

## **Break Into Another World #Chapter 81 – 90**

### **Read Break Into Another World Chapter 81**

Chapter 81: , Miss Gu

It's a formation!

There is an ambush!

At the moment of exclamation, the range of 100 zhang centered on Xu Ming and the three of them suddenly became turbulent, and the situation changed; the sky with the scorching sun suddenly became gloomy.

Xu Ming saw that beyond the range of a hundred meters, the sun was still hanging high, but within the range of one hundred meters, it was eerily gloomy.

Gu Hanmo and Qin Ran looked serious: "It's a trapped formation!"

Trapped?

Needless to say, there is trouble!

Gu Hanmo and Qin Ran took a detour for three days to avoid the assassination, but the assassination still came.

Xu Ming wasn't worried about himself at all – he had a stealth hang, and his life was in danger. If he switched on his stealth hang, he would be saved in an instant.

But what about Gu Hanmo? What about Qin Ran?

Xu Ming was on guard, waiting for the assassin to appear.

"There is a hard fight to be fought!"

Xu Ming knew that since the other party dared to assassinate him, his strength would definitely surpass that of Gu Hanmo and Qin Ran, and he might even be a congenital perfect martial artist!

Innate perfection warrior...

Xu Ming is still only half-innate. Although the three attribute stones of strength, agility, and wisdom have all been used at 100, but if they don't hang up, Xu Ming will put it bluntly.

Innate early stage, innate middle stage, innate late stage, innate perfection, each level is a rolling gap!

For example, in the birthday battle, Xu Ming used high-level double attack, double defense, and acceleration, and when he willfully crushed the disciples of the Wilderness Sect, he seemed very fierce and powerful, but in fact, Xu Ming at that time was also at the mid-level of innate combat power. It's just – it's just the combat power of the middle stage of the innate, but it has abused a group of the wild and desolate disciples of the early stage of the innate so that they have no temper at all. It can be seen that the difference in combat power is one level, and the difference in strength is huge!

And now, Xu Ming is likely to face a congenital perfected martial artist who is three levels higher than himself...

"How could it be?" Qin Ran murmured, "We have changed our route many times, and each time, I am sure that there is no tail behind me... How could it be, how could it still be ambushed!"

"Could it be... someone deliberately leaked their whereabouts?" Qin Ran couldn't help but look at Xu Ming.

In the three-person line, only Xu Ming was suspected.

"I..." Xu Ming was at a loss for words.

However, at this time, it is obviously not the time to argue about this matter; not to mention that Xu Mingqing is self-cleaning, and there is no need to argue.

"Xiao Ran, it won't be Xu Ming's, I believe him!" Gu Hanmo said.

Qin Ran stared at Xu Ming, trying to see some flaws in Xu Ming. But Xu Mingqing is innocent, what flaws can she show her?

In the end, Qin Ran had to snort heavily: "I hope it's not you, otherwise, I will kill you first!"

"Humph!" Xu Ming was also displeased when he was suspected for no reason.

But Qin Ran actually knew in his heart that it should not be Xu Ming. Because Xu Ming even gave Gu Hanmo the incomparably precious Innate Blood Escape Talisman last time, how could he leak his whereabouts to harm Gu Hanmo?

However, Qin Ran was anxious because of the critical situation at the moment; she felt that Xu Ming was a little suspicious, so she couldn't help complaining.

Yes, Qin Ran didn't have much malice, but a kind of complaint in a crisis, but the tone was too heavy.

The reason why Qin Ran is so anxious is not that he is worried about his own safety, but that he is blaming himself for not protecting Gu Hanmo well and leading the way to such a predicament.

"It's okay, Xiaoran." Gu Hanmo comforted, "Get ready to meet the enemy!"

Since you are already trapped in the formation, it is obviously unrealistic to want to break the formation in a short period of time; in this case, it is better to adjust the state and kill it!

Gu Hanmo has an unyielding arrogance that belongs to peerless geniuses: "Dare to ambush me? I want to see where it is, and see if you die or I die in the end!"

Gu Hanmo is not afraid of a fight.

"Little...Palace Master!" Qin Ran almost shouted "Miss" at a critical moment, "Don't worry, I will keep you safe no matter what!"

Gu Hanmo couldn't help being moved.

Qin Ran grew up with her and took care of her like a sister; in Qin Ran's eyes, it was very likely that Gu Hanmo's life was more important than his own.

"Xiao Ran, we will all go out!" Gu Hanmo clenched the long sword in his hand.

Qin Ran nodded firmly.

"Miss has a congenital blood escape talisman in hand. In a moment, as long as I can break the trapped formation, the young lady can escape!" Qin Ran calculated a plan for breaking the formation, and at the same time was careful to guard against sneak attacks.

Xu Ming was also holding a long spear, and he didn't dare to let go.

nourish – nourish –

Suddenly, in the trapped formation, a hole was broken in the ground not far away, and a burly man with long hair slowly emerged from the hole.

Seeing this burly man with long hair falling to his waist, both Gu Hanmo and Qin Ran shrank their pupils: "Long Batian!"

Hidden Killing Sect, Long Batian!

To be honest, in the Hidden Killing Sect, Long Batian is not a master, because... he is just an ordinary congenital perfect martial artist.

Yes, it's just, congenital consummation, that's all!

In the Wilderness Sect and the Hidden Killing Sect, those who are stronger than Long Batian can easily pull out a bunch of them.

However, now that they meet Long Batian, both Gu Hanmo and Qin Ran feel a burst of despair – Long Batian is indeed only congenital consummation, and it is only a relatively common congenital consummation. However, crushing them is easy and more than enough!

Besides... the trapped formation that traps him right now is not something that Long Batian can arrange alone!

Xu Ming also felt an extremely strong aura of danger in Long Batian, he couldn't help but toss over a probe: Long Batian~[www.readwn.com](http://www.readwn.com)~ a member of the Hidden Killing Sect, the cultivation base is congenitally perfect...

“Sure enough, congenital consummation!”

After the investigation, Xu Ming calculated: “If he doesn't have many helpers, if I play all my cards, maybe I will be able to fight!”

When all the cards are out, naturally all the hanging points that have been accumulated are exhausted!

“Miss Gu, didn't expect us to meet on such an occasion?” Long Batian laughed playfully, full of confidence that he had a chance to win.

Miss Gu! ?

For some unknown reason, Gu Hanmo first subconsciously looked at Xu Ming's reaction.

She seemed to care more about Xu Ming's surprised expression when he heard the words “Miss Gu” than the danger she faced.

However, Gu Hanmo unexpectedly found out: “Huh? No reaction at all?”

Gu Hanmo was a little depressed: “Did you not hear these three words clearly? Or did you hear them, but didn't come back to your senses for a while?”

Gu Hanmo didn't think about it, Xu Ming already knew that she was a daughter; because she felt that she had always been a good disguise, and Xu Ming could not see through it!

Qin Ran was anxious and speechless: "Miss is really stuck... How long is it, she still has the mind to look at Xu Ming's expression..."

"Huh?" Long Batian suddenly asked in surprise, "Seeing this deity, there is no despair on the faces of the three of you? And you, Gu Hanmo, you still have the mind to look around? Hmph, it seems that you still Fantasizing about how to escape? Well, I'll let you first feel what despair is like – come out, brothers!"

sizzle... sizzle...

The sound of drilling the ground sounded again.

But this time, the three of Xu Ming heard voices in five directions at the same time.

"Five people!?"

Even Xu Ming couldn't help but feel helpless.

A Long Batian, I can't deal with it, there are five people underground?

Chapter 82: ,Invite

weaker!

weaker!

weaker!

Xu Ming, Gu Hanmo, and Qin Ran all prayed.

If five more congenital consummations are drilled out, then there is really no need to struggle, it is better to just wipe the neck and commit suicide.

"These five can't be congenital consummation!" Xu Ming thought with certainty, "If there is congenital consummation, he won't be willing to hide in the ground for so long, and wait for this Longbatian outfit to be finished, and then it will come out!"

Only the weak will be willing to set off the strong with X!

Therefore, Xu Ming believes that the five underground are definitely weak compared to Long Batian!

Sure enough, under Xu Ming's prayer, five "weak people" who were much weaker than Long Batian emerged from the ground.

Mmmm... underdog!

It was so weak that Xu Ming and the three were powerless.

"Five innate late stages!"

The Wilderness Sect and the Hidden Killing Sect are adjacent forces, and they often fight with each other. Gu Hanmo and Qin Ran naturally knew the people of the hidden killing sect very well; the five people who came up behind were the five veteran martial artists of the late stage of the hidden killing sect.

One congenital consummation, five congenital late stages!

And also trapped in a trap!

This kind of robbery treatment really made Xu Ming and the three very powerless.

Too inferior!

Xu Ming couldn't help but wink at Gu Hanmo.

The tacit understanding of the heart made Gu Hanmo immediately understand – Xu Ming is asking: How many can you deal with?

several?

Gu Han said speechlessly: "If I burst out with all my strength, I can barely hold it in the hands of a late-stage warrior!"

Gu Hanmo has this confidence because she has used the attribute stone given by Xu Ming, and her strength has increased slightly.

"Uh... well..." Xu Ming turned back to Gu Hanmo with a slightly sad look in his eyes.

In fact, Gu Hanmo couldn't be blamed for his weak strength.

After all, Gu Hanmo is only fifteen years old, and it is already incomparable to have the cultivation level of the middle stage of the innate and the realm of the unity of heaven and man!

