

A World 811

Chapter 811: Invisible Energy

call out-

Xu Ming turned into a streamer and hurriedly killed Erke—now, Xu Ming’s plug-in was in a dormant state, and other functions could not be used; only “Soul Possession” was activated before Xiao-hang fell into sleep, and it continued.

And Xu Ming must kill Erke before the effect of “soul possession” disappears!

must!

boom! !

Xu Ming’s spear shot out like a dragon.

The artifact ice musket carried a terrifying aura of annihilation and blasted towards Erke angrily.

“This shot...” Erke’s expression suddenly changed – he felt the breath of “annihilation particles” on this shot!

You must know that the divine body of the gods is not composed of flesh and blood, but the finest particles. Even if the divine body is beaten into scattered sand, as long as the particles are not destroyed, then the divine body will not be damaged in the slightest!

Therefore, if you want to kill the gods, the attack must reach the level of “annihilation particles”; otherwise, the attack cannot hurt the gods at all!

At this time, Xu Ming’s attack had already reached this level!

“How is that possible!?” Erke was extremely horrified, and even carefully observed Xu Ming’s body, “This is definitely a demigod body, not a ‘divine body’!”

Erke is absolutely sure!

“It’s not a divine body, it means that Xu Ming has not become a god! But since he has not become a god, why can the attack of ‘annihilation particles’ break out?” Erke can’t figure it out – only the attack of a **** can be pure and sharp” Annihilation Particles” Ah!

In the blink of an eye, there was no time for Erke to think, Xu Ming’s attack had already arrived!

Then, Erke found that he was very painful!

Yes, it sucks!

because...

Xu Ming has the artifact ice musket in hand!

And Erke, let alone an artifact, he couldn’t even take out a fire stick—all his treasures were blown up by hydrogen bombs! Among them, there are two artifacts: Destruction Demon Armor and Reincarnation Bell!

In other words: Xu Ming is a “god outfit”, while Erke is a “naked outfit”!

Naked vs God? – Erke’s face darkened, as if he had died.

If Xu Ming’s attack did not reach the level of “annihilation particles”, Narke would not be afraid even if he was naked! – After all, such an attack can’t hurt him in the slightest!

But the problem is that Xu Ming’s attack has reached the level of “annihilation particle”!

Now, when Xu Ming fired a shot, Erke didn’t dare to take it! – I’m injured when I pick it up, how do I pick it up?

call out-

Erke ran away quickly.

“Want to escape?” Xu Ming’s eyes flashed with disdain – he could clearly feel that Erke’s speed was not as good as his own!

“As I expected, the Soul Possession summoned with the 320-point 9-level hanging point, as expected, Bierke is much stronger!” Xu Ming turned his gun and chased Erke directly. His speed is obviously a lot faster than Birke!

boom! !

In an instant, Xu Ming caught up with Erke!

“Die! Erke!” Xu Ming’s spear roared furiously, turning directly into a meteor, extremely dazzling.

Erke could no longer escape and had no weapons, so he had to use his hands to block, trying to block Xu Ming’s spear aside.

However, Brother Ming’s gun is so easy to block?

Swish swish swish!

The tip of the gun seems to have turned into hundreds of millions of phantoms, dazzling.

Erke’s eyes were dazed for a while, and the spear had already penetrated his palm.

boom!

Erke’s palm instantly turned into a “particle form”.

The spear pierced through the particle-shaped palm, as if it had pierced into a plate of black fine sand.

Immediately afterwards, countless black particles were annihilated under this shot—and these black particles were all the essential components of the divine body. One point of annihilation is one point less, and it is difficult to recover!

“Not good!” Of course Erke personally felt the horror of this shot!

With just one shot, his “divine body” was annihilated by one percent!

One percent seems like a small amount! But you must know that Xu Ming can completely kill Erke with just a hundred shots!

And the battle between the gods is faster than lightning; a hundred times of fighting, maybe you don’t even need a breath!

In other words, Xu Ming may only need one breath to kill Erke!

“Kill!” Xu Ming was full of murderous aura, pressing towards Erke again.

How aggrieved Erke was abused! —Nima! No weapons!

“Xu Ming!” Erke shouted angrily, “Could it be that you only bully an unarmed person?”

“Pfft!” Xu Ming was almost speechless and vomited blood, “Erke, you are a dignified god, you can even say such a thing? – Do you want a face?”

“Humph! I have the ability. When I have weapons, we will fight a fair duel!” Erke hummed bitterly.

“Fair duel? – No! I just want to kill you!” Xu Ming sneered.

boom! boom! boom! boom! ...

Xu Ming was chasing after Erke, and shot after shot angrily, like waves.

Erke's divine body, constantly annihilated, constantly weakened...

"Xu Ming! Xu Ming!" Erke felt the danger of death, and he shouted, "Stop! Stop! I admit defeat! Let's make peace! I promise that I will never trouble you humans again! "

admit defeat?

words and?

Xu Ming sneered: "Naive! Die with peace of mind!"

"Xu Ming, I am willing to surrender to you!" Erke shouted again.

He has just become a ***** and has an endless lifespan. Of course he doesn't want to die like this – he hasn't lived enough yet!

"I don't need it!" Xu Ming didn't dare to raise tigers. "Before, I asked you whether you want to die or live!—Unfortunately, you chose to die!"

"So...die!"

boom! boom! boom! boom! ...

Xu Ming's gun was like a tide.

Erke's divine body is constantly weakening – he is constantly dying!

"No—" Erke is really going crazy!

You can't beat Xu Ming, but you can't escape!

“Could it be that today is my day of death?”

Erke couldn't understand why What kind of tactics Xu Ming used and why his strength suddenly became stronger than him! However, Erke thought about it with his toes, and Xu Ming definitely paid a huge price!

“Not long after he became a god, he was about to be killed...” Erke felt remorse – he knew that Xu Ming was so powerful, he would never be so arrogant in front of Xu Ming.

But now, it's too late! There is only death waiting for him!

...

During the fierce battle, neither Xu Ming nor Erke discovered that the “black particles” that constituted the divine body, after being annihilated, turned into invisible energies that penetrated into Xu Ming's world ring.

Then, these invisible energies accurately found the black iron piece that was pressed against the bottom by many treasures!

A wisp of invisible energy flowed into the black iron sheet.

However, all this happened invisibly, and Xu Ming didn't know it at all.

Chapter 812: Killing Mark

The black sheet of iron was dull and looked like a piece of scrap iron. But even if it is a god, it is impossible to spy on its inner space!

At this moment, in the center of the black iron piece, something seemed to be beating “puff” and “puff”, like the sound of a heart beating.

The voice was weak at first, but gradually became stronger; it seemed that something extremely terrifying was waking up.

...

Xu Ming didn't know anything about it, and still frantically bombarded Xiang Erke.

Poor Erke, he became a ***** with the help of sermons; among gods, he is the weakest being, and there is no one weaker than him! – In the face of Xu Ming's mad attack, he is not an opponent at all!

It is useless to beg and beg for mercy!

There was deep despair in Erke's eyes.

boom! boom! boom! boom! ...

Shot after shot, and soon, Erke was weakened to the extreme.

“Die!” There was no pity in Xu Ming's eyes.

“No—” Erke wailed angrily, but it was useless!

When Xu Ming's last shot came, Erke finally had no more resistance. All the black particles that made up his divine body were all annihilated, and not a single particle remained!

God Erke, die!

“It's finally over!” Xu Ming sighed long.

In order to kill True God Erke, Xu Ming did not hesitate to use plug-ins illegally, which caused the attention of the order of the universe! And Xiaohang has fallen into hibernation, and has yet to respond.

Fortunately, after opening the “Soul Possession” link, he killed Erke very smoothly.

“In any case, Erke is dead, and the crisis of the human race is lifted!”

Xu Ming thought so.

“However, Erke is also pitiful! A dignified god, he died without even a single particle!”

To kill a god, you must kill every particle on his body! As long as there is still the tiniest particle, if it is not completely killed, there is a possibility of a resurgence!

“Let’s go!” Xu Ming sighed, looking at the surrounding space with some complicated eyes – in this turbulent space, a real ***** has fallen!

Just as Xu Ming was about to leave, where Erke died, a whirlpool of illusory colors gradually formed.

Swirls are made up of an infinite number of colors, too many to count.

Every color, like a stream, converges toward the center of the whirlpool. Eventually, in the center of the vortex, a black hole-like black spot formed.

“This is...?” Xu Ming looked a little surprised, “What a strong causal fluctuation...”

Although Xu Ming did not have any research on “cause and effect”, with his strength, he could clearly feel the fluctuation of cause and effect.

