

A World 861

Chapter 861: Charcoal Grilled Beast Fire Phoenix

The best restaurant in Jinwu City – Tiandao is the banquet hall.

It's a very domineering name!

The way of heaven is a feast, which means: make the way of heaven into the dish!

“I want to see how the Tao of Heaven is made into the dish!”

Xu Ming chose a seat by the window, sat down opposite Sisi, called the shop assistant, and said very richly, “Serve all your signature dishes here!”

Xu Ming was not at all worried that he would not be able to eat it.

The appetite of the gods cannot be measured by common sense!

The gods can never eat, but once they eat it, it is not a problem to eat the soil of thousands of miles! – Of course, this refers to the ten thousand li radius of the dust world, not the ten thousand li radius of the God Realm.

...

The shop assistant is dressed in uniform dark clothes, and his cultivation is actually a three-star god!

“Three-star gods are the second in the store?” Xu Ming was secretly shocked – you must know that in the history of the Endless Continent, even two-star gods have never appeared! Not to mention the Samsung gods!

And in the Golden Crow City, the three-star gods can only be a shop assistant! It can be seen that the pressure of life in God's Domain is so great!

The shop assistant glanced at Xu Ming's cultivation level, and seeing that he was only at the two-star level, he couldn't help but say, "This guest officer, would you like to know the price of the food first?"

"Huh?" Xu Ming couldn't help frowning slightly – what does this mean? I can't afford it or what?

However, the shop assistant's wording is still polite, not like a mockery, but more like a kind reminder. Therefore, Xu Ming was not angry, but frowned slightly.

"Then show it to me!" Xu Ming said casually.

"Look!" The shop assistant handed over a delicate jade plate.

On the jade plate, phantoms of dishes appeared, and some introductions:

"The charcoal-roasted divine beast, Fire Phoenix: The flesh of the fire phoenix taken from the limit of the demigods, cooked by the five-star gods, and only sold for twenty ***** stones!"

"Braised God Beast Five-Clawed Golden Dragon: The God Beast Golden Dragon from the limit of demigods, cooked by five-star gods and beasts, only twenty-five ***** stones are sold!"

"Steamed mythical beast Kunpeng:..."

Xu Ming and Sisi were both a little shocked.

"Brother Ming!" Sisi secretly said, "The divine beasts in the Divine Realm are different from the divine beasts in the dust world! – In our dust world, as long as they are slightly more powerful monsters, they can be called divine beasts! But in the realm of the gods, those who can be called divine beasts must have a very special bloodline, and when they become adults, they can naturally comprehend a heavenly way and become a ***** after proving the way!"

"Yeah!" Xu Ming had heard Sisi mention some knowledge about divine beasts before.

Like the mythical beast, the fire phoenix, as long as you eat and drink every day, you don't have to do anything; when you reach adulthood, you can automatically comprehend the complete heavenly way of fire and become a god!

Like a mythical beast with five claws and a golden dragon, you can eat, drink, and do nothing with the fire phoenix every day. When you become an adult, you will automatically become a god!

This is the power of the blood of the beast!

Moreover, among the gods of the same level, the beasts are usually more powerful than other gods!

But... in this "Heaven's Way is the Banquet Building", divine beasts such as the Fire Phoenix, the Five-Clawed Golden Dragon, and the Kunpeng were slaughtered at the limit of demigods, and then turned into dishes on the table...

Xu Ming was also stunned: "These divine beasts can become gods as long as they grow for a while..."

As for why they were killed at the limit of a demigod, instead of waiting for a ***** to be killed, the reason is very simple – the divine body of a ***** is not flesh and blood, but a particle form!

It is not flesh and blood, so naturally it cannot be eaten!

Therefore, the divine beast of the demigod limit is almost the best ingredient!

"This is too..." Xu Ming didn't know how to describe it.

The shop assistant thought that Xu Ming was stunned by the price of the dishes, and said in a low voice, "Brother, you have seen the price of the signature dishes! So, I advise you to order a few simple dishes and eat them. Just eat it! – I think back then, I was young and ignorant, so I ordered a bunch of signature dishes without looking at the price; as a result, I had no money after eating, so I had to sell myself here and be a shop assistant..."

"Uh..." Xu Ming was speechless, "At this price, let's have a meal open, wouldn't it cost hundreds of thousands of divine stones?"

“Yeah!” the shop boy said.

“Okay, then serve me every signature dish!” Xu Ming waved his hand, and said very proudly – a joke, it’s only a few hundred thousand **** stones, will Brother Ming not be able to pay?

“This guest officer!” The shop assistant reminded kindly, “Not everyone who has no money after eating can be like me and be a glamorous shop assistant! A two-star **** like you is likely to be caught Assigned to the back kitchen to wash dishes! – Have you figured it out?”

“I...” Xu Ming was really drunk – with a low cultivation base, it was really easy to be looked down upon! Just because of the strength he showed, he was only at the level of a 2-star god; so the second in the shop decided that he had no money to eat!

If it weren’t for the other party’s reminder, it was out of good intentions, Xu Ming might not be able to help but slap his face!

But even with good intentions, Brother Ming was a little impatient.

And Brother Ming’s impatient end is...

Snapped!

Xu Ming directly threw out 5,000 divine stones, and said richly: “One of each signature dish, and the rest is your tip!”

“Huh!?” The shop assistant was shocked for a long time, and finally came back to his senses – local tyrant! God of wealth!

Immediately, he changed his face: “This master! This uncle! Wait a moment, I will immediately serve you the best wine and the best dishes!”

Holding these 5,000 sacred stones, the second shopkeeper’s heart is trembling! – How many years! He finally had the Divine Stone to redeem himself!

“Brother Ming...” Sisi was also stunned for a long time, “You are... spending too much money?”

“It’s okay!” Xu Ming said indifferently, “It’s just a drop in the bucket!”

As long as Xu Ming sells the treasure on his body, I am afraid he can sell several million or tens of millions of divine stones! The mere five thousand divine stones are really nothing.

Because of money, so capricious!

Moreover, The mind of the second shopkeeper is quite good; instead of underestimating himself because of his low cultivation level, he took the trouble to kindly remind himself! – In this case, Xu Ming will just pluck a leg hair and give it to him, as a reward for his kindness.

And because of Xu Ming’s willfulness, he also received the best service.

“This uncle!” The second shopkeeper secretly said, “The divine beasts eaten by other guests are all domestically raised! And the divine beasts I gave you are all pure and wild, and the blood of the divine beasts is very pure! – Take it easy! ”

“Uh...” Xu Ming has really learned a lot – divine beasts, are they divided into domestic and wild ones?

In this way, Xu Ming has made a lot of money!

“God’s Domain, it’s God’s Domain!” Xu Ming couldn’t help sighing.

After sighing, Xu Ming set his eyes on the “Charcoal-Roasted Beast Fire Phoenix” in front of him!

Xu Ming looked at it in horror: “Countless mysteries of the Heavenly Dao have been skillfully roasted into the flesh and blood of the Fire Phoenix by the charcoal fire, complementing the original bloodline of the Fire Phoenix... After eating this dish, I am afraid I can get a lot of it. benefit!”

Chapter 862: Eavesdrop

“Try this bird meat!”

Xu Ming and Sisi each took a piece of flaming phoenix meat and ate it.

The fiery red phoenix meat is cooked so magically that it melts in the mouth. As soon as the meat was eaten, it turned into strands of heavenly mysteries and was digested in the belly.

Several of Xu Ming's perceptions of the Dao of Heaven were slightly improved.

Of course, this boost is very subtle. If you want to improve your understanding of the way of heaven by eating, I am afraid that if you eat a thousand fire phoenixes, you may not be able to have one of the ways of heaven become a god!

but...

"The taste of this dish is very strange!" Xu Ming commented.

"Brother Ming," Sisi said, "Gods' needs for food are already dispensable; after all, the appetite for food does not affect the gods at all! So... In the realm of the gods, few people are willing to spend so many **** stones on food. above!"

"Indeed!" Xu Ming nodded slightly.

Xu Ming enjoyed one after another of delicious food and wine, and he had seen the world in God's Domain.

"Sisi, cheers!" Xu Ming held up a glass of crystal clear wine.

In the wine, as if the stars in the night sky are twinkling, it also contains countless mysteries of heaven.

"Go!" Sisi also raised her glass.

...

The two were enjoying themselves eating and drinking, and suddenly, three Golden Crow Guards walked in in the hall of heaven for the banquet.

The armor of these three Golden Crow Guards is obviously much more majestic than that of ordinary Golden Crow Guards; at a glance, it is obvious that they have extraordinary identities.

