

# A World 631

## Chapter 631: If You Can'T Do It, Die!

“What is the content of the curse?” Yin Ran couldn’t help asking.

“Hahahaha...” The incarnation of Brahma God suddenly burst into laughter, laughing wildly, “Do you think that I, Brahma, have... died?”

Xu Ming and Yin Ran looked at each other, but did not speak.

Although they cannot be 100% sure that the True God Brahma has died, but they all know that the possibility of the death of the True God Brahma is very high!

After all, the kingdom of God generally will not collapse!

The collapse of the Kingdom of God means that there is no longer any causal connection between the Kingdom of God and the “Developer of the Kingdom of God”! – Even the tiniest bit of causal maintenance cannot be sensed!

And you know, causality is maintained, it is difficult to be isolated!

Even if the Kingdom of God was built on the Endless Continent, and the “Developer of the Kingdom of God” went to the extremely distant God’s Realm, there would always be a vague causal connection before the two. And as long as there is such a trace of cause and effect, the kingdom of God will not collapse.

Therefore, there are only two possibilities for the collapse of the kingdom of God:

1. The pioneers of the kingdom of God have fallen.
2. The pioneers of the kingdom of God fell into a place of “causal isolation” somewhere.

However, the second possibility is very small! The place of “causal isolation” is rarely seen even in the realm of the gods; it is impossible for most gods to encounter the place of causal isolation.

After a long time, Xu Ming asked, “Could it be that you didn’t fall?”

True God Brahma looked a little lonely: “I’m not sure, have I fallen...”

uncertain?

Xu Ming and Yin Ran were a little puzzled.

True God Brahma continued: “The major ethnic groups think that I, Brahma, have already left the Endless Continent and headed to the God Realm; but in fact, I have always been in the Endless Continent and have never left! It’s just... I am trapped in the Eternal Demon. The depths of the pit have never been able to escape...”

“What!?” Xu Ming was shocked.

True God Brahma, who disappeared for a long time, has never left the Endless Continent!

What shocked Xu Ming even more was that the depths of the Eternal Demon Pit was a terrifying place; even the gods were trapped inside and could not escape.

Yin Ran was also shocked, and couldn’t help but murmur in his heart: “It seems that I underestimated the Endless Continent. There must be some big secret hidden in the depths of this Eternal Demon Pit!”

Xu Ming had never seen a real god, so he didn’t know how powerful the \*\*\*\* was. But Yin Ran is well aware of the horror of the gods!

In front of the gods, the demigods are like ants, without the slightest resistance!

The gods just need to pinch it, and they can kill a demigod!

Under the gods, they are all ants!

However, True God Brahma was trapped in the very depths of the Eternal Devil Pit; it can be seen that in the Eternal Devil Pit, there must be a terrifying force stronger than the gods!

“Little Endless Continent, how could such a big secret be hidden?” Yin Ran was secretly shocked.

True God Brahma said again: “I was trapped in the Eternal Demon Pit and couldn’t get out, so I had to go deeper... to see if I could find any chance, or find a way to escape! But then, suddenly there was a black chain, from Flying out of the black hole in the void; entangled me and dragged me into the black hole... Next, I, the incarnation of divine power, can no longer perceive whether my body is dead or alive!”

“Isolate cause and effect!” Yin Ran exclaimed in horror, “It’s a means of isolating cause and effect!”

True God Brahma glanced in surprise: “You also know ‘isolation of cause and effect’? – Yes, my body is indeed trapped in a place where cause and effect are isolated! As for what I experienced after I got stuck, I can’t get rid of it. Got it... and my Brahma Divine Kingdom began to collapse because I couldn’t feel the causal connection with my body...”

“Sure enough...”

After listening to the causes and consequences of what the True God Brahma said, Xu Ming and Yin Ran gradually understood.

Yin Ran also began to guess what the curse content of the cursed soul mark was: “You want me to...”

“That’s right!” True God Brahma laughed madly, “The content of the curse is to let you go deep into the Eternal Demon Pit and find my body! As long as you see my body, the cursed soul seal will naturally be lifted!”

Yin Ran’s face changed suddenly: “How is this possible!? – Besides, I don’t even know whether you are alive or dead...”

“If you can do it, if you can’t do it, that’s your business!” True God Brahma is cold and ruthless, “If you can’t do it, you will die!”

Then, True God Brahma looked at Xu Ming again: “Fortunately, you avoided my cursed soul mark!”

Brahma is the incarnation of the divine power, and in the long years, only two cursed soul marks have been produced.

Of course, these two cursed soul seals are not willing to be used indiscriminately, but should be used on the most gifted geniuses. After all, without enough talent and strength, it is impossible to reach the deepest depths of the Eternal Demon Pit; it is a complete waste to use the cursed soul imprint on that kind of waste.

And today, True God Brahma finally waited for a suitable target; moreover, he came two at a time!

This can make Brahma really excited!

In order to attract Xu Ming and Yin Ran, he even disintegrated the underground labyrinth Sure enough, curiosity killed the cat; Xu Ming and Yin Ran were both attracted.

The only thing that was beyond the true God Brahma’s expectations was that Xu Ming was able to evade his sneak attack!

“By the way, I want to remind you of one more thing!” True God Brahma said again.

Yin Ran’s pretty face was frosty.

As soon as she heard it, she knew that it was not a good thing.

True God Brahma said with a sneer: “The outbreak time of the cursed soul imprint is a thousand years! That is to say... if you can’t remove the cursed soul imprint within a thousand years, then your true spirit will... ‘bang’! Was bombed to ashes! Hahahaha...”

“A thousand years...” Yin Ran’s face was extremely cold.

If you want to see the true body of Brahma, you can only enter the deepest depths of the Eternal Demon Pit.

However, in that kind of place, even the \*\*\*\*\* Brahma, after entering, can no longer come out; if Yin Ran goes in, is there any hope of coming out alive?

Moreover, Yin Ran's martial arts path is extremely special! A thousand years is not enough for her strength to undergo an essential transformation.

What made Yin Ran even more depressed was that she had no idea whether the True God Brahma was dead or alive!

If True God Brahma is dead, then she will never be able to complete the content of the curse and lift the cursed soul seal!

“Hahahaha, aren't you very unhappy!?” True God Brahma was completely mad, “That's right! – I don't even know whether I am alive or dead now, and I also need to consider the emotions of ants like you! ?”

“Ants?”

A flash of killing intent flashed in Yin Ran's eyes, and with a wave of his hand, he directly annihilated the divine power clone of True God Brahma.

“Humph!” Yin Ran thought bitterly, “If it's in the Holy Emperor City, even your body is an ant!”

## Chapter 632: Forged God Gold Beads

If it is in the Holy Emperor City, the mere true God of Brahma is really nothing.

However, this is the endless continent.

Yin Ran fell into the conspiracy of the Brahma God, and he could only swallow the bitterness in his stomach, and he could not vent at all.

“Yin...” Xu Ming looked at her.

To be honest, this Yin Ran is really unlucky enough! – Poisoned in my body, I also wandered from the God’s Domain to the Endless Continent, and now I am cursed... Life is really hard enough!

“Little hanging.” Xu Ming couldn’t help asking, “Is there a way to remove the poison and curse from Yin Ran?”

“Yes.” Xiao Hang said.

“Oh?” Xu Ming’s eyes lit up – really?

Xiaohang said again: “When you open the level 9 artifact store, there will be a way!”

Level 9 Artifact Shop...

Xu Ming scolded two words silently in his heart: “Damn it!”

Xu Ming has only opened the Level 6 artifact store now. When the level 9 artifact store was opened, Xu Ming might have already become a god!

Such a distant thing, talk shit!

“What?” Yin Ran also looked at Xu Ming.

“What do you do next?” Xu Ming asked.

“What can I do?” Yin Ran reluctantly spread his hands, “Take a step, take a look! – Anyway, no matter whether there is a cursed soul mark or not, I will definitely go to see this eternal devil pit.”

Yin Ran’s “Falling Soul Mist” could easily be detoxified in the Holy Emperor City; but in this endless continent, it is difficult to find a way to detoxify.

Therefore, Yin Ran originally put his hope of detoxification in the mysterious Eternal Demon Pit.

She had to go to this eternal devil pit.

and...

“A thousand years...” Yin Ran muttered to himself in his heart, “Such a long time should be enough time for the experts of Holy Emperor City to find me!”

As long as the masters of the Holy Emperor City come and curse the soul seal, it is nothing at all! – The super power of God’s Domain can be lifted with a wave of your hand!

However, the poison of “Falling Soul Mist” won’t last long. Therefore, Yin Ran must enter the Eternal Demon Pit as soon as possible to find a way to detoxify.

“When the time comes, I’ll go with you to the Eternal Demon Pit!” Xu Ming received a seedling fruit in advance. Of course, he won’t get it in vain, but he will still put in some labor.

“Okay!” Yin Ran took a deep look at Xu Ming, “But it’s too dangerous, so don’t go in with me! – I’m the one who got the cursed soul mark by my own carelessness, there’s no reason to drag you into the water. !”

