword master’s spiritual power; although it is not much, if it is lost, it will take some time for the sword master to cultivate again.

...

Seeing Xu Ming's figure walking away, the Howling Demon Demigod couldn't help but said, "Alliance lord, are we going to let it go?"

"Otherwise?" Wan Xueyan sneered, "Thank God for such a result!"

"But...Xu Ming slaughtered more than 2,000 of our Dao Venerables!" Howling Demon Demigod Nest Huo said, "Let him go like this, where will the face of our demon clan go?"

"You still have your face?" Wan Xueyan sneered disdainfully, "If you have the ability, go and stop Xu Ming!"

"I..." If the Howling Demon Demigod had this ability, he wouldn't be slapped in the face by Xu Ming.

"Humph! Feng shui turns around!" Wan Xue said coldly, "Xu Ming also relied on hiding in the Wan Clan battlefield, we can't do anything about him, so he can be so arrogant! When he leaves the Wan Clan battlefield, I will definitely Kill him!"

In terms of assassination, Wanxueyan can be called "the first in the endless continent"!

Even if it is a demigod, it has a way to assassinate it. In its view, assassinating a Xu Ming was like playing.

"That's right!" Wanxue looked at the Howling Demon and said coldly, "Put your face out!"

"What?" Howling Demon Demigod was stunned, a little bit unable to understand Wanxueyan's words.

Wan Xueyan shouted again: "I told you to stick out your face, didn't you hear?"

Howling Demon Demigod froze for a moment: "Put out your face, what are you doing?"

“Humph!” Wan Xueyan groaned angrily, “When I was slapped in the face by Xu Ming just now, you were secretly laughing behind your back, do you think I didn’t know? – Dare to see my joke, look I won’t kill you!”

...

After Xu Ming left the demon clan space passage, he ran rampant all the way, and the human clan space passage at the other end of the ten thousand clan battlefield flew away.

“What treasure will Wanxueyan take out as the price for begging for mercy?” Xu Ming was looking forward to it.

In his opinion, since it is a negotiation between demigods, the treasures that come out must be extraordinary! After all, a demigod-level almighty, just pulling out a leg hair, is thicker than Dao Zun’s thigh!

“A treasure that can satisfy the sword master is definitely not an ordinary treasure!” Xu Ming secretly said, “It’s just that the sword master loves to betray you, so he has to tell me what treasure it is if I go back first!”

At this time, the sword master’s phantom jade slip was being thrown into the “Naring” by Xu Ming.

As for why not throw it in the space ring... Xu Ming has never heard of anyone owning a high-end product like the space ring. In case the sword master discovers the secret of the space ring, it will be troublesome for him to explain it!

The less trouble, the better.

In the endless sandstorm, Xu Ming shuttled at extreme speed; he flew past a dangerous place below.

Even, along the way, Xu Ming also met several Yaozu Dao Zun. Naturally, he showed no mercy, and slaughtered these unlucky Demon Lords.

Flying at high speed, suddenly, a sound transmission sounded in Xu Ming’s ear.

“Xu Ming, stop!”

Immediately afterwards, Xu Ming saw that a strange black figure suddenly flew out from the forest below and stopped in front of him.

This is a black girl in a strong suit.

The girl’s skin is as crystal clear as warm jade, and her eyes are as bright as clear springs; her face seems to be the most perfect work of God.

Although she was dressed in black clothes and seemed to have a cold temperament, she couldn’t hide her frailty at all; even the sandstorm around her seemed to have turned into a gentle breeze.

At this moment, even Xu Ming lost his mind.

Immediately, Xu Ming came back to his senses in horror: “Even my heart of reincarnation is lost!”

You must know that Xu Ming has experienced hundreds of reincarnations and sees through falsehood; there is very little that can make him lose his mind!

But at the moment of seeing this girl, Xu Ming was still absent-minded without any resistance!

and...

Xu Ming found that this girl naturally exudes a temptation to attract crimes. Even with Xu Ming’s tenacity, there is an urge to possess her.

“What’s going on...” Xu Ming became more and more horrified, “This girl looks like a human being, but I’ve never seen it before!”

Although there are alien races such as demons and blood races that look very similar to humans, they only look similar, but their essence is completely different.

Although Xu Ming did not dare to say that he knew every Taoist of the human race; however, if this girl was from the human race, then with her temperament and appearance, she must be very famous in the human race—Xu Ming could not have never heard of or seen it. passed.

“It’s a human, but I haven’t seen it before...” Xu Ming couldn’t help but be surprised.

What surprised Xu Ming even more was that the speed when the girl flew out of the forest just now was no slower than himself!

“In the battlefield of ten thousand races, is there any existence that is not slower than me?”

Xu Ming can’t believe it!

Why is Xu Ming invincible on the battlefield of all races? —First of all, his understanding of the way of heaven, is very close to the limit half-step Taoist; moreover, Xu Ming also has the “heart of reincarnation”, which increases his strength a lot. Of course, the most important thing is that Xu Ming hangs up!

Under the combination of many conditions, Xu Ming’s strength is comparable to the seven-step Taoist master!