At the very least, it is a sure-fire thing for Gu Hanmo to set foot in the Pill Condensation Realm in the future; he might even be able to break through the Pill Condensation and hit a higher realm.

“Xu Ming.” Qin Ran suddenly transmitted a voice.

Xu Ming looked suspiciously.

“I’m begging you.” Qin Ran continued, “When the war starts, I will try to drag them out; when I drag them, please help the palace master and break the formation as much as possible!—The palace master has The innate-level blood escape talisman you sent, I guess you will definitely not have no ordinary blood escaping talisman; when the time comes, you will use the blood escaping talisman to escape at the moment when the formation is broken!”

Within the range of the trapped formation, the blood escape talisman is invalid. But as long as the trapped formation is broken open, he can immediately escape by using the blood escape talisman.

“What about you?” Xu Ming couldn’t transmit voice yet, and he and Qin Ran didn’t have that kind of tacit understanding, so he could only say in a low voice.

But the people present were all innate experts. No matter how low Xu Ming’s voice was, how could he escape their ears.

“Yo, how are you planning to resist and escape there?” Long Batian laughed arrogantly, “Don’t waste your time! In today’s situation, if you can escape even one, I, Long Batian, will kneel down and give you a hundred slaps. Ring your head in respect!”

Qin Ran ignored Long Batian’s arrogance, and continued to transmit Xu Ming: “That’s it! As for what happens to me, you don’t have to worry about it.”

Xu Ming instantly understood that Qin Ran was planning to sacrifice himself!

There is only one innate blood escape talisman, and it can only save Gu Hanmo’s life.

“Xu Ming, what is Xiao Ran talking to you?” Gu Hanmo asked through voice transmission.

Xu Ming shook his head lightly, indicating “nothing.”

Xu Ming is not blind, how could he not see that Gu Hanmo and Qin Ran’s sisters are deeply in love. In order to prevent Gu Hanmo from fluctuating too much, Xu Ming decided to hide it from Gu Hanmo first.

“Besides…” Xu Ming’s eyes flickered, obviously he was quickly calculating the strength gap between the enemy and us, “If I attacked the Dragon Batian by surprise, it would not be impossible to win this battle! When the time comes, who will kill them? Do you need to flee in embarrassment for something that no one knows yet?”

Xu Ming looked at Gu Hanmo and rolled his eyes towards Qin Ran, meaning: How many can Qin Ran hit?

Gu Hanmo's voice transmission: "Xiao Ran is in the late stage of the innate and is about to reach the consummation of the innate... If she is fighting alone, she is not Long Batian's opponent, but she is not afraid of any of the other five."

Go it alone?

Xu Ming rolled his eyes.

Now, will the other party fight you alone? It's clear that it's six big men who bullied two weak women, and Xu Ming who didn't even reach the innate level, right?

Xu Ming emphasized the question with his eyes: How many can Qin Ran hit?

"Long Batian's five subordinates are all veteran late-stage congenital masters. Xiao Ran is already struggling with one-on-two, and I'm afraid it won't last long with one-on-three."

Gu Hanmo still didn't say a word – not to mention that Xiaoran wants to deal with five... Not only the four late stages of Xiantian, but also Long Batian.

As for Xu Ming... Gu Hanmo directly ignored his combat power.

In the birthday battle, Xu Ming's performance really surprised Gu Hanmo again.

But Gu Hanmo is very clear, this does not mean how strong Xu Ming is, but the opponent is a little weak, so it seems that Xu Ming is particularly arrogant and domineering.

As for Xu Ming's real strength, Gu Hanmo judged that it should be close to the late stage of the innate – it has little effect on the current battle at this level~www.readwn.com~ If you have a chance, just break out of the formation and leave, leave us alone..." Gu Hanmo He is quite pessimistic about the situation in front of him, and he has already made plans to fight against the odds, "However, with your strength, you want to break through this trap... Hey, it was I who harmed you! "

Xu Ming was silent and muttered to himself – Am I so weak in your eyes, so greedy for life and fear of death?

But at the same time, Xu Ming had a faint smirk in his eyes: "Hehe, I don't know what Gu Hanmo will look like when he sees my full strength!"

Of course, what Xu Ming was going to deal with was Long Batian!

It's too late to talk about it, the exchanges between Xu Ming and Gu Hanmo, and Qin Ran are all in the blink of an eye.

After the exchange, Xu Ming turned his attention to Long Batian again, and said in a ruthless manner: "What? You want to kneel down and kowtow a hundred times?"

"Uh..." Gu Hanmo and Qin Ran both stared at Xu Ming in a daze – this kid is too arrogant, he is too capable of drawing hatred!

Qin Ran thought: "Does he want to draw hatred on himself, and then create a chance for Gu Hanmo to escape? The idea is good, but with his strength, even if he succeeds in attracting hatred, what's the use? I'm afraid you can't even delay for a breath!"

In the eyes of Gu Hanmo and Qin Ran, Xu Ming's strength can be summed up in one word – weak!

Too weak to participate in this battle.

"I haven't even come here, an ant is only worthy of angering me?" Long Batian glanced at Xu Ming with the eyes of an ant, then turned to Gu Hanmo, "Miss Gu, I'm not here to fight and kill today. , but to invite you on behalf of the young sect master of my family. Please cooperate and save me from taking action, otherwise, these two..."

Having said that, Long Batian glanced at Xu Ming and Qin Ran, and the meaning was self-evident.

Chapter 83: , Ao Tian

Young master?

Hearing these three words, Gu Hanmo obviously frowned.

There is no "young suzerain" in the Wilderness Sect, because Gu Hanmo is the only daughter of the suzerain and has no siblings. And the Young Sect Master Long Batian said was the Young Sect Master of the Hidden Killing Sect—Ao Tian!

A veteran of Hua Cong who thinks he is very noble, even listed Gu Hanmo as forbidden, and started various pursuits.

"Humph!" Gu Hanmo snorted coldly, "Ao Tian's methods are really getting worse and worse!"

"Jie Jie Jie!" Long Batian said with a smile, "Miss Gu, how can you say the next thing? This is obviously my young sect master's love for you is extremely hot, can't you feel it?"

Gu Hanmo glanced at Long Batian: “The Hidden Killing Sect is a bunch of shameless people!”

The reputation of the Hidden Killing Sect is very stinky!

The Hidden Killing Sect is only a yellow-level force, but he always likes to find other yellow-level forces to cause trouble. The most direct example is that the hidden assassination organization under the hidden killing sect has spread all over the territory of the adjacent yellow-level forces; but the origin of the hidden killing sect suzerain seems to be a bit mysterious, and other forces are reluctant to confront him head-on, so they have no choice but to keep silent. One eye closed, the other swallowed.

In Gu Hanmo’s view, the most abhorrent thing that the Hidden Killing Sect did was that their young sect master even stared at him, stalking him like a fly, and threatened to put him to bed. Such frivolous words really made Gu Hanmo so angry that he couldn’t find a chance to castrate that Ao Tian!

When fighting with Long Batian, Gu Hanmo was also paying attention to Xu Ming’s expression.

“Huh? Still no fluctuations at all?” Gu Hanmo was depressed, this Long Batian called himself Miss Gu twice in a row, didn’t Xu Ming hear it?

No, Xu Ming must have heard it!

But now that he knew, why didn’t he react at all with surprise?

Did he already know that I was a daughter?

Impossible! As far as his cultivation is concerned, he will never see through my disguise!

Depressed, Gu Hanmo couldn’t help but transmit a voice to Xu Ming at such a critical time: “Hey, why are you not responding at all?”

This sound transmission, although Gu Hanmo still maintains a male voice, but obviously has a little girl’s playfulness.

Xu Ming spread his hands silently—reaction, what reaction do you want? Didn’t it just find you dressed as a man? Eldest sister, did you make a mistake? The war is imminent, we don’t know if we are dead, and I still have the heart to care about this?

Gu Hanmo vaguely understood what Xu Ming meant, and couldn’t help but “hum”.

She looks like this, she is clearly a little girl who is in love for the first time.

Some people may ask, Gu Hanmo, the only daughter of the sect master of the big sect, what kind of young talent has not seen before? The strong winds and waves are coming, how did it fall in Xu Ming's place?

It's amazing!

I want to say, love is inexplicable. Besides, besides Xu Ming, where else could Gu Hanmo find this kind of feeling of "having a common sense"? —You know, as soon as Xu Ming pouted, Gu Hanmo knew what he was going to fart.

Some people also want to ask, is Gu Hanmo stupid? Being caught in a robbery and killing, at such a critical moment, how can you still think about it?

All I can say is, I can't figure out why Gu Hanmo is stupid, you really don't understand a woman's heart – a woman is more inexplicable than love.

The rhythm of Long Batian's side is still "the hidden killing sect is full of shameless people".

"Miss Gu, it seems that you have a deep misunderstanding of our Hidden Killing Sect!" Long Batian smiled, "It's okay, as long as you are invited to our Hidden Killing Sect for a few days, I believe these misunderstandings will be cleared up. Hahahahaha..."

Long Batian laughed so deeply that Gu Hanmo was covered in hair, but he was more angry.

Simply deceiving!

"Shameless!" Qin Ran couldn't help cursing.

Long Batian looked at Qin Ran thoughtfully: "Don't worry, if possible, I will try not to kill you, but bring you back to the Hidden Killing Sect as a guest!"

"Miss." Qin Ran said angrily, "I fought with them!"