Seeing the three people coming in, Sisi couldn't help but look tight.

"Don't panic!" Xu Ming said lightly, "Keep calm, eat what you need to eat, drink what you need to drink, everything is business as usual!"

"Oh..." Although Sisi was a little scared, she was a ***** after all, so she still had some mental qualities; she also tried to stay calm and eat and drink as usual.

"Three thousand masters, please come in quickly!" Another shop clerk nodded and bowed to greet him.

"The Thousand Commander!" Xu Ming's eyes were slightly solemn.

The thousand commanders of the Golden Crow Guard are the weakest six-star gods! The three thousand commanders are three six-star gods!

However, if Xu Ming does not hang up now, he has a four-star strength; it is still very easy to clean up three thousand commanders!

However, cleaning up three thousand commanders in the Golden Crow City is no joke! If these three thousand commanders are really cleaned up, I am afraid that they will immediately attract the siege of the Golden Crow Guard army.

The three thousand commanders glanced at the inside of the restaurant, their eyes only stayed on Sisi for a moment, and then moved away. Afterwards, the three of them found a place to sit down not far from Xu Ming at will.

"Brother Ming." Sisi said nervously, "Did they find us?"

“No!” Xu Ming said with great certainty, “If they found us, their eyes would definitely stay on me for a while. However, they just paid attention to you a little and moved away!”

“Oh...” Sisi continued to eat and drink.

Facts have proved that Xu Ming’s judgment is correct.

After the three thousand commanders sat down, they did not look at Xu Ming and Sisi again, but started chatting on their own.

“A few days ago, I saw the Master of Karma invited by the commander!” said a sturdy captain with bronze skin.

Master of cause and effect?

The other two commanders looked at him immediately.

Xu Ming and Sisi’s attention was immediately attracted, and they couldn’t help listening.

“Master of Karma, it is said that the weakest are Silver Moon-level powers...” Another slender commander couldn’t help but sigh, his eyes were full of fascination, “I don’t know, is it possible for me to become Yinyue in my life? The existence of the class...”

“You? Of course it’s impossible!” The short and fat thousand commander sneered, “Our commander is only a ten-star god! Do you still want to become a silver moon-level existence?”

Then, the short and fat commander looked at the sturdy commander who spoke first: “Brother Luo, isn’t the aura of Master Karma terrifying?”

“Yeah! In front of the commander, I was often overwhelmed by his aura and couldn’t lift my head up!” said the slender commander, “Master Karma is a Silver Moon-level existence, so his aura must be more terrifying, right?”

“I don’t know!” Brother Luo shook his head and said, “The Master of Karma seems to have deliberately hidden his aura; I can’t feel any coercion on him!”

“Then... what does Master Karma look like?” the chubby commander asked again.

“I can’t see clearly!” Jingzhuang said, “The Master of Karma seems to be covered in a layer of fog, and he can’t see his face clearly at all!”

Master of Karma, it’s so mysterious!

“I heard that the commander invited the master of karma to find the murderer who killed Young Master Yu! But why, it seems that the murderer has not been found yet?” The slender thousand commander asked with some doubts.

“You don’t know this, right?” said the commander of the strong thousand, “It’s not easy to detect the murderer! The master of karma needs to use the ‘causal formation’ to communicate the causal cycle between heaven and earth! -Listen It is said that the materials for setting up the Karma Formation are still the same. However, such materials are said to appear at the auction!”

...

The speaker has no intention, the listener has intention.

“Auction conference...” Xu Ming pondered, “The materials needed to arrange the causal formation will appear at the auction conference; and the auction conference will be held after the Yibao conference... That is to say, after the Yibao conference is over, I’m still safe!”

Xu Ming thought for a while: “After the Yibao Conference, I’ll just stay away from the Golden Crow City! If...it is still detected by Master Karma, then I’m not afraid! Anyway, I should have a lot of divine stones on my body, so I might not be able to fight against them!”

After a meal, he could hear such important news, which made Xu Ming very happy.

...

The three centurions continued to chat.

They can barely be regarded as the senior members of the Golden Crow Guard, so they still know a lot about the secrets of the Golden Crow City.

“Hey, do you know? There are some incredible treasures at this auction!” The strong and powerful commander said again – he has the highest status among the three naturally knows the most secrets.

“Oh? Talk about it, talk about it!” The other two commanders were very curious.

“Tell you, can you afford it?” The sturdy commander sneered.

“Listen and it’s fine!”

“Okay, I’ll just tell you what I know and tell you a little bit!” Captain Jingzhuang said proudly, “Time and space map, have you heard of it?”

“Of course I’ve heard of it, but it’s a treasure that can only be refined by a master of time and space!”

“There is also a long spear, it is a silver moon weapon!”

“Hi—Silver Moon Divine Soldier!?” The two commanders widened their eyes in shock.

“and also...”

The sturdy captain eloquently named more than a dozen powerful treasures, and then said: “These are nothing! The most noteworthy thing is that at this auction, there is another... a natural born lucky person!”

Chapter 863: Save!

A natural born lucky person! ?

Xu Ming and Sisi were both shocked.

because...

Sisi's younger sister is also a natural lucky person!

You must know that the number of people born with great luck is extremely rare! Even in the entire Chilie Mansion, I am afraid that there are not a few born with great luck!

And within the jurisdiction of the Golden Crow City, it is almost impossible for other innate great luckers to appear!

"Could it be Yingying?" Sisi felt her whole body tremble.

"Sisi, calm down!" Xu Ming said through voice transmission, motioning her to continue listening.

The three thousand commanders of the Golden Crow Guard are still chatting with high spirits.

"A person born with great luck? This is a rare treasure!"

"Yeah! In our Golden Crow City jurisdiction, it's hard to see a person born with great luck for hundreds of millions of years!"

"But it's not right! – The natural gas fortune person, and the ordinary gas fortune flow practitioner, are almost indistinguishable! How was the natural gas fortune person discovered and caught?"

Indeed, those born with great luck are almost exactly the same as ordinary practitioners of great luck! As long as those who are born with great luck do not expose themselves, it is almost impossible for others to find them.

Just like Sisi, except that Xu Ming used the "exploration" link to find out that she was born with great luck; when others saw her, they could only feel that she was a little special, but they would never know that she was born with great luck!

"Speaking of which, it can be considered that the person born with great luck is unlucky, and just happened to be targeted by a ten-star ***** who specializes in the soul!" The strong thousand commander said with a smile, "I don't know if that ten-star ***** is idle. What's the matter, I just checked the memory of that born with great luck, and I found this secret!"

“Aha? What’s the matter? – It is said that people born with great luck have a bad fate, but now it seems that it is true!”

“There’s another secret!” The sturdy captain said again.

“Oh? What is it?” The other two commanders became more and more curious.

“I heard... that person born with great luck, and a sister who is also a person born with great luck! Moreover, it is very likely that it is also within the jurisdiction of our Golden Crow City!”

...

“What!?” Sisi’s whole body suddenly froze there.

“What!?” Xu Ming was also horrified.

At this moment, Xu Ming and Sisi were almost certain that the person born with great luck was Sisi’s younger sister, Han Yingying!

“Brother Ming...” Sisi hesitated.

Xu Ming waved his hand: “Go back and talk about it!”

Sisi was obviously absent-minded about the food and wine that followed.

In fact, Xu Ming was also a little absent-minded; but in order to prevent his flaws from being exposed, he still made a very leisurely appearance, and just left after eating and drinking.

Back in Lan Tingxuan’s room, Sisi knelt down in front of Xu Ming with a “pop”: “Please, Brother Ming, save my sister!”

Sisi directly pressed her forehead to the ground, and tears were swirling in her beautiful eyes.

Seeing that Xu Ming didn't speak, Sisi said again: "Sisi knows that such a request is very excessive and will put Brother Ming in danger! But apart from Brother Ming, there is really no one who can save Yingying... As long as Brother Ming can To save Yingying, Sisi is willing to give everything..."

But Sisi knew that everything about her was insignificant to Brother Ming!

And her request, for Brother Ming, is extremely excessive and embarrassing!

Therefore, even if it is rejected, it will be completely expected in Sisi.

In other words, Sisi didn't really expect that Xu Ming would agree to her excessive request. If he agreed, it would make Sisi feel very unbelievable.

"Get up first!" Xu Ming said lightly, "When you wanted to follow me, I promised you that I would do my best to help you find your sister! Now that it is almost certain, your sister will appear in the At the auction; then, I won't break my promise!—get up, I'll do my best!"

"Ming...Brother Ming..." Sisi looked at Xu Ming in disbelief, "You...you agreed?"