In the battlefield of all races, the powers above Daoist and above are restricted from entering! It stands to reason that in the battlefield of ten thousand races, it is impossible for anyone to be close to Xu Ming in strength!

However, the speed of this mysterious girl is only faster than Xu Ming’s – and you must know that speed often represents strength!

Even if this girl’s speed is her strength, she is weak in other aspects; then, her strength will not be much inferior to Xu Ming! – What’s more, speed may also be a girl’s weakness!

From the moment he saw this girl, Xu Ming was stunned for a long time.

As for the girl, she was obviously used to being dazed when others saw her, so she had no expression on her face.

After a while, Xu Ming said, “You know me?”

“I know you.” The girl said.

“Knowing” and “Knowing” are two concepts.

“You must have never met me!” the girl said again, “Introduce yourself, you can call me... Yin!”

“Yin?” Xu Ming listened silently without speaking. He always felt that the girl’s whole body was full of mystery.

In Xu Ming’s heart, there are many doubts – what is her origin, and is she from the human race? Her strength is so strong, why did she appear in the battlefield of ten thousand races? And... what is she looking for me for?

“Xiaohang.” Xu Ming shouted in his heart, “Help me explore her!”

Xiao Hang said: “The simplest exploration requires... one billion level 6 hanging points!”

“What!?” Xu Ming’s eyes almost popped out.

It’s just a probe, and it costs one billion level 6 hanging points! – And, it’s the easiest probe!

Chapter 616: From God’S Domain

The simplest “exploration” requires one billion level 6 hanging points!

So, what about the detailed exploration?

Xiaohang continued: “A little more detailed exploration requires 10 billion level 6 hanging points!”

“For a more detailed investigation, 10 billion... Level 7 hanging points!”

“Very detailed exploration requires 10 billion... 8-level hanging points!”

“Damn it!” Xu Ming was speechless.

This is the first time Xu Ming feels that the “exploration” link is so expensive!

It’s just too expensive!

but...

“Exploration” is so expensive, and it directly shows that the origin of “Yin” is absolutely amazing!

Xu Ming’s curiosity suddenly surged up.

Xu Ming really wanted to investigate in detail, and take a good look at what the sacred girl was; but... Xu Ming has no money!

A very detailed exploration requires 10 billion level 8 hanging points! And Xu Ming, he hasn’t seen a level 8 hanging point yet!

Even if it was a “slightly detailed investigation” that cost 10 billion level 6 points, Xu Ming didn’t have that many points!

“It’s the easiest way to investigate!” Xu Ming gritted his teeth, and the 6 billion level hanging point went out.

One billion level 6 hanging points!

Enough Xu Ming to buy many Taoist-level treasures in the artifact store!

How many times did Xu Ming pretend to be forced!

But now, just such a “simplest exploration”, one billion level 6 hanging points... gone!

The efficiency of the small hanging is very high. As soon as the hanging point is deducted, the detection result is immediately given.

The result of the investigation is very simple, just six words – Yin Ran, from God’s Domain!

“Pfft!” Xu Ming almost vomited blood, “Is it gone?”

“No!” Xiao Hang affirmed.

“This is the result of the one billion level 6 checkpoint? Just six words?”

“Yes!” Xiaohang affirmed again.

“I...” Xu Ming is really about to vomit blood – is it easy to earn points and hang points? After killing so many alien races hard, I saved billions of level 6 hanging points; now it’s good, for these six words, I spent a billion...

“Xiao Hang, are you too pitiful?” Xu Ming couldn’t help complaining, “It’s just six words, as for charging me so many hanging points?”

Xiao Hangdao: “Level 6 hanging points correspond only to the middle-grade road stones. In the realm of the gods, the middle-grade road stones are worthless at all; even the sand on the roadside is more valuable than the middle-grade road stones! – Involving Exploration to God’s Domain, is it expensive to collect one billion level 6 hanging points?”

“Forehead...”

Xu Ming was speechless.

According to the small hanging, it is really not expensive!

Not only is it not expensive, it is simply too cheap! —After all, in the God’s Domain, middle-grade Dao stones are worthless than the sand on the roadside!

However, these six words really shocked Xu Ming.

Yin Ran was undoubtedly the girl’s full name. It is normal for the girl to report “Yin” instead.

What really horrified Xu Ming was the last four words—from God’s Domain!

“From the realm of the gods, doesn’t it mean that this Yin Ran is a goddess?”

Xu Ming’s concept of God’s Domain is very vague; only in some legends, I have heard of it occasionally.

In Xu Ming’s opinion, a girl from the God’s Domain is a “goddess”!

“People from God’s Domain can actually appear in Endless Continent?” Xu Ming secretly said, “It is said that True God Jiuyu and True God Brahma probably went to God’s Domain... If people from God’s Domain can return to Endless Continent; then, True God Jiuyu, True God Brahma, why has it disappeared for hundreds of millions of years and never appeared again?”

Of course, whether Jiu Yu and Brahma went to the Divine Realm or not, no one knows; about their whereabouts, it is only the speculation of future generations.

In an instant, many thoughts flashed in Xu Ming’s mind: “Also... this Yin Ran, since she is from the Divine Realm, then what did she want to do when she came to me? – Is it because she covets my beauty?”