"Okay! Let's fight with them together!" Gu Hanmo didn't even think about getting caught.

"No..." Qin Ran said, "I'll try to hold them back for a while later, Miss, break out of the formation immediately!"

Gu Han refused without thinking: "No! What about you?"

"Miss, you have a congenital blood escape talisman on your body, and you still have hope of escaping; and I will definitely not be able to escape! In this case, it's better for both of us to die here, or it's better to escape one, you choose!"

“I...”

Gu Hanmo had the courage to die together, but did not have the courage to escape alone. At the beginning of the fight, she was prepared to fight side by side with Qin Ran, to live and die together; but now, Qin Ran has let her go alone...

“No, Xiao Ran, I will never leave you!” Gu Hanmo’s face was determined.

Qin Ran’s eyes were full of emotion and helplessness: “Miss, I can’t escape today, why should you stay with me! – Even if you really die together, it’s of no value!”

Gu Hanmo was as stubborn as a cow: “It doesn’t matter, I just won’t leave you!”

Let her leave Qin Ran behind, she would even rather die together in a senseless way!

Gu Hanmo thought quickly, and suddenly, her eyes lit up.

“Long Batian!” Gu Hanmo shouted, “I’ll make a deal with you!”

“Tell me!” Long Batian became interested.

“I can go back with you, but these two of mine, you have to let them go!” Gu Hanmo said.

Gu Hanmo certainly had plans in his heart.

As long as he pretended to go back with them first, and then waited for Xu Ming and Qin Ran to go far away, he would run away without a trace if he escaped with another blood talisman!

Xu Ming and Qin Ran obviously also thought of Gu Hanmo’s plan to do this, so they didn’t speak for the time being.

“Oh?” Long Batian was surprised, “Miss Gu is really great. Uukanshu [www.uukanshu.com](http://www.uukanshu.com) sacrifices herself to make friends! – If Miss Gu is really willing to take the initiative to cooperate, then this deal can be done!”

“Since it can be done, then you can withdraw the formation and let my two friends go! I myself will follow you obediently!” Gu Hanmo said.

“Just follow us, it’s the best!” Long Batian said, he really wanted to remove the formation; but just as he was about to remove, his hand suddenly stopped, “but... why do I always feel that this is hidden in it What a trick!”

“What can be tricky?”

“Then I can’t tell!” Long Batian said with a smile, “But for the sake of safety, I suggest that you come over, Miss Gu, and let me seal your profound energy first, and then I will withdraw the formation—you Don’t worry, our Hidden Kill Sect is the most trustworthy!”

Profound Qi sealed?

how is this possible! Once the profound energy is sealed, even the blood escape talisman cannot be used.

Qin Ran hurriedly transmitted his voice: “Miss, this method won’t work! The people of the Hidden Killer Sect dare to mention the word ‘credibility’; I think Long Batian doesn’t plan to let any of us go— If you are banned from your profound energy, Miss, then we will really have no choice but to capture it!”

“Then what should I do?” Gu Hanmo couldn’t think of any way.

“The best way now is for me to hold them back for a moment, Miss, you and Xu Ming take the opportunity to break through the formation! As long as you break a gap and rush out, you will be successful!”

“What about you...” Gu Hanmo turned around in a hurry – he had hope of escaping, but what about Qin Ran?

But what about Qin Ran?

There really is no hope of escape at all!

“Me?” Qin Ran smiled with great satisfaction, “Miss, don’t worry about me, you are the value of my life! – Besides, Miss, even if you really don’t think about yourself, think about Xu Ming! , do you want him to die with me too?”

Chapter 84: , Best To Seckill!

Xu Ming?

Gu Hanmo couldn’t help trembling in his heart.

“Yeah, do you want Xu Ming to die with me?” Gu Hanmo fell into deep thought.

It felt like a long time, but it was just a breath.

“Xiao Ran, I’m sorry!” Gu Hanmo said.

Qin Ran smiled: “My biggest ideal is to die for you, miss!”

Gu Hanmo was so heartbroken that he couldn’t speak.

“Miss, it’s better sooner rather than later, act now! Let’s take a surprise, and the chance of success will be higher!”

Even this plan of sacrificing Qin Ran has the potential to fail. First, Qin Ran has to successfully hold down the six masters at the same time; then, Gu Hanmo and Xu Ming have to successfully break through the trapped formation.

“Prepare!”

Qin Ran’s voice rang in Xu Ming’s ear.

Xu Ming knew that this was Qin Ran signaling to him that he could prepare to break through with Gu Hanmo.

Break the formation?

But Xu Ming has investigated and found that this trapped formation is not easy to break! Even a congenital perfected martial artist needs a little effort!

Can Xu Ming and Gu Hanmo break through the great formation?

Maybe it really can, but Qin Ran couldn’t have blocked the six masters for so long!

but...

Xu Ming had no intention of executing it according to Qin Ran’s plan!

Xu Ming’s eyes were always on Long Batian.

“Xu Ming.” Qin Ran voiced again, “At the beginning of the moment, you must do your best to break through the formation, and you must not hesitate at all – time is extremely precious, and every minute is enough to determine the outcome!”

Xu Ming nodded slightly.

“This Qin Ran...” Xu Ming secretly said in his heart, “It’s really long-winded, and he doesn’t seem to believe in my ability, so he even reminded me again and again.”

However, Xu Ming did not despise Qin Ran at all, but respected him: “Gu Hanmo is also lucky to have such a sister!”

Qin Ran is only a girl, but even many men can’t be as righteous as her.

Yes, Yi Bo Yuntian!

For Gu Hanmo, Qin Ran could even sacrifice his life without hesitation.

Moreover, Xu Ming could see that Qin Ran was not trained to be a dead man. Her behavior was entirely driven by her sincere feelings for Gu Hanmo.

“action!!”

Qin Ran shouted violently.

Gu Hanmo immediately found a space and rushed to the edge of the trapped formation.

Qin Ran, on the other hand, stopped behind Gu Hanmo and used her thin body to provide temporary safety for Gu Hanmo.

Xu Ming...

“Hey? Where’s Xu Ming?”

Qin Ran suddenly realized that Xu Ming didn’t keep up with the rhythm immediately.

“Too unreliable! Men are just unreliable!” In Qin Ran’s plan, Xu Ming was also the main force in breaking the line.

Qin Ran glanced across the battlefield, but saw that Xu Ming was rushing towards Long Batian.

“I... Sun!” In desperation, Qin Ran couldn’t help but utter foul language.

To describe Qin Ran’s mood at this time, it is both like 100,000 grass and mud horses galloping past, and like a dog in the sun.

“What the \*\*\*\* is Xu Ming doing!? It was a good idea to let him and Gu Hanmo break the formation together; he didn’t rush to the periphery of the trapped formation immediately, but instead rushed to Long Batian. what’s going on!”

Even Gu Hanmo, who has always had a close relationship with Xu Ming, couldn’t understand what Xu Ming wanted to do.

Could it be that he wanted to use this to hold Long Batian for a moment?

But with his little strength, can he hold it for even a moment?

“What the \*\*\*\* is Xu Ming trying to do!” Gu Hanmo couldn’t help complaining—this was the life Qin Ran had won for himself, but Xu Ming didn’t cherish it at all, so wasted it like this? Moreover, he also took the initiative to run to Long Batian, isn’t this sent to the door to die?

Qin Ran suddenly panicked and thought: “Could it be that Xu Ming is going to join the enemy?”

“By the way, I said how could our whereabouts be leaked! It must be Xu Ming, it must be Xu Ming!” Seeing Xu Ming’s abnormal behavior, Qin Ran suddenly suspected that Xu Ming was the traitor who exposed his position; , this traitor finally found a chance to throw himself back into the arms of the organization!

Isn’t that so? Otherwise, why did Xu Ming rush to Long Batian?

definitely is!

It must be that Long Batian is his superior!

“Knowing the person, knowing the face, but not the heart, I never thought that the traitor turned out to be Xu Ming; it was my clumsiness that I didn’t find out early, that I harmed the young lady!”

Qin Ran suddenly firmly believed that Xu Ming was a traitor! Absolutely a traitor!

Qin Ran wished she could rush up to kill Xu Ming immediately, but at this time she had a more important thing to do, that is to do her best to protect Gu Hanmo’s last vitality.

“Ugh!” Qin Ran gritted his teeth with hatred, as if he was going crazy.

Gu Hanmo did not doubt Xu Ming at all, because the tacit understanding between souls could not deceive anyone.

But this time, Gu Hanmo still couldn’t figure it out, what exactly did Xu Ming want?

“Even if you die, it’s more meaningful to die!” Gu Hanmo even shouted.

The most embarrassing ones are probably Long Batian and his younger brothers.

Xu Ming’s strange “movement” made them completely baffled and confused, and they even forgot to stop Gu Hanmo for a while.

“Why are you stupid?” Long Batian threw his fist at Xu Ming.

He didn’t want to see any changes happen, and he wanted to rush to stop Gu Hanmo from breaking through.

“Xu Ming!” Gu Hanmo felt pain in her heart. She thought that Xu Ming’s strength would definitely be destroyed by this punch.

“Huh? Not to join the enemy?” Qin Ran really couldn’t understand it now.

He couldn't understand Xu Ming's intentions at all.

"Humph!" The expression on Long Batian's face was arrogant after being forced, "No matter what your intentions, I will smash it with one punch, let's see what tricks you can play!"

In Long Batian's opinion, if he couldn't even kill one and a half Xiantian with one punch, he could really find a piece of tofu and die.