Xu Ming smiled casually: “What does it mean to be dragged into the water? – I myself want to go deep into the Eternal Demon Pit and explore it!”

The Eternal Demon Pit is definitely the most mysterious place in the Endless Continent!

According to legend, there is the mystery of becoming a god. According to legend, there is a terrifying power that can make even the gods jealous!

Like the true \*\*\*\* Brahma, it was because of the opportunity in the depths of the eternal devil that he became a \*\*\*\*\* in one fell swoop. Of course, later, the true God Brahma was also trapped in the Eternal Demon Pit and could not escape, and even his life and death were unknown.

In short, danger and opportunity coexist!

When Yin Ran heard Xu Ming's words, he couldn't help feeling a little moved – Xu Ming knew the dangers, and he was willing to go deep into the Eternal Demon Pit with her, regardless of his life and death; based on this alone, Yin Ran recognized Xu Ming as a friend!

“When the Holy Emperor City finds me, before I leave, I must leave some useful treasures for Xu Ming, and it's not worth getting to know each other!” Yin Ran thought to himself.

However, Yin Ran did not know that Xu Ming would not be in any danger if he went to the Eternal Demon Pit. Even if there is any danger of force majeure, for Xu Ming, at most, he will lose a clone.

Suddenly, Xu Ming said, “The underground labyrinth has collapsed, so let's find out if there are any precious treasures here!”

boom!

Xu Ming's powerful and majestic spiritual power swept away in all directions.

This search really allowed him to find a few precious treasures.

“Half-artifact-level armor?”

Although it was only a low-level semi-artifact, Xu Ming still smiled reluctantly.

“Huh? What is this?” Xu Ming picked up a dark golden bead and couldn't help but wonder.

This dark golden bead is perfectly round, without a trace of impurities.

“Forging God's Golden Pearl!” Yin Ran couldn't help exclaiming, “Unexpectedly, this True God Brahma actually has such treasures! It seems that he is not very poor among the gods!”

“What's the use of this bead?” Xu Ming couldn't help asking when he saw that Yin Ran knew the bead.

“You can refine the ‘divine body’ of the gods to be more pure!” Yin Ran said, “After the demigods use it, they can strengthen the body to an incredible level!”

“Oh?” Xu Ming suddenly became interested.

Yin Ran shook his head and said, “But you can’t use it for the time being! – Your body is still too weak. If you forcibly absorb the golden beads, your body will burst!”

Xu Ming couldn’t help but startled.

Fortunately, Yin Ran reminded him, otherwise, Xu Ming would not only lose a avatar, but also waste this precious gold bead!

“Then... what if it is used for the big willow tree?” Xu Ming asked curiously.

“The big willow tree is huge, of course it is not a problem to refine and absorb the golden beads of the forging god!” Yin Ran said, “But, such a precious treasure, do you want to use it for your soul servant?”

Yin Ran only thought that the big willow tree was Xu Ming’s soul slave; but he didn’t know that this was actually another avatar of Xu Ming.

Xu Ming laughed and said, “Just asking casually.”

However, Xu Ming’s heart moved.

“The willow clone is now my strongest clone. Of course I want to make the strongest clone stronger; in this way, my strength can be maximized!”

Xu Ming had already decided that when he had time to go back, he would let the Willow clone refine and absorb the God Forging Gold Bead.

“I’m about to leave the Wanzu battlefield.” Xu Ming said, “How about you?”

“Me?” Yin Ran thought for a while, and said, “The only thing I am interested in in this battle of ten thousand races is the God-Transforming Blood Jade. Now that the God-Transforming Blood Jade has been obtained, it is meaningless to continue to stay! -I entered your world ring, take me out!”

“it is good!”

...

Put Yin Ran into the world ring, Xu Ming galloped all the way, and flew back towards the human race space channel.

Not long after, Xu Ming passed through the space passage and saw the sword master.

“Brother Xu Ming!” The sword master secretly said.

“Sword Master.” Xu Ming bowed his hands to meet in a serious manner, in order to prevent others from discovering that the relationship between himself and the Sword Master was actually a “brother and brother” relationship.

“Your Phantom Jade Slip.” Xu Ming handed the Phantom Jade Slip back to the Sword Master.

There is a trace of the sword master’s spiritual power in it; if it is lost, it will take some time for the sword master to cultivate again.

“Well!” The sword master took it and said, “Why did it take so long to come back?”

“I encountered a little situation on the road, and it was delayed for a while.” Xu Ming said.

“Are you okay?” The sword master was very concerned.

“It’s okay, it’s resolved.” Xu Ming didn’t elaborate.

“It’s fine!” The sword master said with a smile, “Come here, let’s see the apology that Wanxueyan paid you!”

The treasure that Ten Thousand Blood Eyes Demigod compensates for?

Xu Ming suddenly became interested – Wanxueyan, but the top power of the demon clan! The apology it took out is worth looking forward to!

## Chapter 633: All Nations Assassination

The sword master spread his palms, and in his hand, there appeared an exquisitely carved nine-story four-cornered pagoda.

The pagoda seems to be both real and virtual, and the surface is overflowing with countless tiny and complicated secret patterns.

“This is...” Xu Ming could feel the extraordinariness of this exquisite pagoda, “A treasure of the soul?”

“Yes!” The sword master laughed, “Soul defense semi-artifact Zhenling Void Tower!”

Xu Ming’s eyes lit up.

In terms of soul, it is actually Xu Ming’s relative weakness. after all. Xu Ming’s main focus is on the study of marksmanship and the “slap technique”; he neglects to study the soul.

And with this soul defense semi-artifact, Xu Ming’s insufficiency in soul was made up for a lot.

The sword master handed over the pagoda and said, “It is extremely difficult to refine a semi-artifact of the soul type; the materials used are also extremely precious! Its value, even compared to the semi-artifact of the ship type, is not much different!”

“Yeah!” Of course Xu Ming understood this.

Among the demigods, the least valuable ones are material attacks, such as swords, spears, swords and halberds. The material attacked the semi-artifact, the refining is simple, the materials are also saved, and the value is naturally the lowest.

The slightly higher value is the material defense semi-artifact, such as armor, shield and the like. Compared with the material attacking semi-artifacts, such semi-artifacts use several times more materials, and most of them are more difficult to refine.

The more valuable ones are soul attack and soul defense semi-artifact materials that are extremely precious and rare, and the difficulty of refining is even more exaggerated!

And the most valuable ones are undoubtedly the semi-artifacts of ships.

The difficulty of refining... To tell the truth, isn't it just building a ship, it's really not that difficult! However, just a little bit of material is very scary!

To refine a ship-type semi-artifact, the materials used are probably tens of thousands of times, hundreds of thousands of times, or even more than material attack and material defense semi-artifacts!

Now, Xu Ming already has material attack, material defense, soul defense, and ship-type semi-artifacts, and only one soul attack type is missing.

However, Xu Ming didn't really need a soul attacking demigod.

After all, Xu Ming's main means are all in material attacks. Specialize in material attacks, and make material attacks stronger and more ferocious, and that's fine; there's no need to be distracted and delve into soul attacks.

In other words, after obtaining this "True Spirit Floating Tower", Xu Ming's "suit" has basically been assembled.

certainly...

It's just one of Xu Ming's avatars, who put together a "suit". His deity, as well as the willow avatar, are still "naked"!

“Thank you, Sword Master!” Xu Ming thanked him. Of course he understood that Sword Master must have put a lot of thought into making Wanxueyan spit out a soul-like semi-artifact.

“Thank you!” The sword master laughed casually, “I think it’s too little for a soul defense half-artifact!”

“Haha…” Xu Ming was in a good mood.

First, he slaughtered thousands of Dao Zun from the demon clan, and then it was the demon clan who sent him such a sincere apology! This feeling, cool!

“The great powers of the demon clan, I’m afraid they are about to cry blind now…” Xu Ming thought happily.

“Xu Ming, what will you do next? Do you still want to enter the battlefield of ten thousand races?” The sword master looked at him.

With Xu Ming in town, the Daoist of the human race and the half-walker Daoist can run amok on the battlefield of all races!

“Well…” Xu Ming pondered for a while, and said, “The Battle of Ten Thousand Races has no value for me to experience any more; if I go in again, it doesn’t make any sense!”

Xu Ming entered the battlefield of ten thousand tribes just to experience.

Now, in the Wanzu battlefield, there is nothing that can threaten Xu Ming; moreover, the benefits of the Wanzu battlefield have also been pulled out by Xu Ming and then enter the Wanzu battlefield, which is really meaningless.

“Indeed!” The sword master nodded slightly, “But… if you enter the battlefield of ten thousand races, it will have a strong deterrent effect on all the foreign races!”

Xu Ming smiled and said indifferently: “If I don’t go in, I will still be a deterrent!”