Xu Ming still has self-knowledge, knowing that this is impossible.

It’s not that he covets Xu Ming’s beauty, so why did he find Xu Ming?

“Could it be that she discovered the secret that I have a cheater?” Xu Ming couldn’t help but feel tight.

The realm of the gods, but the world of the gods!

In that side of the world, Xu Ming has no idea what kind of bizarre means there will be.

However, Xu Ming immediately rejected it: "Impossible! Even if it is from God's Domain, it is impossible to discover the secret of the plug-in!"

Of course, Xu Ming's veto was not self-paralysis, but justified!

Take the plug-in "super perverted function" as an example.

Super perverted function: air in seconds! Take over the universe!

No matter what incredible means the gods have, Xu Ming doesn't believe that the gods can take over the universe in seconds! -Otherwise, this piece of heaven and earth would have long been destroyed by the gods of the God Realm, and there would be no scum left in seconds!

That is to say, since "God" cannot have "plug-in" metamorphosis!

Then, this Yin Ran from God's Domain, naturally, it is impossible to discover the secret of the plug-in.

Then why did she come?

Xu Ming looked at Yin Ran: "Yin, are you looking for me...?"

Yin Ran didn't beat around the bush, and said straight to the point: "I want to ask you to do me a favor!"

help?

As soon as Xu Ming heard , he refused without thinking: "No help!"

what! ?

Yin Ran was slightly startled—she did not expect that Xu Ming would refuse so bluntly.

You know, even in God's Domain, as long as Yin Ran speaks casually, he doesn't know how many young talents will be scrambling to go through fire and water for her! Even often, there will be young talents in the realm of the gods, because they are vying to be cattle and horses for Yin Ran, and they fight.

Of course, Yin Ran's personality is very cold, and he rarely asks for help.

And this time, she was forced to show up to ask Xu Ming for help because she was forced to live in the Endless Continent, but she was unexpectedly rejected by Xu Ming mercilessly!

reject?

Of course Xu Ming refused!

Even if you are a "goddess", so what? Brother Ming is not familiar with you, and he doesn't want to flatter you or tease you, so why should he help you?

Moreover...

Even the goddess from God's Domain need to ask for help; even if Xu Ming is arrogant, he knows that this is definitely very difficult – this kind of thing, Xu Ming certainly doesn't want to go into troubled waters!

"I..." Yin Ran was very aggrieved – I haven't even said what it is! was rejected...

This really made Yin Ran so depressed that he wanted to turn around and leave.

However, when he thought about his body, the poison of the "Falling Soul Mist" became more and more serious; if he didn't want to suppress it, the consequences would be disastrous, and Yin Ran didn't dare to turn around and leave! —Because she discovered that there is a way to suppress the

“Falling Soul Fog” in this ruined kingdom of gods; and in this ruined kingdom of gods called “Battlefield of Ten Thousand Clans”, the most powerful is undoubtedly Xu Ming!

Moreover, apart from Xu Ming, no one could help her.

In order to suppress the poison, Yin Ran had to let go of his grievances and depression, and looked at Xu Ming stubbornly: “What do you want to help?”

Chapter 617: Planting Spiritual Fruit

“What do you want to be willing to help?”

Xu Ming originally planned to leave, but for some reason, perhaps because of Yin Ran’s special temperament, or because of her mysterious origin; Xu Ming unexpectedly stopped his steps.

He looked at Yin Ran and asked, “Tell me first, where do you come from. There is absolutely no character like you in our human race!”

Yin Ran thought for a while and said, “I am also a human race! But... I am not a human race from your Endless Continent, but a human race from other worlds!”

Yin Ran did not directly say “God’s Domain”, but “other worlds”.

“The universe is vast, don’t you think that the entire universe is only the world of the ‘Endless Continent’?” Yin Ran continued.

“Of course I know that there is not only Endless Continent!” Xu Ming said, “Let’s not mention anything else, as far as I know, the ‘God’s Domain’ definitely exists!”

Xu Ming deliberately mentioned God’s Domain.

Yin Ran did not change his face, as if it had nothing to do with him and said, “Yes, God’s Domain does exist.”

After a pause, Yin Ran said again: “Do me a favor! – Don’t worry, I will never let you help in vain! After this is done, I can give you the corresponding reward!”

remuneration?

Xu Ming really wanted to know what kind of reward this goddess from God’s Domain could get!

“What’s the reward?” Xu Ming asked directly.

If the remuneration is attractive enough, Xu Ming doesn’t mind and helps out once.

Yin Ran rolled his eyes at Xu Ming angrily.

In God’s Domain, if she is willing to speak, those young talents of God’s Domain are all rushing to help – as for the reward? Not to mention the reward! Let those young talents in God’s Domain help, and then post it to Yin Ran’s treasures, they are all willing.

It’s a pity that in God’s Domain, Yin Ran hardly ever asks for help.

But now, Yin Ran “rare to speak” and asked Xu Ming for help; Xu Ming didn’t know how to cherish the opportunity at all, instead he “talked about remuneration” as soon as he came up.

To be honest, Yin Ran has really never seen a man as fussy as Xu Ming.

Are you calculating?