Xu Ming was unusually calm, and the light in his eyes flickered again and again.

So confident?

Despise me so much?

So dismissive?

It's just... so good!

Isn't what Xu Ming expects ~www.readwn.com~ just the numbness of the opponent?

"Perfect fight!"

In fact, Xu Ming's perfect battle has already been launched, and it is close to the realm of the unity of heaven and man, so that he is not defeated by Long Batian in the realm, and even faintly crushed!

"Kirin Arm!"

The majestic power from his arm made Xu Ming feel like a man, and he was full of confidence in his attack.

"Double attack!"

Xu Ming's semi-innate cultivation base requires two hundred level 1 hang points a day to hang up. In other words, he needs 2,000 hanging points to open the most basic level 1 double attack.

Level 1 double attack?

That's not enough!

Xu Ming directly activated the level 11 double attack, and the attack instantly became 12 times the original!

"Level 11 double defense!"

“Level 11 acceleration!”

with full force.

Level 2 hanging points can be exchanged for level 1 hanging points one-to-one thousand in one direction.

If Xu Ming’s entire possessions were converted into level 1 hanging points, he would have more than 12 million level 1 hanging points.

If these hanging points are used to activate the triple attack, double defense, and acceleration at the same time, the maximum can be fully activated to level 12 at the same time!

Level 12?

Xu Ming finally chose to only open level 11.

Because of the level 11 and 12 three hangings, the difference in strength added to Xu Ming is limited; but the consumption of level 1 hanging points is the difference between 6 million and 12 million!

If Xu Ming opened level 12, he would immediately go bankrupt.

“Let’s stay behind!”

kill! !

Under the cover of the perfect battle, Xu Ming’s unstoppable aura was not even noticed by Long Batian.

He also blamed Long Batian for being so arrogant. He didn’t take Xu Ming, a half-born ant, in his eyes at all.

And now, this ant is going to bite him hard!

“It’s best to kill it! It’s best to kill it! It’s best to kill it!”

Chapter 85: , Pig Teammates

Qin Ran finally understood Xu Ming’s intention—he wanted to challenge Long Batian?

For Xu Ming’s unparalleled performance, Qin Ran only wanted to say four words: “Pig teammates!”

Long Batian, are you able to shake it?

What is your strength? What strength is Long Batian?

Have you ever heard of the four words “the oyster may shake the tree”?

Do you think that with your strength, you can cause even the slightest obstruction to Long Batian?

What a pig teammate!

Why isn't it going according to my plan?

What's the use of rushing up so stupidly? Think bravery alone can turn things around? No strength, bravery has a fart!

Oh? In addition to being brave, murderous aura is quite strong... However, without strength, murderous aura is a fart?

Xu Ming was indeed murderous at this time!

Perhaps it was because he knew that Long Batian wanted to kidnap Gu Hanmo and dedicate it to that young sect master; Xu Ming's murderous aura towards Long Batian was particularly strong.

die! !

With this shot, Xu Ming's strength was unreserved, and it exploded completely!

A congenital perfect martial artist?

so what!

Xu Ming's strength is actually quite powerful in the early days of Xiantian. The level 11 double attack, the 11 level double defense, and the level 11 acceleration are all linked together, and the combat power directly soars to the category of Xiantian perfection!

And it's heartless!

One shot kill is not impossible!

“Hush – such a strong murderous aura!” Long Batian felt that Xu Ming's murderous aura had almost materialized, like thousands of steel needles stabbing him straight, “Do you want to kill me so much? Hmph, ants are ants, and the murderous aura is more Heavy, what's the use?”

Long Batian is very disdainful.

In this world, only strength is true!

No strength, no murderous intent, no hatred, no matter how strong or deep it is!

“However, this murderous aura is also too terrifying, isn’t it?” Long Batian was faintly alert, “With the mental power of a half-born martial artist, can you have such a strong murderous aura?”

Originally, Long Batian was just like swatting a fly and waved his fist at Xu Ming in disdain; but because he felt that Xu Ming’s murderous aura was too strong, he couldn’t help turning his head curiously and took a closer look at Xu Ming.

At this glance, his entire body’s hair stood up immediately.

A great sense of threat came over him.

Long Batian saw that Xu Ming’s spear was like a poisonous snake coming out of a hole, and its momentum was even more like a tiger going down the mountain; although the power of this spear had not yet erupted, Long Batian had already felt it!

“Damn it! Is this really a half-born martial artist?”

Long Batian was so shocked that he broke out in a cold sweat, and he didn’t care about posing and pretending to be X, and hurriedly sacrificed a big sword to parry.

But, it’s too late!

boom! !

This is like a shot of a dragon going out to sea, and its power is completely vented to Long Batian.

How could Long Batian’s unpredictable hurried parry stop Xu Ming’s full-blown peak blow! ?

boom!

The long spear shook the broadsword directly.

Long Batian’s body protection profound energy is also fragile like paper at this time.

“Do not!!”

Seeing that the spear went straight to his heart, Long Batian, who was unavoidable, couldn’t care less about getting hurt, and slapped his palm near the tip of the spear.

Although Long Batian used this palm to force Xu Ming's spear away, he also paid an extremely painful price – the palm of his left hand was ripped apart by the power of the spear, and its flesh was ripped apart.

“you...”

Long Batian even retreated some distance to prevent being pursued by the victory, and at the same time, he threw a pill into his mouth without saying a word.

“Why are you so strong!?” Long Batian was completely stunned.

Is this Nima really a semi-innate martial artist?

This strength is not necessarily much weaker than me!

Gu Hanmo and Qin Ran were equally stunned.

“This this...”

Gu Hanmo and Qin Ran always thought that Xu Ming's strength was at most close to the late innate, and his role in this battle was minimal.

Therefore, when they saw Xu Ming slaying Long Batian in a daze, Gu Hanmo and Qin Ran's hearts were actually a kind of collapse of “running into a pig teammate” – Semi-Xiantian directly facing Xiantian Consummation, isn't this stupid X?

Silly X?

Gu Hanmo and Qin Ran did not expect that Xu Ming was not a fool, but a real genius!

With just one shot, Long Batian was seriously injured! This is also because Long Batian was vigilant in time. If he was a little careless, he might have lost his life in the blink of an eye!

“Xu Ming almost killed Long Batian in seconds?”

Gu Hanmo and Qin Ran were all heartbroken: “So it's not Xu Ming that is stupid, but we are stupid!”

But this time, they are willing to be heartbroken, and they are willing to be silly X. Because they saw Xu Ming's strength, they saw hope of escape!

But to talk about heartbreak, at this time, no one on the field has Long Batian as heartbreaker.

Long Batian thought that he had one congenital consummation, plus five late congenital stages, and he had set up a sleepy formation in advance, so it would be easy to capture Gu Hanmo and his party!

For the planning of this operation, Long Batian just wants to say – perfect!

No flaws!

However, after all the calculations, he didn't even think that he was threatened by a semi-innate warrior.

Tick tock!

Tick tock!

The blood on Long Batian's palm was still dripping. The slight sound of dripping blood reverberated in this suddenly dead space.

"Shame!" Long Batian suddenly clenched his left hand with the fleshy flesh, as if he could not feel the pain in his palm at all.

Being injured by a half-born ant is really a great shame for Long Batian!

Even if it is a little suspected of being attacked.

"Brother Long?"

The five late-born warriors of the Hidden Killing Sect were also stunned, but they were more afraid and fortunate—fortunately... Fortunately, that kid attacked Brother Long. If he attacked one of us, he would be attacked. I'm afraid it's dead!

"You're very good! You have greatly exceeded my expectations!" Long Batian's left hand clenched his fist, and blood was flowing; however, he grinned, raised his left hand and put it to his mouth~[www.readwn.com](http://www.readwn.com)~ He sucked a mouthful of his own blood as if in disgrace, "Half innate can hurt me, you genius, what an adventure you must have experienced! But unfortunately, you are going to die soon – destroying the feeling of genius, it is too much. Wonderful!"

In the past, Long Batian was also a genius; however, because of his limited talent, he finally reached congenital consummation and failed to condense pills. Long Batian is not reconciled, so every time he sees someone more talented than him, the jealousy in his heart is raging, and he can't wait to kill him!

Undoubtedly, now Long Batian has encountered a more talented person than him!

And he is much more talented than him!

“Haha!” Long Batian laughed happily.

You will be able to destroy a future powerhouse of condensing pills in no time!

“This taste...” Long Batian sucked the blood on his hands with enjoyment, “It’s really cool!”

Xu Ming ignored Long Batian’s perverted look, and instead scolded Gu Hanmo and Qin Ran, “Why are you still standing there in a daze? Why don’t you hurry up and break the formation!”

Gu Hanmo and Qin Ran woke up like a dream: “Yes, Xu Ming blocked Long Batian, such a precious opportunity to escape from the formation, and he was still there in a daze!”

Because Xu Ming blocked the strongest Long Batian, Qin Ran simply rushed to the edge of the trapped formation with Gu Hanmo, planning to help Gu Hanmo break the trapped formation first.

The five late-born warriors of the Hidden Killing Sect also woke up like a dream: “I’m rubbing it, I’ve been watching the show, arrest people first!”

“It’s really a pig teammate!” Xu Ming couldn’t help scolding.

But at this time, Xu Ming didn’t have time to distract himself, because he needed to face the innate perfection Long Batian!

Whoosh!

Gu Hanmo and Qin Ran blinked to the edge of the sleepy formation.