“What’s going on?” Xu Ming was very puzzled – how could such a vortex with strong causal fluctuations appear after killing Erke himself?

Xu Ming didn’t dare to act rashly, he held a long spear and watched indifferently.

Soon, the vortex was twisted and deformed, forming a black figure.

Xu Ming could not see the appearance of the black figure, but it could be seen that it was a very burly figure.

A deep voice came from the black figure: “Who... dare to kill my Yehenala clan?”

“Huh?” Xu Ming was stunned, “What’s the situation? – Erke, isn’t he the patriarch of the demon clan ‘Yehnara’? Why did he kill him himself, and this situation still occurs?”

Xu Ming didn’t know that, in fact, the Yehenala Clan of the Endless Continent was just a small branch of the “Yehnala Clan” of the God Realm.

Xu Ming also didn’t know that Yehenala’s clansmen could not be killed casually – of course, the “clansmen” referred to here are all who have become gods! Yehenala, who has not yet become a god, even if he is killed, nothing will happen.

Unfortunately, Xu Ming just beheaded a **** of the Yehenala clan! So... here comes the trouble!

“Humph!” The black figure continued to say in a low voice, “Dare to kill my Yehenala clan, the enemy of our entire Yehenala clan! – In the name of the ancestor ‘Yehnala Zuyi’, Summon... Killing Mark!”

Immediately afterwards, the black figure was distorted and condensed into a sigil.

Above the talisman, there is a strong and cold slaughter aura; there are two words written in the Divine Realm, although Xu Ming has never seen it, he recognizes it at a glance, these two words are – killing!

“Not good!” Xu Ming suddenly felt a huge sense of threat, and even tried to run away.

However, the Killing Seal turned into a black light and shot at Xu Ming; the speed was so fast that it was difficult for Xu Ming to react.

call out!

With a flash of black light, it disappeared into Xu Ming’s body.

then...

Xu Ming did not feel any discomfort.

“Huh? Are you okay?” Xu Ming was a little strange, “Could it be that this Killing Seal is a parallel import?”

After careful inspection, he found that there was nothing abnormal about his body, and Xu Ming was relieved: “It seems that it is really a parallel import, and the quality is not good!”

At the same time, Xu Ming secretly despised that ancestor “Yehnara Zuyi” – he made a coquettish appearance, and as a result, a talisman was dropped, but it was a parallel import of poor quality!

Real water!

Xu Ming didn't think much, looked for the direction of the human race's territory, and immediately walked away.

However, Xu Ming did not know that this “killing seal” had actually taken effect!

Under normal circumstances, the Killing Seal would not have any effect on Xu Ming. However, once Xu Ming met other gods of the Yehenala clan, the other party could see at a glance that Xu Ming had a killing mark on his body; he would also know that Xu Ming killed their gods of the Yehenala clan!

At that time, what awaits Xu Ming will be the endless pursuit of Yehenara!

...

at this time.

In Xu Ming's world ring.

The black iron piece that was pressed against the bottom by many treasures suddenly burst into endless rays of light, as dazzling as the sun.

The countless treasures piled on the black iron sheets could not stop this dazzling light.

The light pierced through everything, shining through the space within the world ring.

“What’s wrong?”

Xu Ming’s willow avatar was in the world ring, and of course he immediately discovered this abnormality.

The willow branches of the willow tree avatar swept over, clearing up the mountains of debris, and finally, the black iron piece that shone endlessly was revealed.

“This black iron piece...?”

At the level of Xu Ming, how amazing his memory is! As long as it is a purpose, it will never be forgotten.

He immediately recalled that this black piece of iron was the treasure that Shen Hui presented to him when he was rebuilding the wild holy land! At that time, Xu Ming didn’t pay attention to the black iron piece at all, and just forgot it.

“Could it be... I misunderstood and almost missed a real treasure!?”

Xu Ming’s mental power probed into the black iron sheet, but he couldn’t find any information. UU reading [www. uukanshu.com](http://www.uukanshu.com)

“It would be nice if it was hanging on...” Xu Ming couldn’t help thinking.

If the plug-in can be used, Xu Ming will definitely open the “exploration” at this time.

It’s a pity... Xiaohang has fallen into hibernation, and I don’t know when he will wake up.

call out-

At this moment, the black iron piece suddenly turned into a streamer and shot towards Xu Ming's willow clone.

The huge willow tree clone is also inevitable!

“Damn it!” Xu Ming couldn't help scolding in his heart, “What day is today, my two avatars were shot one after another!”

call out!

With a flash of light, the black iron piece sank directly into the willow branch.

A ferocious and majestic force erupted directly from the black iron sheet, filling the huge body of the entire willow clone.

Chapter 813: Old Ascetic

“What is this? Such a domineering power!”

Xu Ming found that the moment the majestic power erupted, he directly tore apart his entire willow avatar!

Yes, tear!

The willow tree clone, from the branches to the wicker, is instantly full of cracks in every place!

The whole body was torn up and down, the pain can be imagined!

“What the **** is going on?” Xu Ming was frightened and frightened, but there was nothing he could do.

“Ah ah ah...” The huge pain even spread to the human clone.

“What the heck is this black piece of iron...” Xu Ming just wanted to ask – is this a precious treasure, or some kind of “monster” that hurts people?

And the pain Xu Ming is feeling now is just a “start”.

The tearing continues!

There are dense cracks all over the willow branch. On each crack, a finer crack spreads; a finer crack spreads a finer crack—just as a tree trunk grows branches, and branches grow forks...

continue to spread.

At first, the cracks just tore the branches and wickers; the size of the cracks, even for ordinary people, can be seen by the naked eye!

But gradually, the tiny cracks that appeared were able to tear the “cells” of the willow clone! – The whole body cells of the willow avatar are being torn apart!

Then, even the “gene chain” of the willow clone was torn apart!

After that, the “molecules” and “atoms” of the willow avatar were also torn apart!

...

The more it spreads to the back, the finer the cracks appear, but the deeper they tear!

Later, Xu Ming’s willow tree clone that was more than a hundred miles tall was torn apart into the tiniest green particles—particles, the tiniest composition of matter. Although Xu Ming is not a “divine body”, the size of the green particles is the same as Erke’s black particles.

Xu Ming was torn apart thoroughly!

Being torn apart like this, Xu Ming’s willow avatar can no longer even be called “alive”!

However...

Cracks appeared on the tiniest green particles!

The green particles... are torn apart too!

Then, the black iron pieces in the willow branch no longer glowed; the whole black iron piece also began to dissolve...

The willow avatar that dissolves in “particle form”, and penetrates into each particle through the cracks on the surface of the green particles!

Then, the cracks on the surface of these green particles began to heal and recover.

The re-healed green particles seem to have an incomparably tyrannical power, restrained in them. If it is the super power among the gods, you can find that the green particles at this time, and even the black particles of Birke, are even more powerful!

Countless green particles began to merge with each other under the traction of an invisible force. In the end, the green particles that were more than a hundred miles tall merged into the size of Xu Ming’s human clone.

These green particles condensed and transformed into a human avatar that was exactly the same as Xu Ming’s!

...

This process seems to be long, but also seems extremely short.

Xu Ming’s willow clone... oh no! It can no longer be called a willow clone now! -Because, the appearance and size of the “willow avatar” are completely indistinguishable from Xu Ming’s human avatar!

Xu Ming’s “No. 2 clone” opened his dazed eyes – his face was really dazed!

The second clone has no idea what happened just now! Anyway, being torn apart and reunited, it “evolves” into a human directly from a willow tree!

“What the **** is going on with this black piece of iron?”

Xu Ming’s No. 1 clone, that is, the human clone, also penetrated the spiritual power into the world ring. The two avatars looked at each other in dismay.

It is indeed a bit bizarre that willow “evolves” to become human.

However, what confuses Xu Ming the most is the strength of the No. 2 clone!

Xu Ming can clearly feel that the strength of the No. 2 clone is much stronger than that of the No. 1 clone! – Absolutely nothing wrong!

You must know that the No. 1 clone is now in the state of “soul possession”, which is definitely the strength of the gods! The No. 2 clone does not have any plug-in blessing; it stands to reason that it should only be the strength of a demigod! – However, Xu Ming is sure that the No. 2 clone is much stronger than the No. 1 clone in the “soul possession” state!

Demigods, stronger than gods?

This is impossible!

“Could it be... I accidentally... became a **** after proving the Tao?”

Xu Ming couldn’t help thinking to himself.