Xu Ming thought for a while: “I’m going home to do some errands for the time being. You can help me with a message for the major foreign races, saying that I will enter the battlefield of all races to ‘clear people’ from time to time. In that case, even if I Not in the battlefield of ten thousand races, the Taoists of the alien races would not dare to act rashly!”

Just a few words from Xu Ming are enough to shock all clans!

...

ten days later.

The Ten Thousand Blood Eyes, Howling Demon Demigods from the Demon Race, Ruotong Demon from the Demon Race, Blood Sea Demon from the Blood Race, and the superpowers of other alien races such as the Spirit Race gathered somewhere in the crack of the endless dark space.

These superpowers are all cold and ugly. From their eyes, it is not difficult to see that they have suppressed endless anger.

“Everyone!” Wanxueyan has the highest prestige among the various clans, so it said first, “The human race is really too arrogant this time! Could it be that... all our clans, just swallow our anger and swallow this loss?”

“Swallow it?” Ruo Tongmo’s murderous aura overflowed, “How is that possible! Or, our tribes will unite, kill the human race, and come back with an explanation?”

“It’s time to teach the human race!” The Blood Sea Demon God also said.

But there are also objections: “The human race has a strong heritage. Even if our major ethnic groups join forces, it will be difficult to obtain much benefits, right?”

“Yeah! Especially, there are a few warlike lunatics in the human race, and if they don’t agree with each other, they will do it...” Another alien power, also said with lingering fears The various alien races were discussing fiercely.

but...

It was just a heated discussion.

If they really want to fight with the human race, few ethnic groups have such confidence! It is not that the major ethnic groups join forces and their power is weaker than that of the human race; it is that each ethnic group has selfishness and cannot be completely united.

Therefore, after intense discussions for a long time, the result of the discussion among the major ethnic groups is that there is a debt and a debt, so just ask Xu Ming to settle the account!

“This Xu Ming is too arrogant!” Howling Demon Demigod roared, “He actually said something, saying that he might clean up people on the battlefield of ten thousand races from time to time!”

“It’s really crazy!” Ruo Tongmo also said, “But I have to admit that Xu Ming’s talent is really against the sky! If he is allowed to grow up, maybe he will be another terrifying character like a ‘sword master’!”

“Xu Ming...must die!” Wan Xue’s two \*\*\*\* eyes were burning with rage.

The story of Wanxueyan being slapped in the face by Xu Ming has already spread among all ethnic groups.

The great powers of all races, although they dare not say anything in front of Wanxueyan, but behind the scenes, they have long laughed at Wanxueyan.

“I suggest...” Wan Xueyan said coldly, “For Xu Ming, let’s carry out the ‘United Assassination of Ten Thousand Clan’!”

The joint assassination of all ethnic groups refers to the gathering of the power of major ethnic groups to assassinate one person!

This level of assassination, even a genius of “ten million grades”, is not necessarily eligible to “enjoy”.

“it is good!”

“it is good!”

“it is good!”

...

All major groups have expressed their opinions.

Ruotong Mo said: “This time, your monsters have suffered the most losses, and their hatred for Xu Ming must be the strongest! Then, the main task of assassination will be performed by your monsters! Our major ethnic groups will give Your corresponding support; if your demon clan suffers losses, they will also compensate you.”

Chapter 634: Qiu Pu

Deep in the cracks of the endless dark space.

Next to Brahma Divine Kingdom, outside the human race space passage.

Xu Ming chatted a few times with Sword Master, Zhan Wuwei, Elder Xuanqing and other great experts, then got up and prepared to leave.

“Everyone, I will go back to the Endless Continent first!” Xu Ming cupped his hands and smiled, “If there is any situation in the Ten Thousand Races Battlefield, feel free to contact me!”

Now, Xu Ming has realized that he has mastered the “first level of mental power”; in the open state, his human clone is comparable to the eight-step Taoist master! – With such a strong strength, it is naturally not a problem to independently travel through the cracks in space.

“Wait!” the sword master shouted.

“What’s wrong?” Xu Ming looked at the sword master suspiciously.

The sword master frowned slightly and said, “Xu Ming, your strength is indeed very strong now... but because of this, the killing intent of the alien race towards you must be stronger! If you go back to the Endless Continent alone, you will be intercepted by the alien race almighty. !”

Intercept?

A look of disdain flashed on Xu Ming’s face – there were “absolute invisibility” and “teleportation” hangings, even if the leader of the Shadow Alliance, Wan Xueyan, could not help Xu Ming.

The disdain on his face was just caught by the sword master keenly.

The sword master suddenly turned serious, and said in a serious voice: “Brother Xu Ming, you are the future of my human race; your safety must not be missed at all! – You must not be arrogant just because of your great strength! That way! If so, it’s dangerous!”

Xu Ming was suddenly speechless.

How is he “arrogant”? It’s just “confidence” that’s justified, okay?

However, Xu Ming couldn’t explain his “confidence basis” to the sword master. He couldn’t tell the sword master that if he has a cheater, he is invincible!

If you really want to say that, the sword master is probably going to treat him as a madman.

At this moment, Zhan Wuwei said in a deep voice, “Otherwise, I’ll \*\*\*\* Brother Xu Ming back!”

“No!” The sword master shook his head and said, “You and Xuanqing must assist me in guarding the space passage and cannot leave...”

Sword Master, Zhan Wuwei and the others, but they still have to guard the space passage and protect the tens of thousands of Taoists of the human race. Of course, they cannot leave their posts without authorization.

“Yeah...” Zhan Wuwei obviously understood this, so he didn’t say any more.

So, who sent Xu Ming back?

at this time...

The sword master and other almighty mental forces suddenly sensed that there was a lonely figure flying from a distance.

The sword master was instantly overjoyed: "Someone can send Xu Ming!"

It didn't take a moment for this arrogant figure to descend on the deck of the Sword Master's ship.

This is a middle-aged man with a stern face like a knife. He is dressed in a black robe, and his sleeves float freely with the turbulent flow of space. The eyebrows were full of rebelliousness.

"Qiu Pu!" The sword master laughed.

Qiu Pu is also an elder of the Taoist Palace.

You must know that anyone who can become an elder of the Taoist Palace must be an extremely powerful existence among Taoist masters. This "Elder Qiu Pu" is an invincible Dao Master; his understanding of the way of heaven has been able to break through the 30th floor of the Tongtian Tower!

"Sword Master!" Even in the face of the Sword Master, Qiu Pu had a cold and arrogant expression on his face, "The Palace Master Jitian has learned that the great powers of the Monster Race, Demon Race and other races are gathered together and do not know what they are discussing. In order to prevent them from attacking the space passage, which is not good for our human race, the Lord of Extreme Heaven has specially ordered me to send a treasure to you..."

Qiu Pu handed over a ring.

At this time, Zhan Wuwei secretly pulled Xu Ming aside and said privately, "Brother Xu Ming, wait a moment, you can go back with this Qiu Pu!"

"Oh..." Of course Xu Ming had no objections – although, he had never seen this elder Qiu Pu.

“That’s right!” Zhan Wuwei suddenly said in a strange tone, “This Qiu Pu has a bad character; no matter what he says later, you don’t want to ignore him!”

“Huh?” Xu Ming was slightly puzzled – it seems that Zhan Wuwei and Qiu Pu are not quite right?

“Why have I never seen this Elder Qiu Pu?” Xu Ming asked curiously.

“It’s normal that I haven’t seen it before!” Zhan Wuwei said, “Palace masters didn’t want to give him the position of elders! – However, the other invincible Taoist masters in the palace are all elders; he is also the invincible Taoist master, If you just don’t do it for him as an elder, some of it can’t be justified... So, I have to give him a false title of elder, but don’t give him any real power, at most let him do errands!”

“Oh...” Xu Ming secretly said in his heart – this elder of the Asking Palace is really pitiful.

At the same time, Xu Ming could also hear: Elder Qiu Pu, who was very ostracized in the palace.

“I don’t know what he did to be excluded?” However, Xu Ming was too lazy to mind his own business, he just sighed casually in his heart.

Soon, the sword master and Qiu Pu finished talking about business.

The sword master said with a smile, “Qiu Pu, I’m going to trouble you and send Xu Ming back to the Endless Continent safely!”

Qiu Pu just nodded indifferently, and then winked at Xu Ming: “Let’s go!”

“Okay!” Xu Ming followed, Wei Wei jumped up from the deck Brother Xu Ming! “Zhan WuFan shouted, “Be careful on the road!” ”

Xu Ming could hear that Zhan Wuwei’s word “be careful” had some deep meaning. In addition to reminding himself to be careful of the interception of aliens, he also reminded himself to be careful of Qiu Pu.

“What the \*\*\*\* did this Qiu Pu do to be so unpopular?” Xu Ming couldn’t help thinking again.

Xu Ming, the sword master and other great experts said goodbye to each other, and then together with Qiu Pu, they turned into two streamers and shot into the distance of the space crack.

...

The two stepped on the turbulent flow of space and flew for an hour without speaking.