Xu Ming didn’t think so – he and the goddess in front of him met by chance. Of course, it was impossible for him to agree to help in a daze because of the other party’s words.

Want to help?

Can.

If the remuneration is right, Xu Ming is still willing to sell his body – after all, making money is not easy these days, it's all for “life”!

But if you want Xu Ming to help in vain, don't even think about it!

Yin Ran gave a blank glance, thought for a moment, and said, “I can give you a ‘Spiritual Fruit’!”

Plant spiritual fruit?

Xu Ming was stunned and asked, “What is this?”

Yin Ran showed a “surely” expression. In her opinion, it is quite normal for people in a small place like Endless Continent to have never heard of planting Dao Spirit Fruit; on the contrary, it is not normal if they have heard of it.

“Cultivating Dao Spirit Fruit is a very strange Spirit Fruit. Once taken, you can directly plant the ‘Dao Seeds’ of the nine Heavenly Daos; and, your understanding of the nine Heavenly Daos will be greatly improved!”

“His—” Xu Ming took a deep breath after hearing this.

Between heaven and earth, how could there be such a strange treasure?

You must know that even with Xu Ming's “opening” metamorphosis, up to now, the four heavenly Taos of wind, fire, water, and thunder and lightning have only been planted; Not yet comprehended.

And taking a seedling fruit can directly plant the seeds of the nine heavens, and also improve the understanding of the heavens?

Treasures of heaven and earth!

Absolute treasure!

However, Xu Ming also did not know how valuable this treasure of heaven and earth was in the mysterious “God’s Domain”.

After all, the middle grade Dao stone is not even as good as sand when placed in the God Realm. So, this “spiritual fruit of the Tao”, which is extremely precious in his opinion, will at best be equivalent to the “apple” of the mortal world when it arrives in the realm of the gods?

If the cultivation of Dao Lingguo is really just an ordinary apple in the realm of the gods; then, Yin Ran took out an apple and asked Xu Ming to help, and the price to pay was too low!

Xu Ming thought for a while, and said directly: “Is it very valuable to grow Taoist fruit?”

Yin Ran couldn’t help being a little angry.

Of course, she could hear what Xu Ming meant—Xu Ming was not satisfied with the reward!

You must know that even in the realm of the gods, planting dao spirit fruits are very precious treasures! In the Endless Continent, it is almost impossible to find treasures that are more precious than planting Dao Lingguo! – Xu Ming is still not satisfied with such a sincere reward directly?

How could Yin Ran not be annoyed and angry?

However, Yin Ran’s lack of “social experience” is also to be blamed. In God’s Domain, after all, she is the jewel in the palm of the stars and the moon; on weekdays, the contacts are all those sanctimonious young talents, and how has she ever met such a “shameless” person as Xu Ming.

Another thing that made Yin Ran angry was that she found that Xu Ming didn’t seem to be attracted by his appearance or temperament at all.

This made Yin Ran doubt himself for the first time—could it be that after being caught in the “Falling Soul Fog”, I am no longer as attractive as before?

Of course, this kind of thought just flashed through Yin Ran’s mind.

“Cultivation of spiritual fruit is absolutely precious!” Yin Ran’s voice is very beautiful is also very determined; it seems that he is using this resolute tone to prove that what he said is true, “except for me here. , you have absolutely nowhere to get the cultivation fruit!”

Xu Ming hesitated for a moment, and said, “I guessed it, too, the seedling fruit is definitely extraordinary! In this way—you give me two seedlings, no matter what you want me to do, as long as it is not against my conscience, I will Absolutely help you do it!”

“Absolutely!” At the end, Xu Ming added these two words; it seemed that he also used this firm tone to prove that what he said was true!

In fact, to be honest, if Xu Ming is really determined to do what he wants to do, he only needs to be willing to expose “teleportation” and wait for his trump card; then, looking at the endless continent, there are really not many things he can’t do!

“Two?” Yin Ranxiu frowned.

She has made it very clear that planting Dao Spirit Fruits is very precious; and Xu Ming, he actually dared to go far and wanted two.

“You can only take one of the Taoist Spirit Fruits!” Yin Ran said, “Taking the second one will not be effective!”

“I didn’t take it myself.” Of course, Xu Ming wanted to give Gu Hanmo the second seed fruit.

“No!” Yin Ran still shook his head without hesitation, “The fruit of planting the Tao is more precious than the divine weapon! – Two pieces of the fruit of planting the Tao, please do me a favor? This is impossible!”

More precious than artifacts?

“Xiaohang, really?” Xu Ming asked in his heart.

“To investigate the truth of this problem, we need 100 million 6th-level hanging points!” Xiao Hang said.

“I’m going!” Xu Ming was speechless.

Any exploration related to God’s Domain is really expensive.

“Check it out!” Xu Ming gritted his teeth.

Anyway, these hanging points are earned by slaughtering the demon clan. Xu Ming didn’t feel distressed at all when he flowered; after the flowers were finished, the big deal was to kill a few more demon clans!

Xiaohangxi gave a two-word answer: “Really!”

Chapter 618: 1 Willow Tree

“It’s actually more precious than an artifact...” Xu Ming was secretly shocked.