“But it’s not right!” Immediately, Xu Ming rejected the idea, “My understanding of the way of heaven has not improved in the slightest, it is still at the level of ‘the limit of a demigod’, and has not formed a ‘dao fruit’! Moreover, my ‘the way of heaven’ The heart’ has not been condensed, nor has it experienced the transformation of the divine body...”

Condensing the heart of the Tao of Heaven, forming the fruit of the Tao, and transforming into a divine body... Only in this way can you prove the Tao and become a god!

However, Xu Ming had never experienced any of these three! Therefore, it is clear that Xu Ming has not become a **** yet!

but!

Xu Ming is very sure – the second clone is definitely stronger than the “soul possession” clone number one!

Xu Ming’s mind was a little confused: “What’s the situation?”

Forcing himself to calm down, after thinking for a few breaths, Xu Ming clarified the situation:

1. I haven’t become a **** yet!
2. The willow tree avatar that has evolved into a human appearance has the strength not weaker than the gods!

“Not being a god, but possessing the power of a god?” Xu Ming’s concept was somewhat subverted.

Xu Ming released the “No. 2 clone”.

rumbling...

The No. 2 clone directly used 50% of its strength to rage at the No. 1 clone.

The No. 1 clone in the state of “Soul Possession” also punched with 50% of the strength.

boom! !

Two fists collide.

The No. 1 clone was directly blasted away, and even suffered some injuries!

The second clone is safe and sound!

This test is more and more certain, the second clone has the strength not weaker than the gods!

“Okay... Who thinks the strength is too strong?” Xu Ming accepted this contradictory fact with a dazed expression. At the same time, Xu Ming became more and more puzzled – what kind of treasure is that black iron piece? How can I transform my No. 2 clone into such a powerful one?

Xu Ming realized that his No. 2 clone must have undergone some kind of transformation from the black iron sheet to have such an earth-shaking change.

at this time-

“Dumb person...” A strange and erratic voice came from nowhere, resounding through the entire space in the world ring.

“Who!?” Xu Ming’s expression changed, and his two extremely sharp eyes looked around; however, he didn’t find anything.

“Don’t look for it, I’m right here!” A hunched figure in gray clothes appeared directly in the world ring.

“Who are you!?” Xu Minglian asked.

“Who am I? Hahahaha...” The grey-robed figure laughed, “You have inherited the lineage of my ‘ancient cultivator’, yet you still ask me who I am? -Who am I? I am your guide what!”

Chapter 814: Cultivation Genre

Although the figure in gray clothes is a little crooked, the temperament on his body has a feeling of being above the heaven.

However, Xu Ming could feel that this grey figure was just an image without combat power.

Ancient cultivator?

Guider?

Xu Ming looked at the figure in gray, thoughtfully.

He had heard of the “Ancient Cultivator Faction”, and he heard that it was a very ancient and very mysterious cultivation school. And now, have you obtained the inheritance of the “ancient cultivator” lineage?

“Senior, may I ask, what is a guide?”

This grey-robed figure was obviously a superpower in the Divine Realm, probably much stronger than City Lord Naihe and Elder Mo Fang; he was worthy of Xu Ming calling him “senior”.

The grey-clothed figure smiled secretly, and said, “Before answering you, let me ask you what your understanding of the road of martial arts is!”

What is your understanding of the way of martial arts?

Xu Ming thought for a while, and said, “The road of martial arts is to constantly comprehend the way of heaven, so that your body, soul, and mind are more in line with the nature of heaven and earth! – The higher the degree of conformity with the nature of heaven and earth, the more you can borrow. The power of heaven and earth, the strength will be stronger!”

After listening to this, the figure in gray clothes shook his head with a smile: “You really would say that!—You were born in a world of dust, and you have seen too little; it is not wrong to have such an opinion! However, what you said, Not the ‘Road of Martial Arts’, but just the ‘Road of Heaven’.”

“The road to heaven?” Xu Ming wondered.

The figure in gray continued: “The road of martial arts is not the only way of ‘comprehend the way of heaven’. The road of heaven is just one of the schools on the road of martial arts!”

“Just one of the schools?” Xu Ming became more and more surprised, and at the same time, he was suddenly enlightened – he originally thought that if he wanted to go further on the road of martial arts, he must constantly understand the way of heaven; but now it seems that this is not the case. .

The hunched figure in gray clothes said again, “There are various schools of martial arts; however, all the schools of cultivation can be classified into two types: the schools that follow the sky and the schools that go against the sky!”

“What is Shuntian? What is defying the sky? – Shuntian school, in the process of cultivating, you will be favored by the heaven and earth; the stronger your strength, the more heaven and earth will favor you! At times, it will be rejected by nature; when there are some major breakthroughs, nature will even punish the catastrophe!”

God is irreversible!

If you want to go against the sky, you must pay the price!

“There are three main schools of Shuntian: Tiandao flow, Qiyun flow, and belief flow! These three have been proven to be able to climb to the pinnacle of martial arts! As for some other small schools, although there are many kinds, but , No one has ever reached the peak, let alone mention it!”

“There are only two kinds of anti-sky schools: ancient cultivators and mind cultivators!”

“An ancient cultivator transforms his body and soul from the particle level; the entry for an ancient cultivator is to transform his body to be stronger than the ‘divine body’ of Tiandao Liu! So... the weakest ancient cultivator, They are all gods! If you want to follow the school of ancient cultivators, you must have a ‘guide’; and I am your guide!”

Xu Ming was startled: “The weakest ancient cultivators are all gods?”

“Yes!” The figure in gray said with great certainty.

“Then am I an ancient cultivator?” Xu Ming asked another stupid question.

“I’ve already introduced you to the ancient cultivator. Do you think you are an ancient cultivator?”

“Then... I’m already a god?” Xu Ming looked bewildered – could it be that he became a **** by accident?

“Nonsense!” The gray-robed figure said angrily, “It’s the **** of my ancient cultivator line!”

“But...” Xu Ming asked again, “I haven’t gathered the ‘heart of heaven’, how can I become a god?”

Xu Ming was also confused, so he asked such a question.

“I’ve said so much, why don’t you understand?” The gray-clothed figure began to doubt, whether it would be a mistake to choose Xu Ming, “To condense the heart of heaven, form a ‘Dao fruit’, and transform into a divine body, It is the way of becoming a **** of Tiandaoliu. And you are now a **** of the ancient cultivator school, of course there will be no such thing!”

“Oh...” Only then did Xu Ming accept that he was really a god!

He has become a god, and he doesn’t even know himself... Xu Ming is really a wonderful person!

At the same time, Xu Ming felt a little bitter in his heart: “Why does this black piece of iron not appear until now! If I had helped me become a **** earlier, then, if I killed Erke, why would I need so much trouble?”

But Xu Ming didn’t know that if the black iron sheet wanted to activate, it had to absorb a lot of invisible energy! And where does this invisible energy come from? – It was when Xu Ming killed Erke, the black particles were annihilated, and this invisible energy appeared!

That is to say: Xu Ming must kill Erke before the black iron piece can be activated, and Xu Ming can obtain the inheritance of the ancient cultivator. And if Xu Ming can’t kill Erke, the black iron piece will never be activated!

Xu Ming asked again in confusion, “How come my willow avatar has turned into a human?”

The grey-robed figure said, “No matter what kind of power it is, as long as it becomes a god, it will definitely be human; even plant life is no exception!”

“Is there still such a thing?” Xu Ming was surprised – but these, when Xu Ming arrived in the realm of the gods, he would naturally understand.

The figure in gray also reminded: “The ancient cultivator is a lineage, because the cultivation conditions are harsh, and there must be a guide; therefore, it is extremely rare in the realm of the gods! If you go to the realm of the gods in the future, try not to reveal your identity as an ancient cultivator; If you don’t say it yourself, it will be difficult for other people to see through you! – In addition, your avatar, since it has gone through the line of ancient cultivators, it can no longer follow the school of heaven; otherwise, it will cause Conflict, causing your divine body to collapse!”

There are five main schools of cultivation: Heavenly Dao Flow, Qi Yun Flow, Faith Flow, Ancient Cultivators, and Heart Cultivators. The first four schools will all conflict with each other; only “mind cultivators” will not have any conflicts with the other four schools!

“Ah?” Xu Ming was startled – he couldn’t follow the Heavenly Dao school, so his “ten-star” Heavenly Dao fit was not abolished?

The figure in grey saw what Xu Ming was thinking, and said, “It’s just this avatar, you can’t follow the Heavenly Dao school! Your other body is not affected! – However, I suggest you focus on ancient cultivation. The cultivator line is better! Your talent in the ancient cultivator line is very good, even better than your Tiandao talent; moreover, if you are distracted to cultivate two schools, it is definitely better to concentrate on one, and you will achieve higher achievements!”