"Yes!" Xu Ming sighed – who made Brother Ming soft-hearted too easily?

In fact, if Xu Ming does not agree to this kind of thing, then he is not Xu Ming!

Xu Ming doesn't have any other advantages, but one thing – people who follow Brother Ming will never be wronged!

Back then, when Xu Ming was in Feiyun Kingdom, when he was in the Wilderness Sect, when he was in the Demon Realm... How weak his strength was!

But since then, as long as he was with Brother Ming, who has been wronged?

In Fei Yun Country, Xu Ming knew that Sun Ji was trapped in a pack of wolves, and he tried his best to rush to rescue him. In the Wilderness Sect, the “No. 2” who used to be a mixed bag, has been prosperous since he followed Xu Ming. In the Demon Realm...

In the dust world, Xu Ming did not let his followers suffer even a little grievance. Now that he is in God's Domain, can Xu Ming allow those who follow him to be wronged?

Of course not!

Thinking of saving his sister, does Xu Ming want to help?

Absolutely!

Although, participating in the auction will definitely make Xu Ming's situation even more dangerous! However, Brother Ming did not hesitate – to participate!

Not only to participate, but also to take Yingying back!

Of course, for auctions like this, it is not enough to just have a passion, you also need... a divine stone!

“The people born with great luck are extremely rare. Auctioning a person born with great luck will definitely lead to competition among the nine-star gods and even the ten-star gods; the price of the auction will probably be exaggerated!” Xu Ming secretly said, “It seems that it's good. Think about it, how can you make money!”

Xu Ming still has some ways to earn divine stones!

Of course, for the specific implementation, Xu Ming has to make a good total.

“Brother Ming...” Sisi looked up at Xu Ming, unable to calm down for a long time.

She knew very well that she was only a very humble existence to Xu Ming; even if Xu Ming sold her, Sisi felt normal.

But now, in order to help her save her sister, Xu Ming has to risk himself At this moment, Xu Ming's image has become incomparably tall in Sisi's mind, as if it is even more majestic than a mountain!

Sisi is even more determined, in this life, even if she is a cow or a horse, she must find a way to repay Brother Ming!

...

Take a night's rest and let Sisi calm down her excitement.

the next day.

"Sisi, come with me to the Palace of the Holy Emperor!" Xu Ming said, "We have been applying for the Star Medal for a year, and it should have been approved long ago!"

"Yes!" Sisi had calmed down a lot after a night, and was not as excited as yesterday.

Soon, Xu Ming came to the Palace of the Holy Emperor and found the sanctimonious deity "Li Fang" from before.

"Oh? It's you?" Li Fang still had an impression of Xu Ming and Sisi, "The hall master has been too busy lately to review your star medals. You should go back first, and come back next time!"

Chapter 864: Enter The Virtual World Again!

come back next time?

Xu Ming was slightly startled, a little annoyed: "It's been a year, and it hasn't been reviewed yet?"

Li Fang spread his hands and sneered: "The hall master is not free, what can I do?"

Is the lord free?

Xu Ming could not believe this.

“Then... how long will it take for the review to be completed?” Xu Ming resisted his anger and asked.

“I don’t know about this...” Li Fang looked as if he was convinced, “in a year or two, you can ask again! If it is fast, it will be fine in a year or two; if it is slow, it may not be ten years or even a hundred years. ...”

“You...” Xu Ming already understood what Li Fang meant – if you don’t hand in the divine stone, I’ll drag it for you! As for how long it takes, it all depends on Li Fang’s mood!

To be honest, Xu Ming is really not bad for the ten thousand or two thousand divine stones; but, being blackmailed by Li Fang like this, Xu Ming must be unhappy!

At this moment, a black-clothed ***** ran over: “Director Li, is the Star Medal I applied for last month ready?”

Li Fang laughed, and in front of Xu Ming, he didn’t shy away at all, and directly threw a star medal: “It’s done, take it!”

“Thank you!” The ***** in black took the Star Medal and left.

“This...” Xu Ming was furious, but there was nothing he could do.

This is inside the Golden Crow City, and it is the other party’s site, the Holy Emperor’s Palace. If Xu Ming does it, he won’t get any benefits! Moreover, even if you do it, you will not be able to get the Star Medal.

Do it? – Just reckless behavior, no sense!

wait? -I don’t know when to wait until I can get the Star Medal!

“Humph!” Li Fang sneered at Xu Ming and Sisi’s angry expressions, “If you don’t have money, just wait and wait!”

“Brother Ming...” Sisi looked at Xu Ming and secretly said.

“Accepted!” Xu Ming sighed, “Just give him the Divine Stone!”

In order to get the Star Medal as soon as possible, Xu Ming had no choice but to admit it temporarily!

However, extorting Brother Ming? Is it so easy to extort?

“Humph! After I leave Golden Crow City, I will write this Li Fang directly into the book of life and death!”

Self-inflicted sin, do not live!

Xu Ming thought hard in his heart, but he took out 20,000 Divine Stones in his hand.

“So early, didn’t you get the Star Medal sooner?” Li Fang took the divine stone unceremoniously and sneered.

“When can I get the Star Medal?” Xu Ming only cared about this question because he was really in a hurry to leave the Golden Crow City.

Li Fang said lightly: “Before the auction meeting, the hall master definitely doesn’t have time to review it! After the auction meeting! – After the auction meeting is over, it will take a day or two at most!”

Xu Ming thought for a while: “Okay!”

It seemed that even for the Star Medal, Xu Ming had to stay after the auction!

Walking out of the Holy Emperor’s Hall, Xu Ming’s eyebrows never stretched.

“Maybe, before I left the Golden Crow City, I was already detected by the Master of Karma!”

In this case, Xu Ming's only solution is to get as many Divine Stones as possible before leaving the Golden Crow City!

"Hope... I can make a lot of money at the Yibao Conference!"

Xu Ming put all his hopes of earning divine stones at the Yibao Conference; after all, Xu Ming has... an artifact store!

Almost any treasure that others want, Xu Ming can find in the artifact store!

"Unexpectedly, one day I really have to buy and sell to make money..."

As for whether there will be any consequences for reselling in this way, Xu Ming doesn't want to think about it for the time being! – As long as Xu Ming can get enough Divine Stones, a small Golden Crow City, Xu Ming can't believe that it can be turned upside down!

After thinking about this, Xu Ming said to Sisi: "I have something to do with my trip to the virtual world. You should go back to Lantingxuan first, and be careful on the way!"

"Yes! Brother Ming, be careful too!"

...

In the virtual world, Xu Ming still had to take a look – although he was kicked out of the virtual world because he ran out of divine stones; however, this was also a kind of "farewell without saying goodbye".

And now, Xu Ming is going to say goodbye; after all, after he leaves the Golden Crow City, there may be a long time before he can enter the virtual world.

Whoa!

Xu Ming came to the virtual world again.

God Emperor Yanyan's authority in the virtual world is obviously extremely high. As soon as Xu Ming entered the virtual world, she received a prompt.

"Xu Ming, this kid is finally here!"

Yan Yan Shenshan, Yan Yan God Emperor angrily rushed into the virtual world, and then pulled Xu Ming to his own virtual island.

"You still know how to come back!?" God Emperor Yan Yan, who looked like a girl in red, shouted angrily with one hand on his waist and one finger at Xu Ming.

"Uh..." Xu Ming didn't expect that as soon as they met, the other party fell down in a pot of anger, "Cough, Lu Qing, don't be angry!"

God Emperor Yanyan's real name was "Lu Qing".

However, looking at the entire Divine Realm, not many people know her real name!

"Don't be angry!?" Lu Qingxiu stared, "You left the virtual world without saying a word, and told me not to be angry!?"

"What..." Xu Ming said embarrassedly, "I can't help it... I ran out of divine stones and was forcibly kicked out of the virtual world!"

"What!?" God Emperor Yan Yan felt very incredible! – In her opinion, the "one star" in the virtual world is only a "one star". Even if you play tens of thousands of games here, it will cost hundreds of millions of divine stones!

The mere hundreds of millions of divine stones, are they considered divine stones?

Anyway, to God Emperor Yan Yan, it is not a **** stone at all! She just plucked a leg hair, and it was far more than hundreds of millions of divine stones! —Oh, no, God Emperor Yanyan has no leg hair.

But now, God Emperor Yanyan heard Xu Ming say that “the ***** stones are used up”, and he couldn’t help but say angrily: “Xu Ming, even if you lied, find a decent reason?”

God Emperor Yanyan himself was rich and powerful, and he didn’t know Xu Ming’s “poorness” at all!