An artifact, Xu Ming had never seen before.

But as far as Xu Ming knew, even the “Mist and Rain Ship” was far worse than an artifact in terms of value!

Artifact, that is the weapon used by the gods!

Suddenly, Xu Ming gave a wicked smile: “It’s impossible to give me two kinds of Dao Spirit Fruits, that means – you must have two kinds of Dao Spirit Fruits on you?”

If Yin Ran didn’t have two seeds of Taoism, then her answer would not be “impossible”, but “no”.

Impossible, just “yes”.

Yin Ran’s face sank slightly: “What do you want?”

Xu Ming deliberately frightened her and said: “You said... If I rob you directly, wouldn't it be more direct? – I will definitely get more treasures; and then, I don't have to help you!”

robbery?

“You...” Yin Ran had never seen someone as “shameless” as Xu Ming.

It's really... shameless!

But then, Yin Ran noticed the playfulness in Xu Ming's words.

Yin Ran is not stupid, of course, he immediately realized that Xu Ming was making fun of himself.

“You...really boring!” Yin Ran couldn't help scolding.

“But... if you really rob me, you will definitely die!” Yin Ran was very confident, “You are not my opponent!”

“Oh?” Xu Ming couldn't help but be surprised, “So confident?”

“Humph!” Yin Ran raised his head proudly.

In fact, if Yin Ran was not poisoned, most of his strength was spent on suppressing the poison; then, the entire Endless Continent might not be able to find someone stronger than her! – The rule of the Brahma Divine Kingdom prohibiting the intrusion of the Taoist above seems to be invalid for Yin Ran.

Even now, Yin Ran can only show a very small part of his strength, but he is still stronger than Xu Ming!

only...

The poison of the Fallen Soul Mist is really terrifying; even Yin Ran can only suppress it for a short time. Over time, life is better than death.

But now, Yin Ran discovered that in this dilapidated kingdom of gods, there were treasures that could help suppress the fog of fallen souls. However, she couldn't get that treasure alone, she needed Xu Ming's help.

"The seedling fruit is more precious than the artifact. If you do me a favor, you want to get two seedlings. This is impossible!" Yin Ran said, "But... if you can exchange an artifact with me, I can exchange it for an additional one. Here's one for you!"

Get an artifact instead?

Xu Ming was speechless: "Where did I get the divine weapon!"

Artifact, Xu Ming has never even seen it before!

"I am definitely at a loss for the divine weapon to change the Taoist fruit!" Yin Ran said.

"Okay..." Xu Ming also knew the preciousness of planting Dao Spirit Fruit, so he was too lazy to continue bargaining, "Artifact? Okay, I will find a way to bring the divine weapon to you!"

"But..." Yin Ran said again, "The premise is that you have to help me first!"

"What are you busy, tell me!" Xu Ming said, "However, I am also a little curious – what is it, you have to pull me, who is weaker than you, to help?"

"There's one thing I can't do alone!" Yin Ran said, "You'll know if you come with me!"

Can't do it alone?

Xu Ming was really curious, what would happen.

...

There are three “treasure places” in the battlefield of ten thousand races – the Remnant Sword Pagoda, the Sea of Delusions of Flowers, and the Underground Labyrinth.

The Remnant Sword Tower is located in the most central area of the Kingdom of God. The sea of delusions of flowers and the underground labyrinth are closely connected—underneath the sea of delusional flowers is the underground labyrinth.

The Sea of Delusions is undoubtedly the most beautiful place in the entire battlefield of ten thousand races.

Here, thousands of flowers are blooming, competing for beauty, and the beauty is suffocating; wherever you are, it is like being in a beautiful picture.

Even the violent sand and dust seemed to be extremely gentle.

And this beautiful and gentle place is also the most dangerous place to kill people!

Once you go deep into the depths of the delusional flower sea, it is easy to lose your direction, or even... lose yourself.

Moreover, it is said that in the deepest core of the delusional sea of flowers, no one has ever been able to come out from there—everyone who entered is dead!

A pair of figures with extraordinary temperament quickly flew to the edge of the sea of delusional flowers. It was Xu Ming and Yin Ran.

Yin Ran is a goddess from the realm of the gods, with a natural and otherworldly temperament, and does not eat human fireworks. But what was surprising was that when Xu Mingfei was beside her, his aura was not inferior at all, but instead he seemed to be a perfect match.

Even the goddess from God’s Domain is not more noble than Xu Ming.

“Where are we going?” Xu Ming couldn’t help asking.

“The core of the delusional sea of flowers!” Yin Ran said without hesitation.

“Oh...”

The core of the delusional sea of flowers is known as “you will die if you enter it”. But Xu Ming was “daring to hang up many people”, and this was just a avatar of Xu Ming; so Xu Ming did not hesitate at all, and continued to move forward with Yin Ran.

hum—

hum—

The sandstorm in the sea of delusions is much gentler than other places. However, Xu Ming found that in the sandstorm, there was a faint illusion attack; although most illusion techniques were not very strong, but one wave after another, the strength was slightly weaker, and it was easy to get lost.

Of course, an illusion of this intensity was like a breeze to Xu Ming’s face.