“Oh...” Xu Ming fell into contemplation – is it to be distracted by two, or to concentrate on one?

However, these are not in a hurry to make a choice, so Xu Ming is not in a hurry.

Xu Ming was even more curious about the identity of the figure in gray: “Senior, may I ask who you are...?”

Chapter 815: God'S Domain

“I?”

The figure in gray clothes laughed at himself: “You don’t want to know my name! You know too much, and once my enemies figure out where you are, it will be a disaster for you! ”

“Huh?” Xu Ming was stunned – it seems that this figure in gray is probably not doing well in God’s Domain!

The gray-robed figure said again: “When you have enough strength in the future, you will naturally know my name and my deeds when you go to the holy land of ancient cultivators! Before that, you should not ask around, lest you attract people. Disaster!”

The words of the figure in gray are not alarmist.

Some gods are super powerful and are good at cause and effect. If there is too much causal entanglement between Xu Ming and the figure in gray clothes, it is very likely that the superpower will know that Xu Ming has inherited the figure in gray clothes.

Therefore, the figure in gray simply didn’t even tell Xu Ming his name; in this way, there would be less causal entanglement between him and Xu Ming!

And if Xu Ming’s strength is stronger in the future, and the identity of the figure in gray clothes is known, then it doesn’t matter at that time – because Xu Ming’s strength is stronger, it is difficult for others to calculate the cause and effect of him!

“Okay, don’t say more...” The figure in gray said, “I have already told you what I should tell you; the more you say, the more causal relations between us will be, and for you, the more dangerous it is! – Before leaving, I will give you another copy of the ancient cultivator’s ‘Emperor-level Cultivation Technique’!”

Emperor-level exercises are above the god-level exercises!

“This set of exercises is called “Thunderbolt Exercise”; I hope you practice hard, maybe in the future, you and I will have a chance to see you again!”

The figure in gray clothes directly entered the emperor-level exercise “Thunder Body Forging” into Xu Ming’s mind.

Xu Ming was a little moved – he and this great man in gray were never acquainted; but the other party gave him such a great opportunity!

Moreover, Xiaohang is now dormant, and Xu Ming urgently needs to improve his strength! – This opportunity, it’s the right time!

“Senior, I can’t repay it now; in the future, when you and I meet in God’s Domain, I will pay you back!” Xu Ming clasped his fists and said.

“Haha...” The figure in gray said with a smile, “You are only one of the countless ‘seeds’ I planted! If you and I have the opportunity to meet, it is naturally the best; It’s a chance from the sky, don’t worry about it...”

The figure in gray is open-minded.

In fact, at the realm of the figure in gray clothes, many things have already been seen very clearly.

He has left behind black iron pieces in the Divine Realm and in many dust worlds, and those who are destined to get them; and these people who are destined to get the black iron pieces are the “seeds” planted by the figure in gray – as long as there is one of these seeds. If a seed can “take root and sprout”, then the “investment” of the figure in gray clothes is a success; even if a seed fails to grow into the strength he expects, it doesn’t matter.

Anyway, for the figure in gray clothes, leaving behind countless pieces of black iron was just casually done.

“Just let it go!” The figure in gray said with a smile, “You and I are destined to see you again!”

For the superpowers of the Divine Realm, it is very important to fate and cause and effect!

From the grey-clothed figure, Xu Ming's ability to get his black iron piece is a kind of fate, a kind of cause and effect!

With that said, the figure in gray quickly dissipated, as if it had never appeared.

Xu Ming was surprised to find that with his unforgettable memories, he could not remember the appearance of the gray-clothed figure no matter what. I can only remember that it was a hunched figure in gray clothes.

“What a miraculous method!” Xu Ming secretly said, “Perhaps, when I go to God's Domain in the future and see the figure in gray again, I will remember his appearance again!”

After the figure in gray left, Xu Ming looked at the emperor-level exercise in his mind – “Thunderbolt Forging”.

At the level of the figure in gray, naming the exercises is more casual and simple.

Like this set of “Thunder Body Forging”, it is very direct – with the help of the power of thunder between heaven and earth, you can exercise and improve your body at the “particle level”, so as to improve your strength!

What surprised Xu Ming the most was—

“The cultivation of our ancient cultivator school is a path against the sky! Therefore, when we ancient cultivators experience a major breakthrough, they are likely to be punished by heaven and earth!” Xu Ming thought to himself, “And this set of “Thunderbolt Forging”, but it tells how to absorb the power of tribulation thunder when the sky and the earth fall, to improve strength...”

“It's really perverted!” Xu Ming couldn't help but exclaim, “According to the message left by the figure in gray, which of the other ancient cultivators are not trembling when faced with the punishment of heaven and earth? And the ancient cultivator who practiced “Thunderbolt Forging”, When facing the robbery and punishment of heaven and earth, it is the happiest time!”

Of course, “Thunderbolt Forging” has extremely high requirements for qualifications; Xu Ming has met the requirements, so he can practice this strange exercise!

“It seems that God’s Domain...is more vast and exciting than I imagined...”

Xu Ming couldn’t help but look forward to God’s Domain.

“Just, where is God’s Domain?”

The figure in gray walked too fast, and didn’t tell Xu Ming how to get to the realm of the gods.

“In the ethnic group, there should be a record of the location of the God’s Domain...”

Thinking about it, Xu Ming put the No. 1 clone (human clone) into the world ring, and the No. 2 clone (the willow clone that has become a **** in the ancient cultivator genre), released it for action.

rumbling...

The No. 2 clone recklessly shuttled through the turbulent spatial flow.

Although Xu Ming is temporarily unable to hang up, the strength of the second clone is absolutely crushing the entire endless continent!

boom!

Soon, Xu Ming flew out of the space crack and returned to the territory of the human race.

“This...”

As soon as he flew out of the space crack, Xu Ming was stunned by the scene above his head.

“What the **** is this!?”

Xu Ming saw that there was an incomparably huge supercontinent above the sky!

Incredibly huge!

This supercontinent is extremely far away from Xu Ming; however, no matter which direction Xu Ming looks in, he cannot see the end of this supercontinent.

“Why does such a supercontinent appear?”

“Could it be that such an indescribably huge super continent emerged when I fought Erke?”

Compared with this continent, the Endless Continent is as small as a speck of dust.

“Also... When such a big thing happened, why don't they have any reaction at all?” Xu Ming was puzzled.

His deity has always been in an independent space. On the Endless Continent, if something major happens, the Palace Master Extreme Heaven and the others will definitely contact him!

However, there is no connection whatsoever!

At this moment, Xiaohang's voice sounded in Xu Ming's mind: “The host has discovered the location of God's Domain, and meets the conditions for upgrading the ‘Invincible Plug-in’...”

“What!?” Xu Ming was horrified, “This supercontinent above your head, could it be God's Domain!?”

Chapter 816: Wholesale 0 Gold Finger

“This super continent above your head, is it God's Domain!?”

Xu Ming guessed right, this supercontinent with no end in sight is indeed God's Domain!

The realm of the gods did not appear suddenly, but existed there forever and never changed.

However, the realm of the gods is too huge!

Billions of miles?

Billions of miles?

It's hard to describe the size of God's Domain!

Because it is so huge, the space around God's Domain is completely disturbed!

Chaotic time and space, blocking the line of sight! The realm of the gods clearly exists there, and it is wider than the sky; but, under the gods, no one can see the realm of the gods!

But now, Xu Ming's school of ancient cultivators has become a god; his eyes are extremely sharp, and he can see through all falsehoods! The chaotic time and space finally could no longer obstruct Xu Ming's sight; Xu Ming, naturally, saw God's Domain!

What surprised Xu Ming even more was that Xiaohang had woken up from hibernation?

"Xiao Hang's sleep is too short, isn't it?" Xu Ming couldn't help thinking.

Xiaohang continued: "Currently, the invincible plug-in version is 'version 2.1', which can be upgraded to 'version 3.0'! However, because the host has attracted attention to the order of the universe's operation, the '3.0 full version' cannot be activated, only the activation '3.0 Security Version'!"

"Security version 3.0?" Xu Ming was startled.

As the name suggests, the "safe version" should be safer to use, and less likely to attract attention to the order of the universe's operation. But at the same time, the "safe version" is probably not as powerful as the "full version" in some functions!

Xiaohang said again: "Please choose the host, do you want to activate the '3.0 security version' immediately? – After activating the '3.0 security version', you will no longer be able to activate the '3.0 full version'!"