To God Emperor Yanyan, hundreds of millions of divine stones are not considered divine stones; but to Xu Ming, several million divine stones are huge sums of money!

Xu Ming smiled bitterly and said, “Big sister! Why am I lying to you? It’s true that I’ve run out of divine stones! – No As soon as I have divine stones, I’ll run back to find you immediately!”

“Really?” God Emperor Yan Yan looked at Xu Ming suspiciously.

“Of course it’s true!” Xu Ming was speechless.

God Emperor Yan Yan observed Xu Ming’s expression, and seeing that he couldn’t find anything unusual, he couldn’t help but believe a little: “Then I’ll believe you for the time being!”

Then, God Emperor Yanyan said again: “Xu Ming, what kind of strength do you have? Why did you spend more than one million Divine Stones, and then it’s all gone?”

“Didn’t you say so? Two-star gods!” Xu Ming said truthfully.

But sometimes, no one believes the truth!

“Two-star gods?” God Emperor Yan Yan giggled, “Xu Ming, you are really pretending to look like you! – Let’s not mention this, since you are here, let’s fight with me first! This time, I am not You can’t win!”

If God Emperor Yan Yan didn’t win Xu Ming once, I’m afraid he would never be happy!

Chapter 865: Release Water

Whoa!

Xu Ming and God Emperor Yan Yan flashed at the same time, and both entered the battle scene of “One Star”.

“Xu Ming, I have an occasional realization today. I have learned a new secret technique, and I will definitely be able to defeat you!” God Emperor Yan Yan held his sword and shouted tenderly.

“Really?” Xu Ming watched with interest.

In my heart, I pondered secretly: I am afraid that I will not be able to enter the virtual world for a while. In this case, let her win once before leaving! After all, this little girl and I have been fighting for so long, and I have never won once, so it’s pathetic!

It’s just that Xu Ming still doesn’t know the true identity of the red-clothed girl in front of him is a ***** emperor! If he knew... I’m afraid, he would feel more pitiful for the other party!

A ***** emperor! Been ravaged by a two-star ***** for so long! – Say it, who will believe it?

“watch out!”

God Emperor Yanyan stabbed out with a sword, and the sword energy instantly turned into a ferocious fire dragon with fangs and claws.

The fire dragon disintegrated in an instant, and turned into thousands of sword qi; thousands of sword qi, and then turned into thousands of ferocious fire dragons... In an instant, they continued to split and transform.

When God Emperor Yanyan’s sword energy reached Xu Ming, it had turned into hundreds of millions of fire dragons, and formed a vortex, which seemed to annihilate Xu Ming in this fiery red vortex forever.

“Angry Dragon Vortex!”

God Emperor Yan Yan's secret skills have indeed improved a lot; this style of "Angry Dragon Vortex" is much more powerful than the previous "Flying Streams Down Three Thousand Feet" and "Suspected Galaxy Falls Nine Heavens"!

"It's interesting!" The corner of Xu Ming's mouth rose slightly.

The power is great, but Xu Ming's "grinding disc" in "The Five Forms of Reincarnation" is still defended without leakage. God Emperor Yanyan wanted to break open, but it was still a little short.

"Huh? Can you actually prevent it?" God Emperor Yan Yan was startled, "Then pick me up again – talk endlessly!"

call out! call out! call out! call out! ...

Countless sword qi poured out, like waves of sword qi, and like a sea of fire, drowning Xiang Xu Ming.

Xu Ming wanted to leave, but the incessant sword energy entangled him all the time;

Xu Ming gritted his teeth: "Then take it!"

The "grinding plate" style was Xu Ming's strongest defensive secret. A long spear was abruptly danced by Xu Ming like a grinding disc; if it did not break through this grinding disc, Xu Ming would not be injured!

There are two ways to break open this grinding disc: one is to use a strong attack to forcibly break it open; the other is to consume Xu Ming's supernatural powers!

Obviously, God Emperor Yanyan's attack was far from "forcibly breaking open"!

"Then let's use it up!" God Emperor Yan Yan was very clear about the current situation, "We are all the divine bodies of ordinary one-star gods. I don't believe that your use of divine power can save you more than me!"

The use of divine power is also a skill.

A person with high skill can use a lot of supernatural power, and can use a very supernatural effect; a person with low skill is very supernatural, but can only use a supernatural effect.

However, battles between gods are usually decided between lightning and flint. Situations like the current situation that require each other to consume divine power are also very rare!

The divine power of both sides is rapidly being consumed.

“One Cheng Divine Power...”

“Twenty percent of divine power...”

God Emperor Yan Yan silently paid attention to the consumption of his divine power—when ten percent of his divine power was exhausted, he was exhausted.

“Thirty percent of divine power!” God Emperor Yan Yan gritted his teeth and displayed “talking endlessly”, forcibly suppressing Xu Ming, “I don’t believe it, Xu Ming’s consumption will be less than mine!”

God Emperor Yan Yan did not allow it, Xu Ming’s skill in using divine power was higher than hers!

After all, she is a ***** emperor!

Regardless of whether Xu Ming’s true strength is “Silver Moon” or “Feng Wang”; if he is even better at using divine power than her, then God Emperor Yanyan will really be ashamed!

Moreover, God Emperor Yanyan didn’t know that Xu Ming’s true strength was not at the silver moon level, nor was he at the king level! It’s... a two-star ***** that is faked!

“Xu Ming’s divine power should have consumed at least 50-60%, or even more!” God Emperor Yan Yan estimated that she consumes 30% of his divine power, and Xu Ming consumes 60% of his divine power, which should be relatively normal!

But actually...

Xu Ming's divine power only consumed 20%!

Yes, 20%!

It is even less than what God Emperor Yanyan consumes!

“Comparing me with the skill of using divine power?” Xu Ming smiled secretly, “I’m sorry, this is exactly what I am good at! – In the world-shattering exercise “Breaking the World” that I have learned, it happens to be about the skill of using divine power!”

The world-breaking level, what kind of level is it, Xu Ming doesn’t know! – Unheard of!

“Break the World”, and what kind of exercise is it, Xu Ming is also in the fog.

But what is certain is that this exercise... is awesome!

It’s just that Xu Ming has only explored a little bit about the power of this exercise. Only when he faces the invincible existence that really crushes everything, will Xu Ming discover and know the power of this exercise!

And the invincible existence of that level is far above the “imperial level”! —It is an existence that can have an equal dialogue with the order of the universe!

Whether it is Xu Ming or God Emperor Yan Yan, they are still too far away from such an existence!

“I don’t know how much of Lu Qing’s divine power has been consumed!” Xu Ming secretly said.

Divine power consumption, it is difficult to judge. Lu Qing couldn’t know Xu Ming’s divine power consumption status, he could only speculate; similarly, Xu Ming could not know Lu Qing’s divine power consumption status.

But... our brother Ming has hung up!

“Xiaohang, help me find out how much divine power she has consumed!”

Xiaohang quickly replied: “More than 30%!”

“More than 30%?” Xu Ming wasn’t very surprised After all, he was quite confident in his ability to use divine power.

“I only consumed 20%, and Lu Qing has already consumed more than 30%... If this consumption continues, she will definitely lose this battle!” Xu Ming thought for a while, “It’s pitiful to see that she keeps losing; Put some water and let her win once!”

If Xu Ming knew that the target of his water release was a genuine ***** emperor, he would not know how he would feel.

And if Lu Qing knew that she had been released by a two-star god, she would not know how she would feel.

After a while, when Lu Qing’s divine power consumed 50%.

“Next, it’s time for my acting skills!” Xu Ming smiled slyly in the depths of his eyes.

Immediately, Xu Ming’s face showed a labored expression; a drop of sweat also fell down his cheek.

Seeing this, Lu Qing couldn’t help but be overjoyed: “Hahahaha, you can’t hold it anymore! – Dare to fight with me to consume it? Let me tell you, only 50% of my divine power is consumed!”

Chapter 866: See What

“Dare to spend it with me? Let me tell you, only 50% of my divine power is consumed!”

God Emperor Yanyan saw that he could finally “win” Xu Ming once, and his tail would be lifted to the sky.

Xu Ming was stunned for a moment, and almost laughed out loud. He thought even more evilly in his heart: “Let her win by releasing water once, and she will be like this. If I don’t release water next, I will turn her back on. If she is defeated, will it make her doubt her life?”

Of course, Xu Ming still chose to release water – if she won’t release water this time, Xu Ming felt that it would be difficult to release water in the future!

“You still have to give your opponent some care!”

Xu Ming thought to himself that his acting skills became more and more “exaggerated”.

finally...

“what!”