The two women’s swords were vertical and horizontal, and they stabbed at the same point on the trapped array with incomparable tacit understanding and precision.

The best way to break the trapped formation with strength is to break the face with a point.

“Break it for me!”

Chapter 86: , Hold On!

Ding!

The two sharp swords pierced at the same point in the great formation at the same time, like two steel needles piercing the inner wall of the balloon.

The membrane wall of the large array was directly stabbed into a depression.

“break!”

However, after the wall of the large formation was dented for a foot, it bounced back.

Great array, not broken!

“What!?” Qin Ran was shocked.

This trap is much tougher than she expected, and even her strength close to innate perfection was not able to break through for a while.

“Trouble!”

This kind of trapped formation, if you can't break a gap with one blow, then if you want to get out, you can only attack slowly and exhaust the energy of the large formation.

“Hahaha...” Long Batian laughed arrogantly, “The master of the formation who sold the array didn't lie to me, this trapped formation, without the strength of innate perfection, can't break a gap!”

Gu Hanmo and Qin Ran both looked ugly.

At this time, the five warriors of the late stage of the congenital have all been killed, and the two girls have no chance to accumulate energy to attack the large formation membrane wall.

“I'm dizzy, Qin Ran can't break the great formation!” Xu Ming thought that he had caught the BOSS, Qin Ran should be able to escape with Gu Hanmo;

“Boy, don't look around, your opponent is me!” Long Batian's big sword whistled and took Xu Ming directly, “I was smothered by you just now, and then, you are not so lucky!”

Big Sword Dragon Batian, in the area of Hidden Killing Sect and Wilderness Sect, is slightly famous.

Xu Ming was entangled by Long Batian and could not help Gu Hanmo break the battle.

“Unfortunately, the sneak attack just now aroused Long Batian's vigilance at the last moment. Otherwise, if the sneak attack succeeded in killing Long Batian in seconds, then the situation would be easier now!”

The reason why Xu Ming didn't take the opportunity to break through the formation was because he considered that if he broke through and escaped, he and Gu Hanmo would definitely be able to escape, but Qin Ran would find it difficult.

Xu Ming knew the relationship between Gu Hanmo and Qin Ran, and respected Qin Ran as a human being; if possible, Xu Ming would of course do everything in his power to take Qin Ran away safely.

Therefore, Xu Ming's first choice at that time was to sneak attack on Long Batian!

As long as Long Batian has been beaten in seconds, then, with Xu Ming's strength to crush the audience, don't abuse him as much as he wants?

Unfortunately, the attack failed.

Since it failed...

"Long Batian, I'll have a good fight with you!" The plug-ins were wide open and the state was in full swing. How could Xu Ming be afraid to face the innate perfection master!

boom!

boom!

Long Batian's swordsmanship opened and closed, and every time he fell, he went forward.

Xu Ming's marksmanship is even more complete in both offense and defense.

After a few rounds, Long Batian kept crushing Xu Ming, but he became more and more shocked: "How old is this kid, how did he cultivate?"

Long Batian found that although Xu Ming was weaker than himself in terms of strength, in terms of realm and marksmanship, he completely overwhelmed his realm and swordsmanship.

"Strength can be improved with the help of treasures! However, the realm and the marksmanship need to be slowly comprehended by oneself – this kid, at such a young age, has such realm marksmanship..."

Long Batian's jealousy is even stronger: "It must not stay, it must be beheaded!"

Thinking about it, the big sword in Long Batian's hand became more and more ruthless and domineering. He just wanted to use his strength to press Xu Ming and beat him until he was killed.

On Gu Hanmo and Qin Ran's side, although the situation was even more critical, they both caught a glimpse of Xu Ming's head-on collision with Long Batian, but he didn't fall behind.

Although it seemed that Long Batian was pressing Xu Ming to fight, but Xu Ming defended without leaking, and there was no sign of losing at all.

"Miss be careful!"

Qin Ran protects Gu Hanmo, and it is not difficult to deal with the siege of five late-born masters. In the blink of an eye, it was overwhelmed.

rip-

Qin Ran had another wound on his body.

"Xiao Ran..." Gu Hanmo felt extremely distressed, but was helpless—with her strength, she could only barely cope with a late stage of the innate.

That is to say, Qin Ran has already taken on four Innate Late Stages!

and...

When Gu Hanmo happened, Qin Ran already had several scars on his body, but he was still intact.

"Xiao Ran has helped me resist too much..."

Whenever there is danger, Qin Ran will spare no effort to protect Gu Hanmo behind him.

"Huh?" Although Gu Hanmo felt extremely distressed, he was still sober and calm, "I'm not injured, it doesn't seem to be entirely because of Xiaoran..."

Gu Hanmo found out that these five late stage masters had many opportunities to bypass Qin Ran and hurt themselves; however, they all gave up these opportunities in vain.

"They seem... don't want to hurt me?" Gu Hanmo was stunned.

As for why you don't want to hurt yourself, it goes without saying, of course, you want to capture yourself intact!

"It's shameless!"

Gu Hanmo knew that, needless to say, it must be the idea of Ao Tian, the Young Sect Master of the Hidden Sect.

“If it weren’t for Xu Ming’s strength breaking out today, I’m afraid I really have no strength to resist, and I will be captured alive!”

Although the situation is still difficult, can you resist it?

Gu Hanmo silently paid attention to Xu Ming again.

Seeing this, she was even more shocked – not only did Xu Ming not fall behind, but he became more and more brave!

Although Long Batian’s swordsmanship was unparalleled, he could not find any flaws in the face of Xu Ming’s flawless marksmanship.

On the contrary, Xu Ming played steadily. While defending, he often found opportunities to counterattack. Every time he counterattacks, although it may not be immediately effective, but after ten or twenty counterattacks accumulated, Xu Ming gradually gained an advantage.

The more Long Batian fought, the more difficult it became, and the more unbelievable it became!

If you fight like this, if you fight for a while, won’t you be defeated?

“I... can’t even beat a hairy boy?” Long Batian deeply felt the humiliation~www.readwn.com~ This is Xu Ming’s humiliation to him, and it seems that God is humiliating his talent!

Depend on!

Long Batian raised his voice in vain: “You guys, speed up and solve it quickly!”

The five late stage Xiantian who besieged Gu Hanmo and Qin Ran over there were stunned for a moment – speed up, why speed up? We have been suppressing it all the time now, playing steadily, and the victory must belong to me! Speed up, what if there is a flaw?

The five Xiantian late stage didn’t understand what Long Batian was in a hurry for. Why is speed required?

However, when the five Xiantian late stage saw the situation on Long Batian’s side, they instantly understood what Long Batian was anxious about.

“My day, am I right? Brother Long is being beaten by that kid!?”

“Brother Long is congenitally consummated, and was beaten by half-innate?...”

“My eyes aren’t blooming, are they?”

...

The five Xiantian late stages are all messed up—I said, Brother Long, can you rely on the score, you are a congenital consummation, and you can’t even clean up half a congenital...

They also understand why Brother Long wants them to speed up and solve it quickly – solve it quickly so that they can help Brother Long in the past!

“Forehead...”

It’s not enough to deal with one and a half innate, one congenital consummation, we need our help in the past...

“Could it be that Brother Long is old? Can’t do it?” The five Xiantian late stage players all thought, “But that’s not right, not long ago, Brother Long just fought ‘Knife Crazy’ Wang Yisheng for 300 rounds, and he finally won...”

Then the five of them thought again: “Could it be that Wang Yisheng, the knife madman, can’t be as good as Brother Long?”

But at this time, the five of them didn’t have time to start thinking about it.

After receiving Long Batian’s “call for help”, they shouted, “Brother Long, hold on! Hold on for a while, and we will help you!”

Chapter 87: ,Helper

Brother Long!

Hold on!

We are here to help you!

...

Long Batian almost vomited blood because of the loyalty of these little brothers.

“Go away! When did I ask you for help? Don’t you think I can’t even clean up this hairy boy?”

There is a dumb little brother who also said: “Brother Long, you are not at a disadvantage now...”

A wise younger brother immediately interrupted him: “What is the downwind? Brother Long is showing his enemy to be weak now, you know what! – Brother Long, don’t worry, we will take our time here to ensure a successful completion. Task!”

“Humph!”

Long Batian snorted, and then he felt that he had regained some face.

But in the blink of an eye, he realized that something was wrong—you guys will take it slow? How to take it slow!

puff!

A blast of spear swept across, rubbing Long Batian’s cheeks with pain: “Damn, who told you to take your time, quickly clean up that place, come and help me do this kid!”

“Uh...” The five late-stage Xiantian younger brothers looked at each other, “Long Ge seems to admit...he can’t beat one and a half Xiantian...”

Gu Hanmo and Qin Ran were both refreshed.

“Xu Ming, just kill him with peace of mind, you don’t have to worry about us here, we can support it ourselves!” Gu Hanmo shouted happily.

Waiting for Xu Ming to clean up Long Batian, why are these late Xiantian stages?

Gu Hanmo and Qin Ran’s fighting spirit seemed to be ignited all at once.

This change and the other grows, but the fighting spirit of Long Batian’s five younger brothers has been depressed a lot. As a younger brother, watching the boss is being abused by a much weaker opponent, how can he be in a good mood and how can he not have a fighting spirit depressed?

“Miss, hold on for a while!” Qin Ran saw hope, and his fighting spirit was brimming with enthusiasm.