“It’s the pollen floating in the sandstorm!” Xu Ming immediately reacted Xu Ming and Yin Ran walked all the way.

The closer to the core area, the more beautiful the sea of delusional flowers, the more dense the pollen floating in the sandstorm, and the stronger the illusion attack.

At this point, for the extreme half-trail masters, they can be called “jedi”. But in the eyes of Xu Ming and Yin Ran, this is just a beautiful sea of flowers.

“The core area is ahead!” Yin Ran said.

Xu Ming had also seen that there was a thick pink fog 50,000 miles ahead.

The fog is so thick that the line of sight cannot penetrate; the depths of the fog are the core of the sea of delusional flowers.

“What’s in here?” Xu Ming couldn’t help asking.

“A tree!” Yin Ran said, “a willow tree.”

Xu Ming couldn't help but wonder – it's just a willow tree, which is actually a forbidden place known as “you will die if you enter it”?

puff!

puff!

With doubts, Xu Ming and Yin Ran plunged headlong into the thick pink fog.

hum hum...

Immediately, Xu Ming felt that countless illusion attacks were submerged in his sea of consciousness like a tide.

“What a powerful illusion attack, even the ultimate half-step Taoist master, I am afraid that he will be lost in this illusion in an instant!” Xu Ming was horrified, “The invincible half-step Taoist master is barely able to stay awake!”

However, Xu Ming's spiritual defense was like an incomparably strong steel dam. With this wave of illusion, it is far from enough to shake Xu Ming's steel city defense!

Not to mention Yin Ran – she is from the God's Domain, and she is full of secrets.

Whoosh!

Whoosh!

Soon, Xu Ming and Yin Ran rushed out of the thick pink fog and came to a quiet place without sandstorms and fog.

“This...this...” Xu Ming was stunned when he saw the scene in front of him, “Is this a willow tree?”

Chapter 619: Blood Jade

This is a secluded place like a paradise.

For hundreds of miles, there were no sandstorms, no fog, and nothing else; just one... gigantic willow tree.

Xu Ming had never seen such a huge willow tree!

This willow tree is more than “hundred miles” tall! There are hundreds of millions of willow branches in the sky; each willow branch is hundreds of miles long. Although it looks like a willow tree, it is so huge that it is hard to believe that it is a willow tree!

Whoosh!

Whoosh!

As soon as Xu Ming and Yin Ran rushed out of the thick fog and stepped into this paradise, there were two willow branches, each of them beating towards them.

The willow branches traverse the void, as fast as lightning.

“Huh?” Xu Ming’s eyes widened, and he secretly said, “This willow branch has the strength of a four-step Taoist master!”

Snapped!

Snapped!

Xu Ming and Yin Ran both flicked their hands at will, and then pulled away the willow branches that came.

However, Xu Ming's expression was a little dignified: "A single willow branch can make it difficult for the four-step Taoist master to deal with it; then, this willow tree has hundreds of millions of willow branches, how strong should it be?"

Xu Ming finally understood why once he entered the core area of this sea of delusional flowers, no one could ever get out alive.

You must know that even if it is an invincible half-step Taoist, the strength is equivalent to a second-step Taoist. And this towering willow tree, because it is native to the kingdom of God, is not restricted by the rules of the kingdom of God; any willow branch has the strength of a four-step Taoist! The invincible half-trail master broke in, naturally there was no life or death.

"Tell me, how do you want me to help you?" Xu Ming looked at the huge willow tree and said.

Yin Ran said: "Although most plant life is huge, few of them can grow to such a huge size! As soon as I saw this willow tree, I suspected that it must have absorbed some kind of heaven and earth treasure to grow like this. !"

"Hmm!" Xu Ming listened.

In plant life, wisdom is generally relatively low, so cultivation is also very difficult. Few plant beings can cultivate successfully.

But God is fair!

Although plant life is difficult to cultivate, its strength is far superior to human beings and monsters of the same level. This is only plant life under normal conditions.

And like this mutated giant willow tree, its strength is undoubtedly even more terrifying.

"After investigation, I found that there is a piece of 'God-turning Blood Jade' beneath this big willow tree!" Yin Ran continued, "God-turning blood jade has the special effect of nourishing the soul and strengthening the body! Although, the energy in it, has been absorbed by the big willow tree; however, this piece of divine blood jade still has no small effect on me!"

Xu Ming understood: "Do you want to get this Divine Blood Jade?"

“That’s right!” Yin Ran said, “However, every willow branch of this big willow tree has the strength of a four-step Taoist master; the combination of hundreds of millions of willow branches, even if it is me, can’t grab the divine transformation from its hands. Blood jade! So, I need your help! You help me hold it, and I will \*\*\*\* the blood jade of the gods!”

Xu Ming thought for a while: “Okay!”

“Then... let’s go!”

Whoosh!

Whoosh!

Xu Ming and Yin Ran turned into two lightning bolts at the same time and shot towards the big willow tree.

boom!

Xu Ming’s whole body burst into flames, and he held a spear in his hand.

In Yin Ran’s hand, an ice blue sword also appeared. The sharp sword exuded an icy aura that could freeze the soul. Xu Ming felt his heart tremble when he saw it.