Xu Ming thought about it and asked, “What conditions must I meet to activate the ‘3.0 full version’?”

Xiaohang said: “We have to wait until the attention of the order of the universe’s operation is removed from you!”

“How long will it take...?” Xu Ming couldn’t help but sighed inwardly – it’s really not easy to hang up!

In the previous life, he was struck by lightning to another world because of the opening. This life is even more bizarre. Because of the opening, it even attracted the attention of the order of the universe, and was almost “titled”!

“I can’t estimate how long it will take...” Xiao Hang said, “The fast is a year and a half, and the slow is hundreds of millions of years...”

“Nima!” Xu Ming scolded inwardly—slow is hundreds of millions of years?

So what else is there to say?

“Activate the ‘3.0 security version’ immediately!” Xu Ming said without hesitation.

The functions of the safe version are not as powerful as the full version; however, Xu Ming can’t stand the days when he can’t hang up!

“Just use it first! Maybe after upgrading to version 4.0, you can use the full version again!” Xu Ming thought.

“The plug-in upgrade is in progress...”

A quarter of an hour later.

“The otherworldly invincible plug-in 3.0 security version, the update and upgrade is complete!”

This voice, to Xu Ming, is really wonderful! Xu Ming was so excited that he felt like he was about to burst into tears: “Finally I can hang up again!”

The otherworldly routine is deep! Without plug-ins, there is no sense of security!

“Would you like to see a comparison of the old and new versions now?”

“Check!”

Immediately, a large text panel appeared in Xu Ming’s mind.

First, the function review of the old version 2.1:

“The otherworldly invincible plug-in version 2.1 has the following functions:

Free function: Offline hang-up practice, perfect battle.

Primary VIP functions: artifact store, exploration, three-hanging package (double attack, double defense, accelerated fusion into one), rejuvenation.

Intermediate VIP function: super perfect battle, learn in seconds, forcibly level up, and be empowered.

Advanced VIP features: leapfrog combat bonus, coordinate positioning, absolute stealth, protagonist halo, absorbing, epiphany mode, camouflage.

Exclusive VIP functions: IQ crushing, suppression seal, soul possession, clone, teleportation, energy shield, independent space, forced face slap (exclusive)...

Super functions: infinite clone, time suspension, infinite blue, attribute modification, forced slavery...

Abnormal functions: infinite resurrection, time travel, invincibility, spike, copy...

Super perverted function: Second day, second, second, second air, take over the universe!

The current highest authority of the host is: Exclusive VIP function. ”

Xu Ming looked at these functions and secretly said: “The plug-in function of version 2.1 has indeed been unable to keep up with my needs!”

For example, “offline training” is almost meaningless to Xu Ming.

Offline training can only improve your cultivation, but it cannot improve your understanding of the way of heaven, and it will not help Xu Ming to practice the exercises of the ancient cultivator school.

But at the demigod level, the concept of “cultivation” no longer exists; who is strong and who is weak, mainly depends on the understanding of heaven! – Even the concept of “cultivation” does not exist anymore. Is there any meaning to off-line practice?

Therefore, this plug-in function that Xu Ming first used can only be eliminated.

...

Then, a series of functions of the new version 3.0, so that Xu Ming can compare with each other.

“The Otherworld Invincible plug-in version 3.0 has opened the following functions:

Combat functions: Invincible combat power system, soul possession, life and death book.

Auxiliary functions: teleportation, coordinate transmission, exploration, energy shield.

Obscene functions: stealth, camouflage, clone, independent space, forced face slap (exclusive).

Store function: artifact store, mercenary system.

Cultivation function: talent cultivation, heart tree garden.

...

Unopened functions are as follows: unlimited clones, unlimited blue, attribute modification, forced slavery, unlimited resurrection, time suspension, time reversal, invincibility, instant kill, copy, wholesale and retail gold finger, second day, second, second air, and the universe!

More and more powerful, more perverted, more inhumane, and more tragic functions, please look forward to the 4.0 version of the alien invincible plug-in! ”

After looking at the series, Xu Ming just wanted to say – what a big change!

The plug-in functions of the new version 3.0 are no longer sorted according to the “level of authority”, but are classified according to the category of plug-in functions. Moreover, there are many functions that are not available in the old version of the plug-in; at the same time, many cluttered and unpractical functions have been eliminated, making the plug-in more suitable for Xu Ming’s current needs.

Simply put: the new version of the plug-in is more practical, more powerful, and more invincible!

A lot of new features dazzled Xu Ming:

“I rely on? Invincible combat power system? It sounds like a very good X!” Xu Ming wanted to know how invincible this thing is!

“Book of Life and Death?” What is this new feature?

“Mercenary system?”

“Heart Tree Garden?”

Xu Ming couldn’t wait to find out that what Xu Ming looked forward to most was the “unactivated functions”:

“Infinite Blue, what kind of function is it?”

Most of the other plug-in functions that have not been activated can also be guessed by Xu Ming as the name suggests; such as “Time Reverse Flow”, “Invincible”, and even “Seize the Universe”. However, Xu Ming could not guess the role of “Infinite Blue”.

Moreover, the new version of the plug-in has eliminated many unusable functions; but the “infinite blue” function, which I don’t know what to use, has been standing here and has not been eliminated – it can be seen that this should be a very practical function.

What Xu Ming looked forward to the most and was speechless was the new item in the “unactivated function” – the wholesale and retail gold finger!

“What do I rely on? Wholesale and retail gold fingers? – What function is this, are you kidding me?”

Xu Ming was so anxious that he wanted to know what this new function was for; however, “Wholesale and Retail Gold Finger” is in the “unactivated function”, Xu Ming could only see one name, and could not see the specific effect at all. .

Chapter 817: Powerful New Features

Look further down for a detailed introduction to the new features of the new version.

“Invincible combat power system: integrates various combat functions in the 2.0 version of the plug-in, and perfectly integrates various functions such as double attack, double defense, acceleration, super perfect combat, leapfrog combat bonus, protagonist halo, IQ crushing and other functions. .As soon as you hang it in your hand, you will be invincible all over the world!

The invincible combat power system is divided into ‘10 levels’ of power, which consumes different numbers of hanging points. ‘Level 1’ is the weakest, enabling the host to exert ‘ten times’ combat power; ‘Level 10’ is the strongest, and can exert ‘one million times’ combat power! ”

Seeing these introductions, Xu Ming was stunned: “This...is this too strong?”

The weakest “level 1” can exert “ten times” combat power! The strongest “level 10” can even exert a “million times” combat power!

See clearly, not “one hundred times”, but “one million times”!

A million times! !

Xu Ming strongly doubted that if he activated the “level 10 invincible combat power system”, he would be able to achieve the effect in seconds!

abnormal!

So perverted!

However, a line of small words at the end of this description made Xu Ming feel a little cold in his heart:

“Because the current plug-in version is the ‘safe version’, it is restricted that the power of invincible combat power can only maintain one attack, or resist one attack!”

Only one time!

Xu Ming was depressed: “Look at this explanation, because it is a plug-in of the ‘safe version’, so there is this restriction... If I activate it, not the ‘3.0 security version’, but the ‘3.0 full version’, how cool it would be what!”

However, there is no such thing as an “if” in the world.

Moreover, even with the limitations of the “safe version”, this “invincible combat power” link is still a very powerful combat function!

“Not bad! Not bad!” Xu Ming thought to himself, “Keep a low profile and don’t be too greedy! If you have a plug-in, just open it!”

Read on:

“Soul Possession: Summons the mighty Soul Possession, during which you can borrow the mighty combat power, but you cannot use your own combat power; at the same time, all other plug-in functions are invalid and cannot be used! Because the current plug-in version is the ‘safe version’, Therefore, the power that is summoned is only ‘80%’ of the combat power!”

Another “safety version” limit!

However, as long as the plug-in can be used, it is better than not being able to use the plug-in!

“Book of life and death: Write the name of the enemy on the book of life and death, and you can use causality to maintain and kill the enemy remotely!”

Xu Ming’s eyes widened: “Fuck me, behead from a distance! – In this case, if anyone offends me, wouldn’t I make him die without knowing how?”

“Teleportation: teleportation! Consumption of hanging points and the farthest teleportation distance increase according to the strength of the host!”

“Coordinate teleportation: The host can set space coordinate points for space teleportation. Up to one hundred space coordinate points can be set at the current cultivation level.”

“Exploration: Explore all the information. Depending on the difficulty of the exploration, different numbers of hanging points are consumed.”