Suddenly, Qiu Pu, who was indifferent and arrogant, took the initiative and said: “Xu Ming, right? – I have heard of you! You have performed very well in the battlefield of ten thousand races, and your strength is very good!”

“Excessive reputation!” Xu Ming laughed. I thought to myself: This Qiu Pu is quite good at chatting, and he said good things about me as soon as he came up; strange, how could such a person be excluded from the palace?

But soon, Xu Ming knew why Qiu Pu was not welcome.

“I heard that you also entered the Remnant Sword Pagoda, right?”

“That’s right.” This matter has long been known to everyone, so Xu Ming naturally has nothing to hide.

“How many floors did you pass through?”

“Uh...” This is more related to Xu Ming’s secret – after all, Xu Ming was the first to clear the Canned Sword Pagoda!

Just as Xu Ming was pondering whether to tell the truth, or just fool around; Qiu Pu asked again, “What treasures did you get in the Canned Sword Pagoda?”

“Uh...” Xu Ming was a little stunned now – do you know him well? After chatting for only three sentences, he actually asked about his family background!

Then, what shocked Xu Ming even more happened!

I saw Qiu Pu said to Xu Ming in an orderly tone: “Forget it, I won’t ask you! – Just bring Na Jie over and let me see it!”

Chapter 635: Tentative

“Bring the Na ring directly over and let me see it!”

Xu Ming was stunned when he heard it – is this Qiu Pu an idiot? To say such a stupid thing!

He couldn’t believe his ears: “You say it again!”

“I’ll let you...” Qiu Pu’s voice was cold, “Give me the Na ring!”

This time, Xu Ming finally heard clearly: “It really is stupid!”

Xu Ming sneered without hesitation.

This Qiu Pu is really strange enough! – Even the Sword Master and Zhan Wuwei call him brothers, how dare he “blackmail” him?

It’s no wonder that this character and character are not welcomed.

“You...” Qiu Pu’s face suddenly sank, “What did you say?—Dare you call me stupid!?”

“Am I wrong?” Xu Ming sneered disdainfully.

“Hum! Good...good!” Qiu Pu said coldly, “How dare you talk to me like this... It seems that I, Qiu Pu, haven’t made a move for too long, and you younger generations don’t even know my reputation!—Yes! Don’t you think that the Endless Continent is coming soon, you don’t need my continued protection, so you are arrogant? Humph! Let your senior Qiu Pu teach you this junior well!”

teach?

Xu Ming sneered in his heart – what he said was really high-sounding!

but...

Xu Ming had to admit that it was difficult to deal with Qiu Pu!

You know, Qiu Pu is an invincible Taoist!

From the seven-step Daoist onwards, every level of difference in strength is a “rolling” gap. For example, the eight-step Taoist master versus the seven-step Taoist master is purely “bullying”, just like an adult bullying a child.

Under Xu Ming’s madness, his strength is equivalent to the eight-step Taoist master, and there is a two-level difference between the invincible Taoist master! – This is an irreparable gap!

Even if Xu Ming summoned Liu Shu’s clone, it would be equivalent to the Nine-step Daoist, and it would still be difficult for him to be Qiu Pu’s opponent.

Of course, Xu Ming is not helpless with Qiu Pu.

If Xu Mingken exposed the “teleport” hang, he would shoot directly at Qiu Pu’s face; then, when Qiu Pu was about to resist, he teleported behind him and shot him in the back of the head!

Then, Qiu Pu will surely die!

However, now is not a life-and-death fight, is it necessary for Xu Ming to expose the “teleport” hanging?

No!

Moreover, the Endless Continent was not far ahead, so even if Xu Ming was not an opponent, it would be no problem to flee directly back to the Endless Continent. After all, there are two things Xu Ming is best at: one is to slap his face, and the other is to escape.

The treasure of the human race, “Ask the Sky Mirror”, constantly monitors the 3,600 territory of the human race. If Qiu Pu dared to attack Xu Ming under the surveillance of Wentian Mingjing, he would definitely be severely punished by the Wentian Palace!

And now, Xu Ming is ready to show the two things he is best at.

The first is the first – face slap!

“This face is not easy to hit, so let’s hang it with a ‘face slap’!” Xu Ming secretly said.

...

Neither Xu Ming nor Qiu Pu knew that just tens of thousands of miles away from them, there were six human race superpowers watching them secretly.

These six superpowers are all... demigods!

“This Qiu Pu is still the old virtue!” Lin Tiandi, the demigod who was burning with a mighty flame, couldn’t help scoffing, “Just like him, it’s no wonder he’s not guilty!”

On the side, Bing Yusi’s demigod voice said in a cold voice, “It’s a miracle that he can survive until now!”

Although Bingyusi demigod is wearing a veil, it is still difficult to hide her beauty. Her eyes are as deep and beautiful as the night sky; her skin is as crystal clear as ice and snow.

However, from Bing Yusi’s cold voice, it is not difficult to hear that there should have been some disputes between her and Qiu Pu.

That’s right, when Bing Yusi was only a Taoist, he did have a relationship with Qiu Pu, and the relationship was not small!

Later, Bing Yusi broke through to a demigod and even nearly killed Qiu Pu. However, Qiu Pu is an invincible Taoist master, and he is also a strong fighting force in the human race; the Daoist Palace came forward to protect it, and considering the righteousness of the ethnic group, Bing Yusi spared Qiu Pu's life.

Of course, Qiu Pu was also punished for this.

"Yusi, let's forget about the past!" Lin Tiandi said.

"Humph!" Bing Yusi snorted coldly, obviously still very unhappy.

Lin Tiandi said again: "We have always suspected that Qiu Pu is a traitor of a different race; so this time, we specially set up this situation and asked him to \*\*\*\* Xu Ming back to the Endless Continent! Now it seems... If Qiu Pu is really a traitor, then he is sure The whereabouts of Xu Ming will be passed on to the alien race; and the alien race will definitely not miss this golden opportunity to intercept Xu Ming – but now, no alien race has appeared, which means that Qiu Pu should not be a traitor!"

The high-level ethnic group deliberately "coincidentally" arranged for Qiu Pu to \*\*\*\* Xu Ming back to the Endless Continent; in fact, it was a "test" for Qiu Pu.

No wonder the senior members of the ethnic group even resorted to such unprofessional methods After all, interracial traitors are too cunning; especially Daoist traitors, it is almost impossible to judge!

As for the high-level ethnic group, without sufficient evidence, it is of course impossible to kill a Taoist just because of suspicion; otherwise, it will chill the hearts of other Taoists.

"Shouldn't it be a traitor?" Bing Yusi snorted, "Is it too early to say? – I can only say that it is not yet certain whether it is!"

"That's right!" Lin Tiandi had to agree.

After all, what a woman says is true!

At this time, the “gun \*\*\*\*\* Luo Tian” among the six demigods said: “To be honest, I ‘hope’ for aliens to appear, and I ‘don’t want’ for aliens to appear!”

“Why not?” Cang Qiong Palace Master also said.

It is hoped that aliens will appear because their six demigods have already set up an ambush! If the almighty aliens dared to assassinate Xu Ming, there would definitely be no return; moreover, the human race also took the opportunity to dig out a traitor!

I don’t want aliens to appear, because...even if Qiu Pu and other great powers are not in harmony, Luo Tian and Cang Qiong Palace Master do not want to see that Qiu Pu is a traitor; after all, after all, Qiu Pu is also a human race. One member!

“Don’t talk about it for now, let’s see, this careless Qiu Pu is in a fight with Xu Ming!” Lin Tiandi said.

Several powerful people looked over.

Sure enough, after a quarrel between Xu Ming and Qiu Pu, Xu Ming raised his palm.

Snapped!

Qiu Pu didn’t see it clearly, and he was slapped on the face.

“I...” Qiu Pu was immediately stunned, “My dignified and invincible Daoist was slapped in the face by a stinky young boy?”

In Qiu Pu’s eyes, Xu Ming was really just a hairy boy.

The six demigods, including Lin Tiandi, Bing Yusi, and Luo Tian, were also stunned: “Brother Xu Ming, it really isn’t easy...”

Chapter 636: Humans Are Unkind

“Brother Xu Ming, it’s really not easy...”

The six demigods were stunned for a long time.

Lin Tiandi was even more stunned and said: “It is said that Brother Xu Ming is known as the ‘palm god’, and he will slap him if he disagrees. I didn’t believe it before, but now I believe it!”

“Yeah...” Luo Tian, who also used a spear as a weapon, was also stunned, “Also, I have to say, Brother Xu Ming’s achievement in ‘slap’ is really high! That slap just now, even me I didn’t even see how he was thrown out!”

“Can you not be taller?” The Cang Qiong Palace Master said, “Even the \*\*\*\* eyes and demigods of the demon race were slapped in the face by Brother Xu Ming... let alone Qiu Pu!”

“I feel like, did Brother Xu Ming get the inheritance of a superpower who is good at slapping the palm of the hand?” Another demigod also exclaimed, “His accomplishments in slapping the palm are simply incredible!”