“Xiao Ran, I have a discovery...”

Gu Hanmo suddenly muttered two words through voice transmission.

“No, miss, this is too risky!” Qin Ran hurriedly objected.

hiss-

Just at this moment, a sword wind struck Qin Ran.

Seeing this, Gu Hanmo smiled slyly, and then took the initiative to pounce on the sword wind.

The late Xiantian who came out with the sword was shocked, and even turned the sword's edge, not daring to hurt Gu Hanmo.

"Hahaha..." Gu Hanmo smiled happily, "Sure enough! I thought you guys were playing a bit strange, so you didn't dare to hurt me!"

As for why he didn't dare to hurt Gu Hanmo, needless to say, it must be the meaning of the young sect master, Ao Tian – Aotian ordered that Gu Hanmo could not be hurt, how could these subordinates dare not obey?

Now, Gu Hanmo is completely confident: "I don't dare to hurt me, so why am I afraid of you?"

The five Xiantian late stage all looked ugly – this is tricky!

"Hey!"

When Gu Hanmo saw someone approaching Qin Ran from behind, she jumped directly over, ignoring the defense and just attacked, killing the person in an instant, causing the person to retreat again and again.

"Haha!" Gu Han laughed silently, "Xiao Ran, we can definitely hold on now!"

Qin Ran nodded.

Next, I don't need to protect Gu Hanmo anymore, but Gu Hanmo can protect himself, naturally it will be a lot easier.

The five Xiantian late stage are all anxious: "Brother Long, we are here, we can't get up soon!"

At this time, Long Batian was about to be beaten by Xu Ming's tidal wave of gunshots, and he couldn't raise his head, but there was such bad news from the younger brother.

"A bunch of trash!"

Long Batian is really very sad. Five late-stage Xiantian younger brothers, after fighting for a long time, can't even take down two weak women!

But Long Batian didn't even think about himself – Tangtang Xiantian was consummated, and after fighting for a long time, not only could he not win one and a half Xiantian, but he was pressed and beaten in turn!

"It's... so useless!" Long Batian had never been so useless in his life.

Useless?

With the support of Xu Ming's high-level attack, defense, and acceleration, the spear turned into dozens of phantoms, suppressing Long Batian without the power to fight back.

Just to make you feel useless, what can you do?

"Roar!"

Long Batian was finally tortured intolerably, he roared in vain, his whole body swelled with profound energy, and his arms were thickened.

"roll!"

Long Batian's sword was 30% fierce in vain, and he forcibly retreated from Xu Ming's suppression.

"Using a secret technique!" Xu Ming secretly said.

After regaining the upper hand, Long Batian's mood was still heavy: "My secret skills won't last long; obviously I can't take him down in such a short period of time!"

Thinking about it, Long Batian took out a token from the ring and crushed it directly.

"Call for help!"

Xu Ming's face changed suddenly.

Long Batian is the manipulator of the formation, of course he has a way to send the signal out of the formation; Xu Ming, Gu Hanmo and the others have no way to send the signal out.

Moreover, even if there is no formation to block, Xu Ming and Gu Hanmo still can't get out the message – the distance of the message is limited, Xu Ming and the others are now in the desert of the Northern Territory, and no one can contact them at all!

Besides, even if you can get in touch, you won't be able to come and help!

"There are people from Long Batian around here!" Xu Ming's face was ugly.

If there are no accomplices nearby, Long Batian can't crush the token.

"I don't know what kind of strength it will be..." Xu Ming worried that if there were a few more late stages of congenital innate, or one congenital consummation, the situation would become extremely difficult again~www.readwn.com~Xu Ming wants Going to make a hole in the wall of the formation membrane, so that Gu Hanmo and Qin Ran can get out of the formation first; however, Long Batian, who had just used his secret technique, dragged Xu Ming firmly, making Xu Ming not dare to be distracted at all.

"Hahaha... I didn't expect it, I still left behind!"

Xu Ming did not expect it.

This Long Batian is really too cautious!

One Congenital Perfection, five Congenital Late Stages, such a lineup robs and kills one Congenital Late Stage, one Congenital Mid-stage, and one and a half Congenital Congenital, and still leaves behind...

Long Batian is very proud – what's wrong with being too cautious? If I hadn't been overly cautious today, I'd really be capsized!

"Hahaha, that friend of mine is only stronger than me, but when he arrives, you will all be destroyed immediately!"

Stronger than Long Batian?

The faces of Xu Ming, Gu Hanmo, and Qin Ran became ugly. If there really is another enemy with congenital consummation, then it is really...

No solution!

Xu Ming even considered whether he should go bankrupt or not, and increase the double attack, double defense, and acceleration to one level.

In the end, I gave up—adding one more level, the consumption of hanging points is terrifying, but the increased strength is limited, and the situation cannot be reversed at all.

"Let's watch first! If it doesn't work, I'll break through the great formation and let Gu Hanmo use the blood escape talisman to leave first; then, I'll find a way to take Qin Ran out!"

Now, the one who gives Xu Ming the most headache is actually Qin Ran!

If it wasn't for Qin Ran, Xu Ming would have broken through the big formation and retreated long ago, and Long Batian couldn't keep them at all.

"How to do?"

Unless this battle is won, Xu Ming can't think of a way to leave Qin Ran safely.

At this moment, Xu Ming saw through the large formation membrane wall, at the end of the desert, a small figure was rapidly approaching.

"Hahaha, people are here, you are finished!"

Chapter 88: , Zhao Anhe

The figure is approaching.

"a?"

In fact, even Long Batian himself didn't know who he usually communicated with. I only know that that person is a dark chess set up by the Young Sect Master in the Wilderness Sect.

"I didn't expect this mission, and I actually encountered the variable Xu Ming, so I had to invite him! Looking back, the young sect master will definitely blame me for not doing things well!" Long Batian said secretly, "But it's okay, I can finally take a look. That mysterious person's true face of Mount Lu."

Soon, the figure that appeared at the end of the desert flew hundreds of feet away. The people trapped in the formation can already see who is coming through the wall of the formation.

"Um?"

Xu Ming, Gu Hanmo, and Qin Ran were the first to recognize people.

"Envoy Zhao?"

"Zhao Anhe?"

Zhao messenger, named "Anhe".

"Could it be that Zhao Anhe is a traitor? Did he betray our whereabouts?" the three of them thought.

Immediately, Long Batian also recognized the comer: "Zhao Anhe? Is it him?"

While thinking, Zhao Anhe has arrived outside the trapped formation.

However, looking at Zhao Anhe's expression, he seemed to wonder why there was a trapped formation here.

The trapped membrane wall is like a car window glass; it is good to see from the inside out, but poor from the outside to the inside. Zhao Anhe couldn't help lying on the membrane wall and probed into the trapped formation.

Zhao Anhe showed a startled expression at this investigation, and shouted, "Miss Gu, why are you in this trap?"

"Um?"

Xu Ming, Gu Hanmo, and Qin Ran were all startled—Isn't Zhao messenger a traitor? But just happened to pass by here?

Then, Zhao Anhe probed into other people in the trapped formation: "Long Batian! – It's you! You are so daring, you even come to our wild sect to be wild!"

Long Batian was stunned: "I'm going, it seems that it's not a helper, but an enemy..."

Sure enough, Long Batian heard Zhao Anhe shouting: "Miss Gu, don't be impatient, I'll break through and save you right away!"

Xu Ming, Gu Hanmo, and Qin Ran also discovered at this time that this Zhao Anhe did not seem to be an enemy.

"But..." Xu Ming was still full of doubts, "Is this too coincidental?"

From Yunqi City to the Wilderness Sect, it is hundreds of thousands of miles away, and Xu Ming and the others have changed their routes several times – this messenger Zhao, will it happen to be on the same road as them? And just happened to meet them in distress?

Xu Ming always felt that there was something wrong with this.

boom-

At this time, Zhao Anhe had already started to break the formation.

Zhao Anhe this person, although the character is not good, but the strength is beyond doubt. With one blow, he shook the entire great array.

"It didn't break?"

Zhao Anhe punched out another punch. This time, the punch directly hit the wall of the big formation, breaking a big hole.

Zhao Anhe directly got into the formation. The hole in the membrane wall was repaired quickly.

“Miss Gu, I’m here to help you!” Zhao Anhe said immediately after entering the battle.

“Break this trap first!” Gu Hanmo ordered, “In this way, we can advance or retreat later!”

“Yes!”

Immediately afterwards, Zhao Anhe really turned around and smashed into a big formation.

Long Batian’s eyes widened: “Isn’t it, God? It’s my helper who crushed the token and shouted – why didn’t my helper come, but the other party came with such a powerful expert?”

God, are you sure you’re not playing with me?

Long Batian really felt that he was played so badly by God today that he was about to be ruined... First, a semi-innate martial artist who was stronger than himself appeared out of nowhere. Now, he clearly summoned his helper. Is the opposite helper!

Long Batian even wondered if his face was too ugly for him to come out to perform the task? Otherwise, how could it become like this today, when it was clearly a situation where the odds were won?

boom-

At this time, the trapped formation collapsed completely and collapsed under the onslaught of Zhao An and the innate master.

The area where Xu Ming and others were located also restored the scene of the scorching sun.

The trap is gone!

Xu Ming, Gu Hanmo, and Qin Ran suddenly felt more secure. Anyone who is trapped by the enemy will not feel much security!

“Zhao Anhe, thank you!”

Seeing Zhao Anhe’s move to break the trapped formation, Gu Hanmo found out that he really came to help out, not the helper Long Batian called!