Xu Ming screamed, pretending to be exhausted, and could no longer use the defensive marksmanship “grinding disk”.

shhhhhhhhhhhh...

Hundreds of millions of sword lights gushing forth instantly penetrated Xu Ming’s entire body.

Xu Ming was instantly defeated!

“Hahahahaha...” God Emperor Yan Yan couldn’t help laughing up to the sky, “I won! I finally won once! Ahahahahaha...”

In “Yixingtian”, Xu Ming, who was already in a state of death, secretly wiped his sweat in his heart: “It’s really not easy to want her to win once! It’s a test of my acting skills!”

Of course, God Emperor Yanyan didn’t know that Xu Ming had let her go with water on purpose!

If she knew that a 2-star **** would go to great lengths to give her a chance to win, she wondered if she would find a brick and kill herself with a brick.

Return to Xutian Island.

Xu Ming said goodbye to God Emperor Yan Yan more formally: “I may have a period of time, and I won’t be able to enter the virtual world!”

“Oh?” God Emperor Yan Yan was startled, “What’s wrong? Are you going to retreat?”

“No!” Xu Ming said, “I will soon leave the Golden Crow City. When will I arrive at the next divine city, I don’t know yet...”

Divine Emperor Yanyan flashed a clear look: “I understand! You are going to change to another city and live in seclusion, right?”

“Uh...” Xu Ming was speechless – I am a two-star god! A scumbag! Hide your ass!

However, Xu Ming knew that even if he claimed that he was a two-star god, the other party would not believe it; if that was the case, let her misunderstand that she was going to live in seclusion in another city!

At the same time, Xu Ming couldn’t help pondering: “I don’t know what strength and identity Lu Qing is. Judging from her appearance, she should have a high identity! Could it be... a ten-star god? Even a silver moon-level power?”

Xu Ming never thought that Lu Qing’s true identity was a **** emperor!

Just as Lu Qing never thought of it anyway, Xu Ming’s true identity is a two-star god!

After saying goodbye to God Emperor Yanyan “Lu Qing”, Xu Ming left the virtual world.

Divine Emperor Yan Yan stayed in Xutian Island, and was very curious: “What exactly is Xu Ming’s real body in God’s Domain?”

After thinking for a while, the Emperor Yanyan suddenly stood up: “The Golden Crow City is not far from my Yanyan Mountain! I will go to the Golden Crow City to see what’s going on! – As long

as Xu Ming didn't lie to me, he really did. Inside the Golden Crow City; then, I will definitely be able to catch him!"

Just go!

The Emperor Yanyan left the Void Heaven Realm directly, and then quietly left the Yanyan Sacred Mountain.

...

Xu Ming went directly back to Lan Tingxuan's room.

"Sisi, I'm going to retreat for a few days! Before the Yibao Conference starts, if I haven't come out yet, call me out!"

With that said, Xu Ming went straight into a closed state.

"Strength..."

In this world where martial arts are respected, everything is false, only strength is true!

If he really has the strength to despise God's Domain, Xu Ming doesn't even need to participate in any auctions, he can bring Yingying back directly. There is no need to flee everywhere because of fear of the Golden Crow Guard and Master Karma.

To put it bluntly, Xu Ming is still too weak now!

"Brother Ming is really hardworking!" Sisi couldn't help thinking.

Of course, she knew very well that the reason why Brother Ming cultivated so hard was all to help her rescue her sister.

...

“Xiaohang, give me another Purple Lightning Divine Thunder!”

Divine Thunder quenching the body is not something that can be achieved overnight; the Divine Thunder that needs to be experienced is not one or two, but thousands of thousands of ways!

Moreover, as the cultivation level becomes more and more profound, the quality requirements for Shenlei will also become higher and higher!

Therefore, cultivating the “Thunderbolt Body Forging” exercise is definitely extremely expensive!

Of course, as long as it is cultivation, it will inevitably burn money. It’s just that, when cultivating “Divine Thunder Body Forging”, one has to find a way to obtain Divine Thunder; while cultivating other exercises, one has to find a way to obtain other heavenly materials and earthly treasures – the way of burning money is different!

Boom!

A purple divine thunder smashed Xu Ming into particle form again.

Moreover, because Xu Ming deliberately let go and could not resist, the power of this Purple Lightning Divine Thunder easily penetrated into every particle of Xu Ming, annihilating every particle into powder.

Only Xu Ming’s most essential “spirit” was not affected in the slightest.

“It’s so ***** painful!”

The pain of being struck by lightning is no joke!

“However... the pain this time seems to be not as strong as the last time when the body was quenched by Divine Thunder! Moreover, this time, my particles were also annihilated less completely than the last time...”

Xu Ming knew that it was not because the Purple Lightning Divine Thunder had become weaker this time, but because his own strength had become stronger and the particles had become more tenacious!

“The annihilation is not as complete as the last time, so the recasting and transformation inside the particles will definitely not be as effective as the last time!”

Xu Ming restrained his mind and started the exercise with all his strength.

“The internal smashing of the particles caused by the Purple Lightning Divine Thunder this time is enough for you to recast 9,800 times!” Xiaohang reminded. UU reading www.uukanshu.com

“Nine thousand eight hundred times...” Xu Ming remembered that the last time he used Purple Lightning Divine Thunder, he could recast 10,300 times.

“The number of recasts has been reduced by 500 times!”

The reason why there are five hundred fewer times is because Xu Ming’s strength is stronger, and the particles are more difficult to be annihilated; the second is because, the further back “Thunderbolt Forging” is, the more energy is required for each recast!

When Xu Ming’s cultivation reaches a certain level, a purple lightning divine thunder might not be enough for him to complete a recast! At that time, the Purple Lightning Divine Thunder would be completely useless to Xu Ming; Xu Ming had to use a higher-level Divine Thunder to continue the Thunder Tempering.

This time, Shenlei quenched the body, Xu Ming recast the inside of the particles a total of 9,730 times! Xu Ming’s strength has also been upgraded from a 2-star medium to a 2-star high!

“continue!”

Xu Ming continued to cultivate non-stop, and bought a purple lightning divine thunder from the artifact store.

Boom!

Chapter 867: Yibao Conference

The Pavilion of Everything is a square and quaint building located in the place of luck in the Golden Crow City.

The bronze-colored walls and black eaves seem to be very simple, but there are countless formation restrictions hidden in it. As the largest business name in the Golden Crow City, there is no doubt about the heritage and strength of the Pavilion of Everything; , also can't ask for good!

The existence of King Feng can easily sweep the Pavilion of Everything! However, as a king, he doesn't even bother to come to a low-level divine city like Golden Crow City, and he doesn't even bother to surrender his identity to deal with the Pavilion of Myriad Things.

Therefore, in the Golden Crow City, the Pavilion of All Things dare not say that its strength is invincible; however, self-protection is more than enough!

In addition, the Pavilion of All Things has never participated in the struggle of various forces, so that its status in the Golden Crow City is very detached, and no one dares to provoke it.

...

Blink, half a month has passed.

The most lively treasure trading meeting in Jinwu City, the Yibao Conference, was held as scheduled.

The gods from all sides of the Golden Crow City have poured into the Golden Crow City in the past few days to participate in the Yibao Conference.

And Xu Ming, who also left the customs on time, appeared at the Yibao conference.

"Brother Ming, it's so lively here!" Sisi followed Xu Ming step by step, looking around cautiously.

In the identity of Sisi Yixing deity, in fact, he is not qualified to participate in the Yibao Conference! – After all, the strength of one-star gods is too weak, and the probability of possessing treasures is extremely low. What can I use to participate in the Yibao Conference?

Moreover, the Pavilion of All Things is so big, if even a star of gods is put in, there is not enough space at all.

Generally speaking, if you want to participate in the Yibao Conference, you must at least have the strength of the Samsung gods!

However, Sisi came with Xu Ming; and Xu Ming was already a four-star god, so naturally both of them were let in!

Yes, after half a month of retreat, Xu Ming's cultivation in the ancient cultivator school has been elevated like a rocket to "Four-Star Elementary"!

But Xu Ming's divine stone was almost exhausted!

And the improvement of the cultivation base is undoubtedly the more difficult it is!

After Xu Ming came to God's Domain, although he was able to upgrade from "one star" to "four stars" in a short period of time; however, if he wanted to improve further, it would not be so easy! – The resources and time to be consumed will be ten times, a hundred times, a thousand times!

Xu Ming watched while watching.

The entire Yibao conference site is divided into two areas – the sales area and the buying area.

The gods who set up stalls in the sales area will put a jade slip in front of them. The jade slip is suspended in the air, and it records the treasure to be sold and the intended price.