“Well drawn!” Bing Yusi’s eyes lit up, “It was so beautiful!”

“Okay, don’t go to the show!” Cang Qiong Palace Master is one of the twelve Palace Masters of the Asking Palace; among the six, he is naturally the most prestigious, “Let’s go over quickly! If we don’t go over, the two of them will probably fight. Woke up!”

“Hurry up, don’t let Brother Xu Ming suffer!”

...

Xu Ming and Qiu Pu had indeed reached a situation where the swords were drawn.

Qiu Pu pointed at the palm print on his face in disbelief, and couldn’t come back to his senses for a long time: “You...you dare to beat me?”

Xu Ming couldn’t help sneering: “I even dare to smack Wanxueyan and Howling Demon. Which green onion are you?”

Compared with Wanxueyan and Howling Demon, Qiu Pu can only be regarded as a green onion.

“Besides, I’ve already smoked. You’re too stupid to ask such a question, right?”

“You...” Qiu Pu roared, “If you have the ability, you can smoke again!”

One more shot?

What a stupid request!

However, Xu Ming has always been helpful to others. Since Qiu Pu still wants to get another slap, Xu Ming will naturally not be stingy.

Snapped!

Applause rang out!

“I...I...” This time, Qiu Pu still didn’t see clearly how he was slapped, “I’ve abolished you!!”

Qiu Pu was furious, and the cold aura instantly froze the surrounding space turbulence.

boom!

Qiu Pu’s palm instantly turned into a claws of bones, grabbing towards Xu Ming.

“Humph!” Xu Ming snorted coldly, the spear was already in his grip.

Although he is not as strong as Qiu Pu, he is not without any resistance at all.

Qiu Pu wanted to capture Xu Ming with one claws, but he was too arrogant!

But at this moment...

boom!

A mighty coercion stronger than the sky suddenly pressed down.

Qiu Pu's terrifying aura that swept the four directions, under this pressure, was as small as an ant.

And Xu Ming also felt that it was difficult to even move his body, let alone launch an attack!

"There is super power!"

Xu Ming and Qiu Pu were both horrified.

"I don't know if it is the super power of the human race!"

However, Qiu Pu was not very panicked. Even if a superpower from a different race came, he was confident that he would lead Xu Ming to escape.

Why is Qiu Pu so selfish and arrogant, yet still alive today? – It's because of his life-saving ability!

Even in the face of the top demigods, Qiu Pu has a way to save his life!

And... this place is very close to the 3,600 territory of the human race, and the superpowers of alien races should not dare to appear here. Otherwise, it is easy to be besieged by the superpowers of the human race.

At this time, a mighty voice came: "Stop!"

Immediately afterwards, the six human race super-powerful figures slowly stepped out from the void.

It seems slow, but every step is a thousand miles away. After a few steps, they reached Xu Ming and Qiu Pu.

“Master of the Palace of Heaven!”

Xu Ming and Qiu Pu both looked at the six demigods.

“Heavenly Emperor Demigod!”

“Bing Yusi demigod!”

“Luo Tian Gun God!”

...

Every demigod’s figure is as tall as the heavens and the earth—this is a kind of mental oppression.

“Xu Ming, Qiu Pu!” Cang Qiong Palace Master said solemnly, “Why are you two doing things here?”

“I...” Qiu Pu was very wronged, “I was slapped twice by Xu Ming!”

“Oh, there is such a thing?” The Cang Qiong Palace Master showed a look of “surprise”, “I just passed by here, and I didn’t see what happened before – with Xu Ming’s strength, can I slap you?”

The Cang Qiong Palace Master pretended to be disbelieving.

Qiu Pu’s old face was flushed red – being slapped, it’s not a glorious thing to say after all. Isn’t it the equivalent of rubbing salt on the wound for the Cang Qiong Palace Master to ask?

But in order to prove that he is a “good boy”, Qiu Pu added: “Xu Ming’s slap is notoriously weird in the entire Endless Continent; even Wanxueyan has been slapped by him! He wants to slap me, Of course it’s not difficult!”

“Oh?” Palace Master Cang Qiong looked at Xu Ming again, “Xu Ming, did you slap him?”

“That’s right!” Xu Ming admitted happily.

In fact, Xu Mingzheng and Cang Qiong Palace Master secretly transmitted voices in private.

“Hehe, Brother Xu Ming!” The Cang Qiong Palace Master seemed serious on the surface, but his voice transmission in private was mean.

“I understand!” Xu Ming also laughed cheaply.

Qiu Pu originally expected the Cang Qiong Palace Master to help him do justice, but how did he know that Xu Ming and the six demigods in front of him were all brothers and sisters!

“Why do you want to slap him!?” The voice of the master of the Cangqiong Palace was like a bell, and he was so arrogant that he almost wrote four words on his face – upright and bright.

“He forced me to take out the ring and show it to him!” Xu Ming said angrily.

“Oh?” Cang Qiong Palace Master’s face sank Qiu Pu, if this is the case, but you are wrong! ”

“I didn’t even touch the ring, so he slapped him twice...” Qiu Pu said aggrieved.

“That is to say, did you really force Xu Ming to take out the ring and show it to you?” Palace Master Cang Qiong hummed, “Qiu Pu, after all, this matter started because of your provocation. But now, Xu Ming has nothing to lose; this matter, let’s stop here!”

so far?

Qiu Pu said anxiously: “Then my two slaps will be given in vain? – Anyway, let me take the slap back, right?”

“Humph!” Bing Yusi snorted coldly, “It’s only two slaps, in my opinion, even if you slap two hundred more, it’s not an exaggeration! For someone like you, you should have a good memory!”

Qiu Pu knew that with Bing Yusi here today, he would not be able to get “justice” back. He had no choice but to suppress the anger in his heart and wondered, “Palace Master Cangqiong, why are you here?”

Of course, Palace Master Cang Qiong will not say that we are here to spy on you. He found a reason at random and said perfunctorily: “We are going to find a place to ambush to see if there is a chance to ambush the aliens. Just happened to meet you two! -Okay, you don’t care who is right or wrong, this matter will come to you. So far, do you have any comments?”

Of course Qiu Pu has an opinion.

But the Cang Qiong Palace Master said so, even if he has an opinion, what can he do?

“Humph!” Qiu Pu could only snort bitterly, “Xu Ming, the shame of two slaps, I remember Qiu Pu! You’d better pray that you don’t touch me in the future; otherwise, today’s humiliation, I will I will get it back tenfold and a hundredfold!”

After he finished speaking, Qiu Pu didn’t bother to say hello to the demigods such as Palace Master Cang Qiong, so he threw his sleeves and left.

...

Not long after leaving, a bewitching voice sounded deep in Qiu Pu’s heart: “The human race is not benevolent... Qiu Pu, you really don’t think about it?”

## Chapter 637: Palm Statue

After Qiu Pu left, Xu Ming, as well as the masters of the Palace of Heaven, the Heavenly Emperor and the demigods, stood opposite each other in the turbulent flow of the endless space.

“The character of this Taoist Master Qiu Pu is really weird!” Xu Ming shook his head and sighed, “I never thought that among the Taoists of our human race, there are people with such a character!”

“It’s very strange!” Lin Tiandi also laughed, “So, there are few people in the entire ethnic group who can talk to him!”

Cang Qiong Palace Master said solemnly: “I have doubted several times whether Qiu Pu has betrayed the human race! But every time I test him, I find that he is just a little selfish and withdrawn, but there is never any sign of betrayal!”

As long as it is not a traitor, even if the character is selfish and withdrawn, the senior members of the ethnic group have nothing to say.

“Okay, let’s not talk about Qiu Pu!” Palace Master Cang Qiong laughed and said, “Brother Xu Ming, your strength has improved, it really shocked me!”

Emperor Lin Tian also smiled and said, “Tsk tsk, slaughtering all races, and even killing the demon race to beg for mercy... Brother Xu Ming, you are really bold!”

Xu Ming smiled casually and said, “It’s just that there are some opportunities in the battlefield of ten thousand races, and that’s all!”

“It’s not as simple as some chance!” Cang Qiong Palace said, “It seems that Brother Xu Ming is indeed a person with great luck, and it is the hope for the prosperity of our human race!”

Xu Ming was a little embarrassed by the praise, and changed the subject: “Are you going to...?”

“We’re here for two things, all because of you!” Luo Tianlance said with a smile.

“Oh?” Xu Ming was surprised.

“The first thing is to secretly \*\*\*\*\* you back to the Endless Continent. By the way, let’s test whether Qiu Pu has any traitors!” Luo Tian told the truth directly; to Xu Ming, there was nothing to hide, “Now, The Endless Continent is not far in front of you, shouldn’t we continue to send you?”

“No, no!” Xu Ming laughed.

“The second thing is because you made such a big commotion on the battlefield of ten thousand races!” Luo Tian continued to laugh, “You are so cool in the battlefield of ten thousand races! However, all the alien races, It is very likely to launch revenge, such as jointly attacking the space channel... So, we have to go to the space channel and ambushed in advance, just in case!”