“Energy shield: Provides a layer of energy shield for the host. Every time it is attacked, it will consume a different number of hanging points according to the strength of the attack. When the hanging points are exhausted, the energy shield cannot continue to provide protection.”

“Stealth: There are a total of ‘10’ stealth effects. After entering the ‘1st-level stealth’ effect, the host can evade the detection and attack of all opponents at the same level. Each level of the stealth effect can make the host evade stronger. The detection and attack of level opponents!”

“Camouflage: You can disguise as anyone, and the effect is divided into ‘10 levels’. The ‘level 1’ camouflage effect can prevent the host from being seen by all opponents of the same level. Each level of camouflage effect can make the host concealed better. A level opponent!”

“Clone: Create a perfect clone. Currently, the upper limit of the number of clones is ‘3’, and there are already ‘2’ clones.”

“Huh?” Xu Ming was slightly startled, “Can I have three avatars? – After I go back, I will gather another avatar!”

“Independent space: Open up a completely independent different time and space, and isolate all cause and effect. Only the host and the person designated by the host can enter and leave; other people, by any means, cannot find the position of the independent space, let alone enter the independent space.”

“Forced face slap (exclusive): According to the host’s behavior and habits, a specially customized exclusive plug-in function. After opening, the host can forcibly slap anyone in the face; in the new version, ‘remote face slap’ can also be performed! The face slap is bound to hit, The opponent cannot dodge; however, it only has the effect of humiliation and does not have any lethality. The consumption of hanging points depends on the difficulty of slapping the face.”

“Oh?” Xu Ming’s eyes lit up, “Forced face slap, with the addition of the ‘remote face slap’ function? Not bad! Not bad!”

In this way, if Xu Ming wants to slap someone in the face in the future, he doesn’t even need to run over to find that person in person; as long as he drinks tea at home, he can slap the face remotely, which is very convenient!

“Artifact Store: You can buy almost all treasures (except special items).”

“Mercenary system: You can publish or complete mercenary tasks.” There is not much introduction, but Xu Ming thinks about it with his toes, and can also think of the usefulness of this new function.

“Genius Cultivation: You can cultivate and control super geniuses! The super geniuses that are cultivated will become the most dazzling existence; and, no matter how high their future achievements are, they will be absolutely loyal to the host! There are currently talent cultivation places: one! ”

“Genius Cultivation” is a cultivation function in the plug-in. However, this link can only be used for super geniuses; for ordinary geniuses, this function cannot be used! – A genius with insufficient qualifications is not even qualified to be controlled by Xu Ming!

“Heart Tree Garden: You can plant spiritual trees to form spiritual fruits. There are five categories of spiritual trees, namely: Heavenly Dao Tree, Ancient Cultivation Tree, Qi Luck Tree, Faith Tree, and Heart Tree! Heavenly Dao Tree Trees can bear the ‘Spiritual Fruit of the Heavenly Dao’ to enhance the understanding of the Dao of Heaven; ancient trees can bear the ‘Spiritual Fruit of Ancient Cultivation’ and temper the body of the ancient cultivator... Currently, the host can only plant the ‘Heavenly Dao Tree’!”

“It’s interesting!” Xu Ming analyzed the new function, “This is actually a bit like a substitute for ‘offline on-hook’, but it is more powerful than ‘off-line on-hook’! And... I don’t know if the resulting spiritual fruit can be If I can sell it, I will have another way to make money!”

Thinking about it, Xu Ming curiously opened the “Heart Tree Garden” function.

A piece of spiritual field, only one acre square, appeared in Xu Ming’s mind. Xu Ming “sees” that on this acre of spiritual fields, the purple air is transpiring, and the rays of light are full of light. It is very good at first glance!

“Unexpectedly, I also have a day of farming!”

Xu Ming controlled the plug-in and planted a tree of heaven. When this Heavenly Dao tree matures, Xu Ming can often come to pick the Heavenly Dao Spirit Fruit.

“Sit and wait for the harvest!”

Thinking about it, Xu Ming directly set foot on the return journey.

Chapter 818: New Era Of Human Race

Three years later, the Human Race, the Holy Land of the Stars.

call out! call out!

Whoosh! Whoosh!

On the battlefield of the stars, the sword energy is vertical and horizontal. It is the newly recruited disciples of the Holy Land of Stars this year who are competing and learning from each other.

Ding-

It was the sound of a weapon falling to the ground.

Bang!

A chubby-looking disciple smashed to the outside of the Xingchen Battle Stage.

“Seventeenth!” On the Xingchen Battle Stage, a cold and arrogant young man in white said in a cold voice, “But who else dares to fight?”

This young man in white, named “Shu Yi”, is the most talented among the talents recruited by the Holy Land of Stars this year. At the age of fifteen, he has already attained the cultivation level of a Daoist, and he is very hopeful to become a Daoist and even a Daoist in the future!

“Humph! A bunch of scumbags!” Seeing that no one dared to fight again for a long time, Shu Yi became more and more arrogant, “You dare to provoke me with talent like you? It’s a shame! – You know, even if it is the legendary palm God Xu Ming, when he was fifteen years old, he was far inferior to me!”

All the geniuses around were so angry that they dared not speak. After all, their strength is indeed much weaker than Shu Yi; no matter what they say, they can’t match Shu Yi’s fist.

At this time, a handsome young man walked towards the Star Battle Platform.

If Xu Ming was here, he would definitely recognize that this handsome young man was the genius “Duan Yuyu” who attended the banquet with him.

“Master Duan!”

“Hello, Master Duan!”

A genius, even shouted respectfully.

The chubby genius looked at Duan Yuyu with even more enthusiasm: “I heard that Master Duan and Brother Zhangshen Ming have some friendship, it’s really amazing! If you can follow Master Duan, That’s good; in that case, maybe in my life, I can hope to see the legendary brother Ming with my own eyes!”

But the chubby genius still has self-knowledge: “With my little talent, how can I have the opportunity to follow Master Duan... sigh...”

However, Duan Yuyu, who has always been mild-mannered, had a cold face at this time. Even the surrounding air seemed to be a little colder.

He looked at Shu Yi coldly: “What did you just say?”

“I...” Shu Yi felt chills all over his body, and at the same time, he was a little baffled. He didn’t know where he had offended Master Duan Yuyu.

“Humph!” Duan Yuyu snorted coldly, and Shu suddenly fell to the ground.

“Master Duan, I didn’t say anything!” Shu Yi said in panic.

“Didn’t say anything?” Duan Yuyu hummed angrily, “You are worthy of being compared with Brother Ming?”

“I...”

“When Brother Ming was fifteen years old, it was far inferior to what you are now?” Duan Yuyu snorted coldly, “You don’t even think about it, what kind of cultivation conditions did Brother Ming have at that time, and what kind of cultivation conditions did you have! – Arrogant! Ignorance!”

After Duan Yuyu finished speaking, he still felt very uneasy: “From today onwards, you will go and work as a handyman with the handyman disciples!”

“I...” Shu Yi was stunned—could it be that because of one sentence, he was demoted from a formal disciple to a handyman disciple?

“Go away!” Duan Yuyu snorted coldly, “Be honest and be your handyman disciple. If you have a good attitude of repentance, maybe I will promote you to a named disciple! Also, don’t feel wronged and want to leave the Holy Land of Stars. , find another way out! I can tell you clearly – just based on your disrespectful words to Brother Ming just now, there will be no forces in the entire Endless Continent that are willing to accept you!”

After speaking, Duan Yuyu looked at the chubby genius again, and his eyes became very kind: “Little fat, I heard that when you were in the entry test, you got a perfect score in the “Biography of Ming Ge”?”

Fatty stood up, patted the dust on his body, and said proudly, “Yes!”

“Ming Ge Biography” got a perfect score in the exam, which is the proudest thing Xiaopang is most proud of.

“That...that...” Duan Yuyu rubbed his palms, and said a little embarrassedly, “Can you follow me in the future? Give me some knowledge in “The Biography of Ming Ge”?”

Following Duan Yuyu? -Isn’t this what the little fat dreamed of?

Xiaopang couldn’t believe it, and answered even more excitedly than marriage: “I do, I do!”

...

Since Xu Ming beheaded Erke and saved the entire human race, he has become a national idol!

“Biography of Brother Ming” is a compulsory course for all warriors in the Endless Continent! – If you want to take the road of martial arts, first learn “Ming Ge Biography”!

At this time, on the other side of the Endless Continent, an assessment of Ming Ge's biography was underway.

Questions are difficult:

“Question 13 (fill in the blank): What's the name of the second person that Brother Ming killed?”

“Question 38: How many hairs did Brother Ming lose when he beheaded Erke?”