Long Batian's face hurt at this time: "I can't even beat Xu Ming, and now there is another Zhao Anhe coming from the opposite side..."

Long Batian suddenly found out that it seems that today is not a question of whether he can complete the task, but whether he can get away!

"I'm going! My supporting ally! Didn't you reply that you'll be there soon? Why haven't you come yet... If you don't come, I will be planted here!"

Zhao Anhe broke through the great formation and said to Gu Hanmo solemnly: "Thank you! In the sect, the Liang clan and the Gu clan, although fighting non-stop, are just internal fighting; we are wild sects, internal fighting is okay, But how can we let everyone bully our people!"

"Zhao Anhe, you said it so well, I will change my mind on you from now on!" Gu Hanmo said.

In her opinion, no matter what Zhao An is like in peacetime, at least today, he did the right thing.

"Miss Gu, Qin Ran, I'm here to help you!" Saying that, Zhao Anhe really killed the late congenital members of the Hidden Killing Sect.

Gu Hanmo couldn't help feeling warm in his heart: "I didn't expect that the one who saved us today would be Zhao Anhe..."

"roll!"

Zhao Anhe killed him, opened a late innate stage, and then quickly approached Gu Hanmo: "Miss Gu, I will protect you!"

"I don't need your protection, you help Qin Ran!" Gu Hanmo said.

"it is good!"

With the addition of Zhao Anhe, Gu Hanmo and Qin Ran felt a lot of pressure relieved.

An innately perfect combat power should not be underestimated!

Xu Ming glanced here, he always felt that something was wrong.

In fact, Gu Hanmo and Qin Ran also felt that something was wrong; but since Zhao Anhe appeared, it was completely a gesture of not letting outsiders bully their own people, and they couldn't say anything.

During the fight, UU reading [www.uukanshu.com](http://www.uukanshu.com) Zhao Anhe and Gu Hanmo's positions were also quietly getting closer.

Suddenly, Zhao Anhe's eyes flashed a ferocious look, and he shot in vain—not against the late Xiantian of the Hidden Killing Sect, but against Gu Hanmo!

The mysterious energy of Zhao Anhe's hands circulated strangely, obviously to seal off Gu Hanmo's profound energy!

Once the profound energy is sealed, it is easy to capture it alive!

Only then did Xu Ming, Gu Hanmo, and Qin Ran wake up—so Zhao Anhe had this idea!

If Gu Hanmo had taken precautions in advance, it would have been difficult for Zhao Anhe to seal her profound energy; but now, he has found such an opportunity.

“Gu Hanmo!” Xu Ming was in a hurry, but he was fighting with Long Batian, and it was impossible to rescue him at such a long distance!

“Huh? Hahaha!” Long Batian was stunned for a moment, then burst out laughing, “Zhao Anhe, so it's really you!”

Long Batian was wondering why he called his helper, but the helper on the other side came; it turned out that it was a play by Zhao Anhe!

“This play is good!”

Qin Ran was actually always on guard against Zhao Anhe. Although he was surprised by Zhao Anhe's sudden attack, he was not completely unprepared.

Qin Ran didn't even think about it, so he blocked everything between Gu Hanmo and Zhao Anhe.

“Depend on!”

Zhao Anhe cursed.

He could seal off Gu Hanmo's profound energy, but he couldn't seal Qin Ran's profound energy—because Qin Ran's cultivation base was already close to him.

However, Zhao Anhe didn't plan to seal Qin Ran's profound energy at all. For Qin Ran, he did not ask to be captured alive.

“If you can't seal it, then...” Zhao Anhe's eyes were hideous, “Go to hell!”

The profound energy gathered by Zhao An and his palms instantly changed the way of circulation and turned into the most vicious attack.

boom!

The two palms slammed firmly on Qin Ran.

Suddenly, Qin Ran's slender body was blown away like a kite with a broken string.

Chapter 89: , Must Die!

“Xiao Ran!”

Looking at Qin Ran's slender body, Gu Hanmo's heart felt as if it had been stabbed.

“Stop me?”

The smile on Zhao Anhe's face was cruel and disdainful.

At the same time, the mysterious air in Zhao Anhe's hand turned and became strange again: “Miss Gu, stop struggling, you can't escape today!”

“stop!”

Xu Ming forced Long Batian back regardless of the cost, but Gu Hanmo was a little far away from him, so he couldn't catch up.

“Miss...” Qin Ran was torn apart by the punch, but he still cared about Gu Hanmo's safety.

When he saw that Zhao Anhe was sealed to Gu Hanmo again, Qin Ran was even more anxious than he was facing death. However, her body has been seriously injured, and it is difficult to break out any fighting power.

“Zhao Anhe!” Qin Ran's eyes were red.

“Very angry?” Zhao Anhe enjoyed Qin Ran's anger, “Is anger useful?”

“Zhao Anhe, even if I die, you can never hurt my young lady!” A real flame burned directly in Qin Ran's eyes.

“Xiao Ran, no—” Gu Hanmo screamed mournfully.

Of course she knows what the flame in these eyes is – this is a secret technique that the Wilderness Sect will never pass on, “Burning Soul”, which can only be learned by the confidants who are always loyal to the Wilderness Sect!

Gu Hanmo also knows that the soul burning secret technique can only be used once in a lifetime, because... soul burning is irreversible!

Once the mental power is ignited, it will be exhausted!

“Miss...” Qin Ran smiled, as if being able to die for Gu Hanmo was the happiest thing for her.

“Ah—” Gu Hanmo hugged his head in pain, the world seemed to lose his voice at this moment.

“What is this?” Zhao Anhe clearly felt the riotous momentum of Qin Ran; but Zhao Anhe was not a core confidant in the Wilderness Sect, so he had no access to the “Burning Soul” secret technique, and he had never even heard of it. .

“Zhao Anhe, die!”

Qin Ran’s eyes were beating with flames, and two arrows of flames shot out directly.

Zhao Anhe felt the terrifyingness of the arrow of flame, and he didn’t care about going up to seal Gu Hanmo, and even turned around to resist.

puff!

However, the two flaming arrows, like invisible things, were not resisted by Zhao Anhe at all, and in the blink of an eye, they had already submerged into his body.

“what-”

Zhao Anhe suddenly felt like two steel needles pierced into the depths of his mind. The pain that came from the depths of his soul made him tremble uncontrollably.

“Xiao Ran!” At this moment, Gu Hanmo caught Qin Ran’s slender body, “Why? Why did you do this!”

“Miss...” Qin Ran smiled contentedly, “My dream is about to come true!”

dream...

Qin Ran’s dream was to die for Gu Hanmo!

“Yes... it will be realized!” Gu Hanmo sobbed silently, “It will be realized...”

Gu Hanmo was in so much pain that he couldn’t breathe.

Qin Ran was still smiling. At this time, she didn't have much pain, and her mental strength was about to burn out, and she could hardly feel the pain.

"Miss, promise me... let's go!"

Gu Hanmo's mouth trembled: "Okay..."

At this time, Xu Ming had also come to Gu Hanmo's side, just to see Qin Ran sleeping peacefully in Gu Hanmo's arms.

"Qin Ran..." Xu Ming did not expect that this girl who was admirably loyal to Gu Hanmo would actually fall asleep like this.

But at this time, it was obviously not the time to be sad, because Long Batian and other masters had already surrounded him.

"Gu Hanmo, let's capture it!"

"Stop doing unnecessary struggles!"

Xu Ming was on guard, and finally, he said coldly, "Gu Hanmo, you go first! Qin Ran's revenge, I will definitely avenge you... Immediately!"

Gu Hanmo glanced at Xu Ming blankly and nodded slightly.

Then, she lowered her head and looked at Qin Ran deeply: "Xiao Ran, let's go, I'll take you home..."

Then, Gu Hanmo's holding ring flashed, and Qin Ran was taken in.

The space in the ring is fragile, too fragile to bear the entry of the soul – because the soul will cause great fluctuations in the space.

At this time, Qin Ran was already dead and naturally lost her soul; her slender body was no different from other ordinary substances.

"Walk?"

"You still want to go?"

"Just a joke!"

Long Batian and others blocked all directions.

After accepting Qin Ran, Gu Hanmo slowly stood up, unable to say, "Xu Ming...?"

Xu Ming patted Gu Hanmo's hand with a firm look in his eyes: "Qin Ran's revenge, I must avenge it, and I will do it right away. Go back to the Wilderness Sect first, don't worry, no matter what, I'm sure to escape!"

"Then... Be careful!" Gu Hanmo knew that Xu Ming had an ordinary blood escape talisman, so escaping for his life would definitely not be a problem; if he stayed here, he would cause chaos for Xu Ming.

"Go! Here, leave it to me." Xu Ming said as if no one was talking.

"Nonsense for a long time! Gu Hanmo, please be honest with me first!" Long Batian also raised his hands and sealed it towards Gu Hanmo.

However, as soon as his hand moved, Gu Hanmo's figure flashed in front of his eyes and disappeared!

Yes, just disappear!

"This..." Long Batian immediately came back to his senses, "Blood escape talisman? And it's still... innate blood escape talisman!? How is it possible, how could the Wilderness Sect have innate blood escape talisman?"

Innate-level blood escape talisman, UU reading [www.uukanshu.com](http://www.uukanshu.com) must be a mythical powerhouse beyond the condensing core to refine it; how could it be possible to get a copy of the wild sect?