“Oh...” Xu Ming understood.

After chatting with several demigods for a while, Xu Ming said goodbye and left.

Xu Ming’s previous position was very close to the territory of the human race; after flying for a moment, he waved his hand to tear out the space crack and returned to the Endless Continent.

“came back!”

As soon as Xu Ming took a step, he passed through the crack in space and returned to the territory of the human race.

“So familiar atmosphere!”

As soon as he returned to the territory of the human race, Xu Ming felt a familiar aura coming toward his face—this was a special smell belonging to the territory of the human race!

“Yin!” Xu Ming’s mental power sank into the world ring, “I have returned to the Endless Continent. Next, where are you going?”

Yin Ran shook his head and said, “I’m here, I’m not familiar with my life, so I’m not going anywhere; I’ll stay in your world ring to heal my wounds, okay?”

“Whatever!” Xu Ming said indifferently.

Immediately, Xu Ming identified the direction of the Wilderness Sect in the territory of Huxin Island and flew away.

...

Wild Mountains.

Since Xu Ming opened up an independent space, the Savage Sect has moved into the independent space.

The wild desolate sect at this time has long since lost the prosperity of the past, but a precipitation after the prosperity has faded away.

In the Wilderness Sect, the leader of the Zhang clan, the former second elder and the current first elder, “Zhang Kuang”, still stays here to take charge of the common affairs.

The entire Savage Sect was sparsely populated; the inner disciples and outer disciples combined, there were less than a hundred people here.

Although the number of people is small, the deterrent power of the Wilderness Sect is many times stronger than that of the past!

There is even a legend in the mortal world that the reason why there are only so few people in the Wilderness Sect is because other people have taken the “Heavenly Warship” to the “Heavenly Realm”.

In fact, it is no wonder that there are such legends in the mortal world; after all, in the eyes of mortal warriors, things such as “Misty Rain Ship” and “Secret Realm” are really no different from “Heavenly Battleship” and “Heavenly Realm”. !

Xu Ming did not disclose the secret of the “independent space”, but lied that he had opened up the secret realm.

call out-

Xu Ming’s figure quickly swept across the vast land, and it didn’t take long before he returned to the top of the Wilderness Sect. He did not open the “invisibility” hook, but used his tyrannical mental power to interfere with the surrounding space, so that others could not find him.

“Hey, go home alone!”

In fact, Xu Ming's deity has always stayed in the Wilderness Sect or an independent space, and has never gone out. And now, his avatar is back.

hum...

Xu Ming's mental power silently enveloped the entire Wilderness Mountain Range, wanting to see if anything happened to the Wilderness Sect.

The coverage of mental power really allowed him to discover some "little actions".

"Insolent."

Xu Ming's most loyal younger brother, "No. 2", sat opposite Zhang Kuang with a serious expression.

No. 2 and Zhang Kuang are both high-level figures in the "Palm God League"; the two often sit together and talk about the development direction of the Palm God League.

No. 2 said solemnly: "How are the preparations for the establishment of the Palm God statue on the wild mountain?"

"It's in full swing!" Zhang Kuang also looked serious – building a statue for the palm \*\*\*\* Xu Ming, this is already the most important thing for the palm \*\*\*\* alliance at present.

"In terms of capital expenditure, don't save! Even if you use up all the savings of the God Alliance, you will not hesitate!" No. 2 said old-fashioned; obviously, after being the younger brother of Brother Ming for so many years, the temperament of No. 2 is also great. There is improvement – after all, if the temperament is not good, how can you be qualified to be the younger brother of the palm god?

"It's natural! – Not only do I have to use up all the savings of the God Alliance, I plan to take out all my personal savings!" There was fanatical worship in the arrogant eyes.

The title of “Palace God Xu Ming” is already legendary in the Wilderness Sect, and even in the territory of Huxin Island!

Absolute legend!

“It’s just...” Zhang Kuang said in distress, “The 3,600-meter-high glazed golden body jade is hard to find!”

One hundred and fifty zhang, is “one li”; three thousand six hundred zhang, is twenty-four li – that is to say, the Palm God Alliance wants to build a building for Xu Ming that is at least twenty-four li. statue!

The glazed golden body jade is an extremely precious jade mine. In the mundane world, a thumb-sized piece is enough to pass on as a family heirloom! – A whole piece of glazed golden body jade, as high as 3,600 meters, is indeed extremely difficult to find!

“It’s hard to find, but I have to look for it!” No. 2 said in an unquestionable tone, “Search the entire territory of Lake Heart Island and find it! If there is no territory of the entire Lake Heart Island, then continue to look for other territories! ”

“I also have this intention!” Zhang Kuang said.

At this moment, a joking voice sounded: “You guys are having a good time chatting!”

“Um?”

“Um?”

No. 2, Zhang Kuang was stunned at first, and then a dazzling frenzy erupted in his eyes: “Brother Ming!”

Xu Ming’s figure slowly condensed and formed.

He laughed and scolded: “You two are really boring enough to actually engage in such formalism!”

“hey-hey...”

No. 2 and Zhang Kuang are both scratching their ears and smiling.

boring?

No, they think, this is the most meaningful thing!

“Don’t bother, don’t make any statues!” Xu Ming said.

“Uh...” No. 2, Zhang Kuang had no choice but to say, “Okay...”

After chatting a few more words, Xu Ming got up and left, heading to the independent space.

After a long while, No. 2 carefully transmitted his voice: “Brother Ming should have left, right?”

“It should be gone!” Zhang Kuang said, “Then do we need to build our statue?”

“Jian, of course!” No. 2 resolutely transmits the sound, “But... it has to be more secretive! After the statue is carved, it will be shipped; even if Brother Ming has an opinion, he has to acquiesce!”

“Hey, that makes sense!” Zhang Kuang said with a smile.

## Chapter 638: Technological Civilization

“All passengers, please note that the sb250 flight to the Wilderness Sect is about to take off. Passengers who haven’t boarded the plane, please hurry up...”

After a while, a triangular “flying saucer” lifted off vertically; then, at an extremely fast speed, it shot into the sky.

...

Xu Ming's clone stepped into the void and entered his "independent space".

The majestic spiritual power directly covers the entire independent space; everything here, every move, can be seen by him.

The corner of Xu Ming's mouth couldn't help but evoke a smile: "The independent space has been built, it's quite successful!"

At this time, the independent space is full of "super-technical civilization" atmosphere! UFOs, flying cars, steel buildings, robots...

Yes, Xu Ming wants to make this world completely controlled by him into a sci-fi world!

These flying saucers, flying cars, intelligent robots, etc., which are far beyond the level of earth technology and can only be seen in the novels of the future world, are all bought by Xu Ming from the "artifact store".

Buying these things doesn't actually cost Xu Ming much of the hanging points; the highest one is only level 5 hanging points! Xu Ming even has a lot of level 6 hanging points, but the hanging points below level 5 are naturally spent casually, and he doesn't feel bad at all!

call out

Triangular black flying saucer, flying smoothly in the sky.

The hundreds of passengers in the flying saucer have the highest level of innate cultivation. Many of them were on a flying saucer for the first time, and their faces were full of jaw-dropping expressions.

"The speed is so fast, the flight is so steady!"

"Yeah! I don't know how much more comfortable it is than riding a flying monster!"

"Where did the palm \*\*\*\*\* come from, such an artifact treasure that I have never seen before?"

“What’s so strange? Since it is the treasure of the palm god, no matter how miraculous it is, it is normal!”

In the independent space, in addition to the people from the Wilderness Sect and the Palm God Alliance, there are also some ordinary people who “immigrated” in.

Of course, there are still very few immigrants, and it is still in the trial stage.

How could these “barbarians” in the world of martial arts ever enjoy the comfort of the world of science and technology; they all felt that life was simply too comfortable!

Martial arts world, pay attention to sharpen oneself. In the world of science and technology, it pays attention to the study of foreign objects; instead, it takes its own strength lightly.

Therefore, life in the world of martial arts is often very difficult, while life in the world of science and technology is very comfortable. After all, many technological inventions are for enjoyment!

“I want to make this independent space a paradise!” Xu Ming fantasized, “No disputes, no fighting, just enjoy the comfortable life brought by technology!”

At the same time, Xu Ming’s actions are actually a kind of nostalgia for his hometown “Earth”.

Xu Ming, after all, is a traveler.

“The products of scientific and technological civilization are really comfortable to use, but...” Xu Ming secretly said, “However, technological weapons are hundreds, thousands, or even more expensive than treasures and spiritual weapons!”

Of course, technological weapons also have the advantage of being easy to use!

Even if it is a martial artist who is practicing outside, holding a laser gun, he can still threaten the martial artist of Xiantian and Pill Condensation.

To sum up, the product of scientific and technological civilization, although comfortable to use, is... expensive!

Therefore, for the time being, Xu Ming can only play the technology products in the Level 5 artifact store at the highest level; at the higher level, he can't afford it yet.