“Question 250 (single choice): If Brother Ming sees a young girl squatting beside a country road in ragged clothes, what will he do?

A. Take out the clothes and put them on for her.

B, stripped and XXXX.

C. Don't say anything, just show respect first.

D, first observe whether there are people around. ”

“Question 301 (multiple choice): If Brother Ming wakes up and finds that he has become a beautiful woman, how would he react?

A. Scream.

B. I am secretly happy.

C. Let the brothers cool first, this is the good brother!

D. Go out to fish for a golden turtle son-in-law. ”

...

There are over a thousand questions.

For some questions, the test is for the understanding of Brother Ming's experience; for some questions, the test is for the understanding of Brother Ming's character.

And in many factions, even the assessment results of "Ming Ge Biography" are regarded as more important than the assessment results of martial arts! The reason is very simple – if there is no brother Ming, there will be no human race!

The reason why the Human Race can exist and continue is all because Brother Ming turned the tide and killed the True God Erke of the Demon Race!

...

Above the endless clouds.

Xu Ming and the sword master walked side by side in the void.

"It's so beautiful!" Xu Ming sighed.

Walking all the way, the scenes of the human race can be seen in his eyes. And aren't these beautiful things that Xu Ming swore to protect?

"Thanks to you, Xu Ming!" the sword master said with emotion, "Otherwise, our human race would probably be like those alien races hiding in some corners and corners and lingering on! And because of your Existence, our human race has ushered in a new era!"

This era is called the era of Xu Ming!

"How are the major alien races doing now?" Xu Ming asked.

"They are all hiding in some very secret underground mezzanines, or in the depths of space cracks, it is difficult to use mental power to explore!" The sword master sighed, "But this time, our human race will definitely do our best to kill them. All alien races. In case you leave the Endless Continent in the future, the alien races will make a comeback!"

Xu Ming thought for a while and said, “You don’t have to go to the trouble of tracking down, let them hang on in the corners and corners! As for the comeback...they will never have such a chance!”

The sword master was stunned: “Brother Xu Ming, are you planning to stay in the Endless Continent forever?”

Xu Ming smiled and said nothing.

The sword master didn’t ask much. He smiled and said again, “The Palace Master Ji Tian held a round table meeting a few days ago, discussing how to build a golden statue for you, what do you think?”

Chapter 819: Go, God’S Domain!

“Golden statue...”

Building a golden statue and accepting the worship of hundreds of millions of people; this is undoubtedly the supreme glory in the human race!

In the history of the human race, only True God Jiuyu has enjoyed such glory.

but...

After True God Jiuyu left the Endless Continent and went to the Divine Realm, the major alien races made a comeback, counterattacked the Endless Continent, and demolished his golden statue...

Xu Ming thought for a while and said, “Golden statue, don’t be in a hurry for the time being, I have my own ideas!”

Xu Ming does have his own ideas.

You must know that golden statues can gather the power of belief; practitioners of faith schools will build many golden statues. As for Xu Ming, he did consider letting one of his avatars go to the school of belief – after all, there are multiple schools and multiple paths!

However, on the Endless Continent, the level of building golden statues is too low to gather much faith. Xu Ming planned to build a golden statue when he went to God's Domain and learned a profound religious practice.

“Okay!” The sword master nodded.

“Right!” the sword master said again, “Xu Ming, don't you plan to open up your own kingdom of gods?”

“Open up the kingdom of God...” Xu Ming shook his head slightly, “Not for now!”

To open up the kingdom of God is actually to have a “safe zone”.

However, Xu Ming already had the absolute “safe zone” of an independent space. Whether there was a kingdom of gods really didn't make much sense to him.

...

After saying goodbye to the sword master, Xu Ming returned to the independent space.

“Brother Ming.” Zhang Hao, who graduated from Lanxiang, saw Xu Ming coming back, and hurriedly greeted him.

“Oh? Xiaohao?” Xu Ming looked at him with a smile.

At the beginning, when Xu Ming first met Zhang Hao, the other party was just a child who missed school.

Now, decades later, Zhang Hao has become the “Father of Science and Technology” of the Endless Continent!

The hydrogen bomb produced by Zhang Hao blew up Erke's divine kingdom and Erke's artifact – this deed has also been widely circulated on the endless continent, and people are talking about it.

For the first time in Endless Continent, such a thought appeared: It turns out that reading is still somewhat useful!

Zhang Hao also established an institution of higher learning, no doubt called the “Zhang Theological Institute”, to show his respect to Xu Ming.

And Xu Ming, the palm god, also personally wrote an inscription for the academy: Knowledge changes destiny!

The establishment of the Palm Theological Academy also planted a seed for the Endless Continent—the seed of technology.

“Brother Ming, this is for you!” Zhang Hao handed over a ring.

“Oh? What is this?” Xu Ming opened it curiously, and saw...

“hydrogen bomb!?”

A huge hydrogen bomb!

It is much bigger than the eleven hydrogen bombs added together!

Zhang Hao has a proud look on his face. This hydrogen bomb is his most proud work!

“Brother Ming, according to calculations, the power of this hydrogen bomb should be able to blow up the entire endless continent...” Zhang Hao said weakly.

“Pfft!” Xu Ming almost spurted blood, “Blow up the entire endless continent... Xiaohao, you are really brave enough; you dare to create something like this...”

“Cough cough!” Zhang Hao scratched his head and said, “Brother Ming, I thought, you must go to God’s Domain! God’s Domain is vast, and I don’t know what kind of crisis there is there; you can take this hydrogen bomb with you. self-defense...”

“Uh... Okay!” Xu Ming was also really drunk – Zhang Hao was really thoughtful.

However, Xu Ming knew that the hydrogen bomb would be of little use in God’s Domain! – The explosive power of the hydrogen bomb can cover a wide area; however, it cannot achieve “annihilation particles”, so it cannot cause any fatal damage to the gods.

However, it can blow up the divine weapon, and it can also blow up the divine body into a “particle form”; in the divine realm, it is not bad to use it to disgust people!

“Brother Ming.” Zhang Hao said again, “There is one more thing I want to ask you!”

“You said it!” Xu Ming said.

“I want to ask Brother Ming to help me seal all the memories about the hydrogen bomb!” Zhang Hao said.

Xu Ming thought for a while: “Indeed, it’s better to seal it! Your own strength is too weak, if someone spy on the ‘mass-energy equation’ and the memory of making hydrogen bombs from your mind, it will be very useful to the Endless Continent. A devastating blow!”

“Yeah!” Zhang Hao also sighed.

He finally felt the physics knowledge in his mind with nostalgia, and then, Xu Ming’s palm covered his Tianling cover.

Everything about “ $E=MC^2$ ” and “Hydrogen Bomb” faded away in Zhang Hao’s mind.

...

After erasing some of Zhang Hao’s memories, Xu Ming returned to his home.

At this time, Gu Hanmo just came out of the closed state.

“Han Mo, how do you feel?” Xu Ming asked with concern.

The “Heavenly Dao Tree” that Xu Ming planted in the “Heart Tree Garden” grows and matures in one year, and in another year it bears “Heavenly Dao Spirit Fruit”, although there are only three.

Xu Ming ate one by himself, and after feeling that there was a lot of benefits, he gave the other two to Gu Hanmo.

Gu Hanmo’s strength is weak, and after eating one, he could not digest the large amount of Heavenly Dao insights in the “Heavenly Dao Lingguo” for a while, so he entered the retreat; it took a whole year before he left.

At this moment, Gu Hanmo’s eyes were filled with the charm of the Dao of Heaven; obviously, her understanding of the Dao of Heaven had improved a lot!

“The harvest is great!” Gu Hanmo said with joy, “Xu Ming, you can keep this kind of spiritual fruit and eat it for yourself to improve your strength!”

“It’s okay, I have a lot of this kind of spiritual fruit!” Xu Ming said with a smile – now that the Heavenly Dao tree has been planted, it will bear three fruits every year in the future; it is indeed inexhaustible.

Xu Ming said again: “You have to eat more of this kind of heavenly fruit, and strive to become a **** as soon as possible.”

“Bring a few for my father too!” Gu Hanmo said.

“certainly!”

The two chatted for a while, then suddenly fell into silence.

“Han Mo, I’m about to set off for God’s Domain!” Xu Ming said sternly.

Gu Hanmo was silent for a few breaths, and then said, “How many clones do you plan to go to God’s Domain?”

Now, Xu Ming has one deity and three clones!