As for the real treasure, of course, it is placed in the world ring and will not be taken out; and when trading, it is also directly traded with the world ring.

The reason for doing this: First, the space at the Yibao Conference is limited. If every seller displays the treasures, there is no way to put so many treasures. Second, it is also for the confidentiality of the transaction; no one except the buyer and seller knows what is being bought or sold.

On the other hand, the gods in the shopping area were the exact opposite; the jade slips suspended in the air in front of them recorded the treasures they wanted to purchase.

“Let’s take a look at the sales area first!” Xu Ming said through his voice transmission, “In this way, we can first understand the market situation; we will sell treasures later, and we may have a good idea in our hearts, so that we won’t be fooled!”

“Hmm!” Of course Sisi didn’t have any opinion.

Walking through the sales area, Xu Ming’s mental power swept across the jade slips.

These jade slips are placed for people to see, and naturally they will not isolate spiritual power. Moreover, there are often many spiritual powers that fall on the same jade slip to watch at the same time, which is normal.

After walking around in a circle, Xu Ming also had a general understanding of the artifact and the prices of various treasures in the divine realm.

“The price of divine artifact is mostly in the thousands of divine stones; only high-quality artifacts, or rare artifacts such as ships and soul defenses, will cost tens of thousands!” This point was slightly beyond Xu Ming’s expectations.

Xu Ming originally thought that artifacts would be divided into low-grade, middle-grade, high-grade, and top-grade, just like semi-artifacts, high-grade artifacts, and Taoist artifacts. Moreover, the prices of each grade were very different.

But now it turns out, that’s not the case at all!

Artifacts, there seems to be no clear grade division; most artifacts are about the same price.

At first, Xu Ming was a little puzzled; but after thinking about it, he understood! – The real power of an artifact does not lie in the material or grade, but in the divine power of the master of the artifact!

A piece of artifact, if it does not have the divine power of the gods, then, no matter how good the material is, it is very fragile in front of the gods above three stars! —Three-star gods, even if they unleash their divine power with bare hands, they can easily cut off a superb artifact!

Of course, with the divine weapon blessed by divine power, it is completely different!

Therefore, in the world of gods, whether you are holding a superb artifact or a garbage artifact, the difference is not big! As long as you have an artifact, it's almost the same!

Of course, without artifacts!

Because, the real use of the artifact is as a “conductor” of divine power!

If you have an artifact spear, you can bless the spear with divine power and perform marksmanship.

If you have a divine weapon and a sharp sword, you can bless your divine power on the sharp sword and perform swordsmanship.

If you have an artifact armor, you can use divine power to bless the armor and improve your defense!

But...

If you don't have an artifact! Then, your divine power will have nowhere to be blessed, and you will not be able to use spear or swordsmanship!

Moreover, even if you say that you are good at boxing and palming, you don't need magical tools; but, think about it with your toes – can you beat someone with a knife in your hand with your bare hands?

Therefore, the artifact must have!

As for the grade of the artifact it doesn't matter! Anyway, for the gods, the power of the artifacts themselves is negligible, as long as they can transmit the power.

And the semi-artifact cannot carry the transmission of divine power at all; to the gods, the semi-artifact is completely worthless!

"However, the price of the artifact in the sales area is definitely higher than the price of the artifact in the acquisition area!" Xu Ming estimated.

After all, if the price of buying artifacts in the acquisition area is the same as in the sales area; then those who sell artifacts in the sales area will probably go directly to the acquisition area to sell them, and they will waste their time here.

"In this case, my hundreds of artifacts should be able to sell for almost two million divine stones!"

After learning about the market situation, Xu Ming was ready to go to the acquisition area.

However, not long after Xu Ming left the sales area, a deity covered in black mist quietly stopped him.

"Brother, do you have any treasures to sell? If there are any, don't go to the acquisition area, just sell them to me directly here, and I will charge a high price!"

Chapter 868: Black Magic Palace

"Oh?" Xu Ming couldn't help but look over.

What stopped him was a five-star god. The face of the other party was obscured by the black mist, making it difficult to see clearly.

Don't want to show your true face?

But Xu Ming didn't care either – he was here to do business, not to see his face!

“Charge at a high price?” Xu Ming looked at the other party and couldn’t help laughing, “You don’t even know what treasures I have, so dare you say you’re charging at a high price?”

The black mist ***** sneered: “No matter what treasures you have, our Black Devil Palace will accept them!”

Black Magic Palace?

Hearing the coaxing tone of the other party, Xu Ming secretly guessed that this Black Devil Palace should be a relatively well-known faction in the Golden Crow City.

But... Xu Ming had never heard of it.

“That’s it... Then take a look!” Xu Ming took out a world ring.

The world ring is actually not very valuable in God’s Domain. Xu Ming now has more than 100 world rings on his body.

And the world ring he took out now contains more than 800 artifacts—all harvested when he was in Mohe Village!

After all, at that time, Mohe Village, Blood Sword Village, and the treasures of more than a dozen Golden Crow Guards all fell into Xu Ming’s arms.

“Jie Jie...” The black mist ***** smiled with interest, “Let me see!”

He didn’t reach for it, and directly infiltrated the spiritual power into the world ring.

And Xu Ming did not block his mental power, but put it in directly.

When the black mist ***** saw it, his entire body trembled in shock; even the black mist that swirled around his body trembled.

“More than 800 artifacts!?” The black mist **** was shocked—this is not ten or eight artifacts, but more than 800 artifacts!

“Big business!”

“Super big business!”

The black mist **** was very excited: “I will do this business no matter what! As long as it is done, my status in the palace will definitely be greatly improved! At that time... the palace master will give me a reward, and I will break through to six stars. God, it’s not far away!”

Seeing that the other party was almost done, Xu Ming took back the world ring and said with a smile, “How is it?”

“I bought it!” The black mist **** suppressed his excitement and said in a cold voice.

Xu Ming was stunned for a moment. He never expected that the other party would really eat so many artifacts! – After all, these are more than 800 artifacts, and the value is estimated to be two million divine stones! And the other party is only a five-star god, and it is amazing to have hundreds of thousands of **** stones on his body!

“Price?” Xu Ming asked directly.

“My business in the Black Magic Palace is all about credibility! You can rest assured that the price is absolutely fair and will not treat you badly!” The black mist **** said confidently.

“Oh?” Xu Ming was slightly looking forward to it – it would be great if the treasure could be sold so quickly!

After all, after selling all the treasures in hand, the next time is when Xu Ming really starts to make money!

But first of all, Xu Ming had to sell the treasures at hand – to make money, he needed capital! And Xu Ming now has no capital!

The black mist ***** said again: “There are more than 800 artifacts, which is indeed a lot! In this way, 1.2 million divine stones, sell them all to me!”

In the tone of the black mist god, there is an unquestionable expression.

“What?” Xu Ming almost thought he heard it wrong, “How much!?”

The black mist ***** said proudly: “One hundred and two hundred thousand gods! – How about you, a four-star god, have you never seen so many gods, so excited that you can’t believe it?”

I bother!

Xu Ming and Sisi couldn’t help but cursed secretly in their hearts.

They have all seen the prices of artifacts in the sales area, and they already have a general idea of how much more than 800 artifacts can be sold! —Even if you don’t sell 2 million Divine Stones, but if you sell 1.9 million Divine Stones, there must be people rushing for them!

And now, the other party actually bid 1.2 million divine stones?

Does he think our brother Ming is stupid?

Unexpectedly, the black mist ***** continued to put on an innocent face: “Don’t believe it! When we do business in the Black Magic Palace, we are talking about credibility! Come on, pay with one hand and deliver with one hand, I can do it now. I’ll give you 1.2 million divine stones!”

Xu Ming couldn’t help sneering and said unceremoniously: “One hundred and two hundred thousand divine stones? Are you kidding me? – I can sell it directly to Wanwan Pavilion, and I can sell it for this price? In that case, why should I spend a lot of time selling it to you? Wouldn’t it be simpler to sell it to the Pavilion of All Things?”

Wanwan Pavilion, long-term acquisition of all treasures, will not refuse to come; however, the acquisition price will be very low.

Those who are in urgent need of divine stones, or those who want to unwittingly get rid of some unexplained treasures, will sell the treasures to the Pavilion of All Things.

I came to the Yibao Conference to sell the treasures at a good price; if the price was no different from selling it to the Wanwan Pavilion, who would come to the Yibao Conference?

“Haha!” The black mist **** was not annoyed at all, but smiled instead, “So my brother is also a know-it-all! Since that’s the case, I won’t press your price; the price is one and a half million, so let’s get it done!”

1500000?

Xu Ming sneered disdainfully.