The topography of the entire independent space was constructed by Xu Ming with reference to the topography of China on the earth. Immediately, Xu Ming turned his attention to the "Loess Plateau" direction.

On the barren "Loess Plateau", there are nine towering energy towers.

The energy tower radiates high-level energy in all directions, supplying the energy use of all technological products such as flying saucers, flying cars, and robots.

And surrounded by nine energy towers, there is a peculiar nine-cornered building.

In the peculiar building, Zhang Hao, an "outlier" who has no interest in martial arts, but has a soft spot for learning, is facing a pile of data and studying hard about what he is about to become a physicist!

The mass-energy equation " $E=mc^2$ " has been thoroughly understood by him, and the special theory of relativity and the general theory of relativity have been studied almost by him; at this time, he is studying quantum mechanics.

"Haha!" Xu Ming smiled, "Unexpectedly, Zhang Hao has some talent in physics... I hope he can learn something!"

Compared with martial arts civilization, scientific and technological civilization has another feature, that is, it can be done quickly!

For example, as long as he understands some principles and gives him enough materials, he can easily configure nuclear weapons!

Of course, for Zhang Hao, Xu Ming just pointed him to some opportunities, not even a disciple; in the end, what achievements Zhang Hao can achieve in scientific and technological research depends on him.

“gone!”

Xu Ming’s figure flashed, and he flew towards the location of the Wilderness Sect in the independent space.

“Hanmo, my avatar is back!” Before it arrived, Xu Ming’s avatar sent a voice transmission to Gu Hanmo to avoid her worrying.

“Just come back!” Gu Hanmo had actually been accompanied by Xu Ming’s deity during this period of time; he also knew that even if the avatar dies, it can be easily reunited. Therefore, Gu Hanmo was not very worried about Xu Ming’s safety.

“Next, I plan to retreat for a period of time!”

After a while, Xu Ming’s deity and avatar appeared in front of Gu Hanmo together.

Of course, Liu Shu’s clone didn’t call out, worried that Gu Hanmo would be frightened.

Moreover, the entire Wilderness Sect is just that big; if the willow clone is summoned, there is no place to stay!

“Retreat?” Gu Hanmo asked curiously, “Do both the deity and the avatar retreat together?”

“right!”

When refining the seeds of Dao Lingguo, Xu Ming must of course have both the deity and the avatar to go into battle; in this way, he can take the opportunity to capture more insights into the Dao of Heaven!

“How long will it take?” Gu Hanmo asked again.

“I don’t know about this...” Xu Ming said, “I want to refine a magical treasure called ‘Gang Dao Lingguo’! I have never refined it before, so I don’t know how long it will take.”

“Oh...” Gu Hanmo said, “It’s okay, take your time! Don’t be impatient, being careful is the most important thing!”

“Don’t worry!” Xu Ming said with a smile, “There is no danger! I have two of the Spiritual Fruits. After I refine them successfully, I will refine them for you!”

“I also want to refine this ‘spiritual fruit’?” Gu Hanmo asked in surprise.

“Yes! After refining, it is very beneficial!”

“It’s very beneficial?” Gu Hanmo said quickly, “Then you’ve refined both of them, don’t keep them for me! Anyway, I don’t need strong strength; it’s enough to have you to protect me!”

“Fool!” Xu Ming couldn’t help shouting emotionally.

He found that since the wedding, Gu Hanmo has become more and more lovely, and he thinks of himself everywhere.

Xu Ming explained with a smile: “A person can only refine one. Refining the second will have no effect!”

Chapter 639: Causal Array

Thousands of miles of vast independent space, above the clouds.

Xu Ming’s deity, as well as the human clone, appeared here at the same time.

Xu Ming has absolute control over the independent space. Above the clouds is a restricted area that he has drawn, which is a place specially used for cultivation.

“The willow clone, come out too!”

Xu Ming’s heart moved, and he also released the willow avatar from the world ring.

When refining the seeds of Dao Spirit Fruit, the soul will fall into a mysterious state; at this time, the understanding of the Dao of Heaven can be called “springing”!

It's a pity that you can only use one of the spiritual fruits in your life; if you use the second one, it will have no effect. Otherwise, Xu Ming still wanted to deceive a few more Dao Spirit Fruits from Yin Ran.

Swish!

With a wave of Xu Ming's hand, a red fruit like an apple appeared in his hand.

After handing the “Growing Dao Spirit Fruit” into the hands of the deity, Xu Ming stared at it with bated breath. The deity and the two clones gradually became quiet.

The two human bodies were so peaceful that they seemed to fall into a deep sleep; and the willow tree clone gradually dropped its branches.

Peace of mind can adjust the state to the best.

“‘Epiphany’ hang, turn it on!”

When everything was adjusted to the peak, Xu Ming's deity swallowed the fruit of the Taoist Spirit in one bite.

Plant the spiritual fruit, and it will melt at the entrance.

Immediately, countless mysteries of the Heavenly Dao exploded in Xu Ming's body!

Immediately afterwards, Xu Ming discovered that the mysteries of the Heavenly Dao contained in the Spiritual Fruit of Planting Dao were incomparably “tame”.

The exploding Heavenly Dao perception did not escape outside the body, but rather obediently, surrounded Xu Ming's sea of consciousness, lining up, waiting for Xu Ming to come to perceive.

“The mystery of fire, the mystery of wind, the mystery of water, the mystery of heaven...”

Xu Ming looked at the mysteries of the Heavenly Dao that burst out from the seedling fruit—the mysteries of the Nine Great Heavenly Daos, each of them has, and there are many!

Moreover, Xu Ming felt that these mysteries of the Dao of Heaven were like taking off his pants and waiting for him to be “happy”.

“How could there be such a miraculous fruit in the world?”

Xu Ming couldn’t help but sigh.

However, what Xu Ming didn’t know was that although the cultivation fruit was magical, it was not the most precious fruit!

The Divine Realm is vast and full of wonders.

There are many fruits, and it is even more magical than planting a spiritual fruit! For example, the legendary “Proving Dao Fruit”, if you eat one, you can directly prove the Dao and become a god!

The vastness and magic of the Divine Realm is simply beyond what the current Xu Ming can conjecture!

Xu Ming restrained his mind and directly learned from the Heavenly Dao of Fire, which he was best at—although Xu Ming was the first to comprehend the Heavenly Dao of Wind, there is no doubt that Xu Ming’s most talented and accomplished person is definitely the Heavenly Dao of Fire. .

Therefore, Xu Ming had to start with the Heavenly Dao of Fire.

The Heavenly Dao of Fire contained in the Spiritual Fruit of the Dao is actually not profound. After all, planting the spiritual fruit of the Tao can only help to plant the seeds of the nine heavenly Taos; that is to say, the mystery of each heavenly Tao contained is at best only the level of “one step Taoist”.

And Xu Ming's current understanding of the Heavenly Dao of Fire is close to the limit of a half-step Daoist!

but...

“Not profound” does not mean “useless”.

On the contrary, as soon as Xu Ming comprehends it, he discovers this “non-esoteric” mystery of the Heavenly Dao of Fire, which is simply too useful!

Because... the mystery of the Heavenly Dao of Fire, although not profound, is very comprehensive; what it contains is the most basic foundation of the Heavenly Dao of Fire!

Make an analogy.

If you compare the understanding of the Tao of Heaven, it is like “learning mathematics”. Then, Xu Ming's insight on the Fire of Heaven is equivalent to learning equations in mathematics.

However, Xu Ming also encountered a problem, that is, the foundation was not well laid – “addition, subtraction, multiplication and division”, he only learned “addition and subtraction”.

As a result, Xu Ming's understanding of the Tao of Heaven, the higher the level, the more difficult it is to progress! – This is the result of an unstable foundation.

Xu Ming is very clear that his foundation is not solid enough, and he also wants to consolidate his foundation.

It's just that, comprehending the way of heaven and paying attention to “follow the course”, it cannot be forced; therefore, Xu Ming knows that his foundation is not solid, but he has no way to do it.

And now, this problem is solved!

Planting the spiritual fruit of the Tao directly sent a complete set of the foundation of the Heavenly Dao of Fire to Xu Ming, allowing him to comprehend it! – These “basics” are superficial, but they are exactly what Xu Ming needs the most!

“Good! Great!”

Xu Ming fully understands the importance of foundation!

The more solid the foundation is, the higher and more stable the “building” of Tiandao can be built!

“It’s no wonder Yin Ran said that planting Dao Spirit Fruit can not only help to plant the Dao seeds of the nine heavenly ways, but also greatly improve the understanding of the nine heavenly ways!”

You have laid a solid foundation for you. Can you greatly improve your understanding of the way of heaven?

For example, regarding the Heavenly Dao of Fire—Xu Ming is sure that after laying a solid foundation, he will enter an explosive period of Heavenly Dao enlightenment! I am afraid that it will not be too far away from becoming a Daoist!

“continue!”

Soon, Xu Ming had “eaten” all the foundations of the Heavenly Dao of Fire; then, he turned to “eat” the foundation of the Heavenly Dao of Wind.