Among these three avatars, the second avatar has become a **** of the ancient cultivator genre. The No. 1 avatar, and the newly condensed No. 3 avatar, are the schools of Heavenly Dao that have been cultivated for the time being, and have not yet become gods.

Xu Ming didn't hide it: "I'm going to send the first clone and the second clone to the God's Domain. The deity and the third clone will stay in the Endless Continent!"

"Yeah!" Gu Hanmo nodded, his expression a little stiff, "Go!"

"Han Mo, are you still angry?" Xu Ming was referring to Yin Ran.

"Is it useful to be angry?" Gu Hanmo rolled his eyes angrily.

"Uh..." Xu Ming looked ashamed – he was also very distressed! After all, the reason why "things that shouldn't have happened" happened between him and Yin Ran, after all, Xu Ming was the "victim".

However, no matter whether it is a victim or not, since you have done it... a manly man, you must be brave!

Gu Hanmo's tone softened a little: "Actually...you have done a good job! I also know that I can't blame you for this. Besides, in this world, having three wives and four concubines is a normal thing..."

Objectively speaking Xu Ming is indeed a rare good man in this world!

"Han Mo..." Xu Ming was both moved and ashamed.

"Go!" Gu Hanmo's eyes suddenly became open-minded, "Go to God's Domain and chase Yin Ran back!"

Xu Ming looked up at the sky, his eyes seemed to penetrate the membrane wall of the independent space, and he saw God's Domain...

"Yin Ran, wait for me!"

Yin Ran is already Xu Ming's woman, no matter who it is, don't try to take Yin Ran away!

Gradually, Xu Ming's eyes contained a hint of coldness: "Li Xiujie..."

Li Xiujie even deliberately gave Erke "the fruit of proving the Tao", and wanted to use Erke's hand to kill Xu Ming – such a cruel plan, how could Xu Ming not take revenge! ?

"just wait!"

In the vast Divine Realm, Brother Ming is here!

Chapter 820: Set Up

Xu Ming's two clones left the Endless Continent quietly.

call out!

The No. 2 clone has cultivated the ancient cultivator school to become a god, and the speed is extremely fast. In a few blinks of an eye, it has broken through the sky.

The No. 1 clone, who cultivated in the Heavenly Dao school, although he has not yet become a god, it is still no problem to hide in the world ring and bring it to the realm of the gods.

After all, God's Domain also has demigods! —Like Yin Ran and Qian Yishang, they are all demigods of the Divine Realm.

It didn't take long for Xu Ming to fly to an altitude of 100 million miles in the endless continent.

And here is also the boundary of the endless continent.

“What a huge endless continent!” Xu Ming glanced back.

The Endless Continent is a behemoth that spans billions of miles. Even though Xu Ming has become a god, but looking down at the Endless Continent, he can't help but feel a sense of insignificance.

“Too huge!”

Xu Ming sighed repeatedly, and at the same time had doubts in his heart: “Why is such a huge world called a ‘dust world’?”

Xu Ming raised his head and glanced at it thoughtfully—the top of his head was an endlessly huge divine realm!

Although the Endless Continent is huge, Xu Ming can still measure the size.

But God's Domain is huge, but there is a feeling of “the elephant is invisible” – Xu Ming stood on the border of the endless continent, looking up at the God's Domain, he couldn't judge at all how far he was from the God's Domain; nor could he see that the boundary of the God's Domain was at where.

The Divine Realm is so huge that Xu Ming can't even know what the shape of the Divine Realm looks like.

“As long as you fly up, you can break out of the membrane wall of the Endless Continent!”

On the periphery of the Endless Continent, there is an invisible film wall protecting it.

Inside the membrane wall is the atmosphere of the Endless Continent, and the environment is mild; outside the membrane wall, there is an extremely violent destructive wind, which is very terrifying.

“Just let me feel, what kind of power is it that it is said that even the body of a demigod will be torn apart by the wind of destruction!”

Xu Ming took a step up, and suddenly felt a strong sense of oppression, oppressing from all directions.

Xu Ming knew that he was crossing the membrane wall of the Endless Continent.

“Hey—” Xu Ming used his milk-feeding strength—traveling through the walls of the endless continent is not easy!

After about a quarter of an hour, Xu Ming finally felt that the invisible membrane wall was thinning.

“Going out soon!”

puff!

Xu Ming felt that he was like a fish jumping out of the water, and there was nothing to oppress him. The whole body felt a lightness.

“Finally squeezed out!”

Before Xu Ming could be happy, an invisible wind of destruction blew over; Xu Ming was like a leaf, blown away by the wind.

“This this...”

Xu Ming was blown away by this violent destructive wind, and his whole body was in pain! – You must know that Xu Ming’s body is the “divine body” of the ancient cultivator school! In terms of tyranny, it is even stronger than the “God Body” of the Heavenly Dao school!

However, even his body felt pain all over his body; it can be seen how powerful and terrifying this destructive wind is!

If it is Xu Ming’s number one clone, I am afraid that it may be blown to death by the wind...

“The wind is too strong...”

Fortunately, Xu Ming was only in pain all over his body, and he did not suffer any substantial damage—the divine body is not so easily injured! Just like at the beginning, Xu Ming blew Erke into particle form with a hydrogen bomb, but Erke was not injured.

but...

Xu Ming was in the midst of the destructive wind, but he was completely unable to control his body shape – wherever the wind blew, he would float.

“Could it be... I’m going to be blown to God’s Domain by the wind?”

Xu Ming can only drift with the wind.

Moreover, Xu Ming found that if he wanted to go back to the Endless Continent, he couldn’t go back; unless he turned on the “teleport” link and the “coordinate transfer” link.

“It’s no wonder that after True God Jiuyu left the Endless Continent, there was no news...”

In such an environment, even if True God Jiuyu wanted to go back to the Endless Continent, he would not be able to go back at all!

The wind of destruction swept through Xu Ming, and the speed was incalculable.

Xu Ming felt as if he was caught in a vortex; moreover, he seemed to be being swept toward the center of the vortex.

The realm of the gods is extremely far away, and the journey to the realm of the gods is infinitely long.

Xu Ming rides the wind and follows the current.

one day...

two days...

January...

February...

one year...

two years...

Three years later, Xu Ming has been blown away by the wind for hundreds of millions of miles, but he still hasn't reached the realm of the gods.

However, Xu Ming finally knew why the Endless Continent was called a "dust world"!

Because... The Endless Continent is too small!

A few months after leaving the Endless Continent, the Endless Continent in Xu Ming's eyes was already as small as a speck of dust. A year later, the Endless Continent disappeared directly from the field of vision, and nothing could be seen!

Compared to the "Elephant Invisibility" God's Domain, the Endless Continent, and other worlds of dust, they are really as small as a "dust"!

A world like the Infinite Continent is like billions of dust particles floating in the sky above the Divine Realm—it's no wonder that the Divine Realm calls a world like the Infinite Continent the "Dust World".

...

After a few more months, Xu Ming was surprised to find that there was another figure, also swept by the Ruin Gangfeng, and swept towards the Divine Realm.

“It’s also a **** who has just entered the realm of the gods!?” Xu Ming’s eyes lit up – it was a fate to meet in such an environment!

The other party obviously found Xu Ming too.

The two winds of destruction, by coincidence or whatever, gradually approached and merged together.

Xu Ming could clearly see the appearance of the other party – this was a burly man who was much bigger than himself. There were many complicated inscriptions engraved on his skin; his aura was more like a red-eyed fighting bull.

The other party glanced at Xu Ming proudly: “Go to God’s Domain?”

...

Holy area.

Thunder Continent.

Holy City.

General Bai Jia “Li Xiujie” woke up from the retreat with a hint of doubt in his eyes.

“The causal bond between me and Erke seems to be broken?”

Li Xiujie bestowed Erke with the fruit of Taoism, and naturally he had some causal relationship with Erke.

And now, the causal bond is broken, which means that...

“Could it be that Erke is dead?”

If Erke died, the causal relationship between them would naturally end there.

Li Xiujie felt it more carefully, but he couldn't feel the cause and effect of Erke at all.

“It looks like he's really dead! But...” Li Xiujie revealed doubts in his eyes, “Erke has obtained the fruit of enlightenment and should have become a god; in a mere world of dust, as long as he doesn't seek death, who else can kill him? What about him?”

A figure immediately appeared in Li Xiujie's mind – Xu Ming!

“Could it be that Xu Ming killed Erke?” Li Xiujie sneered at the corner of his mouth, “Humph! Even if this is the case, as long as he dares to come to God's Domain, he will immediately die without a place to be buried!”

Li Xiujie had already set up a game in God's Domain, waiting for Xu Ming to arrive.