"Even... let her run like this..." Long Batian knew that his mission this time was about to fail.

Oh no, it doesn't have to fail! still have a chance!

Long Batian looked at Zhao Anhe.

At this time, Zhao Anhe had just come out of the state of convulsions; he was covered in sweat, and he was so weak that he seemed to be seriously ill.

"Bitch! If you're going to die, give me this!" Zhao Anhe's current state is really bad. He still feels that his head seems to be torn apart, and his spirit is even more weakened than ever before.

Then, Zhao Anhe also joined the ranks of surrounding Xu Ming.

"Let Gu Hanmo run away!" Long Batian said grimly.

If he can't complete the task, he can't explain it to the Young Sect Master.

“Don’t worry, I can’t run away!” Zhao Anhe said confidently, “It’s this kid... I can’t let him run away, I want him to die!”

“It’s okay if he runs away, let’s go after Gu Hanmo!” Long Batian said this to Xu Ming, a clear threat.

run?

“Don’t worry, I won’t run!” Xu Ming’s voice was cold.

For Xu Ming, Qin Ran was also one of the people he had the best relationship with since he came to this world. But now, he actually watched Qin Ran die in front of him.

For this revenge, Xu Ming must avenge Qin Ran!

Long Batian, must die!

Five innate late stage warriors must die!

Zhao Anhe, even more dead!

Even the young sect master behind the scenes, Ao Tian, Xu Ming labelled him dead.

“I never meant to harm anyone! But...if someone wants to harm me, or even the person next to me, then...” Xu Ming’s eyes were sharper than ever before, “You...all have to die!”

Chapter 90: ,Kill! Kill! Kill!

have to die?

“Ha ha ha ha...”

Long Batian, Zhao Anhe, and the five late stages of Xiantian all laughed wildly.

“All have to die? I want to see, how did you let us die! Hahahaha...”

puff!

The laughter stopped abruptly.

Xu Ming’s spear had already penetrated the throat of a late innate person.

“You... how dare you sneak attack!” Long Batian hated.

Unprepared, one of his younger brothers was killed by a sneak attack, which is so useless!

“Sneak attack?” Xu Ming just wanted to laugh when he heard such childish words.

Fight for life and death, no compromise! You people, who are so lax in front of me, who is to blame for dying? – This is not my sneak attack, but you stupid X!

“Boy, go to hell!”

“Abolish him and avenge Ah’er!”

“\*\*\*\*! Don’t give him the chance to use the Blood Escape Talisman!”

Two Congenital Consummates and four Congenital Late Stages surrounded him, but Xu Ming just smiled disdainfully.

Then, a large stack of runes appeared in Xu Ming’s hand.

Yes, a big stack, there are a hundred sheets.

“Huh? What?” Long Batian, Zhao Anhe and others were all alert.

Xu Ming sneered, his hands surged with profound energy, and he tore up a large stack of runes at the same time, and scattered them into the sky.

A large wave of blue energy scattered in all directions. Long Batian and others even avoided it, but the blue energy was small but dense, and they were all covered in it.

“What’s this?”

“It’s the mark rune!” Zhao An said.

The reason why Zhao Anhe was able to track Gu Hanmo quietly was because he used a very high-end marking rune to mark Gu Hanmo silently. Even now, when Gu Hanmo used the blood escape talisman to leave, Zhao Anhe still has a way to continue tracking her.

In comparison, Xu Ming’s marking rune is relatively low-end, and it lacks concealment to use; but it also has advantages, that is, the blue marking energy is similar to the scattered flowers of the goddess, and the opponent can’t dodge if he wants to.

“Why did he give us the mark rune? Is it because he was afraid that we would run away?” Long Batian laughed dumbly.

“Whatever he is doing, kill this kid and talk about it!”

“kill him!”

The six masters attacked again.

But at this moment, Xu Ming just... disappeared!

Stealth!

One against six, Xu Ming is not so arrogant! But killing with stealth is much easier!

“Gone? Did this kid run away?”

“Damn, it must have used the Blood Escape Talisman!”

“He threw out a lot of marking runes, he must have deliberately attracted our attention, and then he had a chance to use the blood escape rune!”

“right!”

“Damn it, I’m really back today, I died in vain, Er, and I got nothing in the end!”

“I won’t get nothing!” Zhao Anhe said, “I marked Gu Hanmo, and when I use my secret technique to find out her location, we will kill her and capture her! I don’t believe that he still has a blood escape talisman! ”

The blood escape talisman that can be used by congenital warriors needs to go beyond the realm of condensing pills to make; Zhao Anhe doesn’t believe it, there will be a second one on Gu Hanmo’s body for this kind of treasure that can’t be found anywhere!

“Come and investigate, Brother Zhao!” Long Batian said.

“it is good!”

Zhao Anhe is about to perform a secret art exploration...

puff!

kill!

A gun shadow emerged from the air, pierced directly from the stamina of a late-stage warrior, and penetrated!

“Xu Ming!!”

In the air, Xu Ming’s figure appeared.

“Uh...uh...” The second innate late stage killed by Xu Ming, looked down at the spear tip coming out of his neck, wanted to say something, but couldn’t make a sound.

In the end, he held his breath and sent Long Batian a voice transmission: “Brother Long, how did he kill me?”

In this late stage of congenital, I can’t rest my eyes! Because the attack came so suddenly, he had no idea where the attack came from.

He didn’t know, and neither did Long Batian.

Long Batian had no choice but to answer the younger brother “I don’t know” honestly, and after that, the younger brother died without resting his eyes. I think this little brother must have been thinking when he was about to die – Brother Long, the boss, can’t follow him! Following him, I don’t even know how he died!

Isn’t that right, this little brother, doesn’t he just don’t know how he died?

“What’s going on? Didn’t Xu Minggang escape with the blood escape talisman? Why is he still here?”

“How did he appear? Why didn’t we respond at all until the throat was penetrated and we didn’t find him!”

“I don’t know, it seems to have appeared suddenly, without any warning!”

Long Batian was furious – another loyal little brother who just hung up like that.

“Xu Ming, go to hell!”

The sword is like a tiger.

Facing the violent and tyrannical sword qi, Xu Ming just smiled disdainfully, and then... he went into stealth again.

“It’s gone again!”

“Did you use the blood escape talisman again?”

“It shouldn’t be a blood escape talisman, right? If it is a blood escape talisman, how could he have appeared so quickly just now?”

“What the \*\*\*\* is going on here?”

How could this group of congenital warriors ever see the situation of stealth?

Just when they can't figure it out-

puff!

kill!

"This is the third one!"

Xu Ming's figure appeared, and then immediately disappeared.

"Next, the fourth one!" Xu Ming's urging voice sounded in the air.

Several of the late congenital stages covered their necks subconsciously, for fear that they would die inexplicably under this strange attack that appeared out of nowhere.

Is it useful to just cover your neck?

puff!

kill! !

This time, instead of stabbing the neck, Xu Ming blew the head of another late stage innate. It's like bursting a watermelon, and a mixture of red and white juice spilled out, splashing another late-stage Xiantian next to it.

"Ah – go to hell!!" The late Xiantian who was splashed madly slashed towards Xu Ming; however, what he slashed was only air.

The only two remaining innate late stages finally collapsed – they died too fast, and in the blink of an eye, the four companions had already fallen.

Is this Xu Ming a human or a ghost?

"Run!"

"Run away!"

"Stop, don't run, stand next to us!" Long Batian shouted, "He marked you all, it's useless to run anywhere!"

Long Batian and the others finally knew why Xu Ming marked it as soon as he came up – he made it clear that he was going to kill all of them, and he would not let any of them go!

The only two Congenital Consummates and two Congenital Late Stages were left behind, forming a circle with their backs on their backs, guarding against another sneak attack from Xu Ming.

Just... can it be prevented?

puff!

Another throat was pierced.

kill! !

Only this time, not from the back of the neck, but directly from the front  
~www.readwn.com~ The fifth congenital late-stage younger brother who died, he was caught off guard when he was promoted again—because when the spear tip showed its shape, it was already there. Touch the skin!

“ghost!”

“He must be a ghost!”

The last surviving innate late stage was directly scared to pee – death may not be terrible, but when he saw his teammates die in front of him one by one, and he was definitely the next one, he was still directly emotionally broken.

“roll!”

“roll!”

“roll!”

The last innate late stage danced his arms frantically, not daring to relax in the slightest.

Xu Ming was standing in front of him, silently, staring straight at him, but he didn't know it.

“Murder...it's too easy!”

It's just that this method of killing can only be used when you are alone. Like just now, when Gu Hanmo and Qin Ran were present, obviously they couldn't use it; because once it was used, it would drive the other party crazy and vent all their fear and anger on them.

Tick!

Tick!

At some point, Long Batian and Zhao Anhe dripped sweat on their cheeks. Although they haven't been scared to pee, they are still quite nervous.

So weird!

Dying too fast!

When the late Xiantian is dead, it will definitely be the two of them's turn! And now, in such a blink of an eye, there is only one left in the late innate!

"Ah—" Long Batian couldn't take such a big psychological pressure anymore, he screamed, got up and ran wildly.

Zhao Anhe also got up and fled almost at the same time.

escape! escape! escape! !

As long as he escapes fast enough, he can't catch up with me, even if he marks me, so what?

escape!

As long as you escape, you will die!

puff!

At this time, Xu Ming's spear just happened to solve the last innate late stage.

"escape?"

How could Xu Ming let the two he most wanted to kill escape?