...

At this time, the Endless Continent, the 3,600 Terran Territory is the night.

In the dark night, countless stars twinkled.

Every star is extremely far away from the Endless Continent.

Every star is actually a vast continent.

The stars in the sky are countless vast continents!

and!

The vast majority of the billions of stars that can be seen in the night sky are much larger than the Endless Continent!

And it is about the same size as the Endless Continent, or smaller than the Endless Continent, because the distance is too far, it is almost impossible to be seen!

but!

Among the stars in the sky, none of them are “God’s Domain”!

God’s Domain is so mysterious that the space around it is completely distorted! Only the real gods can see through the twisted space and discover the location of the gods!

At this time, the city of the Holy Emperor is well-known in the infinitely vast Divine Realm!

In the center of the Holy Emperor City, a dazzling mysterious formation was temporarily arranged.

A round mysterious formation with a diameter of... 108,000 miles!

Countless cause and effect randomly collided into gorgeous fireworks in the big array.

Even gods dare not stare at this great formation; otherwise, they will sink into the “ocean of cause and effect” and cannot extricate themselves.

An old man in a Taoist robe with a gray beard gently stroked his beard and walked to the Karma Formation.

His seemingly cloudy eyes narrowed slightly, and he sighed, “I haven’t arranged a karma formation for many years...”

“Bai Lao, you’ve worked hard...” Not far away, a mighty middle-aged man said.

The gray-bearded old man waved his hand, indicating that there is no need to say more. Immediately, he sighed again: “Xiao Ran, this girl, I’m afraid she has been randomly teleported to a very far place, and even I can’t figure out her location, and I have to use the karma array...”

He shook his head, walked straight into the great formation, and disappeared into the ocean of cause and effect.

Chapter 640: Piercing Causal Isolation

The white-haired old man with a white beard stepped into the Karma Formation, and after just a few steps, he walked a distance of tens of thousands of miles and reached the center of the Karma Formation.

Immediately, the endless power of cause and effect all quieted down.

Bai Lao held a few mysterious magic formulas in his hands, and then, all the power of cause and effect circled around him.

The great formation of 108,000 miles, the power of cause and effect like a sea of smoke, like a vortex, rushing towards Bai Lao.

boom!

Suddenly, a beam of light shot out from the top of Old Bai’s head, directly into the sky.

In an instant, the beam of light pierced through the billions of miles of sky in the Divine Realm.

hum...

An invisible force of causal investigation radiated from Bai Lao as the center; just a few breaths covered the entire Divine Realm.

You must know how vast the Divine Realm is!

Even the scope of the Holy Emperor City is much larger than the entire Endless Continent!

Bai Lao can use the karma array to cover the entire God Realm with the power of karma, which shows his strength!

In fact, in terms of causal detection methods, Bai Lao is ranked first in the entire Divine Realm!

“Um!?”

Suddenly, Bai Laoyi frowned: “No?”

Bai Lao’s causal power has covered the entire God Realm, but Yin Ran has not yet been detected. This shows two possibilities: first, Yin Ran is not in the realm of the gods; second, Yin Ran has fallen into a place where causality is isolated.

“I hope it’s not the second possibility! Otherwise, it will be troublesome!”

Old Bai sighed.

Then, the power of cause and effect in the great formation of cause and effect became more turbulent and violent.

The rapidly rotating vortex of causal power merged into Bai Lao’s body like crazy.

The force of nature in the millions of miles around the Causal Formation was evacuated by the Great Formation!

wow—

Bai Lao’s causal investigation went directly beyond the realm of the gods and spread beyond the realm of the gods.

Running the power of cause and effect in such an overloaded way, even Elder Bai felt very exhausted!

Tick tock!

Tick tock!

Drops of sweat flowed down Bai Lao's face, which was full of vicissitudes of life, and finally dripped down on the tip of the gray beard.

Even the beads of sweat contain a powerful breath of life. Every drop of sweat dripped onto the ground, and the land of the God Realm under Bai Lao's feet seemed to be full of life.

...

a long time.

The light beam of karma was retracted from the top of the white old head.

The causal formation also dissipated suddenly.

"Old Bai, how's it going?" The imposing middle-aged man asked.

"City owner..." Bai Lao shook his head and sighed, "I can't find it! I'm afraid Xiao Ran has fallen into a place where causality is isolated..."

"This..." The middle-aged man, who had always been calm, had an anxious look on his face at this time.

"No need to worry!" Bai Lao said, "I calculated Xiaoran's fate a long time ago, and it is a sign of good luck! Even, in her fate, there is such a little hope of 'sanctification'! – Xiaoran, is definitely a person with great luck! And people with great luck, even if they are in danger, they can easily turn bad luck into good luck!"

It is said that “three points are destined by heaven and seven points are determined by hard work”, but this is not the case.

Just imagine, being born in the Endless Continent is the same as being born in the Divine Realm – can it be the same?

For example, Yin Ran, who was born in Shengdi City, has a distinguished status; even if she eats and drinks while lying down, she can become a god! And for ordinary people in the Endless Continent, in hundreds of millions of years, it is difficult for one of them to become a god!

Therefore, it is said: nine out of nine or more, it is destined by heaven!

work hard?

Only a very small number of people can spell out a slim chance.

“Old Bai, I hope you can investigate again!” the middle-aged man said.

“Well!” Bai Lao nodded, “Next, I will set up a causal formation with a range of a million miles! – At that time, my causal power can pierce most causal isolation, and should be able to detect small where it is!”

Cause and effect isolation is also divided into different levels.

Can the causal isolation arranged by ordinary gods be the same as the causal isolation arranged by the great power of Bai Lao?

As long as the force of causality is strong enough, it is indeed possible to forcibly pierce the causal isolation!

...

At this time, Yin Ran was in Xu Ming’s world ring.

Xu Ming, on the other hand, is in an independent space.

I don't know if this white old man's causal power can forcefully pierce the causal isolation of the independent space.

...

independent space.

Above the vast clouds.

Xu Ming's three bodies joined forces, madly absorbing and comprehending the foundation of the nine great heavens.

The mysteries of the Heavenly Dao contained in the seedling fruit are definitely the most basic foundation!

And it's a very comprehensive foundation.

Just like "addition, subtraction, multiplication and division" in mathematics, twenty-six letters in English...

All the foundations have been comprehended and consolidated. In the future, even if you encounter doubts and bottlenecks in the perception of the Tao of Heaven, you can more easily solve the doubts and break through the bottlenecks.

"Growing the fruit of Taoism is really a treasure..."

Xu Ming is very clear about the preciousness and importance of this spiritual fruit – this is not just a short-term strength improvement, but a long-term benefit!

Xu Ming's cultivation path was as smooth as a highway; after taking this kind of Taoist fruit, his cultivation path was as smooth as an airport runway!

The foundation of the Heavenly Dao of Fire shall be consolidated!

The foundation of the Heavenly Dao of Wind shall be consolidated!

The foundation of water and heaven is solid!

The foundation of Thunder Heaven Dao, consolidate!

The Tao of Earth, plant the seeds of Tao, and lay a solid foundation!

The Tao of Gold, plant the seeds of Tao, and lay a solid foundation!

The Way of the Wood...

Xu Ming was completely immersed in the perception of heaven.

Xu Ming discovered that the basic secrets of the Nine Great Ways of Heaven are like taking off his pants and “going up” by himself. “Up” up, oh no, comprehend, effortlessly!

“Even if this dao seedling fruit is given to a pig to eat; after this pig eats it, it can also plant the dao seeds of the nine heavenly dao?”

At this moment, Xu Ming finally accepted the fact that the fruit of Taoism is really more precious than the divine weapon!

“Doesn’t that mean that I ‘eat’ at least one artifact?”

You know, Xu Ming had never even seen what an artifact looked like, so he ate a “fruit” that was more expensive than an artifact.

luxury!

What a luxury!

...

a few days later.

Xu Ming will plant the spiritual fruit and completely refine and absorb it.

“The seeds of the nine heavens, all of them are planted!”

“The foundational mysteries of the nine heavenly ways are fully understood!”

“The foundation of heaven is extremely solid!”

Suddenly, Xu Ming felt that countless insights into the heavenly way were growing and erupting frantically in the depths of his heart!

After the foundation of the Dao of Heaven was consolidated, many of the mysteries of the Dao of Heaven that Xu Ming could not understand before were suddenly blown away.

Xu Ming’s Heavenly Dao realm has risen wildly!

boom!

The enlightenment of the Heavenly Dao of Fire has directly stepped into the extreme half-walk master level! And it is an extremely high level among the extreme half-step road masters. It is not far from breaking through the 21st floor of the Tongtian Tower and breaking through to become a real Taoist master!

The Heavenly Dao comprehension of the wind was instantly elevated to the six-step Daoist!

The understanding of the Heavenly Dao of Water was instantly upgraded to the Four-step Daoist!

Thunder Tiandao’s perception, instantly upgraded to six-step Taoist!