This time, although the price has been directly increased by 300,000, it seems to be very “sincere”. However, it is still far from the real market price of these more than 800 artifacts!

The other party is not sincere to do business at all!

Xu Ming was not interested in talking to the other party any longer! – Even if the other party is willing to increase the price to 2 million Divine Stones in the end, Brother Ming is not willing to sell it!

“Sisi, let’s go!” Xu Ming ignored him and left.

Unexpectedly, the black mist **** flashed once again and stopped in front of Xu Ming. And this time, he directly tore off the hypocritical disguise, revealing his hideous nature, and said viciously: “What, brother? What do you mean, even the face of our Black Devil Palace, won’t you sell it?”

Black Magic Palace?

The other party repeatedly reported his family name, but the problem was that Xu Ming had never heard of it!

“Sisi, have you heard of the Black Magic Palace?” Xu Ming asked directly.

“I haven’t heard of it!” Sisi answered honestly.

She is only a one-star god, and she doesn’t know much about the top forces in the Golden Crow City; how could she have heard of the Black Devil Palace, which is obviously not among the top forces?

Xu Ming looked at the black mist god: “I’ve never heard of the Black Magic Palace!”

“You...” The black mist **** was furious, “You are a four-star god, have you heard of the Black Devil Palace? – You are provoking our Black Devil Palace!”

Challenging the Dark Palace?

Xu Ming really doesn’t care!

Even the Golden Crow Guard and Xu Ming have already forged a son. Xu Ming really didn’t pay attention to a black magic palace that appeared out of nowhere.

provocative?

Then challenge it!

“Immediately sell me these more than 800 artifacts at the price of one million divine stones; I can ignore it, you are provoking our Black Devil Palace!” The black mist **** revealed a pair of blood-colored eyes, grimly, ” Otherwise, there will be no place for you in the entire Golden Crow City jurisdiction!”

Chapter 869: Tips For Making Money

threaten me?

Xu Ming’s eyes froze, and he sighed inwardly, “I never imagined that there are so many idiots in God’s Domain!”

“Sisi, go!” Xu Ming walked around the black mist ***** again, not wanting to care about him here.

After all, if Xu Ming really wants to care, he doesn’t need trouble at all; after the Yibao Conference is over, he can just draw a few strokes on the life and death book.

Little did the black mist gods know that he had already been included in the death list by Xu Ming.

“Stop!” The black mist ***** also shouted arrogantly, “You provoke our Black Devil Palace, and you just want to leave like this? How can there be such a cheap thing!?”

At this moment, two silver-armored guards from the Pavilion of Everything just passed by.

These two guards were arrogant, and they were all six-star gods.

“What are you arguing about? What are you arguing about?” One of the silver-armored guards with a sturdy back, shouted at the black mist god, “What are you babbling about here?—Is your Black Magic Palace very powerful?”

When the black mist ***** saw the silver-armored guard coming, he didn’t dare to be arrogant: “No...not great!”

The Black Devil Palace, within the jurisdiction of the Golden Crow City, is indeed a powerful force! —However, “weak” or “not weak” depends mainly on who you compare with; in front of the Pavilion of Everything, a power like the Black Devil Palace is scum!

“I don’t know how powerful you are, but you are still yelling at the Yibao conference, disrupting the order?” the guards shouted again.

“No...No!” The black mist gods didn’t know what to do.

“roll!”

The silver-armored guard snorted, and suddenly, the black mist ***** ran away in a hurry.

“Humph!” The two silver-armored guards walked away without even looking at Xu Ming.

In fact, how could these silver-armored guards patrolling the site of the Yibao Conference not know about the “strong buying and strong selling” of the Black Magic Palace?

Generally, the silver armored guards are too lazy to take care of them; however, if they encounter them, they will definitely be rudely reprimanded.

And the gods of the Black Devil Palace, how dare they fight against the Pavilion of Everything? Every time he was reprimanded, he would honestly run away with his tail between his legs.

The black mist **** fled to the corner, and stared at Xu Ming with a sinister face: “Boy, wait for me...”

...

“It’s finally quiet!”

However, Xu Ming didn’t take the jumping clown just now in his eyes at all. Anyway, Xu Ming has already probed his name and breath of life. When he is free, he can be written in the book of life and death.

“Brother Ming, will there be any trouble?” Sisi couldn’t help but ask—although she had never heard of the Black Magic Palace, she could guess that this should be a powerful force.

“It’s okay!” Xu Ming smiled indifferently, and said, “The Black Devil Palace, how is it compared to the Golden Crow Guard?”

Only then did Sisi react – even if he was the son of the commander of the Golden Crow Guard, Brother Ming said he would kill him;

After walking around in the buying area, Xu Ming found a suitable buyer.

“More than 800 artifacts!?” The seven-star ***** in the sand-yellow robe gave Xu Ming a slightly solemn look. After deliberation, he quoted his purchase price: “Two million and five million divine stones!”

“Okay!” Xu Ming agreed without hesitation—this is already his psychological price!

Immediately, the two exchanged a world ring with each other.

In Xu Ming’s world ring, there are more than 800 artifacts; in the other party’s world ring, there are a total of 2.05 million divine stones!

“A lot of divine stones...” Sisi on the side looked at the scene, her eyes lit up.

“My lord, Wan Shashan’s ‘True God Sha Shuo’, how dare you ask the little brother?” True God Sha Shuo had a vision, and vaguely felt that Xu Ming was somewhat extraordinary, and could not help but feel the meaning of friendship.

You must know that True God Sha Shuo is a seven-star god! He took the initiative to make friends with Xu Ming, a “four-star god”, which was actually very condescending!

Of course, True God Sha Shuo did not know that Xu Ming was not an ordinary four-star god, but a four-star ***** who had ravaged the emperor! For a seven-star ***** like Sha Shuo, if Brother Ming opens a hang, it’s just a matter of seconds!

“Xu Ming!” Xu Ming also had a good impression of True God Sha Shuo.

At least, the other party is a kind person and did not play with himself on the price. Moreover, the attitude of the other party is also very kind, and he does not judge others because of his high cultivation.

“True God Sha Shuo!” Xu Ming whispered, “I see you are looking for a ‘Eternal Cold Pearl’?”

“Yes!” True God Sha Shuo said subconsciously, then he was slightly startled, looked at Xu Ming, and said, “Do you have it?”

Xu Ming smiled and said, “I do have one! – I don’t know, at what price do you want to buy it?”

Eternal Cold Pearl...

Of course Xu Ming did not!

However, Xu Ming has an artifact store! In the artifact store, what is there?

Xu Ming saw that True God Sha Shuo was begging for the purchase of the Eternal Cold Pearl, and he had already looked at it in the artifact store; and he was sure that the price of the artifact store was 1 million level 9 hanging points, that is, 1 million divine stones!

In fact, Xu Ming just went around the shopping area, not only to see who is looking for a lot of artifacts, but more importantly, to see who is looking for some rare treasures! —Buying and reselling rare treasures from the artifact store is exactly Xu Ming’s way to make money quickly!

How much money can you make selling used artifacts?

Selling rare and rare treasures is a coup for making money!

The rarer and more urgently needed, the higher the price!

The Yibao Conference gathered experts from the entire Golden Crow City. Xu Ming believed that as long as he was diligent, he would definitely be able to earn enough Divine Stones to go to the auction conference and buy Sisi’s sister!

“I would like to buy it at the price of 10 million divine stones!” True God Sha Shuo thought for a while.

Ten million! ?

Even Xu Ming was stunned by this number!

Fortunately, True God Sha Shuo told Xu Ming privately through voice transmission, and Sisi did not hear it. Otherwise, if Sisi heard it, her expression at the moment would only be ten times, a hundred times more shocked than Xu Ming!

“Ten million divine stones...” Xu Ming did not expect that True God Sha Shuo would be able to pay such a high price.

You must know that in the artifact store, the Yonghan Pearl only sells one million level 9 hanging points! Doesn't it mean that Xu Ming can earn 9 million Divine Stones by just changing hands?

“This divine stone...is too profitable!” Xu Ming couldn't help but sighed in his heart.

Seeing that Xu Ming did not answer for a long time, Sha Shuo thought that Xu Ming was not satisfied with the price, and continued: “Little brother Xu Ming, I know that the price I offer may not be very high! After all, Yonghanzhu is usually The market price of the gods is already as high as 8 million **** stones; and now I only have 2 million extra **** stones... However, what I can take out now is only 10 million; little brother Xu Ming, if it is convenient, also Please give up your love!”

convenient?

Xu Ming is of course convenient!

Ten times the profit, you can make nine million when you sell it; Xu Ming is still very happy to do this kind of business!