“Roar!”

Suddenly, the huge willow tree let out a thunderous roar; the whole willow tree trembled wildly.

Huge willow tree, angry!

call out! call out! call out! call out! call out! ...

Hundreds of millions of willow branches lashed towards Xu Ming and Yin Ran overwhelmingly.

“Two tiny humans, how dare you covet my treasures!” the huge willow tree roared.

“Go into the ground!” Yin Ran said, and then went directly to the bottom of the earth to get the treasure she wanted, which was deep in the ground.

“Okay!” Xu Ming also got into the ground.

At the moment when the two dug into the ground, the willow branches all over the sky also plunged towards the ground.

puff! puff! puff! puff! ...

The hard ground, as fragile as tofu, was punctured with holes in an instant.

After digging into the ground, these hundreds of millions of willow branches, like hundreds of millions of steel bars, stirred frantically in the tofu, encircling Xu Ming and Yin Ran.

“Go ahead!” Xu Ming said, turning around and facing the billions of willow branches.

boom! boom! boom! boom! ...

Hundreds of millions of willow branches frantically stirred the earth and whipped over.

Xu Ming kept flying back and forth, always keeping a short distance from Yin Ran.

Hundreds of millions of willow branches stirred and surrounded them with claws and claws.

“You go down first!”

Xu Ming shouted through the sound transmission, and directly took the initiative to meet the billions of willow branches.

boom!

Countless willow branches surrounded him, and in an instant, around Xu Ming, a huge willow branch cage was formed, and Xu Ming was locked inside.

“Be careful!” Yin Ran shouted, but he didn’t dare to stop at all, and continued to drill rapidly towards the depths of the ground. Because, there are already more willow branches, killing her.

Immediately after Xu Ming was enclosed in the willow-twig cage, there were dense willow-twigs from his front, back, left, right, up and down, all directions, all the time.

“Humph!” Xu Ming snorted disdainfully, “Dare to surround me?”

boom!

His spear danced wildly, turning into a circling fire dragon, surrounding him.

Once the willow branches that came in contact with the fire dragon, they were immediately burnt to coke and shrank back.

“Huh? So weak?” Xu Ming was surprised.

He felt that the dense willow branches did not seem to have the strength of the four-step Taoist master at all; even, it was not as good as the limit half-step Taoist master!

“How can it be so weak?”

Soon, Xu Ming realized that it was not the strength of the willow branches that weakened each willow branch, but it was definitely the strength of the four-step Taoist master.

It’s...the effect of “intelligence quotient crushing” has inspired it!

IQ crushing: The host has extra damage bonus to low-IQ opponents; the greater the IQ gap, the higher the extra damage bonus ratio. This function is passively activated when the host attacks a low IQ opponent.

Plant life, generally low IQ. Although this huge willow tree is mutated, and it is still at the Daoist level, it is no exception.

Xu Ming has a “IQ crushing” link, and he has an extra damage bonus against a low-IQ opponent like Willow.

Before, when only a willow branch hit, Xu Ming slapped it away, so he didn’t pay much attention; now, there were willow branches all around, and Xu Ming naturally deeply felt the power of “intelligence quotient crushing”.

“Hahaha...” Seeing the densely packed willow branches, they all shrank back due to being burned, and he didn’t dare to continue attacking in fear. Xu Ming suddenly laughed out loud.

“kill!”

Where Xu Ming’s spear went, he directly blasted the Willow Cage out of a big hole and killed him.

And at the moment of killing, Xu Ming saw that Yin Ran had just been suppressed by a willow branch.

Chapter 620: Fish Dead Net

Inside the Willow Cage.

The dense branches, like countless steel needles, attacked Yin Ran from all directions.

“Go away!”

Yin Ran held an ice blue long sword, and the sword energy was vertical and horizontal.

puff! puff! puff! puff! ...

Wherever the sword energy passed, the willow branches snapped.

Xu Ming, who was rushing over, saw that countless sword qi shot out from the Willow Branch cage, as if it would burst the entire cage.

However, the willow-twig cage remained firm and did not burst open.

Inside the cage, the broken willow branches turned into green liquid and merged into the other intact willow branches. And the dense branches continued to kill Yin Ran from all directions, as if endless.

“What a hassle!”

Yin Ran’s expression froze, and the ice-blue long sword in his hand continued to gather momentum.

call out-

A sword cold light, like a dream.

hiss-

The hard willow-twig cage was directly split with a gap. And Yin Ran, following this gap, drilled out like lightning.

But at this moment...

call out! call out! call out! call out! call out! ...

Countless willow branches gathered around Yin Ran overwhelmingly, forming a new willow branch cage, trapping her in it again—it would be difficult for Yin Ran to move forward half a step.

Just as Yin Ran was about to continue drawing her sword and slashing furiously, she suddenly felt a terrifying power that would destroy and burn everything, attacked from outside the Willow Branch cage.

boom!

The tough willow-twig cage was blasted out of a black hole.

On the edge of the big hole, the willow branches have been burnt. And the willow branch in the original big hole was naturally burned into nothingness, and nothing was left.

“Roar!!”

Even the huge willow tree could not help but let out a painful wailing.