At the same time, Xu Ming secretly wondered: “The market price of Yonghan Pearl is 8 million? Why is it only sold for 1 million in the artifact store?”

Immediately, Xu Ming wanted to understand this problem – the price of the treasures in the artifact store is based on the value of the treasure itself; as for whether the treasure is rare, whether it is urgently needed, these are not considered by the artifact store!

The value of Yonghanzhu itself is one million divine stones, so the price given by the artifact store is one million level 9 hanging points.

As for the price of Eternal Cold Pearl in the Golden Crow City, the price is as high as 8 million – the artifact store will not care.

“Little brother Xu Ming?” True God Sha Shuo couldn’t help but said again, “If you really feel unsatisfied with the price, how about I’ll borrow some more for you?”

“Uh...” Xu Ming suddenly woke up said in a grand manner, “Ten million divine stones, right? Okay, let’s make the deal at this price! Just treat me as a friend of yours!”

Xu Ming obviously made a lot of money, but it sounds like he has suffered a big loss.

True God Sha Shuo was very grateful: “Thank you! Thank you! Little brother Xu Ming, I have given you this friend! If you run into any trouble in the Golden Crow City in the future, as long as I can help you, brother, it will be a definition!”

Sha Shuo’s true spirit hurriedly took out 10 million divine stones, for fear that Xu Ming would go back on it. And Xu Ming also bought the Eternal Cold Pearl from the artifact store and put it directly into the world ring, quietly and silently completing this “tens of millions” sale!

Sisi on the side was also confused, unaware that her brother Ming had already recorded 10 million divine stones.

suddenly...

A gloomy voice sounded: “Sha Shuo, what are you buying?”

True God Sha Shuo’s expression changed slightly.

Chapter 870: Black Devil

True God Sha Shuo’s expression changed slightly: “Black Demon Old Ghost!”

Xu Ming couldn’t help but look over.

This is a ***** whose whole body is condensed by black mist, obviously following some kind of treacherous and special cultivation school. However, his aura was terrifying, much stronger than True God Sha Shuo, and he even reached the eight-star level!

“Eight-star gods?” Xu Ming was a little surprised, but he didn’t take it seriously.

What Xu Ming paid more attention to was his name—Black Devil Old Ghost!

It sounds like it has something to do with the Dark Palace.

“Old Black Devil, what did I buy, does it have anything to do with you?” True God Sha Shuo immediately put away the world ring.

In fact, True God Sha Shuo asked for the Yonghan Pearl to deal with the old black devil.

True God Sha Shuo is the leader of Wansha Mountain; and the old black devil is the leader of the Black Devil Palace.

Wansha Mountain, the Black Devil Palace, the two forces have been fighting for countless years.

In the past, True God Sha Shuo and Black Devil Old Ghost were both at the peak of the Seven Stars, and they were fighting with each other on a par with each other. And just recently, the old black devil broke through to eight stars; as a result, the situation of the true ***** Sha Shuo and Wansha Mountain suddenly became difficult.

Therefore, True God Sha Shuo was eager to buy the Yonghan Pearl; the reason was to use the Yonghan Pearl to use his secret skills to fight against the old black devil.

“Humph!” The old black devil sneered disdainfully, “What shameful things did you buy? Hiding it so fast!”

But this time, the old black devil was not really here for True God Sha Shuo, but for Xu Ming.

“Boy!” Suddenly, the dark red eyes of the old black devil stared at Xu Ming, “I heard that you dare not give us the face of the Black Devil Palace?”

Because it was at the Yibao Conference, the old black devil did not dare to directly crush Xu Ming with his aura; however, his ***** and ferocious eyes were enough to make one's heart palpitate.

However, Xu Ming didn't take the other party's intimidation seriously. In his opinion, the eight-star gods are nothing more than kittens and puppies!

Now, Xu Ming has tens of millions of divine stones. In this Golden Crow City, there are only a few superpowers such as Wan Wan Pavilion, Golden Crow Guard, and the City Lord's Mansion. Other forces are not worthy of Xu Ming's fear.

"Yeah! I just don't give you the Black Devil Palace face, what's wrong?" Xu Ming raised his brows and said provocatively.

"You..." The old black devil was stunned.

He thought that even if Xu Ming was not so frightened that he knelt down and begged for mercy, he would definitely not dare to be arrogant again. But he never thought that Xu Ming was still arrogant, and he didn't take his dignified eight-star ***** in the slightest!

"Uh?" True God Sha Shuo was also dumbfounded – this little brother Xu Ming is really a bit of a jerk! It's just a four-star ***** who dares to speak to an eight-star ***** like this.

"Kid, do you know who I am!?" The old black devil's face was distorted and extremely angry – he was a dignified eight-star god, why was he ever provoked by a four-star god?

"I don't know!" Xu Ming said truthfully.

"You..." The old black devil suddenly felt uncomfortable as if he had eaten a piece of cake – he rushed out to pretend to be X, but the other party didn't even know who he was!

"I am..."

The old black devil was about to report himself, but was interrupted directly by Xu Ming.

“Okay! I know your name is Black Devil! As for your strength, background, etc., I’m not interested in knowing!” Xu Ming said impatiently, “Just tell me, what’s the matter with you!”

The old black devil’s expression changed a few times: “Boy, you are really arrogant and stupid! However, you are also in the Pavilion of Everything, and you can be so arrogant; out of the Pavilion of Everything and the Golden Crow City, give me a try to be arrogant. !”

The old black devil is completely warning Xu Ming in the red fruit. As long as Xu Ming dared to walk out of the Golden Crow City, the old black devil would definitely do it mercilessly.

However, Xu Ming listened even more impatiently: “Tell me the point!”

If it weren’t for the fact that it was strictly forbidden in the Pavilion of Everything, if Xu Ming still wanted to make money at the Yibao Conference and didn’t want to be expelled; then now, Brother Ming might have slapped him out – why are there so many chirps!

Brother Ming has tried his best to be patient!

“Good! Good! Good!” The old black devil was so angry that he almost couldn’t catch up, “Boy, I’ll give you two ways to go: the first way, Slaughter God Field and fight me; Give me three tricks, and I won’t care about you provoking me! The second way, if you dare not enter the Slaughtering Ground, then you will never take a step out of the Golden Crow City; as long as you take one step, I will you die!”

two ways?

Xu Ming sneered disdainfully, and thought for a moment: I haven’t been to the Slaughterhouse yet! Then accompany him to the Slaughterhouse to play! Also take a look, what exactly is that place!

“After the auction is over, you and I will fight in the Slaughterhouse!” Xu Ming said directly.

“Boy, count you as the seed!” The old black devil snorted coldly and walked away.

“Little brother Xu Ming...” True God Sha Shuo was speechless, “Why did you agree to fight the old black devil in the Slaughtering Field?”

“Is there any problem?” Xu Ming said casually.

True God Sha Shuo was even more speechless: “The old black devil is an eight-star god! You are only a four-star god, and you want to pick him up for three tricks...”

True God Sha Shuo didn’t finish his words, but the meaning of the words was self-evident.

“It’s okay, I have my own measure!” Xu Ming said.

Isn’t it just an eight-star god? – After entering the Slaughterhouse, I am afraid it is not a question of whether Xu Ming can take his three moves, but whether he can take Xu Ming’s three moves.

Of course, Xu Ming and True God Sha Shuo have nothing to say about this kind of thing. After all, even if you say it, the other party will not believe it, and think that he is bragging!

“Brother Ming...” Sisi did not speak, but in her heart, she was full of fanatical admiration for Xu Ming. In her opinion Brother Ming is omnipotent!

True God Sha Shuo thought for a while and said, “Brother Xu Ming, don’t be impulsive! If it doesn’t work, you can go to Wansha Mountain with me after the auction is over! – We Wansha Mountain have already fought against the Black Devil Palace. After so many years, I am not afraid of so many contradictions!”

Xu Ming took a deep look at True God Sha Shuo and said with a smile, “Thank you!”

At this time, True God Sha Shuo was willing to stand up to help him, and Xu Ming was still very grateful. Although, Xu Ming didn’t need the help of True God Sha Shuo at all.

...

Saying goodbye to True God Sha Shuo, Xu Ming took Sisi and continued to wander around the shopping area.

Before, Xu Ming had roughly visited the shopping area; he still knew in his heart what kind of “profiteering business” could be done.

Quietly, Xu Ming walked up to an enchanting woman and secretly said, “Do you want to buy a ‘Heart Splitting Flower’?”

Heart-splitting flowers are extremely rare and have a very single purpose, that is – they can split the mind!