Xu Ming’s attack was significantly different from Yin Ran’s attack.

Although Yin Ran’s sword qi was fierce, it only cut off the willow branch. These broken willow branches will turn into green liquid and flow back to the big willow tree; for the big willow tree, the damage is not much.

As for Xu Ming’s attack, there was an aura of burning everything. The flame spear blasted through, and the willow branches turned into nothingness, not even the \*\*\*\* was left; the damage to the big willow tree was undoubtedly huge!

Therefore, the big willow tree is undoubtedly very afraid of Xu Ming’s attack!

When this shot came, the big willow tree even flinched in fright; the other willow branches didn’t dare to kill them immediately.

“Go ahead!” Xu Ming said.

“it is good!”

Yin Ran flew directly out of the scorched black hole and drilled deeper into the ground.

Xu Ming, on the other hand, flew behind Yin Ran to help block the attacks of other willow branches – after all, it was easier for Xu Ming to block the willow branches, and the damage to the big willow tree was also greater.

“Xu Ming, your attack is very strong!” Yin Ran couldn’t help but exclaimed.

Xu Ming said casually: “It’s just my exercise, it’s more restraining the willow tree!”

“Really?” Yin Ran had a suspicious look on his face.

In her opinion, restraint is one aspect, and Xu Ming’s tyrannical strength is also one aspect. If there is no overwhelming strength advantage, no matter how restrained it is, it cannot be achieved.

“Why do I feel that Xu Ming’s strength seems to be stronger than me?” Yin Ran couldn’t help thinking.

But Yin Ran didn’t know that this was because the effect of “IQ crushing” was activated; the poor IQ of Da Liushu was crushed to death by Xu Ming.

rumbling...

rumbling...

Xu Ming and Yin Ran, like breaking through tofu, broke through the hard rock formations and quickly dived towards the deepest depths of the ground.

Hundreds of millions of willow branches, using all means, constantly hindered the progress of the two.

However, as long as willow branches dared to surround him, Xu Ming raised his spear with a burst of rage, until the willow branches timidly retreated.

“Great!”

Seeing that the target is getting closer and closer to him, Yin Ran is full of joy.

“Xu Ming, thank you, you are really amazing!”

Without Xu Ming’s violent crushing, Yin Ran would have had a hard time getting here.

“There’s nothing to be thankful for!” Xu Ming said, “It’s just collecting money to do things!”

Yin Ran couldn’t help but rolled his eyes: “Don’t worry, after I get the God-Transforming Blood Jade, I won’t miss you as your seedling fruit!”

“Uh...” Xu Ming suddenly had a feeling of “selling one’s body”.

That’s right, isn’t Xu Ming selling his body?

Suddenly, Xu Ming’s face changed slightly: “Not good!”

At this time, the big willow tree was completely angry!

The raging willow tree will take all its branches! Billions of branches! – All around.

The large willow tree that is more than a hundred miles high and hundreds of millions of willow branches that are hundreds of miles long are all surrounded by them, forming a willow cage, how huge should it be? – The walls of the cage alone are several miles thick!

“The big willow tree is desperate!” Xu Ming and Yin Ran looked at each other and thought.

“Is this divine blood jade so important to the big willow tree?” Xu Ming couldn’t help asking.

“Of course there is!” Yin Ran said without hesitation, “If it hadn’t been for the blood jade, this big willow tree would never have grown to this level!”

“No wonder it’s trying so hard...”

At this moment the countless branches of the big willow tree suddenly and bizarrely broke open automatically.

The broken branches, like countless steel needles, shot towards Xu Ming and Yin Ran.

“Huh?” Xu Ming had a slightly ominous premonition.

“It’s not good!” Yin Ran’s face changed suddenly, “This big willow tree is going to die with us!”

“The fish died and the net broke?” Xu Ming was startled, “What do you mean?”

“It’s going to blow up these broken branches!”

“Self-exploding branches!?” Xu Ming’s expression suddenly became ugly.

He originally thought that the blasts were just countless steel needles. Now he understands that these are not steel needles, but... bombs!

Densely packed with countless bombs!

“Is the power of self-destruction strong?” Xu Ming couldn’t help asking.

“What do you say?”

“Okay...” Xu Ming suddenly realized that he had asked a very stupid question – since it was a self-destruction, how could the power not be strong?

call out! call out! call out! call out! call out! ...

Densely packed and countless bombs shot out.

“I didn’t expect that it would drive the big willow tree crazy and want to kill us!” Yin Ran looked solemn, “Self-destruction attack is extremely dangerous! Do you want to enter my world ring and hide for a while?”

Yin Ran also has a world ring?

Xu Ming was slightly surprised.

Immediately, I felt that this was normal! – After all, Yin Ran came from the realm of the gods; it is not surprising that there is a world ring.

“No!” Xu Ming refused without hesitation.

Just a joke, Xu Ming is a man, how could he hide in a woman’s world ring?

Xu Ming’s dignity does not allow him to do this!

“Really not?” Yin Ran asked again, “Now is not the time to be brave!”

“Don’t worry! This self-destruction can’t help me!” Xu Ming said, “It’s you, be more careful!”
